awarded from Kansas State University -- excuse me - Washburn University in 1979.

During the year 1979 to 1980, I was an 3 assistant instructor at the Kansas State University 4 chemistry department in Kansas. My duties there were to 5 6 essentially instruct freshman chemistry laboratories as well as to work on a synthetic fuel project funded by 7 Phillips Petroleum. This project I worked on disbanded 8 after one year and I took a position as a toxicologist with 9 the Kansas Department of Health & Environment. That was a 10 temporary position. 11

As a toxicologist, I chemically extracted body fluids, human, blood, and the vitreous humor, which is the fluid behind your eye, and I would extract these for the purpose of the detection of poisons. This term expired after about nine months.

17 I then was asked to apply at the Kansas 18 Bureau of Investigation Crime Laboratory, which is located 19 and headquartered in Topeka, Kansas and it was at the 20 Kansas Bureau of Investigation that I underwent two years 21 of extensive in-house training as a serologist.

After completing my two years of training, I then took a position as a Criminalist II with the Metro crime lab in Las Vegas and that was in March 6th of 1983. While at Metro, I have been working predominantly as a

serologist, probably 95 percent of my time. 1 2 I have attended the FBI Hair and Fiber School, the FBI Advanced Biochemical Methods of Blood Stain 3 4 Analysis School, the Serological Research Institute School on Advanced Electrophoresis, as well as Semen 5 Identification. I have also attended the California 6 7 Criminalistics Institute School on DNA Extraction and 8 Quantification. I have attended the Perkin-Elmer School on PCR, which is a form of DNA analysis, and I have just 9 recently come back from the FBI DNA class. 10 And how long, in sum, have you been 11 0 employed at the Las Vegas Metropolitan Police Department as 12 a serologist? 13 Over 13 years. 14 A Would it be fair to say that up until 15 0 recently, you have been the exclusive serologist at the Las 16 Vegas Metropolitan Police Department in most of the 17 homicide and sexual assault cases? 18 For a period of time, of about two Ά 19 years, I was the only serologist at the Las Vegas crime 20 21 laboratory. How many -- have you ever testified as Q 22 an expert in the field of analyzing bodily fluids? 23 As a serologist, yes, I have. Α 24 25 Q How many times?

SILVER: Your Honor, at this time I 5 б would ask that this Court deem Mr. Cook an expert in the 7 field of serology in analyzing bodily fluids. THE COURT: He may so testify. 8 MS. SILVER: Thank you, your Honor. 9 Criminalist Cook, did you have an 10 Q occasion to examine evidence in the case of State of Nevada 11 12 versus James Chappell? 13 Α I did. And the evidence that you personally Q 14 tested, was it with all of that evidence booked under the 15 same case number, 950831-1351? 16 That is correct. 17 Α 18 And did you personally make three Q different reports in this case describing your conclusion 19 on various pieces of evidence? 20 21 Α That is also correct. 22 Q Would it assist you in your testimony to the jury to use at least two of those reports in 23 describing what you did on these pieces of evidence? 24 A It would. 25

1 I'd like to show you, Criminalist Cook, Q what has been marked for purposes of identification as 2 State's Proposed Exhibit No. 84. Is this one of the 3 4 reports that you generated from this case? 5 A That is a chart that accompanies the 6 report I generated in this case, yes, it is. And, obviously, this is a report that 7 Q has been blown up for purposes of these court proceedings. 8 9 Would this be a fair and accurate copy of your report that 10 you generated in this case? PATSY K. SMITH, OFFICIAL COURT REPORTER

Yes, I do. 1 A 2 Q And would this be a copy or a blowup diagram of a copy of your LVMPD lab report that you issued 3 4 in this case? 5 Yes, that is also a chart of a Α 6 supplemental report I issued in this case. 7 Q And it's a fair and accurate copy of 8 that report? 9 Yes, it is. A 10 It would aid you to refer to it in your Q 11 testimony in this case? 12 A Yes. 13 MS. what has been marked as State's Exhibit No. 67. Can you 1 2 identify this? Yes, I can. Α 3 How is it that you can identify this 0 4 item? 5 Actually two ways. It bears my Α 6 signature both on the chain of custody, as well as my 7 seals, the blue tapes, my initials TLC, and the date of the 8 examination, the day I actually opened this and sealed 9 this. 10 What is State's Exhibit No. 67? Q 11 State's Exhibit 67 is called a sexual A 12 assault kit. It is a collection of tubes, swabs, slides, 13 and combings collected from an individual who complains of 14 a sexual assault or, more routinely, when a female is 15 discovered dead. 16 This is done by the coroner and in this 0 17 case this was done by Dr. Green? 18 Yes. The purpose is to collect and A 19 preserve biological samples. 20 And you actually did some testing on 0 21 State's Exhibit No. 67 in this case? 22 Right, the contents. Α 23 Including the vaginal slides within 0 24 this or vaginal swabs and slides within this? 25

This is A routinely collected from deceased male individuals or 17 18 suspects in a case in which bodily fluids, blood, semen or saliva, would be expected to be at the crime scene or is 19 possibly at the crime scene. 20 And whose serology is this? 21 Q 22 Ä James M. А 12 0 You brought it here to court today and deposited this with the clerk prior to the court 13 14 proceedings? 15 Less than an hour ago, that's correct. A 16 MS. 1 defendant. Tell us what tests you did and what results you 2 made and if you need to refer to your -- I believe your lab report as well. 3 4 Certainly. A Pursuant to my training and 5 6 responsibilities, what I would do is I would concern myself with the contents of a sexual assault kit. First, what I 7 8 would do is I would ascertain the blood type or the blood 9 types of a victim and the blood type or blood types of a suspect. I would establish their types in one of the 10 several systems. The A, B, O system, as the jury are 11 probably most familiar with. A, B, O types are A, AB or 12 0. In this case, if I can speak of these cases 13 collectively? 14 15 Q Sure. 16 A I noticed that both the victim is Type 17 0 ---Would that be easier to put that up? 18 Q Actually it would because I think there 19 A is some people who can't see. 20 21 0 Maybe we could just have you hold it like that. 22

23 A Fine.

25

24 Q Thank you.

A Noticed both the victim and the suspect

PATSY K. SMITH, OFFICIAL COURT REPORTER

are A, B, O Type O, which is really common. About 45
 percent of the people are Type O. Of course, that doesn't
 give me a lot of information when I'm processing bloods at
 crime scenes because I'm not able to make a distinction
 between the victim and suspect at this point.

We also have some other blood types and you 6 can think of them in the same way as you would think of 7 your A, B, O Type. This is called esterase dehydiogenese. 8 We call it EsD. Now we know the victim is Type 1 and the 9 10 suspect is Type 2-1. There is only three types, 1, 2-1, and a 2, which isn't present in PGM, phosphoglucomutase. 11 12 If you notice again, the victim is Type 1 and the suspect is 2-1. These are all independently inherited. A person 13 can be in the same group and it has no bearing on the 14 15 esterase type or bearing on the PGM type.

16 And there is another, glyoxalase. The 17 victim is 2-1 and the suspect a 1.

There is also a sub-type of this PGM and 18 these two are quite related. You can break this system 19 20 down a little bit more. This is called a PGM sub-type. Now this is a type that the forensics people are most 21 interested in for two reasons. Number one, it's quite 22 stable. Actually, three reasons. Number one, it's quite 23 stable. Number two, there is 10 different types, different 24 25 combinations, and, number three, is it is found in semen.

PATSY K. SMITH, OFFICIAL COURT REPORTER

1 An individual who had this PGM type in his blood would also 2 have it in his semen and a female who would have it in 3 their blood would have it in their vagina secretions. This 4 is very informative. There is very good information for a 5 serologist.

In the processing of analyzing the medical 6 7 examiner's kit or sexual assault kit, I noticed the presence of spermatozoa. I then knew that we were -- I 8 knew that 80 percent of us are called secretors and that is 9 10 to say we secrete A, B, O blood types in our body fluids. Like I say, 80 percent of us, if we were to smoke a 11 cigarette, we would have our A, B, O blood group substances 12 in our saliva and this saliva would be on the cigarette 13 butt and in 80 percent of the case we could tell who smoked 14 15 it from the cigarette butt.

In the same way, when I identify 16 spermatozoa, I knew we had a chance to find some semen 17 types on the vaginal swab. Now, again, both the victim and 18 suspect are the Type 0 and the both of them are Type 0 19 20 secretors. So I found a substance on the vaginal swab, which is H, which is consistent with a Type O secretor and, 21 again, we can't make a statement whether this H substance 22 that's secreted came from the victim or suspect, which 23 makes the PGM sub-type much more informative. You notice 24 that the victim was a rare type of 1- and the suspect is a 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

1 2+1+. It is understood that a vaginal swab is a mixture of 2 the victim's secretions and in the case of semen, another 3 body fluid of the suspect and you notice we have a 2+1+1-. 4 We are pretty sure that this 1- came from the victim and 5 this 2+1+ would come from the semen donor and Mr. Chappell 6 is a 2+1+.

~(

7 So, at this point, I wrote a report saying 8 he could not be eliminated as a possible source of this 9 semen detected on the vaginal swabs. By the way, this 10 profile of an O secretor and a 2+1+ is consistent with 11 about 9.8 percent of the population. At a random 12 population, about 9.8 percent of them would be an O, a 13 secretor, and a 2+1+.

14 Q So a very small percentage of the 15 population, even using the A, B, O blood typing?

A Yes. The reason why the numbers -like I say, it's about nine percent of the population, but, see, the problem is that 0 is quite common. About 45 percent of the individuals are Type 0. Had this been a smaller number, we would have probably gotten it down to the single digit for semen profilers.

22 Q Criminalist, Cook, I'm also showing you 23 what has been marked as State's Exhibit No. 79 and I would 24 like you to take a look at what is marked as State's 25 Exhibit No. 79 and ask you if you can recognize this as

I remember this item as being the one 14 A that was examined in this case. 15 16 0 In fact, your criminalist card is attached to the lace? 17 18 Yes, it is. PATSY K. SMITH, OFFICIAL COURT REPORTER

1 Q Can you tell us what type of tests you 2 did on State's Exhibit No. 79-A and the results of that test as well? 3 Α Yes. I did a microscopic visual 4 examination for the presence of splattered blood and 5 6 whenever you examine something that's black and black is often very difficult to visually trust your eyesight to see 7 8 things, so what I did is a chemical swabbing of this looking for enzymes called peroxidases (phonetic) like 9 activity. You can find it in the blood, but not 10 exclusively in the blood. It's a presumptive test. 11 At this point what I did was check the top 12 layers for the presence of blood and found -- chemically, I 13 found none, but on the right heel, as on this chart as TLC 14 11, I found chemically traces of blood right here at the 15 16 heel area, but there was insufficient amount to derive A, B, O types and esterase types and PGM types, which is a 17 small amount of blood, which is reasonably common in my 18 field. 19 20 Q So, basically, your result was blood was detected, but it was actually insufficient for you to 21 be able to differentiate any blood type grouping? 22 Yes, which is a very common answer in Α 23 24 my reports. Showing you what has been marked as 25 Q

State's Proposed No. 80, I would like you to look at this 1 2 and tell me if you can recognize this as well? 3 Yes, I can in the same manner as the A 4 other evidence. It bears both my signature in the chain of custody, as well as my seal at the bottom. 5 And could you take out the contents of 6 Q State's Exhibit No. 80 -- actually, you've taken it out. 7 It's State's Exhibit 80-A -- Proposed Exhibit 80-A. Can 8 9 you tell us what this is and if you can recognize it? It's a tandem swab, controlled 10 Α Yes. swab and a swab that contained blood. I can identify it by 11 a little tape tag that I characteristically put on 12 evidence, my initials, and the date of the examination. 13 Now, State's Exhibit No. -- Proposed 14 Q 15 Exhibit 80 and 80-A, do they appear to be in substantially 16 the same condition as when -- well, let me ask you this. Looking at -- strike that. 17 State's Proposed Exhibit No. 80-A, I show or 18 I see one swab in there and a compartment for another 19 20 swab. Do you know where the other swab would be? A Yes. PATSY K. SMITH, OFFICIAL COURT REPORTER

Now, besides the other swab being 1 Q 2 missing from that compartment, except for that, would it be 3 fair to say that State's Proposed Exhibit 80-A and State's 4 Exhibit 80 are in substantially the same condition as when you received them? 5 Yes, they are. б Α 7 MS. A 507 North Lamb by Investigator Mark 11 12 Washington. 13 And this would have been recovered on 0 September 1st of 1995? 14 15 А That's correct. What testing did you do on State's 16 Q Exhibit No. 80, if you recall, and the results of that 17 test? 18 19 Α If I may refer to my notes. 20 Q That would have been on your third 21 report I believe, Mr. Cook. 22 Ά I exposed it to some presumptive 23 tests. They 11 Α bear both my signature on the chain of custody, as well as 12 my seal at the bottom. This item does in fact bear my 13 taped tag, my initials TLC, and the date of the 14 examination. 15 When you say this side, you are talking Q 16 about 68-A? 17 That is correct. 18 A And what is it that you've just Q 19 recovered? 20 A small knife. PATSY K. SMITH, OFFICIAL COURT REPORTER

well? 1 Yes, I do. 2 A How is it that you recognize this item? 3 Q My initials TLC on the very tip of this 4 Α knife blade. 5 And what kind of examination did you do 6 Q on State's Exhibit No. 68-A-1 and what were the results of 7 B that test? Well, upon opening this item, I then 9 A walked it over to a latent print examiner on staff and we 10 searched it microscopically for the presence of 11 fingerprints, which is kind of a routine. None were 12 recorded. 13 At this point, I was able to remove samples 14 of blood from this knife, samples on the blade. In fact, 15 16 you can see some of the blood still on there. I then performed the A, B, O typing, as well as the enzyme typing 17 and if you notice the knife, this is TLC 3, this is the 18 knife in question, we have the A, B, O type. We determined 19 it was Type 0, the esterase type is being Type 1, the PGM 20 type is being Type 1, and the glyoxalase type is being type 21 22 2-1. Now you notice that the four types on the 23 knife, the A, B, O, the esterase, the PGM, and the 24 glyoxalase, are the same as the victim Panos and they are 25

dissimilar to that of the suspect. If you notice, even 1 2 though the result was 0, you know the esterase type were different, PGM type is different, the glyoxalase type is 3 different. So we conclude that the blood on the knife 4 could not have come from the suspect, but could have come 5 from the victim. In fact, that profile is consistent with 6 7 about 10 percent of the population. 8 Q You say the knife, you are talking about the blade? 9 That's correct. 10 Α Would it be fair to say, Criminalist 11 0 12 Cook, that the items we have just identified here in court 13 were the primary items which had significant serological value to you? 14 That's correct. Numerous items were A 15 16 examined and are routinely in the course of an 17 investigation. Many of the items that are displayed in 18 that chart were examined for the presence of blood and found to be negative, as the chart so indicates. 19 Did you do any other examinations at 20 Q all which also proved to be negative as well? 21 22 А Many examinations for the presence of 23 blood. Samples from numerous items examined were, in fact, sent for DNA analysis and, again, 10 11 this is pretty routine. Conventional serology, which is 12 described here, has certain interpretational limitations 13 and we can get populations down to maybe eight, 10 percent 14 and maybe in some cases maybe one percent, but DNA has much 15 more inclusive, exclusive capabilities. 16 And presently, does the Las Vegas Q Metropolitan Police Department have the capabilities of 17 18 performing DNA analysis? 19 Presently, no. It's a long process, А several years in the making. We will probably be on line 20 within the next three months. 21 22 What laboratory did you send this Q 23 evidence to? In fact, they are used by almost everybody. 15 16 Q When you forwarded that evidence to 17 Cellmark Laboratories for DNA analysis, did you -- were all 18 the items sent under the event number which I have described as 950831-1351? 19 20 A Yes, they were. 21 Q Before sending those items out for DNA analysis, did you personally make what's called stain 22 23 cards? 24 Stain cards is a routine part of А Yes. 25 my duties and when liquid blood stain -- when liquid blood PATSY K. So what I would do is make a blood stain 3 4 card from the victim's known blood standard and the suspect's known blood standard, I would let them air dry, 5 then I would package them and put them in a freezer, which 6 is a blood reference library that we have in the forensic 7 8 lab. 9 Q So, for example, in our case, from the 10 sexual assault kit, there was blood from the victim and you would prepare a stain card from that and forward that to 11 12 Cellmark with the identification of Deborah Panos on that 13 stain card? 14 That's true and we also make them in Α duplicate. We keep one in reserve in case the defense 15 16 would want the same option. 17 So in case there is any kind of further 0 18 testing by anyone? 19 A Certainly. 20 0 And would it be fair to say that from that serology kit, which we have marked as an exhibit, that 21 22 you would take the blood from that kit, you don't send the 23 kit, but you prepare a stain card and forward that, at least one of the stain cards to Cellmark Laboratories? 24 25 A That's true. There was a strand of 8 head hair that I did a microscopic comparison to that of 9 the victim and found it was microscopically similar with the victim. 10 11 MS. SILVER: Thank you. That would conclude my direct examination. 12 13 THE COURT: Any cross examination? 14 MR. BROOKS: No questions, your Honor. THE COURT: May this witness be discharged? 15 16 MS. Last name Α 10 is spelled W-A-H-L. And where are you employed currently? 11 0 12 А I'm currently with the Las Vegas 13 Metropolitan Police Department Forensic Laboratory here in 14 Las Vegas. And what are your duties there 15 0 16 presently at the lab? My title is criminalist and my duties Α 17 at the present time are setting up a DNA identification lab 18 19 so that the Las Vegas Metro PD can provide human identity 20 testing capabilities using DNA technology. What is your profession exactly? What 21 Q would you call yourself? 22 23 A I'd call myself a forensic biologist utilizing DNA technology. 24 25 Q And what kind of formal training and

experience do you have in the field of DNA? 1 2 My educational background consists of a A bachelor of science degree in medical technology received 3 4 in 1977 from La Crosse, Wisconsin at the University of 5 Wisconsin La Crosse and, as far as my DNA training goes, I 6 have been performing DNA testing in a forensic capacity for 7 seven years and I was employed in several private 8 laboratories by Ph.D.s who had extensive experience 9 utilizing this technology and I was trained and worked with 10 these people during those seven years. 11 0 When you say you've worked at a private laboratory using DNA, what private laboratory is that? 12 13 There were two laboratories. From 1988 Α 14 through 1993, I worked for a private laboratory doing DNA testing called Analytical Genetic Testing Center in Denver, 15 16 Colorado and then subsequent to that, I worked as a forensic supervisor. I was employed as a forensic 17 18 supervisor with Genelex Corporation located in Seattle, 19 Washington and while I was employed there, I did become 20 certified as a DNA analyst utilizing forensic DNA 21 technology capabilities by the American Board of Criminalists. 22 23 0 Did you bring a resume with you to 24 court today? You may call it a curriculum vitae. 25 Α Yes, I did provide a copy to you.

1 0 Prior to court. I would like to show you what's been marked 2 3 for identification purposes as State's Proposed Exhibit No. 4 88 and ask you if this is your resume? Yes, it is. 5 A MS. SILVER: Your Honor, at this time, I 6 7 would move for its admission. 8 MR. BROOKS: No objection. 9 THE COURT: Same will be received in 10 evidence. 11 MS. SILVER: Thank you. 12 Q Have you ever testified in courts of law and been deemed an expert in the field of DNA 13 technology? 14 15 Α Yes, I have. What courts? 16 Q 17 Various courts. I have testified as an Α expert in DNA and my recollection is about 10 or 11 18 different state jurisdictions, as well as the country of 19 20 Canada and they are cited on my CV, which states where 21 those are. 22 0 So you have been recognized as a DNA 23 experts in both courts throughout the United States and Canada as well? 24 25 That's correct, yes. 1 Q A total of how many times would you 2 estimate? 3 A I have testified on DNA findings, I would say, somewhere between 15 and 20 times; probably 4 closer to 20 times. 5 6 Q And besides testifying as an expert in your everyday duties, approximately how many cases have you 7 8 personally been involved with in processing DNA and identification of DNA? 9 10 А My best estimate would be at least 500 11 cases and somewhere between 500 and a thousand. 12 0 Are you familiar with Cellmark Laboratories? 13 14 Yes, I am. A 15 Q And how is it that you are familiar 16 with Cellmark Laboratories? 17 А They are another private laboratory that provides forensic DNA identity testing and in my 18 19 previous capacity, I have had occasion to review some of 20 their work, when I was retained by some attorneys, as well 21 as familiarization with some of the employees of that organization through professional meetings and things of 22 23 this nature. 24 Q And you say it's an independent 25 laboratory?

1 А Yes, it is. It is a privately owned laboratory and they do provide services to both prosecution 2 and defense. 3 So they are not affiliated with law 4 Q 5 enforcement? No. Whoever wishes to retain their 6 A 7 services can. 8 They are an independent type of Q facility? 9 10 A Yes. 11 They merely provide tests? 0 Yes. I would classify it as an 12 А 13 independent laboratory, yes. 14 Q Do they do work as well in paternity 15 cases? 16 A Yes, they do. Is that similar to the independent 17 0 laboratory that you worked at as well? 18 19 Yes, both of the private laboratories I A 20 worked in did perform paternity testing, as well as 21 forensic testing. In fact, are you familiar with some of 22 Q the forensic -- excuse me -- molecular biologists at 23 24 Cellmark Laboratory, as well as any of the geneticists 25 there?

1 A Yes, I had dinner with one of them 2 several weeks ago at a professional meeting. 3 Q And when something is sent to say Cellmark, and now you work at LVMPD, when something is sent 4 to Cellmark, what is the general purpose of sending 5 6 something to Cellmark from LVMPD? 7 The general purpose for sending it is Α to send it to the laboratory so that they can perform DNA 8 testing on the evidence and the main purpose is to acquire 9 10 more genetic information about the evidence such that more definitive conclusions, if it's possible, can be made. 11 For example, to exclude someone as a 12 Q 13 suspect? 14 Α Most definitely. DNA testing, one of 15 the reasons it is such a powerful tool is the fact that it 16 is a very excellent discriminator. 17 And another reason would be to actually Q include someone or find that DNA could have originated from 18 19 a source? 20 Α Yes. If no exclusion is obtained 21 during the comparative analyses, then the inclusionary inferences can be made quite strong based on the types that 22 are obtained from the evidence. 23 24 MS. field of forensic human identification utilizing DNA 1 2 technology. 3 MR. BROOKS: No objection. THE COURT: He will be allowed to testify as 4 5 such. 6 MS. SILVER: Thank you. 7 Can you tell the ladies and gentlemen Q 8 of the jury what is DNA? 9 DNA is an acronym or another term for A Droxy Rhybo Nucleic Acid. A very long word, but simply DNA 10 11 is found in the cells of all living organisms. They may 12 include bacteria, viruses, animals, plants, and humans. 13 It's also referred to as the genetic 14 blueprint and it is a basis for life as we know it. It's 15 comprised of building blocks called bases and there are 16 four types of these bases that comprise DNA. It is the 17 arrangement and sequence of these bases that determine the 18 genetic code of an orgasm. 19 The genetic code is responsible for the 20 organization, the growth, development, and the function of 21 the orgasm from the time it is born or developed until it 22 dies. 23 With respect to humans, DNA is organized and 24 compacted onto structures known as chromosomes and humans have 23 pairs of these chromosomes present in their cells 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

of their body. Therefore, DNA can be isolated from
 biological substances such as blood, sperm, saliva, skin,
 muscle, tissue, teeth, bones, and hairs.

4 The human genome, when I say the word 5 genome, that term just means all the DNA present in all these chromosomes is called the human genome. The human 6 7 genome consist of approximately three billion of these bases that I mentioned earlier. There is a lot of bases 8 9 and DNA is a very large biological substance. A vast 10 majority of this DNA does not differ amongst us all -- I'm 11 speaking about humans now -- and there is no genetic 12 differences. We all have pretty much the same sequence and 13 arrangements of DNA, but there is a portion of the human 14 genome, about 10 percent, that does have genetic 15 variability.

16 In other words, the genetic structure of 17 this DNA can vary amongst us all. There is genetic 18 variable regions of a molecule is what we focus on as 19 forensics analysts because this is where the genetic 20 differences rely and we can use these to identify people and differentiate from each. There are sufficient genetic 21 22 differences from the variable regions of DNA. Such as an 23 individual has a unique DNA profile with one exception and that is with identical twins. Identical twins will have 24 25 the exact same DNA.

PATSY K. SMITH, OFFICIAL COURT REPORTER

---- Page: 1510

Scientists utilize the DNA technology in a
 human identification of biological evidence and, as I
 stated before, DNA technology is a very powerful
 discriminatory tool. We can differentiate people quite
 readily with DNA and if we don't exclude somebody, we may,
 in actuality, determine that a profile is unique and only
 derive one particular person.

-(

8 The combination of these genetic differences 9 that we detect are commonly referred to as a DNA profile 10 and the individual's DNA profile is determined by the DNA 11 contribution of the biological father via sperm and the DNA 12 contribution of the mother via the egg cell at the time of 13 fertilization.

So your genetic DNA profile is a combination 14 15 of what you inherited from your parents, both motif 16 inheritances involved. Genetic DNA profile is derived from the biological evidence we deal with in the crime lab such 17 18 as a blood stain on a piece of clothing. It can be 19 determined using this DNA technology and the DNA profile 20 can be compared to DNA profiles derived from known reference standards, preferably the individual, usually in 21 22 the form of a blood sample, liquid blood sample. The comparison of these genetic DNA profiles 23 24 allows the analyst to include or exclude the individual as

25 a source of the biological substance. In the case of

PATSY K. SMITH, OFFICIAL COURT REPORTER

--- Page: 1511

1 exclusions, these are absolute. In other words, we can render conclusions that the DNA from this biological 2 evidence absolutely, positively did not originate from 3 somebody. The profiles are inconsistent, therefore, they 4 could not have originated from a common source. 5 If an individual cannot be excluded based on 6 this genetic profile comparison, the individual could be 7 8 the source of the biological evidence and if no exclusions 9 are obtained, based on this comparison, one of the next questions that needs to be addressed is what is the 10 11 significance of this genetic similarity or consistency that we see between the biological evidence and the known 12 reference standard of the individual. 13 In order to address this question, a 14 statistical analysis can be performed and applied to 15 provide an inference or to establish a degree of the 16 strength of the association between the questioned evidence 17 and the individual or any individual chosen at random, for 18 that fact from the population. 19 Another way to put the question is 20 21 basically, well, how frequent is this genetic profile in the population at large? How many other people may have 22 that profile? 23 Let me ask you this then. Basically, Q 24 we acquire our DNA then half from our mother and half from 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

-(

1 our father and that makes up our DNA? That's correct. 2 Α And except for identical twins, each of 3 Q us has something unique about our DNA? 4 5 A Yes. And with the exception of identical 6 0 twins, are there other individuals that have the same DNA 7 as us? 8 Other than identical twins? 9 A Other than identical twins. 10 0 11 Α Certain regions of the DNA individuals may have the same type, DNA type, but if you look at 12 another region of the DNA, they may have a different type 13 14 and we look at various regions of the DNA molecule and determine genetic DNA types at various locations and then 15 16 look at the entire profile and the reality is there is such variability at the DNA level that if a questioned evidence 17 sample truly didn't originate from the individual, we will 18 be able to prove that using DNA technology. 19 So DNA can and is very unique to each 20 Q 21 one of us individually? Yes, with the exception of identical Α 22 23 twins. And when we say that DNA is within our 24 Q 25 body such as our blood or saliva or semen or our skin or

PATSY K. SMITH, OFFICIAL COURT REPORTER

Page: 1513 ___

hair, would it be fair to say that, for example, my DNA, my 1 2 blood would be the same as my DNA in my hair? 3 Yes the DNA is the same from a A 4 particular individual's body no matter what source it came 5 from. Whether it be hair, skin or blood, it's the same. 6 What types of testing procedures are Q 7 there to compare or reveal DNA? 8 There are two basic types of technology А that can be used in DNA identification. The first one and 9 10 the one that was used first with forensic application is 11 known as RFLP and that is an acronym or term that stands 12 for restriction fragment line polymorphism. The second type of technology is referred to 13 14 as PCR, which stands for polymicase chain reaction. Both technologies are utilized with the same function and that 15 16 is to determine genetic differences amongst individuals. 17 They each go about a different way and each technology has some advantages and disadvantages and some limitations. 18 19 RFLP is also known as the genetic Q 20 fingerprinting technique? 21 Α Yes. It's commonly referred to as that, although that's really a misnomer. That's more used 22 23 when the commercial laboratories started performing DNA, they used that as a marketing tool. I prefer to use 24 25 genetic identify, but that's more of a better description

PATSY K. SMITH, OFFICIAL COURT REPORTER

____Page: 1514

1 by us. It is known as that. Using RFLP, is it used as a result of 2 0 identification or exclusion as an individual as a donor? 3 4 А It may exclude somebody and it may not. If it doesn't include somebody, if a sufficient 5 number of RFLP tests are performed, for all practical 6 7 purposes, you make an identification for all practical information has been obtained. 8 9 Q So using RFLP, you can then determine 10 that DNA belongs to one individual and one individual in this universe? 11 12 That is possibly, if you do enough of A the testing, sufficient amount of the testing. 13 14 Q Is that something unique generally to 15 RFLP as opposed to PCR testing? A 16 At the present time, yes. However, 17 that is actually changing at the present time. Much of the advances in DNA technology the last several years have been 18 19 with the PCR technology, such that the amount of 20 information that can be obtained with PCR testing is approaching the definitiveness that can be obtained with 21 22 the RFLP testing. 23 0 And, to your knowledge, does Cellmark use both RFLP and PCR testing procedures? 24 25 A Yes, they do.

PATSY K. SMITH, OFFICIAL COURT REPORTER

1 And you have used both procedures 0 yourself, obviously, in the past and have testified to them 2 3 in the past? 4 Α Yes. 5 Q How does a scientist generally 6 determine which or, at least in a case like this, State of 7 Nevada versus James Chappell, how is it that a determination is generally made as to what items will be 8 9 processed using RFLP as opposed to PCR? 10 A The main criteria is that the 11 laboratory will perform what is known as a DNA extraction 12 procedure. In other words, they have to isolate and 13 extract the DNA out of the material that's been submitted 14 to the laboratory. For example, a blood stain that may be on a 15 16 shirt, they actually have to remove a portion of the blood 17 stain and then perform some chemical tests to isolate the DNA, remove it from the stained cutting, and purify it and 18 19 then once they do that, conduct and complete that aspect of 20 the testing, they evaluate the DNA, human DNA content for 21 the quantity. In other words, how much human DNA were they 22 able to extract from the evidence and the quality of the 23 DNA to determine whether the DNA may have undergone some degradation. DNA is a biological substance which can be 24 25 subjected to environmental insult, which would cause the

PATSY K. SMITH, OFFICIAL COURT REPORTER

1 DNA to degrade. Once the DNA evaluation test is done with, 2 then the analyst is in a better position to determine which 3 technology may be the best or whether both may be done to 4 the evidence.

5 Q Now, prior to your testimony here in court today, have you had an occasion to review two 6 reports, Reported Laboratory Examinations from Cellmark 7 Diagnostics, specifically a March 26th, 1996 report and a 8 report of laboratory examination dated June 28th of 1996, 9 10 both authored by Paula J. Yates, a senior molecular 11 biologist at Cellmark Laboratories? A Yes, I have. 12 Q And these two reports from Cellmark 13 authored by Paula Yates, they both reference this case, 14 State of Nevada versus James Chappell, our Las Vegas 15 Metropolitan Police Department event number 950831-1351? 16 17 A That's correct, yes. And these two reports involve the 18 0 analysis of various items that were sent by Terry Cook to 19 20 Cellmark Laboratories? 21 Α Yes. Now, you've reviewed both of these 22 0 23 reports today prior to your testimony? Yes, I have. 24 А Would it assist you in your testimony, 25 Q PATSY K. SMITH, OFFICIAL COURT REPORTER

as well to have a diagram in explaining the results in this 1 2 case? 3 Α Yes, it's most helpful. I would like to show you what's been 4 Q 5 marked for identification purposes as State's Proposed Exhibit No. 86. Do you recognize looking at this prior to 6 7 court? А Yes, I do. 8 And would it help you in referring to 9 Q this during your testimony at this point? 10 Α Yes, it would. 11 Q Would this be a fair and accurate 12 description of the results narrowing them down and 13 specifying those results from the actual reports? 14 15 A Yes. It's an accurate representative 16 synopsis of the results. Thank you. 17 Q MS. SILVER: Your Honor, at this time, I 18 would move for the admission of State's Proposed Exhibit 19 20 No. 86 and I'd ask to publish it as well during the testimony. 21 MR. BROOKS: No objection. 22 MS. SILVER: Thank you. 23 THE COURT: It will be received in 24 25 evidence.

(

PATSY K. SMITH, OFFICIAL COURT REPORTER

<u>Page: 1518</u>

Q (BY MS. SILVER) I'd like to ask you, first, what the results of the testing in this case using RFLP, what two items were tested and what the results of those tests were?

5 A In respect to the RFLP results, the two 6 items up on the board here, one is a vaginal swab 7 purportedly collected from the female victim at the time of 8 the autopsy. Spermatozoa were identified, purportedly 9 identified in the vaginal swab, and the purpose for doing 10 the RFLP testing on the vaginal swab is to determine the 11 genetic profile of the sperm donor.

The synopsis of the results is that the 12 banding pattern from the sperm fraction of the vaginal swab 13 is consistent with the defendant, Mr. Chappell, and he is 14 15 not excluded as a sperm donor and then Cellmark has provided the frequency that this DNA profile would occur 16 and they have cited three different population groups in 17 the report. On this one up here, the frequency estimate is 18 for the U.S. African/American population. 19

20 Q Was it other populations too? Did the 21 molecular biologist give a representation, for example, if 22 it was a Caucasian that was the source, if it was a 23 Hispanic or it was an African American? 24 A Generally, routinely, Cellmark will

25 provide population frequency data with three racial groups,

PATSY K. SMITH, OFFICIAL COURT REPORTER

___Page: 1519

1 Caucasians, African Americans, and western Hispanics. 2 0 And did they do that in this case? 3 Α Yes, they did. 4 Because generally an independent Q 5 laboratory like what the laboratory that you worked at and Cellmark, they would not even know what color or what race 6 a suspect or victim was? 7 The laboratory may not know and, in 8 Α some instances, the victim may not know. 9 10 0 So, in fact, all of those populations or the data is given? 11 Yes, and the reason for that is that 12 Α DNA profiles, there will be different frequency of 13 occurrences in different racial groups because certain 14 15 races have more common DNA types relative to other races. 16 So that when you look at the profiles, it's a fact that the frequency numbers are going to vary amongst different 17 racial groups. 18 So in this case, as in this case, 19 0 20 because the defendant Chappell is a black, male adult, the 21 banding patterns in this case from the vaginal swabs would be fair to say does, in fact, match the defendant and using 22 the statistics for the black community, this would occur 23 24 one in 14 billion? 25 Α That's a reasonable estimate of Yes.

PATSY K. SMITH, OFFICIAL COURT REPORTER

......Page: 1520

the frequency of occurrence of this particular profile
 derived from the vaginal swab in the African/American
 population, U.S. population.

Q And, again, you've already stated that in your testimony, but using RFLP, it's your opinion you can determine that DNA belongs to one individual and one individual in the universe, especially saying one in 14 billion?

9 A If the frequency of occurrence estimate 10 exceeds the earth's population, many scientists, for all 11 practical purposes, will state this represents more than 12 likely a unique profile.

Now, what is the next item that was Q 13 tested and what were the results of that test using RFLP? 14 Second item is some blood that was 15 A apparently swabbed from the knife. RFLP analysis was 16 performed by Cellmark and the banding patterns match and 17 are consistent with the banding pattern obtained from the 18 victim's DNA profile. 19

By the way, when we refer to bands, the DNA actually manifests itself in bands that look something like on a bar code at a grocery store and even we simply size the bands and establish if there is reference strands and if there is no detecting references between the bands, then they are considered to be a match.

PATSY K. SMITH, OFFICIAL COURT REPORTER

1 So, in essence, what they are saying here is that the DNA profile derived from the blood on the knife is 2 consistent with that of the female victim Panos. 3 Did the Molecular Biologist Yates give 0 A 5 various population data bases as to the frequency that this 6 would occur, again, from the populations of Caucasian or from Afro American or Hispanic? 7 Yes, Ms. Yates did cite the frequency Α 8 estimates for each of those three racial groups in our 9 10 report. What would the one in 76 million 11 0 represent, which group? 12 Α This is the estimated frequency 13 occurrence for Caucasians. 14 So if Ms. Panos was a Caucasian female, 15 0 it would be fair to say that the frequency that this type 16 of blood would be found would be one in 76 million? 17 Actually, the way to state that Α 18 question would be the frequency of occurrence of this 19 profile on the knife in the Caucasian population is 20 21 estimated to be one in 76 million. I'm assuming that the victim is, in fact, a Caucasian and that number is just 22 stating the frequency of occurrence of the blood in a DNA 23 profile in Caucasians, of which the victim is a Caucasian. 24 There was also PCR testing done in this 25 Q

PATSY K. SMITH, OFFICIAL COURT REPORTER

_____Page: 1522

1 case and can you tell us what one of -- specifically from the knife handle, what the results were and the 2 3 significance of those results? Α With respect to the knife handle, let 4 5 me refer to the report just to refresh my memory. Certainly. 6 Q А On the knife handle, there was 7 indications of more than one source of DNA present. 8 In other words, an admixture of DNA of which one of the 9 10 sources of DNA is considered the primary source. In other 11 words, the DNA was the source and that DNA was present in a much higher concentration relative to the other source. 12 This primary source of DNA and the genetic profile that was 13 derived from its primary source of the admixture is 14 consistent with the genetic profile of the victim Panos and 15. then they have cited a frequency of that genetic profile 16 17 and the frequency cited is the Caucasian frequency. In the report, Ms. Yates, the forensic analyst, did cite that 18 19 frequency estimate in all three racial groups, as she did 20 in the RFLP report, and it occurred in one and 17,000. That profile occurred in approximately one and 17,000 21 Caucasians. 22 Then there were some faint results that were 23 detected in the DNA typing of this blood of the knife 24

25 handle. These typing faint results were consistent with

PATSY K. SMITH, OFFICIAL COURT REPORTER

--- Page: 1523 --

1 the profile of Chappell.

And Criminalist Wahl, is it unusual in 2 0 3 stabbing cases to have two different individuals' DNA say on a knife handle or to find that in a case like this? 4 5 А No, it's not unusual. There are 6 actually a fair amount of occasions where the individual who uses a knife may cut themselves on the knife blade or 7 cut themselves on a bone from the victim or whatever, such 8 that you would have an admixture of the assailant's blood 9 10 mixed in with the victim's blood. That is something that you have seen in 11 0 your dealings with DNA at your independent laboratory that 12 you use to be employed at? 13 Oh, yes, on a fair amount of Ά 14 15 occasions. Q And from the item labeled blood swab, 16 what was the result? 17 On the blood swab, the genetic profile A 18 determined, using PCR technology, was consistent with the 19 20 genetic profile of the victim Panos and is inconsistent with the profile of Mr. Chappell. So Mr. Chappell was 21 excluded as the source of the blood on the blood swab, but 22 the victim could not be excluded as the source of DNA. 23 And, finally, the blood swab from the 24 Q car, what was the results of that? 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

---- Page: 1524

Again, let me refer to the report just 1 A 2 briefly. 3 The typing data that Cellmark obtained on 4 the blood swab in the car indicated again an admixture of 5 sources of DNA. In other words, with DNA present from more than one individual on that blood spot. The primary source 6 of DNA is consistent with the profile derived from Mr. 7 8 Chappell. He cannot be excluded as the source of that blood. 9 10 The other source of the admixture there were 11 faint results that were obtained by Cellmark. These faint results were consistent with Panos. What this indicates is 12 that there was again admixture of with DNA of one source 13 appearing on the swab in a much higher concentration than 14 the other swab. That's why we have faint results and 15 stronger results. 16 Why wouldn't there be any kind of 17 Q frequencies placed on that last one? Are you aware of 18 19 why? 20 A It may be Cellmark's policy or their report writing criteria that when they do have mixtures, 21 that they may not cite the population data on the mixtures 22 in that they are not absolutely sure which DNA types 23 24 originated from which source. Is Cellmark an accredited laboratory? 25 Q

PATSY K. SMITH, OFFICIAL COURT REPORTER

1 A Yes, they are accredited by the 2 American Society of Crime Lab Directors and at present I do believe they are the only private laboratory that has 3 attained that credit issue. 4 5 0 So it's one of the highest 6 accreditations? 7 A It's the only accreditation that crime laboratories can receive at the present time. 8 MS. SILVER: Court's indulgence. 9 10 Thank you. That would conclude direct. MR. BROOKS: No questions, your Honor. 11 THE COURT: May this witness be discharged? 12 MR. HARMON: Yes. 13 MS. SILVER: Yes. 14 THE COURT: Thank you, sir. You may step 15 down. 16 State my call its next witness. 17 MS. SILVER: Your Honor, I have here, and I 18 have shown it to defense counsel, a certified copy of UMC 19 20 medical record report. The records are from a patient identified as Deborah Panos. It's from the custodian of 21 These are certified and they are the records 22 records. regarding her being taken to UMC Trauma Center on January 23 9th of 1995 and these are the records of Dr. McCourt, John 24 D. that they be admitted at this time as State's Proposed 1 Exhibit No. 89. 2 3 MR. BROOKS: Judge, aside from our prior objections to that type of evidence in general, we would 4 5 have no objection. THE COURT: All right, the Court will, 6 subject to the defense's previous objections that have been 7 litigated in this matter, this exhibit will be admitted 8 into evidence for the consideration of the jury. 9 10 MS. SILVER: May I have the Court's indulgence, please? 11 THE COURT: Most certainly. 12 (Off the record discussion not reported.) 13 THE COURT: Do you want to check with the 14 15 clerk a few moments? 16 MR. HARMON: Yes, your Honor. (Off the record discussion not reported.) 17 MR. HARMON: Your Honor, the State has no 18 additional witnesses to call in its case in chief. We have 19 20 conferred with the clerk and have two remaining proposed exhibits that we wish to offer. They are Proposed Exhibit 21 64, which in fact is a single sheet which is a copy of the 22 four social security cards identified by Lisa Duran and 23 24 Proposed 66, which is the photograph of Deborah Panos while she was still alive. 25

MR. BROOKS: No objection, your Honor. 1 THE COURT: The same will be received in 2 3 evidence. MR. HARMON: The State rests, your Honor. 4 THE COURT: 5 Thank you. Ladies and gentlemen of the jury, before we 6 commence further proceedings in this case, it is incumbent 7 upon me to conduct a couple of matters outside your 8 presence with both sides. So I'm going to give you about a 9 five minute recess at this point. I'm going to ask that 10 you remain on the upper deck of the courthouses. We will 11 not be leaving the courtroom, but we will call you back 12 13 shortly. During the recess, ladies and gentlemen, it 14 is your duty not to converse among yourselves or with 15 anyone else on any subject connected with this trial or to 16 read, watch, or listen to any report of or commentary on 17 this trial or any person connected with this trial by any 18 medium of information, including, without limitation, 19 newspapers, television, or radio, and you are not to form 20 21 or express an opinion on any subject connected with this case until it is finally submitted to you. 22 You are more than welcomed to use the 23 facilities, but please remain in the hallway area while 24 25 this is going on.

25	Q Do you currently serve on any board in	
	PATSY K. SMITH, OFFICIAL COURT REPORTER

1 your field of expertise?

A Yes. I am presently -- I was elected President of the Nevada State Psychological Association and am serving my term this year from May to May, from '96 to '97, and I'm on the Board of Directors of the Nevada State Psychological Association.

I am a diplomate in neuropsychology, which 7 is a subspecialty of clinical psychology having to do with 8 how the brain influences behavior, and in that respect, I 9 am on a national committee which is called the Examination 10 Process Committee in which I help examine 11 neuropsychologists who hope to earn a diploma or a 12 diplomate, as it's called, in neuropsychology and I study 13 their work product and try to see whether their work 14 product is good enough to go to the next level of the 15 examination. 16

I'm also an oral examiner for the state 17 board, the State of Nevada State Board of Psychological 18 Examiners, and in that capacity, over the past several 19 years, the president of the state board, myself, and one 20 other psychologist have developed and administered the new 21 -- not so new any more -- oral examination that has to be 22 taken by prospective licensed psychologists after they have 23 past the written portion of the national psychology 24 examination. So twice a year I volunteer my time to test 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

people coming into the state or who are ready to be
 licensed as psychologists and helped develop the test
 questions.

And, last but not least, the State Bar of 4 Nevada asked me to become a member of their committee on 5 character and fitness and in that capacity, over the past 6 couple of years, I assist the attorneys who are 7 volunteering their time on the Bar in helping them 8 understand some attorneys who have gotten into trouble 9 because of psychological problems or legal problems of 10 their own or substance abuse problems and I also try to 11 help the attorneys decide which of the applicants for the 12 State Bar licensure should be given more time, let's say, 13 at the bar examination because they may have a history of 14 learning disabilities or some other neuro development 15 disorder which would require them to have extra time in 16 order to take the test fairly. 17

18 Q You mentioned a minute ago that there 19 was, basically, two areas of you dealt with, psychology and 20 neuropsychology. Could you explain the difference between 21 those areas of expertise?

A Well, clinical psychology is the study of normal and abnormal behavior and that's what my Ph.D. is in and in that capacity, clinical psychologists do things such as psycho therapy, evaluations of people who are

PATSY K. SMITH, OFFICIAL COURT REPORTER

Page: 1535_

taught to do different types of tests that you are familiar 1 2 with like the IQ tests, academic, skills tests, test of different cognitive functions, personalities tests, which I 3 will be talking about later today. 4 Neuropsychology is that subspecialty area 5 where I've received special education in evasive procedures 6 in order how to determine whether someone might have brain 7 impairments or some sort of disorder that is involving some 8 sort of brain disease or disorder and there are just 9 another series of tests and different aspects of education 10 that you need to acquire before you can earn the diploma or 11 diplomate in neuropsychology. 12 And in your profession right now in Q 13 your private practice, you function both as a clinical 14 psychologist and neuropsychologist, correct? 15 Clinical psychologist and 16 A neuropsychologist. 17 As part of professional experience, Q 18 have you done any social work for any part of the court 19 system? 20 A Yes. 21 And where is that? 22 Q For several years, the Family Court has A 23 asked me to evaluate, usually adults, sometimes children 24 already in the midst of a custody fight or battle or case 25 PATSY K. SMITH, OFFICIAL COURT REPORTER

in the court systems in which there are allegations made by 1 the husband or the wife or the former husband or former 2 3 wife that the Court needs expert opinion onto see whether those allegations are truthful and credible or whether they 4 5 might not be and helping the judges in Family Court make 6 the best possible decision for the welfare of the child for those children in those cases. 7 How long have you been doing that? 8 Q Probably since the late '80s. 9 A 10 Do you also do some consulting work for Q 11 the Clark County School District? The Clark County School District has 12 Α had me in the past train its school psychologists because 13 half my practice is with children and I would say the 14 majority of the time I spent in my office is with kids. 15 I've trained the school psychologists in interview 16 techniques and neuropsychological testing so that the 17 school psychologists have a better background in the type 18 of things that they would need to know to diagnose 19 Attention Deficit Hyperactivity Disorder or learning 20 disabilities. 21 I'm also called upon by the school district, 22 23 as an outside expert, when a parent is upset with the services that the school district has performed where they 24 believe -- they want an outside expert to say -- to see 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

their child to say what the school district has done is 1 2 adequate or inadequate. Often times, I will be asked by the school district to serve as that outside expert. 3 Q During these consulting-type 4 5 activities, have you had the opportunity to observe and evaluate dysfunctional families? 6 A Yes. 7 8 Q Have you also had the opportunity to 9 observe and evaluate individuals with specific learning disabilities? 10 11 A Yes. Q And psychological disorders? 12 Yes. 13 A Do you have any professional experience 14 Q with any private hospitals or mental facilities here in Las 15 16 Vegas? A Yes. In the late 18 -- 18 -- the late 17 1980s and early 1990s, I was on the staff of Montevista 18 Hospital and Charter Hospital and I was the Director of 19 20 Psychology at Montevista Hospital for a year and the 21 Director of Professional Development at Charter Hospital for a year and during the three or four, five year period 22 where I was very involved in those hospitals, I saw 23 thousands of kids and adults who were psychiatrically 24 25 hospitalized for every possible reason from major affective

1 disorder, depression, manic depression to psychosis to acting out disturbances of kids. Their parents couldn't 2 3 take them any more and they put them in a psych hospital to see if there was anything that could be done. Just about 4 5 all those things. 6 Q Now, as a consulting clinical 7 psychologist or neuropsychologist to the Family Court and 8 to the Clark County School District, do those entities look to you to provide an unbiased assessment of an individual 9 10 or a family situation? Å Yes. 11 0 In your professional experience, have 12 you also had an opportunity to assess and evaluate 13 individuals who have been charged with crimes? 14 A Correct. 15 In fact, in this particular case, our Q 16 office asked you to perform an evaluation of Mr. Chappell, 17 correct? 18 That's correct. A 19 Q Have you qualified previously as an 20 expert in the Eighth Judicial District? 21 A Yes, I have. 22 23 Q On how many occasions? I don't keep strict count, but it's 24 A probably about three dozen times. 25

1 obviously had conversations with your office to determine the type of case, the charges against him, and your office 2 sent to me the Las Vegas Metropolitan Police Department 3 4 records of the crime, a voluntary statement of Lisa Ann Duran, letters that the defendant had apparently written to 5 6 Deborah Panos, and eventually but not at that moment, I think I received somewhat later the Lansing, Michigan 7 school records for Mr. Chappell. And so I reviewed all of 8 9 those records except the Lansing, Michigan school records, which I reviewed subsequently to seeing Mr. Chappell. 10 The rest of the records were reviewed in 11 about an hour, hour and a half of time. They were not 12 hugely thick records and then on the day of the evaluation 13 itself, Mr. Chappell was administered an IQ test, an 14 Academic Achievement Test, an Objective Personality Test, 15 and I spent two hours with him in what's called a face to 16 face clinical interview talking to him about his life and 17 18 the crime and anything of relevance to this case. So approximately altogether, we were -- he 19 was probably in my office about five hours that day. 20 As a result of this procedure that you 21 0 went through, did you produce a detailed forensic 22 psychological evaluation? 23 Yes, I did. 24 Α Twelve pages long? Q 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

A Yes. 1 MR. EWING: May I approach the witness, your 2 3 Honor? I see that you are looking at a copy of Q 4 that document in front of yourself? 5 That's correct. Α 6 Twelve pages in length. I'm going to 7 Q show this to the prosecutor. 8 (Off the record discussion not reported.) 9 (BY MR. EWING) Dr. Etcoff, as I am Q 10 conducting this examination, I'm going to be referring to 11 this document. Would it assist you in your testimony if 12 you had a copy of it in front of you to refer to? 13 A Yes, sir. 14 In fact, you will be referring to that Q 15 document throughout this examination? 16 Yes, I will. Α 17 When you evaluated James Chappell, you Q 18 were aware that he had been charged with first degree 19 murder, correct? 20 Correct. A 21 And he had been charged with killing Q 22 his girlfriend, Deborah Panos? 23 Correct. A 24 And were you also aware that he had a 25 Q PATSY K. SMITH, OFFICIAL COURT REPORTER

<u>Page: 1542</u>

history of domestic abuse directed towards Deborah Panos? 1 A 2 Correct. 3 How did Mr. Chappell present himself 0 during the evaluation? 4 Α He was very cooperative. He was 5 very -- I guess the word would be credible or believable as 6 7 another way of putting it. He expressed his emotions, whether it was sadness and remorse, concerning the killing 8 of his girlfriend, which was expressed very greatly or 9 anger that he felt at the time. He was actually reliving 10 11 his relationship with Deborah Panos in my office and when I was watching his emotional reactions to how he reported to 12 me what he was thinking and feeling during parts of the 13 relationship, it was very believable. He seemed to be very 14 sincere, he seemed to be speaking from the heart about his 15 anger, about his sadness and remorse, and so he was a very 16 credible informant. 17 During your interview -- during your 18 0 two hour interview, did you have an opportunity to discuss 19 with Mr. Chappell his childhood? 20 Yes, I did. A 21 And was Mr. Chappell basically your 22 Q 23 only source of information concerning his childhood? Α During the interview, he was my only 24 source of information. Subsequently, when we got a hold of 25 PATSY K. SMITH, OFFICIAL COURT REPORTER

<u>Page: 1543</u>

the Michigan school records of Mr. Chappell, we had 1 2 corroborating evidence for things he had told me and amplification of the difficulties that he had experienced 3 as a child that had been written in those records. 4 What significant things did you learn Q 5 about Mr. Chappell as it relates to his mother? 6 The most significant thing is that he 7 А 8 lost his mother. I think she died accidentally when he was about two and a half years of age and that although a child 9 at age two and a half has no real ability to have memories, 10 although in the common lay press, you may have people 11 suddenly remembering things when they were two years of 12 13 age, it doesn't really occur in reality. So Mr. Chappell would have no real memory of 14 his mother and the important fact is simply that she died 15 when he was two and a half and he was already without a 16 father, who I think was a criminal, and he went to live 17 with his grandmother who took the kids and apparently tried 18 the best she could to raise her grandchildren. 19 What, if anything, did you learn about 0 20 James' brothers and sisters? 21 To the extent that I can recall today, Ά 22 I think I recall that one of his siblings got into a little 23 more trouble during childhood than he did, but that, 24 otherwise, he depicted them as getting along decently, if 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

my recollection is correct. I don't believe I spent an 1 enormous amount of time going into his understanding of 2 3 each of their personalities. So I don't have a lot to say about his siblings. 4

Did you get any impressions concerning 0 5 6 his siblings relationship with the grandmother that was taking care of them? 7

8 A They seemed to have trouble getting along with the grandmother. In fact, I think it was his 9 older sister who wanted to save the rest of the kids and 10 one day kind of free them of grandmother's supposed 11 oppression. I think the older sister had a very rough time 12 in particular and some of the other siblings might also 13 have had a difficult time being raised by a grandmother, 14 who may have had a difficult time suddenly having to raise 15 several grandchildren as if they were her children. 16 But there is no evidence that James had 17 0 a particular problem with his grandmother, is there? 18 I didn't get the impression that his 19 Α grandmother treated him in as terrible a fashion as he 20 depicted his siblings being treated and certainly not 21 nearly as bad a fashion as other people in his situation 22 have been treated by their parents. 23 Doctor, I would like to move on for a Q 24 moment to the intellectual tests that were given. Did

PATSY K. SMITH, OFFICIAL COURT REPORTER

Page: 1545

25

these tests come before or after the interview?
 A The IQ test was administered after the
 interview.

Q Let's talk about that first. Can you describe for the jury what the IQ test is and what it is intended to accomplish?

Yes. The IQ test or Intelligence 7 Α Quotient, the test itself is called the Wechsler Adult 8 9 Intelligence Scale Revised, meaning that it's been revised in the early '80s. It's the foremost adult IQ test in 10 existence and it's divided into two sections. One section 11 measures a person's capacity to thinking words, language 12 skills. Another section is known as the part of the test 13 that are called performance subtests and you would receive 14 and you get from that a performance IQ. It measures visual 15 spacial thinking skills. The ability to think in images 16 and to build things with blocks or jigsaw puzzles and note 17 18 detailed analysis of pictures.

19 Both parts of the IQ test give you an IQ 20 score; one is the verbal IQ, the other one is called the 21 performance IQ and then a full scale IQ is derived from the 22 entire test itself.

Q What were the results of those tests?
A Mr. Chappell received a full scale IQ
of 80, 8-0. To give you an idea of what that means, an IQ

PATSY K. SMITH, OFFICIAL COURT REPORTER

Page: 1546 -

of 100 is perfectly at the medium for the adult population 1 of the United States. So if you have an IQ of 100, your 2 3 overall intellectual abilities are measured in the 50th percentile. Every 15 points above or below 100 is known as 4 5 a standards deviation. And so if you go down, let's say in his case, we will go down -- let's say we go down to an IQ 6 of 85, being one standards deviation from the medium of 7 100, people with the IQ of 85 have an IQ measured in the 8 16th percentile, meaning 84 out of a hundred people have 9 10 more on the ball intellectually than people with an IQ of 11 85. He, Mr. Chappell, received a full scale IQ

He, Mr. Chappell, received a full scale IQ of 80, 8-0, which is right at the very bottom of what's called the low average range and it's a score in the 9th percentile meaning that 91 out of 100 people have more intellectual skills than he showed at that time. IQ is stable. If we had taken his IQ at age seven, eight or nine, it would likely not be significantly different than his IQ as an adult. It tends to be rather stable.

His performance IQ, that which measures his spacial thinking-type skills, the type of things if someone would want to be mechanically inclined, into art, photography, architecture, engineering, drafting, building, his IQ was there the 91. IQ of 91 on the performance represents performance in the 27th percentile, which is

PATSY K. SMITH, OFFICIAL COURT REPORTER

considered still average, not low average. 1 The important finding in the IQ test was his 2 verbal IQ of 77, which is classified of him being 3 borderline range, borderline mentally retarded. Now he's 4 not mentally retarded. I don't want to give you that 5 impression. The verbal IQ of 77 being in the borderline 6 range means he's very diminished in intellectual 7 capacities, thinking in words, that he can't use the 8 language very well, and his IQ falls in the 6th percentile 9 meaning 94 out of 100 adults his age would have greater 10 verbal intellectual abilities and that would be, 11 essentially, the description or the outcome of the IQ 12 13 test. What was the significance, from a Q 14 clinical standpoint, of his verbal IQ score? 15 It was significant in that in reviewing A 16 the school records and his IQ tests results, he would have 17 been, as a child, eligible for a diagnosis of having a 18 receptive language disorder and I'll define that in a 19 second. Suffice it to say that his vocabulary fell in the 20 5th percentile, meaning his ability to understand words is 21 worse than 95 out of a hundred people his age and his 22 ability to think logically and use common sense problem 23 solving abilities was also measured in the fifth 24 percentile, worse than 95 out of a hundred people his age. 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

1 When you don't have the ability to think in words, either as a child or as an adult, there is a rather 2 3 growing burgeoning literature in psychology and psychiatry showing that children who have language abnormalities tend 4 5 to become easily frustrated because people are talking to them and they don't understand what is being said or they 6 don't understand what is expected of them. They are 7 constantly misinterpreting things, getting into trouble, 8 doing poorly in school and without the language skills 9 necessary to stop yourself from behaving poorly, people 10 with language based problems tend to be more aggressive, 11 when we follow them into adolescence and adulthood than 12 people whose language skills are normal. 13

So the important aspect of Mr. Chappell's 14 language deficits are or is -- the important aspect is that 15 if you place someone like Mr. Chappell in a stressful 16 situation, he's already learning disabled, he can't think 17 well in words, if he has to make a snap decision or filter 18 through and problem solve complex information rapidly, you 19 20 will not find someone of his intellectual capacities verbally doing a very good job and making the best choices 21 as a result of these language problems that are thought to 22 be genetically caused at this point. 23

24 Q So individuals that have this low 25 verbal IQ tend to be over represented in groups of

PATSY K. SMITH, OFFICIAL COURT REPORTER

Page: 1549.....

1 adults --In prisons. 2 A Did you perform any academic 3 Q achievement tests? 4 Yes, and I had reviewed subsequently 5 Α records that showed that his academic performance was 6 dismal, but I needed at that moment to know whether he was 7 8 able to read because I couldn't administer some of the -- I wouldn't be able to administer a personality test that 9 involves reading if his reading level wasn't at a 10 certain -- about a sixth or seventh grade level. His 11 reading skills, in fact, in high school, his level was in 12 the 21st percentile, which is low average. His spelling 13 skills were eighth grade level, low average. His 14 arithmetic skills is in the first percentile. That's 15 operational paper, pencil arithmetic and his arithmetic is 16 measured as a fourth grade level, meaning he is classified 17 as having a learning disability in arithmetic. 18 The fact that he could read better and 19 0 write better than what he could communicate, is that 20 21 indicative of his performance IQ? A That's a good way of putting it. 22 Reading and spelling are not correlated to IQ. You can 23 have someone who is mentally retarded who can read at a low 24 25 average range. Reading skills are -- reading skills, in

12	A Yes.
13	Q And what was the name of that test?
14	A The name of the test is called the
15	Millon, M-I-L-L-O-N, and Dr. Theodore Millon it's named
16	after, he made the test, and the rest of the complicated
17	name is Clinical Multiaxial Inventory II.
18	Q What is this test intended to measure?
19	A It's a self purport measures where
20	there are 175 statements true and false and the person
21	taking the test takes the test, hopefully, honestly. There
22	are built-in scales to measures a person's ability to
23	perform honestly or lack thereof and the test has research
24	developed skills that measure things. There are a group of
25	what I might call acute psychiatric scales, scales

measuring whether the person might have a major depressive 1 order, bipolar manic depression, disomic depression, mild 2 depression, psychotic thinking disorder, various kinds of 3 drug and alcohol proclivities, dependence or abuse and all 4 of those skills exist and then the major part of the test 5 also measures abnormality characteristics. 6 So by the way the person answers the test, 7 you can determine whether the person's personality 8 functioning is abnormal in various types of ways. 9 You testified that this test has 10 0 built-in control mechanisms to tell whether or not an 11 individual is being true; is that true? 12 True. A 13 Was this test valid? 0 14 Yes. A 15 In your opinion, was Mr. Chappell Q 16 attempting to be honest when he took the test? 17 A Yes. 18 Is this test a generally accepted Q . 19 method for testing individuals in your field of expertise? 20 21 Α Yes. What, if any, significant findings did 22 Q you make concerning Mr. Chappell as a result of this test? 23 Referring to page 10 of your report. 24 Thank you. A 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

There were several of the abnormal 1 personality scales elevated beyond the level of 2 significance and without getting terribly technical, I'll 3 try to describe what they portray him as being. 4 The personality test suggests strongly that 5 he is a very socially awkward, introverted man who's 6 7 mistrustful of others, who wants to be liked and loved and accepted, but is frightened of rejection and humiliation 8 because he expects that will occur; if he gets to know 9 10 someone very well, he'll be hurt. And so he tends to stay 11 distant as much as possible from other people so that he won't have to feel the sense of humiliation and rejection 12 that he expects to occur if he gets to know somebody well. 13 The reason he feels this way is that he has enormously low 14 self-worth and very little self-respect which has been a 15 life long characteristic of his. 16 He also has a very horrible -- I call it 17 horrible personality characteristic, which the name of it 18 is really useless descriptively to you and to me. It's 19

PATSY K. SMITH, OFFICIAL COURT REPORTER

called Borderline Personality Characteristic and it really

doesn't say what it's suppose to say. Suffice it to say

characteristics are, think of someone who has no sense of

identity. It's like a ship without a rudder. There is no

sense of self. You don't know who you are and, as a result

that if I can explain what borderline personality

20

of you not knowing who you are, you have no self-worth and you tend to be emotionally driven because since you have no sense of who you are, you become dependent upon other people to take care of you and what borderline personality disordered people tend to do is that they find someone who will seem to accept them, an institution, it can be a

7 church, it can be a business, it can be your grandmother, a
8 wife, husband, a person and they attach themselves to that
9 person compulsively. They can't not be with that person
10 because that person makes them feel slightly better or
11 whole than they can be alone. Alone, they are frightened,
12 unsure, insecure about themselves. When someone seems to
13 like them, they just attach and grab onto that person.

1

6

Now the bad thing about that is if that person ever wants to leave the attachment, these individuals with borderline personality characteristics get hugely frightened and are enormously afraid of being abandoned because if they are abandoned, all they have left is themselves, but themselves is not good. They have nothing when that person leaves them.

So they become enormously frightened and emotional and sometimes they get extremely worked up about what's going to happen if this person leaves me and they can even become paranoid, which means they will start having thoughts, which normal people will have if you love

PATSY K. SMITH, OFFICIAL COURT REPORTER

Page 26

someone dearly and you think they are going to leave you, 1 you may start thinking things in your mind that you can say 2 to yourself, gosh, that's paranoid, you know, why am I 3 thinking about these things? This is really a little 4 paranoid. It's delusional. 5 Well, people who are not put together 6 emotionally do this commonly and start inventing a reality 7 that doesn't exist, which may have been the case in this 8 situation. It may have been -- in this situation, he 9 believes that the deceased had been cheating on him. That 10 may or may not have been true. He believed it because he 11 felt her leaving him. 12 Did you develop an opinion as to 13 Q whether or not there was some individual out there that Mr. 14 Chappell had become attached to, as you've described? 15 I'm sorry, I missed --Α 16 Did you develop an opinion as to 0 17 whether or not there was some individual out there that Mr. 18 Chappell had become attached to, as you described? 19 Α Ms. Panos was the person he was 20 attached to. 21 I would like to you refer to page 11 in Q 22 your report for a moment. The second full paragraph, you 23 state that, "Mr. Chappell would be the type of individual 24 to feel persecuted, humiliated, and disparaged by others 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

Page: 1555

because his own self-image is one of weakness and
 ineffectuality. At times, Mr. Chappell can become so
 self-absorbed that his daydreams blur fantasy filled with
 reality."

What did you mean by that? 5 A Well, this is one of the personality 6 test results and personality tests aren't perfect. This 7 isn't physics or mathematics where one plus one equals 8 two. Personality tests, better or worse, measure 9 characteristics of a person and then by interviewing the 10 person and reviewing records, you judge whether the 11 personality characteristics generated by the personality 12 test appear to be accurate or not. 13

In this case, I believe that the test result 14 was a very accurate description of a person I had spent 15 time with and the person depicted in those school 16 psychological and school social work records. A person who 17 feels weak, ineffective, and feels easily hurt and 18 disparaged by other people to the point that, as I said 19 previously and not to bore you, if you feel that badly 20 about yourself and the one person you do rely upon you feel 21 is going away, then your mind may start having irrational 22 thoughts. She's probably sleeping with somebody, she is 23 sleeping with somebody, she stayed out at night, she must 24 be sleeping with somebody, who is it and it's probably that 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

quy I saw her look at the other day. It's someone. 1 Those are normal feelings people could go 2 through when they lose someone they love. Someone with low 3 verbal IQ, with the childhood experiences with Mr. 4 5 Chappell, with this type of personality structure inevitably have thoughts that approach this sort of 6 paranoid state, although he wasn't paranoid, paranoid at 7 that time. I can't say that he was actually out of touch 8 with reality. I am saying that he was having thoughts that 9 10 were, perhaps, not accurate representations of reality. Were the results of these tests that 11 0 you ran, these three tests you just described, were they 12 consistent with your interview with Mr. Chappell? 13 Yes, very much so. 14 A Q Did Mr. Chappell discuss with you his 15 substance abuse problem? 16 Yes. Α 17 Was that significant in your findings? 18 0 To cut to the quick, he became Α Yes. 19 20 dependent on cocaine in about 1992, after a history of using marijuana and cocaine socially or intermittently or 21 recreationally, however you want to call that, during his 22 23 teenage, late teenage years. 24 To become dependent on cocaine is a very dangerous thing because of the short half life of cocaine. 25 PATSY K. SMITH, OFFICIAL COURT REPORTER

1 It gives you a short high and then you need more to stay 2 up. And so what happens is Mr. Chappell became dependent upon having cocaine and notably, when one is dependent on 3 4 cocaine, the chances of having aggressive behaviors, 5 paranoid thoughts are two classic symptoms of being cocaine 6 dependent. If anybody in this jury were using cocaine 7 regularly, many of you would have paranoid thoughts and would become more aggressive because that's what cocaine 8 does to you. 9 10 And so Mr. Chappell, unfortunately, probably chose the very worst substance that he could become 11 12 dependent on. Cocaine was the one he chose -- well chose -- he used and then became dependent upon its use. 13 14 Q During your interview with Mr. Chappell, did you discuss his relationship with Deborah 15 16 Panos? Α Yes. 17 From a historical perspective 18 Q initially, what did he tell you about their relationship? 19 20 A It had been a rocky road and at the 21 same time he admitted to me that he had hit her in the 22 past. I think once he was arrested for domestic abuse in Arizona, but that he loved her deeply and in listening to 23 him, and that's what psychologists or psychiatrists do, we 24 try to listen to see whether the person seems sincere in 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

their depiction of their feelings or thoughts and in his 1 2 depicting his relationship with Ms. Panos, he was really 3 crying uncontrollably for several minutes, when we talked about the actual murder, and he was enormously remorseful. 4 He knew that he had done something that he had never set 5 out to want to do. He had destroyed and killed the person 6 7 he most relied upon and cared about. As abnormally as that caring might have been, it was his only attachment in life 8 to someone else, that he cared deeply for her and ended up 9 10 killing her and feels to this -- or at least felt, when I saw him, enormously remorseful that he had actually done 11 12 what he had done.

13 Q You feel like his emotional outbursts
14 were sincere?

I have seen -- yes. I have seen enough 15 A murderers who do not show remorse except for themselves, 16 I'm going to be in prison for the rest of my life, poor me, 17 and there are a minority of people who kill who actually 18 wished that they could take it back and realize that it 19 wasn't what they wanted to do or intended to do and feel 20 terrible about it. I think he is one of those minority of 21 people who kill, who actually would do anything to turn the 22 clock back and undo what he did. 23

24 Q Did he discuss with you the facts or 25 factors of their relationship a couple months prior to her

PATSY K. SMITH, OFFICIAL COURT REPORTER

death? 1

25

2 A Yes. 3 Q Did you find anything significant about the things, the facts that he discussed with you? 4 A Very significant because, and maybe 5 6 I'll take a few minutes going through this because I want 7 you to get an idea of his state of mind, what made him do what he did. That's my job and so I took him back several 8 months and tried to have him explain to me what the 9 10 relationship was like and to the best that I could put this together, this is what he told me and it seems to be -- it 11 seems to be a credible, a credible explanation of what 12 occurred in his life. 13 He said that he was in the Clark County 14 Detention Center charged with shoplifting between February 15 28 and May 10, 1995. During that time, he told me that Ms. 16 17 Panos was visiting him, bringing the children, bringing him money, staying in touch, that he was doing okay in jail, 18 she was there for him. 19 Then he got out of jail on about May 10th, 20 21 1995 at which point apparently Ms. Panos had a couple of female friends move into the apartment and they had 22 boyfriends or fellows that came over and Mr. Chappell, who 23 was not very happy with that whole state of affair because 24 the guys were drinking, leaving their bottles around, he

PATSY K. SMITH, OFFICIAL COURT REPORTER

Page 31

Page 32

1 just didn't like it. It wasn't a good time. And then he told me that Ms. Panos began 2 3 staying out at night until 3, 4:00 in the morning with one of the women who remained in the home at the time, a woman 4 by the name of Clair, whom I have never met, and he was 5 6 sitting up all night worrying and saying," It's getting to 7 me," which was consistent with his personality 8 characteristics if that actually did in fact occur. She 9 was going out and staying out until 3, 4 a.m., then he would be getting very anxious, nervous, what is she doing, 10 11 who is she with, what's going on? 12 And then what happened, she left him. For 13 whatever reason, she didn't like him, she fell out of love, 14 he hit her, whatever, she left with the kids for a couple 15 of weeks in June, I believe, and in June of 1995 and this 16 made him increasingly nervous that she was seriously 17 considering leaving him and then what happened, according 18 to what he told me, was one day he was at home and he got a 19 call that turned out to be from Motel 6 and he hit the 20 redial number on the telephone. He didn't know it was Motel 6. He was asking for someone in the home and found 21 22 out that the motel operator had confirmed that his 23 girlfriend, Deborah Panos, had stayed at the motel the 24 night before and I asked him what was that like for you when you found out? He said, "I was crying, nervous, hurt, 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

<u>Page: 1561</u>

totally blown away," which again was consistent with his personality test results and consistent with the way he felt at the time I saw him.

4 And, again, Ms. Panos apparently returned, 5 took the clothes, took the kids, and left for another week and he said, "I started getting high on cocaine," which was 6 7 his way of getting rid of the world around him and he said. 8 "I was doing this 'to get it out of my head. I didn't 9 want to focus on her sleeping around Las Vegas,'" and now 10 the paranoid thoughts, and maybe she was sleeping around 11 Las Vegas or maybe, in his mind, that's what he thought was the worst possible thing and he was now becoming somewhat 12 13 paranoid, she must be sleeping around with other guys, that's why she left me and that's what was going through 14 15 his head at that point.

16 Then he was jailed again for shoplifting, which is very common for people who use cocaine. 17 Thev 18 steal things to get money for cocaine. He went back into 19 the detention center and became extremely out of touch with -- he became more and more paranoid, thoughts started 20 going through his head. He said, "I could feel her being 21 22 touched. I had dreams of her messing with people." And so 23 he spent his time in jail thinking that his girl and love is now really cheating on him and he's having vivid 24 25 pictures of it in his mind. He eventually called home one

PATSY K. SMITH, OFFICIAL COURT REPORTER

night, a man answered. It could have been nothing, but in
 his mind the man was someone who was sleeping with Ms.
 Panos. Finally, he got out of jail and the night that the
 murder took place, he went to see Ms. Panos.

So to make all of that make sense, in his 5 mind over the summer, as she was drifting away from him, he 6 7 was feeling increasingly insecure, paranoid, feeling that he was losing her, and getting increasingly anxious and 8 those emotions were depicted in the letters he was writing 9 to her, some of which I had and read. He was afraid and 10 frightened like a little kid that his mother was leaving 11 him. He was just absolutely frightened to death that his 12 -- that the one person he relied upon was slipping away. 13

14 Q Did you see any evidence, from your 15 conversations with Mr. Chappell at that time that he was in 16 custody, that he intended to do her any harm?

He didn't state to me that he had any A 17 intention to do her harm. He certainly was clearly angry 18 at her and even as he was talking to me, he became angry 19 when he relived what he was going through; thinking about 20 her, he was angry as he was talking to me. So the feelings 21 were still right there. Those feelings were right there 22 out in present, as he was depicting all of which was going 23 on in his life over the past -- at that time in his life. 24 I want to move onto what he told you Q 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

about the day that Deborah was killed, referring to page
nine, last paragraph in your report. Can you indicate or
state to the jury what James told you about the day that
Deborah was killed and what significant things that taught
you?

A Well, I hesitate, but probably will do it anyhow because it's probably useful. He was extremely graphic and explicit in what he told me occurred when he went into the window of the trailer to see Ms. Panos.

10 Now, again, as an expert witness, I feel it's incumbent upon me to tell you I wasn't there, I really 11 don't know what happened that night, and I can't tell you 12 13 that I know what happened that night. I can only tell you what Mr. Chappell told me happened that night and try to 14 understand whether what he told me seems to hang together 15 logically given his personality characteristics or it 16 doesn't, but I wasn't there, I don't know what happened 17 that night. 18

He said, in any event, that he didn't have the key, he climbed in a window, and that Ms. Panos allowed him to come into the window and he didn't know that she had been home at that point and that the two of them had sex. And then he said, and I'm going to quote this, even though it's not the type of language that we would typically quote. I think it's gives you an idea of what was going on

PATSY K. SMITH, OFFICIAL COURT REPORTER

1 in his mind at that moment I think. "When I enter her, her 2 vagina is all loose. It wasn't right. I instantly got 3 The smell on her wasn't good. I said, 'You been up. fucking, huh?' She says, "No." I was crying and pacing. 4 She performs oral sex on me. Then I found men's boxers on 5 the bedroom floor. She says, 'It must be Claire or Lisa's 6 friends.' I'm really pissed. My mind's spinning. We're 7 8 walking out the door, get in the car. I see two boxes with cheap beer cans. I ask her, 'Who's been drinking?' She 9 says, 'Lisa and Clair.' The car is trashy. Beer cans on 10 the floor. It's pissing me off. The light's broke off. 11 The ceiling upholstery is ripped. She's blaming the kids. 12 13 The gearshift was broke. The air conditioning was broke. All my tapes were gone. Then I found a letter in the car 14 to her from some guy. He talking about, 'I love the way 15 you did this to me.' This feeling came inside me. She 16 sees me reading the note. All I could picture was my lady 17 18 in bed with someone else. I got out, grabbed her, took her in the house. She's on the floor at the front door." 19 When he, when Mr. Chappell said those 20 sentences to me, hopefully my reading them to you can 21 convey half of what it felt like to listen to that from his 22 mouth. He was actually reliving what he seemed to be 23 reliving what had gone on in his mind, at least at that 24

PATSY K. SMITH, OFFICIAL COURT REPORTER

moment. Obviously, to me, there's no possible way in

_Page: 1565

25

reality he could tell that his wife was having sex with
 another woman. I think in his mind already he thought she
 was cheating on him.

4 So, as soon as he had sex with her, he just -- those thoughts took over and he knew his wife was 5 cheating on him at that point and he just got up, ran out 6 of the house, into the car, finds his car a mess, gets 7 8 angry about that, then finds the love note, reads this note, and that's the end of that and just loses it. Brings 9 her back into the house. I asked him what happened when he 10 got back into the house and he just started crying 11 uncontrollably and I waited until he was back in control 12 13 and he said, "She just laid on the floor and covered her face. I still to this date don't remember everything I did 14 to her. It happened so quick. Then I panicked and left." 15

I didn't press him for the gruesome details 16 of what he did to her because, to some extent, when 17 something traumatic happens, whether you are the victim or 18 19 perpetrator, you will have a distorted memory of that, but, to some extent, he probably does remember what he did and I 20 didn't feel like putting him through the torture of telling 21 me about stabbing her and so I just let it be because we 22 already knew what had happened to her and I didn't feel 23 like -- he was already a mess, crying uncontrollably in my 24 I didn't think it would serve any purpose for me 25 office.

to make him relive the events another time. 1 2 While he was reliving the events and 0 3 exhibiting his emotions, did you feel that they were sincere? 4 5 А Yes. 6 Q You testified earlier that you did have an opportunity to review the report from Lansing, 7 Michigan? 8 9 A Yes, I did. 10 0 We've discussed them, to some degree, already today. Is there anything in those reports of 11 clinical value which you haven't already explained to the 12 13 jury? Well, to me, it's important. I would Α 14 hope that the jury could see the importance of it. I will 15 quickly go through the Lansing, Michigan report because I 16 think it attests to his credibility, when he was speaking 17 to me about his life. I know he wasn't lying about this 18 and it, basically, says that this was a young guy who, by 19 20 grade two, was already doing so badly in school and behaving so unusually, that he came to the attention --21 back in the 1970s, psychology was not the most exact 22 science or whatever you want to call psychology, art and 23 24 science, and for a child in the late '70s to come to the -for the school district to realize there is something wrong 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

with this kid in the late '70s and do the number of things 1 that the school district did to understand him, I thought 2 was unusual in the records I've reviewed in so many of 3 hundreds of cases in the past. 4 By grade two and three, he had already been 5 a very poor student. His grade two teacher wrote, "James 6 is often reminded to get busy, often given extra time to 7 complete work, especially reading packet. Often talks to 8 9 those around him. Changes mood quickly." In grade three, "Easily distracted and is 10 late getting his work in often. He needs to show work on 11 listening when others are talking." 12 In grade four, the teacher says, "James is 13 not applying himself. He has real difficulty in math, but 14 should be doing much better in reading. He is overly 15 disruptive in class and needs to be encouraged to be more 16 respectful and considerate." 17 A social worker in 1977 evaluated him 18 saying, "His actions and reactions are very slow. He asks 19 unrelated questions and will not respond when spoken to. 20 He is in the fourth grade and functioning at a second grade 21 level. His grandmother enrolled him in Head Start where he 22 would not play with anyone or talk to anyone." He finally 23 built a relationship with a new teacher, but she had to go 24 and left and he regressed to his old behavior and stopped 25

2 So he was an emotionally disturbed kid, who 3 was diagnosed as SLD, severely learning disabled, and 4 placed in a SLD special education classroom setting where 5 he had one-on-one attention.

(

In high school, his Achievement Test results 6 7 were very bad. On the stanine scores that go from one to 8 nine, one being the lowest and nine being the highest, James' stanine reading comprehension in 1985 was the 9 10 lowest, a one. In math, a one. So by high school, despite being in Special Ed, he had gotten no where and, in fact, 11 when the school psychologist eventually saw him, when he 12 was 16 years nine months of age, she wrote, "The extensive 13 interview revealed a youngster who seems to feel he has 14 little hope of succeeding at life, especially as it relates 15 to academic achievement. He did not appear to have many 16 coping skills to deal with problems he encounters and tries 17 to endure whatever comes his way by purse pointing action. 18 He tends to withdraw and avoid when he encounters problems 19 and often takes what appears to him to be the easy way 20 21 out."

She described him as having, "Low
self-concept, depressed, distrusting, few coping skills,
low self-image, poor problem solving skills, difficulty
completing assignments," et cetera, and he graduated or,

PATSY K. SMITH, OFFICIAL COURT REPORTER

1 I'm sorry, in his ninth and tenth grade years, his GPA was 0.65 and making him ranked in his class of 584 out of 607 2 3 students. So he was a very unsuccessful student all the way through school. Was, fortunately, found to be learning 4 disabled and the help they gave him didn't do the trick and 5 it just didn't help him. 6 7 Q Did you find any evidence in these school records of any undiagnosed learning disabilities? 8 They -- I'm not certain I ever saw them 9 Ά 10 make a diagnosis of a specific learning disability, but from reconstructing those comments and how he scored on a 11 test I gave him, he certainly would have had a diagnosis of 12 developmental arithmetic disorder known as Mathematics 13 Disorder and language disorders known as Receptive Language 14 Disorder. So he was learning disabled. 15 Additionally, he probably met the criteria 16 of being a ADHD kid, Attention Deficit Hyperactivity 17 Disorder. Impulsive, unable to do work, couldn't sit 18 still, disruptive in class. 19 Today there are treatments for people Q 20 who have attention deficit hyperactivity disorder; is that 21 22 correct? Α Yes. 23 But there is no evidence that James Q 24 ever received any treatment? 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

And there were treatment back then, but 1 A 2 there is no evidence whether he received any treatment, whether it was psycho therapeutic or medical. 3 James described to you, in great Q 4 detail, the circumstances that occurred when Deborah was 5 killed and I take it he essentially described to you that 6 he went into a rage? 7 Α Yes. 8 Is that consistent with his behavioral 0 9 characteristics as you discovered them during your 10 evaluation? 11 It's very consistent with his A 12 personality test results and his use of cocaine, 13 absolutely. 14 Dr. Etcoff, we all have the ability to Q 15 make choices, correct? 16 A Yes. 17 I might call that our free will, for Q 18 lack of a better term? 19 A Yes. 20 In your expert opinion, do we all have 21 0 the same level of free will? 22 No. Α 23 Can you go into more detail and explain 24 0 that? 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

1 A Anybody, any person at various times 2 during his or her life, depending upon their intellectual abilities, the amount of security and love in that person's 3 life, a variety of factors, the stresses in that person's 4 life comes to situations when a choice has to be made. 5 6 Sometimes, when you are of high intelligence and come from a fairly normal home, even very stressful situations will 7 8 allow you to still have an enormous amount of free will or the capacity to think before you act and come up with at 9 least a decent decision; maybe not the best, but something 10 decent. 11

To the extent that your IQ is lower, to the 12 extent that you've had learning disabilities, undiagnosed 13 neuro developmental disorders, such as learning 14 disabilities or ADHD, to the extent you may be dependent 15 16 upon a substance, whether it's alcohol, amphetamines or cocaine or anything, and to the extent of your own 17 personality characteristics, your free will is limited. 18 In fact, people with personality disorders by definition have 19 20 limited free will because when a situation occurs as a result of having an inflexible personality, the person with 21 an inflexible personality or set of characteristics, 22 something happens, they react, they either think a certain 23 thought feel, a certain feeling, behave a certain 24 25 behavior. They are not even conscious of it half the

They just react as they have been reacting in life, 1 time. life long. That's why people repeat their mistakes in many 2 instances. 3 Did the fact that James had a low Q 4 verbal IQ effect his ability to make choices, effect his 5 free will? 6 Ä Yes, it lowered it. 7 Does the fact that he came from a 8 0 difficult childhood effect his ability to make choices to 9 exercise his free will? 10 A Yes. 11 Does the fact that he was diagnosed 0 12 with specific personality disorders effect his free will? 13 A Very much so. 14 MR. CROSS EXAMINATION 1 2 BY MR. HARMON: Dr. Etcoff, prior to June the 11th, 3 0 1996, had you ever met or heard of James Chappell? 4 I hadn't met. I may have read Α 5 something about it had it been in the RJ, but I had 6 probably forgotten. So for all intents and purposes, no. 7 How long did you spend with him during 8 Q your evaluation at your office? 9 Α Interviewing him two hours and, 10 perhaps, another half an hour, three quarters of an hour 11 and other assorted evaluation components. And the actual 12 IQ test was administered by one of my associates in the 13 office and the personality test he did by himself via audio 14 tape. Since we weren't sure he could read well enough, we 15 gave the test by audio tape and that was without me in the 16 17 room. When you interviewed him, were you 0 18 aware he was incarcerated? 19 A Oh, yes. 20 Did he most certainly seem to be aware Q 21 that he was in custody? 22 There was a policeman sitting in the A 23 room with us and he was in shackles. 24 Were you aware that he was charged with 0 25 PATSY K. SMITH, OFFICIAL COURT REPORTER

first degree murder and robbery and burglary? 1 2 A Yes. You understood those to be serious 3 Q crimes? 4 Yes. 5 A Did Mr. Chappell seem to have the 6 Q presence of mind which enabled him to understand that he 7 was charged with those crimes? 8 Yes. 9 A You've described your experience. How 10 0 much opportunity have you had to evaluate persons who were 11 incarcerated who are facing a potential capital charge? 12 I would since about 1990, when an Α 13 attorney who's now with the Federal Public Defender's 14 Office, Mr. Michael Pescetta, came into town on a 15 government grant to start the Nevada Appellate & Post 16 Conviction Project. It was an organization in which he was 17 asked to train Las Vegas defense attorneys to conduct 18 specialized cases such as death penalty cases. 19 From that point on, I was trained by Mr. 20 Pescetta, served on a panel with him in presenting these 21 types of cases to attorneys, have been to death row several 22 times, and have interviewed approximately three dozen 23 murderers, certainly not as many as you, Mr. Harmon, and 24 have done throughout your career, but about three dozen 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

people who have killed. 1 2 Q You are talking about the three dozen 3 already being on death row? No, I have seen about six people Α 4 actually in Ely on death row and, perhaps, the rest were 5 actually either in the detention center or transported by 6 the detention center to my office. 7 So approximately 30 persons you are Q 8 telling us were facing potential capital charges when you 9 evaluated them? 10 That's a guesstimate, but, yes, about A 11 12 that. Do you recognize whether this was true 0 13 in particular case that when one faces the possibility of a 14 conviction for serious crimes of violence and faces the 15 potential very severe punishment, even the imposition of a 16 death sentence, that there does exist the temptation to, 17 perhaps, adjust the version of what happened to assist in 18 the defense? 19 I would absolutely agree. A 20 In this case, you've described the 0 21 defendant as being very cooperative? 22 A He was cooperative. 23 How do you define cooperation? Q 24 He wasn't irritated easily, he wasn't Α 25

silent. There are people who I see in the same 1 circumstance who I have to send them back to the jail. 2 They won't talk to me, they won't look at me, they don't 3 want help, they don't want an evaluation, they have got a 4 chip on their shoulder. They are not trying their best. 5 Mr. Chappell did what I had hoped he would 6 He answered my questions, he was cooperative, he 7 do. didn't seem to have a chip on his shoulder, he cooperated 8 with the evaluation. 9 You say he didn't seem to have a chip 10 0 on his shoulder? 11 Towards me about the evaluation. А 12 But you said, as he appeared in your Q 13 office to relive this experience, that he was still very 14 angry? 15 Yes, sir, he was. A 16 His emotions were still right up to 0 17 where they were obviously apparent to you? 18 A Correct. 19 Still very angry at whom? Q 20 At the deceased. 21 Α Deborah Panos? 22 0 Yes. And himself, both. A 23 If he was not telling you accurately Q 24 what happened on the day he killed her, would you still say 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

he was cooperative? 1 2 A No. Q If he was either directly lying or 3 telling you half truths, then you would say cooperation 4 would be a mischaracterization? 5 Α I would say I would have to re-think my 6 opinion and I might have to say that, in certain parts of 7 the interview, he was cooperative, in certain parts of the 8 interview, he was lying. 9 Now you've explained to us that you had Q 10 an opportunity before you talked with him on June the 11th 11 to review the police reports? 12 A That was the day I saw him for the 13 entire evaluation. 14 But prior to that, you had an Q 15 opportunity to review the Metropolitan Police Department 16 reports regarding this crime? 17 A Yes. 18 Q You mentioned that you reviewed a 19 statement by Lisa Duran? 20 Α Yes. 21 You also reviewed some letters that the 0 22 defendant purportedly had written to Deborah Panos? 23 Α Yes. 24 From jail? A 8 You don't know what a friend and 9 0 roommate of Deborah Panos would say about the extent of the 10 domination and attempt to control by this defendant, Mr. 11 12 Chappell? No, I don't know the extent of that as Α 13 I haven't had the opportunity to interview that person. 14 You never actually met and talked with Q 15 Lisa Duran, did you? 16 Α You are correct. 17 You didn't talk with other co-workers 0 18 of Deborah Panos who knew very well what her dilemma was, 19 such as Michael Pollard? 20 That's correct. Were you unaware of the threats she 1 Q described which this defendant had directed at Deborah 2 3 Panos? I must be unaware of those threats. Ά 4 You mentioned that when the defendant 0 5 described his relationship, he admitted that he had hit 6 her? 7 Α Yes. 8 So you were aware, to some extent, that Q 9 there was a history of domestic violence? 10 Α Correct. 11 I think you mentioned earlier, Doctor, Q 12 that the defendant told you he was arrested once in 13 Arizona? 14 Α Yes. 15 Is that the only domestic violence Q 16 arrest he explained to you? 17 I am not certain whether there were А 18 There might have been others. I don't know. 19 others. That's the only one you alluded to? 20 Q Α Yes. 21 Is that the only one you remember 0 22 specifically him advising you of? 23 Yes. several occasions in Las Vegas for domestic violence? 1 I don't believe he did. I can check my 2 А notes, but I think I would have placed that in the report 3 had he told me that. 4 Will you check your notes, please. 0 5 Certainly. Α 6 He mentioned the domestic violence arrest in 7 Arizona and slapped her a couple times, had arguments about 8 the way her parents treated him. He left her twice to go 9 back to Michigan. He said she hit him also, pulled a 10 knife, went after him with scissors. He stated she never 11 needed medical attention as a result of these 12 altercations. 13 He said between January and February, 1995, 14 there was one incident and argument and she required 15 medical attention. I threw a cup at her, hit her in the 16 nose, broke her nose, I called 911, ambulance came, cops 17 came and took me off to jail. 18 So he actually might have said it to me and 19 in writing up my report, I was not careful enough and 20 actually didn't place that other incident into the report. 21 So there seems to be another January -- some time between 22 January and February, 1995, another incident of domestic 23 violence that resulted in the policemen having him being 24 taken to jail. 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

That incident resulting in a broken 1 Q nose to Deborah Panos? 2 I'll take your word for it. А 3 Well, is that what you read from your Q 4 5 notes? I don't know if he gave me a -- yes, a A 6 broken nose. Yep. 7 Are there any other references to 8 0 arrests in Las Vegas for domestic violence? 9 I don't believe so. I don't believe A 10 11 80. Did the defendant tell you about a June 0 12 1, 1995 incident when he was arrested? 13 I don't recall him saying that. Ά 14 Did he describe a situation where he 0 15 argued with Deborah Panos at the mobile home where they 16 lived, that the argument progressed into the bedroom where 17 he pushed her down on the bed, got on top of her, pinned 18 her arms down, and threatened her with a knife? 19 I don't believe he told me that Ά 20 incident, no. 21 Well, of course, just as you omitted to Q 22 put in your formal report one of the incidents he had told 23 you about, which appeared in your notes about the broken 24 nose, sometimes inadvertent mistakes can be made; is that 25

1 correct? 2 Α Yes. Q But assuming for a moment that the 3 omission by the defendant, when he talked to you in 4 describing the act of domestic violence occurring on June 5 the 1st was deliberate on his part, would that effect your 6 opinion about how cooperative he was being and how credible 7 he is? 8 Yes. 9 A 0 Suffice it to say there had been a 10 history of domestic violence involving the defendant and 11 Ms. Panos? 12 That's correct. A 13 Were you aware there were three small Q 14 children that were born by Ms. Panos, sired by the 15 16 defendant? A Yes, I was. 17 Did you know their ages were seven, 18 Q five, and three? 19 I don't recall at this moment, but I Α 20 will take your word for it. 21 You have told us that half of your 0 22 practice involves children? 23 That's correct. about the affect upon children of 10 years of age --1 2 MR. EWING: I'm going to object as to 3 relevancy. (BY MR. HARMON) -- who were subject to 4 Q a history of domestic violence? 5 MR. EWING: Mr. Chappell is not charged with 6 any crimes relating to his children. I object on relevancy 7 grounds. 8 THE COURT: Sustained. 9 (BY MR. HARMON) Dr. Etcoff, would you 10 Q agree that at least partial opinions that you formed would 11 be invalidated if you weren't receiving accurate in 12 information from the defendant? 13 I'm not ready, based upon the one 14 A admission -- the one omission of Mr. Chappell about a 15 domestic violence episode that took place in 1995 to change 16 my professional opinion about this particular event. I 17 would ---18 Did you understand the question? Q 19 I thought I did. A 20 If he misrepresented to you, if, if he Q 21 misrepresented to you what occurred on the date of the 22 murder, not at night, during the daytime when the murder 23 occurred, if he did that, would that tend to invalidate 24 many of your opinions? 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

It might have an effect of making me A 1 re-think my opinions, especially if the facts in the case 2 were much different than how he portrayed them to me. If 3 there were minor changes, I'm not certain how great an 4 effect it would have on my opinion, but if what he told me 5 what occurred was completely different than fact, then I 6 would really have to re-think my opinion. 7 In your experience interviewing persons Q 8 who are charged with serious crimes, don't they very often 9 attempt to justify what they did? 10 A Yes. 11 Don't you find very often that they try Q 12 to convince you that there is an area which mitigates their 13 responsibility for their acts? 14 The very sophisticated ones do. The Ά 15 ones who are not so sophisticated or smart don't even 16 understand that they should try to do that in their 17 defense. 18 It isn't a natural instinct of any Q 19 individual to attempt to excuse or explain or justify what 20 he did? 21 That's a natural human inclination. A 22 You've explained to us that despite Q 23 your findings in terms of the defendant's IQ and I think 24 you said his full scale intelligence quotient was 80? 25

That's correct. 1 Α Which is the 9th percentile of the 2 Q population, you, nevertheless, emphasized that he is not 3 mentally retarded? 4 That's correct. 5 A Does this defendant, in your opinion, 6 Q have the ability to distinguish between right and wrong? 7 А Yes. 8 In your opinion, did he know it was 9 Q wrong on August the 31st, 1995 to kill Deborah Panos? 10 That's -- there's a simple answer, А 11 which is, of course, he did and then there is the 12 complicated but perhaps better answer that you can know 13 something is wrong, but have very bad control of yourself 14 and do something that's wrong without much control. 15 Well, that's a different issue, isn't Q 16 it? 17 It's a different issue. Α 18 My question was, in your opinion, did Q 19 he know on August the 31st, 1995 that it was wrong to kill? 20 Α Yes. 21 Now, you are suggesting that he may Q 22 have been prompted by various personality disorders, by 23 being obsessively attached to her, by being paranoid, by 24 his drug dependency to act impulsively? 25

PATSY K. SMITH, OFFICIAL COURT REPORTER

А Yes. 1 Q But he certainly knew the action was 2 wrong? 3 Yes, he did. А 4 In your opinion, does he have the 5 Q capacity to premeditate? 6 Yes, he can have the capacity to 7 А premeditate. 8 Mr. Chappell certainly is of sufficient Q 9 soundness of mind to, for example, sit in the jail and 10 become so angry that he plans on committing a murder; he 11 could do that, couldn't he? 12 A He could. 13 And you can't actually climb into his Q 14 mind to know exactly what he had planned or decided to do 15 before going to her house that day? 16 That's correct, I can't do that. Α 17 You simply don't actually know what Q 18 happened? 19 That's correct. А 20 You have a certain basis for an opinion Q 21 that you certainly are an expert in your field and you are 22 offering expert opinions, but it's basically all theory, is 23 it not? 24 Well, the question you are asking is do Α 25 PATSY K. I know what happened that day and I believe I previously 1 2 answered, in my caveat to the jury, that I don't, I wasn't there, I can't read his mind, I have no idea what really 3 transpired that day. All I can do is what a psychologist 4 does is to attempt to explain why he did what he did to the 5 6 best of my ability. 7 Q As apparently with the defendant's 8 statement, about two hours with you, in attempting to explain what he did -- why he did what he did? 9 He probably spent 10 minutes or 15 10 Α minutes trying to explain what he did and rest of the time 11 was spent talking about other aspects of his life. 12 13 Q Now, as I remember in the account the defendant gave you June the 11th, 1996, he told you that he 14 went to the mobile home and entered through the window? 15 I believe that's correct. A 16 0 Now, at the time he was explaining 17 this, were you aware that it was certainly after his arrest 18 for murder? 19 Oh, yes. 20 Α Did you know it was after a preliminary 21 Q hearing had been conducted? 22 I probably didn't think of it at that Α 23 moment, but that makes sense. 24 The record in this case indicates that Q 25 PATSY K. the preliminary hearing for this defendant occurred October 1 the 3rd, 1995? 2 Okay. 3 А Did you know how many witnesses he 4 0 heard testify at his preliminary hearing? 5 А No, no, sir, I don't. 6 You didn't know that Dr. Sheldon Green, 7 Q a medical examiner, detailed the cause and manner of death, 8 that William Duffy, Lisa Duran, Russell Lee, Kimberly 9 Sempson, Mike Osuch, and Jimmy Vaccaro all testified at his 10 preliminary hearing? 11 A I didn't know. 12 So if he was paying attention, he knew Q 13 a lot about the evidence which had been arrayed against him 14 when he heard that evidence presented October the 3rd, 15 1995? 16 That would make sense. A 17 Were you aware that the State's notice 18 Q of intent to seek the death penalty was filed in this case 19 on November the 8th, 1995? 20 I don't know if I ever knew that. Α Ϊ 21 certainly don't recall that at the moment. 22 Well, if all of those chronologies in Q 23 terms of when significant things happened in this case are 24 true, then when the defendant begins to give his version of 25

saying this, is that whether he remembered precisely 1 2 exactly what occurred during the sex act would be of less 3 consequence to me or little consequence to me in contrast 4 to him telling me we had sex, when in fact it never took place or it never happened, I don't expect him to be able 5 to recount that one sexual experience perfectly a year or 6 so later, as I would not expect you to recount a sexual 7 8 experience you had a year ago with your wife perfectly to 9 me a year later. We are not talking about me and my wife 10 0 11 just on some day when nothing significant happened. We're talking about an act of which he is telling you occurred 12 within moments of his killing another human being. 13 I understand. Α 14 Well, the validity of your opinions, 15 Q many of them seem to be based upon the defendant being 16 cooperative and credible and believable? 17 18 A Yes. And if he told you it happened at 19 Q nighttime and it happened during the daytime, if -- I'm 20 saying because you had formed the opinion that this 21 happened at night and if he omitted telling you about 22 certain arrests, particularly one where he pulled a knife 23 on his girlfriend and now if he said he didn't ejaculate, 24 if he did, isn't that another example that would tend to 25

1 suggest maybe he isn't so credible? It could be. I'm not certain he was 2 A the one who said it happened at night. I might have just 3 assumed that at this moment, but to the extent that the 4 5 evidence in the case is different than his depiction of the evidence in the case, it does take away from his б credibility. 7 Well, the evidence in this case is that Q 8 his semen was inside of her. DNA has been done on it and 9 the genetic profile was consistent with him and the 10 frequency of this type of DNA profile being repeated is one 11 in 14 billion. So the evidence conclusively establishes 12 that he did ejaculate. 13 I believe you. 14 A MR. EWING: Your Honor, I'm going to object 15 to the characterization of the evidence. I don't think any 16 expert came in and said there is only semen after 17 ejaculation and that's incumbent upon the State to meet 18 that burden. 19 THE COURT: That's true, but it is a 20 permissible inference and, therefore, it's a proper subject 21 of cross examination. Your objection is overruled. 22 (BY MR, HARMON) To the extent each 23 0 time that this defendant has not engaged in total candor 24 with you during your evaluation, that also makes his 25

1 credibility to that extent more suspect, isn't it? A That's correct. 2 THE COURT: Mr. Harmon, how much longer do 3 you have? 4 MR. HARMON: Probably about five minutes, 5 your Honor. 6 THE COURT: How much do you have in 7 rebuttal? 8 MR. EWING: Three. 9 THE COURT: All right. 10 (BY MR. HARMON) Now you said, Doctor, 11 Q that you didn't press him for the gruesome details --12 That's correct. A 13 -- of exactly how he killed her? Q 14 That's correct. 15 Α 16 Q But you also are of the opinion that, to some extent, he probably did remember what he did? 17 А Yes. 18 Based upon your opinion, if the Ó. 19 defendant said yesterday from the witness stand that he 20 does not remember, do you find that statement to be 21 somewhat suspect? 22 Yes, but not in quite the same way as Α 23 you mean it in the sense that if -- there is a natural 24 desire to block out from your mind a horrible action such 25

as that, especially a murder, and I think it would be his 1 first basic instinct to kind of say I don't remember much, 2 I don't really know that much, and not to attempt to dig, 3 dig, dig and try to come back with as many memories as 4 possible. But I, on the other hand, believe that some 5 memories exist. 6 Isn't it the easy way out simply to 7 0 deny memory about something that you wish to avoid 8 describing? 9 10 A Yea. Suppose the evidence suggests in this 11 0 case that, at least he represented to those of us in the 12 courtroom that he had a detailed memory about everything 13 that occurred right up to the moment that he inflicted the 14 fatal injuries upon Deborah Panos and suppose immediately 15 afterward, again, he has detailed memory, but he claims to 16 have only a loss of memory at the time of the murder, would 17 you think that would tend to indicate he is selectively 18 remembering? 19 20 Ά Yes. Well, is that entirely candid? Is that 0 21 being cooperative to remember selectively? 22

23 A No.

Now, as I remember, you told us a few 9 Q minutes ago that he found some men's boxers in the mobile 10 11 home? Yes, I believe so. 12 Α Did he tell you where he found them? Q 13 I don't recall him telling me where he A 14 He might have said something. 15 found them. Did he tell you that might make him 16 0 even more suspicious? 17 I believe so, yes. 1 2	LAS VEGAS, CLARK COUNTY; MONDAY, OCTOBER 14, 1996
2 3 4	PRQCEEDINGS
5	THE COURT: The record will reflect that we are
6	outside the presence of the jury but still in session. The
7	State of Nevada has rested.
8	At this time pursuant to statute I would ask
9	that Mr. Chappell please stand. Mr. Chappell, Nevada
1 0	Revised Statute 175.171 provides in its heading and in its
11	text as follows. No special instructions to be given
12	relating exclusively to defendant's testimony.
13	In the trial of all indictments, complaints and
14	other proceedings against persons charged with the
15	commission of crimes or offenses, the person so charged
16	shall, at his own request, but not otherwise, be deemed a
17	competent witness, the credit to be given his testimony
18	being left solely to the jury, under the instructions of the
19	court, but no special instructions shall be given relating
20	exclusively to the testimony of the defendant.
21	Mr. Chappell, Nevada Revised Statute 175.181
22	provides in its heading and in its text as follows:
23	Instruction not to be given relative to the failure of
24	defendant to testify.
25	Subsection 1. No instruction shall be given

Page: 1353

1 relative to the failure of the person charged with the 2 commission of crime or offense to testify, except, upon the 3 request of the person so charged, the court shall instruct 4 the jury that, in accordance with a right guaranteed by the 5 constitution, no person can be compelled, in a criminal 6 action, to be a witness against themselves. 7 Subsection 2. Nothing herein contained shall 8 be construed as compelling any such person to testify. 9 Mr. Chappell, you have the right under the 10 Constitution of the United States of America and under the Constitution of the State of Nevada not to be compelled to 11 12 testify in this case. Do you understand that? 13 THE DEFENDANT: Yes, sir. 14 THE COURT: You may if you wish give up this 15 right and take the witness stand and testify. If you do, you will be subject to cross-examination by the district 16 17 attorney and anything that you may say, be it on direct or 18 cross-examination, will be the subject of fair comment when the district attorney speaks to the jury in his or her final 19 20 argument. Do you understand that? 21 THE DEFENDANT: Yes, sir. THE COURT: If you choose not to testify, the 22 court will not permit the district attorney to make any 23 24 comments to the jury concerning the fact that you have not 25 testified. Do you understand that?

1

4

<u>Page: 1354</u>

	<u> </u>
1	THE DEFENDANT: Yes, sir.
2	THE COURT: If you elect not to testify, the
3	court will instruct the jury only if your attorney
4	specifically requests, as follows:
5	Quote: "The law does not compel a defendant in
6	a criminal case to take the stand and testify and no
7	presumption may be raised and no inference of any kind may
8	be drawn from the failure of a defendant to testify."
9	Do you have any questions you would like to ask
10	at this time about these rights?
11	THE DEFENDANT: No, sir.
12	THE COURT: It is my understanding, Mr. Brooks,
13	that the decision has been made that Mr. Chappell will
14	testify in his case in chief.
15	MR. BROOKS: That is correct, Your Honor.
16	THE COURT: Mr. Chappell, you've had an
17	opportunity to discuss this with your attorney and it is
18	your wish to do so?
19	THE DEFENDANT: Yes, sir.
20	THE COURT: And you've done this with full,
21	open and comprehensive interaction with your counsel?
22	THE DEFENDANT: Yes, sir.
23	THE COURT: With that we'll bring the jury back
24	in.
25	(Jury entered courtroom.)

	<u> </u>
1	THE COURT: Will counsel stipulate to the
2	presence of the jury?
3	MR. HARMON: Yes, Your Honor.
4	MR. BROOKS: Defense will, Your Honor.
5	THE COURT: At this time the defense may put on
6	its case in chief.
7	MR. BROOKS: Your Honor, the defense would call
8	Bret Robello.
9	
10	BRET ROBELLO,
11	called as a witness by the Defendant, having been first duly
12	sworn, was examined and testified as follows:
13	
14	DIRECT EXAMINATION
15	BY MR. BROOKS:
16	Q Mr. Robello, could you please state your name
17	and spell your name for the record.
18	A Bret Robello, R-o-b-e-l-l-o, first name
19	B-r-e-t.
20	Q What do you do, Mr. Robello?
21	A I am currently a nurse and a paramedic.
22	Q And who are you employed by?
23	A I'm an agency nurse contracted to Sunrise
24	Hospital and I'm a jail nurse at the North Las Vegas
25	Detention Center.

	(_	<u> </u>
1	Q	What is your home address?
2	A	839 North Lamb Boulevard, space 126.
3	Q	Is that a trailer?
4	А	Yes, it is.
5	Q	And is that in the Balerina Sunrise Mobile Home
6	Park?	
7	A	Yes, sir.
8	Q	Do you recognize Mr. Chappell sitting over at
9	the defense	table there?
10	A	Yes, sir, I do.
11	Q	How would you know Mr. Chappell?
12	A	He was my neighbor for actually I don't
13	recall how 1	ong it was, but he lived in space number 127 I
14	believe.	
15	Q	Would that be right next to your trailer?
16	А	Yes, sir.
17	Q	How long have you lived in the Balerina Sunrise
18	Mobile Home	Park?
19	А	May 5th will be five years.
20	Q	So you were there before he ever moved in?
21	А	Yes, sir.
22	Q	I am going to show you State's Exhibit 66. Do
23	you recogniz	e this individual?
24	А	Yes, I do.
25	Q	Who would this person be, if you know?
	· · · · · · · · · · · · · · · · · · ·	

7.

	(<u>~</u>
1	A First name was Debbie, I believe Panos was the
2	last name.
3	Q And did she live in the trailer with James?
4	A Yes, sir.
5	Q Next door to you?
6	A Yes, sir.
7	Q Who else lived in that trailer during the time
8	that they lived there, if you know?
9	A When Mr. Chappell lived there, I believe the
10	only other people were their children, three young children.
11	Q And when Mr. Chappell did not live there who
12	lived there?
13	A It's real hard to say there was so many people
14	in and out of there. Three or four couples that I recall
15	staying there.
16	Q Did you ever get a chance to meet any of these
17	couples?
18	A Not on a personal level. They would argue and
19	fight quite often and we would hear them in the driveway
20	making up, fighting, making up, fighting intermittently.
21	Q Did you ever get a chance to socialize with
22	these people?
23	, A No, sir.
24	Q Did you ever get a chance to go inside James
25	Chappell's trailer?
,	

ŕ

2

.

.

-Page:-1358

	9
1	A Briefly, yes, sir.
2	Q Why did you go inside their trailer?
3	A One morning their young daughter had gotten out
4	of the house somehow for some reason and I guess she had
5	gotten lost. Since the trailers kind of resemble each other
6	she was trying to get in our trailer probably thinking it
7	was her house. She was kind of crying so I picked her up
8	and took her over to their house and brought her in. I just
9	came in the front a little bit enough to see the kitchen
10	area and a little bit of the dining room.
11	Q What was the state of the housekeeping that you
12	saw?
13	A The house looked in a messy condition.
14	Q Consistent with someone who has three kids?
15	A Yes, sir.
16	Q Someone who probably doesn't have a maid?
17	A Most definitely.
18	MR. BROOKS: We'll pass the witness, Your
19	Honor.
20	THE COURT: Cross?
21	MR. HARMON: Thank you, Judge.
22	
23	CROSS-EXAMINATION
24	BY MR. HARMON:
25	Q How did you spell your last name, sir?

Page: 1359

	(<u></u> <u>10</u>
1	
	A $R-o-b-e-1-1-o$.
2	Q Did you say you still lived in the Balerina
3	Mobile Home Park?
4	A Yes, sir.
5	Q You have referred in your testimony to a period
6	of time when the defendant Mr. Chappell was, what, your next
7	door neighbor?
8	A Yes, sir.
9	Q What time period was that?
10	A I left for California for the police academy on
11	August 22nd of the year it happened. So I would say
12	probably possibly three to four months prior to that at
13	most. I'm really not I can tell you up until August
14	22nd from the day they moved in until August 22nd when we
15	left for California for the police academy the incident in
16	question happened while I was at the academy. I didn't
17	graduate until December 15th.
18	Q Are you talking about the calendar year 1995?
19	A Yes, sir.
20	Q Were you living in the park when Deborah Panos
21	and the defendant and the children moved in?
22	A Yes, sir.
23	Q So to your knowledge how long before your
24	leaving for the police academy in California was it that Mr.
25	Chappell had not lived next door?
L	

1	A An honest answer is I really don't recall, sir.
2	Several months at least.
3	Q And you're saying you left town on August the
4	22nd, 1995?
5	A Yes, sir.
6	Q Now, I take it during this several month period
7	where the defendant was not there that there seemed to be
8	several couples that you associated with the next door
9	residence?
10	A We didn't associate with them. They were just
11	frequently there.
12	Q No, I'm saying that you associated with.
13	A With the home, yes, sir.
14	Q Did you meet any of those persons?
15	A No, sir. Several times the police were called
16	out there and one night we came home and there was a
17 18	policeman crouched in the corner of our house with his gun at his side kind of moving slowly towards the residence.
19	This was after Mr. Chappell had left the residence. Law
20	enforcement was called out there several times that I
21	recall.
22	Q Do you know anything about those circumstances?
23	A No, sir, I had no idea at that particular
24	moment while we were there. There were instances where we
25	were going to call but we never did because we didn't want

	(
1	problems with all the couples staying over there.
2	Q What do you mean going to call, because of
3	noise?
4	A Loud music, arguing. Mainly the loud music.
5	Q Now, you mentioned if I understood your
б	testimony correctly that when Mr. Chappell was living there
7	you became aware of fighting which was going on between he
8	and Miss Panos?
9	A I don't recall any fighting between him and
10	her. The fighting the arguing I'm talking about is
11	between the couples that were staying in the residence after
12	the defendant was gone. I don't recall the two of them ever
13	having any major problems.
14	Q I misunderstood your testimony. Were you
15	living at the Balerina Mobile Home Park on January the 9th,
16	1995?
17	A Yes, sir.
18	Q Would Mr. Chappell have been living there with
19	Miss Panos on that date?
20	A I don't recall the exact date they moved in,
21	sir. I know when they moved in they all appeared to move in
22	together. I don't remember the date.
23	Q But if you were there and if they were there on
24	January the 9th, 1995 you don't recall any fighting going
25	on?

Page: 1362 _____

3

1	A Not between the two of them.
2	Q Were the police summoned on that day?
3	A The only times I remember the police being
4	summoned to that residence were after he was gone. I
5	remember
6	Q Well, my question is do you remember the police
7	being summoned to the Balerina Mobile Home Park to the
8	residence of Miss Panos on January the 9th, 1995?
9	A No, sir, I do not.
10	Q You were unaware that she suffered injury at
11	the hands of the defendant?
12	A No, sir.
13	Q You didn't know that she was transported to the
14	hospital?
15	A No, sir.
16	Q You didn't realize she suffered a broken nose,
17	sir?
18	A NO.
19	MR. BROOKS: I am going to object. Obviously
20	if he didn't know any of those events, he didn't know
21	anything that flows from that as well.
22	THE COURT: The objection is overruled.
23	THE WITNESS: The answer I can give
24	BY MR. HARMON:
25	Q You have answered. You were unaware of any of

/

r

	(<u>14</u>
4	
1	this?
2	A Until earlier today when my wife mentioned it I
3	was unaware of it.
4	Q You were still living as a next door neighbor
5	to Miss Panos on June the 1st, 1995?
6	A Yes, I was.
7	Q Were you aware of any type of disturbance
8	involving Mr. Chappell the defendant and Miss Panos on that
9	date?
10	A NO, SIT.
11	Q You didn't know the police came out?
12	A No, sir.
13	Q Were you aware the defendant was arrested on
14	that day?
15	A I had heard he had been arrested but I don't
16	know the date and I don't know the circumstances. I just
17	we had received some mail to our residence from him because
18	my wife's name is Debble and the mail had messed up. I
19	believe it had the jail address on the envelope. That's
20	when I found out he was incarcerated. Prior to that I had
21	no knowledge.
22	Q Is it your testimony you went inside the Panos
23	residence on one occasion?
24	A Yes, sir. Just in the immediate kitchen area
25	and I could see part of the dining room. And it was just to

• • - -

	(
1	return their daughter.
2	Q So you're saying that the room you went into
3	was the kitchen but you could see into a portion of the rest
4	of the mobile home?
5	A Just the dining room, yes, sir.
6	Q When was that?
7	A It was probably within a three to four week
8	period of them moving there, maybe a little bit less.
9	Q But you don't know when that was?
10	A No, sir. It was shortly after when they first
11	moved in. That's all I can testify to.
12	Q You don't know if it was late 1994 then or
13.	early 1995?
14	A No, sir. I have no recollection of the date or
15	approximate date.
16	Q You went in on one occasion, you formed some
17	type of opinion about how well kept the home was at that
18	time?
19	A I suppose I formed an opinion, but it wasn't
20	something that I spent a lot of time thinking about.
21	Q But you don't know how the house looked after
22	that, đo you?
23	A Absolutely not.
24	MR. HARMON: Thank you. That's all I have.
25

1	REDIRECT EXAMINATION
2	BY MR. BROOKS:
3	Q Mr. Robello, Mr. Harmon has asked about why you
4	might know or asked whether or not you knew of these police
5	coming to this residence. You weren't home 24 hours a day
6	on January 9th, were you?
7	A No, sir. I work anywhere from an eight to a 50
8	hour shift straight through sometimes if there's a call-in.
9	I'll be 58, 60 hours.
10	Q So it would not be unusual for the police to
11	come and you not be aware of it next door?
12	A No, sir.
13	Q And the same would go for June 1st, 1995?
14	A Yes, sir.
15	MR. BROOKS: No further questions.
16	MR. HARMON: Nothing further.
17	THE COURT: May this witness be discharged?
18	MR. HARMON: Yes.
19	MR. BROOKS: Yes.
20	THE COURT: Call your next witness.
21	MR. BROOKS: Judge, we are going to call James
22	Chappell at this time.

15	down on the couch and I was talking to her as she was laying
16	down and she said something back to me, something smart, I
17	don't remember her exact words, but I took a cup, it was
18	like one of those thermal coffee cups and I threw it and it
19	came over the top of her head and it hit her right here.
20	And she got up and she ran to the bathroom. I ran in there
21	after her. She was covering her face. She said I think my
22	nose is broke. I said let me see. She removed her hands
23	and she had a gash right here.

7	A I did, sir.
8	Q Now, the medical records that were introduced
9	by the State into evidence included a remark my Deborah
10	Panos that said she had been beaten before but never like
11	this. How do you respond to that?
12	A I couldn't picture her saying that. I threw a
13	cup, that's all I did, I did not try to hit her in the face.
14	It accidentally hit her in her nose and broke her nose. I'm
15	sorry, but there's nothing I could do about it. I called
16	911 and got the ambulance there, the police came and they
17	slammed me all over the place, took me to jail in front of
18	my children in my boxers and my socks. They weren't even
19	listening to me. They thought I was lying. I showed them
20	the cup.
21	Q James, you have another allegation that you
22	attacked her on June 1st of 1995 and you were arrested again
23	for domestic battery. What happened that time?
24	A Well, Deborah had been gone all day the
25	previous day before that and she went to work the next day

39 1 and after she got off work she went somewhere else. So I didn't see her for a long time. And when she came home 2 another friend arrived. I guess they were talking about 3 doing something else. We started arguing and we went in the 4 5 bedroom and I pinned her down and I showed her a knife and when I realized that doing that wasn't going to get nothing 6 out of her, I got rid of it. Claire knocked on the door. 7 8 Q Who is Claire? 9 One of her so-called friends from Arizona. Α 10 Q Was she living with you? 11 Α Yes. 12 Q How long did she live there? 13 I'd say approximately two months, sir. Ά 14 Go ahead, I'm sorry. Q I let Debbie up, she went outside with both 15 Α 16 Claire and her other friend that was there and then I went 17 outside and then the cops pulled up. And I went to jail. 18 Q Did you plead guilty to domestic battery in 19 that case eventually? 20 Α Yes, sir. 21 Q That was June 1st of '95. How much of the 22 summer did you spend in jail? Could I just tell you the first time I went to 23 А 24 jail when I got out when I went back? 25 Q Sure, if you want to.

8

	<u> </u>
1	A First time I went to jail was February 28th,
2	1995, stayed in jail till May 10th. Debbie came and picked
3	me up, took me home. When I got out, there was two friends
4	living there.
5	
6	Q When you say two friends, you mean male friends
	or female friends?
7	A Female friends.
8	I went back to jail for that domestic violence
9	on June 1st, 1995, got out June 7th. Claire came and picked
10	me up, took me back home and we were back together.
11	Then I went back to jail June 26th on
12	Shauntel's birthday, her third birthday.
13	Q And when did you get out of jail that time?
14	A I didn't get out of jail until August 31st.
15	Q Now, from that summer let's say June 26th when
16	you got arrested until the time you got released on August
17	31st did Deborah accept your phone calls?
18	A Yes, sir.
19	Q How often would you call her approximately if
20	you can remember?
21	A Sometimes a couple times a day.
22	Q Did she ever tell you this relationship was
23	over?
24	A Never. Never.
25	Q Did anybody else ever tell you the relationship

	41
1	was over?
2	A No, sir.
3	
4	
	because of who answered the phone?
5	A Yes, sir.
6	Q What was going on?
7	A There was numerous different women answering
8	the phone. Sometimes the children would pick up the phone,
9	knock it over and the phone would just be sitting on the
10	floor and I could hear stuff in the background.
11	Q What would you hear?
12	A Music, people, voices. Another time there was
13	men answering the phone.
14	Q Did you know these men?
15	A Absolutely not.
16	Q Did that make you mad?
1 7	A Yes, it did.
18	Q Why did it make you mad?
19	A Because when we moved here Debbie had told me
20	that I couldn't answer the phone because her mother would
21	get upset about it. I gave her that respect. And then I
22	turn around and go to jail and there's all kinds of people I
23	don't even know answering our phone, hanging up on me.
24	Q How did you feel about the idea of other men
25	being in the trailer when you called your home?

Page: 1391....

9

	42
1	A I was stunned, hurt, afraid.
2	Q What were you afraid of?
3	A My children.
4	Q What were you afraid of about your children?
5	A We had numerous babysitters in Arizona that
6	wouldn't feed our kids sometimes. Some even hit them.
7	Q You say that you would talk to Deborah on the
8	telephone. Did she ever come visit you that summer in jail?
9	A Between June 26th and August 31st? Was that
10	what you're talking about?
11	Q Yes, sir.
12	A No, she didn't.
13	Q Do you know why she didn't come visit you?
14	A No. Because she told me on the phone she was
15	going to come many times. I knew something had to be going
16	on at that house, but I didn't know what was going on.
17	Q Did you think she was messing around with other
18	men?
19	A I sensed it but I didn't know for sure so I
20	couldn't keep throwing it in her face when I was talking to
21	her. I asked her straight out if you're dating somebody,
22	let me know. She said no, I'm not dating nobody, I'm not
23	seeing nobody, I don't want nobody else. That was her exact
24	words to me.
25	Q Now, in the State's opening statement they

	(.	43

1		some letters you sent to her from jail. Did
2	you send her	letters from jail?
3	A	Many.
4	Q	And the State referred to things that you said
5	in those let	ters. What kinds of things did you say to her?
6	А	I asked her how she was doing, how the kids
7	were doing.	I told her I loved her, I missed her, I told
8	her she mean	t the world to me.
9	Q	Were those things true?
10	A	Yes, sir, very much.
11	Q	Did you also say degrading things to her in
12	those letter:	5?
13	A	Like the last two letters I put some bad words
14	in there.	
15	Q	Did you call her a slut?
16	А	I told her if she was out there messing
17	around	
18	Q	James, did you call her a slut?
19	А	Yes, I did.
20	Q	Did you call her a whore?
21	А	I wrote that, yes.
22	Q	Did you ask her questions like are you easy?
23	А	Yes.
24	Q	Why did you say these things to her?
25	А	Because so many things were happening while I

1	was in jail,	I was very depressed, upset, lonely, hurt,
2	devastated.	She once told me on the phone that she would
3	never abando	on me in Las Vegas.
4	Q	James, did you see her on August 30th, 1995?
5	A	Yes, sir.
6	Q	Where did you see her?
7	А	At the city courthouse.
8	Q	Did she come to your court appearance that day?
9	A	Yes, sir.
10	Q	Did she testify against you?
11	A	No, sir.
12	Q	Did you plead guilty that day to domestic
13	battery?	
14	А	Yes, sir.
15	Q	Did you know on August 30th or August 31st that
16	you would be	released from custody?
17	А	Absolutely not.
18	Q	But you were released from custody, weren't
19	you?	
20	А	Yes, sir.
21	Q	And when you were released from custody what
22	did you do?	
23	А	I walked from downtown to around Bonanza and
24	Lamb.	
25	Q	About how far is that, if you know, and how
Į į		

	45
1	long did it take you to walk out there?
2	A From around Las Vegas Boulevard and Bonanza and
3	Lamb it would take about 45 minutes, 50 minutes.
4	Q Why did you walk out there?
5	A I was happy to be out. I just wanted to see my
б	girl and my children.
7	Q Where were you going?
8	A I didn't go home at first.
9	Q Where did you go?
10	A To Vera Johnson project apartments.
11	Q What did you do there at the Vera Johnson
12	Apartments?
13	A Went over there and just talked to a couple
14	people.
15	Q Who did you talk to?
16	A Some man over there named Ben and a couple
1 7	other people.
18	Q Now, how far is Vera Johnson complex from where
1 9	you lived at the Balerina Sunrise place, if you know?
20	A It's only like two blocks so approximately it
21	would take like probably 15 minutes to get from there to
22	home.
23	Q Did you borrow a bicycle there?
24	A Yes, I did.
25	Q And once you had the bicycle what did you do?

		(.	<u> </u>	46

9	1	A	I went home.	
10	2	Q	Now, when you went home this is the home at	
	3	839 North La	amb?	
	4	А	Yes, sir.	
	5	Q	This is the trailer that you shared with	
	6	Deborah?		
	7	А	Yes, sir.	
	8	Q	Did you expect her to be there?	
	9	A	No, I did not because I called twice before I	
	10	went home.		
	11	Q	Where did you call from, if you recall?	
	12	А	I called from downtown and I called from Vera	
	13	Johnson Apar	tments.	
	14	Q	And nobody answered?	
	15	A	No, sir.	
	16	Q	So you arrived at the trailer and what do you	
	17	do?		
	18	A	I put the bike on the side of the house.	
	19	Q	James, I'm sorry, but your hands are in front	
	20	of your mout	h and the jury needs to hear this.	
	21	A	I put the bike on the side of the house and	
	22	went to the	window.	
	23	Q	James, I am going to interrupt for a second and	a
	24	show you a p	icture again, State's Exhibit 1, which is a	
	25	picture of t	he trailer. Is one of these windows there where	e

	47
1	you went to?
2	A Yes.
3	Q Is one of these windows where you entered the
4	place?
5	A Yes.
б	Q Why did you go into your place through the
7	window?
8	A I had been through the window through many of
9	our residences in Arizona, in Michigan and I didn't figure
10	nothing was wrong with that.
11	Q Did you have a key to get inside the place?
12	A I used to but I lost it.
13	Q You start climbing in the window and what
14	happens?
15	A I start climbing through the window and Debbie
16	walked in the doorway and she asked me why didn't I knock at
17	the door. I said I didn't know you were home. I said I
18	just called, why didn't you answer the phone. She said I
19	just got here.
20	Q Do you know what time this is?
21	A No, sir, I wasn't paying attention to the time.
22	I know I had to be back downtown at one o'clock.
23	Q So you get in the window, right?
24	A Yes, sir.
25	Q What happens? You get into the window and do

	48
1	you guys talk or what?
2	A Yeah, we talked.
3	
	Q What else did you do?
4	A I got on my knees in front of her and she was
5	sitting on the couch, I asked her what has she been doing
6	while I was in jail. She said working full-time and
7	watching the kids.
8	Q What happened next?
9	A We talked about a couple of things that were
10	said over the phone. She told me about a couple things that
11	her friends had did while I was in jail.
12	Q Were you glad to see her?
13	A Absolutely.
14	Q Did you think everything was okay?
15	A Yes.
16	Q How long did you all talk?
17	A About 20 minutes.
18	Q What did you all do then?
19	A We kissed a couple of times.
20	Q And then what happened?
21	A We started taking each other's clothes off. We
22	began to have sex on the couch.
23	Q Where was the couch?
24	A Excuse me?
25	Q Where was the couch where you were having sex?

-- --

	49
1	A It was along the wall right at the corner of
2	the kitchen.
3	Q It was not in the master bedroom?
4	A No.
5	Q I guess it had been a long time since you'd had
б	sex?
7	A A very long time.
8	Q But you'd had sex with her probably hundreds of
9	thousands of times with her before?
10	A A million, billions of times.
11	Q And you loved her?
12	A Extremely. She was the world to me.
13	Q And what happened?
14	A When I entered her, her vagina was all loose
15	and wet and smelly and it wasn't nothing like it used to be.
16	Q What did you think? What did that mean to you?
17	A I immediately thought that she had been messing
18	around on me.
19	Q You thought she was messing around with other
20	men?
21	A Yes, sir.
22	Q What did you do?
23	A I got up, I grabbed her and asked her who she'd
24	been with. She said nobody. She said I swear to God on my
25	grandmother's grave I ain't been with nobody. That was her

2	Q Did you believe her?
3	
4	Q So what did you do then?
5	A I walked away from her and started walking in
6	the master bedroom. She came up behind me, she grabbed me
7	around my waist, she asked me could she get on top of me.
8	Q You mean get on top of you sexually?
9	A Yeah. She know I used to love her on top of
10	me. And she asked if she could get on top of me and I told
11	her no.
12	Q What happened next?
13	A She performed oral sex on me.
14	Q Now, had you hit her at all as of this point?
15	A NO, SIT.
16	Q This was consensual oral sex she performed on
17	you?
18	A Of course, yes, sir. I never pressured her in
19	having sex with me. Never. Never had to.
20	Q What happened next?
21	A She was done, got up and went into the
22	bathroom. I put my clothes back on. She went and got on
23	the phone. She said I'm going to call the day-care and see
24	what time I have to pick up the children. And I said okay,
25	I want to see them anyway.

I 1	Q Were you right by her when she was talking to

3	A No, not at the beginning, sir, no.
4	Q Where were you?
5	A I was in the bathroom.
6	Q Now, did she put her clothes back on after the
7	sex?
8	A Yes, she did.
9	Q You put your clothes back on?
10	A Yes, sir.
11	Q So you can't say exactly what she said to the
12	day-care people?
13	A No. She wasn't talking that loud so I couldn't
14	hear what she was saying. I knew she was talking to the
15	day-care, though.
16	Q At that time when she called day-care the first
17	time would you be surprised to hear that she was scared?
18	A Yeah. When I read that, I couldn't believe
19	that because I didn't hear her say none of that. When I
20	walked in there, I heard her say 5:30, that did you have to
21	pick them up at 5:30 and she said okay, and I told her tell
22	them that we're going to be there. And that's what she told
23	the lady.
24	Q Now, the lady called back, didn't she?
25	A Yes.

	3	A	Yes, sir.
	4	Q	How was Deborah by then?
	5	A	She didn't seem to me scared.
	6	Q	You think she was scared the first time she
	7	called them?	>
	8	A	When I came in there she did look like she was
	9	scared the f	irst time.
1	10	Q	You think she was scared of you?
1	11	A	I think that she knew that she had got caught.
1	12	Q	When you say got caught, got caught doing what?
1	3	A	She knew I knew she had been messing around. I
1	4	know Debbie.	I know Debbie better than probably anybody.
1	5	Q	Now, when she called the day-care center had
1	6	you done any	thing violent towards her that day?
1	7	A	No, sir.
1	8	Q	Had you threatened her with violence?
1	9	A	No, sir.
2	0	Q	Okay. They call, she talks to them and then
2	:1	what happens	?
2	2	А	She said we're on our way, we're coming to pick
2	3	up the kids.	
2	4	Q	So what happened next?
2	5	A	We got ready to leave, we walked out the door,

1	the bike I rode over there, she grabbed the bike and placed
2	it on the front porch for me. We started walking to the
3	car.
4	Q Was this the Toyota that you've seen in
5	pictures here in court?
б	A Yes, sir.
7	Q Goon.
8	A She asked me did I want to drive. I told her
9	yes. We walked along to the car, I looked on the side of
10	the house, there was a whole box full of beer cans and I had
11	asked her who was drinking all that beer there.
12	Q Now, did she drink?
13	A No, she did not.
14	Q So what did you think when you saw the beer
15	cans?
16	A That there had to be some kind of little
17	parties going on there. There was lots of them, lots of
18	them.
19	Q Goon.
20	A We got in the car and I when I got in the car I
21	looked around and the car was all trashy, papers everywhere,
22	beers cans on the floor. I tried to turn the air
23	conditioner on, it was broke, the gear shift was cracked,
24	the ceiling to the car was ripped all off, the light in the
25	back window was broke, busted and I asked her who did all

2	backed out.
3	Q Where were you going?
4	A We were going to pick up the kids.
5	Q Did you start to leave?
6	A Yes, I did. I pulled out the driveway, put the
. 7	car in drive, started moving. I asked her I said look
8	for my Michael Jackson Off The Wall tape. She was looking
9	up under the seat, going through all the mess that was on
10	the floor. And before I went to jail I had lots of tapes in
11	the car and I would keep them in the middle of the seats.
12	Q Is that a console?
13	A Yes, sir.
14	Q Okay.
15	A I opened it up and there was a little note in
16	there.
17	Q When you say a note, do you mean a note or a
18	letter?
19	A A letter, sir. I grabbed the letter, opened
20	it
21	Q Did you read part of the letter?
22	A Yes, sir, I opened it up. I even let go of the
23	steering wheel, almost crashed into a car that was parked.
24	I was going through the letter as quickly as I could. When
25	she noticed me reading the letter, she tried to grab the

	(

2	Q Could you read some of the words in the letter?
3	A Yes, sir.
4	Q What was it saying?
5	A Some guy talking about having sex with her,
6	said he had been with her and she was teasing him.
7	Q How did you react to that?
8	A I was shocked, I was devastated.
9	Q What did you do?
10	
11	A I stopped the car, put it in reverse, backed it up and parked in front of the house.
12	
	Q Goon.
13	A When we got out of the car, I went out on her
14	side, I stepped over her lap, went out the passenger door, I
15	grabbed her out of there, took her back in the house.
16	Q And what did you do inside the house?
17	A I don't recall everything I did now.
18	Q Did you stab her?
19	A I didn't know until I had cut my finger.
20	Q Do you know how many times you stabbed her?
21	A No, I did not.
22	Q Do you know how many times you hit her?
23	A No, I do not.
24	Q Do you know where you got the knife?
25	A No, I do not.

2	A	I don't know.
3	Q	Did she run away from you?

5	Q	What did she do?
6	А	She didn't make no noise, she didn't try to
7	run, she did	n't do nothing.
8	Q	Did she fall to the ground right there?
9	A	She went in the door, yes, she just fell on the
10	floor and st	ayed there.
11	Q	James, when you got out of the car, did you
12	have any tho	ught of killing her or hurting her?
13	A	Absolutely not, sir.
14	Q	What did you think you were going to do when
15	you took her	back inside the house?
16	А	At the time I don't know. My mind just clicked
17	and it was s	tuck. I couldn't think beyond that letter. I
18	was stuck at	that letter.
19	Q	What were you thinking about? What was going
20	on in your m	ind?
21	Α	Her doing what she done to me to somebody else.
22	Q	You mean having sex with somebody else?

25	A	Exactly.

15	A	Yes, sir.
16	Q	Why do you recognize that letter?
17	А	It was the letter I found in the car.
18	Q	Is that the letter from what you think is
19	another man?	
20	А	Of course. Yes, it is.
21	Q	Did you two fight over the letter in the car?
22	А	Yes, she tried her best to get it from me.
23	Q	Was the letter torn up into many different
24	pieces?	
25	A	Yes, sir.

-

	<u>58</u>
12 1	Q Who tore it up into many different pieces?

2	A She tried to rip it, I know that.
	Q Did you rip some of it too?
4	A I was trying to hold onto it. She was trying

6	Q I am going to show you Exhibit 31, a photograph

	2	said these didn't mean nothing to you, none of this meant
	3	nothing to you, did it. That's exactly what I said to her.
	4	Q I am going to show you State's Exhibit 8 which
	5	is a photograph of that room and there are letters on the
	6	floor. Are these the letters that you threw at her?
	7	A Exactly, sir, yes.
	8	
13		Q I am going to show you State's Exhibit 10 which
	9	includes you can see some of the writing on the letters on
	10	the floor. Is that your writing on that letter?
	11	A Yes, sir.
	12	Q James, the State has tried to say in this case
	13	that you ransacked the master bedroom. Did you ransack that
	14	master bedroom?
	15	A I didn't touch nothing in that room, sir.
	16	Nothing.
	17	Q You didn't try to steal anything from that
	18	room?
	19	A Of course not, sir. No. Absolutely not.
	20	Q After you killed Deborah did you steal anything
	21	from inside the trailer?
	22	A I looked at Debbie on the floor and I ran out
	23	the door, sir. I did not touch nothing in that house.
	24	Nothing.
	25	Q Where did you get the social security cards

1	from?
2	A They were in the car up under the driver's
3	seat, sir.
4	Q Were they in this black folder that one of the
5	witnesses talked about?
6	A No, they were not.
7	Q Where were they?
8	A They were in the plastic thing they were in and
9	they were on the floor. There was so much stuff in the car
10	on the floor. There was trash everywhere, sir.
11	Q Why did you get in the car and leave?
12	A When I seen her like that, sir, I panicked and
13	I just had to get out of there as quick as possible.
14	Q You obviously didn't think about calling the
15	police or trying to get attention for her? No?
16	A No, sir.
17	Q How do you feel about what you did?
18	A Extremely bad. Lower than dirt. If I could
19	give up my life for hers, I would. In a heartbeat.
20	Q Where did you go, James, in the car?
21	A I went to the Vera Johnson Apartments.
22	Q And that's how far away from the trailer?
23	A About 15 minutes.
24	Q What did you do when you got down there?
25	A I parked the car and I just sat there with my
Ĺ

1	head in my hands on the steering wheel. There was blood on
2	my hands and my finger was cut.
3	Q Did you get high?
4	A Not for awhile, sir.
5	Q You eventually got high, though?
6	A Later on, yes, I did.
7	Q Did you get high on cocaine?
8	A Yes, sir.
9	Q Why did you get high on cocaine?
10	A Because I felt bad and when you're on cocaine
11	it makes your mind go somewhere else, sir.
12	Q When you killed her were you high on cocaine?
13	A Absolutely not. No, I was not. No.
14	Q There's been some testimony that while you were
15	at the Vera Johnson projects somebody saw you dancing
16	around. Is that possible?
17	A No. I don't recall doing that at all, sir.
18	No.
19	Q But you did get high?
20	A Yes, I diđ.
21	Q There's been testimony that the next day you
22	went and shoplifted at Lucky's; is that right?
23	A Yes, sir.
24	Q Why were you stealing there the next day?
25	A Actually I went over there to get a newspaper.

62 1 Let me go back for a second. That night after Q 2 this had happened did you ever go back to the trailer where 3 Deborah was? 4 Yes, I did go back. Α What time did you go back if you know? 5 Q 6 It was between 11 -- it was after I had watched A the news, sir, over at Bridget's house over at the Vera 7 8 Johnson Apartments. 9 Q Did you see that they were looking for you? They showed my picture, gave a description of 10 A 11 the car and everything. 12 0 So how did you get back over there to the 13 trailer? 14 Α I walked. 15 0 Did you go inside the trailer again? No. I just stood on the other side of the wall 16 Α 17 and looked at the house. 18 Q Were the police still there? 19 A There was some detectives there. You knew that taking her car was wrong, didn't 20 Q 21 you? 22 Α Yes. 23 Q And you know that you're responsible for that? Yes, sir. 24 Α 25 Q You know you're responsible for killing her?

	(-:	<u> </u>
13 1		
	A	Yes, sir.
2		MR. BROOKS: We'll pass the witness, Your
3	Honor.	
4		THE COURT: Cross-examination.
5		MR. HARMON: Thank you, Your Honor.
6		
7		CROSS-EXAMINATION
8	BY MR. HARMO	ЭN:
9	Q	How old are you, Mr. Chappell?
10	A	Twenty-six now, sir.
11	Q	What is your date of birth?
12	A	12-27-69.
13	Q	How tall are you?
14	A	About six foot, sir.
15	Q	On August 31st, 1995 about how much did you
16	weigh?	
17	A	About a hundred eighty pounds, sir.
18	Q	Do you know how tall Deborah Panos was?
19	A	Not exactly. I'd say about five-four,
20	five-five.	
21	Q	Do you know about how much she weighed on the
22	date she was	killed?
23	A	I read in the papers they say she weighed a
24	hundred thir	ty pounds, sir.
25	Q	So you were substantially larger than her,

	(<u></u> <u>64</u>
1	weren't you?
2	A Yes, sir.
3	
	Q You've told us that you were in jail from
4	February the 25th until May the 10th, 1995?
5	A February 28th until May 10th, 1995, sir.
6	Q You said that you were arrested on June the 1st
7	and were released on June the 7th?
8	A Yes, sir.
9	Q Rearrested on June the 26th?
10	A Yes, sir.
11	Q And remained in custody until the date you were
12	released and you killed Deborah Panos, correct?
13	A Yes, sir.
14	Q Why were you arrested on Shauntel's birthday?
15	A I was trying to shoplift Shauntel a couple
16	outfits for her birthday.
17	Q Do you like being in custody?
18	A Absolutely not, sir.
19	Q It's not much of a life to be incarcerated, is
20	it?
21	A No, sir.
22	Q You've had a substantial period of time to
23	think about today, haven't you?
24	A Yes, sir.
25	Q You've known for quite awhile, haven't you,

	<u>65</u>
1	that at some point you would take the witness stand and give
2	the jury your version of what happened?
3	A Yes, sir.
4	Q And once you had made that decision, whenever
5	
6	it was, you've given a lot of attention to what you would tell the jury?
7	A I didn't make up anything, sir.
8	
9	I I I I I I I I I I I I I I I I I I I
10	Chappell. Have you thought a lot about what you would tell the jury?
11	A No.
12	
13	Q Have you thought a lot about how you would act on the witness stand?
14	
15	A No, sir.
16	Q As you sit here this afternoon are you
	concerned about punishment?
17 18	A No, sir. Whatever I get I'll accept it.
	Q It doesn't matter to you whether you're
19	convicted of voluntary manslaughter or murder of the second
20	degree or murder of the first degree?
21	A Does it matter? Is that what you said?
22	Q I'm asking you if it matters which you were
23	convicted of.
24	A No, it doesn't matter, sir. Whatever I'm
25	convicted of I'll accept it.
Ĺ	

<u>____</u>

14

1 And you're not concerned if it's murder of the Q 2 first degree that the punishments be minimized to some 3 extent? 4 Could you please repeat that, sir. A You said it really doesn't matter to you what 5 Q you're convicted of, if it's first degree murder you will 6 7 accept that. Is that what you said basically? 8 A Yes, whatever I'm convicted of I will accept 9 it, sir. 10 Q My question therefore was so there isn't some 11 effort here on the witness stand to present yourself in such 12 a way that you will minimize your punishment? 13 A No, sir. 14 You don't care if you get a death sentence? 0 15 Α Yes, I do care if I get the death sentence. 16 Q So you don't want to get a death sentence? 17 I have three children, sir, and I want to see А 18 them and be able to do something with them sometime in my life. 19 20 So we have established that is a punishment Q 21 that you want to avoid; is that true? 22 А Yes, sir, I am pretty sure any man or woman 23 would want to avoid the death penalty. 24 Are you telling us it doesn't matter beyond Q 25 that if it's life with the possibility of parole or life

	<u> </u>
1	without parole? You don't care?
2	A I do care, but
3	Q What do you mean you do care?
4	A Of course I'm going to care, you know.
5	Q The bottom line is you don't want to get life
6	without parole either, do you, Mr. Chappell?
7	A If I get it, I will accept it, sir.
8	Q Is that what you want?
9	A No. I have three children and I want to see my
10	three children and be able to do something with them in
11	their life. I never had no father, sir.
12	Q So you'd certainly prefer a life with a parole
13	sentence?
14	A I would be honored to have life with.
15	Q Honored, is that your answer?
16	A I would be honored to be able to get out
17	sometime in my life and be able to reconcile with my
18	children.
19	Q So you do have an interest in how this case
20	turns out?
21	A Of course. Yes.
22	Q You were asked about jobs that you've held. I
23	don't want to go back to Lansing, Michigan or Tucson,
24	Arizona, I want to limit the questions about employment,
25	gainful employment to Las Vegas. You said you got a job at

<u>Page: 1417</u>

14

		68
1	Ethel M Chocolate?	
2	A Yes, sir.	
3	Q You worked there a month and a half?	
4	A Yes, sir.	
5	Q And then you said because Deborah worked that	
6	you needed to watch the children?	
7	A No. I didn't say it that way.	
8	Q How did you say it?	
9	A We couldn't afford day-care at that time, sir,	
10	and we didn't know nobody in Las Vegas yet so we couldn't	
11	find no babysitter and me staying home with the children	
12	watching the kids wasn't nothing new so I went ahead and I	
13	did it again and I lost my job.	
14	Q After a month and a half?	
15	A Yes. I called them three times, sir, and lost	
16	my job.	
17	Q How quickly after you had moved to Las Vegas,	
1 8	which as I remember you said was around October the 1st,	
19	1994, was it that you got the job at Ethel M?	
20	A When was it when I got the job at Ethel M?	
21	Q How quickly after you arrived in Las Vegas?	
22	A Very quick. Because Debbie was going to work	
23	there too. We both went there and took the test. Probably	
24	about two weeks after we arrived here, sir, to live here.	
25	Q So perhaps the middle of October?	

	<u>69</u>
1	A Yes, sir.
2	Q Of 1994?
3	A Yes, sir.
4	Q About two years ago?
5	A Yes, sir.
6	Q And as you've just explained you worked for
7	approximately a month and a half?
8	A Yes, sir.
9	Q Now, where is it that you next had gainful
10	employment in Las Vegas?
11	A Me and Debbie went out together and I turned in
12	applications, but I didn't get no response. And I went to a
13	temporary service to get a job at Price Rite on Bonanza and
14	I forgot the other name of the street but Price Rite on
15	Bonanza, and I was supposed to go take my drug test, you
16	know, and I didn't make it there.
1 7	Q Is the answer you didn't ever have gainful
18	employment after you lost your job at Ethel M's?
19	A No, sir.
20	Q So after perhaps the middle of October I'm
21	sorry perhaps after, what, the first of December 1994 you
22	didn't ever contribute financially to the support of Deborah
23	Panos and your children?
24	A I got some things for my children. I also got
25	some things for Debbie, but I did not

15

	(`
1	Q How, sir?
2	A How?
3	Q How?
4	A As you know I shoplifted a couple of times,
5	sir.
6	Q You were asked earlier if your drug problem had
7	hindered your ability to be a good father and in this case a
8	good boyfriend to Deborah. Are you still saying while you
9	lived in Las Vegas that your drug problem didn't affect your
10	ability to provide for your family?
11	A No. I was doing drugs, sir, and I did bring
12	things home for my children and Debbie.
13	Q What things?
14	A I brought Debbie an outfit home, Valentine's
15	Day I got her a card, stuffed animal. I got my kids some
16	video games, hand held video games. When Debbie and I had
17	accidentally broke her nose with the cup, I went and stole
18	her some bandages and Band Aids and stuff and Neosporin for
19	her nose. Got cough medicine for the children.
20	Q Did you ever help pay for the rent?
21	A Around that time, no, sir.
22	Q Around what time?
23	A After I lost my job at Ethel M.
24	Q Any time after that did you pay for the rent?
25	A NO.

<u>Page: 1420 _</u>

	(
1	Q Did you regularly put food on the table to feed
2	your children?
3	A I brought food home a couple of times, sir.
4	Q You consider a couple of times providing for
5	your kids?
6	
7	just didn't
8	
9	
	A Marijuana and cocaine, sir.
10	Q How regularly did you use marijuana and
11	cocaine?
12	A When we first moved here I didn't mess around
13	for like about two months and then after that a couple of
14	times a week and then around between May 10th and around
15	June 26th I did it a lot, probably every day, sir.
16	Q Are we talking about marijuana or cocaine or
17	both?
18	A Both.
19	Q How much marijuana, if as you said from perhaps
20	May the 10th until June the 26th you were using it daily,
21	how much on a daily basis?
22	A Probably about two joints a day.
23	Q How much cocaine?
24	A I'm not exactly sure. There was different
25	amounts on different days, sir.

		(```` <u>`</u>	2
15	1	Q How would you ingest the cocaine?	
	2	A Smoke it. Freebase it, sir.	
	3	Q Where would you get it?	
	4	A From people who lived over at Vera Johnson	
	5	Apartments, sir.	
	6		
	7		
	, 8		
		Q You spent a lot of time over there?	
	9	A I spent some time over there.	
	10	Q What does that mean I spent some time?	
	11	A At the beginning, no, I wasn't staying over	
	12	there a lot. Towards the end around between like June 1st	
	13	and June 26th I was over there a lot.	
	14	Q Every day?	
	15	A Yes.	
	16	Q For hours every day?	ľ
	17	A Yes.	
	18	Q Stay overnight at crack houses?	
16	19	A No. I remember LaDonna Jackson saying she seen	
	20	me sleeping over there. I don't recall	
	21	Q Bridget's place, who is Bridget?	
	22	A Bridget a girl that lives over there, some	
	23	lady that lives over there.	
	24	Q Did you stay overnight at Bridget's place?	
	25	A No, I'd be there late at night, but I never

	73
1	went there and slept there all night and stayed there all
2	night and got up the next day and went home or nothing like
-	that. It wasn't like that.
4	Q How late is late at night?
5	A I'd be there sometimes three in the morning,
6	four in the morning, something like that.
7	Q Did that happen regularly during the month of
8	June?
9	A No. I didn't hang out at Bridget's house all
10	the time, no.
11	Q Well, were you concerned when you would stay
12	out very late about Deborah's welfare, those of your
13	children?
14	A I would talk to her. I would call her and talk
15	to her or I would go home in the middle of the day and let
16	her know what I was doing or where I was.
17	Q How were you getting the crack that you were
18	smoking?
19	A Sometimes it was people over there that had it
20	that would share. Sometimes I would shoplift to get it.
21	Both ways. Sometimes people had it, they shared, sometimes
22	I would shoplift and I'd get some.
23	Q The defense asked you about this incident which
24	occurred in Tucson on February the 23rd, 1994 when the
25	police came?

Page: 1423 ...

	<u> </u>
1	A Yes.
2	Q You may remember that the lady officer from
3	Tucson a Jeri Earnst testified?
4	A Yes, I remember her testifying.
5	
6	
7	examination that you had taken a dresser that Deborah had
	purchased and you took it back to the store and you got
8	refund money?
9	A Yes, sir.
10	Q And it was for that reason the two of you were
11	arguing?
12	A That's how the argument started out and then
13	it
14	Q Whose dresser was it?
15	A I know she bought it.
16	Q But didn't she buy it for Shauntel your little
17	daughter?
18	A I'm not sure she bought it for Shauntel. I
19	don't think that's true. I think I don't think it was
20	for Shauntel. I don't think so. I don't recall her buying
21	no dresser for Shauntel. We had plenty of dressers in the
22	house, sir. We had lots of them.
23	Q But she bought it for some reason?
24	A Right, she bought it for some reason.
25	Q With her money?

Page: 1424_

	(<u>^75</u>
1	A Right.
2	Q Did you get her permission to take it back to
3	the store and get a refund?
4	A No, sir. No, I did not.
5	Q What did you do with money? Did you get
6	Deborah an outfit or bandages?
7	A I don't recall exactly what I did do with the
8	money, sir, but I know that I had to make up for it because
9	there would be times that
10	Q We've had testimony from Officer Earnst that
11	this argument according to Deborah concluded with you
12	engaging in acts of domestic violence. What did you do?
13	A I don't recall everything I did.
14	Q Did you knock her to the floor?
15	A I don't remember doing that.
16	Q Did you kick her?
17	A I did not kick her, sir.
18	Q So if that's what she related tearfully and
19	emotionally to the officer, that would be inaccurate?
20	A I did not kick her, sir. I do not recall
21	kicking her so I know I did not kick her. If I kicked her,
22	I would know it. I did not kick her that day, sir. I did
23	not kick her at all.
24	Q Well, if you kicked her when she was down,
25	would you admit it?

1	A	Of course. I'm not going to lie about nothing.	
2	I'm not goir	ng to lie about nothing.	
3	Q	You wouldn't lie about anything here on the	
4	witness star	id, would you?	
5	А	No, sir.	
6	Q	You were asked on direct examination about the	
7	situation wh	ere Deborah's nose was broken January the 9th,	
8	1995 here in		
9	A	Yes.	
10	Q	You said that you threw a plastic thermal cup?	
11	А	Yes, sir.	
12	Q	You didn't hold it and strike her with it?	
13	А	No.	
14	Q	You just threw it?	
15	А	I threw it.	
16	Q	And you said it hit her on the nose?	
17	A .	Yes, sir.	
18	Q	You didn't strike her in any other way?	
19	А	No, I did not.	
20	Q	You didn't hit her in the forehead?	
21	А	No, sir. The cup came across this way so it	
22	could have h	it her forehead and it landed right here.	
23	Q	It could have been a cup, a thermal container	
24	that caused a	a laceration on the forehead and also on the	
25	side of the m	nose?	

	(
1	A The cup caused the damage to her face, sir,
2	yes, it did.
- 3	Q Well, during your direct you talked about the
4	injury to the nose, the nose was broken, correct?
5	
	A Yes, sir. That's what the doctor said, yes.
6	Q And the medical report in evidence indicates
7	stitches were taken on the bridge of the nose?
8	A Yes, sir.
9	Q There was also a running stitch taken in the
10	right eyebrow area?
11	A Yes, I remember seeing that, sir.
12	Q But you're saying that was all from throwing
13	the cup, you didn't strike her there?
14	A She got hit with the cup and that was it, sir.
15	THE COURT: Mr. Harmon, there's been a request
16	that we take a brief recess at this point to accommodate the
1 7	jury.
1 8	Ladies and gentlemen, during the recess it is
19	your duty not to converse among yourselves or with anyone
20	connected with the trial, or read, watch or listen to any
21	report of or commentary on the trial by any medium of
22	information including, without limitation, newspaper,
23	television and radio, and you are not to form or express any
24	opinion on any subject connected with this case until it is
25	finally submitted to you.

Page: 1427

	(<u>~</u> 78
1	This will be about a ten minute recess. I
2	
	don't want you to leave the upper deck of the courthouse.
3	We will be reconvening at five minutes after 5:00 at which
4	time I'll be able to tell you before we go we'll do this
5	right now. Would counsel approach the bench.
6	(At this time, an
7	off-the-record discussion was held.)
8	THE COURT: I understand one of the jurors has
9	to be someplace at six o'clock; is that correct? Because if
10	somebody has an appointment, we are going to accommodate. I
11	just need to know how far it is so we can give an estimate.
12	JURR NO 11: I just wanted to get out for the
13	game.
14	THE COURT: In that case I think we should be
15	able to finish with this witness today. We'll finish with
16	this witness and our estimate is somewhere in the area of
17	5:30 to 5:45.
18	(Recess.)
19	THE COURT: Counsel stipulate to the presence

21	MR. HARMON: Yes, Your Honor.
22	MR. BROOKS: Defense will, Your Honor.

2	MR. HARMON: Thank you, Judge.
3	BY MR. HARMON:
4	Q Mr. Chappell, was it your testimony during
5	direct examination that after you hurt your wife's nose that
6	you called 911?
7	A Yes, sir.
8	Q Do you recall the testimony that was offered by
9	Daniel Giersdorf of the police department that the call came
10	from Deborah?
11	A No. I heard him say that, but he was false.
12	He was wrong.
13	Q She was taken to the hospital, wasn't she?
14	A Yes, she was.
15	Q Did you go along?
16	A No, I did not. I walked with her to put her
17	inside the back, but three kids were along the side and I
18	went back inside and they said she was going to go to UMC.
19	Q The testimony by Giersdorf suggested when they
20	got there and made contact with you, you were sitting calmly
21	and watching television?
22	A That was false also, sir. The TV was in the
23	bedroom at that time, the three children were sitting in the
24	front of the TV. I was outside in the living room sitting
25	in the chair. The TV wasn't even in the room at that time,

1	sir. They came in and they slammed me all around like I
2	just testified, told my attorney about.
3	Q They said they came up and announced their
4	presence, could see inside and you didn't even get up?
5	A That's not true. I let them in. He didn't
6	just come
7	Q Ultimately?
8	A He didn't just come in and open the door. I
9	got up and opened the door for him, sir.
10	Q On June the 1st, 1995 we've had testimony that
11	there was another argument between you and Deborah Panos?
12	A Yes, sir.
13	Q You indicated that you hadn't seen her for
14	quite awhile?
15	A Exactly.
16	Q How did it happen that you hadn't seen her?
17	A I don't remember why, but I know she was gone.
18	Q Had she been gone for a number of days?
19	A She was gone all day the day before that day,
20	sir.
21	Q Did you become concerned about where she was
22	and what she was doing and who she was doing it with?
23	A Yes, sir.
24	Q So when she came home you started to ask a lot
25	of questions; is that correct?

			81	1
17	1			
17		A	I asked her a number of questions, yes.	
	2	Q	What types of questions?	
	3	A	I don't remember. I remember asking her where	
	4	she had been	•	
	5	Q	Does she tell you where she had been?	
	6	A	She gave me many excuses, different excuses.	
	7	They all did	n't add up together.	
	8	Q	They were not excuses you accepted; is that	
	9	correct?		
	10	A	No.	
	11	Q	So you got rough with her; is that true?	
	12	А	Not immediately, sir.	
	13	Q	Well, if not immediately, at a certain point	
	14	did you take	her into the bedroom?	
	15	А	I didn't take her in there. We both walked in	
	16	the bedroom.		
	17	Q	After you walked into the bedroom did you	
	18	become physic	cal with her?	
	19	А	Yes, I put her on the bed.	
18	20	Q	What does that mean yes, I put her on the bed?	
	21	A	That's what I did.	
	22	Q	Did you grab her?	
	23	A	I don't remember exactly.	
	24	Q	I'm trying to figure out how she got from a	
	25		tion to on the bed.

1	A .	I don't remember, sir.
2	Q	So after you had put her on the bed did you get
3	up and strac	ddle her and pin her arms down with your knees?
4	A	I got on top of her, yes, sir.
5	Q	Did you pin her arms down with your knees?
6	A	I'm not sure about pin her arms down. I was on
7	top of her,	sir, I know that.
8	Q	So while you were on top of her according to
9	your testime	ony on direct examination you said I showed her a
10	knife.	
11	A	Yes, I did.
12	Q	Now, Mr. Chappell, what does that mean, I
13	showed her a	knife?
14	А	That means I held it up like this and I asked
15	her where sh	e had been.
16	Q	Describe the knife you held up like that.
17	A	I don't remember, sir.
18	Q	Where did you get the knife?
19	А	The knife was on the dresser.
20	Q	On the dresser in the bedroom?
21	А	Yes, sir.
22	Q	Whose knife was it?
23	А	It belonged to the household.
24	Q	It was Deborah's knife?
25	A	If you want to say that, yes.

1	Q	I'm asking you. Whose knife was it?	
2	A	It belonged to both of us, sir.	
3	Q	Was it a kitchen knife?	
4	А	Yes, sir.	
5	Q	Steak knife?	
6	A	I'm not sure if it was a steak knife, sir.	
7	Q	You've seen the knife in court, 68-A-1, that	
8	you used to	kill her. Did it look like that knife?	
9	A	No, it did not.	
10	Q	Was it the same type of knife?	
31	A	No, it was not.	
12	Q	So when you're on top of her you say you showed	l
13	her this kni	fe?	
14	A	Yes.	
15	Q	What did you do, reach over and take it off of	
16	the table?		
17	A	Yeah.	
18	Q	What was your purpose in showing her the knife?	
19	A	I was trying to get information out of her.	
20	That's it.		
21	Q	You were trying to use the knife to coerce	
22	information	out of her; is that true, Mr. Chappell?	
23	А	Yes, I guess so, sir.	
24	Q	You were trying to find out if she had a	1
25	boyfriend?		

	84
1	A I didn't ask her that.
2	
3	Q What type of information were you trying to get out?
4	
	A I don't remember what questions I asked her. I
5	know I asked her where she had been.
6	Q You were jealous?
7	A No, not at that point, no. I was just
8	concerned and she had me worried and when we argued about
9	it, she said a couple of things and I got upset about it.
10	Q You weren't just concerned about the baseball
11	scores, were you, or the weather forecast, what type of
12	information were you trying to get her to divulge by showing
13	her a knife?
14	A I just wanted to know where she had been.
15	That's it.
16	Q Did you feel you were entitled to know where
17	she had been?
18	A She asked me every time when I was gone where I
19	had been.
20	Q Well, obviously if you had to put her down on
21	the bed and get on top of her and show her a knife she
22	didn't want to tell you what you wanted to know; is that a
23	safe assumption?
24	A That could be.
25	Q Did you feel like you're entitled to get

2	A	I answered her when she asked me so I expected

4	Q	You weren't married, were you?	
5	A	No, we didn't make it, sir.	
6	Q	She hadn't made any marital commitment to you,	
7	had she?		
8	А	She told me you get me a ring and I'll marry	
9	you. That's	what she told me.	
10	Q	Did you ever get her the ring, Mr. Chappell?	
11	А	No, I did not, sir.	
12	Q	You say you showed her the knife. Did you	
13	threaten her	with the knife?	
14	А	No. I just was asking her questions and just	
15	showed her th	ne knife. I didn't threaten her, didn't do	
16	nothing with	the knife, no, sir.	
17	Q	Officer Allen Williams testified about this	
18	incident and	said it was related to him by Deborah that she	
19	had been thre	atened	
20	A	No.	
21	Q	with the knife.	
22	А	He was false also, sir.	
23	Q	Dina Freeman the employee with the Tucson

25	A	What she said in her testimony in this

	2	Q Daniel Giersdorf from the Metropolitan Police
	З	Department is a liar?
	4	A I don't remember everything he said. I
	5	remember exactly everything she said.
19	6	Q Well, you said he lied about how you were
	7	acting when they came to the mobile home on January the 9th.
	8	He's a liar?
	9	A Are you talking about the cup incident?
	10	Q I'm talking about the day that Deborah's nose
	11	was broken by you.
	12	A Yeah, he said I was sitting there watching TV.
	13	That's not true. The TV was not in the living room.
	14	Q So Giersdorf also is a liar?
	15	A I can't call him no liar, but when he said I
	16	was sitting there watching TV, that was false.
	17	Q You were standing watching TV?
	18	A No. When they opened the door, I sat down. He
	19	came inside, two of them came inside and they grabbed me, my
	20	son James Panos seen the entire incident and was crying and
	21	screaming and they were telling him to go sit down,
	22	everything would be okay. They slammed me all over the
	23	place and took me to jail in my boxers, sir, and my socks.
	24	That's it. I didn't even get a chance to talk. They came
	25	in, they roughed me up and moved me quickly to their vehicle

	87
1	and slapped me on the hood and put me in the car.
2	Q And you thought that was inappropriate police
3	conduct regarding someone battering his girlfriend?
4	A In that situation, yes, they were out of
5	control, yes, they were.
б	Q You hadn't been out of control?
7	A They were out of control that day.
8	Q And furthermore it is your allegation that on
9	June the 1st, 1995 Officer Williams got information which
10	was false, you did not threaten Deborah Panos with a knife?
11	A No, I didn't say no threats to her. She might
12	have considered me my actions as threatening, but I
13	didn't say no threats towards her, no, I did not.
14	Q Why in the world would she think that just
15	because you put her down on the bed and got on top of her
16	and showed her a knife?
17	A I'm pretty sure any woman would be scared in
18	that position, sir.
19	Q And you wanted her to be scared, didn't you?
20	A I just wanted to get information from her. I
21	admit I seen that it wasn't working and so I got rid of the
22	knife, sir. And I let her up.
23	Q After her roommate knocked on the bedroom door;
24	isn't that true?
2 5	A No. No. No, because I had I remember

	(

1	putting the knife on the dresser and I was not even on the
2	bed when she knocked on the door, no, that's not true.
3	Q Didn't Claire interrupt what was happening?
4	A No, Claire did not open the door and come
5	inside or nothing. That did not happen, sir.
6	Q While you were asked on direct examination if
7	you had said some degrading things to Debbie Panos in
8	letters you sent from jail do you remember that question?
9	A Yes, sir.
10	Q Do you remember stating that in the last two
11	letters you said some degrading things?
12	A Yes.
13	Q When were the last two letters written?
14	A I stayed in the city nine days so it was before
15	that. Between August 5th and August 15.
16	Q So we're talking about letters written within a
17	few weeks before you killed her; is that correct?
18	A That was the last letters I written, sir. I am
19	not sure of the exact dates but they were the last ones I
20	written.
21	Q And you told your counsel that you wrote the
22	letters because you were feeling lonely and you were very
23	depressed and you were hurt and you were devastated?
24	A Right. Exactly.
25	Q Why, Mr. Chappell? Why did you have those

1	feelings?		
2	A	Because the things she was telling me on the	
З	phone.		
4	Q	You already suspected her of being unfaithful,	
5	didn't you?		
6	A	I asked her and she told me no so I didn't	
7	pressure her	about that.	
8	Q	Well, you had some pretty strong suspicion.	
9	Didn't you o	all her a slut?	
10	A	I did write that, yes, sir.	
11	Q	Didn't you call her a bitch?	
12	A	I did write that, yes, sir.	
13	Q	Did you call her a whore?	
14	A	I did write that, yes, sir.	
15	Q	And you called her stupid?	
16	A	I don't remember writing that. If I wrote	
17	it if I w	rote it	
18	Q	You even made a religious judgment. You said	
19	she was goin	g to hell; is that correct?	
20	A	I don't recall writing that, sir.	
21	Q	You don't recall writing that?	
22	A	No.	
23	Q	Did you ask her at any time in your	
24	corresponden	ce if she had AIDS yet from sleeping around with	n
25	other men?		

1 All through our relationship, you know, we Α would talk about that situation, talking about people being 2 unfaithful and we just would conversate about what was going 3 4 on around the world and with other people and how everybody around in our community and stuff was getting that disease 5 6 and I just wanted to put AIDS in her mind and let her know that sleeping around wasn't good if she was doing it, sir. 7 8 Q Didn't you ask her if she had AIDS yet? 9 I remember writing something like that, yes. Α 10 Now, why would you ask that type of question Q 11 and why would you call this woman that you are representing to us here today in this courtroom as being someone you 12 13 loved, why would you call her a whore and a slut and a 14 bitch? 15 I was upset at that time, sir. Α 16 Obviously very upset? Q 17 Α I was upset. 18 What made you so upset that you would Q 19 characterize her in very hateful degrading language? I was upset about numerous things. I wrote 20 Α 21 those things and I'm sorry. I told her I was sorry. We 22 talked about them letters before I got out of jail, sir, and 23 I apologized to her over the phone. 24 Q You said you talked to Deborah Panos the day 25 before you killed her, August the 30th?

19

20

	91
1	A I seen her at court, yes, sir.
2	
2	Q So you didn't talk with her, you simply saw her?
4	A I did too talk to her. I seen her and talked
5	to her, sir.
6	Q That was the day you entered a plea of guilty
7	to a domestic battery charge?
8	A Numerous charges that day, sir.
9	Q The domestic battery to which you pled guilty
10	was the June 1st, 1995 crime?
11	A Yes, sir.
12	Q Did Deborah Panos offer testimony at any type
13	of hearing on August the 30th against you?
14	A No, sir. No, she did not.
15	Q Explain what enabled you to speak with her?
16	A I was sitting outside the courtroom, I was
17	sitting right here, the officer was sitting right here and
18	she came walking through the door. She was talking to me
19	right here and she was like right in my face right here.
20	Q What did you say to her?
21	A I asked her how she'd been. I was crying. She
22	told me to stop crying. She told me she missed me. She
23	told me she loved me. She said the kids had been asking
24	about you. She said she asked me was I getting out, she
25	asked me that numerous times.

_Page: 1441

	92
1	Q What did you tell her?
2	A I said I am pretty sure I am getting out but I
3	said, you know, I'm supposed to go to the rehab place. But
4	I told her yes, I should be getting out tomorrow. She said
5	okay.
6	Q You're telling us that you knew on August the
7	30th that you were going to get out the following day?
8	A They wasn't supposed to let me go, sir, so I
9	didn't know I was leaving that day, sir.
10	Q Well, that must be true because you explained
11	earlier to your counsel you didn't know when you were going
12	to get out?
13	A No. I just told her what happened in court and
14	she asked me was I getting out tomorrow.
15	Q And you certainly weren't in the position to
16	tell her yes, I'm going to be seeing you out at 839 North
17	Lamb?
18	A I told her I said I should be seeing you and
19	the children tomorrow. I told her that. Those were my
20	exact words to her, sir.
21	Q Who had told you there was any possibility you
22	would get out on August the 31st?
23	A EOB came and seen me in jail and they said.
24	Q When did they come and see you?
25	A I don't know the exact date but when I was

<u>Page: 1442</u>

incarcerated between June 26th and August before I went to 1 the city -- August 20th or 21st between that time they came 2 and had a little session with me. I took a little test and 3 they talked to me and told me that when I do get out that 4 they said you're not going to be forced to stay there. They 5 6 said you want to come there and take care of your business, you could do that. But they said if I wanted to leave and 7 go home or whatever I could also do that. 8 9 The representative of EOB said when you get 0 10 out? 11 That wasn't the lady's exact words. Α 12 Q That's what you just said but they didn't tell 13 you when that would be, did they? 14 Ά No, they didn't give me no exact date. I was 15 shocked when the city came and got me. 16 You were sentenced after you pled guilty to Q 17 domestic battery, weren't you? 18 А Right. Didn't EOB come by to see you even before you 19 Q 20 were sentenced? 21 Α They came by, come to the county before I was sentenced in the county, not in the city, no. 22 23 0 They came to see you before you pled guilty and 24 that would obviously be before you were sentenced so they certainly didn't tell you when --25

93

20

94 I had two different cases, sir. I had a case 1 Α in the county and several cases in the city. 2 3 I'm asking you if EOB told you when you were Q 4 going to get out? 5 No, they didn't know the exact date I was Α 6 getting out, no. 7 Furthermore you didn't tell Deborah Panos when Q you were going to get out when you saw her August the 30th 8 9 because you didn't know? 10 I told her I should get out tomorrow. That was A 11 my exact words to her, sir. 12 And upon what did you base that statement to Q 13 her? 14 Α Pardon me? 15 Why did you think you were going to get out on 0 16 the 31st? 17 Α Because EOB had told me when I do get out, they 18 said that I would be able to leave sometimes from that 19 facility and go home. 20 Q You said that Deborah told you on the 30th she 21 loved you? 22 А Yes, sir. She didn't tell you it was over between the two 23 Q 24 of you? 25 She never said them words to me, sir. No. Α

95 1 So you're telling us that in fact your guess Q 2 came true the following day August the 31st you were 3 released? 4 Α I was released, yes, sir. 5 And you talked with a representative of law Q enforcement at about 10:45 a.m.? 6 7 Not from about 9:30 till ten something. Α 8 From perhaps 9:30 in the morning until ten Q o'clock something on August the 31st --9 10 Α They let me out at nine o'clock, went to the 11 county jail and then we went to his office. So it had to be 12 around 9:30, 9:45 and I stayed there till about 10:45. I 13 was there about an hour. 14 And after about 10:45 a.m. you were released Q 15 and that's when you said you walked back out to the area of 16 Deborah's mobile home? 17 I didn't go home first, sir. Α 18 Q I said to the area. 19 Α Yes. 20 You've told us that the Vera Johnson projects Q 21 area is just a couple blocks away? 22 Yes. А 23 Q Also on North Lamb? 24 Α Yes, sir. 25 Q You were by yourself?

	<u>96</u>
1	A Yes, sir.
2	Q Did you have money in your pocket?
3	A NO. NO.
4	Q You were broke, weren't you?
5	A Yes, sir.
6	Q How long did you stay in the Vera Johnson
7	projects area?
8	A About 30, 40 minutes.
9	Q Why did you go there first?
10	A I had some belongings over there and I was
11	going over there to get them. But the person wasn't home so
12	I couldn't get them.
13	Q What belongings?
14	A I had a pair of shoes over at somebody's house.
15	Q At whose house?
16	A It was this lady by the name of Sue.
1 7	Q Who is Sue?
18	A A resident over in them apartments.
19	Q A girlfriend of yours?
20	A No. I wasn't messing with any other woman, no,
21	sir. She was just a friend.
22	Q How do your shoes happen to be at Sue's place?
23	A Oh, I got some new shoes one day and left my
24	old ones over at her house. And that was before I went to
25	jail and they were at her house the entire time I was in

2	Q Do you consume any drugs while you were at the
3	Vera Johnson area?
4	A Absolutely not, sir.
5	Q Have anything to drink?
6	A No.
7	Q Haven't you said before that you had a couple
8	of beers?
9	A There was a guy over there that had some beer
10	and he asked me did I want some and I told him not right
11	now, I told him that I had to go back downtown at one
12	o'clock, be back downtown at one o'clock.
13	Q So you didn't drink any beers?
14	A No, I did not.
15	Q Didn't use any dope?
16	A No, sir, I did not.
1 7	Q You were certainly of sound mind, that is you
18	knew what you were doing
19	A I was sober, sir.
20	Q when you borrowed the bicycle and you went
21	on over to 839 North Lamb, space 125; is that correct?
22	A I was sober and I went home, yes, sir.
23	Q Were you aware of who you were?
24	A Yes.
25	Q Did you know where you were going?

	(<i></i>	98
1	A	Yes, sir.
2	Q	Did you know why you were going there?
3	A	Yes, sir.
4	Q	You said that you borrowed the bicycle and went
5	home.	
б	A	Yes, sir.
7	Q	I want to get something straight. By home
8	you're refe:	rring to 839 North Lamb, space 125?
9	А	Yes, sir.
10	Q	Was the mobile home rented in your name?
1 1	A	No, it was not.
12	Q	Had you paid any of the rent at that residence?
13	A	No, I did not.
14	Q	Did you have a key in your pocket that was
15	going to ena	able you to get into your home?
16	А	I lost my key, sir.
17	Q	Did you get another one from Deborah?
18	А	No, I did not.
19	Q	When did you lose your key?
20	A	Right before I went to jail, sir.
21	Q	Which time?
22	А	Before June 26th, 1995, sir.
23	Q	Did you have a marriage certificate on your
24	person that	gave you entitlement to go into 839 North Lamb,
25	space 125?	

	99
1	A No, I did not have no marriage certificate.
2	Q When you got there did you knock on the door?
3	A No, I did not.
4	Q Is there a doorbell?
5	A No, there is not.
6	Q You didn't knock?
7	A No, sir.
8	Q You elected to go through a bedroom window?
9	A I went through that window many times, sir.
10	That wasn't the first time.
11	Q I didn't ask how many times it had been. Your
12	decision was to get in by going in through a window; is that
13	your testimony?
14	A Yes, I went through the window, sir.
15	Q And you're saying she was in there and met you
16	as you were coming in?
17	A Yes, sir.
18	Q And you said she was happy to see you?
19	A I told you her exact words when I went inside
20	the window, sir.
21	Q I've forgotten her exact words.
22	A She asked me why didn't I knock at the door. I
23	told her I did not know you was home, I just called two
24	times and nobody answered the phone. And she came over and
25	actually moved the nightstand, moved it a little ways away

100 from the window for me, sir, and I climbed in the window. 1 2 When did the screen get pushed down and bent? Q 3 Α I put the screen inside so when she moved the nightstand I guess it must have went -- some of it got on 4 top of the screen because I didn't take the screen and put 5 6 it up under there, you know. 7 The testimony has been that the print of a shoe 0 was on the screen. You had to walk on the screen you'd put 8 9 inside to get in? 10 Α Well, if I stepped on it, I don't remember doing that, but if there was a footprint on it, my footprint 11 12 must have been on it. 13 Q The screen is damaged? 14 А No, it wasn't damaged the last time I seen it. 15 0 It's bent, sir, according to the photographs taken by the officers. You didn't damage the screen? 16 17 No, I did not damage the screen, sir. А 18 She according to you met you at the window and Q asked why you hadn't knocked. That was a good question, 19 wasn't it? 20 21 Α I didn't knock because nobody answered the 22 phone when I called her. 23 Did you have the money to pay for any damage to Q. 24 the window or the screen as a result of your entry through a 25 window?

	·····	<u> </u>
1	A	I didn't damage the window and I didn't damage
2	the screen so	o there wouldn't be no need for no financial
3	assistance.	
4	Q	You said the two of you talked for about 20
5	minutes, you	began to kiss and then you started taking each
6	other's clot	hes off?
7	A	Exactly.
8	Q	And you began to have sex?
9	А	Yes, sir.
10	Q	You said you began to have sex.
11	A	Yes, sir.
12	Q	And as I remember you said when I entered her,
13	her vagina wa	as all loose and wet and smelly?
14	А	Exactly.
15	Q	You said it wasn't nothing like it used to be?
16	A	Nothing. Never like that. Never.
17	Q	That made you angry?
18	A	Of course I would be upset.
19	Q	What do you mean of course I would be upset?
20	A	Any man would be upset they come home to their
21	lady and she	wasn't the way her vagina was the way
22	Debbie's was	that day.
23	Q	Mr. Chappell, you keep calling her your lady.
24	Was she weari	ing a little gold band that you had bought for
25	her on her le	eft ring finger?

1	А	She told me that she was my girl. And I'm	
2	going to go	by that, sir.	
3	Q Q	Did you think you owned her, sir?	
4	A	No, I did not.	
5	Q	So you've told us that when you detected that	
6		s different you got up and grabbed her?	
7	A	Yes, I did.	
8	Q	Grabbed her how?	
9	~ A	I put my hand in this area right here.	
10	Q	This area meaning in the area of her neck?	
11	A	Yeah.	
12	Q	Did you begin to choke her, Mr. Chappell?	
13	×	I didn't choke her that she couldn't say	
14		othing like that, she couldn't breathe, it	
15		ng like that.	
16			
17	Q	With both hands did you begin to choke her,	
	sir?	No. No.	
18	A	No. No.	
19	Q	With only one hand?	
20	A	One hand, sir.	
21	Q	Which hand?	
22	A	My right hand, sir.	
23	Q	Did you grasp her neck with your right hand?	
24	Did you take	a hold of her neck with your right hand?	
25	A	She was laying down, I was on top of her	

3

	<u> </u>
1	holding her like onto her neck. I wasn't squeezing it,
2	nothing like that.
3	Q She was still laying on the sofa?
4	A Yes, sir.
5	Q But you were standing at that time?
6	A I was like on my knees on top of her. I wasn't
7	standing up yet.
8	Q Pinning her down?
9	A If you call just holding on to the front of her
10	neck pinning her down, yes, sir.
11	Q Mr. Chappell, I'm not calling it anything. I'm
12	asking you what you were doing.
13	A I don't call it pinning her down, no, sir, I
14	was not pinning her down.
15	Q You said you grabbed her with your right hand.
16	What were you doing with your left hand?
17	A My left hand was at the side of the couch like
18	that.
19	Q Did you have the knife at that time?
20	A Absolutely not, sir.
21	Q Had you ejaculated at that time?
22	A No, sir.
23	Q You've said that she wanted to know if she
24	could get on top of you after you'd begun to accuse her of
25	being with someone else?

	(`	104	:
1	А	Yes. She asked me that about three times.	
2	Q	And you rejected that because at this point you	
3	were very and	pry with her?	
4	А	Yes, I rejected that.	
5	Q	Were you now convinced that she was being	
6	unfaithful?		
7	A	No. Not totally, no.	
8	Q	You said she performed oral sex on you?	
9	А	Yes, sir.	
10	Q	And it was at some point after this that she	
11	finished and	went into the bathroom?	
12	А	Exactly.	
13	Q	And then she called the day-care center?	
14	А	Yes, sir.	
15	Q	About what time is it that she called the	1
16	day-care cent	er?	
17	A	I wasn't watching the clock so I don't know	
18	what time it	was.	
19	Q	What time would you say you arrived at the	
20	mobile home a	nd went into the window and through the window	I
21	and you were	greeted by Deborah?	
22	А	I don't know the exact time, sir. I didn't	
23	look at the c	lock at all when I was there.	
24	Q	Well, how far did you have to walk to get from	
25	the office of	where you had met with the law enforcement man	

	105
1	
1	to get out to the projects area in the 500 block of North
2	Lamb?
3	A Las Vegas Boulevard and Bonanza to Lamb and
4	Bonanza took about 45, 50 minutes, sir.
5	Q So if you left the office at about 10:45, then
6	it was, what, 11:30 or 11:35 when you arrived at the Vera
7	Johnson area?
8	A I didn't see no clock over there, but I guess
9	so, sir.
10	Q You said you were there for about half an hour?
11	A Yeah. Yes.
12	Q So that's somewhere around noon or perhaps
13	shortly after twelve o'clock noon?
14	A Yes.
15	Q You borrowed a bicycle?
16	A Yes.
17	Q How long did it take you to ride the bicycle
18	from Vera Johnson to the Balerina Mobile Home Park?
19	A No longer than ten minutes, sir.
20	Q Now, you said you had called from downtown to
21	try to talk to her and you didn't get her on the telephone?
22	A I called from Mr. Duffy's office, sir. He
23	dialed and I left a message on the answering machine.
24	Q And you said you called from the projects also?
25	A Yes, sir.

-Page: 1455 -----

	106
1	Q Did you leave a second message on the answering
2	machine?
3	A Yes, I did, sir.
4	Q And you're telling us you thought she wasn't
5	home?
6	A Exactly. She would have picked up the phone if
7	she was home.
8	Q So approximately what time is it that she is
9	supposedly calling the day-care center about the children?
10	A I didn't see no clock, sir, so I don't know.
11	Q Do you know why she called the day-care center?
12	A She said let's go pick up the kids. We was
13	going to get the kids.
14	Q I thought you mentioned that she was talking
15	with someone and you heard her mention 5:35?
16	A The lady told her that she had to pick up the
17	children by 5:30. She said that in her testimony
18	Q It certainly wasn't close to 5:30, was it?
19	A No, that's what I asked her. I knew right away
20	that she said she had to take the kids at 7:30, dropped
21	them off at 7:30 and I knew right then that she didn't have
22	to pick them up until later in the afternoon, but I told her
23	I wanted to see them anyway, I wanted to see them.
24	Q But you said she was acting scared when she was
25	on the telephone?

3

3	1	A She looked nervous	s to me. If she was so	cared,
4	2	that I think if she was scared	she probably would hav	/e ran
	3	or left the mobile home while I	I was in the bathroom.	So I
	4	don't think she was scared. Sh	ne was just nervous.	
	5	Q Nervous of you?		
	б	A Nervous of the cor	ndition of her vagina a	and she
	7	knew that I was upset about it.		
	8	Q That you had accus	sed her of being unfait	:hful?
	9	A I asked her who sh	ne had been with and sh	ne said
	10	nobody.		
	11	Q Had you threatened] her?	
	12	A No, I did not.		
	13	Q Sheri Smith has te	estified earlier in you	ır
	14	trial, do you remember her, the	young lady from the A	ngel
	15	Day-Care Center?		
	16	A Yes.		
	1 7	Q She testified that	: she asked Deborah Pan	os if
	18	she could get away from you and	l come by herself to th	ie
	19	day-care center and Deborah sai	ld no?	
	20	A I also read that i	in her statement. I di	.dn't
	21	hear none of that so I don't kn	10W .	
	22	Q At this point was	Deborah Panos free to	go
	23	somewhere by herself?		
	24	A We had both agreed	l to both going to get	the
	25	children so I don't know why th	nat was said over the p	hone.

Page: 1457

	108
1	Q If she had not agreed to let you go with her,
2	would you have gone along with her?
3	A Yeah, I would have gone along with her because
4	I wanted to shower and change and all that anyway, sir.
5	Q Sheri Smith also said that twice during the
6	telephone conversation Deborah asked her for help.
7	A I heard that, sir.
8	Q Why would Debbie be asking this employee of the
9	day-care center for help?
10	A I don't know, sir. She had a chance to call
11	911 if she was really scared. She didn't do it so she
12	couldn't have been really scared, sir. She was nervous, but
13	she wasn't scared.
14	Q Well, you told us a little earlier that she was
15	more than nervous. You said she was scared and you figured
16	that was because she knew I knew she had been messing
17	around; isn't that what you told us earlier?
18	A She was probably thinking that in her mind,
19	yeah. I don't know what she was thinking about.
20	Q Were you also asking Deborah for money?
21	A No, I had asked Deborah when we pick up the
22	kids could we all go out and eat together and she said she
23	didn't have no money. We used to go out and eat together a
24	lot.
25	Q Well, you've told us that the two of you left

1	together and you went out to the car and she was going to
2	let you drive?
3	A Yes, we left together and she asked me do you
4	want to drive and I said yes. She handed me the keys and we
5	went to go get in the car.
6	Q You've seen the car depicted in Exhibits 56
7	through 60, the photographs?
8	A Yes, sir.
9	Q Is that Debbie's car?
10	A Yes, sir.
11	Q It wasn't your car, was it?
12	A No, it wasn't.
13	Q Did you have a key to the car?
14	A No, I did not.
15	Q Did she let you have your own key to her car?
16	A NO.
17	Q You hadn't made any of the payments on the car?
18	A When she got the car she only paid a thousand
19	bucks for it. It didn't need a payment, sir.
20	Q Well, that was a thousand dollars more than you
21	had, wasn't it?
22	A Yeah, you're right. But when she got the car
23	she told me she had a big surprise for me. She came and
24	picked me up May 10th at the Clark County Detention Center
25	in that car, sir.

	Q Now, you've told us that as the two of you
2	walked out you saw the beer cans over next to the house?
3	A Yes, sir.
4	Q And you didn't like the condition of the Toyota
5	when you got in it?
6	A The Toyota was trashed and messed up, sir. Of
7	course I didn't like it. She didn't like it either. She
8	said a couple comments I know the air conditioner is broke,
9	this and that, this and that.
10	Q And then you're saying you found a letter in,
11	where, the console area?
12	A Yes, sir. Right here. Right in between the
13	two seats, sir.
1 4	Q And you found that as you were backing out and
15	in the process of driving the vehicle?
16	A NO, I didn't find it while I was backing out.
17	I was like two houses down and then I looked, sir.
18	Q Two houses down driving the vehicle?
19	A Yes.
20	Q It was moved?
21	A Yes.
22	Q And then as you went along you began to read
23	it?
24	A Pardon me?
25	Q As you were driving down the street you were

Did you stop it when you let go of the steering 4 0 5 wheel? 6 Α Stop what? 7 Q The car. 8 Α No. Like I said I almost ran into another car 9 that was parked. 10 Q And what you read is that some guy had written her and he was talking about having sex with her? 11 He said numerous things about sex, sir. 12 Α 13 Q And you've told us that you were shocked and 14 devastated. 15 А Very. And you backed up, you pulled into the driveway 16 Q and you said you climbed out on her side of the car? 17 18 A Yes, sir. Did you grab her at that time? 19 Q I pulled her out of the car, yes, sir. 20 Α Why did you climb out on her side? Were you 21 Q afraid she was going to run? 22 She didn't attempt to do it so I don't know, 23 Α sir. 24 You don't know why you got out on her side of 25 Q

5	А	Exactly, yes, sir.
6	Q	You said she was trying to get the note or
7	lett er from	you?
8	А	She was trying to take it from me, sir.
9	Q	And it was being torn into pieces as you
10	struggled ov	er it?
11	А	Right.
12	Q	And you remember all of these details; is that
13	true, Mr. Ch	appell?
14	A	I remember
15	Q	You remember dragging her back into the mobile
16	home?	
1 7	A	I remember removing her from the vehicle and
18	going toward	s the house, sir.
19	Q	When you got her into the house do you remember
20	throwing her	onto the floor?
21	A	I remember her falling on the floor, yes.
22	Q	Did she have a little help in falling on the
23	floor?	
24	A	Yes, she did.
25	Q	And when you helped her fall to the floor what

	<u> </u>
1	did she do?
2	A She laid there like I said, sir. She didn't
3	move.
4	Q She just laid there and covered up her face,
5	didn't she?
б	A Yes, sir.
7	Q And tried to protect herself; is that true, Mr.
8	Chappell?
9	A Yes.
10	Q Had she tried to attack you?
11	A No, she did not.
12	Q Had she got a knife or some type of weapon and
13	tried to injure you or hurt you?
14	A No, sir.
15	Q Did you suffer any type of serious injury as a
16	result of the struggle between the two of you?
17	A No, sir.
1 8	Q So what happened after you had her on the floor
19	and she just laid there and tried to cover herself up, what
20	did you do, sir?
21	A I can't picture it, sir. I don't remember.
22	Q You can't picture it or you don't want to tell
23	us what you picture now in this courtroom in your mind?
24	A I can't see myself hitting her, sir. I am
25	telling you I blacked out, sir. Quit just like that.

1	Q	You're saying you blacked out?
2	A	Right. I don't remember seeing myself strike
3	this woman o	r do nothing.
4	Q	And you remember precisely what happened right
5	up to the mo	ment that you killed her, but you don't remember
6	that part of	it and then afterwards you remember again?
7	А	I remember moving her towards the house, sir,
8	and I rememb	er seeing her on the floor. That's it.
9	Q	Are you just telling us what you want to tell
10	us?	
11	А	No, sir.
12	Q	Aren't you just remembering what you want to
13	remember?	
14	А	No, sir, that's not true.
15	Q	Where did the knife come from?
16	А	I don't know, sir.
17	Q	Is 68-A-1 your knife?
18	А	No, it is not.
1 9	Q	Then it was Deborah's knife; is that correct?
20	А	It belonged to the household, sir.
21	Q	Didn't it stay in a drawer in the kitchen?
22	A	I don't know.
23	Q	You killed her in the living room, didn't you?
24	А	I don't know if it was in no drawer. I don't
25	remember ope	ning no drawer, sir.

	(<u></u>
1	Q At some point after you had beat her into
2	submission you had to walk somewhere to get the steak knife;
3	isn't that correct?
4	A I don't remember where I got the knife from,
5	
6	Q The medical examiner says you stabled her at
7	least 13 times in the neck and the chest ten times. You're
8	telling us you don't remember any of that?
9	A No, I do not.
10	Q You don't remember stabbing her even once with
11	a knife?
12	A No. No, I do not.
13	Q Now, when is it that you went into the bedroom
14	and you threw these letters that you had written to her
15	around the room?
16	A The letters were tossed at her before she had
17	performed oral sex on me, sir, right when we went in the
18	room.
19	Q While you were accusing her; is that true?
20	A I had accused her when I was laying on top of
21	her, sir. When I got off of her I didn't repeat what I had
22	said to her. I just walked away from her.
23	Q How did the two of you get in the bedroom? How
24	did the two of you get into the bedroom?
25	A I walked in there, she followed me and she

Page: 1465.

	(<u></u>
1	hugged me around my waist like I said, sir.
2	Q But you didn't want her affection at that
3	point; is that what you're telling us?
4	A No, I did not.
5	Q Because you were angry; is that true?
6	A I was upset.
7	Q You were jealous?
8	A Upset.
9	Q Suspicious?
10	A Upset.
11	Q Did you call her a bitch or whore or slut?
12	A No.
13	Q That afternoon?
14	A No, sir, I diđ not.
15	Q But you've told us at some point you picked up
16	a stack of your letters and suggested that these hadn't
17	meant anything to you?
18	A My exact words, yes.
19	Q You've testified that after this happened you
20	didn't know that you had killed her?
21	A I seen her on the floor, sir. I left. I
22	couldn't sit there.
23	Q Did you check for a pulse?
24	A No. No.
25	Q There is a telephone inside the mobile home,

	(<u></u>
1	isn't there?
2	A Yes, there was.
з	Q Did you go to the telephone since you didn't
4	know that she was dead and call 911?
5	A If you see somebody like that laying in front
6	of you, sir, you are not going to sit there and look at
7	that, sir.
8	Q Did you try to help her?
9	A I couldn't look at that, sir.
10	Q So you chose to ignore her situation; is that
11	what you're telling us? Is that your testimony?
12	A I couldn't sit there and look at that, sir. I
13	had to get out of there, sir. I couldn't look at it.
14	Q You didn't climb on your bicycle, you stole her
15	car; isn't that true?
16	A If you want to call it stealing it. I don't
17	consider myself stealing it, sir.
18	Q Were the keys still in the car?
19	A I don't remember, sir.
20	Q And you drove to the Vera Johnson projects in
21	the car and you got high?
22	A No, I did not get high. I parked the car, I
23	went inside an abandoned apartment and stayed in there about
24	three hours, sir.
25	Q Is that where you got the shrimp and the pie?

	(<u></u>
1	A I didn't get that till like ten o'clock at
2	night, sir.
3	MR. HARMON: May I approach the witness, Your

5	THE COURT: Yes.
6	BY MR. HARMON:
7	Q Mr. Chappell, this is a couple of pages, it
8	looks like they're numbered seven and eight which have been
9	removed from letters taken from the bag, Exhibit 75. Is
10	that your handwriting?
11	A Yes, sir.
12	Q So both on the front which is identified as
13	page seven and on the back page eight this is a letter
14	written by you?
15	A Yes, sir.
16	Q You wrote this from the jail?
17	A Yes, sir.
18	Q And you wrote this a few weeks before you
19	killed her?
20	A I don't know the exact date I wrote the letter,
21	sir.
22	Q You begin this page of the letter by saying,
23	"Hello, Sweetie. Found some more paper. It's Sunday,
24	July 30, 1995." Is that date in your handwriting?
25	A Yes, sir.

	(119
1	Q So is that apparently the date you wrote this?
2	A Yes, sir.
3	Q You say, "Been here 35 days. Where are you?"
4	And you have four guestion marks?
5	A Yes.
6	Q You go on to write, "You must be terrified to
7	visit me, ha?"
8	A Yes, I wrote that.
9	Q Did you further write, "You know I'll put you
10	on the witness stand, ha?" Did you write that?
11	A Yes, she knows she can't lie to my face, sir.
12	That's why I wrote that. I'd know if she was telling the
13	truth.
14	Q You meant when you saw her you were going to
15	give her the third degree, didn't you?
16	A I was going to question her, yes.
17	Q About where she'd been and who she'd been with?
18	A I already knew who she was hanging with.
19	Q Who?
20	A Lisa Duran and Claire and Jennifer, that lady
21	that was sitting in the back of the courtroom.
22	Q And now after you talked about putting her on
23	the witness stand did you say, "And you can't face it or me,
24	ha?" Is that what you write, "and you can't face it or me,
25	ha?"

Page: 1469

	(<u>~120</u>
1	A I wrote that, yes, sir.
2	Q You didn't get out of custody between
3	July the 30th, 1995 and August the 31st, did you?
4	A No.
5	Q Do you then write, "One day soon I'll be at

1 MONDAY, OCTOBER 14, 1996, 11:35 A.M. 2 THE COURT: We're on the record outside the 3 presence of the jury. 4 MR. HARMON: Judge, the State has two 5 additional witnesses to call during its case in chief. The 6 first witness will be Terry Cook. He's available. 7 Our problem lies with the Cellmark witness. 8 We were going to use Paula Yates, as she is ill apparently 9 with the flu is it? 10 MS. SILVER: Hundred five fever. 11 MR. HARMON: She would not be available until after we intended to recess this week. So then we 12 13 wanted to use her partner Lisa Foreman. Ms. Foreman, as I 14 understand it, had a serious illness in her family. At the 15 earliest, she wouldn't be available until tomorrow and we're not sure if she would be available until later than 16 17 that. 18 THE COURT: That testimony undoubtedly is going to take an hour. 19 20 MR. HARMON: Well, it may. I don't think 21 it's going to be extensive. 22 THE COURT: But still in order to convey the 23 technology to the jury it's going to take some time in terms of just foundationally I would think. 24 MR. HARMON: That's possible, Judge. 25

1 What we propose to do is move to endorse a 2 name. Thomas Wahl of the Metro Police Department Crime 3 Lab, who has experience and knows of Cellmark, has had an 4 opportunity to review the findings in this case and would be prepared -- that is W-A-H-L -- to testify today. So we 5 6 could proceed without any delay. So we're simply asking 7 for permission, even though we understand --8 THE COURT: Is there any objection to this? 9 MR. BROOKS: We're not going to oppose 10 this. We are not contesting any of this DNA evidence, so there is no objection at all. 11 12 THE COURT: All right, motion is granted. 13 MR. HARMON: May I file the motion in open 14 court and also approach the bench with the order? THE COURT: Yes. 15 Let's bring in the jury. 16 17 (Off the record discussion not reported.) 18 19 (At this time the jury entered the 20 courtroom.) 21 22 THE COURT: Good morning, ladies and 23 gentlemen. THE JURY: (In Unison) Good morning. 24 THE COURT: I apologize for the late start. 25 PATSY K. SMITH, OFFICIAL COURT REPORTER

1 However, this morning's calendar went over two hours and it 2 was quite elaborate and, unfortunately, that's the system 3 that is in place in this county. It's a system that needs 4 badly to be changed and with some minimum level of 5 creativity among the jurists of this state, it will be 6 changed, but it hasn't been changed yet. 7 With that, will counsel stipulate to the 8 presence of the jury? 9 MR. HARMON: Yes, your Honor. 10 MR. BROOKS: Defense will, your Honor. 11 THE COURT: All right, the State may call 12 its next witness. 13 MS. SILVER: Thank you, your Honor. We would call Terry Cook to the stand. 14 15 16 TERRY L. COOK, 17 having been first duly sworn to tell the truth, the whole 18 truth and nothing but the truth, testified and said as follows: 19 20 . . . 21 22 23 24 . . . 25 . . .

1 DIRECT EXAMINATION 2 BY MS. SILVER: 3 Sir, could you please state your name Q 4 and spell it for the record. 5 Terry L. Cook, C-O-O-K. Α 6 Q And, sir, what is your occupation and 7 assignment? 8 A I'm a Criminalist II with the Las Vegas 9 Metro Police Department Crime Laboratory for Las Vegas, 10 Nevada. 11 Q As a criminalist with the Las Vegas Metropolitan Police Department, what do your duties 12 13 include? Well, a criminalist is an individual 14 Α 15 with a specialized background or training that utilizes 16 that training in the analysis of evidence. My particular 17 area of expertise is in the field of serology. A serologist would concern himself with the identification of 18 body fluids on items of evidence found on or near crime 19 20 scenes. They would be semen, saliva, and, most commonly, 21 blood. 22 0 And what type of training and experience do you have in order to become such a serologist 23 with the crime lab? 24 25 I have a bachelor degree in chemistry A PATSY K.
