CLERK OF SUPREME COURT
DEPUTY CLERK

Fully explain why you believe you should be granted your request(s).
List and number each request.

This Motion is made for the following reasons:

It has been over five months since I've had my legal right to maintain an ongoing relationship with children and to do collaborative decisions as well as co parenting, per NRS 125.C.0.20. and NRS 125.C.0617 this one being that one violated by Mrs Arequina actions.

Per NRS 125.0615 I believe that I should be allowed to be present at the therapy sessions and have an input on the children's education, primary because of the lack of interest on their homework, this problem was presented to the court several times, now Carlos Adrian Ramirez (age 8) will have to attend summer school, I want to help with his homework and school projects, so he can be ready for the new grade.

On May 9th 2016, Mr. Bayer submitted a letter asking for the weekly phone call to be move to Mondays and also to change the hours of visitation with Carlos due to his summer school.

The Honorable Judge Russell

copies of this emailed to both parents.

This letter is to inform the Court that, per Lisa Yesitis, Ms. Arreguin met with the Ron Wood Center, set up last week's visit on Thursday, is scheduled to bring Eduardo for a visit with Mr. Ramirez on the 11th and then every other week ensuing on Wednesdays.

Mr. Ramirez points out that Wednesday was the same day as his phone call to the boys. He would like the phone call moved to Monday. I called and emailed Ms. Arreguin on this and have not heard back. The Court may wish to order the weekly call occur from Mr. Ramirez to Ms. Arreguin, as they have been doing, on Monday around 6:30pm.

Mr. Ramirez points out that Carlos' summer school days are shorter and suggests that his every other week time with Carlos begin at the end of the shorter, summer school day. He states that this is at 11:30am.

Respectfully submitted,

Chris Bayer,
CASA for Eduardo and Carlos.

FROM CASA- 12 DR1 00391 1B --Letter re Ramirez, cc to Court, Mr. Ramirez and Ron Wood Center. @Ramirez

Chris Bayer

Fri 5/13/2016 12:30 PM

To: Casa <casaofcc@earthlink.net>;

Ms. Arreguin, (cc. Carson City District Court, Mr. Javier Ramirez, Ron Wood Center)
May 13, 2016

I am sending you this email and am copying it to the District Court, Mr. Ramirez and the Ron Wood Center.

Eduardo was not provided for the scheduled visit with Mr. Ramirez on May 11. The Ron Wood Center tells me that, well in advance, they communicated that date with you—May 11, 4pm. My emails, phone calls and reports to the court (copied to you) included this date based on those planning efforts.

When you did not bring Eduardo to the Ron Wood Center on May 11, I contacted the Ron Wood Center and was again told that they had communicated that time and date with you, visits every other Wednesday following the one on May 11.

Yesterday, May 12, I spoke with you on the phone. You stated that you thought the Wednesday visits should start next week. I asked you to call the Ron Wood Center and clarify the time and date with them. The Ron Wood Center informed me that they have spoken with you today and have repeated to you that the next visit for Eduardo with Mr. Ramirez will be on May 25 and every other Wednesday after that.

I will be reporting to the Court whether that visit and ensuing visits occur on time. My belief is that you should pay to the Ron Wood Center the \$35 for the missed visit on May. 11 and the Court may wish to order that that occur.

Please contact me ahead of time if there are any problems.

Report to CASA
May 17, 2016
Eduardo and Carlos Ramirez

This report combines the April and May 2016 reports. Weekly therapy continues with the children. Over the course of early April, mother reported a dramatic increase in Enuresis issues with both children. Carlos was wetting the bed and Eduardo was wetting both the bed and himself. This continued for more than a week and finally began to taper down to a once or twice weekly problem. Efforts were made during therapy to identify any changes in the children's weekly routine at school or at home. Nothing in specific could be identified. Then in a therapy session only last week this writer changed tactics in asking about the children's lives. During the discussion both children, in separate and independent statements, identified that their father had begun asking them to ask this writer for more time and for overnight stays. Processed these experiences with the children. Suggested to the children that if their father asks them again that they say to him that this writer does not make this decision and that their father needs to talk with the judge. Both children appeared relieved with this answer.

It has also been revealed that Eduardo has been inconsistent with his homework over the past couple of months. Addressed this with Eduardo and suggested to mother that she speak with the teacher to get the missing homework and have Eduardo complete it as a consequence for his behavior. The patient's mother agreed. No academic problems have been identified for Carlos. It is recommended that weekly therapy continue with the children and for support of their mother.

Respectfully submitted,
