32 (Thirty-three.)
33
34 Altamirano: ¿Treinta y tres? Around thirty-three.
35 (Thirty-three?)
36
37 Chalmers: So that would've been around twelve years ago. That would be 2000...where we
38 at...2015, so that would be further back.
39
40 Altamirano: So usted tiene treinta y tres. Tenía como veinte desde entonces. ¿Es como doce años de
41 diferencia, so ahorita doce menos 2015 sería como 2002, verdad?
42
43 (So you're thirty-three. You were like twenty around that time. It's about twelve years

Narrative

INITIAL NOTIFICATION

On Thursday, September 23, 2004, at approximately 1640 hours Lieutenant Ron DONNELLY notified me, in person, of a death investigation that was taking place by patrol officers at 624 Quincy St. Lieutenant DONNELLY told me that the death appeared to be suspicious and the deceased was a young white female. Lieutenant DONNELLY told me that Detective JENKINS was driving, Travis MILLER, the person who discovered the deceased, to the police station for an interview.

HOT PROWL REPORT

I began researching Travis MILLER, Kyla ANNAN, and 624 Quincy St in the Tiburon system. I learned that MILLER and ANNAN had reported a "hot prowl" residential burglary report on September 13, 2004. The case was

documented under Reno police case number 04-35206.

I learned MILLER and ANNAN were both sleeping in the same bed when MILLER was awoken about 0020 hours by a subject touching his face. MILLER woke up and observed the silhouette of a subject running through the house. MILLER reported the subject exited the rear door of the residence.

MILLER and ANNAN searched the home and yard, but did not locate any suspects or any obvious missing items. MILLER and ANNAN located two shirts, a blue collared short sleeve button-up shirt and a white tank top undershirt, in the residence that were not there when they went to bed. The blue shirt, size medium, was located on a sewing mannequin in the rear of the residence. The white tank top, size extra large, was located at the foot of the bed.

Both shirts were collected by patrol officers.

The officers also indicated that the rear door was left un-locked. Several windows were also left un-locked and several were standing open. The officers indicated the screens were missing from several of the windows at the time of that report.

INTERVIEW WITH TRAVIS MILLER

DISSEMINATION RESTRICTED TO CRIMINAL JUSTICE AGENCIES ONLY
SECONDARY DISSEMINATION IS PROHIBITED

At approximately 1708 hours I met with Detective JENKINS and Travis MILLER in interview room #2 at the main police station. Detective JENKINS and I interviewed MILLER about his relationship with the victim. Please see Detective JENKINS report for further information regarding this interview.

INTERVIEW WITH DUSTIN CHRISTIANSEN

Following the interview with MILLER Detective JENKINS called Dustin CHRISTIANSEN, Travis MILLER's roommate, and asked him if he would meet us at the police station for an interview.

At approximately 1910 hours Detective JENKINS and I met with CHRISTIANSEN in interview room #1 at the main police station. Detective JENKINS and I questioned CHRISTIANSEN about his knowledge of ANNAN and the relationship between MILLER and ANNAN. Please see Detective JENKINS report for further information regarding this interview.

WALK THROUGH OF THE CRIME SCENE AT 624 QUINCY STREET

After the interviews with MILLER and CHRISTIANSEN, Detective JENKINS and I drove to 624 Quincy St. I entered the crime scene where Detective HOPKINS, the scene detective, walked me through the scene. I observed ANNAN lying on a bed in the west bedroom. ANNAN was wearing a denim skirt/dress which was raised, exposing the lower portion of her body including her genitals. I noticed ANNAN was not wearing panties. ANNAN was wearing a yellow tank top, however, the thin straps were draped over her shoulders. I observed what appeared to be bruising on the front of ANNAN's neck/throat area. Please see Detective HOPKINS report for further information and documentation of the crime scene.

CONTACT WITH JUSTIN BROWN

On September 23, 2004 at about 2030 hours I observed Justin BROWN park a 1981 Datsun 280Z (Nv: ZTF) along the west curb line of Quincy St. in front of 628 Quincy St.

This vehicle was similar to the vehicle that Shannon ITHURBURN had observed a male visitor of ANNAN's driving. ITHURBURN had reported that ANNAN's friend's 280Z had a personalized license plates with three characters.

I approached BROWN who exited the vehicle while smoking a cigarette. BROWN told me he did not know ANNAN. I observed BROWN discard the cigarette butt. Detective JENKINS and I spoke to BROWN for a few moments and completed a canvass report. BROWN walked away from his vehicle and entered his residence.

At about 2040 hours I picked up the cigarette butt and placed it into an evidence bag. Detective JENKINS ultimately booked the cigarette butt into evidence. I requested the cigarette butt be processed for DNA.

INTERVIEW WITH VICKI ANN HUNT

Following the crime scene walk through, I was introduced to Charles SIMS and Vicki HUNT, the residents of 612 Quincy St. SIMS and HUNT both agreed to respond to the police station for an interview. Detective JENKINS drove SIMS, HUNT, and I to the police station. Detective JENKINS interviewed SIMS, while I interviewed HUNT.

The interview with HUNT was audio tape and video tape recorded. The following is simply a synopsis of the interview. For further information, please review the audio and/or video cassette tapes.

I met with HUNT in interview room #2 at the Reno Police station at about 2125 hours. HUNT told me the following:

She has known ANNAN since she moved into the residence at 612 Quincy St. on July 19, 2003. ANNAN had lived at 612 Quincy St. before moving into 624 Quincy St.

She had not seen or spoken to ANNAN for the past two months.

HUNT said the green Kia, parked at 624 Quincy St., belonged to ANNAN, but that the red vehicle parked in the drive way had not been moved since she lived there. HUNT had seen someone at ANNAN's Kia about three weeks earlier.

HUNT said she had seen a white vehicle, similar to a Ford Thunderbird, parked in the driveway for an extended period of time. HUNT said the white vehicle was removed about a month earlier. HUNT told me she had witnessed a lot of vehicle traffic at ANNAN's home.

HUNT told me she believed ANNAN's boyfriend is named "Justin". She described Justin as a white male approximately 5'10" tall, fit build, between 24 and 27 years of age with an eye brow piercing. HUNT believed Justin drove a black Datsun 280Z with a three letter license plate. HUNT has not seen Justin for approximately two months.

HUNT told me about another male who had knocked on her door, about one and a half months earlier, and asked for ANNAN. HUNT described this person as a white male approximately 6'-6'1" tall and told me he drove a tan or gold four door sedan. HUNT said the male walked to ANNAN's house, entered the home, and left about twenty minutes later.

HUNT said that she had not seen much activity at ANNAN's house during the past month. HUNT told me she noticed the rear shed door had been left open for the past ten days.

The interview with HUNT ended at approximately 2145 hours.

After the interview Detective JENKINS drove HUNT and SIMS back to the 600 block of Quincy St.

INTERVIEW WITH RUBEN TIRADO

At approximately 2207 hours Ruben TIRADO approached Detective JENKINS and I in the 600 block of Quincy St. and asked about the police activity. Detective JENKINS and I interviewed TIRADO in Detective JENKINS unmarked police vehicle in the 600 block of Quincy St. Please see Detective JENKINS report for further information regarding this interview.

INTERVIEW WITH PATRICK COOK

At approximately 0030 hours I received a telephone call from Detective HOPKINS who told me that ANNAN's ex-fiance was at 624 Quincy St. I met with Patrick COOK who agreed to respond to the police station for an interview.

The interview with COOK was audio tape and video tape recorded. The following is simply a synopsis of the interview. For further information, please refer to the audio and/or video cassette tapes.

At approximately 0050 hours I met with COOK in interview room #2 at the main Reno police station. COOK told me the following:

He met ANNAN approximately five years earlier while working at the Men's Club topless cabaret as a disc jockey. COOK said ANNAN was working as a dancer.

Shortly after meeting ANNAN, she moved to Los Angeles, California with her boyfriend Brian. ANNAN moved back to Reno in August or September of 2002, however, Brian stayed in Los Angeles. Brian was later identified as Brian FERRILL.

COOK began dating ANNAN in November of 2002 and maintained a steady relationship with ANNAN until February of 2003. ANNAN told COOK that she needed to be by herself and needed to find herself when she ended the relationship. (This was a similar statement to what ANNAN told MILLER Friday night, September 17.)

COOK said he maintained a close friendship with ANNAN after the dating relationship ended.

A few weeks after the relationship ended, ANNAN borrowed money from COOK to pay her power bill.

COOK described ANNAN as being manic depressive and bipolar. ANNAN was treated as an outpatient at Nevada Mental Health and was prescribed Zoloff and Lithium to treat her mental illness.

COOK said ANNAN "partied" a lot and would frequently use marijuana, methamphetamine or cocaine, and would consume alcohol.

The last time COOK was with ANNAN was on September 6, 2004. COOK bought dinner from Arby's and delivered it to ANNAN's home at about 2130 hours. COOK left at about 2230 hours.

ANNAN started working as a topless dancer at Men's Club in September 2002 and quit in January of 2004. ANNAN worked as a topless dancer at the Wild Orchid topless cabaret from January 2004 until July of 2004. COOK said ANNAN left the Wild Orchid and became a pre-school teacher.

COOK had referred Matt MARKLE to ANNAN in early September. MARKLE is an ex-Men's Club employee who sells life insurance. COOK received a telephone call from ANNAN the weekend of September 18 and 19 asking about the referral. This telephone call was the last time COOK spoke to ANNAN.

COOK identified ANNAN's last boyfriend as Matt who is a boxer at the University of Nevada, Reno. COOK described Matt as a white male with red hair, 5'6"-5'7" with a muscular build. COOK had seen Matt in a red and grey full size older Ford Bronco.

COOK told me ANNAN's best friend is Julia HURST. ANNAN and HURST would attend the farmer's market in Sparks every Thursday night. COOK said the red car parked at ANNAN's house belongs to HURST.

COOK told me ANNAN allowed another male friend to store a white vehicle at her home. COOK believed the

male friend to be from Las Vegas. This male friend also had property stored in the shed behind ANNAN's home. I later identified this person to be Nick MORENO.

COOK also provided me with the names "Russ" and "Kenny" who were close friends with ANNAN. (These people would later be identified as Russel ST. CLAIRE and Kenny CAMERON.

On September 24, 2004 at about 1414 hours COOK met me at the main Reno police station and provided me with oral DNA swabs at my request.

AUTOPSY OF KYLA ANNAN

On September 24, 2004 at approximately 0910 hours I attended the autopsy of Kyla ANNAN at the Washoe County Coroner's Office. The autopsy was performed by Forensic Pathologist Dr. Christie ELLIOTT and Deputy Coroner Karen BROWN. The autopsy was also attended and documented by Washoe County FIS Sergeant Dave BILLAU.

I learned ANNAN was 5'3" tall and weighed 117 pounds at autopsy. ANNAN was wearing a yellow tank top, black bra, and a LEI denim skirt. The denim skirt was un-buttoned and un-zipped. The skirt was also torn along a seam. The tear had several loose threads attached and appeared to have been torn very recently. The yellow tank top had a large red stain in the area of the left breast, that appeared to be blood. I observed a multi colored tank top that appeared to have been tangled around ANNAN's right arm. All of the items of clothing were ultimately collected by Sergeant BILLAU.

Sergeant BILLAU located a medication pill divider, a pink tablet, and a quarter in the right rear skirt pocket.

I observed a green leaf adhered to ANNAN's exposed right hip area. This leaf did not match any plants in the bedroom where ANNAN was found. I observed plants in the living room and kitchen with similar leaves.

Paper bags had been placed on ANNAN's feet and hands at the scene. Those bags were removed and collected by Sergeant BILLAU. When the bags were removed I observed a silver colored heart shaped locket ring on ANNAN's left middle finger. I observed a silver braided ring on ANNAN's right ring finger. Sergeant BILLAU collected both rings, as well as a genital ring piercing.

Dr. ELLIOTT scraped under each fingernail placing the scrapings from the left hand and right hand into individual envelopes. Dr. ELLIOTT then cut each fingernail and placed the fingernail cuttings from the left hand and right hand into individual envelopes.

After the clothes were removed, I observed a mark on ANNAN's right breast that appeared to be teeth impressions from a bite. I also observed what appeared to be minor abrasions on ANNAN's left breast. I asked Dr. ELLIOTT to swab ANNAN's left breast and right breast.

I asked Dr. ELLIOTT to swab the area of obvious injury to ANNAN's neck.

A small stain was observed on ANNAN's left ring finger. Dr. ELLIOTT collected a swab from the area of the stain.

Sergeant BILLAU collected all of the swabs.

A sexual assault evidence kit was performed on ANNAN's body. Dr. ELLIOTT had responded to the scene and performed vaginal and rectal swabs the previous night, before ANNAN's body was moved.

I observed massive peticial hemorrhaging in both of ANNAN's eyes.

Dr. ELLIOTT identified an abrasion on ANNAN's inner lip and a slight abrasion on ANNAN's nose. Dr. ELLIOTT commented that the abrasion on the nose was possibly an artifact of smothering.

I observed several contusions and abrasions on ANNAN's body. The majority of the abrasion and contusions were on the front and back ANNAN's legs and feet.

I observed what appeared to be a patterned injury on ANNAN's right shin area. The injury appeared to be a

combination of abrasions and contusions. This injury appeared to be consistent with a metal heater grate that I had observed in the living room of ANNAN's home.

Dr. ELLIOTT noted a contusion on the top of ANNAN's left hand.

Dr. ELLIOTT noted sub-galeal hemorrhaging in the left and right temple areas of ANNAN's head.

I observed contusions, measuring approximately one quarter of an inch by one and one quarter of an inch on the right side of ANNAN's throat. I observed a second contusion, measuring approximately two inches by one inch on the left side of ANNAN's throat. The visible injuries appeared to be consistent with a right handed "C" clamp type of choke. The injury on the right side of ANNAN's neck appeared consistent with a single finger, while the left side of ANNAN's neck appeared consistent with several fingers.

I did not see any evidence of ligatures or direct frontal pressure as a result of a foreign object being used to assist with the strangulation.

Dr. ELLIOTT noted hemorrhaging to ANNAN's mastoid muscle and sterno thyroid muscle. Dr. ELLIOTT told me the thyroid cartilage was intact, however, the hyoid was fractured in two places on the right side.

At the conclusion of the autopsy Dr. ELLIOTT informed me that the manner of death would be classified as Murder, and the cause of death was Manual Strangulation.

LIST OF TELEPHONE CALLS FROM ANNAN'S CELLULAR TELEPHONE

Detective HOPKINS and Detective MASON collected ANNAN's cellular telephone from the crime scene. Detective MASON informed me that the cellular telephone battery had expired. On Friday, September 24, Detective MASON located a cellular telephone charger for ANNAN's cellular phone and established a list of incoming, missed, and outgoing telephone numbers which included dates and times. Detective MASON also established a list of names and numbers that were listed in the phone book section of the cellular telephone.

Detective HOPKINS collected a couple of phone books from ANNAN's residence. Detective HOPKINS compiled the information from the cellular telephone and phone books on a three page spread sheet which is attached to this case.

ANNAN did not have residential telephone service and it appears the only telephone service ANNAN had was the cellular telephone.

INTERVIEW WITH AMY JO YOSCOVITCH AKA "NEVIAH"

Patrick COOK called me and told me that ANNAN was close friends with a female named Amy YOSCOVITCH, who uses a stage name of "Neviah". COOK provided me with a telephone number for YOSCOVITCH.

I called YOSCOVITCH on her cellular telephone and told her about ANNAN's death. YOSCOVITCH told me she had not been notified of the death and agreed to meet me at the Reno police station for an interview.

The interview with YOSCOVITCH was audio tape and video tape recorded. The following is simply a synopsis of the interview. For further information please refer to the audio and/or video cassette tape.

At approximately 1545 hours I met with YOSCOVITCH in interview room #1 at the main Reno police station. YOSCOVITCH told me the following:

She has known ANNAN for approximately two years and met her while they were both working at the Men's Club.

Although YOSCOVITCH did not know where ANNAN lived, she provided me with ANNAN's cellular telephone number; 379-0645.

YOSCOVITCH had not talked to ANNAN for approximately one month. YOSCOVITCH last saw ANNAN at the Wild Orchid, where they were both working at the time. YOSCOVITCH described ANNAN as being very excited

about her new job at a day care.

I asked YOSCOVITCH about ANNAN's dating history. YOSCOVITCH was aware that ANNAN was dating "Pat", a disc jockey from the Men's Club, but that relationship ended about a year before the date of this incident.

ANNAN had told her that she had just broken up with her boyfriend, possibly named Matt or Justin. YOSCOVITCH described the most recent boyfriend as a white male with blond hair. YOSCOVITCH said ANNAN was very upset about the recent break-up.

YOSCOVITCH told me that ANNAN had a lot of problems with depression which was treated with prescribed medicines. YOSCOVITCH also said that ANNAN consumed a lot of alcohol, and would use marijuana.

The only other people that YOSCOVITCH knew ANNAN spoke with was a girl named Tommi, who uses the stage name "Misery", and Jacqueline ESCAMILLA.

I asked YOSCOVITCH if her brother (Buddy YOSCOVITCH) had ever met ANNAN, she told me the two never knew each other.

DNA FROM GLEN BRANDON SMITH

At approximately 1655 hours Detective FOGARTY met with Glen Brandon SMITH, roommate of Mathew SWART. Detective FOGARTY interviewed SMITH and obtained consensual oral DNA swabs.

I booked the DNA swabs into evidence and requested a profile be obtained from the swabs.

Please see Detective FOGARTY's report for further information regarding SMITH's interview.

PHOTOGRAPHS FROM THE CRIME SCENE

The scene detectives collected photographs of three different males from ANNAN's residence. The photographs were ultimately shown to ANNAN's parents who identified the subjects depicted in the all of the pictures except one male wearing all black clothing having a "Gothic" appearance. Please see Detective FOGARTY's report for further information regarding the photographs and the identifications.

The man with the "Gothic" appearance is pictured in a residence with a "bowl" style hair cut. ANNAN's parents told me they believed, based on the furniture, that the photographs were taken at ANNAN's old home at 612 Quincy St. ANNAN's parents estimated the photographs to be at least one year old based on the fact that the pictures were taken at the previous residence.

This photograph was shown to every person I identified as knowing ANNAN during this investigation, however, none of them recognized this subject.

On September 29, 2004 the picture of the unidentified man was released to the media in an attempt to identify him. Several secret witness tips were received and will be documented later in this report, however, this person has not been identified at the time of this report.

INTERVIEW WITH KELLY CAMPBELL AKA "TOMMI" AKA "MISERY"

Based on YOSCOVITCH identifying Tommi CAMPBELL as a friend of ANNAN's, I called her and scheduled to meet her on Friday, September 24 in the evening.

At approximately 1905 hours Detective JENKINS and I met CAMPBELL at 1100 Dennison in Reno. CAMPBELL told us the following:

CAMPBELL takes her daughter to Golden Goose pre-school, where ANNAN had been working for the past month. CAMPBELL last spoke to ANNAN on Friday, September 17, 2004 at the school. CAMPBELL said most of

her communications with ANNAN were done on the telephone and not in person at the school.

CAMPBELL had recently talked to ANNAN about paying her to watch/baby sit her daughter during the evening/night hours.

ANNAN had recently told CAMPBELL that she was having "bad boyfriend problems". CAMPBELL never heard a name associated with ANNAN's boyfriend and did not know how long they had been dating. CAMPBELL told me she had never seen the boyfriend, but that ANNAN would simply talk about the situation.

ANNAN would continuously make plans with CAMPBELL, but then break the plans at the last minute. ANNAN would cite the boyfriend problems as the reason for the sudden cancelation of plans.

CAMPBELL estimated that ANNAN had first told her about the break up with her boyfriend about three or four weeks earlier.

CAMPBELL was the only person who described ANNAN as being un-happy recently. CAMPBELL described ANNAN as having a "battered woman look" recently.

INTERVIEW WITH MATT LAWRENCE MARKLE

During the processing of the crime scene, Detective HOPKINS told me about a form he had located in ANNAN's residence for a life insurance application listing ANNAN's name and the name Matt MARKLE. The form was dated September 14, 2004. Pat COOK had previously told me that he had referred MARKLE to ANNAN for the purpose of obtaining life insurance.

At approximately 2215 hours I called a telephone number located in ANNAN's cellular telephone for Matt MARKLE and asked him if he would meet me at the police station for an interview.

The interview with MARKLE was audio tape and video tape recorded. The following is simply a synopsis of the interview. For further information, please review the audio and/or video cassette tapes.

At approximately 2240 hours Detective JENKINS and I met with MARKLE in interview room #2 at the main Reno police station.

MARKLE said he previously worked at the Men's Club as a valet employee and a bouncer. MARKLE currently works at American Income Life and sold a policy to Pat COOK who referred him to ANNAN.

MARKLE met with ANNAN, at her residence, at about 2030 hours on September 14, 2004. MARKLE said ANNAN was expecting a friend, who arrived towards the end of their meeting. MARKLE provided a description that matched Travis MILLER, and later confirmed the man who arrived at ANNAN's residence to be Travis MILLER by identifying his photograph from a photographic array. MILLER had also mentioned seeing an ex-Men's Club employee at ANNAN's residence that matched MARKLE's description during his interview. MARKLE said MILLER was dropped off by a tan older vehicle.

ANNAN told MARKLE that someone had broken into her home a few days earlier and tried to touch her. ANNAN told MARKLE that she woke up and the person ran out of her residence. MARKLE described ANNAN as being "freaked out" by the incident. MARKLE confirmed with me that ANNAN had not told him anything about MILLER being in the residence during the incident and made it appear she was alone when the incident occurred.

MARKLE described ANNAN's house as very cluttered and messy during his September 14, 2004 visit.

ANNAN gave MARKLE two referrals, Julia HURST and Russell St. CLAIRE.

At the conclusion of the interview, we requested a voluntary DNA sample from MARKLE. He agreed to provide the sample and signed a DNA consent form. At approximately 2310 hours MARKLE provided me with two oral DNA swabs. I booked the swabs into Reno police evidence.

INTERVIEW WITH MICHELLE LISA PAULSEN

On September 25, 2004 at about 1300 hours I received a telephone call on my cellular telephone from Michelle PAULSEN who told me she was given my cellular telephone number by Pat COOK. PAULSEN told me she had known ANNAN from the Men's Club, however, she had moved to Las Vegas. PAULSEN told me she had seen ANNAN a few weeks earlier at a Home Depot with an unknown male. After speaking with PAULSEN for a few minutes, I asked her to meet with me at the police station for a formal interview.

The interview with PAULSEN was audio tape and video tape recorded. The following is simply a synopsis of the interview. For further information please review the audio and/or video cassette tapes.

I met PAULSEN in interview room #2 at the main Reno police station at approximately 1630 hours. PAULSEN told me the following:

PAULSEN was previously employed at the Men's Club and met ANNAN approximately one and a half years earlier while they were both working at the cabaret.

PAULSEN told me she moved to Las Vegas, Nv. with her boyfriend, however, she maintains a home in Reno that she is renovating. PAULSEN said she was at the Home Depot, located at 2955 Northtowne Ln. in Reno, approximately two Saturday's earlier when she observed ANNAN. PAULSEN explained that she was waiting in the return line when ANNAN and a white male she did not recognize entered the store. PAULSEN further explained that she is closer friends with Pat COOK than ANNAN and that she intentionally did not ask any questions about the man or pay much attention to the man with ANNAN.

PAULSEN said the male only stopped with ANNAN for a moment. ANNAN told him to continue, and that she would catch up to him. PAULSEN said they had a short conversation and ANNAN continued on her way.

PAULSEN told me ANNAN was wearing a creme and floral print sun dress. PAULSEN described the man with ANNAN as a white male 5'10" to 6'0" tall, lean to thin build, short dark hair with visible colorful tattoos on the upper and lower arms. PAULSEN said that the man's arms were not sleeved, but a few tattoos on each arm, some above the elbow and some below the elbow. The man was wearing a dark T-shirt and jeans. PAULSEN did not recall glasses or facial hair and estimated him to be 23-28 years of age. (As of the writing of this report, this male has not been identified.)

During the interview PAULSEN told me that she may have been mistaken about the date she had seen ANNAN and told me it may have been September 4, 2004. PAULSEN told me she was returning a medicine cabinet that she believed cost about \$100.00. PAULSEN told me she thought she observed ANNAN between 1300 and 1600 hours.

The interview with PAULSEN ended at about 1700 hours.

HOME DEPOT ASSIGNMENT

On Monday, September 27, 2004 in the morning hours I asked Detective FERGUSON to contact Home Depot and review the surveillance video from the entrance and returns area.

Detective FERGUSON showed me a portion of the video from September 18, 2004 that had been burned to a CD by Home Depot. The quality of the cameras in the area of the return and entrance was extremely poor. A facial identification would be impossible, however, I asked that the videos continue to be checked for people matching the clothing description.

CONTACT WITH DORIS SPEED - RESIDENT @ 614 QUINCY ST.

On Monday, September 27, 2004 at about 1500 hours I returned to the crime scene and was walking around the exterior of the residence when I observed Doris SPEED at her window. SPEED's residence is next to ANNAN's residence, but set back further and south of ANNAN's residence. The front of SPEED's residence looks at the rear of ANNAN's residence.

I began speaking with SPEED who told me she last observed ANNAN on Tuesday, September 21, 2004 after sunset. SPEED estimated the time to be between 2000 and 2100 hours. SPEED described ANNAN as watering plants in her backyard. SPEED could not immediately recall what ANNAN was wearing but told me she thought she was wearing a gown or a long dress.

Based on all the interviews conducted, this appears to be the last time ANNAN is seen alive.

SPEED also mentioned a white car that had been parked at ANNAN's residence previously which was being driven by a white male. SPEED said the man was nice and would talk to her kids. SPEED told me the man had told her the car belonged to his mother. SPEED described this man as being a white male approximately 6'0" tall, skinny, with short brown hair, and approximately 25 years of age. (I would later determine this male to be Nick MORENO.)

FOLLOW-UP ON NEVADA HIGHWAY PATROL ACCIDENT

I learned ANNAN had been involved in a car accident in May of 2004. I called the Nevada Highway Patrol and determined ANNAN was involved in a rear end accident on May 18, 2004 on Interstate 80 at US395, however, she was alone during the accident.

Based on an attempt to locate I distributed regarding the oxidized black Datsun 240-280Z ITHURBURN had told Detective JENKINS and I about, Sergeant Rob VAN DIEST conducted a traffic stop on a vehicle being operated by David KNECHTGES at about 0030 hours.

Sergeant VAN DIEST took digital photographs of the vehicle and asked KNECHTGES if he would provide a sample of his DNA. KNECHTGES agreed and provided oral DNA swabs.

Sergeant VAN DIEST placed the swabs in an evidence locker and gave me the key. I formally booked the swabs.

HOT PROWL / OPEN & GROSS LEWDNESS SUSPECT ROJAS-PENALOSA

On September 6, 2004 Reno police officers arrested Jose ROJAS-PENALOSA during an incident where he was attempting to break into a home occupied by two women.

On September 26, 2004 Jose ROJAS-PENALOSA was arrested by Sparks police officers after breaking into a women's home and touching her.

Reno police Detective Barbara ARMITAGE obtained a consensual DNA swab from ROJAS-PENALOSA after the September 6 incident.

I requested a profile be obtained from ROJAS-PENALOSA's DNA swabs and be compared to evidence obtained in this investigation.

INTERVIEW WITH ISKANDER "ALEX" MOHSSIN

Peripheral interviews conducted by assisting detectives had determined that ANNAN would frequent the Carz Bar, located at 3700 North Virginia St. Peripheral interviews had identified "Alex" the owner as an associate of ANNAN's.

I learned the owner of Carz Bar was Iskander "Alex" MOHSSIN. I called MOHSSIN who provided me with his address and agreed to meet with me.

At approximately 1325 hours on September 28, 2004 Detective JENKINS and I met with MOHSSIN at 3820 Lisa Ct. apartment #A.

MOHSSIN said he met ANNAN in Carz Bar. MOHSSIN last saw ANNAN at the bar in April of 2004. MOHSSIN told me ANNAN would frequently come into the bar with several UNR boxers. MOHSSIN said ANNAN's boyfriend was a UNR boxing coach.

MOHSSIN told me he had been to ANNAN's home one time, and that was in January or February of 2004. MOHSSIN made ANNAN breakfast that morning. During the visit to ANNAN's house, she told MOHSSIN that she had a problem with the Hispanic people who lived directly across the street.

MOHSSIN said ANNAN loved to drink alcohol and was very friendly.

I asked MOHSSIN if he knew any other people who knew ANNAN. MOHSSIN told me that Chris CLEVER and ANNAN had a "brief" dating encounter in March of 2004. MOHSSIN said that Eric LAMUN and his roommate Ronnie had a party that ANNAN had attended in March of 2004.

At the conclusion of the interview, I asked MOHSSIN if he would provide me with a sample of his DNA. MOHSSIN agreed, and at approximately 1341 hours he provided me with two oral swabs. The swabs were booked into Reno police evidence.

CONTACT WITH TODD CLEVER

After the interview with MOHSSIN, Detective JENKINS and I drove to Fritz restaurant at College and North Virginia St. in an attempt to contact Chris CLEVER. The owner of the restaurant informed us that CLEVER had not worked at the restaurant for a while, but directed us to his brother's home at 135 Imperial.

CANVASS OF BARS AND TAVERNS

On September 28, 2004 I asked Detective WYGNANSKI to canvass several bars and taverns that had been identified as establishments that ANNAN would frequent. Please see Detective WYGNANSKI's report for further information.

INTERVIEW WITH ERIC LAMUN

On September 28, 2004 I called Eric LAMUN on his cellular telephone and asked him if he would meet me for an interview. LAMUN told me he was around the corner from the police station and told me he would meet me at the station.

At approximately 1845 hours Detective JENKINS and I met LAMUN in interview room #2 at the main police station.

LAMUN told me he has known ANNAN for a couple of years because he worked with her at Men's Club and he tended bar at the Breakaway bar, a place ANNAN would frequent on occasion.

LAMUN said he has not seen ANNAN since a party that was held at his house during the summer. LAMUN could not recall if the party was a 4th of July party or a birthday party, but recalled it was during the summer months.

LAMUN told me that ANNAN would also frequent the Blue Lamp bar occasionally.

LAMUN told me he knew a couple of ANNAN's friends; Millisa DUEY and Julia HURST.

The interview with LAMUN ended at approximately 1905 hours.

FOLLOW-UP AT THE WILD ORCHID TOPLESS CABARET/PONDEROSA HOTEL

On September 28, 2004 at approximately 1935 hours Detective JENKINS and I drove to the Ponderosa Hotel, located at 515 S. Virginia St.

ANNAN had worked at the Wild Orchid topless cabaret from January 2004 until July of 2004. The employees of the Wild Orchid can rent a room at the Ponderosa Hotel, which is attached and owned by the same people, for a reduced rate.

Detective JENKINS and I met with the front desk employees. We showed the staff photographs of ANNAN and the unidentified "Gothic" appearing male. The employees did not recognize ANNAN or the unidentified man.

Detective JENKINS and I met with the manager of the Wild Orchid and showed him the photographs of the "Gothic" appearing male. The manager told us he thought the male looked similar to the boyfriend of an employee named Sabrina PRIETO, also known as "Prism". The manager did not recognize the man to be associated with ANNAN, and did not recall him frequenting the club.

While we were at the Wild Orchid we met with YOSCOVITCH again and showed her the picture of the "Gothic" appearing male. YOSCOVITCH said she did not recognize the male and did not believe the male was PRIETO's boyfriend.

YOSCOVITCH told me that she had spoken to a co-worker, Dominique ROYSDON, who told her that ANNAN had

E-MAIL REGARDING JOSHUA SOLLINGER

On September 29, 2004 at approximately 1047 hours Detective JENKINS received an e-mail from sex crimes Detective Curtis LAMPERT about Joshua SOLLINGER a subject who was listed as a suspect in two sexual assaults.

I reviewed both cases and learned SOLLINGER had anally assaulted one victim (04-3315) and choked the second victim (04-11115).

A sexual assault kit had been completed which included DNA swabs from SOLLINGER. I requested a DNA profile be obtained from the DNA swabs and the profile be compared to the evidence obtained in this case.

TELEPHONIC INTERVIEW WITH DOMINIQUE ROYSDON

On September 29, 2004 at about 1100 hours I received a telephone call from Dominique ROYSDON who related the story YOSCOVITCH had told me about. ROYSDON told me the following:

During the past summer ROYSDON and a couple of dancers from the Wild Orchid, not including ANNAN, competed in a swim suit contest at a bar in South Lake Tahoe.

A few weeks after the competition ANNAN told ROYSDON that a male had entered the Wild Orchid and asked for Dominique. ANNAN was summoned, because of her stage name, and spoke with the male who asked her about the swim suit competition. After a short conversation, ANNAN realized the male was talking about ROYSDON and told him that he was speaking with the wrong person. ANNAN told ROYSDON that the male said he had been paid to come into the club and talk to her. ANNAN told ROYSDON the situation was weird and she was concerned.

I asked ROYSDON additional questions about the male, however, she said she did not have a physical description or a name. ROYSDON told me that she suspected the male may be stalking her, because they never announced her name or the fact that she worked at the Wild Orchid during the swim suit competition.

ROYSDON could not provide me with any additional details.

INTERVIEW WITH KENNY CAMERON

On September 29, 2004 at about 1400 hours I called Kenny CAMERON on his cellular telephone and asked him to meet with me for an interview. CAMERON told me MILLER had called him after the murder and asked him if he knew who would have killed ANNAN.

Detective JENKINS asked CAMERON if he would provide a sample of his DNA to be compared to evidence recovered from ANNAN's home. CAMERON agreed and at about 2025 hours provided two oral swabs to us which were booked into Reno police evidence.

At about 1430 hours I received a telephone call from a man who identified himself as Aaron FOLEY who said his photograph was pictured in the news paper ("Gothic" appearing male). FOLEY told me that he met Kyla when they both attended Reno High School. I told FOLEY that I did not think ANNAN had attended Reno High School and arranged to meet with FOLEY to show him the photograph of the "Gothic" appearing male.

At approximately 1500 hours Detective JENKINS and I met with FOLEY at the A&W restaurant at 900 east Plumb Ln. FOLEY told me he was a car salesman at Reno Toyota. Although FOLEY looked similar to the person in the photograph, it did not appear he was the same person. FOLEY looked at the photograph of the "Gothic" appearing male and told me it was not him. FOLEY also looked at a photograph of ANNAN and told me he did not know her.

At 1535 hours I received a secret witness tip that the "Gothic" appearing male was possibly Connor "Aaron" FOLEY who works at Reno Toyota. This lead was eliminated.

NEIGHBORHOOD CANVASS / REQUEST FOR DNA FROM MEN

Based on the interviews it appeared we had identified the majority of the men ANNAN had known or had recent contact with. Based on the information that none of the DNA samples submitted and evaluated as of October 6, 2004 matched the DNA obtained from the semen on the rectal swabs, Detective JENKINS and I began to explore the possibility that the suspect may have been a man from her neighborhood.

Several people we had talked to told us that ANNAN spent a lot of time watering her plants and gardening.

Doris SPEED appears to be the last person to see ANNAN alive on Tuesday September 21, 2004 between 2000 and 2100 hours. Several other neighbors observed ANNAN on Tuesday September 21 at varying times of the day/evening.

Julia WILSON, ANNAN's aunt, told me that ANNAN would cover her bird every evening at 1900 hours. When ANNAN's body was discovered on Thursday, September 23 at about 1600 hours the bird cage was covered.

Based on the decomposition of ANNAN's body, it would appear consistent that ANNAN died Tuesday, September 21, 2004 night to Wednesday, September 22, 2004 morning.

ANNAN had expressed concern about the residents of 621 Quincy St. to a couple of her friends.

Based on the fact ANNAN was attacked in her home, and the September 13, 2004 burglary incident we decided to canvass the neighborhood and ask the men living in or frequently visiting the neighborhood to consent to a DNA sample. All of the samples were obtained for the limited use of being compared to the evidence obtained from 624 Quincy St., unless a consent form was signed allowing the DNA sample to be entered into the DNA database.

Every person contacted was told a similar statement: The suspect in the murder is clearly a man. That man left his genetic fingerprint at the crime scene. We are asking all men associated with ANNAN, men living near ANNAN, and male visitors of someone who lives near ANNAN to provide a DNA sample as the simplest way to eliminate them as a suspect.

621 QUINCY STREET

At approximately 1400 hours Detective JENKINS and I made contact with several people at 621 Quincy St. I quickly learned the subjects did not speak English. I asked Officer AYALA to respond to the residence for translation.

Solomon OJEDA, a resident of the residence, told me that he did not know ANNAN, but last saw her in her yard about two or three weeks earlier.

Officer AYALA explained that we were requesting a sample of DNA from each person at the house and in the neighborhood to be compared to the evidence obtained from 624 Quincy St. All three subjects agreed and I obtained oral DNA swabs from:

LETTER FOUND IN ANNAN'S PROPERTY

Julie WILSON, ANNAN's aunt, removed all of the items from ANNAN's home. I asked her to watch for any letters, photographs, or telephone numbers that may assist in the investigation.

WILSON located a hand written letter and two photographs among ANNAN's belongings. The letter was not dated, but made reference to the author coming to Reno in September. The author also wrote that they had a private post office box that only they had access to, which eluded to the fact that the author may be a married male. The letter was signed only with the initial "B". The letter is attached to this case.

I researched the telephone number list and discovered a Brad BATES with a (209) area code telephone number. Patrick COOK had told me that the only frequent customer ANNAN had while working at the Men's Club was a man who lived in the Stockton, California area. This man gave ANNAN a digital camera as a gift in the past.

I called WILSON and asked her if Brad BATES was a family member or family friend, as several members of the family lived in the (209) area code. WILSON told me she did not recognize the name.

On October 13, 2004 I called BATES' telephone number and asked him if he had given ANNAN a digital camera. BATES told me he had. I asked BATES if he was the author of the letter WILSON had sent to me. BATES told me he was, but that the letter had been mailed in 2003.

I asked BATES if he would be willing to provide me with a sample of his DNA to be compared to evidence

I called MERLO who told me ANNAN was his daughter's pre-school teacher. MERLO said he has part time custody of his daughter. DNA FROM STEVE DAY

On September 29, 2004 at about 1740 hours Detective HOPKINS called Steve DAY, who's telephone number was listed in ANNAN's cellular telephone book and located in a hardback telephone book in ANNAN's home. DAY told Detective HOPKINS that he knew ANNAN through Nick MORENO because they both worked at D & L tile. DAY told Detective HOPKINS that he had not seen ANNAN in the past two or three months.

During the first week of October I asked Detective HOPKINS to re-contact DAY and ask him if he would provide us with a sample of his DNA. Detective HOPKINS told me that DAY agreed to provide a sample of his DNA and scheduled an appointment for Thursday, October 7 at 1600 hours.

DAY failed to appear for the October 7, 2004 appointment. I called DAY on Tuesday, October 12, 2004 and spoke with him about the missed appointment. DAY told me he had spoken with a friend of his who works for the Washoe County Sheriff's Office who told him that it would be a bad idea to provide me with a sample of his DNA. I asked DAY why he thought it would be a bad idea, he told me that his DNA would be entered into a database. I explained to DAY that I understood his concerns and that I was requesting DNA from him for the sole purpose of comparing his profile to the suspect profile. I told DAY his profile would be discarded and not entered into a database. I volunteered that I would provide DAY with a written document stating that his profile would not be entered into the database and asked him if that would make him feel more comfortable. DAY told me that he would provide me with his DNA if I provided him with a document outlining our telephone conversation. DAY then told me he would call me later in the week to meet with me.

On October 20, 2004 Detective DUNCAN and I drove to DAY's residence at 624 Ryland, because he did not call. I took a letter on Reno Police letterhead addressed to DAY stating I was requesting a sample of his DNA for the sole purpose of being compared to evidence related to Reno Police case #04-36689. The letter stated that DAY's DNA profile would not be searched against the state or national database and that his profile would not be entered into the database.

DAY answered his front door at about 1620 hours. Steve, the owner of D & L tile was also at the residence. I provided DAY with the letter, who was still hesitant to provide me with a sample of his DNA. Steve, the owner, asked me about the suspect DNA and the location we had located it. I explained to Steve and DAY that we were not releasing that information, but asked DAY if he had ever engaged in sexual activity with ANNAN. DAY told me "no". I explained that it would be impossible for us to confuse DAY's DNA with the suspect DNA based on those circumstances. DAY then agreed to provide me with a sample of his DNA, and provided me with oral DNA swabs at approximately 1640 hours.

DNA FROM MICHAEL TRAY JOHNS

At approximately 1245 hours I was in the 600 block of Quincy St., when I observed Michael JOHNS exit Richard LAXALT's home at 662 Quincy St. I approached JOHNS and told him that I was the detective handling ANNAN's murder investigation. JOHNS told me that he had met ANNAN a few times and knew her through LAXALT.

I explained to JOHNS that I was collecting DNA samples from men in ANNAN's life and men in ANNAN's neighborhood. JOHNS volunteered to provide me with a sample of his DNA. At approximately 1250 hours JOHNS provided me with oral DNA swabs to be compared to evidence obtained at 624 Quincy St.

SEX OFFENDER REGISTRATION FILES

At approximately 1400 hours I met with Detective Curtiss KULL from the Reno Police Department's Sex Offender Notification Unit. I asked Detective KULL to provide me with a list of sex offenders in the area of ANNAN's home. We conducted a search of sex offenders who registered with an address within approximately 1,500 feet of ANNAN's residence. I learned that numerous sex offenders have registered at 495 Morrill, a homeless assistance center.

Detective KULL provided me with a list of nine offenders who live within 1,500 feet of ANNAN's home (except those subjects who have used the 495 Morrill address in the past).

On Monday, November 8, 2004 I called the Washoe County crime lab and requested the nine names be searched in the DNA database to determine if their DNA profile were already on file and had already been searched against the suspect DNA profile.

The list included the following names and addresses and if their DNA profile was in the database:

Rickey WILLIAMS 1311 East 9th St. - In custody since July 28, 2004 - DNA profile is entered in the database.

Andy ROMERO 645 Quincy St. #4 - DNA profile is entered in the database.

FOLLOW-UP AND WORK LIST FROM LABOR READY

At about 1430 hours Detective JENKINS and I responded to the Labor Ready at the corner of 6th St. and Sutro St. I asked for a copy of the sign in sheets of people who had entered the business in an attempt to work.

I obtained the sign in sheets from September 20, September 21, September 22, September 23, and September 24. Each day's list has approximately 100 names. There are no addresses and only a few subjects listed telephone numbers.

The list for each day have been added to this case as a cross reference tool when a DNA match for the suspect DNA profile is located as a possible connection for the suspect to the area if it is an unknown subject/stranger to ANNAN.

FOLLOW-UP ON SUBJECTS NOT IN DNA DATABASE

DNA FROM ROBERT FREIR

On November 9, 2004 I visited the addresses listed for the five registered sex offenders who were not in the DNA database.

At approximately 1535 hours I met with Robert FREIR at 638 Morrill Avenue. I told FREIR that I was investigating a murder that occurred two streets east of his residence and that I had conducted a search of registered sex offenders in the area of the murder. FREIR told me he did not know ANNAN. I asked FREIR if he would provide me with a sample of his DNA to be compared to the evidence obtained from 624 Quincy St. FREIR agreed and provided me with oral DNA swabs at approximately 1545 hours.

I discovered that John JONES has not lived at 1410 East 9th St. #10 for several months.

I learned that Enrique BABADILLA has not lived at 1265 East 11th St. since August of 2004.

I discovered the building at 1035 and 1039 East 8th St. has been condemned, and therefore Eric WILLIAMS no longer lives at 1039 East 8th St. #6, and Albert DONALD no longer lives at 1035 East 8th St. #9.

RESIDENTIAL BURGLARY AT 624 QUINCY STREET

At approximately 1700 hours I received a telephone call from New Dimensions Property Management and learned that 624 Quincy St. had been a victim of a residential burglary.

I drove to the residence and learned that a belt sander and a ladder had been stolen. In addition to the tools, I learned the suspects had put a hole in the drywall near the bathtub and moved several appliances.

The suspect left a flashlight at the residence.

I requested patrol officers respond to initiate a case and collect the flashlight and attempt to obtain suspect fingerprints.

The call was delayed several times because of other priority calls for service, and ultimately the call was canceled

DNA FROM GERALD LEE MILLER

After meeting with James JOHNSTON, the maintenance man from New Dimensions, I contacted several of the residents surrounding 624 Quincy St. in attempt to locate a witness to the burglary. I talked to several witnesses, however, none of them observed any suspicious activity.

I knocked on the door of Richard LAXALT's residence at 662 Quincy St. I observed a male in the backyard that I had not spoken with previously. I identified the man as Gerald MILLER.

MILLER told me he did not know ANNAN and was a boyfriend of one of the female residents. I asked MILLER if he would be willing to provide me with a sample of his DNA to be compared to the evidence obtained from 624 Quincy St. MILLER agreed and provided me with oral DNA swabs at about 1720 hours.

CONTACT WITH RUBEN TIRADO

At approximately 2110 hours I received a telephone call from Sergeant Dave EVANS of the SET team who told me they had located TIRADO at the Citi Center Apartments at 695 West 3rd St. TIRADO agreed to respond to the station to meet with me.

I called Detective JENKINS and at approximately 2145 hours, Detective JENKINS and I met with TIRADO in interview room #1 at the main police station.

TIRADO provided a voluntary sample of his DNA. Please see Detective JENKINS report for further information regarding the interview with TIRADO.

During the original interview with TIRADO on September 23, 2004 he mentioned a Hispanic male who stored property in ANNAN's shed named Oscar. I asked TIRADO to describe Oscar. TIRADO said he is a Hispanic male about 5'7" tall, 150 pounds, blue eyes, and short shaved dark hair. TIRADO said that Oscar had a brother who lived on the third floor of the National 9 Motel, located at 645 South Virginia St., and drove a white Honda CRX with a broken rear window.

IDENTIFICATION OF OSCAR RODRIGUEZ

At approximately 2335 hours Detective JENKINS and I drove to the National 9 Motel and observed a white Honda CRX with the rear window missing parked in the driveway. I conducted a registration check on the license plate (Nv: 767PXZ) and learned it was registered to Melissa RODRIGUEZ at 645 South Virginia St. #132. Detective JENKINS and I discovered the National 9 Motel does not have a room #132, however, room #32 was located on the third floor.

Detective JENKINS and I knocked on the door and met with Melissa RODRIGUEZ who told us that her husband (Taurino RODRIGUEZ) has a brother named Oscar (RODRIGUEZ). I asked Melissa to describe Oscar. Melissa said he was about 5'7" tall with an average build, blue eyes, and short dark hair. Melissa told me that Oscar had been deported several months earlier.

Joshua PEARCE was stopped and arrested for an un-related warrant at Quincy St. and 7th St. at about the time that ANNAN was reporting the "hot prow" burglary on September 13, 2004.

CONFIRMATION OF DEPORTATION FOR OSCAR MUNOZ RODRIGUEZ

I called the Reno INS office and learned that RODRIGUEZ was arrested on September 14, 2004 and deported on September 17, 2004. I learned RODRIGUEZ did not have a hearing and was actually deported and in Mexico on September 17, 2004.

RODRIGUEZ's family said he had not returned to Reno and INS told me they did not have any information that RODRIGUEZ had returned to Reno. At the time of this report it cannot be confirmed that RODRIGUEZ was in Mexico at the time of the murder, however, it appears unlikely that he would be in Reno during the time of the murder.

INFORMATION ABOUT DNA FROM HOT PROWL BURGLARY FROM THE CRIME LAB

I received a telephone call from Senior Criminalist Suzanne HARMON who told me that she obtained a DNA profile from a stain in the underarm portion of the white tank top which was left during the September 13, 2004 hot prow burglary. HARMON told me that the DNA profile from the tank top matched the suspect DNA profile from the rectal swabs.

Criminalist HARMON also told me that she developed a DNA profile from a maroon undershirt and a pair of blue/grey pants that were located on the bed with ANNAN. HARMON told me ANNAN's DNA profile was the major source, however, the suspect DNA profile was a minor source on both of these articles. HARMON told me she tested stains that appeared to be blood.

SEARCH OF SUBJECTS ARRESTED IN THE 600 BLOCK OF QUINCY AND SUBJECTS WHO LISTED AN ADDRESS IN THE 600 BLOCK OF QUINCY

I sent Reno Police crime analyst Steve BIGHAM an email requesting a search be conducted of subjects who had been arrested in the 600 block of Quincy St. or listed an address in the 600 block of Quincy St. within the past several years. The purpose of this search was to confirm that we had collected DNA from all of the male subjects who reside in the 600 block of Quincy St. and subjects known to frequent the area.

On December 2, 2004 BIGHAM provided me with a report of the subjects who met the listed criteria.

On December 6, 2004 I conducted research on all of the male subjects and identified the following subjects as having possible ties to the 600 block of Quincy St.:

Gary Harold GRINKER listed 662 Quincy St. during an October 14, 2004 arrest.

Mark Wayne FREE listed 614 Quincy St. during an August 13, 2002 arrest.

Elwood E OUELLETTE listed 628 Quincy St. during an November 10, 2002 arrest.

Roderick A RICHARDSON listed 667 Quincy St. several times. RICHARDSON listed the address as recently as April 11, 2004 during an arrest.

On December 6, 2004 I called Don WALKER who resides at 667 Quincy St. and questioned him about Roderick RICHARDSON. WALKER told me RICHARDSON had previously rented a room at the residence, however, he had left Reno in the summer of 2004 because of a death in his family. WALKER told me that RICHARDSON had not lived at the home for several months before leaving Reno.

GRINKER, FREE, and OUELLETTE appear to have left the Quincy St. area, but continue to provide law enforcement with a Quincy St. address. I am continuing to make efforts to contact GRINKER, FREE, and OUELLETTE. Those contacts will be documented in future reports.

TELEPHONE CONTACTS

Detective MASON received ANNAN's cellular telephone call log, which listed the past two months of incoming and outgoing telephone calls, from Cricket Communications. (Please see list of telephone numbers at the end of this report.)

On December 8, 2004 I called several telephone numbers that were listed on ANNAN's call log and spoke to subjects, left messages, or determined the number was no longer active.

I called (775) 232-9089 and spoke with Keith PETERS, ANNAN's ex-roommate at 612 Quincy St., and asked him if he would meet with me at the police station for an interview and to review a few photographs I had collected from ANNAN's residence. PETERS agreed and scheduled a meeting with me for 1600 hours at the Reno Police station. See PETERS interview below for further details.

TELEPHONE CALL WITH MARK CROWE

At approximately 1454 hours I called (530) 314-9267 and spoke to Mark CROWE who told me he knew ANNAN when she lived in South Lake Tahoe. CROWE said he and ANNAN went on a few dates in June or July of 2004.

I explained to CROWE that I had been collecting voluntary DNA samples from subjects who had recent contact with ANNAN. I asked CROWE if he would be willing to provide me with a sample of his DNA for the purposes of comparing his DNA profile to the murder suspect's DNA profile. CROWE agreed, but told me it would be difficult for him to travel to Reno. I arranged for CROWE to meet with Douglas County Sheriff's Office Detective Ted DUZAN at the Douglas County Sheriff's Office in South Lake Tahoe.

On December 16, 2004 CROWE met with Detective DUZAN and provided two oral DNA swabs. Detective DUZAN mailed the DNA swabs to me, at my request. I received the DNA swabs on Tuesday, December 21, 2004.

INTERVIEW WITH KEITH PETERS

On December 8, 2004 I called Keith PETERS

At approximately 1600 hours Detective JENKINS and I met Keith PETERS in interview room #2 at the main Reno police station.

PETERS said his mother purchased the house at 612 Quincy St. when he graduated from high school. ANNAN moved into 612 Quincy St. with Brian FARRELL in June of 2001.

PETERS told me he lived at 612 Quincy St. with ANNAN from June of 2001 until September of 2001. PETERS

was in Greece from September of 2001 until July of 2002.

PETERS told me that ANNAN moved to 624 Quincy St. in January or February of 2002.

PETERS said that ANNAN was friends with the tenants of 624 Quincy St. at the time. PETERS identified those subjects as Jason and Amanda SCARF.

I showed PETERS the photograph of the "Gothic" appearing male. PETERS told me he did not recognize the subject depicted in the photograph. PETERS also told me that the photographs were not taken at 612 Quincy St. (Originally ANNAN's parents thought the photographs were taken at the residence at 612 Quincy St.)

After speaking with PETERS I asked him if he would be willing to provide me with a sample of his DNA to compare to the suspect DNA profile. PETERS agreed and at approximately 1635 hours provided me with two oral DNA swabs.

DNA FROM LUIS ALFREDO GARCIA

While calling the telephone numbers on ANNAN's cellular telephone records, I called (775) 342-8893 and left a message for the phone holder to call me. A subject who identified himself as Luis GARCIA called me back at about 1645 hours and told me he did not know ANNAN. I asked GARCIA if I could meet with him. GARCIA told me he would meet me at his residence at 390 Gentry #18.

At approximately 1720 hours Detective JENKINS and I met with GARCIA who told us that he had only possessed the telephone for a few weeks. GARCIA told us Daniel GARCIA-MORENO had possessed the phone before that. GARCIA said GARCIA-MORENO was currently in the Washoe County jail for sales of narcotics.

Detective JENKINS asked GARCIA if he would provide us with a sample of his DNA to be compared to the suspect DNA profile. GARCIA agreed, and at approximately 1730 hours provided me with two oral DNA swabs.

I returned to the police station and confirmed that Daniel GARCIA-MORENO was arrested on September 15, 2004 (prior to the date of the murder) and was in custody until December 23, 2004.

Monday, December 20, 2004

DNA FROM BOBBY DORTCH

Ruben TIRADO had previously told me that Bobby DORTCH had given him a ride to ANNAN's home and suggested I speak to DORTCH regarding ANNAN's murder.

On December 20, 2004 at approximately 1930 hours I contacted DORTCH during an un-related search warrant service at 4175 West 4th St. while assigned to the SWAT team. During the search warrant service I noticed DORTCH was driving a black Datsun 280Z, which was similar to the description of a vehicle which was reported to have been at ANNAN's home prior to her body being discovered.

I spoke with DORTCH, who was not in custody, and asked him about ANNAN. DORTCH told me he did not know ANNAN. I told him that she was friends with Ruben TIRADO. DORTCH then told me he had given TIRADO a ride to her house, but that he had never been in her home and that he did not know her. I asked DORTCH if he would provide me with oral DNA swabs to be compared to evidence obtained in the case. DORTCH agreed, and at approximately 2005 hours provided me with two oral DNA swabs.

DNA FROM BUDDY YOSCOVITCH

At approximately 1340 hours I met with Buddy YOSCOVITCH in interview room #2 at the main Reno Police station. YOSCOVITCH, who is Amy YOSCOVITCH's brother, was in custody for un-related charges.

I asked YOSCOVITCH if he knew Kyla ANNAN and showed him a photograph of her. YOSCOVITCH told me he did not know her. I explained she was a friends with his sister, Amy. I told YOSCOVITCH that ANNAN had been murdered in September of 2004 and that I was collecting DNA from subjects who may have had contact with ANNAN in the past.

I explained that he was not a suspect, but asked him if he would provide me with a consensual sample of his DNA. YOSCOVITCH agreed, and provided me with two oral DNA swabs to be compared to evidence obtained in this case.

DNA FROM MICHAEL GIRARD D.O.B.: 11-11-1970

During an interview with Ruben TIRADO, and an interview with Richard LAXALT both men told me about Michael GIRARD who knew ANNAN and frequented the 600 block of Quincy St. I searched the name Michael GIRARD and discovered a couple of different subjects with the same name.

At approximately 1654 hours I met Michael GIRARD, with a date of birth of 11-11-1970, at the Sclaris located at 5430 Sun Valley Blvd. I spoke with GIRARD who was extremely cooperative about ANNAN. GIRARD told me he did not know ANNAN and that he did not know Ruben TIRADO or Richard LAXALT.

GIRARD provided me with two oral DNA swabs to be compared to the evidence related to this case, however, it appears that this is not the Michael GIRARD that Ruben TIRADO and Richard LAXALT had told me about.

The correct GERARD was eventually located and documented later in this report.

DNA FROM HENRY SERRANO

During the research of telephone numbers on ANNAN's recent cellular telephone call log, I discovered a call from (775)378-0711. I researched the telephone number and learned that Henry SERRANO had listed (775)378-0711 as his number during an arrest on October 8, 2004.

I discovered Henry SERRANO was listed as being in custody at the Washoe County jail.

I met with SERRANO in area control 4 and showed him photographs of ANNAN. SERRANO told me he did not know ANNAN and told me that 378-0711 actually belongs to his brother Juan NAVARRO-SERRANO. SERRANO told me his brother works at Mr. Magic car detailing on South Wells.

I asked SERRANO if he would provide me with a consensual DNA sample to be compared to evidence obtained in this investigation. SERRANO agreed and at approximately 1527 hours provided me with two oral DNA swabs.

At approximately 1615 hours I was in the area of the 600 block of Quincy St. speaking with Richard LAXALT when I observed Ahongalu TONGA in the parking lot of 655 Quincy St. I recognized TONGA as the last identified person who had not been contacted during the DNA canvass of the neighborhood.

I met with TONGA, who was aware of the police departments request of residents to provide a sample of DNA to be compared to the suspect profile from the murder. TONGA agreed to provide me with a sample of his DNA to be

DNA FROM TAURINO RODRIGUEZ-MUNOZ OSCAR RODRIGUEZ-MUNOZ' BROTHER

Ruben TIRADO had told Detective JENKINS and I about Oscar RODRIGUEZ-MUNOZ who had property stored in a shed behind ANNAN's home. I confirmed RODRIGUEZ-MUNOZ had been deported, however, I was unable to exclude him from the investigation, because he was not in custody at the time of the hot prowl burglary or when the murder is suspected to have occurred.

At approximately 1545 hours Detective JENKINS and I met with Oscar RODRIGUEZ-MUNOZ' brother Taurino RODRIGUEZ-MUNOZ. We asked him if Oscar had returned to Reno. Taurino told me he did not think Oscar had returned to Reno, but did not know where he was.

We explained the situation regarding the murder and the fact Oscar had known the victim. I asked Taurino if he and Oscar had the same mother and father. Taurino told us that they did have the same mother and father. We asked Taurino RODRIGUEZ-MUNOZ if he would provide us with a sample of his DNA, which would be similar to Oscar RODRIGUEZ-MUNOZ DNA profile, to be compared to the suspect profile obtained from this case.

Taurino RODRIGUEZ-MUNOZ agreed to provide me with a sample and at approximately 1555 hours provided me with two oral DNA swabs.

DNA FROM JUAN NAVARRO-SERRANO

In addition to Henry SERRANO informing me that (775) 378-0711 belonged to his brother Juan NAVARRO-SERRANO, I also received the results of an administrative subpoena from Cricket Communications which indicated the cellular telephone number belonged to Juan NAVARRO-SERRANO.

At approximately 1700 hours I drove to Mr. Magic car wash, located at 1380 South Wells, and met with Juan NAVARRO-SERRANO. I showed NAVARRO-SERRANO photographs of ANNAN and explained that his cellular telephone number appeared on ANNAN's cellular telephone call log. NAVARRO-SERRANO acknowledged the number on the call log belongs to him, but told me he did not know ANNAN and did not recognize her photograph.

I asked NAVARRO-SERRANO if he would provide me with a sample of his DNA to be compared to the evidence obtained in this case. NAVARRO-SERRANO agreed and at approximately 1710 hours provided me with two oral DNA swabs.

At approximately 1600 hours I drove to 2720 Zinnia Dr. and met with Ismael PEREZ RIVERA who acknowledged the cellular telephone belonged to him, but was registered to his mother. I showed PEREZ RIVERA photographs of ANNAN and asked him if he knew her. PEREZ RIVERA denied knowing ANNAN but told me that his friend Ruben TIRADO knew ANNAN. PEREZ RIVERA told me he had allowed TIRADO to borrow his cellular telephone and suspected that was the reason his number appeared on ANNAN's cellular call log.

I asked PEREZ RIVERA if he would provide me with a sample of his DNA to be compared to the evidence collected in this case. PEREZ RIVERA agreed and at approximately 1635 hours provided me with two oral DNA swabs.

acknowledged that the cellular telephone number belonged to him. I showed CHAVEZ photographs of ANNAN and asked him if he knew her. CHAVEZ told me he did not know her. CHAVEZ told me that he allowed Ruben TIRADO to borrow his cellular telephone in the past and that he knew TIRADO had a friend who was murdered.

I asked CHAVEZ if he would be willing to provide me with a sample of his DNA to be compared to evidence collected in this case. CHAVEZ agreed, and at approximately 1000 hours provided me with two oral DNA swabs.

DNA FROM MICHAEL HILDENSTAB

I researched (775) 378-7310 in the Reno police computer system and learned Michael HILDENSTAB was in possession of the cellular telephone in August, 2004 when several calls had been placed to his number from ANNAN's cellular telephone. I learned that HILDENSTAB was in custody at the Washoe County jail for un-related charges.

I met with HILDENSTAB in area control 2 at the Washoe County jail. HILDENSTAB acknowledged that the cellular telephone number belonged to him. I showed him photographs of ANNAN and asked him if he knew her. HILDENSTAB denied knowing ANNAN but acknowledged that he was heavily involved in dealing methamphetamine in the Reno area in the recent past.

I asked HILDENSTAB if he would provide me with a sample of his DNA to be compared to evidence collected in this case. HILDENSTAB agreed, and at approximately 1030 hours provided me with two oral DNA swabs.

INTERVIEW WITH DIANNA BUTLER

I received the results of an administrative subpoena from Cricket Communications for telephone number (775) 379-1943 which returned to Dianna BUTLER at 1280 Berrum apartment A. I learned BUTLER no longer lived at that address but was directed to BSR, a business on Spice Island Dr. in Sparks, where she was reported to have been working.

At approximately 1100 hours I met with Dianna BUTLER who acknowledged the telephone number belonged to her. I showed BUTLER photographs of ANNAN and asked her if she knew ANNAN. BUTLER told me she did not recognize her and did not think she knew her.

BUTLER told me that her ex-boyfriend, Curtis CLOWDUS, possessed her phone during the time the call would have been made. BUTLER told me she would frequently allow her childhood friend Larry FELIX to borrow her phone also. BUTLER told me she did not know ANNAN and suggested I speak with CLOWDUS and FELIX. BUTLER could not think of any other subjects who would have used her cellular telephone.

DNA FROM LARRY FELIX

Based on the information I received from Dianna BUTLER, I conducted a search on Larry FELIX and learned he was in custody at the Washoe County jail for un-related charges.

I drove to the Washoe County jail and met with FELIX in area control 4. I told FELIX that BUTLER had told me that he may have possessed her cellular telephone when a call had been made to ANNAN.

I showed FELIX photographs of ANNAN. FELIX told me he did not recognize ANNAN and that he did not think that he had ever seen her before. I asked FELIX if he would be willing to provide me with a sample of his DNA to be compared to evidence collected in this case. FELIX agreed, and at approximately 0947 hours provided me with two oral DNA swabs.

DNA FROM CURTIS CLOWDUS

Based on the information I received from Dianna BUTLER about Curtis CLOWDUS possibly having been in possession of her cellular telephone at the time a call was completed with ANNAN's cellular telephone, I conducted a search on CLOWDUS.

I learned CLOWDUS had been recently arrested and received a release on his own recognizance. I called the Washoe County Sheriff's court services and learned that CLOWDUS was required to check in on various days. I asked court services to contact me upon CLOWDUS' arrival at court services on Monday, January 31, 2005.

At approximately 1010 hours I received a telephone call that CLOWDUS was at the Washoe County District court house, checking in with court services. I drove to 75 Court St. and met with CLOWDUS in room #126.

CLOWDUS told me that BUTLER had told him about my inquiries. I showed CLOWDUS photographs of ANNAN, however, CLOWDUS told me he did not recognize her. I asked CLOWDUS if he would be willing to provide me with a sample of his DNA to be compared to evidence collected in this case. CLOWDUS agreed, and at approximately 1020 hours provided me with two oral DNA swabs.

DNA FROM STEVE MONTERROZA

I received the results of an administrative subpoena from Cricket Communications for cellular telephone number (775) 379-2448 which listed the subscriber as Steve MONTERROZA at 1956 Wilder St., Reno. I had previously visited 1956 Wilder and learned MONTERROZA no longer lives at that location, but that he works as a bus boy at the Reno Hilton. I left a business card with his family members.

I received a telephone call from MONTERROZA who agreed to meet with me at the Reno Hilton at approximately 1700 hours.

I met with MONTERROZA on the gaming floor of the Reno Hilton and explained the reason for my visit. I showed MONTERROZA photographs of ANNAN and asked him if he recognized her. MONTERROZA told me he did not recognize ANNAN and did not think that he knew her. I asked MONTERROZA if anyone else would have access to his cellular telephone. MONTERROZA told me it was possible someone else could have made the call to ANNAN's cellular telephone, but could not provide me with any names.

I asked MONTERROZA if he would be willing to provide me with a sample of his DNA to be compared to evidence in this case. MONTERROZA agreed, and at approximately 1707 hours provided me with two oral DNA swabs.

DNA FROM AARON SMIRNOW

I called (775) 378-0893, which was a number listed on ANNAN's cellular telephone call log, and spoke with Aaron SMIRNOW who told me he did not know ANNAN. SMIRNOW told me that a friend of his, Ruben TIRADO, would frequently use his telephone. SMIRNOW told me that TIRADO had a female friend who had been murdered and suspected TIRADO was the reason for the telephone call.

I asked SMIRNOW if he would meet with me to look at photographs of ANNAN to confirm that he did not know her. SMIRNOW agreed and met me at the Reno police station at approximately 1745 hours. SMIRNOW reviewed the photographs, but told me he did not recognize ANNAN. I asked SMIRNOW if he would provide me with a

CALLS TO WASHOE COUNTY PARKS

After reviewing ANNAN's cellular telephone call records I noticed several calls to the Washoe County parks department. I also noticed each call was followed by a call to her parents home. I called Steve ANNAN and asked him if he would know why Kyla ANNAN would be calling the Washoe County parks department, and in each case would call home after calling the parks department. Steve ANNAN told me that Kyla ANNAN was going to purchase tickets for a concert performed by Richard THOMPSON, and suspected the calls were made in an effort to purchase tickets.

I called the number listed on ANNAN's cellular telephone records and questioned them about a Richard THOMPSON concert in September of 2004. I learned that tickets were sold for a Richard THOMPSON concert at Hawkins Amphitheater in south Reno through the parks department.

TELEPHONIC INTERVIEW WITH TAWANNA HUNTSMAN

During a review of ANNAN's cellular telephone call log, I observed an incoming call from (530) 544-5629. I called the number and spoke to a woman who identified herself as Tawanna HUNTSMAN. When I explained the reason for the call, HUNTSMAN told me her ex-roommate, Nick MORENO had a friend who was murdered in Reno.

It appears MORENO is responsible for the calls from and to this telephone number.

DNA FROM JUAN VALDEZ

I received the results of an administrative subpoena from Cricket Communications for (775) 379-4262. Cricket Communications listed the cellular telephone as belonging to Juan VALDEZ at 1820 Castle Way in Reno.

In late January I drove to 1820 Castle Way in an attempt to meet with VALDEZ, but learned he was out of town working. I left a business card and asked that VALDEZ call me when he returned. I received a telephone call the following day from VALDEZ who told me he would not return to Reno for approximately one week. VALDEZ told me the cellular telephone I had asked about, (775) 379-4262, belongs to his eleven year old daughter. I told VALDEZ that I would like the opportunity to show him some photographs of ANNAN just to confirm he did not know her. VALDEZ told me he would call me when he returned to Reno.

On February 7, 2005 at approximately 0925 hours I received a telephone call from VALDEZ who told me he was at 1820 Castle Way and available to meet with me.

I met with VALDEZ and showed him photographs of ANNAN. VALDEZ told me he did not recognize ANNAN. I asked VALDEZ if he would provide me with a sample of his DNA to be compared to evidence collected in this case. VALDEZ agreed, and at approximately 0935 hours provided me with two oral DNA samples.

At approximately 0940 hours I drove to 930 Manhattan Street #8 and asked for Muaulu. I was told that she was at work, but that her husband was home. I spoke to Muaulu's husband, Mokoifomua POUSIMA, who told me that he

knew of ANNAN. I asked Mokoifomua how he knew ANNAN. Mokoifomua told me that he had heard of the murder in the media. Mokoifomua told me that he believed he had seen her at the Diamonds casino in the past.

I asked Mokoifomua if his wife knew ANNAN. Mokoifomua told me that his wife did not know ANNAN, and that the cellular telephone number I had inquired about belonged to him.

Mokoifomua told me that he had never called ANNAN, but that his cellular telephone had been stolen by a subject named Ruben. I asked Mokoifomua if he knew Ruben's last name, but he told me no. Mokoifomua said he met Ruben while he was incarcerated at the Washoe County jail, and said Ruben had recently been arrested for unknown charges.

Based on the interview with Mokoifomua it is very likely that Ruben is Ruben TIRADO who possessed Mokoifomua's cellular telephone at the time calls were exchanged between Mokoifomua's cellular telephone and ANNAN's cellular telephone.

I asked Mokoifomua POUSIMA if he would provide me with a sample of his DNA to be compared to evidence collected in this case. Mokoifomua POUSIMA agreed, and at approximately 0951 hours provided me with two oral DNA swabs.

DNA FROM MICHAEL JUSTIN GERARD D.O.B.: 4-26-1973

During an interview with Ruben TIRADO, and an interview with Richard LAXALT both men told me about Michael GIRARD who knew ANNAN and frequented the 600 block of Quincy St. I searched the name Michael GIRARD and discovered a couple of different subjects with the same name.

I had met with a different Michael GIRARD previously. After meeting with that Michael GIRARD, I spoke with Richard LAXALT who told me I had spoken with the wrong GIRARD. LAXALT told me that he would have the correct Michael GERARD contact me.

At approximately 1145 hours I received a telephone call on my cellular telephone from a person identifying himself as Michael GERARD who said he would meet me in the parking garage of the Club Cal-Neva.

I met GERARD on the third floor of the east parking garage. GERARD told me he knew Nick MORENO's ex-girlfriend and had injected narcotics with her in the past. I showed GERARD three photographs of ANNAN, but he told me that he did not recognize the photographs as being MORENO's ex-girlfriend that he was familiar with. I asked GERARD if he had ever been in ANNAN's house, a few doors away from LAXALT, but GERARD said; "no".

I asked GERARD if he would provide me with a sample of his DNA to be compared to evidence collected in this case. GERARD agreed, and at approximately 1202 hours provided me with two oral DNA swabs.

DNA FROM RANDY "BRYAN" FERRILL

In late January, 2005 I called Bryan FERRILL's mother in an attempt to contact Bryan. His mother told me that she would have him call me.

On Sunday, January 30, 2005 I received a telephone call from FERRILL on my cellular telephone. I explained the routes the investigation had taken to date and the fact that we had the suspect's DNA at the scene. I explained that we had collected approximately one hundred consensual DNA samples, including every man who lived in the 600 block of Quincy St. that we were able to identify. I further explained that I was currently contacting every person who had telephone contact with ANNAN since August 1, 2004 and obtaining consensual DNA samples from those men, or men associated with those telephone numbers. I asked FERRILL if he would provide me with a sample of his DNA to be compared to the evidence collected in this case. FERRILL agreed and told me he would respond to the Santa Cruz Sheriff's Office on Monday. I told FERRILL I would make the arrangements, and call him back with a contact name.

Sergeant SULAY obtained a California state issued drivers license from FERRILL, to confirm his identity, and received two oral DNA swabs from FERRILL at approximately 1435 hours. Sergeant SULAY told me that he showed FERRILL the photographs of the "Gothic" appearing male, however FERRILL did not recognize the subject depicted in the photographs.

Sergeant SULAY sent the oral DNA swabs to me, via FedEx. I received the oral DNA swabs in a sealed FedEx envelope on February 7, 2005 at approximately 1445 hours. CONTACT WITH MARIA RAMIREZ-ESPINOZA

I received the results of an administrative subpoena I served to Sprint Corporate for cellular telephone number (775) 287-7834. I learned the telephone number returned to Maria Magdalena RAMIREZ-ESPINOZA at 10067 Atwood St.

On February 14, 2005 at approximately 1430 hours I drove to 10067 Atwood Street and met with RAMIREZ-ESPINOZA. I asked RAMIREZ-ESPINOZA if she knew Kyla ANNAN. RAMIREZ-ESPINOZA told me she did not recognize the name, and told me she did not recognize ANNAN when I showed her several photographs of her.

RAMIREZ-ESPINOZA confirmed that she had a cellular telephone with the number (775) 287-7834 during August of 2004. I told RAMIREZ-ESPINOZA that I had located two telephone calls from RAMIREZ-ESPINOZA's cellular telephone to ANNAN's cellular telephone. I asked RAMIREZ-ESPINOZA if she was married or had children. RAMIREZ-ESPINOZA told me she is not married, but does have an eleven year old son.

After speaking with RAMIREZ-ESPINOZA for a short period of time, I was unable to determine the reason for the telephone calls. There are only two calls from RAMIREZ-ESPINOZA's cellular telephone to ANNAN's cellular telephone. The first and second call occur within one minute and seventeen seconds of each other. It is possible that RAMIREZ-ESPINOZA simply dialed the wrong number.

DNA FROM ADAN TIRADO-HERNANDEZ

In late January I called (775) 345-2789, which is a telephone number that appeared on ANNAN's call log. I spoke to a Spanish speaking female who located an English speaking woman who told me that the Hispanic woman works and lives on a property at 860 Bridge St. in Verdi. The telephone number I had called rang at the Spanish speaking families home quarters. The Spanish speaking woman related that she did not know anyone named ANNAN.

At approximately 1005 hours I met with Adan TIRADO-HERNANDEZ who told me Ruben TIRADO is his son. I showed him a photograph of ANNAN, but he denied knowing her. I asked TIRADO-HERNANDEZ if he would be willing to provide a sample of his DNA to be compared to evidence collected in this case. It appears Ruben TIRADO may have used ANNAN's cellular telephone to call his father.

During a neighborhood canvass of the 600 block of Quincy Street I was told that a white Cadillac bearing Nevada license plates 367RGR frequently visited 621 Quincy St. The person providing me with the information believed the driver of the vehicle was dropping off narcotics at the residence.

I conducted a registration check on the license plates which returned to Sergio LOPEZ at 1860 Wilder.

I drove to 1860 Wilder and met with an unknown female who told me Sergio LOPEZ was vacationing in Mexico. I showed the woman a booking photograph of Sergio LOPEZ. The woman told me that the person depicted in the photograph was a relative of hers, however, he was not Sergio LOPEZ. The woman told me that she could not remember his true name, but that he was in custody in the Carson City jail.

I distributed an e-mail to members of the gang unit and asked them for their assistance in locating LOPEZ.

Officer DUGAN called me on Saturday, February 19, 2005 and told me that the person I was looking for was in custody in the Carson City jail under the name Jorge ALCANTAR. I called the Carson City Sheriff's Office jail and confirmed ALCANTAR was in custody for a warrant with a \$20,000.00 cash only bail.

for a couple of years.

I knocked on the door of apartment #189 and met with Gayle BAILEY. I asked BAILEY if she knew who Omar GUERRERO was. BAILEY told me she did not know GUERRERO and that she did not recognize the cellular telephone number. I asked BAILEY about receiving mail at the address for the cellular telephone account, however, BAILEY told me she frequently receives mail in error.

I conducted additional follow-up on GUERRERO, but could not locate any information on the name Omar GUERRERO. I suspected the name was a fictitious name.

On March 3, 2005 I served Cricket Communications with an administrative subpoena requesting the last two weeks of call history for (775) 379-0107. This cellular telephone service was suspended on December 14, 2004.

On March 14, 2005 I received the call history information I had requested. I began to research the telephone numbers on the call list and located several telephone calls to Erin BAILEY, Gayle BAILEY, and other names that Gayle BAILEY has used in the past.

On March 16, 2005 I visited Gayle BAILEY at 1800 Sullivan #189 and confronted her about the telephone calls to her and Erin BAILEY. I told BAILEY that I suspected the name Omar GUERRERO to be a fictitious name and that I believed she knew the person who was using the name Omar GUERRERO. Gayle BAILEY asked me what GUERRERO's cellular telephone number was. I told BAILEY, at which time she told me the number had previously belonged to Cesar CORONADO, her daughter's husband. BAILEY explained that her daughter was no longer with CORONADO, but that they were still legally married.

BAILEY identified her daughter as Jade MAJTAN. BAILEY told me that CORONADO was currently living with a female named Laura, but could not remember Laura's name.

I had previously received the results of an administrative subpoena for Laura VARGAS at 308 3rd St. in Sparks. I had not been able to locate Laura VARGAS.

I asked BAILEY additional questions about Laura. BAILEY described where Laura lived, and it appeared to be in the area of 308 3rd St., Sparks. I asked BAILEY if VARGAS was Laura's last name. BAILEY told me she believed Laura's last name was VARGAS.

BAILEY identified CORONADO as being a Hispanic male about 29 or 30 years of age. BAILEY told me CORONADO had been arrested approximately six months earlier, but did not know the charges. BAILEY also told me that CORONADO had a brother named Juan CORONADO who had been sentenced to prison in 1998 for drug related offenses.

BAILEY called MAJTAN and asked her if she knew where CORONADO was living. MAJTAN and other subjects told BAILEY that CORONADO had moved out of Reno, possibly to New Mexico.

I returned to the police station and researched the information BAILEY gave me. I located Juan CORONADO who had been arrested in 1998 for drug charges. I also located booking photographs for Cesar CORONADO who closely resembled Juan CORONADO. I found additional booking photographs of Cesar CORONADO by searching the date of birth field and found booking photographs under the name of Pedro CORONADO and Jaime ORTIZ.

I returned to BAILEY's residence and showed her the photographs of CORONADO and VARGAS. BAILEY identified the persons depicted in the photographs as the people she knew as Cesar CORONADO and Laura.

I had spoken to VARGAS' sister who told me that she did not know where VARGAS was living, but that VARGAS has four children with the last name MORFIN. I called the Washoe County school police and asked them to research the name MORFIN. I learned that four children were attending Lincoln Park School in Sparks. I contacted the school and received an address of 420 Victorian Ave.

I met with the occupants of 420 Victorian Ave. on April 4, 2005 and learned that VARGAS had been living at 418 Victorian Ave., but that she and CORONADO had moved out the previous week.

On April 12, 2005 I conducted a surveillance of Lincoln Park elementary and observed VARGAS pick her children

up. Detective JENKINS, Detective MASON, and I followed VARGAS to 7363 Rubens Ct. in Sun Valley.

At approximately 1725 hours Detective JENKINS and I knocked on the door of 7363 Rubens Ct. and met with Laura VARGAS and Pedro Cesar CORONADO-PARTIDA. VARGAS invited us into the residence and I explained the circumstances of my visit to them. I showed VARGAS and CORONADO-PARTIDA a photograph of ANNAN. Both subjects told me that they did not know her. VARGAS told me that she and CORONADO left Reno on September 17, 2004 and traveled to Mexico. CORONADO-PARTIDA and VARGAS spent several weeks in Mexico and appear to have been in Mexico at the time of the crime.

I asked CORONADO-PARTIDA if he would provide me with a sample of his DNA to be compared to evidence collected in this case. CORONADO-PARTIDA agreed and at approximately 1735 hours provided me with two oral DNA swabs.

DNA FROM ALFONSO HERRERA

I received the results of an administrative subpoena that I served on Nevada Bell for (775) 827-2804. I learned the telephone number was registered to Rocio HERRERA at 3295 South Virginia St., apartment #292.

I drove to Southwest Village apartments, 3295 South Virginia St., but learned HERRERA no longer lives at this address.

I conducted a power check, through Sierra Pacific Power, on the address and learned the power was under the name Alfonso HERRERA. I conducted a power check for a current account for Alfonso HERRERA. I learned HERRERA had an open account for 3125 South Virginia St. #31.

On May 3, 2005 Detective SISTARE and I met with a Spanish speaking female resident who told me Rocio was a female who moved back to Mexico. I learned Alfonso HERRERA was currently at work.

Detective SISTARE explained the reason for our visit in Spanish to the occupants. I was able to determine that Juan NAVARRO-SERRANO and Henry SERRANO, also known as Carlos NAVARRO, had lived at 3295 South Virginia St. #292. I had previously collected DNA from Henry SERRANO at the Washoe County jail, and Juan NAVARRO-SERRANO at Mr. Magic auto detailing on South Wells as a result of a cellular telephone subpoena I had served on (775) 378-0711. The origin of the calls from HERRERA's residence are most likely attributed to Henry SERRANO or Juan NAVARRO-SERRANO.

I asked the female to have Alfonso HERRERA, the only other male resident that I could identify, call me when he returned. At approximately 1145 hours I received a telephone call from HERRERA, who speaks fluent English, who told me he was home and wanted to meet with me.

At approximately 1200 hours I met with HERRERA on the sidewalk in front of apartment #31 at 3125 South Virginia St. I explained the circumstances surrounding my investigation. HERRERA told me he did not know ANNAN. I asked HERRERA if he would provide me with a sample of his DNA to be compared to evidence collected in this case. HERRERA agreed, and at approximately 1205 hours, provided me with two oral DNA swabs.

been arrested and was in custody at the Washoe County jail for a parole/probation violation.

I had previously contacted Nevada Parole and Probation and asked them to contact me if GRANDE had been located as he had absconded from parole. ANNAN's cellular call log, listed calls from (775) 378-0960, which returned to Mark GRANDE.

On May 25, 2005 at approximately 0835 hours I met with GRANDE in area control 3 at the Washoe County jail. I questioned GRANDE about the telephone calls between his cellular telephone and ANNAN's cellular telephone. GRANDE told me he did not know ANNAN. I showed GRANDE photographs of ANNAN, but GRANDE told me he did not recognize her.

GRANDE told me that his friend, Ann MOORE, was in possession of his cellular telephone during the time frame the telephone calls were made. I had previously talked to Ann MOORE who told me that she had given the cellular telephone to Nick MORENO when the calls were made.

I explained to GRANDE that I understood he was in the Washoe County jail when the telephone calls were made, however, he was not in custody at the time of ANNAN's murder. I asked GRANDE if he would be willing to provide me with a sample of his DNA to be compared to evidence in this case. GRANDE agreed and at approximately 0848 hours provided me with two oral DNA swabs.

SECRET WITNESS REPORT

The Reno Police Department received a secret witness email which stated the following:

"Not sure if I have any information but I was staying across the street at 621 Quincy. I do remember 9/22/04 there was a person named Daniel who was visiting 621 Quincy for a couple of days who was acting very strange. He use to visit on weekends and just sit on the porch staring across the street. On 9/22/04 I remember him crying saying that he needed to go home. I did not know what was wrong with him. I thought maybe he was up too many nights and that it was beginning to affect him. I insisted that he did not drive in his condition but he insisted that he had to go so I talked him into letting me drive him home in his car. He cried the whole way there mumbling that he was a bad person. On 9/23/04 I entered a treatment program at bristlecone northstar campus. I was not aware what had happened across the street until about a week later. Like I said I'm not sure if I have any relevant information for you...but for some reason I often find myself thinking back to time I spent at 621 Quincy street trying to recall anything that may be helpful to you. I do not remember seeing the woman across the street very often...I couldn't even really recall what she looked like as my eyesight isn't the greatest. I do know that her boyfriend drove a primered Datsun, maybe a 300Z. I believe he was not the only person she was dating as I remember seeing her kissing another man on her front porch as if to say good bye. This gentleman was parked down by the apartments and he drove a black VW Jetta. I will try to get up the nerve to call you. I have moved out of state and trying to leave the mistakes and bad memories I've made in Reno in my past."

SECOND INTERVIEW WITH JORGE ALCANTAR

At approximately 1630 hours I met with ALCANTAR in the Carson City jail. I asked ALCANTAR, who seemed to be the leader of the activities at 621 Quincy St., who left the residence at 621 Quincy St. to enter a treatment program. ALCANTAR told me his girlfriend, Angie ALEXANDER, had entered a drug program near the DMV. (Northstar is located on Galletti Way, down the street from DMV.)

ALCANTAR told me that ALEXANDER had moved to Bullhead City, Arizona, and provided me with a telephone number for her; (928) 763-7415. ALCANTAR said that ALEXANDER had told him about Daniel and his behavior previously.

ALCANTAR could not provide me with any new information.

TELEPHONE CALL WITH ANGIE ALEXANDER

After talking with ALCANTAR, I called ALEXANDER from my cellular telephone from the parking lot of the Carson City jail. ALEXANDER acknowledged that she was the person who had sent the email to Secret Witness.

ALEXANDER told me that she entered the Northstar treatment program on Thursday, September 23, 2004, which was the same day that ANNAN's body was discovered. ALEXANDER told me she entered the program in the early afternoon, prior to the police response to ANNAN's house. ALEXANDER told me she remembered seeing ANNAN's vehicle door open for a day or two before leaving for the treatment program.

ALEXANDER told me that she remembered the night of ANNAN's hot prowler burglary (September 13, 2004). ALEXANDER thought the police were at her house, but realized they were across the street. ALEXANDER said that Daniel was at 621 Quincy St. the night of the "hot prowler" burglary.

ALEXANDER said that on September 21 or September 22, 2004 Daniel was at 621 Quincy St. acting strange. ALEXANDER said that Daniel was crying. ALEXANDER told me she thought that Daniel was coming off "a bad high". ALEXANDER said that Daniel told her that he needed to go home. ALEXANDER said she did not feel comfortable allowing him to drive, and talked Daniel into letting her drive him home in his vehicle. ALEXANDER said that during the drive, Daniel continuously mumbled that he was a bad person.

After dropping Daniel off, she received a ride home from another person who lived with Daniel.

ALEXANDER told me that Daniel was normally a very nice person, and that his behavior was so strange, that she asked the other people in the house to check on the guy that Daniel was visiting, because she thought he may have done something to him.

ALEXANDER told me that Daniel had long hair, but shaved his head just before she entered the treatment program.

ALEXANDER told me Daniel lived in an apartment off of Sullivan. ALEXANDER described the location of the apartments, and told me that they were on the east side of Sullivan, a couple of blocks north of Albertson's on Oddie Blvd. ALEXANDER told me that the parking stalls were very long, and allowed for two vehicles to park in a single stall. I recognized the description of the apartments to be the Parkside Garden Apartments at 1800 Sullivan Lane. ALEXANDER told me that the apartment was halfway down the main entrance on the left hand side and was on the second floor. ALEXANDER told me Daniel had a red Ford Probe and a blue Toyota, possibly a Camry. ALEXANDER said Daniel was a short Hispanic male, about 5'5" tall, who worked for a landscaping business.

FOLLOW-UP AND IDENTIFICATION OF DANIEL SILVA

I met with Kathy EASTER, the manager of Parkside Garden Apartments. EASTER and her staff told me that Daniel SILVA lived in apartment #152 and worked for Apex Concrete. EASTER told me that apartment #152 was located on the second floor on the north side of the main drive in the area ALEXANDER had described.

I returned to the Reno Police station and crime analysis specialist Steve BIGHAM had also identified Daniel SILVA as living at 1800 Sullivan #152. BIGHAM identified SILVA as having affiliation to a 1991 Ford, which I confirmed was a Ford Probe.

DNA FROM JOVANI CHAVEZ-HERNANDEZ

During a telephone conversation with Angie ALEXANDER, she told me about another subject who would frequently visit the residence at 621 Quincy St. ALEXANDER only knew the male's name was Jovani.

ALEXANDER could not provide me with a reason why Jovani would be a suspect, but told me about him because she knew I was interested in identifying every possible person associated with 621 Quincy St.

ALEXANDER told me that Jovani had a champagne 2001 Dodge Stratus or Chrysler Cirrus which was repossessed in August or September 2004 by Norm's Auto.

On September 13, 2005 I met with employees of Norm's Auto, at 1496 South Virginia St., and presented them with the information ALEXANDER had given to me. I learned that Jovani CHAVEZ-HERNANDEZ had a light green 2000 Dodge Stratus repossessed on August 18, 2004. CHAVEZ-HERNANDEZ had listed 135 East Prater St. #C as his residence.

On September 14, 2005 Detective SISTARE, for translation, and I drove to 135 Prater St. #C. We met with CHAVEZ-HERNANDEZ' uncle who told us that he was not home, that he was at work. CHAVEZ-HERNANDEZ' uncle told us that CHAVEZ-HERNANDEZ works for Arcade Insulation.

On Monday, September 19, 2005 I called Arcade Insulation and learned that CHAVEZ-HERNANDEZ was working at the Reynen & Bardis development "The Highlands".

At approximately 1315 hours Reno Police Victim Advocate Elizabeth De La Torre, for translation, and I drove to the "Highlands" construction site.

I told CHAVEZ-HERNANDEZ that I was investigating Kyla ANNAN's murder and that she lived across the street from a house that he was reported to frequent. CHAVEZ-HERNANDEZ acknowledged that he would frequently visit his friend, Pearnas, who lived at the house at 621 Quincy St. CHAVEZ-HERNANDEZ told me Pearnas had moved back to Mexico. CHAVEZ-HERNANDEZ had heard about the murder across the street for Pearnas' house, but learned of the murder on the news.

CHAVEZ-HERNANDEZ told me that he vaguely remembered the girl across the street and remembered seeing her watering her plants. CHAVEZ-HERNANDEZ told me that he had never spoken with ANNAN and never been in her home.

I told CHAVEZ-HERNANDEZ that we had located our suspect's DNA in the crime scene. I explained that we had collected over one hundred DNA samples and were asking every man who lived in, or visited the 600 block of Quincy St. for a sample of their DNA to be compared to evidence collected in this case. CHAVEZ-HERNANDEZ agreed to provide his DNA, and at approximately 1320 hours provided me with two oral DNA swabs.

CHAVEZ-HERNANDEZ told me that he did not recall any other residents or guests from 621 Quincy St. who seemed interested in ANNAN. CHAVEZ-HERNANDEZ did not have any additional information.
