ORDER GRANTING MOTIONS TO CONSOLIDATE

These four appeals each challenge April 19 and May 13, 2022, district court orders resolving petitions for judicial review of State Engineer Order 1309. Appellant State Engineer (Docket No. 84739) and appellant Center for Biological Diversity (Docket No. 84742) have filed joint motions to consolidate these appeals.

Having reviewed the joint motions, it appears that consolidation is appropriate, as these appeals arise from the same district court case, challenge the same orders, and involve the same parties. NRAP 3(b)(2) (“When the parties have filed separate timely notices of appeal, the appeals may be joined or consolidated by the court upon its own motion or upon motion of a party.”). Accordingly, the joint motions are granted, and the clerk of this court is directed to consolidate the appeals in Docket Numbers 84739, 84741, 84742, and 84809. The appellants in these consolidated cases are Adam Sullivan, P.E., Nevada State Engineer, Division of Water Resources, Department of Conservation and Natural Resources (Docket No. 84739); Southern Nevada Water Authority (Docket No. 84741); Center for Biological Diversity (Docket No. 84742); and Muddy Valley Irrigation Co. (Docket No. 84809). The respondents for all appeals are Lincoln County Water District; Vidler Water Company, Inc.; Coyote Springs Investment, LLC; Nevada Cogeneration Associates Nos. 1 and 2; Apex Holding Company, LLC; Dry Lake Water, LLC; Georgia-Pacific

Gypsum, LLC; Republic Environmental Technologies, Inc.; Sierra Pacific Power Company, d/b/a NV Energy; Nevada Power Company, d/b/a NV Energy; The Church of Jesus Christ of Latter-Day Saints; Moapa Valley Water District; Western Elite Environmental, Inc.; Bedroc Limited, LLC; City of North Las Vegas; and Las Vegas Valley Water District.

Appellants shall have until June 17, 2022, to file and serve their transcript request forms or certificates that no transcripts will be requested, as well as their docketing statements. Appellants shall have until September 30, 2022, to file and serve their opening briefs and appendices. Thereafter, briefing shall proceed in accordance with NRAP 31(a)(1), except that any appellant who disagrees with another appellant's opening brief may, to the extent the disagreeing appellant's interests are impacted thereby, file an answering brief addressing the issues related to those interests by the answering brief deadline. No extensions of time will be granted absent extreme and unforeseeable circumstances demonstrated by written motion.

It is so ORDERED.¹
