*ORDER TO FILE AMENDED DOCKETING STATEMENT*

This is an appeal from a district court order granting a motion for partial summary judgment. The underlying district court case is consolidated with 16 other cases and appellant represents that more than 90 parties are involved. Given this complexity, we require the filing of an amended docketing statement that more specifically identifies the claims and parties involved in the district court action. Appellant shall have 30 days from the date of this order to provide this court with the following information in an amended docketing statement. In response to item 22, appellant should list all parties to the district court action in case number 08A571228 and a separate list of all the parties to the consolidated district court cases. In response to item 23, appellant should list all claims, counterclaims, cross-claims, and third-party claims raised by each party in case number 08A571228, including parties in intervention and claims for interpleader. Appellant should also list the date of disposition of each of these claims. As stated by item 27, appellant must attach copies of all orders or NRCP 41(a) dismissals formally resolving each claim,

counterclaim, cross-claim, and third-party claim. Failure to comply with this order may result in the imposition of sanctions.

It is so ORDERED.
