2. APPLICATION OVERVIEW

The Nevada State Legislature passed a number of bills during the 2017 session which affect the licensing, regulation and operation of recreational marijuana establishments in the state. In addition, the Department of Taxation has approved regulations effective February of 2018. Legislation changes relevant to this application include but are not limited to the following:

Assembly Bill 422 (AB422):

- Transfers responsibility for registration/licensing and regulation of marijuana establishments from the State of Nevada's Division of Public and Behavioral Health (DPBH) to the Department of Taxation.
- Adds diversity of race, ethnicity, or gender of applicants (owners, officers, board members) to the existing merit criteria for the evaluation of marijuana establishment registration certificates.

LCB File No. Regulation R092-17:

- On or before November 15, 2018, a person who holds a medical marijuana establishment registration certificate may apply for one or more licenses, in addition to a license issued pursuant to section 77 of the regulation, for a marijuana establishment of the same type or for one or more licenses for a marijuana establishment of a different type.

No applicant may be awarded more than 1 (one) retail store license in a jurisdiction/locality, unless there are less applicants than licenses allowed in the jurisdiction.

The Department is seeking applications from qualified applicants in conjunction with this application process for recreational marijuana retail store license. If a marijuana establishment has not received a final inspection within 12 months after the date on which the Department issued a license, the establishment must surrender the license to the Department. The Department may extend the period specified in R092-17, Sec. 87 if the Department, in its discretion, determines that extenuating circumstances prevented the marijuana establishment from receiving a final inspection within the period.

ATTACHMENT A (continued)

A marijuana agent identification card or recreational marijuana establishment license issued by the Nevada Department of Taxation (Department) pursuant to R092-17, Sec. 95 does not protect the applicant from legal action by federal authorities, including possible criminal prosecution for violations of federal law for the sale, manufacture, distribution, use, dispensing, possession, etc. of marijuana.

The acquisition, possession, cultivation, manufacturing, delivery, transfer, transportation, supplying, selling, distributing, or dispensing of "recreational" marijuana under state law is lawful only if done in strict compliance with the requirements of the State Medical & Recreational Marijuana Act(s) & Regulations (NAC- 453, NRS-453D, R092-17). Any failure to comply with these requirements may result in revocation of the marijuana agent identification card or Recreational Marijuana Establishment License issued by the Department.

The issuance of a license pursuant to section 80 of R092-17 of this regulation is conditional and not an approval to begin operations as a marijuana establishment until such time as all requirements in section 83 of R092-17 are completed and approved by the Department by means of a final inspection.

The State of Nevada, including but not limited to the employees of the Department, is not facilitating or participating in any way with my acquisition, possession, cultivation, manufacturing, delivery, transfer, transportation, supplying, selling, distributing, or dispensing of marijuana.

I attest that the information provided to the Department for this Recreational Marijuana Establishment License application is true and correct.

DEPT. NO.: XVIII

AFFIDAVIT OF FRANK HAWKINS

22 STATE OF NEVADA }
23 COUNTY OF CLARK } ss.

24 I, FRANK HAWKINS, being duly sworn, under oath, deposes, and says:

- 25 1. That I am over the age of 18 and am competent to testify with regards to the
26 representations made herein.
- 27 2. That I am the Managing Member of NEVADA WELLNESS CENTER, LLC
28 ("NWC"), located at 3200 South Valley View Blvd., Las Vegas, NV 89102.
3. That NWC was awarded a license as a result of the 2014 application process but was
not awarded any licenses as a result of the 2018 process.
4. That NWC has three (3) owners, all of which are African American and Nevadans.
5. That to my knowledge, no other applicant, be it 2014 or 2018 application process are
100% racially or ethnically owned.

- 1 6. That the Nevada State Legislature passed Assembly Bill 422 that required that the
- 2 Department of Taxation ("DOT") consider diversity on the basis of race, ethnicity or
- 3 gender of the applicant or the persons who are proposed to be the owners, officers,
- 4 or board members "of the proposed marijuana establishment".
- 5 7. That NWC's scores from the 2018 application process were considerably lower than
- 6 those in 2014, notwithstanding the fact that the diversity consideration was added
- 7 pursuant to Assembly Bill 422.
- 8 8. That the State of Nevada, DOT adopted R092-17 which includes diversity and in fact
- 9 R092-17 § 80, NAC 453D.272 and NRS 453D were included and/or referenced in
- 10 the 2018 application documents.
- 11 9. That the DOT informed NWC's owners, and the public through the legislative
- 12 hearings and the passing of the Assembly Bill 422, that diversity would be considered
- 13 as a part of the grading and scoring.
- 14 10. That the application required that applicants include diversity information, again
- 15 required by R092-17 § 80.1. Given that the categories of information required by the
- 16 2018 application did not change significantly from the 2014 applications, other than
- 17 the diversity requirement, NWC's overall scoring should have increased, not
- 18 decreased.
- 19 11. That based upon the meeting that I attended with representatives of the DOT, no
- 20 points were given in consideration of diversity. This meeting took place at the offices
- 21 of the Nevada DOT on January 19, 2019, during which time the undersigned met with
- 22 Ms. Kara Cronkhite, Program Supervisor, Department of Taxation and Mr. Damon
- 23 Hernandez, Chief Investigator, Department of Taxation.

12. That based upon the above-referenced meeting, and the scoring results of the 2018 application, it appears that the DOT violated of the above-referenced statute, regulation and Nevada Administrative Code.

1 Defendant-Intervenor GreenMart of Nevada NLV LLC ("GreenMart"), by and
2 through its undersigned counsel, hereby submits its Joinder to Nevada Organic Remedies,
3 LLC's Opposition to Plaintiffs' Motion for Preliminary Injunction (the "NOR Opposition").
4 For all the reasons argued in the NOR Opposition, Plaintiffs are not entitled to the injunctive
5 relief they seek, and this Court must deny the Motion for Preliminary Injunction.
6 Furthermore, as noted in the Joinder to the NOR Opposition filed by Clear River, LLC on
7 May 9, 2019 (on file with this Court), Plaintiffs are not entitled to disclosure of information
8 sought in their Complaint and their Motion for Preliminary Injunction, as it is confidential
9 under Nev. Admin. Code § 453D.185 and constitutes trade secrets under Nev. Rev. Stat. §
10 600A.030(5). *See* Declaration of Alina M. Shell, ¶ 15, attached hereto as **Exhibit 1**.

11 In addition to the arguments raised in the NOR Opposition and the Joinder to the
12 NOR Opposition filed by Clear River, LLC on May 9, 2019 (on file with this Court),
13 GreenMart notes that Plaintiffs are not entitled to the relief that they seeking regarding the
14 Department of Taxation's (the "Department") denials of their applications. Nev. Admin.
15 Code § 453D.996(2) authorizes aggrieved parties to "seek judicial review of a final decision
16 of the Nevada Tax Commission in accordance with the provisions of chapter 233B of NRS
17 that apply to a contested case." However, this is not a "contested case," which is defined as
18 "a proceeding ... in which the legal rights, duties or privileges of a party *are required by law*
19 *to be determined by an agency after an opportunity for hearing*, or in which an
20 administrative penalty may be imposed." Nev. Rev. Stat. § 233B.032 (emphasis added).

21 Here, there was no opportunity for a hearing before the Department determined
22 which applicants would receive a conditional license to operate a retail marijuana store. *See*
23 Nev. Rev. Stat. § 453D.210(6) (mandating an "impartial and numerically scored competitive
24 bidding process"—not an opportunity for hearing—for issuance of licenses); *see generally*
25 Nev. Admin. Code §§ 453D.250-312 (describing application process and rules). Indeed, the
26 only hearings contemplated by Nev. Rev. Stat. § 453D or Nev. Admin. Code § 453D pertain
27 to Department investigations of already-existing marijuana establishments which operate
28 pursuant to already-granted licenses, which Plaintiffs do not have. *See* Nev. Rev. Stat. §

1 453D.200(3)-(4) (authorizing Department to punish licensees for violations after opportunity
2 for hearing); Nev. Admin. Code §§ 453D.940-996 (rules and procedures for Department
3 disciplinary hearings).

4 The application process was not a “contested case” under Nevada law. Thus, it is
5 clear the legislature did not intend for the Department of Taxation’s denial of licensure to be
6 subject to judicial review, and judicial review of the Department of Taxation’s decision in
7 this instance is therefore unavailable to Plaintiffs. *See Nevada DPBH v. Samantha Inc.*, 407
8 P.3d 327, 331-32 (Nev. 2017) (holding that “a disappointed applicant for a medical marijuana
9 establishment registration certificate does not have a right to judicial review under the APA
10 or NRS Chapter 453A” because “the application process provided by NRS 453A.322” was
11 not a “contested case”).

12 Finally, during the May 13, 2019 hearing before this Court on Plaintiffs’ motion
13 for a temporary restraining order, counsel for Plaintiffs argued that because Nev. Rev. Stat.
14 § 453D.210(4) mandates that the Department “shall” issue a conditional license if an
15 application is approved, a property interest in a conditional license attaches at the moment
16 an application for that license is submitted. Accepting this interpretation of § 453D.210
17 would require the Court to ignore all the other portions of the statute which condition
18 issuance of a license on several things, like actually submitting an application which meets
19 the requirements outlined in § 453D.210(5)(a)-(f) or, in instances where competing
20 applications are submitted for a proposed retail marijuana establishment within a single
21 county, scoring higher than the other applicants based on the Department’s impartial and
22 numerically scored bidding process. This Court must avoid reading Nev. Rev. Stat. §
23 453D.210 in a way that renders any of its provisions nugatory. *See S. Nevada Homebuilders*
24 *Ass’n v. Clark Cty.*, 121 Nev. 446, 449, 117 P.3d 171, 173 (2005) (holding that courts must
25 give the terms of statutes “their plain meaning, considering its provisions as a whole so as to
26 read them in a way that would not render words or phrases superfluous or make a provision
27 nugatory”) (quotation omitted).

28 ///

1 Because Plaintiffs are not entitled to judicial review of the Department's issuance
2 of licenses, and for the reasons argued in NOR Opposition, this Court must deny Plaintiffs'
3 motion for a preliminary injunction.

EXHIBIT 1

DECLARATION OF ALINA M. SHELL

1 I have personal knowledge of the facts set forth herein, except where stated upon
2 information and belief, and where so stated, I believe them to be true.

3
4 I am an attorney duly licensed to practice before this Court.

5 I am counsel for GreenMart of Nevada NLV, LLC ("GreenMart"), a defendant-
6 intervenor in *Serenity Wellness Center et. al. v. State of Nevada, Department of Taxation et.*
7 *al.*, Case No. A-19-786962-B.

8 On March 19, 2019, Plaintiffs filed a Motion for Preliminary Injunction, currently
9 set for hearing by this Court on May 24, 2019 at 9:00 a.m.

10 I am making this declaration in support of GreenMart's Joinder to Nevada Organic
11 Remedies, LLC's Opposition to Plaintiffs' Motion for Preliminary Injunction.

12 In 2018, the Nevada Department of Taxation (the "Department") issued notice for
13 an application period within which the Department sought applications from qualified
14 applicants for sixty-four (64) recreational marijuana retail store licenses throughout various
15 jurisdictions in Nevada. The application period for those licenses opened on September 7,
16 2018 and closed on September 20, 2018.

17 GreenMart reviewed the rules and regulations regarding licensing and applications
18 that were promulgated and approved by the Department. Those rules and regulations were
19 public, and any party that desired to apply for a license had access to the rules and regulations
20 well ahead of the application period.

21 GreenMart spent substantial time and effort in preparing its 2018 applications.
22 GreenMart submitted applications for eight recreational marijuana retail store licenses in the
23 following Nevada jurisdictions: Unincorporated Clark County, City of Las Vegas, City of
24 Henderson, City of Reno, City of North Las Vegas, Nye County, Elko County, and City of
25 Sparks.

26 GreenMart knew and expected that competition for these additional licenses would
27 be strong, and GreenMart and its counsel were extraordinarily careful and diligent in
28 preparing the applications. I am informed and believe that other existing licensees did not

spend the same time and effort to prepare their applications, anticipating that their prior receipt of licenses would likely result in their receiving additional licenses during the new application period.

10. On December 5, 2018, the Department sent letters to GreenMart indicating that the Department intended to conditionally approve GreenMart's applications for licenses in Unincorporated Clark County, City of Las Vegas, City of Henderson, and City of Reno.

11. I am informed and believe that the Department received numerous applications for licenses in each of the jurisdictions in which GreenMart applied, which triggered the Department's obligations to rank all applications within each such jurisdiction from first to last based on compliance with NRS 453D and the Adopted Regulation of the Department of Taxation, LCB File No. R092-17 ("R092-17").

12. I am further informed and believe that the Department, after ranking the applications, issued licenses to the highest-ranked applicants in each jurisdiction until the Department had issued the maximum number of licenses authorized for issuance in that jurisdiction.

13. I am informed and believe that since December 5, 2018, GreenMart has expended significant resources in preparation for beginning operations of the retail marijuana stores to which the four conditional licenses pertain within the mandated twelve-month period.

14. In Plaintiffs' Motion for Preliminary Injunction, Plaintiffs request that the Court issue an order compelling the Department to disclose application and scoring information.

15. McLetchie Law assisted in the preparation of applications for GreenMart and maintains that GreenMart's completed applications constitute trade secrets pursuant to NRS 600A.030(5).

I declare under penalty of perjury under the law of the State of Nevada that the foregoing is true and correct.

EXECUTED this the 13th day of May 2019.

PLAINTIFFS' MOTION FOR PRELIMINARY INJUNCTION**

COMES NOW Defendant-Intervenor Helping Hands Wellness Center, Inc., ("HHWC")
by and through its counsel, Jared Kahn, Esq., and respectfully submits this Joinder to
Defendant-Intervenor Nevada Organic Remedies, LLC's Opposition to Plaintiffs' Motion for
Preliminary Injunction (the "NOR Opposition").

1 This Joinder is made and based upon the pleadings and papers on file herein, the Points
2 and Authorities in the NOR Opposition and herein, the Declaration of Klaris Terteryan, and any
3 oral argument this Court may entertain at the time of the hearing.

4 **MEMORANDUM OF POINTS AND AUTHORITIES**

5 **I. INTRODUCTION**

6 HHWC will not belabor this Court with a superfluous argument or regurgitation of the
7 NOR Opposition but will instead address factual particularities of the HHWC dispensary
8 licensee applicant not addressed by the NOR Opposition albeit pertinent to the Opposition to the
9 Motion for Preliminary Injunction.
10

11 **a. HHWC Background**

12 HHWC is a lawfully licensed cannabis cultivator and production facility in North Las
13 Vegas. *Decl. of Klaris Terteryan* 3 (“Klaris Decl.”). HHWC is 100% female-owned and 100%
14 of the officers of the company are woman. *Id.* 4. In September 2018, as a qualified marijuana
15 establishment, HHWC applied for three retail cannabis dispensary licenses in North Las Vegas,
16 Clark County and City of Las Vegas jurisdictions. *Id.* 5. Prior to submitting the HHWC
17 applications, HHWC did not own or operate any retail cannabis dispensary licenses. *Id.* 6. On
18 December 5, 2018, HHWC received notification from the State of Nevada Department of
19 Taxation (the “Department”) it was awarded a dispensary license in each North Las Vegas,
20 Clark County and City of Las Vegas jurisdictions. *Id.* 7.
21

22 Given HHWC’s deadline of December 5, 2019, to obtain a location, Special Use Permit
23 approval, design, build and open each of the dispensaries or otherwise lose the license, it has
24 been diligently pursuing efforts to be able to open each dispensary by the deadline. *Id.* 8.
25 However, given the unfounded allegations in the lawsuits, the local jurisdictions are not
26 currently approving final dispensary business licenses because the jurisdictions are weary of
27
28

1 being dragged into this baseless litigation by the Plaintiffs herein or in the other multitude of
2 cases. *Id.* 9.

3 **b. HHWC's Unique Position Runs Contrary to the Allegations of the Plaintiffs'**
4 ***Motion for Preliminary Injunction***

5 Plaintiffs allege and base much of their argument on the notion the dispensary licensee
6 recipients were either awarded too many licenses in a jurisdiction in violation of the 'one
7 dispensary per jurisdiction rule', the recipients may violate the anti-monopoly rules, or
8 otherwise, Plaintiffs argue the Department's process and scoring were either so flawed or
9 conducted in an arbitrary and capricious manner depriving the Plaintiffs of some form of
10 constitutional right to a privileged license otherwise nonetheless illegal under federal law
11 despite compliance with applicable State law^{1,2}.

12
13 Particular to HHWC, and which negates much of the Plaintiffs' arguments in the
14 Motion, is the fact HHWC did not previously maintain any prior dispensary licenses, therefore,
15 HHWC cannot violate the so-called 'one dispensary per jurisdiction' rule. In addition, having
16 only one (1) dispensary in each Clark County, North Las Vegas and City of Las Vegas, HHWC
17 is nowhere near a violation of the anti-monopoly regulation relied upon by Plaintiffs.
18
19

20 ¹ Plaintiffs raise various other legal and alleged factual basis in the Motion for Preliminary Injunction, which NOR
21 Opposition responds in detail. However, notably important here as applicable to HHWC, there is not a single
22 allegation against HHWC for impropriety conduct. Therefore, HHWC sits in a unique position out of the plaintiffs'
23 unsubstantiated cross-hairs because there are no allegations directly against HHWC nor did HHWC undertake any
alleged improper conduct. Plaintiffs cannot meet their burden of proof on the Motion for Preliminary Injunction
particularly as to HHWC.

24 ² On May 10, 2019, the State of Nevada Department of Taxation released a detailed explanation of the scoring
25 process, the employees utilized for the application review (which was conducted in the same manner when the
26 Plaintiffs first were awarded dispensaries in 2014 but certainly the Plaintiffs did not complain then that Manpower
27 contracted employees were hired to assist in the application process when they prevailed but only do they complain
now that they did not achieve high enough scores), and the scores of the applicants, among the details in essentially
responding to many of the misinformed claims in the multitude of lawsuits. Interestingly, some of the Plaintiffs
herein scored in some of the lower tiers or were the bottom of the barrel applicants, which is why they were not
awarded licenses in 2018. See https://tax.nv.gov/FAQs/Marijuana_License_Application_Information_-_NEW/.

1 To prevail on a Motion for Preliminary Injunction, a plaintiff must establish: “(1)
2 likelihood of success on the merits; (2) likelihood of irreparable harm in the absence of
3 preliminary relief; (3) that the balance of equities tips in his favor; and (4) that an injunction is
4 in the public interest.” *V’Guara Inc.*, 925 F. Supp. 2d at 1123; *Boulder Oaks Community Ass’n*
5 *v. B & J Andrews Enterprises, LLC*, 215 P.3d 27, 31 (Nev. 2009); NRS 33.010. That Plaintiffs
6 are unable to sustain the arguments relied upon against HHWC, it is clear HHWC is not in some
7 form of alleged violation of the regulations (as Plaintiffs may label the award of licenses to
8 other Defendant-Intervenors – despite highly disputed by the Defendant-Intervenors), therefore,
9 it is wholly improper for any injunction to issue against HHWC (let alone the rest of the
10 awarded licenses). Even if the Court were to find another licensee may have been
11 illegitimately awarded a license based on the aforementioned grounds and the Court would be
12 able to fashion a narrowly tailored remedy in such instance, an injunction against HHWC would
13 be wholly improper because a finding could not be made that HHWC violated any of the
14 applicable regulations alleged by Plaintiffs because HHWC did not maintain any prior
15 dispensary licenses. Therefore, Plaintiffs are unable to sustain their burden of a likelihood of
16 success on the merits against HHWC.
17
18

19 ***c. The Department Determined the Public Interest Would Not be Advanced by***
20 ***Plaintiffs***
21

22 The Plaintiffs’ position herein is similar to the 2014 dispensary litigation in *Nevada*
23 *Medical Marijuana Dispensary, Inc., v. State of Nevada*³ (“NMMD”), wherein the plaintiffs
24 therein were also disgruntled applicants who did not receive an awarded dispensary by the State
25 of Nevada⁴. In analyzing a similarly filed Motion for Preliminary Injunction filed by the
26

27 ³ Case No. A-14-710488-C.

28 ⁴ The Department of Health and Human Services, Division of Public and Behavioral Health previously administered the program before the Department of Taxation was delegated authority over cannabis regulation.

1 disgruntled plaintiffs therein NNMD, the Court was particular to focus on the public interest
2 inquiry. Defendant licensees in NNMD case argued the public interest test needed to focus on
3 general welfare of the public and not just serving the cannabis license applicants alleged public
4 interest in obtaining a license. Particularly, would the disgruntled plaintiffs in NNMD, which
5 were some of the lowest scoring applicants, going to further the general welfare, or, was the
6 Department's determination correct as to which license recipient would be best for the general
7 welfare because the Department was tasked with such determination. The Court in NNMD
8 denied a similar Motion for Preliminary Injunction on various grounds, including that the public
9 welfare would not be best served by an injunction and the Department's application process
10 must be given the deference it deserves in determining what was best for the general welfare.
11

12 Similarly here, it would make absolutely no sense for the Department (or this Court) to
13 believe it is acting in the best interest of the general welfare by awarding a license to lower
14 scoring Plaintiffs when HHWC was a higher scoring applicant. The Department already
15 determined the Plaintiffs were not going to best serve the general welfare of the State, and
16 instead, the Department determined that HHWC, for instance, would better serve the
17 community and the general welfare. The Department's thorough process and factors required to
18 be met are those seeking to attain the best possible applicants that will best serve the
19 community. The Plaintiffs simply did not meet the standard that the Department sought for
20 licensees nor did the Department determine any of the Plaintiffs would be better situated than
21 HHWC to receive the 2018 dispensary licenses given HHWC's higher ranking.
22

23
24 **d. *Plaintiff's Litigation Threatens the Public Interest and HHWC's Ability to Obtain***

25 ***Final Licensing***

26 The public interest would not be served having HHWC lose its ability to obtain its final
27 license by December 5, 2019. HHWC was awarded the license based on a merit-based
28

1 application review process, in which the Department determined HHWC was clearly a well-
2 qualified applicant to best serve the community – and certainly a better applicant than the
3 Plaintiffs given their lower scores. The instant litigation is directly affecting HHWC’s ability to
4 obtain final licensing from the applicable local jurisdictions due to moratoriums or council
5 concerns directly related to this litigation and the outcome of the Motion for Preliminary
6 Injunction. Now, as of May 8, 2019, the Plaintiffs initiated a new lawsuit seeking similar relief
7 against the City of Las Vegas to enjoin the final business license approval process – therein
8 particular to Thrive’s pending City Council approval, however, HHWC will be subject to
9 similar detriment as it is also in the process of obtaining its City of Las Vegas business license.⁵

11 The inability to obtain final licensing approval threatens HHWC’s ability to best serve
12 the public interest – and undoubtedly, HHWC’s ability to conduct its business affairs to a great
13 financial loss. Plaintiffs undoubtedly support and are taking advantage of the delays to local
14 licensing approvals because if an applicant were to fail to meet the December 5, 2019 deadline,
15 the license may be cancelled⁶. Plaintiffs may be waiting in the wings and would argue the
16 licenses should be redistributed to the next-in-line ranked applicants – which may or may not
17 even be any of the Plaintiffs, particularly given the scoring of applicants released by the State
18 on May 10, 2019, wherein it lists the Plaintiffs in this matter and the coordinated cases as
19 having poor scores and ranking⁷.

22 Notably, for instance, the Clark County – Las Vegas ranking of applicants listed
23 Plaintiffs as:

25 ⁵ *Serenity Wellness Center, LLC v. City of Las Vegas*, Case No. A-19-794473-C

26 ⁶ Plaintiffs may argue there is an “exceptional circumstance” provision to allow for an extension of the December 5,
27 2019 deadline, however, HHWC cannot rely upon an application for an exceptional circumstance that may not be
28 guaranteed to extend the deadline. HHWC has to act in accordance with the current directive from the Department
and until the Department issues notice of an extension of such deadline, HHWC must act accordingly.

None of the complaining applicants scored in the vicinity of the top ten ranking required to obtain a license in City of Las Vegas. The Department determined which entities would best serve the general welfare of the State and clearly it was none of the Plaintiffs.

Given that the Plaintiffs have no evidence the Department committed any wrongdoing nor any evidence HHWC and the other dispensary licensees have committed any wrongdoing, it is clear the Plaintiffs are instead attempting to interfere with the dispensary licensees' ability to obtain their final approval in an attempt to thwart the licensees ability to meet the December 5, 2019 deadline. Therefore, the Plaintiffs' failure to obtain sufficient scores evidences they will

2 **II. CONCLUSION**

3 For all the reasons set for the in the NOR Opposition and as further advanced herein by
4 HHWC's unique circumstances that establish the Plaintiffs' allegations cannot sustain their
5 burden for the extraordinary relief against HHWC – let alone any of the Defendants - the
6 Motion for Preliminary Injunction must be denied.

To the extent a further response is required to any allegation set forth in the FAC, Defendant denies such allegation.

ANSWER TO PRAYER FOR RELIEF

Answering the allegations contained in the entirety of Plaintiffs' prayer for relief, Defendant denies that Plaintiffs are entitled to the relief sought therein or to any relief in this matter.

AFFIRMATIVE DEFENSES

Defendant, without altering the burdens of proof the parties must bear, asserts the following affirmative defenses to Plaintiffs' FAC, and all causes of action alleged therein, and specifically incorporates into these affirmative defenses its answers to the preceding paragraphs of the FAC as if fully set forth herein.

FIRST AFFIRMATIVE DEFENSE

The FAC and all the claims for relief alleged therein, fails to state a claim upon which relief can be granted.

SECOND AFFIRMATIVE DEFENSE

Plaintiffs have not been damaged directly, indirectly, proximately, or in any manner whatsoever by any conduct of Defendant.

THIRD AFFIRMATIVE DEFENSE

The State of Nevada, Department of Taxation is immune from suit when performing the functions at issue in this case.

FOURTH AFFIRMATIVE DEFENSE

The actions of the State of Nevada, Department of Taxation were all official acts that were done in compliance with applicable laws and regulations.

FIFTH AFFIRMATIVE DEFENSE

Plaintiffs' claims are barred because Plaintiffs have failed to exhaust administrative remedies.

SIXTH AFFIRMATIVE DEFENSE

The actions of the State of Nevada, Department of Taxation, were not arbitrary or capricious, and the State of Nevada, Department of Taxation had a rational basis for all the actions taken in the licensing process at issue.

SEVENTH AFFIRMATIVE DEFENSE

Plaintiffs have failed to join necessary and indispensable parties to this litigation under Nev. R. Civ. P. 19, as the Court cannot grant any of Plaintiffs' claims without affecting the rights and privileges of those parties who received the licenses at issue as well as other third parties.

EIGHTH AFFIRMATIVE DEFENSE

The claims, and each of them, are barred by the failure of Plaintiffs to plead those claims with sufficient particularity.

NINTH AFFIRMATIVE DEFENSE

Plaintiffs have failed to allege sufficient facts and cannot carry the burden of proof imposed on them by law to recover attorney's fees incurred to bring this action.

///

TENTH AFFIRMATIVE DEFENSE

Injunctive relief is not available to Plaintiffs, because the State of Nevada, Department of Taxation has already completed the task of issuing conditional licenses.

ELEVENTH AFFIRMATIVE DEFENSE

Plaintiffs have no constitutional right to obtain privileged licenses.

TWELFTH AFFIRMATIVE DEFENSE

Plaintiffs are not entitled to judicial review on the denial of a privileged license.

THIRTEENTH AFFIRMATIVE DEFENSE

Mandamus is not available to compel the members of the executive branch to perform non-ministerial, discretionary tasks.

FOURTEENTH AFFIRMATIVE DEFENSE

Declaratory relief will not give the Plaintiffs the relief they are seeking.

FIFTEENTH AFFIRMATIVE DEFENSE

Pursuant to the Nevada Rules of Civil Procedure, all possible affirmative defenses may not have been alleged herein insofar as sufficient facts were not available after reasonable inquiry upon the filing of this answer and, therefore, Defendant hereby reserves the right to amend this answer to allege additional affirmative defenses if subsequent investigation warrants.

SIXTEENTH AFFIRMATIVE DEFENSE

Defendant expressly reserves the right to amend this Answer to bring counterclaims against Plaintiffs.

PRAYER FOR RELIEF

WHEREFORE, Defendant prays for judgment as follows:

1. Plaintiffs take nothing by way of their FAC.
2. The FAC, and all causes of action alleged against Defendant therein be dismissed with prejudice.
3. For reasonable attorney's fees and costs be awarded to Defendant.
4. For any such other and further relief the Court deems just and proper under

Case No.: A-18-785818-W
Dept. No.: VIII

**PLAINTIFFS'/COUNTER-
DEFENDANTS' SUPPLEMENTAL
FACTS IN SUPPORT OF MOTION
FOR PRELIMINARY INJUNCTION
OR FOR WRIT OF MANDAMUS**

NOW APPEAR Plaintiffs/Counter-Defendants MM Development Company, Inc. d/b/a/ Planet 13 ("MM") and LivFree Wellness, LLC d/b/a The Dispensary ("LivFree") ("Plaintiffs"), by and through their counsel of record, and hereby file supplemental facts in support of the motion for preliminary injunction that was filed on May 6, 2019. The supplemental facts first became available when the Nevada Department of Taxation ("DOT") filed supplemental materials on its website on May 10th, 2019 and when the DOT made a 16.1 initial production on May 13, 2019.

A. The Abysmal LivFree Financial Score Was Flat Out Wrong

The DOT has now released the actual grading sheet for LivFree. The incompetence is far worse than earlier believed. The DOT guidelines to graders state that any applicant with \$250,000 in liquid assets should be automatically given 10 points and any applicant with total assets over \$3.51 Million should have been given another automatic 10 points. Ex. 1; DOT Financial Resources Grading Criteria. LivFree – with a net worth of \$217,812,655.72 – only got 12.67 out of 40 possible points in the financial section. Most winning applicants got the full 40 points.

These are the actual handwritten grades for each subpart by the 3 Manpower graders for the 40-point LivFree financial section:

	Evaluator 1	Evaluator 2	Evaluator 3	Total Score	Average (Score/3)
1. Element 1: Financial statements	10.0	10.0	10.0	30.0	
Points possible =	10.0	10.0	10.0	30.0	
2. Element 2: Adequate first year operating expenses	2.0	2.0	4.0	8.0	
Points possible =	20.0	20.0	20.0	60.0	
3. Element 3: Liquid assets (statement of liquid assets)	0	0	0	0	
Points possible =	10.0	10.0	10.0	30.0	

Ex. 2; LivFree Financial Scoring Sheet for Application RD292. There was an obvious error on the 10 points for \$250,000 in liquid assets because LivFree did in fact provide a statement from a financial organization showing that it had over \$250,000 liquid. LivFree should have been given a 10 instead of a zero in Element 3. There is absolutely no discretion in this area. If LivFree had just been given these 10 points for the \$250,000 liquid that it was automatically entitled to get, LivFree would have been the winner in Lyon County.

There was also a blatant error on the other 10 points because \$217 Million is obviously over the required \$3.51 Million for a full 10-point scoring. To date, the DOT has concealed the

exact reason why the 3 Manpower graders bungled this scoring. As said in the motion for preliminary injunction, the comparable score for Natural Medicine (Don Forman alone) was 40 and the LivFree financials that were supported by both Don Forman and Steve Menzies was only 12.67.

The Manpower financial scoring is even more bizarre when the LivFree scoring is compared with that of Helping Hands Wellness Center, Inc. ("HHWC"), a North Las Vegas cultivation facility (not a dispensary) that somehow was awarded 3 licenses. HHWC got a full 40 points in the financial section despite the fact that the principal for HHWC previously filed for personal bankruptcy.¹

B. The MM Building Score Was Flat Out Wrong

As set forth in the motion for preliminary injunction, MM's application for Clark County set forth an actual building that had been used as a dispensary for years as its proposed location:

Company has included two sets of plans in this non-identified section. **The first set of plans is for a leased 4600 sq. ft. facility, already built as shown, and has been operated as a fully compliant Nevada licensed marijuana dispensary, and has previously passed Nevada Department of Taxation inspection and approvals.**

See Ex. 9 to MM/LivFree Mot. Prelim. Inj. (Bold added). Incredibly, instead of giving this the 20 points available in this category, the Manpower graders only rated it at 15.33 points:

BUILDING CONSTRUCTION-20 POINTS

1. Element 1: Building Plan Details

Points Possible =

2. Element 2: Building Plan Regulatory Compliance

Points Possible =

8.0	6.0	7.0	23.0	7.67
10.0	10.0	10.0	30.0	
7.0	9.0	7.0	23.0	7.67
10.0	10.0	10.0	30.0	

15.33

¹ HHWC is owned by Klaris Terteryan. See Declaration of Klaris Terteryan filed on May 13, 2019. Terteryan filed a Chapter 7 bankruptcy petition in California yet got a full 40 points for financial strength. U.S. Bankruptcy Court, Central Dist. of California, Case No. 2:96-BK-13530. Just as bizarrely, HHWC got a full 10 points for Element 2 of the Taxes and Other Contributions section, which focused on Monetary Contributions to NV/Political Subdivisions; and a full 10 points for Element 3 of the Taxes and Other Contributions section, which focused on Other Contributions to NV/Political Subdivisions despite the fact that the HHWC owner did not move to Nevada from California until 2017. The fact that a newby Nevadan scored so highly on this section is remarkable because the DOT states that it was supposed to score "[e]vidence of the amount of taxes paid and/or other beneficial financial contributions made to the State of Nevada or its political subdivisions **within the last five years** by the applicant" (Bold added)

1 See Ex. 3; MM Development Scoring Talley Sheets. MM has now had the opportunity to review
2 the subpart rating for the winning applicants in Clark County that submitted generic building
3 plans for unknown addresses and can confirm that the Manpower graders somehow rated the real
4 dispensary building at a specific address identified by MM far below phantom buildings at who-
5 knows-where locations in the County:

- 6 • Essence Tropicana (RD316-319; Ex. 4)
7 16 points at each one of 5 unknown locations
- 8 • Thrive (RD 264; Ex. 5)
9 19.67 points at unknown location
- 10 • Thrive (RD 265; Ex. 5)
11 19.67 points at unknown location
- 12 • Thrive (RD 266; Ex. 5)
13 19.67 points at unknown location
- 14 • Thrive (RD 267; Ex. 5)
15 19.67 points at unknown location

16 Where element 1 of the building construction section was “Building Plan Details” (10 points) and
17 element 2 of the building construction section was “Building Regulatory Compliance” (10
18 points), it is impossible to conceive how hypothetical buildings at unknown locations could
19 possibly score higher than an **actual operating dispensary**. MM’s application must be adjusted
20 by 4.67 points to cure this obvious arithmetic error.

21 **C. Correcting The Arithmetic Mistakes By The Manpower Graders Would Result In**
22 **LivFree Getting 5 Licenses And Planet 13 Getting One Licenses In Clark County**

23 Plaintiffs herein ask the Court to do no more than either properly perform simple math by
24 adding 27.33 points to the LivFree scores and 4.67 points to the MM Clark County score or,
25 alternatively, to send this matter to the Nevada Tax Commission to make this arithmetic
26 correction. Legions of cases – many in the context of competitive bids – hold that the Court has
27 authority to correct mathematic errors. See e.g., Gulf Oil Corp. v. Clark County, 94 Nev. 116,
28 119, 575 P.2d 1332, 1333-34 (1978) (the lowest bidder may challenge the rejection of his bid and
the court may compel the award of the contract to him); Swanson v. Hildebrand, 94 Cal. App. 2d
161, 164–65, 210 P.2d 95, 98 (1949) (Court issued writ of mandate to award contract to bidder

1 who became low bidder upon government's correction of mathematical error); Lametti & Sons,
2 Inc. v. City of Davenport, Iowa, 432 F. Supp. 713, 715 (S.D. Iowa 1975) ("The Court also believes
3 that allowing the correction of an obvious mathematical error also protects the integrity of the
4 bidding system.").

5 **D. The Actual Diversity Scores For Winning And Losing Applicants Prove Arbitrary**
6 **And Capricious Grading**

7 Numerous persons have testified that the DOT informed them that there were no points
8 given for diversity. Paul Thomas Aff.; Ronald Memo Aff.; Ronald Doumani Aff.; John Heishman
9 Aff.; Hawkins Aff. This was apparently a falsehood by DOT as the grading that DOT released
10 on May 10th does contain scores for diversity. Outrageously, the Manpower employees actually
11 gave publicly traded companies (which by definition can have no diversity of ownership) the
12 same or higher diversity scores than applicants with true diversity.

13 Greenmart of Nevada ("Greenmart NV") got a diversity score of 16. Ex. 6; Greenmart
14 Score Talley Sheets for RD504-511. According to the diversity rating sheet used by the DOT, an
15 applicant only got 16 points for diversity if they were over 70% diverse. Ex. 7; DOT Diversity
16 Grading Criteria. Greenmart NV is 99% owned by MPX, which is traded on the Canadian Stock
17 Exchange under "MPX". The listed officers of Greenmart NV are John Fritzell and James Lowe,
18 pictured below:

27 Plaintiffs are at a complete loss to explain how a publicly-traded Canadian company and a Nevada
28 subsidiary run by white males scored 16 points on diversity.

1 Clear River, LLC (dba "Kabunky") is owned by Randy Black,
2 Sr., a long-time Las Vegas businessman pictured to the right. Randy
3 Black, Sr. is listed by the Nevada Secretary of State as the sole
4 manager of Clear River, LLC. According to news reports, Randy
5 Black, Sr. "is the owner of Clear River, LLC and as the applicant."
6 Jennifer Denevan, LTAB Votes Against Recreational Marijuana, The
7 Laughlin Times, June 21, 2017.

8 Clear River, LLC got a diversity score of 12. Ex. 8; RD 229-232. That means that it was
9 deemed to have 51-60% diversity under the DOT guidelines. Ex. 7. How a white male like
10 Randy Black, Sr. manipulated the diversity scoring to become 51-60% diverse is a mystery.

11 At the May 16, 2019 hearing before this Court, counsel for Clear River, LLC suggested
12 that it had included "qualifying employees" in its diversity submittal that artificially increased its
13 diversity score. If so, this was a blatant violation of the statute, which allowed diversity scoring
14 only on "owners, officers, or board members of the proposed marijuana establishment" NAC
15 453D.272(1)(b). The parties will soon find out if the winning applicants ginned up fake diversity
16 by listing diverse persons as "advisory board members" or "qualifying employees" instead of the
17 actual owners, officers and directors set forth in their corporate filings.

18 By way of comparison, The Compassionate Team, an applicant that is owned by white
19 males, got a zero on diversity. Ex. 9; RD646-648. Plaintiffs submit that whether you are a
20 nondiverse Canadian publicly-traded company, like Greenmart, or a nondiverse Nevada entity,
21 like Randy Black and Clear River, LLC, you should get the same zero diversity score – not a 12-
22 or 16-point boost.

23 Nevada Organic Remedies ("NOR") got a diversity score of 8. Several weeks before its
24 application filing in September 2018, NOR was purchased by Xanthic Biopharma, Inc. – a
25 Canadian publicly-traded company.² The NOR/Xanthic/Green Brands management team is

26 ² See September 7, 2018 Newswire report stating that "[t]he NOR Acquisition was completed
27 on September 4, 2018. The trading of Xanthic's common shares on the Canadian Securities

Xanthic by Green Growth Brands – another publicly traded entity. The Newswire article can be

16 How NOR conned the Manpower graders into thinking that this was a diverse ownership group
 17 entitled to 8 points is yet unknown. Under DOT guidelines, 8 diversity points means the applicant
 18 is 31%-40% diverse. **Ex. 7.**

19 By comparison, another group that got an 8 – GBS/Show Grow – had part African-
 20 American ownership. **Ex. 11; RD402-406.** As then Senator Segerblom observed, the intent of
 21 the diversity criteria was to favor diverse **ownership**: “this criterion would look at diversifying
 22 because currently most of the dispensary owners are white males and we are trying to expand this
 23 into the community.” S. Daily Journal, 79th Leg., at 240 (Nev. 2017). The bottom line is that
 24 one publicly-traded Canadian corporation that has an all-white management team (Greenmart)
 25 got 16 for diversity, Randy Black (a white male) got a 12 for diversity, another publicly-traded

26
 27 symbol OTCQB on OTCQB. Xanthic formally changed its name to Green Growth Brands,
 28 Inc., on January 2, 2019. On February 27, 2019, Green Growth Brands reported revenue of
 \$3.14 Million. With paltry revenues like this, it is unclear how NOR managed to convince the
 Manpower “accountants” to rate its financial strength at 40 – but it did. **Ex. 10.**

1 Canadian company got an 8 for diversity whereas a competing group that was actually to be partly
2 owned by African Americans only got 8 – one-half the diversity grade of 16 given to the first
3 publicly-traded Canadian corporation.

4 The diversity scoring of female applicants is equally indefensible. Circle S Farms is
5 owned by 3 females.³ Circle S got the maximum 20 points for diversity – which allowed it to
6 barely win a Clark County license. Ex. 12; RD373-377. HHWC is also 100% owned by women.⁴
7 HHWC only got 14 diversity points, instead of the 20 points given to Circle S. The only
8 discernible difference between the all-women groups is that the Circle S owners are from
9 Summerlin (operating a store on Sahara Ave.) and Circle S is a North Las Vegas cultivator.
10 Apparently, under whatever diversity test the Manpower graders used, Summerlin women are
11 worth 6 more diversity points than North Las Vegas women. Of further interest, the all-woman
12 group Circle S got the exact same 14 diversity points as Essence (see Ex. 5) – despite Essence
13 being acquired by a publicly-traded Canadian company.

14 MM got screwed even more than HHWC by the Manpower graders as it got 4 points for
15 diversity despite the fact that its board has ample diversity.

16 The following chart demonstrates that there was no rhyme or reason to the diversity
17 grading by the Manpower employees:

27 ⁴ On May 13, 2019, HHWC filed the Declaration of Klaris Terteryan (dated May 9, 2019) that
28 states “HHWC is 100% female-owned and 100% of the officers of the company are woman [sic].”
The Nevada Secretary of State lists the officers and directors of HHWC as Lusine Danayan,
Alyssa-Navallo Herman and Klaris Terteryan.

The legislature did not intend that the diversity criteria be hijacked to award Canadian publicly-traded companies that pretended to be diverse 19 licenses (NOR/Xanthic – 7 licenses; Essence – 8 licenses; Greenmart – 4 licenses) or to give white males like Randy Black 3 licenses. Regardless, the divergent diversity scores discussed above demonstrate that the diversity scoring was arbitrary and capricious.

⁵ Essence issued a press release on November 13, 2018 – while applications were still in the grading process – stating that it was selling itself for \$290 Million to Green Thumb, which is publicly listed on the Canadian Securities Exchange.

E. The "CARE-QUALITY-SAFEKEEPING" Scores Are Inexplicable

1. An Entity That Had Never Operated A Dispensary Scored Higher Than All Of The Best Marijuana Operators In Nevada

Helping Hands Wellness Center, Inc. won licenses in North Las Vegas, Clark County and the City of Las Vegas. By its own admission, HHWC was not a dispensary operator. See May 9, 2019 Terteryan Aff., ¶ 3; "HHWC is a lawfully licensed cannabis cultivator and production facility in North Las Vegas." On all three applications filed by HHWC (i.e., RD546-548), the Manpower graders gave HHWC an astounding 86.5 for "care-quality-safekeeping" – the highest scores given to any applicant in this category. **Ex. 13** By way of comparison, all of the best marijuana operators in Nevada rated lower than HHWC in this category:

CARE-QUALITY-SAFEKEEPING (90 Points)

HHWC (Helping Hands)	RD546-548	86.5	Ex. 13
MM DEVELOPMENT (Planet 13)	RD284-289	74.67	Ex. 3
LIVFREE (The Dispensary)	RD292-297	82.50	Ex. 15
INTEGRAL (Essence)	RD316-319	80.50	Ex. 4
CHEYENNE MEDICAL (Thrive)	RD263-267	84.17	Ex. 5
NOR (The Source)	RD215-222	82.67	Ex. 10

By comparison, The Compassionate Team – another entity that had never owned or operated a dispensary – only got 52.83 points in this category. **Ex. 9; RD646-648.**

The subpart rankings for HHWC in this category were even more dubious:

OPERATIONS MANUAL (15 Points)

HHWC (Helping Hands)	RD546-548	15	Ex. 13
MM DEVELOPMENT (Planet 13)	RD284-289	12.33	Ex. 3

NOR (The Source)	RD215-222	2.5	Ex. 10

PROCEDURE FOR ELECTRONIC VERIFICATION (20 Points)

HHWC (Helping Hands)	RD548	19	Ex. 13
MM DEVELOPMENT (Planet 13)	RD284-289	18	Ex. 3
LIVFREE (The Dispensary)	RD292-297	19.67	Ex. 15
INTEGRAL (Essence)	RD316-319	17.67	Ex. 4
CHEYENNE MEDICAL (Thrive)	RD263-267	19.33	Ex. 5
NOR (The Source)	RD215-222	18	Ex. 10

There is no possible valid explanation for an entity that never operated a dispensary outscoring the 5 leading dispensary operators in Nevada (Planet 13, the Dispensary, Essence, Thrive and The Source) in this category.

2. The 82.67 Out Of 90 To NOR Proves That The Manpower Graders Could Not Have Known Of The Nor Sales To Minors

The motion for preliminary injunction set forth the extraordinary email where the DOT higher-ups ordered that NOR's sales to minors be swept under the rug. As accurately predicted in the motion before the actual subpart grading was released, this allowed NOR to get an exemplary grade from the Manpower graders for "care-quality-safekeeping", i.e., an 82.67. **Ex. 10.** While not pertinent to the arithmetic errors and diversity scoring that are the centerpieces of this motion, this again demonstrates how favored applicants were able to get higher scores than they should have received.

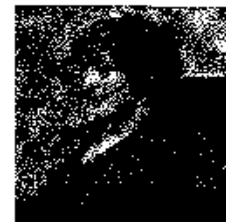

F. The Recently-Released Subpart Scores Prove That The Newly Minted Essence Entities Were In Fact Given Financial Grades Based Upon Other Entities' Finances/Taxes Paid

MM and LivFree discussed in the motion for preliminary injunction (i.e., 8:26 to 9:10) how the DOT violated the anti-monopoly provisions by awarding 2 licenses in Clark County to Essence and 2 licenses in Clark County to Thrive. To quote the motion, "the Manpower graders took the tax and financial contributions of Integral Associates, LLC, and used it to highly score the financial plan for the purported completely different entities of Essence Henderson, LLC and Essence Tropicana LLC." See MM/LivFree Mot. Prelim. Inj., 26:11-13. The subpart ratings released on May 10th confirm that this is exactly what happened. Essence Tropicana (Ex. 4; RD-316-319) and Essence Henderson, LLC (Ex. 16; RD-345-248) got the exact same scores for "Taxes and Other Contributions" of 24.67, including an identical 4.67 on element 3 ("Other Contributions to NV/Political Subdivisions") Again, while the DOT treated the two Essence entities as exactly the same for finances and taxes paid, it now disingenuously claims that they are "different" entities for purposes of the anti-monopoly provision. The same is true for the two Clark County licenses that Thrive was conditionally awarded.

G. The Manpower Employees That Mis-Graded The LivFree Financials Can Now Be Identified

The three persons that mis-graded the LivFree financials can now be identified by their initials next to the LivFree subpart grading: (1) Danette Kluever; (2) Margene Stenger; and (3) Roxanne Spring. None of the three is listed by the Nevada State Board of Accountancy as a Certified Public Accountant.

Margene Stenger, pictured at right, is a District Manager and Independent Consultant for Arbonne – a cosmetics product company that relies upon persons to sell their product as independent contractors, i.e., a high-end Avon. Ex. 17. Plaintiffs are unable to discern why someone that supervises persons selling high-priced makeup door-to-door has expertise that indicates an aptitude for marijuana grading.

**Formerly Manpower
Employee #3**

1 Roxanne Spring, pictured at right, has been the President
2 of Spring Consulting ("SC") since January 2017. SC
3 portrays itself as a specialist in "Aviation & Aerospace."
4 Prior to SC, Spring worked 4 years for "Click Bond", a
pioneer in adhesive bonded fasteners. Ex. 18. Plaintiffs
do not see a skillset for Spring in finance or cannabis.

Formerly Manpower
Employee #4

7 Danette Kluever – no information available at this time.

Formerly Manpower
Employee #2

12 Plaintiffs respectfully submit that the DOT would have been wise to hire at least one CPA.

13 **H. While A Global Preliminary Injunction Is Merited, Stopping All The Winning**
14 **Applicants From Proceeding – The Court Should At A Minimum Stop The Six**
15 **Applications Proceeding That Will Become Losers When The Foregoing Math**
16 **Mistakes Are Corrected Regarding LivFree And MM**

17 On May 9th, 2019, the DOT released the names of winning applicants next to their
18 scores. Until this information was released, it was impossible to determine just who would be
19 affected by scoring changes. MM and LivFree can now state precisely who will be impacted by
20 the proposed scoring changes in the respective jurisdictions and will produce a chart at the
21 hearing that depicts who the true winners should be if just the mathematical errors discussed
above are fixed.

22 CONCLUSION

23 LivFree and MM were victimized by addition errors committed by Manpower
24 employees. LivFree was one of the most well-heeled applicants among the 462 that applied yet
25 got a dismal 12.67 out of 40 points on the financial section. Most of the large dispensary groups
26 (e.g., Essence, Thrive, the Source, Planet 13) got the full 40 points even when they applied in
27 the names of newly formed entities. A look at the actual Manpower gradings reveal that
28 LivFree was not given the automatic 10 points for \$250,000 of liquid assets nor credited with

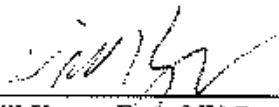

1 being able to fund the expenses of a dispensary for 1 year despite having a net worth of
2 \$217,812,655.72. The LivFree mistake by Manpower is even more glaring where one of
3 LivFree's co-owners got a full 40 points when he filed a competing separate application.

4 As for MM, they were the **only** applicant to put in a fully built out operational
5 dispensary that the DOT had approved and regulated for years in the "Buildings Construction"
6 section. Instead of getting the full 20 points that MM was due, they got 15.33. However, other
7 applicants that did not even submit actual building addresses and instead tendered generic
8 building plans for unknown locations got much higher grades. Again, this was an obvious
9 mistake as the Manpower graders apparently did not understand that MM had listed an actual
10 operating dispensary building in its Clark County application.

11 If the LivFree and MM addition errors are corrected and Essence and Thrive properly
12 restricted to just one Clark County license each under the anti-monopoly provision, the result is
13 that LivFree should have won 5 or its 6 applications (one each in Reno, Clark, North Las Vegas,
14 Lyon and Las Vegas) and MM should have won its Clark County application. This is the result
15 if the diversity manipulation is ignored. If the Court is not inclined to enter a global injunction
16 stopping all applications from moving forward because of the diversity miscues, it should at
17 least enter an injunction stopping the 6 applicants that are usurping the proper places of LivFree
18 and MM from moving forward.

Case No. A-18-785818-W
Dept. No. VIII

**DEPARTMENT OF TAXATION'S OPPOSITION TO MM
DEVELOPMENT, INC.'S MOTION FOR PRELIMINARY INJUNCTION**

1 The State of Nevada ex. rel. the Department of Taxation (Department), by and
2 through its counsel, oppose MM Development Company, Inc. (MM) and LivFree Wellness,
3 LLC's (LivFree) joint motion for preliminary injunction or a writ of mandamus.

4 **I. INTRODUCTION**

5 This Court should deny MM and LivFree's motion for preliminary injunction. Since
6 the rise of the administrative state, Nevada's Supreme Court has barred attempts like MM
7 and LivFree's that require a court to second-guess the findings of an administrative agency.
8 In *City of N. Las Vegas v. Public Serv. Comm'n*, the court wrote, "neither the trial court,
9 nor this court, should substitute its judgment for the administrator's determination...[or]
10 pass upon the credibility of witnesses or weigh the evidence, but limit the review to a
11 determination that the board's decision is based upon substantial evidence." 83 Nev. 278,
12 281, 429 P.2d 66, 68 (1967). Repeatedly since then, the court has reaffirmed the principle
13 that the trial court's limited function is to inquire if a reasonable person could find the
14 evidence "adequate" to support the agency's decision. *Law Offices of Barry Levinson v.*
15 *Milko*, 124 Nev. 355, 362, 184 P.3d 378, 384 (2008).

16 In hopes of distracting this Court from its limited role in reviewing an agency's
17 determination, MM and LivFree attempt to misdirect the Court with what it concedes are
18 "rumors" of bias and allegations of fraud in an unverified complaint filed in Case No. A-19-
19 787873-C. But, MM and LivFree cannot meet their evidentiary burden on a preliminary
20 injunction based on "rumors." *Coronet Homes, Inc. v. Mylan*, 84 Nev. 435, 437, 442 P.2d
21 901, 902 (1968).

22 MM and LivFree's arguments under the guise of "abuse of discretion" seek to misuse
23 the proper role of the Court in this case. LivFree lambasts the liquid assets and financial
24 planning scoring, but ignores the Department's application instructions. MM attacks the
25 diversity scoring of other entities (incorrectly), but never explains how it was scored
26 incorrectly, except to say it was "screwed." MM attacks the building scoring but never
27 explains why it is for this Court to re-weigh the evidence to determine that an applicant
28 with an existing dispensary must—for whatever reason—score higher than one without

1 under the application scoring guidelines. *Worse still*, without explaining their standing for
2 doing so, MM and LivFree attempts to raise objections to the scoring of applicants that are
3 not even parties to this case.

4 To be sure, this Court is charged with protecting constitutional rights under the state
5 and federal constitution. However, it is patent that MM and LivFree's various
6 constitutional theories fail, as is evidenced by their complete failure to mention them in
7 their motion and supplemental brief.

8 In short, MM and LivFree offer no sound reasons to grant preliminary injunctive
9 relief. This Court should deny MM and LivFree's motion for preliminary injunction and
10 reaffirm the deference that government agencies such as the Department are entitled to
11 receive under Nevada law.

12 **II. MM AND LIVFREE'S AMENDED COMPLAINT'S ALLEGATIONS AND** 13 **CLAIMS**

14 MM and LivFree are disappointed applicants for conditional retail marijuana
15 licenses. They sought, but were denied, licenses in unincorporated Clark County, Las
16 Vegas, North Las Vegas, Reno, Elko County, and Nye County. (Am. Compl. at ¶16-18).
17 They offer the following conclusory joint allegation:

18 On or about December 5, 2018, despite their prior exceptional
19 ranking, Plaintiffs [sic] was informed by the Department that all
20 of their applications to operate recreational marijuana retail
stores were denied.

21 (*Id.* at ¶18). They pled causes of action for declaratory relief, injunctive relief, violations
22 of procedural due process, substantive due process, equal protection, petition for judicial
23 review, and petition for writ of mandamus.

24 **III. BACKGROUND ON NEVADA LAW AND PUBLIC RECORDS REGARDING** 25 **RECREATIONAL MARIJUANA DISPENSARY LICENSE APPLICATIONS** **AFTER SENATE BILL (S.B.) 32'S PASSAGE**

26 **A. S.B. 32 amended NRS 360.255**

27 S.B. 32, which was passed in May 2019, adds two new exceptions from the
28 confidentiality requirements of NRS 360.255(2). First, subsection 2(m), which has 4

1 subparts, respectively exempt from confidentiality the following: the identity of the
2 applicant; the contents of tools used by the Department to evaluate applicants; the
3 Department's methods to score and rank applicants, as well as the Department's
4 documents and other evidence showing how such methods were applied; and the scores and
5 ranks of applicants, including the scores for each criterion composing part of the total score.
6 *Id.* at p. 4. Second, subsection 2(n) requires disclosure of the licensee's name and the
7 jurisdiction where the license was obtained. *Id.* After this law's passage, the Department
8 published on its website a number of documents.

9 **B. Department's Published Material after S.B. 32's Passage**

10 The Department published a number of documents that will be useful for this Court's
11 analysis of MM and LivFree's motion for preliminary injunction. The Department
12 published the "Recreational Marijuana Establishment License Application," which
13 includes sections on terms and conditions of licensing, an overview of applicants, a timeline,
14 application instructions and requirements, format and content of applications, and an
15 explanation of the evaluation and license award process. (**Ex. A** at p. 3). The Department
16 published the "Applicant ID Number," which corresponds to respective applicant entities.
17 (**Ex. B**). The Department also published the respective applicant's scores (both total and
18 by category), which can be cross-referenced by the Applicant's ID Number. (**Ex. C**).

19 Additionally, the Department published material explaining the scoring procedures
20 for the various criterion. This included publication of scoring procedures for Organizational
21 Structure (**Ex. D**), Care, Quality, and Safekeeping (**Ex. E**), Adequacy of Size of Building
22 (**Ex. F**), Likely Impact on Community (**Ex. G**), Financial Resources (**Ex. H**), and Taxes and
23 Financial Contributions (**Ex. I**). Because of this publicly available information, the Court
24 can now thoughtfully evaluate MM and LivFree's arguments.

25 **1. Scoring Method for the Diversity Factor**

26 The license application requested that applicants include diversity information as
27 part of their organizational structure category, asking for information on three diversity
28

1 categories: gender, race, and ethnicity. (**Ex. A**, §5.2.10.3 at pp. 11, 25). The Organizational
2 Structure Scoring Tool explained the Department’s method is scoring diversity. (**Ex. D**).

3 The Department scored the diversity factor by awarding points for the percentage of
4 the principals of the applicant who were female, non-Caucasian, and non-Anglo/European
5 American. (*Id.* at p. 5). 2 points were awarded for every 10% of the applicant’s principals
6 who met the diversity criterion. (*Id.*) For example, 2 points were awarded where 0-10%
7 were diversity and 20 points where 90-100% were diverse. (*Id.*).

8 **2. Scoring Method for the Financial Planning Factor**

9 The Department’s license application requested that the applicants include a
10 financial plan to be scored. (**Ex. A**, *supra*, §5.2.11 at p. 12). The Department requested
11 that the applicant provide (a) financial statements showing the applicant’s liquid and
12 illiquid resources, (b) where the applicant was relying on owner, officer, board member or
13 other source, “evidence that such person has unconditionally committed such funds to the
14 use of the applicant...”, and (c) “proof that the applicant has adequate funds to cover all
15 expenses and costs of the first year of operation.” (*Id.* at §5.2.11.1-3 at p. 12).

16 **3. Requirements of documenting Liquid Assets for Each License** 17 **Application by an Applicant**

18 The Department required that the applicant demonstrate liquid assets with
19 documentation showing that the “applicant has at least \$250,000 in liquid assets, which
20 are unencumbered and can be converted within 30 days after a request to liquidate such
21 assets...” (*Id.*, §5.2.8.1 at p. 11). The applicant had to demonstrate the source of those
22 assets. (*Id.*, §5.2.8.2 at p. 11). The applicant was required to meet this criteria on liquid
23 assets for each license that the applicant applied to receive. (*Id.*, §5.2.8). In other words,
24 an applicant applying for 6 licenses had to demonstrate at least \$1,500,000 (6 x \$250,000
25 = \$1.5 million) in liquid, unencumbered assets.

26 ...

27 ...

28 ...

1 **IV. LEGAL STANDARDS**

2 **A. Preliminary Injunction Standard**

3 NRS 33.010 governs cases in which an injunction may be granted and it authorizes
4 an injunction when it appears from the complaint that the plaintiff is entitled to relief
5 requested and at least part of the relief consists of restraining the challenged act. The
6 district court has sound discretion to grant or deny a preliminary injunction. *Univ. & Cmty.*
7 *Coll. Sys. v. Nevadans for Sound Gov't*, 120 Nev. 712, 721 (2004). “Before a preliminary
8 injunction will issue, the applicant must show (1) a likelihood of success on the merits; and
9 (2) a reasonable probability that the non-moving party’s conduct, if allowed to continue,
10 will cause irreparable harm for which compensatory damage is an inadequate remedy.” *A*
11 *Cab Taxi Serv., LLC v. Murray*, 415 P.3d 16 (Nev. 2018) (quoting *Nevadans for Sound*
12 *Gov't*, 120 Nev. 712, 721, 100 P.3d 179, 187).

13 **B. Writ of Mandamus Standard**

14 Preliminarily, this Court lacks jurisdiction over the petition for writ of mandamus
15 issue since mandamus relief cannot be awarded without an affidavit, which Plaintiffs did
16 not file. See NRS 34.170. Moreover, mandamus generally cannot be used to control a
17 discretionary act. *Gragson v. Toco*, 90 Nev. 131, 133, 520 P.2d 616, 617 (1974). Parties
18 seeking mandamus relief must do more than demonstrate that this Court may have come
19 to a different conclusion than the state actor under review, but rather that the state actor’s
20 decision was “one founded on prejudice or preference rather than on reason or contrary to
21 the evidence or established rules of law.” *State v. Eighth Jud. Dist. Ct. (Armstrong)*, 127
22 Nev. 927, 931, 267 P.3d 777, 779 (2011). The party seeking mandamus bears the burden
23 to demonstrate the Department’s discretion was exercised arbitrarily. *Gragson*, 90 Nev. at
24 133, 520 P.2d at 617.

25 **V. LEGAL ARGUMENT**

26 At the outset, this Court should find that MM and LivFree’s motion fails under the
27 standards for granting injunctive relief. Without testimony or exhibits establishing the
28 allegations of a complaint, an application for injunctive relief should be denied. *Coronet*

1 *Homes, Inc.*, 84 Nev. at 437, 442 P.2d at 902. Here, MM and LivFree do not cite to their
2 various claims, the elements of those claims, or analyze their putative factual assertions in
3 light of those elements. MM and LivFree cannot hope to demonstrate a reasonable
4 likelihood of success on the merits of claims they completely ignore.

5 MM and LivFree cannot piggyback onto the legal arguments in Serenity Wellness
6 Center’s motion for preliminary injunction either because those arguments are
7 antagonistic to MM and LivFree’s arguments. The centerpiece of MM and LivFree’s
8 amended complaint is their argument that MM and LivFree in 2018 should have received
9 identical scores to those they received in 2014. By doing so, they concede the validity of the
10 Department’s regulations because they concede that the 2014 regulations are nearly
11 identical to those in 2018. (Compl. at ¶14).

12 In contrast to MM and LivFree’s arguments, Serenity argues that the Department
13 lacked authority to hire the Manpower firm (Serenity’s Prelim. Inj. Mtn. at 10:4-13), the
14 regulations’ provisions textually exceed the legislature’s delegated authority (*Id.* at 17-30),
15 and the regulations are “facially repugnant to federal and state constitutional provisions.”
16 (*Id.* at 31-43). In sum, Serenity’s arguments do not support LivFree and MM’s arguments.

17 **A. Even if MM and LivFree asserted cognizable legal arguments, they do**
18 **not enjoy a reasonable likelihood of success on the merits of their**
19 **claims**

20 **1. MM and LivFree do not have a likelihood of success on the**
21 **merits of their constitutional claims or judicial review claim**

22 Properly understood, MM and LivFree’s allegations in their amended complaint and
23 their arguments in their motion for preliminary injunction do not raise any constitutional
24 issues. Because MM and LivFree seek a rescoring of their applications by arguing that the
25 Department mis-scored the applications, they cannot hope to state a constitutional claim .
26 An agency’s compliance with its own regulations is governed by administrative law
27 principles, not the constitution. *See Brown v. Holder*, 763 F.3d 1141, 1148 (9th Cir. 2014).
28 An agency’s alleged violations of its own regulations does “not raise any constitutional
questions.” *Id.* (quoting *United States v. Caceres*, 440 U.S. 741, 751-52 (1979)). MM and

1 LivFree do not mention in their motion any constitutional right, let alone explain how any
2 alleged conduct could violate a constitutional right.¹

3 MM and LivFree’s judicial review claim also fails. MM and LivFree’s petition for
4 judicial review fails because a petition for judicial review is only available to a party
5 “[a]ggrieved by a final decision in a contested case”—and the retail store licensing process
6 was not a contested case. NRS 233B.130. In *State, Dep’t of Health and Human Servs. v.*
7 *Samantha Inc.*, the Nevada Supreme Court explained a rejected applicant for a medical
8 marijuana license “does not have a right to judicial review under the APA [Administrative
9 Procedures Act] or NRS Chapter 453A” because “the application process provided by NRS
10 453A.3222 does not constitute a contested case.” 407 P.3d 327, 328, 332 (Nev. 2017). NRS
11 and NAC Chapters 453D relating to the retail store licensing process similarly do not
12 contemplate any hearings regarding the ranking of applications and granting of conditional
13 licenses. Therefore, MM and LivFree cannot meet the essential element of a contested case.

14 **2. The Department’s Application scoring process was not**
15 **arbitrary**

16 MM and LivFree’s arguments that the scoring process was arbitrary are
17 contradicted by the public record, inconsistent with their own exhibits, and, in many
18 instances, not supported by citation to any evidence at all.

19 **i. The Department properly scored Diversity**

20 MM and LivFree mistakenly assert that diversity was not scored in the competitive
21 bidding process by citing to the declaration Paul Thomas, an owner of co-plaintiff ETW
22 Management. Br. at 11-12, Ex. 4 at ¶10. MM and LivFree’s argument is contradicted by
23 the public record. The Department scored Diversity. (See **Exs. A and D**, supra).

24 . . .

25 ¹ Even if MM and LivFree’s arguments in their motion for preliminary injunction could
26 be construed as raising a constitutional issue under procedural due process, substantive
27 due process, or equal protection of the laws (whether under the Nevada or federal
28 constitutions), those claims fail for the reasons the Department demonstrated in its
opposition to Serenity’s motion for preliminary injunction. Rather than re-state them, the
Department incorporates them by reference in this opposition.

1 MM and LivFree attack the Department's diversity scoring by citing the example of
2 Nevada Wellness Center (NWC), an applicant whose executive team is composed entirely
3 of persons of African-American descent. Br. at 11:24-28. Without evidence, MM and
4 LivFree assert that NWC received no points for diversity. Br. 11:27-28. The public record,
5 however, shows that NWC received a perfect score for diversity. (*Compare Ex. B with Ex.*
6 *C at RD312-315, p. 29, Talley Sheet, Organizational Structure, Element 5).* MM and
7 LivFree then complain about Lone Mountain Partners, LLC's² supposed lack of diversity.
8 Br. 12:4-17. MM and LivFree's argument again lacks merit because Lone Mountain
9 Partners, LLC received a correct score of 8, which is consistent with one of its 3 members
10 being female. (*Compare Ex. B and Ex. C at RD590-602, p. 107).*

11 Apart from pejoratives, MM and LivFree's supplement also offers no reason to
12 second-guess diversity scoring. MM and LivFree's argument that "publicly traded
13 companies" can have no diversity of ownership shows a footling understanding of corporate
14 entities and also sidesteps the crucial starting point for analyzing whether diversity scoring
15 was appropriate: the language of the diversity scoring category. The Department awarded
16 points for diversity demographic information for "owners, officers, and board members" of
17 the applicants. (*Ex. B at p. 5.*) By focusing solely on the phrase "owner," MM and LivFree
18 ignore that diversity points were awarded where entities had diverse board members and
19 officers. A cursory review of the applications of these entities demonstrates that MM and
20 LivFree's characterization of the demographic profile of the applicants they cite is wrong.

21 Greenmart (RD504-511) received 16 points on diversity.³ According to the scoring
22 chart,⁴ to receive 16 points on diversity 71-80% of the identified owners, officers, and board
23 members must be diverse as defined above. Greenmart identified 10 owners, officers, or

24
25 ² For an unknown reason, MM and LivFree describe Lone Mountain Partners, LLC as
26 Verano. MM and LivFree do not offer any evidence or argument that Verano and Lone
Mountain Holdings, LLC are alter-egos of one another.

10 Nevada Organic Remedies (RD215-222) received 8 points on diversity.⁹ According
11 to the scoring chart,¹⁰ to receive 8 points on diversity, 31-40% of the identified owners,

5 Finally, MM and LivFree cite the lone testimony of one member of the legislature to
6 say that the “intent of the diversity criteria was to favor diverse ownership.” Supp. Br.
7 6:19-20. MM and LivFree disregard Nevada precedent that abjures relying on isolated
8 statements by a legislator to divine legislative intent. *A-NLV-Cab Co. v. State, Taxicab*
9 *Auth.*, 108 Nev. 92, 95, 825 P.2d 585, 587-88 (1992). Moreover, legislative intent is
10 irrelevant since the legislature delegated to the Department to develop “an impartial and
11 numerically scored competitive bidding process.” NRS 453D.210(6). The Department’s
12 determination to use diversity in ownership, board members, and officers is a reasonable
13 construction of the legislature’s delegation of power for the Department to develop rules for
14 the competitive bidding process. This Court should not substitute its judgment for the
15 Department’s reasonable construction. *Collins Discount Liquors v. State*, 106 Nev. 766,
16 768, 802 P.2d 4, 5 (1990), citing *State v. Morris*, 104 Nev. 709, 713, 76 P.2d 263, 266 (1988).

17 **ii. The Department had Discretion to hire Manpower**

18 The Legislature commanded the Department to develop regulations “necessary or
19 convenient to carry out the provisions of this chapter.” NRS 453D.200(1). This Court must
20 give “great deference” to an administrative agency’s interpretation of the statute that the
21 agency enforces. *State of Nev. ex. rel. Div. of Ins. v. State Farm Mut. Auto. Ins. Co.*, 116
22 Nev. 290, 293, 995 P.2d 482, 485 (2000) (internal quotations omitted). The Department’s
23 reasonable interpretation of this provision as a broad delegation of power to develop
24 regulations is by far the best interpretation.

25 NRS 453D.210, which governs the retail marijuana dispensary store license
26 application process, requires that the Department develop “an impartial and numerically
27 scored competitive bidding process.” NRS 453D.210(6). This is a broad delegation of power

28 ¹⁴ **Ex. J.**

1 to the Department to create a scoring process. Moreover, it is a reasonable construction of
2 the word “impartial” for the Department to hire an outside firm, Manpower, to conduct the
3 scoring. MM and LivFree offer no excuse for this Court to substitute its judgment
4 regarding hiring Manpower for the Department’s.

5 Throughout their brief and supplemental brief, MM and LivFree denigrate the
6 qualifications of the three Manpower employees. Br. 7-8; Supp. Br. at 11-12. MM and
7 LivFree do not offer this Court any legal authority demonstrating that an agency’s decision
8 to hire an employee or contractor is reviewable in any context. For example, in other
9 contexts, courts routinely recognize that the decision of whom to hire is unreviewable and
10 protected by discretionary immunity. *Bryan v. Las Vegas Metro. Police Dep’t*, 349
11 Fed.Appx. 132, 134 (9th Cir. 2009) (“Because Nevada looks to federal case law to determine
12 the scope of discretionary immunity, and because federal case law consistently holds that
13 training and supervision are acts entitled to such immunity, METRO police is entitled to
14 discretionary immunity on this claim [for negligent training and/or supervision]”). MM
15 and LivFree never explain why this Court can second-guess the Department’s hiring of
16 Manpower.

17 Finally, LivFree’s attack on Manpower’s qualifications is remarkably inconsistent.
18 For example, unlike LivFree, MM does not dispute that its financial planning score was
19 correct. MM and LivFree also never explain why the only reasonable strategy to deploy is
20 supposedly to hire from the Nevada State Board of Accountancy. Supp. Br. 11:20-21.

21 **iii. LivFree scored poorly regarding liquid assets and**
22 **financial planning because it failed to comply with the**
Department’s application instructions

23 LivFree fails to make any textual argument to demonstrate that it complied with the
24 Department’s application instructions. Several instructions are pertinent. First, all
25 applicants must demonstrate at least \$250,000 in unencumbered liquid assets for each
26 establishment license “from a financial institution in this state or in any other state or the
27 District of Columbia...” (**Ex. A**, *supra*, §5.2.8.1-2 at p. 11). Second, where the applicant
28 relies on funds from an owner, officer or board member, “evidence that such person has

1 unconditionally committed such funds to the use of the applicant...” (*Id.*, §5.2.11.2 at p.
2 12). Third, the applicant was required to demonstrate “proof that the applicant has
3 adequate funds to cover all expenses and costs of the first year of operation.” (*Id.*, §5.2.11.3
4 at p. 12). LivFree makes no effort to demonstrate that its application for six licenses met
5 these requirements.

6 First, substantial evidence supports the Department’s score on the liquid assets
7 sections. Buried in Ex. 7 to LivFree’s motion is Ms. Dietz’ declaration wherein she states
8 “LF’s application contains a LF balance statement showing total assets of \$8,062,482 and
9 \$1,942,000 in available cash sufficient to 6 applications at \$250,000 apiece.” Br., Ex. 7 at
10 ¶9. LivFree never explains how a self-generated balance sheet meets the application’s
11 requirements of both demonstrating the source of liquid assets and that the documentation
12 be from a financial institution. (**Ex. A**, *supra*, §5.2.8.1-2 at p. 11). In its supplement,
13 LivFree writes that it “did in fact provide a statement from a financial organization
14 showing it had over \$250,000 liquid.” Supp. Br. 1:21-23. LivFree does not pretend it
15 complied with section 5.2.8’s requirement that such liquid assets be sufficient for all
16 applications, but only that it should have been awarded a license for “Lyon County.” Supp.
17 Br. 1:25-26. *Worse still*, LivFree does not state the statement from a financial organization
18 it submitted—which it has not provided as an exhibit—is even for an account owned by
19 LivFree.

20 Second, substantial evidence supports the Department’s scoring of LivFree’s
21 financial planning section. LivFree writes that “if Manpower had only provided an
22 ‘accountant’ that understood that \$217,812,655 is more than \$124,601,651.72, LivFree
23 would have won in Reno, Clark County, North Las Vegas, Lyon County and City of Las
24 Vegas.” Br. 14:1-3. LivFree, once again, expends no effort explaining how it complied with
25 the application’s instructions on financial planning.

26 LivFree then erroneously writes in its supplement that “[t]here was also a blatant
27 error on the other 10 points because \$217 million is obviously over the required \$3.51
28 Million for a full 10-point scoring.” Supp. Br. 1:27-28. LivFree never explains how a self-

1 generated balance sheet is “evidence that such person has unconditionally committed such
2 funds to the use of the applicant...” (*Id.*, §5.2.11.2 at p. 12). The answer to the question of
3 why LivFree received the abysmal score it deserved is clear—LivFree disregarded the
4 application instructions.

5 Third, LivFree uses Dietz’ declaration to argue that LivFree “had funds available to
6 commit to new licenses, a balance sheet from LF’s operations showing cash on hand and
7 total assets...” Br., Ex. 7 at ¶7. LivFree makes no effort to demonstrate that the balance
8 sheet provided sufficient assets to cover first year operating expenses for all six locations
9 that it applied for with the Department and that such assets were unconditionally
10 committed to such use.

11 **iv. MM and LivFree’s bare assertions, without any evidence,**
12 **are insufficient to support a preliminary injunction.**

13 MM and LivFree “bear[] the burden of providing testimony, exhibits, or documentary
14 evidence to support [their] request for an injunction.” *Hosp. Int’l Grp. v. Gratitude Grp.,*
15 *LLC*, 2016 WL 7105065, *2 (Nev. Dec. 2, 2016) (citing *Coronet Homes, Inc. v. Mylan*, 84
16 Nev. 435, 437, 442 P.2d 901, 902 (1968); 11A Charles Alan Wright, Arthur R. Miller & Mary
17 Kay Kane, *Federal Practice and Procedure: Civil*, § 2949, at 237 (2013) (to sustain a
18 preliminary injunction, “[e]vidence that goes beyond the unverified allegations of the
19 pleadings and motion papers must be presented”).

20 Here, MM and LivFree baldly assert that the Department considered fraudulent
21 information, trade secrets, business plans, and operating procedures of others for winning
22 applicants. Br. pp. 14-15. Their sole source for their arguments are the allegations
23 contained in an unverified complaint. Br., Ex. 8. Likewise, MM and LivFree assert as fact
24 that “the DOT [Department] accepted and processed applications from winning bidders
25 that did not have any ‘physical address’” whatsoever, but fail to cite any evidence to support
26 their assertion. Br. at 16:21-22. Lastly, LivFree writes that “rumors are rampant
27 regarding the interactions with the DOT higher-ups and winning bidders, and this will
28

likely be a hot focus of discovery.” Br. 24 n.16. MM and LivFree cannot meet their burden of proof for a preliminary injunction by relying on an unverified complaint and rumors.

v. Nevada Administrative Code (NAC) 453D.268(3)’s Plain Language contradicts MM and LivFree’s Argument regarding Improper Attribution of Taxes Paid

This Court must construe a regulation as written according to its plain language. *UMC Physicians’ Bargaining Unit of Nev. Serv. Emps. Union v. Nev. Serv. Emps. Union/SEIU Local 1107, AFL-CIO*, 124 Nev. 84, 88-89, 178 P.3d 709, 712 (2008). This Court should also defer to an agency’s interpretation of its regulation if it is within the regulation’s language. *Wynn Las Vegas, LLC v. Baldonado*, 129 Nev. 734, 738, 311 P.3d 1179, 1182 (2013). MM and LivFree’s interpretation of NAC 453D.268(3) lacks merit because it completely eliminates half of the regulation.

According to MM and LivFree, Essence Henderson, LLC and Essence Tropicana, LLC could not have received a score for taxes paid because they were newly formed in 2017. Br. 26:10-16 and Supp. Br. 11:3-15. Contrary to MM and LivFree’s argument, the regulation allows for consideration of taxes paid by persons other than the applicant, so long as they are owners, officers, or board members:

3. Evidence of the amount of taxes paid. or other beneficial financial contributions made, to this State or its political subdivisions within the last 5 years by the applicant or the persons who are proposed to be owners, officers or board members of the proposed marijuana establishment.

NAC 453D.268(3). The Department, under this rule, can consider “taxes paid...by the applicant or the persons who are proposed to be owners, officers or board members...” *Id.* MM and LivFree seem to know that their interpretation lacks merit because they bold the word “applicant” but then ignore all of the language that follows the conjunction “or” afterword. Br. 25:7-9. Because the plain language of NAC 453D.268(3) allows for the consideration of taxes paid by owners, officers or board members, MM and LivFree achieve nothing by arguing that newly formed entities should receive a zero score for financial contributions in the form of taxes paid.

...

1 vi. **MM and LivFree lack standing to raise arguments on behalf of**
2 **Third Parties**

3 “In the ordinary course, a litigant must assert his or her own legal rights and
4 interests, and cannot rest a claim to relief on the legal rights or interests of third parties.”
5 *Powers v. Ohio*, 499 U.S. 400, 410 (1991) (citing *Dep’t of Labor v. Triplett*, 494 U.S. 715, 720
6 (1990); *Singleton v. Wulff*, 428 U.S. 106 (1976)). The same is true in Nevada. *See generally*
7 *Schwartz v. Lopez*, 132 Nev. ____, 382 P.3d 886, 894 (Adv. Op. 73, Sept. 29, 2016)

8 While there are exceptions to this rule, MM and LivFree certainly cite none to this
9 Court. Despite the rule that a party cannot base its claim on the rights of third-parties,
10 MM and LivFree throughout their brief and supplemental brief complain about the scores
11 of other entities. For example, MM and LivFree in their motion complain on Applicant
12 NWC’s behalf about diversity scoring. Br. 11:24-25. MM and LivFree then complain in
13 their supplement about the diversity scores for other third parties. Supp. Br. 4-7. LivFree
14 never asserts that its diversity score was incorrect.

15 Rather than provide this Court with evidence that its diversity score was incorrect,
16 MM simply asserts “MM got screwed even more than HHWC by the Manpower graders as
17 it got 4 points for diversity despite the fact that its board has ample diversity.” Supp. Br.
18 7: 14-15; 8:16-17. MM’s use of the word “ample” is not evidence that this Court can
19 consider. Notably, MM now has available the “Application Scoring Tool - Organizational
20 Structure,” which explains how diversity was scored. **Ex. C.** Recognizing that it actually
21 received the correct score, MM purposefully does not explain how correctly applying the
22 criteria would have yielded it more points. In short, with MM making no argument their
23 application was incorrectly scored based on the actual criteria, the Court has no basis to
24 conclude anything other than that MM was correctly scored.

25 Although MM and LivFree complain that Helping Hands Wellness Center got too
26 high a score for care-quality-safekeeping, they never explain how their scores were
27 incorrect or how HHWC’s score affected them in any way. Supp. Br. 9-10. Similarly, while
28 MM and LivFree complain that Manpower could not have known about Nevada Organic

1 Remedies' sale that it self-reported to the Department, they never explain how that would
2 have affected a score under the scoring criteria or how it affected them in any way. Supp.
3 Br. 10. Instead, they concede that their argument "is not pertinent" to their motion. The
4 Department agrees.

5 **vii. Deference applies to the Score given to MM's Building**
6 **Construction Score**

7 MM, but not LivFree, complains about its building score. According to MM, its
8 building score should have been a perfect 20, rather than a 15.33. Supp. Br. 2:16-22. But,
9 a score on the adequacy of building plans is an unreviewable question of fact. A "reviewing
10 court may not substitute its judgment on questions of fact." *Sw. Gas Corp. v. Woods*, 108
11 Nev. 11, 15, 823 P.2d 288, 290 (1992).

12 The application requires that "[d]ocumentation concerning the adequacy of the size
13 of the proposed recreational marijuana establishment to serve the needs of persons who
14 are authorized to engage in the use of marijuana must be included in this tab." (**Ex. A**,
15 §5.3.3). This Court should decline MM's invitation to re-weigh the "adequacy" of its
16 building plans and re-score its building plans.

17 MM then objects to its score by arguing that several winning bids did not have an
18 existing dispensary or a physical address listed in their application. Supp. Br. 3:6-14.
19 There are several problems with MM's argument, even if this Court could review the score
20 based the subjective factor of adequacy, which it cannot. MM's premise that Manpower
21 could not prefer building plans for a proposed location to an existing dispensary is
22 inconsistent with the Department's regulation. The relevant regulation requests that the
23 application include, in relevant part, "[t]he physical address where the proposed marijuana
24 establishment will be located and the physical address of any co-owned or otherwise
25 affiliated marijuana establishments." NAC 453D.265(1)(b)(3). Consistent with this
26 regulation, the application provides that the physical address must only be filled out if "the
27 applicant owns property or has secured a lease or other property agreement." (**Ex. A**, p.
28 29). The Department did not, and was not required by its regulations, to score building

1 plans based on a proposed physical address. MM does not find fault with Manpower's
2 analysis of the building plans for the entities it cites, and therefore, this Court need not
3 tarry long over MM's argument before disregarding it.

4 **B. Balance of harms and public interest do not favor MM and LivFree**

5 As MM and LivFree do not have a right to a conditional license, Plaintiffs will suffer
6 no harm absent an injunction. The State, on the other hand, would be harmed by an
7 injunction because retail licenses are a significant source of potential tax revenue. Indeed,
8 this is often cited as the major reason Ballot Initiative 2 passed. Numerous conditional
9 licenses will become active by December 4, 2019, unless an injunction is ordered. The
10 operations from those retail stores would provide the State with tax revenue beginning in
11 2019 as the licenses were perfected and the businesses became operational.

12 **C. MM and LivFree's motion ignores the bond requirement**

13 MM and LivFree fail to address the amount of the bond that would be required
14 should an injunction issue. *Strickland v. Griz Corp.*, 92 Nev. 322, 323, 549 P.2d 1406, 1407
15 (1976) (“[w]here a bond is required by statute before the issuance of an injunction, it must
16 be exacted or the order will be absolutely void.”) (quoting *Shelton v. Dist. Ct.*, 64 Nev. 487,
17 494, 185 P.2d 320, 323–24 (1947)). See also NEV. R. CIV. P. 65(c) (“no restraining order or
18 preliminary injunction shall issue except upon the giving of security by the applicant”).
19 The Department, however, does not insist on a large bond. Although the Department does
20 not believe an injunction should issue because the Department acted in good faith, it has
21 no goal other than defending its process, statutes, and regulations. The Department
22 intends to demonstrate that every decision it made was guided by a good faith desire to
23 implement the laws and the will of the voters without any prejudice for or against any
24 party.

25 **D. MM and LivFree cannot compel the Tax Commission to hear a**
26 **Discretionary Appeal through a Writ of Mandamus**

27 Mandamus is not an appropriate remedy to compel the Tax Commission to hear an
28 appeal of a denial of licensure. MM and LivFree ignore the rule that mandamus cannot be

1 used to control a discretionary act. *Gragson*, 90 Nev. at 133, 520 P.2d at 617. Even if
2 applicable, the statute cited by MM and LivFree regarding appeals to the Tax Commission
3 cannot be construed as a mandatory obligation to fall within Nevada’s mandamus
4 jurisprudence.

5 MM and LivFree’s arguments are inconsistent with mandamus law. A writ of
6 mandamus can issue only against officials under a “clear” and “specific” duty required by
7 law. *Round Hill Gen. Imp. Dist. v. Newman*, 97 Nev. 601, 603, 637 P.2d 534, 536 (1981)
8 (“clear”); *Douglas Cty. Bd. of Cty. Comm’rs v. Pederson*, 78 Nev. 106, 108, 369 P.2d 669, 671
9 (1962) (“specific”). MM and LivFree cite the broad statute regarding appeals, but ignore
10 the discretionary language pertaining to the nature of those appeals. The statute provides
11 in relevant part:

12 3. The Nevada Tax Commission, as head of the Department,
13 **may** review all decisions made by the Executive Director that
14 are not otherwise appealed to the Commission pursuant to this
15 section.

16 NRS 360.245(3) (emphasis added). Even accepting MM and LivFree’s argument that an
17 appeal *could* lie to the Nevada Tax Commission in this circumstance, mandamus still is
18 inappropriate because there is no statutory duty compelling the Nevada Tax Commission
19 to do here such an appeal.

20 VII. CONCLUSION

21 There is no support for the vast undertaking that MM and LivFree ask this Court to
22 undertake. This Court should not re-weigh the applications considered by Manpower. This
23 Court should not accept MM and LivFree’s request to re-examine the discretion the
24 legislature granted to the Department to formulate an impartial scoring system. In any

1 competition, there will be disappointed participants, but a poor outcome for some is not a
2 sound reason for replaying game. This Court should deny MM and LivFree's motion.

2. APPLICATION OVERVIEW

The Nevada State Legislature passed a number of bills during the 2017 session which affect the licensing, regulation and operation of recreational marijuana establishments in the state. In addition, the Department of Taxation has approved regulations effective February of 2018. Legislation changes relevant to this application include but are not limited to the following:

Assembly Bill 422 (AB422):

- Transfers responsibility for registration/licensing and regulation of marijuana establishments from the State of Nevada's Division of Public and Behavioral Health (DPBH) to the Department of Taxation.
- Adds diversity of race, ethnicity, or gender of applicants (owners, officers, board members) to the existing merit criteria for the evaluation of marijuana establishment registration certificates.

LCB File No. Regulation R092-17:

- On or before November 15, 2018, a person who holds a medical marijuana establishment registration certificate may apply for one or more licenses, in addition to a license issued pursuant to section 77 of the regulation, for a marijuana establishment of the same type or for one or more licenses for a marijuana establishment of a different type.

No applicant may be awarded more than 1 (one) retail store license in a jurisdiction/locality, unless there are less applicants than licenses allowed in the jurisdiction.

The Department is seeking applications from qualified applicants in conjunction with this application process for recreational marijuana retail store license. If a marijuana establishment has not received a final inspection within 12 months after the date on which the Department issued a license, the establishment must surrender the license to the Department. The Department may extend the period specified in R092-17, Sec. 87 if the Department, in its discretion, determines that extenuating circumstances prevented the marijuana establishment from receiving a final inspection within the period.

Department determines that the response is complete and in compliance with the regulations, the Department will issue a conditional license to that applicant to operate a recreational marijuana establishment in accordance with R092-17.

- 6.10. The issuance by the Department of a recreational marijuana establishment license is conditional and not an approval to begin business operations until such time as:
 - 6.10.1. The marijuana establishment is in compliance with all applicable local government ordinances and rules; and
 - 6.10.2. The local government has issued a business license or otherwise approved the applicant for the operation of the establishment.
- 6.11. If the local government does not issue business licenses and does not approve or disapprove marijuana establishments in its jurisdiction, a recreational marijuana establishment license becomes an approval to begin business operations when the marijuana establishment is in compliance with all applicable local government ordinances and rules and has fulfilled all the requirements of the approval to operate by the Department.
- 6.12. Any license resulting from this application shall not be effective until approved by the Department.
