CLERK OF SUPREME COURT

No. 82245

*ORDER*

Appellant has filed a pro se motion for leave to file a motion for stay in excess of the page limitation. The proposed motion is 34 pages long, more than 3 times the length allowed by NRAP 27(d)(2). The length of the proposed stay motion is not necessary to provide this court with a complete understanding of the requested relief. Therefore, the motion for leave to file an overlong stay motion is denied. The clerk of this court shall strike the motion for stay filed on April 13, 2021.

Appellant has also filed two motions for judicial notice. The motion requesting that this court take judicial notice of a "Motion to dismiss for lack of Subject-Matter Jurisdiction on 1099 Independent workers under Title 1V-D" is denied. The motion for judicial notice of NRS 33.020 and NRS 33.080 is granted to the following extent. This court shall take judicial notice of the existence and text of NRS 33.080 and NRS 33.080. All other relief requested in the motion is denied.

It is so ORDERED.
