Scott

How are you? I wanted to reach out to request additional gate transponders. I talked to Security yesterday and they said I would need you approval. As it stands, only my wife Nicole and I can receive them, but we need three more. Nicole's parents, Joe and Denise Insalaco, pick up our children daily from school. They will need access daily to our house and community. We have lived in RRCC for 7 years and they had them while living there as well. In addition, we have a nanny that comes to our house ever week day. We want to get one for her as well. Can you let me know what the approval process would be to have them added? I greatly appreciate your help.

Thanks

Hi Scott,

I did have the capability to change the dates, however, it will not let me access the data. It just keeps coming up blank when I try different months and etc. Do you know if someone on your team can pull this and if they have any luck?

Hi Scott

See below. They said that you should be able to pull for us in 30 day increments. We are looking for the guest access list specifically from January 2015 through November of 2017. So sorry I know that's a lot. Is this something you can help with? They are also saying John west or Magda can also pull the data we need for us. Let me know when you get the chance :)

Hey Nicole,

For security purposes, you will need to reach out to your community administrators to run these reports for you. You can request that they pull the "guest entries" report for your property. The system only allows the reports to generate for 30 days at a time but they can go back as long as they have had the dwellinglive system (April 2013). I have found the following people listed as contacts for you:

Gabby Huerta Community Administrator Phone: 702-791-4621 magda.huerta@howardhughes.com
Admin. Assistant

John West Community Administrator Phone: 702-791-4619 john.west@howardhughes.com
Community Manager

Scott Wingfield Community Administrator Phone: 702-791-4600 Scott.Wingfield@howardhughes.com
Community Manager Mobile: 702-274-4975

I hope this is helpful,

Hi Nicole – I had to call dwellinglive. I was provided with instruction on how to pull the data you are requesting. Only someone with admin permissions on the software has this access. I have started the process of exporting it to a file. I still have to do it in 30 day blocks, so it takes some time. I am in early 2015 as I have been pulled in other daily operation matters. Also, on the side of caution... I reached out to the Ridges counsel to confirm it is safe for me to release the guest list information of 42 meadowhawk prior to your ownership of the property. If it can simply be released to you without jeopardizing any management licenses or conflicts of NRS 116 statues.. I'll send it your way asap. If it has to be subpoenaed.. I'll let you know and we'll have to go that route. In the meantime I am getting it ready. Will let you know as soon as I get confirmation...

Hi Joe and Nicole – I have some good news. The Board has agreed to allow a transponder on the parents car only. Also, the transponder will only be active to open the Falcon Ridge gate and not the main gate. Please contact your head of security (Carol) to get this set up, I have cc'd her to this email. Gatehouse numbers are 702-242-3433 and 702-256-0062. Have a great weekend. – Scott

How are you? I wanted to reach out to request additional gate transponders. I talked to Security yesterday and they said I would need you approval. As it stands, only my wife Nicole and I can receive them, but we need three more. Nicole's parents, Joe and Denise Insalaco, pick up our children daily from school. They will need access daily to our house and community. We have lived in RRCC for 7 years and they had them while living there as well. In addition, we have a nanny that comes to our house ever week day. We want to get one for her as well. Can you let me know what the approval process would be to have them added? I greatly appreciate your help.

Scott,

Thank you so much for the information. I spoke to Frontsteps and they said they we also need to send a letter to you as well to preserve the data. The administrator also has access to this data and so my attorney will just be sending the preservation letter to you as our administrator of the software and also Frontsteps. I just wanted to give you the heads up. Thank you so much for the info.

What address is your office at so that he can send you the letter as well?

Hi Scott. Thanks for getting back to me so quickly. We understand we need a subpoena from the courts in order to obtain this information. I believe you already determined that from the HOA's legal counsel last year. So sorry if I wasn't clear. Now that we have a court case, we need to send a preservation letter to the company that archives this data is all. My attorney really just needs to know which company to send it to? Is it our old security company or Dwelling Live. I believe it would be dwelling correct?

Send what you requesting to the association and I'll pass it along to the associations counsel to review on how to proceed. Thank you – Scott

Hi Scott,

I hope all is well. Not sure if you remember me so I have forwarded our last email communication. I have copied our attorney to this trail as well. Our case was assigned a Judge so we probably will be getting a court order for the info on

the logs prior to our ownership. See email below from last summer. I know we recently changed security companies this year. I do understand we still use dwelling though. I am not sure where or which company will have the information on with regards to the logs to 42 Meadowhawk prior to our move in date of 11/17/2017. My attorney would like to send the company that has this information a preservation letter. Would you happen to know the company he should send the letter to and or any contact info? Let me know when can ☺ Thanks so much.

Hi Nicole – I had to call dwellinglive. I was provided with instruction on how to pull the data you are requesting. Only someone with admin permissions on the software has this access. I have started the process of exporting it to a file. I still have to do it in 30 day blocks, so it takes some time. I am in early 2015 as I have been pulled in other daily operation matters. Also, on the side of caution... I reached out to the Ridges counsel to confirm it is safe for me to release the guest list information of 42 meadowhawk prior to your ownership of the property. If it can simply be released to you without jeopardizing any management licenses or conflicts of NRS 116 statues.. I'll send it your way asap. If it has to be subpoenaed.. I'll let you know and we'll have to go that route. In the meantime I am getting it ready. Will let you know as soon as I get confirmation...

OR... try Western Door and Gate. They are the "dealer" of the software to the association.

Hi Scott. Thanks for getting back to me so quickly. We understand we need a subpoena from the courts in order to obtain this information. I believe you already determined that from the HOA's legal counsel last year. So sorry if I wasn't clear. Now that we have a court case, we need to send a preservation letter to the company that archives this data is all. My attorney really just needs to know which company to send it to? Is it our old security company or Dwelling Live. I believe it would be dwelling correct?

Hi Nicole – yes, I vaguely recall this. Feels like a long year. The emails help below, thank you. DwellingLIVE is software used through the association and not the security company. Send what you requesting to the association and I'll pass it along to the associations counsel to review on how to proceed. Thank you – Scott

Hi Scott,

I hope all is well. Not sure if you remember me so I have forwarded our last email communication. I have copied our attorney to this trail as well. Our case was assigned a Judge so we probably will be getting a court order for the info on the logs prior to our ownership. See email below from last summer. I know we recently changed security companies this year. I do understand we still use dwelling though. I am not sure where or which company will have the information on with regards to the logs to 42 Meadowhawk prior to our move in date of 11/17/2017. My attorney would like to send the company that has this information a preservation letter. Would you happen to know the company he should send the letter to and or any contact info? Let me know when can 😊 Thanks so much.

Hi Nicole – I heard back from Ridges counsel. I can safely provide you with your guest history while you have owned the property. Anything prior to your ownership would require written permission from that previous owner or a court subpoena...

I am still gathering the data and I will have it ready when either one of those requirements is sent my way...

Hi Nicole – I had to call dwellinglive. I was provided with instruction on how to pull the data you are requesting. Only someone with admin permissions on the software has this access. I have started the process of exporting it to a file. I still have to do it in 30 day blocks, so it takes some time. I am in early 2015 as I have been pulled in other daily operation matters. Also, on the side of caution... I reached out to the Ridges counsel to confirm it is safe for me to release the guest list information of 42 meadowhawk prior to your ownership of the property. If it can simply be released to you without jeopardizing any management licenses or conflicts of NRS 116 statues.. I'll send it your way asap. If it has to be subpoenaed.. I'll let you know and we'll have to go that route. In the meantime I am getting it ready. Will let you know as soon as I get confirmation...

Subject: RE: 42 Meadowhawk

Hi Nicole – I had to call dwellinglive. I was provided with instruction on how to pull the data you are requesting. Only someone with admin permissions on the software has this access. I have started the process of exporting it to a file. I still have to do it in 30 day blocks, so it takes some time. I am in early 2015 as I have been pulled in other daily operation matters. Also, on the side of caution... I reached out to the Ridges counsel to confirm it is safe for me to release the guest list information of 42 meadowhawk prior to your ownership of the property. If it can simply be released to you without jeopardizing any management licenses or conflicts of NRS 116 statues.. I'll send it your way asap. If it has to be subpoenaed.. I'll let you know and we'll have to go that route. In the meantime I am getting it ready. Will let you know as soon as I get confirmation...

Hi Scott,

I did have the capability to change the dates, however, it will not let me access the data. It just keeps coming up blank when I try different months and etc. Do you know if someone on your team can pull this and if they have any luck?

Hi Nicole - that is great news! I'll have to reach out to dwelling to learn how. I tried without any luck yet. Magda is an assistant that helps with front end name entry and John is your Summerlin south manager listed for access emergency purposes only. I'll check with dwelling when I get in...

Hi Scott

See below. They said that you should be able to pull for us in 30 day increments. We are looking for the guest access list specifically from January 2015 through November of 2017. So sorry I know that's a lot. Is this something you can help with? They are also saying John west or Magda can also pull the data we need for us. Let me know when you get the chance :)

Hey Nicole,

For security purposes, you will need to reach out to your community administrators to run these reports for you. You can request that they pull the "guest entries" report for your property. The system only allows the reports to generate for 30 days at a time but they can go back as long as they have had the dwellinglive system (April 2013). I have found the following people listed as contacts for you:
