The Honorable Kristina Pickering
Chief Justice
Nevada Supreme Court
201 South Carson Street
Carson City, NV 89701

Dear Chief Justice Pickering,

Pursuant to the Order inviting additional comments filed January 24, 2020 in relation to ADKT 0551, the Nevada Supreme Court Access to Justice Commission would like to clarify and extend our description of entities through which attorneys are eligible to earn Continuing Legal Education (CLE) credit, as follows:

"An attorney may earn continuing legal education credit by providing uncompensated pro bono representation or service through a nonprofit legal aid organization that receives IOLTA funds pursuant to SCR 216(1) or through a program sponsored by a court or governmental organization that is either co-sponsored by such a legal aid organization or approved by the Nevada Access to Justice Commission or its designee."

This replaces the originally submitted language:

"Continuing legal education credit may be earned through the provision of uncompensated pro bono civil legal representation or service through a Nevada entity outlined in Rule 6.5."

This language addresses opportunities raised relating to CLE which may be awarded when legal aid organizations are cosponsoring CLE. This will be particularly helpful in serving the rurals. Further, the language now includes "governmental organization". This recognizes certain programs such as the Nevada Attorney General's Military Pro Bono Program.

We believe this new language addresses the discussion and will satisfy the objectives outlined.

Should you or your team have any questions, I am available to assist. Thank you.

Sincerely,

[Signature]
