**JOURNAL ENTRIES**

- Mr. Gochmour argued the case needs to be consolidated to determine the appropriate lien priority among the lien claimants and to ensure all parties and entities are in the case. Mr. Jones argued consolidating the cases is premature and will only complicate issues with the sub-contractors and their mechanics liens, although this case would be appropriate for Business Court. Further, Mr. Jones argued the issue of trial is another complex issue, as his client has a clause in the contract stating matters to be handled by a non-jury trial and if the other parties demand a jury in the consolidation of the cases now, this would only increase the complexity. Mr. Meier argued the oppositions filed are by those companies who issues are not complex; however, these are complex issues and should all stay together. Ms. Woods and Mr. Dachelet opposed the consolidation of their cases. Further arguments by counsel. COURT ORDERED, Motion GRANTED IN PART as follows, the following cases shall be CONSOLIDATED; A574391, A574792, A577623, A583289, A584730, and A587168 and DENIED as to case A579963. FURTHER ORDERED, all cases TRANSFERRED to Business Court.

Becky Pintar, Esq., also present on behalf of Masonry Group.

Court stated he has a note that counsel for Fennemore Craig called and stated this would be continued.

As to Hydropressure Cleaning's Motion to Intervene and Tri-City Drywall's Joinder in Hydropressure Cleaning's Motion to Intervene and Tri-City Drywall's Request to Intervene: Ms. Maskas noted that Tri-City Drywall filed a joinder in the Motion to Intervene and has not received an Opposition; noted Tri-City Drywall filed their Statement of Facts in February, and joined the Motion to Intervene. Ms. Perkins stated she does not have any information to be heard. COURT ORDERED,

Joinder Motion GRANTED.

As to The Masonry Group Nevada's Motion to Intervene: Ms. Pintar referred to the Motions to Intervene; noted that on June 29, Department X issued an Order as to filing a Complaint for Intervention; and stated her Motion to Intervene can be taken off calendar as it appears that Department X granted that as to all parties. COURT ORDERED, motion MOOT.

As to Defts Camco Pacific Construction and Fidelity and Deposit Co of Maryland's Motion to Dismiss the Third Party Complaint of David Peterson Framing: Court noted no one is here from Fennemore Craig. Arguments by counsel as to there being no contract; letter dated December 8, 2008, by Janet Griffith; Affidavit from Peter Smith; and no claims against the project nor against Gemstone themselves. COURT ORDERED, matter taken UNDER ADVISEMENT to review the briefs.

Mr. Morris stated he renoticed the motion after the consolidation; noted there were other motions that were filed; and referred to the calendar. Following further colloquy, COURT ORDERED ruling RESCINDED; motion CONTINUED given the circumstances as to someone calling that this would be continued; and noted that if the Court decides to give it a special time, counsel will be notified by fax. Upon Court's inquiry, Mr. Morris stated it should not take long to argue. COURT ORDERED, rulings on the other motions to STAND.

Dennis Kersee, Credit Manager, present as representative of Lien Claimant S R Bray Corp Power Plus. Brian Keith Berman, Esq., present on behalf of Pltf. Ready Mix Inc.

Colloquy regarding both lien claimants now present who were not present at last hearing and those that were present last hearing who are not present this time. Mr. Hayes advised he will E-file a Notice of Appearance for his client in this matter. COURT NOTED to all present in Proper Person

that it cannot give legal advice of any kind or answer any legal questions. Colloquy regarding length of time needed for lien claimants to file any necessary documents.

COURT ORDERED lien claimants present on this matter have until 04/23/10 by 5:00 p.m. to file Statement of Claims and take any other appropriate action, otherwise claims will be DISMISSED; ALL liens from lien claimants named that were not present this day are EXPUNGED for failure to appear.

Mr. Meier to prepare Order with all affected entities listed.

COURT FURTHER ORDERED lien claimants present are responsible for preparing case management order. MATTER TRAILED.

MATTER RECALLED: Mr. Reade advised A584960 was not properly consolidated into the lead case (A571228) as it is not a lien claim and requested matter be deconsolidated. Colloquy.

As A584960 was consolidated into A571228 in ERROR, COURT ORDERED, A584960 DECONSOLIDATED and REMANDED back to its original department. MATTER TRAILED.

MATTER RECALLED: Mr. Dachelet now present. Arguments by counsel as to whether Pltf. COURT ORDERED Motion for Partial Summary Judgment GRANTED IN PART as to issues of lien perfection, unjust enrichment, and amounts ONLY; DENIED as to priority; Order to Show Cause to ISSUE against Gemstone Development Inc.

COURT NOTED it does not believe all lien claimants will have good reason for Summary Judgment as Atlas Construction did here, but depending on what happens next in this matter, the Case Management Order may need to be amended.

Mr. Dachelet to prepare Findings of Fact and Conclusions of Law for Summary Judgment. Colloquy regarding N.R.C.P. 60.

**JOURNAL ENTRIES**

- Court addressed matters under advisement, specifically for today, the outcome of the priority issue for Scott Financial. COURT FINDS, Scott Financial has standing to dispute mechanics' lien motions, amounts and priorities; its interests are adverse to lien claimants and all opposition has been taken

into account; as for the competing motions for summary judgment on priority, the decision in Bratcher v. Buckner, 90 Cal.App. 4th 1177 (2001) is not persuasive and Court does find Apco's argument persuasive that Mezzanine deeds of trust are behind the construction deeds; Court is not persuaded that partial subordination is operative. The lien claimants are in first priority and the basis will be spelled out in Court's written decision, which will also set forth amounts in detail. Mr. Meier requested the Court to set a status check after the Court's written decision has been issued. Mr. Gebhart raised the issue that there are motions which have been previously decided and other motions still pending; Court stated written decision will clarify those matters as they preceded the decision on Scott's standing to oppose; Court will include next status check date in the written order.

Court gave Mr. Gochnour Judge Delaney's Decision and Order regarding priority. Mr. Gochnour requested a Rule 16.1 conference to get discovery back on track. Mr. Gochnour noted there was a stay pending issuance of this order and that will have to be lifted.

Mr. Gochnour noted he has the order granting consolidation and it was submitted to counsel. Mr. Gochnour provided it to Court. Court reviewed it and returned it to Mr. Gochnour to resubmit after adding that the remainder of case stays in front of Judge Denton.

Court noted there are a number of summary judgment motions brought by lien claimants for perfection and amounts that it is her understanding Judge Delaney will be issuing orders granting: Custom Select Billings, Hydropressure Cleaning, Zitting Brothers, Insulpro Projects, CellCrete Fireproofing, Tri-City Drywall, Selectbuild Nevada, Las Vegas Paving, and Ferguson Fire and Fabrication. Mr. Shapiro asked if it is Las Vegas Pipeline instead of Las Vegas Paving. Mr. Gochnour noted Las Vegas Paving is not in this case. Court noted her list indicates Las Vegas Paving, but it probably should be Las Vegas Pipeline.

Court noted there are other outstanding motions regarding rank among lien claimants that may be re-filed in this department. COURT ORDERED, new 16.1 conference set. Deadlines will be coordinated then. Mr. Kessler asked if counsel is required to appear. Court noted it would be a good idea.

## DECISION

As threshold, there are no genuine issues of material fact.

### Facts:

1. Original Senior, Junior and Third Trust Deeds were recorded before any work began on the property on 7/5/06.
2. Work commenced 4/07.
3. Junior Trust Deed and Third Trust Deed amended 5/22/07 & 10/24/07.
4. Senior and Jr. Trust Deeds amended and renamed Mezzanine Trust Deeds 2/7/08.
5. Participation agreement provided the new money, not a new loan, always same lender, Scott Financial Corporation ( SFC ).
6. Subordination agreement signed to accommodate \$110 million construction funding.
7. Original Trust Deeds never released or reconveyed.

In all amendments to the Trust Deeds, the effectiveness of the original Trust Deeds was affirmed.

All notes and Trust Deeds were amended, not replaced.

The Subordination agreement is made only by the one and only lender, SFC and references only the borrower, Gemstone Development. There is no mention of the lien claimants or any other entity; they are not parties to it. The express purpose of the Subordination Agreement is to place the \$110 million Trust Deeds above the Mezzanine Trust Deeds in priority. The in all respects language in paragraph 1, page 2 modifies and references the \$110 million Trust Deeds in reference to the Mezzanine Trust Deeds, nothing else. The sub agreement pays the \$110 million note before anything on the Mezzanine notes.

### Reasons:

Per NRS 108.225, priority of liens gives priority to mechanic's liens behind those recorded before commencement of construction. \$38 mil in TDs was so recorded-first.

The fact that SFC obtained title insurance is not significant, this is a normal part of transaction.

Construing the subordination agreement on its own terms reveals no intent to do anything other than prefer the \$110 million Trust Deeds to the Mezzanine Trust Deed, original, Trust Deeds for payment. That intent would be contradicted by placing mechanic's liens in higher priority than the Construction Trust Deed. No intent to benefit a third party is expressed. The Scott affidavit is not necessary to reach this conclusion, the language of the agreement and the fact that substantial

construction financing was being brought in leads to this conclusion.

The Court adopts the reasoning of Bratcher v. Buckner. The lien claimants' priority is unchanged by the sub. agreement. This is both logical and fair. They were behind \$38 million when started their work and still are. To interpret the agreement otherwise would be to provide them with a windfall. They are not parties to the subordination agreement. They received the benefit of the construction funding.

Amsouth relies on the definition of subordination, saying it does not contemplate raising a lien in priority. The Bratcher case more accurately describes the problem as a circuitry of liens in that, discussing A, B, and C in order of priority, subordinating A to C does not result in subordinating A to B. Rather, A and C have switched places in priority but only to the amount of A's lien. B is neither benefitted nor burdened by this result. This reasoning was adopted by neighboring AZ in 2002 in Price Waterhouse v. Decca. This appears to be the majority view.

COURT ORDERED, Scott Financial's Reconsidered Motion For Partial Summary Judgment as to Priority of Liens is GRANTED. COURT FURTHER ORDERED, accordingly, Scott Financial Corporation's \$110,000,000.00 is in first position in the amount of \$38,000,000.00 only, the mechanic's liens are in second position, the remainder of Scott Financial Corporation's \$110,000,000.00 Trust Deed is in third position, and the Mezzanine Deeds of Trust are in fourth position.

At the request of Counsel, COURT ADDITIONALLY ORDERED, a STAY is GRANTED pending a Writ Petition to the Supreme Court, no Bond is required. COURT ORDERED, matter SET for a Status Check.

### JOURNAL ENTRIES

- Attorney Mr. Andrew J. Kessler bar No. 10640 participated by Court Call.

COURT NOTED, last week at the evidentiary hearing the Court determined the property which is incomplete is suffering waste, the longer the time that goes on because its a incomplete property the worse it will get. Mr. Jones brought the motion because he had a buyer for the property that was willing to pay \$18,000,050.00 and we had testimony from another interested party he was willing to pay \$21,000,000.00 Various arguments have been made if its possible to sell the property until a judgment has been made in the case. Court stated if the property is sold all the liens the claims will attach to the property, there is a appeal before the Supreme Court to determine who has priority in this case, the lien claimants or the lenders. Pending the determination by the Supreme Court, the proceeds from the sale of the property will be distributed to the successful party. In the meantime to have the property sit there subject to weather, vandalism its accumulating property taxes there is over \$1 Million in unpaid property taxes, the lenders have determine that since this case has been going on now for 4 years, they don't want to spend the money anymore to preserve the property; the property is now in offense condition. The property taxes isn't being paid, the insurance isn't being paid the collateral will not improve in a physical sense. In terms of fair market value, the appraiser testified the property is worth less than the amount of \$16,000,000.00 conclusion of the appraiser was he indicated this property will not improve in value, therefore, COURT ORDERED, SALE OF THE PROPERTY. rather to allow the determination to continue its better to sell the property now.

Mr. Berman stated there are reasons his clients are opposed to the sale, there are some lien claimants that are ready to take over this project. We would condition the approval of the sale, that is to be sent to a mandatory settlement conference. Mr. Berman suggested Senior Judge Stewart Bell for the settlement conference proceedings.

Mr. Meier stated they would be willing to participate in a settlement conference, that in order to have people ready to participate he will need 60 days.

Mr. Jones stated his client (Mr. Scott) is in favor of a settlement conference with the condition of an order from the Court it is going to sell this property in the near future. Mr. Ferrario stated he would agree to the sale of the property with the sale that was offered in court prior to this hearing taking place quickly, there is a buyer confirmed at \$21,500,000.00, we would also agree in the settlement conference and agree to Judge Bell presiding over the settlement conference. Further, Mr. Ferrario stated the process that was outlined in Mr. Jones motion is we would create the fund of \$21,500,000.00 and the liens would transfer to that fund.

Mr. Peel stated Apco's opposition to the sale going forward, the Court requested us to present a in-

camera review a proposal to the Court. Mr. Peel submitted in open court a copy of the proposal to the court. Mr. Peel advised his clients object to the sale of the property going forward the concerns are the process and the Court needs to follow the laws that exist in the mechanic's lien statute, we will agree to the sale subject to what is in the proposal.

Mr. Jones stated he is entitled to a copy of the proposal. Further, he understands the concerns of Mr. Peel to not publish the letter but, we need a copy and will keep it strictly confidential and not publish it to another party.

MATTER TRAILED.

MATTER RECALLED.

Mr. Peel stated he has had time to speak with his lien claimants and they are in the same position as stated in the proposal.

Mr. Gochmour stated we do not believe the Court has the authority to proceed with the sale of the property but will propose a settlement to allow a sale to go forward.

Mr. Peel stated what he presented to the Court was a confidential settlement proposal.

Mr. Kessler stated he also agrees with the terms of the proposal from the lien claimants.

Mr. Peel requested to have a Protective Order in place. COURT SO ORDERED. Mr. Peel to prepare Order.

FURTHER ORDERED, SETTLEMENT CONFERENCE. Parties to contact Judge Bell to start the process.

COURT ORDERED, STAY LIFTED, MATTER SET FOR HEARING.

Attorney Carter explained that difficulties were encountered with qualifying Bond Roc, document request were never followed up by Bond Roc. Attorney Carter stated the deal with WGH is a rock solid offer, and just waiting for a Court Order regarding the sale. Attorney Peel stated the basic terms are set, but there are few provisions that still need to be cleared up, noting the PSA was made void by the Court's prior Order, and the document will need to be reinstated by a new Court Order; the Amendment asks that a representative of the Lien Claimants sign the Amendment, and that is not going to happen; there is still contingency wording; and Scott Financial is signing as the First Priority Deed Of Trust Holder.

Attorney Meier further advised that it is the consensus of Counsel at the front tables, that there is not a reasonable likelihood that an auction would lead to a better offer. Attorney Ferrario indicated that the next step is to get in touch with the Title Company, and find out what they are going to require from the Court. Attorney Ferrario further advised they need to get a Title Commitment. Court ASKED of the parties present, if there were any objections to the sale proceeding. Attorney Berman and Stan Johnson stated they did not stipulate to the sale procedure, but want to go forward with the sale, and would not appeal a Court Order.

Attorney Peel addressed the Lien Claimants and parties off the record, and explained what has transpired,.

LATER: Hearing resumed. Attorney Gochmour requested a continuance to conduct more due

diligence, and make some direct inquiries.

Court CLARIFIED, it is not a question of are we going to sell the property, it is just "when" we are going to sell the property.

Attorney Meier stated that during the week, the Title issues could be addressed. Court ADVISED, it sees no need to put in the signature block Scott Financial being the first party lender. Court INVITED, anyone who had an objection to return next week, and anyone who sent a lawyer to speak on their behalf, does not need to be present next week. Colloquy regarding continuing the Mediation scheduled for Thursday. Attorney Meier advised there is a tentative replacement date of 11/28/12, and he will get Notice out to everyone about the Mediation not going forward on Thursday.

COURT ORDERED, matter CONTINUED.

pushed back on a couple of those changes so they will have to work it out. Mr. Meier noted there has also been a form of order that was agreed to by all parties, and he spoke with the title officer and they need to have order to send to underwriters to have them comment, and he expects they will want some changes that will necessitate further conversation. Court noted it has a list of the four people with an objection last time: Mr. Berman, Mr. Gochmour, Mr. Stan Johnson and Mr. Kessler. Mr. Gochmour advised he had concerns but is fine with everything at this point and Court can remove him from that list. Mr. Zimbelman and Mr. Gochmour noted it was made clear at the last hearing that those who have objections could come back after additional seven days to express concerns, but if they didn't come back their objections would not be pursued. Court noted now that Mr. Gochmour removed his name from the list, Mr. Berman is the only one here from that list. Mr. Berman noted his objection. Court advised the trial can be set for Mr. Berman's client right away. Upon Court's inquiry, Mr. Berman advised his case should take half a day. Mr. Gochmour noted the trial should be two days at the most. COURT ORDERED, trial date set on the October stack only for Ready Mix, Inc. Mr. Gochmour requested expedited discovery schedule of 15 days for discovery responses and one calendar week for deposition notices. COURT SO ORDERED. At Status Check: Disbursement of Sale Proceeds and any other Matters Remaining following the S. CT. Decision 131Nev., Adv. Op. 70, Court noted the matter came before it on April 14, 2016 regarding the proceeds of the sale, today's proceedings should have been vacated, but remained on calendar. Mr. Zimbelman stated he did not receive any notice of the hearing being vacated, noting some parties feel the case is over and for some it's not because they continue to have contract claims that were stayed while the parties pursued the lien claims.

Mr. Dobberstein noted a stay issued by Judge Scann while the Supreme Court hearing was pending and requested this Court allow him to proceed with their lien claims.

After hearing from Mr. Zimbelman and Mr. Dobberstein, the Court stated it would issue an order setting a status check with notice to all counsel. Additional comments made by counsel as to preparing a motion to lift the stay and obtaining a trial date. COURT SO NOTED.

PARTIAL SUMMARY JUDGMENT...APCO'S OPPOSITION TO RENEWED MOTION FOR  
PARTIAL SUMMARY JUDGMENT AND JOINDER THERETO; AND COUNTERMOTION TO  
DISMISS AND/OR FOR SUMMARY JUDGMENT AGAINST INSULPRO

Court queried counsel whether the motions on today's calendar should be referred to the Special Master.

Mr. Dobberstein argued why he opposed the motions going before the Special Master, noting the only thing that should be decided by the Special Master would be as to the responsibilities of Apco or

Camco.

Mr. Mounteer argued it would be best the motions go before the Special Master to work out any additional discovery issues and then they would be able to decide if there are any lien claims. Mr. Morris added that to his knowledge the only matters that have been decided are the claims against Gemstone and not the contractors. Further, Mr. Morris noted no opposition to the motions being referred to the Special Master. Additional comments by Mr. Mounteer as to the amount Insulpro is claiming.

Court stated that in its preparation, it appeared that having appointed a Special Master and given the subject matter that's involved, given the fact that there has been a foreclosure that has wiped out the junior liens, and given the fact that claims are still being made, it's important that the right hand knows what the left hand is doing, and ORDERED, motions REFERRED to the Special Master.

Mr. Juan to submit a proposed order after passing the same by opposing counsel.

Court noted the settlement conference scheduled September 21, 2017. Mr. Juan requested that the calendar call and trial be continued so the parties can proceed with settlement. Further, Mr. Juan stated that the only parties that should remain are those that have complied with the Special Master's questionnaire and have filed their pre-trial disclosures.

procedurally, and the Motion for Summary Judgment and Joinders being moved to October. Further, Mr Johnson noted his objection to the striking of his client's claims. Colloquy regarding parties left in the case with claims and proceeding with negotiations.

CONFERENCE AT BENCH: Court disclosed that the wife of its current Law Clerk, Andrew Lajoie, is the niece of Steven Morris. Counsel acknowledged their agreement to proceed in light of the Court's disclosure. Further, Court advised that Mr. Lajoie would be screened from this case.

Mr. Juan advised that at the settlement conference no global settlement was reached; however, progress was made with some. Further, Mr. Juan requested discovery be extended another 45 days to finish up depositions, which resulted in colloquy as to deferring the hearing on the motions pending depositions. Mr. Zeimbelman noted his opposition. COURT ORDERED, matter TRAILED for counsel to discuss the matter further.

MATTER RECALLED - Court noted that there are some different points as to what should happen relative to scheduling of trial and/or hearing the motions that are before the Court today. Mr. Juan advised that the key concern is for those who are opposed to having their clients deposed and the trial being delayed. Court advised the case could be placed on the November 28, 2017 stack, which lead to further discussion as to that date changing any of the parties' position, the case having a date certain on the stack, the amount of time trial would require, and the specific depositions that would be taken. It was estimated that each subcontractor would take a day.

After hearing from counsel, COURT ORDERED trial date SET November 28, 2017 at 9:00 am; new trial order to issue and a calendar call date will be set as well.

COURT FURTHER ORDERED that the Motions on today's calendar CONTINUED to November 16, 2017 at 9:00 am.

COURT FURTHER ORDERED that the deadline for taking depositions is October 30, 2017.

COURT FURTHER ORDERED that any motions in limine be filed by November 5, 2017 will be SET for hearing on November 16, 2017 at 9:00 am; no more motions for summary judgment can be filed.

Additional colloquy.

Mr. Juan to prepare and circulate an order reflecting what has been done today.

HAVING further reviewed APCO Construction, Inc.s Omnibus Motion in Limine and the Opposition thereto, coming before the Court on November 16, 2017 and then taken under advisement, the Court makes the following rulings:

The Court DENIES Motion in Limine No. 1 without prejudice to objections made to evidentiary proffers at trial that the Court can consider in context.

The Court GRANTS Motion in Limine No. 2 IN PART to the extent that it addresses parties which, as APCO puts it, have chosen not to participate in trial (Reply, p. 4, ll. 21-22), but it is DENIED IN PART as to parties which have participated.

The Court DENIES Motion in Limine No. 3 regarding unjust enrichment as it essentially seeks a summary adjudication without reference to any specific evidence. Furthermore, unjust enrichment is commonly pleaded in the alternative and its viability relates to development of the evidence.

The Court DENIES Motion in Limine No. 4 without prejudice to objections to specific evidence

proffered.

The Court DENIES Motion in Limine No. 5 without prejudice to objections to specific evidence proffered.

The Court GRANTS Motion in Limine No. 6 to the extent that it seeks to preclude witnesses who should have been, but were not, properly disclosed. Of course, making any such determination requires a witness-by-witness inquiry.

The Court GRANTS Motion in Limine No. 7 to the extent that it seeks to preclude evidence that should have been, but was not, properly disclosed. Of course, making any such determination will require an examination of the disclosure history of any specific evidence proffered.

Counsel for Helix Electric is directed to submit a proposed order consistent with the foregoing and which sets forth the underpinnings of the same. Such proposed order should be submitted to opposing counsel for review and signification of approval/disapproval. Instead of seeking to clarify or litigate meaning or any disapproval through correspondence directed to the Court or to counsel with copies to the Court, any such clarification or disapproval should be the subject of appropriate motion practice.

IT IS SO ORDERED.

Court noted having trial down for twelve (12) days, which Mr. Zimbelman thought would be a little light with the number of parties. Mr. Morris noted discussions had at the pre-trial conference as to how the trial would proceed with APCO going first and then CAMCO; advised the Court he would be out of the country January 8-22, 2018. Mr. Zimbelman stated counsel discussed proceeding

without Mr. Morris and the claims against CAMCO being set when he is available. Mr. Morris concurred, noting he did not have to be present for the APCO portion of the trial; colloquy.

Mr. Munteer addressed pending orders; advised APCO plans to file a motion for reconsideration on a few of those orders. Further, Mr. Munteer requested a trial setting on the February stack to allow the parties a chance to file motions and respond. Colloquy held between the Court and counsel regarding the age of the case, the case being a consolidated action, the current position of the parties, and proceeding with the trial in part.

On behalf of APCO, Mr. Jefferies requested the trial begin the latter half of January to get the motion for reconsideration in front of the Court for its review and for fairness to the parties. Mr. Jefferies further noted, that once the Zitting order is resolved counsel would be in a position to file the motion. Mr. Lai advised he received the final order earlier today.

Court queried counsel as to the parties having a settlement conference; however, no settlement conference was requested. COURT ORDERED, MATTER TRAILED.

MATTER RECALLED - COURT ORDERED, non-jury trial date SET Wednesday, January 17, 2017 at 10:00 am; pretrial memorandum due January 12, 2018 by 5:00 pm.

Mr. Tobler provided the Court with an amended order that APCO and Helix had consented to that pertained to the Omnibus Motion filed by APCO. Order SIGNED IN OPEN COURT and returned to counsel for processing.

01/17/2018 10:00 AM | NON-JURY TRIAL BEGINS

CLERK'S NOTE - This Minute Order was amended to reflect that Brad Slighting, Attorney for United Subcontractors, was present at calendar call.
