¹ SCOPE Administrator email address. Revealing this would allow non-authorized persons to email us, but also could be used for hackers/criminals to create fake emails (spearphishing)

² Active Directory Federated Service (Revealing this information can provide a hacker the method an agency uses to access SCOPE)

³ This would provide information on the location of SCOPE which could be used to generate a fake website or email where it would appear to come from the system.

⁴ These were/are LVMPD and State websites and apps not related to SCOPE

⁵ By showing it is SharePoint, may reveal to a hacker how to attack

⁶ Active Directory (Relates to either Clark County AD or SCOPE AD, which is managed by Clark County. This would reveal to a hacker the method an agency uses to access SCOPE)

⁷ May allow a hacker/criminal to use this phone number to try and use social engineering to gain access to SCOPE, or use as the 'caller ID' when trying to trick personnel

⁸ By showing what the password reset page looks like, hackers/criminals may be able to trick users into providing credentials (spearphishing)

⁹ Revealing what the password change email looks like could generate a "spearphishing" ("phishing") attempt that would trick a user into going to a fake website and revealing user credentials/password.

¹⁰ Social Security Number is not generic, so it may be an actual SOC used by someone even if not found in SCOPE.

3 MS. McLETCHE: So this is a meet and
4 confer in the Las Vegas Review-Journal versus Las Vegas
5 Metropolitan Police Department case regarding
6 sex-trafficking public records.

7 One thing I thought we could talk about
8 while we're all here, because it worked out well when
9 we were on the phone last time, and Brian was with me,
10 I thought we could just kind of go over the stip and
11 order --

12 MS. NICHOLS: Okay.

13 MS. McLETCHE: -- and talk about that
14 briefly and maybe get a sense -- and we have some
15 specific questions, but I was thinking maybe we could
16 just knock that out.

17 MR. CROSBY: Sure.

18 MS. McLETCHE: So on the sex-trafficking
19 investigative case files, I think where we left this is
20 that we had disagreements about the scope of the
21 redactions, and we thought we should go to the court.
22 So I think maybe we should stipulate to a briefing
23 schedule on that.

24 MR. CROSBY: I'm fine with that.

25 MS. McLETCHE: And we would like to add to

1 the list of records -- we had limited this
2 significantly, as you know, from the entire
3 investigative file to arrest reports, case reports, and
4 requests for prosecution. We had limited our requests
5 for the investigative file to those records. We would
6 like to add case notes to that list.

7 Due to the passage of time, we would like
8 to ask for 27 and 2018. I know that technically we
9 didn't make a public-records request for it --

10 MR. CROSBY: 27?

11 MS. NICHOLS: 2017?

12 MS. McLEITCHIE: 2017 and 2018.

13 SGT. ARMBRUSTER: Can I intervene? I have
14 a question.

15 MS. McLEITCHIE: Sure.

16 SGT. ARMBRUSTER: You said arrest reports
17 and case reports. Can you clarify, because arrest
18 reports to us mean everything, case reports. Like, the
19 final arrest report we have to turn in, so that's
20 everything.

21 Is there a specific -- so I make sure on
22 our part we do everything right too.

23 MS. McLEITCHIE: Sure.

24 Did you happen to bring any of the sample
25 files you've given us?

1 MS. NICHOLS: No.

2 MS. McLETCHE: Maybe on a break you
3 could -- you know how you did the -- maybe she could
4 get a couple of those. This is something we had
5 already agreed to. But, yeah, it would be wonderful.

6 SGT. ARMBRUSTER: I just want to make sure
7 we're all on the same page, like terminology, they mean
8 the same thing to us. So I want to make sure we're on
9 the same page before we leave today.

10 MS. McLETCHE: Arrest reports and case
11 reports mean the same thing?

12 SGT. ARMBRUSTER: The lingo, depending on
13 when you got hired on, some say arrest reports, some
14 say case reports. At the end when the arrest report is
15 submitted, all the case reports are submitted with it.

16 It depends on the year too. Like I said,
17 there's new officers, it's just different
18 terminologies. But I want to make sure I understand so
19 when I leave here today, we know what you need.

20 MS. NICHOLS: I'm going to have Suzanne
21 print out that sample file, and she will bring it down.

22 MS. McLETCHE: Okay. Ms. Nichols and I
23 are just lawyers, and so we made this list in a vacuum.
24 So yeah, it would be great if we can get on the same
25 page, because we certainly don't want anything lost in

1 translation. I really appreciate that.

2 MR. LIPMAN: You had said case notes. I

3 don't know if that's --

4 MS. McLETCHE: What we wanted to add to

5 the list was case notes, which I understand to be

6 something different than an arrest report.

7 SGT. ARMBRUSTER: Arrest reports and case

8 notes, to me, are the same. Case notes are obviously

9 different --

10 MS. McLETCHE: Brian, do you want to

11 explain what you mean by case notes.

12 MR. JOSEPH: My understanding is, case

13 notes are sort of a step-by-step narrative of the

14 process of the case. This was done and this was done

15 and this was done.

16 Is that a fair explanation?

17 SGT. ARMBRUSTER: Yes.

18 MR. JOSEPH: So that is what we're

19 interested in is the case notes.

20 We had previously used the nomenclature of

21 case report, but you're right, I do understand that is

22 used as a synonym with arrest report. But, yes, case

23 note, as I understand, is what I've just described, and

24 an arrest report is an arrest report.

25 SGT. ARMBRUSTER: I understand.

1 MS. McLETCHE: So case notes is something
2 different from arrest reports?

3 SGT. ARMBRUSTER: Case notes, yes. It's
4 part of the case, yes.

5 MS. McLETCHE: Got it. And we have not
6 received those. We had made an agreement -- we had
7 brought requests initially for all the investigative
8 files, and we had narrowed it down.

9 SGT. ARMBRUSTER: But you also got to take
10 into account -- I'm sorry if I'm interrupting, but I
11 want to make sure that we're all on the same page.

12 MS. McLETCHE: Right. The more you two
13 can talk, the better.

14 SGT. ARMBRUSTER: Depending on the years,
15 like, for instance, 2013 and 2014, case notes, before
16 all the programs, were handwritten. So at the time,
17 they're probably not going to be available anymore
18 because they're done with the case.

19 And now we have P1 it's called, and now it
20 would possibly be on there. But depending on the
21 years, I mean, with technology and changing, we're
22 getting rid of new case loads, and what we did will be
23 passed on over to a smaller organization and smaller
24 teams. You just tell your sergeant, hey, I'm going to
25 go in there and review officer case notes.

1 So you may not get year by year depending
2 on as we evolved with technology.

3 MR. JOSEPH: That's absolutely
4 understandable.

5 MS. McLEITCHIE: We were thinking, which
6 might solve that issue to some degree is, what we were
7 thinking is, let's forget about 2014.

8 I don't think you've done 2014 yet, right?

9 MS. NICHOLS: I don't think so. We just
10 did that one sample for the one month, and I can't
11 remember -- I think it was 2016.

12 MS. McLEITCHIE: Yeah, it was.

13 MR. JOSEPH: December of 2016, I believe.

14 MS. McLEITCHIE: So let's take 2014 out.
15 And we were thinking the most recent backwards,
16 although there's going to be more likely to be open
17 case files in the 2018 files.

18 So what are your thoughts on that?

19 MR. JOSEPH: Just start with '15 and move
20 forward.

21 MS. McLEITCHIE: Okay. So we would do 2015
22 through 2018.

23 MR. JOSEPH: On the investigative files.

24 MS. McLEITCHIE: And we add case notes. And
25 it sounds like case reports is something we can cross

1 off the list because we were using the wrong
2 nomenclature.

3 MR. JOSEPH: Correct me if I'm wrong.

4 Arrest report and case report is a synonym, but then a
5 crime report is something different; is that right?

6 SGT. ARMBRUSTER: No. An incident crime
7 report is a -- you're a victim of a crime, we would do
8 an incident crime report. You either come to a
9 substation or officers, if your house was burglarized,
10 would come out and take an incident crime report.

11 90 percent of the time, people want to do
12 an incident crime report. For us, like a patrol
13 officer would respond, or staff up front of a police
14 station would take that. And that gets shuffled back
15 to the detective who worked that case.

16 People might not want to report once they
17 find out they have to document stuff. So it's not
18 always guaranteed you will get a crime report.

19 But, yes, a crime report is something we
20 would take if you were a victim of a crime.

21 MR. JOSEPH: Is there a difference between
22 a crime report and a case report, or are those the same
23 things?

24 SGT. ARMBRUSTER: Like I said,
25 terminologies are different back in the years. We

1 called it case reports, crime reports. At the end of
2 the day, if there's an arrest report and we have to
3 submit like an arrest warrant, we submit all our stuff
4 to the DA, and the DA would have that.

5 It's just a play on words. Depending on
6 the year, like I said, it's going to be called a
7 different thing. But, yes, if you want the arrest
8 reports, with the arrest reports you get, depending on
9 the classification of the crime, gross misdemeanors,
10 felonies are going to be different than what you get
11 for misdemeanor crimes and stuff. We don't do requests
12 for misdemeanors.

13 MS. McLEITCHIE: And not every incident
14 report necessarily is going to lead to an arrest
15 report. So if I come in and make a statement and say,
16 you know, Mr. Crosby egged my car, I want to report
17 this, and you decide not to arrest him because you
18 don't think there's enough evidence, there may never be
19 arrest report but there may be an incident report; is
20 that right?

21 SGT. ARMBRUSTER: Yes or no. There may not
22 be a -- it's hard to say, because there's no routine
23 calls and there's no routine -- you show up or people
24 come in and they find they have to document something,
25 they may not want to. It might be a family member, and

1 they go, oh, no, I don't want to make it official, I
2 just want to pass on doing it just to let you know.

3 We can't do anything unless you do an
4 incident crime report. So more than likely, depending
5 on what the elements of the crime are, we would do an
6 ICR, what we call ICRs. But not everything is going to
7 be an ICR, like I said, it's just --

8 MS. McLETCHIE: If something doesn't reach
9 the ICR stage, what documents would be created?

10 SGT. ARMBRUSTER: What's the crime?

11 MS. McLETCHIE: I don't know. Sex
12 trafficking.

13 SGT. ARMBRUSTER: If there's a victim of
14 crime, there should be an ICR done. So that would be
15 in our P1.

16 MR. JOSEPH: Okay. So case report is in P1
17 as well?

18 SGT. ARMBRUSTER: They should be in P1.

19 MR. JOSEPH: And arrest reports would be in
20 P1 as well?

21 SGT. ARMBRUSTER: Depending on the year.

22 P1 was implemented when decentralization
23 took place when Sheriff Lombardo got -- was it '15 or
24 '16? Around there. That's when P1 got implemented.

25 Is it a perfect program, no. It's not

1 everything we thought it was, but we're making the best
2 out of it. And it should have all the reports on it.
3 A patrol officer comes and takes a report, everything
4 is on P1 at this point.

5 MR. JOSEPH: That's Premier 1?

6 SGT. ARMBRUSTER: Yes. We call it P1.

7 MR. JOSEPH: Isn't there also another
8 category of records called an officer report that also
9 sometimes get fed into investigative files as well?

10 SGT. ARMBRUSTER: Yes and no. Again, it
11 depends on the detail. If you did a search warrant, an
12 officer would have to do -- or a detective would do an
13 officer's report. It's not an investigative thing,
14 it's the steps you took to make sure you left a return
15 there, if anyone was there, if you called the company
16 to come lock the doors, that it was secure, who did you
17 leave the keys with, if there was any damage.

18 It's just a liability thing just what we
19 do, the steps we did to make sure it was secure, and
20 that's part of the search warrant packet.

21 I'm using search warrant as an example. An
22 officer's report can be done for anything. If one of
23 my officers -- like Al Phillips lost his patrol shirt.
24 They gave it to another person by accident. So it's
25 considered lost or stolen property. I made him do an

1 officer's report so there's some kind of documentation
2 that it wasn't his fault, got an event number, his
3 shirt was lost, it was Al Phillips' fault, and it's in
4 the report.

5 It can be used for anything, but not all
6 the time. It's the sergeant's discretion. But to me,
7 it's a liability thing. There's some kind of record.

8 MR. JOSEPH: Are those recorded in P1 as
9 well?

10 SGT. ARMBRUSTER: No.

11 MR. JOSEPH: Those aren't in P1. Okay.

12 MS. McLETCHIE: Just getting back to the
13 stipulation, because I want to be sure we understand
14 all this helpful information about the records.

15 So on the sex-trafficking investigative
16 files, we have agreed, forget 2014, we'll add 2017 and
17 2018. We're going to figure out a briefing schedule
18 about the redaction issues. And once we get that
19 resolved, because we don't want to waste money going
20 back and forth on redactions, you're going to produce
21 those with what we're calling case notes as well.
22 That's for the sex-trafficking investigation reports.

23 And then the second category of records
24 that's covered in the stipulation was arrest reports
25 for solicitation or trespass, which is really two

1 different categories. We've only been doing the
2 solicitation so far, and I think we want to do trespass
3 after solicitation; is that right?

4 MR. JOSEPH: (Nods head.)

5 MS. McLETCHIE: So yes, we'll keep waiting
6 to do trespass until after solicitation. And I think
7 let's again scrap 2014 and then do add 2017 and 2018.

8 MS. NICHOLS: So it will be 2015 to 2018?

9 MS. McLETCHIE: Yeah. And I don't think,
10 Jackie, I don't think that you have -- I don't know
11 that you've done 2014 for the --

12 MR. JOSEPH: For the solicitations, they
13 have not.

14 MS. McLETCHIE: I don't think you've done
15 them anyway.

16 MR. JOSEPH: You haven't. You started
17 giving me January 2015. So that won't be an issue.

18 MS. McLETCHIE: That works out. And I
19 think as of Friday's production, you've gone through
20 March of 2017 on the arrest reports for solicitation.

21 MR. JOSEPH: That's correct.

22 MS. McLETCHIE: So there shouldn't be too
23 many --

24 MS. NICHOLS: No, there's four weeks left
25 for solicitation records.

1 MS. McLETCHE: There's four weeks left?

2 There's the rest of 2017, right?

3 MS. NICHOLS: Right, but I'm saying four
4 more disclosures, weekly disclosures.

5 MS. McLETCHE: So you think you will be
6 able to finish those within a month?

7 MS. NICHOLS: Yes.

8 MS. McLETCHE: Great.

9 MR. JOSEPH: Through the end of 2018?

10 MS. NICHOLS: Yeah.

11 MR. JOSEPH: Wow.

12 MS. NICHOLS: Wait. No, through --

13 MR. CROSBY: 2017. We didn't know about
14 2018.

15 MS. NICHOLS: Through the end of 2017.

16 MR. JOSEPH: I got you.

17 MR. LIPMAN: Where are we right now with
18 2017?

19 MR. CROSBY: March of 2017.

20 MS. NICHOLS: So for trespass, are you
21 going to want the same thing with solicitation, which
22 would be arrest reports, DOAs and TCRs?

23 MS. McLETCHE: Brian?

24 MR. JOSEPH: Yes, but let's get through the
25 end of this first and then we'll --

1 MS. McLETCHIE: Do we still want to wait
2 on -- we still want to wait on trespass. My thinking
3 is -- and correct me if I'm wrong at any time, but my
4 thinking is, let's get the solicitation done, including
5 2018. Let's see if the court will give us some
6 guidance either at the status check or through briefing
7 on the redaction issue, and then let's go back to the
8 first category.

9 So in other words, you can hold off on the
10 trespass.

11 MS. NICHOLS: Okay. So with solicitation,
12 though, you want to include 2018?

13 MS. McLETCHIE: Correct.

14 MR. JOSEPH: Yes.

15 MS. NICHOLS: Okay.

16 MS. McLETCHIE: I think that those are the
17 only -- basically those are the modifications we wanted
18 to make to the stipulation --

19 MS. NICHOLS: Okay.

20 MS. McLETCHIE: -- if you're agreeable to
21 those.

22 So Nick and I have been litigating against
23 each other for a long time, but keeping up with what
24 records Metro has, I get confused. I think even
25 Mr. Crosby sometimes gets confused. So we were hoping

1 you guys can talk about how and where, how and where
2 records were stored. And not all records.

3 For example, the example you gave like the
4 guy who lost his shirt, we don't care about that.
5 We're talking about the sex-trafficking investigative
6 files, the specific arrest reports we had asked for in
7 this case, and some other related records. But those
8 are the kinds of things we're looking for. We don't
9 need to know everything about how Metro keeps all of
10 its records, just the stuff that's pertinent to this
11 case.

12 SGT. ARMBRUSTER: I'll try my best to
13 answer as long as we're all on the same page.

14 MS. McLETCHIE: So one thing I'm trying to
15 figure out is, who is responsible for -- you mentioned
16 P1. Maybe you can explain what P1 does.

17 SGT. ARMBRUSTER: It's just a program for
18 our agency that we use on all, from patrol to
19 specialized details, to document the cases that we're
20 assigned or incident ICRs that we spoke about that come
21 in. And they're a number system. If they're zero
22 cases -- and not getting into particulars, but it gets
23 assigned to a detective, and the detective will work
24 the case and go from there. I mean, on the
25 investigative side, it depends how long the

1 investigation will take on it. It depends on the
2 evidence they have documented and stuff they have.

3 MR. JOSEPH: Is each case identified by an
4 event number?

5 SGT. ARMBRUSTER: How we identify our
6 programs from the beginning of time until now is
7 personal identifiers and event numbers, that's how we
8 identify stuff.

9 MR. JOSEPH: Personal identifier is for an
10 individual?

11 SGT. ARMBRUSTER: Individual, yes.

12 MS. McLETCHE: A defendant?

13 SGT. ARMBRUSTER: That's how we would
14 narrow things down. If there's a specific person or
15 event number, that's how we can speed up whatever you
16 may need, that's how we always have our program set up
17 to be.

18 MS. McLETCHE: So is it a program that you
19 guys bought that comes as is, or is it one that you
20 modified to meet your particular needs?

21 SGT. ARMBRUSTER: I don't know.

22 MS. McLETCHE: What year did you say you
23 got it?

24 SGT. ARMBRUSTER: When the sheriff got
25 elected is when we implemented it. And that's, whoever

1 did the testing of all that, that would be way out of
2 my computer --

3 MS. McLETCHE: So those would be questions
4 for IT.

5 So you're saying you can look up cases in
6 this database, right?

7 SGT. ARMBRUSTER: As of when we put it into
8 place, yes.

9 MS. McLETCHE: So older cases aren't in
10 there. So Sheriff Lombardo forward?

11 SGT. ARMBRUSTER: I believe when we started
12 the decentralization, that's when we started the P1.
13 Before that, we had different programs. Every year,
14 different details, it was always different programs we
15 used for that specialized unit, what they needed. So
16 P1 now is universal.

17 MS. McLETCHE: So when you were
18 decentralizing, the thought was, let's make sure that
19 we're keeping records in a universal format?

20 SGT. ARMBRUSTER: I can't speak for the
21 sheriff, but it would make sense to say that, yes. I
22 would feel comfortable agreeing with that.

23 MS. McLETCHE: Okay. And can you look up
24 cases by a detective name?

25 SGT. ARMBRUSTER: 100 percent, no, I

1 wouldn't feel comfortable saying yes to that because
2 there's always movement going on in our agency: People
3 transferring, moving, promoting. A case may start with
4 you, and then you leave or get promoted and it gets
5 passed on to you (indicating).

6 It's fair to say that by identifiers or
7 event number is the only 100 percent accurate way that
8 we can identify or look up a case. Because it would be
9 hard just to put you down, your name. You may have
10 worked hundreds of cases depending on your tenure, how
11 long you've been, what details you were. Cases,
12 sometimes you're a co-detective or just a witness
13 detective helping out the lead detective. It's hard to
14 say that that's how it would be.

15 MS. McLETCHIE: So it wouldn't be a good
16 way to narrow down a specific type of case, is what I'm
17 understanding, but you could, in theory, look up a
18 detective -- you could do a search in there for a
19 detective?

20 SGT. ARMBRUSTER: I don't feel comfortable
21 saying that.

22 MS. McLETCHIE: So you're not sure.

23 SGT. ARMBRUSTER: I would say I'm unsure.
24 I can get an answer for you. As of right now, I don't
25 know that answer. I'm not comfortable saying yes to

1 you.

2 If you told me identifiers or event number,
3 like I said a couple times, 100 percent I would feel
4 comfortable saying yes to that.

5 MR. JOSEPH: Sure.

6 What about like NRS violation code, like
7 the violation itself, the crime that's being
8 investigated, can you look it up by that?

9 SGT. ARMBRUSTER: No, because that's one of
10 the stuff from your request for grand larcenies, I was
11 trying to find a faster way of doing it to get you that
12 information. But the law's changed, the amounts for
13 grand larceny has changed, NRS has changed. There's no
14 way for the years you wanted, every year it's changed.
15 So just to have the NRS, the amount, there is no way of
16 finding that or doing it that way.

17 The 213 properties you guys requested, I
18 mean, we came out, I think there was like 14,000 cases
19 from that time frame. And there was no easy way of
20 narrowing it down unless it was more specific on your
21 request. No way of narrowing it down to make it
22 easier.

23 MR. JOSEPH: You're talking about how grand
24 larceny has changed, I could understand that. But what
25 about something like sex trafficking, can you look up

1 just an NRS?

2 SGT. ARMBRUSTER: No.

3 MR. JOSEPH: Okay.

4 MS. McLETCHIE: Okay.

5 MR. LIPMAN: You mean the search would

6 not -- are you saying it wouldn't be accurate or are

7 you saying you can't --

8 SGT. ARMBRUSTER: I'm not comfortable

9 saying it would happen that way because that's not how

10 we're set up, and that's not how we look up stuff.

11 So besides the two ways I told you, there's

12 no other way of just putting that certain crime in and

13 that's all going to come up.

14 As far as our level, detectives and

15 detective sergeants and all that, there's no way of

16 looking that up on the crime, I'm almost positive. But

17 I can find an answer for you on that, and we will

18 follow up with that.

19 MS. McLETCHIE: Would it be possible to get

20 like a screenshot printout of the query fields?

21 Like when you have Premiere up on your

22 screen, I'm assuming you have to see things. Maybe you

23 could take a screenshot and print it out for us.

24 SGT. ARMBRUSTER: Of just --

25 MR. JOSEPH: The form, the GUI.

LVRJ164

1 MR. CROSBY: The what?

2 MR. JOSEPH: The GUI. The graphic user
3 interface.

4 MS. McLETCHE: So George Bauer, who I
5 think was doing some work on the grand larcenies,
6 attempted grand larcenies -- so this is why I was
7 wondering about searching by NRS and searching by
8 address -- and he said that -- and maybe they have
9 different access than you do, but he said that the
10 analytic section, ANSEC, of the Las Vegas Metropolitan
11 Police Department, I think they're in the Crime and
12 Terrorism Bureau, if I'm correct --

13 SGT. ARMBRUSTER: Yes.

14 MS. McLETCHE: -- would be able to query
15 the Premiere 1 record system and run each address
16 individually by statute requested.

17 So it looked to me like you could put in,
18 say, an address and a statute.

19 SGT. ARMBRUSTER: Then they would be a
20 different level of -- that's their job is to find
21 numbers, crime trends, so they may have different
22 access to P1 than what anyone else would and stuff.

23 By all rights, they should, but I don't
24 have that access, and I'm not aware of it.

25 MS. McLETCHE: Ms. Nichols, maybe it would

1 be possible to ask Mr. Bauer for a copy of what he gets
2 when he sees the screen to see if it's different than
3 the sergeant.

4 MS. NICHOLS: Okay.

5 MR. JOSEPH: So if I'm hearing you
6 correctly, there is different levels of users of P1
7 that have different abilities to query --

8 SGT. ARMBRUSTER: I'm only saying that from
9 the information that she just read to me.

10 MR. JOSEPH: Fair enough.

11 SGT. ARMBRUSTER: It sounds like they have
12 a different view of what I would see.

13 MR. JOSEPH: Okay. That's fair. But that
14 sort of capability isn't under your purview?

15 SGT. ARMBRUSTER: There would be no need
16 for me to have something like that.

17 MR. JOSEPH: Fair enough.

18 MS. McLETCHE: Okay. So you wouldn't
19 know. So because ANSEC does things like, they're part
20 of the counterterrorism bureau, I'm thinking that they
21 can do things that are geographically focused, because
22 they look at things like the Strip. But this is maybe
23 outside you area of knowledge because you're not with
24 ANSEC, but have you ever seen any reports or other
25 information that's grouped by area like the Strip?

1 SGT. ARMBRUSTER: What exactly are you

2 asking?

3 MS. McLETCHE: So, you know, does ANSEC

4 look at things like certain types of crime on the

5 Strip, are they going up, are they going down.

6 SGT. ARMBRUSTER: Yeah, we have crime

7 trends and numbers, and then we share with everyone

8 anyway, so yes, that's information that they would

9 have.

10 MR. JOSEPH: Are they able to produce that

11 information?

12 I'm sorry, I didn't mean to jump on you.

13 SGT. ARMBRUSTER: I would assume they are,

14 from what you just read.

15 Am I okay calling you Maggie?

16 MS. McLETCHE: Yes.

17 SGT. ARMBRUSTER: Whatever Maggie just

18 read, I'm comfortable with saying yes, that's what they

19 would do.

20 MR. JOSEPH: But that's not what you're

21 doing?

22 SGT. ARMBRUSTER: They're analysts. They

23 take the numbers, and analytical. I'm not in that

24 section with dealing with the numbers and crime trends,

25 so I wouldn't have that information.

1 There was no need for me -- eventually
2 everything gets passed down, so I could spread the
3 message to my troops to tell them this is our trend and
4 all that.

5 MR. JOSEPH: I didn't catch it. Which
6 section are you a member of?

7 SGT. ARMBRUSTER: I work for the legal
8 section right now.

9 MR. JOSEPH: Okay.

10 SGT. ARMBRUSTER: But my bureau name is
11 Digital Investigations.

12 MR. JOSEPH: Okay. That's under -- I'm
13 still learning your chart. That's under which --

14 SGT. ARMBRUSTER: Let me see if you guess
15 right. It sounded like you know. I'm waiting for you
16 to guess.

17 MR. JOSEPH: No, I can't remember. You
18 tell me.

19 SGT. ARMBRUSTER: I work for the director.
20 My boss, Kevin Skehan, is the director.

21 MR. JOSEPH: Okay.

22 MS. McLEITCHIE: So that was Premiere 1.
23 And Premiere 1, what is stored on Premier 1, which
24 types of records?

25 You touched on this earlier, but are there

1 arrest reports and incident reports in Premier 1?

2 SGT. ARMBRUSTER: I think you asked me
3 that. We touched on it, but I said I'll get an answer
4 for you.

5 I want to give you a correct answer, and I
6 don't know exactly what's stored on there. I don't
7 want to give half the stuff, I want to give you the
8 whole answer. I'll find out.

9 MS. McLEITCHIE: So you'll find out and let
10 Jackie know, or we'll figure out how to get the
11 information.

12 Are you familiar with the elite arrest
13 database?

14 SGT. ARMBRUSTER: Never heard of it.

15 MS. McLEITCHIE: Okay. That was something
16 again in the declaration.

17 You are familiar, you do use Premiere 1,
18 right?

19 SGT. ARMBRUSTER: Yes, I have used
20 Premiere 1.

21 MS. McLEITCHIE: Do you know of any specific
22 records that are contained in there?

23 SGT. ARMBRUSTER: Like I said, it would be
24 elements of a crime, it would be basic information if
25 someone wanted to report a crime, if officers respond

1 to an incident, if there's a victim, it would be all
2 that information stored in there and then get funneled
3 through our PD detectives at the area command or a
4 specialized unit, depending on what the specifics of
5 the crime is.

6 Your questioning, Vice, they would get the
7 P1, and then they would get the -- depending on -- the
8 sergeant would divvy it out to the detectives on who is
9 working that case and following up on it.

10 MR. JOSEPH: Is every new event number
11 represented in P1?

12 SGT. ARMBRUSTER: Every new event, yes.
13 That's why specific -- I mean, event numbers would make
14 it -- yeah, we can pull that up, here you go.

15 MS. McLETCHE: The problem is, when you're
16 a member of the public, there's no way for you to know
17 all the event numbers --

18 (Indiscernible due to
19 overlapping conversation.)

20 MR. JOSEPH: -- universe of a particular
21 crime, so that's why -- I totally understand --

22 SGT. ARMBRUSTER: I hear what you're saying
23 too, but how else can we do it. I mean, I sat here and
24 thought about certain things, there's no way. I mean,
25 what's a good way of --

1 MR. JOSEPH: It sounds like these people at
2 ANSEC do look at universes of crimes.

3 SGT. ARMBRUSTER: From that letter she
4 read, yes, it sounds like they narrow it down.

5 MR. CROSBY: I think ANSEC, and I don't
6 know specifically, but I think they get access to the
7 reports, I think, that are generated -- not reports,
8 but the types of crimes that are generated or
9 populated, some of the reports, a report and event
10 number is created, and if it has a 400 IDF code, I
11 think that's what ANSEC gets their statistics from.

12 MS. McLEITCHIE: What's a 400 IDF code?

13 MR. CROSBY: The IDF code, the 400 codes,
14 it's on our website.

15 MR. JOSEPH: What is that?

16 MS. NICHOLS: I believe I handed it to you
17 during our first argument --

18 MR. CROSBY: It's the 400 codes, so the cop
19 saying --

20 (Indiscernible due to
21 overlapping conversation.)

22 MR. CROSBY: Codes for crimes.

23 MS. McLEITCHIE: I just don't think in
24 abbreviations and acronyms, sorry.

25 MS. NICHOLS: I'll double-check, but I

1 think that's what they meant by statute, and that is,
2 to them, is the 400 code. But I'll double-check with
3 ANSEC on that.

4 MR. CROSBY: I'm pretty sure that's how
5 they categorize it. It's by the 400 codes.

6 MS. McLEITCHIE: Yeah, Mr. Bauer's
7 declaration just refers to statute.

8 MR. JOSEPH: So correct me if I'm wrong.
9 Are you saying 400 IDF codes equal, synonymous with,
10 criminal violations?

11 MR. CROSBY: In some cases. Because there
12 are general 400 codes that Dispatch would assign. For
13 example, if a call came in for someone screaming that
14 somebody is going in their house, they might generate a
15 440 or whatever, unknown disturbance --

16 SGT. ARMBRUSTER: 440 would be like a
17 warrant. So, I mean --

18 MR. CROSBY: That could be. A 440 warrant,
19 it doesn't have the type of crime.

20 MR. JOSEPH: Sure, it's just a warrant.

21 MR. CROSBY: Yeah. So some 400 codes,
22 like, for example, like a -- is a 401 a car accident?

23 SGT. ARMBRUSTER: Um-hmm.

24 MR. CROSBY: So 401 is a car accident, but
25 it doesn't necessarily mean it's 4- -- what's a DUI?

1 SGT. ARMBRUSTER: It's vague. Every -- we
2 keep adding on to each 400 code. It's getting even
3 confusing for us. New things are coming in and stuff.
4 440 would be the best example, for officer
5 safety reasons, because everyone knows it's online,
6 anyone can look it up if they want to memorize and
7 stuff. In the academy we're trained and taught and
8 tested on it. But 440 could mean a misdemeanor, could
9 be a burglary, a felony, it could be for murder, it's a
10 warrant. It's so vague on what it could be.

11 MS. McLETCHE: But there are other 440
12 codes that do correspond to criminal statutes?

13 MR. CROSBY: Yes.

14 SGT. ARMBRUSTER: There's a lot.

15 MR. JOSEPH: So in theory, there could be a
16 400 IDF code for trafficking?

17 MR. CROSBY: There is not.

18 MS. NICHOLS: No. And that, I believe, is
19 what we were trying to explain is that ANSEC would have
20 to search it under a 440 and then go through every
21 single case to determine whether or not it did -- I
22 think for grand larcenies, if it was --

23 MR. JOSEPH: Let's stop talking about grand
24 larcenies for a second, let's talk just about
25 trafficking.

1 MS. NICHOLS: Sex trafficking.

2 MR. JOSEPH: Yeah, just about trafficking.

3 MS. NICHOLS: There's not a 400 code for
4 sex trafficking, so it would be called out as a 440.

5 And that's how ANSEC would categorize it in the crime
6 map. You would have the event number, but it would go
7 by 440. So you wouldn't be able to tell just from the
8 map alone that it was sex trafficking until you delved
9 into the event number.

10 MR. JOSEPH: So how does the trafficking
11 task force produce its yearly numbers then if this is
12 the only way to search them?

13 SGT. ARMBRUSTER: When they arrest someone,
14 we have -- our 400 codes are different than what the
15 FBI uses for crime statistics and stuff. So that's
16 what I know ANSEC to do to match the crimes, because
17 there's guidelines that the FBI has for certain crimes.

18 Their crimes don't always match what our
19 400 codes are, because our 400 codes are vague and just
20 more for responding, there's so many different crimes
21 out there now.

22 So they go through and match and make sure
23 they meet the criteria of what the FBI has. And they,
24 would say audit would be safe to say, and check to
25 make sure that we're matching the right numbers with

1 the right crime that the FBI needs for statistics. So

2 that's what they do.

3 They have analysts that would go through

4 there and match the sex trafficking, like you're

5 saying. It could be pandering -- I mean, sex

6 trafficking is pandering, living off the earnings --

7 MR. JOSEPH: Yeah, those are different

8 things.

9 SGT. ARMBRUSTER: But it would have to

10 match what the FBI is using --

11 MR. JOSEPH: So there are people that audit

12 the books?

13 SGT. ARMBRUSTER: That's how they would get

14 the numbers to the FBI.

15 You're asking how we would have the

16 numbers. That's how the numbers they give out and

17 stuff, we want to make sure they match. But not all of

18 our 400 codes or criteria is going to match the numbers

19 we supply.

20 MR. JOSEPH: Is that someone at ANSEC that

21 does that?

22 SGT. ARMBRUSTER: I know analysts at ANSEC

23 should be doing that. That's what their functions are.

24 They have a wide variety of functions. Learning about

25 that is, what you read, is not surprising that they

1 would be doing that. They're in their own little world

2 up there.

3 MS. McLETCHE: One thing I'm wondering is
4 if maybe we can figure out who at ANSEC, because,
5 remember, we figured out that you guys do give some
6 stats to the FBI. So maybe somebody at ANSEC did what
7 he's talking about and tried to match up -- already did
8 this in another context for the FBI and for --

9 MS. NICHOLS: It's different, because we
10 did try to go this route initially and we couldn't. So
11 UCR is completely different than ANSEC.

12 What he's talking about is not through
13 ANSEC. It's essentially, my understanding is that in
14 P1, they attach a UCR code to whatever the report is or
15 whatever the crime is. And when he's talking about
16 auditing, basically we have someone just
17 double-checking to make sure that UCR number
18 corresponds with what the crime was committed. That's
19 all it is. It's not through ANSEC, but, I mean --

20 MS. McLETCHE: So whether it's somebody
21 from ANSEC or not, somebody within Metro has worked on
22 trying to figure out uniform crime reporting issues to
23 do exactly kind of what we're trying to do, which is
24 make it easier to locate the records that do pertain to
25 sex-trafficking related crimes. So I'm just wondering

1 if maybe that person would provide some assistance,
2 make this easier for everybody.

3 MR. JOSEPH: If I may, Metro recently
4 provided me two one-sheet papers that provided
5 statistics on the number of trafficking cases they did
6 in '17, the number of trafficking cases they did in
7 '18. Somehow they got those statistics, whatever the
8 process was.

9 I'm happy to send you those documents.

10 MR. CROSBY: Send us the document, and then
11 we can see who put it together.

12 MR. JOSEPH: Trying to reengineer how that
13 was made, that would get us, I think, very far along
14 the way.

15 MS. McLETCHIE: Right. And we're just
16 trying to figure out a process to make this easier for
17 you guys and faster for us too.

18 So one question I have about the Premiere 1
19 record system is whether it's text searchable. And
20 maybe that's a question for IT.

21 SGT. ARMBRUSTER: No, it's not. Like I
22 said, indexing, event number and personal identifiers
23 is the only thing that we can get that would be
24 searchable. Detective's name, I'm not comfortable
25 saying it's searchable.

1 MS. McLETCHE: But IT might know. The
2 data has to be stored in some sort of -- I mean, it's
3 data, it's not paper.

4 SGT. ARMBRUSTER: I get -- how do I put
5 this -- we're like two different worlds. For our
6 world, it makes sense what we have, because we
7 understand it.

8 I kind of understand what you're asking,
9 but we don't operate like that. So we operate under
10 what those two things are, that's how we communicate.

11 Trust me, if there's a way of making this
12 easier and faster for all of us, I want to, but it's
13 not black and white, it's gray. And by gray I mean how
14 we get the information, how we communicate, how we
15 store our information. And from what you want and are
16 asking, I'm just trying to figure out how we can get
17 that to you.

18 MR. JOSEPH: Let me ask you another
19 question.

20 Is there like an index somewhere of all the
21 event numbers and a description of them?

22 SGT. ARMBRUSTER: Index? No, it can't be,
23 because before P1 --

24 MR. JOSEPH: After P1.

25 SGT. ARMBRUSTER: Yeah, if you had the

1 event number, yes, it would be stored in P1.

2 MR. JOSEPH: No, I understand that.

3 MR. CROSBY: He wants to know if you can
4 query the P1 database to get a report that gives you
5 every event number ever created.

6 MR. JOSEPH: And a short little description
7 of it.

8 SGT. ARMBRUSTER: Do you know how many
9 event numbers we have?

10 MR. JOSEPH: I'm just asking if that even
11 exists.

12 MS. McLETCHE: I'm just thinking that the
13 data --

14 SGT. ARMBRUSTER: I can't imagine how.
15 That would be impossible to get. I mean, we wouldn't
16 have enough trees in Nevada to fill the paper request
17 or file storage. I mean, we get over 3,000 events a
18 day.

19 MR. JOSEPH: No, I know that.

20 MS. McLETCHE: Here is what I'm thinking
21 is that the interface that you see on P1, we already
22 think it might be different than what they get in
23 Mr. Bauer's department.

24 The interface, it's a way that you see into
25 and can upload and access data, right?

1 SGT. ARMBRUSTER: Um-hum.

2 MS. McLETCHE: But behind that -- and this
3 is above my pay grade, but behind that is a whole bunch
4 of data that exists in electronic form. And the nice
5 thing about electronic data versus hard-copy data is it
6 is sometimes possible for IT folks that are better at
7 this stuff than probably anybody in this room, it might
8 be possible to actually search the data, search for
9 words that might be in there.

10 SGT. ARMBRUSTER: I promise you, as far as
11 indexing, no, besides those two I told you. But I know
12 we spoke, and there's a couple follow-ups that I said I
13 would get you the answer and find out for you.

14 MS. McLETCHE: I'm happy to revisit.

15 SGT. ARMBRUSTER: I definitely will.

16 MR. JOSEPH: I would be curious just to
17 know. I'm assuming P1 is a database system of some
18 kind.

19 SGT. ARMBRUSTER: Yes.

20 MR. JOSEPH: What kind of database is it?

21 Is it a relational database, is it an Oracle database?
22 That would be a question, what kind of database it is,
23 what it's actually run on.

24 SGT. ARMBRUSTER: Okay.

25 MR. JOSEPH: Because depending on how it

1 is, there is different ways that you can pull stuff up.
2 It wouldn't be that hard, but it depends on --
3 databases are built on structure, and if I know what
4 the structure is, then I can be able to maybe suggest
5 easier ways to query the structure. But without
6 knowing the structure, I can't give you suggestions on
7 how to do that.

8 SGT. ARMBRUSTER: Fair enough.

9 MR. JOSEPH: So when I talk about the
10 description, I'm talking about the description of how
11 it's structured.

12 SGT. ARMBRUSTER: Okay.

13 MR. LIPMAN: Can we come in and see it?

14 SGT. ARMBRUSTER: I can't make that
15 decision. I know ANSEC is sealed down. Patrol
16 officers can't even go in there without an escort,
17 because it's federally funded and all that. So that
18 would be out of my chain --

19 MS. NICHOLS: You have to have background
20 checks and investigations and everything before you can
21 access that program.

22 SGT. ARMBRUSTER: Everyone who goes in
23 there, you turn your phones in, you can't bring zip
24 drives. It's a top-secret area. It's locked down.

25 I can't make that decision.

1 MS. McLETCHIE: So I guess since we can't
2 come see it, if we can have printouts of the different
3 query fields both what you can access and what ANSEC,
4 or maybe there's somebody who has different access, but
5 the different query fields, and then just information
6 about what kind of database it is.

7 SGT. ARMBRUSTER: The query fields, just
8 like what Nick said, it's going to be 400 codes for us.
9 So there's going to be a drop box, and it's going to
10 have 400 codes matches whatever they're there doing the
11 P1 report for.

12 MS. McLETCHIE: I thought you had said that
13 you could only search by an event number or personal
14 identifying information.

15 SGT. ARMBRUSTER: I'm talking about if I
16 take the report.

17 If I took a report for you, that's a
18 fill-in-the-box. All it is is fill in the box: Name,
19 address, and then you have to match the 400 code with
20 what it is, because now if it's narcotics related, it's
21 going to go to Narcotics; if it's burglary, it's going
22 to go to that area of command, Burglary. That's how
23 it's routed.

24 So if I'm in South Central, I do a burglary
25 at your house or, you know, you call me, the patrol

1 officer will come out, they have to put the crime so it
2 goes right to that PD sergeant. It gets routed to him,
3 and he sends it to his detectives who's going to work
4 with it.

5 It doesn't mean that we index it that way,
6 it just knows where it's being routed to so they know
7 what detail is working it.

8 MR. JOSEPH: So is there -- so you
9 mentioned which area command or which specialty section
10 it would be being routed to. Can you search by that?

11 SGT. ARMBRUSTER: I just know it gets
12 routed to them. I don't know how, how it's
13 implemented. I didn't put it into place. I know this
14 is where it goes. It gets in there, the PD sergeant
15 will have to go through it. And depending on what
16 detective has how many cases working and where that
17 case is, he assigns them out, and they follow it.

18 But it's in our policy too in P1, which is
19 online, and it tells you what the program is. The
20 sergeant has to audit it every 90 days. They
21 round-table it, they got to figure out every avenue to
22 use to close this case out.

23 MS. McLECHIE: So in P1, do you only use
24 440 codes or do you sometimes use NRS codes?

25 SGT. ARMBRUSTER: Unless they upgrade us to

1 NRS, I would have to look. I don't know.

2 MS. McLEITCHIE: And the elite arrest
3 database, you don't know what that is?

4 SGT. ARMBRUSTER: No.

5 MS. McLEITCHIE: Just making sure I'm going
6 through this stuff.

7 The other source of information I've been
8 able to discern is the Records Fingerprint Bureau.

9 SGT. ARMBRUSTER: Let me --

10 MS. McLEITCHIE: Sure.

11 SGT. ARMBRUSTER: I'm sorry.

12 MS. McLEITCHIE: No, please.

13 SGT. ARMBRUSTER: Just because I say no
14 doesn't mean I don't know. It means that it may be a
15 different terminology, a different -- what is your
16 understanding of it, because we have -- like I said,
17 we're speaking two different -- communicating two
18 different languages. What you're calling it may be
19 something I'm familiar with. I want to make sure
20 before I --

21 MS. McLEITCHIE: Mr. Bauer probably speaks
22 closer to your language than I do.

23 SGT. ARMBRUSTER: I don't know. Way over
24 my head too with the technology and stuff.

25 MS. McLEITCHIE: I'll read to you from his

1 declaration. It says:

2 "For arrest reports, the analytical
3 section, ANSEC, of Las Vegas Metropolitan
4 Police Department would be able to access the
5 elite arrest database and run each address
6 individually by statutes requested. That
7 would produce a list of arrest incidents that
8 were reported to the department for the
9 period of time requested for the arrest
10 incidents at the individual address. This
11 list could then also be formatted in a
12 spreadsheet type format similar to the
13 incident request."

14 SGT. ARMBRUSTER: You would have to ask
15 George that question. I'm not familiar with that.

16 MS. McLEITCHIE: I was hoping when I read
17 it, maybe --

18 SGT. ARMBRUSTER: I'm glad you did. I want
19 to make sure.

20 MS. McLEITCHIE: Okay. So the Records
21 Fingerprint Bureau.

22 So my understanding -- and, Ms. Nichols,
23 correct me if I'm wrong, but what the work-around for
24 some of these issues that we've had was that for the
25 grand larcenies, Ms. Nichols was having Mr. Bauer run

1 some reports through P1 and through that elite arrest
2 database, and he was going to be able to generate some
3 actual event numbers. And then you were going to use
4 the event numbers, take them to the Records Fingerprint
5 Bureau and then pull up arrest reports on some of the
6 related documents --

7 MS. NICHOLS: Correct.

8 MS. McLETCHIE: -- by that number. Okay.

9 So what lives at the Records Fingerprint
10 Bureau? I mean, not everything, but the things that
11 are pertinent to this case. The arrest reports?

12 MS. NICHOLS: No. So the Records
13 Fingerprint Bureau is just the bureau that's
14 responsible for generally producing these records and
15 redacting them. That's all that was meant by that.

16 It's not that they personally house these
17 records. As the sergeant mentioned, it's on the P1
18 database. So what they have to do is type in the event
19 number in the P1 database, then once that comes up,
20 then they pull out the responsive records --

21 MS. McLETCHIE: Okay.

22 MS. NICHOLS: -- such as the arrest report,
23 the TCR, stuff like that that you are asking for as it
24 relates to -- I'm using just the solicitation records
25 as an example.

1 So they type in the event number, then the
2 event number pops up, and they pull out the arrest
3 report, the TCR and the DOA related to that event
4 number. That's how that works.

5 SGT. ARMBRUSTER: That's right.

6 MS. McLETCHIE: So we know for sure that in
7 P1 we do have the arrest reports, the TCR and the DOA?

8 MS. NICHOLS: Correct.

9 MS. McLETCHIE: We at least know those
10 three records exist?

11 MS. NICHOLS: Correct.

12 MR. CROSBY: Those records can exist in P1
13 if they exist in the case, just to be clear.

14 MS. McLETCHIE: Records that don't exist
15 don't exist anywhere, Nick, I agree with that.

16 So they're basically processing these
17 requests, and they're getting a list from Mr. Bauer,
18 they're pulling up the records like you just said.
19 Okay.

20 SGT. ARMBRUSTER: Yes.

21 MR. CROSBY: Again, they need the event
22 number to go in.

23 MR. JOSEPH: Has Mr. Bauer been a key
24 figure in the production of the solicitation arrest
25 reports?

1 MS. NICHOLS: No. For the solicitation
2 arrest reports, we went to the jail, because that was
3 the easiest for us. So we had the jail basically do
4 exactly what is said in Mr. Bauer's, except with the
5 jail, they have what's called a NAC code, and they use
6 the solicitation NAC code and then produce --

7 MS. McLETCHIE: Can you spell NAC code.

8 MS. NICHOLS: Isn't it NAC?

9 SGT. ARMBRUSTER: Yes.

10 MR. JOSEPH: Nevada something something.

11 MS. NICHOLS: Nevada Administrative Code.

12 MS. McLETCHIE: You say "nock," I say
13 "nack."

14 MS. NICHOLS: So they put in their database
15 the NAC code, and then they ran a report with all the
16 event numbers. So it's the exact same process except
17 we went through a different department.

18 MR. JOSEPH: That explains why that was
19 easier because they were easier to search it that way.

20 MS. NICHOLS: Correct, because it's based
21 on arrests.

22 MR. JOSEPH: That makes sense. Okay.

23 And the difficulty around the
24 investigative -- the sex-trafficking investigative
25 files is because I'm interested in both cases that

1 ended in arrest and cases that didn't end in arrest and

2 how you capture both. Is that the key --

3 MS. NICHOLS: Yes, correct.

4 MR. JOSEPH: Okay. That helps. I didn't

5 understand that before.

6 MS. NICHOLS: So all of the arrests were

7 simple enough to pull up the event numbers --

8 MR. JOSEPH: Sure. It's the ones that

9 don't have arrests that it's harder to search for.

10 MS. NICHOLS: That's correct.

11 MR. JOSEPH: Okay. That was worth the

12 price of admission. I didn't realize that was the

13 difference.

14 MR. CROSBY: It wasn't the boardroom that

15 was worth the price, and the water?

16 MS. McLEITCHIE: And the coffee.

17 MR. JOSEPH: Let me ask you a different

18 question. Talking about the sex-trafficking

19 investigative files.

20 MS. McLEITCHIE: Can we hold on and ask one

21 more question on the CCDC stuff?

22 MR. JOSEPH: Go ahead.

23 MS. McLEITCHIE: From some of your emails,

24 it looked like you got some sort of log or printout

25 from CCDC?

1 You did the same thing except you went to
2 CCDC so you got a printout?

3 MS. NICHOLS: Right.

4 MS. McLETCHIE: And Mr. Bauer, who is a bit
5 character today but isn't here, you got a printout from
6 him that you gave -- or Records Fingerprint Bureau got
7 a printout from him, right?

8 MS. NICHOLS: No. Mr. Bauer was not
9 involved at any point in time at this point.

10 MS. McLETCHIE: This was just a planned
11 work-around that you haven't --

12 MS. NICHOLS: Right. This was before we
13 actually went through, because that's the process that
14 we had anticipated going through, and we found that the
15 jail was a little bit easier than ANSEC. But we still
16 had anticipated using ANSEC for the grand larcenies,
17 but as I explained to you, we couldn't do that either
18 because of the change of programs, so we had to go
19 through IT to get the list of event numbers. So we
20 have not actually used ANSEC yet.

21 MR. JOSEPH: Okay. So if I'm hearing all
22 this correctly, and correct me if I'm wrong, so the
23 challenge really is, we figured out a way to do the
24 soliciting request, because you have arrest records,
25 and going through CCDC you're able to find the event

1 numbers. And the event number is the key thing to
2 unlocking the --

3 SGT. ARMBRUSTER: Yes.

4 MR. JOSEPH: So the challenge on the
5 sex-trafficking investigative files is, we don't know
6 how to find the universe of event numbers.

7 SGT. ARMBRUSTER: I wouldn't say we don't
8 know how, it's not as easy.

9 MR. JOSEPH: Fine. It's not as easy.

10 So that's the challenge. Once we find the
11 universe of event numbers, then you can pull it up and
12 pull the case notes and whatever.

13 SGT. ARMBRUSTER: (Nods head.)

14 MR. JOSEPH: So that is the challenge, just
15 figuring out how to find the universe of event numbers.

16 Am I correct, that that's sort of the key
17 challenge facing us on that part of the request, is
18 that a fair way to summarize it?

19 MS. McLETCHE: And that the 443s don't
20 match.

21 MR. JOSEPH: Is that a fair way to
22 summarize what the challenge is?

23 MS. NICHOLS: As far as the investigative
24 records, well, with the investigative records -- and
25 Nick is the one that kind of dealt more with this until

1 I got involved in the case, but I think, isn't it all

2 in Vice's files, essentially?

3 MR. CROSBY: So Vice files are unique in
4 the sense that they're housed in Vice. My
5 understanding, they're housed in Vice in a hard copy,
6 not --

7 MR. JOSEPH: Not P1?

8 MR. CROSBY: -- not exclusive in P1.

9 I don't know if now there's -- obviously if
10 there's arrest reports for every event, it's going to
11 be on P1, but an investigative file isn't scanned and
12 put into P1.

13 MS. NICHOLS: So the detective's files,
14 they have a hard file. Not everything is scanned into
15 P1. But I think it may be resolved because you guys
16 only want portions, right? You want the case
17 summaries --

18 MS. McLETCHIE: For now. We reserve the
19 right to go back and ask for whole files.

20 MS. NICHOLS: Of course.

21 MS. McLETCHIE: Here's where I'm confused
22 about that.

23 From the 22 files that we did get, it looks
24 like a lot of those are electronically generated and
25 would be electronically stored. So I'm having a hard

1 time understanding why they're only on hard copy.

2 MR. CROSBY: What aspects were
3 electronically --

4 MS. McLETCHIE: This is actually the one
5 that --

6 MR. CROSBY: Yeah, so like an arrest report
7 is something that would appear in P1.

8 MS. NICHOLS: Right.

9 MR. JOSEPH: But that was the --

10 (Indiscernible due to
11 overlapping conversation.)

12 MR. JOSEPH: We're talking about the 22.

13 MR. CROSBY: But, you know, things like
14 this, handwritten notes, this wouldn't come up --

15 MR. JOSEPH: No, of course not.

16 MR. CROSBY: -- this evidence, this type of
17 stuff.

18 MS. McLETCHIE: Isn't there a policy or
19 protocol that detectives scan in their evidence?

20 SGT. ARMBRUSTER: Not necessarily. Like I
21 said, depends what year we're talking about. And
22 sometimes that's in the detail on what you're
23 investigating. Like a murder case is different than
24 some other, burglary case. I mean --

25 MS. McLETCHIE: We're talking about sex

1 trafficking.

2 SGT. ARMBRUSTER: I know. I'm just saying,
3 unless there's a specific, what clues I got, what
4 evidence I got, it's so generic. But back in the day,
5 everything was handwritten in my time. We handwrote
6 everything.

7 We had hard copies. We had case folders in
8 a locked cabinet. We didn't have all these programs
9 like we do now and stuff.

10 If there's an arrest made, yes, P1 will
11 have it as of when P1 was implemented.

12 MS. McLETCHIE: But there's no current --
13 so I understand from older files, but there's no
14 current policy? Because it sounded to me like when we
15 were talking about P1, there was an effort to sort of
16 make uniform the way that people were managing,
17 maintaining records about cases, maybe farm them out,
18 but there was a more uniform approach, right, with P1?

19 SGT. ARMBRUSTER: Yes. No, the uniform
20 approach, it started from the station, with the patrol
21 officers to the patrol station to the detectives, then
22 worked its way up to the details, specialized details.

23 The front-line officers who are dealing
24 with call to call, they're handling citizens every day,
25 not to say one is more important than the others, but

1 that's where it was implemented and tested out and put
2 out first, and then made its way to all the details.

3 MS. McLETCHE: This is my thinking, and
4 you can explain to me why I'm off, but some of these
5 sex-trafficking investigations, some of the cases go on
6 for years, they're high profile, they're important
7 cases. Metro -- they're important to the community and
8 to Metro.

9 It just seems strange to me that literally
10 the only place where a piece of evidence in the case
11 would be would be in one person's file, you know, on
12 their desk with coffee on it. That doesn't seem like
13 good record management. And Metro is a very
14 sophisticated police department.

15 SGT. ARMBRUSTER: 100 percent. And to
16 understand, being on-call detectives, I mean, there's
17 no 9:00 to 5:00 job they're working. They could be at
18 home with their kids or at the game, and they get a
19 call for evidence or a clue. And at the time they have
20 to write something down or put it on their phone -- I
21 don't want to say put it on their phone. They would
22 write it down and add it to the file later on. Back in
23 the day, it was handwritten notes. That was how we
24 conducted business.

25 MS. McLETCHE: But I'm talking about now.

1 SGT. ARMBRUSTER: Now it would be in P1.
2 You would have the case notes, yes. Long-term
3 investigation would have case notes. I'm comfortable
4 with saying that.

5 MR. JOSEPH: Jackie, have you been able to
6 identify the entire universe of trafficking
7 investigations, or is that still a problem?

8 MR. CROSBY: I thought we identified the
9 number of cases when we first --

10 MS. McLETCHIE: You did. I think it's 860,
11 right, for the --

12 MS. NICHOLS: Yeah. So I don't think
13 that's an issue. I don't think that that's an issues,
14 and I think that we can pull, like access the event
15 numbers for the investigative files.

16 MS. McLETCHIE: This issue that we've been
17 talking about is an issue for doing things like
18 searching for the grand larcenies and --

19 MS. NICHOLS: Right. The investigative
20 files, I think, are handled.

21 MR. JOSEPH: Okay. So that's not a
22 problem.

23 And just so I'm clear, because you
24 explained to me how you were able to search it using
25 the CCDC NAC code. How are you able to find the

1 universe, do you know --

2 MS. NICHOLS: I cannot remember, only
3 because I know when we initially did the investigative
4 files, I think it was like six or seven months ago, and
5 at that time I could probably tell you --

6 MR. JOSEPH: Just so I can learn, just
7 having the benefit of being better able to understand
8 how it fits together.

9 MR. CROSBY: For the Vice investigation?

10 MS. NICHOLS: Yeah, how we got --

11 MR. CROSBY: I think it was a manual thing.

12 MS. NICHOLS: It was. They had to comb
13 through every file.

14 MS. McLETCHIE: For the sex-trafficking
15 investigative files?

16 MS. NICHOLS: Yes. That's how we got it.

17 MR. CROSBY: It was a manual review.

18 MS. NICHOLS: It was hand combing through,
19 yes.

20 MS. McLETCHIE: Can we confirm that against
21 P1 in any way?

22 I understand for 2014, which we've taken
23 off the table anyway, I understand that for the earlier
24 years --

25 MR. CROSBY: Can we confirm if documents

1 housed in the hard file exist for that same event

2 number in P1?

3 MS. McLETCHE: Yeah.

4 MR. CROSBY: I'm sure we could.

5 (Indiscernible due to

6 overlapping conversation.)

7 MS. McLETCHE: -- hard copy file or it's

8 in the wrong drawer or --

9 MS. NICHOLS: I'm pretty sure that they are

10 in P1.

11 MR. JOSEPH: So are you saying that every

12 Vice file exists as a hard copy in a filing cabinet, is

13 that the fair --

14 MR. CROSBY: Yeah.

15 MS. NICHOLS: Yes.

16 MR. JOSEPH: And that includes the case

17 notes and whole shebang?

18 MR. CROSBY: Yes.

19 MS. McLETCHE: Still to this day?

20 MR. CROSBY: Yes. That's my understanding.

21 After I spoke to my client, she said Vice houses theirs

22 in hard files.

23 MR. JOSEPH: Hard copies.

24 MR. CROSBY: Hard files.

25 MR. JOSEPH: Like in a filing cabinet

1 somewhere?

2 MR. CROSBY: I don't know if it's in a
3 vault or --

4 MR. JOSEPH: But a physical location where
5 they're all together?

6 MR. CROSBY: Yeah, my understanding, it's a
7 physical location.

8 MR. JOSEPH: Jump on me if I say anything
9 wrong.

10 What would be, I sit in that room and look
11 at them myself, and somebody looks over my shoulder to
12 make sure I'm not writing down the wrong stuff.

13 MR. CROSBY: What would be what?

14 MR. JOSEPH: What would be the problem with
15 that.

16 MR. CROSBY: Well, if there's confidential
17 information you can't see --

18 MR. JOSEPH: That's fine. Then you tell
19 me, "You can't look at that page."

20 MR. CROSBY: We have to identify what has
21 that information first. And then if we say you can't
22 look at that page, we can't -- if the piece of paper,
23 for example, has someone's Social Security number, I
24 don't think it would be acceptable to say you can't
25 look at the entire page, right?

1 MR. JOSEPH: I'm just thinking. I'm just
2 trying to be --

3 MS. McLETCHIE: I think we ran through
4 this --

5 (Indiscernible due to
6 overlapping conversation.)

7 MR. CROSBY: Maggie and I have talked about
8 that, because, you know, your request for the
9 inspections, I still can't let confidential information
10 out. So, for example, an investigative file has a
11 Triple I report done, which I think we all agree you
12 guys don't have access to --

13 MR. JOSEPH: No, absolutely.

14 MR. CROSBY: I couldn't say, hey, skip tab
15 number one in that file because that's all Triple I.

16 MS. McLETCHIE: It's super racy, Brian,
17 don't look at it.

18 MR. CROSBY: Or, hey, read to pages 1 and 2
19 but don't read page 3.

20 MR. JOSEPH: I absolutely understand that.

21 I mean, I'm just trying to think from a
22 practical standpoint. I'm just kind of throwing that
23 out there.

24 My brain is small enough that if I saw a
25 number, I couldn't memorize it anyway. I mean, the

1 only thing I would be interested in doing is logging
2 the information I was interested in into a spreadsheet.
3 That would be the only information I retained because I
4 couldn't remember what I saw anyways.

5 I see what you're saying. I'm just sort of
6 pointing out that --

7 MR. CROSBY: I understand that, you know,
8 because I believe --

9 MR. JOSEPH: I know. I know.

10 MS. McLETCHE: What about, just to throw,
11 what if he was in there and didn't even have notes and
12 he just asked for certain files?

13 SGT. ARMBRUSTER: Not going to happen.

14 MS. NICHOLS: There's too much personal
15 information within those files.

16 SGT. ARMBRUSTER: They're active
17 investigations. There's no way.

18 MR. JOSEPH: We don't want active
19 investigations.

20 (Indiscernible due to
21 overlapping conversation.)

22 MR. CROSBY: I think in that respect
23 though, I don't know how the process would work if you
24 don't know what's in the file to say what I don't need
25 or do need. We would still have to look at that file

1 to make sure there isn't --

2 MS. McLETCHE: You would have to sit there
3 with him and take notes about which ones you wanted.

4 MR. CROSBY: It doesn't seem to be the best
5 use of our resources and your resources.

6 MR. JOSEPH: No, no, but I'm willing to
7 slog through anything if that's what it takes. I'm
8 just trying to figure out what's --

9 MR. CROSBY: My understanding is, we're
10 producing these records that are housed in these,
11 right?

12 MS. McLETCHE: The investigative reports
13 we've put a pause on because --

14 MS. NICHOLS: For redactions.

15 MR. CROSBY: That's what I'm saying.
16 Realistically speaking, it's probably six to one, half
17 dozen of the other of us going through and flagging
18 pages that have confidential information and redacting
19 them versus flagging them and telling you not to look
20 at them or removing them from the file while you
21 inspect them.

22 MR. JOSEPH: Is there any sort of way that
23 we can like just agree that I'm not going to copy down
24 certain information? Is that possible?

25 MR. CROSBY: It's not so much copy as it's

1 disclosure. We have an obligation --

2 MR. JOSEPH: I understand.

3 MR. CROSBY: As much as I trust you, that's
4 not the obligation of the department is --

5 MR. JOSEPH: No, I understand that.

6 MR. CROSBY: -- is your word.

7 MR. JOSEPH: I get that. I get that. I'm
8 just wondering, you know --

9 MR. CROSBY: That's why you don't talk to
10 reporters off the record.

11 MR. JOSEPH: I mean, you know, can I put my
12 hand on a bible or something and say I won't -- you
13 know what I mean?

14 It seems like we're almost there, you know
15 what I mean? Like, it's just tantalizingly close. I
16 mean, it seems like we're almost there. And if it's an
17 issue of, you know, certain things I'm not supposed to
18 see, well, I don't want to see that stuff anyways.

19 MS. McLEITCHIE: He's trying to throw things
20 out, trying to save you guys work, that's all.

21 MR. JOSEPH: Yeah. Again, I'm willing to
22 do the heavy lifting. If you can let me do it, I'm
23 willing to do that. I understand --

24 MR. CROSBY: I appreciate that. Obviously,
25 we don't want to expend any more resources than we have

1 to, but we also have obligations to protect certain
2 information of the case.

3 MR. JOSEPH: I respect that. I'm just
4 trying to figure out --

5 MR. CROSBY: Delegate out.

6 MR. JOSEPH: Yeah. No, I get that.

7 I'm just trying to figure out how to --
8 because we know they're there. We know I'm interested
9 in looking at them. How do we get past that next step?

10 MS. McLETCHIE: So going back to the, you
11 identify the universe of documents. Were they counted
12 in the hard-copy files, that's what we think?

13 MR. CROSBY: Um-hmm.

14 MS. McLETCHIE: I think we already talked
15 about adding the other years and taking out 2014 for
16 those.

17 MR. CROSBY: For the investigative files
18 too?

19 MS. McLETCHIE: Yeah.

20 MS. NICHOLS: Is it safe to say like for
21 all of your requests, is that what it is?

22 MS. McLETCHIE: Yeah. That's easy.

23 MR. JOSEPH: Let's just adjust it in that
24 direction.

25 MS. NICHOLS: Okay.

1 MS. McLETCHE: So for 2017, 2018, I guess
2 I would be interested to see if P1 might be an avenue
3 to double-check that that's the universe of files. I
4 don't know. I don't want to create more work.

5 MR. CROSBY: That's fine. It's obviously a
6 lot easier if it's housed in P1 for us too to access.

7 MS. McLETCHE: Right, but we have to
8 figure out exactly what's in P1.

9 MR. JOSEPH: Let me ask you. I mean, is it
10 possible that somewhere in Vice they have just a
11 spreadsheet of all the event numbers tied to the
12 sex-trafficking investigation, that they just keep
13 their own index internally?

14 MR. CROSBY: I don't know. I don't know
15 the answer to that.

16 MR. JOSEPH: I'm just thinking from a
17 purely logistical --

18 MR. CROSBY: Pragmatic?

19 MR. JOSEPH: -- pragmatic position, a
20 lieutenant or somebody would have a spreadsheet just to
21 keep track. I mean, these are my 300 or whatever.

22 MS. NICHOLS: The event numbers.

23 MR. JOSEPH: And then couldn't you then
24 just plug that into the P1 and just produce the
25 category of records that we want? Wouldn't that be

1 faster? I'm asking.

2 MS. NICHOLS: No, definitely that would be
3 faster.

4 MR. CROSBY: If that exists, that would be
5 faster.

6 MS. McLETCHIE: That might be true that
7 they have Excel spreadsheets. Because I understand
8 that there's P1, and then there's ANSEC that runs
9 analytics. I'm just imagining that somebody is in
10 charge there, and they want to see who is closing
11 cases, they want to see how many cases are open, they
12 want to see this kind of stuff.

13 SGT. ARMBRUSTER: We move so often, our
14 agency. There's always new management, new supervisors
15 coming in, to detectives. So every supervisor or
16 lieutenant or captain will have a different process of
17 how to do it. So you may say Excel sheet, there could
18 have possibly been an Excel sheet back in the day, but
19 new management may not do it that way. I mean --

20 MR. JOSEPH: You don't know.

21 SGT. ARMBRUSTER: I don't know.

22 MR. CROSBY: We can check.

23 MS. McLETCHIE: But if somebody created it
24 for a prior year and it's still there, maybe whoever is
25 in charge right now in Vice isn't doing it --

1 SGT. ARMBRUSTER: I can follow up and find
2 out or ask for you, follow up for sure.

3 MS. McLEITCHIE: Maybe there's a detective
4 who keeps track of their own cases. Maybe you can ask
5 if there's any Excel spreadsheets.

6 MR. JOSEPH: Yeah, I would be curious if
7 Vice has Excel spreadsheets or indexes, whatever term
8 you want to use, for trafficking cases.

9 MR. CROSBY: Some collection.

10 MR. JOSEPH: Some collection, yeah,
11 however --

12 MR. CROSBY: Demonstrates what cases.

13 MR. JOSEPH: And by case category. Because
14 I'm wondering -- this is me just thinking out loud.
15 I'm wondering, could they have an Excel spreadsheet of
16 trafficking cases, could they have an Excel spreadsheet
17 of john arrests, could they have trick-rolls. I'm
18 wondering if they have Excel spreadsheets of all of
19 those.

20 MR. CROSBY: We can check.

21 MR. JOSEPH: That's what I'm asking. I'm
22 just thinking --

23 MS. McLEITCHIE: So john arrests,
24 trick-rolls and --

25 MR. JOSEPH: Solicitations.

1 MS. McLETCHE: -- solicitations.

2 SGT. ARMBRUSTER: Anything Vice related.

3 MS. NICHOLS: See if it's categorized in a
4 specific way.

5 MR. JOSEPH: Yeah. I'm just thinking from
6 a logistical standpoint that maybe something like that
7 would exist.

8 MR. CROSBY: Gotcha.

9 MS. McLETCHE: So the other thing too,
10 going back to what you were saying earlier about the
11 vocabulary and making sure that we're on the same page,
12 it's our understanding -- you know this better than me,
13 so correct me if I'm wrong -- but the kinds of
14 things -- we want to make sure that we understand what
15 the component parts of an investigative case file are.
16 So there's an issue, I think, with the sample file,
17 which I'll get to in a minute. But the crime reports,
18 the case notes, officer reports, search warrant
19 applications and affidavits, the returns too, but we're
20 not interested in those, witness statements and
21 interviews.

22 Those were the key things you were
23 interested in, right?

24 MR. JOSEPH: Um-hmm.

25 MS. McLETCHE: What else is in the

1 investigative file, do you think?

2 MR. CROSBY: Or what could be --

3 MS. McLEITCHIE: Or what could be in the
4 investigative file.

5 MR. CROSBY: Yeah. This is just from my
6 personal experience. Files can have --

7 MS. McLEITCHIE: Right.

8 MR. CROSBY: -- evidence, you know, copies
9 of evidence.

10 MS. McLEITCHIE: Sometimes those are
11 attached.

12 MR. CROSBY: Generally speaking, what you
13 just said is what's going to encompass an investigative
14 file, generally speaking. So you would have -- not
15 every case is going to have them, but if there's
16 something that an arrest report was drafted for,
17 purposes of an arrest, there would be an arrest report.

18 If there was something that needed an
19 officer's report, like the sergeant was saying, not
20 necessarily related to the arrest report but something
21 that like, for example, we had a call-out on event
22 number, you know, 2001-379 on a 417, we went there, we
23 thought the lady was saying the name of a guy named
24 Marcus and said he might be a pimp, may be related to
25 event number 1136132, track it back to a pandering

1 investigation, followed up, no connection. That's
2 something that a detective could put in an officer's
3 report and put in that file.

4 SGT. ARMBRUSTER: Officer's report, it's
5 just -- I gave you an example.

6 MR. JOSEPH: Like a catch-all kind of
7 thing.

8 SGT. ARMBRUSTER: It's just a documents
9 sort of thing. It wasn't necessarily case notes, it's
10 just that, like Nick was saying, it may have been
11 related to some search warrant that was conducted and
12 no leads were found. It could be -- it's the officer's
13 opinion, it's not something that is, you know, NRS or
14 stating crimes or case notes or anything like that.
15 It's just an opinion on that case.

16 And like you said earlier, someone
17 mentioned, these are long-term, sometimes years of
18 things, so it could be a wide variety of stuff. It
19 could be a two-month case. Every case is going to be
20 different.

21 MR. JOSEPH: Sure.

22 MR. CROSBY: And if there was a search
23 warrant requested, or an affidavit, things of that
24 nature, there would a sealing order. If there was a
25 warrant that was executed or got signed, obviously that

1 would be there with the order. Those things would be
2 housed in the --

3 MS. McLEITCHIE: That's the list of the
4 things that you want, right, Brian?

5 MR. JOSEPH: Yeah. So the things that I'm
6 most interested is the crime report, which you called
7 the ICR, the case notes, which again as I understand is
8 the step-by-step narrative of what occurred, how the
9 case was operated and handled.

10 Is that a fair way to put it?

11 SGT. ARMBRUSTER: Yes.

12 MR. JOSEPH: Officer's reports, if they
13 exist, affidavits for search warrants. And, again, my
14 understanding of the affidavit for search warrants is,
15 again, it creates a narrative of the case up until that
16 point.

17 SGT. ARMBRUSTER: The probable cause.

18 MR. JOSEPH: Yes, yes.

19 And then witness interviews or statements,
20 arrest reports and requests for prosecution.

21 SGT. ARMBRUSTER: But a lot of those for
22 those crimes, they're going to have sealing orders for
23 search warrants.

24 MS. NICHOLS: Um-hmm. So we wouldn't be
25 able to -- we would have the affidavit redacted if

1 there's an order sealing it.

2 MR. CROSBY: Unless it's been disclosed in
3 court and have the --

4 MS. McLETCHE: I don't want to unseal --

5 MR. CROSBY: -- and the order has been --
6 the sealing order has been lifted.

7 MR. JOSEPH: No, I understand that. I'm
8 just listing the components that I'm interested in.

9 MS. McLETCHE: Again, Nick, if those
10 documents don't exist, they're not in the file.

11 MR. CROSBY: If someone doesn't say it,
12 then someone may have a misunderstanding.

13 MR. JOSEPH: No, I understand that. I just
14 want the list -- and I'm using the correct
15 nomenclature; is that right?

16 MR. CROSBY: Yes.

17 MR. JOSEPH: Those are the various classes
18 of records I would be interested in as part of the
19 investigative file.

20 MS. McLETCHE: So we talked a little bit
21 about identifying records, how it was done in this
22 magical room in Vice where these hard-copy files are,
23 and maybe 2017, 2018, being able to check it against P1
24 to make sure we've got everything, maybe making it
25 easier to compile the information to get this

1 electronically and not have to deal with the hard

2 copies.

3 When you guys are doing your searches, we
4 were talking -- I know that you're redacting juvenile
5 information, right?

6 MS. NICHOLS: (Nods head.)

7 MS. McLETCHIE: And I haven't looked
8 through your most recent logs, but you're redacting
9 juvenile -- are you withholding any responsive records
10 in their entirety that you've --

11 SGT. ARMBRUSTER: No.

12 MS. NICHOLS: No.

13 MS. McLETCHIE: We haven't seen any
14 juvenile arrest reports.

15 MR. JOSEPH: For the solicitation arrests,
16 there's been no juvenile arrests.

17 SGT. ARMBRUSTER: That would come from
18 Juvie.

19 MS. NICHOLS: Okay. So that's the thing.
20 We wouldn't have those for solicitation because that
21 would come from Juvenile Hall and court, which is
22 completely different from Metro. But there is -- I
23 know that some of the redaction logs do say juvenile
24 information is redacted.

25 MS. McLETCHIE: Right.

1 SGT. ARMBRUSTER: If an adult is working
2 with a juvenile, that would be in the report, but the
3 juvenile files would be with Juvenile Court.

4 MR. JOSEPH: So explain that to me, because
5 my understanding though is Metro is the person that is
6 making that arrest, so how is it a juvenile record, if
7 it's --

8 SGT. ARMBRUSTER: That's a whole
9 different --

10 MR. CROSBY: Maybe I'm behind the curve on
11 this.

12 When you say there haven't been any
13 juvenile records produced, meaning juvenile arrest
14 records?

15 MR. JOSEPH: In all of the solicitation
16 arrest reports or declaration of arrests that we've
17 received, they've all been arrests of adults. There's
18 not been a single arrest of a juvenile in any of the
19 records we received.

20 And so our question was, because we know,
21 you know, according to numbers from UNLV, roughly 200
22 juveniles are arrested every year for solicitation. So
23 we were surprised that there were no juveniles. And
24 we're not expecting their names, we just want to be
25 able to add it to the count.

1 So I was surprised that there was no
2 juveniles in the list or in the weekly packages that
3 you were giving us. So my question was, why aren't
4 there any juveniles?

5 MS. NICHOLS: I don't think that even Metro
6 does the DOAs or TCRs for those. That's my
7 understanding is that --

8 SGT. ARMBRUSTER: No, we do do TCRs.

9 MS. NICHOLS: Oh, we do?

10 SGT. ARMBRUSTER: We have control of CCDC
11 because we run CCDC. Those records are easy.

12 Even as a detective or anyone with Metro,
13 getting juvenile files is not easy for us. That's
14 something we would have to contact Juvenile Hall or
15 Juvenile Family Court to see if they would even release
16 that information.

17 I don't think we even tried to get that.
18 It's not going to be easy for us.

19 MS. McLEITCHIE: So if you create -- but if
20 Metro is creating those records, don't you have them?

21 SGT. ARMBRUSTER: They would be left in
22 Juvenile Hall, I believe, the TCRs and DOAs related to
23 any juveniles.

24 MS. McLEITCHIE: What about arrest reports?

25 MS. NICHOLS: There is no arrest because

1 it's usually a misdemeanor.

2 MR. JOSEPH: Yeah, so it's just a DOA.

3 MS. NICHOLS: DOA and TCR.

4 MR. JOSEPH: So even though you make the
5 record, you don't own the record; is that what you're
6 saying?

7 SGT. ARMBRUSTER: I would have to check
8 100 percent. I know it's not easy for us to get
9 juvenile records and stuff because it's almost like
10 it's not arrest, we're not doing the DOA or TCR, we
11 drop them off and it goes into the family court system.

12 We would have to follow up on that. But
13 everything as far as CCDC, we have records. Juveniles
14 are named in the adult arrests we have. I understand
15 what you're saying, but we would have to look into
16 Juvenile Hall and see how we can get that information.

17 MR. JOSEPH: I'm not interested in the
18 names. Please don't get me wrong. I just want to be
19 able to get the numbers, so the numbers are right.

20 MS. NICHOLS: Right. And I will -- I think
21 there's going to be an issue from Juvenile Hall because
22 there is a specific statute that prohibits the
23 disclosure of the records.

24 MR. CROSBY: I think what they are --
25 irrespective of that, I think what -- maybe I'm wrong

1 there -- but what you guys are trying to find out is if
2 whether or not we have records related to an arrest of
3 a juvenile for solicitation, for example.

4 MR. JOSEPH: (Nods head.)

5 MR. CROSBY: Whether they went into the
6 system in Juvenile Hall, if we arrested -- so we
7 arrested, you know, Joe Blow or Sally Sue, 14-year-old
8 prostitute or john as the case may be, either way, did
9 we create an arrest report for that arrest.

10 MR. JOSEPH: (Nods head.)

11 MR. CROSBY: And secondarily, if we did, do
12 we still have that record.

13 Is that what you're getting at?

14 MR. JOSEPH: Yeah, that's exactly what
15 we're getting at.

16 MR. CROSBY: We'll check.

17 MS. McLEITCHIE: We're not interested in
18 getting access to details about these juveniles, like
19 Brian said. We just want to see numbers of dates
20 and --

21 MR. JOSEPH: Literally all I want to know
22 for those arrests is, is it a john or a prostitute, the
23 location, and the date. That's literally the only
24 things I would want to know. I wouldn't want any other
25 details about -- well, I wouldn't even want age. I

1 want to know if it's a juvenile, but that's all I would

2 want to know.

3 MR. CROSBY: We can check on that.

4 MR. JOSEPH: Any of the details, that's

5 none of my business, I don't want that. But obviously

6 I'm getting all this stuff, I'm creating numbers, I

7 don't want to have a huge gaping 200-wide gape for each

8 year.

9 MS. McLETCHIE: He doesn't want to be

10 wrong.

11 MR. JOSEPH: Yeah, that's the bottom line.

12 MR. CROSBY: It's probably just statistics,

13 right?

14 MR. JOSEPH: I don't want to be wrong, so I

15 know there's a hole in the numbers, and I don't want to

16 have a hole that's 200-arrests vague each year.

17 MS. McLETCHIE: Do we want to take a brief

18 break?

19 MR. CROSBY: I think we're fine.

20 MS. McLETCHIE: So we talked about

21 identifying records. And then the next step, the next

22 step, I think, Jackie, is that we're trying to figure

23 out which cases are closed and then could be produced,

24 right?

25 MR. JOSEPH: Getting back to the

1 investigative --

2 MS. McLETCHIE: Just going through the
3 process with the sex-trafficking investigative files --

4 MS. NICHOLS: Oh, yeah.

5 MS. McLETCHIE: -- just kind of run that
6 through.

7 So in the declaration, I think it was
8 Stephanie Dirks, she said that research would need to
9 be completed to verify which cases are closed.

10 Brian is able to tell you some of the cases
11 that are actually filed cases. But in terms of
12 research, what did she do to do the research?

13 Her declaration was kind of vague, and she
14 said, I have to do research, and then she said she runs
15 it through the systems. And I don't know what the
16 research is or what the systems are.

17 How do we figure that out? Because I just
18 want to make sure, again, because he's doing a lot of
19 data analysis, we're just trying to make sure it's
20 accurate.

21 SGT. ARMBRUSTER: So in P1 there's three
22 options. It's open, closed, and I forgot what the
23 other one is. I think undetermined. Don't quote me on
24 the last one. I would have to look it up what the
25 third one is. So they would have to find out.

1 And the third one would be like if there's
2 no leads right now, but the case is still open,
3 something comes down in a month or so. They have to
4 look at that first, then they have to go through the
5 court system to see when is the court date.

6 City and county court don't want to
7 communicate, so they have to go on certain programs and
8 look if there's a court date filed, what the final
9 disposure was of it, and then they go through and
10 produce that file, and then they redact it.

11 So there is a couple steps. It's not as
12 easy as just here you go, open and closed. They have
13 to do their research, I guess.

14 MS. McLETCHIE: So one thing is that she
15 was going from hard copy to P1 to figure this out, if
16 I'm understanding this correctly. And maybe if we go
17 the other way for 2017, 2018, 2016 if we can, maybe
18 there's a way to use P1 --

19 MR. CROSBY: To identify which cases are
20 closed.

21 MS. NICHOLS: He just said -- you still
22 have to go to the court websites to determine.

23 MS. McLETCHIE: Even if it says closed?
24 I'm not worried about undetermined, and I'm not worried
25 about open.

1 Correct me at any time.

2 MR. JOSEPH: You're 100 percent right.

3 SGT. ARMBRUSTER: Even though they put

4 "closed" doesn't mean the court system is still

5 100 percent closed.

6 MS. McLETCHIE: We don't care if the court

7 system is closed. If a case has been initiated, then

8 it's not a secret anymore.

9 MS. NICHOLS: Well --

10 (Indiscernible due to

11 overlapping conversation.)

12 MS. McLETCHIE: I guess the question is,

13 what are they running through the court system.

14 MS. NICHOLS: Metro's event number is a tag

15 on one of, like on the court system, right, for

16 criminal court.

17 MS. McLETCHIE: Right.

18 MS. NICHOLS: But it matters to check,

19 because if a defendant still hasn't had a trial, that

20 case is technically open. I mean, and we -- I think

21 that goes back to Donrey and talking about releasing

22 all this information when a defendant still hasn't had

23 their trial. That's what going through the court

24 system is doing, to see if that case closed.

25 MS. McLETCHIE: But if there's a PCR or

1 something, this information has already been disclosed
2 in the case, we're way far ahead of that stage of
3 litigation. So I'm wondering if maybe -- and it's not
4 a secret this case -- it's not a secret. Maybe you
5 think some of the records still merit protection, but
6 it's not a secret that this case exists.

7 So I'm wondering if we can do that research
8 for you. If you can generate the list for us of the
9 cases that are closed, we can look them up and say,
10 hey, you know, hey, that case is from 2015, and it's
11 now on appeal and I think you can give us the records,
12 versus this case, the charges just got filed.

13 MS. NICHOLS: While I think that would be
14 great, I think the problem is, we are on the hook if we
15 disclose that information. So we basically would have
16 to take your word for it --

17 MS. McLETCHIE: No, no, no. Like we did
18 before, we can give you printouts from the case file.
19 I'm not asking you just to trust me. I'm saying maybe
20 we could provide you with verified information --

21 MR. JOSEPH: I can do that. I mean, it's
22 probably clear. I've built a database of file cases,
23 so I have an idea of which cases have been filed. But
24 I want the full universe, because I want to know the
25 cases that didn't get filed and what happened with

1 those. So I know, I have with a general idea of what's
2 in the court system already, so I can backtrack that
3 pretty easily.

4 SGT. ARMBRUSTER: So arrest warrants
5 issued, you have all that information?

6 MR. JOSEPH: I don't know about that, but I
7 have --

8 (Indiscernible due to
9 overlapping conversation.)

10 MS. McLETCHE: No, if there's a
11 sex-trafficking criminal case, he's got it.

12 MR. CROSBY: What he's getting at is, I've
13 never seen the database, but I'm assuming its core is
14 cases filed in the court, once the case has been filed
15 in court.

16 MR. JOSEPH: Yes.

17 MR. CROSBY: So once it's been submitted to
18 the Grand Jury or to the DA for a request for
19 prosecution, the DA has filed the charges, that's the
20 backbone of your database as far as your --

21 MR. JOSEPH: That's what I built it on.

22 MR. CROSBY: -- confirmation of existence?

23 MR. JOSEPH: Yes.

24 MS. McLETCHE: Then we can provide you
25 information from the case, not just me and Brian

1 calling up and saying, Jackie, they're all good, give

2 them to us now.

3 MR. LIPMAN: We can do it tomorrow.

4 MR. JOSEPH: He's not joking. I could do

5 it in about a day.

6 SGT. ARMBRUSTER: Clarifying what I said.

7 I said undetermined. It's open, closed, and suspended

8 are the three.

9 MS. McLEITCHIE: Can you see the screen

10 right there?

11 SGT. ARMBRUSTER: No, I just had my

12 detective look it up. I want to make sure I give you

13 the right answer.

14 MR. JOSEPH: So "closed" in your

15 nomenclature means what?

16 SGT. ARMBRUSTER: That the court -- each

17 detective -- and we're a human element and stuff, so

18 mistakes are always made, and we try to do our checks

19 and balances. But some detectives, if a case is

20 closed, run through the court system, they submitted

21 the case, DA picked up on the case, went through the

22 court cases. They get a letter back from the court

23 saying this is the crime, this is the final, you know,

24 pled down to a felony, it's closed out, then he goes in

25 there and it's for sure 100 percent closed.

1 We have young kids come in. Sometimes they
2 may think, I submitted an arrest warrant, you know, I
3 submitted an arrest warrant, so I'm closed with the
4 case, I did everything I need to.

5 That's why we are doing our research to
6 double-check, because sometimes errors are made. And
7 that's why we have -- we're doing all the research to
8 make sure --

9 MS. McLETCHIE: That's understandable.

10 SGT. ARMBRUSTER: That's why we're going
11 through the court system.

12 So for us to make sure we have -- that that
13 investigation is 100 percent accurate, that there's no
14 mistakes, we want to do our checks and balances.

15 MR. JOSEPH: No, that makes sense.

16 Just so I'm clear --

17 SGT. ARMBRUSTER: When we get the paperwork
18 back from the court system that's saying it's done with
19 theirs, a determination was made, they pled down to a
20 felony, they got probation, whatever it is, then it
21 goes in there, and that's when it's supposed to be
22 closed, yes.

23 MR. JOSEPH: So the reason that you're
24 checking that though is because some people have
25 incorrectly marked it as closed?

1 SGT. ARMBRUSTER: We're humans. Errors are
2 made, and we don't want to release wrong information.

3 MR. JOSEPH: No, I just want to establish
4 that that's why you're doing it. Because I thought
5 maybe "closed" meant something else. Okay.

6 MS. McLETCHIE: And we'll try to see if
7 there's a way for us to help you do that.

8 MR. JOSEPH: Yeah. The bottom line, if
9 there's a way we can help, yeah, we will.

10 MS. McLETCHIE: So the federal cases that
11 say -- I think it's Stephanie Dirks' declaration says
12 that there's no way to determine the status of
13 sex-trafficking cases that went to federal court, need
14 to confer with the FBI.

15 Has that been done already, do you know?

16 MS. NICHOLS: No, because you had us stop
17 on everything, so we kind of halted.

18 MS. McLETCHIE: Don't the Vice officers
19 usually testify in federal court?

20 Is there any -- once it becomes an FBI
21 case, a federal case, there's no tracking?

22 MS. NICHOLS: To my knowledge, no. But I
23 can find out if there is.

24 MS. McLETCHIE: Maybe there's a way --
25 yeah, I guess you can't tell us about the --

1 MR. JOSEPH: My guess is that there is in
2 existence -- my guess is -- and this is another reason
3 why I believe that Vice has a spreadsheet or a link or
4 something, because I think they need to keep track
5 because the cases are going different places, the
6 federal level. That's why I think there does exist an
7 index, and that they would know where those cases are
8 going internally, because they have to keep track of
9 them themselves.

10 MS. McLEITCHIE: And maybe sometimes there's
11 going to be other state charges filed in a federal
12 case. Otherwise, the Vice detectives could just say, I
13 have to go to federal court today, every day.

14 MR. JOSEPH: It just makes sense, because
15 they would be lost in the morass of all this stuff.
16 There has to be some sort of --

17 MR. CROSBY: They got to be subpoenaed to
18 go to court.

19 MS. McLEITCHIE: That's true. They have to
20 show the boss -- I'm assuming they're going to show the
21 subpoena.

22 Jackie, I think you sent me an email today
23 that was kind of the redactions protocol. There were
24 some discrepancies, I think, in some of the redactions
25 that we went back and forth on.

1 Was there anything that was given to the
2 folks in Records that were doing redactions?

3 MS. NICHOLS: You mean like a sheet? We
4 just kind of spoke about it. Personal identifying
5 information is typically the number one, home
6 addresses, telephone numbers, Social Security numbers,
7 date of birth to the extent that the month and day is
8 redacted, undercover officer information is redacted;
9 and then with the solicitation records, victim
10 information is redacted. Whereas, with grand larceny,
11 victim information is not going to be, like victim
12 names won't be redacted.

13 MS. McLEITCHIE: Okay. For the undercover
14 officers, looks like they were arrested -- and I think
15 we've emailed about this a little bit, and we can deal
16 with this online too, but it looks like some of the
17 officers whose names are redacted testified in court.

18 And so I'm confused about that, because it
19 seems like -- I get that somebody -- you don't want to
20 disclose their identity, but if they testified in open
21 court, I think we would agree, it's out there in the
22 public domain, you can't unring a bell, yada, yada,
23 yada.

24 SGT. ARMBRUSTER: It's gray. If you don't
25 mind me --

1 MS. NICHOLS: No, go ahead.

2 SGT. ARMBRUSTER: So, yes, they testify in
3 court, but now they may be working another active
4 investigation that's in an undercover capacity. And a
5 lot of it is, confidential informants are involved. A
6 juvenile may be giving up information, or even an
7 adult.

8 By identifying an uncover officer, we're
9 also putting them in danger because then they're going
10 to get identified. Because a lot of undercover
11 operations are dealt with confidential informants from
12 low income to high income, to every citizen in the
13 community everywhere, blue collar to white collar.

14 So it's not only putting officers and their
15 investigation at risk, they may be testifying on that
16 case, but they're still working on other active
17 undercover investigations on sex trafficking or
18 something. And then CIs would be, well, didn't you
19 introduce me to that person? And it's not hard to find
20 out their face after you get their names and stuff with
21 social media out there and everything they do. And
22 so --

23 MS. McLETCHIE: First of all, he's not
24 planning on posting any names.

25 SGT. ARMBRUSTER: I understand that, but

1 we're putting a lot of people, not just the officer and
2 their families, but we're putting citizens in this
3 community in danger. Please look at the big picture,
4 because a lot of our business is done with confidential
5 informants.

6 MR. JOSEPH: The question I have, though,
7 is, if I were to go -- you know, all the reports that
8 you gave me, all the declarations of arrests and TCRs,
9 if I go and turn around and then file a motion at
10 justice court, they will give me the same report with
11 the names unredacted.

12 So I don't quite understand. I mean, I can
13 turn around and do the exact same thing again and get
14 the same information --

15 MS. McLETCHIE: And we don't need to agree
16 right now, but I think we've kind of gone back and
17 forth on this. I think your position now is if
18 there's -- about victims who testify in open court, I
19 think we had agreed on a process, and then you changed
20 your position. And we need to get clarity from the
21 court on victims.

22 I guess we're just trying to understand, is
23 it a protocol that even if somebody testified in open
24 court, you're intentionally redacting that? Do we have
25 a difference of opinion there, or is that just an

1 error?

2 MS. NICHOLS: You know, I guess that would
3 have another -- I just don't know how we would be able
4 to determine whether or not the officer testified. I
5 mean, where are we going to get that information?

6 Now you're going to have us dig through
7 another agency's files to find out whether or not our
8 officer testified? I mean, that's the issue is the
9 officer is working in an undercover capacity and so we
10 redact his name.

11 MR. CROSBY: Or her name.

12 MS. NICHOLS: Or her name.

13 MS. McLECHIE: Thank you, Mr. Crosby.

14 But even if you know, even if you have --
15 let me ask the question a different way.

16 My question wasn't should you have to go do
17 the work to dig through the court files to figure out
18 if they testified in open court. My question was, is
19 it your position that even if they testified in open
20 court, their names should be redacted?

21 I'm just trying to figure out what your
22 legal position is so that we can go from there. I'm
23 asking process questions today, if they were -- you
24 know, I'm just trying to figure that out.

25 MR. CROSBY: I would think, you know, if an

1 officer's undercover status is in a specific case, and
2 that officer testifies in that case as an undercover
3 officer, you know, in a public case and said, hey, you
4 know, I'm Nick Crosby, I worked in an undercover
5 capacity for these days, and I had communications with
6 this person related to these crimes, and I fed this
7 information to, you know, detectives I've worked,
8 whatever the case may be. And that officer testified
9 as his or her actual real identity and disclosed as
10 their work as an undercover officer, you know, I think
11 I would tend to agree with you that that specific
12 officer in that specific case --

13 SGT. ARMBRUSTER: But we don't know if that
14 detective is working another active investigation
15 currently right now.

16 MR. CROSBY: That's what I'm saying.

17 The secondary concern though -- so I would
18 agree with you in that respect.

19 The secondary concern -- and I think we had
20 this discussion with respect to identification of
21 undercover or unit assignments for officers -- is that
22 we compile information of officers who work in
23 undercover capacities or specialized units, and they
24 have undercover capacities, you create that risk
25 because that officer, as the sergeant said, might

1 currently be working in an undercover capacity in a
2 different case.

3 And I see what you're saying, sort of like
4 once you said, aha, I was undercover, how can you
5 possibly go undercover again, or at least make the
6 argument that you can't disclose that officer's
7 identity. Is that --

8 MS. McLETCHE: I think it's just basic
9 principles of law with regard to confidentiality in any
10 context, right, that once something is in the public
11 domain, it's not -- there's no argument that it's
12 secret, whether we're talking about attorney-client
13 privilege to anything else.

14 MR. CROSBY: And I agree with you. So
15 maybe we have further discussion on this and try and
16 get it resolved.

17 MS. McLETCHE: Okay.

18 MR. CROSBY: Because I think it's an
19 interesting issue.

20 MS. McLETCHE: All right. So we'll talk
21 further about that issue.

22 MR. CROSBY: To answer your question, I
23 think what Jackie was saying is, the challenge for us
24 when we're trying to --

25 MS. McLETCHE: I understand that.

1 MR. CROSBY: -- get an expedited process
2 and a manageable process, there's no real easy way for
3 us to figure out if an officer is identified as being
4 an undercover status. We wouldn't know whether or not
5 he or she testified without going to the court records
6 and the transcripts to identify --

7 MR. JOSEPH: Absolutely. And I'm not
8 suggesting that. But what I am suggesting though is,
9 like I said, I can go to the justice court and get the
10 same record and it's not redacted. So that's --

11 MR. CROSBY: But if we produced a record
12 that had an undercover officer's name redacted, and you
13 were to go to justice court or whatever, you know, if
14 he or she testified at a preliminary hearing or
15 ultimately testified at a trial, and you were able to
16 say, hey, I found this case, it was submitted,
17 prosecuted, these officers testified; I don't see
18 Officer, you know, Sally May listed in the case file,
19 but I see a redaction; is this the person who
20 testified.

21 If that's the case, you've identified that
22 person as who testified, that's, you know, a discussion
23 to have, right?

24 It's just from a producing records, I think
25 It's more expeditious if we redact undercover officer

1 statuses, so we aren't saying we can't disclose that.

2 MR. JOSEPH: I guess what I'm saying is, is
3 justice court releases those records unredacted as a
4 routine.

5 MR. CROSBY: If they testified. If they
6 testified.

7 I would hope the justice court is not
8 disclosing identities of our undercover officers who
9 haven't testified or been identified as an undercover
10 officer, unless it's something I need to have the
11 department ask justice court if that's what they're
12 doing, because that's certainly an officer safety
13 issue.

14 MR. JOSEPH: We can move on.

15 MR. CROSBY: That is a concern if justice
16 court is disclosing undercover officers' identities who
17 have not appeared in court or otherwise disclosed
18 themselves in a public forum as undercover officers.

19 MS. McLETCHIE: I don't think we know that
20 to be true. We know --

21 MR. CROSBY: That's not what you're saying,
22 right?

23 MS. McLETCHIE: No. I think what he's
24 saying is that there are things that you have redacted
25 that he believes are in the public record because they

1 testified.

2 MR. CROSBY: I understand that. What I was
3 saying, I thought he was suggesting that justice court
4 is disclosing identities of undercover officers even
5 though that officer hasn't presented him or herself in
6 the public forum as an undercover officer.

7 MS. McLETCHIE: That I don't think he's in
8 a position to know because he doesn't know who is
9 undercover and who is not, right?

10 SGT. ARMBRUSTER: The reports would say
11 "working in an undercover capacity," so it wouldn't be
12 hard to find.

13 MR. CROSBY: Okay. All right.

14 MS. McLETCHIE: Okay. So moving on from
15 that issue, and we'll talk more about it.

16 So that sample file that you provided to me
17 that I think it was prelitigation, the Robert Shark
18 file, that case -- that file seems to be missing a
19 whole bunch of documents that we would think would be
20 in the file.

21 MS. NICHOLS: So I checked before our
22 meeting. It should have requests for prosecution. I'm
23 going to get those to you tomorrow.

24 MS. McLETCHIE: Okay.

25 MS. NICHOLS: It does have a case summary.

1 It does not have case notes. And I can check if case
2 notes are available.

3 MR. CROSBY: To 2014?

4 MS. NICHOLS: Yeah. I don't think there
5 will be case notes, but I can check.

6 MS. McLETCHIE: And that's because they
7 didn't do case notes or --

8 MR. CROSBY: Because it was pre P1. But I
9 can check if there are case notes that just were not
10 included.

11 MS. McLETCHIE: Okay. And there's also no
12 officer reports. I understand they aren't always
13 created, but there was no -- I don't think there were
14 any officer reports in there or case reports.

15 MS. NICHOLS: Here is the case --

16 MR. JOSEPH: There is a case report.

17 MS. McLETCHIE: Okay. So which ones do you
18 think were missing from that file?

19 MR. JOSEPH: She just listed the exact two.

20 MS. McLETCHIE: Okay. Got it. Sorry.
21 I'll catch up.

22 So you're going to see --

23 MS. NICHOLS: Yeah, and I'll email you --

24 MS. McLETCHIE: And we know there was a
25 criminal case, right? Yeah, so you're going to get us

LVRJ237

1 a request for prosecution.

2 MS. NICHOLS: Yeah. I contacted the
3 department beforehand, and we know that there are RFPs.

4 MS. McLETCHIE: This goes back to my issues
5 about the hard-copy file. We would like to know how
6 come we didn't get those.

7 Why -- if those -- why weren't they in the
8 file? I'm assuming what Nick did was ask the folks in
9 Vice to make a copy and give us the whole file, and
10 they redacted it, it was a trial run, right?

11 So I guess the question is, were they not
12 in a hard-copy file? What went on there? And if they
13 weren't in the hard-copy file and there is a request
14 for prosecution, where did you find that?

15 MR. CROSBY: I can find out.

16 MS. McLETCHIE: Okay, thanks.

17 Did you have more on this one? Those are
18 from your notes.

19 MR. JOSEPH: No.

20 MS. McLETCHIE: Okay. Do you know how much
21 time it took to do the 22 files? Because we had a cost
22 estimate, but that was back when we were going to
23 demand that whole entire file, and we narrowed it down.
24 So I'm wondering if you know how much time it took.

25 MS. NICHOLS: I thought when I gave you the

1 22 files, I sent an email with how much time it took.

2 MS. McLETCHE: As my paralegal said to me,
3 you and Jackie email each other a lot.

4 But I'll go back and look.

5 MS. NICHOLS: I will go back and look too.

6 I'm pretty sure I did email.

7 MS. McLETCHE: Okay. How much time it
8 took to do the 22 files?

9 MS. NICHOLS: Um-hmm.

10 MS. McLETCHE: Okay. We've kind of
11 touched on this. Hopefully it won't take too long.

12 But let's talk a little bit about the
13 solicitation/engaging in prostitution arrest reports.

14 I think we've identified the process. I
15 think we've talked about the process for identifying
16 the records. Can you sum it up for me to make sure I
17 understood.

18 MS. NICHOLS: With the solicitation
19 records, we contact CCDC, and they run a report using
20 the NAC code, NAC, of solicitation. And what comes out
21 is a report of all the event numbers, and the event
22 numbers gets passed on for Records to access the actual
23 records of arrest report, DOA and TCR.

24 MR. JOSEPH: So CCDC is over here. They
25 run the query based on the NAC code?

1 MS. NICHOLS: Yes.

2 MR. JOSEPH: They produce a list of event
3 numbers. The event numbers are then plugged one by one
4 into P1 and produce the three documents?

5 MS. NICHOLS: Exactly.

6 MR. JOSEPH: Okay.

7 MS. McLETCHIE: What do they run the report
8 in, what's the database they use?

9 MR. JOSEPH: CCDC.

10 MS. McLETCHIE: What is the CCDC database?

11 MS. NICHOLS: I want to say it's the Elite.

12 MR. CROSBY: Elite arrest. I think that's
13 in the declaration.

14 MS. NICHOLS: Right, but that was
15 through --

16 MS. McLETCHIE: One is in a George one
17 about grand larcenies?

18 MS. NICHOLS: Yes.

19 MS. McLETCHIE: Not in the one about CCDC?

20 MS. NICHOLS: But I'm pretty sure --

21 MS. McLETCHIE: Can you confirm that?

22 MS. NICHOLS: Yeah.

23 MS. McLETCHIE: So when you run these
24 reports -- I know you haven't had Mr. Bauer do his
25 reports, but you obviously have had CCDC run the

1 reports. I don't think there's anything confidential
2 in that report, right, it's just the list. Could we
3 get that?

4 MR. JOSEPH: Oh, yeah.

5 MR. CROSBY: You mean the list of the
6 return for event numbers?

7 MS. McLETCHIE: Yeah.

8 So she's getting them to generate a report,
9 then she's giving it to Records Bureau or they're
10 giving it to Records Bureau, it would be kind of
11 helpful to see that.

12 MR. JOSEPH: And then, as you know, I have
13 identified a couple that were mislabeled. That would
14 provide a check, because we're getting a direct clean
15 list from CCDC that I can then check against the list
16 that I'm building and make sure I've got everything
17 labeled. That would make me sleep better at night.

18 MS. McLETCHIE: You know how, Jackie, we
19 emailed you about the issues with some of the errors.

20 MS. NICHOLS: Um-hmm.

21 MS. McLETCHIE: And you indicated they had
22 handwritten on the event numbers.

23 MS. NICHOLS: Right.

24 MS. McLETCHIE: Brian has identified that
25 issue. We haven't let you know this yet, but there are

1 a few other records --
2 MS. NICHOLS: Okay.
3 MR. JOSEPH: But that would give me
4 confidence, because then I can go back and identify,
5 oh, you know, I found these ones are labeled wrong.
6 MS. NICHOLS: Sure.
7 MR. JOSEPH: If it's possible. If we can
8 get that CCDC NAC code list in a digital format would
9 be very helpful, because then I could cross-reference
10 it against the list I've already built rather than
11 doing it by hand. Does that make sense?
12 MS. NICHOLS: Yeah. Sure.
13 MS. McLEITCHIE: Have you told me how much
14 time that has taken?
15 MS. NICHOLS: The solicitation records?
16 MS. McLEITCHIE: Yeah.
17 MS. NICHOLS: We are in week 22, so eight
18 hours a day for 22 weeks.
19 MS. McLEITCHIE: 8 hours a day.
20 SGT. ARMBRUSTER: 10 hours.
21 MS. NICHOLS: 10 hours a day.
22 MS. McLEITCHIE: 10 hours a day they've been
23 working on this?
24 SGT. ARMBRUSTER: (Nods head.)
25 MS. McLEITCHIE: To yield --

LVRJ242

1 MR. JOSEPH: Do you want to count it?

2 MS. McLEITCHIE: Yeah.

3 So week one, how many pages are there

4 per --

5 MR. JOSEPH: Two to three.

6 MS. McLEITCHIE: I think my paralegal went

7 through -- I mean, it's like 152 pages. It should not

8 take 40 hours or 50 hours.

9 You're saying ten hours a day for --

10 MR. JOSEPH: Four tens.

11 MS. McLEITCHIE: So 40 hours to do 152

12 pages. That doesn't make sense.

13 MS. NICHOLS: There's usually about 152

14 files. So times that by two or three.

15 MS. McLEITCHIE: Right. So we have --

16 right.

17 MR. JOSEPH: Start at week four, that's the

18 most representative. The first -- I think it's fair to

19 say for all of us, the first four weeks are not

20 representative because you were just doing the arrest

21 reports and DOAs. It was starting in week four you did

22 the arrest reports, DOAs and TCRs.

23 MS. NICHOLS: Correct.

24 MR. JOSEPH: That's the most

25 representative.

1 MS. McLETCHE: It's just a few pages,
2 right? This isn't like that, or it isn't even like the
3 thinner investigative file. It's hard for me to think
4 it's taking 40 hours to do 280 files, because there
5 would only be a few pages.

6 MS. NICHOLS: We have how many, three
7 people, working on this?

8 SGT. ARMBRUSTER: Three people working on
9 it full time.

10 MS. NICHOLS: You have to do the research
11 to determine whether these cases are open or closed, we
12 hand redact them, and then we have to scan them in.
13 It's a process.

14 SGT. ARMBRUSTER: And I have someone make
15 sure that --

16 MS. NICHOLS: Then you have a review
17 process.

18 SGT. ARMBRUSTER -- someone double-check
19 each other's work.

20 MS. McLETCHE: This isn't the first time
21 we have offered to give you the information about what
22 cases are closed.

23 MR. JOSEPH: We can't do it.

24 SGT. ARMBRUSTER: That would help big time.

25 MS. McLETCHE: Never mind. We can't do

1 it.

2 MR. JOSEPH: We can't make the distinction.

3 MS. McLETCHE: Okay. It's a little hard
4 to understand. And maybe we need to know more about --
5 I guess I didn't bring any of those files with me.

6 MS. NICHOLS: I don't know what -- that's
7 the process.

8 MS. McLETCHE: So how many staff hours per
9 week? I'm a little unclear --

10 SGT. ARMBRUSTER: Minus an hour for lunch
11 each day, but, I mean, you can't crack the whip, but
12 every minute they are reading, they are working and
13 producing, but they have to go through, check the cases
14 to make sure, the court system, where they're at. Then
15 they read it, they have to hand redact it. I mean,
16 it's reading over and over and over and redacting.

17 MS. McLETCHE: But these are arrest
18 reports. Why do you have to make sure the case is
19 closed? These aren't investigation documents.

20 SGT. ARMBRUSTER: On all solicitation -- I
21 got to figure out what years are we talking about.

22 MS. McLETCHE: Because I understand that
23 that's the process for the sex-trafficking
24 investigation, but I think we may be --

25 SGT. ARMBRUSTER: I can see we're going all

LVRJ245

1 over the place: Sex trafficking, grand larcenies.

2 What, you're talking just solicitation records?

3 MS. McLEITCHIE: Just solicitation right

4 now.

5 SGT. ARMBRUSTER: Then, yeah, they're going

6 to have to read it. If they were arrested and closed

7 out, they're closed out. So they would have to still

8 read it, they would have to still go through redaction,

9 and someone has to check, checks and balances, and then

10 it would submitted.

11 How many are you guys getting a week?

12 MS. McLEITCHIE: Are you saying three people

13 are working full time, or it's three people are working

14 on it to equal one full-time person?

15 SGT. ARMBRUSTER: Three people are working

16 on it. I mean, this is priority to get this out.

17 MS. McLEITCHIE: I appreciate that. I'm

18 just trying to figure out, because maybe there is a

19 disconnect. Like maybe they are looking to see if

20 these are closed, which is not -- I mean, under 179A

21 you got to give us arrest reports.

22 You would agree, there's no closed-case

23 requirement for an arrest report?

24 SGT. ARMBRUSTER: No, you're right. Like I

25 said, we're all -- the sex trafficking and stuff for
