4 CHIEF JUSTICE CHERRY: Good morning, everybody.
5 Please be seated. Our third case this morning is Case No.
6 70696, Neville vs. District Court. Real Party is Terrible
7 Herbst, Inc.
8 Mr. Buck and Mr. Roskelley.
9 MR. BUCK: Correct.
10 CHIEF JUSTICE CHERRY: Mr. Buck.
11 MR. BUCK: Good morning, your Honor. May it
12 please the Court. Joshua Buck on behalf of
13 Plaintiff-Petitioner John Neville. I'd like to reserve three
14 minutes so my client can rebut.
15 CHIEF JUSTICE CHERRY: Certainly.
16 MR. BUCK: For hundreds of years Nevada
17 employees have been able to seek unpaid wages in Nevada
18 courts. Despite this, the District Court in this particular
19 case held that plaintiff's wage claims should be dismissed on
20 the grounds that the private right of action provided by NRS
21 section 608.140 and referred to in Footnote 33 in this
22 Court's case in Baldonado apply only to unpaid wage claims
23 based upon the terms of employment and not on paid wage
24 claims based upon alleged violations of Nevada's labor
25 claims. This is a distinction without a meaning.

1 Labor laws are terms of employment. They are
2 statutorily created by the Nevada Legislature to restrict the
3 control of the employment relationship in this state.
4 Indeed, the simple definition of the term under the
5 dictionary is "a condition or an obligation imposed by
6 authority".
7 The Legislature has enacted certain statutorily
8 imposed conditions that are terms of employment relationships
9 in this state. And indeed, in Baldonado this Court
10 recognized that the labor laws were enacted for the purpose
11 of protecting Nevada employees by regulating employers'
12 control over certain terms of employment.
13 By enacting the laws that are at issue in this
14 particular case, -- 608.016, 608.018, 608.020, 050 -- the
15 Legislature has decided to impose terms and conditions on the
16 employment relating to wages that should be paid for all the
17 hours that are worked; that wages should be paid in excess of
18 a certain number of hours for overtime wages; and that people
19 should be paid within a certain amount of time when the
20 employment relationship ends; and, if they're not, they can
21 collect a penalty.
22 608.040 recognizes this right and indeed
23 recognizes the right to recover wages and penalties. It's
24 important that it refers to penalties at the end of that
25 statute. And the reason is because these penalties it's

1 referring to are statutorily imposed penalties. 608.040 was
2 enacted in 1919. That provides that employees shall recover
3 a penalty in the event they are not paid pursuant to the
4 conditions imposed under 020 and 030. These penalties that
5 were enacted in 1919 are expressly referred to in the 1925
6 action -- statute in 608.140.
7 So I submit that the plain terms of the
8 statutory scheme reflect that employees may seek unpaid wages
9 in court. And those unpaid wages include overtime wages when
10 someone works over eight hours in a workday or over 40 hours
11 in a particular workweek.
12 But even if the statute is -- maintains some
13 ambiguity and we are forced to go through our analysis as to
14 what is the legislative intent by looking at the entire
15 statutory scheme and what sort of results would come from
16 that, I submit that it still provides employees can seek
17 unpaid wages in court in Nevada.
18 And we can look to 608.150, for example, which
19 is the actions to recover wages from a prime contractor.
20 This Court addressed it in U.S. Design. In U.S. Design the
21 Court held that even though 608.150 does not expressly state
22 that an employee can seek unpaid wages in court, -- rather it
23 was the district attorney -- the Court said it doesn't
24 expressly exclude that either. And what it did in that court
25 is it also looked at other provisions, namely in the

1 provision of the limitation of actions in Chapter 11, to
2 reflect that there was indeed an intent to allow an employee
3 to recover unpaid wages from the prime contractor. This case
4 will not be all that distinguishable from U.S. Design in that
5 respect.
6 If you look at other statutory provisions both
7 in Chapter 608, namely 050(2) which provides an employee with
8 a lien to be able to collect their unpaid wages. A lien is
9 in and of itself a right of an employee to go to court to
10 enforce an obligation. Okay. And then also if we look at
11 the other statutory provisions, particularly in NRS section
12 607. In NRS 607.160(6) and (7) it refers to the Labor
13 Commissioner and the Attorney General having an action in
14 court for employees that they deem are unable to afford
15 counsel. This is a striking term in the statute itself.
16 JUSTICE PICKERING: So what do you do with
17 Baldonado? Do you limit that to that particular statute
18 which says it's unlawful to take employees' tips and say that
19 statute alone does not have the right of private enforcement?
20 MR. BUCK: I think that's one way, your Honor.
21 But also, Justice Pickering, it's simply tips. Tips are
22 completely different from wages. I mean, indeed, if you look
23 at the definition of "wage", it does not have any reference
24 to a tip. And that's precisely what the Court, a California
25 court did in Hawaiian Gardens after this Court ruled in

1 Baldonado and referenced a California Federal Court case that
2 said that tips might not be recoverable. The California
3 Supreme Court agreed essentially with the Nevada's decision
4 in Baldonado. In a certain sense it said that tips are not
5 wages; therefore, they are not recoverable under the statute.
6 JUSTICE: Counsel, there seems to be, from my
7 standpoint, kind of an overread on Baldonado.
8 In the case before us today, you put forth 608.140, that was
9 not in play in Baldonado.
10 The other comment or question is: There is some
11 decisions from our federal district court that are bearing
12 the other way. What is your take on those decisions?
13 MR. BUCK: Your Honor, I'm going to, if I may,
14 take your idea with one case called Descutner because that
15 was, frankly, the first case that started to come up with
16 this theory that somehow there's a distinction between
17 contractually owed wages and statutory owed wages. And I
18 think that that distinction is, like I said in my initial
19 remarks, a red herring. I don't think that there is a real
20 distinction there. And I think that, as we submitted in the
21 supplemental briefing, when it was argued before in the Ninth
22 Circuit, the Ninth Circuit called it out as a red herring as
23 well.
24 An employee goes to work for an employer. They
25 have to agree upon an hourly wage. Indeed that's the

1 definition of a "wage". And if it's above the minimum wage,
2 that's the term that they can agree upon. That doesn't mean
3 that the employee isn't deserving and shouldn't have the
4 right to collect overtime on that particular wage in the
5 event that they work over a certain number of hours in a
6 workday or in a workweek.
7 But in addition to that, I think that where
8 Descutner really falls short is the analysis of using it is
9 not with the correct lens. We're talking about medial
10 statutes here that are supposed to be liberally construed to
11 the benefit of the employee. Indeed, the declaration in NRS
12 section 608.005 specifies that the Nevada Legislature has
13 intended to protect the health and welfare of Nevada's
14 employees in relation to the terms and conditions of
15 employment with respect to hours and compensation.
16 And so what Descutner is doing is, if you read
17 that opinion, it will talk about the language in 601.140; and
18 admittedly says it's a toss-up. If it's a toss-up, it must
19 be construed in favor of the employee. And that is why this
20 particular decision, I think for one, are distinguishable.
21 In addition, your Honor, in Baldonado it was not
22 a 608.140 case. And that was recognized in the footnote
23 fairly clearly, in my respective opinion.
24 Going back to in the event there is an ambiguity
25 and whether or not you can collect unpaid wages, I want to

1 focus on the one other step that you look at, which is the
2 practical considerations. The practical considerations as to
3 what would --what would -- and say you couldn't sue for
4 unpaid wages. Then what would happen? Here we have the
5 untenable situation of numerous proceedings for the same
6 factual allegations. You would have the claim for overtime
7 that would have to go before the Labor Commissioner.
8 JUSTICE: In this case that is before us, in
9 reading the material, was there an agreement that there was a
10 mistake as to the failure to pay minimum wage, a dismissal of
11 that count; and the only real counts in play are Counts II,
12 III and IV basically as to hourly work and overtime?
13 MR. BUCK: I think that the Real Party in
14 Interest has conceded that the minimum wage dismissal was an
15 error. And so as of right now, the remaining issues are
16 whether you can get overtime for wages that are worked when
17 you work over eight hours in a particular workday and over 40
18 hours in a workweek. And here, if you look at the operative
19 complaint, that was indeed dismissed.
20 It was a fairly detailed complaint with exhibits
21 attached that reflected the hours worked by Mr. Neville. And
22 in that it reflects that these hours worked, at least
23 according to the time sheets -- and again, we're at the
24 pleadings stage. So we haven't had discovery. We haven't
25 had all of this vetted. But at the pleadings stage it shows

1 that this individual is working upwards to 14 minutes a
2 particular day for which he is not be compensated. And in
3 this particular instance, those 14 minutes are over eight
4 hours a day. And because Mr. Neville is making less than the
5 requisite one and a half times the minimum wage, he is indeed
6 owed daily overtime for those hours.
7 JUSTICE: But the focus of the judge was on the
8 fact that it was a jurisdictional issue, that all of these
9 disputes were to go to the Labor Commissioner despite what
10 your individual arguments were.
11 MR. BUCK: Correct. Correct. I mean, the
12 judge's opinion was and is that these particular claims,
13 indeed overtime claims and claims for all hours worked and
14 the collections of penalties, your Honor, under 020 and 050,
15 have to all go to the Labor Commissioner and that they cannot
16 proceed in court.
17 And again, going to the practical considerations
18 here, what we have is we have undeniably a minimum wage going
19 forward. And that minimum wage claim is going to be for the
20 hours that Mr. Neville worked and he was not paid. And those
21 hours are actually overtime hours. So now I have a situation
22 where we're going to be able to get the minimum wage or at
23 least prosecute the claim in court for minimum wages. But
24 now I file a subsequent action with the Labor Commissioner to
25 be able to collect the half time on those wages. That

1 doesn't make any sense. And I think it doesn't make any
2 sense -- and I'm looking at 608.140. This Court doesn't have
3 to go there, because it's clear in 140 that employees have a
4 right to be able to seek these unpaid wages and penalties in
5 court. And by creating 608. -- or by enacting 608.016 and
6 018 and 020 and 050, the Legislature has indicated that
7 employees have this right.
8 I see that I have three more minutes remaining.
9 I'd like to reserve that for rebuttal, if I may.
10 CHIEF JUSTICE CHERRY: Thank you.
11 For the respondent.
12 MR. ROSKELLEY: Good morning. May it please the
13 Court. My name is Rick Roskelley. I'm here representing
14 Real Party in Interest Terrible Herbst.
15 The issue before this Court is really
16 straightforward. And that is: Is there an implied private
17 right of action to sue for unpaid statutorily required wages
18 and overtime compensation under NRS 608.016 and NRS 608.018?
19 We submit that in view of the legislative
20 history and the competency of the administrative regulatory
21 scheme divided by the Legislature and suggest the answer to
22 this question is "No". Therefore, Real Party in Interest
23 requests that the Court deny the Petitioner's writ for three
24 reasons.
25 Number one, the plain language of the statutes

1 in question do not provide for an express private cause of
2 action. Number two, the Nevada Legislature has clearly
3 expressed and expressly provided that the enforcement of
4 Nevada labor laws rests exclusively with the Labor
5 Commissioner unless otherwise provided. In fact, that was
6 one of the holdings of the Baldonado case also. And number
7 three, NRS 608.050 and NRS 608.140 on which the Petitioner
8 relies for creating a private cause of action do not create a
9 private cause of action. They are simply respectively a
10 mechanic's lien statute and an attorney's fees statute that
11 recognize that common law there existed a right to sue for
12 wages in contract.
13 That is not what we're dealing with here. We're
14 dealing with statutory claims, as I will go into in more
15 detail here in a minute.
16 JUSTICE: But what do you do with the body of
17 law that says a contract embraces and carries with it
18 applicable statutory law as well?
19 MR. ROSKELLEY: Good point. And the way I
20 respond to that is twofold. Number one, what the statutory
21 law does is set a minimum. It says that you cannot contract.
22 In fact, the minimum wage statute in Nevada says you cannot
23 contract or abrogate the standards of this law by contracts.
24 You can't contract around it. So it sets a minimum
25 requirement, number one.

1 Number two, once the Legislature occupies the
2 field, that takes it outside the area of contract. You can't
3 sue for contract of minimum wage. That's a statute. You
4 have to sue for the statute, otherwise you have two competing
5 remedies with different statutes and limitations and
6 different implications. So once the Legislature legislates,
7 then that becomes a statutory claim, which prohibits the
8 parties from contracting [indecipherable].
9 JUSTICE: So are you conceding or not conceding
10 the first cause of action was in error?
11 MR. ROSKELLEY: We concede that because the
12 minimum wage amendment clearly provides for private right of
13 action.
14 As I indicated, 608.050 and 140 clearly indicate
15 that they are respectively a mechanic's lien and attorney
16 fees in contract. Or I guess it was basically the whole
17 thing was cut and analyzed situation.
18 Now, this is important because Petitioner's
19 complaint seeks to enforce the labor statute. In fact, if
20 you look at their complaint, really they're enforcing 608.016
21 because all of their claims in their case depend upon an
22 interpretation of 608.016, which is simply a statute that
23 prohibits a break-in period or training without compensation.
24 They bootstrap that into a claim for off-the-clock work. And
25 they have no cause of action unless they can prove that

1 somehow the rounding policy implemented by my client --
2 although it be facially neutral, contravenes the mandates of
3 608.016. Without that, they have no claim. Their minimum
4 wage claim is derived from that. Their overtime claim is
5 derived from that. Their off-the-clock claim is derived from
6 that. So in reality this is nothing more than an attempt to
7 enforce 608.016.
8 JUSTICE: Well, let me ask you this: If you're
9 going to -- looking at 608.140, it seems like we're just
10 glossing over that. How do you reconcile that with what
11 you're saying now?
12 MR. ROSKELLEY: Well, 608 --
13 JUSTICE: 608.140, "Whenever a mechanic, artisan
14 miner, laborer, servant or employee shall have a cause to
15 bring suit for wages earned and due". How does being paid
16 overtime not fit into that?
17 MR. ROSKELLEY: The way it doesn't fit into that
18 is that we have to look -- again, we're implying the private
19 right of action. We know that the minimum -- the overtime
20 statute does not have the express private right of action.
21 So under Baldonado we have to take a look at: What is the
22 Legislature's intent? That is the decisive factor in
23 Baldonado.
24 Here in 1925 there was no overtime. There was
25 no minimum wage. There was no off-the-clock work. In fact,

1 in Nevada there was no minimum wage until 40 years later in
2 1965.
3 JUSTICE: But this is entirely broad for wages
4 earned and due. It is what it is.
5 MR. ROSKELLEY: No. You're correct. It is
6 broad in that regard. But in 1925, the only cause of action
7 for wages was a cause sounding in contract.
8 That's the decision and decisive point in
9 Descutner. What they're saying is: If we're going to be
10 true to legislative intent, the legislative intent at this
11 time was we're going to enforce statutory claims via the
12 Labor Commissioner.
13 In 1915 the Labor Commissioner's office was
14 established. In 1915 the Labor Commission was tasked with
15 enforcing all Nevada labor statutes unless otherwise
16 provided. In 1919 timely statutes were passed. And in 1925
17 these wage recovery acts were passed. But the only cause of
18 action was a common law cause of action contract because the
19 amount that you're paid and the basis for that pay -- be it
20 hourly, daily or whatever -- was all decided by private
21 agreement. It wasn't until 1938, 13 years later, that the
22 Federal government adopted the Fair Labor Standards Act which
23 imposed for the first time a minimum wage. That's only the
24 time when off-the-clock work became an issue because --
25 JUSTICE: So what is -- again, tell me why 140

1 -- 608.140 would apply to now.

2 MR. ROSKELLEY: It would apply to a claim that's

3 not dealing with minimum wage overtime. In other words, if I

4 contracted with someone to pay them $50 an hour and I didn't

5 pay them, I can be sued for contract. I certainly couldn't

6 be sued for minimum wage. And so 140 would apply to that

7 situation. But it doesn't apply --

8 JUSTICE: What about the penalties?

9 MR. ROSKELLEY: They wouldn't be applicable

10 either because that statute is only applicable to minimum

11 wage statutory -- or excuse me, to contracts.

12 JUSTICE: Why would 140 even apply if you've got

13 a contract? It's a contract.

14 MR. ROSKELLEY: Because the Legislature has

15 deemed in their wisdom that we're going to penalize someone

16 who doesn't pay as they agreed to pay. And that's what 140

17 says. If you're not going to pay according to the agreement

18 you make with the employee, then we're going to penalize you.

19 That's entirely separate from the minimum wage

20 law passed in 1965 which is very instructive. Because when

21 the Legislature passed that minimum wage law in 1965 they

22 could have easily said: "Hey, there's already a private

23 right of action under 140. So we don't need to state there's

24 a private right of action. We don't even need to put the

25 right to recovery of attorney's fees."

1 But they didn't do that. They specifically
2 provided for a cause of action in civil court in the state of
3 Nevada. And they set a statute of limitations of two years
4 in the statute.
5 The same thing happened in 2006 when the voters
6 of the state passed by referendum the minimum wage amendment.
7 Again, they could have sat back -- if Petitioner's
8 interpretation is correct -- and said, "Hey, there's already
9 a statute of limitations; there's already a cause of action;
10 there's already penalties. We don't need to do that." They
11 didn't do that.
12 Instead what they did was they specifically made
13 the minimum wage amendment enforceable and viewed it with a
14 private right of action. And they incorporated a statute of
15 limitations, and they provided for an attorney's fee statute
16 that is different than the attorney fee statute in 140.
17 JUSTICE: Mr. Roskelley, could you answer two
18 questions for me along the point of your argument? First,
19 when was 607.160(7) added to the statutory scheme or placed
20 as part of the statutory scheme for the Labor Commissioner?
21 And secondly, does the language in that section
22 which contemplates some investigation by the Labor
23 Commissioner to bring claims for "wages, commissions or other
24 demands" for those who are financially unable to do so square
25 with your argument that only wages can be asserted under 140?

1 MR. ROSKELLEY: You know, I don't have it on the
2 top of my head when subsection seven was added. So I can't
3 respond to that unfortunately.
4 But the way that it plays into this is that it
5 makes perfect sense at the time if the only claim that is
6 enforceable is a contract claim. And the Labor Commissioner
7 is in charge of enforcing the statutory claims. The
8 Legislature gave the Labor Commissioner the right or the
9 ability to represent individuals who could not pay for their
10 own attorney to enforce the contract.
11 Contrast that with --
12 JUSTICE: So what you're suggesting with that
13 argument, aren't you, is that the Legislature purposefully
14 intended to only allow the Labor Commissioner to prosecute
15 claims for overtime, commissions and other demands -- not
16 wages -- for those who are financially unable to do so? So
17 the rich could prosecute their own, but there were no
18 statutory provisions for the Labor Commissioner to do so.
19 That seems a bit of a stretch, don't you think?
20 MR. ROSKELLEY: No, I don't. It's only in the
21 case of contract. The Labor Commissioner subsequently --
22 JUSTICE: Wait a minute. 607.160(7) is not
23 limited to contract claims. The language is pretty broad.
24 It says that the Labor Commissioner believes that a person
25 who is financially unable to employ counsel has a valid and

1 enforceable claim for "wages, commissions or other demands".
2 That seems to incorporate any claim that an employee can make
3 against the employer for compensation of any form.
4 MR. ROSKELLEY: We have to read it in the
5 context of when it was passed.
6 JUSTICE: Well, that's why I asked that
7 question.
8 MR. ROSKELLEY: The statute itself -- and I
9 can't answer specifically subsection seven. But I believe
10 the subsection was in their time. It passed in 1915 or 1919.
11 It was passed at the very inception prior to there being
12 anything other than a claim of contract. The first
13 non-contract claim was 1965 when the Legislature changed and
14 added the minimum wage amendment.
15 So in that context it makes perfect sense
16 because we're dealing with enforcement of private contracts.
17 We'll allow the Labor Commissioner to decide if he's going to
18 step in and help someone enforce a private contract. But we
19 won't let him decide if we're enforcing statutory claims such
20 as statutory minimum wage or the statute of minimum wage in
21 that particular case because, even though he has the ability
22 to defend those cases, the individuals have the right to
23 bring those cases individually.
24 But NRS 608.170 specifically mandates the Labor
25 Commissioner and says that the Labor Commissioner "shall

1 enforce the labor laws in the state of Nevada". And 608.180
2 says the Labor Commissioner has to enforce the labor statutes
3 from 050 to 195. And in 1975 the Legislature passed 608.195,
4 which specifically provided that it was a misdemeanor to
5 violate the statutory requirements; and the Labor
6 Commissioner could levy administrative fines at the same
7 time.
8 JUSTICE: So under 607, if I understand your
9 view of today's labor schemes, under 607 the Labor
10 Commissioner can prosecute a claim for the kinds of claims
11 that are being made by the Plaintiff in this case for
12 somebody who is financially unable to do so; but they can't
13 do that for somebody who isn't financially able to do so
14 because the statute limits the Labor Commissioner for those
15 people to prosecute a claim for unpaid wages only.
16 MR. ROSKELLEY: What I'm saying is --
17 JUSTICE: Is that your argument?
18 MR. ROSKELLEY: Not entirely. Close.
19 JUSTICE: How does your argument differ from
20 what I just articulated?
21 MR. ROSKELLEY: The Petitioner is not asserting
22 a contract claim. They're asserting a claim based entirely
23 upon a statute no matter --
24 JUSTICE: That's what I understood.
25 MR. ROSKELLEY: Right.

1 JUSTICE: That's what I understood. They're
2 asserting a claim under the statute --
3 MR. ROSKELLEY: Right.
4 JUSTICE: -- for unpaid wages but, in addition,
5 overtime and off-the-clock claims.
6 MR. ROSKELLEY: Correct.
7 JUSTICE: Those are all statutory claims.
8 That's what I understood were asserted.
9 MR. ROSKELLEY: Correct. And the Labor
10 Commissioner is charged specifically with enforcing all the
11 labor laws. Those are labor laws. They're enforceable by
12 the Labor Commissioner. If it was strictly a --
13 JUSTICE: Only for people who financially can't
14 do so.
15 MR. ROSKELLEY: See, that's not the way I read
16 that statute.
17 JUSTICE: Well, then what's the purpose of those
18 provisions?
19 MR. ROSKELLEY: Well, the purpose of --
20 JUSTICE: What is the purpose of the
21 distinctions being made in 607 that says only financially
22 unable people? After investigation the Labor Commissioner is
23 going to pursue these claims. What about the other guys and
24 ladies?
25 MR. ROSKELLEY: Because 607 --

1 JUSTICE: They have no claim at all?
2 MR. ROSKELLEY: 607.160 and 170 were passed in
3 1915 when only there was a right to --
4 JUSTICE: Well, right. But in the subsequent
5 provisions adopted by the Legislature these were on the
6 books, and the Legislature knew that.
7 MR. ROSKELLEY: Yes. They did. The message of
8 Baldonado is when applying a private right of action, we've
9 got to look back to what was the Legislature's intent.
10 My point is really this: In 1925 when 050 and
11 140 were passed, the Legislature could not have intended to
12 be enforcing future labor statutes or creating a private
13 right of action for future labor statutes that wouldn't exist
14 for 40 to 60 years later.
15 JUSTICE: So it's just a surplusage these
16 statutes are on the books and have no effect?
17 MR. ROSKELLEY: It has effect outside of that.
18 It has an effect if you're dealing with a straightforward
19 contract thing. Right? Well, 140 -- now, the fact that the
20 Legislature has occupied a lot of the field. Certainly there
21 are cases where someone is suing for something besides
22 minimum wage and overtime. But for minimum wage, overtime
23 and off-the-clock work, those are statutory claims that by
24 the terms of the scheme of Chapter 608 have to be enforced by
25 the Labor Commissioner.

1 JUSTICE: I guess I still don't understand your
2 argument about the 140. If you've got a contract claim, why
3 do you need 140?
4 MR. ROSKELLEY: If you have a contract claim,
5 you get penalties also. And you have 050, which is also a
6 contract thing, because 050 -- there should be recognized --
7 let me put it this way: They're recognizing a pre-existing
8 right at common law to recover under a contract. They don't
9 create a cause of action by themselves. But what they do is
10 they provide tools in aid of that recovery. 140 and 040
11 provide a penalty that's attached.
12 JUSTICE: Which is recovered.
13 MR. ROSKELLEY: Right.
14 JUSTICE: I have one question if I might.
15 CHIEF JUSTICE CHERRY: Go ahead.
16 JUSTICE: You said at one point in your argument
17 that you think the off-the-clock work is neutral. But they
18 attach to their complaint -- and this was decided at the
19 pleading stage. Exhibit 1 to their Complaint is this memo to
20 employees about the 7-minute rule, which suggests that they
21 were trying to always have it be rounded down rather than up.
22 If it's at seven minutes rather than eight minutes, the seven
23 minutes gets rounded down; the eight minutes would get
24 rounded up.
25 So don't they have enough to make their claim,

1 at least at the pleading stage, that this policy was designed
2 to -- that it's in fact not neutral? Do you understand the
3 question?
4 MR. ROSKELLEY: Yes, I understand the question.
5 At the pleading stage I would agree they have
6 enough to make their case if there's a private right of
7 action under 0 --
8 JUSTICE: Right. I just wanted to clarify that.
9 MR. ROSKELLEY: Yes.
10 JUSTICE: Thank you.
11 MR. ROSKELLEY: Okay. Anything else?
12 Thank you.
13 CHIEF JUSTICE CHERRY: Mr. Buck, rebuttal? Two
14 minutes and 54 seconds.
15 MR. BUCK: I may respond to Justice Hardesty's
16 question. The sections were indeed enacted in 1915. And the
17 amendment with regard to representing folks who cannot afford
18 counsel was amended in 1920. Before 1925 when the
19 Legislature passed 608.140, which granted -- which recognized
20 the right to sue for unpaid wages. And I think that your
21 issue in 607 is spot-on in this particular case because you
22 have instances where attorneys in this state are willing to
23 take claims and represent men in a contingency fee agreement
24 or an hourly fee agreement, whatever. They are able to take
25 those claims and prosecute them in the courts.

1 And the corollary is that if it is ruled that
2 you have to go to the Labor Commissioner, then the Labor
3 Commissioner's budget, staffing and every other, you know,
4 would increase. And the Labor Commissioner has repeatedly
5 stated on the record -- and we have supplied actually in our
6 lower court brief -- a declaration of a former Labor
7 Commissioner. He said it was the practice of the Labor
8 Commissioner to not accept claims from individuals who could
9 demonstrate that they could afford an attorney. And the
10 reason was because they didn't have enough people to work the
11 claim.
12 So individuals, for example, who may live in
13 Elko or in the rurals who, you know, can afford an attorney
14 would be required instead to go to another commissioner
15 office in Carson City. That doesn't make sense. It doesn't
16 make sense in terms of the statutory provisions that are at
17 issue here.
18 And with that, I --
19 JUSTICE: Does the Labor Commissioner -- I know
20 that maybe this is a side note. I apologize for the
21 digression.
22 But is the Labor Commissioner issued regulations
23 that define financial responsibility as provided in 607?
24 MR. BUCK: From my understanding, the Labor
25 Commissioner is only issued regulations. It specifically

1 states in 607 -- NAC 607.095, I believe, that they will look
2 into the financial condition of the claimant to determine
3 whether to take jurisdiction over the claim.
4 CHIEF JUSTICE CHERRY: Mr. Buck, thank you.
5 Mr. Roskelley and Mr. Buck, thank you for your
6 arguments and briefs in this matter. This matter will stand
7 submitted. We'll be in recess until 1:30.

27. To claim for bad checks and/or overdraft fees, enter the total net amount of the check(s) and/or fees. You may add charges the bank charged you because your paycheck was returned. If you deposited a check into your bank account and are now in an overdraft status because your employer's check did not clear, and the bank kept the original check, you may file a claim for unpaid wages. Attach copies of all documents supporting your claim.
28. Add items 25, 26 and 27 and enter the amount. This is the total amount you are claiming. There must be an entry here in order to process your claim.

Read the certification and assignment. Be sure to sign the form in blue ink and date the form before submitting. Incomplete and/or confusing forms will be returned to you without processing.

UNITED STATES DISTRICT COURT

DISTRICT OF NEVADA

JOSH LUKEVICH, CATHY SCOTT and JULIE ST. SYR, individually and on behalf of all other similarly situated, *Plaintiffs* vs. **STATION CASINOS, INC.** a Nevada Corporation, dba Red Rock Casino Resort and Spa; dba Palace Station Hotel & Casino; dba Boulder Station Hotel & Casino; dba Santa Fe Station Hotel & Casino; dba Wildfire Casino; dba Wild Wild West Gambling Hall & Hotel; dba Texas Station Gambling Hall & Hotel; dba Fiesta Rancho Casino Hotel; dba Sunset Station Hotel & Casino; dba Fiesta Henderson Casino Hotel; dba Magic Star Casino, and dba Gold Rush Casino, *Defendant*	Case No. 2:08-CV-00141-LRH-LRL Judge: Hon. Larry R. Hicks **CLASS ACTION** **DECLARATION OF MICHAEL TANCHEK**

I, Michael Tanchek, declare under penalty of perjury as follows:

1. I make this declaration in connection with Defendants' Motion for Judgment on the Pleadings in the Lukevich v. Station Casino's matter, case No. 2:08-CV-00141 LRH(LRL). Unless otherwise noted, I have personal knowledge of the facts set forth below in this declaration, and could and would testify competently thereto in court if called upon to do so.

2. For the last four years I have held the position of Labor Commissioner for the State of Nevada. For the three years prior to that, I served as Deputy Labor Commissioner. Among other things, my office reviews wage claims that individuals employed in Nevada assert against their current or former employers for unpaid wages. In this connection, my office determines whether claimants have the financial ability to employ an attorney to represent them in pursuing their wage claims. A "Wage Claim Form" that wage claimants fill out in connection with filing a claim with my office can be found on my website, www.laborcommissioner.com, under the heading for forms. This form has specific questions relating to the individual's ability to retain his or her own attorney.

3. The average claim for wages filed with the Nevada Labor Commissioner is less than $700. In my opinion, that amount is so minimal, retaining counsel to collect such a small debt is cost prohibitive. Consistent with Nevada Revised Statutes 607.160(7), 607.170(1) and Nevada Administrative Code 608.075(2) (effective 12/4/03), my office does not usually prosecute wage claims on behalf of individuals in this state who have the financial ability to employ an attorney. In most cases, those claimants have already retained counsel to represent them in the matter. Otherwise, we advise such individuals to employ an attorney to represent them and to pursue their claim in court. Because of limited staffing and budget constraints, my office investigates and prosecutes wage claims on behalf of those wage claimants, generally of low and moderate incomes, who can't afford their own attorneys. It is my opinion that

individuals who can afford to employ their own attorneys can directly file and maintain a claim for wages against their employer in the Nevada courts.

4. In a claim for wages, the ultimate decision made by the Nevada Labor Commissioner is to take assignment of a worker's claim, thereby converting the debt from one owed to an individual to a debt owed to the State. My office does not accept class action wage claims against employers because there is no one from whom to take assignment of the debt. Similarly, I do not hear cases in an administrative capacity that are brought as class actions which assert wage claims on behalf of unknown claimants in unknown amounts. If information comes to light that leads me to believe that the problem is more widespread and affects more than the wage claimant, I have the authority under NRS 607.160(2) to take whatever action I believe is appropriate under the circumstances. This generally manifests itself as a company-wide audit.

5. The above-described policies are currently in place and have been the policies of this agency for at least the seven plus years that I have been with the agency.

I declare under penalty of perjury under the laws of the State of Nevada and the United States, that the foregoing is true and correct.

Executed this 20th day of November 2008.

COME NOW Plaintiffs EDDY MARTEL (also known as MARTEL-RODRIGUEZ), MARY ANNE CAPILLA, JANICE JACKSON-WILLIAMS, and WHITNEY VAUGHAN ("Plaintiffs"), on behalf of themselves and all others similarly situated, and hereby alleges as follows:

All allegations in this Complaint are based upon information and belief except for those allegations that pertain to the Plaintiffs named herein and their counsel. Each allegation in this Complaint either has evidentiary support or is likely to have evidentiary support after a reasonable opportunity for further investigation and discovery.

JURISDICTION AND VENUE

1. The Nevada state district court has jurisdiction over the claims alleged herein because the amount in controversy exceeds $10,000 and the parties seeking to recover unpaid wages have a private right of action pursuant to the Nevada Constitution, Nevada Revised Statute ("NRS") sections 608.050 and 608.140, among others. *Baldonado v. Wynn Las Vegas, LLC*, 124 Nev. 951 (Nev. 2008); *Lucatelli v. Texas de Brazil (Las Vegas) Corp.*, 2012 U.S. Dist. LEXIS 66765, *7 (D. Nev. May 11, 2012) (recognizing that the Nevada Supreme Court stated "it is "illogical" that a plaintiff who can privately enforce a claim for attorneys' fees under NRS § 608.140 cannot privately enforce the underlying claim the fees arose from") (citing *Csomos v. Venetian Casino Resort, LLC*, No. 55203, 2011 Nev. Unpub. LEXIS 1629, 2011 WL 4378744, at *2 (Nev. Sept. 19, 2011)); accord, *Busk v. Integrity Staffing Solutions, Inc.*, 2013 U.S. App. LEXIS 7397 (9th Cir. Nev. Apr. 12, 2013)("Nevada Revised Statute § 608.140 does provide a private right of action to recoup unpaid wages.") cert. granted 2014 WL 801096 (Mar. 3, 2014), rev'd on other grounds, No. 13-433, 2014 WL 6885951 (U.S. Dec. 9, 2014); *see also Doolittle v. Eight Judicial Dist. Court*, 54 Nev. 319, 15 P.2d 684; 1932 Nev. LEXIS 34 (1932) (recognizing that former employees have a private cause of action to sue their employer (as well as third party property owners where the work was performed) for wages and waiting penalties under NRS 608.040 and NRS 608.050).

2. This Court also has supplemental jurisdiction to all claims for wages resulting from the same transaction or occurrence of not paying for all hours worked, or working employees "off the clock" in violation of Article 15 section 16 of the Nevada State Constitution, for which there is an express private right of action contained therein, and requiring Plaintiffs to split its causes of action could lead to inconsistent adjudication and would be judicially inefficient.

7. Plaintiff JANICE JACKSON-WILLIAMS is natural person who is and was a resident of the State of Nevada at all times relevant herein and was employed as a room attendant by Defendants from on or about April 2014 through on or about December 2015.

8. Plaintiff WHITNEY VAUGHAN is natural person who is and was a resident of the State of Nevada at all times relevant herein and was employed as a dancing dealer (part cards dealer, part go-go dancer) by Defendants from on or about August 2012 through on or about June 2013.

9. Defendant HG STAFFING, LLC, is a Nevada Limited Liability Company whose managing member is MEI-GSR HOLDINGS, LLC, located at 2500 East Second Street, Reno, NV 89585.

10. Defendant MEI-GSR HOLDINGS, LLC is a Nevada Limited Liability Company located at 2500 East Second Street, Reno, NV 89585. Defendants MEI-GSR HOLDINGS, LLC is doing business under the fictitious business name of Grand Sierra Resorts, or "GSR", which is located at 200 East Second Street, Reno, NV 89585.

11. Defendants, and each of them, are an employer under the provisions of Nevada Revised Statutes Chapter 608. For labor relations purposes, Defendants are each and together constitute the employer and/or joint employer of Plaintiffs and all Plaintiff class members (hereinafter referred to as "Class Members").

12. The identity of DOES 1-50 is unknown at this time and this Complaint will be amended at such time when the identities are known to Plaintiffs. Plaintiffs are informed and believe that each of Defendants sued herein as DOE is responsible in some manner for the acts, omissions, or representations alleged herein and any reference to "Defendant," "Defendants," or "GSR" herein shall mean "Defendants and each of them."

FACTUAL ALLEGATIONS

13. Plaintiffs were employed by Defendants as non-exempt hourly employees.

14. Plaintiffs Capilla and Jackson-Williams were scheduled for, and regularly worked, five (5) shifts per week, at least eight (8) hours per shift, and forty (40) hours per workweek and worked jammed shifts especially during special events and busy periods such as, but not limited to, concerts, Burning Man, Hot August Nights, and Street Vibrations.

15. Plaintiffs Martel and Vaughan worked shifts over eight hours per shift one or more times a week on a regular basis and worked jammed shifts especially during special events and busy periods such as, but not limited to, concerts Burning Man, Hot August Nights, and Street Vibrations.

16. At all times relevant herein, Defendants maintained the following policies, practices, and procedures of requiring various employees to perform work activities without compensation. This was achieved by either rounding hours so that employees who were technically "on the clock" did not receive pay for all their recorded hours worked or by having employees perform work without being logged in to the timekeeping system. Indeed, Defendants maintain an unlawful rounding policy whereby it rounds the time recorded and worked by all hourly employees to the nearest 15 minutes for purposes of calculating payment of wages owed. Such rounding favors the employer and deprives the employees of pay for time they actually perform work activities.

A. DEFENDANTS' CASH BANK POLICY

17. Defendants required employees who handle monetary transactions in the regular course of their employment to use or "carry" a cash bank. For example, the following job positions are some of the job positions that required employees to carry a cash bank: cashiers, bartenders, change persons, slot attendants, retail attendants, arcade attendants, and front desk agents.

18. Defendants required all employees who carry a cash bank to retrieve and deposit their respective cash bank both before and after the employees' regularly scheduled shifts without compensation. As an example of this policy, Named Plaintiff Martel was required to collect his bank of money at the dispatch cage prior to proceeding to his workstation and without compensation. Similarly, at the end of his regularly scheduled shifts, Plaintiff Martel was required to reconcile and deposit his cash banks to the same dispatch cage without compensation. Upon information and belief, all employees who were required to carry a cash bank had to retrieve their cash bank from the same dispatch cage pre- and post-shift and without compensation.

19. Named Plaintiff Martel estimate it took him approximately 15 minutes each and every work day to perform banking activities for which he was not paid the minimum, regular rate, or overtime wages. Upon information and belief, all other GSR employees who carry a cash bank are similarly not compensated for the time in which they spend performing their banking activities.

B. DEFENDANTS' DANCE CLASS POLICY

20. Defendants required all employees who worked as a servetainer and dancing dealer to learn dance routines and attend rehearsals without compensation. If the employee did not attend dance classes they would be taken off the schedule and written up for misconduct.

21. When named Plaintiff Vaughan was a dancing dealer she was required to attend dance classes of an hour or more, two to four times a week for which she was not paid her minimum, regular rate, or overtime wages and after she had already worked a full shift. Additionally, dance classes were usually held on Saturday mornings and it was not unusual to be

scheduled to work a full shift the Friday night into Saturday, then be required to attend dance class that same morning. Upon information and belief, all other GSR employees who were similarly employed as servetainers and dancing dealers were not compensated for the time in which they attended mandatory dance classes.

C. DEFENDANTS' ROOM ATTENDANT PRE-SHIFT POLICY

22. Defendants required all employees who worked as a room attendant/housekeeper to engage in pre-shift work activities off the clock and without compensation. Room attendants were required to arrive 20 minutes or more prior to their regularly scheduled start time to present themselves to their shift supervisors for room/floor assignments, a uniform inspection, and to retrieve tools necessary to complete their work tasks, including but not limited their caddies filled with room amenities, and their cleaning carts. These tasks were completed off the clock and without compensation.

23. Named Plaintiff Jackson-Williams was required to complete these work tasks each and every shift worked and was not paid her minimum, regular rate, or overtime wages. Based on her knowledge and belief all employees who were similarly employed as room attendants/housekeepers followed the same policy and procedure as mandated by Defendants.

D. DEFENDANTS' PRE-SHIFT MEETING POLICY

24. Defendants required all employees who worked as cocktail waitresses, bartenders, dealers, security guards, technicians, construction workers, and retail attendants to attend a pre-shift meeting without compensation. The pre-shift meetings were held in order to instruct employees on job duties, special events in the area and at the GSR, occupancy, and other job related information. Pre-shift meetings could take 10 minutes or more and were either held off the clock or during the period of time that was improperly rounded off of employees' time cards.

25. Named Plaintiffs Capilla and Martel were required to attend these pre-shift meetings without compensation and for which they were not paid their minimum, regular rate, or overtime wages. Based on their knowledge and belief all employees who were similarly employed as dealers, cocktail waitresses, baristas, security guards, bartenders, and retail attendants followed the same policy and procedure as mandated by Defendants.

E DEFENDANTS' UNIFORM POLICY

26. Defendants required all employees who worked as dancing dealers, cocktail waitresses, and baristas to change into and out of their uniforms on the GSR premises without compensation.

27. Named Plaintiff Vaughan was required to change into and out of her uniform on the GSR premises without compensation and for which she was not paid her minimum, regular rate, or overtime wages. Changing into and out of uniforms could take 15 minutes or more and employees either changed off the clock and/or were changing during the period of time that was improperly rounded off of employees' time cards.

28. Based on Plaintiff Vaughan's knowledge and belief all employees who were similarly employed as dancer dealers, cocktail waitresses, and baristas followed the same policy and procedure mandated by Defendants.

F. DEFENDANTS' SHIFT JAMMING POLICY

29. In addition to requiring employees to perform work activities without compensation, Defendants engaged in the unlawful practice known as "shift-jamming."

30. Pursuant to NRS 608.018(1), employees who are paid less than one and one half times the minimum wage must be paid daily overtime if they work more than 8 hours a day (or 10 hours in a day if they are on a recognized and agreed upon 4-10 workweek—four days a week at ten hours a day).

31. NRS 608.0126 defines a "Workday" as a period of 24 consecutive hours, which begins when the employee begins work.

32. Upon information and belief, Defendants did not offer health insurance to qualify for the lower minimum wage for insured employees.

33. Thus, hourly employees paid less than $12.375 who the Defendants required, suffered or permitted to return to work before the expiration of 16 hours between when they last worked for the employer and started their next shift, must be paid at overtime rates until the end of that workday.

Reno, NV 89511
(775) 284-1500 Fax (775) 703-5027
Email info@thiermanbuck.com www.thiermanbuck.com

34. Defendants routinely required employees who were entitled to daily overtime to return to work sooner than 16 hours from when they last worked, whether it to be for their normal job duties or a special event, during high occupancy periods such as for concerts, Burning Man, Hot August Nights, and Street Vibrations, or mandatory meetings, without paying the proper overtime rate.

35. Plaintiffs were scheduled to and did work shifts with less than 16 hours between the end of one shift and the beginning of the next without being paid overtime premium for hours worked over eight in a workday.

36. Defendants have admitted that they did not pay employees for jammed shifts for the period of time between November 4, 2011 and July 11, 2014 for "certain team members." *See* Exhibit 1 attached, hereinafter "Audit Letter."

37. The claim for unpaid overtime wages pursuant to Defendants' shift jamming policy is only brought on behalf of employees who are not covered by a valid and effective collective bargaining agreement.

CLASS ACTION ALLEGATIONS

38. Plaintiffs reallege and incorporate by this reference all the paragraphs above in this Complaint as though fully set forth herein.

39. Plaintiffs seek to represent the following classes of employees in Defendants' employ during the relevant time period[1]:

---

[1] On June 21, 2013 Plaintiffs Tiffany Sargent and Bailey Cryderman filed a proposed class action for failure to pay wages due and owing in the Second Judicial District Court of the State of Nevada in and for the County of Washoe. (*See* CV13 01351.) Defendants removed that action to the United States District Court District of Nevada on August 22, 2013. Plaintiffs' claims asserted in the instant Complaint were dismissed prior to being certified as a class action on January 12, 2016. Thus, pursuant to *American Pipe & Construction Co., v. Utah*, the Plaintiffs' claims here, and those of the proposed class, have been tolled as of the date of the filing of that complaint. *See e.g., American Pipe & Constr. Companys. Utah*, 414 U.S. 538,554,94 3X1756, 38 L.Ed. 2nd (1974) (Fed.Rules Civ.Proc. rules 23, 23(a), (a)(1–4), (b)(3), (c)(1), (d)(3), 24, 24(a), (a)(2), (b), (b)(2), 28 U.S.C.A.; Clayton Act, §§ 4B, 5(b), 15 U.S.C.A. §§ 15b, 16(b)) (Commencement of class action suspends applicable statute of limitations as to all asserted members of class who would have been parties had the suit been permitted to continue as class action.); *Crown, Cork & Seal Co. v. Parker*, 462 U.S. 345,354,103 S. Ct. 2392, 76 L. Ed. 2nd 628 (1983) (tolling rule of *American Pipe* applies not just to interveners, but also to class

A. **Cash Bank Class:** All Nevada residents who were employed by Defendants at the time of filing the original complaint in this action and who were required to carry a cash bank and performed banking activities without compensation, including (but not limited to), cashiers, bartenders, slot attendants, retail attendants, change attendants, and front desk agents, at any time from March 31, 2011 to the present[2];

B. **Dance Class:** All Nevada residents who were employed by Defendants at the time of filing the original complaint in this action and who were required to attend dance classes without compensation at any time from March 31, 2011 to the present;

C. **Room Attendant Class:** All Nevada residents who were employed by Defendants at the time of filing the original complaint in this action and who were employed as room attendants and were required to perform pre-shift work activities without compensation at any time from March 31, 2011 to the present;

D. **Pre-shift Meeting Class:** All Nevada residents who were employed by Defendants at the time of filing the original complaint in this action and who were required to attend pre-shift meetings without compensation, including (but not limited to), cocktail waitresses, bartenders, dealers, security guards, technicians, construction workers, and retail attendants, at any time from March 31, 2011 to the present.

E. **Uniform Class:** All Nevada residents who were employed by Defendants at the time of filing the original complaint in this action and who were employed as cocktail waitresses and/or baristas and were required to change into and out of their uniforms on property without compensation at any time from March 31, 2011 to the present.

Additionally, the *American Pipe* tolling rule applies to putative class members filing individual actions as well as to interveners.) (internal citations omitted).

F. **Shift Jamming Class:** All Nevada residents who were employed by Defendants at the time of filing the original complaint in this action and who were employed by Defendants as non-exempt hourly paid employees and were not covered by a valid and effective collective bargaining agreement and who worked subjected to Defendants' shift jamming policy.

40. Class treatment is appropriate in this case for the following reasons:

A. The Class is Sufficiently Numerous[3]: Upon information and belief, Defendants employ, and have employed, approximately 717 Cash Bank Class Members, approximately 55 Dance Class Members, approximately 328 Room Attendant Class Members, approximately 1,377 Pre-Shift Meeting Class Members, approximately 321 Uniform Class Members, and approximately 481 Shift Jamming Class Members.

B. Plaintiffs' Claims are Typical to Those of Fellow Class Members: Each Class Member is and was subject to the same practices, plans, or policies as Plaintiffs—Defendants required Plaintiffs to work "off the clock" and without compensation; Defendants' engaged in improper shift jamming; and Defendants failed to pay wages due and owing at the time of separation of employment.

C. Common Questions of Law and Fact Exist: Common questions of law and fact exist and predominate as to Plaintiffs and the Class, including, without limitation: Whether the time spent by Plaintiffs and Class Members engaging in the alleged "off-the-clock" work is compensable under Nevada law; whether Defendants' engaged in improper shift jamming; and whether Defendants failed to pay wages due and owing at the time of separation of employment.

D. Plaintiffs are Adequate Representatives of the Class: Plaintiffs will fairly and adequately represent the interests of the Class because Plaintiffs are members of the Classes, they have issues of law and fact in common with all members of the Class, and they do not have interests that are antagonistic to Class Members.

[3] Plaintiffs base the approximate class members on number of employees who hold and/or held the positions encompassed by the subclasses, which were provided as part of the Master Class List in the *Sargent* case attached as Exhibit 2.

E. Predominance/Superiority: Class issues predominate and a class action is superior to other available means for the fair and efficient adjudication of this controversy, since individual joinder of all members of the Class is impractical. Class action treatment will permit a large number of similarly situated persons to prosecute their common claims in a single forum simultaneously, efficiently, and without unnecessary duplication of effort and expense. Furthermore, the expenses and burden of individualized litigation would make it difficult or impossible for individual members of the Class to redress the wrongs done to them, while an important public interest will be served by addressing the matter as a class action. Individualized litigation would also present the potential for inconsistent or contradictory judgments.

in the contract of employment for each day the employer is in default, until the employee is paid in full, without rendering any service therefor; but the employee shall cease to draw such wages or salary 30 days after such default."

60. By failing to pay Plaintiffs and former employees of the Cash Bank, Dance, Room Attendant, Pre-shift Meeting, Uniform, and Shift Jamming Classes for all hours worked in violation of the state laws identified herein, Defendants have failed to timely remit all wages due and owing to Plaintiffs and all members of those classes who are former employees.

Dear ,

An audit of our payroll system revealed that overtime was not being paid accurately for certain team members. Nevada law states that if an individual works over 8 hours in a 24 hour period, and does not earn at least 1-1/2 times the minimum wage, overtime must be paid. For example, if an individual worked 8 AM – 4 PM on Monday, and came in at 5 AM on Tuesday – the hours between 5 AM and 8 AM on Tuesday would be considered overtime if the person's base rate is less than 1.5 times minimum wage.

The period of time that the calculation was performed inaccurately was November 4, 2011 to July 11, 2014. Enclosed please find a check which pays you for the overtime you are owed.

If you have any questions, please contact the Human Resources Department.
