1 MR. PARKER: That is correct, Your Honor. I just
2 don't want to take them apart, because --

3 THE COURT: But you've got to now take it apart.

4 (Pause in the proceedings)

5 MR. PARKER: Can I show those to the witness?

6 THE COURT: You may.

7 So 301's been admitted, but it's a single-page
8 document. And what about 302?

9 MR. HYMANSON: No objection to the single-page
10 admission of -- the first page of 302.

11 THE COURT: 302 as a single page will be admitted.
12 Thank you. I appreciate your courtesy, Mr. Hymanson.

13 (Plaintiffs' Exhibit 302 admitted)

14 THE COURT: We're using the Elmo.

15 BY MR. PARKER:

16 Q So I have Exhibit 301 on the Elmo. And the reason I
17 put it on the Elmo, Mr. Gilbert, is just so everyone else in
18 the room can see it. But this is the application, you can
19 see, from Thrive. And you can see the address that we just
20 spoke of from I think it was D4, which was DOT041840. You see
21 it?

22 A I do.

23 Q Is the address the same?

24 A Yes, it is.

25 Q All right. And let me show you Exhibit 302. This

1 is the Essence application Attachment A. Would you agree
2 again that the application includes the address of 5130 South
3 Fort Apache Road, Suite 215 through 147?

4 A Yes.

5 Q All right. Now, did you provide any training to the
6 evaluators on their review of the locations or the addresses
7 provided in these applications?

8 A The training -- well, the location wasn't required,
9 so they weren't trained on verifying a location.

10 Q If location was not required and they were not
11 provided any training on location, how would you determine the
12 impact on the community?

13 A I think I mentioned earlier that we would look at
14 the application, the contents of the application, the
15 comprehensive information that they provided, and evaluate it
16 appropriately.

17 Q Okay. But that would not necessarily tell you where
18 in the community the establishment would be located; is that
19 correct?

20 A We would know the jurisdiction, the evaluators would
21 have.

22 Q Well, if you use that address that was contained in
23 both those applications, this would be what you would see.

24 MR. PARKER: Your Honor, this is a demonstrative.

25 This is --

1 (Pause in the proceedings)

2 THE COURT: Okay. So we're going to use the
3 demonstrative exhibit that's been identified and it's now
4 going to bear the next demonstrative in order.

5 THE CLERK: D7.

6 MR. PARKER: May I approach?

7 THE COURT: You may.

8 MR. PARKER: May I approach the witness, Your Honor?

9 THE COURT: You may.

10 MR. PARKER: So just for purposes of the room, this
11 is a -- the result of a Google Maps search performed today,
12 June 11, 2019, which it says at the top left corner.

13 BY MR. PARKER:

14 Q And then if you go below to the bottom, this is a
15 street view and it says -- you can see the information pulled
16 up through Google Maps, and it says 5130 South Fort Apache
17 Road. Do you see that?

18 A I do, yes.

19 Q Is that the same address that's contained in the
20 applications for both Thrive and Essence?

21 A Yeah. The 5130 South Apache Road is the same.

22 Q And would you agree with me that in terms of
23 determining from an evaluation standpoint the impact on the
24 community it would be difficult to use this location for that
25 evaluation?

1 A Do mind repeating that question, sir?

2 Q Yes. Wouldn't it be difficult to use a UPS Store
3 location in determining whether or not there be an impact on
4 the community as a part of the non-identified criteria?

5 A Well, the evaluators didn't take into account the
6 location when they evaluated the impact on the community.

7 Q Okay. And let me have this --

8 MR. PARKER: Any objection?

9 MR. HYMANSON: No objection, Your Honor.

10 THE COURT: And is this another demonstrative
11 exhibit?

12 MR. PARKER: It is, Your Honor. It'd be D8.

13 THE COURT: Okay.

14 (Pause in the proceedings)

15 MR. PARKER: May I approach, Your Honor?

16 THE COURT: You may.

17 BY MR. PARKER:

18 Q Now, D8 is again pulled up this morning, today, June
19 11, 2019, and it shows the address of the UPS Store as 5130
20 South Apache Road, Suite 215. Would you agree with me that
21 both applications use that same starting number for the
22 suites, 215?

23 A Yes.

24 Q All right. Now, would you also agree with me that
25 it would be difficult place both Thrive and Essence and the

1 floor plans that they submitted in that location?

2 THE COURT: In the UPS Store?

3 MR. PARKER: Exactly.

4 THE COURT: Okay.

5 BY MR. PARKER:

6 Q I don't think UPS Store would allow it. But even if

7 they would, seeing what we've seen from the street view,

8 wouldn't it be difficult to place those two locations in that

9 UPS Store?

10 A It would be difficult.

11 Q Impossible even?

12 A Yeah. It would be impossible.

13 Q Now, tell me, especially given what Mr. Jolley said

14 -- Mr. Jolley said that, we have this floor plan that we've

15 used that we may tweak from place to place but it works.

16 Would you agree with me that floor plan, no matter how much

17 tweaking he does, won't fit in in this location?

18 A I don't know the size of the locations or the size

19 of the floor plan that Mr. Jolley submitted. I would -- I

20 don't know if I can answer that yes or.

21 Q How about Essence or Thrive, since they listed --

22 both of them listed this location?

23 A Together?

24 Q Yeah. I showed you the applications. They both

25 listed this location.

1 A Can you repeat the question, please.

2 Q Yes. Is there a way of placing both of their floor
3 plans in this location?

4 A I would probably guess -- say no.

5 Q All right. Now, if you were tasked or charged with
6 the responsibility to determine whether or not a location is
7 of adequate size and especially, the one I like the most, the
8 building is of adequate size, would you not agree with me that
9 there is no way on God's green earth that this building would
10 be of adequate size for either Thrive or Essence or both of
11 them combined?

12 THE COURT: And you're referring to the UPS Store?

13 MR. PARKER: I am.

14 THE COURT: Okay.

15 BY MR. PARKER:

16 Q Isn't that true, sir?

17 A Can you repeat that question.

18 Q Isn't it -- well, I won't use God's green earth this
19 time. I saw the Judge cringe a little when I did it.

20 Wouldn't you agree, sir, that the verbiage "adequate
21 size" is a part of the criteria in the application evaluation
22 process?

23 A Yes.

24 Q Wouldn't you agree with me that there's no way that
25 an evaluator utilizing this information would be able to say

1 and grade Thrive or Essence and indicate that they meet this
2 criteria when their locations and their floor plans couldn't
3 fit in this UPS Store?

4 A Well, I would have to talk to the evaluators, of
5 course, but the location wasn't scored or ranked.

6 Q Yes. But if the -- I'm sorry.

7 A So the UPS Store wasn't taken into consideration
8 with the size of the floor plan.

9 Q You would agree with me that this building is not an
10 adequate size to accommodate their floor plans?

11 MS. SHELL: Asked and answered, Your Honor.

12 THE COURT: Overruled.

13 BY MR. PARKER:

14 Q Isn't that true?

15 A Can you repeat it.

16 Q Yes. Wouldn't you agree that this building is not
17 of adequate size to accommodate the Thrive or Essence floor
18 plans?

19 MR. HYMANSON: Objection. Speculation.

20 THE COURT: Overruled.

21 MR. HYMANSON: Thank you, Your Honor.

22 THE COURT: You made the record, Mr. Hymanson.

23 BY MR. PARKER:

24 Q Isn't that true, sir?

25 A I mean, I'd have to look at the applications and see

1 their floor plan, their proposed.

2 Q If the floor plans were in excess of the size of the
3 UPS Stores, would you then agree with me, sir, that the
4 buildings would not have been of adequate size?

5 A If they decided to use the UPS Store as their
6 location.

7 MR. PARKER: Your Honor, I want to make sure that D4
8 has been admitted into evidence.

9 THE COURT: None of the Ds are admitted. They're
10 used. They're demonstrative.

11 MR. PARKER: Okay. I'm sorry. Have we actually --
12 we do have D4, do we not?

13 THE COURT: There were some Ds that there was a
14 stipulation to admit, but they have to get a different number,
15 because Ds are demonstrative.

16 MR. PARKER: I got you.

17 THE COURT: But since there's no jury, it doesn't
18 really matter.

19 MR. PARKER: I agree. But --

20 THE COURT: There's no jury room for them not to go
21 back to.

22 MR. PARKER: Yeah. I thought there was some
23 stipulation, and that's what Mr. Cristalli thought, as well.

24 THE COURT: There was. There was.

25 MR. PARKER: Can we --

1 THE COURT: But I've got to have a real exhibit
2 number. Ds are demonstrative.

3 MR. PARKER: Can I get a real one for this one?

4 THE COURT: So, Dulce, for those Ds that the parties
5 stipulated to admit we need to actually make a separate copy.
6 So we a D and another copy. And you can use the D numbers,
7 but I've just got to -- demonstrative and then admitted.

8 Are you guys done kibitzing?

9 MR. SHEVORSKI: Yeah. We're just trying to make
10 sure it includes every on there.

11 MR. KOCH: As long as it includes everybody.

12 MR. PARKER: It does.

13 MR. KOCH: Okay. Just put the whole thing up.

14 MR. PARKER: Let's see if we can get a Bate number
15 range for this exhibit, Your Honor.

16 THE COURT: Do you want it to be a real exhibit, or
17 a demonstrative exhibit?

18 MR. PARKER: A real exhibit.

19 THE COURT: So we're up to 303 for Mr. Parker?

20 Teddy, you are on a roll. You've got three exhibits
21 in in one day.

22 MR. PARKER: You know, I am, Your Honor. I just
23 want to make sure I get the full Bate range, because what Mr.
24 Cristalli gave me goes to 1839, and the one I was given by the
25 State goes through 1855.

1 MR. KOCH: Mr. Cristalli gave you both of those,
2 actually, because [inaudible].

3 (Pause in the proceedings)

4 MR. CRISTALLI: That's what happens -- that's what
5 happens when I organize anything.

6 (Pause in the proceedings)

7 MR. PARKER: Your Honor, we ask that the next
8 exhibit in order, I don't know what the number is, the real
9 exhibit number, it would be DOT041835 through DOT041856.

10 THE COURT: Any objection? This is 303. Any
11 objection?

12 MR. KOCH: I just want to see the rest of it if he's
13 adding another section to it.

14 (Pause in the proceedings)

15 MR. PARKER: May I approach, Your Honor?

16 THE COURT: You may.

17 THE CLERK: And then this is stipulated to.

18 MR. PARKER: Yes.

19 THE CLERK: Is it admitted, Your Honor?

20 THE COURT: Yes. They all stipulated, so we can
21 admit.

22 (Plaintiffs' Exhibit 303 admitted)

23 BY MR. PARKER:

24 Q So, Mr., Gilbert, I want to talk to you about the
25 scoring relative to liquidity. Are you familiar at all with

1 that part of the application?

2 A Liquidity?

3 Q Yes.

4 A Yes.

5 Q Were you involved at all in training on the

6 liquidity portion of the identified part of the application?

7 A No. That would have been Damon Hernandez.

8 MR. PARKER: Okay. So before we get there let me

9 look again at DOT27, which we were just looking at a second

10 ago in terms of roles and responsibilities, Shane.

11 UNIDENTIFIED SPEAKER: I'm sorry. Which exhibit was

12 that?

13 THE COURT: Dulce thinks it's 205.

14 MR. PARKER: Yeah, I think it's 205, actually. It

15 is 205, page 27.

16 BY MR. PARKER:

17 Q So this is Karalin Cronkhite's role; is that

18 correct?

19 A Yes.

20 Q All right. So the items listed here in fact she

21 performed?

22 A That would have been with the mock applications. So

23 she travelled from Las Vegas to Carson City, assisted with

24 training, sat with the evaluators while they evaluated the

25 mock applications.

1 Q How about in terms of checked scores? Were those
2 only mock scores, or were those the scores -- the final
3 scores?
4 A Only the mock scores.
5 Q All right. Go to 28 in terms of Damon Hernandez.
6 Would the same be true, that he only did these in terms of the
7 mock applications?
8 A Yes.
9 Q Okay. 29, David Witkowski. Again this is only the
10 mock application?
11 A Yeah, a mock application on the non-identified.
12 Q Did you have or determine what the reasonable length
13 of time it would take to review an application?
14 A No, we didn't until we got started. Now we were
15 able to project out a finish date.
16 Q And what was the determined reasonable time to
17 complete a review of an application form?
18 A I don't recall what that was.
19 Q Okay. Well, we'll get there. Let me have you take
20 a look at DOT128.
21 MR. PARKER: 128, Shane, same exhibit, 205.
22 BY MR. PARKER:
23 Q It says, "Revenue from application fees." You see
24 that?
25 A Yes.

1 Q Now, this first paragraph after the main paragraph
2 says, "Must be used to pay back the Division for actual costs
3 incurred by the Division in processing application, including,
4 without limitation, conducting background checks." What
5 background checks were speaking of?

6 A I think that's -- I think that's language right out
7 of the statute or the regulation.

8 Q Okay. And what background checks would that be
9 referring to?

10 A That would be to --

11 Q Because the only checks -- let me make sure we're
12 clear. The only checks that you've discussed with us today
13 that may have been done was checking applications against the
14 historical information that an applicant may have provided
15 previously, including any transfers of ownership.

16 This document seems to suggest that something more
17 than that was contemplated. Am I wrong or correct?

18 A That's just language out of the application. I
19 would need to see the rest -- the previous pages of what this
20 model was.

21 Q The previous page is page 127, which says "Marijuana
22 Initial Application Fees."

23 A Yeah. I think, if I recall correctly, this is just
24 going over the history of the program, how the program works,
25 the revenue, statutory language.

1 Q Okay. This page 127 still reflects the medical
2 marijuana statute; is that correct?

3 A It does. Yep.

4 Q Wasn't it your responsibility to adapt or change or
5 revise this training information to reflect 453D?

6 A It was actually Ky Plaskon adapted it.

7 Q Okay. So obviously he didn't change this one from
8 453A to 453D; is that correct?

9 A He must have missed it.

10 Q Okay. Fair enough. In terms of conduct background
11 checks, when you did the medical marijuana application process
12 you'd have only had the application information provided with
13 that application. There would be no data previously; is that
14 correct?

15 A That's correct.

16 Q All right. And so then in conducting a background
17 check, if you had no prior information, would that have
18 included now using outside sources to figure out if the
19 application was complete and honest?

20 A I'm sorry. I don't understand the question.

21 Q Yeah. So in 2014 you would have had this data
22 compiled relating to each of the licensee applicants, because
23 that would have been the first application; is that correct?

24 A Yes, that's correct.

25 Q So when you did background checks in 2014 did it

1 include actually going to other sources, the Secretary of
2 State, online, Google searches, anything looking at SEC
3 filings, was that included in the 2014 background checks?

4 A No, it was not. That refers to state and FBI
5 background checks.

6 Q Okay. Were state and FBI background checks utilized
7 for purposes of 2018 application process?

8 A Yes, they were.

9 Q All right. And were those for all owners, or just
10 owners listed?

11 A Well, all owners that were listed in the application
12 compared to what was on record at the Department.

13 Q So if there were owners that committed felonies that
14 were not listed who were in fact owners, you would never be
15 able to determine that based upon your own data; is that
16 correct?

17 A We rely on the data that's provided in the
18 application.

19 Q So that's a correct statement?

20 A Yeah. People can provide falsified information to
21 the Department. We hope they don't.

22 Q Right. So if they're a 30 percent owner and GGB or
23 Xanthic was a felony-convicted drug dealer, you would never
24 know, because they weren't listed and you didn't use any
25 outside sources to determine that; isn't that correct?

1 A We didn't use the Department of Public Safety to run
2 a background check.

3 Q Right. And that was the purpose for the background
4 check, to figure out if there were any unsavory characters,
5 those who may have committed felonies from being in this
6 marijuana business in Nevada; isn't that correct?

7 A Yeah. There's excluded felonies listed that we look
8 for.

9 Q Right. But that wasn't accomplished in this 2018
10 application process because you never -- that was not
11 accomplished in 2018 because if they didn't list an owner who
12 perhaps had a felony conviction, you didn't do anything to
13 determine if there were any owners out there from a background
14 check; is that correct?

15 A We compared the application to the record that we
16 have in the house. All owners, officers, and board members
17 that we had listed we either verified for background checks or
18 -- and then we didn't require shareholder information, so
19 those were not checked.

20 Q All right. So shareholders of all of these
21 companies, because you didn't check, could have been felony-
22 convicted individuals; isn't that correct?

23 A Hypothetically, yes.

24 Q And you would never know, because you never checked
25 anything other than the information the applicant actually

1 gave you; is that correct?

2 A I'm sorry. Can you repeat that.

3 Q Yeah. And you would never know, the State would
4 never know, because you never checked beyond the information
5 given by applicant himself, him or herself.

6 A We relied on the information provided in the
7 application.

8 Q Right. So if an applicant wanted to hide an owner
9 who would disqualify them potentially, they just didn't have
10 to list them.

11 A Well, they were supposed to list officers of the
12 corporations, the owners, and also the board members. And we
13 rely on the information that's provided in the application,
14 and that's about the best the Department can do at that point.

15 Q That's right. But you just said the owners. You
16 didn't say some owners, but the owners; right?

17 A Yeah. Excluding --

18 Q All right.

19 A -- shareholders, because we don't -- we didn't
20 require that.

21 Q So look at DOT156. Again, it's still a part of
22 Exhibit 205. Did this medical marijuana program
23 organizational chart also miss Mr. Plaskon's review?

24 A I'm sorry. Can you repeat that.

25 Q Yes. This was used in 2018, but it says "Medical

1 Marijuana Program." Do you know why that was included in the
2 training?

3 A I don't. I don't.

4 Q You'd agree with me it should not have been
5 included?

6 A We run both programs, so technically it's correct.

7 Q But this was not for a medical license, medical
8 marijuana license.

9 A It was not. No.

10 MR. PARKER: Okay. So go to page 158, please,
11 Shane.

12 BY MR. PARKER:

13 Q Again this goes to the training. Do you recall this
14 training slide?

15 A Yeah, I do.

16 Q And the second bullet point says, "Score dispensary
17 applications individually." See that?

18 A Yes.

19 Q All right. Who was in charge of handing out the
20 applications to the evaluators?

21 A I think those -- pretty sure those came through the
22 administrative assistants. The Manpower administrative
23 assistants would ask Marilyn Gray when they needed another
24 one, and then she would provide that for them on a thumb
25 drive.

1 Q All right. And then it says, "Scoring dispensary
2 licenses as a group." Is that when the evaluators get
3 together at the end and speak to each other regarding their
4 individual scores?

5 A Yes, that's correct.

6 Q All right. And would there be any DOT involvement
7 in either level of this process, scoring applications
8 individually, or scoring dispensary licenses as a group?

9 A No, there would not.

10 Q Is there a difference between applications and
11 license in these two bullet points?

12 A I don't think so. I think it just might be the
13 wrong word.

14 Q Okay. You would treat -- you believe applications
15 and licenses would be interchangeably -- used interchangeably?

16 A Yeah. Well, no, I don't. But --

17 Q So somebody made a mistake?

18 A Well, I think scoring dispensary applications as a
19 group.

20 Q All right. Now, Mr. Jolley said that his
21 application was over a thousand pages long. Do you recall him
22 testifying to that?

23 A I didn't recall him saying that, but I believe you
24 you did.

25 Q Is that uncommon for the applications to be in

1 excess of a thousand pages?

2 A I don't think so. I think there was quite a few
3 that are large.

4 Q All right. And how long do you think it would take
5 an evaluator to review a application of a thousand pages or
6 more?

7 A You know, I don't know. I'd have to look. I'd have
8 to go back and look. I have no idea.

9 Q Well, take a look at page DOT227, which I believe to
10 be --

11 MR. PARKER: I believe to be Exhibit 206, Your
12 Honor. I think this has been stipulated to, as well.

13 THE COURT: Any objection?

14 THE CLERK: It's in.

15 THE COURT: 206 is already in. Okay.

16 MR. PARKER: All right. So go to page 227 of
17 Exhibit 206, Shane.

18 BY MR. PARKER:

19 Q It says, "Mock applications. Try to get through two
20 or three applications a day." You see that?

21 A I do.

22 Q Now, were the mock applications a thousand pages?

23 A Some were.

24 Q All right. So going through two or three
25 applications in a day was a goal set for the evaluators?

1 A You know, I don't know. This is -- this was Ky's,
2 Mr. Plaskon's slide. He might have just put that as, you
3 know, something to start the training off and then
4 realistically it might have changed.

5 Q Okay. Do you know whether or not it changed?

6 A I don't.

7 MR. PARKER: Now, can you go to 262 for me, Shane.

8 This is Exhibit 207, Your Honor. I believe this
9 exhibit has also been already admitted.

10 THE COURT: Dulce says yes.

11 MR. PARKER: All right. Thanks, Dulce.

12 And I want you to go to page 262. So Exhibit 207,
13 page 262, Shane.

14 BY MR. PARKER:

15 Q Now, these the responsibilities of the
16 administrative team. Do you see that?

17 A Yes, I do.

18 Q All right. You spoke to the Judge about this in
19 terms of the administrative team's obligations. When we talk
20 of administrative team here are we talking about the two
21 administrators that came from Manpower?

22 A Yes, the administrative assistants.

23 Q Now, it say here that they're supposed to perform
24 verification duties for background and resume checks. Again,
25 is it your testimony that that background and resume check

1 only meant reviewing the information provided by the
2 applicant?

3 A The background check portion of that would be to
4 help identify if all owners, officers, and board members had
5 current, up-to-date background checks through the State and
6 the FBI.

7 Q That's it. But it does not include a confirmation
8 that all the owners, officers, or board members actually were
9 listed.

10 A No. Not with the administrative assistants.

11 Q And would the resume checks involve determining
12 whether or not -- let's say someone listed a person as having
13 a college degree. Would that resume check involve calling a
14 school or a university to determine if they in fact had a
15 degree?

16 A I believe so. I don't know if they did make any
17 calls. That would be a question that you'd have to ask some
18 of the evaluators.

19 Q You agree with me that some -- that scoring -- one
20 of the scoring criteria included education levels?

21 A Yes.

22 Q All right. And so if someone put on their
23 application that every owner had a Ph.D in economics, you
24 would simply rely on that representation without any resume
25 check?

1 A No. They did resume checks.

2 Q And how did they do resume checks?

3 A Through Google searches.

4 Q Is there any information in a written form that I

5 could see -- because I've not -- from my review of the records

6 in this case I've not seen any Google search results regarding

7 any applicant. So this is the first I'm hearing of this. To

8 your knowledge, did you train any of these evaluators on how

9 to do a resume check?

10 A I did not.

11 Q All right. So do you know of anyone who did?

12 A I don't. It could have been the identified section,

13 so Damon Hernandez? I'm not sure.

14 Q You don't know, do you?

15 A I don't.

16 Q You don't know if a single resume was checked in

17 terms of someone's education achievements on any applicant.

18 A That's something you'd have to talk to the

19 evaluators about. I wasn't intimately involved in the

20 evaluation of the applications.

21 Q Did any evaluator come to you and say, listen, we're

22 having a difficult time confirming this person's education

23 level?

24 A Not that I can recall.

25 Q Do you recall ever offering someone assistance in

1 providing information from a university to determine if
2 someone actually was a graduate of college?

3 A I did not.

4 Q Do you know -- have you seen any documentation
5 indicating that someone actually did a search to check
6 someone's resume?

7 A No, have not.

8 Q The bullet point --

9 MR. PARKER: Put that back on the screen for me,
10 Shane.

11 BY MR. PARKER:

12 Q The bullet point says, "Will not perform merit-based
13 scoring." So the administrative team was not given the right
14 to do scoring, simply to provide information to the
15 evaluators; is that correct? Is that what this is saying?

16 A Well, it's saying that they would help verify and
17 individual, whether they had a background check or not that
18 was current with the Department, but they weren't involved in
19 evaluating the application.

20 Q Okay. How would we know whether or not any
21 background or resume checks were done by the administrative
22 team?

23 A Well, the background checks DPS -- they're not --
24 they're verifying the criminal background checks.

25 Q Yes. I'm talking about the resume checks.

1 A You would have to talk to them.

2 Q No, no. Would there be any paper trail documenting
3 that resume checks were performed?

4 A Possibly in the notes. Violations.

5 Q Okay. But we don't see it in the notes.

6 A No. That would be it. That's the paper trail.

7 Q All right. So, for example, there's no -- there's
8 no information from any schools or universities saying, yes, I
9 verified that this person went to Dartmouth College, graduated
10 in 1984?

11 A That would be question for the evaluators.

12 MR. PARKER: Can we go to DOT281, please.

13 And that would still be in Exhibit 207, Your Honor.

14 THE COURT: Thank you.

15 BY MR. PARKER:

16 Q So it says, "Multi-establishment applicants." I'm
17 concerned with the second bullet point. It says, "Cross-check
18 to make sure that owners, officers, and board members meet
19 requirements within the law for ownership percentage and
20 jurisdiction limits."

21 Now, when I saw this percentage, it made me think
22 back to the Administrative Code that says 5 percent. Do you
23 see that?

24 A Yes.

25 Q All right. Was that done in fact?

1 A So what we do is at the Department we have an agent
2 card process, and we -- based on the ownership percentage
3 they're required to get background checked periodically,
4 whether three years, five years, or annually.

5 Q Yes.

6 A So that's -- I'm assuming that's where this is from,
7 just verifying that the background checks are current.

8 Q But it says "percentage."

9 A Yeah. Which ties into -- I'm sorry, sir.

10 Q No. Go ahead. Which ties into?

11 A Which ties into whether they need an agent card or
12 background check and how often they need a background check.

13 Q And what percentage of ownership would you have to
14 do to require you to have an agent card?

15 A 5 percent.

16 Q Now, if that is the case, if the percentage is
17 important in terms of getting agent cards, how could you not
18 require shareholders with 5 percent or greater to be
19 identified on the application? Because they need an agent
20 card, and it did not identify if they can't get an agent card;
21 isn't that correct?

22 A They would -- they need to identify themselves to
23 get an agent card.

24 Q Exactly. And so if you didn't require them to do
25 it, there's no way in the world you can comply with this

1 portion of the training; isn't that correct?

2 A Well, this part of the training was to confirm that
3 the ownership that we had on record at the Department, because
4 that's what we required, met the requirements for an up-to-
5 date background check of criminal history.

6 Q No. But you included specifically for -- within the
7 law for ownership percentage, which again refers you back to
8 the Administrative Code which we went over earlier today. And
9 if that's the case, every applicant had to include a 5 percent
10 owner or greater so that you be able to then determine their
11 requirements for agent cards; isn't that correct?

12 A Well, we didn't require shareholders to be submitted
13 in the application.

14 Q I didn't use the word "shareholders." I said
15 5 percent owner or greater.

16 A Well, that would match the record at the -- what we
17 had on record at the Department.

18 Q If they disclosed.

19 A Yeah, if --

20 Q But if they did not disclose a 5 percent owner or
21 greater, then that person would not have been able -- the
22 evaluator, that is, would not be able to determine who would
23 be required to get an agent card for that establishment; isn't
24 that correct?

25 A Well, through our renewal process annually -- so we

1 know -- we know who the owners, officers, and board members
2 are, and that's part of the renewal process, is to verify that
3 they've been --

4 Q No. You know the ones they disclosed. You don't
5 know the ones that really are out there. You only know the
6 ones that that they disclosed; isn't that correct?

7 A Yes.

8 Q Because you're taking them at their word, aren't
9 you?

10 A Yes, we are.

11 Q And if they don't disclose every owner with
12 5 percent or great interest, then those owners would not have
13 been required to get agent cards, which would be against the
14 law; isn't that true, sir?

15 A I don't know. I'm not a legal expert.

16 Q Well, you put it your own training. "Requirements
17 within the law." That's within your training; isn't that
18 correct? This came straight from your training guidelines.

19 A This would refer to the 5 percent background checks
20 that we require or the 3 percent on the annual basis. That's
21 what that training was addressing.

22 Q Sir, you indicated that this training and this
23 percentage came -- this ownership percentage came from the
24 Administrative Code. That's what you said a few moments ago.

25 A Yes. I think it's the statute.

1 Q All right. And, again, it requires those with that
2 interest, that 5 percent ownership interest, to have an agent
3 card; isn't that correct?

4 A That's correct.

5 Q Which means that every applicant should identify
6 every owner with a 5 percent interest or greater; isn't that
7 correct?

8 A Yes.

9 Q And if they didn't disclose it, that would mean that
10 they did not comply with the law as you indicated in this
11 training; isn't that correct?

12 A The entity?

13 Q Yes.

14 A Yes.

15 Q Thank you. All right. So for a company like Nevada
16 Organics -- and you heard Mr. Jolley speak -- he did not
17 identify all of his ownership -- all of the owners with
18 5 percent or greater ownership in Nevada Organics. Did you
19 realize that?

20 MR. KOCH: Objection. Misstates evidence,
21 testimony.

22 THE COURT: Overruled.

23 BY MR. PARKER:

24 Q Did you hear him say that today?

25 A I did. But I -- I'd have to look at the application

1 and have it evaluated.

2 Q That's okay. We don't need the application for this
3 conversation. We heard -- you heard what he testified to.
4 And wouldn't you agree with me, given that there were owners
5 of Nevada Organics that were not identified that have a
6 greater than 5 percent interest, because we know they sold
7 95 percent of that company prior to the application process
8 being completed, wouldn't you agree with me that application
9 and given the testimony you heard was in violation of this
10 training slide?

11 MR. KOCH: Objection. Misstates testimony. He's
12 referring to what Mr. Kemp testified to.

13 THE COURT: Overruled. Mr. Kemp didn't testify.
14 BY MR. PARKER:

15 Q Isn't that true, sir?

16 A I don't know if I have enough information to answer
17 that question, because I -- I mean, I don't know if that's the
18 case. I'd have to really look at it.

19 Q Well, if he was being honest -- if he was being --
20 I'm sorry. Didn't mean to interrupt you. Go ahead.

21 A I don't know if I can answer that right --

22 THE COURT: Only one of you can speak at a time.
23 Mr. Parker, you know that.

24 MR. PARKER: I do.

25 //

1 BY MR. PARKER:

2 Q Go right ahead.

3 A I don't know if I could accurately answer that

4 question up here on the stand. I'd have to look at the

5 information and have, you know, other staff look at it, also.

6 Q Well, no. Let's just take what you heard yourself

7 with your own ears. You heard Mr. Jolley say that there are

8 owners in excess of 30 percent that were not disclosed on his

9 application. Didn't you hear him say that?

10 MR. KOCH: Objection. Misstates testimony.

11 THE COURT: So this is a requested break, Mr.

12 Parker. We're going to take a break. Everybody needs to do a

13 biological break at this point, so we will see you guys in

14 10 minutes.

15 (Court recessed at 3:37 p.m., until 3:47 p.m.)

16 THE COURT: Are we ready?

17 MR. PARKER: Ready to go.

18 THE COURT: Sir, are you ready?

19 THE WITNESS: Yes, Your Honor.

20 THE COURT: We've got another hour.

21 MR. PARKER: We're missing Mr. Kemp.

22 (Pause in the proceedings)

23 THE COURT: Mr. Gilbert, you are ready to start up

24 again.

25 Mr. Parker, let's be brief. We've got an hour.

1 MR. PARKER: Yes indeed.

2 BY MR. PARKER:

3 Q All right. So we were talking for a moment there
4 about the length of time necessary to review an application.
5 Do you recall that?

6 A Yes.

7 Q Okay. And then we looked at the slide that talked
8 about mock applications, two to three days. Remember that?

9 A Yes.

10 Q Was that number refined to a number of hours or a
11 more precise length of time it would take to review an
12 application?

13 A Not that I can recall. Not during the mock
14 application period.

15 Q All right. How about in terms of the real
16 applications?

17 A I think -- oh, I don't -- I don't -- I don't know if
18 it was or not. I was never given an average number.

19 MR. PARKER: All right. Look at DOT298, which,
20 again, is a Exhibit 207, I believe, Your Honor. It is.

21 THE COURT: Okay.

22 BY MR. PARKER:

23 Q "Each application is estimated to take 33 hours to
24 review." Is that a fair estimate of how long it would take to
25 review each application?

1 A You know, I don't really know if that was actually
2 what took place. I'd have to look at all the applications and
3 the time that was put down for them. That would -- I think
4 from the previous -- 2014 that was an estimate, you know,
5 based on the three evaluators.

6 Q Okay. Well, you had six evaluators; right?

7 A Yeah. But three per session.

8 Q All right. And would the 33 hours include each of
9 the three evaluators' time, so maybe 11 hours for each?

10 A Yeah. Again, I don't know if -- I don't know how
11 accurate that number is. For the PowerPoint slide that was in
12 that was probably taken from 2014.

13 Q Right. Do you know if that had any applicability to
14 the 2018 applications?

15 A What --

16 Q In terms of the length of time it would take to
17 review an application. Were the applications in 2018 longer
18 than 2014 on average?

19 A You know, I don't know. I don't know what they
20 were.

21 Q All right. Good enough.

22 MR. PARKER: Let's look at page 300.

23 BY MR. PARKER:

24 Q Now, was this taken from the medical, or is this
25 particular to the 2018 recreational applications?

1 A That's from the medical.

2 Q Was it applied to the recreational applications?

3 A It was not.

4 Q It was not?

5 A No. It's not part of the criteria.

6 Q So there were no regulatory first four criteria for

7 the --

8 A No. That was -- I'm sorry, sir.

9 Q No. Go ahead.

10 A That was probably a slide just left over that should

11 have been taken out.

12 Q All right. Do you blame --

13 A It was probably addressed in training.

14 Q Do you blame Mr. Plaskon for all of the 2014 slides

15 that found its way into the 2018 training?

16 A Do I blame Mr. Plaskon?

17 Q Or attribute it to Mr. Plaskon?

18 A No. It was a group effort.

19 MR. PARKER: Okay. Turn to 314 for me, Shane.

20 Still in 207.

21 BY MR. PARKER:

22 Q Now, this says "Verification Activities." It says,

23 "Verify background check results and confirmation of resume

24 details." Would your answers be the same, that the

25 administrative team did not review anything beyond what was in

1 the DOT data files?

2 A I'm sorry. Can you clarify?

3 Q Yes. The only information the administrative team
4 used was the information provided by the applicants and what
5 the DOT had its own files; is that correct?

6 A As far as background checks, yes.

7 Q Okay. And the same with resumes; right?

8 A Yeah. I mean, you'd have to talk to the evaluators
9 if they reached out to the administrative team to do any
10 resume work.

11 Q I want you to take a look at 315. This goes a
12 little further. And I believe this is meant to comply with
13 the statute, as opposed to the regulation. It says,
14 "Verification of background checks on all proposed owners,
15 officers, and board members." Do you see that?

16 A I do.

17 Q Do you know what that entailed?

18 A Yeah. I kind of spoke to that earlier about
19 verifying that in our portal we track all background checks
20 for criminal history. That would be verifying that all
21 owners, officers, and board members listed on the application
22 were up to date on their background checks.

23 Q So when the DOT received information through the --
24 I think it was the Avino paper of the proposed purchase, do
25 you recall that in the extraction report?

1 THE COURT: Text messages? The text messages?

2 MR. PARKER: Yeah. From the extraction report.

3 BY MR. PARKER:

4 Q Do you remember that? Mr. Plaskon discussed it.

5 A I do.

6 Q Were verifications on backgrounds of those proposed
7 owners performed by the administrative team?

8 A No, they were not.

9 Q Okay.

10 A Those wouldn't be -- those wouldn't be checked until
11 we actually got the transfer of interest submitted.

12 Q All right. So, despite the fact that that was done
13 prior to the application being submitted, the proposed owners'
14 backgrounds would not have been verified; is that correct?

15 A I'm sorry. I don't understand that question.

16 Q Yeah. We know that based upon the text message
17 which was a part of the extraction report the purchase took
18 place before September 20th, 2018. Recall that?

19 A I do. I don't recall which companies it was,
20 though.

21 Q All right. But this verification slide indicates
22 that proposed owners' backgrounds would be verified; is that
23 correct?

24 A So that goes back to what I mentioned earlier. If
25 there's a transfer of interest that the Department had not

1 acted upon --

2 Q Yes.

3 A -- that transfer of interest would have to be
4 approved before that conditional license.

5 Q Now, it says "proposed owners." So this doesn't
6 seem to say at the conclusion of a transfer of ownership or a
7 transfer of interest. It just says "proposed owners," doesn't
8 it?

9 A Yes, it does.

10 Q All right. And that's how you trained them; is that
11 correct? Trained the evaluators. Or the, I'm sorry,
12 administrative team.

13 A Well, the administrative assistants would bring it
14 to Diane O'Connor, who manages the agent card portal which
15 houses all the background check information.

16 Q So this would have been meant to be performed by a
17 DOT employee?

18 A The verification of the backgrounds, yes.

19 Q All right. Do we know -- well, I believe you've
20 answered, but I just want to make sure. So a DOT employee,
21 Ms. Diane O'Connor, did she check the backgrounds of proposed
22 owners of -- what's the name of the company -- I think it was
23 Essence. I'm sorry. Of Essence that was brought out in the
24 extraction report text message?

25 A If there was -- I don't know. I don't know if we

1 had the transfer of interest in the house then.

2 Q But this doesn't say that it's predicated on the
3 transfer of interest being considered or approved. It just
4 says on all proposed owners; isn't that correct?

5 A Well, yeah. I mean, that would be proposed -- that
6 would be proposed in today's -- 2018 the proposed owners would
7 be somebody that's proposing a transfer of interest to the new
8 owner.

9 Q That's not what this say.

10 A Well, that's -- that's probably language from the
11 2014 where everybody was proposed.

12 Q So is this training incorrect?

13 A No, it's not. Because we verify all proposed
14 owners, also, if there was a transfer of interest and they
15 were awarded.

16 Q No. But based upon the purchase being done prior to
17 submission of application shouldn't the proposed owner
18 verification have been done once the DOT received notice of
19 that?

20 A I don't -- I don't think we had the transfer of
21 interest at the Department.

22 Q Okay. But the training doesn't say that the
23 transfer of interest was necessary, does it?

24 A No, it doesn't.

25 MR. PARKER: All right. Let's go to page 340.

1 Which again is still 207, Your Honor.

2 THE COURT: Thank you.

3 BY MR. PARKER:

4 Q It says, "Questions during individual review." Now,
5 I asked you about this earlier. What do you consider to be an
6 individual review?

7 A That would be if they -- if they couldn't come to a
8 conclusion or they had any discrepancies that they couldn't
9 come to a -- to a, you know, consensus, if they're more than
10 3 points apart. That wouldn't be elevated up to me.

11 Q Now, you've told me today that there were certain
12 areas of the application that you did not train the evaluators
13 on, you left it up to Ms. Cronkhite or Mr. Hernandez or Mr.
14 Plaskon. Do you recall that?

15 A Yes.

16 Q All right. So why would you be the stopping point
17 for evaluation questions if you had, you know, such a limited
18 role in the process?

19 A Because I'm management, and if something needs to be
20 elevated up to Mr. Pupo or even higher, then I would be the
21 avenue to take.

22 Q Do you recall fielding any questions from the
23 evaluators or the administrative team that you provided
24 responses to?

25 A Not specifically by the application, but they did

1 ask maybe some process questions.

2 Q Okay. And what did you do with those questions?

3 A I would answer them if I could.

4 Q Would you do it in writing?

5 A Most -- we did have some policies and procedures,
6 but if it was a question I could answer, you know, verbally, I
7 would.

8 Q Okay. But this item says here, the second-to-the-
9 last bullet point says you're supposed to document the issue.
10 Did you document every issue?

11 A I don't know if we had any issues.

12 Q Okay. You just said there were questions and you'd
13 answer them verbally. Did you document those answers that you
14 gave?

15 A Potentially. I'd have to go back and look and see
16 what we came up with through the procedures.

17 Q And if you did so, should they be in the DOT files?

18 A I don't know how to answer that question.

19 Q All right. Would that be -- would you have your own
20 separate files if you documented the issues?

21 A No.

22 Q Is there some type of central location for issues
23 that are documented?

24 A There's a -- we save all of our documents on a
25 shared drive.

1 Q Okay. Did you -- do you know if that shared drive
2 was provided to the State?

3 A All documents, from my understanding, that were
4 requested have been provided.

5 Q All right. Good. Let me have you look at DOT391,
6 which is Exhibit 209.

7 MR. PARKER: I think that's been stipulated to, as
8 well, Your Honor.

9 THE CLERK: Yes.

10 BY MR. PARKER:

11 Q You're familiar with this, the application criteria
12 points breakdown?

13 A Yes.

14 Q Did you have anything to do with determining the
15 points for the building construction?

16 A Yeah. So Jorge Pupo, Kara Cronkhite, and myself met
17 and we compared -- we compared the current application to the
18 regulations and discussed the 250 points.

19 Q All right. So building construction. This is worth
20 20 points; is that correct?

21 A Yes.

22 Q Number 1 says, "Building plan details." Do you see
23 that?

24 A I do.

25 Q Do you understand what a building plan or building

1 plan details are?

2 A Is this -- can I ask a question?

3 Q Certainly.

4 A Is this the -- I don't know what document this is.

5 MR. PARKER: Let him see the whole document, first

6 page.

7 BY MR. PARKER:

8 Q This is the scoring criteria. Are you familiar with

9 this?

10 A Looks in a different format than what I'm familiar

11 with.

12 Q This is one of the ones provided by the Department

13 of Taxation. Do you want to look at my hard copy?

14 A Yes, please.

15 MR. PARKER: May I approach, Your Honor?

16 THE COURT: You may.

17 THE WITNESS: Okay. I see.

18 BY MR. PARKER:

19 Q Are you familiar with this document?

20 A Yes.

21 Q Can you read it on the screen?

22 A It's not on the screen.

23 Q Well, just use mine --

24 A All right.

25 Q -- and I'll work with the one on the screen.

1 So Element Number 1 is building plan details. Do
2 you have an understanding of what building plan details are?

3 A That would be the floor plan, the detail of the
4 establishment.

5 Q Well, it doesn't say details of a floor plan. It
6 says building plan details; is that correct?

7 A I don't know where you're at. Sorry.

8 Q First page at the bottom, Element Number 1 under
9 building construction. Do you see it? First page.

10 A Yeah. I'm trying to -- I'm not familiar with this
11 document --

12 Q You're not familiar with the --

13 A -- this summary, the summary one. The scoring
14 criteria as it is broken out like this --

15 Q Yes.

16 A -- that's what I'm familiar with.

17 Q Okay. But are you familiar with Element Number 1,
18 building plan details?

19 A I am.

20 Q Okay. Let's start there. Would you agree with me
21 that that description does not include floor plan details?

22 A Yes.

23 Q You agree with me there's a difference between a
24 building plan and a floor plan?

25 A Yes, I would.

1 Q All right. And the Element Number 2 says, building
2 plan regulatory compliance. See that?

3 A Where? Oh.

4 Q Same page. First page at the bottom.

5 Q Yes, I see it.

6 Q All right. It doesn't say floor plan regulatory
7 compliance, does it?

8 A No, it doesn't.

9 Q Because the floor plan may be adequate, but may not
10 be compliant with the regulations; is that correct?

11 A Can you repeat that.

12 Q Yes. A floor plan could be adequate, but not in
13 compliance with the applicable regulations; isn't that
14 correct?

15 A Well, they would score lower. It wouldn't be as
16 strong in the application. The more --

17 Q Well, you would think not.

18 A The more compliant the higher they would score.

19 Q Well, in fact it had to be compliant, number one.
20 Isn't that a threshold to be in compliance?

21 A Yeah. Yes.

22 Q Right. But you can't determine if the floor plan is
23 compliant because the floor plan does not say that the
24 building is in compliance.

25 Let me give you some context. A floor plan does not

1 tell you whether or not you're within 300 feet of a school.
2 Would you agree?

3 A I'd agree with that, yes.

4 Q A floor plan does not tell you if you're within
5 1200 feet of a church or a liquor store or a casino or my
6 backyard; is that correct?

7 A Yes.

8 Q So simply providing a floor plan provides no
9 information in terms of regulatory compliance; isn't that
10 correct?

11 A It does towards the regulations surrounding a floor
12 plan.

13 Q No. I'm talking about in terms of building
14 compliance, sir. Because it says in the Element Number 2,
15 building plan regulatory compliance.

16 A No, it doesn't.

17 Q And wouldn't you agree with me, sir, that when we
18 looked at that P.O. box that was attached to the UPS Store
19 that that wouldn't tell you whether or not that floor plan was
20 actually in a building that was -- that would meet the
21 regulations? Isn't that correct?

22 A I'm sorry. Can you repeat that one, sir.

23 Q Yes. You remember I showed you the location for
24 Thrive and Essence --

25 A Yes, I do.

1 Q -- in a UPS Store, a P.O. box associated with a UPS
2 Store?
3 A Yes.
4 Q Wouldn't it be true, sir, that having that
5 information would give you no understanding of whether or not
6 that UPS Store or that P.O. box was in compliance with the
7 regulations, 300 feet from a school or a church or liquor
8 store or a casino, anything?
9 A The floor plan wouldn't.
10 Q That's right. So how would you judge a floor plan
11 under these two elements? Because it's not a building plan
12 and it provides you no information in terms of regulatory
13 compliance.
14 A I'm trying to see in the actual evaluation materials
15 what that language says, because I'm not positive why this --
16 Q No problem.
17 A All right.
18 Q You ready?
19 A Yeah. Go ahead.
20 Q All right. So what's the answer?
21 A Can you repeat the question.
22 Q I knew you were going to say that.
23 Yes. These are the two elements, building plan
24 details, and building plan regulatory compliance. You see
25 that?

1 A I do.

2 Q Wouldn't you agree with me, sir, that having a P.O.
3 box associated with a UPS Store could not provide you any
4 information for determining a building plan or building
5 regulatory compliance? Wouldn't you agree with that, sir?

6 A I would.

7 Q Thank you.

8 Now, you indicated that sometime prior to September
9 20th, 2018, there was a change made that locations were not
10 necessary. Remember that?

11 A Yeah. I think I said -- yeah. I think I brought
12 that up in my last testimony.

13 Q Was the training tool ever changed?

14 A Not that I'm aware of. Not that I can recall.

15 Q So you had the evaluators using a training tool that
16 didn't match what you were telling certain applicants; is that
17 what you're telling me?

18 MR. PARKER: You can put that back up, Shane.

19 THE WITNESS: Were you referring to this as the
20 training tool?

21 BY MR. PARKER:

22 Q As the scoring criteria, yes.

23 A I don't know if this was ever used as the scoring
24 criteria. The scoring criteria would be these sheets.

25 Q So you think that the Department of Taxation has

1 given me a document that was not actually utilized by the
2 evaluators as a scoring criteria?

3 A No, that's not what I'm saying. This might have
4 been used for a different purpose.

5 Q Well, you don't trust the heading of that document?

6 A I mean, that's what it is, yes.

7 Q That's what I thought. So if that's what it is and
8 it is the scoring criteria, why would you utilize that scoring
9 criteria if you weren't going to actually follow the elements
10 of the scoring criteria, building plan details, building plan
11 regulatory compliance?

12 A The evaluators were trained on the evaluation
13 sheets, which were these, which is different than what this
14 says here.

15 Q So --

16 MR. PARKER: Your Honor, may I approach?

17 THE COURT: You may.

18 MR. PARKER: Thank you.

19 BY MR. PARKER:

20 Q So let's actually utilize for purposes of the record
21 the Bate numbers.

22 A Okay.

23 Q So when you're referring to it, maybe you can tell
24 me what you believe to be the right documents for us to be
25 looking at, okay?

1 A Okay.

2 Q So DOT391, that's the first page of Exhibit 207 --

3 THE COURT: 209.

4 MR. PARKER: 209. Thank you.

5 THE COURT: Dulce has your back.

6 MR. PARKER: She does. I appreciate it.

7 BY MR. PARKER:

8 Q -- of Exhibit 209. Are you telling me this was not

9 -- this document and this page was not used by the scorers or

10 the evaluators?

11 A I can't recall if it was or not.

12 Q All right. So you don't know. So the head guy --

13 and I say the head guy because when we looked at the chart

14 right before we took the break and said that questions --

15 ultimately questions come to you. So as the head person, you

16 don't know if this was the scoring criteria for the

17 evaluators?

18 A The scoring criteria was in document DOT000396.

19 MR. PARKER: May I approach again, Your Honor?

20 THE COURT: You may.

21 BY MR. PARKER:

22 Q You don't believe, sir, that 391 was utilized?

23 A It doesn't give any detail that the evaluators would

24 have used.

25 Q Good enough. So let's use this one.

1 MR. PARKER: Shane, can you pull up Exhibit 209,
2 page 396.

3 BY MR. PARKER:

4 Q We'll use this one, sir.

5 A All right.

6 Q That's the one you're familiar with; is that
7 correct?

8 A Yes. It looks familiar.'

9 Q I actually like this one equally.

10 MR. PARKER: So you just blow that one up. Thank
11 you. Is that the biggest you can get?

12 Because the witness has my version -- do we --

13 THE COURT: I understand. You're welcome to walk
14 up.

15 MR. PARKER: Thank you, Your Honor. You read my
16 mind.

17 BY MR. PARKER:

18 Q All right. So the first paragraph under building
19 construction says, "Documentation concerning the adequacy of
20 the size -- of the size of the proposed marijuana
21 establishment to serve the needs of persons who are authorized
22 to purchase recreational marijuana, building plans and
23 supporting details." Do you see that?

24 A Yes, I do.

25 Q Now, it doesn't say floor plans, does it?

1 A No, it doesn't.

2 Q And supporting details. Do you know what supporting
3 details are being referenced or considered here?

4 A That would be everything describing the
5 establishment itself, or the dispensary.

6 Q All right. So a floor plan could be a one-pager.
7 Supporting details to a building plan would be more than a
8 one-page floor plan; is that correct?

9 A Right. It would be the operating procedures, you
10 know, the inventory closing, storage, pathway for customers,
11 size.

12 Q Good enough. And then it says, "Effective and
13 efficient building planning is demonstrated in the response."
14 And now we go to a excellent response versus an average or an
15 inadequate response. Do you see that?

16 A Yes.

17 Q All right. So an excellent response would be "The
18 building place demonstrates a clear definition of work areas,
19 estimation of acquired resources, and the duration of
20 individual tasks, planning of scheduled activities with the
21 estimated resources, duration are realistic and
22 achievable within five to twelve months to be fully
23 operational." You understand that?

24 A Yes.

25 Q So the 12-month requirement, is that 12 months from

1 the time a conditional license is provided to the floor plan
2 or building plan actually being constructed and ready for use?

3 A The 12 months is between December 5th and when they
4 become operational -- or final licensed by the Department.

5 Q Okay. And, again, if the scorers are using this
6 document, page 396, as opposed to 391, why didn't you change
7 it to say floor plan instead of building plan?

8 A It just wasn't changed.

9 Q So when Mr. Jolley was speaking yesterday and today
10 and was using the word "ignorant" and "confused" -- do you
11 remember him using those words?

12 A Not specifically, no.

13 Q You're smiling. Thought you may have remembered
14 them.

15 So would you agree with me, sir, that there is no
16 confusion here in that the word "building plans" are being
17 used, as opposed to "floor plans"? We can agree with that;
18 right?

19 A As far as the evaluators go?

20 Q The evaluation tools, yes. Or the scoring criteria,
21 I should say.

22 Q Not on the part of the evaluators, no.

23 Q All right. And in fact the word "P.O. box" being
24 allowed is not mentioned there, either.

25 A No.

1 Q Is that correct?

2 A That's correct.

3 Q So no P.O. box being indicated here, no information

4 saying that, we don't need a building plan or location, is

5 included here; is that correct?

6 A No, it's not.

7 Q So if the training and the scoring criteria discuss

8 building plans and location verification, wouldn't it make

9 sense that that's what the scoring should be based upon, as

10 opposed to this change that you're speaking of that's not

11 reflected in the training or the scoring criteria?

12 A Well, the evaluators were trained on evaluating

13 floor plans. And the criteria actually references more of,

14 you know, the floor plans and the ability to operate than it

15 does a construction plan.

16 Q Well, it doesn't -- the word "floor plan" didn't

17 show there at all. It says building plan. And in fact the

18 training that we went over because I wanted to take it

19 systematically, the training tool that you provided said

20 "building verification location." It didn't say anything

21 about floor plans. So tell me what training your speaking of

22 that maybe used the word "floor plans" anywhere.

23 A I'd have to go back and look and see if it mentions

24 floor plans.

25 Q Would you agree with me that the training

1 information we've gone through today, which we've gone through
2 a couple of hundred pages already, didn't mention the word
3 "floor plan"?

4 A Not that I've seen of what we looked at today.

5 Q And you agree with me that the scoring criteria does
6 not mention the word "floor plan"

7 A I'd have to go through it.

8 Q Take a second.

9 A It doesn't specifically say "floor plan," but all
10 the requirements and the criteria that they were looking for
11 is -- would be found in a floor plan.

12 Q Well, not regulatory compliance. We've already
13 talked about that. That's not going to be found in the floor
14 plan; isn't that true?

15 A Sure it could. I think so. My belief is that --

16 Q In terms of location?

17 A Not as far as location, but in compliance to the
18 other aspects of the regulations.

19 Q Good enough.

20 MR. PARKER: May I approach, Your Honor?

21 THE COURT: You may.

22 MR. PARKER: Thank you.

23 (Pause in the proceedings)

24 MR. PARKER: All right. I want to look at Exhibit
25 109, Shane -- I believe this has been admitted, Your Honor --

1 page 31.

2 THE CLERK: I'm sorry.

3 MR. PARKER: No?

4 THE CLERK: 108's been admitted.

5 MR. PARKER: All right. Well, let me I can lay the
6 foundation for it.

7 THE COURT: Okay. Is there a stipulation to 109?

8 MR. PARKER: This is the extraction report for Steve
9 Gilbert produced by -- I believe it was produced by the DOT.

10 MR. KOCH: I think it's already admitted.

11 MR. PARKER: Yeah, I thought it was admitted, Your
12 Honor. I had it highlighted as being admitted.

13 THE COURT: So Dulce now thinks it's admitted, too.
14 It is. It's now admitted.

15 (Plaintiffs' Exhibits 109 admitted)

16 MR. PARKER: Okay. Here we go. Thank you. Thank
17 you.

18 BY MR. PARKER:

19 Q So Exhibit 109, Mr. Gilbert, is the extraction
20 report from your telephone. So if we could look at page 31
21 and Entry 117.

22 A I can't see it on this one.

23 THE COURT: We're going to blow it up for you, I
24 think. Although this one you may not be able to look, because
25 it takes up a lot --

1 MR. PARKER: Paragraph number 5 is the one I want to
2 look at, Shane, on this top group. Yeah, the paragraph on the
3 top. That's it.

4 BY MR. PARKER:

5 Q Do you recall receiving this text message? Or I
6 believe it's a text message.

7 THE COURT: How about we get the actual hard copy
8 out for him. It's going to be really hard to adjust that one.

9 MR. PARKER: Well, I think it should be in one of
10 volumes behind him.

11 THE COURT: It should.

12 MR. PARKER: Let me see if I can grab it for him.

13 (Pause in the proceedings)

14 THE COURT: And what page is the Bates number, Mr.
15 Parker?

16 MR. PARKER: Your Honor, it's page 31, ST31.

17 THE COURT: So, sir, there's a number on the bottom.
18 Oh. You've got it. Okay. And you can read it. Are you okay
19 reading it from there?

20 THE WITNESS: Yes.

21 THE COURT: Okay.

22 BY MR. PARKER:

23 Q Do you recall receiving this text message, sir?

24 A Sure. I guess. I mean, I'd have to -- I mean,
25 who's it from?

1 Q Well, I see Mr. Plaskon's name at the top,
2 "Attendees." It looks like it reflects a meeting.
3 A It looks like it's a meeting.
4 Q Okay. Good. So tell me something. Where are these
5 notes taken from? Because I got it as an exhibit based on an
6 extraction report. But it does reflect a meeting. Did you
7 discuss in a text a meeting held in your office?
8 A Oh. I don't know.
9 Q Okay.
10 A I'd have to refresh my memory. "Verify all --" I'm
11 sorry.
12 Q No. Go right ahead. Read it.
13 A What's the question?
14 Q You could read it to yourself.
15 A Okay.
16 Q And I bring this to your attention because
17 paragraph 4 talks about the change of ownerships. It says,
18 "Pull out CHOWs that are needed to be completed so an
19 applicant will know this matches." See that?
20 A Yes.
21 Q And it says, "Completed by close of business 11/15.
22 These will be the priority ones that contractors will help
23 with." So to me that means an employee for DOT is doing this
24 verification. Is that correct?
25 A Yes. Because the CHOWS would be -- they're managed

1 by one of those program officers that we talked about earlier.

2 Q This says, "I don't have the names ahead of time. I
3 can't make my deadline in Number 3 below." And then it says
4 again, "Verify all owners have completed background check.
5 Take ownership spreadsheet and create a background check."
6 You see that?

7 A Yes.

8 Q Now, is the spreadsheet based on the information the
9 applicants had previously provided coupled with the 2018
10 application?

11 A I'm sorry. I don't understand that question.

12 Q Well, I'm trying to figure out what the spreadsheet
13 -- where the spreadsheet would come from. It says, "Take
14 ownership spreadsheet." You see that?

15 A Yes.

16 Q How is the spreadsheet created?

17 A It was created -- if I recall correctly, when we did
18 the matching of ownership we created an ownership list, and
19 that's the spreadsheet that must be referenced in this
20 meeting.

21 Q And who -- would the employee -- would an employee
22 of the DOT create the spreadsheet?

23 A Yes.

24 Q And where would the information for the spreadsheet
25 come from?

1 A The applications.

2 Q Okay. So the entire -- again, this goes back, as
3 you said before, the spreadsheet and any verification that was
4 done on the background of any owner came just from the
5 information the applicants provided?

6 A That's correct.

7 Q All right. Be it a CHOW, in the form of an a change
8 in ownership or a transfer of ownership or initial
9 application, that's the parameters that you would check?

10 A That's correct.

11 Q All right. In terms of monopolies, if you don't
12 have all of owners identified, how do you determine whether or
13 not there are ownership interests in other applicants'
14 proposed operations?

15 A Well, we have this list, because we could refer to
16 this list of the master owners, officers, and board members,
17 which is now posted on the Website. That was our listing of
18 owners, officers, and board members.

19 Q Right. But if -- let's say that Thrive had an owner
20 that had 20 percent interest in Thrive that they did not
21 identify and Nevada Organics had someone that had 20 percent
22 interest in Nevada Organics that they didn't identify. Would
23 that constitute a monopoly if those two companies obtained a
24 license in the same jurisdiction but you were not aware of the
25 ownership interests of both?

1 A I'd have to run the analysis. I don't know if -- or
2 have somebody do it, actually, to answer that question.

3 Q Do you understand the dilemma there?

4 A Not -- not totally.

5 Q The first level of the dilemma is that you would
6 have to get actual disclosures of the owners. You understand
7 that?

8 A Uh-huh. Yes.

9 Q Is that yes?

10 A Yes.

11 Q And then you would have to -- if you had full
12 disclosure of the ownership, then you'd have to determine if
13 any of those owners had interests in more than one applicant's
14 application for a single jurisdiction. Isn't that correct?

15 A That's correct.

16 Q So if you don't have full disclosure of all of the
17 owners of each of proposed applicant or licensee, you could
18 never determine if you had a monopoly. Isn't that correct?

19 A If you're referring to the shareholders --

20 Q Yes.

21 A -- we didn't -- we don't require that information,
22 so --

23 Q But the statute did. If you complied with the
24 statute, you'd actually have a way of determining monopolies
25 through ownership. Isn't that correct?

1 A I'd have to get a legal opinion on that one.

2 Q Well, let's look at Exhibit 108, page 21. And this
3 is an extraction report from Mr. Plaskon's telephone. And
4 I'm concerned with Item 211.

5 Do you recall this situation, Mr. Gilbert? Because
6 it mentions to you from Mr. Plaskon -- it says, "We are
7 continuing monopoly analysis today. Do you want to check in
8 later today with Dinnette and I?" Do you see that?

9 A That's me going to him?

10 Q Okay.

11 A Or is that --

12 Q I thought it was him going to you.

13 A Okay. Possibly. I mean, that was towards the end
14 of, you know, the application period, the 90 days.

15 Q All right. Do you know what the result of the
16 analysis was?

17 A Yeah. That there was no monopoly that we could
18 determine.

19 Q And how did you come to that conclusion?

20 A We had a -- we had a chart that we put together with
21 the help of Dinette that showed all the owners, officers, and
22 board members that were listed on the applications and then
23 their current -- their current licenses or certificates that
24 they hold, license, and then compared them that way.

25 Q Okay. But, again, you're only comparing what they

1 disclose; isn't that correct?

2 A That's correct.

3 Q So you're not doing anything independent of the
4 applicants' own information. And so if they don't disclose
5 all of the owners, you've not done a full monopoly analysis;
6 isn't that correct?

7 A We didn't -- again, we didn't request the
8 shareholders of the company, so we didn't have that
9 information.

10 Q All right. Can you tell me how it was determined
11 what the liquidity number needed to be for each application?

12 A That 250,000 --

13 Q Yes, sir.

14 A -- in liquid assets? I think that was used from
15 2014 or the medical.

16 Q All right. How about in terms of one years'
17 operation?

18 A I don't know if there was a -- I'm sorry. Can you
19 be more specific in that question?

20 Q Yes. Was there a determination or a threshold
21 determination made on how much money each applicant would need
22 to demonstrate that they had enough money to run the operation
23 for a year?

24 A No. That was -- that was up to the evaluators', you
25 know, expertise in the fields that they came from to determine

1 if the size and the extent of plan covered.

2 Q Well, how would they know? How would they come up
3 with a number that would be used objectively for each
4 applicant? For example, the average 5,000-square-foot
5 building that would house the operation, someone would need
6 \$3.5 million to run that operation for a year. Was an
7 analysis performed to determine that amount and whether the
8 applicant had sufficient funds for that one-year operation?

9 A Well, to answer your question, an analysis wasn't
10 done.

11 Q Thank you. And the reason I say that is because I
12 do not see anything in the DOT documentation showing that an
13 analysis was done.

14 So without an analysis how can they include in your
15 evaluation or your scoring a base line to tie to the ballot
16 question that says "directly and demonstrably related to the
17 operation of a marijuana establishment," if there's been no
18 analysis done of what it takes to run one for a year? And I
19 didn't see it any of your training, either.

20 And let me stop there. Before you answer the
21 question answer this one. Did you include --

22 THE COURT: So you want to strike that one and start
23 over?

24 MR. PARKER: I want to strike that one.

25 //

1 BY MR. PARKER:

2 Q I want to make sure we're clear. I didn't see it in
3 your training. Were there any training slides related to a
4 determination of what it costs to run a recreational marijuana
5 establishment for a year?

6 A Not that I can recall.

7 Q All right. So no training slides, no analysis. Did
8 you leave it to evaluators to determine per applicant whether
9 or not that applicant had enough money to run it for a year?

10 A We did. Because we couldn't determine -- we didn't
11 know what the applications were going to include, and they --
12 based on their expertise and their experience they -- they
13 looked at the budget and compared it to the plan.

14 Q Had a single evaluator ever operated a marijuana
15 establishment for a year?

16 A Not -- I don't think -- no.

17 Q Okay. So when you said based upon their experience,
18 they didn't have any experience in running a marijuana
19 establishment in the state of Nevada. Isn't that correct?

20 A That's correct.

21 Q So it wasn't based on experience, and there was no
22 training, and there was no analysis done by the DOT. So isn't
23 it a fair statement, sir, that there was no way to objectively
24 determine whether or not the evaluators could determine the
25 number of -- the amount of money, the amount of money

1 necessary to run a recreational marijuana establishment for a
2 year?

3 A I think there was. I mean, some of these questions
4 might be better to be asked to the evaluators themselves to
5 see what they experienced. However, they looked at the
6 comprehensive plan that was provided to them in the non-
7 identified section and then the budget to see if there was
8 enough funds to cover the plan.

9 Q Well, sir, you've already told me that none of them
10 had medical marijuana -- I'm sorry, I keep on saying medical
11 -- none of them had recreational marijuana experience in the
12 state of Nevada. You told me no analysis was done and no
13 training was done. So you left it up to people without
14 experience to come up with a number to run a recreational
15 marijuana operation in the state of Nevada; is that correct?

16 A Well, that's -- no, that's not correct. I think --
17 so the non-identified group had three people on it.

18 Q This is part of the identified portion.

19 A Oh. I thought you --

20 Q No, no. This is -- the financial ability is a part
21 of the identified portion; isn't that correct?

22 A It is part of it, yes.

23 Q Okay. So let's stay focused. Let's stay on this
24 topic, that is, the ability to finance the operation of a
25 recreational marijuana establishment for a year. You told me

1 that there was no training on it; isn't that correct?

2 A Can you repeat what you just said.

3 Q Yes. You said there was no training done in terms
4 of educating the evaluators on how to determine if an
5 applicant had sufficient amount of money to run a recreational
6 marijuana establishment for a year.

7 A Well, there was training on the financial side of it
8 by Damon Hernandez. So I don't know if I can answer that
9 specifically. I think the question you asked earlier, if I
10 may, was if there was any analysis done and provided to them.

11 Q That was one of my questions.

12 A There wasn't on the analysis.

13 Q There was no analysis. I understood that. But when
14 I looked through your training materials there was no training
15 dealing with that part of the application. Do you recall
16 seeing any training slides that dealt with that?

17 A No, there wasn't.

18 Q All right. So I -- so my question again is if there
19 was no training, there was no analysis, and we know that they
20 did not have experience in the recreational marijuana --

21 THE COURT: I'm still listening.

22 MR. PARKER: I know you are. I've seen you do this
23 before.

24 THE COURT: Keep going. I'm grabbing a book.

25 MR. PARKER: I'm with you.

1 BY MR. PARKER:

2 Q Would you agree with me that you left it up to
3 inexperienced evaluators to come up with a number?

4 A No, I would not.

5 Q Well, what number was that? Tell me that. What
6 number did they arrive at that a applicant would need to run a
7 medical marijuana establishment for a year?

8 A That would be a question I think that the evaluators
9 would have to answer, because --

10 Q You don't know the answer to that question, sir?

11 A No.

12 Q The person who trained the trainers and was the go
13 to person to field questions that could not be answered by the
14 trainers does not know what the threshold number would be to
15 run a recreational marijuana location in Nevada for a year; is
16 that correct?

17 A We did not -- we did not provide that number to
18 them.

19 Q All right. How did -- how is determined what
20 percentages of taxes paid to Nevada would equate to serve the
21 scoring? For example, I believe if we were to put the scoring
22 criteria back up, taxes are -- let's see if I can find the
23 taxes for you.

24 THE COURT: Do we need to break? I mean, I've got
25 seven minutes. If you're coughing real, bad we can --

1 MR. KOCH: I'm fine. This one question will
2 probably take seven minutes.

3 THE COURT: That is likely.

4 BY MR. PARKER:

5 Q So financials, the taxes indicate that if you've
6 paid zero to 499,000, you get 1 point, 500,000 to 999,000 2
7 points. Do you recall that?

8 A Yes.

9 Q Who came up with those numbers and those lines of
10 demarcation?

11 A I think Mr. Pupo did. This was part of the exercise
12 that Kara and Jorge and I did when we comparing the scoring
13 criteria to the regulations.

14 Q Would you agree with me that that portion has
15 nothing to do with being directly and demonstrably related to
16 the operation of a recreational marijuana facility?

17 A I think it shows the ability to run a successful
18 business in the state of Nevada.

19 Q You're saying simply paying taxes on something that
20 could be related to a construction business or a pet store
21 would be -- could be directly related to running a marijuana
22 store?

23 A Maybe not directly to the marijuana business per se.

24 Q All right. So then why -- wouldn't you agree with
25 me that the bigger the company the more points likely they

1 will receive because they pay more taxes?

2 A I don't know if I can -- bigger revenue-wise?

3 Q Yes.

4 A Yes.

5 Q All right. And does that matter, the larger the
6 company is the better you can run a marijuana retail or
7 dispensary?

8 A Can you -- just -- I'm sorry.

9 Q Yeah. Does it matter how much you paid in taxes
10 whether or not you can run and operate a recreational
11 marijuana establishment?

12 A No, it's not. But that's part of the criteria that
13 is in the regulations.

14 Q So then the question becomes why wasn't simply a
15 threshold number used, as opposed to giving higher scores for
16 higher payers of taxes?

17 A That would probably be a better question for Mr.
18 Pupo. I'm sorry.

19 Q You didn't decide these figures, did you?

20 A No, I didn't. Like I said, we were sitting, if I
21 recall correctly, discussing the scoring and Mr. Pupo came up
22 with those.

23 Q All right. Same with the liquidity number. Who
24 came up with that?

25 A I think that was carried over from the 2014

1 application process.

2 Q So you'd agree with me that, again, this scoring
3 system for the liquidity again favors the bigger companies?

4 A Well, I think that's just a minimum amount required,
5 you know, just to show that you do have liquid funds.

6 Q Well, if you look at the financial statements --
7 again, this is DOT394 -- there points that increase as you
8 demonstrate greater assets. So 250,000 1 point, in excess of
9 3.5 million is 10 points. Are you familiar with that?

10 A Yes.

11 Q So does it -- why would it matter -- after you've
12 reached the threshold of two fifty why does it matter in terms
13 of liquidity whether or not that amount of money is necessary
14 for purposes of running a marijuana establishment?

15 A Well, the liquidity wouldn't necessarily be enough
16 to open up a business within 12 months.

17 Q Okay.

18 A The liquidity -- you'd have to look at the budget,
19 and there's a lot of aspects that go into what the evaluators
20 I think looked at to come up with these determinations.

21 Q The liquidity amount was at two fifty; right?

22 A Yes.

23 Q All right. So this is taken from the liquid and
24 illiquid asset figure.

25 MR. PARKER: Make that whole section bigger, Shane,

1 so he can see where it's coming from.

2 BY MR. PARKER:

3 Q Are you familiar with that, sir?

4 A No.

5 Q These deal with the financial statements. Or this
6 information comes from the financial statements of the
7 applicants.

8 A Yeah, I'm familiar with it.

9 Q All right. So after you've demonstrated the amount
10 of liquidity necessary, this provides scoring for the more
11 money you show the more points you get; right?

12 A Yes.

13 Q You said you had nothing to do with setting these
14 parameters?

15 A Taxes. Taxes is what I said I didn't have --

16 Q Did you have anything to do with these parameters?

17 A I don't recall if -- how we came to the conclusion
18 on these. I don't know if -- I mean, I wasn't the final say
19 in it, of course.

20 Q All right. So you don't recall?

21 A No, I don't.

22 Q Okay.

23 THE COURT: Would this be a good place to break, Mr.
24 Parker?

25 MR. PARKER: It would be, Your Honor. I was about

1 to change --

2 THE COURT: All right. It's 4:45. I'm going the

3 let the witness leave before people change minds.

4 Sir, do you want to come back on Tuesday, or do you

5 want for your counsel to negotiate a different start?

6 THE WITNESS: If I fly in Tuesday morning, is that

7 fine?

8 THE COURT: I was going to start about 9:30.

9 THE WITNESS: Okay.

10 THE COURT: What time can you get here?

11 THE WITNESS: I'll have to come Monday night. But

12 that's fine. I'd like to get it over.

13 MR. KOCH: I'm sorry. I couldn't hear, Your Honor.

14 THE COURT: He said yes.

15 Okay. We'll see you Tuesday morning. You have a

16 nice weekend.

17 All right. So, team --

18 We can go off.

19 (Court recessed at 4:45 p.m., until the following

20 Tuesday, June 18, 2019, at 9:30 a.m.)

BEFORE THE HONORABLE ELIZABETH GONZALEZ, DISTRICT COURT JUDGE

EVIDENTIARY HEARING - DAY 7

TUESDAY, JUNE 11, 2019

COURT RECORDER:

TRANSCRIPTION BY:

JILL HAWKINS
District Court

FLORENCE HOYT
Las Vegas, Nevada 89146

Proceedings recorded by audio-visual recording, transcript
produced by transcription service.

APPEARANCES:

FOR THE PLAINTIFFS:

DOMINIC P. GENTILE, ESQ.
MICHAEL CRISTALLI, ESQ.
ROSS MILLER, ESQ.
WILLIAM KEMP, ESQ.
ADAM BULT, ESQ.
MAXIMILIEN FETAZ, ESQ.
THEODORE PARKER, ESQ.

FOR THE DEFENDANTS:

KETAN BHIRUD, ESQ.
STEVE SHEVORSKI, ESQ.
THERESA HAAR, ESQ.
RUSTY GRAF ESQ.
BRIGID HIGGINS, ESQ.
ERIC HONE, ESQ.
DAVID KOCH, ESQ.
ALINA SHELL, ESQ.
JARED KAHN, ESQ.
PHILIP HYMANSON, ESQ.
JOSEPH GUTIERREZ, ESQ.

1 LAS VEGAS, NEVADA, TUESDAY, JUNE 11, 2019, 9:23 A.M.

2 (Court was called to order)

3 THE COURT: All right. Counsel, we have an issue.
4 We have Exhibit 26 that is missing. I understand from my
5 clerk that Exhibit 26 was supposed to be provided by the State
6 even though it's a plaintiffs' exhibit.

7 Is Mr. Kemp here?

8 THE CLERK: One of the defendants'.

9 THE COURT: Essence/Thrive's application in a
10 redacted form. Is that what it is, Dulce?

11 THE CLERK: That's what it says on the list.

12 THE COURT: It's what it says on the list. Who's in
13 charge? Who is in charge of it? Nobody is taking credit.

14 MR. PARKER: Or responsibility.

15 MR. GUTIERREZ: I think that was the evaluator notes
16 that Mr. Kemp --

17 THE COURT: No. I think it was the application,
18 because it was before the evaluator notes were produced.

19 Essence/Thrives is what Dulce has on her notes.

20 THE CLERK: It was admitted on the 24th --

21 THE COURT: By stipulation.

22 THE CLERK: It says, "on the list to be produced".

23 THE COURT: Here comes Mr. Kemp. We'll grill him.

24 Mr. Kemp, when does Mr. Rulis come back from
25 vacation?

1 MR. KEMP: Sunday.

2 THE COURT: Is he coming next week?

3 MR. KEMP: I hope so.

4 THE COURT: We're missing Exhibit 26. Do you know
5 anything about that?

6 MR. KEMP: Other than it's missing, I don't know
7 anything about it. You did get 27, though; right? Because
8 there were two.

9 THE COURT: Dulce is only telling me what we're
10 missing.

11 So when Mr. Rulis is here on Monday we will find out
12 where Exhibit -- or on Tuesday we'll find out where Exhibit 26
13 is.

14 Dulce, you might want to send him an email so when
15 he gets into the office on Monday he can look for it and
16 resolve it before he shows up on Tuesday.

17 (Pause in the proceedings)

18 THE COURT: All right. Are we ready to continue and
19 finish up Mr. Jolley?

20 Mr. Parker.

21 MR. PARKER: I am, Your Honor.

22 THE COURT: Anything else before Mr. Jolley starts?

23 Mr. Jolley, let's get you finished and get Mr.
24 Gilbert back on. I told Mr. Gilbert yesterday it was an hour
25 and a half that he would have a break. It didn't turn out

1 that way.

2 ANDREW JOLLEY, DEFENDANTS' WITNESS, SWORN

3 THE CLERK: Thank you. Please be seated. Please
4 state and spell your name for the record.

5 THE WITNESS: Andrew Jolley, A-N-D-R-E-W
6 J-O-L-L-E-Y.

7 THE COURT: Mr. Parker, you may continue. Mr.
8 Parker, you can continue.

9 MR. PARKER: Thank you, Your Honor.

10 CROSS-EXAMINATION (Continued)

11 BY MR. PARKER:

12 Q Good morning, Mr. Jolley. How are you?

13 A Good morning. I'm wonderful, thank you.

14 Q Good. Mr. Jolley, when we left off yesterday we
15 were talking about the confusion created by more than one
16 application, Exhibits 5 and 5A. Do you recall that?

17 A Yes, I recall.

18 Q And I want to finish that line of questioning by
19 asking you whether or not either Exhibit 5 or 5A specifically
20 indicate which applications should be used. For example, does
21 5A say no, this is -- I'm not the right application to use,
22 you should be using 5, which is Exhibit 5. Or does 5 say no,
23 I'm the earlier version, you should look to the DOT for the
24 updated version. Is there any indication on 5 or 5A which
25 application is correct?

1 MR. KOCH: Objection. The document speaks for
2 itself.

3 THE COURT: Overruled.

4 THE WITNESS: If memory serves, there was an email
5 or some communication sent by the Department stating that --
6 which form of the application was the updated form.

7 BY MR. PARKER:

8 Q Let me ask it one more time. Looking at Exhibit
9 5 --

10 MR. PARKER: I'm sorry, Your Honor. Is Exhibit 5 in
11 front of the witness?

12 THE COURT: It's not on the screen.

13 MR. PARKER: May I approach, Your Honor?

14 THE COURT: It's now on the screen in front of him.

15 MR. PARKER: Well, I want to give him the hard
16 copies so he can look at those.

17 THE COURT: You can, Mr. Parker. You can approach
18 and get it out of the book for him.

19 MR. PARKER: Thank you.

20 BY MR. PARKER:

21 Q So if you could look at the face of 5 and 5A, first
22 page of those two exhibits. Can you tell me if either exhibit
23 indicates that it is the appropriate application to use.

24 A I can't tell by looking at the front page of these
25 exhibits.

1 Q All right. Is it fair to say, sir, then, if a
2 person did not receive the email that you were speaking of
3 earlier or perhaps was not on the -- a part of the Listserv,
4 that simply by looking at the applications themselves they
5 wouldn't know which application is the appropriate application
6 to use?

7 MR. KOCH: Objection. Speculation.

8 THE COURT: Overruled.

9 THE WITNESS: Yeah. I think you'd have to look at
10 the context and the source of the application.

11 BY MR. PARKER:

12 Q Is it a true statement, sir, that without having any
13 additional information other than either application in front
14 of you you would not know which application is correct?

15 A Well, I'm only looking at the front page.

16 Q Look at all of the pages, sir. Take your time.

17 MR. KOCH: Your Honor, he's asking him to look at
18 two 34-page documents and whether they say something within
19 them. The documents speak for themselves.

20 THE COURT: Overruled. He can look at them and tell
21 me. We had him do the same thing yesterday. If it refreshes
22 his mind, let me know.

23 (Pause in the proceedings)

24 THE WITNESS: Can you please restate your question.

25 //

1 BY MR. PARKER:

2 Q Certainly. Looking at those two documents, is there
3 any indication, be it Exhibit 5 or 5A, that one is the
4 appropriate application to use versus the other?

5 A Looking at the application itself and ignoring the
6 context from which it came, I can't determine -- well, let me
7 rephrase that. There's differences in these two applications.

8 Q We understand that.

9 A They're not the same. So in a sense I guess you
10 could determine which one was the more up-to-date application,
11 you know, looking back. But there's nothing on the face of
12 the application that I can see sitting here that would
13 indicate the date from which that application was applicable.

14 Q Right. There's nothing indicating a revision date;
15 is that correct?

16 A Not that I can see.

17 Q There's nothing that would say to a applicant, this
18 is the right one and this is the wrong one, on the face of
19 those two documents?

20 A Yeah. You'd have to look at the context from which
21 the application came.

22 Q Thank you, sir. Now, yesterday you were telling me
23 why you listed certain employees as officers. Do you recall
24 that?

25 A I don't think that's what I said.

1 Q Okay. You did inform me and the Court that you
2 listed your Human Resource director and your procurement or
3 purchasing director as, who are employees. They are
4 employees; is that correct?

5 A Yes.

6 Q Okay. And you listed them as officers in your
7 application; is that correct?

8 A We believe they are officers, and we listed them as
9 such in order to be thorough and accurate.

10 Q Good enough. Are there any other officers of Nevada
11 Organics that you've listed in your application?

12 A Yes.

13 Q All right. And who are those other officers?

14 A I'd have to look back at it, but I can try my best
15 to go from memory.

16 Q Were any of them employees?

17 A Well, I think all officers are employees. Our
18 officers work for the company and also have additional
19 authority within the company.

20 Q Let me -- I like that response. So do you believe
21 that all employees can be considered officers?

22 A No.

23 Q All right. So then tell me what other employees you
24 listed as officers --

25 A We --

1 Q -- for purposes of your 2018 application.

2 A So the application asked us to list officers,
3 owners, and also key personnel, and we did that.

4 Q Key personnel was a part of the application request?

5 A If memory serves.

6 Q In terms of Exhibit 5, again -- it's on the screen
7 right now. You can look at it again. That's Exhibit 127.

8 MR. PARKER: Can you highlight the title again, or
9 the portion that says, I believe, "owners, officers, and board
10 members."

11 BY MR. PARKER:

12 Q Do you see key employees in that, on Exhibit 127,
13 which is in front of you, sir?

14 A No. But if you look at page 17, section 6 of the
15 application, reading from the first paragraph, "The
16 description of the proposed organizational structure of a
17 proposed marijuana establishment and information concerning
18 each owner, officer, and board member, including key personnel
19 of the proposed marijuana establishment, including information
20 provided pursuant to R092-17." So, again, we listed the
21 officers who run and manage the company, including the folks
22 you just mentioned. And pursuant to the application we, you
23 know, think, you know, also included some information about
24 others who work in the company.

25 Q All right. Did you list any other employees as

1 officers? That's the question I have before you right now.

2 A I think our application is self evident who we
3 listed.

4 Q You don't recall?

5 A We listed the officers who run the company, board
6 members, and owners.

7 Q You don't recall the name of any of the employees,
8 is what I'm asking you, that you listed as an officer?

9 A If they were an officer, we wrote down their name
10 and we indicated they're an officer and their title, and in
11 other sections of the application we went into detail about
12 their title, their general responsibility.

13 Q Let me see if I can focus this question so I can get
14 a more focused response. Do you know the name of any other
15 employees that you listed as officers?

16 A Let's see, you're using the word "employee," and I'm
17 saying we stated who the officers of the company are on the
18 application in the section.

19 Q Were any of those other officers employees?

20 A You know, I don't know the legal term of what you're
21 trying to get me to say here. But when somebody comes in to
22 work everyday and works for a company full-time I consider
23 that person to be an employee in addition to whatever other
24 responsibility or title they would have. You know, I mean,
25 myself included.

1 Q How about I help you with these questions.

2 MR. PARKER: All right. Your Honor, I'd like to

3 have use of the Elmo.

4 THE COURT: You may.

5 MR. PARKER: Thank you. Your Honor, I'm going to

6 put on the screen -- and I think the Court can take judicial

7 notice under 47 of the Nevada Secretary of State's

8 instructions for LLCs.

9 THE COURT: Does anyone have an objection to him

10 using this as a demonstrative exhibit?

11 You may use it as a demonstrative exhibit and mark

12 it as such.

13 Sir, if you need him to blow it up --

14 MR. PARKER: I brought copies just in case anybody

15 wanted to have a copy.

16 THE COURT: All right. Sir, if you want him to hand

17 you a copy --

18 THE WITNESS: It's okay. I can see it. Thank you.

19 THE COURT: Okay.

20 THE CLERK: Mr. Parker, do you have any extra ones?

21 MR. PARKER: Yeah. I brought one for you, too.

22 THE CLERK: Thank you.

23 MR. PARKER: Your Honor, may I approach the clerk?

24 THE COURT: You may.

25 MR. PARKER: May I also approach the witness, Your

1 Honor?

2 THE COURT: You may.

3 THE CLERK: It will be D5.

4 MR. PARKER: Thank you.

5 BY MR. PARKER:

6 Q So, sir, have you ever seen this before?

7 A I may have. I don't recall.

8 Q So these are the instructions for an LLC in the

9 state of Nevada. And if you were to turn to the second page

10 of D5, you would see that this document is a form that you can

11 use to identify whether or not you're going to be member

12 managed and, if so, those members and managers and the names

13 and addresses. Do you see that?

14 A Yes.

15 Q All right. Did you list any of these employees as

16 members or managers that you identified as officers in your

17 application?

18 MR. GRAF: Objection, Your Honor. Compound.

19 THE COURT: Overruled.

20 THE WITNESS: I don't know.

21 BY MR. PARKER:

22 Q All right. Let me see if we can help your --

23 THE COURT: Jill, can you hear Rusty from the back

24 there?

25 So I can hear you, Mr. Graf, but Jill can't. So

1 that's more important.

2 MR. GRAF: For the record, objection, compound.

3 THE COURT: Overruled.

4 MR. GRAF: Do you have another copy?

5 MR. PARKER: Would you like another copy, Graf?

6 MR. GRAF: I would.

7 MR. PARKER: Here you go.

8 MR. GRAF: Thank you.

9 MR. PARKER: You're welcome.

10 BY MR. PARKER:

11 Q So the third page of this document there's a big box
12 at the bottom that says, "manager or managing member." Do you
13 see that?

14 A Yes.

15 Q Did you list any of these employees or officers, as
16 you call them, in this document when you opened up Nevada
17 Organic Remedies?

18 A I believe Steve Byrne and myself were listed as the
19 managers.

20 Q All right. So none of these employees that you
21 identified as officers were identified in the Nevada Organic
22 Remedies list of managing members or members for Nevada
23 Organic Remedies with the Secretary of State of Nevada; is
24 that correct?

25 A Like I said, I think Steve Byrne and I, who are also

1 on the application, were listed as the managers of the LLC.

2 Q Did you list by chance in an annual list to the
3 State any officers of Nevada Organics?

4 A Yes.

5 Q All right. Do you know if you listed any of these
6 employees as officers for purposes of the State?

7 A Again, the officers that we put on our application
8 were --

9 Q Yes, sir.

10 A -- were provided to the State, yes.

11 Q All right. Well, let's see what you actually said
12 to the State.

13 MR. PARKER: Here is -- and I'd like to make this
14 the next exhibit in order, Your Honor -- is Nevada Organic
15 Remedies LLC filing with the Secretary of State, which I
16 believe you can also take additional notice under 47.130.

17 THE COURT: It's all -- I'll let it --

18 MR. KOCH: It's already an exhibit. Mr. Kemp may
19 have it in as an exhibit.

20 THE COURT: Can we use it as a demonstrative
21 exhibit --

22 MR. KOCH: It's fine.

23 THE COURT: -- rather than trying to get Mr. Kemp to
24 find it, since Mr. Rulis is on vacation?

25 MR. KOCH: Sure.

1 MR. PARKER: We'll make this D6, Your Honor?
2 THE COURT: Whatever the next in order is.
3 MR. PARKER: Would that be correct, Madam Clerk?
4 THE CLERK: Yes, that'll be good.
5 MR. PARKER: All right. And I will bring you D6.
6 May I approach, Your Honor?
7 THE COURT: You may.
8 MR. PARKER: The witness as well, Your Honor?
9 THE COURT: You may.
10 MR. PARKER: Thank you.
11 Rusty, you want one?
12 MR. GRAF: Yes.
13 THE COURT: You know, we used to call the back row
14 the peanut gallery, but I'm not sure I want to apply that to
15 you.
16 BY MR. PARKER:
17 Q All right. So this appears to be, we'll start from
18 the top, Nevada Organic Remedies LLC, your annual list of
19 officers and members. And at the bottom I see only two
20 officers, and that would be yourself and Mr. Byrne; is that
21 correct?
22 A Yes.
23 Q You didn't list any other officers, which would
24 include any employees; is that correct?
25 A On this form, no.

1 Q All right. So in terms of the State's recognition
2 of Nevada Organic Remedies LLC the only officers that are
3 identified would be yourself and Mr. Byrne; is that correct?

4 A In the Nevada Secretary of State I believe that's
5 the case.

6 Q Thank you. Would the same be true for Henderson
7 Organic Remedies?

8 A It's a different ownership structure, and I can't
9 recall who the managers were initially.

10 Q Well, let me show you what it says here for
11 Henderson Organic Remedies.

12 MR. PARKER: We can make this D7.

13 THE COURT: Why do I care, since they're not an
14 applicant that's at issue here? While I certainly care
15 about --

16 MR. PARKER: Your Honor, I had that same concern.

17 THE COURT: Okay.

18 MR. PARKER: That's why I started with -- I started
19 with the ones I knew you would have no issue with. This one
20 only because I believe it ties into something that Mr. Kemp
21 got into yesterday regarding the similarity of ownership and
22 similarity of the item under the non-identified care, quality,
23 and control issues.

24 THE COURT: I'm not concerned on the compliance
25 issue that was testified yesterday, since other than as it

1 goes to the compliance issue and the knowledge and whether
2 that should have been evaluated from an owner, officer,
3 director issue, which is what I am focusing on with these
4 applications, I'm not concerned. So I don't need --

5 MR. PARKER: No worries. I won't worry about that,
6 Your Honor.

7 THE COURT: I don't need to go into the LLC
8 formation for Henderson.

9 MR. PARKER: For Henderson?

10 THE COURT: Yeah.

11 MR. PARKER: That's fine, Your Honor.

12 THE COURT: I don't need it.

13 MR. PARKER: That's fine, Your Honor. Thank you.

14 THE COURT: Thank you.

15 MR. PARKER: You're welcome.

16 THE COURT: Trying to save some time.

17 MR. PARKER: No. I appreciate it, Your Honor.

18 THE COURT: Although I will let the witness give as
19 long an answer as he wants.

20 MR. PARKER: I've noticed that, which also allows me
21 to follow up. So I appreciate both of those considerations,
22 Your Honor.

23 BY MR. PARKER:

24 Q So, Mr. Jolley, the long and the short of it is in
25 terms of the Secretary of State of Nevada the only officers

1 you've ever identified under your annual list would be
2 yourself and Mr. Bryne; is that correct?

3 A I think the document speaks for itself.

4 Q Is that a yes, sir?

5 A This document speaks for itself.

6 Q Is that a yes, sir? I'm entitled to an answer.

7 A I'm giving you an answer.

8 Q You can talk about the document as long as you can.

9 A I mean, when you use words --

10 THE COURT: Sir, can you answer the question yes or
11 no.

12 THE WITNESS: Ever? I don't know. I don't know.

13 BY MR. PARKER:

14 Q In terms of --

15 A We've sold the company, so I don't know what the
16 current list is. So I can't answer a definitive statement.

17 Q Well, I was going --

18 A Sold part of the company.

19 Q -- to help you out with that. This list, D6, is the
20 list that was brought up this morning.

21 A Okay.

22 Q And as of this morning the only officers are
23 yourself and Mr. Byrne; is that correct?

24 A Yes.

25 THE COURT: Mr. Parker, you're making a

1 representation that you pulled or someone at your direction
2 pulled that listing off the Secretary of State's office as the
3 most accurate and up-to-date member list?

4 MR. PARKER: I am, Your Honor.

5 THE COURT: Okay. Thank you

6 MR. PARKER: You're welcome.

7 BY MR. PARKER:

8 Q And, sir, is it fair to say that in your
9 recollection you do not recall any other officers being
10 designated through the Secretary of State's annual listing for
11 Nevada Organic Remedies?

12 A Not through the Secretary of State.

13 Q Thank you. You said yesterday that you recall
14 either yourself or perhaps people within your team having
15 conversations or communications with the DOT. Do you remember
16 that?

17 A That's not what I said.

18 Q What did you say, then?

19 A We received information from DOT.

20 Q Other than the Listserv did you receive any other
21 information through any other medium?

22 MR. KOCH: Objection. Vague as to time.

23 THE COURT: Overruled.

24 THE WITNESS: Directly, I don't recall. I mean, we
25 do -- we are in somewhat constant communication with DOT. For

1 example, when we have audits or inspections there's
2 communication that is passed between our organization and the
3 Department. Regarding the application process, I stated
4 yesterday that I don't recall having any direct contact with
5 the Department regarding the application. If certain members
6 of our team did, I don't recall that off the top of my head.

7 BY MR. PARKER:

8 Q Okay. Have you ever spoken to Ms. Kara Cronkhite?

9 A Yes.

10 Q On how many occasions?

11 A I don't know. I would say a handful or maybe, you
12 know, a few occasions.

13 Q Were any of those conversations -- were any or those
14 conversations related to the 2018 application process?

15 A I don't recall.

16 Q Have you ever spoken with Mr. Damon Hernandez?

17 A I am not sure.

18 Q Let's go back to Ms. Kara Cronkhite. Were any of
19 those conversations recorder in any fashion?

20 A I'm not aware of any.

21 Q Were any of those conversations memorialized in any
22 written document, an email, a letter, or some type of response
23 in a Listserv to your knowledge?

24 A They may have been. I remember seeing email from
25 Kara I believe that was produced as part of this litigation

1 regarding the incident that we discussed yesterday at
2 Henderson. But I'm not recalling any specific emails about
3 the application process.

4 Q How about Mr. Gilbert, Steve Gilbert? Have you ever
5 spoken with him?

6 A Yes.

7 Q On how many occasions?

8 A A few.

9 Q Any of it involving the 2018 application process?

10 A Not that I can recall.

11 Q Any of it dealing with -- since you mentioned,
12 dealing with any deficiencies related to Nevada Organic
13 Remedies?

14 A Not that I can recall.

15 Q How many deficiencies has Nevada Organic Remedies
16 received?

17 A I'm not sure, but I don't think it's in -- I don't
18 think we're an outlier in terms of the rest of the industry.

19 Q More or less than 10?

20 A More.

21 Q More or less than 20?

22 A More.

23 Q More or less than 30?

24 A Are you asking in the lifetime of the company?

25 Q Well, the lifetime would be, I'm thinking since 2014

1 or '15; right?

2 A Correct.

3 Q All right. Yes.

4 A Yeah.

5 Q How many?

6 A So, yeah, over the course of those years, yeah, it
7 could be more than 30.

8 Q More than 40?

9 A Are you saying like -- let's say we have an audit
10 and we get a letter that has two deficiencies in it, are you
11 separating those, or are you counting that audit letter as
12 one --

13 Q No. I'm counting those as two deficiencies.

14 A As two. Okay.

15 Q Yes, sir.

16 A All right. Then, yeah, it's probably more than 30.
17 I wouldn't be able to quantify how many more than that, but
18 probably not many.

19 Q Do you know whether or not that list of deficiencies
20 were provided to or made available to the evaluators?

21 A I have no idea.

22 Q It appeared that your counsel, based upon
23 Exhibit 96, was attempting to prevent that issue from being
24 considered among the Nevada Organic Remedies applications. Do
25 you have the same opinion?

1 MR. KOCH: Objection, Your Honor. Misstates the
2 document. Also, it mischaracterizes the communication.
3 There's no indication that Counsel's even on that
4 communication.

5 THE COURT: Can you not make a speaking objection.
6 Overruled.

7 THE WITNESS: Can you please ask the question again.

8 BY MR. PARKER:

9 Q Yes. Do you want me to bring up Exhibit 96 again
10 just for purposes of context?

11 A Sure.

12 MR. PARKER: Could you do that for me, Shane. Let's
13 bring the whole thing in, Shane.

14 BY MR. PARKER:

15 Q And if you'd like, I can provide the book for you.
16 Can you highlight the second-to-the-last sentence of the word
17 "banks." Starts at "These investigations." And if you can't
18 see it, Mr. Jolley, I can grab the volume behind you and give
19 it to you. It says, "These investigations should be removed
20 from the log". And Kara Cronkhite is identified at the bottom
21 of this document. Do you recall ever speaking to her about
22 this document or about the incident that this document
23 concerns?

24 A No, I don't.

25 Q Do you have an understanding why these

1 investigations should be removed from the log?

2 A I don't believe I was a party to this email. I just
3 saw it for the first time yesterday, I believe. And so all I
4 can do is go off of the face of the text. I don't really have
5 any, you know, detail or inside information on this email. It
6 says, "Please remove the investigation SODs regarding self-
7 reported incidents," and goes on from there. So --

8 Q Do you know whether or not the 30-plus deficiencies
9 that you were just speaking of were also removed from the log,
10 or are they currently on log, to your knowledge?

11 A I don't have access to the State's proprietary, you
12 know, private information.

13 Q Do you know whether or not those deficiencies were
14 available to the evaluators?

15 A I do not.

16 Q You were on the NDA; right?

17 A Yes.

18 Q Were there any discussions or recommendations with
19 regards to the availability of the deficiencies for a
20 particular applicant for the evaluators?

21 A I don't recall having those discussions. It wasn't
22 really our job to be part of that discussion.

23 Q As an NDA member did you reach out to the industry
24 to inform them of whether or not deficiencies would be a part
25 of the application process?

1 A I think it was discussed a little bit here and
2 there. I mean, I think we all assumed, I know I did, that the
3 State would consider your compliance track record and, you
4 know, the status of your company.

5 Q Did any of those deficiencies concern the care,
6 quality, or safety of marijuana from seed to sale?

7 A I don't really know how to answer that question.

8 Q Well, the application -- as a part of the criteria
9 for the application the evaluators had to determine in scoring
10 your care, quality, and safekeeping. Do you recall that?

11 A Uh-huh.

12 Q Is that a yes?

13 A Yes, I do recall that.

14 Q All right. Were any of your deficiencies related to
15 that element or criteria?

16 A So deficiencies are not categorized like that. So
17 that would be a subjective, you know, call that you would have
18 to make. I guess there could be circumstances. For example,
19 I recall, you know, certain companies having significant
20 issues with the State, compliance issues, and having to shut
21 down operations.

22 Q Right.

23 A And so, yeah, I mean, I guess there could be
24 situations where a deficiency -- one could construe a
25 deficiency or adherence to a certain regulation as being, you

1 know, relevant in that general topic --

2 Q Right.

3 A -- of discussion. But I don't think that it was
4 outlined as such in the application.

5 Q Wouldn't you agree with me that with someone with
6 30-plus deficiencies that some of those deficiencies, yours in
7 particular, Nevada Organic Remedies, could touch on that
8 criteria?

9 A I believe if an operator had made serious mistakes
10 or had been shut down by the State or something like that, it
11 could factor into their qualification for additional licenses.

12 Q And if a applicant had 30 or plus deficiencies, some
13 of which touching on care, quality, and safekeeping from seed
14 to sale, wouldn't that be directly and demonstrably related to
15 the operation of a marijuana establishment?

16 A That's not how I interpreted the application. But
17 as I said earlier, I think, you know, a company's track record
18 in following the regulations could be relevant when looking at
19 issuing new licenses.

20 Q All right. Because you would agree with me that
21 that track record, if it reflected negatively upon the
22 applicant, the evaluators should have access to that for
23 determining whether or not that applicant should score high in
24 the care, quality, and safekeeping criteria. Do you agree
25 with that?

1 A I'm not familiar with how the State handled that
2 particular aspect of the application process.

3 Q All right. In terms of your communications with Mr.
4 Gilbert you said maybe half a dozen times; is that correct?

5 A Going back several years, if you count in-person
6 communications, phone communications, every possible form,
7 then, yeah, maybe, you know, a handful of communications. I
8 don't know.

9 Q All right. And do you ever recall any emails --
10 strike that. Did you communicate with Mr. Gilbert by text, or
11 only in person or by phone?

12 A I don't recall ever texting Mr. Gilbert, but I'm not
13 a hundred percent positive on that.

14 Q Okay. You had his personal email -- telephone
15 number?

16 A I definitely have his office number. I'm not sure
17 about his other contact information.

18 Q All right. Were any of your communications with
19 him, be it in person or over the phone, ever memorialized or
20 reduced to writing and sent back to you, this is to confirm
21 our conversation, you know, we don't care if you don't use
22 actual locations for your application, anything like that?

23 A I never received an email like that that I can
24 recall.

25 Q Okay. And I was using an example, a hypothetical.

1 But any type of written communication confirming the
2 conversations you may have had with him?

3 A I don't recall receiving emails directly from Mr.
4 Gilbert related to the application.

5 Q Okay. And you don't recall any of your
6 conversations being reflected in a Listserv dissemination,
7 either?

8 A I don't know what you mean by having my
9 communication being sent out to a Listserv. I don't
10 understand that.

11 Q Let's say you asked Mr. Gilbert a question regarding
12 the application process because you needed clarification and
13 he sent you an email saying, this clarifies our conversation,
14 something like that.

15 A Well, I just said I don't recall ever receiving such
16 an email.

17 Q Okay. So if you had a question regarding this 2018
18 process that you discussed with Mr. Gilbert, Ms. Cronkhite, or
19 Mr. Hernandez and it didn't make its way into something in
20 written form disseminated through the Listserv, then the
21 general public would not have that information. Is that a
22 fair statement?

23 A Well, I think each applicant had the opportunity and
24 the prerogative to clarify questions they may have had
25 regarding the application. And I don't think it's the

1 Department's practice to redistribute all communications it
2 has publicly.

3 Q Okay. So the answer to my question would be yes,
4 Mr. Parker, the public would not gain the benefit of your
5 discussions with the DOT through a written dissemination by
6 the Department of Taxation; is that correct?

7 A That's not what I said.

8 Q But is that correct?

9 A I don't believe the Department has a practice of
10 redistributing communications it has with licensees or anyone
11 public via the Listserv.

12 Q All right. Now, do you believe that there's an
13 advantage that you gained by being able to have these
14 communications with the Department of Taxation employees that
15 did not result in the public being afforded the results of
16 those conversations?

17 A I believe every applicant had the opportunity to ask
18 questions on an equal, level playing field. I think all
19 applicants had at their disposal the same opportunities to ask
20 questions and clarify issues.

21 Q That's not answering my question, sir. The question
22 is do you believe because of your ability to have these
23 conversations directly with the people training the trainers,
24 or, as they say, training the evaluators, that you perhaps
25 received information that the general public did not.

1 MR. KOCH: Objection. Lacks foundation.
2 THE COURT: Overruled.
3 THE WITNESS: No, I do not agree with that.
4 BY MR. PARKER:
5 Q Well, you had -- like you said before, you had Mr.
6 Gilbert's direct line at his office; is that correct?
7 A It's on the Website. You can get it.
8 Q Is that correct?
9 A That I had Mr. Gilbert's office phone number?
10 Q At the very least you said that; is that correct?
11 A I did say that.
12 Q All right. And you spoke with him both in person
13 and over the phone; is that correct?
14 A Going back to 2014 or '15, the course of my
15 experience and relationship with him, yes, I have had --
16 Q All right.
17 A -- conversations with Mr. Gilbert.
18 Q Same with Mr. Hernandez; is that correct?
19 A I don't recall ever speaking with Mr. Hernandez.
20 I'm not sure who that is.
21 Q And the same with Ms. Cronkhite?
22 A I met Kara during some of our first inspections back
23 in 2015 and have had various interactions with her over the
24 years.
25 MR. PARKER: Okay. Shane, I need you to bring this

1 up for me.

2 Your Honor, it's an admitted exhibit I'm looking
3 for. It's the extraction report.

4 THE COURT: I don't know all the exhibits in this
5 case, Mr. Parker.

6 Sir, I have a question on an unrelated issue while
7 he's looking for that. And if you need time to think about
8 the answer, just let me know. When did you learn that the
9 Department of Taxation would be using outside contractors to
10 review the applications under 453D?

11 THE WITNESS: I believe I learned about that leading
12 up to the application period. I believe there was a public
13 hearing in which Jorge Pupo may have mentioned that or some
14 information that came out. I'm a little fuzzy on that.

15 THE COURT: So summer of 2018?

16 THE WITNESS: Yeah, that sounds about right, but --

17 THE COURT: Okay.

18 THE WITNESS: I'm pretty fuzzy on it, but yeah.

19 THE COURT: I'm looking for your best recollection.

20 THE WITNESS: Thank you. Yeah.

21 THE COURT: All right. Sorry, Mr. Parker, I was
22 trying to use time wisely.

23 MR. PARKER: No. No worries. I have -- no worries,
24 Your Honor. I appreciate you using the time. So I believe we
25 have Exhibit 108, Your Honor, on the screen, which has been

1 admitted. It is the extraction report, page 32, KP32. I
2 believe it's Exhibit 108. And I'm concerned about Item Number
3 404.

4 BY MR. PARKER:

5 Q Can you see that on the screen, Mr. Jolley? Or can
6 you see it on your personal screen if it's easier that way?

7 A It's not on the personal screen. I can see it on
8 this one.

9 MR. KOCH: I think you can turn it off and on.

10 MR. PARKER: Yeah. It's the Plaskon approach to
11 technical issues.

12 THE COURT: The marshal's going to help if you can't
13 get it done.

14 (Pause in the proceedings)

15 BY MR. PARKER:

16 Q So this text message was taken from Mr. Plaskon's
17 telephone. It says, "Jorge Pupo is the MED Deputy Director."
18 Do you see that?

19 A Yes.

20 Q Okay. And you've spoken with Mr. Pupo; is that
21 correct?

22 A Have I ever spoken with Mr. Pupo?

23 Q Yes, sir.

24 A Yes, I have.

25 Q And how many occasions?

1 A A handful.

2 Q All right. As many times as you've spoken to Mr.
3 Gilbert?

4 A I wouldn't say that. I don't know that I can, you
5 know, directly quantify the number of conversations with both
6 of those individuals. But, you know, it's a few. It's not
7 hundreds, and it's not one or two. It's somewhere in between.

8 Q Were those discussions related to the 2018
9 application process?

10 A I don't recall ever speaking with Mr. Pupo directly
11 about the application process.

12 Q I thought you just said to the Court that you had a
13 conversation with him regarding the use of outside evaluators.

14 A That's not what I said.

15 Q What did you say?

16 A Would you like me to repeat the conversation I just
17 had with the Judge?

18 Q Just your answer.

19 A Okay. The question was when did I first learn that
20 the Department was going to use outside consultants to help
21 evaluate applications. And my general and somewhat vague
22 recollection is that it was in the summer of 2018, leading up
23 to the application process. And I believe, I don't know this
24 for sure, that it may have been through something that Mr.
25 Pupo said publicly, some kind of public statement that was

1 made. But I know that others on our team I believe had heard
2 something similar, and we discussed that.

3 Q Okay. So it came from Mr. Pupo. You just don't
4 know if you were a one-on-one conversation when that came up?

5 A No. I said I don't recall discussing the
6 application process directly one on one with Mr. Pupo. I
7 don't believe that ever occurred.

8 Q All right. But --

9 A I learned about the Department's intention to use
10 outside consultants I believe through something that came out
11 publicly, either a news article or a hearing, something like
12 that. I actually don't recall.

13 Q All right. It says, "Steve Gilbert is the program
14 manager and reports to Jorge. I report to Steve. Steve
15 prefers to not have the world know our structure. He likes
16 industry folks knowing, though, and addressing them". Now, if
17 you're not in the industry, how would you get the same level
18 of information from the DOT if you're not in the industry and
19 you're not on the Listserv?

20 A I'm not really sure what you're inferring here.
21 What do you mean by same information?

22 Q Fortunately, I get to ask the questions. And so let
23 me repeat the question. Maybe you didn't understand it or
24 maybe I need to rephrase it to make it easier for you to
25 respond to. Do you have an understanding of what "the

1 industry" means in the context of the 2018 application
2 process?

3 A I would assume it means people who are in the
4 marijuana industry in Nevada.

5 Q All right. So if you're not in the medical
6 marijuana industry in Nevada and presumably not on the
7 Listserv, how would that person, that member of the public,
8 get the same information that you're getting for purposes of
9 preparing your applications?

10 A It's up to that person and what they're looking for
11 and how resourceful they are. They can go to the Department's
12 Website, they can call the Department, they can attend, you
13 know, hearings and meetings, can read through the various
14 materials that are available through the Department's Website.

15 Q Would you agree with me that there's an advantage to
16 being the president of the NDA and having the ability to
17 contact these people personally, the DOT people that we --

18 A No, I would not agree with that.

19 Q All right. Yesterday you were discussing locations
20 with Mr. Kemp and I think to some extent Mr. Cristalli. Do
21 you recall that?

22 A Yes.

23 Q All right. And you -- as a part of that discussion,
24 you indicated I believe in part of your answer the impact to
25 the community based upon the location. Do you recall that?

1 Or did I misunderstand what you were saying?

2 A I generally remember that topic of discussion.

3 Q Do you recall that the application required you to
4 identify the maximum square footage that you had utilized? Do
5 you remember that?

6 A I believe the application called for a floor plan,
7 and there was some language in there about the size and
8 adequacy of the proposed floor plan.

9 Q And do you have -- it's my understanding you used a
10 -- I think Mr. Kemp said a generic floor plan; is that
11 correct?

12 A That was his term.

13 Q But it was your -- the floor plan that you currently
14 use; is that correct?

15 A That's not what I said.

16 Q Is it the floor plan that you currently use that you
17 wanted to replicate in different locations?

18 A I said it was based on the floor plan and there were
19 some tweaks that were made.

20 Q Okay. But I thought that some of those tweaks would
21 come after you actually found a location. Is that correct or
22 incorrect?

23 A Those are not mutually exclusive issues you're bring
24 up.

25 Q All right. So that's -- we can address them

1 individually. Was it your intention to make tweaks to a floor
2 plan that you generally use right now based upon each
3 location?

4 A We used -- we started from our existing floor plan
5 of one of our stores and then made some minor modifications to
6 that and included that in our application, because we felt
7 that it supported the idea that we could use that floor plan
8 and knew how to function as a company in this particular flow
9 and layout in a way that would best serve the needs of the
10 community.

11 Q If you don't have a location, just a floor plan, how
12 do you know that you will be able to convince a landlord or an
13 owner to allow for that floor plan or tweaks to that floor
14 plan after you enter a lease?

15 A Well, first, I've done that before, and so I had
16 confidence that I could do it, again. Secondly, in retail
17 there's pretty standard dimensions for retail buildings, and
18 so we felt that it was not unreasonable to base future stores
19 on our current store design with some minor modifications. Of
20 course things like the location of electrical panels and
21 drains and plumbing fixtures might need to be tweaked a little
22 bit based on the individual needs of the building.

23 But I don't think that's what the intention of the
24 application was. I think the intention of the section of the
25 application was for the State to get an idea of how a company

1 would operate to serve the needs of the community. And I
2 think we did an excellent job of demonstrating that.

3 Q So if that's the case, if the State only wanted an
4 idea, they could have said, please simply provide floor plans.
5 That could have been the request in the application. Didn't
6 have to do anything with building size or location, just
7 provide floor plans; right?

8 A I'm not in a position to speculate on the
9 Department's intentions or strategies behind the application.
10 I just know what the application requested, and I know, you
11 know, generally what we did to respond to that section.

12 Q Well, you gave me your interpretation of what the
13 application required. That's why this conversation started,
14 when I asked you about your floor plan. And you said it was
15 based upon your interpretation of the application this is what
16 the DOT was looking for. So I'm trying to figure out how you
17 move from what the words -- the four corners of the
18 application says, building size, adequacy, all of those
19 things, how do you jump from that to simply saying a floor
20 plan was sufficient and why in the heck you would get such
21 high scores when the application doesn't say, give me floor
22 plans. If that was the case then everybody could have just
23 provided floor plans. But the application talks about
24 building size and adequacy, not just simply floor plans. So
25 what made you think that you were simply -- or you were

1 providing adequate information when it says more than, just
2 give me a floor plan?

3 A You lost me. There's many questions in that
4 diatribe/statement/question, so I really don't know how to
5 answer that.

6 Q Let me see if I can break it up for you.

7 A Okay.

8 Q Is there any -- did you receive any information from
9 the DOT that said simply providing a floor plan would be
10 adequate in a response to building size, adequacy of building,
11 the actual requirements of the application?

12 A We went off what was stated in the application.

13 Q You didn't receive any additional information from
14 anyone at the DOT?

15 A Members of our team may have received certain
16 clarifying, you know, information, but I don't recall
17 receiving any direct communication from the DOT regarding the
18 application process.

19 Q And is it fair to say, sir, that you had no
20 conversations or any LOIs -- let's start here. Did you have
21 any LOIs in terms of lease space for any of these locations,
22 the eight or so applications you submitted?

23 A We did not provide letters of intent in our
24 application.

25 Q And you had no other type of agreement related to a

1 location that you provided with your application; is that
2 correct?

3 A I don't know what you mean by other type of
4 agreement.

5 Q Well, did you have perhaps earnest money on a piece
6 of property that you intended to buy to build a building?

7 A We own and are developing several retail properties
8 in various locations and jurisdictions that we felt would be
9 potential candidates should we receive a provisional license.
10 But following the instructions in the application, we did not
11 provide, you know, leases or letters of intent regarding
12 proposed locations.

13 Q Did you provide any building plans, or simply a
14 floor plan?

15 A We provided a great deal of detail about the
16 proposed layout and flow and processes within the proposed
17 locations.

18 Q Let me be more precise. Did you provide
19 construction drawings?

20 A I do not believe we provided construction drawings.

21 Q Did you provide a security plan that included some
22 type of contract or anything showing what would be placed on
23 that floor plan?

24 A Yes, I believe we did.

25 Q And did that also identify for purposes of outdoor

1 security devices, cameras, where you anticipated those
2 locations to be? So, for example, a floor plan would not
3 necessarily indicate windows to the exterior, it may just have
4 walls without showing where windows would be. Understand?

5 A I understand what you're saying, but I'm not sure
6 that's what we did.

7 Q If you had windows perhaps you may want more
8 security near windows; is that correct?

9 A It really depends on the layout of the building. I
10 can't really comment on a -- in that kind of hypothetical.

11 Q And I appreciate that. And you're actually helping
12 me go where I wanted to end. Without that information the
13 actual building layout -- a floor plan by itself would not
14 indicate or provide a reader or an evaluator a full complement
15 of what would be required for that establishment, because you
16 don't know what building it's going to be placed on, you don't
17 know if it's going to be first floor, the second floor, you
18 don't know if it's in the -- next to -- adjacent to an alley.
19 I mean, none of those things were a part of your application;
20 is that correct?

21 A Are you asking if we indicated where potential
22 alleyways would be in our application?

23 Q Yes, sir.

24 A I don't recall specifically discussing alleyways,
25 no.

1 Q You didn't particularly describe where windows would
2 be, either, did you?

3 A I'm not sure. I'd have to go back and look.

4 Q You didn't describe first floor or second floor?

5 A I don't recall discussing floors.

6 Q Strip mall --

7 A All of our locations are on ground floors.

8 Q Strip mall or stand alone, none of that stuff was
9 identified; right?

10 A We did not discuss strip malls in our application
11 that I can recall.

12 Q Or stand-alone buildings?

13 A I don't recall.

14 MR. PARKER: Good enough.

15 Thank you, Your Honor.

16 THE COURT: Anyone else for the plaintiffs' side?
17 Any other defendants or the State wish to inquire before I go
18 to redirect?

19 MR. SHEVORSKI: Nothing from the State, Your Honor.

20 THE COURT: Redirect.

21 REDIRECT EXAMINATION

22 BY MR. KOCH:

23 Q Well, Mr. Jolley, I told you you'd be done by 2:00
24 yesterday. I hope you're done by 2:00 today. Try to get you
25 there. You've had a lot of conversation and discussion about

1 diversity and officers and the impact on diversity, a couple
2 discussions with Mr. Kemp and Mr. Cristalli and Mr. Parker.

3 A Yes.

4 Q Did you know what NOR's diversity score was before
5 yesterday?

6 A I did not.

7 Q And for all the noise and discussion that's been had
8 here today and yesterday, do you know what the impact of the
9 diversity score for NOR was for NOR receiving or not receiving
10 a license?

11 A I'd have to do the math to work it out, but I don't
12 think it would have changed the outcome of the licenses that
13 we received.

14 Q You understood that NOR -- 8 points, is that the
15 figure that NOR received for diversity?

16 A Yes.

17 Q All right. Let's look at Exhibit 5004, please. I
18 should put it up on the screen here. It'd probably be the
19 easiest way to do that. You may need to turn your screen off
20 and on again switching over. Is it up on yours?

21 A It's working, yep.

22 Q All right. So 5004, this is a list of the
23 applicants that received a license and those that didn't and
24 all the scores for each of those applicants. Have you seen
25 this before?

1 A Yes.

2 Q Okay. Let's look down at Las Vegas, which is the
3 bottom of that first page, I believe. Las Vegas highly
4 contested market here. And we have -- NOR is Number 2; is
5 that right?

6 A Yes.

7 Q And NOR received 8 points for diversity?

8 A Yes.

9 Q If we took away 8 points from NOR, what place would
10 NOR fall to?

11 A Looks like we would have been fifth place.

12 Q Okay. So you'd be below Cheyenne, above Lone
13 Mountain; is that right?

14 A Correct.

15 Q Let's look right above that. Henderson, the same
16 page. NOR comes in second, again. Do you see that?

17 A Yes.

18 Q And if we took away those 8 points for diversity,
19 where does NOR end up?

20 A That would have been 214.99. So I think that would
21 have put us at fourth place.

22 Q And we can go through this exercise for all of the
23 seven licenses that NOR received. I've done it. We can do it
24 if the Court would like. But are you aware of any
25 jurisdiction where NOR would have lost its license if all of

1 the diversity points given to NOR were taken away?

2 A No.

3 Q And can you turn to Exhibit 70, please. You weren't

4 here when the cannabis law expert testified the first day of

5 this hearing were you?

6 A I was not.

7 THE CLERK: In sorry, 70?

8 MR. KOCH: 70.

9 THE CLERK: That's proposed.

10 MR. KOCH: You have no problem with 70, your

11 expert's report?

12 MR. KEMP: What is 70?

13 MR. KOCH: The expert's table of listings of taking

14 diversity out. It's your exhibit.

15 MR. KEMP: I thought that wasn't -- I don't have any

16 problem.

17 THE COURT: Are you okay admitting it?

18 MR. KEMP: Yeah, I'm fine, Your Honor.

19 THE COURT: Okay. It'll be admitted.

20 (Plaintiffs' Exhibit 70 admitted)

21 MR. KOCH: Let's put Exhibit 70 up.

22 THE COURT: 70's admitted.

23 BY MR. KOCH:

24 Q Exhibit 70 was a calculation that this expert came

25 up with where he took diversity away for all applicants in

1 unincorporated Clark County. Where does NOR end up?

2 A Looks like first place.

3 Q Let's go to 71.

4 MR. KEMP: Not a problem.

5 THE COURT: Any objection to 71?

6 MR. KEMP: No, Your Honor.

7 THE COURT: 71 be admitted.

8 (Plaintiffs' Exhibit 71 admitted)

9 BY MR. KOCH:

10 Q 71, same thing for Las Vegas. Where does NOR end up
11 if it takes out diversity?

12 A First place.

13 Q All right. So, long and short, there's a lot of
14 discussion about this, you know, putting officers in, taking
15 officers out for purposes of diversity based on the arguments
16 that are made. Did NOR have any benefit from diversity even
17 being considered in this process?

18 A Not that it appears. I mean, we just did our best
19 to have a thorough and accurate application listing the people
20 we felt were responsive to the application.

21 MR. KOCH: I'd like to propose Exhibit 5027. Do you
22 guys have any objection to the ownership officer letter?

23 MR. KEMP: That was the one -- I have no objection
24 if these guys --

25 MR. KOCH: Dominic, do you have any objection, 5027,

1 the ownership letter we have from the State --

2 MR. GENTILE: No. You showed that to me this

3 morning. Is that the one?

4 MR. KOCH: Yeah.

5 THE COURT: 5027 be admitted.

6 (Defendants' Exhibit 5027 admitted)

7 MR. KOCH: Do you have a binder clipped with 27?

8 Does he have a --

9 THE CLERK: I still have it, Mr. Koch.

10 MR. KOCH: If I can approach.

11 THE COURT: Would you like to approach so you can

12 take it over to the witness? That'd be great.

13 Sir, this now has a sticker on it. It's important I

14 get it back, so don't walk out with it.

15 THE WITNESS: You got it.

16 THE COURT: Thank you.

17 THE WITNESS: Uh-huh.

18 BY MR. KOCH:

19 Q Mr. Jolley, yesterday we looked at the first couple

20 of pages of 5027, because there's some question about the

21 ownership being disclosed. First the department of Taxation

22 letter, the August 20th letter, we looked at that. I think

23 that was with another exhibit that we also admitted

24 separately. So we're going to move past that. I'd like you

25 to look at Bates Number 1591. It should be the fourth page in

1 this document. Connor & Connor, did that law firm represent
2 NOR for purposes of part of this process?

3 A Yes.

4 Q And this letter here, do you recognize this letter?

5 A Yes.

6 Q What is it?

7 A It's a letter from Amanda Connor, our attorney, to
8 Kara Cronkhite at the Department notifying her of certain
9 individuals that are officers within NOR, Nevada Organic
10 Remedies.

11 Q All right. It says the following people have been
12 made officers at NOR, and it lists all those individuals,
13 including the individuals that have been talked about here as
14 director of retail, director of Human Resources, et cetera.
15 Did you ever get anything back from the Department saying,
16 we're not going to count those people as officers, after they
17 were notified of this information?

18 A No. Not that I can recall, no.

19 Q Let's turn two pages further into that document,
20 1593, another letter sent one week later, September 7th, 2018.
21 And have you seen this letter before?

22 A Yes.

23 Q Okay. Another letter from Ms. Connor to the
24 Department saying, the following people are current officers,
25 again; is that right?

1 A That's correct.

2 Q Now, here's an additional on the bottom. It says,
3 "The following individual is hereby added as an officer, Dan
4 Zarrella, Director of Marketing". Mr. Zarrella, what's his
5 race and gender?

6 A White male.

7 Q So after the list of officers was first provided to
8 the Department Nevada Organic Remedies supplemented that to
9 list a white male as an officer?

10 A Yes, that's correct.

11 Q Pretty stupid thing to do if you're trying to get
12 extra diversity points; isn't it?

13 A Yesterday Mr. Kemp made the assertion that we were
14 trying to, you know, somehow throw these people in just to
15 increase our diversity score. This clearly refutes that
16 argument. Dan had just been promoted to the -- as an officer
17 in the company, a director of Marketing. And so we felt it
18 was necessary to add him to the application to provide a
19 thorough understanding to the Department of who the people are
20 who are actually running the company.

21 Q If we go back to Exhibit 5025. I'm just going to
22 pull up the organizational chart. The second page of 5025 is
23 Bates Number 1427. And down below on that bottom section
24 there are all of the officers that Nevada Organic Remedies
25 listed, including the directors and the other individuals that

1 have been talked about at some length here. Let me just ask.
2 Brandon Wiegand, what's his diversity score? What's his race
3 and gender?

4 A He is a white male, so I don't think he would add
5 any points to the diversity score.

6 Q Ed Kistner?

7 A Same.

8 Q Kent Kiffner?

9 A Same.

10 Q Dan Zarrella?

11 A Same.

12 Q Steve Little?

13 A Same.

14 Q What about Kim Lester?

15 A Kim Lester is a female.

16 Q All right. And what about Courtney Barker?

17 A Also a female.

18 Q And what about Chris Vickers?

19 A Male. White male.

20 Q And Jeanine Terrance?

21 A Female.

22 Q So you listed everyone that you believe to be an
23 officer of the company irrespective of their race or gender;
24 is that right?

25 A That's correct.

1 Q You believe that you provided a full and complete
2 disclosure to the Department of Taxation as part of your
3 application?

4 A Yes.

5 Q And when you or NOR wrote those letters to the
6 Department on August 31st and on September 7th did the
7 Department ever come back and tell you that that was improper
8 or not an actual list of the officers?

9 A No.

10 MR. KOCH: Proposed Exhibit 5028, that was a page
11 from our operating agreement. Any objections?

12 Dominic?

13 THE COURT: Any objection?

14 MR. GENTILE: No, Your Honor.

15 THE COURT: Be admitted.

16 (Defendants' Exhibit 5028 admitted)

17 BY MR. KOCH:

18 Q And 5028 is part of the application that went to the
19 State based upon the Bates numbers here. It's a page from
20 NOR's operating agreement; is that right?

21 A Yes.

22 Q And I want to call your attention to 2.4(a), which
23 talks about the appointment, resignation, and removal of
24 officers. It says, "Appointment. The managers may from time
25 to time elect or appoint officers. Officers of the company

1 may have such titles as the corresponding officers of the
2 corporation incorporated under the laws of the state of Nevada
3 or such other titles as the board of managers shall determine,
4 and as such have powers and duties as set forth in this
5 agreement or approved by the managers." When you indicated
6 that those individuals we've looked at were officers of the
7 company did you believe that they were properly designated as
8 officers pursuant to the operating agreement of the company?

9 A Yes.

10 MR. KOCH: Go to Exhibit 5036. I think we're -- no
11 objection to that ETW exhibit. And 5037 while you're at it.

12 THE COURT: Any objection?

13 MR. KEMP: Not from me, Your Honor.

14 MR. GENTILE: No, Your Honor.

15 THE COURT: Be admitted.

16 (Defendants' Exhibit 5036 admitted)

17 BY MR. KOCH:

18 Q A couple of questions about this exhibit. First of
19 all, 5036 is a document Bates stamped ETW, it's document ETW.
20 Have you seen this document before, this actual paper version
21 of the document before this proceeding?

22 A No.

23 Q Okay.

24 A Well, I may have been on the -- the paper version,
25 no. I may have been on this distribution list. I don't

1 recall specifically this email. But I have not seen the paper
2 before now.

3 Q Yeah. We've talked quite a bit about this Listserv.
4 There's a lot of discussion about the Listserv, and this
5 purports to be from the Listserv at listserv.state.nv.us. Is
6 that where the Listserv communications came from, from the
7 Department?

8 A I believe so, yes.

9 Q Okay. And this email that apparently was sent
10 Monday July 30th, 2018, to the State MME at
11 listserv.state.nv.us, do you know if that was part of the
12 Listserv that the Department would send communications to?

13 A Yes, it appears so.

14 Q State MME, would that be -- do you know if everybody
15 who had a marijuana certificate, medical marijuana certificate
16 would have been part of that Listserv?

17 A I would assume so. Again, I don't know the inner
18 workings of the State's list, but based on the name I would
19 assume that it's at a minimum all of the required points of
20 contact for all of the different licensed companies in the
21 state.

22 Q Okay. And this email states, "To all retail store
23 license applicants. The Division has made important
24 clarifications to the application for the upcoming September
25 retail store application. The following pages of recreational

1 marijuana establishment license application, recreational
2 retail marijuana store only, have been edited". So were you
3 aware that the State -- the Department was making
4 clarifications to the application at this time?

5 A Yes.

6 Q Let me ask you first about the item under page 17,
7 where it says page 17, "Added to the first row of the Nevada
8 Recreational Marijuana Application criteria, 'including key
9 personnel'", So was that an addition that the State made?

10 A Yeah, that was an addition to the organizational
11 structure of the company section of the application.

12 Q All right. Hold that first page. We're going to
13 turn to -- because with this email there's first on the third
14 page that has an official announcement that went out.

15 A Yes.

16 Q Have you seen that official announcement before?

17 A Yes.

18 Q Okay. That official announcement has the same text,
19 it looks like. Do you see that, page 17, the same "including
20 key personnel"?

21 A Yes, I see that.

22 Q Okay. And then let's turn to the application that
23 was attached to that Listserv email. And we'll turn to page
24 17 of 34, which is Bates Number ETW43. And let me know when
25 you're there.

1 A I'm there.

2 Q Okay. The change that they reference there,
3 "including key personnel," where's that listed on this
4 document that you see here?

5 A So it would be the top box under the heading where
6 it says, "The description of the proposed organizational
7 structure," and goes on from there and indicating to the right
8 the number of points allocated to that section of the
9 application.

10 Q So let me finish that. You said, "The proposed
11 organizational structure of the proposed marijuana
12 establishment and information concerning each owner, officer,
13 and board member, including key personnel, of the proposed
14 marijuana establishment". Did you understand based upon this
15 information communicated by the Department to the entire
16 Listserv that you were to include key personnel as part of
17 your application?

18 A Yes.

19 Q And did you do that?

20 A Yes.

21 Q The individuals we've looked at, were they part of
22 your key personnel?

23 A Yes.

24 Q While we're on this document -- I guess exhibit,
25 before we leave it let's go back to the beginning of the

1 email, second page of that document where it talks about page
2 21 and 29. Do you see that at the top?

3 A Yes.

4 Q Okay. And on each of those it says that the
5 Department added "if applicant owns property or has secured a
6 lease on property or has a property agreement." See that
7 spot?

8 A Yes.

9 Q Okay. What did you understand was being changed on
10 the application pursuant to this portion of the communication?

11 A It's clear that the location is optional.

12 Q Okay. Let's actually turn to that page 21, which is
13 Bates Number ETW47. Let me know when you're there.

14 A I'm there.

15 Q Okay. And in that top box, I think we've looked at
16 it I don't know how many times in this proceeding, but I guess
17 the second box, "Marijuana establishment's proposed physical
18 address." And then it goes on to say, "if the applicant owns
19 property or a secure lease or the property agreement," was
20 that a change from the prior version of the application as you
21 understood it?

22 A It appears to be, yes.

23 Q Okay. Now, here's an interesting -- and so this is
24 an email ETW produced in this case; right?

25 A Yes.

1 Q I guess you don't know that, but it's an ETW Bates
2 number so we'll assume it is.
3 Let's go to Exhibit 5037.
4 THE COURT: Any objection to 5037?
5 MR. KEMP: No, Your Honor.
6 MR. GENTILE: No, Your Honor.
7 THE COURT: Be admitted.
8 I thought you nodded no, Mr. Gentile.
9 MR. GENTILE: Yes, I --
10 THE COURT: Yes, you have no objections?
11 MR. GENTILE: Yes, Mr. Cristalli has no objection.
12 It's his witness.
13 THE COURT: Okay. All right. Thank you, Mr.
14 Gentile.
15 Mr. Cristalli, no objection. It'll be admitted.
16 MR. CRISTALLI: Thank you, Your Honor.
17 (Defendants' Exhibit 5037 admitted)
18 BY MR. KOCH:
19 Q All right. 5037 is a section from the ETW
20 application that they have submitted in this case. Now, does
21 it surprise you that ETW, who submitted that email with the
22 Listserv with the new application with the information -- the
23 new phrasing on there, filed an application that they've
24 called the old version of the application even after they
25 received the new version of the application?

1 A Yes, this is very surprising. It appears that they
2 received the correct application form, an updated application
3 form on July 30th, '18, yet they appear to have used the old
4 version of the application when they actually submitted it.

5 Q Do you have any idea why they did that?

6 A I don't, no.

7 Q Did the Department come out to each applicant's
8 address and in person tell them which application to fill out?

9 A No.

10 Q Did it help them fill out the applications, you
11 know, put their pen to paper, anything like that?

12 A No.

13 Q All right. And so there's some applicant
14 responsibility to obtain the information and submit the
15 correct application; is that right?

16 A Absolutely.

17 Q There was some talk about this public ownership
18 question, and you said that you did not believe that every
19 owner of a share in a public corporation needed to be listed
20 as part of the application; is that right?

21 A That's correct.

22 Q Has anything that you've heard here during this
23 proceeding changed your mind on that?

24 A No.

25 Q You also testified I believe when Mr. Kemp asked you

1 that you'd expected the rules to be applied evenly and fairly
2 to all applicants. Is that what you believe?

3 A Yes.

4 Q Do you know of any other publicly owned companies
5 that are perhaps represented in this case today?

6 A There are a number of plaintiffs who are public
7 companies.

8 Q MM Development, for example, Mr. Kemp's client, are
9 they publicly owned?

10 A Yes.

11 Q Would it surprise you if MM Development did not list
12 every shareholder of their stock in their application?

13 A It wouldn't surprise me. I don't think that was
14 required in the application.

15 Q And based on my review of the information, MM
16 Development appeared to have approximately 70 million shares
17 outstanding, 30 percent of those are -- approximately are
18 referenced as being held by the public. So 21 million shares
19 of that stock, do you believe that all 21 million shares of
20 that stock should be listed with the Department of Taxation?

21 A I don't believe that was a requirement for the
22 application.

23 Q I looked yesterday, MM Development, and Mr. Kemp can
24 correct me if I'm wrong, for Planet 13 Holdings had 494,000
25 shares of ordinary stock change hands yesterday. Would it

1 surprise you if not all those shares of stock were listed with
2 the Department of Taxation as new owners, whoever purchased
3 those?

4 A It would not surprise me.

5 Q Do you think that would be a reasonable requirement
6 for the Department to have to require all of those shares of
7 stock to be listed each time they traded hands?

8 A No, I don't think it would be reasonable.

9 Q And what about each owner of a share of stock to
10 file an agent card with the Department? Do you expect that
11 those owners are doing that?

12 A No, I don't think it's a requirement, and I think it
13 would be a logistical nightmare for the State and it would
14 make the option of being a publicly traded company completely
15 invalid.

16 Q And obtaining an agent card, what does that entail?

17 A It entails getting fingerprints, filling out a form
18 with the State, submitting it to the State.

19 Q And is there a fee?

20 A Yes.

21 Q Each of the officers, owners, or board members that
22 NOR listed in its application, did they each have an agent
23 card?

24 A Yes.

25 Q What about Serenity Wellness, which is Oasis,

1 represented by Mr. Cristalli? Do you know if they're
2 publicly traded?

3 A Yes. I believe they were acquired by a publicly
4 traded company.

5 Q CLS Holdings USA, looks like they're the publicly
6 traded entity. Have you heard of that entity?

7 A Sounds right. Yes, I've read the press releases.

8 Q Would you expect CLS Holdings or Serenity or
9 whatever entities are in there to list every shareholder of
10 that entity as part of the application?

11 A No.

12 Q You don't think that would be like a fair thing to
13 do?

14 A I don't think it was called for in the application.
15 I don't think it would be logistically possible to do that.

16 Q And I guess we can go on and on, but just one more,
17 Livfree Wellness the dispensary. Do you know if they are
18 publicly traded?

19 A I think they were actually acquired during the
20 application period by a publicly traded company.

21 Q Cannabis Strategies Acquisition Corp., does that
22 name ring a bell?

23 A Sounds about right.

24 Q Do you know if Cannabis Strategies Acquisition Corp.
25 listed all of its shareholders as part of Livfree Wellness's

1 application?

2 A I don't know if they did or not.

3 Q Would you fault them if they did not list those
4 shareholders?

5 A No, I wouldn't.

6 Q And what about the Department? Would you fault the
7 Department for not requiring a list of each of those
8 shareholders of all those public companies?

9 A No, I don't think that's a requirement.

10 Q Just one last area. So there's a lot of talk about
11 building plans and what was submitted and what was not, and
12 Mr. Kemp asked you some questions about submitting a
13 photograph of an existing location as part of that building
14 plan. If you had -- if NOR had just submitted a photo of its
15 existing stores and sent that in as its building plan, what do
16 you think the score would have been?

17 A Not a very good score. I don't think that was what
18 the application was calling for. And I don't know if that
19 would be identifiable information.

20 Q Right. Because the building plan, was that part
21 identified or non-identified?

22 A Non-identified.

23 Q So if you take a picture of your store and it says
24 the source on the outside, kind of identifying your location?

25 A I mean, even seeing the building could potentially

1 be identifiable given the fact that, you know, all the
2 dispensaries in the state have been audited and inspected
3 numerous times by, you know, members of the Department.

4 Q And so there was more than just a photograph that
5 needed to be submitted for a building plan; is that right?

6 A Yes.

7 Q You haven't reviewed -- have you reviewed anybody
8 else's building plans that were submitted in this case?

9 A No.

10 Q And do you know of any -- strike that. John Ritter
11 when he was here -- were you here for his testimony?

12 A I was not.

13 Q You're familiar with who Mr. Ritter is?

14 A Yes.

15 Q Do you work with him?

16 A I have, yes. He was -- he's on the board of the
17 NDA, and he and I worked pretty closely together over the
18 years.

19 Q He testified that he expected the Department to come
20 out and do an inspection of his current location as part of
21 the application process. Did you have any expectation of an
22 inspection of that sort?

23 A No. And we're inspected regularly, but I don't
24 believe that was in the application, nor do I believe there
25 was an expectation of inspections as it would relate to the

1 application process.

2 Q And do you -- based on any communication discussed
3 with Mr. Ritter, do you believe that he truly had an
4 expectation that there would be an inspection of his location
5 as part of the application process?

6 A He and I never discussed that. I never heard that.

7 Q What about in-person interviews? Did those ever
8 take place as part of the application process?

9 A In-person interviews from the State?

10 Q Right.

11 A Not to my knowledge.

12 Q What about the State conducting background research
13 on your company or anybody else's company? Did you expect
14 them to do that?

15 A Well, they certainly requested all that information
16 in the application, and what they did with it after that I was
17 not privy to. I wouldn't be surprised if they performed, you
18 know, background check and research and due diligence on the
19 applicants.

20 Q Okay. And so what was in the application, that's
21 what you expected to be scored?

22 A Correct.

23 Q I've got one other exhibit that I wanted to ask you
24 a couple of questions about. 5039, part of our score sheet.

25 MR. KOCH: Any objection to 5039?

1 THE CLERK: I only have up to 5038.
2 THE COURT: 5039, we'd love to admit it, but we need
3 a copy.
4 MR. KOCH: You know, it is 5038 I think. I'm
5 looking at my --
6 THE COURT: So would you like us to admit 5038?
7 MR. KOCH: Let's do 5038.
8 THE COURT: Everybody okay with that?
9 MR. KOCH: It looks like my secretary ran out of
10 tabs.
11 THE COURT: Be admitted.
12 (Defendants' Exhibit 5038 admitted)
13 MR. GENTILE: No objection from ETW.
14 BY MR. KOCH:
15 Q Okay. Exhibit 5038 is a part of the handwritten
16 score sheets that the State has produced in this case. Have
17 you ever seen this document before today?
18 A No.
19 Q That ID on the top is RD215. I think we've
20 established that's NOR; is that right?
21 A Yes.
22 Q And my understanding is these are handwritten
23 comments by an evaluator for NOR's application for the
24 organizational structure section of its application. And we
25 see a lot of handwriting that's listed there. In fact, it has

1 -- if we look in the comments section about halfway down, top
2 says 22OROFBN. Do you see that?

3 A Yes.

4 Q Okay. And then it talks about owners, officers, key
5 employees, and advisors on Point Number 1?

6 A Yes.

7 Q So based upon this does it appear that the
8 evaluators considered owners, officers, key employees and
9 advisors as part of the process?

10 A Yes, it does.

11 Q Okay. And I really just want to look at the last
12 page, the third page of this document where it talks about the
13 educational achievements of the persons who are proposed to be
14 owners, officers, and board members of the proposed marijuana
15 establishment, and it has a description there. Do you see
16 that?

17 A Yes.

18 Q It says, "Collectively, owners, officers, and board
19 members have over 100 years of secondary education," lists
20 some of the degrees there. But below is what I want to call
21 your attention to. It says, "No college listed." Do you see
22 that?

23 A Yes.

24 Q So that's Ms. Lester, Ms. Sicz, Mr. Stout, and Mr.
25 Zarrella. Are those the names that are there?

1 A Yes.

2 Q So you have four without degrees as part of the
3 educational. Ms. Lester we identified as a woman; right?

4 A Yes.

5 Q Sicz is a woman?

6 A Yes.

7 Q Mr. Stout, he's African-American male?

8 A Yes.

9 Q Mr. Zarrella's a white male?

10 A Yes.

11 Q So because of those individuals not having college
12 degrees listed, it appears that NOR got a 4 instead of a 5 on
13 this section of the application; is that right?

14 A Yes.

15 Q And so is it fair to say the listing of the
16 officers, board members, and directors and owners that NOR
17 provided kind of cuts both ways, might provide some diversity
18 points, but might cut back on educational points? And if we
19 looked at everything else there might be other factors that
20 were weighed in there?

21 A Yes, I would agree with that.

22 Q And when you submitted your application did you have
23 any idea how each of these factors would be assigned points in
24 relation to every single person that was being submitted?

25 A No, I didn't. I just knew what the application

1 called for, and we did our best to be responsive, thorough,
2 and accurate.

3 Q If anything, perhaps there's overdisclosure rather
4 than underdisclosure; is that right?

5 A Well, I would certainly err on overdisclosure and
6 providing as much information as possible that we felt was
7 relevant to the application.

8 MR. KOCH: Thank you. No further questions.

9 THE COURT: Anything further?

10 Thank you, sir. We appreciate your time. Sorry you
11 had to come back today. Have a nice trip.

12 MR. KEMP: Judge, what about our recross on the new
13 errors he brought up?

14 THE COURT: How long?

15 MR. KEMP: I only have two questions.

16 MR. CRISTALLI: I have five minutes, Your Honor.

17 THE COURT: I'm timing you.

18 Sit down.

19 I'm timing you. It's 10:50.

20 MR. CRISTALLI: Okay. Thank you, Your Honor.

21 RECROSS-EXAMINATION

22 BY MR. KEMP:

23 Q Mr. Jolley, you just said that Livfree should have
24 listed its public company affiliations with its application;
25 right?

1 A Can you say that again, please.

2 Q You just told Counsel that you thought Livfree
3 should list its public company affiliations on the application
4 they filed in September?

5 A What's public? I don't know what public company
6 affiliations --

7 Q You just said that Livfree, my client, was acquired
8 by a public company and they should have put that on the
9 application? You just told the Court that.

10 A I don't believe that's what I said.

11 Q Okay. You know that Livfree wasn't acquired by a
12 public company until the week before last. You know that;
13 right?

14 A No, I didn't know that. I knew that it was in
15 process for several months. There were press releases that
16 came out, you know, middle or end of last year.

17 Q It is June of 2019 now. The application was filed
18 in September of 2016. Livfree didn't have any obligation to
19 disclose a public purchase that hadn't been negotiated and
20 hadn't been closed, did they?

21 A I'm not aware of the detail of the timing of the
22 transaction.

23 Q So as we're sitting here today you don't know if
24 Livfree did any right or wrong according to Counsel's
25 questions at all, do you?

1 A Yeah. I'm just going off of information that I've
2 gleaned from press releases and other, you know, information.

3 Q Okay. And let's talk about the MM Development
4 application. If I told you that MM actually filed shareholder
5 disclosures for Planet 13 Holdings, any shareholder that was
6 around 4 or 5 percent, is that news to you?

7 A I'm not aware of the details of their application.

8 Q Okay. But you didn't do that, did you? You didn't
9 list the shareholders of 4 or 5 percent of your [inaudible],
10 did you?

11 A We listed everyone that we felt the application
12 called for and the statutes called for.

13 Q And you didn't list the 30 percent owner that I
14 referenced yesterday on the board, the J whatever it was, and
15 you didn't list the other one. You didn't file any disclosure
16 of those?

17 A We listed everyone that the application called for.

18 Q Okay. But if MM Development listed 4 or 5 percent
19 owners of its holding company, they went above and beyond what
20 you did; right?

21 A I don't know. I'm not in a position to make that
22 judgement.

23 Q Okay. And then you took the shot at MM for just
24 supposedly listing photos of their store in their application.
25 You know that's not true; right? You know that's not true.

1 A I'm not familiar with their application.

2 Q Okay. They actually put in the building plan for
3 the location that they'd been operating for years, as well.
4 And in addition they put photos. It wasn't a case where they
5 just put photos. You know that, don't you?

6 A No, I don't know that.

7 Q Okay. Well, if that's the case, you would agree
8 with me that photos and a building plan for an existing
9 building that had been operated for years would be the best
10 proof possible that you could build a building in 12 months?

11 MS. SHELL: Your Honor, I'm not sure if Mr. Kemp is
12 providing testimony, or asking questions here.

13 THE COURT: He sounds like he's asking questions.
14 Overruled.

15 MS. SHELL: Okay. Thank you, Your Honor.

16 BY MR. KEMP:

17 Q You think an existing building is somehow inferior
18 to what you submitted, a generic building plan at the same
19 address that other applicants have listed?

20 A No, that's not what I said.

21 Q Okay. So you think the existing building in the
22 photos are superior to what you submitted?

23 A No, that's not what I said.

24 MR. KEMP: Moving on to this Exhibit 5036. Can we
25 have that on the screen, please.

1 UNIDENTIFIED SPEAKER: I have not been provided that
2 yet.

3 THE COURT: Okay.

4 BY MR. KEMP:

5 Q Mr. Koch asked you whether or not there had been a
6 change with regards to employees, and I think he pointed to
7 page 2 of the document which changed something on page 21. Do
8 you see that? That's the property section. Page 17 changed,
9 which is not the listing for diversity purposes. That's on
10 page 12; right?

11 A I'm not sure.

12 Q Okay. Attachment A was never changed, was it?

13 A I'm not sure.

14 Q And Attachment A is the attachment where an
15 applicant is required to list its owners, officers, and board
16 members, just to get focused here. That was never changed,
17 was it?

18 A I'm not sure.

19 Q Okay. So when you were discussing the addition of
20 the key personnel to the section on page 17, you were not
21 intending to imply in any way, shape, or form that there was a
22 change made to Attachment A, were you?

23 A I think the document speaks for itself.

24 Q And the document does speak for itself. There was
25 no change made to Attachment A; right?

1 A I don't know that.

2 Q Okay. Final area. You talked about the diversity
3 of NOR and suggested to the Court that diversity was not
4 outcome determinative. Do you recall that testimony?

5 A I think what I said was in a hypothetical scenario
6 if you removed all of our diversity points, we still would
7 have qualified for licenses.

8 MR. KEMP: Okay. Well, let's have Exhibits 70 and
9 71 back up, again. Pop those up. Can you make them a little
10 bigger.

11 BY MR. KEMP:

12 Q Okay. That's the list of actual -- that's the list
13 of winners if diversity was taken out; right?

14 A This was a hypothetical exercise done by a witness
15 in this case earlier on that I'm not really familiar with.

16 Q If you take out all the diversity points, this is
17 what you get in the unincorporated Clark County; right?

18 A I believe that's the intention of this
19 demonstration.

20 Q Okay. And so MM Development, if you take out the
21 diversity points, it becomes a winner, as opposed to a loser.

22 Final area, Your Honor.

23 THE COURT: Well, no. Now the hook comes out.

24 So if you could answer, sir.

25 THE WITNESS: It appears that way based on the table

1 that has been presented here.

2 THE COURT: Thank you.

3 BY MR. KEMP:

4 Q And last question. GreenMart is a loser; right?
5 GreenMart's no longer on there?

6 A GreenMart is not in the green-shaded area.

7 Q Okay. So it is outcome determinative for --

8 THE COURT: Mr. Kemp, thank you.

9 MR. KEMP: Thank you, Your Honor.

10 THE COURT: Your time has expired.

11 Mr. Cristalli, you did not tell me you had more
12 questions. You have less than five minutes.

13 MR. CRISTALLI: Yes, Your Honor. That's fine.

14 RECROSS-EXAMINATION

15 BY MR. CRISTALLI:

16 Q Mr. Jolley, you talked a little bit about the
17 Listserv information you obtained from the Listserv and
18 information specific to the location and that you didn't have
19 to have a location unless you already had one; correct?

20 A That's not what I said.

21 Q Okay. Well, we talked a little bit about the
22 Listserv and the communication and the fact that there was an
23 attachment, which was the application, and in that application
24 it changed from the requirement of having to put a location to
25 a requirement to having to put a location only if you already

1 had a location. Isn't that true?

2 A Well, that's not exactly what the document says. It
3 says something like -- I'm paraphrasing, provide the address
4 if there is a lease or you own the building, something like
5 that.

6 Q Okay. Fair enough. That information is not
7 contained in the statute. The statute in fact requires
8 specific location in that you need a letter of intent or a
9 purchase agreement; correct?

10 MR. KOCH: Objection. Legal conclusion.

11 THE COURT: Overruled.

12 THE WITNESS: Yeah, I just went off of the
13 application itself.

14 BY MR. CRISTALLI:

15 Q Are you familiar with -- are you familiar -- I
16 understand what you went off of. I'm just asking, are you
17 familiar with the statute and the requirement that the statute
18 requires permission from a landlord, letter of intent,
19 purchase agreement as it relates to a location?

20 A So my understanding of the statute is that prior to
21 receiving a final certificate, which required an inspection
22 and a bunch of other things, that the location must comply
23 with all the distance separation requirements and other
24 requirements.

25 Q And, sir, the regulation also requires specific

1 information regarding a physical address, securing a letter of
2 intent or a purchase agreement also; correct?

3 A I'm not familiar enough to quote that.

4 Q Okay. Well, assuming -- let's just assume that's
5 the case. Assume that the regulation and the statute requires
6 that an applicant secure a location through a letter of intent
7 or some type of letter from the landlord or securing the
8 property. You could see how an applicant could be confused as
9 to whether or not they should in fact include that information
10 because they want to follow the law. You would agree with
11 that, wouldn't you, sir?

12 A No.

13 Q You understand, also, that the statute and the
14 regulations also consider zoning issues as it relates to the
15 securing of a location for the purposes of putting a marijuana
16 establishment in that location; correct?

17 A I am familiar that in order to receive a final
18 certificate that locations must have zoning approval and meet
19 certain distance separation requirements.

20 Q Okay. And in regard to the property locations and
21 talking about specifically the property locations that you
22 secured in this case, which were identical to the property
23 locations of Essence and Thrive, albeit different suites.
24 We've established that; correct?

25 A If I recall correctly, yes.

1 Q Okay. And we have information in the application
2 that requires building size. True?

3 A Yes.

4 Q Plans for building size; right?

5 A Yes.

6 Q Impact on the community; correct?

7 A Correct.

8 Q Budgets; right?

9 A Yes.

10 Q You can't -- and you submitted a generic plan for
11 each and every location that you applied for in each and every
12 jurisdiction that you applied in; correct?

13 A I wouldn't use the term generic, but we supplied a
14 proposed floor plan that was consistent across the various
15 applications that we applied for.

16 Q How big is that suite that you secured in each of
17 those locations that you put on your application?

18 A I'm not sure.

19 Q You can't fit your building plans in that suite, can
20 you, sir?

21 A I'm not sure.

22 Q Well, you'd have to move from that location. You're
23 not going to stay in that location, are you, if you receive
24 these conditional licenses? You're not going to stay in the
25 suite, are you, sir?

1 A We're going to follow the regulations and the rules
2 to a tee.

3 Q You're going to stay in that suite?

4 A We're going to follow the rules and make sure we
5 have a location that complies --

6 Q Sir, it's a simple yes or --

7 A Please don't interrupt me. I'm going to follow all
8 the rules --

9 THE COURT: Wait. Mr. Cristalli, let him answer.

10 MR. CRISTALLI: Okay.

11 THE COURT: I'm going to give you five more minutes.

12 MR. CRISTALLI: Okay. Thanks.

13 THE WITNESS: We are going to comply with all of the
14 necessary rules regarding the size, the location, the zoning
15 requirements, the setbacks, the distance separation setbacks,
16 local zoning approval, local business license approval and all
17 other necessary rules in order to have a location that
18 qualifies and meets all the rules.

19 BY MR. CRISTALLI:

20 Q Okay. So you're going to contact the State
21 Department of Taxation and advise them that you are not going
22 to set up shop in your suite that you put on your application
23 for the purposes of licensing in the 2018 application process;
24 correct?

25 A We are going to identify a location that meets all

1 of the requirements that qualifies for local zoning approval,
2 business license approval. It may or may not be in the same
3 location that was provided in the application.

4 Q Sir, are you telling me that you may put your retail
5 dispensary in the suite that you have listed on your
6 application?

7 A I'm not discounting anything. We're going to
8 identify locations that meet all of the State's requirements
9 and have them built out in such a way that we fell is in the
10 best interest of the company and the community.

11 Q So if we were to go -- first of all, have you ever
12 been to the suite?

13 A I'm not sure which suite you're talking about.

14 Q The suite -- okay, all the suites for each location
15 that you put on your application for each jurisdiction that
16 you applied in, have you been in those suites?

17 A I have not been in all of those suites, no.

18 Q Do you know the square footage of those suites?

19 A Not off-hand, no.

20 Q Okay. Do you know whether or not you could fit a
21 5,000 square foot -- well, first of all, let me ask you a
22 question. How big was your floor plan in terms of building
23 size as it related to the proposal that you put into your
24 application?

25 A I would have to go back and refresh my memory by

1 looking at our application to determine the exact --
2 Q Well, sir, is it more than --
3 A I'm still speaking. In order to refresh my memory
4 on the square footage of the proposed location.
5 Q Is it more than 2,500 square feet?
6 A Yes, I believe so.
7 Q Okay. Is your suite more than 2,500 square feet?
8 A What's my suite? I'm not sure what you're asking.
9 Q I'm not sure, either. What is your suite?
10 A I'm sorry?
11 THE COURT: That's the address on South Durango?
12 MR. CRISTALLI: Yes, Your Honor.
13 THE COURT: All right.
14 THE WITNESS: Okay. That address, I'm not sure of
15 the square footage. I'm not sure of the square footage of any
16 adjoining spaces or available spaces. I'd have to go back and
17 look at that.
18 MR. CRISTALLI: Okay.
19 THE COURT: I'm sorry, it was South Fort Apache.
20 BY MR. CRISTALLI:
21 Q Have you ever been there?
22 THE COURT: 5130 South Fort Apache.
23 THE WITNESS: I can't recall.
24 BY MR. CRISTALLI:
25 Q You can't recall if you were ever in that suite?

1 A No. I'm in the area frequently. I just don't
2 recall that specific suite.

3 Q So you know whether or not that suite is even zoned
4 or could be zoned for a marijuana retail establishment?

5 A I don't know off-hand. I assume that because it is
6 an existing retail center that it would potentially qualify,
7 yes.

8 Q Okay. Let me put this out there. If there were
9 applicants who were trying to abide by the statute and abide
10 by the regulations and secure property addresses with letters
11 of intent or purchase agreements and paying money to secure
12 those locations and having difficulty in terms of zoning and
13 other issues as it relates to the law, and if they're
14 competing against you, who has a suite which you can't
15 identify in terms of size, location, zoning or other issues,
16 you would agree, sir, would you not, that you would have an
17 advantage over that applicant?

18 MR. SHEVORSKI: Objection. Compound.

19 THE COURT: Overruled.

20 THE WITNESS: No.

21 MR. SHEVORSKI: I had to try, Your Honor.

22 BY MR. CRISTALLI:

23 Q Okay, final area. In regard to ownership, it was
24 your testimony that it would be prohibitive to have publicly
25 traded companies list all of their shareholders; correct?

1 A I mean, it's my opinion that it would be
2 logistically difficult, if not impossible. But more
3 importantly, that's not what the rules say, in my opinion.

4 Q Well, let's talk about that. Let me stop you for
5 one second. I know you want to explain. The initiative says
6 you must disclose all ownership; correct?

7 A I don't recall.

8 Q You don't recall the initiative?

9 A Well, you're asking me about very specific language
10 and I don't recall the exact verbiage well enough --

11 Q Okay.

12 A -- to be able to honestly answer the question the
13 way -- that way.

14 Q Okay, fair enough. Would you agree with me, sir,
15 that the initiative is the law?

16 A Yes, as far as I know. I'm not a legal scholar, but
17 it was a ballot initiative and then it was codified in law and
18 regulations.

19 Q So if the initiative, which is law, says all
20 ownership, it means all ownership, correct, sir?

21 MR. KOCH: Objection. Legal conclusion.

22 THE COURT: Overruled.

23 THE WITNESS: Yeah, I'm not -- you know, I'm not
24 comfortable making that statement because the Department, who
25 has the authority to administer the program and run this

1 program, has addressed this issue of public ownership a
2 certain way. We've gone over it over and over and over for
3 the last two days.

4 MR. CRISTALLI: Okay.

5 THE WITNESS: You keep trying to get me to say
6 something different and I'm just going to say --

7 MR. CRISTALLI: I'm not trying to make you say
8 anything, sir.

9 THE WITNESS: I'm still speaking. You keep asking
10 me to say it a certain way and all I can say is the Department
11 has established a mechanism for dealing with that and we
12 follow their rules.

13 BY MR. CRISTALLI:

14 Q Okay. You would agree with me, sir, that the
15 Department does not have the authorization to expand or amend
16 the law, sir. Would you agree with me on that?

17 MR. KOCH: Objection. Legal conclusion.

18 THE COURT: Overruled.

19 THE WITNESS: I'm not a legal scholar. All I know
20 is it seems to me, a lay person, that they are doing their
21 best at applying the rules and making the program work.

22 BY MR. CRISTALLI:

23 Q Okay. You're familiar with the regulations as well,
24 aren't you, sir?

25 A Generally, yes.

1 Q You were on the Task Force, sir; right?

2 A I was on a working group.

3 Q Okay. And you're the President of the Dispensary

4 Board; right?

5 A Was.

6 Q Okay. And you have a lot of information with regard

7 to the application process, right, sir?

8 A I had all the same information everyone else had.

9 Q Right. In fact, you said you had more information

10 and the applicants who didn't receive licenses were ignorant.

11 You went as far as saying that, too, sir, didn't you?

12 A No.

13 Q Okay. Are you -- you're aware that this is a

14 competitive bidding process, this application; correct?

15 A Everyone was aware of that.

16 Q Okay. And there's a difference, sir, between

17 applying for a license for the first time or -- applying for a

18 license, I'm sorry, in a competitive bidding situation versus

19 a transfer of ownership or a renewal of ownership. You're

20 familiar with that; right?

21 A I understand that applying for a new license in a

22 competitive application process is different than asking for

23 an ownership transfer approval from the State, yes.

24 Q Okay. You're aware, sir, that the regulation

25 requires that if you do a renewal or a transfer you only have

1 to state ownership that is more than 5 percent. You're
2 familiar with that, right, sir?

3 A I'd have to go back and look at the regulations.

4 Q Well, you've dealt with your transfers in the past,
5 haven't you?

6 A Yes, my company has. Yes.

7 Q And you understand that the requirement is only 5
8 percent or more if you're dealing with transfers and renewals;
9 correct?

10 A I'm actually not sure that's what the rules say.

11 Q Okay. That's not a competitive process; correct?

12 A No.

13 Q Okay. And there is nothing in the regulations in
14 terms of applications for a license that says anything with
15 regard to only identify an ownership if it is 5 percent or
16 more?

17 A We can bring up the regulation. I'd like to read it
18 because I believe it says with regard to applications that for
19 corporations you're required to list officers.

20 MR. CRISTALLI: I have no further questions, Your
21 Honor.

22 THE COURT: Thank you.

23 Mr. Bult. My plan is for you to have five minutes
24 or less, too.

25 MR. BULT: I just have two questions.

1 THE COURT: Yeah, but two questions can take more
2 than five minutes.

3 CROSS-EXAMINATION

4 BY MR. BULT:

5 Q Mr. Jolley, good morning. My name is Adam Bult. I
6 represent the ETW plaintiffs.

7 MR. BULT: Shane, can we pull up 5036?

8 BY MR. BULT:

9 Q Do you recall this email that your counsel went over
10 with you?

11 A Yes.

12 Q And it's dated July 30th, 2018; correct?

13 A Yes.

14 Q In the To line is: statemme@listserv.state.nv.us.
15 Do you see that?

16 A Yes.

17 Q And you testified that you received that. Do you
18 remember that?

19 A I don't recall specifically receiving that, but I
20 believe I am on this distribution list, so I believe I would
21 have received it. And I also remember having access to this
22 information and the referenced updated application.

23 Q And how would you have had access to it?

24 A Well, that was asked yesterday and I believe my
25 response was that I don't remember exactly the mechanism by

1 which I received it, but myself and our large team and our
2 counsel all had access to the same updated, accurate,
3 applicable application.

4 Q Okay. And did you testify yesterday or today
5 whether or not your team had that same information that the
6 rest of the Listserv recipients would have had?

7 A Well, I believe that our team is on the Listserv and
8 would have had access to the same information that all other
9 members of the Listserv would have had access to.

10 Q Would it surprise you to learn that members or
11 parties to this litigation, also applicants, did not receive
12 the information contained in this July 30th email?

13 A I wouldn't be able to speculate on that.

14 Q Would it surprise you to learn that GBS Nevada
15 Partners, a party in this case, did not receive the
16 information contained in this email?

17 A Again, I have no knowledge of GBS Partners and what
18 emails they did and did not receive.

19 Q Would it surprise you to learn that Nevada Wellness
20 Centers, a plaintiff in this litigation, did not receive this
21 update on July 30th, 2018?

22 A I have the same response. I don't know.

23 Q Last question. Did the Nevada Dispensary
24 Association make any effort to double check and make sure that
25 all members of the association actually received this update?

1 A I don't know.

2 MR. BULT: Thank you. No further questions.

3 THE COURT: Anything else, Mr. Koch?

4 MR. PARKER: Your Honor, can I ask one question,

5 just to follow up with what --

6 THE COURT: One question, Mr. Parker.

7 MR. PARKER: Just one. Just one.

8 THE COURT: No follow-ups on it, just one question.

9 MR. PARKER: Just one. Just one single.

10 RE CROSS-EXAMINATION

11 BY MR. PARKER:

12 Q The Listserv information received by Nevada Organic

13 Remedies, did you as the NDA president or former president

14 forward that information to all the NDA members?

15 A I did not.

16 MR. PARKER: That's it.

17 THE COURT: Thank you, Mr. Parker.

18 Anything else, Mr. Koch?

19 MR. KOCH: No.

20 THE COURT: Thank you, sir. I would leave before

21 someone changes their mind.

22 THE WITNESS: Thank you.

23 THE COURT: Does anyone need a break before we go

24 back to Mr. Gilbert, who has been patiently waiting for over

25 24 hours for what I told him was going to be an hour and a

1 half?

2 (Court recessed at 11:13 a.m. until 11:19 a.m.)

3 THE COURT: Is everybody ready to go? I would
4 notice your table is a little light there, Mr. Kemp.

5 MR. KEMP: Your Honor, they were right behind me.

6 (Pause in the proceedings)

7 THE COURT: All right. Mr. Gilbert, if you can come
8 back up, we're going to swear you in. We're going to go until
9 about noon, we're going to break until one o'clock and then I
10 think you just heard me say we'll break at 2:00 for 15 minutes
11 and then keep going.

12 STEVE GILBERT, PLAINTIFFS' WITNESS, SWORN

13 THE CLERK: Thank you. Please be seated. Please
14 state and spell your name for the record.

15 THE WITNESS: Steve Gilbert. S-T-E-V-E
16 G-I-L-B-E-R-T.

17 THE CLERK: Thank you.

18 THE COURT: Mr. Parker.

19 MR. PARKER: May I proceed, Your Honor?

20 THE COURT: You may. You told me you had a lot of
21 questions for Mr. Gilbert, but let's try to stay on track
22 because I know Mr. Gilbert will answer questions with yes or
23 no if that's possible.

24 MR. PARKER: That's a compliment and an instruction,
25 I think, all at the same time.

1 THE COURT: He can answer however he wants.

2 DIRECT EXAMINATION

3 BY MR. PARKER:

4 Q So, Mr. Gilbert, how are you?

5 A Fine, thank you.

6 Q Good. You've had an opportunity to listen to a lot
7 of testimony today that may be helpful in terms of helping you
8 answer questions that I may ask. Do you recall -- strike
9 that. My clients, Nevada Wellness Center, had a meeting with
10 two of your staff employees, Ms. Cronkhite and Mr. Hernandez.
11 Were you aware of that?

12 A What type of meeting?

13 Q It was a meeting to discuss the scoring of their
14 applications.

15 A Yes, I do recall. I'm aware of the meeting.

16 Q All right. Did you get involved in that meeting at
17 all?

18 A I don't think I was part of that meeting, if I
19 recall correctly.

20 Q I know you were not there personally, but were you
21 or did anyone else participate in that conversation via the
22 phone?

23 A I'm not sure.

24 Q Are those meetings recorded, to your knowledge?

25 A They are not.

1 Q Is there typically someone else who listens in on
2 the phone when those meetings are being conducted?

3 A Typically no. We do -- Ky Plaskon would maybe
4 participate remotely from his office.

5 Q Okay. We were under the impression that someone
6 from Carson City or from the north may have been involved by
7 telephone.

8 A That may have been Mr. Plaskon.

9 Q Okay. And in terms of that off-site participation,
10 would that be a recorded conversation, someone would actually
11 record the discussions?

12 A No, they're not.

13 Q Okay. Would the members of DOT take any notes
14 related to those discussions?

15 A I think notes were taken for most meetings.

16 Q All right. Were those notes provided to counsel at
17 the Department of Taxation?

18 A I'm not aware. I do not know.

19 Q Would those notes be available for every meeting
20 that took place for every applicant that requested such a
21 meeting?

22 A That I'm not sure of, if notes were taken for every
23 meeting.

24 Q Would the notes be kept by the Department of
25 Taxation?

1 A Yes.

2 Q Could you locate those notes and provide them to
3 your counsel?

4 A Yeah. If they exist, we should have them on record.

5 Q All right.

6 (Mr. Parker confers with counsel)

7 BY MR. PARKER:

8 Q Can I have you take a look at Exhibit 5, please. It
9 should be on -- either in front of you or right next to you
10 because we just used it with the previous witness.

11 THE COURT: And, sir, if you want to look at the
12 hard copy you are free to look at it. There's also 5A that
13 counsel may refer you to or he may compare them up on the
14 screen.

15 MR. PARKER: And can we go to page 8 of 34? It's
16 MMLF19, Shane.

17 BY MR. PARKER:

18 Q And I'm concerned about Assembly Bill 422. It says
19 on Assembly Bill 422, it says -- the second bullet point says,
20 "Adds diversity, race, ethnicity, gender of applicants." And
21 then it goes on. The portion I'm concerned about, it says,
22 "To the existing merit criteria for the evaluation." Who made
23 the decision how this merit criteria for purposes of diversity
24 would be judged or scored? And I'd like the name, if you
25 could.

1 A I'm not sure who made the decision, but it is in
2 NAC453D in the regulations. How and when -- who made that
3 decision, I'm not -- I do not know. Potentially Mr. Pupo
4 would be a better person to ask.

5 Q Okay.

6 THE COURT: Sir, on the bottom corner of your
7 monitor, can you touch to clear the purple dots? Thank you.

8 THE WITNESS: You're welcome, Your Honor.

9 BY MR. PARKER:

10 Q So you don't know who actually made the decision on
11 how the scoring would be done. So, you know, the percentages,
12 the denominator, you were not a part of that decision-making
13 process?

14 A Yes, I was.

15 Q You were. Okay. So who else was involved in that
16 decision-making process?

17 A We had a group of staff who took the 2014 medical
18 application and amended it to match the recreational 453D
19 regulations. We had a document that was sent around. We
20 tried to proof it and fact check it and then ultimately we
21 sent it up to Mr. Pupo for final review.

22 Q All right. This is going to make me jump my order,
23 but I want to do so just because you just mentioned this.
24 QuantumMark prepared the training tools and actually performed
25 the evaluation of the 2014 process, is that correct?

1 A They -- that's incorrect.

2 Q What part of that is incorrect?

3 A That they performed the evaluations.

4 Q Okay. Who performed the evaluation in 2014?

5 A Contractors, just like in 2018.

6 Q Wasn't that contractor QuantumMark?

7 A QuantumMark was contracted to do a number of things

8 in 2014. Put together the scoring criteria.

9 (Mr. Parker confers with counsel)

10 BY MR. PARKER:

11 Q Why --

12 THE COURT: You can finish your answer, sir.

13 MR. PARKER: Yes.

14 THE COURT: He was waiting for you to be able to

15 listen again.

16 THE WITNESS: Yes.

17 MR. PARKER: Okay. No worries. Thank you. That is

18 a courtesy to you. Go right ahead.

19 THE WITNESS: So if I recall where I was at,

20 QuantumMark did not participate in the evaluation and

21 identifications.

22 BY MR. PARKER:

23 Q It was QuantumMark's training tools that were used

24 in 2014, is that correct?

25 A Yes, that's correct.

1 Q And then did QuantumMark provide its own training
2 tools for 2018 or did your Department amend QuantumMark's
3 training tools for purposes of training the evaluators?

4 A We amended the 2014 training tools.

5 Q Why didn't you ask QuantumMark to provide updated
6 training tools to fit a recreational application?

7 A That wasn't my decision.

8 Q Whose decision was that?

9 A That would have been a contract decision,
10 essentially Mr. Pupo or the director of the Department.

11 Q Do you know who made that decision?

12 A No, I do not.

13 Q And do you know why that decision was made? Why
14 wasn't QuantumMark utilized to come up with the 2018 training
15 tools?

16 A I don't -- I do not know. I don't know if it was
17 ever contemplated.

18 Q And so going back to where we were, you were a part
19 of the process in terms of the merit criteria for diversity,
20 is that correct?

21 A Yes.

22 Q Who made the decision on how the scoring would be
23 done?

24 A Can you be --

25 Q Yes. Who came up with let's give points based on

1 this percentage? So if you had two out of four, 50 percent;
2 50 percent translates into whatever many points. Who made
3 that decision?

4 A If I recall correctly, again, Jorge Pupo, Kara
5 Cronkhite and myself were going through the application, the
6 250 points, and if I recall correctly it was Mr. Pupo that,
7 you know, came up with the breakdown.

8 Q Did you get any guidance from the ballot question in
9 terms of scoring?

10 A Just in the formulation of the regulations, I guess
11 is how it would trickle down.

12 Q Okay. Let's start with the ballot question and then
13 we'll get to the regulations. Was there any direction that
14 you got from the ballot question itself that led to this
15 scoring methodology for diversity?

16 A I don't think so, no.

17 Q All right, thank you. So if it didn't come from the
18 ballot question, are you telling me it came from your group's
19 interpretation of the regulations?

20 A I think it's in the regulations, if I recall
21 correctly, or potentially it's not. I'd have to look at that
22 section of the regulations.

23 Q Okay. I don't believe that the regulation tells you
24 the denominator or the points to give for percentages of
25 diversity. Is that your recollection as well?

1 A Yes.

2 Q All right. So if you didn't get the information
3 from the ballot question and you did not get that information
4 from the regulations, you had to get it from somewhere. Did
5 you get it from any other jurisdiction like Colorado? Because
6 I saw in the production of your training tool where there's
7 thanks given to QuantumMark, thanks given to Colorado. Do you
8 remember those?

9 A I do.

10 Q All right. So where did you get this methodology in
11 scoring diversity?

12 A The methodology was put together by Kara, Mr. Pupo
13 and myself. As far as the breakdown on the evaluation tool --

14 Q Yes, sir.

15 A -- that was put in then -- like I said, if I recall
16 correctly, Mr. Pupo gave us the breakdown of the percentages.

17 Q Do you know where he got that breakdown from?

18 A I do not.

19 Q And do you have any understanding whether or not
20 that breakdown can be traced to another jurisdiction like
21 Colorado or Washington or California?

22 A I wouldn't know, no.

23 Q You have no idea?

24 A No.

25 Q Good enough. Do you know whether or not there was

1 some type of analysis determined or utilized to determine that
2 there would be some direct or demonstrably related way of
3 tying diversity to the operation of a marijuana establishment?

4 A Do you mind repeating that question, sir?

5 Q Certainly. You're familiar with the ballot question
6 that deals with the standard in terms of criteria, to be
7 directly and demonstrably related to the operation of a
8 medical -- I'm sorry, a marijuana establishment?

9 A Yes.

10 Q All right. Was there any analysis utilized in that
11 standard to the approach ultimately adopted for evaluating or
12 scoring diversity?

13 A I didn't use it.

14 Q Thank you. Now, I understood from Mr. Plaskon what
15 the goal of the diversity scoring was or that criteria. Am I
16 correct that it was included to encourage and facilitate
17 diversities (sic) owning and operating marijuana
18 establishments?

19 A I would believe so, yes.

20 Q All right. And Mr. Plaskon testified that based
21 upon the results of the application process there were no
22 diverse -- I'm sorry, no minority or gender female owners,
23 single owners given licenses. Is that correct or incorrect?

24 A Can you repeat that question, sir?

25 Q Do you know of any minorities that were given

1 applications or conditional licenses based on this 2018
2 application process?

3 A What I do know is the stat that is on our website,
4 59 percent of the conditional licenses awarded had diversity.

5 Q And I'm asking about owners now, because we've gone
6 through hours and days of discussing officers who are
7 employees, advisory board members who are not board members
8 under the Nevada statutes, so I want to go -- let's talk about
9 owners. Do you know whether or not a single minority owner
10 was given a conditional license based on the 2018 application?

11 A Can I ask a clarifying question, sir?

12 Q I will actually address your question. Go right
13 ahead.

14 A Okay. Are you referring to was a license or an
15 entity 100 percent minority or diverse?

16 Q Yes, sir.

17 A Okay. If I recall correctly, and I'd have to refer
18 back, but I think there was one woman all owned that was
19 awarded a conditional license.

20 Q Okay. One out of 61 or 62?

21 A 61. There might have been multiple on that. I'm
22 not sure. Different jurisdictions.

23 Q Let me have you take a look at page 15, which is
24 MMLF26. I want to make sure that's correct. Actually it's
25 MMLF15. The second to the last box says, "Evaluation

1 Committee." And it says, "An independent committee comprised
2 of state officers or employees and contracted professionals
3 established to evaluate and score applications submitted in
4 response to this request for application. Do you see that?

5 A I do.

6 Q Tell me who made up that evaluation committee.

7 A It would be the A Contractors that the Department
8 hired.

9 Q Anyone else?

10 A No, that's it.

11 Q So it says state officers. Were there no state
12 officers that are a part of this evaluation committee?

13 A There were no state officers that evaluated any of
14 the applications that the Department received.

15 Q So in terms of this application, that's a false
16 premise. The applicants, if they read this, they would think
17 that this evaluation committee actually was comprised of state
18 officers, but you're telling me there were no state officers
19 that made up this evaluation committee, is that correct?

20 A Well, it says "or employees and contracted
21 professionals."

22 Q Okay. But there were no employees, either; right?

23 A No, there was not any. The employees took place in
24 the training of the contractors.

25 Q But in terms of the evaluation committee itself,

1 there were no state officers and there were no state
2 employees, is that correct?

3 A No -- well, no state officers or employees evaluated
4 the applications. State officers and employees were involved
5 in the process of getting the contractors on board, training
6 them and then getting them ready for the applications to be
7 received.

8 Q That's fine, but that's not what it says here. And
9 in fact it says that the state officers or employees would
10 play a part in the evaluation and scoring. But that's not
11 true. That's not what happened, is it?

12 A Well, they did play a part in -- they did not play a
13 part in scoring and evaluating the applications.

14 Q Thank you, sir. Now, if we go to the next page,
15 page 16, the identifiers or identified criteria response,
16 which is the second box, do you see that?

17 A Yes.

18 Q The last sentence in this category or this box says,
19 "Assignment of identifiers will be application specific and
20 will be communicated in the application in the identifier
21 legend." Do you see that?

22 A Yes.

23 Q Now, what we've seen up to this point are groupings
24 of applications. So, for example, with Nevada Organics, which
25 you heard Mr. Jolley's -- his testimony, did you notice that

1 they had his applications grouped? I think it was 215 through
2 218 or whatever it was, 212 to 218. Do you remember that?

3 A Yes. Uh-huh.

4 Q Was that done, to your knowledge, for every
5 application that had more than one license it was seeking?

6 A It was done for every application that was received.

7 Q Okay. So if Nevada Organics had eight applications,
8 would all eight applications be grouped together for the
9 evaluators to review, let's say for the identified topics?

10 A When they were -- Yes, they would. It would be the
11 RD -- whatever RD numbers they were assigned when they came
12 in. So if it was sequential, they would be 1 through 10 or 1
13 through 8.

14 Q Now, the first sentence says here, "A nonidentified
15 response such as an assignment of letters, numbers, job titles
16 or generic business type to show the identity of a person or
17 business remains unidentifiable." Do you see that?

18 A Yes.

19 Q If you group all the licenses together, wouldn't the
20 evaluator know that that one applicant would be providing the
21 applications for all of the jurisdictions? So be it company
22 Nevada Organics, or company M&M, if they're all together, even
23 if you don't know the name, you know that that one applicant
24 is seeking applications for all of these jurisdictions because
25 you've grouped them all together?

1 A Yeah, that's correct. And then on the application
2 we asked them to identify -- I think it's Attachment I, which
3 jurisdictions they want to apply for.

4 Q Right. The problem is if you're trying to comply
5 with your own application, you're supposed to keep them
6 unidentifiable. Isn't that correct?

7 A The unidentified section, yes.

8 Q Right. Were you here when the statistician gave her
9 testimony regarding how you remove the blind procedure by
10 grouping these together?

11 A I think I was for some of it, I don't know if all of
12 it. I think it was all of it.

13 Q Did you hear that testimony?

14 A I did.

15 Q All right. So would you agree with me from the
16 State's perspective that as soon as the State made that
17 decision to group applications together, it removed the layer
18 of blindness, given what the statistician testified to?

19 A I'm not a statistician, so I don't know if I can
20 speak to the rules of statistics --

21 Q Of course.

22 A -- but I don't think so, no.

23 Q All right. Did -- you would agree with me that the
24 State did not use a random approach by mixing all of the
25 applications up so there were no commonality in grouping

1 applications. That's a true statement, isn't it?

2 A Can you repeat that, please?

3 Q Certainly. Instead of giving an evaluator eight
4 applications from one company together that doesn't identify
5 the name, you give -- you mix them all up, not having any
6 groupings whatsoever so that there's no commonality among
7 applications that could be discerned by just reading eight in
8 sequential order?

9 A Well, there was only one application submitted for
10 the most part --

11 Q Okay.

12 A -- I think. I don't know if anybody submitted two
13 applications or not. One application was submitted on a thumb
14 drive or disk.

15 Q Right.

16 A And then, you know, the appropriate jurisdictions
17 were checked and then they were evaluated that way.

18 Q Right. But the jurisdictions were not separated for
19 the evaluators, isn't that correct?

20 A That's correct.

21 Q All right. Which meant that an evaluator knew if
22 they were looking at one application -- in the case of Nevada
23 Organics they were looking at one applicant for eight
24 jurisdictions. Isn't that correct?

25 A Yes.

1 Q Right. Which means the individual applications were
2 not looked at individually, they were looked at as a group.
3 Isn't that correct?

4 A Each application was looked at individually.

5 Q Not the jurisdictions?

6 A Not the jurisdictions.

7 Q Thank you. Hence, when you look at one applicant
8 and we've seen on the screen almost complete uniformity in the
9 numbers, that's what happens when you give one evaluator eight
10 jurisdictions, one application, isn't it?

11 A Yes. And I feel that that's how it should be if
12 it's an identical application, let's say on the identified
13 side, it shouldn't vary from jurisdiction to jurisdiction.

14 Q But let's talk about the nonidentified side where
15 you are supposed to have jurisdiction specific locations,
16 floor plans, security plans, impact to the community, care,
17 safety and quality. All of those are supposed to be
18 jurisdiction and application specific; right?

19 A Again, location wasn't required, so a lot of times
20 and I think you were testifying this morning that they
21 submitted a floor plan with a location but not a specific
22 location for that jurisdiction. So in that case if they were
23 evaluated altogether, they should come up with a new score.
24 A lot of times what I think I saw was, you know, a different
25 part of the state might have a different floor plan.

1 Q You touched on part of it, but let's generally
2 discuss this kind of. I don't want to get out of order here.
3 In terms of the nonidentified, the building size and adequacy
4 would be a part of that criteria, is that correct?

5 A Yeah, that's part of it. Yeah.

6 Q Right. And the impact on the community is a part of
7 that criteria, isn't it?

8 A Yes.

9 Q All right. So each evaluator in looking at each
10 jurisdiction, not just the -- not the overall application but
11 each jurisdiction within the application, right, they're
12 charged with that responsibility, is that correct?

13 A Yes.

14 Q Right. And to do so you had to look at every
15 jurisdiction and the impact of that location on that
16 jurisdiction; correct?

17 A That's what -- the evaluators are looking for a
18 comprehensive plan. Uh --

19 Q Let me -- okay, go right ahead. I apologize. Go
20 right ahead.

21 A A comprehensive plan, you know, to where they're
22 addressing or highlighting the things that they want to do,
23 they plan to do, and they were evaluated based on that.

24 Q All right. And I appreciate that response, but
25 let's go back to jurisdiction, location, impact to the

1 community because I want to talk about those issues in regard
2 to an evaluation per jurisdiction. Do you understand?

3 A Yes.

4 Q All right. So what may be perfect for North Las
5 Vegas may not be perfect for Henderson; right?

6 A It would get into -- it depends on the location --

7 Q Right.

8 A -- and the location wasn't required.

9 Q But building size, building floor plan, safety, all
10 of those things, including the impact in that community were
11 separate identifiable elements that were made a part of that
12 criteria for scoring, isn't it?

13 A Yes. That's what the application asks for, yes.

14 Q So every evaluator was charged with that
15 responsibility in terms of taking those factors into
16 consideration as a part of your scoring; right? Isn't that
17 correct, sir?

18 A Yeah, besides location, you know, location. So they
19 looked at -- they looked at the building, they looked at the
20 plan, they looked at how much was included, how it matched the
21 regs.

22 Q Now, did you hear yourself just say they look at the
23 building?

24 A The floor plan.

25 Q Ah-ha.

1 A Sorry.

2 Q No, I appreciate that. The fact is they could not
3 look at a building with Nevada Organics because there were no
4 buildings provided, isn't that correct?

5 A I'm not sure. I mean, when I saw their application
6 it was for the first time today.

7 Q Well, you heard the testimony regarding floor plans
8 as opposed to buildings; right?

9 A Yes.

10 Q All right. Now, your Freudian slip in terms of
11 throwing out buildings is well placed because the application
12 itself talks about the adequacy of the building size. They
13 didn't say the adequacy of a floor plan, did it?

14 A I'd have to refer back to it.

15 Q We'll get there. But isn't that your recollection?

16 A I'd have to refer back to it to answer.

17 Q So each evaluator was charged with the
18 responsibility of taking all of those factors into
19 consideration per license request, isn't that correct?

20 A Yes.

21 Q All right. And giving the evaluator all eight
22 jurisdiction license requests in one application, based upon
23 what you heard in this courtroom, would remove at least a
24 layer of blindness because they were all grouped together.
25 Isn't that a fair statement, sir?

1 A I don't -- I don't necessarily agree with that.

2 Q Okay. You said that the evaluators were given the

3 one thumb drive application; right?

4 A They were.

5 Q So they at least knew that those were all together?

6 A Yes.

7 Q So in terms of blindness, in terms of the

8 relationship between each of those jurisdiction requests, they

9 knew that it was all involved with one application, isn't that

10 correct?

11 A It would remove that type of blindness --

12 Q Thank you.

13 A -- but not blindness from who they identify as.

14 Q That's fine. I just want to make sure we at least

15 agree that one level of blindness was removed by that approach

16 taken by the Department of Taxation.

17 A I don't know what the definition of a level of

18 blindness is, though.

19 Q Good enough. The Court does.

20 THE COURT: Okay. I'm getting ready for lunch. Are

21 we at a good place to break?

22 MR. PARKER: Is it already that time?

23 THE COURT: It's 10 till.

24 MR. PARKER: Oh, man, time is moving fast.

25 THE WITNESS: Yes, it is.

1 MR. PARKER: All right.

2 THE COURT: With that, sir, if you could come back
3 at 1:00. You have a nice lunch.

4 THE WITNESS: Thank you, Your Honor.

5 (Court recessed at 11:49 a.m. until 1:04 p.m.)

6 THE COURT: Mr. Parker.

7 MR. PARKER: Yes?

8 THE COURT: Are you ready?

9 MR. PARKER: Just give me a high sign. Thank you,
10 Your Honor.

11 THE COURT: That was the high sign for you to start.

12 MR. PARKER: Yes, indeed.

13 DIRECT EXAMINATION (Continued)

14 BY MR. PARKER:

15 Q Mr. Gilbert, how are you?

16 A Fine, thank you.

17 Q Good. Good afternoon. So when we left off we were
18 talking about the application and I want to continue with the
19 application so that we have a better understanding going
20 forward how certain decisions were made and how the
21 evaluations were done. I'd like for you to take a look at
22 again Exhibit 5, page 22 of the application. This is the
23 Attachment A. Now, when we left off this morning we were
24 talking about the merit criteria for diversity. Do you
25 remember that?

1 A Yes.

2 Q All right. Now, this attachment deals with the
3 identification of owners, officers and board members. Do you
4 see that?

5 A Yes, I do.

6 Q Did the State provide any insight beyond what we see
7 on this page as to how LLCs versus C Corporations versus
8 professional corporations versus any other type of corporation
9 should identify owners, officers or board members?

10 A Not that I can recall, besides the information that
11 was provided in the application.

12 Q Okay. So, for example, there were Listserv
13 disseminations that explained who would be a proper board
14 member versus officer versus owner?

15 A I don't recall a Listserv going out with that
16 information.

17 Q Do you recall any conversations with any particular
18 applicants where information beyond what's here on this
19 document was disclosed in terms of board members?

20 A Personally I don't recall myself having a
21 conversation to that extent.

22 Q All right. Is it fair to say, then, that there was
23 no additional information beyond the application itself
24 related to what would constitute a board and its members?

25 A Not to my recollection during the application

1 period. Yeah.

2 Q And is it also fair to say that there is nothing in
3 the application that mentions the words advisory board?

4 A I'd have to review the application. Not to my
5 knowledge there isn't.

6 Q And is it also fair to say that there is no
7 definition of the word officer beyond what's included here in
8 terms of the word itself, officer, in the Attachment A of the
9 application?

10 THE COURT: Were you reading my notes, Mr. Parker?

11 MR. PARKER: I think we're on the same page, Your
12 Honor.

13 THE WITNESS: Could you --

14 BY MR. PARKER:

15 Q Isn't that true, sir?

16 A Is it in the definition section?

17 Q Yes. Is there a definition section that mentions
18 officer, number one, which I believe there isn't.

19 THE COURT: So then we would go to NRS Chapter 453D
20 and the definitions are in the section that is 030.

21 MR. PARKER: That is correct.

22 And we could pull that up, Shane, if you could.

23 THE COURT: And somewhere between 15 and 16 will be
24 words that start with the letter O.

25 MR. PARKER: That is correct, Your Honor. And you

1 have my notes. But I took them with me for lunch, so then we
2 can't be cheating off each other.

3 THE COURT: Yeah. I was at a bench bar meeting.

4 MR. PARKER: Your Honor, may I approach?

5 THE COURT: You may.

6 MR. PARKER: Thank you.

7 Shane, you have to go up.

8 THE COURT: There you go.

9 MR. PARKER: All right. So between --

10 THE COURT: Whoops.

11 MR. PARKER: You just killed it, Shane. No, no, the
12 other way. The other way, Shane. Go up, up, up, up. Stop.

13 THE COURT: Stop.

14 MR. PARKER: Stop.

15 THE COURT: At the very bottom, it's right there.

16 MR. PARKER: Right there.

17 THE COURT: Whoops.

18 MR. PARKER: All right. Stop right there, Shane.

19 BY MR. PARKER:

20 Q Between 15 and 16 do you see the word officer?

21 A Between 15 and 16?

22 Q Yes, sir. Paragraph 15 and 16. Do you see the word
23 officer between marijuana and process?

24 THE COURT: And the reason he stopped you there,
25 sir, is they appear to be in alphabetical order.

1 MR. PARKER: That's correct.

2 THE WITNESS: I don't see the word officer in 15 or
3 16.

4 MR. PARKER: Thank you.

5 BY MR. PARKER:

6 Q Would you agree with me, sir, that the word officer
7 is not defined in 453D?

8 A I would have to review 453 -- Oh.

9 THE COURT: Hold on. Let me get the book for you.
10 If I remember correctly it's in the pocket part.

11 MR. PARKER: It is.

12 THE COURT: Here you go, sir. You're at the
13 beginning of 453D.

14 THE WITNESS: Thank you.

15 THE COURT: Look to your heart's content and let us
16 know when you're done.

17 THE WITNESS: Based on the definition section and my
18 quick skim through the statute, it doesn't appear to be in the
19 statute.

20 BY MR. PARKER:

21 Q All right. So the word officer is not defined in
22 the statute. Would you also agree with me that the word owner
23 is not defined in the statute?

24 THE COURT: Please feel free to keep the book, sir.

25 THE WITNESS: Okay. Thank you, Your Honor.

1 THE COURT: I'm looking in 78 and 86 now, so.

2 BY MR. PARKER:

3 Q Are you ready, sir?

4 A Yeah. Can you repeat the question?

5 Q Yes. Do you see the definition of owners in 453D?

6 A I don't see the definition, no.

7 Q Now, if you see no definitions of the word owners or
8 officers, did you as the trainer or one of the trainers of the
9 evaluators provide the evaluators with a definition of owners
10 or officers?

11 A I don't recall training them on that. But in the
12 regulations, 453D, it does define an LLC has officers. A sole
13 proprietorship I think is owners and LLC is membership or
14 members.

15 Q Okay, good enough. The answer I believe you said is
16 you did not provide a definition of owners or officers to the
17 evaluators. Is that true?

18 A I don't recall training on that. That might have
19 been a question, but I don't recall. It wasn't, I don't
20 think, part of the training modules.

21 Q Okay. I appreciate your answer, but you're not
22 truly answering my question. My question was, did you provide
23 them a definition? Your response was we did not provide
24 training. So I want to divorce you of training for just a
25 second and have you answer that question first and then I will

1 ask you a follow-up question regarding the training, okay?

2 Number one, did you provide a definition for the terms owners
3 or officers to the evaluators?

4 A I may have verbally given them the definition as we
5 used it at the Department; however, that would have been done
6 in training.

7 Q Did you provide anything in writing?

8 A Not that I recall, no.

9 Q All right. Is there a definition used or utilized
10 by the DOT that we have not become aware of? Because we don't
11 see it in the statute, so where would that -- if there is, I
12 want to know what it is and where can you find it?

13 A Just that NRS or NAC that I mentioned before is how
14 we apply an ownership -- owners, officers and board members to
15 the different corporate structures.

16 Q Well, the NAC, 453D in the code, the Administrative
17 Code, doesn't have the definition of those, either, I don't
18 believe, Mr. Gilbert. So --

19 A I'd have to take a look at it.

20 THE COURT: I don't have the Administrative Code
21 here in a book, sir, to hand you. Sorry.

22 MR. PARKER: Do we have that? Do we have the NAC?

23 MR. CRISTALLI: Yes, we do.

24 MR. PARKER: Yeah. I thought we did, too, because I
25 looked at it earlier when I examined Mr. Plaskon.

1 MR. CRISTALLI: Do you want the paper?

2 MR. PARKER: Yeah. Do you have the paper?

3 Your Honor, if I have the paper could I approach the

4 witness with the actual --

5 THE COURT: You could.

6 And, sir, you don't have to believe it's the correct

7 version of the NAC. You can confirm that for yourself and it

8 looks different, you let us know.

9 THE WITNESS: Okay. Thank you.

10 (Mr. Parker confers with counsel)

11 MR. PARKER: Okay. Is that the -- Stop right there,

12 Shane. Was that the reg or was that the NRS?

13 I.T. TECHNICIAN: This is the reg.

14 MR. PARKER: Okay. Let me -- can you go to the

15 first page of it so I can see all of the listings?

16 Your Honor, may I approach the screen?

17 THE COURT: You may.

18 MR. PARKER: It's too blurry to read. Is it on your

19 screen?

20 THE WITNESS: Yeah, it's hard to read, though.

21 MR. PARKER: Can you read it? Is it any easier on

22 your screen?

23 THE WITNESS: It's probably easier up there.

24 MR. PARKER: Go back up to the top for me, Shane.

25 Let me see if there is a definitions portion. Yes. 0001.

1 Go up, go up, go up. All right, stop. Now go up. We're at
2 seeds. Go up so we can see if we can go to -- stop. All
3 right, there we go.

4 BY MR. PARKER:

5 Q So, 453D.089 and then between 453D.094, do you see
6 any word that starts with the letter O?

7 A I do.

8 Q Do you see a word owners or officers defined in the
9 regulation?

10 A No, I do not.

11 Q All right. So we know you didn't get the definition
12 from the statute. We know it's not in the application and we
13 know you didn't get it from your regulation. So where would
14 you get a definition of owner or officer from that you would
15 use for purposes of giving it to the evaluators?

16 A Well, it's been -- those terms have been used since
17 2014 to define the ownership structures of the establishments.
18 We know that the owners, you know, have a percentage of
19 ownership. Board members may or may not. And officers
20 typically do have a percentage of ownership.

21 Q All right. And thank you for that. When the
22 evaluators were tasked with looking at Attachment A, would
23 they also by virtue of what you just said be provided with
24 information confirming that the owners, officers and/or board
25 members had a percentage of ownership of the applicant?

1 A So the process that the Department followed when
2 they looked at the application for the first time and the
3 administrative assistants, they would compare it to the
4 ownership that the Department had on record at the time.

5 Q And where would that come from, Mr. Gilbert?

6 A A database that we keep on owners, officers and
7 board members, similar to what's posted on the website.

8 Q Okay. Would that also include information from the
9 Secretary of State's Office?

10 A That's part of the packets that we get, so, yeah,
11 their entire file would.

12 Q Good. So your database, is it only comprised of
13 licensees or license holders of the medical marijuana
14 establishments?

15 A The medical marijuana?

16 Q Yes. So for purposes of the 2018 application the
17 evaluators are charged with looking at Attachment A and they
18 have an opportunity or are afforded the ability to check the
19 percentage ownership of everyone listed on Attachment A. So
20 you're saying there's a database that they use to do that,
21 perform that check, is that correct?

22 A Yeah. It was checked by -- that was checked by
23 staff.

24 Q And where does the information come from that's in
25 the database?

1 A From either the original application in 2017 or a
2 change of ownership that might have come through since then.

3 Q So the only thing you're checking is information
4 provided by the applicant? You're not using any independent
5 source to confirm whether or not an owner, officer or board
6 member has an ownership interest?

7 A I'm sorry, can you repeat that question?

8 Q Yes. You said that the information that the
9 evaluators are using comes from a database that the Department
10 of Taxation has and you said that database comes from
11 information from prior applications, you said 2017
12 applications, is that correct?

13 A Or '14, depending on -- depending what transpired
14 between 2014 and 2018.

15 Q Good enough. But you're having evaluators use
16 information received from the applicants themselves, be it
17 2014 or '17, to cross check, is that correct?

18 A Yeah. The information that they provide us in their
19 application, whether it's a transfer of ownership or -- the
20 application is the information that we rely on.

21 Q So you're relying on their information to check
22 their information, is that correct?

23 A Well, what we have on record at the Department is
24 the ownership that we approve the application for.

25 Q Again, you're relying on the applicant's information

1 to check the applicant's updated application, is that correct?

2 A Yeah. Well, the information that was vetted through
3 us through an approval process of either an application or a
4 transfer of ownership, yeah.

5 Q Right. But that information, again, was provided by
6 the applicant?

7 A Yes, it was.

8 Q Right. So what outside source are you using to
9 actually validate that the information you're receiving from
10 the applicant is true and correct?

11 A We don't use an outside source.

12 Q All right. So that means that a person can list an
13 employee as an officer and you have no way of checking in
14 terms of your own database whether or not that applicant is
15 giving you truthful and accurate information because the only
16 information you're using in the database is information they
17 provided to you previously, isn't that correct?

18 A Yes, it is. And they also sign an attestation
19 saying this information is true and we rely on the information
20 that's provided by the applicant.

21 Q All right. And so like today, you have the fortune
22 or misfortune of listening to me cross-examine Mr. Jolley and
23 you heard him indicate to us after reviewing the Secretary of
24 State's filing that the only officers identified for purposes
25 of the Secretary of State filing was himself and Mr. Byrne.

1 Did you hear that?

2 A I did, yes.

3 Q Neither of the two employees he added to his list of
4 officers were identified with the Secretary of State, is that
5 correct?

6 A Based on the documents that were put up on the
7 screen, I believe so.

8 A And if the evaluators could have checked the
9 Secretary of State information, they would have been able to
10 determine that these officers listed in your 2018 application
11 for Nevada Organics were not reflected on their Secretary of
12 State filing. Isn't that correct as well?

13 A I can't speak for the evaluators, you know, but they
14 went off the information that was provided in the application.

15 Q Right. But if they checked the Secretary of State's
16 information, which was available, isn't that correct?

17 A Oh, yeah. Yes.

18 Q Right. They would have determined at the very least
19 from its face that these are officers that are not identified
20 with the Secretary of State. Isn't that correct?

21 A Yeah, there would have been a difference, I guess.
22 I haven't looked at Mr. Jolley's application, though, so I
23 don't know what he listed.

24 Q And when you were cross-examined by Mr. Kemp, you
25 indicated, I believe, and correct me if I'm wrong, that

1 differences should have been further examined. If you saw
2 something that was different, someone should have raised a
3 flag or said something. Isn't that correct?

4 A I don't know if I recall speaking to that
5 specifically.

6 Q You didn't say flag. That's my term. But you said
7 if there was a difference, there would be some questions
8 asked.

9 A If I recall correctly, the difference would have
10 been in the ownership structure that we have on record versus
11 what was submitted in the application.

12 Q Right. And if you saw something that differed, you
13 being an evaluator, based upon your training you saw something
14 that was different than what was held by the Secretary of
15 State, then someone should have asked the question. Isn't
16 that true?

17 A No, not based on the training. What I was referring
18 to is when we checked the application to see if the ownership
19 matched currently what was on record with the Department, not
20 with the Secretary of State.

21 Q Right. I'm beyond that now.

22 A Yeah. If that matched, then the application was
23 okay to move forward. If there was a discrepancy between the
24 ownership, then that would have been brought to the attention
25 of management.

1 Q Understood. But how about if there is a discrepancy
2 between what's at the Secretary of State and what's a part of
3 Attachment A?

4 A Really it was just to see if they were registered
5 with the Secretary of State.

6 Q So no evaluation was done or no vetting was done to
7 determine if the Secretary of State's records reflected what
8 was presented in Attachment A?

9 A I don't think -- there was no comparison.

10 Q Thank you. And would you also agree that there was
11 no comparison of any outside source? Any other reliable
12 source was not used to compare Attachment A in terms of
13 ownership, officers or board members?

14 A I don't think I can answer that question because
15 that would have been -- that would have been the job of the
16 evaluators to investigate an organizational chart or the
17 structure of a company the best that they possibly could.

18 Q Did you provide training on how to go to an outside
19 source to verify the information on Attachment A?

20 A They were trained to, you know, Google and do as
21 much investigative work as they possibly can.

22 Q Okay. Well, it didn't take much to pull up the
23 Secretary of State's information; right? Isn't that correct?

24 A No, it's very easy.

25 Q Right. So at the very least we know that that

1 wasn't done in terms of Nevada Organics. Is that correct?

2 A Not to compare if the Secretary of State's
3 information matched what was in the application.

4 Q To your knowledge, was any outside sources used to
5 evaluate any of these Attachment As?

6 A I would have to refer to the evaluators on that
7 because I wasn't -- I didn't consult them after they started
8 the process.

9 Q And based upon your review of Attachment A, did you
10 provide any training or information regarding advisory boards?

11 A Not that I can recall, no.

12 Q So can you tell me why and tell this Court why would
13 members of an advisory board be utilized for purposes of
14 diversity if there was no training in terms of that?

15 A I would have to look at the application and the
16 details behind it.

17 Q Okay. Because you would agree that there was no
18 training done or definitions provided for advisory board
19 members, is that correct?

20 A I can only speak to what I trained on and I did not
21 train on advisory boards.

22 Q Thank you. So in terms of your training, if an
23 evaluator or three evaluators used advisory board members as a
24 part of their diversity scoring, that would be beyond training
25 that you provided, is that correct?

1 A That I personally provided.

2 Q Yes, sir.

3 A But we had other trainers working on the identified
4 and the nonidentified sections.

5 Q Just talking about you. That would be beyond your
6 training, is that correct?

7 A I don't know if it would be beyond my training, but
8 I don't think it was brought up.

9 Q Thank you. It would be inconsistent with your
10 training because you didn't provide that training. Is that
11 true?

12 A Not that I can recall.

13 Q So that's a true statement I made, isn't it?

14 A What was the statement?

15 Q The statement was you did not provide any training
16 on advisory board members and how they were to be considered,
17 if at all. Isn't that correct?

18 A I personally did not.

19 Q Thank you. And if an evaluator or three evaluators
20 utilized advisory board members in their diversity scoring,
21 that was not something you trained or allowed them to do based
22 upon your training. Isn't that correct?

23 A To my -- yes, to my recollection, yes.

24 Q Thank you. All right. And the same would be true
25 in terms of classifying employees as officers. You did not

1 provide any training to evaluators which would allow for staff
2 members or employees to be considered officers, is that
3 correct?

4 A I don't recall that ever coming up as a question
5 during the training, so if it didn't come up -- I mean, we
6 trained on, you know, Attachment A, which was listing of
7 owners, officers and board members.

8 Q Yes, sir.

9 A And I don't recall anything -- any questions being
10 raised about advisory board members.

11 Q And is it also true that because you did not provide
12 training to these evaluators in determining the -- or allowing
13 for employees to be classified as officers, isn't it also true
14 that you did not train them on allowing employees designated
15 as officers to be considered as a part of diversity?

16 A Can you repeat that?

17 Q Yes. And let me say up front it's somewhat
18 truncated, this question, because it takes a couple things
19 into consideration. Number one, did you provide training and
20 how to determine if an employee could be rightfully classified
21 as an officer? And I believe you said you didn't provide that
22 training. Is that true?

23 A We relied on the information that was provided by
24 the applicant.

25 Q That's fine. But you did not provide any training

1 to the evaluators in determining whether an employee could be
2 considered an officer, isn't that true, sir?

3 A Personally I did not.

4 Q Thank you. So now we take that as a platform for
5 the next question. The next question is if you didn't provide
6 the training on how -- when an employee could be considered an
7 officer, would you also agree that that employee being
8 classified as an officer would not have been -- the evaluator
9 would not have been trained on how to determine the diversity
10 qualifications for those employees that are now being
11 classified as officers?

12 A Well, if they're listed as an officer on Attachment
13 A, the diversity pieces were taken from Attachment C, I think
14 it was. I don't know if they were listed on Attachment C,
15 also, but that was the information the evaluators relied on,
16 what was provided on Attachment C.

17 Q Right. And listen, I understand the attachments.
18 What I'm trying to do is get through the training first. So
19 what I've done, and I may be slow but methodical about it, is
20 I take each one of the items one by one, which I started with
21 how you define them and then we've gone from definitions to
22 now use of those definitions and your training. Follow me?

23 A I am.

24 Q And I'm taking them in inverse order. I started
25 with board members instead of owners. We've gone through

1 board members and now we're looking at officers. And I want
2 to know whether or not, and I believe the answer is you did
3 not provide any training to the evaluators on how to
4 distinguish between an employee and an officer. Isn't that
5 correct?

6 A There was no specific training on how to distinguish
7 between. And again, they look at their org chart, they look
8 at Attachment C, they look at Attachment A and define the
9 roles that way.

10 Q Okay. And if there was no training in terms of
11 determining when an employee could be considered an officer,
12 is it also true that there was no training in determining when
13 this employee/officer would be utilized for purposes of
14 diversity scoring?

15 A Can you repeat that, sir? I'm sorry.

16 Q Yes. Let me ask it this way. Maybe this is an easy
17 way for you to understand it. How would an evaluator know
18 whether to include an employee/officer in the diversity
19 calculation?

20 A If they were listed on Attachment A and then also
21 listed on Attachment C -- I'm pretty sure it's C -- and then
22 compare it to, you know, the narratives that they wrote, the
23 organizational chart that they provided in their application,
24 they would use the information provided on Attachment C.

25 Q Okay. Now, again, I guess this means that the

1 evaluators are simply utilizing the information presented
2 without doing any -- I hate to use this word again --
3 evaluation of the employee's role versus ownership interest in
4 the company, is that correct?

5 A Well, that goes back to us comparing the ownership
6 that was provided in the application to the ownership that the
7 Department had on record, and if that matched then the
8 application was okay to go forward.

9 Q Let me bring this home for you. The reason why I'm
10 asking is because Mr. Jolley said that his purchasing person,
11 director person he listed as an officer, but there's no
12 corresponding information regarding ownership of the company
13 of the purchasing director. So how would an evaluator know
14 whether or not to include that person, the Director of
15 Purchasing, in the diversity calculation?

16 A I think it goes back to my previous comment that the
17 ownership was compared and if the ownership matched what the
18 Department had on record -- because we don't keep records of
19 employees, we keep records of what they provide as their
20 owners, officers and board members in either an initial
21 application, a transfer of ownership application or --

22 Q Good enough. Good enough. In terms of owners --
23 let's move on. In terms of owners we've learned now and
24 you've heard testimony that owners of publicly held companies,
25 be it in the United States or in Canada, were not all

1 provided. Is that correct?

2 A That's correct.

3 Q Would you agree with me that be it Attachment A, B
4 or C, there is no limitation in terms of ownership interest
5 stated in the application? So be it a 1 percent owner, 10
6 percent owner, a 50 percent owner, it just says owners, is
7 that correct?

8 A I believe so, yes.

9 Q And wouldn't you agree that that means all owners,
10 not 10 percent owners, not 20 percent owners but all owners
11 since there's no definition limiting that category?

12 A Well, in the public or in the corporations it's the
13 officers that we -- I know we didn't ask for it, but the
14 information that we've gathered throughout the years is the
15 officers of the corporation, not the shareholders.

16 Q Okay. But that's not what the application says,
17 isn't that correct?

18 A It just asks for owners, officers and board members.

19 Q Exactly. Not one or the other, it says owners,
20 officers and board members, is that correct?

21 A Yes.

22 Q Which meant that you as the Department or part of
23 the DOT, expected to get information on all three categories,
24 is that correct, owners, officers and board members?

25 A Yes.

1 Q Right. And so in terms of owners, you would agree
2 with me, sir, that this name or category, owners, did not
3 limit it in any way?

4 A Can you repeat that question, please?

5 Q Yes. There's no limitations in terms of ownership
6 interest. It says owners, which would include all, isn't that
7 true?

8 A Well, the Department had to -- it had to -- we
9 couldn't vet hundreds of shareholders on a daily basis,
10 because I think that's what the task would involve is anytime
11 somebody bought or sold a share we would have to re-vet this
12 person.

13 Q Well, then couldn't you have said in the attachment
14 we don't have time to vet all the owners of a publicly held
15 corporation or a big corporation, just tell us the big ones?
16 That's not what it said here, is it?

17 A No, it doesn't say that.

18 MR. PARKER: Can you put up Exhibit 5 again, page 22
19 of 34, which is MMLF33.

20 BY MR. PARKER:

21 Q Again, there is no limitation when it comes to
22 owners: is that correct, sir?

23 A That's correct.

24 Q All right. Now, be it Attachment A, Attachment B
25 or in particular Attachment C, if you're vetting all owners

1 then you should also be able to vet all owners in terms of
2 diversity; right?

3 A We didn't ask for all the shareholders. I don't --
4 I didn't look at hardly any of the applications, but I didn't
5 hear of any applicant submitting a list of shareholders.

6 Q Okay. Let me stop you there because you're kind of
7 jumping ahead. We've agreed, I believe, that owners is not
8 limited in any way on Attachment A, is that correct? It says
9 owners. It doesn't say, you know, 10 percent owners, 20
10 percent owners, it just says owners, is that correct?

11 A That's correct.

12 Q The word shareholder is not mentioned there, is that
13 correct?

14 A Not in the application, but I think it's mentioned
15 in the statute or the regulations of the 5 percent.

16 Q Okay. Well, let's say the regulation says 5 percent
17 but the statute I believe says all owners. Isn't that
18 correct?

19 A I'd have to go back and refer to that.

20 Q All right. I think you have --

21 THE COURT: You've got the book.

22 THE WITNESS: Yeah.

23 BY MR. PARKER:

24 Q You've got the book. Take a look at NRS 453D and
25 you tell me what the statute says in terms of owners. And

1 then you can compare that to NAC. We'll pull that up if you'd
2 like again. And I believe NAC says 5 percent. In fact, I
3 have that on my iPad if you want to look at that and make it
4 quicker.

5 Your Honor, can I approach?

6 THE COURT: You may.

7 BY MR. PARKER:

8 Q Okay. Here's the NAC.

9 A Yes.

10 MR. PARKER: I'm showing him NAC 453D, I believe
11 255, Your Honor, that says the 5 percent. And then I think he
12 has the book that shows the statute.

13 THE COURT: I'm there.

14 MR. PARKER: Thank you, Your Honor.

15 BY MR. PARKER:

16 Q Have you had a chance to look at it?

17 A Yeah, I read this. I can't find it in the statute
18 yet, though.

19 (Pause in the proceedings)

20 THE WITNESS: I can't find it in the statute.

21 MR. PARKER: All right. Your Honor, may I approach?

22 THE COURT: You may.

23 THE WITNESS: What you're referring to.

24 BY MR. PARKER:

25 Q So it's either 453D.210 and it talks about owners,

1 officers, board members.

2 A Okay.

3 THE COURT: Are you in Section 5(f)?

4 MR. PARKER: I believe that's 5(f).

5 THE WITNESS: Yes.

6 THE COURT: I'm just checking.

7 MR. PARKER: Yep. That is correct, Your Honor.

8 BY MR. PARKER:

9 Q Have you read it now?

10 A Yes.

11 Q So would you agree with me that if you utilized the

12 statute it takes you to this application Attachment A where it

13 says owners, officers and board members, is that correct? Is

14 that correct?

15 A Yes.

16 Q If you use the regulation, it says 5 percent, is

17 that correct?

18 A Yes.

19 Q So then let's assume, since this doesn't say 5

20 percent, that you were trying to comply with the statute as

21 opposed to the regulation. Is that a fair assumption?

22 A Well, it says, "The persons who are proposed to be

23 owners, officers or board members of the proposed marijuana

24 establishment."

25 Q Which is weird to me because you really don't comply

1 with the statute or the regulations because proposed owners,
2 officers and directors -- I'm sorry, board members is not
3 mentioned in Attachment A, but nor is the 5 percent from the
4 Administrative Code. So do you know how Attachment A -- or
5 who decided the wording for Attachment A, since it doesn't
6 comply with the statute or the regulations?

7 A I don't think that was changed from the 2014
8 application process.

9 Q Despite the fact that diversity was added, is that
10 correct?

11 A Diversity was.

12 Q Which requires a certain level of vetting for
13 owners, officers and board members, is that correct?

14 A For diversity?

15 Q Yes.

16 A Can you repeat that question?

17 Q Yes. When diversity was added, it required that the
18 evaluators and the DOT vet or consider the diversity of the
19 owners, the officers and the board members, is that correct?

20 A Yes.

21 Q And to do so you actually have to list them, is that
22 correct?

23 A Yes, on Attachment C.

24 Q Right. And in Attachment A you're still required to
25 list owners, officers and board members, is that correct?

1 A Yes.

2 Q Not ones that are just 5 percent owners, but all of
3 them because it doesn't say in keeping with the regulation
4 only those with 5 percent or more, is that correct?

5 A It doesn't state 5 percent.

6 Q And it doesn't include prospective owners, which is
7 described by the statute, is that correct?

8 A Well, the prospective owners would be the ones
9 applying for the license.

10 Q It doesn't use the word prospective owners in
11 Attachment A?

12 A It does not.

13 Q All right. So would you agree with me that
14 Attachment A does not comply with the statute or the
15 regulation?

16 A I don't know if I can legally -- give that legal
17 opinion if it complies or not.

18 Q I'm going to help you out. I'm going to help you
19 out with that. I'm going to take back the word comply. Would
20 you agree that it does not match the wording of the of the
21 regulation or the statute?

22 A I would agree that it doesn't match the exact
23 language.

24 Q All right, good enough. Now, did you provide any
25 training to the evaluators on how to determine whether or not

1 someone is an owner, be it 5 percent, 2 percent, 1 percent,
2 anything like that?

3 A Again, they relied on the information that was
4 provided in the application and compared it to what the
5 Department had on record as the ownership structure.

6 Q That's fine. But did you provide any training to
7 the evaluators on how to determine if someone has actually
8 listed all of their owners and who would be an owner? Have
9 you provided that training or did you provide that training?

10 THE COURT: To the evaluators?

11 MR. PARKER: To the evaluators.

12 THE COURT: Okay. Because he said something about
13 an administrative assistant, so that's --

14 MR. PARKER: Right.

15 THE COURT: Okay.

16 MR. PARKER: And I was thinking he was considering
17 those for a different reason.

18 THE COURT: Just give him a question.

19 BY MR. PARKER:

20 Q So that's -- I want you to answer that question, my
21 question, which is did you train them on how to determine what
22 an owner is?

23 THE COURT: The evaluators?

24 MR. PARKER: The evaluators. Yes.

25 THE COURT: Thank you.

1 THE WITNESS: I specifically did not.
2 MR. PARKER: Thank you.
3 THE WITNESS: I can't speak for the other trainers.
4 BY MR. PARKER:
5 Q All right. So at this point in our discussions, you
6 didn't train on board members versus advisory board members,
7 is that true?
8 A I didn't specifically.
9 Q You did not train on how to determine whether or not
10 employees should qualify as an officer. You did not, is that
11 correct?
12 A Whether a shareholder or a major officer?
13 Q Whether or not an employee would classify as an
14 officer, you didn't provide that type of training, isn't that
15 correct?
16 A I did not.
17 Q And then finally, you did not provide any training
18 on how to determine whether or not someone was an owner or
19 not, isn't that right?
20 A They did -- no, I did not.
21 Q Thank you so much. All right, now we can move on to
22 something else.
23 THE COURT: Before you do that.
24 MR. PARKER: Yes.
25 THE COURT: Sir, you mentioned earlier that the

1 administrative assistant when the application came in would
2 check it and compare it to the Department's records.

3 THE WITNESS: Yes, that's correct.

4 THE COURT: That was before it was given to the
5 evaluators?

6 THE WITNESS: Yes.

7 THE COURT: Is that who reviewed the applications to
8 determine if they were complete, the administrative assistant?

9 THE WITNESS: Yes, those same individuals.

10 THE COURT: So who made the decision that it was
11 going to be the administrative assistants who were going to
12 check to make sure they were complete?

13 THE WITNESS: That was part of the checking process
14 that we had, so part of the training, the process that we went
15 through was for the administrative assistants to review that
16 application and within our evaluation sheets there is a check
17 off of what they were looking for.

18 THE COURT: And are these the administrative
19 assistants who are paid for by the State of Nevada and are in
20 PERS, or is this the administrative assistants you hired
21 through Manpower?

22 THE WITNESS: Hired through Manpower.

23 THE COURT: Okay.

24 BY MR. PARKER:

25 Q Did you train any of them?

1 THE COURT: Wait. I'm not done.

2 MR. PARKER: Oh, I'm sorry. I liked your questions,
3 I wanted to jump in.

4 THE COURT: No.

5 MR. PARKER: Okay.

6 THE COURT: So you were relying upon the Manpower
7 folks to make a determination as to whether the applications
8 were complete?

9 THE WITNESS: Complete as far as content?

10 THE COURT: Well, that's what the statute requires,
11 sir. You're supposed to determine if they're complete before
12 you evaluate them.

13 THE WITNESS: Yes.

14 THE COURT: So who -- that's Manpower, too?

15 THE WITNESS: Yes.

16 THE COURT: Did the actual employees that are paid
17 for by the State of Nevada and contribute in PERS, any single
18 one of them actually review the applications?

19 THE WITNESS: They reviewed the ownership piece of
20 it, the ownership structure.

21 THE COURT: We had State employees reviewing the
22 ownership structure?

23 THE WITNESS: Yes. Yes.

24 THE COURT: And when was that occurring in the
25 process?

1 THE WITNESS: At the very beginning.

2 THE COURT: So when the applications came in, who
3 did that review?

4 THE WITNESS: There was a Program Officer III in
5 that position.

6 THE COURT: I need a name.

7 THE WITNESS: Jeannine Sherrick-Warner.

8 THE COURT: And is she in Carson or here?

9 THE WITNESS: She's in Carson.

10 THE COURT: Okay. And so the applications would
11 come in. That individual, Jeanine, would check the
12 application and compare it to the records that were already in
13 the Department's database?

14 THE WITNESS: Yes, that's correct.

15 THE COURT: And if there was a deviation from what
16 was in the Department's database and what was in the
17 application, what happened?

18 THE WITNESS: We would look to see if there was a
19 transfer of ownership in the house. If there was, then we
20 would compare it to what they were requesting the transfer of
21 the ownership structure to be.

22 THE COURT: So that takes me to Exhibit 5025, which
23 was introduced yesterday. It had to do with the transfer of
24 ownership relating to GGB. Can you walk me through the
25 investigation that was done when a transfer of ownership form

1 is received, understanding there were significant delays
2 because of your staffing issues, can you just walk me through
3 that process separately?

4 THE WITNESS: Sure. Is there an exhibit?

5 THE COURT: There is an exhibit, 5025. I don't have
6 it. I wrote down the number yesterday with a note to ask you
7 the question about it, so now I'm here.

8 THE WITNESS: Okay.

9 THE COURT: Mr. Koch introduced it.

10 MR. PARKER: 5025.

11 MR. KOCH: Do you want me to go get it for him?

12 THE COURT: Anybody have it? Here it is.

13 MR. KOCH: No, that's -- I believe it's 5026,
14 actually. 5025 is the org. chart --

15 THE COURT: Okay.

16 MR. KOCH: -- and 26 is the transfer of interest.

17 THE COURT: All right. Let's go to 5026. So this
18 is 5026. Before this letter got sent, okay, you signed it;
19 right?

20 THE WITNESS: Uh-huh. I think so.

21 THE COURT: What did you do? What's the process
22 before that gets signed?

23 THE WITNESS: So staff have a -- they have a
24 checklist and a process that they follow. The requirements
25 for transfer of ownership are in the regulation. They make

1 sure all the information is complete, that it's there. They
2 vet all the owners, officers and board members that are listed
3 in the application for transfer.

4 THE COURT: And when you say vet, what do you mean?

5 THE WITNESS: For background checks.

6 THE COURT: Okay.

7 THE WITNESS: State and FBI. Make sure they have an
8 agent card if they fall in the category of needing an agent
9 card. There's some estoppel certificates, depending on the
10 percentage of transfer that's done. If it's 100 percent, an
11 estoppel certificate needs to be included.

12 THE COURT: Okay.

13 THE WITNESS: I'm trying to think through the
14 checklist. Agent cards, application, notarized signatures for
15 all the exiting owners as well as the entering owners. That's
16 pretty much it besides the paperwork.

17 THE COURT: So you said that you do vetting of the
18 new people.

19 THE WITNESS: Uh-huh.

20 THE COURT: In this case there's a publicly traded
21 entity. How did you vet the publicly traded entity?

22 THE WITNESS: We vetted the owners or the officers
23 that they provided in the application.

24 THE COURT: And how did you determine if the
25 information in the materials that were submitted requesting

1 approval of the transfer of ownership were accurate?

2 THE WITNESS: We rely on the information that's
3 provided by the applicant.

4 THE COURT: And did you receive any information
5 about ownership structure above 5 percent in accordance with
6 the Nevada Administrative Code?

7 THE WITNESS: I'm sorry, can you repeat that, Your
8 Honor?

9 THE COURT: So you said you looked at officers and
10 directors.

11 THE WITNESS: Uh-huh.

12 THE COURT: Did you look at the ownership over 5
13 percent?

14 THE WITNESS: We should have, yes.

15 THE COURT: Okay. Where?

16 MR. PARKER: I'm sorry, Your Honor. Did he say he
17 should have to your --

18 THE COURT: Yes. That's why I said where.

19 MR. PARKER: Oh, good.

20 THE WITNESS: Wait. Will you stop it?

21 MR. PARKER: I just liked the answer. I just want
22 to make sure I heard it right.

23 THE COURT: I have a question that I thought of
24 yesterday for him and I'm trying to --

25 MR. PARKER: No, that was a good answer. I just --

1 I wanted to be sure he said that.

2 THE COURT: Now, remember, this is just one question
3 I'm asking. It may sound like a lot of questions but it's
4 just one.

5 THE WITNESS: That would have been done through the
6 process of vetting. So when we vet individuals we look for
7 their ownership percentage and then we compare it to whether
8 they have a background check, need a background check or need
9 an agent card. So that's where we determine the percentage of
10 ownership.

11 THE COURT: Okay. Assume with me for a minute that
12 there's somebody who has a 30 percent stake in this publicly
13 traded company, because we heard some testimony about that
14 yesterday. How would you determine if you were accurately
15 provided with information about the ownership structure of
16 that publicly traded entity?

17 THE WITNESS: As far as the shareholders go?

18 THE COURT: Uh-huh.

19 THE WITNESS: If they didn't provide the
20 shareholders, we wouldn't know.

21 THE COURT: And you wouldn't do anything to check?

22 THE WITNESS: No. We don't check the shareholders.
23 We don't ask for the information on them.

24 THE COURT: So if you have a 30 percent owner who's
25 a member of the Mafia in Canada, there's no way you would

1 know?

2 THE WITNESS: Not if they didn't provide it to us.

3 THE COURT: Not if they don't tell you?

4 THE WITNESS: Right.

5 THE COURT: Okay, thanks.

6 Now, Mr. Parker, you may resume.

7 MR. PARKER: Thank you so much.

8 BY MR. PARKER:

9 Q In terms of the Program Manager III that you were
10 just discussing with the Court, who trained that Program
11 Manager III?

12 A A group of us, depending on -- she was doing
13 transfers of ownership. That was her job. So there's many
14 facets of that job.

15 Q Is it fair to say that she did not check the
16 Secretary of State's records in terms of Nevada Organic
17 Remedies relative to officers?

18 A I believe she did, yes. That's part of the
19 application.

20 Q If she did and she found that there were officers
21 listed by Nevada Organics that was not identified in the
22 Secretary of State's records, wouldn't that raise some type of
23 issue or concern?

24 A No, it wouldn't, because I think I said earlier that
25 we don't compare what's listed in the Secretary of State's

1 website versus what's in the application.

2 Q So even if you saw a difference, you don't compare
3 it?

4 A We look to see if they're registered with the
5 Secretary of State and I think that's what the requirement is
6 in the statute or the regs.

7 Q Okay, that brings it home. So you look just to see
8 if the company is registered with the Secretary of State, you
9 don't look at the list of officers or members or managers of
10 it?

11 A No.

12 Q So you didn't do any comparison?

13 A We do -- well, we look to see if that one
14 individual, one individual is there.

15 Q That's it?

16 A Yes.

17 Q All right. Okay.

18 THE COURT: Mr. Parker, I need to break because it's
19 two o'clock and I've got to go do part of my Mental Health
20 Court.

21 MR. PARKER: Oh, great.

22 THE COURT: This is not a requested break, so if you
23 need to speak to your counsel, sir, you're welcome to.

24 MR. PARKER: Thank you, Your Honor.

25 THE COURT: Anything else, guys? Hopefully it will

1 take me less than 15 minutes. I only have one determination.

2 (Court recessed from 1:59 p.m. until 2:10 p.m.)

3 THE COURT: All right. Mr. Parker, you may
4 continue.

5 MR. PARKER: Thank you.

6 THE COURT: Mr. Gilbert, I apologize again for
7 making you wait so long yesterday and this morning.

8 THE WITNESS: That's okay. Thank you, Your Honor.

9 MR. PARKER: No worries. So when I left off --

10 THE COURT: I didn't apologize to you. I was
11 apologizing to Mr. Gilbert.

12 MR. PARKER: I'm accepting it for the whole room,
13 Your Honor.

14 THE COURT: Oh, okay.

15 MR. PARKER: That's it. Mr. Gilbert included.

16 BY MR. PARKER:

17 Q Mr. Gilbert, when we left off I wanted to follow up
18 with some of the Court's questions, mainly who trained the
19 Program Manager III, because we went into who trained or did
20 not train the evaluators in certain areas, the owners,
21 officers and board members. Who trained Program Manager III
22 on vetting owners, officers and board members?

23 A That would have been myself, as well as other
24 individuals within the Department that had differing tasks
25 such as agent card approvals, background checks.

1 Q Good enough. So I believe your answers will be
2 similar, but I want to make sure. In terms of Program Manager
3 III's training relative to board members, did you give that
4 person a definition of the words, board members?

5 A Can I -- the position is a Program Officer III.

6 Q Not program manager?

7 A It's not a program manager.

8 Q Okay, I'm sorry. So Program Officer III?

9 A Yes.

10 Q Okay. Sorry about that. Thank you. So did you
11 train the Program Officer III on the definition of a board
12 member?

13 A Probably through discussions and reviewing of
14 applications she was trained.

15 Q Okay. Anything in written form?

16 A No.

17 Q Did you provide a definition?

18 A Possibly. Not that I can recall.

19 Q Would your answer be the same in terms of advisory
20 boards? Did you give her a definition of an advisory board?

21 A Yeah, we reviewed the same.

22 Q Okay. So you did not give her a definition of
23 advisory board?

24 A I don't think I've ever handed out definitions of
25 those categories.

1 Q All right. And that would mean you didn't give her
2 any training on how to determine whether or not to include an
3 advisory board member in a diversity calculation, is that
4 correct?

5 A Well, again, a lot of questions do arise during
6 transfers of ownerships and she may have been trained at that
7 point.

8 Q Okay. But I'm not asking about that, I'm asking
9 about your direct training of the Program Officer III in terms
10 of whether or not to include an advisory board member in a
11 diversity calculation. Did you provide any training in that
12 regard?

13 A No, because diversity -- she was just processing
14 transfers of ownerships where diversity isn't taken into
15 account.

16 Q Good enough. So that ends the board member
17 questioning. How about in terms of officers, would that also
18 mean that you didn't provide any training to the Program
19 Officer III relative to when an employee would be considered
20 an officer?

21 A It would be the same. However, it's the information
22 that they provided in their application.

23 Q Which also means you didn't provide any training in
24 determining whether or not an officer, be it an employee or a
25 non-employee officer, would be included in the diversity

1 calculation, is that correct?

2 A I don't remember those issues ever coming up, so
3 wouldn't have been trained.

4 Q Okay. So no training in that regard as well. How
5 about in terms of owners? The judge asked you some real
6 pointed questions regarding --

7 THE COURT: Hypothetical questions.

8 BY MR. PARKER:

9 Q Hypothetically-pointed questions whether or not an
10 owner would include a shareholder. Did you understand that
11 question before?

12 A I did. Yes.

13 Q All right. Did you provide the Program Officer III
14 with training on determining whether or not a shareholder
15 should be considered an owner for which you would require
16 disclosure in Attachment A?

17 A No specific training module, per se, but we didn't
18 require shareholders to be listed, so that was probably the
19 extent of the training.

20 Q Good enough. So there was never any training to the
21 administrators, the Program Officer III, which is an employee
22 of the State, or the evaluators on who should be included in
23 the owner's category under Attachment A, is that correct?

24 A I don't -- the administrators?

25 Q Yeah. There are two administrators for the

1 evaluators. I just wanted to make sure I included them in
2 this question.

3 A Okay. The administrative assistants?

4 Q Yes.

5 A Okay, thank you.

6 Q Isn't that a true statement, sir?

7 A Can you repeat it?

8 Q Yes. You didn't provide any training to the Program
9 Officer III, the six evaluators or the two administrators,
10 which are also a part of the Manpower group, on determining
11 whether or not shareholders should be included in the owners
12 disclosure?

13 A I think we did because shareholders were not
14 required in the application, so that was -- I don't know if I
15 was specifically asked that question --

16 Q Okay.

17 A -- but it never came up during the evaluation
18 process of where's the shareholders --

19 Q So is it --

20 A -- in this publicly traded company.

21 Q I'm sorry, I didn't mean to interrupt you. So is it
22 fair to say that no investigation was done by anyone, be it
23 State employee or non State employee into the shareholders of
24 any applicant?

25 A The Department did not vet shareholders of the

1 publicly traded companies. We didn't require that to be
2 submitted.

3 Q And you would agree with me that the application
4 does not exclude shareholders?

5 A It asks for officers.

6 Q Owners.

7 A And board members.

8 Q Right. It does not exclude shareholders, is that
9 correct?

10 A It doesn't exclude them. Right.

11 Q All right. And would you agree with me that the
12 Administrative Code by indicating 5 percent or greater would
13 include shareholders?

14 A I don't know if I'm the right person to ask that
15 legal question. It's the owners.

16 Q Right. So if you own 6 percent of a company, you
17 would be required pursuant to the regulations to be disclosed
18 by the applicant, isn't that correct?

19 A If they're an officer of the corporation, is what we
20 required in the application.

21 Q Okay. But it says owner comma officer comma board
22 member. It doesn't say owner or officer, or owner or board
23 member, it includes all three; right?

24 A We would expect that applicant to provide the
25 information of their owners, officers and board members.

1 Q Right. And so that's pursuant to the regulations,
2 but if you consider the statutory framework, 453D.210 (f)5,
3 that means even a 1 percent shareholder should be listed and
4 disclosed under the application, Attachment A, isn't that
5 correct?

6 A I don't know if that's my decision to make or my
7 interpretation of the statute, but you know, the Department at
8 some point in time decided not to require shareholders just
9 because of the extent of, you know, it changes daily, it
10 changes hourly.

11 Q Did you say that to anyone in this form? Does it
12 say in Attachment A anywhere that we're not going to require
13 you to comply with the statute or the regulations because we
14 don't have time to look into it? Does it say anything like
15 that? And I'm paraphrasing what you said, but I just want to
16 know, is there anywhere in this application where I could find
17 that type of language?

18 A Not that I'm aware of, no.

19 Q All right. Now, I want you to compare that
20 obligation in terms of disclosure to another obligation in the
21 application. The application requires you and it takes into
22 consideration the amount of taxes paid, is that correct?

23 A Yes.

24 Q Now, when it comes to taxes paid, would that be
25 taxes paid by the applicant into Nevada or all taxes paid?

1 A By the applicant.

2 Q Right. And is it all taxes paid only in Nevada or
3 taxes paid throughout the world?

4 A It says to the State of Nevada.

5 Q I'm sorry?

6 A It says to the State of Nevada.

7 Q All right. And would that include every owner,
8 potentially?

9 A The more information they provided us, the better
10 off they were in their application.

11 Q Well, doesn't that mean that owners perhaps not
12 identified on Attachment A would get the benefit of having
13 paid more money into Nevada but not be disclosed for purposes
14 of diversity?

15 A Sorry, can you repeat that?

16 Q Okay. Let me see if I can break it down for you. I
17 was struggling with this a little bit myself over the weekend.
18 Let's say that ABC Company, a very large company, pays a ton
19 of taxes into Nevada, okay, but in terms of Attachment A they
20 don't want to disclose all of the owners of the big company,
21 and because of what you just said the Department decided they
22 didn't need to list all of their shareholders. Understood?
23 But all of those shareholders and all of those owners are
24 getting credit for the amount of taxes they paid into Nevada
25 for purposes of scoring. Understood so far?

1 A I think so.

2 Q Wouldn't it be the right thing to do that if they're
3 getting credit for taxes paid that they should also -- they
4 should also be identified in accordance with Attachment A?

5 A I would think that they would be.

6 Q That's right. And if they weren't, then the State
7 is not -- is giving them credit for taxes but not requiring
8 them to be disclosed in one of the other attachments like
9 Attachment A, is that correct?

10 A Well, I'm not -- I don't know if this -- it might
11 be a hypothetical. I don't know. I'd have to look at
12 applications and see if that was actually a fact.

13 Q And the same could be true in terms of diversity.
14 If you're taking all of the owners who were making whatever
15 amount of money and contributing to our tax base, but not
16 identify them for purposes of diversity, then -- in terms of
17 the diversity calculation, then they're getting a benefit
18 without and finding a way to gain the diversity portion of the
19 application because if they were to list everybody then they
20 would dilute the denominator for the diversity calculation?
21 Do you understand the question?

22 A No. Can you repeat it?

23 Q So if you have 100 owners contributing 10 million
24 dollars of taxes a year to Nevada but you only identified 5
25 because you know if you identify the other 95 your diversity

1 calculation you would lose points. Do you understand that?

2 A Uh-huh.

3 Q Is that a yes?

4 A I do. Yes.

5 Q Okay, good. So if you're going to get credit for or
6 try to get credit for a higher diversity level without naming
7 all of your owners, aren't you gaming the application process
8 by not identifying them for purposes of ownership?

9 MS. SHELL: Objection. Argumentative.

10 THE COURT: And by gaming you mean manipulating?

11 MR. PARKER: Exactly, Your Honor.

12 THE COURT: All right. I'm just checking.

13 MR. PARKER: No, that's exactly right.

14 THE COURT: There was an objection.

15 MS. SHELL: Yeah. Argumentative, Your Honor.

16 THE COURT: Overruled.

17 MS. SHELL: [Inaudible].

18 BY MR. PARKER:

19 Q Isn't that true, sir?

20 A Well, I mean, the information that they provided in
21 the application, I'd have to look at specific applications to
22 see what the evaluators -- how they evaluated it. I don't
23 know if that is the case.

24 Q But based upon what I just told you, that could
25 happen. That could be used -- that's a form of manipulating

1 the application process?

2 A Well, the evaluators looked at the org. chart,
3 Attachment A, Attachment C and compared that to see what the
4 -- I guess the denominator should have been or should be.

5 Q Right.

6 A And then whatever is listed on Attachment C was used
7 for the calculation of diversity.

8 Q Right. But, for example, you used Nevada Organics
9 as an example and they didn't list all of their owners, all of
10 their shareholders. There could have been thousands. But
11 they got -- was it 8 or 14 points? They got 18 diversity
12 points --

13 MR. KOCH: Eight.

14 MR. PARKER: Eight?

15 BY MR. PARKER:

16 Q They got 8 diversity points because if they had
17 listed all of those owners then the comparison between diverse
18 and non-diverse would then reduce their points under
19 diversity. Do you understand?

20 A I do understand.

21 Q Right. And that's a way of manipulating the scoring
22 under the application process if you don't require them to
23 identify all of the owners. Isn't that true?

24 A The Department didn't require --

25 Q I didn't say the Department.

1 A -- shareholders. I guess in the mathematical scheme
2 of things it's true.

3 Q That's right. That is right. A company or an
4 applicant like Nevada Organics can manipulate the system or
5 the application process by not disclosing the number of owners
6 for purposes of diversity, Attachment A, but then use the
7 benefit of all those owners for purposes of the tax portion of
8 the application, isn't that correct?

9 MR. KOCH: Objection. Misstates facts in evidence.

10 THE COURT: Overruled.

11 BY MR. PARKER:

12 Q Isn't that correct, sir?

13 A I'd have to look at the application. What I've seen
14 of it was just what I saw --

15 Q But could that be done, sir?

16 A I don't know. I'd have to look at the application.
17 I mean, if they bounce up that denominator, yes.

18 Q Thank you. Now, did you train the either the
19 Program Officer or the evaluators to compare tax bases for
20 those who are contributing to the taxes versus diversity or
21 the disclosure under Attachment A?

22 A I did not. That would have been done by one of the
23 trainers.

24 Q Okay. So you didn't do that?

25 A No.

1 Q Okay. So if you look at Exhibit 5, page 25, which
2 is MMLF36, this is the diversity section. And I wanted to --
3 do you see the large boxes in the middle?

4 A Yes.

5 Q It says, "Describe the individual's title, role in
6 the organization and the responsibilities of the position of
7 the individual." Do you see that?

8 A Uh-huh. I do.

9 Q You do? Now, was it your responsibility or not your
10 responsibility to train the evaluators on determining when an
11 employee would be included in a diversity calculation?

12 A The application, Attachment C, requires the
13 applicant to put their information there which was used for
14 the diversity, which is in the application instructions. So
15 when we went through the application originally --

16 Q Yes, sir.

17 A -- and compared it to the evaluation sheets, they
18 were trained at that point.

19 Q All right. So take a look -- let's go back for one
20 second to page 18 of 34, which is MMLF29. So if you look
21 under 6.2, the last sentence of 6.2 -- if we could blow that
22 up -- it says, "Ranking will be based on compliance with the
23 provisions of R092-17, Section 80, Chapter 453D of NRS and on
24 the content of the applications relating to." And then 6.2.2
25 says, "Diversity of owners, officers and board members." Do

1 you see that?

2 A Yes.

3 Q So it requires, the application requires compliance
4 with the statute, not the regulation; right? Or do you
5 consider the regulation and the statute having to be required
6 -- of being complied with?

7 A Well, the regulations were written based on the
8 statute.

9 Q Okay.

10 A And that's where we pulled the criteria for the
11 evaluation from the regulations.

12 Q All right. But you've already told me -- I want to
13 make sure I'm clear on this -- in terms of the statute it does
14 not indicate how the scoring was to be done, it just simply
15 said diversity; right?

16 A I'd have to go back and look.

17 Q Okay. All right. You have it in front of you,
18 don't you?

19 A I do.

20 Q So take a look.

21 MR. PARKER: May I approach, Your Honor?

22 THE COURT: You may. It's that Exhibit 5 we're
23 looking at?

24 MR. PARKER: No. This is the actual statute.

25 THE COURT: Okay. 453D.

1 While Mr. Parker is looking at it, I only got two
2 briefs on my convenient word. I got one from Mr. Gentile and
3 one from the State. Anybody else sending me one?

4 MR. HONE: Your Honor, we'll be filing ours this
5 afternoon.

6 THE COURT: Okay. Thank you.

7 MR. PARKER: Your Honor, that's actually in the reg,
8 in the Administrative Code.

9 THE COURT: Okay. So do we need to go to the
10 Administrative Code for the witness?

11 MR. PARKER: We will, Your Honor, but let me see if
12 I can avoid it for one second.

13 THE COURT: Thank you.

14 BY MR. PARKER:

15 Q The application at 6.2.2 says, "Diversity of owners,
16 officers and board members." Do you see that?

17 A Yes.

18 Q All right. So in terms of the training that we were
19 discussing a little while ago, I wanted to know if it's not in
20 the statute and it's in the reg but there's no scoring that's
21 included in the reg or the statute, I think you told me that
22 Mr. Pupo came up with the scoring method, is that correct?

23 A Yeah. I mean, ultimately yes, but it was talked
24 about through the evaluation or the application or the
25 evaluation sheets.

1 Q Do you believe that the scoring is consistent with
2 either the Administrative Code, the regulations, or the
3 statute?

4 A Can you be more specific?

5 Q Yeah, this is my point. The sentence says that it's
6 compliant with the statute an the reg, but we know that the
7 reg nor the statute has a scoring methodology included. So
8 how would an applicant know how the scoring would be done and
9 whether or not it would be consistent with either the statute
10 or the reg? Did you provide any information with regards to
11 that either in the Listserv or anywhere?

12 A Well, it says ranking will be scored. And I don't
13 recall -- I don't recall if we did it on Listserv or not. I'd
14 have to go back and look.

15 Q Okay. You didn't -- you don't recall doing it
16 yourself?

17 A I don't do Listservs.

18 Q Okay. No, no. Do you recall providing that
19 information on how the scoring would be done to anyone?

20 A I don't. No.

21 Q Okay. And you agree with me in terms of this
22 document if someone was simply relegated to the statute or the
23 regulation, the scoring methodology wouldn't be there, you
24 couldn't find it there?

25 A Well, the score methodology should be kept at the

1 Department, confidential in the Department. Otherwise
2 everybody would know how to get 250 points.

3 Q So in terms of if you're not training the Program
4 Officer or the evaluators on how to include or whether to
5 include advisory board members or employees, how would they
6 know what to do for scoring?

7 A Well, the scoring criteria breaks it down for the
8 percentages, like we've been talking about. And whatever they
9 provide on Attachment C is the information that was used to
10 score diversity.

11 Q But doesn't that also mean that the evaluators were
12 not actually complying with the statute or the regulation when
13 they did their scoring because it's not found in any of these
14 -- in either -- the scoring methodology is not found in the
15 statute and it's not found in the regulation. So if the
16 scorers were not trained and you've told me now already they
17 weren't trained on how to discern an advisory board member
18 from a regular board member, how to classify an employee
19 versus an officer, how would they be able to do the scoring
20 without that training?

21 A Well, they were able to discern. I mean, these were
22 -- these were experienced professionals that have pretty good
23 background. They're able to look at the org. chart, look at
24 the percentages of ownership, look at the positions and then
25 apply it to Attachment C and Attachment A.

1 Q Without any training?

2 A Well, they were trained on, you know, owners,
3 officers and board members as they should appear in Attachment
4 C.

5 Q And yet despite all that, we've now learned that
6 advisory board members were used in diversity calculations,
7 isn't that correct?

8 A I'd have to look at the application. I'm not sure.

9 Q We've learned that purchasing directors have been
10 used in diversity calculations, isn't that correct?

11 A Again, I'd have to look at the application. I
12 wasn't able to see it.

13 Q Good enough. Okay. I want to skip over to discuss
14 some of the training, okay, and your -- in particular your
15 role in this training that was done. You indicated that you
16 trained the evaluators but you had help from other members of
17 your team, is that correct?

18 A Yes, that's correct.

19 Q And every team member had a certain responsibility.
20 Is that correct or incorrect?

21 A That's correct.

22 Q So if we could look at -- I believe it's Exhibit 205
23 and I'd like to look at page DOT17.

24 MR. PARKER: Is 205 stipulated to?

25 MR. SHEVORSKI: Yes. It's my document.

1 MR. PARKER: Thank you. If we could look at DOT 17.

2 BY MR. PARKER:

3 Q Now, this is a reminder about confidentiality, but
4 it identifies you as a Program Manager, is that correct?

5 A Yes, that's correct.

6 Q And that's the position you held while you were
7 training the evaluators for purposes of the 2018 application
8 process?

9 A Yeah. Technically it's Health Program Manager.

10 Q Okay. Is there a difference between a program
11 manager and a health program manager?

12 A Health would be more health related. Program --

13 Q Don't say more program related. Please don't say
14 that.

15 A I don't know if there is any program manager
16 positions, not at the Department of Taxation.

17 Q Okay. So what I want you to take a look at now,
18 then, is DOT23 because I believe these are your primary
19 responsibilities. Is this a fair representation of your
20 responsibilities?

21 A Yes, it is.

22 Q The second big heading says, "Primary instructor for
23 application evaluation." Is that correct?

24 A Somewhat. My main goal or my main duty was to make
25 sure that the training took place, it was coordinated, people

1 were there, people had the information that they needed. Ky
2 Plaskon took the lead role on facilitating the training. And
3 then we brought in the staff that had experience in the proper
4 areas.

5 Q But it says, "Primary instructor for application
6 evaluation." Did you or did you not fulfill that
7 responsibility?

8 A I probably -- I probably did not.

9 Q You did not?

10 A Because we relied on the other -- the other staff
11 that have more experience than I do in their specialties.

12 Q Okay.

13 A I'm more of a general administrative position
14 person, whereas like Kara Cronkhite, she's a registered
15 environmental health specialist. Damon Hernandez, he has an
16 MBA, a lot of financial and auditing background. Ky Plaskon,
17 who you met the other day, is obviously a pretty good teacher.
18 I think he probably brought that across, I don't know. So we
19 relied on -- we relied on other staff to fulfill, because I'm
20 definitely not -- you know, I'm not a registered environmental
21 health specialist like Kara. She went to school for that and
22 has been registered and certified.

23 Q All right. So I will tell you I'm surprised that
24 you are now saying that you're not the primary instructor
25 because I thought that this document would give me an

1 understanding as to what your role was in this process. Do
2 you have -- let me ask you a few questions, then. Who would
3 be considered the primary instructor? Would it be Ms.
4 Cronkhite, Mr. Hernandez, Mr. Plaskon?

5 A You know, I think it depends on the module that was
6 being trained on. So, for example, my primary portion would
7 be the history of the program, the history of the medical
8 marijuana program, the application, how the process was done
9 in 2014. The application -- well, I went through the
10 application line by line and then we went through the
11 evaluation criteria together. And then we brought in the
12 other primary instructors, I guess you could call them, would
13 be Kara Cronkhite. She went over more of the nonidentified
14 section. That's the floor plan layout, the health and safety
15 of the product, care, quality and safekeeping. And then Damon
16 Hernandez, who has a history with taxation, a history with
17 auditing, like I said, an MBA, he was brought in to do the
18 identified section.

19 Q The identified section?

20 A Yeah.

21 Q All right. It says also, "Oversees all evaluators."
22 Did you do that or not?

23 A Yeah, and then we kind of devolved into a pattern
24 of, you know, Ky Plaskon being the go-to guy for information
25 and stuff. I mean, I got really busy. So, like check-ins,

1 check-outs during the day, we had another Program Officer III,
2 Diane O'Connor, who also helped, you know, approve time sheets
3 and that kind of stuff.

4 Q And Ms. O'Connor, is she an employee of DOT?

5 A Yes, she is.

6 Q All right. How about quality assurance, did you
7 perform any of that?

8 A I did. Not on the application evaluations, but on
9 the final product when the score and rankings were provided to
10 management.

11 Q So we heard by Mr. Plaskon that the evaluators
12 served as their own quality control. Do you recall hearing
13 that?

14 A I wasn't --

15 Q You weren't here when he said that?

16 A I wasn't here.

17 Q Is that truly your -- do you recall that being the
18 case as well?

19 A Quality assurance, I don't -- I didn't know what the
20 question was.

21 Q Okay. Do you recall whether or not the evaluators
22 were tasked with evaluating or providing quality control over
23 their evaluations?

24 A Yes, they were. They were left to be independent.

25 Q Okay. Were there any DOT employees that provided

1 quality control or quality assurance with regards to the
2 evaluations?

3 A Can I get possibly a definition of quality
4 assurance?

5 Q Certainly. Quality control typically means you're
6 looking at an individual scoring to see if there's a
7 relationship between the scoring and the information there.
8 Quality assurance is the process of doing it. So were there
9 any DOT employees that went over, took a sample application,
10 went through the information provided and the scoring to see
11 if it made sense what the evaluators came up with?

12 A That was just done during the mock application
13 training period, which lasted about five, six days. That's
14 it.

15 Q So nothing after the fact?

16 A No, because then we'd be evaluating the application
17 a second time.

18 Q Which means that when your application said in the
19 beginning that State employees and/or officers would be
20 involved in the evaluation process, that was not a true
21 statement on the back end in terms of scoring, is that
22 correct?

23 A State employees did not evaluate any applications.

24 Q They did not perform any quality control or quality
25 assurance?

1 A As far as the evaluators, checking or questioning
2 their quality --

3 Q Exactly.

4 A -- of work through their -- No, that was not done.

5 Q Thank you so much. So in terms of you being the
6 Program Manager and actually doing quality assurance, you
7 didn't do that in terms of the scoring, is that correct?

8 A Well, my quality assurance was -- no, I would never
9 second guess an evaluator's score.

10 Q All right. Thank you. Now let me have you take a
11 look at DOT24. This is Mr. Plaskon's role and responsibility.
12 It said that he would do the room preparation coordination.
13 See that?

14 A Uh-huh.

15 Q Is that a yes?

16 A Yes.

17 Q All right. I'm not trying to be a stickler, but we
18 have to get an affirmative yes or no on the record --

19 A I understand.

20 Q -- as opposed uh-huh.

21 But I thought that's what you said you did. Thought
22 you were doing the room preparations. Were not? Or were you
23 both doing it?

24 A My role is to work with the executive level at
25 Department of Taxation, make sure we had the room available.

1 We all worked together to set up the IT stuff. Yeah, I mean,
2 I worked with the director and administrative services officer
3 to make sure that we had a space for the applicants -- or for
4 the evaluators.

5 Q You mean evaluators.

6 A Yeah.

7 Q Okay. You indicated just a moment ago that you were
8 the one adapting the 2014 to the 2018 application. It says
9 here that Mr. Plaskon was doing it.

10 A He was part of that group.

11 Q Okay. All right. DOT25 is the Program Officer III.
12 That's Diane O'Connor; is that correct?

13 A Yes.

14 Q All right. And then if you go DOT26, this is the
15 person you mentioned earlier when you were speaking to the
16 Court regarding Jeannine Sherrick-Warner; is that correct?

17 A Yes, that's correct.

18 Q All right. And she was tasked with ownership
19 verification; is that correct?

20 A Yes.

21 Q Now, was this ownership verification done prior to
22 giving the applications to the evaluators?

23 A Yes, it was.

24 Q And was this the ownership verification that only
25 includes looking at what the DOT had within its own data

1 files?

2 A Yeah. We compared it to what was on record with the
3 Department.

4 Q There was no other ownership verification measures
5 taken; is that correct?

6 A Not at this point, no.

7 Q At any point. Is that correct?

8 A I guess that's an accurate statement.

9 Q Thank you.

10 THE COURT: And, sir, that's the person you
11 identified for me?

12 THE WITNESS: Yes, it is, Your Honor.

13 THE COURT: Thank you.

14 BY MR. PARKER:

15 Q Now, it says, "Location review assistants." What
16 does that mean?

17 A I've got be honest. I don't know.

18 Q I appreciate an honest answer.

19 A It was in the PowerPoint. I don't -- you know,
20 there could be typos in this PowerPoint.

21 Q Well, the words spell -- all spell correctly.

22 A Yeah, I know. Yeah.

23 Q For some reason when I read this I thought it meant
24 that there would be some exercise involving determining
25 whether or not locations utilized by applicants would be

1 reviewed. That's what I took it to mean.

2 A Not --

3 Q You don't have that understanding?

4 A I don't.

5 Q Do you know if that was done?

6 A Location reviews? That wasn't required in the

7 application, so we didn't review the locations.

8 Q You know, I've heard that more than once today. But

9 the application actually has a spot for locations; isn't that

10 correct?

11 A I'd have to look at what you're referring to.

12 Q All right. So you had not seen the -- you're not

13 familiar enough with the application to know that the

14 application requires or actually has a location block or spot

15 for you to put the location of your intended establishment?

16 A If I recall correctly, there is a box that says, if

17 you have a location put it here.

18 Q Okay. So if we were to take a look at the locations

19 provided by Nevada Organics --

20 MR. PARKER: Your Honor, have we utilized D4 yet?

21 THE COURT: D4?

22 MR. PARKER: D, as in David, 4.

23 THE COURT: Yes.

24 THE CLERK: Well, this was the one that Mr.

25 Cristalli --

1 THE COURT: We used certain pages of D4, didn't we?

2 THE CLERK: Yesterday. It was on his laptop, but I
3 have a paper copy.

4 THE COURT: He gave us paper copies this morning, so
5 we have it.

6 MR. PARKER: Perfect.

7 (Pause in the proceedings)

8 BY MR. PARKER:

9 Q All right. So Mr. Cristalli here has given me
10 DOT041840.

11 THE COURT: All right. We're going to give the
12 witness a copy.

13 MR. PARKER: Yes.

14 (Pause in the proceedings)

15 BY MR. PARKER:

16 Q So looking at -- do you have DOT041840 in front of
17 you?

18 A Yes.

19 Q Okay. And if you look at RD316 and RD329, I want
20 you to compare those locations and tell me if they're the same
21 locations. Tell me if you can -- if you recognize that those
22 are both the same documents -- same addresses. I'm sorry.

23 A It looks like there's different suites.

24 Q Okay. Same address, different suite numbers?

25 A Yeah.

1 Q Okay. Would you agree with me that the suite
2 numbers start at the same, it says 215, and then one says -
3 147, the other one says 215-155.

4 A Yes.

5 Q All right. So --

6 (Pause in the proceedings)

7 MR. HYMANSON: No objection, Your Honor.

8 THE COURT: Be admitted. What's the number?

9 MR. PARKER: This I guess will be the next in order,
10 but it's --

11 What is the exhibit number to this, Mr. Shevorski?
12 Do you know?

13 MR. SHEVORSKI: I don't know that it has an exhibit
14 number.

15 MR. PARKER: I've got a Bate number, Your Honor. We
16 could do it next in order.

17 THE COURT: Has it been marked as an exhibit yet?

18 MR. SHEVORSKI: I don't believe so, Your Honor.

19 THE COURT: So why don't you mark it next in order,
20 Mr. Parker.

21 MR. PARKER: I will do just that.

22 And what would that be, Madam Clerk.

23 THE COURT: She wants you to bring it up here so she
24 can figure it out and put a stamp on it.

25 MR. PARKER: I will bring it to her.

1 THE CLERK: We don't have a range for you yet, so
2 you'll be 300. 301.

3 MR. PARKER: I like 301.

4 (Plaintiffs' Exhibit 301 admitted)

5 THE COURT: Mr. Hymanson, do you need to approach,
6 too?

7 MR. PARKER: I'm only going to use the first page,
8 Your Honor. I'm keeping the stack the way it is.

9 (Pause in the proceedings)

10 THE COURT: Page 1.

11 (Pause in the proceedings)

12 MR. PARKER: So 302 is the Essence. Anybody have an
13 issue with that?

14 MR. KOCH: I don't have -- yeah. I mean, just as
15 long as I get a copy.

16 THE COURT: 301 is only one page, though.

17 MR. PARKER: That's only one page, which is Thrive.

18 THE COURT: And, Dulce, you have 301 as a single-
19 page document. I know. That's what I'm saying. It's a
20 single page.

21 Who has the one with the sticker?

22 MR. PARKER: I've got them both.

23 THE COURT: Give the one to Dulce, because you've
24 got to only have one page. You said it was a single page
25 pursuant to your agreement with Mr. Hymanson.

1 Look, I'm an applicant, I'm not the State, okay. I
2 followed the rules. It was clear as day to me which
3 application to use. There was not one moment of confusion
4 among my team, myself, our in-house counsel, our outside
5 counsel, anyone on our team. So if some groups used the wrong
6 version of the form despite the updates that were sent out by
7 the State, you know, I can't explain that. But -- nor is it
8 my job. I can just tell you from my experience it was -- it
9 was common sense, it was not a point of confusion. And if it
10 was some widespread pandemonium, I would have heard about it
11 as the president of the NDA. And I didn't hear about it. The
12 conversation that I heard and that I was involved in was,
13 again, actually the opposite. It was, who, we are very happy
14 that the State isn't requiring a location this go around. So
15 it's quite the opposite of the picture you're trying to paint.

16 BY MR. CRISTALLI:

17 Q Okay. And that's because the people that you were
18 dealing with, your consultants -- you testified you had
19 consultants; correct?

20 A Yeah. But that's not who I was referring to in my
21 previous statement.

22 Q Did you have consultants?

23 A Yes.

24 Q Okay. Who were they?

25 A Amanda Connor is our legal counsel. We had a

1 technical writer that we consulted with who helped review the
2 content that we were writing and provide feedback, we had
3 architect who would help with plans and some other things
4 regarding the building. I'm trying to think what other
5 consultants we may have had. Probably the big ones. But, you
6 know, most of the work we did ourselves internally working
7 with our counsel.

8 Q And the information that you were receiving with
9 regard to your requirement to just put an address in for your
10 jurisdictions that you were applying to came from your legal
11 counsel?

12 A It was a combination of our legal counsel and our
13 own internal team's interpretation of the rules and of the
14 application.

15 Q Well, it was your team getting information from the
16 Department of Taxation with regard to what was required in the
17 applications?

18 A Yes, that's correct.

19 Q Okay. So the Department of Taxation didn't
20 necessarily communicate the same information you were getting
21 to all the applicants.

22 A Oh. No. I'm sorry. Let me clarify that. We were
23 receiving Listservs. For example, if I remember correctly, I
24 could be wrong in this, but I believe there was an email that
25 the Department sent out clarifying the changes that had been

1 made to the application form. I would have to go back and,
2 you know, kind of refresh my memory, but I believe that that
3 was clearly articulated, including the change to the address
4 and some other changes to application form.

5 Q Okay. Now --

6 THE COURT: Mr. Cristalli, is this a lovely place to
7 take a short afternoon break?

8 MR. CRISTALLI: Yes, Your Honor. Thank you.

9 THE COURT: All right. We're going to take 10
10 minutes.

11 (Court recessed at 3:43 p.m., until 3:50 p.m.)

12 THE COURT: Let's see if we can power through, guys.
13 We've got another 45 minutes, 50 minutes.

14 Mr. Cristalli.

15 MR. KEMP: Judge, as a procedural thing we talked to
16 the State, okay, and we have our findings of fact done, but
17 they're a real mess. Could we have a couple more days to
18 clean up the mess?

19 THE COURT: I asked my staff when I got here this
20 morning, I said, did we anything from those guys; no.

21 MR. CRISTALLI: They're due today.

22 MR. KOCH: I've got a set we'll send to you, a draft
23 set.

24 THE COURT: I would prefer them to be cleaned up.

25 MR. KEMP: How about Friday at 5:00, Your Honor?

1 THE COURT: How about Thursday.

2 MR. KEMP: Thursday's fine.

3 THE COURT: Because if you give them to me Friday at
4 5:00 I won't get to see them, because by the time people get
5 them put in the system and everything it will be too late for
6 them to get them to me.

7 MR. SHEVORSKI: Real quick on the pocket brief, Your
8 Honor. Do you want that publicly filed, do you want it email
9 with everyone cc-ed? How do you want it?

10 THE COURT: It's usually publicly filed,
11 distributed, and I would love a copy sent to my law clerk.

12 MR. SHEVORSKI: Absolutely.

13 THE COURT: And remember your phrase you're looking
14 for; right? Do you know the phrase you're looking for? You
15 are looking for the one that is green on my notes, "necessary
16 or convenient" is the phrase.

17 MR. SHEVORSKI: I do know the phrase, Your Honor.

18 MR. GENTILE: Your Honor, we I believe have filed
19 ours.

20 THE COURT: When?

21 MR. GENTILE: Hour or two ago, according to my
22 office.

23 THE COURT: Okay. Because I haven't seen it. I've
24 been asking.

25 MR. GENTILE: It is not what you would call a pocket

1 brief, however.

2 THE COURT: So it's not less than five pages?

3 MR. GENTILE: Maybe a pocketbook brief.

4 MR. KOCH: The entire bookcase, Your Honor.

5 MR. SHEVORSKI: I think it was like 150.

6 THE COURT: I don't know that it's carry-on size.

7 MR. GENTILE: It really couldn't be done -- to my

8 way of thinking, and I wrote it, it really couldn't be done as

9 a pocket brief.

10 THE COURT: Mr. Gentile, I don't care how long it

11 is.

12 MR. GENTILE: Okay. Good.

13 THE COURT: I used the term "pocket brief" because

14 that's when I was a young lawyer what they called those things

15 you pulled out in the middle of trial sort of like the ambush.

16 MR. GENTILE: Right.

17 THE COURT: Because it didn't used to have to be

18 served back then.

19 MR. SHEVORSKI: We followed the Byron White method,

20 Your Honor, under 10 pages.

21 THE COURT: Okay. Mr. Cristalli, can you finish

22 now.

23 MR. CRISTALLI: Yes, Your Honor.

24 THE COURT: That'd be lovely.

25 //

1 BY MR. CRISTALLI:

2 Q Okay. Mr. Jolley, just to kind of summarize where
3 we were, it's your testimony that based on your information
4 you obtained through your representative, specifically Amanda
5 Connor, that you weren't required to submit letters of intent
6 or purchase agreements with regard to jurisdictions; correct?

7 A That's not what I --

8 MR. KOCH: Objection. Attorney-client
9 communication.

10 THE COURT: Overruled.

11 THE WITNESS: That's not what I said.

12 THE COURT: He's been talking about it all
13 afternoon.

14 MR. KOCH: About the whole team, but --

15 BY MR. CRISTALLI:

16 Q Well, based on information from your team you didn't
17 have to secure letters of intent or real property; correct?

18 A I would say that based on information from the
19 Department itself my team and I and our counsel concluded that
20 we did not need to secure locations for our application.

21 Q And that was based on information received from the
22 Department of Taxation; correct?

23 A Yes.

24 Q And you talked a little bit about Listserv; right?

25 A Yes.

1 Q A Listserv where information went out to marijuana
2 establishment licensees; correct?

3 A Among others.

4 Q Okay. You're aware, sir, are you not, that there
5 were five different Listservs with regard to communications of
6 Department of Taxation to marijuana establishment licensees?

7 A I'm generally familiar that there are multiple
8 different Listservs. I'm not -- I was not aware of number.
9 But, yes, I am aware that they're different.

10 Q And that there were significant issues with regard
11 to confusion amongst the marijuana establishment licensees
12 with regard to communications they were or were not receiving
13 from the Department of Taxation?

14 A During my three years as president of the NDA and
15 previous to that a board member I never heard that.

16 Q Okay. And you were previously in real estate?

17 A Still am, yes.

18 Q Okay. And what do you do in real estate?

19 A Own, manage, and develop commercial real estate
20 properties.

21 Q Have you ever been involved in a bidding process
22 with regard to real estate, real property?

23 A Bidding process?

24 Q Yeah. Competitive --

25 A Like a foreclosure auction or something?

1 Q Yes. Sure.

2 A Yes.

3 Q And you rely on information in order to be
4 competitive in that bidding process, I would assume. Correct?

5 A Yes. We would conduct due diligence and determine
6 what we think is the, you know, if you want to call it the
7 fair market value, and then what we're willing to bid,
8 something like that.

9 Q And sometimes the only due diligence you could do is
10 with regard to the information you were receiving from the
11 Department of -- for example, from whatever -- strike that.

12 Going back to the issue of the Department of
13 Taxation, in order to do your due diligence, get information
14 as an applicant you would have to rely on the information that
15 you obtained from the Department of Taxation; correct?

16 A I think the information that comes from the
17 Department is very important to take into consideration when
18 applying, yeah.

19 Q So to that point, if your team didn't receive the
20 information with regard to location, for example, or maybe
21 other criteria, like diversity, as Mr. Kemp had referenced
22 when he was talking to you, that applicant would be at a
23 disadvantage compared to an applicant who had that
24 information. Would you agree with me?

25 A Well, I mean, you had to get the application

1 somehow, so the claim that you received the first draft of the
2 application but not the second would raise a number of
3 questions in my mind, much more likely to be kind of
4 recreating history, rather than being included in one Listserv
5 and excluded from another. To me the much more likely
6 scenario is a post facto reconstruction of the facts to create
7 the appearance of ignorance --

8 Q Well --

9 A -- when in likelihood in my experience the
10 communication was free flowing from the Department regarding
11 the application process. I did not hear any, you know,
12 widespread confusion about people not receiving the
13 communications. And, granted, this was at a time when
14 everybody knew the applications were coming. So we were all
15 ready to start and to get this information. And so to say
16 that, oh, we didn't get it, or, we got the wrong one, to me
17 would indicate, you know, that that individual may not really
18 be as involved in the industry as you might think.

19 Q So it's your testimony, then, if a applicant
20 submitted an application that required a letter of intent or a
21 purchase agreement that that particular applicant was
22 ignorant? That's your testimony?

23 A I can speculate as to why they did not receive the
24 real application. All I can do to try to answer your question
25 is to come up with rationale for why perhaps they were

1 confused. But, as I said earlier, I wasn't confused, our team
2 wasn't confused, our attorneys weren't confused. It seemed
3 very clear the correct way to submit applications, and that's
4 what we did.

5 Q And you weren't confused because you received
6 information from the Department of Taxation as it related to
7 what you needed to include in the application regarding
8 locations and jurisdictions; correct?

9 A Yes. Combined with our own kind of knowledge of,
10 you know, the process and so forth, yes.

11 Q Okay. But if one did not receive that information
12 from the Department of Taxation and was relying on the
13 statute, was relying on the regulation, relying on the
14 substance of the application, and used the application that
15 was on the Department of Taxation Website that in fact
16 required location -- letters of intent or real property, then
17 that person would be ignorant. Is that what you're saying?

18 A I just find it very hard to kind of come up with
19 this hypothetical scenario that you're trying to paint. I
20 mean, for people who are in the industry and involved in the
21 operations and know what's going on I just find it hard to
22 believe that they went through this enormous, I mean,
23 hundreds, or thousands in our case, of hours, hundreds of
24 thousands of dollars using the wrong form. That to me seems
25 very, very unlikely given what was at stake at the time and

1 how important these applications were.

2 Q Okay. You keep referencing it as the wrong form,
3 sir; is that correct?

4 A Yes.

5 Q Is that what the Department of Taxation told you,
6 that it was the wrong form?

7 A No, they did not. That's my term. I believe
8 that --

9 Q So that's your interpretation of it.

10 A Look, the day the application period opened there
11 was one form that was the form. Not previous drafts.

12 Q So how do you know that? How do you know that the
13 other application was not on the Department of Taxation
14 Website? How do you know that other applicants weren't using
15 a different application form?

16 A I don't know that other people were not using
17 another form. But there was zero confusion on our team, and I
18 heard nothing from anyone else in the industry to indicate
19 that there was confusion. So, you know, I just don't see how
20 that could have -- this widespread confusion would have taken
21 place without me knowing about it.

22 MR. CRISTALLI: Okay. Shane, could you pull up
23 Exhibit 220. Specifically RD215.

24 BY MR. CRISTALLI:

25 Q Mr. Jolley, can you identify RD215 through 222 as

1 Nevada Organic Remedies' criteria sheet?

2 A I believe so. I'd have to reference the earlier
3 exhibits, but I think that rings a bell.

4 THE COURT: What is the exhibit number?

5 MR. CRISTALLI: 220, Your Honor.

6 THE CLERK: Is that Serenity 44 through 367?

7 MR. CRISTALLI: Yes, it is.

8 BY MR. CRISTALLI:

9 Q Do you have that in front of you?

10 A What are you referring to? I'm sorry.

11 Q Criteria -- sorry, "Tally Sheet Criteria 3." It's
12 the identified portion of your application RD215 through 222.

13 A Okay.

14 Q In that --

15 MR. KOCH: Are you asking for the identified or the
16 non-identified?

17 MR. CRISTALLI: This is the identified.

18 MR. KOCH: So I think we've got the wrong document
19 up.

20 MR. CRISTALLI: I'm sorry. It is 221.

21 THE CLERK: Proposed.

22 THE COURT: Is it only proposed?

23 MR. CRISTALLI: Any objection?

24 MR. KOCH: No, none.

25 MR. CRISTALLI: Move for admission, Your Honor.

1 THE COURT: Be admitted.

2 (Plaintiffs' Exhibit 221 admitted)

3 BY MR. CRISTALLI:

4 Q You talked on direct examination -- I'm sorry, on
5 cross-examination with Mr. Kemp that the application -- well,
6 first of all, your application was approximately a thousand
7 pages. Is that what you testified to?

8 A I believe I said in excess of thousand.

9 Q In excess of a thousand pages. And you testified
10 that it was important from the Department of Taxation's
11 perspective that it was a blind point scoring; correct?

12 A I think I commented about the fact that it was set
13 up that way to have a certain portion of the application that
14 was non-identified, just like the medical applications in
15 2014.

16 Q Okay. And as it relates to the identified portion
17 of the application you submitted one application to the
18 Department of Taxation?

19 A That's correct.

20 Q Okay. And in this particular Tally Sheet Criteria 3
21 under the identified portion it talks about organizational
22 structure; correct?

23 A Yes.

24 Q It talks about financials; right?

25 A Yes.

1 Q And taxes and other beneficial contributions;
2 correct?
3 A Yes.
4 Q Okay. And in that scoring all the evaluators,
5 Evaluator 1, Evaluator 2, and Evaluator 3, all scored the same
6 scores for each of the criteria in that tally sheet; correct?
7 MR. KOCH: It was zoomed in on time, rather than
8 scores.
9 THE COURT: Better.
10 THE WITNESS: Can you please restate the question.
11 BY MR. CRISTALLI:
12 Q Okay. So, for example, if you go up to
13 Organizational Structure, where it says 60 points, under
14 Element 1, organizational chart points possible there were
15 15 points possible, and each evaluator allocated your company
16 15 points for that particular criteria; correct?
17 A I believe so. This is the first time I'm seeing
18 this. But --
19 Q That's what it says; right?
20 A -- that looks like it's -- they're all the same,
21 yeah.
22 Q Okay. So if you go to Element 2, which is previous
23 business experience, possible points 10, each evaluator
24 awarded your company 10 points; correct?
25 A Yes.

1 Q Element 3, each evaluator out of a possible 5 points
2 allocated 4 points to your company; correct?

3 A Yes.

4 Q And going down the remaining portion of that tally
5 sheet it appears that each evaluator gave the same score,
6 except for one variation that appears under Element 5,
7 diversity, where Evaluator 1 allocated -- I'm sorry.

8 Under Experience with MJ Nevada Evaluator 1
9 allocated 8 points, versus 7 points with regard to Evaluator 2
10 and 3; correct?

11 A Yes.

12 Q So essentially each one of these evaluators gave the
13 same score for this criteria sheet; correct?

14 A No.

15 Q Okay. Am I missing some of your numbers?

16 A Yeah. You just said it. One of them --

17 Q I said --

18 A -- got a different score than the other --

19 Q Okay. Excluding that.

20 A Excluding that?

21 Q 1 point difference.

22 A So one of the three evaluators gave a different
23 score than the other two.

24 Q For one of the criteria, specifically Element 4,
25 Experience With MJ in Nevada is the only deviation from all of

1 the other criteria in that particular score sheet. Would you
2 agree with me there, sir?

3 A I mean, I'm just looking at this for the first time,
4 so at face value, yes, it appears to be the case. But I --

5 Q Well, there's not too many numbers on that sheet. I
6 mean, you could take a minute to look at it, if you want. And
7 if you -- the question is, except, excluding that particular
8 difference, which is 1 point, all of the other scores are the
9 same, exact same; correct?

10 MR. KOCH: The document speaks for itself. Asked
11 and answered.

12 MR. CRISTALLI: I don't think he did, actually.

13 THE COURT: Overruled.

14 THE WITNESS: So there's three main sections here,
15 organizational structure, financial, and taxes and other
16 beneficial contributions. We maxed out on financial and
17 taxes. We got -- is that correct?

18 BY MR. CRISTALLI:

19 Q Let me --

20 THE COURT: You've got to let him finish his answer.

21 MR. CRISTALLI: Okay.

22 THE COURT: Were you finished, sir?

23 THE WITNESS: No. You know, I just wanted to point
24 out that it appears -- and, again, I'm just looking at this --
25 that we maxed out two of the three sections. So, yeah. One

1 of evaluators gave a different score on Section 4 or
2 organizational structure, yeah.

3 BY MR. CRISTALLI:

4 Q Can you find any other -- any other score except for
5 that where there's a difference in scoring on that criteria
6 sheet?

7 A Looking at this kind of spur of the moment, I
8 cannot.

9 Q Okay. And you agreed with me when you said that
10 blind scoring was important for the evaluating process;
11 correct?

12 A Well, that -- I believe that's the State's
13 intention, was to piggyback off of what was done in '14 by
14 having a significant portion of the application be non-
15 identified, not included, you know, names and other
16 identifiable information.

17 Q Well, sir, by having Evaluator 1, Evaluator 2, and
18 Evaluator 3, wouldn't you agree with me that the purpose of
19 having that is so that you can have a blind process or an
20 independent process with regard to reviewing applications?

21 MR. KOCH: Objection. Compound.

22 THE COURT: Overruled.

23 THE WITNESS: Yeah. I mean, so I guess, you know,
24 this is the identified portion; is that correct?

25 //

1 BY MR. CRISTALLI:

2 Q Yes. Correct.

3 A So, you know, seeing this for the first time, seems
4 like they had multiple scorers to ensure that there were not,
5 you know, major abnormalities and swings in the subjectiveness
6 of the scoring that was happening. So in that regard, again,
7 just looking at it for the first time, it appears that we're
8 very consistent in our scoring with these various evaluators.

9 Q Yeah. And the evaluators are very consistent, as
10 well, to being identical, aren't they?

11 A All I can go off of is the same numbers you're
12 looking at. I can't really draw inferences into how similar
13 these evaluators are. I can see that score appears to be
14 fairly consistent, yes.

15 Q Now, Mr. Kemp talked to you a little bit compliance
16 and the issue you had with regard to your company selling to a
17 minor. Remember that?

18 A Well, by -- "minor" is I think a legal term; right?

19 Q Okay. Well, do you remember the conversation that
20 you just had moments ago with Mr. Kemp with regard to that
21 issue?

22 A Yes. But I just want to clarify that I don't it was
23 a minor. I think it was someone who was less than 21, but
24 older than 18.

25 Q Okay. For the purposes of selling marijuana to

1 individuals in the state of Nevada an individual has to be
2 21 years or older; correct?

3 A Yes.

4 Q Okay. And --

5 A Unless they're a medical card patient -- holder.

6 Q Now, you are aware of the different categories of
7 violations with the Department of Taxation when there's an
8 investigation; correct?

9 A Generally.

10 Q Okay. There's a Category 1 violation; right?

11 A Uh-huh.

12 Q Correct?

13 A I believe so. I don't remember the exact
14 nomenclature, but that sounds familiar.

15 Q So you are aware that there's three different
16 categories of violations; correct?

17 A Generally, yes.

18 Q All right. Category 1 violation would or could
19 result in revocation of a license. Are you aware of that?

20 A I'd have to go back and refresh my memory.

21 Q In fact, sale to a minor could be considered a
22 Category 1 violation, which would result in a revocation of a
23 license.

24 A Yeah. I would assume that if someone was
25 intentionally selling to minors I could see that being

1 something that would be worthy of revocation. In our case it
2 was an accident, we discovered it, and we terminated the
3 employee who allowed it to happen, and formally disciplined
4 two others. So we take and took that extremely seriously and
5 did the best we could given the circumstances to ensure that
6 proper action was taken, it was properly and immediately
7 divulged to the State, and that we put in safeguards to
8 prevent that from happening in the future.

9 For example, the software that we use for our point
10 of sale software unfortunately doesn't allow for automatic
11 detection of under 21. And this was also at a point in time
12 where the current ID scanners that we use were not in effect.
13 So we've seen taken steps to ensure that that would not happen
14 again.

15 Q That was negligent, wasn't it?

16 MR. KOCH: Objection. Legal conclusion.

17 THE COURT: Overruled.

18 THE WITNESS: Yeah. I don't really know what you
19 mean by negligent. I mean, it was -- it was --

20 BY MR. CRISTALLI:

21 Q Well, you said it was accidental.

22 A I'm still speaking.

23 It was unfortunate, it was serious in terms of
24 something that we took very seriously. I was very alarmed
25 when I learned about this incident. It's definitely something

1 that is not consistent with who we are as a company. And
2 that's why we immediately performed an investigation, took
3 necessary action, and notified the State.

4 But, again, I have to remind you we're talking about
5 -- we're not talking about the party to this case here.
6 You're talking about a completely different entity. So I'm
7 not really sure where you're going with this.

8 Q Well, compliance -- in terms of a marijuana
9 establishment and compliance and what the State does in terms
10 of its regulation, none of that information was provided to
11 the Department of Taxation and the reviewers of the
12 application considering whether or not an applicant should be
13 approved or not; correct?

14 A As I said earlier, we're talking about a separate
15 entity, first and foremost.

16 Secondly, the Department has all of the compliance
17 history for the companies that I'm involved with. And so it
18 was unnecessary for me to provide something that they already
19 had.

20 And thirdly, it wasn't called for in the
21 application, so I'm not really sure what your point is.

22 Q Well, that is my point. It wasn't called for in the
23 application, was it?

24 A To my knowledge, no.

25 MR. CRISTALLI: Court's indulgence.

1 THE COURT: Mr. Bult, do you have any questions for
2 this witness?

3 MR. BULT: I don't, Your Honor.

4 THE COURT: Mr. Parker?

5 MR. PARKER: I do, Your Honor.

6 MR. CRISTALLI: I'll just follow up, Your Honor.

7 BY MR. CRISTALLI:

8 Q I had discussed with you the fact that MM had
9 provided information with regard to a specific location for
10 its application. I think I misspoke. Instead, it's Livfree.
11 Are you familiar with the fact that Livfree in fact provided
12 information specific to a location regarding a letter of
13 intent or purchase agreement in regard to its understanding of
14 the requirements about locations in a particular jurisdiction?

15 A I'm not familiar with their application.

16 MR. CRISTALLI: Court's indulgence.

17 No further questions, Your Honor.

18 THE COURT: Mr. Parker.

19 CROSS-EXAMINATION

20 BY MR. PARKER:

21 Q Good afternoon, Mr. Jolley.

22 A Good afternoon.

23 Q You mentioned several times the Listserv,
24 information on Listserv. Do you recall that?

25 A Yes.

1 Q All right. Is that a list that the DOT has that it
2 provides information to people in the industry maybe or people
3 wanting to get into the industry?

4 A I believe so, yes.

5 Q Did you receive information through this Listserv by
6 email, by letter, by telephone call, by text? How did you
7 receive information from the Listserv?

8 A Well, I think the Listserv by definition is an email
9 distribution system.

10 Q Did you keep all of those emails that you received
11 through Listserv?

12 A I don't recall offhand.

13 Q Do you know if that would be something that your
14 company keeps as a part of its document retention policy?

15 A I don't believe those informational types of emails
16 would be included in our document retention policy, but I'd
17 have to double check that.

18 Q Do you recall destroying or deleting any of those
19 emails?

20 A Not that I can recall off the top of my head. It
21 was a while back.

22 Q Have you produced any of those emails to your
23 counsel?

24 A I don't recall.

25 Q Has your -- has anyone else in your office, to your

1 knowledge, provided any Listserv information on your behalf to
2 your counsel?

3 A I am unaware of that.

4 (Pause in the proceedings)

5 MR. PARKER: Your Honor, I think we got an agreement
6 from the State that they'll get the Listserv information for
7 us.

8 THE COURT: Uh-huh. I heard that. Aren't they
9 cooperative with you, Mr. Parker.

10 MR. PARKER: You know, I really appreciate that.

11 THE COURT: Effusive, being very nice, polite.

12 MR. PARKER: Well, I'm in the same box, I think,
13 Your Honor.

14 BY MR. PARKER:

15 Q So do you recall or did you ever take a notice of
16 the industry folks on the Listserv publications or disclosures
17 or dissemination of information?

18 A Are you asking am I familiar with who was on the
19 Listserv?

20 Q Yes.

21 A Who was on the distribution list?

22 Q Yes.

23 A No. I don't believe that's public information. I
24 think that -- I think that, you know, the points of contact
25 for marijuana establishments are included, and then people can

1 voluntarily sign up for updates with the Department, as well.

2 Q So when you receive something through this Listserv
3 you don't by chance of a list of all the other recipients
4 receiving the information?

5 A I don't believe so. I think generally you just see
6 that it's from, you know, the Department, from the Listserv.
7 You don't see all the other recipients of the email. I think
8 that -- yeah.

9 Q So earlier today when you were speaking generally of
10 how this consensus among the applicants knowing this
11 information or that information it wasn't based upon your
12 review of the Listserv, because you don't know what applicants
13 or potential applicants received that Listserv information; is
14 that correct?

15 A Yeah. It was more to do with my involvement in the
16 industry, holding monthly meetings for the Nevada Dispensary
17 Association that, as I said earlier, represents a vast
18 majority of the owners, and my day-to-day involvement in the
19 industry.

20 Q So, for example, you never spoke with Mr. Hawkins
21 about information you received from Listserv?

22 A I don't recall speaking with Mr. Hawkins about that.

23 Q You don't recall speaking to Mr. Dave Thomas about
24 information received from the Listserv?

25 A No, not specifically.

1 Q Or Mr. Steve Menzie?

2 A Not specifically, no.

3 Q Or anyone affiliated with MM?

4 A No.

5 Q So the broad statements, the broad brush you were
6 painting with regarding there was no confusion in this
7 process, it was not based upon your review of the Listserv
8 information, because you don't know who or what companies
9 actually received the Listserv information; is that correct?

10 A I don't think anyone in the private sector, you
11 know, outside the Department itself, has access to the
12 recipients of the Listserv. I think that might be, you know,
13 a violation of the Department's policies. I would certainly
14 hope they wouldn't divulge my email address to the public.

15 But, as I said earlier, it was my job to stay up to
16 date with what was happening in the industry. I think I did a
17 very good job in our efforts to help further the industry and
18 help it operate successfully.

19 And so my statement was that if there was a general
20 confusion and all of these people were without communication
21 from the Department, I think I would have known about it. And
22 I simply don't recall anyone bringing up an issue with the
23 Listserv or not getting emails from the department.

24 Q Did you ask any questions of the DOT during the time
25 leading up to the submission of applications?

1 A I didn't have direct, you know, one-on-one
2 communication with them about the application. But, as I said
3 earlier, I was certainly involved with some of the -- well,
4 involved meaning attended some of the hearings that took place
5 and some of the discussions that were happening leading up to
6 the application process.

7 Q You said you had no direct communications.

8 A Well, meaning --

9 Q Did you have some indirect?

10 A Meaning one on one. So there were occasions where I
11 would ask either members of my team or our legal counsel for
12 their opinion or clarification on certain issues. But did
13 not, at least to the best of my knowledge, go back and, you
14 know, call up the Department and ask them, you know, specific
15 questions about the application.

16 Q Were you finished?

17 A Yeah, I was. Thank you.

18 Q Did anyone on behalf of your company, either Nevada
19 Organics or Henderson Organics, call and speak to anyone at
20 the DOT?

21 A They may have. I'm not -- I'm not sure.

22 Q Did you see any information come back in the form of
23 a Listserv promulgation or publication or disclosure answering
24 a question you may have had regarding the application process?

25 A That I may have had? Not that I can recall. There

1 may have been general communications where they had FAQs that
2 other -- you know, in cases where other people asked
3 questions, and they publish those. I know that they've done
4 that in the past.

5 Q So to the best of your knowledge you don't recall
6 any of the questions that you may have had or people within
7 your group may have had that were answered through a Listserv
8 dissemination?

9 A It may have occurred, but I can't recall any off the
10 top of my head.

11 Q Okay. Did you actually download or in some way pick
12 up the application that was used on behalf of Nevada Organics?

13 A I believe I did, yes.

14 Q And can you tell me how obtained that application.

15 A I don't recall. It may have been in an email
16 attachment.

17 Q All right. In an email attachment from whom?

18 A I don't know. It could have been the Listserv, it
19 could have been our attorney. I'm not -- I'm not sure exactly
20 how I received it.

21 Q You indicated that it was either ignorance or just
22 not being familiar with the application that someone could
23 have used an application different from the application Nevada
24 Organics used. Do you recall that general testimony?

25 A I don't think I used those specific words, but I can

1 certainly recall discussing it a few minutes ago, yes.

2 Q All right. Wouldn't you agree with me that if there
3 were more than one application that application would have
4 been created by the DOT?

5 A Yes.

6 Q All right. So to the extent there was any
7 confusion, the confusion was created by having more than one
8 application available for the applicants; is that correct?

9 A Well, look, I mean, you know, what if they had a
10 previous --

11 Q Let me -- let me stop you for a second, only because
12 I am very patient, I don't interrupt people. If I do, I
13 apologize.

14 A You just did.

15 THE COURT: Wait.

16 BY MR. PARKER:

17 Q But I interrupt you only because I didn't hear a yes
18 or no.

19 THE COURT: It's 4:25. I've got 20 minutes before
20 I'm breaking for the day. If you're not done, we return at
21 9:15 in the morning.

22 Mr. Parker, did you want to continue?

23 BY MR. PARKER:

24 Q That is a cue to me to let you answer regardless of
25 what you're about to say. Go right ahead.

1 MR. PARKER: Understood, Your Honor.

2 THE WITNESS: Please restate your question.

3 BY MR. PARKER:

4 Q The question is if there was confusion regarding the
5 application, that confusion was created by having more than
6 one available application for applicants to use. Isn't that
7 true, sir?

8 A I don't -- I don't know that I can say that
9 conclusively. What if someone was, you know, not paying
10 attention? What if they downloaded the wrong form even though
11 the headings could have been correct. There's any number of
12 hypothetical circumstances that could lead someone to, you
13 know, use the wrong application. So it's not, you know -- I
14 don't think that that was a common thing at the time in my
15 experience.

16 Q Well, you really don't have any foundation for the
17 opinion that it wasn't common, because you've never done a
18 survey or asked or performed a census to determine how many
19 people used one application versus another. Is that true?

20 A I personally conducted monthly NDA meetings with
21 owners and managers of the majority of dispensary owners in
22 the state every month before, during, and after the
23 application process. And I think if there was a general
24 confusion about which form of application to use, I would have
25 heard about it. And I didn't. And so that's what I'm --

1 that's the experience that I'm using when I say that I was
2 unaware of any mass confusion. There could have been isolated
3 instances in which somebody, you know, perhaps mistakenly used
4 the wrong one, forgot to download the new one, looked at an
5 old email, didn't check their email. I don't know. There's
6 any number of situations that could have caused that. But I
7 don't think it was a widespread issue.

8 Q Okay. That's fine. Let's not talk about widespread
9 or not widespread. The question is, which I believe is fairly
10 focused, if there was more than one application available for
11 applicants, would you agree with me that that confusion in
12 terms of which one was available or having two available would
13 have been created by the DOT?

14 A Not necessarily.

15 Q All right. So do you believe that there should have
16 been two applications available for applicants to use?

17 A No.

18 Q Or just one?

19 A One.

20 Q Good enough. And if there were two, who would have
21 created those two?

22 A If there were multiple drafts like, for example, an
23 old draft and a new draft --

24 Q No. Just two.

25 A -- they would have come -- both would have come from

1 the DOT.

2 Q Thank you.

3 You indicated during your examination by Mr. Kemp
4 that it was your understanding that you did not have to secure
5 -- and I tried to take verbatim notes -- did not need to
6 secure a location. Did you learn that through the application
7 process, or did you learn that through some type of
8 communication with the DOT?

9 A I learned that from the application itself and
10 through speaking with our internal team and our counsel about
11 that specific issue.

12 Q Now, why did you need to speak with your team if it
13 was clear on the application?

14 A Because I believe there was discussion earlier in
15 the process of making the location a requirement. That's
16 something that I led when we applied in 2014, and so I knew
17 that it would be a significant undertaking to secure
18 locations, and so it was an issue that I was very much
19 interested in. And it became obvious that that was not going
20 to be a requirement. And I believe it was clearly
21 communicated in an email from the Department, if I'm not
22 mistaken, going off of memory a couple years ago. But I
23 believe that was the case. Or a year ago.

24 Q So let me make sure we're clear. Email as a part of
25 a Listserv or a separate email to your company based upon that

1 question?

2 A No, not specific to our company. It would have been
3 an email, general, you know, broadcast Listserv-type email.

4 Q And you recall that being generated by the
5 Department of Taxation?

6 A It would have been, yes.

7 Q Do you recall the time period?

8 A No. And, again, I'm going off of my memory from a
9 year ago. But I certainly recall receiving the news that that
10 was not a requirement.

11 Q It was so clear in the application that they had to
12 send out an email to make it clearer. Is that what happened?

13 A Again, I'm going off of memory here, but I believe
14 that there was an email clarification sent out by the
15 Department clearly articulating certain changes that had been
16 made from the first draft to the second draft of the
17 application form, if I'm not -- if I'm not mistaken. And if I
18 recall, that was one of them, that the location issue was one
19 of the changes that was made explained in the email.

20 Q Do you recall who offered that document?

21 A No.

22 Q And do you remember the year?

23 A It would have been 2018.

24 Q Okay. Do you remember was it sometime between
25 September 8th and September 20th, or before September 8th?

1 A It would have been before September.

2 Q Do you remember specifically if it was part of a
3 Listserv dissemination?

4 A No. I would -- I would say that it probably was,
5 but I'd have to go back and, you know, refresh my memory.

6 Q Do you know if that email was in some way attended
7 to or attached or disseminated along with the application
8 sometime between September 8th and September 20th?

9 A I don't recall what date it was, to be honest.

10 Q If it was not a part of a Listserv, how would the
11 general public become aware of it?

12 A I stated that I believe it was part of the Listserv.

13 Q Okay. And let's ask it this way, then. If the
14 general public was not a part of the Listserv, how would the
15 general public receive it?

16 A You'd have to ask the Department. I don't know all
17 of the mechanisms they use to disseminate that information.

18 Q Did you prepare the applications, you personally
19 prepare the applications for the eight licenses that Nevada
20 Organics was attempting to obtain?

21 A I oversaw the process and wrote much of the content
22 myself and was intimately involved in every step, yes.

23 Q Do you remember how many Post Office boxes you used
24 for the eight -- out of the eight licenses?

25 A I don't think we used any Post Office boxes.

1 Q Do you fill out the annual list of members and
2 managers for your LLC?

3 A Personally, no.

4 Q Do you know who does?

5 A I don't.

6 Q Do you know if any of your -- and you said this two
7 different ways. Originally when Mr. Kemp asked you about your
8 human resource director and your purchasing director you
9 called them directors. Later on in his conversation you
10 changed them from directors to officers after we took a
11 restroom break or whatever we took. Do you know why you
12 changed the description from director to officer?

13 A Their title is -- for example, Kim Lester, her title
14 is director of Human Resources, okay. But if you look at our
15 application, which was an exhibit that we all looked at
16 earlier, we checked the box "officer." So I apologize if I
17 wasn't clear in how that was communicated. But we consider
18 her to be an officer of the company because she signs
19 contracts, she hires and fires, she has a tremendous amount of
20 authority within the company. And her title is director of
21 HR, okay. But, you know, she's not a board member, right, so,
22 you know --

23 Q Right.

24 A Sorry if I'm not explaining that, you know,
25 correctly. I'm not a legal expert on corporate law, but

1 that's my understanding.

2 Q Yeah. Those remarks are helpful.

3 So the statute calls for owners, officers, and board
4 members; is that correct?

5 A I believe so.

6 Q You understood that the statute didn't call for
7 directors; is that correct?

8 A I'm not sure that I recall that it specifically did
9 not call for that. You know, going off of memory here, but,
10 you know, it was our understanding that all owners, officers,
11 board members, et cetera, would need to be disclosed, and we
12 wanted to be very forthright about who is involved in the
13 company and how the company operates.

14 Q You would agree with me, however, that your director
15 of Human Resources and your director of Purchasing was not an
16 identified category under the application or the statute? The
17 statute doesn't say "director." Is that a fair statement?

18 A My interpretation of that form that says "officer"
19 to me connotes people who have tremendous authority to bind
20 the company in contract, that kind of thing. So that was our
21 intention in putting those folks on there.

22 Q And thank you for explaining your intention. I just
23 want to make sure that were on the same page. The word
24 "director" is not used in that part of the statute nor the
25 application. It says owners, officers, and board members. Is

1 that correct?

2 A I'd have to go back and read it, but --

3 MR. PARKER: Shane, can you put that back up. I
4 need 453D.218. Yeah. We can use Exhibit 5, I believe, or we
5 can use --

6 Can you pull up 127, page 12 and 13. I guess that's
7 the quickest way to get to it right now.

8 BY MR. PARKER:

9 Q So you see the top?

10 A Yes.

11 MR. PARKER: Can you highlight it for me, Shane.

12 BY MR. PARKER:

13 Q And I believe that's taken directly from Assembly
14 Bill 422, which says the same, "owners, officers, board
15 members." Do you see that?

16 A Yes.

17 Q All right. So there is no place for directors. So
18 the director of Human Resources wouldn't have a place in that
19 list, nor would the director of purchasing have a place in
20 that list; is that correct?

21 A We considered Courtney Barker to be an officer.

22 Q Let me ask it one more time. The word "director" is
23 not included here; is that correct?

24 A I don't see it.

25 Q All right. So you were simply inserting names based

1 upon the description you gave them at your office, which is
2 director of Human Resources, without some interpretation gave
3 me earlier. You would agree with me that your director of
4 Human Resources and your director of Purchasing wouldn't fit
5 under that -- either of those three categories?

6 MR. KOCH: Objection. Argumentative.

7 THE COURT: Overruled.

8 THE WITNESS: Yeah. We discussed this with our team
9 and our legal counsel and felt that we were doing -- we were
10 complying with the rules of the application to the best of our
11 ability.

12 BY MR. PARKER:

13 Q And that's fine. I'm not asking, you know,
14 necessarily what you discussed with your team. I'm simply
15 asking what we see on the board and the positions they held at
16 your office. They were not -- they were directors. Based on
17 your earlier testimony today they were not board members, they
18 were not officers, and they were not [unintelligible]; isn't
19 that correct? Without interpretation and discussion.

20 A They're officers, yeah.

21 Q That's your belief?

22 A Yep.

23 Q Now, when you -- you said you never did your annual
24 list?

25 A No.

1 Q Do you know what an annual list is?

2 A Generally.

3 Q Tell me what it is in your -- based upon your

4 understanding.

5 A It's a list of, you know, members of an LLC or

6 managers of an LLC that's filed with the Secretary of State.

7 Q Do you have any female owners -- I'm sorry, members

8 or managers? Not owners, but members or managers?

9 A Yes.

10 Q Who would be a female member?

11 A Liesl Sicz.

12 Q And who -- do you have any female managers?

13 A Managers of the LLC?

14 Q Yes.

15 A No. The managers I believe are Steve Byrne and

16 myself.

17 Q Do you have titles like president, vice president,

18 treasurer as a part of your LLC?

19 A We use, you know, CEO and director titles in our

20 company.

21 Q Okay. Who's the CEO?

22 A I am.'

23 Q Is there a deputy CEO or anyone -- who's next in

24 charge under the CEO?

25 A Director of operations.

1 Q Is that also a member?

2 A No.

3 Q Who is that?

4 A He's not an owner. Well, he's a shareholder. His
5 name is Brandon Wygand.

6 Q Did you list that person as a part of the ownership
7 of Nevada Organics?

8 A He's not an owner.

9 Q You said he's a shareholder.

10 A Well -- so he holds shares of what is now called
11 Green Growth Brands, GGB, previously Xanthic. And so in a
12 sense he, you know, owns shares of the company. But we
13 discussed that --

14 THE COURT: Sir, are shares equity?'

15 MR. PARKER: Good question. Very good question. I
16 was going there next.

17 THE COURT: Because I know the answer.

18 THE WITNESS: I believe so. So --

19 THE COURT: Okay.

20 THE WITNESS: -- my understanding is that, you know,
21 that's how the Department has chosen to handle disclosures of
22 publicly traded companies.

23 BY MR. PARKER:

24 Q So did you list -- strike that, because I want to
25 make sure we're on the same page here.

1 How many other shareholders did you have of Nevada
2 Organics prior to your submission of your application sometime
3 before September 20th of 2018?

4 A So GGB Nevada owned 95 percent prior to submission.
5 GGB Nevada was wholly owned by Xanthic Biopharma. Xanthic
6 Biopharma is a publicly traded company.

7 In addition to GGB Nevada the other owners of Nevada
8 Organic Remedies were myself, Steve Byrne, Darren Peterson,
9 Pat Byrne, and Liesl Sicz through her entity Harvest.

10 Q Okay. And did you list all of them?

11 A Yes.

12 Q All right. And you list their percentages?

13 A Yes.

14 Q All right. In terms of GGB did you list all of
15 their owners?

16 A The rule for publicly traded companies is to list
17 their board members and officers. Which we did. And we fully
18 disclosed that.

19 Q Where did that rule come from?

20 A That's always been my understanding how the
21 Department has operated, and I believe that's in the
22 application itself.

23 Q No, no. Tell me where -- if you can recall, where
24 in the application did that come from? We've looked at this
25 application now for many more days than any of us thought we'd

1 be here. So tell me where in the application you recall
2 seeing that.

3 THE COURT: And if you need us to bring the up to
4 refresh your memory, please let us know, and they will put it
5 up on the screen for you.

6 BY MR. PARKER:

7 Q Do you know where it is?

8 A Yeah. There's a portion that talks about board
9 members and officers.

10 MR. PARKER: So, Your Honor, can I give him --

11 THE COURT: Why don't you give him Exhibit 5.

12 MR. PARKER: I will get it for him.

13 THE COURT: Maybe 5A. I don't know which one's the
14 right one.

15 MR. SHEVORSKI: I think I know.

16 BY MR. PARKER:

17 Q Start 5 or 5A. And let me know when you get to the
18 point that you believe the rule is there, and I'll ask you
19 some questions on it.

20 THE COURT: You've got three minutes left, Mr.
21 Parker.

22 MR. PARKER: It may take him longer than that, Your
23 Honor.

24 THE COURT: It may. I'm just making sure everybody
25 understands.

1 MR. PARKER: And I appreciate what you said to me
2 earlier about --

3 THE COURT: You weren't the only one.

4 MR. PARKER: -- letting him answer.

5 THE COURT: You weren't the only one I said it to,
6 Mr. Parker.

7 MR. PARKER: That's right. You've also said, give a
8 person enough rope.

9 THE WITNESS: Okay.

10 BY MR. PARKER:

11 Q All right. Read it to me, please.

12 A Well, if you look at Attachment A, it discusses the
13 owners, officers, and board members of the marijuana
14 establishment. I don't see a -- well --

15 Q Tell me what page you're on.

16 A 22.

17 MR. PARKER: Page 22. Can you put that on the
18 screen for us all, Shane.

19 THE COURT: Is that the page you're on that's on the
20 monitor, sir?

21 THE WITNESS: Yeah.

22 THE COURT: Okay.

23 BY MR. PARKER:

24 Q Now, I don't see any exclusions here for owner.
25 It's shareholders and owners. Don't you have that

1 understanding?

2 A In the traditional sense I think when these rules
3 were put in place I don't think the Department contemplated
4 the logistical implications of publicly traded companies. MM
5 Development, for example, is a publicly traded company, a
6 plaintiff in this lawsuit. I could go on right now and buy
7 shares of their company; right? So it's impractical to
8 require someone who owns one share of MM to be listed here.
9 So my understanding -- and, you know, maybe it's been, you
10 know, so long that it's just become, you know, part of my
11 understanding, I can't tell you exactly right here as I sit
12 today where it came from. But the rule has always been as far
13 back as I can recall that for publicly traded companies, you
14 know, there's a certain threshold before having to be listed
15 or something like that.

16 THE COURT: So, we're going to break. It's 4:45.
17 I'll see you guys at 9:15.

18 MR. PARKER: Thank you so much, Your Honor.

19 (Court recessed at 4:45 p.m., until the following day,
20 Tuesday, June 11, 2019, at 9:15 a.m.)

BEFORE THE HONORABLE ELIZABETH GONZALEZ, DISTRICT COURT JUDGE

EVIDENTIARY HEARING - DAY 6

MONDAY, JUNE 10, 2019

COURT RECORDER:

TRANSCRIPTION BY:

JILL HAWKINS
District Court

FLORENCE HOYT
Las Vegas, Nevada 89146

Proceedings recorded by audio-visual recording, transcript
produced by transcription service.

APPEARANCES:

FOR THE PLAINTIFFS:

DOMINIC P. GENTILE, ESQ.
MICHAEL CRISTALLI, ESQ.
ROSS MILLER, ESQ.
WILLIAM KEMP, ESQ.
ADAM BULT, ESQ.
MAXIMILIEN FETAZ, ESQ.
THEODORE PARKER, ESQ.

FOR THE DEFENDANTS:

KETAN BHIRUD, ESQ.
STEVE SHEVORSKI, ESQ.
THERESA HAAR, ESQ.
RUSTY GRAF ESQ.
BRIGID HIGGINS, ESQ.
ERIC HONE, ESQ.
DAVID KOCH, ESQ.
ALINA SHELL, ESQ.
JARED KAHN, ESQ.
PHILIP HYMANSON, ESQ.
JOSEPH GUTIERREZ, ESQ.

1 LAS VEGAS, NEVADA, MONDAY, JUNE 10, 2019, 10:35 A.M.

2 (Court was called to order)

3 THE COURT: So, counsel, I have one housekeeping
4 matter. I was out of town last week speaking at the
5 Conference of the National Association of Certified Valuers
6 and Appraisers and received information that some flowers had
7 been delivered to my office.

8 MR. GENTILE: What?

9 THE COURT: Wait. I'm not done. Let me make my
10 disclosure. As you guys were leaving the other day I thanked
11 Mr. DiBella because I had been a client of his for his shop
12 for -- since 1986. So I was surprised that I received some
13 beautiful flowers, but I wasn't here to enjoy them. I have
14 marked the note that appears to be handwritten from the
15 DiBella folks. My staff, who enjoyed the flowers, will be
16 sending a thank you note to DiBella Florists.

17 MR. KOCH: The same flower that smiles today
18 tomorrow will be dying, Your Honor.

19 THE COURT: Well, you know, that's the problem with
20 flowers. But they look lovely. But I've made my disclosure.
21 They don't [unintelligible]. My staff loved them, so you guys
22 may get special treatment today, Mr. Gentile, from Dulce.
23 They're beautiful flowers. They did a great job, which is why
24 I've gone there for 30 years.

25 THE CLERK: Is this a Court exhibit?

1 THE COURT: Court Exhibit 1, Court's disclosure.
2 [Unintelligible] on something.
3 MR. SHEVORSKI: Yeah. Your Honor, may I please,
4 real quick?
5 THE COURT: You may.
6 MR. SHEVORSKI: So the parties have agreed to finish
7 the plaintiffs' side. I believe Mr. Parker has some questions
8 for Mr. Gilbert, and then we're going to go to Mr. Jolley to
9 accommodate his schedule, and then restart with State's
10 questioning, cross of Mr. Gilbert.
11 THE COURT: Everybody agree to that process?
12 MR. KEMP: Your Honor, I had three to five more
13 minutes of questions for Mr. Gilbert, and I told Mr. Parker
14 about that.
15 MR. PARKER: No, I have no objection.
16 THE COURT: Okay. So we're going to get Mr. Gilbert
17 up, ask him a few questions on the plaintiffs' side, finish up
18 with the plaintiffs' side. Before anybody else begins their
19 examination we're going to go to Mr. Jolley, finish Mr. Jolley
20 up, and then go back to Mr. Gilbert. So Mr. Gilbert can walk
21 to Starbucks or wherever he wants after we finish this first
22 group, if he's willing to go in and out of security again.
23 All right. Sir, come on back up. Since it's a new
24 day, we're going to swear you in.
25 //

1 STEVE GILBERT, PLAINTIFFS' WITNESS, SWORN

2 THE COURT: Guys, I need you to not talk, because
3 you screw up my record.

4 THE CLERK: Sir, please state --

5 THE COURT: Sorry. Some of you would want the
6 record in a few weeks when you go someplace else.

7 THE COURT: Sir, please state and spell your name
8 for the record.

9 THE WITNESS: Steve Gilbert, S-T-E-V-E
10 G-I-L-B-E-R-T.

11 DIRECT EXAMINATION (Continued)

12 BY MR. KEMP:

13 Q Good morning, Mr. Gilbert. One subject we didn't
14 talk about us distance separation. Is there a requirement
15 that dispensaries be a certain distance between certain types
16 of schools and community facilities?

17 A Yes, there is in the regulations.

18 Q Okay. In other words, they have to be a thousand
19 feet away from say a public school and 300 feet away from a
20 community facility like a church?

21 A Yes. I think that's correct.

22 Q Now -- and then to quote 453D.210(5)(c), quote, "The
23 property is not located within 1,000 feet of public school;"
24 and then (2) 300 feet of community facility." That's your
25 understanding of the law; right?

1 A Yes, it is.

2 Q Okay. Now, in a situation where you had an
3 application which didn't have a specific address, like a Post
4 Office box or a UPS box situation, how was it that the
5 Department could enforce that particular requirement?

6 A That requirement wasn't asked for or scored or
7 evaluated within the application during the criteria. So that
8 would be part of the conditional approval process within the
9 12 months after receiving the conditional.

10 Q So, in other words, you gave people the conditional
11 licenses on say December 6th; right?

12 A December 5th.

13 Q December 5th. And so sometime after that the State
14 would come in and make sure that the separation requirements
15 were met?

16 A Yeah, that's -- that's somewhat correct. So within
17 the 12 months each conditional licensee holder has a certain
18 number of steps to complete before they become operational,
19 and then they would come to us for a final inspection and show
20 us those licensings and zoning.

21 Q Okay. So let's say you get to the point of a final
22 inspection and you find out that someone has built a
23 dispensary, fully built it out within 300 feet of a school.
24 They don't get a license; right?

25 A In that case probably not.

1 Q In that location I mean.

2 A In that location if it's in violation of the zoning.

3 Q Okay. Even if they've spent tens of thousands or
4 even hundreds of thousands of dollars, if they're within
5 300 feet of a school, they don't get a license.

6 A And, again --

7 Q Excuse me. I said school. I meant 300 feet from a
8 church, 1,000 feet from a school.

9 A So in the situation like that upon the final
10 inspection through that 12-month process we would hope that
11 the applicant or the conditional licensee would be working
12 with us, we'd be able to consult him on it. But if we did run
13 into a situation like that, that would be something that would
14 be evaluated by my superiors before something would be revoked
15 or --

16 Q Well, there's nothing to evaluate, is there? It's
17 state law they have to be 300 feet away from a church and a
18 thousand feet -- there's nothing to evaluate.

19 A That's correct. Right.

20 Q Either they're within the 300 feet or a thousand
21 feet or they're not.

22 A But we would look at the situation, yes. But it is
23 -- that's what the law states.

24 Q Well, you say, we would look at it. You're implying
25 there's some discretion that you could give them a license

1 even if they were within 300 feet of a church? You could let
2 them move; right?

3 A Yes, we could let them move.

4 Q But you couldn't give them a license in a restricted
5 area?

6 A If they're in violation of regulations or the
7 statute, no.

8 Q Okay. Because that's a mandate from state law.
9 It's not optional.

10 A That's correct.

11 Q Okay. Now, as I understand, this is from the
12 legislature. Quote, "The distance must be measured from the
13 front door of the proposed marijuana establishment to the
14 closest point of the property line of a school, community
15 facility," and then it goes on, okay, unquote. Is that your
16 understanding?

17 A Yes, it is.

18 Q So if we have a school or a church, we take the
19 property it's on and we find the closest point to the
20 marijuana facility will measure 300 feet. If it's a church,
21 300 feet; right?

22 A Yes.

23 Q And there's nothing new about this 300 foot. It's
24 been in the statute for years; right?

25 A Yeah. Through the medical days.

1 Q Okay. So let me see if I -- if I see exactly how
2 this works, okay. Let's see if we can make so everyone can
3 see it. Okay.

4 Now, I'm assuming that we have a building here --

5 THE COURT: So where is this information from?

6 MR. KEMP: This is just a drawing to illustrate --

7 THE COURT: This is your hypothetical situation?

8 MR. KEMP: Yes, Your Honor, this is hypothetical.

9 THE COURT: Okay. Just making sure.

10 MR. KEMP: I'll probably mark this for the record
11 when we're done.

12 THE COURT: Lovely.

13 BY MR. KEMP:

14 Q Okay. So let's assume we have three parcels ont
15 other side of the street. Are you with me so far, Mr.
16 Gilbert.

17 A Okay.

18 Q Then we have the street, and then -- I'm just trying
19 to figure out where the forbidden area is, all right. So
20 Parcel Number 3 in Building 3 we have a community facility
21 like a daycare or church, okay. Okay? You got me so far?

22 A Yes.

23 Q And so we would go to the corner of the property
24 line and we would measure 300 feet radius, right --

25 A Yes, sir.

1 Q -- and if the building -- or, excuse me, the front
2 door I think is what the statute says. If the front door is
3 within that 300-foot radius, you can't have a dispensary
4 there; right?

5 A That's correct.

6 Q And in this case Building Number 2 in my example is
7 all within the 300-foot radius; right?

8 A Looks to be in the hypothetical, yes.

9 Q But we could have a dispensary in Building Number 1,
10 because that's over 300 feet in this example; right?

11 A Is that the same parcel of land, just two buildings
12 on the parcels?

13 Q Well, it doesn't really matter if it's the same
14 parcel, because for the dispensary you measure from the front
15 door. You don't measure from the parcel.

16 A That'd be great.

17 Q So Building 1 is okay, but Building Number 2 is
18 illegal; right?

19 A Yeah, based on the drawing that would be correct.

20 Q Okay. Now, I don't know if you're familiar with
21 what they do with taverns, but when someone applies for a
22 tavern there's a distance separation requirement from other
23 taverns. Are you familiar with that in general?

24 A No, I'm not.

25 Q Okay. When they apply for taverns they have

1 professional surveyors fill out portions of the application,
2 like Horizon Surveyor, and they have to certify that this
3 proposed tavern location is X number of feet away from any
4 existing tavern. Are you kind of familiar with that?

5 A Yes.

6 Q Okay. Is there any type of requirement that the DOT
7 has that an applicant has to prove that a dispensary is over a
8 thousand feet from a public school and 300 feet from the
9 property line of a church?

10 A Yes, there is. Part of conditional steps that they
11 need to complete within the 12 months is to supply the
12 professional zoning, a zoning approval from the local
13 jurisdiction.

14 Q Okay. Well, you're not relying on the City of
15 Pahrump and Nye County and places like that to enforce the
16 State's separation requirement, are you?

17 A No, we're not. We will look at the separation
18 requirements and compare them to ours.

19 Q You look at it independently, the DOT does?

20 A Yes.

21 Q So, for example, if the City of Las Vegas just
22 didn't pick up on the fact that they were within 300 feet of a
23 church, that doesn't matter, because they're still in
24 violation of state law; right?

25 A That's correct.

1 Q So if we had a hypothetical case like I'm talking
2 about right here, where say the City of Las Vegas approved
3 this, if the DOT finds that you're within 300 feet of the
4 property line of Parcel 3, the building's within 300 feet,
5 that's it, illegal dispensary; right?

6 A Potentially, yes. Yes.

7 Q Well, you keep saying potentially. I mean, this is
8 pretty black and white, isn't it?

9 A If it is in violation of the statute, we would -- or
10 the regulation, we would investigate and see the
11 circumstances.

12 Q Okay. And how is that usually brought to the DOT's
13 attention? Does the church complain about it, does someone in
14 the community complain about it?

15 A I don't recall in my experience getting a complaint
16 for that. Maybe years ago in the medical days it might have
17 been questioned. But I don't recall getting a complaint in
18 the most recent years.

19 Q Okay. I'm glad you brought that up. This
20 separation is both for medical and recreational; right?

21 A Yes, it is.

22 MR. KEMP: Okay. Thank you.

23 THE COURT: Mr. Parker.

24 And then were going to suspend this witness and go
25 to Mr. Jolley; correct?

1 (Pause in the proceedings)

2 MR. PARKER: Your Honor, the --

3 MR. KOCH: I think Mr. Bult had questions after Mr.

4 Parker, but I may be -- I don't want to cut him off.

5 THE COURT: Did you?

6 MR. BULT: No. I think he may cover them. If I

7 have one or two, it's fine.

8 THE COURT: So you'll wave at me if you'd like to

9 ask questions? Because looking over there I didn't see you

10 getting up. Sorry.

11 MR. BULT: No. It's fine.

12 MR. PARKER: Your Honor, I'm going to be here for a

13 little while with Mr. Gilbert. I don't know what Mr. Jolley's

14 time constraints are.

15 MR. KOCH: Yeah. I thought you said a few questions

16 based on last Friday, but --

17 MR. PARKER: No, no. I --

18 THE COURT: So if Mr. Parker's not a few

19 questions --

20 MR. PARKER: I had the whole week and a weekend to

21 be able to prepare for this gentleman, so --

22 THE COURT: All right. Mr. Parker, sit down.

23 Sir, I'm going to let you go get some coffee or

24 something.

25 How long the Mr. Jolley so I can tell Mr. Gilbert

1 when to come back?

2 MR. KOCH: I think my direct will be less than an
3 hour for sure, and then depending upon cross.

4 THE COURT: So hour and a half or so. Go visits
5 Starbucks, walk around. I wouldn't go back to the Washington
6 -- the office.

7 THE WITNESS: Okay.

8 THE COURT: You'll never get back here.

9 THE WITNESS: Yes, Your Honor.

10 THE COURT: All right. So we're going to suspend
11 Mr. Gilbert while we do Mr. Jolley, and then resume. Because
12 Mr. --

13 MR. KEMP: Your Honor, I forgot to mark the exhibit.

14 THE COURT: Would you like to mark it as
15 Demonstrative next in order?

16 MR. KEMP: I would, Your Honor.

17 THE CLERK: That'll be D3. D, demonstrative. It's
18 my codes so that I know what it is. The Ds don't go back to
19 the jury.

20 MR. PARKER: Your Honor, while he's doing that I
21 have I have been able to avoid the 17th, so if the Court wants
22 to use the 17th, I'm available on the 17th.

23 THE COURT: Okay. So far it's booked today and
24 tomorrow.

25 MR. SHEVORSKI: 17 is fine with the State, Your

1 Honor.

2 THE COURT: Dan was talking about booking something
3 when you guys hadn't. So let's see what he booked. He booked
4 a settlement conference all day on the 17th. But I have time
5 later in that week.

6 MR. KOCH: I think we talked the 18th and 19th for
7 our case, Your Honor. Can I call Mr. Jolley now?

8 THE COURT: Yes, you may.

9 So do you want me to book the 18th and 19th before
10 Dan gives them away to somebody else? Everybody okay coming
11 on the 18th and 19th? Anybody have a problem with the 18th or
12 19th?

13 MR. SHEVORSKI: It's fine with the State, Your
14 Honor.

15 MR. GENTILE: I have one, but I also have other
16 lawyers that are here, so I could -- we'll deal with it.

17 THE COURT: So we're going to book the 18th and
18 19th. Don't let Dan set anything else.

19 ANDREW JOLLEY, DEFENDANTS' WITNESS, SWORN

20 THE CLERK: Thank you. Please be seated. Could you
21 please state and spell your name for the record.

22 THE WITNESS: Andrew Jolley, A-N-D-R-E-W
23 J-O-L-L-E-Y.

24 THE COURT: Sir, there's a pitcher of water there,
25 there's M&Ms in the dispenser, then there's a ton of exhibits

1 counsel may refer you to.

2 MR. KOCH: Just a couple, hopefully.

3 DIRECT EXAMINATION

4 BY MR. KOCH:

5 Q Mr. Jolley, are you involved in the business of
6 marijuana?

7 A Yes.

8 Q When did you first become involved?

9 A Started looking at it in 2013, applied for licenses
10 in '14, opened in '15.

11 Q And prior to that time frame what line of work were
12 you in?

13 A Commercial real estate investments mostly.

14 Q And tell us what -- how you first became involved.
15 How'd you learn of it, and what was the steps that were made
16 to become involved in the business of marijuana?

17 A Believed in the medical benefits of marijuana for
18 quite some time, and also believed that it should be
19 legalized, but I didn't really consider getting into the
20 industry until Nevada passed its laws in the summer of 2013
21 allowing the industry to be commercialized and to issue
22 licenses. I felt that myself and business partner and others
23 would be compelling applicants, and so we applied in 2014 for
24 medical licenses.

25 Q What was the entity that applied for that license?

1 A Nevada Organic Remedies and Henderson Organic
2 Remedies.

3 Q All right. And so you submitted an application in
4 2014. Were you successful in obtaining a license?

5 A Yes.

6 Q And how many licenses were obtained?

7 A We were awarded a production license for Nevada
8 Organic Remedies cultivation and dispensary, and we were also
9 separately awarded a dispensary license for Henderson Organic
10 Remedies, another entity that I am the owner of.

11 Q All right. And after award of that license did you
12 -- did Nevada Organic Remedies move forward and actually open
13 a location?

14 A Yes.

15 Q When did that location open?

16 A Our cultivation opened in October of '15, our
17 production in December of '15, and our dispensary opened on
18 December 10th of 2015.

19 Q What was your role with respect to the operation of
20 those establishments?

21 A Owner and CEO.

22 Q Okay. Were you familiar with the processes and
23 regulations that apply to those establishments?

24 A Yes.

25 Q And other than your direct involvement with your

1 specific dispensaries or cultivation locations were you
2 involved personally in the industry itself outside of your
3 business?

4 A Yes. I was involved in the industry in a number of
5 different ways. I was one of the founding members of the
6 Nevada Dispensary Association. I was a board member, and then
7 I became the president of the NDA, a position that I held for
8 three years. I also helped out in the Question 2 campaign and
9 a couple of other panels and boards that I've been a part of.

10 Q Nevada Dispensary Association. That's been
11 mentioned a few times during the course of this hearing. Can
12 you tell us a little bit more about that organization. What
13 was its purpose?

14 A Sure. The Nevada Dispensary Association was formed
15 actually after Clark County held its special use permit
16 hearings and business license hearings in early 2014. We were
17 a part of that. And then that organization ultimately became
18 the preeminent industry association for the state of Nevada.
19 We during my tenure as president represented well over
20 90 percent of dispensary owners in the state and were involved
21 in, you know, a lot of different regulatory discussions,
22 community involvement, you know, a lot of different facets of
23 representing the best interests of the community and the
24 industry.

25 Q When you say the NDA represented 90 percent or more

1 of dispensaries what does that mean exactly? Do they have to
2 join, or did you force them to join?

3 A No. So that means that they voluntarily joined the
4 organization, signed our bylaws, and paid dues.

5 Q Were any of the -- you looked at plaintiff parties
6 that are part of this case here?

7 A Yes.

8 Q Were any of those entities part of the NDA during
9 your time that you were on the board?

10 A I believe all or the majority of them were, yes.

11 Q And you served as a board member and as president of
12 that organization?

13 A Initially as a board member, and then became
14 president when that seat was vacated.

15 Q Okay. When did you become president, if you recall?

16 A I believe it was early 2016. There was a president
17 who served for a short term, and then when he left I was asked
18 to run for president by several members of the Association.

19 Q Yeah. And you ran and you apparently were elected
20 as president? Was there actually an election?

21 A Very prestigious, a very tight race. No. I --
22 yeah, several members approached me, including the former
23 president -- two former presidents, and asked me to run, and I
24 reluctantly did that because I felt like I could add some
25 value.

1 Q Okay. Who were the former presidents that asked you
2 to run?

3 A Neil Tomlinson was the first president, an attorney
4 here in town, and he stepped down, and Shane Terry was the
5 president for just a couple of months, and he ended up leaving
6 the company that he was leading, and so when he stepped down
7 from his position with that company he also stepped down from
8 the president of the NDA.

9 Q All right. You said you became president in 2016.
10 During the time you were president did the NDA work on the
11 initiative Question 2 that you referenced?

12 A The NDA didn't get involved directly, but because of
13 my involvement in the industry generally I was asked to be a
14 part of the Question 2 team, if you will. And I cared about
15 it a lot, and so I ended up becoming very involved in the
16 campaign.

17 Q Okay. And so you were aware of what Question 2 was
18 proposing?

19 A Yes. Generally, yes.

20 Q Okay. What did you understand the purpose of that
21 initiative to be?

22 A Question 2 was a ballot initiative proposing to make
23 marijuana recreationally available in the state of Nevada for
24 adults. It provided provisions that would essentially double
25 the number of dispensary licenses in the state. Where there

1 were 60-something, 63, 64 medical only dispensaries, Question
2 2 allowed for essentially a doubling of those licenses
3 allocated by population to various jurisdictions throughout
4 the state. It allowed for adults over the age of 21 to
5 purchase limited quantities of marijuana and marijuana
6 products from licensed dispensaries throughout the state. And
7 several other provisions. But that's generally what the
8 purpose was.

9 Q All right. Question 2 passed, we know. After
10 Question 2 passed were you involved personally with any
11 further steps to sort of implement Question 2?

12 A So the Nevada Dispensary Association has been and
13 was asked to be involved before, during, and after the passage
14 of Question 2 intimately, worked very closely with the State
15 and, of course, with owners and other stakeholders in the
16 community, law enforcement, et cetera, to be very thoughtful
17 and careful about how Question 2 was implemented, the
18 regulations surrounding Question 2. In addition to that I was
19 asked to be on a couple of different panels, one for Clark
20 County, the Green Ribbon Panel, and I was asked to be on a
21 working group for the Governor's Task Force for the
22 implementation of Question 2, the recreational program.

23 Q All right. That Task Force, we've heard some
24 testimony about that previously. What was your specific role?
25 You were on the working group. What did you do?

1 A I was on the working group for the retail
2 subcommittee, so the committee that I was on, I don't remember
3 exactly how many members there were, eight or twelve, in that
4 range. We were tasked with coming up with recommendations for
5 the regulations regarding dispensaries under the recreational
6 program. So everything from, you know, application to
7 operation to marketing to, you know, inventory controls and
8 other operational issues.

9 Q Okay. Let's have you turn -- we're looking for
10 Exhibit 2009, find the binder.

11 MR. KOCH: If I could approach, Your Honor.

12 THE COURT: You may.

13 (Pause in the proceedings)

14 BY MR. KOCH:

15 Q Exhibit 2009 has been identified previously as the
16 Task Force report that was prepared, final report May 2017.
17 Have you seen this report before?

18 A Yes.

19 Q All right. Ask you just about a couple of the
20 recommendations that were there. If you could turn to page
21 2515, Bates Number 2515.

22 A Okay.

23 Q And that should be titled Application Licensing
24 Requirements. You see that?

25 A Yes.]

1 Q Going to ask you about the recommendation under the
2 Application Process section, which says, "The Task Force
3 recommends that the qualifications for licensure of a
4 marijuana establishment in the impartial numerically scored
5 bidding process for retail marijuana stores be maintained as
6 in the medical marijuana program."

7 First let's stop there. Was there some carryover
8 from medical marijuana with respect to the application process
9 for recreation that you're aware?

10 A Yes. There's quite a bit of overlap.

11 Q Okay. And then it goes on to say, "Except for a
12 change in how local jurisdictions participate in the selection
13 of locations, the Department of Taxation should rank the
14 applicants based on applicants' qualifications without respect
15 to the planned location of their business. The local
16 government should be responsible for working with the rank
17 list of applicants prepared by the Department of Taxation to
18 determine acceptable locations based on requirements within
19 the respective jurisdiction."

20 Were you aware of that recommendation?

21 A Yes.

22 Q Was that something that was discussed among Task
23 Force members?

24 A Yes.

25 Q What was the purpose of that recommendation as you

1 understood it?

2 A It was to improve upon the previous process, which
3 was very problematic with respect to location selection. So
4 back in 2014 on the medical program there was a requirement to
5 have the location identified and secured, owned or leased, in
6 order to submit an application. Not only that, but certain
7 jurisdictions, like Clark County, for example, actually issued
8 special use permits to applicants prior to when the State went
9 through its competitive application scoring process which
10 occurred -- came out in November of '14.

11 So that created a lot of confusion in the community.
12 There were something like 500 applications in 2014 for 60-
13 something licenses, and so the requirement to have an
14 applicant secure a location prior to applying created a lot of
15 collateral damage in the community. As you can imagine, you
16 had almost 80 or 90 percent of the locations that were secured
17 went unused, essentially. And so in order to avoid that same
18 problem there was a recommendation made here and ultimately
19 carried out by the Department not to make a location selection
20 a requirement to apply. It's simply inefficient, it was
21 problematic, and created a lot of headaches for people.

22 Now, being in the real estate industry, it was an
23 advantage to me, because we own shopping centers and we were
24 able to secure locations. But if you look at totality of what
25 happened in 2014, there was a lot of problems with requiring

1 applicants to secure a location prior to applying. You had so
2 many people go out and sign a lease or in some cases even buy
3 buildings, and those applicants ultimately didn't -- many of
4 them did not get a license from the State, and so it led to a
5 lot of inefficiency problems, even lawsuits and other issues
6 with that.

7 So this, in my opinion, was an effort to learn from
8 that past mistake in 2014 and improve upon it and essentially
9 allow the State to decide who gets the license and for the
10 local jurisdictions to decide where those licenses would go.
11 Which is how it's done for many other industries and other
12 examples.

13 Q And let me ask. Was this issue or this change, was
14 this known in the industry, to the extent you know?

15 A Everyone that I talked to, and keep in mind, I
16 talked to a lot of people, was aware of this and supported it.

17 MR. CRISTALLI: Objection. Calls for speculation.

18 THE COURT: Overruled.

19 THE WITNESS: In my experience everyone that I
20 talked to knew about it and, not only that, was in favor of
21 it, because of the past problems that were encountered in
22 2014.

23 BY MR. KOCH:

24 Q I read the regulations more generally. Did you
25 participate at all with respect to the Department and its

1 process for drafting and adopting regulations?

2 A Well, I was certainly aware of the process and kept
3 close tabs on the process and attended many hearings. And so
4 in that respect I was certainly aware of the regulatory
5 process.

6 Q What type of hearings were held on the regulations?

7 A Well, any time there are new regulations adopted
8 there's a requirement to have public hearings and take public
9 comment. But not only that, stepping back even before the
10 regulations were adopted the Task Force met under a public --
11 open meeting rules, and so there was public comment during
12 each of the Task Force meetings. There was, you know, public
13 comment regarding temporary regulations. There was public
14 comment on hearings regarding the permanent regulations. So
15 there were several steps along the way in which people could
16 have voiced their concerns or opinions about the regulations
17 and more specifically, the application process itself.

18 Q All right. And if someone had an objection to a
19 proposed regulation brought up to Task Force, would that
20 objection would be considered by the Task Force?

21 A Well, I guess it would depend on what you mean by
22 considered. But, yeah, there were certainly many
23 opportunities for industry people, owners, operators, and the
24 public to comment on the proposed recommendations from the
25 Task Force, but also the actual regulations that were

1 ultimately promulgated.

2 Q And you said you attended some of the public
3 hearings on the regulations?

4 A Yes.

5 Q You said temporary regulations. Were there
6 temporary regulations that were adopted at some point?

7 A So Question 2 passed in November of 2016. It called
8 for the recreational program, if I remember correctly, to be
9 operational by 2018. But piggybacking off of what other
10 states had done, Nevada decided to actually start allowing
11 recreational sales in advance of that deadline, and that was
12 through a program called Early Start. And I believe in order
13 to get the Early Start Program up and running, which allowed
14 for recreational sales to take place essentially under the
15 medical regime starting in July 1st of 2017, I believe that
16 there were some temporary regulations that were put in place
17 to support that effort.

18 Q Did NOR or Nevada Organic Remedies -- did it apply
19 to open under the Early Start Program?

20 A Yes.

21 Q In most of the industry, as far as you're aware of,
22 apply to be open under the Early Start Program?

23 A Most dispensaries applied and pursued -- applied for
24 and pursued the Early Start Program. Not all either qualified
25 or could get their affairs in order to actually do that, but

1 as far as I can recall, the vast majority did apply for that.

2 Q So not everyone that applied actually got a license
3 under Early Start?

4 A Well, there were certain conditions that had to be
5 met. And, you know, looking back there were at least one
6 dispensary that I'm familiar with, possibly multiple who
7 simply were not in a position to comply with all the
8 requirements to be open on July 1 for the Early Start Program.

9 Q And then let's move forward to the -- closer to the
10 time frame we're talking about specifically here in the 2018
11 application process. Were you aware that final regulations
12 were adopted by the Department of Taxation at some point?

13 A Yes.

14 Q And do you know when those were adopted?

15 A I believe final regulations were adopted in early
16 2018, maybe July of '18.

17 Q Were those regulations promulgated to the industry?

18 A Absolutely. Everyone was made aware of them through
19 various means, the lists are through public publication, et
20 cetera.

21 Q Ask about that for a second. The Listserv you've
22 mentioned, what is that?

23 A Starting back in 2014 the Department at that time
24 DPBH, The Department of Public and Behavioral Health, who
25 administered the medical marijuana program, started the

1 Listserv, which has continued ever since that time, which is
2 essentially a email distribution list to keep industry folks,
3 as well as anyone who wants to, up to speed on what is
4 happening with the medical and now recreational programs. The
5 State also requires each medical and recreational marijuana
6 licensee to have a designated point of contact, which includes
7 an email address specifically so the Department can keep
8 abreast of what's going on.

9 Q All right. And did NOR receive communications
10 through that Listserv?

11 A Yeah. We have many people in our company who are on
12 that Listserv distribution list.

13 Q And were there communications in 2018 to that
14 Listserv about the application process for recreational
15 marijuana licenses?

16 A There were several communications, emails regarding
17 the application process, not only in '18, but starting in '17.

18 Q Okay. So did you feel like you were aware of the
19 process and how it would be carried out?

20 A Yes, I believe anyone and everyone who is part of
21 the industry was aware of the process and what was going on,
22 and I certainly was.

23 Q Were you aware that applications would be sought or
24 received by the Department to open -- to receive an additional
25 recreational marijuana license?

1 A Yes.

2 Q Okay. And did NOR start working on applications to
3 submit for that process?

4 A We started months and months in advance, yes.

5 Q How far in advance of when the applications were due
6 did NOR start?

7 A I guess in a way we started preparing our
8 application after Question 2 was passed. I mean, we -- you
9 know, based on the language and the ballot initiative we knew
10 it would be a competitive application process, and we made
11 certain assumptions about the types of information the
12 Department would seek in evaluating applications. And so we
13 spoke with legal counsel and met internally very early on,
14 meaning, you know, end of '16 through '17 and into '18.
15 Started laying the groundwork for a compelling application and
16 spent significant amount of time and energy putting the pieces
17 in place to be a good applicant, a good applicant meaning an
18 applicant that we thought would be compelling for the State
19 and its review of what we knew would be hundreds and hundreds
20 of applications.

21 Q Did you ever consider just resubmitting your medical
22 application that you filed in 2014?

23 A I never considered that. We had people that, you
24 know, brought that up, you know, can we leverage the hundreds
25 and hundreds of pages of documents that we wrote and put

1 together from 2014, but I knew that wouldn't be enough. The
2 industry had changed, the world had changed from 2014 to 2018.
3 In 2014 no one in Nevada had experienced running a regulated
4 marijuana company. By 2018 it was already a very competitive
5 industry. And I take nothing for granted, and so we made a
6 concerted effort as early as possible to start laying the
7 groundwork for a compelling application.

8 Q How many people did NOR have work on its
9 applications?

10 A I was primarily responsible for it, beginning to
11 end. But we had dozens of people inside and outside the
12 company working on various aspects of the application. So we
13 hired counsel who has a team of people to help with that, but
14 we also enlisted the help of several people inside the company
15 and a few consultants, as well, to help us prepare the
16 application.

17 Q Do you have an estimate of how much actual time, how
18 many hours were spent to prepare those applications?

19 A So we started doing meetings and conference calls
20 probably in the summer of 2017. And so between the time we
21 started actively having meetings and working on aspects of the
22 application until it was submitted in September of '18, I
23 would only guess that there were thousands of man hours spent
24 and, you know, considerable financial investment, as well,
25 preparing an application that we were proud of and that we

1 felt represented our collective efforts as a company.

2 Q How long was the application that NOR submitted, how
3 many pages?

4 A I don't remember the exact number of pages, but it
5 was in the thousands, you know, it was well over 1200 pages.

6 Q One of the issues in this case is the question of
7 whether multiple applications would be submitted or whether
8 one application would be submitted for multiple jurisdictions.
9 What did NOR do with respect to preparation of one or more
10 applications?

11 A Well, that was a good question, because we didn't
12 know how the State would accept applications. We didn't know
13 early, early on whether or not you had to submit a separate
14 application for each jurisdiction for which you were applying
15 or if there would be one application that could be submitted
16 for multiple jurisdictions. It ended up being the case that
17 the State decided that only one application was required, and
18 then you would essentially check the boxes for the various
19 jurisdictions that you wanted to apply for. And the fees
20 would then be adjusted according to the number of
21 jurisdictions for which you're applying.

22 Q And so it sounds like NOR did not actually prepare
23 from start to finish a separate application for each
24 jurisdiction, is that right?

25 A No, we did not. We prepared a single application

1 that we felt would meet the requirements for the State and
2 apply in all those various jurisdictions and then essentially
3 selected the various jurisdictions that we wanted to apply in
4 which I believe were eight.

5 Q Does it surprise you that NOR received essentially
6 the same score in each of the jurisdictions for which an
7 application was submitted?

8 A No, because it was the same application. Everyone
9 knew that, and it shouldn't be a surprise to anybody. But I
10 believe our scores did vary slightly if I'm not mistaking.

11 Q How slightly, do you know?

12 A I don't remember, but it was a very small amount.
13 And when I inquired about that and discussed it with our team
14 and with our counsel I think we ultimately theorized that it
15 had to do with how the size of the proposed marijuana facility
16 might meet the needs of the community, because the size of a
17 community and the needs of the community may be different for
18 the different jurisdictions for which we are applying. And so
19 we theorized that that could have had an impact on the slight
20 variance in our score. But essentially we received the same
21 score.

22 MR. CRISTALLI: Objection. That calls for
23 speculation.

24 THE COURT: Overruled.

25 //

1 BY MR. KOCH:

2 Q And you've actually reviewed the scores that NOR
3 received for each jurisdiction?

4 A Yes.

5 Q Those scores, are they all within a point or so of
6 each other?

7 A I believe so, yes.

8 Q So when we say a slight variance, less than a point?

9 A I actually don't remember, but it's very minimal.

10 Q And did NOR submit its application in a timely
11 fashion?

12 A Yes.

13 Q There's been some question in this case regarding
14 the disclosure of ownership as part of the application. And
15 currently are there other owners than you and the original
16 owners of NOR?

17 A Yes.

18 MR. KOCH: Exhibit 5026. If I can approach, again.

19 THE CLERK: That's proposed.

20 THE WITNESS: Proposed?

21 THE COURT: So can we take it down. Is there a
22 stipulation of 5026?

23 MR. CRISTALLI: Haven't seen it.

24 MR. KOCH: It's the transcript letter.

25 THE COURT: Hold on a second, sir.

1 MR. KOCH: All right. No objection. Move to admit
2 5026, and also 5025 while we're at it.

3 THE COURT: Any objection to 5025, 5026?

4 MR. KEMP: No, Your Honor.

5 THE COURT: They'll be admitted.

6 (Defendants' Exhibits 5025 and 5026 admitted)

7 MR. CRISTALLI: No, Your Honor.

8 THE COURT: Okay. Now you can display it. Thank
9 you.

10 BY MR. KOCH:

11 Q All right. It's the last one in there. And, Mr.
12 Jolley, Exhibit 5026, can you tell us what this is.

13 A This is a letter from the Department of Taxation
14 dated August 20th, 2018, to Amanda Connor on behalf of Nevada
15 Organic Remedies.

16 Q And Amanda Connor, what was her role with respect to
17 Nevada Organic Remedies?

18 A Legal counsel.

19 Q Okay. And the subject is MME Ownership Change. Was
20 Nevada Organic Remedies going through an ownership change at
21 that point in time?

22 A Yes.

23 Q And can you describe for us what you understood this
24 letter to be.

25 A Sure. Earlier in the year we had decided to sell a

1 portion of the company to a group called Green Growth Brands,
2 GGB. And so this letter is confirming that the State had
3 reviewed and approved that ownership change and lists the
4 entities and individuals related to each entity that
5 constitute the owners of Nevada Organic Remedies.

6 Q Okay. There's an entity named GGB Nevada LLC, and
7 then below that, Xanthic Biopharma Inc. What are those
8 entities and their relationship to Nevada Organic Remedies?

9 A So GGB Nevada LLC was acquiring a 95 percent
10 ownership of Nevada Organic Remedies. GGB Nevada LLC is
11 wholly owned by Xanthic Biopharma Inc., which has board
12 members and officers listed below that.

13 Q Okay. And we turn to the next page. There are
14 other individuals listed there, yourself, Stephen Byrne,
15 Patrick Byrne, Harvest Dispensaries and Liesl Sicz and Darren
16 Peterson. What was their role with respect to Nevada Organic
17 Remedies?

18 A These five individuals were the original owners of
19 Nevada Organic Remedies who were in place in 2014. And it was
20 these five individuals who were selling a portion of the
21 company to Green Growth Brands, to GGB Nevada.

22 Q And that letter, as of the time it was written, did
23 that accurately depict the ownership structure of Nevada
24 Organic Remedies?

25 A Yes.

1 Q Let's turn to the prior exhibit, 5025. Can you tell
2 us what this document is, it's -- well, go ahead and tell us
3 what you understand this to be.

4 A So 5025 is a section of the application submitted in
5 September of 2018, 5.2.10.1, organizational charts, which is
6 responsive to part of the application regarding owners,
7 officers, board members, et cetera of the company.

8 Q Let's turn to the second page of that document,
9 which is Bates Number 1427. And there's a chart up there. If
10 you could tell us what this chart depicts, please.

11 A Sure. This is a chart that describes the owners of
12 Nevada Organic Remedies, their respective ownership
13 percentages and the case of Xanthic Biopharma, a publicly
14 traded company, the board members and officers of that
15 company.

16 Q And then down below it says, "Nevada Organic
17 Remedies LLC officers." Who are they?

18 A So these are the people that -- the executives that
19 actually run Nevada Organic Remedies. So we felt that it was
20 important to provide thorough and accurate representation of
21 the applicant, Nevada Organic Remedies and who owns and runs
22 the company.

23 Q So was it disclosed to the Department of Taxation as
24 part of NOR's application, the owners, officers, and board
25 members of the entity?

1 A Yes, it's throughout the entire application. I
2 think there's -- I counted at least four cases of this
3 disclosure just in this section alone.

4 Q And to the individuals listed there, did they obtain
5 agent cards?

6 A The individuals, yes.

7 Q And what's the purpose of an agent card as you
8 understand it?

9 A Both the medical and recreational programs require
10 that owners and officers and employees of a medical marijuana
11 or a recreational marijuana facility obtain an agent card
12 before -- as part of its approval process. And that is a way
13 for the State to essentially monitor who is involved in the
14 industry, make sure they can pass a background check. And
15 it's part of the regulatory regime for overseeing the program.

16 Q All right. Let me have you turn to -- a few more
17 pages in, Bates Number 1435. Can you tell us what this part
18 of the document depicts.

19 A So we wanted to provide some detail as to who the
20 owners of the company are. And so we included, you know,
21 small pictures, head shots, name, title and role briefly
22 describing who all of the individuals are affiliated with the
23 company.

24 Q And did NOR list every shareholder? Xanthic was a
25 public company -- NOR list every shareholder of Xanthic?

1 A No, I don't believe that was a requirement.

2 Q Let's look at, same binder, should be Exhibit 5023.
3 And Exhibit 5023 is titled "Licensed entity, owners, officers,
4 board members as of May 1st, 2019." Do you know if the
5 Department kept a list of owners, officer, and board members
6 of each licensed entity?

7 A Yes, I believe it does.

8 Q And if we look in this document there aren't Bates
9 numbers, but we're going to look alphabetically to find Nevada
10 Organic Remedies, which is about halfway through. Let me know
11 when you get there.

12 A Yep, I've found it.

13 Q All right. So the first indication that I see of
14 Nevada Organic Remedies --

15 MR. KOCH: Actually, Brian, if you could go up one.
16 Yeah, there we go.

17 BY MR. KOCH:

18 Q It's right under Nevada Natural Medicines, and it
19 says, "T56" to the left of that. Do you know what that
20 indicates, the T56?

21 A That could be our application number. It just says,
22 "ID" at the top of the column.

23 Q Okay. And listed here, it says, "Distributor for
24 the license type." Did NOR have a distributor license?

25 A Yes.

1 Q Okay. And it lists a number of individuals there in
2 the T56 as owners, officers, and board members; is that right?

3 A Yes.

4 Q Did NOR try to keep the Department up to date with
5 respect to who was an owner, officer, or board member of the
6 company?

7 A Yes, we're required to. And we have made every
8 effort to do that, yes.

9 Q If that changed, would NOR update the Department?

10 A Absolutely.

11 Q Okay. Let's turn a couple more pages in. We're
12 going to go to the ID that appear to be associated with the
13 application in this case, [unintelligible] RD215. Let me know
14 when you're there.

15 A Okay.

16 Q All right. So we have RD215 -- actually let me --
17 if I could first point you down to the bottom of that page
18 216. Do you see that?

19 A Yes.

20 Q And on 216 you're listed first as an owner/officer.
21 Do you see that?

22 A Yes.

23 Q Was that accurate that you were an owner/officer of
24 Nevada Organic Remedies for the retail dispensary license in
25 Las Vegas?

1 A Yes.

2 Q And it continues on to the next page. There's a
3 number of individuals on RD216 including Patrick Byrne and
4 Stephen Byrne at the top of that page. Do you see that?

5 A Yes.

6 Q And those, also, were owners and officers with
7 respect to 216?

8 A Yes, that's correct.

9 Q Okay. One of the questions that I had is on -- if
10 we go back to 215, right above that, there's a number of
11 individuals listed again for Unincorporated Clark County.
12 Patrick Byrne is the first one listed there, and I didn't see
13 your name or Steve Byrne. Do you know why you're not on
14 there?

15 A I'm not sure. This is -- I didn't prepare this
16 list. I believe this is the State's list that they publish.
17 But I don't know why we wouldn't be. I think we were listed
18 on all the other Nevada Organic Remedies sections.

19 Q And you and Steve Byrne were listed on the
20 application for all the licenses, all the applications that
21 were submitted to the Department; is that right?

22 A The ownership was the same for every application
23 that we applied for. I don't know why -- if we were excluded,
24 I don't know why that would have been the case. It may have
25 been a clerical error, I'm not sure.

1 Q If fact if we go look at RD217 on the following
2 page, again. You're listed there as an owner/officer for
3 North Las Vegas; is that right?

4 A RD217?

5 Q Right. On the following page.

6 A Yes.

7 Q And RD218, also? Next page.

8 A Yes, that's correct. Yeah.

9 Q So as far as you're aware, you did provide that list
10 of names of owners and officers to the State; is that right?

11 A Yes. We provided a complete and accurate list of
12 all owners of Nevada Organic Remedies.

13 Q And the LLC itself, who are the managers of Nevada
14 Organic Remedies LLC listed with the Secretary of State?

15 A I believe myself and Steve Byrne.

16 Q Why didn't you just list yourself and Steve Byrne in
17 the application?

18 A I don't think that was what the application was
19 calling for. I believe the application was asking just like
20 in our ownership transfer letter that we had received from the
21 State a full and accurate listing of all owners and board
22 members and officers, as well.

23 Q All right. After NOR submitted its application to
24 the Department what happened between then and December of
25 2018, as far as your application, any communication, what was

1 that period of time like for NOR?

2 A Well, it was business as usual for us. We were just
3 operating the business. There was nothing to do regarding the
4 applications themselves. We didn't have any direct
5 communication with anyone that was, you know, scoring the
6 applications or reviewing them as far as I know.

7 Q Did you call -- did you know who the evaluators were
8 that were hired by the Department?

9 A No.

10 Q Did you talk to any of the evaluators during that
11 period of time?

12 A No.

13 Q Did you speak to any of the Department employees
14 with respect to the status of NOR's application during that
15 period of time?

16 A No.

17 MR. PARKER: I'm sorry. What period of time was
18 that again?

19 MR. KOCH: The time the application was submitted
20 until the awards or decisions were made in December of 2018.

21 MR. PARKER: Thank you very much.

22 BY MR. KOCH:

23 Q One of the issues that's been raised as part of a
24 motion in this case is compliance. What does compliance mean
25 to you in the context of this industry?

1 A We have about 256 pages of regulations that we are
2 required to comply with. And so we're a highly regulated
3 industry. And so, you know, a big part of running a marijuana
4 company here in the State of Nevada is understanding and
5 complying with those regulations, something we take very
6 seriously.

7 Q And when Mr. Ritter was here he testified about what
8 he called a deficiency. What's a deficiency in this industry?

9 A Deficiency is when the Department finds that a
10 licensee is not in compliance with certain aspects of the
11 regulations, and they issue a formal letter stating what those
12 deficiencies are.

13 Q Has NOR ever received a deficiency letter?

14 A Yes, I believe everyone in the industry has received
15 deficiencies.

16 Q And when NOR receives a deficiency letter does it
17 take steps to respond to it?

18 A Absolutely. So we're required to respond to a
19 letter of deficiency within a certain number of days, I
20 believe it's 10 days. And, yes, we've always done that and
21 always sought to comply with all regulations.

22 Q There's been one allegation made in this case about
23 NOR making a sale of marijuana to an individual who was
24 underage. Are you aware of that allegation?

25 A Yes. But I believe it was actually Henderson

1 Organic Remedies, not Nevada Organic Remedies, a sister
2 company, if you will. Another entity that I'm also an owner
3 of.

4 Q Okay. Was there an issue with a sale of marijuana
5 to an individual who was underage that you're aware of?

6 A Yes.

7 Q Okay. And what happened after that issue? Well,
8 how did NOR -- HOR become aware of that issue?

9 A So there was an incident where we were conducting an
10 internal audit to make sure we were following all of the
11 regulations, and we discovered that we had made a sale to
12 someone who I believe may have been 19 or 20 years of age, so
13 not the 21 years required. Under the medical program, you
14 know, you can have a medical card if you're under that age,
15 but under the recreational program you're required to be 21
16 years or older to purchase.

17 We uncovered that one of our employees had
18 accidentally checked in someone who was under the age of 21.
19 We caught that, we found it out, we did an internal
20 investigation to understand why that happened. And then we
21 disclosed that voluntarily to the State letting them know what
22 our course of correction was. In this specific case I believe
23 we terminated the employee who accidentally allowed that
24 person who was under the age of 21 to purchase products. And
25 we reprimanded -- officially reprimanded, you know, through

1 written sanctioned two other employees that were involved in
2 the transaction.

3 Q And so you self reported that transaction; is that
4 right?

5 A Yes, we self reported it.

6 Q And did the Department respond to your self report?

7 A Yes, they did.

8 Q And do you know how they responded?

9 A I don't remember exactly, but I think that they
10 acknowledged the plan of correction that we submitted along
11 with the self reporting of the incident.

12 Q And is this the only time that you've had a
13 discussion or communication with the Department about
14 correcting an incident and a plan of correction?

15 A No, that's part of any deficiency. In this case we
16 weren't issued a deficiency because we discovered the issue
17 before the State did. But in a normal situation, let's say
18 the State came in and performed an audit and found, for
19 example, a box sitting on the floor when it should be elevated
20 off the floor a certain number of inches, you know, in those
21 cases we have always responded within the designated required
22 time frame with a plan of correction.

23 Q All right. And are you aware of any of the
24 companies either that are parties to this case or that operate
25 in the industry who have operated since 2014 without a

1 deficiency?

2 A I'm not aware of a single company that has operated
3 without a deficiency.

4 MR. CRISTALLI: Objection. Calls for speculation.

5 THE COURT: Overruled.

6 BY MR. KOCH:

7 Q Let's pick your knowledge about the process the
8 Department used. You were generally aware of the process the
9 Department used to receive and score the applications?

10 A Yes. We knew that was forthcoming after Question 2
11 passed and the State made certain announcements along the way
12 leading up to the application process itself. But, yes, I was
13 aware of that.

14 Q Were there any improprieties or anything that you
15 believe was done wrong by the Department through the course of
16 that process?

17 A Not that I'm aware of.

18 MR. CRISTALLI: Objection. Speculation.

19 THE COURT: Overruled.

20 BY MR. KOCH:

21 Q Anything you might have done differently if you were
22 running the process?

23 A Well, I think it's easy to Monday morning
24 quarterback lots of things, especially when you look at the
25 context, right, you have a State that had only a couple years

1 previously implemented what is not almost a billion-dollar
2 industry from nothing, right. And these were not folks who
3 had experience regulating marijuana programs before. First it
4 was the Department of Health, and then later the Department of
5 Taxation.

6 So, yeah, I think we can all sit back and nitpick
7 certain things that could have been approved upon. But
8 overall I think the Department did a phenomenal job of
9 communicating its intentions following the ballot initiative,
10 implementing regulations that are responsive to the directives
11 and the ballot initiative. They provided ample opportunities
12 for public comment and feedback from the industry itself. I
13 don't recall a single individual in this room or among the
14 plaintiffs who stood up at any of the hearings and criticized
15 this application process or called into question or who made
16 significant criticisms of the application process.

17 Everyone knew that it would be essentially a blind
18 point score, and those who scored the highest would get the
19 highest number of licenses. We could have argued at that time
20 if that was the fair thing to do or a way to maximize the
21 distribution of licensees, but that's not what happened.
22 Everyone, the State, the public, and the industry itself was
23 aware of how these licenses would be allocated, and I don't
24 recall any significant debate about that leading up to the
25 application process itself.

1 Q One of the issues specifically talked about quite a
2 bit here is the diversity component of the scoring. Were you
3 aware the diversity to be one of the issues that were -- one
4 of the items that was part of the grading process?

5 A Yes.

6 Q All right. Did anyone at those public hearings
7 otherwise object to diversity being part of the process?

8 A There was some discussion about diversity.
9 Diversity was not a requirement in the original medical
10 program. And several legislators in the state wanted to
11 include diversity going forward, and so I believe that was
12 added to the medical program as a criteria for the allocation
13 of future applications under the medical program. And so,
14 yes, there was some discussion during -- that would have been
15 the 2015 I believe legislative session about diversity and
16 maybe even the '17, as well.

17 But I don't recall any significant debate in the
18 promulgation of the regulations about diversity with the
19 industry, and I don't recall any significant debate, at all
20 really, when the application itself came out. No one stood
21 up, as far as I can recall, and said, hey, this is a problem
22 or this scoring rubric is messed up or I have an issue with
23 this. I just don't remember any of that.

24 Q One of the other criticisms that's been levied, is
25 it certain of the criteria on that directly demonstratively

1 related to the operation of the marijuana establishment. Did
2 anyone object that a certain criteria was listed was not
3 directly and demonstratively related to the operation of the
4 marijuana establishment?

5 A Well, I think it was clear that the State was
6 looking for people who had experience running a marijuana
7 establishment. In fact, the only people who could apply for
8 the recreational licenses were people who had already had a
9 medical license. And so it was clearly understood in my
10 opinion that the State was looking for experienced operators.
11 But I do not recall anyone standing up and saying that -- or
12 complaining that the application did not specifically call for
13 experience, I mean I think it was understood. I know in our
14 case we made every effort to leverage and to taunt and to, you
15 know, use our significant experience as an operator here in
16 the state throughout all aspects of the application.

17 Q All right. You said, "taunt." Did you mean to say
18 taut?

19 A Taut. Thank you very much.

20 Q Okay. If there's any taunting going on I was --

21 THE COURT: I was wondering, the way they were
22 talking it's like a sports game.

23 THE WITNESS: Maybe that's some foreshadowing of the
24 next people who are going to ask me questions. No, I'm just
25 kidding. Yeah, thank you for correcting that.

1 BY MR. KOCH:

2 Q All right. Let's just talk for a moment about what
3 happens if an injunction were granted here. What's your
4 understanding as far as NOR's obligation to open an
5 establishment with its conditional license?

6 A So we applied for eight licenses and we were awarded
7 seven. Part of the requirement is that we have one year from
8 the time the licenses were -- the provisional licenses were
9 awarded to get open. And so we're halfway through that right
10 now, right. And I think the plaintiffs in this case know
11 that, and I think their tactics to delay and --

12 MR. CRISTALLI: Objection.

13 THE COURT: Overruled.

14 THE WITNESS: -- stall that are apparent. So we are
15 under a tight time frame to get these new locations open. And
16 so we would absolutely incur a tremendous amount of harm if we
17 are further delayed in getting them open. And unfortunately,
18 local jurisdictions throughout the state are looking at this
19 case, and they are -- they have decided to delay processing
20 zoning applications and other necessary steps to get these
21 facilities open because of the wild speculation that has been
22 spread through these proceedings and the people involved.

23 BY MR. KOCH:

24 Q There's let's say an exception or maybe a carve-out
25 within that time period and the problems promulgated saying if

1 there are extenuating circumstances that time period may be
2 extended. Have you had any discussions with the Department or
3 anyone else about extending that period for extenuating
4 circumstances?

5 A I haven't personally had any discussions with the
6 Department about that issue. My hope is that they consider
7 this case and what the local municipalities have done in
8 extenuating circumstance, but to date there's nothing that I'm
9 aware of that's in writing guaranteeing that. So as far as I
10 am concerned, in the way that we're running our business,
11 we're not taking anything for granted. We're assuming that
12 the State's deadline still stands.

13 Q What needs to happen between now and December 4th,
14 2019, in order to get a final approval and inspection to be
15 able to open those establishments?

16 A Well, you would have to secure a location that met
17 all of the separation requirements that were discussed
18 previously. You'd have to go through local zoning approval.
19 You'd have to get a local business license. You's have to get
20 the facility built out and inspected by the Department in
21 order to begin operations.

22 Q So within the next six months you'd have to do all
23 of those things?

24 A Correct.

25 MR. KOCH: No further questions.

1 THE COURT: So, sir, before I turn you over to the
2 plaintiffs, the transaction between you and your original
3 founding parties with GGB Nevada, was that an all-cash
4 transaction?

5 THE WITNESS: No.

6 THE COURT: How much stock did you get as a result
7 of that transaction?

8 THE WITNESS: The transaction was 95 percent cash
9 and 5 percent stock.

10 THE COURT: So how many shares, or if it's easier,
11 what percentage of shares do you own in Xanthic Biopharma?

12 THE WITNESS: The short answer is I don't know. The
13 more lengthy explanation is that I'm a significant shareholder
14 of Xanthic/GGB. They changed their name from Xanthic to GGB,
15 Green Growth Brands. So I may refer to those interchangeably.
16 We are in the process of selling our Henderson license to the
17 same entity, and that's set to close at the end of this month.
18 When that closes I know that I will be one of the largest
19 shareholders in the company.

20 THE COURT: And when you say significant, and I'm
21 not talking about the future closing, only the one right now,
22 what is your percentage of the publicly traded entity?

23 THE WITNESS: I would guess around 1 percent, but I
24 could be off a little bit on that.

25 THE COURT: So you think you only own 1 percent of

1 the publicly traded entity?

2 THE WITNESS: Uh-huh.

3 THE COURT: Who owns the majority interest of that?

4 THE WITNESS: Who does?

5 THE COURT: Yep.

6 THE WITNESS: The largest shareholder I believe is

7 the Schottenstein family.

8 THE COURT: And how much do they own percentage

9 wise?

10 THE WITNESS: I believe it's around 30 percent.

11 THE COURT: Okay. Thank you.

12 THE WITNESS: You're welcome.

13 THE COURT: We have about 15 minutes, Mr. Kemp. If

14 you'd like to start.

15 MR. KEMP: We might as well get started, Your Honor.

16 CROSS-EXAMINATION

17 BY MR. KEMP:

18 Q Good morning, Mr. Jolley.

19 A Good morning.

20 Q Now when I say NOR, will you understand that to be

21 Nevada Organic Remedies?

22 A Yes.

23 Q And rather than say HOR for Henderson Organic

24 Remedies, I think I'll just say it out in full, okay?

25 A I know where you're going with that, and that's --

1 Q Yeah, you've had that problem before?

2 A That's fine with me, although I've used both --

3 Q Okay.

4 A -- terms.

5 Q Now basically Nevada Organic Remedies got an 8 for

6 its diverse grading; right?

7 A As far as I recall.

8 Q Eight out of 20, which means in the eyes of the

9 graders you were 40 percent diverse?

10 A I'm not sure I can answer that.

11 Q Okay. And as the Judge mentioned, Xanthic's, a big

12 public Canadian public company?

13 A I don't know what you mean by big.

14 Q Well, it's over a billion-dollar company; right?

15 A I'm not sure if that's true.

16 Q Okay. Does it strike you as odd that a billion-

17 dollar Canadian public company wind up with an 8 or 40 percent

18 diversity rating?

19 A Well, A, you're using the word "big" again, and I

20 don't know what that really means. I don't think they're a

21 billion-dollar company. And, B, no, I don't personally find

22 that odd.

23 Q You don't find that offensive that a big Canadian

24 public company got a relatively high diversity rating of 8?

25 MR. KOCH: Objection. Argumentative.

1 THE COURT: Overruled.

2 THE WITNESS: Offensive?

3 BY MR. KEMP:

4 Q Yeah, offensive to minorities and women. You don't
5 find that offensive?

6 A We put together a very compelling application, and
7 I'm proud of the score that we received. We put -- with
8 respect to diversity, we were as accurate and thorough and
9 complete as possible in our application, and we didn't know --

10 Q If you were so --

11 THE COURT: Wait. You've got to let him finish, Mr.
12 Kemp.

13 BY MR. KEMP:

14 Q Go ahead.

15 A We did not know precisely that would be scored. We
16 didn't know the rubric, we didn't know exactly -- so how it
17 would turn out, we just put down on paper, you know, our best
18 effort that accurately represented the owners, board members,
19 and officers of the company, and that's where it shook out.

20 Q Well, actually what you did is you put the director
21 of human resources on your application as an owner, officer,
22 and board member; didn't you, a woman?

23 A Nope. I don't think that's correct.

24 Q Okay. Are you aware that she was rated for
25 diversity, she was part of your diversity rating? Are you

1 aware of that?

2 A Who are you talking about?

3 Q Okay. Why don't we get to it, and I'll show you
4 your exact diversity rating and what people were included and
5 not included, okay? And you tell me if you think someone
6 shouldn't have been included or if someone should have been
7 included, all right? First though, would you agree with me in
8 general that NOR's an LLC; right?

9 A That's correct.

10 Q Would you agree with me in general that the DOT
11 should have treated all the LLC applicants the same with
12 regards to how they graded diversity?

13 MR. KOCH: Objection. Legal conclusion,
14 speculation.

15 THE COURT: Overruled.

16 THE WITNESS: You're asking me to speculate on how
17 the Department graded applications, and I'm not --
18 BY MR. KEMP:

19 Q I'm not asking you how they graded --

20 A -- in a position to do that.

21 Q -- it.

22 THE COURT: Wait.

23 THE WITNESS: I'm still answering your question.

24 THE COURT: Guys, one at a time. Mr. Kemp, you've
25 got to let him finish.

1 MR. KEMP: Okay.

2 THE COURT: Sir, could you finish your answer. The
3 question was, should they have treated all LLCs the same?

4 THE WITNESS: You're asking me a technical question
5 about how the Department graded applications, and I don't
6 think I'm in a position to do that.

7 BY MR. KEMP

8 Q So you think it would be fair that they would give
9 you some special treatment that they didn't give to other
10 applicants, that's what you think --

11 MR. KOCH: Objection. Lacks --

12 THE COURT: Overruled.

13 THE WITNESS: Special treatment.

14 BY MR. KEMP:

15 Q Right.

16 A I don't know where that is coming from, but I don't
17 believe that we were deserving of any special treatment. I
18 believe that we put our best foot forward following the
19 guidelines of the application. We put together a thorough,
20 honest, complete and accurate application and we got the score
21 that we got.

22 Q Well, it's not fair to grade one LLC one way and
23 grade another LLC that's similarly situated another way;
24 right? That wouldn't be fair; would it?

25 A You are asking me to speculate about other

1 applications that I have no knowledge of. That's a ridiculous
2 question --

3 Q Oh, I'm going to show you some, sir.

4 A I'm still answering your question. I think it's
5 ridiculous for you to ask me a hypothetical to compare our
6 application with others when I haven't reviewed anyone else's
7 application.

8 Q I'm asking you --

9 A Nor was I in the position to be the one grading
10 those applications.

11 Q I'm asking --

12 A We put forth our most accurate, complete application
13 and we got the score that we got.

14 Q Did you expect that the Department of Transportation
15 would --

16 THE COURT: Taxation.

17 BY MR. KEMP:

18 Q Taxation would grade LLCs in the same fashion with
19 regards to diversity as opposed to grading some one way and
20 some the other way. Did you expect that?

21 MR. KOCH: Objection. Speculation.

22 THE COURT: Overruled.

23 THE WITNESS: The Department put forth an
24 application with a scoring rubric with certain requirements,
25 and it was my expectation that the Department would grade

1 those fairly across the board. And not only that, but a large
2 portion of the application itself was non-identified. So to
3 me that signified the Department's commitment to grading and
4 scoring these applications in an unbiased fair manner. And I
5 now know that they hired independent consultants to help do
6 that, to minimize the impact of having the regulators who
7 oversee the program, who have interaction with the applicants,
8 to minimize any potential bias there.

9 So from what I could tell, the Department absolutely
10 intended to be impartial in their evaluation of these
11 applications, and from where I sit today it seems like they
12 did a reasonable job of doing that.

13 THE COURT: Sir, can I ask the question slightly
14 different. Did you expect that they would apply consistent
15 standards in their grading to all LLCs?

16 THE WITNESS: Yes.

17 THE COURT: Okay. Thank you.

18 THE WITNESS: You're welcome.

19 BY MR. KEMP:

20 Q And that includes LLCs that were owned by public
21 companies. You expected them to provide the same standards?

22 A I guess I can repeat myself over and over and over
23 again, but I just --

24 Q Why don't you repeat the answer you gave to the
25 Judge, the yes or no answer.

1 A I'm going to give the answer that I am comfortable
2 with.

3 Q Well, no, you're actually required --

4 THE COURT: Mr. Kemp. Mr. Kemp, let him finish. I
5 want to give everybody in this courtroom as much time as they
6 need, under reasonable circumstances, to answer the questions.
7 And if it's not yes or no and he needs to explain, that's
8 great, we'll sit here and wait.

9 MR. KEMP: I'm fine with that, Your Honor.

10 THE COURT: But I just want one person talking at a
11 time, so later my record's going to be okay for whoever's
12 going to review this.

13 MR. KEMP: Okay. I'm not taking responsibility
14 though if he goes longer than today.

15 THE COURT: I know. I understand.

16 MR. KEMP: Okay.

17 THE COURT: Okay.

18 BY MR. KEMP:

19 Q Go ahead. The question was whether or not you
20 expected the Department to grade diversity the same for LLCs
21 with parent corporations? Yes, you did, no, you didn't, or
22 you can give your explanation or both. Go ahead.

23 A I expected the Department to be impartial and fair
24 for all applicants.

25 Q So that's a yes answer to my question?

1 A Would you like me to repeat what I just said?

2 Q No. I'd like you to tell me if that's a yes answer
3 to my question.

4 A You keep, you know --

5 Q I keep asking --

6 A -- asking questions in such a way that is forcing me
7 to agree with what you -- with the conclusion you'd like me to
8 come to, but I'm expressing my answer in a way that I'm
9 comfortable with.

10 Q That's what I'm supposed to do, Mr. Jolley. I'm
11 supposed to ask the question that way.

12 A Fair enough.

13 Q Okay.

14 A Well, good luck with that.

15 Q Let's try one more time. Would you agree with me
16 that you expected that the Department would grade LLCs equally
17 on the diversity portion with regards to public ownership?

18 A I expected the Department to evaluate all applicants
19 equally and with the same standards and rules.

20 Q Okay. Let me give you a hypothetical. Let's assume
21 that a company known as GreenMart, NLB LLC, was owned by CSX
22 and CSX was owned by a Canadian public company known as MPX.
23 You've heard of MPX; right?

24 A Yes.

25 Q Big player in the cannabis industry?

1 A You like using the word "big." I don't know what
2 you mean by that.

3 Q They have a lot of assets.

4 A What do you mean by a lot? I don't know, it's all
5 relative.

6 Q They're worth over \$200 million.

7 A I don't know.

8 Q Okay. All right. Would you agree with me that the
9 Department should have used the same approach to grading
10 diversity given that MPX was an owner of GreenMart LLC as they
11 did for NOR and Xanthic, should have done the same approach?

12 A I'm not familiar with their application. I'm not
13 familiar with their corporate structure, but I would expect
14 the Department to apply the rules consistently among
15 applicants.

16 Q Okay. And let me show you who GreenMart put in as
17 owners, officers, and directors.

18 MR. KEMP: Can I have my first slide, Shane.

19 BY MR. KEMP:

20 Q We've seen this before. I don't know if you've seen
21 it before, but they put in Elizabeth Stavola. You know her;
22 right?

23 A Yes.

24 Q She's a pretty, I won't use the word big,
25 significant player in the cannabis industry?

1 A I would say that.

2 Q Okay. And the gentleman under her, that's Mr.
3 Boyes?

4 A Is that a question?

5 Q Do you see Mr. Boyes there?

6 A Yes.

7 Q Again, he's also a significant player in the
8 cannabis industry?

9 A I'm not as familiar with Mr. Boyes.

10 Q Okay. So GreenMart and then these other eight
11 people, these are an advisory board that the LLC formed. We
12 had had one of them testify. I just want you to assume that
13 it's an advisory board, okay, of the LLC. Assuming for the
14 sake of argument that the Department graded just these people
15 for diversity for GreenMart and did not grade the owners,
16 officers, and board members of MPX, they would have been doing
17 something different than what was done in your case; right?

18 MR. KOCH: Objection. Speculation.

19 THE COURT: Overruled.

20 THE WITNESS: I'm not sure.

21 BY MR. KEMP:

22 Q Okay. Well, you would agree me that it should be
23 the same one way or the other, either they should grade all
24 the parent companies, officers, directors, and owners for
25 diversity for all applicants or they should not do it for all

1 applicants. Should be the same one way or the other; right?

2 A Again, you're asking me to comment on --

3 Q I'm asking you to -- go ahead.

4 A -- comment on the content of one's application. You
5 could have similar corporate structures among applicants, but
6 if you, you know, one applicant may present the information
7 differently, and so I can't speculate on what they did on
8 their application. I don't know. All I can say, like I said
9 many times already, is that I would expect the Department to
10 be fair in how it applies its rules.

11 Q Okay. So if GreenMart was owned by MPX, to do it
12 the same way you did it the applicants should have disclosed
13 the officers and directors of the public company, to do it the
14 way you did it?

15 A I think every applicant should be thorough and
16 accurate in its disclosures in its application.

17 Q Okay. And by that you mean that GreenMart should
18 have disclosed the owners and directors of the public
19 corporation, like you did, in their application. That should
20 have been done; right?

21 A I think each applicant had the responsibility to
22 provide thorough and accurate information on their
23 application.

24 Q Well, why did you include --

25 THE COURT: Mr. Graf, did you have an objection or

1 are you hanging out to kibitz?

2 MR. GRAF: Your Honor, I do have an objection. I
3 object to the silhouette of Shelby Brown as being the way that
4 it's indicated. That is a man. It's clearly not indicated as
5 a man, and I find it offensive.

6 THE COURT: Okay.

7 MR. GRAF: And I want to make sure the record's
8 clear that I objected to it.

9 THE COURT: And that was to the demonstrative slide
10 that --

11 MR. GRAF: Yep.

12 THE COURT: -- is on the viewer. Okay.

13 MR. GRAF: Thank you, Your Honor.

14 THE COURT: All right. You can continue. But we're
15 going to break after this next answer.

16 BY MR. KEMP:

17 Q Okay. Back to the question. The reason that you
18 included the officers and directors of the public company
19 Xanthic, that owned NOR, is because you understood that was
20 required; correct?

21 A We made every effort to be honest and accurate and
22 complete in our application.

23 Q You thought it was required in the application;
24 right?

25 A We made every effort to be thorough and accurate and

1 complete in our application and follow the rules in the
2 application.

3 THE COURT: All right. So we're going to take our
4 break now for lunch. This is not a requested recess.

5 MR. KEMP: Thank you, Your Honor.

6 THE COURT: So my question is do you need the
7 morning of June 12th. Yes, no, maybe?

8 MR. GENTILE: Your Honor, I'm in the Supreme Court
9 that morning.

10 THE COURT: Okay. So I will not book you the
11 morning of June 12th. I have currently reserved June 18th
12 through 20th. Assume with me for a minute that we have two
13 days this week, three days next week, is that enough?

14 MR. KOCH: Better be. Hope so.

15 MR. SCHEVORSKI: It's fine as far as the State's
16 concerned, Your Honor.

17 THE COURT: I have frequently told witnesses that
18 when they give answers that aren't yes and no sometimes it
19 takes longer and they miss flights. So if we have a situation
20 where that happens with this witness, what's the plan?

21 MR. GENTILE: I'll have to look at the flight
22 schedule.

23 MR. KOCH: Well, we'll continue these. He's doing
24 -- you know, he's doing a great job, so I want let him make
25 sure he testifies fully and accurately and truthfully.

1 THE COURT: No, no. I appreciate that. It's just
2 if I get to 4:45 and we're not done. I've got a problem.

3 MR. KOCH: I understand.

4 THE COURT: Okay.

5 MR. KOCH: I'll talk to Mr. Jolley about that --

6 THE COURT: It's not a requested break. You can
7 talk to him about that.

8 MR. KOCH: Yeah.

9 THE COURT: Any other stuff before I have a
10 conference call at 1:00 o'clock with somebody who wants me to
11 find time to finish their trial that didn't finish last -- was
12 it Thursday -- Thursday, Thursday morning.

13 MR. CRISTALLI: Your Honor --

14 THE COURT: Mr. Cristalli.

15 MR. CRISTALLI: Thank you, Your Honor. I believe
16 there is a motion scheduled for Wednesday --

17 THE COURT: There is.

18 MR. CRISTALLI: Yes. So that is -- Your Honor,
19 we'll hear that motion on Wednesday?

20 THE COURT: That was the plan.

21 MR. CRISTALLI: Okay. Wanted to make sure.

22 THE COURT: If you wanted me to, you know, hear it
23 another time, I will. I don't usually set those kind of
24 motions on short time, but --

25 MR. PARKER: Can we hear it on the 17th? I have to

1 fly out on Wednesday morning. I can take my by phone.

2 THE COURT: Do you all want to move it to the 17th?

3 I'm okay with that.

4 MR. GUTIERREZ: It's our motion. I think we'd

5 rather keep it on Wednesday. We filed an order shortening

6 time. So if we could keep it Wednesday at 12:00, that's good

7 for us.

8 THE COURT: You want to move it to Tuesday afternoon

9 since you've --

10 MR. PARKER: Tomorrow afternoon would be great for

11 me.

12 THE COURT: Can we do it Tuesday afternoon?

13 MR. GUTIERREZ: I'm in another court tomorrow

14 afternoon, a settlement conference in front of Judge Weiss.

15 MR. KEMP: What about Thursday afternoon?

16 MR. GUTIERREZ: Thursday could work.

17 MR. KEMP: Is that good for you?

18 MR. PARKER: I can do it on the phone on Thursday.

19 THE COURT: Okay. So we'll move it to Thursday.

20 What time?

21 MR. GUTIERREZ: Whatever time works. I'm available

22 all day. 1:30?

23 MR. PARKER: No. Let's do it in the morning,

24 Your Honor. My flight coming back is in the afternoon, so

25 that's --

1 THE COURT: Can we do it Thursday morning at 11:30?
2 And if more than one person wants to attend --

3 MR. PARKER: Your Honor, 11:30 here is three hours
4 later. So can we do it like 9:00 o'clock in the morning or 9:30
5 in the morning?

6 THE COURT: Hold on, Mr. Parker.

7 MR. PARKER: I'll be on Eastern Time next week.

8 THE COURT: Mr. Parker, you are a lot of work.

9 THE COURT: So you're going to South Carolina, huh?

10 MR. PARKER: I will be in South Carolina. I leave
11 on Wednesday morning.

12 THE COURT: Hold on a second. Let me look. I have
13 an 8:30 session that day, I have five things at 9:00 o'clock,
14 one of which is complicated. What time is your plane Eastern
15 Time?

16 MR. PARKER: It's normally an 11:20 flight. That's
17 the flight I intend to take coming back. So that's 8:20 your
18 time.

19 THE COURT: That's at 8:20 a.m. I'm not doing it at
20 8:20.

21 MR. PARKER: I know. But I land in Atlanta an hour
22 later. So typically I have about an hour-and-a-half window
23 there. That's the window I try and take advantage of.

24 THE COURT: And what time does your flight usually
25 leave Atlanta to come to Las Vegas?

1 MR. PARKER: Normally around 1:50, I believe.

2 THE COURT: Eastern Time. Which is 10:50, which
3 means if I try and do you on my 9:00 o'clock calendar I will
4 put you on hold and then when everybody's here and before you
5 have to board your next flight I will do your hearing.

6 MR. PARKER: Perfect.

7 THE COURT: Does that work?

8 MR. PARKER: That sounds great, Your Honor.

9 THE COURT: So for those of you listening at home,
10 that's 9:00 o'clock Thursday. The motion's that Wednesday is
11 being moved to 9:00 o'clock Thursday.

12 And if more than one person is appearing by phone,
13 Mr. Parker, you will have to set up a call-in number.

14 MR. PARKER: All right. No problem. Thank you,
15 Your Honor.

16 THE COURT: Anything else? See you guys at 1:15. I
17 do have a 1:00 o'clock conference call.

18 (Court recessed at 12:02 p.m., until 1:15 p.m.)

19 THE COURT: Are we all ready?

20 THE MARSHAL: Ready to go?

21 THE COURT: They're not all there.

22 (Pause in the proceedings)

23 THE COURT: Mr. Jolley, I'd like to remind you
24 you're still under oath. Okay. And as soon as we find the
25 rest of the lawyers, we'll start. I have a bad habit of

1 starting early and they haven't figured it out yet. Today I
2 was just on time, though.

3 (Pause in the proceedings)

4 THE COURT: Okay.

5 MR. KEMP: Okay.

6 THE COURT: We are now up to a quota, so you may
7 continue.

8 MR. KEMP: Okay.

9 CROSS-EXAMINATION (Continued)

10 BY MR. KEMP:

11 Q Mr. Jolley, I understand you have to be somewhere
12 tonight. Is that why we're trying to get you done?

13 A Yes.

14 Q Is it San Francisco you're going to?

15 A No.

16 Q Okay. All right, back to where we were and I think
17 we were at the GreenMart officers and directors. And my
18 question was if you did it one way, in other words, listing
19 the officers and directors of Xanthic and GreenMart did it
20 another way, not listing officers and directors their entity,
21 which would be MPX again, what was your expectation? Was it
22 your expectation that everyone would do it the same way?

23 A I can't speak to GreenMart, but what we did is we
24 thoroughly reviewed the application and tried to be as
25 responsive and thorough and accurate as we could be.

1 Q Well, did the DOT or the State give you any
2 instruction as to how public corporations that were applicants
3 or applicants that were owned by public corporations, did the
4 State give you any instruction as to what you were supposed to
5 do?

6 A For the most part I believe the application was
7 self-explanatory.

8 Q So you understood the application to instruct to
9 include officers and directors of parent corporations, is that
10 right?

11 A We disclosed everything we thought we should
12 disclose and we did disclose officers and board members.

13 Q So you thought you were required to disclose the
14 officers and directors of the parent; correct?

15 A Well, when it comes down to judgment calls, we erred
16 on the side of -- you know, more disclosure we thought was
17 appropriate.

18 Q Okay. So you think it would have been appropriate
19 for an applicant to disclose the officers and directors of a
20 parent?

21 A Again, you're asking me to kind of in a way tacitly,
22 you know, second-guess another person's application that I
23 have no knowledge of, but I believe each applicant has to use
24 their own discretion and judgment to decide what's appropriate
25 to disclose. We did the best we could.

1 Q Well, you don't think the diversity scoring should
2 have been up to different applicants' discretion; right?

3 A I think the rules should apply across the board,
4 even though no two companies are the same, have different
5 structures and things.

6 Q In the best of all worlds would you agree that the
7 DOT should have given clear instruction to all the applicants
8 that had any sort of involvement with a public company as to
9 how to do it?

10 A In my view the DOT did a reasonable job at putting
11 forth the rules of the application, posting the application
12 and providing an opportunity for people to ask questions.

13 Q But there were no instructions with regards to
14 public companies that were applicants or owned applicants;
15 correct?

16 A I don't know about that.

17 Q Do you know of any specific rules that were given
18 for applicants that were either owned by public companies or
19 public companies?

20 A The Department has had a precedent of handling
21 disclosure of owners, board members, officers of public
22 companies and we had insight into that, I would say, you know,
23 going into the application process. Not that we were unique.
24 I think, you know, anyone in the industry could have, you
25 know, had the same knowledge we had. You know, there's a

1 precedent for disclosing owners. As we talked about earlier
2 there's, you know, certain requirements regarding agent cards
3 and that kind of thing. So we, in a sense, you know, had some
4 background in that, but at the end of the day we all were
5 given the same application and did our best to adhere to the
6 rules and the requirements of the application.

7 Q Okay. Earlier I asked you whether it would be fair
8 for one applicant to do it one way and one applicant to do it
9 another way. I asked the same question of Mr. Gilbert and I
10 would like to show you what he said and see if you agree with
11 him. Take a look at your screen. Shane.

12 THE COURT: And is this a transcript from the day he
13 testified last week?

14 MR. KEMP: It's a transcript from Friday, Your
15 Honor, which the transcript lists 5/30 but it's really 5/31.

16 THE COURT: Thank you.

17 MR. KEMP: And these are pages 202, lines 10 through
18 18.

19 THE COURT: And that's already been filed with the
20 court --

21 MR. KEMP: Right.

22 THE COURT: -- by the court reporter, by Flo?

23 COURT RECORDER: I haven't filed them yet.

24 THE COURT: You haven't filed them yet? It will be
25 filed by the Court Recorder. Right?

1 COURT RECORDER: Yes, ma'am.

2 MR. KEMP: Okay.

3 BY MR. KEMP:

4 Q Okay. Do you see the question and answer of Mr.
5 Gilbert where I asked him if you have two different
6 applicants, one that listed the corporate parents one way and
7 one that did it the other and you would have had a different
8 outcome but that wouldn't be fair? He says -- "Doesn't sound
9 like it would be fair?" And he says, "Right." Do you see the
10 questions and --

11 A Yes, I see the screen.

12 Q Would you agree with Mr. Gilbert?

13 A It's not my job to analyze how the Department graded
14 the applications that they have the statutory authority to
15 grade. And I don't think your question here gives enough
16 context for anyone, including Mr. Gilbert, to provide a
17 thorough and fair answer. And so I will -- I'm not in a
18 position to speculate on that.

19 Q Okay. Now, if the State thinks that what they did
20 was unfair -- assume that for me -- what's the remedy here?
21 Should we do it over again?

22 MR. KOCH: Objection. Legal conclusion.
23 Argumentative.

24 THE COURT: Overruled.

25 THE WITNESS: Well, I don't think I would interpret

1 that response to that question the same way you just stated
2 it; first.

3 MR. KEMP: Okay.

4 THE WITNESS: Okay.

5 MR. KEMP: Fair. Or I understand; better word.

6 THE WITNESS: I'm glad you agree with me. Thank you.

7 MR. KEMP: I didn't say I agree, I said I understand.

8 THE WITNESS: But if you're asking if there is or
9 should be a flawless application process for a very complex
10 program, I mean, great, that would be wonderful if one could
11 invent that, but I don't think that's -- I don't think that's
12 feasible. I think the State did its best effort. It
13 certainly had the authority to run and administer the program
14 the way that they see fit. And so I just don't -- I don't
15 think it's a reasonable question. I think that they have done
16 a good job of running the program.

17 BY MR. KEMP:

18 Q Do you think it would have been complex -- your word
19 -- for the State to tell the applicants that they should list
20 the officers and directors of their parent companies one way
21 or the other way? Do you think that would have been a complex
22 thing?

23 A That's not what I said.

24 Q Well, what's your answer?

25 A I said running a program of this nature is

1 inherently complex.

2 BY MR. KEMP:

3 Q But telling an applicant how to list its publicly
4 traded company's officers and directors, that's not complex,
5 is it?

6 A I think the State should make an effort to be clear
7 with its rules.

8 Q And is it correct that the State didn't tell you
9 precisely how to list the officers and directors of the
10 parent?

11 A I don't think that's a fair statement.

12 Q They did tell you how to list the officers and
13 directors of the parent?

14 A You know, we didn't just make this up out of thin
15 air. I mean, we reviewed the application, we had a period of
16 time where we could have asked for clarification questions and
17 we did our best to be responsive to the sections of the
18 application.

19 Q Okay. Now, you're an LLC or at least NOR is an LLC;
20 right?

21 A Yes.

22 Q And you recognize there's a difference between LLCs
23 and corporations; corporations have boards of directors and
24 LLCs don't. Do you recognize that?

25 MR. KOCH: Objection. Lacks foundation.

1 Argumentative.

2 THE COURT: Overruled.

3 THE WITNESS: You know, I'm not a lawyer, but I do
4 recognize that there are differences between LLCs and
5 corporations.

6 BY MR. KEMP:

7 Q Now, what would be your position on whether it was
8 appropriate for an applicant to list someone -- an LLC
9 applicant to list someone on a so-called advisory board and
10 get diversity points for that?

11 MR. KOCH: Objection. Incomplete hypothetical.

12 THE COURT: Overruled.

13 THE WITNESS: Each applicant has to use their own
14 discretion and judgment to put forth an application that meets
15 the requirements. So I'm not sure that I'm, you know,
16 qualified or in a position to speculate about the importance
17 of an advisory board.

18 BY MR. KEMP:

19 Q Okay. So if 20 applicants put together an advisory
20 board and they use that as a mechanism to get, say, 20
21 diversity points and that was the difference in them winning
22 and you losing, do you think that would be appropriate?

23 MR. KOCH: Objection. Incomplete hypothetical.

24 THE COURT: Overruled. You can answer.

25 THE WITNESS: Again, this is a hypothetical

1 situation that I'm just not sure I'm in a position -- I mean,
2 maybe you could ask the Department that. I just don't know
3 really what I can say to shed light on that.

4 MR. KEMP: Well, I did ask the Department that.
5 Can I have my next in order, Shane.

6 THE COURT: And if you could give us the date of the
7 citation and the page numbers.

8 MR. KEMP: This is the same day, Your Honor. Mr.
9 Gilbert. Pages. 167, lines 1 through 4.

10 THE COURT: Thank you.

11 BY MR. KEMP:

12 Q Do you see the testimony there? "Question: They
13 should have put the officers and directors of MPX and the
14 officers and directors of CSX; right?" "Answer: Yes." Do
15 you see that statement?

16 A Yes.

17 Q Do you agree with that?

18 A Again, you're asking me to put myself in Mr.
19 Gilbert's position and opine on his response and I just don't
20 have -- I don't have a response for that.

21 BY MR. KEMP:

22 Q Okay. Well --

23 A We followed the application the best we could, given
24 the circumstances, and I think, you know, every applicant
25 should have done that and if there were areas of ambiguity

1 they could have and should have asked questions.

2 Q Okay. But assuming that NOR got the 8 diversity
3 grade -- that's what you got, right, 8?

4 A I believe so.

5 Q Assuming you got 8 doing it one way and GreenMart
6 got a 16 doing it the opposite way, not listing the officers
7 and directors of the parent, would you agree with me that
8 there should be some sort of procedures to insure that all the
9 LLCs with publicly traded parents were graded the same way?

10 A I think the State should make an effort to apply the
11 rules evenly across the board, but I can't comment on someone
12 else's application that I haven't reviewed and know nothing
13 about.

14 Q Okay. Fair. So the State should apply the rules
15 evenly across the board; right? That's what you just said.

16 A Yes. I believe the State should be fair.

17 Q Okay. And now that you've seen, at least in my
18 hypothetical, that the rules were not applied evenly to
19 GreenMart and you with regards to listing the parents and
20 officers -- excuse me, the officers and directors of the
21 parent for diversity purposes, now that you've seen that it
22 wasn't applied evenly, what should we do?

23 MR. KOCH: Objection. Legal conclusion.
24 Argumentative.

25 THE COURT: Sustained. Can you rephrase your

1 question?

2 BY MR. KEMP:

3 Q Can you see why applicants who didn't win solely
4 because of diversity points, can you see why they'd be upset
5 with this diversity procedure?

6 MR. KOCH: Objection. Speculation.

7 THE COURT: Overruled.

8 THE WITNESS: I don't have enough information to
9 opine on that.

10 BY MR. KEMP:

11 Q Well, let me give you a little more. If you took
12 diversity out of it altogether, M&M would have won in Clark
13 County, if you just took away all the diversity grades. Can
14 you see why M&M would have been upset?

15 A Are you saying that the applications should not have
16 included diversity?

17 Q Well, I'm going to get to that in a minute.

18 A I'm confused.

19 Q But can you see why an applicant, that if you did
20 not have any diversity points or if you did not score
21 diversity they may have been a winner? Can you see why they
22 would be upset?

23 A So if I could have rewritten the application to say
24 that if your initials are AMJ you get an extra 100 points,
25 yeah, we would have gotten first place instead of second.

1 You're asking me if I could rewrite the application in a way
2 that would benefit me or somebody else. I just don't know
3 that I have anything to offer on that.

4 Q So what MM Development should have done is they
5 should have gotten an advisory board and packed it full of
6 women and minorities and got 20 diversity points instead of 4,
7 then they would have been a winner. That's what they should
8 have done, is that what you're telling me?

9 MR. KOCH: Objection. Argumentative.

10 THE COURT: Overruled.

11 THE WITNESS: That's not what I'm saying. I'm
12 saying we all received the same application. We all had a
13 chance to ask questions to clarify.

14 MR. CRISTALLI: Objection. That misstates the
15 evidence.

16 THE COURT: Overruled.

17 BY MR. KEMP:

18 Q There were two applications; right?

19 A I wasn't finished.

20 Q Okay, go ahead.

21 A We had the ability to ask clarifying questions.
22 And at the end of the day I believe all applicants, who were
23 existing medical licensees, mind you, went into the
24 application process understanding full well that the
25 Department had statutory authority to collect, score

1 applications and ultimately award licenses. And so if one had
2 concerns about the application or the criteria that were in
3 the regulations, there were multiple points in time where they
4 could have asked for clarification, pointed out that it was
5 not done correctly, or as you say, come up with any myriad of
6 suggestions to make it more favorable for them. But that's
7 just not how the process, you know --

8 Q Prior to September 20th did you personally have any
9 concerns that an applicant, an LLC would create an advisory
10 board to try to get diversity points?

11 A I can't say that's a scenario that I spent a lot of
12 time considering.

13 Q And so if you didn't think about it, why do you
14 think the other applicants should have thought about it and
15 asked questions about it?

16 A I'm not saying that.

17 Q Okay. So this situation, and we'll call it the
18 GreenMart situation just for shorthand, this situation --

19 MS. SHELL: I'm going to object to characterizing it
20 as GreenMart situation, Your Honor.

21 THE COURT: Okay.

22 MR. KEMP: Okay. Let me try and rephrase it, Your
23 Honor.

24 THE COURT: It's overruled.

25 MR. KEMP: Oh, okay.

1 THE COURT: She won one last week, though, or the
2 week before.

3 MS. SHELL: Two, Your Honor. Two.

4 MR. KEMP: The day is not over, Your Honor.

5 THE COURT: I had the same objection from somebody
6 earlier. I don't remember who it was. Okay, so you got one.

7 BY MR. KEMP:

8 Q Referring to the GreenMart -- and what I refer to by
9 the GreenMart situation is we have the LLC with an advisory
10 board that doesn't list their officers and directors of their
11 parent, okay. So you would agree with me that no one -- no
12 one anticipated that. You didn't anticipate it?

13 A I would not agree with that.

14 Q You did anticipate that someone would try to list
15 advisory board members on an LLC to get more diversity points?
16 You did anticipate that?

17 A I cannot say that I spent a lot of time considering
18 that hypothetical situation.

19 Q Okay. No one considered that, right, no one that
20 you know of?

21 A You're asking me if I can identify individuals who
22 considered this particular hypothetical scenario?

23 Q Right.

24 A I don't even know how to answer your question, to be
25 honest. I'm sorry, I'm doing the best I can, but.

1 Q You can say no, you can't identify any individuals
2 or you can say yes, you can. There's easy answers here.

3 A All I can say is applicants had the opportunity to
4 ask questions about the application prior to submitting it.

5 Q Okay. Let's talk about the NOR ownership at the
6 time you filed your application. So the application was filed
7 sometime between September 10th and September 20th, I believe.

8 A That sounds correct. I don't remember the exact
9 dates.

10 Q If that's the filing period, do you know when in the
11 filing period you filed?

12 A It was not on the last day.

13 Q Okay.

14 A It was sometime before that.

15 MR. KEMP: Can I have Exhibit 93, please, and the
16 pop out, please.

17 BY MR. KEMP:

18 Q Now, according to this document, and this is from
19 Xanthic, I believe, it says the NOR acquisition was completed
20 on September 4th, 2018. Is that true?

21 A That's what this statement says.

22 Q I know that's what that statement says. I'm asking
23 is it true that's when the acquisition was completed?

24 A When it was ultimately consummated, I believe so,
25 going from memory. It had been in the works for months before

1 that.

2 Q So at the time you filed the application, it would
3 have been after the acquisition; right?

4 A That's correct.

5 Q Okay. And now as I understand it, 100 percent of
6 the membership interest in NOR was sold to GGB Nevada, LLC,
7 100 percent?

8 A At the time the application was submitted we had
9 transferred 95 percent of NOR to GGB Nevada.

10 MR. KEMP: Can I have my next one, Shane?

11 This is Exhibit 94, Your Honor. I'll submit it.

12 BY MR. KEMP:

13 Q "In September 2018, the members of the company sold
14 100 percent of the membership interest to GGB Nevada, LLC."
15 Did I read that right?

16 A I believe -- yes, you read that correctly.

17 Q And that's true; right?

18 A Now, I just said as of the time we submitted our
19 application we had sold 95 percent of NOR.

20 BY MR. KEMP: Shane, will you show him whose
21 financial statement that is on the top, please? At the very
22 top there. Yeah, that's good. Good. Pop that up.

23 BY MR. KEMP:

24 Q That's from Nevada Organic Remedies Consolidated
25 Financial Statements. That's what Exhibit 94 is. And that

1 statement says you sold 100 percent, not 95 percent. Okay,
2 Mr. Jolley? Is this some sort of mistake?

3 A I'm not -- I haven't reviewed this document, so I
4 don't really know.

5 Q You could be wrong. You could have sold 100 percent
6 in September 2018?

7 A I don't think so, no.

8 Q So you think you filed an erroneous financial
9 statement?

10 A I didn't file this financial statement.

11 Q Did you know that this was filed with the Canadian
12 Stock Exchange, this statement that I'm looking at right here
13 now, Exhibit 94?

14 A I know that Xanthic/GGB, I'll kind of use those
15 interchangeably, had certain filing requirements that it was
16 working on, but I was not aware of this statement in the
17 document.

18 Q Okay.

19 A If it is in fact the most accurate up-to-date
20 statement. I'm not sure.

21 Q Well, let's boil this down. Are you even sure as we
22 sit here today whether they sold 100 percent or 95 percent?

23 A Yes.

24 Q You are sure?

25 A Yes.

1 Q And what is the answer?

2 A 95 percent.

3 Q Okay. All right. In the application you listed

4 yourself and the Byrne brothers as owners of NOR; correct?

5 A They're not brothers.

6 Q They're just both named Byrne?

7 A Yep.

8 Q And it's spelled the same way, B-y-r-n-e?

9 A Strange, right? Yes, that's correct.

10 Q It does sound strange. Okay. All right. But in

11 any event, you list two people named Byrne and yourself as

12 owners; right?

13 A And Liesl Sicz through her entity and Darren

14 Petersen. Yes.

15 Q Liesl Sicz. Okay. If I'm right, she wasn't

16 actually an owner of NOR, was she?

17 A Well, she was the member of an LLC that was an owner

18 of NOR.

19 Q And that would be the Harvest LLC?

20 A That's correct.

21 Q So you listed her as an owner of NOR, even though

22 she was actually an owner of Harvest; right?

23 A Well, in my mind it's kind of the same thing. I

24 mean --

25 Q Same thing?

1 A I'm still answering your question. So the Harvest
2 entity owned 10 percent of NOR and Liesl was the member of
3 that entity, as far as I can recall.

4 Q Now, let's assume that this transaction had not
5 occurred, okay, and by that I mean the sale to GGB and the
6 involvement of Xanthic. Let's assume that hadn't occurred.
7 Would I be correct that then in that case you and the two
8 Byrnes would both be the only people listed as owners?

9 A No.

10 Q Who else is involved?

11 A The Harvest entity, whose member is Liesl Sicz, and
12 Darren Petersen were also owners of NOR.

13 Q Darren Petersen is a white male?

14 A Yes, I believe so.

15 Q So assuming for the sake of argument that the
16 Harvest LLC would have been given points for being owned by a
17 woman, even though an LLC isn't actually gender specific,
18 assuming that you would have had one out of five diverse in
19 that scenario?

20 MR. KOCH: Objection, lacks foundation.

21 THE COURT: Overruled.

22 THE WITNESS: If you are speaking strictly of the
23 members of the NOR LLC --

24 MR. KEMP: Right.

25 THE WITNESS: -- then yeah.

1 BY MR. KEMP:

2 Q And one out of five, that would have given you 4
3 diversity points, not the 8 you got?

4 A I'm actually not sure how the State scored that
5 section.

6 Q Well, assuming that they did division where they
7 took the diverse person and they divided into the number of
8 people that were owners, officers and directors, that would be
9 20 percent. You don't know as you sit here today that that
10 qualifies as a 4?

11 A Well, you're making certain assumptions about how
12 the State scored the diversity section and you're focusing
13 only on owners. And I honestly don't know to what degree they
14 took into consideration, you know, directors and others
15 involved in the company.

16 Q Okay. But as an LLC, NOR wouldn't have any
17 directors. We've already been through that. Right?

18 A We don't have an official board of directors as an
19 LLC, but we do have directors who run and operate the company,
20 are key executives within the company.

21 Q Okay. Well, I'm glad you brought that up. You
22 don't have an official board for NOR, but you have people that
23 you call internally directors; right?

24 A We do not have an official board of directors, if
25 that's your question.

1 Q And so, for example, you have a Director of Human
2 Resources; right?

3 A That's a title within our company, yes.

4 Q And you also have a Director of Marketing?

5 A Yes.

6 Q And a Director of Purchasing?

7 A Yes.

8 Q And the Human Resources director, that's a woman?

9 A Yes.

10 Q And the Marketing director is also a woman?

11 A No.

12 Q Oh, okay. What about Purchasing?

13 A Courtney Barker is a woman, yes.

14 Q Okay. And isn't it true that even though they were
15 not officially on the board of directors of NOR, that you
16 listed your Director of Human Resources and your Director of
17 Purchasing as directors in the owner/officer/director section?

18 A I interpreted the application --

19 THE COURT: Sir, that was a yes or no.

20 THE WITNESS: Yeah, I'm uncomfortable with the way
21 that the question was phrased.

22 BY MR. KEMP:

23 Q Can you answer yes or no and then I will allow you
24 to expand?

25 A Sure. Can you please restate the question?

1 Q Isn't it true that in the owners, officers and
2 directors section of the application you listed the Director
3 of Human Resources and the Director of Marketing as directors,
4 even though they weren't officially on the board of directors
5 of NOR?

6 A Well, there is no board of directors, so.

7 Q You've already said that.

8 A Yeah.

9 Q So you listed them because you called them a
10 director, even though they weren't on the board of directors
11 of the LLC; correct?

12 A Well, it's their title. It's their official title.

13 THE COURT: So, sir, did you list them as directors
14 under the definition of board of directors on the application?

15 THE WITNESS: We didn't call them board of directors.
16 We were --

17 BY MR. KEMP:

18 Q You called them directors?

19 A Yeah. We called them -- yeah, that's their title in
20 the company. So we're trying to describe to the State an
21 accurate and complete picture of who runs the company and who
22 the individuals are actually making decisions and managing
23 people and so forth.

24 Q And so it was your understanding that on this
25 application even if you just called them director -- if you

1 called everyone -- how many employees does NOR have, 200?

2 A Two hundred and fifty something.

3 Q If you called all 250 people directors, okay, it was
4 your understanding that you could list them on the application
5 under the director -- owners, officers and directors section.
6 That's what you're telling me?

7 A No, that wasn't what we did. I interpreted the
8 application to be asking who runs the company, who are the
9 executives that make decisions to operate the company, and we
10 felt that those high-level executives that run the
11 organization would be pertinent to disclose on the
12 application.

13 Q So you interpreted the requirement in the
14 application to list owners, officers and directors to really
15 mean owners, officers, directors and high-level executives.
16 That's what you did?

17 A I'm not sure I would agree with that specifically
18 because if you look at Xanthic, for example, we listed their
19 officers and board members. And when it came to NOR we listed
20 the people that we felt were crucial to running the company.

21 Q Well, you didn't list the Director of Human
22 Resources of Xanthic, did you?

23 A I'm not familiar with if they even have a director
24 of human resources.

25 Q But you did list the Director of Human Resources and

1 Director of Marketing of NOR, two women; right?

2 A We have an executive team at NOR and we listed all
3 the people who are part of that executive team.

4 Q Including these --

5 A These are the people who actually run the company.

6 Q Including these two women who are not officially on
7 the board of directors of NOR, you listed them; right?

8 A We listed all the key executives that compose the
9 executive team who come into the office every day and run the
10 company.

11 Q Including the two women; right?

12 A Including everyone who's a key executive in the
13 company.

14 Q Okay. Would I be correct that the application
15 required you to list the percentage of ownership of all the
16 owners?

17 A I think --

18 Q Do you want to look at it?

19 A Well, I think where that statement gets murky is
20 when you talk about publicly traded companies.

21 Q Okay. That's where we're going to go in a minute,
22 but would you agree with me that the application requires,
23 quote, "all owners and their percentage of ownership" to be
24 listed?

25 MR. KOCH: Objection. He's pointing to a section of

1 the document. I'd ask him to show it.

2 THE COURT: Overruled.

3 BY MR. KEMP:

4 Q Do you know as you sit here -- I'll show it to you
5 if you want.

6 A Yeah, please.

7 MR. KEMP: Shane, will you pop it up, please?

8 I.T. TECHNICIAN: Sorry, which exhibit?

9 MR. KEMP: It's Exhibit 5, page 11.

10 BY MR. KEMP:

11 Q "And the organizational chart showing all owners,
12 officers and board members of the recreational marijuana
13 establishment, including percentage of ownership of each
14 individual -- for each individual." Right, that's what it
15 says?

16 A Yes.

17 Q Now, counsel asked you some questions about -- I
18 can't remember who it was, someone you listed on the
19 percentage of ownership. It's true that you did not list all
20 of the owners of Xanthic; right?

21 A Xanthic is a publicly traded corporation and our
22 understanding was that for a publicly registered or publicly
23 traded companies that you're required to disclose the officers
24 and board members, which we did.

25 Q Where did you get that understanding?

1 A Well, I've been involved in the industry from the
2 beginning and our legal counsel has been and we had just
3 recently received an approval letter from the Department of
4 Taxation itself approving the 95 percent transfer of
5 ownership.

6 Q Okay.

7 A I'm still going. So I --

8 Q So it was your --

9 A So we did a similar disclosure in our application,
10 listing those same board members and officers. At no point in
11 time was there a requirement to list every shareholder of
12 Xanthic.

13 Q But it was your understanding that you had to list
14 all of the officers and directors of the public company but
15 not the shareholders, is that correct?

16 A That's correct. My understanding was that we had to
17 list the board members and officers in the application, just
18 as we had recently done in the ownership transfer request that
19 we submitted to the State which was recently approved.

20 Q Okay. And you did not include the major
21 shareholders of Xanthic; correct?

22 A I don't agree with that statement.

23 Q Okay. All Js Greenspace LLC, have you ever heard
24 that name?

25 A All Jay Green Piece?

1 Q All Js Greenspace LLC.

2 A Not off the top of my head.

3 Q And if I told you they owned 37 million shares of

4 Xanthic, they are 22.5 percent, that's news to you now?

5 A Can you tell me who the members and managers are of

6 that LLC?

7 Q Earlier you referenced an individual named Schott

8 something?

9 A Schottenstein.

10 Q Yes. So the Schottenstein company is one of the

11 major owners?

12 A As far as I know, yes.

13 Q And do you know how much they own?

14 A My recollection was around 30 percent.

15 Q Okay. And how about GA Opportunities Corp? They

16 own 27 million shares of Xanthic or 16.5 percent of the

17 company. You didn't list them under the organizational chart,

18 did you?

19 A I believe we listed everyone that the application

20 required us to list.

21 Q Okay. I'm not asking if you think you did

22 everything right, I'm asking specifically did you list GA

23 Opportunities Corp. or not?

24 A GA Opportunities Corp. is not on our application, as

25 far as I can recall.

1 Q And neither was All Js, which by the way is a
2 wonderful name for a marijuana company, All Js Greenspace LLC;
3 right?

4 A I do not believe we listed All Js.

5 Q But you did list Liesl -- how do you pronounce her
6 last name?

7 A Liesl Sicz.

8 Q And she only owned .5 percent of NOR through
9 Harvest; right?

10 A Yeah, post 95 percent transaction. I'd have to pull
11 that up again and see, but yeah, it was a smaller percentage.

12 Q Okay. Let's use your 95 percent. So if you use
13 your 95 percent, these two shareholders that own 37 percent of
14 NOR you didn't list, but the woman who only owned, what was
15 it, .5 percent, you did list as an owner; right? Right?

16 A Well, you know --

17 Q I'm just asking what you did.

18 A Yeah. So I don't believe we listed those two
19 entities, you know. You're asking me to make certain
20 assumptions that I frankly don't know as I sit here right now,
21 but I know we did list Liesl Sicz, yes.

22 Q Okay. So why did you list the woman that only owned
23 .5 percent and you didn't list the shareholders that owned 74
24 times as much stock? Why was that?

25 A Well, first of all, Liesl was one of the founding

1 owners. She was integral in the establishment, the set-up
2 operations of the company. Very involved. And number two, I
3 understood the rules at the time did not require us to list
4 every shareholder for a publicly traded company. I thought we
5 were required to disclose board members and officers and
6 directors, which we did.

7 Q And number three, she was a woman?

8 A Liesl Sicz is in fact a woman, yes.

9 Q So by listing her you got diversity points, whereas
10 the other two you would have lost diversity points if you
11 listed them?

12 A We listed Liesl because it was accurate, not because
13 she was a woman. She was a founder of the company.

14 Q Okay. All right.

15 MR. KEMP: Shane, can I have the slide for Exhibit
16 127. Did we admit that?

17 THE CLERK: It's proposed.

18 MR. KEMP: Your Honor, I'd move to admit 127, which
19 is --

20 THE COURT: Any objection to 127?

21 MR. KEMP: That's the NOR application.

22 MR. KOCH: Which part of it?

23 MR. KEMP: Pages 12 and 13, the diversity portion.

24 MR. KOCH: Is this the one that we submitted with
25 redacted?

1 MR. KEMP: Yeah.

2 MR. KOCH: Okay. That's fine.

3 THE COURT: And it's a two-page document?

4 MR. KEMP: It's more than that.

5 THE COURT: Or am I only admitting two pages?

6 MR. KEMP: I'm just using the two pages.

7 THE COURT: So we're going to admit pages 12 and 13

8 of 127.

9 (Plaintiffs' Exhibit 127, pages 12 and 13, admitted)

10 BY MR. KEMP:

11 Q Okay. Sir, do you recognize this as Attachment A

12 from the NOR application for the marijuana -- recreational

13 marijuana license?

14 A Yes.

15 Q Okay. And the first person there, that's named who?

16 A Courtney Barker.

17 Q Okay. And you list her as an officer of NOR; right?

18 A Correct.

19 Q But she really wasn't an officer, was she?

20 A She runs -- she's one of the most influential

21 executives in the company, so I would call her an officer.

22 Q Okay. You would call her an officer, but she's not

23 recognized as an officer by the Nevada Secretary of State, is

24 she?

25 A For NOR LLC?

1 Q Right.

2 A I don't believe so, no.

3 Q So you listed what you think are highly influential
4 or key employees as officers, even though they weren't really
5 officers or board members of NOR; right?

6 MR. KOCH: Objection. Argumentative. Lacks
7 foundation.

8 THE COURT: Overruled.

9 THE WITNESS: Yeah, so again we disclosed what we
10 thought was most responsive to the application.

11 MR. KEMP: Okay.

12 THE WITNESS: Including the executive team, the
13 directors on the executive team.

14 BY MR. KEMP:

15 Q So when the application asks you for owners,
16 officers and board members, you thought that really meant
17 executive team. Is that what you're telling me?

18 A I'm trying to think back to the discussions that we
19 had with our team and with our counsel. But, yeah, we
20 believed we were being responsive to the application.

21 Q Okay. And you also put in Kimberly Lester, who is
22 the Director of Human Resources.

23 MR. KEMP: Can you pop that one up, Shane?

24 BY MR. KEMP:

25 Q And again, she's not an owner of NOR, nor a legally

1 recognized officer or director of NOR; correct?

2 A She's Director of Human Resources.

3 Q So the answer to my question is yes, she is not a
4 legally recognized officer or director of NOR, she's just
5 someone you call a director?

6 A You know, I actually don't know what the legal
7 definition is sitting here. I'm not a lawyer. But we believe
8 we were being responsive to the application.

9 Q Okay. Assuming that the board of directors has the
10 power to hire and fire officers and take other actions like
11 merging the corporation, approving a merger, she doesn't have
12 that power, does she?

13 A She has the authority to hire and fire, yes, within
14 her department. Yes.

15 Q Officers of the corporation, she has the authority
16 to hire and fire?

17 A I would say fairly high level, you know,
18 individuals.

19 Q But she has the authority -- she has the authority
20 to decide whether the corporation should merge or not or sell
21 itself?

22 A Not the sole authority, no.

23 Q She doesn't have any authority in that regard, does
24 she?

25 A I mean, she's a member of a small group of

1 executives that run the company.

2 Q Okay. All right. Let's take a look at Jeanine
3 Terrance, please. And we have her listed as -- what do we
4 have her listed as, an officer?

5 A Director of Finance.

6 Q Okay. And again, she's not a legally recognized
7 owner, officer or board member of NOR; right?

8 A She's a key executive that makes very important
9 strategic decisions on behalf of the company.

10 Q Okay. I understand she's a key executive, but my
11 question is she's not an owner, a legally recognized officer
12 or a legally recognized board member of NOR; right?

13 A You know, I don't -- I don't know that I can answer
14 that, other than saying she's an executive within the company.
15 She's not an owner. That's why we didn't put her in the
16 owners, you know, box.

17 Q Okay. But by having these three women listed even
18 though they weren't owners, legally recognized board members
19 or officers, would I not be correct that NOR got a better
20 diversity rating than it would have gotten?

21 A I'm not sure.

22 Q Well, I'm going to show you in a minute. If they
23 did get a better diversity rating, do you think that would be
24 wrong?

25 MR. KOCH: Objection. Argumentative. Lacks

1 foundation.

2 THE COURT: Overruled.

3 THE WITNESS: I believe the State did its best to
4 apply the rules to score our application. We put forth the
5 information we felt was pertinent and they scored it.

6 BY MR. KEMP:

7 Q And if I told you that MM Development did not list
8 their human resources director, which is a woman, did not list
9 their GM, which is a Hispanic, and did not list their
10 controller, which is an Asian woman, even though these are key
11 employees but not legally recognized board members or
12 officers, if they didn't list these three people, would you
13 agree with me that you got a diversity grade based on
14 something that other applicants potentially could have done
15 but didn't do?

16 A I do not know how MM Development is structured --

17 Q Okay.

18 A -- and how they operate their business.

19 Q So if you listed all these key employees, the three
20 women as owners, officers and board members but MM Development
21 didn't, how do we reconcile that now? Should we re-rate your
22 application, their application? What should we do?

23 MR. KOCH: Objection. Legal conclusion. Incomplete
24 hypothetical.

25 THE COURT: Overruled.

1 THE WITNESS: I think the Department has the
2 statutory authority to accept, review and grade applications.
3 It seems to me that the process was followed. And if M&M
4 regrets not including certain information or not describing
5 things in the way that they now would like to have done, I
6 don't know how to fix that.

7 BY MR. KEMP:

8 Q Well, do you think most of the applicants thought
9 that they should list real board members, legally recognized
10 ones, not just people that you call a director or a key
11 employee?

12 MR. KOCH: Objection. Speculation.

13 MR. KEMP: Do you think that's what most applicants
14 thought?

15 THE COURT: Overruled.

16 THE WITNESS: Well, I believe that all applicants
17 received the same application. All applicants had the
18 opportunity to ask the kind of questions you're asking now.
19 And all applicants submitted what they felt was in their best
20 interest to submit.

21 BY MR. KEMP:

22 Q And you're aware that Mr. Gilbert specifically
23 testified that an LLC like NOR should not list people as
24 directors because they don't have a board of directors. Are
25 you aware of that?

1 A I'm not.

2 MR. KEMP: Pop it up, Shane.

3 And, Your Honor, this is the same day, 203-20 to

4 203-2, which must be 204-2.

5 THE COURT: Thank you.

6 MR. KEMP: And, Your Honor, that S should be LLCs.

7 I think we've already written a letter to the court reporter

8 on that point.

9 THE COURT: And that would be on line 22?

10 MR. KEMP: Yes. On 24.

11 THE COURT: You think the word "Yes" should be LLC?

12 MR. KEMP: The S should be LLCs.

13 THE COURT: Oh. You're probably right.

14 MR. KEMP: Uh-huh.

15 THE COURT: But you were probably talking over

16 someone and so it got garbled and it got missed.

17 MR. KEMP: That couldn't have happened, Your Honor.

18 That was the first day.

19 MR. KOCH: Zing.

20 THE COURT: Sorry, Mr. Kemp.

21 MR. KEMP: No problem.

22 BY MR. KEMP:

23 Q They don't have boards of directors; right?

24 A Who is "they"?

25 Q They being LLCs.

1 A And again, I'm not a legal expert, but our LLC does
2 not have a board of directors.

3 Q It does not?

4 A That's what I said, yes.

5 Q I just want to make sure. Okay. And are you aware
6 that the Manpower graders did not let other applicants use key
7 employees to potentially boost their diversity scores?

8 MR. KOCH: Objection. Lacks foundation.

9 THE COURT: Overruled.

10 THE WITNESS: I'm not aware of what Manpower did or
11 did not do.

12 MR. KEMP: Your Honor, I move to admit Exhibit 129,
13 which is the scoring for Thrive.

14 THE COURT: Any objection to 129?

15 MR. KEMP: That's 129.

16 THE COURT: What pages of 129?

17 MR. KEMP: I'm on 394729, Your Honor.

18 THE COURT: So, hold on. Let's --

19 (Colloquy among the attorneys)

20 MR. KEMP: Your Honor, I just want to see if there's
21 anything that needs to be redacted. We're talking about the
22 evaluating -- the scoring sheets.

23 THE COURT: So we'll take a short break for you to
24 look at 129 and determine which page, if any, should be
25 admitted and if any additional redactions need to be made.

1 Dulce, if you could work with them on the original
2 129, which is in the book.

3 Sir, this is not a requested break. Five minutes.

4 (Court recessed from 2:01 p.m. until 2:07 p.m.)

5 THE COURT: Did we finish our review and discussion?

6 MR. KOCH: I don't know. They left.

7 THE COURT: They're gone.

8 (Pause in the proceedings)

9 THE COURT: All right. So did we have a chance to
10 review the proper portion of 129?

11 MR. KEMP: Yeah, they're okay, Your Honor.

12 THE COURT: Which page numbers? Since I'm only
13 admitting part of 129, which page numbers?

14 MR. KEMP: It would be 39472, Your Honor.

15 THE COURT: 39472.

16 MR. GUTIERREZ: It's supposed to have one more.

17 MR. KEMP: Yeah. There's another one that comes
18 later, though, Your Honor. Do you want to do them both now?

19 THE COURT: Only if you've agreed to them.

20 MR. KEMP: Yeah, we have agreed. The other one is
21 39473.

22 THE COURT: Is that correct, Mr. Gutierrez?

23 MR. GUTIERREZ: Yes, Your Honor. Those are the two
24 that we went -- we covered.

25 THE COURT: So pages 39472 and 39417 (sic) of 129

1 will be admitted.

2 MR. KEMP: All right.

3 THE COURT: Dulce wants to mark those two as 129A.
4 Is that okay with you, Mr. Kemp?

5 MR. KEMP: That's fine.

6 THE CLERK: Thank you.

7 MR. KEMP: Okay. Can you blow that up a little bit,
8 Shane?

9 BY MR. KEMP:

10 Q And, sir, I know you haven't seen this before, but
11 this is a comment made in the diversity section of the Thrive
12 app where the Manpower grader is talking about who they're
13 rating and who they're not rating. Do you see where it says,
14 "Not looking at key staff experience"?

15 A It says, "Not looking at" -- something -- "ownership
16 credit or key staff experience."

17 Q So apparently the Manpower graders rated some
18 applicants like you by giving them diversity credit for women
19 on their staff but other applicants didn't have the same
20 opportunity to earn diversity points.

21 MR. KOCH: Objection. Lacks foundation.

22 MR. KEMP: Is that fair?

23 THE COURT: Overruled.

24 THE WITNESS: Well, the folks we were just talking
25 about are officers in the company. We didn't select board

1 member, we didn't select owner, we selected officers. Right?

2 BY MR. KEMP:

3 Q They weren't legally recognized by the Secretary of
4 State of Nevada.

5 A They were officers in our company.

6 Q You called them officers; right? Right?

7 A Whose turn is it? Do you want me to --

8 Q Let me ask this. If you called --

9 THE COURT: Can you rephrase your question?

10 MR. KEMP: I will rephrase.

11 THE COURT: Thank you.

12 BY MR. KEMP:

13 Q If you called the janitor the director of
14 maintenance, would you consider her to be an officer of the
15 company that we should list for diversity credit?

16 A That's not what we did.

17 Q I'm just asking you. You seem to have a broad
18 definition of key employees here.

19 A Yeah, so those folks run the company. They manage
20 those 250 people. They're also shareholders, by the way.

21 Q But Thrive didn't get the same benefit because they
22 didn't get rated on their key staff, did they?

23 A Yeah, I'm not sure I agree with your comparison
24 here.

25 Q What is it you don't agree with?

1 A Well, number one, you're showing the one annotation
2 that I really don't understand the context of and asking me to
3 draw a direct comparison between this situation and ours, and
4 I'm just not comfortable with that.

5 Q Okay. One of the people you listed was the Director
6 of Human Resources, right, a woman?

7 A Correct.

8 Q And if MM Development had a director of human
9 resources, also a woman, that they were not given credit for,
10 would you at least agree with me that you two were treated
11 differently?

12 A Well, we consider that an officer of our company.
13 I don't know what they -- how they are structured.

14 Q So if you have someone that you call a director and
15 internally somewhere in your brain you think that they're an
16 officer, then you should list them on the State application
17 form as an officer of the applicant? Is that what you're
18 telling me?

19 A Yeah. We interpret it as someone who has
20 significant authority, who runs major departments and
21 divisions of the company, who has significant influence. We
22 consider them to be an officer, yes.

23 THE COURT: Sir, have you ever heard the phrase,
24 owners, officers and directors before, OOD?

25 THE WITNESS: I've heard it, you know, yes,

1 discussed.

2 THE COURT: What do you think it means?

3 THE WITNESS: So, owners own equity. Officers, you

4 know, are -- have significant authority within the company.

5 And directors, you know, members of the board of directors.

6 THE COURT: Okay. Thanks.

7 BY MR. KEMP:

8 Q Okay. Let's go back to Thrive and let's use them as

9 an example and see the situation they were in as far as

10 grading.

11 MR. KEMP: Can I have 129, 39449, please.

12 THE CLERK: Proposed.

13 BY MR. KEMP:

14 Q Okay. Do you see the people that they have rated on

15 the top there?

16 THE CLERK: I'm sorry, that's proposed.

17 MR. KEMP: Oh. I thought we admitted that, Your

18 Honor.

19 THE COURT: It's proposed. Dulce wins.

20 MR. KEMP: Yeah, it's okay. Yeah, we've agreed to

21 that.

22 MR. GUTIERREZ: No objection, Your Honor.

23 THE COURT: It will be admitted.

24 THE CLERK: Thank you. It will be 129B.

25 //

1 BY MR. KEMP:

2 Q So they have one woman out of seven members, which
3 was one out of seven or .14, and so they only got a 4
4 diversity rating because they did not list, you know, their
5 internal brain definition of officers or directors that you
6 did, you know, and so they got a lower diversity score than
7 you did. They got 4 and you got 8. Do you think that's
8 right?

9 A I'm not sure I really understand how the State even
10 did the scoring, so I don't know how to answer that.

11 Q Okay. And if you didn't understand, will you agree
12 with me that the other applicants probably didn't understand,
13 either?

14 A I mean, we knew diversity was a criteria. We knew
15 that we were asked to divulge who all of the, you know, board
16 members, owners and officers were and we felt that we did that
17 to the best of our ability. What happened after it was
18 submitted was unknown to us at the time.

19 Q Let me ask it this way. If the State had told you
20 that you could only use real board of directors, not advisory
21 board, real officers not someone who's not recognized by the
22 Secretary of State, would you have complied with that
23 directive?

24 A We did our best to comply with the application and
25 in hindsight would have absolutely complied with whatever

1 version of the application you're hypothetically coming up
2 with.

3 Q So if the State had been more specific you would
4 have complied with their directive; right?

5 A Yes.

6 Q Okay. And I'm not saying it's all your fault for
7 inconsistencies. It's partly the State's fault; right?

8 MR. KOCH: Objection. Argumentative.

9 THE COURT: Overruled.

10 THE WITNESS: What is the State's fault? I don't
11 understand your question.

12 BY MR. KEMP:

13 Q I just showed you that they rated some people for
14 MM Development and Thrive one way and they rated you another
15 way. You don't think that's an inconsistency?

16 A I'm not sure I have enough information and context
17 to make that evaluation.

18 Q Okay. Did the DOT provide guidance to you as to
19 whether or not to include key employees such as the Director
20 of Human Resources in the diversity section?

21 A We had lots of employees that weren't included in
22 that. We put only the people who run the company and have
23 significant authority that we consider officers of the
24 company.

25 Q Only the women?

1 A No. No, no, no, that's not true at all.

2 Q Okay. We'll go through the list in a minute.

3 A So we included our Director of Marketing, who's a

4 male, a white male, we included our Director of Retail, who's

5 also a white male, and others. It wasn't only selecting, hand

6 selecting people. To be honest, I didn't even know being a

7 woman was considered diversity. I did not know that at the

8 time. I thought --

9 Q You didn't --

10 A I'm still talking.

11 THE COURT: You've got to let him finish.

12 MR. KEMP: Okay.

13 THE WITNESS: I thought that --

14 THE COURT: We may not get done with him today and

15 he may not be able to leave, but you've got to let him finish.

16 MR. KEMP: It's his choice, Your Honor.

17 THE WITNESS: That's good. So we didn't hand pick,

18 cherry pick anyone. These are the people who run the company

19 that we considered officers, these director level people. And

20 anyone with that title -- our Director of Cultivation, he was

21 on there. He's not -- he's a white male. So it wasn't that

22 we selected only women to put on there for that purpose. We

23 were just trying to be as thorough and accurate as possible.

24 BY MR. KEMP:

25 Q So you did not know that when the legislature

1 included an amendment to the statute in the 2017 session that
2 you should consider the diversity of board members and you
3 should also look at minorities, women, gender, you didn't
4 think that included women?

5 A I didn't know specifically how they would view
6 gender versus race versus ethnicity, etcetera. I did not know
7 that at the time.

8 Q But you knew that women would be rated higher than
9 men. You did know that?

10 A Honestly, I don't recall what the definition of
11 diversity was at the time. I'm certainly generally familiar
12 with the change that was made to add diversity back in '17,
13 but, you know, maybe others involved in our team did know that
14 but that wasn't why these individuals were put on the
15 application. They were put on the application because they,
16 along with all the other people who were included in the same
17 category, actually run the company and have major
18 responsibility here in the state of Nevada for hundreds of
19 employees.

20 Q Okay. Now we have three different LLCs and we've
21 talked about them, NOR, the Thrive one and GreenMart, okay.
22 And I've already shown you that in GreenMart they were graded
23 on an advisory board and not on the officers or directors of
24 the parent. I've shown that to you. You were graded not on
25 an advisory board but on your definition of key employees as

1 officers or directors. And Thrive, they were graded a third
2 way using the existing ownership but not their key employees.
3 So we have three different ways that diversity is being graded
4 here. Would you agree with me that we should have one
5 consistent approach to grading diversity, not three different
6 approaches?

7 MR. KOCH: Objection. States facts not in evidence.

8 THE COURT: Overruled.

9 THE WITNESS: I believe the Department can only
10 evaluate applications as they're written and each applicant
11 has to make its best effort at providing the responsive
12 information.

13 BY MR. KEMP:

14 Q So we should have made up the diversity scoring
15 system after all the applications were filed?

16 A That's not what I said.

17 Q That's okay with you?

18 A That's not what I said.

19 Q Okay. Well, I've shown you the three different
20 approaches that were taken. Do you agree we should have had
21 one uniform procedure?

22 A I believe you're oversimplifying the process.

23 Q Well, I'm trying to. Do you agree that in those
24 three cases we should have at least treated the applicants the
25 same way? GreenMart should have had its officers and

1 directors of the parent graded if you did and Thrive should
2 have had its key employees graded if you did; right? It
3 should have been all the same; right?

4 A Now you're asking me to speculate on what applicants
5 may or may not have included in their application. I'm not
6 comfortable doing that. I mean, again, we put forth our best
7 effort and we were graded accordingly.

8 Q Okay. Let's bore in a little bit on this advisory
9 board we talked about. Would you agree that an LLC should not
10 be allowed to set up an advisory board full of women and
11 minorities just to try to increase its diversity grade?

12 MS. SHELL: Objection. Argumentative.

13 BY MR. KEMP:

14 Q And again, I'm not saying you did it, I'm saying in
15 the abstract would you agree that an applicant shouldn't be
16 allowed to do that?

17 THE COURT: And your objection was?

18 MS. SHELL: Argumentative, Your Honor.

19 THE COURT: Overruled.

20 MS. SHELL: Thank you.

21 THE WITNESS: I'm not -- I'm not familiar with --
22 you know, we didn't do that, so what another applicant should
23 or shouldn't have done is really up to the State to decide.

24 BY MR. KEMP:

25 Q Okay. And let me show you what Mr. Gilbert said.

1 MR. KEMP: And again, this is from the same day, 204
2 16-25 through 205-2.

3 BY MR. KEMP:

4 Q Do you agree with that?

5 A I mean, you're asking me to again go back and rehash
6 one statement from one mid-level manager from the State. I
7 don't know that -- I don't know that I have enough context to
8 opine on this statement.

9 Q Isn't Mr. Gilbert number two under Mr. Pupo in the
10 Department of Taxation?

11 A Something like that. I'm not sure.

12 Q So he's not mid-level, he's upper level; right?

13 A I'm not sure. He's never appeared to be in the
14 highest echelon, from my experience.

15 Q Okay. Did you give any consideration, you being
16 NOR, to creating an advisory board and put women and
17 minorities on it? Did you give any consideration to doing
18 that?

19 A No, I don't believe so.

20 Q And you didn't consider doing that because you knew
21 it was wrong; right?

22 A That's just not how we're structured. We were
23 thorough, accurate and, you know, consistent in how we operate
24 the company. I didn't think of that hypothetical structure
25 because it doesn't really apply to us. We put down who the

1 actual people are that run the company. If you go to our
2 office right now, you'll find those same people with their
3 name on a business card with those titles running the company
4 as shareholders and executives within our company. It's not
5 some made up board, they're real people.

6 Q I'm not saying they're not real people. I'm saying
7 they're not real officers and directors. Do you see the
8 difference?

9 A I'm beginning to see the point you're trying to
10 make, but that's not how our company is structured.

11 Q Okay. Let me ask a different question. You have a
12 lot of women on the Xanthic board; right?

13 A What's your definition of a lot?

14 Q More than two or three.

15 A Would you please pull it up so we can look at the
16 actual thing instead of speaking about it abstractly?

17 MR. KEMP: Shane, can we have Exhibit 127, 12
18 through 13 again.

19 BY MR. KEMP:

20 Q Carli. We have Carli, right, that's a woman?

21 A Yes.

22 Q And we've already talked about Stultz (sic); right?

23 A Liesl Sicz?

24 Q Yeah, Sicz. I'm sorry.

25 A Yes. Uh-huh.

1 Q And the other woman up there is one you mentioned,
2 she's one of the partners; right? Joan -- how do you say her
3 last name?

4 A Jean Schottenstein.

5 Q Okay. So you have at least three on the board of
6 Xanthic; correct?

7 A Carrie Closener (phonetic), Jean Schottenstein, and
8 who's the third one you mentioned?

9 Q Well, you also have Liesl. She's not on the board
10 of Xanthic. She's the owner of Harvest; right?

11 A She's a founding owner and owner of Harvest, which
12 is a member of NOR LLC. Yes.

13 Q Right. So you have at least three; right?

14 A At least three women in the company?

15 Q In the ownership structure or the director
16 structure.

17 A Okay.

18 Q Okay. Would you agree with me that whether those
19 people are women or men, would you agree with me that that is
20 not directly and demonstrably related to the operation of a
21 marijuana business, whether those three people are men or
22 women?

23 A I'm not sure I understand your question.

24 Q In general do you think diversity is directly and
25 demonstrably related to the operation of a marijuana business?

1 A I mean, if you're asking if you can run a company, a
2 multi-million dollar company with 200 plus employees with only
3 men, I don't know if that's realistic or feasible. Are you
4 asking like how important it is to have women in a company?

5 Q No. I'm asking whether you think gender, being a
6 man or woman, whether you think that's directly and
7 demonstrably related to the operation of a marijuana business?

8 A I mean, at the end of the day a marijuana company
9 isn't dissimilar from any other company, okay, so take that
10 out of the equation. You're asking how important is it to
11 have mixed genders in a company? I think it's important.

12 Q Do you think it's directly and demonstrably related
13 to the operation of the business, as opposed to unimportant?

14 A I think I already answered that.

15 Q Well, you gave an answer. Was that a yes answer or
16 no?

17 A I think it's important to any company to have, you
18 know, a variety of genders.

19 Q Would I be correct that the Governor's Task Force
20 that you sat on did not consider diversity? That wasn't a
21 recommended factor for --

22 A I don't recall off the top of my head.

23 Q Okay. And the DOT treated owners, board members and
24 officers equally for this diversity calculation. Do you
25 understand that?

1 A I am actually unaware of that. I don't know --

2 Q Okay.

3 A -- how hat was handled behind the scenes.

4 Q Are you familiar with other governmental entities
5 like the Department of Aviation at the Clark County airport
6 that focus on ownership as opposed to officers and directors
7 for diversity purposes?

8 A No, I'm not. I'm not familiar with the Department
9 of Aviation.

10 Q Do you think that ownership for diversity purposes
11 should be more heavily weighed than, say, for example, an
12 advisory board?

13 A I would say that that really depends on the company
14 and how it's structured and how it actually operates.

15 Q Would I be correct that there's only one company,
16 marijuana company owned by minorities here in Clark County out
17 of the eighty?

18 A I don't know that.

19 Q Only Mr. Hawkins' company, one out of eighty; right?

20 A I certainly know Mr. Hawkins, but I don't know that
21 I can comment on his ownership as compared to all the other
22 companies in the county or the state.

23 Q Do you know any other dispensaries owned by
24 minorities other than Mr. Hawkins?

25 A So, we have a board member who's African-American.

1 I know other companies who have --

2 Q Owned. Owned, not board members. Owned.

3 A And what do you -- I mean --

4 Q Owned means owned. You own the shares or you own

5 that LLC membership. Do you know --

6 THE COURT: Remember how you told me owned meant

7 equity? That's what we're talking about.

8 THE WITNESS: Fair enough. I can't recall any off

9 the top of my head.

10 BY MR. KEMP:

11 Q There are none, are there?

12 A I don't know.

13 Q Assuming it is Mr. Hawkins is the sole minority

14 owner and it's one out of eighty, that's 2.5 percent of the

15 marijuana dispensaries in town; right?

16 A Do you want me to get out my calculator and confirm

17 that?

18 Q Well, why don't we just assume that that's 2.5

19 percent.

20 A Fair enough.

21 Q Do you think -- or actually it's 1.25 percent. I'm

22 wrong. It's 1.25.

23 MR. KEMP: I thought you were going to jump in

24 there, Judge.

25 THE COURT: I'm not doing that today.

1 MR. KEMP: Okay.

2 BY MR. KEMP:

3 Q 1.25 percent. Do you think that's really what the
4 legislature intended when they changed the statute in 2017 to
5 try to encourage diversity ownership?

6 MR. KOCH: Objection. Speculation.

7 THE COURT: Overruled.

8 THE WITNESS: I can't comment on the legislature's
9 intention.

10 BY MR. KEMP:

11 Q Okay. Well, whatever it was, would you agree with
12 me that the diversity really hasn't worked because we only
13 have 1.25 percent ownership now?

14 A Look, what I can say is that the diversity
15 requirement came after the fact. It wasn't part of the
16 initial medical applications. And if you think about it, the
17 only people who could apply for these new licenses, the
18 universe of applicants was set back in 2014 when the medical
19 licenses were awarded. So the time to implement diversity was
20 back then when we were creating the universe of applicants, in
21 my opinion. So we're kind of -- you know, kind of tweaking
22 the system, trying to make it better by adding diversity, you
23 know, later on. But I think it's -- you have to add some
24 context to the kind of hypothetical exercise that you seem to
25 really enjoy to go back and try to recreate how the program

1 would work, and how it would be shaped today would be very
2 different.

3 Q Okay. We had a ballot initiative; correct?

4 A Yes.

5 Q And that's why we have rec because of the ballot
6 initiative; right?

7 A Correct.

8 Q And that was passed in November of 2016; right?

9 A Yes.

10 Q And that did not include diversity; right?

11 A I do not believe so.

12 Q Okay. And November 2016, three years hasn't passed
13 yet, has it?

14 A Between what and what?

15 Q Between November 2016 and the present day.

16 A Correct.

17 Q So the ballot initiative cannot be changed by the
18 legislature for three years; right?

19 A Correct.

20 Q So diversity shouldn't have been used at all, should
21 it?

22 A Well, you're ignoring the part of the regulations
23 that state that the Department has authority to run the
24 department or run the program, accept and grade, score
25 applications and award licenses.

1 Q So your position is that the legislature can't
2 change the ballot initiative for three years but the
3 Department of Taxation can. Is that what you're telling me?

4 A No.

5 Q Okay. So you would agree that we cannot change the
6 ballot initiative until November of 2019; correct?

7 A My understanding of Nevada law, and again, you're
8 asking me to opine on legal issues here, but my understanding
9 is that the major components of a ballot measure cannot be
10 altered by the legislature for three years after its passage.
11 But I also understand that the Department has been given
12 statutory discretion to run the Department and to administer
13 the program.

14 Q Would you consider 20 points out of 250 to be a
15 major portion of the application?

16 A I would say it's significant.

17 Q Well, okay. All right. Let's talk about building
18 address. Earlier I told you that there were two different
19 applications; right?

20 A I don't believe we covered that.

21 Q Okay. Are you aware that the applicants in this
22 case -- we're referring to the 462 -- some of them filed one
23 application that said either you had to be an owner or you had
24 to provide a landlord's letter for a lease situation, and
25 others provided an application that had different wording.

1 Are you aware of that?

2 THE COURT: Mr. Kemp, you're referring to the
3 existence of two different forms?

4 MR. KEMP: Right.

5 THE COURT: Thank you.

6 THE WITNESS: I'm aware that the State had previous
7 drafts of the application, but there was only one application
8 that was applicable at the time the application period opened.

9 BY MR. KEMP:

10 Q So if I told you the application that required
11 ownership or the landlord's letter was on the State website as
12 recently as two weeks ago, that would be a shock to you?

13 A I don't know that I would be shocked. I mean,
14 people make mistakes. The Department of Transportation (sic)
15 is not immune from having potentially --

16 THE COURT: Department of Taxation?

17 MR. KOCH: Taxation.

18 THE WITNESS: What did I say?

19 THE COURT: Transportation.

20 THE WITNESS: Yeah. I guess somebody jinxed it
21 earlier. But anyway, yes, Department of Taxation. Thank you.

22 BY MR. KEMP:

23 Q Transportation screws up, too.

24 A Yeah, maybe. So, yeah, is it possible that they had
25 an outdated version of the application? I did not see that

1 specifically. I heard that that had occurred. I wouldn't be
2 shocked. But that's a technicality. The big picture here is
3 what was applicable at the day the application period opened.
4 And if someone wasn't paying attention close enough to
5 understand which form was appropriate for such a large
6 endeavor and commitment, then, you know, I don't know that you
7 can really blame the Department for that.

8 Q Okay. And the application notice was published July
9 6th, I believe.

10 A Somewhere around there, as far as I can recall.

11 Q And the final day was September 20th; right?

12 A Something like that.

13 Q So between the time period of July 6th through
14 September 20th, you personally didn't know that there were two
15 forms, is that correct?

16 A I don't recall. I knew that they were -- they had
17 previously been discussing the location requirements, whether
18 or not to require a secured, you know, location and that kind
19 of thing, but, you know, we paid pretty close attention to the
20 whole process. We were part of the Listserv. And we were not
21 confused by the fact that there were previous versions of the
22 application. It was pretty clear to us which form to use.

23 Q You didn't even know there were two forms. What do
24 you mean you were sure which form to use?

25 A We were not confused by that. We knew which form to

1 use.

2 Q Well, if you didn't know there were two forms, how
3 could you be confused?

4 A I don't know that there were two forms. I don't
5 know -- I now know that there were two forms, but I'm not sure
6 if they actually published it or not. But for us it wasn't a
7 point of discussion. We got the form, we followed it and
8 submitted our application.

9 Q Okay. Let's talk about the address requirement a
10 little bit. Earlier you referenced the Task Force's
11 recommendation that the address requirement be dispensed with;
12 right?

13 A I wouldn't call it the address requirement. It's
14 more of securing a location and using that location as a basis
15 for grading on the application. As we now know, the
16 application did have a spot for address; it just wasn't
17 graded. There were no points assigned to it, so it was more
18 of a guidance than it was a requirement.

19 Q Would I be correct that NRS 453D.210 that was in
20 effect when the application was filed required that an address
21 be submitted as part of the application?

22 A Can you show that to me? I don't have that
23 memorized.

24 Q Well, let me read it to you. Section (b): "The
25 physical address where the" --

1 THE COURT: So you're on 5(b)?

2 MR. KEMP: That's correct, Your Honor, 5(b).

3 BY MR. KEMP:

4 Q Quote: "The physical address where the proposed
5 establishment will operate is owned by the applicant or the
6 applicant has the written permission of the property owner to
7 operate the proposed marijuana establishment on that property"
8 -- semicolon, close quote. That's what the statute says;
9 right?

10 A If you say so. I don't have it in front of me.

11 Q Do you want to look at it?

12 THE COURT: He correctly read it.

13 THE WITNESS: Okay. I'll take the Judge's word for
14 it.

15 BY MR. KEMP:

16 Q Okay. And that statute got amended, at least parts
17 of it did, in the legislative session that just ended in 2019;
18 right? You're familiar with AB533?

19 A Yes, generally.

20 Q And it amended part of that statute; right?

21 A I believe so.

22 Q But it didn't amend that part that requires a
23 physical address; right?

24 A I'm not sure.

25 Q Okay. Now, the statutes as enacted by the

1 legislature, that's the law, right, not the Task Force
2 recommendations?

3 A Correct.

4 Q So basically instead of following the law that I've
5 just read, the DOT decided to follow the Task Force
6 recommendation, no address required; right?

7 MR. KOCH: Objection. Legal conclusion.
8 Argumentative.

9 THE WITNESS: Well, I believe --

10 THE COURT: Overruled.

11 THE WITNESS: I'm sorry. I believe the Department
12 used its own, you know, statutory authority to create an
13 application that was, you know, responsive to, you know,
14 Question 2 and the regulations.

15 BY MR. KEMP:

16 Q Well, that's not really what happened, is it, sir?
17 You know what really happened, don't you? Certain applicants
18 were having trouble getting landlords to sign leases or to
19 sign landlord letters. It was costing them a lot of money, so
20 certain applicants and their attorneys went to the Department
21 and begged for some relief. Isn't that what really happened
22 here?

23 A Not to my knowledge.

24 Q Not to your knowledge?

25 A Yeah.

1 Q To your knowledge there was no address required as
2 of July 6th; right? That's your knowledge?

3 A My knowledge and understanding was that the location
4 was not required on the application, in part because of all of
5 the issues that it caused in 2014.

6 Q Okay.

7 MR. KEMP: Shane, can I have Exhibit 5, page 13, the
8 building section.

9 BY MR. KEMP:

10 Q Now, that section, you're supposed to include
11 documentation establishing the adequacy of size of the
12 building; right?

13 A Yes.

14 Q Did NOR put in generic building plans or did they
15 put in building-specific plans for specific buildings and
16 specific addresses?

17 A Both.

18 Q Okay. So some of your applications you had generic
19 plans and some you had specific addresses, is that correct?

20 A What I mean by that is we actually took our existing
21 dispensary floor plan and layout and removed any identifying
22 information from that, and so in a sense it was an actual, you
23 know, layout of a functioning store that had been approved in
24 the state but did not have any identifying information on it.

25 Q Well, let me ask it a little differently, then. So

1 for the eight applications NOR and HOR put in -- there were
2 eight; right?

3 A Yes.

4 Q Did you have a building address for any of the
5 eight?

6 A We had to provide an address, I believe, in another
7 part of the application, but for this particular section this
8 is non-identified, and so we had a non-identified floor plan
9 with context and language and description that is based on our
10 existing store today.

11 Q Okay. Does that mean you did have a piece of
12 property that you owned or under lease for each one of these
13 eight or you did not?

14 A We provided addresses for them according to the
15 application.

16 Q Okay. Let's go down each one, then. RD215, did you
17 provide a specific building address?

18 A Yes.

19 Q 16, a specific building address?

20 A I believe so.

21 Q 17?

22 A The answer to all of them is I believe we did.

23 Q So you think you had specific building addresses for
24 each of them, is that correct?

25 A I believe so, yes.

1 Q Did you have landlord letters? Well, wait, wait,
2 wait, wait, wait. I think I see what's happening here. By
3 specific building address, you're not talking about Post
4 Office Etcetera or something like that; right? You're talking
5 about a real building where you're going to put the
6 dispensary. Did you provide that?

7 A We had addresses that were within each jurisdiction
8 that we felt met the requirements of the application.

9 Q Okay. Did you have addresses for a building where
10 you were going to build a dispensary or did you have post
11 office boxes or UPS addresses?

12 A We had addresses that we felt met the requirements
13 of the application.

14 Q Where they UPS addresses?

15 A I can't -- I don't recall what they were for.

16 Q Did you have a landlord's letter for each one of --
17 for any of the eight applications?

18 A Was that a requirement in the application? I don't
19 recall.

20 THE COURT: Sir, it's a yes or no.

21 THE WITNESS: I don't believe so.

22 BY MR. KEMP:

23 Q Okay. And did you own any of the addresses that you
24 referenced in the eight applications?

25 A I don't recall.

1 Q There's been testimony that some people used a UPS
2 or something like that, a Post Office Etcetera, they used that
3 address. Did you do that?

4 A We may have.

5 Q Okay. So if you did that, the building plan
6 couldn't be specifically tailored to whatever you ultimately
7 would build, is that correct?

8 A To the extent that that happened, that would be
9 correct. However, as I explained earlier, our building plan
10 was based on our existing store that could be built with minor
11 tweaks just about anywhere.

12 Q Okay. Nothing better than using an existing store
13 because that's already been approved; right?

14 A And we were comfortable with it. We operate a
15 certain way. We have our tellers in one window and we have
16 check-ins a certain way. So operationally it was already
17 designed to support how we operate our retail operations.

18 Q Okay. But if you were trying to prove that you
19 could build something in 12 months, there would be nothing
20 better to submit than an existing operating dispensary; right?

21 A I mean, I'm sure your client would like to make that
22 argument, but, you know, that wasn't why we submitted it the
23 way we did. We submitted our floor plan the way we did
24 because that's how we operate, we're very successful in this
25 market, and that supports our operations, our security, our

1 training, customer flow, packaging, product flow, et cetera.
2 That's why we did it, not because we already had a store that
3 we abandoned that we were trying to retrofit.

4 Q Can we agree to a term to call the floor plan that
5 you used generic floor plan, whatever you want? Give me a
6 term.

7 A Floor plan.

8 Q Okay. So with regards to the NOR floor plan, do you
9 think that the NOR floor plan that you provided for eight
10 different jurisdictions, do you think that that provides
11 greater evidence that you can actually build a dispensary in
12 12 months than an existing dispensary that had been in
13 operation for years would provide?

14 A That's not a hypothetical I really contemplated. I
15 mean, it's a very unique circumstance you're bringing up.

16 Q I'm not disagreeing that it's a unique circumstance,
17 but okay.

18 MR. KEMP: Can I have the NOR scores, please, for
19 building construction.

20 BY MR. KEMP:

21 Q These are the scores that the Manpower graders gave
22 NOR to the NOR floor plan in these eight different
23 jurisdictions, okay. Do they look familiar?

24 A I actually haven't seen this before, but I'll take
25 your word for it.

1 Q Okay. Well, your attorney will jump up and yell and
2 scream if I'm lying. All right. So let's focus on 15 and 16.
3 Those are in two completely different jurisdictions; right?

4 A I would assume so. Again, I'm not sure how those
5 are coded. I don't know where this ID number came from or
6 what they correlate to.

7 Q Okay. But you only filed on application for
8 jurisdiction?

9 A Correct.

10 Q Okay. In other words, you didn't set up two LLCs
11 and file multiple applications; right?

12 A That's correct.

13 Q And the reason you didn't set up the two LLCs and
14 file multiple applications is you at least understood that was
15 not the way to go, that was inappropriate?

16 A Well, I believed that NOR was the applicant. NOR
17 was the licensed medical marijuana company that qualified to
18 apply for these licenses.

19 Q So you thought -- if you had you could file more
20 than one application, you would have done that, because you
21 could have got two dispensary licenses, potentially, in Clark
22 County or two in to city of Las Vegas; right?

23 A Potentially.

24 Q Okay. But you didn't do that because you knew that
25 NOR could only file one application; right? In each

1 jurisdiction.

2 A That was not our strategy. I mean, we -- NOR was
3 the existing licensee, existing operator, and that's the
4 entity that applied.

5 Q Okay. Let's get back to building construction on
6 215 and 216. Two different jurisdictions. And I think this
7 is the County and the City; right? Right?

8 A I don't know.

9 Q Okay. You know it's different jurisdictions,
10 though, because you only filed one [inaudible].

11 A Yes. I believe so.

12 Q And you got the exact same score for building
13 construction in two different jurisdictions, 16.33. Do you
14 see that?

15 A Yes.

16 Q Can you explain to me how a building in two
17 different jurisdictions could be rated exactly alike down to
18 the hundredth decimal point?

19 A No.

20 Q It's incomprehensible; right?

21 A I wouldn't say that. I just -- I'm not familiar
22 with the rationale behind it.

23 Q Okay. And then the next group of applications you
24 had, 17, 18, 19, 20, 21, those are filed in five different
25 jurisdictions; right?

1 A Six.

2 Q 17 is the last one. I'm talking about 1, 2, 3, 4,

3 5.

4 A Oh. Those five, that .33?

5 Q Yes.

6 A Yes. Okay.

7 Q Okay. So five different jurisdictions. And you got

8 the exact same rating down to the second decimal point; right?

9 A Yes.

10 Q Okay. So these were five different UPS addresses in

11 five different jurisdictions?

12 A I don't know.

13 Q They weren't real buildings; right? I mean, real

14 buildings --

15 A Well, of course they were real buildings.

16 Q -- real buildings that you were going to put a

17 dispensary in; right?

18 A I don't recall. We own, you know, commercial real

19 estate throughout the state, and it may have been some of that

20 here. I don't know. I don't remember.

21 Q The same question. Can you explain to me how the

22 NOR floor plan got the exact rating in five jurisdictions?

23 A No, I cannot. I wasn't part of the grading process.

24 Q And can you explain how the same floor plan got a

25 16.33 in the first two jurisdictions, but the exact same floor

1 plan was rated in the next five a point higher?

2 A I mean, I can speculate. I mean, it could have
3 something to with the population with regard to the relative
4 size of the floor plan. Maybe there was some thought that a
5 larger store could serve a large population better. I don't
6 know. That's complete conjecture on my part. But, like I
7 said, I wasn't privy to how this was scored, and so I can't
8 really, you know, say why there are two different scores.

9 Q Would it surprise you if I told you that all eight
10 of these for building addresses where there's not going to be
11 a real dispensary, okay, either at the UPS box or whatever,
12 all eight of your applications scored higher in this category
13 than MM's application for a real building, a real dispensary
14 that had been in operation for three years? Would that
15 surprise you?

16 A Not necessarily, no. I can tell you that --

17 Q And is that --

18 A -- we went through a lot of effort to explain how we
19 operate. It's like saying, here's a floor plan I found off
20 the Internet, go with it, versus something that, you know, we
21 know how to operate in this floor plan, it supports our
22 operations. So it wasn't just a floor plan submitted on its
23 own. I believe we provided a lot of -- a lot of information
24 about the floor plan and why it works and how -- why we
25 thought it strengthened our application.

1 Q But MM Development had an actual dispensary that had
2 been operated for years, and they got rated lower than your
3 generic floor plan at a Post Office box address. That
4 doesn't --

5 A That doesn't mean that they operate well.

6 Q Have you been to the -- were you at their
7 dispensary?

8 A Yes.

9 Q You don't think that dispensary's operated well?

10 A I'm not saying that. You're saying just because it
11 was in existence means that it's a superior floor plan. And I
12 disagreed with that assertion.

13 Q Okay. Other applications that also used generic
14 floor plans also got even higher ratings than this; right?

15 A I don't know.

16 Q Okay. Are you familiar with Thrive?

17 A Yes.

18 Q Let me show you some of their ratings.

19 THE COURT: What document?

20 MR. KEMP: This is just demonstrative, Your Honor.

21 THE COURT: So are you going to give it some
22 demonstratives at the end of the day?

23 MR. KEMP: Well, actually there's documents that
24 actually support this if --

25 THE COURT: Well, but, I mean, you have a

1 demonstrative you're showing. So are you going to give me a
2 slide?

3 MR. KEMP: Yes, we are, Your Honor.

4 THE COURT: Great. Good. Keep going.

5 BY MR. KEMP:

6 Q Okay. So we have the same 19.67 rating for five
7 places from Clark County to Elko. See that?

8 A Yes.

9 Q And we got the same 19.33 grading for the same --
10 for places from Clark County to Nye County; right?

11 A Yes.

12 Q Seems pretty consistent to me. Does it seem
13 consistent to you?

14 A Well, I see that the number 19.33 applies to Clark,
15 Las Vegas, Reno, and Nye.

16 Q And I assume that you have no explanation for how
17 Thrive got generic plans rated at 19.67 or 19.33 and MM's
18 actual building was only rated 15.33.

19 A I'm not sure that's what the application called for.
20 I think you're kind of trying to project your own idea of how
21 the application should have been post mortem.

22 Q Okay. So you think that an existing building that
23 had been operating for years could not be put in as a proposed
24 building in the application process? Is that what you think?

25 A Nope. Didn't say that.

1 Q Okay. Do you think this is kind of a bait and
2 switch here? In other words, you tell the Department that
3 you're going to build a building using generic plans at a Post
4 Office box address and then you switch it over and you build
5 something different at a different address. You think that's
6 a bait and switch, get the high points and then switch over to
7 something else?

8 A Not at all. It's quite the opposite. We are a
9 proven, experienced operator with a stellar track record that
10 took our existing floor plan that had been very carefully
11 designed and not only provided a floor plan -- the building's
12 a building. The more important thing to me is showing how
13 you're going to meet the needs of the community, how your
14 floor plan supports the business. You're looking at this very
15 differently than I would.

16 Q Well, do you think --

17 A I'm --

18 THE COURT: He's not done.

19 THE WITNESS: So, in addition to the floor plan and
20 talking about the building, it's really how do you use that to
21 serve the needs of the customers within that community. And
22 we went to great lengths to do that in our application .

23 BY MR. KEMP:

24 Q Right.

25 A And so just because MM had abandoned their location

1 on Sunset to go after the tourist, you know, market, doesn't
2 mean that they're somehow proven that they know how to operate
3 better. So what? They had another location. Big deal. We
4 had a location that saw three times, two and a half, two
5 times, something like that, the number of customers on a daily
6 basis that was proven, that we demonstrated, in my opinion,
7 that we knew how to operate and serve the needs of community.

8 Q Okay. I started off talking about building ratings,
9 which are 20, and you moved over to a different section,
10 community impact, which is 15 points; right? Different
11 sections.

12 A No. I did not do that.

13 Q Community impact isn't different than building?

14 A That's not what I said.

15 Q Is community impact different than building?

16 A It's a different section. But if you go back to
17 what this section called for, it talked about adequacy of
18 serving the needs of the customer and adequacy of size. And
19 that's what I was talking about.

20 Q How could you make an objective determination that
21 the size was adequate if you didn't even know where the
22 building was, didn't whether it's going to be one story or two
23 story, didn't know whether it's in a strip center or stand
24 alone? How can you decide that a building's adequate if you
25 don't know how big it's going to be?

1 A Because we're providing a floor plan based on how we
2 currently operate, and so we have -- we're in a very good
3 position, actually, to describe that. And I think we did so
4 very well.

5 Q Now, with regards to the NOR floor plan that you
6 used for the eight applications would or would not that have a
7 different impact in different communities?

8 A It may need to be tailored slightly. You know,
9 Starbucks has certain prototypes that they build in various
10 communities, and they tweak it based on the building and the
11 community. And we anticipated doing the same thing.

12 Q You anticipated doing it, but you didn't do it in
13 the application.

14 A Well, there wasn't -- it wasn't possible to submit
15 eight different floor plans. It was one application.

16 Q Would I be correct that NOR got the exact same grade
17 for community impact in its eight different applications filed
18 in eight different jurisdictions?

19 A I believe so. I don't know that for sure. I
20 haven't seen it. But I believe that's the case, deducing the
21 score is based on the size adequacy thing.

22 MR. KEMP: Let me have my next slide, please, Shane.
23 It's the community impact rating.

24 BY MR. KEMP:

25 Q Okay. 14.33, 14.33, 14.33, all the way down for all

1 eight applications; right? Right?

2 A Yes.

3 Q Eight different communities all across the state,
4 and you have the same community impact; right?

5 A The score is the same.

6 Q Earlier -- you know Dave Thomas; right?

7 A Yes.

8 Q He explained to us why the community impact of a
9 marijuana store say on East Boulder Highway would potentially
10 be different than a marijuana store in Summerlin. So he
11 explained that. Do you agree that the potential community
12 impact would be different if you were those two types of
13 diverse locations?

14 A I mean, it depends how you write your application. I
15 think we wrote ours in such a way that we demonstrated not
16 only our historical commitment and efforts to make a positive
17 impact to the community, but broad strategies going forward.
18 And so, I mean, if -- I guess if you drill down to the, you
19 know, certain level of detail, it could vary neighborhood by
20 neighborhood. But I think the way that we approached it with
21 our -- the way that we have always provided classes on a
22 monthly basis, now we do it twice a month, from the doctor to
23 the community, how we do community outreach, how we volunteer
24 with veterans organizations and et cetera, et cetera, those
25 are all, you know, similar kinds of general strategies.

1 Q Everybody does the volunteering with the veterans
2 and what -- everybody does that; right?

3 A So you're saying we're not unique?

4 Q Well, I'm saying that other people do the same
5 things you've described. Do you think those things justify
6 having a community impact score of 14.33 in eight different
7 jurisdictions where you don't say exactly where the
8 dispensary's going to be built?

9 A I think we did an excellent job not only of actually
10 doing the things we said we were going to do, but making a
11 strong commitment to the community. I love to talk about it.

12 Q Okay. You also got one of the highest, if not the
13 highest, ratings for care, quality, and safekeeping; correct?

14 A I don't know that.

15 MR. KEMP: Can I have my next slide, Shane.

16 BY MR. KEMP:

17 Q 82.67. I think there was only one other applicant
18 that might have been slightly ahead of this, but this was a
19 very high score, that 90.10; correct?

20 A This is the first time I'm actually seeing this, so
21 I don't know.

22 Q Now, care, quality, and safekeeping, that means when
23 the marijuana comes into the dispensary you take -- in general
24 you have tracking maps that safeguards, make sure you're
25 selling it to the right people. That's what care, quality,

1 and safekeeping is?

2 A I mean, that's a part of it. I would use a much
3 different way of describing it, but I think you're generally
4 pointed in the right direction there.

5 Q Okay. And I assume you must have some formal
6 written plan for care, quality, and safekeeping.

7 A What do you mean by that?

8 Q Don't you have a procedure manual or a plan or
9 something?

10 A The "care, quality, and safekeeping" are words from
11 the application.

12 Q Okay. And you didn't just say, I promise I'm going
13 to do a really, really good job and get an 82.67. You put in
14 some backup information?

15 A Quite a bit, yes.

16 Q And the backup information included a plan or
17 procedure?

18 A Yes. So are you asking about our SOPs and policies
19 and procedures, or are you asking what types of information we
20 put responsive to the application questions?

21 Q Rightly. You put in something there that would
22 demonstrate that you had a good care, quality, and safekeeping
23 procedure; right?

24 A Yes. We tried to address that the best we could.

25 Q And whatever you put in there, is that what you were

1 using already for NOR, or is this some new invention?

2 A Well, I think it's a combination. So, you know,
3 over the years we've certainly gotten better at certain
4 things, and so we've adapted our SOPs and our different, you
5 know, processes that we use to operate the company. So part
6 of it is describing how we've done that in the past and how
7 well we think we've done in that category, but another part of
8 it is describing how we would also do that in new locations
9 and new -- you know, going forward.

10 Q Okay. And you said you had a, quote, "stellar,"
11 unquote, track record with regards to care, quality, and
12 safekeeping?

13 A In my opinion, yes.

14 Q Okay. And isn't it true -- Counsel went over it
15 with you a little bit. Isn't it true that NOR, or rather HOR
16 sold marijuana to an underage person?

17 A Another entity, a sister company, did have an
18 incident that we discussed earlier where we found it in our
19 internal audit, reported it to the State, and addressed it.

20 Q Did you find it, or did that person's mother call up
21 and yell and scream at your manager? What really happened
22 here? Would you like to look at the incident report?

23 A We found it.

24 Q You found it.

25 A We identified the issue, and we corrected it, and we

1 ended up terminating the employee who was responsible for
2 allowing that customer to be checked in.

3 Q And this is incident happened just months before the
4 applications were being [inaudible].

5 A I believe so.

6 MR. KEMP: Can I have Exhibit 96, which is an
7 admitted exhibit.

8 BY MR. KEMP:

9 Q Have you seen this before, sir?

10 A It's hard to read. I believe this was admitted --
11 or in the proceedings earlier.

12 Q Okay. And so sometime in or around April or May of
13 2018, two months before the July notice was published,
14 sometime in that time period you had this incident of selling
15 to an underage person; correct?

16 A Well, when you say underage, they were not a minor.
17 They were under 21, but older than 18.

18 Q Okay. Well --

19 A And, yes, an incident did occur at a different
20 company, different entity. We discovered that incident, we
21 corrected it, we self reported it, and handled it in the most
22 forthright way we have.

23 Q And this is your actual compliance history, that you
24 actually sold to an underage person; right?

25 A No. That's an isolated incident that occurred. I

1 don't think it's fair to say that is our compliance history.

2 Q Oh.

3 A We are one of the highest-volume stores in the
4 state, and we have 60, 70 employees at each location. We see
5 over a thousand people a day. And given the volume of
6 business that we have handled, I think we've done an excellent
7 job of following the regulations.

8 Q Okay. Well, let's talk about selling to minors or
9 selling to underage persons, as you want to put it.

10 A So are you -- by going down this line are you saying
11 that Henderson Organic Remedies is the same as Nevada Organic
12 Remedies, which is the applicant and the party in this case?

13 MR. PARKER: Your Honor, can I just make a quick
14 objection. The witness is now asking questions, as opposed to
15 answering.

16 THE COURT: So the attorneys don't have to answer
17 him. He can ask all he wants. Because if he does not finish
18 this afternoon, he will be back tomorrow morning at 9:30.

19 BY MR. KEMP:

20 Q Henderson Organic Remedies uses the same care,
21 quality, and safekeeping plan as NOR? Sister company; right?

22 A Henderson did not apply for their licenses.

23 Q I didn't ask that.

24 A Not because of this incident, but, you know, there
25 is some common ownership, if that's what you're asking.

1 Q Did they use the same care, quality, and safekeeping
2 plan as NOR?

3 A I don't know what you're asking. Because, again,
4 this -- the care, safekeeping, and quality is a section of an
5 application. Henderson did not apply for licenses, so I'm not
6 really able to answer that.

7 Q Okay. Let's get back to selling to underage
8 persons. Are you aware of any instances where say, for
9 example, Mr. Hawkins's facility was accused of that?

10 A I'm not aware.

11 Q Anybody else other than Henderson Organic Remedies?

12 A I'm sure it's happened before, but I don't --

13 Q I'm not asking what you're sure about. I'm asking
14 if you know of any other instances --

15 A I've never asked another licensee if that's occurred
16 in their facility.

17 Q So as far as your personal knowledge, you are the
18 only dispensary in Clark County that has been involved in an
19 underage sale; is that correct?

20 A I wouldn't say that. Because I've kind of heard
21 enough to know that it's happened before. I just can't sit
22 here and tell you chapter and verse who it's happened to and
23 what the circumstances were.

24 Q Now, would I be correct that you did not indicate on
25 your application that you had been involved in an incident of

1 selling to an underage person?

2 A The Department has a history of all of our
3 deficiencies, all of our inspections, all of our audits. And
4 plus this was a separate entity. So not only did I not think
5 it was needed because they already had that information, but
6 it really wasn't applicable, because Henderson was not
7 applying for licenses.

8 Q Okay. So you did not put it on any of the eight NOR
9 applications?

10 A The State already had the information.

11 Q The answer to my question is you did not put it on
12 the applications.

13 A We did not put Henderson's incident on this
14 application.

15 Q And the reason you didn't do it is because it was
16 already in the State computer systems?

17 A No. The reason we didn't do it is because it wasn't
18 applicable. I mean, why would we put incidents from -- that
19 happened at a different company on NOR's application?

20 Q So you think the actual compliance history of an
21 applicant is not relevant, but the care, quality, and
22 procedure plan it submits is relevant. That's what you're
23 telling me?

24 A That's not what I'm saying. No.

25 Q So the actual compliance history is relevant to the

1 application?

2 A The compliance history for NOR, although I don't
3 know that it was, you know, structured this way in the
4 application, I think would be relevant. But, again, you're
5 asking me about an incident that occurred at a separate
6 company.

7 Q Okay. And isn't it true that you asked the State to
8 scrub this from its computer systems?

9 A No.

10 MR. KEMP: Shane, can I see the next on this,
11 please.

12 THE COURT: And what's its exhibit number, or is it
13 still part of --

14 MR. KEMP: Same exhibit.

15 THE COURT: Okay. Thank you.

16 MR. KEMP: Same exhibit, Your Honor, 96.

17 BY MR. KEMP:

18 Q "Please remove the investigation SODs," that's
19 statement of deficiencies; right?

20 A Correct.

21 Q Please remove them. So the State was asked to
22 remove these from its system; right?

23 A I'm not familiar with this email. I don't know the
24 history behind it.

25 Q And you don't know what your attorney asked the

1 State to do?

2 MR. KOCH: Objection. Lacks foundation.
3 Argumentative.

4 THE COURT: Overruled.

5 THE WITNESS: I know that --

6 MR. KOCH: Misstates the document.

7 THE COURT: Overruled.

8 THE WITNESS: I know that we discovered that this
9 incident occurred and that we voluntarily went to the State
10 and told them that it happened, provided a plan of correction,
11 and so on. So --

12 BY MR. KEMP:

13 Q You discovered it when the mother called complaining
14 that her son had been able to buy marijuana at the State, or
15 you discovered it how?

16 A I don't recall that's how it occurred. We have a
17 full-time internal compliance person whose job it is to ensure
18 that we're following the rules. And I believe that he
19 discovered this incident and then escalated it through the
20 proper channels of management, again, at Henderson Organic
21 Remedies.

22 Q Did you think this is something that the graders
23 should have had to consider, your actual compliance history,
24 as opposed to the theoretical compliance history in the plan
25 documents you submitted?

1 MR. KOCH: Objection. Asked and answered.
2 Argumentative.

3 THE COURT: Overruled.

4 THE WITNESS: So, again, this was for -- this had
5 not happened with the applicant. So this was a separate
6 entity. And secondly, that wasn't part of the application, so
7 we did not submit it. If it had been part of the
8 requirements, we would have gladly provided that information.
9 BY MR. KEMP:

10 Q A separate entity with the same, what was your word,
11 admirable, wonderful management that both entities had; right?
12 NOR and HOR had the same management, same executives?

13 A Yes. Similar. Some common ownership.

14 Q Okay. And isn't the reason that HOR didn't apply
15 for an application was because it was concerned that this
16 incident would hurt it?

17 A Not at all. That's not at all why.

18 MR. KEMP: Thank you, sir.

19 THE COURT: Mr. Cristalli.

20 MR. CRISTALLI: Thank you, Your Honor.

21 CROSS-EXAMINATION

22 BY MR. CRISTALLI:

23 Q 'Afternoon, Mr. Jolley.

24 A 'Afternoon.

25 Q Mr. Jolley, you talked a little bit about you being

1 familiar with the ballot initiative; correct?

2 A Yes.

3 Q And in fact NRS 453D.020 discusses a little bit
4 about the ballot initiative in terms of its introduction.
5 Specifically it talks about "In the interest of public health
6 and public safety and in order to better focus the State and
7 local law enforcement resources on crimes involving violence
8 and personal property the people of the state of Nevada find
9 and declare that the use of marijuana should be legal for
10 persons 21 years of age or older, and its cultivation and sale
11 should be regulated similar to other legal business." You
12 agree with me that that's what the provision says?

13 A Yes.

14 Q Okay. It continues on to say, "The people of the
15 state of Nevada find and declare that the cultivation and sale
16 of marijuana should be taken from the domain of criminals and
17 be regulated under a controlled system where businesses will
18 be taxed and the revenue will be dedicated to public education
19 and enforcement of the regulations of this chapter." You
20 agree with that, sir, don't you?

21 A Yes. That's what it says.

22 Q That's what it says.

23 A Yep.

24 Q And it says that because the initiative addresses
25 the issue and then through the course of the statute to make

1 sure that there are no criminals that are operating marijuana
2 establishments in the state of Nevada. You'd agree with me;
3 correct?

4 A I believe the State undertakes steps by declaring
5 background checks and so forth to make sure that the people
6 who are working in the industry meet certain requirements,
7 yes.

8 Q In fact, under 453D.200(6) -- Court's indulgence --
9 it specifically says, "The Department shall conduct a
10 background check of each respective owner, officer, and board
11 member of a marijuana establishment license application";
12 correct?

13 A I believe so.

14 Q Want to make sure that we properly vet all
15 applicants to make sure that their backgrounds are clean;
16 correct?

17 A I believe that's the intention.

18 Q Okay. And then it goes on to 453D.205(1) stating,
19 "When conducting a background check pursuant to subsection (6)
20 of NRS 453D.200 the Department may require each respective
21 owner, officer, and board member of a marijuana establishment
22 license application to submit a complete set of fingerprints
23 and written permission authorizing the Department to forward
24 the fingerprints to the Central Repository for the Nevada
25 Records of Criminal History for submission to the Federal

1 Bureau of Investigation for its report"; correct?

2 A That's what it says.

3 Q So we want to make sure that all applicants are
4 appropriately vetted before licensing a particular applicant;
5 correct?

6 A I believe so.

7 Q And then 453D.210(5)(f)(1) says, "The persons who
8 are proposed to be owners, officers, or board members of the
9 proposed marijuana establishment have not been convicted of an
10 excluded felony." Isn't that true?

11 A That's what it says.

12 Q Okay. And the ballot initiative requires all
13 ownership to be disclosed; correct?

14 A I mean, we talked earlier about, you know, how
15 that's handled for publicly traded companies. But, yes, I
16 believe that that language is correct.

17 Q Okay. So let's talk about that with regard to how
18 it's dealt with with publicly traded companies. You would
19 agree with me, would you not, sir, that if you are a
20 shareholder of a company that you have an ownership interest?
21 Correct?

22 A Yes, I would agree with that.

23 Q So to take it to its logical conclusion, then, if
24 the ballot initiative, if the NRS requires the disclosure of
25 all, and it says "shall," all ownership interests in a

1 marijuana establishment, you would agree with me, sir, that it
2 would be difficult in light of the fact that all shareholders
3 are considered owners to make that full disclosure; correct?

4 MR. KOCH: Objection. Legal conclusion.

5 THE COURT: Overruled.

6 THE WITNESS: I think when this language was drafted
7 I don't know that it really considered the implications for
8 publicly traded entities. But there are many now, you know,
9 companies that are publicly traded. And so I believe that in
10 a case where you have, you know, ambiguity the Department has
11 been able to clarify the rules for handling those situations.

12 BY MR. CRISTALLI:

13 Q Okay. So the ballot initiative says "shall be
14 disclosed"; correct?

15 A Yes.

16 Q And the regulations say "shall be disclosed";
17 correct?

18 A I believe so.

19 Q So it's your testimony here that the Department of
20 Taxation could usurp both the initiative and the regulations
21 in order to justify nondisclosure?

22 A I would say clarify.

23 MR. KOCH: Objection. Legal conclusion and
24 argumentative.

25 THE COURT: Overruled.

1 THE WITNESS: I would say clarify.

2 BY MR. CRISTALLI:

3 Q Mr. Kemp talked to you a little bit about locations.
4 And I think he's established pretty clearly that both the NRS
5 453D.210(5)(b) and NAC 453D.268 require a physical address
6 where the proposed marijuana establishment will be located and
7 a physical address of any co-owned or otherwise affiliated
8 marijuana establishment is. You agree with both -- the fact
9 that both the NRS and the regulations say that; correct?

10 A I believe so. I didn't read what you just read, but
11 that sounds -- sounds to be accurate.

12 Q Okay. And now going to the application --

13 MR. CRISTALLI: Shane, can you put up Exhibit 5.

14 BY MR. CRISTALLI:

15 Q Let's go to page 8 first, because it pops up as the
16 first reference I'll make. Middle of the sentence in red it
17 says, "No applicant may be awarded more than one retail store
18 license in a jurisdiction/locality unless is less applicants
19 than licenses allowed in the jurisdiction." That's correct;
20 right? That's what it says?

21 A That's what it says.

22 Q Okay. And that's what you abided by. You followed
23 that; correct?

24 A We only submitted one application per jurisdiction.

25 Q Okay. And Mr. Kemp addressed this with you, but he

1 didn't address who had applied for multiple licenses in the
2 same jurisdictions under different LLCs and were awarded those
3 licenses. Are you familiar with the fact that both Essence
4 and Thrive were awarded two licenses in on jurisdiction that
5 they applied in under different LLCs under the same
6 organizational structure?

7 A I have heard that.

8 Q But your company did not do that?

9 A That's correct.

10 MR. CRISTALLI: Okay. Let's go to Attachment A,
11 Shane, if we could, on that same exhibit. That's on page 21.

12 BY MR. CRISTALLI:

13 Q If you look at where it starts "Marijuana
14 establishment's proposed physical address if the applicant
15 owns property or has secured a lease or other property
16 agreement. This must be a Nevada address and cannot be a P.O.
17 box." That says that; correct?

18 A There's part of that that you read that I didn't see
19 on the screen here.

20 UNIDENTIFIED SPEAKER: Are you talking about 5A?

21 MR. CRISTALLI: Yes.

22 UNIDENTIFIED SPEAKER: It's the wrong form.

23 MR. CRISTALLI: Oh, that's okay. You could leave
24 that -- okay. We'll go back to that, then. Is that it?

25 MR. CRISTALLI: May I approach, Your Honor, so I can

1 see?

2 THE COURT: You may.

3 And, sir, if it's not clear on your screen or it's
4 centered, let us know, and we'll try getting it for you.

5 BY MR. CRISTALLI:

6 Q So this particular exhibit requires a physical --
7 I'm sorry. This particular Attachment A requires a physical
8 address, doesn't it?

9 A I mean, it has a field for a proposed physical
10 address. This doesn't, you know, indicate the scoring for
11 locations.

12 Q Okay. Well, let's agree that's [inaudible]. It
13 says, "Marijuana establishment's proposed physical address.
14 This must be a Nevada address and cannot be a P.O. box";
15 correct?

16 A Yes.

17 Q That's what it says; right? Right?

18 A Yes.

19 Q And that's not the application that your company
20 Nevada Organic Remedies filled out, is it?

21 A I'm not sure.

22 Q Well --

23 A Is this the previous draft, or the final draft?

24 Q You tell me.

25 A Yeah. I don't know. So I can only go with what's

1 on the screen. I can't tell you by looking at this if this
2 was the one we actually submitted or not.

3 MR. CRISTALLI: Okay. Shane, can you pull up the
4 other one on page 21. We can look at them both now.

5 BY MR. CRISTALLI:

6 Q This particular Attachment A says, "Marijuana
7 establishment's proposed physical address if the applicant
8 owns property or has secured a lease or other property
9 agreement. This must be a Nevada address and cannot be a P.O.
10 box." Is that what it says?

11 A Yes.

12 Q That's different than the previous Attachment A that
13 you looked at; correct?

14 A Yes.

15 Q Okay. The first one required the physical address,
16 the second one required a physical address if the applicant
17 owns the property or has secured a lease; correct?

18 A Right. Yes.

19 Q But under both of these you can't have a P.O. box;
20 right?

21 A That's what it says.

22 MR. CRISTALLI: Okay. Shane, can you go to --

23 Your Honor, this is a demonstrative. It is part of
24 the disclosures that was provided to us from the State and
25 that we just received.

1 THE COURT: And why is it demonstrative, then?

2 MR. CRISTALLI: Well, because I don't have a hard

3 copy of it, and I can't mark it as an exhibit or introduce it.

4 I have it on my screen, and Shane has it on his screen.

5 THE COURT: Does anybody know what Mr. Cristalli's

6 talking about?

7 They all say, no, they don't have any idea what

8 you're talking about. Can you give us a number of the

9 document?

10 MR. CRISTALLI: Yes. It is DOT041835.

11 THE COURT: Does anybody know that document?

12 MR. KOCH: Know the one before it, but that's it.

13 Can you just tell us what it is and we can maybe --

14 MR. CRISTALLI: It is the -- let's see here. It's

15 called Recreational Application Period. It lists the RD

16 numbers, it lists the applicants, the address where the

17 applicants are submitting applications in, the county, local

18 jurisdiction --

19 THE COURT: Perhaps you can carry your laptop over

20 there and show them. And then maybe they will be familiar

21 with the document and we can move on.

22 So how are you going to get me a hard copy if you

23 use it as a demonstrative?

24 MR. CRISTALLI: Well, at this very moment it's --

25 THE COURT: No. That would be tomorrow.

1 MR. CRISTALLI: Yes.

2 THE COURT: You'd bring it?

3 MR. CRISTALLI: Yes.

4 THE COURT: Okay. Since it looks a lot like real
5 evidence, I'm going to try and work with you.

6 MR. SHEVORSKI: Yeah, it's our document.

7 THE COURT: It's a Department of Taxation document,
8 because it says DOT on it.

9 MR. SHEVORSKI: Correct, Your Honor.

10 THE COURT: I gathered that all by myself.

11 MR. KOCH: You're not submitting it into evidence?
12 You're just going to use it as a demonstrative.

13 MR. CRISTALLI: No.

14 MR. KOCH: Go ahead.

15 THE COURT: They're going to use it demonstratively.
16 Any objection? Everybody says they're okay with that
17 procedure, Mr. Cristalli, on the condition you bring me an
18 exemplar tomorrow for Dulce to mark as Demonstrative next in
19 order.

20 MR. CRISTALLI: Yes, Your Honor, I will do that.

21 THE COURT: She's going to leave a space.

22 MR. CRISTALLI: Shane, DOT041835.

23 BY MR. CRISTALLI:

24 Q And if you go down specifically to Nevada Organic
25 Remedies LLC, you'll see an address of 5130 South Fort Apache

1 Road, Suite 215 through 145, Las Vegas, Nevada. Is that what
2 it says?

3 A Yeah, I believe so. Kind of hard to read.

4 MR. CRISTALLI: And then, Shane, if you'd go down to
5 RD329.

6 BY MR. CRISTALLI:

7 Q You see RD329?

8 A RD329, Commerce Park Medical LLC. Yes.

9 Q And the address is listed at 5130 South Fort Apache
10 Road, Suite 215 to 155, Las Vegas, Nevada; correct?

11 A Uh-huh. Yes.

12 Q It's the same address as the address that you use in
13 your application, isn't it?

14 A I believe so.

15 MR. CRISTALLI: Okay. Shane, can we go to 316 --

16 BY MR. CRISTALLI:

17 Q And that, by the way -- do you understand Commerce
18 Park Medical to be known as doing business as Thrive?

19 A I'm not familiar with that entity name, but it
20 should be Thrive. I don't know.

21 MR. CRISTALLI: Okay. Can you go down, Shane, to
22 316.

23 UNIDENTIFIED SPEAKER: Actually, isn't it directly
24 on the page?

25 MR. CRISTALLI: I'm sorry? DOT041840.

1 BY MR. CRISTALLI:
2 Q Do you see RD316?
3 A Yes.
4 Q It has Essence Tropicana LLC?
5 A Uh-huh.
6 Q And it has 5130 South Fort Apache Road, Suite 215
7 through 147, Las Vegas, Nevada.
8 A Yes, I see that.
9 Q Same address; correct?
10 A I see that.
11 MR. CRISTALLI: And, Shane, if we could go to 263,
12 RD.
13 BY MR. CRISTALLI:
14 Q Do you see that RD263?
15 A Yes.
16 Q And that's Cheyenne Medical?
17 A Yes.
18 Q And that also uses the same address as 5130 South
19 Fort Apache Road, Suite 215 through 156, Las Vegas, Nevada
20 89148; correct?
21 A So the street address is the same, the 5130 South
22 Fort Apache.
23 Q And the suites are different; correct?
24 A I believe so, yeah.
25 Q The address is the same?

1 A The street address appears to be the same.

2 Q Correct. The street addresses are all --

3 A Different suites.

4 Q Correct. The street address for all those locations

5 are the same -- I'm sorry.

6 A The suite address?

7 Q The physical addresses are the same, the suites are

8 different; correct?

9 A I believe so.

10 Q Okay. And do you recognize Cheyenne Medical as

11 Thrive?

12 A I don't. I don't know what LLC that is.

13 Q Okay. And once again, the application says that you

14 cannot use P.O. boxes; correct?

15 A Correct.

16 Q And as Mr. Kemp had indicated to you, it would be

17 very difficult if you go through the applications specific to

18 building floor plans, community impact, security as it relates

19 to the building in the particular location that that building

20 is situated to have the exact same specifications for each

21 building you put in each jurisdiction; true?

22 A That's correct. The Department designed the

23 application process to be kind of more generic by virtue of

24 submitting one application for multiple jurisdictions. That's

25 how it was designed from the very beginning, yes.

1 Q So there would certainly be some variations with
2 regard to those specifications depending on the jurisdictions
3 that you applied in; right?

4 A Well, depending on the physical building itself and
5 other -- sometimes jurisdictions have their own requirements
6 that could affect the floor plan, as well.

7 Q Okay. So you, because of how you interpreted the
8 application to be, did not have to go out and secure a
9 location; correct?

10 A We had to provide an address in that jurisdiction.

11 Q You did not have to secure, I'm sorry, a letter of
12 intent; right?

13 A We did not secure a letter of intent.

14 Q You did not have to go secure a purchase agreement,
15 correct, or secure a piece of real property?

16 A Yeah. Because the location wasn't a graded section
17 and the Department said we didn't have to secure a location,
18 we did not go out and sign a lease.

19 Q Okay. But you would agree with me, sir, would you
20 not, that the statute does require a location; correct?

21 A Statute requires a location that meets the
22 separation requirements, et cetera. But for purposes of this
23 application the Department indicated in its rightful authority
24 that you did not need to secure a location given all the
25 problems that had happened in 2014.

1 Q Well, that was -- that was what you interpreted the
2 Department requiring. But there was other applicants that
3 were participating in this competition with you that were
4 under the impression that they in fact had to go secure
5 letters of intent, that they had to go purchase a real
6 property in order to secure a location for the purposes of the
7 application; correct?

8 A They should have clarified that before wasting all
9 that energy and money securing locations. But it's clear to
10 the vast majority of people who were paying attention what the
11 rules were. And the rules were you didn't have to have a
12 lease, you didn't have to own a building. You simply had to
13 provide an address that was within that jurisdiction that did
14 not have a P.O. box, you know, in the --

15 Q Sir, I showed you two different applications, and we
16 compared them; correct?

17 A Yes.

18 Q And those two applications had different information
19 in them with regard to the requirement of a property address,
20 did they not?

21 A They had different information, but there's only one
22 applicable application. The Department didn't issue two
23 applications and say, pick the one you like and submit it.
24 One appears to be a previous draft, whereas there was only one
25 application that was applicable to the period.

1 Q So if they were both on the Department of Taxation
2 Website and the applicants had I guess an opportunity to
3 choose either one, depending on I guess what day it was when
4 they went on to download their application, there could be a
5 mixup in terms of what application would be required in terms
6 -- in regard to filing for this period; correct?

7 A If the applicant wasn't being careful and wasn't
8 following the rules and taking necessary steps to ensure that
9 they were using the right form, I could see how that could
10 potentially happen. But -- I didn't --

11 Q But, sir --

12 A I'm not finished. But, you know, I spoke with a
13 number of applicants and I don't think it would be fair to say
14 that there was some general confusion at this time. There was
15 a previous draft of the application, and there was the real
16 application.

17 Q And the contents of the application required very
18 specific information with regard to building, though, didn't
19 it?

20 A With regard to like a floor plan? Is that what
21 you're asking?

22 Q It required a floor plan; correct?

23 A Uh-huh. Yes.

24 Q It required a budget; right?

25 A Yes.

1 Q It required information specific to community
2 impact; right?

3 A Yes.

4 Q It required information with regard to security
5 plans; correct?

6 A Correct.

7 Q And the application said very specifically to be as
8 specific as you could with regard to those requirements.

9 A I'm not aware of that language off the top of my
10 head.

11 Q And you said that some applicants -- the majority of
12 applicants knew what application to use. That's what you
13 said; right?

14 A Again, you know, given my involvement in the
15 industry, my position and my day-to-day, I was in frequent and
16 constant interaction with many members of the industry, and I
17 think if there was widespread confusion about the location, I
18 would have known about it. It was actually quite the
19 opposite. The discussion that I heard and observed was more
20 of a sigh of relief that the locations were not required this
21 time given all the headaches and problems that resulted from
22 the 2014 application period. And --

23 Q Well --

24 A I'm not finished. Please let me finish. We have
25 monthly meetings in the NDA. I mean, we have these

1 conversations about what's going on in the industry and what
2 the Department's up to almost every month. There's
3 occasionally a month where we don't. And not only that, but
4 just the ongoing dialogue among, you know, owners and members
5 and managers and stuff I -- you know, I just don't think that
6 there was -- there was definitely discussion about it, but,
7 like I said, it was more of a relief that we didn't have to
8 secure locations. So were there isolated cases where people
9 were confused by the location requirement and maybe they
10 hadn't taken the time to look at the most up-to-date
11 application, yeah, that's very possible. But I don't think
12 it was a widespread issue in my experience.

13 Q Okay, sir. You don't know for a fact as to the
14 percentage of applicants who knew that they did not have to
15 submit a property location and others who thought that they
16 did; correct? You don't know for certain?

17 A I mean, I have a general -- I have a general sense
18 for that just because of my --

19 Q Sir, I'm just asking you a yes or no question.

20 THE COURT: You've got to let him finish. I know
21 you may be answering [sic] yes or no, but he doesn't have a
22 tendency to answer that way.

23 MR. CRISTALLI: Yes, Your Honor.

24 THE WITNESS: It's intentional. I'm just trying
25 to be accurate in my responses. I apologize if it comes

1 across --

2 BY MR. CRISTALLI:

3 Q You know that -- in fact, Mr. Kemp discussed his
4 client with you, MM, and the fact that they had an operating
5 dispensary or a dispensary that was operational for their
6 proposed site, so certainly their company wasn't one of the
7 ones that didn't think that they didn't have to submit a
8 property location; correct?

9 MR. KOCH: Objection. Speculation.

10 THE COURT: Overruled.

11 THE WITNESS: I can't speculate about their frame of
12 mind. I know that they made a strategic decision to abandon
13 their location and go after the tourist market at Planet 13.
14 In fact, their initial strategy was to bifurcate medical and
15 rec, and they made a commitment to the tourist location
16 without even getting permission to bifurcate. And then they
17 later found out that they couldn't do that, and so they ended
18 up moving their medical and their retail license to the Planet
19 13 location, abandoning the Decatur and Sunset location.

20 So, again, you know, I don't know what they were
21 thinking at the time, but I do not believe there was mass
22 confusion about this location thing. If anything, there was a
23 collective sense of relief that leases were not required this
24 go around.

25 //

1 BY MR. CRISTALLI:

2 Q Do you know who Dave Thomas is?

3 A Yes.

4 Q Do you know what company he owns?

5 A I believe he's a partner in Shango.

6 Q Okay. And do you realize that Dave Thomas got up
7 here and testified that he was unaware that he did not have to
8 put forward a property location or secure -- I'm sorry, secure
9 a property location with a letter of intent or purchase
10 agreement?

11 A I can't speak to his level of commitment or
12 understanding or familiarity with the process.

13 Q Okay. And his testimony further was that he used
14 the application that required a letter of intent or to secure
15 a property, in fact spent money, spent quite a bit of money to
16 secure those properties.

17 A I'm not familiar with his situation. I never had
18 that conversation with him.

19 Q You familiar with Mike Villeon?

20 A No, not really. Just by name.

21 Q Mike Villeon also testified that he believed that he
22 was required to secure a letter of intent and a -- letter of
23 intent or property in order to go forward with this
24 application process.

25 A So there's a pattern of unsuccessful applicants

1 using the wrong form, okay.

2 Q Okay. So you define it as the wrong form. Let's
3 discuss that again. There were two forms on the Department of
4 Taxation Website. You're identifying it's the wrong form,
5 sir, because you in fact used the form that did not require a
6 -- require you to secure a letter of intent or to actually
7 purchase the property.

8 A Look, there was only one form. The Department made
9 changes to the form. I believe they sent an email outlining
10 what those changes were in great detail. And for anyone who
11 was paying should have been aware of that. I can't -- I
12 cannot explain why people used the wrong form. I think that's
13 actually a pretty good indication that they're not detail
14 oriented and probably would be unsuccessful in a competitive
15 application process.

16 Q Sir, was this a guessing game to try to figure out
17 what form to use in order to be successful with the
18 application? If you are an applicant that is --

19 THE COURT: Did you want him to answer that
20 question?

21 MR. CRISTALLI: I was going to --

22 THE COURT: That's a yes or no.

23 MR. CRISTALLI: I was going to follow up with it.

24 But yes.

25 THE WITNESS: I think I'm rubbing off on you.

Case No. A-19-786962-B

Dept. No. 11

**LONE MOUNTAIN PARTNERS, LLC'S
ANSWER TO PLAINTIFFS'
COMPLAINT**

1 Lone Mountain Partners, LLC (“Lone Mountain”), by and through counsel undersigned,
2 hereby files this answer to the complaint filed by Serenity Wellness Center, LLC, TGIG, LLC,
3 Nuleaf Incline Dispensary, Nevada Holistic Medicine, LLC, Tryke Companies So NV, LLC,
4 Tryke Companies Reno, LLC, Paradise Wellness Center, LLC, GBS Nevada Partners, LLC,
5 Fidelis Holdings, LLC, Gravitas Nevada, LLC, Nevada Pure, LLC, and Medifarm, LLC
6 (collectively “Plaintiffs”). Lone Mountain answers as follows:

7 Lone Mountain denies each and every allegation in the Complaint except those
8 allegations that are admitted, qualified, or otherwise answered herein.

9 **I. PARTIES, JURISDICTION, AND VENUE**

10 1. Answering paragraph 1, Lone Mountain lacks sufficient knowledge or
11 information as to the truth or falsity of the allegations contained in this paragraph.

12 2. Answering paragraph 2, Lone Mountain lacks sufficient knowledge or
13 information as to the truth or falsity of the allegations contained in this paragraph.

14 3. Answering paragraph 3, Lone Mountain lacks sufficient knowledge or
15 information as to the truth or falsity of the allegations contained in this paragraph.

16 4. Answering paragraph 4, Lone Mountain lacks sufficient knowledge or
17 information as to the truth or falsity of the allegations contained in this paragraph.

18 5. Answering paragraph 5, Lone Mountain lacks sufficient knowledge or
19 information as to the truth or falsity of the allegations contained in this paragraph.

20 6. Answering paragraph 6, Lone Mountain lacks sufficient knowledge or
21 information as to the truth or falsity of the allegations contained in this paragraph.

22 7. Answering paragraph 7, Lone Mountain lacks sufficient knowledge or
23 information as to the truth or falsity of the allegations contained in this paragraph.

24 8. Answering paragraph 8, Lone Mountain lacks sufficient knowledge or
25 information as to the truth or falsity of the allegations contained in this paragraph.

26 9. Answering paragraph 9, Lone Mountain lacks sufficient knowledge or
27 information as to the truth or falsity of the allegations contained in this paragraph.
28

10. Answering paragraph 10, Lone Mountain lacks sufficient knowledge or information as to the truth or falsity of the allegations contained in this paragraph.

11. Answering paragraph 11, Lone Mountain lacks sufficient knowledge or information as to the truth or falsity of the allegations contained in this paragraph.

12. Answering paragraph 12, Lone Mountain lacks sufficient knowledge or information as to the truth or falsity of the allegations contained in this paragraph.

13. Answering paragraph 13, Lone Mountain admits that the Department of Taxation is an agency of the State of Nevada. Lone Mountain states that the duties of the Department are outlined by applicable law and regulation. Lone Mountain admits the allegations in this paragraph only insofar as they accurately reflect these laws and regulations.

14. Answering paragraph 14, Lone Mountain lacks sufficient knowledge or information as to the truth or falsity of the allegations contained in this paragraph.

15. Answering paragraph 15, Lone Mountain lacks sufficient knowledge or information as to the truth or falsity of the allegations contained in this paragraph.

II. GENERAL ALLEGATIONS

16. Answering paragraph 16, Lone Mountain states that Assembly Bill 422 speaks for itself. No response is required for Plaintiffs' legal conclusions or statements regarding the content of laws or regulations. To the extent a response is required, Lone Mountain admits only insofar as the allegations accurately state the laws or regulations referenced in this paragraph.

17. Answering paragraph 17, no response is required as the allegations in this paragraph are Plaintiffs' legal conclusions regarding the content of laws or regulations. To the extent a response is required and the allegations accurately state the laws or regulations referenced, Lone Mountain admits.

18. Answering paragraph 18, no response is required as NRS 453D.020 speaks for itself. To the extent a response is required admit only insofar as this paragraph accurately quotes NRS 453D.020.

19. Answering paragraph 19, no response is required as NRS 453D.200 speaks for

1 itself. To the extent a response is required admit only insofar as this paragraph accurately quotes
2 NRS 453D.200 and accurately reflects its full contents.

3 20. Answering paragraph 20, no response is required as NRS 453D.210 speaks for
4 itself. To the extent a response is required admit only insofar as this paragraph accurately quotes
5 NRS 453D.210 and accurately reflects its full contents.

6 21. Answering paragraph 21, Lone Mountain states that the August 16, 2018 letter
7 from the Department speaks for itself and no response is required. To the extent a response is
8 required, the Lone Mountain admits only insofar as the allegations accurately quote the contents
9 of that letter.

10 22. Answering paragraph 22, Lone Mountain admits.

11 23. Answering paragraph 23, Lone Mountain admits.

12 24. Answering paragraph 24, and subparagraphs 24(a)-(h), Lone Mountain states that
13 no response is required as the allegations contained in this paragraph and subparagraphs are
14 Plaintiffs' legal conclusions regarding the content of laws or regulations. These laws and
15 regulations speak for themselves. To the extent a response is required, Lone Mountain admits
16 only insofar as the allegations accurately state the laws or regulations referenced in this
17 paragraph and subparagraphs.

18 25. Answering paragraph 25, no response is required as the allegations contained in
19 this paragraph reference a document that speaks for itself. To the extent a response is required,
20 Lone Mountain admits only insofar as the allegations accurately state the contents of the
21 document referenced.

22 26. Answering paragraph 26, the document referenced speaks for itself and no
23 response is required. To the extent a response is required, Lone Mountain admits only insofar as
24 the allegations accurately states the contents of that document.

25 27. Answering paragraph 27, the document and regulations speak for themselves,
26 should be considered in their full context, and no response is required. To the extent a response
27 is required, Lone Mountain denies.

28

28. Answering paragraph 28, Lone Mountain admits, in part, that the Department represented that it would issue recreational retail store conditional licenses no later than December 5, 2018. Lone Mountain denies the allegations in this paragraph to the extent that they impose a legal obligation on the Department that is inconsistent or outside the requirements set forth in NRS 453D.210.

29. Answering paragraph 29, Lone Mountain lacks sufficient knowledge or information as to the truth or falsity of the allegations contained in this paragraph.

30. Answering paragraph 30, Lone Mountain lacks sufficient knowledge or information as to the truth or falsity of the allegations contained in this paragraph.

31. Answering paragraph 31, Lone Mountain lacks sufficient knowledge or information as to the truth or falsity of the allegations contained in this paragraph.

32. Answering paragraph 32, Lone Mountain lacks sufficient knowledge or information as to the truth or falsity of the allegations contained in this paragraph.

33. Answering paragraph 33, Lone Mountain denies.

34. Answering paragraph 34, Lone Mountain denies.

35. Answering paragraph 35, Lone Mountain lacks sufficient knowledge or information as to the truth or falsity of the allegations as they related to entities who are not Lone Mountain. For the allegations that relate to Lone Mountain, Lone Mountain denies.

III. CLAIMS FOR RELIEF

First Claim for Relief

(Violation of Civil Rights; Due Process: Deprivation of Property; US Const. Amend. XIV; Nev. Const., Art. 1, Sec. 1, 8; Title 42 USC § 1983)

37. Answering paragraph 37, Lone Mountain denies.

38. Answering paragraph 38, Lone Mountain denies.

39. Answering paragraph 39, Lone Mountain denies.

- 1 40. Answering paragraph 40, Lone Mountain denies.
2 41. Answering paragraph 41, Lone Mountain denies.
3 42. Answering paragraph 42, Lone Mountain denies.
4 43. Answering paragraph 43, Lone Mountain denies.
5 44. Answering paragraph 44, Lone Mountain denies.
6 45. Answering paragraph 45, Lone Mountain denies.
7 46. Answering paragraph 46, Lone Mountain denies.
8 47. Answering paragraph 47, Lone Mountain denies.
9 48. Answering paragraph 48, Lone Mountain denies.
10 49. Answering paragraph 49, Lone Mountain denies.
11 50. Answering paragraph 50 and subparagraphs 50(a)-(g), for any allegations, Lone
12 Mountain denies. Lone Mountain also denies that Plaintiff should receive any of the requested
13 relief.
14 51. Answering paragraph 51, for any allegations, Lone Mountain denies. Lone
15 Mountain also denies that Plaintiff should receive any of the requested relief.
16 52. Answering paragraph 52, Lone Mountain denies.
17 53. Answering paragraph 53, Lone Mountain denies.
18 54. Answering paragraph 54, Lone Mountain denies.
19 55. Answering paragraph 55, Lone Mountain denies.
20 56. Answering paragraph 56, Lone Mountain denies.
21 57. Answering paragraph 57, Lone Mountain denies.
22 58. Answering paragraph 58, Lone Mountain denies.
23 59. Answering paragraph 59, Lone Mountain denies.
24 60. Answering paragraph 60, Lone Mountain denies.
25 61. Answering paragraph 61, Lone Mountain denies.

26 ///

27 ///

28

Second Claim for Relief

**(Violation of Civil Rights; Due Process: Deprivation of Liberty; US Const. Amend. XIV;
Nev. Const., Art. 1, Sec. 1, 8; Title 42 USC § 1983)**

62. Answering paragraph 62, Lone Mountain repeats and re-alleges all prior paragraphs as though fully set forth herein.

63. Answering paragraph 63, Lone Mountain denies.

64. Answering paragraph 64, Lone Mountain denies.

65. Answering paragraph 65, Lone Mountain denies.

66. Answering paragraph 66, Lone Mountain denies.

67. Answering paragraph 67, Lone Mountain denies.

68. Answering paragraph 68, Lone Mountain denies.

69. Answering paragraph 69, Lone Mountain denies.

Third Claim for Relief

**(Violation of Civil Rights; Equal Protection; US Const. Amend. XIV; Nev. Const., Art. 1,
Sec. 1, 8; Title 42 USC § 1983)**

70. Answering paragraph 70, Lone Mountain repeats and re-alleges all prior paragraphs as though fully set forth herein.

71. Answering paragraph 71, Lone Mountain denies.

72. Answering paragraph 72, Lone Mountain denies.

73. Answering paragraph 73, Lone Mountain denies.

74. Answering paragraph 74, Lone Mountain denies.

Fourth Claim for Relief

75. (Petition for Judicial Review)

76. Answering paragraph 75, Lone Mountain repeats and re-alleges all prior paragraphs as though fully set forth herein.

77. Answering paragraph 76, Lone Mountain denies.

78. Answering paragraph 77, Lone Mountain denies.

1 79. Answering paragraph 78, Lone Mountain denies.

2 80. Answering paragraph 79 and subparagraphs 79(a)-(c), for all allegations, Lone
3 Mountain denies. Lone Mountain also denies that Plaintiff is entitled to the requested relief.

4 81. Answering paragraph 80, Lone Mountain denies.

5 **Fifth Claim for Relief**

6 82. (Petition for Writ of Mandamus)

7 83. Answering paragraph 81, Lone Mountain repeats and re-alleges all prior
8 paragraphs as though fully set forth herein.

9 84. Answering paragraph 82, state that Nev. Rev. Stat. § 34.160 speaks for itself and
10 no response is required. To the extent a response is required, Lone Mountain denies.

11 85. Answering paragraph 83 and subparagraphs 83(a)-(b), Lone Mountain denies.

12 86. Answering paragraph 84 and subparagraphs 84(a)-(b), Lone Mountain denies.

13 87. Answering paragraph 85, Lone Mountain denies.

14 88. Answering paragraph 86, Lone Mountain denies.

15 89. WHEREFORE, Lone Mountain requests that Plaintiffs take nothing by way of
16 their complaint.

17 **AFFIRMATIVE DEFENSES**

18 **First Affirmative Defense**

19 Lone Mountain adopts and incorporates herein all affirmative defenses plead by
20 Defendants and other Intervenors in this matter.

21 **Second Affirmative Defense**

22 The complaint fails to state a claim upon which relief can be granted.

23 **Third Affirmative Defense**

24 Plaintiffs have not been damaged directly, indirectly, proximately or in any manner
25 whatsoever by any conduct of Defendants.

26 **Fourth Affirmative Defense**

27 The State of Nevada, Department of Taxation is immune from suit when performing the
28

1 functions at issue in this case.

2 **Fifth Affirmative Defense**

3 The actions of the State of Nevada, Department of Taxation were all official acts that
4 were done in compliance with applicable laws and regulations.

5 **Sixth Affirmative Defense**

6 Plaintiffs' claims are barred because Plaintiffs have failed to exhaust administrative
7 remedies, if any.

8 **Seventh Affirmative Defense**

9 Plaintiffs have failed to join necessary and indispensable parties to this litigation under
10 NRCP 19 as the Court cannot grant any of Plaintiffs' claims without affecting the rights and
11 privileges of those parties who received the licenses at issue as well as other third parties.

12 **Eighth Affirmative Defense**

13 The occurrences referred to in the First Amended Complaint and all alleged damages, if
14 any, resulting therefrom, were caused by a third party of which Defendants had no control.

15 **Ninth Affirmative Defense**

16 The actions of the State of Nevada, Department of Taxation were not arbitrary or
17 capricious, and the State of Nevada, Department of Taxation had a rational basis for all of the
18 actions taken in the licensing process at issue.

19 **Tenth Affirmative Defense**

20 Plaintiffs' claims are barred, in whole or in part, by their failure to perform or satisfy
21 required conditions precedent and by their own bad acts.

22 **Eleventh Affirmative Defense**

23 Plaintiffs are not in possession and/or control of the documents and/or witnesses
24 necessary to prove its alleged causes of action against Defendants.

25 **Twelfth Affirmative Defense**

26 The claims, and each of them, are barred by the failure of Plaintiffs to plead those claims
27 with sufficient particularity.

Thirteenth Affirmative Defense

Plaintiffs have failed to allege sufficient facts and cannot carry the burden of proof imposed on it by law to recover attorney's fees incurred to bring this action.

Fourteenth Affirmative Defense

Injunctive relief is unavailable to Plaintiffs, because the State of Nevada, Department of Taxation has already completed the tasks of issuing the conditional licenses.

Fifteenth Affirmative Defense

Plaintiffs have no constitutional rights to obtain privileged licenses.

Sixteenth Affirmative Defense

Mandamus is not available to compel the members of the executive branch to perform nonministerial, discretionary tasks.

Seventeenth Affirmative Defense

Plaintiffs are not entitled to judicial review on the denial of a license.

Eighteenth Affirmative Defense

Declaratory relief will not give the Plaintiffs the relief that they are seeking.

Nineteenth Affirmative Defense

Plaintiffs lack standing to seek the relief they request.

Twentieth Affirmative Defense

Pursuant to Nevada Rules of Civil Procedure, all possible affirmative defenses may not have been alleged herein insofar as sufficient facts were not available after reasonable inquiry upon the filing of this answer and, therefore, Lone Mountain reserves the right to amend this answer to allege additional affirmative defenses if subsequent investigation warrants.
