STATEMENT OF THE CASE

	Th	e pres	ent appeal ster	ns from	a May 19	, 2017, Hearing (Officer's De	ecisio	n and
Order,	Hearing	No.	1710311 - SE,	which	reversed	Administrator's	February	15,	2017
determi	nation to c	deny re	eopening. (Exh	nibit pp.	76-77.)				

On October 18, 2014, the claimant, BRIAN WOLFGRAM ("claimant"), alleged an injury to both arms/hands due to assisting with loading approximately 1000 feet of hose while training. The physician on the C-4 Form diagnosed bilateral wrist tenosynovitis, cervical strain r/o radiculopathy and bilateral elbow tenosynovitis. (Exhibit p. 1)

Employer completed a C-3 Form. (Exhibit p. 2)

An Incident Report was completed by claimant. (Exhibit p. 3)

A Witness Report was completed by Brandon Bowyer. He noted that on two occasions he witnessed Wolfgram grimace in pain. (Exhibit p. 4)

Claimant presented to Concentra on October 20, 2014. The history noted repetitive use of the hand and lifting fire hoses. The assessment noted sprains and strains of elbow and forearm, wrist tenosynovitis, and cervical strain r/o radiculopathy. Wrist braces were given. Restrictions were also given. (Exhibit pp. 5-7)

On October 21, 2014, Employer advised of claimant's modified duties. (Exhibit p.

On October 21, 2014, claimant accepted a modified duty position. (Exhibit p. 9)

On October 22, 2014, claimant returned to Concentra. The assessment remained the same. Restrictions continued. (Exhibit pp. 10-11)

Claimant completed a medical release and prior history noting no prior conditions. (Exhibit pp. 12-15)

On October 29, 2014, claimant returned to Concentra reporting upper back pain. Claimant was referred to a hand specialist. (Exhibit pp. 16-18) Same was approved. (Exhibit pp. 19-22)

On November 3, 2014, claimant presented for physical therapy. (Exhibit pp. 23-24) Physical therapy continued. (Exhibit pp. 25-31)

1	On November 10, 2014, claimant presented to Dr. Young. Electrodiagnostic
2	studies were recommended. (Exhibit pp. 32-33)
3	On November 17, 2014, claimant presented to Dr. Germin for EMG/nerve
4	conduction studies. The results were negative. (Exhibit pp. 34-40)
5	On November 19, 2014, claimant was advised that his claim had been accepted for
6	a cervical strain. (Exhibit p. 41)
7	On November 20, 2014, claimant returned to Dr. Young. Claimant reported that
8	his symptoms had dissipated somewhat. Full duty was recommended. (Exhibit pp. 42-45)
9	On November 25, 2014, Administrator advised claimant that his claim was
10	amended to include bilateral elbows and hands cubital tunnel syndrome. (Exhibit p. 46)
11	On December 18, 2014, claimant returned to Dr. Young. A strengthening program
12	was recommended. (Exhibit pp. 47-51)
13	On December 23, 2014, claimant returned to Dr. Young indicating he overdid it the
14	prior day putting the top on his jeep. The assessment noted decreased muscle tightness along the
15	forearm extension. (Exhibit p. 52)
16	Claimant continued treatment with Dr. Young. (Exhibit pp. 53-55)
17	On January 15, 2015, claimant reported 100% improvement in the right upper
18	extremity and 95% in the contralateral left. Tingling had resolved. Claimant was found to have
19	reached maximum medical improvement, stable, not ratable. (Exhibit pp. 56-58)
20	On January 26, 2015, claimant was advised that his claim would close without a
21	rating. (Exhibit p. 59)
22	On January 30, 2017, claimant returned to Dr. Young. A recurrence of
23	previous symptoms was noted. A request for repeat EMG/NCV studies was made.
24	Reopening was recommended. (Exhibit pp. 60-61)
25	On February 6, 2017, claimant requested reopening of his industrial claim.
26	(Exhibit p. 62)
27	

- 1	
1	On February 15, 2017, claimant was advised that the request for reopening
2	was denied, as same needed to be requested within one year of closing, as he did not miss any
3	time from work, nor receive benefits for a permanent partial disability (PPD). (Exhibit p. 63)
4	On March 9, 2017, claimant's counsel sent notice of representation. 64-68)
5	On March 10, 2017, claimant appealed the February 15, 2017 denial of
6	reopening. (Exhibit p. 69)
7	On April 10, 2017, claimant was advised of his average monthly wage (AMW).
8	(Exhibit pp. 70-75)
9	A hearing was held on May 9, 2017 regarding reopening. In a written Decision and
10	Order dated May 19, 2017, the Hearing Officer reversed the denial of reopening. (Exhibit pp. 76-
11	77)
12	Employer has filed a timely appeal of this erroneous Decision and Order of the
13	Hearing Officer ordering the claim reopened. Pending a hearing on the merits of its appeal,
14	Employer moves this Court for a Stay of the Hearing Officer's decision.

Larson, The Law of Workmen's Compensation, §80.33(a). NRS 616A.010(2) makes it clear that: 4 A claim for compensation filed pursuant to the provisions of 5 chapters 616A to 616D, inclusive, or chapter 617 of NRS must be decided on its merit and not according to the principle of common 6 law that requires statutes governing workers' compensation to be liberally construed because they are remedial in nature. 7 The issue is whether the Hearing Officer erred in reversing the denial of reopening. 8 The Employer asserts that the Hearing Officer did so err, as the claimant is not entitled to reopening under the facts presented. 10 Claimant requested that his claim be reopened more than a year after the claim had 11 been closed. 12 NRS 616C.390 provides as follows: 13 Reopening claim: General requirements and procedure; limitations; 14 applicability. Except as otherwise provided in NRS 616C.392: 1. If an application to reopen a claim to increase or rearrange 15 compensation is made in writing more than 1 year after the date on 16 which the claim was closed, the insurer shall reopen the claim if: (a) A change of circumstances warrants an increase or 17 rearrangement of compensation during the life of the claimant; (b) The primary cause of the change of circumstances is the injury 18 for which the claim was originally made; and (c) The application is accompanied by the certificate of a physician 19 or a chiropractor showing a change of circumstances which would 20 warrant an increase or rearrangement of compensation. 2. After a claim has been closed, the insurer, upon receiving an 21 application and for good cause shown, may authorize the reopening of the claim for medical investigation only. The application must be 22 accompanied by a written request for treatment from the physician or chiropractor treating the claimant, certifying that the treatment is 23 indicated by a change in circumstances and is related to the 24 industrial injury sustained by the claimant. If a claimant applies for a claim to be reopened pursuant to 25 subsection 1 or 2 and a final determination denying the reopening is issued, the claimant shall not reapply to reopen the claim until at 26 least 1 year after the date on which the final determination is issued. 27 4. Except as otherwise provided in subsection 5, if an application to reopen a claim is made in writing within 1 year after the date on 28

- (a) The application is supported by medical evidence demonstrating an objective change in the medical condition of the claimant; and
- (b) There is clear and convincing evidence that the primary cause of the change of circumstances is the injury for which the claim was originally made.
- 5. An application to reopen a claim must be made in writing within 1 year after the date on which the claim was closed if:
- (a) The claimant did not meet the minimum duration of incapacity as set forth in NRS 616C.400 as a result of the injury; and
- (b) The claimant did not receive benefits for a permanent partial disability.

If an application to reopen a claim to increase or rearrange compensation is made pursuant to this subsection, the insurer shall reopen the claim if the requirements set forth in paragraphs (a), (b) and (c) of subsection 1 are met.

- 6. If an employee's claim is reopened pursuant to this section, the employee is not entitled to vocational rehabilitation services or benefits for a temporary total disability if, before the claim was reopened, the employee:
- (a) Retired; or
- (b) Otherwise voluntarily removed himself or herself from the workforce, for reasons unrelated to the injury for which the claim was originally made.
- 7. One year after the date on which the claim was closed, an insurer may dispose of the file of a claim authorized to be reopened pursuant to subsection 5, unless an application to reopen the claim has been filed pursuant to that subsection.
- 8. An increase or rearrangement of compensation is not effective before an application for reopening a claim is made unless good cause is shown. The insurer shall, upon good cause shown, allow the cost of emergency treatment the necessity for which has been certified by a physician or a chiropractor.
- 9. A claim that closes pursuant to subsection 2 of <u>NRS 616C.235</u> and is not appealed or is unsuccessfully appealed pursuant to the provisions of <u>NRS 616C.305</u> and <u>616C.315</u> to <u>616C.385</u>, inclusive, may not be reopened pursuant to this section.
- 10. The provisions of this section apply to any claim for which an application to reopen the claim or to increase or rearrange compensation is made pursuant to this section, regardless of the date of the injury or accident to the claimant. If a claim is reopened pursuant to this section, the amount of any compensation or benefits provided must be determined in accordance with the provisions of NRS 616C.425.

[56:168:1947; 1943 NCL § 2680.56] + [57:168:1947; 1943 NCL § 2680.57] — (NRS A 1971, 770; 1981, 1198, 1831; 1983, 285, 1294;

Further, NRS 616C.400 states:

Minimum duration of incapacity.

- 1. Temporary compensation benefits must not be paid under chapters 616A to 616D, inclusive, of NRS for an injury which does not incapacitate the employee for at least 5 consecutive days, or 5 cumulative days within a 20-day period, from earning full wages, but if the incapacity extends for 5 or more consecutive days, or 5 cumulative days within a 20-day period, compensation must then be computed from the date of the injury.
- 2. The period prescribed in this section does not apply to:
- (a) Accident benefits, whether they are furnished pursuant to <u>NRS</u> 616C.255 or 616C.265, if the injured employee is otherwise covered by the provisions of <u>chapters 616A</u> to 616D, inclusive, of NRS and entitled to those benefits.
- (b) Compensation paid to the injured employee pursuant to subsection 1 of NRS 616C.477.

Here, the claimant was required to request reopening of his claim within one year, as he did not meet the minimum duration of incapacity as described in NRS 616C.400, and did not receive a PPD rating. Claimant requested reopening nearly two years after his claim had closed. Therefore, he cannot meet his burden of proving that this claim should be reopened, regardless of the medical reporting he has in support thereof. The denial of reopening was entirely legal and proper under these circumstances.

The Hearing Officer noted that Dr. Young "establishes propriety of claim reopening under the 2015 revisions of 616C.390." This is utterly false, as indicated above. Dr. Young is not privy to the legal implications of NRS 616C.390 and the requirement that the claimant request reopening within one year because he was never taken off of work or "incapacitated" as outlined in NRS 616C.400. **The Hearing Officer has erred as a matter of law**. The Employer certainly has a strong likelihood of prevailing on the merits of its appeal. Therefore, a Stay is needed while this appeal proceeds on the merits.

Employer is the Only Party that Will Suffer Any Harm

In <u>DIR v. Circus Circus</u>, 101 Nev. 405, 411-12, 705 P.2d 645, 649 (1985), the Nevada Supreme Court stated that an Employer's proper procedure when aggrieved by a decision is to seek a Stay. The Nevada Supreme Court has also recognized that a Stay should be granted where it can be shown that the appellant would suffer irreparable injury during the pendency of the appeal, if the Stay is not granted. White Pine Power v. Public Serv. Comm'n, 76 Nev. 263, 252 P.2d 256 (1960). The Supreme Court elaborated upon this requirement in <u>Kress v. Corey</u>, 65 Nev. 1, 189 P.2d 352 (1948):

As a rule a supersedes or stay should be granted whenever it appears that without it the object of the appeal or writ of error may be defeated or that it is reasonably necessary to protect appellant or plaintiff in error from irreparable or serious injury in the case of reversal and it does not appear that appellee or defendant in error will sustain irreparable or disproportionate injury in case of affirmance. 65 Nev. at 17.

The Nevada Supreme Court held, in <u>Ransier v. SIIS</u>, 104 Nev. 742, 766 P.2d 274 (1988), that an Employer may not seek recoupment of benefits paid to a claimant that were later found to be unwarranted on appeal. The <u>Ransier</u> decision has not been overruled or reversed. Thus, a Stay is the only method of preventing a burdensome and unnecessary cost to Employer pending an appeal.

In the present case, the issue is the reversal of denial of reopening. The Hearing Officer has ordered that Employer reopen claimant's industrial insurance claim, despite the claimant failing to comply with the legal requirements for reopening. The Employer will be irreparably harmed if it is forced to reopen the claim and begin administering benefits to the claimant, even though the claimant has not met his burden of proof. The time, resources and money expended during the pendency of the appeal cannot be recouped by the Employer, *even if it prevails on the merits of the appeal*. Conversely, the claimant cannot establish any irreparable harm as if he somehow prevails on the merits of this appeal, his claim will be reopened at that time and he will be paid retroactive benefits, with interest. There is no harm to claimant if this Stay is granted.

Therefore, it is clear that under these facts, Employer is the only party that will 1 suffer irreparable harm if a Stay is denied. Accordingly, a Stay of the Hearing Officer's decision is appropriate until such time as a hearing can be conducted on the merits of Employer's appeal. **CONCLUSION** 5 Based upon the foregoing points and authorities, Employer, CITY OF HENDERSON, respectfully submits that it has established good cause to grant a Stay of the Hearing Officer's Decision and Order dated May 19, 2017, particularly in light of the clear error of law and fact, which has been established above. 9 WHEREFORE, Employer, CITY OF HENDERSON, respectfully requests that the Appeals Officer grant its Motion for Stay Pending Appeal until such time as a hearing can be 10 11 conducted on the merits of the underlying appeal. 12 **AFFIRMATION PURSUANT TO NRS 239B.030** 13 The undersigned does hereby affirm that the attached exhibits do not contain the 14 personal information of any person. 15 DATED this day of June, 2017. 16 Respectfully submitted, 17 LEWIS BRISBOIS BISGAARD & SMITH LLP 18 19 20 By: DANIEL L. Return to clinic or ER if symptoms recur, worsen, new symptoms develop, any increase in pain or any signs of infection.

This patient has the above listed injuries for which a structured program of Physical Therapy is medically necessary due to Limited ROM, Decrease strength and Functional deficits. This condition limits the patients ability to perform the essential functions of the job. Management will include in conjunction with therapeutic exercises, with a focus on functional outcomes and return to regular work.

The program is anticipated to require 6 visits, or less if recovery occurs earlier. The patient may require additional visits but only if objective improvement can be demonstrated.

Diagnosis, treatment plan and expectations were discussed with the patient. The patient was given an opportunity to ask questions regarding the diagnosis and treatment plan. The patient acknowledged understanding the diagnosis and treatment plan and had no further questions. Patient is instructed to return to the clinic immediately if symptoms worsen or new symptoms develop.

RE: Light-Duty Offer for Workers' Compensation Injury Dated 10/18/14

Dear Brian,

This letter is being sent in compliance with NRS 616C.475, which requires the employer (the City of Henderson) confirm an offer of temporary light-duty employment in writing. Therefore, this letter will confirm that as of the date your physician released you to modified duty, October 20, 2014, temporary light-duty employment is immediately available and has been offered to you.

Your physician has indicated that you can return to work with restriction. You are responsible for notifying your physician of any discomfort or pain associated with your injury while performing your assigned duties. You are also responsible for notifying us immediately, if your treating physician makes changes to your restrictions or releases you to full-duty.

If your supervisor for your modified-duty assignment differs from your regular supervisor, you are required to notify both supervisors of any change in restrictions and/or any absence you may have due to illness, etc.

Please sign and date this letter, along with your supervisor, and return it to Mary Sexton via fax 267-1902, e-mail, or interoffice mail MSC 137. If you have any questions regarding this offer, please contact your HRBP, Arry Wong, at 267-1943.

Please code your light-duty working time to WD (hours worked under modified/restricted duty).

HISTORY OF PRESENT ILLNESS: Brian Wolfgram is a 47-year-old right-hand-dominant male who is a fire captain with the City of Henderson. He presents to the office with progressive numbress and tingling involving the bilateral hands. He reports that this is also associated with some lenderness radiating from the elbow. He describes all of the fingers having had these symptoms. He reports that his symptoms have been present for over a year but most recently he was loading a 1000 foot hose onto a truck when he began to notice instant pain, numbress and tingling in the hand.

With further questioning, he reports that this is an activity that he has been doing for several years and his symptoms have been present but have gotten progressively worse. He describes the last episode of moving 1000 foot hose as essentially his body moving to fatigue. He reports that he was seen at Concentra Medical Center where he was given a course of ibuprofen, as well as Occupational Therapy. He was given a wrist brace. These did not alleviate his symptoms. He describes nocturnal, as well as intermittent paresthesias for which he is presenting to the office today. In addition, he is also describing some hand cramping.

#### PHYSICAL EXAMINATION

GENERAL: Age appropriate and in no apparent distress.

SKIN: No abnormal markings, swelling, wounds or discoloration.

LYMPHATIC: No erythema, cellulitis, abscesses, lymphangitis or any signs to suggest infection.

VASCULAR: Brisk capillary refili, normal turgor, digits warm, no signs of chronic ischemia.

NEUROLOGIC: Sensation is normal. No signs of atrophy, anhidrosis or trophic changes.

Musculoskeletal: Clinically he has the ability to flex and extend the digits, as well as the abow. I do not appreciate any findings of positive allow flexion test of Tinel's at the level of the allow. He has equivocal findings for carpal tunnel syndrome today. His 2-point discrimination is 5 mm throughout.

PLAN: Today I have recommended that he proceed with electrodiagnostic studies. I do believe that as his symptoms of numbress and fingling are associated with his occupation, as he does utilize vibratory objects, as well as the repetitive pulling, lifting and grasping on a constant and consistent basis.

I will see him in the office after his studies have been completed so we can discuss treatment options at that time. We will, again, perform a clinical examination. I have recommended that he participate in limitations in his repetitive motion until he returns to see me after the electrodiagnostic studies.

PATIENT: Wolfgram, Brian

DOB: 10/10/1967

REFERRED BY: Dr. Colby Young

Date of injury: 10/18/2014

#### IMPRESSION:

1. No electrodiagnostic evidence for overt axonal loss C5 through T1 radiculopathy bilaterally.

2. No electrodiagnostic evidence for carpal tunnel syndrome bilaterally.

3. No electrodiagnostic evidence for ulnar neuropathy at the elbow bilaterally.

4. No electrodiagnostic evidence for axonal or demyelinating sensory or motor peripheral neuropathy.

5. The results of these tests are based on the electrophysiological study only. Please correlate with the clinical examination and the results of the imaging studies.

### REASON FOR VISIT: EMG/Nerve Conduction Study.

At your kind request, I had the privilege of seeing Mr. Brian Wolfgram on November 17, 2014, for the neurophysiological consultation for the assessment of pain in both arms.

#### **UPPER EXTREMITIES:**

#### REPORT:

Median and ulnar motor distal latencies, CMAP amplitudes, and nerve conduction velocities are within the range of normal bilaterally.

Median, radial, and ulnar sensory nerve responses are within the range of normal bilaterally.

Median and ulnar minimal F-wave latencies are within the range of normal bilaterally.

PATIENT: Wolfgram, Brian DATE: November 17, 2014
Page 2

#### EMG:

Monopolar needle examination was performed sampling C5 through T1 innervated muscles and paraspinals bilaterally. Following muscles have been tested: Deltoid, biceps brachii, brachioradialis, triceps, extensor digitorum communis, extensor indicis proprius, first dorsal interosseous, abductor pollicis brevis, and cervical paraspinal muscles bilaterally. Motor unit action potential firing pattern and configuration is within range of normal in all the muscles tested.

PLAN: We discussed the electrodiagnostic studies which did not demonstrate evidence of cubital tunnel syndrome. We also discussed that electrodiagnostics of the cubital tunnel are less sensitive then those of the carpal tunnel. There is a 75% correlation with clinical findings with cubital electrodiagnostic studies. We discussed that we would place him in an elbow pad for nightlime use and have him follow up in one month. He will participate in full duty activity. At that time, we will have a conversation regarding the treatment options which would consist of continued observation versus discussion regarding in situ decompression.

SUBJECTIVE: Mr. Wolfgram returns to the office for follow up. He reports continued improvement in the arm and diminished numbriess and lingling. He reports that he still has some mild weakness in the right upper extremity. He describes this as occurring with 25 pounds of Uting remaining.

GENERAL: Age appropriate Male in no apparent distress.

SKIN: The skin is clean and dry. There are no abnormal markings, swelling, or discoloration,

LYMPHATIC: No enthema, celiulitis, absosses, lymphangitis nor any signs to suggest infection.

VASCULAR: Brisk capillary rafill, normal turgor, digits warm, no signs of chronic ischemia.

NEUROLOGIC: Sensation is normal and intact to light touch. No signs of atrophy, architects or trophic changes,

MUSCULOSKELETAL: Curically I have evaluated the bilateral arms with full flexion and extension, as well as pronation and supination. I do not appreciate any abnormalities. He has the ability to fiex and extend the arm. There does not appear to be a Tinel's and there is not a positive ebow flexon test.

#### **Assessment**

Pt is a 47 year old, RHD, male with left cubital tunnel syndrome. He works as a fireman and was pulling a large hose at work on 10/18/14 when he felt a sudden loss of orlp strength. He returned to work the next day, but continued to have a significant strength deficit and tingling sensation to both arms. He sent to Concertra by his work and started therapy. He also had an EMG test which came back normal. He had no injections and were an elbow brace that provided no relief. He has been working full duty for the last month.

#### NOTICE OF INTENTION TO CLOSE CLAIM (Pursuant to NRS 616C.235)

After a careful and thorough review of your workers' compensation claim, it has been determined that all benefits have been paid and your claim will be closed effective seventy (70) days from the date of this notice. Based on the available medical information, the claim will be closed without a Permanent Partial Disability (PPD) evaluation as there is no possibility of a permanent impairment of any kind.

Your file reflects that you are not presently undergoing any medical treatment; however, if you are scheduled for future medical appointments, please advise this office immediately.

Nevada Revised Statute (NRS) 616C.390 defines your right to reopen your claim. You must make a written request for reopening and your doctor must submit a report relating your problem to the original industrial injury. The report must state that your condition has worsened since the time of claim closure and that the condition requires additional medical care. Reopening is not effective prior to the date of your request for reopening unless good cause is shown. Upon such showing by your doctor, the cost of emergency treatment shall be allowed.

If you disagree with the above determination, you do have the right to appeal. If your appeal concerns "accident benefits" (medical treatment or supplies) and your insurer has contracted with an organization for managed care, complete the bottom portion of this notice and send it to your insurer no later than fourteen (14) days after the date of this notice.

If your appeal concerns "compensation benefits," or If no organization for managed care is involved in your claim, complete the bottom portion of this notice and send it to the State of Nevada, Department of Administration, Hearings Division. Your appeal must be filed within seventy (70) days after the date on which the notice of the insurer's final determination was mailed.

SUBJECTIVE: Brian Wolfgram returns to the office for followup. He returns as a previous patient that was last seen approximately two years agd. He, on last evaluation, was diagnosed with cubital tunnel, as well as carpal tunnel syndrome and we had treated him with expectant management. He reports that during the course of participating in his normal work-related activities over the last two years, he began having progressive numbness and tingling that has recurred in the hand.

He has not changed any of his outside activities. He states that he had observed this after our conversation on his last evaluation, however subsequently began having worsening symptoms. He states that his symptoms are worse with elbow flaxion for a period of time or pressure along the elbow. Computer use, bike riding and sleeping makes his symptoms worse. He states that he had taken a short course of prednisone for unrelated injury and this improved his symptoms temporarily however after he had been taken off the prednisone, his symptoms recurred. He is here to discuss reopening of his claim.

GENERAL: Age appropriate Male in no apparent distress.

SKIN: The skin is clean and dry. There are no abnormal markings, swelling, or discoloration.

LYMPHATIC: No erythema, cellulitis, abscasses lymphangitis nor any signs to suggest infection.

VASCULAR: Brisk capillary refill, normal turgor, digits warm, no signs of his refine H

NEURO OGIC: Sensation is normal and intact to light touch. No signs of atrophy, anhidresis or trophic changes

MUSCULOSKELETAL: He has full flexion and extension of the elbows. There is no clicking or catching. He has sensation that is intact to light touch with 2-point discrimination being 5 mm over the radial and ulnar aspect of the thumb and small finger. He has a equivocal Tinel's. He has negative Froment's, Earl's or Wartenberg's tests today.

PLAN: I believe he has recurrence of his previous symptoms. I would like to obtain repeat electrodiagnostic studies to evaluate. I do recommend reopening of his claim for evaluation and possible treatment if necessary. I recommended that he have allow pads during the day and recommended rotating these at night to minimize pressure on the ulnar nerve.

This letter is to request reopening of my 2014 claim where I was diagnosed with bi-lateral cubital tunnel syndrome. Since 2014, I have had reoccurring symptoms, most recently the beginning of December 2016 to present. Because the symptoms continue to worsen, I scheduled an appointment with Dr. Young for evaluation. I had an appointment with Dr. Young on January 30th and he indicated that since my symptoms had worsened he would assist me with reopening the claim and order a nerve study to assist with the evaluation.

I have not been schedule as of yet for the nerve study but I am scheduled for another appointment with Dr. Young, March 9th. Please let me know if there are any further steps I need to take to expedite this process.

Thank you,

Brian K. Wolfgram

Dear Mr. Wolfgram:

This letter is to inform you that CCMSI has received your request to reopen your abovereferenced claim. Please be aware that NRS 616C:390 (5) states:

- 5. An application to reopen a claim must be made in writing within 1 year after the date on which the claim was closed if:
  - (a) The claimant was not off work as a result of the injury; and
  - (b) The claimant did not receive benefits for a permanent partial disability.

Based on the fact that your claim was closed more than one year prior to your request to reopen, you did not lose time from work, and you did not sustain a permanent disability as a result of your claim our office is unable to consider your request for reopening. A copy of NRS 616C.390 is enclosed for your review. 

If you disagree with this decision, you may appeal by completing and submitting the attached "Request for Hearing" form to the Department of Administration, Hearings Division within seventy (70) days of the date of this letter.

If you have any questions regarding this matter, please contact this office.

#### Dear Ms. Egan:

Please be advised that law office of Neeman & Mills, PLLC, has been retained in association with the industrial insurance claim of the above-referenced claimant. Accordingly, please do not have any ex parte communication with my client regarding this industrial insurance claim regardless of who initiates the contact. Also at this time I formally request that your office:

- 1. Issue and provide a copy of the compensability determination pursuant to NRS 616C.065.
- 2. Provide a complete, current, and unredacted copy of your entire provider list for the State of Nevada; and that such list is to be provided within 3 days as required by NAC 616C.030.
- 3. Provide a complete, current, and unredacted copy of my client's file of employee's claim as defined by NAC 616C.088. Prompt submission of the entire file is imperative, as it is my intent to appeal any/all adverse determinations that may have been issued without my knowledge.
- -4.-Provide an average-monthly-wage calculation, along-with supporting documentation used to make the calculations, for both 84 days and 12 months (or the entire period of employment if less than 12 months) as required by NAC 616C.435.
- 5. Provide a copy of the call log of all oral communication with my client's treating physician(s)/chiropractor(s) pursuant to NRS 616D.330; if a copy is not provided this office will assume that no such communication has taken place.

6. Provide a copy of any/all light duty job offer(s) extended to my client by the employer pursuant to NRS 616C.475; if a copy is not provided this office will assume that no light duty job offer has been extended by the employer.

Please consider the above mentioned requests to be ongoing in nature throughout the entire period of this claim and continue to supplement the above mentioned requests as the information and/or documentation becomes available.

Also, please be advised that I do not allow any contact between nurse case managers and my client and I do not allow nurse case managers to enter the examination rooms with my client during visits with any physician. Rather, the nurse case manager is to contact my office with any questions and the scheduling of any future appointments. Additionally, pursuant to NAC 616C 109; notice is hereby given that at the time of the PPD examination a member, employee; or representative of this firm will be present at the time of the examination.

Attached hereto is a copy of an Authorization and a Special Power of Attorney signed by my client allowing the release of the above requested information.

Your prompt response is appreciated.

Best Regards.

Dear Mr. Wolfgram:

We are in receipt of your requested wages and have verified calculations in the amount of \$33,297.77 for the time period of 07/21/2014 through 10/12/2014. Pursuant to state calculations the allowable average monthly maximum rate which is \$5,356.23 and a daily rate of \$117.31.

We have enclosed a copy of the Explanation of Wage Calculation Form for your review. Compensation benefits are based on 66-2/3 percent of your average monthly wage, subject to a maximum limit set by the state.

Nevada Revised Statute (NRS) 616C.425, paragraph 1 states:

"The amount of compensation and benefits and the person or persons entitled thereto must be determined as of the date of the accident or injury to the employee, and their rights thereto become fixed as of that date."

The Nevada Administrative Code requires that the following be included in computing the average monthly wage: All wages and salaries, including overtime, commissions, incentive pay, all leave and holiday pay, bonuses, termination pay, tips (under special circumstances), tool allowances, piecework, and travel pay. Any contribution made by your employer toward the cost of health insurance is not included. If you have additional income which has not been included in the verified amount, please submit documentation to this office as soon as possible. Following a review of the information, you will be notified whether there is an adjustment to your benefits.

If you disagree with this decision, you may appeal by completing the attached "Request for Hearing" Form and submitting it to the Department of Administration, Hearing Division within seventy (70) days of the date of this letter.

If you have any questions regarding this matter, please contact this office.

Sincerely.

#### **EXPLANATION OF WAGE CALCULATION** (Pursuant to NAC 616C.520(1))

The amount of disability compensation payable to an injured employee is based on his average monthly wage at the time of the accident. The compensation due is calculated on a calendar day basis, and paid at the rate of 66 2/3% of the average monthly wage, subject to the statutory limitation that creates a maximum average monthly wage benefit that is 150% of the statecalculated average monthly wage. If disabled for at least five consecutive days, or five cumulative days within a 20-day period, each day of disablement, including and following the five days, is compensable. When a doctor releases the injured employee to work or he returns to work on his own, the eligibility for disability ceases.

### ITEMS INCLUDED IN THE AVERAGE MONTHLY WAGE (Pursuant to NAC 616C.423)

The calculation of your average monthly wage includes the following: wages or salary; commissions which are prorated over the period used to calculate the AMW; incentive pay; payment for sick leave; bonuses which are prorated over the period used to calculate the average monthly wage; termination pay; tips which are collected and disbursed by the employer and are not paid at the discretion of the customer; tips you report pursuant to NRS 616B.227; payment for piecework, tool allowance, vacation, holidays, overtime, and travel time; and value of room and/or board. Concurrent employment with another employer may be included.

Items which cannot be included are: employment not subject to coverage under NRS 616A to 616D, inclusive or chapter 617 of NRS, or elective employment which has not been elected; reimbursement for job related expenses, including per diem and travel, and allowances for laundry or uniforms.

In certain instances, wages are determined by statute. Compensation will be based on that wage.

If your average monthly wage exceeds the State Average Monthly Wage, compensation will be based on the State Average Monthly Wage.

### CALCULATION OF THE AVERAGE MONTHLY WAGE

A wage history of a period of 12 weeks must be used to calculate the average monthly wage. If a 12-week period is not representative of your average monthly wage, the following methods are to be used.

A period of one year, or the full period of employment if less than one year, may be used. It must be used if the average monthly wage would be increased; or pursuant to NAC 616C.435(3), if employee is a member of a labor organization and regularly employed by referrals from that office, wages from all employers for one year must be used if the average monthly wage would be increased.

If employed less than 12 weeks, but for a period not less than four weeks, wages are averaged for the available period; or earnings based on piecework or a period of less than four weeks must be based on the rate of pay and projected working schedule, or on an average equal to other employees doing the same work.

The period used to calculate the AMW must consist of consecutive days immediately preceding your accident. Each day must be counted, with the following exceptions: A certified illness or disability; institutionalized in a hospital, or other; enrollment as a full-time student and not employed on days of attendance; military service other than weekend duty; an officially sanctioned strike; or absence due to approved leave pursuant to the Family and Medical Leave Act of 1993.

Concurrent wages for employment by two or more employers may also apply. NAC 616C.447 provides that the insurer shall advise an injured employee in writing of his eligibility for compensation for concurrent employment at time of the initial payment of compensation.

IF IT APPEARS THAT AN ERROR HAS BEEN MADE IN THE WAGE DETERMINATION, PLEASE CONTACT YOUR CLAIMS AGENT. AN EXPLANATION OF THE CALCULATION WILL BE PROVIDED. THE WAGE WILL BE REVISED UPON PRESENTATION OF DOCUMENTATION (CHECK STUBS, INCOME TAX FORM W-2, WAGE STATEMENT FROM THE EMPLOYER) WHICH SHOWS THE ORIGINAL WAGE DETERMINATION TO BE IN ERROR. A REVISED WAGE WILL BE USED TO RECALCULATE AND ADJUST COMPENSATION FOR PERIODS ALREADY PAID, AS WELL AS FUTURE COMPENSATION. D-7 (rev. 7/99)
