[Case called at 10:42 a.m.]

THE CLERK: A782494, Joseph Folino versus Todd Swanson. We should have Mr. Graf and Mr. Galliher.

MR. GRAF: Good morning, Your Honor, Rusty Graf.

THE COURT: Good morning.

MR. GALLIHER: And good morning, Your Honor, Jeff Galliher and Jay Hopkins for the Defendants.

THE COURT: Good morning. All right, first of all, I owe counsel an apology. I was castigating you for not giving me the documents that you were referring to. That was completely my error.

I had several different three-ring binders that came in on this case. And the one that contained the pleadings that I needed to be referring to and that I was giving you guys a hard time about was on a different part of the filing cabinet. And I simply did not see it and look at it. So I apologize for accusing you guys of screwing up. That was my error.

So this is Defendant's Motion to Dismiss Plaintiff's Second Amended Complaint. In the Plaintiff's supplemental brief, it appears the Plaintiff is attempting to expand their claim that Defendant misrepresented water loss issues by bringing up items that surfaced after the initial sellers executed the real property disclosure form on October 24th, 2017. For example, a water leak that manifested on November 7th, 2017.

Plaintiff seems to take issue with the fact that when the seller completes the real property disclosure form on October 24th, 2017, he's under no obligation to and can't report a leak that hasn't happened yet.

So the Defendant cannot be charged with concealing or failing to report or misrepresenting something on October 24th, 2017 that doesn't happen until November 7th, 2017.

In Defendant's supplemental brief of 2/27/20, as the Defendants points out, Plaintiff's lawsuit was premised on there being a leak in the -- I don't know how you pronounce this, U-P-O-N-O-R, that's a brand name system, for my purposes, I'll just call it the Uponor, on February 16th, 2017, which of course, pre-dates October 24th, 2017.

The -- which Plaintiff says the Defendant failed to disclose that. But it has been established clearly under oath that actually that leak was repaired by Rakeman Plumbing, R-A-K-E-M-A-N, long before the 10/24/17 real property disclosure form was executed by the Defendant.

This is evidenced by the uncontroverted affidavit of Mr. Holley [phonetic] of Rakeman Plumbing. There was another leak November 7th, 2017 after the 10/24/17 real property disclosure form was executed by the Defendant.

On November 15th, 2017, eight days later, Defendant notified its agent, emailed disclosure of that leak, and Defendant's agent in turn on November 16th, 2017. And there are text messages acknowledging Plaintiff's actual knowledge of the reporting of the leaks.

With knowledge of the leaks, Plaintiff elected to close escrow

on November 17th, 2017. On November 17th, 2017, mold testing was done and mold was identified, but the matter was remediated and resolved by December 5th, 2017.

To the Court, it appears that the undisputed evidence is that Defendant did not fail to disclose the February 16th, 2017 leak because the affidavit of Rakeman employee Holley, which is not disputed or contested by a countervailing affidavit on the facts or any expert opinion to the contrary.

And so, the Defendant was not under an obligation to report the repaired condition in the absence of evidence or information that would leave the Defendant to know or have reason to know that the leak had not in fact been repaired.

The evidence shows that the Plaintiff knew of the November 7th, 2017 leak, but elected to close escrow anyway after threatening to walk if there were not sufficient credits made.

But escrow did close, so Plaintiff waived or is estopped to disavow the waiver effect of closure of escrow with this knowledge.

The alleged "water losses" regarding the two recirculating pumps, water pumps, in 2015 were also matters that became moot when the two recirculating pumps were replaced under warranty in that same year, 2015. Apparently, the home was completed in April of 2015.

The third "leak in the ceiling" apparently did not continue or did not recur, and in any event, is not the subject of the alleged failure to disclose.

The subject of the alleged failure to disclose was the 2/16/17

leak repaired by Rakeman.

For me, Defendant's Supplemental Reply brief of 2/27/20 adequately synthesizes my thinking at page 2, line 3 through page 3, line 10; at page 3, line 14 through page 6, line 4; at page 7, line 7 through page 11, line 5; at page 11, line 17 through page 13, lines 1 through 22, and at page 14, line 1 and page 14, lines 13 through page 15, line 4. I offer you the page and line citations rather than to read that information into the record.

So my conclusion is that the Motion for Summary Judgment should be granted. And Defendants should prepare findings of fact and conclusions of law consistent with this Court's analysis.

So those are my thoughts. I'm happy to hear anything that the Plaintiff's counsel wishes to add that supplements the very comprehensive brief and exhibits that were already submitted and reviewed.

And, again, my apologies to you for having not made myself aware of it at the earlier hearing.

MR. GRAF: Your Honor, not a problem. I understand that these things happen when you got caseloads like you have.

Your Honor, and this is Rusty Graf appearing on behalf of the Plaintiffs and I would like to make some statements regarding those findings, Your Honor.

First and foremost, Your Honor, it's my understanding you're making this finding pursuant to NRS 113.140, as well as <u>Nelson v. Heer</u>.

My understanding, Your Honor, is the following that you're

also making this determination that you announced on your -- the last hearing on a basis of summary judgment.

I would like to talk about the fact that the standard of summary judgment is it's reviewed in the light most favorable to the nonmoving party, that is the Plaintiff, Your Honor.

In addition, Your Honor, that I wanted to make a procedural statement regarding Nelson v. Heer. Nelson v. Heer was the case that decided on NRCP 50 after the presentation of evidence at trial and after the trial had actually concluded.

That's important because <u>Nelson v. Heer</u> makes the following determination. It says the determination of whether a seller is aware of a defect, however, is a question of fact to be decided by the trier of fact.

What we attempted to do, Your Honor, by presenting the evidence and information that we presented to His Honor, His Honor had made a statement at the last hearing like you did a document dump.

And I apologize, Your Honor, if you thought that.

That wasn't the intent. The intent was, you know, in just sitting here through some of the other hearings that you had this morning, I heard where you instructed Plaintiff's counsel that they needed to do some discovery and what not.

I think it's important for the Court to understand the amount of discovery that was conducted on this case, that we took Dr. Swanson's deposition, that we took Mr. Holley's deposition. We provided the affidavit from Rakeman Plumbing. And we took the deposition of Mr. Gerber [phonetic], who was the basis of what we would call the hearsay

statements contained within the affidavit.

In addition, Your Honor, we took the depositions of a couple of realtors and that sort of thing. And from all of that testimony, Your Honor, and from all of the information that we subpoenaed also and that we presented to His Honor was more information that I think negates this Court's granting of a Motion for Summary Judgment.

There are several questions of fact that exist as to whether or not particularly Dr. Swanson had knowledge of the defects and the leaks and the conditions of moisture that occurred in 2015 --

THE COURT: Let me --

MR. GRAF: -- as well as thereafter.

THE COURT: Excuse me, one second. Let me interject one thing.

MR. GRAF: Yes, yes, sir.

THE COURT: There is a common misconstruction that happens when people are seeking to defend against a motion for summary judgment.

And it is conflating a genuine dispute as to a material issue of fact with a question of fact. Oftentimes, there are questions of fact, but a motion for summary judgment presses the issue and says, well, here is what we say the facts are and here is our sworn statement as to those facts.

And if the person against whom summary judgment is sought is unable to dispute that, the fact that they may have questions subjectively as to whether or not they agree or disagree or whether or

not there might be evidence out there to contradict that statement, that does not defeat a motion for summary judgment.

Instead, the party against whom summary judgment is sought, they have to come up with evidence to contradict that sworn statement or that evidence offered by the moving party to show that, well, that may be that party's view of what the facts are, but in actuality, there's also this factual contention under oath or by sworn exhibits that shows that that is not in fact.

So then, you have a genuine dispute as to a material issue of fact, which means that it has to be decided by the trier of fact whether that's the judge in a nonjury trial or by the jury.

But merely having questions is not sufficient. If you have questions, that you think you could provide answers to if you were given sufficient time, that's when you seek NRCP 56(d) relief under the new numbering system.

And that's the rule I read earlier. You have an affidavit where you say, look, we know that Swanson has testified in his deposition that his only knowledge of the February 6th, 2017 leak was back at the time it occurred.

And we know that he has testified that Rakeman repaired it. So, for him, it was no longer an issue when he signed the disclosure form on October 24, 2017.

But we have a -- an email from him to Rakeman Plumbing refusing to pay Rakeman Plumbing's invoice dated March 15th of 2017 because he said you didn't fix the leak. It's still an ongoing problem.

We don't have authentication that this is an email sent by Dr. Swanson, so we're asking for some more time to conduct some discovery to pin that down.

That is an affidavit for 56(d) relief. And that's how you seek the opportunity to conduct more discovery.

You have to remember that the whole focus of your lawsuit was the February 6th, 2017 leak. All of these other things that you talk about, it may have been frustrating and irritating for the Plaintiffs to find out that there was a leak that happened in November of 2017, but with full knowledge of that, and even though the Plaintiff was threatening to walk, the Plaintiff said, oh, you know, let's close escrow, let's be done with it.

And so, we can't lose sight of the fact that the real issue has always been in terms of the assertions made in the lawsuit, the February 6th, 2017 leak.

And if you are unable to create a genuine dispute as to a material issue of fact, i.e., that Rakeman Plumbing repaired the February 6th, 2017 leak, then you're out of luck in terms of the lawsuit that you have filed in this case.

And the fact that you have become aware of other things, they're just -- they're not relevant to this inquiry regarding this Motion for Summary Judgment. It's that simple.

MR. GRAF: Your Honor --

THE COURT: Or maybe I didn't make it sound real simple, but I think it's simple.

MR. GRAF: And I understand what His Honor is saying as to the November 2017 leak. My question is this, Your Honor.

Whether or not Dr. Swanson had knowledge of leaks in 2015, whether or not he has proof and support to say that those leaks had been repaired is a question of fact in this case. We've uncovered that through the evidence and testimony that's been presented in our supplemental brief.

Your Honor, our allegations as to the violation of NRS 113 and the material misrepresentation or the fraudulent misrepresentation, excuse me, allegation is as to anything that they did not indicate on the SRPD.

The SRPD is a simple document, Your Honor. It is a yes or no response. And he responded, no, there were no prior incidences of moisture condition at this house.

That is categorically not true. It is false. We have proven that through the deposition testimony of Dr. Swanson and we have proven that also, Your Honor, through the deposition testimony of Mr. Holley and Mr. Gerber.

One thing that I want to draw to the attention of the Court is, Your Honor, we have submitted the deposition transcripts of Mr. Holley and Mr. Gerber.

Those deposition transcripts controvert the testimony and statements in the affidavit. Those -- that sworn testimony specifically says that they were not there when any repairs were made.

One of the things that His Honor made very clear at the prior

hearing is that the decision the Court was going to make as to the November 17, 2017 leak was based upon the affidavit of Mr. Holley.

That affidavit was controverted during their depositions. They both testified they were not present during any repairs. They were -- both testified that they could not provide you with any evidence as to the repairs themselves.

That is in direct contravention of that. Your Honor, they both testified they did not perform the repairs. That controverts that affidavit. Both of those individuals, Your Honor, testified as such.

They -- Mr. Holley testified at page 17 of his deposition that he obtained any knowledge that he had from others, not from personal knowledge that he had.

He then -- he testified at page 24 of his deposition that he did not observe any of the repairs and emphatically stated in that deposition not at all.

He then said, Your Honor, that on page 34 of his deposition, I do not know what actually occurred.

Your Honor, if these types of statements are in direct contravention of his affidavit, I don't know what are.

He specifically then went forward to say, Your Honor, that in terms of the mold testing in 2017, and I don't want to really talk too much about that, but that is an indication of -- and here's the question of fact that I would like to draw to the attention of the Court on that issue, Your Honor.

And that is this. The testing was conducted on November

17th. That's the day that the house supposedly closed. That test by Infinity Environmental, which that test is before His Honor, and the results of that test are before His Honor, is a positive test for mold.

At some point in time, Dr. Swanson was aware of that defect.

Your Honor --

THE COURT: Hold on, let me ask you a question about that.

Are you saying that the October 24th, 2017 disclosure form was a misrepresentation regarding the November 2017 mold?

MR. GRAF: I am, Your Honor, for the following reasons.

THE COURT: No, wait, wait, wait. Wait, it's clear that it was brought to the attention of your client, and your client was not happy about it, said he was going to walk if suitable credits were not done.

And I don't know if credits were done or not, but he closed escrow with that information as opposed to refusing to close escrow. Had he refused to close escrow, we wouldn't be here. There wouldn't have been a purchase and sale.

But in spite of all of this information, your client went ahead and closed escrow.

MR. GRAF: Your Honor, and I apologize, Your Honor, I didn't -- I kind of stopped and started there a couple of times. This is kind of a difficult format to use, especially when I don't have video, so I apologize.

In response to that statement, I think that that's an accurate statement, Your Honor, as to the leak. It's not an accurate statement as to the mold.

This is the issue here. And we asserted this in our brief, Your

Honor. Counsel, or excuse me, not counsel, but Dr. Swanson submitted an addendum, Addendum 4A, that was meant to supplement the SRPD. That was the document where he told the Folinos that there had been a leak in November of 2017.

What that document does not contain, Your Honor, and has never been produced, nor was it ever disclosed anywhere is the actual positive test for mold that came back from Infinity Environmental.

THE COURT: No, but --

MR. GRAF: And Your Honor --

THE COURT: No, but counsel, the problem is it put your client on notice of the fact that there was a leak.

And given the --

MR. GRAF: No --

THE COURT: And given the fact that your client had concerns and this was a not insubstantial purchase at all, and given the fact that he threatened to walk, and instead, he went ahead and closed escrow without any further specification or demands regarding that leak.

So I do think, and I got to cut you off because we have other things we have to get to, but I do think that your client is confounding some of the other information that they've learned since that just has thrown gasoline on their fire over issues with this house.

And they've even gotten upset about things which are not problems going on today, but the mere fact that they weren't told about them or that they existed is a source of irritation to them.

I understand that it's irritating and upsetting, but it's not legally

actionable. And that's where the distinction has to be drawn. So I think that the Motion for Summary Judgment --

MR. GRAF: Your Honor --

THE COURT: -- should be granted.

MR. GRAF: Your Honor --

THE COURT: It's a Motion to Dismiss the Second Amended Complaint. But I think given all of extensive consideration of matters outside the pleadings that have been utilized, that it should be treated as a summary judgment motion and I'm inclined to grant it.

Now, Mr. Galliher, is there anything that you wish to add?

MR. GRAF: Your Honor, I don't mean to interrupt His Honor,
but I had some statements that I'd like to make as to the 2015 leaks --

THE COURT: No, I'm sorry, counsel, I have to cut you off.

You have to realize you submitted at least a couple thousand pages of material for my review.

I reviewed it. I was tardy in my review of it, but I reviewed it.

And so, there is nothing you have said or could say that would be supplemental to the written materials you provided.

If there was something that you didn't include, that's what I was inviting you to mention, but everything you have said is contained in the brief.

And I have to manage the time here and move on to the next case. So I do want to give Mr. Galliher a chance, if he wishes to, to supplement his written filings if he wants to for the record.

MR. GALLIHER: Thank you, Your Honor. Very briefly, I just

want to make sure it's clear for this record that the very first report of mold at 33 Meadowhawk is dated November 24th, 2017, which is a week after the date of closing.

The test was conducted on November 17th, 2017, but no results were had until November 24th. And even then, that report was never provided to Dr. Swanson because of course, he was no longer the owner of the property. And I believe that report was actually directed to Rakeman Plumbing.

So there could be no question, disputed or otherwise, about whether Dr. Swanson ever had any knowledge either express or implied of or notice of mold prior to the date of the closing. I just want to make sure that we're clear on that that there's been confusion about dates, but there's no --

THE COURT: No, it was clear to me that the material was submitted for testing on November 17th, 2017. Escrow closed. And then, some days later, the report came back positive findings of mold. All right. So the motion --

MR. GALLIHER: Thank you, Your Honor.

THE COURT: The Motion to Dismiss is being treated as a Motion for Summary Judgment. It's granted and I tried to call out the specific information in the briefs that I felt was important to be included in the findings of fact and conclusions of law.

I do need the order within 14 days per EDCR 7.21. All right? MR. GALLIHER: Thank you, Your Honor.

THE COURT: And we will set a calendar date for 30 days

1	from today. And what I'm looking for is the filing of the order granting
2	summary judgment.
3	THE CLERK: May 5th at 9 a.m.
4	THE COURT: No need to return on May 5th if the order has
5	been filed. If it has been, I will need to see you on May 5th. Okay, thank

POINTS AND AUTHORITIES

I.

INTRODUCTION

This case arises from the sale of a private residence located at 42 Meadowhawk ("The Property") in Las Vegas. The home was constructed by Blue Heron Homes pursuant to a contract with Defendant Lyons Development and construction was completed in the spring of 2015. The home was sold by Defendant Lyons Development to Plaintiffs and escrow closed on November 17, 2017.

On October 9, 2018 Plaintiffs filed their Complaint alleging seven separate causes of action against Defendants. On February 4, 2019 Defendants filed their motion to dismiss Plaintiffs'

complaint. In response, Plaintiffs filed a countermotion to amend their complaint which was granted at a hearing on April 9, 2019.

On April 18, 2019 Plaintiffs filed their First Amended Complaint ("FAC") and Defendants' filed a motion to dismiss on May 20, 2019. On July 18, 2019 this court held a hearing wherein Plaintiffs' 2nd, 3rd, 5th, 6th, and 7th causes of action were dismissed. The court ordered Plaintiffs to file a second amended complaint limited to the two surviving causes of action.

On September 3, 2019 Plaintiffs filed their Second Amended Complaint ("SAC") wherein Plaintiffs alleged two causes of action. The first alleged Fraud/Intentional Misrepresentation and the second alleged violation of NRS 113.100 et seq. The gravamen of the SAC was that Defendants failed to disclose systemic defects in The Property's plumbing system related to the Uponor piping installed in The Property. In response the Defendants filed a Motion for Summary Judgment, supported by indisputable evidence that Rakeman Plumbing completely repaired the water leak, thus negating the Defendants' purported "knowing concealment." EXHIBIT A.

On November 7, 2019 this court held a hearing on Defendants' motion to dismiss. At that time the court stated its inclination to grant Defendants' motion. EXHIBIT B.

On November 26, 2019, due to the extent of discovery indicated by numerous written discovery requests and notices of deposition served by Plaintiffs, Defendants associated Mr. Galliher as counsel. EXHIBIT C.

On December 11, 2019 Defendants served an offer of judgment upon the Plaintiffs in the amount of \$150,000.00 (one-hundred, fifty thousand dollars) inclusive of fees, costs and interests. EXHIBIT D. The offer of judgment was not accepted and ultimately expired as a function of law.

Subsequent to the expiry of the offer of judgment, Plaintiff's undertook substantial discovery in a futile effort to manufacture a material issue of fact in the case. That discovery included service of Interrogatories, Requests for Admissions and Requests for Production of Documents on all

Defendants. Additionally, Plaintiff noticed and took the depositions of Dr. Swanson (twice), his assistant (Nikki Whitfield), two employees of Rakeman Plumbing (Aaron Hawley and William Gerber) and two of the selling agent's team (Ivan Sher and Kelly Contenta).

After a brief stipulated extension Plaintiff's filed their supplemental brief on February 13. 2020. Along with the brief Plaintiffs served more than 5,400 pages of documents upon the Defendants. On February 27, 2020 Defendants filed their response to Plaintiffs' supplement.

On March 3, 2020 the court held a hearing on all pending motions. Due to some logistical confusion the matter was eventually continued to April 7, 2020.

On April 7, 2020 this court summarily dismissed this case upon Defendants' motion. EXHIBIT B.

Defendants incurred attorney's fees in the amount of since the inception of the case. EXHIBIT C and EXHIBIT D.

II.

ARGUMENT

Defendants are entitled to an award of their accrued attorney's fees and costs of suit. Plaintiffs pursued this action out of pure spite based upon the bald assumption that Todd Swanson had knowledge prior to selling The Property that the Uponor piping system installed during construction was defective and needed to be replaced. But rather than inquire of Dr. Swanson or the contractor who had installed and serviced the system – Rakeman Plumbing – about the history of the system, or Dr. Swanson's potential knowledge of any defects, Plaintiffs instead just filed a lawsuit.

Despite subsequently arguing to the contrary, Plaintiffs filed this suit with the full knowledge of the leak which occurred in early November 2017. See, SAC at ¶¶ 24-26. The leak was disclosed by Defendants in Addendum 4A to the transaction and Plaintiffs acknowledged their right to "walk away" prior to closing. As the court correctly pointed out at the hearing where the case was dismissed,

this uncontroverted knowledge and action by the Plaintiffs constituted a waiver of the Plaintiffs' claims.

PURSUANT TO NRCP 68, DEFENDANTS ARE ENTITLED TO THEIR FEES AND **COSTS ACCRUED SINCE DECEMBER 11, 2019**

On December 11, 2019 Defendants served upon Plaintiffs an Offer of Judgment in the amount of \$150,000.00. EXHIBIT F. Pursuant to NRCP 68(f)(1)(B) Defendants are entitled to recover their costs and allowed attorney's fees from the time of the service of the offer as Plaintiffs did not accept the offer and then failed to obtain a more favorable outcome. See, Uniroyal Goodrich Tire Co. v. Mercer, 11 Nev 318, 890 P.2d 785 (1995); Allianz Ins. Co. v. Gagnon, 109 Nev. 990, 860 P.2d 720(1993).

Defendants have incurred recoverable costs in the amount of \$4,165.26 in defending this lawsuit since December 11, 2019. See, Declaration of Jeffrey L. Galliher, Esq, attached as EXHIBIT G and declaration of Christopher M. Young, Esq. attached as EXHIBIT H. These costs were reasonable and necessary to the defense of this case. Those costs are set forth in Defendants' Verified Memorandum of Costs and Disbursements filed concurrently herewith and Attached as EXHIBIT I.

Defendants have likewise incurred \$39,447.00 in attorney's fees in defending this case from December 11, 2019 through present. (EXHIBITS C, D, G and H).

In total Defendants have incurred \$43,612.26 in recoverable attorney's fees and costs since serving Plaintiffs with their offer of judgment. Defendants request that these fees and costs be awarded to Defendants.

THE ATTORNEYS FEES AND COSTS SOUGHT BY DEFENDANTS ARE REASONABLE AND JUSTIFIED AND THE COURT SHOULD AWARD THE FULL AMOUNT REQUESTED.

An award of attorney's fees pursuant to NRCP 68 is discretionary with the court, and the court's discretion will not be abused absent clear abuse. Bidart v. American Title Ins. Co., 103 Nev.

175, 734 P.2d 732 (1987). In determining whether to award fees and costs pursuant to an NRCP 68 offer of judgment the court must evaluate the following factors: 1) whether the plaintiff's claim was brought in good faith; 2) whether the defendant's offer of judgment was reasonable and in good faith in both its timing and amount; 3) whether the plaintiff's decision to reject the offer and proceed in the litigation was grossly unreasonable or in bad faith; and 4) whether the fees sought by the offeror are reasonable and justified in amount. Schouweiler v. Yancey Co., 101 Nev. 827, 833, 712 P.2d 786, 790 (1985); Beattie v. Thomas, 99 Nev. 579, 588-89, 668 P.2d 268 (1983). After weighing these factors the court may award up to the full amount of fees requested. *Id.* at 589.

In considering the amount of fees to award the court must also consider the following:

- 1) The qualities of the advocate: his ability, training, education, experience, professional standing and skill;
- 2) The character of the work to be done: its difficulty, intricacy, importance, the time and skill required, the responsibility imposed and the prominence and character of the parties where they affect the impotence of the litigation;
- 3) The work actually performed by the lawyer; the skill, time and attention given to the work; and
- 4) The result: whether the attorney was successful and what benefits were derived.

Brunzell v. Golden Gate Nat. Bank, 85 Nev. 345, 349, 455 P.2d 31, 33 (1969). Where the trial court evaluates the necessary factors, its ruling will not be disturbed on appeal unless its exercise of discretion is arbitrary or capricious. Schouweiler v. Yancey Co., 101 Nev. 827, 712 P.2d 786, (1985).

In this case, consideration of the *Beattie* and *Bunzell* factors supports an award of the entire amount of fees and costs requested by Defendants.

1) Whether the Plaintiffs' claim was brought in good faith

There is a substantial question of whether Plaintiffs' claims in this case were initially brought in good faith. Plaintiff's initial complaint was replaced by the First Amended Complaint early on. The gravamen of the FAC was that Defendants failed to disclose a leak which occurred in February of 2017 on the form Seller's Real Propery Disclosure ("SRPD") completed by Dr. Swanson on or about October 24, 2017. However, attached to the First Amended Complaint itself was an invoice from Rakeman Plumbing evidencing the fact that the February 2017 leak had, in fact, been repaired by Rakeman Plumbing, a licensed professional plumbing contractor. The Defendants sought dismissal of each of the Plaintiffs' seven claims in the FAC. Based on the Rakeman Plumbing invoice and related documents attached to the Plaintiffs' First Amended Complaint, the Defendants argued the invoice showed the leak had been repaired, thus negating the duty to disclose under Nelson v. Heer, 123 Nev. 217, 223-224, 163 P.3d 420, 425 (2007).

On July 18, 2019 at the hearing on Defendants' motion to dismiss the FAC, the court dismissed Plaintiff's 2nd, 3rd, 5th, 6th and 7th causes of action and directed Plaintiffs to file a second amended complaint including the surviving claims. EXHIBIT B.

On September 4, 2019, the Plaintiffs filed their Second Amended Complaint. In response the Defendants filed a Motion to Dismiss, supported by undisputed evidence – indeed the same evidence attached to the Plaintiffs' pleadings - that Rakeman Plumbing completely repaired the water leak, which thus negated the Defendants' purported "knowing concealment."

The Defendants obtained an affidavit from Aaron Hawley, the owner of Rakeman Plumbing, regarding the adequacy of Rakeman's repair and what was communicated to the Defendants. Mr. Hawley stated that the water leak was completely repaired and that no further or contradictory information was conveyed to the Defendants. With these new facts, the Defendants requested a ruling from this Court that neither of the Plaintiffs' remaining claims could survive summary judgment. The

concealment claim fails because under Nelson and NRS Chapter 113, the completed repair negates any duty to disclose. Defendants argued that because the Defendants did not have "knowledge" under the Nelson standard, because the repair had been completed, summary judgment on the Plaintiffs' fraud claim was also warranted.

Plaintiffs' response was to file an opposition and countermotion for sanctions filled with personal attacks against defense counsel. The court characterized the motion for sanctions as "inappropriate" and denied it. EXHIBIT B.

At the hearing on November 7, 2019 the court stated its iclination to grant Defendants' motion for summary judgment. Plaintiff or ally requested NRCP 56(d) relief which was granted in the form of an order allowing Plaintiffs' counsel 90 days to conduct discovery in an attempt to "demonstrate a genuine issue of material fact." EXHIBIT B.

At that point the "good faith" of Plaintiffs was clearly in doubt. Not only had they filed mutliple complaints with seemingly zero factual basis, but had also filed a completely "inappropriate" motion for sanctions ascribing mutliple nefarious acts to defense counsel without basis.

2) Whether the defendant's offer of judgment was reasonable and in good faith in both its timing and amount

Defendants offer was reasonable in time because it was made after the Court expressed its inclination to dismiss the case, but before the parties had expended substantial time, effort and money in discovery.

On December 11, 2019 Defendants served Plaintiff's with an offer of judgment in the amount of \$150,000.00 inclusive of fees and costs. EXHIBIT F. This offer was made in what was obviously a genuine, even generous, effort to settle the case under the circumstances. To that time, and even

now, Plaintiffs have never asserted that they had suffered any measurable special damages. Just as had been the case when Defendants owned The Property, all repairs to the plumbing system were handled under warranty by either Rakeman Plumbing or the manufacturer, Uponor. Further, at the time of the offer of judgment, Plaintiffs had already been advised in open court of the Court's inclination to grant Defendants' motion to summarily dispose of the case. Nevertheless, in a genuine attempt to resolve the case in the very spirit of NRCP 68, Defendant's offered the very substantial amount of \$150,000.00 at a time when Plaintiffs had yet to expend significant amounts of time and money on what ultimately turned out to be futile discovery efforts.

Defendants' offer was reasonable with respect to amount because the offer was for an objectively substantial amount when compared to Plaintiffs' potential damages.

Plaintiffs have never disclosed any special damages which they allege to have suffered. Instead, Plaintiffs' computation of damages merely claimed "Fraud Damages" of "[a]pproximately \$300,000.00" and "Bad Faith Damages" of "\$100,000.00." Based upon this paucity of damage information, and with the knowledge that the court had declared its inclination to dismiss the case, Defendants calculated their offer with the expectation that it would do what it was intended to do: settle the case. While Defendants maintain that they did nothing wrong, given the unpredictable nature of litigation and the potential to accrue substantial costs and fees in a relatively short period of time they authorized their counsel to offer an exceedingly generous amount of money to resolve the case once and for all.

When no response was forthcoming from Plaintiffs, Defendants and their counsel were disappointed, but were left with no alternative but to go forward and participate fully in the discovery propounded by Plaintiffs and to attend the six depositions Plaintiffs noticed.

3) Whether the plaintiff's decision to reject the offer and proceed in the litigation was grossly unreasonable or in bad faith

Under the circumstances at the time Defendants served their offer of judgment: where the court had already indicated its inclination to dismiss the case; where Plaintiff's had essentially zero special damages; and where established case law clearly eviscerated Plaintiff's claims, rejection of that extremely generous offer of judgment was grossly unreasonable. Rather than take what could be reasonably described as a gift, Plaintiffs instead chose to undertake extensive, ultimately futile, discovery at great expense to the parties.

All indications are that all of the expenses required to re-pipe the house and remediate the November 2017 leak were borne by Uponor and Rakeman Plumbing. Indeed, Plaintiffs' disclosed calculation of damages includes zero special damages. Even if Plaintiffs could prove that Defendants did fail to make all necessary disclosures under NRS 113.150, Plaintiffs' recoverable damages would be limited to "the amount necessary to repair or replace the defective part of the property". NRS 113.150(4). Plaintiffs have not alleged that they have born any costs to repair or replace the Uponor system.

Further, pursuant to statute, recovery is completely barred "on the basis of an error or omission in the disclosure form that was caused by the seller's reliance upon information provided to the seller by:... (b) A contractor, engineer, land surveyor, certified inspector as defined in NRS 645D.040 or pesticide applicator, who was authorized to practice that profession in this State at the time the information was provided." NRS 113.150(5). It has been well established that both the leak in February 2017 and November 2017 were immediately reported to Rakeman Plumbing, a licensed Nevada plumbing contractor for investigation and repair and that all information relied upon by Defendants regarding the leaks was provided by Rakeman Plumbing.

As discussed earlier, all indications are that, since the problems with the pipe stemmed from a manufacturing defect, the costs of re-piping the property were covered by the manufacturer warranty provided by Uponor. Based upon the conduct of the Plaintiff' during the escrow period, where they sought access to the property for myriad trades and contractors, it is believed that Plaintiffs undertook a substantial remodel of The Property immediately upon taking possession, but before actually moving in. If, as presumed, the re-piping was accomplished commensurate with the remodel it is likely that Plaintiffs did not even suffer any significant inconvenience as a result of the re-pipe. Beyond the bare claims in the calculation of damages listed in Plaintiff's initial disclosures no other information regarding any alleged damages was ever communicated to the Defendants.

Finally, the damages available to Plaintiffs on their second cause of action are fixed by statute. NRS 113.150 provides, in pertinent part:

If, before the conveyance of the property to the purchaser, a seller or the seller's agent informs the purchaser or the purchaser's agent, through the disclosure form or another written notice, of a defect in the property of which the cost of repair or replacement was not limited by provisions in the agreement to purchase the property, the purchaser may:(a) Rescind the agreement to purchase the property at any time before the conveyance of the property to the purchaser; or (b) Close escrow and accept the property with the defect as revealed by the seller or the seller's agent without further recourse. (emphasis added)

Nev. Rev. Stat. § 113.150(2).

In this case there can be no dispute that the leak occurring in November 2017 was dislcosed to Plaintiffs via Addendum 4A to the purchase agreement prior to the close of escrow. Plaintiffs' decision to nevertheless close escrow was their election of remedy and bars "further recourse" as a matter of law. Id.

Under the circumstances as they existed in mid-December 2019 – the court had indicated its inclination to dismiss the case, Plaintiffs had suffered essentially zero special damages, the repiping had apparently not created any substantial inconvenience – and in the face of the formidable statutory

barriers to any substantial recovery discussed earlier, Plaintiffs' rejection of the \$150,000.00 offer of judgment was grossly unreasonable.

4) Whether the fees sought be the offeror are reasonable and justified in amount

When determining whether the fees requested are reasonable and justified in amount the court is to consider the 4 factors set forth in Brunzell v. Golden Gate Nat. Bank, 85 Nev. 345, 349, 455 P.2d 31, 33 (1969):

- 1) The qualities of the advocate: his ability, training, education, experience, professional standing and skill;
- 2) The character of the work to be done: its difficulty, intricacy, importance, the time and skill required, the responsibility imposed and the prominence and character of the parties where they affect the importance of the litigation;
- 3) The work actually performed by the lawyer; the skill, time and attention given to the work; and
- 4) The result: whether the attorney was successful and what benefits were derived.

As set forth more fully in the attached declarations, the attorneys handling the defense of this matter have excellent credentials. The have been partnered with and trained by some of the finest trial lawyers in the state, including the late J. Mitchell "Mitch" Cobeaga and Rex Jemison, among others. They have substantial litigation and trial experience over many decades of combined admission as Nevada lawyers in handling lawsuits for both plaintiffs and defendants. They serve as judges pro-tem and arbitrators in both criminal and civil courts. They are skilled litigators with at least one of them rated AV/Preeminent in litigation by Martindale-Hubbell, the nation's foremost rating service for attorneys. All are in good standing with the State Bar of Nevada with no history of discipline.

The character of the work to be done was difficult. The range of claims initially brough by the Plaintiffs combined with the statute heavy nature of these types of cases required close attention to

detail and mastery of a litany of important facts. The work performed in a relatively short period of time was extensive, including six lengthy depositions being taken over just a two week period. expansive research and writing, including review of over 5,400 documents and mutliple oral arguments. Defense counsel delivered a just result for their client: dismissal of the case. As discussed herein the case should not have been brought, but Plaintiffs pushed the case and conducted substantial discovery which had to be dealt with and made myriad arguments which had to be countered.

After rejecting the offer of judgment of \$150,000.00, Plaintiffs conducted substantial and wideranging discovery. Plaintiffs' counsel deposed Dr. Swanson (twice), his assistant (Nikki Whitfield), two employees of Rakeman Plumbing (Aaron Hawley and William Gerber) and two of the selling agent's team (Ivan Sher and Kelly Contenta). In addition, Plaintiffs served each of the Defendants with substantive Interrogatories, Requests for Admissions and Requests for Production of Documents and issued many third-party subpoenas resulting in the production of more than 5,000 pages of documents. None of this unnecessary work changed the facts which had already been established: the February 2017 leak had been repaired by a professional, licensed plumbing contractor and the November 207 leak was disclosed duing escrow via Addendum 4A. When applied to the wellestablished case law, these undisputed facts made it clear that there could be no cognizable claim against the Defendants. Nevertheless, Plaintiff insisted and persisted in engaing in a scorched Earth discovery plan despite the writing on the wall.

Conversley, Defendants' conduct since the offer of judgment has been almost completey reactive in nature, meaning that the work done by defense counsel was directly neccessitated by the actions of the Plaintiff in undertaking expansive early discovery. These expenses were exactly what Defendnats were seeking to avoid by making an early and substantial, even generous offer to settle the dispute for real money.

But even in a purely reactionary role Defendants accrued \$39,447.00 in attorneys fees and \$4,189.26 in case costs since service of the offer of judgment on December 11, 2019. The vast majority of the time spent was making initial disclosures, responding to Plaintiffs' written discovery, attending depositions and hearings and drafting a response to Plaintiff's supplemental opposition. Further, the hourly fee of \$270.00 charged to Defendants is exceedingly reasonable given the nature of the work (real estate litigation) and the experience of counsel involved.

These costs and fees could have been avodied had Plainitffs accepted Defendants' exceedingly reasonable offer of judgment made on December 11, 2019.

PURSUANT TO NRS 18.010(2)(b) DEFENDANTS ARE ENTITLED TO THEIR FEES AND COSTS ACCRUED SINCE INCEPETION OF SUIT

Defendants should be awarded their attorney's fees and costs in defending this action from its inception because the case was brought by Plaintiffs without any reasonable factual basis and on grounds which are directly inapposite to Nevada law.

NRS 18.010(2)(b) provides as follows:

In addition to the cases where an allowance is authorized by specific statute, the court may make an allowance of attorney's fees to a prevailing party:

(b) Without regard to the recovery sought, when the court finds that the claim, counterclaim, cross-claim or third-party complaint or defense of the opposing party was brought or maintained without reasonable ground or to harass the prevailing party. The court shall liberally construe the provisions of this paragraph in favor of awarding attorney's fees in all appropriate situations. It is the intent of the Legislature that the court award attorney's fees pursuant to this paragraph and impose sanctions pursuant to Rule 11 of the Nevada Rules of Civil Procedure in all appropriate situations to punish for and deter frivolous or vexatious claims and defenses because such claims and defenses overburden limited judicial resources, hinder the timely resolution of meritorious claims and increase the costs of engaging in business and providing professional services to the public. (Emphasis added)

Since the inception of this case Defendants have accrued \$82,021.50 in attorney's fees and \$6,939.85 in costs. EXHIBITS C, D, G and H. In this case, Plaintiffs brought suit against the

Defendants based upon wholly frivolous grounds. With respect to the November 2017 leak, Plaintiffs' Second Amended Complaint clearly states that Plaintiffs requested and performed an inspection prior to close of escrow and that during that inspection they observed the November 2017 leak. See, Second Amended Complaint at paragraphs 24-26. The subsequent determination that the leak was caused by a manufacturing defect in the Uponor piping was never disclosed by Uponor or Rakeman Plumbing to Defendants prior to the sale to the Plaintiffs and the Plaintiffs had no evidence that it ever had been disclosed to Defendants when they initiated this suit. The February 2017 leak was fully repaired as indicated by documentation the Plaintiff actually attached to their Second Amended Complaint. See, Exhibit 8 to Second Amended Complaint.

These facts, alleged within the Second Amended Complaint itself, firmly establish that Defendants had no lability under Nevada law because they show that 1) the February leak had been repaired, and 2) Plaintiffs were aware of the November leak prior to closing. These facts, alleged by Plaintiffs themselves, defeat their claims when applied to clearly established precedent in the form of the *Nelson* decision.

Further, even if the Plaintiffs could establish a prima facie case, they could still not establish that they had suffered any recoverable damages. The repair to the piping was done under warranty at no expense to the Plaintiffs and concurrent with other work being done at the Property. Plaintiffs suffered no monetary damages nor even any significant inconvenience. Plaintiffs' claimed "Fraud Damages" of "[a]pproximately \$300,000.00" and "Bad Faith Damages" of "\$100,000.00" have no basis in reality since they did not have to pay for the re-piping of the property or for the remediation of the November 2017 leak.

The plain language of NRS 18.010(2)(b) unequivocally establishes that attorney's fees awards are appropriate in cases like this one: "It is the intent of the Legislature that the court award attorney's fees pursuant to this paragraph . . . in all appropriate situations to punish for and deter frivolous or

vexatious claims and defenses because such claims and defenses overburden limited judicial resources, hinder the timely resolution of meritorious claims and increase the costs of engaging in business and providing professional services to the public." See also NRS 7.085. The reasoning set forth in Defendants' multiple motions to dismiss and adopted by this Court when granting Defendants' most recent motion establishes the folly of this case. This court has acknowledged the controlling nature of Nelson v. Heer with respect to the issues in this case. Any reasonable reading of Nelson must lead to the conclusion that the conduct of the Defendants alleged in this case are not actionable. Likewise, Plaintiffs made no real effort to distinguish this case from Nelson nor did they argue that Nelson should not otherwise apply. Instead, in pursuing this case Plaintiffs essentially ignored Nelson and the clear example it set for actionable conduct. "A claim is groundless if "the allegations in the complaint . . . are not supported by any credible evidence at trial." [citation omitted] Allianz Ins. Co. v. Gagnon, 109 Nev. 990, 996 (Nev. 1993).

PURSUANT TO NRS 18.020 DEFENDANTS ARE ENTITLED TO THEIR COSTS ACCRUED SINCE INCEPETION OF SUIT

Pursuant to NRS 18.020, "(c)osts must be allowed of course to the prevailing party against any adverse party against whom judgment is rendered, in the following cases...(3) In an action for the recovery of money or damages, where the plaintiff seeks to recover more than \$2,500." (Emphasis added). An award of costs under NRS 18.020 is "mandatory and not subject to the court's discretion." Day v. West Coast Holdings Inc., 101 Nev. 260, 264, 699 P.2d 1067, 1070 (1985). Since the inception of this case Defendants have expended \$6,427.26 in recoverable costs. EXHIBIT I.

CONCLUSION

Pursuant to NRS 18.020, Defendants must be awarded their costs incurred in the amount of \$6,427.26. Pursuant to NRS 18.010(2)(b) Defendants should be awarded their attorney's fees incurred 111

FACTUAL AND PROCEDURAL BACKGROUND

On August 17, 2018 Plaintiffs and Defendants conducted a mediation conference which was unsuccessful in reaching a settlement agreement. On October 19, 2018, Plaintiffs filed their initial Complaint. On February 4, 2019 Defendants filed their first Motion to Dismiss which was denied, and the Court granted Plaintiffs leave to amend. On May 20, 2019, Defendants filed their Motion to Dismiss Plaintiffs' Amended Complaint. On July 18, 2019, the Court dismissed several of Plaintiffs' claims, but denied Defendants' Motion to Dismiss as to Plaintiffs' claims of Fraud and Concealment in violation of NRS 113.

On September 4, 2019 Plaintiffs filed their Second Amended Complaint. Defendants' Motion to Dismiss the Second Amended Complaint was heard by the Court on November 7, 2019, and the matter was ordered continued for this supplemental brief and production of documents. The hearing was held on April 7, 2020 and the Court granted Defendants' Motion to Dismiss the Second Amended Complaint. Thereafter, on April 22, 2020, Defendants filed a Memorandum of Costs and Disbursements ("Memorandum"), requesting this Court award \$5,840.41 in costs they claim were incurred in this matter. However, many of the costs listed in Defendants' Memorandum are not compensable under Nevada law.

II.

LEGAL ARGUMENT

A. Legal Authority for Motion to Retax Costs

An adverse party who disputes the costs contained in a verified memorandum may request the court determine the costs pursuant to NRS 18.110(4), which provides:

> Within 3 days after service of a copy of the memorandum, the adverse party may move the court, upon 2 days' notice, to retax and settle the costs, notice of which motion shall be filed and served on the prevailing

> > Page 3 of 11

JA001954

party claiming costs. Upon the hearing of the motion the court or judge shall settle the costs.

See NRS 18.110(4).

B. Legal Authority for Awarding Costs.

Costs may properly be recovered by a prevailing party pursuant to NRS 18.020, which provides that Costs be allowed to the prevailing party in the following cases:

- 1. In an action for the recovery of real property or a possessory right thereto.
- 2. In an action to recover the possession of personal property, where the value of the property amounts to more than \$2,500. The value must be determined by the jury, court or master by whom the action is tried.
- 3. In an action for the recovery of money or damages, where the plaintiff seeks to recover more than \$2,500.
- 4. In a special proceeding, except a special proceeding conducted pursuant to NRS 306.040.
- 5. In an action which involves the title or boundaries of real estate, or the legality of any tax, impost, assessment, toll or municipal fine, including the costs accrued in the action if originally commenced in a Justice Court.

See NRS 18.020.

Neither costs nor attorney fees incurred incident to litigation may be recovered unless authorized by statute or rule. Sun Realty v. Eighth Judicial Dist. Ct., 91 Nev. 774, 776, 542 P.2d 1072, 1074 (1975). Even in instances where a party is entitled to request its costs, the trial court still retains discretion when determining the reasonableness of the individual costs to be awarded. See U.S. Design & Const. Corp. v. International Broth. of Elec. Workers, 118 Nev. 458, 50 P.3d 170 (2002); See also Bergmann v. Boyce, 109 Nev. 670, 856 P.2d 560 (1993). "This discretion should be sparingly exercised when considering whether or not to allow expenses not specifically allowed by statute and precedent." Bergmann v. Boyce, 109 Nev. at 679. As such, the trial court should exercise restraint because "statutes permitting recovery of costs, being in derogation of the common law, must be strictly construed." Id. A strict construction of the statute "requires that the phrase 'reasonable costs' be interpreted to mean actual costs that are reasonable,

rather than a reasonable estimate or calculation of such costs based upon administrative convenience." Gibellini v. Klindt, 110 Nev. 1201, 1206, 885 P.2d 540 (1994).

NRS 18.005 enumerates compensable costs as follows:

- 1. Clerks' fees.
- 2. Reporters' fees for depositions, including a reporter's fee for one copy of each deposition.
- 3. Jurors' fees and expenses, together with reasonable compensation of an officer appointed to act in accordance with NRS 16.120.
- 4. Fees for witnesses at trial, pretrial hearings and deposing witnesses, unless the court finds that the witness was called at the instance of the prevailing party without reason or necessity.
- 5. Reasonable fees of not more than five expert witnesses in an amount of not more than \$1,500 for each witness, unless the court allows a larger fee after determining that the circumstances surrounding the expert's testimony were of such necessity as to require the larger fee.
- 6. Reasonable fees of necessary interpreters.
- The fee of any sheriff or licensed process server for the delivery or service 7. of any summons or subpoena used in the action, unless the court determines that the service was not necessary.
- Compensation for the official reporter or reporter pro tempore. 8.
- 9. Reasonable costs for any bond or undertaking required as part of the action.
- 10. Fees of a court bailiff or deputy marshal who was required to work overtime.
- 11. Reasonable costs for telecopies.
- 12. Reasonable costs for photocopies.
- 13. Reasonable costs for long distance telephone calls.
- 14. Reasonable costs for postage.
- Reasonable costs for travel and lodging incurred taking depositions and 15. conducting discovery.
- 16. Fees charged pursuant to NRS 19.0335.
- 17. Any other reasonable and necessary expense incurred in connection with the action, including reasonable and necessary expenses for computerized services for legal research.

See NRS 18,005.

The Nevada Supreme Court has held that this statute must be strictly construed to allow only the costs specifically enumerated therein, and only under the circumstances provided for in the statute. See Bobby Berosini, Ltd v. People for the Ethical Treatment of Animals, 114 Nev. 1348, 1352-53, 971 P.2d 383 (1998). Applying these principles to the instant matter, Plaintiffs respectfully submit that this Court should grant the Motion to Retax, as some of the costs delineated in Defendants' Memorandum of Costs and Disbursements are not recoverable under applicable and relevant authority.

C. The Requested Costs Are Not Compensable Under NRS 18.005.

Here, the following costs are not compensable under NRS 18.005 and therefore should be retaxed as non-recoverable:

í. **Mediation Costs**

Defendants' Verified Memorandum of Costs and Disbursements ask the Court to tax Plaintiffs \$2,084.50 for costs described as follows:

28

"Mediation deposit"

\$2,035.00

- 11/7/19
- "Mediation final bill"

\$49.50

Here, these Mediation costs should be retaxed because (1) they are not enumerated under NRS 18.005 or any other relevant statute and the Nevada Supreme Court has held that only the fees and costs specifically enumerated by statute are compensable; (2) the Nevada Mediation Rules suggest that mediation costs are intended to be split between the parties unless otherwise stipulated; and (3) any argument by Defendants that these costs do fall under one of the categories enumerated by NRS 18.005 is inapplicable as they were incurred prior to the litigation of the matter. Further, Defendants do not cite any legal authority authorizing the taxing of such costs, and Court is to use its discretion sparingly "when considering whether or not to allow expenses not specifically allowed by statute and precedent". See Bergmann, 109 Nev. at 679, 856 P.2d at 565-566.

First, Plaintiffs would reiterate that mediation costs are not specifically enumerated under NRS 18.005. Therefore, Defendants' only potential argument as to the validity of these costs is that they fall under NRS 18.005(17) which states "any other reasonable and necessary expense incurred in connection with the action" are compensable. (emphasis added) See NRS

18.005(17). As stated above, mediation costs are not mentioned specifically by any provision of NRS 18.005 and thus the Court is to use any discretion as to awarding these fees and costs "sparingly". These facts, combined with Defendants' failure to cite any statutes or authority to the contrary, are sufficient for the mediation costs to be retaxed. Arguendo, even if the Court did determine that NRS 18.005(17) could potentially encompass some mediation costs, it would not still not be applicable to the instant mediation costs because they were not a "necessary expense" and they were not "incurred in connection with the action" as required by the statute. Id.

The mediation costs were not a "necessary expense" as required by NRS 18.005(17) because mediation is an optional process that occurs prior to the commencement of litigation. Neither Plaintiffs or Defendants were compelled to conduct a mediation, they freely determined that they wished to do so. Therefore, the costs cannot be considered "necessary" as Defendants could have declined to participate in mediation without forfeiting any rights or impacting the subsequent litigation process in any manner.

Further, the mediation costs were not "incurred in connection with the action" as is also required by NRS 18.005(17). Id. NRCP 3 states that "A civil action is commenced by filing a complaint with the court." See NRCP 3. In the instant action, Plaintiffs filed their Complaint on October 19, 2018. See attached Exhibit 1, Plaintiffs' First Complaint. This is over two (2) months after the Parties conducted the mediation conference, which occurred on August 17, 2018. Therefore, as the instant action was not commenced until October 19, 2018, mediation costs incurred on August 17, 2018 cannot be "incurred in connection with the action" as required to be compensable under NRS 18.005(17). The action did not exist at the time these expenses were incurred. This is further validated by a letter that was sent by the mediator, Floyd A. Hale, to both Plaintiffs and Defendants following the mediation conference. The letter summarized what occurred during the conference and stated, "Since I anticipate that litigation will

commence soon if there is no settlement, let me know your responses by September 4, 2018." (emphasis added) See attached Exhibit 2, August 20, 2018 Letter from Floyd A. Hale. Defendants cannot rationally argue that the mediation costs were "necessary expense" which were "incurred in connection with the action", and therefore compensable under NRS 18.005, when the action and thus the litigation process had not yet commenced.

Finally, though it is clear that the mediation expenses are not compensable under NRS 18.005, Plaintiffs would also note that consideration of this Court's own Nevada Mediation Rules weighs heavily against Plaintiffs' being taxed for these costs. Specifically, NMR 10(C) states that the "fees and costs of the mediator are paid equally be the parties unless otherwise stipulated". See NMR 10(C). This demonstrates that the Court's intention is for pre-litigation mediation costs to be borne by both parties equally. There was no stipulation by the Parties as to the mediation costs. Therefore, these costs should be retaxed.

ii. Runner Costs

Defendants' Verified Memorandum of Costs and Disbursements ask the Court to tax Plaintiffs \$135.60 for costs described as follows:

• 7/23/19	"Runner"	\$29.10
• 8/6/19	"Runner"	\$36.44
• 11/30/19	"Runner"	\$70.06

The costs Defendants seek to recover for the use of Runners should also be retaxed because (1) these costs are also not specifically enumerated by NRS 18.005; (2) the Court is to use any discretion as to unenumerated costs "sparingly" and Defendants again do not cite any legal authority authorizing the taxing of such costs; and (3) there is persuasive legal authority which suggests that such costs are not compensable.

Federal courts have consistently held that overhead costs, such as administrative fees, supplies and the use of runners are not properly taxable. See, e.g., Warner Chilcott Labs. Ireland Ltd. v. Impax Labs., Inc., 2013 WL 1876441, at *12 (D. N.J. April 18, 2013) (holding costs slip sheets, tabs, binders, folders, redweld file pockets and labels. . . . constitute[d] attorney's overhead and as such, [was] not taxable"); N.J. Mfrs. Ins. Group v. Electrolux, Inc., 2013 WL 5817161, at *12 (D. N.J. Oct. 21, 2013) (holding costs "for labels and binders, which constitute attorney's overhead and as such, are not taxable"); J-Way Leasing, Ltd. v. Am. Bridge Co., 2010 WL 816439, at *4 (N.D. Ohio March 4, 2010) ("[C]osts for marking exhibits are overhead expenses and not taxable "); Butler v. Wright, 2010 WL 599387, at *8 (M.D. Fl. Feb 16, 2010) (holding "operating overhead is not taxable"); Osorio v. Dole Food Co., 2010 WL 3212065, at *7 (S.D. Fl. July 7, 2010) ("Courts have held that costs for tabs and binders are not taxable costs because they are subsumed within operating overhead."); Van Voorhis v. Hillsborough Bd. of County Comm'rs, 2008 WL 2790244, at *5 (M.D. Fl. July 18, 2008) (finding cost of supplies movant purchased from Staples was "subsumed within operating overhead and . . . not taxable.").

Again, as runner costs are not specifically mentioned under any of the provisions of NRS 18.005, Defendants' only reasonable argument regarding these costs is that they fall under NRS 18.005(17). It's implicit in both the language of the statute and its application in relevant case law, that the Court analyzes whether non-specifically enumerated costs and fees are compensable under NRS 18.005(17) by putting the burden on the party seeking to tax the costs to demonstrate that those costs are reasonable and necessary (in addition to being incurred in connection with the action). See Bergmann v. Boyce, 109 Nev. at 679; See U.S. Design & Const. Corp. v. International Broth. of Elec. Workers, 118 Nev. 458, 50 P.3d 170 (2002); See Bobby Berosini, Ltd v. People for the Ethical Treatment of Animals, 114 Nev. 1348, 1352-53, 971 P.2d 383 (1998); See also NRS 18.005(17). The demonstration that unenumerated costs are reasonable and

necessary must be sufficiently compelling as to persuade the Court that it is appropriate to exercise discretion that the Nevada Supreme Court has directly stated should only be used "sparingly" and deem the costs compensable. *Id.* Here, runner fees is an unenumerated cost and Defendants do not cite any legal authority which would either compel or reasonably persuade the Court to exercise discretion meant to be used "sparingly". Thus, the costs are not compensable and should be retaxed.

III.

CONCLUSION

Based on the foregoing reasons, Plaintiffs respectfully request that the Court grant their Motion, and Retax and deny the costs contained in Defendants' Memorandum of Costs and Disbursements as outlined herein.

Hi Nicole,

I wanted to thank you for taking the time to speak with me today in regards to the Uponor products currently installed in your home. As discussed, Uponor has identified a limited manufacturing related issue with the tubing samples returned to our office for evaluation and are recommending replacement of all red and blue AQUAPEX tubing currently installed in your home with new Uponor AQUAPEX. It is my understanding that you will be discussing this recommendation with your husband and will be following up with me after the 1st of the year to begin conversations on how we can work together to accomplish this task.

Per your request, below please find the information associated with the initial claim submitted to Uponor in February 2017.

PLUMBING SYSTEMS

UPONOR, INC. LIMITED WARRANTY Valid for Uponor AquaPEX-a® Tubing, ProPEX® and Other Select Plumbing Products

This Warranty is Effective For Installations Made After October 15, 2012

Subject to the terms and conditions of this Limited Warranty, Uponor, Inc. ("Uponor") warrants to the owner of the applicable real property that the Uponor products listed below shall be free from defects in materials and workmanship, under normal conditions of use when installed as part of a potable water distribution system.

Unless otherwise specified, this Limited Warranty for the applicable Uponor products shall commence on the date the product was installed ("Commencement Date") and will expire after the following number of years:

- (a) Twenty-Five (25) years for Uponor AquaPEX-a® tubing, Uponor ProPEX® fittings and ProPEX® rings when all are installed in combination with each other;
- (b) Ten (10) years for Uponor AquaPEX-a* tubing when installed in combination with non-Uponor fittings;
- (c) Ten (10) years for Uponor EP valves, EP valveless manifolds and Uponor tub ells, stub ells, and straight stubs;
- (d) Two (2) years for Uponor metal manifolds, Uponor EP manifolds with valves;
- (e) Five (5) years for the Uponor D'MAND® system;
- (f) Two (2) years for all other components of the Uponor ProPEX® fitting system and all other plumbing items listed in Uponor's catalog as of the effective date of this limited warranty.

For purposes of this warranty, the use of Uponor AquaPEX-a* tubing, Uponor ProPEX* fittings and ProPEX* rings in combination with each other shall constitute an Uponor ProPEX* system.

Exclusions From Limited Warranty:

This limited warranty applies only if the applicable Uponor products identified above: (a) are selected, configured and installed by a certified licensed plumbing contractor recognized by Uponor as having successfully completed the Uponor AquaPEX® training course and according to the installation instructions provided by Uponor; (b) are not exposed to temperatures and/or pressures that exceed the limitations printed on the warranted Uponor product or in the applicable Uponor installation manual; (c) remain in their originally installed location; (d) are connected to potable water supplies; (e) show no evidence of misuse, tampering, mishandling, neglect, accidental damage, modification or repair without the approval of Uponor; and (f) are installed in accordance with then-applicable building, mechanical, plumbing, electrical and other code requirements; (g) are installed in combination with Uponor AquaPEX-a® tubing unless otherwise specified below.

Without limiting the foregoing, this limited warranty does not apply if the product failure or resulting damage is caused by: (a) faulty installation; (b) components not manufactured or sold by Uponor; (c) exposure to ultra violet light; (d) external physical or chemical conditions, including, but not limited to chemically corrosive or aggressive water conditions; or (e) any abnormal operating conditions.

The use of non-Uponor termination devices such as tub/shower valves, sill cocks, stops and other similar components that attach at the termination or end-point of a run or branch of Uponor AquaPEX-a® tubing does not disqualify the additional parts of the Uponor ProPEX® fitting system from the terms of this Limited Warranty. Only the non-Uponor termination devices themselves are excluded from the Uponor Limited Warranty.

The use of non-Uponor AquaPEX-a® tubing disqualifies any and all parts of the Uponor ProPEX fitting® system from the terms of this Limited Warranty. This exclusion does not include certain circumstances wherein Uponor AquaPEX-a® tubing is installed in combination with CPVC, copper, PPr, or stainless steel pipe risers as may be required in limited residential and commercial plumbing applications. The use of non-Uponor fittings in combination with Uponor ProPEX® fittings disqualifies Uponor ProPEX fittings® from the terms of this Limited Warranty.

Warranty Claim Process (for building owners and homeowners only):

Written notification of an alleged failure of, or defect in, any Uponor part or product identified herein should be sent to Uponor, Attn: Warranty Department, 5925 148th Street West, Apple Valley, Minnesota 55124 or by facsimile to (866) 351-8402, and must be received by Uponor within thirty (30) days after detection of an alleged failure or defect occurring within the applicable warranty period. All products alleged to be defective must be sent to Uponor for inspection and testing for determination of the cause of the alleged failure or defect.

Exclusive Remedies:

If Uponor determines that a product identified herein has failed or is defective within the scope of this limited warranty, Uponor's liability is limited, at the option of Uponor, to: issue a refund of the purchase price paid for, or to repair or replace the defective product.

Notwithstanding anything to the contrary in this limited warranty, if Uponor determines that any damages to the real property in which a defective product was installed were the direct result of a leak or failure caused by a manufacturing defect in an Uponor product covered by this limited warranty and occurring within the first ten (10) years after the applicable Commencement Date or during the applicable limited warranty period, whichever is shorter, and if the claimant took reasonable steps to promptly mitigate (i.e., limit or stop) any damage resulting from such failure, then Uponor may at its discretion, reimburse claimant for the reasonable costs of repairing or replacing such damaged real property, including flooring, drywall, painting, and other real property damaged by the leak or failure. Uponor shall not pay for any other additional costs or expenses, including but not limited to, transportation, relocation, labor, repairs or any other work associated with removing and/or returning failed or defective products, installing replacement products, damage to personal property or damage resulting from mold.

Warranty Claim Dispute Process:

In the event claimant and Uponor are unable to resolve a claim through informal means, the parties shall submit the dispute to the American Arbitration Association or its successor (the "Association") for arbitration, and any arbitration proceedings shall be conducted before a single arbitrator in the Minneapolis, Minnesota metropolitan area. NOTWITHSTANDING THE FOREGOING, NEITHER THE CLAIMANT NOR UPONOR, INC. SHALL BE ENTITLED TO ARBITRATE ANY CLAIMS AS A REPRESENTATIVE OR MEMBER OF A CLASS, AND NEITHER THE CLAIMANT NOR UPONOR SHALL BE ENTITLED TO JOIN OR CONSOLIDATE CLAIMS WITH ANY OTHER PARTIES IN ARBITRATION OR IN LITIGATION BY CLASS ACTION OR OTHERWISE.

Transferability:

This limited warranty may only be assigned by the original owner of the applicable real property and may not be assigned or transferred after the period ending ten (10) years following the Commencement Date.

Miscellaneous:

By the mutual agreement of the parties, it is expressly agreed that this limited warranty and any claims arising from breach of contract, breach of warranty, tort, or any other claim arising from the sale or use of Uponor's products shall be governed and construed under the laws of the State of Minnesota. It is expressly understood that authorized Uponor sales representatives, distributors, and plumbing professionals have no express or implied authority to bind Uponor to any agreement or warranty of any kind without the express written consent of Uponor.

THIS LIMITED WARRANTY IS THE FULL EXTENT OF EXPRESS WARRANTIES PROVIDED BY UPONOR, AND UPONOR HEREBY DISCLAIMS ANY WARRANTY NOT EXPRESSLY PROVIDED HEREIN, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE WITH RESPECT TO THE PRODUCTS COVERED HEREUNDER.

UPONOR FURTHER DISCLAIMS ANY STATUTORY OR IMPLIED WARRANTY OF HABITABILITY.

EXCEPT AS OTHERWISE EXPRESSLY STATED IN THIS LIMITED WARRANTY, UPONOR FURTHER DISCLAIMS ANY RESPONSIBILITY FOR LOSSES, EXPENSES, INCONVENIENCES, AND SPECIAL, INDIRECT, SECONDARY, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OR RESULTING IN ANY MANNER FROM THE PRODUCTS COVERED HEREUNDER. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

THIS LIMITED WARRANTY GIVES THE CLAIMANT SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE.

Re:

Joseph and Nicole Folino v. Todd Swanson; Lyons Development, LLC

Mediation: August 17, 2018

Dear Counsel:

This letter will confirm that we were not successful in reaching a settlement of this dispute during our August 17, 2018, Mediation conference. The Mediation concluded with the Folino's lowest demand to settle the case in the amount of \$225,000.00. The final settlement offer by Dr. Todd Swanson was \$125,000.00. I appreciate the clients working so hard to move the negotiations to these final figures. I will certainly welcome counsel to contact me if we can finalize this dispute since there was substantial movement toward a settlement figure.

It is my suggestion that the parties agree to settle this dispute for \$200,000.00. Since I anticipate that litigation will commence soon if there is no settlement, let me know your responses by September 4, 2018. Unless an agreement is reached, I will not advise the parties of the responses received to my proposal from the adverse party.

I would like to thank you for retaining me for the handling of this mediation and if I can be of any further service, please do not hesitate to give me a call.

Very truly yours,

Plaintiffs' Second Amended Complaint, which Defendants filed on September 24, 2019. Rusty Graf, Esq. appeared on behalf of the Plaintiffs; Jeffrey L. Galliher, Esq. and Jay T. Hopkins, Esq. appeared on behalf of the Defendants.²

This Court considered the parties' motions and supplements, together with the exhibits and arguments of counsel. Viewing the evidence in the light most favorable to the Plaintiffs, this Court finds that the Plaintiffs failed to establish the existence of any genuine dispute as to a material issue of fact to preclude summary judgment. Accordingly, this Court makes the following Findings of Fact and Conclusions of Law under the standards set forth below.

II.

PROCEDURAL HISTORY

This is a case involving the purchase and sale of a \$3,000,000 luxury home located at 42 Meadowhawk Lane in Las Vegas, Nevada. The dispute emanates from an October 27, 2017 Residential Purchase Agreement in which the Plaintiffs were the Buyers and Lyons Development, LLC was the Seller. The gist of the Plaintiffs' lawsuit is that "the Defendants" concealed a water leak in the plumbing system.

Plaintiffs' Complaint

On October 19, 2018, the Plaintiffs filed their initial Complaint seeking damages for Defendants' alleged concealment of a February 2017 water leak which Plaintiffs alleged indicated a "systemic defect" in the plumbing system. The Plaintiffs asserted six causes of action for: (1) Fraud/Intentional Misrepresentation; (2) Negligent Misrepresentation; (3) Violation of NRS 598.010

While the Defendants styled their instant motion as a motion to dismiss, Defendants acknowledged in their motion that because the motion and supplements referenced and attached documents outside the pleadings, this Court must invoke the summary judgment standards in NRCP 56. Kopicko v. Young, 114 Nev. 1333, 1335-1336, 971 P.2d 789, 790 (1998).

² The parties named the following parties: Plaintiffs, Nicole and Joseph Folino (hereinafter the "Plaintiffs" or the "Folinos"); and Defendants: Dr. Todd Swanson, an individual; Todd Swanson, Trustee of the Shiraz Trust; Shiraz Trust; and Lyons Development, LLC (hereinafter "Defendants" or "Dr. Swanson.").

et seq. (Deceptive Trade Practices); (4) Violation of NRS 113.100 et seq. (Failure to Disclose Known Defects); (5) Civil RICO; and (6) Respondeat Superior.³

Defendants' February 4, 2019 Motion to Dismiss

On February 4, 2019, the Defendants moved to dismiss the Plaintiffs' Complaint pursuant to NRCP 12(b)(5). At the April 8, 2019 hearing, the Court did not rule on the substance of the Defendants' motion but granted the Plaintiffs' request for leave to amend to cure the pleading deficiencies.

Plaintiffs' First Amended Complaint

On April 18, 2019, the Plaintiffs filed their First Amended Complaint, asserting the same claims as in the initial Complaint. The Plaintiffs also asserted a Seventh Cause of Action for Piercing the Corporate Veil/Alter Ego.

Defendants' May 20, 2019 Motion to Dismiss

On May 20, 2019, the Defendants moved to dismiss the Plaintiffs' First Amended Complaint. seeking dismissal of each of the Plaintiffs' seven claims. On July 18, 2019, this Court held a hearing on Defendants' Motion to Dismiss. At the hearing, the Court dismissed the Plaintiffs Negligent Misrepresentation, Deceptive Trade Practices, Civil RICO; Respondeat Superior and Piercing the Corporate Veil claims. The Court ruled the Plaintiffs' fraud or NRS Chapter 113 concealment claims survived and ordered the Plaintiffs to file a Second Amended Complaint.

Plaintiffs' Second Amended Complaint

On September 4, 2019, the Plaintiffs filed their Second Amended Complaint, alleging concealment in violation of NRS 113 et seq. and fraud/intentional misrepresentation. The Plaintiffs

³ The Plaintiffs attached several documents to their Complaint, First Amended Complaint and Second Amended Complaint which, under NRCP 12(b)(5)'s standards, are incorporated into the pleadings. Breliant v. Preferred Equities Corp., 109 Nev. 842, 847, 858 P.2d 1258, 1261 (1993).

Defendants' September 24, 2019 Motion to Dismiss

Defendants moved for dismissal/summary judgment on September 24, 2019. Defendants provided evidence in the form of an affidavit from the licensed plumbing company that the February 2017 leak had been repaired, thus negating the Defendants duty to disclose under NRS Chapter 113 and Nelson v. Heer, 123 Nev. 217, 163 P.3d 420 (2007).

In their Opposition, the Plaintiffs did not present any facts to rebut the Defendants' evidence that the February 2017 leak had been repaired, but instead sought sanctions for Defendants filing the motion.

At the November 7, 2019 hearing, because the Plaintiffs failed to rebut the facts in the Defendants' motion, this Court stated its inclination to grant the Defendants' motion. Instead, to permit the Plaintiffs to fully present their case, this Court gave Plaintiffs 90 days to conduct discovery and permitted the Plaintiffs to file a supplemental brief demonstrating a genuine issue of material fact. Defendants were also permitted to file a supplemental brief in response to the Plaintiffs' supplement.

The Plaintiffs' Discovery

Between November 7, 2019 and February 13, 2020, the Plaintiffs conducted extensive discovery, which included serving numerous subpoenas for documents, serving interrogatories, requests for production of documents and requests for admissions. Plaintiffs took the depositions of six witnesses. ⁴ The Defendants produced nearly 1000 pages of documents as supplemental disclosures and responses to the Plaintiffs' interrogatories and requests for production. The Plaintiffs also produced over 5000 pages of documents.

⁴ The Plaintiffs deposed Rakeman principal Aaron Hawley and employee William "Rocky" Gerber, Dr. Swanson (two separate depositions), Dr. Swanson's assistant Nicky Whitfield, and Defendants'/Sellers' real estate agents, Ivan Sher and Kelly Contenda.

On April 7, 2020, this Court held a hearing regarding the Defendants' motion, and makes the following findings of fact and conclusions of law.

III.

LEGAL STANDARDS

The following legal standards are applicable to this case:

Summary Judgment Standards

Because the parties presented matters outside the pleadings, this Court treats the Defendants' motion "as one for summary judgment and disposed of as provided in Rule 56." See NRCP 12(c) and Kopicko, 114 Nev. at 1336, 971 P.2d at 790 (1998).

Since Wood v. Safeway,5 the Nevada Supreme Court has followed a gradual trend toward favoring summary judgment as a "valuable tool to weed out meritless cases [which is] no longer a 'disfavored procedural shortcut.'" Boesiger v. Desert Appraisals, LLC, 444 P.3d 436, 438-439, 2019 Nev. LEXIS 39, *4-5 (July 3, 2019) ("[s]ummary judgment is an important procedural tool by which factually insufficient claims or defenses [may] be isolated and prevented from going to trial with the attendant unwarranted consumption of public and private resources"). See also Wood, 121 Nev. at 730, 121 P.3d at 1030 (summary judgment "is an integral part of the [rules of civil procedure] as a whole, which are designed to secure the just, speedy and inexpensive determination of every action.")

"Summary judgment is appropriate if the pleadings and other evidence on file, viewed in the light most favorable to the nonmoving party, demonstrate that no genuine issue of material fact

В. NRS Chapter 113 Standards Regarding Pre-Closing Disclosures in Real Estate **Transactions**

Plaintiffs' claims are premised on the Defendants' purported failure to disclose a February 16, 2017 water leak which, according to the Plaintiffs, was indicative of a systemic plumbing defect. The Plaintiffs' claims are based on violation of NRS Chapter 113.

NRS §113.140 provides:

Disclosure of unknown defect not required; form does not constitute warranty; duty of buyer and prospective buyer to exercise reasonable care.

- 1. NRS §113.130 does not require a seller to disclose a defect in residential property of which the seller is not aware.
- 2. A completed disclosure form does not constitute an express or implied warranty regarding any condition of residential property.
- 3. Neither this chapter nor chapter 645 of NRS relieves a buyer or prospective buyer of the duty to exercise reasonable care to protect himself or herself.

In Nelson v. Heer, the Nevada Supreme Court defined a seller's disclosure obligations under NRS 113.130 and NRS 113.140. The Nevada Supreme Court ruled that repairing damage negates a seller's duty to disclose damage because repaired damage "no longer constitute[s] a condition that materially lessen[s] the value of the property." Nelson, 123 Nev. at 224, 163 P.3d at 425. Id. According to the Court, "the seller of residential real property does not have a duty to disclose a defect or condition that 'materially affects the value or use of residential property in an adverse manner,' if the seller does not realize, perceive, or have knowledge of that defect or condition."6

⁶ Further, pursuant to statute, recovery is completely barred "on the basis of an error or omission in the disclosure form that was caused by the seller's reliance upon information provided to the seller by:... (b) A contractor, engineer, land

NRS §113.150(2) provides:

Remedies for seller's delayed disclosure or nondisclosure of defects in property; waiver.

- 2. If, before the conveyance of the property to the purchaser, a seller or the seller's agent informs the purchaser or the purchaser's agent, through the disclosure form or another written notice, of a defect in the property of which the cost of repair or replacement was not limited by provisions in the agreement to purchase the property, the purchaser may:
- (a) Rescind the agreement to purchase the property at any time before the conveyance of the property to the purchaser; or
- (b) Close escrow and accept the property with the defect as revealed by the seller or the seller's agent without further recourse.

IV.

SUMMARY OF FINDINGS OF FACT

The Court finds the following facts are undisputed and supported by the evidence presented by the parties:

- In 2015, Rakeman Plumbing installed the plumbing system manufactured by Uponor at property located at 42 Meadowhawk Lane, Las Vegas, Nevada.
- The 42 Meadowhawk Lane property is the subject of the Plaintiffs' lawsuit.
- There was a leak in the Uponor plumbing system on February 16, 2017;
- Plaintiffs' action is premised on the Defendants' failure to disclose the February 16, 2017 leak;
 - A licensed plumbing contractor, Rakeman Plumbing, completely repaired the February 16, 2017 leak;7
 - Because Rakeman repaired the February 16, 2017 leak, Defendants did not disclose it on the

surveyor, certified inspector as defined in NRS 645D.040 or pesticide applicator, who was authorized to practice that profession in this State at the time the information was provided." NRS 113.150(5).

⁷ The Court notes that the Rakeman invoice relating to the February 2017 leak has a May 23, 2017 date. However, the undisputed evidence shows that the invoice was created after the fact when Rakeman submitted its warranty claim to Uponor. The evidence is undisputed that invoice with the May 23, 2017 date is for the February 16, 2017 leak and documents that Rakeman completely repaired that leak.

- There was a second leak in the Uponor system on November 7, 2017 during the escrow period of the sale;
- On November 15, 2017, prior to the November 17, 2017 closing date, Defendants disclosed the leak in an addendum;
- Defendants' agent emailed the disclosure to Plaintiffs' agent on November 16, 2017;
- Plaintiffs did a walk-through before closing and knew about the November 7, 2017 leak;
- With knowledge of the November 7, 2017 leak, the Plaintiffs' agent emailed Defendants' agent with proposed options, including an acknowledgment that Plaintiffs could walk away and elect to terminate the contract and not close on the property;
- With knowledge of the November 7, 2017 leak, the Plaintiffs elected to close on the property on November 17, 2017;
- In 2015, an inspection revealed that two recirculating pumps were leaking and the recirculating pumps were replaced. The recirculating pumps failure occurred in a different area of the residence than the February 2017 and November 2017 leaks, and are not related to the claims in Plaintiffs' Second Amended Complaint;
- The same inspection showed a plumbing leak above the ceiling of the basement bathroom, which the report also described as a "drip." The leak/drip occurred in a different area of the residence than the February 2017 and November 2017 leaks, and are not related to the claims in Plaintiffs' Second Amended Complaint. Neither Rakeman nor the Defendants could identify a source of the drip, and there is no evidence that the leak/drip persisted after the date of the report, May 11, 2015;
- On November 17, 2017, the day of the closing, Infinity Environmental Services conducted

- Infinity tested for possible fungal levels in the master bathroom and master closet, which is the area where the February 2017 and November 7, 2017 leaks occurred;
- Infinity provided results of their mold testing on November 24, 2017, seven (7) days after the Plaintiffs closed on the property;
- Plaintiffs knew Infinity was conducting the tests on November 17, 2017.
- Plaintiffs closed on the property on November 17, 2017 before the Infinity results were reported;
- After closing, the mold was fully remediated and a subsequent mold test conducted on December 5, 2017 showed the area to be mold-free, as documented in a December 7, 2017 Infinity Report;
- The results of the mold test were not provided by Infinity to Defendants because the Defendants no longer owned the property and there is no evidence showing that the Defendants knew of the results of the mold test on or before the closing date.

V.

CONCLUSIONS OF LAW

This case centers around the Plaintiffs' claim that the Defendants concealed a February 2017 water leak. Throughout these proceedings, the Defendants have asserted, together with providing undisputed proof, that the February 2017 water leak was completely repaired by a licensed plumbing contractor, Rakeman Plumbing. Defendants have always asserted that under Nelson v. Heer and NRS Chapter 113, the repair negated Defendants' duty to disclose.

In responding to the Defendants' motion on the Plaintiffs' Second Amended Complaint, the Plaintiffs did not refute the Defendants' proof that the leak had been repaired. However, rather than dismiss the action at that time, this Court granted the Plaintiffs' request for discovery to establish facts

showing the February 2017 leak was not repaired and that the Defendants knew the leak had not been repaired, two facts required by Nelson.

The Defendants cooperated fully with the discovery undertaken by the Plaintiffs. While the discovery revealed additional facts, none of those additional facts are material to the claims made in the Plaintiffs' Second Amended Complaint. Rather, the end-result of Plaintiffs' discovery efforts is that, despite the testimony and the plethora of documents produced, and despite the Plaintiffs' efforts to cast the evidence in their Supplement as creating genuine issues of material fact, the Plaintiffs' case still fails as a matter of law.

Specifically, through the discovery undertaken and the resulting arguments in Plaintiffs' Supplemental Brief, Plaintiffs attempted to create a question of fact by asserting that there were "at least six (6) water losses in a little over two years (April 2015 to November 2017) that [the Defendants] owned the home." However, the evidence shows that the only relevant "water losses" relate to two failures in the Uponor plumbing system, one which occurred in February 2017, which the Defendants' repaired, and one which occurred in November 2017, which the Defendants disclosed prior to the Plaintiffs' closing on the property.

The Plaintiffs have failed to present evidence to establish the one fact that could possibly make their claims viable: that the February 2017 leak was not repaired. To the contrary, the undisputed facts establish that the February 2017 leak was repaired, thus abrogating any requirement that it be disclosed, as fully explained in Nelson. The other purported "water losses" complained of by the Plaintiffs are unrelated to their claims and, further, do not materially affect the value of the property.

A. The Undisputed Evidence Shows that the Allegedly Concealed Leak Was Repaired and that Pursuant to NRS Chapter 113 the Defendants Did Not Conceal the Leak

Plaintiffs lawsuit is predicated on their allegations that the Defendants failed to disclose a

February 16, 2017 water leak in the Uponor plumbing system. The Plaintiffs allege the leak indicated a "systemic" defect "known to the defendants prior to the closing of the transaction." The Plaintiffs allege that:

Shortly after the closing occurred, the Plaintiffs were made aware of [a] water loss that had occurred at the Subject Property in approximately February of 2017 by the plumbing system manufacturer, Uponor.

The Defendants have always maintained that the February 2017 leak was repaired, and the undisputed evidence shows that indeed it was repaired. The Defendants presented an invoice from Rakeman Plumbing showing that Rakeman repaired the leak in question.

The Rakeman invoice is dated May 23, 2017, thus causing some confusion regarding the date the leak occurred. The documents and testimony, considered in conjunction with one another, clarify any potential confusion.8 The undisputed evidence shows the following: (1) The Uponor system had two leaks in 2017, one occurring on February 16, 2017 and one occurring on November 7, 2017; (2) the February 16, 2017 leak was completely repaired by Rakeman, and the details of the repair are outlined in the May 23, 2017 Rakeman invoice; and (3) the November 7, 2017 leak was disclosed by the Defendants on November 15, 2017, prior to closing.

The Defendants presented the following testimony showing the leak occurred on February 16. 2017, and that Rakeman repaired that leak:

Dr. Swanson's Testimony

The undisputed evidence shows that early in the case, just prior to the August 2018 mediation, Dr. Swanson recalled a "small pinhole leak" which, to his recollection, occurred in January 2017.

⁸ The affidavit of Rakeman owner Aaron Hawley, which accompanied the Defendants' motion for judgment on the Plaintiffs' Second Amended Complaint, references work done on May 23, 2017. The affidavit was prepared with reference to the May 23, 2017 invoice. The May 23, 2017 document has confused everyone - because there is no evidence of a May 23, 2017 leak. However, as discussed herein, the May 23, 2017 date reflects Rakeman's documentation for seeking payment under the Uponor warranty. The documents and testimony, reviewed together, establish that the leak occurred in February 16, 2017, not May 23, 2017.

	11	
1	During his deposition, Dr. Swanson testified that the leak actually occurred in February:	
2	Q: So there was another leak in January, 2017?	
3	A: No. I think there was a lot of trouble pinning down the date of the February leak, but the date was February 17 th or 18 th or something like that, I think. Or 7 th or 8 th .	
5	The Defendants' responses to Plaintiffs' interrogatories confirmed the February 16, 2017 date.	
7	Dr. Swanson testified in his deposition and when questioned about the May 23, 2017 date on	
8	the Rakeman invoice, cleared up the confusion regarding the date of the leak:	
9	Q: [The May 23, 2017 date is] not accurate, is it, Doctor?	
10 11	A: I don't believe so, unless my dates are off. Because I keep seeing this date, but I think that was the date of the [Rakeman] invoice.	
12	Q: Okay. And the actual leak occurred sometime in February of 2017, didn't it Doctor?	
13	A: Yeah, to the best of my knowledge.	
14 15	Dr. Swanson also testified as follows:	
16	Q: Doctor, were there two leaks in early part of '17? Did it occur in January or February of 2017 and then there was a subsequent leak in May of 2017.	
17	A: No There was only one leak.	
18 19	Plaintiffs' counsel cleared up the confusion by his own questions: Q: Okay. I — and that's what we don't want to be, is confused about the dates of any	
20	of these leaks occurring. So it's your understanding that the leak occurred somewhere in the time period of January or February of 2017, correct?	
21	A: Yes, I — I saw those dates and I found some documents that were pretty persuasive	
22	that the date was in February, whatever the date was, February 8 th or whatever. ***	
23 24		
25	A: All I know is that I kept seeing [the May 23, 2017] date and it didn't make sense, so I tried to find the correct date And that's what I came up with.

Rakeman Plumbing Testimony

The Rakeman Plumbing documents and testimony showed that the leak in question occurred in February 2017 and that Rakeman plumbing repaired the leak. The Defendants submitted the affidavit of Aaron Hawley, which establishes that the leak in question was repaired. Clearing up the date "confusion," Mr. Hawley testified that Rakeman does not always prepare invoices for Rakeman warranty work. According to Mr. Hawley,

if there's warranty work done behind our new construction, there may not be any papers behind it. It's not like it's an invoicable call to where somebody calls up. . . . If this was done under warranty, which I don't know if it was or wasn't, there may not be any papers involved.

Mr. Hawley testified that he was very familiar with the 42 Meadowhawk Lane property and that he and his employee, Rocky Gerber, discussed the property on many occasions. Mr. Hawley recalled that there were only two leaks in 2017. He recalled one leak during closing (November) and testified that the other leak occurred in either February of May, but not both.

Rocky Gerber testified that for warranty work covered by the manufacturer, as opposed to work covered under Rakeman's own warranty, a summary is always prepared "after the fact." According to Mr. Gerber, a summary to the manufacturer "has to be done after the fact.9"

Uponor Documents

The Uponor documents are perhaps the most revealing. Uponor records show the "initial claim" [was] submitted [by Rakeman Plumbing] to Uponor in February 2017. Uponor documents reference a failure date of February 16, 2017. Uponor sent a check to Rakeman for \$2,496.00 on June 9, 2017 in satisfaction the February 16, 2017 leak. The check and letter reference the \$2,496.00 amount, which

⁹ Consistent with the testimony from Hawley and Gerber, the May 23, 2017 invoice had to be prepared after the fact. Indeed, the attached Rakeman document references April 5, 2017 as "Wanted" and "Promised" which predates the May 23, 2017 invoice date. So, it is impossible that the leak occurred in May.

corresponds with the May 23, 2017 Rakeman invoice which was also for \$2,496.00.

These documents clearly establish a nexus between the February 16, 2017 "failure date" documented by Uponor and the Rakeman repair invoice dated May 23, 2017, thereby establishing the fact that there was only one leak in the first half of 2017, on February 16th.

Nicky Whitfield's Testimony

At the time Dr. Swanson's assistant, Nicky Whitfield, began working for Dr. Swanson in March 2017, Rakeman was in the process of finalizing repairs on the February 16, 2017 leak. According to Ms. Whitfield's sworn testimony, "when I started [working for Dr. Swanson] they were just finishing repairs of the carpet." Based on this testimony, the repairs could not have been underway in March if the leak did not occur until May.

Viewing the evidence in the light most favorable to the Plaintiffs, it cannot be reasonably disputed that the first leak in 2017 was in February. Further, the Plaintiff presented no evidence that more than one leak occurred in the first half of 2017. It cannot be reasonably disputed that the leak occurring in the first half of 2017, regardless of whether it happened in February or May, was fully repaired, thus abrogating its disclosure under Nelson.

This Court finds that the undisputed evidence establishes that the leak which is the subject of the Plaintiffs' action occurred on February 16, 2017, not May 23, 2017, which is the date on the Rakeman invoice.

Further, this Court finds that the Rakeman invoice, testimony and Hawley affidavit provide uncontroverted evidence that the February 16, 2017 leak was completely repaired, thus negating the Defendants' duty of disclosure. This Court finds that the Plaintiffs' allegation the Defendants failed to disclose a water leak in their October 24, 2017 disclosures is not supported by the evidence and fails as a matter of law. Thus, summary judgment is warranted under the standards set forth in NRCP 56(a), NRS Chapter 113 and Nelson v. Heer.

B. The Undisputed Evidence Shows that the Plaintiffs Knew About the November 7, 2017 Leak, But Nonetheless Elected to Close

Plaintiffs Supplement asserted for the first time that Plaintiffs did not know about the November 7, 2017 leak until after the closing. Referencing "Affidavit of Joe Folino and Affidavit of Nicole Folino," the Plaintiffs' Supplement asserts they executed the closing documents on November 16, 2017 and "were not notified of any plumbing problems with the Subject Property prior to November 17, 2017." Plaintiffs' filed Supplement, however, did not actually include either affidavit. ¹⁰

On February 25, 2020, 12 days after filing their Supplement and 5 days after Defendants' counsel requested that Plaintiffs provide the affidavits, Plaintiffs' counsel emailed two un-signed "affidavits," purportedly made by Joseph Folino and Nicole Folino, to defense counsel. However, the un-signed and unsworn Folino "affidavits" do not support Plaintiffs' claim that they were unaware of the November 7, 2017 leak prior to closing. Even if they did, under NRCP 56, the "affidavits" are not admissible "facts" for purposes of challenging summary judgment since neither is signed.

The admissible facts, however, refute the Plaintiffs' claim they did not know about the November 7, 2017 leak before they closed. First, this new allegation *directly* contradicts the allegations in the Plaintiffs' own pleadings. Plaintiffs asserted the following allegations in their Second Amended Complaint:

- 24. Prior to the closing of this transaction, the Plaintiffs requested and were given the opportunity to perform their own site inspection of the Subject Property;
- 25. This pre-closing inspection occurred on or before November 17, 2017;
- During this inspection, the Plaintiffs uncovered a water leak that was in the process of being repaired by the Defendants;

¹⁰ The unsigned and unsworn "affidavits" further allege that Defendants requested a lease-back of the property "for the purpose of concealing repairs taking place on a leak that had occurred on or about the first week of 2017." This contention ignores the undisputed evidence that the lease-back agreement is dated November 6, 2017, which was the day before the November 7, 2017 leak.

These allegations directly contradict the unsupported argument that they did not know about the November 7, 2017 leak.

Second, Plaintiffs' assertion is also contradicted by evidence showing the Defendants specifically disclosed the leak via Addendum 4-A, emailed to Plaintiffs' agent early in the day, at 8:31 a.m., on November 16, 2017. 11 Addendum 4-A, stated:

Seller is disclosing that there was a water leak in the master closet from a water pipe that broke. The Seller is fully remediating the issue to include new baseboards, carpet, etc. and all repair items regarding this leak will be handled prior to closing.

The same day, at 1:48 p.m., the parties' agents exchanged texts discussing a \$20,000 hold back because the buyers "don't want to rely on the plumber and their warranty." This shows that on November 16, the day prior to closing, the parties' agents were discussing potential remedies for dealing with the disclosed leak.

Again, later that same day, but prior to closing, at 9:00 p.m. on November 16, 2017, the Plaintiffs' agent, Ashley Oakes-Lazosky, sent a detailed email to Defendants' agent wherein she acknowledges that "at this point due to the change in circumstances with the last minute issue with the leak, the buyer's recourse is to walk at this point if they are not comfortable with the repairs/credits."

Finally, Plaintiffs' knowledge of the November 7, 2017 leak is further confirmed by the

¹¹ An agent's knowledge is imputed to the principal. ARCPE 1, LLC v. Paradise Harbor Place Trust, 2019 Nev. Unpub. LEXIS 1017, *2, 448 P.3d 553 (2019); Strohecker v. Mut. Bldg. & Loan Ass'n of Las Vegas, 55 Nev. 350, 355, 34 P.2d 1076, 1077 (1934). Under this maxim, the Plaintiffs had at least constructive knowledge of the November 7, 2017 leak. See e.g. Kahn v. Dodds (In re AMERCO Derivative Litig.), 127 Nev. 196, 214, 252 P.3d 681, 695 (2011).

testimony of Nicky Whitfield. Ms. Whitfield testified by affidavit that "[o]n November 16, Mr. & Mrs. Folino conducted a walk-through of the entire house" and Ms. Whitfield "showed [Ms. Folino] exactly where the leak had occurred. Ms. Whitfield's testimony is consistent with the Plaintiffs' own allegations and the other evidence.

C. The Plaintiffs' Election to Close Bars Their Concealment Action

The Plaintiffs' election to close escrow bars their claims under general waiver principles. See e.g. Udevco, Inc. v. Wagner, 100 Nev. 185, 189, 678 P.2d 679, 682 (1984) (discussing elements of waiver as: (1) voluntary and intentional relinquishment of a known right; and (2) made with knowledge of all material facts.) Waiver of a known right can be implied by conduct. Id. The Plaintiffs' conduct shows that they relinquished their rights to refuse to close.

NRS 113.150(2) incorporates these waiver principles. Under NRS §113.150(2), the Plaintiffs' options were to either "rescind the agreement to purchase the property at any time before the conveyance of the property to the purchaser; or close escrow and accept the property with the defect as revealed by the seller or the seller's agent without further recourse."

The evidence is undisputed that prior to closing, the Defendants provided notice to the Plaintiffs regarding the November 2017 Uponor system leak. The evidence is undisputed that the Plaintiffs' agent sent a detailed email to Defendants' agent acknowledging that the Plaintiffs' recourse was to elect to not close. The evidence is undisputed that with knowledge of all the material facts, Plaintiffs relinquished their right to walk by closing on the property on November 17, 2017.

This Court finds that the Plaintiffs' election to close escrow bars "further recourse," as a matter of law.

D. The 2015 "Water Losses" are Unrelated to the Plaintiffs' Allegations that the Defendants Failed to Disclose a Systemic Plumbing Defect

For the first time in their Supplement, Plaintiffs assert that Defendants wrongfully failed to disclose "water losses" that occurred in 2015. But the Plaintiffs failed to present any evidence showing that the 2015 leaks have anything to do with the Uponor plumbing system, which it the basis of their Second Amended Complaint. In contrast, the undisputed evidence shows that these issues have nothing to do with the Uponor system. Rocky Gerber of Rakeman Plumbing testified that the recirculating pumps and the Uponor piping system are two different systems.

The parties do not dispute that construction of the 42 Meadowhawk property was completed in April 2015. Shortly thereafter, on May 11, 2015, Defendants contracted for a post-construction Home Inspection Report. The evidence shows that Dr. Swanson made notes on the report as the items in the report were repaired, to document the progress of the repairs, ¹² rather than to conceal a defect. Dr. Swanson testified:

- Q. What was the reason why you had this report prepared?
- A. Because the house was essentially finished being built. I had moved in already, and I wanted to make sure that there were no issues or problems that Blue Heron hadn't finished or there were no problems with their construction.

This Court finds that the Plaintiffs' failed to present any facts that the 2015 leaks are in any way related to their claims that the Defendants concealed a water leak indicative of a "systemic defect" in the plumbing system, as alleged in their Second Amended Complaint and as such, cannot defeat summary judgment.

///

¹² The notes are admissible as "present sense impressions" and thus are not hearsay under NRS 51.085. NRS 51.085 provides that a "present sense impression" is "[a] statement describing or explaining an event or condition made while the declarant was perceiving the event or condition, or immediately thereafter, is not inadmissible under the hearsay rule."

E. The Plaintiffs' Fraud Claim is Derivative of Plaintiffs' Concealment Claim and Fails by Operation of Law

This Court also finds that the Plaintiffs' fraud claim fails as a matter of law. The Plaintiffs' Second Amended Complaint alleges one wrong: Defendants' failure to disclose a February 2017 water leak, which purportedly concealed a systemic plumbing defect. The Plaintiffs fraud claim is derivative of their NRS Chapter 113 concealment claim. 13

Because this court finds that summary judgment is warranted regarding the Plaintiffs concealment claim, the Plaintiffs' fraud claim fails as a matter of law.

VI.

ORDER

Pursuant to the findings of fact and conclusions of law detailed herein, this Court finds that summary judgment is warranted regarding the Plaintiffs' Second Amended Complaint because the Plaintiffs failed to present facts showing disputed issues of material fact which preclude summary judgment under NRCP 56.

The evidence shows that the Defendants' purported concealment relates to a February 16, 2017 water leak and that the leak was completely repaired by licensed plumbing contractor, Rakeman Plumbing. The evidence shows that under Nelson v. Heer and NRS §113.130 & 140, the repair and Defendants' knowledge of the repair negated the Defendants' duty to disclose the leak in the October 24, 2017 Sellers Real Property Disclosure Form. Further, the undisputed evidence shows the Plaintiffs knew about the November 2017 leak, but nonetheless elected to close on the property. The Plaintiffs' election to close bars further recourse under NRS §113.150(2).

¹³ NRS Chapter 113 provides plaintiffs with a statutory remedy to redress a seller's failure to disclose a defect or condition in a real estate transaction. The statute preempts the Plaintiffs' fraud claim. See Calloway v. City of Reno, 116 Nev. 250, 993 P.2d 1259 (2000), citing Casa Clara v. Charley Toppino and Sons, 620 So.2d 1244, 1247 (Fla 1993) (noting that home buyers are protected by "statutory remedies, the general warranty of habitability and the duty of sellers to disclose defects, as well as the ability of purchasers to inspect houses for defects.")
