1 it automatically substantiated the allegations that caused my name to be placed in a  
2 public data base for abuse and neglect and automatically caused my daughter to be  
3 made a ward of the court and this proves my argument that these things were direct and  
4 penal consequences of my plea that I wasn't made aware of and they prove that I was  
5 sentenced to domestic violence counseling in 2 courts and under the same indictment  
6 and they prove that the judge ordered the attorney that was already appointed to me to  
7 stop representing me before the substantiation trial and that he coerced a testimony  
8 from me and they prove that I objected to the guardianship and that my attorney and the  
9 court changed it so that they could order it without me and they prove that my United  
10 States Constitutional rights were violated.
