NOTICE AND CLAIM OF LIEN

NOTICE IS HEREBY GIVEN that Mark Steppan, AIA, CSI, NCARB claims a Mechanic's and Materialman's Lien upon the property hereinafter particularly described, which property is located in Washoe County, Nevada, and which claim is made pursuant to the laws of the State of Nevada, particularly Chapter 108 of the Nevada Revised Statutes, as amended, for the value of work, labor, materials and/or services furnished by lien claimant for the improvement of real property hereinafter particularly described, located in the County of Washoe, State of Nevada.

That the whole or real property hereinafter particularly described has been or is in the process of improvement and is reasonably necessary for the convenient use and occupation of said property.

Claimant further states:

- 1. That the name of the owner or reputed owner of the premises sought to be charged is as follows: 011-112-03; 011-112-07; 011-112-12 JOHN ILIESCU, JR., and SONNIA ILIESCU, as Trustees of the JOHN ILIESCU, JR., AND SONNIA ILIESCU 1992 FAMILY TRUST AGREEMENT; and 011-112-06 John Iliescu, a married man as his sole and separate property.
- 2. That the name of the person by whom lien claimant was employed and to whom lien claimant furnished work, labor, materials and/or services in connection with the project is: BSC Financial, LLC, c/o Consolidated Pacific Development, Inc., 932 Parker Street, Berkley, CA 94710; Job name: Residential Project, Reno, Nevada, Job Address: North Arlington Avenue, Island Avenue and Court Street; Owner's Designated Representative: Sam Caniglia.
- 3. That the terms, time given and conditions of the contract were: Payments on account of services rendered and for Reimbursable Expenses incurred shall be made monthly upon presentation of the Statement of services for the building, structure or other work of improvement located at North Arlington Avenue, Island Avenue and Court Street, Reno, Nevada. All services were to be invoiced based on work performed as reflected in applications for payment, no retainage to be withheld from monthly progress payments. All invoices are due in fifteen days.

- 4. That work, labor, materials and/or services have been furnished to and actually used upon the above-described project in the remaining amount of ONE MILLION SIX-HUNDRED THIRTY-NINE THOUSAND ONE-HUNDRED THIRTY AND NO/100 DOLLARS (\$1,639,130.00), reimbursable expenses of ONE-HUNDRED FIFTEEN THOUSAND THREE HUNDRED SIXTY-TWO AND NO/100 DOLLARS (\$115,362.00) plus interest through October 31, 2006 in the amount of TWENTY-NINE THOUSAND FIFTY-SIX DOLLARS AND 85/100 (\$29,056.85), continuing interest, attorney's fees and costs and the amount is now due and owing to lien claimant.
- 5. That the first labor and materials furnished by lien claimant to and incorporated in the project was on or about April 21, 2006 and that the last labor and materials furnished by lien claimant and incorporated in the project was within the past ninety days; that there are no other just credits or off-sets to be deducted and the total amount due and owing to lien claimant is the sum of ONE MILLION SEVEN-HUNDRED EIGHTY-THREE THOUSAND FIVE-HUNDRED FOURTY-EIGHT AND 85/100 DOLLARS (\$1,783,548.85), plus continuing interest, attorney's fees and costs.
- 6. That a demand for payment has been made by lien claimant and that no part or portion of the amount due and owing has been paid; that there are no further off-sets to the claim and that the sum of ONE MILLION SEVEN-HUNDRED EIGHTY-THREE THOUSAND FIVE-HUNDRED FOURTY-EIGHT AND 85/100 DOLLARS (\$1,783,548.85), plus continuing interest, attorney's fees and costs is now due and owing to lien claimant on account of the work, labor, materials and/or services furnished as above specified and that the undersigned claims a lien upon the real property particularly described herein for said sum, together with continuing interest and attorney's fees as provided by law.
- 7. That the real property sought to be charged with this Claim of Lien upon which the above described work of improvement has been made is located in Washoe County of State of Nevada, and is particularly described as:

Commencing at a point formed by the intersection of the East line of Flint Street (if protracted Northerly) with the North line of Court Street in the City of Reno; running thence Easterly, along the North line of Court Street, a distance of 100 feet, thence at a right angle Northerly, a distance of 140 feet to the true point of beginning; said true point of beginning being the Southeast corner of the parcel of land heretofore conveyed to Atha Carter by Antonieo Rebori and wife, by deed duly recorded in Book 64 of Deeds, Page 294, Washoe County Records: running thence Easterly, parallel with the North line of Court Street, a distance of 50 feet to the Southwest corner of the property formerly owned by H. Second Amended Notice and Claim of Lien

Pursuant to NRS 108.229(1), Mark B. Steppan hereby amends the Notice and Claim of Lien recorded November 7, 2006 as Document 3460499 in the Official Records of the Washoe County Recorder and the Amended Notice and Claim of Lien recorded May 3, 2007 as Document 3528313 in the Official Records of the Washoe County Recorder.

NOTICE IS HEREBY GIVEN that Mark B. Steppan ("Lien Claimant") claims a lien upon the property described in this notice for work, materials or equipment furnished or to be furnished for the improvement of the property, as follows:

1. The amount of the original contracts: Lien Claimant entered into several different contracts to provide services as an architect in relation to the improvement, property or work of improvement described below. NRS 108.2214(1).

A. Design Agreement Effective October 31, 2005, Lien Claimant entered into a Standard form of Agreement Between Owner and Architect based upon the AIA Document B141 – 1997 Part 1 and Part2 ("Design Agreement"). On April 21, 2006, the Owner and Lien-Claimant executed Addendum No. 1 Contractual Changes to AIA B141 Standard Agreement between Owner and Architect.

Parties to the Design Agreement agreed upon the material terms in October, 2005. While the formal Design Agreement was under legal review, the Owner directed the Lien Claimant to commence work. This work was billed on an hourly basis pursuant to a letter agreement dated November 5, 2005. After the Design Agreement was formalized, Lien Claimant changed the billing to reflect the fixed-fee in the Design Contract, and gave credit for payments previously received under the November 5, 2005 letter agreement.

The Design Agreement provides for a fixed fee computed by multiplying the anticipated construction cost (\$180 million) by 5.75 percent, for a total fee of \$10,350,000. The Design Agreement allocates this fee among various phases of the work covered by the Design Agreement. The Design Agreement allocates 20 percent of the overall fee to the Schematic Design phase. Lien Claimant completed the Schematic Design phase as defined in the Design Agreement. The Design Agreement also provides that any unpaid contract balance bears simple interest at the rate of one and one-half percent per month (or 18 percent per annum).

- B. <u>Reimbursable Items</u>. Under the Design Agreement, Lien Claimant was entitled to receive 115 percent of the Lien Claimant's actual cost for defined Reimbursable Expenses including fees paid to certain sub-consultants, including a landscape architect. Lien Claimant billed a total of \$35,585.27 for these Reimburseable Expenses.
- C. Adjacent Church Parking Studies. In relation to the property, on or about June 14, 2006, Lien Claimant entered into a separate letter agreement with BSC Financial, LLC to provide design services for a parking layout configurations and parking structure.
- D. <u>City Staff comment studies.</u> In relation to the property, Lien Claimant entered into a separate agreement with BSC Financial, LLC to provide design recommendations to respond to inquiries from the City of Reno staff regarding applications by BSC Financial, LLC and its affiliates, and the Property Owner. For this work, Lien Claimant was entitled to be paid hourly rates agreed between the parties. The work performed under this agreement was billed at \$36,555.
- E. <u>Project fly-through</u>. In relation to the property, Lien Claimant entered into a separate agreement with BSC Financial, LLC to create a computerized, three-dimensional model of downtown Reno with the proposed improvements, and to create and edit a video fly-through of downtown Reno with the improvements designed for the property. For this work, Lien Claimant was entitled to be paid hourly rates agreed between the parties. The work performed under this agreement was billed at \$66,620.
- F. Other agreements. Lien Claimant entered into separate agreements with BSC Financial, LLC in relation to the property. In order to simplify this Notice of Lien and the litigation to foreclose the lien, Lien Claimant does not claim that the amounts due under those other contracts are secured by this lien.

IN THE SECOND JUDICIAL DISTRICT COURT OF THE STATE OF NEVADA
IN AND FOR THE COUNTY OF WASHOE

JOHN ILIESCU JR., et al.,

MARK B. STEPPAN,

Plaintiffs,

Case No. CV07-00341

Dept. No. 6

Respondent.

.

AND ALL RELATED MATTERS.

<u>ORDER</u>

The action stems from a question of if the Applicants had knowledge the Respondent and his firm were performing architectural services for the benefit of the project in question. The Applicants ("Applicants" or "Iliescu") filed a motion for partial summary judgment on Mark Steppan's ("Respondent") claim for foreclosure of mechanic's lien. The Respondent opposed the motion and filed a cross motion for partial summary judgment to foreclose on the mechanic's lien.

The Applicants argue that they were never served with notice of right to lien as required under NRS 108.245(1). They further argue the Applicants did not have actual notice of construction on the project or of the identify of the Respondent. *Fondren v. K/L Complex Ltd.*, 106 Nev. 75, 800 P.2d 719 (1990).

"

The Respondent argues that Iliescu did have actual notice from the land sale agreement that the buyer would be hiring several design professionals, including architects. Iliescu was also made aware at the public meetings that the Respondent was the architect for this project. Since the Applicants knew that the construction project was underway, they should have filed a notice of non-responsibility as required under NRS 108.234. See *Fondren supra* at 721. The Respondent also alleges that the Applicants' counsel reviewed the contract on the project and therefore had knowledge of the architect's identity and this knowledge is imputed to the Applicants. *Lange v. Hickman*, 92 Nev. 41, 544 P.2d 1208 (1976).

The Applicants respond that the Respondent did not even attempt to comply with the statutory requirements which results in a lack of substantial compliance. Las Vegas Convention & Visitors Auth. v. Miller, 124 Nev. Adv. Rep.62, 191 P.3d 1138 (2008). The Applicants further argue that there has been no evidence to prove that Iliescu has actual knowledge of the Respondent's architectural services. Iliescu also argues that there is a question whether Iliescu's prior counsel had Respondent's information in mind when it was acting on Iliescu's behalf.

"Summary judgment is appropriate under NRCP 56 when the pleadings, depositions, answers to interrogatories, admissions, and affidavits, if any, that are properly before the court demonstrate that no genuine issue of material fact exists, and the moving party is entitled to judgment as a matter of law." *Wood v. Safeway, Inc.*, 121 P.3d 1026, 1031 (Nev. 2005).

"A factual dispute is genuine when the evidence is such that a rational trier of fact could return a verdict for the nonmoving party." *Id*.

The Applicants, specifically Iliescu, viewed the architectural drawings as well as attended meetings where the design team presented the drawings. The Court finds even though Iliescu alleges he did not know the identity of the architects who were working on the project, he had actual knowledge that the Respondent and his firm were performing architectural services on the project.

Accordingly, the motion for partial summary judgment is denied. The cross motion for summary judgment is granted.

MARK B. STEPPAN,

VS.

Defendant.

AND RELATED MATTERS.

ORDER GRANTING MOTION FOR PARTIAL SUMMARY JUDGMENT

Presently before the Court is a Motion For Partial Summary Judgment filed by Defendant MARK B. STEPPAN (hereinafter "Defendant") on October 21, 2011. On February 11, 2013, Plaintiffs JOHN ILIESCU, JR. AND SONNIA ILIESCU, AS TRUSTEES OF THE JOHN ILIESCU, JR. AND SONNIA ILIESCU 1992 FAMILY TRUST AGREEMENT AND JOHN ILIESCU, INDIVIDUALLY (hereinafter "Plaintiff") filed an Opposition To Motion For Partial Summary Judgment. On February 21, 2013, Defendant filed a Reply In Support Of Motion For

Partial Summary Judgment. On April 2, 2013, Defendant filed a Request For Submission, thereby submitting the matter for the Court's consideration.

Summary judgment should be granted only when, based upon the pleadings and discovery on file, no genuine issue of material fact exists for trial and the moving party is entitled to judgment as a matter of law. NRCP 56(c). A genuine issue of material fact exists when a reasonable jury could return a verdict in favor of the nonmoving party. *Kopicko v. Young*, 114 Nev. 1333, 1336, 971 P.2d 789, 790 (1998). Summary judgment is properly regarded not as a disfavored procedural shortcut, but rather as an integral part of civil procedure as a whole. *Celotex Corp. v. Catrett*, 477 U.S. 317, 327 (1986).

The evidence and any reasonable inferences drawn from it must be viewed in a light most favorable to the nonmoving party. *Lipps v. S. Nev. Paving*, 116 Nev. 497, 498, 998 P.2d 1183, 1184 (2000). However, the nonmoving party may not avoid summary judgment by relying "on the gossamer threads of whimsy, speculation, and conjecture." *Pegasus v. Reno Newspapers, Inc.*, 118 Nev. 706, 713-14, 57 P.3d 82, 87 (2002) (quoting *Collins v. Union Fed. Sav. & Loan*, 99 Nev. 284, 302, 662 P.2d 610, 621 (1983). The nonmoving party must, by affidavit or otherwise, set forth specific facts demonstrating the existence of a genuine issue for trial. *Pegasus*, 118 Nev. at 713, 57 P.3d at 87.

After reviewing the facts of this case, and based upon the evidence available for trial, the Court believes that partial summary judgment is appropriate. Plaintiff has failed to demonstrate to the Court the existence of any genuine issue of material fact. On June 22, 2009, the Honorable Brent Adams entered an Order denying Plaintiff's Motion For Partial Summary Judgment. In that Motion, Plaintiff argued that they were never served with notice of right to lien as required under NRS 108.245(1). They also argued that they did not have actual notice of construction on the project or of the identity of the Respondent. The Court in that case found that even though Plaintiff alleged they did not know the identity of the architects who were working on the project, they had actual knowledge that Defendant and his firm was performing architectural services on the project.

In this case, Defendant moves for partial summary judgment stating that where, as here, the Lien Claimant's compensation is fixed by an express contract, the lien secures the amount specified

in the contract. NRS 108.222(1)(a). Defendant further asserts that as a matter of law, the secured amount is not equal to either a subjective value to the landowner or a hypothetical market value for services rendered.

This Court agrees with Defendant, that as a matter of law, the mechanic's lien secures the fixed fee specified in Lien Claimant's written contract.

NOW, THEREFORE, IT IS HEREBY ORDERED that Defendant's Motion For Partial Summary Judgment is GRANTED.

DATED this ____ day of May 2013.

- 15 days after receipt of a written request, information necessary and relevant for the Architect to evaluate, give notice of or enforce lien rights.
- § 1.2.2.2 The Owner shall periodically update the budget for the Project, including that portion allocated for the Cost of the Work. The Owner shall not significantly increase or decrease the overall budget, the portion of the budget allocated for the Cost of the Work, or contingencies included in the overall budget or a portion of the budget, without the agreement of the Architect to a corresponding change in the Project scope and quality.
- § 1.2.2.3 The Owner's Designated Representative identified in Section 1.1.3 shall be authorized to act on the Owner's behalf with respect to the Project. The Owner or the Owner's Designated Representative shall render decisions in a timely manner pertaining to documents submitted by the Architect in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services.
- § 1.2.2.4 The Owner shall furnish the services of consultants other than those designated in Section 1.1.3 or authorize the Architect to furnish them as a Change in Services when such services are requested by the Architect and are reasonably required by the scope of the Project.
- § 1.2.2.5 Unless otherwise provided in this Agreement, the Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.
- § 1.2.2.6 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.
- § 1.2.2.7 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including any errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 1.2.3 ARCHITECT

- § 1.2.3.1 The services performed by the Architect, Architect's employees and Architect's consultants shall be as enumerated in Article 1.4.
- § 1.2.3.2 The Architect's services shall be performed as expeditiously as is consistent with professional skill and care and the orderly progress of the Project. The Architect shall submit for the Owner's approval a schedule for the performance of the Architect's services which initially shall be consistent with the time periods established in Section 1.1.2.6 and which shall be adjusted, if necessary, as the Project proceeds. This schedule shall include allowances for periods of time required for the Owner's review, for the performance of the Owner's consultants, and for approval of submissions by authorities having jurisdiction over the Project. Time limits established by this schedule approved by the Owner shall not, except for reasonable cause, be exceeded by the Architect or Owner.
- § 1.2.3.3 The Architect's Designated Representative identified in Section 1.1.3 shall be authorized to act on the Architect's behalf with respect to the Project.
- § 1.2.3.4 The Architect shall maintain the confidentiality of information specifically designated as confidential by the Owner, unless withholding such information would violate the law, create the risk of significant harm to the public or prevent the Architect from establishing a claim or defense in an adjudicatory proceeding. The Architect shall require of the Architect's consultants similar agreements to maintain the confidentiality of information specifically designated as confidential by the Owner.
- § 1.2.3.5 Except with the Owner's knowledge and consent, the Architect shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Architect's professional judgment with respect to this Project.
- § 1.2.3.6 The Architect shall review laws, codes, and regulations applicable to the Architect's services. The Architect shall respond in the design of the Project to requirements imposed by governmental authorities having jurisdiction over the Project.

§ 1.2.3.7 The Architect shall be entitled to rely on the accuracy and completeness of services and information furnished by the Owner. The Architect shall provide prompt written notice to the Owner if the Architect becomes aware of any errors, omissions or inconsistencies in such services or information.

ARTICLE 1.3 TERMS AND CONDITIONS

§ 1.3.1 COST OF THE WORK

§ 1.3.1.1 The Cost of the Work shall be the total cost or, to the extent the Project is not completed, the estimated cost to the Owner of all elements of the Project designed or specified by the Architect.

§ 1.3.1.2 The Cost of the Work shall include the cost at current market rates of labor and materials furnished by the Owner and equipment designed, specified, selected or specially provided for by the Architect, including the costs of management or supervision of construction or installation provided by a separate construction manager or contractor, plus a reasonable allowance for their overhead and profit. In addition, a reasonable allowance for contingencies shall be included for market conditions at the time of bidding and for changes in the Work.

§ 1.3.1.3 The Cost of the Work does not include the compensation of the Architect and the Architect's consultants, the costs of the land, rights-of-way and financing or other costs that are the responsibility of the Owner.

§ 1.3.2 INSTRUMENTS OF SERVICE

§ 1.3.2.1 Drawings, specifications and other documents, including those in electronic form, prepared by the Architect and the Architect's consultants are Instruments of Service for use solely with respect to this Project. The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service and shall retain all common law, statutory and other reserved rights, including copyrights.

§ 1.3.2.2 Upon execution of this Agreement, the Architect grants to the Owner a nonexclusive license to reproduce the Architect's Instruments of Service solely for purposes of constructing, using and maintaining the Project, provided that the Owner shall comply with all obligations, including prompt payment of all sums when due, under this Agreement. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. Any termination of this Agreement prior to completion of the Project shall terminate this license. Upon such termination, the Owner shall refrain from making further reproductions of Instruments of Service and shall return to the Architect within seven days of termination all originals and reproductions in the Owner's possession or control. If and upon the date the Architect is adjudged in default of this Agreement, the foregoing license shall be deemed terminated and replaced by a second, nonexclusive license permitting the Owner to authorize other similarly credentialed design professionals to reproduce and, where permitted by law, to make changes, corrections or additions to the Instruments of Service solely for purposes of completing, using and maintaining the Project.

§ 1.3.2.3 Except for the licenses granted in Section 1.3.2.2, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. However, the Owner shall be permitted to authorize the Contractor, Subcontractors, Sub-subcontractors and material or equipment suppliers to reproduce applicable portions of the Instruments of Service appropriate to and for use in their execution of the Work by license granted in Section 1.3.2.2. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants. The Owner shall not use the Instruments of Service for future additions or alterations to this Project or for other projects, unless the Owner obtains the prior written agreement of the Architect and the Architect's consultants. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.

§ 1.3.2.4 Prior to the Architect providing to the Owner any Instruments of Service in electronic form or the Owner providing to the Architect any electronic data for incorporation into the Instruments of Service, the Owner and the Architect shall by separate written agreement set forth the specific conditions governing the format of such Instruments of Service or electronic data, including any special limitations or licenses not otherwise provided in this Agreement.

§ 1.3.3 CHANGE IN SERVICES

§ 1.3.3.1 Change in Services of the Architect, including services required of the Architect's consultants, may be accomplished after execution of this Agreement, without invalidating the Agreement, if mutually agreed in writing, if required by circumstances beyond the Architect's control, or if the Architect's services are affected as described in Section 1.3.3.2. In the absence of mutual agreement in writing, the Architect shall notify the Owner prior to providing such services. If the Owner deems that all or a part of such Change in Services is not required, the Owner shall give prompt written notice to the Architect, and the Architect shall have no obligation to provide those services. Except for a change due to the fault of the Architect, Change in Services of the Architect shall entitle the Architect to an adjustment in compensation pursuant to Section 1.5.2, and to any Reimbursable Expenses described in Section 1.3.9.2 and Section 1.5.5.

§ 1.3.3.2 If any of the following circumstances affect the Architect's services for the Project, the Architect shall be entitled to an appropriate adjustment in the Architect's schedule and compensation:

- change in the instructions or approvals given by the Owner that necessitate revisions in Instruments of Service;
- 2 enactment or revision of codes, laws or regulations or official interpretations which necessitate changes to previously prepared Instruments of Service;
- .3 decisions of the Owner not rendered in a timely manner;
- significant change in the Project including, but not limited to, size, quality, complexity, the Owner's schedule or budget, or procurement method;
- .5 failure of performance on the part of the Owner or the Owner's consultants or contractors;
- preparation for and attendance at a public hearing, a dispute resolution proceeding or a legal proceeding except where the Architect is party thereto;
- .7 change in the information contained in Article 1.1.

§ 1.3.4 MEDIATION

§ 1.3.4.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to arbitration or the institution of legal or equitable proceedings by either party. If such matter relates to or is the subject of a lien arising out of the Architect's services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by arbitration.

§ 1.3.4.2 The Owner and Architect shall endeavor to resolve claims, disputes and other matters in question between them by mediation which, unless the parties mutually agree otherwise, shall be in accordance with the Construction Industry Mediation Rules of the American Arbitration Association currently in effect. Request for mediation shall be filed in writing with the other party to this Agreement and with the American Arbitration Association. The request may be made concurrently with the filing of a demand for arbitration but, in such event, mediation shall proceed in advance of arbitration or legal or equitable proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order.

§ 1.3.4.3 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 1.3.5 ARBITRATION

§ 1.3.5.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to arbitration. Prior to arbitration, the parties shall endeavor to resolve disputes by mediation in accordance with Section 1.3.4.

§ 1.3.5.2 Claims, disputes and other matters in question between the parties that are not resolved by mediation shall be decided by arbitration which, unless the parties mutually agree otherwise, shall be in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association currently in effect. The demand for arbitration shall be filed in writing with the other party to this Agreement and with the American Arbitration Association.

- \S 1.3.5.3 A demand for arbitration shall be made within a reasonable time after the claim, dispute or other matter in question has arisen. In no event shall the demand for arbitration be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable statute of limitations.
- § 1.3.5.4 No arbitration arising out of or relating to this Agreement shall include, by consolidation or joinder or in any other manner, an additional person or entity not a party to this Agreement, except by written consent containing a specific reference to this Agreement and signed by the Owner, Architect, and any other person or entity sought to be joined. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent or with a person or entity not named or described therein. The foregoing agreement to arbitrate and other agreements to arbitrate with an additional person or entity duly consented to by parties to this Agreement shall be specifically enforceable in accordance with applicable law in any court having jurisdiction thereof.
- § 1.3.5.5 The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

§ 1.3.6 CLAIMS FOR CONSEQUENTIAL DAMAGES

The Architect and the Owner waive consequential damages for claims, disputes or other matters in question arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination in accordance with Section 1.3.8.

§ 1.3.7 MISCELLANEOUS PROVISIONS

- § 1.3.7.1 This Agreement shall be governed by the law of the principal place of business of the Architect, unless otherwise provided in Section 1.4.2.
- § 1.3.7.2 Terms in this Agreement shall have the same meaning as those in the edition of AIA Document A201, General Conditions of the Contract for Construction, current as of the date of this Agreement.
- § 1.3.7.3 Causes of action between the parties to this Agreement pertaining to acts or failures to act shall be deemed to have accrued and the applicable statutes of limitations shall commence to run not later than either the date of Substantial Completion for acts or failures to act occurring prior to Substantial Completion or the date of issuance of the final Certificate for Payment for acts or failures to act occurring after Substantial Completion. In no event shall such statutes of limitations commence to run any later than the date when the Architect's services are substantially completed.
- § 1.3.7.4 To the extent damages are covered by property insurance during construction, the Owner and the Architect waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in the edition of AIA Document A201, General Conditions of the Contract for Construction, current as of the date of this Agreement. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents and employees of any of them similar waivers in favor of the other parties enumerated herein.
- § 1.3.7.5 Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the Owner or Architect.
- § 1.3.7.6 Unless otherwise provided in this Agreement, the Architect and Architect's consultants shall have no responsibility for the discovery, presence, handling, removal or disposal of or exposure of persons to hazardous materials or toxic substances in any form at the Project site.
- § 1.3.7.7 The Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. The Architect shall be given reasonable access to the completed Project to make such representations. However, the Architect's materials shall not include the Owner's confidential or proprietary information if the Owner has previously advised the Architect in writing of the specific information considered by the Owner to be confidential or proprietary. The Owner shall provide professional credit for the Architect in the Owner's promotional materials for the Project.

- § 1.3.7.8 If the Owner requests the Architect to execute certificates, the proposed language of such certificates shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. The Architect shall not be required to execute certificates that would require knowledge, services or responsibilities beyond the scope of this Agreement.
- § 1.3.7.9 The Owner and Architect, respectively, bind themselves, their partners, successors, assigns and legal representatives to the other party to this Agreement and to the partners, successors, assigns and legal representatives of such other party with respect to all covenants of this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to an institutional lender providing financing for the Project. In such event, the lender shall assume the Owner's rights and obligations under this Agreement. The Architect shall execute all consents reasonably required to facilitate such assignment.

§ 1.3.8 TERMINATION OR SUSPENSION

- § 1.3.8.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, prior to suspension of services, the Architect shall give seven days' written notice to the Owner. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Architect shall be paid all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.
- § 1.3.8.2 If the Project is suspended by the Owner for more than 30 consecutive days, the Architect shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Architect shall be compensated for expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.
- § 1.3.8.3 If the Project is suspended or the Architect's services are suspended for more than 90 consecutive days, the Architect may terminate this Agreement by giving not less than seven days' written notice.
- § 1.3.8.4 This Agreement may be terminated by either party upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.
- § 1.3.8.5 This Agreement may be terminated by the Owner upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause.
- § 1.3.8.6 In the event of termination not the fault of the Architect, the Architect shall be compensated for services performed prior to termination, together with Reimbursable Expenses then due and all Termination Expenses as defined in Section 1.3.8.7.
- § 1.3.8.7 Termination Expenses are in addition to compensation for the services of the Agreement and include expenses directly attributable to termination for which the Architect is not otherwise compensated, plus an amount for the Architect's anticipated profit on the value of the services not performed by the Architect.

§ 1.3.9 PAYMENTS TO THE ARCHITECT

- § 1.3.9.1 Payments on account of services rendered and for Reimbursable Expenses incurred shall be made monthly upon presentation of the Architect's statement of services. No deductions shall be made from the Architect's compensation on account of penalty, liquidated damages or other sums withheld from payments to contractors, or on account of the cost of changes in the Work other than those for which the Architect has been adjudged to be liable.
- § 1.3.9.2 Reimbursable Expenses are in addition to compensation for the Architect's services and include expenses incurred by the Architect and Architect's employees and consultants directly related to the Project, as identified in the following Clauses:

amount under the original estimated Total Construction Cost of approximately \$160,000,000 shall be credited for architectural services based on the agreed upon 5.75% fee. Total Construction Cost is defined but not limited to the final total dollar amount cost for Labor and Materials, Additions to project building scope, Value Additions, Substitutions, Changes, General Conditions, Contractor Insurance and Bonding Provisions, Tests and Inspection Costs and General Contractor's Profit or Fee.

§ 1.5.2 If the services of the Architect are changed as described in Section 1.3.3.1, the Architect's compensation shall be adjusted. Such adjustment shall be calculated as described below or, if no method of adjustment is indicated in this Section 1.5.2, in an equitable manner.

(Insert basis of compensation, including rates and multiples of Direct Personnel Expense for Principals and employees, and identify Principals and classify employees, if required. Identify specific services to which particular methods of compensation apply.)

See Exhibit A

- § 1.5.3 For a Change in Services of the Architect's consultants, compensation shall be computed as a multiple of One and fifteen hundredths (1.15) times the amounts billed to the Architect for such services.
- § 1.5.4 For Reimbursable Expenses as described in Section 1.3.9.2, and any other items included in Section 1.5.5 as Reimbursable Expenses, the compensation shall be computed as a multiple of One and fifteen hundredths (1.15) times the expenses incurred by the Architect, and the Architect's employees and consultants.
- § 1.5.5 Other Reimbursable Expenses, if any, are as follows:

See Exhibit A

- § 1.5.6 The rates and multiples for services of the Architect and the Architect's consultants as set forth in this Agreement shall be adjusted in accordance with their normal salary review practices.
- § 1.5.7 An initial payment of Zero Dollars and Zero Cents (\$ 0.00) shall be made upon execution of this Agreement and is the minimum payment under this Agreement. It shall be credited to the Owner's account at final payment. Subsequent payments for services shall be made monthly, and where applicable, shall be in proportion to services performed on the basis set forth in this Agreement.
- § 1.5.8 Payments are due and payable Fifteen (15) days from the date of the Architect's invoice. Amounts unpaid Thirty (30) days after the invoice date shall bear interest at the rate entered below, or in the absence thereof at the legal rate prevailing from time to time at the principal place of business of the Architect. (Insert rate of interest agreed upon.)

I & 1/2% monthly

(Usury laws and requirements under the Federal Truth in Lending Act, similar state and local consumer credit laws and other regulations at the Owner's and Architect's principal places of business, the location of the Project and elsewhere may affect the validity of this provision. Specific legal advice should be obtained with respect to deletions or modifications, and also regarding requirements such as written disclosures or waivers.)

§ 1.5.9 If the services covered by this Agreement have not been completed within Thirty-two (32) months of the date hereof, through no fault of the Architect, extension of the Architect's services beyond that time shall be compensated as provided in Section 1.5.2.

This Agreement entered into as of the day and year first written above.

Addendum: No.1 Contractual Changes to AIA B141 Standard Agreement between Owner and Architect.

AIA Contract Review between BSC Financial, LLC and Mark B. Steppan, AIA and Fisher Friedman Associates, Design Consultants

The following Addendum has been assembled to provide clarification of specific contractual items as specified in the attached standard AIA agreement. Terms and conditions provided herein shall be accepted as the substitution or in addition to and shall be in effect, and shall take precedence over items as specified in the attached standard AIA agreement.

Both parties are aware of this Contract Addendum and do hereby elect and agree to said terms and conditions as stated below.

- ss.1.1.2.1 The project is to create an urban mixed use high rise residential development with approximately 499 living units for BSC Financial, LLC.
- ss. 1.1.2.3 To obtain entitlements and approvals for the property and proposed buildings as shown in exhibit B as attached to the AIA B141 agreement as part of the design services in the Schematic Design/Entitlements Phase.
- ss. 1.1.2.5.2 Replace' \$160,000,000' with approximately '\$180,000,000'.
- ss. 1.3.2.2 Replace text to read beginning with the sentence 'If and upon' as follows:

If and upon the date the Architect is adjudged in default of this Agreement, or upon any default by the Architect, the foregoing license shall be deemed terminated and replaced by a second, nonexclusive license, including Architects consent, permitting the Owner to authorize other similarly credentialed design professionals to reproduce and, where permitted by law, to make changes, corrections or additions to the Instruments of Service solely for purposes of completing, using and maintaining the Project.

Either party to this agreement shall be deemed in default if: (a) Either party fails to keep or perform any of the terms, obligations covenants, agreements or conditions contained herein, and such default continues of a period to thirty (30) days after notice by either party or beyond the time reasonably necessary for cure if such default is of a nature to require in excess of thirty (30) days to remedy; (b) Either party shall become bankrupt or insolvent or make a transfer in defraud of creditors, or make an assignment for the benefit of creditors, or be the subject of any proceedings of any kind under any provisions of the Federal Bankruptcy Act or under

any other insolvency, bankruptcy or reorganization act; or (c) a receiver is appointed for a substantial part of the assets of either party.

- ss. 1.3.5.4 See the language at ss. 4.6.4 of AIA Form 201.
- ss. 1.3.7.1 This agreement shall be governed by the State of Nevada, without regards to the conflicts of state of operation of the principal architect or it's consultants.
- ss. 1.3.7.6 Unless otherwise provided in this agreement, the architect and the architect's consultants shall have no responsibility for the discovery, presence, handling, removal or disposal of or the exposure of persons to hazardous materials or toxic substances in any form at the project site, unless the architect or the architect's consultants specify the use of hazardous materials, that cause the creation of said instance and can be directly attributed to the architect or it's consultants.
- Ss. 1.3.7.9 The owner and architect, respectively, bind themselves, their partners, successors, assigns and legal representatives to the other party to this agreement their partners, successors, assigns and legal representatives of such other party with respect to all covenants of this agreement. The Architect and the Owner shall not assign this agreement without the written consent of the other party, or assignment thereof shall be void. The owner may assign this agreement to any party, provided that such assignment shall not materially prejudice the Architect and also with the written consent of the Architect. The architect shall execute all consents reasonably required to facilitate such assignment.
- ss. 1.5 Section 1.5 The abbreviated terms used in the first paragraph are as follows:
 - ☐ Schematic Design (Includes City of Reno Entitlements Process)
 - ☐ Design Development
 - ☐ Construction Documents
 - ☐ Construction Administration

The definitions can be found in the American Institute of Architect's Handbook of Professional Practice, Volume 2, Sections 3.6 Design Services, 3.7 Design Parameters, 3.8 Design Documentation, and 3.9 Construction Related Services. Copies of these sections shall be provided upon request.

ss. 1.5.1 Replace' \$160,000,000' with approximately '\$180,000,000'.

ss. 1.5.1

All existing text in this section shall remain with the addition of the following:

In the event that the Owner chooses not to proceed with construction of the project, the fees associated with retaining said entitlements will be paid as incurred in the due course of the project and will be applied to aforementioned budgets as defined in the architects scope of work and estimated value.

- The extent of the work as defined by this agreement is estimated at thirty two months (32) from the effective date of this agreement. If through no fault of either party, the time frame is extended beyond the 32 months, then neither party Owner nor Architect, shall be held liable for additional sums or compensation. The architectural work product as defined to obtain the required entitlements and the respective budgets will remain as fact without respect to an estimated time line.
- All existing text in this section shall remain with the addition of the following:

 In this case, normal structural, mechanical and electrical services mean that the consultants are contracted to the Architect and no extravagant systems are required by the Owner which would trigger an increase in consultants fees as well as Architects.

 Currently the MEP work will be done as a modified design build process.

MODIFICATIONS

§ 2.1.1 The Architect shall manage the Architect's services and administer the Project. The Architect shall consult with the Owner, research applicable design criteria, attend Project meetings, communicate with members of the Project team and issue progress reports. The Architect shall coordinate the services provided by the Architect and the Architect's consultants with those services provided by the Owner and the Owner's consultants.

§ 2.1.2 When Project requirements have been sufficiently identified, the Architect shall prepare, and periodically update, a Project schedule that shall identify milestone dates for decisions required of the Owner, design services furnished by the Architect, completion of documentation provided by the Architect, commencement of construction and Substantial Completion of the Work.

§ 2.1.3 The Architect shall consider the value of alternative materials, building systems and equipment, together with other considerations based on program, budget and aesthetics in developing the design for the Project.

§ 2.1.4 Upon request of the Owner, the Architect shall make a presentation to explain the design of the Project to representatives of the Owner.

§ 2.1.5 The Architect shall submit design documents to the Owner at intervals appropriate to the design process for purposes of evaluation and approval by the Owner. The Architect shall be entitled to rely on approvals received from the Owner in the further development of the design.

§ 2.1.6 The Architect shall assist the Owner in connection with the Owner's responsibility for filing documents required for the approval of governmental authorities having jurisdiction over the Project.

§ 2.1.7 EVALUATION OF BUDGET AND COST OF THE WORK

§ 2.1.7.1 The Owner or Contractor shall provide cost planning, estimating and construction schedule information during the design and construction of the project.

ARTICLE 2.3 EVALUATION AND PLANNING SERVICES

§ 2.3.1 The Architect shall provide a preliminary evaluation of the information furnished by the Owner under this Agreement, including the Owner's program and schedule requirements and budget for the Cost of the Work, each in terms of the other. The Architect shall review such information to ascertain that it is consistent with the requirements of the Project and shall notify the Owner of any other information or consultant services that may be reasonably needed for the Project.

§ 2.3.2 The Architect shall provide a preliminary evaluation of the Owner's site for the Project based on the information provided by the Owner of site conditions, and the Owner's program, schedule and budget for the Cost of the Work.

§ 2.3.3 The Architect shall review the Owner's proposed method of contracting for construction services and shall notify the Owner of anticipated impacts that such method may have on the Owner's program, financial and time requirements, and the scope of the Project.

ARTICLE 2.4 DESIGN SERVICES

§ 2.4.1 The Architect's design services shall include normal structural, mechanical and electrical engineering services. See Article 1.1.3.5 for additional consultants.

§ 2.4.2 SCHEMATIC DESIGN DOCUMENTS

§ 2.4.2.1 The Architect shall provide Schematic Design Documents based on the mutually agreed-upon program, schedule, and budget for the Cost of the Work. The documents shall establish the conceptual design of the Project illustrating the scale and relationship of the Project components. The Schematic Design Documents shall include a conceptual site plan, if appropriate, and preliminary building plans, sections and elevations. At the Architect's option, the Schematic Design Documents may include study models, perspective sketches, electronic modeling or combinations of these media. Preliminary selections of major building systems and construction materials shall be noted on the drawings or described in writing.

§ 2.4.3 DESIGN DEVELOPMENT DOCUMENTS

§ 2.4.3.1 The Architect shall provide Design Development Documents based on the approved Schematic Design Documents and updated budget for the Cost of the Work. The Design Development Documents shall illustrate and describe the refinement of the design of the Project, establishing the scope, relationships, forms, size and appearance of the Project by means of plans, sections and elevations, typical construction details, and equipment layouts. The Design Development Documents shall include specifications that identify major materials and systems and establish in general their quality levels.

§ 2.4.4 CONSTRUCTION DOCUMENTS

§ 2.4.4.1 The Architect shall provide Construction Documents based on the approved Design Development Documents and updated budget for the Cost of the Work. The Construction Documents shall set forth in detail the requirements for construction of the Project. The Construction Documents shall include Drawings and Specifications that establish in detail the quality levels of materials and systems required for the Project.

§ 2.4.4.2 During the development of the Construction Documents, the Architect shall assist the Owner in the development and preparation of: (1) bidding and procurement information which describes the time, place and conditions of bidding; bidding or proposal forms; and the form of agreement between the Owner and the Contractor; and (2) the Conditions of the Contract for Construction (General, Supplementary and other Conditions). The Architect also shall compile the Project Manual that includes the Conditions of the Contract for Construction and Specifications and may include bidding requirements and sample forms.

ARTICLE 2.5 CONSTRUCTION PROCUREMENT SERVICES

§ 2.5.1 The Architect shall assist the Owner in obtaining either competitive bids or negotiated proposals and shall assist the Owner in awarding and preparing contracts for construction.

§ 2.5.4 COMPETITIVE BIDDING

§ 2.5.4.1 Bidding Documents shall consist of bidding requirements, proposed contract forms, General Conditions and Supplementary Conditions, Specifications and Drawings.

(Paragraph deleted)

§ 2.5.5 NEGOTIATED PROPOSALS

§ 2.5.5.1 Proposal Documents shall consist of proposal requirements, proposed contract forms, General Conditions and Supplementary Conditions, Specifications and Drawings.

§ 2.5.5.2 If requested by the Owner, the Architect shall arrange for procuring the reproduction of Proposal Documents for distribution to prospective contractors. The Owner shall pay directly for the cost of reproduction or shall reimburse the Architect for such expenses.

(Paragraph deleted)

ARTICLE 2.6 CONTRACT ADMINISTRATION SERVICES § 2.6.1 GENERAL ADMINISTRATION

§ 2.6.1.1 The Architect shall provide administration of the Contract between the Owner and the Contractor as set forth below and in the edition of AIA Document A201, General Conditions of the Contract for Construction, current as of the date of this Agreement. Modifications made to the General Conditions, when adopted as part of the Contract Documents, shall be enforceable under this Agreement only to the extent that they are consistent with this Agreement or approved in writing by the Architect.

§ 2.6.1.2 The Architect's responsibility to provide the Contract Administration Services under this Agreement commences with the award of the initial Contract for Construction and terminates at the issuance to the Owner of the final Certificate for Payment. However, the Architect shall be entitled to a Change in Services in accordance with Section 2.8.2 when Contract Administration Services extend 60 days after the date of Substantial Completion of the Work.

§ 2.6.1.3 The Architect shall be a representative of and shall advise and consult with the Owner during the provision of the Contract Administration Services. The Architect shall have authority to act on behalf of the Owner only to the extent provided in this Agreement unless otherwise modified by written amendment.

§ 2.6.1.4 Duties, responsibilities and limitations of authority of the Architect under this Article 2.6 shall not be restricted, modified or extended without written agreement of the Owner and Architect with consent of the Contractor, which consent will not be unreasonably withheld.

§ 2.6.1.5 The Architect shall review properly prepared, timely requests by the Contractor for additional information about the Contract Documents. A properly prepared request for additional information about the Contract Documents shall be in a form prepared or approved by the Architect and shall include a detailed written statement that indicates the specific Drawings or Specifications in need of clarification and the nature of the clarification requested.

§ 2.6.1.6 If deemed appropriate by the Architect, the Architect shall on the Owner's behalf prepare, reproduce and distribute supplemental Drawings and Specifications in response to requests for information by the Contractor.

§ 2.6.1.7 The Architect shall interpret and recommend matters concerning performance of the Owner and Contractor under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The

Architect's response to such requests shall be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 2.6.1.8 Interpretations and decisions of the Architect shall be consistent with the intent of and reasonably inferable from the Contract Documents and shall be in writing or in the form of drawings. When making such interpretations and initial decisions, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for the results of interpretations or decisions so rendered in good faith.

§ 2.6.1.9 The Architect shall render initial decisions on claims, disputes or other matters in question between the Owner and Contractor as provided in the Contract Documents. However, the Architect's decisions on matters relating to aesthetic effect shall be final if consistent with the intent expressed in the Contract Documents.

§ 2.6.2 EVALUATIONS OF THE WORK

§ 2.6.2.1 The Architect, as a representative of the Owner, shall visit the site at intervals appropriate to the stage of the Contractor's operations, or as otherwise agreed by the Owner and the Architect in Article 2.8, (1) to become generally familiar with and to keep the Owner informed about the progress and quality of the portion of the Work completed, (2) to endeavor to guard the Owner against defects and deficiencies in the Work, and (3) to determine in general if the Work is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect shall neither have control over or charge of, nor be responsible for, the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract Documents.

§ 2.6.2.2 The Architect shall report to the Owner known deviations from the Contract Documents and from the most recent construction schedule submitted by the Contractor. However, the Architect shall not be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect shall be responsible for the Architect's negligent acts or omissions, but shall not have control over or charge of and shall not be responsible for acts or omissions of the Contractor, Subcontractors, or their agents or employees, or of any other persons or entities performing portions of the Work.

§ 2.6.2.3 The Architect shall at all times have access to the Work wherever it is in preparation or progress.

§ 2.6.2.4 Except as otherwise provided in this Agreement or when direct communications have been specially authorized, the Owner shall endeavor to communicate with the Contractor through the Architect about matters arising out of or relating to the Contract Documents. Communications by and with the Architect's consultants shall be through the Architect.

§ 2.6.2.5 The Architect shall recommend to the owner the rejection of any Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect shall recommend to the owner the inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not such Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, material and equipment suppliers, their agents or employees or other persons or entities performing portions of the Work. The Architect retains the right to immediately reject and halt any Work that is deemed to be hazardous, in violation of code, or otherwise involving a health or safety issue that jeopardizes workers or the public at large.

§ 2.6.3 CERTIFICATION OF PAYMENTS TO CONTRACTOR

§ 2.6.3.1 The Architect shall review and recommend the amounts due the Contractor and shall issue Certificates for Payment in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 2.6.2 and on the data comprising the Contractor's Application for Payment, that the Work has progressed to the point indicated and that, to the best of the Architect's knowledge, information and belief, the quality of the Work is in accordance with the Contract Documents. The foregoing representations are subject (1) to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, (2) to results of subsequent tests and inspections, (3) to

correction of minor deviations from the Contract Documents prior to completion, and (4) to specific qualifications expressed by the Architect.

§ 2.6.3.2 The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and material suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 2.6.3.3 The Architect shall maintain a record of the Contractor's Applications for Payment.

§ 2.6.4 SUBMITTALS

§ 2.6.4.1 The Architect shall review and approve or take other appropriate action upon the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect's action shall be taken with such reasonable promptness as to cause no delay in the Work or in the activities of the Owner, Contractor or separate contractors, while allowing sufficient time in the Architect's professional judgment to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the Architect, of any construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 2.6.4.2 The Architect shall maintain a record of submittals and copies of submittals supplied by the Contractor in accordance with the requirements of the Contract Documents.

§ 2.6.4.3 If professional design services or certifications by a design professional related to systems, materials or equipment are specifically required of the Contractor by the Contract Documents, the Architect shall specify appropriate performance and design criteria that such services must satisfy. Shop Drawings and other submittals related to the Work designed or certified by the design professional retained by the Contractor shall bear such professional's written approval when submitted to the Architect. The Architect shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications or approvals performed by such design professionals.

§ 2.6.5 CHANGES IN THE WORK

§ 2.6.5.1 The Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents. The Architect may authorize minor changes in the Work not involving an adjustment in Contract Sum or an extension of the Contract Time which are consistent with the intent of the Contract Documents. If necessary, the Architect shall prepare, reproduce and distribute Drawings and Specifications to describe Work to be added, deleted or modified, as provided in Section 2.8.2.

§ 2.6.5.2 The Architect shall review properly prepared, timely requests by the Owner or Contractor for changes in the Work, including adjustments to the Contract Sum or Contract Time. A properly prepared request for a change in the Work shall be accompanied by sufficient supporting data and information to permit the Architect to make a reasonable determination without extensive investigation or preparation of additional drawings or specifications. If the Architect determines that requested changes in the Work are not materially different from the requirements of the Contract Documents, the Architect may issue an order for a minor change in the Work or recommend to the Owner that the requested change be denied.

§ 2.6.5.3 If the Architect determines that implementation of the requested changes would result in a material change to the Contract that may cause an adjustment in the Contract Time or Contract Sum, the Architect shall make a recommendation to the Owner, who may authorize further investigation of such change. Upon such authorization, and based upon information furnished by the Contractor, if any, the Architect shall estimate the additional cost and time that might result from such change, including any additional costs attributable to a Change in Services of the

Architect. With the Owner's approval, the Architect shall incorporate those estimates into a Change Order or other appropriate documentation for the Owner's execution or negotiation with the Contractor.

§ 2.6.5.4 The Architect shall maintain records relative to changes in the Work.

§ 2.6.6 PROJECT COMPLETION

§ 2.6.6.1 The Architect shall conduct site reviews to determine the date or dates of Substantial Completion and the date of final completion, shall receive from the Contractor and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and assembled by the Contractor, and shall issue a final Certificate for Payment based upon a final inspection indicating the Work complies with the requirements of the Contract Documents.

§ 2.6.6.2 The Architect's site review shall be conducted with the Owner's Designated Representative to check conformance of the Work with the requirements of the Contract Documents and to verify the accuracy and completeness of the list submitted by the Contractor of Work to be completed or corrected.

§ 2.6.6.3 When the Work is found to be substantially complete, the Architect shall inform the Owner about the balance of the Contract Sum remaining to be paid the Contractor, including any amounts needed to pay for final completion or correction of the Work.

§ 2.6.6.4 The Architect shall receive from the Contractor and forward to the Owner: (1) consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment and (2) affidavits, receipts, releases and waivers of liens or bonds indemnifying the Owner against liens.

ARTICLE 2.7 FACILITY OPERATION SERVICES

§ 2.7.1 The Architect shall meet with the Owner or the Owner's Designated Representative promptly after Substantial Completion to review the need for facility operation services.

§ 2.7.2 Upon request of the Owner, and prior to the expiration of one year from the date of Substantial Completion, the Architect shall conduct a meeting with the Owner and the Owner's Designated Representative to review the facility operations and performance and to make appropriate recommendations to the Owner.

ARTICLE 2.8 SCHEDULE OF SERVICES

§ 2.8.1 Design and Contract Administration Services beyond the following limits shall be provided by the Architect as a Change in Services in accordance with Section 1.3.3:

- up to Two (2) reviews of each Shop Drawing, Product Data item, sample and similar submittal of the Contractor.
- up to One (1) visit per week to the site by the Architect over the duration of the Project during
- up to One (1) site review for any portion of the Work to determine whether such portion of the Work is substantially complete in accordance with the requirements of the Contract Documents.
- up to One (1) site review for any portion of the Work to determine final completion.

§ 2.8.2 The following Design and Contract Administration Services shall be provided by the Architect as a Change in Services in accordance with Section 1.3.3:

- review of a Contractor's submittal out of sequence from the submittal schedule agreed to by the Architect:
- responses to the Contractor's requests for information where such information is available to the .2 Contractor from a careful study and comparison of the Contract Documents, field conditions, other Owner-provided information, Contractor-prepared coordination drawings, or prior Project correspondence or documentation:
- Change Orders and Construction Change Directives requiring evaluation of proposals, including the .3 preparation or revision of Instruments of Service;
- .4 providing consultation concerning replacement of Work resulting from fire or other cause during construction;
- evaluation of an extensive number of claims submitted by the Owner's consultants, the Contractor or .5 others in connection with the Work;

Addendum: No.1 Contractual Changes to AIA B141 Standard Agreement between Owner and Architect.

AIA Contract Review between BSC Financial, LLC and Mark B. Steppan, AIA and Fisher Friedman Associates, Design Consultants

The following Addendum has been assembled to provide clarification of specific contractual items as specified in the attached standard AIA agreement. Terms and conditions provided herein shall be accepted as the substitution or in addition to and shall be in effect, and shall take precedence over items as specified in the attached standard AIA agreement.

Both parties are aware of this Contract Addendum and do hereby elect and agree to said terms and conditions as stated below.

- ss.1.1.2.1 The project is to create an urban mixed use high rise residential development with approximately 499 living units for BSC Financial, LLC.
- ss. 1.1.2.3 To obtain entitlements and approvals for the property and proposed buildings as shown in exhibit B as attached to the AIA B141 agreement as part of the design services in the Schematic Design/Entitlements Phase.
- ss. 1.1.2.5.2 Replace' \$160,000,000' with approximately '\$180,000,000'.
- ss. 1.3.2.2 Replace text to read beginning with the sentence 'If and upon' as follows:

If and upon the date the Architect is adjudged in default of this Agreement, or upon any default by the Architect, the foregoing license shall be deemed terminated and replaced by a second, nonexclusive license, including Architects consent, permitting the Owner to authorize other similarly credentialed design professionals to reproduce and, where permitted by law, to make changes, corrections or additions to the Instruments of Service solely for purposes of completing, using and maintaining the Project.

Either party to this agreement shall be deemed in default if: (a) Either party fails to keep or perform any of the terms, obligations covenants, agreements or conditions contained herein, and such default continues of a period to thirty (30) days after notice by either party or beyond the time reasonably necessary for cure if such default is of a nature to require in excess of thirty (30) days to remedy; (b) Either party shall become bankrupt or insolvent or make a transfer in defraud of creditors, or make an assignment for the benefit of creditors, or be the subject of any proceedings of any kind under any provisions of the Federal Bankruptcy Act or under

any other insolvency, bankruptcy or reorganization act; or (c) a receiver is appointed for a substantial part of the assets of either party.

- ss. 1.3.5.4 See the language at ss. 4.6.4 of AIA Form 201.
- ss. 1.3.7.1 This agreement shall be governed by the State of Nevada, without regards to the conflicts of state of operation of the principal architect or it's consultants.
- Unless otherwise provided in this agreement, the architect and the architect's consultants shall have no responsibility for the discovery, presence, handling, removal or disposal of or the exposure of persons to hazardous materials or toxic substances in any form at the project site, unless the architect or the architect's consultants specify the use of hazardous materials, that cause the creation of said instance and can be directly attributed to the architect or it's consultants.
- The owner and architect, respectively, bind themselves, their partners, successors, assigns and legal representatives to the other party to this agreement their partners, successors, assigns and legal representatives of such other party with respect to all covenants of this agreement. The Architect and the Owner shall not assign this agreement without the written consent of the other party, or assignment thereof shall be void. The owner may assign this agreement to any party, provided that such assignment shall not materially prejudice the Architect and also with the written consent of the Architect. The architect shall execute all consents reasonably required to facilitate such assignment.
- ss. 1.5 Section 1.5 The abbreviated terms used in the first paragraph are as follows:
 - ☐ Schematic Design (Includes City of Reno Entitlements Process)
 - ☐ Design Development
 - ☐ Construction Documents
 - ☐ Construction Administration

The definitions can be found in the American Institute of Architect's Handbook of Professional Practice, Volume 2, Sections 3.6 Design Services, 3.7 Design Parameters, 3.8 Design Documentation, and 3.9 Construction Related Services. Copies of these sections shall be provided upon request.

ss. 1.5.1 Replace' \$160,000,000' with approximately '\$180,000,000'.

ss. 1.5.1

All existing text in this section shall remain with the addition of the following:

In the event that the Owner chooses not to proceed with construction of the project, the fees associated with retaining said entitlements will be paid as incurred in the due course of the project and will be applied to aforementioned budgets as defined in the architects scope of work and estimated value.

- Ss. 1.5.9 The extent of the work as defined by this agreement is estimated at thirty two months (32) from the effective date of this agreement. If through no fault of either party, the time frame is extended beyond the 32 months, then neither party Owner nor Architect, shall be held liable for additional sums or compensation. The architectural work product as defined to obtain the required entitlements and the respective budgets will remain as fact without respect to an estimated time line.
- All existing text in this section shall remain with the addition of the following:

 In this case, normal structural, mechanical and electrical services mean that the consultants are contracted to the Architect and no extravagant systems are required by the Owner which would trigger an increase in consultants fees as well as Architects.

 Currently the MEP work will be done as a modified design build process.

RE: OUTSTANDING PAYMENTS FOR ARCHITECTURAL DESIGN SERVICES RESIDENTIAL PROJECT-RENO. NEVADA

Dear Calvin.

After review of our current outstanding invoices, the signed Agreement, and the agreed upon payment schedule for design services for the above referenced project, BCS Financial LLC is behind on payment for the total amount of \$573,657.70. Some of the invoices are three months overdue. The carrying cost for the above amount through August 19, 2006 is \$6,212.05.

In the meantime, we have been forced to borrow capital at prime plus 2% to cover the outstanding invoices. We would appreciate a partial payment of at least 50% of the outstanding amount. It is very difficult for us to finance this project.

Enclosed is a fully detailed aging report for your review.

If you have any questions or need more information please do not hesitate to contact me.

Yours Truly.

APPLICATION PROCESSING

1. Submittal Dates:

Applications for minor deviations, site plan reviews, parcel maps, reversions to acreage or boundary line adjustments may be submitted any regular business day.

Master Plan Amendments are accepted on the first business day of each calendar quarter (January, April, July, October). See submittal date list for exact dates.

All other applications are accepted on approximately the first or the fifteenth of each month. See submittal date list for exact dates.

- For all cases which require a public hearing, the contact person identified on the application will be sent a letter 2. acknowledging receipt of the application and any committee meetings requiring their attendance.
- The following applications require a hearing before either the Reno City Planning Commission or Board of Adjustment. 3.

Master Plan Amendment Special Use Permit

Variance

Zoning Map Amendment

Tentative Map

The following applications go directly to the City Council, unless bundled with another application which requires Planning Commission or Board of Adjustment review:

Abandonment Annexation

Development Agreement

Notice: 4.

Master Plan Amendments, Special Use Permits, Site Plan Reviews, Tentative Maps, Variances, Annexations and Zoning Map Amendments: All property owners within 750 feet of the subject site boundaries will be notified by mail regarding the project and the time, date and location of the hearing.

Abandonment: Abutting property owners will be notified by mail regarding the project and the time, date and location of the hearing.

The applicant is responsible for posting the site within fourteen (14) days of the administrator accepting an application for a Master Plan amendment, site plan review, special use permit, variance or zoning map amendment request. Posting notices will be provided by the administrator.

At the hearing, the applicant and all other interested parties will be heard. The protocol is as follows: 5.

Staff

Five (5) minutes

Applicant

Fifteen (15) minutes total (no rebuttal time); or ten (10) minutes presentation, five (5)

minutes rebuttal

Opponents/ Interested Persons Fifteen (15) minutes per group or three (3)

minutes each per person

Decisions: Following the hearing, the Planning Commission or Board of Adjustment will make its recommendation 6. (approval, denial, or table pending more information or site inspection). After a recommendation staff will notify the City Clerk's office of the action.

The Board of Adjustment and Planning Commission are the final decision makers on variances and special use permits which are not part of a multiple request application. The Planning Commission is the final decision maker on tentative maps. Applications may be approved with one hearing unless it is appealed.

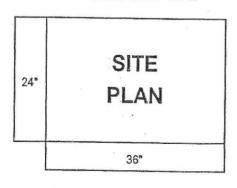

The City Council is the final decision maker on appealed cases, abandonments, annexations, development agreements, master plan amendments and zoning map amendments. However, projects of regional significance, and Master Plan amendments must be found in conformance with the Truckee Meadows Regional Plan by the Regional Planning Commission.

PROJECTS OF REGIONAL SIGNIFICANCE

 The project will require a change in zoning, a special use permit, an amendment to a master plan, a tentative map or other approval for the use of land which, if approved, will have an effect on the region of increasing:

(a) Employment by not less than 938 employees;

(b) Housing by not less than 625 units;

- (c) Hotel accommodations by not less than 625 rooms;(d) Sewage by not less than 187,500 gallons per day;
- (e) Water usage by not less than 625 acre feet per year; or
 (f) Traffic by not less than an average of 6,250 trips daily.

The project is:

(a) An electric substation;

(b) A transmission line that carries 60 kilovolts or more;

A facility that generates electricity greater than 5 megawatts;

(d) Natural gas storage and peak shaving facilities;

(e) Gas regulator stations and mains that operate over 100 pounds per square inch;

(f) A performing arts center with 750 or more seats; or

- (g) A convention facility of 80,000 square feet or more.
- 3. The project is a geothermal wellfield gathering system and power generation facility or a mining operation on any land shown on the Regional Land Use Diagram or within 20 miles of any land shown on the Regional Land Use Diagram. Sand, gravel and aggregate pits for construction projects within the Truckee Meadows are specifically excluded from this guideline.
- 4. The project is a social service facility, such as, but not limited to, a homeless shelter or residential alcohol or drug treatment center, addressing the needs of 25 or more persons, which is proposed to be located within 1/2 mile of an adjacent jurisdiction's boundary or Sphere of Influence boundary. Day care facilities for children are specifically excluded from this guideline.
- 5. The project is located or partially located in an area designated on the map titled "Potential Wetlands, Stream Environment and Regionally Significant Hydrologic Resources Map", and the developer of the project does not propose to leave the designated area in its natural state.
- The project contains average slopes of 15% or greater, as determined by a site specific analysis of slopes, and the developer does not propose to leave the percentage of land specified in Exhibit 4 in the Truckee Meadows Regional Plan in a natural state. A project that is not in strict compliance with the numerical standards of Exhibit 4, but that is determined by a local government to be developable without significant effects on slope stability, erosion and the visual impact of the development when viewed from other areas and to be consistent with regional design guidelines used by local governments to help interpret Exhibit 4, shall be determined to be in compliance with the provisions of Exhibit 4.
- The project site contains an historic, archeological or cultural resource and the developer does not agree to:

 abide, by the provisions of an Archeological Program that has been adopted by a local government and which is in conformance with policy 25b of the Regional Plan; or

- (b) in the absence of an adopted Archeological Program, to follow mitigation measures approved by the Washoe Tribe, the Pyramid Lake Paiute Tribe, the Reno-Sparks Indian Colony and the State Division of Historic Preservation and Archeology with respect to resources that are either on or eligible for inclusion on the National Register of Historic Places.
- 8. The project is a capital improvement program of the Washoe County School District.
- The project is a new or significantly expanded regional solid or hazardous waste management project.

The determination as to whether or not a project meets any one of the criteria listed above shall be based on the total size of the project, including all phases, additions, expansions, and the master planned development of any adjoining vacant land available for development and controlled by one developer or owner to establish the cumulative total size of the project.

PRELIMINARY LANDSCAPE PLAN SUBMITTAL REQUIREMENTS CHECKLIST

The plan shall, at a minimum, identify all areas to be landscaped and include area and tree calculations, water regime, and general types of landscaping proposed for the areas.

	REQUIREMENT	2	1
1.	Identification of all areas to be landscaped	p	
2.	Area and tree calculations		П
3.	Water regime (type of irrigation)	÷	
4.	General types of landscaping proposed for the area		П

Forms\Planning\Apps\Development Application No. 2 -7/18/02

PRESENTATION OF PROJECTS TO ADVISORY BOARDS

There are two types of advisory boards, the City of Reno's ("City") neighborhood advisory boards and Washoe County's ("County") citizen advisory boards. More information is available at www.cityofreno.com or www.co.washoe.nv.us.

CITY OF RENO'S NEIGHBORHOOD ADVISORY BOARDS

If your project is located within the City of Reno, you may voluntarily present your project to a neighborhood advisory board. If you choose to do so, please contact the City of Reno's Community/Neighborhood Services program at 775-321-8318 or visit our web site www.cityofreno.com.

2. WASHOE COUNTY'S CITIZEN ADVISORY BOARDS

- A. If your development proposal is an administrative variance, boundary line adjustment, parcel map, reversion to acreage or site plan review, it is not required to be reviewed by a citizen advisory board.
- B. If your development proposal is outside the City's boundary line, but within the City's Expanded Sphere of Influence ("sphere"), the City is informed the County requires you to present your project to the appropriate citizen advisory board. Failure to comply may result in your project's review being postponed by the public hearing body.
- C. To determine if your project is within the City's sphere, you may review the attached map "Reno Sphere Of Influence" or contact the Planning Technician at the City of Reno Community Development Department at 775-334-2221.
- D. If your project is with the City's sphere, please contact Washoe County Community Development Department at 775-328-3618 to obtain instructions on presenting your project to the appropriate citizen advisory board.
- E. If you know the appropriate citizen advisory board for your development proposal, you may obtain further information, such as meeting dates, times, locations, applications, agendas, and membership rosters at Washoe County's web site www.co.washoe.nv.us.
- F. You should submit your development project sufficiently early to the appropriate citizen advisory board to allow review of the project by 8 days before the hearing date which should allow the County's staff to include the review in its report.

COOPERATIVE PLANNING

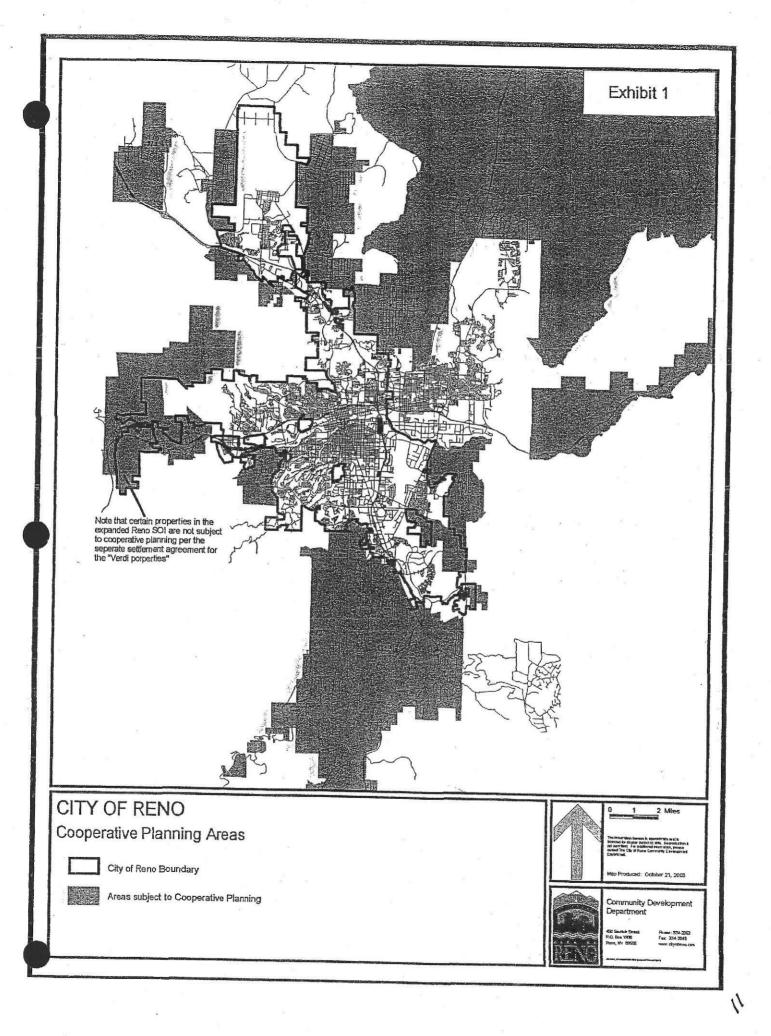

Cooperative planning is a concept which arose of the settlement of the case, Washoe County, et. al. v. Truckee Meadows Regional Planning Governing Board, case no. 02-03469. The concept of cooperative planning is that certain areas within the City of Reno ("City") and Washoe County ("County") will be cooperatively planned with participation from both entities.

Areas subject to cooperative planning are identified in Exhibit 1. Annexed properties outside the Reno Sphere of Influence will also be subject to cooperative planning. If you have questions whether your project is subject to cooperative planning, please contact the planner who has been assigned to review your application. If you do not know the name of the planner, you may call (775) 334-2221 to determine that information.

All development proposals within cooperative planning areas are subject to a supplemental package of zoning provisions [RMC 18.06.449 (a) and (b)].

If your application is a request to amend Master Plan land use designations, zoning map designations or development standards (zoning text) within a cooperative planning area, an analysis of applicable "cooperative plan amendment criteria" [RMC 18.06.449 (c)] will be required in all applications (Exhibit 2). An analysis of applicable "Interim Water Policies" (Exhibit 3) as adopted by the Regional Water Planning Commission, will also be required. Amendments to land use, zoning and development standards are also subject to an appeal process at the regional planning level if Washoe County is aggrieved by the City's decision (Exhibit 4). While not required, it is recommended that preapplication meetings be held with Reno and Washoe County Planning staff prior to submittal of cooperative plan amendment requests.

Applicants should also be aware that the City has adopted County-approved Specific Plans that are located within Cooperative Planning Areas. Development proposals are required to comply with applicable provisions of these Specific Plans. The City of Reno Master Plan map indicates the geographic extent of each Specific Plan.

PRELIMINARY GRADING AND DRAINAGE PLANS

wood [

Preliminary Grading and Drainage Plans shall include, at a minimum, the information specified on the enclosed Preliminary Grading and Drainage Plan checklist: a signed copy of the checklist must be submitted.

Whenever a Preliminary Grading and Drainage Plan is required and in each tentative map application, it shall be accompanied by additional sheets displaying cross sections of the site. The horizontal scale of the sections is to be the same as that of the Preliminary Grading and Drainage Plan: the vertical scale shall be shown at a 1:1 representation, or proportional to the horizontal scale (e.g., 10-100, 4-40, etc.).

A minimum of two sections drawn approximately perpendicular to each other must be shown. Each section shall transect that portion of the site with the greatest existing relief and shall show both existing and proposed ground lines, proposed streets, curbs, paved areas and structures. The sections shall extend a minimum of 150 feet beyond the limit of the site. Additional sections may be required by the reviewing authorities if they are deemed necessary.

Whenever grading results in cuts ≥20' and/or fills ≥10', the applicant must submit an additional plan graphically delineating these ones. This sheet shall utilize the same scale as the Preliminary Grading and Drainage Plan.

In cases where the slope reduction map is required, that map shall be drawn to the same scale as the Preliminary Grading and Drainage Plan. The location of all proposed structures and roadways must be indicated on the map.

RESIDENTIAL PROJECT-RENO, NEVADA

Dear Sam and Cal.

RE:

We are pleased to present this proposal for the above referenced project based on the meeting with Vern Kloos and City Staff on July 29, 2006.

も SCOPE

Based on the information received, we will analyze and document the following:

Island Drive Landscape Plan
 Aerial Perspective along Island Drive illustrating streetscape/landscape plan as shown in item 1

3. Modification to close-up of podium stair perspective as it descends onto Island Drive

CITY STAFF MEETING (VERN KLOOS) REQUESTED STUDIES AGREEMENT

4. View analysis from the Palladio project which includes extra view study requests by Wood Rodgers

5. Design studies to the north façade of the podium parking structure as it faces Park Tower

6. High rise illustrative chart for the city of Reno

7. Klaus parking lift analysis and documentation for parking garage

SCHEDULE

Design, documentation and meetings will occur in a timely manner, as required by the approval process and the Owner's schedule for inclusion in the master project PowerPoint presentation.

COMPENSATION

We shall perform the above referenced services on a time and materials basis based on our 2006 hourly billing rate schedule. All Reimbursable expenses (including but not limited to printing, plotting and messenger services) shall be billed at one hundred percent plus a fifteen percent mark-up. See attached Exhibit A.

Fees and reimbursable invoiced amounts shall be billed on a monthly basis. All invoiced amounts not in dispute are due and payable within 30 (thirty) days from the date of the invoice. If the Owner disputes any portion of an invoice, Owner agrees to inform us in writing of such dispute within 7 calendar days of receipt of the invoice.

If you have any questions or need more information please do not hesitate to contact me. We will track this work effort under the project number 0515-05 and 0515-05R.

Sincerely,

Mark B. Steppan, AIA, CSI, NCARB

Subject: Credit and commitment to excellence....

Wingfield Towers Team-

The best I can offer is my gratitude and thanks for your involvement and these words of wisdom.

The credit belongs to the man who is actually in the arena; whose face is marred by dust and sweat and blood; who strives valiantly; who errs and comes short again and again; who knows the great enthusiasms, the great devotions, and spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement; and who at worst, if he fails, at least fails while daring greatly...

Theodore Roosevelt, 1906, Nobel

Acceptance Speech

To each one of you, we succeeded in our endeavor and I can say with all sincerity that it was of your individual efforts and willingness to work as a team that made this task enjoyable, bearable and ultimately achievable. Thank you all.

That work, labor, materials and/or services have been furnished to and actually used upon the above-described project in the remaining amount of ONE MILLION SIX-HUNDRED THIRTY-NINE THOUSAND ONE-HUNDRED THIRTY AND NO/100 DOLLARS (\$1,639,130.00), reimbursable expenses of ONE-HUNDRED FIFTEEN THOUSAND THREE HUNDRED SIXTY-TWO AND NO/100 DOLLARS (\$115,362.00) plus interest through October 31, 2006 in the amount of TWENTY-NINE THOUSAND FIFTY-SIX DOLLARS AND 85/100 (\$29,056.85), continuing interest, attorney's fees and costs and the amount is now due and owing to lien claimant.
- 5. That the first labor and materials furnished by lien claimant to and incorporated in the project was on or about April 21, 2006 and that the last labor and materials furnished by lien claimant and incorporated in the project was within the past ninety days; that there are no other just credits or off-sets to be deducted and the total amount due and owing to lien claimant is the sum of ONE MILLION SEVEN-HUNDRED EIGHTY-THREE THOUSAND FIVE-HUNDRED FOURTY-EIGHT AND 85/100 DOLLARS (\$1,783,548.85), plus continuing interest, attorney's fees and costs.
- 6. That a demand for payment has been made by lien claimant and that no part or portion of the amount due and owing has been paid; that there are no further off-sets to the claim and that the sum of ONE MILLION SEVEN-HUNDRED EIGHTY-THREE THOUSAND FIVE-HUNDRED FOURTY-EIGHT AND 85/100 DOLLARS (\$1,783,548.85), plus continuing interest, attorney's fees and costs is now due and owing to lien claimant on account of the work, labor, materials and/or services furnished as above specified and that the undersigned claims a lien upon the real property particularly described herein for said sum, together with continuing interest and attorney's fees as provided by law.
- 7. That the real property sought to be charged with this Claim of Lien upon which the above described work of improvement has been made is located in Washoe County of State of Nevada, and is particularly described as:

Commencing at a point formed by the intersection of the East line of Flint Street (if protracted Northerly) with the North line of Court Street in the City of Reno; running thence Easterly, along the North line of Court Street, a distance of 100 feet, thence at a right angle Northerly, a distance of 140 feet to the true point of beginning; said true point of beginning being the Southeast corner of the parcel of land heretofore conveyed to Atha Carter by Antonico Rebori and wife, by deed duly recorded in Book 64 of Deeds, Page 294, Washoe County Records: running thence Easterly, parallel with the North line of Court Street, a distance of 50 feet to the Southwest corner of the property formerly owned by H. ORDER

Before the Court, is an Order from The Supreme Court of Nevada Granting Two Motions for Remand filed on August 6, 2012. The first Motion for Remand was filed by Appellant MARK B. STEPPAN requesting the Supreme Court remand this matter to allow the district court to resolve his pending motion for reconsideration of one of the orders he is challenging on appeal. On February 7, 2012, this Court entered an Order Certifying Intent to Grant Motion for Reconsideration. Foster v. Dingwall, ____ Nev. ____, 228 P.3d 453 (2010).

Reconsideration of October 25, 2011 Order

The Court will address Steppan's Motion to Dismiss first. At the time this Court certified its intent to grant reconsideration of the Motion to Dismiss, this Court lacked jurisdiction. Now, having jurisdiction, and after having reviewed the evidence presented in Judge Adams' Affidavit filed November 8, 2011, the Court is inclined to grant reconsideration of the October 25, 2011 Order Granting Defendant's Motion to Dismiss. At the time the Order was entered, this Court believed that Steppan was not in compliance with NRCP 16.1.

NRCP 16.1(b)(1) requires the parties to complete an Early Case Conference within 30 days after the filing of an answer by the first answering defendant, unless the case is either in the court annexed arbitration program or in the short trial program. Under certain circumstances, the Early Case Conference may be continued up to 180 days following an appearance by the defendant. *Id.* NRCP 16.1(c) requires the filing of a Case Conference Report by the parties within 30 days after each Case Conference to facilitate discovery among the parties. *Moon v. McDonald Carano & Wilson*, 126 Nev. Adv. Op. 47, 245 P.3d 1138, 1139 (Nev. 2010).

NRCP 16.1(e)(2) provides as follows:

- (e) Failure or Refusal to Participate in Pretrial Discovery; Sanctions.
- (2) If the plaintiff does not file a case conference report within 240 days after an appearance by a defendant, the case may be dismissed as to that defendant upon motion or on the court's own initiative, without prejudice.

At the time the Order was entered, Plaintiff had not filed a Case Conference Report any time since Defendants filed an Answer on September 27, 2007. The decision to dismiss an action without prejudice for a plaintiff's failure to comply with the timing requirements of NRCP 16.1(e)(2) remains within the district court's discretion. *Arnold v. Kip*, 123 Nev. 410, 415, 168 P.3d 1050, 1053 (2007). NRCP 16.1(e)(2) was adopted to

promote the prosecution of litigation within adequate timelines and the sanctions exist to ensure compliance with the specific deadlines identified in the Rule. *Id*.

This Court was unaware of how Department Six was managing discovery. Judge Adams did not require an early case conference report. Therefore, Steppan did reasonably follow the requirements of Judge Adams in Department Six in accordance with the discovery management controlled by the Court. Therefore, upon reconsideration of Defendant's Motion to Dismiss, this Court does not believe this motion warrants dismissal. Accordingly, the Motion to Dismiss is denied.

Reconsideration of September 1, 2011 Order

The second Motion for Remand was filed by Appellants JOHN ILIESCU, JR. AND SONNIA ILIESCU, AS TRUSTEES OF THE JOHN ILIESCU, JR. AND SONNIA ILIESCU 1992 FAMILY TRUST AGREEMENT AND JOHN ILIESCU, INDIVIDUALLY ("Iliescu") requesting that the Supreme Court remand this matter to allow the district court to resolve their pending motion for reconsideration of one of the orders they are challenging on appeal.

On June 7, 2012, this Court entered an Order Certifying Intent to Grant Motion for Reconsideration of its September 1, 2011 Order Granting Third-Party Defendants' Motion for Summary Judgment. Iliescu's Motion for Reconsideration was filed as a result of the Court now being aware of the new evidence offered through Judge Adams' November 2011 Affidavit. Judge Adams states:

"[C]laims against the defendant law firm was stayed 'for all purposes, including discovery and trial, pending the final resolution of all claims asserted by plaintiffs against defendants." *Adams Affidavit*.

When this Court entered Summary Judgment in this matter, this Court was under the impression that (1) Hale Lane's Motion for Summary Judgment was justified and (2) summary judgment was proper because the Iliescu's were required to file a case conference report.

A court should only grant summary judgment when, based upon the pleadings and discovery on file, no genuine issue of material fact exists for trial and the moving party is entitled to judgment as a matter of law. NRCP 56(c). A genuine issue of material fact exists when a reasonable jury could return a verdict in favor of the nonmoving party. *Kopicko v. Young*, 114 Nev. 1333, 1336, 971 P.2d 789, 790 (1998). Summary judgment is properly regarded not as a disfavored procedural shortcut, but rather as an integral part of civil procedure as a whole. *Celotex Corp. v. Catrett*, 477 U.S. 317, 327, 106 S.Ct. 2548, 2555 (1986).

In reviewing a motion for summary judgment, the Court must view the evidence, and any reasonable inference drawn there from, in the light most favorable to the nonmoving party. *Lipps v. S. Nev. Paving*, 116 Nev. 497, 498, 998 P.2d 1183, 1184 (2000). However, the nonmoving party may not avoid summary judgment by relying "on the gossamer threads of whimsy, speculation, and conjecture." *Pegasus v. Reno Newspapers, Inc.*, 118 Nev. 706, 713-14, 57 P.3d 82, 87 (2002) (quoting *Collins v. Union Fed. Sav. & Loan*, 99 Nev. 284, 302, 662 P.2d 610, 621 (1983). Rather, the nonmoving party must, by affidavit or otherwise, set forth specific facts demonstrating the existence of a genuine issue for trial. *Pegasus*, 118 Nev. at 713, 57 P.3d at 87.

In their Motion for Summary Judgment, Defendants seek an order from the Court granting summary judgment on Plaintiffs' claims for legal malpractice and negligence. Specifically, Defendants argue that the claims of Plaintiffs fail as a matter of law because Plaintiffs were not eligible to file a Notice of Nonresponsibility as they were "Interested Owners," and thus, no evidence of causation exists. In addition, Defendants assert that even if Plaintiffs were not "Interested Owners," no evidence of damages exists because Plaintiffs received a substantial benefit from the actions of Fisher Friedman & Associates, and because Defendants and Mr. Schleining have reached an agreement releasing the lien without any cost to Plaintiffs. Furthermore, Defendants assert that because Plaintiffs executed two conflict waivers, any claim relating to a conflict of interest must fail. In addition, Defendants asserted that pursuant to NRCP 16.1(e), the Court should dismiss

Plaintiffs' claims as Plaintiffs failed to file a case conference report within 240 days following Defendants' appearance as required by NRCP 16.1(c).

Plaintiffs assert that the Court should not dismiss their claims pursuant to NRCP 16.1 because this matter has been ongoing for the past four years and there is still time to file a case conference report.

At the time this Court granted summary judgment, this Court was unaware of the ongoing discussions between the parties in Department Six. Now, having jurisdiction to again review the papers and pleadings on file as well as the evidence now before the Court through Judge Adams' November 2011 Affidavit, this Court is inclined to reconsider the ruling on the Motion for Summary Judgment. As such and in light of how Department Six managed discovery in this case, the Court believes it is proper to deny the Motion for Summary Judgment entered September 1, 2011. In considering this ruling, the Court has now determined a genuine issue of material fact still exists in this case, therefore the Court cannot grant summary judgment at this time.

NOW, THEREFORE, IT IS HEREBY ORDERED that Plaintiff Mark Steppan's Motion for Reconsideration of the October 25, 2011 Order Granting the Motion to Dismiss is GRANTED.

IT IS FURTHER ORDERED that the Motion to Dismiss is **DENIED**.

IT IS FURTHER ORDERED that John Iliescu's Motion for Reconsideration of the September 1, 2011 Order Granting the Motion for Summary Judgment is **GRANTED**.

IT IS FURTHER ORDERED that the Motion for Summary Judgment is **DENIED**.

LEMONS, GRUNDY & EISENBERG 5005 PLUMAS ST. THIRD FLOOR RENO, NV 89519 (775) 786-6868 the following Third party defendants: Hale Lane Peek Dennison & Howard, a Professional Corporation, dba "Hale Lane," and Karen D. Dennison, R. Craig Howard and Jerry M. Snyder ("Hale Lane Partners") as follows:

RECITALS

- A. Third Party Plaintiffs have commenced a third party action in this matter against the above named attorneys and their law firm employer asserting claims arising out of an attorney/client relationship between third party plaintiffs and these third party defendants, including claims of legal malpractice arising from both litigation and transactional issues.
- B. Questions have arisen regarding whether any of these claims have "accrued" so as to allow this present filing, or rather, whether the claims are premature in light of the uncertainty of the outcome of claims by and between plaintiff and defendants who have asserted these third party claims.
- C. Guided by the law as established under *Nevada Medical Liability Insurance Co.* v. Semenza, 104 Nev. 666, 668, K.J.B., Inc. v. Drakulich, 107 Nev. 367 (1991) and Kopicko v. Young, 114 Nev. 1333 (1998), the parties have agreed to the terms of this stipulation and urge the court to enter an order consistent herewith.
- D. These parties entered into a stipulation to stay the case on or about December 13, 2007; however, no Order was entered thereon.

STIPULATION

- 1. All claims asserted against Hale Lane Partners, Karen D. Dennison, R. Craig Howard and Jerry M. Snyder shall be dismissed, without prejudice. Third party plaintiffs may, but need not refile the claims currently asserted or any other claims against these individual third party defendants only upon the entry of final judgment regarding plaintiff's claims and the claims of third party plaintiffs against all other third party defendants.
- 2. All claims asserted against Hale Lane shall be stayed for all purposes, including discovery and trial, pending the final resolution of all claims asserted by plaintiffs against defendants, and the unstayed claims asserted by and among all other parties.

3. Notwithstanding the imposition of this stay, Hale Lane shall participate in any settlement conference if ordered to do so by the court, may assert dispositive motions and points and authorities in support of or in response thereto, and may participate in court hearings consistent herewith.

Case No. CV07-00341 Dept. No. 10

FINDINGS OF FACT, CONCLUSIONS OF LAW AND DECISION

A four day bench trial was conducted beginning on December 9, 2013, in the above entitled matter. The Plaintiff, MARK B. STEPPAN ("Steppan") was suing to foreclose on a mechanics lien for architectural services provided to, among other parties, the Defendants JOHN ILIESCU, JR. and SONNIA ILIESCU, as Trustees of the JOHN ILIESCU, JR. AND SONNIA ILIESCU 1992 FAMILY TRUST ("Iliescu"). The trial concluded on December 12, 2013. The parties were permitted to submit post-trial briefs no later than January 3, 2014. Steppan and Iliescu both submitted post-trial briefs. The transcript of the proceedings was available to the Court at the end of February, 2014. The Court has received and reviewed all the exhibits admitted during the trial, the testimony of the witnesses, the stipulations entered into by the parties, and all of the other pleadings, papers, and orders previously entered in these proceedings and makes the following findings of fact, conclusions of law and decision following bench trial pursuant to NRCP 52.

Iliescu owned four parcels of land in downtown Reno, Washoe County, Nevada, ("the
property") as more fully described by the parties in the TRIAL STIPULATION filed on
December 6, 2013. Iliescu desired to sell and/or develop the property.

- 2. Illiescu retained the services of Richard K. Johnson ("Johnson") to act as his broker in the sale and/or development of the property. Johnson has been licensed as a real estate broker for over 25 years. He has been a member of the Nevada Real Estate Commission and is a principle in the Johnson Group, a real estate firm in Washoe County, Nevada.
- 3. Johnson had worked for Illiescu for over five years. Johnson had sold property for Illiescu prior to the deal that became the subject of the matter sub judics. Johnson worked for Illiescu on a commission basis.
- 4. Johnson was in contact with Sam Caniglia ("Caniglia") regarding the purchase of the property. Caniglia represented Consolidated Pacific Development, Inc. ("CPD"). CPD wanted to purchase the property and develop it by placing mixed-use structures on the land. The property would be both commercial and residential.
- 5. Johnson received a letter from Caniglia on behalf of CPD proposing a purchase of the property. The letter was marked and admitted as exhibit 66. Johnson had been speaking with Caniglia on behalf of Illiescu prior to the receipt of the letter. The letter describes the numerous "advantages" of dealing with CPD, including financing "tentatively arranged and * * * in place well before the project is approved (by the City of Reno)" and "Architect and Engineers in place ready to start work." The parties agreed on a purchase price of \$7,500,000.00 and Illiescu would be entitled to a condominium in the development as well as other inducements. Illiescu and CPD executed numerous

addendums to the land purchase agreement that increased the sales price of the property and provided additional inducements to Illiescu. Illiescu was represented by both Johnson and legal counsel at various times during the negotiations for the sale of the property.

- The development contemplated by Illiescu, Caniglia, and CPD was known as Wingfield
 Towers.
- 7. The sale of the property never came to pass. The property was in escrow on a number of occasions and non-refundable deposits were paid to Illiescu; however, CPD and/or its assigns were never able to secure funding for the purchase of the property or the development contemplated thereon.
- 8. CPD transferred its interest in the property to Baty Schleming Investments, LLC ("BSC"). Caniglia represented both CPD and BSC during times relevant to these proceedings. Johnson believed that BSC and CPD were all the same people.
- 9. Steppan is, and at all times relevant to these proceedings was, an architect licensed to practice in the State of Nevada. Steppan was employed at all times relevant to these proceedings by the firm of Fisher Friedman Associates ("FFA"). FFA's offices were in California. Steppan was the only architect at FFA licensed to practice in Nevada. FFA was an internationally recognized architectural firm. FFA had developed many mixed-use, residential and commercial properties. Steppan was the project manager of the Wingfield Towers project. Steppan provided project management and oversaw the staff at FFA in preparing the instruments of service for the Wingfield Towers project.
- 10. Steppan entered into an AIA Document B141 Agreement ("the contract") with BSC to design Wingfield Towers. The contract had one addendum. Of note, the contract called

26

for an overall estimated construction cost of \$160,000,000.00. The addendum increased the estimated construction cost to \$180,000,000.00. The Court finds that the later fee is a conservative estimate given the scope of the project and the testimony of the witnesses during the trial. The contract was signed by Steppan and BSC. Illiescu is not a party to the contract. The responsibilities of the parties in the event of failure to complete the project are clearly set out in § 1.3.8 of the contract.

11. Steppan would be paid based on a schedule established in § 1.5.1 of the contract. Specifically, Steppan would be entitled to 5.75% of the total construction cost including contractors profit and overhead. Steppan would earn his fee at the completion of five separate stages of design and construction. Steppan would earn 20 % of his fee at the completion of the schematic design phase ("SD")(this stage includes the City of Reno entitlement process); 22 % at the completion of the design development phase ("DD"); 40 % at the construction documents phase ("CD"); 1% at the bid/negotiate phase; and 17 % at the construction administration phase ("CA"). The criteria for the SD phase were established § 2.4.2.1. The "cost of the work" as defined in § 1.3.1.1 of the contract is the total cost or, to the extent the project is not completed, the estimated cost to the owner of all the elements of the project designed or specified by the architect. The contract was signed executed on October 31, 2005. There was an Addendum to the contract executed on April 21, 2006. Steppan worked on the Wingfield Towers project prior to the signing of the contract and the signing of the addendum. The parties were concerned about losing the opportunity for certain entitlements on the project; therefore, Steppan worked on an hourly basis pursuant to certain "stop gap" agreements entered into between himself and Caniglia. The SD phase was completed and Wingfield Towers was able to

secure the required entitlements and project approval from the Reno Planning Commission and the Reno City Council.

- 12. Rodney Friedman ("Friedman") testified at the trial. Friedman is a principal at FFA. FFA was a design consultant on the Wingfield Towers project. Friedman initially had contact with Caniglia about the Wingfield Towers project. Friedman established that the 5.75% fee was discussed from the inception of the project. The billing for the project was on an hourly basis while the parties finalized the details of the contract.
- 13. Kenneth VanWoert ("VanWoert") testified at the trial. VanWoert is an architect. The Court found that VanWoert was qualified to testify as an expert in the proceedings.

 VanWoert reviewed all the work done by Steppan and determined that the SD phase of the project had been completed. VanWoert opined that even though the documents were "prepared" by a firm other than Steppan they would go toward the SD phase because the design was done by Steppan. VanWoert opined that the instruments of service (those items that represent the design of the building) were done by Steppan. VanWoert did acknowledge that there were changes in the overall composition of the building (the size and composition of units for example); however, these modifications did not alter his belief that Steppan had completed the SD phase.
- 14. Illiescu was aware that the instruments of service were being produced. Illiescu may not have known, at all times, Steppan's name; however, there is no doubt in the Court's mind that Illiescu was aware of the work being done by Steppan (a third party) on behalf of Caniglia, CPD and/or BSC. Specifically, Illiescu was present when a video showing the impact of the project was shown to the Reno City Council. He was aware of the nature and scope of the project to include the production of models and drawings that evidenced

how the buildings would look and the impact they would have on the surrounding community. All of the instruments of service were produced by Steppan at or through FFA.

- 15. Illiescu consented to the request and/or extension of the entitlements granted to build Wingfield Towers. The entitlements were extended numerous times.
- 16. Steppan was not paid for his services as contemplated by the contract. There were numerous emails sent to Caniglia and others detailing the failure to pay the sums due. On November 7, 2006, Steppan filed a mechanic's lien against the property. Steppan did not provide Illiescu with pre-lien notice. The lien was removed at the request of the developers so the project could go forward before the Reno Planning Commission and/or the Reno City Council for approval with no encumbrances on the property.
- 17. Illiescu acknowledged during the trial that in the land purchase agreement between Illiescu and Caniglia, that Caniglia had the authority to act in a way that may expose the property in question to a mechanics lien. See, exhibit 68, ¶31. Illiescu knew that there would be architects, engineers, and other service providers in order to get the Wingfield Towers process underway. Illiescu acknowledged that he was at the homeowner's association meetings, infra, the Reno Planning Committee meeting and the Reno City Council meeting regarding the Wingfield Towers project. Illiescu is an experienced real estate owner. He is familiar with the notice of non-responsibility process and mechanic's liens based on previous business dealings as a landlord.
- 18. Both Dr. John Illiescu and Sonnia Illiescu signed an "OWNER AFFIDAVIT" that were part of the applications presented to the various agencies that evidence that Caniglia had authorization to act as agent in the development of their property. The affidavits were

included along with the instruments of service produced by Steppan as part of the overall application for Wingfield Towers. The affidavits were part of the Special Use Permit Application and the Tentative Map & Special Use Permit Application. Ronald David Snelgrove ("Snelgrove") was employed at Wood Rogers during the times relevant to these proceedings. Snelgrove was present when Illiescu signed the affidavits. Snelgrove discussed the project with Illiescu and showed him pictures from the instruments of service. Illiescu was present with Snelgrove at downtown homeowner's association meetings to discuss the impact of the Wingfield Towers project. During these presentations a "PowerPoint" demonstration was shown with FFA and Steppan's name present as the architects. The "fly through" of the impacted area and the "PowerPoint" were admitted into evidence. Snelgrove was also present at a party thrown by Illiescu after the successful presentation to the Reno City Council. Friedman and Steppan were present at this party.

19. Steppan established that there were agreements between himself and the developer that were outside both the contract and the "stop gap" agreement. These documents were admitted at the trial. Steppan also established the billing system used by FFA during the "stop gap" period and for the non-contract services provided. The description of the non-contract services and the billing statements were admitted as exhibits 19 through 30. Caniglia never objected to any of the billing provided by Steppan, to include the "stop gap" billing and the non-contract services. Further, Caniglia never objected to the amount of the mechanic's lien, supra. Steppan waived any right to additional fees that may have been earned pursuant to § 1.3.8.7 as "Termination Expenses". Steppan is only

requesting payment for those sums due as a result of completing the SD phase of the project and those other sums billed for non-contract services.

20. Steppan's first contact with Illiescu was during the special use permit application.

II. CONCLUSIONS OF LAW

- "A mechanic's lien is a statutory creature established to help ensure payment for work or materials provided for construction or improvements on land." <u>In re: Fountainebleau Las</u> <u>Vegas Holdings</u>, 128 Nev. Adv. Op. 53, 289 P.3d 1199, 1210 (2012). The statutory framework applicable to the mechanic's and material man's liens is codified in chapter 108 of the Nevada Revised Statutes.
- "[T]he mechanic's lien statutes are remedial in character and should be liberally construed." <u>Leher McGovern Bovis. Inc. v. Bullock Insulation. Inc.</u>, 124 Nev. 1102, 1115, 197 P.3d 1032, 1041 (2008)(citing, <u>Las Vegas Plywood v. D&D Enterprises</u>, 98 Nev. 378, 380, 649 P.2d 1367, 1368 (1982)).
- 3. The legislative purpose behind the mechanic's lien is to ensure payment for services provided. "[P]ublic policy strongly supports the preservation of laws which give the laborer and material man security for their claims." Labrer, 124 Nev. at 116, 197 P.3d at 1041(citing, Wm. R. Clarke Corp. v. Safeco Ins. Co., 15 Cal.4th 882, 64 Cal.Rptr.2d 578, 938 P.2d 372, 375-76 (1997)).

Underlying the policy in favor of preserving laws that provide contractors secured payment for their work and materials is the notion that contractors are generally in a vulnerable position because they extend large blocks of credit; invest significant time, labor, and materials into a project; and have any number of workers vitally depend upon them for eventual payment. We determine that this reasoning is persuasive as it accords with Nevada's policy favoring contractors' rights to secured payment for labor, materials, and equipment furnished.

- 4. "Substantial compliance with the technical requirements of the lien statutes is sufficient to create a lien on the property where * * * the owner of the property receives actual notice of the potential lien claim and is not prejudiced." Fronden v. K/L Complex, LTD., 106 Nev. 705, 709, 800 P.2d 719, 721 (1990)(citing, Board of Trustees v. Durable Developers, Inc., 102 Nev. 401, 410, 724 P.2d 736, 743 (1986)). Accord, Hardy Companies Inc. v. SNMARK, LLC, 126 Nev. Adv. Op. 49, 245 P.3d 1149 (2010).
- 5. "The purpose of the pre-lien statute is to put the owner on notice of work and materials furnished by third persons with whom he has no direct contact. If the owner fails to file a notice of non-responsibility within the time provided in the law, after knowledge of the construction, the statue provides that the construction is at the instance of the owner."

 Fronden, 102 Nev. at 709, 800 P.2d at 721(citing, Matter of Stanfield, 6 B.R. 265, 269 (Bankr.D.Nev. 1980)(emphasis in the original).
- 6. "... [A]ctual knowledge requires that the owner has to have been reasonably made aware of the identity of the third party seeking to record and enforce a lien." <u>Hardy</u>, 126 Nev. Adv. Op. 49, 245 P.3d at 1157.
- 7. "The purpose underlying the notice requirement is to provide the owner with knowledge that work and materials are being incorporated into the property. The failure to serve the pre-lien notice does not invalidate a mechanics' or materialmen's lien where the owner received actual notice." <u>Fronden</u>, 106 Nev. at 710, 800 P.2d at 721.
- "Failure to either fully or substantially comply with the mechanic's lien statute will render a mechanic's lien invalid as a matter of law." <u>Hardy</u>, 126 Nev. Adv. Op. 49, 245
 P.3d at 1155 (citing, <u>Schofield v. Copeland Lumber</u>, 101 Nev. 83, 86, 692 P.2d 519, 521 (1985)).

- "Fronden is still good law." Hardy, 126 Nev. Adv. Op. 49, 245 P.3d at 1154. 2003 and 2005 legislative amendments to NRS chapter 108 have not altered the validity of the prelien notice analysis previously announced by the Nevada Supreme Court. See generally, Hardy, supra.
- 10. "An owner who witnesses the construction, either firsthand or through an agent, cannot later claim a lack of knowledge regarding future lien claims." <u>Hardy</u>, 126 Nev. Adv. Op. 49, 245 P.3d at 1157 (citing, Fronden, supra).
- 11. A contract that is unambiguous shall not be the subject of parole evidence. "Under the parole evidence rule, extrinsic evidence cannot be introduced to aid the court in interpreting a contract unless the contract contains ambiguities." Margrave v. Dermody Properties. Inc., 110 Nev. 824, 829, 878 P.2d 291, 294 (1994)(internal citations omitted). "A contract is ambiguous when it is subject to more than one reasonable interpretation." Anyui, LLC v. G.L. Dragon, LLC, 123 Nev. 212, 215, 163 P.3d 405, 407 (2007)(emphasis added)(citing, Shelton v. Shelton, 119 Nev. 492, 497, 78 P.3d 507, 510 (2003)).
- 12. The Court finds that the contract admitted during the trial is clear on their face and unambiguous in its terms. The Court further finds that the terms of that contract contemplate Steppan being entitled to 20 % of 5.75 % of \$180,000,000.00 (the agreed upon estimated cost of service) at the conclusion of the SD phase. The Court finds by a preponderance of the evidence that the SD phase was completed. To interpret the contract in any other way would be unreasonable. Steppan would have to wait until the completion of all stages of the contract prior to determining the amount owed if the Court were to give the terms the meaning suggested by Illiescu. Further, that would place the

obligation to pay completely in the hands of the developer: should the developer abandon the project at any time the actual amount of construction would never be known, and Steppan would never be able to establish his lien amount. This is unreasonable. The parties agreed on an approximate amount as the basis for the services provided. Further, the Court finds that the parties contemplated an adjustment (up or down) depending on the actual cost of the completed development. The Court finds that the \$180,000,000.00 estimate to be conservative based on the testimony of the experts at the trial. The Court further finds that Steppan has proven the non-contract expenses by a preponderance of the evidence. Steppan is entitled to those sums as more fully set out in the Second Amended Notice and Claim of Lien filed with the Washoe County Recorder on November 8, 2013, and admitted during the trial as exhibit 3. Steppan has established that he is entitled to a mechanic's lien.

13. The Court finds by a preponderance of the evidence that Steppan has proven that Illiescu was aware of the third party services he was providing. Illiescu was in attendance during numerous presentations where the instruments of service containing Steppan's name were presented. He personally saw the instruments of service. Illiescu negotiated repeatedly for specific inducements in Wingfield Towers. Further, Illiescu knew that an architect would be employed to design Wingfield Towers. Illiescu signed affidavits giving Caniglia the right to negotiate on his behalf. While there was no pre-lien notice provided, none was required.

IT IS ORDERED, that the parties shall contact the Judicial Assistant for Department 10 within 5 days from the date of this ORDER to set a hearing to establish the final amount owed as a result of the mechanic's lien, to include applicable interest.

DATED this 28 day of May, 2014.

Palladio Condominium

Reno, NV

Turner is providing pre-construction and construction management-at-risk services on this 13-story, 225,000 sq. ft. condominium in Reno, Nevada, which features views of the Truckee River and the Sierra Nevada Mountains. BCN Development has completed three similar projects in Denver, Colorado, which prompted the City of Reno Redevelopment Agency to award the project to BCN. The post-tensioned concrete framed structure will include 92 residents with three-and four-bedroom units, swimming pool and retail shops on the ground floor. A parking garage is also included on a portion of the first four floors. Scheduling of this fast-track project includes use of several design/build subcontractors and phased occupancy.
