ARTICLE 16

COLLECTIVE BARGAINING

Section 1. The Right to Collective Bargaining

The right of employees to engage in collective bargaining is a matter of national and safe policy contained in the laws of the nation and the State of Nevada. The National Labor Relations Act, Section 7, states that: "Employees shall have the right to self-organization, to form, or assist labor organizations, to bargain collectively through representatives of their own choosing and to engage in other concerted activities for the purpose of collective bargaining or other mutual aid or protection..." The Nevada Revised Statutes, Chapter 288, states that collective bargaining, "means a method of determining conditions of employment by negotiation between representatives of the local government employer and employee organizations, entailing a mutual obligation of the local government employer and the representative of the local government employees to meet at reasonable times and bargain in good faith with respect to:

1. Wages, hours and other terms and conditions of employment;
2. The negotiation of an agreement;
3. The resolution of any question arising under a negotiated agreement; or
4. The execution of a written contract incorporating any agreement reached if requested by either party..."

Section 2. Definition and Purpose

Collective bargaining is a primary activity of this Local Union. Our fundamental purpose is to negotiate a legally binding contract (Collective Bargaining Agreement) that secures and improves the wages, hours, benefits and working conditions of those members covered by that Agreement.

Section 3. Grievance Procedure

A Collective Bargaining Agreement creates a framework of rules which are legally binding between the employer and the Local Union and has a grievance procedure for dispute resolution if a problem arises as to the meaning of the contract or its application.

Section 4. Member Involvement

Collective bargaining is intended to involve members directly and actively in determining their wages, hours and working conditions.

Section 5. Success In Collective Bargaining

We achieve success in collective bargaining through organization, united action, legislative and political activity and the use of creative strategies and tactics.

Section 6. Bargaining Committee

The size and method of selecting a Bargaining Committee will vary based on factors such as the number of facilities; the number of departments/units and shifts; variety of classifications, job duties

and titles; the demographics of the members; the geography of the work force and its locations; and other factors that should be considered in assembling a committee that reflects the needs and diversity of the members. The authority to bargain collectively for this Local Union shall be vested in a Bargaining Committee elected/selected under written procedures determined by the individual Bargaining Unit and/or the Executive Board. The Local President, or designee, shall be the chief spokesperson for this Local Union in all collective bargaining with any employer. The President of this Local Union shall serve as an ex-officio member of all bargaining committees of the Local Union and it is the very important duty and responsibility of the President to actively take part in and stay informed of bargaining in all areas and to participate with the Bargaining Committees. The Vice President of the Bargaining Unit and the Chief Steward(s) of the Chapter(s) in the Bargaining Unit (if the Chief Steward(s) chooses to do so, however no more than one (1) Chief Steward from a Chapter, in accordance with Article 7) shall automatically serve on the Bargaining Committee by virtue of their position and their importance in enforcing and understanding the contract. If an election for office occurs while bargaining is in process and any Officer referenced in the preceding sentence (namely the Vice President of the Bargaining Unit and the Chief Steward(s) of the Chapter(s) in the Bargaining Unit) is not reelected to office, the ex-Officer(s) shall still retain his/her position on and continue to serve on the Bargaining Committee, and the newly elected officer(s) shall not automatically serve on the Bargaining Committee, but shall serve on the Bargaining Committee if elected to the Bargaining Committee during elections for the Bargaining Committee.

Section 7. Survey of Members

The Local President, or designee, shall survey the members of the Bargaining Unit about their desires concerning the wages, hours and working conditions to be incorporated into the Collective Bargaining Agreement four (4) months prior to the expiration of the Collective Bargaining Agreement.

Section 8. Exclusive Bargaining Agent

This Local Union is the exclusive Bargaining Agent for all employees of all Bargaining Units that are represented by this Local Union.

Every member of this Local Union authorizes this Local Union to act as the exclusive Collective bargaining agent and representative with full and exclusive power to execute agreements with his or her employer governing wages, hours, terms and conditions of employment, subject to ratification of the membership, and to have final authority to settle any grievance or dispute arising under any Collective Bargaining Agreement.

Section 9. Ratification

The results of any Collective bargaining sessions of a Bargaining Unit shall be subject to a ratification vote by the members of that Bargaining Unit, with sufficient notice given to the membership and in accordance with other policies and procedures as determined by the Bargaining Committee, the Executive Board and the President of this Local Union. A Bargaining Unit is that group of employee members that a Collective Bargaining Agreement governs as to their wages, hours and terms and conditions of employment. If a contract is to be ratified at a meeting, that meeting should be scheduled as much in advance as possible under the circumstances. CONSTITUTION AND BYLAWS

PREAMBLE

As almost every improvement in the condition of working people has been accomplished by the efforts of organized labor and as the welfare of wage, salary, and professional workers can best be protected and advanced by their united action in one International Union, we have organized the Service Employees International Union and have adopted the following Constitution:

SEIU MISSION STATEMENT

We are the Service Employees International Union, an organization of more than 2.1 million members united by the belief in the dignity and worth of workers and the services they provide and dedicated to improving the lives of workers and their families and creating a more just and humane society.

We are public workers, health care workers, building service workers, office workers, professional workers, and industrial and allied workers.

We seek a stronger union to build power for ourselves and to protect the people we serve.

As a leading advocacy organization for working people, it is our responsibility to pursue justice for all. We believe in and will fight for a just society where all workers are valued and people respected, where all families and communities thrive, and where we leave a better and more equal world for generations to come.

People of every race, ethnicity, religion, age, physical ability, gender, gender expression, and sexual orientation, we are the standard-bearers in the struggle for social and economic justice begun nearly a century ago by janitors who dared to dream beyond their daily hardships and to organize for economic security, dignity, and respect.

Our vision is of a union and a society:

Where all workers and their families live and work in dignity.

Where work is fulfilling and fairly rewarded.

Where workers have a meaningful voice in decisions that affect them and have the opportunity to develop their talents and skills.

Where the collective voice and power of workers is realized in democratic, equitable and progressive unions.

Where union solidarity stands firm against the forces of discrimination and hate, against structural racism, and against the unfair employment practices of exploitative employers.

Where working people can live in safe and healthy communities.

Where government plays an active role in improving the lives of working people.

To achieve this vision:

We must organize unorganized service workers, extending to them the gains of unionism, while securing control over our industries and labor markets.

We must build political power to ensure that workers' voices are heard at every level of government to create economic opportunity and foster social justice.

We must provide meaningful paths for member involvement and participation in strong, democratic unions.

We must develop highly trained, motivated and inclusive leaders at every level of the union who reflect the diversity of the membership and the communities where we organize.

We must bargain contracts that improve wages and working conditions, expand the role of workers in workplace decision-making, build a stronger union, and build stronger and healthier communities.

We must build coalitions and act in solidarity with other organizations who share our concern for social, environmental, racial, and economic justice.

We must engage in direct action that demonstrates our power and our determination to win.

We must hold corporations and capital accountable for the common good.

We must commit to dismantling structural racism which holds us back from achieving the unity and strength we need.

We must pave the way for immigrant justice.

We must always be open to change that enables us to adapt and be more effective in an ever changing world.

To accomplish these goals we must be unified—inspired by a set of beliefs and principles that transcends our social and occupational diversity and guides our work.

We believe we can accomplish little as separate individuals, but that together we have the power to create a just society.

We believe unions are the means by which working people build power—by which ordinary people accomplish extraordinary things.

We believe our strength comes from our unity, and that we must not be divided by forces of discrimination based on gender, race, ethnicity, religion, age, physical ability, sexual orientation, or immigration status.

We believe our power and effectiveness depend upon the active participation and commitment of our members, the development of inclusive SEIU leaders, and solidarity with each other and our allies.

We believe we have a special mission to bring economic and social justice to those most exploited in our community—especially to women

and workers of color —and to dismantle structural racism against Black Americans.

We believe our future cannot be separated from that of workers in other parts of the world who struggle for economic justice, a decent life for their families, peace, dignity and democracy.

We believe unions are necessary for a democratic society to prevail, and that unions must participate in the political life of our society.

We believe we have a moral responsibility to leave the world a more just, healthy and safe place for our children—and everyone’s children.

*Authority to
adjust tax*

Upon the recommendation of the International President, the International Executive Board shall have the authority to adjust the per capita tax required from Local Unions (i) for nonworking members, including retired members and associate members; provided, however, that not withstanding the provisions of Article XV, Life Members granted such status pursuant to this Constitution on or before May 1, 2000, shall have no continuing dues obligations, but they shall nonetheless be eligible to enjoy all the benefits and privileges of retired members in the International Union, including continued participation in the International Union's Death Gratuity Program if otherwise eligible; and (ii) that are affiliated with another international union.

Political fund

(b). An amount of money which shall be determined annually by the International Executive Board shall be set aside from the per capita tax and shall be expended by the International Union directly or indirectly for political education and political action purposes, but solely in accordance with the provisions of applicable law.

*Strike and
defense fund*

(c). For 2012, the International Union shall continue to set aside out of the per capita tax, the sum of 40 cents per member per month on all monthly dues received by the Local Union as a Strike and Defense Fund to aid Local Unions engaged in authorized strikes, in defending against lockouts, and in defending the integrity and welfare of the Local Union, as defined under criteria established by the International Secretary-Treasurer, and shall credit each Local Union with the amount which such Local Union has paid into the Strike and Defense Fund. 25 cents of the 40 cents shall be used by the International Union to maintain current programs and support the implementation of the 2012 Convention program.

Beginning January 1, 2013, the International Union shall use from the per capita tax the sum of 40 cents per member per month on all monthly dues received by the Local Union in the Strike and Defense Fund for the purpose of maintaining a fund to support the International Union's program to elect and hold accountable national public officials for a pro-working family agenda.

Such moneys shall not be used from or set aside out of per capita tax payments received from Local Unions on behalf of retired, associate, or organizing committee members.

Prior to January 1, 2013, a local union may request approval from the International Secretary-Treasurer to substitute an alternative payment plan for the 25 cents. This plan may include the option for the International Union to retain funds that would otherwise be paid back to the local union under Article XV, Section 18.

For any amounts accumulated in the Fund prior to January 1, 2013, subject to the criteria established by the International Secretary-Treasurer, a Local Union may after no less than one year of contributions draw on the Strike and Defense Fund, or from such other funds of the International Union as shall be determined by the International Executive Board, to the extent of the total unexpended funds remaining to its credit, plus an additional sum equal to the amount set aside out of its required payments in the preceding 12 months. Once such an additional payment has been drawn by the Local Union, no further payment shall be made to the Local Union pursuant to this Section. The International Executive Board is authorized to direct that a Local Union's 2012 contributions to the Strike and Defense Fund be used to satisfy the Local Union's outstanding financial liability to the International Union or, pursuant to a decision of the International Executive Board after appropriate proceedings, to another affiliated body or Local Union if such liability is at least 90 days past due. In such circumstances, the Local Union will receive 15 days notice before such action is initiated.

*Withdrawals
from strike and
defense fund*

*Use of fund
to satisfy
outstanding
liabilities*

Questions concerning the application or interpretation of this subsection shall be resolved by decision of the International Secretary-Treasurer, subject to appeal to the International Executive Board.

*Application and
interpretation*

(d). In addition to the per capita tax set forth in Section 1(a), each Local Union, except those based in Canada, shall pay to the International Union a per capita tax to finance the Unity Fund. Through the Unity Fund, all local unions will pool resources in order to have the new strength to win improved pay, benefits and security for members in the 21st century. This additional per capita tax per member per month shall be \$5.00.

*Unity Fund
(except
Canada)*

Notwithstanding the above, this additional per capita tax for the Unity Fund shall not be paid on dues from any member who is paid gross wages of less than \$433 per month. The additional per capita tax for the Unity Fund shall also not be payable on dues from members who have not achieved a first collective bargaining agreement.

*Low-wage

(e). Based on the recommendation of the Canadian Council, the International Executive Board may require each Local Union based in Canada to pay to the International Union a per capita tax in addition to the per capita tax set forth in Section 1(a) to finance a Canadian Unity Fund. Through this Unity Fund, all Canadian local unions will pool resources in order to have the new strength to win improved pay, benefits and security for members in the 21st century. The amount of

Section 2. Dues of members are due and payable on or before the last day of the current month and in order for a member to be in good standing his or her dues must be paid on or before the last day of each month. All other financial obligations of the Local Union must likewise be paid on or before the last day of the month in which they fall due.

*Maintenance

Section 3. For a Local Union to be considered in good standing, per capita tax and all other fees and payments must be paid by each Local Union to the International Union before the end of the month following the month in which the Local Union received dues or other payments on account of which per capita tax or fees are payable to the International Union. If the monthly per capita tax, or any part thereof, is not submitted by the end of the month following that in which it is due, the Local Union shall be deemed delinquent in its payment and shall be charged a late payment fee, at an interest rate to be determined periodically by the International Executive Board, on that portion of the per capita tax which has not been paid by the due date, except that the International President may waive this penalty charge for good cause shown. If a Local Union fails to make the payments herein required within 30 days of the date due, the International Secretary-Treasurer shall notify the Local Union that it is no longer in good standing and shall within 30 days thereafter refer the matter to the International President for such action as the International President shall deem appropriate, including without limitation, suspension of the Local Union, revocation of its charter, or the appointment of a Trustee as provided in Article VIII, Section 7 of this Constitution and Bylaws. The International President, and in the event of an appeal from his or her decision, the International Executive Board, may lift any suspension or stay revocation of the charter upon such terms and conditions as may be prescribed.

Each month it shall submit all changes of addresses; the names and addresses of all members initiated or readmitted, of all other persons from whom revenue is derived, and of those suspended for nonpayment of dues or for any other cause; and a correct list of those who take transfer or withdrawal cards. In addition, the International Union must be notified of the names and addresses of

all officers elected to office within 15 days of such action. The proper ZIP code shall be included for each address. Each Local Union must provide the same membership list to the State Council with which it is affiliated. Based on the recommendation of the International Secretary-Treasurer, the International Executive Board may approve a modification to this section which limits the frequency and/or content of this requirement.

(b). Upon request, each local shall forward to the International Secretary-Treasurer, by April 1 of each year, information and supporting documentation showing the average gross wage rate of its membership for the previous calendar year. Section 2. The International Executive Board shall establish the policy and procedures governing the issuance of charters and shall determine all questions of jurisdiction between Local Unions. *Consolidation
and merger*

Section 3. The International Executive Board may consolidate or merge existing Local Unions under such terms and conditions as the International Executive Board may determine when in the opinion of the International Executive Board the interests and welfare of the International Union and the membership thereof will be better served by such action.

The International President shall thereafter report such matters to the International Executive Board.

Article XV DUTIES OF LOCAL UNIONS

*Bonding of

Section 2. No person shall be eligible for nomination as an officer, member of the Executive Board, delegate, or any other office in a Local Union who has not been a member in continuous good standing in the Local Union for at least two years immediately preceding the nomination and has, during all of that time, paid the full dues required for working members of the Local Union within each month when due. Notwithstanding the above, a Local Union may adopt a local union bylaw that reduces this continuous good standing requirement from two years to no less than six months. No person who has been convicted of a felony as defined in Section 504 of the Landrum-Griffin Act (or indictable offense in Canada) shall in accordance with the provisions

of applicable law be eligible for nomination under the terms of this Section. If the Local Union has been chartered less than two years, the required period of continuous good standing shall be the entire time that the Local Union has been chartered. Section 3. The Constitution and Bylaws of all Local Unions and affiliated bodies and amendments thereto must be submitted to the International Union and be approved before they become valid; provided, however, that notwithstanding such approval, the Constitution and Bylaws of all Local Unions and affiliated bodies shall at all times be subordinate to the Constitution and Bylaws of the International Union as it may be amended from time to time. If a Local Union or an affiliated body shall not have secured the approval of a valid Constitution and Bylaws, the provisions contained in the Constitution and Bylaws of the International Union as it may be amended from time to time shall govern said Local Union and affiliated body insofar as applicable. Regardless of approval, if any conflict should arise between the Constitution and Bylaws of a Local Union and affiliated bodies or any amendments thereto, and the Constitution and Bylaws of the International Union as it may be amended from time to time, the provisions of the Constitution and Bylaws of the International Union shall govern.

*Approval

Effective January 1, 2016, for all members with annual earnings between \$5,500 and \$16,000, the minimum dues shall be equal to \$31.00 per month.

Annual increase

Effective January 1, 2017, through January 1, 2020, the minimum monthly dues for all members with annual earnings of \$5,500 or above shall be increased by \$1.00 annually, effective January 1 of each year.

Special membership categories

Notwithstanding the above, by action of the Local Union the minimum dues may be reduced for retired members, organizing committee members, and associate members. The Local Union may establish minimum dues for members with annual earnings which are less than \$5,500.

Upon request, these requirements may be waived by the International President, as provided in subsection 6(d) below.

Maximum dues cap

(b). A Local Union's dues system shall not contain a maximum limitation on the dues amount per member otherwise applicable under the Local Union's dues formula. Upon request, this requirement may be waived by the International President, as provided in subsection 6(d) below provided that any maximum limitation permitted by the International President is indexed for inflation.

Dues increases

(c). Local Unions in which the Constitution and Bylaws provide for a dues system other than a flat rate system (e.g., a scale, hourly or percentage formula system) shall maintain the formula necessary to generate a dues minimum equal to the flat rates specified in this section.

Percentage dues system

Every Local Union shall strive to have a membership dues system based on a percentage of monthly gross earnings.

The percentage rate minimum required in converting to a percentage dues system shall be the rate that provides the Local Union with revenue equal to what it otherwise would have received under its prior dues system as of that date. The calculation of revenue otherwise receivable under the prior dues system shall be based on the Local Union's average monthly membership for the six month period ending one month prior to the date of conversion.

Application and interpretation

Questions concerning the application or interpretation of this subsection shall be resolved by decision of the International Secretary-Treasurer, subject to appeal to the Executive Board.

Dues waivers

(d). The International President, with ratification by the International Executive Board, may waive the requirements of this section for such period as he or she deems advisable upon a showing of good cause as set forth below so long as such waiver does not impair the ability of the Local Union to properly represent its members.

Alternative dues structure

A full waiver will be granted to any Local Union which has established, in accordance with its Constitution and Bylaws, an

alternative dues structure and/or dues increases which satisfy the goals of this Section.

Full or partial waivers of any of the requirements of this section may be granted taking into consideration the resources of the Local Union, the Local Union's dues rate, whether the Local Union has recently implemented a dues increase, the percentage of workers represented by the Local Union covered by a union security clause and the wage rate of the Local Union's members. A waiver also may be granted to Local Unions in right to work states that are engaged in active and strategic organizing efforts in accordance with approved industry division plans.

Waiver considerations

(e). Nothing in this Section shall apply to Local Unions based in Canada.

Section 7(a). The minimum dues of all members of any Canadian Local Union shall be \$10.00 per month except that by action of a Local Union they may be reduced to not less than \$2.50 per month for retired members and organizing committee members and \$2.00 per month for associate members.

Canadian local unions

Minimum dues

The International President, with the approval of the International Executive Board, may waive these requirements for such period as he or she deems advisable as long as such waiver does not, in his or her judgment, impair the ability of the Local Union to properly represent its members.

Waiver

(b). All dues in Canadian Local Unions may be increased by an amount to be set by the International Executive Board based on the recommendation of the Canadian Council.

Section 16(a). Every Local Union shall continue to implement an annual local union organizing budget equivalent to 20 percent of the local's budget (after payment of all per capita tax obligations), to be spent consistent with the principles and plan of the applicable industry division of the International Union. Each industry division shall submit its principles and plan for approval by the International Executive Board on an annual basis.

In the event that the applicable industry division of the International Union believes that a Local Union has failed, without good cause, to implement this 20 percent organizing budget commitment or to spend the Local Union's organizing budget consistent with the union wide strategic unity plan and/or division plan, it may refer the matter to the International Secretary-Treasurer for a review of the Local Union's organizing account and expenditures. If view reveals that the Local Union is not implementing its organizing budget as obligated under this provision, the Secretary-Treasurer may direct that only certain planned expenditures may continue to be made by the Local Union from its organizing account until the division and Local Union mutually agree upon a broader resolution of the matter pursuant to an expedited procedure established by the International Secretary-Treasurer.

*Review of
organizing
account*

(d). If no agreement is reached, the applicable division may refer the matter to the International President who may designate the matter for hearing before a hearing officer appointed by the International Executive Board. Based on the hearing officer's report, the International Executive Board may order the Local Union to pay all or a portion of the organizing account and the local union's next annual organizing budget to an organizing campaign(s) identified in the national plan for that particular division.

Any contributions in excess of \$6.00 per member per year or such other amount as determined by the International Executive Board shall be

AFFILIATIONS WITH INTERMEDIATE BODIES

*Obligation to
affiliate*

Section 1. Local Unions shall affiliate with local, regional, national or international bodies, where such exist, under rules to be established by the International Executive Board. The International President may in his or her discretion waive this requirement for individual Locals for good cause.

*Establishment
of intermediate
bodies*

Section 2. The International Executive Board shall from time to time establish intermediate bodies including, but not limited to, State and Provincial Councils, and Canadian Regional Conferences as well as other bodies, when in its judgment such bodies are necessary to further the aims of the International Union and the interests of Local Unions. The International Executive Board shall establish the jurisdiction of such bodies, and shall issue rules prescribing the activities and financing of such bodies. For administrative purposes of collection and distribution, the International Executive Board may require Local Unions to forward to the International Union per capita tax payments or other financial obligations owed by the Local Union to affiliated bodies or entities. Upon receipt, the International Union shall forward such payments to the applicable affiliated body or entity.

*Local affiliation
and per capita
requirements*

Section 3. All Local Unions determined by the International Union to be within the jurisdiction of any intermediate body shall affiliate with such bodies and comply with their bylaws, including provisions in such bylaws requiring the payment of per capita taxes to the intermediate body, together with interest on late payment if so authorized by the intermediate body. The International Executive Board may in its discretion modify these requirements. Any proposal to set or change an intermediate body's per capita tax obligation or assessment shall be submitted to the International President for his/ her approval prior to its submission for approval by the intermediate body. In the case of State Councils, a Local Union shall affiliate with each State Council having jurisdiction over the primary worksite(s) of its members, and shall pay each such State Council per capita tax on those members whose primary work site is within that State Council's jurisdiction.

*Conformance
to International
Constitution*

Section 4. The bylaws of such intermediate bodies shall not conflict with the Constitution and Bylaws of the International Union. Such bylaws shall provide that the number of votes a Local has in such bodies shall be proportionate to its numerical strength as determined by the payment of per capita tax, excluding associate members, life members and agency fee payers, to the intermediate body. This requirement may be waived by the International President, subject to his/her approval of an alternative voting procedure. Such bylaws and any amendments must be submitted to and approved by the International President before

becoming valid. Notwithstanding such approval, each intermediate body shall resubmit its bylaws to the International President for consideration and approval within 120 days following the conclusion of each regular International Convention.

Section 5. The bylaws of the Regional Conferences and Joint and State Councils shall provide that all officers of a Local Union elected in conformity with all applicable statutes shall by virtue of such election be considered to be eligible delegates to any Convention of such body which may take place during their term of office. If under the rules of the particular intermediate body a Local Union is entitled to additional delegates at said Convention, then arrangements may be made at the option of the Local Union Executive Board for nomination and secret ballot election, if required, of an additional number of Convention delegates. The Local Union must designate in its own bylaws the order in which the officers would be designated as delegates if fewer than all the officers are entitled to go to the Convention as delegates, provided that the chief executive officer of the Local Union shall, if otherwise eligible, be deemed entitled even in the event the Local Union fails to so designate. Any Local Union may by provision in its Local Constitution and Bylaws dispense with the foregoing provision that officers of the Local Union be ex officio delegates to the Convention of such intermediate bodies and may provide for nomination and, if required, secret ballot election of such delegates.

*Eligibility of
local officers as
delegates*

*Additional
delegates*

Section 6. No officer of an intermediate body may receive compensation of any kind from the intermediate body, except for a minimal stipend or expenses as appropriate. This limitation shall not apply to intermediate bodies in Canada.

compensation*

APPENDIX C: SEIU CODE OF ETHICS AND CONFLICT OF INTEREST POLICY

Approved by the SEIU International Executive Board, June 13, 2009

Approved by the SEIU International Executive Board as revised, January 21, 2016

PART A: PREAMBLE

Preamble

The Service Employees International Union (SEIU) believes in the dignity and worth of all workers. We have dedicated ourselves to improving the lives of workers and their families and to creating a more just and humane society. We are committed to pursuing justice for all, and in particular to bringing economic and social justice to those most exploited in our community. To achieve our mission, we must develop highly trained and motivated leaders at every level of the Union who reflect the membership in all of its diversity.

Union members place tremendous trust in their leaders. SEIU elected officers and managers owe not just fiduciary obligations to union members; given the moral purpose of our mission, SEIU leaders owe members the highest level of ethical behavior in the exercise of all leadership decisions and financial dealings on members' behalf. Members have a right to proper stewardship over union funds and transparency in the expenditure of union dues. Misuse and inappropriate use of resources or leadership authority undermine the confidence members have in the Union and weaken it. Corruption in all forms will not be tolerated in SEIU. This Code of Ethics and Conflict of Interest Policy (the "Code" or "SEIU Code") strengthens the Union's ethics rules of conduct, organizational practices and enforcement standards and thus enhances the Union's ability to accomplish its important mission.

Duty to members

We recognize that no code of ethics can prevent some individuals from violating ethical standards of behavior. We also know that the SEIU Code is not sufficient in itself to sustain an ethical culture throughout the Union. To accomplish the goals for which this Code has been created, we must establish systems of accountability for all elected leaders and staff. These systems must include appropriate checks and balances and internal operating procedures that minimize the opportunity for misuse or abuse, as well as the perception of either, in spending union funds and exercising decision-making authority. The systems also must include adequate provision for training on understanding and implementing this Code. More broadly, we emphasize the importance of the range of standards, practices, and values described in "A Strong Ethical Culture," Section A of the SEIU Policies on Ethics and Standards that were enacted with the Code in 2009.

Accountability

In particular, SEIU is committed to providing meaningful paths for member involvement and participation in our Union. The SEIU Member Bill of Rights and Responsibilities in the Union is a significant source of SEIU members' rights and obligations. Its exclusive enforcement

Member protections, responsibilities

through the procedures set forth in Article XVII of the SEIU Constitution and Bylaws reflects a commitment to the democratic principles that have always governed SEIU. Article XVII's numerous protections against arbitrary or unlawful discipline of members also form an essential ingredient of the democratic life of the Union. Similarly, the requirement that Affiliates provide for regular meetings of the membership, set forth in Article XV, Section 5 of the Constitution, is another important element in the democratic functioning of SEIU. Finally, the provisions against discrimination and harassment on the basis of race, creed, color, religion, sex, gender expression, sexual orientation, national origin, citizenship status, marital status, ancestry, age and disability contained in Article III, Section 4 of the SEIU Constitution and in the Constitutions and Bylaws of Affiliates, the SEIU Anti-Discrimination and Anti-Harassment Policy and Procedure, and similar policies of Affiliates forbid conduct in violation of SEIU's historic belief that our strength comes from our unity and diversity and that we must not be divided by forces of discrimination.

*Other sources
of authority*

Individuals subject to this Code are expected to comply with State and Federal laws, the Constitution and Bylaws of SEIU and Affiliates, and the anti-discrimination and anti-harassment policies of SEIU and Affiliates as part and parcel of our commitment to sustaining an ethical culture and the highest standards of conduct throughout the Union. Violations of these laws and policies are ethical breaches; however, these violations should be addressed through avenues provided by the applicable laws and policies and not through the Code unless they also allege violations of this Code. In particular, the sole enforcement mechanism for matters covered by the SEIU or Affiliate Constitutions and Bylaws is that which is set forth in those documents, unless violations of this Code are also alleged. Finally, grievances that arise under collective bargaining agreements are excluded from enforcement under this Code unless they also allege violations of this Code.

The scope and standards of this Code are set forth in the following Sections.

*Applicability,
International
Union*

Section 1. Applicability to International Union. The SEIU Code is henceforth applicable in its entirety to all officers, executive board members and employees of SEIU. These individuals are referred to herein as "covered individuals."

- (a) Each Affiliate shall ensure that the Code extends to all employees as soon as practicable but in no event later than the end of 2020.
