#### (A). RULES GOVERNING APPEARANCE BY TELEPHONIC TRANSMISSION EQUIPMENT

**Rule 1. Definitions.** In these rules, unless the context or subject matter otherwise requires:

1. "Telephonic transmission equipment" means a conference telephone or other electronic device that permits all those appearing or participating to hear and speak to each other, provided that all conversation of all parties is audible to all persons present.

2. "Simultaneous audiovisual transmission equipment" means transmission accomplished through the use of:

a. One or more cameras at a location other than the courtroom that depict the witness in real time so that the plaintiff/defendant, their counsel, (or the state's counsel), the prosecutor, the court and the jury, if any, can see the witness in his or her entirety; and

b. One or more cameras in the courtroom that depict the plaintiff/defendant, their counsel, (or the state's counsel), the prosecutor, the court and the jury, if any, in real time on a screen visible to the witness who is at another location.

3. "Court" means either a general or limited jurisdiction court.

4. "Party" shall include the plaintiff or defendant and also apply to each party's attorney of record.

5. "Shall" is mandatory and "may" is permissive.

6. "Witness" shall mean a person testifying in the court proceeding.

**Rule 2. Policy favoring telephonic transmission equipment appearances.** The intent of this rule is to promote uniformity in the practices and procedures relating to telephonic transmission equipment appearances. To improve access to the courts and reduce litigation costs, courts shall permit parties, to the extent feasible, to appear by telephonic transmission equipment at appropriate proceedings pursuant to these rules.

**Rule 3. Application.** These rules apply to all cases except juvenile and appellate proceedings.

**Rule 4. Appearance by telephonic transmission equipment.**

**1. Circumstances in which appearance by telephonic transmission equipment shall be allowed.** Except as provided in subsection 3 of this Rule 4, parties shall be allowed to appear before a court or master using telephonic transmission equipment in the following matters:

(a) Case management conferences, provided the party has made a good faith effort to meet and confer and has timely served and filed a case management statement before the conference date;

(b) Trial setting conferences;

(c) Hearings on law and motion, except motions in limine;

(d) Hearings on discovery motions, except where the discovery commissioner determines that it is necessary for parties to meet personally regarding discovery disputes or scheduling matters;

(e) Status conferences, including conferences to review the status of an arbitration or a mediation;

(f) Hearings to review the dismissal of an action; and

(g) Any other hearing that is scheduled for not more than 15 minutes.

(h) Any matters stipulated to by the parties and approved by the court.

**2. All other matters require personal appearances or appearances by use of simultaneous audiovisual transmission equipment.**

**3. Court discretion to modify rule.**

(a) **Applicable cases.** In exercising its discretion under this provision, the court should consider the general policy favoring telephonic transmission equipment.

(b) **Court may require personal appearances.** Upon a showing of good cause either by motion of a party or upon its own motion, the court may require a party or witness to appear in person at a proceeding listed in this Rule 4 subsection 1 if the court determines on a hearing-by-hearing basis that a personal appearance would materially assist in the resolution of the particular proceeding or that the quality of the telephonic transmission equipment is inadequate.

**4. Need for personal appearance.** If, at any time during a proceeding conducted by telephonic transmission equipment, the court determines that a personal appearance is necessary, the court may continue the matter and require a personal appearance by a party or witness.

## 5. Notice by party.

(a) A party choosing to appear by telephonic transmission equipment at a proceeding under this rule must either:

(1) Place the phrase "Telephonic Transmission Equipment Appearance" below the title of the moving, opposing, or reply papers; or

(2) At least three court days before the appearance, notify the court and all other parties of the party's intent to appear by telephonic transmission equipment. If the notice is oral, it must be given either in person or by telephonic transmission equipment. If the notice is in writing, it must be given by filing a "Notice of Intent to Appear by Telephonic Transmission Equipment" with the court at least three court days before the appearance and by serving the notice at the same time on all other parties by personal delivery, fax transmission, express mail, or other means reasonably calculated to ensure delivery to the parties no later than the close of the next business day.

(b) If after receiving notice from another party as provided under subsection 5(a) a party that has not given notice also decides to appear by telephonic transmission equipment, the party may do so by notifying the court and all other parties that have appeared in the action, no later than noon on the court day before the appearance, of its intent to appear by telephonic transmission equipment.

(c) If a party that has given notice that it intends to appear by telephonic transmission equipment under subsection 5(a) subsequently chooses to appear in person, the party must so notify the court and all other parties that have appeared in the action, by telephonic transmission equipment, at least two court days before the appearance.

(d) The court, on a showing of good cause, may permit a party to appear by telephonic transmission equipment at a proceeding even if a party has not given the notice required under subsection 5(a) or (b) and may permit a party to appear in person even if the party has not given the notice required in subsection 5(c).

**6. Notice by court.** After a party has requested a telephonic transmission equipment appearance under subsection 5, if the court requires the personal appearance of the party, the court must give reasonable notice to all parties before the hearing and may continue the hearing if necessary to accommodate the personal appearance. The court may direct the court clerk, a court-appointed vendor, a party, or an attorney to provide the notification.

**7. Private vendor; charges for service.** A court may provide telephonic transmission equipment for court appearances by entering into a contract with a private

vendor. The contract may provide that the vendor may charge the party appearing by telephonic transmission equipment a reasonable fee, specified in the contract, for its services.

**8. Audibility and procedure.**

(a) The court must ensure that the statements of participants are audible to all other participants and the court staff and that the statements made by a participant are identified as being made by that participant.

(b) Upon convening a telephonic proceeding, the judge shall:

(1) Recite the date, time, case name, case number, names and locations of parties and counsel, and the type of hearing;

(2) Ascertain that all statements of all parties are audible to all participants;

(3) Give instructions on how the hearing is to be conducted, including notice that in order to preserve the record speakers must identify themselves each time they speak.

**9. Reporting.** All proceedings involving telephonic transmission equipment appearances must be reported to the same extent and in the same manner as if the participants had appeared in person.

**10. Conference call provider.** A court, by local rule, may designate a particular conference call provider that must be used for telephonic transmission equipment appearances.

**11. Information on telephonic transmission equipment appearances.** The court must publish a notice providing parties with the particular information necessary for them to appear by telephonic transmission equipment at proceedings in that court under this rule.

**12. Public access.** The right of public access to court proceedings must be preserved in accordance with law.
