POINTS AND AUTHORITIES

FACTUAL BACKGROUND

The Court has now heard the evidence that was presented to the Jury in this case. Based upon the evidence, the State, immediately prior to trial after the disclosure of George Brass's contact with Ms. Quarles prior to her death appropriately amended it's Information regarding the presence or involvement of a third party. The Court also heard the evidence regarding Jesse Nava, who was in possession of the stereo or "a stereo" after the death of Ms. Quarles. The Jury found did not convict the Defendant of the Robbery Count.

Based upon the information, it is more than arguable that without the admission of the Coote case, there was insufficient evidence presented to allow the jury to find guilt beyond a reasonable doubt.

ARGUMENT

NRS 176.515 states that:

- "1. The court may grant a new trial to a defendant if required as a matter of law or on the ground of newly discovered evidence.
- 4. A motion for new trial based on any other grounds must be made within 7 days after verdict or finding of guilt or within such further time as the court may fix during the 7-day period."

FLOWERS asserts, as set forth below, that the overwhelming prejudice of the admission of the COOTE case has become so apparent at the time of this trial; that the damage feared by Judge Bonaventure in his ruling on January 8, 2007 came to fruition. See <u>Tinch v. State</u>, 113 Nev. 1170, 946 P.2d 1061 (1997), and the pleadings and transcripts attached hereto as Exhibits A, B, and C.

Additionally, the admission of just a portion of the Defendant's statement (exhibit D attached hereto) regarding this case also evolved into an improper comment on Flowers invocation of right to counsel, and his silence in violation of the Fifth Amendment.

The prosecution is forbidden at trial to comment upon a defendant's election to remain silent following his arrest and after being advised of his rights as required by Miranda v.

Arizona, 384 U.S. 436 (1966); Neal v. State, 106 Nev. 23, 787 P.2d 764 (1980). See, Doyle v. Ohio, 426 U.S. 610 (1976). This Court has held that an attack on a defendant's silence delivered as merely an innocuous, passing comment during closing argument is not necessarily error. Fernandez v. State, 81 Nev. 276, 402 P.2d 38 (1965). However, the Court in Fernandez carefully drew a distinction between a comment (whether direct or indirect) on the defendant's failure to testify and a reference to evidence or testimony that stands uncontradicted, stating

"Paraphrasing Griffin [v. California, 85 S.Ct. 1229], what the jury may infer given no help from the Court (or prosecution) is one thing. What they may infer when the court (or prosecution) solemnizes the silence of the accused into evidence against him is quite another. Permitting such comment imposes a penalty for exercising a constitutional privilege. The dividing line must be approached with caution and conscience."

Fernandez, 81 Nev. at 279.

Similarly, the Court in McGuire v. State, 100 Nev. 153, 677 P.2d 1060 (1984) reversed a conviction as a result of the prosecutor commenting to the jury that the defendant had "never testified before" in the case, and then questioned the truth of the defendant's trial testimony by inquiring "why he would remain silent" until the time of trial if his alibi was true. McGuire, 100 Nev. at 157.

The Nevada Supreme Court in <u>Mahar v. State</u>, 102 Nev. 488, 728 P.2d 439 (1986) found questioning of a prosecutor to be reversible error when it went to post-arrest silence. Use of silence as a form of impeachment of a criminal defendant while he is testifying

"is impermissible as violative of the due process right to a fair trial [citation]. Implicit in the Miranda warning is the assurance that the defendant's silence will carry no penalty. <u>Doyle</u>, 426 U.S. at 618; <u>Aesoph</u>, 102 Nev. at 316, 721 P.2d at 383."

In the case at bar the is now doubt from the record that Flowers was under arrest (albeit for the COOTE case) when Detectives were questioning him. Flower's "invocation" of his right was equivocal... merely desiring to speak to his Court appointed attorney (Pipe (sic)).

CONCLUSION

It is respectfully requested that based on the foregoing argument, this Court grant Mr. Flowers a new trial.

DATED this ____ day of November, 2008.

STATEMENTS OF FACT

A. Fact of Case C in District Court VI

On May 3, 2005, Silver Pines Apartments employees discovered 45 year old Marilee Coote lying on her living room floor. Ms. Coote was a reliable employee of the Andre Agassi Center. When she did not arrive at work by 7:30 a.m., a co-worker became concerned and asked the apartment workers to do a welfare check. After the apartment employees discovered the body, they contacted the police.

Initially, paramedics arrived, but Ms. Coote was already deceased. Police followed. Ms. Coote was found lying on her living room floor, facing up and completely nucle. Inside her belly button were ashes from burnt incense. The skin between her upper thighs and her pubic area was burned. Coote's apartment was locked, but her purse and keys were missing. Inside Coote's washing machine, police found personal photos, bills, and identification belonging to Coote. The items appeared to have been washed because they had a soap residue on them. In the bathtub, under ten inches of water, police found other items of paperwork, a phone book, and jewelry boxes covered with a towel. The apartment was otherwise very neat and undisturbed.

The detectives initially did not view this incident as a homicide. Therefore, they documented the scene, but did not collect evidence. After conducting an autopsy, however, Dr. Knoblock concluded the Coote died as the result of strangulation. He also noted tearing of Coote's labia and anal area. Dr. Knoblock concluded that these tears were sustained ante-

l

mortem. Coote also had contusions on her arms and forearms.

While various officers were in Coote's apartment during the morning of May 3, 2005, another resident of the complex, Juanita Eurry, came in contact with the defendant, Norman Flowers. This occurred between 7:00 and 10:00 a.m. Curry was an acquaintance of Flowers' girlfriend, Mawusi Ragland. Curry lived two floors below Coote. Curry noticed the police and paramedics going in and out of Coote's apartment. From apartment employees, Curry believed that Coote died of natural causes. Sometime that same morning, defendant Flowers knocked on Curry's door. He asked if he could use her phone. He said he was supposed to meet up with Mawusi that morning. She agreed and gave him the phone.

Curry is physically disabled and sometimes walks with a cane. Because of her compromised physical state, she was not comfortable allowing Flowers in her apartment, so she let him use her cordless phone in the doorway. After Flowers used the phone, he came back a few times later, each time with a new request. He asked to use the phone again. He asked for water. At one point, he asked to use her bathroom. She agreed, but when he went in the bathroom, she stepped out of the apartment. As she did so, he asked her to come in and help him find the bathroom light. She refused. When Flowers was at her doorstep, she also noticed that when the police walked back and forth, he would turn his head away. He commented, "the police make me nervous." During the final conversation in Curry's doorway, Flowers leaned down and tried to kiss Curry on the mouth. She turned away.

Curry observed Flowers walk across the parking lot to the doorway of Rena Gonzalez's apartment that morning. Curry left the complex a little before 11:00 in the morning. When she returned, she learned that the police had discovered the body of Rena Gonzalez. She gave a statement to police and identified Mawusi's boyfriend as someone she saw in the area of Rena Gonzalez's apartment.

Officers learned of the homicide involving Rena Gonzalez at approximately 4:00 p.m. Rena's Gonzelez's two daughters, the oldest of whom is seven years old, came home from school and found their mother on her knees leaning against her bed in her master bedroom. She was unresponsive. They ran and got their friend, Shayne. Shayne returned with them.

They tried to remove a phone cord around Gonzalez's neck and called 911.

Gonzalez's apartment was clean and undisturbed with the exception of the following: a broken blue plastic hair comb in the front hallway and a single green sandal were both in the front hallway. Officers could not locate Gonzalez's purse or keys.

Gonzalez was at the foot of her bed, with her body bent at the waist. Her upper torso was on the bed with her face down and arms outstretched. A black phone cord and black lanyard were around her neck. She was dressed in shorts, which were slightly pulled down, and a shirt. She had the matching blue hairclip hanging from her head and blood coming from her ear.

At autopsy, Dr. Simms noted extensive bruising to breast, right arm and right leg. Dr. Simms concluded that Gonzalez died as a result of strangulation. He also noted tearing to her vaginal and anal area. Dr. Simms concluded that these injuries took place post-mortem.

Detectives learned that Rena Gonzalez was a close friend of Mawusi Ragland. In fact, the two women would trade off watching each other's children. They determined that Gonzalez had walked her daughters to the school bus the morning of the 3rd and would have returned home around 8:30 a.m. Rena Gonzalez did not work.

Mawusi Ragland also lived at the Silver Pines Apartments. She lived in the apartment across from Coote. She told detectives that approximately three weeks before the homicide, she and Flowers had gotten into an argument and had not spoken since. In the argument, Mawusi implied that she would socialize with other men. Mawusi had discussed Flowers with her friend Rena Gonzalez as well, although Flowers and Gonzalez had not met. According to Mawusi, Gonzalez advised her not to date Flowers.

When Mawusi returned home on the evening of May 3, she saw police vehicles. She was told her friend, Rena, had been murdered and that her other friend, Marilee, had died of natural causes. On her apartment door, Mawusi noticed a note. It was from Flowers. It stated that he tried to catch her before she went to work, but that it looked like he picked a bad day because "big shit is happening over here." He also asked if she had dated other men since their argument. Flowers called Mawusi that evening. She was very emotional and

P:\WPDOC\$\MOTION\510\51046601.doc

explained that both Marilee and Rena were dead. Flowers did not appear to be shocked upon hearing this news. She asked him to come over and help her through this difficult time. He told her he'd be right over. When Flowers did not arrive in the next 90 minutes, Mawusi called him to ask where he was. He said he had not left home because when tried to call her, she did not answer her phone. He also mentioned that he had seen Rena that morning and had a short conversation with her. Mawusi asked him what time he was at the complex and Flowers responded, "I didn't kill her."

After speaking with Mawusi, detectives interviewed Norman Flowers. Initially, he told officers that he had no contact with Marilee Coote on the morning of the murder. He said he had not seen her for months. He also explained that he met Rena Gonzalez several months earlier through Mawusi. He admitted that he had spoken with Rena that morning, but denied ever entering her apartment. Flowers agreed to provide a DNA sample.

Subsequently, Flowers' DNA sample was compared with swabs from Marilee Coote's sexual assault kit. Both vaginal and rectal swabs matched to Flowers. In addition, DNA was collected from the carpet area where Coote was lying, specifically, the carpet beneath her upper thighs. That sample also matched to Flowers.

Detectives interviewed Flowers again. He still maintained that he had never been in Gonzalez's apartment that morning. With regard to Marilee Coote, he first explained that he had had sex with her in the past, but not that day. Then, he acknowledged that he had sex with her the night before she died, but that she was alive and fine when he left. He denied having rough sex with her. Later in the interview, he claimed that he might have had rough sex with her, but that she was fine when he left. In a third interview, he said he did have rough sex with her, but that she was alive when he left. He also stated that there was a third man watching the two have sex. He said this man was a medium height, weight, and age black man, but he did not know his name. He claims this man remained in the apartment after he left. Thus, his latest claim was that the sex was consensual and another individual must have killed Coote.

DNA was found in Rena Gonzalez's rectal swabs. Flowers is excluded as the source

В. Facts of Case C228755 in District Court XIV

Less than two months prior, on March 24, 2005, Debra Quarles returned home from grocery shopping to her residence at 1001 North Pecos, Las Vegas, Clark County, Nevada, and found her eighteen year old daughter, Sheila Quarles unresponsive in a bathtub containing warm water. Debra had returned home at 2:30 in the afternoon. She was able to remove Sheila from the tub with the help of a neighbor who had helped her carry in groceries. Debra immediately called 911.

An autopsy later determined that Sheila died from drowning. However, strangulation was a significant contributing factor to her death. Sheila also had multiple vertical lacerations on her introitus, evidence of a violent sexual assault.

Investigation revealed that Sheila spoke to her mother, Debra, at approximately 12:30 p.m. and her mother arrived home to find her at approximately 2:30 p.m. In addition, detectives learned that Sheila was involved in a lesbian relationship with an individual named Quinise Toney.

At autopsy, investigators collected samples from Sheila's vagina. Those swabs contained a mixture of DNA which included semen. Quinise Toney was excluded as being a source of this DNA. Shella Quarles was the major component of the DNA. The male portion of the DNA was entered into a DNA database. When Flowers' DNA was collected in the May murders, his profile was entered into the DNA database as well. After this entry, investigators were notified that Flowers' profile was consistent with part of the minor component DNA from Sheila Quarles' vaginal swabs. In fact, 99.9934 percent of the population is excluded as being a source of that DNA, but Flowers is not. There was an additional, unknown male contributor to the vaginal swabs of Sheila Quarles as well.

After detectives were notified of the DNA match, they recontacted Debra Quarles. Quarles explained that she knew and had actually dated Norman Flowers several months before the murder. She also explained that he would occasionally give her a ride to her work

at the time and that he knew her family members. Quarles said that just prior to the murder, she saw Flowers at her apartment complex. At that time, he explained that he was working in maintenance at the complex. After her daughter's murder, Quarles suffered from depression. Flowers offered to drive her to appointments with her therapist. On several occasions, Flowers inquired to Debra whether the police had figured out who had murdered her daughter.

The defense has suggested that Flowers will offer an alibi defense to the March 2005 crime.

The State moves to consolidate defendant's two cases.

ARGUMENT

The issue of consolidation lies within the sound discretion of the trial court and will not be reversed absent a clear abuse of that discretion. Robins v. State. 106 Nev. 611, 789 P.2d 558 (1990); Mitchell v. State, 105 Nev. 735, 782 P.2d 1340 (1989). "Error resulting from misjoinder of charges is harmless unless the improperly joined charges had a substantial and injurious effect on the jury's verdict." Weber v. State, 121 Nev. 554, 119 P.3d 107, 119 (2005). Moreover, on appeal "the defendant carries the heavy burden of showing an abuse of discretion by the district court." Id. at 121. In exercising that discretion, courts consider potentially conflicting interests of judicial economy and efficiency of judicial administration, crowded court calendars, avoidance of multiple trials and possible prejudice to the defendant. See United States v. Fancher, 195 F. Supp. 634 (D. Conn.), affirmed, 319 F.2d 604 (4th Cir. 1963). However, to establish actual prejudice from joinder requires the defendant to demonstrate more than that severance might have made acquittal more likely. Weber, 119 P.3d at 121 It requires that the defendant demonstrate that the joinder may have prevented jurors from making a reliable judgment about guilt. See id. At 122

Nevada Revised Statute 174,155 states:

The court may order two or more indictments or information or both be tried together if the offenses, and the defendants if there is more than one, could have been joined in a single indictment or information. The procedure shall be

the same as if the prosecution were under such single indictment or information.

Section 173.115 of the Nevada Revised Statutes provides:

Two or more offenses may be charged in the same indictment or information in a separate count for each offense if the offenses charged, whether felonies or misdemeanors or both, are:

1. Based on the same act or transaction or

2. Based on two or more acts or transactions connected together or constituting parts of a common scheme or plan.

Finally, Eighth Judicial Court Rule 3.10 emphasizes the importance of judicial economy, providing:

(a) When an indictment or information is filed against a defendant who has other criminal cases pending in the court, the new case may be assigned directly to the department wherein a case against that defendant is already pending.

(b) Unless objected to by one of the judges concerned, criminal cases, writs or motions may be consolidated or reassigned to any department

for trial, settlement or other resolution.

This Court has defendant Flowers' first case set for trial in January 2007. As a capital case, it is likely to take longer to proceed to trial than a non-capital murder case and certainly other felony cases. Thus, the case will represent an imposition on the Court as well as members of a jury who will assess the facts of the case. Flowers' second case is set for trial in February 2007 in District Court XIV. It is also likely to be a capital case, meaning the same burdens will be placed on both the court and a potential jury hearing the case for a second time. Certainly, there is little question that consolidating the cases would be in the interests of judicial economy, court administration, and imposition of costs to the community.

Moreover, the Nevada Supreme Court has held that "if . . . evidence of one charge would be cross-admissible in evidence at a separate trial on another charge, then both charges may be tried together and need not be severed." Robins, 106 Nev. at 619, 798 P.2d at 563 (citing Mitchell v. State, 105 Nev. 735, 738, 782 P.2d 1340, 1342). In other words, joinder is proper when evidence from a separate case would be admissible by other means.

Section 48.045(2) of the Nevada Revised Statutes provides:

Evidence of other crimes, wrongs, or acts is not admissible to prove the character of a person in order to show that he acted in conformity therewith. It may, however, be admissible for other purposes, such as proof of motive, opportunity, intent, preparation, plan, knowledge, identity, or absence of mistake or accident.

In applying NRS 48.045(2), courts must assess whether the probative value of the evidence

In applying NRS 48.045(2), courts must assess whether the probative value of the evidence is substantially outweighed by a risk of prejudice. Significantly, however, courts have recognized a distinction between evidence that is incriminating versus evidence that is actually prejudicial. For instance, in <u>United States v. Harrison</u>, 679 F.2d 942 (D.C. Cir. 1982), the prosecution presented evidence that the defendant had been engaged in drug dealing in the past over a period of time in order to establish motive, intent, preparation, and absence of mistake on his current drug charges. The court held that allowing the extrinsic evidence was proper. It explained:

There is nothing "unfair" in admitting direct evidence of the defendant's past acts by an eyewitness thereto that constituted substantive proof of the relevant intent alleged in the indictment. The intent with which a person commits an act on a given occasion can many times be best proven by testimony or evidence of his acts over a period of time prior thereto...

Id. at 948.

Therefore, while certain evidence may increase the likelihood of conviction and thus be incriminating, such evidence may not unfairly cast the defendant in a bad light and therefore be prejudicial.

In the instant case, Flowers' two cases are cross-admissible. Evidence of the March murder would be admissible in a trial focusing on the May murders because such evidence would be relevant to identity, intent, and motive and vice versa. In Gallego v. State, 101 Nev. 782, 711 P.2d 856 (1985), the Nevada Supreme Court noted how a defendant's prior murders could be relevant in establishing a common plan, intent, identity, and motive in a subsequent murder case. In Gallego, the defendant was charged with kidnapping, assaulting, and killing two young women by bludgeoning them with a hammer. The trial court permitted the State to introduce evidence that Gallego had previously kidnapped two young women from a shopping mall and shot and killed them. Id. at 789, 711 P.2d at 861. On appeal, Gallego challenged the introduction of such evidence.

The Nevada Supreme Court affirmed the conviction and introduction of the evidence on several grounds within NRS 48:045(2). The court noted that the evidence was relevant to Gallego's intent and motive, because both instances were prompted by a "sex slave" fantasy on the part of Gallego. The court also commented that the evidence was relevant because the prior murders were "not remote in time from the killings here considered" and that "substantial similarities" were shown to exist between the two events, suggesting that the evidence was relevant to issues of identity as well as a common scheme or plan. See id.

In other case, the Nevada Supreme Court has commented how a particular modus operandi to a crime can be relevant and admissible under NRS 48.045(2) when the identity of the perpetrator is at issue. The court has stated that modus operandi evidence is proper in "situations where a positive identification of the perpetrator has not been made, and the offered evidence establishes a signature crime so clear as to establish the identity of the person on trial." Mortensen v. State, 115 Nev. 273, 280, 986 P.2d 1105, 1110 (1999).

In the case of Flowers, all three victims were casual acquaintances of Flowers. All three were killed in their residences. All three were killed during daylight hours. In addition to being murdered, all three also had some minor property taken from them as well. More significantly, of course, all three were sexually assaulted prior to their deaths. The victims all had damage to their vaginal and/or anal areas substantiating the sexual assaul: charges. All three victims were killed by means of strangulation. Admittedly, the cause of death for Sheila Quarles was a drowning; however, the strangulation was a significant contributing factor to the death. Certainly, the similarity of the three murders constitutes evidence of identity admissible under NRS 48.045(2).

In addition, evidence of the March 2005 killing is relevant to the May 2005 killings because it would constitute evidence of intent and lack of accident as well which are also admissible under NRS 48.045(2). In <u>Petrocelli v. State</u>, 101 Nev. 46, 52, 692 P.2d 503, 508 (1985), reversed on other grounds by Petrocelli v. Angelone, 242 F.3d 867 (9th Cir. 2001), the Nevada Supreme Court explained how in a murder prosecution where defendant was claiming that a homicide was an accident, evidence of a prior killing committed by him

which he also claimed was accidental was relevant and admissible under NRS 48.045(2).

In one of his interviews regarding the May killings, Flowers maintained that while he may have had sex with Marilee Coote, but he did not kill her. This, of course, occurred after he adamantly denied having sex with her at all. In any case, given that one possible defense available to Flowers is that he had consensual sex with Coote and she somehow died during the encounter, evidence of the March 2004 killing is relevant to his intent during his encounter with Coote. The fact that he previously had had a violent sexual encounter which resulted in vaginal trauma to victim Sheila Quarles as well as her strangulation and death is evidence that Coote's strangulation was intentional and not an accident. See id.

Finally, evidence of the March 2005 murder is relevant to the May 2005 murders in terms of the sexual assault counts. In one of several interviews with detectives, Flowers claimed that he had consensual intercourse with Marilee Coote, notwithstanding the trauma to her genital area. He mentioned that they may have engaged in "rough" sex at one pointduring his interview. Evidence of the sexual assault trauma to Sheila Quarles would be relevant to the issue of whether Coote consented to a sexual encounter with Flowers. In Williams v. State, 95 Nev. 830, 603, P.2d 694 (1979), a sexual assault victim testified that she met the defendant while discussing a possible job as his secretary. At some point, the defendant offered her \$5000 for a "one night stand," but she refused. The defendant told her that he was trained in martial arts and demonstrated what he could do to her and then sexually assaulted her. The defendant maintained that the intercourse was consensual. The State presented the testimony of two prior victims, from incidents occurring nineteen months before the charged incident, who testified that they met the defendant through a job interview and were coerced into having sex with him after he demonstrated his karate knowledge. In affirming the admission of testimony regarding the prior incidents, the Nevada Supreme Court stated:

In the instant case, evidence of Williams' sexual misconduct with other persons was admitted as being relevant to prove his intent to have intercourse with the victim without her consent. This evidence was introduced after Williams admitted committing the act, but claimed to have done so with the victim's consent. By acknowledging the commission of the act but asserting

P:\WPDOCS\MOTION\510\51046601.doc

his innocent intent by claiming consent as a defense, Williams himself placed in issue a necessary element of the offense and it was, therefore, proper for the prosecution to present the challenged evidence, which was relevant on the issue of intent, in order to rebut Williams' testimony on a point material to the establishment of his guilt.

<u>Id</u>. at 833.

Because all three victims were killed after they were sexually assaulted, the State must rely on circumstances and medical testimony to establish the lack of consent in the instant case. Nevertheless, like <u>Williams</u>, Flowers has put consent at issue because he claims that the sexual encounter with Marilee Coote was consensual. In maintaining that claim, Flowers makes relevant his prior conduct with Sheila Quarles who also was sexually assaulted by Flowers and subsequently killed.

CONCLUSION

Based on the foregoing, the State respectfully asks this Court to consolidate Flowers' two pending cases.

alleging "this time" two (2) victims, Marilee Coote and Rena Gonzales.

On August 17, 2005, at the conclusion of FLOWERS' preliminary hearing, the Court dismissed all counts relating to victim Rena Gonzales. On August 29, 2005, an information was filed in District Court, Case Number C214390, charging Flowers with this single homicide (Marilee Coote).

At the initial Arraignment on August 30, 2005 FLOWERS appeared and pled "not guilty." In addition, FLOWERS asserted his Constitutional right to a speedy trial and the Court set a trial date of October 24, 2005. On the same day, counsel for FLOWERS received notice of the State's Intent to Seek and Indictment. Thereafter, on October 18, 2005 the State dismissed Case Number C214390, and FLOWERS was indicted in Case Number C216032 and charged with two (2) counts of homicide, alleged to have occurred on May 3, 2005.

On November 8, 2005, FLOWERS received a Notice of Intent to Seek Death Penalty containing aggravator number eight (8) which alleged, as a basis for seeking the death penalty, two or more convictions for murder.

FLOWERS has now been indicted under Case Number C228755 charging him with a third homicide that occurred March 24, 2005, forty-one days prior to the first two.

The State is requesting to consolidate Case Nos. C216032 and C228755, and the three homicides. This is improper under section 173.115 of the Nevada Revised Statutes as the cases do not arise from the same transaction nor constitute a common plan. Further, joinder would be more prejudicial than probative. Therefore, this Court should deny the State's request.

ARGUMENT

The Court should not consolidate the offenses which allegedly occurred on March 24. 2005 and May 3, 2005. Joinder is not proper as the events do not arise from the same transaction nor constitute a common plan. Further, joinder would be prejudicial to Defendant and result in a violation of due process.

Consolidation Should Not Be Granted Because the March 24, 2005 and May 3, 2005 Incidents Do Not Arise from a Common Transaction Nor Do They Comprise a Common Scheme

NRS 173.115 "Joinder of Offense" provides:

Two or more offenses may be charged in the same indictment or information in a separate count for each offense if the offenses charged, whether felonies or misdemeanors or both, are:

- 1. Based on the same act or transaction; or
- 2. Based on two or more acts or transactions connected together or constituting parts of a common scheme or plan.

The policy behind joining offenses is judicial economy. <u>Honeycutt v. State</u>, 56 P.3d 362, 367, 118 Nev. Adv. Rep. 70 (2002). In the case at bar, the three incidents were not based on the same transaction, nor were they part of a common scheme or plan.

When offenses are factually similar and occur in close temporal proximity, they are properly joined. Tillema v. State, 112 Nev. 266, 914 P.2d 605 (1996). In Tillema, the defendant was arrested for a burglary of a vehicle on May 29, 1993 and a burglary of a vehicle and a burglary of a store on June 16, 1993. Id. at 267. Because both crimes involved vehicles in casino parking garages and were seventeen days apart, they "evidenced a common scheme or plan." Id. at 268. Additionally, the store burglary was connected to the vehicle burglary because it was part of a "continuing course of conduct." Id. at 269, quoting NRS 173.115(2) and Rogers v. State, 101 Nev. 457, 465-66, 705 P.2d 664, 670 (1985). In the second incident, Tillema burglarized the van and then immediately walked into a store, where he committed another burglary, so the two incidents were connected. Id.

Similar victims and motives, however, are not necessarily part of a common scheme or plan. <u>Tabish v. State</u>, 119 Nev. Adv. Rep. 35, 72 P.3d 584 (2003). The State was trying to argue that events involving Leo Casey and events involving Ted Binion were properly joined, having in common greed, money and the Jean sand pit. <u>Id.</u> at 590. The State also emphasized the similarities between Leo Casey and Ted Binion. <u>Id.</u> The Nevada Supreme Court noted that "money and greed could be alleged as connections between a great many

crimes and thus do not alone sufficiently connect the incidents." <u>Id</u>. That Court held that the incidents were too far apart in time (fifty days) and that the alleged connections did not demonstrate a common scheme or plan. <u>Id</u>. at 591.

Similarly, in <u>Mitchell v. State</u>, 105 Nev. 735, 782 P.2d 1340 (1989), incidents forty-five days apart were not considered part of the same transaction. <u>Id</u>. at 738. Additionally, the two offenses committed by that defendant were not part of a common plan. <u>Id</u>. The defendant was charged with grand larceny and sexual assault (the Petz charges) and sexual assault and murder (the Brown charges). <u>Id</u>. at 737. On two separate occasions, the defendant took two different women to the same bar, forty-five (45) days apart, and sexually assaulted them. <u>Id</u>. Our Supreme Court noted that taking two women dancing and then later assaulting them (on separate occasions) could not be considered a common plan, simply because the women were taken to the same bar. <u>Id</u>. at 738.

When considering joinder under NRS §173.115.2, it is useful to distinguish the facts of the case at hand with the facts of a case for which the Nevada Supreme Court found joinder permissible. In Floyd, the defendant argued that counts related to the sexual assault of a woman at gunpoint inside an apartment and the subsequent shooting of five employees at a nearby supermarket should be severed. However, the Nevada Supreme Court found that "joinder was proper because the acts charged were at the very least 'connected together'." Floyd v. State, 42 P.3d 249, 254 (2002). The court explained that a connection existed because the counts relating to the subsequent act began only fifteen minutes after the counts relating to the first act had ended.

Contrary to <u>Tillema</u>, and <u>Floyd</u>, the offenses in the instant case did not occur in close temporal proximity. If a connection between separate acts can be argued to exist because of their relative proximity in time, then it is reasonable to expect that the existence of such a connection is diminished as the length of time between the acts increases. Here, the incidents were forty-one (41) days apart, so there was no "continuing course of conduct." The incidents in <u>Tillema</u> flowed one into the other. With forty-one (41) days between them, the incidents at bar were too far apart in time to be part of the same transaction. So while a connection may

still remain between two acts after only fifteen minutes, extending that time more than threethousand fold would seem to extinguish such a connection, utterly.

Here, there was also no common scheme or plan, similar to <u>Tabish</u> and <u>Mitchell</u>. In both of those cases, there were similar motives and similar crimes; however, that was not enough to establish a common scheme or plan. Here, the only other common denominator, besides the defendant himself, is the possibility that the defendant knew all of the victims. Again, that is not enough to establish a common scheme or plan. The victims were different, the incidents occurred in different locations, albeit two of the homicides occurred in the same apartment complex and were forty-one (41) days apart. One of the incidents allegedly involved a manual strangulation, one allegedly involved strangulation with a ligature, while the other allegedly involved a downing. As for the alleged sexual assaults, Flowers' DNA was recovered from Marilee Coote, however Flowers admits to having "rough" consensual sex with Coote, and there was "unknown" male DNA that was also recovered from Coote. The DNA recovered from Sheila Quarles, again there was "unknown" male DNA also recovered. There is nothing connecting the three incidents.

Because the incidents were not part of the same transaction, nor were they part of a common scheme or plan, the Defendant respectfully requests that this Court denies the State's request to consolidate the incidents of March 24, 2005 and May 3, 2005.

B.

Consolidation Should Not Be Granted Because the Evidence Is Not Cross-admissible

The Nevada Supreme Court has held that if evidence of one crime would be cross-admissible at a trial on another charge, the charges may be tried together. Mitchell v. State, 105 Nev. 735, 738, 782 P.2d 1340, 1342 (1989). In the case at bar, the evidence of one offense is not necessary in proving the other offense, nor is it necessary in providing the jury with a complete picture. The three offenses are not connected in any way and the evidence is not cross-admissible. Moreover, admitting the evidence of one offense in the trial of the

ī

other would be more prejudicial than probative. Mitchell, at 738, citing Berner v. State, 104 Nev. 695 (1988); and citing NRS 48.045(2). The evidence would essentially amount to evidence of prior bad acts. This type of evidence is not allowed to show that a defendant has the propensity to commit the crime. Middleton v. State, 114 Nev. 1089, 1108, 968 P.2d 296, 309 (1998). The State argues that the evidence would be cross-admissible because they can use evidence of one offense to show motive or intent, thus circumventing the propensity rule. NRS 48.045 (2004). However, that argument is tenuous, at best. Moreover, the prejudicial nature of the evidence far outweighs its probative value and the evidence is therefore not cross-admissible. See Tabish v. State, 73 P.3d 584, 593, citing Tinch v. State, 113 Nev. 1170, 1176, 946 P.2d 1061, 1064065 (1997).

The <u>Tabish</u> case is useful in understanding when evidence is not cross-admissible because the prejudicial value outweighs the probative value. The defendants were charged with the September 17, 1998 murder of Ted Binion, as well as the July 1998 kidnaping and beating of Leo Casey. <u>Tabish</u>, at 586. Defendant Tabish was convicted in both offenses. <u>Id.</u>

Both defendants appealed their convictions, arguing, among other things, that the joinder of the offenses was improper. <u>Id.</u> at 589. The State argued that the evidence was cross-admissible for the purposes of showing motive, plan and identity. <u>Id.</u> at 593. Our Supreme Court disagreed. <u>Id.</u> The court noted that although the evidence could have been used to show motive, plan or identity, the prejudicial value of the evidence was far greater than the probative value. <u>Id.</u> The court further reasoned that the evidence would cause a "spillover effect." <u>Id.</u>

The same reasons that make joinder of the counts inappropriate, make the severance of the same counts appropriate. The controlling state statute which describes relief from prejudicial joinder is NRS §174.165, which states in part, "[i]f it appears that a defendant or the State of Nevada is prejudiced by a joinder of offenses or of defendants in an indictment or information, or by such joinder for trial together, the court may order an election or separate trials of counts, grant a severance of defendant's or provide whatever other relief justice requires."

When counts are not related, "the court must assess the likelihood that a jury not

SPECIAL PUBLIC DEFENDER CLARK COUNTY NEVADA otherwise convinced beyond a reasonable doubt of the defendant's guilt of one or more of the charged offenses might permit the knowledge of the defendant's other criminal activity to tip the balance and convict him. If the court finds a likelihood that this may occur, severance should be granted." Floyd v. State, 118 Nev. 17, 42 P.3d 249 (2002), citing, People v. Bean, 46 Cal. 3d 919, 760 P.2d 996 (Cal. 1988).

This is exactly the danger the defendant faces in the instant case. The Defendant faces the risk of the jury accumulating evidence against him, as well as using evidence of one offense to infer propensity to commit a crime in the other offenses. The counts of each event are prejudicial in their nature and will be highly inflammatory to any jury. By joining the counts of each event, the State will be able to provide a circular argument, wherein the likelihood that the Defendant committed the offenses at one of the events is made more probable by the possibility that the Defendant committed the offenses at the other event. These are risks that the Defendant should not face in a trial where his liberty is at stake.

C.,

Consolidation Should Not Be Granted Because a Heightened Standard of Review Is Required Due to the Fact the Death Penalty Is Being Sought

In a series of recent decisions, the California Supreme Court has made it abundantly clear that in a capital case it will no longer tolerate the indiscriminate joining together of two murder charges, especially when the effect of the joinder is to give rise to the special circumstance allegation of multiple murder (see, People v. Johnson [1987] 43 Cal.3d 296, 309, n.5; People v. Smallwood [1986] 42Cal.3d; Williams v. Superior Court (1984] 36 Cal.3d 441).

In <u>Williams</u>, the Court ordered severance of two similar but unrelated murder charges and also set forth the standards for meaningful review of severance motions. In the course of its discussion, the Court emphasized:

"The final consideration in our analysis is that since one of the charged crimes is a capital offense, carrying the gravest possible consequences, the court must analyze the severance issue with a higher degree of scrutiny and care than is normally applied in a non-capital case. Even greater scrutiny is required in the instant matter, for it is the joinder itself which gives rise to the special circumstance allegation of multiple murder under Penal Code Section 190.2, subdivision (a)(3)." (36 Cal.3d at 454.)

In Smallwood, the Contract that the trial court erred in deciting Williams, the Court structure possible consequences." (4 ignoring that fact:

"This factor should have with a higher degree non-capital case. He virtually no scrutiny are showing of prejudice a state goals would be were justifiable in a left life and death were a The Court acknowled typically accorded great defend of severance in capital case "Williams represented reviewing courts must in light of all the circular eviewing courts to we will accorded to the circular eviewing courts to we will be the circular to the court acknowled to the circular treviewing courts to we will be the circular to the circular treviewing courts to we will be courted to the circular treview to the court acknowled to the circular treview to the circular treview to the courted treview treview treview to the courted treview tr

In <u>Smallwood</u>, the Court reversed a death penalty case in its entirety solely on the basis that the trial court erred in denying defendant's pretrial motion to sever two murder counts. Citing <u>Williams</u>, the Court stressed "the fact that this case is a capital one, 'carrying the gravest possible consequences." (42 Cal.3d at 430.) The Court was highly critical of the trial court for ignoring that fact:

"This factor should have prompted the trial court to analyze the severance issue with a higher degree of scrutiny and care than is normally applied in a non-capital case. Here, the record demonstrates that the trial court ruled with virtually no scrutiny and care, denying a severance motion in the face of a clear showing of prejudice and despite the prosecutor's concession that no legitimate state goals would be served by joinder. Even if such an ill-considered ruling were justifiable in a less serious case, it was impermissible where questions of life and death were at stake." (Id., at 431.)

The Court acknowledged that in the past trial court rulings on severance motions "were typically accorded great deference." (<u>Id.</u>, at 425.) But Williams had drastically altered the law of severance in capital cases:

"Williams represented a major advance by announcing for the first time that reviewing courts must analyze realistically the prejudice which flows from joinder in light of all the circumstances of the individual case. Williams also directed reviewing courts to weigh any claimed benefits to the prosecution from joinder in order to determine whether such benefits are real or theoretical. No longer may a reviewing court merely recite a public policy favoring joinder or presume judicial economy to justify denial of severance. Put simply, the joinder law must never be used to deny a criminal defendant's fundamental right to due process and a fair trial." (Id., at 425.)

Finally, in <u>People v. Johnson</u>, *supra*, the Court briefly considered the effect of <u>Williams</u> on the retrial of a case in which the prosecutor had joined a capital murder case with a related non-capital rape charge. The Court concluded: "(a)s for prejudice, the inflammatory nature of the rape--a brutal cross-racial rape in a church--coupled with the fact that the murder is a capital offense, weigh heavily against a joint trial upon retrial." (43 Cal.3d at 309-310, n. 5.)

Las Vegas, Nevada; Monday, January 8, 2007 1 2 3 THE COURT: Flowers. I read the briefs. 5 6 Does the State want to say anything? MS. WECKERLY: No. Your Honor. I know the Court's quite familiar with the 8 facts of this case and the new case. 9 The only thing I would add is, when I read. 10 the opposition, it seemed to me that the focus of the 11 opposition was on obviously the Binion case and the 12 consolidation in that case. 13 THE COURT: And I know that case well. 14 You know, I still think I did right on that 15 case, and you know, you never know what the Supreme 16 17 Court is going to do. 18 We can go to trial on this case, and then a 19 year from now, a year-and-a-half from now, they are 20 going to reverse and say, Bonaventure shouldn't have 21 consolidated, and you got to start over again, and you know, I don't know what to say. 22 23 MS. WECKERLY: The only distinguishing argument I would make for the record, Your Honor, is 24

NELSON & NELSON, CERTIFIED COURT REPORTERS
Office: 702.360.4677 Fax: 702.360.2844

that I believe the Binion or Tabish opinion seems to

25

focus on the exception of common scheme or plan and how narrow that exception is, and of course the State's position in this case is not under that exception of cross admissibility, we're more focused on identity and intent and motive, and I think that's where the distinguishing feature of the case law is, and under the Gallego (Phonetic) case, and Williams case, and the other cases cited by the State, it is permissible to consolidate in this type of situation where you have three victims all sexually assaulted and all murdered by the same means effectively, and there is quite a bit of similarity between the three victims in this case, and of course the Defense in this case will be identity, making all the evidence all the more relevant.

THE COURT: Well, certainly if this goes to trial, whenever it does, we could always take a look at it, and if they open the door or something like that, and they want to open the door, maybe bring it in as a rebuttal, or evidence of other acts, I don't know, but does anybody want to say anything regarding this?

MR. PATRICK: Yes, Judge.

The same means?

All three of these murders were completely

NELSON & NELSON, CERTIFIED COURT REPORTERS
Office: 702.360.4677 Fax: 702.360.2844

, 1	different.
2	One was manual strangulation.
3	One had a ligature.
4	And one was a drowning.
5	The means are not close at all.
6	Also, between the first incident, Miss
7	Quarles (Phonetic), and the other two, there was 41
8	days elapsed, and you know the Court in Pablimo
9	(Phonetic) said 17 days was okay because they were
10	both in the parking garage, but if you look at
11	Tabish, it was 350 days, and Mitchell was 45 days,
12	and it's too distant in time to connect the three
13	incidents.
14	And I think that all that is going to
15	happen is, Mr. Flowers is going to be greatly
16	prejudiced by the accumulation of evidence in this.
17	You know, the case against Miss Gonzalez is
18	very weak.
19	The case against Miss Quarles is not all
20	that strong.
21	But by putting them all together the
22	State's going to be able to accumulate all of the
23	evidence, and the jury will look at it and say, you
24	know, they wouldn't have arrested him for all three

NELSON & NELSON, CERTIFIED COURT REPORTERS Office: 702.360.4677 Fax: 702.360.2844

of these unless he was guilty, and I think there is

,1

an extreme risk of prejudice that outweighs any other considerations the Court would have, whether it be judicial economy or not.

I don't think that Mr. Flowers can get a fair trial if we try all three of these together.

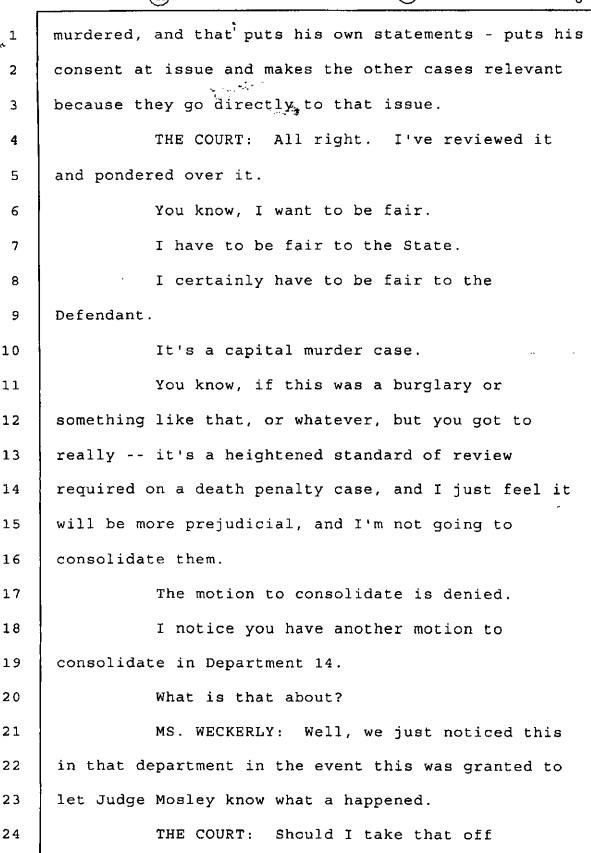

THE COURT: All right. Anything else?

MS. WECKERLY: Well, Your Honor, the risk of prejudice really isn't legally defined as making acquittal more likely, it's whether there is a question about the jury verdict in a particular case, and by consolidating these three cases I don't think that we can say that there is a risk of an unfair or unfounded verdict.

The Defendant himself in the first instance with regard to the sexual assault and murder of Marilee Koot (Phonetic) said that -- initially he said he didn't have sex with her, but afterwards, after several comments being made, he said that he may have had sex, and then well, I did have sex with her, but someone else killed her.

And the fact that he then puts consent at issue in terms of that particular victim makes the other case of Sheila Quarles all the more relevant because here we have another instance where his DNA is found in someone sexually assaulted and ultimately

calendar?

25

<u>_</u> 1	MS. WECKERLY: That can be off calendar.
2	THE COURT: I'll take that off calendar,
3	January 17th.
4	So as far as I know now, I don't know what
5	you want to do, but we have a calendar call coming
6	up.
7	We'll talk about it.

- Q. Operator, this is Sherwood, uhm, at Clark County Detention Center on 08/24/2006. talking to Norman Flowers, ID#1179383. Is it okay— whatta you go by Norman?
- A. Uh, Norman, Keith.
- Okay. What would you rather I call you? Q.
- A. Uh, you can call me Keith.

EVENT #: 050324-1801

--- STATEMENT OF: NORMAN "KEITH" FLOWERS

Q. Okay. I'm gonna be talkin' to Keith Flowers. Uhm, date and time is 08/24/06 at 0830. We're at the Clark County Detention Center.

Uhm, Keith, prior to the interview, I told you that we're not going to discuss your case at all, is that correct?

- A. Correct.
- Q. Okay. And I also advised you of your Miranda rights, which I have to do because you're in custody, and had you sign a card sayin' that I advised you. Is that correct?
- A. Correct.
- Q. Okay. Uhm, first thing I wanna talk to you about, Keith, is I'm trying to find out who a friend of yours is. And he may be a friend of yours and he may not be a friend of yours. He's a black guy and he's got like a skin condition on his arms. Does that ring a bell of anybody?
- A. What's the point of tryin' to find him? Why you tryin' to find him for?
- Q. Well, because I need to ask him some questions on a case I'm investigating. And your name came up in the case that he's a friend of yours.
- A. Uh, you... you're givin' me limited information.
- Q. Okay. How 'bout... how 'bout I start and give you some more information. Okay.

 Uhm, do you know Debra Quarles?
- A. (No verbal response)
- Q. Let me show you a picture of her. Will that help?

EVENT #: 050324-1801

STATEMENT OF; NORMAN "KEITH" FLOWERS

- A. Yeah.
- Q. Okay. Uh, okay, this is a picture of Debra Quarles, ID#857276. Do you know this lady?
- A. I'm not sayin'.
- Q. Well, I mean do you think you know her? I mean she said she knows you.
- A. I'm not sayin'. I mean until I know what it's about, I'm not saying anything.
- Q. Okay. Here's what I'm investigating. I'm investigating the... the death of her daughter. Uhm, it's possible that someone you know may have been involved in it. And I just... I'm tryin' to find out who that person is so that I can go and talk to him. I mean Debra tells me that she's a good friend of yours and that you would probably help me. And I wanted to come talk to you and appeal to you because Debra can't rest in peace 'cause her daughter's killer hasn't been caught. And the reason I think it's the guy with the skin condition is just prior to Sheila being found, there was a guy hanging out outside that matches the description of him, wearing like a long-sleeved shirt, which it wasn't extremely cold that day. It was a long-sleeve flannel shirt. And I'm thinkin', you know, maybe this guy is tryin' to hide his skin condition or something like that.
- A. I don't understand what makes you guys think a person would even have a skin condition because they have the long shirt.
- Q. Well, here's why. Because this guy... this guy that I'm looking for, I was told is a

EVENT #: 050324-1801

STATEMENT OF: NORMAN "KEITH" FLOWERS

friend of yours. And I was told that you gave Debra rides home from work, so maybe... maybe he saw Debra and maybe he saw Sheila and maybe he got interested in Sheila.

- A. Who is Sheila?
- Q. Uhm, Sheila is Debra's daughter.
- A. Oh. Only knew her by her nickname.
- Q. Puka? (Unknown spelling) Okay. So you didn't really know her well.
- A. (No verbal response)
- Q. Okay. Uhm, anyway, uhm, you know, I'm just— I'm tryin' to solve... solve a crime that happened. And I mean I know... I know you're probably not real anxious to cooperate with the police, but I wanted to appeal to you as a friend of Debra's, uhm, you know, to maybe just pointin' in the right direction.
- A. Can't do it. No. I'm not— I don't wanna be involved.
- Q. Okay. Well, I understand that. And I mean I... you know, I can... I can find out.

 Uhm, how well do you know Debra?
- A. No, I won't answer no questions about any of that.
- Q. Okay. Well, could I ask you a couple... just a couple more things, then we'll be done?
- A. No. I got my own problems to deal with, so I don't wanna get involved in anybody else's matters.

EVENT #: 050324-1801

STATEMENT OF NORMAN "KEITH" FLOWERS

- Q. So you don't wanna help Debra at all. You don't wanna... you don't wanna like try and help catch who killed her daughter?
- A. (No verbal response)
- Q. Really?
- A. I'm not sayin' yes, I'm not sayin' no. I'm just— I don't wanna be involved in anybody else's problems. I have my own case to deal with.
- Q. Well, and I understand that.
- A. And—
- Q. And that's why I told you, you know, man to man, Norman, I came down here and I told you that I'm not gonna ask you questions about your case because I know you have your own problems. But I also wanted to appeal to your human decency.
- A. If I do anything, I... I have to talk to my lawyer first, so— Before I do anything. I mean that's what I learned so far, so before I speak about anything or—
- Q. Well, I know. But we're not talkin' about the case that—
- A. I understand. It has nothin' to do with my case or anything, but the fact is still, I have a... I have an attorney and I... I believe I should talk to my attorney before doin' anything in... in the present or in the future.
- Q. Okay. Well, you know, I understand that. But like I said, I'm also not asking you questions in regard to the case that you're under arrest for.
- A. J understand.

EVENT #: 050324-1801

STATEMENT OF: NORMAN "KEITH" FLOWERS

- Q. I mean I'm talking to you about something that's totally non-related.
- A. I understand. It's obviously a legal matter because you read me my rights. So, therefore, I should speak to a legal counselor, you know what I'm sayin'. My lawyer.

 I mean I understand has nothin' to do with my case, but still, you know. I understand everything you said and I still would rather, you know...
- Q. So your friendship with Debra, you don't really wanna help her? I mean she—can I just tell you somethin'? Debra told me you guys were actually intimate. That you guys had a relationship for a while.
- A. Okay, that's what she told you. Well, I mean what's that supposed to mean?
- Q. Well, I'm just— I mean like I said, I thought if I appealed to your, you know, maybe a friend, that, you know, you might at least give me the courtesy of talking to me about a couple of the people— I mean I wanted to show you some pictures of people and see if you knew 'em and, you know, see if you just wanted to help me with somethin' totally non-related to... to what you're in here for.
- A. Like I said, I got my own problems.
- Q. Well, can— well, did you know Puka?
- A. Like I said, I got my own problem. Not sayin' anything. I'm not nobody's information giver or anything like that. I don't... I'm not doin' nothin' and sayin' nothin' until I talk to my lawyer.
- Q. Okay. So you wanna be done?

EVENT #: 050324-1801

STATEMENT OF: NORMAN "KEITH" FLOWERS

- A. Yeah, I guess. 'Cause I mean he might want me to speak to you. He might not want me to speak to you. I don't know. You know what I'm sayin'. I figure gettin' in other people problems create problems, so—
- Q. Okay. Well, and I understand that. But like I said, I just... I mean I... I... my basic points of coming down here and talking to you were just to see, you know, if you would help Debra put... lay her daughter to rest. And, you know, I'll be honest with you, we have no idea who did this. Uhm, we're grasping at straws because I happen to think Debra's a pretty nice lady and I've been tryin' to do some work on this and get somethin' goin'. And that's all. I mean and chances are we'll never figure who did this. You know, we don't know... we don't know why they did it, we don't know what the motive for it was. I mean from what I heard, she had no enemies. So it's, uh, it's just like I said, it's one of those deals where, you know, I'm tryin' to do the right thing for the family. But like I also said, you know, if you don't wanna help, I mean I can't make you.
- A. All I said was I'm gonna have to talk to my attorney first.
- Q. Who's your attorney?
- A. Uh, Randy Pipe (?). Randy Pipe (?).
- Q. Okay. And do you want me to come back and talk to you or you just wanna be done with me and you talkin'?
- A. That's up to him, so— that's up to him.

EVENT #: 050324-1801

STATEMENT OF: NORMAN "KEITH" FLOWERS

- Q. Okay.
- A. It's up to him.
- Q. Okay. Well, I'll shut the tape off and we'll be done then. Is that what you want?
- A. Yes.
- Q. Okay. That's the end of this, uh, tape. The date and time is same date, time is now 0840 hours.

POINTS AND AUTHORITIES STATEMENT OF FACTS

A. Fact of Case C214390 in District Court XI

1. <u>Marilee Coote</u>

On May 3, 2005, Silver Pines Apartments employees discovered 45 year old Marilee Coote lying on her living room floor. Ms. Coote was a reliable employee of the Andre Agassi Center. When she did not arrive at work by 7:30 a.m., a co-worker became concerned and asked the apartment workers to do a welfare check. After the apartment employees discovered the body, they contacted the police.

Initially, paramedics arrived, but Ms. Coote was already deceased. Police followed. Ms. Coote was found lying on her living room floor, facing up and completely nude. Inside her belly button were ashes from burnt incense. The skin between her upper thighs and her pubic area was burned. Coote's apartment was locked, but her purse and keys were missing. Inside Coote's washing machine, police found personal photos, bills, and identification belonging to Coote. The items appeared to have been washed because they had a soap residue on them. In the bathtub, under ten inches of water, police found other items of paperwork, a phone book, and jewelry boxes covered with a towel. The apartment was otherwise very neat and undisturbed.

The detectives initially did not view this incident as a homicide. Therefore, they documented the scene, but did not collect evidence. After conducting an autopsy, however, Dr. Knoblock concluded the Coote died as the result of strangulation. He also noted tearing of Coote's labia and anal area. Dr. Knoblock concluded that these tears were sustained ante-mortem. Coote also had contusions on her arms and forearms.

Ms. Coote was an acquaintance of defendant Norman Flowers's girlfriend, Mawusi Ragland, who also lived in the Silver Pines complex.

2. <u>Juanita Curry</u>

While various officers were in Coote's apartment during the morning of May 3, 2005, another resident of the complex, Juanita Curry, came in contact with the defendant, Norman Flowers. This occurred between 7:00 and 10:00 a.m. Curry also was an acquaintance of Flowers's

C:\Pro2ram Files\Neevia.Com\Document Converter\temp\365450-434063.DOC

girlfriend, Mawusi Ragland. Curry lived two floors below Coote. Curry noticed the police and paramedics going in and out of Coote's apartment. From apartment employees, Curry believed that Coote died of natural causes. Sometime that same morning, defendant Flowers knocked on Curry's door. He asked if he could use her phone. He said he was supposed to meet up with Mawusi that morning. She agreed and gave him the phone.

Curry is physically disabled and sometimes walks with a cane. Because of her compromised physical state, she was not comfortable allowing Flowers in her apartment, so she let him use her cordless phone in the doorway. After Flowers used the phone, he came back a few times later, each time with a new request. He asked to use the phone again. He asked for water. At one point, he asked to use her bathroom. She agreed, but when he went in the bathroom, she stepped out of the apartment. As she did so, he asked her to come in and help him find the bathroom light. She refused. When Flowers was at her doorstep, she also noticed that when the police walked back and forth, he would turn his head away. He commented, "the police make me nervous." During the final conversation in Curry's doorway, Flowers leaned down and tried to kiss Curry on the mouth. She turned away.

Curry observed Flowers walk across the parking lot to the doorway of resident Rena Gonzalez's apartment that morning. Curry left the complex a little before 11:00 in the morning. When she returned, she learned that the police also had discovered the body of resident Rena Gonzalez. She gave a statement to police and identified Mawusi's boyfriend as someone she saw in the area of Rena Gonzalez's apartment.

3. Rena Gonzalez

Officers learned of the homicide involving Rena Gonzalez at approximately 4:00 p.m. that same day. Rena Gonzalez's two daughters, the oldest of whom is seven years old, came home from school and found their mother on her knees leaning against her bed in her master bedroom. She was unresponsive. They ran and got their friend, Shayne. Shayne returned with them. They tried to remove a phone cord around Gonzalez's neck and called 911.

Gonzalez's apartment was clean and undisturbed with the exception of the following: a broken blue plastic hair comb and a single green sandal were both in the front hallway. Officers could not locate Gonzalez's purse or keys.

Gonzalez was at the foot of her bed, with her body bent at the waist. Her upper torso was on the bed with her face down and arms outstretched. A black phone cord and black lanyard were around her neck. She was dressed in shorts, which were slightly pulled down, and a shirt. She had the matching blue hairclip hanging from her hair and blood coming from her ear.

At autopsy, Dr. Simms noted extensive bruising to Gonzalez's breast, right arm and right leg. Dr. Simms concluded that Gonzalez died as a result of strangulation. He also noted tearing to her vaginal and anal area. Dr. Simms concluded that these injuries took place post-mortem.

Detectives learned that Rena Gonzalez was a close friend of Mawusi Ragland. In fact, the two women would trade off watching each other's children. They determined that Gonzalez had walked her daughters to the school bus the morning of the 3rd and would have returned home around 8:30 a.m. Rena Gonzalez did not work.

4. <u>Mawusi Ragland</u>

Mawusi Ragland also lived at the Silver Pines Apartments. She lived in the apartment across from Coote. She told detectives that approximately three weeks before the homicide, she and Flowers had gotten into an argument and had not spoken since. In the argument, Mawusi implied that she would socialize with other men. Mawusi had discussed Flowers with her friend Rena Gonzalez as well, although Flowers and Gonzalez had not met. According to Mawusi, Gonzalez advised her not to date Flowers.

When Mawusi returned home on the evening of May 3, she saw police vehicles. She was told her friend, Rena, had been murdered and that her other friend, Marilee, had died of natural causes. On her apartment door, Mawusi noticed a note. It was from Flowers. It stated that he tried to catch her before she went to work, but that it looked like he picked a bad day because "big shit is happening over here." He also asked if she had dated other men since their argument. Flowers called Mawusi that evening. She was very emotional and explained that both Marilee and Rena were dead. Flowers did not appear to be shocked upon hearing this news. She asked him to come

over and help her through this difficult time. He told her he'd be right over. When Flowers did not arrive in the next 90 minutes, Mawusi called him to ask where he was. He said he had not left home because when tried to call her, she did not answer her phone. He also mentioned that he had seen Rena that morning and had a short conversation with her. Mawusi asked him what time he was at the complex and Flowers responded, "I didn't kill her."

After speaking with Mawusi, detectives interviewed Norman Flowers. Initially, he told officers that he had no contact with Marilee Coote on the morning of the murder. He said he had not seen her for months. He also explained that he met Rena Gonzalez several months earlier through Mawusi. He admitted that he had spoken with Rena that morning, but denied ever entering her apartment. Flowers agreed to provide a DNA sample.

Subsquently, Flowers's DNA sample was compared with swabs from Marilee Coote's sexual assault kit. Both vaginal and rectal swabs matched to Flowers. In addition, DNA was collected from the carpet area where Coote was laying, specifically, the carpet beneath her upper thighs. That sample also matched to Flowers.

Detectives interviewed Flowers again. He still maintained that he had never been in Gonzalez's apartment that morning. With regard to Marilee Coote, he first explained that he had had sex with her in the past, but not that day. Then, he acknowledged that he had sex with her the night before she died, but that she was alive and fine when he left. He denied having rough sex with her. Later in the interview, he claimed that he might have had rough sex with her, but that she was fine when he left. In a third interview, he said he did have rough sex with her, but that she was alive when he left. He also stated that there was a third man watching the two have sex. He said this man was a medium height, weight, and age black man, but he did not know his name. He claims this man remained in the apartment after he left. Thus, his latest claim was that the sex was consensual and another individual must have killed Coote.

DNA was found in Rena Gonzalez's rectal swabs. Flowers is excluded as the source of this DNA. In addition, DNA was found on the phone cord around Gonzalez's neck. He is excluded as the source of that DNA as well. The partial profiles obtained from Gonzalez's rectal swabs and the phone cord are consistent with a single male source and may be the product of laboratory transfer or

contamination. Upon retesting, no indication of the partial male profile was present in the rectal swabs.

B. Facts of Instant Case C228755 Before This Court VII

Sheila Quarles

Less than two months prior to the murders of Marilee Coote and Rena Gonzalez, on March 24, 2005, Debra Quarles returned home from grocery shopping to her residence at 1001 North Pecos, Las Vegas, Clark County, Nevada, and found her eighteen year old daughter, Sheila Quarles, unresponsive in a bathtub containing warm water. Debra had returned home at 2:30 in the afternoon. She was able to remove Sheila from the tub with the help of a neighbor who had helped her carry in groceries. Debra immediately called 911.

An autopsy later revealed that Sheila died from drowning. However, strangulation was a significant contributing factor to her death. Sheila also had multiple vertical lacerations on her introitus, evidence of a violent sexual assault.

Investigation revealed that Sheila spoke to her mother, Debra, at approximately 12:30 p.m. and her mother arrived home to find her dead at approximately 2:50 p.m. A stereo was also missing from the residence. In addition, detectives learned that Sheila was involved in a lesbian relationship with an individual named Quinise Toney.

At autopsy, investigators collected samples from Sheila's vagina. Those swabs contained a mixture of DNA which included semen. Quinise Toney was excluded as being a source of any of this DNA. Sheila Quarles was the major component of the DNA. The male portion of the DNA was entered into a DNA database. When Flowers's DNA sample was collected in connection with the May murders (Coote and Gonzalez), his profile was entered into the DNA database as well. After this entry, investigators were notified that Flowers's profile was consistent with part of the minor component DNA from Sheila Quarles's vaginal swabs. In fact, 99.9934 percent of the population is excluded as being a source of that DNA, but Flowers is not. There was an additional, unknown male contributor to the vaginal swabs of Sheila Quarles as well.

After detectives were notified of the DNA match, they recontacted Debra Quarles. Quarles explained that she knew and had actually dated Norman Flowers several months before the murder.

She also explained that he would occasionally give her a ride home from her work at the time and that he knew her family members. Quarles said that just prior to the murder, she saw Flowers at her apartment complex. At that time, he explained that he was working in maintenance at the complex. After her daughter's murder, Quarles suffered from depression. Flowers offered to drive her to appointments with her therapist. On several occasions, Flowers inquired to Debra whether the police had figured out who had murdered her daughter.

The State moves to admit evidence of Flowers's subsequent murders and activity at the Silver Pines Apartment Complex in May in the instant murder case before this Court concerning victim Sheila Quarles. Prior to this case being transferred to Department VII, the case was in Department XIV. At that time, the defense moved to preclude the State from introducing such evidence. The State opposed. Judge Mosley did not grant the defense motion, commented that all three cases should be consolidated, but did not clearly state that the State could affirmatively move to admit such evidence. Thus, the State filed a motion for clarification.

Subsequently, this Court reviewed all of the incidents and ruled that the State would be permitted to bring in evidence of the Marilee Coote murder as an other bad act, but not defendant's conduct regarding Rena Gonzalez, Mawusi Ragland, and Juanita Curry. In addition, after this Court heard testimony and argument on this matter, the State was able to identify the second source of DNA in the Quarles case. Quarles's boyfriend, George Brass had sex with her in the morning just hours before she was murdered. Brass was able to establish that he was at work prior to Quarles's death—an alibi. At trial, Defendant Flowers suggested to this Court that his sexual contact with Quarles was consensual and that Brass or some other individual was the real killer.

ARGUMENT

As this Court is well aware, NRS 175.381 provides that the Court may enter a judgment of acquittal if the evidence adduced at trial is insufficient to sustain a conviction. Similarly, a defendant may file a motion for new trial within seven days after the verdict or finding of guilt. See NRS 176.515. In order to grant a motion for judgment of acquittal, the Court would have to determine that, as a matter of law, the evidence was legally insufficient to support a conviction. See State v. Rhodig, 101 Nev. 608, 707 P.2d 549 (1985). The standard for sufficiency of the evidence

on appeal "is whether the jury, acting reasonably, could have been convinced of the defendant's guilt beyond a reasonable doubt." Kazalyn v. State, 108 Nev. 67, 71, 825 P.2d 578, 581 (1992), overruled on other grounds by Byford v. State, 116 Nev. 215, 994 P.2d 700 (2000). Sufficient evidence exists if the evidence, viewed in the light most favorable to the prosecution, would allow any rational trier of fact to find the essential elements of the crime beyond a reasonable doubt. <u>Davis v. State</u>, 110 Nev. 1107, 1116, 881 P.2d 657, 663 (1994); see also <u>Azbill v. State</u>, 88 Nev. 240, 252, 495 P.2d 1064, 1072 (1972) (holding that in all criminal proceedings, the weight and sufficiency of the evidence are questions for the jury, and its verdict will not be disturbed upon appeal if there is evidence to support it; the evidence cannot be weighed by an appellate court).

In his motion, Defendant Flowers does not appear to be claiming that there was insufficient evidence for a jury to find him guilty at trial. Rather, he raises the propriety of the Court's evidentiary ruling regarding admitting evidence of the Coote murder pursuant to NRS 48.045(2) and the ruling regarding the admissibility of his statement to Detective Sherwood.

As this Court is well aware, section 48.045(2) of the Nevada Revised Statutes provides:

Evidence of other crimes, wrongs, or acts is not admissible to prove the character of a person in order to show that he acted in conformity therewith. It may, however, be admissible for other purposes, such as proof of motive, opportunity, intent, preparation, plan, knowledge, identity, or absence of mistake or accident.

In applying NRS 48.045(2), courts must assess whether the probative value of the evidence is substantially outweighed by a risk of prejudice. Significantly, however, courts have recognized a distinction between evidence that is incriminating versus evidence that is actually prejudicial. For instance, in <u>United States v. Harrison</u>, 679 F.2d 942 (D.C. Cir. 1982), the prosecution presented evidence that the defendant had been engaged in drug dealing in the past over a period of time in order to establish motive, intent, preparation, and absence of mistake on his current drug charges. The court held that allowing the admission of the extrinsic evidence was proper. It explained:

There is nothing "unfair" in admitting direct evidence of the defendant's past acts by an eyewitness thereto that constituted substantive proof of the relevant intent alleged in the indictment. The intent with which a person commits an act on a given occasion can many times be best proven by testimony or evidence of his acts over a period of time prior thereto . . .

<u>Id</u>. at 948. Therefore, while certain evidence may increase the likelihood of conviction and thus be incriminating, such evidence may not unfairly cast the defendant in a bad light and therefore be prejudicial.

In the instant case, Flowers's subsequent conduct was admissible in the instant case. Evidence of the Coote murder was admissible in a trial focusing on the March murder because such evidence would be relevant to identity, intent, and motive and vice versa. In <u>Gallego v. State</u>, 101 Nev. 782, 711 P.2d 856 (1985), the Nevada Supreme Court noted how a defendant's prior murders could be relevant in establishing a common plan, intent, identity, and motive in a subsequent murder case. In <u>Gallego</u>, the defendant was charged with kidnapping, assaulting, and killing two young women by bludgeoning them with a hammer. The trial court permitted the State to introduce evidence that Gallego had previously kidnapped two young women from a shopping mall and shot and killed them. <u>Id</u>. at 789, 711 P.2d at 861. On appeal, Gallego challenged the introduction of such evidence.

The Nevada Supreme Court affirmed the conviction and introduction of the evidence on several grounds within NRS 48.045(2). The court noted that the evidence was relevant to Gallego's intent and motive, because both instances were prompted by a "sex slave" fantasy on the part of Gallego. The court also commented that the evidence was relevant because the prior murders were "not remote in time from the killings here considered" and that "substantial similarities" were shown to exist between the two events, suggesting that the evidence was relevant to issues of identity as well as a common scheme or plan. See id.

In another case, the Nevada Supreme Court has commented how a particular modus operandi to a crime can be relevant and admissible under NRS 48.045(2) when the identity of the perpetrator is at issue. The court has stated that modus operandi evidence is proper in "situations where a positive identification of the perpetrator has not been made, and the offered evidence establishes a signature crime so clear as to establish the identity of the person on trial." Mortensen v. State, 115 Nev. 273, 280, 986 P.2d 1105, 1110 (1999).

In the case of Flowers, both victims were casual acquaintances of Flowers. Both were killed in their residences. Both were killed during daylight hours. In addition to being murdered, both had

some minor property taken from them as well. More significantly, of course, both were sexually assaulted prior to their deaths. The victims both had damage to their vaginal and/or anal areas substantiating the sexual assault charges. Both victims were killed, at least in part, by means of strangulation. Admittedly, the cause of death for Sheila Quarles was a drowning; however, the strangulation was a significant contributing factor to the death. Certainly, the similarity of the three murders constitutes evidence of identity admissible under NRS 48.045(2).

In addition, evidence of the Coote murder was relevant to the March 2005 killing because it constituted evidence of intent and lack of accident as well—also admissible under NRS 48.045(2). In Petrocelli v. State, 101 Nev. 46, 52, 692 P.2d 503, 508 (1985), reversed on other grounds by Petrocelli v. Angelone, 242 F.3d 867 (9th Cir. 2001), the Nevada Supreme Court explained how in a murder prosecution where defendant was claiming that a homicide was an accident, evidence of a prior killing committed by him which he also claimed was accidental was relevant and admissible under NRS 48.045(2).

Further, given that Flowers suggested that he had consensual sex with Quarles and someone else killed her, evidence of the Coote killing is relevant to his intent during his encounter with Quarles and whether she consented to the sex. The fact that he subsequently—at a minimum—had at least one violent sexual encounter which resulted in vaginal trauma to victim Marilee Coote as well as her strangulation and death is evidence that Quarles's murder was intentional and not an accident. See id.

Finally, evidence of the Coote murder was relevant to the March 2005 murder in terms of the charged sexual assault counts. In Williams v. State, 95 Nev. 830, 603, P.2d 694 (1979), a sexual assault victim testified that she met the defendant while discussing a possible job as his secretary. At some point, the defendant offered her \$5000 for a "one night stand," but she refused. The defendant told her that he was trained in martial arts and demonstrated how he could injure her and then sexually assaulted her. The defendant maintained that the intercourse was consensual. The State presented the testimony of two prior victims, from incidents occurring nineteen months before the charged incident, who testified that they met the defendant through a job interview and were

coerced into having sex with him after he demonstrated his karate knowledge. In affirming the admission of testimony regarding the prior incidents, the Nevada Supreme Court stated:

In the instant case, evidence of Williams' sexual misconduct with other persons was admitted as being relevant to prove his intent to have intercourse with the victim without her consent. This evidence was introduced after Williams admitted committing the act, but claimed to have done so with the victim's consent. By acknowledging the commission of the act but asserting his innocent intent by claiming consent as a defense, Williams himself placed in issue a necessary element of the offense and it was, therefore, proper for the prosecution to present the challenged evidence, which was relevant on the issue of intent, in order to rebut Williams' testimony on a point material to the establishment of his guilt.

Id. at 833.

Because Quarles was killed after she was sexually assaulted, the State had to rely on circumstances and medical testimony to establish the lack of consent. Consent was at issue because of the sexual assault charge itself, which requires lack of consent, and, like <u>Williams</u>, Flowers claimed that the sexual encounter was consensual. Therefore, the subsequent conduct of Flowers with regard to Marilee Coote was relevant.

Defendant Flowers's second claim of error, that the admission of his statement improperly commented on his invocation of his right to counsel, is factually inaccurate. Detective Sherwood provided Flowers with his Miranda rights, which he waived. The State elicited testimony regarding Sherwood's conversation with Flowers before he invoked. The State never elicited any information regarding Flowers's invocation. Thus, there was no error.

CONCLUSION

Based on the foregoing, the State respectfully asks this Court to deny the instant motion. DATED this 10th day of November, 2008.

LAS VEGAS, NEVADA; TUESDAY, JANUARY 13, 2009

[Proceeding commenced at 9:09 a.m.]

THE COURT: Page 3, C228755, Norman Keith Flowers.

MS. LUZAICH: Good morning, Judge.

THE COURT: This is time set for sentencing.

THE COURT: All right. We ready to go forward?

MR. PATRICK: Good morning, Judge. Clark Patrick, Randall Pike for Mr. Flowers.

MR. PATRICK: Yes, Judge.

THE COURT: All right. Mr. Flowers is present in custody. Mr. Flowers, pursuant to jury verdict entered October 22, 2008 on the following charges: Count 1, burglary; Count 2, murder; Count 3, sexual assault, all felonies. You are hereby adjudicated guilty of those crimes and the jury has already — let me see, you had a penalty phase and they imposed life without the possibility of parole; is that correct?

MS. LUZAICH: That's correct.

MR. PATRICK: That's correct, Judge.

THE COURT: All right, State, wish to be heard?

MS. LUZAICH: I do, Judge. I also have a speaker in this case and I would ask her to be heard last pursuant to statute.

THE COURT: Okay.

MS. LUZAICH: Thank you.

Judge, it's somewhat unfortunate that you get to sentence the Defendant without the benefit of having heard the trial, but in this particular case Sheila, the victim, was an eighteen-year old girl. She had everything in the world

 going for her. She had a job. Everybody loved her. Nobody had anything bad to say about her.

The Defendant was actually part of her life for a period of time because he dated her mother months before Sheila's death. In this particular case, he entered her apartment. He violently strangled her to death after sexually assaulting her; and again the sexual assault was an exceptionally violent sexual assault.

He also, I'm not sure if the Court is aware, has another case pending in District Court 11. This happened on March twenty something, sorry, of 2005 twenty days after he was released from prison on a parole violation. Six weeks after he raped and strangled Sheila to death, he entered an apartment and raped and strangled another lady, Marilee Coote, to death. Within hours of that, he entered another apartment in that same apartment complex and raped and strangled Rena Gonzales to death.

Her seven and nine or so --

THE DEFENDANT: You can't do that. I haven't been in trial.

CORRECTION'S OFFICER: Hey, hey, hey.

MS. LUZAICH: And he has not -- he has not yet been to trial on that case I recognize, but these are certainly things that the Court can take into consideration.

All three of these acts were obviously exceptionally violent, but what's interesting is part of the reason that he was on parole to begin with was, as a juvenile, he entered a bunch of different homes. In one particular home that he entered with the intent to steal, he ended up burning their house down. Their dog was in the bedroom. He lit a fire in the master bedroom and rather than letting the dog out one of the two three doggy doors in the house, he locked the dog in the

 master bathroom, so that the dog burned to death in the fire. I mean, that's the kind of person you have here.

And that is why we are asking the Court to sentence him on the burglary and the sexual assault consecutive to the murder. I recognize that life without right now today means life without the possibility of parole. It didn't used too and in the future it might not again. No, obviously we cannot tell the jury that when they sentence, but this Court can certainly take that into consideration.

What he did in this particular case is extremely heinous, but when you look at everything that he has been convicted of and the acts that he is going to be tried for; and for the record, on one of the new cases his DNA is found in her vagina in right in front of her. In the other one it was not. I recognize that, but those two are tied together because they are both friends of the woman that he was, at that time, seeing.

So everything basically comes full circle and I would submit to the Court the Defendant is absolutely earned maximum sentences four to ten on the burglary. And I have no idea why P&P said the sexual assault's a fifteen to life while I would love that to be. It's not the case. It's actually ten to life, so I would ask you to give him the ten to life on the sexual assault consecutive to the murder; four to ten on the burglary consecutive to those counts.

THE COURT: All right. Counsel.

MR. PATRICK: Thank you, Judge.

Looking back at the trial, I think the -- the phrase exceptionally violent does not -- was -- is belied by the facts of the trial. I mean, I understand that sexual assault and homicide are inherently violent crimes, but I think the adjective exceptionally does not apply from the facts of this case. True, Ms. Quarles was

strangled and sexually assaulted, but I don't think it was exceptional as opposed to any other.

Secondly, I'd like to say that according to United State's Constitution, Mr. Flowers stands before you today innocent of any crimes involving Ms. Cootes or Ms. Gonzales. I think the Prosecutor absolutely misspoke when she already convicted him prior to any trial on those matters, so I think you need to take into consideration at this point he is completely innocent of those crimes.

Also, when the jury came back with a verdict of first degree murder in this case, they did not find it to be premeditated and deliberate. They found it under the felony-murder rule in association with the sexual assault and the burglary.

Therefore, I think it's highly appropriate that this Court sentences him concurrent on all the counts. Thank you.

THE COURT: All right. Thank you.

Mr. Flowers, is anything you wish to state?

THE DEFENDANT: I just want to say that basically that -- that I know -- know the family of the victim are going through a bad time right now and I feel bad about that and I maintain my innocence; and that's it.

THE COURT: All right, we'll here the speaker.

MS. LUZAICH: Debra Quarles.

THE COURT: She may remain back there. Just stand.

MS. LUZAICH: Can she stand where she is; is that okay or here?

THE COURT: Can you hear on the microphone from there?

COURT RECORDER: Just speak loud.

THE CLERK: She can come up.

DEBRA QUARLES

having been called as a speaker and being first duly sworn, testified as follows:

THE CLERK: Please state your name. Spell it for us please.

THE SPEAKER: Debra -- Debra Quarles, D-E-B-R-A; last name, Q-U-A-R-L-E-S.

THE COURT: All right, Ms. Quarles, you may make your statement.

THE SPEAKER: Well, I'm back face to face with you once again --

THE COURT: Direct your statements please to the Court.

THE SPEAKER: -- for the most hurtful thing you could have ever done to my family and myself. It hurts me to my soul of how you came into my life with nothing but deceitfulness. I can't understand why you would do such a horrible thing like that to my baby, Pooka [phonetic]. She was so full of love, life and a big future ahead of her. She was so desperate to succeed in life. I know my baby had to put up a struggle for her life and you took it from her for no reason at all, but I hope the Court make you pay for this.

You have made me nothing, but sleepless nights, mind-filled based of what-if's, all asking God to take it back and let it be me not Pooka [phonetic] please. Pooka [phonetic] didn't deserve this neither would I have, but it would have been better had you taken me instead of her. Now all I feel is that if I'd made the mistake of meeting you and being deceived by you. This is something I never can forgive myself for being around someone who had nothing positive on his mind at all just murder.

You took not just a part of me, but more than half of me. I can't function even though I pray everyday, all day. I need medication for every moment of my life. My life is imprisoned from doing -- from you doing this to my baby, but I

know God makes all things possible. See, one day I will be able to see my baby again and it's a place I can look around and know you will never, never be. This place is called heaven where we will reconnect, but remember you will pay for what you did to my baby.

THE COURT: All right, Mr. Flowers, in addition to the \$25 administrative assessment fee, \$150 DNA analysis fee, you are ordered to submit to -- asked to determine genetic markers. Count 1, you're sentenced to a term of a hundred and twenty months Nevada Department of Corrections, minimum parole eligibility of forty-eight months. Count 2, this jury has already imposed a sentence and we'll just formalize its sentence of life without the possibility of parole; and that sentence will run consecutive to Count 1. Count 3, life without the possibility of parole with a minimum parole eligibility of -- it's a hundred and twenty months; correct?

MS. LUZAICH: Yes, Judge.

THE COURT: And that sentence will run consecutive to Count 2. And you'll receive seven hundred and sixty-one days credit for time served.

MS. LUZAICH: Thank you.

THURSDSAY, JANUARY 29, 2009 AT 9:09 A.M.

THE COURT: Page 2, top, C228755, Norman Keith Flowers.

MR. PATRICK: Morning, Judge, Clark Patrick, Special Public Defender for Mr. Flowers.

MS. LUZAICH: Morning, Judge, Miss Luzaich for the State.

This is on -- there was an error in the court minutes on count three.

The court minutes reflect that he was sentenced on a sexual assault to life without the possibility of parole, with parole eligibility after ten years has been served; therefore, the JOC is incorrect. So if the minutes could be corrected to reflect count three life with the possibility of parole, with a minimum parole eligibility of 120 months.

THE COURT: That will be corrected.

MS. LUZAICH: Thank you.

THE COURT: You'll submit an amended JOC?

MS. LUZAICH: Yes.

MR. PATRICK: Thank you, Judge.

[Whereupon the proceedings concluded]

ATTEST: I hereby certify that I have truly and correctly transcribed the audio/visual proceedings in the above-entitled case to the best of my ability.

                        -000-
                  PROCEEDINGS
             THE COURT: Okay. Let's go on the record
   in Case No. C228755. State of Nevada versus Norman
   Keith Flowers
                  Let the record reflect the presence
10
   of the defendant with his counsel, counsel for the
11
   State, absence of the jury.
12
                  Before the jury comes in, Mr. Pike
13
   has what must be a stock motion to bifurcate because
14
   it doesn't even have the case number on it.
15
             MR. PIKE: Just because I was doing it
16
   last night and I was my own secretary.
17
             THE COURT: I've read it, Mr. Pike, I
18
   understand it.
19
                  Anything you want to add about the
20
   motion?
21
             MR. PIKE:
                        No. Your Honor.
22
             THE COURT: Okay. Here's the deal: I
23
   trust the jury to do their job. I particularly
24
    trust this jury to do its job. They obviously
25
   worked very hard on this case, spent a lot of time
   during the guilt phase and then actually, you can
   tell from their verdict that they looked at each and
   every count separately and you can tell from the
   time they just didn't say well, we're gonna
    disregard the judge's instruction on 48.045.
                  In additional, I am going to when
   the case is submitted to them, explain exactly how
    they need to do their job, by deciding the
   aggravators unanimously beyond a reasonable doubt,
    set that aside and decide the mitigators.
10
11
                  One person that thinks it's a
   mitigator, let's check, but these two on the scale
12
   of justice without considering one other thing, then
13
    depending on which one tips, pick one of these two
14
    and then work off of it and you still don't have to
15
    come up with death.
16
17
                  So I'm going to explain it to them,
    I'm going to expect they're gonna do their job. And

I didn't see a case that says that you need to
19
   bifurcate. All I've got were cases that say okay,
20
   we need to be sure that the jury follows the law and
21
22
    then properly instruct them.
23
                   So motion's denied.
              MR. PIKE: Thank you.
24
25
              THE COURT:
                          Ready to go?
                                         10/23/2008 10:40:39 PM

```
MS. WECKERLY: Can I
                                     k have one minute
2 to get this?
 3
             THE COURT: Mr. Flowers, while I'm at it,
   I guess actually yesterday it's not in the
   admonition, but the truth is you can also actually
   be sworn and make a statement, although you're
 7
    pretty much limited to the same issue as you would
    in an unsworn statement.
 9
                  But if you do that, then the State
10
   could cross-examine you, although they're limited,
11
    too, on what they can cross-examine. And that's
12
   historically been the case. It's not even on our
13
    admonition now. In 40 years, I've never seen
14
    anybody opt to do that.
15
                  You know, most people opt to make an
16
    unsworn statement, a number of people, but a
17
   minority opt not to do anything. And I've never
18
    seen nobody opt to make a sworn statement, just give
19
    a -- I've never seen the upside, but I'm sure Mr.
    Pike has told you, because he's done a jillion of
21
    these, that that's also your right.
22
                  And I'm rather sure he's probably
23 told you that isn't in your best interest. So I
24
    want you to be aware of that.
             MR. PIKE: Right. And I also advised him
25
   that the allocution would be at the end of our case,
    it would be after --
 3
             THE COURT: It will be after everything's
 4
   all done. You're the last person. You're the last
    person to get up and speak and you have those three
 6
    things you can talk about in allocution and --
 7
             MR. PIKE: Also --
```

All ladies and gentlemen of the jury are 3 back in the box. 4 This is the time set for the penalty 5 phase of the trial. 6 Ms. Weckerly, are you ready to proceed? MS. WECKERLY: Yes. THE COURT: Go ahead. Make your opening. Ladies and gentlemen, this is gonna be like the other trial in terms of the way we proceed except it's abbreviated. It's not gonna be, the opening won't be as long, the closing won't be as long, the witnesses won't be as long, but same sort of approach. We'll have openings, we'll have 17 witnesses from the State, we'll have witnesses from the defense, I'll give you the instructions on how to go about it, we'll have closings and we'll be done. Go ahead, Ms. Weckerly. MS. WECKERLY: Good morning. Aristotle once said, What is justice but to give every man his due. And as Judge Bell just explained to you, at this point in the trial it will be your duty as jurors to determine what justice demands in terms of the case of Sheila Quarles. You will decide what is the proper penalty for the murder of Sheila Quarles. Now, procedurally as Judge Bell just explained, this phase of the trial is considerably shorter than the trial phase, but it proceeds in the same manner. The evidence that you may consider in the penalty phase consists of all the evidence that you've already heard in the previous trial phase of the trial. And you can take into consideration the facts and circumstances of the murder of Sheila Quarles when you determine the appropriate penalty in this case. You can consider what the last hours of this lady's, young lady's life was like, what she must have gone through and how Mr. Flowers left her drowning in a bathtub of water.

1 like you did in the trial phase. You'll hear from other victims of the defendant Norman Flowers and of course you'll hear from family members of the victims of Norman Flowers.

In terms of criminal history, what you'll learn in this portion of the trial phase is that Mr. Flowers started his career as a criminal by doing residential burglaries.

On September the 21st of 1992, he burglarized the home of Karen Moore. She came home to find her house ransacked and various items of her 12 property missing from her residence. She was missing a gun, a television, a Walkman and some jewelry. The person who burglarized her home had gone through her bedroom and her son's bedroom.

20 MR. PIKE: I apologize.

MS. WECKERLY: That's okay. A few days later on August -- or I'm sorry. On October the 7th of 1992 in the same general neighborhood, 3064 24 Parkdale, a lady by the name of Betty Bell experienced a burglary.

10

She was actually home in her 2 residence and she heard a crash in a room of her residence. And when she went to investigate to see what the crash was, she encountered a man who was wearing a jersey or some type of jersey type shirt with the name Keith on it.

He told Ms. Bell that actually he wasn't breaking in, but that he was chasing his little brother out of her residence. He actually had an injury, he was bleeding at the time arguably 11 from a broken window at Ms. Bell's house and Ms. 12 Bell actually gave him a towel to help him with his injury.

Later Ms. Bell went to investigate her residence and she found that the window in one of her and her windowsill had been pried opened.

On October the 8th of 1992, at 4489 Ridgedale which is also in that same neighborhood, a man by the name of Elwood Williams was burglarized by Norman Flowers.

Mr. Williams came home to find a window pried at his residence. Some guns, elect --22 and electronic items were stolen. It looked like a screwdriver had been used to pry open his window.

Crime scene analysts tried to

process the se we for fingerprints but were unable to recover any.

3 Also on October the 9th of 1992, a 4 man by the name of Roger Osgood was the victim of a burglary committed by Mr. Flowers. He also lived in that same neighborhood at 3192 Palmdale.

7 What happened to him was a young man 8 came up to him and knocked on his door and said he 9 was looking for someone named John. Ms. Osgood sort 10 of sent him away and didn't know what he was talking 11

Later when Mr. Osgood returned to his residence, his bedroom screen was damaged. The windows of his residence had been pried and a boom box, credit cards and cash were taken.

Later on October the 21st of 1992, at 4250 East Cloverdale, a lady by the name of Barbara King became the victim of a burglary.

19 A bedroom window was pried open at 20 her residence, a gun, jewelry and \$3,000 in cash 21 that belonged to her mother was taken from the 22 residence.

23 Sort of interesting fact of her case 24 was that her young son who was about 12 years old at 25 the time of the burglary actually encountered the

12

burglar Mr. Flowers as he was leaving the residence, and Mr. Flowers told him I'll give you a hundred

dollars if you don't tell on me. The young boy

actually took the money and ended up, ended up burying it in the backyard. And later when

confronted about it, told the police he was scared.

7 he didn't know what to do and actually dug up the

money and handed it to the police. 8

In terms of this burglary series, Metro started investigating this series and had information that led them to Mr. Flowers.

When they made contact with him, they informed him of his Miranda rights and he agrees to speak with them and he actually admitted to committing all of these burglaries. He went around the neighborhood and pointed out the various locations where he committed the burglaries.

He explained that what he did with 19 the property that he got from the burglaries was he sort of dumped it off at his friends' homes. then the detectives go to the friends' homes where 22 Mr. Flowers pointed out yeah, I left some property 23 there, I left some property there, and they were able to recover a substantial portion of the property and return it to the victims.

What else does Mr lowers' criminal history show? Well, also in October of 1992, he

3 committed other crimes, namely a robbery with use of

4 a deadly weapon.

5

22

3

7

On October the 10th of 1992, Mr.

6 Flowers and a co-conspirator of his went to a

7 business called the Car Store which is located at

8 4231 Boulder Highway. Mr. Flowers and this other

9 man approached the employees of the Car Store and

10 said they were interested in a particular car. They

11 wanted to see how the car drove.

12 Mr. Flowers gets in the passenger

13 seat of the car, the man he was with gets in the

14 back seat and the employee sits in the driver's seat

15 of the car. They take off driving the car. And

16 when they get to an intersection, Mr. Flowers pulls

17 out a gun, holds it on the employee of the Car Store

18 and demands that he exit the car so Mr. Flowers can

19 take it. The employee obviously gets out the car

20 and runs away. And Mr. Flowers gets into the

21 driver's seat and takes off with his co-conspirator.

Another event happened in October.

23 on October 11th of 1992. This was a residential

24 On this occasion, Mr. Flowers knocked on

the door of a lady's home. Her name was Nina

Delacourt. And he told her that he needed to use 1

2 the phone inside her residence and she let him

inside and let him use -- let him use her telephone.

4 Once inside, he pulled a gun on her

5 and demanded the keys to her car. Mr. Flowers was

6 order -- ordered her into her bedroom and told her

that he wanted her to go in there and lay down. As 8 she got into her bedroom, she was actually able to

9 grab her own gun and confront Mr. Flowers with it.

10 He ended up running out of the residence on that

11 occasion and she actually ended up firing a shot at

12 him.

13

16

21

For these two crimes, Mr. Flowers

14 ultimately pled guilty to one count of robbery with

15 use of a deadly weapon.

What else is in Mr. Flowers'

17 criminal history? Well, in September, on September

18 the 29th of 1992, Claud and Barbara McGowan left

19 their residence. They also lived in the Cloverdale,

20 Ferndale neighborhood.

And when they left their residence

22 in the afternoon, they were notified of a fire that

23 had actually occurred at their residence. Someone 24

had used an accelerant and set the bedroom area of

their home and sort of a closet area of their home

on fire.

1

8

13

15

19

6

10

20

When they returned to the residence.

there was substantial damage obviously to their

4 home. When they went inside, they noticed various

5 items were missing from their residence. Jewelry

6 was missing, guns were missing and cash was missing,

7 as well, in particular, a coin collection.

In addition, they had a pet dog who

had been locked in a bathroom and actually died in

10 the fire. Mr. Flowers was charged with this case as

11 well and he ended up pleading guilty to first-degree

12 arson in this case.

What happened was the police

14 contacted him about the residential burglaries and

he essentially admitted his conduct in the robbery. 16 the arson and the residential burglaries. So he

17 ended up with three separate cases that moved

18 through the criminal justice system.

For all of those cases. Mr. Flowers

20 on May the 28th of 1993 was sentenced to a total of

21 18 years in the Nevada State Prison. What happened

22 in the plea negotiations on his case was he pled

23 guilty to the robbery with use, he pled guilty to

24 the first-degree arson, and he pled guilty to the

25 burglary. But the sentencing in all those cases was

16

that the sentences would run concurrent. Meaning

run all at the same time. So he ended up

essentially with one 18-year sentence at the Nevada

Department of Prisons and that sentence was imposed

on May the 28th of 1993.

After serving about 10 years, Mr.

7 Flowers was released on parole. He ended up

8 violating the conditions of his parole in November

9 of 2004. So a little over a year later.

And the nature of the parole

11 violations was that he had violated a temporary

12 protective order that his girlfriend and mother of

13 his child had applied for. He wasn't -- because of

14 a violent history between the two, he wasn't

15 permitted to go around her and be in her presence.

16 He ended up violating that and making contact with

17 her on November the 22nd of 2004, and so his parole

18 ends up being violated which means he's revoked and

19 taken back to the Nevada Department of Prisons.

He was there for a certain length of 21 time, but he ended up being reinstated or regranted

22 the opportunity to be on parole. And that occurred, 23 he was actually out of custody as of March the 4th

24 of 2005. So he did a couple more months on the last

25 segment of the parole, but then he was released 20

4 of 44 sheets

days before Sheila Quarles's mu

2 We all know from this proceeding what happened on March the 24th of 2005. That of 3 course is when Ms. Quarles was murdered. But as you

all know, that case didn't get involved right away.

The next criminal event in Mr.

7 Flowers' history occurred in May. And that was May the 3rd of 2005. And of course that was at Marilee

9 Coote's apartment which was located at 6650 East

10 Russell.

And as you've learned in the trial phase of this case, that was the date that Ms.

Coote's fellow employees had called and asked the 14 managers of the apartment complex to do a welfare

15 check on Ms. Coote.

> And of course when they do so, they find her dead in her apartment. Mr. Flowers' DNA underneath the carpet beneath her. Ms. Coote the victim of a sexual assault. There are vaginal injuries to her and anal injuries to her as well, and of course Mr. Flowers' DNA is found in her body. You heard in the trial phase, you

23 heard testimony from a lady named Juanita Curry.

She was the sort of neighbor in the apartment area

25 that had contact with Mr. Flowers as the police were

18

1 up investigating Ms. Coote's death. And you heard

sort of a limited version of the contact that

3 Juanita Curry had with the defendant on May the 3rd.

4 Her contact with him was actually a 5

little bit more extensive. As she explained to you,

he came to her door while authorities were up on the

7 third floor apartment. And she was speaking with

8 him and the authorities were sort of coming up and

9 down the stairs, he would turn away and try to sort

10 of come inside her apartment.

> He ended up having contact with her sort of throughout the morning. He came back one time wanting to use the phone, he came back another time wanting a glass of water because it was hot, he came back another time talking with her.

One time he wanted to use her rest room. She let him come inside and use the rest room, but then she waited outside of the apartment

19 because she was a little bit nervous. 20 As he went inside to use the rest

21 room, he actually called out to her and asked her to

22 come help him find the light switch in the bathroom

23 which she refused to do.

Because of his conduct, Ms. Curry told -- or Ms. Curry ended up sort of looking out her apartment Indow and sort of watching and sort

of watched the comings and goings of Mr. Flowers

that morning as he would sort of come back and forth 3

4 and make contact with her.

5 And the way the apartment complex

6 was configured is her, she was in one building and

7 Ms. Coote's apartment was two floors up. And across

the apartment parking lot, she could see the

stairway area of the building across the way.

10 And what ended up happening is at a 11 little before 3:00 in the afternoon, two children

12 Angel and Vanessa Gonzalez actually returned home to

13 their apartment where they lived with their mother.

14 And when they go inside the apartment, these two

little girls finds their mom under unresponsive and

16 lying on a bed.

17 And this lady's name is Reina

18 Gonzalez. Ms. Gonzalez was strangled on May the 3rd

19 of 2005 as well. Ms. Gonzalez was sexually

20 assaulted as well. Her sexual assault consisted of

21 vaginal injuries and anal injuries as well. And 22 there were extensive injuries all over her body.

23 There was no sign of forced entry

24 into her residence and the police were unable to

25

recover any fingerprints in terms of the

1 investigation.

Like Marilee Coote, the lady on the

third floor, Ms. Gonzalez was an acquaintance and

friend with the defendant's girlfriend, the lady by

the name of Mawoose Ragland.

And when the police investigated 7 this second homicide which occurred on the same day

at the Silver Pines Apartments, Ms. Curry explained

that she could see into the stairway area of Ms.

10 Gonzalez's apartment and she actually saw the

11 defendant Norman Flowers in that area, but she

12 couldn't say that she saw him go inside the

13 residence. But she saw him kind of going back and

14 forth of Ms. Gonzalez's apartment itself.

And you'll hear more information about her case as well.

17 Basically at the end of this

18 hearing, it will be the State's position that Mr.

19 Flowers at this point has victimized too many

20 people.

It will be the State's position that

22 Mr. Flowers has clearly demonstrated that he

23 represents a, an extreme danger to the community, in

24 particular to women.

And it will be the State's position

MR. PATRICK: Today I'm standing here and I'm gonna ask you one thing: Spare Mr. Flowers' life Spare Norman's life.

You've heard about the Coote case, now you've heard about this Gonzalez case, now you've heard about the arsons, the robberies.

Remember that on the Coote case and the Gonzalez case that Norman has not been found guilty of those. He's gonna have a trial similar to this down the road where that jury will determine whether or not he's guilty.

Everything you've heard since we started last Wednesday and everything you will hear today and tomorrow, it all comes into consideration now. Everything you will hear from the time we started until the time we end, you can consider when you go back to deliberate the proper penalty for this case.

Right now your journey is only halfway over. When we did voir dire, we talked to you about this part and I talked a little bit in my closing before about this part. Because again,

that's only the time we get to talk to you and try to get your feelings and try to pick jurors who are fair and impartial and will listen to both sides of the story before you make up your mind.

You'll -- at the end of this when you go back to deliberate the penalties, you'll be given four choices. Three of those choices are for life, one of those choices is for death. I ask you to choose life.

Now, based on the evidence you've seen on Sheila's case and what you're gonna hear from the State over the next day, you may say well, you know, he's done one murder that we found him guilty of, he has two more out there that another jury's gonna see.

THE COURT: Mr. Patrick, this is really a closing argument. You're supposed to show them that what the evidence is gonna show, and I know you have some things that you're gonna put before them.

20 MR. PATRICK: What we're gonna do today 21 when it's our turn to put on some evidence in, tomorrow, is we're gonna show you Norman. We're 23 gonna if show you his life, what kind of man he is, what kind of childhood he had. We're gonna give you 24 25 a full picture of the man that you're gonna

sentence.

4

17

19

20

2 You're gonna hear from some of Norman's family members.

psychologist Dr. Mortillaro that we hired, that we 5 paid to come in and examine Norman and to kind of 7 give you an idea of what Norman's been through in his life and what's brought him to this point.

You're gonna hear from a

9 You're gonna hear from James Estin 10 who is an expert in prisons and how prisons are run 11 and what happens when somebody goes to prison.

12 You're gonna hear from Tammy Bass who is -- also deals with the prisons. She's been a 13 14 member of the parole board for several years and 15 she's gonna tell you about life in prison and how 16 that works.

You're gonna hear about the two 18 aggravators that the State has. And then we're, what we're gonna give you is gonna be the mitigators.

21 Well, what are mitigators? And 22 simply a mitigator is anything you want it to be. 23 Norman -- Norman's the son, Norman's a father,

24 Norman's a brother. He has family and friends that you're gonna hear from and he has family and friends

that you won't be able to hear from, but each one of them have a reason why Norman, they want Norman in 3 their lives, whether he's in prison or not.

The thing you've got to remember as we're putting on our case in the next few days is we're not giving any of this as an excuse. 7 is offered as justification.

But you're gonna hear how Norman 9 suffered severe emotional, physical and sexual abuse 10 as a child. Any of those can be reasons to spare his life. Any of those are mitigators. 11

Norman's older sister is gonna come in here and talk to you a lot about Norman's childhood and the physical abuse he endured, the sexual abuse he endured, his feelings of abandonment.

She's gonna tell you about not only was he sexually abused over a period of years by a neighbor, but even after he reported it, he got sent back to that same house and how he felt that was a punishments.

From your verdict in this case, along with the possible verdicts in the other cases, you've already assured society that Norman's gonna spend the rest of his life in prison. I know that's

12

13

14

15

16

17

18

19

20

21

22

25 a harsh thing for me to say as a defense attorney, 2 but it's the truth. No matter what you do, Norman has already forfeited his right to ever eat a meal or use the bathroom or go to sleep anywhere other than Ely State Prison. You've assured society that 7 Norman will never have the chance to harm anybody 9 When Dr. Mortillaro gets on the 10 stand, he's gonna tell you a little bit about how 11 Ely is full of people like Norman. And for reasons 12 that he can't understand, for reasons that I can't 13 understand, he'll explain to you how these people do 14 well in that type of safe and secured environment. 15 When you go back to deliberate, each 16 one of you have to determine life or death on your 17 own. The judge is gonna tell you when he gets to 18 the end and gives you the jury instructions, it 19 doesn't matter how many aggravators there are, it 20 doesn't matter how many mitigators there are, it's 21 not a numbers game. It's a weighing game. If it

26

1 It's up to each of you to decide individually Norman's punishment.

22 was simply a numbers game, we wouldn't need you

the computer would tell us what we should do.

here. We can just put the numbers n a computer and

3 You have to trust the system, you

that's not what we're doing.

4 have to trust the process and that's what we're

asking you to do here today when you listen to the

evidence you're gonna see over the next day and a

21 burglary, he showed them where the burglary

22 occurred. He told them how he got into the house

23 and he advised them where the 38 revolver was.

24 On the 29th of October. Detective

25 Tharp met with another gentleman who turned over the

30

29

1 gun that was taken by Norman Flowers.

2 Can I interrupt you there. And the

person who had the gun, in your review of the police

reports, was that a friend or sort of an associate

of Mr. Flowers? 5

It was a friend of his. And what he

7 would do is after committing a daily burglary, he

would move the property he took to someone else's

9 house very quickly. So he was storing his gun with

10 this other person.

And like I said, Officer Tharp

12 recovered the firearm at that time on the 29th.

13 And the next residential burglary that

14 there's a report on?

15 That would be under Event No. 9210070859.

16 It would have been on October 7th of 1992, which

17 would be several days later. A couple of weeks

18 later actually.

19 This one occurred at 3064 Parkdale

20 which is in the same community that I'm talking

21 about.

11

22 Oh, by the way, when Norman was

23 arrested, he indicated to officers that he was

24 currently living at, and I'm going back to the first 24

one, 3237 Avendale Court which is in that same

1 community.

> And then the October 7th, 1992 Q.

3 burglary --

4

5

14

18

21

24

A.

Q. -- what happened in that situation?

6 Α. The victim, her name is Betty Bell. She

7 lives at that address. It's the single family

residence. She went to work between -- well, she

actually left her house between the hours of 12:15

10 and 1:27.

11 When she arrived at home, she found

12 entry through a bathroom window, she found a pair of

13 broken pliers near the window. So he'd used those

to prv open the window.

15 Q. And prior to her --

16 A. Actually, I'm sorry. She had not left

17 the house. She was actually in the house.

> Q. Okav.

19 A. There was entry made through the bathroom

20 window. She heard a crash. She stepped out of her

bedroom. And I'm sorry about that.

22 Q. That's okay.

23 Α. And she saw Mr. Flowers standing in the

hallway and his hand was bleeding. Mr. Flowers told

25 Mrs. Bell that he had chased his little brother into

32

the house and was trying to get him out of the

house, that he was sure that his little brother had

not stolen anything. Mrs. Bell gave him a towel for

his hand for the blood. Norman then left through

the front door and then she called the police.

6 Mrs. Bell said that at the time

7 Norman was wearing a jersey with the name of Keith

on the back of it.

9 And she later found the pliers and noted

10 that her window had been or her bathroom window had

11 been pried open?

12 Α. Correct. And then on the 22nd of October

13 when Norman was meeting with Officer Tharp again at

14 that time. Norman took Officer Tharp to that address

15 and indicated that he had broken into that house and

16 but he hadn't gotten anything on that one.

Q. And the next one?

18 This would have been on October 8th of

19 1992. So it would have been the next day after the

hand cut.

The address would be 4489 Ridgedale.

22 Same community that we're talking about. This was a

23 residential burglary also. The people that lived

there were Elwood Williams and Marian -- or/and

25 Marian Dalton.

17

20

6

14

Both had gone to work in the morning 2 at 9:30 in the morning and returned at 4:14 in the afternoon. They found the window and windowpane removed from their window. It was pried off which they think was with a screwdriver.

Taken in the burglary was a Colt revolver, semi-automatic. No, I'm sorry. Colt revolver, 45 caliber, a Remington 22 rifle with scope, an RCA camcorder, gold necklace, JVC cassette stereo, Sony VCR.

11 They -- when Detective Tharp met 12 with Norman, he indicated that he had moved the gun, 13 the 45 to Gordo and Poochie's house which was at 14 4385 Parkdale. He actually confessed to this 15 burglary.

16 And on the 23rd, Detective Tharp 17 along with an LSP team did a search warrant at 4385 18 Parkdale and recovered the firearm.

19 Q. And what's a LSP team?

20 Oh, I'm sorry. Lying services patrol A. 21 team. It then evolved into a, what's called now --

22 Q. Problem --

7

9

10

23 PSU, problem solving unit. Thank you. I 24 haven't been in -- I was on an LSP team. I didn't 25 know PSU.

1 Q. And the next incident?

Well, the next incidents are the Α. robberies, but you want to skip those?

4 Q. We'll come back to those.

5 Okay. Α.

2

3

8

9

10

6 Q. If we could do the burglaries first and 7 then we'll go to the robberies.

Not a problem. The next one would have A. been October 13th, which would have been five days later from that last one. It's at 3192 Palmdale. 11 Las Vegas, Nevada.

12 It -- this one the victim is Roger 13 Osgood. He had left for a couple of days it appears 14 to be on a vacation. When he arrived home on the 15 13th, he discovered -- oh, I'm sorry. There's, 16

there was an initial part of this. 17 It said that on the morning of the 18 9th, Ms. Osgood heard a knock on his door and there 19 was a male at his door asking for John. This gave 20 Ms. Osgood a bad feeling. He locked up his house thoroughly. He had security gates and security bars

21 on his windows and then he left for his vacation. 22

23 When he returned, he found the, one of the screens ripped opened and one the bars on the 24 24

window pried. They couldn't make entry that way. 25

The door was then kicked completely off his hinges.

Stolen in the burglary was a Sony CD radio, cassette

player, a large list of credit cards, a 14 karat

gold chain, CDs, butcher knife, carry bag with UNLV

music, sheet music in it, and batteries.

Tharp -- I'm sorry. Officer Tharp was meeting with 7

On the 22nd of October, Detective

Norman. Norman indicated that he did burglarize

this house. And there was -- he told Officer Tharp

10 that he stole a black stereo and which was portable

11 style and miscellaneous other items, but he couldn't

12 remember the other items and that he had kicked the 13 door at this address.

Q. And on October the 21st of '92?

15 Α. Okay. Another residential burglary. It 16 was on October 21st of 1992, which will be a week 17 later. 4250 Cloverdale. The victims were Barbara 18 King and Aaron Murphy.

19 This was forced window using a 20 screwdriver was the entry. The house was ransacked.

21 Stolen was a Smith & Wesson 38 revolver, U.S.

22 currency amounting to \$3,000, all \$100 bills.

23 Reebok sports bag which was a purple and blue color,

24 and jewelry. 25

On the 22nd of October while Norman

Flowers was meeting with Officer Tharp, he indicated

that he had burglarized this house, burglarized this

3 house, showed Detective Tharp where the house was.

4 They, they then went back when they

had more information and Detective Tharp met with

6 Aaron Murphy who is the 13 year old son. This is on

7 the 30th of October.

8 Detective Tharp asked Aaron if he had come across Norman or as everybody knew him as 10 Keith. The son indicated that he had, that Norman 11 was in the house, Norman gave him \$200 to keep his 12 mouth shut. Aaron did take the \$200 but said the 13 reason he didn't say anything was because he was 14 afraid of Keith.

He then --

16 Did he say what he did with the money? Q.

He then buried \$200 cash in the back corner of his yard. He took detective or Officer Tharp to that corner and he dug up the \$200 and returned it to Officer Tharp who then returned it to Barbara King.

22 On the 7th of November, Norman

Flowers made a phone call from CCDC. A person that 23 we don't know who that person is.

25 THE COURT: Do you want to say what CCDC

15

17

18 19

20

- 1 means?
- 2 THE WITNESS: Oh, I'm sorry. Clark
- 3 County Detention Center. Where he was spending his
- 4 time. That person then threw a gun into the yard
- 5 where Norman was living. Norman's mother located
- 6 the gun and called Officer Tharp and then Officer
- 7 Tharp went out and recovered that gun in her yard.
- 8 BY MS. WECKERLY:
- 9 Q. Okay. Let's talk about those are the
- 10 residential burglary series, correct?
 - A. Yes.
- 12 Q. And there's also two instances of
- 13 robbery?

- 14 A. Yes, ma'am.
- 15 Q. Or one's an attempt I guess. The first
- 16 robbery incident was on October the 10th of 1992?
- 17 A. That's correct.
- 18 Q. And what happened in that situation?
- 19 A. This, again, this is right in the middle
- 20 of these series of burglaries. This one occurred at
- 21 the Car Store. And according, according -- Norman
- 22 went with a male, a white male that he only would
- 23 identify as Ron. He had a 45 caliber firearm with
- 24 him. He went to the Car Store and asked to drive a,
- 25 test drive a Chevy Cavalier. A salesman by the name
- 1 of Rembert took them out. He was driving the car
 2 and Norman was in the front seat. Ron was in the
- 3 back seat.
- 4 Norman pulled the gun and told the
- 5 man, the salesman to get out of the car which he
- 6 did. Norman then got into the driver's seat and
- 7 drove the Cavalier to the 3100 block of Palmdale.
- 8 He said, he told officers that the reason he did
- 9 this, Officer Figeroa which is Tharp's partner, was
- 10 that he was gonna use the car later in other crimes.
- 11 The problem was the car was recovered by the police
- 12 later that day.
- 13 Q. And on --
- 14 A. The next day?
- 15 Q. Yes. The 11th.
- 16 A. This would be October 11th at 2100 hours
- 17 or 9 o'clock p.m. This is at 3124 Ferndale. Same
- 18 community. We're always in the same community. The
- 19 victim is a Nina Delacourt. She had a knock at her
- 20 door. She looked out the peep hole and she didn't
- 21 recognize the person. The man said this is Steve.
- 22 She thought it was her neighbor so she opened the
- 23 door and it was Norman Flowers.
- Norman stepped into the house to use
- 25 the phone and he pulled out a 45 caliber firearm.

- And asked for the keys to Nina Delacourt's car.
- Nina said that she didn't drive a car, didn't have
- 3 any keys to give him. Nina then ran for her
- 4 bedroom. She --
 - MR. PIKE: Your Honor -- I'm sorry,
- 6 detective. I just want to interject, a double
- 7 hearsay. I know hearsay's admissible, but -- and I
- 3 renew the Crawford and make sure there's an ongoing
- 9 objection.

5

- 10 THE COURT: Okay. You made a record. I
- 11 think that's --
- 12 THE WITNESS: So --
- 13 THE COURT: The reports are kept in the
- 14 ordinary course of the business at the police
- 15 department so --
- 16 MS. WECKERLY: Correct.
- 17 THE COURT: Most is one of them.
- 18 MS. WECKERLY: Right.
- 19 THE COURT: Go ahead.
 - THE WITNESS: Nina then ran for her
- 21 bedroom where she obtained a 38 caliber revolver
- 22 from her nightstand and then ran into her bathroom
- 23 shutting the door. Norman -- and I want to get this
- **24** right.

20

5

25 BY MS. WECKERLY:

40

- 1 Q. And actually, does part of the police
- 2 report on this incident contain a written statement
 3 of Ms. Delacourt?
- 4 A. That's where I'm referring to now.
 - Q. Okay. Refer to that.
- 6 A. Nina Delacourt had a handwritten
- 7 statement at the time. She said she ran into the
- B bedroom and got my gun, which is a 38 out of the
- 9 nightstand, and then ran into the bathroom.
- 10 Norman said -- or what it says here
- 11 is he said, come out of the bathroom. And Nina said
- 12 no, you come in and get me. He then said stay in
- 13 there and don't come out. I then -- she then comes
- 14 out with -- there's, there's one part here I left
- 15 out. And I'm sorry about that.
- 16 When she's indicated that she didn't
- 17 have keys to a car and they're both in the front
- 18 room just after he comes in, he had pulled out his
- 19 gun and asked for my keys, I told him I didn't have
- 20 any keys. He then told Nina to go to the bedroom
- 21 and lay down. And then that's when she broke for
- 22 the bedroom and got her gun.
 - So now she's in the bathroom, he's
- 24 saying come out, she's saying no, you come in and
- 25 get me. He then leaves. She says she comes out of

- 1 the bathroom and goes to the from door. She sees
- 2 him on the sidewalk in front of her driveway. He
- 3 sees her at the door and raises his gun. She then
- 4 fires one round from her 38 at him missing him. And
- 5 he runs away.
- **6** Q. And those are the two -- well, that's an
- 7 attempted robbery, but the prior one's a robbery
- 8 with use of a deadly weapon?
- 9 A. That's correct.
- 10 Q. Thank you.
- 11 A. Did the -- I'm sorry. The burglary --
- 12 MR. PIKE: There's no question before the
- 13 witness.
- 14 MS. WECKERLY: I have no other questions.
- 15 THE WITNESS: Okay.
- 16 THE COURT: Any questions?
- 17 MR. PIKE: Yes.
- 18 CROSS-EXAMINATION
- 19 BY MR PIKE:
- 20 Q. Detective, you have no personal knowledge
- 21 of the events that you've just testified to and
- 22 you're just reading or summarizing a number of
- 23 reports that have been provided to you?
- 24 A. Well, our own police reports, that's
- 25 correct.

- 42
- 1 Q. Okay. And, and in reference to that,
- 2 every event that you've testified to occurred in
- 3 1992?
- 4 A. Correct.
- 5 Q. During the time that in 1992 or -- well,
- 6 let me reask the question more directly.
- You're aware of the year in which
- 8 Norman was born?
- 9 A. Correct.
- **10 Q**. 1974?
- 11 A. Correct.
- 12 Q. So all -- at the time that these events
- 13 all occurred, he was 18 years old?
- 14 A. Yes, sir.
- 15 Q. At the time that all of these events
- **16** occurred and from your testimony, there was a time
- 17 that he met with detectives and it sounds like he
- 18 basically started confessing to everything and took
- 19 detectives around to solve any outstanding crimes
- 20 that were -- that he may have been involved in?
- 21 A. Officer Tharp was a very good detective
- 22 and yes, that happens.
- 23 Q. 0kay.
- 24 A. I would put that to his skill.
- 25 Q. And actually Officer Tharp went through

- and -- he actionally went with Norman and Norman took
- 2 him to these locations according to what you've read
- 3 in your reports?

5

8

- A. That's correct.
 - Q. And he's identified other individuals and
- 6 he was also again cooperative with police during
- 7 that period of time?
 - A. Yes.
- 9 Q. And as a result of these events that
- 10 occurred when he was 18, they were turned over to
- 11 the district attorney's office and he was prosecuted
- 12 on those offenses?
- 13 A. Yes, sir.
- 14 Q. And as far as any sentencing or anything
 - else, that's outside of Metro's records and those
- 16 would be subject to different records at that time?
- 17 Excuse me. Those would be subject to different
- 18 records that may be brought in at a different time
- 19 before this court.
- 20 A. What happened in court is what you're
- 21 saying?
- 22 Q. Right.
- 23 A. Yes. I know what it is, but yes.
- 24 Q. Okay. And during the course of that, do
- 25 you -- did you notice in the reports that they were
 - you are you not too in the repor
- 44
- 1 all kind of close together during this period of
- 2 time in October of 2000 -- or 1992?
- 3 THE COURT: In time or geographically or
- 4 both?
- 5 MR. PIKE: Both.
- 6 THE WITNESS: Thank you. Yeah, September
- 7 and October and they were all in the Dales, the
- 8 housing tract.
- 9 BY MR. PIKE:
- 10 Q. And excuse me if I was wrong, but I -- it
- 11 sounded like you said that there was a, an event
- 12 that occurred on October 21st of '92 and then by
- 13 October 22nd there was the meeting with the
- 14 detective or the detective had started taking him
- 15 around to do all of these things, to tell him where
- 16 all these events had occurred?
- 17 A. There had been one on the 21st you're
- 18 asking me?
- 19 Q. Yeah. That was your testimony on October
- 20 21st of '92 and then you had testified previously
- 21 that on October 22nd was when he'd gone around with
- 22 the detective?
- 23 A. Well, the very first one is September
- 24 21st.
 - THE COURT: No. But the last one before

11 of 44 sheets

was October 21st.

3 THE WITNESS: Correct. Yes.

he was arrested or whatever on.

4 THE COURT: My understanding is October

5 22nd Tharp who later became a detective was a

uniformed officer who arrested him in this -- was in

7 interaction with the uniformed officer.

THE WITNESS: And then the investigation

9 continues all the way throughout November.

10 BY MR. PIKE:

8

15

18

25

11 Q. Okay. And then throughout the reports

12 Norman was cooperative with the police during that

13 period of time?

14 Α. As far as the reports say, yes.

MR. PIKE: Thank you. Nothing further.

16 THE COURT: Anything else?

17 MS. WECKERLY: Just one question.

- 3 Q. And when you got home at some point, did
- you find out that something had happened to your
- 5 home?

2

7

8

18

24

2

5

14

- 6 A. Yes.
 - Q. What had happened to your home?
 - They neighbors called and I called back.
- 9 I was out to lunch. My husband was at work and I
- 10 was at work. And at noon, I was -- excuse me.
- 11 was notified that my home was on fire. And I went 12
- 13 burglarized and had been burned and our dog had been

home and my husband went home and our home had been

- 14 killed. Thank you.
- 15 Q. You said your home had been burned and
- burglarized? 16
- 17 A. Yes, ma'am.
 - And you're dog had been killed? O
- 19 A.
- 20 Q. When you left home in the morning, was

 - A. Pebbles.
- 25 Q. Is there a way that Pebbles could get in

 - A. Yes, we had two doggy doors.
- 3 Q. Okay. So do you know what happened to
- 4 Pebbles?
 - A. Yes.
- 6 Q. What happened?
- 7 Α. He locked her in the bathroom and she
- 8 died.
- 9 When you got back to your home and it had
- 10 been burned, did you discover also that property had
- 11 been taken?
- 12 Α. Yes.
- 13 Do you recall what property had been Q.
 - taken?
- 15 A. Yes.
- 16 What was that? Q.
- 17 He had broken into the safe. He took
- 18 several rifles and hand guns. He took jewelry,
- 19 diamond jewelry. He took watches, he took -- there
- 20 was a \$50 gold certificate, a \$20 gold certificate
- and a whole coin collection. In fact, everything in 21
- 22 the safe practically that could be carried was taken
- 23 right down to our will.
- 24 Now, you say that there was a safe. What
- 25 kinds of safe was it?

It was just a little same we had bought

from Sears and it could just be like pried opened,

you know. It had a little key, but it was just, you

- could pry it open.
- Could you tell that that's what happened 5 Ω
- 6 to it?

8

- 7 A.

- 19 Q. I know. Was there any sentimental value
- 20 to any of those pieces?
- 21 Α. Yes.
- 22 Q. What was the value?
- 23 Α. Some of these pieces belonged to members
- of our family who had died and they were just like
- they were in the safe because we wanted to keep them
 - 58

- forever. 1
- 2 Q. So it's stuff that you kept personally,
- 3 you didn't even wear every day?
- 4 Α.
- Q. Did you ever -- well, as you went to your
- house, was there anything that remained that you
- 7 could recover?
- 8 Α. No. Well, they, they took it all out.
- What did not burn had so much smoke damage that it 9
- couldn't -- we had to just leave and we lived in a 10
- condo for three-and-a-half months. 11
- 12 Q. Was your house rebuilt?
- 13 A. Yes.

14

- Q. Did insurance or anything like that help
- you build your house or did you have to pay for it 15
- out of pocket? 16
- 17 Α. No, the insurance helped. It didn't
- 18 cover everything, but it did help.
- 19 O. Did anything remain other than the
- 20 clothes on your back?
- 21 Of mine personally, no. A.
- 22 Did something happen the next day with Q.
- 23 your husband?
- 24 A. Yes.
- What? 25 Q.

- a couple of days later. My
- husband was scheduled to fly to Japan for Titanium
- Metals Corporation. And so he flew out. He had to
- It was just one of those things. So there I
- 5 was, you know. No home.
- 6 Q. Left to deal with that all by yourself?
- 7 A. Yes.

1

- R No home? Q.
- 9 A. No home.
- 10 Q. You said that you were able to get a
- 11 temporarily place to live, a condo?
- 12 Α. Yes.
- 13 Q. Did there come a time that somebody was
- 14 caught and went to court that you're aware of?
- 15 Α. Yes.
- 16 Q. Did you actually appear at court at some
- 17 point?

24

5

- 18 Α. Yes, I did.
- 19 Q. And what did you do at court?
- 20 Α. I was a victim witness. I asked to be a
- 21 victim witness.
- 22 Q. Did you speak at sentencing?
- 23 Α. Yes, I did.
 - Q. And what did you tell the court?
- 25 Α. I asked, I told the court everything that

59

- 1 we had lost and, and about our family pet and I
- begged the judge not to be lenient.
- 3 Q. Did you do anything after that?
- 4 Α. Yes, I did.
 - Q. What did you do?
- 6 I went to -- I think I missed two parole
- 7 hearings. I went to parole hearings to ask that
- they not let him out and I wrote to the parole
- 9 commission a couple of times and asked them not to
- 10 let him out.
- 11 Q. The property that you know was taken
- 12 during the burglary, did you ever recover any of it?
- 13 A.
- Nothing? 14 Q.
- 15 A. Nothing.
- 16 MS. LUZAICH: Thank you. I have no
- 17 further questions.
- 18 MR. PATRICK: Court's indulgence.
- 19 THE COURT: Yup.
 - MR. PATRICK: Nothing, judge.
- 21 THE COURT: Thanks, Ms. McGowan.
- 22 Appreciate you coming down. I know it was
- 23 difficult. Next.
- 24 MS. LUZAICH: Claud McGowan.

Were you living with her at 4361 Parkda 22 on September 29th of 1992? 23 A. Yes. 24 Q. Did you go to work that day? 25 A. Yes. 1 Q. When you went to work that day, was you house fine? 3 Α. 4 Q. All the property in it was where it should be? 6 A. 7 Q. When you got home that day, what'd you 8 finds? 9 Well, I was called home from the police A. department that my house was on fire. 10 11 When you got home, did you see that it 12 had been on fire? 13 When I got home, it was demolished. A. 14 Did you discover that property had been Q. taken in addition to the house being burned down? 15 16 Not until they -- they never did let us 17 in there. The fire department went in and carrie 18 the dog out that had been put in the bathroom and let die in there instead of letting it go out the 19 20 doggy door. 21 Q. Pebbles?

Okay. What about some property that you

24

The only one of the firearms that I ever

22 saw was the Coachman. I had a Coachman 12 gauge

and the barrels was cutoff at poor stock.

that had the hammers on each side, the old type.

And I got to see part of it. That stock was cutoff

Now, the Coachman shots that you're talking about, that was a special kind of shotgun, 3 right?

4 Α. Yes.

Q. Uh --

6 A. But the other shotgun that was taken was a collector's item. It was a Browning automatic,

all fully engraved and had a Queen Elizabeth coin on

each side. A gold coin on each side of the stock.

10 Q. And that was taken?

11 A. Yes.

12 O Never saw that again?

13 Α. That was never seen again or heard of.

14 Q. Okay. And I'm sorry, just to go back to

the first shotgun you mentioned. It was special, it

16 had the things on the side --

17 A. Yes.

18 Q. -- that I can't describe, sorry.

19 Α. It was, it was just the head hammers on

the side like the, the ones you see in the old

21 movies, the real old movies. The old shot guns

22 double barrels had hammers on each side, double

23 triggers.

24 Q. Okay. And it was in good condition when

25 you saw it --

66

1 It was in --A.

2 Q. -- last?

3 Δ -- excellent condition when it was taken.

4 Q. And then the police recovered it, but --

5 A. They had recovered it, yes.

6 -- it had been damaged? And what had

7 been changed about it the exactly?

8 The barrels had been cut off at the four

stock and stock had been cut off of the hand grip.

10 And the judge at the time had me to -- I went to the

11 firearms, Tobacco and Firearms people called me in

12 and I went in there and the judge had me to break

13 the gun down for the serial numbers that was on it

14 because I had, still had the papers on it.

15 Q. Okay. But because it had been sawed off

and that's illegal, you were not able to --

17 They were not allowed to let me have it

18 again they said.

19 Q. Okay. Did you get anything back from

20 that burglary?

21 A. Yes. I got three Indian head coins.

22 That's all I ever got.

> Q. Okay. But you had an entire coin

24 collection?

25 Yes. I had all kinds of coin Α.

4

gold certificate which is I've never seen one like

them before or after.

6 Q. How long had you been collecting all of 7 those things?

8 A. Since I was about 15 years old.

And had you heard about how the fire had

10 started and continued?

11 The fire department said that it had been 12 starting in our bedroom right, right in the middle

13 of our bed and some kind of a liquids had been

14 poured in the bed to start it.

And the bathroom that Pebbles was found

16 in, was that by the bedroom?

17 That is right -- the master bedroom is 18 right off the bedroom there and she was in there

19 when the fire department went in and got her for us. 20 MS. LUZAICH: Thank you. I have no more

21 questions.

11 BY MS. WECKERLY:

12 Mr. Mehalko, how are you employed, sir?

> Α. I work for the State of Nevada Parole and

14 Probation.

15 Q. How long have you worked for Parole and 16 Probation?

17 A. 10 years now.

18 And in preparation for your testimony

19 this morning, did we request that you review the

20 case history for an individual named Norman Keith

21 Flowers?

22 A.

23 O And do you actually see Mr. Flowers in

24 the courtroom today?

25 Yes.

15

19

- 1 Q. Could you point to him and describe what
- 2 he's wearing today, please?
- 3 A. He's right in the middle of the two guys
- 4 with the white shirt and a tie.
- 5 THE COURT: The record will reflect
- 6 identification of the defendant.
- 7 MS. WECKERLY: Thank you.
- 8 BY MS. WECKERLY:
- 9 Q. In your review of Mr. Flowers' criminal
- 10 history, sir, are you aware that he was convicted by
- 11 way of a guilty plea to robbery with use of a deadly
- 12 weapon --
- 13 A. Yes.
- 14 Q. -- that time? And what, in your review
- 15 of his records, what day was he sentenced on?
- 16 A. On May 28th of 1993.
- 17 Q. And the sentence he got at that time?
- 18 A. I believe it was nine years on the
- 19 robbery and nine years consecutive with the use of
- 20 deadly weapon.
- 21 Q. So for a total of 18 years?
- 22 A. That's correct.
- 23 Q. And at that time there wasn't a
- 24 sentencing range, it was just a set term or a --
- 25 A. Yes.

- 70
- 1 Q. -- set amount of time?
- 2 A. Yes.
- 3 Q. At that time Mr. Flowers would have been
- 4 sentenced obviously to prison?
- 5 A. Yes.
- 6 Q. Was there a point in time when he was
- 7 released on parole?
- 8 A. He was first released on parole on August
- 9 15th of 2003.
- 10 Q. Okay. So that's a little over 10 years
- 11 on the 18-year sentence?
- 12 A. That's correct.
- 13 Q. And that was on August 15th of '03 you
- 14 said?
- 15 A. Yes.
- 16 Q. At some point after that, was -- well,
- 17 let me ask you this.
- 18 Once you're placed on parole, does
- 19 the person who's placed on parole have certain
- ${\bf 20}$ $\,$ requirements or responsibilities that go along with
- 21 the privilege of being on parole?
- 22 A. Yes. I mean, he has to report to his
- 23 parole officer anywhere from once a day to once a
- 24 month. It all depends on the parole officer at the
- 25 time and what he's doing. He's supposed to maintain
- 25 time and what he's doing. He's supposed 10/23/2008 10:40:39 PM

- 1 work, maintain residence.
 - Q. Stay out of trouble?
- 3 A. Stay out of trouble and do counseling,
- 4 all that type of stuff.
 - Q. At some point did Mr. Flowers get
- 6 violated or violate the conditions of his parole?
- 7 A. Yes, he did. On November 24th of 2004.
 - Q. And what was the violation?
- 9 A. That was for -- he violated a temporary
- 10 restraining order or protection order against his,
- 11 the mother of his children and we placed him in
- 12 custody at that time.
- 13 Q. And is the mother of his children a young
- 14 woman by the name of Katrina McKenna?
 - A Yes
- 16 Q. So essentially he was supposed to stay
- 17 away from her and he came in contact with her and
- 18 that was reported?
 - A. Yes.
- 20 Q. And so he was violated from parole,
- 21 meaning sent back to prison?
- 22 A. Yes.
- 23 Q. At some point was his parole reinstated,
- 24 meaning he got a second chance at parole?
- 25 A. Yes. He went in front of the parole
 - 72
- 1 board on January 6th of 2005 and they reinstated him
- 2 outright upon approved plan of course for him to be
- 3 released.
- 4 Q. And when you go before the parole board,
- 5 essentially you make a case for well let me out
- 6 again and I'll be good this time?
 - A. Yes
- 8 Q. And that occurred on January the 6th of
- 9 '05?

7

10

16

- A. Yes.
- 11 Q. Does that mean he was actually released
- 12 on January the 6th of '05?
- 13 A. No. He had to wait until we actually did
- 14 a pre-parole investigation at the house that he
- 15 wanted to live at.
 - Q. And what was the residence that he
- 17 reported that he was gonna live at?
- 18 A. 1701 J Street, apartment 101 with his
- 19 sister.
 - Q. And do you know her name or is it just
- 21 reported as sister?
- 22 A. I, I, I -- I do, but I can't recollect it
- 23 right now.
- Q. Okay. And when someone is, in this casehe's reinstated on parole, I take it one of the
- Page 69 to 72 of 129

- things that you have to have on role is an address
- where your parole officer can contact you?
- 3 Α. Yes.
- Q. And he reported that he'd be living with
- his sister at the J Street address?
- 6 Yes Α.
- 7 Q. And in order to -- I mean, once you
- 8 report a certain location as your address, does the
- 9 Department go and make sure that that's an okay
- 10 place for the parolee to be living?
- 11 A. Yes.
- 12 Q. And what sort of things are you looking
- 13 at?
- 14 A. Well, we check to make sure that nobody
- 15 else there is currently on for a felony or any kind
- 16 of crime. We also check to see who else is living
- 17 in the residence where he'd be staying at, if he'd
- 18 be staying in his own separate room, that type of
- 19 stuff.
- 20 Q. And so when is he reinstated for and gets
- 21 this second chance at parole, he says he's gonna be
- 22 living with his sister?
- 23 A. Yes.
- 24 Q. And he was supposed to find employment;
- is that true?

- 1 Α. Yes.
- 2 Q. And stay out of trouble again?
- 3 Α. Yes.
- And what is the date that he's actually
- out of custody then on the reinstated parole? 5
- 6 A. He was officially released on March 4th
- 7 of 2005.
- 8 And when he's released on March 4th of
- 9 2005, that's released to parole, right, or given
- 10 parole?
- 11 A. He was actually dropped off at our office
- 12 and then he was either transported to his sister's
- 13 house or his sister came and picked him up.
- 14 Whichever way.
- 15 Q. But in March of '05, he's still
- technically under the sentence of imprisonment on 16
- 17 the robbery charge?
- 18 Α. Yes, yes.
- 19 Q. Because he hasn't done the balance of his
- 20 sentence?
- 21 Correct, yes. A.
- 22 Okay. And at the time he is granted
- 23 parole in March of '05, were you in charge of
- 24 supervising him?
- 25 A. Yes.

- Q. vou would have met with him on 1
- 2 March --

8

15

- 3 Α. I actually met him on March 9th. About
- five days after he was released,
- Okay. When you met with him, where was
- 6 it that you met?
- 7 Α. In my office at 610 Belrose.
 - And was he to report to you at a Q.
- 9 particular time on the 9th?
- 10 Actually I believe at that time he showed
- 11 up to report to his officer that was assigned to him
- 12 before: however, because that officer was switched
- 13 to another unit, I just happened to be there and
- 14 they gave me the file at that time.
 - Q. 0kav.
- 16 Α. And I saw him that day.
- 17 Q. And so that was your first meeting with
- 18 him?
- 19 Α. Yes.
- 20 Q. When you have an initial meeting with a
- 21 parolee, what's the conversation? How's it supposed
- 22 to go?

3

- 23 Basically we go over all the conditions
- 24 again. Due to the fact we knew he was in violation
- 25 previously on parole, that's one of the special
 - 76
- conditions he had on parole was no contact with his,
- 2 the mother of his children, Katrina McKenna.
 - So we went over all that stuff
- 4 again. Advised him what he was supposed to do, when
- 5 he was supposed to report, all that stuff.
- 6 Q. And you in March I take it reminded him
- 7 you're not supposed to have contact --
 - A. Oh, yeah.
- 9 -- with Katrina? Q.
- 10 Α. Oh, yes.
- 11 O. And what was his response to that?
- 12 He was not happy. I can tell you that it
- 13 took, the meeting itself took anywhere from a half
- 14 an hour to an hour which shouldn't take that long.
- Mainly because we had to calm him down due to the
- 16 fact that he wanted to see his kids who live with
- Ms. McKenna. My sergeant and I actually had him 17
- 18 report, come to my office and actually we had to
- 19 settle -- cuz actually he would have had to go back
- 20 into custody at that time if, if he continued his
- attitude. 21
- 22 Q. Okay. And when you say -- I mean you
- 23 said he was not happy, I take it that's a little bit 24
- of an understatement or can you describe like what 25
- his -- did he say anything to you about that

- 1 condition?
- 2 He said it was bullshit. He said that's A.
- bullshit and I need to go back to the parole board.
- I said well, the only way you can go back to the
- parole board is if we take you back in custody.
- And this was all over not having contact
- 7 with Ms. McKenna?
- R Α. Yes.
- 9 O And he said that he wanted to see his
- 10 kids?
- 11 A. Yes.
- 12 Q. Did you suggest to him an alternative, a
- 13 way to still adhere to the conditions of parole and
- 14 still be able to visit his children?
- 15 Α. Yes.
- 16 Q. And what was that?
- 17 A. We advised him the best thing to do is
- 18 have his sister either go and pick up the children
- 19 from Ms. McKenna or have them dropped off at the
- 20 sister's house when he was not present. But that's
- 21 the only time that he could not have contact with
- 22 her at all.
- 23 Q. Okay. And you said normally -- or you
- 24 said this meeting took anywhere from a half hour to
- 25 an --

- 78
- 1 A. To an hour at that time, yes.
- 2 Q. In a normal situation, how long would
- 3 that type of meeting take?
- 4 Α. On a normal parolee that comes out of
 - prison, it takes 20 minutes, maybe a half hour at
- 6 the most, but never, never past a half hour.
- 7 After that meeting, I take it he was
- still released on his own? 8
- 9 Α. Yes.
- 10 Q. Did you supervise him in terms of whether
- 11 he was paying his supervision fees?
- 12 Yes. A.
- 13 Q. And was he paying those fees?
- 14 A.

19

- 15 Q. And what are the supervision fees?
- 16 Α. Anybody that's on parole, probation has
- 18

to pay a \$30 supervision fee to the State of Nevada

- to offset the cost of supervising them. It's \$30 a
- month money order and normally basically he's
- 20 supposed to pay on a regular basis.
- 21 Are you aware of him ever paying his fee O
- 22 during the time --
- 23 Α. No.
- 24 Q. -- that you supervised him?
- 25 10/23/2008 10:40:39 PM

- dring that time period, he was
- supposed to work or find a job?
 - Α. Yes.

1

3

5

- 4 Q. Was he successful in doing that?
 - Δ
- Q. Did you ever hear or did he ever talk to
- 7 you about any efforts in that regards?
- 8 He stated he, he had a job offer at a
- 9 temp service at one time, but that was it.
- 10 Q. And he's supposed to be living at that J
- 11 Street address?
- 12 Α. Yes.

Α.

- 13 As his parole officer, did you ever make
- 14 an every effort to contact him at that address? 15
- 16 Q. Explain what happened with that.
- 17 Α.
- Well. I mean basically from March all the 18 way through until May, I went by it looks like six
- 19 times before I was actually able to catch him at his
- 20 house on one occasion.

Yes.

- 21 Q. And then of course in, in May he was
- 22 taken into custody?
- 23 Α. Yes. Well, not until June actually,
- 24 O. Actually June, yeah --
- 25 Α. Yes.

- 80
- 1 -- you're right. June of '05 he was
- 2 taken into custody --
- 3 A.
- 4 Q. -- in relation to some murder charges?
 - Α. Yes.
- 6 MS. WECKERLY: Thank you, sir. I'll pass
- 7 the witness.

5

- 8 THE COURT: Questions?
- 9 MR. PIKE: Thank you very much.
- 10 RECROSS-EXAMINATION
- 11 BY MR. PIKE:
- 12 Q. Officer, in relationship to your
- 13 supervision of an individual that's on parole, let
- 14 me ask you a couple of questions about the parole
- process as you understand it. 15
- 16 A. Sure.
- 17 Q. Under the sentencing structure that was 18 given back in 1992, it was a set sentence that was
- 19 given as opposed to a range?
- 20 A. Yes.
 - Q. Okay. And as a result of that, an
- 22 individual that's in custody has a proposed release
- 23 date where they actually expire their sentence and
- 24 they can be released completely without supervision
- 25 at all?

- A. Yes.
- 2 Q. And you indicated that on your review of
- 3 the sentence that was imposed in this case there was
- 4 actually a couple of sentences that were imposed.
- 5 There was nine years for the
- 6 robbery?

- 7 A. Uh-huh.
 - Q. Nine years for an enhancement because a
- 9 deadly weapon was used?
- 10 A. Yes.
- 11 Q. Additionally to that, as part of the plea
- **12** negotiations, you're aware that there was another
- 13 underlying charge or a sentences for the burglary
- 14 that was part of the negotiations.
- Do you recall that?
- 16 A. Yes, yes.
- 17 Q. And so as Mr. Flowers was in custody, he
- 18 was completing sentences and he completed the
- 19 sentence on the burglary and then he was doing time
- 20 on the robbery. And then by the time he was
- 21 released to the Department of Parole and Probation
- 22 when he was on, when you were supervising him, he
- 23 was going through the last part of the last sentence
- 24 of that, of those three sentences?
- 25 A. Of the use, yes.

82

- 1 Q. All right. Now, in, in determining when
- ! an individual is going to be released, sometimes it
- 3 would be safe to say that the parole board may look
- 4 at somebody and say I don't want him to just expire
- 5 their time because then they're released without
- 6 supervision, and so it would be appropriate this
- 7 close to an end of a sentence to release him to
- 8 parole because then he'd be subject to the
- 9 supervision of the Department of Parole and
- 10 Probation and we'd have control or a way of
- 11 contacting him and supervising and monitoring him?
- 12 A. Well, I mean, I'm not totally sure to be
- 13 honest with you. I know the parole board probably
- 14 does take in consideration, but I'm not part of that
- 15 so.
- 17 you make sense?
- 18 THE COURT: Well, you're gonna have Ms.
- 19 Bass come on and I'm sure she's gonna say that.
- 20 BY MR. PIKE:
- 21 Q. And so part of your responsibilities in
- 22 supervising somebody is making sure that they have
- 23 the opportunities to get a job and you help them in
- 24 finding jobs?
- 25 A. We assist them in trying to get back into

- the community. And if that means job leads or Job
- 2 Connect or Nevada Partners which are not temp
- 3 services, their job, they're vocational programs, we
- do allow them to go to those, yes, and we do give
- 5 them information on that.
- 6 Q. You allow them to go to that, you give
- 7 them information on it, but how many people do you
 - supervise or were you supervising back in 2005 at
- 9 any given time?
- 10 A. Anywhere from 80 to a hundred and 30.
- 11 It, it varies.
- 12 Q. Okay. And so it's tough to go in and
- 13 actually operate as a provider to assist people in
- 14 getting jobs or counseling. You can just give them
- 15 the referrals and try and monitor and make sure that
- 16 they're not involved in any additional criminal
- 17 activity?
- 18 A. Yes.
- 19 Q. Now, in reference to the temporary
- 20 protective order, the TPO that you've talked about,
- 21 by its very nature, it says temporary protective
- 22 order.

1

2

12

- 23 Are you aware that the process in
- 24 which an individual can go in and take away that
- 25 temporary protective order?
- 84
- A. By going back into court, yes.
- Q. And so, and if in this case his wife or
- 3 ex-wife, the mother of his children, wanted to have
- 4 the contact, so that he could exercise visitation or
- 5 see his children, she had the option of initiating
- 6 the contact and initiating the termination of that
- 7 and then he would not be in violation of his parole,
- 8 correct?
- 9 A. Yes, that's correct.
- 10 Q. And that was controlled completely by, by
- 11 her to your knowledge?
 - A. Yeah. To my knowledge, yes.
- 13 Q. And in reference to the paying of the
- 14 supervision fee, you didn't automatically revoke or
- 15 you don't automatically revoke somebody for not
- 16 making a couple of payments if they're out of
- 17 prison, they're having a hard time getting a job or
- 18 they're just at a sustenance level?
- 19 A. No.
 - MR. PIKE: I have nothing further.
- 21 MS. WECKERLY: Just one question.
- 22 REDIRECT EXAMINATION
- 23 BY MS. WECKERLY:
- 24 Q. Mr. Pike asked you about the other
- 25 sentences that Mr. Flowers was serving.

complex at the time; is that correct?

time. So when he goes to prison, all the time comes

6 off at the same time.

When it's consecutive, he has to do
8 the first time first and the second time last.

9 Q. And if his sentences were concurrent.

10 that means he gets credit for all three at the --

A. Yes.

Q. -- same time?

13 A. Yes.

11

12

18

19

20

25

14 MS. WECKERLY: Thank you.

15 THE COURT: Thanks. Appreciate it.

16 officer. Next.

17 MS. LUZAICH: Detective Tremel.

(Whereupon, Detective Donald Tremel was duly sworn to tell the truth,

the whole truth and nothing but the

21 truth.)

22 THE CLERK: Thank you. Please be seated.

Could you please state your full name and spell your

24 first and last name for the record?

THE WITNESS: Donald Tremel.

86

1 D-o-n-a-l-d. T-r-e-m-e-l.

2 THE CLERK: Thank you.

3 DIRECT EXAMINATION

4 BY MS. LUZAICH:

5 Q. Detective Tremel, you testified in the

6 other phase of this trial; is that correct?

7 A. Yes.

8 Q. I assume you are still a detective with

9 Metro in the homicide area?

10 A. Yes.

11 Q. In the previous phase of this trial, you

12 talked about going to the Silver Pines Apartments on

13 May 3rd of 2005 in the morning and discovering the

14 body of -- or at least seeing the already discovered

15 body of Marilee Coote, correct?

16 A. Yes, yes.

17 Q. Do you recall as you were walking around

18 and investigating that how much time did you spend

19 in that apartment? I mean five minutes, two hours?

20 A. In Marilee Coote's apartment?

21 Q. (Positive nod of the head.)

22 A. Probably about an hour, an hour and a

23 half.

24 Q. Okay. And when you left there, you

25 didn't know of anything else that was going on in 10/23/2008 10:40:39 PM Page

back to those same apartments?

Okay. Later in the day were you called

A. Yes.

that apartment

Α.

Q.

1

2

3

5

6

9

20

25

Q. And was that for something else?

Correct. We just left.

7 A. It was.

8 Q. What were you called back for?

A. There was another homicide.

10 Q. What time of day was it that you were

11 called back?

12 A. It was about 4:30. I was on my way home

13 when I got called.

14 Q. So 4:30 in the afternoon as opposed to

15 the morning?

16 A. Yes.

17 Q. And when you got called back for this

18 second homicide at 4:30, what was the name of the

19 lady that you ultimately investigated?

A. Reina Gonzalez.

21 Q. And how is it your understanding that it

22 was discovered that this lady was found?

23 A. How was she discovered?

24 Q. Yes.

A. Her children, two small children who got

off a school bus which dropped off the kids in front

88

2 of the apartment complex. Normal routine for her

3 was to pick her children up at the bus after school,

4 drop them off in the morning before school. She

5 wasn't there. The kids walked into the apartment

6 complex, to their apartment, the first floor,

7 entered the apartment, found the mother.

8 Q. So the two little girls -- daughters,

9 correct?

10 A. Yes

11 Q. Was that Angel and Vanessa?

12 A. Yes.

13 Q. Do you know how old Angel and Vanessa

14 were at the time?

15 A. I don't remember their exact age. They

16 were in grade school. Grade school.

Q. Elementary school?

18 A. Elementary school, yes.

19 Q. So like six and eight-ish?

20 A. Yes.

21 Q. And I'm sorry. You said it was your

22 understanding that Ms. Gonzalez would walk her two

23 little girls from the apartment to the bus stop

24 that's right outside the apartment complex?

25 A. Yes.

22 of 44 sheets

And that's elementary nool. 1 So, you

2 know, 8:30, 9:00 in the morning?

3 Α. Yes

4 Q. And then they get off around 3:00 in the

5 afternoon?

6 Α. Yes.

7 Q. And these two little girls opened the

8 door so the door was not locked?

9 Correct. Α.

10 O They opened the door and they found their

11 mother?

12 Α. Yes.

13 Q. What position did they find their mother

14 in?

15 She was in the bedroom which would have

16 been directly straight in the front door. She was

17 on her stomach at the foot of the bed, her knees on

18 the ground with her head, head -- upper portion of

19 her body on the bed facing the headboard with her

20

pants pulled down, a portion down exposing a portion

21 of her buttocks.

22 When Angel and Vanessa found their

23 mother, what did they do?

24 They told some other people in the

25 complex, friends of theirs. Inevitability an adult

90

1 was able to notify the police.

2 But first did they find a young boy who

came in --3

4 Α.

5 Q. -- and checked? And then it was the

young boy who was able to find some other

7 individuals?

8 Α. Yes.

> Q. And the police apparently were called; is

10 that right?

9

20

23

23 of 44 sheets

11 A. Yes, they were.

12 Is it your understanding that prior to

13 the police actually arriving at the scene that there

14 were quite a few individuals that walked at least

15 into the apartment and saw Ms. Gonzalez?

16 Yes, that was our understanding, there

17 was some of their friends and other kids in the

18 complex that had gone in there.

19 Ultimately when the police were called,

did patrol arrive first like they would have at

21 Marilee Coote's?

22 Α. Yes, they did.

> Q. And when they discovered that, would they

have contacted homicide and homicide came out?

Eventually we were notified, yes. 25 Α.

1 n you homicide detectives arrived

91

there, was the scene already secure so that nobody

3 else at least would enter your scene?

It was.

4

5

7

19

25

4

13

17

Q. And did you enter the scene?

6 A. I did.

> Q. When you got there, what did you see?

8 Α. I saw the front door opened, I saw a

slight evidence of a slight disturbance right by the

10 front door. There was a pair of slippers or

11 sandals, there was some plastic pieces. We really

12 didn't know what the plastic pieces were. We later

13 discovered they were part of a hair clip.

14 Okay. And the sandals that were there,

15 were they slightly askew?

16 Α. Yes.

17 Q. And the pieces of the, that were on the

18 floor when you say they were part of a hair clip,

was the rest of it in her hair?

20 A. It was.

21 O Found by police?

22 Α. Yes.

23 O. How did the rest of the apartment, how

24 did the rest of the apartment look?

> It was very clean. The kitchen, the A.

92 living room, everything was very clean and

organized. We've seen a lot of dirty apartments in

3 our clean, but this was very, very clean.

Would you say immaculate?

5 Α. Yeah, it would be a good description of

6 it.

7 Q. Especially in light of the fact that

8 there were obviously two young children living

9 there?

10 A. Yes.

11 Q. So you saw this slight disturbance but

12 everything else was okay.

Did you enter the room where Ms.

14 Gonzalez was found?

15 Α. Yes

16 Q. And what did you see?

I saw, as I described, her positioning on

18 the bed with her knees on the floor, pants down.

19 There was what appeared to be -- early on, we didn't

20 know what it was, it looked like a cord or something

21 around her neck. We determined later on that it was

22 a phone cord as well as a, another form of ligature

which we determined was a lanyard which kind of 23

24 hangs identification.

25 Q. Showing you what's been marked as State's

Page 89 to 92 of 129

10/23/2008 10:40:39 PM

- 1 proposed Exhibits 143 through 15 which for the
- 2 record have been shown to defense counsel before, do
- 3 you recognize these photographs?
 - A. Yes.
- 5 Q. And I'm sorry, did you also cause crime
- 6 scene analysts to come out and photograph and
- 7 process the scene?
- 8 A. Yes.
- 9 Q. Are these photographs of the scene that
- 10 we're talking about?
- 11 A. Are they of the scene?
- 12 Q. Yes.
- 13 A. Yes.
- 14 Q. And do they all fairly and accurately
- 15 depict what we've been discussing?
- 16 A. Yes.
- 17 MS. WECKERLY: Move them into evidence.
- 18 THE COURT: Objection?
- 19 MR. PIKE: No.
- 20 THE COURT: Admitted.
- 21 BY MS. WECKERLY:
- 22 Q. Showing you State's Exhibit 143, what
- 23 does State's 143 depict?
- 24 A. That is the view from the front door down
- 25 a small hallway, living room on the left, directly
 - 9

- into the master bedroom where the victim was found.
- Q. Okay. Now, the photograph right now as
- 3 it looks on the computer screen, is it kind of dark
- 4 where the bedroom is?
- 5 A. Yes.

1

- 6 Q. And if you actually had the photograph in
- 7 your hands, could you see Ms. Gonzalez's body
- 8 through the doorway?
- 9 A. Yes.
- 10 Q. And coming closer to the bottom of the
- 11 photograph, what do you see specifically?
- 12 A. One of the sandals or flip flops in the
- 13 hallway there.
- 14 Q. Okay. And is that one of the ones that
- 15 you mentioned was kind of askew?
- 16 A. Yes.
- 17 Q. Showing you State's Exhibit 144, what
- 18 does this show?
- 19 A. That's a picture of the front door from
- 20 inside the living room in the hallway, probably
- 21 about where the sandal was at.
- 22 Q. Okay. Is it all quite neat and clean?
- 23 A. Yes.
- Q. As you walked in the door, did you look to see if there was any sign of forced entry?

- A. Yes.
- Q. Was there any sign of forced entry?
- 3 A. No.

1

- Q. Does the door that we're looking at in
- 5 this photograph show that there was no sign of
- 6 forced entry was as well?
- 7 A. It's opened, but there's, you would also
- $oldsymbol{8}$ almost need to see it up close, a view of it, but
- 9 that shows that the door is opened.
- 10 Q. Right. But can you see that there's no
- 11 damage done to the door?
- 12 A. Right. Normal, normal forced entry, if
- 13 it was a kick or whatever, you would see one turning
- 14 of the frame, you'd see wood on the floor and maybe
- 15 pieces of a knob, but there's nothing to indicate in
- 16 that area.
- 17 Q. Nothing like that there?
- 18 A. No, nothing.
- 19 Q. And there was nothing to indicate in the
- 20 door jam that anything had been pried or anything of
- 21 that nature?
- 22 A. Correct.
- 23 Q. Showing you State's Exhibits 145, what
- 24 does that show?

1

5

11

- 25 A. That is the very neat living room.
 - 96

- Q. Exhibit 146?
- A. Same room from a different angle.
- 3 Q. Still neat but showing that sandal we
- 4 were talking about?
 - A. Yes. To the left of that leather chair.
- 6 Q. And for the record, the TV appears to be
- 7 on in the photograph. Was it on when you arrived at
- 8 the apartment?
- 9 A. Yes.
- 10 Q. State's Exhibit 147.
 - A. That is a small, neat clean kitchenette.
- **12** Q. 148?
- 13 A. That is the kitchen taken from where the
- 14 kitchenette table is.
- 15 Q. Still neat and clean?
- 16 A. Yes.
- **17 Q**. 149?
- 18 A. That's the same clean kitchen from the
- 19 far portion of the kitchen outward.
 - Q. 150?
- 21 A. That is a neatly made child's bed in a
- 22 child's room based on the, you know, the stuffed
- 23 animals up there.
- 24 Q. Just for the record, the -- there's a
- 25 dresser in the corner; is that correct?

- Α. Yes.
- 2 Q. All little stuffed animals nightly lined
- up -- nicely lined up?
- 4 Yes. Α.
- 5 Q. Exhibit 151?
- 6 Δ That is the victim Ms. Gonzalez showing
- 7 the ligatures around her neck.
 - Q. And I'm gonna jump ahead for one second
- 9 to 155.

8

- 10 What does that show?
- 11 Δ. That is a picture of Ms. Gonzalez from
- 12 the outer portion of the hallway into the bedroom
- 13 showing her position at the foot of the bed on her
- 14 knees, on her stomach, the upper portion of her on
- 15 the bed with her pants down a little bit.
- 16 Now, you can see the bed a bit in that
- 17 picture and actually you can see it better in the
- 18 actual picture than you can on the screen.
- 19 What was the condition of the bed?
- 20 It was made. It didn't look like -- I
- 21 mean, it wasn't messed up or unmade.
- 22 Q. So the bed was nicely made?
- 23 Yes. A.
- 24 O State's Exhibit 152?
- 25 A. Again, that's Ms. Gonzalez showing a --

 - more of the ligatures and appears to be wound or
- something behind her ear. 2
- 3 Q. Does it also -- do you also see a blue
- thing in her hair?
- 5 Α. Yes. Just to the left of the hands that
- 6 are in the picture.
- 7 Q. And would that be kind of like a little
- 8 clip --
- 9 Yes. Α.
- 10 Q. -- that one holds when a girl might hold
- 11 her hair with?
- 12 A. Yes.
- 13 Q. And there were pictures of that found
- 14 where?
- 15 We found pieces of that by the front door
- 16 and actually in the hallway area leading from the
- 17 front door to the bedroom.
- 18 Q. Okay. State's Exhibit 153?
- 19 That is the ligatures, the little metal
- 20 clip which is underneath the chin is the portion of
- 21 the lanyard that would normally hold a piece of
- 22 identification.
- 23 Q. And those were items that were found on
- her, around her neck --24
- 25 Yes. Α.

- 1 Q. vou located her?
 - A. Yes.

2

7

12

- 3 Q. And then finally 154?
- 4 Α. Just a master bedroom closet.
- 5 Q. Neat and tidy?
- Yes. 6 Α.
 - Q. As you were at the house investigating,
 - you said that crime scene came out.
- 9 Were you trying to find witnesses in
- the area? 10
- 11 Α. My partner was, yes.
 - Q. And how does that happen?
- 13 Through a canvassing of adjoining
- 14 apartments above, next to, across, anybody that
- 15 might be within a close proximity of where the crime
- 16 occurred. Then we'll normally knock on doors, see
- 17 if anybody's home, see if they heard anything or saw
- 18 anything.
- 19 Q. When you say your partner, who was your
- 20 partner?
- 21 Α. At that time it was Detective Sheila
- 22 Huggins.

25

4

7

10

- 23 Okay. So Detective -- earlier in the
- 24 other phase of the trial, we talked about when
 - homicide arrives on the scene and there's partner
- one is in charge of the scene and one is in charge
- of interviewing, were you in charge of the scene at
- 3 Ms. Gonzalez's homicide?
 - Α. Yes, I was.
- 5 Q. And Detective Huggins was in charge of
- witnesses? 6
 - Α.
- 8 But you communicate with each other and
- 9 share your information?
 - Α. Yes.
- 11 Did detectives, whether it was Detective
- Huggins or someone else, ultimately speak to a lady 12
- 13 named Juanita Curry?
- 14 Α. Yes.
- 15 Q. And where was it your understanding that
- 16 Juanita Curry lived?
- 17 I don't believe Juanita Curry was spoke
- 18 to that evening. Juanita Curry --
- 19 Q. But ultimately somebody did?
 - Ultimately, yes. Yes. She lived
- 21 directly below Marilee Coote. That building is a
- 22 three-story building, Ms. Coote lived on the third
- 23 floor, Ms. Curry lived two stories below her.
- 24 Where in relation to Juanita Curry and
- 25 Marilee Coote was Ms. Gonzalez's apartment?
- Page 97 to 100 of 129 25 of 44 sheets

- A. Directly across the parking lot.
- 2 Q. So if you were standing in Juanita
- 3 Curry's doorway, could you see the entrance to Ms.
- 4 Gonzalez's apartment?
- 5 A. Yes.

8

- 6 Q. Is it as close as you are to the door
- 7 back there or around that?
 - A. Probably just a little bit further. It
- ${\bf 9}$ would probably be from where I am now probably to
- 10 outside in the hallway area somewhere.
- 11 Q. Okay. So close?
- 12 A. Pretty close, yes.
- 13 Q. And what did Ms. Curry tell officers she
- 14 was aware of from that morning?
- 15 A. That she had seen an individual that she
- 16 had met before on the property. She'd seen this
- 17 individual at Ms. Gonzalez's apartment area by the
- 18 door and this individual had knocked on her door
- 19 several doors times.
- 20 Q. Her being Juanita Curry?
- 21 A. Juanita Curry.
- 22 Q. When he was knocking on her door several
- 23 times, what was it that he wanted?
- 24 A. Ultimately to use her telephone and to
- 25 allegedly get out of the heat because he said he was

- 2 Q. Did she indicate that he had approached

hot.

- 5 A. Yes.
- 6 Q. And did she recognize him at that time?
- 7 A. She did
- 8 Q. Did she recognize him because she knew
- 9 somebody that he was in association or contact with?
- 10 A. Yes.
- 11 Q. Who was that?
- 12 A. Mawoosy Ragland.
- 13 Q. And did Juanita Curry indicate that she
- 14 personally knew Mawoose Ragland?
- 15 A. Yes. And she referred to her as Woo
- 16 because she said it was too hard to say her first
- 17 name.
- 18 Q. And did Woo or Mawoosy Ragland live in
- 19 that same apartment complex?
- 20 A. She did.
- 21 Q. Did she in fact live kind of right
- 22 upstairs above Juanita, kitty corner to Marilee
- 23 Coote?

10/23/2008 10:40:39 PM

- 24 A. She lived, yes, on the third floor of
- 25 that complex. She lived directly across the -- they 25

- 1 shared the same walkway at the top of the stairs 2 with Marilee Coote.
- 3 Q. And when the per -- did you say what the
- 4 person's name was that she had contact with?
 - A. That?
- **6** Q. Did she tell you the name of the
- 7 individual, the man that she had contact with that
- **B** knocked on her door back in --
- 9 A. I believe she said that she actually knew
- 10 him as Keith.

5

14

25

2

- 11 Q. Keith. Okay. So did she tell you that
- 12 she knew Keith through his girlfriend?
- 13 A. Yes.
 - Q. And did she tell you that he was knocking
- 15 on her door in the morning at the time that the
- 16 police were actually there investigating Marilee
- 17 Coote's death?
- 18 A. Yes.
- 19 Q. And the first time that he came to the
- 20 door wanting to use the phone, did she tell you
- 21 where he went when he left her door?
- 22 A. I believe that she said she did not know
- 23 where he went that time.
- 24 Q. Okay. And but he came back?
 - A. Came back.

- 104
- 1 Q. Shortly thereafter?
 - A. Yes.
- 3 Q. And when I say shortly, within half an
- 4 hour?
- 5 A. Yes.
- 6 Q. What did he want the second time?
- 7 A. To use the phone again.
- 8 Q. And did she indicate that he went
- 9 somewhere after that?
- 10 A. Yes
- 11 Q. Where did he go?
- 12 A. Across the street towards Reina
- 13 Gonzalez's apartment.
- 14 Q. Okay. Now you're talking about across
- 15 the street.
- 16 A. Across the parking lot.
- 17 Q. Okay. So right in the same apartment
- 18 complex?
- 19 A. Yes.
- 20 Q. Across the parking lot where you can
- 21 see -- not the parking lot. The little walkway
- 22 where you can see Ms. Gonzalez's door?
 - A. Yes
- 24 Q. And she said he went there?
- 25 A. Yes.

21

24

105

- 1 Q. Did he come back again ter that?
- 2 A. Yes.
- 3 Q. Wanting what?
- 4 A. I believe he wanted to use the phone
- 5 again, and at that point she offered him some water.
- 6 Q. Okay. Did he indicate to her that he
- 7 wanted water for a reason?
- 8 A. He indicated he wanted some water, again,
- 9 because of the heat, but this is early in May. He
- 10 said he came back because the people over there were
- 11 smoking marijuana and that he didn't want to be over
- 12 there when that was happening.
- 13 Q. Okay. Did he say something to her when
- 14 police came downstairs?
- 15 A. I don't recall.
- 16 Q. Okay. When he got his water, did she say
- 17 where he went?
- 18 A. Well, he eventually left her apartment
- 19 again.
- 20 Q. And went where?
- 21 A. Back across the street.
- 22 Q. Across the street?
- 23 A. Across the parking lot which from her
- 24 apartment you walk across the parking lot to Ms.
- 25 Gonzalez's apartment.

- 106
- 1 Q. Okay. So she saw him going back towards
- 2 Ms. Gonzalez's door?
- 3 A. Yes.
- 4 Q. Did he come back yet again?
- 5 A. Eventually he did come back. By this was
- 6 she was in her vehicle.
- 7 Q. Was there a time that he wanted to use
- 8 the bathroom?
- 9 A. Yes.
- 10 Q. And did she actually let him come in and
- 11 use the bathroom?
- 12 A. She did.
- 13 Q. But did she step outside while he did
- **14** that?
- 15 A. She stayed by the front door and stepped
- 16 out of the residence onto like a front porch area
- 17 because she didn't trust him.
- 18 Q. And did he ask her something about a
- 19 light switch, trying to get her into the apartment?
- 20 A. Yes.
- 21 Q. Did she actually go into the apartment?
- 22 A. No.
- Q. Now, this is noonish, correct?
- 24 A. Yes.
- 25 Q. And you've been in those apartments.

- It's fairly little inside the apartments?
 - A. It is, yes.
- 3 Q. Okay. So you said that there was finally
- 4 a time that he came and she was leaving?
 - A. Yes.
- 6 Q. And was that about 11:00, 11:30 in the
- 7 morning?
 - A. According to her it was, yes.
- **9** Q. So all of these visits back and forth
- 10 were between what, about 9:00 and 11:00, 11:30?
 - A. Yes
- 12 Q. And did she then just leave the
- 13 apartment?
 - A. She did. The whole time she'd been
- 15 conversing with her daughter on her cell phone. She
- 16 was nervous and she wanted to leave and she
- 17 ultimately did.
- 18 Q. Did she indicate that she was nervous
- 19 because of him?
- 20 A. Yes.
 - Q. Now, did you ultimately discover that
- 22 Mawoose Ragland did in fact live in this apartment
- 23 complex?
 - A. Yes.
- 25 Q. And that she was the girlfriend of Keith
 - 108

- 1 at the time?
- 2 A. Yes.
- 3 Q. And when I say Keith, in the prior
- 4 proceeding you recognized the defendant and had had
 - contact with him?
- 6 A. Yes.
- 7 Q. Did you then attend the autopsy for Ms.
- 8 Gonzalez?
- 9 A. Yes.
- 10 Q. And what did you discover about her cause
- 11 of death?
- 12 A. Ligature strangulation, manner of death
- 13 was homicide, and we also learned that there had
- 14 been sexual assault.
- 15 Q. Okay. When you say you learned that
- 16 there had been sexual assault, were there specific
- 17 body parts that had been sexually assaulted?
 - A. Yes.
- 19 Q. What body parts?
- 20 A. Anally and vaginally.
 - Q. Both anally and vaginally?
- 22 A. Yes.
- 23 Q. And did you -- while you were present,
- 24 did you observe that swabs were taken like they are
- 25 during autopsies?

MR. PIKE: Thank you v much. BY MR. PIKE:

17

Α. Yes.

6 Q. Okay. And it indicates it was requested

7 by Detective Huggins?

> Yes. Α.

9 Q. And that had been your partner?

10 A. Yes

> Q. And the, they had -- or Detective Huggins

12 had requested that there be an analysis or

13 comparison to three individuals?

14 A. That's correct.

15 Q. Would you read those three names into the

16 record?

Kenneth Riley, Cesar Hernandez and Damon

18 Alexander.

Α.

19 Q. Thank you. And that refreshes your

recollection that there specifically was an

21 individual by the name of Alexander that you had an

22 interest in at that time?

23 Yeah, I guess an interest would be just

to see if his fingerprints were there.

25 Q. Okay. And maybe to see if his DNA was

Did you ever go get a buckle swab from him? 1 there.

2 A. No.

3 And yet in the DNA reports that came in,

none of the DNA came, on the Gonzalez case came back

to Mr. Flowers? 5

6 Α. That's correct.

7 Q. In fact, you've testified at a previous

hearing in this matter, preliminary hearing, that

9 there is no piece of physical evidence that would

10 connect Mr. Flowers to the Gonzalez apartment

11 whatsoever?

12 Α. Correct.

13 Q. In addition to the DNA that was obtained

14 as part of the vaginal and anal swabs which did not

15 match Mr. Flowers, there was male DNA that was

16 recovered from the ligature cords on Ms. Gonzalez?

17 Α. Yes.

18 That male DNA that was on the cords that O.

were tied around her neck and that strangled her did 19

not match Mr. Flowers? 20

21 A. Correct.

22 And because you had no swab or anything

23 from Mr. Alexander, you don't know whether it

24 matches his DNA or not?

That's correct. A.

t investigation then similar to

2 the DNA in the other case, the Quarles case, that

3 came to light after three years and violently after

investigation, is still unidentified out there and

could still be identified, and that would tell you

who held that ligature and who held that cord that

7 is associated with the blood of Ms. Gonzalez?

Yes, it could.

MR. PIKE: I don't have anything further.

10 THE COURT: Anything else?

MS. LUZAICH: Just briefly.

REDIRECT EXAMINATION

13 BY MS. LUZAICH:

> Q. You had talked earlier about elimination

prints, maintenance workers. Is it possible Damon

16 Alexander is one of those maintenance workers?

> Α. Yes.

18 Okay. Now, you had talked about when the Q.

19 little girls found their mom dead, there was at

20 least one young boy who came in and then some

21 adults.

22 Were you able to absolutely

23 determine every adult that came in and peaked?

> Α. No, we were not.

25 Q. So is it possible that an adult that came

115

1 in and peaked that you're not sure of could have

touched the ligature?

Α. It's possible.

4 Okay. Did it take -- you know, right now

we know in hindsight that Norman Flowers went back

7 Juanita Curry's house and Reina Gonzalez, but did it

take awhile to realize that he was actually a

10 MR. PIKE: Objection.

11 THE WITNESS: Yes.

12 MR. PIKE: Calls -- I'll withdraw to the

13 question, the ultimate question that came out, but

the commentary before that I'd object to as

15 misstating the facts.

16 THE COURT: Well, I think, I think what

17 he's objecting to is he's saying that you said he

18 went back and forth from Curry to Gonzalez and I

19 think the testimony that I heard from Officer Tremel

20 was he went back and forth from Curry to the area of

1 MS. WECKERLY: Okay. One other thing sort of on that note.

3 THE COURT: Yeah.

4 MS. WECKERLY: Is over the lunch hour,

I'm gonna read and I have a copy for the court the Retiker case because in all candor, I think it might 7 affect whether or not a first-degree arson is a

8 crime of violence.

9 I think we have that aggravator 10 anyway in the robbery with use, but because it may

11 affect the instructions, I just want to review it

before we finalize the instructions because --12

13 THE COURT: Fair enough.

MS. WECKERLY: -- we may strike that. 14

15 THE COURT: Fair enough. And I don't

16 even know what it says. My, my --

17 MR. PIKE: It says second-degree arson.

18 It is not an aggravator.

20

19 MS, LUZAICH: Right, but this is first --

MR. PIKE: I understand.

21 THE COURT: My recollection was is if you

22 burn down property and there was no real danger, it

23 wasn't, but arson can certainly be a crime of

violence if there's a person in there for example.

25 MS. WECKERLY: Right. RT: Maybe a dog. Listen, you

123

kill a dog, that's pretty damn devastating to

MS. WECKERLY: It is. No, and I'm --

THE COURT: I'll look at it.

MS. WECKERLY: Yeah, I'm gonna look at

7 it, too. I just didn't want everyone to think that,

it to everybody's attention.

THE COURT: We'll look at it and I'll do

MS. WECKERLY: Okay.

THE COURT: -- give you a reasonable answer and again, on these kind of things, if push

MS. WECKERLY: Right.

THE COURT: You tend to err on the side of caution. So unless it looks like it's pretty

you know, again, I'd rather err on the side of

caution and make sure that we at least do it right.

MS. WECKERLY: Right.

23 THE COURT: It doesn't mean that they

24 can't consider it. It just means they can't

25 consider it at that aspect whether jurisdictionally

124

1 death can come into play.

MR. PIKE: Right. And it's part of the

narrowing process and it actually is cited in my

points and authorities that I filed in --

5 MS. WECKERLY: Right, I'll just look at

that and I'll look at the penalty thing.

7 THE COURT: All right. We'll discuss it

8 just for a second, but -- well, we'll discuss it

9 when -- they're not gonna, they're not gonna argue

10 the case today. We're gonna, we're gonna be done by

11 3 o'clock I'm thinking with all the evidence except

12 for the one witness Randy doesn't have until

13

tomorrow and any allocution statement the defendant

14 may make.

15 So we'll spend the next hour or two

16 after that, they go home, doing the instructions and

17 decide. We don't have to decide this before 1

18 o'clock. So this isn't a --

MS. WECKERLY: Right.

THE COURT: -- gonna put on their

21 testimony.

22 MS. WECKERLY: Right.

THE COURT: And I want to read it before

24 we sit down and talk about it.

25 MS. WECKERLY: Okay.

to complete the MR. PIKE: And in orde loop on the Crawford motion that I bought -- or 3 bought. Brought specifically regarding the hearsay, and I understand that hearsay is admissible, currently as the law reads, but in conjunction with 6 that completed, I bring a motion for a mistrial 7 based upon hearsay that is continuing to come in. THE COURT: Okay. And you understand 8 9 that I have to deny it. But I'd, I'd be -- want to, 10 to believe -- I'd be very surprised if the supreme 11 court of the United States or Nevada extended that 12 to this kind of thing. 13 I mean, think about the context in

which this case is brought. You have serious offenses that are 15 or 16 years old. He's been in prison most of the time. I mean, a lot of those people are gonna be unavailable, some of them may have died.

18 19 It -- you know the idea is to be 20 fair to both. I mean, certainly the defense due 21 process rights are, are paramount to everything, but 22 the State also has an interest in this and it just 23 seems like if you applied Crawford to that, you 24 might tie the State's hands and not fairly let them have a fair opportunity to put before the jury the

126

1 whole picture in cases where the evidence is, goes 2 back a number of years.

And I, I suppose if it went back 40 years, it would be even worse. I mean, you've got a 40-year history, how do they get that in front of a jury other than having a police detective come in and say well, 40 years ago he did this, that and the other.

And, and in this particular case, they were able to articulate that your client confessed. And so that in and of itself wouldn't be 12 hearsay, his confession. I mean, even if they didn't have the people to say well, we can put this out and he said I did it. I mean, it seems to me that this isn't a very factually case to argue that, but I understand why you do it.

17 MR. PIKE: Right. The part that is 18 factually bizarre, he was, in reference to the 19 Gonzalez case. Because as the testimony developed, 20 it is a circumstantial case in placing him. They 21 place Mr. Flowers at the scene, they have the other 22 two murders, and I know that they're going to try 23 and complete the loop and say circumstantially, even 24 though the physical evidence doesn't put him 25 anywhere in there.

THE GURT: And I'm not sure that they 1 will or won't. And this argument was articulated by 3 you very thoroughly I thought when we had our bad acts motion. And I was satisfied that, that the strength of proof and the, you know, sort of overall modus operandi was such that I denied the State's 6 7 motion as to that. I mean, it is what it is, but it certainly isn't the strongest of the cases, that 9 case.

In and of itself, standing on its own, it's a zero. I mean, if they happen to believe that he was there and he did Coote and who else was gonna do this and there's motive and there's opportunity and so on, But if they had to just try Gonzalez by itself, the State wouldn't even go forward. They didn't have enough.

17 MR. PIKE: It's been dismissed once. 18 THE COURT: Well, you know, I understand, 19 but if you look at it in context, in fact, I'll give 20 you an example. If we'd have just tried the, the Quarles case without the bad acts on the Coote case, 21 22 I'm not sure I could let the burglary go to the jury

23 because I don't think there's any way you can tell 24 whether he went in there and then developed his

25

motive to rape and kill or rape and then maybe kill

128

But once you have the Coote case, then I think it's reasonable for the jury to conclude that this is what he does. He goes in there and this is what his motive is.

later or whether or not there was no forced entry.

So I don't think you can look at 7 everything in a vacuum. You have to look at it in 8 context.

Again, though, I'm not sure that the State will get a conviction on that case. But, it's charged case, you know, there are certainly some evidence for which a jury could conclude that he did it, and whatever weight they want to put on it, they can.

Of course we all know that doesn't even come into play until we get over the jurisdictional hurdle and they've only got one and maybe two aggravators.

I have no idea what weight the jury is gonna put on that, but I can assure you I am going explain to them in terms they will understand exactly their obligation to do it, and the right order to do what's necessary and to not look at the big picture until they've done the weight of process.

3	DISTRICT COURT CLARK COUNTY, NEVADAY:
4	TINA HURD, DÉPUTY
- 5	THE STATE OF NEVADA,
6	Plaintiff, Case No. Case No.
7	-vs- Dept No. VII
8	NORMAN KEITH FLOWERS,
9	Defendant.
10	\(\)
11	<u> </u>
12	INSTRUCTIONS TO THE JURY
13	(INSTRUCTION NO. 1)
14	MEMBERS OF THE JURY:
15	It is now my duty as judge to instruct you in the law that applies to this penalty
16	hearing. It is your duty as jurors to follow these instructions and to apply the rules of law to
17	the facts as you find them from the evidence.
18	You must not be concerned with the wisdom of any rule of law stated in these
19	instructions. Regardless of any opinion you may have as to what the law ought to be, it
20	would be a violation of your oath to base a verdict upon any other view of the law than that
21	given in the instructions of the Court.
22	
23	
24	
25	
26	
27	
28	

If, in these instructions, any rule, direction or idea is repeated or stated in different ways, no emphasis thereon is intended by me and none may be inferred by you. For that reason, you are not to single out any certain sentence or any individual point or instruction and ignore the others, but you are to consider all the instructions as a whole and regard each in the light of all the others.

The trial jury shall fix the punishment for every person convicted of murder of the first degree.

The jury shall fix the punishment at:

- (1) A definite term of 50 years, with eligibility for parole beginning when a minimum of 20 years has been served; or,
- (2) Life imprisonment with the possibility of parole, with eligibility for parole beginning when a minimum of 20 years has been served;
- (3) Life imprisonment without the possibility of parole, which means exactly what it says, that the defendant shall not be eligible for parole;
 - (4) Death.

A prison term of fifty years with eligibility for parole beginning when a minimum of twenty years has been served does not mean that the defendant would be paroled after twenty years but only that he would be eligible for parole after that period of time.

Life imprisonment with the possibility of parole is a sentence to life imprisonment which provides that the defendant would be eligible for parole after a period of twenty years. This does not mean that he would be paroled after twenty years but only that he would be eligible for parole after that period of time.

Life imprisonment without the possibility of parole means exactly what it says, that the defendant shall not be eligible for parole.

If you sentence the defendant to death, you must assume that the sentence will be carried out.

In the penalty hearing, evidence may be presented concerning aggravating and mitigating circumstances relative to the offense, and any other evidence that bears on the Defendants' character.

Hearsay is admissible in a penalty hearing.

VOL V

The jury must find the existence of each aggravating circumstance, if any, unanimously and beyond a reasonable doubt.

The jurors need not find mitigating circumstances unanimously. In determining the appropriate sentence, each juror must consider and weigh any mitigating circumstance or circumstances which that juror finds.

The jury may impose a sentence of death only if:

- (1) The jurors find unanimously and beyond a reasonable doubt that at least one aggravating circumstance exists;
- (2) Each and every juror determines that the mitigating circumstance or circumstances, if any, which he or she has found do not outweigh the aggravating circumstance or circumstances; and
- (3) The jurors unanimously determine that in their discretion a sentence of death is appropriate.

Each juror is entitled to individually determine the "weight" of each aggravating circumstance and mitigating circumstance and is entitled to individually determine whether the mitigating circumstance or circumstances outweigh the aggravating circumstance.

INICEDITICETONI NO		1
INSTRUCTION NO.	INSTRUCTION NO.	- 1

A reasonable doubt is one based on reason. It is not mere possible doubt, but is such a doubt as would govern or control a person in the more weighty affairs of life. If the minds of the jurors, after the entire comparison and consideration of all the evidence, are in such a condition that they can say they feel an abiding conviction of the truth of the charge, there is not a reasonable doubt. Doubt to be reasonable must be actual, not mere possibility or speculation.

VOL V

In deciding on an appropriate sentence for the defendant, you will consider three types of evidence: evidence relevant to the existence of aggravating circumstances, evidence relevant to the existence of mitigating circumstances, and other evidence presented against the defendant. You must consider each type of evidence for its appropriate purposes.

In determining unanimously whether any aggravating circumstance has been proven beyond a reasonable doubt, you are to consider only evidence relevant to that aggravating circumstance. You are not to consider other evidence against the defendant.

In determining individually whether any mitigating circumstance exists, you are to consider only evidence relevant to that mitigating circumstance. You are not to consider other evidence presented against the defendant.

In determining individually whether any mitigating circumstances outweigh any aggravating circumstances, you are to consider only evidence relevant to any mitigating and aggravating circumstances. You are not to consider other evidence presented against the defendant.

If you find unanimously and beyond a reasonable doubt that at least one aggravating circumstance exists and each of you determines that any mitigating circumstances do not outweigh the aggravating, the defendant is eligible for a death sentence. At this point, you are to consider all three types of evidence, and you still have the discretion to impose a sentence less than death. You must decide on a sentence unanimously.

If you do not decide unanimously that at least one aggravating circumstance has been proven beyond a reasonable doubt or if at least one of you determines that the mitigating circumstances outweigh the aggravating, the defendant is not eligible for a death sentence. Upon determining that the defendant is not eligible for death, you are to consider all three types of evidence in determining a sentence other than death, and you must decide on such a sentence unanimously.

	-c
INSTRUCTION NO.	•

The law does not require the jury to impose the death penalty under any circumstances, even when the aggravating circumstances outweigh the mitigating circumstances. Nor is the Defendant required to establish any mitigating circumstances in order to be sentenced to less than death.

You are instructed that the following factors are circumstances by which Murder of the First Degree may be aggravated:

- 1. The murder was committed by a person under sentence of imprisonment.
- 2. The murder was committed by a person who has been convicted of a felony involving violence.

VOL V

Mitigating circumstances are those factors which, while they do not constitute a legal justification or excuse for the commission of the offense in question, may be considered, in the estimation of the jury, in fairness and mercy, as extenuating or reducing the degree of the Defendant's moral culpability.

You must consider any aspect of the Defendant's character or record and any of the circumstances of the offense that the Defendant proffer as a basis for a sentence less than death.

In balancing aggravating and mitigating circumstances, it is not the mere number of aggravating circumstances or mitigating circumstances that controls.

In determining whether mitigating circumstances exist, jurors have an obligation to make an independent and objective analysis of all the relevant evidence. Arguments of counsel or a party do not relieve jurors of this responsibility. Jurors must consider the totality of the circumstances of the crime and the defendant, as established by the evidence presented in the guilt and penalty phases of the trial. Neither the prosecution's nor the defendant's insistence on the existence or nonexistence of mitigating circumstances is binding upon the jurors.

The Defendant asserts that the following, amongst others, constitute mitigating circumstances which should be considered by the jury in deciding punishment, even though not sufficient to constitute a defense or reduce the degree of the crime. It is the jury's responsibility to determine whether or not any of such constitute mitigating circumstances.

Mr. Flowers was raised in a dysfunctional family;

Mr. Flowers was abandoned in Central America (Belize) by his mother at an early age;

Mr. Flowers lacked encouragement and support from parents;

Mr. Flowers was subjected to mental abuse by his father;

Mr. Flowers was exposed to gang violence by his brother;

Mr. Flowers was humiliated and made fun of during his adolescence;

Mr. Flowers was a witness to parents' affairs;

Mr. Flowers was a witness to parents' fights, arguments and separations;

Mr. Flowers is a loving father to his son;

Mr. Flowers was not treated for the sexual abuse he endured;

The impact Mr. Flowers' execution would have on his son and his twin Sister, Norma.

Other mitigating circumstances found to exist by one or more of the jurors.

The mitigating circumstances which I have read for your consideration are given only as examples of some of the factors you may take into account as reasons for deciding not to impose a sentence of death on Mr. Flowers. Any aspect of Mr. Flowers' character or record, and any of the circumstances of the offense, including any desire you may have to extend mercy to Mr. Flowers, which any juror believes is a basis for imposing a sentence less than death may be considered a mitigating circumstance.

Any mitigating circumstance may be sufficient, standing alone, to support a decision that death is not the appropriate punishment in this case.

VOL V

You are instructed that the following matters concern Mr. Flowers' character and may not be considered by the jury in determining whether he is eligible for the death penalty: that is, the jury may not consider these matters in determining the existence of the aggravating circumstance, the existence of mitigating circumstances, or the weighing of the aggravating and mitigating circumstances to determine eligibility for the death penalty.

The impact to the victim's family as a result of the death of their loved one;

Allegations of any non-violent felony convictions.

These may only be considered in determining what is the appropriate punishment amongst the range of eligible punishments after that range is determined.

You have evidence about the impact of this homicide on the family of the decedent. This evidence was presented to show the victim's uniqueness as an individual and the resultant loss by the decedent's death. You may not consider this evidence in determining the existence of aggravating circumstances or mitigating circumstances.

VOL V

	11	
INSTRUCTION NO.	11	

The jury is instructed that in determining the appropriate penalty to be imposed in this case that it may consider all evidence introduced and instructions given at both the penalty hearing phase of these proceedings and at the trial of this matter.

In your deliberation you may not discuss or consider the subject of guilt or innocence of a Defendant, as that issue has already been decided. Your duty is confined to a determination of the punishment to be imposed.

VOL V

The credibility or believability of a witness should be determined by his manner upon the stand, his relationship to the parties, his fears, motives, interests or feelings, his opportunity to have observed the matter to which he testified, the reasonableness of his statements and the strength or weakness of his recollections.

If you believe that a witness has lied about any material fact in the case, you may disregard the entire testimony of that witness or any portion of his testimony which is not proved by other evidence.

VOL V

Although you are to consider only the evidence in the case in reaching a verdict, you must bring to the consideration of the evidence your everyday common sense and judgment as reasonable men and women. Thus, you are not limited solely to what you see and hear as the witnesses testify. You may draw reasonable inferences from the evidence which you feel are justified in the light of common experience, keeping in mind that such inferences should not be based on speculation or guess.

A verdict may never be influenced by sympathy, prejudice or public opinion. Your decision should be the product of sincere judgment and sound discretion in accordance with these rules of law.

During your deliberation, you will have all the exhibits which were admitted into evidence, these written instructions and forms of verdict which have been prepared for your convenience.

Your verdict must be unanimous. When you have agreed upon your verdicts, they should be signed and dated by your foreperson.

The Court has submitted two sets of verdicts to you. One set of verdict forms reflects the possible punishments which may be imposed. There are two alternative forms. The one with four possibilities, including death, is to be used if you have determined the aggravating circumstances outweigh the mitigating circumstances. The one with three possibilities, excluding death, is to be used if at least one of you believes the mitigating circumstances outweigh the aggravating circumstances. The other verdict forms are entitled special verdict. They are to reflect your findings with respect to the presence or absence and weight to be given any aggravating circumstances and any mitigating circumstances, regardless of which outweighs the other.

VOL V

Now you will listen to the arguments of counsel who will endeavor to aid you to reach a proper verdict by refreshing in your minds the evidence and by showing the application thereof to the law; but, whatever counsel may say, you will bear in mind that it is your duty to be governed in your deliberation by the evidence as you understand it and remember it to be and by the law as given to you in these instructions, with the sole, fixed and steadfast purpose of doing equal and exact justice between the Defendant and the State of Nevada.

2 BY MR. PATRICK:

8

- 3 Q. Good morning, Mr. Esten.
- 4 Α. Good morning.
- 5 Q. Where are you living now?
- 6 A. Sacramento, California.
- 7 And what's your occupation? Q.
 - Α. I'm work currently working as a

DIRECT EXAMINATION

- 9 correctional consultant.
- 10 Q. Did you work for anybody prior to that?
- 11 Α. I worked for the California Department of 12 Corrections from 1973 until 1922.
- 13 Okay. And what were your duties with the
- 14 California Department of Corrections?
- 15 My initial assignment was as a vocational
- 16 instructor teaching inmates skills that would allow
- 17 them to become printers upon their parole.
- 18 I then became a supervising
- 19 correctional counselor two in which I held a variety
- 20 of assignments.
- 21 I then was promoted to a program
- 22 administrator where I ran a general population
- 23 inmate housing unit with level three and level four
- 24 inmates.
- 25 I then ran the correctional training

5

- center in Galt, G-a-1-t, where all new correctional
- officer cadets were trained.
- 3 And my final assignment was as an
- 4 inmate appeals investigator investigating inmate
- complaints that were filed at the director's level
- 6 on behalf of the director of corrections.
- 7 Now, these investigations, what kind of
- 8 investigations would you perform?
- 9 Inmates are permitted to file a grievance
- 10 if you will, on anything other than their commitment
- offense or anything that the court has done to them. 11
- 12 For instance, they may be involved
- 13 in a fight and charged with participation in that
- 14 fight and they claim that they were elsewhere and
- 15 that they were not involved in the fight. That
- 16 would require an investigation. That was a more
- 17 serious kind of investigations.
- 18 Some of them were as minute as my
- 19 sack lunch was served to me today and the apple was
- 20 rotten.
- 21 Okay. As part of those duties, would you Q.
- go to the correctional facilities and interview the 22
- 23 inmates?
- 24 Α. I would go to the facility, to the
- housing unit, the inmate would be brought to me in a

- we would have a one-on-one
- discussion of the issues and then I would discuss
- with other staff or inmates any tangential issues to
- his argument.
- 5 Okay. And I believe you said that you've
- since retired from the California Department of
- 7 Corrections?

8

21

24

- A. That is correct.
- 9 Q. And at the present time or since then
- 10 what have you been doing?
- 11 A. I have working as a correctional
- 12 consultant. As a consultant, I advise attorneys on
- 13 the status of their case, primarily those clients
- 14 who have had prior incarcerated history and review
- 15 that history and render an opinion for the attorney.
- 16 And as a consultant, my office hired you
- 17 to come in and look at Norman's case?
- 18 A. Yes, you did.
- 19 O. And you expect to get paid for that?
- 20 A.
 - O. Now, as a, as a consultant for
- 22 correctional facilities, have you become familiar
- 23 with the Nevada Department of Corrections?
 - A. I have.
- 25 Q. Have you visited any Nevada prisons?
 - 8

- 1 I have. A.
- 2 Q. Which ones?
- 3 A. I have visited Ely, state prison in Ely,
- on five occasions and I have visited Southern Desert 4
- Correctional Center on one occasion.
- 6 And during your business to Ely, have you Q.
- 7 become acquainted with their warden Mr. McDaniels?
 - A. I have.
- 9 Q. And you've actually been inside Ely State
- 10 Prison?

8

- 11 I have been in what is identified as Α.
- 12 phase one and phase two as well as all of the
- 13 administrative areas of Ely State Prison.
- 14 Okay. So you -- have you been in any of
- 15 the actual cells?
- 16 A. I have been in cells in both phase one
- 17 and phase two.
- 18 Okay. Was there a time when you worked Q.
- 19 on a case where you went into Ely State Prison with
- 20 an attorney or investigator and were allowed to take
- 21 photographs of the facility?
- 22 A. Yes.
 - Q. Okay. I'm gonna show you what's been
- 24 marked defense -- I've already showed these to the
 - state. Would you -- several defense exhibits. 2 of 43 sheets

23

1 Would you look at chose and see if

2 you recognize those photographs?

3 A. Yes, I do. I was present when each of 4 those photographs were taken.

Q. Let me just figure out -- court's

 $oldsymbol{6}$ indulgence. I believe it's defense O through Z. I

7 move for admission.

MS. WECKERLY: No objection.

9 THE COURT: Admitted.

10 BY MR. PATRICK:

5

8

11 Q. Okay. Mr. Esten, I'm gonna show you

12 what's been marked as defense Exhibit W.

13 Can you explain to the jury what

14 we're seeing here?

15 A. What we're seeing here is a typical cell

16 in Ely State Prison. The green item on the left is

17 the bunk, the green item across the back is a shelf.

18 The lighted item vertical in the rear is the window

19 to the rear of the cell.

20 Q. What's the approximate size of that cell?

21 A. The approximate size is six feet, eight

22 inches wide by between 12 and 14 feet deep. The

23 variation is because it's angled where the toilet

24 sits.

25 Q. Okay. And is that typical of the cells

10

1 in Ely?

A. I am told by warden McDaniel that every

3 cell is Ely is identical other than the few

4 handicapped cells he has.

5 Q. Okay. Now, you pointed to the item that

6 you said was a window.

7 Is that a window that somebody could

8 actually look out and see the countryside?

9 A. That window allows you to look out and

10 see the fence line that is the perimeter of the Ely

11 State Prison. It's -- there's no view from the

12 window.

13 Q. Okay. I don't know how to erase that.

14 Okay. Oh, thank you. Okay. Now I'm gonna show you

15 what's been marked as defense Exhibit V.

16 Can you explain to the jury what

17 that is?

18 A. This is a typical sink, toilet, drinking

19 fountain, combination that is employed in all of the

20 more recently built prisons. It is made of

21 stainless steel.

There is a sink bowl at the top,

23 there are three plunger handles to control the water

24 and a drinking fountain spigot.

25 The toilet bowl at the bottom

1 without a toi seat

2 The large hole in the center is for

3 placement of a toilet paper roll.

4 Q. And how far is that unit located from the

5 inmate's bunk?

A. Approximately 10 inches.

7 Q. So if the inmate was laying in their

8 bunk, their head would be 10 inches away from the

9 toilet?

6

14

10 A. Or their feet. Depending which way

11 they're laying.

12 Q. I'm gonna show you now what's been marked

13 as defense Exhibit S.

Can you kind of explain that to the

15 jury, please?

16 A. This is the outside of that cell with a

17 cell door closed.

18 Again, the vertical opening is the

19 window for that cell.

20 This is a pull handle to open the

21 cell.

22 This trap door is used for feeding

23 inmates housed in that cell by opening the door

24 through this key slot and dropping the door down.

25 Q. Okay. Let's see. I'm gonna show you

defense R and that's kind of what you're explaining

there, the door opened?

3 A. That is a tray slot or cuff port door

4 opened. Because the inmate not only receives his

5 meal tray that way, when he's exiting the cell, he

6 places his back to the door, puts his hands through

7 the cell port or the tray port and is handcuffed

8 backwards by the correctional officer who remains

9 outside on the tear before the doors ever opened.

10 Q. Okay. So the inmates actually eat all

11 their meals in that same small cell?

12 A. Yes.

13 Q. And before they, before that main door's

14 opened, before they ever come out of that cell,

15 they're already handcuffed?

16 A. Correct.

17 Q. I'm gonna show you now what's been marked

18 as defense X.

19 Could you explain to the jury,

20 please?

21 A. That is what identifies the fact that

 ${\bf 22}\,$ this housing unit has two tears. The bottom line

23 indicating where cells are on the first tear,

there's a railing and cells on the second tear with

25 a stairwell that goes up between the first and

second tear.

8

- 2 There's a table here that inmates
- 3 can use who have access to this entire area which is
- 4 considered the day room.
- 5 The majority of inmates housed in
- Ely State Prison do not have access to the day room
- 7 or what is called tear exercise.
 - Q. So if they don't have access to the day
- room or tear exercise, what does that mean to the
- 10 prisoners? Where do they spend their time?
- 11 They spend 23 hours a day in their cell.
- 12 They are released one hour per day five days a week
- 13 to go to a small exercise yard adjacent to the
- 14 housing unit itself.
- 15 O Okay. I'm gonna show you what's been
- 16 marked as defense Y.
- 17 Is this that exercise yard you were
- 18 just talking about?
- 19 Α. Yes.
- 20 Q. And I'm gonna show you also defense Z.
- 21 Is this kind of the, the other side of that exercise
- 22 vard?
- 23 Α. Yes, it is.
- 24 From these pictures it would appear that Q.
- the exercise yard is completely surrounded by block

- 1 walls?
- 2 Α. It is concrete block, filled concrete
- 3 block.
- 4 Q. On all four sides?
- There is one side that is not in the 5 Δ
- photograph that can, that is partial glass that
- 7 opens to the control booth, so the correctional
- 8 officer working in that control booth can monitor
- 9 the activity in the exercise yard.
- 10 Okay. But none of the walls are chain
- 11 link or anything that the inmates can see outside
- 12 the prison?
- Α. 13
- 14 So the only view that they would have
- while they were in this exercise yard would be
- 16 straight up to the sky?
- 17 A. Yes.
- 18 Q. Now, you were talking about the two
- 19 different phases of cells in Ely.
- 20 Have you visited both of them?
- 21 A. Yes.
- 22 Q. And could you explain the difference
- 23 between I think what is phase one and phase two?
- 24 They are identified as phase one and
- phase two because of the order in which they were

- built. Phase e was built first. Phase two
- second, a year later. Mr. McDaniel attributes that
- 3 to funding issues.
- 4 Q. Okay. But I think you already testified
- 5 that all the cells in both phases are consistent
- 6 with each other?
- 7 Α. They are identical.
 - Q. Now --
- 9 Α. Phase one, I think you want to know who
- 10 is housed where?
 - Q. Yeah
- 12 A. Phase one houses the condemned men's
- 13 unit, disciplinary segregation inmates, disciplinary
- 14 detention inmates and inmates assigned to
- 15 administrative segregation.
- 16 Okay. Now, the pictures we just looked
- 17 at, it seemed that that cell only had one bunk in
- 18 it?

8

11

- 19 Yes, it did. Α.
- 20 Q. Are there other cells that have more than
- 21 one bunk in it?
- 22 A. Yes. Some of the cells were originally
- 23 made with two bunks, others have been retrofitted
- 24 with two bunks because of over-crowding issues.
- 25 Now, the cells with two bunks, are they

- 1 larger than the single cell?
- 2 Identical to the ones we have seen. It
- just has a second bunk above the bunk that we looked 3
- 4 at.

5

- Q. And it would house then two inmates?
- 6 A. Correct.
- 7 Q. Have you actually physically been in one
- of these cells with another person?
- 9 A.
- 10 Q. What's it like to try and move around in
- 11 there?
- 12 It's cramped. One has to zig while the Δ.
- 13 other zags quite honestly. And depending on the
- 14 size of the other person, it's maybe possible that
- 15 you can't get past one another without someone
- 16 moving to the toilet area and then you going to the
- 17 bunk area.
- 18 Okay. So in your opinion from seeing the Q.
- 19 cells, what kind of privacy is there in a two-man
- 20 ce11?
- 21 There is no privacy in a two-man cell for A.
- 22 either inmate.
 - O. And in your opinion, would that be
- 24 exacerbated by the fact that they could be in that cell together for as much as 23 hours a day?

23

25

4 of 43 sheets

- It certainly is exacerbated by the fact 1 that you have two individuals living in that confined quarters for that extended period of time with nowhere to go.
- 5 Now, the cell that was in those pictures. was there an inmate actually living in the cell at 7 that time?
- 8 Α. Not at that time.
- 9 Q. Because I noticed that there was nothing 10 in there. I mean, there wasn't even a TV in there.
- 11 Everything was removed from that cell for 12 the purpose of photographing the cell. The
- 13 photographing was because of a homicide that had 14 taken place in that cell.
- 15 Well, going back to the TVs for a minute, 16 are there cells in Ely that have TVs?
- 17 Yes. Inmates may purchase TVs and there 18 is a TV connection in each cell for that television 19 and a splitter provides it capability of servicing 20 two televisions if there are two inmates in the
- 22 And could you kind of explain, I
- 23 understood that the inmate themselves have to pay
- for the TV?

ce11.

21

5

25 Α. Yes.

18

- How big a TV are they allowed or what, 1 Q. 2 what type?
- 3 A. It's a television that is sold by approved vendors. There are certain people who are
- in the business of manufacturing appliances specifically to meet the needs of correctional
- 7 facilities.
- 8 The entire case of the television is 9 transparent so that anything that has happened in
- 10 terms of tampering with a TV can easily be 11 determined by staff searching the TV.
- 12 The TV is no larger than 12 or 13
- 13 inches. It is a colored TV. I don't believe
- 14 they're even black and white TVs made anymore. The
- 15 TV has had its speakers removed to hold down the
- 16 volume of noise in the housing unit and immates must
- 17 listen to the TV with earphones.
- 18 Now, we're talking about men that have
- 19 been in prison for possibly long periods of time.
 - Why would you allow a TV in a
- 21 prison?

20

- 22 A TV has been proven to be one of the
- 23 best management tools from a correctional
- 24 prospective that can be used. It occupies the
- 25 inmate's time. It's important when an inmate is in

- a cell 23 hour a day that there's something to
- occupy him in as positive a manner as possible.
- 3 Inmates can make weapons. Inmates
- can plan all kinds of things with idle time.
- 5 The television occupies their time
- and keeps them busy and it also serves as a stick in
- 7 a carrot. If you don't have a carrot, the stick 8
 - doesn't work.
- 9 You can remove the TV for
- 10 non-compliance to rules and regulations of the
- 11 institution and hold that over the inmate as a
- 12 threat if you will. Misbehavior will result in loss
- 13 of your TV and they don't want to lose the TV.
- 14 So I mean, what it seems like you're
- 15 saying is the TV is almost used as a baby-sitter?
- 16 Α. Yes
- 17 Q. What about other items that can be 18 considered privileges if the inmates would be
- 19 allowed?
- 20 Α. Inmates can have radios, inmates can have
- 21 CD players, inmates can have various canteen items
- 22 that they will purchase from the canteen list that's
- 23 provided to them, inmates have telephone call
- 24 privileges.

And all of these privileges can be

- taken away and all of these privileges are available
- to inmates throughout the system regardless of their
- 3 status.

25

1

4

- Condemned men get the same
- 5 privileges. They get a TV if they can purchase it,
- 6 as do inmates in various degrees of lock-up status.
- 7 So you're talking about all these items
- 8 as privileges. So if the inmate's not behaving,
- 9 they're not doing what the correction facility
- 10 expects of them, then they can all be taken away?
- That's why it's a privilege and not a 11
- 12 right. Once it's a right, you can't take it away.
- 13 Receiving mail is a right. Unless they violate it
- 14 and they're sending contraband in or out. But all
- 15 the rest are privileges and the institution can
- 16 control access to the privileges.
- 17 How much of Ely State Prison would be Q.
- 18 considered maximum security?
- 19 The entire institution is a maximum 20 security institution and is the only maximum
- 21 security institution in Nevada.
- 22 Q. Would you consider it a restrictive
- 23 environment?
 - It's one of the most restrictive
- 25 environments I've toured and I have been to all of

Going over the prisons that you've been familiar with in your career, is the -- is there any racial tension in the prisons?

6 A. There is always racial tension in prison. 7 Prison and racial prison go together one-on-one.

And is the forming and joining of prison gangs a result of that tension?

10 It is a contributor to -- the tension is 11 a contributor to the joining of prison gangs. 12 Inmates will join a prison gang if they feel that 13 they need protection, if they feel that they are 14 vulnerable to other inmates and need a cadre of 15 people like themselves for protection.

Now, if you're locked in a cell for 23 17 hours 5 five days a -- 23 hours a day, 7 days a week, would, how -- how do you get the interaction with the other prisoners to form a gang or join a gang?

21 Α. There's very little interaction in those 22 facilities that are 23 hours a day lock down. Now, 23 inmates have a means of passing notes and 24 communicating with one another regardless of where they are housed. This has been going on for years.

In Nevada, the means for passing information or material is called a cadillac. You 3 take a fine thread from the end of your sheet or you unravel some of the elastic from your underwear and you create a line that you can throw down several cells or even from the top tear to the second tear and fish or cadillac to another inmate what you want to convey or get back from him.

9 So but that's not actual physical contact with other inmates? 10

11 That is not physical contact. It's a violation of the rules. If a cadillac is found in a 12 cell, the inmate will receive a write-up and it will 13 14 be confiscated.

15 Now, you're familiar with this case that 16 Norman's just been convicted on the other day?

17 Α. Yes.

18 Q. And you're familiar with the time that

19 Norman has spent in prison previously?

A. Yes.

21 Q. And you're aware that he has another case

22 that he's going to trial on?

23 Α. Yes.

24 Q. Based on all this, is there in your

opinion a place that Norman can be safely housed in 25

Nevada prison

2 Norman will be processed at the reception 3 center and he will be sent to Ely State Prison where he will be placed in administrative segregation because of the pending cases that he has and their need to control him, make sure that he is safe for 7 arrival back in Clark County for those trials and 8 that they can guarantee that he will be able to 9 stand trial.

Q. Now, the administrative segregation, is that one of the cells where he would be locked down 23 hours a day?

That is a 23 hours a day, out five days a week for one hour only, locked up the other two, fed in the cell in phase one of Ely State Prison.

Now, on the hour a day, five days a week that he'd be able to come out, could you kind of explain the process and what kind of protective gear or restraints he would have to wear and how that would work?

Α. Two to three correctional officers would appear at the cell. They would tell him, Mr. Flowers, it's yard time, do you want yard. He would respond yes. They would ask him to pass his yard

25 clothing out through that door port and they would

search that clothing. They would then ask him to submit to an unclothed body search as thorough as 3 can be without being invasive.

4 Following a clear unclothed body 5 search, he would put on the clothing he's wearing to 6 the yard, they would put a waist chain around him 7 which has handcuffs attached to it. They would cuff his hands to the waist chain, they would then chain 9 his ankles together and walk him to the yard.

10 Is there any time that he would come out 11 of this cell without this waist chain or ankle 12 chains?

13 A. Not in administrative segregation.

14 Q. So then he'd get to spend the one hour in 15 that yard that we showed with the walls all the way 16 around it?

Α. Correct.

18 Q. What how is the administration --19 administrative segregation determined by the 20 Department of Corrections in Nevada? Who gets put 21 there?

22 The inmates who have needs based on their 23 commitment offense, based on detainers which would 24 be what would accompany him to Ely because of the forthcoming case. Inmates who have had problems in 25

AA0932

the past are placed in administrative segregation.

Unlike other states that have a time

imit on administrative segregation, the

classification committee, and these are the people

who make the determinations on who goes where, have

6 the ability at Ely to keep an inmate in

7 administrative segregation as long as they deem it

8 appropriate. They must see him a minimum of 180

9 day -- every 180 days. But at each of those hundred 10 and 80 day reviews, they can say you're going to be

10 and 80 day reviews, they can say you're going to be 11 continued on administrative segregation for 180 days

12 more when we'll review you again.

In this case because of the pending
cases, he would be continued on administrative
segregation until he came back to Clark County.

16 Q. Who, who makes up the committee that does

17 that?

18

19

20

21

22

4

5

6

7

A. The committee is made up typically of an associate warden, a psychologist, the case worker for the inmate, the warden himself may sit in and has on occasion, the unit manager. It's a variety of people, typically no less than five.

Q. Okay. Now, you just, in your previous answer, you said that he'd be in administrative

25 segregation until he came back to the next trial.

26
1 At the end of that trial and he's
2 going back to Ely, where would he been housed then
3 in your opinion?

A. In my view, he would be returned to administrative segregation because that's where he left from. And corrections always plays things cautiously and conservatively.

If you left administrative
segregation and had no transition from that to
nother phase, then you're going to go back to
administrative segregation until you can go through
tatransition area phase to prepare you for the next
kind of housing.

14 Q. Okay. In your opinion, what does prison,15 and especially administrative segregation, what will16 that do it a person's life expectancy?

17 A. That's kind of an unknown quantity.

18 There are --

19 MS. WECKERLY: I'm gonna object then.

THE COURT: And I don't, I'm not sure he would know, he would be in a position to know.

22 MR. PATRICK: That's fine. I'll withdraw

23 it.

20

21

24 THE COURT: Sustained.

25 MR. PATRICK: Thank you. That's all I

1 have, judge.

2 THE COURT: Questions?

3 MS. WECKERLY: Yes.

CROSS-EXAMINATION

5 BY MS. WECKERLY:

Q. Mr. Esten, how many times have you

 ${f 7}$ testified for the Public Defenders Office in Clark

County?

4

9

12

21

A. I believe five or six.

10 Q. Five or six. You testified in the Dante

11 Johnson case?

A Yes.

13 Q. Kristin Lobato?

14 A. Yes.

15 Q. Butler?

16 A. Yes. Twice.

17 Q. Twice. Yes? What are the other ones?

18 A. I, I don't know.

19 Q. Okay. Each time you've testified for

20 their office, obviously you've been paid?

A. Correct.

22 Q. And you review the client's file and then

23 I assume you're paid for your in-court testimony as

24 well?

25 A. Yes.

28

27

1 Q. And what's the total that you're paid for

this case?

A. There was a \$5,000 authorization for my services for this case.

4 services for this case.

Q. Okay. And that includes your testimony?

6 A. Yes.

7 Q. You talked about the fact that you toured

8 Ely.

5

9 When was it that you went on your --

10 or when was it that you were last at Ely?

11 A. I believe summer before last is when

12 these photographs were taken.

13 Q. Okay. And was that when you went on the

14 tour with the warden?

15 A. I had been on previous tours with the

16 warden as well.

17 Q. Okay. And so the pictures that we say

18 see are maybe a year and a half old?

19 A. Approximately, yes.

Q. Okay. Now, you mentioned that Mr.

21 Flowers will be headed to Ely as a result of this

22 conviction, correct?

A. And the pending cases.

Q. Assuming there's a conviction. He

25 doesn't go straight to Ely though, right?

20

23

11

- 1 A. No. He goes to the reception center.
- 2 Q. I'm sorry?
- 3 A. He goes to the reception center.
- 4 Q. Well, he actually gets classified down
- 5 here before he goes up to Ely, correct?
- A. Down here meaning Southern Desert.
- 7 Q. Yes. And then once he gets to Ely, you
- 8 said he'd be placed in administrative segregation?
- 9 A. Following a classification process at Ely
- 10 as well.
- 11 Q. And when he's in administrative
- 12 segregation, is he entitled to visitation from his
- 13 family?

21

- 14 A. Yes.
- 15 Q. And how often would he be entitled to
- 16 that visitation?
- 17 A. Those inmates visit two days a week.
- 18 Q. And how long during the day -- or how
- 19 long is the visitation hours?
- 20 A. 8:30 to 3:30.
 - Q. Okay. So several hours two days a week
- 22 he'd be allowed to visit with his family members?
- 23 A. Correct.
- 24 Q. And obviously that's out of the cell?
- 25 A. Yes.

3

- Q. And so that's in person contact that he
 would have with people who'd choose to visit him?
- 3 A. It can be in person contact visits. Some
- 4 administrative segregation inmates must visit behind
- 5 glass. Because of the pending case, I'm not certain
- 6 and I can't answer how Ely will handle his visits.
- 7 Q. Okay. But it's possible that it would be
- $oldsymbol{8}$ an in-person visit and maybe that would be altered
- 9 or changed by the outcome of the pending case, but
- 10 once that case is over, he'd be allowed the
- 11 in-person contact?
- 12 A. No, it's actually the other way around.
- 13 He could be placed on non-contact visits upon
- 14 reception at Ely following this case.
- **15** Q. Uh-huh.
- 16 A. Because of the pending case.
- 17 Q. Right.
- 18 A. Following resolution of the pending case,
- 19 he could be granted contact visits.
- 20 Q. Okay. And those are in-person visits?
- 21 A. I'm sorry?
- 22 Q. Those are in-person contact visits?
- 23 A. Yes
- 24 Q. Is he allowed to use the phone and call
- 25 or speak to family members from the prison?

- A. The purone is a portable phone like we all
- 2 have in our homes. It is brought to the cell, again
- 3 put through the tray slot. The inmate places a call
- 4 to preauthorized numbers who have agreed to accept
- 5 collect calls from the prison. And once the call is
- 6 completed, the phone is passed to another inmate.
- Q. Okay. And you mentioned that at theprison that people are classified or they go through
- 9 this administrative segregation period. But that's
- 10 sort of an initial evaluation, right?
 - I mean you can get off of
- 12 administrative segregation?
- 13 A. You being the generic you, yes.
- 14 Q. Okay.
- 15 A. In this case because of the pending case,
- 16 he would be retained in administrative segregation.
- 17 Q. Once that case is over though, he would
- 18 have the potential of getting off administrative
- 19 segregation?
- 20 A. Yes.
- **21** Q. And he would have the right to be
- 22 reviewed, at least as to whether he could get off
- 23 administrative segregation, once every hundred and
- 24 80 days?
- 25 A. Correct.

- Q. So at least twice a year he could beevaluated and taken off administrative segregation?
- 3 A. Correct.
- 4 Q. Once he's off administrative segregation,
- 5 would he still be in that 23 hours lock-down
- 6 situation or would he be granted more freedom?
- 7 A. He would move from phase one to phase
- 8 two. He is considered not an administrative
- 9 segregation inmate, but he is given a cell partner,
- 10 he is allowed out of his cell one hour a day, five
- 11 days a week. And instead of going to the yard
- 12 alone, he goes to the yard with a cell partner.
- 13 He is still fed in his cell, he has
- 14 a few more items of canteen that he may purchase.
- 15 but for all intent and purposes, the living
- 16 conditions are basically the same except you now are
- 17 absolutely double celled because that's what phase
- 18 two, level two is. And eating arrangements are the
- 19 same, the yard is the same except you have somebody
- 20 on the yard with you. Visiting is three days a week
- 21 because there are more of those inmates, but all the
- 22 other constraints from ad seg remain. You're just
- 23 not called ad seg.
- 24 Q. So fair to say if you're taken off
- 25 administrative segregation, you have more privileges

- 1 than you did when you were on it
- 2 A. A few.
- 3 Q. And is it possible if you're under a life
- 4 sentence in the State of Nevada to be moved out of
- 5 Ely into a medium security prison?
- 6 A. There are -- are we talking or life
- 7 without?
- 8 Q. Either.
- 9 A. Okay. There are life-term inmates who
- 10 have started in Ely who are now at High Desert, but
- 11 those inmates have had 10 to 12 years or more
- 12 invested in the system.
- 13 Q. And so once they get to the medium
- 14 security prison at High Desert, things are a lot
- 15 less restrictive than they are at Ely?
- 16 A. I've not been to High Desert, but I am
- 17 told that, yes.
- 18 Q. Oh. But I thought you said you toured
- 19 that?

- 20 A. No. Southern Desert.
- 21 Q. Southern Desert. Well, in your
- 22 experience in the corrections field, I would imagine
- 23 a medium security prison is quite a bit different?
- 24 A. Medium inmates have more freedoms than do
- 25 maximum inmates.
 - Q. And whether or not you're on
- 2 administrative segregation, you can get the
- 3 television that you talked about?
- 4 A. Yes.
- 5 Q. And someone could purchase that for you,
- 6 right, the inmate doesn't have to pay for it?
- 7 A. That is typically the process.
- 8 Q. 0kay.
- 9 A. Someone buys the television for the
- 10 inmate.
- 11 Q. Okay. And a family member could do what
- 12 we call put money on their books?
- 13 A. Correct.
- 14 Q. And they could use that to buy candy and
- 15 other food items?
- 16 A. Correct.
- 17 Q. And a radio you said they got?
- 18 A. Yes.
- 19 Q. Okay. Now, you mentioned that Mr.
- 20 Flowers can be housed safely at Ely?
- 21 A. Yes.
- 22 Q. The picture that you showed us though was
- 23 a picture taken because there was a homicide
- 24 actually that occurred at Ely, correct?
- 25 A. Correct.

- 1 Q. So calcainly there is violence within the
- 2 prison system?
- 3 A. There is always violence in any prison
- environment, even minimum custody.
- Q. And you mentioned that regardless of what the staffing does -- or what the staff does at Ely,
- 7 there are ways that the inmates always communicate
 - with each other?
 - A. Yes.

R

9

- 10 Q. And that always poses a danger to staff
- 11 members working at the prison?
- 12 A. Well, communication isn't necessarily
- 13 anti-staff. It can be just communication between
- 14 inmates. But inmates have means of communicating
- 15 with one another.
- 16 Q. Well, why is there a rule against the
- 17 cadillac communication?
- 18 A. Because cadillacs are used not so much
- 19 for communications means, but the movement of items
- 20 from inmate to inmate. Items which may be
- 21 contraband.
- 22 Q. And that could pose a danger to staff,
- 23 couldn't it?

24

34

- A. Yes.
- 25 Q. And so even at Ely where it's a very

36

- l controlled environment, inmates can pose a danger to
- 2 staff, to staff members and other inmates I guess?
- 3 A. Ely has the most stringent precautions
- 4 I've seen in any maximum security facility, but
- 5 there are always issues where staff have to be on
- 6 the alert that nothing is going to happen untoward
- 7 to them.

- 8 MS. WECKERLY: Thank you.
- 9 THE COURT: Anything else?
- 10 MR. PATRICK: Just briefly, judge.
 - REDIRECT EXAMINATION
- 12 BY MR. PATRICK:
- 13 Q. Mr. Esten, I think you said it was about
 14 a year and a half since you took those pictures?
- 15 A. That's my recollection.
- 16 Q. In your opinion has much changed in Ely
- 17 Prison in that year and a half?
- 18 A. I spoke with Warden McDaniel before
- 19 coming down for this case, asked him that question.
- 20 I prefaced it with whether or not he was working on
- 21 this case because I didn't want to compromise him.
- 22 He was not working on Flowers and he
- 23 indicated to me that everything was the same since I
- 24 had been there last.
- 25 Q. So in the last year and a half Warden

- McDaniels didn't go in and put sma TVs in all 1 2 these cells?
- 3 Α. He did not.
- 4 He didn't put king size beds in all these O.
- 5 cells?
- 6 A. He did not.
- 7 Now, there was some questions about the
- R classification process when you first go to prison
- 9 and you go to High Desert. Every prisoner in Nevada
- 10 Department of Corrections, that is what they do?
- 11 Α. Correct.
- 12 Q. And there was a lot of talk about
- 13 visitation days. Two days a week?
 - A. Correct. For administrative segregation.
- 15 Are you familiar with how far Ely is from Q.
- 16 Las Vegas?

- 17 A. I have driven it.
- 18 O How long did it take to you drive it?
- 19 About four-and-a-half hours. Α.
- 20 Q. So even though it's possible that Norman
- 21 could have visitation two days a week, he'd only get
- 22 that if somebody actually made that drive?
- 23 That's correct. And if they wanted to
- 24 visit both days, they would be required to stay over
- and then visit the second day because you can't make

 - the round trip. It would be physically impossible.
 - And if nobody made that round trip to go
- up and visit him, what would happen with him with
- his visitation days?
- 5 Δ It's not like it's his day. It's just
- available for administrative segregation inmates.
- The visitor has to be preapproved and arrive. You 7
- know, he doesn't build up a visitation bank and lose
- 9 it. He wouldn't have visits.
- 10 So -- and if nobody visited him, he'd be
- 11 in his cell that 23 hours that day?
- 12 A. That's correct.
- 13 Now, even if somebody made the trip up
- for a visit, I think you said that they may not even 14
- 15 get an in-person visit?
- 16 I don't know how Ely is going to handle
- 17 visits for Mr. Flowers based on the pending case,
- whether they are going to consider it such that he 18
- 19 should be behind glass or not. I can't make that
- 20 ca11.
- 21 Can you kind of explain what you mean by Q.
- 22 behind glass visit?
- 23 There are two kinds of visits in any
- state prison. A face-to-face visit where the inmate
- sits on one side of the table, the visitor sits on

- f the table. They are not allowed
- to touch but they are allowed to converse. 2
- 3 The other visit is an inmate sits in
- a chair with a telephone on the wall, there's a
- glass partition between the two. The visit visitor
- sits on the other side of the glass with a telephone
- 7 and they visit over the phone looking at each other
- through the glass.
- 9 Also there was some talk about, you know,
- 10 I mean, it's possible at some point in the future
 - that Norman could get off administrative
- 12 segregation?
- 13 A. Yes. And he would go to level two, phase
 - two

11

14

24

1

2

5

8

17

- 15 Q. But I think you testified, and correct me
- 16 if I'm wrong, that the only difference between level
- one and level two is if he goes to level two off ad 17
- 18 seq, now he has a roommate?
- 19 One more day of visiting and he goes to A.
- 20 the yard with the roommate.
- 21 Q. And the cell's the same size?
- 22 Α. Correct.
- 23 O. So he you put twice as many people in the
 - cell the same size?
- 25 Δ Yes.

- 40
- Q. And that's supposed to be a privilege?
- Α. That's the way it's set up.
- 3 Q. So basically you were talking about how
- big the cells were at Ely.
 - I mean, they're no more than a small
- 6 bathroom?
- 7 Α. Correct.
 - MS. WECKERLY: Objection. Asked and
- 9 answered.
- 10 THE COURT: Yeah. I mean if you get
- 11 redirect, it means to deal with the cross.
- 12 MR. PATRICK: That's fine.
- 13 BY MR. PATRICK:
- 14 And finally, Mr. Esten, you were asked a
- question about the possibility of moving from Ely to 15
- 16 High Desert with life sentence.
 - In your experience and in your
- opinion, does that happen to people who have life 18
- 19 without sentences?
- 20 E.G. McDaniel has told me that there are A.
- 21 life without inmates other than in Ely, but they
- 22 have been his cream of the crop inmates. The very
- 23 best of the best that he has had during his stay as
- 24 warden there.
 - MR. PATRICK: Thank you.

43 1 narrower. 2 When I read it, it's gonna sound pretty complicated. After the lawyers have argued, I'm gonna kind of walk you through it step by step, 5 and I think you'll find it isn't all that complicated once I give you a separate explanation. 7 It's now my duty as judge to 8 instruct you in the law that applies to this penalty hearing. It's your duty as jurors to follow these 9 10 instructions and to apply the rules of law to the 11 facts as you find them from the evidence. 12 You must not be concerned with the wisdom of any rule of law stated in these 13 14 instruction. Regardless of any opinion you may have 15 as to what the law ought to be, it would be a 16 violation of your oath to base a verdict upon any 17 other view of the law than that given in the 18 instructions of the court. 19 Two. If in these instructions any 20 rule, direction or idea is repeated or stated in 21 different ways, no emphasis thereon is intended by 22 me and none may be inferred by you. 23 For that reason, you are not to 24 single out any certain sentence or any individual 25 point or instruction and ignore the others, but you are to consider all the instructions as a whole and regard each in the light of all the others. 3 Three. The trial jury shall fix the 4 punishment for every person convicted of murder in the first degree. 6 The jury shall fix the punishment 7 at: One, a definite term of 50 years, with Я eligibility for parole beginning when a minimum of 20 years has been served; or two, life imprisonment 10 with the possibility of parole, with eligibility for parole beginning when a minimum of 20 years has been 11 12 served; three, life imprisonment without the 13 possibility of parole, which means exactly what it 14 says, that the defendant shall not be eligible for 15 parole; four, death. 16 Four. A prison term of 50 years 17 with eligibility for parole beginning when a minimum 18 20 years has been served does not mean that the 19 defendant would be paroled after 20 years, but only 20 that he would be eligible for parole after that 21 period of time. 22 Life imprisonment with the

possibility of parole is a sentence to life

imprisonment which provides that the defendant would

be eligible for parole after a period of 20 years.

23

This does not mean that he would se paroled after 20 years, but only that he would be eligible for parole after that period of time.

Life imprisonment without the possibility of parole means exactly what it says, that the defendant shall not be eligible for parole.

of death only if: One, the jurors find unanimously and beyond a reasonable doubt that at least one aggravating circumstance exists; two, each and every juror determines that the mitigating circumstance or 5 circumstances, if any, which he or she has found do not outweigh the aggravating circumstance or circumstances; and three, the jurors unanimously determine that in their discretion a sentence of

Each juror is entitled to individually determine the weight of each aggravating circumstance and mitigating circumstance and is entitled to individually determine whether the mitigating circumstance or circumstances

outweigh the aggravating circumstance. Seven. A reasonable doubt is one based on reason. It is not mere possible doubt, but is such a doubt as would govern a person in the more 19 weighty affairs of life. If the minds of the iurors, after the entire comparison and consideration of all the evidence, are in such a

22 condition that they can say they feel an abiding 23 conviction of the truth of the charge, there is not

a reasonable doubt. Doubt to be reasonable must be

actually, not mere possibility or speculation. 25

In deciding on an appropriate sentence for the defendant, you will

3 consider three types of evidence: Evidence relevant

4 to the existence of aggravating circumstances,

evidence relevant to the existence of mitigating

circumstances, and other evidence presented against

7 the defendant. You must consider each type of evidence for its appropriate purposes.

9 In determining unanimously whether 10 any aggravating circumstance has been proven beyond 11 a reasonable doubt, you are to consider only 12 evidence relevant to that aggravating circumstance. 13 You're not to consider other evidence against the

15 In determining individually whether 16 any mitigating circumstance exists, you're to 17 consider only evidence relevant to that mitigating 18 circumstance. You are not to consider other 19 evidence presented against the defendant.

In determining individually whether any mitigating circumstances outweigh any aggravating circumstances, you are to consider only evidence relevant to any mitigating and aggravating circumstances. You are not to consider other evidence presented against the defendant.

48

1 If you find unanimously and beyond a reasonable doubt that at least one aggravating 3 circumstance exists, and each of you determines that any mitigating circumstances do not outweigh the aggravating, the defendant is eligible for a death 6 sentence.

At this point you're to consider all three types of evidence and you still have the discretion to impose a sentence less than death. You must decide on a sentence unanimously.

If you do not decide unanimously that at least one aggravating circumstance has been proven beyond a reasonable doubt, or if at least one of you determines that the mitigating circumstances outweigh the aggravating, the defendant is not eligible for a death sentence. Upon determining that the defendant is not eligible for death, you are to consider all three types of evidence in determining a sentence other than death, and you must decide on such a sentence unanimously. Nine. The law does not require the

jury to impose the death penalty under any 23 circumstances, even when the aggravating 24 circumstances outweigh mitigating circumstances.

25 Nor is the defendant required to establish any

One, the murder was committed by a person under sentence of imprisonment; two, the murder was committed who has been convicted of a

11. Mitigating circumstances are those factors which, while they do not constitute a legal justification or excuse for the commission of the offense in question, may be considered, in the

estimation of the jury, in fairness and mercy, as

15 extenuating or reducing the degree of the 16 defendant's moral capability.

You must consider any aspect of the defendant's character or record and any of the circumstances of the offense that the defendant proffer as a basis for a sentence less than death.

In balancing aggravating and mitigating circumstances, it is not the mere number of aggravating circumstances or mitigating

I mitigating circumstances exist, jurors have an

Your verdict must be unanimous.

When you've agreed upon your verdicts, it should be

(Whereupon, a recess was had.)

THE COURT: Okay. Back on the record in Case C228755. State of Nevada versus Norman Keith Flowers.

Let the record reflect the presence of Mr. Flowers with his counsel, counsel for the State. All ladies and gentlemen of the jury are back in the box.

Ms. Luzaich.

15 MS. LUZAICH: A long time ago, William 16 Shakespeare said, The evil that men do lives after them. The good is often interred with their bones. 18 What kind of person brutally rapes 19 and strangles an 18 year old girl? By finding the 20 defendant quilty of first-degree murder, you have 21 necessarily found that he did in fact brutally kill Sheila Quarles.

22 23 Now it's time to decide what to do 24 about it. To make that decision, first you have to 25 answer two questions. One, can you legally consider

the death penalty, then you will decide what is the appropriate sentence.

Under the law in Nevada, before you can consider the death penalty, you must find, all twelve of you must agree and you must agree beyond a reasonable doubt that at least one aggravating circumstance exists.

You are also gonna determine whether or not any mitigating circumstances exist. You do not need to be unanimous about that. If all twelve of you agree that twelve aggravating circumstances exist, but only one of you believes that a mitigating circumstance exists, that's enough, and you can still find that the mitigators outweigh the aggravators.

What you are going to do is before you can even consider the death penalty, you must find unanimously beyond a reasonable doubt at least one aggravating circumstance exists and that the mitigating circumstances, if you find any exist, and you don't have to, but if you do, if any of them 22 outweigh the aggravating circumstance.

23 If they do not outweigh the aggravating circumstance, then you can consider the 1 this particular case, hum,

2 ah-hah, in this particular case, the murder of

3 Sheila Quarles, there are two aggravating

circumstances that have been presented for your consideration.

6 First, that the murder was committed 7 by a person Norman Flowers who was at the time of the murder under a sentence of imprisonment. And the State has proven to you beyond a reasonable 10 doubt that the defendant was under a sentence of 11 imprisonment at the time that he committed the murder of Sheila Quarles. 12

And we know that because he was still on parole for robbery with a deadly weapon at the time he committed that offense.

You heard from his parole officer. 17 Officer Mehalko. He would not have a parole officer if he were not on parole at the time of the murder.

19 If you are on parole, you are therefore necessarily 20 under a sentence of imprisonment.

21 And we know that he was because he 22 was released back on to parole, the parole board let 23 him out of prison back on to parole 20 days before 24 Sheila was murdered.

25 So the State has proven to you

beyond a reasonable doubt that the defendant was

under a sentence of imprisonment.

3 The second aggravating circumstance in this case, the murder was committed by a person who is or has been convicted of a felony involving 6 violence.

Again, the State has proven to you beyond a reasonable doubt that the defendant was 9 committed -- I'm sorry. Convicted of a felony 10 involving violence. There is a judgment of conviction that you're gonna be able to hold in your 12 hand, a piece of paper that shows you that he was in 13 fact previously convicted of robbery with use of a

And you heard the testimony from Detective Long about how the defendant committed that offense. How he entered a vehicle with a gun in his possession and when Ramsey Rambert, the poor car salesman, is driving with him, he pulls out the gun, points it at Mr. Rambert and says get out of the car. And he takes the car and he leaves Mr. 22 Rambert behind. Robbery about use of a deadly 23 weapon.

24 How much more violent does it get 25 than when a gun is pointed in your face?

death penalty.

So the State has oven to you beyond a reasonable doubt that two aggravating 3 circumstances exist.

4 Now, this is not a numbers game. You don't simply count how many aggravating 5 circumstances has the State proven to us and how 7 many mitigating circumstances do we find based on the evidence and say hum, more aggravators therefore

9 aggravators win and I have to find death. You don't 10

say that. 11

You don't say hum, more mitigators, 12 they have to win because there's more than 13 aggravators. That's not it.

What you do is you weigh. You look at the aggravating circumstances and you look at the mitigating circumstances and you see which one outweighs. That is a personal opinion, a personal decision.

Now, in this particular case, the defense has provided you with their list of mitigators. And you know what, you're not bound by that. You can find more if you choose.

23 The ones that they have offered you, 24 for example, that he was raised in a dysfunctional

25 family. Well, you know what, he had a father who

doesn't hug him and who used the belt now and then.

Who doesn't?

3 That he was abandoned in Central 4 America in Belize by his mother and father. Well. you know, the defense spent half the day yesterday trying to point out that his mother and his father 7 were pretty terrible people. So was his life a little better for a time while he was in Belize and 9 didn't have do deal with his mother and his father? 10 That he was subject to mental abuse

11 by his father. His father was mean to him. Who 12 doesn't have a father that periodically is not very 13 nice. 14

That he was exposed to gang violence by his brother. Well, you know, he was exposed to gang violence by his brother, but he saw where that got his brother. Remember, we heard that he was 14 when his brother was shot in a gang shooting or some such thing. And since the defendant was 14, his

20 brother was paralyzed because of that. So is that a

21 mitigating circumstance or does that actually 22 demonstrate that hum, he should have thought better.

23 But he was humiliated and made fun

24 of during his adolescence. Well, you know, we heard

25 about him playing football and doing things like sly not a wallflower. That didn't

keep him down. He believe able to do things when he

was younger.

4 They are offering you that he was witnessed to his parents' affairs. Your

5

6 recollection is what counts, but I don't believe

7 there was any testimony about that. Cherrett Ramos. his sister, testified that she had witnessed things

along those lines, but that was what the testimony

10 was, that she did, only she did,

11 That he witnessed fights, arguments 12 and separations of his parents. Well, first of all,

13 who of us haven't. But second, again, your

14 recollection is what counts. But I believe it was

15 Cherrett who testified that she was the one who

16 witnessed that. She never said that he did.

17 That he is a loving father to his 18 Well, you know, let's think about this. 19 was his son born, when did he go to prison and get out and get paroled and when did he go back to

20 21 prison? How much time did he actually spend with

22 his son that he was able to be such a loving father?

23 So how much of a mitigator is that.

24 That he was not treated for sexual

25 abuse he endured. Well, on the contrary we heard

that in fact he was treated when he was twelve, when his parents -- or at least his mother found out.

3 She couldn't treat him until she knew. And when she

found out, he was in fact sent for counseling.

5 Finally, Mr. Flowers' execution would have a severe impact on his son and his twin

7 sister. Now, I recognize that would be a mitigating

8 circumstance, however, did that enter his mind when

he killed Sheila Quarles? Was he thinking about 10 what is this act that I am committing, what impact

11 is this gonna have on my son that I want to be with

12 and my twin sister.

13

MR. PIKE: Objection, Your Honor, That's misuse of -- misstatement of what mitigators are 14 used for. It's a misstatement of the law.

16 Misapplication, inappropriate factual application, 17

THE COURT: At the juncture you're gonna 18 be in when you're considering this, ladies and 19 gentlemen, you just consider whether it exists and 20 whether it's a mitigating factor.

21 If later you determine that the 22 aggravators outweigh the mitigators, at that 23

juncture, Ms. Luzaich's argument can be considered. So you're both sort of right, but at

24 25 this juncture where I think she is, I'd sustain the

objection.

2 MR. PIKE: Thank you.

MS. LUZAICH: Thank you. So you look at the mitigators, you decide. Are they in fact mitigating evidence or are they not, and then you wav.

On parole for robbery with a deadly weapon at the time. He can't even stay clean from parole. And what's offered to you. And I would submit that there is no way that the mitigating circumstances outweigh the aggravators.

So you can consider the death penalty. It doesn't mean that you have to impose it. Just that once you decide that the aggravators do outweigh the mitigators, you are allowed to consider the death penalty.

So the law in the State of Nevada gives you four options in a case of first-degree 18 19 murder. Obviously the death penalty, life without 20 the possibility of parole, life with the possibility 21 of parole after 20 years has been served, or just a 22 50 year sentence where he would be eligible for 23 parole after 20 years have been served.

some witnesses to share with you some aspects of the defendant's life and his personality. 2

What you will have noticed during that time and those witnesses is that there's a definite pattern to the defendant's life and the conduct in the 13 years or so that the State shared with you.

First, why earn it yourself when you can take from others? Second, if they don't just give it to you, take it by force.

11 What better predictor of future 12 behavior than past behavior. You heard and, you 13 know, it's not getting any better with the computer 14 here. Sorry it's so small. But you heard yesterday 15 of the defendant when he was 18 years old, rather 16 than get a job, earn money and live like the rest of 17 us, he terrorized his neighborhood, just taking what 18 he wanted whenever he wanted it.

19 I mean, remember specifically when 20 he was talking to the police at the end of his 21 little crime spree, he was talking about the car and 22 carjacking, and he said well, yeah, he took the car 23 and he was gonna use it to commit other cars as 24 well, but the police got to back too soon.

So what do you notice from all of

those events his little crime spree? That's a

period of 30 days. But what you notice is that his

behavior escalates.

4 He starts out just ransacking a home 5 and taking a bunch of property. The next thing you know, he's burning down a home and killing a dog.

7 Then he graduates to taking guns and using those guns during the commission of crimes. Actually

9 pointing guns at people.

10 Then in May of 1993, he's sentenced 11 to prison for the first time. He's fortunate enough 12 to serve not quite 11 years in custody, 11 of an 18 13 year sentence, before he is released on parole. So 14 he's released on parole, eight years are hanging 15 over his head waiting to be imposed if he violates 16 his parole and still he can't keep himself clean.

In November of 2004, he gets nasty with Katrina who's just given him a son. This light of his life, his son. He's so nasty with her and threatening that she feels the need to get a protective order.

So when he is served with a protective order on one day -- and this is an order from the court saying you cannot have contact with this lady. It's not a suggestion. It's an order.

RR.

1 He is handed that order by a police officer, don't

have contact with her.

3 Shortly thereafter, within what, hours, he tracks her down, refusing to take no for an answer when she says she does not want to talk to Repeatedly cuts her off when she attempts to 7 get away.

8 Now she tells you yesterday that well, you know, it wasn't so bad. And then she read 10 to you the statement that she wrote when it happened 11 where she's describing how terrified she was, how 12 she's crying no, please no.

This is while he's on parole, barely out of custody. So he's arrested for violating that protective order just like he violated his parole. Five weeks -- he goes into custody, he goes before the parole board and five weeks later the parole board decides to reinstate him.

Now I recognize that violating a temporary protective order is not crime the century. And do they need to put him back in for the rest of his eight years? Well, you know what, probably not.

22 23 But five weeks. He can't follow orders, he can't

24 follow direction, he can't follow authority. That

25 is what he's showing you.

18

19

20

8

15

16

17

18

19

20

70

69

So he gets out. And actually it takes the parole department a little while to get him out of custody because they want to investigate where he's leaving.

And remember what you hear, the very first contact he has with his parole officer is a challenge. His poor attitude obviously hasn't improved any. And when he is reminded that a condition of his release is you cannot have contact with Katrina, he says that's bullshit. His attitude is so poor with Officer Mehalko that the sergeant has to intervene. No ability to respect authority, no ability to follow authority.

And then you hear from Officer 15 Mehalko that over the next three months, he tries to visit the defendant at the place that he says that he's staying, but it takes six tries to ever find him there. Is he being honest with his officer, is he really staying there or is he where he's not

20 supposed to be, yet again, with Katrina. 21 20 days. 20 days after being 22 released on parole a second time -- and remember, 23 parole is a privilege. 20 days after being released on parole for the second time, he rapes and kills 24 25 Sheila Quarles.

And look at the action from that

day; violent, violent, brutal, mean. His conduct is 3 escalating further. Ransacking houses, prying

opened windows, grabbing guns, pointing guns. Not

shooting but pointing guns, burning down houses,

6 killing dogs. Now he's raping and killing the

7 community.

18

And he gets away with it. He gets better at avoiding detection you find out because five weeks later, five weeks is when he sexually

11 assaults and strangles Marilee Coote. 12 And he's getting better at avoiding 13 detection. He burns her body to get rid of 14 evidence. He cleans her apartment. He gets rid of 15 fingerprints. He tries to get rid of the stain

16 beneath her vagina.

But does Rena Gonzalez see him leaving Marilee's apartment? Rena who is friends 19 with his girlfriend at the time, because remember, 20 he's got another girlfriend, not just Katrina. He's 21 got Mawoose Ragland. Marilee Coote is friends with Mawoose Ragland.

22 23 Does Rena see him leaving Marilee's

apartment in the morning when she's walking her kids to the bus stop? Is that why she too is sexually 25

assaulted so ently. Is that why she too is

2 strangled?

3 Is he hot and needing water and 4 having to go to Juanita Curry's apartment repeatedly because he is spending that whole time cleaning

6 Rena's apartment?

7 Look at those pictures of Rena 8 Gonzalez's apartment. Nobody with two small children has an apartment that clean. It was 10 immaculate, it was perfect.

11 And look at how her body was found. 12 Look at that picture. Her body which was bruised 13 all over and strangled and had been violently 14 sexually assaulted is laying over the bed that is completely perfectly made. There's not a wrinkle on 16 that bed.

Did he clean the entire apartment, make the bed just like he did Marilee Coote's? How bold is he getting? As time goes by, he's getting bolder and bolder.

21 This is the person that you have to 22 decide what is the appropriate punishment for. So 23 let's take a slightly deeper look at his mitigating 24 circumstances that are offered.

25 A poor childhood. How many people

do you know have a poor childhood? How many people do you know that have poor childhoods, rape and

3 kill? One. Probably nobody else that you know. 4 Many people who are abused as

children become productive citizens in society.

They get jobs, they hold jobs, they raise their

7 children. They don't rape and kill.

9 parents. It's unfortunate but it's true. Not 10 everybody has June Cleaver for a mother or Ward 11 Cleaver for a father. Some people have terrible 12 parents, but they are still able to get and maintain 13 jobs, to raise their children and not go out raping 14 and murdering.

Many people don't bond with their

Lots of people feel worthless for whatever reason, but they don't go burglarizing and terrorizing their own entire neighborhood, kicking in doors, prying opened windows, stealing jewelry and family heirlooms.

21 do they burn down someone else's home intentionally 22 leaving the dog locked in a bathroom? He could have 23 let Pebbles out anyone of the doggy doors. He

Lots of people are depressed.

24 intentionally locked Pebbles in that bathroom.

25 Intentional burned that dog. That is the kind of

person you're gonna sentence.

2 Now, we heard from his sister. And we heard it was his sister that took the brunt of

the bad stuff that happened in that family. His

sister turned out okay. She's raising her kids.

6 In opening and all week long, the

7 defense has asked you spare Norman's life. Why?

Why should you spare Norman's life? Did he spare

Sheila's life? Sheila's family has to live without 9

10 her for the rest of their lives.

Did he spare Marilee's life?

12 Marilee's family has to live without her for the

13 rest of their lives.

Did he spend spare Rena Gonzalez's

15 life? Angel and Vanessa, the two little children,

walked in the door and found their mother lying down

17 on her bed

11

14

20

18 His mother told you life in prison.

19 Give him life in prison, it gives her hope. He'd

still be in her life. She could write to him, she

21 could visit him, she could see him. She would know

22 he is alive.

23 Is Debra Quarles ever gonna get to

24 see Sheila again? Is she ever gonna get to write to

her, talk to her, visit her? Sheila's brothers, are

they gonna get to visit her, write to her, see her,

talk to her? Never again.

Katrina McKenna told you she wants 3

4 the defendant in her son's life. Why? Because he's

such a great role model? Someone for Gabriel to be

proud of, to look up to? What has he done to

deserve that beautiful child? Why should you reward 7

him by allowing him to have a long-term relationship

9 with that innocent and appreciation believe child?

10 I expect that they're gonna stand up

here and they're gonna ask you to give him a chance,

12 to give the parole board a chance, to trust the

13 parole board.

14

Look at what the parole board has

15 done for us. They let him out not once, but twice.

Of his 18 year sentence, he served less than 11

17 years, he went back, they let him out again.

18 How are they gonna explain that to

19 Debra Quarles? Trust the parole board, are you

20 kidding me?

21 Capital punishment folks is reserved

22 for the worst of the worst. You all said that there

23 are circumstances you can envision where capital

punishment is appropriate. The worst possible

crime, the worst possible person. 25

strangled with his hands the life

out of Sheila. Anybody can pick up a gun and shoot and somebody dies. But what does it take, what kind

of person does it take to stand there with your

hands around somebody's neck squeezing until they

are no longer alive? It takes a person with no

7 soul. It takes a person who is evil. It is a

person who is not redeemable.

Who's he fooled so far? He's fooled 9

his mom. She says that's not the person I know. 10

11 Well, you saw pictures, you heard the testimony.

12 That's him.

13 He fooled his sister.

He fooled Debra. She brought him

15 into her life, into her family's life.

16 He fooled Katrina. She wants him to

17 be part of Gabriel's life.

Don't let him fool you. You know

19 what the appropriate penalty is in this case. Thank

20 you.

MR. PIKE: Let me switch over from --

22 THE COURT: If you're wondering why she

23 doesn't know the equipment, this isn't what she

24 does.

We normally have a lady named Renee

who actually operates this equipment and we use it

in most cases. But the law provides that in a case

3 of this serious nature, you have to have what's

called daily copy, meaning each lawyer gets an exact

transcript of what happened the day before on a

6 daily basis.

So actually we bring in two court

reporters than court recorders. Each one works a

half a day and transcribes a half a day while the

10 other one's working. They transcribe and they

11 deliver this stuff to the lawyers literally as soon

12 as it's off the press.

So she's really working on this

14 machine and she doesn't have anything to do with this equipment. She isn't generally familiar with 15

State of Nevada versus Norman Keith 14 Flowers. 15 Let the record reflect the presence 16 of the defendant, his counsel, counsel for the 17 State, all the ladies and gentlemen --18 MR. 1 This is a hard time. The first thing the State did when they came in and started to talk with you is to talk about emotion and why is it so bad. And there was a beautiful young girl 6 who is dead and I'm sorry about that. 7 If we come in and just let emotion 8 take us over, we forgo all that the constitution is, 9 we forgo all that this trial is about and we forgo 10 everything that you swore that you'd do. And so I'm 11 trying to ask all of us to sit down and reason 12 together and to make the right decision. And it's 13 your decision. All I can do is try and guide you. 14 The State talked about justice is to 15 give every man his due. Well, every man is not just 16 who we're talking about. We're talking about what 17 we're going to do to one man. And that's to Norman. 18 And that one man and the mitigators 19 that you're gonna find out about are to educate you, 20 let you know who that man is. It's not to just set 21 up the defendant. We don't just call him the 22 defendant. We don't just put a sack over his head 23 so that you don't know him. And you need to know 24 who it is that the State is seeking to have you

stotle said something else. He said that the virtue of justice consists in moderation as regulated by wisdom.

us. It is a hard thing to sit as a juror on a death 6 penalty case. You were strong enough to do it. We

We have all felt this death touch

7 appreciate that. We're lucky that we have

professional prosecutors that come in and handle

9 these cases in a professional and zealous manner.

10 We hope as defense attorneys that we share that same 11 professionalism, same compassion and same

12 zealousness for what we want to do.

13 The execution of Norman Flowers 14 won't affix, it won't ameliorate or heal any of that 15 pain. That's not what we're seeking in this case.

16 But for a moment let me go over and 17 plead for what is left of Norman's life. This is --18 his life rests in your hands. We have you make this 19 decision because death is different. It ends, it's 20 irrevocable.

21 So the process, the reasoning 22 process that we deal with is with aggravators. And 23 those -- and we can really do this in two trials 24 instead of just one. Maybe it would have been 25 better, but you have to mentally now do two trials

if your mind and you have to evaluate what has been presented to you.

The aggravators that have been

brought in this case are two. One, that he, Norman was under a sentence of imprisonment, the State pointed that out; and two, that he has a prior felony conviction that for a crime of violence, the

robbery with use of a deadly weapon.

The other crimes that were elicited 10 from 1992 when Norman was 18, when he was with other 11 young men, when he was, was involved in that, well, 12 they're asking you to consider that aggravator from 13 that young man in determining whether he's death 14 qualified.

Well, did they prove those? Those 16 are part of the record. Not really the question, but of what value are they? That was an 18 year old man, young man. And then we talk about mitigators, to decide what mitigators are.

The State went through great pains to say, to minimize, to say well, we don't know what, what are these, these things. Everybody's had a tough life. Yeah, we've all had some tough things happen in our lives, but we don't end up going to prison, well, we don't end up being in gangs, we

execute and how he got here.

And maybe we were spanked when we were kids and the State seeks to minimize that, but none of us was hung upside down in a garage nude and whipped. None of us -- and I don't know. Maybe, maybe some of it us did, have our sisters and our

siblings whipped until they bled. A mitigator is just something that helps you understand what happened, why and who Norman is. And then you go through the weighing process of the mitigators versus the aggravators. Death is never mandatory. This

13 State has gone over this with you. The State hasn't 14 proven all of those, death penalty is not to be considered an option.

15 16 And that's the first step of this, 17 this trial that you're doing within the death 18 eligibility. Well, we have these two, two status. 19 They're almost just like status aggravators. And 20 they've proven beyond a reasonable doubt as part of 21 the record. I'm not really going to contest that.

But how much weight are they to be given, just those

23 two? 24 The mitigating circumstances is the other part of that equation. As the judge has

82

indicated, you take all of those.

Now, we've suggested a number of mitigators and those were some of the ones that the State read to you. They're not just bad things that 5 may have happened.

A mitigator is something that as 7 I've indicated could explain. Who was this young man that was sent to prison when he was 18, who was he educated by? Where were you when you were 18? Were you still in high school? Were you getting ready to go to college? Were you getting ready to go into the military?

Were you getting ready to move on 14 with your life or were you up in prison as an 18 year old man being educated, being housed and being placed in prison and put there with the same type of people that Dr. Esten indicated. Who are, who are the mentors during that period of time? Who was your first employer when you

20 were employed at 18, 19, 20? Who were the people 21 that took you in and brought you up? Were they 22 proffers, thugs? And what happens in prison? 23 Well, so that's a bag -- a bad 24 aggravator. Well -- or mitigator. Excuse me. 25 What's a good mitigator? A good

mitigator is nt there is absolutely no evidence

that's been presented before you that Norman had any

problems in prison, that he was -- wasn't able to be

housed safely, that he prepared, developed, made any

weapons, that he did anything else. In fact, he performed well enough to get paroled.

7 The evidence or lack of that shows a 8 good mitigator, and that's a mitigator that you can

say I know that he can be handled safely, I know 10 that he works well under structured supervision, I

11 know that he can program in the prison.

And unfortunately if that is all you had known, if that is all you had been trained to, if that's all you've been brought up in, then it reaches a point where all you can do is, is function in the society where you've been trained, you've been brought up, and that in Norman's case is prison. Send him back there. Send him where

19 20 he's not a danger to anybody, he's not a danger to 21 himself, and put him in a society where he can 22 function.

23 During part of the mitigators, the 24 State kind of grazed the affect of the death of the execution, excuse me, of Norman on his part, on his

25

1 son. That is a mitigator that doesn't directly affect Norman. If he's executed, he's gone. His,

3 his concerns are not of this world.

Katrina has to raise a son and has to deal with explaining to her son why Norman, why

6 his dad is not there and how he died. And that,

7 that talk is better coming from a man in prison saying why he's in prison and why his son shouldn't

be in prison. This killing Norman's stop that, he

10 does, it doesn't help.

11 You have the list of ones that we've 12 given. And this, I don't think that the State is, 13 is saying that those things didn't happen. They're just saying, you know, there's no weight, there's no 14 15 moment, there's no consequence.

I was never abandoned in another country. A third world country. I have been on the streets of Watts. I haven't been shot at, I haven't had a brother in a wheelchair because he was out being part of a gang.

21 What does the impact upon being 22 sexually assaulted do to a young man? You have a 23 mitigator when one person believes the mitigation 24 exists. The majority is never required in this. Two people are not required. Just one of you. So

12

13

14

15

1 only one of you has to go through that list and find

I believe that that happened, and check it.

And then you have an entire page to
fill with the other things like I've suggested. No
history of any difficulties in prison, no history
that he doesn't program well, that he can be secured

7 safely in prison, he is programmed well enough to

get out on parole. Anything like that.

9

10

That obviously at 18 when he went to prison, he didn't have any job skills. There's no evidence that they ever trained him in there, that he had any ability that he's ever been trained to function outside of society.

So if you go to prison and the sole purpose of going to prison was to punish you and not to rehabilitate you, then that, that incarceration has failed the individual retaining or preparing as opposed to simply punishing them and putting them in with, with career criminals, older criminals. People then that he has to look up to because that's the only people that he's got. And Lord knows what happens if you're trying to be friends with a guard in prison.

24 So each one of you goes through that

25 list. And it only takes one of you to say that

81

exists, and it only takes one of you to write down
each and every mitigator that you believe has been

3 developed or shown things that are important to know

either good or bad about what happened to Norman and

5 how he got there.

6 His ability to reconcile with

 ${f 7}$ Katrina. She had problems with him. And then the

temporary protective order, she never said that it

9 was -- he yelled, she was frightened, she got a

10 temporary protective order and yet she still has

11 contact with him, she still wants to take not only

12 their son, but her son, Norman's stepson. And so

13 how would that affect Norman's stepson? You can put

14 that in as a mitigator.

15 And during this part of the trial,

16 this mental first trial that you're doing, you have

17 to stop thinking about what you went through in the

18 first trial.

19 It's not a consensus, it's not a

20 group decision. It's an individually weighing the

21 mitigator against the aggravators. Those two status

22 type aggravators and the list that you'll prepare.

23 And that's an individual event for each of you.

24 That is not a collective process.

And any one of you can stop the

1 process by choosing life. By saying I am, I am

convinced that by even slightest of weight that

3 those, all that has been described as opposed to

4 these mitigators is not enough for this jury at this

time to consider death as an option.

aggravators in any subsequent trials.

And that doesn't mean that that
might not happen in the future. Because as you've
learned from the process that we have to this point,
paper a prior conviction of a violent felony of a murder
of which sexual assault, those are, those become

And if you go through that process then death penalty is not an option. And that -- and then and only then can you consider the penalty.

And to give you -- that is some of

16 the proposed lists that have been provided for you.17 You'll look at that and you don't have to find that

18 it is the single controlling mitigating factors.

19 All you have to do is find that it exists to make a20 determination that it exists and then to take it in.

21 And when you're back in the jury
22 room, when you go in -- to just give you an example
23 of what happens, you go in with a consensus or with

23 of what happens, you go in with a consensus or with24 a group and then mentally you have to go into your

35 and seconds deliberation was and asy do they do

25 own separate deliberation room and say do they, do

they outweigh that at this trial, at this time, and

2 is death going to be an option. You do that alone,3 with the door closed. And that's an internal

4 deliberation. And then you bring that back out to

the group.

And as you, as we talked aboutduring the jury selection process, you are going to

8 take, you're going to honor each other during the9 deliberation process, you're going to honor their

10 decisions, you're going to discuss, encourage,

11 reason together, but you'll stand firm if you

12 believe that and you'll honor the other juror if

13 they disagree with you.

This is a family. We've explained
this is Norman's father. Norman. The family tree.
Where the three children -- or the children come
from the three different marriages.

And Cherrett the family historian.

19 Cherrett who had to be a mother to these children

20 and Cherrett who was the one that could come forward

21 and tell you what it was like behind those doors.

22 Doors that you wouldn't want to go behind.

23 And why is that important? Well, 24 we'll go over each and every thing that occurred or

25 the testimony that's been given, but in the book,

The Five People that You're Going to Meet in Heaven,

- the author talks about what children are like.
- They're like little pieces of glass. You remember
- the fingerprints expert came in and said you touch
- glass and it leaves fingerprints. You leave
- smudges, you leave marks. And children are like
- 7 that glass. Parents injure their children. It's
- pristine glass when we get them. And sometimes we
- just smudge them and sometimes we just mark them,
- 10 but there are some families that take that piece of
- 11 glass and break it into so many chards, so many
- 12 jagged pieces that it can't be put back together and
- 13 it's dangerous to walk on. And you can't fix that,
- 14 but you can make it safe for other people.
- 15 The term while in the home, Eleanor
- 16 would leave the children, she'd go out, have
- 17 affairs. Cherrett would be the mother that would
- come in and do that. The children were getting 18
- 19 punished for that. They were being kept inside.
- 20 Norman, Sr., abusive to the
- 21 children, in turmoil with his wife in, in every way.
- 22 It was bad enough that Eleanor had to abandon the
- 23 children. She didn't have to, but she did, she
- 24 chose to, abandon the children, and then ultimately
- 25 have the children face or pay the price for this
 - 90

- 1 family.
- 2 The emotional turmoil within the
- home when she came back, then as Cherrett testified 3
- there was, one of the lovers was stalking them,
- causing them problems. She took the kids to Belize.
- Brought everybody back but Norman. And inexplicably 6
- 7 SO.
- 8 The physical abuse. Corporal
- 9 punishment. Now, corporal punishment is fine. A
- 10 child needs guidance, they need directions, they
- 11
- need discipline. They don't need beatings, they
- 12 don't need demeaning actions, they don't -- they
- 13 deserve encouragement.
- 14 Eleanor wouldn't intervene. Never
- 15 any testimony that she'd intercede on his behalf.
- 16 She didn't intervene or intercede with the sexual
- 17 assault by the neighbor.
- 18 The question about that is well, she
- 19 didn't find out about it until later. But what was
- 20 going through Norman's mind during that sexual
- 21 abuse? We know that during the physical abuse he
- 22 was beaten with belts, leaving welts to the body.
- 23 Tortured, humiliation, constant
- 24 degradation, lack of affection, lack of
- participation of a nature and of extent that Norman 25

- believed that s mother was punishing him. That
- his own mother would send him over to be sexually
- abused by a neighbor because it's what they did.
- And to carry that part and carry that, especially
 - for a young man through his formative and puber --
- and the years in which he went through puberty.
 - Lived in Watts. Older brother
- 8 Warren involved as a gang member, paralyzed at the
- age of 18 due to gang related shooting. And he
- 10 exposed Norman to that.

7

11

- My big brother, everybody's big
- 12 brother is your hero. Who trains you? Who do you
- 13 aspire to be like? And Warren gave him that
- 14 example. Warren for a long time learned from his
- 15 life sentence through a wheelchair.
- 16 And you heard some testimony about
- 17 that that every day of his life he sits in that
- 18 chair and it reminds him of what happened, why he
- 19 was there, what he was doing wrong at the time that
- 20 that happened until at, at a time in his life when
- 21 he is much older now that he came to accept all of
- 22 these consequences.
- 23 Mitigator. It's a joy of having
- 24 children, it's a joy to have a son. And if you, if
- 25 you grow up and know and are taught how to be a good
 - 92
 - father, well, you can be a good father. If you're
- not taught how to be a good father, at least you can 3 try and have a safe relationship with your son.
- And incarceration will allow a safe
- relationship with his son that will be monitored by
- Katrina. That would be meaningful to the Katrina
- 7 and she believes it would be meaningful to Gabriel
- 8 as well.
- 9 We go through all of these because
- 10 those are all -- you have to take more than just the
- 11 statement and say is that a mitigator. You have to
- 12 take that and, and say what impact did it have, why
- 13 is it important, why is it here, why are we even
- 14 talking about this. It's because the weighing
- 15 process requires that.
- 16 And once you've done that and once
- 17 you've taken all these mitigators and not apply them
- 18 against all the facts of the case, all the bad
- 19 things that came out about everything else, you're
- 20 only to take all of this, all of this and compare it
- 21 against those two status aggravators and do the
- 22 weighing and then death isn't an option.
- 23 It's not, it's not a game. This is 24 far from a game. This is life. And this is death.
- 25 It's not -- it's too to ensure that this process is

23 of 43 sheets

1

meaningful and it is complete and that you will fulfill your sworn duty to do that.

3 After that is done, has been done, you go into, to determine what the proper penalties are left. And what the choices that you have?

They've gone -- the State has gone through and indicated the four of them. I think it would be safe to eliminate the term of years. Do we, based upon the evidence that you now can consider all of it. Is Norman someone that you want

out on the streets without life-time supervision? Well, no.

13 Now you've heard from Ms. Bass. 14 Life with possibility of parole means that they 15 would be supervised the rest of their life if they

16 ever get out. And they may never get out.

17 Life without the possibility of 18 parole means that they'll never get out. That, that is really a sentence of death in a prison. Death 19

20 while incarcerated. I can't make it any clearer 21 than that. The only way you sentence Norman to life

22 without the possibility of parole, the only way

23 he'll ever get out of prison is in a coffin. 24 Death, if it survives the weighing

process, that happens only if you decide that that's

an option that's left.

10

11

12

1

15

16

17

18

2 But is it necessary to put him to 3 prison to protect us, to deter anybody? You know,

honestly. I think that if, if the deterrence would

be that parents won't do this to their children,

that prisons might be changed. If there was a

7 purpose other than sheer retribution for death.

there may be a reason for it. But can we house him

9 safely?

10 Look at these prisons. Look at the

11 prison cell. As you look down at it without a view

12 of anything that is, is meaningful; fences, sleeping

13 on that mat, a mat sitting on that metal cot, your

14 head or your feet up against a toilet.

You're going to sentence Norman to a place that is so much like, like the bathroom in which Ms. Quarles was found. That for every day he sits in there, he'll be forced to think about it. he'll be forced to have his head against the toilet,

19 20 to be in a room as small like that.

21 And, and I don't think that even,

22 even Dante could have created a more appropriate

23 hell or a more appropriate punishment than to live

24 and feel that every single day of the rest your

25 life. , you won't eat with anybody

else. There won't be the big cafeterias where you

3 can sit around and talk with the other inmates.

You're fed through a slot. Before you leave, you

put your clothes out, take all your clothes off,

you're searched.

7 And then you remember the, the 8 inmate that came in and he was shackled. Remember

9 he had those chains in his arms and he walked out

10 from there and he was escorted by the guards. Those

11 are the chains, the chains that are forged to hold

12 prisoners and specifically to inhibit their movement 13 and you're chained up when you're walked like that.

14 And you're walked out through that area to there.

15 You don't see trees, you don't see 16 mountains, you don't scenic. You look up and you 17 see the sky. And unless you have a cell mate, I 18 don't see anybody else.

19 Because that's what life is max --20 that's what life is like at max.

21 And maybe that one hope of a 22 relationship with his son is enough. Maybe it's 23 necessary to have him walk down that Green Mile and

24 have him strapped down and have the poison that

25 flows through a needle placed into his body.

1 Because even one person in their mercy can stop it.

2 So now you've considered the mitigators once for the weighing and now you take

the same ones for the penalty phase of it and, and

set them up like a tile here; the dysfunctional

family, the abandonment, the lack of encouragement,

7 support, the mental abuse, physical abuse, the gang violence, all of those.

9 As they go through and as you 10 consider all of these; the fights, separations and 11 the good ones, his relationship with his mother, 12 Gabriel, the things that he's done, the fact that he 13 was not treated for that sexual abuse, and you come 14 across the impact and any other mitigator that you may find or just for the sheer mercy that it's not

15 16 appropriate in this case, this isn't the absolute

17 worst of the worst, this case.

18 Death is never mandatory. Because 19 if, if you lay those out and even if you feel that 20 the State somehow has knocked those over, it always 21 comes back to the decision that death is never 22 mandatory, it's never a requirement. It is, it is a

23 personal and individual choice as the individual

24 juror that you must make. As individual jurors that

25 you must make.

Now I'm gonna sit down. And that's really an hard thing to do, for a lawyer to do

because we talk and talk.

Because I know that a well-trained and well-spoken prosecutor is gonna get up here and she's going to have some very harsh things to say and she's going to eloquently try to attack each and every argument that I've brought. But this is the only chance I get. I don't get to speak again. I could -- if I had the chance, I would get up and address the things that she will say. I would once again encourage you, reason with you, plead with you if I had to, to stop the killing now, to stop death now.

But since I can't do that, I have to trust that when you go back into the jury room that the argument that you know I'd make will sound in your ears, that the arguments that with the pleadings, that the inversion of what I'm referring to would ring in your ear.

21 And now you've heard enough from 22 this lawyer. I'm gonna ask you hear from one more. 23 While Norman's life rests in your hands, remember it 24 was Abraham Lincoln who wanted to heal a country.

Said that he always found that mercy bears richer

fruit. And it does and it will and it always will, and in this case choose life. Thank you. 2

MS. WECKERLY: Now, Mr. Pike started and ended with the suggestion or by telling you that Norman Flowers' life is in your hands. And there's certainly no doubt about that.

But it's not because of some quirk or accident of fate that you get to decide Norman Flowers' sentence in this case. He is here because of his actions and no one else's. He made decisions his entire life that brought him to this place. had free will in every decision he made that brings him here sitting before you, awaiting your decision on his sentence.

15 Now, Ms. Luzaich talked to you about 16 the death penalty and suggested or spoke about how 17 the death penalty is for the worst of the worst. 18 And when you think about that, you might think about 19 who might qualify as the worst of the worst.

20 Someone who commits murder, certainly that puts you 21 in that category, someone who puts -- or who commits 22

sexual assaults, someone whose committed robberies, 23

burglaries.

24 I mean, the only crime he's missed right now in terms of severe crimes is kidnapping. He's hit all tother ones.

2 Mr. Flowers' history is actually 3 sort of interesting because he actually committed 4 five residential burglaries as you heard. Some

people may think that when you commit five

residential burglaries that alone means you should 7 never get out of prison. That alone means that you

shouldn't get parole eligibility ever.

But Mr. Flowers actually got a break in the criminal justice system as you heard. Those five burglaries reduced in negotiations to just one. He pled to one count of burglary. That's a

13 forgiving system. That's a system that showed him 14 mercy.

15 And when you look at the judgment of conviction that's in evidence, the sentence he got 16 17 on that burglary ran at the same time as his robbery 18 sentence. So he got another break as well. A 19

forgiving and merciful sentence for Mr. Flowers.

And what about the arson? The McGowans, the couple that testified or explained to you what happened, they had stuff stolen from them, that was a burglary, their property was taken, their

24 dog was killed. Mr. Flowers set the fire on their

25 house and they had to deal with the consequences of

100

1 that.

9

10

11

12

20

21

22

23

9

2 And again, what sentence did Mr.

3 Flowers get on that? He got a concurrent system -sentence. That means his sentence ran at the same time as the robbery. He didn't do an extra day on those burglaries and he didn't do any extra time on 7

the arson. He got all that credit in the sentence 8 he did on the robbery case. So the system hasn't

been harsh to Mr. Flowers.

10 Then there's the robbery incidents. There was the attempted robbery of Nina Delacourt 11 12 where he asked to use the phone. She let's him in 13 being a nice person, and he pulls a gun on her and 14 demands her car.

15 And then he commits the robbery 16 where he pulls a gun on the Carr Store employee and 17 steals the car, a full robbery with use of a deadly 18 weapon.

19 He didn't have to plead to both.

20 His case was negotiated. He got a lenient treatment 21 his case and he got one 18 year sentence for the

22 robbery with use of a deadly weapon.

23 The arson ran at the same time, the 24 burglary ran at the same time. He got one sentence.

25 Mr. Pike spent time talking to you about how he was

3

ß

14

15

What was the expectation that you can do several residential burglaries, commit an arson and two robbery type crimes with a gun and what, get probation? Was that somehow inappropriate?

7 8 And what happens when the parole 9 board gives him leniency one more time? He gets 10 out. He doesn't do the 18 years. He gets out and 11 he meets up with Katrina McKenna. She seems like a 12 nice lady, they have a child together and he 13 violates the conditions of his parole.

But the system shows him leniency one more time. He's let out or re -- his parole is reup'd and he gets in trouble again.

16 17 He somehow convinced that parole 18 board on the second occasion to ignore the fact that 19 he had committed a series of burglaries, ignore the arson and ignore the other attempt robbery that he 21 did, that he could be someone else when he got on 22 the outside, that he was someone who could conform 23 his behavior.

24 He didn't just trick I would say the parole board. He's shown you and you have heard

102

1 over the time you spent as jurors in this case that he is an expert at manipulating people.

3 One of the first burglaries that he 4 did, the one with the victim by the name of Betty Bell, what did he tell her? Oh, I'm just helping get my brother out of your house, I'm here to help 7 you, ma'am, I made sure he didn't take anything. 8 Nina Delacourt the attempt murder

9 victim, he was just there to use the phone. He 10 wasn't gonna harm her. And what happens when he gets inside? He pulls a gun on her.

11 12 You heard from Juanita Curry in the 13 trial phase of this case he wanted to use her phone, 14 too.

15 He's good at manipulating people. 16 He made Debra Quarles think that he

17 was actually concerned about her emotional well 18 being after the murder of her daughter. I'll take

you to the psychologist, Debra, I'm concerned about 20

your grief.

21 That should tell you a lot about 22 him. He's smart and he's manipulative. And as 23 such, he is a danger to anyone who ever comes in 24 contact with him.

25 Now, I don't think Mr. Pike disputed

that we have e blished that the aggravating circumstances exist in this case. He was clearly 3 under sentence of imprisonment when he committed

4 this crime and he's clearly been convicted of a 5

prior violent felony, the robbery with use of a 6 deadly weapon.

7 You know a lot more about his priors 8 before that, but those are two the aggravating circumstances. And I don't believe the defense 10 disputes that those actually exist. It's just that 11 they, don't believe that they had outweigh the 12 mitigating circumstances.

But it's interesting in this case to note that it took him just 20 days, just 20 days on parole for the robbery case when he commits the worst of the worst type of crimes at a time when he's supposed to be showing that parole board that he can conform his behavior, that he doesn't need to be permanently institutionalized.

He commits a sexual assault and a murder 20 days after the parole board deems him fit to go out in society.

23 I respectfully disagree with Mr. 24 Pike. The State is not trying to denigrate or even

25 minimize the mitigating circumstances that the

1 defense has illustrated in this case. We're just arguing to you what weight we feel that you should 3 give them.

Mr. Flowers apparently came from a dysfunctional family. His parents had affairs, his parents had fights. To me, although it's listed on the verdict form and definitely it's your decision, those all seem like the same thing under the heading of dysfunctional family. That really didn't put him in a very unique category. I don't think anyone comes from a perfect background. It's not particularly surprising or even noteworthy to come from a background where your parents maybe had a

But is that -- I mean does that account for what he did? His parents had a bad relationship so it's okay to pull a gun on someone and demand their car? I mean, do those have any connection whatsoever having parents who didn't get along means it's okay to rob people?

troubled marriage, where things weren't perfect.

21 MR. PIKE: Objection, Your Honor. 22 misstates the purpose of it. It's not a defense. 23 It's just to be considered in sentencing.

24 THE COURT: I think though that what 25 she's saying now is that you have in essence agreed

that they've proved they're aggravators. So she's

talking about the weighing process. So I think --

3 MR. PIKE: And I agree with that. And I 4 just think that it's --

5 THE COURT: And I think she's saying --

MR. PIKE: -- that it implies it's a

defense. It's not a defense.

THE COURT: I think she's saying that in her opinion or her argument is that the things that

10 you have raised don't have the same make weight as

11 the things she's raised. And I think she's entitled

12 to that. Overruled. Go ahead.

13 MR. PIKE: Thank you, sir.

MS. WECKERLY: What about the fact that

Mr. Flowers was left in Belize when he was a young 15

child? It sounds like his sisters were left at a 16

17 certain point up here in the United States. And I 18 quess I'm missing the cause and affect relationship

19 of that. His sister grew up in that same abusive

household and she's a functioning, productive member

21 of society.

22 So I respectfully suggest that that

23 incident which occurred over 20 years before he

committed this crime really has nothing to do with

25 it.

24

6

7

8

14

106

105

He was on parole when he murdered 1

Sheila Quarles. He wasn't thinking about or

3 suffering through some childhood experience when he

threw her on the ground, raped her and then put his

hands around her and squeezed the life out of her.

That didn't have anything to do with what happened 6

7 when he was in Central America. He was on parole

8 and he wasn't conforming to any rules when he

9 committed this crime.

10 His abusive parents, I mean the

11 abuse in this case certainly is significant. I

12 didn't recollect it to be the same way that Mr. Pike

13 described it in his closing argument, but certainly

14 your recollection controls. Is this the best type

15 of environment to raise a child in? Certainly not.

16 Does it at all account for what he's done and what

17 you know about him pulling guns on people, being on

18 parole and not conforming his behavior? Is that

19 okay because -- or is that minimize or somehow less

20 because his parents treated him badly?

21 And who did he have in his life?

22 You heard his sister testify, you saw her. She was

23 obviously someone who cared a great deal about her

brother. She showed up here, she spent time here.

She was the one who was raising him. No doubt that 25

and support for her brother. He

wasn't totally abandoned in this world.

3 And the fact that his brother was a 4 gang member and he was exposed to that, that

occurred when he was 14, okay. He was on parole

6 committing this crime in his 30's.

7 I mean, at what point are you making 8 your own decisions? At what point do you have free will in the decisions you make? At what point is it 10 not okay to victimize people even though you happen

11 to be a victim of abuse when you were a child?

12 Mr. Pike pointed out that a possible 13 mitigating circumstance, or he doesn't even consider

it possible, but a mitigating circumstance is the

affect that it would have on Mr. Flowers' son. And 15

I, I echo what Ms. Luzaich said. Obviously he's a

17 beautiful child. There's no question about that.

18 What I quibble with is whether or

19 not it should be considered a mitigating 20

circumstance by you.

21 I mean, Mr. Flowers threatened to 22 break the neck of that child's mother. Is he the

23

loving father? I mean, is this really something 24 that is meaningful to him? His daycare records

25 reflect that he picked him up four times in a

three-month period. How come he gets to claim

credit or suggest to you that somehow his violent

felony or his parole violation is less because this

child exists?

5

I don't have no doubt that it's

Katrina who's supporting this child, it's Katrina

7 who provided this child a stable home. Why does Mr.

8 Flowers get credit for that?

9 Mr. Pike also suggested to you that

a mitigating circumstance was that he endured sexual 10

abuse as a child. Being a victim of sexual abuse 11

12 does not mean it's okay to point a gun at someone.

13 Being a victim of sexual abuse doesn't mean it's any

14 less serious when you point a gun at someone and say

get out of the car. Being a victim of sexual abuse 15

16 when you're a child doesn't mean years later that

17 it's okay for you to violate the conditions of your

18 parole.

19 None of that is connected. There's

no connection between that, otherwise everyone who 20 is a victim of such abuse would find themselves in 21

22 the situation of Mr. Flowers. And we all know from

23 our common sense and life experience that that is

24 not the case.

25 He made choices the whole way

1 through and all of his choices were wrong, but that's where they -- and he is the one that caused himself to be in this situation.

I also respectfully take issue with Mr. Pike suggesting to you that the State is somehow playing on your emotions in this case.

7 You saw the crime scene photos.

8 Those are static. Those are mild. That shows Sheila just laying on a bathroom floor. How do you 10 think it was really like? What was it really like 11 for her? What was it really like when she suddenly 12 had someone's hands around her neck? You didn't see 13 a photo of that. There's no movie of that, but you 14 know it occurred. What was it like for her as she's 15 laying there having someone sexually assault her?

16 There's no photo of that. There's no way to depict 17 that.

18 And the suggestion that we're 19 playing on emotion when they put up a photo of Mr. 20 Flowers when he's 14 years old. Make no mistake 21 about it. The person you're sentencing today isn't 22 some teenager. It's a man who committed a series of 23 burglaries, it's a man who committed a robbery with 24 a weapon, it's a man who committed an arson, and 25 it's a man who committed a murder and a sexual

assault. It's not some teenage boy, a photo from over 15 years ago.

Now, the defense that Mr. Pike suggests to you is that he should be given a lesser sentencing or a leniency because of the concept of And that's certainly something that is asked for in all capital cases. And it is an appealing concept.

And also he suggested to you well, maybe you shouldn't make the ultimate decision right now because you know there's that other trial out there. So the combination of mercy and the spector of the other trial, that may seem like an easy way out.

15 And it's interesting to me that someone would suggest to you that mercy was 16 17 appropriate for someone like Mr. Flowers when he 18 clearly for over a decade has never given an ounce 19 of it to anyone else. He certainly didn't show 20 Sheila any mercy when she drowned in a bathtub and 21 he left out the door.

22 And I would suggest to you that the 23 question before you as jurors is slightly different. It's not if you can find it in yourself to be merciful to Mr. Flowers, and it certainly isn't if 25

on isn't can you pass this ultimate you -- the que decision on to a jury who you know will decide his next day case.

4 Your duty as a juror in this case is more complicated than that. And you've all heard 5 the jury instructions in this case. You don't owe 7 just Mr. Flowers the consideration of whether or not you can give him mercy. The instructions tell you that as jurors it is your responsibility to do equal 10 and exact justice between the parties in this case.

11 Can you consider mercy? Absolutely. 12 Are you supposed to consider the totality of what 13 you know about this case? Absolutely.

14 The question isn't simply one way, 15 can I be merciful. Your duty is to impose a just 16 sentence for Mr. Flowers based on everything you 17 know about him.

And what sentence is justice for Mr. Flowers? What sentence accounts for him pushing Sheila down? What sentence accounts for him squeezing the life out of an 18 year old girl, someone whose barely old -- barely past being a teenager. What sentence is justice for him thrusting his penis in her against her will as he's probably choking her out at the time. What takes

112

account for all of that? 1

2 What sentence takes account for him 3 taking away everything this 18 year old was ever gonna be and everything she was ever gonna experience? What kind of sentence accounts for 6 that?

Well, what about the loss to her family? They took away someone who was clearly loved. Or he did, in Flowers. What punishment -remember Debra? What punishment accounts for her change in her relationship with her children? What did she say, they don't -- she's close to them. they don't, they don't trust her now because of who she brought into their lives.

What kind of loss is that for her? 16 What punishment accounts for the guilt that Debra feels undeniably, you saw her testify, for bringing him into their world. Or what about her suicidal thoughts of this mother? What sentence accounts for that?

The defense suggests that any sentence that you impose will make him accountable, but what has this crime cost him at this point? He has contact with his family, he has contact with his He didn't have do move out of an apartment son.

because it was too hard for him to stay there because his child died there. He didn't have to deal with the emotional inability to work anymore. He surely didn't have to bury a teenager.

That's stuff Debra's family had to endure, not Mr. Flowers.

And what about her other siblings? They get to watch their mother feel guilty. They get to watch their mother suffer and they never get to see their sister again. What sentence accounts for that?

There haven't been a lot of consequences really in the criminal justice system for Mr. Flowers so far. He's always gotten the minimum, he's gotten leniency, and he's gotten chance after chance after chance and he's still found himself in this situation.

18 And the reality is that what 19 happened on March the 24th of 2005 so treacherous 20 and violent that no matter what sentence you impose, 21 it is never going to be equal and exact justice for 22 what happened to Sheila.

He's not gonna be attacked in his own home, he's not gonna be sexually assaulted, he's not gonna be violently strangled and he's certainly

114

not gonna be drowned.

And most importantly, whatever 3 sentence you impose, it will not be unjustified. When you impose a sentence, it will be because of decisions and choices he made. He chose to go over there, he chose to go in that apartment, he chose to 7 rape her, and he chose to kill her.

He dictated the final minutes of Sheila Quarles's life and he decided that she isn't here anymore. She wasn't gonna here for her family. But now he's not the decision maker anymore. It's your decision. And the decision that you make in this case should take fully into account everybody he's victimized, everything he's done and everything he's chosen to disregard.

16 And the sentence shouldn't be 17 anything less than what justice requires and what 18 you all know that he deserves.

19 THE COURT: Thanks. Okay. You've gotten 20 the instructions about -- Ms. Luzaich and Mr. Pike 21 both did a good job kind of explaining it to you, but maybe if I take a minute or two, I think it will 23 help you go through the process.

24 There's four pieces of paper. There's two entitled special verdict and two 25

entitled verdi And I've got them in the order that you need to deal with them.

3 And Mr. Foreman, I guess I'm mostly talking to you. The first thing you have to do is 5 take this first piece of paper that says special verdict and it goes to aggravating circumstances.

And there are two that the State has

collectively has the State proven this aggravator 10 beyond a reasonable doubt, Has the State proven that 11 he was under sentence of imprisonment. And they 12 have to prove it beyond a reasonable doubt and it

alleged and you have to ask yourself as a group

13 14 If it is, you check the box. If it 15 isn't, you leave the box blank as to each of those 16 two.

has to be unanimous.

17 Once you've dealt with those two. 18 date it and sign it, Mr. Foreperson, and just place 19 it over here.

Now we go to mitigating 21 circumstances. And the mitigating circumstances are 22 different. If the -- the defense has raised a 23 number that you can consider, you can consider any 24 others, you don't have to consider these mitigators. It has to be the case that at least one person

116

1 thinks that it has been proved and that it is a mitigator.

For example, if the defense said because our client has red hair, that's a mitigator, you may find that it's proved and you may find that it has nothing to do with anything so you don't check it. But if you find that any of these or any 8 others have been proven and at least one person thinks that it's mitigation or some reason to give some make weight to consideration in favor of Mr. Flowers, you check it.

And you go through this, it's a two-page form. And as long as one person thinks that it was proved and is in mitigation, you check it. And you list others and you check them. After you've got all that done, you date it and sign it. Now then, take number one and number

two, the aggravators and mitigators, and you put them on sort of the mythical scales of justice. If the aggravators over all have more weight in your decision than the mitigators, the aggravators 22 outweigh the mitigators, then you work off of form 23 three which has four possibilities including death.

24 On the other hand, if the mitigators 25 outweigh the aggravators, then you work off the form

29 of 43 sheets

Page 113 to 116 of 124

But we still -- you have to go through this process and we have to have this as a matter of record, so that we have the benefit of your thinking. You decide one of these to work on based upon that process, the other one, forget it, so you're only gonna work on three.

11 12 And at that point and at that point 13 only, you now consider everything. You take into 14 consider everything you've heard in the guilt phase, everything you've heard in the penalty phase. 15 16 everything you can glean with your common sense and you say what is the right punishment for this crime

17 18 amongst the ones we have to choose. 19 And so you'll check one box. It

20 will be dated and signed by the foreman and the 21 other one of course you haven't used so it's just 22 blank. That's the way it works.

23 So I've got them lined up top to 24 bottom.

25 Ms. Clerk, will you swear the

112

officer to take charge of the jury, please.

2 (Whereupon, the officer was sworn to

3 take charge of the jury.)
