CLERK OF SUPREME COURT

DEPUTY CLERK

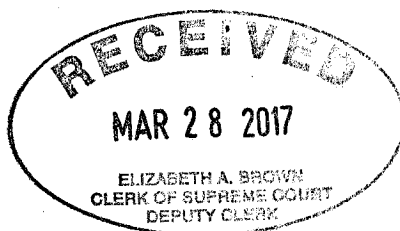

Ms. Brown,

With the repeal of SCR 123, there has been some confusion regarding the ability to cite to unpublished opinions in the district courts of the State of Nevada. Although NRAP 36 has been amended to allow for such citations under certain circumstances, according to NRAP 1(a), the Nevada Rules of Appellate Procedure only "govern the procedure in the Supreme Court of Nevada and the Nevada Court of Appeals."

It is my hope that when the Supreme Court rehears ADKT 504, it will use the opportunity to help clarify the application of NRAP 36 in district court proceedings.

Sincerely,

Sean T. McCoy, Esq.
