ELIZABETH A. BROWN
CLERK OF SUPREME COURT

BY: CHIEF DEPUTY CLERK

I have 30 + years of property management experience in both the public and private sector and I support that all tenants should have the right to mediation. Each circumstance is an individual situation and should be treated as such.

I have always taken time to work things out with my tenants when they experienced financial difficulties and with a few exceptions it has worked out.

So I ask that we enact a provision that allows everyone an opportunity at mediation.

Thank you.
Respectfully,
Courtney Errington
