Dear Prospective Juror:

You have been placed under oath. Please answer all questions truthfully and completely as though the questions were being asked of you in open court. You may be asked additional questions in open court during the jury selection process. Some of the questions asked in court may be similar to the questions included in the questionnaire. Every effort will be made to keep duplication of questions to a minimum.

All questions asked, either by way of this questionnaire or by way of oral examination, are intended to facilitate the selection of a fair and impartial jury to hear this case. The answers provided in response to the written questions will be made available to counsel for both the State and the defense. Your answers will also become part of the Court's permanent record and therefore, a public document. If you cannot answer a question, please leave the response area blank. During regular questioning by the court and the attorneys you will be given an opportunity to explain or expand upon any answers, if necessary.

To assist the Court and counsel in evaluating any knowledge you may have concerning this case, please read the brief synopsis of this case provided with this questionnaire. Because this questionnaire is part of the jury selection process, you must answer the questions under penalty of perjury and you must fill out the questionnaire by yourself. After you have completed filling out the questionnaire, please leave it with a jury assistant.

If you wish to make further comments regarding any of your answers, please do so on the last page of this questionnaire. If you need additional pages, please ask a jury assistant and they will be provided to you. As you answer the questions that follow, please keep in mind that every person is fully entitled to his or her own opinions and feelings, and that there is no right or wrong answers, only complete and incomplete answers. Complete answers are far more helpful than incomplete answers because they make long and tiresome questioning unnecessary, therefore, shortening the time it takes to select a jury.

Your answers will be used solely in the selection of a jury and for no other purpose.

ATTITUDES REGARDING THE DEATH PENALTY

- D. The death penalty.

The law requires that whenever the District Attorney seeks death as a possible punishment for a charge, prospective jurors may be asked to express their views on both the death penalty and the penalty of life in prison with or without the possibility of parole, and a term of years. Asking about your views at this time is a routine part of the procedure to be followed in all cases in which death is sought as a possible punishment.

35. Do you hold any strong moral or religious views toward the death penalty and its imposition?

Dear Prospective Juror:

You have been placed under oath. Please answer all questions truthfully and completely as though the questions were being asked of you in open court. You may be asked additional questions in open court during the jury selection process. Some of the questions asked in court may be similar to the questions included in the questionnaire. Every effort will be made to keep duplication of questions to a minimum.

All questions asked, either by way of this questionnaire or by way of oral examination, are intended to facilitate the selection of a fair and impartial jury to hear this case. The answers provided in response to the written questions will be made available to counsel for both the State and the defense. Your answers will also become part of the Court's permanent record and therefore, a public document. If you cannot answer a question, please leave the response area blank. During regular questioning by the court and the attorneys you will be given an opportunity to explain or expand upon any answers, if necessary.

To assist the Court and counsel in evaluating any knowledge you may have concerning this case, please read the brief synopsis of this case provided with this questionnaire. Because this questionnaire is part of the jury selection process, you must answer the questions under penalty of perjury and you must fill out the questionnaire by yourself. After you have completed filling out the questionnaire, please leave it with a jury assistant.

If you wish to make further comments regarding any of your answers, please do so on the last page of this questionnaire. If you need additional pages, please ask a jury assistant and they will be provided to you. As you answer the questions that follow, please keep in mind that every person is fully entitled to his or her own opinions and feelings, and that there is no right or wrong answers, only complete and incomplete answers. Complete answers are far more helpful than incomplete answers because they make long and tiresome questioning unnecessary, therefore, shortening the time it takes to select a jury.

Your answers will be used solely in the selection of a jury and for no other purpose.

Dear Prospective Juror:

You have been placed under oath. Please answer all questions truthfully and completely as though the questions were being asked of you in open court. You may be asked additional questions in open court during the jury selection process. Some of the questions asked in court may be similar to the questions included in the questionnaire. Every effort will be made to keep duplication of questions to a minimum.

All questions asked, either by way of this questionnaire or by way of oral examination, are intended to facilitate the selection of a fair and impartial jury to hear this case. The answers provided in response to the written questions will be made available to counsel for both the State and the defense. Your answers will also become part of the Court's permanent record and therefore, a public document. If you cannot answer a question, please leave the response area blank. During regular questioning by the court and the attorneys you will be given an opportunity to explain or expand upon any answers, if necessary.

To assist the Court and counsel in evaluating any knowledge you may have concerning this case, please read the brief synopsis of this case provided with this questionnaire. Because this questionnaire is part of the jury selection process, you must answer the questions under penalty of perjury and you must fill out the questionnaire by yourself. After you have completed filling out the questionnaire, please leave it with a jury assistant.

If you wish to make further comments regarding any of your answers, please do so on the last page of this questionnaire. If you need additional pages, please ask a jury assistant and they will be provided to you. As you answer the questions that follow, please keep in mind that every person is fully entitled to his or her own opinions and feelings, and that there is no right or wrong answers, only complete and incomplete answers. Complete answers are far more helpful than incomplete answers because they make long and tiresome questioning unnecessary, therefore, shortening the time it takes to select a jury.

Your answers will be used solely in the selection of a jury and for no other purpose.

ATTITUDES REGARDING THE DEATH PENALTY

The defendant in this case has been convicted with Two Counts of First Degree Murder with use of a deadly weapon. The Nevada State Legislature has determined that if a person is convicted of First Degree Murder, then a jury must further decide which of four possible punishments provided by law should be imposed. For each count of First Degree Murder a Defendant can be sentenced to four possible punishments which are: (each sentence would be doubled due to the deadly weapon enhancement)

- A. Definite term of 50 years with the possibility of parole after 20 years;
- B. Life imprisonment with the possibility of parole;
- C. Life imprisonment without the possibility of parole; or
- D. The death penalty.

The law requires that whenever the District Attorney seeks death as a possible punishment for a charge, prospective jurors may be asked to express their views on both the death penalty and the penalty of life in prison with or without the possibility of parole, and a term of years. Asking about your views at this time is a routine part of the procedure to be followed in all cases in which death is sought as a possible punishment.

Dear Prospective Juror:

You have been placed under oath. Please answer all questions truthfully and completely as though the questions were being asked of you in open court. You may be asked additional questions in open court during the jury selection process. Some of the questions asked in court may be similar to the questions included in the questionnaire. Every effort will be made to keep duplication of questions to a minimum.

All questions asked, either by way of this questionnaire or by way of oral examination, are intended to facilitate the selection of a fair and impartial jury to hear this case. The answers provided in response to the written questions will be made available to counsel for both the State and the defense. Your answers will also become part of the Court's permanent record and therefore, a public document. If you cannot answer a question, please leave the response area blank. During regular questioning by the court and the attorneys you will be given an opportunity to explain or expand upon any answers, if necessary.

To assist the Court and counsel in evaluating any knowledge you may have concerning this case, please read the brief synopsis of this case provided with this questionnaire. Because this questionnaire is part of the jury selection process, you must answer the questions under penalty of perjury and you must fill out the questionnaire by yourself. After you have completed filling out the questionnaire, please leave it with a jury assistant.

If you wish to make further comments regarding any of your answers, please do so on the last page of this questionnaire. If you need additional pages, please ask a jury assistant and they will be provided to you. As you answer the questions that follow, please keep in mind that every person is fully entitled to his or her own opinions and feelings, and that there is no right or wrong answers, only complete and incomplete answers. Complete answers are far more helpful than incomplete answers because they make long and tiresome questioning unnecessary, therefore, shortening the time it takes to select a jury.

Your answers will be used solely in the selection of a jury and for no other purpose.

Dear Prospective Juror:

You have been placed under oath. Please answer all questions truthfully and completely as though the questions were being asked of you in open court. You may be asked additional questions in open court during the jury selection process. Some of the questions asked in court may be similar to the questions included in the questionnaire. Every effort will be made to keep duplication of questions to a minimum.

All questions asked, either by way of this questionnaire or by way of oral examination, are intended to facilitate the selection of a fair and impartial jury to hear this case. The answers provided in response to the written questions will be made available to counsel for both the State and the defense. Your answers will also become part of the Court's permanent record and therefore, a public document. If you cannot answer a question, please leave the response area blank. During regular questioning by the court and the attorneys you will be given an opportunity to explain or expand upon any answers, if necessary.

To assist the Court and counsel in evaluating any knowledge you may have concerning this case, please read the brief synopsis of this case provided with this questionnaire. Because this questionnaire is part of the jury selection process, you must answer the questions under penalty of perjury and you must fill out the questionnaire by yourself. After you have completed filling out the questionnaire, please leave it with a jury assistant.

If you wish to make further comments regarding any of your answers, please do so on the last page of this questionnaire. If you need additional pages, please ask a jury assistant and they will be provided to you. As you answer the questions that follow, please keep in mind that every person is fully entitled to his or her own opinions and feelings, and that there is no right or wrong answers, only complete and incomplete answers. Complete answers are far more helpful than incomplete answers because they make long and tiresome questioning unnecessary, therefore, shortening the time it takes to select a jury.

Your answers will be used solely in the selection of a jury and for no other purpose.

Yes, wife's ~~car~~ car was broken into - never caught the criminal. There was not justice served. Also wife and I had \$1000 stolen out of our bank account via ATM fraud. Money was refunded by bank, but there is no process to catch the criminal. There needs to be a task force to catch identity thieves. They are getting away with it so easy. Justice was not served.

No
32. If the evidence shows that the victims in this case are of a different racial background than Marlo Thomas would that affect your ability to be fair and impartial? Please explain.
No, racial background has nothing to do with the crime. If he committed the murders, and the court has found that to be true, then he should be punished. (i.e. Death Penalty)

ATTITUDES REGARDING THE DEATH PENALTY

The defendant in this case has been convicted with Two Counts of First Degree Murder with use of a deadly weapon. The Nevada State Legislature has determined that if a person is convicted of First Degree Murder, then a jury must further decide which of four possible punishments provided by law should be imposed. For each count of First Degree Murder a Defendant can be sentenced to four possible punishments which are: (each sentence would be doubled due to the deadly weapon enhancement)

- A. Definite term of 50 years with the possibility of parole after 20 years;
- B. Life imprisonment with the possibility of parole;
- C. Life imprisonment without the possibility of parole; or
- D. The death penalty.

The law requires that whenever the District Attorney seeks death as a possible punishment for a charge, prospective jurors may be asked to express their views on both the death penalty and the penalty of life in prison with or without the possibility of parole, and a term of years. Asking about your views at this time is a routine part of the procedure to be followed in all cases in which death is sought as a possible punishment.

33. Do you belong to any organization that advocates the abolition or actively supports the death penalty? Yes _____ No ☒
If yes, what organizations: _____

34. Would you say that you are generally:

- a. in favor of the death penalty,
b. generally opposed to it,
c. would consider it in certain circumstances,
d. never thought about it.
e. oppose to it under any circumstances.

Please explain:

IF you killed someone, there is no reason to prolong
your life in jail where taxpayers have to foot your bill. More
people probably need to be killed in our prisons. I am not a
fanatic about this, its just more of an eye for an eye concept for me.
mental status would be an exception for me.

35. Do you hold any strong moral or religious views toward the death penalty and its imposition?
Please explain. NO

36. Are your beliefs about the death penalty such that you would automatically vote against the death penalty regardless of the facts and circumstances of the case. Yes _____ No ☒

Are your beliefs about the death penalty such that you would automatically vote for the death penalty regardless of the facts and circumstances of the case. Yes _____ No ☒

37. Are you open to considering all four forms of punishment depending on the evidence presented in a penalty phase?
Please explain. I am a rational person with logical thought
and I would be open to hear all four punishments. I just am somewhat
swayed toward death as being a viable and just punishment, however

38. In reaching a verdict in this penalty phase, you will be asked to consider mitigating circumstances, such as the Defendant's background, the Defendant's health, mental status, age, childhood experiences, education, etc.

Do you feel you would consider those types of factors.

Very Much _____ Not At All _____

Every effort will be made to keep duplication of questions to a minimum.

All questions asked, either by way of this questionnaire or by way of oral examination, are intended to facilitate the selection of a fair and impartial jury to hear this case. The answers provided in response to the written questions will be made available to counsel for both the State and the defense. Your answers will also become part of the Court's permanent record and therefore, a public document. If you cannot answer a question, please leave the response area blank. During regular questioning by the court and the attorneys you will be given an opportunity to explain or expand upon any answers, if necessary.

To assist the Court and counsel in evaluating any knowledge you may have concerning this case, please read the brief synopsis of this case provided with this questionnaire. Because this questionnaire is part of the jury selection process, you must answer the questions under penalty of perjury and you must fill out the questionnaire by yourself. After you have completed filling out the questionnaire, please leave it with a jury assistant.

Dear Prospective Juror:

You have been placed under oath. Please answer all questions truthfully and completely as though the questions were being asked of you in open court. You may be asked additional questions in open court during the jury selection process. Some of the questions asked in court may be similar to the questions included in the questionnaire. Every effort will be made to keep duplication of questions to a minimum.

All questions asked, either by way of this questionnaire or by way of oral examination, are intended to facilitate the selection of a fair and impartial jury to hear this case. The answers provided in response to the written questions will be made available to counsel for both the State and the defense. Your answers will also become part of the Court's permanent record and therefore, a public document. If you cannot answer a question, please leave the response area blank. During regular questioning by the court and the attorneys you will be given an opportunity to explain or expand upon any answers, if necessary.

To assist the Court and counsel in evaluating any knowledge you may have concerning this case, please read the brief synopsis of this case provided with this questionnaire. Because this questionnaire is part of the jury selection process, you must answer the questions under penalty of perjury and you must fill out the questionnaire by yourself. After you have completed filling out the questionnaire, please leave it with a jury assistant.

If you wish to make further comments regarding any of your answers, please do so on the last page of this questionnaire. Complete answers are far more helpful than incomplete answers because they make long and tiresome questioning unnecessary, therefore, shortening the time it takes to select a jury.

ATTITUDES REGARDING THE DEATH PENALTY

The defendant in this case has been convicted with Two Counts of First Degree Murder with use of a deadly weapon. The Nevada State Legislature has determined that if a person is convicted of First Degree Murder, then a jury must further decide which of four possible punishments provided by law should be imposed. For each count of First Degree Murder a Defendant can be sentenced to four possible punishments which are: (each sentence would be doubled due to the deadly weapon enhancement)

- A. Definite term of 50 years with the possibility of parole after 20 years;
- B. Life imprisonment with the possibility of parole;
- C. Life imprisonment without the possibility of parole; or
- D. The death penalty.

The law requires that whenever the District Attorney seeks death as a possible punishment for a charge, prospective jurors may be asked to express their views on both the death penalty and the penalty of life in prison with or without the possibility of parole, and a term of years. Asking about your views at this time is a routine part of the procedure to be followed in all cases in which death is sought as a possible punishment.

If yes, what organizations: _____

34. Would you say that you are generally:

- a. (a.) in favor of the death penalty,
b. generally opposed to it,
c. would consider it in certain circumstances,
d. never thought about it,
e. oppose to it under any circumstances.

Please explain:

I feel that if a life is taken
by another (not by accident) his or her
life should be forfeit.

35. Do you hold any strong moral or religious views toward the death penalty and its imposition?

Please explain.

kill people intentionally, should give
up their lives as punishment.

36. Are your beliefs about the death penalty such that you would automatically vote against the death penalty regardless of the facts and circumstances of the case. Yes ____ No X

Dear Prospective Juror:

You have been placed under oath. Please answer all questions truthfully and completely as though the questions were being asked of you in open court. You may be asked additional questions in open court during the jury selection process. Some of the questions asked in court may be similar to the questions included in the questionnaire. Every effort will be made to keep duplication of questions to a minimum.

All questions asked, either by way of this questionnaire or by way of oral examination, are intended to facilitate the selection of a fair and impartial jury to hear this case. The answers provided in response to the written questions will be made available to counsel for both the State and the defense. Your answers will also become part of the Court's permanent record and therefore, a public document. If you cannot answer a question, please leave the response area blank. During regular questioning by the court and the attorneys you will be given an opportunity to explain or expand upon any answers, if necessary.

To assist the Court and counsel in evaluating any knowledge you may have concerning this case, please read the brief synopsis of this case provided with this questionnaire. Because this questionnaire is part of the jury selection process, you must answer the questions under penalty of perjury and you must fill out the questionnaire by yourself. After you have completed filling out the questionnaire, please leave it with a jury assistant.

If you wish to make further comments regarding any of your answers, please do so on the last page of this questionnaire. If you need additional pages, please ask a jury assistant and they will be provided to you. As you answer the questions that follow, please keep in mind that every person is fully entitled to his or her own opinions and feelings, and that there is no right or wrong answers, only complete and incomplete answers. Complete answers are far more helpful than incomplete answers because they make long and tiresome questioning unnecessary, therefore, shortening the time it takes to select a jury.

Your answers will be used solely in the selection of a jury and for no other purpose.

Dear Prospective Juror:

You have been placed under oath. Please answer all questions truthfully and completely as though the questions were being asked of you in open court. You may be asked additional questions in open court during the jury selection process. Some of the questions asked in court may be similar to the questions included in the questionnaire. Every effort will be made to keep duplication of questions to a minimum.

All questions asked, either by way of this questionnaire or by way of oral examination, are intended to facilitate the selection of a fair and impartial jury to hear this case. The answers provided in response to the written questions will be made available to counsel for both the State and the defense. Your answers will also become part of the Court's permanent record and therefore, a public document. If you cannot answer a question, please leave the response area blank. During regular questioning by the court and the attorneys you will be given an opportunity to explain or expand upon any answers, if necessary.

To assist the Court and counsel in evaluating any knowledge you may have concerning this case, please read the brief synopsis of this case provided with this questionnaire. Because this questionnaire is part of the jury selection process, you must answer the questions under penalty of perjury and you must fill out the questionnaire by yourself. After you have completed filling out the questionnaire, please leave it with a jury assistant.

If you wish to make further comments regarding any of your answers, please do so on the last page of this questionnaire. If you need additional pages, please ask a jury assistant and they will be provided to you. As you answer the questions that follow, please keep in mind that every person is fully entitled to his or her own opinions and feelings, and that there is no right or wrong answers, only complete and incomplete answers. Complete answers are far more helpful than incomplete answers because they make long and tiresome questioning unnecessary, therefore, shortening the time it takes to select a jury.

Your answers will be used solely in the selection of a jury and for no other purpose.

ATTITUDES REGARDING THE DEATH PENALTY

The defendant in this case has been convicted with Two Counts of First Degree Murder with use of a deadly weapon. For each count of First Degree Murder a Defendant can be sentenced to four possible punishments which are: (each sentence would be doubled due to the deadly weapon enhancement)

- A. Definite term of 50 years with the possibility of parole after 20 years;
- B. Life imprisonment with the possibility of parole;
- C. Life imprisonment without the possibility of parole; or

Dear Prospective Juror:

You have been placed under oath. Please answer all questions truthfully and completely as though the questions were being asked of you in open court. You may be asked additional questions in open court during the jury selection process. Some of the questions asked in court may be similar to the questions included in the questionnaire. Every effort will be made to keep duplication of questions to a minimum.

All questions asked, either by way of this questionnaire or by way of oral examination, are intended to facilitate the selection of a fair and impartial jury to hear this case. The answers provided in response to the written questions will be made available to counsel for both the State and the defense. Your answers will also become part of the Court's permanent record and therefore, a public document. If you cannot answer a question, please leave the response area blank. During regular questioning by the court and the attorneys you will be given an opportunity to explain or expand upon any answers, if necessary.

To assist the Court and counsel in evaluating any knowledge you may have concerning this case, please read the brief synopsis of this case provided with this questionnaire. Because this questionnaire is part of the jury selection process, you must answer the questions under penalty of perjury and you must fill out the questionnaire by yourself. After you have completed filling out the questionnaire, please leave it with a jury assistant.

If you wish to make further comments regarding any of your answers, please do so on the last page of this questionnaire. If you need additional pages, please ask a jury assistant and they will be provided to you. As you answer the questions that follow, please keep in mind that every person is fully entitled to his or her own opinions and feelings, and that there is no right or wrong answers, only complete and incomplete answers. Complete answers are far more helpful than incomplete answers because they make long and tiresome questioning unnecessary, therefore, shortening the time it takes to select a jury.

Your answers will be used solely in the selection of a jury and for no other purpose.
