Dear Honorable Chief Justice Parraguire:

On behalf of the Nevada Dispensary Association (“NDA”), I respectfully request that the hearing scheduled on September 9, 2016 regarding ADKT 0495 be continued to a later date. On June 21, 2016, the NDA submitted a letter requesting a continuance to allow time to contact all affected members of the State Bar of Nevada and to allow them time to prepare for the hearing.

I believe there are still members of the State Bar of Nevada who have an ownership interest in a medical marijuana establishment that have not yet received notice of the hearing regarding ADKT 0495. I also believe the attorneys that are impacted by the Court’s decision need more time prepare their comments.

Thank you very much for your time and attention on this matter.
