Appellant Tonopah Solar Energy, LLC (“TSE”) requests to extend the deadline to file its opening brief and appendix by 21 days, which would make its opening brief and appendix due on October 3, 2019. NRAP 31(b)(3). This is the second such motion.

The parties previously stipulated to extend the deadline pursuant to NRAP 31(b)(2), which moved the brief’s original deadline of July 30, 2019 to August 29, 2019. TSE then moved to extend the deadline pursuant to NRAP 31(b)(3), which was granted and moved the brief’s deadline 14 days to September 12, 2019. No requests for extension have been denied or denied in part.

TSE planned to file its opening brief and appendix today, September 12, 2019. Both are ready to file. But, due to developments with settlement discussions that took place this morning, which would nullify the need for the opening brief, TSE requests to extend the deadline by 21 days. The parties are working quickly to finalize a settlement agreement. TSE anticipates knowing within the next 21 days if it will need to proceed with filing its opening brief.
