JOSEPH A. HENDERSON
Petitioner,

v.

STATE OF NEVADA
Respondent.

**PETITION FOR WRIT
OF HABEAS CORPUS
(POSTCONVICTION)**

INSTRUCTIONS:

- (1) This petition must be legibly handwritten or typewritten, signed by the petitioner and verified.
- (2) Additional pages are not permitted except where noted or with respect to the facts which you rely upon to support your grounds for relief. No citation of authorities need be furnished. If briefs or arguments are submitted, they should be submitted in the form of a separate memorandum.
- (3) If you want an attorney appointed, you must complete the Affidavit in Support of Request to Proceed in Forma Pauperis. You must have an authorized officer at the prison complete the certificate as to the amount of money and securities on deposit to your credit in any account in the institution.
- (4) You must name as respondent the person by whom you are confined or restrained. If you are in a specific institution of the Department of Corrections, name the warden or head of the institution. If you're not in a specific institution of the Department but within its custody, name the Director of the Department of Corrections.
- (5) You must include all grounds or claims for relief which you may have regarding your conviction or sentence. Failure to raise all grounds in this petition may preclude you from filing future petitions challenging your conviction and sentence.
- (6) You must allege specific facts supporting the claims in the petition you file seeking relief from any conviction or sentence. Failure to allege specific facts rather than just conclusions may cause your petition to be dismissed. If your petition contains a claim of ineffective assistance of counsel, that claim will operate to waive the attorney-client privilege for the proceeding in which you claim your counsel was ineffective.

(7) When the petition is fully completed, the original and one copy must be filed with the clerk of the state district court for the county in which you were convicted. One copy must be mailed to the respondent, one copy to the Attorney General's Office, and one copy to the district attorney of the county in which you were convicted or to the original prosecutor if you are challenging your original conviction or sentence. Copies must conform in all particulars to the original submitted for filing.

PETITION

1. Name of institution and county in which you are presently imprisoned or where and how you are presently restrained of your liberty: ELY STATE PRISON WHITEPINE NEVADA

2. Name and location of court which entered the judgment of conviction under attack: EIGHTH JUDICIAL DISTRICT COURT

3. Date of judgment of conviction: SEPTEMBER 24th 2008

4. Case number: C212968

5. (a) Length of sentence: 10 LIFE SENTENCES PLUS 40 years to 90 years

(b) If sentence is death, state any date upon which execution is scheduled: _____

6. Are you presently serving a sentence for a conviction other than the conviction under attack in this motion? Yes _____ No X

If "yes", list crime, case number and sentence being served at this time: _____

7. Nature of offense involved in conviction being challenged: ROBBERY, KIDNAP, ASSULT SEXUAL ASSULT, BURGLARY, CONSPIRACY:

8. What was your plea? (check one):

(a) Not guilty X (b) Guilty _____ (c) Nolo contendere _____

9. If you entered a plea of guilty to one count of an indictment or information, and a plea of not guilty to another count of an indictment or information, or if a plea of guilty was negotiated, give details: _____

10. If you were found guilty after a plea of not guilty, was the finding made by: (check one)

(a) Jury X (b) Judge without a jury _____

11. Did you testify at the trial? Yes _____ No X

12. Did you appeal from the judgment of conviction? Yes X No _____

13. If you did appeal, answer the following:

(a) Name of Court: EIGHTH JUDICIAL DISTRICT COURT #16

(b) Case number or citation: C212968

(c) Result: FOUND GUILTY BY JURY

(d) Date of result: JUNE 26th 2008
(Attach copy of order or decision, if available.)

14. If you did not appeal, explain briefly why you did not: _____

15. Other than a direct appeal from the judgment of conviction and sentence, have you previously filed any petitions, applications or motions with respect to this judgment in any court, state or federal?
Yes No

16. If your answer to No. 15 was "yes", give the following information:

(a)(1) Name of court: EIGHTH JUDICIAL DISTRICT COURT #16
(2) Nature of proceeding: MOTION TO DISMISS COUNSEL; MOTION FOR DISCOVERY;

(3) Grounds raised: _____

(4) Did you receive an evidentiary hearing on your petition, application or motion?
Yes No

(5) Result: _____

(6) Date of result: _____

(7) If known, citations of any written opinion or date of orders entered pursuant to such result: _____

(b) As to any second petition, application or motion, give the same information:

(1) Name of court: _____

(2) Nature of proceeding: _____

(3) Grounds raised: _____

(4) Did you receive an evidentiary hearing on your petition, application or motion?
Yes No

(5) Result: _____

(6) Date of result: _____

(7) If known, citations of any written opinion or date of orders entered pursuant to such a result: _____

(c) As to any third or subsequent additional applications or motions, give the same information as above, list them on a separate sheet and attach.

(d) Did you appeal to the highest state or federal court having jurisdiction, the result or action taken on any petition, application or motion?

(1) First petition, application or motion? Yes No
Citation or date of decision: _____

(2) Second petition, application or motion? Yes No
Citation or date of decision: _____

(3) Third or subsequent petitions, applications or motions? Yes No
Citation or date of decision: _____

(e) If you did not appeal from the adverse action on any petition, application or motion, explain briefly why you did not. (You must relate specific facts in response to this question. Your response may be included on paper which is 8 1/2 by 11 inches attached to the petition. Your response may not exceed five handwritten or typewritten pages in length.) _____

(a) Ground One: The State deprived Petitioner of his right to be confronted with the evidence and witnesses against him in violation of the 6th and 14th Amendments to the U.S. Constitution.

Supporting FACTS (Tell your story briefly without citing cases or law.):

(b) Ground Two: The State elicited perjured testimony from its expert witness Guenther and failed to correct the known perjury in violation of Petitioner's 6th and 14th Amendment rights to the U.S. Constitution.

Supporting FACTS (Tell your story briefly without citing cases or law.):

(c) Ground Three: The State failed to meet its burden of proving Petitioner guilty of each element of each offense beyond a reasonable doubt, in violation of Petitioner's rights under the 6th and 14th Amendments to the U.S. Constitution.

Supporting FACTS (Tell your story briefly without citing cases or law.):

(d) Ground Four: Petitioner suffered ineffective assistance of counsel at trial in violation of the 6th and 14th Amendments to the U.S. Constitution.

Supporting FACTS (Tell your story briefly without citing cases or law.):

(a) Ground Five: Petitioner was deprived of his right to Confrontation and Compulsory process in violation of his 6th and 14th Amendment rights under the U.S. Constitution

Supporting FACTS (Tell your story briefly without citing cases or law.):

(b) Ground Six: The trial court's failure to dismiss the charges against petitioner and failure to preclude evidence against petitioner violated petitioner's 6th and 14th Amendment rights to due process and a fair trial under U.S. Const.

Supporting FACTS (Tell your story briefly without citing cases or law.):

(c) Ground Seven: The trial court erred when it denied petitioner's motion in limine to preclude the State from presenting evidence or arguing petitioner's ID was assumed as a result of DNA testing in violation of the 6th and 14th Amendments to U.S. Const.

Supporting FACTS (Tell your story briefly without citing cases or law.):

(d) Ground Eight: Petitioner's right to due process was violated when the court denied defense motion for a mistrial after the testimony of Kim Murga in violation of the 6th and 14th Amendments to the U.S. Constitution.

Supporting FACTS (Tell your story briefly without citing cases or law.):

Background

On September 03, 2004, approximately thirty minutes past midnight, Eric Bernweig and his girlfriend Julie Kim were victims of a home invasion robbery. Three men, one white and two black, gained entry into the home ostensibly in search of money. During the course of the robbery one of the black males subjected Ms. Kim to multiple acts of sexual assault in various areas throughout the home. At some point Ms. Kim was taken upstairs and while tied up she was raped a second time. In her bedroom, on her bed, she was subjected to further restraints as her assailant then tied her legs.

While Ms. Kim was being raped, the other two men were beating Mr. Bernweig up and ransacking the home in search of a safe and more money. Mr. Bernweig gave the men approximately one thousand dollars in hundred dollar bills and asserted it was all he had. Mr. Bernweig was also restrained but managed to slip his restraints and was pistol whipped about the head and face when he was discovered.

Shortly thereafter, the assailants fled. Ms. Kim managed to free herself and went to the aid of her boyfriend who was lying in a pool of blood. The couple called 911 and police arrived but the assailants were gone. Mr. Bernweig drove to Sumnerlin for hospital attention from a colleague while Ms. Kim was transported to UMC where she is seen by Linda Ebbert, RN and Sexual Assault Nurse Examiner (SANE). Ebbert completes a rape kit, having interviewed, photographed and swabbed Julie Kim. Ms. Kim informed Ebbert that her assailant licked her nipples at one point. As a result of that information, swabs were taken of the nipples of Ms. Kim. In addition to blood being drawn and taking oral, vaginal, rectal and buccal swabs, Ebbert took swabs of blood from Ms. Kim's left forearm, left hand, and left knee. It was noted that there was also blood on the bridge of her nose. Ms. Kim asserted the blood was not her own but that of her boyfriend.

Nurse Ebbert conducted a pelvic examination with the use of toluidine blue dye and

reported that there was no adherence made with the blue dye and stated "Light Staining microscope was negative for any Sperm on Slides prepared by this nurse."

The rape kit was eventually turned over to LVMPD. Detective Michael Jeffries was assigned to the case which was assigned Event number 040903-0152. Jeffries requested the rape kit be examined by the LVMPD's DNA Lab. The examination was conducted by Criminalist David F. Welch of the LVMPD. Welch concluded his exam and findings on November 16, 2004. Welch reported that DNA was detected on the breast swabs of victim Julie Kim, DNA from an unknown male. The DNA profile from the unknown male was searched against the local DNA Index System. No matches were found. Petitioner's DNA was on file in both Nevada and California and the profile did not come back as a match to him. Further, Welch reported that Semen was detected on the

Vaginal Swabs of the Victim, "however, no spermatozoa were observed. Therefore, no significant DNA-STR typing results were obtained."

Once detective Jeffries learns that no suspect can be identified from the analysis, he submits the profile to Kathy M. Guenther, another Criminalist with the LVMPD, who submitted the profile to her contacts in the California Department of Justice on January 7, 2005 requesting that they "Please start the match confirmation procedure." According to Guenther's preliminary testimony, officials in California "...went ahead and pulled their sample [DNA] and tested it again..." (prelim. Transcr. of 6/9/05 at p. 118 ln. 19-23). This was the "CODIS" hit purportedly by federal authorities (4/28/05 prelim. Tr. at pp. 138-139).

So, the profile generated from the breast swabs of Ms. Kim ~~was~~ sent to a comparison lab in California in hopes of discovering a match. On February 13, 2005, Guenther is allegedly notified by CDJ that the profile submitted matched their known DNA for Petitioner, Joseph Henderson.

(Note: Skipped 5e)

Guenther informed Jeffries of this information and with it, Detective Jeffries obtains a search warrant to take buccal swabs of Petitioner's mouth. The swabs were given to Guenther for analysis and she generated a profile that was a match for Petitioner's DNA from the obtained buccal swabs and the DNA obtained from the breast swabs of the victim, Ms. Kim.

Petitioner at this point was effectively locked in as the prime suspect of the charged crimes.

THE STATE DEPRIVED PETITIONER
OF HIS RIGHT TO BE CONFRONTED WITH
THE EVIDENCE AND WITNESSES AGAINST HIM

This violation occurred when the State failed to provide Petitioner the evidence Guenther submitted to the comparison lab. Petitioner required that evidence for testing to insure that it was not unfairly and unreliably manufactured. It is apparent that

the DNA "profiles" are indeed manufactured as evinced by Guenther's trial testimony stating "The DNA goes through a lot of steps. I won't go through all the boring steps of the DNA process, but at the end we end up with a numeric profile generated from our genetic analyzer." (Trial Tr. of 6/27/08 at p. 111).

Petitioner was not afforded any discovery concerning this "genetic analyzer." Does this machine ingest biological specimens? Is it sterilized before and after each use? By whom? Who can verify that? Does it merely do math and scan markers? What software does it use? What hardware? How reliable is this soft or hardware?

Petitioner was never given opportunity to confront his actual accuser, the genetic analyzer.

Further, if the profile Guenther sent to federal authorities in California was indeed flawed, how reliable is the Codis match? What steps did CDOS

Take to match Petitioner to the profile
Gwenther provided them? She asked them
to make a match and "confirm" it and they
did. But, did they do so fairly? Was
Petitioner's Profile in California merely
Similar, Strikingly Similar, or Spot-on-Exact?
Did the federal authorities alter their
Calibrations to bring about the match or
increase the probability of a match? Could
their Conclusions be a matter of interpretation?

These are all questions Petitioner should have
been able to explore but he was deprive
of that right. Petitioner could not Confront
his accusers, Cross-examine them and Compel
expert Testimony to Contradict them. This
was a violation of Petitioner's 6th & 14th
Amendment rights to the U.S. Constitution

THE STATE ELICITED PERJURED TESTIMONY FROM ITS EXPERT WITNESS - GUENTHER AND FAILED TO CORRECT WHAT THEY KNEW TO BE FALSE.

Guenther testified as follows:

A. ... I detected the presence of Semen on two stains on ^{the} top bed sheet. I tested those and obtained DNA profiles from those.

Q. From two independent stains?

A. Yes.

Q. Sufficient spermatozoa for you to get a profile?

A. Yes, certainly.

Q. Did you document those findings as well?

A. Yes, I did.

Q. And again this was in July of 2005 when you were looking at two more loci; is that correct?

A. That's correct.

Q. Prior to the -- to Dave Welch's initial Crime Scene Screening and your initial Comparison of the known DNA of Joseph Henderson?

A. That's correct.

Here, the jury hears testimony from this expert that she detected semen, tested stains, obtained DNA profiles from them because there was sufficient spermatozoa to get a profile and she had all of this from the very outset, having obtained it prior to Dave Welch's initial Crime Scene Screening and her initial Comparison of the known DNA of Petitioner. It's a regular "gotcha" moment. The jury could reasonably infer that the State had Petitioner's sperm from the beginning and obtain a profile with it first.

We know this is completely untrue as Welch conducted his analysis in November of 2004. The perjury went uncorrected and

prejudiced Petitioner so that his conviction was wrongfully obtained with this perjured testimony.

THE STATE FAILED TO MEET ITS BURDEN OF PROVING PETITIONER GUILTY OF EACH ELEMENT OF EACH OFFENSE BEYOND A REASONABLE DOUBT.

Petitioner is alleged to have committed the crimes in this case with two co-conspirators, however there was no evidence presented by way of testimony of a co-conspirator or perpetrator that Petitioner was in any way party to these crimes. There was no testimony from the victims that Petitioner was one of their assailants; no eye witness identification testimony presented; no fingerprints nor confession that puts Petitioner at the scene of these crimes.

In this case, the State was in a position where they merely had to prove the crimes took place in general. Then, the

State asserts that Petitioner's DNA was found at the scene and it is automatically presumed in the minds of the jury that the State has proven its case and the defendant is guilty. This is because of the almost mythic infallibility jurors routinely afford confident scientific experts as they attempt to explain their cutting-edge technology. Because the average person can hardly understand the scientific mumbo-jumbo, we bow to the assertion that it's correct and concede that we are not qualified to question it.

For this reason, it is imperative that the State not abuse its authority when using this science. When the State points its finger and asserts that it is the defendant's DNA that is found in a case such as this, that defendant will surely be convicted. Consequently, the process to get to that point,

must be pristine, virtually error free, before it can be presumed that the information is correct and the State has met its burden of proof. Otherwise the process would be fundamentally unfair. In this case, the victim, Ms. Kim knelt in a pool of her husband's blood (DNA) at the scene of the crime. When she arrived at UMC and was seen by SANE Nurse Ebbert, Ebbert noted that there was blood on Ms. Kim's face, hand, arm and knee. There can be no question that blood splatter, contaminate DNA, has come into contact with the victim before any swabs were taken. Ms. Kim went to check on her boyfriend and concerned for him she

pressed her body to his and picked up foreign DNA all over her person, from head to knee. The State of the evidence is that at that point, Ms. Kim was nearly nude, without panties or brassiere. It could reasonably be assumed that the contaminate DNA came into contact with Ms. Kim's breast and pelvis either directly or through contact soaked through her night gown. In any case, if Ms. Kim's person was contaminated by Eric Bernweig's DNA, how reliable is the profile generated from the swabs taken subsequent to the contamination? Not very!

In the instant case, Criminalists Welch and Guenther assert that the analysis they performed on the DNA was through PCR amplification. PCR is an acronym for "Polymerase Chain reaction." PCR tests are

Extremely sensitive to Contaminating DNA at the Crime Scene and within the Test Laboratory. During PCR, Contaminants may be amplified up to a billion times their original Concentration. Contamination can influence PCR results, particularly in the absence of proper handling techniques and proper controls for Contamination. Sensitivity is the main advantage of PCR tests. However, the increased sensitivity also makes PCR tests more vulnerable to trace Contaminants, i.e., DNA from unexpected sources.

The State was careful to avoid presenting evidence of Julie Kim's Contamination as their case hinged upon the interpretation of these tests. The evidence of the Contamination is irrefutable, see Exhibit "A" attached hereto. In light of this evidence, the profile generated from the Swabs of Julie Kim were presumptively unreliable and the State failed to meet its burden of proof.

PETITIONER SUFFERED THE
INEFFECTIVE ASSISTANCE OF TRIAL COUNSEL

In this case, the State sought to prove Petitioner's guilt by showing his DNA was left on the person of the victim, Ms. Kim.

The only plausible defense available to Petitioner was to challenge the reliability of the experts findings. There was no "strategic" reasoning that could remotely justify abandoning this course of action.

Petitioner contends that Counsel was ineffective when:

A. Counsel failed to call into question and have tested the evidence of California authorities lab work matching Petitioner to Nevada's profile.

B. Counsel failed to move for the suppression of the State's profiles generated with or

"possibly" generated with contaminated DNA.

C. Counsel failed to make the jury aware that the State failed to maintain the integrity of its evidence, conducting analysis with potentially contaminated DNA.

D. Counsel failed to make the jury aware that Julie Kim's actions in pressing herself to Eric Bernweig's bloody body and kneeling in a pool of his blood may have effectively contaminated herself so as to make all subsequent testing presumptively unreliable thus giving rise to reasonable doubt.

E. Counsel failed to impeach the credibility of Expert Guenther who claimed to have located sufficient spermatazoa to obtain a genetic profile when Expert Welch and SANE Nurse Ebbert asserted there was virtually no spermatazoa at all.

F. Counsel failed to make the jury aware that witness Linda Ebbert performed a blue dye test that revealed no Spermatazoa.

G. Counsel failed to make the jury aware that Expert Witness Guenther committed perjury.

PETITIONER WAS DEPRIVED OF HIS
RIGHT TO CONFRONTATION AND COMPULSORY
PROCESS

State's Witness, Criminalist Welch consumed all of the evidence of the breast swabs of Julie Kim. Consequently, Petitioner was deprived the opportunity to test the swabs himself and compel expert testimony to refute the State's experts on the outcome of the breast swabs. Petitioner could not confront this evidence against him.

THE TRIAL COURT'S FAILURE TO
DISMISS THE CASE FOR FAILURE TO
PRESERVE EVIDENCE VIOLATED PETITIONER'S
RIGHT TO DUE PROCESS AND A FAIR
TRIAL

Trial Counsel filed a motion to dismiss due to Welch's failure to preserve some portion of the breast swab so the defense could test it. The Trial Court refused to dismiss and refused to provide an instruction that the mishandled DNA evidence prejudiced Petitioner. This action was violative of the 6th & 14th Amendments to the U.S. Constitution.

THE TRIAL COURT REFUSED TO
PRECLUDE THE STATE FROM ARGUING AND
PRESENTING EVIDENCE THAT PETITIONER'S
IDENTITY IS ASSUMED AS A RESULT OF
THE DNA TESTING

Petitioner's motion in limine challenged the nature and extent by which the State's experts could testify and the prosecutor could argue regarding conclusions of the DNA testing. The motion in limine asked the Court not to allow inaccurate and unreliable testimony concerning DNA evidence. The government should not have been able to present nor argue statistical evidence to suggest that the DNA evidence indicates the likelihood of the defendant's guilt rather than the odds of the evidence having him found in a randomly selective sample. The prosecution could elicit that the DNA match is one in whatever number of people randomly selected from the population would also match the DNA found. That is random match probability. However, giving a percentage that the DNA was found to be Petitioner was impermissible. That was/is Source Probability.

Additionally, an expert should be precluded from stating, and the prosecutor precluded from arguing identity is assumed.

In trial, the prosecutor asked its expert, Guenther, the following:

Q. To a reasonable degree of scientific certainty, what is your conclusion regarding the vaginal swab vis-a-vis the known profile of Joseph Henderson re-profiled in July 2005?

A. That the sperm DNA profile from the vaginal swab, male portion, matches the DNA profile from Joseph Henderson and Joseph Henderson is the source of that DNA. (6/26/08 Tr. at pg. 131)

This was impermissible source probability testimony asserting invariably (100%) that it was Petitioner. This violated Petitioner's right to a fair trial under the 6th Amendment, U.S. Constitution.

The violation occurred again when the State asked:

Q. Mary, in your professional opinion,

to a reasonable degree of scientific certainty, who was the contributor?

A. The male contributor is Joseph Henderson.
(6/27/08 TTr. at pg. 21).

Again, this was not random match probability testimony but rather source probability and leaves the impression that it is 100% invariable.

The State elicited this same prejudicial testimony from its witness, Kim Murga, who also was presented as an expert.

A. The individual who left the DNA on the breast swab of -- on the breast sample of Julie Kim is Joseph Henderson. (6/27/08 TTr. at p. 34).

A. The individual who contributed to the DNA mixture, the male profile in the vaginal swab is Joseph Henderson. (6/27/08 TTr. at pg. 34).

These actions violated Petitioner's 6th and 14th Amendment rights under the U.S. Constitution to a fair trial.

PETITIONER'S RIGHT TO DUE PROCESS
WAS VIOLATED WHEN THE COURT DENIED
DEFENSE MOTION FOR MISTRIAL AFTER
THE TESTIMONY OF KIM MURGA

The State's key witness or expert witness, Kim Murga, was used to bolster the State's case as she testified to the veracity of and credibility of witnesses Welch and Ewencher. Using this expert to vouch for the credibility of the State's other experts was improper. Murga's testimony was cumulative and highly prejudicial. Additionally, she referenced material evidence not timely disclosed to the defense. These actions

were violative of Petitioner's 6th and 14th amendment rights under the U.S. Constitution.

Conclusion

For the reasons set forth in this petition, Petitioner prays this Court will REVERSE his conviction and remand this matter back to the prosecutor's office for further disposition.

Respectfully,

Joseph Henderson
Joseph A. Henderson

DATED: This 2nd day of January, 2011.

WHEREFORE, petitioner prays that the court grant petitioner relief to which he may be entitled in this proceeding.

Las Vegas Metro Event Number - 040903-0158

MODE OF ARRIVAL: Las Vegas Metro Police Department

TIME OF SERVICE: 3:28 on 09/03/2004

CHIEF COMPLAINT: Sexual assault.

- HISTORY OF PRESENT ILLNESS: The patient states that there was a knock at her door at about 11:30 last evening and that there was an Hispanic male who came to the door and he said that someone had thrown his keys into the backyard. The patient states that her boyfriend went into the garage to find a flashlight to assist him and then suddenly there were 2 black males that came into the home. The patient states she and her boyfriend were both tied with plastic bands and that she was sexually assaulted on the couch, pn missionary position by a black male and then she was sexually assaulted on the bed with her in missionary position. She states that the male who sexually assaulted her also tied her ankles. She states that after the assailants were gone, she was able to get loose from the restrains and that is when law enforcement became involved with the case. The patient does state that there was penetration of the vagina with the penis of the assailant 2 times. There was also finger penetration. She denies any anal or oral penetration. The patient does state the suspect did masturbate her, she is unsure if he did ejaculate. She does say that he sucked on her nipples, areas of the nipples are swabbed and placed in the sexual assault kit for saliva. She states there was a black gun used and that she has not had consensual intercourse in the last 5 days. The patient is very upset and nervous but cooperative and very straight forward with her answers during her examination.

PHYSICAL EXAMINATION:

GENERAL: This is an alert, oriented 29-year-old Oriental female who is here for a sexual assault examination.

HEENT: There is blood noted over the bridge of the nose. The patient states this is from her boyfriend, who had a cut to his head and injury to his mouth. She had no complaints of injury in this area.

HEART: Regular rate and rhythm.

LUNGS: Respirations are even and unlabored.

ABDOMEN: Soft and nontender.

EXTREMITIES: The patient is able to move all extremities without difficulty. She does have blood on her left forearm, on her left hand and on her left knee. These areas are also swabbed. She does state that this is from her boyfriend, however.

PELVIC: Pelvic examination is done with the use of toluidine blue dye. There is a increased redness at the introitus of the patient's vagina. Please see anatomical drawing sheet for this. No adherence was made with the toluidine blue dye. The increased redness is at 6 o'clock on the introitus. Light staining microscope was negative for any sperm on slides prepared by this nurse. The slide is enclosed in the sexual assault kit for further review by the Las Vegas Metro Crime Lab.

Sexual assault panel is done on the patient. Pregnancy test is reported as negative. Urine toxicology screen is negative. ETOH is less than 10. Zithromax 1 gram is given p.o. prophylactically, Tequin 400 mg, p.o., Ovral 2 tablets during her visit and 2 to take in 12-hours. The patient is also given Flagyl 2 grams p.o. She is given crackers to eat at this time and is encouraged to have breakfast as soon as she leaves. The patient is given instructions on sexually transmitted diseases, sexual assault instructions and sitz baths. She is to follow with the Rape Crisis Center. In 7 days

22 **INTRODUCTION:**

23 Eric Bernweig and his fiancée, Julie Kim, were in bed in the early morning hours of
24 September 3, 2004 when their doorbell rang. Mr. Bernweig went downstairs to answer the door. The
25 man at the door—who the victims described as both "Hispanic" or "Middle Eastern" at varying
26 times—told Mr. Bernweig that his child had thrown his keys into Mr. Bernweig's backyard. This was
27 a ruse to get access to the residence. Both victims described assailants entering the residents with
28 guns equipped with laser sights. Upon entry, the men made repeated demands to get into the safe.

1 Two of the assailants took Mr. Bernweig upstairs and the third man, who had on a mask, tied up Ms.
2 Kim. This man began touching Ms. Kim's breast(s) and buttocks.

3 This masked assailant digitally penetrated Ms. Kim and eventually placed his penis in her
4 vagina without her consent. A noise startled the assailant and the sexual assault momentarily ceased.
5 The assailant then took Ms. Kim upstairs where he again sexually assaulted her. After all of the
6 assailants left, Ms. Kim freed herself and Mr. Bernweig and they called 9-1-1.

7 Ms. Kim went to University Medical Center (UMC) where a SANE nurse conducted a sexual
8 assault exam. DNA samples of an unknown person were collected from Ms. Kim's vagina, breast,
9 and bed sheet. This DNA was uploaded into the National DNA Index system (CODIS) for
10 comparison. A CODIS hit came back from California and the DNA was linked to Joseph Henderson.
11 Based upon this "hit" authorities secured a warrant to obtain a buccal swab from Mr. Henderson. The
12 METRO crime lab analyzed the sample and based upon those findings, they charged Mr. Henderson
13 with fourteen (14) criminal counts. A jury found Mr. Henderson guilty and he is currently serving
14 multiple life sentences.

15 **GROUND ONE**

16 **MR. HENDERSON'S CONVICTION AND SENTENCE ARE INVALID UNDER THE 1ST,
17 6TH, AND 14TH FEDERAL CONSTITUTIONAL AMENDMENT GUARANTEES OF DUE
18 PROCESS AND EQUAL PROTECTION UNDER THE LAW AND ARTICLE 1 OF THE
19 NEVADA CONSTITUTION BECAUSE COUNSEL'S PERFORMANCE FELL BELOW AN
20 OBJECTIVE STANDARD OF REASONABLENESS AS IS MANDATED BY Strickland v.
21 Washington, 466 U.S. 668 (1984)**

22 **Legal Authority Relevant to All Claims of Ineffective Assistance of Counsel**

23 The Sixth Amendment of the United States Constitution guarantees that an accused person
24 shall "have the Assistance of Counsel for his defense." The United States Supreme Court has clearly
25 defined when the assistance of counsel becomes ineffective and an accused person is denied this
26 right. In Strickland v. Washington, 466 U.S. 668 (1984), the Court established a two-prong test for
27 determining ineffective assistance of counsel at trial. See also Porter v. McCollum, 130 S. Ct. 447,
28 175 L. Ed. 2d 398 (2009). To prevail under Strickland, a defendant must demonstrate both that his
"counsel's performance was deficient" and "that the deficient performance prejudiced the defense."
Id. at 687. To satisfy the second prong of Strickland, a defendant must show that his trial counsel's

1 performance prejudiced his defense such that he suffered actual prejudice and that “there is a
2 reasonable probability that, but for counsel’s unprofessional errors, the result of the proceeding
3 would have been different. A reasonable probability is a probability sufficient to undermine
4 confidence in the outcome.” Strickland, 466 U.S. at 694. This test has also been adopted in Nevada.
5 See Ilurd v. State, 114 Nev. 182, 953 P.2d 270 (1998). Further, trial counsel’s actions must be based
6 on reasonable strategic decisions. Strickland, 466 U.S. at 691.

7 In this case, Mr. Henderson’s appointed counsel made a series of errors that so undermined
8 the proper functioning of the adversarial process that the outcome of Mr. Henderson’s proceedings
9 cannot be relied upon as have produced a just result.

10 **A. Prior Counsel Failed to Hire a Forensic DNA Expert to Either Re-Test or Make and**
11 **Independent Evaluation of the DNA Report Generated by METRO.**

12 There are a number of reasons why there can be false-positives in DNA testing. Some of
13 these include: the quantity of DNA tested; how the samples are smeared; how often the lab
14 implements quality assurance measures and when and if the lab is accredited; mislabeling and
15 mishandling the DNA; carry over or contamination issues; lab errors, issues of kinship, and
16 coincidence, and the failure to isolate certain subgroups in a population. Again, without a thorough
17 examination of the State’s evidence, grave concerns exist about the DNA collection, testing, and
18 results.¹

19 Even though the court declared Mr. Henderson indigent and was represented by the public
20 defender’s office, he was still entitled to the assistance of experts. Ake v. Oklahoma, 470 U.S. 68
21 (1985). Because counsel failed to secure expert assistance, Mr. Henderson was significantly
22 prejudiced and effectively deprived of counsel in a critical stage of the proceeding in violation of his
23 Constitutional rights and due process of law. U.S. v. Cronie, 466 U.S. 648 (1984).

24 The trial in this case was continued a number of times. As such, ample time existed for Mr.
25

26 ¹ Mr. Henderson asks this Court to take judicial notice of the recent news regarding
27 problems at the METRO lab that led to the firing of one chemist and the “retirement” of another.
28 Mr. Henderson believes and therefore alleges that it was METRO’s errors or errors by the lab in
California that led to him even being connected to this case at all.

1 Henderson's prior counsel to either send the remaining samples out in order to re-test the DNA or
2 to hire a forensic DNA specialist to review the METRO report and generate an independent review
3 of the methods used.²

4 These actions were critical in this case. Neither victim can identify Mr. Henderson. In fact,
5 Ms. Kim's descriptions of her assailant **do not match** the physical description of Mr. Henderson.
6 During the preliminary hearing Ms. Kim testified that the person who raped her was "approximately
7 five-eight, middle built (sic)". (PH 4/28/05 page 15 line 9). According to the Nevada Department
8 of Corrections web-page, Mr. Henderson is 6'0" tall and weighs 230 pounds and he is listed as
9 having a large build. The only thing that "links" Mr. Henderson to the crime is the DNA.

10 Counsel had no tactical or strategic justification within the range of reasonable competence
11 for their failure to hire expert witnesses in this case. Counsel's failure to gather the necessary expert
12 opinions prevented a jury from hearing any potential problems with the DNA collection and/or
13 processing in both California and Nevada. But for counsel's failure to perform at a reasonable level
14 of competence, the jury relied upon evidence that was not fully explored. The decision to proceed
15 to trial should be accepted by this court as valid strategy when that decision is made in the absence
16 of the consultation of experts.

17 **B. Prior Counsel Failed to Challenge the Validity of the Search Warrant**

18 The search warrant to obtain Mr. Henderson's buccal swab was based upon the
19 representations of one chemist to another that there had been a "hit" on the CODIS database. Despite
20 being made aware of this issue at the preliminary hearing, prior counsel did not challenge the validity
21 of the search warrant. The Supreme Court of the United States has held time and again that a search
22 warrant issued based upon an affidavit containing materially false statements violates the Fourth
23 Amendment. Consequently, such a Constitutionally infirm search warrant may render the resulting
24 search invalid. Franks v. Delaware, 438 U.S. 154 (1978).

25 A defendant is entitled to an evidentiary hearing to examine the validity of an alleged Fourth
26

27 ² Counsel should have obtained reports that verified the chain of custody from
28 California when Mr. Henderson's DNA was taken and the reports from the lab that developed the
DNA profile and put that profile in the CODIS database.

1 Amendment violation provided he makes “a preliminary showing substantiating [his] claim that in
2 issuing the warrant [the Judge] was misled by the alleged material falsehoods in the affidavit.”
3 Garrettson v. State, 967 P.2d 428, 430 (Nev. 1998); see also Weber v. State, 119 P.3d 107, 128 (Nev.
4 2005); also Franks, 438 U.S. at 171 (holding that allegations “of reckless disregard for the truth”
5 must be “accompanied by an offer of proof” to entitle defendant to an evidentiary hearing).

6 The 9th Circuit Court of Appeals has held that whether “the alleged judicial deception was
7 brought about by material false statements or material omissions is not of consequence”, Liston v.
8 County of Riverside, 120 F.3d 965, 973 (9th Cir. 1997). See also, U.S. v. Gonzalez, 412 F.3d 1102,
9 1110 (9th Cir. 2005), amended by, 437 F.3d 854 (9th Cir. 2006). A Fourth Amendment violation
10 also “occurs where the affiant intentionally or recklessly omitted facts required to prevent technically
11 true statements from being misleading.” Liston, 120 F.3d at 973.

12 Because there is no affidavit in the file, present counsel can only assume that prior counsel
13 did not have this material. By not challenging the search warrant, the State was able to use evidence
14 against Mr. Henderson that very well may have been suppressed. Mr. Henderson believes and
15 therefore alleges that had the DNA sample been suppressed, the outcome of the jury trial would have
16 been different because there is absolutely no evidence to link Mr. Henderson to this crime. .

17 **C. Trial Counsel Failed to Allow Mr. Henderson the Ability to Review and Correct**
18 **Errors in the Pre-Sentence Report**

19 Mr. Henderson believes and therefore alleges that because he was not allowed the
20 opportunity to review his Pre-Sentence Investigation Report (PSI) that the document contains errors.
21 These errors will serve to prejudice Mr. Henderson as he moves through the Department of
22 Corrections and could affect his eligibility and access to programs and present a cascading effect that
23 could push back his first appearance before the parole board and possibly keep him from getting
24 parole at all.

25 The Nevada Supreme Court recently decided that when a defendant fails to raise problems
26 or issues with the PSI before the district court and on direct appeal, the defendant has waived his
27 opportunity to have any and all alleged inaccuracies corrected. Stockmeier v. State, 127 Nev. Adv.
28 Rep. 19, 255 P.3d 209 (Nev. 2011). Because prior counsel failed to allow Mr. Henderson the

1 opportunity to correct errors, he is now foreclosed from having these errors corrected. Counsel's
2 performance fell below a reasonable standard and their deficient performance will continue to harm
3 Mr. Henderson as long as he is in prison.

4 **D. Trial Counsel Failed to Properly Secure an Adequate Record for Appeal and Post-
5 Conviction By Not Having the Bench Conferences Recorded**

6 Throughout the proceedings against Mr. Henderson, prior counsel failed to secure an
7 adequate record by failing to have a record of the bench conferences.³ Mr. Henderson believes, and
8 therefore alleges, that during this unrecorded conference, the trial judge took material, substantial
9 actions, ranging from everything including ruling on evidentiary matters and establishing courtroom
10 procedure and scheduling. Such proceedings are integral parts of a criminal case in general, and of
11 Mr. Henderson's case in particular.

12 There can be no strategic or tactical reason for allowing potential claims to be foreclosed
13 because of an inadequate record. The fact that there is not an adequate record of these proceedings
14 violates Mr. Henderson's constitutional rights, as well as those of the public to free and open
15 proceedings. The failure to secure an adequate record also violates Mr. Henderson's rights under
16 international law, which guarantees every person a fair and public hearing by a competent,
17 independent, and impartial tribunal.⁴

18 These constitutional violations were prejudicial per se; no showing of specific prejudice is
19 required in order to obtain relief for a violation of the public trial guarantee. Counsel's failure to
20 secure a complete record substantially and adversely affected Mr. Henderson's constitutional rights.
21 Prosecutors' cannot show, beyond a reasonable doubt, that the courtroom closures did not ultimately
22 affect and prejudice Mr. Henderson's conviction and sentence.

23 **E. Prior Counsel Failed to Keep Necessary Notes, Conduct Research or Properly
24 Document the File**

25 ³ The trial judge additionally failed to take any other measures to effectuate the
26 public interest in observation and comment on these judicial proceedings. These unrecorded
27 bench conferences are too large in number to list individually; however, they occur multiple
times during the preliminary hearing and the trial.

28 ⁴ International Covenant on Civil and Political Rights, Article XIV.

1 Post-conviction counsel requested all of prior counsel's files. Missing from the items
2 delivered were: any emails from the District Attorney's office⁵; handwritten notes; legal research;
3 memorandums from the investigator; memorandums to the file marking the case's progress; phone
4 logs; notes from interviews with the client, or other witnesses. If these items exist and prior counsel
5 has failed to turn over this information to post-conviction counsel, post-conviction counsel is
6 handicapped in performing their duties.

7 Supreme Court Rule 156(3)(b) provides that a waiver of privilege occurs when it becomes
8 necessary for counsel "to respond to allegations in any proceeding concerning the lawyer's
9 representation of the client." Additionally, the Legislature has instructed petitioners for writs of
10 post-conviction habeas corpus that, if a writ petition contains a claim of ineffective assistance of
11 counsel, the claim acts as a waiver of the attorney-client privilege. It follows by analogy and policy
12 that a defendant requesting withdrawal of his guilty plea for the same reason, but using NRS 176.165
13 as the statutory basis for relief, also waives the privilege in such proceedings. As such, prior counsel
14 should have turned over all notes and work product prior to the evidentiary hearing. *Molina v. State*,
15 120 Nev. 185, 87 P.3d 533 (2004).

16 Failing to turn over this information over falls below the professional standard for attorneys. See
17 N.R.P.C. 1.1, 1.3, and 1.4.

18 The acts and omissions by trial counsel were either not the result of tactic or strategy, and
19 were instead the result of lack of knowledge, lack of investigation or misunderstanding about the law
20 and/or the facts of the case. To the extent that trial counsel's actions were the result of tactic and
21 strategy, those decisions were unreasonable. Each instance of ineffective assistance of counsel set
22 forth above warrants a reversal of the judgment of conviction.

GROUND TWO

MR. HENDERSON'S CONVICTION AND SENTENCE ARE INVALID UNDER THE 6TH AND 14TH FEDERAL CONSTITUTIONAL AMENDMENT GUARANTEES OF DUE PROCESS AND EQUAL PROTECTION UNDER THE LAW AND ARTICLE 1 OF THE NEVADA CONSTITUTION BECAUSE OF THE STATE'S FAILURE TO TURN OVER EVIDENCE UNDER Brady v. Maryland, 373 U.S. 83 (1963).

A. Mr. Henderson Could Not Properly Challenge the DNA Information

There is no information in the file as to the manner in which the DNA sample that caused the "hit" in the CODIS database. There is no indication from the record or the documents in Mr. Henderson's file that the State made any attempt to verify the chain of custody in California or the procedures used by the California lab that placed the sample allegedly belonging to Mr. Henderson into the federal database.

Mr. Henderson believes and therefore alleges that the State of Nevada has in its possession information. The suppression of evidence favorable to the accused violates due process where the evidence is material either to guilt or punishment, irrespective of the good faith or bad faith of the prosecution. See Brady v. Maryland, 373 U.S. 83 (1963), Kyles v. Whitley, 514 U.S. 419, 115 S. Ct. 1555(1995). The Nevada Supreme Court is in accord, "it is a violation of due process for the prosecutor to withhold exculpatory evidence, and his motive for doing so is immaterial." Jimenez v. State, 112 Nev. 610, 618 (1996).

Brady sets forth a three prong test to determine if a Brady violation has occurred: "the evidence at issue must be favorable to the accused, either because it is exculpatory, or because it is impeaching; that evidence must have been suppressed by the State, either willfully or inadvertently; and prejudice must have ensued." Strickler v. Greene, 527 U.S. 263, 281-82 (1999). The State never turned over this evidence. The motivation behind this failure is irrelevant. Mr. Henderson has been prejudiced by this failure because he was unable to impeach the chemists at either the preliminary hearing or the trial.

CONCLUSION

Mr. Henderson's conviction is unconstitutional under the federal and state constitutions for each of the reasons herein. His judgment of conviction must therefore be vacated.

1 Wherefore, Petitioner prays that the Court grant petitioner an evidentiary hearing so that these
2 issues can be explored.

3 Executed at Las Vegas, Clark County, Nevada on the 26th day of August, 2011.

EXHIBIT 1

Henderson cross

1. Both the vaginal swab sample (KMG 2, item F) and the bed sheet samples (KMG 4, top sheet A, top sheet B) were mixtures of at least 2 people, were they not?
2. You didn't mention in your report that they were mixtures, did you?
3. Isn't that an incomplete representation of the information?
4. There were actually 2 top sheet samples, correct?
5. You represented them in your report as one sample, didn't you?
6. Isn't that an incomplete representation of the information?
7. You also represented that there was a single "STR DNA case profile" detected in this case, didn't you?
8. Isn't that an incomplete representation of the information?
9. In fact, in the vaginal swab sample, the major profile was from a female, was it not?
10. And the male profile was only a minor profile, correct?
11. Did you mention any of this in the body of your report?
12. And in fact, it is not possible to deduce a complete single source male profile solely from the vaginal swab sample, is it?
13. Yet that is exactly what you represent in our chart on page 3 of the report, isn't it?
14. It is possible that profiles other than that of Mr. Henderson could account for the minor male component in the vaginal swab sample, isn't it?
15. Joseph Henderson is not the sole possible contributor, is he?
16. Yet you don't document or take into account that possibility, in your report, do you?
17. You used a single source statistic for the minor male profile on the vaginal swab, didn't you?
18. Shouldn't you have used a mixture statistic for this sample?
19. If you had used a mixture statistic, such as a Combined probability of inclusion (CPI) wouldn't your statistic have been much less compelling?
20. Isn't it true that you decided that only a single profile could account for the minor male contributor in the vaginal swab sample only after seeing the reference sample of Joseph Henderson?
21. Did you list, anywhere, the other possible male profiles that could account for the minor male profile in the vaginal swab?
22. Didn't you use information from Henderson's reference sample to help interpret the vaginal swab sample?
23. Referring to your e-mail of 6/15/05, you offer to "go back and try to get a complete STR match on the vag swab," correct?
24. Referring to the "good news" e-mail from Investigator Gorksi, she expresses her "personal gratitude" and suggest that they couldn't do their investigations "without your help."
25. Did you already assume that Henderson was the sole possible contributor at that point?
26. Does the same e-mail mention that they will be executing a search warrant for Henderson's DNA?
27. So at that point, when you all assumed the perpetrator was Mr. Henderson, you did not even have a confirmatory sample of his DNA to compare, did you?
28. Were samples taken from any other potential suspects to compare to the vaginal swab in this case?

10 Deadly Weapon Resulting in Substantial Bodily Harm. On June 27, 2008, Defendant was
11 found guilty by a jury of all counts.

12 On August 28, 2008, Defendant was sentenced as follows: As to Count 1 – to Twelve
13 (12) Months in the Clark County Detention Center; As to Count 2 – to a Maximum of One
14 Hundred Fifty-Six (156) Months with a Minimum Parole Eligibility of Sixty-Two (62)
15 Months, to run Concurrent with Count 1; As to Count 3 – to a Maximum of Sixty (60)
16 Months with a Minimum Parole Eligibility of Twenty-Four (24) Months, to run Consecutive
17 to Count 2; As to Count 4 – to Life with a Minimum Parole Eligibility after Sixty (60)
18 Months, plus an Equal and Consecutive term of Life with a Minimum Parole Eligibility after
19 Sixty (60) Months for the Use of a Deadly Weapon, to run Consecutive to Count 3; As to
20 Count 5 – to Life with a Minimum Parole Eligibility after Sixty (60) Months, plus an Equal
21 and Consecutive term of Life with a Minimum Parole Eligibility after Sixty (60) Months for
22 the Use of a Deadly Weapon, to run Consecutive to Count 4; As to Count 6 – to a Maximum
23 of Sixty (60) Months with a Minimum Parole Eligibility of Twenty-Four (24) Months, to run
24 Consecutive to Count 5; As to Count 7 - to Life with a Minimum Parole Eligibility of One
25 Hundred Twenty (120) Months, plus an Equal and Consecutive term of Life with a
26 Minimum Parole Eligibility of One Hundred Twenty (120) Months for the Use of a Deadly
27 Weapon, to run Concurrent with Count 6; As to Count 8 - to Life with a Minimum Parole
28 Eligibility of One Hundred Twenty (120) Months, plus an Equal and Consecutive term of

1 Life with a Minimum Parole Eligibility of One Hundred Twenty (120) Months for the Use of
2 a Deadly Weapon, to run Consecutive to Count 7; As to Count 9 – to Life with a Minimum
3 Parole Eligibility of One Hundred Twenty (120) Months, plus an Equal and Consecutive
4 term of Life with a Minimum Parole Eligibility of One Hundred Twenty (120) Months for
5 the Use of a Deadly Weapon, to run Consecutive to Count 8; As to Count 10 – to a
6 Maximum of Sixty (60) Months with a Minimum Parole Eligibility of Twenty-Four (24)
7 Months, to run Consecutive to Count 9; As to Count 11 – a Maximum of One Hundred
8 Eighty (180) Months with a Minimum Parole Eligibility of Seventy-Two (72) Months, plus
9 an Equal and Consecutive term of Maximum of One Hundred Eighty (180) Months with a
10 Minimum Parole Eligibility of Seventy-Two (72) Months for the Use of a Deadly Weapon,
11 to run Concurrent with Count 10; As to Count 12 – to a Maximum of One Hundred Eighty
12 (180) Months with a Minimum Parole Eligibility of Seventy-Two (72) Months, plus an
13 Equal and Consecutive term of Maximum of One Hundred Eighty (180) Months with a
14 Minimum Parole Eligibility of Seventy-Two (72) Months for the Use of a Deadly Weapon,
15 to run Consecutive to Count 11; As to Count 13 – to Twelve (12) Months in the Clark
16 County Detention Center, to run Concurrent with Count 12; As to Count 14 – a Maximum of
17 One Hundred Fifty-Six (156) Months with a Minimum Parole Eligibility of Sixty-Two (62)
18 Months, to run Consecutive to Count 13; with One Two Hundred Fifty-One (1,251) Days
19 credit for time served. Further Ordered, a Special Sentence of Lifetime Supervision is
20 imposed to commence upon release from any term of imprisonment, probation or parole.

21 Defendant's Judgment of Conviction (Jury Trial) was filed on September 24, 2008.
22 Defendant filed a Notice of Appeal on October 9, 2008. The Nevada Supreme Court
23 affirmed Defendant's conviction on February 3, 2010. Remittitur issued on March 2, 2010.

24 Defendant filed his pro per Petition for Writ of Habeas Corpus (Post-Conviction) on
25 January 11, 2011. The State's response was filed on March 29, 2011, which the State hereby
26 incorporates by reference. Defendant's court-appointed counsel filed the instant
27 supplemental petition on August 26, 2011. The State's response to Defendant's supplemental
28 claims is as follows.

1 **ARGUMENT**

2 **I. DEFENDANT’S TRIAL COUNSEL PROVIDED EFFECTIVE**
3 **ASSISTANCE.**

4 The United States Supreme Court in Strickland v. Washington, 466 U.S. 668, 104
5 S.Ct. 2052 (1984), established the standards for a court to determine when counsel’s
6 assistance is so ineffective that it violates the Sixth Amendment of the U.S. Constitution.
7 Strickland laid out a two-pronged test to determine the merits of a defendant’s claim of
8 ineffective assistance of counsel:

9 First, the defendant must show that counsel's performance was
10 deficient. This requires showing that counsel made errors so
11 serious that counsel was not functioning as the ‘counsel’
12 guaranteed the defendant by the Sixth Amendment. Second, the
13 defendant must show that the deficient performance prejudiced
14 the defense. This requires showing that counsel's errors were so
15 serious as to deprive the defendant of a fair trial, a trial whose
16 result is reliable. Unless a defendant makes both showings, it
17 cannot be said that the conviction or death sentence resulted
18 from a breakdown in the adversary process that renders the
19 result unreliable.

20 Id. at 687, 2064. The Nevada Supreme Court has held that “claims of ineffective assistance
21 of counsel must be reviewed under the ‘reasonably effective assistance’ standard articulated
22 by the U.S. Supreme Court in Strickland, requiring a defendant to show that counsel’s
23 assistance was ‘deficient’ and that the deficiency prejudiced the defense.” Bennett v. State,
24 111 Nev. 1099, 1108, 901 P.2d 676, 682 (1995); Kirksey v. State, 112 Nev. 980, 987, 923
25 P.2d 1102, 1107 (1996).

26 With respect to the first prong, a defendant is not entitled to errorless counsel. Rather,
27 “‘Deficient’ assistance of counsel is representation that falls below an objective standard of
28 reasonableness.” Kirksey, 112 Nev. at 987, 923 P.2d at 1107 (1997) citing to Dawson v.
State, 108 Nev. 112, 115, 825 P.2d 593, 595 (1992), cert. denied, 507 U.S. 921, 113 S.Ct.
1286 (1993). What appears by hindsight to be a wrong or poorly advised decision of tactics
or strategy is not sufficient to meet the defendant’s heavy burden of proving ineffective
counsel. “Judicial review of a lawyer’s representation is highly deferential, and a defendant
must overcome the presumption that a challenged action might be considered sound

1 strategy.” State v. LaPena, 114 Nev. 1159, 1166, 968 P.2d 750, 754 (1998) (quoting from
2 Strickland, 466 U.S. at 689, 104 S.Ct at 2052 (1984)). An attorney cannot be deemed
3 ineffective for failing to make futile motions or objections. Ennis v. State, 122 Nev. 694, 137
4 P.3d 1095 (2006).

5 In order to meet the second “prejudice” prong of the test, “the defendant must show a
6 reasonable probability that, but for counsel’s errors, the result of the trial would have been
7 different.” Kirksey, 112 Nev. at 988, 825 P.2d at 1107 (citing Strickland, 466 U.S. at 694,
8 104 S.Ct. at 2068). The Court may consider both prongs in any order and need not consider
9 them both when a defendant’s showing on either prong is insufficient. Kirksey v. State, 112
10 Nev. 980, 987, 923 P.2d 1102, 1107 (1996).

11 Strategy or decisions regarding the conduct of defendant’s case are “virtually
12 unchallengeable absent extraordinary circumstances.” Doleman v. State, 112 Nev. 843, 848,
13 921 P.2d 278, 280 (1996), quoting Howard v. State, 106 Nev. 713, 722, 800 P.2d 175, 180
14 (1990). There is a “*strong presumption* that counsel’s conduct falls within the wide range of
15 reasonable professional assistance.” Strickland, *supra* at 689, 2065, emphasis added.

16 The Nevada Supreme Court has held “that a habeas corpus petitioner must prove the
17 disputed factual allegations underlying his ineffective-assistance claim by a preponderance
18 of the evidence.” Means v. State, 120 Nev. 1001, 1012, 103 P.3d 25, 33 (2004). In sum, the
19 framework for analysis is as follows:

20 Therefore, when a petitioner alleges ineffective assistance of
21 counsel, he must establish the factual allegations which form the
22 basis for his claim of ineffective assistance by a preponderance
23 of the evidence. Next, as stated in Strickland, the petitioner
24 must establish that those facts show counsel’s performance fell
below a standard of objective reasonableness, and finally the
petition must establish prejudice by showing a reasonable
probability that, but for counsel’s deficient performance, the
outcome would have been different.

25 Means, *supra* at 1013, 33.

26 In one of its most recent decisions on ineffective assistance of counsel, the United
27 State Supreme Court plainly pointed out that “[s]urmounting Strickland’s high bar is never
28 ... easy.” Harrington v. Richter, 562 U.S. ____, 131 S.Ct. 770, 788 (2011). “The question is

1 whether an attorney's representation amounted to incompetence under prevailing
2 professional norms, not whether it deviated from best practices or most common custom."
3 Id. Moreover, "[r]are are the situations in which the latitude counsel enjoys will be limited to
4 any one technique or approach...Counsel is entitled to balance limited resources in accord
5 with effective trial tactics and strategies." Id. at 789.

6 "A fair assessment of attorney performance requires that every effort be made to
7 eliminate the distorting effects of hindsight, to reconstruct the circumstances of counsel's
8 challenged conduct, and to evaluate the conduct from counsel's perspective at the time."
9 Means v. State, 120 Nev. 1001, 1012, 103 P.3d 25, 33 (2004) (citing Strickland, 466 U.S. at
10 689. "The role of a court presented with allegations of ineffective counsel 'is not to pass
11 upon the merits of the action not taken but to determine whether, under the particular facts
12 and circumstances of the case, trial counsel failed to render reasonably effective
13 assistance...'" Donovan v. State, 94 Nev. 671, 675, 584 P.2d 708, 711 (1978), (citing
14 Cooper v. Fitzharris, 551 F.2d 1162, 1166 (9th Cir. 1977)). "*[R]elying on 'the harsh light
15 of hindsight' to cast doubt on a trial" that took place many years ago "is precisely what
16 Strickland and AEDPA seek to prevent."* Harrington, 131 S.Ct. at 789 (citing Bell v. Cone,
17 535 U.S. 685, 122 S.Ct. 1843 (2002))(emphasis added).

18 Moreover, "an attorney may not be faulted for a reasonable miscalculation or lack of
19 foresight or for failing to prepare for remote possibilities." Harrington, 131 S.Ct. at 789. In
20 light of this very high standard of proof "...it is difficult to establish ineffective assistance
21 where counsel's overall performance reflects active and capable advocacy." Id. In order to
22 meet Strickland's prejudice prong, the United State Supreme Court has made clear that
23 "[t]here must be a substantial likelihood of a different result." Id.

24 **A. Counsel's Failure to Retain a DNA Expert.**

25 Defendant claims his attorney was ineffective for failing to retain his own DNA
26 expert to either retest or make an independent evaluation of the DNA report. The mere
27 failure to retain an expert does not render counsel per se ineffective. Harrington, 131 S.Ct. at
28 788. Occasionally, "Criminal cases will arise where the only reasonable and available

1 defense strategy requires consultation with experts or introduction of expert evidence,
2 whether pretrial, at trial, or both. There are, however, countless ways to provide effective
3 assistance in any given case. Even the best criminal defense attorneys would not defend a
4 particular client in the same way. Rare are the situations in which the wide latitude counsel
5 must have in making tactical decisions will be limited to any one technique or approach.” Id.
6 at 788 -789 (internal citations and quotations omitted).

7 Moreover, even if counsel was ineffective for failing to hire such an expert,
8 Defendant is still required to demonstrate that he was prejudiced.¹ Bare allegations that
9 mistakes “may have been made” during testing are insufficient. Defendant’s arguments are
10 no more than an attempt at engaging in an endless task of speculation of possibilities. Claims
11 asserted in a petition for post-conviction relief must be supported with specific factual
12 allegations, which if true, would entitle the petitioner to relief. Hargrove v. State, 100 Nev.
13 498, 502, 686 P.2d 222, 225 (1984). “Bare” and “naked” allegations are not sufficient, nor
14 are those belied and repelled by the record. Id.

15 **B. Counsel’s Failure to Challenge Validity of the Search Warrant.**

16 Defendant argues his counsel should have challenged the validity of the search
17 warrant. First, Defendant has again only set forth bare allegations that the search warrant
18 “may” have been based upon false statements. As noted above, bare and naked allegations
19 are insufficient for relief. Hargrove, supra. Defendant has also failed to demonstrate
20 prejudice even if his counsel fell below and objective standard of reasonableness. Simply
21 stating the evidence “may very well have been suppressed” does not show a reasonable
22 probability the outcome would have been different. Even if counsel challenged the warrant
23 the evidence “may very well have” not been suppressed as well. Counsel cannot be deemed
24 ineffective for making futile motions. Ennis v. State, 122 Nev. 694, 137 P.3d 1095 (2006).

26
27 ¹ Defendant’s claim that the Metro lab’s errors in an unrelated case can be attributed to the
28 DNA match in the instant case is a bare allegation insufficient for relief. Hargrove v. State,
100 Nev. 498, 502, 686 P.2d 222, 225 (1984). Moreover, the DNA match in this case
involves two labs.

1 **C. Counsel’s Alleged Failure to Allow Defendant the Opportunity to Review His**
2 **PSI.**

3 Defendant claims that he was not allowed to review his presentence investigation
4 report, and his counsel was ineffective for failing to allow him to do so. However, Defendant
5 has failed to specifically state what errors his PSI allegedly contains. NRS 34.735(6) states,
6 in pertinent part:

7 [Petitioner] must allege specific facts supporting the claims in
8 the petition [he] file[s] seeking relief from any conviction or
9 sentence. Failure to raise specific facts rather than just
conclusions may cause [the] petition to be dismissed.

10 See also Hargrove v. State, 100 Nev. 498, 502-03, 686 P.2d 222, 225 (1984) (holding that
11 bare or naked allegations are insufficient to entitle a defendant to post-conviction relief). As
12 such, even if counsel was remiss Defendant has failed to demonstrate prejudice, and he is not
13 entitled to relief under Strickland.

14 **D. Counsel’s Failure to Have Bench Conferences Recorded.**

15 Defendant has simply pointed to unrecorded bench conferences and has failed to
16 explain which judicial actions should have been preserved, how such actions did or did not
17 have merit, or a reasonable probability that their preservation would have alter the outcome
18 of his trial or appeal.² A proper petition for post-conviction relief must set forth specific
19 factual allegations. NRS 34.735(6); see also Hargrove v. State, 100 Nev. 498, 502-03, 686
20 P.2d 222, 225 (1984). Defendant’s claims are too vague per Hargrove and NRS 34.735(6).

21 **E. Counsel’s Alleged Failure to Keep Notes and/or Document the File.**

22 Defendant has failed to cite a single case holding an attorney ineffective for allegedly
23 failing to “keep necessary notes, failing to conduct research, or properly document the file.”
24 Post-conviction counsel’s opinion that trial counsel’s note taking abilities are inadequate
25 does not render him incompetent or ineffective. Trial counsel does not need to take every
26 conceivable action in order to protect himself against allegations of inadequacy. Donovan,

27 _____
28 ² It should also be noted that due process does not require every sidebar conference to be
recorded. See Daniel v. State, 119 Nev. 498, 78 P.3d 890 (2003)

1 94 Nev. at 675, 584 P.2d at 711. By the same token, counsel is not required to document
2 every step during litigation in his personal file for the purpose of making post-conviction
3 counsel's attempt at alleging him ineffective easier. Moreover, this is simply a bare
4 allegation insufficient for relief per Hargrove, and Defendant has failed to demonstrate how
5 the outcome of his trial would have been different had counsel done a better job at taking
6 notes. He is therefore not entitled to relief under Strickland.

7 **II. DEFENDANT'S CLAIM OF A BRADY VIOLATION IS WAIVED**

8 Defendant's claim in Grounds 2 that the State committed a violation of Brady v. Maryland,
9 373 U.S. 83 (1963) is waived because it was not raised on direct appeal. NRS 34.810 states
10 in relevant part:

11 1. The court shall dismiss a petition if the court determines that:

12 ...

13 (b) The petitioner's conviction was the result of a trial and the
14 grounds for the petition could have been:

15 ...

16 (2) Raised in a direct appeal or a prior petition for a writ of
17 habeas corpus or postconviction relief...

18 This claim should therefore be dismissed.

19 **III. AN EVIDENTIARY HEARING IS UNWARRANTED.**

20 Defendant has not set forth any claims sufficient to warrant an evidentiary hearing.
21 The Nevada Supreme Court has held that if a petition can be resolved without expanding the
22 record, then no evidentiary hearing is necessary. Marshall v. State, 110 Nev. 1328, 885 P.2d
23 603 (1994); Mann v. State, 118 Nev. 351, 356, 46 P.3d 1228, 1231 (2002). A defendant is
24 entitled to an evidentiary hearing if his petition is supported by specific factual allegations,
25 which, if true, would entitle him to relief unless the factual allegations are repelled by the
26 record. Marshall, 110 Nev. at 1331, 885 P.2d at 605; See also Hargrove v. State, 100 Nev.
27 498, 503, 686 P.2d 222, 225 (1984) (1984) (holding that "[a] defendant seeking post-
28 conviction relief is not entitled to an evidentiary hearing on factual allegations belied or
repelled by the record"). "A claim is 'belied' when it is contradicted or proven to be false by
the record as it existed at the time the claim was made." Mann, 118 Nev. at 354, 46 P.3d at

1 1230 (2002). Defendant's claims can be resolved without expanding the record so no further
2 hearing is needed. Therefore, this court should deny Defendant's request for an evidentiary
3 hearing.

4 **CONCLUSION**

5 Based on the foregoing arguments, Defendant's petition should be denied.

Evidentiary Hearing and Deft's Petition for Writ of Habeas Corpus

Minutes

03/27/2012 9:00 AM

- EVIDENTIARY HEARING..DEFT'S PETITION FOR WRIT OF HABEAS CORPUS Ms. Lisa Luzaich, Esq. and Mr. Brad Turner, Esq. present on behalf of the State of Nevada. Also present Mr. Norm Reed, Esq. and Ms. Violet Radosta, Esq. COURT noted the Nevada Department of Corrections did not transport the Deft. to this hearing. Accordingly, COURT ORDERED, matter is CONTINUED. Mr. Turner advised he will have another Transport Order prepared for the next hearing. Ms. Kice requested several procedural matters be addressed. COURT ORDERED, request is GRANTED. Ms. Kice advised she has received the discovery from the Deputy District Attorney however there is a missing DNA report from California, which was not in the file. Mr. Reed indicated they had their expert look at that report so he believes it is in the file. COURT FURTHER ORDERED, State to produce a copy of the missing report for Ms. Kice. Additionally, Ms. Kice requested permission to supplement the Petition following her review of the report, if needed. COURT FURTHER ORDERED, request is GRANTED. Ms. Kice advised she has been told in the past that the Deputy District Attorney does not allow counsel to view a file post conviction and requests clarification on that issue. Discussion ensued. COURT FURTHER ORDERED, State to make their files available to Ms. Kice. Ms. Kice requested Indigent Defense funds for independent expert. COURT FURTHER ORDERED, request is DENIED as there was already an independent expert, Nora Rudin therefore another one is not necessary as this is not another trial. COURT clarified the issue is Ineffective Assistance of Counsel and that would be a question of whether or not the Deft's attorneys fell below the standard of care pursuant to the Strickland factors. Discussion ensued regarding resetting this matter, when all parties will be available. COURT noted Mr. Reed will be beginning a capitol murder case on 6/11/12. COURT further stated, the Court will accommodate Mr. Reed's schedule and, if helpful, we could begin at 8:00 A.M. with his testimony. COURT stated it will do the best it can to accommodate. NDC CONTINUED TO: 6/11/12 1:00 P.M.

6 THE COURT: Okay. So we are now on the
7 record on State of Nevada versus Joseph Henderson.
8 Case No. C212968.

9 And let the record reflect that Mr.
10 Henderson is present, the defendant, he's present,
11 represented by his attorney Ms. Kice. And for the
12 State, Ms. Clowers.

13 This is the time set for the
14 evidentiary hearing on the Defendant's petition for
15 writ of habeas corpus post-conviction relief. This
16 is the first post conviction.

17 MS. KICE: That's correct, Your Honor.

18 THE COURT: So at this time, I've read
19 the points and authorities, we're gonna have an
20 evidentiary hearing with their two attorneys.

21 We have Mr. Reed sitting here as
22 well as Ms. Radostia who were the trial attorneys in
23 the defendant's underlying case in front of Judge
24 Mosley.

25 All right. So at this time,

2 MS. KICE: Could we have Norm Reed,
3 please?

4 THE COURT: Sure. Does either side want
5 a motion to exclude or care to exclude?

6 MS. CLOWERS: (Negative nod of the head.)
7 No.

8 MS. KICE: I think that out of an
9 abundance of caution I have an obligation to invoke
10 the exclusionary rule.

11 THE COURT: What I'm gonna do, now
12 there's been a motion to exclude, so we'll excuse
13 Ms. Radostia.

14 I don't know, who's the last lady
15 that just came into court? Can I get your name,
16 ma'am?

17 MS. KIM: I'm the victim.

18 THE COURT: What?

19 MS. KIM: I'm the victim.

20 THE CLERK: The victim.

21 THE COURT: Okay. Can you state your

23 MS. KIM: Julie Kim. Julie Kim.

24 THE COURT: Julie Kim?

25 MS. KIM: Uh-huh.

JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: Okay. And she's not gonna be
2 testifying, right? She's just observing, correct?

3 MS. CLOWERS: Correct.

4 THE COURT: Okay. All right, thank you.
5 Go ahead.

6 (Whereupon, Norman Reed was duly sworn to
7 tell the truth, the whole truth and
8 nothing but the truth.)

9 THE CLERK: Please be seated and state
10 your name for the record.

11 The witness: Norman Joseph Reed.

12 THE COURT: And we just had another
13 gentleman come in. Could I get your name for the
14 record, please?

15 MR. BERNZWEIG: Eric Bernzweig.

16 THE COURT: Okay.

17 MS. KICE: He's the other victim in this
18 case, Your Honor.

19 THE COURT: He's what?

20 MS. KICE: He's the male victim in this
21 case of the home invasion.

22 THE COURT: Okay. So he's also a victim
23 in this case, correct?

24 MS. KICE: That's correct.

25 THE COURT: So he won't be testifying, I
JO ANN MELENDEZ - (702) 283-2151

1 won't need to exclude either one of them?

2 MS. KICE: No.

3 THE COURT: Okay, thank you.

4 MS. KICE: Your Honor, do you want me to
5 stand for this or is it okay if I sit?

6 THE COURT: You can go ahead and sit if
7 you feel comfortable.

8 MS. KICE: Okay.

9 DIRECT EXAMINATION

10 BY MS. KICE:

11 Q. Mr. Reed, thank you. I know this has
12 been set and reset several times. Just some
13 preliminary questions.

14 How long have you been an attorney?

15 A. Since 1989.

16 Q. How many jurisdictions are you licensed?

17 A. Just Nevada.

18 Q. Have you ever had any discipline issues?

19 A. Yes.

20 Q. Would you describe those for the court,
21 please?

22 A. I submitted to a voluntary disbarment and
23 was reinstated in 2003.

24 Q. What was that related to?

25 A. A conviction in federal court.

JO ANN MELENDEZ - (702) 283-2151

1 Q. How many times prior to being licensed
2 did you take the bar exam?

3 A. Twice.

4 Q. How many trials have you done
5 approximately? I know you're not gonna know off the
6 top of your head.

7 A. I lost count at about 80 felony jury
8 trials.

9 Q. 80 felony jury trials. How many trials
10 have you won?

11 A. What do you mean by win?

12 Q. How many times did you get not guilty
13 verdicts on some or all charges?

14 A. Seven, maybe eight times at least.

15 Q. Okay. How many trials have you done that
16 revolved around DNA evidence?

17 A. Dozens.

18 Q. Dozens. Do you consider yourself to be
19 fairly competent when it comes to issues of DNA?

20 A. Depends on what you mean by fairly
21 competent. I don't know how to answer that
22 question.

23 Q. That's, that's a fair answer. Have you
24 attended any CLEs or extra training on DNA evidence?

25 A. Yes.

JO ANN MELENDEZ - (702) 283-2151

1 Q. How many?

2 A. Two.

3 Q. How many hours total do you have in DNA,
4 forensic testing of DNA CLEs?

5 A. Oh, CLEs alone?

6 Q. Yeah.

7 A. About 15 or 16 hours.

8 Q. Okay. By the way you answered, it seemed
9 like there might be some additional classes that
10 you've taken.

11 Have you taken additional classes
12 beyond CLEs?

13 A. I have read up on this topic, I have
14 attended the conferences like I mentioned, we do a
15 lot of in-house training. And more importantly,
16 I've --

17 THE COURT: Hold on.

18 THE WITNESS: -- spoke --

19 THE COURT: Ms. Clowers, you can't text
20 as we're sitting here.

21 MS. CLOWERS: May we approach?

22 THE COURT: Yeah.

23 (Whereupon, the following proceedings
24 were had in open court outside the
25 presence of the jury panel.)

JO ANN MELENDEZ - (702) 283-2151

1 MS. CLOWERS: I'm sorry. I swear I'm not
2 texting. I'm trying to get an advocate to come here
3 because I've dealt with these two victims here
4 before and they're still very emotional, just so you
5 know.

6 THE COURT: Okay. Go ahead and finish,
7 but otherwise this -- I don't expect either counsel
8 to be texting at table.

9 MS. KICE: I won't.

10 MS. CLOWERS: Thanks, judge.

11 THE COURT: Okay.

12 (Whereupon, the bench conference ended.)

13 THE COURT: All right. Just a moment.

14 MS. CLOWERS: Thank you, judge. Should
15 be good.

16 THE COURT: All right, thank you. Go
17 ahead and proceed.

18 THE WITNESS: Should I finish my answer,
19 Your Honor?

20 THE COURT: Please.

21 THE WITNESS: I've spoken to a number of
22 forensic DNA experts over the years and have learned
23 from them in actual cases that I've been assigned
24 to.

25 BY MS. KICE:

JO ANN MELENDEZ - (702) 283-2151

1 Q. When did you come into this case? Were
2 you with Mr. Henderson from the moment he was
3 arrested until trial?

4 A. No.

5 Q. Okay. Do you recall when you first came
6 on the case?

7 A. Time wise or procedurally?

8 Q. Procedurally.

9 A. It was shortly before the trial started.

10 Q. Shortly?

11 A. In terms of maybe months.

12 Q. Okay. Less than three, more than six?

13 A. I would -- Ms. Radosta could probably
14 answer that better, but I would estimate probably
15 two-to-three months before trial.

16 Q. What were your responsibilities? Were
17 you lead counsel on this or were you co-chair?

18 A. I was second chair in this case.

19 Q. Second chair. So what were your
20 responsibilities as second chair?

21 A. To examine, interpret and attack the DNA
22 evidence.

23 Q. What were Ms. Radosta's responsibilities?

24 A. Everything else.

25 Q. Everything else. Okay. Who was your

JO ANN MELENDEZ - (702) 283-2151

1 investigator from your office on this case?

2 A. I don't remember.

3 Q. Do you remember if there was one?

4 A. There is one assigned in every case. I
5 just wouldn't know who that is off the top of my
6 head.

7 Q. Okay. Do you recall reviewing, since
8 your primary responsibility was to examine,
9 interpret and attack DNA evidence, was -- would you,
10 would you recall ever reading any reports from an
11 investigator in this case?

12 A. I don't remember off the top of my head
13 that would have been related to DNA.

14 Q. Okay. Or related to anything?

15 A. Well, I read lots of reports, but not
16 from an investigator. And I would have only looked
17 at the ones that would have pertained to DNA. I
18 don't recall that happening.

19 Q. Okay. Since you read the case, you knew
20 there were potential co-defendants in this case?

21 A. Yes, but I didn't really know much about
22 that, but yes, I did know that there was potential
23 co-defendants.

24 Q. In your conversations with Mr. Henderson,
25 did he always maintain his innocence?

JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: Well, maybe this is a good
2 time that the defendant states on the record he's
3 waiving his attorney/client privilege.

4 You are for purposes of this
5 hearing; is that correct?

6 THE DEFENDANT: Yes, ma'am.

7 THE COURT: All right.

8 THE WITNESS: Again, Ms. Radosta would be
9 probably best to answer this question. I would say
10 the simple, the simple end of that question is no,
11 he really didn't maintain his innocence throughout
12 all of our conversations.

13 BY MS. KICE:

14 Q. And how did he not maintain his innocence
15 throughout your conversations?

16 A. There were some admissions that were made
17 prior to trial concerning him being present, but not
18 necessarily participating in the sexual assault.

19 Q. And when did he make those
20 representations?

21 A. It had to be right near calendar call or
22 thereabouts.

23 Q. Did you memorialize those?

24 A. I did not memorialize those myself, no.

25 Q. When you, you may or may not recall this,

JO ANN MELENDEZ - (702) 283-2151

1 the physical description that's initially given of
2 the assailant of the sexual assault differs greatly
3 from Mr. Henderson.

4 Do you recall that?

5 A. Yes. As I recall, there wasn't, there
6 wasn't any real positive identification from either
7 of the victims of the assailants.

8 Q. Of two of the assailants --

9 A. That's correct.

10 Q. But one was, one came to the door
11 unmasked and two masked individuals came in the
12 house?

13 A. That's correct.

14 Q. Is that your recollection?

15 A. That sounds correct, yes.

16 Q. So the victims could in fact identify one
17 of the assailants?

18 A. Yes.

19 Q. But not all three?

20 A. Yes.

21 Q. Okay.

22 A. That's correct.

23 Q. And the initial police reports listed
24 directly after the incident that the female victim
25 described her assailant as being five foot, eight

JO ANN MELENDEZ - (702) 283-2151

1 and medium built.

2 Do you recall that?

3 A. I don't remember the specifics, but I
4 take your word for it if that's in the discovery.

5 Q. Okay. And because Mr. Henderson is
6 approximately six feet tall and about 230 pounds,
7 there's a big discrepancy in the original
8 description versus his physical characteristics?

9 A. Yes.

10 Q. So essentially this case came down to
11 DNA?

12 A. Yes.

13 Q. Mr. Henderson had a number of previous
14 convictions which are both in Nevada and California.

15 They were all -- do you recall what
16 they were for?

17 A. No, I don't. I just know he had
18 convictions.

19 Q. Okay. They were all for midlevel to low
20 level drug related activity. In your experience,
21 since you are so well versed in DNA, I assume that
22 you do a lot of sexual assault cases?

23 A. No, I do murder cases.

24 Q. Murder cases?

25 A. Yes. At this point, yes.

JO ANN MELENDEZ - (702) 283-2151

1 Q. In your experience in dealing with
2 defending individuals, is it unusual for someone to
3 commit a sexual assault with sort of no lead up in
4 their 30s?

5 A. Yes, that is unusual.

6 Q. Okay.

7 MS. CLOWERS: And, judge, just for the
8 record, his priors don't just include drugs.
9 There's gun charges as well. So I don't want to
10 just put out there that some person who just deals
11 in drugs never --

12 THE COURT: You'll have time to
13 cross-examine and you can certainly follow-up.

14 MS. CLOWERS: Okay.

15 THE COURT: He said he didn't remember
16 what the convictions were for and then she just
17 asked him were some of them for X, Y and Z.

18 So your objection will be -- I don't
19 even know if it's an objection.

20 MS. KICE: I'll clarify, Your Honor, for
21 the record.

22 THE COURT: I think she's saying the
23 objection will be like a misrepresentation of the
24 facts.

25 MS. KICE: And I'm not. That not
JO ANN MELENDEZ - (702) 283-2151

1 necessarily is not true.

2 THE COURT: So what I'll do is just since
3 I was not the trial judge and I don't know what his
4 convictions are, I will overrule that objection and
5 I'll just allow both sides to more completely
6 question regarding the priors.

7 MS. CLOWERS: Thank you, judge.

8 THE COURT: Thanks.

9 BY MS. KICE:

10 Q. Do you recall him having priors for
11 sexual assault?

12 A. That I was certain he did not have, yes.

13 Q. Okay, thank you. And I apologize if I
14 may not have stated it correctly. It certainly
15 wasn't my intention to be dishonest.

16 Since it was your responsibility to
17 examine, interpret and attack the DNA, if there were
18 any alibi witnesses that Mr. Henderson would have
19 had, that wouldn't have been within your purview for
20 the trial?

21 A. That's correct. I would have talked to
22 Ms. Radosta about it, but that would have been up to
23 her to examine and decide whether that was worthy of
24 presentation.

25 Q. Okay. In the box of material that I
JO ANN MELENDEZ - (702) 283-2151

1 received from the PD's office, there were a lot of
2 documents related to investigation against one of
3 the dentists in the practice of the male half of the
4 victims in this case.

5 Do you recall what that was related
6 to?

7 A. No, I don't. I don't know off the top of
8 my head.

9 Q. And that might be a better question for
10 Ms. Radosta?

11 A. Yes. I'm certain that that was her, her
12 job to look into that.

13 Q. Okay. Since the DNA was your specific
14 area, there were -- do you recall that there were
15 two crime scenes associated with this case?

16 A. I didn't remember that off the top of my
17 head. Oh, you mean within the residence is what
18 you're talking about?

19 Q. No. I mean there were two crime scenes.
20 One was in the house and then after the male victim
21 went to his dental office.

22 A. I don't remember the second --

23 THE COURT: Hold on.

24 THE WITNESS: -- location.

25 THE COURT: I'm sorry, sir. You can't
JO ANN MELENDEZ - (702) 283-2151

1 raise your hand, you can't shake your head. And I
2 apologize. And I know that it's difficult, I'm
3 sure, to listen to any testimony in any proceeding,
4 but it's disruptive to the witness that's up here
5 and it's disruptive to the Court. So --

6 MR. BERNZWEIG: Even if the information
7 isn't correct?

8 THE COURT: This is a post-conviction
9 relief hearing for ineffective assistance of
10 counsel. And so there are certain things that the
11 Court is looking at as far as whether or not these
12 people have been ineffective. So what you think may
13 be important as far as facts may be absolutely
14 irrelevant to these proceedings.

15 Have you spoken to anybody from the
16 district attorney's office prior to this proceeding?

17 MR. BERNZWEIG: Meaning?

18 THE COURT: About what this proceeding
19 involves?

20 MR. BERNZWEIG: No. Let's just move on.
21 I'm sorry.

22 THE COURT: Okay. What will happen is I
23 know Ms. Clowers called, that's what she was doing
24 when she was texting. She was texting for a victim
25 advocate, although I'm not sure they understand what

JO ANN MELENDEZ - (702) 283-2151

1 this is involved, but at the next break, I'm sure
2 Ms. Clowers can talk to you what this hearing
3 actually entails.

4 And it's not reliving the facts of
5 the case necessarily. It's whether or not the trial
6 counsel during the proceedings at trial were
7 ineffective to where the district court must grant a
8 new trial. That's what this evidentiary hearing is
9 about. And she can go into that more with you
10 later.

11 MR. BERNZWEIG: Okay.

12 THE COURT: So thank you. Thank you. Go
13 ahead.

14 THE WITNESS: I believe I answered the
15 question. If I didn't, would you just please repeat
16 it.

17 BY MS. KICE:

18 Q. I don't recall what your answer was.
19 Sorry.

20 A. Could you repeat the question?

21 Q. Do you know that there were, there were
22 two event numbers associated with this case?

23 A. I wouldn't know that off the top of my
24 head.

25 Q. There's 040903-152 and 040903-0158.
JO ANN MELENDEZ - (702) 283-2151

1 There was evidence collected at the residence and
2 then there was evidence collected at the male
3 victim's dental office.

4 A. I don't remember that second part.

5 Q. Eventually those two event numbers are
6 evidence collected from one scene and the other
7 scene are mixed together.

8 Do you recall that at all?

9 A. No, not specifically. I can only testify
10 as to what the normal practice is. Each time that
11 there's a call out to Las Vegas Metro, there would
12 be a new event number placed, but that when we go to
13 obtain discovery the search would cover multiple
14 event numbers and discovery would be produced based
15 on multiple event numbers.

16 Q. Certainly. Is it customary that evidence
17 from two different locations would be mixed
18 together?

19 A. I don't know what you mean by mixed
20 together. Like in our file, in discovery?

21 Q. In a file, in discovery, in the evidence
22 vault.

23 A. I'm not even sure how to answer that.
24 Every lawyer organizes their file in different ways.
25 I mean, I have some people's files look like they,

JO ANN MELENDEZ - (702) 283-2151

1 they've never been looked at at all, but yet the
2 lawyer knows where everything is. I don't even know
3 how to answer that question.

4 Q. Okay, fair enough. Did you at any -- any
5 of the evidence that you were in charge of, for a
6 better, lack of a better word, did you challenge the
7 admission of any of the evidence that was going to
8 be admitted against Mr. Henderson?

9 A. In terms of like a search warrant?

10 Q. Like chain of custody.

11 A. No.

12 Q. Search warrant, anything like that?

13 A. No. The only thing that was challenged
14 that I recall, because this was my responsibility,
15 is there was a rebuttal expert witness that we
16 objected to, asked for time to, on DNA that we asked
17 for time to consult with our expert on. And that
18 was denied. But that was the only evidentiary
19 challenge that I recall to the DNA part of the case.

20 Q. Okay.

21 THE COURT: Let me expand on that because
22 I wasn't the trial judge. When you say that
23 there's -- you had asked a rebuttal expert witness
24 testify in the proceedings --

25 THE WITNESS: Right.

JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: -- at trial?

2 THE WITNESS: Let me explain, judge.
3 What happened is that the original forensic examiner
4 from Metro testified, we cross-examined that.

5 THE COURT: Who was that?

6 THE WITNESS: I don't recall the name off
7 the top of my head.

8 THE COURT: So their DNA expert
9 testified?

10 THE WITNESS: Yes. And we challenged
11 them through cross. And part of our challenge was
12 interpretation of the data.

13 And as the Court is well aware, they
14 use a peer review system. So the examiner
15 themselves has another person who basically double
16 checks their work. They put that person who checked
17 the supervisor on the stand over our objection. We
18 said it was prejudicial, that we didn't have an
19 opportunity to get any notes, reports or anything
20 from that person, nor did the trial judge give a
21 continuance to consult with our expert to see if we
22 could challenge that rebuttal expert.

23 So because we had challenged the DNA
24 expert, they put on the rebuttal to basically be
25 able to say, you know, two examiners looked at this

JO ANN MELENDEZ - (702) 283-2151

1 data and both of them came up with the same result.
2 THE COURT: Was that other person who had
3 secondarily followed up, was that person also
4 endorsed as a witness?

5 THE WITNESS: I do not recall if they
6 were endorsed off the top of my head. This was
7 right along the time that the case law was coming
8 out about endorsing rebuttal witnesses.

9 There's a Nevada case that says now
10 they have to endorse. It was probably right around
11 that time. But we made that objection either,
12 either way that we didn't have notice to be able to
13 prepare to cross, but I don't know if they were
14 listed. It was before that case that discusses that
15 issue.

16 THE COURT: Okay.

17 THE WITNESS: So I hope that answered the
18 Court's question.

19 THE COURT: Yeah, it did. Thank you.

20 BY MS. KICE:

21 Q. There are a number of forensic reports
22 involved in this case. Specifically what you just
23 addressed, do you remember which report that dealt
24 with?

25 A. No, I don't. I know that the focus was
JO ANN MELENDEZ - (702) 283-2151

1 on, on the DNA result of the alleged, of the alleged
2 sexual assault. I believe that's where they put on
3 the second examiner, but the record would speak for
4 itself. There's a trial transcript that would be
5 able to answer that question for you.

6 Q. When the initial SANE exam was done, the
7 SANE nurse doesn't find any sperm with a blue dye
8 test.

9 Do you recall that?

10 A. Yes.

11 Q. Okay. And then eventually there is semen
12 that is found in this case. Do you recall where
13 that came from?

14 A. Not off the top of my head. I'd have to
15 look at the file again to see.

16 Q. In the initial police reports, do you
17 recall that the victim claimed that that person who
18 assaulted her did not ejaculate?

19 A. That sounds correct. I don't -- like I
20 said, it's been many, many years and I've had a lot
21 of trials since. So I'll take your word for it if
22 it's in the reports.

23 Q. And that was at both sites according to
24 the initial report?

25 A. Both sites in terms of --

JO ANN MELENDEZ - (702) 283-2151

1 Q. There's, there's two --

2 A. -- the dental office?

3 Q. There's two sexual assaults that take
4 place in the home.

5 A. That's correct.

6 Q. One is downstairs and then one is
7 upstairs.

8 A. In the bedroom, yes, that's correct.

9 Q. Do you recall in the initial police
10 report that there is no allegations of ejaculate at
11 either location?

12 A. I'll take your word for it. I don't
13 remember if it was in both sites. So I'll take your
14 word for that.

15 Q. Eventually Ms. Guenther testifies that
16 she has Mr. Henderson's semen on file.

17 Do you recall that?

18 A. Has it on file. I think she had a DNA
19 profile. I don't believe -- I don't know if she had
20 semen on file.

21 My understanding is she had a buccal
22 swab which would have been taken by rubbing the
23 mouth with a Q-Tip and that that was the
24 standardized sample from your client.

25 Q. There is a profile mixture of that
JO ANN MELENDEZ - (702) 283-2151

1 So her first order of business was
2 to examine all of those materials and determine was
3 the process -- was the scene processed correctly,
4 was the DNA collected properly, and was it examined
5 properly.

6 If there's any issues regarding
7 retesting, she would let us know, you know, and then
8 we would consult with her at that point and then
9 take it from there.

10 So once she received all the
11 materials, it was a matter of just consulting with
12 her and then making some decisions from there about
13 what to do next.

14 Should I continue?

15 Q. Please.

16 A. So she started with going through all the
17 records, including the items that we spoke of and
18 said that the best avenue --

19 THE COURT: Hold on for a second. Sorry.
20 This is not -- this is the whole issue, okay.

21 MS. CLOWERS: I understand, Your Honor.

22 THE COURT: So this is probably not the
23 best time for you to be talking to a victim
24 advocate. Because as I furiously type, both sides
25 are gonna be making orders, and this is the issue on
JO ANN MELENDEZ - (702) 283-2151

1 obtained from a bed sheet.

2 Do you recall that?

3 A. Yes. That's correct.

4 Q. Did you -- how did you challenge the
5 mixture issue on that?

6 A. How we challenged the mixture issue?

7 Q. Yes.

8 A. Well, I'd have to speak more generally in
9 terms of all of the DNA.

10 Q. Okay.

11 A. But it's our practice, and the reason why
12 I was called into this case was I had a little bit
13 of experience with this, this topic, and we needed
14 to have someone look at the DNA.

15 So our first step was to make sure
16 we subpoenaed all of the forensic lab's records for
17 the DNA testing that was done by the Las Vegas
18 Metropolitan Police Department.

19 There was also a CODIS hit that came
20 up. And that was investigated as well.

21 So all the data was sent to Norah
22 Rudin who is a forensic DNA consultant that we
23 hired. Norah's worked with us many times in many
24 cases. She's very competent, very good at what she
25 does. And very good at explaining things to us.

JO ANN MELENDEZ - (702) 283-2151

1 post-conviction right here so.

2 MS. CLOWERS: I apologize. I had this
3 conversation with Mr. Reed.

4 THE COURT: Why don't we have you start
5 with after --

6 MS. KICE: Your Honor, just to make this
7 easier for everyone, is it okay if we take a break,
8 let Ms. Clowers speak to the victim advocate?

9 THE COURT: No, it's not.

10 MS. KICE: Okay.

11 THE COURT: This is the time set for
12 hearing. With all due respect to Ms. Clowers, I'm
13 looking at a motion for post-conviction relief, and
14 it's clearly based on DNA and he's talking about DNA
15 and I got a prosecutor walking over.

16 I need to have everybody listen
17 because there's gonna be an order by either side and
18 it's gonna be done by both sides. So this is the
19 crux of it.

20 Mr. Reed, slow down for me because
21 I'm taking as much as I can as far as the notes that
22 I need to take right now.

23 So why don't you go after Ms. Rudin
24 examines it and looks at the reports and you consult
25 with her.

JO ANN MELENDEZ - (702) 283-2151

1 THE WITNESS: Yes.

2 THE COURT: Tell me what happens then.

3 THE WITNESS: Okay, judge. Just to make
4 sure we're clear, what Ms. Rudin receives is
5 actually the entire forensic file.

6 And so a lot of times, and in this
7 case we'll get a copy of it, but the lab at that
8 time was sending, Metro's lab was sending it
9 directly to our expert consultant.

10 And so basically it allows her,
11 absent the actual physical testing, to be able to
12 input all the data, to basically look at exactly all
13 the data that Metro's forensic lab had, and to be
14 able to then do her own interpretation of it.

15 And that is where the consulting
16 really becomes more interesting in this case.
17 Because her job is to, you know, first to decide was
18 the testing procedures done correctly. And in this
19 case she found that they were; was the
20 interpretation of the data correct.

21 And this is where it is a little
22 complicated because the shortest way to answer that
23 part of it is the ultimate conclusion that was
24 reached by the Metro examiner she agreed with.
25 There were, however, in terms of analyzing

JO ANN MELENDEZ - (702) 283-2151

1 particular parts of the data, there were some areas
2 we could challenge.

3 The way I would understand it as a
4 lay person is both experts got to the end of the
5 same road she, meaning Ms. Rudin, probably would
6 have made a couple of different turns, but ended up
7 in the same -- at the, the same location at the end.
8 That was the area we could focus on in terms of
9 being able to cross-examine their forensic experts.

10 There is, there is -- as the Court
11 probably is aware, in the DNA there's some
12 subjectivity to it in terms of if there is
13 particular alleles, that is the presence of possible
14 DNA, below the RFU which is a threshold that's
15 established by the lab, our expert can dig into
16 those and say these peaks might be the existence of
17 another mixture or another person possible source.
18 And so that was the primary area where we could
19 focus.

20 However, like I said in the end, it
21 would, there would have been no way to put Ms. Rudin
22 on the stand because she would have had to say,
23 while I disagree with some of the interpretation, I
24 agree with the overall results, including that
25 portion on the bed sheet.

JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: So she agreed with the DNA
2 conclusion?

3 THE WITNESS: Yes.

4 BY MS. KICE:

5 Q. And if I remember correctly, we've spoken
6 about this before and that's why you ultimately
7 chose for Ms. Rudin not to come in and testify,
8 correct?

9 A. Yes. So her role was for us to
10 cross-examine the State's experts. We didn't bring
11 her physically to the courtroom to do that, but
12 spoke to her on the phone multiple times, exchanged
13 information. We had a pretty well thought out cross
14 for what we could cross on.

15 Q. And she actually provided you with a list
16 of cross-examination questions; is that correct?

17 A. She did.

18 Q. Okay. Now, you said that there were
19 several areas not, maybe settled is not an accurate
20 representation of what you said, there were some
21 areas that you could challenge?

22 A. That is correct. And one of them you
23 identified is any time there's not a single source,
24 and I believe, if I recall, there were some single
25 source samples here and there were some mixtures,

JO ANN MELENDEZ - (702) 283-2151

1 which are dealing with generally with DNA is in a
2 single source, it's usually if there's enough DNA
3 data, they could mix very strong conclusions about
4 the DNA. Typically that it is eight or nine or even
5 10 times the world's population in terms of their
6 certainty of that single source being that
7 individual.

8 When you get into mixtures, the
9 numbers are, are a lot less and a lot more
10 unpredictable because there's several different
11 people that could or could not be in the source and
12 so the numbers mathematically aren't as strong.

13 And then you have the third variable
14 which is where you have a mixture, but you have a
15 major and a minor contributor. That is the expert
16 is able to pull out and say this particular portion
17 of that sample is this person or is likely this
18 person and then make conclusions about the minor
19 contributor or contributors. And so when you have a
20 mixture sample like you have here, it is a good area
21 to attack and that's where the cross-examine
22 focused.

23 THE COURT: This was a major and a minor
24 mixture you're saying?

25 THE WITNESS: I believe there was, there

JO ANN MELENDEZ - (702) 283-2151

1 was both. There was some where there was mixtures,
2 just a mixture, and there was some where there was a
3 major, minor contributor.

4 And I know, if I recall correctly,
5 there were single sources too because there was a
6 lot of different DNA, but the report I'm sure speaks
7 for itself.

8 BY MS. KICE:

9 Q. Okay. When you said that you sent Ms.
10 Rudin the complete forensic file -- let me just
11 backtrack a little bit.

12 Mr. Henderson was not identified
13 initially through Nevada?

14 A. That's correct. It was a CODIS hit out
15 of California.

16 Q. Okay. What information did you receive
17 from CODIS as to how he was matched?

18 A. There -- my understanding of the way it
19 was matched is -- well, let me back up. The Court
20 knows what CODIS is. So we -- a CODIS hit could
21 come from any jurisdiction.

22 It was unusual that the CODIS hit
23 did not come from Nevada because Mr. Henderson's
24 DNA, because he has a conviction in Nevada, should
25 have been present in the system from reporting from

JO ANN MELENDEZ - (702) 283-2151

1 Nevada, but the CODIS hit came from California.

2 And the policy is that when you get
3 a CODIS hit, the CODIS hit then notifies the lab in
4 which the source came from.

5 So in this case Nevada would have
6 been notified. At that point, it's Nevada's
7 responsibility to do an independent exam, an
8 independent examination of the evidence a manual
9 comparison and then go from there.

10 So in other words, the CODIS is only
11 a probable cause determination. It is not a
12 conclusive determination.

13 Does that answer your question?

14 Q. And was that done?

15 A. That was done. And we did have a review
16 and discussion with our expert concerning the CODIS
17 hit. And that also became an issue at trial as
18 well.

19 Q. Okay. What do you recall about that at
20 trial?

21 A. I recall that the -- when we approached
22 the prosecutor, obviously the prejudice would be,
23 you know, two-fold. We have a CODIS hit from an
24 independent lab that the prosecution didn't want to
25 call and you'd have to identify Mr. Henderson as

JO ANN MELENDEZ - (702) 283-2151

1 being a felon in order to establish the CODIS hit.

2 So the prosecution, with our
3 request, agreed we'd eliminate any discussion of
4 CODIS at all and we would only focus on the manual
5 comparison done here in Nevada.

6 Q. So did you do any sort of independent
7 review or attempt to find out about the lab in
8 California that processed this sample?

9 A. The only thing I do recall is discussing
10 it with Norah Rudin. And her discussion with us was
11 what they did in California is -- was inaccurately
12 done and obviously you'd have two labs then
13 basically coming to the same conclusion.

14 Q. Okay. And what did she base that upon?

15 A. Whatever information was provided to her.
16 I don't recall exactly what it was, but she was
17 aware of the California CODIS hit.

18 Q. Okay. Was she specifically aware of
19 their testing procedures, their, the manner in which
20 the DNA was collected? What information was given
21 to Ms. Rudin about the California?

22 A. I don't recall exactly. I would presume
23 that she had -- well, I know that she -- just
24 generally speaking, she told taught us about the
25 procedure in CODIS, but also she may have had the

JO ANN MELENDEZ - (702) 283-2151

1 independent data, too. I just, I wouldn't be able
2 to say off the top of my head if she did or didn't.

3 Q. So to save a jury from hearing that Mr.
4 Henderson had been convicted of a prior felony,
5 which was not of a sexual nature, the CODIS people
6 weren't brought in to testify; is that correct?

7 A. That's not completely accurate.

8 Q. Okay.

9 A. That's only partially accurate.

10 Q. Can you clear it up for me? Because I'm
11 confused.

12 A. That part's true, but it's more than just
13 that. It's the fact that now you'd have two labs
14 that conclusively place Mr. Henderson at the crime
15 scene rather than one to attack.

16 Q. Okay. I understand what you're saying
17 now. Sorry. I lost my place on my --

18 THE COURT: And just so the record's
19 clear, Norah Rudin did in fact review the CODIS DNA
20 information from California?

21 THE WITNESS: Yes. And what counsel was
22 asking --

23 THE COURT: Right.

24 THE WITNESS: -- is whether she had all
25 the specifics.

JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: Right.

2 THE WITNESS: I don't know exactly what
3 she had, but we were aware of the CODIS hit from
4 California. We did --

5 THE COURT: Did she have any of the
6 reports from the CODIS hit?

7 THE WITNESS: I'm pretty sure she did
8 because we had at least the general reports. But I
9 don't know if she got the, you know, the peak height
10 ratios and the specific data itself, but she had the
11 report and all the related information from that.

12 THE COURT: And the conclusion was it was
13 the defendant?

14 THE WITNESS: Yes.

15 THE COURT: All right.

16 BY MS. KICE:

17 Q. Was -- let me back -- we went through a
18 lot of my questions on my notes. So I apologize.

19 A. That's okay.

20 Q. Do you recall what is started to be
21 referred to as the good news e-mail in this case?

22 A. No. I'm not sure what you're talking
23 about.

24 Q. Okay. There's initial testing done on
25 the buccal -- buccal, buccal?

JO ANN MELENDEZ - (702) 283-2151

1 in this case?

2 A. When you say a number, I do recall there
3 was more than one, but I wouldn't be able to say
4 there was like three or four or five.

5 Q. Okay. How many do you recall?

6 A. At least two.

7 Q. At least two?

8 A. Yeah.

9 Q. Okay. And at some point in time there
10 was a motion made to retest the DNA. Do you recall
11 that?

12 A. I do.

13 Q. And what was the result of that?

14 THE COURT: Wait. Hold on. Let me ask,
15 who's motion was it? The defenses?

16 THE WITNESS: It was the defense's
17 motion. It was filed by Violet before she consulted
18 with me on this case.

19 BY MS. KICE:

20 Q. Okay. Well, do you know what the result
21 of that was?

22 A. We never did the retesting. And we did
23 everything we could to make sure that somehow people
24 forgot about that motion because there was no basis
25 to retest because our expert said don't retest.

JO ANN MELENDEZ - (702) 283-2151

1 A. Buccal.

2 Q. Buccal swab for Mr. Henderson, and it
3 talks about minor peaks. This is an e-mail from the
4 lab to the district attorney's office.

5 A. The lab, the Las Vegas Metro lab?

6 Q. Las Vegas Metropolitan lab.

7 A. Okay.

8 Q. And it talks about there being minor
9 peaks in the identification. And then the material
10 is tested yet again and the Las Vegas Metropolitan
11 Police Department lab was able to match him to one
12 in 600 billion people.

13 Do you recall that?

14 A. Not off the top of my head. If you maybe
15 showed me the e-mail or whatever you had, but I
16 know, I do recall that there was some issues
17 regarding minor peaks, but it'd be better if I can
18 review it if you want me to answer that specific
19 question.

20 Q. Okay. Hold on just a second. Okay. I'm
21 trying to pull it up on my computer. I apologize.
22 Okay. I can't, I can't find it right now. Let me
23 just -- let me move on and we'll come back that.

24 Is it your recollection that there
25 were a number of tests done on the forensic material

JO ANN MELENDEZ - (702) 283-2151

1 Q. Okay. But was that done before Norah's
2 conclusions were --

3 A. That's correct.

4 Q. -- or Dr. Rudin's conclusions?

5 A. And Ms. Radosta can speak of that more
6 specifically about what the court was asking of her
7 and why she filed that motion, but I can tell you
8 that there was no retesting done because our expert
9 advised against it.

10 Q. Okay.

11 THE COURT: Let me follow-up. If there
12 had been a retest done, you would have had to turn
13 that over to the State, correct?

14 THE WITNESS: If we intended on using it
15 in trial, that's correct, Your Honor. If we
16 didn't -- you know, we retest things all the time as
17 the Court knows. And if the evidence were to be,
18 you know, not favorable to the defense, we wouldn't
19 turn it over, but the statute does require if we're
20 gonna introduce it in our case-in-chief, we have to
21 turn it over.

22 THE COURT: Was that part of the
23 consideration as to why you didn't want to retest
24 it?

25 THE WITNESS: Absolutely.

JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: All right.

2 BY MS. KICE:

3 Q. Okay. Do you know whether or not there's
4 still forensic material in this case to be tested?

5 A. I wouldn't know that off the top of my
6 head, but I can tell you the procedure with the lab
7 for these types of cases is that they will actually
8 maintain additional swabs for retesting. It's their
9 standard protocol. I don't know the condition of
10 the samples, but I'm sure you can check with the lab
11 and find out.

12 Q. Do you know if extractions can be
13 retested?

14 A. Extractions can be retested, but
15 typically what the lab will do, and like I said,
16 this is getting a little beyond my area of expertise
17 but we talked about this with Norah, they're better
18 off taking the original sample and doing the
19 extractions again rather than using a preserved
20 extraction because of aging.

21 Q. Correct.

22 A. So typically they'll use the original
23 sample, if it's properly preserved, re-extract and
24 then retest.

25 Q. And the reason is over time there's some
JO ANN MELENDEZ - (702) 283-2151

1 enough time. I don't think there -- 30 minutes, an
2 hour maybe, I don't know. It wasn't enough time
3 let's put it that way.

4 Q. And you don't recall specifically the
5 plea negotiation?

6 A. I do not recall the specifics. Ms.
7 Radosta probably even had that in writing I presume,
8 but I know she'll recall it because it bothered us
9 that we had to basically deal a potential life
10 sentence case at the last minute.

11 And if I recall, the offer was a
12 pretty good one for what we were looking at.

13 Q. Right.

14 A. But, you know, it's very difficult to --
15 and I understand Mr. Henderson's predicament if I
16 was in the situation at the last minute.

17 And again, it's -- I don't know if
18 it's any fault to anyone, but the fact of the matter
19 is that that was troublesome that that offer came in
20 at the last minute.

21 Q. Did you ask the judge, and I know it was
22 Judge Mosley, but did you ask him for more time
23 to --

24 A. Yes.

25 Q. And was that granted?

JO ANN MELENDEZ - (702) 283-2151

1 denigration of the genetic material, is that why
2 it's preferred to use the original over the
3 extractions?

4 A. Potentially there's denigration, yes.
5 Not exclusively, but potentially there is, yes.

6 Q. Okay. At some point in time there was a
7 plea offer on the table in this case.

8 Do you remember when that was given
9 to you?

10 A. I remember when it was given, but I don't
11 remember the exact details of the deal. But what --
12 the reason why it stuck in my mind is because this
13 was like right before we were getting ready to start
14 trial. I think the jury was getting ready to come
15 in, it was -- I tell you it's awful for Mr.
16 Henderson that the deal came in when it did because
17 it's very, very difficult as a defense lawyer to be
18 talking about someone's life on the line when the
19 jury's standing in the hallway. So I remember it
20 was at the very, very last minute.

21 Q. Okay. And do you recall how much time
22 you were able to spend with him discussing the
23 possibility of multiple life sentences to be run
24 consecutively versus a 10 on the bottom deal?

25 A. Not that much. I mean, it was, it wasn't
JO ANN MELENDEZ - (702) 283-2151

1 A. No.

2 Q. In light of Missouri versus Fry and
3 Lafler (phonetic) versus Cooper, do you feel that
4 your performance meets the requirements of
5 Strickland, given the time constraints and given the
6 severity of the penalties, the time you were allowed
7 to discuss with him?

8 A. It certainly would have been nice to have
9 more time. I don't know. I'm not the one to make
10 the decision about whether I did something wrong or
11 not, but I certainly did not feel comfortable about
12 the amount of time that we had.

13 It's extremely difficult to get a
14 deal down for that kind of time with, you know, a
15 half an hour or an hour.

16 Q. Okay. So over the course of our careers
17 and everything that sticks with us, does it still
18 stick with you that you didn't have enough -- that
19 you don't feel that you had adequate time to discuss
20 the potential plea negotiation with him?

21 A. Yes. And especially in light of the rest
22 of my testimony which is I think that the DNA was
23 conclusive and his chances of winning this case were
24 almost nonexistent.

25 Negotiating this case was his best
JO ANN MELENDEZ - (702) 283-2151

1 option. It's too bad we only had the last minute to
2 do it.

3 Q. And you did ask Judge Mosley for more
4 time and he didn't give you more time?

5 A. Yes. And, you know, when I say ask, I
6 don't know, we probably didn't put it on the record.

7 Q. Right.

8 A. It was probably through the bailiff
9 saying can you just give us some more time and the
10 judge jumping on the bench and saying we're going
11 now or never.

12 Q. And, Mr. Reed, I appreciate all the time
13 that you've --

14 A. Sure.

15 Q. -- to this today. I just have a few more
16 questions.

17 A. Sure.

18 Q. Were you aware of an individual named
19 Ahud Chaziza or Abdul Chaziza at any point in time
20 during this?

21 A. It doesn't ring a bell.

22 Q. Okay. Mr. Chaziza was arrested and
23 through a confidential informant at the DAs office
24 became aware of him and he was identified by both
25 victims as the individual who came to the door.

JO ANN MELENDEZ - (702) 283-2151

1 Q. Okay. Do you recall having a
2 conversation with Mr. Henderson where you told him
3 that they couldn't retest extractions?

4 A. Couldn't retest extractions? I hope I
5 didn't tell him that because that'd be wrong.

6 MS. KICE: Okay. I don't have any
7 further questions, Your Honor.

8 THE COURT: Cross-examination.

9 MS. CLOWERS: Thank you, judge.

10 CROSS-EXAMINATION

11 BY MS. CLOWERS:

12 Q. I didn't try this case with you; is that
13 correct?

14 A. That's correct.

15 Q. And you tried this case in August of 2008
16 about four years ago?

17 A. I'll take your word for it. It's been
18 awhile.

19 Q. So some of your memory might not be as
20 fresh; is that fair to say?

21 A. That's true.

22 Q. And then just based upon your experience
23 in the office at the Public Defenders Office, you've
24 recently had two very successful cases; is that
25 correct?

JO ANN MELENDEZ - (702) 283-2151

1 You don't recall ever knowing
2 anything about him?

3 A. No. You should ask Ms. Radosta about
4 that. I don't recall that we had that information
5 at the time.

6 Q. Okay.

7 A. But she would know for sure.

8 Q. Okay. Can I ask for the Court's
9 indulgence for just a moment.

10 THE COURT: Yes.

11 BY MS. KICE:

12 Q. By the time that the motion to retest the
13 DNA had come before Judge Mosley, were you on the
14 case at that point in time?

15 A. Yes.

16 Q. Okay. And do you recall that Judge
17 Mosley was willing -- if there weren't original
18 samples to test, that Judge Mosley was willing to
19 dismiss this case? Do you recall that?

20 A. I don't recall that he said it in exactly
21 those words, but certainly we raised issues
22 concerning preservation of samples.

23 The problem that you have in this
24 case is that there were extractions and the physical
25 evidence at the time was available for retesting.

JO ANN MELENDEZ - (702) 283-2151

1 A. That's true.

2 Q. And you're relied upon at your office for
3 your experience and your knowledge in regards to DNA
4 cases?

5 A. Yes.

6 Q. And so you were brought into this case
7 for the very specific reason of your knowledge
8 regarding DNA?

9 A. Yes.

10 Q. So the other stuff surrounding the case
11 you might not have been as familiar with as the DNA?

12 A. That's correct.

13 Q. So whether or not somebody by the name of
14 Ahud Chaziza was currently charged and pending trial
15 while this case was, you might not remember that?

16 A. Yeah, I don't remember that.

17 Q. I just want to talk about that
18 negotiation real quick. And when it was offered,
19 did Mr. Henderson want to take it?

20 A. He rejected the offer.

21 Q. Okay. And as to the facts that you
22 remember them, if you remember them, and I apologize
23 if you don't, but the one person who was ID'd being
24 Mr. Chaziza was not wearing a mask, and I don't know
25 if you recall that, but your client, do you remember

JO ANN MELENDEZ - (702) 283-2151

1 he was wearing a mask during the incident?

2 **A.** That's correct. That's one of the
3 reasons why the victims were unable to identify him.

4 **Q.** And when the preparation of this writ of
5 habeas corpus came forward, were you ever asked for
6 your file, your personal file, your notes or
7 anything of that nature?

8 **A.** Yes. We -- it's our normal policy to
9 give over everything to the new attorney in the
10 case. With respect to new defense counsel, I think
11 initially, usually they'll come to us and say, you
12 know, someone's here for the file, do you want to go
13 through it and give them what's appropriate.

14 Because I don't think she had all of our file
15 initially.

16 **A.** And so that's, that's just not -- I
17 apologize, but typically we make sure that the new
18 attorney gets everything and there were some things
19 we had worked on that were not provided.

20 **Q.** Do you remember during the pendency of
21 Mr. Henderson's case that he also had an open and
22 gross lewdness pending?

23 **A.** I did not remember that.

24 **Q.** And your experience with more than 80
25 jury trials, which means you've probably done

JO ANN MELENDEZ - (702) 283-2151

1 an issue?

2 **A.** Absolutely.

3 **Q.** When it comes to a CODIS hit, and I'm
4 gonna sound like I don't really know what I'm
5 talking about right now, but the lab here in Nevada
6 will actually get the information from California
7 and test it here; is that correct?

8 **A.** Kind of. The --

9 **Q.** Compare it?

10 **A.** The procedure is, is -- I already
11 answered this part of it, is, you know, CODIS hits,
12 it has the DNA of millions of individuals.

13 **A.** And then what happened here is the
14 initial testing came up with an unknown source. So
15 they did not -- Nevada put it into CODIS as an
16 unknown source. The hit came actually out of
17 California which like I said was an oddity because
18 his DNA should have been here.

19 **A.** Once the CODIS hit happens, they
20 notify the institution that requested. So it comes
21 back to Nevada, back to Metro saying we've got a
22 CODIS hit on Mr. Henderson.

23 **A.** At that point it's our -- it's
24 Metro's duty then to do a manual comparison. So a
25 buccal swab's taken, the source samples are tested

JO ANN MELENDEZ - (702) 283-2151

1 thousands of preliminary hearings or just dealt with
2 thousands and thousands of cases?

3 **A.** Yeah, I've lost count. I don't know how
4 many. It's got to be somewhere in that
5 neighborhood.

6 **Q.** I don't know if that's a good or bad
7 thing, but let me ask you this: Often times the
8 victims will describe one person multiple ways;
9 taller, shorter, small or fatter, or even racial
10 tones can be different, is that fair to say?

11 **A.** Absolutely. Especially someone in a
12 stressful situation like a sexual assault.

13 **Q.** And so it's common in the cases that you
14 see that victims might not describe people as they
15 end up being?

16 **A.** That's very true.

17 **Q.** Now, you said you challenged the
18 admission of some of the evidence. You didn't
19 challenge any of the chain of custody; is that
20 correct?

21 **A.** No.

22 **Q.** If you recall?

23 **A.** I don't believe we challenged any of the
24 chain of custody.

25 **Q.** Would you have if you thought there was

JO ANN MELENDEZ - (702) 283-2151

1 directly to Mr. Henderson.

2 **Q.** And that's what happened to the best of
3 your memory in this case?

4 **A.** Yeah. I'm certain that part happened,
5 yes.

6 **Q.** And again, one of the reasons that you
7 didn't bring up the CODIS is one, the jury would
8 have found out perhaps that he was a felon?

9 **A.** That would be one of the main reasons,
10 yes.

11 **Q.** And the second you would have helped the
12 State's case by showing two experts had determined
13 it was his DNA; is that correct?

14 **A.** Exactly. And the risk we ran too is if
15 we bring in the CODIS people, it would also be -- we
16 don't know how their interpretation of the data
17 would necessarily be, other than we have two sources
18 with the same conclusion and we thought the better
19 strategy would be to have one examiner be attacked
20 with results that we knew rather than the unknown
21 and have two positive conclusions for the
22 prosecution.

23 **Q.** And then did Ms. Rudin -- that's her
24 name; is that correct?

25 **A.** Yes.

JO ANN MELENDEZ - (702) 283-2151

1 Q. She's well-known in the area of DNA; is
2 that fair to say?

3 A. She's one of the nation's leading
4 experts.

5 Q. Your office used her quite a bit?

6 A. Still use her to this day.

7 Q. Okay. So you have a comfortability level
8 with her?

9 A. Absolutely.

10 Q. When she was reviewing all this
11 information for this trial, did she ever ask you for
12 more information that had yet to be provided by
13 either yourself or Metro?

14 A. Initially she did ask for information
15 because that happens a lot. We may not have the --
16 all the data. I think she asked for the CODIS
17 information, you know, that kind of thing, but when
18 we started the trial, I don't believe there was
19 anything that she asked for that we didn't provide.

20 Q. So she had been given everything she
21 needed to make the determination?

22 A. Yes.

23 Q. And she agreed with the conclusion,
24 although the road she took to get there was a bit
25 different than the DNA analyst here in Nevada?

JO ANN MELENDEZ - (702) 283-2151

1 sexually assaulted on a bed. Do you recall that?

2 A. That was her testimony, yes.

3 Q. Okay. And do you recall that DNA was
4 taken from the sheets that were upstairs?

5 A. Yes.

6 Q. As well as during the SANE exam there was
7 DNA swabs collected as well?

8 A. Correct.

9 Q. Do you remember that the sheets, the
10 determination by the Metro lab was that the sheets
11 upstairs identity assumed 100 -- one in 600 billion
12 was the results that the DNA belonged to Mr.
13 Henderson?

14 A. Right. That was the single source I was
15 talking about.

16 Q. And do you remember the same for the swab
17 during the SANE exam belonged to him as well?

18 A. Yes.

19 Q. And then just talking quickly about the
20 breast.

21 THE COURT: Wait, wait. Hold on one
22 second. The sheets were the single source, and on
23 the sexual assault kit, was it -- where was it taken
24 from? Do you remember what part of her body it was
25 taken from?

JO ANN MELENDEZ - (702) 283-2151

1 A. Yes.

2 Q. And based upon your experience, is it
3 unusual that there will be two sources of DNA in a
4 swab or something that's taken or collected?

5 A. You mean like a mixture?

6 Q. Sure.

7 A. It's not unusual at all to find mixtures,
8 no.

9 Q. And it's not unusual for there to be a
10 major contributor and a minor contributor; is that
11 correct?

12 A. No, no. On many of the cases that I've
13 seen, that will come up.

14 Q. Do you remember the exact results of the
15 DNA in this case?

16 A. I do not.

17 Q. Would it refresh your memory if I told
18 you -- do you remember that the facts are that she
19 was touched downstairs in the house and then taken
20 upstairs? You remember that, sir?

21 A. Yes.

22 Q. And downstairs she was touched on her
23 breasts, do you recall that?

24 A. Yes, I do.

25 Q. When she was taken upstairs, she was

JO ANN MELENDEZ - (702) 283-2151

1 MS. CLOWERS: It was vaginally, Your
2 Honor.

3 THE COURT: It was the vaginal area?

4 THE WITNESS: Yes.

5 THE COURT: What was the mixture then?

6 THE WITNESS: Well, theirs you'd expect
7 it to be a mixture, but what they'll do is
8 genatome -- genome, genome, excuse me, testing.

9 And now I'm trying do the science
10 part, but basically what it is is they can, they can
11 eliminate male, female. So they can only do the
12 testing as to a male contributor and they can
13 eliminate the female part of it to an attempt to
14 separate out because obviously the victim's DNA
15 would be in her vaginal cavity. You know, that
16 would be unusual. So that's how they then separate
17 with the genome. They can identify only a male
18 source and get a more accurate source.

19 So basically it's a mixture, but
20 it's a single source when they genome test it
21 because they are eliminating any female DNA.

22 THE COURT: So that single male source
23 was also the defendant?

24 THE WITNESS: That's correct.

25 THE COURT: Okay.

JO ANN MELENDEZ - (702) 283-2151

1 BY MS. CLOWERS:

2 Q. And that was also one in 600 billion; is
3 that correct?

4 A. Yes. Which is like seven or eight times
5 the world population identity assumed.

6 Q. And then as for the breast area, it was
7 also his identity assumed that one in 600 billion as
8 well?

9 A. That's correct. And it's the same thing
10 there in terms of separating out the DNA from the
11 female source and the male source.

12 THE COURT: And so there was DNA also
13 taken from her breast as well?

14 THE WITNESS: Yes, presumably. And I, I
15 think that the victim might have mentioned that the
16 assailant had licked her or -- in the chest area.

17 BY MS. CLOWERS:

18 Q. And that's your memory of that; is that
19 correct?

20 A. Yes. Which would then lead, you know,
21 saliva's a great source of skin, especially the
22 tongue running across surface is a great source or
23 epithelial cells which are skin cells.

24 MS. CLOWERS: I have no further
25 questions, Your Honor.

JO ANN MELENDEZ - (702) 283-2151

1 determination by a court of law.

2 Q. Okay.

3 A. And so we had that data and then we had
4 the manual comparisons. And so the result in the
5 CODIS hit, if we were to allow it in, has a two-fold
6 problem; felony conviction as being the source of
7 the CODIS that he provided, and secondarily that it
8 would be another lab that made a conclusive decision
9 as to his identity. So that was the two.

10 Q. Okay. And I believe that is exactly
11 where I was going with that was CODIS could have
12 done more perhaps?

13 A. No. That's not, that's not how it works.
14 CODIS, CODIS only does what I just described for
15 you.

16 Q. Exactly what they did in this case?

17 A. That's it. You can't go back to CODIS
18 and say can you retest this or check your data or --
19 it doesn't work that way. If they get the hit, they
20 send it to the lab and they wash their hands of it.
21 They're done.

22 Q. Okay. And did you ever receive a
23 satisfactory answer as to why Mr. Henderson wasn't
24 in the Nevada database?

25 A. No, I didn't.

JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: Redirect.

2 REDIRECT EXAMINATION

3 BY MS. KICE:

4 Q. There was a question I had about the
5 CODIS. You said there was a representation made
6 that you didn't want the information from the
7 California lab to come in because it had
8 conclusively matched Mr. Henderson to the crime,
9 correct?

10 A. Right.

11 Q. Then you said something about some
12 information about CODIS or the procedures that you
13 could have done but you didn't do?

14 A. I did?

15 Q. At least that's what I recall.

16 A. I would hope that that wasn't the case.
17 That's not what I meant if that's what I said.

18 Q. Okay.

19 A. Do you want me to repeat my answer on
20 that? The CODIS hit was conclusive in this way:
21 CODIS says this is Mr. Henderson's DNA; however,
22 they always -- the caveat at the bottom is this is
23 done for probable cause purposes, the lab has to do
24 its own independent testing. The presumption is
25 CODIS doesn't want to be the conclusive

JO ANN MELENDEZ - (702) 283-2151

1 Q. Okay. Did that call into question this
2 entire procedure?

3 A. No. Because we raised that with Norah.
4 We saw it and said is this a problem, why wouldn't
5 they have hit it. And the -- basically her answer
6 was I don't know, I don't know why they didn't catch
7 it, but all I know is California got it right.

8 Why Nevada didn't catch it, I don't
9 know, but it really, it kind of didn't matter in her
10 mind because the conclusion that California coupled
11 with Metro's retesting basically sealed her opinion.

12 Q. Okay. And just because I'm annoying,
13 why, why didn't you press to find out why he didn't
14 match in Nevada?

15 Because either Metro didn't take his
16 DNA correctly when they did the swab when he was
17 taken into prison or it wasn't uploaded right or
18 there's some problem with the database or there's
19 something wrong with how things are collected,
20 stored, maintained, matched, height, et cetera, et
21 cetera.

22 Why didn't you pursue that?

23 A. Because it wouldn't have mattered
24 according to our expert. California got it right
25 and then Metro got it right with the manual test.

JO ANN MELENDEZ - (702) 283-2151

1 So we were -- it was much ado about nothing as to
2 why that was the case.

3 The focus of the cross was better on
4 the interpretation of the data. And what was found
5 in those minor peaks and below the RFU where there
6 could be another source or challenging the fact that
7 that's identity assumed by saying these particular
8 alleles are not interpreted correctly. And that's,
9 that's all we really had. It was a difficult cross.

10 MS. KICE: Okay, thank you.

11 MS. CLOWERS: May I just ask a couple
12 follow-up?

13 THE COURT: Sure.

14 CROSS-EXAMINATION

15 BY MS. CLOWERS:

16 Q. Didn't -- and I can't remember where I
17 learned this information. Didn't his DNA show up in
18 CODIS in Nevada after the fact?

19 A. It may have. I'm not certain of that. I
20 know that, that we talked to the examiner about this
21 because it seemed kind of odd. And she wasn't
22 familiar with how, you know, Nevada was uploading
23 information into CODIS. And we didn't ask the, the
24 Metro expert because it was, it was gonna be not an
25 issue because they manually came to the results.

JO ANN MELENDEZ - (702) 283-2151

1 A. 10 years.

2 Q. All right. And what unit are you
3 currently on?

4 A. On the homicide team currently.

5 Q. How long have you been on the homicide
6 team?

7 A. Eight years.

8 Q. So you're on the homicide team during the
9 time period by which this case was tried?

10 A. Yes, I was.

11 Q. And you just assisted as far as being the
12 co-chair with Ms. Radosta and helping in this DNA
13 area?

14 A. Yes. Because at that time especially
15 there was a lot more homicides that had DNA cases
16 than just a routine track case.

17 Q. This would be a sexual assault case,
18 right, SVU case?

19 A. At the time, our SVU unit didn't take
20 adult sexual assaults. That has since changed, but
21 I don't believe in 2008 they were -- it had to be a
22 child for that special unit to take it. Although
23 Ms. Radosta's on that team --

24 Q. Yeah.

25 A. -- now so she would probably know the

JO ANN MELENDEZ - (702) 283-2151

1 Q. So it wouldn't have changed the result of
2 the trial?

3 A. Not according to our expert.

4 Q. And is it possible that his DNA just
5 hadn't been entered into CODIS in Nevada yet?

6 A. That is possible.

7 Q. Is it, with your experience or if you
8 have knowledge that the Nevada DNA system,
9 especially in the metro jurisdiction, has or was
10 behind for very many years with entering DNA?

11 A. No system is foolproof about entering
12 DNA. So that's true.

13 MS. CLOWERS: Okay. I have nothing
14 further, judge.

15 EXAMINATION

16 BY THE COURT:

17 Q. Just a couple followup. How long have --
18 you stated you practiced law about 25 years.

19 How long have you been practicing
20 criminal defense work?

21 A. That whole time.

22 Q. 25 years?

23 A. Yes.

24 Q. And how long have you been at the Public
25 Defenders Office?

JO ANN MELENDEZ - (702) 283-2151

1 answer to that. But my recollection was Ms. Radosta
2 was on the track at the time and that's how she got
3 assigned this case.

4 Q. About how many murder cases and sexual --
5 and/or sexual -- well, how many murder cases do you
6 think you've handled? Not just trial, but handled
7 in the time that you've been in your entire career.

8 A. Oh, hundreds.

9 Q. All right. And how many sexual assault
10 cases, even within the murder cases or just
11 otherwise, have you handled?

12 A. Primarily within the murder cases, I'd
13 say probably half of that.

14 Q. And Norah Rudin is the one, she's the DNA
15 expert that both your SVU and your homicide team
16 uses as a consultant in these cases?

17 A. She's one of them, but yes, she's worked
18 on a lot of cases with our office, yes.

19 Q. Where's she located out of, do you know?

20 A. I think it's California.

21 MS. KICE: California.

22 THE WITNESS: Los Angeles area I believe.

23 THE COURT: All right. And before you
24 leave the stand, can I ask, there were some other
25 issues, are you gonna be asking him or Ms. Radosta

JO ANN MELENDEZ - (702) 283-2151

1 or can you just go over -- there's a couple other
2 issues regarding that he's raised in the
3 post-conviction such as validity of the search
4 warrant trial counsel failed to correct the PSI.
5 He's on the stand. You might as
6 well ask him a couple questions regarding that. If
7 he's already here, I don't --

8 MS. KICE: That's fine, judge.

9 THE COURT: I don't think it will take
10 more than 10 minutes to ask him a couple more
11 questions regarding what else has been raised in the
12 evidentiary hearing. I mean what has been raised in
13 the petition. Excuse me. For example, no bench
14 conferences were recorded.

15 MS. KICE: That's my favorite issue, but.

16 THE COURT: That's, that's your what?

17 MS. KICE: That's my favorite issue.

18 THE COURT: You'll notice mine are.

19 MS. KICE: I know. And I've always been
20 very impressed with that. I'm sorry, Your Honor, I
21 have to kind of scroll through this.

22 FURTHER EXAMINATION

23 BY MS. KICE:

24 Q. Why weren't the bench conferences
25 recorded?

JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: Sure.

2 BY MS. KICE:

3 Q. Was there a search warrant that was
4 issued in this case to get the buccal swab from Mr.
5 Henderson?

6 A. I don't recall off the top of my head.
7 Typically they do a search warrant to get it, but
8 they don't have to.

9 Q. They don't have to? Why don't they have
10 to?

11 A. Well, sometimes they can get it by
12 consent or depends on, and I don't recall if Mr.
13 Henderson was on parole or anything like that at the
14 time. I'm not -- I just don't remember, but there's
15 a lot of ways they can get that besides the search
16 warrant. If there was one, it should have, it
17 should have been in our file.

18 Q. Okay. Would it surprise you that there
19 was no affidavit in the file about getting a search
20 warrant?

21 A. No. It wouldn't surprise me at all.
22 Typically we'll just get the search warrant. And
23 then if there's an issue, we should raise that and
24 ask for that discovery as to the affidavit attached
25 to the search warrant.

JO ANN MELENDEZ - (702) 283-2151

1 A. I don't have any idea.

2 Q. Is it standard policy at the time and in
3 that courtroom not to record bench conferences?

4 A. I don't know how many trials you've done
5 in front of Judge Mosley, but there are a lot of
6 conferences with Judge Mosley that might not be on
7 the record initially. But everything I thought was
8 material in every trial I've ever done with, with
9 Judge Mosley since like 1990 I think was my first
10 trial in there, he'll go back and put it on the
11 record or give you an opportunity to put it on the
12 record.

13 So his normal, whatever was said, if
14 it was material I would have presumed was put on the
15 record.

16 Q. If there was something that stood out to
17 you that you would have recalled, you would still be
18 able to remember that today since he did give an
19 opportunity to make a record?

20 A. He always gave me an opportunity to make
21 a record. I've never remembered Judge Mosley saying
22 you can't, you know, make a record about an issue,
23 even if he disagreed with me.

24 MS. KICE: If I can just have the Court's
25 indulgence just for a moment.

JO ANN MELENDEZ - (702) 283-2151

1 MS. KICE: Sorry, Your Honor. Just one
2 more moment.

3 THE COURT: That's all right.

4 BY MS. KICE:

5 Q. And prior to sentencing, did you get a
6 chance to go over the PSI with Mr. Henderson?

7 A. I'm sure we did. I don't remember. Ms.
8 Radosta would be the best person to answer that
9 question.

10 Q. Okay. Are you aware of the case of
11 Stockmeier versus State?

12 A. Very much so.

13 Q. Are you aware of the consequences of
14 Stockmeier versus State?

15 A. The consequences? The consequences are
16 that you can not sentence someone with an incorrect
17 PSI. But that case came out long after this case
18 was sentenced.

19 Q. Okay. But you -- it is your best
20 recollection that either you or Ms. Radosta went
21 over the PSI with Mr. Henderson?

22 A. Yes. And it's our practice, too. I mean
23 before Stockmeier, we wanted, we wanted Mr.
24 Henderson to have a correct PSI. If there were any
25 issues, you know, we would normally bring them up.

JO ANN MELENDEZ - (702) 283-2151

1 As far as how they are -- the only
2 difference I see now with Stockmeier in terms of how
3 I practiced it is a lot of times we would
4 interlineate or write things in the PSI only later
5 to discover that that wasn't effective.

6 So Stockmeier in my opinion only
7 basically solidified the idea that the correct PSI
8 ends up in the hands of the Department of
9 Corrections.

10 Q. And there's collateral consequences for
11 not having a correct PSI; is that correct?

12 A. Absolutely. It has to do with
13 classification, parole. There's a lot of factors in
14 terms of a prison sentence. You want a correct PSI.

15 Q. Okay. And because this case was older,
16 when I requested the file from your office, is it
17 your understanding that I received everything that
18 you had in the file?

19 A. Not at the time. After the fact you did.

20 Q. After the fact, yes.

21 A. And I apologize for that. Hopefully
22 we've corrected that procedure. As you can
23 appreciate, we have a lot of people and a lot of
24 cases, but on any serious offense like this, it is
25 typically the assigned attorney that gets notified

JO ANN MELENDEZ - (702) 283-2151

1 based upon a CODIS hit to then get buccal?

2 A. No.

3 Q. So you don't see any problem with that;
4 is that correct?

5 A. That's what I was trying to say, maybe
6 inartfully, is there's really -- there really isn't
7 a reason to search the affidavit. Because if the
8 probable cause is the CODIS hit, we had that
9 information and it's, it's more than probable cause
10 really. It's pretty conclusive.

11 Q. Okay. The Stockmeier case did change
12 things, how we do them procedurally; is that
13 correct?

14 A. Yes.

15 Q. Now we have the PSI's amended in the
16 paper form before somebody's allowed to be
17 sentenced?

18 A. That's correct.

19 Q. Previous to this, were there ever times
20 where you would review a PSI with somebody and find
21 an error and bring it up?

22 A. I've always tried to bring it up if it
23 was a legitimate complaint, that we'd either ask it
24 be amended, send a supplement, judges would
25 handwrite corrections on the PSIs. There was a

JO ANN MELENDEZ - (702) 283-2151

1 and then provides the file to the subsequent lawyer.
2 It's our responsibility. We fell down on the job on
3 that one. I apologize.

4 Q. At this point in time, are you confident
5 that I had everything that I needed?

6 A. Yes.

7 MS. KICE: That's all, Your Honor.

8 MS. CLOWERS: May I?

9 THE COURT: Go ahead.

10 MS. CLOWERS: Thank you.

11 FURTHER EXAMINATION

12 BY MS. CLOWERS:

13 Q. It sounds like you have a great deal of
14 experience, especially with search warrants; is that
15 fair to say?

16 A. Yes.

17 Q. You probably have a search warrant in
18 probably almost every case you've tried?

19 A. I'd say that's true.

20 Q. If not multiple search warrants?

21 A. Yeah, usually there's more than one,
22 especially in homicides.

23 Q. Have you ever raised an issue or taken
24 issue with a search warrant where the PC is based
25 upon a probable cause? Or I'm sorry. The PC is

JO ANN MELENDEZ - (702) 283-2151

1 variety of ways it was done.

2 Q. So Mr. Henderson faced hundreds of years
3 basically in prison in this case; is that correct?

4 A. That's correct.

5 Q. So you would have made sure that the PSI
6 was correct and to review it with him?

7 A. I would certainly hope so, yes.

8 Q. And that's your office policy?

9 A. Yes.

10 Q. And I assume it's your policy as just
11 being a good attorney as well?

12 A. Absolutely. It's important.

13 Q. Bench conferences, had the bench
14 conferences in this trial been recorded, would it
15 have changed the outcome of this trial?

16 A. Not based on my experience with Judge
17 Mosley. Because like I said, everything that I
18 thought was material was always put back on the
19 record.

20 Q. So as an experienced defense attorney,
21 you recognize and appreciate the value of a record?

22 A. I do. And the reason why I'm especially
23 in tune with that is Supreme Court Rule 250 which
24 governs death penalty cases, which I do a lot of,
25 requires that bench conferences be record.

JO ANN MELENDEZ - (702) 283-2151

1 MS. CLOWERS: Thank you very much.

2 FURTHER EXAMINATION

3 BY THE COURT:

4 Q. Hold on. There's something. Is there
5 anything that the defendant told -- do you recall --
6 let me strike that.

7 Do you recall anything the Defendant
8 told you about his PSI that was incorrect at all
9 that you needed to correct it to the judge?

10 A. Not off the top of my head. Like I said,
11 Judge -- Violet Radosta probably did most of that
12 part of it. So if there was anything, she would be
13 able to address that better. I just don't remember.
14 I'm sorry.

15 Q. And even if there had been no affidavit
16 of the search warrant in this case regarding the
17 buccal swab, do you think that would have changed
18 the outcome in this particular case?

19 A. No.

20 Q. And why is that?

21 A. Because as long as they had a comparison
22 sample, they would be able to make the same
23 conclusions. They could have technically used the
24 buccal swab that was sent up to CODIS or one from
25 the prison system, but they independently did it

JO ANN MELENDEZ - (702) 283-2151

1 Q. But subsequently you turned all of that
2 over?

3 A. Yes, Your Honor.

4 THE COURT: Is there anything based on
5 what I've asked, it's just what I noticed was in the
6 petition just to make sure I've covered everything
7 for this hearing, is there anything more that I've
8 asked that either side wants to follow-up with? Ms.
9 Kice.

10 MS. KICE: I have one follow-up question.

11 THE COURT: Okay.

12 FURTHER EXAMINATION

13 BY MS. KICE:

14 Q. Based upon the offer, I know you don't
15 remember the specifics of the plea, possible
16 potential plea negotiation, did it strike you as
17 being something that Judge Mosley would not have
18 accepted had Mr. Henderson agreed to it?

19 A. No.

20 THE COURT: No, I -- that is so, that is
21 so beyond objectionable. I'm not gonna allow -- I
22 mean, it's just so speculative, that question. So
23 it's gonna be irrelevant.

24 MS. KICE: Okay.

25 THE COURT: Who knows what Judge Mosley
JO ANN MELENDEZ - (702) 283-2151

1 just as a matter of procedure to be able to show
2 that they took a fresh swab.

3 But as the Court knows, you know,
4 DNA never changes. A buccal swab from 20 years ago
5 is the same DNA that is presently in existence.

6 Q. Did you check over -- I know you and Ms.
7 Kice have just been bantering back and forth
8 regarding what was in the public defender's file.

9 Are you aware of what Ms. Kice now
10 has in her file and do you feel that is sufficient
11 for this hearing?

12 A. I didn't go through the whole file, but I
13 can tell you that from the initial petition it
14 looked like there was some conclusions, like we
15 didn't do DNA.

16 And I again apologize, it wasn't
17 given to her initially. So whatever we have was
18 subsequently provided.

19 Q. That being perhaps the consultations with
20 Dr. Rudin?

21 A. That's correct.

22 Q. So they didn't have that during -- either
23 the defendant nor Ms. Kice had that during the
24 initial petitions?

25 A. That's correct.

JO ANN MELENDEZ - (702) 283-2151

1 would have done and there was just so much
2 speculation.

3 The actual question you just asked
4 was just so -- if you want to rephrase it you can,
5 but what you just asked was so -- it was speculation
6 upon speculation upon speculation, the actual
7 question.

8 If you want to rephrase it. Maybe
9 I'm just missing the point you're trying to make.

10 BY MS. KICE:

11 Q. Do you recall any specifics about the
12 term of years of the plea agreement?

13 A. I don't, but I pretty confident that Ms.
14 Radosta would.

15 Q. Okay.

16 A. I just remember there was an offer, it
17 was at the last minute, we didn't have a lot of time
18 to talk about it, and the jury was standing out
19 there ready to go and that was it.

20 Q. Had you ever had a plea negotiation that
21 Judge Mosley rejected?

22 A. No. But I mean, Judge Mosley, you would
23 have to talk to him about a deal if it was a set
24 deal, not if it was a range. But if you said hey,
25 we're gonna agree on a particular sentence, a

JO ANN MELENDEZ - (702) 283-2151

1 stipulated plea, and I think a lot of judges may do
2 this, you (sic) would like to have you discuss in
3 advance so we don't go through the steps of him
4 saying I'm just not gonna accept this plea. So that
5 would be his normal procedure.

6 Q. Okay.

7 A. But I've dealt with him.

8 Q. And I apologize for not asking that
9 correctly the first time. That's all.

10 THE COURT: Is there anything, Ms.
11 Clowers? Do you have anything else as follow-up?

12 THE COURT: No, Your Honor.

13 THE COURT: Are both sides -- can I
14 excuse Mr. Reed now?

15 MS. KICE: Yes.

16 MS. CLOWERS: Yes.

17 THE COURT: Thank you very much for your
18 testimony, Mr. Reed. And you're excused.

19 THE WITNESS: Thank you.

20 THE COURT: We'll call Ms. Radosta.

21 (Whereupon, Violet Radosta was duly sworn
22 to tell the truth, the whole truth and
23 nothing but the truth.)

24 THE CLERK: Please be seated and state
25 your full name for the record, please.

JO ANN MELENDEZ - (702) 283-2151

1 Q. Okay. Have you ever had any discipline
2 issues?

3 A. No.

4 Q. How long have you been at the Public
5 Defenders Office?

6 A. Since December '98.

7 Q. And what did you do prior to the public
8 defenders office?

9 A. I worked at the Las Vegas city attorneys
10 office as a deputy city attorney.

11 Q. And in your role at the city attorney's
12 office, were you in the civil or criminal division?

13 A. Criminal.

14 Q. Okay. So how long have you been
15 practicing criminal law?

16 A. Since October 1995 if you count the years
17 I prosecuted.

18 Q. Okay. How many trials have you done?

19 A. Uhm.

20 Q. Ballpark.

21 A. Ballpark, including nonjury trials, I
22 would --

23 Q. Let's stick with felony jury trials.

24 A. Felony jury trials, I would have to say
25 30 or 40.

JO ANN MELENDEZ - (702) 283-2151

1 THE WITNESS: Violet Radosta.

2 R-a-d-o-s-t-a.

3 DIRECT EXAMINATION

4 BY MS. KICE:

5 Q. Ms. Radosta, how long have you been an
6 attorney?

7 A. How long have I been an attorney in
8 Nevada or total?

9 Q. How long have you been an attorney total.

10 A. Since 1990. I'm sorry. Since 1994.

11 Q. Okay. And based upon that, how many
12 jurisdictions are you licensed in?

13 A. Two.

14 Q. And where's the other jurisdiction?

15 A. California.

16 Q. And when you became licensed in
17 California in 1994, was that the first time you took
18 the bar exam?

19 A. Yes.

20 Q. And you became licensed in Nevada in what
21 year?

22 A. 1995.

23 Q. Did you take the Nevada exam more than
24 once?

25 A. No.

JO ANN MELENDEZ - (702) 283-2151

1 Q. Okay. How many of those have you won?

2 A. I really don't keep track like that. I'd
3 say maybe 10, 12.

4 Q. How many of the felony jury trials have
5 you done included --

6 A. And by won -- I'm sorry. By won do you
7 mean --

8 Q. Not guilty.

9 A. Across the board not guilty so I
10 understand?

11 Q. How many of them have dealt with issues
12 involving DNA identification?

13 A. Of all of the, the jury trials?

14 Q. Yes.

15 A. I don't know. Maybe eight or 10.

16 Q. Okay. When did you first come into Mr.
17 Henderson's case? Not necessarily time wise but
18 procedurally.

19 A. I would say I had the case at least a --
20 I'm gonna -- I have to guess. I would say at least
21 a year before he went to trial I was assigned to the
22 case.

23 Q. Okay. And in that year time frame, what
24 were your primary responsibilities on the case?

25 A. I was the, I was the person that was

JO ANN MELENDEZ - (702) 283-2151

1 assigned to the case.

2 Q. Okay.

3 A. It was primarily, I was the only person
4 assigned to the case until I brought Mr. Reed in
5 however many months before trial was scheduled to
6 go.

7 Q. And how -- why did you bring Mr. Reed in?

8 A. For any number of different reasons.
9 Generally speaking, in the public defenders office
10 we're encouraged to do trials in pairs. So number
11 one, I needed a second chair; number two, I felt
12 that given the nature of the charges that it would
13 be helpful to have a male attorney as opposed to
14 another female attorney on the case.

15 And I had done others trials with
16 Norm and so I felt that that would be -- we already
17 had a good working relationship so.

18 Q. Okay.

19 A. Asked him if he was free during the,
20 whenever the trial was scheduled and he had the time
21 available.

22 Q. Okay. And he testified -- what were his
23 primary responsibilities?

24 A. Primarily I brought him in because I knew
25 he had been dealing with DNA on a couple of murder

JO ANN MELENDEZ - (702) 283-2151

1 always got so many different investigators in the
2 office. I'm trying to remember back to when I was
3 on that team who my investigator was. It might have
4 been -- sorry. I'm drawing a blank on his name.

5 Q. Okay.

6 A. Sorry.

7 Q. But are you confident that you had an
8 investigator in this case?

9 A. I don't recall if I had the investigator
10 do -- I myself had any investigation done in this
11 case.

12 Prior to myself being assigned to
13 the case, other public defenders in the office had
14 been assigned to the case because I know they had
15 some investigation done on the case.

16 Q. Such as?

17 A. There was some oddness to the facts of
18 the case having to do with the circumstances
19 surrounding how the individuals came into the house
20 and things that were said when they are were inside
21 the house that led I think all the defense attorneys
22 involved to think that there was something not told
23 to the police in this case.

24 The public defenders prior to me I
25 know explored that more than I did with their

JO ANN MELENDEZ - (702) 283-2151

1 cases that were well-known within the office. So I
2 brought him in to help me with the DNA on this
3 particular case because this particular case in my
4 opinion, it all came down to the DNA.

5 Q. Okay. In the time that you the case with
6 Mr. Henderson, did he maintain his innocence?

7 A. Yes.

8 Q. Okay. Fully and completely?

9 A. That's a difficult -- there were
10 conversations that we had that -- there were
11 conversations that we had that he changed his
12 version of, of his defense to us.

13 So certain parts of the case he, he
14 told -- he gave us two different defenses at one
15 point in time.

16 Q. Were they the same version of I wasn't
17 there or?

18 A. No.

19 Q. Okay. Who was the investigator that you
20 hired on this case? I mean, who's the investigator
21 from your office on this case?

22 A. I don't recall.

23 Q. Okay.

24 A. I honestly don't recall. At this point
25 in time we were -- sorry. I don't recall. We

JO ANN MELENDEZ - (702) 283-2151

1 investigators.

2 Q. And that involved the, the victims -- one
3 of the victims didn't want to go to the hospital; is
4 that --

5 A. Yes. And also comments that were made
6 such as to the alleged -- from what I recall,
7 comments that were made to the alleged male victim
8 and male victim in this particular case of do you
9 want to know who sent us, do you want to know why
10 we're here, do you want to know what this is about
11 which caused us to believe that there was some
12 connection between the individuals that came into
13 the house and the people that were inside the house
14 or potentially mistaken identity of the victims that
15 were inside the house, if the people that came in
16 thought they were people that weren't.

17 But those parts of the case were
18 investigated prior to the case being assigned to me
19 by other public defenders that weren't in the
20 office.

21 Q. Okay. And in the file that I received
22 from you, there were a lot of information about the
23 male victim's partner in his dental office.

24 Do you recall what that was about?

25 A. No. That was stuff that I did not look

JO ANN MELENDEZ - (702) 283-2151

1 into.

2 Q. Okay. So you knew that based on the fact
3 that there were potential co-defendant's in the
4 case?

5 A. Yes.

6 Q. Did you eventually become aware of the
7 fact that another individual had been arrested?

8 A. I knew that there was -- the fact, as I
9 recall them, is there were three individuals that
10 came into the house. The first individual who came
11 into the house did not wear a mask. That individual
12 was eventually arrested. The other individual who
13 was wearing a mask as far as I knew was never
14 arrested.

15 Q. Okay. Did you know the individual
16 without the mask?

17 A. Uh-huh.

18 Q. Did you know that he was arrested?

19 A. Yes.

20 Q. Okay. Do you recall his name? It's Abud
21 Chaziza or Chaziza or something like that.

22 A. Now that you say that, that sounds
23 vaguely familiar. I knew he had been arrested, I
24 knew the State was proceeding against him
25 separately, obviously in a separate trial than our

JO ANN MELENDEZ - (702) 283-2151

1 Q. But you knew from Ms. Rudin's
2 conversations that there were -- there were some
3 problems with the DNA?

4 A. We were able to cross-examine on the DNA,
5 yes.

6 Q. Okay. And even though you knew you would
7 be able to cross-examine on the DNA, and if you were
8 able to punch enough holes in that, if you had had
9 information from a co-defendant that said Mr.
10 Henderson wasn't there, you chose not to pursue that
11 avenue?

12 A. I -- we did not interview the
13 co-defendant, no.

14 Q. Okay. Mr. Reed said that his main
15 responsibility was to attack -- examine, interpret
16 and attack the DNA.

17 Is that your recollection of how the
18 work load was divided?

19 A. When I brought him in at whatever point
20 in the case, yeah. I mean, I, yeah, had decided
21 that he had more experience with DNA than I did so I
22 asked him to take that portion of the case.

23 When I first brought him into the
24 case, it was our belief that we were also going to
25 be creating more of a defense involving the actual

JO ANN MELENDEZ - (702) 283-2151

1 case.

2 And I remember discussing it briefly
3 with Ms. Collins about the fact that he had also
4 been charged with sexual assault. And we were just
5 discussing more in the abstract that concept that
6 somebody was charged with sexual assault who
7 hadn't -- it wasn't alleged that they had
8 participated in any way, shape or form in a sexual
9 assault. So we were more discussing, like I said,
10 the abstract.

11 Q. Okay. Once you were aware of the
12 co-defendant's arrest, did you pursue any
13 investigation or conversation with him?

14 A. No.

15 Q. Okay. Even though Mr. Henderson said he
16 wasn't there?

17 A. Yes. I felt that the, the -- since the
18 DNA seemed to be the piece of evidence that was
19 putting him at the scene, that that wasn't the most
20 important thing for us to deal with, regardless of
21 what anybody else may have said.

22 If the, if the witnesses testify
23 that his DNA was at the scene, no matter what we
24 presented to the jury, if we weren't able to poke a
25 hole in the DNA, it wasn't going to do any good.

JO ANN MELENDEZ - (702) 283-2151

1 alleged crimes and going after the alleged victims
2 more.

3 And as we got deeper into the case,
4 we decided that that was not going to be a winning
5 strategy so it became much more about the DNA.

6 Q. But going into it, you, you felt that
7 there was a defensible strategy -- you could defense
8 the case on the DNA with the cross-examination.

9 Was that your recollection of the --

10 A. I felt that that was the only defense
11 that we could put on that could -- that -- I felt
12 that was the only defense we could put on that would
13 convince a jury that he did not commit the crime.

14 Q. Okay. Because in fact that's the only
15 thing that tied him --

16 A. Right.

17 Q. -- to the crime scene?

18 A. Absolutely. And the -- if I remember
19 correctly, and I'm talking off the top of my head
20 here, but I believe the DNA was a perfect match. So
21 I mean, but I could be wrong. I could be crossing
22 my cases.

23 So I mean in the end if the, if the
24 jury heard that, like I said, any, any -- anything
25 else we put forward, if it was just gonna be -- the

JO ANN MELENDEZ - (702) 283-2151

1 State would be able to stand up in closing and say
2 yes, but his DNA's there, but his DNA's there.

3 Q. Were you aware that Mr. Henderson had
4 prior felony convictions?

5 A. Yes.

6 Q. Okay. Do you recall what they were for?

7 A. No.

8 Q. Do you recall if any of them were for
9 sexual crimes?

10 A. I'm pretty sure that they were not.

11 Q. Okay.

12 A. Actually if I, I want to say they were
13 drug related but -- or even nonviolent.

14 Q. Okay. But you don't recall any drug or
15 sex convictions?

16 A. No, no, no. Because the conversations
17 about, about potential penalties would have been
18 completely different if he had priors for sex.

19 Q. And is it in your training and experience
20 was defendant's since you are on -- you're on the
21 special victims team now at the --

22 A. Yes.

23 Q. -- at the PD's office?

24 A. I wasn't at the time that I tried this
25 case, but yes, now I am.

JO ANN MELENDEZ - (702) 283-2151

1 and we were like well, is this near your birthday,
2 is this near anybody you know, anything, any point
3 of reference where we could use it as a jumping off
4 point as to where were you. And we weren't able to
5 come up with any specificity as to where he was on
6 that particular date.

7 Q. Did you ask if he had a cell phone?

8 A. No. Not that I recall.

9 Q. Okay. At what point in time in your
10 experience were they able to use the cell phone
11 pinging to locate people?

12 A. I have no idea.

13 Q. Okay. I'm sorry. I --

14 A. I, I've never used that technology now.

15 Q. Okay.

16 A. So.

17 Q. So when it came to the DNA, you -- that
18 was Mr. Reed's primary area on this; is that
19 correct?

20 A. Yes.

21 Q. Okay. What involvement did you have with
22 the DNA since Mr. Reed came in --

23 A. Well, I --

24 Q. -- later into the picture?

25 A. I actually had the case for at least

JO ANN MELENDEZ - (702) 283-2151

1 Q. Is it unusual for someone to start off
2 with a sexual assault when they're in their 30s?

3 A. I couldn't even begin to talk about that.
4 They're all over the place. I mean, I have some
5 clients in their 60s that have never been arrested
6 previously and other people who are 18 when they're
7 arrested.

8 Q. Okay.

9 A. It's all over the place.

10 Q. Okay. So do you -- since Mr. Henderson
11 maintained that he wasn't there, do you, do you
12 recall what investigative efforts were done to
13 establish what his alibi was for the night of the
14 crime?

15 A. That's where it always is problematic. I
16 don't recall how far after the alleged incident he
17 was arrested, but it was several months. Four or
18 five, six months after the alleged incident.

19 I'm sure you can relate that when
20 you go and you say to any client where were you on
21 such and such a day, it's almost, it's almost
22 impossible to say oh, I'm at Tuesday night, six
23 months ago I was here.

24 And that's what I recall happening
25 in this particular case. He, you know, we went back

JO ANN MELENDEZ - (702) 283-2151

1 several months prior to Mr. Reed getting -- me
2 asking Mr. Reed to second chair the case with me.

3 I had already hired Norah Rudin
4 prior to Mr. Reed getting involved in the case. I'd
5 had several conversations with her about the DNA
6 prior to him getting involved in the case.

7 But then as I said, as we were
8 getting closer and closer to trial and it was
9 becoming obvious for whatever reasons, I can't
10 remember if we weren't getting an offer or if Mr.
11 Henderson had made it clear that he wasn't
12 interested in any offers, I'm not really sure which
13 way that went, but it was becoming more and more
14 obvious that we were going to trial in this case
15 that I felt Mr. Reed would be helpful in any number
16 of capacities. One of them being the DNA.

17 And then he also had another case
18 that was coming up for trial right around that time
19 where he had a different DNA expert that we also
20 just ran this information by that person as well and
21 they agreed.

22 Q. When you say "ran this information by,"
23 what exactly did that encompass?

24 A. The expert was in Mr. Reed's office
25 pretrialing on another case and we said -- we were

JO ANN MELENDEZ - (702) 283-2151

1 just going over the direct, the, the direction of
2 our cross with this other DNA expert kind of as a
3 troubleshooting.

4 Q. Okay.

5 A. Yeah, exercise, you know, just make sure
6 that what would, what would your response to this
7 question be, you know, that type of a scenario.

8 To be honest though, I can't
9 remember the name of that expert.

10 Q. And that expert agreed with the
11 cross-examination questions that you had?

12 A. Essentially, yeah.

13 Q. Okay.

14 A. Yes.

15 Q. At some point in time, you filed, Mr.
16 Reed said that you filed a motion to retest DNA.

17 Do you recall doing that?

18 A. I recall we filed the motion to retest
19 the DNA. I don't recall if I did it or if he did
20 it, but one of us did it.

21 Q. And do you know why that there was no
22 retesting done?

23 A. There was no sample left.

24 Q. Okay.

25 A. That's what I recall. We found out that
JO ANN MELENDEZ - (702) 283-2151

1 there was no sample left for whatever reason. And I
2 don't remember the specifics as to why they had used
3 all of the sample, but the sample had been used in
4 its entirety so we couldn't do a retest.

5 And then I think we also filed --
6 when we found that out, then we filed a motion to
7 prevent the testimony from being --

8 THE COURT: Wait. And then you did
9 another motion what?

10 THE WITNESS: I think just basically on
11 lost or destroyed evidence, along that vein that
12 since we weren't able to retest, it caused a problem
13 with the defense.

14 And so we moved to preclude the
15 testimony of the DNA in its entirety if I remember
16 correctly, and Judge Mosley denied that motion.

17 BY MS. KICE:

18 Q. And Judge Mosley denied that motion?

19 A. If I'm remembering correctly, yes.

20 Q. But as you testify today, it's your
21 understanding that all of the samples taken from the
22 crime scene, forensic crime scene -- forensic
23 samples taken from the crime scene have been
24 consumed in their entirety?

25 A. Yes. Which I know the crime lab tries to
JO ANN MELENDEZ - (702) 283-2151

1 avoid doing. So I'm not -- I don't remember if they
2 gave us a reason why. It was entirely used because
3 they, they try not to do that for this exact reason
4 so that if the defense wants to retest, we can.

5 Q. Okay. And had that motion been granted,
6 what would your strategy have been at that point in
7 time?

8 A. Which motion?

9 Q. The motion to retest the DNA.

10 THE COURT: Let me get this straight.

11 Did Judge Mosley actually do that before we're going
12 down this road? Because that's opposite of what
13 Norm Reed just said.

14 MS. KICE: I'm trying to find it, Your
15 Honor.

16 THE COURT: So before we go into if and
17 da-da-da, did Judge Mosley deny a motion? She's
18 saying she remembers it, but that's, you know.

19 THE WITNESS: Well, he couldn't order
20 retesting.

21 MS. KICE: If you can give me just a
22 second, I can pull it.

23 THE COURT: I don't know. I mean,
24 unfortunately we're paperless now. I only have a B
25 file. So I don't know if it's in the A file or I
JO ANN MELENDEZ - (702) 283-2151

1 don't know.

2 MS. CLOWERS: Can I read to you from the
3 Nevada supreme court decision in the case that tells
4 us what happened.

5 THE COURT: Can I see that?

6 MS. CLOWERS: Of course.

7 THE COURT: I'm sure I read it prior to
8 this and I know I did, but this has been set so many
9 times.

10 MS. CLOWERS: It's the second paragraph
11 on the first page where he denied the motion to
12 dismiss.

13 THE COURT: Okay. It says here, and I
14 don't know, I'm not sure, it says that Henderson
15 claims that the district court erred by denying his
16 motion to dismiss the information and alternative
17 motion to preclude the State's DNA evidence based on
18 the State's alleged consumption of all the available
19 DNA material because Henderson's claim that the
20 State did not preserve DNA material from each sample
21 for defense retesting is belied by the record. We
22 conclude that the district court did not abuse its
23 discretion.

24 That makes it sound like there's a
25 sample out there.

JO ANN MELENDEZ - (702) 283-2151

1 MS. KICE: Okay.

2 THE COURT: So I don't want this record
3 to be filled with facts that are just not what
4 happened at trial.

5 MS. KICE: I'm not trying --

6 THE COURT: And I don't know, I wasn't
7 the trial judge. For me, you know, we're paperless.
8 For me to click on -- I mean, it's incredible. If I
9 can just look at the minutes, I could figure it out,
10 but I have to literally click on. I have no idea
11 what happened because each page only has like 10
12 events. So for me to go back to 2006 is like a 20
13 minute ordeal. So maybe --

14 MS. KICE: I understand, Your Honor. I
15 wasn't trying to lay the water. We just got two
16 different answers. That's why I was asking for
17 clarity.

18 THE COURT: You need to go back then.
19 Because she just said that there was no DNA left and
20 that's why she made the -- she made the argument.
21 That's not what, that's not what Mr. Reed said. So
22 you need to go back and clarify this record.

23 MS. KICE: Okay.

24 BY MS. KICE:

25 Q. Would it be -- now that you've heard this
JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: Sure.

2 BY MS. KICE:

3 Q. At the minutes from a hearing on June
4 17th, 2008, you could read right there.

5 THE COURT: June what?

6 MS. KICE: 17th, 2008, Your Honor.

7 THE WITNESS: Right. And I mean, I'm not
8 sure what Mr. Reed testified to, but I'm reading
9 this again. And what it's saying to me is that we
10 didn't have the ability to retest.

11 BY MS. KICE:

12 Q. Okay. And that's because you couldn't
13 retest extractions?

14 A. That's -- yeah, that there wasn't enough
15 there to retest.

16 Q. Okay.

17 A. That's my understanding that we did not
18 have the option to retest.

19 Q. Okay.

20 A. And I mean, that's my recollection.

21 Q. Okay. And, Your Honor, I've shown this
22 to Ms. Clowers, I'll show it to Your Honor.

23 THE COURT: Sure.

24 MS. KICE: I ask to please excuse the
25 writing on the --

JO ANN MELENDEZ - (702) 283-2151

1 information, is it possible that there are still
2 extractions or samples that are left to test?

3 A. I, I -- my, my recollection is that
4 there, there was nothing left for us to retest.

5 The only reason why we would not
6 have, had there been a sample to retest, the only
7 reason why we would not have retested, there's,
8 there's two reasons. One, there's no sample to
9 retest; or two, because our expert tells us you
10 don't want to retest it, that's not gonna help you
11 at all. Those are the only times we don't retest if
12 there's a sample.

13 If our ex -- if there's a sample
14 there and our expert says go retest it, we go retest
15 it. We, we file a motion on the court and ask to
16 have it retested.

17 Q. Okay. Can I approach, Your Honor?

18 THE COURT: Sure.

19 MS. KICE: I think that this will clear
20 up the record.

21 THE COURT: Sure. Because I'm not clear.
22 I want to see what his order said. What did Judge
23 Mosley say at that time?

24 MS. KICE: Your Honor, I'm gonna show Ms.
25 Radosta.

JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: Sure. Can you believe this?
2 I am still trying to -- it's just trying to go into
3 other minutes. It's unbelievable. Hold on. This
4 is useless, Odyssey, seriously. Hold on.

5 MS. CLOWERS: Your Honor, I would like to
6 give you --

7 THE COURT: I'm trying to get the order.
8 I mean, I'm reading something. Let me read this for
9 a second because I'm trying to figure out the
10 chronology of what happened based on -- and let me
11 ask you this: Do you have an order on the denial of
12 the July 17th, '08 transcript that you're making
13 this motion on?

14 Because what I see is that the trial
15 actually begins on July 20 -- or excuse me. June
16 23rd of '08. This motion was brought, it looks
17 like, on the eve perhaps calendar call on June 17th,
18 of '08 to protest.

19 So I was wondering if there was a
20 formal order denying. No? Okay.

21 MS. CLOWERS: I looked through my file,
22 Your Honor. I don't see it. I do have the State's
23 opposition which is a one page, it will tell you,
24 because there was the three samples of DNA that
25 matched to Mr. Henderson and --

JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: Right.

2 MS. CLOWERS: It tells you what was
3 available for each --

4 THE COURT: I'll look at it. Let me just
5 keep reading.

6 MS. CLOWERS: Can I approach?

7 THE COURT: Because what -- I mean, how
8 it's proceeded, since I'm a blank slate up here,
9 it's disjointed. And so if the supreme -- if it's
10 disjointed to me, it'd be disjointed, this record,
11 to the supreme court.

12 So I want it to be clear of the
13 chronology of what actually happened on the
14 retesting since that's his issue.

15 But let me continue to read this, so
16 I get a good chronology. Okay. So let me see.

17 Well, correct me if I'm wrong, Ms.
18 Kice, I've now looked at the testimony and the
19 defense was ready for trial. And what we're talking
20 about on June 17th, there was an issue of retesting.
21 The State's opposition says that there's clearly
22 enough to retest.

23 Now, I know that it's been five more
24 years that Ms. Radosta comes up here cold to start
25 testifying, but it appears here, and now the Nevada

JO ANN MELENDEZ - (702) 283-2151

1 supreme court, that everything I'm seeing, there was
2 enough to retest and that on the eve of trial, you
3 know, originally they wanted to retest it, then we
4 withdrew it, on the eve of trial Mr. Reed brings it
5 up about retesting, and then at the end of the day
6 it appears that Judge Mosley found that there was
7 enough to retest and denied any motion as far as to
8 dismiss for destruction of evidence. And Mr. Norm
9 Reed then said hey, we're ready for trial.

10 I mean, that's how I read it.

11 MS. KICE: Okay.

12 THE COURT: Okay. So the problem is the
13 impression that Ms. Radosta says I don't remember
14 that because apparently they didn't think that there
15 was enough.

16 MS. KICE: Okay.

17 THE COURT: At least at one point.

18 MS. KICE: Correct.

19 THE COURT: But at some point they decide
20 to go forward and --

21 MS. KICE: Without retesting.

22 THE COURT: Without retesting and it
23 appears that the State said that there was enough to
24 retest and the Court found that there was enough to
25 retest.

JO ANN MELENDEZ - (702) 283-2151

1 MS. KICE: Correct. And so my question
2 continued to be why didn't they have the material
3 retested.

4 THE COURT: Well, then that's really a
5 misstatement of the record because it does appear
6 that there was enough to retest it.

7 MS. KICE: Okay. I'll get back. I was
8 just gonna get my paper.

9 THE COURT: Maybe you need Ms. Radosta to
10 relook at this. It -- I mean, the problem is she
11 says she doesn't remember. She believes that there
12 was enough to retest but they made a motion to
13 dismiss.

14 MS. KICE: Right. And Mr. Reed --

15 THE COURT: So then you continue on with
16 the record of Judge Mosley denied it. Everything is
17 belied by the record of what just -- of what just
18 went on here.

19 MS. KICE: Okay.

20 THE COURT: So I don't want this record
21 to be wrong.

22 MS. KICE: Okay. I don't want it to be
23 wrong either.

24 THE COURT: So sometimes attorneys have
25 a -- they don't have a good memory of what happened

JO ANN MELENDEZ - (702) 283-2151

1 because she's partially right, she did make a
2 motion, she's partially right, Mosley did deny it,
3 but she's incorrect because it appears that there
4 was enough to retest and that they just said ready
5 for trial.

6 That's what I'm reading. And
7 correct me if I'm wrong, either side.

8 MS. KICE: I'm not gonna correct Your
9 Honor.

10 THE COURT: Is that correct?

11 MS. KICE: I believe that is correct.

12 THE COURT: Is that correct?

13 MS. CLOWERS: Yes, Your Honor.

14 THE COURT: Is this what the Nevada
15 supreme court says?

16 MS. KICE: Yes, Your Honor.

17 THE COURT: Then let's go with that.

18 Let's go with okay, even if there was enough to
19 retest, which clearly now it shows that there was
20 enough to retest, why didn't you retest. Let's go
21 that route. Because I don't want to go through a
22 route that isn't what happened.

23 MS. KICE: Okay. I don't --

24 THE COURT: Does that make sense?

25 MS. KICE: Absolutely. I don't know that

JO ANN MELENDEZ - (702) 283-2151

1 that's what I was attempting to do.

2 THE COURT: Well, that's what I got. And
3 I mean, this thing is dead by the way, JoAnn, up
4 here. So we need to have the computer rebooted.

5 THE COURT REPORTER: Okay.

6 THE COURT: Well, I don't know how to do
7 it with the battery and whatever, but I'm not
8 following with you at all.

9 But what I heard was completely the
10 wrong line of questioning based on what really
11 happened. So I just want the record to be clear.
12 Because whoever reads this again, no matter what way
13 I go on this case, it's going to the supreme's,
14 they're gonna read a transcript, and I don't want
15 what really happened to be wrong.

16 MS. KICE: And neither do I, Your Honor.

17 THE COURT: Okay. So --

18 MS. KICE: And I'll take Ms. Clowers'
19 order back to --

20 THE COURT: Let's just go with again,
21 there was enough to retest.

22 MS. KICE: Okay.

23 THE COURT: Why didn't she retest it
24 then, what was her reasoning for saying ready for
25 trial.

JO ANN MELENDEZ - (702) 283-2151

1 MS. KICE: Exactly.

2 THE COURT: And what I just heard Mr.
3 Reed testify to.

4 MS. KICE: Correct.

5 THE COURT: So I just want to make sure
6 we're all on the same page. Okay, go ahead.

7 THE WITNESS: From what I recall on this
8 particular case, there were two samples that came
9 back as a match to my client.

10 There was a sample on the breast and
11 then there was a vaginal swab both which came back
12 as a match. We were able to make a good
13 cross-examination out of the vaginal swab. The
14 breast swab on the other hand, there was no mixture,
15 it was just a match to Mr. Henderson.

16 Based on that breast swab and our
17 conversations with our experts, it was not in his
18 best interest to have the -- either swab retested.
19 Because even if the vaginal swab came back as not
20 him or issues with him, they were still able to rely
21 on the breast swab which was a 100 percent
22 non-mixture match to Mr. Henderson. That's what I
23 recall.

24 And so although he had maintained
25 his innocence the whole way through, sometimes we

JO ANN MELENDEZ - (702) 283-2151

1 MS. KICE: Okay.

2 THE COURT: Because that's what I just
3 read. Norm Reed said ready for trial.

4 MS. KICE: Okay. So she didn't give it
5 to me. She kept it.

6 THE COURT: Oh, I'm sorry.

7 MS. CLOWERS: Your Honor, may I --

8 BY MS. KICE:

9 Q. Why wasn't the material retested?

10 THE COURT: Oh, I'm sorry. Is this
11 yours?

12 MS. CLOWERS: Yeah. Do you still need
13 it?

14 THE COURT: No. I mean, we all agree
15 there was enough to retest. So I don't think I need
16 to read anymore.

17 MS. CLOWERS: Thank you, Your Honor.

18 THE WITNESS: From what I recall, there
19 were -- and if, if I'm misremembering the facts of
20 this case, please correct me.

21 THE COURT: And maybe I should just
22 clarify because if, if -- you know, if there's a big
23 difference between ineffective assistance of counsel
24 proceeding on a case in which they should have moved
25 to retest versus there is enough to retest.

JO ANN MELENDEZ - (702) 283-2151

1 have to protect to our clients from themselves. And
2 even if he had insisted on wanting to retest, to
3 retest it and then have our own expert then become a
4 witness for the State because we have to make the
5 motion to the court to have the retest done, they
6 know our witness is retesting it and then they're
7 gonna find out that it potentially comes back as a
8 match, that does not help Mr. Henderson's case at
9 shaw.

10 So we ultimately would have decided
11 that to just use the State's expert against them,
12 use the cross-examination as best we could.

13 BY MS. KICE:

14 Q. So that was your strategy?

15 A. Yes.

16 Q. And that's why the DNA that did exist,
17 whether in pull or extraction, was not retested?

18 A. Yeah. I mean, that's the best to my
19 memory. Because there were the two separate
20 matches, the breast sample, the breast swab and the
21 vaginal swab.

22 Q. Okay. I'm gonna have to look at my -- do
23 you recall when a plea offer was made on this case?

24 A. Last minute.

25 Q. Last minute. How last minute?

JO ANN MELENDEZ - (702) 283-2151

1 A. Very last minute. Like maybe the
2 afternoon before we were picking the jury or even
3 the morning we were picking the jury.

4 Q. Okay. Do you recall the specifics of
5 that plea agreement?

6 A. What I recall about the specific offer is
7 it was 15 to life. 15 years to life were the
8 numbers. I don't recall the charge that was offered
9 off the top of my head. I don't know how we would
10 have gotten to 15. It might have been a sexual.
11 I'm guessing it was a sexual assault offered and
12 some other felony consecutive.

13 And I remember Ms. Collins making a
14 comment to either myself or Mr. Reed the day or two
15 before we were starting trial that Mr. Henderson had
16 made it obvious that he wasn't interested in a
17 negotiation.

18 And we asked her where in the world
19 did she get that idea from because we had never said
20 that to her. I mean, we'd never really discussed
21 offers with him because there hadn't -- one was
22 never really made. We were just continually running
23 into a brick wall with Ms. Collins on offers.

24 And then she finally made that
25 comment, well, he said he didn't want an offer. And

JO ANN MELENDEZ - (702) 283-2151

1 was gonna be quickly made.

2 I don't recall Judge Mosley really
3 breathing down our necks in terms of, you know, come
4 on, come on, come on, we have a jury waiting. I
5 don't recall that. But he wasn't gonna give us all
6 afternoon either.

7 Q. Do you recall, do you recall asking him
8 for more time, Judge Mosley?

9 A. No. Well, I honestly don't recall. I
10 don't recall Mr. Henderson being overly interested
11 in the offer, but at the same time had I had -- had
12 the offer come through two weeks, three weeks
13 earlier, you never know.

14 If you're able to have more than one
15 conversation with a client about an offer, really
16 able to explain the potential benefits, what could
17 happen at trial in contrast to this offer, sometimes
18 they change their mind.

19 When you're talking 15 years to
20 life, very few clients are gonna go yeah, I'll take
21 that in the first time you offer it to them.

22 So I may, I may have asked Judge
23 Mosely for more time, but I may not have just
24 because Judge Mosley was my -- that was my track, I
25 knew how Judge Mosley operated, we had announced

JO ANN MELENDEZ - (702) 283-2151

1 I said, I don't -- you know, I don't know where you
2 got that idea. She said it may have come back as
3 far as like maybe preliminary hearing time, like
4 maybe one of the other public defenders may have
5 made that comment to her. I know I never made that
6 comment to her. He never made that comment -- Mr.
7 Henderson never made that, made that comment to me
8 that he was absolutely 100 percent, you know, shut
9 off to the idea of an offer.

10 I mean, that's -- generally
11 speaking, clients don't say things like that.
12 They're always willing to listen.

13 And so when she realized that, she
14 made us the offer, but it was the morning of that we
15 were discussing the offer with him in the back room
16 of the court -- or I mean, in the room off of the
17 courtroom, the holding cell off the courtroom.
18 That's where we were discussing the offer with him.

19 Q. Okay. And do you know how much time you
20 were able to spend with him on that?

21 A. We were able to spend I would say 45
22 minutes, maybe an hour with him. I mean, we
23 expressed -- we explained to Judge Mosley that this
24 offer had just come through, that it was substantial
25 time and that it wasn't a decision that, you know,

JO ANN MELENDEZ - (702) 283-2151

1 ready for trial.

2 And I, even if I had asked for it, I
3 highly doubt he would have given it to me, but I
4 don't recall if I made a specific request or not.

5 Q. Okay. Are you familiar with Missouri
6 versus Fry and Lafler versus Cooper?

7 A. Not off, not off the top of my -- I mean,
8 yes, I know, I know the cases, but I couldn't quote
9 their holdings.

10 Q. Okay. Well, it deals with effective
11 (sic) assistance of counsel as it relates to the
12 plea agreements. Both of them.

13 A. Uh-huh.

14 Q. Given the time that you --

15 MS. CLOWERS: Judge, if I can just
16 interrupt just quickly and just make an objection.
17 I read through the petition. And maybe I missed the
18 portion where they brought up any of the issues
19 regarding an offer of ineffective assistance
20 regarding the offer.

21 And the reason I'm bringing it up is
22 because as you know, I wasn't trial counsel in this
23 particular case. Ms. Radosta was not the first
24 public defender. There were I think four or five
25 public defenders as well as Mr. Ruggioli. I would

JO ANN MELENDEZ - (702) 283-2151

1 not be prepared to cross-examine Ms. Radosta on this
2 issue. I don't -- Mr. Turner can't be here because
3 he's in a capital trial down the hall.

4 And so without either trial counsel
5 or more preparation, or the fact that it's just
6 never brought up in the petition, it's just not
7 appropriate for this time, judge.

8 THE COURT: I'm gonna overrule it.
9 Here's the deal on this revenue case: This
10 petition's been hanging out there for probably two
11 years, so I don't think it affects anything because
12 at the end of the day, he, he refused it.

13 And that, the case that she's
14 alluding to, my recollection from Justice Kennedy
15 speaking with us, is that basically, you know, these
16 are attorneys that never conveyed an offer, never
17 conveyed an offer to a client. And had they had the
18 offer conveyed, which was substantially a lot less
19 time, they may have taken it. So they become
20 ineffective because they never conveyed an offer.
21 So here an offer was conveyed and an offer was
22 refused and then the trial occurred.

23 So I'll allow you to continue to
24 explore it only because this petition is so old, but
25 I don't think that's what that case holds. And in

JO ANN MELENDEZ - (702) 283-2151

1 fact, we see much more on post-conviction relief on
2 rush, rush. I hear hundreds of oh, he rushed me
3 into the deal, oh, it was a knowingly,
4 voluntarily -- it's a damned if you do, damned if
5 you don't for the defense attorneys. What's enough
6 time? I don't know.

7 You know, and I don't think the
8 supreme court's gonna tell us based on this, but you
9 know, at the end of the day, I'm hearing offer, I'm
10 hearing refused and I hear trial.

11 So I'm not so sure that that's an
12 issue for this, but I'll allow you to continue to
13 make a record.

14 MS. KICE: Thank you, Your Honor.

15 MS. CLOWERS: Thanks, judge.

16 BY MS. KICE:

17 Q. When you were discussing the offer with
18 Mr. Henderson, did you explain to him that he was
19 facing multiple, potentially multiple life
20 sentences?

21 A. Absolutely.

22 Q. That could be run consecutively with one
23 another?

24 A. Absolutely. We made it very clear that
25 Judge Mosley is not a judge you want to go in trial

JO ANN MELENDEZ - (702) 283-2151

1 in front of on a case like this, not when there's
2 DNA evidence that while we felt -- and we made it
3 very clear to Mr. Henderson that we could make a lot
4 of noise about the DNA evidence. But if the
5 prosecutor saw through our noise on the vaginal swab
6 and was able to point to the breast swab, there was
7 no getting around a potential conviction on this
8 case.

9 We felt that we made that clear to
10 him. And we made that clear to him when this 15 to
11 life offer came through the morning of, of jury
12 selection. I mean, we advised him to take it and we
13 absolutely acknowledged that it was still a lot of
14 time, but I didn't see it ending up any differently
15 than that if we went to trial.

16 MS. KICE: Okay. I don't have any
17 further questions, Your Honor.

18 THE COURT: And just for the record, he
19 refused to take that offer; is that correct?

20 THE WITNESS: Yes.

21 THE COURT: And he wanted to go to trial
22 even after despite the fact that you gave him the
23 offer?

24 THE WITNESS: Yes.

25 THE COURT: All right. Cross.

JO ANN MELENDEZ - (702) 283-2151

CROSS-EXAMINATION

2 BY MS. CLOWERS:

3 Q. Did he know about how much time he was
4 facing from at least when you got on the case?

5 A. Absolutely, yes. I mean, I have that
6 conversation with all my client multiple times. I
7 usually tell them you're gonna get sick and tired of
8 me telling you the potential penalties because I
9 don't want to hear back from you, you didn't tell me
10 the offer -- or I mean, you didn't tell me the
11 potential penalties, particularly when you're
12 talking about sex assault cases and murder cases.

13 When life sentences are on the
14 table, I tell my clients probably almost every time
15 I visit them that they're facing those types of
16 sentences.

17 Q. Would you remember if Mr. Henderson asked
18 you if there was an offer?

19 A. He -- my guess would be he had asked
20 about offers which is why we started asking Ms.
21 Collins why she wasn't giving us an offer.

22 If I don't have any indication from
23 my client that he's in any way interested in an
24 offer in the few days prior to trial, I'm not gonna
25 waste my time trying to get an offer from the DA. I

JO ANN MELENDEZ - (702) 283-2151

1 have better ways to spend my time.

2 Q. And did you get that same impression from
3 the DA, that she felt he didn't want to negotiate
4 and that's why an offer hadn't been related?

5 A. That's what she eventually told us, but I
6 didn't know where she -- I remember being confused
7 by that response from Ms. Collins because --

8 Q. If --

9 THE COURT REPORTER: Wait, wait, wait.

10 THE WITNESS: Sorry. I had never told
11 her that he wasn't interested in an offer. She said
12 that was her impression, she didn't remember where
13 she got it from. We started asking if maybe it came
14 from one of the other public defenders.

15 And just to clarify the record, Mr.
16 Ruggieri was a public defender when he was on this
17 case. He was --

18 BY MS. CLOWERS:

19 Q. Okay.

20 A. He was with the PD's office. He was one
21 of the public defenders that was on the case.

22 Q. And to your knowledge, there were
23 multiple public defenders who had Mr. Henderson's
24 case?

25 A. The one that I recall, there was two.

JO ANN MELENDEZ - (702) 283-2151

1 Mr. Ruggieri was lead counsel at one point and Mr.
2 Avants was lead counsel at one point. Both of whom
3 were assigned to that track prior to me being
4 assigned to that track.

5 Q. And when you tried this case, it was in
6 June of 2008; is that correct?

7 A. Yes.

8 Q. And you'd been in office for about 10
9 years by that time?

10 A. Yes.

11 Q. And earlier you said you'd done maybe 10
12 to 12 cases that went to trial that had to deal with
13 DNA; is that right?

14 A. Yes.

15 Q. How many cases have you dealt with just
16 in general that have had DNA?

17 A. Actually not that many more than that.
18 There are -- the -- I don't do murder cases
19 generally speaking. So I don't, the only cases that
20 we really see DNA on are sex cases or murder cases
21 generally speaking.

22 So the cases that I had dealt with
23 were generally the sex cases which at that point
24 were, you know, in that ballpark; 8, 10, 12.

25 Q. Is that why you asked for Mr. Reed to

JO ANN MELENDEZ - (702) 283-2151

1 come on the case with you then?

2 A. Absolutely. I always feel like, like I
3 said earlier, two heads are better than one. And
4 what's the point of bringing somebody on a case like
5 this that doesn't understand DNA when the whole case
6 is about DNA.

7 Q. Fair to say that you were being extra
8 cautious?

9 A. Yes.

10 Q. And earlier you were asked about the
11 defendant maintaining his innocence and you
12 hesitated a bit. There were times during your
13 discussions with him with Mr. Reed present where he
14 doesn't deny being at that location; is that
15 correct?

16 A. There was one conversation that we had
17 where he gave us a different defense that helped, in
18 his opinion, explain why his DNA would have been
19 there.

20 Q. Okay.

21 THE COURT: And just for the record, Ms.
22 Radosta, he waived attorney/client privilege with
23 Mr. Reed so.

24 THE WITNESS: It just makes me un -- it
25 just makes me uncomfortable to --

JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: I understand.

2 THE WITNESS: You know.

3 THE COURT: He did waive it in open
4 court --

5 THE WITNESS: Okay.

6 THE COURT: -- with Mr. Reed.

7 THE WITNESS: Thank you.

8 BY MS. CLOWERS:

9 Q. I'm gonna move on a little bit. Do you
10 remember during this case that he also had an open
11 and gross lewdness case pending?

12 A. No. It wasn't assigned -- wait a minute.
13 It may, it may have been trailing behind this, but I
14 don't think it was in Judge Mosley's courtroom.

15 Q. No, that is correct, it wasn't in Judge
16 Mosley's courtroom.

17 A. So I, I think, now that you mention it,
18 it vaguely rings a bell, but it wasn't anything,
19 anything even close to similar to this.

20 If I recall, it was -- actually I
21 don't recall the facts, but I remember not being
22 overly concerned with it.

23 In the end if we would have been
24 able to get a not guilty verdict on this case, then
25 I would have become much more concerned with the

JO ANN MELENDEZ - (702) 283-2151

1 open and gross lewdness because it's a potential sex
2 offense.

3 Q. So this was much more important?

4 A. Absolutely, yes. I'm assuming that open
5 and gross lewdness was a gross misdemeanor?

6 Q. Yes.

7 A. But just the potential penalty alone.

8 Q. I want to talk to you a little bit about
9 the DNA evidence in this case. And you didn't have
10 your file to review before testifying today; is that
11 fair to say?

12 A. I review, reviewed it prior to other
13 dates that we had this set, but I did not review it
14 prior to today.

15 Q. I just want to direct your attention. Do
16 you remember there actually being three places where
17 his DNA was found?

18 A. I -- no, I remember the vaginal swab and
19 the breast swab.

20 Q. Well, and factually what the victim told
21 the police was that when the people entered in, the
22 suspect that's later determined to be Mr. Henderson,
23 licked her breasts downstairs; is that correct?

24 A. Yes.

25 Q. Okay. And then she's moved upstairs by
JO ANN MELENDEZ - (702) 283-2151

1 him where he then sexually assaults her vaginally;
2 is that correct?

3 A. Actually I recall that there were two
4 separate sexual assaults. One downstairs in the
5 living room and then a second sexual assault
6 upstairs in the master.

7 Q. And I apologize. And just to be clear,
8 what I was really indicating was the licking of the
9 breast took place downstairs; is that correct?

10 A. That's what I recall from, from the
11 victim's testimony, yes.

12 Q. And you remember, obviously from your
13 earlier testimony, that the DNA results on the
14 breast came back at identity presumed one in 600
15 billion that it was Mr. Henderson?

16 A. Yeah, it wasn't a mixture sentence unlike
17 the vaginal swab. And that's why we had such a hard
18 time defending against that, that particular part of
19 the case.

20 Q. Do you remember also that there was a
21 swab taken from the bed sheets upstairs that came
22 back as his identity being assumed on it as well?

23 A. No, I don't recall that.

24 MS. CLOWERS: May I approach, Your Honor?

25 THE COURT: Yes.

JO ANN MELENDEZ - (702) 283-2151

1 BY MS. CLOWERS:

2 Q. I'm gonna, if you don't mind, showing you
3 a Metro lab report dated July 25th of 2005, prepared
4 by Cathy Guenther.

5 And if you could just look in this
6 section here.

7 A. Uh-huh.

8 Q. And I'm referring to KMG 4.

9 A. Uh-huh. I honestly don't remember
10 discussing the bed sheet much with our expert. And
11 possibly that's because when you look at the
12 forensic laboratory, the breakdown sheet, it's not
13 really mentioned on there. The bed sheet is not
14 mentioned on this.

15 The vaginal swab from Ms. Kim as
16 well as from her breast are what we seem to focus on
17 more than the bed sheet.

18 Q. Those are the ones you felt were more
19 defensible?

20 A. Well, those were the ones that the lab,
21 that the DNA, the crime, Metro crime lab, sorry,
22 LVMPD crime lab seemed to focus in on, and it seemed
23 like they were going to be testifying more about
24 those than the bed sheet.

25 Q. Does it refresh your memory though that
JO ANN MELENDEZ - (702) 283-2151

1 there was his DNA found on that bed sheet which was
2 listed as KMG 4?

3 A. In looking at the report, yes.

4 Q. Just a couple quick questions. During
5 your investigation, did you ever find a link between
6 the victim and the defendant?

7 A. No, we did not find a link between the
8 victim and the defendant. He, he told us at one
9 point that there was a link between them, but he
10 told us that at the last moment when we weren't able
11 to investigate it.

12 And additionally, the way he
13 explained the link between them I didn't feel would
14 be helpful defense at trial.

15 Q. But it was investigated and at the end of
16 the day you didn't feel that it would help him?

17 A. He told us about the link between himself
18 and the victim the morning trial started. So it was
19 not investigated.

20 Q. I apologize. I apologize. I meant to
21 say you investigated it earlier.

22 A. That was the first we had heard about a
23 link between my client and Ms. Kim.

24 Q. Okay.

25 A. So.

JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: What did he say the link was?

2 THE WITNESS: He told us, when we had
3 explained, once again, this was the conversation
4 regarding the plea, he told us that he knew her,
5 that she had bought drugs from him, that he knew
6 that there was, through her money and other drugs in
7 the house, that the way she paid for her drugs was
8 to have sex with him. That's why his DNA was there.
9 He was having consensual sex with her in the house
10 that night, but that he was there with his friends
11 to rob the money and the drugs.

12 Our response back to him was the
13 defense you're presenting to us right now is a
14 defense of the sexual assault charge only, not a
15 defense of all of the other felony charges that
16 you're charged with. And we didn't feel it would be
17 a successful defense to defend on the sexual assault
18 charge.

19 BY MS. CLOWERS:

20 Q. Was --

21 A. In the manner that he had just told us.

22 Q. And was there any indication during the
23 pendency of this trial that that information was
24 true?

25 I realize you learned it at the end
JO ANN MELENDEZ - (702) 283-2151

1 of the day, but was there anything that verified
2 that information?

3 A. No, there was nothing that verified that
4 information except just the overall oddness of the
5 case. There was something, as I said earlier, there
6 was something about the case that was not fully
7 explained.

8 Q. You mean the connection between the
9 people?

10 A. Yes.

11 Q. Okay.

12 A. So other than just the oddness of that,
13 but beyond, there was, there was no evidence that
14 Miss -- that the victim had been using drugs or
15 anything like that, that we felt we could confirm
16 that.

17 THE COURT: Let me go back. Because are
18 you telling me he said that for the first time close
19 to trial that it was him and that it was consensual
20 sex?

21 THE WITNESS: Yes.

22 THE COURT: Okay.

23 THE WITNESS: That was -- yes.

24 THE COURT: So that would have had to
25 change your entire defense, that being against the

JO ANN MELENDEZ - (702) 283-2151

1 DNA?

2 THE WITNESS: Yes.

3 THE COURT: All right.

4 THE WITNESS: Because we explained to him
5 that the DNA was such a huge part of the case.

6 BY MS. CLOSERS:

7 Q. So it would have explained away the DNA?

8 A. It would have explained the DNA.

9 Q. And that was learned right after the
10 motion to dismiss was denied; is that correct?

11 A. No, I don't know if it was right after.

12 It was prior to trial starting. So the motion was
13 denied, on what, the 17th, and we started trial the
14 23rd.

15 Q. Yes.

16 A. I recall that information being given to
17 us by Mr. Henderson the day we gave him the offer.

18 Q. Okay. And do you remember -- well, would
19 it refresh your memory that he was arrested or that
20 at least a criminal complaint was placed out there
21 on March 23rd of 2005?

22 A. I believe, yeah, that the incident had
23 occurred four or five months prior to that and the,
24 the CODIS match came in some time in early 2005.

25 Q. Do you remember that it was March 2005
JO ANN MELENDEZ - (702) 283-2151

1 when the defendant was first held in CCDC in this
2 case?

3 A. That sounds about right.

4 Q. Okay. And so it was about,
5 mathematically I don't know if I'm gonna do this
6 right, three-and-a-half years from the time he was
7 arrested until he went to trial, or three, three
8 years and three months or so?

9 A. Yes.

10 Q. And that was the first time that
11 information was relayed?

12 A. To me.

13 Q. And so at the end of the day with this
14 case, you guys didn't hire a DNA expert but you
15 consulted one?

16 A. Yes.

17 Q. And you determined that strategically had
18 you tested that DNA it would have played against you
19 at trial, the State would have been able to use
20 that?

21 A. That, yes.

22 Q. Do you remember a PSI being done in this
23 case?

24 A. Yes.

25 Q. Okay. Do you remember there was a
JO ANN MELENDEZ - (702) 283-2151

1 supplemental PSI too as well?

2 A. No.

3 Q. Okay. May I approach the witness, Your
4 Honor?

5 THE COURT: Yes.

6 BY MS. CLOWERS:

7 Q. I'm gonna show you the presentence
8 investigation report and the supplemental
9 presentence investigation report if I may.

10 They're both for this same case, is
11 that correct, 212968?

12 A. Yes.

13 Q. And at the time of sentencing, did you
14 review the PSI with Mr. Henderson?

15 A. I don't have a specific recollection of
16 reviewing it with him. Generally speaking, my
17 policy now is to review the PSIs with my clients.

18 At that point in time the new
19 standards were just coming into practice more -- the
20 new -- the Nevada supreme court standards were just
21 coming into more use.

22 I don't recall specifically going
23 over this with him, but given the amount of time
24 that he was facing, I would be surprised if I handed
25 it to him in court and said let's go get

JO ANN MELENDEZ - (702) 283-2151

1 this case, since I tried this case. Inaccuracies in
2 PSIs we used to bring them up on the record all the
3 time.

4 Q. Now of course there's the Stockmeier
5 case --

6 A. Right.

7 Q. -- and it changed things?

8 A. Absolutely, yes.

9 Q. So previously it was more though we just
10 made a record of what the errors were?

11 A. Right.

12 Q. And had there been errors in this
13 particular case, looking at how much he was facing,
14 would you have brought this up to Judge Mosley?

15 A. If they were substantive, yes. And we're
16 talking about like five felonies that weren't his,
17 you know, things like that, yes, I would have
18 brought those up to the judge.

19 Q. But you don't have any independent
20 recollection of him bringing anything up to you that
21 was incorrect in those PSIs?

22 A. No.

23 Q. Okay. Do you recall why there was a
24 supplemental one issued?

25 A. No. And they're, they're prepared on the
JO ANN MELENDEZ - (702) 283-2151

1 sentenced --

2 Q. Okay.

3 A. -- that day. But Judge Mosley had a
4 policy that if you did not call him the day before
5 and tell him to not prepare a sentencing, if he
6 prepared it, you were probably going forward with
7 sentencing.

8 That said, on a case with this much
9 time, he might have -- even if I'd asked that
10 morning for a continuance, if I needed one, he might
11 have given me one given the amount of time Mr.
12 Henderson was looking at because Judge Mosley would
13 have wanted to make sure that there weren't any
14 potential issues on his part.

15 Q. Okay. But you have no independent
16 recollection of actually reviewing it with him?

17 A. No, I do not.

18 Q. Okay. If he had pointed out something to
19 you in that PSI that was incorrect and it was of
20 material value, would you have had it corrected or
21 bring that information up to the court?

22 A. I would have brought it up to the court.
23 It wasn't my policy at that time to have PSIs
24 corrected. It is now because once again, it's
25 become much more of an issue in the time that since

JO ANN MELENDEZ - (702) 283-2151

1 same date. So that seemed really odd.

2 MS. CLOWERS: May I approach and grab
3 those, Your Honor?

4 THE COURT: Yes.

5 MS. CLOWERS: I have no further
6 questions, Your Honor.

7 MS. KICE: And, Your Honor --

8 THE COURT: Is there a redirect?

9 MS. KICE: No. I need to make a
10 clarification for the record. In the writ that I
11 filed, there is an issue about the not being
12 affidavit of search warrant.

13 I've been so focused on the DNA I
14 forgot that there is actually an affidavit included
15 in the material I received after I drafted this. So
16 I withdraw that portion of the writ and I apologize.

17 THE COURT: All right. The record will
18 reflect that the defense is withdrawing the portion
19 of the writ in which they claim error on the part of
20 defense counsel for not getting the affidavit to the
21 buccal swab for the search warrant.

22 And since that time from the initial
23 filing there's been sometime throughout this process
24 that the case has been supplemented, continued, et
25 cetera, that Ms. Kice has in fact received the

JO ANN MELENDEZ - (702) 283-2151

1 affidavit.

2 MS. KICE: Yes. And I apologize.

3 THE COURT: So that part will be
4 withdrawn from this proceeding.

5 MS. KICE: And I apologize for the error.

6 THE COURT: That's fine.

7 MS. CLOWERS: Your Honor, if I may just
8 approach Ms. Radosta?

9 THE COURT: Sure. As an aside, I think
10 that's really a nonissue anyway because CODIS is
11 just giving the State PC anyway to take the blood.
12 And so inevitably they would have gotten a blood
13 with or without that affidavit, wherever it was.

14 MS. KICE: Certainly, Your Honor, but I
15 don't want there to be a misrepresentation on my
16 part.

17 THE COURT: That's fine.

18 BY MS. CLOWERS:

19 Q. I'm gonna approach and show the two PSIs
20 again to Ms. Radosta. I'm just gonna direct your
21 attention to page two.

22 Does it appear to you where it talks
23 about offenses four and five --

24 A. Uh-huh.

25 Q. -- you're holding the regular one and
JO ANN MELENDEZ - (702) 283-2151

1 then the supplemental one, that the penalties may
2 have been incorrect on the first one and perhaps
3 they changed it?

4 A. What's the first one? Yeah, I think what
5 ended up happening is, and actually I think they did
6 it on every -- now I'm looking at each of the
7 felonies. On the first presentence report, they did
8 the consecutive with use of a deadly weapon under
9 the 1 to 20, the new, the new law that went into
10 effect in the interim between when this, when this
11 crime was charged and when he was convicted, the law
12 for with use of a deadly weapon changed, the
13 potential penalty.

14 So the first PSI shows 1 to 20, the
15 supplemental shows equal and consecutive, which is
16 what the law was at the time when the crime was
17 allegedly committed.

18 MS. CLOWERS: Thank you. May I approach
19 and grab those?

20 THE COURT: Yes.

21 MS. CLOWERS: Thank you. I have nothing
22 further, Your Honor.

23 THE COURT: Is there anything further?

24 MS. KICE: No, Your Honor.

25 THE COURT: Can this witness now be
JO ANN MELENDEZ - (702) 283-2151

1 excused from both sides?

2 MS. KICE: Yes.

3 MS. CLOWERS: On behalf of the State.

4 THE COURT: All right, thank you. Thank
5 you again, Ms. Radosta.

6 THE WITNESS: Thank you, judge.

7 THE COURT: All right. At this time I'll
8 hear arguments from both sides and we'll allow Ms.
9 Radosta to leave the courtroom.

10 MS. KICE: Your Honor, could you please
11 explain to Mr. Henderson why he can't testify?

12 THE COURT: Well, I think he can if he
13 wants to.

14 THE DEFENDANT: Yes, I want to.

15 MS. KICE: He wants to testify.

16 THE COURT: Yeah. Why can't he? I think
17 he can --

18 MS. KICE: Okay.

19 THE COURT: -- for ineffective. He can
20 rebut whatever they said, but I'd like him just to
21 stand there and do that.

22 MS. KICE: You want him --

23 THE COURT: Well, maybe you want to stay
24 outside, Ms. Radosta, just in case you're recalled
25 as a witness. You should have ran.

JO ANN MELENDEZ - (702) 283-2151

1 THE CLERK: Raise your right hand.
2 (Whereupon, the Defendant, Joseph
3 Alexander Henderson, was duly sworn to
4 tell the truth, the whole truth and
5 nothing but the truth.)

6 THE CLERK: State your name for the
7 record.

8 THE DEFENDANT: Joseph Alexander
9 Henderson.

10 THE CLERK: You can be seated.

11 THE COURT: All right. Did you want to
12 question him, Ms. Kice, or --

13 MS. KICE: No, Your Honor.

14 THE COURT: All right. Have you advised
15 him not to?

16 MS. KICE: Yes. I specifically told him
17 not to.

18 THE COURT: All right. Mr. Henderson,
19 what did you want to say?

20 THE DEFENDANT: I want to say --

21 MS. CLOWERS: Your Honor, if I may
22 just -- I don't mean to interrupt Mr. Henderson. I
23 don't know if we should make a record that whatever
24 he says here and say this is reversed --

25 THE COURT: What? Say again. Whatever
JO ANN MELENDEZ - (702) 283-2151

1 he says what?

2 MS. CLOWERS: Whatever he testifies here
3 today and perhaps if this gets reversed somehow or
4 gets a new trial, that the State could use this if
5 he decided to ever take the stand or for other
6 purposes as well, judge.

7 THE COURT: Well, he certainly knows that
8 at this point, okay. His 5th Amendment right's
9 nonincriminating. He's convicted.

10 MS. CLOWERS: I understand.

11 THE COURT: So here he is, Ms. Kice has
12 told him not to testify and he wants to testify. So
13 I think he has the right to testify and I'm gonna
14 allow him to and he can do it at his own peril.

15 MS. CLOWERS: And I didn't want him to
16 be --

17 THE COURT: It's not as if he has a 5th
18 Amendment right. That kind of went by the wayside
19 at his conviction. So I don't think he has a 5th
20 Amendment right, but --

21 MS. KICE: I don't know if --

22 THE COURT: You're aware that it's in the
23 realm of possibilities this was ever to get
24 reversed, anything you say in a courtroom can be
25 used against you and you understand that?

JO ANN MELENDEZ - (702) 283-2151

1 to see one document from California matching me to
2 anything? They never sit there and told me, oh,
3 well, well, that wasn't the way it was gonna go
4 because we didn't want to mention your prior
5 history.

6 I would have told them go ahead and
7 mention my prior history because I wanted to see
8 them documents. Them is the most important
9 documents, Ms. Silver, to, to everything.

10 If California match me to something,
11 I just don't see Ms. Collins not calling them to
12 actual trial to testify against me. Still yet I
13 have one document from California or CODIS matching
14 me to anything.

15 Now, this is the problem I'm having
16 right here. Ms. Everett was the actual sexual
17 assault nurse. She's here, she did a toluidine blue
18 dye test on the victim. And she said she didn't see
19 anything. She said she did a microscopic test, she
20 said she didn't see anything. But yet once Ms.
21 Guenther got the evidence, she was able to say that
22 she retested it.

23 Now, now, I don't know why my lawyer
24 did not bring that actual e-mail. That's why I,
25 that's why I didn't want to send it to her. I

JO ANN MELENDEZ - (702) 283-2151

1 THE DEFENDANT: Yes, ma'am.

2 THE COURT: All right, sir. Go ahead.

3 THE DEFENDANT: What I want to say is
4 that both of the judge -- I mean, both of the
5 lawyers, they just got on the stand and, and
6 straight purely lied. We never discussed nothing
7 about a deal until like 10 minutes before trial was
8 about to start and Mosley told them to come on down.
9 Ms. Collins was saying come on, come on, come on.

10 I was in jail three-and-a-half
11 years. They offered me -- they came to me -- at
12 first they say would you like to take a lie detector
13 test. I said yes, I would like to take a lie
14 detector test. They pushed it out the way. I've
15 been trying to show that I've been innocent the
16 whole time.

17 This is the problem that I've having
18 right here. I went to prison here in, in the year
19 2 -- 2000. This case happened in 2005. I don't
20 know how they was able to get the evidence upload
21 into the Nevada database, not get a match. I'm in
22 there and, and Nevada uploaded me into the CODIS,
23 too, also.

24 Now, this is the problem I'm having.
25 If California gave them my name, why wasn't I able

JO ANN MELENDEZ - (702) 283-2151

1 wanted to come show it to you personally. This is
2 what the e-mail exactly has said. It said that she
3 was able to go behind Mr. Welch's work and she says
4 she seen minor peaks of Henderson in his data.

5 Once she swabbed my mouth, Your
6 Honor, she was able to come back and match me one in
7 500 billion to all of the evidence. That's a major
8 problem right there.

9 And so, and then so I'm telling
10 these lawyers the whole time, I said how is this,
11 how is this happening to me. Where is the people
12 from California. I want to be able to test -- I
13 want to be able to cross-examine. They say we're
14 gonna have them here, we gonna have them here.

15 Yet still today I have one paper and
16 she can't produce one paper from California matching
17 me to anything. It's all hearsay.

18 This is what the, the actual DA say,
19 well yes, you know, we have the paperwork from
20 California matching Mr. Henderson to everything, but
21 how come it wasn't in the, in the discovery. I
22 still have not been able to cross-examine anybody
23 that matched me to anything.

24 This is what happened. Okay. Mr.,
25 Mr. Welch said that, he said that the, Mr. Jeffries,

JO ANN MELENDEZ - (702) 283-2151

1 which, which is the detective in the case -- this is
2 what I'm reading in this case. It says that once
3 Jeffries notified him and asked him hey, would you
4 go and do a DNA test on this, on this sexual assault
5 kit, he said okay.

6 Once he went over to the vault, he
7 said that well, that certain number, I guess it was
8 152, because there's two event numbers, 152 and 158
9 which is all of the evidence. One evidence from the
10 house, one evidence from somebody's job. I guess
11 it's from Mr. Bernzweig's job. He said well, since
12 it wasn't that, I mixed both event numbers together.
13 So that mean he had both evidence.

14 Now, he never mentioned anything
15 about no sheets or anything. And this is the
16 problem. I'm like okay, well, he -- then he named
17 them all of the evidence that he had. Never was no
18 sheets.

19 Once they came and swabbed my mouth,
20 after that, after she said, after she tested
21 twice -- Ms. Guenther did two tests. She retested
22 Welch's paperwork and everything, which that, that's
23 why the e-mail was gonna be so important I wanted
24 you to see. She said I did see minor peaks of Mr.
25 Henderson in here. How can you go from minor peaks

JO ANN MELENDEZ - (702) 283-2151

1 ejac -- ejaculation until after Mr. Welch got the
2 report which they say California matched me to the
3 actual crime scene. Then once that happened,
4 everything just exploded.

5 I was never able to see one document
6 from California matching me to anything. And you
7 know the same what I know. Regardless of the fact,
8 I don't have any sex crimes. What sense does it,
9 does it actually make in order for them to sit there
10 and say, well, we didn't feel it was necessary for
11 us to bring CODIS because it was the only match to
12 Henderson.

13 I need to see that paperwork by, by
14 right. I have a right to, to confront everybody
15 that's, that's against me, right? I have a right to
16 confront everybody against me. I never was given
17 that opportunity.

18 In my whole discovery, Ms. Silver,
19 not one paperwork come from, from CODIS or from
20 California. The only thing I see in this paperwork
21 is this says well, Ms. Guenther, because they saying
22 that Welch, once he ran it through the Nevada
23 system, which I know I'm in there, I know -- since
24 I'm in here, I went to prison here in 2000. He said
25 that once he ran it against the local, it was no, no

JO ANN MELENDEZ - (702) 283-2151

1 and then turn around and match me one in 500
2 billion.

3 Because Ms. Collins had told her,
4 she said, hey, they want to get all the paperwork
5 from California and CODIS. She said well, I'm gonna
6 need a search warrant for that.

7 And I was like why would you need a
8 search warrant for that if CODIS matched me to
9 some -- or California, or California, all due
10 respect, it would have been some type of paperwork
11 generated. Something. Still I have not been able
12 to cross-examine CODIS or California.

13 Then Ms. Guenther decided to just
14 come out the blue with these sheets.

15 Now, if you look at the, at the
16 actual paperwork, you will see Ms. Don is the one
17 who was the, who was the crime lab -- she the one --
18 she's the CSI lady. She said she didn't see nothing
19 on the, on the sheets.

20 I got numerous paperwork that I'm
21 reading right where -- right here I can show you,
22 right here this is documents from the first officer
23 who talked to the victim. Clearly said that she
24 asked him hey, well did the guy ejaculate. She said
25 no, no. All of a sudden it didn't come with the

JO ANN MELENDEZ - (702) 283-2151

1 match. Then it was uploaded into CODIS.

2 Now after that, there was no
3 paperwork generated. No nothing. So are you saying
4 that I wasn't able to actually cross-examine these
5 people from California.

6 I've been to prison in California,
7 and I'm pretty sure you have dealt with the
8 California officials before. If California would
9 have felt I did something this serious of nature,
10 you know California would have been here to testify.
11 And Ms., and Ms. Collins definitely would have had
12 them at least on her sheet to have them come and
13 testify. She never even put them on her witness
14 list sheet. That's why I was like well, where's the
15 California people.

16 The whole time Ms., Ms. Radosta and,
17 and the other guy was telling me don't worry,
18 they're gonna be here, they're gonna be here. So
19 I'm like okay, so I'm the whole time they telling me
20 I wanted to get on the stand. And they was like no,
21 we don't want you to get on the stand.

22 So I was never able to cross-examine
23 nothing to do with the DNA. The only thing I know
24 is that they swabbed my mouth. If they have my DNA
25 on file here, they swabbed my mouth.

JO ANN MELENDEZ - (702) 283-2151

1 She said she went back and retested
2 the actual evidence that Welch already tested. If
3 Welch already tested it, now you go back and
4 retested it and you said you seen minor peaks and
5 you got me in one in 500 billion and then all of a
6 sudden the sheets pop up, oh, yeah, I was able to
7 match Mr. Henderson to the, to the sheets.

8 Now, now, this is the problem. Just
9 like on the little issue what they were saying about
10 the evidence where it wasn't nothing to be tested,
11 it wasn't -- this, this is what I was told, Your
12 Honor. I was told this: Well, Mr. Henderson, I can
13 show you right here in the report which is, which is
14 the documents that you had that, that she brought up
15 there to you, this was the problem, once -- because
16 Ms. Radosta, she didn't know nothing about this DNA.
17 She clearly told me that. So that's, that's when
18 she brought Reed aboard.

19 Reed clearly said, he said
20 Henderson, there's no evidence to be tested. I'm
21 like, what you mean. I want it retested. Why
22 wouldn't I want it retested. He said no, this is
23 the problem that we're having, we can't retest it
24 because there's only extractions and we're not going
25 to actually retest extractions because it will be --

JO ANN MELENDEZ - (702) 283-2151

1 if we retest extractions, that it's not good because
2 it's not original evidence. That was, that was,
3 that was my understanding of what was going on.

4 That's the reason why he put the
5 motion in to try to get it kicked out because he's
6 saying that they were aware that we wanted to retest
7 all of the evidence. But then they kept on using up
8 all of the evidence and not leaving us none. And
9 this is how I can prove it. Because we pressured
10 them, we want to, we want to retest, we want to
11 retest.

12 Once she came up with the sheets, we
13 clearly told her we would like to retest some parts
14 of the sheets. She said she had two parts of semen
15 on the sheets. Why did she have to use both parts
16 of the sheets.

17 This is what's happening. I'm not
18 being able to get no evidence that I can retest
19 except extractions when they had all this evidence.

20 Now, this is my understanding of
21 what happened: That the feds and somehow CODIS came
22 and retrieved all the evidence. This is what my
23 first -- Joseph Ruggieri, he did a motion. We went
24 into court.

25 I am so confused. And I'm so

JO ANN MELENDEZ - (702) 283-2151

1 confused right now, but I'm trying to just pull part
2 out to you. He went in there and he said hey, how
3 did y'all release the evidence to the feds without
4 notifying us and Henderson has counsel. They said,
5 hey, we don't know, they just came and took the
6 evidence.

7 So after that, that's when all the
8 extractions start, start coming. And Ms. Collins
9 clearly said no, no, no, no, I took pictures of
10 all -- I have pictures of all of the evidence and
11 you just have that, that actual motion what she said
12 she had pictures of all of the evidence.

13 So evidently if the feds came and
14 took it, where is the paperwork to what the feds
15 came and took. It wasn't nothing there but
16 extractions they said to the breast swab, extraction
17 to the vaginal swab.

18 What did they have -- what did they
19 come and take? It was never no original evidence.
20 So, so the only thing that they could come and take
21 is the extractions, but yet nobody wants to look at
22 that.

23 And I, and I also raised the issues,
24 I'm trying to find out what is going on. I even
25 told, told my lawyer, I told her thousands and

JO ANN MELENDEZ - (702) 283-2151

1 thousands of times this is, this is what I want to
2 do, this is what I want to focus on.

3 If the SANE nurse did a blue
4 toluidine test on, on the victim, with all respect
5 on the victim and did not see anything on her -- I'm
6 pretty sure the court know what a blue toluidine
7 test is. That mean it showed if it was --

8 THE COURT: Yeah, I know what it was,
9 alright. I know what it is. Thanks.

10 THE DEFENDANT: A microscopic test and --

11 THE COURT: I know what it is.

12 THE DEFENDANT: They didn't see anything.

13 THE COURT: I know what a nurse --

14 THE DEFENDANT: And then, and then she

15 clearly --

16 THE COURT: A nurse who didn't see
17 anything.

18 THE DEFENDANT: Uh-huh.

19 THE COURT: Okay. Versus a DNA expert.

20 THE DEFENDANT: Uh-huh.

21 THE COURT: Who in three different

22 parts --

23 THE DEFENDANT: Uh-huh.

24 THE COURT: -- of three different pieces

25 of evidence found that you're the source of the DNA.

JO ANN MELENDEZ - (702) 283-2151

1 Little different.

2 THE DEFENDANT: See, I now -- see, now
3 this is -- she was the first one --

4 THE COURT: So tell me -- why don't you
5 wrap it up. I know you don't agree with the DNA
6 evidence. Wrap it up. I already got it.

7 Now you're repeating yourself, and
8 you're talking about things that are nonissues in
9 this case.

10 So this is about ineffective
11 assistance of counsel.

12 THE DEFENDANT: Yeah.

13 THE COURT: Is there anything else you
14 want to add to what you've already told me now? And
15 I've let you repeat yourself like three times.

16 THE DEFENDANT: Yes, ma'am. There is
17 something else that I would like to say.

18 THE COURT: Then go to it.

19 THE DEFENDANT: I have -- I specifically
20 told them once I got the paperwork and we went over
21 it, they said it was a cigar tip, the victim said
22 somebody had smoked a cigarette. They said, they
23 said that he had hair that was never tested. I
24 asked them would you please make sure that it was
25 tested. And they said that it would, but it never

JO ANN MELENDEZ - (702) 283-2151

1 I've never seen these people before in my life.

2 And there's no way that I would sit
3 there and tell these people oh, yeah, I gave her
4 some drugs for sex. I don't know where this come
5 from. There is nothing in the record that will,
6 that would show that.

7 And, and now I'm just stuck in a
8 position where, where just DNA. I know for a fact
9 this is a problem that I'm having also with the,
10 this guy Chaziza, he could have cleared me. If me
11 and him have the same case, if me and him, if I was
12 supposed to be with him and we supposed to be the
13 guys who knocked on the door, why wasn't we
14 convicted together? Why wasn't we together?

15 Because I told my lawyer, I said
16 hey, go and investigate him because he can clear me.
17 Once he say that it wasn't me, then it's gonna put a
18 real big discrepancy in anything. But nobody choose
19 to do nothing about it.

20 So now I couldn't even use him to
21 come in here and say that it wasn't me. And I'm
22 just stuck. And it seem like they want to beat
23 around the bush when they saying, well, yeah, I did
24 it because you have felonies, that's the reason why.

25 Is that the reason why that, that I

JO ANN MELENDEZ - (702) 283-2151

1 happened.

2 That right there, and then also
3 Birch Henry which is, which is the specialist
4 manager over at the crime, the crime lab, after,
5 after, after Welch did his paperwork, his data on
6 everything, his boss signed off asking please,
7 saying that, that everything was correct.

8 Then once Ms. Guenther did it, he
9 signed off on that as complete, yet my lawyers, I
10 told them, I said hey, don't you think you, you need
11 to call that, that person there which is their boss,
12 if you got one evidence, regardless of how many
13 different evidence they say, they say they got one
14 evidence and two specialists come back with two
15 different findings, wasn't that, wasn't -- wouldn't
16 that be a reason for us to cross-examine them.

17 I specifically asked them to call
18 him to cross-examine him and they said that they
19 would, but they didn't.

20 And, Your Honor, the only thing I
21 want to say -- I mean, it looks bad. I just, just
22 by the way it sounds.

23 But when this, this woman gets up
24 here and they blatantly lying and said I did it,
25 I've never seen Ms. Kim before ever in my, my life.

JO ANN MELENDEZ - (702) 283-2151

1 don't get a chance to get no paperwork from
2 California or from CODIS matching me to anything?
3 Is that the reason why?

4 And after, and after, and then after
5 that I rest.

6 THE COURT: All right. Is there any
7 cross-examination by the State?

8 MS. CLOWERS: No, Your Honor.

9 THE COURT: All right. Then do you rest
10 your case-in-chief then?

11 MS. KICE: Yes, Your Honor.

12 THE COURT: All right. Is there anything
13 in opposition or rebuttal?

14 MS. CLOWERS: No, Your Honor.

15 THE COURT: All right. Does defense have
16 argument at this time, Ms. Kice?

17 MS. KICE: Just a couple things, Your
18 Honor.

19 There are some disturbing things
20 about this case. He was never matched in Nevada
21 database. There was a five-year gap between when he
22 first went to prison in Nevada, when he should have
23 been swabbed, when that profile should have been
24 added to the Nevada database.

25 Without clear -- I don't have access

JO ANN MELENDEZ - (702) 283-2151

1 to that information. I don't know why he wasn't --
2 if he wasn't in the database, it calls into question
3 the procedures of the lab. If he didn't match then,
4 his DNA didn't change between California and Nevada.

5 I'm concerned about the trial
6 strategy of not interviewing Ms. Chaziza who is the
7 other individual who's been convicted for this
8 crime, especially given the fact that they were --
9 they knew from the outside that they were going to
10 be able to or attempt to poke holes in the DNA.

11 Mr. Henderson has always maintained
12 his innocence to me. And had Mr. Chaziza been
13 questioned as to Mr. Henderson's identity, it's
14 possible this could have had a different outcome.

15 I'm troubled by the fact that an
16 investigator wasn't hired, wasn't -- neither Mr.
17 Reed nor Ms. Radosta can speak intelligently about
18 any investigation that was done in this case to
19 provide Mr. Henderson with an alibi or to verify his
20 whereabouts on that day.

21 And I think if you take things
22 accumulatively, Your Honor, there was ineffective
23 assistance of counsel enough to warrant a new trial.
24 Thank you.

25 THE COURT: Thank you, Ms. Kice. Ms.
JO ANN MELENDEZ - (702) 283-2151

1 Clowers in response.

2 MS. CLOWERS: My response is that, Your
3 Honor, I think that Mr. Henderson received an
4 amazing defense.

5 The fact that they bring Norm Reed
6 in from the murder team just to attack the DNA,
7 which was the evidence in this case, is more than
8 what a lot of defendant's get.

9 The fact that he wasn't in the
10 Nevada database under Strickland wouldn't change
11 anything. Even if he was, that just means we would
12 have got the warrant and the buccal faster, but
13 instead we had to wait until we got it from
14 California to get the buccal. So that would change
15 nothing. The outcome would not be different.

16 The fact they didn't interview
17 Chaziza, well, Mr. Chaziza was pointed out was never
18 accused of being the rapist in this case and he pled
19 guilty to doing this and committing these crimes
20 with Mr. Henderson.

21 If they interviewed Mr. Chaziza, it
22 wouldn't changed the outcome of this trial. He
23 still would have been found guilty of all these
24 charges. And even though he's maintaining his
25 innocence --

JO ANN MELENDEZ - (702) 283-2151

1 THE COURT: Let me get this correct.
2 CODIS wasn't even entered in at trial, right? I
3 mean, they couldn't have entered that in because
4 that would have been -- right?

5 MS. CLOWERS: Say again.

6 MS. KICE: No.

7 THE COURT: CODIS wasn't even entered in
8 at trial. I mean, he's complaining about CODIS.

9 MS. CLOWERS: Correct.

10 THE COURT: It wasn't even entered at
11 trial.

12 MS. CLOWERS: Correct. I'm sorry.

13 THE COURT: The jury knew nothing about
14 CODIS.

15 MS. CLOWERS: I thought you were talking
16 about Chaziza.

17 THE COURT: No, I mean, let me get this
18 straight. CODIS has nothing to do with anything.
19 It wasn't even entered in at trial.

20 MS. CLOWERS: No, you are absolutely
21 correct. There was a strategy --

22 THE COURT: Just the probable cause in
23 order to get his buccal swab.

24 MS. CLOWERS: And I, I've never
25 personally presented a case where I used CODIS at a
JO ANN MELENDEZ - (702) 283-2151

1 trial level or even at grand jury or preliminary
2 hearing level.

3 What we do is we take the test
4 that's done from a buccal and that way we have no
5 chain of custody issues. If you bring in CODIS,
6 you're gonna have chain of custody issues. So it's
7 great for probable cause, but -- and not problems
8 with chain of custody. You're gonna have six people
9 who have to testify to a CODIS hit where as with
10 buccal you have the detective who took it.

11 THE COURT: Well, you have to explain to
12 a jury why is there evidence -- why is there
13 evidence in a state wide database.

14 MS. CLOWERS: Yes.

15 THE COURT: Which is more problematic and
16 more prejudicial than anything.

17 MS. CLOWERS: And in addition, what you
18 heard Norm Reed say was that it would have only
19 helped the State's case had you had two people come
20 in and say that that DNA affirmatively belonged to
21 the defendant.

22 No investigator, go get an outside.
23 Well, investigators shouldn't go out and fetch
24 alibis. The defendant should be able to provide
25 enough information that they can locate him if in

JO ANN MELENDEZ - (702) 283-2151

1 fact he wasn't at the scene of his crime.

2 And what you heard from his
3 attorneys today was he didn't actually ever
4 continuously maintain innocence.

5 At one point he concocted a story so
6 that he can explain his DNA by disparaging the
7 victim being a drug abuser and basically a
8 prostitute, exchanging sex for money. And it wasn't
9 until the motion to dismiss was denied he came up
10 with that defense.

11 I think you had two seasoned
12 attorneys on that case, Your Honor, that would have
13 never presented that defense because they would have
14 known for a fact it wouldn't have been ethical to do
15 such.

16 Quickly, Your Honor, I didn't hear
17 any -- just going back to the petition, there was
18 nothing about the PSI in the petition that indicated
19 what needed to be different. There were no errors
20 pointed out or anything like that. So the result
21 wouldn't have been different that either.

22 With the search warrant, again going
23 back to CODIS, it's a probable cause. Norm Reed
24 said he wouldn't challenge it. With all the
25 experience he has, he wouldn't challenge it. I

JO ANN MELENDEZ - (702) 283-2151

1 believe that the outcome of this would have been any
2 different.

3 I don't think they've met the
4 standard on Strickland and I think you should deny
5 the petition, Your Honor.

6 THE COURT: Is there anything in
7 response?

8 MS. KICE: No, Your Honor. Other than I
9 withdraw the issue of the search warrant.

10 MS. CLOWERS: Oh, I forgot. I'm sorry.

11 THE COURT: That's okay. All right. So
12 now both sides have now submitted it to the court.
13 It's now submitted to the court for decision.

14 All right. This is a petition for
15 writ of habeas corpus based on post-conviction
16 relief based on various claims of ineffective
17 assistance of counsel.

18 The court will do a detailed order
19 denying the defendant's petition for a myriad of
20 reasons which have come up at this particular
21 evidentiary hearing.

22 Under Strickland and its progeny,
23 the Court had listened to the testimony of both Ms.
24 Radosta and Mr. Reed, two of the more veteran public
25 defenders, both of which have -- I mean, they're

JO ANN MELENDEZ - (702) 283-2151

1 don't think Your Honor would grant it challenging a
2 search warrant based upon CODIS. That's one of the
3 stronger PCs we can come up with.

4 The DNA expert I've mentioned was
5 not necessarily hired but was consulted and they
6 used the appropriate strategy.

7 THE COURT: Well, they are hired, they're
8 paid --

9 MS. CLOWERS: I guess --

10 THE COURT: -- from the public defenders
11 office.

12 MS. CLOWERS: I was thinking they weren't
13 hired to come in to testify at trial, Your Honor,
14 but yes, they were hired and consulted.

15 They got the answer that probably
16 they didn't want to hear, but they used it to their
17 best advantage by her giving them cross-examination
18 questions which they utilized.

19 And again, judge, even though the
20 bench conferences aren't recorded, it would not have
21 changed the outcome of this case. Norm Reed
22 specifically stated that he states and puts the
23 important things on the record at any given moment
24 that he can in front of Judge Mosley.

25 And so with that, judge, I don't

JO ANN MELENDEZ - (702) 283-2151

1 probably two of the most seasoned public defenders
2 at the PD's office. Norm Reed specializing in
3 murders and Violet Radosta specializing in sexual
4 assault cases.

5 Ms. Radosta even brought Mr. Reed in
6 because this was a case in which DNA had been
7 questioned, and which clearly up until it sounds
8 like the day of trial the defendant had maintained
9 his innocence and said he was not the perpetrator,
10 based on what I heard, at least up until the day of
11 trial.

12 The claims of ineffectiveness are
13 belied by the record. First of all, unlike what the
14 petition alleges, Mr. Reed and Ms. Radosta had in
15 fact contacted a DNA expert, that being Norah Rudin
16 who is one of the nation's renowned DNA experts out
17 of Los Angeles. The public defender's office uses
18 her quite a bit as far as consultations from all of
19 these hearings that come before me.

20 But all of the DNA was reviewed in
21 this case and the testimony from Norm Reed was that
22 the bed sheet, the vaginal swabs, the breast swabs
23 were all reviewed by a separate independent expert,
24 and that although there were some differences on how
25 they would come about the result, the result at the

JO ANN MELENDEZ - (702) 283-2151

1 end of the day, even from an independent defense
2 expert, was that this defendant was in fact the
3 source of the DNA identity presumed.

4 You know, one in so many billion
5 that it's like five times the population of the
6 earth. And he could be the only source of that DNA,
7 that the breast swab alone, there was only a single
8 source and that there was no real way to attack that
9 particular DNA sample.

10 Clearly the record, after I reviewed
11 the record again, shows that there was enough to
12 retest and that strategically both counsel decided
13 not to retest because as Ms. Radosta said, Mr. Norm
14 kind of -- Reed shied away from it. But had they
15 retested it, there is an obligation to give it to
16 the State, the result of that test.

17 And they knew that CODIS had already
18 hit on it which -- and they did. In fact, Ms. Rudin
19 did review the California DNA results. She
20 concurred with those. They didn't want to bring in
21 the California or CODIS hit because it just would
22 have showed yet another independent lab had found
23 that it was the defendant's DNA.

24 So you have a California lab finding
25 it's the defendant's DNA, a buccal swab done, based

JO ANN MELENDEZ - (702) 283-2151

1 cross-examine the DNA expert regarding testing
2 procedures such that it may raise doubt to the jury
3 that this defendant was the source of the DNA. And
4 that is what they did.

5 In fact, they had mock trials and
6 they had -- it sounded to me like they practiced
7 their cross-examination with the help of Norah Rudin
8 assisting them and formulating their questions to
9 the DNA expert as to how they should proceed with
10 cross-examination in an effort to defend this
11 defendant.

12 As an aside now at the evidentiary
13 hearing, the Court would note that all of their
14 efforts may very well have been futile because the
15 Court was able to listen to the credibility of both
16 Norm Reed and Violet Radosta, as well as this
17 defendant now here before the court and making
18 credibility determinations.

19 Both counsel stated that just prior
20 to trial, basically the eve of trial, and perhaps in
21 an effort to explain away the DNA in this case
22 putting him at the scene of the crime as the
23 perpetrator, both counsel testified that this
24 defendant then admitted to being at the premises
25 when this crime was committed.

JO ANN MELENDEZ - (702) 283-2151

1 on the probable cause of CODIS hit and based on
2 Metro's DNA testing that that found that the
3 defendant was a source of the DNA.

4 And then you have the third
5 consultation by Norah Rudin, Dr. Rudin, that says
6 yes, that's exactly the defendant's DNA
7 conclusively.

8 So three different DNA experts found
9 it was the defendant's DNA.

10 Based on that, Mr. Reed and Ms.
11 Radosta felt like the best defense or the only
12 defense, since he was wearing a mask and could not
13 be identified by the defendant, and this was a who
14 did it kind of case, that the best trial strategy
15 would be to keep out the CODIS because that's just
16 one more lab identifying the defendant, plus the
17 fact that it would have raised questions as to why
18 the defendant's DNA was on file with California,
19 which would have been obviously prejudicial, but
20 strategically they kept that out. Strategically
21 they didn't want it retested because they would have
22 had to turn it over to the State.

23 And the best way for them to try to
24 put holes in the State's case was to only be faced
25 at trial with Metro's lab where they could try to

JO ANN MELENDEZ - (702) 283-2151

1 Mr. Reed didn't go into it as much,
2 but Ms. Radosta clearly testified after the
3 defendant had waived his privilege that in fact this
4 was consensual sex and he actually put himself there
5 in this hearing based on the evidence, that he
6 wanted to change his defense, that he was the source
7 of the DNA because it was consensual sex, that he
8 knew the victims in this case and that the victim of
9 the sexual assault was actually consenting to sex,
10 that he sold her drugs before and apparently wanted
11 to change the defense.

12 Ms. Radosta explained that although
13 that was a defense to the sexual assault charge,
14 there were multiple other charges in this case and
15 that his version would not have exculpated him, this
16 defendant, from all of the other charges that were
17 contained in the Information, including all the
18 crimes against the other victim in this case.

19 And so for those reasons, they
20 strategically continued to defend the defendant
21 against the evidence regarding the DNA results.

22 As far as the defense bringing up
23 the Nevada database didn't hit on this defendant,
24 the Court feels that's a nonissue, that the CODIS
25 hitting on the defendant's DNA is just probable

JO ANN MELENDEZ - (702) 283-2151

1 cause, that it's irrelevant.

2 And as Mr. Reed stated, it's of no
3 consequence at all that Nevada did not hit on the
4 defendant's DNA sample.

5 As far as the, now being brought up
6 I think for the first time really at the evidentiary
7 hearing that there was a co-defendant being tried at
8 the same time, this defendant admitted that he was
9 there at the scene pursuant to both counsel. And so
10 really as far as strategy, it's of no consequence to
11 this Court either that defendant was concerned or
12 wanted to know why the co-defendant wasn't
13 interviewed.

14 The Court does not find that any
15 investigation regarding alibi fell below the
16 standard. Ms. Radosta explained that the defendant
17 simply could not explain where he was six months
18 before based on lack of memory. And so they did not
19 fall below the standard of investigation for an
20 alibi defense.

21 The defendant and the defense have
22 never proffered what errors were in the PSI that
23 should have been corrected. And any errors anyway
24 were belied by the record that counsel stated that
25 it's their habit, routine and practice to go over

JO ANN MELENDEZ - (702) 283-2151

1 I'm gonna ask the State to prepare
2 the appropriate order.

3 I'm gonna ask my court reporter to
4 make a copy of the transcript. You don't have to do
5 it expedited, but if you could get it over to the DA
6 in the next 15 days or so, the DA can supplement the
7 order.

8 If you would please put -- send it
9 Ms. Kice for her to look at and then I'll take a
10 look at that order as well.

11 And I'll enter a formal written
12 order by which the defendant is free to appeal and
13 do whatever he'd like to do at that time. We're
14 gonna put it on for 30 days from now for status
15 check the Court's written formal order denying the
16 defendant's post conviction petition for
17 post-conviction relief.

18 So thank you, ladies and gentlemen.
19 And that will conclude today's proceeding.

20 THE CLERK: Do you want to put it on a
21 Tuesday, a regular hearing day?

22 THE COURT: Yeah, just put it on a
23 regular hearing day. I just want to make sure I
24 sign the order.

25 MS. CLOWERS: Are we having the defendant
JO ANN MELENDEZ - (702) 283-2151

1 that and they believed that they had gone over it
2 with the defendant and that he wasn't sentenced
3 based on any errors.

4 Mr. Reed testified that although
5 Judge Mosley does not record his bench conferences
6 that he was not prevented in any way from making a
7 record on anything that was said at a bench
8 conference.

9 And in fact, the defendant has not
10 proffered anything that was not on the record that
11 should have been somehow put on the record and how
12 that could have been error for ineffective
13 assistance of counsel.

14 And I know since the time of the
15 original petition, the entire public defender's file
16 has been turned over, including all the DNA
17 analysis.

18 And so the fact with another note of
19 research in the file which has been belied by the
20 record and by the evidentiary hearing, for all those
21 reasons and the reasons set forth in the opposition
22 and the State's oppositions and moving papers and
23 what has been presented at the evidentiary hearing,
24 for all those reasons, the Court is gonna deny the
25 defendant's request for post-conviction relief.

JO ANN MELENDEZ - (702) 283-2151

1 transported?

2 THE COURT: No. It's just for me to sign
3 the order. All it is is for me to remember to sign
4 the order so it doesn't get lost somewhere. So I
5 put it over 30 days.

6 If I haven't signed it yet because
7 you all haven't had it done, all that happens is
8 I'll continue it another 30 days.

9 And I'll make sure that something
10 happens within that time period. It's just a way
11 for me to keep track of an order so I don't not
12 enter a written order by which he can appeal.

13 MS. KICE: Correct.

14 THE COURT: Because until I do a written
15 order, he really can't appeal me based on what I
16 just said today. So he has to have a written order.
17 And so I'm sure he will, and so that's fine, but I
18 have to do a written order. This keeps everybody on
19 track as to when this is gonna be.

20 THE CLERK: November 20th.

21 THE COURT: And, counsel, neither side
22 needs to be here either. It just needs -- I need to
23 make sure I sign off on it.

24 MS. CLOWERS: Okay.

25 THE COURT: It's just really for me.

JO ANN MELENDEZ - (702) 283-2151

1 MS. CLOWERS: Okay, thank you.
2 THE CLERK: That will be at 9 a.m.
3 THE COURT: That will conclude the
4 proceedings.

5 MS. CLOWERS: Thank you.

6 ATTEST: FULL, TRUE AND ACCURATE TRANSCRIPT OF THE
PROCEEDINGS.

7 Petition"). The State responded to the Supplement on September 30, 2011.
- 8 9. On December 1, 2011, the matter was set for an evidentiary hearing to expand the
9 record. Following continuances, the court held an evidentiary hearing on October 22,
10 2012, during which Norm Reed and Violet Radosta, Esqs., were sworn and testified
11 regarding Defendant's claims of ineffective assistance of counsel. Defendant was
12 present with counsel.
- 13 10. In Grounds 1, 5, and 6 of the Petition, Defendant claims (1) the State deprived him of
14 his confrontation rights when it "failed to provide [him] the evidence submitted to the
15 [DNA lab], (2) the State consumed all available material for DNA testing, and (3) the
16 district court erred in failing to dismiss the information due to the State's alleged
17 consumption of all available DNA material. Pet. at 5g-i, 5s-t. Defendant raised claims
18 regarding the State's handling of the DNA evidence and the district court's denial of
19 his motion to dismiss on direct appeal. The Nevada Supreme Court held, "Because
20 [Defendant's] claim that the State did not preserve DNA material from each sample
21 for defense retesting is belied by the record, we conclude that the district court did not
22 abuse its discretion." 02-03-2010 Order Affirming at 1. Grounds 1, 5, and 6 are
23 therefore barred by the doctrine of law of the case.
- 24 11. In Ground 7 of the Petition, Defendant argues that the State should have been
25 prevented from identifying him as the perpetrator through the use of the DNA
26 evidence. Pet. at 5t-x. Defendant claimed on direct appeal that the district court had
27 erred by denying a pretrial motion to preclude the improper use of DNA evidence.
28 The Nevada Supreme Court found this claim to be without merit. 02-03-2010 Order

1 Affirming at 2. Ground 7 of the Petition is therefore barred by the doctrine of law of
2 the case.

3 12. In Ground 8 of the Petition, Defendant claims the district court erred in denying his
4 motion for a mistrial. Pet. at 5x-y. Defendant also raised this same claim in his direct
5 appeal. The Nevada Supreme Court found that “the district court did not clearly abuse
6 its discretion when it denied the motion....” 02-03-2010 Order Affirming at 2. As
7 such, Ground 8 claim is barred as the law of the case.

8 13. In Grounds 2 and 3 of the Petition, Defendant claims that the State elicited perjured
9 testimony and that it did not prove each element of the crime beyond a reasonable
10 doubt. Pet. at 5j-p. In Ground 2 of the Supplemental Petition, Defendant alleges that
11 the State committed a violation of Brady v. Maryland, 373 U.S. 83, 83 S. Ct. 1194
12 (1963). Defendant did not raise these claims on direct appeal and, as such, they are
13 waived per NRS 34.810.

14 14. Defendant alleges that the victim pressed herself onto her injured fiancé’s bloody
15 body and knelt in a pool of his blood, and this may have contaminated the DNA
16 evidence. Pet. at 5r. Defendant fails to support this assertion with specific factual
17 allegations and the claim is therefore dismissed. Moreover, there is no evidence in the
18 record that supports Defendant’s contention that the victim “pressed herself” on to
19 Mr. Bernzweig’s body or “kneeled” in the pool of blood. See 6/24/08 TT p. 149-150;
20 6/25/08 TT p. 35. Defendant fails to explain how coming into contact with Mr.
21 Bernzweig’s blood in any way makes the DNA test results identifying him as the
22 perpetrator unreliable. Defendant’s DNA was not rendered undetectable, and DNA
23 profiles of individuals can be discerned from mixed profiles. As such, Defendant fails
24 to demonstrate that counsel was deficient or that he was prejudiced.

25 15. Defendant claims his attorney was ineffective for failing to “call into question and
26 have tested the evidence of California authorities’ lab work matching petitioner to
27 Nevada’s profile.” Pet. at 5q. Defendant was identified as a suspect by witness Kathy
28 Gunther, who matched the unknown DNA profile to Defendant with the assistance of

1 outside agencies. 6/26/08 TT p.109. Defendant claims that his attorney should have
2 challenged the DNA profile generated by the outside agency which identified him as
3 the unknown perpetrator. However, such an action by trial counsel would have been
4 useless since Ms. Gunther matched the DNA profile of the unknown perpetrator to a
5 buccal swab obtained from Defendant in a confirmatory match. Id. As such,
6 Defendant does not demonstrate that counsel was ineffective or that he was
7 prejudiced, since counsel cannot be deemed ineffective for failing to make futile
8 objections or motions.

9 16. Defendant argues that his counsel was ineffective for failing to challenge Ms.
10 Gunther's testimony that she detected spermatozoa sufficient to obtain a genetic
11 profile. Pet. at 5r. Defendant failed to demonstrate that such an attempt by counsel
12 would have achieved favorable testimony. Moreover, Defendant's DNA was also
13 detected on the breast swab taken from the victim. 6/26/08 TT 115. As such,
14 Defendant fails to demonstrate prejudice.

15 17. In the Supplemental Petition, Defendant claims his attorney was ineffective for failing
16 to retain his own DNA expert to either retest or make an independent evaluation of
17 the DNA report. Supp. Pet. at 8-9. The mere failure to retain an expert does not render
18 counsel per se ineffective. Further, Defendant's bare allegations that mistakes "may
19 have been made" during testing are insufficient to demonstrate prejudice under
20 Strickland.

21 18. Mr. Norm Reed's and Ms. Violet Radosta's testimony at the evidentiary hearing was
22 credible.

23 19. Defendant waived his attorney client privilege at the evidentiary hearing. 10-22-2012
24 Evidentiary Hearing at 12.

25 20. At the evidentiary hearing, Ms. Violet Radosta testified that she brought Mr. Norm
26 Reed in because the DNA evidence in the case had been questioned. 10-22-2012
27 Evidentiary Hearing at 82. Mr. Reed was second chair on the case, and his job was to
28 examine, interpret, and attack the DNA evidence. 10-22-2012 Evidentiary Hearing at

1 10. Defendant's allegation that defense counsel failed to consult with a DNA expert is
2 belied by the record. Mr. Reed and Ms. Radosta consulted with a DNA expert, Norah
3 Rudin, one of the nation's renowned DNA experts. 10-22-2012 Evidentiary Hearing
4 at 26-27, 53, 128. Ms. Rudin reviewed the DNA evidence – the entire forensic file –
5 including the bed sheet, the vaginal swabs, the breast swabs, and the California DNA
6 results. Id. Reviewing the entire file allows her to make her own interpretation of it.
7 Id. at 29. Mr. Reed consulted with Ms. Rudin regarding her findings. Id. at 27. Ms.
8 Rudin concluded, first, that the testing procedures were done correctly. Id. at 29. Ms.
9 Rudin further concluded that, although there were some differences in how she would
10 arrive at the result, at the end of the day, Defendant was the source of the DNA. Id. at
11 29-30, 53. Defendant was the single-source contributor of the DNA on the sheets. Id.
12 at 55. Defendant was the single-source contributor of the DNA on the vaginal swab of
13 the victim taken pursuant to the sexual assault kit. Id. at 55-56, 107. Defendant was
14 the single-source contributor of the DNA on the victim's breast area. Id. at 57, 107.

15 21. Defense counsel made the strategic decision not to put Ms. Rudin on the stand
16 because, although she disagreed with some points of interpretation, she agreed with
17 the overall results reached by Metro, which were that Defendant's DNA was present
18 at the scene. 10-22-2012 Evidentiary Hearing at 30-31.

19 22. There was enough DNA to retest, but defense counsel made the strategic choice not to
20 do so because they would have been obligated to turn the results over to the State. 10-
21 22-2012 Evidentiary Hearing at 40, 101-104, 106, 108. Ms. Rudin advised against
22 having the DNA retested. Id. at 39-40. Retesting would in effect turn the defense
23 expert into a witness for the State. Id. at 108. Had counsel brought in the California or
24 CODIS match, it would have simply illuminated that yet another independent lab
25 found that Defendant's DNA was on the victim. In total, three different DNA experts
26 found that the DNA was Defendant's: (1) the California lab, (2) the buccal swab done
27 based on the probable cause of the CODIS match, and (3) Metro's DNA testing. 10-
28 22-2012 Evidentiary Hearing at 36, 52. Bringing in the CODIS or California match

1 would also raise questions about why Defendant's DNA was on file with California
2 and lead to the inference that he was a felon. 10-22-2012 Evidentiary Hearing at 52.

3 23. Based on the number of independent labs confirming Defendant's DNA at the scene,
4 Mr. Reed and Ms. Radosta made the reasonable strategic decision to proceed only
5 with Metro's lab results, so they could try to cross-examine the DNA expert regarding
6 testing procedures such that it may raise doubt to the jury that this Defendant was the
7 source of the DNA. 10-22-2012 Evidentiary Hearing at 88-89. To advance this trial
8 tactic, Mr. Reed and Ms. Radosta held mock trials and practiced their cross-
9 examination with the help of Norah Rudin. Ms. Rudin prepared a list of potential
10 cross-examination questions for counsels. 10-22-2012 Evidentiary Hearing at 31.

11 24. On the eve of trial, Defendant sought to change his defense to an argument that his
12 DNA was present on the victim because the sex with the victim was consensual. 10-
13 22-2012 Evidentiary Hearing at 119-20, 124-27. Ms. Radosta explained to Defendant
14 that although this would be a defense to sexual assault, it was not a defense to the
15 other charges. Id. at 125. Given this, defense counsel chose to continue with their
16 strategy of attacking the DNA results.

17 25. It is irrelevant that the Nevada database did not have a match for Defendant. 10-22-
18 2012 Evidentiary Hearing at 60. Mr. Reed testified that it was unusual that the CODIS
19 hit did not come from Nevada because Defendant had a previous conviction in
20 Nevada, but the CODIS hit only provides a probable cause determination. 10-22-2012
21 Evidentiary Hearing at 34. Following the hit, the State performs an independent exam
22 of the evidence and a manual comparison. Id. at 34-35, 51-52. Because both
23 California got the match right and Metro's manual comparison was right according to
24 the defense expert, defense counsel could only have emphasized that Defendant
25 should have been in the Nevada system because of his prior conviction by
26 investigating why the CODIS hit did not come from Nevada. Id. at 59-61.

27 //
28 //

1 26. As to Defendant's allegations that defense counsel failed to investigate a potential
2 alibi, raised for the first time at the evidentiary hearing, his arguments lack merit. It is
3 of no consequence that a co-defendant admitted he was at the scene. 10-22-2012
4 Evidentiary Hearing at 45-48. Further, Ms. Radosta testified that Defendant could not
5 explain where he was at the time of the crime based on lack of memory. Id. at 85-88,
6 90-91. Defense counsel did not fall below the standard of investigation for an alibi
7 defense.

8 27. In the Supplemental Petition, Defendant argues his counsel should have challenged
9 the validity of the search warrant. Supp. Pet. at 9-10. Defendant's bare allegation that
10 the search warrant "may" have been based upon false statements is insufficient to
11 demonstrate ineffective assistance. Further, simply stating the evidence "may very
12 well have been suppressed" does not show a reasonable probability the outcome
13 would have been different, so Defendant fails to demonstrate prejudice. Defense
14 counsel testified that he saw no issue with the search warrant in this case. 10-22-2012
15 Evidentiary Hearing at 70-71, 73-74. In any case, appellate counsel withdrew the
16 issue of the search warrant affidavit at the October 22, 2012 evidentiary hearing. 10-
17 22-2012 Transcript at 132, 159.

18 28. In the Supplemental Petition, Defendant claims that he was not allowed to review his
19 presentence investigation report ("PSI"), and his counsel was ineffective for failing to
20 allow him to do so. Supp. Pet. at 10-11. However, Defendant fails to specifically state
21 what errors his PSI allegedly contains and thus fails to demonstrate any prejudice
22 under Strickland. Further, defense counsels testified at the evidentiary hearing that it
23 is their habit, routine, and practice to over the PSI and that they believed they had
24 gone over Defendant's PSI with him. 10-22-2012 Evidentiary Hearing at 68-69, 129.
25 Had there been substantive errors in the PSI, defense counsel would have raised the
26 issue with the sentencing judge. Id. at 131.

27 //

28 //

1 29. In the Supplemental Petition, Defendant claims that trial counsel failed to make an
2 adequate record by recording bench conferences. Supp. Pet. at 11. Defendant's
3 general allegations of unrecorded bench conferences fail to explain which judicial
4 actions should have been preserved, how such actions did or did not have merit, or a
5 reasonable probability that their preservation would have alter the outcome of his trial
6 or appeal. Defendant's allegations are too vague to warrant relief per Hargrove and
7 NRS 34.735(6). Further, Mr. Reed testified at the evidentiary hearing that he was not
8 prevented in any way from making a record on anything that was said at a bench
9 conference. 10-22-2012 Evidentiary Hearing at 66. The trial judge always gave
10 defense counsel the opportunity to put material off-record discussions on the record at
11 a later time. Id. Mr. Reed testified that nothing in the unrecorded bench conferences
12 would have changed the outcome of the trial. Id. at 72.

13 30. In the Supplemental Petition, Defendant alleges trial counsel was ineffective for
14 failure to keep necessary notes, conduct research, or properly document the file. Supp.
15 Pet. at 11-12. Defendant does not cite, nor has this Court been able to locate, any case
16 holding an attorney ineffective for such reasons. Post-conviction counsel's opinion
17 that trial counsel's note taking abilities are inadequate does not render him
18 incompetent or ineffective. Trial counsel does not need to take every conceivable
19 action in order to protect himself against allegations of inadequacy. Counsel is not
20 required to document every step during litigation in his personal file for the purpose
21 of making post-conviction counsel's attempt at alleging him ineffective easier.
22 Defendant's bare allegation is insufficient for relief, and Defendant fails to
23 demonstrate how the outcome of his trial would have been different had counsel done
24 a better job at taking notes. He is not entitled to relief under Strickland.

25 31. Although appellate counsel raised for the first time at the evidentiary hearing the late
26 timing of the State's plea offer, Ms. Radosta testified that defense counsel was able to
27 discuss the offer with him for about forty-five minutes to an hour. 10-22-2012
28 Evidentiary Hearing at 110-11. Over counsels' advice to the contrary, Defendant

1 refused the plea offer. 10-22-2012 Evidentiary Hearing at 114-15. Because defense
2 counsel communicated the plea offer to Defendant, they were not ineffective for
3 failure to communicate a plea offer.

4 32. Defendant received effective assistance of counsel.

5 **CONCLUSIONS OF LAW**

6 1. "The law of a first appeal is law of the case on all subsequent appeals in which the
7 facts are substantially the same." Hall v. State, 91 Nev. 314, 315, 535 P.2d 797, 798
8 (1975) (quoting Walker v. State, 85 Nev. 337, 343, 455 P.2d 34, 38 (1969)). "The
9 doctrine of the law of the case cannot be avoided by a more detailed and precisely
10 focused argument subsequently made after reflection upon the previous proceedings."
11 Hall, 91 Nev. at 316, 535 P.2d at 799. Under the law of the case doctrine, issues
12 previously decided on direct appeal may not be reargued in a habeas petition.
13 Pellegrini v. State, 117 Nev. 860, 34 P.3d 519 (2001) (citing McNelton v. State, 115
14 Nev. 396, 414-15, 990 P.2d 1263, 1275 (1999)).

15 2. NRS 34.810 states in relevant part:

16 1. The court shall dismiss a petition if the court determines that:

17 (b) The petitioner's conviction was the result of a trial and the
18 grounds for the petition could have been:

19 ...
20 (2) Raised in a direct appeal or a prior petition for a writ of
habeas corpus or postconviction relief...

21 3. In order to assert a claim for ineffective assistance of counsel a defendant must prove
22 that he was denied "reasonably effective assistance" of counsel by satisfying the two-
23 prong test of Strickland v. Washington, 466 U.S. 668, 686-87, 104 S.Ct. 2052, 2063-
24 64 (1984):

25 First, the defendant must show that counsel's performance was
26 deficient. This requires showing that counsel made errors so serious
27 that counsel was not functioning as the 'counsel' guaranteed the
28 defendant by the Sixth Amendment. Second, the defendant must
show that the deficient performance prejudiced the defense. This
requires showing that counsel's errors were so serious as to deprive
the defendant of a fair trial, a trial whose result is reliable. Unless a

1 defendant makes both showings, it cannot be said that the conviction
2 or death sentence resulted from a breakdown in the adversary
process that renders the result unreliable.

3 Id. at 687, 2064; see also State v. Love, 109 Nev. 1136, 1138, 865 P.2d 322, 323
4 (1993); Warden, Nevada State Prison v. Lyons, 100 Nev. 430, 432, 683 P.2d 504, 505
5 (1984) (adopting Strickland two-part test in Nevada). “Effective counsel does not mean
6 errorless counsel, but rather counsel whose assistance is ‘[w]ithin the range of
7 competence demanded of attorneys in criminal cases.’” Jackson v. Warden, Nevada State
8 Prison, 91 Nev. 430, 432, 537 P.2d 473, 474 (1975), quoting McMann v. Richardson,
9 397 U.S. 759, 771, 90 S.Ct. 1441, 1449 (1970).

10 4. In considering whether trial counsel has met this standard, the court should first
11 determine whether counsel made a “sufficient inquiry into the information that is
12 pertinent to his client's case.” Doleman v State, 112 Nev. 843, 846, 921 P.2d 278, 280
13 (1996); citing Strickland, 466 U.S. at 690-691, 104 S.Ct. at 2066. Once such a
14 reasonable inquiry has been made by counsel, the court should consider whether
15 counsel made “a reasonable strategy decision on how to proceed with his client's
16 case.” Doleman, 112 Nev. at 846, 921 P.2d at 280, citing Strickland, 466 U.S. at 690-
17 691, 104 S.Ct. at 2066. Finally, counsel's strategy decision is a “tactical” decision and
18 will be “virtually unchallengeable absent extraordinary circumstances.” Doleman, 112
19 Nev. at 846, 921 P.2d at 280; Howard v. State, 106 Nev. 713, 722, 800 P.2d 175, 180
20 (1990); Strickland, 466 U.S. at 691, 104 S.Ct. at 2066.

21 5. Based on the above law, the court begins with the presumption of effectiveness and
22 then must determine whether or not the petitioner has proved disputed factual
23 allegations underlying his ineffective-assistance claim by a preponderance of the
24 evidence. Means v. State, 120 Nev. 1001, 1012, 103 P.3d 25, 33 (2004). The role of a
25 court in considering allegations of ineffective assistance of counsel is “not to pass
26 upon the merits of the action not taken but to determine whether, under the particular
27 facts and circumstances of the case, trial counsel failed to render reasonably effective
28 assistance.” Donovan v. State, 94 Nev. 671, 675, 584 P.2d 708, 711 (1978), citing

1 Cooper v. Fitzharris, 551 F.2d 1162, 1166 (9th Cir. 1977).

- 2 6. This analysis does not mean that the court “should second guess reasoned choices
3 between trial tactics nor does it mean that defense counsel, to protect himself against
4 allegations of inadequacy, must make every conceivable motion no matter how
5 remote the possibilities are of success.” Donovan, 94 Nev. at 675, 584 P.2d at 711. In
6 essence, the court must “judge the reasonableness of counsel's challenged conduct on
7 the facts of the particular case, viewed as of the time of counsel's conduct.”
8 Strickland, 466 U.S. at 690, 104 S.Ct. at 2066.
- 9 7. “There are countless ways to provide effective assistance in any given case. Even the
10 best criminal defense attorneys would not defend a particular client in the same way.”
11 Strickland, 466 U.S. at 689, 104 S.Ct. at 689. “Strategic choices made by counsel
12 after thoroughly investigating the plausible options are almost unchallengeable.”
13 Dawson v. State, 108 Nev. 112, 117, 825 P.2d 593, 596 (1992), citing Strickland, 466
14 U.S. at 690, 104 S. Ct. at 2066; see also Ford v. State, 105 Nev. 850, 853, 784 P.2d
15 951, 953 (1989).
- 16 8. Even if a defendant can demonstrate that his counsel's representation fell below an
17 objective standard of reasonableness, he must still demonstrate prejudice and show a
18 reasonable probability that, but for counsel's errors, the result would have been
19 different. McNelson v. State, 115 Nev. 396, 403, 990 P.2d 1263, 1268 (1999), citing
20 Strickland, 466 U.S. at 687. “A reasonable probability is a probability sufficient to
21 undermine confidence in the outcome.” Id., citing Strickland, 466 U.S. at 687-89,
22 694. “Surmounting Strickland's high bar is never ... easy.” Harrington v. Richter, 562
23 U.S. ____, 131 S.Ct. 770, 788 (2011). “The question is whether an attorney's
24 representation amounted to incompetence under prevailing professional norms, not
25 whether it deviated from best practices or most common custom.” Id. Moreover,
26 “[r]are are the situations in which the latitude counsel enjoys will be limited to any
27 one technique or approach... Counsel is entitled to balance limited resources in accord
28 with effective trial tactics and strategies.” Id. at 789.

1 9. Occasionally, “Criminal cases will arise where the only reasonable and available
2 defense strategy requires consultation with experts or introduction of expert evidence,
3 whether pretrial, at trial, or both. There are, however, countless ways to provide
4 effective assistance in any given case. Even the best criminal defense attorneys would
5 not defend a particular client in the same way. Rare are the situations in which the
6 wide latitude counsel must have in making tactical decisions will be limited to any
7 one technique or approach.” Harrington, 131 S.Ct. at 788-789 (internal citations and
8 quotations omitted).

9 10. Counsel cannot be deemed ineffective for failing to make futile objections or motions.
10 Ennis v. State, 122 Nev. 694, 137 P.3d 1095 (2006).

11 11. Trial counsel does not need to take every conceivable action in order to protect
12 himself against allegations of inadequacy. Donovan, 94 Nev. at 675, 584 P.2d at 711.

13 12. Claims asserted in a petition for post-conviction relief must be supported with specific
14 factual allegations, which if true, would entitle the petitioner to relief. Hargrove v.
15 State, 100 Nev. 498, 502, 686 P.2d 222, 225 (1984). “Bare” and “naked” allegations
16 are not sufficient, nor are those belied and repelled by the record. Id. NRS 34.735(6)
17 states, in pertinent part:

18 [Petitioner] must allege specific facts supporting the claims in
19 the petition [he] file[s] seeking relief from any conviction or
20 sentence. Failure to raise specific facts rather than just
conclusions may cause [the] petition to be dismissed.

21 13. Due process does not require every sidebar conference to be recorded. See Daniel v.
22 State, 119 Nev. 498, 78 P.3d 890 (2003).

23 14. Missouri v. Frye, 132 S. Ct. 1399, 1408, 182 L. Ed. 2d 379 (2012), holds that defense
24 counsel has the duty to communicate formal offers from the prosecution that may be
25 favorable to the accused. It does not hold that defense attorneys are required to
26 discuss a plea offer with a defendant for any particular period of time.

Case No. C212968

Dept No. XV

- vs -

The State of Nevada,
Respondent.

Second Notice of Appeal

Petitioner, Joseph A. Henderson, with the assistance of another prisoner, in proper person, does now serve this, his Second (2nd) Notice of appeal regarding the denial of a post-conviction writ of habeas corpus by this Court, Judge A. Silver, Department 15, of the Eighth Judicial District Court of the State of Nevada, as petitioner's First (1st) informal notice of appeal has gone unfiled and unnoticed contrary to the legal precedent of this State, as well as the United States of America.

Appeal is a matter of right under Nevada law and refusal to file is a denial of due process. Petitioner's informal notice of appeal is and was timely.

Dated this date, 29 January 2013.

Submitted,

CLERK OF COURT

Petitioner/Appellant would remind this Court that pro se litigant's pleadings are to be construed liberally and held to less stringent standards than formal pleadings drafted by lawyers; If Court can reasonably read pleadings to state a valid claim on which litigant could prevail, it should do so despite failure to cite proper legal authority, confusion of legal theories, poor syntax and sentence construction, or litigant's unfamiliarity with pleading requirements. See; Borg v. MacDougall, 102 S.Ct. 700; Green v. Branson, 108 F.3d 1096; Spencer v. Doe, 139 F.3d 107; Huskey v. Owens, 63 F.3d 354; Baker v. Cuomo, 58 F.3d 814.

In addition, Nevada case law is rather clear as to the timely, and effective, filing of a notice of appeal in relation to writs of habeas corpus. "Where the trial court had orally denied the prisoner's petition for habeas corpus and the petitioner filed his notice of appeal before the entry of written order, the notice of appeal was not premature... the appellate court treated it as filed after entry of the order and on the day thereof." See, Hill v. Warden, 96 Nev. 38, cited, State v. Convery, 99 Nev. 342, at 343, Jordan v. Housewright, 101 Nev. 146, at 148, Washington v. State, 104 Nev. 309, at 311, Mazzan v. State, 109 Nev. 1067, at 1071, Beets v. State, 110 Nev. 339, at 341, Klein v. Warden, El. State Prison, 118 Nev. 305, at 310; see also, Dobson v. State, 114 Nev. 582, at 584.

In the instant matter, petitioner attempted first to file his notice of appeal directly with the Nevada Supreme Court due to some lack of communication issues with counsel. In petitioner's own layman words: "Also would you please accept this missive as a 'Notice of Appeal' to the habeas corpus hearing..." (emphasis in the original, see attached exhibit "A" incorporated by reference and fact). The Deputy Clerk of the Nevada Supreme Court returned petitioner's documents unfiled (see attached exhibit "B" incorporated by reference and fact).

In turn, petitioner then mailed these documents to the Clark County Clerk's Office, Mr. Steven Grierson for filing. With no response, petitioner wrote again: "In the memo I requested that you please acknowledge my request to the notice of appeal on my habeas corpus hearing." (See attached exhibit "C" incorporated by reference and fact).

Of import is the fact that not one (1), but two (2), attempts were made by the petitioner to have his notice of appeal filed by the Clerk of the Court for Clark County well before the expiration of the thirty-three (33) days as provided by the "Notice of entry of findings of fact, conclusions of law and order" (See attached exhibit "D" incorporated by reference and fact).

As of 16 January 2013, no reference to these attempts is noted in the "Case Summary" (See attached exhibit "E" incorporated by reference and fact), nor was any notice of appeal been filed. That marks a total of three (3) proper persons, informal, layman attempts by the petitioner to have a timely notice of appeal filed: once with the Nevada Supreme Court, and twice with the Clark County District Court.

It is therefore respectfully requested that this Court order this notice of appeal filed and noted as timely in accordance with the cases cited herein.

Dated this date, 29 January 2013.

Respectfully Submitted,

Joseph Henderson

Memo to Court clerk.

① Please stamp file copy
one of these letters, and please
send the one with Ms Kise
counsel to her, as you see
I've also attached an envelope
already addressed to her.

② Also would you please
except this missive as
a "notice of appeal" to
the Head Corp's hearing I
just had in district court
on 9-22-12. disregard if my
lawyer has already done
so.

Thank U.

So on 12-10-12 I sent you documents to be stamped, filed, copied, one for the record, one for my lawyer.

In the memo I ~~also~~ requested that you please acknowledge my request to the notice of appeal in my next Corpus hearing I had in 9-22-12

Every other time I requested you help you would always send me something in 2 weeks at most. This is very important to me, I haven't been able to talk to my lawyer lately. So I don't know if she has filed the notice of appeal, but I'm sure she did. But I have to be for sure, my lawyer will tell me one thing and do another. So I have to make sure,

Thank u Steven.
