RE: ADKT 424

In the matter of the adoption of a uniform rule governing telephonic and audiovisual participation in civil, criminal and family law cases in all courts in the State of Nevada:

The Las Vegas Municipal Court currently has installed the Jefferson Audio Visual Recording System or "JAVS" in each of its six criminal courtrooms as well as its Traffic Court enabling it to have the capacity to digitally record and/or video conference matters before the court. In addition, two portable "Polycom" conference phones have been purchased for the courtrooms to use if teleconferencing is required and/or the JAVS system were to experience a failure. While the court relies primarily on the JAVS system, both systems have been used in courtroom settings and have demonstrated that the statements of all parties are clearly audible to all participants during their use.

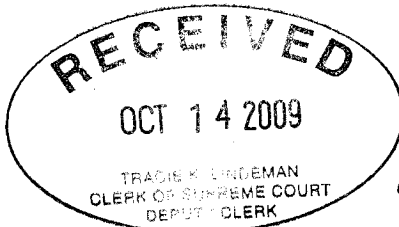

It is our belief that with the availability of both these systems, the Las Vegas Municipal Court is in full compliance with ADKT 424.

If further information is required relative to the requirements in ADKT 424, please feel free to contact me at 702-229-4673.

Sincerely,

[Signature]
Jill Christensen

Administrative Secretary to
James P. Carmany, Court Administrator
