ELIZABETH A. BROWN
CLERK OF SUPREME COURT
BY J. Richards
DEPUTY CLERK

I've come to this court and asked this court
and the district court for my discovery and
was denied for years I've told every court
I had no evidence in my case no one would
believe it to me then I knew they had no serious
warrant and ~~any~~ convictions where I've gas,
my lawyer never had anything on the warrants
the state hid these 2 searches after the
first + search, The state never gave me nor
my lawyer this blurred picture and if they
did want justice why is a fuzzy picture
not investigated when there are 2 searches
at the same location After the first search
a lawyer (Jennifer Swartz) in another case after
9 1/2 years retrieved the fuzzy picture and it
was given to me after all this time the evidence
was right in front of me a November 23rd 2006
search warrant surrounded by November 6th 2006
properly **RECEIVED** trying to be passed off as a
November 10/2018 2006 search and seizure, I also learned
of the returns to the home, so I filed

ELIZABETH A. BROWN
CLERK OF SUPREME COURT
DEPUTY CLERK

18-18021

Immediately under new Evidence Because this
was all withheld from me I never knew this
existed, I also asked for this exculpatory evidence
material to this case those 2 other warrants
served at 1504 either drive after the first
search because they were used to commit the fraud
and been denied a full Brady violation, And
the State Blames me for being untimely when
I asked for my discovery, My lawyer was either
so ineffective he failed to investigate this
or the State knowingly withheld exculpatory
evidence and still is. I'm still trying to get
the 2 other warrants served at 1504 either
drive after the first search so I can prove
these warrants were used to commit fraud
and the State still denies me this exculpatory
material evidence, how can these warrants
not be material when I'm saying they had no
warrant and the only thing I do received after
9 1/2 years is a fudged up picture where the
date is tampered with, how can I be blamed
for being untimely or anything else when
I've filed for years begging for this
evidence, I've tried for years to get any evidence
in my case, I'm not a lawyer and have done
the best I could and have from the beginning tried
to get this, this is new evidence exculpatory
evidence illegally withheld from me, I beg this

③

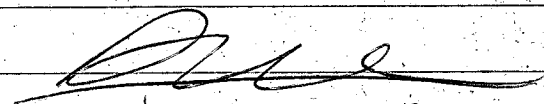

Court to Reverse this decision allow me to Be heard my new Evidence submitted and to have All 3 warrants served at 1507 either drive so I can show this court that a November 23rd 2006 Warrant was used to commit fraud on this court to illegally convict 2 persons and there property taken, one of those returns was ON December 14th 2006 061219-1289. On my first hearing Justice Silver who was visiting the Justice Court Alstrom was standing behind him saying thats my husbands Business you better never come to my court - I Believe the Business was (Land Baron), This was a Bad Decision I'm Being the Barred for my husband Being Ineffective and the State witholding this Favorable Evidence, Evidence I just Received and did exactly what I was suppose to do this material evidence which would OF Changed the outcome OF my case was illegally withold and there is Evidence still Being illegally withold, I'm still Being Denied illegally withold Exculpatory evidence material to my case to Bryan Ferguson case, These 2 other secret warrants have never Been Produced For myself nor Bryan Ferguson, Your Honor I have new Evidence which proves these warrants were Made By Fraud and I'm Being the Barred

Because of the State withholding this for over
9 years and my attorney in this case not getting
this, I have always said the warrants were no
good. But never had any evidence in my case until
a lawyer in another case got it, and this material
evidence exculpatory evidence was illegally withheld
from me. I had a lasso at the beginning. He tried
to get all the warrants and try freeze his bank account
and got him off my case and all the state appointed
lawyer never got anything never gave me anything
and it's not my fault the lawyers the state
appointed failed to do their job and it's not
my fault the state is and has illegally withheld
Brady material exculpatory evidence that I
should of had from the beginning.

Please Reverse this decision
allow me to produce my new evidence
for the court and have the state produce
all 3 warrants served at 1504 cutting
so I can prove my case this is exculpatory
evidence material to my case and bringing illegally
withheld stuff like the felonious picture and
new evidence I received.

Im doing
the best
I can
