CAR IN THE DRIVEWAY

Turner and Hudson
know someone is
home

TURNER: “when I got to the point where patio and TV is...shots started”

HUDSON: “both standing by the window” when shots started

TURNER AND

HUDSON:

Adamantly deny any
3rd person involved
and in the backyard

HUDSON:

- Fired one shot
- Fingerprints are on the gun
- Shotgun is fired before Greco-Smith returns fire
- Had a beanie on
- Person with beanie was cocking a shotgun

TURNER:

- Gun belongs to his uncle
- Described the gun

TURNER:

- Gunshot wound to left calf
- Fragment in his leg that came from the SKS round exploding on the patio

Greco-Smith and
Robertson survived
because of a miracle- not
because of a lack of

Hudson

**BATTERY WITH DEADLY WEAPON RESULTING IN
SUBSTANTIAL BODILY HARM:**

Battery means any willful and unlawful use of force or violence upon another person. As used in this instruction, the word "willfully", when applied to the intent with which an act is done or omitted, implies simply a purpose or mere willingness to commit the act or to make the omission in question. The word does not require in its meaning any intent to violate law, or to injure another, or to acquire any advantage.

BATTERY WITH DEADLY WEAPON RESULTING IN SUBSTANTIAL BODILY HARM:

Substantial bodily harm means:

1. Bodily injury which creates a substantial risk of death or which causes serious, permanent disfigurement or protracted loss or impairment of the function of any bodily member or organ; or
2. Prolonged physical pain.

“Prolonged physical pain” encompasses some physical suffering or injury that lasts longer than the pain immediately resulting from the wrongful act.

INTENT TO KILL AND
INTENT TO USE FORCE
AND VIOLENCE

A conspirator is also legally responsible for a general intent crime that follows as one of the probable and natural consequence of the object of the conspiracy even if it was not intended as part of the original plan

If more than one person commits a crime, and one of them uses a deadly weapon in the commission of that crime, each may be convicted of using the deadly weapon even though he did not personally himself use the weapon if you find that he aided and abetted or conspired to commit the offense.

An unarmed offender "uses" a deadly weapon when the unarmed offender is liable for the offense under aiding and abetting or conspirator liability, another person liable for the offense is armed with and uses a deadly weapon in the commission of the offense, and the unarmed offender had knowledge of the use of the deadly weapon.

**STATE OF NEVADA
VS.
STEVEN TURNER AND
CLEMON HUDSON**

CLEMON HUDSON

STEVEN TURNER

STATE MUST PROVE 2 THINGS:

1. A CRIME WAS
COMMITTED

2. THESE DEFENDANTS
COMMITTED THE CRIME

CHARGES:

Count 1- Conspiracy to Commit Burglary

Count 2- Attempt Burglary While in Possession of Firearm

Count 3 & 4- Attempt Murder with Deadly Weapon

Count 5- Battery with Deadly Weapon Resulting in
Substantial Bodily Harm

THEORIES OF LIABILITY:

1. Directly Committed the Crime
2. Conspiracy Theory
3. Aid and Abet in the Crime

SPECIFIC AND GENERAL INTENT

Specific intent is the intent to accomplish the precise act which the law prohibits.

General intent is the intent to do that which the law prohibits. It is not necessary for the prosecution to prove that the defendant intended the precise harm or the precise result which eventuated if a crime is a general intent crime.

Counts 1-4 of the Indictment are specific intent crimes.
Count 5 is a general intent crime

Conspiracy Theory:

A Conspiracy is defined as an **agreement between two or more persons for an unlawful purpose**. A person who knowingly does any act to further the object of a conspiracy, or otherwise participates therein, is criminally liable as a conspirator.

Conspiracy Theory:

It is **not necessary** in proving a conspiracy to show a meeting of the alleged conspirators or the **making of an express or formal agreement**. The **formation and existence of a conspiracy may be inferred from all circumstances** tending to show the common intent

Conspiracy Theory:

Mere knowledge or approval of, or acquiescence in, the object and purpose of a conspiracy without an agreement to cooperate in achieving such object or purpose does not make one a party to conspiracy. Conspiracy is seldom susceptible of direct proof and is usually **established by inference from the conduct of the parties. In particular, a conspiracy may be supported by a coordinated series of acts, in furtherance of the underlying offense, sufficient to infer the existence of an agreement.**

Conspiracy Theory:

Every conspirator is legally responsible for a **specific intent crime of a co-conspirator so long as the specific intent crime was intended by the defendant.** A conspirator is also legally responsible for a **general intent crime that follows as one of the probable and natural consequence of the object of the conspiracy even if it was not intended as part of the original plan** and even if he was not present at the time of the commission of such act.

AID AND ABET:

A defendant aids and abets the commission of a crime if he knowingly and with **criminal intent aids, promotes, encourages or instigates by act or advice, or by act and advice, the commission of such crime with the intention that the crime be committed.**

AID AND ABET:

Every person concerned in the commission of a crime, whether he directly commits the act constituting the offense or aids or abets in its commission is guilty as a principal. **Nevada law does not distinguish between an aider or abettor to a crime and an actual perpetrator of a crime; both are equally culpable.**

The State is not required to prove precisely which defendant actually committed the crime and which defendant aided and abetted.

AID AND ABET:

Mere presence at the scene of a crime or knowledge that a crime is being committed is not sufficient to establish that a defendant is guilty of an offense, unless you find beyond reasonable doubt that the defendant was a participant and not merely a knowing spectator.

However, **the presence of a person at the scene of a crime and companionship with another person engaged in the commission of the crime and a course of conduct before and after the offense are circumstances which may be considered in determining whether such person aided and abetted** the commission of that crime.

TRANSFERRED INTENT:

If you believe that at the time of the shooting in this case that the defendant intended to kill any person, or to aid and abet one of his co-defendants to kill any person, it is of no legal consequence that he or one of his co-defendants mistakenly injured a different person. His intent to kill transfers to the person actually harmed

You do not have
to all agree on the
same theory of
liability

CONSPIRACY TO COMMIT BURGLARY:

Testimony of Homeowners:

- 3:30 in the morning
- More than one person casing this house and trying to get in
- Noise on the back patio
- 911 call

CONSPIRACY TO COMMIT BURGLARY:

Testimony of Homeowners:

- Jumping over walls in the middle of the night with high powered weapons

CONSPIRACY TO COMMIT BURGLARY:

Defendant Hudson:

- Plan was to go to this house to steal some weed
- Meets with someone, they go to the house together after previously checking out the house the week before

CONSPIRACY TO COMMIT BURGLARY:

Defendant Turner:

- Went to the house to do a dope rip
- Knows the homeowner has weed
- he was with one other person riding together
- Hops into the backyard to join

ATTEMPT BURGLARY WHILE IN POSSESSION OF A FIREARM:

The elements of an attempt to commit a crime are:

1. the intent to commit the crime;
2. performance of some act towards its commission; and
3. failure to consummate its commission.

ATTEMPT BURGLARY WHILE IN POSSESSION OF A FIREARM:

Every person who, by day or night, **enters** any shop, warehouse, store or other building, with the **intent to commit Larceny, and/or Robbery**, therein is guilty of Burglary.

Force or a "breaking" is not a necessary element of the crime.

ATTEMPT BURGLARY WHILE IN POSSESSION OF A FIREARM:

Every person who commits the crime of Burglary, who has in his possession or gains possession of any firearm at any time during the commission of the crime, at any time before leaving the structure, or upon leaving the structure, is guilty of Burglary While in Possession of a Firearm.

ATTEMPT BURGLARY WHILE IN POSSESSION OF A FIREARM:

“ATTEMPT TO ENTER to
COMMIT
LARCENY/ROBBERY”

ATTEMPT BURGLARY WHILE IN POSSESSION OF A FIREARM:

ATTEMPT BURGLARY WHILE IN POSSESSION OF A FIREARM:

- Metal chairs moving around on the patio
- Defendants are close to the back door when the back door opens
- 911 call- Defendant's are back there for a long time trying to figure out how to get in the house

ATTEMPT BURGLARY WHILE IN POSSESSION OF A FIREARM:

Both Defendants say the plan was to go to the house to take some marijuana

ATTEMPT BURGLARY WHILE IN POSSESSION OF A FIREARM:Hudson:

Admits to trying the side door of the house to get in and twisting the door knob- but it was locked

Admits checking out this particular house prior to incident

ATTEMPT BURGLARY WHILE IN POSSESSION OF A FIREARM:Turner:

Never called Clarkson, whom he knew, saying he was coming over

Never tried to get Clarkson to let him in the house

He was there to do a dope rip

ATTEMPT BURGLARY WHILE IN POSSESSION OF A FIREARM:

HOW DO WE KNOW TURNER AND HUDSON HAD A WEAPON DURING THE ATTEMPT BURGLARY?

ATTEMPT BURGLARY WHILE IN POSSESSION OF A FIREARM:**HUDSON:**

- He told you he had both guns
- His fingerprints are on the shot gun
- His DNA is on the hat and the person with the hat had the shogun
- He is found laying immediately next to the shotgun

ATTEMPT BURGLARY WHILE IN POSSESSION OF A FIREARM:

TURNER:

- He told you the gun belonged to his uncle
- He knew the gun was in the car that night and taken from the car
- He's on the patio when the shots occurred- same place rifle casings found
- He has a gunshot wound to his left calf with a fragment

ATTEMPT BURGLARY WHILE IN POSSESSION OF A FIREARM:

If more than one person commits a crime, and one of them uses a deadly weapon in the commission of that crime, **each may be convicted of using the deadly weapon even though he did not personally himself use the weapon if you find that he aided and abetted or conspired to commit the offense.**

An unarmed offender "**uses**" a deadly weapon when the unarmed offender is liable for the offense under aiding and abetting or conspirator liability, another person liable for the offense is armed with and uses a deadly weapon in the commission of the offense, and the unarmed offender had knowledge of the use of the deadly weapon.

ATTEMPT MURDER WITH DEADLY WEAPON:

Attempt murder is the performance of an act or acts which tend, but fail, to kill a human being, when such acts are done with express malice, namely, with the deliberate intention unlawfully to kill.

Express malice is that deliberate intention unlawfully to take away the life of a human being, which is **manifested by external circumstances capable of proof.**

The intention to kill may be ascertained or deduced from the facts and circumstances of the attempted killing, such as the use of a weapon calculated to produce death, the manner of its use, and the attendant circumstances characterizing the act.

A defendant's state of mind does not require the presentation of direct evidence as it existed during the commission of a crime. The jury may infer the existence of a particular state of mind of a party from the circumstances disclosed by the evidence.

To Whom It May Concern,

My name is JoAnn Merritt one of ten aunts to **Clemon Lamar Hudson**, on his father's side, who is Clemon Hudson jr. I retired from Gale Research as an Associate Editor for 15 years. I truly love this young man. He is the only young man who has demonstrated at a young age his desire to take care of me. That was truly amazing since he was only ten years old at that time, for a young man to make a vow of that magnitude to me his aunt. I am now 70 plus years young, and I believed that he would, if he could, in his own loving way.

We were pleased and honored when asked to write a character reference for Lamar. We are aware of the serious infractions he is faced with. Yet, we feel compelled to offer our opinion and observation of **Clemon Lamar Hudson**. My Husband Edward Merritt now retired from Ford Motor Co in 2007 as a Service Engineer for 30 years and I have known him every since he was born to Karen and Clemon Hudson jr. Both of Lamar's parents were raised to teach children to honor and respect to others and their property. I know because of his up-bringing that he is truly remorseful of his actions.

Overall and in conclusion, we respectfully request that this character reference be considered in your decision regarding an appropriate sentence in this chase.

Sincerely yours,
Edward and JoAnn Merritt

The honorable Judge Mark Bailus
RE: Sentencing of Clemen Hudson
C-15-309578-2

I am Adrian Elias, Mr. Hudson's older cousin. I'm 28 years old, moved here from California in 2003. I attended Valley High School where I graduated in June of 2008. I proceeded my education as I attended College Of Southern Nevada while studying Criminal Justice. After a few semesters I placed my dreams on hold to start a family with my fiancé of 5 years. I'm well aware of the charges Mr. Hudson is facing. However, I'm more than happy to offer an endorsement of Mr. Hudson's good character.

I've been around around Mr. Hudson for all of his life. Even though we are cousins we grew up much more like siblings. Our parents raised us in church where we attended every Sunday. We're a very close family. Mr. Hudson have always been a positive and generous person. I remember one summer weekend I spent with his family, Mr. Hudson and his brothers had all got new toys and he got a new basketball and court. Me being a female I wasn't basketball savvy. However, Mr. Hudson would invite me outside to play basketball with him and friends. He would be eager to teach me how to do tricks and make different shots. Even when I become flustered and wanting to give up, he wouldn't let me. He would encourage me to keep trying! Told me it's ok to not make the basket but to keep trying. He's such an positive and light energy to be around! I can go on and on about the person Mr. Hudson is but this is just an small instance, along with many others giving an example of Mr. Hudson's reputation of love and generosity in our family.

Thank you for you're time your honor.

To whom it may concern.

I am one of Clemon Lamar Hudson's older cousin and pleased to have the opportunity to let you know of my personal experience with my cousin Lamar.

I am currently residing in Omaha Nebraska, and a few years ago I had the pleasure of living with my Uncle Clemon in Las Vegas Nevada. This encounter was the first time I was able to visit with my younger cousins for longer periods of time and was able to truly get to know my cousins heart and spirit.

Our parent raised us to do right, be honorable, decent and in order. This is not restricted to just inside the house but in this world as well. My Uncle Clemon Hudson raised his sons to walk in this exact light. I witnessed Lamar attending Sunday school every Sunday as well as working on the Church property Saturday mornings putting together "go" bags and handing them out to the homeless. He also displayed this kind of enthusiasm at home, I know this because I was his baby sitter sometimes.

This is Lamar, a kind, mindful, polite, young man

Eighth Judicial District Court

Dear Judge Bailus:

My name is Juanita Watson, and I am writing a letter on behalf of my cousin, Clemon Lamar Hudson. I am the mother of one daughter and a son-in-law, grandmother of seven and great-grandmother of three. I am a Contracts Administrator for a commercial real estate company based in Santa Monica, CA.

Lamar, as he is affectionately called by his family, is my first cousin, my uncle's son. I have known him his entire life. This young man grew up in a two-parent Christian home, and has been sheltered, shielded and protected by his loving family who have surrounded and supported him his entire life.

Lamar is a very kind, gentle young man and it is always a pleasure visiting his home in Las Vegas, NV. The whole family is very loving, warm and welcoming and we always have a wonderful time together whether during holidays or summer vacations, since Lamar was born. I miss him very much and I pray he comes home soon.

Thank you.

To Whom It May Concern:

My name is Evelyn Williams and I am the younger sister of Karen Hudson and the youngest of Clemon Jr's aunts. The purpose of this letter is to bare witness to the positive character of Clemon Lamar Hudson Jr. I have a son very close in age to Clemon, who we affectionately refer to by his middle name "Lamar", and my son and the rest of his cousins grew up together in Vegas like brothers. Ever since Lamar was a kid he has always been a mild mannered, calm and even-tempered individual. I can honestly not remember a time when I saw him angry. Lamar grew up in a devout Christian household with two loving entrepreneurial parents and a very intelligent older brother who set a great example for both of his younger brothers. Prior to this incident Lamar never had any problems with the law or any other area.

From as far back as I can remember Lamar has always been a smart brave young man and a leader of his younger cousins. As a child he taught himself and the rest of the boys how to skateboard, mastering many difficult tricks. He also taught himself how to do all types of flips on and off the trampoline. I always admired that he had such a bright and determined mind. Lamar was obedient, never disrespectful, and very helpful around the house. Our family has always been very close; growing up Lamar never missed a family gathering. He was always there to make us smile.

Lamar is an important part of this family and we miss him terribly. While I can't explain this situation, I know Lamar is remorseful for the decisions he made.

Since he's been away, he's been blessed with a beautiful daughter who will suffer without a father as she grows older. I know Lamar would do anything to care and be a good example for her and if given the opportunity I truly do not believe he would make the same mistakes ever again. If given the opportunity I know Lamar would be an outstanding citizen positively to society and taking care of his beautiful baby girl. Please consider this letter from someone who has been able to watch Lamar grow from an infant as you make any further decisions about his life.

Respectfully,

Evelyn Williams

Judge Mark Bailus,

Regarding: Clemon Hudson-C-15-309578

He is a well-mannered and very respectful young man. He was brought up in a home with love, sound teaching, and strong morals. He also attended Sunday school and church services every Sunday.

At the mercy of the court, I'm asking that Clemon be given the lightest sentence possible, because he has no criminal record beside this, and I personally believe that he would do better if he is given the opportunity. I've known him for almost twenty years, and I have known him to be a mild-mannered person. I feel this was an awakening moment for him.

Please consider this character letter on his behalf.

To Whom This May Concern,

This letter is a character reference of Clemon Lamar Hudson. Clemon Lamar has been a shy young man. He was always willing to learn and very attentive in attending Believers in Christ Ministries. Lamar has always been positive in working with others, but has a reserve attitude of being often to himself, not normally being with a crowd or group. He mostly stay close to home, strength, always fair, honest, kind appreciation for family and caring for others. He has respect for the authority and reference for faith in God.

I am Pastor Tapplin, whom which has served him and his family while being a part of Believers in Christ Ministries. He has helped feed the Homeless, Cleaned the church and participated in helping with the Children's Ministry. I think his character, respect, attitude and behavior was always good and well to be around. His family has always taught and showed Lamar the best way to handle himself in crisis and difficult situations. I believe he has the right upbringing and manners to make positive decisions. I would rule in favor of Clemon Lamar being a positive child and adult in his community. I believe his fear and respect for authority have a heart as a believer to conduct himself in a community to be positive and honorable. His behavior and judgement receive favorable results in what he say or do.

Sincerely

Re: Sentencing of Clemon Lamar Hudson, III, Case No. C-15-309578-2

Dear Judge Mark Bailus,

My name is Contessa Handy, a dearest and close aunt of Clemon Lamar Hudson, III. I have been in his life all his earthly beings. I know Clemon to be a young man of strong moral character who treats others with courtesy and respect. I admire that in him! He joined church and was baptized at an early age. His upbringing involved his Christian parents, relatives, and family friends. The parents, being very protective and close-knit to their children, instilled Christian and Family values at a very early age, taking them to Church; Sunday school; Bible study; hosting weekly Prayer meetings in their home where other families and neighbors were invited to attend; family gatherings; feeding and clothing the homeless; and, by parents interpretation, a part of God's plan of action ("A family that pray together, stay together"). We will never want him to think that the family will stop loving him and God want forgive him because that will be ludicrous!

Clemon attended Western high school in Las Vegas, Nevada. Some of his greatest high school sports attributes were playing varsity football and baseball. He really excelled in those two varsity levels. In his pastime, he enjoys playing video games, champion of "All."

Just seeing Clemon in jail attire, the battered look on his face, scared and confused, brought tears to our eyes, especially his parents. He's trying to be strong for the family but found it very hard to look our way. We believe he realizes that he made a grave mistake and being incarcerated is a reality. We love him and will always be there for him.

I would like to thank you for your time in reading family and friends character reference letters about my nephew. I hope they have provided helpful context for understanding the type of person Clemon truly is.

Your Honor, please take under consideration this is his first offence. He has never been in trouble before.

Thanking you in advance!

Sincerely,

Contessa Handy

Defendant's Motion for Discovery fails to present any factual or legal entitlement to relief. The Defendant is directed to refer to the Court's discovery protocol entitled "Defendant's Pre-Trial, Due-Process, Right to Obtain "Brady" Information/Documents," which is below. The Defendant is ordered to provide Supplemental Points and Authorities by May 18, 2017; the State should respond by May 25, 2017. The Hearing on this matter is continued to May 30, 2017.

Defendant's Pre-Trial, Due-Process, Right To Obtain "Brady" Information/Documents^[1]

A. "General request" for favorable material under Brady.

The Defendant may submit to the State a written request for production of documents. *Penn. v. Ritchie*, 480 U.S. 39 (1987). The State must produce all information that has a "reasonable probability" of affecting the outcome of the case. *Id.* The State decides which information to disclose. *Id.* "Defense counsel has no constitutional right to conduct his own search of the State's files to argue relevance." *Id.* "Unless defense counsel becomes aware that other exculpatory evidence was withheld and brings it to the court's attention, **the prosecutor's decision on disclosure is**

^[1]This memo does not address the defendant's rights under NRS 174.235.

final.” *Id.* at 59 (emphasis added).

B. “Specific request” for favorable material under Brady:

1. Written Discovery Request To State

The Defendant should submit to the State a written request for specific information/documents which the Defendant claims to be material. *U.S. v. Agurs*, 427 U.S. 97 (1976).

Upon receipt of such request, the “prosecutor must decide what, if anything, it should voluntarily submit to defense counsel.” *U.S. v. Agurs*, 427 U.S. 97 (1976). *Mazzan v. Warden*, 116 Nev. 48 (2000) (“The prosecutor is responsible for determining whether evidence is material and should be disclosed.”). The Prosecutor should produce any evidence that is favorable to the defendant. *Mazzan v. Warden*, 116 Nev. 48 (2000) (exculpatory evidence, evidence to attack the police investigation, and impeachment evidence).

Evidence is material if there is a “reasonable possibility” that the evidence “would [] affect[]” “the outcome of trial.” *Robert v. State*, 110 Nev. 1121 (1994). “A ‘reasonable probability’ is a probability sufficient to undermine the confidence in the outcome.” *Penn v. Ritchie*, 480 U.S. 39 (1987).

Upon request for specific information/documents that may be material, the State has a duty to examine the information/documents and determine whether it should be disclosed. *Lay v. State*, 116 Nev. 1185, 1194 (2000). “The prudent prosecutor will resolve doubtful questions in favor of disclosure.” *U.S. v. Agurs*, 427 U.S. 97, 108 (1976).

If necessary, the Court may order the State to respond in writing to the Defendant’s request.

2. Motion To Compel

The Defendant may file a motion to compel the State to either (a) produce the information/documents, or (b) submit the material to the Court for in camera review. *Penn. v. Ritchie*, 480 U.S. 39 (1987) (“If a defendant is aware of specific information contained in the file . . . he is free to request it directly from the court, and argue in favor of its materiality.”); *U.S. v. Agurs*, 427 U.S. 97 (1976).

Requirements to prevail on a motion to compel:

- a. The Defendant must present **facts tending to prove the State possesses** the specific information/documents.

The Defendant must demonstrate that it is “aware” that the State possesses “specific information” (*Penn. v. Ritchie*, 480 U.S. 39 (1987)). This “requires a presentation of ‘facts which would tend to show that the Government is in possession of information helpful to the defense.’” *U.S. v. Santiago*, 46 F.3d 885 894 (9th Cir. 1995). See *Roberts v. State*, 110 Nev. 1121 (1994) (defendant presented affidavit with evidentiary support for the claim that the State possesses the information).

“Possession” includes actual or constructive possession, by anybody on the prosecution team, including (a) “others acting on the government’s behalf in [the] case,” and (b) any arm of the government where the prosecutor is in

the unique position to obtain information known to other agents of the government.” *Kyles v. Whitley*, 514 U.S. 419, 437 (1995); *Banks v. Dretke*, 540 U.S. 668, 691 (2004); *Carriger v. Stewart*, 132 F.3d 463 (9th Cir. 1997),

If the State denies that it has possession of the requested information/documents, and the Defendant has no factual basis to rebut the denial, then that ends the inquiry, and the Defendant is not entitled to any order compelling disclosure, inspection, or in camera review by the Court.

- b. The Defendant must assert a **claim of materiality**, and present a “**factual predicate**” with a “**substantial basis**” for claiming materiality.

The Defendant must **claim** that the requested information is material (*Penn. v. Ritchie*, 480 U.S. 39 (1987)).

“A defendant must advance some **factual predicate** which makes it reasonably likely the requested file will bear information material to his or her defense. A bare assertion that a document ‘might’ bear such fruit is insufficient.” *Sonner v. State*, 112 Nev. 1328 (1996).

The Defendant must have a “**substantial basis**” for claiming materiality. *U.S. Agurs*, 427 U.S. 97 (1976); *Roberts v. State*, 110 Nev. 1121 (1994).

If the Defendant submits a motion to compel that fails to address each of the aforementioned requirements, then the Court will deny the motion without prejudice.

The Court will rule upon specific requests on an individual basis if the Defendant submits a motion to compel that addresses each of the aforementioned requirements.

Defendant's Motion to Sever Co-Defendants ... Defendant's Joinder to Co-Defendant Clemon Hudson's Motion to Sever ... Pretrial Conference

Co-Defendant, Steven Turner present. Tegan Machnich, Esq. present on behalf of Co-Defendant.

Arguments by counsel. Co-Defendant cites the Chartier case and circumstances in their pleadings. Arguments by counsel regarding the allegations and Defense's position that each Defendant will have to defend two theories of liability. State's opposition that the record can be sanitized for the sake of each Defendant as to statements made by parties in contravention to a fair trial. Colloquy regarding alleged facts and circumstances. COURT does Find this case to be distinguishable from the Chartier case. Court has considered whether or not there is a substantial risk the Jury will use factually incriminating confession(s) of a non-testifying Defendant as evidence of guilt of his co-defendant; and, fundamental unfairness at trial. FURTHER, Court notes State's offer of cooperation, and DENIES Motion and Joinder to Sever WITHOUT PREJUDICE; State will offer both counsel the opportunity to see the redacted version the State intends to use at trial. IF after review, Defense determines their client cannot be adequately defended at trial, then Defense may renew its motion. State to prepare an order consistent with the Court's ruling that both Defendants will have the opportunity to renew their motions. Court directed State to provide its redacted version to Defense counsel NO LATER THAN 10/17/17 for review; and Defense to respond to State's redactions NO LATER THAN 10/20/17. THIS COURT gives parties permission to contact the Senior Judge Department for further consideration on these matters, if needed. Colloquy regarding discovery requests. Mr. Pesci advised he just picked up this matter for trial and has instructed his staff to provide requested discovery to both Defendants' counsel. Mr. Pesci clarified that the disk received has been copied and will be provided to opposing counsel. COURT ORDERED, oral request to compel discovery is GRANTED. Mr. Pesci acknowledged they State will comply. Court placed the burden on both counsel to ensure that discovery production is satisfactorily complied with.

Upon Court's inquiry, State advised the case has been subpoenaed and anticipates ready.  vs
 Clemon Hudson

April 05, 2018 09:00 AM Defendant's Motion for Additional Discovery

HEARD BY: Bailus, Mark B COURTROOM: RJC Courtroom 11D

COURT CLERK: Castle, Alan

RECORDER: Page, Robin

REPORTER:

PARTIES PRESENT:

Clemon Hudson	Defendant
Craig A Mueller	Attorney for Defendant
Noreen C. Demonte	Attorney for Plaintiff
State of Nevada	Plaintiff

JOURNAL ENTRIES

Tegan Machnich, DPD and Ashley Sisolak, counsel for Co-Defendant also present. Matter submitted on the pleadings. COURT Finds there are no disciplinary records for any of the Las Vegas Metro officers involved in this matter. COURT ORDERED, Defendant's Motion for Additional Discovery is DENIED Without Prejudice.

Colloquy regarding scheduling. Objection by State and opposing counsel regarding Defendant Hudson's request and receipt of a Firm Set on the stack. State requested Defendant Hudson comply with the local rules and noted Mr. Mueller stated that if he was not able to sit lead in this trial, that Mr. Plummer be aptly able to proceed in this matter. Court so noted and finds that Defense may still call not ready at calendar call in compliance with the rules; and, admonished counsel that if there is a motion to continue the trial, it needs to be filed and set at calendar call next week.

09/04/2015 19:33:00 MDM and ED Course: 24 year old brought in by law enforcement for evaluation of a possible GSW to the calf. Exam revealed some stippling of the L lower extremity and a small laceration over the posteriolateral calf. Radiographic study revealed a small radiopaque object in the area of the laceration. Patient's pulses, motor and sensory function were intact distal to the wound. These findings were discussed with the patient. A tetanus booster was provided to the patient since he could not remember the last time that he had a tetanus shot. Discharge instructions were provided to the patient and the officers at bedside. A prescription for 5 days of Keflex was provided and the patient was counseled on spontaneous migration of the foreign body. Clinical impression: foreign body of the L calf, small laceration to the lower extremity, leg pain. Patient was independently seen and evaluated by my attending Dr. Amy Urban who agrees with my assessment and plan for this patient. Patient was discharged to the custody of law enforcement. Foreign Body

Foreign Body A foreign body is something in your body that should not be there. This may have been caused by a puncture wound or other injury. Puncture wounds become easily infected. This happens when bacteria (germs) get under the skin. Rusty nails and similar foreign bodies are often dirty and carry germs on them. **TREATMENT** > A foreign body is usually removed if this can be easily done right after it happens. > Sometimes they are left in and removed at a later surgery. They may be left in indefinitely if they will not cause later problems. > The following are general instructions in caring for your wound. **HOME CARE INSTRUCTIONS** > A dressing, depending on the location of the wound, may have been applied. This may be changed once per day or as instructed. If the dressing sticks, it may be soaked off with soapy water or hydrogen peroxide. > Only take over-the-counter or prescription medicines for pain, discomfort, or fever as directed by your caregiver. > Be aware that your body will work to remove the foreign substance. That is, the foreign body may work itself out of the wound. That is normal. > You may have received a recommendation to follow up with your physician or a specialist. It is very important to call for or keep follow-up appointments in order to avoid infection or other complications. **SEEK IMMEDIATE MEDICAL CARE IF:** > There is redness, swelling, or increasing pain in the wound. > You notice a foul smell coming from the wound or dressing. > Pus is coming from the wound. > An unexplained oral temperature above 102° F (38.9° C) develops, or as your caregiver suggests. > There is increasing pain in the wound. If you did not receive a tetanus shot today because you did not recall when your last one was given, check with your caregiver's office and determine if one is needed. Generally for a "dirty" wound, you should receive a tetanus booster if you have not had one in the last five years. If you have a "clean" wound, you should receive a tetanus booster if you have not had one within the last ten years. If you have a foreign body that needs removal and this was not done today, make sure you know how you are to follow up and what is the plan of action for taking care of this. It is your responsibility to follow up on this. **MAKE SURE YOU:** > Understand these instructions. > Will watch your condition. > Will get help right away if you are not doing well or get worse. Custom Instruction: 09/04/2015 09:15:08 PDT A.JOHN TURNER You were seen and evaluated at UMC Trauma Emergency Department for a laceration to your L calf. We performed an xray that showed a small foreign body in your left calf. Your pulses and neurological function was intact. We are prescribing you an antibiotic that you should take for the next 5 days, four times a day. The foreign body should work its way out on its own over the next few months. You can consult a doctor if the wound becomes red, painful, or has drainage that looks like pus. It was a pleasure to take care of you today.

Progress Notes

MDM and ED Course: 24 year old brought in by law enforcement for evaluation of a possible GSW to the calf. Exam revealed some stippling of the L lower extremity and a small laceration over the posteriolateral calf. Radiographic study revealed a small radiopaque object in the area of the laceration. Patient's pulses, motor and sensory function were intact distal to the wound. These findings were discussed with the patient. A tetanus booster was provided to the patient since he could not remember the last time that he had a tetanus shot. Discharge instructions were provided to the patient and the officers at bedside. A prescription for 5 days of Keflex was provided and the patient was counseled on spontaneous migration of the foreign body. Clinical impression: foreign body of the L calf, small laceration to the lower extremity, leg pain. Patient was independently seen and evaluated by my attending Dr. Amy Urban who agrees with my assessment and plan for this patient. Patient was discharged to the custody of law enforcement. Discharge Instructions

Foreign Body

Foreign Body

A foreign body is something in your body that should not be there. This may have been caused by a puncture wound or other injury. Puncture wounds become easily infected. This happens when bacteria (germs) get under the skin. Rusty nails and similar foreign bodies are often dirty and carry germs on them.

TREATMENT

- > A foreign body is usually removed if this can be easily done right after it happens.
- > Sometimes they are left in and removed at a later surgery. They may be left in indefinitely if they will not cause later problems.
- > The following are general instructions in caring for your wound.

HOME CARE INSTRUCTIONS

- > A dressing, depending on the location of the wound, may have been applied. This may be changed once per day or as instructed. If the dressing sticks, it may be soaked off with soapy water or hydrogen peroxide.
- > Only take over-the-counter or prescription medicines for pain, discomfort, or fever as directed by your caregiver.
- > Be aware that your body will work to remove the foreign substance. That is, the foreign body may work itself out of the wound. That is normal.
- > You may have received a recommendation to follow up with your physician or a specialist. It is very important to call for or keep follow-up appointments in order to avoid infection or other complications.

SEEK IMMEDIATE MEDICAL CARE IF:

- > There is redness, swelling, or increasing pain in the wound.
- > You notice a foul smell coming from the wound or dressing.
- > Pus is coming from the wound.
- > An unexplained oral temperature above 102° F (38.9° C) develops, or as your caregiver suggests.
- > There is increasing pain in the wound.

If you did not receive a tetanus shot today because you did not recall when your last one was given, check with your caregiver's office and determine if one is needed. Generally for a "dirty" wound, you should receive a tetanus booster if you have not had one in the last five years. If you have a "clean" wound, you should receive a tetanus booster if you have not had one within the last ten years.

If you have a foreign body that needs removal and this was not done today, make sure you know how you are to follow up and what is the plan of action for taking care of this. It is your responsibility to follow up on this.

MAKE SURE YOU:

- > Understand these instructions.
- > Will watch your condition.
- > Will get help right away if you are not doing well or get worse.

Additional Instructions

09/04/2015 09:15:08 PDT AJOHNTURNER You were seen and evaluated at UMC Trauma Emergency Department for a laceration to your L calf. We performed an xray that showed a small foreign body in your left calf. Your pulses and neurological function was intact. We are prescribing you an antibiotic that you should take for the next 5 days, four times a day. The foreign body should work its way out on its own over the next few months. You can consult a doctor if the wound becomes red, painful, or has drainage that looks like pus. It was a pleasure to take care of you today. (JT35) 09/04/2015 09:15

1 admission in his Motion, there is no indication that he would be employed or be able to get a
2 job if released from custody.

3 **Prior Criminal History:**

4 While Defendant lacks a criminal history, he is only twenty years old. At such a young
5 age, Defendant is already carrying high powered weapons, breaking into homes and
6 committing crimes as egregious as shooting at police officers. Given that his first offense is so
7 violent in nature, this gives the State great concern about his willingness to stay out of trouble
8 if the bail settlement is altered in any manner.

9 **Nature of the Offense and Likelihood of Conviction**

10 The facts and circumstances of this case are extremely violent and concerning to the
11 State. The fact that the Defendant has access to handguns and high powered weapons and is
12 clearly willing to use those weapons is alarming. Finally, the likelihood of conviction in this
13 case is very strong which gives Defendant little incentive to return to court and face the charges
14 against him.

15 **CONCLUSION**

16 The State also notes that Co-Defendant Turner filed a similar Own Recognizance
17 Motion in November of 2015. The Court denied Co-Defendant Turner's request to modify
18 bail setting despite his lack of criminal history. As such, the State respectfully requests that
19 the instant Motion for Bail Reduction for Defendant Hudson also be denied and that the
20 current bail setting of \$200,000 remain in the case.

MOTION TO SEVER; NOTICE

DATED this 23rd August, 2017.

Nevada Bar No: 4703

NOTICE OF MOTION

TO: THE STATE OF NEVADA, Plaintiff,

YOU AND EACH OF YOU WILL PLEASE TAKE NOTICE that the above and foregoing
MOTION will be heard before the above entitled Court on the 7th day of September, 2016, at
9:00 a.m., or as soon thereafter as counsel may be heard.

POINTS AND AUTHORITIES

I. FACTUAL BACKGROUND

According to the police report, on September 4, 2015 Eric Clarkson heard a noise and saw an unknown subject on his patio, got out of bed, got his cell phone and woke up his roommate, Willoughby Grimaldi, and called 9-11. Ultimately, police officers Robertson and Greco-Smith arrived, saw Steven Turner and Clemon Hudson, on the patio. Officers took a position, unlocked the door when Turner fired an AK47 rifle striking Officer Robertson in the leg, and Clemon Hudson allegedly fired one shot from the shotgun into the doorway missing the officers.

Turner fled but was seen limping and jaywalking nearby where a person stop was conducted. The officers interviewed Turner who identified his friend Clemon Hudson, AKA "Mar," as the person who he was with when they planned to go to someone's house to "steal their weed" on Westcliff and Rainbow. After changing his story a couple of times, Turner stated he waited in a car while "Mar" grabbed a SKS rifle and shotgun and jumped in the backyard of the house. Turner thought Mar was taking too long so he jumped over the fence too. Turner claims that "Mar" walked toward the glass patio door, that he saw the door open and "Mar" started to shoot.

II. APPLICABLE LAW

Section 173.135 of the Nevada Revised Statutes provides:

Two or more defendants may be charged in the same indictment or information if they are alleged to have participated in the same act or transaction or in the same series of acts or transactions constituting an offense or offenses. Such defendants may be charged in one or more counts together or separately and all of the defendants need not be charged in each count.

Under section 174.165 of the Nevada Revised Statutes:

1. If it appears that a defendant or the State of Nevada is prejudiced by a joinder of offenses or of defendants in an indictment or information, or by such joinder for trial together, the court may order an election or separate trials of counts, grant a severance of defendants or provide whatever other relief justice requires.

1 2. In ruling on a motion by a defendant for severance the court may order the district attorney
2 to deliver to the court for inspection in chambers any statements or confessions made by the
3 defendants which the State intends to introduce in evidence at trial.

4 Of course, the ability to join defendants is not unlimited. The Confrontation Clause in the Sixth
5 Amendment to the United States Constitution provides the right to confront and cross-examine the
6 accuser in a criminal case. See Bruton v. United States, 391 U.S. 123, 135-37 (1968). That right is
7 violated where a non-testifying codefendant makes a confession that incriminates the defendant. See
8 Romero v. State, 2016 Nev. LEXIS 512, 9, 2016 WL 3257826, Nev. SC No. 67731 (filed June 10,
9 2016) citing Bruton v. United States, 391 U.S. 123 (1968).

10 The party seeking severance bears the burden of proof of prejudice and such a case must be
11 severed “if there is a serious risk that [it] would compromise a specific trial right of one of the
12 defendants, or prevent the jury from making a reliable judgment about guilty or innocence.” See Rimer
13 v. State, 351 P.3d 697, 711 (Nev. 2015), citing Marshall v. State, 118 Nev. 642, 647 (2002) (quoting
14 Zafiro v. United States, 506 U.S. 534, 539 (1993)). Another way to state the law was also provided in
15 Rimer: “To require severance, the defendant must demonstrate that a joint trial would manifestly
16 prejudicial. The simultaneous trial of the offenses must render the trial fundamentally unfair, and
17 hence, result in the violation of due process.” See Rimer v. State, 351 P.3d 697, 710-11 (Nev. 2015),
18 citing Honeycutt v. State, 118 Nev. 660 (2002), overruled on other grounds by Carter v. State, 121
19 Nev. 759, 765 (2005).

20 21 **III. ANALYSIS**

22 The case must be severed under Bruton. The State intends to introduce the statements of a non-
23 testifying defendant Steven Turner, the codefendant in this case, against Clemon Hudson by the alias
24 “Mar” that tend to implicate Hudson. Because Hudson will not have the ability to confront and cross-
25 examine Turner, his rights under the Confrontation Clause would be violated by the introduction of
26 these statements. This would render the trial fundamentally unfair and result in a violation of due
27 process. Therefore, the case must be severed.

1 **IV. CONCLUSION**

2 We pray that the defendants in this case be severed into two separate cases.

POINTS AND AUTHORITIES

STATEMENT OF THE CASE:

On September 23, 2015, the State of Nevada (“the State”) filed an Indictment charging Defendant Clemon Hudson (“Defendant”) and his Co-Defendant, Steven Turner, with the following: Count 1 – CONSPIRACY TO COMMIT BURGLARY; Count 2 – ATTEMPTED BURGLARY WHILE IN POSSESSION OF A FIREARM OR DEADLY WEAPON; Count 3 through 4 – ATTEMPT MURDER WITH USE OF A DEADLY WEAPON; Count 5 – BATTERY WITH USE OF A DEADLY WEAPON RESULTING IN SUBSTANTIAL BODILY HARM; Count 6 – DISCHARGING FIREARM AT OR INTO OCCUPIED STRUCTURE, VEHICLE, AIRCRAFT, OR WATERCRAFT.

Trial is currently set to begin on November 13, 2017. Defendant filed the instant Motion to Sever on August 28, 2017. The State’s Opposition follows:

STATEMENT OF FACTS

On September 4, 2015, at approximately 3:45AM, the two co-defendants, armed with multiple firearms, startled the victims awake in their home. The residents of the home, Eric Clarkson and Willoughby Grimaldi, were sleeping when they heard suspicious noises in their backyard. They observed two figures, who were later identified as the two defendants, running across the backyard. The police were notified and dispatched and Officers Robertson and Greco-Smith arrived to investigate. Officer Robertson spotted the co-defendants in the backyard and began to open the back door when Defendant Turner fired three rounds from an AK-47 rifle. One of the rounds hit Officer Robertson in the leg and immediately after, Defendant Hudson fired a round at the officers from his shotgun, hitting the doorway next to them. Officer Greco-Smith returned fire at Defendants Hudson and Turner. Defendant Turner dropped his rifle and fled the scene while Hudson hid in the backyard. A canine police dog from the K9 unit had to physically remove Defendant Hudson from where he was hiding because he would not respond to Officers when ordered to surrender.

///

1 Officer Robertson was extracted from the residence and was transported to UMC
2 Trauma to be treated for his shattered right femur. He was taken into surgery where he required
3 a titanium rod and plates to be inserted into his broken femur.

4 In his interview after the shooting altercation, Defendant Hudson admitted to arming
5 himself with the shotgun and a handgun to steal a pound of marijuana from the residence. He
6 intentionally entered the backyard of the home and admitted to firing the shotgun into the
7 house.

8 **ARGUMENT**

9 Defendant's only claim in the instant Motion is that the co-defendants' cases should be
10 severed because the State intends to use Defendant's Turner's statement to police against
11 Defendant Hudson in violation of the Confrontation Clause. This claim is without merit and
12 should be denied.

13 NRS 173.135 which controls the joinder of two or more defendants in a single action states:

14 Two or more defendants may be charged in the same indictment or
15 information if they are alleged to have participated in the same act or
16 transaction or in the same series of acts or transactions constituting an
17 offense or offenses. Such defendants may be charged in one or more
counts together or separately and all of the defendants need not be
charged in each count.

18 NRS 174.165 provides the guidelines to be followed in the event of a prejudicial joinder:

19 If it appears that a defendant or the State of Nevada is prejudiced by a:
20 1. joinder of offenses or of defendants in an indictment or
21 information, or by such joinder for trial together, the court may order
22 an election or separate trials of counts, grant a severance of defendants
or provide whatever other relief justice requires.
23 In ruling on a motion by a defendant for severance
24 2. the court may order the district attorney to deliver to the court for
inspection in chambers any statements or confessions made by the
defendants which the State intends to introduce in evidence at the trial.

25 The decision to sever defendants is "vested in the sound discretion of the district court
26 and will not be reversed on appeal unless the appellant 'carries the heavy burden' of showing
27 that the trial judge abused his discretion." Chartier v. State, 124 Nev. 760, 764, 191 P.3d 1182,
28

1 1185 (2008) (citing Buff v. State, 114 Nev. 1237, 1245, 970 P.2d 564, 569 (1998)).
2 Throughout the Nevada Supreme Court's decisions regarding severance it is consistently clear
3 that in order to establish that joinder is prejudicial a defendant must demonstrate more than
4 just that "severance made acquittal more likely; misjoinder requires reversal only if it has a
5 substantial and injurious effect on the verdict." Chartier, 124 Nev. at 765, 191 P.3d at 1185;
6 Marshall v. State, 118 Nev. 642, 647, 56 P.3d 376, 379 (2002); Middleton v. State, 114 Nev.
7 1089, 1108, 968 P.2d 296, 309 (1998). The determination of risk associated to a joint trial is
8 to be made by the district court, based upon the individual facts of the case. Chartier, 124 Nev.
9 at 765, 191 P.3d at 1185. While this is true, the Nevada Supreme Court has also stated that
10 severance should only be granted "if there is a serious risk that a joint trial would compromise
11 a specific trial right of one of the defendants, or prevent the jury from making a reliable
12 judgment about guilt or innocence." Id. The Court has acknowledged that such prejudice may
13 occur if the Defendants' defenses are antagonistic, the joinder prejudices a defendant's rights
14 to present evidence or the cumulative effect creates a substantial an injurious effect. Id.

15 The public policy for joint trials is strong, as recognized by the United States Supreme
16 Court in United States v. Brady, 579 F. 2d 1121, 1128, "joint trials of persons charged with
17 committed the same offense expedites the administration of justice, reduces the congestion of
18 trial dockets, conserves judicial time, lessens the burdens upon citizens to sacrifice time and
19 money to serve on juries and avoids the necessity of recalling witnesses who would otherwise
20 be called upon to testify only once." The Nevada Supreme Court has stated, "where persons
21 have been jointly indicted they should be tried jointly, absent compelling reasons to the
22 contrary." Jones v. State, 111 Nev. 848, 853, 899 P.2d 544, 547 (1995). While the decisive
23 factor in any severance analysis is prejudice to the defendant, the court must also consider "the
24 possible prejudice to the State resulting from expensive, duplicative trials." Marshall v. State,
25 118 Nev. 642, 646, 56 P.3d 376, 379 (2002). "Joinder promotes judicial economy and
26 efficiency as well as consistent verdicts and is preferred as long as it does not compromise a
27 defendant's right to a fair trial." Id. A showing that severance might make acquittal more
28

likely is not sufficient, rather a defendant must demonstrate a substantial and injurious effect from the joinder. Id.

I. THE DEFENDANT’S ASSERTION OF A VIOLATION OF THE CONFRONTATION CLAUSE IS UNSUPPORTED

Defendant Hudson claims that severance is required to protect his Confrontation Clause rights. Defendant claims that admitting Defendant Turner’s statements against Hudson is a violation of Hudson’s rights.

The Confrontation Clause in the Sixth Amendment of the United States Constitution guarantees the right of a criminal defendant to be confronted with the witnesses against him. The United States Supreme Court in Bruton v. United States, 391 U.S. 123, 88 S.Ct. 1620 (1968) held that since there is a substantial risk that a jury will use facially incriminating confession of a non-testifying defendant as evidence of the guilt of his co-defendant, the admission of the confession in a joint trial violates the confrontation clause. Id 391 U.S. at 126, 88 S.Ct. at 1622. The threshold question is whether the challenged statement is testimonial; if it is not, the Confrontation Clause “has no application.” Whorton v. Bockting, 549 U.S. 406, 420, 127 S.Ct. 1173, 167 L.Ed.2d 1 (2007). “Because it is premised on the Confrontation Clause, the Bruton rule, like the Confrontation Clause itself, does not apply to nontestimonial statements.” U.S. v. Johnson, 581 F.3d 320, 326 (6th Cir.2009). To determine whether a statement is testimonial, the court looks at the “totality of the circumstances surrounding ... the statement,” and the inquiry focuses on whether an objective witness would “reasonably ... believe that the statement would be available for use at a later trial.” Harkins v. State, 122 Nev. 974, 987, 143 P.3d 706, 714 (2006) (quotations omitted).

Subsequent to the Bruton decision, numerous Circuit Courts of Appeal employed the use of redacting references to the defendant and substituting neutral pronouns. For example, the Ninth Circuit Court of Appeals approved the use of a counterfeiter's confession when redacted to include that he and “some others” robbed a savings and loan association. United

1 States v. Sears, 663 F.2d 896, 902 (9th Cir. 1981), cert. denied, 455 U.S. 1027, 102 S.Ct. 1731
2 (1982). See also United States v. Gonzales, 749 F.2d 1329, 1344 (9th Cir. 1984) (substitution
3 of “the other man” for defendant's name to non-violate Bruton).

4 Other Circuits adopted this same procedure. See, United States v. Weinrich, 586 F.2d
5 481 (5th Cir. 1978) (reference to co-defendant excised and replaced with pronoun “someone”);
6 United States v. Stewart, 579 F.2d 356 (5th Cir. 1978) (admission by non-testifying co-
7 defendant that “him and some of his buddies hit a bank” was proper); United States v.
8 Holleman, 575 F.2d 139 (7th Cir. 1978) (non-testifying co-defendant's redacted statement
9 which made it clear that he was assisted by two others in a robbery was proper where the
10 accomplices were not identified by race, age, size, or any means except sex).

11 Later, the High Court clarified its holding in Bruton in the case of Richardson v. Marsh,
12 481 U.S. 200, 107 S.Ct. 1702 (1987). Initially, the Court explained that Bruton is only
13 implicated when the non-testifying co-defendant's statements “expressly implicate” the
14 defendant or are “powerfully incriminating”. Id 481 U.S. at 28, 107 S.Ct. at 1707.
15 Additionally, the Court observed that: “One might say, of course, that a certain way of
16 assuring compliance would be to try defendants separately whenever an incriminating
17 statement of one of them is sought to be used. That is not as facile or as just a remedy as might
18 seem. Joint trials play a vital role in the criminal justice system, counting for almost one third
19 of federal criminal trials in the past five years “

20 It would impair both the efficiency and the fairness of the criminal justice system to
21 require on all cases of joint crimes where incriminating statements exist, that prosecutors bring
22 separate proceedings, presenting the same evidence again and again, requiring victims and
23 witnesses to repeat the inconvenience (and sometimes trauma) of testifying, and randomly
24 favoring the last - tried defendants who have the advantage of knowing the prosecution's case
25 before hand. Joint trials generally serve the interest of justice by avoiding inconsistent verdicts
26 and enabling more accurate assessment of relative culpability - advantages which sometimes
27 operate to the defendant's benefit. Even apart from these tactical considerations, joint trials
28

1 generally serve the interest of justice by avoiding the scandal and equity of inconsistent
2 verdicts. The other way of assuring compliance with an expansive Bruton rule would be to
3 forego use of co-defendant's confessions. That price also is too high, since confessions are
4 more than merely 'desirable'; they are essential to society's compelling interest in finding,
5 convicting, and punishing those who violate the law. (Citations omitted) Id.

6 Consequently, the High Court in Richardson approved of the procedure redacting co-
7 defendants' confessions by stating that: "We hold that the confrontation clause is not violated
8 by the admission of a non-testifying co-defendant's confession with a proper limiting
9 instruction, when, as here, the confession is redacted to eliminate not only the defendant's
10 name, but any reference to her existence. 481 U.S. at 211, 107 S.Ct. at 1709. The Court also
11 "express[ed] no opinion on the admissibility of a confession in which the defendant's name
12 has been replaced with a symbol or neutral pronoun." Id.

13 Thereafter, the Eleventh Circuit in U.S. v. Vasquez, 874 F.2d 1515, 1518 (11th Cir.
14 1989), cert. denied 493 U.S. 1046, 110 S.Ct 845 (1990), held that a co-defendant's confession
15 that was redacted to eliminate references to the defendant's name and substituted the word
16 "individual" did not violate Bruton. Likewise, the Ninth Circuit held that the redaction of a
17 non-testifying co-defendant's statement and inserting the word "individual's" as a substitution
18 for the co-defendant's names did not violate Bruton. Id.

19 An argument common to confessing co-defendants is that the redacted confessions,
20 once considered along with other evidence, clearly identifies them as the unnamed persons
21 referred to in the confessions. This "contextual inculcation" argument has been rejected, as
22 an unwarranted extension of Bruton v. United States, supra. See, United States v. Holleman,
23 supra (no need to further cripple the use of confessions in joint trials); United States v. Daddy,
24 536 F.2d 675 (6th Cir. 1976) (inference that if one defendant is guilty the co-defendants must
25 also have been, is based not on the redacted confession but on the other independent evidence);
26 United States vs. Trudo, 449 F.2d 649 (2nd Cir.), cert. denied, 405 U.S. 926, 92 S.Ct. 1975
27 (1970) (inference of defendant's guilt arose from source independent of co-defendant's
28

1 redacted statement).

2 United States v. Fullette, 430 F.2d 1055 (2nd Cir. 1970) typifies the attitude towards
3 contextual inculcation. There, two defendants, Biggins and Nelson, were tried jointly for bank
4 robbery. Biggins confessed naming “Oliver”, as his accomplice and giving physical
5 description of “Oliver”. The confession stated that he and “Oliver” were at a certain bar just
6 prior to the robbery. Other evidence in trial established a close resemblance between Nelson
7 and “Oliver” and that Nelson and Biggins were often seen together at the bar named in the
8 confession. The court nevertheless felt there was no violation of Bruton because “In short,
9 Biggins’ statements were not clearly inculpatory because they along did not serve to connect
10 Nelson with the crime Biggins’ statements were not the type of powerfully incriminating
11 statements to which the court had reference in Bruton.” Id. at 1058.

12 As noted in United States v. Trudo, supra: “A reading of similar Bruton cases, [citations
13 omitted] reveals that the confessions, even as redacted, mentions some unidentified
14 accomplice. The confession by its terms would lead to speculation by the jury as to whether
15 or not a co-defendant was the other person. In none of these cases was any violation of Bruton
16 found even though the admission itself indicated the presence of an accomplice.” Id.

17 In Lisle v. State, 113 Nev. 679, 688 P.2d 459, 466 (1997), the court addressed the
18 propriety of the trial court’s denial of the defendant’s motion to sever and conducted the
19 following analysis:

20 On December 29, 1995, Lisle filed a motion to sever his trial from that of Lopez. He
21 based this motion on the statement that Lopez made to Melcher, incriminating Lisle;
22 specifically, Lopez told Melcher that he observed Lisle shoot Justin at the rear of the car. On
23 March 21, 1996, the district court filed its order denying Lisle’s motion. However, the court
24 ordered that when Melcher testified as to Lopez’s statement, the statement must be redacted
25 so as to exclude any reference to Lisle. Accordingly, when Melcher testified, he stated that
26 Lopez observed “the other guy” shoot Justin.

27 ///

1 Lisle cites Bruton v. United States, 391 U.S. 123 (1968), for the proposition that Lisle’s
2 constitutional right to cross-examine the witness was violated when Lopez’s hearsay
3 statements, which inculcate Lisle, were admitted. However, Lisle fails to cite Richardson v
4 March, 481 U.S. 200 (1987). Richardson held that if a statement is not incriminating on its
5 face, but only when linked with other evidence introduced later at trial, then a limiting
6 instruction will cure any prejudice. *Id.* at 211. Therefore, a redacted version of the statement
7 may be admitted. *Id.*

8 The United States Court of Appeals for the Ninth Circuit extended this concept to allow
9 defendant’s name to be replaced by a neutral word, such as “individual.” Therefore, although
10 the statement referred to defendant’s existence, the court allowed it to be admitted as long as
11 his name was not used. United States v. Enrique-Estrada, 999 F.2d 1355, 1359 (9th Cir. 1993).

12 Later, in Ducksworth v. State, 114 Nev. 951, 966 P.2d 165 (1998), the Court explained
13 that a defendant can only establish prejudice, when faced with the co-defendant’s redacted
14 statement, when the evidence of guilt is largely circumstantial.

15 More recently, federal courts have approved the use of redacted statements that are not
16 facially incriminatory even though additional evidence is admitted that “links up” the redacted
17 statements to identify that person. “[T]he government may offer other independent evidence
18 that may lead the jury to conclude that the unnamed ‘individual’ is in fact [the defendant], but
19 that does not render the statement inadmissible; the Supreme Court has explicitly stated that
20 this possibility does not render an otherwise properly redacted statement constitutionally
21 inadmissible.” United States v. Reyes, ___ F.Supp.2d ___, 2005 WL 2124102, pg. 4 (E.D.Va.
22 Aug. 29, 2005).

23 In this case, counsel’s entire argument is based on the assumption that the State will
24 use Defendant Turner’s statement to implicate Defendant Hudson. This is not true at all. If the
25 State uses the statements of Defendant Turner, any reference to Defendant Hudson can be
26 redacted or replaced with a neutral pronoun as approved by case law. As such, there is no basis
27 to sever.

1 **POINTS AND AUTHORITIES**

2 **STATEMENT OF THE CASE**

3 On September 23, 2015, the State of Nevada (“the State”) filed an Indictment charging
4 Defendant Clemon Hudson (“Defendant”) and his Co-Defendant, Steven Turner, with the
5 following: Count 1 – CONSPIRACY TO COMMIT BURGLARY; Count 2 – ATTEMPTED
6 BURGLARY WHILE IN POSSESSION OF A FIREARM OR DEADLY WEAPON; Count
7 3 through 4 – ATTEMPT MURDER WITH USE OF A DEADLY WEAPON; Count 5 –
8 BATTERY WITH USE OF A DEADLY WEAPON RESULTING IN SUBSTANTIAL
9 BODILY HARM; Count 6 – DISCHARGING FIREARM AT OR INTO OCCUPIED
10 STRUCTURE, VEHICLE, AIRCRAFT, OR WATERCRAFT.

11 Trial is currently set to begin on April 16, 2018. Defendant filed the instant Motion on
12 March 29, 2018. The State’s Opposition follows:

13 **ARGUMENT**

14 The State concedes that its obligation to Defendant in this and every other case is to
15 provide discovery pursuant to the provisions of NRS 174.235 *et seq.*, together with any
16 exculpatory material pursuant to Brady v. Maryland, 373 U.S. 83, 83 S.Ct. 1194 (1963) and
17 its progeny.

18 NRS 174.235 states:

- 19 1. Except as otherwise provided in NRS 174.233 to NRS 174.295
20 inclusive, at the request of a defendant, the prosecuting attorney
21 shall permit Defendant to inspect and to copy or photograph any:
22 (a) Written or recorded statements or confessions made by
23 Defendant, or any written or recorded statements made by a
24 witness the prosecuting attorney intends to call during the case in
25 chief of the state, or copies thereof, within the possession, custody
26 or control of the state, the existence of which is known, or by the
27 exercise of due diligence may become known, to the prosecuting
28 attorney;
(b) Results or reports of physical or mental examinations,
scientific tests or scientific experiments made in connection with
the particular case, or copies thereof, within the possession,
custody or control of the state, the existence of which is known, or
by the exercise of due diligence may become known, to the
prosecuting attorney; and
(c) Books, papers, documents, tangible objects, or copies thereof,
which the prosecuting attorney intends to introduce during the

1 case in chief of the state and which are within the possession,
2 custody or control of the state, the existence of which is known, or
3 by the exercise of due diligence may become known, to the
prosecuting attorney.

4 2. Defendant is not entitled, pursuant to the provisions of this
section, to the discovery or inspection of:

5 (a) An internal report, document or memorandum that is prepared
by or on behalf of the prosecuting attorney in connection with the
6 investigation or prosecution of the case.

7 (b) A statement, report, book, paper, document, tangible object or
any other type of item or information that is privileged or protected
8 from disclosure or inspection pursuant to the
constitution or laws of this state or the Constitution of the United
States.

9 3. The provisions of this section are not intended to affect any
obligation placed upon the prosecuting attorney by the
10 constitution of this state or the Constitution of the United States to
disclose exculpatory evidence to Defendant.

11 In the case of Riddle v. State, 96 Nev. 589, 613 P.2d 1031 (Nev. 1980) the Nevada
12 Supreme Court reaffirmed the strictures of the provisions of our discovery statutes by making
13 the following statement:

14 The trial court is vested with the authority to order the discovery
and inspection of materials in the possession of the State. The
15 exercise of the court's discretion however is predicated on a
showing that the evidence sought is material to the presentation of
16 the defense and the existence of the evidence is known or, by the
exercise of due diligence may become known to the District
17 Attorney.

18 Id. at 390.

19 In an attempt to justify his acquisition of the requested items, Defendant relies upon
20 Mazzan v. Warden, 116 Nev. 48, 993 P.2d 25 (2000). At first blush, Mazzan appears to give
21 the defense a blank check for acquiring any and all things that exist. However, a closer reading
22 of this case reveals that it did not remove the other requirements of materiality pursuant to
23 Brady and its progeny:

24 Brady and its progeny require a prosecutor to disclose evidence
favorable to the defense when that evidence is **material** either to
25 guilt or to punishment. See Jimenez v. State, 112 Nev. 610, 618-
19, 918 P.2d 687, 692 (1996).

26 In other words, evidence is material if there is a reasonable
probability that the result would have been different if the
27 evidence had been disclosed. Id.

1 Id. at 66, 36 (emphasis added).

2 In determining its materiality, the undisclosed evidence must be
3 considered collectively, not item by item. Kyles v. Whitley, 514
4 U.S. at 436, 115 S.Ct. 1555. "[T]he character of a piece of
evidence as favorable will often turn on the context of the existing
or potential evidentiary record." Id. at 439, 1555.

5 Id. at 66-67, 36.

6 In sum, there are three components to a Brady violation: the
7 evidence at issue is favorable to the accused; the evidence was
8 withheld by the state, either intentionally or inadvertently; and
prejudice ensued, i.e., the evidence was **material**. Strickler v.
Greene, 527 U.S. 263, 119 S.Ct. 1936, 1948, (1999).

9 Id. at 67, 37 (emphasis added).

10 There will only be a Brady violation if the prosecution fails to provide material
11 evidence. As stated in Mazzan, evidence is material if there is a reasonable probability that the
12 result would have been different if the evidence had been disclosed. A reasonable probability
13 is shown when the nondisclosure undermines confidence in the outcome of the trial.

14 Obviously, Mazzan and the majority of the cases that discuss Brady violations are post-
15 conviction proceedings. However, in those cases, it was required that it be shown that the
16 excluded evidence was material in that it might have changed the outcome of the case.
17 Because Defendant is asking for items which he contends are possibly exculpatory under the
18 blanket of Mazzan and consequently Brady, it is the State's position that Defendant should
19 have to show materiality to obtain them.

20 **The State responds to Defendant's list of requests as follows:**

- 21 1. All disciplinary files of all Las Vegas Metropolitan Police Officers at the scene
22 of the incident which give rise to the allegations: The State's below response
23 applies to all bullet points requested in the instant Motion:

24 As an initial matter, the State conducted our standard Brady search regarding officers
25 who might testify in the instant case. The State received notification from Metro that none of
26 the officers whom the State might call in our case in chief had any disciplinary records. This
27 alone should satisfy the discovery request. However and furthermore, the Nevada Supreme
28

1 Court issued an opinion that requires some showing of materiality on the part of the defense
2 before it could gain access to a personnel file. The file concerned an officer who was murdered
3 and obviously would not be testifying. Sonner v. State, 112 Nev. 1328, 930 P.2d 707 (1996).
4 The defense made no showing that there may have been favorable information in the file.
5 Instead, the defense asserted a general right to search the file. The court rejected this assertion
6 of a right to a generalized, unfocused search, but allowed for the possibility that a file could
7 be accessible under some circumstances. The court reasoned, “[i]f Sonner had presented a
8 foundation for believing that [the victim] had a reputation for being an ‘aggressive’ trooper
9 who, consistent with his reputation, provoked Sonner’s action, this might have been sufficient
10 to warrant discovery of corroborating evidence” in the file. Id. at 1341, 930 P.2d at 716. This
11 reasoning suggests that if that type of evidence had been in the file, the State would be required
12 to produce it.

13 Additionally, the LVMPD has serious concerns regarding the disclosure of material
14 from personnel files. Confidentiality is one of the chief requirements in maintaining the
15 effective ability to investigate complaints against officers. Confidentiality ensures that both
16 police officers and citizens will freely contact the department without fear. As one court has
17 stated:

18
19 It is clear a very real and very important need exists to maintain confidential
20 integrity of the internal investigation in the police division. To do otherwise
21 would seriously inhibit the chief in his control over the members of the
22 division and their wide-ranging duties and responsibilities. This stream of
23 information available to the chief and the persons within and without the
24 division would diminish to a bare trickle if the source or sources of this
25 information were stripped of its confidential character. That such an event
26 would serve to defeat the general public good is supported by a logic almost
27 tautological in its persuasiveness -- for the desirability of an efficient well
28

1 disciplined police force is manifest.

2
3 McMillan v. Ohio Civil Rights Comm'n, 315 N.E.2d 508, 515 (Ohio 1974).

4 Personnel files are confidential. All witnesses, including police officers, are assured
5 that the information provided by them will not be voluntarily disclosed and that all legal means
6 will be employed to protect this confidentiality. Police officers are compelled to cooperate
7 with internal affairs investigations. Failure to cooperate can result in termination. Officers,
8 knowing that their statements were subject to disclosure, would be less likely to completely
9 cooperate. The knowledge that statements compelled from officers could later be disclosed to
10 third parties for other cases would also act as disincentive for the department to fully
11 investigate. As one court noted:

12
13 The members of a police department must be able to rely on their confidential
14 records and notations being preserved for their internal use ... for if it were
15 otherwise, the knowledge that some of the confidential information recorded
16 might later be exposed to outside parties would have a certain and chilling
17 effect upon the internal use of such record-making.

18
19 City of Los Angeles v. Superior Court, 109 Cal. Rptr. 365, 369 (Ct. App. 1973).

1 Based on Nevada law, Defendant in the instant case is required to advance a foundation
2 that the Personnel File of the officer is likely to bear information material to the defense.
3 Defendant's motion is simply an attempt to fish for information. As a result, the instant motion
4 should be denied.

20 COMES NOW, the Defendant, CLEMON HUDSON, by and through his attorney of

22 hereby submits the following Sentencing Memorandum for the Court's consideration.

25 ALEXIS PLUNKETT, ESQ.
26 Nevada Bar No. 11245
27 2657 Windmill Parkway #613

Attorney for Defendant

1 **SENTENCING MEMORANDUM**

2 **I. Introduction.**

3 This matter comes before the Court upon a guilty verdict following jury trial. This office
4 was brought on after the jury verdict and did not represent Mr. Hudson at trial. Mr. Hudson's
5 family has retained an attorney separate from this office to pursue any type of appellate or post-
6 conviction review opportunities.
7

8 **II. We are respectfully requesting that this Court consider the attached exhibits and**
9 **counsel's oral argument at sentencing before making a decision.**

10 This office was brought on for sentencing alone and was considering a continuance to
11 complete a full sentencing memorandum and obtain Mr. Hudson's relevant medical records,
12 which were recently ordered. This Court will not have a criminal calendar as of July 2018, and it
13 is our understanding that a continuance would result in a different judge sentencing Mr. Hudson
14 and his co-defendant, as opposed to this trial Court. Therefore, we have decided to move forward
15 with a shorter sentencing memorandum and are requesting the Court's consideration for our oral
16 argument regarding a possible sentence.
17

18 **i. Complete Lack of Criminal History**

19 As evidenced by the PSI, Clemon Hudson has absolutely no criminal history
20 whatsoever—no felony convictions, no misdemeanor convictions, no prior prison terms, no
21 probation, no parole, and no arrests at all prior to the instant matter. Mr. Hudson is not affiliated
22 with a gang and does not have an illicit drug problem.
23

24 **ii. Family support**

25 Clemon Hudson has an incredible amount of family support, and this is evidenced by the
26 attached support letters and those who plan to be in attendance at sentencing. *See* Exhibit A;
27 support letters. Mr. Hudson was raised in a two-parent home and grew up playing sports and
28 going to church. *See* Exhibit B; church certificate. *See* Exhibit C; photos. Mr. Hudson has a

1 two-year-old daughter who lives locally with her mother.

2 Mr. Hudson was diagnosed with Attention Deficit Hyperactivity Disorder as a child and is
3 not currently seeking treatment, but we believe this issue could have affected Mr. Hudson's
4 thinking and thought process in general. We ordered Mr. Hudson's relevant medical records on
5 an emergency basis but did not receive them prior to the sentencing date.
6

7 **III. Conclusion**

8 We respectfully request that this Court consider Mr. Hudson's extensive family support
9 and complete lack of criminal history in making a sentencing decision. Further, this office
10 represents inmates at parole release hearings and handles ancillary inmate issues and occasional
11 civil rights cases—plain and simple, this is *not* the type of the case where the Board will grant
12 parole (based on the underlying facts alone).
13

14 In our extensive experience, Mr. Hudson could be a model inmate for his entire prison
15 term and his likelihood of being granted parole is *still* incredibly, incredibly small. We ask that
16 this Court consider the back number in deciding a sentence as opposed to the front number,
17 because we genuinely believe that Mr. Hudson is likely to expire whatever sentence imposed. We
18 believe in light of all circumstances, an appropriate sentence in this matter would include thirty
19 (30) years at the back end with Mr. Hudson expected to expire rather than parole. Thank you for
20 your consideration.

Honorable Judge Bailus

C-15-309578-2

Dear Judge Mark Bailus,

First we would like to address the court with a sincere and honest apology on behalf of our son Clemon Hudson.

We want to let everyone know how Godly sorrowful we are especially to Officer Roberts for the injury he encountered.

We would like to give some insight of the type of parents Clemon was raised by. We have been a sounding pillar of the community for over 20 plus years here in our home. I, Karen(mom) have been serving in the ministry for many years as a Sunday School Teacher even before Clemon was born. we taught Clemon values of great morals, respect and kindness toward all people. Clemon (dad) have always been there help guiding him in the right direction, and most of all taught Clemon the importance of working to make a living for himself. We would have never imagine anything of this magnitude to happen to our family of this sort. We truly don't know how he got so far off track from what he was taught, but we do feel that this incident has shaken Clemon to his very core and feel he realized how quick things can happen and spend out of control.

We are grateful to God that Clemon did not shoot anyone, we realized that Clemon made an irresponsible decision being involved in dealing with a gun and going to someone home with it.

It is our pray that Officer Roberts find it in his heart to forgive our son for his careless action.

Your Honor please consider this letter on behalf of our son Clemon Hudson.

Sincerely,

Clemon & Karen Hudson

FROM: (Angela Merritt)

My name is Angela Merritt, and I am a cousin to Clemon Lamar Hudson. I am the daughter of Edward and JoAnn Merritt. I have known Lamar ever since he was born. I have seen how he interacts with family members and at family functions such as church events and family reunions. Clemon Lamar Hudson is an intelligent young man, who has shown the family he can overcome and succeed through many of life's obstacles. He is still a young man full of life, with spontaneity, peace, and love for his family.

I am a teacher in Fort Myers, Florida. I have been teaching for the past 17 years at Dunbar High School as an English Teacher. After teaching for the past 17 years in the educational system and seeing what I see with our youth, I understand the tragedy that occurs to many of our youth today. I know that our children are our future and they need saving. Also, I have never heard of, or witnessed Lamar act out of character or become disrespectful in any capacity.

The information contained in this statement is true and accurate to the best of my knowledge, belief and recollection. I submit this statement of my own free will, and no one has persuaded or coerced me to submit it.

Re: Clemon Hudson
#C-15-309578-2

To: The Honorable Judge Mark Bailus

My name is Tyler Hudson sibling of Clemon Hudson

Clemon and I have been raised by two loving and respectful parents in the same family unit, for whatever length of time that I can recall, we have been brought up in the fear and reverence of the Lord.

our whole family was shocked of the news of my sibling being involved in such seriousness of this kind, he has never been stuck in an unfortunate situation and never been the sort to do anything that would cause our folks any huge dissatisfaction. as Clemon's only youthful sibling, I lived intimately with him growing up and I can state that he has dependably driven an exceptionally positive way of life; showing me all that I know originating from skateboarding to baseball, to driving and notwithstanding helping me with my math homework. he is likewise an exceptionally given sibling who adored his music so much he would have yielded all that he have to me.

Clemon has never been included with ransacking and unquestionably doing as such with weapons, did not have any criminal record. he has clarified to me amid our discussions that what he did was a major objection to where we originate from, he is my big brother, my spine. I counsel with him about things in life generally, he gives advice to me when I really need someone to talk to. Furthermore, now he isn't with me, I miss him in particular!!!

it is my earnest expectation the court takes this letter notwithstanding the present case, despite everything, I trust Clemon Hudson to be a respectable individual and a better person due to being away from his family.

Sincerely,
Tyler Hudson

TO: CLARK COUNTY DISTRICT ATTORNEY, Counsel for Plaintiff:

DATED this 11th day of May, 2016.

By: JESS R. MARCHESE, ESQ.
Nevada Bar No.: 8175

Clemon Hudson is currently incarcerated in the Clark County Detention Center with a total bail of \$500,000. He faces charges(the most serious being attempted murder with use of a deadly weapon) related to a residential burglary gone awry in which shots were fired and a LVMPD Officer was shot by Mr. Hudson's co-defendant. The plan was to enter the home and take marijuana from inside. Both defendants were armed during the attempted break-in. When Metro arrived on the scene, Mr. Hudson's co-defendant fired. Once gunshots were fired Clemon hit the ground, laid in a prone position, and stayed in that position until he was attacked by a K9 on his arm. He voluntarily surrendered and was cooperative with law enforcement.

Mr. Hudson, an almost lifelong resident of Las Vegas, will reside locally at his parent's residence at 5713 Eugene Ave., Las Vegas, Nevada if released. His parents are both upstanding members of the community and will vouch for Clemon's ability to make his court appearances and his overall reliability. The Hudsons will also be present in court should the court wish to make any inquiries of them.

1 Clemon was gainfully employed prior to this offense as a security guard. Obviously given
2 the extended time frame of his incarceration, it is doubtful that he still has his job. However, this fact
3 does show that he was a productive member of society before this incident.

4 Mr. Hudson does not have any prior felony, gross misdemeanor or misdemeanor convictions.
5 charges. He also has never failed to appear at any court appearances. All counsel could find in
6 reference to his criminal history is one prior traffic ticket.
7

8 Based upon the aforementioned facts and circumstances, Mr. Hudson respectfully requests a
9 bail in the amount of \$100,000. Mr. Hudson is also amendable to any other terms and conditions that
10 the court could place on him as well such as intensive supervision or stay away orders.

11 Respectfully submitted, May 11, 2016

CASE NO: C-15-309578-2

DEPT NO: II

STATE'S OPPOSITION TO DEFENDANT'S MOTION FOR BAIL REDUCTION

DATE OF HEARING: 5/17/16
TIME OF HEARING: 9:00 A.M.

COMES NOW, the State of Nevada, by STEVEN B. WOLFSON, District Attorney, through LEAH C. BEVERLY, Deputy District Attorney, and hereby submits the attached Points and Authorities in Opposition to Defendant's Motion for Bail Reduction.

This Opposition is made and based upon all the papers and pleadings on file herein, the attached points and authorities in support hereof, and oral argument at the time of hearing, if deemed necessary by this Honorable Court.

STATEMENT OF FACTS

An Indictment was filed on September 23, 2015 charging Clemon Hudson (hereinafter "Defendant") as follows: Count 1: Conspiracy to Commit Burglary; Count 2: Attempt Burglary While in Possession of Firearm or Deadly Weapon; Count 3-4: Attempt Murder with Use of a Deadly Weapon; Count 5: Battery with Use of a Deadly Weapon Resulting in

1 Substantial Bodily Harm; and Count 6: Discharging Firearm At or Into Occupied Structure,
2 Vehicle, Aircraft or Watercraft. Trial is currently set for December 5, 2016. Defendant filed
3 the instant Motion on May 12, 2016. The State's Opposition follows:
4

5 ARGUMENT

6 NRS 178.498 provides:

7 **NRS 178.498 Amount.** If the defendant is admitted to bail, the bail must be set at an
8 amount which in the judgment of the magistrate will reasonably ensure the appearance of the
9 defendant and the safety of other persons and of the community, having regard to:

- 10 1. The nature and circumstances of the offense charged;
- 11 2. The financial ability of the defendant to give bail;
- 12 3. The character of the defendant; and
- 13 4. The factors listed in NRS 178.4853.

14 NRS 178.4853 provides as follows:

15 **NRS 178.4853 Factors considered before release without bail.** In deciding whether
16 there is good cause to release a person without bail, the court as a minimum shall consider the
17 following factors concerning the person:

- 18 1. The length of his residence in the community;
- 19 2. The status and history of his employment;
- 20 3. His relationship with his spouse and children, parents or other members of
21 his family and with his close friends;
- 22 4. His reputation, character and mental condition;
- 23 5. His prior criminal record, including, without limitation, any record of his
24 appearing or failing to appear after release on bail or without bail;
- 25 6. The identity of responsible members of the community who would vouch
26 for the reliability of the person;
- 27 7. The nature of the offense with which he is charged, the apparent probability
28

1 of conviction and the likely sentence insofar as these factors relate to the
2 risk of his not appearing;

3 8. The nature and seriousness of the danger to the alleged victim, any other
4 person or the community that would be posed by the person's release;

5 9. The likelihood of more criminal activity by him after he is released; and

6 10. Any other factors concerning his ties to the community or bearing on the
7 risk that he may willfully fail to appear.

8 The intent of bail is to ensure both the defendant's appearance at future proceedings
9 and to protect the community by ensuring that the defendant not engage in further criminal
10 activities while released. In the instant case, Defendant was arrested and charged with multiple
11 violent offenses. Defendant is currently set for trial on December 5, 2016.

12 Defendant is seeking a setting of bail at \$100,000 while he awaits trial. As detailed
13 below, the State opposes this Motion based on several of the above factors.

14 **1. Length of Residence In the Community:**

15 While Defendant claims in his instant Motion that Defendant is a lifelong resident of
16 Las Vegas, his connection to the Las Vegas community did not prevent him from committing
17 vicious crimes against the community he claims to be tied to. Furthermore, despite being a
18 longtime resident, Defendant clearly has no respect for the people authorized to protect this
19 community given that he and his co-defendant opened fire on two police officers investigating
20 a home burglary. Any ties Defendant has to this community are not sufficient in considering
21 whether to lower his bail. As such, this factor points against a reduction in bail or Defendant's
22 release.

23 **2. Status and History of Employment:**

24 Defendant claims in the instant Motion that prior to the instant crimes, he was gainfully
25 employed as a security officer. The State is unsure of the accuracy of these statements
26 considering there is no documentation attached to the instant Motion that provides any detail
27 about his work history. Furthermore, the State finds it incredible that a person working as a
28

1 security guard, in a law enforcement capacity, would open fire on two Las Vegas Metropolitan
2 Police Officers. The State finds it also incredible that a person being “productive member of
3 society” and working as a security guard would risk his employment to break into someone’s
4 house to steal marijuana in the middle of the night. Finally, by Defendant’s own admission in
5 his Motion, there is no indication that he would be employed or be able to get a job if released
6 from custody. As such, this factor points against a reduction in bail or Defendant’s release.

7 **3. Relationship with Family:**

8 Defendant also claims in his Motion that should he be released, he would live with his
9 parents who are both upstanding members of the community who will vouch for Defendant’s
10 ability to make his court appearances and his overall reliability. While the State is not saying
11 anything negative about Defendant’s parents, the State is doubtful about anyone’s ability,
12 including Defendant’s own parents, to keep Defendant out of trouble if he were to be released.
13 Defendant’s actions while out of custody were so vicious and so violent that it is obvious that
14 no one has the ability to control him. The State is not confident in his parent’s ability to
15 supervise Defendant because assuming Defendant was living with his parents prior to this
16 incident, living with his parents did not prevent him from committing these crimes.
17 Furthermore, his parents cannot supervise him 24/7 considering Defendant is a grown man
18 and will clearly do what he wants to do. Finally, Defendant has provided no letters of support
19 from anyone in the community willing to vouch for him. His own parents do not even address
20 where his support system was when Defendant choose to walk the streets of this community,
21 with a loaded firearm, break into a home and then shoot at uniformed police officers. The State
22 is not convinced that this supposed family support is sufficient to prevent Defendant from
23 engaging in further criminal behavior.

24 **4. Prior Criminal History:**

25 While the Defendant lacks a criminal history, Defendant is only 20 years old. At such
26 a young age, Defendant is already carrying high powered weapons, breaking into homes and
27
28

1 shooting at police. Given that his first offense is so violent in nature, this gives the State great
2 concern about his willingness to stay trouble free if the bail status is altered in any manner.

3 **5. The identity of responsible members of the community who would**
4 **vouch for the reliability of the person**

5 As noted above, the only people Defendant has identified who would vouch for him
6 and his reliability are his own parents. As the State argued above, this is insufficient to
7 consider a change in his current bail status.

8 **6. Nature of the Offense and Likelihood of Conviction**

9 During the early morning hours of September 4, 2015, victims Eric Clarkson and Willoughby
10 Grimaldi were sleeping in their home located on Oveja Circle. At approximately 3:30 am, the
11 victims heard noises on their back patio. When they looked out their window, they observed
12 two black male adults (later identified as Defendants Hudson and Turner) running across their
13 backyard. The victims immediately called 911 and a few minutes later, officers Robertson and
14 Greco-Smith arrived to investigate. Once officers came into the home, they took up position
15 behind the back doors leading to the back patio of the home. Officer Robertson looked out the
16 back window and observed Hudson and Turner in the backyard. As officer Robertson began
17 to open the back door, Defendant Turner began firing three shots from an AK47 rifle at
18 officers. Officer Robertson was struck in the leg and fell to the ground. Immediately after
19 Turner fired, Defendant Hudson fired one round at officers from a Mossberg 500A 12 gauge
20 pump action shotgun. Officer Greco-Smith returned fire at Hudson and Turner. Turner
21 dropped his weapon and fled from the scene while Hudson fell to the ground and hid in the
22 backyard. Canine officers soon arrived at the residence at the canine dog had to physically
23 remove Hudson from his hiding spot.

24 Hudson was later interviewed by Detectives. Hudson admitted to bringing the shotgun
25 and a handgun to the residence and admitted going into the backyard of the home. Hudson
26 also admitted to firing the shotgun into the house.

1 The facts of this case are extremely violent and extremely concerning to the State. The fact
2 that Defendant has access to handguns and high powered weapons and is clearly willing to use
3 those weapons is concerning. Finally, the likelihood of conviction in this case is very strong
4 which gives Defendant little incentive to return to court and face the charges against him.

5 7. **Risk of Danger to the Community:**

6 As noted above, Defendant is a clear danger to the community which he claims to be a
7 respectable member of. The fact that Defendant brought a loaded weapon to a home in the
8 middle of the night, broke into the backyard of that home, and then opened fire at two
9 investigating, uniformed police officers, demonstrates his danger. This is clearly someone who
10 is a danger to the Las Vegas Community. If Defendant is willing to break into homes and shoot
11 at police solely for the purpose of getting some marijuana, there is no telling what he is capable
12 of doing if released.

13 The State also notes that co-defendant Turner filed a similar OR Motion in November
14 of 2015. The Court denied Defendant Turner's request to modify bail setting. As such, the
15 State would ask that the instant Motion be denied and that current bail setting of \$500,000
16 remain in the case.

17
18 **CONCLUSION**

19 Wherefore, the State respectfully requests that this Court deny Defendant's Motion.

13 **POINTS AND AUTHORITIES**

14 Clemon Hudson is currently incarcerated in the Clark County Detention Center with a total
15 bail of \$500,000. He faces charges related to a residential burglary gone awry in which shots were
16 fired and a LVMPD Officer was shot in the leg by Mr. Hudson's co-defendant. Clemon did have a
17 firearm on his person which was unintentionally fired. Once the first shot was fired he hit the
18 ground, laid in a prone position, and stayed in that position until he was attacked by a K9 on his arm.
19 Although there is an allegation that he ignored officer's commands, Clemon did this due to numerous
20 shots being fired and being scared of a chaotic situation.
21

22 Mr. Hudson, an almost lifelong resident of Las Vegas, will reside locally at his parent's
23 residence at 5713 Eugene Ave., Las Vegas, Nevada if released. His parents are both upstanding
24 members of the community and will vouch for Clemon's ability to make his court appearances and
25 his overall reliability. His parents describe Lamar (Clemon) as someone who struggled with school
26 and listened to the wrong people. However, they fully understand that his alleged involvement was
27 wrong and make no excuses for his behavior. (See Exhibit) The Hudsons will also be present in
28

1 court should the court wish to make any further inquiries with them.

2 Clemon's pastor also vouches for Mr. Hudson's character. He specifically references
3 Clemon's church work feeding the homeless, cleaning the church, and helping with the Children's
4 Ministry. (See Exhibit). His aunt, Juanita Watson, describes Clemon as a "gentle, kind person."
5 (See Exhibit). Edna Samuel, as well as all the character letters attached as exhibits, references
6 Clemon's upbringing and Christian values. Angela Richard (Clemon's aunt) describes him as "never
7 a trouble maker" and that he is "sweet, thoughtful, kind and respectful." Another aunt references
8 Clemon as she has never experienced or heard of him having any major conflicts. Lastly, Dixie Scott
9 calls Mr. Hudson non-violent as well as coming from an excellent and god fearing family.
10

11 Clemon was gainfully employed prior to this offense as a security guard. Obviously given the
12 extended time frame of his incarceration, it is doubtful that he still has his job.
13

14 Mr. Hudson does not have any prior felony, gross misdemeanor or misdemeanor convictions.
15 charges. He also has never failed to appear at any court appearances.

16 Based upon the aforementioned facts and circumstances, Mr. Hudson respectfully requests a
17 bail in the amount of \$100,000.

RE: Clemon Lamar Hudson

Dear Mr. Marchese:

I am writing this letter on behalf of my cousin, Clemon Lamar Hudson. It tears our hearts apart to know that he has run into some trouble with the law. While I do not know the intimate details of this situation, I can assure you that Lamar, as he is affectionately called by his family, may have simply gotten involved with the wrong crowd. This young man grew up in a two-parent Christian home, and has been sheltered, shielded and protected by his loving family members who have surrounded him his entire life. He knows very little about the mean streets, and I cannot emphasize enough that any characterization of a lawless person is not the child we know and love. He is a gentle, kind person and needless to say, our entire family is very surprised and devastated by all this.

As you may know, this is not only Lamar's first conviction, to my knowledge, but it is his first offense. Otherwise, his record is clean and he is doing all that he can to become more self-aware of his actions and reactions, and is very remorseful. With that, I am writing this letter to seriously urge the judge for mercy and leniency in Lamar's case, and I am pleading that in lieu of jail/prison time, the prosecution would allow Lamar to enter any programs available to him in the State of Nevada for first time offenders. He also needs drug intervention, mental counseling, and other family mediation and therapy services. These are the forms of rehabilitation that he so desperately needs, and will likely NOT be provided to him if he is locked away behind bars. What he certainly needs is a second chance.

I hope that you, the prosecutors and the judges will reach deep within while making these decisions about our family member's penalty, and that you will see that whatever it is that he may be guilty of is extremely unusual behavior for my him. I earnestly pray that the court will find him not guilty of the charges that he is facing, but if so that they show compassion and mercy in the spirit of justice, and be lenient, allowing Lamar to move forward with his goals for a bright and promising future. He's very young and this one mistake should not cost him his life. Thank you for your time and consideration. If you have questions please feel free to contact me at 323.397.4025.

Sincerely,

Juanita Watson

To: Whom It May Concern

Clemen L. Hudson came from a good home. His parents are hard working, law abiding, God-fearing, and respectable people. They taught him good morals and sound doctrine.

I have known him and his family for seventeen years. Having done the very best as parents by providing not only an excellent home for him, but teaching him right, to be manorable and respectable to adults as well as authority. He was raised having to attend Sunday school and Church every Sunday. In the past he has always been one to avoid getting into trouble.

I believe that being in a diversion program will help him to get back on track and will truly give him the second chance he needs to be the responsible citizen I know he can be.

To Whom This May Concern,

This letter is a character reference of Clemon Lamar Hudson. Clemon Lamar has been a shy young man. He was always willing to learn and very attentive in attending Believers in Christ Ministries. Lamar has always been positive in working with others, but has a reserve attitude of being often to himself, not normally being with a crowd or group. He mostly stay close to home, strength, always fair, honest, kind appreciation for family and caring for others. He has respect for the authority and reference for faith in God.

I am Pastor Tapplin, whom which has served him and his family while being a part of Believers in Christ Ministries. He has helped feed the Homeless, Cleaned the church and participated in helping with the Children's Ministry. I think his character, respect, attitude and behavior was always good and well to be around. His family has always taught and showed Lamar the best way to handle himself in crisis and difficult situations. I believe he has the right upbringing and manners to make positive decisions. I would rule in favor of Clemon Lamar being a positive child and adult in his community. I believe his fear and respect for authority have a heart as a believer to conduct himself in a community to be positive and honorable. His behavior and judgement receive favorable results in what he say or do.

Sincerely

To The Courts

Your Honor,

We provide this character reference letter on behalf of Clemon "Lamar" Hudson.

We call him Lamar due to his dad and him having the same name. We are aware of the severe charges he are facing and in no way weigh them lightly. We have taught Lamar all that we know about the importance of making wise and careful decision from the beginning of his life.

Lamar are the middle child of our children, he are not a child who seek after trouble or even be involved in any. Lamar went all the way through school finishing the 12th grade but struggle with passing the proficiency exams not allowing him to get his diploma, after not getting his diploma and seeing his other two brothers finish high school with a diploma, it appear that Lamar feel as if he wasn't capable of completing tasks. We as parents wanting to see our child be successful in life we motivated him to continue his education, so he enrolled in Adult Ed. As he continue in school it just seem as if he got lost in the shuffle of schooling, so he pursued to become a security guard, after getting his guard card he applied for a job and got it, that is when we saw a glimmer of hope and excitement. for him know that he will be able to accomplish something in life on his own. We saw a sparkle of hope and determination in him.

Lamar are not a hardcore criminal or even a problem child, we feel Lamar got caught up listening to the wrong person being deceived to do something wrong under false pretense. We as parents understand Lamar should have not been there under no circumstances and definitely in no way trying to make any excuses for his involvement.

As a nurturing mother and concern father of our child we dearly love and care about we ask you, Your Honor for a second chance on behalf of Clemon Lamar Hudson to get it right and become the productive citizen of this society that we know he is capable of becoming.

Sincerely,

Mr. & Mrs. Hudson

A handwritten signature in black ink, appearing to read "Clemon & Karen Hudson". The signature is written in a cursive, flowing style.

TO WHOM THIS MAY CONCERN:

I am Clemon Lamar Hudson Aunt. I reside in Houston Texas. I am a teacher in the Houston Independent School District. I am the proud mother of two sons and a wonderful husband of 32 years. They have served in the United States Army. My youngest son is still serving and the other is serving as a productive citizen. Lamar's father is my youngest brother. He and his wife are God-fearing and pillars of their community. They have raised their sons to with good morals and values. I have raised sons and understand the plight of a young black male. I understand that it takes two strong parents to raise a child.

Lamar is a sweet, thoughtful, kind and a most respectful young man. I have visited his home several times and found him to be polite and very hospitable. He goes out of his way to please others.

Lamar has been raised in the fear and admonition of the Lord. He has been taught to fear and reverence God. Therefore showing his neighbors respect and care is intrinsic. His life skills taught by his parents were to prepare him to make right decisions, taking a stand for what is right and making good choices in difficult situations. He is never a trouble maker or would lead anyone in wrong doing. He has great leadership qualities. He is such a great team player and works well with others. As a result of these life skills; he is able to make astute observations that would complete a plan of success for his life.

I am not sure what happened in his situation. It seemed so out of character for Lamar. I know that Lamar is a young man who has dreams that inspires him to do greater things in life. He has his life before him and no doubt would like to fulfill his dreams in the future. I know Lamar has thought about his actions long and hard. Being in the wrong place, at the wrong time is unfortunate, but he does not have a criminal mind. We all make mistakes and need a second chance. He is pretty hard on himself when he falls into a situation that has an undesirable end.

I am asking for the courts to give him another chance to get his life together. He has a bright future. He deserves mercy and a second chance at getting it right. I have never known him to be a rude or disrespectful child....never!

Pleading for mercy on behalf of the Hudson Family.

Sincerely,

Angela Richard

Judge Scotti
Justice Court
Las Vegas, NV

Your Honour,

My name is Dixie Scott, great aunt to Lamar Hudson. I submit this character reference letter in full knowledge of my nephew, Lamar Hudson. I have known him since birth. Thanks to his dad, he has exemplified good work ethics, working alongside with his dad learning the trade of carpentry as well as, working to provide his own needs. He has never previously been involved with criminal acts and certainly does not have any criminal record. However, he has made clear to his family during their conversations that such behavior on his part is not an excuse for his poor judgement.

Our entire family was taken aback at the news of my nephew having being arrested for "Attempted Murder." He has never done anything to cause his family significant disgrace and/or disappointment. His upbringings have been exemplary surrounded with loving parents, christian family background, loving siblings, grandparents, aunts, and cousins; even as a young man with mature responses to challenging situations. one thing I can guarantee is that he is not a violent person. Therefore, I find this accusation hard to believe.

Our entire family loves Lamar and will continue to support him and wish him the best outcome for this case.
Sincere Regards,

Dixie Scott

To: Honorable Judge

My name is (JoAnn Hudson-Merritt). I am only one of many aunts of Clemon Lamar Hudson, and I currently reside in Detroit, MI. I have been married to my husband Edward Merritt for 42 years. I retired from Gale Research Co., where I worked as an "Associate Editor", for over 15 years. My husband worked for Ford Motor Co. as an "Product Problem Analyzer", and retired in 2007.

We have known Clemon Lamar Hudson since his birth. Although, we may live in a different state, we have not experienced directly or even heard of any major conflicts related to Lamar from his parents. Therefore, it gives us confidence that we can provide the following character statement.

Our family consisting of ten sisters, and four brothers which gives Lamar a pretty good foundation of support, and a very close and tight net relationship with all of our family members. We know that our children are our future and they need saving; I also know that I have never heard or seen Lamar act out of character or become disrespectful in any capacity toward friends, family, his parent, or any authority figures.

I know that Lamar has struggled to finish High School, and he was enrolled in courses to complete his GED, before this unfortunate incident occurred.

The information contained in this statement is true and accurate to the best of my knowledge, belief and recollection. We submit this statement of my own free will, and no one has persuaded or coerced me to submit.

Officer Robertson was extracted from the residence and was transported to UMC Trauma to be treated for his shattered right femur. He was taken into surgery where he required a titanium rod and plates to be inserted into his broken femur.

In his interview after the shooting altercation, Defendant Hudson admitted to arming himself with the shotgun and a handgun to steal a pound of marijuana from the residence. He intentionally entered the backyard of the home and admitted to firing the shotgun into the house.

ARGUMENT

NRS 178.498 provides:

NRS 178.498 Amount. If the defendant is admitted to bail, the bail must be set at an amount which in the judgement of the magistrate will reasonably ensure the appearance of the defendant and the safety of other persons and of the community, having regard to:

1. The nature and circumstances of the offense charged;
2. The financial ability of the defendant to give bail;
3. The character of the defendant; and
4. The factors listed in NRS 178.4853.

Here, the nature and circumstances of the offense are morally depraved. Defendant knowingly and willingly entered the premises of the home, armed with a shotgun and handgun to intentionally steal a large amount of marijuana. When confronted by police officers, the defendant fired one round at them, just missing them. While the financial ability of a defendant to give bail is a factor, the most important issues to consider are the appearance of the defendant in court and the safety of other persons of the community. Defendant claims he was a security guard prior to this altercation. A security guard who is willing to shoot a deadly weapon at a police officer for the sake of stealing marijuana has no respect or concern for the safety of the people or of the community. The defendant's character in this case will do him no favors.

///

1 NRS 178.4853 provides:

2
3 **NRS 178.4853 Factors considered before release without bail.** In deciding
4 whether there is good cause to release a person without bail, the court as a
5 minimum shall consider the following factors concerning the person:

- 6 1. The length of his residence in the community;
- 7 2. The status and history of his employment;
- 8 3. His relationship with his spouse and children, parents or other members
9 of his family and with his close friends;
- 10 4. His reputation, character and mental condition;
- 11 5. His prior criminal record, including, without limitation, any record of
12 his appearing or failing to appear after release on bail or without bail;
- 13 6. The identity of responsible members of the community who would
14 vouch for the reliability of the person;
- 15 7. The nature of the offense with which he is charged, the apparent
16 probability of conviction and the likely sentence insofar as these factors
17 relate to the risk of his not appearing;
- 18 8. The nature and seriousness of the danger to the alleged victim, any other
19 person or the community that would be posed by the person's release;
- 20 9. The likelihood of more criminal activity by him after he is released; and
- 21 10. Any other factors concerning his ties to the community or bearing on
22 the risk that he may willfully fail to appear.

23 The purpose of bail is to secure the defendant's appearance at future proceedings as
24 well as to protect the community by ensuring that the defendant not engage in further criminal
25 activities while released. In this case, the defendant was arrested and charged with multiple
26 violent offenses.

27 Bail was set at \$500,000 and the defendant is seeking a reduction of bail at \$100,000.
28 As detailed below, the State opposes this Motion based on several of the above factors.

29 **The Identity of Responsible Members of the Community Who Would Vouch for**
30 **the Reliability of the Person:**

31 In regards to the letters of character from family members, Defendant has received the
32 support of several of his extended family in addition to that of his parents. They all reflect
33 similar notions: Defendant is a "gentle, kind person"; Defendant is not a "hardcore criminal",
34 Defendant is a "sweet, thoughtful, kind and a most respectful young man", and Defendant is
35 "not a violent person."

36 ///

1 However, the State finds it astonishing that a “gentle, kind person” who is not a
2 “hardcore criminal” would arm himself with multiple guns to break into a house to steal a
3 large amount of marijuana. The State also finds astonishing that a “sweet, thoughtful, kind and
4 a most respectful young man” who is “not a violent person” would fire a shotgun at a police
5 officer who is in the line of duty.

6 A letter from a community pastor claims that Defendant has participated in community
7 service such as feeding the homeless or cleaning the church. The State finds it questionable
8 that someone who supposedly had such devotion to the community could turn around and
9 terrorize members of that same adored community.

10 Another letter claims that Defendant had been “respectful to adults as well as
11 authority”. Defendant is said to “always been one to avoid getting into trouble.” For someone
12 who allegedly tended to avoid trouble, Defendant had chosen as his first offense: a very violent
13 crime against a respected community figure of authority.

14 **Risk of Danger to the Community:**

15 As noted above, Defendant is a clear danger to the community which he claims to be a
16 respectable member of. The fact that Defendant brought a loaded weapon to a home in the
17 middle of the night, broke into the backyard of that home, and then opened fire at two
18 investigating, uniformed police officers, demonstrates his maliciousness. This is clearly
19 someone who is a danger to the Las Vegas Community. If Defendant is willing to break into
20 homes and shoot at police solely for the purpose of stealing some marijuana, there is no telling
21 what he is capable of doing if released. Any bail reduction would put the community at risk
22 of being victimized again by Defendant.

23 **Relationship with Family:**

24 Defendant also claims in his Motion that should he be released, he would reside with
25 his parents who are both upstanding members of the community who will vouch for
26 Defendant’s ability to make his court appearances and his overall reliability. The State is not
27 confident in his parents’ ability to supervise Defendant. Defendant’s actions were so vicious
28 and so violent that it is obvious that no one has the ability to control him. Assuming Defendant

1 was living with his parents prior to the incident, this fact did not prevent him from committing
2 these crimes. No one can be held accountable for his actions except for the defendant himself.

3 Aside from the defendant's parents who live in Las Vegas, there are no other relatives
4 who reside nearby who can vouch for Defendant's ability to make court appearances. While
5 letters of character have been addressed in support of Defendant, any extended family who
6 can claim authority live out of state, as distant as Detroit, Michigan. The State is not convinced
7 that this supposed family support is sufficient to prevent Defendant from engaging in further
8 criminal behavior.

9 **Length of Residence in the Community:**

10 Defendant claims that he is a lifelong resident of Las Vegas whose parents also reside
11 in the Las Vegas community. However, this connection to the community did not stop him
12 from committing these violent crimes against the very people who are recognized to protect
13 the community. Clearly, he has no respect for the Las Vegas community nor for the police
14 officers who are authorized to protect it. Any ties the defendant has to this community are not
15 sufficient in considering whether to lower his bail. As such, this factor points against a
16 reduction in bail or release from custody.

17 **Status and History of Employment:**

18 Defendant claims in the instant Motion that prior to the instant crimes, he was gainfully
19 employed as a security guard. The state finds it incredible that a person previously working as
20 a security guard would openly fire at two Las Vegas Metropolitan Police Officers.
21 Furthermore, it is also incredible that a security guard would risk his employment to break into
22 someone's house to steal marijuana in the middle of the night. Finally, by the defendant's own
23 admission in his Motion, there is no indication that he would be employed or be able to get a
24 job if released from custody.

25 **Prior Criminal History:**

26 While Defendant lacks a criminal history, he is only twenty years old. At such a young
27 age, Defendant is already carrying high powered weapons, breaking into homes and
28 committing crimes as egregious as shooting at police officers. Given that his first offense is so

1 violent in nature, this gives the State great concern about his willingness to stay out of trouble
2 if the bail settlement is altered in any manner.

3 **Nature of the Offense and Likelihood of Conviction**

4 The facts and circumstances of this case are extremely violent and concerning to the
5 State. The fact that the Defendant has access to handguns and high powered weapons and is
6 clearly willing to use those weapons is alarming. Finally, the likelihood of conviction in this
7 case is very strong which gives Defendant little incentive to return to court and face the charges
8 against him.

9 **CONCLUSION**

10 The State also notes that Co-Defendant Turner filed a similar Own Recognizance
11 Motion in November of 2015. The Court denied Co-Defendant Turner's request to modify bail
12 setting despite his lack of criminal history. As such, the State respectfully requests that the
13 instant Motion for Bail Reduction for Defendant Hudson also be denied and that the current
14 bail setting of \$500,000 remain in the case.

1 inquiries with them. The defense has also previously filed letters of support for Clemon and has
2 supplemented the record with 3 additional letters of support attached hereto.

3 In addition, the court must also consider Clemon's financial status pursuant to NRS
4 178.498(2). He was no real assets and is obviously not working due to his incarceration. As a result,
5 the \$100,000 bail that is being asked for is more than reasonable figure for Mr. Hudson's bail.
6

7 Since being arrested on this case, Clemon has been in a 23 hour a day lockdown. Given the
8 fact that Clemon has no criminal history, no gang involvement, is not a behavior concern, counsel
9 would submit that a reasonable conclusion can be drawn that Mr. Hudson's custody status is in direct
10 relation to the status of who the alleged victim is in the case.

11 Clemon was gainfully employed prior to this offense as a security guard. In fact, he has
12 always maintained employment since he was of working age.
13

14 Mr. Hudson does not have any prior felony, gross misdemeanor or misdemeanor convictions.
15 charges. He also has never failed to appear at any court appearances.

16 Based upon the aforementioned facts and circumstances, Mr. Hudson respectfully requests a
17 bail in the amount of \$100,000 with house arrest.

RE: Clemon Lamar Hudson

Dear Mr. Marchese:

I too am writing a letter on behalf of my cousin, Clemon Lamar Hudson. As stated by other members of our family, it simply tears our hearts apart to know that he has run into this trouble. Lamar, as he is affectionately called by his family, may have simply gotten involved with the wrong crowd. This young man grew up in a two-parent Christian home, and has been sheltered, shielded and protected by his loving family members who have surrounded him his entire life. He knows very little about the mean streets, and I cannot emphasize enough that any characterization of a lawless person is not the child we know and love. He is a gentle, kind person and needless to say, our entire family is very surprised and devastated by all this.

As you may know, this is not only Lamar's first conviction, to our knowledge, but it is his very first offense. Otherwise, his record is clean and he is doing all that he can to become more self-aware of his actions and reactions, and is very regretful. With that, I am writing this letter to seriously urge the judge for mercy in this case, and I am pleading that in lieu of prison time, the prosecution would allow Lamar to enter any programs available to him for first time offenders. He also needs drug intervention, mental counseling, and other family mediation and therapy services. But, what he really needs is a second chance!

We all hope that you, the prosecutors and the judges will be merciful making decisions about our Lamar's penalty, and that you will see that whatever it is that he may be guilty of is unusual and totally out of his character. We pray that the court will find him not guilty. If not, we pray that they show compassion and mercy in the spirit of justice, and be lenient in sentencing, if any, and allow this young man to move forward with his goals for a bright and promising future.

If you have any questions, please feel free to reach out to me at (213) 309-7064.

Sincerely,

Sondra Wyrick

Dear you're Honor,

I am writing this letter as an aunt that is greatly concerned about her nephew. Clemon Lamar Hudson Jr, is the son of my sister Karen Hudson. My sister Karen has been an upstanding, God fearing citizen all of her life and have tried her best alone with her husband Clemon Hudson to instill these great values and respect for authority in their children. Clemon as we the family mostly refer to him as Lamar, have always been a kind, loving and respectable kid, so you can imagine how shocked, devastated, saddened, and utterly destroyed we were as a family to learn that he had gotten caught up in something so terrible. Prior to this incident; Lamar had never been in any trouble with the law. Sure, he's been tested with temptation before, but has never fallen victim to anything so serious. Lamar has always been taught to respect the police, and to comply when he has an encounter with the law, as we want him to live and not die. This has all been like a nightmare for us, that we can't wake up from. Every family has its problems, but us as a family, we have always loved and supported one another, Encouraged right behavior for authority and law. We as a family care about our children and our communities; which includes our law enforcement. We understand the necessity and the seriousness of law and order. Our nation is a nation of laws that governs us and make us this great nation, therefore; you're honor, I beseech you to please have leniency with Clemon Lamar Hudson Jr. Please bear in mind that he has a family that loves, needs and believes in him. We are a family of faith, hoping and praying for our cousin, nephew, brother, son, Clemon Lamar Hudson Jr. as you respectfully make your decision.

Gratefully and sincerely submitted,

Evelyn Williams, aunt of Lamar.

RE: Clemon Lamar Hudson

Dear Mr. Marchese:

I have joined my family members in writing letters of recommendation in the case of my cousin Clemon Lamar Hudson. You must know that this is the first time we have ever heard of this young man getting into any kind of trouble. He's been a great kid his whole life and apparently has been around the wrong crowd of people.

I am hoping and praying that he finds mercy in the eyes of the court and a second chance. He is a young man with his entire future before him. This snare should not have to cost him his entire life. Whatever counseling, drug, and mental services that are available to him, I would hope that they are offered in lieu of jail.

It is our sincere prayer that the fact that he was raised in Christian home with two loving hard-working parents. This is out of his character to be involved in any criminal activity. Please consider this letter a vouch for Lamar in that he will likely never find himself in this position again.

Sincerely,

Birtha Williams

1 **POINTS AND AUTHORITIES**

2
3 **STATEMENT OF THE CASE**

4 On September 23, 2015, the State of Nevada ("the State") filed an Indictment charging
5 Defendant Clemon Hudson ("Defendant") and his Co-Defendant, Steven Turner, with the
6 following: Count 1 – CONSPIRACY TO COMMIT BURGLARY; Count 2 – ATTEMPTED
7 BURGLARY WHILE IN POSSESSION OF A FIREARM OR DEADLY WEAPON; Count
8 3 through 4 – ATTEMPT MURDER WITH USE OF A DEADLY WEAPON; Count 5 –
9 BATTERY WITH USE OF A DEADLY WEAPON RESULTING IN SUBSTANTIAL
10 BODILY HARM; Count 6 – DISCHARGING FIREARM AT OR INTO OCCUPIED
11 STRUCTURE, VEHICLE, AIRCRAFT, OR WATERCRAFT.

12 Trial is currently set to begin on July 10, 2017. On May 12, 2016, Defendant filed an
13 initial Motion for Bail Reduction. In response, the State filed an opposition on May 16, 2016.
14 A modified Motion was then filed by Defendant on May 31, 2016. The Court granted
15 Defendant's Motion in part and reduced bail for \$500,000 to \$200,000 over the State's strong
16 objection. The instant Motion for Bail Reduction was filed on January 3, 2017. The State's
17 Opposition follows:

18
19 **STATEMENT OF THE FACTS**

20 On September 4, 2015; at approximately 3:45AM, the two co-defendants, armed with
21 multiple firearms, startled the victims awake in their home. The residents of the home, Eric
22 Clarkson and Willoughby Grimaldi, were sleeping when they heard suspicious noises in their
23 backyard. They observed two figures, who were later identified as the two defendants, running
24 across the backyard. The police were notified and dispatched and Officers Robertson and
25 Greco-Smith arrived to investigate. Officer Robertson spotted the co-defendants in the
26 backyard and began to open the back door when Defendant Turner fired three rounds from an
27 AK-47 rifle. One of the rounds hit Officer Robertson in the leg and immediately after,
28 Defendant Hudson fired a round at the officers from his shotgun, hitting the doorway next to

1 them. Officer Greco-Smith returned fire at Defendants Hudson and Turner. Defendant Turner
2 dropped his rifle and fled the scene while Hudson hid in the backyard. A canine police dog
3 from the K9 unit had to physically remove Defendant Hudson from where he was hiding
4 because he would not respond to Officers when ordered to surrender.

5 Officer Robertson was extracted from the residence and was transported to UMC
6 Trauma to be treated for his shattered right femur. He was taken into surgery where he required
7 a titanium rod and plates to be inserted into his broken femur.

8 In his interview after the shooting altercation, Defendant Hudson admitted to arming
9 himself with the shotgun and a handgun to steal a pound of marijuana from the residence. He
10 intentionally entered the backyard of the home and admitted to firing the shotgun into the
11 house.

12 ARGUMENT

13 In the instant Motion, Defendant merely reiterates the same arguments that he made
14 in his previous two Motions for bail reduction. Defendant essentially claims that because he
15 has a lack of criminal history and a supportive family, his bail should be reduced further. The
16 Court already considered these exact same arguments in May of 2016. After considering
17 Defendant's arguments, the Court reduced Defendant's bail from \$500,000 to \$200,000 over
18 the State's strong objection. Since that time, absolutely nothing has changed that would
19 warrant reducing Defendant's bail even further. As such, the State reiterates the same
20 arguments made in previous oppositions.

21 NRS 178.498 provides:

22 **NRS 178.498 Amount.** If the defendant is admitted to bail, the bail must be set
23 at an amount which in the judgement of the magistrate will reasonably ensure
24 the appearance of the defendant and the safety of other persons and of the
community, having regard to:

- 25 1. The nature and circumstances of the offense charged;
- 26 2. The financial ability of the defendant to give bail;
- 27 3. The character of the defendant; and
- 28 4. The factors listed in NRS 178.4853.

///

1 Here, the nature and circumstances of the offense are morally depraved. Defendant
2 knowingly and willingly entered the premises of the home, armed with a shotgun and handgun
3 to intentionally steal a large amount of marijuana. When confronted by police officers, the
4 defendant fired one round at them, just missing them. While the financial ability of a defendant
5 to give bail is a factor, the most important issues to consider are the appearance of the
6 defendant in court and the safety of other persons of the community. Defendant claims he was
7 a security guard prior to this altercation. A security guard who is willing to shoot a deadly
8 weapon at a police officer for the sake of stealing marijuana has no respect or concern for the
9 safety of the people or of the community. The defendant's character in this case will do him
10 no favors.

11
12 NRS 178.4853 provides:

13
14 **NRS 178.4853 Factors considered before release without bail.** In deciding
15 whether there is good cause to release a person without bail, the court as a
16 minimum shall consider the following factors concerning the person:

- 17 1. The length of his residence in the community;
- 18 2. The status and history of his employment;
- 19 3. His relationship with his spouse and children, parents or other members
20 of his family and with his close friends;
- 21 4. His reputation, character and mental condition;
- 22 5. His prior criminal record, including, without limitation, any record of
23 his appearing or failing to appear after release on bail or without bail;
- 24 6. The identity of responsible members of the community who would
25 vouch for the reliability of the person;
- 26 7. The nature of the offense with which he is charged, the apparent
27 probability of conviction and the likely sentence insofar as these factors
28 relate to the risk of his not appearing;
8. The nature and seriousness of the danger to the alleged victim, any other
person or the community that would be posed by the person's release;
9. The likelihood of more criminal activity by him after he is released; and
10. Any other factors concerning his ties to the community or bearing on
the risk that he may willfully fail to appear.

26 The purpose of bail is to secure the defendant's appearance at future proceedings as
27 well as to protect the community by ensuring that the defendant not engage in further

28 ///

1 criminal activities while released. In this case, the defendant was arrested and charged with
2 multiple violent offenses.

3 Bail is currently set at \$200,000 and the defendant is seeking a reduction of bail to
4 \$100,000. As detailed below, the State opposes this Motion based on several of the above
5 factors.

6 **The Identity of Responsible Members of the Community Who Would Vouch for**
7 **the Reliability of the Person:**

8 In regards to the letters of character from family members, Defendant has received the
9 support of several of his extended family in addition to that of his parents. They all reflect
10 similar notions: Defendant is a "gentle, kind person"; Defendant is not a "hardcore criminal",
11 Defendant is a "sweet, thoughtful, kind and a most respectful young man", and Defendant is
12 "not a violent person."

13 However, the State finds it astonishing that a "gentle, kind person" who is not a
14 "hardcore criminal" would arm himself with multiple guns to break into a house to steal a
15 large amount of marijuana. The State also finds astonishing that a "sweet, thoughtful, kind and
16 a most respectful young man" who is "not a violent person" would fire a shotgun at a police
17 officer who is in the line of duty.

18 **Risk of Danger to the Community:**

19 As noted above, Defendant is a clear danger to the community which he claims to be a
20 respectable member of. The fact that Defendant brought a loaded weapon to a home in the
21 middle of the night, broke into the backyard of that home, and then opened fire at two
22 investigating, uniformed police officers, demonstrates his maliciousness. This is clearly
23 someone who is a danger to the Las Vegas Community. If Defendant is willing to break into
24 homes and shoot at police solely for the purpose of stealing some marijuana, there is no telling
25 what he is capable of doing if released. Any further bail reduction would put the community
26 at risk of being victimized again by Defendant.

27 ///

28 ///

1 **Relationship with Family:**

2 Defendant also claims in his Motion that should he be released, he would reside with
3 his parents who are both upstanding members of the community who will vouch for
4 Defendant's ability to make his court appearances and his overall reliability. The State is not
5 confident in his parents' ability to supervise Defendant. Defendant's actions were so vicious
6 and so violent that it is obvious that no one has the ability to control him. Assuming Defendant
7 was living with his parents prior to the incident, this fact did not prevent him from committing
8 these crimes. No one can be held accountable for his actions except for the defendant himself.

9 Aside from the defendant's parents who live in Las Vegas, there are no other relatives
10 who reside nearby who can vouch for Defendant's ability to make court appearances. While
11 letters of character have been addressed in support of Defendant, any extended family who
12 can claim authority live out of state, as distant as Detroit, Michigan. The State is not convinced
13 that this supposed family support is sufficient to prevent Defendant from engaging in further
14 criminal behavior.

15 **Length of Residence in the Community:**

16 Defendant claims that he is a lifelong resident of Las Vegas whose parents also reside
17 in the Las Vegas community. However, this connection to the community did not stop him
18 from committing these violent crimes against the very people who are recognized to protect
19 the community. Clearly, he has no respect for the Las Vegas community nor for the police
20 officers who are authorized to protect it. Any ties the defendant has to this community are not
21 sufficient in considering whether to lower his bail. As such, this factor points against a
22 reduction in bail or release from custody.

23 **Status and History of Employment:**

24 Defendant claims in the instant Motion that prior to the instant crimes, he was gainfully
25 employed as a security guard. The state finds it incredible that a person previously working as
26 a security guard would openly fire at two Las Vegas Metropolitan Police Officers.
27 Furthermore, it is also incredible that a security guard would risk his employment to break into
28 someone's house to steal marijuana in the middle of the night. Finally, by the defendant's own
