POINTS AND AUTHORITIES

I.

STATEMENT OF FACTS

A. Procedural History of the Cases

On December 5, 2018, the Department of Taxation issued sixty-one (61) recreational marijuana retail store conditional licenses, including 10 licenses for Unincorporated Clark County, Nevada; 10 licenses for Las Vegas, Nevada; 6 licenses for Henderson, Nevada; 5 licenses for North Las Vegas, Nevada; 6 licenses for Reno, Nevada; 1 license for Sparks, Nevada; and 1 license for Nye County, Nevada, to the successful applicants. Clear River was granted three (3) of these conditional licenses (City of Henderson, City of Las Vegas, and Clark County). There were 17 successful applicants (those awarded one or more licenses) and over a hundred unsuccessful applicants (those who failed to receive any conditional licenses).

Thereafter, several unsuccessful applicants filed individual cases naming the State of Nevada, Department of Taxation and, in some instances, naming successful applicants that were awarded licenses. In those lawsuits, the Plaintiffs alleged facts and asserted causes of action

based upon PJR or NRS 233B.130, amongst other claims. The claims based upon PJR, as will be argued below, are not viable as pled and pursuant to the deadlines imposed by NRS 233B.130.

As a point of procedural history, the instant case is not consolidated per the order of this Court. *See* Exhibit "1", Order attached.[1] The facts as to the dates of the filings of each lawsuit and the current procedural status of those lawsuits as being coordinated by this Court are not disputed for purposes of this Motion for Summary Judgment.

B. Undisputed Facts of the Cases Coordinated Here.

There are eight (8) lawsuits that are coordinated pursuant to this Court's order. Those cases, their captions and the date they were each filed or amended are stated as follows:

> **Rule 2.50. Consolidated and coordinated cases.**
> (a) Consolidated cases.

LEGAL ARGUMENT

A. Standard of Review

Summary judgment is appropriate only when the pleading, depositions, answers to interrogatories, admissions, and affidavits, if any, that are properly before the court demonstrate that no genuine issue of material fact exists, and the moving party is entitled to judgment as a matter of law. NRCP 56. Evidence presented in support of a motion for summary judgment must be construed in the light most favorable to the nonmoving party, and facts demonstrating the existence of a genuine issue will preclude an unfavorable summary judgment. *Sustainable Growth Initiative Committee v. Jumpers. LLC*, 22 Nev. 53,

BLACK & LOBELLO

Las Vegas, Nevada 89135
(702) 869-8801 FAX: (702) 869-2669

61, 128 P.3d 452, 458 (2006). A factual dispute is genuine when the evidence is such that a rational jury could return a verdict in the nonmoving party's favor. Id. In *Wood v. Safeway, Inc.*, 121 Nev. 724, 732, 121 P.3d 1026, 1031, 1032 (2005), the Nevada Supreme Court held "A factual dispute is genuine when the evidence is such that a rational trier of fact could return a verdict for the nonmoving party." *See also*, *Posadas v. City of Reno*, 109 Nev. 448, 851 P.2d 438 (1993).

When ruling on a summary judgment motion, "[a]ll of the nonmovant's statements must be accepted as true, and a district court may not pass on the credibility of affidavits." *Jones v. First Mortgage Company of Nevada*, 112 Nev. 531, 534, 915 P.2d 883, 885 (1996). *See also, Harrington v. Syufy Enterprises*, 113 Nev. 246, 248, 931 P.2d 1378, 1379-80 (1997). "A court should exercise great care in granting summary judgment; a litigant has a right to trial where there is the slightest doubt as to the facts." *Nehls v. Leonard*, 97 Nev. 325, 328, 630 P.2d 258, 260 (1981), *Stone v. Mission Bay Mtg. Co.*, 99 Nev. 802, 672 P.2d 629 (1983); *Shepard v. Harrison*, 100 Nev. 178, 180, 678 P.2d 670, 672 (1984); *Pacific Pools Constr. Co. v. McClain's* Concrete, Inc., 101 Nev. 557, 559, 706 P.2d 849, 851 (1985).

Evidence introduced in support of or in opposition to a motion for summary judgment must be admissible evidence; although the party opposing a motion for summary judgment is entitled to all favorable inferences from the pleadings and documentary evidence, the opposing party is not entitled to build a case on the gossamer threads of whimsy, speculation, and conjecture. *Wood v. Safeway, Inc.*, 121 Nev. 724, 732, 121 P.3d 1026, 1031, 1032 (2005).

B. NRS 233B.130 bars the Plaintiffs' Claims.

Each of these cases, except SerenityLV, alleges causes of action including Petition for Judicial Review, Writs of Mandamus and Declaratory Relief. This Joinder concentrates on the claims based upon Petition for Judicial Review. Specifically, "Courts have no inherent appellate jurisdiction over official acts of administrative agencies except where the [L]egislature has made some statutory provision for judicial review." *Crane v. Cont'l Tel. Co. of Cal.*, 105 Nev. 399, 401, 775 P.2d 705, 706 (1989). See also NAC 453D.996 Here, if the Court is applying the statutory authority of this Court via NRS 233B.130, then "[w]hen a party seeks judicial review of an administrative decision, strict compliance with the statutory requirements for such review is a precondition to jurisdiction by the court of judicial review, and [n]oncompliance with the requirements is grounds for dismissal. *"Washoe Cty v. Otto,* 128 Nev. 424, 431, 282 P. 3rd 719, 725 (2012). The Nevada Supreme Court, as recently as March 1, 2018, reiterated the doctrine of strict compliance in enforcing the administrative Procedures Act ("APA"), in *K-Kel, Inc. v. State Department of Taxation,* as follows:

> On appeal, this court held that a party must strictly comply with the APA's pleading requirements, and because the original petition did not name all of the parties of record to the administrative proceedings, the district court lacked jurisdiction to consider Washoe County's original petition for judicial review. *Id.* at 434, 282 P.3d at 726. Further, this court held that the district court also lacked jurisdiction to consider the amended petition for judicial review because it was ultimately filed outside of the APA's time limit. *Id.* at 434–35, 282 P.3d at 727.

K-Kel, Inc. v. State Dep't of Taxation, 412 P.3d 15, 17 (2018) (citing to *Otto*, 128 Nev. at 434).

The Plaintiffs have alleged in the complaints that the contested case is the act of numerically scoring the marijuana license applications submitted between September 7, 2018, and September 20, 2018 and providing a decision to all applicants on December 5, 2018. (See Exhibit "5", Serenity Wellness Complaint, filed 1/4/19, p. 15, lns 4-24; See also Exhibit "2", MM Development Complaint, filed 12/18/18, p. 10, ln. 20 – p. 11, ln. 17; See also, NAC 453D.996(2).) The Plaintiffs in each of the cases identified hereinabove have failed to comply with he provisions of NRS 233B.130.

The Judicial Review statute, NRS 233B.130, provides as follows:

1. Any party who is:

(a) Identified as a party of record by an agency in an administrative proceeding; and

(b) Aggrieved by a final decision in a contested case, is entitled to judicial review of the decision. Where appeal is provided within an agency, only the decision at the highest level is reviewable unless a decision made at a lower level in the agency is made final by statute. Any preliminary, procedural or intermediate act or ruling by an agency in a contested case is reviewable if review of the final decision of the agency would not provide an adequate remedy.

2. Petitions for judicial review must:

(a) **Name as respondents the agency and all parties of record to the administrative proceeding**;

(b) Be instituted by filing a petition in the district court in and for Carson City, in and for the county in which the aggrieved party resides or in and for the county where the agency proceeding occurred;

(c) Be served upon:

(1) The Attorney General, or a person designated by the Attorney General, at the Office of the Attorney General in Carson City; and

(2) The person serving in the office of administrative head of the named agency; and

(d) **Be filed within 30 days after service of the final decision of the agency.**

Cross-petitions for judicial review must be filed within 10 days after service of a petition for judicial review.

3. The agency and any party desiring to participate in the judicial review must file a statement of intent to participate in the petition for judicial review and serve the statement upon the agency and every party **within 20 days after service of the petition**.

4. A petition for rehearing or reconsideration must be filed within 15 days after the date of service of the final decision. An order granting or denying the petition must be served on all parties at least 5 days before the expiration of the time for filing the petition for judicial review. If the petition is granted, the subsequent order shall be deemed the final order for the purpose of judicial review.

5. **The petition for judicial review and any cross-petitions for judicial review must be served upon the agency and every party within 45 days after the filing of the petition, unless, upon a showing of good cause, the district court extends the time for such service.** If the proceeding involves a petition for judicial review or cross-petition for judicial review of a final decision of the State Contractors' Board, the district court may, on its own motion or the motion of a party, dismiss from the proceeding any agency or person who:

> (a) Is named as a party in the petition for judicial review or cross-petition for judicial review; and
> (b) Was not a party to the administrative proceeding for which the petition for judicial review or cross-petition for judicial review was filed.
>
> 6. The provisions of this chapter are the exclusive means of judicial review of, or judicial action concerning, a final decision in a contested case involving an agency to which this chapter applies.

See NRS 233B.130 (emphasis added.).

The Plaintiffs in each of the cases cited above as undisputed facts have failed to name all of the parties affected by the decision of the Department of Taxation to numerically score the applications submitted for the licenses issued December 5, 2018. See NRS 233B.130(2)(a). The parties affected by the decision of the Department of Taxation are undisputed facts, of which this Court may take judicial notice. The thirty (30) days within which the Plaintiffs were required to file the PJR was January 4, 2019. *See* NRS 233B.130(2)(d). Thereafter, the statute requires, "The petition for judicial review and any cross-petitions for judicial review must be served upon the agency **and every party** within 45 days after the filing of the petition, unless, upon a showing of good cause, the district court extends the time for such service." *See* NRS 233B.130(5) (emphasis added.).

SB 32 was approved by the Legislature on April 30, 2019. It was then signed by Governor Sisolak on May 10, 2019, and it was effective that same day. NRS 360.255(m), as enrolled, provides as follows:

> (m) With respect to an application for a registration certificate to operate a medical marijuana establishment pursuant to chapter 453A of NRS or a license to operate a marijuana establishment pursuant to chapter 453D of NRS which was submitted on or after May 1, 2017, and regardless of whether the application was ultimately approved, disclosure of the following information:
> (1) The **identity of an applicant**, including, without limitation, any owner, officer or board member of an applicant;
> (2) The contents of any tool used by the Department to evaluate an applicant;
> (3) The methodology used by the Department to score and rank applicants and any documentation or other evidence showing how that methodology was applied; and

> (4) The final ranking and scores of an applicant, including, without limitation, the score assigned to each criterion in the application that composes a part of the total score of an applicant.

NRS 360.255(m), effective May 10, 2019 (emphasis added).

The State of Nevada, Department of Taxation ("DOT") then acted upon the Legislatures mandate and released all of the "The identity of an applicant, including, without limitation, any owner, officer or board member of an applicant." *Id.* The DOT released this information to the public on May 10, 2019, on its website: https://tax.nv.gov/FAQs/Marijuana_License_Application_Information_-_NEW/. As of May 10, 2019, all of the Plaintiffs were on notice of the identities of all of the parties to the contested hearing. See also Exhibit "13", List Serve email. The thirty (30) days within which they could have acted to amend their existing PJR pleadings was June 10, 2019, even assuming the Court chose to evaluate the PJR using the date that all of the applicants were known to the world.[2] The strictly applied thirty (30) day time limit to file the PJR has run. And as is stated in *Otto* and *K-Kel* above, this Court must strictly construe the jurisdictional requirements of NRS 233B.130. As such, this Court must grant summary judgment on any purported claim based upon a PJR.

C. D.H. Flamingo's attempt to keep its PJR claim alive failed June 10, 2019

Only one of the Plaintiffs, D.H. Flamingo, has sought leave of the Court to extend the time to serve the PJR. See Exhibits "10" and "1", the Second Petition to Extend Time to Serve its PJR and Order approving the same. All of the other Plaintiffs have failed to name all of the parties to the contested matter (the numerical scoring of the applicants), to serve all of those parties timely and they have certainly failed to extend the time to serve. Therefore, all but DH Flamingo, has no argument at all to maintain their claims based upon a PJR. Their causes of

[2] As will be discussed below, the amendment was likely futile given the ruling in *Otto*. Otto, 128 Nev. at 434, 726-7 (Because "Certain Taxpayers (Unidentified)" and the description thereof does not name anyone, we conclude that Washoe County failed to comply with the mandatory requirement to name the individual taxpayer parties of record in its amended petition for judicial review. As such, the district court lacked jurisdiction to consider Washoe County's original petition for judicial review. *See Kuenstler v. Kansas Dept. of Revenue,* 40 Kan.App.2d 1036, 197 P.3d 874, 879 (2008) (explaining that "the trial court properly determined that [the petitioner's] failure to comply with the strict pleading requirements [for a petition for judicial review] deprived it of subject matter jurisdiction").)

action based upon NRS 233B.130, must be summarily adjudicated as lacking in jurisdiction in this Court.

As to DH Flamingo, their complaint and the procedural status of their complaint also mandate that their PJR fails and should be summarily adjudicated by this Court. It has now been more than thirty (30) days since the release of the all of the applicants' identities involved in the numerically scored bidding process proscribed by NRS 453D.210(6).[3] DH Flamingo has failed to amend its complaint and name those known parties to the contested matter with the (30) thirty day deadline imposed by NRS 233B.130(2)(d). Therefore, if it was not deficient when the Petition was originally filed, or at least the day after, as it was filed on the thirtieth (30th) day, January 4, 2019, then the DH Flamingo complaint is certainly deficient now, as thirty (30) days have run after the names of the applicants were released on May 10, 2019. *See* Exhibit "9". Under either theory or application of the deadlines prescribed in NRS 233B.130, the thirty (30) days to file a petition ran in the alternative on June 9, 2019.

It is important to note that DH Flamingo sought "EX PARTE" leave of this court to extend the time to serve only. *See* Exhibits "10" and "1", Ex Parte Motion to Extend Time to Serve the Complaint and Petition and the Order granting same. DH Flamingo did not seek leave of the Court, as of the date of its EX PARTE Petition to Extend the Time to Serve, June 6, 2019, to amend its complaint to name the Does and Roes, as it plead in its complaint. *Id.* Further, setting aside the fact that the EX PARTE request was improper,[4] as the Declaration of Counsel

[3] NRS 453D.210(6) provides:

> 6. When competing applications are submitted for a proposed retail marijuana store within a single county, the Department shall use an impartial and numerically scored competitive bidding process to determine which application or applications among those competing will be approved.

[4] EDCR 2.25(b) provides:

> (b) Ex parte motions for extension of time will not ordinarily be granted. When, however, a certificate of counsel shows good cause for the extension and a satisfactory explanation why the extension could not be obtained by stipulation or on notice, the court may grant, ex parte, an emergency extension for only such a limited period as may be necessary to enable the moving party to apply for a further extension by stipulation or upon notice, with the time for hearing shortened by the court.

does not contain any reason why the extension could not be obtained by stipulation or upon notice. DH Flamingo is in the same situation procedurally as all of the other Plaintiffs.

The DH Flamingo Ex Parte Motion to Extend Time to Serve the Petition and Complaint, and the proposed order, only sought leave of the Court to extend the time to serve the complaint and PJR pursuant to NRS 233B.130(5). Neither the Motion nor the Order allow for the late amendment of the complaint and the petition to name all of the parties to the contested case. Id. See also NAC 453D.996(2). Moreover, DH Flamingo and all of the other Plaintiffs have not previously sought leave of the Court to amend their respective complaints and petitions in an effort to name all parties to the contested matter, "the impartial and numerically scored competitive bidding process," of which each and every Plaintiff complains as being partial, arbitrary and/or capricious.

The Nevada Supreme Court has previously steadfastly determined that the process is a rigid one, and the rules of such shall also be rigidly applied to those seeking relief. NRS 233B.130 provides that there can be no other interpretation of its jurisdictional requirements. In fact, *Otto* provides a clear and succinct analysis of the same as follows:

> Nothing in the language of that provision suggests that its requirements are anything but mandatory and jurisdictional. "When interpreting a statute, we first look to its language," and when the language used has a certain and clear meaning, we will not look beyond it. *Webb,* 128 Nev. at ——, 270 P.3d at 1268; *see also Harris Assocs. v. Clark County Sch. Dist.,* 119 Nev. 638, 641–42, 81 P.3d 532, 534 (2003). **NRS 233B.130(2) states that petitions for judicial review "must" name all parties of record. The word "must" generally imposes a mandatory requirement.** *See Pasillas v. HSBC Bank* USA, 127 Nev. ——, ——, 255 P.3d 1281, 1285 (2011). Further, this court has previously held that the "[f]iling requirements [paragraph (c) of NRS 233B.130(2)] are mandatory and jurisdictional." *Civil Serv. Comm'n v. Dist. Ct.,* 118 Nev. 186, 189, 42 P.3d 268, 271 (2002). Given that the word "must" applies to both the filing requirement of NRS 233B.130(2)(c) and the naming requirement of NRS 233B.130(2)(a), we see no reason to treat the naming requirement any differently. **We thus conclude that, pursuant to NRS 233B.130(2)(a), it is mandatory to name all parties of record in a petition for judicial review of an administrative decision, and a district court lacks jurisdiction to consider a petition that fails to comply with this requirement**.

Otto, 128 Nev. at 432-433; 725. [other citations omitted.] [Emphasis added.]. Therefore, due to the procedural status of all of these coordinated cases, as asserted as undisputed facts above, this Court lacks jurisdiction.

The Nevada Supreme Court went further in its determination in *Otto,* based upon almost identical facts, if not in the reverse to those before this Court. The rigid application of the rule was applied to the petition filed by the State, when the Nevada Supreme Court in *Otto* denied its PJR for failure to name all the parties to the contested matter, ironically also involving the Department of Taxation. In *Otto*, the State petitioned the District Court to amend its PJR, and the District Court granted the request to amend the petition to name the "unidentified taxpayers." *Otto, 128 Nev.* at 434; 727. The analysis on this issue is compelling and is being cited here in its lengthy entirety for the Court's consideration, as it is likely that the Plaintiffs, one and all, will argue without success as the State did there:

> On appeal, the parties dispute whether Washoe County's amended petition complied with the APA requirements. Although we fail to see how merely removing "(Unidentified)" from the caption equates to naming the taxpayer parties of record, we need not address Washoe County's amended petition because the amended petition was filed after the APA's statutory filing deadline. As noted above, the time period for filing a petition for judicial review is mandatory and jurisdictional. *Kame v. Employment Security Dep't,* 105 Nev. 22, 25, 769 P.2d 66, 68 (1989). Because Washoe County's original petition failed to invoke the district court's jurisdiction, it could not properly be amended outside of the filing deadline. *See, e.g., Commissioner v. Bethlehem Steel Corp.,* 703 N.E.2d 680, 683 (Ind.Ct.App.1998) (holding that when an original petition is " statutorily defective," a district court does not obtain jurisdiction over it; thus, the district court "[has] no jurisdiction to allow an amendment relating back to the original day of filing"); *Kuenstler,* 197 P.3d at 881–82 (explaining that the petitioner's "failure to strictly comply with the [statutory] requirements ... within the statutory period for filing his petition was a jurisdictional defect that rendered the trial court without subject matter jurisdiction" and that **"the relation back provisions under the Code of Civil Procedure cannot operate to cure the trial court's lack of subject matter jurisdiction in an administrative action"**); *Oklahoma Employment Sec. Com'n v. Carter,* 903 P.2d 868, 871 (Okla.1995) **(reasoning that because the failure to name necessary parties is a jurisdictional defect, a district court lacks jurisdiction to permit a petitioner to amend his or her petition outside the statutory time limit**); *Wren v. Texas Employment Com'n,* 915 S.W.2d 506, 509 (Tex.App.1995) (noting that "if [one] who was a party to the proceedings before the [agency] was not made a defendant within the statutory time limit, the petition may not be amended thereafter to cure the jurisdictional defect"). **We agree with these authorities and similarly conclude that even if Washoe County's amended petition cured the jurisdictional defect, it does not relate back to the original petition because it was filed four months after the State Board's decision, well after the APA's 30–daytime limit.**

CONCLUSION

The causes of action based upon the PJR, NRS 233B.130, must be summarily adjudicated as being barred jurisdictionally given the facts and circumstances of this matter. Clear River respectfully requests this Court grant this Motion for Summary in that it seeks a summary adjudication of the Causes of Action pled by the various Plaintiffs based upon NRS 233B.130.

3. Defendant STATE OF NEVADA, DEPARTMENT OF TAXATION (the "Department") is an agency of the State of Nevada. The Department is responsible for licensing and regulating retail marijuana businesses in Nevada through its Marijuana Enforcement Division.

4. The true names and capacities, whether individual, corporate, association or otherwise of the Defendants DOES 1 through 10 and/or ROE CORPORATIONS 1 through 10, inclusive, are unknown to Plaintiffs, who therefore sue said Defendants by such fictitious names. Plaintiffs are informed and believe, and thereupon allege, that each of the Defendants designated herein as DOES and/or ROE CORPORATIONS is responsible in some manner for the events and happenings herein referred to, and in some manner caused the injuries and damages to Plaintiffs alleged herein. II.
GENERAL ALLEGATIONS

5. The Nevada State Legislature passed a number of bills during the 2017 legislative session that affected the licensing, regulation, and operation of recreational marijuana establishments in the state of Nevada. One of those bills, Assembly Bill 422, transferred responsibility for the registration, licensing, and regulation of marijuana establishments from the State of Nevada's Division of Public and Behavioral Health to the Department of Taxation.

6. According to an August 16, 2018 letter from the Department, pursuant to Section 80(3) of Adopted Regulation of the Department of Taxation, LCB File No. R092-17 ("R092-17"), the Department was responsible for allocating the licenses of recreational marijuana retail stores "to jurisdictions within each county and to the unincorporated area of the county proportionally based on the population of each jurisdiction and of the unincorporated area of the county."

Tel. (702) 385-6000 • Fax (702) 385-6001
kjc@kempjones.com

7. The Department issued a notice for an application period wherein the Department sought applications from qualified applicants to award sixty-four (64) recreational marijuana retail store licenses throughout various jurisdictions in Nevada.

8. The application period for those licenses, including thirty-one (31) licenses in Clark County, seven (7) licenses in Washoe County, one (1) license in Elko County, and one (1) license in Nye County, opened on September 7, 2018 and closed on September 20, 2018.

9. If the Department received more than one application for a license for a recreational marijuana retail store and the Department determined that more than one of the applications was complete and in compliance with R092-17, Sec. 78 and NRS 453D, the Department was required to rank the applications within each applicable locality for any applicants in a jurisdiction that limits the number of retail marijuana stores in order from first to last. Ranking is based on compliance with the provisions of R092-17 Sec. 80, NRS 453D and on the content of the applications relating to:

a. Operating experience of another kind of business by the owners, officers or board members that has given them experience which is applicable to the operation of a marijuana establishment.

b. Diversity of the owners, officers or board members.

c. Evidence of the amount of taxes paid and other beneficial financial contributions.

d. Educational achievements of the owners, officers or board members.

e. The applicant's plan for care, quality and safekeeping of marijuana from seed to sale.

f. The financial plan and resources of the applicant, both liquid and illiquid.

g. The experience of key personnel that the applicant intends to employ.

h. Direct experience of the owners, officers or board members of a medical marijuana establishment or marijuana establishment in this State.

10. No later than December 5, 2018, the Department was responsible for issuing conditional licenses to those applicants who score and rank high enough in each jurisdiction to be awarded one of the allocated licenses.

11. The Department allocated ten (10) licenses for unincorporated Clark County, Nevada; ten (10) licenses for Las Vegas, Nevada; six (6) licenses for Henderson, Nevada; five (5) licenses for North Las Vegas, Nevada; six (6) licenses for Reno, Nevada; one (1) license for Sparks, Nevada; and one (1) license for Nye County, Nevada.

12. Prior to the application process with the Department, Plaintiffs were previously scored and ranked in the 2015 licensing procedure, pursuant to NRS 453A, in conjunction with a medical marijuana establishment permit application.

13. At that time, Plaintiff MM Development Company, Inc. received a score of 203.58 and was ranked as the fourth-highest applicant for a medical marijuana dispensary in unincorporated Clark County, Nevada. Plaintiff Livfree Wellness, LLC dba The Dispensary was ranked as the highest applicant for Henderson, Nevada with a score of 208.3; the highest applicant for Reno, Nevada with a score of 207; and the fifth-highest applicant in unincorporated Clark County, Nevada with a score of 201.64.

14. The factors used for the 2015 rankings were substantially similar to the factors to be used by the Department for the 2018 rankings for the allocated licenses.

15. The only major difference between the factors assessed for the 2015 rankings and the 2018 rankings was the addition of diversity of race, ethnicity, or gender of applicants (owners, officers, board members) to the existing merit criteria.

16. Plaintiff MM Development Company, Inc. submitted applications for recreational marijuana retail store licenses to own and operate recreational marijuana retail stores in the following jurisdictions: unincorporated Clark County, Nevada; Las Vegas, Nevada; North Las Vegas, Nevada; Mesquite, Nevada; Reno, Nevada; and Nye County, Nevada.

17. Plaintiff Livfree Wellness, LLC dba The Dispensary submitted applications (i.e., RD 292, RD 293, RD 294, RD 295, RD 296, and RD 297) for recreational marijuana retail store licenses to own and operate recreational marijuana retail stores in the following jurisdictions: unincorporated Clark County, Nevada; Las Vegas, Nevada; North Las Vegas, Nevada; Reno, Nevada; Elko County, Nevada; and Nye County, Nevada.

18. On or about December 5, 2018, despite their prior exceptional ranking, Plaintiffs was informed by the Department that all of their applications to operate recreational marijuana retail stores were denied.

19. Plaintiffs are informed and believe that the Department improperly granted "conditional" licenses to applicants that were ranked substantially lower than Plaintiffs on the 2015 rankings.

20. Plaintiffs are informed and believe that the Department improperly granted more than one recreational marijuana store license per jurisdiction to certain applicants, owners, or ownership groups.

III.
CLAIMS FOR RELIEF

FIRST CLAIM FOR RELIEF
(Declaratory Relief)

21. Plaintiffs repeat and reallege all prior paragraphs as though fully set forth herein.

22. A justiciable controversy exists that warrants a declaratory judgment pursuant to Nevada's Uniform Declaratory Judgments Act, NRS 30.010 to 30.160, inclusive.

KEMP, JONES & COULTHARD, LLP
3800 Howard Hughes Parkway, 17th Floor
Las Vegas, Nevada 89169
Tel. (702) 385-6000 • Fax: (702) 385-6001
kjc@kempjones.com

23. Plaintiffs and the Defendant have adverse and/or competing interests as the Department, through its Marijuana Enforcement Division, has denied the applications that violate Plaintiffs' Constitutional Rights, Nevada law, and State policy.

24. The Department's refusal to issue Plaintiffs any "conditional" licenses affects Plaintiffs' rights afforded them by NRS 453D, NAC 453D, R092-17, and other Nevada laws and regulations.

25. Further, the Department's improper ranking of the other applicants for a recreational marijuana establishment license and the Department's subsequent, improper issuance to each of a "conditional" license also affects the rights of Plaintiffs afforded them by NRS 453D, NAC 453D, R092-17, and other Nevada laws and regulations.

26. The Department's actions and/or inactions also have created an actual justiciable controversy ripe for judicial determination between Plaintiffs and the Department with respect to the construction, interpretation, and implementation of NRS 453D, NAC 453D, and R092-17 as to Plaintiffs. Plaintiffs have been harmed, and will continue to be harmed, by the Defendants' actions.

27. The Department's actions and/or inactions failed to appropriately address the necessary considerations and intent of NRS 453D.210, designed to restrict monopolies.

28. Accordingly, Plaintiffs seek a declaration from this Court that, *inter alia*:

a. That the Department improperly denied each Plaintiff six (6) "conditional" licenses for the operation of a recreational marijuana establishment in the following jurisdictions: unincorporated Clark County, Nevada; Las Vegas, Nevada; North Las Vegas, Nevada; Mesquite, Nevada; Reno, Nevada; Elko County, Nevada; and Nye County, Nevada.

b. The denial of a "conditional" license to Plaintiffs is void *ab initio*;

c. The procedures employed in the denial violated Plaintiffs' procedural due process rights and equal protection rights under the Nevada and United States Constitutions and, therefore, the denial is void and unenforceable;

d. The denial violates Plaintiffs' substantive due process rights and equal protection rights under the Nevada and United States Constitutions and, therefore, the denial is void and unenforceable;

e. The denial is void for vagueness and therefore unenforceable;

f. Defendant acted arbitrarily and capriciously or in contravention of a legal duty and Plaintiffs are therefore entitled to a writ of mandamus;

g. Plaintiffs are entitled to judicial review; and

h. The Department's denial lacked substantial evidence.

29. Plaintiffs also seek a declaration from this Court that the Department must issue each Plaintiff six (6) "conditional" license for the operation of a recreational marijuana establishment in unincorporated Clark County, Nevada; Las Vegas, Nevada; North Las Vegas, Nevada; Mesquite, Nevada; Reno, Nevada; Elko County, Nevada; and Nye County, Nevada since Plaintiffs' scores issued by the Department would have ranked high enough to entitle them to a "conditional" license had the Department properly applied the provisions of NRS 453D, NAC Chapter 453D, and R092-17.

30. Plaintiffs assert and contend that a declaratory judgment is both necessary and proper at this time for the Court to determine the respective rights, duties, responsibilities and liabilities of the Plaintiffs afforded them by NRS 453D, NAC Chapter 453D, R092-17, and other Nevada laws and regulations.

31. Plaintiffs have found it necessary to retain the legal services of Kemp, Jones & Coulthard, LLP, to bring this action, and Plaintiffs are entitled to recover their reasonable attorneys' fees and costs therefor.

SECOND CLAIM FOR RELIEF
(Injunctive Relief)

32. Plaintiffs repeat and reallege all prior paragraphs as though fully set forth herein.

33. The Department's flawed interpretation of the provisions of NRS 453D, NAC Chapter 453D, and R092-17, and refusal to issue "conditional" licenses in accordance with the law constitute and cause continuing and irreparable harm to Plaintiffs with no adequate remedy at law.

34. The purpose of this refusal was and is to unreasonably interfere with Plaintiffs' business and causing Plaintiffs to suffer irreparable harm.

35. The Department will suffer no harm by following the law with respect to issuing "conditional" licenses.

36. The Department's interpretation of NRS 453D, NAC Chapter 453D, and R092-17 is flawed and Plaintiff is likely to succeed on the merits in this litigation.

37. The public interest favors Plaintiffs because in the absence of injunctive relief, the consumers who would have benefitted will have less available options from which they can receive recreational marijuana.

38. Therefore, Plaintiffs are entitled to preliminary injunctive relief, and after a trial on the merits, permanent injunctive relief, ordering the Department to issue "conditional" licenses to Plaintiffs in accordance with NRS 453D, NAC 453D, and R092-17.

THIRD CLAIM FOR RELIEF
(Violation of Procedural Due Process)

39. Plaintiffs repeat and reallege all prior paragraphs as though fully set forth herein.

40. The procedures employed by the Department in denying Plaintiffs' applications have deprived Plaintiffs of due process of law as guaranteed by the Nevada Constitution and the United States Constitution.

KEMP, JONES & COULTHARD, LLP
3800 Howard Hughes Parkway, 17th Floor
Las Vegas, Nevada 89169
Tel. (702) 385-6000 • Fax: (702) 385-6001
kjc@kempjones.com

41. The process in which denial was considered, noticed to the public, and passed failed to provide Plaintiffs any meaningful opportunity to be heard at a consequential time and was fundamentally unfair and violated the due process requirements of the Nevada and United States Constitutions.

42. The Constitutional infirmity of this entire process renders the denial void and unenforceable, and Plaintiffs are entitled to a declaration as to the denials' ineffectiveness and an order enjoining its enforcement.

43. Plaintiffs are also entitled to damages for these due process violations.

44. As the action of the Department necessitated that Plaintiffs retain the legal services of Kemp, Jones & Coulthard, LLP, and incur fees and costs to bring this action, Plaintiffs are also entitled to attorneys' fees and costs of suit.

45. Plaintiffs have found it necessary to bring this action, and Plaintiffs are entitled to recover their reasonable attorneys' fees and costs therefor.

FOURTH CLAIM FOR RELIEF
(Violation of Substantive Due Process)

46. Plaintiffs repeat and reallege all prior paragraphs as though fully set forth herein.

47. The denial violates Plaintiffs' substantive due process rights guaranteed by the Nevada Constitution and the United States Constitution.

48. The Constitutional infirmity of this entire process and the Department's denial renders the denials void and unenforceable, and Plaintiffs are entitled to a declaration as to the denials' ineffectiveness and an order enjoining its enforcement.

49. Plaintiffs are also entitled to damages for these due process violations.

50. As the action of the Department necessitated that Plaintiffs retain the legal services of Kemp, Jones & Coulthard, LLP, and incur fees and costs to bring this action, Plaintiffs are also entitled to attorneys' fees and costs of suit.

FIFTH CLAIM FOR RELIEF
(Equal Protection Violation)

51. Plaintiffs repeat and reallege all prior paragraphs as though fully set forth herein.

52. The denial violates Plaintiffs' right to equal protection under the Nevada and United States Constitutions.

53. The denial divides up marijuana applications into two or more classes.

54. This classification and disparate treatment is unconstitutional because there is no rational relationship between the disparity of this treatment and any legitimate governmental purpose.

55. The constitutional infirmity of the denials renders them void and unenforceable, and Plaintiffs are entitled to a declaration as to the denials' ineffectiveness and an order enjoining any enforcement.

56. As the action of the Department necessitated that Plaintiffs retain the legal services of Kemp, Jones & Coulthard, LLP, and incur fees and costs to bring this action, Plaintiffs are also entitled to attorneys' fees and costs of suit.

SIXTH CLAIM FOR RELIEF
(Petition for Judicial Review)

57. Plaintiffs repeat and reallege all prior paragraphs as though fully set forth herein.

58. The Department, in misinterpreting and incorrectly applying NRS 453D, NAC 453D and the related Nevada laws and regulations, has exceeded its jurisdiction by issuing "conditional" licenses to applicants that do not merit "conditional" licenses under NRS 453D, NAC 453D, and R092-17.

59. Plaintiffs are aggrieved by the decision of the Department to deny Plaintiffs' applications without proper notice, substantial evidence, or compliance with NRS 453D, NAC 453D, R092-17, and other Nevada state laws or regulations.

60. There is no provision in NRS 453D, NAC 453D, or R092-17 allowing for an administrative appeal of the Department's decision, and apart from injunctive relief, no plain, speedy, and adequate remedy for the Department's improper actions.

61. Accordingly, Plaintiffs petition this Court for judicial review of the record on which the Department's denial was based, including but not limited to:

a. A determination that the decision lacked substantial evidence;

b. A determination that the denial is void *ab initio* for non-compliance with NRS 453D, NAC 453D, R092-17, and other Nevada state laws or regulations; and

c. Other relief consistent with those determinations.

62. Plaintiffs have found it necessary to retain the legal services of Kemp, Jones & Coulthard, LLP, to bring this action, and Plaintiffs are entitled to recover their reasonable attorneys' fees and costs therefor.

SEVENTH CLAIM FOR RELIEF
(Petition for Writ of Mandamus)

63. Plaintiffs repeat and reallege all prior paragraphs as though fully set forth herein.

64. When a governmental body fails to perform an act "that the law requires" or acts in an arbitrary or capricious manner, a writ of mandamus shall issue to correct the action. Nev. Rev. Stat. § 34.160.

65. The Department failed to perform various acts that the law requires including but not limited to:

a. Providing proper pre-hearing notice of the denial; and

b. Arbitrarily and capriciously denying the application for no legitimate reason.

66. The Department acted arbitrarily and capriciously in the denial by performing or failing to perform the acts enumerated above and because, *inter alia*:

a. The Board lacked substantial evidence to deny the application; and

b. The Board denied the application solely to approve other competing applicants without regard to the merit of Plaintiffs' application.

67. These violations of the Defendants' legal duties were arbitrary and capricious actions that compel this Court to issue a Writ of Mandamus directing the Department to review the application on its merits and/or approve it.

68. As a result of the Defendants' unlawful and arbitrary and capricious actions, Plaintiffs have been forced to retain legal counsel to prosecute this action and are therefore also entitled to their damages, costs in this suit, and an award of attorneys' fees pursuant to NRS 34.270.

IV.
PRAYER FOR RELIEF

WHEREFORE, Plaintiffs pray for judgment as follows:

1. For declaratory relief as set forth above;

2. For a preliminary and permanent injunction enjoining the enforcement of the denial;

3. For judicial review of the record and history on which the denial was based;

4. For the issuance of a writ of mandamus;

5. For compensatory and special damages as set forth herein;

6. For attorneys' fees and costs of suit; and

7. For all other and further relief as the Court deems just and proper.

I

PARTIES & JURISDICTION

1. Plaintiff, COMPASSIONATE TEAM OF LAS VEGAS LLC, is a Nevada Limited Liability Company duly licensed under the laws of the State of Nevada.

2. Defendant STATE OF NEVADA, DEPARTMENT OF TAXATION (the "Department") is an agency of the State of Nevada. The Department is responsible for licensing and regulating retail marijuana businesses in Nevada through its Marijuana Enforcement Division.

3. The true names and capacities, whether individual, corporate, association or otherwise of the Defendants DOES 1 through IO and/or ROE CORPORATIONS/ENTITIES I through I 0,

inclusive, are unknown to Plaintiffs, who therefore sue said Defendants by such fictitious names. Plaintiffs are informed and believe, and thereupon allege, that each of the Defendants designated herein as DOES and/or ROE CORPORATIONS is responsible in some manner for the events and happenings herein referred to, and in some manner caused the injuries and damages to Plaintiffs alleged herein. II.

GENERAL ALLEGATIONS

4. The Nevada State Legislature passed a number of bills during the 2017 legislative session that affected the licensing, regulation, and operation of recreational marijuana establishments in the state of Nevada. One of those bills, Assembly Bill 422, transferred responsibility for the registration, licensing, and regulation of marijuana establishments from the State of Nevada's Division of Public and Behavioral Health to the Department of Taxation.

5. According to an August 16, 2018 letter from the Department, pursuant to Section 80(3) of Adopted Regulation of the Department of Taxation, LCB File No. R092-17 ("R092-17"), the Department was responsible for allocating the licenses of recreational marijuana retail stores "to jurisdictions within each county and to the unincorporated area of the county proportionally based on the population of each jurisdiction and of the unincorporated area of the county."

6. The Department issued a notice for an application period wherein the Department sought applications from qualified applicants to award sixty-four (64) recreational marijuana retail store licenses throughout various jurisdictions in Nevada.

7. The application period for those licenses, including thirty-one (31) licenses in Clark County, seven (7) licenses in Washoe County and (6) licenses in Henderson, Nevada, (10) licenses in the City of Las Vegas, Nevada and one (1) license in Nye County, opened on September 7, 2018 and closed on September 20, 2018.

8. If the Department received more than one application for a license for a recreational

marijuana retail store and the Department determined that more than one of the applications was complete and in compliance with R092-17, Sec. 78 and NRS 453D, the Department was required to rank the applications within each applicable locality for any applicants in a jurisdiction that limits the number of retail marijuana stores in order from first to last. Ranking is based on compliance with the provisions ofR092-17 Sec. 80, NRS 453D and on the content of the applications relating to:

a. Operating experience of another kind of business by the owners, officers or board members that has given them experience which is applicable to the operation of a marijuana establishment.

b. Diversity of the owners, officers or board members.

c. Evidence of the amount of taxes paid and other beneficial financial contributions.

d. Educational achievements of the owners, officers or board members.

e. The applicant's plan for care, quality and safekeeping of marijuana from seed to sale.

f. The financial plan and resources of the applicant, both liquid and illiquid.

g. The experience of key personnel that the applicant intends to employ.

h. Direct experience of the owners, officers or board members of a medical marijuana establishment or marijuana establishment in this State.

Additional comments made throughout the process were that entities and persons previously issued Special Use Permits for a retail marijuana establishment, but did get granted a license in 2015 by the state of Nevada would have priority over other applicants who already received a license. That futher, extra points would be given for those applicants with ties to the community. Plaintiffs members, who are born and raised in Las Vegas, detrimentally relied on these additional representations throughout the process.

9. No later than December 5, 2018, the Department was responsible for issuing conditional licenses to those applicants who score and rank high enough in each jurisdiction to be awarded one of the allocated licenses.

10. The Department allocated ten (10) licenses for unincorporated Clark County, Nevada;

ten (10) licenses for Las Vegas, Nevada; six (6) licenses for Henderson, Nevada; five (5) licenses for North Las Vegas, Nevada; six (6) licenses for Reno, Nevada; one (1) license for Sparks, Nevada; and one (1) license for Nye County, Nevada.

11. Prior to the application process with the Department, Plaintiff was previously scored and was ranked one of the highest applicants remaining after the licenses were granted in 2015 to higher ranked entities in the City of Las Vegas, who were issued a special use permit by the City of Las Vegas, but did not receive a state issued license, pursuant to NRS 453A, in conjunction with a medical marijuana establishment permit application.

12. The City of Las Vegas issued a special use permit to Plaintiff in 2015 for the retail marijuana establishment, but was denied by the State of Nevada thereby establishing a higher ranking criteria for the 2018 selection process.

13. The factors used for the 2015 rankings were substantially similar to the factors to be used by the Department for the 2018 rankings for the allocated licenses. The state outsourced the application review process calling into question the reliability of the ranking system. This coupled with the lack of transparency of the scoring for other applicants, renders the entire process arbitrary and capricious.

14. The factors were not systematically and fairly applied to each applicant to consider unique qualities of applicants (owners, officers, board members) to the existing merit criteria and were skewed to benefit a separate class of applicants resulting in an extraordinary disproportionate granting of licenses to competing applicants.

15. Plaintiff submitted applications for recreational marijuana retail store licenses to own and operate recreational marijuana retail stores in the following jurisdictions: unincorporated Clark County, Nevada; and Las Vegas, Nevada.

16. On or about December 5, 2018, despite its prior exceptional ranking and being fully approved by the City of Las Vegas for its Special Use Permit, Plaintiff was informed by the Department that all of its applications to operate recreational marijuana retail stores were denied.

17. Plaintiff is informed and believes that the Department improperly granted "conditional" licenses to applicants that should have been ranked substantially lower than Plaintiff

stemming from the previous grant of licenses and the 2015 rankings, and minority status of a member of Plaintiff.

18. Plaintiff is informed and believes that the Department improperly granted more than one recreational marijuana store license per jurisdiction to certain applicants, owners, or ownership groups and the decisions by the Department were not based on sufficient criteria violating the laws of the state of Nevada and the United States Constitution and were arbitrary and capricious.

III.
CLAIMS FOR RELIEF

FIRST CLAIM FOR RELIEF
(Declaratory Relief)

19. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

20. A justiciable controversy exists that warrants a declaratory judgment pursuant to Nevada's Uniform Declaratory Judgments Act, NRS 30.010 to 30.160, inclusive.

21. Plaintiff and the Defendant have adverse and/or competing interests as the Department, through its Marijuana Enforcement Division, has denied the application that violates Plaintiffs Constitutional Rights, Nevada law, and State policy.

22. The Department's refusal to issue Plaintiff a "conditional" license affects Plaintiffs rights afforded it by NRS 453D, NAC 453D, R092-l 7, and other Nevada laws and regulations.

23. Further, the Department's improper ranking of the other applicants for a recreational marijuana establishment license and the Department's subsequent, improper issuance to each of a "conditional" license also affects the rights of Plaintiff afforded it by NRS 453D, NAC 453D, R092-l7, and other Nevada laws and regulations.

24. The Department's actions and/or inactions also have created an actual justiciable controversy ripe for judicial determination between Plaintiff and the Department with respect to the construction, interpretation, and implementation of NRS 453D, NAC 453D, and R092-l 7 as to Plaintiff. Plaintiff has been harmed, and will continue to be harmed, by the Defendants' actions.

25. The Department's actions and/or inactions failed to appropriately address the necessary considerations and intent of NRS 453D.210, designed to restrict monopolies.

26. Accordingly, Plaintiff seeks a declaration from this Court that, *inter alia*:

SIMON LAW
810 S. Casino Center Blvd.
Las Vegas, Nevada 89101

SIMON LAW
810 S. Casino Center Blvd.
Las Vegas, Nevada 89101

a. That the Department improperly denied Plaintiff three (3) "conditional" licenses for the operation of a recreational marijuana establishment in the following jurisdictions: unincorporated Clark County, Nevada and Las Vegas, Nevada.

b. The denial of a "conditional" license to Plaintiff is void *ab initio*;

c. The procedures employed in the denial violated Plaintiffs procedural due process rights and equal protection rights under the Nevada and United States Constitutions and, therefore, the denial is void and unenforceable;

d. The denial violates Plaintiffs substantive due process rights and equal protection rights under the Nevada and United States Constitutions and, therefore, the denial is void and unenforceable;

e. The denial is void for vagueness and therefore unenforceable;

f. Defendant acted arbitrarily and capriciously or in contravention of a legal duty and Plaintiff is therefore entitled to a writ of mandamus;

g. Plaintiff is entitled to judicial review; and

h. The Department's denial lacked substantial evidence.

27. Plaintiff also seeks a declaration from this Court that the Department must issue Plaintiff six (6) "conditional" license for the operation of a recreational marijuana establishment in unincorporated Clark County, Nevada; Las Vegas, Nevada; North Las Vegas, Nevada; Mesquite, Nevada; Reno, Nevada; and Nye County, Nevada since Plaintifl's score issued by the Department would have ranked high enough to entitle it to a "conditional" license had the Department properly applied the provisions ofNRS 453D, NAC Chapter 453D, and R092-17.

28. Plaintiff asserts and contends that a declaratory judgment is both necessary and proper at this time for the Court to determine the respective rights, duties, responsibilities and liabilities of the Plaintiff afforded it by NRS 453D, NAC Chapter 453D, R092-l 7, and other Nevada laws and regulations.

29. Plaintiff has found it necessary to retain the legal services of SIMON LAW, to bring this action, and Plaintiff is entitled to recover its reasonable attorneys' fees and costs therefor.

SECOND CLAIM FOR RELIEF

(Injunctive Relief)

30. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

31. The Department's flawed interpretation of the provisions ofNRS 453D, NAC Chapter 453D, and R092-l 7, and refusal to issue "conditional" licenses in accordance with the law constitute and cause continuing and irreparable harm to Plaintiff with no adequate remedy at law.

32. The purpose of this refusal was and is to unreasonably interfere with Plaintiffs business and causing Plaintiff to suffer irreparable harm.

33. The Department will suffer no harm by following the law with respect to issuing "conditional" licenses.

34. The Department's interpretation of NRS 453D, NAC Chapter 4530, and R092-17 is flawed and Plaintiff is likely to succeed on the merits in this litigation.

35. The public interest favors Plaintiffs because in the absence of injunctive relief, the consumers who would have benefitted will have less available options from which they can receive recreational marijuana.

36. Therefore, Plaintiffs is entitled to preliminary injunctive relief, and after a trial on the merits, permanent injunctive relief, ordering the Department to issue "conditional" licenses to Plaintiff in accordance with NRS 453D, NAC 453D, and R092- l 7.

THIRD CLAIM FOR RELIEF

(Violation of Procedural Due Process)

37. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

38. The procedures employed by the Department in denying Plaintiffs applications have deprived Plaintiff of due process of law as guaranteed by the Nevada Constitution and the United States Constitution.

39. The process in which denial was considered, noticed to the public, and passed failed to provide Plaintiff a meaningful opportunity to be heard at a consequential time and was fundamentally unfair and violated the due process requirements of the Nevada and United States Constitutions.

SIMON LAW
810 S. Casino Center Blvd.
Las Vegas, Nevada 89101
702-364-1650 Fax: 702-364-1655

40. The Constitutional infirmity of this entire process renders the denial void and unenforceable, and Plaintiff is entitled to a declaration as to the denials' ineffectiveness and an order enjoining its enforcement.

41. Plaintiff is also entitled to damages for these due process violations.

42. As the action of the Department necessitated that Plaintiff retain the legal services of SIMON LAW, and incur fees and costs to bring this action, Plaintiff is also entitled to attorneys' fees and costs of suit.

43. Plaintiff has found it necessary to bring this action, and Plaintiff is entitled to recover its reasonable attorneys' fees and costs therefor.

FOURTH CLAIM FOR RELIEF

(Violation of Substantive Due Process)

44. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

45. The denial violates Plaintiffs substantive due process rights guaranteed by the Nevada Constitution and the United States Constitution.

46. The Constitutional infirmity of this entire process and the Department's denial renders the denial void and unenforceable, and Plaintiff is entitled to a declaration as to the denials' ineffectiveness and an order enjoining its enforcement.

47. Plaintiff is also entitled to damages for these due process violations.

48. As the action of the Department necessitated that Plaintiff retain the legal services of SIMON LAW, and incur fees and costs to bring this action, Plaintiff is also entitled to attorneys' fees and costs of suit.

FIFTH CLAIM FOR RELIEF

(Equal Protection Violation)

49. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

50. The denial violates Plaintiffs right to equal protection under the Nevada and United States Constitutions.

51. The denial divides up marijuana applications into two or more classes.

52. This classification and disparate treatment is unconstitutional because there is no

rational relationship between the disparity of this treatment and any legitimate governmental purpose.

53. The constitutional infirmity of this denial renders it void and unenforceable, and Plaintiff is entitled to a declaration as to the denials' ineffectiveness and an order enjoining its enforcement.

54. As the action of the Department necessitated that Plaintiff retain the legal services of SIMON LAW, and incur fees and costs to bring this action, Plaintiff is also entitled to attorneys' fees and costs of suit.

SIXTH CLAIM FOR RELIEF

(Petition for Judicial Review)

55. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

56. The Department, in misinterpreting and incorrectly applying NRS 453D, NAC 453D and the related Nevada laws and regulations, has exceeded its jurisdiction by issuing "conditional" licenses to applicants that do not merit "conditional" licenses under NRS 453D, NAC 453D, and R092-17.

57. Plaintiff is aggrieved by the decision of the Department to deny Plaintiffs application without proper notice, substantial evidence, or compliance with NRS 453D, NAC 453D, R092-17, and other Nevada state laws or regulations.

58. There is no provision in NRS 453D, NAC 453D, or R092-17 allowing for an administrative appeal of the Department's decision, and apart from injunctive relief, no plain, speedy, and adequate remedy for the Department's improper actions.

59. Accordingly, Plaintiff petitions this Court for judicial review of the record on which the Department's denial was based, including but not limited to:

a. A determination that the decision lacked substantial evidence;

b. determination that the denial is void ab initio for non-compliance with NRS 453D, NAC 453D, R092-17, and other Nevada state laws or regulations; and

c. Other relief consistent with those determinations.

SEVENTH CLAIM FOR RELIEF

(Petition for Writ of Mandamus)

61. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

62. When a governmental body fails to perform an act "that the law requires" or acts in an arbitrary or capricious manner, a writ of mandamus shall issue to correct the action. Nev. Rev. Stat. § 34.160.

63. The Department failed to perform various acts that the law requires including but not limited to:

a. Providing proper pre-hearing notice of the denial; and

b. Arbitrarily and capriciously denying the application for no legitimate reason.

64. The Department acted arbitrarily and capriciously in the denial by performing or failing to perform the acts enumerated above and because, *inter alia*:

a. The Board lacked substantial evidence to deny the application; and

b. The Board denied the application solely to approve other competing applicants without regard to the merit of Plaintiffs' application.

c. The underlying data, basis and overall rankings of other competing applicants have been withheld from the public.

65. These violations of the Defendants' legal duties were arbitrary and capricious actions that compel this Court to issue a Writ of Mandamus directing the Department to review the application on its merits and/or approve it.

66. As a result of the Defendants' unlawful and arbitrary and capricious actions, Plaintiff has been forced to retain legal counsel to prosecute this action and is therefore also entitled to its damages, costs in this suit, and an award of attorneys' fees pursuant to NRS 34.270.

IV.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff prays for judgment as follows:

1. For declaratory relief as set forth above;

2. For a preliminary and permanent injunction enjoining the enforcement of the denial;

3. For judicial review of the record and history on which the denial was based;

4. For the issuance of a writ of mandamus;

5. For compensatory and special damages as set forth herein;

6. For attorneys' fees and costs of suit; and

7. For all other and further relief as the Court deems just and proper.

multiple bills governing the licensing, regulation, and operation of recreational marijuana establishments throughout the state.

7. Pursuant to Assembly Bill 422, the Department became the state agency for registering, licensing, and regulating marijuana establishments.

8. The Department issued a notice for the application period wherein the Department sought applications from qualified applicants to award recreational marijuana retail store licenses through various jurisdictions in Nevada.

9. The application process opened on September 7, 2018 and closed on September 20, 2018.

10. No later than December 5, 2018, the Department was required to issue conditional licenses to those applicants who scored and ranked high enough in each jurisdiction to be award an allocated license(s).

11. On September 20, 2018 Plaintiff submitted applications for five (5) recreational marijuana retail store licenses to own and operate recreational marijuana retail stores in Nevada.

12. On September 20, 2018 at approximately 2:42 p.m., Plaintiff's representative, Norma Vazquez ("Ms. Vazquez") called the Department and spoke to a Department representative, Lafey, to address the approaching application deadline.

13. Ms. Vazquez asked Lafey if she could drop off the applications at the Department's Henderson office located at 2550 Paseo Verde Pkwy., Ste. 180, Henderson, Nevada 89074, due to proximity to Plaintiff's office located in Southern Highlands and Lafey responded, "Yes."

14. At approximately 4:30 p.m., Ms. Vazquez arrived at the Department's Henderson office and was notified that the applications could only be accepted at the Las Vegas office.

15. With 30 minutes remaining to submit the applications and approximately 19 miles away during peak traffic, at approximately 4:35 p.m. Ms. Vazquez again called the Department and spoke to Lafey.

16. After informing Lafey that she gave Ms. Vazquez the incorrect information, Lafey apologized and stated Ms. Vazquez needed to drive to the Department's Las Vegas office.

17. In fear she would not make it to the Department's Las Vegas office by 5:00 p.m., at approximately 4:52 p.m. Ms. Vasquez called the Department and spoke with Lafey.

18. Ms. Vazquez remained on the phone with Lafey while driving to the Las Vegas office, pleading the importance of timely submitting the applications and how Lafey's misinformation caused the debacle.

19. While continuously on the phone with Lafey, at approximately 5:03 p.m. Ms. Vazquez arrived at the Las Vegas office and pleaded for Lafey to allow her to submit the applications and Lafey refused to accept the applications.

20. As an alternative, Lafey informed Ms. Vazquez that she could overnight the applications to the Department's Carson City office and that they would be accepted.

21. Lafey specifically instructed Ms. Vasquez to take the applications to the nearest FedEx and mail them, and that these application submissions were perfectly acceptable.

22. Ms. Vazquez could hear Lafey's supervisor speaking to her and giving her the FedEx instructions to relay to Ms. Vazquez.

23. Pursuant to the Department's instruction, Ms. Vazquez drove to the nearest FedEx office and overnighted the applications, flash drives, and a check for Twenty-Five Thousand 00/100 Dollars ($25,000.00) for the five (5) application fees.

24. The Department received the applications on September 21, 2018 at 8:30 a.m.

25. On December 5, 2018 Plaintiff received written correspondence from Jorge Pupo, the Deputy Executive Director of the Nevada Department of Taxation informing Plaintiff that its five (5) applications for retail marijuana store licenses were not considered.

26. Despite the Department failing to review Plaintiff's applications, Defendant cashed the $25,000.00 check for the five (5) applications.

27. The December 5, 2018 correspondence stated that Plaintiff's applications were not considered because of a failure to abide by Section 5.5 of the "Application and Packaging Instruction" ("Application Instructions").

28. Section 5.5.3 of the Department's Application Instructions required applications mailed in to one of the two Department offices to be postmarked by the United States Postal Service not later than September 20, 2018.

29. However, pursuant to Section 5.5.4, if an application is sent via a different delivery service, such as FedEx, and does not arrive at one of the two Department offices by 5:00 p.m. on September 20, 2018, the application will not be considered.

30. NRS § 238.100 refers to a post office, but not exclusively the United States Postal Service.

31. NRS § 238.100 states that if a filing or payment due to a state agency is mailed, then the date of the postmark is deemed the date of the filing.

32. To be considered timely filed, Plaintiff's applications must have been postmarked on or before September 20, 2018.

33. The Department's distinction between a postmark date sent via the United States Postal Service and private delivery courier service, such as FedEx, is arbitrary and capricious and contradicts NRS § 238.100.

34. As a direct and proximate result of the Department's failure to review the applications, Plaintiff's applications were not even considered to be issued a license and/or licenses. Plaintiff's applications should have been accepted for review by the Department and scored and ranked accordingly.

35. Plaintiff has been forced to hire an attorney to prosecute this action and therefore seeks recovery of attorneys' fees and costs.

FIRST CLAIM FOR RELIEF

(Declaratory Relief)

36. The allegations contained in the preceding paragraphs of this Complaint are incorporated herein by this reference.

37. A dispute has arisen, and actual controversy now exists between Plaintiff and Defendants, including DOES 1-10 and ROE CORPORATIONS 1-10, and each of them, as to their rights and liabilities with respect to the Department's Application Instructions, the Department's refusal to review Plaintiff's timely submitted applications, and Plaintiff's procedural and substantive due process rights protected under the Nevada and United States Constitution. Defendant disputes Plaintiff's claims. Therefore, an actual controversy exists relative to the legal duties and rights of the respective parties, which Plaintiff requests the Court to resolve.

38. The Department's actions and/or inactions have created an actual justiciable controversy ripe for judicial determination between Plaintiff and the Department with respect to the construction, interpretation, and implementation of NRS § 238.100.

39. All of the rights and obligations of the parties arose out of one series of events or happenings, all of which can be settled and determined in a judgment in this one action. Plaintiff alleges that an actual controversy exists between the parties under the circumstances alleged. A declaration of rights, responsibilities and obligations of the parties is essential to determine their respective obligations in connection with Plaintiff's five (5) applications for retail marijuana store licenses that were submitted timely and not considered. Plaintiff has not a true and speedy remedy at law of any kind.

40. Further, Plaintiff is entitled to an award of reasonable attorney fees and costs for having to obtain counsel in this matter to protect its rights and prosecute this matter.

SECOND CLAIM FOR RELIEF

(Injunctive Relief)

41. The allegations contained in the preceding paragraphs of this Complaint are incorporated herein by this reference.

42. The Department's flawed Application Instructions directly conflict with the Nevada legislatures intent in enacting NRS § 238.100. Further, the Department should be deemed stopped from enforcing the Application Instructions due to its specific instruction to Plaintiff to send the applications by FedEx which was relied upon by Plaintiff to its detriment. Any strict enforcement of the Application Instructions was also waived by the Department.

JENNINGS & FULTON, LTD.
2580 SORREL STREET
LAS VEGAS, NEVADA 89146
TELEPHONE 702 979 3565 ♦ FAX 702 362 2060

43. The refusal to review Plaintiff's applications in accordance with Nevada law constitutes irreparable harm to Plaintiff with no adequate remedy at law.

44. Plaintiff has a reasonable probability of success on the merits of its underlying claims.

45. Public interest favors Plaintiff because absent injunctive relief, the inconsistent Application Instructions will harm future applicants and ultimately result in the harm of the general public in legally purchasing recreational marijuana from businesses licensed on the merits of their applications.

46. Due to the immediate and ongoing damages that Plaintiff is sustaining by virtue of the Department's actions and/or inactions, immediate injunctive relief is necessary and appropriate.

47. Therefore, Plaintiff is entitled to preliminary injunctive relief, requiring the Department to review Plaintiff's applications on their merits and based on a favorable score and rank of Plaintiff's applications, and for the Court to order the Department to issue "conditional" license(s) to Plaintiff in accordance with NRS § 453D, NAC § 453D, and R092-17.

THIRD CLAIM FOR RELIEF

(Violation of Procedural Due Process)

48. The allegations contained in the preceding paragraphs of this Complaint are incorporated herein by this reference.

49. The procedures employed by the Department in refusing to review Plaintiff's applications have deprived Plaintiff of due process of law as guaranteed by the Nevada Constitution and the United States Constitution. Further, the Department should be deemed stopped from enforcing the Application Instructions due to its specific instruction to Plaintiff to send the applications by FedEx which was relied upon by

Plaintiff to its detriment. Any strict enforcement of the Application Instructions was also waived by the Department.

50. The process the Department used refusing to review Plaintiff's applications failed to provide Plaintiff a meaningful opportunity to be heard at a pivotal juncture in the application process and was fundamentally unfair and violates the due process requirements of the Nevada Constitution and the United States Constitution.

51. The Department's application deadline requirements render the refusal to review Plaintiff's applications void and unenforceable, and Plaintiff is entitled to a declaration as to the Department's decision as ineffective and to issue an order enjoining its enforcement.

52. Plaintiff is also entitled to damages for the aforementioned due process violations.

53. Further, Plaintiff is entitled to an award of reasonable attorney fees and costs for having to obtain counsel in this matter to protect its rights and prosecute this matter.

FOURTH CLAIM FOR RELIEF

(Violation of Substantive Due Process)

54. The allegations contained in the preceding paragraphs of this Complaint are incorporated herein by this reference.

55. The procedures employed by the Department in refusing to review Plaintiff's applications have deprived Plaintiff of its substantive due process rights guaranteed by the Nevada Constitution and the United States Constitution. Further, the Department should be deemed stopped from enforcing the Application Instructions due to its specific instruction to Plaintiff to send the applications by FedEx which was relied

upon by Plaintiff to its detriment. Any strict enforcement of the Application Instructions was also waived by the Department.

56. The process the Department used refusing to review Plaintiff's applications failed to provide Plaintiff a meaningful opportunity to be heard at a pivotal juncture in the application process and was fundamentally unfair and violates the due process requirements of the Nevada Constitution and the United States Constitution.

57. The Department's application deadline requirements render the refusal to review Plaintiff's applications void and unenforceable, and Plaintiff is entitled to a declaration as to the Department's decision as ineffective and to issue an order enjoining its enforcement.

58. Plaintiff is also entitled to damages for the aforementioned substantive due process violations.

59. Further, Plaintiff is entitled to an award of reasonable attorney fees and costs for having to obtain counsel in this matter to protect its rights and prosecute this matter.

FIFTH CLAIM FOR RELIEF

(Petition of Judicial Review)

60. The allegations contained in the preceding paragraphs of this Complaint are incorporated herein by this reference.

61. The Department has improperly applied the Application Instructions conflicting with NRS § 238.100, and as a result, the Department has refused to review Plaintiff's applications.

62. Plaintiff is aggrieved by the decision of the Department to deny Plaintiff's applications without proper notice, compliance with NRS § 238.100, and other Nevada laws and regulations.

63. NRS § 453D, NAC § 453D, and R092-17 do not contain provisions for an administrative appeal of the Department's decision, and apart from filing the present action, Plaintiff has no adequate remedy for the Department's arbitrary and capricious actions.

64. Plaintiff petitions this Court for judicial review of the Department's refusal to review Plaintiff's applications.

65. Further, Plaintiff is entitled to an award of reasonable attorney fees and costs for having to obtain counsel in this matter to protect its rights and prosecute this matter.

SIXTH CLAIM FOR RELIEF

(Petition for Writ of Mandamus)

66. The allegations contained in the preceding paragraphs of this Complaint are incorporated herein by this reference.

67. The Department failed to perform an act that the law requires and/or acted in an arbitrary and capricious manner, requiring Plaintiff to petition a writ of mandamus to correct the action.

68. The Department failed to comply with the requirements of NRS § 238.100 when implementing and enforcing the application deadlines for the aforementioned licenses.

69. The Department's violation of its legal duties were arbitrary and capricious actions that compel this Court to issue a Writ of Mandamus directing the Department to review Plaintiff's applications on their merits.

70. As a result of the Department's unlawful and arbitrary and capricious actions, Plaintiff has been forced to obtain counsel in this matter to protect its rights and

prosecute this matter and is entitled to its damages, costs in this suit, and an award of attorneys' fees pursuant to NRS § 34.270.

PRAYER FOR RELIEF

WHEREFORE, the Plaintiff prays for judgment as follows:

1. For a declaration of rights and obligations as between Plaintiff and Defendant;

2. For a preliminary injunction relief, requiring the Department to review Plaintiff's applications on their merits;

3. For judicial review of the Department's refusal to review Plaintiff's applications;

4. For the issuance of a writ of mandamus;

5. For entry of an order compelling Defendants to pay Plaintiff's costs and attorneys' fees; and

6. For such other and further relief as the Court may deem just and proper.

GENERAL ALLEGATIONS

16. The Nevada State Legislature passed a number of bills during the 2017 legislative session that affected the licensing, regulation, and operation of recreational marijuana establishments in the state of Nevada. One of those bills, Assembly Bill 422, transferred responsibility for the registration, licensing, and regulation of marijuana establishments from the State of Nevada's Division of Public and Behavioral Health to the Department of Taxation.

17. This legislation was added to the the voters' approval at the 2016 General Election of 2016 initiative petition, Ballot Question No. 2; is known as the "Regulation and Taxation of Marijuana Act"; and is codified at NRS 453D.010, *et seq*.Nevada Revised Statutes ("NRS") pursuant to

18. NRS 453D.020 (Findings and declarations) provides:

> "1. In the interest of public health and public safety, and in order to better focus state and local law enforcement resources on crimes involving violence and personal property, the People of the State of Nevada find and declare that the use of marijuana should be legal for persons 21 years of age or older, and its cultivation and sale should be regulated similar to other legal businesses.
>
> 2. The People of the State of Nevada find and declare that the cultivation and sale of marijuana should be taken from the domain of criminals and be regulated under a controlled system, where businesses will be taxed and the revenue will be dedicated to public education and the enforcement of the regulations of this chapter.
>
> 3. The People of the State of Nevada proclaim that marijuana should be regulated in a manner similar to alcohol so that:
>
> (a) Marijuana may only be purchased from a business that is licensed by the State of Nevada;
>
> (b) Business owners are subject to a review by the State of Nevada to confirm that the business owners and the business location are suitable to produce or sell marijuana;

(c) Cultivating, manufacturing, testing, transporting and selling marijuana will be strictly controlled through state licensing and regulation;

(d) Selling or giving marijuana to persons under 21 years of age shall remain illegal;

(e) Individuals will have to be 21 years of age or older to purchase marijuana;

(f) Driving under the influence of marijuana will remain illegal; and

(g) Marijuana sold in the State will be tested and labeled."

19. NRS 453D.200 (Duties of Department relating to regulation and licensing of marijuana establishments; information about consumers) provides:

> "1. Not later than January 1, 2018, the Department shall adopt all regulations necessary or convenient to carry out the provisions of this chapter. The regulations must not prohibit the operation of marijuana establishments, either expressly or through regulations that make their operation unreasonably impracticable. The regulations ***shall*** include:
>
> (a) Procedures for the issuance, renewal, suspension, and revocation of a license to operate a marijuana establishment;
>
> (b) ***Qualifications for licensure that are directly and demonstrably related to the operation of a marijuana establishment***;
>
> ....
>
> 2. The Department ***shall*** approve or deny applications for licenses ***pursuant to NRS 453D.210***" (emphasis added).

20. NRS 453D.210 (Acceptance of applications for licensing; priority in licensing; conditions for approval of application; limitations on issuance of licenses to retail marijuana stores; competing applications), in turn, provides, in pertinent part:

> "4. Upon receipt of a complete marijuana establishment license application, the Department ***shall, within 90 days***:
>
> (a) ***Issue the appropriate license if the license application is approved.***
>
> 5. The Department ***shall approve a license application if***:
>
> (a) The prospective marijuana establishment has submitted an application in compliance with regulations adopted by the Department and the application fee required pursuant to NRS 453D.2;
>
> 6. When competing applications are submitted for a proposed retail marijuana store within a single county, the Department ***shall*** use an ***impartial and numerically scored competitive bidding process*** to determine which application or applications among those competing will be approved" (emphasis added).

21. According to an August 16, 2018 letter from the Department, pursuant to Section 80(3) of Adopted Regulation of the Department of Taxation, LCB File No. R092-17 ("R092-17"), the Department was responsible for allocating the licenses of recreational marijuana retail stores "to jurisdictions within each county and to the unincorporated area of the county proportionally based on the population of each jurisdiction and of the unincorporated area of the county."

22. The Department issued a notice for an application period wherein the Department sought applications from qualified applicants to award sixty-four (64) recreational marijuana retail store licenses throughout various jurisdictions in Nevada.

23. The application period for those licenses, including thirty-one (31) licenses in Clark County, seven (7) licenses in Washoe County and one (1) license in Nye County, opened on September 7, 2018 and closed on September 20, 2018.

24. Pursuant to Section 6.2 of the Recreational Marijuana Establishment License Application ("the Application") issued by the Department, as enabled under the above-quoted provisions of NRS 453D.210, if the Department received more than one application for a license for a recreational marijuana retail store and the Department determined that more than one of the applications was complete and in compliance with R092-17, Sec. 78 and NRS 453D, the Department was required to rank the applications within each applicable locality for any applicants in a jurisdiction that limits the number of retail marijuana stores in order from first to last, with ranking being based on compliance with the provisions of R092-17 Sec. 80, NRS 453D and on the content of the applications relating to the following specifically-enumerated and objective published criteria:

a. Operating experience of another kind of business by the owners, officers or board members that has given them experience which is applicable to the operation of a marijuana establishment.

b. Diversity of the owners, officers or board members.

c. Evidence of the amount of taxes paid and other beneficial financial contributions.

d. Educational achievements of the owners, officers or board members.

e. The applicant's plan for care, quality and safekeeping of marijuana from seed to sale.

f. The financial plan and resources of the applicant, both liquid and illiquid.

g. The experience of key personnel that the applicant intends to employ.

h. Direct experience of the owners, officers, or board members of a medical marijuana establishment or marijuana establishment in this State.

25. However, no numerical scoring values are assigned to any of the foregoing criteria enumerated in the Application.

26. Moreover, Section 6.3 of the Application further provides that "[a]pplications that have not demonstrated a sufficient response related to the criteria set forth above will not have ***additional [unspecified, unpublished] criteria*** considered in determining whether to issue a license ***and will not move forward in the application process***" (emphasis added).

27. Thus, by necessary implication, conversely, Section 6.3 of the Application textually subjects an Application which *has* in fact demonstrated a "sufficient" response related to the specific, published criteria set forth above to "***additional [unspecified, unpublished] criteria,***" consideration of which by the Department will determine whether or not a license is issued and whether or not a license Application will "***move forward in the application process,*** notwithstanding the textual requirement of NRS 453 D. 200.1(b) that the Department shall adopt only regulations that prescribe "[q]ualifications for licensure that are directly and ***demonstrably*** related to the operation of a marijuana establishment" (emphasis added).

28. No later than December 5, 2018, the Department was responsible for issuing conditional licenses to those applicants who score and rank high enough in each jurisdiction to be awarded one of the allocated licenses in accordance with the impartial competitive bidding process mandated by NRS 453D.210.

29. The Department allocated ten (10) licenses for unincorporated Clark County, Nevada; ten (10) licenses for Las Vegas, Nevada; six (6) licenses for Henderson, Nevada; five (5) licenses for North Las Vegas, Nevada; six (6) licenses for Reno, Nevada; one (1) license for Sparks, Nevada; and one (1) license for Nye County, Nevada.

30. Plaintiffs submitted Applications for licenses to own and operate recreational marijuana retail stores in compliance with the specified, published requirements of Department regulations together with the required application fee in accordance with NRS 453D.210.

31. Plaintiffs have been informed by the Department that all of their Applications to operate recreational marijuana retail stores were denied.

32. In each instance, Plaintiffs were informed by letter from the Department stating that a license was not granted to the applicant "because it did not achieve a score high enough to receive an available license."

33. On information and belief, Plaintiffs allege that the Department's denial of their license applications was not properly based upon actual implementation of the impartial and objective competitive bidding process mandated by NRS 453D.210, but rather, was in fact based upon the arbitrary and capricious exercise of administrative partiality and favoritism.

34. On information and belief, Plaintiffs allege conversely that that the Department improperly granted licenses to other competing applicants, likewise without actual implementation of the impartial and objective competitive bidding process mandated by NRS 453D.210, but rather, based upon the arbitrary and capricious exercise of administrative partiality and favoritism.

35. On information and belief, Plaintiffs allege that the Department has improperly granted more than one recreational marijuana store license per jurisdiction to certain applicants, owners, or ownership groups.

CLAIMS FOR RELIEF

FIRST CLAIM FOR RELIEF
(Violation of Civil Rights)

(Due Process: Deprivation of Property)

(U.S. Const., Amendment XIV; Nev. Const., Art. 1, Sec. 1, 8; Title 42 U.S.C. § 1983)

36. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth herein.

37. The provisions of NRS 453D.200.2 and NRS 453D.210.4-6, affirmatively mandating that the Department "shall" approve and issue the appropriate license within a time certain if the prospective establishment submits an Application in compliance with published Department regulations promulgated in accordance with the limitations imposed by NRS 453. D.200.1(b) together with the required application fee; and, in the case of competing Applications, outranks competing applicants in accordance with an objective, impartial and numerically scored competitive bidding process, serve to create, as a matter of legislative intent, a *statutory entitlement* to receipt of the license by applicants who comply with and prevail competitively in accordance with those objective and impartial standards and procedures.

38. Such a statutory entitlement constitutes a "property interest" within the meaning and subject to the due process protections of the Fourteenth Amendment to the Constitution of the United States and Article 1, Sections 1 and 8 of the Constitution of the State of Nevada; and therefore, by definition, may not be denied arbitrarily, capriciously, corruptly or based upon administrative partiality or favoritism.

39. However, acting under color of state law, the Department has effectively nullified and rendered illusory the legislative statutory entitlement to licensure of applicants who comply with and prevail competitively in accordance with the objective and impartial standards and procedures prescribed by the provisions of NRS 453D.200.2 and NRS 453D.210.4-6, by textually subjecting an Application which in fact provides "sufficient" responses related to the published, enumerated and specific criteria set forth in the Application to approval pursuant to further, unpublished, unspecified and unascertainable "additional criteria" which are not set forth therein, as a silent supplemental condition of licensure, thereby rendering the administrative regulation governing the Application and licensing process susceptible to *ad hoc,* non-transparent, arbitrary, capricious or corrupt decision-making based upon administrative partiality or favoritism which cannot be discounted; thereby rendering that regulatory scheme unconstitutional on its face.

40. On information and belief, Plaintiffs further allege that pursuant to the implementation of the foregoing constitutionally-repugnant licensing process, the denial of their

Applications for licensure, were in fact affected by actual arbitrary, capricious or corrupt decision-making based upon administrative partiality or favoritism; and therefore, that that licensing process has thereby been rendered unconstitutional in its application as well as to Plaintiffs.

41. Plaintiffs have therefore been deprived of property without due process under color of state law in violation of the Fourteenth Amendment to the Constitution of the United States and Article 1, Sections 1 and 8 of the Constitution of the State of Nevada.

42. The Constitutional infirmity of the entire licensing process renders the denial of Plaintiffs' Applications for licensure void and unenforceable, and Plaintiffs are entitled to a declaration as to the ineffectiveness thereof and an order enjoining the enforcement of those license denials.

43. Plaintiffs are entitled to declaratory relief with respect to the forgoing federal constitutional infirmities of the administrative licensing scheme pursuant to the provisions of Title 42, United States Code ("U.S.C."), Section 1983 and otherwise.

44. Plaintiffs are entitled to declaratory relief because a justiciable controversy exists that warrants a declaratory judgment pursuant to Nevada's Uniform Declaratory Judgments Act, codified at NRS 30.010 to 30.160, inclusive.

45. Plaintiffs and Defendant have adverse and/or competing interests in that the Department, through its Marijuana Enforcement Division, has denied Plaintiffs' Applications in in violation of Plaintiff's constitutional rights, Nevada law, and state policy.

46. The Department's refusal to issue licenses to Plaintiffs affects Plaintiffs' rights under NRS 453D, NAC 453D, R092-17, and other Nevada laws and regulations.

47. Further, the Department's improper ranking of other applicants for licensure and subsequent, improper issuance of licenses to such other applicants adversely affects the rights of Plaintiff under NRS 453D, NAC 453D, R09217, and other Nevada laws and regulations.

48. The Department's actions and/or inactions also have created an actual justiciable controversy ripe for judicial determination between Plaintiffs and the Department with respect to the construction, interpretation, and implementation of NRS 453D, NAC 453D, and R092-17,

Gentile Cristalli
Miller Armeni Savarese

and Plaintiffs have been harmed, and will continue to be harmed, by the Defendants' actions and/or inactions.

49. The Department's actions and/or inactions have further failed to appropriately address the necessary considerations and legislative intent of NRS 453D.210, designed to restrict monopolies.

50. Accordingly, Plaintiff seeks a declaration from this Court that, *inter alia*:

a. The Department improperly denied Plaintiffs' license Applications for the operation of a recreational marijuana establishment.

b. The denial of such licenses to Plaintiffs was void *ab initio*;

c. The procedures employed in denying Plaintiffs' license Applications violated Plaintiffs' procedural and substantive due process rights and entitlement to equal protection of the law (as set forth *infra*) under the Nevada and United States Constitutions and, therefore, those license denials are void and unenforceable;

d. The denials are void for vagueness and therefore unenforceable;

e. Defendant acted arbitrarily and capriciously or in contravention of a legal duty and Plaintiffs are therefore entitled to a writ of mandamus;

f. Plaintiffs are entitled to judicial review; and

g. The Department's denial of Plaintiffs' license Applications lacked substantial evidence.

51. Plaintiffs also seek a declaration from this Court that the Department must issue licenses to Plaintiffs for the operation of a recreational marijuana establishment as applied for in that Plaintiffs' would have been entitled to receive said licenses had the Department properly applied the provisions of NRS 453D, NAC Chapter 453D, and R092-17.

52. Plaintiffs contend that a declaratory judgment is both necessary and proper at this time for the Court to determine the respective rights, duties, responsibilities and liabilities of Plaintiffs under NRS 453D, NAC Chapter 453D, R092-17, and other Nevada laws and regulations.

53. Plaintiffs are also entitled to injunctive relief from the foregoing federal constitutional violations pursuant to the provisions of 42 U.S.C. Section 1983 and otherwise.

54. The Department's flawed interpretation of the provisions of NRS 453D, NAC Chapter 453D, and R092-17, and refusal to issue "conditional" licenses in accordance with the law constitute and cause continuing and irreparable harm to Plaintiffs, who have no adequate remedy at law.

55. The purpose of this administrative refusal was and is to unreasonably interfere with Plaintiffs' business and cause Plaintiffs to suffer irreparable harm.

56. The Department will suffer no harm by following the law with respect to issuing the licenses in question.

57. The Department's interpretation of NRS 453D, NAC Chapter 453D, and R092-17 is flawed and Plaintiffs are likely to succeed on the merits in this litigation.

58. The public interest favors Plaintiffs because in the absence of injunctive relief, the consumers who would have benefitted by Plaintiffs' licensure will have less available options from which they can receive recreational marijuana in accordance with legislative intent.

59. Therefore, Plaintiffs are entitled to preliminary injunctive relief, and after a trial on the merits, permanent injunctive relief, ordering the Department to issue the subject licenses to Plaintiffs in accordance with NRS 453D, NAC 453D, and R092-17.

60. Plaintiffs are also entitled to damages attributable to the above-identified due process violations pursuant to the provisions of 42 U.S.C. Section 1983 and otherwise.

61. As the actions of the Department have necessitated that Plaintiffs retain the legal services of Gentile Cristalli Miller Armeni Savarese, and incur fees and costs to bring this action, Plaintiffs are also entitled to an award of attorneys' fees and costs of suit.

SECOND CLAIM FOR RELIEF
(Violation of Civil Rights)

(Due Process: Deprivation of Liberty)

(U.S. Const., Amendment XIV; Nev. Const., Art. 1, Sec. 1, 8; Title 42 U.S.C. § 1983)

63. The fundamental constitutional right to pursue a lawful occupation constitutes a "liberty interest" within the meaning and subject to the due process protections of the Fourteenth Amendment to the Constitution of the United States and Article 1, Sections 1 and 8 of the Constitution of the State of Nevada; and therefore, by definition, may not be denied arbitrarily, capriciously, corruptly or based upon administrative partiality or favoritism.

64. However, acting under color of state law, the Department has effectively nullified and rendered illusory the legislative statutory entitlement to licensure of applicants who comply with and prevail competitively in accordance with the objective and impartial standards and procedures prescribed by the provisions of NRS 453D.200.2 and NRS 453D.210.4-6, by textually subjecting an Application which in fact provides "sufficient" responses related to the published, enumerated and specific criteria set forth in the Application to approval pursuant to further, unpublished, unspecified and unascertainable "additional criteria" which are not set forth therein, as a silent supplemental condition of licensure, in violation of NRS 200.D.1(b) thereby rendering the administrative regulation governing the Application and licensing process susceptible to *ad hoc,* non-transparent, arbitrary, capricious or corrupt decision-making based upon administrative partiality or favoritism which cannot be discounted; thereby rendering that regulatory scheme unconstitutional on its face. ,

65. On information and belief, Plaintiffs further allege that the pursuant to the implementation of the foregoing constitutionally-repugnant licensing process, the denial of their Applications for licensure, were in fact affected by actual arbitrary, capricious or corrupt decision-making based upon administrative partiality or favoritism; and therefore, that that licensing process has thereby been rendered unconstitutional in its application as well.

66. Plaintiffs have therefore likewise been deprived of liberty without due process under color of state law in violation of the Fourteenth Amendment to the Constitution of the United States and Article 1, Sections 1 and 8 of the Constitution of the State of Nevada.

67. The Constitutional infirmity of the entire licensing process renders the denial of Plaintiffs' Applications for licensure void and unenforceable, and, for the reasons set forth supra in Plaintiffs' FIRST CAUSE OF ACTION at paragraphs 30 through 47, inclusive, Plaintiffs are

entitled to a declaration as to the ineffectiveness thereof and an order enjoining the enforcement of those license denials.

68. Plaintiffs are also entitled to damages for these due process violations pursuant to the provisions of 42 U.S.C. Section 1983 and otherwise.

69. As the actions of the Department have necessitated that Plaintiffs retain the legal services of Gentile Cristalli Miller Armeni Savarese, and incur fees and costs to bring this action, Plaintiffs are also entitled to an award of attorneys' fees and costs of suit.

THIRD CLAIM FOR RELIEF

(Violation of Civil Rights)

(Equal Protection)

(U.S. Const., Amendment XIV; Nev. Const., Art. 1, Sec. 1; Title 42 U.S.C. § 1983)

70. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth herein.

71. By improperly denying Plaintiffs' Applications for licensure under the provisions of NRS 453D.200.2 and NRS 453D.210.4-6 while improperly granting the Applications of other applicants under color of state law as set forth *supra* in Plaintiffs' FIRST CAUSE OF ACTION and SECOND CAUSE OF ACTION, the Department has, without justification, disparately treated Plaintiffs' Applications absent rational basis, and has thereby violated Plaintiffs' rights to equal protection of the law as guaranteed by the Fourteenth Amendment to the Constitution of the United States and Article 1, Section 1 of the Constitution of the State of Nevada.

72. The constitutional infirmity of the entire licensing process and the resulting denial of equal protection renders the denial of Plaintiffs' Applications for licensure void and unenforceable, and, for the reasons set forth supra in Plaintiffs' FIRST CAUSE OF ACTION at paragraphs 30 through 47, inclusive, Plaintiffs are entitled to a declaration as to the ineffectiveness thereof and an order enjoining the enforcement of those license denials.

73. Plaintiffs are also entitled to damages for these equal protection violations pursuant to the provisions of 42 U.S.C. Section 1983 and otherwise.

Plaintiffs are also entitled to an award of attorneys' fees and costs of suit.

FOURTH CLAIM FOR RELIEF

(Petition for Judicial Review)

75. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth herein.

76. The Department, in misinterpreting and incorrectly applying the provisions of NRS 453D, NAC 453D and the related Nevada laws and regulations, has exceeded its jurisdiction by improperly issuing licenses to applicants that do not merit licenses under the provisions of NRS 453D, NAC 453D, and R092-17.

77. Plaintiffs are aggrieved by the decision of the Department to deny Plaintiffs' Applications without proper notice, substantial evidence, or compliance with NRS 453D, NAC 453D, R092-17, and other Nevada state laws or regulations.

78. There is no provision in NRS 453D, NAC 453D, or R092-17 allowing for an administrative appeal of the Department's decision, and apart from injunctive relief, no plain, speedy, and adequate remedy for the Department's improper actions.

79. Accordingly, Plaintiff petitions this Court for judicial review of the record on which the Department's denials were based, and an order providing *inter alia*:

a. A determination that the decision lacked substantial evidence;

b. A determination that the denials are void *ab initio* for non-compliance with NRS 453D, NAC 453D, R092-17, and other Nevada laws or regulations; and

c. Such other relief as is consistent with those determinations.

80. As the actions of the Department have necessitated that Plaintiffs retain the legal services of Gentile Cristalli Miller Armeni Savarese, and incur fees and costs to bring this action, Plaintiffs are also entitled to an award of attorneys' fees and costs of suit.

FIFTH CLAIM FOR RELIEF

(Petition for Writ of Mandamus)

81. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth herein.

82. When a governmental body fails to perform an act "that the law requires" or acts

Gentile Cristalli
Miller Armeni Savarese

(702) 880-0000

in an arbitrary or capricious manner, a writ of mandamus shall issue to correct the action. Nev. Rev. Stat. § 34.160.

83. The Department has failed to perform various acts that the law requires including but not limited to:

a. Providing proper pre-hearing notice of the denial; and

b. Arbitrarily and capriciously denying the applications for no legitimate reason.

84. The Department acted arbitrarily and capriciously in the denial by performing and/or failing to perform the acts set forth *supra*, and because, *inter alia:*

a. The Board lacked substantial evidence to deny Plaintiffs' Applications; and

b. The Board denied Plaintiffs' Applications in order to approve the Applications of other competing applicants without regard to the merit of Plaintiffs' Applications and the lack of merit of the Applications of other competing applicants.

85. These violations of the Defendants' legal duties were arbitrary and capricious actions that compel this Court to issue a Writ of Mandamus directing the Department to review Plaintiffs' Applications on their merits and/or approve them.

86. As a result of the Defendants' unlawful and arbitrary and capricious actions, Plaintiff has been forced to retain legal counsel to prosecute this action and is therefore also entitled to its damages, costs in this suit, and an award of attorneys' fees pursuant to NRS 34.270.

PRAYER FOR RELIEF

WHEREFORE, PLAINTIFFS pray for relief as follows:

1. For declaratory relief as set forth above;

2. For a preliminary and permanent injunction enjoining the enforcement of the denial of their Applications for licensure;

3. For judicial review of the record and history on which the denial of those Applications was based;

4. For the issuance of a writ of mandamus;

6. For attorneys' fees and costs of suit; and

7. For all other and further relief as the Court deems just and proper.

GENERAL ALLEGATIONS

17. Plaintiffs incorporate and reallege Paragraphs 1 through 16 as though fully set forth herein.

The Statutory Scheme Governing Retail Marijuana Licenses

18. In or around November 2016, the citizens of the State of Nevada approved a statutory ballot initiative that, *inter alia*, legalized the recreational use of marijuana and allowed for the licensing of recreational marijuana dispensaries.

19. The statutory scheme approved by the voters was codified in NRS Chapter 453D and vested authority for the issuance of licenses for retail marijuana dispensaries in the DOT.

20. NRS 453D.210 required the DOT to accept applications and issue licenses only to medical marijuana establishments for 18 months following the date upon which the DOT began to receive applications for recreational dispensaries (the "Early Start Program").

21. Upon information and belief, the DOT began to accept applications for recreational dispensary licenses on or around May 15, 2017.

22. Beginning upon the expiration of the Early Start Program (or on or around November 15, 2018), the DOT was to receive and consider applications for a recreational dispensary license from any applicant.

23. The DOT released the application package for non-Early Start Program applicants on July 6, 2018 and required those applications to be returned in complete form between September 7 and September 20, 2018. A true and correct copy of the application package is attached hereto as **Exhibit 1**.

702.382.2101

24. NRS 453D.210(d)(1) limits the number of retail marijuana licenses in Clark County to a total of 80.

25. However, NRS 453D.210(d)(5) provides that Clark County may request that the DOT issue retail marijuana licenses above the limit set forth in NRS 453D.210(d)(5).

26. As mandated by NRS 453D.210(6), "[w]hen competing applications are submitted for a proposed retail marijuana store within a single county, the Department **shall use an impartial and numerically scored competitive bidding process** to determine which application or applications among those competing will be approved."

27. On or around January 16, 2018, the DOT adopted regulations governing the issuance, suspension, or revocation of retail marijuana licenses in LCB File No. R092-17 (the "Regulations"). A true and correct copy of the Regulations is attached hereto as **Exhibit 2.**[1]

28. Section 80 of the Regulations relates to the DOT's method of evaluating competing retail marijuana license applications.

29. Section 80(1) of the Regulations provides that where the DOT receives competing applications, it will "rank the applications...in order from first to last based on compliance with the provisions of this chapter and chapter 453D of NRS and on the content of the applications relating to" several enumerated factors.

30. The factors set forth in Section 80(1) of the Regulations that are used to rank competing applications (collectively, the "Factors") are:

a. Whether the owners, officers or board members have experience operating another kind of business that has given them experience which is applicable to the operation of a marijuana establishment;

b. The diversity of the owners, officers or board members of the proposed marijuana establishment;

c. The educational achievements of the owners, officers or board members of the proposed marijuana establishment;

[1] The Regulations have been adopted but have yet to be codified in the Nevada Administrative Code.

d. The financial plan and resources of the applicant, both liquid and illiquid;

e. Whether the applicant has an adequate integrated plan for the care, quality and safekeeping of marijuana from seed to sale;

f. The amount of taxes paid and other beneficial financial contributions, including, without limitation, civic or philanthropic involvement with this State or its political subdivisions, by the applicant or the owners, officers or board members of the proposed marijuana establishment;

g. Whether the owners, officers or board members of the proposed marijuana establishment have direct experience with the operation of a medical marijuana establishment or marijuana establishment in this State and have demonstrated a record of operating such an establishment in compliance with the laws and regulations of this State for an adequate period of time to demonstrate success;

h. The experience of key personnel that the applicant intends to employ in operating the type of marijuana establishment for which the applicant seeks a license; and

i. Any other criteria that the DOT determines to be relevant.

31. Aside from the Factors, there is no other competitive bidding process used by the DOT to evaluate competing applications.

32. Section 80(5) of the Regulations provides that the DOT will not issue more than one retail marijuana license to the same person, group of persons, or entity.

Plaintiffs' Arbitrary Denial of Retail Marijuana Licenses

33. Each of the Plaintiffs submitted an Application for issuance of a retail marijuana license after the expiration of the Early Start Program during the period specified by the DOT.

34. On or around December 5, 2018, each of the Plaintiffs' Applications was denied by identical written notices issued by the DOT.

35. Each of the written notices from the DOT stated that "NRS 453D.210 limits the total number of licenses that can be issued in each local jurisdiction. This applicant was not issued

a conditional license because it did not achieve a score high enough to receive an available license..."

36. Upon information and belief, the DOT utilized the Factors in evaluating each of the Applications, assigning a numerical score to each Factor.

37. Upon information and belief, the DOT issued multiple licenses to the same entity or group of persons to the exclusion of other applicants, including Plaintiffs.

FIRST CLAIM FOR RELIEF

Violation of Substantive Due Process

38. Plaintiffs incorporate and reallege Paragraphs 1 through 37 as though fully set forth herein.

39. The Fourteenth Amendment to the United States Constitution provides that "no state [may] deprive any person of life, liberty, or property, without due process of law."

40. Similarly, Article 1, Section 8 of the Nevada Constitution provides that "[n]o person shall be deprived of life, liberty, or property, without due process of law."

41. Plaintiffs are persons within the meaning of the United States and Nevada Constitutions' guarantees of due process.

42. Retail marijuana licenses constitute protectable property interests under the Nevada and United States Constitutions.

43. The denials of Plaintiffs' Applications were based upon the Factors.

44. The Factors are arbitrary, irrational, and lack impartiality.

45. As a result of the DOT's use of the Factors in denying Plaintiffs' Applications, Plaintiffs have been deprived of their fundamental property rights in violation of the substantive due process guarantees of the Nevada and United States Constitutions.

46. As a direct and proximate result of the DOT's constitutional violations, as set forth hereinabove, Plaintiffs have sustained damages in an amount in excess of $15,000.00.

47. Plaintiffs have been forced to retain counsel to prosecute this action and are thus entitled to an award of attorneys' fees and costs as provided by applicable law.

SECOND CLAIM FOR RELIEF

Violation of Procedural Due Process

48. Plaintiffs incorporate and reallege Paragraphs 1 through 47 as though fully set forth herein.

49. The Fourteenth Amendment to the United States Constitution provides that "no state [may] deprive any person of life, liberty, or property, without due process of law."

50. Similarly, Article 1, Section 8 of the Nevada Constitution provides that "[n]o person shall be deprived of life, liberty, or property, without due process of law."

51. Plaintiffs are persons within the meaning of the United States and Nevada Constitutions' guarantees of due process.

52. Retail marijuana licenses constitute protectable property interests under the Nevada and United States Constitutions.

53. NRS 453D, in conjunction with the Regulations, govern the application for and the issuance of retail marijuana licenses within the State of Nevada.

54. Under those provisions, the DOT denied Plaintiffs' Applications for a retail marijuana license without notice or a hearing.

55. Neither NRS 453D nor the Regulations require the DOT to provide Plaintiffs with notice of denial of their Applications prior to the effectiveness of the same.

56. Neither NRS 453D nor the Regulations provide for a mechanism through which Plaintiffs may have their Applications fully and finally determined, either before or after denial of the same.

57. As a result of the denial of Plaintiffs' Applications without notice or a hearing, Plaintiffs have been denied their right to procedural due process guaranteed by the Nevada and United States Constitutions.

58. As a direct and proximate result of the DOT's constitutional violations, as set forth hereinabove, Plaintiffs have sustained damages in an amount in excess of $15,000.00.

59. Plaintiffs have been forced to retain counsel to prosecute this action and are thus entitled to an award of attorneys' fees and costs as provided by applicable law.

THIRD CLAIM FOR RELIEF

Violation of Equal Protection

60. Plaintiffs incorporate and reallege Paragraphs 1 through 59 as though fully set forth herein.

61. The Fourteenth Amendment to the United States Constitution provides that no "state [may]...deny to any person within its jurisdiction the equal protection of the laws."

62. Similarly, Article 4, Section 21 of the Nevada Constitution requires that all laws be "general and of uniform operation throughout the State."

63. Plaintiffs are persons within the meaning of the Nevada and United States Constitutions' guarantees of equal protection.

64. The DOT utilized the Factors when evaluating Plaintiffs' Applications.

65. As applied to Plaintiffs' Applications, the Factors affect Plaintiffs' fundamental property rights and interests.

66. The Factors contain arbitrary, partial, and unreasonable classifications that bear no rational relationship to a legitimate governmental interest.

67. The Factors contain arbitrary, partial, and unreasonable classifications that are not narrowly tailored to the advancement of any compelling interest.

68. The application of the Factors to Plaintiffs' Applications violated Plaintiffs' rights to equal protection of the law.

69. As a direct and proximate result of the DOT's constitutional violations, as set forth hereinabove, Plaintiffs have sustained damages in an amount in excess of $15,000.00.

70. Plaintiffs have been forced to retain counsel to prosecute this action and are thus entitled to an award of attorneys' fees and costs as provided by applicable law.

FOURTH CLAIM FOR RELIEF

Declaratory Judgment

71. Plaintiffs incorporate and reallege Paragraphs 1 through 70 as though fully set forth herein.

72. Under NRS 30.010, *et seq.*, the Uniform Declaratory Judgment Act, any person

BROWNSTEIN HYATT FARBER SCHRECK, LLP

whose rights, status or other legal relations are affected by a statute, municipal ordinance, contract or franchise, may have determined any question of construction or validity arising under the instrument, statute, ordinance, contract or franchise and obtain a declaration of rights, status or other legal relations thereunder.

73. The DOT enacted the Regulations, including the Factors and Section 80(5) of the Regulations, pursuant to NRS 453D.200 and NRS 453D.210(6).

74. NRS 453D.210(6) requires that the Factors be "an impartial and numerically scored competitive bidding process."

75. Plaintiffs contend that the DOT violated NRS 453D.210(6) because the Factors are not impartial and are instead partial, arbitrary, and discretionary, in contravention of NRS 453D.210(6).

76. Plaintiffs further contend that the DOT violated NRS 453D.210(6) because the Factor evaluation procedure is not a competitive bidding process, as required by NRS 453D.210(6).

77. Plaintiffs further contend that the DOT violated Section 80(5) of the Regulations because multiple retail marijuana licenses were issued to the same entity or group of persons.

78. The DOT contends that that Factors are compliant with NRS 453D.210(6) and that all applications it approved were done so in a valid manner.

79. The foregoing issues are ripe for judicial determination because there is a substantial controversy between parties having adverse legal interests of sufficient immediacy and reality to warrant the issuance of a declaratory judgment.

80. Accordingly, Plaintiffs request a declaratory judgment from this Court that: (1) the Factors do not comply with NRS 453D.210(6) because they are not impartial or a competitive bidding process; and (2) the DOT violated Section 80(5) of the Regulations by issuing multiple retail marijuana licenses to the same entity or group of persons.

81. Plaintiffs have been forced to retain counsel to prosecute this action and are thus entitled to an award of attorneys' fees and costs as provided by applicable law.

WHEREFORE, Plaintiffs pray for relief from this Court as follows:

1. For an award of compensatory damages in an amount to be determined at trial for the DOT's violation of Plaintiffs' substantive due process rights, as set forth herein;

2. For an award of compensatory damages in an amount to be determined at trial for the DOT's violation of Plaintiffs' procedural due process rights, as set forth herein;

3. For an award of compensatory damages in an amount to be determined at trial for the DOT's violation of Plaintiffs' rights to equal protection of the law, as set forth herein;

4. For relief in the form of a judgment from this Court that: (1) the Factors do not comply with NRS 453D.210(6) because they are not impartial or a competitive bidding process; and (2) the DOT violated Section 80(5) of the Regulations by issuing multiple retail marijuana licenses to the same entity or group of persons;

5. For an award of attorneys' fees and costs in bringing the instant action as provided by applicable law; and

6. For any additional relief this Court deems just and proper.

16. Venue is proper in this Court pursuant to NRS 13.020(2)-(3).

GENERAL ALLEGATIONS

17. Plaintiffs incorporate and reallege Paragraphs 1 through 16 as though fully set forth herein.

The Statutory Scheme Governing Retail Marijuana Licenses

18. In or around November 2016, the citizens of the State of Nevada approved a statutory ballot initiative that, *inter alia*, legalized the recreational use of marijuana and allowed for the licensing of recreational marijuana dispensaries.

19. The statutory scheme approved by the voters was codified in NRS Chapter 453D and vested authority for the issuance of licenses for retail marijuana dispensaries in the DOT.

20. NRS 453D.200(1) required the DOT to "adopt all regulations necessary or convenient to carry out the provisions of" that Chapter, including procedures for the issuance of retail marijuana licenses, no later than January 1, 2018.

21. NRS 453D.210(d)(1) limits the number of retail marijuana licenses in Clark County to a total of 80.

22. However, NRS 453D.210(d)(5) provides that Clark County may request that the DOT issue retail marijuana licenses above the limit set forth in NRS 453D.210(d)(5).

Las Vegas, NV 89106-4614
702.382.2101

23. As mandated by NRS 453D.210(6), "[w]hen competing applications are submitted for a proposed retail marijuana store within a single county, the Department **shall use an impartial and numerically scored competitive bidding process** to determine which application or applications among those competing will be approved."

The DOT's Adoption of Flawed Regulations that Do Not Comply with Chapter 453D

24. On or around May 8, 2017, the DOT adopted temporary regulations pertaining to, *inter alia*, the application for and the issuance of retail marijuana licenses.

25. The DOT continued preparing draft permanent regulations as required by NRS 453D.200(1) and held public workshops with respect to the same on July 24 and July 25, 2017.

26. On or around December 16, 2017, the DOT issued a Notice of Intent to Adopt permanent regulations pursuant to the mandates of NRS 453D.200(1).

27. On or around January 16, 2018, the DOT held a public hearing on the proposed permanent regulations (LCB File No. R092-17), which was attended by numerous members of the public and marijuana business industry.

28. At the hearing, the DOT was informed that the licensure factors contained in the proposed permanent regulations would have the effect of favoring vertically-integrated cultivators/dispensaries and would result in arbitrary weight being placed upon certain applications that were submitted by well-known, well-connected, and longtime Nevada families.

29. Despite the issues raised at the hearing, on or around January 16, 2018, the DOT adopted the proposed permanent regulations in LCB File No. R092-17 (the "Regulations"). A true and correct copy of the Regulations is attached hereto as **Exhibit 1**.[1]

30. Section 80 of the Regulations relates to the DOT's method of evaluating competing retail marijuana license applications.

31. Section 80(1) of the Regulations provides that where the DOT receives competing applications, it will "rank the applications...in order from first to last based on compliance with the provisions of this chapter and chapter 453D of NRS and on the content of the applications

[1] The Regulations have been adopted but have yet to be codified in the Nevada Administrative Code.

relating to" several enumerated factors.

32. The factors set forth in Section 80(1) of the Regulations that are used to rank competing applications (collectively, the "Factors") are:

a. Whether the owners, officers or board members have experience operating another kind of business that has given them experience which is applicable to the operation of a marijuana establishment;

b. The diversity of the owners, officers or board members of the proposed marijuana establishment;

c. The educational achievements of the owners, officers or board members of the proposed marijuana establishment;

d. The financial plan and resources of the applicant, both liquid and illiquid;

e. Whether the applicant has an adequate integrated plan for the care, quality and safekeeping of marijuana from seed to sale;

f. The amount of taxes paid and other beneficial financial contributions, including, without limitation, civic or philanthropic involvement with this State or its political subdivisions, by the applicant or the owners, officers or board members of the proposed marijuana establishment;

g. Whether the owners, officers or board members of the proposed marijuana establishment have direct experience with the operation of a medical marijuana establishment or marijuana establishment in this State and have demonstrated a record of operating such an establishment in compliance with the laws and regulations of this State for an adequate period of time to demonstrate success;

h. The experience of key personnel that the applicant intends to employ in operating the type of marijuana establishment for which the applicant seeks a license; and

i. Any other criteria that the DOT determines to be relevant.

33. Aside from the Factors, there is no other competitive bidding process used by the

BROWNSTEIN HYATT FARBER SCHRECK, LLP
100 North City Parkway, Suite 1600
Las Vegas, NV 89106-4614
702.382.2101

DOT to evaluate competing applications.

34. Section 80(5) of the Regulations provides that the DOT will not issue more than one retail marijuana license to the same person, group of persons, or entity.

35. NRS 453D.210(4)(b) and Section 91(4) of the Regulations requires the DOT to provide the specific reasons that any license application is rejected.

Plaintiffs Receive Arbitrary Denials of their Applications for Retail Marijuana Licenses

36. NRS 453D.210 required the DOT to accept applications and issue licenses only to medical marijuana establishments for 18 months following the date upon which the DOT began to receive applications for recreational dispensaries (the "Early Start Program").

37. Upon information and belief, the DOT began to accept applications for recreational dispensary licenses on or around May 15, 2017.

38. Beginning upon the expiration of the Early Start Program (or on or around November 15, 2018), the DOT was to receive and consider applications for a recreational dispensary license from any qualified applicant.

39. The DOT released the application package for non-Early Start Program applicants on July 6, 2018 and required those applications to be returned in complete form between September 7 and September 20, 2018. A true and correct copy of the application package is attached hereto as **Exhibit 2**.

40. Each of the Plaintiffs submitted an Application for issuance of a retail marijuana license after the expiration of the Early Start Program during the period specified by the DOT and some Plaintiffs submitted multiple Applications for different localities that contained the same substantive information.

41. Each and every Application submitted by Plaintiffs was full, complete, and contained substantive information and data for each and every factor outlined in the application form.

42. Some of the information requested by the form application was "identified," such that the reviewer would know the identity of the applicant when scoring the same, while some was unidentified, such that the reviewer would not know the identity of the applicant.

BROWNSTEIN HYATT FARBER SCHRECK, LLP
100 North City Parkway, Suite 1600
Las Vegas, NV 89106-4614
702.382.2101

43. On or around December 5, 2018, each of the Plaintiffs' Applications was denied by identical written notices issued by the DOT.

44. Each of the written notices from the DOT does not contain any specific reasons why the Applications were denied and instead states merely that "NRS 453D.210 limits the total number of licenses that can be issued in each local jurisdiction. This applicant was not issued a conditional license because it did not achieve a score high enough to receive an available license..."Upon information and belief, the DOT utilized the Factors in evaluating each of the Applications, assigning a numerical score to each Factor, but the Factors are partial and arbitrary on their face.

45. In addition, the DOT's review and scoring of each of the Plaintiffs' Applications was done errantly, arbitrarily, irrationally, and partially because, *inter alia*:

a. The Applications were complete but received zero scores for some Factors and the only way to receive a zero score is to fail to submit information with respect to that Factor;

b. The scoring method used by the DOT combined certain Factors into one grouping, effectively omitting certain Factors from consideration;

c. Plaintiffs that submitted multiple Applications containing the same substantive information and data for different localities received widely different scores for certain Factors; and

d. The Plaintiffs received much higher scores for the unidentified data and information when compared with the identified data and information submitted.

46. Moreover, the highest scored Factor was the organizational structure of the application and the DOT required that Plaintiffs disclose information about the identities of "key personnel" with respect to that Factor, resulting in arbitrary and partial weight being placed upon applications from well-known and well-connected applicants.

47. Upon information and belief, the DOT improperly engaged Manpower US Inc. ("Manpower") to provide temporary personnel for the review and scoring of submitted license

BROWNSTEIN HYATT FARBER SCHRECK, LLP
100 North City Parkway, Suite 1600
Las Vegas, NV 89106-4614
702.382.2101

Applications without providing them with any uniform method of review to ensure consistency and impartiality, which further contributed to the arbitrary and partial scoring of Plaintiff's Applications.

48. Upon information and belief, the DOT issued multiple licenses to the same entity or group of persons to the exclusion of other applicants, including Plaintiffs, in violation of the DOT's own Regulations.

FIRST CLAIM FOR RELIEF

Violation of Substantive Due Process

49. Plaintiffs incorporate and reallege Paragraphs 1 through 48 as though fully set forth herein.

50. The Fourteenth Amendment to the United States Constitution provides that "no state [may] deprive any person of life, liberty, or property, without due process of law."

51. Similarly, Article 1, Section 8 of the Nevada Constitution provides that "[n]o person shall be deprived of life, liberty, or property, without due process of law."

52. Plaintiffs are persons within the meaning of the United States and Nevada Constitutions' guarantees of due process.

53. Retail marijuana licenses constitute protectable property interests under the Nevada and United States Constitutions.

54. The denials of Plaintiffs' Applications were based upon the Factors.

55. The Factors are arbitrary, irrational, and lack impartiality on their face.

56. As a result of the DOT's use of the Factors in denying Plaintiffs' Applications, Plaintiffs have been deprived of their fundamental property rights in violation of the substantive due process guarantees of the Nevada and United States Constitutions.

57. In addition, the Factors violate due process as applied to Plaintiffs' Applications because, *inter alia*:

a. The Applications were complete but received zero scores for some Factors and the only way to receive a zero score is to fail to submit information with respect to that Factor;

BROWNSTEIN HYATT FARBER SCHRECK, LLP
100 North City Parkway, Suite 1600

b. The scoring method used by the DOT combined certain Factors into one grouping, effectively omitting certain Factors from consideration;

c. Plaintiffs that submitted multiple Applications containing the same substantive information and data for different localities received widely different scores for certain Factors;

d. The Plaintiffs received much higher scores for the unidentified data and information when compared with the identified data and information submitted;

e. The DOT placed improper weight upon other applications simply because they were submitted by well-known and well-connected persons; and

f. The DOT improperly utilized Manpower temporary workers who had little to no experience in retail marijuana licensure to review the Applications and failed to provide those persons with a uniform system of review to ensure consistency and impartiality in the scoring process.

58. As a result of the DOT's arbitrary, irrational, and partial application of the Factors to Plaintiffs' applications, Plaintiffs have been deprived of their fundamental property rights in violation of the substantive due process guarantees of the Nevada and United States Constitutions, as applied.

59. As a direct and proximate result of the DOT's constitutional violations, as set forth hereinabove, Plaintiffs have sustained damages in an amount in excess of $15,000.00.

60. Plaintiffs have been forced to retain counsel to prosecute this action and are thus entitled to an award of attorneys' fees and costs as provided by applicable law.

SECOND CLAIM FOR RELIEF

Violation of Procedural Due Process

61. Plaintiffs incorporate and reallege Paragraphs 1 through 60 as though fully set forth herein.

62. The Fourteenth Amendment to the United States Constitution provides that "no state [may] deprive any person of life, liberty, or property, without due process of law."

63. Similarly, Article 1, Section 8 of the Nevada Constitution provides that "[n]o person shall be deprived of life, liberty, or property, without due process of law."

64. Plaintiffs are persons within the meaning of the United States and Nevada Constitutions' guarantees of due process.

65. Retail marijuana licenses constitute protectable property interests under the Nevada and United States Constitutions.

66. NRS 453D, in conjunction with the Regulations, govern the application for and the issuance of retail marijuana licenses within the State of Nevada.

67. Under those provisions, the DOT denied Plaintiffs' Applications for a retail marijuana license without notice or a hearing.

68. The denial notices sent by the DOT did not comply with NRS 453D210(4)(b) or procedural due process because they do not specify the substantive reasons that Plaintiffs' Applications were denied.

69. Neither NRS 453D nor the Regulations provide for a mechanism through which Plaintiffs may have their Applications fully and finally determined, either before or after denial of the same.

70. As a result of the denial of Plaintiffs' Applications without notice or a hearing, Plaintiffs have been denied their right to procedural due process guaranteed by the Nevada and United States Constitutions.

71. As a direct and proximate result of the DOT's constitutional violations, as set forth hereinabove, Plaintiffs have sustained damages in an amount in excess of $15,000.00.

72. Plaintiffs have been forced to retain counsel to prosecute this action and are thus entitled to an award of attorneys' fees and costs as provided by applicable law.

THIRD CLAIM FOR RELIEF

"state [may]...deny to any person within its jurisdiction the equal protection of the laws."

75. Similarly, Article 4, Section 21 of the Nevada Constitution requires that all laws be "general and of uniform operation throughout the State."

76. Plaintiffs are persons within the meaning of the Nevada and United States Constitutions' guarantees of equal protection.

77. Plaintiffs have a fundamental right to engage in a profession or business, including that of retail marijuana establishments.

78. The DOT utilized the Factors when evaluating Plaintiffs' Applications.

79. The Factors violate equal protection on their face because they contain arbitrary, partial, and unreasonable classifications that bear no rational relationship to a legitimate governmental interest.

80. The Factors further violate equal protection on their face because they contain arbitrary, partial, and unreasonable classifications that are not narrowly tailored to the advancement of any compelling interest.

81. In addition, the application of the Factors to Plaintiffs' Applications violates equal protection because it was arbitrary, partial and unreasonable, bearing no rational relationship to a legitimate governmental interest and/or failing to be narrowly tailored to any compelling government interest, to wit:

a. The Applications were complete but received zero scores for some Factors and the only way to receive a zero score is to fail to submit information with respect to that Factor;

b. The scoring method used by the DOT combined certain Factors into one grouping, effectively omitting certain Factors from consideration;

c. Plaintiffs that submitted multiple Applications containing the same substantive information and data for different localities received widely different scores for certain Factors;

d. The Plaintiffs received much higher scores for the unidentified data and information when compared with the identified data and information

submitted;

e. The DOT placed improper weight upon other applications simply because they were submitted by well-known and well-connected persons; and

f. The DOT improperly utilized Manpower temporary workers who had little to no experience in retail marijuana licensure to review the Applications and failed to provide those persons with a uniform system of review to ensure consistency and impartiality in the scoring process.

82. As a result of the DOT's actions as set forth herein, Plaintiffs' rights to equal protection of the law were violated.

83. As a direct and proximate result of the DOT's constitutional violations, as set forth hereinabove, Plaintiffs have sustained damages in an amount in excess of $15,000.00.

84. Plaintiffs have been forced to retain counsel to prosecute this action and are thus entitled to an award of attorneys' fees and costs as provided by applicable law.

FOURTH CLAIM FOR RELIEF

Declaratory Judgment

85. Plaintiffs incorporate and reallege Paragraphs 1 through 84 as though fully set forth herein.

86. Under NRS 30.010, *et seq.*, the Uniform Declaratory Judgment Act, any person whose rights, status or other legal relations are affected by a statute, municipal ordinance, contract or franchise, may have determined any question of construction or validity arising under the instrument, statute, ordinance, contract or franchise and obtain a declaration of rights, status or other legal relations thereunder.

87. The DOT enacted the Regulations, including the Factors and Section 80(5) of the Regulations, pursuant to NRS 453D.200 and NRS 453D.210(6).

88. NRS 453D.210(6) requires that the Factors be "an impartial and numerically scored competitive bidding process."

89. Plaintiffs contend that the DOT violated NRS 453D.210(6) because the Factors are not impartial and are instead partial, arbitrary, and discretionary, in contravention of NRS

BROWNSTEIN HYATT FARBER SCHRECK, LLP
100 North City Parkway, Suite 1600
Las Vegas, NV 89106-4614
702.382.2101

453D.210(6).

90. Plaintiffs further contend that the DOT applied the Factors to their Applications in an arbitrary and partial manner, including because:

a. The Applications were complete but received zero scores for some Factors and the only way to receive a zero score is to fail to submit information with respect to that Factor;

b. The scoring method used by the DOT combined certain Factors into one grouping, effectively omitting certain Factors from consideration;

c. Plaintiffs that submitted multiple Applications containing the same substantive information and data for different localities received widely different scores for certain Factors;

d. The Plaintiffs received much higher scores for the unidentified data and information when compared with the identified data and information submitted;

e. The DOT placed improper weight upon other applications simply because they were submitted by well-known and well-connected persons; and

f. The DOT improperly utilized Manpower temporary workers who had little to no experience in retail marijuana licensure to review the Applications and failed to provide those persons with a uniform system of review to ensure consistency and impartiality in the scoring process.

91. Plaintiffs further contend that the DOT violated NRS 453D.210(6) because the Factor evaluation procedure is not a competitive bidding process, as required by NRS 453D.210(6).

92. Plaintiffs further contend that the DOT violated Section 80(5) of the Regulations because multiple retail marijuana licenses were issued to the same entity or group of persons.

93. Plaintiffs further contend that the denial notices sent by the DOT failed to comply with NRS 453D.210(4)(b) because they do not give the specific substantive reasons for the denial of Plaintiffs' Applications.

BROWNSTEIN HYATT FARBER SCHRECK, LLP
100 North City Parkway, Suite 1600
Las Vegas, NV 89106-4614
702.382.2101

94. The DOT contends that that Factors are compliant with NRS 453D.210(6), that all applications it approved were done so in a valid manner, and that the denial notices complied with NRS 453D.210(4)(b).

95. The foregoing issues are ripe for judicial determination because there is a substantial controversy between parties having adverse legal interests of sufficient immediacy and reality to warrant the issuance of a declaratory judgment.

96. Accordingly, Plaintiffs request a declaratory judgment from this Court that: (1) the Factors do not comply with NRS 453D.210(6) because they are not impartial or a competitive bidding process; (2) the DOT applied the Factors to Plaintiffs' Applications in a wholly arbitrary and irrational manner; (3) the DOT violated Section 80(5) of the Regulations by issuing multiple retail marijuana licenses to the same entity or group of persons; and (4) the denial notices did not comply with NRS 453D.210(4)(b).

Plaintiffs have been forced to retain counsel to prosecute this action and are thus entitled to an award of attorneys' fees and costs as provided by applicable law.

WHEREFORE, Plaintiffs pray for relief from this Court as follows:

1. For an award of compensatory damages in an amount to be determined at trial for the DOT's violation of Plaintiffs' substantive due process rights, as set forth herein;
2. For an award of compensatory damages in an amount to be determined at trial for the DOT's violation of Plaintiffs' procedural due process rights, as set forth herein;
3. For an award of compensatory damages in an amount to be determined at trial for the DOT's violation of Plaintiffs' rights to equal protection of the law, as set forth herein;
4. For relief in the form of a judgment from this Court that: (1) the Factors do not comply with NRS 453D.210(6) because they are not impartial or a competitive bidding process; (2) the DOT applied the Factors to Plaintiffs' Applications in a wholly arbitrary and irrational manner; (3) the DOT

violated Section 80(5) of the Regulations by issuing multiple retail marijuana licenses to the same entity or group of persons; and (4) the denial notices did not comply with NRS 453D.210(4)(b);

5. For an award of attorneys' fees and costs in bringing the instant action as provided by applicable law; and

6. For any additional relief this Court deems just and proper.

GENERAL ALLEGATIONS

19. Plaintiffs incorporate and reallege Paragraphs 1 through 18 as though fully set forth herein.

The Statutory Scheme Governing Retail Marijuana Licenses

20. In or around November 2016, the citizens of the State of Nevada approved a statutory ballot initiative that, *inter alia*, legalized the recreational use of marijuana and allowed for the licensing of recreational marijuana dispensaries.

21. The statutory scheme approved by the voters was codified in NRS Chapter 453D and vested authority for the issuance of licenses for retail marijuana dispensaries in the DOT.

22. NRS 453D.200(1) required the DOT to "adopt all regulations necessary or convenient to carry out the provisions of" that Chapter, including procedures for the issuance of retail marijuana licenses, no later than January 1, 2018.

BROWNSTEIN HYATT FARBER SCHRECK, LLP
100 North City Parkway, Suite 1600
Las Vegas, NV 89106-4614
702.382.2101

23. NRS 453D.210(d)(1) limits the number of retail marijuana licenses in Clark County to a total of 80.

24. However, NRS 453D.210(d)(5) provides that Clark County may request that the DOT issue retail marijuana licenses above the limit set forth in NRS 453D.210(d)(5).

25. As mandated by NRS 453D.210(6), "[w]hen competing applications are submitted for a proposed retail marijuana store within a single county, the Department **shall use an impartial and numerically scored competitive bidding process** to determine which application or applications among those competing will be approved."

The DOT's Adoption of Flawed Regulations that Do Not Comply with Chapter 453D

26. On or around May 8, 2017, the DOT adopted temporary regulations pertaining to, *inter alia*, the application for and the issuance of retail marijuana licenses.

27. The DOT continued preparing draft permanent regulations as required by NRS 453D.200(1) and held public workshops with respect to the same on July 24 and July 25, 2017.

28. On or around December 16, 2017, the DOT issued a Notice of Intent to Adopt permanent regulations pursuant to the mandates of NRS 453D.200(1).

29. On or around January 16, 2018, the DOT held a public hearing on the proposed permanent regulations (LCB File No. R092-17), which was attended by numerous members of the public and marijuana business industry.

30. At the hearing, the DOT was informed that the licensure factors contained in the proposed permanent regulations would have the effect of favoring vertically-integrated cultivators/dispensaries and would result in arbitrary weight being placed upon certain applications that were submitted by well-known, well-connected, and longtime Nevada families.

31. Despite the issues raised at the hearing, on or around January 16, 2018, the DOT adopted the proposed permanent regulations in LCB File No. R092-17 (the "Regulations"). A true and correct copy of the Regulations is attached hereto as **Exhibit 1**.[1]

32. Section 80 of the Regulations relates to the DOT's method of evaluating

[1] The Regulations have been adopted but have yet to be codified in the Nevada Administrative Code.

competing retail marijuana license applications.

33. Section 80(1) of the Regulations provides that where the DOT receives competing applications, it will "rank the applications...in order from first to last based on compliance with the provisions of this chapter and chapter 453D of NRS and on the content of the applications relating to" several enumerated factors.

34. The factors set forth in Section 80(1) of the Regulations that are used to rank competing applications (collectively, the "Factors") are:

a. Whether the owners, officers or board members have experience operating another kind of business that has given them experience which is applicable to the operation of a marijuana establishment;

b. The diversity of the owners, officers or board members of the proposed marijuana establishment;

c. The educational achievements of the owners, officers or board members of the proposed marijuana establishment;

d. The financial plan and resources of the applicant, both liquid and illiquid;

e. Whether the applicant has an adequate integrated plan for the care, quality and safekeeping of marijuana from seed to sale;

f. The amount of taxes paid and other beneficial financial contributions, including, without limitation, civic or philanthropic involvement with this State or its political subdivisions, by the applicant or the owners, officers or board members of the proposed marijuana establishment;

g. Whether the owners, officers or board members of the proposed marijuana establishment have direct experience with the operation of a medical marijuana establishment or marijuana establishment in this State and have demonstrated a record of operating such an establishment in compliance with the laws and regulations of this State for an adequate period of time to demonstrate success;

h. The experience of key personnel that the applicant intends to employ in

BROWNSTEIN HYATT FARBER SCHRECK, LLP
100 North City Parkway, Suite 1600
Las Vegas, NV 89106-4614
702.382.2101

operating the type of marijuana establishment for which the applicant seeks a license; and

i. Any other criteria that the DOT determines to be relevant.

35. Aside from the Factors, there is no other competitive bidding process used by the DOT to evaluate competing applications.

36. Section 80(5) of the Regulations provides that the DOT will not issue more than one retail marijuana license to the same person, group of persons, or entity.

37. NRS 453D.210(4)(b) and Section 91(4) of the Regulations requires the DOT to provide the specific reasons that any license application is rejected.

Plaintiffs Receive Arbitrary Denials of their Applications for Retail Marijuana Licenses

38. NRS 453D.210 required the DOT to accept applications and issue licenses only to medical marijuana establishments for 18 months following the date upon which the DOT began to receive applications for recreational dispensaries (the "Early Start Program").

39. Upon information and belief, the DOT began to accept applications for recreational dispensary licenses on or around May 15, 2017.

40. Beginning upon the expiration of the Early Start Program (or on or around November 15, 2018), the DOT was to receive and consider applications for a recreational dispensary license from any qualified applicant.

41. The DOT released the application package for non-Early Start Program applicants on July 6, 2018 and required those applications to be returned in complete form between September 7 and September 20, 2018. A true and correct copy of the application package is attached hereto as **Exhibit 2**.

42. Each of the Plaintiffs submitted an Application for issuance of a retail marijuana license after the expiration of the Early Start Program during the period specified by the DOT and some Plaintiffs submitted multiple Applications for different localities that contained the same substantive information.

43. Each and every Application submitted by Plaintiffs was full, complete, and contained substantive information and data for each and every factor outlined in the application

BROWNSTEIN HYATT FARBER SCHRECK, LLP
100 North City Parkway, Suite 1600
Las Vegas, NV 89106-4614
702.382.2101

form.

44. Some of the information requested by the form application was "identified," such that the reviewer would know the identity of the applicant when scoring the same, while some was unidentified, such that the reviewer would not know the identity of the applicant.

45. On or around December 5, 2018, each of the Plaintiffs' Applications was denied by identical written notices issued by the DOT.

46. Each of the written notices from the DOT does not contain any specific reasons why the Applications were denied and instead states merely that "NRS 453D.210 limits the total number of licenses that can be issued in each local jurisdiction. This applicant was not issued a conditional license because it did not achieve a score high enough to receive an available license..."Upon information and belief, the DOT utilized the Factors in evaluating each of the Applications, assigning a numerical score to each Factor, but the Factors are partial and arbitrary on their face.

47. In addition, the DOT's review and scoring of each of the Plaintiffs' Applications was done errantly, arbitrarily, irrationally, and partially because, *inter alia*:

a. The Applications were complete but received zero scores for some Factors and the only way to receive a zero score is to fail to submit information with respect to that Factor;

b. The scoring method used by the DOT combined certain Factors into one grouping, effectively omitting certain Factors from consideration;

c. Plaintiffs that submitted multiple Applications containing the same substantive information and data for different localities received widely different scores for certain Factors; and

d. The Plaintiffs received much higher scores for the unidentified data and information when compared with the identified data and information submitted.

48. Moreover, the highest scored Factor was the organizational structure of the application and the DOT required that Plaintiffs disclose information about the identities of "key

BROWNSTEIN HYATT FARBER SCHRECK, LLP
100 North City Parkway, Suite 1600
Las Vegas, NV 89106-4614
702.382.2101

personnel" with respect to that Factor, resulting in arbitrary and partial weight being placed upon applications from well-known and well-connected applicants.

49. Upon information and belief, the DOT improperly engaged Manpower US Inc. ("Manpower") to provide temporary personnel for the review and scoring of submitted license Applications without providing them with any uniform method of review to ensure consistency and impartiality, which further contributed to the arbitrary and partial scoring of Plaintiff's Applications.

50. Upon information and belief, the DOT issued multiple licenses to the same entity or group of persons to the exclusion of other applicants, including Plaintiffs, in violation of the DOT's own Regulations.

FIRST CLAIM FOR RELIEF

Violation of Substantive Due Process

51. Plaintiffs incorporate and reallege Paragraphs 1 through 50 as though fully set forth herein.

52. The Fourteenth Amendment to the United States Constitution provides that "no state [may] deprive any person of life, liberty, or property, without due process of law."

53. Similarly, Article 1, Section 8 of the Nevada Constitution provides that "[n]o person shall be deprived of life, liberty, or property, without due process of law."

54. Plaintiffs are persons within the meaning of the United States and Nevada Constitutions' guarantees of due process.

55. Retail marijuana licenses constitute protectable property interests under the Nevada and United States Constitutions.

56. The denials of Plaintiffs' Applications were based upon the Factors.

57. The Factors are arbitrary, irrational, and lack impartiality on their face.

58. As a result of the DOT's use of the Factors in denying Plaintiffs' Applications, Plaintiffs have been deprived of their fundamental property rights in violation of the substantive due process guarantees of the Nevada and United States Constitutions.

59. In addition, the Factors violate due process as applied to Plaintiffs' Applications

BROWNSTEIN HYATT FARBER SCHRECK, LLP
100 North City Parkway, Suite 1600
Las Vegas, NV 89106-4614
702.382.2101

because, *inter alia*:

a. The Applications were complete but received zero scores for some Factors and the only way to receive a zero score is to fail to submit information with respect to that Factor;

b. The scoring method used by the DOT combined certain Factors into one grouping, effectively omitting certain Factors from consideration;

c. Plaintiffs that submitted multiple Applications containing the same substantive information and data for different localities received widely different scores for certain Factors;

d. The Plaintiffs received much higher scores for the unidentified data and information when compared with the identified data and information submitted;

e. The DOT placed improper weight upon other applications simply because they were submitted by well-known and well-connected persons; and

f. The DOT improperly utilized Manpower temporary workers who had little to no experience in retail marijuana licensure to review the Applications and failed to provide those persons with a uniform system of review to ensure consistency and impartiality in the scoring process.

60. As a result of the DOT's arbitrary, irrational, and partial application of the Factors to Plaintiffs' applications, Plaintiffs have been deprived of their fundamental property rights in violation of the substantive due process guarantees of the Nevada and United States Constitutions, as applied.

61. As a direct and proximate result of the DOT's constitutional violations, as set forth hereinabove, Plaintiffs have sustained damages in an amount in excess of $15,000.00.

62. Plaintiffs have been forced to retain counsel to prosecute this action and are thus entitled to an award of attorneys' fees and costs as provided by applicable law.

SECOND CLAIM FOR RELIEF

Violation of Procedural Due Process

63. Plaintiffs incorporate and reallege Paragraphs 1 through 62 as though fully set forth herein.

64. The Fourteenth Amendment to the United States Constitution provides that "no state [may] deprive any person of life, liberty, or property, without due process of law."

65. Similarly, Article 1, Section 8 of the Nevada Constitution provides that "[n]o person shall be deprived of life, liberty, or property, without due process of law."

66. Plaintiffs are persons within the meaning of the United States and Nevada Constitutions' guarantees of due process.

67. Retail marijuana licenses constitute protectable property interests under the Nevada and United States Constitutions.

68. NRS 453D, in conjunction with the Regulations, govern the application for and the issuance of retail marijuana licenses within the State of Nevada.

69. Under those provisions, the DOT denied Plaintiffs' Applications for a retail marijuana license without notice or a hearing.

70. The denial notices sent by the DOT did not comply with NRS 453D.210(4)(b) or procedural due process because they do not specify the substantive reasons that Plaintiffs' Applications were denied.

71. Neither NRS 453D nor the Regulations provide for a mechanism through which Plaintiffs may have their Applications fully and finally determined, either before or after denial of the same.

72. As a result of the denial of Plaintiffs' Applications without notice or a hearing, Plaintiffs have been denied their right to procedural due process guaranteed by the Nevada and United States Constitutions.

73. As a direct and proximate result of the DOT's constitutional violations, as set forth hereinabove, Plaintiffs have sustained damages in an amount in excess of $15,000.00.

74. Plaintiffs have been forced to retain counsel to prosecute this action and are thus

Las Vegas, NV 89106-4614

entitled to an award of attorneys' fees and costs as provided by applicable law.

THIRD CLAIM FOR RELIEF

Violation of Equal Protection

75. Plaintiffs incorporate and reallege Paragraphs 1 through 74 as though fully set forth herein.

76. The Fourteenth Amendment to the United States Constitution provides that no "state [may]...deny to any person within its jurisdiction the equal protection of the laws."

77. Similarly, Article 4, Section 21 of the Nevada Constitution requires that all laws be "general and of uniform operation throughout the State."

78. Plaintiffs are persons within the meaning of the Nevada and United States Constitutions' guarantees of equal protection.

79. Plaintiffs have a fundamental right to engage in a profession or business, including that of retail marijuana establishments.

80. The DOT utilized the Factors when evaluating Plaintiffs' Applications.

81. The Factors violate equal protection on their face because they contain arbitrary, partial, and unreasonable classifications that bear no rational relationship to a legitimate governmental interest.

82. The Factors further violate equal protection on their face because they contain arbitrary, partial, and unreasonable classifications that are not narrowly tailored to the advancement of any compelling interest.

83. In addition, the application of the Factors to Plaintiffs' Applications violates equal protection because it was arbitrary, partial and unreasonable, bearing no rational relationship to a legitimate governmental interest and/or failing to be narrowly tailored to any compelling government interest, to wit:

a. The Applications were complete but received zero scores for some Factors and the only way to receive a zero score is to fail to submit information with respect to that Factor;

b. The scoring method used by the DOT combined certain Factors into one

Las Vegas, NV 89106-4614

grouping, effectively omitting certain Factors from consideration;

c. Plaintiffs that submitted multiple Applications containing the same substantive information and data for different localities received widely different scores for certain Factors;

d. The Plaintiffs received much higher scores for the unidentified data and information when compared with the identified data and information submitted;

e. The DOT placed improper weight upon other applications simply because they were submitted by well-known and well-connected persons; and

f. The DOT improperly utilized Manpower temporary workers who had little to no experience in retail marijuana licensure to review the Applications and failed to provide those persons with a uniform system of review to ensure consistency and impartiality in the scoring process.

84. As a result of the DOT's actions as set forth herein, Plaintiffs' rights to equal protection of the law were violated.

85. As a direct and proximate result of the DOT's constitutional violations, as set forth hereinabove, Plaintiffs have sustained damages in an amount in excess of $15,000.00.

86. Plaintiffs have been forced to retain counsel to prosecute this action and are thus entitled to an award of attorneys' fees and costs as provided by applicable law.

FOURTH CLAIM FOR RELIEF

Declaratory Judgment

87. Plaintiffs incorporate and reallege Paragraphs 1 through 86 as though fully set forth herein.

88. Under NRS 30.010, *et seq.*, the Uniform Declaratory Judgment Act, any person whose rights, status or other legal relations are affected by a statute, municipal ordinance, contract or franchise, may have determined any question of construction or validity arising under the instrument, statute, ordinance, contract or franchise and obtain a declaration of rights, status or other legal relations thereunder.

Las Vegas, NV 89106-4614

89. The DOT enacted the Regulations, including the Factors and Section 80(5) of the Regulations, pursuant to NRS 453D.200 and NRS 453D.210(6).

90. NRS 453D.210(6) requires that the Factors be "an impartial and numerically scored competitive bidding process."

91. Plaintiffs contend that the DOT violated NRS 453D.210(6) because the Factors are not impartial and are instead partial, arbitrary, and discretionary, in contravention of NRS 453D.210(6).

92. Plaintiffs further contend that the DOT applied the Factors to their Applications in an arbitrary and partial manner, including because:

a. The Applications were complete but received zero scores for some Factors and the only way to receive a zero score is to fail to submit information with respect to that Factor;

b. The scoring method used by the DOT combined certain Factors into one grouping, effectively omitting certain Factors from consideration;

c. Plaintiffs that submitted multiple Applications containing the same substantive information and data for different localities received widely different scores for certain Factors;

d. The Plaintiffs received much higher scores for the unidentified data and information when compared with the identified data and information submitted;

e. The DOT placed improper weight upon other applications simply because they were submitted by well-known and well-connected persons; and

f. The DOT improperly utilized Manpower temporary workers who had little to no experience in retail marijuana licensure to review the Applications and failed to provide those persons with a uniform system of review to ensure consistency and impartiality in the scoring process.

93. Plaintiffs further contend that the DOT violated NRS 453D.210(6) because the Factor evaluation procedure is not a competitive bidding process, as required by NRS

BROWNSTEIN HYATT FARBER SCHRECK, LLP
100 North City Parkway, Suite 1600
Las Vegas, NV 89106-4614
702.382.2101

453D.210(6).

94. Plaintiffs further contend that the DOT violated Section 80(5) of the Regulations because multiple retail marijuana licenses were issued to the same entity or group of persons.

95. Plaintiffs further contend that the denial notices sent by the DOT failed to comply with NRS 453D.210(4)(b) because they do not give the specific substantive reasons for the denial of Plaintiffs' Applications.

96. The DOT contends that that Factors are compliant with NRS 453D.210(6), that all applications it approved were done so in a valid manner, and that the denial notices complied with NRS 453D.210(4)(b).

97. The foregoing issues are ripe for judicial determination because there is a substantial controversy between parties having adverse legal interests of sufficient immediacy and reality to warrant the issuance of a declaratory judgment.

98. Accordingly, Plaintiffs request a declaratory judgment from this Court that: (1) the Factors do not comply with NRS 453D.210(6) because they are not impartial or a competitive bidding process; (2) the DOT applied the Factors to Plaintiffs' Applications in a wholly arbitrary and irrational manner; (3) the DOT violated Section 80(5) of the Regulations by issuing multiple retail marijuana licenses to the same entity or group of persons; and (4) the denial notices did not comply with NRS 453D.210(4)(b).

Plaintiffs have been forced to retain counsel to prosecute this action and are thus entitled to an award of attorneys' fees and costs as provided by applicable law.

WHEREFORE, Plaintiffs pray for relief from this Court as follows:

1. For an award of compensatory damages in an amount to be determined at trial for the DOT's violation of Plaintiffs' substantive due process rights, as set forth herein;
2. For an award of compensatory damages in an amount to be determined at trial for the DOT's violation of Plaintiffs' procedural due process rights, as set forth herein;
3. For an award of compensatory damages in an amount to be determined at

Las Vegas, NV 89106-4614
702.382.2101

trial for the DOT's violation of Plaintiffs' rights to equal protection of the law, as set forth herein;

4. For relief in the form of a judgment from this Court that: (1) the Factors do not comply with NRS 453D.210(6) because they are not impartial or a competitive bidding process; (2) the DOT applied the Factors to Plaintiffs' Applications in a wholly arbitrary and irrational manner; (3) the DOT violated Section 80(5) of the Regulations by issuing multiple retail marijuana licenses to the same entity or group of persons; and (4) the denial notices did not comply with NRS 453D.210(4)(b);

5. For an award of attorneys' fees and costs in bringing the instant action as provided by applicable law; and

6. For any additional relief this Court deems just and proper.

II. JURISDICTION AND VENUE

28. This Court has jurisdiction over this matter pursuant to NRS 233B.130, NRS 34.020, NRS 34.160, and NRS 34.330.

29. Venue is proper in that the aggrieved parties are businesses whose principal places of business are located in Clark County, Nevada, and the causes of action arose in Clark County, Nevada.

III. FACTUAL ALLEGATIONS

A. The Approved Regulations

30. Pursuant to Nevada law, the Commission shall prescribe regulations for carrying on the business of the Commission and of the Department.

31. During Nevada's 2016 General Election, the voters approved an initiative petition to legalize the recreational use of marijuana by persons 21 years of age or older ("Regulation and Taxation of Marijuana Act").

32. The Regulation and Taxation of Marijuana Act required the Department to adopt all regulations necessary or convenient to carry out the Act no later than January 1, 2018, including regulations that set forth the "[p]rocedures for the issuance, renewal, suspension, and revocation of a

license to operate a marijuana establishment" and "[q]ualifications for licensure that are directly and demonstrably related to the operation of a marijuana establishment." NRS 453D.200(1)(a)-(b).

33. On or about May 8, 2017, the Department adopted temporary regulations that expired on November 1, 2017.

34. Marijuana establishments became licensed under the temporary regulation to sell adult-use marijuana starting July 1, 2017.

35. The Department drafted proposed regulations and held public workshops from July 24, 2017 through July 27, 2017 on proposed permanent regulations.

36. The draft permanent regulations were submitted to the Legislative Counsel Bureau on September 9, 2017 and assigned LCB File No. R092-17.

37. On December 16, 2017, the Commission gave notice of its intent to adopt final marijuana regulations.

38. On January 16, 2018, the Commission unanimously approved the proposed permanent regulations ("Approved Regulations").

39. The Approved Regulations became effective February 27, 2018. All provisions related to the procedures for the issuance, suspension or revocation of licenses issued by the Department of Taxation for marijuana establishments were implemented immediately.

40. Subsection 1 of Section 76 of the Approved Regulations provides that "[a]t least once each year, the Department will determine whether a sufficient number of marijuana establishments exist to serve the people of this State and, if the Department determines that additional marijuana establishments are necessary, the Department will issue a request for applications to operate a marijuana establishment."

41. Pursuant to Subsection 3 of Section 76 of the Approved Regulations, the Department will accept applications in response to such a request for applications "for 10 business days beginning on the date which is 45 business days after the date on which the Department issued the request for applications."

BAILEY ❖ KENNEDY
8984 SPANISH RIDGE AVENUE
LAS VEGAS, NEVADA 89148-1302
702.562.8820

42. Section 77 of the Approved Regulations provides the procedures for an existing MME registration certificate holder to apply for one license, of the same type, for recreational marijuana.

43. Section 78 of the Approved Regulations provides the procedures for an existing MME registration certificate holder to apply for one or more licenses, of the same type or of a different type, for recreational marijuana.

44. A license application submitted pursuant to Section 78 of the Approved Regulations "must include," among other things, the following:

a. The physical address where the proposed marijuana establishment will be located (Section 78(1)(b)(5) of the Approved Regulations);

b. Documentation concerning the size of the proposed marijuana establishment, including, without limitation, building and general floor plans with supporting details (Section 78(1)(f) of the Approved Regulations);

c. Proof that the physical address of the prospective marijuana establishment is owned by the applicant or that the applicant has the written permission of the property owner to operate the proposed marijuana establishment on that property (NRS 453D.210(5)(b); and

d. A response to and information which supports any other criteria the Department determines to be relevant, which will be specified and requested by the Department at the time the Department issues a request for applications which includes the point values that will be allocated to the applicable portions of the application pursuant to subsection 2 of Section 76 of the Approved Regulations (Section 78(1)(l) of the Approved Regulations).

45. Section 80 of the Approved Regulations provides that when the Department receives more than one complete and qualified application for a license for a retail marijuana store in response to its request for applications, the Department will rank the applicants in order from first to last based on numerous categories of information including, but not limited to:

BAILEY ❖ KENNEDY
8984 SPANISH RIDGE AVENUE
LAS VEGAS, NEVADA 89148-1302
702.562.8820

a. Whether the owners, officers, or board members have experience operating another kind of business that has given them experience which is applicable to the operation of a marijuana establishment;

b. The diversity of the owners, officers, or board members of the proposed marijuana establishment;

c. The educational achievements of the owners, officers, or board members of the proposed marijuana establishment;

d. The financial plan and resources of the applicant, both liquid and illiquid;

e. Whether the applicant has an adequate integrated plan for the care, quality and safekeeping of marijuana from seed to sale;

f. The amount of taxes paid and other beneficial financial contributions, including, without limitation, civic or philanthropic involvement with this State or its political subdivisions, by the applicant or the owners, officers, or board members of the proposed marijuana establishment;

g. Whether the owners, officers, or board members of the proposed marijuana establishment have direct experience with the operation of a medical marijuana establishment or marijuana establishment in this State and have demonstrated a record of operating such an establishment in compliance with the laws and regulations of this State for an adequate period of time to demonstrate success; and

h. The experience of key personnel that the applicant intends to employ in operating the type of marijuana establishment for which the applicant seeks a license.

46. Pursuant to Section 91(4) of the Approved Regulations and NRS 453D.210(4)(b), if an application for a marijuana establishment license is not approved, the Department must send the applicant a notice of rejection setting forth the specific reasons why the Department did not approve the license application.

B. <u>The Department's Request for License Applications</u>

47. On July 6, 2018 the Department issued a Notice of Intent to Accept Applications for Marijuana Licenses ("Notice") and released version 5.4 of the Recreational Marijuana Establishment License Application: Recreational Retail Marijuana Store Only, which was dated June 22, 2018 ("Original Application").

48. The footer of the Original Application stated: "*Version 5.4 – 06/22/2018 Recreational Marijuana Establishment License Application*" and consisted of 34 pages.

BAILEY ❖ KENNEDY
8984 SPANISH RIDGE AVENUE
LAS VEGAS, NEVADA 89148-1302
702.562.8820

49. The request for applications was limited to existing MME certificate holders seeking a retail recreational marijuana establishment license pursuant to Section 78 of the Approved Regulations, and the Notice required that all applications be submitted between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018.

50. Pursuant to Subsection 2 of Section 76 of the Approved Regulations, the Original Application included the point values associated with various categories of requested information. For example, the Original Application assigned 60 points to: "The description of the proposed organizational structure of the proposed marijuana establishment and information concerning each owner, officer and board member of the proposed marijuana establishment including the information provided pursuant to R092-17."

51. Upon information and belief, the rankings referenced in Section 80 of the Approved Regulations are based on the scores awarded to each applicant for these categories of information included in the application.

52. On or about July 30, 2018 (less than 45 days before applications would be accepted), the Department released a revised version of the Recreational Marijuana Establishment License Application: Recreational Retail Marijuana Store Only ("Revised Application").

53. Just like the Original Application, the footer of the Revised Application states: "*Version 5.4 – 06/22/2018 Recreational Marijuana Establishment License Application*" and consists of 34 pages.

54. In the Revised Application, the Department made clerical revisions, clarifying revisions, and substantive revisions. The substantive revisions include, but are not limited to, the following:

a. Elimination of the requirement that the application include the proposed physical address of the prospective marijuana establishment;

b. Elimination of the requirement that applicants prove ownership of the physical address of the prospective marijuana establishment or written permission of the property owner to operate the proposed marijuana establishment on that property; and

c. Revision to the highest-scored category of information in the application (regarding the organizational structure of the proposed marijuana establishment) to now require information about "key personnel" of the proposed marijuana establishment.

55. Neither the Approved Regulations nor NRS Chapter 453D were properly amended to reflect the changes to the Revised Application, and applicants were not given proper notice of the revisions (as license applications were due to be submitted to the Department less than 45 days after the Revised Application was released).

56. Further, it is not detailed in NRS Chapter 453D, the Department's Approved Regulations, the Original Application, or the Revised Application who will be reviewing the applications and awarding the point totals, whether more than one person is involved in scoring each application (or section of each application), how uniformity is ensured in the scoring process, or what specific information is considered for each criteria when awarding points.

57. For example, when assessing the proposed organizational structure of the proposed recreational retail marijuana establishment and information concerning each owner, officer, and board member (and, potentially, key personnel) of the proposed recreational retail marijuana establishment, how many points are awarded for diversity of the owners, officers, and board members? Are specific races, nationalities, or genders given more points than others?

58. Similarly, when assessing the proposed organizational structure of the proposed recreational retail marijuana establishment and information concerning each owner, officer, and board member (and, potentially, key personnel) of the proposed recreational retail marijuana establishment, how many points are awarded for the educational achievements of the owners, officers, and board members? Are the points based on the cumulative number of years of education of each owner, officer, and board member of the proposed recreational retail marijuana establishment or the highest level of education received by any one officer, owner, or board member of the proposed recreational retail marijuana establishment?

C. The Plaintiffs/Petitioners' Applications

C. The Department's Decision

65. On December 5, 2018, the Department provided each applicant with written notice of either the grant or denial of their application for a license.

66. Upon information and belief, the Department awarded approximately 31 recreational retail marijuana store licenses for Clark County, Nevada.

67. The Department denied each of the Plaintiffs/Petitioners' applications.

68. Although Section 91(4) of the Department's Approved Regulations requires that the Department provide a denied applicant with the specific reasons for the denial of the license, the Department merely informed each of the Plaintiffs/Petitioners that it "did not achieve a score high enough to receive an available license" within the applicable jurisdiction.

69. On December 5, 2018, DH Flamingo requested its score total, pursuant to Section 93(1) of the Department's Approved Regulations, and on December 5, 2018, it was informed that its applications received the following number of points:

a. Las Vegas – 196;

b. Unincorporated Clark County – 195.67; and

c. North Las Vegas – 195.67.

70. On December 18, 2018, NuVeda requested its score totals, pursuant to Section 93(1) of the Department's Regulations, and on that same day, it was informed that its applications received the following number of points:

a. Clark Natural Medicinal Solutions, LLC's Applications:

i. North Las Vegas – 191.67;

ii. Nye County – 191.67;

71. On December 6, 2018, Inyo requested its score total, pursuant to Section 93(1) of the Department's Regulations, and on December 17, 2018, it was informed that each of its applications scored the exact same number of points:

a. Las Vegas– 189.68;

b. Unincorporated Clark County– 189.68;

c. North Las Vegas– 189.68;

d. Reno – 189.68.

72. If an applicant wishes to know the scores assigned to each criterion included in the Application, the applicant must, pursuant to Section 93(2) of the Department's Regulations, submit a request to the Department to review this scoring information.

73. On December 5, 2018, DH Flamingo submitted such a request to review its scoring information, and the Department scheduled a meeting with one of its employees on January 9, 2019.

74. DH Flamingo requested that the meeting occur prior to January 4, 2019, so that it could timely appeal the Department's denial of its license application, if such an appeal was warranted, but the Department denied this request.

75. On December 6, 2018, NuVeda, pursuant to Section 93(2) of the Department's Approved Regulations, submitted a request to review its scoring information on the earliest available date, and the Department scheduled the meeting with one of its employees on January 11, 2019.

76. On December 6, 2018, Inyo, pursuant to Section 93(2) of the Department's Approved Regulations, submitted a request to review its scoring information on the earliest available date, and the Department scheduled a meeting with one of its employees on January 9, 2019.

77. Pursuant to Section 93(3) of the Department's Regulations, when the Plaintiffs/Petitioners finally are able to meet with a Department employee to review their scoring information, their meetings will be limited to no more than thirty (30) minutes in duration, and while the Plaintiffs/Petitioners are permitted to take notes during the meeting, they cannot photocopy, scan, record, photograph, or otherwise duplicate any of the records and information they review. They are also not permitted to ask the Department's employee to comment on or otherwise discuss: (1) the

BAILEY ❖ KENNEDY

scores; (2) the Department's review of the application; or (3) the applications submitted by any other applicants.

78. Neither NRS Chapter 453D nor the Department's Approved Regulations expressly provide for an appeal or reconsideration of the Department's licensing determination.

79. Because the Department has failed to provide the Plaintiffs/Petitioners with written notice of the specific reasons for the denial of their license application, will not even let them review the scoring for their license application until after the time to appeal the licensing determination has run (pursuant to NRS 233B.130), will not let them ask for any explanation as to how their scores for each criterion was determined, and does not allow them to obtain copies of the scoring for their own applications or the applications for any of the Recipient Entities or other Denied Entities, the Department has attempted to deprive the Plaintiffs/Petitioners of any means to: (1) determine whether the Department accurately scored their applications; (2) appeal the Department's licensing determinations; or (3) obtain proper judicial review of the Department's administrative decisions.

80. Upon information and belief, the Department did not properly score the Plaintiffs/Petitioners' license applications submitted between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018.

81. Upon information and belief, the Department's ranking and scoring process was corrupted and the applications of the Recipient Entities were not fairly and accurately scored in comparison to the Plaintiffs/Petitioners' applications.

82. Upon information and belief, the Department improperly allocated licenses and improperly favored certain applicants to the detriment of the Plaintiffs/Petitioners.

83. Plaintiffs/Petitioners are each parties to a proceeding by the Department which determined their rights, duties, and privileges; namely, the Department's scoring and ranking of Plaintiffs/Petitioners' applications for a recreational retail marijuana establishment license and the Department's refusal to issue a conditional license to Plaintiffs/Petitioners.

84. The Department's scoring and ranking process was marred by significant errors, procedural flaws, and/or violations of Nevada law.

BAILEY ❖ KENNEDY
8984 SPANISH RIDGE AVENUE
LAS VEGAS, NEVADA 89148-1302
702.562.8820

85. After publishing the Notice of Intent to Accept Applications on June 6, 2018, the Department revised the application in violation of the Approved Regulations and NRS Chapter 453D.

86. As such, the Department's scoring and ranking process and subsequent issuance of conditional recreational retail marijuana establishment licenses was unlawful, arbitrary, capricious, in excess of the Department's jurisdiction, and clearly erroneous.

87. The Department's scoring and ranking of the applications was unlawful and in excess of its jurisdiction because the Department eliminated certain categories of application information clearly required by the Approved Regulations and NRS 453D.210 (i.e., the physical address and property ownership requirements) without following the proper procedures to amend its Regulations and/or NRS 453D.210 to officially eliminate these requirements from the license application process.

88. The Department's scoring and ranking was also unlawful and in excess of its jurisdiction because the Department added a new category of information to its scoring criterion (i.e., information relating to key personnel of the proposed recreational retail marijuana establishment) after issuing its Notice and without clearly informing applicants of the revision.

89. Further, the Department's scoring and ranking of applications was arbitrary and capricious because it was conducted by unknown persons whose qualifications have never been made public.

90. The Department's scoring and ranking of applications was also arbitrary and capricious because the Department has not provided any information to the public regarding how scores are assessed for each criterion in the Application or any information as to how the Department ensures uniformity in the assessment of scores by the unknown persons conducting the scoring process.

91. Moreover, the Department's scoring and ranking was unlawful and in excess of its jurisdiction because the process of scoring and ranking the license applications submitted between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018 was corrupted and certain application were favored over others.

BAILEY ❖ KENNEDY
8984 SPANISH RIDGE AVENUE
LAS VEGAS, NEVADA 89148-1302
702.562.8820

92. Finally, the denial of the Plaintiffs/Petitioners' applications for recreational retail marijuana establishment licenses was clearly erroneous, unlawful, arbitrary, capricious, and in excess of the Department's jurisdiction, because the Department has failed to provide the specific reasons for the denial of the applications and has not provided any record demonstrating the basis for the denial of the applications.

93. Upon information and belief, a complete review of the record will show that the Department's final scoring and ranking of the Plaintiffs/Petitioners', Denied Entities', and Recipient Entities' applications was arbitrary, capricious, and clearly erroneous.

94. Plaintiffs/Petitioners request that the entire record of the Department's scoring and ranking (not only for the Plaintiffs/Petitioners' applications, but also the applications submitted by each of the Denied Entities and Recipient Entities) – including the process by which the scorers were hired, the qualifications of the scorers, and the guidelines and procedures followed by the scorers to ensure uniformity in assessing the scores and ranks – be immediately provided for review.

IV. CLAIMS FOR RELIEF

First Claim for Relief: Injunctive Relief Against the Department

95. Plaintiffs/Petitioners reallege and incorporate by reference the allegations contained in paragraphs 1-93, inclusive.

96. As set forth above, the Department's denial and award of licenses for recreational retail marijuana establishments was unlawful, clearly erroneous, arbitrary, capricious, and in excess of the Department's jurisdiction.

97. As a result of the Department's unlawful, erroneous, arbitrary, and capricious denial of the Plaintiffs/Petitioners' applications for recreational retail marijuana establishment licenses, the Plaintiffs/Petitioners have each suffered and continue to suffer irreparable harm with no adequate remedy at law.

98. The Department will suffer no harm by: (1) releasing the record for the entire application review, scoring, and ranking proceeding for the applications submitted by the Plaintiffs/Petitioners, the Denied Entities, and the Recipient Entities; (2) releasing information about the identity and qualifications of the individuals conducting the scoring and ranking of the

BAILEY ❖ KENNEDY
8984 SPANISH RIDGE AVENUE
LAS VEGAS, NEVADA 89148-1302

applications; (3) releasing information about the policies and procedures governing the scorers for the applications and ensuring uniformity in the scoring and ranking process; (4) providing applicants with specific reasons for the denial of their license applications in compliance with the Approved Regulations and NRS 453D.210(4)(b); and/or (5) conducting a review, scoring, and ranking of applications for recreational retail marijuana establishment licenses with qualified scorers who are governed by express, detailed policies and procedures which comply with the Approved Regulations and NRS Chapter 453D.

99. The Plaintiffs/Petitioners are likely to succeed on the merits in this litigation.

100. The public interest favors Plaintiffs/Petitioners because the actions and decisions of an agency of the State should comply with Nevada laws and regulations, should be free of any corruption, and should not be arbitrary and capricious.

101. After the Plaintiffs/Petitioners meet with Department employees to obtain any available information regarding the scoring of the applications and the specific reasons for the denial of their applications, the Plaintiffs/Petitioners intend to file a Motion for Preliminary Injunction.

102. Plaintiffs/Petitioners are entitled to preliminary injunctive relief, and after a trial on the merits, permanent injunctive relief, ordering the Department as follows:

a. To disclose all applications and scoring information for every applicant seeking a recreational retail marijuana establishment license between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018;

b. To disclose the identities and qualifications of the scorers for the applications for recreational retail marijuana establishment licenses submitted between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018;

c. To disclose the policies, procedures, guidelines, and/or regulations which governed how the scorers assessed points to each criterion in the license application and how uniformity was ensured in the scoring assessment process for the applications submitted between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018;

BAILEY ❖ KENNEDY
8984 SPANISH RIDGE AVENUE
LAS VEGAS, NEVADA 89148-1302
702.562.8820

d. To cease issuing any conditional licenses to applicants whose applications were approved on December 5, 2018;

e. To revoke any conditional licenses already issued on or after December 5, 2018; and

f. To conduct the recreational retail marijuana establishment license application process again, with scoring and ranking to be consistent with the Approved Regulations, NRS Chapter 453D, and the new policies and procedures implemented for the scorers.

Second Claim for Relief: Declaratory Relief Against the Department

103. Plaintiffs/Petitioners reallege and incorporate by reference the allegations contained in paragraphs 1-101, inclusive.

104. The Department has denied the Plaintiffs/Petitioners recreational retail marijuana establishment license applications.

105. The basis for the denial is unknown because the Department failed to comply with NRS 453D.210(4)(b) and Section 91(4) of the Approved Regulations and did not inform the Plaintiffs/Petitioners of the specific reasons for the denial of the license applications.

106. The Plaintiffs/Petitioners contend that the denial of their license applications was unlawful, arbitrary, capricious, clearly erroneous, and in excess of the jurisdiction of the Department.

107. The parties' dispute presents an actual justiciable controversy.

108. The Plaintiffs/Petitioners request a declaratory judgment that:

a. The Department failed to comply with NRS 453D.210(4)(b) and Section 91(4) of the Approved Regulations; and

b. The Department's scoring and ranking of the applications submitted for recreational retail marijuana establishment licenses between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018 was arbitrary, capricious, unlawful, clearly erroneous, and in excess of the Department's jurisdiction.

BAILEY ❖ KENNEDY
8984 SPANISH RIDGE AVENUE
LAS VEGAS, NEVADA 89148-1302
702.562.8820

Third Claim for Relief: Petition for Judicial Review

109. Plaintiffs/Petitioners reallege and incorporate by reference the allegations contained in paragraphs 1-107, inclusive.

110. Plaintiff/Petitioners are parties to a proceeding at the Department—specifically, the review, scoring, and ranking of applications for and issuance of recreational retail marijuana establishment licenses—and have been aggrieved by what the Department claims is its final decision.

111. Under NRS 233B.010, *et seq.*, Plaintiffs/Petitioners are entitled to Judicial Review of the proceeding at the Division by which they were denied the rights and privileges afforded to them by Nevada law.

112. Accordingly, Plaintiffs/Petitioners petition this Court for Judicial Review of the proceeding at the Department whereby their applications for recreational retail marijuana establishment licenses were reviewed, scored, and ranked, and demand that the entire record of the proceeding (for each and every application submitted by the Plaintiffs/Petitioners, the Denied Entities, and the Recipient Entities) be transmitted in accordance with NRS 233B.131.

Fourth Claim for Relief: Petition for Writ of Certiorari

113. Plaintiffs/Petitioners reallege and incorporate by reference the allegations contained in paragraphs 1-111, inclusive.

114. The Department has exceeded its jurisdiction to review, score, and rank applications for recreational retail marijuana establishment licenses and to issue recreational retail marijuana establishment licenses by, among other things, employing unqualified and improperly trained employees to conduct the review, scoring, and ranking of applications; by failing to ensure uniformity in the assessment of the applications and the assignment of scores to various categories of information in the applications; by allowing the license application process to be corrupted; by unfairly favoring certain applicants over others; by eliminating categories of information from the license application despite such categories being required under the Approved Regulations and/or NRS Chapter 453D; by adding a new category of information to the license application after issuing the Notice for license application submissions and without providing adequate notice to the license

BAILEY ❖ KENNEDY
8984 SPANISH RIDGE AVENUE
LAS VEGAS, NEVADA 89148-1302
702.562.8820

applicants; and by failing to inform the Plaintiffs/Petitioners of the specific reasons for the denial of their applications.

115. There is no provision in NRS Chapter 453D or the Department's Regulations which expressly allows for an administrative appeal of the Department's decision, and, therefore, apart from injunctive relief, there is no plain, speedy, and adequate remedy for the Department's improper actions.

116. Plaintiffs/Petitioners petition this Court for a writ of certiorari regarding the Department's reviewing, scoring, and ranking of Plaintiffs/Petitioners' applications for recreational retail marijuana establishment licenses, and the Plaintiffs/Petitioners intend to file an application for a writ of certiorari after their upcoming meetings with Department employees regarding the scoring of their applications.

117. Plaintiffs/Petitioners also request that the Court order the Department to provide the complete record of the Department's proceeding with respect to the Plaintiffs/Petitioners' applications for recreational retail marijuana establishment licenses (along with the complete record of the Department's proceeding for each of the applications for the Denied Entities and the Recipient Entities), and to restrain the Department from any further proceedings with respect to the issuance or recognition of new conditional recreational retail marijuana establishment licenses.

Fifth Claim for Relief: Petition for Writ of Mandamus

118. Plaintiffs/Petitioners reallege and incorporate by reference the allegations contained in paragraphs 1-116, inclusive.

119. The Department has failed to perform an act which the law compels it to perform; specifically, (1) to inform applicants for recreational retail marijuana establishment licenses of the specific reasons for the denial of their license application, in accordance with NRS 453D.210(4)(b) and Section 91(4) of the Department's Approved Regulations; and (2) to review license applications and issue licenses in compliance with Nevada laws and regulations.

120. There is no plain, speedy, and adequate remedy in the ordinary course of law to correct the Division's failure to perform the acts required by law.

BAILEY ❖ KENNEDY
8984 SPANISH RIDGE AVENUE
LAS VEGAS, NEVADA 89148-1302
702.562.8820

121. The Plaintiffs/Petitioners therefore petition this Court to issue a writ of mandamus to the Department compelling them to: (1) provide the Plaintiffs/Petitioners with the specific reasons that their license applications were scored and ranked lower than other applications and why their license applications were denied; and (2) issue a new Notice for recreational retail marijuana establishment license applications and to conduct the scoring and ranking of such applications in accordance with Nevada law and the Approved Regulations.

122. The Plaintiffs/Petitioners intend to file an application for this writ of mandamus after their upcoming meetings with Department employees regarding the scoring of their applications.

Sixth Claim for Relief: Petition for Writ of Prohibition

123. Plaintiffs/Petitioners reallege and incorporate by reference the allegations contained in paragraphs 1-121, inclusive.

124. The Department has issued conditional recreational retail marijuana establishment licenses in excess of its jurisdiction by, among other things: (1) eliminating key categories of information from the application (despite the Approved Regulations and NRS Chapter 453D requiring that the Department consider such information); and (2) by adding a new category of information to the application after it issued its Notice for license applications and failing to adequately inform license applicants of this new category of information.

125. There is no plain, speedy, and adequate remedy in the ordinary course of law to correct the Department's improper review, scoring, and ranking of the license applications or the issuance of the conditional recreational retail marijuana establishment licenses.

126. Plaintiffs/Petitioners therefore petition the Court to issue a writ of prohibition which prohibits the Department from issuing and/or recognizing any new recreational retail marijuana establishment licenses for applicants who submitted a license application between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018.

127. The Plaintiffs/Petitioners intend to file an application for a writ of prohibition after their upcoming meetings with Department employees regarding the scoring of their applications.

BAILEY ❖ KENNEDY
8984 SPANISH RIDGE AVENUE
LAS VEGAS, NEVADA 89148-1302
702.562.8820

WHEREFORE, Plaintiffs/Petitioners pray for the following relief:

1. For preliminary injunctive relief, and after a trial, permanent injunctive relief, ordering the Department:

   a. To disclose all applications and scoring information for every applicant seeking a recreational retail marijuana establishment license between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018;

   b. To disclose the identities and qualifications of the scorers for the applications for recreational retail marijuana establishment licenses submitted between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018;

   c. To disclose the policies, procedures, guidelines, and/or regulations which governed how the scorers assessed points to each criterion in the license application and how uniformity was ensured in the scoring assessment process for the applications submitted between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018;

   d. To cease issuing any conditional licenses to applicants whose applications were approved on December 5, 2018;

   e. To revoke any conditional licenses already issued on or after December 5, 2018; and

   f. To conduct the recreational retail marijuana establishment license application process again, with scoring and ranking to be consistent with the Approved Regulations, NRS Chapter 453D, and the new policies and procedures for the scorers.

2. For a declaratory judgment that:

   a. The Department failed to comply with NRS 453D.210(4)(b) and Section 91(4) of the Approved Regulations; and

   b. The Department's scoring and ranking of the applications submitted for recreational retail marijuana establishment licenses between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018 was arbitrary,

capricious, unlawful, clearly erroneous, and in excess of the Department's jurisdiction.

3. Judicial Review of the Department's review, scoring, and ranking of applications for recreational retail marijuana establishment licenses submitted between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018, and an order that the entire record of the Department's proceeding (for each and every application submitted by the Plaintiffs/Petitioners, the Denied Entities, and the Recipient Entities) be transmitted in accordance with NRS 233B.131.

4. A writ of certiorari ordering the review of the Department's review, scoring, and ranking of applications for recreational retail marijuana establishment licenses submitted between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018; an order that the Department provide the complete record of the Department's proceeding with respect to the Plaintiffs/Petitioners' applications for recreational retail marijuana establishment licenses (along with the complete record of the Department's proceeding for all other applications submitted by the Denied Entities and the Recipient Entities); and an order restraining the Department from conducting any further proceedings with respect to the issuance or recognition of new conditional recreational retail marijuana establishment licenses.

5. A writ of mandamus compelling the Department to: (1) provide the Plaintiffs/Petitioners with the specific reasons that their license applications were scored and ranked lower than other applications and why their license applications were denied; and (2) issue a new Notice for recreational retail marijuana establishment license applications and to conduct the scoring and ranking of such applications in accordance with Nevada law and the Approved Regulations.

EX PARTE MOTION FOR EXTENSION OF TIME TO SERVE COMPLAINT AND PETITION FOR JUDICIAL REVIEW

(SECOND REQUEST)

Pursuant to NRS 233B.130(5), Plaintiffs/Petitioners D.H. Flamingo, Inc. ("DH Flamingo"); Clark Natural Medicinal Solutions LLC, Nye Natural Medicinal Solutions LLC, and Clark NMSD LLC (collectively, "NuVeda"); and Inyo Fine Cannabis Dispensary L.L.C., d/b/a Inyo Fine Cannabis Dispensary ("Inyo") (collectively, "Plaintiffs") request that the Court extend the time for serving the Complaint and Petition for Judicial Review and/or Writs of Certiorari, Mandamus, and Prohibition ("Complaint"), which was filed on January 4, 2019, by an additional 90 days.

As set forth below, good cause exists because a Motion for Preliminary Injunction is currently being heard in Department 11 of the Eighth Judicial District Court, Clark County, Nevada, in a substantially similar matter, which could greatly impact this litigation and potentially render the Plaintiffs' claims moot. Therefore, it would be in the interest of the Court and all Parties to allow

the ongoing evidentiary hearing in Department 11 to conclude before the Plaintiffs proceed with serving the Defendants with summonses and the Complaint in this matter.[1]

This Motion is made and based upon the papers and pleadings on file; the following Memorandum of Points and Authorities; the exhibits attached hereto; and any oral argument as may be heard by the Court. A Proposed Order is attached hereto as Exhibit 7.

MEMORANDUM OF POINTS AND AUTHORITIES IN SUPPORT OF EX PARTE MOTION FOR EXTENSION OF TIME TO SERVE COMPLAINT AND PETITION FOR JUDICIAL REVIEW

I. INTRODUCTION

On January 4, 2019, Plaintiffs filed an action seeking judicial review of the Nevada Department of Taxation's ("Department") December 5, 2018 decision denying their applications for licenses to open new recreational retail marijuana establishments ("Dispensaries"). In the Complaint, Plaintiffs raised a multitude of concerns about the licensing process and the Department's decision.

In addition to this action, seven other actions have been filed by several other applicants who were denied Dispensary licenses. In one such action, *Serenity Wellness Center, LLC v. State of Nevada, Department of Taxation*, No. A-19-786962-B, in Department 11, an evidentiary hearing has commenced for a Motion for Preliminary Injunction. Six of the other Dispensary license actions have been coordinated and the plaintiffs in the other actions were invited to join the Motion for Preliminary Injunction. The parties bringing and/or joining in the Motion for Preliminary Injunction seek, among other things, an order enjoining enforcement of the conditional Dispensary licenses issued by the Department of Taxation, and an order requiring that the Dispensary license application process be redone in accordance with Nevada law and the Department's Regulations.

While this action was not coordinated with the other Dispensary license actions, this action could be greatly impacted by the ruling on the pending Motion for Preliminary Injunction. If the court grants the Motion for Preliminary Injunction and orders that the license application process be redone, Plaintiffs' claims in this action would likely be rendered moot. Moreover, the evidence offered during the evidentiary hearing on the Motion for Preliminary Injunction may help to broaden or narrow the issues raised in the Plaintiffs' Complaint.

The Plaintiffs believe that an additional 90 days for service of process in this action should be sufficient time for Department 11 to render a decision on the pending Motion for Preliminary Injunction. Because this extension will not prejudice any party and will conserve valuable judicial resources, the Plaintiffs respectfully request additional time in which to complete service of process in this action.

II. STATEMENT OF RELEVANT FACTS

A. The Approved Regulations.

During Nevada's 2016 General Election, the voters approved an initiative petition to legalize the recreational use of marijuana by persons 21 years of age or older ("Regulation and Taxation of Marijuana Act"). NRS 453D.010. The Regulation and Taxation of Marijuana Act required the Department to adopt all regulations necessary or convenient to carry out the Act no later than January 1, 2018, including regulations that set forth the "[p]rocedures for the issuance, renewal, suspension, and revocation of a license to operate a marijuana establishment" and "[q]ualifications for licensure that are directly and demonstrably related to the operation of a marijuana establishment." NRS 453D.200(1)(a)-(b).

Following a year of public hearings and other meetings with interested persons, the Nevada Tax Commission ("Commission") unanimously approved a set of permanent regulations ("Regulations") on January 16, 2018. Adopted Reg. of the Dept. of Taxation, Nev. Reg. R092-17A (Feb. 27, 2018) (to be codified as NAC 453D.010).[2] The Regulations took effect on February 27, 2018. *Id.*[3] They included procedures for the issuance, suspension, and revocation of licenses issued by the Department for marijuana establishments. *Id.*

B. The Department's Licensing Decision.

On July 6, 2018, the Department issued a Notice of Intent to Accept Applications for Marijuana Licenses ("Notice"). (Compl. ¶ 47.) The request for applications was limited to existing medical marijuana establishment ("MME") certificate holders seeking a license to operate a new recreational Dispensary. (*Id.* at ¶ 49.) The Notice required the submission of applications between 8:00 a.m. on September 7, 2018 and 5:00 p.m. on September 20, 2018. (*Id.* at ¶ 49.) Plaintiffs submitted a total of 35 applications for a Dispensary license. (*Id.* at ¶¶ 61-63.)

On December 5, 2018, the Department notified each applicant of its decision to either grant or deny each application for a Dispensary license. (*Id.* at ¶ 65.) Plaintiffs believe that the

Department awarded approximately 31 licenses for Dispensaries that will be located in Clark County, Nevada. (*Id.* at ¶ 66.) Every one of Plaintiffs' 35 applications was denied. (*Id.* at ¶ 67.)

C. The Current Case.

Although the Regulations include specific procedures governing the application and the Department's decision-making process, the Department disregarded Nevada's statutes, and its own Regulations and procedures in awarding the Dispensary licenses. As detailed in the Complaint, the Department's scoring and ranking process was marred by significant errors, procedural flaws, and/or violations of Nevada law. (*Id.* at ¶ 84.)

On January 4, 2019, the Plaintiffs timely filed a Complaint seeking judicial review,[4] or, in the alternative, writs of certiorari, mandamus, and prohibition.[5] The Complaint contains detailed allegations concerning the Department's scoring and ranking process and subsequent issuance of conditional Dispensary licenses and contends that the Department's actions were unlawful, arbitrary, capricious, in excess of the Department's jurisdiction, and clearly erroneous. (*Id.* at ¶¶ 86-92.)

As required by NRS 233B.130(2)(a) and *Washoe County v. Otto*, 128 Nev. 424, 432, 282 P.3d 719, 725 (2012), Plaintiffs named all parties to the licensing decision as defendants/respondents in this action. This includes the 17 applicants who Plaintiffs believe were granted conditional Dispensary licenses on or about December 5, 2018. (*Id.* at ¶ 24.) Additionally, Plaintiffs named DOES 1-300 with the intent of adding the other applicants for Dispensary licenses. (*Id.* at ¶ 27.)

D. First Extension of Time for Service of Process.

On February 11, 2019, the Plaintiffs filed an Ex Parte Motion for Extension of Time to Serve Petition for Judicial Review. At that time, the Commission had expressed its intent to review the licensing process and to take action to correct any problems it identified. (Feb. 11, 2019 Mot. for Extension, at 4:7-9, 6:9-7:9.) In fact, one of the Commissioners called for a special meeting to

---

[4] At the time Plaintiffs filed the Complaint, the Department's denial of Plaintiffs' applications constituted a final decision of the Department. NRS 360.245(1)(a). After the Complaint was filed, the Department informed Plaintiffs that the decision cannot be appealed to the Tax Commission.

[5] The Complaint also seeks writs of certiorari, mandamus, and prohibition, in the event that the Department contends that the decision is not subject to judicial review.

address the problems raised in the Plaintiffs' Complaint, and the Commission Chairman assured the public that the issue would be included on a future agenda for the Commission. (*Id.* at 7:4-6.)[6]

Because the Commission's review of the Dispensary licensing process could have impacted the scope of the relevant factual and legal issues in this case and potentially rendered the Plaintiffs' claims moot, this Court granted the Plaintiffs' Motion for Extension. (Notice of Entry of Order Granting Ex Parte Mot. for Extension of Time to Serve Petition for Judicial Review (Feb. 20, 2019).) Therefore, the deadline for service of process in this action was continued to June 14, 2019. (*Id.*)

E. Motion for Preliminary Injunction.

Several other Dispensary license applicants who were denied a license have brought similar actions against the Department and/or the Commission:

- *MM Development Company, Inc. v. State of Nevada, Department of Taxation*, No. A-18-785818-W, Department 9, filed on December 10, 2018 ("*MM Development* Action");
- *Compassionate Team of Las Vegas LLC v. State of Nevada, Department of Taxation*, No. A-18-786357-W, Department 14, filed on December 19, 2018 ("*Compassionate Team* Action");
- *ACC Enterprises, LLC v. State of Nevada, Department of Taxation*, No. A-19-786888-J, Department 30, filed on January 3, 2019 ("*ACC Enterprises* Action");
- *Serenity Wellness Center, LLC v. State of Nevada, Department of Taxation*, No. A-19-786962-B, Department 11, filed on January 4, 2019 ("*Serenity Wellness* Action");
- *ETW Management Group LLC v. State of Nevada, Department of Taxation*, No. A-19-787004-B, Department 11, filed on January 4, 2019 ("*ETW Management* Action");
- *Nevada Wellness Center, LLC v. State of Nevada, Department of Taxation*, No. A-19-787540-W, Department 18, filed on January 15, 2019 ("*Nevada Wellness* Action"); and

- *High Sierra Holistics, LLC v. State of Nevada, Department of Taxation*, No. A-19-787726-C, Department 14, filed on January 16, 2019 ("*High Sierra* Action").[7]

On March 19, 2019, the plaintiffs in the *Serenity Wellness* Action filed a Motion for Preliminary Injunction. (*See generally* Ex. 1.[8]) The Motion for Preliminary Injunction seeks, among other things, to enjoin enforcement of the conditional Dispensary licenses awarded by the Department and to order the Department and/or the Commission to reconsider its Dispensary licensing decisions and re-conduct the Dispensary licensing process. (*Id.*) On April 22, 2019, Department 11 held a scheduling conference for all of the Dispensary licensing actions and informed the parties of its belief that the Motion for Preliminary Injunction filed in the *Serenity Wellness* Action could affect all of the other Dispensary licensing actions. (Ex. 2,[9] at 3.) As a result, all of the parties in all of the actions were invited to participate in the hearing of the Motion for Preliminary Injunction. (*Id.*).

On May 9, 2019, the State of Nevada filed a Motion to Consolidate all of the Dispensary licensing actions. (*See generally* Ex. 3.[10]) The Plaintiffs opposed this motion, asserting that this action differed from the other actions. (*See generally* Ex. 4.[11]) While all of the Dispensary licensing actions seek to enjoin enforcement of the conditional licenses issued by the Department and for a new license application process to be conducted in accordance with Nevada law and the Department's Regulations, the other Dispensary licensing actions seek to obtain reconsideration primarily by challenging the application process on state and federal constitutional grounds. (*Id.* at 5:5-7:5.) The Plaintiffs in this action, on the other hand, intend to challenge the license application

process by seeking a writ of mandamus ordering the Commission to hear their appeals from the denial of their license applications. (*Id.* at 9:4-16.)

On May 13, 2019, Department 11 decided to coordinate all of the Dispensary licensing actions, except for this action and the *ACC Enterprises* Action. (Ex. 5,[12] at 2.) Therefore, an evidentiary hearing on the Motion for Preliminary Injunction in the Coordinated Actions commenced on May 24, 2019. (*Id.*) Testimony and evidence has continued to be offered from May 28, 2019 through May 31, 2019. (Ex. 6,[13] at ¶ 3.) The hearing is currently scheduled to continue on June 10, 2019. (*Id.* at ¶ 4.) The remaining schedule is currently unknown, but is expected to continue for an additional three to five days in mid-June 2019. (*Id.* at ¶ 5.) The Plaintiffs anticipate that a decision on the Motion for Preliminary Injunction will be entered by the end of June or early July 2019. (*Id.* at ¶ 6.)

III. LEGAL ANALYSIS

NRS 233B.130(5) provides that a petition for judicial review must be served "within 45 days after the filing of the petition, unless, upon a showing of good cause, the district court extends the time for such service." In determining whether good cause to extend time for service exists, the Court must undertake "a balanced and multifaceted analysis" of the relevant facts. *Scrimer v. Eighth Jud. Dist. Ct. ex rel. Cnty. of Clark*, 116 Nev. 507, 517, 998 P.2d 1190, 1196 (2000).

Here, the facts of the case weigh in favor of granting an extension. Granting an extension of the time for service will not prejudice any party and will conserve valuable judicial resources. It is anticipated that the evidentiary hearing on the Motion for Preliminary Injunction will provide further facts and evidence to support the claims raised in the Plaintiffs' Complaint, and, more importantly, if the Motion for Preliminary Injunction is granted and a new Dispensary licensing application process is ordered, it could potentially render all of the Plaintiffs' claims in this action moot.

Regardless of the ultimate outcome in the Coordinated Actions, an extension of time to serve the Complaint will allow the case to proceed more efficiently and ensure that the Court has a more

complete record on which to base its decision, which will conserve judicial resources and further the interests of all Parties. Moreover, no party will be prejudiced by the extension. The State of Nevada and the defendants/respondents who received conditional Dispensary licenses are parties to and participating in the pending evidentiary hearing for the Motion for Preliminary Injunction.

IV. CONCLUSION

In light of the pending Motion for Preliminary Injunction which could greatly impact the claims in this action, the Plaintiffs request a 90-day extension of time, through and until September 12, 2019, to serve the Complaint on all Defendants. (*See* Proposed Order, attached as Exhibit 7.)

I.

PARTIES & JURISDICTION

1. Plaintiff, NEVADA WELLNESS CENTER, LLC, is a Nevada Limited Liability Company duly licensed under the laws of the State of Nevada.

2. Defendant STATE OF NEVADA, DEPARTMENT OF TAXATION (the "Department") is an agency of the State of Nevada. The Department is responsible for licensing and regulating retail marijuana businesses in Nevada through its Marijuana Enforcement Division.

Case Number: A-19-787540-W

3. The true names and capacities, whether individual, corporate, association or otherwise of the Defendants DOES I through X and/or ROE CORPORATIONS I through X, inclusive, are unknown to Plaintiff, who therefore sues said Defendants by such fictitious names. Plaintiff is informed and believes, and thereupon alleges, that each of the Defendants designated herein as DOES and/or ROE CORPORATIONS is responsible in some manner for the events and happenings herein referred to, and in some manner caused the injuries and damages to Plaintiff alleged herein. Plaintiff will ask leave of the Court to amend this Complaint to insert the true names and capacities of said Defendants DOES I through X and/or ROE CORPORATIONS I through X, inclusive when the same have been ascertained by Plaintiff, together with the appropriate charging allegations, and to join such Defendants in this action.

II.

GENERAL ALLEGATIONS

4. The Nevada State Legislature passed a number of bills during the 2017 legislative session that affected the licensing, regulation, and operation of recreational marijuana establishments in the state of Nevada. One of those bills, Assembly Bill 422, transferred responsibility for the registration, licensing, and regulation of marijuana establishments from the State of Nevada's Division of Public and Behavioral Health to the Department of Taxation.

5. According to an August 16, 2018 letter from the Department, pursuant to Section 80(3) of Adopted Regulation of the Department of Taxation, LCB File No. R092-17 ("R092-17"), the Department was responsible for allocating the licenses of recreational marijuana retail stores "to jurisdictions within each county and to the unincorporated area of the county proportionally based on the population of each jurisdiction and of the unincorporated area of the county."

6. The Department issued a notice for an application period wherein the Department sought applications from qualified applicants to award sixty-four (64) recreational marijuana retail store licenses throughout various jurisdictions in Nevada.

7. The application period for licenses opened on September 7, 2018 and closed on September 20, 2018.

8. If the Department received more than one application for a license for a recreational

marijuana retail store and the Department determined that more than one of the applications was complete and in compliance with R092-17, Sec. 78 and NRS 453D, the Department was required to rank the applications within each applicable locality for any applicants in a jurisdiction that limits the number of retail marijuana stores in order from first to last. Ranking is based on compliance with the provisions of R092-17 Sec. 80, NRS 453D and on the content of the applications relating to:

a. Operating experience of another kind of business by the owners, officers or board members that has given them experience which is applicable to the operation of a marijuana establishment.

b. Diversity of the owners, officers or board members.

c. Evidence of the amount of taxes paid and other beneficial financial contributions.

d. Educational achievements of the owners, officers or board members.

e. The applicant's plan for care, quality and safekeeping of marijuana from seed to sale.

f The financial plan and resources of the applicant, both liquid and illiquid.

g. The experience of key personnel that the applicant intends to employ.

h. Direct experience of the owners, officers or board members of a medical marijuana establishment or marijuana establishment in this State.

9. No later than December 5, 2018, the Department was responsible for issuing conditional licenses to those applicants who score and rank high enough in each jurisdiction to be awarded one of the allocated licenses.

10. The Department allocated ten (10) licenses for unincorporated Clark County, Nevada; ten (10) licenses for Las Vegas, Nevada; six (6) licenses for Henderson, Nevada; five (5) licenses for North Las Vegas, Nevada; six (6) licenses for Reno, Nevada; one (1) license for Sparks, Nevada; and one (1) license for Nye County, Nevada.

11. Prior to the application process with the Department, Plaintiff was previously scored and ranked in the 2015 licensing procedure, pursuant to NRS 453A, in conjunction with a medical marijuana establishment permit application.

12. At that time, Plaintiff received a score of 198.62 and was ranked as the highest applicant for a medical marijuana dispensary in Las Vegas, Nevada and received a score of 193.62 and was ranked seventh highest applicant for a medical marijuana dispensary in the City of Henderson, Nevada.

13. The factors used for the 2015 rankings were substantially similar to the factors to be used by the Department for the 2018 rankings for the allocated licenses.

14. The only major difference between the factors assessed for the 2015 rankings and the 2018 rankings was the addition of diversity of race, ethnicity, or gender of applicants (owners, officers, board members) to the existing merit criteria.

15. Plaintiff submitted applications for recreational marijuana retail store licenses to own and operate recreational marijuana retail stores in the following jurisdictions: unincorporated Clark County, Nevada; Las Vegas, Nevada; North Las Vegas, Nevada; and Reno, Nevada.

16. On or about December 5, 2018, despite its prior exceptional rankings, Plaintiff was informed by the Department that all of its applications to operate recreational marijuana retail stores were denied.

17. Plaintiff is informed and believes that the Department improperly granted "conditional" licenses to applicants that were ranked substantially lower than Plaintiff on the 2015 rankings.

18. Plaintiff is informed and believes that the Department improperly granted more than one recreational marijuana store license per jurisdiction to certain applicants, owners, or ownership groups.

19. Plaintiff timely filed an Appeal and Petition for Reconsideration with the State of Nevada Department of Taxation on January 4, 2019.

20. Plaintiff is scheduled to meet with the Department of Taxation on January 17, 2019.

21. On January 10, 2019 the State of Nevada Department of Taxation notified Plaintiff that there is no allowance for an appeal and that it would take no further action based on Plaintiff's Notice of Appeal. See Exhibit 1.

22. Plaintiff not being satisfied with the results of its Appeal and Petition for

Reconsideration, has exhausted its administrative remedies.

23. Plaintiff therefore files the present Complaint in order to pursue its legal rights and remedies.

III.

CLAIMS FOR RELIEF

FIRST CLAIM FOR RELIEF

(Declaratory Relief)

24. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

25. A justiciable controversy exists that warrants a declaratory judgment pursuant to Nevada's Uniform Declaratory Judgments Act, NRS 30.010 to 30.160, inclusive.

26. Plaintiff and the Defendants have adverse and/or competing interests as the Department, through its Marijuana Enforcement Division, has denied the applications submitted by Plaintiff and has violated Plaintiff's Constitutional Rights, Nevada law, and State policy.

27. The Department's refusal to issue Plaintiff a "conditional" license affects Plaintiff's rights afforded it by NRS 453D, NAC 453D, R092-17, and other Nevada laws and regulations.

28. Further, the Department's improper ranking of the other applicants for a recreational marijuana establishment license and the Department's subsequent, improper issuance to each of a "conditional" license also affects the rights of Plaintiff afforded it by NRS 453D, NAC 453D, R09217, and other Nevada laws and regulations.

29. The Department's actions and/or inactions also have created an actual justiciable controversy ripe for judicial determination between Plaintiff and the Department with respect to the construction, interpretation, and implementation of NRS 453D, NAC 453D, and R092-17 as to Plaintiff. Plaintiff has been harmed, and will continue to be harmed, by the Defendants' actions.

30. The Department's actions and/or inactions failed to appropriately address the necessary considerations and intent of NRS 453D.210, designed to restrict monopolies.

31. Accordingly, Plaintiff seeks a declaration from this Court that, inter alia:

a. That the Department improperly denied Plaintiff four (4) "conditional" licenses for the operation of a recreational marijuana establishment in the

following jurisdictions: unincorporated Clark County, Nevada; Las Vegas, Nevada; North Las Vegas, Nevada; and Reno, Nevada.

b. The denial of a "conditional" license to Plaintiff is void *ab initio*;

c. The procedures employed in the denial violated Plaintiff's procedural due process rights and equal protection rights under the Nevada and United States Constitutions and, therefore, the denial is void and unenforceable;

d. The denial violates Plaintiff's substantive due process rights and equal protection rights under the Nevada and United States Constitutions and, therefore, the denial is void and unenforceable;

e. The denial is void for vagueness and therefore unenforceable;

f. Defendant acted arbitrarily and capriciously or in contravention of a legal duty and Plaintiff is therefore entitled to a writ of mandamus;

g. Plaintiff is entitled to judicial review; and

h. The Department's denial lacked substantial evidence.

32. Plaintiff also seeks a declaration from this Court that the Department must issue Plaintiff four (4) "conditional" licenses for the operation of a recreational marijuana establishment in unincorporated Clark County, Nevada; Las Vegas, Nevada; North Las Vegas, Nevada; and Reno, Nevada, since Plaintiff's score issued by the Department would have ranked high enough to entitle it to "conditional" licenses had the Department properly applied the provisions of NRS 453D, NAC Chapter 453D, and R092-17.

33. Plaintiff asserts and contends that a declaratory judgment is both necessary and proper at this time for the Court to determine the respective rights, duties, responsibilities and liabilities of the Plaintiff afforded it by NRS 453D, NAC Chapter 453D, R092-17, and other Nevada laws and regulations.

34. Plaintiff has found it necessary to retain the legal services of Parker, Nelson & Associates, Chtd. to bring this action, and Plaintiff is entitled to recover its reasonable attorneys' fees and costs therefor.

///

SECOND CLAIM FOR RELIEF

(Injunctive Relief)

35. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

36. The Department's flawed interpretation of the provisions of NRS 453D, NAC Chapter 453D, and R092-17, and refusal to issue "conditional" licenses in accordance with the law constitute and cause continuing and irreparable harm to Plaintiff with no adequate remedy at law.

37. The purpose of this refusal was and is to unreasonably interfere with Plaintiff's business and causing Plaintiff to suffer irreparable harm.

38. The Department will suffer no harm by following the law with respect to issuing "conditional" licenses.

39. The Department's interpretation of NRS 453D, NAC Chapter 453D, and R092-17 is flawed and Plaintiff is likely to succeed on the merits in this litigation.

40. The public interest favors Plaintiffs because in the absence of injunctive relief, the consumers who would have benefitted will have less available options from which they can receive recreational marijuana licenses.

41. Therefore, Plaintiff is entitled to preliminary injunctive relief, and after a trial on the merits, permanent injunctive relief, ordering the Department to issue "conditional" licenses to Plaintiff in accordance with NRS 453D, NAC 453D, and R092-17.

42. Plaintiff has retained the legal services of Parker, Nelson & Associates, Chtd. to bring this action, and Plaintiff is entitled to recover its reasonable attorneys' fees and costs therefor.

THIRD CLAIM FOR RELIEF

(Violation of Procedural Due Process)

43. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

44. The procedures employed by the Department in denying Plaintiff's applications have deprived Plaintiff of due process of law as guaranteed by the Nevada Constitution and the United States Constitution.

45. The process in which denial was considered, noticed to the public, and passed failed to provide Plaintiff a meaningful opportunity to be heard at a consequential time and was

fundamentally unfair and violated the due process requirements of the Nevada and United States Constitutions.

46. The Constitutional infirmity of this entire process renders the denial void and unenforceable, and Plaintiff is entitled to a declaration as to the denials' ineffectiveness and an order enjoining its enforcement.

47. Plaintiff is also entitled to damages for these due process violations.

48. As the action of the Department necessitated that Plaintiff retain the legal services of Parker, Nelson & Associates, Chtd., and incur fees and costs to bring this action, Plaintiff is also entitled to attorneys' fees and costs of suit.

49. Plaintiff has found it necessary to bring this action, and Plaintiff is entitled to recover its reasonable attorneys' fees and costs therefor.

FOURTH CLAIM FOR RELIEF

(Violation of Substantive Due Process)

50. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

51. The denial violates Plaintiff's substantive due process rights guaranteed by the Nevada Constitution and the United States Constitution.

52. The Constitutional infirmity of this entire process and the Department's denial renders the denial void and unenforceable, and Plaintiff is entitled to a declaration as to the denials' ineffectiveness and an order enjoining its enforcement.

53. Plaintiff is also entitled to damages for these due process violations.

54. As the action of the Department necessitated that Plaintiff retain the legal services of Parker, Nelson & Associates, Chtd., and incur fees and costs to bring this action, Plaintiff is also entitled to attorneys' fees and costs of suit.

FIFTH CLAIM FOR RELIEF

(Equal Protection Violation)

55. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

56. The denial violates Plaintiff's right to equal protection under the Nevada and United States Constitutions.

57. The denial divides up marijuana applications into two or more classes.

58. This classification and disparate treatment is unconstitutional because there is no rational relationship between the disparity of this treatment and any legitimate governmental purpose.

59. The constitutional infirmity of this denial renders it void and unenforceable, and Plaintiff is entitled to a declaration as to the denials' ineffectiveness and an order enjoining its enforcement.

60. As the action of the Department necessitated that Plaintiff retain the legal services of Parker, Nelson & Associates, Chtd., and incur fees and costs to bring this action, Plaintiff is also entitled to attorneys' fees and costs of suit.

SIXTH CLAIM FOR RELIEF

(Petition for Judicial Review)

61. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

62. The Department, in misinterpreting and incorrectly applying NRS 453D, NAC 453D and the related Nevada laws and regulations, has exceeded its jurisdiction by issuing "conditional" licenses to applicants that do not merit "conditional" licenses under NRS 453D, NAC 453D, and R092-17.

63. Plaintiff is aggrieved by the decision of the Department to deny Plaintiff's application without proper notice, substantial evidence, or compliance with. NRS 453D, NAC 453D, R092-17, and other Nevada state laws or regulations.

64. There is no provision in NRS 453D, NAC 453D, or R092-17 allowing for an administrative appeal of the Department's decision, and apart from injunctive relief, no plain, speedy, and adequate remedy for the Department's improper actions.

65. Accordingly, Plaintiff petitions this Court for judicial review of the record on which the Department's denial was based, including but not limited to:

a. A determination that the decision lacked substantial evidence;

b. A determination that the denial is void ab initio for non-compliance with NRS 453D, NAC 453D, R092-17, and other Nevada state laws or

regulations; and

c. Other relief consistent with those determinations.

66. Plaintiff has found it necessary to retain the legal services of Parker, Nelson & Associates, Chtd. to bring this action, and Plaintiff is entitled to recover its reasonable attorneys' fees and costs therefor.

SEVENTH CLAIM FOR RELIEF

(Petition for Writ of Mandamus)

67. Plaintiff repeats and realleges all prior paragraphs as though fully set forth herein.

68. When a governmental body fails to perform an act "that the law requires" or acts in an arbitrary or capricious manner, a writ of mandamus shall issue to correct the action. Nev. Rev. Stat. § 34.160.

69. The Department failed to perform various acts that the law requires including but not limited to:

a. Providing proper pre-hearing notice of the denial; and

b. Arbitrarily and capriciously denying the application for no legitimate reason.

70. The Department acted arbitrarily and capriciously in the denial by performing or failing to perform the acts enumerated above and because, inter alia:

a. The Board lacked substantial evidence to deny the application; and

b. The Board denied the application solely to approve other competing applicants without regard to the merit of Plaintiff's application.

71. These violations of the Defendants' legal duties were arbitrary and capricious actions that compel this Court to issue a Writ of Mandamus directing the Department to review the application on its merits and/or approve it.

72. As a result of the Defendants' unlawful and arbitrary and capricious actions, Plaintiff has been forced to retain legal services of Parker, Nelson & Associates, Chtd. to prosecute this action, and is therefore also entitled to its damages, costs in this suit, and an award of attorneys' fees pursuant to NRS 34.270.

///

IV.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff prays for judgment as follows:

1. For declaratory relief as set forth above;
2. For a preliminary and permanent injunction enjoining the enforcement of the denial;
3. For judicial review of the record and history on which the denial was based;
4. For the issuance of a writ of mandamus;
5. For compensatory and special damages as set forth herein;
6. For attorneys' fees and costs of suit; and
7. For all other and further relief as the Court deems just and proper.

Re: Notice of Appeal (RD312, RD313, RD314, RD315)
TID 1017582408

Mr. Theodore Parker,

The Department is in receipt of your Notice of Appeal to the Nevada Tax Commission regarding the denial of a license for a retail marijuana store. NRS 233B.127 indicates the statutes dealing with adjudication of contested cases "do not apply to the grant, denial or renewal of a license unless notice and opportunity for hearing are required by law to be provided to the applicant before the grant, denial or renewal of the license."

The Department scored timely submitted applications using an impartial and numerically scored competitive process in accordance with NRS 453D.210(6). After scoring the applications, the Department ranked the applications from first to last. Pursuant to Sec. 80 of Permanent Regulation LCB File No. R092- 17 filed on February 27, 2018 ("Permanent Regulations"), the Department issued licenses for retail marijuana stores to the highest-ranked applicants until the Department issued the number of licenses authorized for each jurisdiction. The Department issued the licenses or denials within 90 days of the closing of the application period (NRS 453D.210(4) & Sec. 84 of the Permanent Regulations). Unless otherwise indicated in the notice, the basis for the denial of your application was a failure to obtain a high enough ranking to obtain a license in the jurisdiction(s) in which you applied. There is no statutory or regulatory allowance for appealing the scoring, ranking, or denial.

As there is no allowance for an appeal of the denial of your application for the issuance of a retail marijuana store license, no further action will be taken by the Department on your Notice of Appeal.

Thank you for your interest in this application process.

GENERAL ALLEGATIONS

16. The Nevada State Legislature passed a number of bills during the 2017 legislative session that affected the licensing, regulation, and operation of recreational marijuana establishments in the state of Nevada. One of those bills, Assembly Bill 422, transferred responsibility for the registration, licensing, and regulation of marijuana establishments from the State of Nevada's Division of Public and Behavioral Health to the Department of Taxation.

17. This legislation was added to the the voters' approval at the 2016 General Election of 2016 initiative petition, Ballot Question No. 2; is known as the "Regulation and Taxation of Marijuana Act"; and is codified at NRS 453D.010, *et seq.*Nevada Revised Statutes ("NRS") pursuant to

18. NRS 453D.020 (Findings and declarations) provides:

> "1. In the interest of public health and public safety, and in order to better focus state and local law enforcement resources on crimes involving violence and personal property, the People of the State of Nevada find and declare that the use of marijuana should be legal for persons 21 years of age or older, and its cultivation and sale should be regulated similar to other legal businesses.
>
> 2. The People of the State of Nevada find and declare that the cultivation and sale of marijuana should be taken from the domain of criminals and be regulated under a controlled system, where businesses will be taxed and the revenue will be dedicated to public education and the enforcement of the regulations of this chapter.
>
> 3. The People of the State of Nevada proclaim that marijuana should be regulated in a manner similar to alcohol so that:
>
> (a) Marijuana may only be purchased from a business that is licensed by the State of Nevada;
>
> (b) Business owners are subject to a review by the State of Nevada to confirm that the business owners and the business location are suitable to produce or sell marijuana;

(c) Cultivating, manufacturing, testing, transporting and selling marijuana will be strictly controlled through state licensing and regulation;

(d) Selling or giving marijuana to persons under 21 years of age shall remain illegal;

(e) Individuals will have to be 21 years of age or older to purchase marijuana;

(f) Driving under the influence of marijuana will remain illegal; and

(g) Marijuana sold in the State will be tested and labeled."

19. NRS 453D.200 (Duties of Department relating to regulation and licensing of marijuana establishments; information about consumers) provides:

"1. Not later than January 1, 2018, the Department shall adopt all regulations necessary or convenient to carry out the provisions of this chapter. The regulations must not prohibit the operation of marijuana establishments, either expressly or through regulations that make their operation unreasonably impracticable. The regulations ***shall*** include:

(a) Procedures for the issuance, renewal, suspension, and revocation of a license to operate a marijuana establishment;

(b) ***Qualifications for licensure that are directly and demonstrably related to the operation of a marijuana establishment***;

....

2. The Department ***shall*** approve or deny applications for licenses ***pursuant to NRS 453D.210***" (emphasis added).

20. NRS 453D.210 (Acceptance of applications for licensing; priority in licensing; conditions for approval of application; limitations on issuance of licenses to retail marijuana stores; competing applications), in turn, provides, in pertinent part:

"4. Upon receipt of a complete marijuana establishment license application, the Department ***shall, within 90 days***:

(a) ***Issue the appropriate license if the license application is approved.***

5. The Department ***shall approve a license application if***:

(a) The prospective marijuana establishment has submitted an application in compliance with regulations adopted by the Department and the application fee required pursuant to NRS 453D.2;

6. When competing applications are submitted for a proposed retail marijuana store within a single county, the Department ***shall*** use an ***impartial and numerically scored competitive bidding process*** to determine which application or applications among those competing will be approved" (emphasis added).

21. According to an August 16, 2018 letter from the Department, pursuant to Section 80(3) of Adopted Regulation of the Department of Taxation, LCB File No. R092-17 ("R092-17"), the Department was responsible for allocating the licenses of recreational marijuana retail stores "to jurisdictions within each county and to the unincorporated area of the county proportionally based on the population of each jurisdiction and of the unincorporated area of the county."

22. The Department issued a notice for an application period wherein the Department sought applications from qualified applicants to award sixty-four (64) recreational marijuana retail store licenses throughout various jurisdictions in Nevada.

23. The application period for those licenses, including thirty-one (31) licenses in Clark County, seven (7) licenses in Washoe County and one (1) license in Nye County, opened on September 7, 2018 and closed on September 20, 2018.

24. Pursuant to Section 6.2 of the Recreational Marijuana Establishment License Application ("the Application") issued by the Department, as enabled under the above-quoted provisions of NRS 453D.210, if the Department received more than one application for a license for a recreational marijuana retail store and the Department determined that more than one of the applications was complete and in compliance with R092-17, Sec. 78 and NRS 453D, the Department was required to rank the applications within each applicable locality for any applicants in a jurisdiction that limits the number of retail marijuana stores in order from first to last, with ranking being based on compliance with the provisions of R092-17 Sec. 80, NRS 453D and on the content of the applications relating to the following specifically-enumerated and objective published criteria:

a. Operating experience of another kind of business by the owners, officers or board members that has given them experience which is applicable to the operation of a marijuana establishment.

b. Diversity of the owners, officers or board members.

c. Evidence of the amount of taxes paid and other beneficial financial contributions.

d. Educational achievements of the owners, officers or board members.

Gentile Cristalli
Miller Armeni Savarese

e. The applicant's plan for care, quality and safekeeping of marijuana from seed to sale.

f. The financial plan and resources of the applicant, both liquid and illiquid.

g. The experience of key personnel that the applicant intends to employ.

h. Direct experience of the owners, officers, or board members of a medical marijuana establishment or marijuana establishment in this State.

25. However, no numerical scoring values are assigned to any of the foregoing criteria enumerated in the Application.

26. Moreover, Section 6.3 of the Application further provides that "[a]pplications that have not demonstrated a sufficient response related to the criteria set forth above will not have ***additional [unspecified, unpublished] criteria*** considered in determining whether to issue a license ***and will not move forward in the application process***" (emphasis added).

27. Thus, by necessary implication, conversely, Section 6.3 of the Application textually subjects an Application which *has* in fact demonstrated a "sufficient" response related to the specific, published criteria set forth above to "***additional [unspecified, unpublished] criteria,***" consideration of which by the Department will determine whether or not a license is issued and whether or not a license Application will "***move forward in the application process,*** notwithstanding the textual requirement of NRS 453 D. 200.1(b) that the Department shall adopt only regulations that prescribe "[q]ualifications for licensure that are directly and ***demonstrably*** related to the operation of a marijuana establishment" (emphasis added).

28. No later than December 5, 2018, the Department was responsible for issuing conditional licenses to those applicants who score and rank high enough in each jurisdiction to be awarded one of the allocated licenses in accordance with the impartial competitive bidding process mandated by NRS 453D.210.

29. The Department allocated ten (10) licenses for unincorporated Clark County, Nevada; ten (10) licenses for Las Vegas, Nevada; six (6) licenses for Henderson, Nevada; five (5) licenses for North Las Vegas, Nevada; six (6) licenses for Reno, Nevada; one (1) license for Sparks, Nevada; and one (1) license for Nye County, Nevada.

Gentile Cristalli Miller Armeni Savarese
Attorneys At Law

30. Plaintiffs submitted Applications for licenses to own and operate recreational marijuana retail stores in compliance with the specified, published requirements of Department regulations together with the required application fee in accordance with NRS 453D.210.

31. Plaintiffs have been informed by the Department that all of their Applications to operate recreational marijuana retail stores were denied.

32. In each instance, Plaintiffs were informed by letter from the Department stating that a license was not granted to the applicant "because it did not achieve a score high enough to receive an available license."

33. On information and belief, Plaintiffs allege that the Department's denial of their license applications was not properly based upon actual implementation of the impartial and objective competitive bidding process mandated by NRS 453D.210, but rather, was in fact based upon the arbitrary and capricious exercise of administrative partiality and favoritism.

34. On information and belief, Plaintiffs allege conversely that that the Department improperly granted licenses to other competing applicants, likewise without actual implementation of the impartial and objective competitive bidding process mandated by NRS 453D.210, but rather, based upon the arbitrary and capricious exercise of administrative partiality and favoritism.

35. On information and belief, Plaintiffs allege that the Department has improperly granted more than one recreational marijuana store license per jurisdiction to certain applicants, owners, or ownership groups.

36. Accordingly, on January 4, 2019, Plaintiffs brought an action against the department and unnamed DOE and ROE ENTITY DEFENDANTS seeking equitable relief as likewise sought herein against the City and unnamed DOE and ROE ENTITY DEFENDANTS on the claims for relief hereinafter set forth as well.

37. That action is presently pending before this Court, the Honorable Elizabeth Gonzalez, District Court Judge in CASE NO. A-19-786962-B, DEPT. XI, and Plaintiffs' Motion for Preliminary Injunction is set for hearing before Judge Gonzalez on May 24, 2019 at 9:00 AM.

38. However Defendant City has placed on its agenda for Wednesday, May 15, 2019 the matter of granting of City of Las Vegas business licenses to those recipients of conditional state licenses who have applied for such local City licenses notwithstanding the pendency of Plaintiff's constitutional challenge to the state licensing and regulatory scheme before Judge Gonzalez and before she has an opportunity to hear and determine Plaintiffs' Motion for Preliminary Injunction with respect thereto; thereby threatening to exacerbate the irreparable harm attributable to the claims for relief set forth hereinafter, that are likewise set forth in the pending case before Judge Gonzalez.

CLAIMS FOR RELIEF

FIRST CLAIM FOR RELIEF
(Violation of Civil Rights)

(Due Process: Deprivation of Property)

(U.S. Const., Amendment XIV; Nev. Const., Art. 1, Sec. 1, 8; Title 42 U.S.C. § 1983)

39. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth herein.

40. The provisions of NRS 453D.200.2 and NRS 453D.210.4-6, affirmatively mandating that the Department "shall" approve and issue the appropriate license within a time certain if the prospective establishment submits an Application in compliance with published Department regulations promulgated in accordance with the limitations imposed by NRS 453. D.200.1(b) together with the required application fee; and, in the case of competing Applications, outranks competing applicants in accordance with an objective, impartial and numerically scored competitive bidding process, serve to create, as a matter of legislative intent, a *statutory entitlement* to receipt of the license by applicants who comply with and prevail competitively in accordance with those objective and impartial standards and procedures.

41. Such a statutory entitlement constitutes a "property interest" within the meaning and subject to the due process protections of the Fourteenth Amendment to the Constitution of the United States and Article 1, Sections 1 and 8 of the Constitution of the State of Nevada; and therefore, by definition, may not be denied arbitrarily, capriciously, corruptly or based upon administrative partiality or favoritism.

42. However, acting under color of state law, the Department has effectively nullified and rendered illusory the legislative statutory entitlement to licensure of applicants who comply with and prevail competitively in accordance with the objective and impartial standards and procedures prescribed by the provisions of NRS 453D.200.2 and NRS 453D.210.4-6, by textually subjecting an Application which in fact provides "sufficient" responses related to the published, enumerated and specific criteria set forth in the Application to approval pursuant to further, unpublished, unspecified and unascertainable "additional criteria" which are not set forth therein, as a silent supplemental condition of licensure, thereby rendering the administrative regulation governing the Application and licensing process susceptible to *ad hoc,* non-transparent, arbitrary, capricious or corrupt decision-making based upon administrative partiality or favoritism which cannot be discounted; thereby rendering that regulatory scheme unconstitutional on its face.

43. On information and belief, Plaintiffs further allege that pursuant to the implementation of the foregoing constitutionally-repugnant licensing process, the denial of their Applications for licensure, were in fact affected by actual arbitrary, capricious or corrupt decision-making based upon administrative partiality or favoritism; and therefore, that that licensing process has thereby been rendered unconstitutional in its application as well as to Plaintiffs.

44. Plaintiffs have therefore been deprived of property without due process under color of state law in violation of the Fourteenth Amendment to the Constitution of the United States and Article 1, Sections 1 and 8 of the Constitution of the State of Nevada.

45. The Constitutional infirmity of the entire licensing process renders the denial of Plaintiffs' Applications for licensure void and unenforceable, and Plaintiffs are entitled to a declaration as to the ineffectiveness thereof and an order enjoining the enforcement of those license denials.

46. Plaintiffs are entitled to declaratory relief with respect to the forgoing federal constitutional infirmities of the administrative licensing scheme pursuant to the provisions of Title 42, United States Code ("U.S.C."), Section 1983 and otherwise.

47. Plaintiffs are entitled to declaratory relief because a justiciable controversy exists that warrants a declaratory judgment pursuant to Nevada's Uniform Declaratory Judgments Act, codified at NRS 30.010 to 30.160, inclusive.

48. Plaintiffs and Defendant have adverse and/or competing interests in that the Department, through its Marijuana Enforcement Division, has denied Plaintiffs' Applications in in violation of Plaintiff's constitutional rights, Nevada law, and state policy.

49. The Department's refusal to issue licenses to Plaintiffs affects Plaintiffs' rights under NRS 453D, NAC 453D, R092-17, and other Nevada laws and regulations.

50. Further, the Department's improper ranking of other applicants for licensure and subsequent, improper issuance of licenses to such other applicants adversely affects the rights of Plaintiff under NRS 453D, NAC 453D, R09217, and other Nevada laws and regulations.

51. The Department's actions and/or inactions also have created an actual justiciable controversy ripe for judicial determination between Plaintiffs and the Department with respect to the construction, interpretation, and implementation of NRS 453D, NAC 453D, and R092-17, and Plaintiffs have been harmed, and will continue to be harmed, by the Defendants' actions and/or inactions.

52. The Department's actions and/or inactions have further failed to appropriately address the necessary considerations and legislative intent of NRS 453D.210, designed to restrict monopolies.

53. Accordingly, Plaintiff seeks a declaration from this Court that, *inter alia*:

a. The Department improperly denied Plaintiffs' license Applications for the

Attorneys At Law

Las Vegas, NV 89145
(702) 880-0000

operation of a recreational marijuana establishment and improperly granted the applications of other applicants;

b. The denial of such licenses to Plaintiffs and granting thereof to other applicants was void *ab initio*;

c. The procedures employed in denying Plaintiffs' license Applications violated Plaintiffs' procedural and substantive due process rights and entitlement to equal protection of the law (as set forth *infra*) under the Nevada and United States Constitutions and, therefore, those license denials are void and unenforceable;

d. The denials are void for vagueness and therefore unenforceable;

e. Defendant acted arbitrarily and capriciously or in contravention of a legal duty and Plaintiffs are therefore entitled to a writ of mandamus;

f. Plaintiffs are entitled to judicial review; and

g. The Department's denial of Plaintiffs' license Applications lacked substantial evidence.

54. Plaintiffs also seek a declaration from this Court that the Department must issue licenses to Plaintiffs for the operation of a recreational marijuana establishment as applied for in that Plaintiffs' would have been entitled to receive said licenses had the Department properly applied the provisions of NRS 453D, NAC Chapter 453D, and R092-17.

55. Plaintiffs contend that a declaratory judgment is both necessary and proper at this time for the Court to determine the respective rights, duties, responsibilities and liabilities of Plaintiffs under NRS 453D, NAC Chapter 453D, R092-17, and other Nevada laws and regulations.

56. Plaintiffs are also entitled to injunctive relief from the foregoing federal constitutional violations pursuant to the provisions of 42 U.S.C. Section 1983 and otherwise.

57. The Department's flawed interpretation of the provisions of NRS 453D, NAC Chapter 453D, and R092-17, and refusal to issue "conditional" licenses in accordance with the law constitute and cause continuing and irreparable harm to Plaintiffs, who have no adequate

remedy at law.

58. The purpose of this administrative refusal was and is to unreasonably interfere with Plaintiffs' business and cause Plaintiffs to suffer irreparable harm.

59. The Department will suffer no harm by following the law with respect to issuing the licenses in question.

60. The Department's interpretation of NRS 453D, NAC Chapter 453D, and R092-17 is flawed and Plaintiffs are likely to succeed on the merits in this litigation.

61. The public interest favors Plaintiffs because in the absence of injunctive relief, the consumers who would have benefitted by Plaintiffs' licensure will have less available options from which they can receive recreational marijuana in accordance with legislative intent.

62. Therefore, Plaintiffs are entitled to preliminary injunctive relief, and after a trial on the merits, declaratory and permanent injunctive relief, in accordance with NRS 453D, NAC 453D, and R092-17.

SECOND CLAIM FOR RELIEF

(Violation of Civil Rights)

(Due Process: Deprivation of Liberty)

(U.S. Const., Amendment XIV; Nev. Const., Art. 1, Sec. 1, 8; Title 42 U.S.C. § 1983)

63. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth herein.

64. The fundamental constitutional right to pursue a lawful occupation constitutes a "liberty interest" within the meaning and subject to the due process protections of the Fourteenth Amendment to the Constitution of the United States and Article 1, Sections 1 and 8 of the Constitution of the State of Nevada; and therefore, by definition, may not be denied arbitrarily, capriciously, corruptly or based upon administrative partiality or favoritism.

65. However, acting under color of state law, the Department has effectively nullified and rendered illusory the legislative statutory entitlement to licensure of applicants who comply with and prevail competitively in accordance with the objective and impartial standards and procedures prescribed by the provisions of NRS 453D.200.2 and NRS 453D.210.4-6, by textually subjecting an Application which in fact provides "sufficient" responses related to the

published, enumerated and specific criteria set forth in the Application to approval pursuant to further, unpublished, unspecified and unascertainable "additional criteria" which are not set forth therein, as a silent supplemental condition of licensure, in violation of NRS 200.D.1(b) thereby rendering the administrative regulation governing the Application and licensing process susceptible to *ad hoc,* non-transparent, arbitrary, capricious or corrupt decision-making based upon administrative partiality or favoritism which cannot be discounted; thereby rendering that regulatory scheme unconstitutional on its face.

66. On information and belief, Plaintiffs further allege that the pursuant to the implementation of the foregoing constitutionally-repugnant licensing process, the denial of their Applications for licensure, were in fact affected by actual arbitrary, capricious or corrupt decision-making based upon administrative partiality or favoritism; and therefore, that that licensing process has thereby been rendered unconstitutional in its application as well.

67. Plaintiffs have therefore likewise been deprived of liberty without due process under color of state law in violation of the Fourteenth Amendment to the Constitution of the United States and Article 1, Sections 1 and 8 of the Constitution of the State of Nevada.

68. The Constitutional infirmity of the entire licensing process renders the denial of Plaintiffs' Applications for licensure void and unenforceable, and, for the reasons set forth supra in Plaintiffs' FIRST CAUSE OF ACTION at paragraphs 30 through 47, inclusive, Plaintiffs are entitled to a declaration as to the ineffectiveness thereof and an order enjoining the enforcement of those license denials.

THIRD CLAIM FOR RELIEF

(Violation of Civil Rights)

(Equal Protection)

(U.S. Const., Amendment XIV; Nev. Const., Art. 1, Sec. 1; Title 42 U.S.C. § 1983)

69. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth herein.

70. By improperly denying Plaintiffs' Applications for licensure under the provisions of NRS 453D.200.2 and NRS 453D.210.4-6 while improperly granting the Applications of other applicants under color of state law as set forth *supra* in Plaintiffs' FIRST CAUSE OF ACTION

and SECOND CAUSE OF ACTION, the Department has, without justification, disparately treated Plaintiffs' Applications absent rational basis, and has thereby violated Plaintiffs' rights to equal protection of the law as guaranteed by the Fourteenth Amendment to the Constitution of the United States and Article 1, Section 1 of the Constitution of the State of Nevada.

71. The constitutional infirmity of the entire licensing process and the resulting denial of equal protection renders the denial of Plaintiffs' Applications for licensure void and unenforceable, and, for the reasons set forth supra in Plaintiffs' FIRST CAUSE OF ACTION at paragraphs 30 through 47, inclusive, Plaintiffs are entitled to a declaration as to the ineffectiveness thereof and an order enjoining the enforcement of those license denials.

FOURTH CLAIM FOR RELIEF

(Petition for Judicial Review)

72. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth herein.

73. The Department, in misinterpreting and incorrectly applying the provisions of NRS 453D, NAC 453D and the related Nevada laws and regulations, has exceeded its jurisdiction by improperly issuing licenses to applicants that do not merit licenses under the provisions of NRS 453D, NAC 453D, and R092-17.

74. Plaintiffs are aggrieved by the decision of the Department to deny Plaintiffs' Applications without proper notice, substantial evidence, or compliance with NRS 453D, NAC 453D, R092-17, and other Nevada state laws or regulations.

75. There is no provision in NRS 453D, NAC 453D, or R092-17 allowing for an administrative appeal of the Department's decision, and apart from injunctive relief, no plain, speedy, and adequate remedy for the Department's improper actions.

76. Accordingly, Plaintiff petitions this Court for judicial review of the record on which the Department's denials were based, and an order providing *inter alia*:

a. A determination that the decision lacked substantial evidence;

b. A determination that the denials are void *ab initio* for non-compliance with NRS 453D, NAC 453D, R092-17, and other Nevada laws or regulations; and

c. Such other relief as is consistent with those determinations.

FIFTH CLAIM FOR RELIEF
(Petition for Writ of Mandamus)

77. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth herein.

78. When a governmental body fails to perform an act "that the law requires" or acts in an arbitrary or capricious manner, a writ of mandamus shall issue to correct the action. Nev. Rev. Stat. § 34.160.

79. The Department has failed to perform various acts that the law requires including but not limited to:

a. Providing proper pre-hearing notice of the denial; and

b. Arbitrarily and capriciously denying the applications for no legitimate reason.

80. The Department acted arbitrarily and capriciously in the denial by performing and/or failing to perform the acts set forth *supra*, and because, *inter alia:*

a. The Department lacked substantial evidence to deny Plaintiffs' Applications; and

b. The Department denied Plaintiffs' Applications in order to approve the Applications of other competing applicants without regard to the merit of Plaintiffs' Applications and the lack of merit of the Applications of other competing applicants.

81. These violations of the Department's legal duties were arbitrary and capricious actions that compel this Court to issue a Writ of Mandamus directing the Department to review Plaintiffs' Applications on their merits and/or approve them.

PRAYER FOR RELIEF

WHEREFORE, PLAINTIFFS pray for relief as follows:

1. For declaratory relief as set forth above;

2. For temporary, preliminary and permanent injunction enjoining the enforcement of the denial of their Applications for state licensure and enjoining the City from issuing local business licenses to those applicants who, unlike Plaintiffs, were awarded conditional licenses by the Nevada Department of Taxation prior to Judge Gonzalez ruling on Plaintiffs' Motion for Preliminary Injunction pursuant to the pending constitutional challenge now before her in Case No. A-19-786962-B to the state licensing and regulatory scheme;

3. For judicial review of the record and history on which the denial of those Applications was based;

4. For the issuance of a writ of mandamus;

5. For all other and further relief as the Court deems just and proper.
