CLERK OF SUPREME COURT
BY S. Young
DEPUTY CLERK

ORDER TO SHOW CAUSE

This is an appeal from a district court order granting a petition for judicial review. Review of the docketing statement and other documents before this court reveals a potential jurisdictional defect. It appears that the notice of appeal was prematurely filed after the timely filing of a tolling motion for reconsideration but prior to entry of a written order formally resolving that tolling motion. See NRAP 4(a)(4) (listing tolling motions); NRAP 4(a)(6) ("A premature notice of appeal does not divest the district court of jurisdiction."); *AA Primo Builders LLC v. Washington*, 126 Nev. 578, 585, 245 P.3d 1190, 1195 (2010) (describing when a post-judgment motion for reconsideration carries tolling effect).

Accordingly, appellant shall have 30 days from the date of this order to show cause why this appeal should not be dismissed for lack of jurisdiction. In responding to this order, in addition to points and authorities, appellant should provide a file-stamped copy of any district

court order formally resolving the motion for reconsideration. Failure to demonstrate that this court has jurisdiction may result in the dismissal of this appeal. Respondents may file any reply within 14 days of service of appellant's response.

The deadlines to file documents in this appeal are suspended pending further order of this court.

It is so ORDERED.
