ORDER RESCINDING TRANSFER TO COURT OF APPEALS

On December 24, 2020, this appeal from a district court order determining child custody was transferred to the court of appeals pursuant to NRAP 17(b)(10). Due to events occurring after the time of transfer, it now appears that the court of appeals judges may need to recuse themselves from consideration of the matter. Based on these circumstances, and in the interest of judicial economy, the December 24 transfer order is rescinded and this appeal is recalled to this court for resolution.

It is so ORDERED.
