ELIZABETH A. BROWN
CLERK OF SUPREME COURT

BY  CHIEF DEPUTY CLERK

Good Morning,

I am currently scheduled to take the Nevada Bar Exam scheduled for August 11th, 2020 and August 12, 2020. I chose to withdraw my first two applications after May 2019 graduation due to personal circumstances surrounding my family. First, I would like to congratulate Megan on her motions submitted to your court. It is inspirational to see a young female lawyer taking such initiative. Second, I personally would like to say, Thank You, for allowing me to extern for the Honorable Justice Silver in my last semester of law school. I respectfully submit that I agree with Megan's petition and fully support Nevada Diploma Privilege for the following reasons set forth below.

1. The Nevada Bar Exam consists of bar exam questions that are studied during the first year of law school, not the third/fourth year of law school. 2. William S. Boyd School of Law is the only law school in Nevada. 3. We are in essence, competing amongst each other in hopes to see our fellow classmates fail, rather than working together as legal professionals in the community. 4. The technology surrounding the Exam is questionable and allows the option for examinees to cheat via Smart TVs, Smart Phones, etc., although it is highly frowned upon, nor do I suspect my fellow classmates of behaving in such a manner. 5. The ILG Exam 360 Software and the emails surrounding the download/upload multiple times to a person that is not technologically savvy, puts one at a disadvantage, against others that are technologically savvy and understand how to perform the given tasks the Director of Admissions is asking through this software. 6. Lastly, if any examinee is failed due to the taxing new system applied by the Nevada State Bar through the ILG Exam 360 software, it is foreseeable that your Court will be flooded with law school graduates appealing the decision. 7. Lastly, upon looking at the totality of the circumstances this country is facing, the State of Nevada and its citizens need more lawyers admitted now, not months from now, to practice law, in order to assist those in the legal community that cannot effectively advocate for themselves.

Thank you for your time and consideration of my additional commentary. I trust in your decision of this matter as an upcoming legal professional in the community. Also, I look forward to working with you someday and hopefully soon. Have a wonderful rest of your day.

Sincerely,

Roxanne Momot
