ARGUMENT

The Appellant ask of this court to reverse this conviction based on all the following facts within the Courts record. First the Appellant has ask the Eighth Judicial District Court and the Nevada Supreme Court to issue an order the Transcripts for Day 1, 2, and 8 of his trial at states expense due to his indigent Status, the Appellant does have an Informa Paupers on file in the EDDC which was granted. There was no reason that is logical for them to deny this unless there is no recording of these days, which means the state has no way to counter argue his arguement in the Appellants brief for grounds raised that occurred on those days. The jury was not properly sworn and Improper use of the allen Charge.

IF there is no recording of these days, where

at least one issued raised is a structural error and requires reversal under Barrel v. State, and NRS's 16.030, 16.070, 175.111. There is three (3) different Oaths that have to be administered to the Jury, one for the Voire dire, Impaneling of the jury, and the alternate jury oath. The alternate jury oath was not given and the oath administer to the jury at time of Impaneling was not given by the judge as required by law. With no transcripts on file and the courts refusing to order them for indigent inmate, due process violation, shows either ~~de~~ the appellatant is right or there is no recording of the proceeding, due process violation, which means this court should take Appellant's words as true in his brief.

CONCLUSION

The APPELLANT ask this court to grant his request for Summary Reversal and enter an order for new trial to begin with in 90 days or in the alternative reversal with dismissal with prejudice.
