2 (Court was called to order)

3 THE COURT: Good afternoon, counsel. Who's our
4 first witness today? Who's our first witness today? Mr.
5 Parker, thank you for being on time.

6 MR. PARKER: Of course, Your Honor. Of course.

7 THE COURT: Or I could say, next witness.

8 MR. KEMP: Judge, as I understand, the State's going
9 to put on three witness today --

10 THE COURT: Okay.

11 MR. KEMP: -- an IT guy, Ms. Cronkhite, and Mr.
12 Hernandez.

13 THE COURT: So we're calling some witnesses out of
14 order for the State?

15 MR. SHEVORSKI: Well, that's my question, Your
16 Honor, is I'm not sure what the plaintiffs -- where they're at
17 in terms are they resting, are we calling out of order?

18 MR. KEMP: Judge, we're not resting, because I'm
19 still debating with Mr. Koch as to whether we need Mr.
20 Groesbeck, and I'm trying to get Mr. Groesbeck here on Friday.
21 I don't have a firm commitment yet. I'd like to keep trying,
22 and if we do get Mr. Groesbeck here, I plan on asking him five
23 minutes' worth of questions. So I'm not going to rest until
24 [inaudible].

25 THE COURT: Okay. So we're calling some witnesses

1 out of order.

2 MR. SHEVORSKI: Well, I know that's what Mr. Kemp is
3 saying. I want to -- if I could inquire what Mr. Gentile is
4 doing.

5 MR. GENTILE: Your Honor, as of this point we're
6 going to rest.

7 THE COURT: Okay.

8 MR. GENTILE: We have an expert witness --

9 THE COURT: Well, I'm not resting in parts.

10 MR. GENTILE: I'm sorry?

11 THE COURT: Just so we're clear. I'm not resting in
12 parts.

13 MR. GENTILE: Well, then we don't rest.

14 THE COURT: Okay. So they don't rest yet, because
15 we just heard what Mr. Kemp said. It doesn't really matter
16 what everybody else is thinking. I've got one of the group
17 who's not done yet.

18 MR. SHEVORSKI: Very good, Your Honor.

19 THE COURT: But I think Mr. Parker's decided he's
20 not calling Mr. Hawkins, but if he changes his mind we'll have
21 that, as well.

22 MR. SHEVORSKI: All right. So let's not waste the
23 Court's time.

24 THE COURT: We're not calling a gaming enforcement
25 expert, or gaming expert.

1 MR. GENTILE: Your Honor, we are not calling a
2 gaming enforcement expert. We still may have -- as long as
3 we're not resting, depending upon availability, we still may
4 have a Drug Enforcement Administration expert.

5 THE COURT: Anderson and Groesbeck are the two that
6 I have still on the plaintiffs' list. I understand there's an
7 issue with Mr. Hawkins. Does anybody know who Anderson is?

8 MR. KEMP: Anderson would be the former director.

9 MR. SHEVORSKI: Former director, Your Honor.

10 MR. KEMP: Yeah. He's not on my list, Your Honor.

11 THE COURT: So I can cross him off?

12 MR. SHEVORSKI: The State isn't calling Anderson.

13 THE COURT: So we're going to call some witnesses
14 out of order, Mr. Shevorski.

15 MR. SHEVORSKI: Very good, Your Honor.

16 THE COURT: Do you want to tell me a name.

17 MR. SHEVORSKI: Sure. Charles Davidson, Your Honor.

18 THE COURT: Mr. Davidson is outside?

19 MR. SHEVORSKI: He's here.

20 THE COURT: Sir, if you'd come up, please.

21 CHARLES ROY DAVIDSON, DEFENDANT STATE'S WITNESS, SWORN

22 THE CLERK: Please be seated. Please state and
23 spell your name for the record.

24 THE WITNESS: Charles Roy Davidson, C-H-A-R-L-E-S,
25 and Roy is R-O-W -- or R-O-Y. Excuse me.

1 THE COURT: This is a test.

2 THE WITNESS: Yes. I don't normally spell that
3 part. And then Davidson's like son of David only backwards.

4 THE COURT: All right. So, sir, there are a bunch
5 of binders that you see. They're not just behind you, they're
6 also on a cart. If counsel needs you to touch one, they will
7 let you know and help you find the correct one.

8 THE WITNESS: Okay.

9 THE COURT: There's also a pitcher with some water
10 in it next to you. If it runs out, please let us know. And
11 Ramsey's going to make sure that the M&M dispensers get
12 refilled, because while he was on vacation the cleaning people
13 cleaned them out. So he's going to get you some M&M's just in
14 case you need them.

15 THE WITNESS: Thanks.

16 THE COURT: Mr. Shevorski, you may continue.

17 MR. SHEVORSKI: Thank you, Your Honor.

18 DIRECT EXAMINATION

19 BY MR. SHEVORSKI:

20 Q Mr. Davidson, thank you for being here. And we've
21 met before. My name is Steve Shevorski. I'm with the Office
22 of the Attorney General. I appreciate your time today. Could
23 you please give me some background on your education and work
24 experience.

25 A I have a Bachelor's degree in information

1 technology. I'm a Microsoft-certified systems engineer, and I
2 have some other assorted certificates and whatnot for IT. I
3 have been working on computers since approximately '78, and
4 been with the State for 12 years.

5 Q And where did you get your Bachelor's degree?

6 A Dixie State University.

7 Q And that's in Utah?

8 A Yes, sir.

9 Q Okay. Any education after that?

10 A No, except for classes to keep current. Other than
11 that, no.

12 Q Classes to keep current. In what field were those
13 classes?

14 A Well, they're all for IT. Specifically for UNIX
15 systems administration and some coding, keeping up on some of
16 the scripting languages.

17 Q And you're using an acronym, IT. And what does that
18 acronym mean to you?

19 A Information technology.

20 Q And that would encompass computers that --

21 A Computers, operating systems, and scripting
22 languages to control operating systems.

23 Q Would that also encompass how information is stored
24 -- information technology -- information that's stored
25 electronically?

1 A Yes. That includes the security for the file-level
2 security.

3 Q Would that include -- have you ever heard the term
4 "server" in connection with information technology?

5 A Yes. That's mostly what I work on.

6 Q Okay.

7 THE COURT: I was going to ask you if you did punch
8 cards back in the beginning, but we'll skip that.

9 THE WITNESS: Yes.

10 THE COURT: Okay. Keep going.

11 MR. SHEVORSKI: I'm not even sure I know what a
12 punch card is, Your Honor.

13 THE COURT: Yeah. It's before your time. For those
14 of us who learned computers in the '70s they were highly
15 programmable.

16 MR. SHEVORSKI: Is that right?

17 THE COURT: Yes.

18 MR. SHEVORSKI: My goodness. I lost my train of
19 thought.

20 BY MR. SHEVORSKI:

21 Q Let me turn -- are there such things as virtual
22 servers?

23 A Yes. The State does mostly virtual servers. We do
24 have a few physicals, but most of them are virtualization.
25 That saves money on the hardware.

1 Q What is a virtual server?

2 A It allows you to have a server that can move around

3 -- or a virtual server is considered software that appears to

4 be hardware, and it moves across the different hardware

5 platforms as needed for either resources or for redundancy.

6 Q And how, if at all, does a virtual server interact

7 with a physical server?

8 A Almost the exact same way. They connect in through

9 the network. The server itself does not know the difference

10 between a virtual and if it's hard.

11 Q Have a kind of symbiotic relationship?

12 A Yes.

13 Q Was that yes? I'm sorry, I couldn't hear over --

14 A That is correct.

15 Q Okay. Are you familiar with how the State maintains

16 Listservs that it may send out to various constituents?

17 A Yes. That is my -- that is what funds my position.

18 Q And what is your current -- do you have a title?

19 A ITP4.

20 Q And what department do you work in of the State

21 Government?

22 A It's now the Department of Administration, Division

23 of -- or Enterprise IT Services.

24 Q The acronym is EITS, I think it is?

25 A EITS, yes.

1 Q Of course. It's a government, so it has to have an
2 acronym. And just so we're clear, how long have you worked at
3 EITS?

4 A Twelve years.

5 Q Okay. So the entire time for the State you worked
6 at EITS?

7 A Correct.

8 Q And your entire career has basically been in
9 information technology?

10 A No. For the past three decades it has been. Prior
11 to that, no.

12 Q Okay. Fair enough. And you mentioned your
13 familiarity with Listserv. Are you familiar with how they're
14 stored by the State electronically?

15 A Yes. It is stored on a -- currently it's stored on
16 a Windows 2016 server.

17 Q So can you explain, if at all, how they're stored --
18 the relationship between the virtual server and the physical
19 server in terms of storage of the Listserv information.

20 A The Listserv stores its information on a virtual
21 hard drive. The virtual hard drive is actually residing on a
22 massive storage device, which then the storage is broken out
23 and allocated to each virtual server. To the server it
24 appears as if it's on a single hard drive. It's actually
25 stored on multiple hard drives on that mass device.

1 Q And you're familiar with that storage process as
2 part of your professional duties for EITS?

3 A Yes. I don't usually mess with it too much, because
4 I go through -- when I'm building a server I use the virtual
5 environment to build with. I don't actually have to go out
6 and mess with the hardware itself.

7 Q Very good. And does EITS maintain those virtual and
8 physical servers in the ordinary course of its business?

9 A Yes, it does.

10 Q Were you asked to pull Listserv information for the
11 Listserv described as State MME?

12 A Yes, I was.

13 MR. SHEVORSKI: Your Honor, I have a proposed
14 exhibit.

15 THE COURT: Okay. What's its number?

16 MR. SHEVORSKI: 2021.

17 THE COURT: Thank you.

18 MR. SHEVORSKI: May I approach the witness, Your
19 Honor?

20 THE COURT: You may.

21 Anybody objecting to 2021?

22 MR. KEMP: No objection, Your Honor.

23 THE COURT: No objection?

24 MR. KEMP: No objection.

25 THE COURT: Be admitted.

1 (Defendants' Exhibit 2021 admitted)

2 BY MR. SHEVORSKI:

3 Q Mr. Davidson, please have a look at Exhibit 2021,
4 and let me know when you're through.

5 A Through.

6 Q And have you reviewed it?

7 A I've gone through it, yes.

8 Q Yes. Okay. Have you seen these documents before?

9 A Yes.

10 Q And let's go through -- since they're already in
11 evidence, let's just go through that first page. What is that
12 first page, do you know?

13 A That is the landing page for the Listserv.

14 Q Okay. And the next page?

15 A The login page for the Listserv to gain access.

16 Q And the page after that?

17 A This is the screen shot of the menu system for
18 pulling reports, subscriber reports.

19 Q And the next page, sir?

20 A This is where you define what you want to have
21 pulled in that particular subscriber report.

22 Q And the page after that?

23 A That is the export of the subscriber report.

24 Q When you say, export, is it a subscriber report for
25 any particular Listserv?

1 A This particular one is for the State MME.

2 Q And looking at the subscriber report, there are a
3 number of headings. It says, "Email" at the top, "Name,"
4 "Mail Status," "Restrictions," and "Subscription Date." Do
5 you see where those are indicated?

6 A Yes.

7 MR. PARKER: Your Honor, can we have a Bate number,
8 please.

9 THE COURT: Can you give us a Bate label.

10 MR. SHEVORSKI: Yes, certainly. The subscriber list
11 starts at DOT044706. And for some reason -- so it looks like
12 they're out of order. But the one I have, it ends at 44720.
13 Never mind, Your Honor.

14 THE WITNESS: No, that'll be the last page.

15 MR. SHEVORSKI: Yeah, 720.

16 THE COURT: You've had too long a break.

17 MR. SHEVORSKI: Huh?

18 THE COURT: You've had too long a break from the
19 hearing.

20 MR. SHEVORSKI: I have, Your Honor. The muscles
21 aren't working.

22 BY MR. SHEVORSKI:

23 Q So what is indicated by these various headings? Can
24 you describe that information.

25 A This is a list of all the subscribers for this

1 particular list on the Listserv. The email is the actual
2 email address inputted into the Listserv to send whatever the
3 owner or editors want to the subscriber. So that would be the
4 list of the subscriber's email address. The name is the list
5 of the subscriber as inputted into the Listserv. Mail status
6 is whether or not they will be getting email. The post
7 restrictions is what they are allowed to do. In this case
8 they are allowed to re-post back to the person who sent the
9 message. Subscription date is the date that they were added
10 to that particular list or they joined that list.

11 Q And how is the subscription date entered? Is it
12 automatically, or is it manually?

13 A It's all automatically by the application itself.

14 MR. SHEVORSKI: I have another proposed exhibit,
15 Your Honor.

16 THE COURT: Okay. Sir, do you know how many
17 different Listservs there are for the MME group?

18 THE WITNESS: The MME group just has -- well,
19 there's -- MME is one list. The Listserv itself houses
20 approximately more than 500 lists that are handled by the
21 State, and they cover just about everything.

22 THE COURT: Right. But for the marijuana group, the
23 Marijuana Enforcement Division how many different Listservs
24 are there?

25 THE WITNESS: It looked like there was about five

1 marijuana lists. There is only one Listserv, that's the
2 actual server itself that pushes out the different lists of
3 things.

4 THE COURT: So how is a determination made as to
5 which list or group of emails or notifications a particular
6 subscriber will receive?

7 THE WITNESS: Those lists that they subscribe to
8 they will get messages from. I'm probably not answering your
9 question.

10 THE COURT: Well, let me ask the question
11 differently. So on the application for someone to join a
12 Listserv are there checkboxes in the State's system for them
13 to identify what their areas of interest are for the Listserv?

14 THE WITNESS: No. They need to -- if they're coming
15 into the Listserv itself, just the landing screen, there will
16 be about 250 lists that are -- that will be visible. Those
17 are publicly available lists.

18 THE COURT: Uh-huh.

19 THE WITNESS: There are lists that are not publicly
20 available. If they wish to subscribe to a particular list,
21 they can click on that and subscribe to it. If they are going
22 through via a Website, then that will allow them to subscribe
23 to whatever list that Website is posting on.

24 THE COURT: Okay. Let me ask the question
25 differently, because I think you were talking at this level

1 and I'm down on the ground for this --

2 THE WITNESS: I'm sorry.

3 THE COURT: It's okay. That's why you're here.

4 It's my understanding from the prior testimony, because

5 today's Day 12, that there is a separate list for medical

6 marijuana and another Listserv for recreational marijuana.

7 Can you confirm that for me?

8 THE WITNESS: Yes.

9 THE COURT: How did somebody sign up for one or the

10 other of the two Listservs?

11 THE WITNESS: I'd actually have to look at the

12 individual list to see how their subscriptions are being done.

13 Like the State MME, the subscribers are put in through the tax

14 organization. So they evidently were getting them -- getting

15 the name somewhere and inputting it into the list.

16 THE COURT: And you don't know where that came from?

17 THE WITNESS: No, I do not.

18 THE COURT: Okay. Do you know if there were more

19 than two lists for the marijuana group?

20 THE WITNESS: Yes. I can --

21 THE COURT: How many do you think there are?

22 THE WITNESS: I think there's five, maybe six.

23 THE COURT: Okay.

24 THE WITNESS: I can pull it up if you want.

25 THE COURT: No. I'm just trying to get your best

1 information.

2 Thank you, Mr. Shevorski. I was trying to cut to
3 the chase.

4 MR. SHEVORSKI: Appreciate that, Your Honor. May I
5 approach the witness, Your Honor?

6 THE COURT: You may.

7 BY MR. SHEVORSKI:

8 Q Mr. Davidson, you've just been handed what's marked
9 as Proposed Exhibit 2022. Can you please take a moment to
10 review it, and let me know when you're through.

11 A I've done a quick overview. I hope that's good
12 enough.

13 Q Do you recognize what's been marked as State's
14 Proposed 2022?

15 A I recognize the first page, and I assume that the
16 other pages are the attachments.

17 Q Were you asked to go into the archive for the State
18 MME Listserv to retrieve information?

19 A Yes.

20 Q Does what's been marked as Proposed Exhibit 2022
21 appear to be a true and correct copy of the information that
22 you obtained from the archive?

23 A Yes.

24 MR. SHEVORSKI: Okay.

25 THE COURT: Any objection to 2022?

1 MR. KEMP: No, Your Honor.
2 MR. CRISTALLI: No objection.
3 THE COURT: Be admitted.
4 (State's Exhibit 2022 admitted)
5 BY MR. SHEVORSKI:
6 Q What is the -- who are the recipients of the email
7 on the front page?
8 A That would be the subscribers on the list at the
9 date that that was sent out.
10 Q On the date that it was sent out. And that would be
11 July 30th, 2018?
12 A Correct.
13 MR. SHEVORSKI: No further questions, Your Honor.
14 MR. PARKER: Your Honor, can we have again the Bates
15 numbers for this exhibit.
16 THE COURT: The end for this particular exhibit?
17 MR. PARKER: Yes, Your Honor, 2022.
18 THE COURT: The one that I have in my hand goes all
19 the way to DOT044756.
20 MR. PARKER: It starts at?
21 THE COURT: The first page starts at DOT044721. I
22 did not determine if they are sequential and if there are any
23 gaps.
24 MR. PARKER: What was the last page?
25 THE COURT: 44756.

1 MR. PARKER: Thank you, Your Honor.

2 THE COURT: So do any of the defendants in
3 intervention wish to inquire? Okay. Mr. Kemp, you're up.

4 CROSS-EXAMINATION

5 BY MR. KEMP:

6 Q Good afternoon, Mr. Davidson.

7 A Greetings.

8 Q Following up with a question that Your Honor had, as
9 I understand it this is the State MME list.

10 A Correct.

11 Q Which is Exhibit 2021; right? Right?

12 A Yes. And 2022. They both refer to the same list.

13 Q And there's five or six other marijuana-related
14 lists out there?

15 A Correct.

16 Q And so, for example, there's the medical marijuana
17 list?

18 A Correct.

19 Q There's the public list? There's a list that anyone
20 in the public can sign up?

21 A Probably.

22 Q Okay. Do you know what the other three are -- or
23 four?

24 A Let's see. One was dispensary, one was something
25 about growers, I think. If you want, I can pull it up.

1 Q It really doesn't matter. But the only people that
2 were sent the information on Exhibit 2022 were the people on
3 the State MME list, correct, not the other five lists?

4 A I did not pull any archives from the other lists.
5 So they may have been sent something, but I don't know.

6 Q So you're only here today to say that you sent
7 something -- or the State sent something to the State MME
8 list?

9 A Correct.

10 Q And as we sit here today do you know one way or the
11 other whether or not there was a similar transmittal to the
12 other five lists?

13 A I do not know offhand. I can pull that information,
14 though.

15 Q Okay. And were you the one that actually sent the
16 email that we have here as Exhibit Number 2022?

17 A No, I was not.

18 Q All right. The State could have easily sent to all
19 five lists if they wanted to; right?

20 A Correct.

21 Q And that would have been a more expansive type of
22 notification, because there's people on one list that aren't
23 on another?

24 A Very possible.

25 MR. KOCH: Objection, Your Honor. Foundation.

1 THE COURT: Overruled.

2 BY MR. KEMP:

3 Q And did you have any part in the decision making as
4 to using just the State MME list, as opposed to the other four
5 or five lists?

6 A No.

7 Q Okay. And do you know one way or the other whether
8 the original submittals that we see here in 2022, and by that
9 I mean the application subparts, do you know whether or not
10 they were posted in four or five different locations?

11 A I do not know.

12 Q Okay. And do you know one way or the other whether
13 or not when you sent -- or I guess Mr. Plaskon technically
14 sent the email on July 30th; right?

15 A Yes.

16 Q Okay. Do you know one way or the other whether or
17 not he also posted it in some or all of the areas where it had
18 been posted previously?

19 A I would not know that.

20 Q Okay. Now, do you know who Ms. Tia Dietz is?

21 A No, sir.

22 MR. KEMP: Okay. Shane, can you pop up Tia's email
23 for me on the application.

24 THE COURT: What exhibit number is it from?

25 MR. SHEVORSKI: It's Exhibit 21.

1 MR. KEMP: 21, Your Honor.

2 THE COURT: Thank you.

3 MR. KEMP: It's an admitted exhibit.

4 THE COURT: And, sir, this is on your screen. If
5 you need him to enlarge part of it, please let them know.

6 BY MR. KEMP:

7 Q And if I told you Tia Dietz was listed as the
8 contact for LivFree on the LivFree marijuana application
9 that'd be news to you?

10 A Yeah. I don't know. I'm not responsible for
11 knowing who or who doesn't get added to the subscriber list of
12 the lists.

13 Q Okay. So if I went through Exhibit 2021, which is
14 the State MME list, and I did not find Tia Dietz's email or
15 her name, would it be fair to assume that she did not get the
16 email that was sent to the people on this list?

17 MR. KOCH: Objection. Personal knowledge.

18 THE COURT: Overruled. You can answer.

19 THE WITNESS: Okay. Thanks.

20 BY MR. KEMP:

21 Q If she's not on the list and her email isn't on the
22 list, she didn't get this 2022 email; right?

23 THE COURT: Unless someone forwarded it to her.

24 THE WITNESS: Unless she has been dropped after that
25 fact or after that date.

1 BY MR. KEMP:

2 Q Okay. But assuming that to be the case, assuming

3 that she was never on the list she didn't get the email?

4 A That is correct.

5 Q All right. As far as you know, was anything done to

6 try to contact people that may not be on the State MME list?

7 A That would be the responsibility of the owner of the

8 list.

9 Q Okay. But as far as you know, was anything done --

10 A I'm not the owner, so I wouldn't know anything about

11 that.

12 Q All right. Now, with regards to the State MME list

13 I assume it changes over time, because people join it or drop

14 out?

15 A Correct.

16 Q And does the State call the list on a periodic

17 basis?

18 A That would be the responsibility of the owner of the

19 list. I wouldn't do the calling.

20 Q Who is the owner of the list?

21 A I'd have to look at that up, actually.

22 Q Would that be Mr. Plaskon's responsibility or DOT?

23 A He would definitely be one of the owners. There

24 could be multiple owners for any list. I mean, it's not just

25 assigned to the Department, but there's individuals that are

1 listed as owners --

2 Q Okay.

3 A -- and they can send and modify the --

4 Q Is there an automatic notification procedure or

5 anything of the sort when you get a bounceback, an email

6 bounceback?

7 A If the email -- if the email bounces back, then the

8 owner will receive a email to that effect, providing that

9 email server was set to that.

10 Q The owner referring to the State employee?

11 A Correct.

12 Q Okay. So if there were bouncebacks Mr. -- assuming

13 Mr. Plaskon was that employee, he would get an email from who?

14 A From the Listserv itself. It's all automatic.

15 Q It's all automatic. Okay. And as we sit here today

16 do you know whether or not there were bounceback emails with

17 regards -- or notifications with regards to Exhibit Number

18 2022?

19 A There is no report that tells me that information.

20 Q Okay. Well, the earliest email date I see on 2021

21 is sometime in 2014, more specifically September 10th, 2014;

22 yes?

23 A Correct.

24 Q And this email from Mr. Plaskon -- you know, I

25 apologize I've been butchering his name, from Kyle [sic],

1 okay. You know him as Kyle? Do you even know who this person
2 is?

3 A No.

4 Q Okay. All right. That email date is July 30th,
5 2018, which is about three and a half years after the first
6 email was given; right?

7 A Okay.

8 Q Yes?

9 A I'll accept that, yes.

10 Q Okay. Now, during that three-and-a-half-year period
11 do you know if people unsubscribed or they changed their email
12 or anything of the sort?

13 A No. That information's not available in the
14 reports.

15 Q Okay. Would you agree with me that there's the
16 potential that in three and a half years people would change
17 their emails?

18 MR. KOCH: Objection. Speculation.

19 THE COURT: Overruled. You can answer.

20 THE WITNESS: Yes.

21 BY MR. KEMP:

22 Q And, in fact, three and a half years is quite a long
23 period. If you had hundreds of people on the email list, you
24 would expect quite a few of them to unsubscribe or change
25 their emails; right?

1 A Depending on the list, yes.

2 Q Okay. And so what was done to determine that these

3 people who had actually subscribed at one point actually got

4 the email, if anything, that you know of?

5 A There is no way to determine that --

6 Q Okay.

7 A -- with this product.

8 MR. KEMP: All right. No further questions.

9 THE COURT: Anyone else from the plaintiffs or those

10 who are participating wish to examine?

11 Mr. Parker.

12 MR. PARKER: Yes, Your Honor. May I check with the

13 clerk for a second, Your Honor?

14 THE COURT: You can.

15 (Pause in the proceedings)

16 MR. PARKER: Your Honor, may I approach the witness?

17 THE COURT: You may.

18 CROSS-EXAMINATION

19 BY MR. PARKER:

20 Q I only have a few questions for you, Mr. Davidson.

21 Looking at Exhibit 307, is that the first?

22 A Yes.

23 Q If you could go to page DOT-NVWELL10.

24 A I am there.

25 Q And the second box says "Applying entity

1 information." Do you see that? First one right above the top
2 box says, "General information," right? But below that box it
3 says, "Applying entity information." Do you see that?

4 A Correct. I see it, yes.

5 Q All right. And then you see the third line down
6 says, "telephone number," and to the right of that it says,
7 "email address." Do you see that email address?

8 A Yes, sir.

9 Q And what is that email address?

10 A frank@frankhawkins.com.

11 Q Do you see that email address listed in any of the
12 Listservs that have been presented to you?

13 THE COURT: 2021 and 2022?

14 MR. PARKER: Yes, Your Honor.

15 THE COURT: Okay.

16 THE WITNESS: That would take a little while to find
17 out.

18 BY MR. PARKER:

19 Q All right. Let me ask this question. If that email
20 address is not either of those or any of those Listservs,
21 would you agree with me that in all likelihood that email
22 address did not receive notification via those Listservs?

23 MR. KOCH: Objection. Speculation.

24 THE COURT: Overruled.

25 THE WITNESS: The email address could have received

1 information and then been deleted afterwards, or the person
2 could have unsubscribed. If there were bounce notices coming
3 back, the email could have been removed. I would not know
4 that --

5 BY MR. PARKER:

6 Q Okay.

7 A -- if they were on the list then. As of now if
8 they're not on that list then, they were not on the list at
9 that time.

10 Q Which meant that they would not have received notice
11 via that Listserv if they were not on that list; is that
12 correct?

13 A That is correct.

14 Q All right. And the reason why I didn't ask about
15 bouncebacks was because I believe Mr. Kemp asked those
16 questions of you previously.

17 A Bouncebacks only apply if the email server is
18 configured to send bouncebacks. Some email servers do not
19 send those bouncebacks, in which case the name will not be
20 removed from the server.

21 Q Do you know whether or not -- the way you had these
22 Listservs set up whether or not the State would receive
23 notification of bouncebacks?

24 A Yes, it would.

25 Q Okay. So --

1 A Providing the recipient's email server send them
2 back. That's what I'm trying to qualify.

3 Q And how would that information be confirmed in terms
4 of bouncebacks?

5 A The bounceback would actually come to the Listserv,
6 the Listserv would then send an email message to the owners
7 that this particular email address had received bounces.
8 After three bounces it will be removed from the list.

9 Q In your search of the State's archives did you
10 determine whether or not there were any bouncebacks?

11 A There is nothing in the archives concerning
12 bouncebacks. Listserv does not track that information. It is
13 sent out, and that's the last time we would know that there
14 was a bounce.

15 Q So sitting here today you don't know whether or not
16 there were bouncebacks reflected by the Listservs?

17 A That is correct.

18 Q Thank you. Is it also true, sir, that the
19 notifications were simply a notification, and if you wanted
20 the additional information you had to download that
21 information?

22 A For this particular email that there was in here the
23 information would have come with an email.

24 Q How about in terms of an application? Would the
25 application be a part of the notification, or would you have

1 to download the application?

2 A You do not have to download the application.

3 Q And how do you know this?

4 A Well, maybe I should qualify. Are you talking about

5 download the application of the Listserv or download the

6 attached documents?

7 Q Attached documents.

8 A The documents would have come with the email.

9 Q Okay. And would they be in a link, or would it be

10 shown on the screen when you pulled up the email?

11 A When you pull up your email it will list the

12 attachments. And it looked like there was two attachments.

13 Q Okay. And then you'd have to download the

14 attachments?

15 A They should have already been downloaded with the

16 email itself. So if you want to -- if you double clicked on

17 it you would have seen the whole email, but it would have been

18 in your email client.

19 Q Okay. You indicated that there were -- there's one

20 server and four, five, or six lists; is that correct?

21 A Of the marijuana lists; correct.

22 Q Right. Is there only one list related to the

23 recreational marijuana?

24 A I do not know that.

25 Q How would you figure that out?

1 A Whoever is the owner of the lists would be the one
2 who knows which -- how many lists they actually added. I
3 mean, if they named it recreational marijuana, then it would
4 be under the R's instead of the M's. And so I could search
5 for the marijuana and see what came up, but I wouldn't know
6 exactly how many lists are offhand.

7 Q Okay. And in the manner in which the lists were set
8 up, was that directed by the Marijuana Enforcement Division?
9 How did you determine how the list should be created?

10 A We have a form online that's only accessible to
11 State employees. They fill it out, and then we generate the
12 list for them. And then from there on out it is their list to
13 manage. I manage the server itself, not the individual lists.

14 Q So when four or five or six lists were created were
15 you directed by the Marijuana Enforcement Division to set up
16 all four, five, or six lists?

17 A I would have gotten four or five or six requests,
18 yes.

19 Q Okay. And was there any effort taken to determine
20 if all subscribers for each list -- if all subscribers were
21 actually populated for all lists?

22 A That would not be done by me. That would be done by
23 the owner of the individual lists.

24 Q Okay. And is there a way for you to check to
25 determine whether or not a subscriber on one list would also

1 be on the four or five or six other lists?

2 A The only way to do so would be for me to search for
3 that person on each individual list.

4 Q And finally, were you given any direction prior to
5 coming here today to determine whether or not any particular
6 applicants were on any of the four, five, or six lists?

7 A I don't have any clue of any of the applicants.

8 Q And so as a result, you cannot tell the Court today
9 whether or not Frank Hawkins was on the list?

10 A That is correct.

11 MR. PARKER: No further questions, Your Honor.

12 THE COURT: Any of my other -- yes, Mr. Cristalli.

13 MR. CRISTALLI: Thank you, Your Honor.

14 (Pause in the proceedings)

15 MR. CRISTALLI: Your Honor, the State has agreed to
16 stipulate to Plaintiffs' 135.

17 THE COURT: 135?

18 MR. CRISTALLI: Yes, Your Honor.

19 THE COURT: Be admitted.

20 (Plaintiffs' Exhibit 135 admitted)

21 CROSS-EXAMINATION

22 BY MR. CRISTALLI:

23 Q Mr. Davidson, can you pull -- or do you have
24 Exhibit 135 in front of you?

25 A I believe so. It's on the screen.

1 Q You can see it on the screen. And specifically --
2 THE COURT: How many pages is 135?
3 MR. CRISTALLI: It goes from DOT044539 to DOT044551.
4 THE COURT: Sir, in case you'd like to look at a
5 hard copy, the clerk has handed it to me to hand to you.
6 Please don't remove the sticky.
7 THE WITNESS: Right.
8 MR. CRISTALLI: Specifically, if we could turn to,
9 Shane, DOT044546.
10 BY MR. CRISTALLI:
11 Q And let me know when you get there, Mr. Davidson.
12 A I'm there.
13 Q Okay. And about a quarter of the way down the page
14 it has an email, chad@pisoslv.com. Do you see that?
15 A Yes.
16 Q Okay. And next to chad@pisoslv.com the next line
17 appears that you could have an identifiable name, but in that
18 line item it says, "No name available." Correct?
19 A Correct.
20 Q Okay. And then going forward to the date, it
21 appears it says April 10th, 2018. Correct?
22 A Correct.
23 Q Okay. Obviously April 10th, 2018, is prior to the
24 July 31st, 2018, notification; correct?
25 A Correct.

1 Q Okay. Now if we can go to DOT044550, the third
2 entry down. Do you have that?

3 A Yes.

4 Q And you see it says chadc@pisoslv.com. Correct?

5 A Correct.

6 Q And it has an identified person as Chad Christensen;
7 correct?

8 A Correct.

9 Q That would be a point of contact, I would assume;
10 right?

11 A I would assume so, but I don't know who entered the
12 information, so I have no idea. You could put any name you
13 want into the name category, and it would have no effect on
14 the email.

15 Q And that's January 30th, 2019; correct?

16 A Correct.

17 Q And that is after the July 31st, 2018, notification;
18 correct?

19 A Correct.

20 Q And that email address is different than the
21 previous email address that we just identified as
22 chad@pisoslv.com; correct?

23 A Correct.

24 Q Okay. And there's nothing in that first entry that
25 we looked at to indicate whether or not that particular email

1 was read and received or received and read; correct?

2 A That is correct.

3 Q And there's nothing in that entry that indicates
4 whether or not there was a bounceback on that particular email
5 in the document that you reviewed?

6 A That is correct. There is no bounceback listed in
7 the report, but the name is still on the list. So it's
8 assumed that the email didn't bounce, because otherwise the
9 name would have automatically been removed from the list.

10 Q And if Mr. Christensen wasn't receiving emails at
11 chad@pisoslv.com, but rather at chadc@pisoslasvegas.com, then
12 he in all likelihood would not have received that first email;
13 correct?

14 MR. KOCH: Objection. Speculation.

15 THE COURT: Overruled.

16 BY MR. CRISTALLI:

17 Q If he was not receiving emails at --

18 A Yeah, if he was not receiving it as Chad, then that
19 is correct.

20 Q Would you be able to go back and verify whether or
21 not that particular email received notification of July 31st,
22 2018, notification and whether or not there was a received and
23 read response to that?

24 A The Listserv does not track that information.

25 Q Can we go to State's 2022, I think you have in front

1 of you, as well.

2 A Got it.

3 Q And the second page of State's 2022, specifically
4 DOT044722, that is the official announcement that was dated
5 July 31st, 2018; correct?

6 A Correct.

7 Q Okay. And then there was an application attached to
8 that; right?

9 A Correct.

10 Q Okay. Mr. Davidson, were you responsible for
11 uploading the application for the 2018 recreational marijuana
12 licenses on the Department of Taxation Website?

13 A No, I was not.

14 Q Do you know who was responsible for that?

15 A No, I do not.

16 Q Do you know that there was -- do you know whether or
17 not -- after this official announcement whether or not there
18 was a change to the application that was on the Department of
19 Taxation Marijuana Division Website that would have included
20 the application with the changes as it relates to this
21 particular announcement?

22 A I would not know that.

23 Q And you don't know whether or not that particular --
24 the particular application that was attached to this
25 notification was uploaded to the Department of Taxation

1 Marijuana Division Website prior to the application period?

2 A I would not know that. I have no knowledge of the
3 Taxation's Website and how it's run or maintained.

4 MR. CRISTALLI: No further questions, Your Honor.

5 THE COURT: Any of -- Mr. Fetaz.

6 MR. FETAZ: Just one quick.

7 CROSS-EXAMINATION

8 BY MR. FETAZ:

9 Q Mr. Davidson, what does the IT Department do when an
10 error is indicated when someone is trying to subscribe?

11 A The error would go to the owners unless they have --
12 unless it's enough of an error that they forgot to tell the
13 Listserv which list they were trying to subscribe to. You can
14 subscribe to the Listserv via email; and if you do so, you
15 need to send it to that list, then you'll be added to the
16 list. But if they sent it to just the Listserv itself, that
17 would be an error, because they did not specify the list.

18 Q And do you know when the owner would receive that if
19 there's a certain protocol that the owner would follow in
20 attempting to cure that error?

21 A It varies upon the list. The error would bounce --
22 well, if it's to the list itself and there was a problem, it
23 would bounce to the owner of the list. If the person
24 subscribing tried to subscribe to a nonexistent list or they
25 misspelled it, then that error would come to my attention.

1 And I very seldom get any of those.

2 Q Understood. I don't know if this obvious question
3 has been asked, but turning to Exhibit 135, in the fifth
4 column there there are the subscription dates. So it can be
5 assumed that if anyone has subscribed after the July 30, 2018,
6 date, which was the date Exhibit 2022 was sent, they wouldn't
7 have received that email?

8 MR. KOCH: Objection. Speculation.

9 THE COURT: Overruled.

10 THE WITNESS: If they subscribed after that email
11 was sent out, they would not have received that email. They
12 would have to log into the Listserv and then go into the
13 archive to find it. Anyone who is a subscriber to a specific
14 list is allowed to review the archives of that list.

15 BY MR. FETAZ:

16 Q And how would one review those archives?

17 A Just log into the Listserv.

18 Q Turning to Exhibit 135 again at DOT044550. And
19 you'll see an email address near the middle top of the list
20 there, dave@nevcann.com. A little bit farther down.

21 A Okay.

22 Q Can you go all the way across. You'll see that
23 their subscription date was the 30th of January 2019. Do you
24 see that?

25 A I see that.

1 Q And I'll represent to you that NEVCANN is a
2 plaintiff in this lawsuit, and if this is the subscription
3 date for dave@nevcann, it's your understanding that he would
4 not have received the July 30, 2018, email?

5 MR. KOCH: Objection. Speculation.

6 THE COURT: Overruled.

7 THE WITNESS: This particular email address would
8 not have received it.

9 MR. FETAZ: Thank you.

10 THE COURT: Any more questions, Mr. Fetaz?

11 Mr. Shevorski.

12 MR. SHEVORSKI: Not from the State, Your Honor.

13 THE COURT: Mr. Koch.

14 DIRECT EXAMINATION

15 BY MR. KOCH:

16 Q While we're on that subject, that individual at --
17 that person at NEVCANN, the fifth column listed a subscription
18 date in January of '19. What if that person were on the list,
19 maybe they subscribed in 2016, took their name off the list,
20 then added back on in 2019? What would be the indication
21 that subscription --

22 A It would be the latest date when they signed up.
23 They would not --

24 Q Would it be possible that someone would be on the
25 list, take themselves off the list, put themselves on, and

1 there's only one date listed?

2 A That is correct.

3 Q Possible that they were on the list in 2018?

4 A That is always possible.

5 Q Okay. Generally you said that the State has how
6 many Listservs that it uses?

7 A Over 500.

8 THE COURT: The State or the marijuana group?

9 BY MR. KOCH:

10 Q The State.

11 A The State itself has over 500 lists.

12 Q That's a pretty standard way for State agencies to
13 communicate; is that right?

14 A Correct.

15 Q Do you believe that using Listservs is an efficient
16 way for state agencies to communicate with a large group of
17 people?

18 A It has been so far.

19 Q Is it more efficient, in your opinion, than sending
20 out individual emails to people wherever they may be on a
21 manual list?

22 A Very much more efficient.

23 Q So it's a fairly standard way of communicating; is
24 that right?

25 A Correct.

1 Q Do you think it's a reasonable way of communicating
2 with a large group of people?

3 MR. CRISTALLI: Objection. Calls for speculation.

4 THE COURT: Overruled. You can answer.

5 THE WITNESS: Yes, it is a reasonable and
6 inexpensive method.

7 BY MR. KOCH:

8 Q In your opinion or your experience would it be a
9 better way to communicate than say putting a notice in a
10 newspaper, perhaps, of information that wants to get out
11 there?

12 A For those people who are interested in a specific
13 topic it is. That's where this particular product excels, is
14 in focusing on specific topics.

15 Q All right. The subscription date that's listed
16 there, that subscription, is that -- an individual has to list
17 themselves to be able to be subscribed; is that right?

18 A Or they can be added to the list through the owner.
19 The owner can do a bulk insert or a single insert as they so
20 desire.

21 Q Do you have any knowledge as far as who was required
22 to be listed on the marijuana Listservs that we've been
23 talking about for a particular applicant or establishment?

24 A I do not know that information.

25 Q And you don't know whether one or more individuals

1 would be required to be listed for that applicant; is that
2 right?

3 A I wouldn't know.

4 Q And do you know if the State would go out and
5 affirmatively seek out individuals and ask them to be added to
6 the Listserv in order to receive information?

7 A My department would not.

8 Q Okay. And so it would be up to that applicant or
9 the officers or owners of that applicant or establishment to
10 put themselves on; is that right?

11 A That is correct.

12 Q And I want to clarify the questions that you were
13 just asked. It sounded like, from what you said, if someone
14 was not on the list in June or July of 2018, but then they
15 added themselves let's say in August of 2018, they could then
16 go back and search and find everything that was sent out from
17 that Listserv prior to their subscription; is that right?

18 A Yes. The archives contain everything from that list
19 from when it was conceived in 2014.

20 MR. KOCH: All right. Thank you.

21 THE COURT: Anyone further? Mr. Kemp.

22 RE CROSS EXAMINATION

23 BY MR. KEMP:

24 Q Mr. Koch asked you if it would be reasonable to use
25 the email. Do you remember those questions?

1 A I'm sorry?

2 Q It would be reasonable to notify people by using the
3 email to the Listserv. Do you remember his questions that he
4 read?

5 A Yes.

6 Q Okay. In this case the official announcement that
7 originally came out was posted. Do you understand that one
8 way or the other? It wasn't email. There was a post.

9 A Okay.

10 Q Okay. Do you think it would be more reasonable to
11 both post it and to email it to the Listserv? If you gave the
12 original notice by posting, should you not continue that
13 mechanism?

14 A In my opinion, the more methodologies that you would
15 use the more likely you would be to reach your recipient or
16 your audience.

17 Q The more types of notice --

18 A But that is just -- I'm not a marketing person, so I
19 don't really --

20 Q So the more types of notice the better?

21 A That would be my opinion.

22 Q And that would also apply, I think we've already
23 covered, you could send it to all six of the marijuana
24 Listservs not just the one. That would have been more
25 reasonable or reasonable --

1 A You could cover more -- if the other lists had
2 different people, you would end up covering a larger amount of
3 recipients.

4 Q It's just a push the button for the State's point of
5 view; right?

6 A Kind of, yeah. You'd just send an email to it.

7 Q It doesn't cost any more?

8 A No, it does not.

9 Q Okay. In some of the questions you were focusing on
10 the attachment, and I think you said that they should have
11 used the attachment that was sent out by the email, as opposed
12 to something that was on the Website. Do you recall that
13 testimony?

14 A No.

15 Q Okay. Well, if you take a look at 2022 -- you have
16 it there --

17 A Okay.

18 Q -- doesn't the official announcement specifically
19 say that they should go to the State's Website and download
20 the latest version of this submission? That's what it says.
21 It doesn't say, use the one that's attached. It says, go to
22 the Website and download the latest version.

23 MR. KOCH: Objection. Document speaks for itself,
24 and personal knowledge.

25 THE COURT: Overruled. You can answer.

1 BY MR. KEMP:

2 Q Right?

3 A Okay. It does say that in the email.

4 Q Okay. And if the State Website -- in fact, until
5 this hearing started the State Website had the old version.
6 Whose responsibility is that to ensure that the State Website
7 had the latest version, this July 30th or 31st version?

8 A That would depend on which particular page on the
9 Website it is and who maintains that particular page. EITS
10 might be housing it, but we don't actually maintain the
11 content. That's handled by the individuals.

12 Q So assuming for the sake of argument that the State
13 kept the old application on the Website and the official
14 announcement that was emailed to some but not all people on
15 July 30th, 2016, said to download the one on the Website, can
16 you see how people would potentially be confused as to which
17 was the appropriate attachment to use?

18 MR. SHEVORSKI: Objection. Speculation.

19 THE COURT: Overruled.

20 THE WITNESS: I can see where people could be
21 confused on almost anything, actually.

22 BY MR. KEMP:

23 Q Well, they would be confused by virtue of the fact
24 that the State didn't update the application on the Website.
25 That's not their fault, is it? That's not the applicant's

1 fault, is it?

2 MR. KOCH: Objection. Argumentative.

3 THE COURT: Overruled.

4 BY MR. KEMP:

5 Q If the State tells you to download an application in
6 an email and then that application it says to download is not
7 the one -- the new one it just emailed out, that's not the
8 applicant's fault, is it?

9 A I would assume not.

10 Q Okay. It's the State's fault, isn't it?

11 MR. KOCH: Objection. Argumentative.

12 THE COURT: Overruled.

13 THE WITNESS: I would assume so.

14 MR. KEMP: Okay. Thank you.

15 THE COURT: Anybody else? Mr. Cristalli.

16 MR. CRISTALLI: Just a quick followup, Your Honor.

17 RECROSS-EXAMINATION

18 BY MR. CRISTALLI:

19 Q Mr. Davidson, with regard to Plaintiffs' Exhibit
20 135, you don't know whether or not -- I can ask you -- you
21 don't need to have it in front of you -- you don't know
22 whether or not that that particular list on that Listserv is
23 accurate, do you?

24 A I do not.

25 Q In fact, we've identified at least one entry where

1 it said Chad versus Chad C, and that appears to be different
2 emails; correct?

3 A Correct.

4 Q No way to verify whether or not Chad actually
5 received that particular email correspondence; correct?

6 A There is no way to verify whether or not he received
7 the email. The Chad email, however, is valid. Whether it's
8 his email or someone else's I do not know.

9 Q And this particular Listserv goes back to 2014;
10 correct?

11 A Correct.

12 Q The application for -- well, the notification for
13 the 2018 application that came out was July 30 or 31st of
14 2018; correct?

15 A Correct.

16 Q The State has notification as to who the applicants
17 would be with regard to the 2018 application process, would
18 they not?

19 MR. SHEVORSKI: Objection. Speculation.

20 THE WITNESS: That's not my --

21 THE COURT: Sustained. Can you rephrase the
22 question.

23 THE WITNESS: -- department. It would be --
24 Taxation would know that, I assume, or whoever was in charge
25 of the list.

1 THE COURT: Was that the first one?
2 MR. SHEVORSKI: That was the first one, Your Honor.
3 MR. CRISTALLI: No further questions, Your Honor.
4 THE COURT: Anyone else?
5 All right. Thank you, sir. I appreciate your time.
6 Have a very nice day. Can you hand me back the one document
7 that has the sticky on it.
8 THE WITNESS: Let me find it. Okay. Here it is.
9 THE COURT: Thank you.
10 THE WITNESS: Thank you.
11 THE COURT: Dulce, here's yours.
12 Next witness.
13 MR. SHEVORSKI: Thank you, Your Honor. The State
14 calls Ms. Kara Cronkhite.
15 THE COURT: Ms. Cronkhite, if you'll come forward,
16 please.
17 KARALIN CRONKHITE, DEFENDANT STATE'S WITNESS, SWORN
18 THE CLERK: Please be seated. Please state and
19 spell your name for the record.
20 THE WITNESS: Karalin Cronkhite, K-A-R-A-L-I-N
21 C-R-O-N-K-H-I-T-E.
22 THE COURT: And, ma'am, there's water in the pitcher
23 next to you, there are M&M's in the dispenser behind you, and
24 there are a ton of exhibits counsel may ask you to look at.
25 THE WITNESS: Thanks, Your Honor.

1 THE COURT: All right. You may proceed, Mr.
2 Shevorski.

3 MR. SHEVORSKI: Thank you, Your Honor.

4 DIRECT EXAMINATION

5 BY MR. SHEVORSKI:

6 Q Good afternoon, Ms. Cronkhite. Thank you for being
7 here. I'm with the Attorney General's Office. I'm going to
8 try to get you out of here today. I can't make any promises,
9 though.

10 Can you tell us a little bit about your background
11 starting with your education.

12 A Yeah. I have a Bachelor's degree in food science
13 and nutrition from California Polytechnic State University in
14 San Luis Obispo, California. And I have a Master's degree in
15 public health with a concentration in epidemiology and
16 biostatistics from UNLV. I am a registered Environmental
17 Health Specialist with the National Environmental Health
18 Association.

19 Q The MPH, what does that mean? What are your -- the
20 specialty that you received your MPH in, epidemiology, what is
21 that?

22 A Epidemiology, I like to tell people to think of the
23 word "epidemic," like disease outbreaks. It's a scientific-
24 based study where you look at parasites, bacteria, fungi, you
25 know, any pathogens, chronic diseases, as well, like diabetes,

1 and you look at how they affect populations, how they spread,
2 things like that.

3 Q And the other thing you mentioned started with an S.
4 What was that, statistics?

5 A Biostatistics.

6 Q Biostatistics. What is that?

7 A It's definitely not my passion. It's the study of
8 -- the statistics of basically like diseases is really where
9 my focus was. So if there was -- you would look at certain
10 populations and how that disease affects that population and
11 the statistics associated with that disease in that area
12 really.

13 Q Okay. And any further education besides the BS the
14 MPH? And I think you also mentioned you had a certificate?

15 A Yeah, my REHS, Registered Environmental Health
16 Specialist, and I have several others. I'm a certified
17 professional in food safety with the National Environmental
18 Health Association. I'm a certified proctor for ServSafe to
19 certify people as food protection managers, and a few other
20 similar ones. I think I'm even a certified pool operator,
21 because I inspected pools at one point.

22 Q Swimming pools?

23 A Yeah. There's been a few.

24 Q Very good. And how do you obtain those certificates
25 as --

1 A For the registered environmental health specialist,
2 for example, that's the most difficult one, you have to have a
3 Bachelor's degree or equivalent in a scientific field and two
4 years of work experience in environmental or public health
5 just to be considered eligible to sit for the exam. And then
6 you have to pass the exam. I think the passing score is over
7 70 or something like that.

8 Q Okay. And are there classes you have to take to
9 obtain that certificate, or is it an exam?

10 A It's an exam.

11 Q Okay.

12 A There are classes offered. You're not required.
13 But it's an exam, but you have to have that Bachelor's degree
14 education to be eligible to register for the exam.

15 Q And you passed that exam?

16 A Yes.

17 Q Okay. And when did you obtain that certificate?

18 A That was probably around 2011, I would say. And
19 then I have to take continuing education courses to maintain
20 it. So we call them CEUs. They're credits you have to
21 maintain. I think it's 24 credits -- 24 hours of learning
22 every two years to maintain that certification.

23 Q And what were the other certificates?

24 A Certified Professional in Food Safety. That's also
25 through the National Environmental Health Association.

1 Q And how do you obtain that one?

2 A That's an exam that you have to take. I don't

3 remember the prerequisites for sitting for the exam.

4 Q Did you pass that exam?

5 A I did.

6 Q Okay. All right. What other certificates do you

7 hold?

8 A I'm a Certified Proctor for ServSafe, which is a

9 certification program to get people certified as food

10 protection managers.

11 Q Is that an exam, or how do you obtain that

12 certificate?

13 A That is an exam.

14 Q Okay. Did you pass that exam?

15 A Yes.

16 Q Any other certificates?

17 A Nothing coming to mind. I know there's more, but --

18 Q Other than the pool?

19 A Yeah.

20 Q Now. let's talk a little bit about your work

21 experience. Did you work at a place called the Ecolab?

22 A Yes.

23 Q And what is that?

24 A Ecolab is a huge company worldwide. They do a lot

25 of things, but the division I worked for was an Ecolab with

1 the Chemicals Division. I was a food safety sanitarian where
2 I conducted third-party food safety audits for grocery
3 accounts throughout Southern Nevada and Southern Utah and
4 across the country as needed.

5 Q And did you have a title for that job?

6 A Yes. I was a Food Safety Sanatarian.

7 Q And how long did you work there?

8 A Probably about 18 months, a year and a half.

9 Q Also worked at the Mirage?

10 A Yes. At the Mirage I was the food safety manager --
11 food safety and sanitation manager, sorry.

12 Q And what were your duties, if any, at the Mirage?

13 A My role was -- I was responsible for all of the food
14 and beverage outlets inside of the Mirage. I had to make sure
15 that they maintained the standard from the local Health
16 Department, the FDA, USDA, OSHA. I also applied for permits
17 with the Southern Nevada Health District, whether it was for a
18 temporary event or we were doing a facility modification or
19 providing plans to them, any applications, I was in charge of
20 those, as well. And I accompanied the health inspector
21 anytime they were on property.

22 Q And how long approximately did you work for the
23 Mirage?

24 A I think it was just under two years. Maybe about a
25 year and a half, two years.

1 Q Then did you go on to work for the Southern Nevada
2 Health Service?

3 A Yeah, I was with the Southern Nevada Health
4 District. There I was an Environmental Health Specialist II.

5 Q And what duties, if any, did you have for the
6 Southern Nevada Health Service?

7 A I conducted health inspections for mostly food
8 establishments. That'd be anything from processing centers,
9 bakeries, warehouses, festivals, anything that makes and/or
10 sells food or beverages. There was a short period of time
11 where I inspected pools, which is why I have the one
12 certificate.

13 Q And what goes into an inspection that you d -- you'd
14 go out to a facility and what do you do?

15 A I mean, it's a lot, but if I -- just to summarize
16 briefly, you go in and you make sure that all of their
17 practices, the way that they're storing products, preparing,
18 handling, receiving products is in a manner that's going to
19 protect public health and not pose any, you know, unnecessary
20 risks to the public. Mitigating any risks of becoming ill
21 from consuming those products.

22 Q Okay. Did you eventually go to work for the State
23 of Nevada in terms of the Department of Public Health?

24 A Yes. I went to the Department of Public and
25 Behavioral Health, and at that time we were the medical

1 marijuana program.

2 Q Do you know approximately what year you started?

3 A I started in 2015.

4 Q And when you started in 2015 what title did you
5 have?

6 A Medical Marijuana Program Supervisor.

7 Q Okay. And what duties, if any, did you have with
8 respect to that title?

9 A I was responsible for supervising all of the
10 marijuana inspectors, the marijuana auditors, a few
11 administrative staff, and writing policies, like internal
12 policies for staff and also policies and procedures for
13 industry to follow, as well. I assisted with any revision of
14 the regulations and the decision-making processes with
15 management.

16 Q Okay. And that was in 2015?

17 A Yeah.

18 Q Okay. And you mentioned inspectors. Who are the
19 inspectors?

20 A The marijuana inspectors go out and conduct what I
21 would compare to a health inspection, but for a marijuana
22 facility. They inspect the cultivators that grow the
23 marijuana, the producers that extract the marijuana and turn
24 it into different products such as edibles or vape pens, the
25 dispensaries that sell the marijuana, and also the

1 laboratories that test the marijuana.

2 Q Any other people that you supervised?

3 A At that time, no.

4 Q Okay. In 2016 did you still work for the Department
5 of Public Health?

6 A Yeah.

7 Q Okay. And eventually -- are you aware of an
8 initiative that the voters approved in 2016 commonly called
9 Question 2?

10 A Yeah. Ballot Question 2 initiative.

11 Q Ballot Question 2?

12 A Uh-huh.

13 Q Did you eventually move over to the Department of
14 Taxation --

15 A Yes.

16 Q -- sometime after Ballot Question 2 was approved by
17 the voters?

18 A Yeah. After the initiative passed, everyone from
19 the medical marijuana program moved over to the Department of
20 Taxation Marijuana Enforcement Division.

21 Q Okay. What duties, if any, did you have upon
22 arriving with the Department of Taxation?

23 A My duties remained mostly the same. However, we
24 grew at that time, so we had a lot more staff. So I
25 transitioned out of supervising the auditors. That became the

1 role of the Chief Compliance Audit Investigator, and so I
2 assisted him with the supervision of the auditors until he
3 became comfortable in that role.

4 Q What is an auditor in the context we're talking
5 about here?

6 A So an auditor accompanies the inspectors when they
7 go out on their visits, we call them routine inspections of
8 the facilities. The auditors are looking more at inventory
9 control, facility security, building safety, things like that,
10 not the public health side, but the security of the product
11 and the security of the building.

12 Q And you were supervising them?

13 A I was.

14 Q Okay. And how long did that go on?

15 A That I supervised them?

16 Q Yes, ma'am.

17 A From 2015 until we started phasing that out in late
18 2017. And then Damon Hernandez started taking over that role.

19 Q Okay. And do you have a brother?

20 A I do have a brother.

21 Q Does he work in the marijuana industry?

22 A Yes, he does.

23 Q Okay. Do you know what company he worked for -- has
24 he worked for multiple companies or just one?

25 A Just one. However, they've had several changes in

1 ownership and names. It's currently titled Exhale.

2 Q Did Exhale apply for a retail marijuana license in
3 2018?

4 A Yes, they did.

5 Q Did they succeed?

6 A No, they did not.

7 Q Okay. Did your brother ever contact you about the
8 application process?

9 A No, he did not.

10 Q Okay. Were you aware that there was a Governor's
11 Task Force with respect to Question 2?

12 A Yes.

13 Q And we're still talking about the Question 2 in the
14 context of the 2016 election cycle. Is that fair?

15 A Yeah.

16 Q Did you work on the Governor's Task Force?

17 A Yes. I was assigned to the retail operations
18 working group.

19 Q And what did the retail operations group -- working
20 group do?

21 A We came up with recommendations for the retail
22 stores for the regulations. So we talked about advertising,
23 labeling, receiving product, delivery, all sorts of things,
24 anything that a retail store might do.

25 Q And you talked about them. Did you come up with any

1 recommendations that you can recall?

2 A We did come up with several recommendations. I
3 don't remember specifically what they were, several regarding
4 warning labels, several with advertising. I don't remember
5 off the top of my head. I know there were some with delivery,
6 as well.

7 Q Delivery of marijuana?

8 A Correct.

9 Q And how long, if at all, did you work on the
10 Governor's Task Force?

11 A I believe we stated meeting in March of 2017, and we
12 met for 10 weeks. So I believe they were 10 consecutive
13 weeks, but I'm not positive.

14 Q Any of those weeks that you missed or sick or went
15 on vacation?

16 A There was one where I was on vacation, but I called
17 in anyway. So I don't believe I missed any, but it's
18 possible.

19 Q Okay.

20 A And then I did sit in on other meetings just to
21 listen for other working groups, but I wasn't involved in the
22 processes.

23 Q Were you involved at all in the training of --
24 strike that. Have you ever heard of a name Manpower --

25 A Yeah.

1 Q -- in the context of retail marijuana?

2 A Yeah.

3 Q Okay. And were you involved at all in the hiring of
4 any person from Manpower in the context of scoring retail
5 marijuana applications?

6 A No.

7 Q Okay. Were you involved in the training of any
8 person who eventually was hired from Manpower?

9 A Yes.

10 Q Okay. Did you share those training duties with
11 anyone, or were you working by yourself?

12 A Yes. I shared the training duties with David
13 Witkowski as part of the non-ID section.

14 Q When you say non-ID what do you mean by that?

15 A That was the part of the application that was non-
16 identified, where the scorer is not aware of who they're
17 scoring. They don't have any names of owners, the facility
18 name, any identifying information whatsoever.

19 Q Did you provide any training with respect to the
20 adequacies of the size of the proposed marijuana
21 establishment?

22 A Yes, I did.

23 Q And what training did you provide?

24 A I basically went through the application form, the
25 evaluator guidelines and old applications as examples, went

1 through them line by line explaining to the scorers what they
2 should be looking for, where they might find that information,
3 why it's important, and examples of poor, you know, responses.
4 They might see average responses, they might see excellent
5 responses or they should expect to see, and what would be
6 ideal versus what would be just considered adequate.

7 Q And in using those examples can you describe, if you
8 recall, what you tried to describe as or trained on what an
9 excellent response would be.

10 A Yes. It was different for every category, but if
11 the category was zero to 10 points an excellent response would
12 fall into the 8- to 10-point range. Adequate I think was the
13 middle one, which was the average that was 4 to 7, and
14 inadequate would be zero to 3.

15 Q Okay. Did you train Manpower personnel to be
16 looking for any particular materials that the applicant may
17 submit with respect to that category we're talking right now,
18 the adequacy of the size?

19 A Yes. They are all trained to look at the entire
20 non-ID portion of the application for every single section no
21 matter what. Just because it says it's supposed to be in
22 Tab 3 or Tab 7, wherever, doesn't necessarily mean that's
23 where they'll find that information. So I was very clear that
24 even if they added at the very end of the application where it
25 shouldn't have been, to still consider that they may have to

1 revise their score or go back and look for other things. They
2 were to look at the floor plan, which is the aerial view, the
3 layout of the equipment, very heavy focus on the flow of the
4 consumers that are coming in the store, the staff that's
5 walking through the store and the flow of the product, as
6 well, to ensure that, you know, you don't have -- for example,
7 you don't want a consumer going to use the restroom in the
8 back of the store down by the receiving area, something like
9 that. You'd want to make sure that the flow makes sense for
10 the operation. We'd look at -- I told them how to look for
11 hand-washing sinks, where they should be located ideally,
12 single entrance, cameras, security cameras not only inside but
13 also the perimeter, lighting, plumbing. So not just the floor
14 plan, but the building plan in itself as a whole, any
15 documents that were provided.

16 They might have provided finish schedules, which
17 would say the material of the floor, as well as ceilings,
18 plumbing to make sure sewage lines aren't going over where
19 product's stored, things like that. There is a lot of
20 information that went into that section, and the timeline --
21 the proposed timeline to complete that, as well as resources
22 that would be required to meet that timeline.

23 Q If the building was already built, there wouldn't
24 necessarily be a timeline; correct?

25 A Not necessarily. I would say it depends. Because

1 it depends on if they're going to make modifications to that
2 facility.

3 Q Okay. Did you train Manpower personnel how to
4 evaluate a building that is already built for adequacy?

5 A Yes. So the difference for that would be where you
6 have a building that's not already built you need to look at
7 did they consider pouring the concrete, do they have power, do
8 they have water to the building, are they, you know, building
9 from nothing, or do they have a skeleton that -- you know, or
10 foundation to pour, things like that. With an existing
11 building you don't need quite as much detail in that aspect,
12 because you would think it already possibly has those things.
13 However, you would still want to know that the power's still
14 functioning, they don't have to wait to have it turned back
15 on. You'd still want to know that they still have water to
16 the building, that they're not going to be tearing down walls
17 to facilitate better flow. There's a lot of information
18 that's still goes into it. Any improvement, modification, if,
19 you know, those are the things that they would still be
20 looking for in an existing building.

21 Q Okay. And if a building is in existence and has not
22 been shut down by the health inspector, does that mean that
23 it's an excellent building?

24 A Are you referring to a building that's operational
25 as a marijuana facility?

1 Q Correct.

2 A Can you restate the question again.

3 Q Certainly. A building that's in operation as a
4 marijuana facility and hasn't been shut down, it's in
5 compliance with the regulations, does that necessarily mean
6 that it's an excellent building or entitled to an excellent
7 score?

8 A No. I could actually say there's a lot of current
9 buildings that are not in my opinion excellent. However --
10 no. Just because a building is compliant with the
11 regulations, that just means they're meeting the minimum
12 standards. That doesn't mean that they're excellent above and
13 beyond our ideal facility, couldn't score better. It just
14 means that they're meeting the bare minimum requirements.

15 Q Did you provide training with respect to care,
16 quality, and safekeeping?

17 A Yes.

18 Q What training, if any, did you provide?

19 A The same as the other section, going through line by
20 line with the evaluator guidelines telling them what they
21 mean, what to look for, what's important, good and bad
22 examples that I've been familiar with, things like that.

23 Q Okay. What training, if any, did you provide with
24 respect to testing?

25 A For laboratory testing, that section, it was -- I

1 believe that section involved what the products get tested
2 for, what products get tested, you know, if there -- I told
3 them to keep an eye out for if they're only mentioning batches
4 or lots and they're never mentioning productions runs being
5 tested. The responsibility of product being sold is on the
6 dispensary, on the retail store, that even though the
7 facilities they receive it from need to be the ones testing
8 it, they're responsible for ensuring that has been tested
9 prior to sale and receipt, handling of the product, storage of
10 the product. I'm trying to remember off the top of my head
11 what else was in that section, but it was a very detailed
12 section about when and how to test the product and how to
13 store it in a facility to prevent any additional
14 contamination.

15 Q What training, if any, did you provide with respect
16 to the transportation plan?

17 A For the transportation plan section same thing. I
18 went through it line by line. But it was really we're looking
19 to make sure that they have existing procedures in place,
20 existing policies in place, not we will plan to do this, we
21 will do this. It's what are you doing. So you can't have --
22 you know, no unmarked -- or no marked vehicles. It has to be
23 non-identifiable as a marijuana delivery vehicle. They have
24 to have a means of communication. I told them to keep an eye
25 out for things like, we will have a means of communication.

1 Okay, well, we're asking for your plan, what means of
2 communication are you providing is the type of stuff I told
3 them to look out for. A plan for receipt, a plan for, you
4 know, how many drivers are in the car, if there's theft or an
5 accident how they're going to report that incident to law
6 enforcement and the Department. I'm sure there was other
7 information in that section.

8 Q That's your best testimony as you sit here today?

9 A Yeah.

10 Q Okay. What training, if any, did you provide with
11 respect to building security?

12 A Building security was about the security of the
13 physical structure itself. So we have guidelines in our
14 regulations for bare minimum requirements, 19-inch monitor for
15 example, an alarm, backup battery in case the power goes out,
16 things like that. So in the application they needed to at
17 least meet the bare minimum requirements, but I told them to
18 keep an eye out for people going above and beyond, that would
19 be more ideal. The minimum requirement for battery backup
20 would be five minutes, that's bare minimum, maybe average.
21 But if someone responds that they do 10 minutes, 30 minutes,
22 3 hours, 8 hours, we've seen a lot, that would be going above
23 and beyond. Also armed guards, mantraps, things like that,
24 those would be ideal, not necessarily required, but ideal.

25 Q What's a mantrap?

1 A A mantrap is where when you walk in the front door
2 or through the front door but into the secondary area there's
3 a spot where the door you just entered through locks, and this
4 door won't open until that one's shut and someone opens it for
5 you. So you're trapped in that area until you're physically
6 permitted to pass through. It's just an added level of
7 security so that you don't get, you know, 10 people running
8 through the door and robbing you.

9 Q That's basically for what I want to know, because
10 I'd never heard of it before. Have you ever heard the phrase
11 "product security"?

12 A Product security?

13 Q Product security, yes.

14 A Uh-huh.

15 Q And what is that?

16 A Product security is security of the physical
17 inventory that's onsite. So that would be these of metric,
18 for example, having an inventory control system that would
19 track your product from seed to sale and just knowing where
20 your product is physically at all times. If it's stored
21 behind lockable counters, we require that the locks be at
22 least meeting UL standards, University Laboratory standards,
23 and the flow of product. So another thing to consider in that
24 section is where they're storing the product during business
25 hours, if they're keeping it all in their vault at all times.

1 What tends to happen is people are constantly going in and out
2 of the vaults, and it creates a security risk. If they're --
3 you know, if you have a bank teller situation where it's glass
4 and they have a pass-through window that, would be better
5 than, you know, the swinging door where they can just jump
6 over the counter. So there's acceptable, and there's ideal,
7 and so I went over with them examples of what they might see
8 in the applications.

9 Q And that was the training you provided to the
10 Manpower personnel?

11 A Yeah.

12 Q Okay. What about inventory control? Did you
13 provide any training with respect to inventory control?

14 A Yes. So inventory control section in the
15 application was about their physical system that they have, a
16 software system that can account for the inventory. Some
17 facilities just use metric and manual, enter manually. Some
18 facilities have a POS system that has an interface with
19 metric.

20 Q And what does POS mean?

21 A Point of sale. I had to think about that. Point of
22 sale system. So usually a lot of them will interface. I let
23 the scorers know that there are a lot of common companies for
24 those systems they might see. We don't have a preference one
25 over the other, but just to be familiar with words they might

1 see. But we wanted their actual plan, how to use it, not
2 just, we use metric.

3 Q Okay. And how does that fit in with operating
4 procedures for electronic verification?

5 A So electronic verification is the age verification
6 device. So in that I talked to the scorers about how every
7 retail store has to have an age verification device, some sort
8 of scanning device that would scan a government-issued valid
9 ID to verify that the individual's over 21 years of age and
10 eligible to purchase marijuana in the State. So, you know,
11 I'd let them know like, we'll get a scanner, is a poor
12 response. This is the scanner we will be using, this is how
13 it works, and here's our policy for our staff to reference
14 when scanning an ID, that would be more ideal.

15 Q Did you provide any training with respect to
16 proposed impact on the community?

17 A Yes.

18 Q And what training, if any, did you provide?

19 A The community impact entailed a lot of different
20 information. It not only covered the benefits to the
21 community, but also mitigating nuisances, potential negative
22 impacts to the community. So, you know, if they say they'll
23 let staff volunteer during working hours at, you know, some
24 wherever that'd be great. If they want to encourage -- I
25 don't know. There are a lot of different things they could

1 have gone with for community impact, shopping local, hiring
2 local. For mitigating nuisance side of things, you know, if
3 they're opening and handling and processing marijuana in any
4 way, repackaging it common in some retail stores, then odor
5 mitigation would be an issue I'd want to see discussed.
6 Security. No matter where they are there's a risk of theft,
7 which we've seen not just employee theft but, you know,
8 outside sources, and so we'd want to see their security plan
9 for boosting security in the neighborhood, not just causing a
10 risk. Yeah. But there were all -- there was a lot of
11 information.

12 I think that section also included providing
13 educational materials to the consumers that were in there
14 purchasing products. So in that we wouldn't want to just see,
15 we will provide educational materials. I would want to see
16 the actual educational materials that they'll be providing.
17 That would be the differentiation between acceptable and
18 ideal. But there was -- there's a lot more information in
19 that section I can't think of right now.

20 Q Some applicants submitted a property address, many
21 did not. How did lack of a property address factor into the
22 training for the community impact?

23 A It was irrelevant. The property address wasn't
24 looked at for that part. I don't know if it was looked at at
25 all actually. So it doesn't really matter where you're

1 located. A good plan is a good plan. So it doesn't really
2 matter to the State what community you're benefiting, what
3 local jurisdiction is getting this benefit, what street corner
4 is getting a benefit from that. What matters to us is that
5 you're making an effort to benefit the community that you're
6 in. If that helps. So it was irrelevant to the scoring
7 process.

8 MR. SHEVORSKI: Pass the witness, Your Honor.

9 THE COURT: Anyone at the defense table who's an
10 intervenor wish to examine Ms. Cronkhite? No?

11 All right. Mr. Kemp, you're up.

12 MR. KEMP: Your Honor, I think Mr. Parker wants to
13 go first.

14 THE COURT: Mr. Parker, you wanted to step ahead of
15 Mr. Kemp?

16 MR. PARKER: I do.

17 THE COURT: All right.

18 MR. PARKER: I would like to.

19 CROSS-EXAMINATION

20 BY MR. PARKER:

21 Q And as I get set up, Ms. Cronkhite, the last thing I
22 think you said was --

23 (Pause in the proceedings)

24 BY MR. PARKER:

25 Q The last thing I believe you said was, it does not

1 matter, the location, it's just what community is going to be
2 benefitted; is that correct?

3 A Correct.

4 Q How do you know what community will be benefitted if
5 you don't know the location?

6 A It doesn't matter.

7 Q Ms. Cronkhite, you're speaking in circles. So let
8 me ask it one more time. You said it only matters as to what
9 community you're benefitting. Would you agree with me that
10 there's more than one community within the Summerlin area?

11 MS. SHELL: Objection. Misstates testimony.

12 THE COURT: Overruled.

13 THE WITNESS: I'll clarify by saying that it doesn't
14 matter which community you're benefitting, it matters that you
15 are benefitting a community within the state of Nevada.

16 BY MR. PARKER:

17 Q Ms. Cronkhite, how familiar are you with the
18 statutes and the Administrative Code that govern this process?

19 A I would say I'm pretty familiar with them.

20 Q Good. Good. That should make it quicker.

21 Ms. Cronkhite, tell me what you understand to be the
22 requirements of the statute pertaining to location.

23 MR. KOCH: Objection. Vague.

24 THE COURT: Overruled.

25 THE WITNESS: There are requirements as to how --

1 the distancing requirements from schools, playgrounds,
2 churches, things like that. Is that what you're referring to
3 BY MR. PARKER:

4 Q I am. I am. And that's under the statute; is that
5 correct?

6 A Correct.

7 Q In fact, I believe it's under NRS 453D.210(d)(1)
8 through (5), just to be more precise. Are you familiar with
9 that?

10 A I'd have to look at it to verify that that's exactly
11 where it is, but I'm familiar with the requirements.

12 THE COURT: You left out a section (5) before D.

13 MR. PARKER: Thank you, Your Honor.

14 BY MR. PARKER:

15 Q So if you don't know the location, how would someone
16 know if it -- if the proposed establishment would actually
17 comply with the statute?

18 A So we're looking at the adequacy of the proposed
19 building in that section. We're not looking at the physical
20 location of it. When a facility applies for their conditional
21 license we're not looking at their physical location at that
22 time. When they start going through the process of becoming
23 operational it would have to get a special land use permit
24 with a land survey, and that would tell us that they are in a
25 compliant zone. And that would be required prior to becoming

1 approved and operational and fully licensed.

2 Q Would you agree with me that the statute does not
3 have that caveat or condition? It doesn't say, we're going to
4 look at this later; it actually says, this is what has to be
5 met.

6 A It says this is what has to be met. But, like I
7 said, we would not approve a facility for a final license
8 unless that information was met.

9 Q All right. So we agree that is not in the statute
10 the way you described it. You're saying there's this two-
11 pronged process here, you give us a building and then later
12 on, after we give you a license, we'll determine if this
13 building will be somewhere that fits the statute. That's what
14 you're telling me?

15 A They're providing floor plans.

16 Q Now, tell me. Do you see anything in this statute
17 that mentions the word "floor plan" at all? Take a look.
18 It's on the screen, it's on your screen. I want to make sure
19 we're clear here. Because I've pored over it, the Court has
20 pored over it. Do you see the word "floor plan" in that
21 section?

22 A No. But the statute does give the department the
23 authority to determine how to license.

24 Q Let me ask it one more time. And I'm going to ask
25 you to stick to the question. Do you see the word "floor

1 plan" in the statute?

2 THE COURT: Ma'am, because he's only given you one
3 section of the statute, I have handed you my statute book if
4 you feel it necessary to check all of Section 453D, most of
5 which is Ballot Question 2.

6 BY MR. PARKER:

7 Q That's true. So you can make yourself comfortable
8 and look through as much as you'd like. But do you recall in
9 the statute -- and I'll just put the question back out there
10 so you can take a look -- the word "floor plan" being used?

11 A Not to my knowledge.

12 Q Thank you.

13 Q So instead of simply sticking to the statute, which
14 describes the requirements in terms of location, you believe
15 that your Department had the authority to decide that we're
16 going to use floor plans and not consider for purposes of the
17 application the requirements of the statute; is that true?

18 A I don't understand the question.

19 THE COURT: Can you rephrase your question, Mr.
20 Parker.

21 MR. PARKER: Certainly, Your Honor. I sure can.

22 BY MR. PARKER:

23 Q Can you show me -- or can you tell me who gave you
24 the authority to use floor plans, as opposed to building
25 location?

1 MR. KOCH: Objection. Argumentative. Legal
2 conclusion.

3 THE COURT: Overruled.

4 THE WITNESS: So Ballot Question 2, the initiative,
5 created or led to NRS 453D, the development of NRS 453D, which
6 is the statute. The statute gives the Department the
7 authority to create the application for a marijuana facility.
8 So the NAC 453D was drafted based on the ballot initiative and
9 the statutes.

10 THE COURT: Why do you say that, ma'am?

11 MR. PARKER: Good question, Your Honor.

12 THE COURT: Can you not help me.

13 THE WITNESS: Your Honor, the ballot initiative
14 tasks the Department with licensing.

15 THE COURT: I know that. You just said that the NAC
16 represents the ballot question. And I'm trying to figure out
17 how that is, because I've read them both. So tell me why you
18 said that.

19 THE WITNESS: We -- Your Honor, we made sure that
20 the information from the ballot question to the best of our
21 abilities was including in the NAC.

22 THE COURT: Now, when you say we who do you mean?

23 THE WITNESS: The Department.

24 THE COURT: Well, when you say we the Department who
25 do you mean?

1 THE WITNESS: That would have been the management of
2 the Marijuana Enforcement Division, Jorge --

3 THE COURT: Okay. So how about we just give me
4 names of human beings, please.

5 THE WITNESS: Jorge Pupo, Steve Gilbert, I believe
6 Ky Plaskon was involved in that process.

7 BY MR. PARKER:

8 Q So we questioned --

9 THE COURT: So -- wait. I'm not done.

10 MR. PARKER: I'm sorry, Your Honor.

11 THE COURT: So that group of people that you just
12 identified and yourself got together and looked at Ballot
13 Question 2, and then you just came out of the NAC 453D out of
14 whole cloth?

15 THE WITNESS: No. The individuals named and myself,
16 we also used the recommendations from the Governor's Task
17 Force working groups. I believe we had over 70
18 recommendations from them. We had to make sure that all the
19 recommendations were compliant with NRS 453D and the ballot
20 initiative, as well.

21 THE COURT: Anything else you used to create the
22 Nevada Administrative Code 453D?

23 THE WITNESS: Yes. We also referenced NAC 453A, the
24 medical regulations.

25 THE COURT: And why did you think that was

1 appropriate?

2 THE WITNESS: Because they can be dual-license
3 facility, so they might have medical and recreational at one
4 facility, so we wanted to make sure that it was as easy as
5 possible for them to conduct both.

6 THE COURT: So where there was a conflict between
7 453A and 453D what won?

8 THE WITNESS: I believe it was 453D. I don't
9 recall.

10 THE COURT: And why do you believe that?

11 THE WITNESS: I believe that there's a statement in
12 NRS 453D that states so.

13 THE COURT: Show me. I gave you the book.

14 THE WITNESS: Might take a minute.

15 THE COURT: Yep. I'm waiting. And Mr. Parker's
16 going to be patient until I finish.

17 MR. PARKER: I am, Your Honor.

18 (Pause in the proceedings)

19 THE WITNESS: Is it possible to get a copy of
20 just --

21 THE COURT: No. Are you in the pocket part, the
22 back part?

23 THE WITNESS: Oh. No. I'm sorry.

24 THE COURT: That's where it is, because it's new.

25 THE WITNESS: Oh. Okay. Got you.

1 THE COURT: And because the State has limited budget
2 they don't print the books or let us get new books all the
3 time. We have to get the ones with the paper in the back.

4 THE WITNESS: Understood.

5 (Pause in the proceedings)

6 THE WITNESS: I don't see that in here.

7 THE COURT: Okay. So the Department determined that
8 453D should trump anything else; right?

9 THE WITNESS: No. We still have 453A, as well. We
10 use both sets of regulations.

11 THE COURT: Okay. So let's go back. So you
12 understand that ballot questions can't be modified for a
13 period of three years by Constitution; right?

14 THE WITNESS: Yes.

15 THE COURT: So why did the Department think it was
16 okay to modify the ballot question by referring to the medical
17 marijuana section?

18 THE WITNESS: I'm not -- I'm not aware of where we
19 modified.

20 THE COURT: So can you look for me at 453D.200(6).

21 THE WITNESS: Okay.

22 THE COURT: Could you tell me how the Department
23 complied with that, at least as far as you know, in the
24 regulation and application process. And I'm on the subsection
25 (6) that says, "The Department shall conduct a background

1 check of each prospective owner, officer, and board member of
2 a marijuana establish [sic] license applicant."

3 THE WITNESS: Yes. That is conducted prior to
4 issuing a final license.

5 THE COURT: Excuse me?

6 THE WITNESS: We conduct background checks of each
7 prospective owner, officer, and board member.

8 THE COURT: Before the final license?

9 THE WITNESS: Before we issue their license, yes.

10 THE COURT: So you don't do it as part of the
11 application process?

12 THE WITNESS: I do believe they do issue their
13 background checks in the application. However, that was part
14 of the ID section. I wasn't charged with reviewing that
15 section.

16 THE COURT: Okay. So can you tell me how -- and
17 let's just for a minute assume that I don't know anything at
18 all about how the Department of Taxation works. So you get a
19 brand-new statute that is a ballot question that no changes
20 can be made to.

21 THE WITNESS: Uh-huh.

22 THE COURT: How do you and the individuals you
23 previously named sit down and come up with regulations that
24 will be compliant with that for you to necessarily and
25 conveniently carry out the provisions of that statute?

1 THE WITNESS: We worked with members of LCB for
2 guidance. I believe the director at the time was Deonne
3 Contine. She assisted us, as well, with her legal background.
4 We also -- I believe -- I believe at that time QuantumMark was
5 assisting us with drafting the regulations, but that might
6 have been a prior year. I may be mistaken. But we used a lot
7 of references and a lot of assistance in our DAGS, as well.

8 BY MR. PARKER:

9 Q Your what, as well? I couldn't hear you.

10 A Deputy Attorney General.

11 THE COURT: DAGS, Deputy Attorney General, also
12 known as Mr. Werbicky.

13 THE WITNESS: Yes.

14 THE COURT: All right. If we could then step back.
15 You previously said that you also took the Task Force
16 recommendations into consideration in coming up with the
17 regulations. Can you tell me how you made a determination if
18 that was appropriate if you were the one who made that
19 decision or if somebody else did.

20 THE WITNESS: I believe it was a group effort for
21 most of them. We looked at whether we were lawfully able to
22 do so under statute, to accept their recommendation. We
23 considered if it was something that we had looked at doing in
24 the past, how it would create, you know, too many problems for
25 the facilities or too much risk to public health. We

1 considered anything that had come up in the past, any of the
2 outcomes that potentially might come from that. But for the
3 most part we accepted a good amount of their recommendations
4 from the Governor Task Force.

5 THE COURT: Even if they conflicted with Ballot
6 Question 2?

7 THE WITNESS: No.

8 THE COURT: Okay. So how did you then determine the
9 manner in which the marijuana was to be regulated in a manner
10 similar to alcohol? I haven't heard you mention that yet.

11 THE WITNESS: The similarity under -- to alcohol is
12 that it's regulated by the Department of Taxation. I'm not
13 familiar with how alcohol is regulated fully, but our Deputy
14 Director Jorge Pupo is also tasked with alcohol to some
15 extent, so he has that knowledge.

16 THE COURT: Well, he collects taxes from the liquor
17 establishments, but he doesn't regulate liquor, does he?

18 THE WITNESS: I don't have that information.

19 THE COURT: Okay. So you as part of the group who
20 did the regulations didn't look at the way that alcohol is
21 regulated at all, did you?

22 THE WITNESS: I can't say that I personally did, but
23 I don't know if other management members were looking at that
24 information.

25 THE COURT: But you told me it was a group effort,

1 you all got together and came up with these ideas and came up
2 with these regulations.

3 THE WITNESS: Are you referring to the Task Force?

4 THE COURT: No. I'm talking about the people you
5 named for me earlier.

6 THE WITNESS: Yeah. We took recommendations from
7 the Task Force, and we referenced 453A for the most part for
8 ease of transition. I can't testify as to whether or not
9 Steve Gilbert, Jorge Pupo, or Deonne Contine were involved in
10 looking at how alcohol is regulated; however, they're the ones
11 that are involved in that process.

12 THE COURT: Okay. Mr. Parker, I am not going to ask
13 any more questions at this point. Please do what you need to
14 do.

15 MR. PARKER: Thank you, Your Honor.

16 BY MR. PARKER:

17 Q Ms. Cronkhite, you've indicated group efforts at
18 times, and then when the Court asked you where this
19 information came from, the group, you seem to suggest you
20 don't know where the information came from. So then that
21 leaves me to try to figure out did these regulations drop from
22 the sky without any direction. Because that's what it seems
23 at this point.

24 MR. KOCH: Objection. Argumentative.

25 THE COURT: Just for the record, that's how it seems

1 to me, too.

2 MR. PARKER: Thank you, Your Honor.

3 THE COURT: Sorry. That's why I stopped asking
4 questions.

5 BY MR. PARKER:

6 Q So I'm going to try to go through this with you.
7 And let's start with the statutes. Because I thought we would
8 be able to go through this quicker, but it does not seem like
9 we'll be able to do it quicker than -- as quick as I was
10 hoping, all right.

11 You said one thing to the Judge that really threw
12 me, and I want to start there. You said, we accepted the Task
13 Force recommendations as long as we thought we could lawfully
14 -- lawfully able to accept them.

15 A Correct.

16 Q What would that -- what was the being able to
17 lawfully accept those recommendations come from? What's the
18 platform for that? Is it the ballot question, is it the
19 statutes, or is it ultimately the Administrative Code?
20 Where's the defining line?

21 A As long as it was in compliance with the ballot
22 initiative and the NRS 453D, then we could accept it.

23 Q How would you know?

24 A What do you mean how would I know?

25 Q How would you know if it was compliant with the

1 ballot question? Let's start there. The ballot question
2 required you to do certain things, and you couldn't go outside
3 of the parameters of the ballot question. Would you agree
4 with that?

5 A Yes.

6 Q So if you agree with that, everything that was done
7 following the ballot question had to comply with the ballot
8 question, be it the statute or the Code; is that correct?

9 A Correct.

10 Q So if I see a difference between the statute and the
11 Code, would you agree that someone made a mistake?

12 A If there was a differentiation between the two, then
13 there could be a possible error.

14 Q No. There would be an error, wouldn't there? For
15 example, if the statute says every -- and this is what the
16 Judge was asking you. If the statute says under paragraph (6)
17 that you will conduct a background check of every --

18 THE COURT: It says "each."

19 BY MR. PARKER:

20 Q -- of each prospective owner and officer, but the
21 Code says owner is someone with 5 percent interest, that's a
22 difference, would you agree?

23 A Yes.

24 Q So if we see a difference in the statute versus the
25 Code, wouldn't you agree that someone made a mistake there?

1 MR. KOCH: Objection. Argumentative.

2 THE COURT: Overruled.

3 THE WITNESS: Possibly.

4 BY MR. PARKER:

5 Q Right. And if your application says what the
6 statute says but is different than what the Code said, would
7 you agree that someone made a mistake?

8 A If it's different, yes.

9 Q All right. So we know that the application said
10 that the background check would be done of every owner or each
11 prospective owner, and we know the Code says 5 percent
12 interest or better, so we know that there's been mistakes made
13 between the statute, the Code, and the application; is that
14 correct?

15 MR. KOCH: Objection. Argumentative. Lacks
16 foundation.

17 THE COURT: Overruled.

18 BY MR. PARKER:

19 Q Isn't that correct, ma'am?

20 A Yeah. If it's different, then yes.

21 Q Thank you. So now let's see if we can hone in a
22 little bit more on why we have so many differences from the
23 ballot and what made this group think that it could deviate
24 from the ballot, okay. And that's what the Judge was asking,
25 and that's where I started, okay.

1 So when you're preparing or trying to create the
2 Administrative Code was there someone there holding that group
3 to the ballot question?

4 MR. SHEVORSKI: Objection. Vague.

5 THE COURT: Overruled.

6 THE WITNESS: I believe that -- like I said, I
7 believe that during that revision of the regulations we had
8 QuantumMark assisting us.

9 THE COURT: Hold on. Ma'am, you just said revision
10 of the regulations. What are you talking about?

11 THE WITNESS: Or, sorry, drafting. My apologizes.
12 Drafting.

13 THE COURT: Creation?

14 THE WITNESS: Yes.

15 THE COURT: Okay.

16 BY MR. PARKER:

17 Q And the reason why that's an important question, Ms.
18 Cronkhite, is because we've heard testimony saying that 453D,
19 be it the Code -- let's stay with the Code for right now --
20 was perhaps modelled after in part 453A, but then, because
21 there are differences here, there are certain provisions that
22 are not like 453A. Do you understand?

23 A Yeah.

24 Q So certain portions of the Code had to be brand new;
25 right?

1 A Yes.

2 Q Who created the brand-new Code sections?

3 A I don't recall.

4 Q All right. Who created the brand-new statutes that
5 had nothing to do with medical marijuana?

6 MS. SHELL: Objection. Argumentative.

7 THE COURT: Overruled.

8 THE WITNESS: I don't know who created the statutes.

9 BY MR. PARKER:

10 Q All right. So when you were talking about this
11 group to the Court, to the Judge, do you know sitting here
12 today what members of that team of yours actually created the
13 new portions of the recreational statute, 453D NRS? Who did
14 that?

15 THE COURT: Are you talking about the Code?

16 MR. PARKER: I'm talking about the statute right
17 now. Then we'll get to the Code.

18 BY MR. PARKER:

19 Q So 453D NRS, the statute, one of the ones we just
20 looked at a second ago --

21 A Yes.

22 Q -- who from your team said -- okay. Wait a second.

23 THE COURT: I'm waiting for the objection.

24 MR. PARKER: I'm looking at you right now. I'm not
25 [unintelligible]. I don't want to get [inaudible].

1 THE COURT: He's going to get number two if he
2 objects.

3 MR. PARKER: Well, I'm not going to stop right now.
4 I'm not going to give him two.

5 THE COURT: So start over. And remember that
6 statutes are created by the legislature, not the Department of
7 Taxation.

8 THE WITNESS: Yeah.

9 MR. PARKER: I understand. But I think -- I thought
10 there was some help given.

11 THE WITNESS: No. No.

12 BY MR. PARKER:

13 Q But I'm going to stop.

14 MR. SHEVORSKI: Objection. Restate what the Judge
15 just said.

16 THE COURT: Doesn't count.

17 BY MR. PARKER:

18 Q Did someone from your team review the statutes as a
19 part of creating the Code sections?

20 A Absolutely. Yes.

21 Q All right. Who?

22 A Steve Gilbert, Jorge Pupo, Deonne Contine, myself, I
23 believe Damon Hernandez was involved, and I believe Ky Plaskon
24 might have been involved at that time. I don't recall.

25 Q All right. And if there was a mistake between the

1 statute and the Code, who would I attribute that mistake to?
2 Would it be the whole group?

3 A It would depend on the mistake. Some revisions were
4 made by LCB after we drafted them. There were a lot of people
5 working on them.

6 Q All right. Do you recall the Code section that
7 indicates 5 percent ownership?

8 A Yes.

9 THE COURT: And you're in the Nevada Administrative
10 Code now, Mr. Parker?

11 MR. PARKER: I am. It's NAC 453D I believe .255,
12 Your Honor.

13 BY MR. PARKER:

14 Q Do you have that?

15 MR. PARKER: Can you put it on the screen.

16 THE COURT: It's on the screen because I don't get
17 books of the Administrative Code. I have to look at them
18 online. And Mr. Parker was correct in identifying the
19 section.

20 BY MR. PARKER:

21 Q And it's paragraph (1) and (2).

22 A Yeah, I'm familiar with that section.

23 Q Okay. And so we looked at a second ago the statute,
24 and now I'm showing you the Administrative Code .255. Do you
25 see the difference between each prospective owner and now one

1 with 5 percent interest?

2 A Yes. But I don't recall if this was just for agent
3 cards or for obtaining a license. I'd have to look at it.

4 Q That's fine. Can you tell me who came up with the
5 5 percent?

6 A No. I don't recall.

7 Q Do you know why 5 percent was used?

8 A No, I don't.

9 Q You have no idea?

10 A No.

11 Q All right. Good.

12 THE COURT: It wasn't you?

13 THE WITNESS: It was not me.

14 THE COURT: Okay.

15 BY MR. PARKER:

16 Q Thank you. So going to 453D.205 --

17 THE COURT: Back to the statute?

18 MR. PARKER: Yes. Thank you, Your Honor.

19 BY MR. PARKER:

20 Q Oh. You know something? Let's see -- I want to
21 stick with NRS 453D.200 for a second. And we looked at
22 paragraph (6) a second ago. I want you to look at section
23 (1)(a) through (K) or (a) through (m). Do you see that?

24 A Yes.

25 Q All right. And you see where it speaks of the

1 requirements for licensure and it uses the word "directly and
2 demonstrably related to the operation of a marijuana
3 establishment" under (b)?

4 A Yes.

5 Q Do you see that?

6 A Uh-huh.

7 Q Is that a yes?

8 A Yeah.

9 Q Okay. Good. And then after that there's certain
10 other criteria here. One is requirements for security of
11 marijuana establishments.

12 A Yes.

13 Q Now, did the Nevada Administrative Code include
14 these sections as a part of licensing requirements?

15 MR. SHEVORSKI: Outside the scope of the direct
16 examination, Your Honor.

17 THE COURT: Overruled.

18 THE WITNESS: The security section I am aware of
19 being in the application.

20 THE COURT: That's not what he asked you, ma'am. He
21 asked you if it's in the Administrative Code for the
22 applications.

23 THE WITNESS: I don't know off the top of my head.

24 BY MR. PARKER:

25 Q Would you agree with me that the Administrative Code

1 should be consistent with the Nevada Revised Statute?

2 A Yes.

3 Q And would you agree with me that the application

4 should be consistent with the Nevada Revised Statute?

5 A Yes.

6 Q And all of them take direction from the ballot

7 question; is that correct?

8 A Yes.

9 Q So if the application failed to be consistent with

10 the statute, then the application was wrong; is that correct?

11 A If it is inconsistent, then that would be wrong.

12 Q Right. And if it was inconsistent with the ballot

13 question, it's also wrong?

14 A That would be correct.

15 Q And if the Administrative Code created by your

16 Department are inconsistent with either the statute or the

17 ballot question, it's wrong?

18 A If there's inconsistencies, then yes, that would be

19 wrong.

20 Q All right. So if the ballot question and the

21 statute -- let's just talk about the statute for a second --

22 believed that security was an issue and a criteria directly

23 and demonstrably related to the operation of a marijuana

24 establishment, then the application should also include that;

25 is that correct?

1 A Yes. It does.

2 Q All right. And if the statute indicates that
3 location is important, then the application should follow sit;
4 is that correct?

5 A That would be correct.

6 Q If for some reason your group decided location was
7 not important, then your group would have made a mistake in
8 terms of the application process; is that correct?

9 A I'm not sure if the physical location was looked at
10 at all. In my section that I trained on, which was the non-ID
11 section, it was not considered for that particular section.

12 Q I'm going to get to what you trained on. But you've
13 already told this Court that you were part of the group that
14 put together this Administrative Code; isn't that correct?

15 A Some parts of it, yes.

16 Q All right. As well as the application; is that
17 correct?

18 A Yes.

19 Q All right. So if the application did not include
20 location as a condition, would you agree with me that it was
21 wrong if it's included in the statute?

22 A If it says --

23 MR. KOCH: Objection. Vague. Lacks foundation.

24 THE COURT: Overruled.

25 THE WITNESS: If it says to do so in the statute,

1 then that would be wrong, yes.

2 BY MR. PARKER:

3 Q Thank you. Would it also be the case, ma'am, that
4 if the application is incomplete, then that application should
5 not have been considered?

6 A That decision would have been over my head.

7 Q Well, if it's in the statute --

8 A If it's in the statute, then that would be correct.

9 Q Take a look at 453D.210. Oh. You know something?
10 We'll get there. I want to go to (j) first under the State
11 statute we were looking at. And it says here, "Procedures and
12 requirements to enable the transfer of a license for a
13 marijuana establishment to another qualified person and to
14 enable a licensee to move from the location of his
15 establishment to another suitable location." Do you see that?

16 A Yes.

17 Q It didn't say a suitable floor plan, did it?

18 A No.

19 Q Suitable location. Do you have an understanding of
20 what a location -- or suitable location means?

21 A Yes.

22 Q All right. You would agree with me you cannot
23 determine a suitable location from a floor plan?

24 A No. However, we wouldn't issue a final license
25 without the location.

1 Q Remember when we started this line of questioning I
2 asked you to confine yourself to the application for right
3 now, as opposed to this second prong that you have introduced
4 during your testimony? Remember that? Just a second ago I
5 said, we'll get there, let's talk about the Administrative
6 Code and the application; is that correct?
7 A Okay.
8 Q Right. So you cannot determine a suitable location
9 by looking at a floor plan; is that correct?
10 A Correct.
11 Q And the statute requires here a suitable location;
12 is that correct?
13 A I can't read the header of this. Let me read it one
14 second.
15 Q It's on the prior -- you have the book, so you could
16 use the --
17 THE COURT: The old-fashioned way.
18 MR. PARKER: Yes. The way I typically use.
19 THE WITNESS: The way I'm reading this -- let me
20 read this real quick.
21 BY MR. PARKER:
22 Q Take your time.
23 A So .200 is about licensing of a marijuana
24 establishment.
25 Q Yes, ma'am.

1 A And it talks about how the Department "shall adopt
2 regulations to carry out such provisions. They shall
3 include,; and then (j) that you spoke of, "enable a license to
4 move locations to another suitable location."

5 Q Right.

6 A This is about licensure, not necessarily the
7 application process.

8 Q In terms of the application, however, you have to be
9 -- you have to provide a suitable location; is that correct?

10 A Not that I'm aware of.

11 Q Well, the statute says suitable location; is that
12 correct?

13 A What I'm reading right now says for licensure, not
14 for application.

15 Q Okay. But the application is a predicate to a
16 license, isn't it?

17 A It's the first step to obtaining a license.

18 Q Right. And if the statute believes that a location
19 is important, that the location has to be suitable, you can't
20 determine that from a floor plan; is that correct?

21 MR. KOCH: Objection. Argumentative.

22 THE COURT: Overruled.

23 THE WITNESS: Not in the application.

24 BY MR. PARKER:

25 Q All right.

1 A But it would be confirmed before licensure.

2 Q So did you -- do you see anything in the application
3 that says, we're going to suspend the requirements of the
4 statute until after we decide whether or not you're going to
5 get a conditional license and before the final license?

6 MS. SHELL: Objection.

7 BY MR. PARKER:

8 Q Is there anything that says that in the application?

9 MS. SHELL: Objection. Argumentative.

10 THE COURT: Overruled.

11 THE WITNESS: Not to my knowledge, no.

12 BY MR. PARKER:

13 Q All right. So unless you told someone on the side,
14 hey, we're not going to look at this until after we give you
15 the conditional license, wouldn't you agree that the statute
16 provided that location was important and it had to be suitable
17 in accordance with the statute? And we've gone over the
18 suitability issues earlier; is that correct?

19 MR. KOCH: Objection. Legal conclusion. Misstates
20 the statute.

21 THE COURT: Overruled.

22 THE WITNESS: I don't believe it says that for the
23 application process, just for licensure.

24 BY MR. PARKER:

25 Q All right. And it doesn't have a -- you don't see a

1 distinction in the statute that says anything about
2 application process, distinguishing it from licensing process,
3 do you?

4 A I'd have to --

5 Q Well, take a look. Do you see anything in the
6 statute that says, we're going to give -- we're not going to
7 require you to comply with the statute during the application
8 process? Is there anything that says that that you can see?

9 A So NRS 453D.200 is about licensing facilities.
10 453D.210 is about acceptance of applications.

11 Q Yes.

12 A Can you restate your question? Can you remind me?

13 Q Yes. I looked at 453D.210. I'm looking at it right
14 now, as a matter of fact, and it says -- if you go to
15 paragraph (2) or (3), it says that "Receiving applications,"
16 and you can read further on, then it finally says, "pursuant
17 to this chapter." So I'm trying to figure out where you
18 believe that there's a different standard for the application
19 versus the license.

20 A Well, I would say -- I'm just looking at this
21 briefly right now. I would just say that .210 and .200 are
22 different requirements. One's licensure, one's an application
23 to be considered for a license.

24 Q Right. But does it say -- is there anything that
25 says here that your application does not have to comply with

1 the statute? Do you see that anywhere?

2 A I can't answer the question the way you worded it,
3 but I'll say that it doesn't say in .210 that the application
4 has to have the location. It says it has to be compliance.
5 But licensure is a separate issue. That comes later, after
6 the application process.

7 Q Well, let me help you out, Ms. Cronkhite, because I
8 want you to feel confident that .210 also says what I believe
9 .200 says.

10 So going down 453D.210 I want you to go to paragraph
11 (5)(c), where it talks about the property, again, "is not
12 located within," and then it goes through all the
13 requirements; right?

14 A Yes.

15 Q So would you agree with me under .210 that property
16 and location is important to the statute?

17 A Yes.

18 Q All right. Location is important under the
19 application, which is here, which we're looking at, or is that
20 application or licensing under .210 in your --

21 A .210 is application.

22 Q All right. So under the application process, .210,
23 again location is important; is that correct? So be it under
24 .200 or .210 location is important; is that correct, Ms.
25 Cronkhite?

1 A I would agree, yes.

2 Q Thank you. But despite .210 and .200 requiring
3 location to be discussed, be suitable, your Department decided
4 that it was not necessary for the application; is that
5 correct?

6 MR. KOCH: Objection. Argumentative. Lacks
7 foundation.

8 THE COURT: Overruled.

9 BY MR. PARKER:

10 Q Isn't that correct, ma'am?

11 A All I can testify to is that it was not reviewed in
12 the non-ID section.

13 Q It was not --

14 A Not reviewed in the non-identified section.

15 Q Okay.

16 A I was only responsible for the non-identified
17 section of the application.

18 Q But a second ago you said you and your team were
19 responsible for the Administrative Code.

20 A Yes.

21 Q All right. Would you agree with me that the
22 Administrative Code has to be consistent with the statute in
23 terms of location?

24 A Yes.

25 Q Thank you. Would you also agree with me now -- I've

1 shown you .200, which deals with licensing, and .210 that
2 deals with applications, that both statutes require suitable
3 locations?

4 A Yes.

5 Q So would you also agree with me finally that the
6 application in order to be consistent with the statute had to
7 consider suitable locations?

8 MR. KOCH: Objection. Argumentative.

9 THE COURT: Overruled.

10 THE WITNESS: It should be considered, yes.

11 MR. PARKER: Thank you very much.

12 Your Honor, can we take a break now?

13 THE COURT: I'm going to ask her one question --

14 MR. PARKER: Go right ahead.

15 THE COURT: -- that I have from Mr. Pupo's
16 examination where he specifically called her out, and I want
17 to see if it's true.

18 Did you do on-the-job training for regulators?

19 THE WITNESS: Yes.

20 THE COURT: Did that include training on the
21 importance of compliance for those who were already operating
22 medical marijuana establishments for recreational
23 establishments?

24 THE WITNESS: Yes.

25 THE COURT: And how did you do that?

1 THE WITNESS: How did I train the inspectors?
2 THE COURT: No. How did you train the --
3 MR. PARKER: Evaluators.
4 THE COURT: -- regulators, the evaluators, the ones
5 who were doing the grading --
6 THE WITNESS: Oh. The scorers?
7 THE COURT: -- the Manpower folks --
8 THE WITNESS: Yes.
9 THE COURT: -- how'd you train them on the
10 compliance aspect?
11 THE WITNESS: I trained them on the non-ID sections.
12 I'm not sure I understand your question.
13 THE COURT: So let me ask the question again. Is
14 compliance part of what you trained anybody on for the grading
15 process?
16 THE WITNESS: I would need to know what you mean by
17 compliance. There wasn't a section titled compliance that I'm
18 aware of.
19 THE COURT: Okay. Wasn't compliance supposed to be
20 an important part of the application process?
21 THE WITNESS: Yes.
22 THE COURT: How did it get in there if it wasn't
23 part of the application or your training?
24 THE WITNESS: I'm just not sure I understand your
25 question. Do you mean compliance with the regulations

1 throughout the application as a whole?

2 THE COURT: No, I don't. So you have people who are
3 currently operating either medical marijuana or recreational
4 marijuana, and they're mostly the people who are applying;
5 right? Some of them are cultivators, some of them are labs,
6 but they're mostly people who are already operating a
7 dispensary; right?

8 THE WITNESS: Uh-huh.

9 THE COURT: Okay. They have compliance reports
10 based on people that you supervise on how they're doing in
11 their operations; right?

12 THE WITNESS: I understand what you're saying.

13 THE COURT: Okay.

14 THE WITNESS: We have a file on every facility.
15 However, the section of the application that I trained on was
16 non-identified. They would have no way of even knowing who
17 they were scoring. So compliance was not considered.

18 THE COURT: In the non-identified part.

19 THE WITNESS: In the non-identified.

20 THE COURT: So in the identified part you
21 participated in that training of the Manpower folks.

22 THE WITNESS: No, I did not. Not for the
23 identified.

24 THE COURT: You didn't review that PowerPoint?

25 THE WITNESS: I may have looked at the PowerPoint,

1 but I didn't go into the detail of how they score. I wasn't
2 involved.

3 THE COURT: But I'm not asking how they were
4 scoring. I'm asking was it there at all.

5 THE WITNESS: I don't recall.

6 THE COURT: Okay. This is a non-requested break,
7 Mr. Shevorski. You can talk to her if you want.

8 MR. SHEVORSKI: Thank you, Your Honor.

9 (Court recessed at 3:10 p.m., until 3:20 p.m.)

10 THE COURT: Okay. I just want to remind you you can
11 take a break. All you ever have to do is you ask us for a
12 break. I make these lawyers go and go and go and do not give
13 them breaks, because we're in Day 13 or whatever it is. So if
14 you need a break, you let us know. If you run out of water,
15 you let us know. Because this is not an endurance test for
16 you. It is for them.

17 THE WITNESS: Thank you, Your Honor.

18 MR. PARKER: It is for them.

19 THE COURT: Mr. Parker, are you ready to continue?

20 MR. PARKER: I am ready, Your Honor.

21 THE COURT: Ma'am, you're still under oath.

22 BY MR. PARKER:

23 Q Ms. Cronkhite, do you still have NRS 453D.210 in
24 front of you?

25 A I can get there quickly. Yes.

1 Q When we left off I was talking about the physical
2 address under (5)(b). Do you recall that?

3 A Yes.

4 Q All right. Right above (5)(b) you see (5)(a);
5 right?

6 A Yes.

7 Q And right above that it says -- (5) says, "The
8 Department shall approve a license application if"; do you see
9 that?

10 A Yes.

11 Q So one of my colleagues wanted me to make sure that
12 we were on the same page in terms of the application, not just
13 the licensing required the location. You see that?

14 A Yes.

15 Q And it said, "The application will be approved if
16 such information is provided regarding the location." Do you
17 see that?

18 A Yes.

19 Q So would you further agree with me that when your
20 group decided to take the location requirement out of the
21 application that that was a deviation from the statute?

22 MR. KOCH: Objection. Legal conclusion.
23 Argumentative.

24 THE COURT: Overruled. You can answer.

25 THE WITNESS: I was not personally involved in that

1 decision. However, it would not be in compliance with NRS.

2 BY MR. PARKER:

3 Q Thank you very much.

4 Now, looking at from (5)(a) all the way through
5 (5)(f), would you agree with me that these conditions in terms
6 of location -- and actually it's more under (c) through
7 (d)(5), that would provide some understanding of the impact
8 the location would have on a community; right? Because it
9 can't be too close to a school, there's a concern there by the
10 government, of course by the State, can't be too close to a
11 church, those sorts of things; right?

12 A Correct. But we wouldn't approve one that was
13 located in this area for a final license. They would have to
14 relocate.

15 Q That's fine. I'm just talking about impact on the
16 community. That's non-identified; right? Or is that a part
17 of the identified?

18 A Community impact was non-identified.

19 Q That's right in your wheelhouse; right?

20 A Yes.

21 Q All right. So I'm giving you a look ahead in terms
22 of where we're going. Does this have any relationship to
23 community impact?

24 A Well, as I said, it would never get approved, so it
25 would never be an issue.

1 Q That's not the point. My point is is location
2 important to community impact.

3 A It wasn't relevant the way that we scored it -- or
4 the way that we trained them to score it.

5 Q Where did you -- what's your understanding of
6 community impact?

7 A We looked at -- I trained them with the evaluator
8 guidelines. So all the details for what they should be
9 looking for were in evaluator guidelines. But it was how they
10 would help the community be -- you know, with volunteering,
11 hiring local, buying furniture from local furniture stores,
12 using small businesses, rather than shopping at Walmart,
13 things like that would benefit the community. Having
14 fundraisers for local charities, things like that.

15 Q Uh-huh. Now, wouldn't you also have to know -- and
16 I used this example, I think, with Mr. Pupo. Summerlin has
17 several micro communities, I would say. Sun City Summerlin is
18 different than Downtown Summerlin, for example.

19 A Yes.

20 Q Would you agree?

21 A Yes.

22 Q So a marijuana operation in Summerlin would have a
23 different effect depending on where it is in Summerlin; right?

24 A I don't believe so.

25 Q There'd be a different demographic in terms of

1 financial?

2 A In Summerlin?

3 Q Yeah.

4 A Probably not.

5 Q For example, Sun City Summerlin is an older

6 demographic; right?

7 A Right.

8 Q As opposed to the area near Downtown Summerlin where

9 you have the Ridges and the Willows and some of the schools;

10 right? Is that yes?

11 A Yes.

12 Q So there would be a different -- there are different

13 communities within that Summerlin area; is that correct?

14 A They're all part of unincorporated Clark County,

15 which is the local jurisdiction.

16 Q Well, there's different jurisdictions. There's

17 unincorporated Clark County, and then you've got the City,

18 you've got North Las Vegas. And there's communities within

19 each; right?

20 A Right.

21 Q So what I'm -- I'm trying to get an understanding

22 what does it mean to you and what do you train on when it

23 comes to impact to the community. Did it have any

24 relationship to the statute and being directly and

25 demonstrably related to the operation of a recreational

1 marijuana establishment?

2 A It wasn't related to the location in the sense that
3 as long as they're benefitting a community within the state.
4 It doesn't matter if it's Sun City Summerlin, the Pueblo,
5 Downtown Summerlin as long as they're benefitting a community.

6 Q Uh-huh.

7 A It could even be a local statewide benefit to the
8 community as a state as a whole.

9 Q So if an application did not comply with the
10 statute, would it be deemed incomplete? And that goes back to
11 NRS 453D.210(4).

12 MR. KOCH: Objection. Incomplete hypothetical.

13 THE COURT: Overruled.

14 THE WITNESS: I'm not sure.

15 BY MR. PARKER:

16 Q You're not sure? The person who trained the
17 trainers, you're not sure?

18 A I only trained on the non-ID section.

19 Q Yeah. But you were part of the group.

20 MR. SHEVORSKI: Objection. Argumentative.

21 THE COURT: Overruled.

22 BY MR. PARKER:

23 Q It says here in 453D, "Upon receipt of a complete
24 marijuana establishment license application," then you go to
25 (4) to tell what a complete application requires. One is the

1 location. So for 20 or so applicants who did not provide a
2 location as required by the statute wouldn't that application
3 be deemed incomplete pursuant to 453D.210(4)?

4 MR. KOCH: Objection. Misstates the statute.

5 THE COURT: Overruled.

6 THE WITNESS: If that's what it says, then yes.

7 BY MR. PARKER:

8 Q Thank you.

9 So the Judge asked you a couple of questions
10 regarding compliance. Do you have an understanding of what
11 compliance means in terms of deficiencies in the operation of
12 a marijuana establishment?

13 A Yeah.

14 Q Tell me what your understanding of that is.

15 A Being compliant with the regulations would be
16 compliance. When the inspectors and auditors go out and
17 conduct their inspections or investigations they write
18 statements of deficiencies, and then those are responded to as
19 a plan of correction, and then we can either accept or deny
20 their plan of correction.

21 Q So selling to a minor would be a deficiency?

22 A Yes.

23 Q Would that be a serious deficiency?

24 A Yes.

25 Q Do you recall why -- well, strike that.

1 Your Department keeps track of deficiencies for all
2 the license holders; is that correct?

3 A Yes.

4 Q So could that information have been provided to the
5 evaluators or the scorers, we'll call them?

6 A No. Not for the non-ID section.

7 Q I'm talking for the ID section. Could that have
8 been provided to them?

9 A Yes.

10 Q All right. And would you agree with me that
11 licenses should only be issued to those who are in compliance
12 with the regulations governing marijuana sales?

13 A I mean, it would depend on the scope. Because I
14 think every single facility has had some sort of deficiency at
15 some point.

16 Q Okay. But the point is that information could have
17 been provided to the evaluators; isn't that correct?

18 A It could have been.

19 Q Right.

20 A It's available.

21 Q Why wasn't that information provided?

22 A If it was provided on the ID section, I don't -- I
23 don't know whether it was or wasn't.

24 Q Okay. If it wasn't, why wouldn't it have been? Was
25 that a decision made by the group?

1 A I wasn't involved in the ID section. I don't know
2 if they looked at it or not.

3 Q You don't recall there being a conversation between
4 yourself, Mr. Pupo, Mr. Gilbert, Mr. Plaskon saying, we're not
5 going to have the evaluators consider prior performance or
6 compliance?

7 A I don't recall.

8 Q All right. Let me have you take a look at 96,
9 please.

10 MR. PARKER: It's been admitted, Your Honor.

11 THE COURT: Thank you.

12 MR. PARKER: Can you put that on the screen, Shane.
13 Thanks.

14 BY MR. PARKER:

15 Q Take a second and tell me if you recognize this
16 document, Ms. Cronkhite.

17 A Yes.

18 Q And did you prepare this document?

19 A Yes.

20 Q Now, you just told the Court that you were not
21 involved with the ID side, the identified portion; is that
22 correct?

23 A Correct.

24 Q It appears here that you indicated that this
25 investigation involving the sale of marijuana to a minor would

1 not be included in the log for this particular licensee; is
2 that correct?

3 A The log -- no. That's incorrect.

4 Q Explain it to me, then.

5 A The log is an open investigation log. This was no
6 longer an open investigation. This information is still in
7 their file. If they did look at compliance for the
8 application process, they would see this information in their
9 file.

10 Q That's if your Department provided it to the
11 scorers; that is correct?

12 A Correct.

13 Q Now, this particular -- do you know what licensee
14 this refers to?

15 A Yeah. It says on the email. Yes.

16 Q What's the name of the licensee?

17 A Well, there's Integral, Nevada Organic Remedies, and
18 Henderson Organic Remedies.

19 Q All right. Do you know who owns or is a owner of
20 that company?

21 A I don't know the names off the top of my head, no.

22 Q Have you ever heard of Andrew Jolley?

23 A Yes.

24 Q Do you -- are you familiar with him being associated
25 with these -- or at least with Henderson Organic Remedies or

1 Nevada Organic Remedies?

2 A Yes, I believe he is.

3 Q All right. Did you have any conversations with Mr.

4 Jolley?

5 A Ever?

6 Q Ever.

7 A I've spoken to Mr. Jolley, yes.

8 Q On more than one occasion?

9 A Yes. I've been in his facilities for inspections.

10 Q Were you aware of the fact that he had -- and this

11 was his testimony -- over 30 or so deficiencies?

12 A That sounds common.

13 Q Okay. And are you aware that the Administrative

14 Code finds that compliance is important for purposes of

15 licensing?

16 MR. KOCH: Objection. Vague.

17 THE COURT: Overruled.

18 THE WITNESS: I'm not sure that it's in the

19 Administrative Code. I don't know.

20 BY MR. PARKER:

21 Q Well, let me help you. Let's take a look at NAC

22 453D.272.

23 MR. PARKER: And if you could blow up, Shane, for me

24 paragraph (g), (g) as in good. It should be (1)(g).

25 THE WITNESS: Can I see the header of this section,

1 as well?

2 BY MR. PARKER:

3 Q Certainly. It says, "Ranking of applications for
4 retail marijuana store." Do you see that?

5 A Uh-huh.

6 Q Is that a yes?

7 A Yes.

8 Q Okay. Are you familiar with this Administrative
9 Code section?

10 A Yes.

11 Q And (g) says, "Whether the owners, officers, or
12 board members of the proposed marijuana establishment have
13 direct experience with the operation of a medical marijuana
14 establishment or marijuana establishment in this state and
15 have demonstrated a record of operating such an establishment
16 in compliance with the laws and regulations of the state for
17 an adequate period of time to demonstrate success." Do you
18 see that?

19 A Yes.

20 Q If compliance is important based on the
21 Administrative Code, why wouldn't compliance information be
22 provided to the evaluators?

23 A I don't have that information.

24 Q You didn't make that decision?

25 A No.

1 Q Who made that decision?

2 A I don't know.

3 Q Uh-huh. All right. And you're telling me that had

4 that information been available to the scorers they would have

5 seen that Nevada Organics -- Organic Remedies had 30-plus

6 deficiencies, including this one selling to a minor?

7 A Yes.

8 Q Okay.

9 A They would see that.

10 Q And you would agree with me based upon your reading

11 of this Administrative Code section that compliance was

12 important for purposes of licensing?

13 A Yes.

14 Q Okay. Now, I believe that the Governor's Task Force

15 came up with 73 recommendations. Does that sound about right?

16 A That sounds right. Yeah.

17 Q Who decided of the 73 recommendations which ones

18 were accepted?

19 A It was a group effort. Some people were more

20 involved in certain areas than others. More scientific items

21 would have gone through me. But I don't recall all of them.

22 Q What do you mean by scientific?

23 A Anything that was based in something that could put

24 a potential threat to public health.

25 Q Okay.

1 A And then everything was run through the DAG and LCB,
2 as well.

3 Q When you said that your group put together the
4 Nevada Administrative Code sections how long did that take?
5 Was it a day, a week, couple of weeks, months? How long did
6 it take?

7 A I believe it was months. I don't recall it
8 specifically.

9 Q All right.

10 A But it was not an easy, quick process.

11 Q While you were doing this were you also developing
12 the application?

13 A I don't recall. I don't recall the timeline.

14 Q Did anyone -- was anyone charged with the task of
15 ensuring that the application was consistent with the ballot
16 question?

17 A I don't recall who would have been in charge of
18 that.

19 Q Were you?

20 A No.

21 Q Was anyone in charge to make sure that the
22 application was consistent with the Nevada Revised Statutes?

23 A Yeah. I don't remember who exactly --

24 Q It wasn't you.

25 A -- but any changes that were made, the individual

1 looking at it would look at the statute to make sure it was
2 compliant.

3 Q Let me find out from your personal knowledge whether
4 or not you did it.

5 A For some sections I may have, yes.

6 Q Okay. What sections did you do?

7 A For the NAC?

8 Q No, no. I started with the ballot question, and you
9 said you didn't know who did that. So then I went to the
10 statutes.

11 A Yes.

12 Q Who looked at the application, compared it to the
13 statute, and said, okay, it's consistent?

14 A I don't recall with that.

15 Q Did you do it?

16 A I may have done some parts. I don't recall.

17 Q All right. Do you recall having any questions in
18 terms of, well, this may be consistent or not consistent? Do
19 you remember that ever coming up?

20 A I don't recall.

21 Q All right. Same question in terms of Administrative
22 Code. Did anyone sit down with the application and compare it
23 to the Administrative Code to determine whether or not it was
24 consistent?

25 A Well, I know that LCB does that, as well, but -- and

1 as far as the Department, yes, I believe that that was done
2 during the process.

3 Q Now -- but you don't recall doing it yourself?

4 A I recall doing it sometimes, yes.

5 Q Sometimes.

6 A Yeah.

7 Q Okay. And that was before the application was made
8 available to the public?

9 A Yes.

10 Q All right. Now, did you have any part to play in
11 any changes made to the application itself? Because we have
12 two applications here. We've got application Exhibit 5,
13 application Exhibit 5A. Were you aware of that?

14 A Yes.

15 Q Were you involved in changing Exhibit 5, which is
16 the original application, I believe, to 5A, which is a
17 subsequent version of it?

18 A I don't believe so, no.

19 Q Do you know who did that?

20 A No, I don't.

21 Q If it's only a team of four of you, how did these
22 things happen without you knowing?

23 A I'm -- at the time I was only a supervisor level. I
24 wasn't a manager.

25 Q Okay. But it's still only four of you no matter

1 what your title is; right?

2 A Right.

3 Q So these things were happening without you knowing.

4 The changes to the application, for example.

5 A Yes.

6 Q So if you didn't know there was a different

7 application available, how did you expect applicants to know

8 that there was more than one application available?

9 A I did know it was --

10 MR. SHEVORSKI: Objection. Misstates prior

11 testimony.

12 THE COURT: Overruled.

13 THE WITNESS: I did know that it was available, the

14 new application was available. I was not involved in revising

15 it.

16 BY MR. PARKER:

17 Q Do you know the changes to them?

18 A Not off the top of my head, no.

19 Q Do you know if anyone looked at the new application

20 to see if it was consistent with the ballot, the statutes, or

21 the Administrative Code?

22 A I wasn't involved in that process.

23 Q All right. So Mr. Pupo told me that he did not want

24 to divulge the scoring metrics to the applicants. Were you

25 aware of that?

1 A Yes.

2 Q Do you know why he did not want the applicants to
3 know how to prepare their application to maximize the scoring?

4 MR. SHEVORSKI: Objection. Outside the scope.

5 THE COURT: Overruled.

6 THE WITNESS: No. I don't have that information.

7 BY MR. PARKER:

8 Q Are you aware of the fact that the Administrative
9 Code says that, "The Department will include in the request
10 for application the point values that will be allocated for
11 each applicable portion of the application"

12 MR. SHEVORSKI: Objection. Outside the scope.

13 THE COURT: Overruled.

14 THE WITNESS: Yes. And I believe that was provided
15 on the application.

16 BY MR. PARKER:

17 Q Did it provide the point values for the subparts?

18 A No, it did not.

19 Q Do you know why it did not?

20 A No, I --

21 Q You don't?

22 A No.

23 Q You'd agree with me that the NAC does not separate
24 subparts from broad parts, it simply says, "The point values
25 will be allocated to each applicable portion of the

1 application"; is that correct?

2 MR. KOCH: Objection. Legal conclusion.

3 THE COURT: Overruled. You can answer.

4 THE WITNESS: Yes, I believe so.

5 BY MR. PARKER:

6 Q And if you want, let's look at NAC 453D.260.

7 THE COURT: It'll be on your screen.

8 MR. PARKER: Shane --

9 BY MR. PARKER:

10 Q It'll be on your screen in a second. You can look

11 at paragraph (2). Do you see that?

12 A Uh-huh.

13 Q Is that yes?

14 A Yes.

15 Q All right. So did you check the application or the

16 information provided to the applicants to ensure that the

17 applicants knew where the points -- how the points would be

18 allocated?

19 A I'm sorry. Can you say the question again.

20 Q Sure. Did you review the application or the scoring

21 information provided to the public to determine whether or not

22 the public would know how the points would ultimately be

23 awarded?

24 A No. I was not charged with that task.

25 Q All right. Good enough.

1 Let's look at 453D.268. We talked about the
2 location and the importance of it in the ballot question and
3 in the statutes. Now I'm going to ask you about the
4 Administrative Code sections that pertain to location, okay.

5 A Okay.

6 Q NAC 453D.268(2)(e). It says here, "An application
7 on a form prescribed by the Department. The application must
8 include, without limitation," then you go down to (e) "the
9 physical address." Do you see that?

10 A Yes.

11 Q Now, somehow even despite the fact that your group
12 made up the Administrative Code and the application, you took
13 out physical address anyway; is that correct?

14 A I did not take it out.

15 Q Okay. Who took it out?

16 A I don't know.

17 Q So a mystery person took out physical address from
18 the application despite this group, including you, including
19 it in the Administrative Code; is that correct?

20 A I would say that decision would have been made by
21 someone at the director level, either Jorge Pupo or Deonne
22 Contine.

23 Q You would agree with me that it's inconsistent with
24 the Administrative Code?

25 MR. KOCH: Objection. Legal conclusion.

1 Argumentative.

2 THE COURT: Overruled.

3 BY MR. PARKER:

4 Q Isn't that true?

5 A It appears to be that way.

6 Q Right. Now, given what you have testified today
7 under direct examination, the resume that you have based upon
8 your examination by my friend Mr. Shevorski, you would agree
9 with me, Ms. Cronkhite, that you did not as a group have the
10 authority to violate the ballot or the statutes; is that
11 correct?

12 A Correct.

13 Q And you did not as a group after you made the
14 decisions on the Administrative Code not to violate the
15 Administrative Code in terms of the preparation of the
16 application; is that correct?

17 A Correct.

18 Q So after you made all these mistakes you compounded
19 it by changing the application itself, which resulted in
20 Exhibit 5A; is that correct?

21 MR. KOCH: Objection. Argumentative. Lacks
22 foundation.

23 THE COURT: Overruled.

24 THE WITNESS: I don't have that information. I'm
25 not aware.

1 BY MR. PARKER:

2 Q Okay. Well, let's just sum it up like this.
3 Exhibit 5A, the most recent version of the application,
4 violated the Administrative Code we just read; is that
5 correct?

6 MR. KOCH: Objection. Argumentative. Legal
7 conclusion.

8 THE COURT: Overruled.

9 BY MR. PARKER:

10 Q Isn't that correct?

11 A It appears to be that way. My background is
12 science, not law.

13 Q Yeah, but they used your background to create these
14 administrative codes, didn't they?

15 A To an extent for public health, public safety. Yes.

16 Q All right. Did you have any part to play in the
17 versions of the code that dealt with monopolies?

18 A No, I don't believe so.

19 Q Okay. Now, I'd like for you to explain to me on
20 non-identified. You said you had nothing to do with the
21 identified, is that correct?

22 A Correct.

23 Q All right. Would the building itself be a part of
24 the identified or non-identified?

25 A Non-identified.

1 Q Good enough. Can you tell me in terms of the
2 building what training was provided relative to adequacy of
3 building size?

4 A Oh, as I previously stated, I went through the
5 application form, the evaluator's guidelines, and then sample
6 applications from the 2014 period line by line. The three
7 scorers had a strong background in looking at floor plans and
8 building plans previously, so they were very familiar with
9 that aspect of it already. But I explained to them how to
10 look for cameras, where they should be, where hand sinks
11 should be located based on the operation, the flow of
12 products, the flow of people, you know, customers and staff;
13 all those aspects. The timeline for completion, the resources
14 needed for construction and everything in-between, how to get
15 from Point A to Point B.

16 Q All right. You said something that differed from
17 your predecessors, and I say predecessors in terms of people
18 coming before you to the stand. We were told that only one,
19 potentially, of the six evaluators had any construction
20 background whatsoever. So did you review resumes of these
21 scorers?

22 A No. I spoke with them about their background in
23 person.

24 Q Were their resumes provided to you?

25 A I don't recall.

1 Q Did you interview any of the evaluators before they
2 were hired?

3 A No, I did not.

4 Q Do you remember the names of the evaluators?

5 A Yes, I do.

6 Q Can you tell me the evaluators that actually had
7 some construction experience?

8 A I can't say that they had construction experience.
9 I don't have construction experience. However, they have
10 experience looking at floor plans and building plans. Dwayne,
11 I believe his name was, was a former health inspector. He was
12 an environmental health specialist, which is my background.
13 They are frequently tasked with looking at facility
14 modifications, plan reviews. And then Richard -- I might be
15 mixing up Dwayne and Richard. Richard was, I believe, a
16 building and fire inspector. They're always looking at floor
17 plans for exits, flow, you know, auxiliary areas, how much
18 space is available between the hallways. And I think the
19 third one's name was Tina and she had a background in
20 reviewing budgets and floor plans for real estate. So that's
21 the information that they shared with me.

22 Q All right. So in terms of floor plans versus
23 buildings, how could you tell adequacy of size of building
24 versus a floor plan? Because the application says building,
25 it does not say floor plan. You would agree with that; right?

1 A I believe that's correct.

2 Q All right. So the question was not -- the scoring
3 should not have been based on adequacy of size of floor plan
4 but adequacy of size of building; right?

5 A Correct.

6 Q All right. So wouldn't the application be
7 incomplete if you're only providing a floor plan and not a
8 building, since it's judging adequacy of building and not
9 adequacy of floor plan?

10 A Well, the floor plan is part of the building plan.
11 It's one part of it.

12 Q Well, what we saw earlier, Ms. Cronkhite, was some
13 applicants who just gave a P.O. box, some to, you know, a
14 Mailbox, Etcetera, and a floor plan, with 11 applications the
15 same floor plan. Didn't say anything about the building or
16 the size of the building or the availability of enlarging the
17 building, which is also a part of your non-identified building
18 size adequacy criteria. Do you remember that?

19 A Yes.

20 Q All right. So how do you judge adequacy of building
21 size if you're not given a building to look at, be it
22 construction plans of an address or anything else?

23 A I believe that they were to provide all that
24 information.

25 Q Okay. So if they didn't, then it would be

1 incomplete; right?

2 A To an extent, possibly.

3 Q Correct. Now, tell me, what importance is a sink in
4 a dispensary? I want you to -- in your mind I want you to
5 separate and divorce yourself from cultivation or production
6 and focus on dispensary. Why do you need a sink in the middle
7 of a dispensary?

8 A Well, I wouldn't say it needs to be in the middle of
9 the dispensary, but they need to have hand-washing sinks. For
10 example, a person might feel completely healthy -- and this is
11 a dispensary only handling packaged products, for example -- a
12 person might feel completely healthy, they're a young, healthy
13 individual but they're carrying norovirus, for example. That
14 comes out through your pores and your hands and your sweat.
15 You're handling the packages. You're giving them to people.
16 If you're not washing your hands frequently and you're
17 constantly touching your mouth, touching your face, you have
18 all this bacteria or virus all over your hands and then you're
19 touching the packages, they go home, they handle the product,
20 they consume it, they'll get norovirus. That is one reason.

21 Another reason is because a lot of dispensaries do
22 repackaging products. They're physically handling open
23 products. They have the potential to contaminate those
24 products. Hand washing is the single most important factor
25 when it comes to reducing the spread of food-borne illness and

1 other diseases.

2 Q Okay. When I look at the ballot question and the
3 statutes, I don't see where the sink is mentioned. Do you see
4 it mentioned there?

5 A I don't think it goes into that detail.

6 Q All right. When I looked at the liquor statutes,
7 and I've been to a few liquor stores just for looking around,
8 I've never seen a sink in liquor stores.

9 A Liquor stores do have sinks.

10 Q Right there in Mr. Lee's?

11 A Not in the middle where the customers have access,
12 but for the staff they do.

13 Q Or Total Wine?

14 A Yes, they do.

15 Q Where?

16 A They have one in the restroom and outside of the
17 restroom.

18 Q Okay, that's fine. Restrooms. I've seen them.

19 A And one outside.

20 Q I haven't seen one outside, but that's fine.

21 A Well, you haven't gone in the back area, apparently.
22 They definitely have them.

23 Q In the back areas. Okay.

24 A Yes. Where the staff has access, yes.

25 Q Good enough. And I'll go with that. But I have not

1 seen them in the non staff areas. So that's what I'm asking
2 in terms of the adequacy of building. I didn't see it in the
3 ballot question and I didn't see it in the statute. Is it in
4 the administrative code?

5 A It wasn't required to have a hand sink in a non-
6 staff area.

7 Q So how can an applicant know that in terms of their
8 application if it's not in the ballot question, it's not in
9 the statute and it's not in the administrative code?

10 A It is in the administrative code that they need to
11 have hand sinks available.

12 Q Okay. Available.

13 A Uh-huh.

14 Q Does it say that it's a deficiency if you don't?

15 A It wouldn't be a deficiency. It does say that they
16 have to have one available for staff. If it's not available,
17 that would be a deficiency. If they have just one, that's the
18 bare minimum requirement. If they have one in specific areas
19 where people are handling products more frequently, that would
20 be an excellent response.

21 MR. PARKER: All right. Your Honor, may I approach
22 Madame Clerk?

23 THE COURT: You absolutely may.

24 BY MR. PARKER:

25 Q Can you take a look at Exhibit 307 DOTNV--

1 THE COURT: Mr. Parker, you're going to have to help
2 her.

3 MR. PARKER: I will. I will.

4 THE COURT: There is no way she's going to find
5 Exhibit 307 in the mass of paper that is gathered over there
6 by her.

7 MR. PARKER: I'm taking that as your authority to
8 let me come up here and find it for her.

9 THE COURT: Yes. You may approach the witness, find
10 it and turn it to the right page for her, please. Thank you.

11 MR. PARKER: Thank you, Your Honor.

12 BY MR. PARKER:

13 Q So you're looking at Exhibit 307, Bates stamped
14 DOT-NVWELL2. Do you see that?

15 A Yes.

16 Q And it's a letter dated September 18, 2018. Are you
17 familiar with these letters?

18 A It's a common letter that's sent out. I'm familiar
19 with the format. I'm not familiar with this specific letter.

20 Q All right. And can you tell me the importance of
21 this letter relative to the adequacy of the operation in that
22 building?

23 A It says that they're in compliance.

24 Q All right. Would that also mean that they have
25 sufficient sinks?

1 A It doesn't mean that they have -- necessarily that
2 they have a sink everywhere that they should, but it means
3 that they're meeting bare minimum requirements for hand sinks.

4 Q All right. Now, would that also mean that that
5 building and the configuration of it would be compliant for
6 purposes of perhaps replicating that building in the
7 application?

8 A It would be compliant, but it doesn't imply that
9 it's perfect.

10 Q Okay. So is there something that says compliant but
11 not perfect, or is it just compliance?

12 A Compliance is average. Compliance is acceptable.

13 Q Okay. So this inspection verifies that this
14 building and this format meets the requirements of the
15 Division; right?

16 A Yes.

17 Q So however many sinks it has, it's compliant?

18 A It's compliant. Yes.

19 Q Good enough. So if that same building was used as a
20 part of an application, then the scorers should not take away
21 points for that building; right?

22 A I don't know what you mean by take away points, but
23 they wouldn't be granted automatically full points because,
24 like I said, compliance doesn't imply perfection.

25 Q Okay. So the application is looking for perfection?

1 A You're being scored and then compared to others --
2 Q Right.
3 A -- so the better score is going to be ranked higher.
4 So, yeah, we are looking for comparing and ranking. We're
5 saying who's better.
6 Q Good enough.
7 A So one hand sink is not better than three hand
8 sinks, no.
9 Q All right. Which also means that if the application
10 is not complete in the first place it shouldn't even be
11 ranked. You've got to be at least compliant with the statute,
12 the regulations before you can get considered; right?
13 A That decision would be over my pay grade.
14 Q All right. So what was the barometer or the
15 threshold for adequacy of size? I didn't see that in any of
16 the training modules.
17 A You mean square footage, specifically?
18 Q Yes.
19 A There was no specific requirement for adequacy of
20 size. What a lot of -- what we like to see, and I mean the
21 Department and the scorers like to see is where they explain
22 the population area, how many people they expect to see, how
23 much product that would equate to and their storage area to be
24 able to store that much product to meet the needs of that many
25 people. But the physical size, I mean, a dispensary that's a

1 little mom and pop dispensary versus a huge tourist attraction
2 isn't necessarily what we were looking for.

3 Q Would you agree with me that there were no modules
4 that provided training for adequacy of size, be it 10,000
5 square feet or 5,000 square feet? There's nothing that talked
6 about that, is that correct?

7 A The size wasn't a major issue, no.

8 Q Okay, but the training on the size?

9 A Like I just said, I explained how they should look
10 at the size --

11 Q Okay.

12 A -- if it was adequate. If the applicant provided
13 information about the number of consumers that were expected
14 to be coming in and the size of the facility, how many people
15 they could hold in the facility, as long as they had a well
16 thought out plan and it made sense to their proposed
17 operation, that would be considered acceptable.

18 Q All right. So if we'd keep that same document open,
19 that same exhibit, go to page 418.

20 A Page 418?

21 Q Yes, ma'am.

22 A Okay.

23 Q This says Tab 5.3.3, Building Establishment
24 Information. Do you recall this being a part of the
25 application criteria?

1 A Yes.

2 Q All right. And it says, "Documentation concerning
3 the adequacy of the size of the proposed recreational
4 marijuana establishment to serve the needs of persons who are
5 authorized to engage in the use of marijuana must be included
6 in this tab. The content of this response must be in a non-
7 identified format, include the building and general floor
8 plans with supporting details." What details were you
9 speaking of?

10 A I mean, it says in the notes, start-up plans,
11 potential expansion. We were looking -- the scorers were
12 looking for information such as, like I stated before, the
13 flow, the cameras, making sure that they don't have a public
14 restroom in the back area where consumers are going to go and
15 have access to all their receiving and their vault. You're
16 not walking through the vault to get to the, you know,
17 receiving area, things like that. You want to make sure that
18 the flow makes sense for the operation.

19 Q All right. Again it says to include the building?

20 A Uh-huh.

21 Q Is that a yes?

22 A Yes.

23 Q Okay. And the floor plan?

24 A Yes.

25 Q Not just the floor plan; right?

1 A Yes.

2 Q All right. And if an applicant provided building
3 plans, and I want you to go to page 505, you actually see the
4 landscaping plan, the parking. Page 506 you see the
5 elevations. And then page 508 you see a floor plan; right?

6 A Yes.

7 Q Did you provide any training to your evaluators on
8 how to evaluate elevations, parking, any of those things?

9 A Yeah, I don't believe we looked at parking, other
10 than the fact that it was available and they have handicap
11 spaces available. But, yes, all those things were discussed.

12 Q And all those things are important?

13 A Yes.

14 Q Handicap parking, the amount of parking?

15 A Yes.

16 Q Wouldn't you agree with me that there's no parking
17 afforded to a floor plan?

18 A Yes.

19 Q There's no handicap information when you just get a
20 floor plan?

21 A Correct. Well, sometimes they are but not always,
22 no.

23 Q All right. And right behind that, 509, it's the
24 start of a subcontract agreement indicating the location where
25 this place would be, the amount of the contract and an

1 indication of this applicant's readiness to get going, is that
2 correct?

3 A I've never seen this. I would have to review it.

4 Q Well, I'm asking only because I don't think you've
5 seen it. My point in showing it to you is did you provide any
6 training to your evaluators to determine and to consider
7 construction contracts?

8 A Yes.

9 Q All right. I didn't see it in the training modules.
10 What training did you provide them in that respect?

11 A That was verbal. We were going through sample
12 applications and I was showing them in the 2014 applications
13 that we were using as examples things that they could expect
14 to see and how to evaluate those.

15 Q All right. Now, when an evaluator had a question or
16 was confused by building plans or construction contracts, who
17 answered those questions?

18 A Typically I would.

19 Q Okay. Do you recall any of your evaluators coming
20 to you with any questions regarding construction plans,
21 adequacy of building size, floor plans, any of those things?

22 A I can't recall any specific questions.

23 Q All right. Were you the person who they were
24 supposed to go to, since you were training on the non-
25 identified for questions?

1 A Yes.

2 Q And were you also responsible for doing any quality
3 control or quality assurance regarding their scoring?

4 A Once they began scoring, I was not involved in the
5 process any longer.

6 Q And why is that?

7 A I can't say the reason, but Department staff were
8 not involved in the scoring process.

9 Q Weren't you supposed to be involved in the quality
10 control for the scoring?

11 A I personally was not, no.

12 Q All right. Let's take a look, then, at -- let's
13 take a look at Exhibit 205. It's not going to be in that
14 book.

15 A Oh.

16 Q Yeah, it's not going to be in that book. It's going
17 to be on your screen. Exhibit 205, this is the training
18 information we got from the Department of Taxation. And page
19 27. You're familiar with this document, aren't you?

20 A It looks familiar. It's probably been a long time
21 since I've seen it.

22 Q All right. Is this you?

23 A Yes. This was during the training period before
24 they were physically scoring real applications.

25 Q Okay. So you only did quality assurance during the

1 training period, you never did -- no one did any quality
2 assurance in terms of Department of Taxation employees of the
3 scorers after the real scoring started?

4 A I'm not sure nobody did, but I did not.

5 Q So in terms of the non-identified, you did nothing
6 in terms of quality assurance?

7 A Once they physically started actually scoring real
8 applications, no, I was no longer involved.

9 Q So one of your colleagues testified that they
10 expected the evaluators to QC their own work. Is that your
11 understanding or not?

12 A Yes. There is a process involved with it.

13 Q So if the evaluators made mistakes, QC-ing their own
14 work wouldn't help; would you agree?

15 A They did it as a team. No, I've personally been
16 involved with this and it was a huge help. I can give more
17 information if you'd like.

18 Q Yeah. Yeah, certainly I would like.

19 A So when they score, each individual scores
20 independently.

21 Q Okay.

22 A No communication with the other two scorers for that
23 section. They go through it. They write down the scores that
24 they're going to give independently. Then they all three meet
25 together as a group and then they compare scores. And if

1 they're not in line, then they discuss with each other why
2 they're not in line. Maybe one person didn't see a section
3 and gave them a low score and they said, oh, it's actually
4 down here in a completely different area. Then they'd go look
5 through that together as a group and say, oh, yeah, I missed
6 that and then they could revise their score at that point.

7 Q But if they all made mistakes, then that would just
8 be a perpetuation of the mistake; right? If they all didn't
9 know what they were doing, then it would never get corrected,
10 right, because they didn't come to you, is that correct?

11 A We -- they came to me before they started grading
12 actual applications.

13 Q Right.

14 A So they were coming to me prior to the start of
15 actual scoring.

16 Q But was there an opportunity to come to someone
17 after the real grading started if they were confused?

18 A I believe they could have gone to Ky or asked
19 someone if they were confused during the actual scoring
20 process.

21 Q Was there a process identified in the training for
22 them to come to someone?

23 A I'm not sure. Ky conducted that training, that
24 portion of the training.

25 Q I thought you did the training for the non-

1 identified.

2 A I trained how to score. I did not train on who to
3 go to if they had questions or things like that.

4 Q So you don't know if they had anyone to go to?

5 A I believe they were going to Ky.

6 Q All right. And in terms of your construction
7 knowledge, you're familiar with construction plans?

8 A Yes.

9 Q Okay. How are you familiar with construction plans?

10 A I used to do plan reviews for the Southern Nevada
11 Health District for proposed buildings.

12 Q Okay.

13 A And I also review all production plans for proposed
14 facilities, marijuana production facilities.

15 Q Why were there no training slides on that topic?

16 A That wasn't the general overview. That was the more
17 detailed focus, one-on-one training sessions that I conducted.

18 Q Why aren't there any written information related to
19 that?

20 A I don't know.

21 Q Okay. Did you have actual plans that you showed
22 them and said, hey, this is what a plan looks like?

23 A I used samples from previous applications, yes.

24 Q Okay. So while there may not have been any training
25 modules in written form, you recall doing that in person?

1 A Yes.

2 Q All right. And the same with signage and security.
3 Did you have examples of signage and security?

4 A Yes. We used all -- full non-ID sections from
5 previous applications for all of it.

6 Q So you used the signage and security from medical
7 marijuana locations to judge recreational?

8 A Well, I explained to them in the process what the
9 differences would be, what to keep an eye out for, what
10 changes to expect.

11 Q All right. And how did you do that? For example,
12 because I don't see anything in the paperwork that describes
13 this. On a 3,000 square foot building, how many cameras do
14 you need?

15 A Well, your camera angles should be shown on some
16 sort of floor plan or layout that would show the angle of the
17 cameras so that we can see where the coverage shows.

18 Q So if that wasn't provided in the floor plan, then
19 that would be an incomplete application?

20 A You would be considered inadequate, not necessarily
21 incomplete.

22 Q And in terms of security, you know, beyond cameras,
23 would you have to show the location of the vault, would you
24 have to show locking mechanisms for the product? I mean, what
25 do you have to do? Is there any kind of threshold that's in

1 writing that we could refer to, as the Court could or I could
2 to determine whether or not these scorers had it right or
3 wrong?

4 A I would look at the evaluator's guidelines, but I
5 did explain to them to look for vaults, where the location of
6 the vaults is in relation to where customers are,
7 accessibility, things like that.

8 Q So take a look at Exhibit 209 and I want you to take
9 a look at -- we'll start at page 391. Are you familiar with
10 this document, the application criteria points breakdown?

11 A Yes.

12 Q Did you use this to train on the non-identified
13 portions of the application?

14 A No, this isn't the version that I was using.

15 Q Okay. Who was using this version?

16 A I don't know.

17 Q This is nothing you used?

18 A This is the ID section.

19 Q Okay. If we go to the next page it speaks about a
20 transportation plan and the adequacy of security measures for
21 building security.

22 A Yeah. I mean --

23 Q At the top, 392.

24 A It looks like it's possibly the same information,
25 but the one that we were using to train on had a lot more

1 detail. It had a blue bar across the top. I don't --
2 Q You don't recognize this?
3 A I've probably seen this, but no, it's not formatted
4 in the same way as the one I used for training.
5 Q Do you know what a transportation plan is?
6 A Yes.
7 Q What is it?
8 A It's a plan on how they're going to be transporting
9 the product, whether it's to consumers or to another
10 dispensary. How much they can store at one time; where they
11 can deliver to; what the vehicle has to look like. The
12 communication -- form of communication has to be listed in
13 their trip plan. All that information is in the
14 transportation plan.
15 Q All right. And I didn't see any of that in the
16 training modules. Was that provided in the training modules?
17 A It's in the evaluator guidelines.
18 Q Okay. So the community impact is also a part of
19 this document. I want to show it to you and if you'd tell me
20 if this, again, is something that you used or did not use,
21 okay?
22 A Okay.
23 Q Look at the same exhibit, I believe, page 401. Did
24 you use this?
25 A Yes.

1 Q Okay. So this is taken from the same information.
2 I'm trying to figure out why portions of it --
3 MR. PARKER: Your Honor, Mr. Rulis says it's also
4 Exhibit 10.
5 THE COURT: Okay.
6 MR. PARKER: But this -- both of them have been
7 admitted.
8 THE COURT: Great.
9 MR. PARKER: This may be easier for her to read. If
10 I could approach, Your Honor?
11 THE COURT: You can. And we switched to Exhibit 10.
12 MR. PARKER: Yes, we have.
13 THE COURT: It's on the screen.
14 MR. PARKER: It is.
15 THE COURT: Thank you, Mr. Rulis.
16 Mr. Parker, how much longer have you got with her?
17 MR. PARKER: Your Honor, maybe 20 minutes.
18 THE COURT: Okay.
19 MR. PARKER: I'm trying to get through it.
20 THE COURT: It's all right, Mr. Parker. I have no
21 anticipation that she's finishing today.
22 MR. PARKER: Good.
23 BY MR. PARKER:
24 Q So, you're familiar with this; correct?
25 A Yes.

1 Q The first line that I'm reading, and I don't know
2 if it's the same that you're reading from, I'm using this one,
3 it says, "The likely impact of the proposed marijuana
4 establishment in which it is proposed to be located in." Do
5 you see that?

6 A Uh-huh.

7 Q So again, we're not speaking floor plans, we're
8 talking location; right?

9 A This would be location, like the local jurisdiction.

10 Q But see, it doesn't say jurisdiction here. It says
11 community. It speaks about community. It does not say
12 jurisdiction. Would you agree?

13 A It's about community, not necessarily the specific
14 address of the facility.

15 Q Well, it says, "Community impact serving authorized
16 persons in need."

17 A Yes.

18 Q But again, it doesn't say jurisdiction. There's a
19 distinction between jurisdiction and community, isn't there?

20 A I would say that a jurisdiction can be a community.

21 Q Right. But we know that there are certain
22 jurisdictions that you can apply for?

23 A Yes.

24 Q The City. North Las Vegas. Unincorporated Clark
25 County. Henderson. Those are all jurisdictions under the

1 definition under the statute; right?

2 A Yes.

3 Q All right. Community is different than jurisdiction.
4 Isn't that a smaller subset of a jurisdiction, potentially?

5 A I mean, community can have a lot of different
6 definitions. I wouldn't agree with that necessarily.

7 Q All right. And it says here the criteria response
8 clearly demonstrates how the establishment intends to provide
9 their local community with community benefits. Again, I think
10 that if you wanted to use jurisdiction, you could have. You
11 chose to use community; right?

12 A Yes.

13 Q Okay. And so what was the training given -- were
14 there any training modules on this topic or this criteria?

15 A I'm not aware of any training modules. Like I said,
16 my portion of the training was going line by line through it
17 and through example applications.

18 Q All right. And it also refers again to location;
19 right?

20 A It doesn't say physical address, but yes, it does
21 say location.

22 Q Good enough. Can you tell me who provided the -- or
23 were you involved in any of the training related to education?
24 Are you familiar with the fact that education is a part of the
25 identified criteria?

1 A You mean the education plan or what do you mean?

2 Q No. Education levels of the applicants, the

3 owners --

4 A That's the ID section.

5 Q I know. I'm asking if you're familiar with the fact

6 that that is part of the criteria?

7 A Yes.

8 Q All right. Did you have anything to do with

9 establishing that criteria?

10 A No, I don't believe so.

11 Q That was not a part of the team effort that you were

12 involved in?

13 A It may have been, but I don't recall. It doesn't

14 sound familiar.

15 Q Do you remember whether or not or how it was

16 determined what the scoring would be for that criteria?

17 A No, I don't. I believe it was mostly based off of

18 what was provided by QuantumMark back in 2014.

19 Q So that was just a repeat of the 2014 application

20 process?

21 A I believe so.

22 Q Do you recall ever seeing anything in the ballot

23 question that dealt with education levels?

24 A Not that I recall.

25 Q Nor did I. How about in the statutes?

1 A I don't recall.

2 Q How about in the administrative code?

3 A I don't recall.

4 Q Do you know how it found its way into the

5 application process if it's not in the ballot question, the

6 statutes or the administrative code?

7 A Well, I believe that the statutes give us the

8 authority to create the application, so I believe it just came

9 from there.

10 Q Okay. And do you know who decided the -- how the

11 scoring would be done for education? For example, if you had

12 ten owners and ten of them had B.A.'s and five of those also

13 had Master's Degrees and three of them had Doctorates, how you

14 would score those? Did you have anything to do with that?

15 A I don't recall. I may have been in the room, but I

16 wasn't involved in the decision.

17 Q Do you know how that could be directly and

18 demonstrably related to the operation of a retail marijuana

19 establishment?

20 A I'm sorry, I didn't hear you.

21 Q Yes. How could that be -- is that related at all to

22 operating a marijuana establishment?

23 A Yes.

24 Q How is it?

25 A Well, for me the most important aspect is public

1 health, so if you have people with scientific backgrounds that
2 understand how pathogens can grow or spread then, yes, that
3 scientific education would be very beneficial to them.

4 Q So then you would not just be judging education but
5 the type of education. So someone who was an Art History
6 major, had a B.A. in Art History, wouldn't score as high as
7 someone who was in a medical science?

8 A Art History might be relevant to a dispensary, but
9 not to my knowledge. I don't know how they scored that
10 section.

11 Q So you have no idea how education was scored?

12 A I wasn't involved in that process.

13 Q All right. And just so I want to make sure we're
14 clear so I don't have to come back to it, you don't recall
15 seeing education as a part of the ballot question, the
16 statutes or the administrative code?

17 A It's not something I remember seeing off the top of
18 my head, no.

19 Q All right. Would your answers be the same in terms
20 of the financial brackets determined for tax purposes?

21 A I was in the room when that was being discussed.

22 Q Okay.

23 A I was not a decision maker in the process.

24 Q Did you see taxes identified in the ballot question?

25 A I don't recall. I don't know.

1 Q Did you see them in the statutes?
2 A I don't know.
3 Q You have no idea?
4 A I would have to look.
5 Q Well, let's take a look at least at the statutes.
6 Do you see it anywhere there?
7 A For the application process?
8 Q Yes. And you can take a look at 453.210 and see if
9 you see taxes paid. And while you're looking, see if you see
10 anything about education levels.
11 A I do not see those mentioned in 210.
12 Q So how was it decided that that would be added to
13 the application process if it's not in the statutes and it's
14 not in the ballot question?
15 A I don't know personally. I do know if we only did
16 what was in the ballot question it would be a very short
17 application.
18 Q Well, that's why I also included the statutes.
19 Would you agree with me there's no indication in the statutes
20 that the application must contain information regarding
21 educational levels?
22 A It is a not a requirement, no.
23 Q Same in terms of taxes paid; right?
24 A Correct.
25 Q But you added it to the application anyway; right?

1 A I did not personally add it, but it is in there,
2 yes.

3 Q Your group did?

4 A Yes.

5 Q Thank you. Same with -- how about with in terms of
6 financial strength?

7 A I do not see that in here, either.

8 Q All right. But it was added to the application
9 process; right?

10 A It is in there, yes.

11 Q In terms of the signage and that's under, again,
12 200, paragraph -- 453D.200, paragraph (1)(h). It says,
13 "Reasonable restrictions on signage, marketing, display and
14 advertising." Do you see that?

15 A Yes.

16 Q Now, that's something that the statute requires,
17 right --

18 A Yes.

19 Q -- consideration of? Can you get signage out of a
20 floor plan?

21 A It was part of that section and they were to provide
22 documentation showing that they had a professional appearance.
23 Signage would show your professional appearance. But it was
24 non-identified, so any identifying information should be
25 removed.

1 Q But these are the things the statute required, not
2 reflected -- that should have been reflected in the
3 application. And then we've discussed just now things that
4 were added to the application not a part of the statutes;
5 right?

6 A Correct.

7 Q All right. Did anyone ever say, hey, let's pump the
8 brakes here, we're putting things in this application that has
9 nothing to do with or not specifically provided for under the
10 ballot question or the statutes, mainly the education, the
11 taxes, financial strength, any of those three things?

12 A I believe we had approval from LCB to go ahead with
13 it.

14 Q Do you have a name?

15 A I believe we were working with Asher. I don't know
16 the last name.

17 Q All right. Now, you've heard of seed to sale?

18 A Yes.

19 Q Tell me what your understanding of seed to sale is.

20 A Seed-to-sale is the tracking, the State tracking
21 system for all inventory statewide. It communicates with
22 every single facility. We use metric so we can track a
23 product from the point of -- you know, when it began all the
24 way until the point that it's sold.

25 Q Okay. Were the seed-to-sale considerations a part

1 of the application for retail?

2 A Yes.

3 Q Can you tell me why, since they're not dealing with
4 the seed, really, they're simply selling the finished product?

5 A Yes. They're required to make sure that the product
6 that they receive is traceable back to seed-to-sale --

7 Q Okay.

8 A -- so that that information is in the system. And
9 then they're responsible for it from receipt into the point
10 that it is sold.

11 Q Do you see anything within the -- within NRS 453D
12 that says seed-to-sale for dispensaries?

13 A I would have to look through the whole NRS, but it
14 might -- I think it says inventory. I don't know.

15 Q I'm not seeing anything that says that they're
16 required to use the seed-to-sale system.

17 A All right. Good enough. And so let me ask you this
18 question. Were you -- this is kind of jumping around. I'm
19 trying to get you out of here in terms of me, Ms. Cronkhite.
20 Were you responsible for in any way taking application 5,
21 Exhibit 5 or application Exhibit 5A off the Website at any
22 given time?

23 A No. I don't handle the website.

24 Q That wasn't your --

25 A No.

1 Q Do you know who was responsible for, as the owner,
2 managing the website? We heard earlier today that -- from the
3 I.T. person, Mr. Davidson, that he simply provided the
4 platform. He set up the Listserv in terms of having it on the
5 server. But the owner, I'm assuming that's the Department of
6 Taxation, the Division of Marijuana Enforcement was the owner
7 of that website. Is that correct?

8 A Yes.

9 Q Did you manage the website?

10 A No.

11 Q And do you recall there being public hearings for
12 the medical marijuana? Were you around when that came out?

13 A What do you mean by public hearings for medical
14 marijuana?

15 Q Well, were there any public hearings to address how
16 the application process would be done for 2014 for the medical
17 or 2018 for the recreational?

18 A We had public presentations where we took -- I'm
19 drawing a blank on the name of the forms that they give us but
20 -- impact, the impact statements from Facilities. We present
21 the regulations, the proposed regulations. They submit their
22 impact statements. Those are considered and they're revised
23 based on that. So, yes, they were publicly -- they were
24 presented publicly.

25 Q Do you know Amanda Connor?

1 A Yes, I do.

2 Q Have you spoken to her many times?

3 A Yes.

4 Q Has she attended a lot of meetings?

5 A I believe so.

6 Q Did you ever have any conversations with her where

7 you discussed the application process?

8 A I don't believe so, no.

9 Q Or how -- what would be required of applicants?

10 A No.

11 Q Never have?

12 A I don't believe so.

13 Q Why do you say you don't believe so?

14 A I don't recall any conversation where she asked

15 about the application process.

16 Q Okay. You don't recall her asking you questions

17 regarding location versus P.O. boxes?

18 A I don't think she would have asked me about that.

19 That was kind of out of my scope. It's possible, but I don't

20 recall.

21 Q Okay. Do you -- there was a training reference in

22 an exhibit, Exhibit 109. I wanted to know if you could tell

23 me what this reference is. Exhibit 109, SG91, top left

24 corner. So it says, "That training was dumb." It appears to

25 be written by you, is that correct?

1 A It appears that way, yes.

2 Q What training were you referring to?

3 A I don't know. That's not my -- oh, yeah, that's my
4 work number. Yeah, I don't know what that was. January 2019.

5 Q All right. The -- I'm almost done, Ms. Cronkhite.
6 There was a phone interview -- I'm sorry. There was an
7 interview that was conducted with Nevada Wellness Center on
8 January 17, 2019. Do you recall that?

9 A An interview?

10 Q Well, it was a meeting at your office, 555
11 Washington. I don't know if that's your main office, but at
12 that location.

13 A Uh, I'd have to know more information.

14 Q You and Mr. Hernandez were there.

15 A Was it a score review meeting?

16 Q It was.

17 A Yes.

18 Q Now, are there any requirements that you have
19 available at that meeting the application itself for the
20 applicant that's coming to meet with you and discuss it?

21 A Can you state the question again?

22 Q Yes. Do you recall having a meeting like that
23 before?

24 A Yes.

25 Q All right. So on January 17th you met with Nevada

1 Wellness Center, Mr. Hawkins, Frank Hawkins was there. Do you
2 remember that?

3 A It's possible.

4 Q Okay. Did you go over or was it a part of the
5 process to go over the application itself?

6 A No.

7 Q Okay. What information did you or were you allowed
8 to give at those meetings?

9 A We were only allowed to share their actual numbers,
10 the scores that they received compared to the average
11 statewide.

12 Q And why were you not allowed to give any more
13 information than that?

14 A I believe there is an NRS that states -- I don't
15 know the number off the top of my head, that states that
16 they're allowed to have a meeting and the only information
17 that can be provided is their scores.

18 Q Was there someone listening in by phone? Is that a
19 yes?

20 A Yes. Ky Plaskon.

21 Q All right. So why was there someone listening over
22 the phone during that meeting with you and Mr. Hernandez?

23 A He was taking notes.

24 Q All right. And that's what we thought, too. So
25 we've asked the State for the notes. To your knowledge were

1 all notes provided from those meetings provided to the State?

2 A To my knowledge. I didn't have the notes.

3 Q All right. But Mr. Plaskon would have had the notes?

4 A Yes.

5 Q And do you recall informing Mr. Hawkins that

6 diversity would only be used as a tie breaker during that

7 discussion?

8 A No, I don't recall that at all.

9 Q Okay.

10 A That would be incorrect.

11 Q All right. Why wasn't QuantumMark used to do the

12 evaluations?

13 A I don't have that information. I don't know that

14 they are scorers. I just know that they assist with drafting

15 regulations, creating application processes, things like that.

16 I don't know if they actually conduct the work, if that's even

17 in their scope.

18 Q All right. Do you have any understanding of how

19 many licensees, conditional licensees are completely, 100

20 percent minority owned?

21 A No. I don't have that information.

22 Q And then experience in the marijuana industry in

23 Nevada, that was one of the -- a part of the criteria. Do you

24 recall that?

25 A I believe that was the identified section.

1 Q It was. Did you have anything to do with how that
2 was scored?

3 A No, I don't believe so.

4 MR. PARKER: Okay. Your Honor, I think that's all I
5 have. Thank you very much.

6 THE COURT: It's 4:34. Mr. Kemp, do you want to
7 start or Mr. Rulis, do you want to start for 11 minutes?

8 MR. RULIS: I do.

9 THE COURT: While you're coming up, I'm going to ask
10 her a question.

11 Ma'am, were you aware that some of the non-
12 identified applications were grouped together for purposes of
13 the graders' grading?

14 THE WITNESS: I don't know if I have that
15 information. Do you mean multiple locations with one
16 application?

17 THE COURT: Multiple application numbers with one
18 set of results.

19 THE WITNESS: If it was one physical application for
20 multiple locations then, yes, I'm aware of that.

21 THE COURT: Well, let me say it a different way.
22 Multiple application numbers to me means that there were
23 different applications, each of them with an individual
24 number. Are you aware for non-identified purposes of those
25 being grouped together for grading?

1 THE WITNESS: The only knowledge I have is that a
2 lot of applicants submitted one complete application for
3 several different locations and that would be scored as one
4 application, I believe, if all the information was exactly the
5 same.

6 THE COURT: Where did you come by that understanding?

7 THE WITNESS: I'm not sure I understand what you
8 mean.

9 THE COURT: How did you learn that?

10 THE WITNESS: When Facilities were -- when we were
11 discussing how they would submit their applications, it had
12 been mentioned that they could submit the same application for
13 multiple locations.

14 THE COURT: Who said that?

15 THE WITNESS: I believe Jorge Pupo, Steve Gilbert,
16 Ky Plaskon.

17 THE COURT: Those are three different people. Which
18 one?

19 THE WITNESS: I mean, there was just a conversation.
20 I don't recall exactly. But I know that they had said that
21 they could submit one application. And even on the
22 application form itself -- you can submit one application and
23 there's several check boxes for different locations, different
24 jurisdictions to apply for.

25 THE COURT: Okay. Thank you, ma'am.

1 THE WITNESS: You're welcome.

2 THE COURT: Sorry, Mr. Rulis.

3 MR. RULIS: That's all right, Your Honor.

4 So just to follow up with that, Shane, can you pull
5 up Exhibit 48, please?

6 This one is already admitted, Your Honor.

7 CROSS-EXAMINATION

8 BY MR. RULIS:

9 Q If you go to -- do you recognize what this is?

10 A Yes.

11 Q It's tally sheets that the Department put together
12 after the scores were done; right?

13 A Yes.

14 Q So this first page, that's the identified portion;
15 right?

16 A Yes.

17 Q And so if you go to the second page, that's the
18 scores for the non-identified portion?

19 A Yes.

20 Q So if you look up at the top right-hand corner where
21 it says, Finalized, and then it has a box that says MEID.

22 A Yes.

23 Q So this one happens to cover the scores for -- it
24 looks like 12 if my math is correct, 12 different
25 applications; right?

1 A Yes.

2 Q So it's -- this is what Her Honor was talking about,
3 is that you have one score sheet but it's covering 12
4 different non-identified portions; right?

5 A Right.

6 Q Okay. And you're aware that that happened with
7 multiple applicants?

8 A Yes.

9 MR. RULIS: So -- thanks, Shane.

10 BY MR. RULIS:

11 Q When Mr. Parker was asking you some questions, you
12 mentioned that at the time of the application process you were
13 just a supervisor, you weren't a manager. Do you remember
14 that?

15 A Correct.

16 Q Who were the manager level Department employees at
17 that time? Was that Jorge Pupo and Steve Gilbert?

18 A Yes. And Deonne Contine.

19 Q And Deonne. Well, so let me ask you about that
20 because you mentioned Deonne Contine. Her last day with the
21 Department was, as I recall, February of 2018, wasn't it?

22 A Oh, I don't remember.

23 Q Okay.

24 A Yeah.

25 Q Well, assuming that her last day was I believe

1 February 8th of 2018, she wouldn't have been around when the
2 application was being put together, would she?

3 A I don't recall when we were building the application
4 itself or revising it. I thought she was still around, but I
5 may have been mistaken. It may have been Bill Anderson.

6 Q Okay. So, sorry, back to the manager level. So it
7 would have been whoever the director was at the time --

8 A Correct.

9 Q -- whether that was Ms. Contine or Mr. Anderson,
10 Jorge Pupo and Steve Gilbert?

11 A Correct.

12 Q And as I understand it, you are now a manager,
13 though; right?

14 A Correct.

15 Q Because I think it was -- congratulations, by the
16 way. I think it was February you got a promotion?

17 A That sounds right, yeah.

18 Q And that's -- you actually got promoted, as I
19 understand it, into Steve Gilbert's old position; right?

20 A Correct.

21 Q And Steve Gilbert got bumped up. Is that a new
22 position?

23 A Yes. He's Health Program Manager III.

24 Q Okay. So at the time of the application, though,
25 what we're talking about is, as I understand the hierarchy, is

1 it's kind of a straight line. You've got Jorge at the top,
2 Steve Gilbert and then you're below Steve Gilbert and then a
3 number of people reported to you; right?

4 A Correct.

5 Q So when you're going through the application process
6 and revising the application, you're reporting to -- directly
7 to Steve Gilbert; right?

8 A Correct.

9 Q So to the extent that -- and one of the things that
10 Mr. Parker went through with you and you were talking about is
11 the grading on the building construction sections of the
12 applications. Do you remember that?

13 A Yes.

14 Q And I know Mr. Parker referred to Exhibit 209. I'm
15 going to have Shane pull up Exhibit 209 and specifically page
16 DOT396. And I think you mentioned that you weren't exactly
17 familiar with this document; right?

18 A That looks more in line with this.

19 Q Right.

20 A Yes.

21 Q Well, and that's just -- I want to clear up any
22 confusion. I'm going to have Shane also pull up Exhibit 9.

23 A Okay.

24 Q And I'm going to want to compare them just because
25 when I read them it's the exact same language. I just want to

1 make sure that you understand that and you're comfortable with
2 that.

3 A Okay.

4 MR. RULIS: So, Shane, will you show her Exhibit 9
5 just in total real quick.

6 BY MR. RULIS:

7 Q So the one there, is that the document that you were
8 talking about earlier with the blue bar on it?

9 A Yes.

10 Q Okay. So these are the grading tools that you went
11 through with the Manpower graders?

12 A Correct.

13 Q Okay. So if you -- Shane, if you'll pull back up
14 209, and specifically I'm going to have you look at the
15 grading criteria as far as an excellent response goes. And
16 what I want to talk about is when Steve Gilbert was asked
17 about this the question to him was -- and this was back on May
18 31st, quite some time ago, but the question to him was, "The
19 prime focus of a building construction section was to make
20 sure that the building could actually be built in 12 months?
21 That's what you were looking to do?"

22 A That was a part of it, yes.

23 Q Okay. And Steve said, "Yeah, with the budget." But
24 we confirmed that "you wanted to make sure that the plans were
25 good enough, the budget was good enough to make sure that

1 there was actually a dispensary built in 12 months." That's
2 what the objective was with the building construction. And
3 Mr. Gilbert said "Yes." Are you telling me it's something
4 different or do you agree with Mr. Gilbert?

5 A That is a portion of it. So I don't know how it was
6 worded to him or what information he had, but that is a
7 portion of it.

8 Q Well, if he was looking right at 209, page DOT396,
9 and I actually just read from the transcript, it's pages 117
10 and 118 from May 31st, so that's what was asked. And he said
11 yes. So are you telling me that Mr. Gilbert is wrong?

12 A I don't think he had all the information. I don't
13 think he was fully aware of all the information. He was not
14 wrong, it's a portion of it. It's an important portion of it,
15 but it's not the complete section.

16 Q But now if it came down to determining Mr. Gilbert
17 or your opinion of it, he's your supervisor; right?

18 A He's my supervisor, yes.

19 Q And he at that time was at manager level --

20 A Yes.

21 Q -- you were not?

22 A Correct.

23 Q Now, one of the other questions that was -- or
24 topics that was asked to you, it was about compliance history
25 and I think you said you didn't deal with that, that would

1 have been identified portion, not the non-identified portion;
2 right?

3 A If it was provided, yes.

4 Q So my question was just who would know if it was
5 provided to the graders?

6 A I'm not sure. Maybe Damon Hernandez or Steve
7 Gilbert or Jorge Pupo.

8 Q Okay. So if Mr. Gilbert said he didn't believe any
9 of that compliance history was provided to the Manpower
10 graders, you don't have any reason to disagree with him?

11 A Correct.

12 Q And I think you said it but I just want to make
13 sure, the grading criteria that we were just looking at in
14 Exhibit 9 or Exhibit 209, that's the same grading criteria
15 that was just copied over from 2014; right?

16 A For the most part. There may have been some
17 revisions based on the revisions to the regulations.

18 Q So if Mr. Gilbert said, yeah, we just copied it
19 over, do you disagree with him?

20 A Like I said, it may have been revised to be in line
21 with the 453D versus 453A.

22 Q Do you know of any revisions that were done to these
23 specific grading criteria?

24 A No. Not off the top of my head, no.

25 Q Now, one of the other things that came up, I think

1 it was during your direct examination, was that you started
2 with the DPBH in 2015; right?

3 A Correct.

4 Q So you weren't around at the time that they were
5 doing the evaluation of the medical marijuana applications in
6 2014, were you?

7 A Correct.

8 Q You started afterwards?

9 A Yes.

10 THE COURT: So would this be a good place to break,
11 because it's 4:45?

12 MR. RULIS: Sure, Your Honor.

13 THE COURT: All right. I have -- I'm down to on the
14 9:30 calendar four pretrial or three pretrial conferences, so
15 if you guys could be here at 9:45, I can probably get those
16 people in and out of here faster than ten o'clock.

17 MR. KOCH: Can we leave some books and binders here
18 if we put them under the table?

19 THE COURT: You may leave as many books and binders
20 as you want. I am down to four Rule 16's at 8:30, two nine
21 o'clock hearings that are both very short from what they look
22 like, and three pretrials at 9:30. So hopefully the pretrials
23 will be early so I can get done with them and we get started
24 and get her out of here tomorrow.

25 MR. GENTILE: Your Honor, before we adjourn --

1 THE COURT: Yes, sir.

2 MR. GENTILE: I have to appear before Judge Crockett
3 tomorrow at 1:00 p.m.

4 (Off-record colloquy re unrelated case)

5 THE COURT: Well, we will manage. If you have to
6 leave and Mr. Cristalli and Mr. Miller can't handle it with
7 Ms. Cronkhite, then we'll wait until you get back.

8 MR. GENTILE: Well, I don't know if she'll still be
9 on. That's my concern because she was my witness. I don't
10 have any intention of doing cross-examination on her, but.

11 THE COURT: Based on what you currently heard?

12 MR. GENTILE: Based on the status of the record.

13 THE COURT: Yeah.

14 MR. GENTILE: But rule number one prevails.

15 THE COURT: Yes, it does. Things always change.

16 MR. GENTILE: Yes.

17 THE COURT: Okay. So anybody who wants to leave
18 your stuff, please feel free. I show that we're having --
19 after we finish this witness, Damon Hernandez.

20 MR. SHEVORSKI: Very possibly, Your Honor.

21 THE COURT: And then Ms. Contine.

22 MR. SHEVORSKI: Well, Ms. Contine is the person you
23 were just talking to. Oh. No.

24 THE COURT: That's Ms. Cronkhite.

25 MR. SHEVORSKI: Cronkhite. That's right. That's

1 subpoenaed by Joseph.

2 THE COURT: And then after that maybe Mr. Groesbeck?

3 MR. SHEVORSKI: Well, there's also a subpoena out
4 for other witnesses.

5 THE COURT: How many more?

6 MR. SHEVORSKI: Ms. Durrit (phonetic) and there is
7 Mr. Scolari.

8 (Colloquy among counsel)

9 THE COURT: Jill, you can go off. I'm just trying
10 to figure out how many more witnesses.

11 (Court recessed at 4:47 p.m. until the following day,
12 Thursday, July 11, 2019, at 9:45 a.m.)

SIXTH AFFIRMATIVE DEFENSE

The actions of the State of Nevada, Department of Taxation, were not arbitrary or capricious, and the State of Nevada, Department of Taxation had a rational basis for all the actions taken in the licensing process at issue.

SEVENTH AFFIRMATIVE DEFENSE

Plaintiff has failed to join necessary and indispensable parties to this litigation under Nev. R. Civ. P. 19, as the Court cannot grant any of Plaintiff’s claims without affecting the rights and privileges of those parties who received the licenses at issue as well as other third parties.

EIGHTH AFFIRMATIVE DEFENSE

The claims, and each of them, are barred by the failure of Plaintiff to plead those claims with sufficient particularity.

NINTH AFFIRMATIVE DEFENSE

Plaintiff has failed to allege sufficient Complaints and cannot carry the burden of proof imposed on it by law to recover attorney’s fees incurred to bring this action.

TENTH AFFIRMATIVE DEFENSE

Injunctive relief is not available to Plaintiff, because the State of Nevada, Department of Taxation has already completed the task of issuing conditional licenses.

ELEVENTH AFFIRMATIVE DEFENSE

Plaintiff has no constitutional right to obtain privileged licenses.

TWELFTH AFFIRMATIVE DEFENSE

Plaintiff is not entitled to judicial review on the denial of a privileged license.

THIRTEENTH AFFIRMATIVE DEFENSE

Mandamus is not available to compel the members of the executive branch to perform non-ministerial, discretionary tasks.

FOURTEENTH AFFIRMATIVE DEFENSE

Declaratory relief will not give the Plaintiff the relief it is seeking.

///

FIFTEENTH AFFIRMATIVE DEFENSE

Pursuant to the Nevada Rules of Civil Procedure, all possible affirmative defenses may not have been alleged herein insofar as sufficient Complaints were not available after reasonable inquiry upon the filing of this answer and, therefore, Defendant hereby reserves the right to amend this answer to allege additional affirmative defenses if subsequent investigation warrants.

SIXTEENTH AFFIRMATIVE DEFENSE

Defendant expressly reserves the right to amend this Answer to bring counterclaims against Plaintiff.

PRAYER FOR RELIEF

WHEREFORE, Defendant prays for judgment as follows:

1. Plaintiff takes nothing by way of their Complaint.
2. The Complaint, and all causes of action alleged against Defendant therein be dismissed with prejudice.
3. For reasonable attorney's fees and costs be awarded to Defendant.
4. For any such other and further relief the Court deems just and proper under the circumstances.

DATED this the 3rd day of July, 2019.

2 **II.**

3 **GENERAL ALLEGATIONS**

4 15. The Nevada State Legislature passed a number of bills during the 2017
5 legislative session that affected the licensing, regulation, and operation of recreational marijuana
6 establishments in the state of Nevada. One of those bills, Assembly Bill 422, transferred
7 responsibility for the registration, licensing, and regulation of marijuana establishments from the
8 State of Nevada's Division of Public and Behavioral Health to the Department of Taxation.

9 16. This legislation was added to the voters' approval at the 2016 General Election of
10 2016 initiative petition, Ballot Question No. 2; is known as the "Regulation and Taxation of
11 Marijuana Act"; and is codified at NRS 453D.010, *et seq.* Nevada Revised Statutes ("NRS")
12 pursuant to

13 17. NRS 453D.020 (Findings and declarations) provides:

14 "1. In the interest of public health and public safety, and in
15 order to better focus state and local law enforcement resources on
16 crimes involving violence and personal property, the People of the
17 State of Nevada find and declare that the use of marijuana should
be legal for persons 21 years of age or older, and its cultivation and
sale should be regulated similar to other legal businesses.

18 2. The People of the State of Nevada find and declare that the
19 cultivation and sale of marijuana should be taken from the domain
20 of criminals and be regulated under a controlled system, where
businesses will be taxed and the revenue will be dedicated to
public education and the enforcement of the regulations of this
chapter.

21 3. The People of the State of Nevada proclaim that marijuana
22 should be regulated in a manner similar to alcohol so that:

23 (a) Marijuana may only be purchased from a business that is
licensed by the State of Nevada;

24 (b) Business owners are subject to a review by the State of
Nevada to confirm that the business owners and the business
location are suitable to produce or sell marijuana;

25 (c) Cultivating, manufacturing, testing, transporting and
26 selling marijuana will be strictly controlled through state licensing
and regulation;

27 (d) Selling or giving marijuana to persons under 21 years of
age shall remain illegal;

28 (e) Individuals will have to be 21 years of age or older to
purchase marijuana;

(f) Driving under the influence of marijuana will remain illegal; and

(g) Marijuana sold in the State will be tested and labeled.”

18. NRS 453D.200 (Duties of Department relating to regulation and licensing of marijuana establishments; information about consumers) provides:

“1. Not later than January 1, 2018, the Department shall adopt all regulations necessary or convenient to carry out the provisions of this chapter. The regulations must not prohibit the operation of marijuana establishments, either expressly or through regulations that make their operation unreasonably impracticable. The regulations shall include:

(a) Procedures for the issuance, renewal, suspension, and revocation of a license to operate a marijuana establishment;

(b) *Qualifications for licensure that are directly and demonstrably related to the operation of a marijuana establishment*;

....

2. The Department shall approve or deny applications for licenses *pursuant to NRS 453D.210*” (emphasis added).

19. NRS 453D.210 (Acceptance of applications for licensing; priority in licensing; conditions for approval of application; limitations on issuance of licenses to retail marijuana stores; competing applications), in turn, provides, in pertinent part:

“4. Upon receipt of a complete marijuana establishment license application, the Department shall, within 90 days:

(a) *Issue the appropriate license if the license application is approved.*

5. The Department shall approve a license application if:

(a) The prospective marijuana establishment has submitted an application in compliance with regulations adopted by the Department and the application fee required pursuant to NRS 453D.2;

6. When competing applications are submitted for a proposed retail marijuana store within a single county, the Department shall use an *impartial and numerically scored competitive bidding process* to determine which application or applications among those competing will be approved” (emphasis added).

20. According to an August 16, 2018 letter from the Department, pursuant to Section 80(3) of Adopted Regulation of the Department of Taxation, LCB File No. R092-17 ("R092-17"), the Department was responsible for allocating the licenses of recreational

1 marijuana retail stores "to jurisdictions within each county and to the unincorporated area of
2 the county proportionally based on the population of each jurisdiction and of the
3 unincorporated area of the county."

4 21. The Department issued a notice for an application period wherein the
5 Department sought applications from qualified applicants to award sixty-four (64) recreational
6 marijuana retail store licenses throughout various jurisdictions in Nevada.

7 22. The application period for those licenses, including thirty-one (31) licenses in
8 Clark County, seven (7) licenses in Washoe County and one (1) license in Nye County, opened
9 on September 7, 2018 and closed on September 20, 2018.

10 23. Pursuant to Section 6.2 of the Recreational Marijuana Establishment License
11 Application ("the Application") issued by the Department, as enabled under the above-quoted
12 provisions of NRS 453D.210, if the Department received more than one application for a license
13 for a recreational marijuana retail store and the Department determined that more than one of the
14 applications was complete and in compliance with R092-17, Sec. 78 and NRS 453D, the Department
15 was required to rank the applications within each applicable locality for any applicants in a
16 jurisdiction that limits the number of retail marijuana stores in order from first to last, with ranking
17 being based on compliance with the provisions of R092-17 Sec. 80, NRS 453D and on the content of
18 the applications relating to the following specifically-enumerated and objective published criteria:

- 19 a. Operating experience of another kind of business by the owners, officers or board
20 members that has given them experience which is applicable to the operation of a
21 marijuana establishment.
22 b. Diversity of the owners, officers or board members.
23 c. Evidence of the amount of taxes paid and other beneficial financial contributions.
24 d. Educational achievements of the owners, officers or board members.
25 e. The applicant's plan for care, quality and safekeeping of marijuana from seed to
26 sale.
27 f. The financial plan and resources of the applicant, both liquid and illiquid.
28 g. The experience of key personnel that the applicant intends to employ.

1 h. Direct experience of the owners, officers, or board members of a medical
2 marijuana establishment or marijuana establishment in this State.

3 24. However, no numerical scoring values are assigned to any of the foregoing
4 criteria enumerated in the Application.

5 25. Moreover, Section 6.3 of the Application further provides that “[a]pplications
6 that have not demonstrated a sufficient response related to the criteria set forth above will not
7 have *additional [unspecified, unpublished] criteria* considered in determining whether to issue a
8 license *and will not move forward in the application process*” (emphasis added).

9 26. Thus, by necessary implication, conversely, Section 6.3 of the Application
10 textually subjects an Application which *has* in fact demonstrated a “sufficient” response related
11 to the specific, published criteria set forth above to “*additional [unspecified, unpublished]*
12 *criteria*,” consideration of which by the Department will determine whether or not a license is
13 issued and whether or not a license Application will “*move forward in the application process*,
14 notwithstanding the textual requirement of NRS 453 D. 200.1(b) that the Department shall adopt
15 only regulations that prescribe “[q]ualifications for licensure that are directly and *demonstrably*
16 related to the operation of a marijuana establishment” (emphasis added).

17 27. No later than December 5, 2018, the Department was responsible for issuing
18 conditional licenses to those applicants who score and rank high enough in each jurisdiction to be
19 awarded one of the allocated licenses in accordance with the impartial competitive bidding process
20 mandated by NRS 453D.210.

21 28. The Department allocated ten (10) licenses for unincorporated Clark County,
22 Nevada; ten (10) licenses for Las Vegas, Nevada; six (6) licenses for Henderson, Nevada; five (5)
23 licenses for North Las Vegas, Nevada; six (6) licenses for Reno, Nevada; one (1) license for Sparks,
24 Nevada; and one (1) license for Nye County, Nevada.

25 29. Plaintiffs submitted Applications for licenses to own and operate recreational
26 marijuana retail stores in compliance with the specified, published requirements of Department
27 regulations together with the required application fee in accordance with NRS 453D.210.

28 30. Plaintiffs have been informed by the Department that all of their Applications to

1 operate recreational marijuana retail stores were denied.

2 31. In each instance, Plaintiffs were informed by letter from the Department stating
3 that a license was not granted to the applicant “because it did not achieve a score high enough to
4 receive an available license.”

5 32. On information and belief, Plaintiffs allege that the Department’s denial of their
6 license applications was not properly based upon actual implementation of the impartial and
7 objective competitive bidding process mandated by NRS 453D.210, but rather, was in fact based
8 upon the arbitrary and capricious exercise of administrative partiality and favoritism.

9 33. On information and belief, Plaintiffs allege conversely that that the Department
10 improperly granted licenses to other competing applicants, likewise without actual
11 implementation of the impartial and objective competitive bidding process mandated by NRS
12 453D.210, but rather, based upon the arbitrary and capricious exercise of administrative
13 partiality and favoritism.

14 34. On information and belief, Plaintiffs allege that the Department has improperly
15 granted more than one recreational marijuana store license per jurisdiction to certain applicants,
16 owners, or ownership groups.

17 **III.**

18 **CLAIMS FOR RELIEF**

19
20 **FIRST CLAIM FOR RELIEF**
(Violation of Civil Rights)

21 **(Due Process: Deprivation of Property)**

22 **(U.S. Const., Amendment XIV; Nev. Const., Art. 1, Sec. 1, 8; Title 42 U.S.C. § 1983)**

23 35. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth
24 herein.

25 36. The provisions of NRS 453D.200.2 and NRS 453D.210.4-6, affirmatively
26 mandating that the Department “shall” approve and issue the appropriate license within a time
27 certain if the prospective establishment submits an Application in compliance with published
28 Department regulations promulgated in accordance with the limitations imposed by NRS 453.

1 D.200.1(b) together with the required application fee; and, in the case of competing
2 Applications, outranks competing applicants in accordance with an objective, impartial and
3 numerically scored competitive bidding process, serve to create, as a matter of legislative intent,
4 a *statutory entitlement* to receipt of the license by applicants who comply with and prevail
5 competitively in accordance with those objective and impartial standards and procedures.

6 37. Such a statutory entitlement constitutes a “property interest” within the meaning
7 and subject to the due process protections of the Fourteenth Amendment to the Constitution of
8 the United States and Article 1, Sections 1 and 8 of the Constitution of the State of Nevada; and
9 therefore, by definition, may not be denied arbitrarily, capriciously, corruptly or based upon
10 administrative partiality or favoritism.

11 38. However, acting under color of state law, the Department has effectively nullified
12 and rendered illusory the legislative statutory entitlement to licensure of applicants who comply
13 with and prevail competitively in accordance with the objective and impartial standards and
14 procedures prescribed by the provisions of NRS 453D.200.2 and NRS 453D.210.4-6, by
15 textually subjecting an Application which in fact provides “sufficient” responses related to the
16 published, enumerated and specific criteria set forth in the Application to approval pursuant to
17 further, unpublished, unspecified and unascertainable “additional criteria” which are not set forth
18 therein, as a silent supplemental condition of licensure, thereby rendering the administrative
19 regulation governing the Application and licensing process susceptible to *ad hoc*, non-
20 transparent, arbitrary, capricious or corrupt decision-making based upon administrative partiality
21 or favoritism which cannot be discounted; thereby rendering that regulatory scheme
22 unconstitutional on its face.

23 39. On information and belief, Plaintiffs further allege that pursuant to the
24 implementation of the foregoing constitutionally-repugnant licensing process, the denial of their
25 Applications for licensure, were in fact affected by actual arbitrary, capricious or corrupt
26 decision-making based upon administrative partiality or favoritism; and therefore, that that
27 licensing process has thereby been rendered unconstitutional in its application as well as to
28 Plaintiffs.

1 40. Plaintiffs have therefore been deprived of property without due process under
2 color of state law in violation of the Fourteenth Amendment to the Constitution of the United
3 States and Article 1, Sections 1 and 8 of the Constitution of the State of Nevada.

4 41. The Constitutional infirmity of the entire licensing process renders the denial of
5 Plaintiffs' Applications for licensure void and unenforceable, and Plaintiffs are entitled to a
6 declaration as to the ineffectiveness thereof and an order enjoining the enforcement of those
7 license denials.

8 42. Plaintiffs are entitled to declaratory relief with respect to the forgoing federal
9 constitutional infirmities of the administrative licensing scheme pursuant to the provisions of
10 Title 42, United States Code ("U.S.C."), Section 1983 and otherwise.

11 43. Plaintiffs are entitled to declaratory relief because a justiciable controversy exists
12 that warrants a declaratory judgment pursuant to Nevada's Uniform Declaratory Judgments Act,
13 codified at NRS 30.010 to 30.160, inclusive.

14 44. Plaintiffs and Defendant have adverse and/or competing interests in that the
15 Department, through its Marijuana Enforcement Division, has denied Plaintiffs' Applications in
16 in violation of Plaintiff's constitutional rights, Nevada law, and state policy.

17 45. The Department's refusal to issue licenses to Plaintiffs affects Plaintiffs' rights
18 under NRS 453D, NAC 453D, R092-17, and other Nevada laws and regulations.

19 46. Further, the Department's improper ranking of other applicants for licensure and
20 subsequent, improper issuance of licenses to such other applicants adversely affects the rights of
21 Plaintiff under NRS 453D, NAC 453D, R09217, and other Nevada laws and regulations.

22 47. The Department's actions and/or inactions also have created an actual justiciable
23 controversy ripe for judicial determination between Plaintiffs and the Department with respect to
24 the construction, interpretation, and implementation of NRS 453D, NAC 453D, and R092-17,
25 and Plaintiffs have been harmed, and will continue to be harmed, by the Defendants' actions
26 and/or inactions.

27 48. The Department's actions and/or inactions have further failed to appropriately
28 address the necessary considerations and legislative intent of NRS 453D.210, designed to restrict

1 monopolies.

2 49. Accordingly, Plaintiff seeks a declaration from this Court that, *inter alia*:

- 3 a. The Department improperly denied Plaintiffs' license Applications for the
4 operation of a recreational marijuana establishment.
- 5 b. The denial of such licenses to Plaintiffs was void *ab initio*;
- 6 c. The procedures employed in denying Plaintiffs' license Applications violated
7 Plaintiffs' procedural and substantive due process rights and entitlement to
8 equal protection of the law (as set forth *infra*) under the Nevada and United
9 States Constitutions and, therefore, those license denials are void and
10 unenforceable;
- 11 d. The denials are void for vagueness and therefore unenforceable;
- 12 e. Defendant acted arbitrarily and capriciously or in contravention of a legal duty
13 and Plaintiffs are therefore entitled to a writ of mandamus;
- 14 f. Plaintiffs are entitled to judicial review; and
- 15 g. The Department's denial of Plaintiffs' license Applications lacked substantial
16 evidence.

17 50. Plaintiffs also seek a declaration from this Court that the Department must issue
18 licenses to Plaintiffs for the operation of a recreational marijuana establishment as applied for in
19 that Plaintiffs' would have been entitled to receive said licenses had the Department properly
20 applied the provisions of NRS 453D, NAC Chapter 453D, and R092-17.

21 51. Plaintiffs contend that a declaratory judgment is both necessary and proper at
22 this time for the Court to determine the respective rights, duties, responsibilities and liabilities
23 of Plaintiffs under NRS 453D, NAC Chapter 453D, R092-17, and other Nevada laws and
24 regulations.

25 52. Plaintiffs are also entitled to injunctive relief from the foregoing federal
26 constitutional violations pursuant to the provisions of 42 U.S.C. Section 1983 and otherwise.

27 53. The Department's flawed interpretation of the provisions of NRS 453D, NAC
28 Chapter 453D, and R092-17, and refusal to issue "conditional" licenses in accordance with the

1 law constitute and cause continuing and irreparable harm to Plaintiffs, who have no adequate
2 remedy at law.

3 54. The purpose of this administrative refusal was and is to unreasonably interfere
4 with Plaintiffs' business and cause Plaintiffs to suffer irreparable harm.

5 55. The Department will suffer no harm by following the law with respect to issuing
6 the licenses in question.

7 56. The Department's interpretation of NRS 453D, NAC Chapter 453D, and R092-17
8 is flawed and Plaintiffs are likely to succeed on the merits in this litigation.

9 57. The public interest favors Plaintiffs because in the absence of injunctive relief, the
10 consumers who would have benefitted by Plaintiffs' licensure will have less available options
11 from which they can receive recreational marijuana in accordance with legislative intent.

12 58. Therefore, Plaintiffs are entitled to preliminary injunctive relief, and after a trial
13 on the merits, permanent injunctive relief, ordering the Department to issue the subject licenses
14 to Plaintiffs in accordance with NRS 453D, NAC 453D, and R092-17.

15 59. Plaintiffs are also entitled to damages attributable to the above-identified due
16 process violations pursuant to the provisions of 42 U.S.C. Section 1983 and otherwise.

17 60. As the actions of the Department have necessitated that Plaintiffs retain the legal
18 services of Gentile Cristalli Miller Armeni Savarese, and incur fees and costs to bring this action,
19 Plaintiffs are also entitled to an award of attorneys' fees and costs of suit.

20 **SECOND CLAIM FOR RELIEF**
21 **(Violation of Civil Rights)**

22 **(Due Process: Deprivation of Liberty)**

23 **(U.S. Const., Amendment XIV; Nev. Const., Art. 1, Sec. 1, 8; Title 42 U.S.C. § 1983)**

24 61. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth herein.

25 62. The fundamental constitutional right to pursue a lawful occupation constitutes a
26 "liberty interest" within the meaning and subject to the due process protections of the Fourteenth
27 Amendment to the Constitution of the United States and Article 1, Sections 1 and 8 of the
28 Constitution of the State of Nevada; and therefore, by definition, may not be denied arbitrarily,

1 capriciously, corruptly or based upon administrative partiality or favoritism.

2 63. However, acting under color of state law, the Department has effectively nullified
3 and rendered illusory the legislative statutory entitlement to licensure of applicants who comply
4 with and prevail competitively in accordance with the objective and impartial standards and
5 procedures prescribed by the provisions of NRS 453D.200.2 and NRS 453D.210.4-6, by
6 textually subjecting an Application which in fact provides “sufficient” responses related to the
7 published, enumerated and specific criteria set forth in the Application to approval pursuant to
8 further, unpublished, unspecified and unascertainable “additional criteria” which are not set forth
9 therein, as a silent supplemental condition of licensure, in violation of NRS 200.D.1(b) thereby
10 rendering the administrative regulation governing the Application and licensing process
11 susceptible to *ad hoc*, non-transparent, arbitrary, capricious or corrupt decision-making based
12 upon administrative partiality or favoritism which cannot be discounted; thereby rendering that
13 regulatory scheme unconstitutional on its face.

14 64. On information and belief, Plaintiffs further allege that the pursuant to the
15 implementation of the foregoing constitutionally-repugnant licensing process, the denial of their
16 Applications for licensure, were in fact affected by actual arbitrary, capricious or corrupt
17 decision-making based upon administrative partiality or favoritism; and therefore, that that
18 licensing process has thereby been rendered unconstitutional in its application as well.

19 65. Plaintiffs have therefore likewise been deprived of liberty without due process
20 under color of state law in violation of the Fourteenth Amendment to the Constitution of the
21 United States and Article 1, Sections 1 and 8 of the Constitution of the State of Nevada.

22 66. The Constitutional infirmity of the entire licensing process renders the denial of
23 Plaintiffs’ Applications for licensure void and unenforceable, and, for the reasons set forth supra
24 in Plaintiffs’ FIRST CAUSE OF ACTION at paragraphs 30 through 47, inclusive, Plaintiffs are
25 entitled to a declaration as to the ineffectiveness thereof and an order enjoining the enforcement
26 of those license denials.

27 67. Plaintiffs are also entitled to damages for these due process violations pursuant
28 to the provisions of 42 U.S.C. Section 1983 and otherwise.

1 68. As the actions of the Department have necessitated that Plaintiffs retain the legal
2 services of Gentile Cristalli Miller Armeni Savarese, and incur fees and costs to bring this action,
3 Plaintiffs are also entitled to an award of attorneys' fees and costs of suit.

4 **THIRD CLAIM FOR RELIEF**

5 **(Violation of Civil Rights)**

6 **(Equal Protection)**

7 **(U.S. Const., Amendment XIV; Nev. Const., Art. 1, Sec. 1; Title 42 U.S.C. § 1983)**

8 69. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth herein.

9 70. By improperly denying Plaintiffs' Applications for licensure under the provisions
10 of NRS 453D.200.2 and NRS 453D.210.4-6 while improperly granting the Applications of other
11 applicants under color of state law as set forth *supra* in Plaintiffs' FIRST CAUSE OF ACTION
12 and SECOND CAUSE OF ACTION, the Department has, without justification, disparately
13 treated Plaintiffs' Applications absent rational basis, and has thereby violated Plaintiffs' rights to
14 equal protection of the law as guaranteed by the Fourteenth Amendment to the Constitution of
15 the United States and Article 1, Section 1 of the Constitution of the State of Nevada.

16 71. The constitutional infirmity of the entire licensing process and the resulting denial
17 of equal protection renders the denial of Plaintiffs' Applications for licensure void and
18 unenforceable, and, for the reasons set forth *supra* in Plaintiffs' FIRST CAUSE OF ACTION at
19 paragraphs 30 through 47, inclusive, Plaintiffs are entitled to a declaration as to the
20 ineffectiveness thereof and an order enjoining the enforcement of those license denials.

21 72. Plaintiffs are also entitled to damages for these equal protection violations
22 pursuant to the provisions of 42 U.S.C. Section 1983 and otherwise.

23 73. As the actions of the Department have necessitated that Plaintiffs retain the legal
24 services of Gentile Cristalli Miller Armeni Savarese, and incur fees and costs to bring this action,
25 Plaintiffs are also entitled to an award of attorneys' fees and costs of suit.

26 **FOURTH CLAIM FOR RELIEF**

27 **(Petition for Judicial Review)**

28 74. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth

1 herein.

2 75. The Department, in misinterpreting and incorrectly applying the provisions of
3 NRS 453D, NAC 453D and the related Nevada laws and regulations, has exceeded its
4 jurisdiction by improperly issuing licenses to applicants that do not merit licenses under the
5 provisions of NRS 453D, NAC 453D, and R092-17.

6 76. Plaintiffs are aggrieved by the decision of the Department to deny Plaintiffs'
7 Applications without proper notice, substantial evidence, or compliance with NRS 453D, NAC
8 453D, R092-17, and other Nevada state laws or regulations.

9 77. There is no provision in NRS 453D, NAC 453D, or R092-17 allowing for an
10 administrative appeal of the Department's decision, and apart from injunctive relief, no plain,
11 speedy, and adequate remedy for the Department's improper actions.

12 78. Accordingly, Plaintiff petitions this Court for judicial review of the record on which
13 the Department's denials were based, and an order providing *inter alia*:

- 14 a. A determination that the decision lacked substantial evidence;
15 b. A determination that the denials are void *ab initio* for non-compliance with
16 NRS 453D, NAC 453D, R092-17, and other Nevada laws or regulations; and
17 c. Such other relief as is consistent with those determinations.

18 79. As the actions of the Department have necessitated that Plaintiffs retain the legal
19 services of Gentile Cristalli Miller Armeni Savarese, and incur fees and costs to bring this action,
20 Plaintiffs are also entitled to an award of attorneys' fees and costs of suit.

21 **FIFTH CLAIM FOR RELIEF**
22 **(Petition for Writ of Mandamus)**

23 80. Plaintiffs repeat and re-allege all prior paragraphs as though fully set forth herein.

24 81. When a governmental body fails to perform an act "that the law requires" or acts
25 in an arbitrary or capricious manner, a writ of mandamus shall issue to correct the action. Nev.
26 Rev. Stat. § 34.160.

27 82. The Department has failed to perform various acts that the law requires including
28 but not limited to:

- 1 a. Providing proper pre-hearing notice of the denial; and
- 2 b. Arbitrarily and capriciously denying the applications for no legitimate reason.
- 3 83. The Department acted arbitrarily and capriciously in the denial by performing
- 4 and/or failing to perform the acts set forth *supra*, and because, *inter alia*:
- 5 a. The Board lacked substantial evidence to deny Plaintiffs' Applications; and
- 6 b. The Board denied Plaintiffs' Applications in order to approve the Applications
- 7 of other competing applicants without regard to the merit of Plaintiffs'
- 8 Applications and the lack of merit of the Applications of other competing
- 9 applicants.
- 10 84. These violations of the Defendants' legal duties were arbitrary and capricious
- 11 actions that compel this Court to issue a Writ of Mandamus directing the Department to review
- 12 Plaintiffs' Applications on their merits and/or approve them.
- 13 85. As a result of the Defendants' unlawful and arbitrary and capricious actions,
- 14 Plaintiff has been forced to retain legal counsel to prosecute this action and is therefore also
- 15 entitled to its damages, costs in this suit, and an award of attorneys' fees pursuant to NRS
- 16 34.270.

17 **PRAYER FOR RELIEF**

18 WHEREFORE, PLAINTIFFS pray for relief as follows:

- 19 1. For declaratory relief as set forth above;
- 20 2. For a preliminary and permanent injunction enjoining the enforcement of the
- 21 denial of their Applications for licensure;
- 22 3. For judicial review of the record and history on which the denial of those
- 23 Applications was based;
- 24 4. For the issuance of a writ of mandamus;
- 25 5. For compensatory and special damages as set forth herein;
- 26 6. For attorneys' fees and costs of suit; and
- 27 7. For all other and further relief as the Court deems just and proper.

2 (Court was called to order)

3 THE COURT: We're two minutes early. So if you're
4 not ready that's okay. I have a clerk helping, since Dulce is
5 on vacation. That means I'm going to make every single one of
6 you who's going to speak, and that includes the A-V guys,
7 identify yourselves and say who you represent so she can make
8 a chart to try and keep up, because all of us forget how
9 competent Dulce is after living with you for so long.

10 So, Ms. Higgins, you're up, you're first.

11 MS. HIGGINS: Brigid Higgins on behalf of Clear
12 River LLC.

13 MR. GRAF: And Rusty Graf on behalf of Clear River
14 LLC.

15 MR. GUTIERREZ: Joseph Gutierrez on behalf of
16 Essence and Thrive.

17 MR. FETAZ: Maximilien Fetaz on behalf of the ETW
18 plaintiffs.

19 MR. BULT: Adam Bult on behalf of the ETW
20 plaintiffs, as well.

21 MR. GODFREY: Shane Godfrey on behalf of this entire
22 side's presentation.

23 MR. RULIS: Nate Rulis on behalf of MM Development
24 and LivFree Wellness.

25 MR. CRISTALLI: Michael Cristalli appearing on

1 behalf of plaintiffs Serenity, et al.

2 MR. GENTILE: Dominic Gentile appearing on behalf of
3 et al.

4 MR. KOCH: David Koch for Nevada Organic Remedies.

5 MR. SHEVORSKI: Steve Shevorski on behalf of the
6 State.

7 MR. BHIRUD: Ketan Bhirud on behalf of the State, as
8 well. And I might make a note. Mr. Koch sits here, if you're
9 making a chart. Just trying to be helpful.

10 THE COURT: Well, I was going to tell her where Mr.
11 Parker is when you all finish, since he's always late.

12 MR. WIGHT: Brody Wight on behalf of Nevada Organic
13 Remedies.

14 MR. KAHN: Jared Kahn for Helping Hands Wellness
15 Center.

16 MS. SHELL: Alina Shell on behalf of GreenMart of
17 Nevada NLV.

18 MR. HONE: Eric Hone for Lone Mountain Partners.

19 MR. CLARK: I'm Brian Clark here helping with the
20 A-V for the defense side.

21 THE COURT: So the chair next to Mr. Gutierrea in
22 the box over here, that is usually occupied by Mr. Parker.
23 Mr. Parker will walk in 10 minutes late, because he always
24 does.

25 So before I swear in Mr. Pupo --

1 MR. CRISTALLI: Your Honor, we have another one.
2 The chair next to Dominic will be Will Kemp.
3 THE COURT: Oh. Mr. Kemp will sit on the end. He's
4 also always late, but not as late as Mr. Parker. So --
5 MR. CRISTALLI: Your Honor, we don't have Mr. Miller
6 here yet, either.
7 THE COURT: Mr. Miller's been here all morning.
8 MR. CRISTALLI: I know, but he's not here right now.
9 THE COURT: Is Mr. Miller going to sit next to you,
10 Mr. Cristalli?
11 MR. CRISTALLI: Yes.
12 MR. GENTILE: Well, if I may withdraw. This is his
13 witness. He ought to be for him. So let me go get him.
14 THE COURT: Well, I'm not on the witness yet.
15 MR. GENTILE: Oh.
16 THE COURT: I'm just making a chart of who's here.
17 MR. GENTILE: I see. Okay.
18 THE COURT: So Ross Miller will be sitting somewhere
19 around Mr. Cristalli.
20 MR. GENTILE: He will be to Mr. Cristalli's left.
21 THE COURT: Okay. Anybody else who's going to be
22 here who's typically late? And here comes Mr. Kemp. I told
23 you he was not always as late as Mr. Parker. So Mr. Kemp is
24 here. You've already got his chair designated. So before Mr.
25 Pupo gets sworn in let me ask a couple questions.

1 I have two motions that I'd like to entertain today.
2 I was thinking we'd do it at the lunch break. The two
3 motions, and I don't know if you all received the minute order
4 on Monday, but I have a problem with the motion to seal
5 exhibits that was filed, Mr. Fetaz, by your firm, because the
6 documents in the exhibits, while designated confidential by
7 the parties, are not confidential, and I'm not going to grant
8 the motion to seal based on a cursory review of those
9 documents. But I'm happy to listen to the producing parties,
10 who are the defendants, related to any specific objections
11 within Exhibits A through F.

12 And then on the motion for leave I have an OST that
13 is set for tomorrow. If all parties are in agreement, I will
14 move it to today around the lunch hour if that will help you.

15 Yes, Mr. Graf?

16 MR. GRAF: Your Honor, we planned on filing a
17 written opposition to that.

18 THE COURT: Then I won't do it. Thank you, Mr.
19 Graf. I'm crossing that off my list of things to talk to you
20 guys about.

21 Anything else before we wait for Mr. Miller and
22 swear the witness when he gets here? Because he's been here
23 all morning.

24 MR. GRAF: Your Honor, one thing.

25 THE COURT: Yes.

1 MR. GRAF: We didn't get the motion to seal, so --

2 THE COURT: You would have gotten the motion to
3 seal, because it was filed a month ago. See, the motion to
4 seal got filed -- the motion it related to was on an OST. So
5 we heard the motion in April or May and the exhibits -- Dani
6 says if you'd like to look at the motions, that you could. It
7 was filed on May 24th. And if you'd like to look at my copy,
8 I would be happy to share it with you, Mr. Graf.

9 MR. GRAF: Yeah, if --

10 THE COURT: Come on up.

11 MR. GRAF: Indeed. Thank you.

12 THE COURT: But don't write in it, please.

13 MR. FETAZ: And the other sealed exhibits were also
14 served on all parties, as well, around that time.

15 THE COURT: They're all in that binder. Because I
16 think you sent me a courtesy copy on Friday when I said no.

17 MR. FETAZ: We did, Your Honor.

18 THE COURT: All right. So we're still waiting for
19 Mr. Miller, who is now here. Okay. Are we missing anyone
20 else besides Mr. Parker, who will eventually get here?

21 Mr. Pupo, if you'd raise your right hand, please.

22 We have to swear him in.

23 JORGE PUPO, PLAINTIFFS' WITNESS, SWORN

24 THE CLERK: Please be seated. And please state and
25 spell your first and last name.

1 THE WITNESS: My name's Jorge, J-O-R-G-E. Last name
2 Pupo, P-U-P-O.

3 THE COURT: And, Mr. Pupo, thank you again for
4 coming back for this continued examination. I think you still
5 have water in the pitcher next to you, M&M's behind you, and
6 you know the situation with the exhibits from your prior
7 examination.

8 Mr. Koch, you may continue your examination.

9 CROSS-EXAMINATION (Continued)

10 BY MR. KOCH:

11 Q All right. Mr. Pupo, we left off I think it was a
12 week and a half ago, some time ago, talking about the phrase
13 "prospective owner." Do you remember talking about that
14 phrase?

15 A Yes.

16 Q And we looked at the definition that we saw in the
17 dictionary about "prospective" being a future owner. Do you
18 remember that?

19 A Yes.

20 Q And you would agree that it would not be possible
21 for the Department to conduct background checks on future
22 owners that were not known at the time the application was
23 submitted; is that right?

24 A That's right.

25 Q And if we looked at other potential definitions for

1 "prospective" like "possible" or "potential" owner, and we
2 talked about the fact that maybe any person living in the
3 United States could buy a share of stock and could be an owner
4 so that could be a prospective owner. And this Department
5 couldn't do background checks on every possible person in the
6 United States who might buy a share, could it?

7 A That's right.

8 Q And so under either of those definitions for
9 "prospective," either a future owner or a possible or
10 potential owner, the Department did not undertake to try to
11 conduct background checks on everyone who might fit under
12 those definitions; is that right?

13 A That's correct.

14 Q And fair to say it would be impractical for the
15 Department to conduct background checks in such a manner?

16 A Yes.

17 Q Now, you're aware in 2018 that there were certain
18 marijuana establishments that were owned by public companies
19 in full or in part; is that right?

20 A Yes.

21 Q Was there ever discussed within the Department
22 about, you know, saying maybe we should conduct a background
23 check of every owner of a share of a public company who owns a
24 marijuana establishment?

25 A No.

1 Q So there's no discussion about potentially carrying
2 out that level of ownership check?

3 A No.

4 Q In the background check itself can you just describe
5 how the Department carries out that process to perform a
6 background check.

7 A Well, as far as I know, the individual would submit
8 their -- they get fingerprinted. They go to a fingerprint
9 location and they submit a form to us, and then they go
10 straight to DPS and I think the FBI. And then we wait for a
11 report to come back.

12 Q Do you know how long that report takes?

13 A Thirty to 45 days potentially.

14 Q Okay. And is there a cost associated with
15 completing that background check?

16 A Yes.

17 Q How much is the cost?

18 A I don't know for sure. It's 30, \$40 maybe.

19 Q Okay. And I've also seen indications in the
20 statutes, maybe the regulations, that when someone submits for
21 a background check with respect to an owner/agent card that
22 you need to pay a fee of \$75; is that right?

23 A Yes.

24 Q And that needs to be paid at the time that the
25 request for a background check is made?

1 A Yes.

2 Q And who pays that \$75?

3 A The individual.

4 Q You said the individual. The individual potential
5 owner of the company; is that right?

6 A Yes.

7 Q All right. Did you ever consider asking each
8 shareholder of a public company to submit a check for \$75 in
9 order to run a background check on each of those shareholders?

10 A No.

11 Q And do you believe it was necessary for the
12 Department to limit the scope of the background checks that
13 would be performed in order to complete its function?

14 A Limit the scope of the background check?

15 Q Limit the scope in a sense of limit the number of
16 people that it be performed on. When I say limit the scope I
17 guess I mean limit -- not performing background checks on
18 every single shareholder of a public company. Would you agree
19 that --

20 A Right. That's correct.

21 Q -- that was necessary?

22 A Right, we had to limit it.

23 Q All right. Let's move to another section of the
24 statute. And I think I gave you a printout. We're just going
25 to go to 453 --

1 MR. KOCH: Your Honor, it's 453D.200, the statute
2 looked at quite a bit. I'll, if I can, Your Honor, just
3 approach with a copy of that.

4 THE COURT: Okay.

5 MR. KOCH: And actually, let's do this. Do we have
6 -- I don't know if we have -- Brian, do you have NRS 453D.030?
7 It's a definition section.

8 BY MR. KOCH:

9 Q NRS 453D.030 is the section of definitions. Have
10 you seen this provision of the statute before?

11 A Yes.

12 Q All right. Let's go to Number 19, subsection 19.
13 There's a definition there for unreasonably impracticable.
14 Have you seen that before?

15 A Yes.

16 Q And that says, "Unreasonably impracticable means
17 that the measures necessary to comply with the regulations
18 require such a high investment of risk, money, time, or any
19 other resource or asset that the operation of a marijuana
20 establishment is not worthy of being carried out in practice
21 by a reasonably prudent businessperson." You've seen that
22 definition before; correct?

23 A Yes.

24 Q Do you know how many times that phrase "unreasonably
25 impracticable" appears within the rest of NRS 453D?

1 A No, I don't.

2 Q Would it surprise it's only one other time?

3 A No.

4 Q Let's look at that one other time, and that's in
5 453D.200, which you've looked at many, many times. And I
6 think you've got that right there in front of you. If you
7 could draw your attention to Item Number 1 on 453D.200, which
8 talks about the Department adopting regulations. You've read
9 this before?

10 A Yes.

11 Q And we've read that first sentence quite a bit.
12 "The Department shall adopt all regulations necessary or
13 convenient to carry out the provisions of this chapter." Then
14 the next sentence says, "The regulations must not prohibit the
15 operation of marijuana establishments either expressly or
16 through regulations that make their operation unreasonable
17 impracticable." I'll represent the only other time that it
18 appears in the entirety of NRD 453D. Do you have an
19 understanding of what that means based on the definition?

20 A Yes.

21 Q If you were to explain that to somebody, what would
22 you -- how would you explain that, that the regulations should
23 not be unreasonably impracticable?

24 A That the regulations are not to be overburdensome on
25 the licensees.

1 Q And if we look just right below that, that relates
2 to regulations that include the procedures for issuance,
3 renewal, suspension, and revocation of a license to operate a
4 marijuana establishment. So do you have an understanding that
5 the procedures for the issuance of a license should not be
6 unreasonably impracticable?

7 A Yes.

8 Q And do you believe that the procedures and
9 regulations the Department passed were adopted in order to
10 carry out this function in fact fulfill that aspect of the
11 law?

12 A Yes.

13 Q When the drafters of this initiative back in 2014
14 that we looked at some time ago would that initiative -- you
15 don't have any understanding of their ability to look at the
16 future in 2018 what the industry was, do you?

17 A No.

18 Q This appears to be sort of a phrase written to give
19 the Department some ability to conduct its business and its
20 regulations in a way that would account for changes in the
21 industry; is that right?

22 A Yes.

23 Q And the Department did pass or adopt regulations;
24 right?

25 A Yes.

1 Q And those final regulations came out in 2018, early
2 2018?

3 A Yes.

4 Q And that was after the Task Force report was issued?

5 A Yes.

6 Q And then let's look at one other word before we come
7 off of this section here. And it's a word that the Judge has
8 asked quite a bit about. It's right at the beginning. "The
9 Department shall adopt all regulations necessary or convenient
10 to carry out the provisions of this chapter." Do you have an
11 understanding of what the word "convenient" means?

12 A Sure.

13 Q What -- if you were to just off the top of your head
14 define it, how would you explain what "convenient" means?

15 A Practical.

16 Q Okay. Practical.

17 A Easy.

18 Q Yeah. You know, I actually looked at, I think this
19 is the second time since I graduated from law school, Black's
20 Law Dictionary, the first time was a couple weeks ago, looked
21 at the definition of "convenient" in Black's Law Dictionary,
22 and there it says, "convenient" is proper, just, suitable,
23 fit, adaptive, proper," maybe you talk to the editors about
24 including "proper" twice, and then, becoming appropriate. So
25 "convenient" here, according to Black's Law Dictionary, would

1 be things like suitable. The regulations would be suitable
2 for the circumstances that the Department is dealing with; is
3 that right?

4 A Yes.

5 Q And becoming appropriate, did you believe that the
6 regulations over time would change and potentially adapt based
7 upon the industry?

8 A Sure. Many times.

9 Q Another definition. Merriam Webster says
10 "convenient" means suited to a particular situation. Do you
11 have any disagreement with that definition of suited to a
12 particular situation?

13 A No.

14 Q And the situation here we had in 2014 there were no
15 public companies, and then by 2018 there were; is that right?

16 A Yes.

17 Q All right. Let's look at one of the regulations
18 that we've talked about a fair amount. That's NAC 453D.255.
19 We'll put it up. I'll provide you with a copy of that.

20 THE COURT: Can you see it on the screen, sir?

21 THE WITNESS: Yes.

22 BY MR. KOCH:

23 Q NAC 453D.255 is the 5 percent threshold that we've
24 talked about a fair amount. You're familiar with this
25 regulation?

1 A Yes.

2 Q And under section (1) it says that, "Except as
3 otherwise required in subsection (2), the requirements of this
4 chapter concerning owners of marijuana establishments only
5 apply to a person with an aggregate ownership interest of
6 5 percent or more in a marijuana establishment." You're
7 familiar with that provision?

8 A Yes.

9 Q You believe that that was a necessary and convenient
10 provision for purposes of carrying out the Department's
11 function?

12 A Yes.

13 Q And it certainly would be -- the Department could
14 conduct background checks -- let's say if an applicant
15 submitted 20 individuals, each of them had a 5 percent
16 ownership interest, could the Department carry out background
17 checks on that number of people?

18 A Yes.

19 Q In fact, represent that Nevada Organic Remedies had
20 I believe it was 22 individuals that were listed as part of
21 its owners, officers, or board members, and background checks
22 would have been conducted on each of those individuals; is
23 that right?

24 A Yes.

25 Q And what if you had 20,000 individuals for a single

1 establishment? Would that have been feasible to conduct
2 background checks?

3 A No.

4 Q Subsection (2) in that same regulation says, "If in
5 the judgement of the Department the public interest will be
6 served by requiring any owner with an ownership interest of
7 less than 5 percent in a marijuana establishment to comply
8 with any provisions of this chapter concerning owners of
9 marijuana establishments, the Department will notify that
10 owner and he or she must comply with those provisions."

11 So the Department had the ability to require a
12 background check of an owner of less than 5 percent if it
13 determined it was necessary?

14 A Yes.

15 Q If -- we heard these examples of the Sinaloa Cartel
16 coming in and buying up all these -- strategically staying
17 below 5 percent in order to buy up a marijuana establishment,
18 if you receive an application that listed no owners because
19 25 people held 4 percent each of that establishment, do you
20 think the Department would raise a question with that
21 application?

22 A Yes.

23 Q In fact, if there are no owners at all listed, that
24 would put up a red flag, wouldn't it?

25 A Yes.

1 Q And it says, "if the public interest would be
2 served." So let's say you got an application, it came in, and
3 you saw that a guy named Joaquin Guzman a/k/a El Chapo was
4 listed on there, he's listed as a 1 percent owner --

5 THE COURT: Isn't he in New York somewhere right
6 now?

7 MR. KOCH: I think he is, but --

8 THE COURT: Yeah.

9 MR. KOCH: -- he seems to have a sphere of influence
10 that might span a little further.

11 BY MR. KOCH:

12 Q But let's say El Chapo is on there. Would you
13 potentially run a background check on that individual if some
14 suspicion came up about this might be the guy?

15 A Sure.

16 Q If there were anyone suspicious on there, in fact,
17 the Department would have the ability to check that person
18 out; right?

19 A Yes.

20 Q And let's go the other way. If someone did in fact
21 -- applicant listed just a 1 percent owner and asked for an
22 agent card to be provided, even if they were under 5 percent,
23 would the Department check the background of that individual?

24 A Yes.

25 Q So that standard of 5 percent, did you believe that

1 that was necessary for the Department to carry out its
2 function in regulating this industry?

3 A Yes, I do.

4 Q And it might be unreasonably impracticable to
5 conduct checks some other way; is that right?

6 A Yes.

7 Q We looked at a few of those gaming statutes. I
8 think Mr. Miller took you through those quite a bit, and Mr.
9 Shevorski asked you a little bit about those statutes. Is the
10 gaming industry -- would you say it's more mature or less
11 mature than the marijuana industry in Nevada?

12 A More mature, definitely.

13 Q And to your understanding, is it pretty heavily
14 regulated?

15 A Yes.

16 Q All right. Let's pull up NRS 463.490.

17 THE COURT: I don't know that that's in the same
18 book you have --

19 MR. KOCH: Were' actually -- we've got it on the
20 screen. We can pull it up unless there's an issue with the --
21 BY MR. KOCH:

22 Q All right. So we put on the screen there, Mr. Pupo,
23 that statute that I've referenced. First of all, the title
24 there is "Qualifications for State gaming license for
25 corporations other than publicly traded corporations." So

1 there appear to be a distinction in the gaming statutes with
2 respect to regulation of publicly traded companies and not
3 publicly traded companies. Does marijuana have that
4 distinction in place as of today?

5 A No.

6 Q Might it be something that the Department or the
7 legislature look at in the future?

8 A Well, sure.

9 Q If we look at the bottom of this statute, there's a
10 section down there where it says when its added to the NRS.
11 And it says added to the NRS by 1967, 1969, and 1993. So
12 would it surprise you that this statute was first -- or the
13 first iteration of it was adopted in 1967?

14 A No.

15 Q Fifty-two years ago is when it was adopted, and
16 changes were made to that; is that right?

17 A Yes.

18 Q Let's look at a couple of other items just in gaming
19 so we can have some perspective there. Can we go to 463.520.
20 And this deals with regulations with board by -- registration
21 with the board by corporations other than publicly traded
22 corporations. And if we look at this, there is a requirement
23 to register. And so this has a description in the subsection
24 here, Item 1. It requires "The organization, financial
25 structure, and nature of the business to be operated,

1 including, (a) the names and personal history of," and I
2 underlined this, this isn't part of the statute, "of all
3 officers, directors, and key employees." Do you know why
4 there "owners" is not listed among the gaming statutes?

5 A No.

6 Q And then (b) says, "A complete set of the
7 fingerprints of all officers, directors, and key employees
8 which the board may forward to the Central Repository," et
9 cetera. [Unintelligible] FBI [unintelligible]. So do you
10 know why the owners were not background checked for
11 fingerprints here?

12 A No.

13 Q There was a distinction apparently that was made in
14 the gaming statutes between owners, officers, board members;
15 is that right?

16 A Yes.

17 Q Okay. And let's look at one or two more. We're
18 going to go to 463.5735. This relates to individual licensing
19 of members, directors, managers, and other persons of limited
20 liability companies. And Item 1, I think Mr. Miller might
21 have shown you this before, but it says, "Every member and
22 transferee of a member's interest with more than 5 percent
23 ownership interest in a limited liability company and every
24 director and manager of a limited liability company which
25 holds or applies for a State gaming license must be licensed

1 individually according to the provisions of this chapter."

2 Now, do you personally know why this 5 percent
3 threshold was put in the gaming statutes?

4 A No, I don't.

5 Q Must have had a reason for it, though?

6 A Sure.

7 Q You believe that this 5 percent limitation is a
8 reasonable part of the statute based on your understanding?

9 A Yes.

10 Q All right. And then let's go to NRS 463.625. It's
11 the section about -- actually a subsection of the chapter that
12 talks specifically about publicly traded companies. And it
13 says that "The Commission may exempt a publicly traded
14 corporation from compliance with any provisions listed there."
15 Do you know why there might have been an exemption for
16 publicly traded companies in the gaming statutes?

17 A No.

18 Q All right. But there was, it appears?

19 A Yes.

20 Q Let's go to NRS 463.635. It's about publicly traded
21 corporation owning or controlling an applicant or licensee.
22 And here I want to just ask you -- we looked at the issue
23 about ownership, and this in Item 1 says, "If a corporation,
24 partnership, limited partnership, LLC, or other business
25 applying for or holding a State gaming license is or becomes

1 owned in whole or in part or controlled by a publicly traded
2 corporation, then publicly traded corporations shall, Item
3 (a), maintain a ledger in the principal offices of its
4 subsidiary which is licensed to conduct gaming in the state,
5 which must reflect the ownership of record." It goes on. It
6 essentially says you can provide a shareholder list that's
7 held by the subsidiary. Do you see that?

8 A Yes.

9 Q Okay. Do you know of any gaming regulation that
10 requires the licensee to regularly update the Commission on a
11 daily basis with owners of its shares of stock?

12 A No, I don't.

13 Q And this statute which requires maintenance of a
14 ledger with the company that can be available for inspection
15 in subsection (2), do you believe that's a reasonable way of
16 handling ownership of a publicly traded company that's
17 licensed?

18 A Yes.

19 Q All right. One more. This is the last one for
20 gaming. We're going to look at NRS 463.643. And this is
21 about suitability of persons acquiring beneficial ownership of
22 any voting security or beneficial record ownership of any
23 nonvoting security, et cetera. And, again, this is one I
24 think Mr. Shevorski looked at with you. Do you have an
25 understanding that the Gaming Commission requires suitability

1 checks to be done on potential owners of gaming companies?

2 A Yes.

3 Q And here it says that "Each person who acquires, in
4 section (1), directly or indirectly beneficial ownership of
5 any voting security may -- or even skip down -- may be
6 required to be found suitable if the Commission has reason to
7 believe that the person's acquisition of ownership would
8 otherwise be inconsistent with the declared policy of the
9 State." So Commission's going to conduct suitability checks;
10 is that right?

11 A Yes.

12 Q And it appears that the Commission may have some
13 discretion -- we'll jump down to section (3) -- or in red,
14 again, it's not part of the original, that's my highlight
15 there. But if someone has ownership of more than 5 percent,
16 they're required to submit a report with the SEC. If they're
17 required to submit that report, send it to the Gaming
18 Commission. Do you see that?

19 A Yes.

20 Q Does the Department of Taxation require currently
21 owners of 5 percent or more to submit SEC reports to the
22 Department?

23 A No.

24 Q That might be something that in the future might be
25 considered?

1 A Yes.

2 Q And then Item (4) has a distinction for beneficial
3 ownership of more than 10 percent. And if someone has more
4 than 10 percent, last lines, "shall apply to the Commission
5 for a finding of suitability within 30 days after the chair of
6 the board mails the written notice." So Commission has
7 decided on 10 percent threshold for suitability checks as an
8 automatic requirement. Do you see that?

9 A Yes.

10 Q And does the Department have a 10 percent threshold?

11 A No.

12 Q It has a 5 percent threshold; is that right?

13 A Yes.

14 Q Let's look at some examples or applications of that.

15 MR. KOCH: If we can go to Exhibit I think it's
16 Proposed 5035.

17 (Pause in the proceedings)

18 MR. KOCH: I think there's no objection to 5035.

19 THE COURT: Any objection?

20 MR. MILLER: No.

21 THE COURT: Be admitted.

22 (Plaintiffs' Exhibit 5035 admitted)

23 BY MR. KOCH:

24 Q All right. Exhibit 5035, Mr. Pupo. This is a
25 letter, appears, from the Oasis Cannabis Dispensary, which is,

1 if we look below the logo, Serenity Wellness Center LLC d/b/a
2 Oasis Canabis. You're familiar with Serenity Wellness Center
3 d/b/a Oasis Canabis?

4 A Yes.

5 Q That's one of the entities that Mr. Miller, who
6 asked you questions earlier, he represents; is that right?

7 A Yes.

8 Q It's a letter from September 13th, 2018. That was
9 in the middle of the application timeframe?

10 A Yes.

11 Q Okay. And the subject of this letter is "Pending
12 ownership transfer during retail store application period."
13 And it says, "CLS Holdings USA, a publicly traded company
14 listed as CLSH on the OTCQV Exchange recently acquired
15 100 percent of the membership interests in Serenity Wellness
16 Center LLC d/b/a Oasis Canabis." So Serenity notified you of
17 this transfer; is that right?

18 A Apparently.

19 Q Okay. Who would get this type of a letter? If this
20 came in -- it just says, Department of Taxation. Do you know
21 who would get this?

22 A Go to Carson City staff, Steve Gilbert's group.

23 Q Okay. Goes on to say, "The ownership transfer
24 request has been submitted to the Department of Taxation in
25 accordance with the applicable laws and procedure." If that

1 was the case, if a transfer was going to come down, they would
2 have to make that request and be approved by the Department;
3 is that right?

4 A Yes.

5 Q But it was still pending review when this
6 application was submitted. "Please note that the application
7 was submitted as if the pending transfer had already been
8 approved in expectation that the transfer will be completed
9 prior to or at the time of the final scoring and ranking of
10 retail store applications."

11 Now, that process, do you believe that that was a
12 proper way to do it? They've got a transfer pending, they put
13 on the application the owners as of a potential transfer that
14 may be granted in the future?

15 A Yes.

16 Q And then we'll look at the next paragraph where it
17 says, "All of the former owners and founders of Oasis Cannabis
18 are now stockholders in CLSH, and together they own about
19 29 percent of the outstanding shares of the public company.
20 We had included information from a few significant
21 stockholders that were part of the previous ownership group.
22 The stockholders were included are," and it appears those
23 names are redacted. "The remaining owner of information
24 contained in this application relates to officers and board
25 members." Do you know why Serenity only listed some of its

1 stockholders there?

2 A No, I don't.

3 Q Did they ever ask, the Department, why or about the
4 listing of only significant stockholders?

5 A I don't.

6 Q Perhaps they read the regulation of 5 percent and
7 listed those that were above 5 percent?

8 A Perhaps.

9 Q Do you have any problem with what they've provided
10 here in the letter that you've read?

11 A No.

12 Q And if there were in fact 71 percent of shares held
13 by non-insiders, general public, of the CLSH entity and if
14 there were millions of shares out there, do you believe that
15 it would be unreasonably impracticable for the Department to
16 check every one of those 71 percent owners of public stock as
17 part of the application here?

18 A Yes.

19 Q Asked also about MM Development, Mr. Kemp's client.
20 We've talked about them from time to time. I think I might
21 have asked you a couple of questions about them. But I
22 believe there's about 20 million shares of MM Development
23 stock that's not held by insiders, give or take. If the
24 Department were asked to conduct background checks of
25 20 million shareholders, could it do that?

1 A No.

2 THE COURT: Mr. Koch, you used a term you haven't
3 used with this witness before, "insiders." Can you define for
4 him, who is not someone in our Business Court, what that
5 means.

6 BY MR. KOCH:

7 Q So let's just say owners -- not owners, we can skip
8 that. Officers or board members, individuals that have
9 positions within the company that own shares of stock may be
10 deemed to be insiders, because they have information that's
11 not privy to the general public. Do you understand what an
12 insider is generally?

13 A Yes.

14 Q And maybe I'll clear that up by not saying
15 "insiders." Owners who are not officers or board members own
16 at least 20 million shares of MM Development stock, it appears
17 based upon the filings. Are you aware of that?

18 A Will you say it again.

19 Q Owners who are not officers or board members of MM
20 Development, or Planet 13 Holdings I think is the actual
21 public entity, own approximately 20 million shares of that
22 stock. Are you aware of that?

23 A No.

24 Q Okay. And if those 20 million shares and their
25 owners were all submitted to the Department for background

1 checks, could the Department run those checks in a timely
2 fashion?

3 A No.

4 Q If someone bought a share of stock and traded it
5 within a week, do you have any expectation that the Department
6 could complete a background check within that period of time?

7 A No.

8 Q And if on a daily basis three or 400,000 shares of
9 stock changed hands, does the Department have any ability to
10 do background checks on owners of three or 400,000 shares of
11 stock? Let me back up. Unless one person trades all that
12 stock, I suppose, does the Department have that ability to do
13 that?

14 A No.

15 Q And even if one person did own all that stock and
16 they held it for a week, the Department wouldn't get that
17 background check done before they sold the stock, would they?

18 A No.

19 Q And so you were presented with all these theoretical
20 ownership scenarios where the Sinaloa Cartel comes in and buys
21 stock and owns companies and runs its drug trafficking through
22 these entities. But isn't it true that in 2018 in order to be
23 an applicant you had to have already held an MME certificate?
24 Is that right?

25 A Yes.

1 Q And that's part of the statute, actually, said you
2 must be holding a medical license in order to submit a
3 recreational application; right?

4 A Yes.

5 Q And so are you aware of any Sinaloa Cartel members
6 who held MME certificates in 2018?

7 A No.

8 Q Are you aware of any Canadian Mafia bosses who held
9 medical certificates in 2018?

10 A No.

11 Q If they did, you know, the fox is already in the hen
12 house; right? They're already there, they've already got
13 ownership. Was anything done to try to check back to see if
14 any of those existing medical certificate owners might
15 actually be Sinaloa Cartel members?

16 A No.

17 Q Because the background checks had already been run;
18 is that right?

19 A Yes.

20 Q And if a new transfer were proposed, a new
21 background check would be submitted?

22 A Yes.

23 Q And if an application or transfer of ownership was
24 listed, submitted to the Department that said everybody who is
25 a current owner will no longer be an owner and everyone who's

1 buying our stock is under 5 percent so we're not going to tell
2 you who those owners are, would the Department approve that
3 transfer of ownership?

4 A Wait. Say it again.

5 Q If a transfer of ownership came in which stated that
6 no one is going to be listed as new owners because they're all
7 under 5 percent, would the Department approve that transfer?

8 A Probably not.

9 Q Would the Department look into that transfer?

10 A Yes.

11 Q Would the Department be suspicious of that transfer?

12 A Yes.

13 Q All right. So we have talked a lot about background
14 checks, a lot about a lot of different scenarios or theories
15 or different things that may go on with that. But have you
16 had any instance that you've seen here during this proceeding
17 or previously with a background check that somebody's come to
18 you and said, hey, you should have run a background check on
19 this person because if you did it would have disqualified
20 them?

21 A No.

22 Q Have you seen any exhibits or anything offered that
23 show a background check on someone who was in fact a convicted
24 felon with an excludable felony who was approved for ownership
25 in the Department's licensing program?

1 A No.

2 Q And assuming those background checks were run as we
3 discussed, that did not have any bearing necessarily on the
4 actual evaluation and scoring process, did it?

5 A No.

6 Q I guess the individuals did not get points for
7 having background checks done, did they?

8 A No.

9 Q They had to have the background checks done as a
10 condition to be able to get their license finalized; is that
11 right?

12 A Yes.

13 Q And so just because a background check was -- nobody
14 got 1 point or 2 points background check passed, anything like
15 that?

16 A No.

17 Q Okay. And so everything we've talked about with
18 these background checks, that would not have changed the
19 outcome of the rankings that we've looked at, 1 to 100 or
20 whatever it would have been. Conducting background checks had
21 no bearing on the points that were assigned; is that right?

22 A That's right.

23 Q Change topics a little bit. Let me ask you on
24 partiality. Are you aware that the statute said that the
25 Department was required to have an impartial and numerically

1 scored bidding process?

2 A Yes.

3 Q And do you believe the Department carried out an

4 impartial process?

5 A Yes.

6 MR. KOCH: We looked at -- let's go to Exhibit 239.

7 Do you have that, Brian, 239?

8 BY MR. KOCH:

9 Q All right. This was I believe a series of texts,

10 and there are Facebook posts as part of this regarding Dr.

11 Spirtos. Do you remember that?

12 A Yes.

13 MR. KOCH: Do you have that page, Brian? I can't

14 remember what page it's on. If you can't find it, let's just

15 move along.

16 BY MR. KOCH:

17 Q So in that post do you remember Mr. Miller asking

18 you the question about a phrase or a sentence you said, what a

19 dumbass, about Dr. Spirtos; is that right?

20 A Yes.

21 Q Do you remember that?

22 A Yes.

23 Q That's how you felt at the time?

24 A Yes.

25 Q If you felt someone was a dumbass would you have

1 potentially -- if you were scoring the application had some
2 mental bias or feeling toward that person as part of the
3 process?

4 A It's possible.

5 Q Right. In that stack we showed you last time, NOR's
6 stack of scoring sheets, about 1500 pages, a lot of other
7 scoring sheets have been produced in this case. I looked
8 through a lot of them, not all of them, but I have not seen
9 one statement in there that this applicant is a dumbass. Did
10 you ever see anything like that in those scoring sheets from
11 the evaluators?

12 A No.

13 Q Do you, based on your observation and understanding
14 of the evaluators, believe that those evaluators were
15 impartial in their scoring?

16 A Yes.

17 Q Do you know if they knew any of the individuals who
18 were applicants or owners of those applicants?

19 A I don't believe so.

20 Q And I've seen you from time to time here. You've
21 been here now I think several days, probably a few days longer
22 than you would have liked, but talking with some individuals.
23 I saw you speaking with Mr. Frank Hawkins. Do you know Mr.
24 Hawkins?

25 A Yes.

1 Q He's one of the owners of I believe it's Nevada
2 Wellness Center. Are you aware of that?

3 A Yes.

4 Q And did you -- you testified last time you were here
5 that you hadn't met him in person prior to that meeting; is
6 that right?

7 A Yes.

8 Q Do you know his name, do you know who he was prior
9 to that?

10 A Yes.

11 Q Okay. So you were aware of him, you just hadn't met
12 him in person?

13 A Right.

14 Q Okay. And looked like you were having a good
15 conversation with him out in the hallway --

16 A Sure.

17 Q -- right? You're a friendly guy?

18 A Yeah, for the most part.

19 Q And when it comes to that discussion with Mr.
20 Hawkins after you met him, after you talked to him, got to
21 know him if you saw his application come in yourself, would
22 that have affected at all your perception of what was
23 submitted by Mr. Hawkins in his application?

24 A No.

25 Q Okay. And do you know if any evaluators met with

1 Mr. Hawkins or anybody else from Nevada Wellness Center?

2 A I don't think so.

3 Q Okay. Do you believe that having some distinction
4 between that personal contact would be an important thing for
5 the evaluators?

6 A I don't know.

7 Q Do you believe that bringing in outside evaluators
8 made the process more impartial than it would have been if the
9 Department of Taxation employees, who meet these individuals
10 or know who they are, had conducted the same process?

11 A Yes.

12 Q Okay. Now, speaking of Mr. Hawkins, I believe he's
13 listed as an African-American in his application. Are you
14 aware of that?

15 A Okay. I would assume so.

16 Q You didn't read his application; right?

17 A No.

18 Q Now, you've talked with him, met with him, talked to
19 him out in the hallway, surprise you that he's listed as
20 African-American on his application?

21 A No.

22 Q He appears to you to be African-American?

23 A Yes.

24 Q Okay. But based on his application, you hadn't met
25 him before, did you do anything to verify in fact that he was

1 African-American as part of his application?

2 A Me?

3 Q Right.

4 A No.

5 Q Do you know if anybody went out and met with him to

6 check just to make sure that he was African-American?

7 A No.

8 Q No DNA tests?

9 A No.

10 Q No family pedigree charts submitted?

11 A No.

12 Q Did you ever ask Mr. Hawkins out in the hall, are

13 you really African-American?

14 A No.

15 Q Okay. I didn't think you had. You trusted him;

16 right?

17 A Yes.

18 Q And for the Department in order to be able to

19 consider diversity in the races, genders, ethnicities it was

20 required -- do you believe it was necessary for the Department

21 to trust the information provided by the applicant?

22 A Yes.

23 Q And you believe it would have been unreasonably

24 impracticable for the Department to check individually the

25 race, ethnicity, or gender of each owner, officer, or board

1 member on an application?

2 A Yes.

3 Q Now, what would have happened if Mr. Hawkins showed
4 up here this week and he was actually blonde hair, blue eyes,
5 and he told you, hey, I'm actually from Norway, would you have
6 gone back and docked him points from his application?

7 A No.

8 Q Is there a process in place to do anything about
9 that, if somebody puts down something falsely on the
10 application?

11 A Yes.

12 Q NAC 453D.312 is a regulation regarding false or
13 misleading information that's provided. Are you aware of that
14 regulation?

15 A Yes.

16 Q And does the Department have the ability to take
17 steps if someone does in fact provide false or misleading
18 information to the Department?

19 A Yes.

20 Q So there is a procedure in place for that?

21 A Yes.

22 Q All right. Just a couple more questions about
23 diversity. If someone were let's say 50 percent African-
24 American, 50 percent Caucasian and they listed themselves as
25 African-American on their application, any issue with that?

1 A No.

2 Q And did the Department ask for percentage background
3 of any race or ethnicity?

4 A I don't believe so.

5 Q It allowed the applicants or the individuals to list
6 their stated race or ethnicity; is that right?

7 A Yes.

8 Q Same with gender. If someone, for example, has
9 "male" on their birth certificate, later on in life decides
10 they identify as a female, they decide to put "female" on
11 there, does the Force go out -- or the Department go out and
12 check to make sure they in fact are female?

13 A No.

14 Q And there's no hormone tests to know, DNA tests or
15 anything like that?

16 A No.

17 Q And, you know, Mr. Kemp put up all these princesses
18 and different things like that, body silhouettes.

19 THE COURT: Disney Princesses.

20 BY MR. KOCH:

21 Q Disney Princesses. Did he show you the silhouettes
22 of individuals that were up there?

23 A I don't recall.

24 Q There were some silhouettes of some say curvaceous
25 women that were up there. You didn't see those?

1 A I don't remember.

2 Q Ms. Shell I think objected to that as being perhaps
3 not appropriate.

4 THE COURT: Was that the Jessica Rabbit figure that
5 you objected to?

6 MS. SHELL: No. It was more like a stereo -- it's
7 that exactly.

8 THE COURT: All right. There. See, there it is
9 right there, sir. Okay.

10 BY MR. KOCH:

11 Q There you go. So Shelby Brown we see. We don't
12 know what Shelby Brown looks like, but that was submitted to
13 show that she was in fact female. Do you see that?

14 A Yes.

15 Q Okay. Did you ask any applicants to submit
16 silhouettes of their bodies in order to check whether they
17 male or female?

18 A No.

19 Q So that would be inappropriate, to actually send in
20 a silhouette to prove that you're male or female; is that
21 right?

22 A Yes.

23 Q So suffice it to say diversity may be kind of a
24 difficult subject for the Department to put a process in place
25 and score it without some sort of arguments or some sort of

1 problems that could come into play; is that right?

2 A Sure.

3 Q And you were tasked with coming up with a definition
4 of "diversity"; is that right?

5 A Yes.

6 Q All right. You didn't go call experts that hail
7 from diverse places like Boise to give you some definitions
8 about diversity, did you?

9 A No.

10 Q You came up with your definition based upon federal
11 law from the '60s; is that right?

12 A Yes.

13 Q And that may have changed over time, but in your
14 mind that was a reasonable way of considering race; is that
15 right?

16 A Yes.

17 Q All right. And we could, I suppose, have a system
18 in place that would be very, very thorough about diversity,
19 checking those things, DNA, checking backgrounds, checking
20 family history. The Department did not do that, did it?

21 A No.

22 Q Would it have been unreasonable for the Department
23 to have adopted such a system?

24 A I believe so.

25 Q And based upon your review of what you have seen in

1 the scoring, what you've seen in the process do you believe
2 the Department did a reasonably good job of considering
3 diversity as part of the application process?

4 A Yes, I do.

5 Q Ask you about location. There have been some
6 questions about this location talk, whether you needed a
7 specific location or not. Do you remember that question from
8 Mr. Miller and Mr. Parker?

9 A Yes.

10 Q And at some point in time the Department made the
11 determination that location would not be scored as part of the
12 rankings; is that right?

13 A Yes.

14 Q But ultimately an applicant, if they were awarded a
15 conditional license, had to nail down a specific location, and
16 the Department had to approve that location; is that right?

17 A Yes. Before the final certificate's issued.

18 Q Okay. And there's been some discussion about the
19 P.O. box versus the UPS address. Do you remember that?

20 A Yes.

21 Q Do you know what P.O. stands for in the P.O. box
22 context?

23 A Yes.

24 Q What does it stand for?

25 A Post Office.

1 Q Do you know if anyone submitted a Post Office box as
2 part of their address?
3 A I don't know.
4 Q And have you ever sent anything to a P.O. box?
5 A Yes.
6 Q Send your taxes maybe to a P.O. box?
7 A Yes.
8 Q On those P.O. boxes is there ever a street address
9 on it, do you recall?
10 A No.
11 Q Let me read something to you. Proposed Exhibit
12 5041.
13 THE COURT: Any objection, Mr. Miller?
14 MR. KOCH: It's just this UPS store -- I'm just
15 going to read a couple sentences from it.
16 MR. MILLER: This is from UPS --
17 MR. KOCH: UPS Store Website.
18 MR. MILLER: Okay. You know, if you'd lay
19 demonstration or foundation as to what it is or something.
20 MR. KOCH: Yeah.
21 MR. MILLER: That's fine.
22 MR. KOCH: All right. I'll represent, Your Honor,
23 that Exhibit -- Proposed Exhibit 5041 is a printout from the
24 UPS Store Website that I printed out, a printout that came off
25 6/19/19. I don't think there's any objection to it.

1 MR. MILLER: I'd just ask him to lay a little bit of
2 foundation as to what it is.

3 THE COURT: For what purpose are you offering it?

4 MR. KOCH: To distinguish between a UPS address and
5 a P.O. box.

6 THE COURT: Okay. Anything else? Since he's the
7 one who did it, I'm not going to make him testify as to how he
8 went and grabbed it off of Google or wherever.

9 MR. MILLER: Right.

10 MR. KOCH: Right. Actually, I won't even admit it.
11 I'll just read from it.

12 THE COURT: Okay.

13 MR. KOCH: We'll make it simple.

14 BY MR. KOCH:

15 Q UPS states that a UPS Store mailbox gives you a real
16 street address, rather than a number of a P.O. box. Are you
17 aware of that distinction?

18 A Yes.

19 Q And you've seen some of those UPS addresses that
20 were submitted by applicants such as Nevada Organic Remedies,
21 such as Essence, such as TGIG, who have submitted UPS Store
22 addresses, rather than an actual P.O. box; is that right?

23 A Yes.

24 Q And the Department did not reject those addresses,
25 because they were addresses; right?

1 A Right.

2 Q It comes down to a company, an applicant was not
3 even required to submit an address at all, were they?

4 A Can you say that again.

5 Q An applicant was not even required to submit an
6 address at all as part of its application, was it?

7 A I believe the application requests a physical
8 address of the proposed establishment.

9 Q And that was -- that clarification was made in July
10 of 2018, if the applicant has a lease or other arrangement for
11 that location; correct?

12 A Yes.

13 MR. KOCH: Okay. And so let's go to Exhibit 303.
14 We'll zoom in on this. It's very small type.

15 BY MR. KOCH:

16 Q And Exhibit 303 was a recreational application
17 period chart that we looked at earlier. Have you looked at
18 this string of testimony, Mr. Pupo?

19 A I don't remember. I don't think so.

20 Q Do you recognize this document?

21 A No.

22 Q Did the Department keep track of applications when
23 they came in as far as the process for moving those through
24 the evaluation system?

25 A Yes.

1 Q And who was in charge of that, to the best of your
2 knowledge?

3 A Steve Gilbert's group.

4 Q All right. So Mr. Gilbert testified about this
5 exhibit and testified that it was a spreadsheet that contained
6 information about the applications that came in. And I just
7 want to ask you about a couple of the items there.

8 First, the very first page next to company name
9 there's a column for address. Do you see that?

10 A Yes.

11 Q Is that legible to you?

12 A Yes.

13 Q Okay. And at the very first company, Blossom Group,
14 can you read what it says under address.

15 A TBD.

16 Q To be determined; is that right?

17 A Yes.

18 Q Do you know if Blossom Group was the only one who
19 submitted something like that?

20 A I don't know.

21 MR. KOCH: Let's go to page 4138, DOT4138, which is
22 the fourth page of the document.

23 BY MR. KOCH:

24 Q Okay. 4138, on the bottom of that page is the
25 listing for MM Development Company. Let's go there. All

1 right. So MM Development company for its address has listed
2 there, there are some that have addresses. And then can you
3 read the -- let's just look at the last line. Can you read
4 what it says by MM Development Company, its address.

5 A Which one?

6 Q The very bottom one.

7 A To be determined, Mesquite, Nevada.

8 Q All right. And two above that what does it say?

9 A To be determined, Las Vegas, Nevada.

10 Q And above that?

11 A To be determined, Reno, Nevada.

12 Q So it wasn't unique to Blossom Group to put "to be
13 determined"; right?

14 A Right.

15 Q And the Department did not reject MM Development's
16 application for listing "to be determined," did it?

17 A No.

18 MR. KOCH: Let's go to page 41840. And about three
19 quarters of the way down.

20 BY MR. KOCH:

21 Q Here we have entries -- actually, let's look at the
22 top first. There's another one, CN License Co. I don't know
23 if they're a party to this case, but what does it say under
24 their addresses?

25 A To be determined.

1 Q Okay. They're not the only one on this page. Let's
2 go down now, about two thirds of the way down, to Serenity
3 Wellness Center. Do you see those starting at RD322 it looks
4 like?

5 A Yes.

6 Q Serenity Wellness Center, and that's one of the
7 entities that Mr. Miller represents in this proceeding. What
8 does it say under each of the location -- or addresses for
9 Serenity Wellness Center?

10 A To be determined.

11 Q Okay. So at least so far MM and Serenity both knew
12 they didn't have to submit an actual address based upon what
13 we see here; is that right?

14 A Yes.

15 Q Let's look at one more on 41842. About two thirds
16 of the way down is Southern Nevada Growers. And what does it
17 say for the location of Southern Nevada Growers?

18 A To be determined.

19 Q All right. So another one -- there's another one up
20 above there, MMOF to be determined. But let's look back below
21 Souther Nevada Growers. Circle S Farms. Do you see that?

22 A Yes.

23 Q All right. Let's zoom in and see what it says for
24 those locations.

25 A 4744 Paradise Road, Las vegas, Nevada 89169.

1 Q All right. So that's the first one. What does it
2 say for the second one?

3 A The same, 4744 Paradise Road, Las Vegas, Nevada
4 89169.

5 Q And the third?

6 A The same.

7 Q Fourth and fifth? They're all the same?

8 A They're all the same.

9 Q And did Circle S Farms get docked for putting the
10 same address for each of its applications?

11 A No.

12 Q If we continue on, if you flip through, there are
13 numerous entities or applicants that are listed here with
14 addresses to be determined. Does that surprise you, that
15 there are so many applicants with addresses to be determined?

16 A No.

17 Q Based on your understanding applicants knew that
18 they didn't have to need to submit a specific address at the
19 application stage?

20 A Correct.

21 Q You notated that some of those entities that -- do
22 you know if all of those entities were represented by Amanda
23 Connor?

24 A No.

25 Q MM Development, do you know if they were represented

1 by Amanda Connor?

2 A I don't believe so.

3 Q Serenity Wellness, do you know if they were
4 represented by Amanda Connor?

5 A I don't believe so.

6 Q So the insinuation or questions that were asked
7 about you giving the information about the specific address
8 not being needed to Amanda Connor only, does it surprise you
9 at all that people that are not represented by Amanda Connor
10 also had the same understanding?

11 A Yes.

12 Q It surprises you that they had that same
13 understanding?

14 A Right. I'm sorry. Say the question, restate.

15 Q Does it surprise you that someone that was not
16 represented by Amanda Connor also understood that they did not
17 need to submit a specific address?

18 A Oh. No, it doesn't surprise me.

19 Q While we're on that subject, Mr. Miller asked you a
20 lot of questions about Amanda Connor, talking with her, but
21 it's not in fact the case that all of her clients got
22 licenses, did they?

23 A It's my understanding.

24 Q TGIG, that's The Grove, did they get a license this
25 go around?

1 A No.

2 Q That was Mr. Ritter's company; is that right?

3 A Yes.

4 Q And they're represented by Ms. Connor, do you know

5 that?

6 A Yes.

7 Q They didn't get a license?

8 A No.

9 Q Even though Mr. Ritter was on the Governor's Task

10 Force, he was a member of that Task Force, but he didn't get a

11 license; is that right?

12 A That's right.

13 Q So there was no extra points given for someone being

14 on the Task Force; is that right?

15 A That's right.

16 Q All right. We're getting close here. So we talked

17 about conditional license. Why the conditional license and

18 not a final license?

19 A All the requirements can't be met up front to get a

20 final license. There's local jurisdictional requirements that

21 have to be met.

22 Q And if a conditional licensee eventually meets those

23 requirements, gets a final inspection, what do they receive?

24 A They get their final license.

25 Q Okay. Other than securing the location and getting

1 all the approvals and inspections that come along with
2 securing your final location, what else is conditional about
3 that license, if anything?

4 A I don't recall anything. I mean --

5 Q So it's really just the location that makes these
6 licenses conditional, and that's the only reason they're
7 conditional; is that right?

8 A Right.

9 Q And that was a specific part of the Task Force
10 report and recommendation. I won't make you turn to it, but
11 we've looked at it before, Exhibit 2009, where it said, "The
12 Department of Taxation should rank the applicants based on the
13 applicants' qualifications without respect to the planned
14 location of their business." Is that a recommendation that
15 you're aware the Governor's Task Force made?

16 A Yes.

17 Q And did you agree with that recommendation?

18 A Sure.

19 Q What problems, if any, were you aware of that might
20 be posed if someone needed to secure a location prior to
21 submitting an application?

22 A Remember there had been discussions of the costs and
23 expenditures involved in securing the location, and industry
24 had expressed that they had spent thousands and thousands of
25 dollars in getting blueprints and several copies of blueprints

1 to supply in an application and sometimes it was a location
2 they wouldn't even end up using.

3 Q And let me ask you about -- did you ever hear about
4 the other way around, anyone that ever attempted to secure a
5 location, received a license, but then later on the landlord,
6 once they learned they got the license, raised the price,
7 anything like that?

8 A I did hear that.

9 Q And in that type of a scenario would it potentially
10 be favorable or beneficial for an applicant to secure a
11 location so that in the event that they got a conditional
12 license they wouldn't be extorted or held for ransom by the
13 landlord?

14 A You know, I guess that's a business decision.

15 Q Right. So that business may make that decision, but
16 the Department didn't have anything to do with that; right?

17 A No.

18 Q All right. So just kind of make a conclusion. You
19 looked at this process, you've had questions about it -- or
20 you've been asked questions about it. Would you acknowledge
21 that the Department was not perfect in carrying out the
22 application and scoring process?

23 A Yes.

24 Q Do you believe that if you are doing this process
25 again three years later, and I don't think you -- you said

1 you're ready to be done with marijuana, but if the Department
2 were doing this three years from now, suppose, would the
3 Department perhaps make some changes to how it did it in 2018?

4 A Sure.

5 Q And it would learn from what happened in 2018 and
6 maybe make some improvements; is that right?

7 A Sure.

8 Q And Mr. Gilbert said the same thing. Are you aware
9 of anyone that's told you this process is perfect, we should
10 keep it intact for the indefinite future?

11 A No.

12 Q But based upon the circumstances that you've seen do
13 you believe the Department carried out its duty to conduct an
14 impartial and numerically scored bidding process in a manner
15 that complied with the regulations and statutes?

16 A I do.

17 Q And to comply with the initiative that was passed by
18 the voters in the state?

19 A I do.

20 MR. KOCH: Thank you. No further questions.

21 THE COURT: Any other defense counsel wish to ask
22 questions?

23 CROSS-EXAMINATION

24 BY MR. GUTIERREZ:

25 Q Good morning, Mr. Pupo.

1 A Good morning.

2 Q My name is Joseph Gutierrez. I'm counsel for
3 Essence and Thrive. Some followup questions from Mr. Koch.

4 The regulations that were adopted, they were
5 approved in February 2018; is that correct?

6 A Yes.

7 Q And tell us about the process again. Who reviewed
8 the regulations prior to final approval?

9 A So once they're adopted by the Tax Commission they
10 go to LCB. LCB reviews it, may come back with some changes or
11 not. Then it goes to the Leg Commission for approval. And
12 then once they're approved by Leg Commission they're recorded
13 with the Secretary of State.

14 Q And the regulations were subject to a year's worth
15 of open meetings and public comment; is that correct?

16 A Something like that, yeah.

17 MR. GUTIERREZ: And I'd like to admit Proposed
18 Exhibit 5045, which is the February 27th, 2018, minutes of the
19 Legislative Council Bureau.

20 THE COURT: Any objection?

21 MR. KEMP: No, Your Honor.

22 THE COURT: Be admitted.

23 MR. GUTIERREZ: I'd like to go to page 3 on this
24 document.

25 //

1 BY MR. GUTIERREZ:

2 Q And before we get there, Mr. Pupo, what was Deonne
3 Contine's role with the adoption of the regulations.?

4 A She was executive director.

5 Q And what did she do as executive director in
6 adopting the regulations?

7 A She spearheaded the regulations.

8 Q When you say spearheaded what does that mean?

9 A Basically she led the forming of the regulations,
10 the writing of the regulations.

11 Q She worked with the Task Force and did everything to
12 -- on behalf of the Department to get the regulations adopted,
13 is it fair to say?

14 A Yes.

15 Q So when you were asked by Counsel that the buck
16 stops with you can you explain that the buck stopped with you
17 with every single process that was done by the Department?

18 A Maybe not. But I'm here.

19 Q Right. So -- you're here. Well, she'll be here,
20 hopefully, soon, too. But the buck didn't stop with you with
21 the adoption of the regulations; is that fair to say?

22 A Yes.

23 Q Deonne had a lot of say in how the regulations were
24 adopted?

25 A Yes.

1 Q Okay. Now, on page 3 there were public comments
2 from some people, and Will Adler on page 3, if you can see
3 this paragraph, he states that, "The regulation was reviewed
4 at length in multiple hearings." The last sentence says that,
5 "He concluded the Department of Taxation has done a great job
6 and fully supports R092-17 as written." Do you see that?

7 A Yes.

8 Q Well, do you agree the Department did a great job in
9 adopting the regulations?

10 A Yes.

11 Q Going down -- going to the next page, page 4, Riana
12 Durette on behalf of the Nevada Dispensary Association states
13 that, "The Association supported R092-17 as written." Do you
14 see that?

15 A Yes.

16 Q Amanda Connor also gave comments. She states that
17 on behalf of 40 Nevada marijuana license holders that the NCC
18 states that R092-17 is impartial and gives everyone who is
19 eligible to apply for a license the opportunity to rank in
20 various categories. Do you see that?

21 A Yes.

22 Q Do you agree with that statement?

23 A Yes.

24 Q I want to go to page 6.

25 THE COURT: You're going to skip the Equine Dental

1 Services?

2 MR. GUTIERREZ: I am, Your Honor. I didn't give you
3 one for every single one in here.

4 All right. Go to page 6.

5 BY MR. GUTIERREZ:

6 Q And I want to point your attention to Dr. Spirtos's
7 comments. And I think we've had some discussion about him.
8 He's a plaintiff in one of these lawsuits, as well. I want to
9 read to you his comments. His first comment that he made to
10 the LCB was, "There are no perfect regulations." Do you see
11 that?

12 A Yes.

13 Q Do you agree with that statement?

14 A Yes.

15 Q He also states that not everyone got what they
16 wanted during discussions on R092-17, but everybody was heard.
17 Do you agree with that?

18 A Yes.

19 Q Everybody had the opportunity to be heard during
20 this process?

21 A Yes.

22 Q He also states there should be flexibility in the
23 legislature and the Department of Taxation. Do you agree with
24 that statement?

25 A Yes.

1 Q Number 5, he says, "If R092-17 is not adopted, the
2 dispensary industry would be operating without guidance." Do
3 you know what that means?

4 A Yes.

5 Q Explain that.

6 A That if the regulations were not adopted, there's
7 basically no structure for industry to operate.

8 Q Okay. Let's go to page 7. Ben Sillitoe, CEO of
9 Oasis Cannabis that we've talked about, do you see that?

10 A Yes.

11 Q Stated that the regulation process R092-17 was
12 followed and there were adequate opportunities for input from
13 interested parties. He is of the opinion the intent of the
14 law was to allow the best operators to be the ones to face the
15 public because the public perception is important. Do you
16 see?

17 A Yes.

18 Q Do you agree with that statement?

19 A Sure.

20 Q Okay. You're kind of -- explain that. Do you have
21 an opinion on that?

22 A No. I don't necessarily think that was the intent
23 of the law, but --

24 Q What do you believe the intent was?

25 A The intent of the law is to strictly regulate

1 industry for the public.

2 Q Okay. And were you part of the Governor's Task
3 Force in any way, any of the workshops or working groups?

4 A Yes.

5 Q What was your role again?

6 A I was on the laboratory committee.

7 MR. GUTIERREZ: Okay. Let's go to Exhibit 2009,
8 which is already admitted, which is the final report of the
9 Governor's Task Force. And the title of this document, Mr.
10 Pupo, says Implementation of Question 2. Do you see that?

11 A Yes.

12 Q And do you believe that was the role of the
13 Governor's Task Force, to work to implement Question 2 into
14 the regulations?

15 A Yes.

16 Q Okay. Let's go to page 3.

17 THE COURT: And you're in Exhibit 2009?

18 MR. GUTIERREZ: Yes, Your Honor.

19 THE COURT: Okay.

20 MR. GUTIERREZ: It should say Overview of the Task
21 Force. Okay. And go down to the bottom, where it says
22 Mission Statement.

23 BY MR. GUTIERREZ:

24 Q And, Mr. Pupo, what was the mission statement for
25 the Task Force as stated in this document?

1 A The Task Force's mission was to identify the legal,
2 policy, and procedural issues that need to be resolved and to
3 offer suggestions and proposals for legislative regulatory and
4 executive actions that need to be taken for the effective and
5 efficient implementation of the Act.

6 Q So the Governor's Task Force was tasked with
7 ensuring that the ballot initiative was followed; is that
8 correct?

9 A Yes.

10 Q Okay. And let's talk -- Mr. Koch covered a lot on
11 the actual proposed location, but let's go to page 19. This
12 talks about the application and licensing process. Where it
13 says, "Grading criteria and applications. The Task Force
14 recommends that an impartial numerically scored process used
15 by the medical marijuana program be revised for the retail
16 marijuana stores to remove consideration of location and focus
17 only on the applicant qualifications for operation of a
18 marijuana establishment." Do you see that?

19 A Yes.

20 Q And is that what was done by the Task Force, to take
21 the medical, what was good with the medical and use that for
22 the regulations for the recreational?

23 A Yes.

24 Q Okay. It says, "Remove consideration of location."
25 Do you see that?

1 A Yes.

2 Q Again, that was discussed thoroughly at the Task
3 Force to remove consideration of location for all the reasons
4 we've already talked about; is that correct?

5 A Yes.

6 Q And we'll get to that one. Mr. John Ritter, who's a
7 plaintiff, had no dissent and actually supported that
8 provision; is that correct?

9 A Yes.

10 Q Let's go to page 109. This discusses the
11 application process. And do you see John Ritter's name on the
12 -- as one of the sponsors on this?

13 A Yes.

14 Q Okay. The second bullet point discusses one of
15 recommendations by the Task Force. Can you read that for us.

16 A "The Department will not require zoning approval to
17 be submitted in the marijuana establishment application. If
18 an applicant does have zoning and land use approval and
19 chooses to include it in their application, no extra points or
20 merit will be awarded for it being included."

21 Q Okay. And is that what happened during the
22 application process? No extra points were awarded for people
23 who put land use approval in the application?

24 A Correct.

25 Q Okay. And this was contemplated by John Ritter,

1 who's one of the plaintiffs, that the Department would not be
2 looking at proposed location for the application; correct?

3 A Correct.

4 Q And the Department took what the Task Force
5 recommended in adopting the regulations; is that fair to say?

6 A Yes.

7 Q On the next page it talks about guiding principles,
8 the guiding principles that the actual Task Force needs to
9 abide by or what they're abiding by in giving these
10 recommendations. Do you see that?

11 A Yes.

12 Q And do you see Guiding Principle Number 3?

13 A Yes.

14 Q And it says that one of the guiding principles is
15 that the regulation is clear and reasonable and not unduly
16 burdensome. Do you see that?

17 A Yes.

18 Q And is that your understanding of the purpose of
19 making sure the proposed location was not removed and put in
20 the way it was to not make it unduly burdensome in the
21 regulations?

22 A Yes.

23 Q And we've talked about that at length; correct?

24 A Yes.

25 Q Okay. Next page -- let's go to page 112. Now, this

1 section of the Task Force report discusses rating criteria on
2 applications. Do you see that?

3 A Yes.

4 Q And who was the sponsors?

5 A John Ritter and Amanda Connor.

6 Q Okay. And is it your understanding -- or correct me
7 if I'm wrong, but it's my understanding that the
8 recommendation here is to give the Department the criteria
9 that the applications need to be weighted and what needs to be
10 considered; is that correct?

11 A Yes.

12 Q And was that considered by the Department?

13 A Yes.

14 Q And the actual weights given for each category, was
15 that also considered by the Department? Can you see that? Do
16 you see where it says, "The follow criteria weighting to be
17 included?"

18 A Right. Uh-huh. Yes

19 Q Okay. Go to the next page. It says, "What
20 provisions of Question 2 does the recommendation apply to?"
21 Do you see that?

22 A Yes.

23 Q And what the Task Force did was when they were given
24 a recommendation they wanted to make sure that it complied
25 with Ballot Initiative Question 2; is that correct?

1 A Correct.

2 Q Okay. And did the Department have -- I know you
3 talked about this, but did the Department have an Attorney
4 General also reviewing the regulations that were being
5 adopted? Someone from the Attorney General's Office?

6 A I don't remember.

7 Q Are some of these questions better for Deonne
8 Contine, who seemed to be more involved with the adoption of
9 the regulations than you were?

10 A Yes.

11 Q Okay. All right. Now, the next -- go to page 116.
12 Actually, I'm sorry, 114. We've talked a lot about the
13 5 percent requirement for background checks. But, again, who
14 was one of the sponsors of this bill when it talked about
15 ownership issues and licensing requirements?

16 A John Ritter.

17 Q And he's a plaintiff in this case; correct?

18 A Yes.

19 Q And David Goldwater. Do you know who he is?

20 A Yes.

21 Q And is he a plaintiff in this litigation, as well?

22 A I don't know.

23 Q Okay. I'll represent he's a plaintiff in one of the
24 other litigations.

25 A Okay.

1 Q But the were the sponsors of this bill on behalf of
2 the Task Force; correct?

3 A I'm sorry?

4 Q They were the sponsors of this bill on behalf of the
5 Governor's Task Force?

6 A Yes.

7 Q Okay. And the recommendation was to require owners,
8 5 percent or more to be fingerprinted and background checked;
9 is that correct?

10 A Yes.

11 Q Okay. If you'd go to the next page. Was there any
12 dissent by the Task Force on this issue?

13 A I don't remember. Oh. No dissent.

14 Q Okay. And it says -- and under Number 6 it says,
15 "What issues does the recommendation resolve?" Do you see
16 that?

17 A Yes.

18 Q And go ahead and just read that first sentence.
19 What issue does -- are they putting forth to resolve?

20 A "To allow companies that own marijuana establishment
21 licenses in which there are multiple owners that own less than
22 5 percent, in some cases far less, to be able to operate
23 practically and efficiently."

24 Q And that's -- that was the intent of the Task Force
25 and what was followed by the Department; correct?

1 A Yes.

2 Q And the Department complied with Ballot Question 2
3 in adopting this recommendation for the regulation; correct?

4 A Yes.

5 Q Okay. Now, use of independent contractors as
6 graders, you said that was to eliminate any perceived bias. I
7 think that was your testimony; right?

8 A Yes.

9 Q And you believe the evaluators were qualified to do
10 their job?

11 A Yes.

12 Q And you believe they were well trained?

13 A Yes.

14 Q And they took their job seriously?

15 A Yes.

16 Q You've also talked about the -- I think you used the
17 term "human element." Do you recall that?

18 A Yes.

19 Q We've talked about this. But do you remember the
20 Saints versus Rams NFC Championship? Did you watch that game?

21 A I don't remember that, but --

22 Q Somebody talked about it. But at the same time
23 there's mistakes that are made; correct?

24 A Sure.

25 Q You talked about a human element being involved; is

1 that right?

2 A Yes.

3 Q Now, you don't throw out the entire process because
4 a mistake is made; is that a fair assertion?

5 A Yes.

6 Q Okay. At the same time you don't throw out the
7 entire process if two companies were not paying attention and
8 submitted the wrong application; is that fair to say?

9 A Right.

10 Q Okay. You said you learn from your mistakes and
11 change going forward?

12 A Sure.

13 Q Okay. And you think there's areas of improvement
14 for the State in this application process?

15 A Sure.

16 Q Do you also think there's areas of improvement on
17 behalf of the licenses who are submitting applications in
18 submitting better applications?

19 A Oh, yeah.

20 Q Or paying more attention?

21 A Yes.

22 Q You said, oh, yeah. I mean, are you aware of the
23 fact that certain licensees or people that made applications
24 thought because they got approved in 2014 for a medical
25 license they would get approved in this process if they

1 submitted the same application?

2 A No.

3 Q Are you aware that some companies actually made a
4 find and replace on their 2014 application and just got rid of
5 the word "medical"?

6 A No.

7 Q Do you believe that some applicants put more time
8 and effort in their application than others?

9 A Yes.

10 Q Okay. We talked about the use of multiple
11 applications by the same company.

12 A Yes.

13 Q You talked about that. Thrive, one of my clients,
14 submitted applications on behalf of Commerce Park LLC and
15 Cheyenne Medical LLC; is that --

16 A Yes.

17 Q And you testified you had no issues with that
18 application process?

19 A Right.

20 Q Are you aware that some of the plaintiffs also
21 submitted multiple applications similar to how Thrive and
22 Essence did?

23 A Yes.

24 Q Nuveda did, Tryke did, and also Fidelis Holdings?

25 A Yes.

1 Q Okay. Do you believe the scoring criteria favored
2 any group of applicants over another?

3 A No.

4 Q And we've talked enough about diversity, but do you
5 believe diversity is a criteria that's directly and
6 demonstrably related to the operation of a business -- a
7 marijuana business?

8 A Yes.

9 Q And can you explain for us why you believe that.

10 A It's important on how they interact with the
11 community, interact with customers they serve, how they will
12 market to certain a demographic or customer base, services
13 they may provide.

14 Q Okay. One of the things we haven't talked much
15 about is what they called irreparable harm or harm to the
16 plaintiffs if this injunction is not granted. Is there -- is
17 it your understanding the plaintiffs are all still operational
18 under their current licenses?

19 A Yes.

20 Q Okay. And if the plaintiffs don't receive any of
21 the new licenses, that's not going to have any effect on their
22 existing operation; is that correct?

23 A No.

24 Q Do you believe that tax revenue is apartment to be
25 lost because of this litigation and the inability of licensees

1 to open new locations?

2 A Sure.

3 Q Do you also believe that this process which is

4 preventing companies from opening, such as my client, Thrive,

5 is harming the ability of Nevada citizens to get to work and

6 work for these new locations?

7 A Sure. I mean, it'll bring new employment.

8 MR. GUTIERREZ: Okay. Thank you, Mr. Pupo.

9 THE COURT: Any other defendants have questions?

10 Sir, before I let --

11 Ms. Shell, you have some?

12 MS. SHELL: I just have a couple very brief

13 questions.

14 THE COURT: Great. Could you come to the podium,

15 though.

16 And then I have some after the defense lawyers

17 finish.

18 THE WITNESS: Okay, Your Honor.

19 CROSS-EXAMINATION

20 BY MS. SHELL:

21 Q Good morning, Mr. Pupo.

22 A Good morning.

23 Q My name is Alina Shell. I represent GreenMart of

24 Nevada. And I just had a couple of quick questions for you.

25 And I wanted to talk to you about the Nevada Administrative

1 Code, since it's a favorite part of this examination.

2 MS. SHELL: And can you put that up for me.

3 BY MS. SHELL:

4 Q I wanted to specifically ask you about NAC 453D.268,
5 which is about submission of application by person who holds a
6 medical marijuana establishment registration certificate for
7 another marijuana establishment of the same or different type.
8 Are you familiar with this regulation?

9 A Yes.

10 Q Okay. Now, I'd like you specifically to look at
11 subsection (2)(c). Back up. So it's (2) -- so it says, "an
12 application on a form prescribed by the Department." So they
13 have to submit a form; correct?

14 A Yes.

15 Q Okay. And "the application must include, without
16 limitation, the type of business organization the applicant,
17 such as individual, corporation, partnership, limited
18 liability company, association, or cooperative, joint venture,
19 or other business organization." Did I read that correctly?

20 A Yes.

21 Q Are you familiar anywhere -- .268 or anywhere within
22 the NAC that if -- well, let me back that question up.

23 So you're asking for information by the organization
24 that is applying for a marijuana license; correct?

25 A Yes.

1 Q Okay. Is there anywhere within .268 that says you
2 have to submit information about -- let's back this up.
3 Sorry. I should have -- it's Monday. I haven't had enough
4 coffee today.

5 So you're aware that some applicants for these
6 marijuana licenses in 2018 were owned by publicly traded
7 corporations; correct?

8 A Yes.

9 Q Is there anywhere within the NAC that says they have
10 to list on their application that they are owned by a publicly
11 traded company?

12 A No.

13 MS. SHELL: Okay. And I'm going to stick in the
14 same subsection -- I mean .268, and then I wanted to go to
15 4(a), Brian.

16 BY MS. SHELL:

17 Q And it says, "When --" another thing that has to be
18 included in the application is a description of the proposed
19 organizational structure of the proposed marijuana
20 establishment, including, without limitation, subsection (a)
21 an organizational chart showing all owners, officers, and
22 board members of the proposed marijuana establishment." Do
23 you see that?

24 A Yes.

25 Q And are you familiar with this requirement?

1 A Yes.

2 Q Now, does this requirement -- so if we have an
3 example of an LLC that's owned by a publicly traded
4 corporation, is there anywhere in .268 that says you have to
5 list the information of the owner of the applicant?

6 A No.

7 MS. SHELL: Okay. Those were my only questions,
8 Your Honor. Thank you.

9 THE COURT: Anybody else on the defense side?
10 Following up on that, sir, tell me how you define
11 "owner."

12 THE WITNESS: How I define "owner"?

13 THE COURT: Uh-huh.

14 THE WITNESS: I would say individual or entity with
15 a majority or an interest in a company that has like decision
16 making or control of the company. Some sort of control.

17 THE COURT: So in your mind it has to be someone who
18 has control of the company?

19 THE WITNESS: No, not necessarily, I guess. Just
20 has an interest in the company.

21 THE COURT: And where did you come up with that
22 definition?

23 THE WITNESS: There's -- haven't seen a definition
24 for "owner."

25 THE COURT: Well, you came up with a definition of

1 "owner."

2 THE WITNESS: Yeah. I just thought -- I'm thinking
3 about it right now.

4 THE COURT: Okay. So let me then step back. As
5 part of Ballot Question 2 there are certain duties that the
6 Department of Taxation has related to owners of applicants for
7 prospective licensure. In going through the process of
8 creating the application and developing the evaluation process
9 who came up with the definition or parameters for "owner"?

10 THE WITNESS: Those parameters were, you know, set
11 from the medical program. When we took over from -- when we
12 brought over DPBH --

13 THE COURT: Okay.

14 THE WITNESS: -- we just went with what was
15 currently being used at the time.

16 THE COURT: So you went with whatever Mr. Gilbert
17 and his team had used before?

18 THE WITNESS: Yes, as far as DPBH goes.

19 THE COURT: And do you have an understanding as to
20 whether the requirements related to vetting owners under NRS
21 453A and NRS 453D, also known as Ballot Question 2, are
22 different?

23 THE WITNESS: I believe they're the same.

24 THE COURT: And why do you believe they're the same?

25 THE WITNESS: Trying to think back to 453A. But

1 I --

2 THE COURT: You have the book there in front of you.
3 You're welcome to look at 453A. This is not a trick or a
4 test. I'm trying to make sure I understand --

5 THE WITNESS: No, I understand, Your Honor. Because
6 we --

7 THE COURT: Wait. Let me finish.

8 THE WITNESS: Yes, ma'am.

9 THE COURT: I'm trying to understand the process the
10 Department used in implementing Ballot Question 2 so I can
11 make a determination as to whether it was reasonable and
12 convenient and compliant with Ballot Question 2.

13 THE WITNESS: Yes, Your Honor.

14 THE COURT: Okay.

15 THE WITNESS: So the majority or a lot of the
16 regulation came from what was brought over from 453A and
17 incorporated into these regulations, and then, you know, we
18 looked at the initiative to see what differences there were,
19 cut out what applied and what didn't apply.

20 THE COURT: Okay. So you think the definition of
21 "owner" that was used by the Department in the application
22 process required under Ballot Question 2 came from 453A?

23 THE WITNESS: I believe so.

24 THE COURT: Okay. Can you point to me where in 453A
25 that definition of "owner" is.

1 THE WITNESS: I don't know that there is a
2 definition for "owner."

3 THE COURT: So you rely upon the process that the
4 medical marijuana team that Mr. Gilbert had headed in the
5 medical marijuana application process utilized?

6 THE WITNESS: Yes, Your Honor.

7 THE COURT: So let me go to my next area of
8 questions.

9 So can you tell me who made the decision that the
10 compliance record would not be rated as part of the
11 application process?

12 THE WITNESS: I don't know that that was discussed.

13 THE COURT: Well, doesn't NRS 453D.210(4)(f)(2)
14 require the compliance record to be part of that application
15 and evaluation process?

16 THE WITNESS: Yes.

17 THE COURT: Okay. So can you tell me why it wasn't
18 included.

19 THE WITNESS: I don't know, Your Honor.

20 THE COURT: Okay. So let's go to the diversity
21 section. Can you tell me where in 453D diversity is included?

22 THE WITNESS: In the statute?

23 THE COURT: Yep.

24 THE WITNESS: It is not.

25 THE COURT: So can you tell me why the Department --

1 and I understand you just gave me an answer that said it was
2 important to the community -- why the Department decided to
3 include it in the application process when it was not included
4 in Ballot Question 2?

5 THE WITNESS: It was -- it's included -- it was
6 included in the regulations, in the 453D regulations.

7 THE COURT: I understand. But you understand that
8 nobody can change Ballot Question 2 for several years after
9 it's implemented based upon the manner by which initiative
10 petitions occur under the Constitution; right?

11 THE WITNESS: Yes, Your Honor.

12 THE COURT: Okay. So, understanding that and that
13 nobody can change it, can you tell me why the Department
14 decided to include it?

15 THE WITNESS: I would say it was part of the process
16 of the -- for establishing the procedures and the regulations
17 for the qualifications for licensure.

18 THE COURT: Okay. So you think it was part of the
19 "reasonable and convenient" part of the language?

20 THE WITNESS: Yes, Your Honor.

21 THE COURT: Okay. So then let's go to a person
22 thing you did. You made some decisions about anti-monopoly
23 issues related to two types of applicants or two groups of
24 applicants. Can you tell me the basis for your decision.

25 THE WITNESS: What do you --

1 THE COURT: So I think there was a decision that you
2 made that two LLCs that were owned by common people who
3 already had a bunch of licenses weren't going to be subject to
4 anti-monopoly?

5 THE WITNESS: I wouldn't say that, Your Honor.

6 THE COURT: Okay. Explain it to me, then.

7 THE WITNESS: So --

8 THE COURT: Because that's how it sounded when you
9 answered the last time.

10 THE WITNESS: No. So the monopoly provision is, you
11 know, 10 percent of allocable licenses in the county. So you
12 have in Clark County there's 80 allocable licenses. So a
13 licensee can hold up to eight licenses in the county.

14 THE COURT: And how'd you come up with that
15 analysis?

16 THE WITNESS: It's in the statute.

17 THE COURT: So is in the statute, or regulation?

18 THE WITNESS: Or regulation.

19 THE COURT: Yeah. So how'd you come up with the
20 determination that that was the definition for anti-monopoly
21 you were going to use to comply with Ballot Question 2?

22 THE WITNESS: That's -- that's in the regulation.
23 We -- that's how we do the monopoly provision, the analysis.

24 THE COURT: So but that's how you do the monopoly
25 analysis for other things, right, other than 453D?

1 THE WITNESS: I believe that was in 453A, also, yes.

2 THE COURT: Yeah. So it sounds to me like -- and
3 I'm trying to make sure I understand the Department's
4 motivation, because I have to make a determination as to
5 whether the Department utilized regulations that were
6 reasonable and convenient, which seems to be a broad
7 definition.

8 So did it appear to you that the Department just
9 took 453A and made a few changes and then developed
10 regulations for 453D?

11 THE WITNESS: We took -- we took a good portion of
12 453A, yes, Your Honor.

13 THE COURT: So tell me why the Department decided
14 that it was going to use a 5 percent level for owner?

15 THE WITNESS: Well, you know, I don't know if that
16 came over from 453A, as well. But it was part of the
17 Governor's Task Force recommendation, and it's just
18 impractical. We can't possibly vet all these -- some of these
19 companies have -- they don't even have to be publicly traded.
20 They have investor pools of several people, 50, 60, 100 people
21 or more, that own very little. It might be something like
22 .001 percent of the company. And we just can't handle that
23 kind of volume through DPS in such a short time frame.

24 THE COURT: So 453D.200(6) says, "The Department
25 shall conduct a background check of each prospective owner,

1 officer, and board member of a marijuana establishment license
2 applicant." So is it your testimony that the Department made
3 a decision that it was unable to comply with that portion of
4 Ballot Question 2?

5 THE WITNESS: Yes, Your Honor.

6 THE COURT: And as a result, the Department placed a
7 5 percent ownership limitation on Ballot Question 2 through
8 its regulations?

9 THE WITNESS: Yes, Your Honor.

10 THE COURT: And do you think that's appropriate?

11 THE WITNESS: Yes, Your Honor.

12 THE COURT: And again tell me why.

13 THE WITNESS: Because it's just -- it's not possible
14 to vet all those people in a time frame we have.

15 THE COURT: Okay. I only have one more set of
16 questions, but let me see if you've already answered it.

17 Oh. Conditional licenses. Other than local
18 government approval related to the specific location, what
19 else were the conditional licenses limited by or based upon,
20 or what other factors are the conditions that still exist?

21 THE WITNESS: I don't remember all of it. I think
22 they pretty much all revolve around the specific location,
23 distance requirements, certificate of occupancy, things like
24 that, local jurisdictions, land use, SUP permits.

25 THE COURT: So the only conditions placed upon the

1 conditional licenses that were issued by the Department in
2 December related to approvals by local government authorities
3 related to the specific location that was not disclosed in the
4 application?

5 THE WITNESS: Also the final inspection from our
6 inspectors. They have to pass the final inspection, Your
7 Honor.

8 THE COURT: Okay. And that's after construction and
9 the tenant improvements are done if it's in an occupied
10 building?

11 THE WITNESS: Yes.

12 THE COURT: Okay. Anything else?

13 THE WITNESS: Not that I can remember right now,
14 Your Honor.

15 THE COURT: Okay. Thank you.

16 Mr. Miller.

17 REDIRECT EXAMINATION

18 BY MR. MILLER:

19 Q 'Morning.

20 A Good morning.

21 Q Mr. Pupo, there was reference made this morning that
22 there was an entire year of workshops and the like dealing
23 with the permanent regulation that was issued. But that was
24 not issued and released to the public until January 6th, 2017;
25 is that correct?

1 A What was it?

2 Q The regulation workshops that were conducted. There
3 were some statements this morning that there was a number of
4 public workshops that were conducted. That in fact -- that
5 regulation was not released -- the issue that's on the notice
6 of regulatory workshop and the posted permanent regulation was
7 not issued until July 6th, 2017; is that right?

8 A On the permanent? We had workshops in, you know,
9 like July or something like that.

10 Q Right. July 6th, 2017, is when you released it, and
11 July 24th, 2017, is when the workshop was held. Does that
12 sound accurate?

13 A Something like that, yeah.

14 Q All right. And with respect to Legislative
15 Commission adoption, that hearing was conducted in February of
16 2018; is that correct?

17 A Yes.

18 MR. MILLER: Okay. Can we pull up -- well, it's
19 part of the Commission meeting minutes, 236. I've got the
20 Legislative Commission meeting minutes that were just
21 admitted. Then I'll move to the Tax Commission meeting
22 minutes. Okay. Pull up Exhibit 236.

23 BY MR. MILLER:

24 Q Sir, did you attend this Commission meeting?

25 A Yes.

1 Q You were aware that on a public comment that there's
2 -- numerous individuals had testified that had either
3 objections or concerns about the proposed regulations; is that
4 correct?

5 A Yes.

6 Q And on page 2 of that document Jefferson Boswell
7 submitted a lengthy letter detailing some of his concerns.
8 Did you read that letter?

9 A I don't remember.

10 Q Generally aware that Mr. Boswell expressed concerns
11 about how these applications would be scored and whether or
12 not there was enough clarity in the regulation in order to
13 conduct the process?

14 A Okay. Yeah, I don't remember the letter, but --

15 Q And on page 3 Mr. Lawrence citing similar concerns.
16 You just recall a number of people testifying with concerns;
17 correct?

18 A Yes.

19 MR. MILLER: Could we go to page 12. At the bottom
20 there.

21 BY MR. MILLER:

22 Q Do you recall that there was two senators, Senator
23 Hammond and Senator Goicechea, who expressed their concerns
24 about the regulatory process and then -- you see there Chair
25 asked Brenda Ertos, previously identified, to confirm whether

1 or not the regulation could be extended? Do you recall that?

2 A No. But it's in the minutes, so --

3 Q Okay. And page 13, the very top. Ms. Ertos
4 explained that shortly after the 2017 session the Department
5 of Taxation adopted temporary regulation set to expire in
6 November of 2017. The Department then adopted an emergency
7 regulation effective for 120 days that cannot be extended,
8 which will expire on March 1st. She said, "If the regulation
9 is not approved at this meeting, there will be no marijuana
10 regulations." Do you recall that?

11 A Yes.

12 Q Okay. So the Legislative Commission did not have an
13 opportunity to make any proposed revisions or suggest changes
14 to that regulation; is that correct?

15 A Guess they could have, but they didn't.

16 Q Well, you look at -- the Council -- provided by
17 Legislative Council Bureau's attorney it doesn't appear that
18 she indicated that that could be continued; correct?

19 A Right. That they can't be extended.

20 Q Right. And the Tax Commission was faced with a
21 similar issue; is that correct?

22 A Yes.

23 Q Because that Commission meeting was held on January
24 16th, which was beyond the timeline that the regulations were
25 supposed to have been adopted; is that correct?

1 A I believe so. I think the regulations were -- it
2 took a while -- if I remember correctly, it took a while to
3 get them back from LCB.

4 Q Right. In fact, I think you received them back from
5 LCB in December. Does that sound accurate?

6 A Yeah. Possibly.

7 MR. MILLER: Okay. All right. Do you have any
8 problem with the admission of Exhibit 235, which is the Tax
9 Commission? I won't go through all of that.

10 MR. SHEVORSKI: I'm sorry. Just let me look at it
11 real quick.

12 MR. KOCH: What exhibit were we just looking at?

13 MR. MILLER: 236.

14 THE COURT: Any objection to 235?

15 MR. KOCH: No objection, Your Honor.

16 THE COURT: Be admitted.

17 (Plaintiffs' Exhibit 235 admitted)

18 BY MR. MILLER:

19 Q So, sir, as a result of all the meetings that
20 included public comment on the adoption of the regulations did
21 you do anything different in how you assembled the
22 application?

23 A Say it again.

24 Q As a result of these workshops and meetings are you
25 aware if anything the Department did differently based on the

1 comments and suggestions by members of the public who attended
2 those hearings?

3 A In the application? I don't recall.

4 Q Move quickly to -- the statutory language, sir, with
5 respect to proposed physical address, are you generally
6 familiar with the provisions within NRS 453A as they apply to
7 whether or not proposed physical location was required and
8 scored?

9 A I don't remember. I'd have to go back and look.

10 Q Okay. We can pull up NRS 453A.322(3). I'll just
11 read it for you. (3)(a)(2). Do you have your statute book in
12 front of you?

13 A No.

14 THE COURT: You mean my statute book? I think you
15 still have it, don't you?

16 THE WITNESS: No, Your Honor. It's not here.

17 THE COURT: Here you go, sir. I thought you had it
18 already.

19 THE WITNESS: 453A what?

20 BY MR. MILLER:

21 Q 453A.322(3)(a)(2).

22 A Okay. .322(3)(a)(2)?

23 Q Yes.

24 A Okay.

25 Q "The application must include evidence that the

1 applicant owns the property on which the proposed medical
2 marijuana establishment will be located or has the written
3 permission of the property owner to operate a proposed medical
4 marijuana establishment on that property." So you recognize
5 that as being nearly identical to the provisions that control
6 the recreational marijuana application process?

7 A I'm sorry. I thought you said -- 322(3)(a)(2) you
8 said?

9 Q Subsection (4)(a)(2), subparagraph 4.

10 A Okay. Yes.

11 Q Okay. That's almost identical, isn't it, to the
12 provisions that would apply to the recreational marijuana
13 application?

14 A Yes.

15 Q Okay. And in fact when this process was run in 2014
16 are you aware that if an applicant had not provided a proposed
17 physical address as part of the application, that application
18 would have been rejected?

19 A No, I don't.

20 MR. MILLER: Can you show Proposed Exhibit 245.
21 It's an exhibit from your PowerPoint. Department of Taxation
22 Bates Number 21177. It's the PowerPoint and training
23 materials.

24 MR. KOCH: I'm sorry. What's the exhibit again?

25 MR. MILLER: 21177.

1 UNIDENTIFIED SPEAKER: Exhibit 245.
2 MR. KOCH: No objection.
3 THE COURT: Be admitted.
4 (Plaintiffs' Exhibit 245 admitted)
5 THE COURT: 245; right?
6 MR. MILLER: Yes.
7 BY MR. MILLER:
8 Q Sir, can you read it at the very top? It's a little
9 blurry there. Regulatory [inaudible and unintelligible].
10 A Yes.
11 Q Do you see that that appears to be a grid that's
12 recommended in 2014 that the Department follow?
13 A Yes.
14 Q Can you read the far right box for us.
15 A Far right?
16 Q Yes.
17 A Under "Descriptive Elements"?
18 Q Checkmarks where it says yes or no.
19 A Okay. It says, "Eligible applicant, yes or no -- no
20 or yes?"
21 Q And to the left of that there's criteria indicating
22 that it first establish whether or not the proposed applicant
23 has a physical address; is that correct?
24 A Yes.
25 Q Okay. So it appears that in 2014 if you did not

1 have a proposed physical address as part of your application
2 and evidence, that your application would have been rejected;
3 is that correct?

4 A Yeah. I don't know if it would have been rejected
5 or not.

6 Q As you see this here does it appear to indicate that
7 if you're an eligible applicant, the checkbox for yes or no,
8 you were ineligible applicant based on that criteria?

9 A I'm not sure what they meant by that in 2014.

10 BY MR. MILLER:

11 Q Can we show -- the criteria that was provided to the
12 evaluators, are you aware that for the building adequacy it is
13 nearly identical to the provisions that were provided to the
14 evaluators in 2014?

15 A No.

16 Q You're not?

17 MR. MILLER: Can we show Proposed Exhibit 246.

18 THE COURT: Any objection to 246?

19 MR. SHEVORSKI: No objection from the State, Your
20 Honor.

21 THE COURT: Anybody else have an objection?

22 MR. MILLER: And side by side with Exhibit 9.

23 MR. KOCH: No.

24 THE COURT: Be admitted.

25 (Plaintiffs' Exhibit 246 admitted)

1 UNIDENTIFIED SPEAKER: What page of 246?

2 MR. MILLER: It's 246, 21300.

3 BY MR. MILLER:

4 Q Can you read the evaluation criteria that was
5 provided in 2014 as it applied to the building adequacy
6 section.

7 A "453A.328(7), The adequacy of the size of the
8 proposed medical marijuana establishment to serve the needs of
9 persons who are authorized to engage in the medical use of
10 marijuana."

11 Q Read on.

12 A The elements?

13 THE COURT: Sir, can you read it on the screen, or
14 do you need to actually look at the paper copies?

15 THE WITNESS: No, I can read it on the screen.

16 THE COURT: Okay.

17 THE WITNESS: Which one?

18 BY MR. MILLER:

19 Q Read the "Excellent response...."

20 A "An excellent response would include all the
21 following elements: the building and construction plan
22 demonstrates a clear definition of work tasks, estimation of
23 required resources and duration for individual tasks, the
24 planning of scheduled activities, along with the estimated
25 resources and duration are realistic and achievable within the

1 required 18 months to be fully operational."

2 Q Other than changing the date from being open and
3 operational within 18 months to 12 months, that language is
4 identical, is it not, to the recreational application?

5 A Yeah, looks the same.

6 MR. MILLER: Yeah. And Exhibit -- Proposed Exhibit
7 245, [inaudible] PowerPoint 21227.

8 MR. SHEVORSKI: No objection from the State, Your
9 Honor.

10 THE COURT: Be admitted.

11 (Plaintiffs' Exhibits 245)

12 MS. SHELL: I'm sorry, Mr. Miller. What exhibit did
13 you say?

14 MR. MILLER: I'm sorry. 245.

15 THE COURT: I think 245 was already admitted.

16 MS. SHELL: Okay.

17 MR. MILLER: 21227. And compare that with Exhibit
18 10.

19 BY MR. MILLER:

20 Q Can you read that language, sir, from the 2014
21 application. Does that appear to be substantially similar or
22 identical?

23 A Yes.

24 Q So even though a proposed physical address was
25 required as part of the 2014 application, the evaluation

1 criteria for the two applications were the same; is that
2 correct?

3 A Yes.

4 MR. MILLER: Nothing further.

5 THE COURT: Any other plaintiffs or interveners have
6 any questions?

7 Any other defense questions?

8 MR. SHEVORSKI: Very briefly, Your Honor.

9 THE COURT: Mr. Shevorski.

10 MR. SHEVORSKI: Very briefly.

11 THE COURT: Okay. Because I've got 11 minutes
12 before I break for lunch.

13 MR. SHEVORSKI: Understood, Your Honor.

14 RECROSS-EXAMINATION

15 BY MR. SHEVORSKI:

16 Q Mr. Pupo, can you go to Exhibit 2016. It should be
17 in one of the binders.

18 THE COURT: Where are the binders? Dulce sends them
19 to the vault, because she's required to.

20 What exhibit number, Counsel?

21 MR. SHEVORSKI: It's 2016, Your Honor.

22 (Pause in the proceedings)

23 MR. SHEVORSKI: I can give him Mr. Koch's, if that's
24 okay, Your Honor.

25 THE COURT: Yes, he can use Mr. Koch's.

1 I'm sorry, sir. I take Dulce for granted.

2 MR. SHEVORSKI: May I approach, Your Honor?

3 THE COURT: You may.

4 BY MR. SHEVORSKI:

5 Q Mr. Pupo, you've just been handed what's been marked
6 as Exhibit 2016. And we're going to be talking about merit
7 criteria per NRS and R092-17. You understand R092-17 is the
8 regulations passed after Question 2 was enacted by the voters?

9 A Yes. That's the LCB file number.

10 Q Okay. Now, and we're going to be talking about the
11 shaded material to the left. And we're going to start with
12 R092-17, Section 80(g). Do you see where that's indicated?

13 A Yes.

14 Q "Whether the owners, officers, or board members of a
15 proposed marijuana establishment have direct experience with
16 the operation of a medical marijuana establishment or
17 marijuana establishment in the state and have demonstrated a
18 record of operating such an establishment in compliance with
19 the laws and regulations of this state for an adequate period
20 of time to demonstrate success." Did I read that correctly?

21 A Yes.

22 Q And on the next page marked Bates Number 2680,
23 R092-17, Section 80(h), "The experience of key personnel that
24 applicant intends to employ in operating the type of marijuana
25 establishment for which the applicant seeks a license." Did I

1 read that correctly?

2 A Yes.

3 Q And those were considered in the merit criteria in
4 2018; correct?

5 A Yes.

6 MR. SHEVORSKI: No further questions.

7 THE COURT: Anything further from anyone?

8 Mr. Koch.

9 MR. KOCH: We don't have NAC? Do we have the book
10 NAC?

11 THE WITNESS: Yes, I --

12 THE COURT: I don't have NAC. They don't give them
13 to the judges.

14 RECROSS-EXAMINATION

15 BY MR. KOCH:

16 Q And, Mr. Pupo, you talked about the ownership and
17 the 5 percent threshold. Do you know if that was in fact a
18 part of the medical marijuana regulation program?

19 A Yeah, I don't recall.

20 Q NAC 453A.302 has regulations regarding 5 percent
21 threshold that were adopted in 2014, would it surprise you if
22 there were the same 5 percent threshold in medical in 2014 as
23 was later adopted in the regulations for a recreational
24 license?

25 A No, it wouldn't surprise me.

1 MR. KOCH: Thank you.

2 THE COURT: Anything else? Anyone else? Anything?

3 Mr. Pupo, thank you for coming back again. And you

4 may depart before the parties change their minds and ask you

5 more questions.

6 THE WITNESS: Thank you, Your Honor.

7 THE COURT: Thank you.

8 (Pause in the proceedings)

9 THE COURT: All right. So I have one motion I was

10 going to talk about, which was my motion to seal. Mr. Graf

11 borrowed my copy. Do you want to talk about it now, or after

12 lunch, or tomorrow, Mr. Graf?

13 MR. GRAF: We can talk about it now, Your Honor.

14 Here's your motion back.

15 (Motion to seal transcribed under separate cover)

16 THE COURT: Anything else that I can do today? So

17 I've crossed off Mr. Pupo on my list of witnesses to be

18 finished. I now have nine more. Anybody this afternoon?

19 MR. SHEVORSKI: I don't know, Your Honor.

20 THE COURT: I know we were just on Mr. Pupo this

21 afternoon, but if we have somebody else who wants to testify

22 this afternoon, I am here working.

23 MR. KEMP: Judge, I'd understood we were going to do

24 Mr. Hawkins that day, but I do not see Mr. Parker here.

25 THE COURT: I don't see Mr. Parker, either.

1 Somebody told me he was in South Carolina, but I didn't know
2 for sure.

3 MR. KEMP: I thought he was coming back last night,
4 Your Honor.

5 MR. SHEVORSKI: I honestly -- we got an email, I
6 think everyone got an email saying he was coming back the 8th,
7 but that's my recollection. Maybe I'm wrong.

8 THE COURT: So when I made the record that he was
9 late, it wasn't that he was late, it was that you weren't
10 expecting him today.

11 MR. SHEVORSKI: I don't know, Your Honor. I'm just
12 -- that's my recollection of his email. I think the Court got
13 it, as well, may have got that one.

14 THE COURT: I don't get them. My law clerk may
15 have.

16 MR. SHEVORSKI: Okay.

17 THE COURT: Remember, I don't read anything from you
18 guys.

19 MR. SHEVORSKI: Very good, Your Honor.

20 THE COURT: So were we going to do something? My
21 question is are you coming back after lunch. That's really my
22 question. Or am I done so I can let Jill go work on --

23 MR. GENTILE: Your Honor, on behalf of Serenity, we
24 don't have another witness, because we were anticipating this
25 was going to go a lot longer.

1 THE COURT: I asked my questions. I, you know,
2 lengthen to the proceeding to the extent I thought was
3 necessary.

4 Anything else?

5 Okay. As I have told you, I have some scheduling
6 issues that we're still trying to deal with. If any of those
7 days that we've talked about come up or come open, we will
8 contact you. I understand you have a lot of scheduling issues
9 on your side at this point, and so we'll let you know as soon
10 as I have additional days that open up. But until a trial
11 settles I don't have anything earlier than what I've already
12 offered you.

13 MR. KOCH: We're planning the 10th, right, in the
14 afternoon?

15 THE COURT: That's all I think you've agreed to.
16 And then we go the 11th some and then the 12th. I do have two
17 short things on the 12th, one in the morning, and one in the
18 afternoon, and a lunch meeting on the 11th, but I've got you
19 pencilled in.

20 MR. SHEVORSKI: Just for your scheduling, I've
21 accepted service of a subpoena for Ms. Contine. I'm not sure
22 if she's already on the list.

23 THE COURT: She was not on the list.

24 Anything else that you guys want to tell me?

25 MR. KEMP: Judge, can we go through the schedule one

1 more time? Because I'm not sure.

2 THE COURT: Right now I think you're coming at 1:00
3 on July 10th, I don't know why, and that you're coming back on
4 the 11th and you're coming back on the 12th. I have a lunch
5 meeting on the 11th, which means I'm going to have to break at
6 11:30, and I should be back by 1:15.

7 On July 12th I have a 9:30 that's short, and then I
8 have a 3:00 o'clock that's short.

9 MR. KEMP: And what about the morning of the 11th?

10 THE COURT: I'm here for you. 9:30.

11 MR. KEMP: 9:30. Okay.

12 MR. CRISTALLI: And then 10:00 o'clock on the 12th,
13 Your Honor?

14 THE COURT: Sure. It may be 10:15. I have some
15 lawyers who are doing a closing argument on a home foreclosure
16 under the HOA process.

17 MR. SHEVORSKI: I just got the chills, Your Honor.

18 THE COURT: Tell me about it.

19 MR. CRISTALLI: And, Your Honor, when did you want
20 to --

21 THE COURT: You know how lucky I was not to have to
22 do regular civil for like 10 years. And then I came back to
23 it.

2 (Court was called to order)

3 THE COURT: So we were going to discuss before the
4 lunch break, but I didn't because Mr. Parker needed to get to
5 his board meeting, when I hear the Serenity motion for return
6 of the excess moneys they deposited with bond.

7 Mr. Graf, you said you wanted to oppose it.

8 Mr. Gutierrez, you wanted to oppose it. When do you
9 want me to hear it?

10 MR. GRAF: Your Honor, if you'll give us until
11 Monday to file a written opposition. You can set it anytime
12 after that.

13 THE COURT: Wednesday?

14 MR. CRISTALLI: Yes.

15 THE COURT: Wednesday at 9:00.

16 THE CLERK: That'll be June 26th.

17 THE COURT: Mr. Cristalli, here you go.

18 MR. BULT: Your Honor, since we're talking
19 housekeeping, can we bring up something else?

20 THE COURT: Yes.

21 MR. BULT: We understand that Essence of Tropicana
22 is applying for a special use permit, and that is being heard
23 on June 25th, at 6:00 p.m. The ETW plaintiffs are inclined to
24 make an oral motion right now, or we can submit something
25 overnight.

1 THE COURT: You're going to have to submit something
2 in writing.

3 MR. BULT: Okay. And then you'll just get it on OST
4 for --

5 THE COURT: I will.

6 MR. BULT: Okay. Appreciate it.

7 THE COURT: Maybe set it for Wednesday.

8 MR. BULT: Sounds good. Well, it looks like this is
9 on for Tuesday at 6:00.

10 THE COURT: So maybe I'll set it for Tuesday if I
11 get it tonight or this afternoon.

12 MR. BULT: You'll have it this afternoon.

13 MR. GUTIERREZ: Well, I'm out Monday and Tuesday.

14 THE COURT: Well, if you had a hearing on Tuesday if
15 you're not going to stipulate take it off, I've got to hear it
16 before the hearing.

17 MR. GUTIERREZ: We'll find somebody to be here.

18 THE COURT: Unless you want me to hear it tomorrow.
19 Unless you want me to hear it tomorrow or orally.

20 MR. GUTIERREZ: No. I'd rather [inaudible].

21 THE COURT: Okay.

22 MR. KEMP: And, Judge, we have Exhibit 20A ready to
23 be introduced, which was DOTMM001122 and 23, which --

24 THE COURT: We discussed this yesterday. If you
25 have it, Dulce will admit it, because I made the record

1 yesterday.

2 MR. KEMP: Okay. Thank you, Your Honor.

3 MR. SHEVORSKI: Thank you, Your Honor. We just

4 wanted to put it on the record.

5 THE COURT: We already put it on the record

6 yesterday.

7 MR. SHEVORSKI: Perfect.

8 THE COURT: I was just waiting for the document to

9 get here.

10 Mr. Miller, did you get me the demonstrative

11 exhibits from your PowerPoint slips?

12 IT TECHNICIAN: Coming in 30 minutes, Your Honor.

13 THE COURT: All righty. Thank you, Shane. Anything

14 else?

15 Mr. Parker, are you ready to continue?

16 MR. PARKER: I am, Your Honor.

17 JORGE PUPO, PLAINTIFFS' WITNESS, PREVIOUSLY SWORN

18 THE COURT: Mr. Pupo, are you ready to continue?

19 THE WITNESS: Yes, ma'am.

20 THE COURT: You remember, if you need a break or you

21 need to stand up, you let me know.

22 THE WITNESS: Yes, ma'am.

23 THE COURT: Okay. Go on, Mr. Parker.

24 MR. PARKER: Thank you. And, Your Honor, can I have

25 Exhibit 252 just to get this out of the way?

1 Shane, is that you, or Brian? Who am I thanking?
2 I'm thanking Shane, thanks.

3 DIRECT EXAMINATION (Continued)

4 BY MR. PARKER:

5 Q So, Mr. Pupo, can you take a look at the screen and
6 in particular the red language there. And if you could, could
7 you read that into the record.

8 A The screen's not working.

9 Q It's not. We have the Plaskon --

10 A Well, hold on. It just flashed.

11 Q -- approach to technology. You just turn it off and
12 on.

13 THE COURT: And you thought your computers were old
14 at the State.

15 THE WITNESS: I know.

16 THE COURT: All right. He wants you to read that
17 red lettering up above the bunch of green stuff. And maybe
18 they're going to blow it up so you can actually read it.

19 THE WITNESS: Yeah, I see it.

20 THE COURT: Oh. Good.

21 BY MR. PARKER:

22 Q Can you read it?

23 A Yes. It says, "Per Jorge 11/28/18, Essence
24 Tropicana in Henderson and Thrive, Cheyenne, and Commerce
25 will be issued both licenses for unincorporated Clark."

1 Q So can you tell me -- first, does that Jorge refer
2 to you?

3 A Yes.

4 Q All right. Can you tell me why you decided that it
5 was okay for these companies to have multiple licenses in the
6 same jurisdiction.

7 A Because, like I explained yesterday, the definition
8 of "applicant" on the application says entity/ -- I believe
9 individual. And the applicants in these were two separate
10 legal entities.

11 Q Do you recall the part of the application that said,
12 list all your owners for purposes of determining whether or
13 not any owners had interest in multiple applicants?

14 A Yes, I believe so.

15 Q All right. Do you recall the statute or the
16 regulation prohibiting more than one owner in having a
17 recreational medical -- I'm sorry, a recreational marijuana
18 establishment in the same jurisdiction?

19 A No.

20 Q You don't? All right. Now, did you consult with
21 anyone regarding this decision to allow these companies to
22 have multiple licenses?

23 A Yes.

24 Q Who did you consult with?

25 A My Deputy Attorney General.

1 Q And the name of that person?

2 A Robert Werbicky.

3 Q All right. And did you -- by virtue of this
4 information being on this document did you know that these
5 companies all had -- or had similar owners?

6 MR. SHEVORSKI: I caution you not to reveal any
7 communications between yourself and Mr. Werbicky regarding
8 that subject.

9 THE WITNESS: Yes, sir.

10 Okay. I'm sorry. Can you say that, again.

11 BY MR. PARKER:

12 Q Yes. After that admonition basically we can start
13 all over again.

14 A Okay.

15 THE COURT: Try and ask it so you so you don't
16 elicit --

17 BY MR. PARKER:

18 Q Did you, without the benefit of Mr. Werbicky, know
19 that these companies had similar owners?

20 A Yes.

21 Q All right.

22 THE COURT: How'd you know that, sir?

23 THE WITNESS: Just by the course of normal business.

24 BY MR. PARKER:

25 Q The course of knowing the business, or the owners?

1 A Normal business.

2 Q Okay. Explain that.

3 A My day-to-day interactions, you know, managing the
4 industry.

5 Q Okay. Day-to-day managing of the industry, or day-
6 to-day familiarity with these owners?

7 A No. Just day-to-day management of, you know, the
8 industry. And I don't know all the entire ownership. I know,
9 you know, maybe one or two people may have common ownership.
10 I'd have to go into the records to see, you know, what the
11 exact ownership is.

12 Q But you knew -- tell me, did you know names in terms
13 of owners?

14 A One of each probably.

15 Q Tell me who you are familiar with that had ownership
16 interest in these companies. And we can start with Essence
17 Trop and Essence Henderson.

18 A Armen Yemenidjian or however you pronounce it.

19 Q Do you know how to spell it?

20 A No.

21 Q Okay. Good enough. And how about Cheyenne and
22 Commerce Park, which is Thrive?

23 A Yeah, I believe that's Mitch Britten and --

24 Q Had you spoken with either of them before the first
25 gentleman you named or the second?

1 A Yes.

2 Q On more than one occasion?

3 A Yes.

4 Q So when I asked you about your familiarity with the
5 owners it goes beyond simply the industry. You actually knew
6 these owners; is that correct?

7 A No, I know them from my interactions with the
8 industry.

9 Q Right. But you actually know -- there are a lot of
10 people in the industry. You may not know the owners; right?

11 A Yes.

12 Q Right. But in this case you knew the owners of all
13 four locations?

14 A Yes.

15 Q All right.

16 A Or at least some of them, right.

17 Q Good enough. And had you spoken to them prior to
18 the submission of the applications?

19 A Yes.

20 Q Did you speak with them between July of 2018 and
21 September 20th of 2018?

22 A I believe so. Possibly, yes.

23 Q Would your phone records reflect telephone
24 conversations with those gentlemen?

25 A Possibly, yes.

1 Q Were either of those gentlemen represented by Ms.
2 Amanda Connor?
3 A When you say either --
4 Q Their companies.
5 A Yes.
6 Q All right.
7 A Yes.
8 Q And had you been introduced to them through Ms.
9 Connor, or independent of Ms. Connor?
10 A I don't remember.
11 Q Do you recall whether or not any of these -- either
12 of these two gentlemen asked any questions of you regarding
13 the 2018 process?
14 A No.
15 Q And tell me whether or not you know what their
16 ownership interests are in these companies.
17 A As far as I know, they're owners or part owners.
18 Q Okay. They're not just board members; right?
19 A Not that I know of.
20 Q They're not advisory board members?
21 A Not that I know of.
22 Q Okay. Good. Do you know if they're officers?
23 A No. I know them as owners --
24 Q And had you --
25 A -- or part owners, whatever.

1 Q Do they have medical marijuana locations?

2 A Yes.

3 Q Have you known them since 2014?

4 A No.

5 Q When did you meet the owner of Essence Trop and
6 Essence Henderson?

7 A Sometime after the Department of Taxation started
8 administering the marijuana program.

9 Q What year would that be?

10 A I believe it was July 1st, 2017.

11 Q Okay. So after it became clear that recreational
12 marijuana would be available?

13 A Yes.

14 Q Same with the owner of Commerce and Cheyenne?

15 A Yes.

16 Q Okay. And can you tell me the circumstances in
17 terms of how you met them.

18 A I don't recall specifically. It could have -- you
19 know, I've met a lot of people through meetings or
20 regulations, things like that.

21 Q All right. Now, you indicated you've spoken to them
22 and you've met them, and you said your phone records would
23 reflect conversations with them. Did you ever text either of
24 them?

25 A Yes.

1 Q Okay. Have you produced records indicating that you
2 -- your phone records indicating text messages between
3 yourself and those owners?

4 A Yes.

5 Q Okay. Have you received any emails from them?

6 A Don't know. Not sure.

7 Q Have you gone to dinner with either of them?

8 A Dinner, I believe, yes.

9 Q Have you gone to lunch with either of them?

10 A Yes.

11 Q More than one occasion?

12 A Possibly, yes.

13 Q And would it also -- would those lunches or dinners
14 have occurred between 2017 and September 20th of 2018?

15 A Yes.

16 Q All right. Now, let me get back to a couple more
17 questions. We may come back to that, but I want to get back
18 to the statutes, the regulations first.

19 When we left off you told me that while location was
20 important in the ballot, location was important in the
21 statutes, and location was important in the regulations, you
22 thought you had the ability to remove it from the scoring on
23 the application process; is that correct?

24 A Yes.

25 Q All right. Now, do you think you also had the power

1 in your position, the way you remove location, to change the
2 age in terms of what person can purchase recreational
3 marijuana? Because that seemed also important in the ballot
4 question that it'd be someone over 21. Did you have the
5 authority to change it to 20?

6 A No.

7 Q What makes you think you had the ability to change
8 the location, since that was important and actually a question
9 within the ballot, but you couldn't change the age?

10 MR. KOCH: Objection. Lacks foundation.

11 THE COURT: Overruled.

12 THE WITNESS: I think I explained before. I don't
13 think we -- the initiative doesn't say how to score an
14 application.

15 BY MR. PARKER:

16 Q Wait a second, sir. Let's make sure we're on the
17 same page. I didn't ask about scoring this time.

18 A I'm sorry.

19 Q You removed location as a scoring item, I
20 understand.

21 A Yes.

22 Q But you told me right before we left and you gave me
23 time to think about your response, the Court did, that you had
24 the authority to remove location as a scoring item. Do you
25 remember that?

1 A Yes.

2 Q All right. If you can change something that was
3 important to the citizens of Nevada like location, which is
4 represented in the ballot question, do you think you also have
5 the ability to change the age a person can be to buy
6 recreational marijuana?

7 A No.

8 Q Is there anything in the ballot that differentiates
9 your authority in terms of locality versus age?

10 A No.

11 Q That's what I thought. All right.

12 So now let's go to the statute.

13 THE COURT: And, sir, if you'd like the book if it's
14 easier, I'd be happy to get it for you.

15 THE WITNESS: Sure, Your Honor.

16 MR. PARKER: He may need it, Your Honor. I'm going
17 to be flipping back and forth a little bit.

18 THE COURT: I've just got to make sure I grab the
19 right one. 453; correct? There you go.

20 THE WITNESS: Thank you, ma'am.

21 BY MR. PARKER:

22 Q And we're going to start with the statutes, and then
23 we'll work to the regs, okay?

24 A Okay.

25 Q All right. And the first one we're going to look at

1 is NRS 453D.200.

2 A Okay.

3 Q So if you look at NRS 453D.200, this says, "Duties
4 of the Department"; right?

5 A Yes.

6 Q So this is the statutory authority from which your
7 Department acted relative to the regulation of a marijuana
8 establishment; is that correct?

9 A Yes.

10 Q All right. Now I want you to look at -- from the
11 section (1)(j). See that?

12 A Yes.

13 Q It says, "Procedures and requirements to enable the
14 transfer of a license for a marijuana establishment to another
15 qualified person --" do you see that?

16 A Yes.

17 Q "-- and to enable a licensee to move the location of
18 its establishment to another suitable location." Do you see
19 that?

20 A Yes.

21 Q Now, yesterday there was a conversation regarding
22 suitability of ownership. Do you remember that conversation?
23 We were talking about you don't want to have a cartel
24 involved.

25 A Yes.

1 Q Remember that?

2 A Yes.

3 Q Suitability of an owner. This deals with
4 suitability of a location. This to me implies that the
5 statute believed that in terms of changing location you had to
6 determine from one suitable location to another suitable
7 location; is that correct?

8 A Yes.

9 Q So if suitability of location is indicated in this
10 part of the statute, wouldn't you agree with me that it's also
11 important for purposes of the application process, suitability
12 of location?

13 A Yes.

14 Q Right. You would also agree with me you cannot
15 determine suitability of location based upon a floor plan;
16 isn't that true? You can discern suitability of a floor plan,
17 but not suitability as it applies to a location; isn't that
18 correct?

19 A Okay.

20 Q You agree, sir?

21 A I'll agree.

22 Q Now, the reason I bring this up to you is if you
23 look at the ballot, the ballot discussed all of the
24 requirements in terms of determining whether or not a location
25 is suitable, certain distance from a church, certain distance

1 from the liquor store, from the school those things. Do you
2 recall?

3 A Yeah. I don't know if liquor store is there, but
4 okay.

5 Q Yeah, I just threw that one in.

6 A Okay.

7 Q But you understand where I'm coming from?

8 A Yes.

9 Q Right?

10 A Right. Distance --

11 THE COURT: That's why you never trust lawyers.

12 THE WITNESS: Distance requirements.

13 BY MR. PARKER:

14 Q Distance requirements. There we go. And you cannot
15 determine from the application suitability based upon a floor
16 plan; isn't that the truth, sir?

17 A Based on the floor plan, no.

18 Q Right. Do you know or were you aware of the fact
19 that many of the conditional awardees used floor plans without
20 locations?

21 A Probably, yes.

22 Q Do you actually know the ones that did?

23 A No.

24 Q Or you just know generally?

25 A Generally.

1 Q All right. Now, when you told Mr. Miller yesterday
2 that location -- a location was required but not scored does
3 that mean that every applicant who gave a floor plan without a
4 location had presented an incomplete or inadequate
5 application?

6 A I don't believe so.

7 Q Well, that's what you said. You said yesterday more
8 than once, and I was --

9 A Maybe I misunderstood the question.

10 Q Well, maybe you --

11 A Your question. Can you just say it again.

12 Q Certainly. Because I found this interesting. You
13 said that locations were required, but would not be scored.
14 Do you remember saying that more than once yesterday?

15 A Yes.

16 Q Right. So given what you've told me right before we
17 broke for lunch, that location was required, doesn't that mean
18 every applicant who provided a floor plan without a location,
19 even if a location wasn't scored, would have presented an
20 inadequate and incomplete application?

21 A I believe I said that location was required on the
22 application.

23 Q Right. So they provided an application that did not
24 have a location. Each one of those applicants' applications
25 were incomplete and should not be considered by your

1 Department; isn't that correct?

2 A I would say it can be considered incomplete, but it
3 would move forward.

4 Q Thank you. But it would be incomplete?

5 A If it's missing an element, yes. You know, we
6 expect the information --

7 Q You said location --

8 A -- that we ask for.

9 Q Right. You expected a location even if it wasn't
10 scored; isn't that correct?

11 A Yes.

12 Q Thank you. Now let's go to 453D.205 and paragraph
13 (1). Do you have that in front of you?

14 A Yes.

15 Q And it talks about background checks. And again it
16 refers to subsection (6), 453D.200, which is right above it,
17 okay?

18 A Okay.

19 Q And if you want, I can read what subsection (6) says
20 of 453D.200 --

21 A No, I see it.

22 Q You can see it?

23 A Yes.

24 Q Okay. Good. So yesterday when you were speaking
25 with Mr. Ross you talked about --

1 THE COURT: You mean Mr. Miller?

2 MR. PARKER: I'm sorry. Mr. Miller. Thank you,
3 Your Honor.

4 BY MR. PARKER:

5 Q -- Mr. Miller you talked about how difficult it
6 would be to actually conduct all of the background checks of
7 all publicly traded companies and their owners or
8 shareholders. Do you recall that?

9 A Yes.

10 Q All right. Do you believe that this statute gives
11 you that flexibility? Because it says in both locations you
12 "shall" it doesn't say "may," but "shall" in section (6)
13 above, and then it says here in addition to that "conducting a
14 background may require each prospective owner, officer, and
15 board member to submit a complete set of fingerprints and
16 written permission authorizing the Department to forward the
17 fingerprints to the Central Repository for Nevada Records of
18 Criminal History for submission to the Federal Bureau of
19 Investigation for its report." Do you see that?

20 THE COURT: Mr. Graf, you're standing up.

21 MR. GRAF: Object as to form, Your Honor. I think
22 he read it wrong.

23 THE COURT: I think he did, too.

24 MR. GRAF: Okay.

25 MR. PARKER: I did. I skipped over some of it just

1 because I think he can see it.

2 THE COURT: Sir, since you have the statute book in
3 front of you, I'm not going to sustain the objection, but I'd
4 like you to focus on what you're reading out of the statute
5 book, rather than what Mr. Parker might have said.

6 THE WITNESS: Okay.

7 MR. PARKER: That's fine. Thank you, Your Honor.

8 BY MR. PARKER:

9 Q So my question, Mr. Pupo, and I know you're reading
10 it, just keep it in your mind --

11 A Sure.

12 Q -- is whether or not there's any authority given to
13 you to disregard the "shall" in 453D.200(6), which is also
14 referenced again in 453D.205?

15 A No.

16 Q Thank you. So as long as owners -- all owners are
17 identified, then you'd have -- you would then have the ability
18 to conduct the search, the background check; isn't that
19 correct?

20 A Yes.

21 Q All right. So if an applicant did not provide all
22 of the owners, would you agree with me, as well, that those
23 applicants failed to provide a complete application as
24 required?

25 A Yes.

1 Q Thank you. And, again, the remedy for that, not
2 unlike the remedy for not providing a location, is that
3 application could be deemed insufficient and not evaluated,
4 may be too late for that, but should not have been evaluated,
5 at least some followup should have been done; is that correct?

6 A I guess it could be deemed incomplete.

7 Q All right. Thank you. Now let's go to 453D.210,
8 paragraph (5)(b), as in boy. And this goes back to the
9 physical address.

10 A Right.

11 Q Can you see? And I'm doing this, Mr. Pupo, just so
12 you have an understanding where we're going. I wanted you to
13 see all of the locations in the statutes that require a
14 referenced physical location. Do you understand?

15 A I understand.

16 Q Perfect. So it says here "The physical address
17 where the proposed marijuana establishment will operate." Do
18 you see that?

19 A Yes.

20 Q All right. So doesn't this reinforce the position
21 that at a minimum, even if it wasn't scored, that physical
22 address had to be in that application?

23 MR. KOCH: Objection. Legal conclusion.

24 THE COURT: Overruled.

25 THE WITNESS: I would say yes, except for -- I'm

1 trying to remember where the language "proposed establishment"
2 is, because this one says "will operate" and I think the
3 language says "proposed establishment."

4 BY MR. PARKER:

5 Q Well, it's in the same paragraph. I'll keep reading
6 for you, "will operate or is owned by the applicant or the
7 applicant has a written permission of the property owner to
8 operate the proposed --"

9 A There we go. Okay. Yeah. I'm sorry.

10 Q No worries.

11 THE COURT: He was almost there.

12 BY MR. PARKER:

13 Q So now you see it?

14 A I see it, yeah. Okay.

15 Q Now, would you agree with me based upon what you
16 just read, and you -- obviously you've read it before, that
17 the physical address was a requirement of this process?

18 A Yes.

19 Q Thank you. And then -- and this is -- I think this
20 is a further reinforcement of the ballot question -- It goes
21 through in terms of (c) and (d) and provides all the distance
22 requirements; is that correct?

23 A Yes.

24 Q Doesn't that also reinforce the prior statute we
25 were looking at in terms of suitability of location?

1 A Yes. For suitability, yes.

2 Q All right. So now I'm going to go to the

3 Administrative Code, okay?

4 THE COURT: No, sir. I don't have a copy of that to

5 help you with. I just get the statutes.

6 THE WITNESS: You don't have a copy. Okay. We'll

7 deal with it, Your Honor.

8 THE COURT: Okay.

9 MR. PARKER: I was going to say the same thing. so

10 I can use the Elmo, Your Honor, if you'd like.

11 THE COURT: You may. Or you can show it up on --

12 MR. PARKER: Do we have it, Shane?

13 IT TECHNICIAN: I have it.

14 MR. PARKER: Okay.

15 THE COURT: You can show it on the screen, too.

16 MR. PARKER: Okay. I will -- let's see.

17 THE COURT: What are you going to do, Mr. parker, so

18 Jill can turn on the right permission.

19 MR. PARKER: All right. Shane, can you put it up.

20 I'm going to give it to you, Mr. Pupo.

21 THE WITNESS: Okay.

22 MR. PARKER: Which means I'm going to have a problem

23 reading it.

24 THE COURT: Mr. Parker, you need to keep your voice

25 up if you're somewhere other than right at that lectern.

1 BY MR. PARKER:

2 Q I've highlighted it for you, too.

3 A Okay.

4 Q So I've got my notes so I can tell you where to go.

5 And then I will keep my voice up so that we can hear me on the

6 record. So 453D.255. And this deals with ownership again?

7 A Yes.

8 Q All right. So you're familiar with this statute -

9 or this Code, I'm sorry, Administrative Code?

10 A Yes.

11 Q And this deals with the 5 percent requirement in

12 terms of ownership?

13 A Yes.

14 Q All right. Was there a 5 percent requirement in the

15 2014 application process in terms of designation of owners,

16 officers, and board members?

17 A No.

18 Q Why was it utilized for this regulation when the

19 statute nor the ballot question said 5 percent or more?

20 A I believe the statute says we would do regulations

21 that are necessary and convenient. So at some point it was

22 determined 5 percent interest. This may have, you know, come

23 from somewhere else, Gaming. or I don't know. I'm not sure.

24 Q So that's what the Court wants to know, and that's

25 what I would like to know. So tell me, where did it come

1 from? Someone said let's do 5 percent.

2 A I don't remember where it came from, but --

3 Q Was there any analysis performed which would support
4 deviating from the ballot question or the statute?

5 A Was there an analysis performed was your question?

6 Q Yeah. Any kind of scientific approach to this
7 determination? Did someone consult with an expert in the
8 field of corporate structures or with determining the value of
9 ownership? Was anything done to come to this decision that
10 5 percent would be the mark or the threshold for ownership
11 identification?

12 A No, I don't believe so.

13 Q It was just picked out of the air?

14 A I don't know. It may -- I don't know. It could be
15 something from Gaming. I don't know where it came from.

16 Q Did someone sneak this by you?

17 MR. GRAF: Object as to form, Your Honor.

18 THE COURT: Overruled.

19 MR. GRAF: Thank you, Your Honor.

20 THE WITNESS: I wouldn't say sneak. I just don't
21 remember what the --

22 BY MR. PARKER:

23 Q Good enough. But knowing that we don't know where
24 it came from, we can agree it didn't come from the statute or
25 the ballot question; right?

1 A Yes.

2 MR. KOCH: Objection. Legal conclusion.

3 THE COURT: Overruled.

4 BY MR. PARKER:

5 Q All right. Good enough. Now, would you also agree

6 with me that your Department did not verify whether or not all

7 applicants provided ownership -- identified all owners with

8 5 percent interest or greater?

9 A I'm sorry. One more time.

10 Q Yes. So your attachments to the application said

11 all owners; right? It says, "owners, officers, and board

12 members."

13 A Yes.

14 Q It doesn't say 5 percent owners. It says "owners."

15 Is that correct?

16 A Yes.

17 Q All right. Where you did not -- did the Department

18 of Taxation do any background check to determine whether or

19 not these applicants identified all owners with a 5 percent

20 interest or better?

21 THE COURT: You're talking about background checks

22 to determine the structure of the organization?

23 MR. PARKER: Exactly.

24 THE COURT: Okay.

25 MR. PARKER: That's a lot better question. Sounded

1 better coming from you, Judge.

2 THE COURT: That's different than a background
3 check, because we're using "background checks" as a term of
4 art in the ballot question and the statute. So we probably
5 should use a different term.

6 MR. PARKER: That's good advice, Your Honor.

7 BY MR. PARKER:

8 Q So let me ask you this, Mr. Pupo. Let me rephrase
9 it. Did the Department do any investigation to determine
10 whether or not applicants were actually listing owners of
11 5 percent or greater interest?

12 A On the application, no.

13 Q All right.

14 A Not that I know of.

15 Q And which means that there's no way the Department
16 of Taxation could have done a background check as indicated
17 under the Code or the statute without knowing if not -- if you
18 did not know all 5 percent owners or greater are actually
19 identified; is that correct?

20 A Okay. So --

21 Q The short story is you can't check on somebody you
22 don't know?

23 A Okay. That's what I was getting at. Right.

24 Q Understood?

25 A Correct.

1 Q And you didn't verify to determine if all of them
2 had been identified, all owners with 5 percent or greater
3 interest?

4 A Right. Correct.

5 Q Do you have any documentation which would tell me
6 how you came up with 5 percent, any emails, letters, memos,
7 anything you can think of?

8 A I don't know.

9 Q Do you recall getting any authority from anyone
10 above you saying that you can change the ownership interest --
11 the owners that should be identified that varied from what the
12 ballot question said or the statute?

13 MR. KOCH: Objection. Lacks foundation.

14 THE COURT: Overruled.

15 THE WITNESS: No, I don't think so.

16 BY MR. PARKER:

17 Q Let's go to 453D.260(2).

18 A Okay.

19 MR. PARKER: Your Honor, can I stay here for a
20 second?

21 THE COURT: If you keep your voice up.

22 BY MR. PARKER:

23 Q All right. It says, "When the Department issues a
24 request for applications pursuant to this section the
25 Department will include in the request the point values that

1 we allocated to each applicable portion of the application."

2 Do you see that?

3 A Yes.

4 Q You said to Mr. Miller that you didn't want to give
5 the answers to the questions. Do you recall that?

6 A Yes.

7 Q Doesn't this regulation require you to?

8 A I would say so.

9 Q I think so, too. And so every applicant pursuant to
10 the regulation were -- they were entitled to know the point
11 structure. Now, you may not have seen this regulation. I'm
12 taking it from the way you looked at it that you had not seen
13 it before; is that correct?

14 A Yeah. I don't recall.

15 Q Right. But you have to admit today in front of this
16 courtroom that pursuant to this statute -- I'm sorry, this
17 regulation or Administrative Code that information should have
18 been provided with the application when the requests were
19 made; isn't that correct? Isn't that correct, sir?

20 A I believe.

21 Q Thank you. Now, that means that from day one when
22 these applications were put out for responses they were flawed
23 based upon your own Administrative Code?

24 MR. KOCH: Objection. Legal conclusion.

25 Argumentative.

1 THE COURT: Overruled. You can answer.

2 THE WITNESS: I believe we set out the point values
3 for the categories that were being graded.

4 BY MR. PARKER:

5 Q Sir, you did not provide a manner in which these
6 applications would be judged based upon scoring as required by
7 this Administrative Code. That simply wasn't done; isn't that
8 true?

9 MR. GRAF: Objection, Your Honor. Misstates the
10 law.

11 THE COURT: Overruled.

12 MR. GRAF: Thank you.

13 THE WITNESS: I believe we submitted the point
14 values for the categories that will be graded on the
15 application.

16 BY MR. PARKER:

17 Q You're changing your position, sir?

18 A No. We did supply point values for the categories.

19 Q No, you didn't. You did not explain --

20 THE COURT: Mr. Parker, don't argue with him.

21 MR. PARKER: I'm sorry.

22 THE COURT: Just let him explain to you why he
23 thinks that's true.

24 MR. GRAF: I was going to object as argumentative.

25 MR. PARKER: It's too late. It's too late. Too

1 late. It was preempted by the Judge --

2 THE COURT: I can't let you have a sustain today.

3 MR. GRAF: I have one.

4 MR. PARKER: That was weeks ago. Quit living in the
5 past, Mr. Graf.

6 MR. GRAF: It was today.

7 THE COURT: Sir, he wants you to explain to him why
8 you think you supplied the point values. If you'd do so.

9 BY MR. PARKER:

10 Q I'm sorry. I was being gregarious with Shevorski
11 there.

12 A Well, I believe we did supply the point values for
13 the categories that were going to be graded by the evaluators
14 on the application.

15 Q Sir, Mr. Miller asked you right before he concluded
16 his questioning whether or not you'd have actually gotten
17 better applications, ones tailored to meet the issues that you
18 were particularly interested in and would be related to the
19 manner in which you were doing the scoring. Do you remember
20 that question?

21 A Yes.

22 Q All right. Wouldn't you agree with me if you had
23 provided all of that information and then tried to keep the
24 scoring secret, that you would have gotten applications
25 tailored to what was important to the reviewers -- or to the

1 Department, I should say?

2 A Yes, I could agree to that statement.

3 Q Good enough. So let's take a look at NAC 453D.265.

4 Are you familiar with that?

5 THE COURT: Mr. Parker, the whole thing?

6 MR. PARKER: Yeah, I'm getting ready to tell him

7 which portion, Your Honor. It's .265(1)(a)(3), I believe.

8 THE COURT: Thank you.

9 MR. PARKER: You're welcome, Your Honor.

10 THE COURT: Did you really want this section on

11 fees?

12 MR. PARKER: I don't think so. You know, Mr. Graf

13 is over here telling me, it's not the one you want.

14 MR. GRAF: Sustained.

15 THE COURT: You know, yesterday Mr. Miller had a

16 written-down number wrong. So maybe you want a different

17 section.

18 MR. PARKER: You know, it has something to do with

19 something important to me, Your Honor. I'm going to figure

20 this out I think very quickly.

21 THE COURT: So maybe you meant .268, and your 5

22 looks like an 8.

23 MR. PARKER: You are very smart, because that's

24 coming next. It's .268(2)(e) for those who want to get ahead

25 of me. But I'm still after 453D.265. Maybe it's (b). There

1 it is. (b)(3), Your Honor.

2 BY MR. PARKER:

3 Q So it's (b)(3). Can you read that for me, Mr.

4 Pupo.

5 A Yeah.

6 Q And it says, "The physical address where the

7 proposed marijuana establishment will be located and the

8 physical address of any co-owned or otherwise affiliated

9 marijuana establishment." Do you see that?

10 A Yes.

11 Q Another indication of the importance of a physical

12 location; is that correct?

13 A Yes.

14 Q All right. Now let's go to 453D.268(2)(e). I

15 believe. It's either (e) or (c).

16 A (e)?

17 Q Yep.

18 A You have it.

19 Q Thank you, Mr. Pupo. You're on top of it. And it

20 says here, "The physical address where the proposed marijuana

21 establishment will be located and the physical address of any

22 co-owned or otherwise affiliated marijuana establishment,"

23 another reference in the Code demonstrating the importance of

24 the proposed physical location; is that correct?

25 A Yes.

1 Q Now, let me stop for one second. With all of these
2 indicators both from the ballot question, the statutes now,
3 and at least two references to the Code why wouldn't you score
4 that? Is it just because Ms. Amanda Connor was calling you,
5 bugging you about it? I mean, why would you -- and I'm glad
6 you're smiling, you took it in the manner in which I wanted
7 you to. Why would you not include scoring on physical
8 location?

9 A You know, from what I remember, the discussions and
10 the workshops and discussions with industry it's just
11 something that I believe they didn't want.

12 Q So you're telling me all of these people on this
13 side of the room, that would be the plaintiffs' side of the
14 room, who have physical locations -- and I know you didn't
15 hear some of the testimony, but there was testimony given that
16 people went through a lot of work to --

17 THE COURT: Some people.

18 MR. PARKER: Some people.

19 THE COURT: Okay. Just so we're clear. It's not
20 all of them.

21 BY MR. PARKER:

22 Q Not all people, some people went through a lot of
23 work to find suitable locations and spent money in terms of
24 lease payments and early deposits. Were you aware of that?

25 MR. KOCH: Objection. Lacks foundation.

1 THE COURT: Overruled.

2 THE WITNESS: You know, generally just by keeping my
3 finger on the pulse of industry I did hear that some people
4 were going out getting locations.

5 BY MR. PARKER:

6 Q Right. Did you know based upon what you heard and
7 being familiar with the industry that finding a location was
8 difficult?

9 A In some jurisdictions I heard this, yes.

10 Q Right. Because those looking for locations also
11 were aware of the suitability requirements in terms of
12 distance laid out in the ballot question; is that correct?

13 A Yes, I would think they were aware of distance
14 requirements.

15 Q Right. So addition -- let's look at 453D.268(6).

16 A Oh. You've got it highlighted here. Okay.

17 THE COURT: Are you on sub (6) or actual 6?

18 MR. PARKER: I think we need to go back up, Shane.

19 THE COURT: I think you want the actual 6. "The
20 size of the proposed marijuana establishment --"

21 MR. PARKER: Yeah. There we go. That's it.

22 BY MR. PARKER:

23 Q It says, "Documentation concerning the size of
24 proposed marijuana establishment, including, without
25 limitation building and general floor plans with supporting

1 details." Do you see that?

2 A Hold on one second --

3 Q All right.

4 A -- because it's not highlighted on the --

5 Q It's not?

6 A No, I don't think so. Where are we at? Actual 6.

7 Okay. Here, this other page. Okay.

8 Q So not only was location important in the Code, but

9 this paragraph speaks to size, adequacy of size; right?

10 A Yes.

11 Q And that was actually one of the criteria on the

12 application, the face of the application; is that correct?

13 A Yes.

14 Q Would you agree with me when you have an application

15 requiring an address, and saying P.O. boxes are not allowed,

16 and then you have a section of the application indicating

17 adequacy of size of the building wouldn't you think as an

18 applicant that that's an important part of the process?

19 MR. KOCH: Vague and speculation.

20 THE COURT: Overruled.

21 THE WITNESS: Okay. One more time. The adequacy of

22 size?

23 BY MR. PARKER:

24 Q Yes. It says that right on the top of the page for

25 the part of the non-identified portion of the application;

1 right?

2 A Right. You're asking me if the adequacy of size is
3 important to the applicant?-

4 Q Yeah. Wouldn't the applicant think that's -- if
5 they were being asked for that information that location is
6 required on the face of the Attachment A, that that is
7 something that's being considered by the evaluators?

8 A Yes.

9 MR. KOCH: Objection. Speculation.

10 THE COURT: Overruled.

11 BY MR. PARKER:

12 Q All right. Now, did you provide -- or to your
13 knowledge were the evaluators provided with any samples or any
14 information in terms of what is adequacy of size, not just a
15 floor plan, but adequacy of size of building?

16 A I don't know if they were provided anything.

17 Q We were told that the QA or quality assurance
18 performed on this -- on the evaluators' work was left up to
19 the evaluators themselves. Were you aware of that?

20 A No.

21 Q Okay. When I went through the scoring -- strike
22 that. When I went through the training slides with Mr.
23 Gilbert I asked him who did the QC work or the QA work, and he
24 said the evaluators QC-ed their own work or one evaluator
25 would QC another evaluator's work. Was that your

1 understanding or impression?

2 A I don't know. I didn't know that was part of the
3 process there.

4 Q You had nothing to do with QC-ing or QA-ing the
5 work; is that correct?

6 A Right. Correct.

7 Q Good enough. Can we look at section 4 -- NAC
8 453D.268 I think it's (4)(b)(11). It should be highlighted,
9 Mr. Pupo.

10 THE COURT: Whether the person has an ownership or
11 financial investment interest?

12 MR. PARKER: Yes, Your Honor.

13 THE COURT: Okay.

14 BY MR. PARKER:

15 Q Have you seen this part of the Administrative Code?

16 A Yes.

17 Q Okay. Are you familiar with what this requires?

18 A Yes.

19 Q Do you see anything in this language that says
20 shareholders are not included in the term "owner"?

21 A No.

22 Q All right. Would you agree with me that a
23 shareholder is someone who has a financial interest in a
24 company?

25 A Sure.

1 Q And doesn't it say that you're supposed to provide
2 information on anyone with a financial interest?

3 A Yes, whether a person has a financial investment.

4 Q So in terms of public companies everyone with a
5 financial interest should have been identified on the
6 application. Isn't that correct based upon this
7 Administrative Code section?

8 MR. KOCH: Objection. Legal conclusion.

9 THE COURT: Overruled.

10 THE WITNESS: Yeah, I would say so.

11 BY MR. PARKER:

12 Q Right. And so would you also agree with me that if
13 companies submitted applications without complying with this
14 Administrative Code reference, that they failed to comply with
15 the application that requires the identification of all
16 owners?

17 MR. GRAF: Objection, Your Honor. He's misstating
18 the Code, what it states.

19 THE COURT: Overruled.

20 MR. GRAF: Thank you, Your Honor.

21 BY MR. PARKER:

22 Q Isn't that true, sir?

23 MR. GRAF: Your Honor, and I don't mean to interrupt
24 Mr. Parker, but is there going to be a point when we could
25 make more of a record regarding some of these objections

1 outside the presence of the witness?

2 THE COURT: Yes.

3 MR. GRAF: Okay. Then I would ask --

4 THE COURT: When we take a break.

5 MR. GENTILE: Thank you.

6 MR. PARKER: Can I get the answer to this one.

7 THE COURT: We are trying to get an answer.

8 MR. PARKER: Thank you.

9 MR. GRAF: Sorry. I didn't mean to --

10 MR. PARKER: I know you didn't mean to interrupt.

11 THE COURT: I'm not --

12 BY MR. PARKER:

13 Q Isn't that true, sir, that if an applicant failed to

14 identify every person with a financial interest in the company

15 they've failed to comply with the -- they failed to provide a

16 complete application?

17 MR. KOCH: Objection. Legal conclusion.

18 THE COURT: Overruled.

19 BY MR. PARKER:

20 Q Isn't that true, sir?

21 A I would say that it can, yeah, possibly be deemed

22 incomplete.

23 MR. PARKER: Thank you, sir.

24 Do you want to take a break now, Your Honor?

25 THE COURT: No, I'll take a break at about 3:00.

1 MR. PARKER: Oh. Okay. I thought you were --

2 THE COURT: No. No. I told Mr. Graf at our next
3 break.

4 MR. PARKER: Oh. Okay. I thought you were --

5 THE COURT: So like in a trial I tell you guys to
6 keep track of all the stuff you want to make a record on when
7 we're outside the presence of the jury. So keep track of it
8 all.

9 MR. PARKER: All right.

10 BY MR. PARKER:

11 Q Now, I have a whole bunch of questions to ask you,
12 but I don't know if you know the answers. So this may shorten
13 my time with you, Mr. Pupo.

14 Do you have any information related to individual
15 applications and the scoring for those applications?

16 A Do I have?

17 Q Yeah. Are you familiar with any of them? Did you
18 go by and say, hey, I randomly need to take a look and see
19 what's going on with these evaluators and how they're scoring?

20 A No.

21 Q All right. If I were to show you portions of my
22 client's application and ask you and inquire whether or not
23 you have any understanding of why this person -- this
24 evaluator came up with this number, would you be able to shed
25 any light on that?

1 A No.

2 Q If I showed you scoring notes that indicated that
3 certain evaluators made reference to location, would that give
4 you any insight as to why they did or did not?

5 A No.

6 THE COURT: So you're going to cross that whole area
7 out; right?

8 MR. PARKER: I am. I'm crossing them out as we go,
9 Your Honor.

10 BY MR. PARKER:

11 Q Were you even in Las Vegas from September 7 through
12 September 20th of 2018, when the evaluators were doing their
13 thing?

14 THE COURT: They were in Carson, weren't they?

15 THE WITNESS: Yes, they were.

16 MR. PARKER: Let's go to Carson.

17 THE WITNESS: I'm sorry.

18 MR. PARKER: Thank you, Your Honor.

19 BY MR. PARKER:

20 Q When the evaluators were in Carson reviewing the
21 applications?

22 A No.

23 Q Okay.

24 A Not that I know of.

25 Q All right. Good enough.

1 THE COURT: It's Day 10. I know it was being done
2 in Carson, because I've been listening.

3 MR. PARKER: I was listening, Your Honor. I like
4 Las Vegas a lot, you know.

5 BY MR. PARKER:

6 Q And you would have held Mr. Gilbert or Mr. Plaskon
7 responsible for attending to the evaluators; is that correct?

8 MR. KOCH: Objection. Lacks foundation.

9 THE COURT: Overruled.

10 THE WITNESS: Yes.

11 BY MR. PARKER:

12 Q I'm thinking in your absence. Is that correct?

13 A Yes.

14 Q All right. Now, one thing that I believe you will
15 be able to give me some information on --

16 (Pause in the proceedings)

17 MR. PARKER: Your Honor, I'd provided to the Court
18 this big binder here, and I think Dulce has given it 307; is
19 that correct?

20 THE CLERK: Uh-huh. Yes. Sorry.

21 MR. PARKER: And it is Nevada Wellness, its
22 application. It's DOTNVWELL1 through 678. I'd like to have
23 this big binder admitted. I'm only going to use a few pages
24 with Mr. Pupo, though.

25 THE COURT: Any objection?

1 THE CLERK: I'm sorry. Mr. Parker?
2 MR. PARKER: Yes.
3 THE CLERK: The big binder you gave me today, or
4 yesterday?
5 MR. PARKER: Today. Well, wait a second. I thought
6 I gave this one to you today. 307 I gave today; right?
7 THE CLERK: Yes.
8 THE COURT: And is there any objection to Mr. Parker
9 having 307 admitted?
10 MR. SHEVORSKI: It's just your app?
11 MR. PARKER: It's just my app, and it's redacted.
12 THE COURT: It's his client's.
13 MR. SHEVORSKI: No objection, Your Honor.
14 THE COURT: Okay. Be admitted.
15 (Plaintiffs' Exhibit 307 admitted)
16 MR. PARKER: Thank you, Your Honor.
17 THE COURT: Dulce's going to give you Exhibit 307,
18 sir. And then Mr. Parker has said he will refer you to
19 certain pages. They have little numbers on the bottom which
20 we call Bates numbers, which we don't have Bates numbering
21 machines anymore. They ran out of ink, and we can't get the
22 ink anymore.
23 THE WITNESS: Okay, Your Honor.
24 THE COURT: But they use little stickers now for the
25 alphanumeric designation.

1 (Pause in the proceedings)

2 THE WITNESS: Is this the entire application?

3 BY MR. PARKER:

4 Q Yeah. But we're going to only look at a couple of

5 pages, okay.

6 Sir, I want you to take a look at DOTNBWELL2. So

7 it's page 2.

8 A Okay.

9 Q Are you familiar with this form -- document?

10 A With this letter, yeah. Yes.

11 Q Is this a form that is utilized by the Department of

12 Taxation Marijuana Enforcement Division?

13 A Yes.

14 Q All right. And can you tell me -- this was sent out

15 September 18th, 2018, to Mr. Frank Hawkins. Do you know who

16 he is?

17 A Yes.

18 Q Have you met him before?

19 A Yes.

20 Q When?

21 A This week.

22 Q Okay. Other than this week have you met him before?

23 A No.

24 Q Have you ever gone to lunch or dinner with him?

25 A No.

1 Q Has he ever called you on the phone?

2 A No.

3 Q All right. It says here, "On September 12th, 2018,
4 The Department of Taxation Marijuana Enforcement Division
5 conducted a routine inspection/audit of your establishment
6 located at 3200 South Valley View Boulevard, Las Vegas,
7 Nevada." And it has certificate numbers and the license
8 number. Do you see that?

9 A Yes.

10 Q All right. The next paragraph says, "The
11 audit/inspection results reveal that your establishment was in
12 compliance with Nevada Revised Statutes...", and it references
13 453A and 453D; is that correct?

14 A Yes.

15 Q All right. And it also says, "...the Administrative
16 Code, and no deficiencies were noted during the inspection."
17 Do you see that?

18 A Yes.

19 Q What does that mean in terms of the operation of
20 Nevada Wellness Center at this location?

21 A It means at this time upon the inspection from my
22 inspectors that they found nothing out of compliance.

23 Q All right. Would that mean that the location as
24 it's being operated would be suitable both in terms of
25 location and suitable in terms of adequacy of size to sell

1 medical marijuana and recreational marijuana?

2 A I don't believe that looking at adequacy of size or
3 the location on these inspections is part of their inspection.

4 Q Okay. It does mention 453A and 453D; is that
5 correct?

6 A Yes.

7 Q Which would refer to medical and recreational
8 marijuana sales; right?

9 A Yes.

10 Q All right. If there was something wrong with the
11 location, wouldn't that be noted in some type of deficiency
12 report?

13 A Yes.

14 Q All right. And if there was something wrong with
15 the size of the building or the layout of the building,
16 wouldn't that also be noted on this report or some type of
17 deficiency report?

18 A Yeah, I believe so.

19 Q All right. So can it be said based upon a non
20 finding of any deficiencies that the building location and the
21 building size were at least adequate?

22 A I would say so.

23 Q All right. Now, let's suppose that Nevada Wellness
24 Center used that floor plan and that building layout for
25 purposes of one of its applications. Wouldn't you agree with

1 me that the evaluators, because this was a part of his
2 application, would come to the same determination that the
3 medical -- I'm sorry -- that the Marijuana Enforcement
4 Division came to, that this building would be adequate and
5 this floor plan would be adequate?

6 A Yeah, I don't know what an evaluator is, you know --

7 Q No. And that's fine. That's fair enough. But my
8 question to you is if an evaluator came to a different
9 conclusion than the medical -- I'm sorry -- the Marijuana
10 Enforcement Division came to in terms of the adequacy of this
11 building and the suitability of its size, wouldn't that
12 concern you?

13 MR. GRAF: Objection, Your Honor. Misstates the
14 law.

15 THE COURT: Overruled.

16 MR. GRAF: Thank you, Your Honor.

17 THE WITNESS: If we're strictly talking adequacy of
18 size, probably I'd -- I'd probably raise a eyebrow.

19 BY MR. PARKER:

20 Q Right. Because you would think that if this is a
21 model that has worked and has been approved by the Marijuana
22 Enforcement Division it should be able to be approved in a
23 replicated building, right, in terms of adequacy?

24 A I would say so.

25 Q That's right. So Nevada Wellness Center used that

1 building size, that layout as an example with building plans
2 actually attached for its building it would replicate so --
3 along with a location. Now, wouldn't you agree with me that
4 if someone had gone through the process of getting building
5 plans, has described in detail its intention to replicate that
6 building, and then has given you a location that meets the
7 ballot question, meets the statute, and meets the regulation,
8 that that building should have been approved or scored
9 appropriately by your evaluators?

10 MR. KOCH: Objection. Lacks foundation.
11 Speculation.

12 THE COURT: Overruled.

13 THE WITNESS: You know, again, I'm not comfortable
14 substituting my judgment, you know, for the evaluators'.

15 BY MR. PARKER:

16 Q Right. That's why I'm saying isn't it your opinion
17 that the evaluators should have scored that appropriately.

18 A Yeah, I think it should be scored appropriately as
19 required.

20 Q Right. Because if the Marijuana Enforcement
21 Division finds it adequate, it should be adequate for purposes
22 of the application review?

23 A I would think so, yes.

24 Q All right. So let me show you --

25 MR. PARKER: Dulce, this is 306.

1 THE CLERK: Okay. Proposed.
2 MR. PARKER: Proposed.
3 THE COURT: And that was the other book.
4 MR. PARKER: This is. This is the scoring of Nevada
5 Wellness, Your Honor.
6 THE COURT: Any objection to that?
7 MR. SHEVORSKI: No objection, Your Honor.
8 THE COURT: Be admitted.
9 (Plaintiffs' Exhibit 306 admitted)
10 MR. PARKER: Thank you, Your Honor.
11 THE WITNESS: Are we done with this?
12 MR. PARKER: No. Hold on to it. But let me see if
13 I can find you 306.
14 Is it over there, Dulce?
15 THE CLERK: It's under the top of that cart.
16 (Pause in the proceedings)
17 MR. PARKER: We're not going to go back and do much,
18 because I'm almost just about done.
19 THE COURT: Good. Because I've got questions.
20 MR. PARKER: All right.
21 BY MR. PARKER:
22 Q All right. So if you were to look at 306 and the
23 Bate Number's DOT0033454 -- so it's kind of in the middle of
24 the stack, sir.
25 A Okay.

1 Q So it says here -- it appears that Mr. Lemons -- do
2 you see that?

3 A Yes.

4 Q Okay. He indicates that the location is near public
5 transportation. Do you see that?

6 A Yes, in front of something.

7 Q So at least this -- Mr. Lemons is considering the
8 location for purposes of public transportation; is that
9 correct?

10 A Apparently.

11 Q All right. And then it says, "Front doors open into
12 display, no barriers." Do you see that?

13 A Yeah. I don't know what that -- what he's trying to
14 say with that abbreviation. Is it "display"?

15 Q I'm assuming.

16 A Front door opens into dispensary maybe? No
17 barriers.

18 Q Maybe dispensary.

19 A Okay. I'm sorry. What's your question, again?

20 Q And then below that it says, "Construction plan."
21 Do you see that all the way at the bottom of the notes,
22 CONTPLAN?

23 A Yes.

24 Q All right. So they looked at the location at least
25 for purposes of public transportation, and they recognized

1 that construction plans were provided. Do you see that?

2 A Yes.

3 Q All right. Do you know whether or not these
4 evaluators were told not to consider location, or were they
5 looking at it in terms of some applicants, but not others?

6 A No, I don't think they were told, you know, not to
7 consider one item, you know, for some applicants and one the
8 other. I don't -- I'm not sure what exactly the instruction
9 that they were given. I was -- you know, it was part of their
10 training or whatnot.

11 Q It wouldn't be right to give -- to take away points
12 in this case -- it says minus 2. Do you see that?

13 A Yes.

14 Q It would not be appropriate to subtract points when
15 someone has gone beyond simply giving a floor plan, but giving
16 construction plans, indicated that the building that they
17 intend to replicate has been approved by the Marijuana
18 Enforcement Division. That doesn't seem right, does it?

19 MR. KOCH: Objection. Speculation. Lacks
20 foundation.

21 THE COURT: Overruled.

22 THE WITNESS: Yeah, I don't -- again, you know, I
23 don't -- I'm not seeing it through their eyes, so I can't tell
24 you what all they were looking at, what their thinking process
25 was to score it the way they did.

1 Q All right. Would you agree with me, sir, then, that
2 based upon on how you thought the application process would
3 work that if someone was going to provide the location that's
4 suitable, one that complies with the ballot question, the
5 statutes, and the Administrative Code, provide construction
6 plans and a floor plan, and demonstrate by virtue of the
7 letter that their location has been inspected by the Marijuana
8 Enforcement Division, that person should get a full -- the
9 full points allowed on that section; right?

10 MR. KOCH: Objection. Speculation. Lacks
11 foundation.

12 THE COURT: Overruled.

13 MR. GRAF: Objection. Incomplete hypothetical, Your
14 Honor.

15 THE COURT: Overruled.

16 MR. GRAF: Thank you, Your Honor.

17 THE COURT: You can answer.

18 THE WITNESS: Yeah, I don't know if they're entitled
19 to full points. If it meets the criteria for full points,
20 then they should get full points. It's what --

21 BY MR. PARKER:

22 Q Can you think of anything else in the criteria that
23 would not have been complied with if you provided that much
24 information?

25 MS. SHELL: Objection. Calls for speculation.

1 THE COURT: Overruled. You can answer.

2 THE WITNESS: Well, I see a note here. It says, "No
3 work tasks."

4 BY MR. PARKER:

5 Q Okay. I'm talking about the building at this point.
6 I see the "no work tasks" --

7 A Under construction. Okay.

8 Q -- and I also see the building notation. I was
9 wanting to actually stick to building for a second, because
10 I've got another one that goes again to the building.

11 So in terms of the building in your opinion would
12 you agree with me that if you're providing a suitable
13 location, one that meets all the distance requirements --

14 A Okay.

15 Q -- is adequate in size -- because we know the
16 Marijuana Enforcement Division's already inspected it, that
17 letter is a part of the application that's given -- shouldn't
18 that location and the replication of that location get full
19 points in your opinion?

20 MS. SHELL: Objection. [Inaudible].

21 THE COURT: Overruled.

22 BY MR. PARKER:

23 Q I don't care what the evaluators did. Based upon
24 what you know.

25 MR. GRAF: Your Honor, I'm going to object as to

1 form.

2 THE COURT: Overruled.

3 MR. GRAF: Thank you.

4 THE WITNESS: If that's the only requirement for
5 their criteria?

6 BY MR. PARKER:

7 Q Uh-huh.

8 A Then possibly. You know --

9 Q All right.

10 A -- it depends what the entire criteria calls for.

11 Q Take a look at DOT33514. And even before you get
12 there. Do you know if any of the evaluators were given any
13 training on how to read plans? When I looked through the
14 slides there's no information on how to read plans or how to
15 determine adequacy of size. Do you know if they were given
16 any training like that that's not reflected in the training
17 slides?

18 MR. GRAF: Object, Your Honor. Compound. And again
19 as to form.

20 THE COURT: Overruled.

21 MR. GRAF: Thank you, Your Honor.

22 THE WITNESS: Okay. No, I don't know. I'm sorry.
23 Did you say 514 earlier?

24 BY MR. PARKER:

25 Q It's DOT33514.

1 A Okay.

2 Q All right. So this is a different evaluator. I
3 can't make out the name at the top. I don't know if you
4 recognize it.

5 A No, I don't.

6 Q Okay. And it says, "Plans difficult to read." Do
7 you see that?

8 A Yes.

9 Q All right. Do you have any training in reading
10 construction plans?

11 A I don't.

12 Q Anybody in your charge, Mr. Plaskon, Mr. Gilbert,
13 anyone that you are aware of who actually could read plans or
14 knew how to read plans?

15 A Not that I know of.

16 Q All right. Do you know if someone could not read
17 the plans, whether or not there was someone available to the
18 evaluators to help them read the plans?

19 A Well, from what I understand, I believe one of the
20 evaluators has a construction background.

21 Q Do you know which one?

22 A No.

23 Q Okay. Did you receive resumes on all of the
24 evaluators?

25 A Personally?

1 Q The Department.

2 A The Department. I believe they did.

3 Q Have you produced those to your counsel?

4 A I believe so.

5 Q Okay. And if you look at 33518, it does not

6 indicate who the evaluator is on this page, but it says,

7 "Overall plan confusing." Do you see that?

8 A Yes.

9 Q So my concern is did anyone provide any help to

10 these evaluators in understanding construction plans? To your

11 knowledge do you know of anyone?

12 A I don't know.

13 Q Good. And do you know whether or not any training

14 information, something other than the slides that we've seen,

15 would have been provided to the evaluators on how to discern a

16 good plan from a bad plan?

17 A I don't know.

18 Q Okay. All right. Can we go to NAC 453AD.272(5).

19 MR. GRAF: A, or D? You said AD.

20 MR. PARKER: D as in David.

21 MR. GRAF: D. Thank you.

22 MR. PARKER: Delta.

23 BY MR. PARKER:

24 Q So when we left off we were talking about

25 monopolies. When I say we -- when Mr. Miller was talking to

1 you about it, and I started, but then kind of moved away from
2 it. It says here "To prevent..." Do you see that?

3 A Yes.

4 Q Are we on the same page? Good. You were talking
5 about how you believe based upon the definition of applicant
6 that one company, even if it had similar owners, could have
7 more than one location in the same jurisdiction; is that
8 correct?

9 A Yes.

10 Q All right. Now, this -- it says, "Does not issue to
11 any person, group of persons, or entity." You understand
12 that?

13 A Yes.

14 Q Isn't that different than your application in terms
15 of "individual" and "applicant"? Doesn't this regulation or
16 Administrative Code section indicate that similar ownership is
17 prevented, because it says, "...to any person," which means
18 similar owners having two different companies shouldn't be
19 allowed to have ownership in more than one recreational
20 marijuana establishment in the same jurisdiction; right?

21 MR. KOCH: Objection. Legal conclusion.
22 Argumentative.

23 THE COURT: Overruled.

24 THE WITNESS: I believe if you continue to read, it
25 says, "the greater -- or the greater of more than 10 percent

1 of the licenses."

2 BY MR. PARKER:

3 Q Well, did you check to determine the ownership
4 interest of any of the similar owners for any of the company
5 we talked about earlier today, Essence Trop, Essence
6 Henderson, Commerce, or Cheyenne?

7 A Yes, a monopoly check was done.

8 Q Did you figure out what the interests were on those?
9 The gentleman that owned both of them, you know, one gentleman
10 owned Henderson Trop and Henderson -- I'm sorry -- Essence
11 Trop and Essence Henderson; right?

12 A Right.

13 Q Did he have more than a 5 percent interest in both
14 companies or 10 percent interest in both companies?

15 A Yeah, I don't what the percent interest is.

16 Q So how could you determine that there was a monopoly
17 created if you didn't know the ownership interest?

18 A Well, the owners are checked regardless of ownership
19 interest percentage to ensure that they don't have more than,
20 like I say, in Clark County would be eight licenses in the
21 County.

22 Q That's not what you said, sir. You told me that
23 based upon the slide we put on right after lunch -- which
24 exhibit number was that? I think it was -- the one that shows
25 per -- here we go. When we placed on the screen Exhibit 252,

1 and it says, "Per" in red --

2 A Right.

3 Q Right there. Look in front of you.

4 A I know.

5 Q "Per Jorge."

6 A Right.

7 Q Right. This was the monopoly issue, and you allowed

8 these four companies to have more than one location in the

9 jurisdiction. Do you recall that?

10 A Yes.

11 Q All right. Did you determine the ownership

12 percentage for the similar owners for all four locations?

13 A The ownership percentage in the entity -- that they

14 had in the entity?

15 Q Yes. Exactly.

16 A I'm sure it was listed on the application. I don't

17 know -- what I'm trying to say -- so you have the entity. The

18 entity is separate from the ownership interest. So when you

19 do a monopoly check you check every person or owner or group

20 of persons --

21 Q You're supposed to?

22 A Yes. Well, we did.

23 Q Well, no. You told me --

24 A That's my understanding.

25 Q You told me you only checked the ones listed.

1 THE COURT: Mr. Parker, don't argue with him.
2 MR. PARKER: All right.
3 THE COURT: Thank you.
4 THE WITNESS: Did a -- check a monopoly provision.
5 We checked every individual that's listed on the application
6 to ensure that they didn't have more licenses than what's
7 allowed under this provision and the jurisdiction.
8 BY MR. PARKER:
9 Q Okay. So let me accept what you just said, because
10 I think that's pivotal. You said you would check each owner
11 listed to make sure each owner didn't have more than one
12 location in that jurisdiction; right?
13 A That had more than what?
14 Q One location in a particular jurisdiction.
15 A No, not one location. This provision allows more
16 than 10 percent of the licenses allocable in the county.
17 Q Okay. So if you only had 10 in the county, right --
18 you give up 10 licenses in the county?
19 A I think it was more than that, 31 in the county.
20 Q In the county? How many did you give out in the
21 city?
22 A The city of Las Vegas?
23 Q Yeah.
24 A I believe it was 10.
25 MR. PARKER: Go back to the statute, Shane, so I can

1 see the [inaudible].
2 BY MR. PARKER:
3 Q All right. So did you determine whether or not
4 allowing for Essence Trop and Essence Henderson would exceed
5 this restriction?
6 A Yes.
7 Q Okay. Would there be something that would allow me
8 to verify that, something in writing other than this document?
9 A Yes. I don't know if -- I'm sure it's been
10 provided. I don't know where.
11 Q Okay. I don't know if it has or not. We can figure
12 it out.
13 Now, did the -- what did the -- did the ballot
14 question address this issue for you?
15 A You know, I don't remember.
16 Q In terms of restriction on monopolies.
17 A I don't remember.
18 Q Did the statute address this issue for you?
19 A You know, I don't remember if it's part of the
20 initiative or not.
21 Q Okay.
22 A I'd like to say it is, but I don't know for sure. I
23 don't remember.
24 Q All right. So for you to figure this out wouldn't
25 you have to know all the owners and all their interests -- all

1 their percentages of interests and then determine whether or
2 not having more than one location would exceed or violate this
3 part of the Code?

4 A I don't need to know their percentage of interest,
5 just that they're an owner.

6 Q Okay. Is it your position that any one owner can
7 have more than 10 percent of the locations in any
8 jurisdiction?

9 A Right. Any individual.

10 Q And that's not defined by the name of the company,
11 it's the owner and owner of that company?

12 MR. GRAF: Objection, Your Honor. Misstates the
13 law.

14 THE COURT: Overruled.

15 MR. GRAF: Thank you, Your Honor.

16 BY MR. PARKER:

17 Q Isn't that correct, sir?

18 A Well, I would think that it's any person.

19 Q Right. Which would be an owner; right?

20 A Right.

21 Q Right. And that's what I think the importance of
22 the statute is. It doesn't just say "entity." It says, "Any
23 person or group of persons." Right?

24 A Right.

25 Q So when you gave this --

1 MR. GRAF: Objection, Your Honor. I'm sorry. I
2 know it's belated. Just very quickly. Object as to form.
3 Misstates the law.

4 THE COURT: We're on the regulation. This is NAC.

5 MR. PARKER: We're on the Administrative Code.

6 THE COURT: I understand.

7 MR. GRAF: And it does say --

8 THE COURT: The objection's overruled.

9 MR. GRAF: Thank you, Your Honor.

10 BY MR. PARKER:

11 Q So, sir, to kind of put an end to this conversation.
12 When you made this determination, you performed that analysis
13 you looked at the owners, you looked at interest to know who
14 was an owner of each company and decided whether or not it
15 violated this Administrative Code section; is that correct?

16 A Yeah. Just for clarity, when you say "you" I
17 personally didn't do it, but --

18 Q Your Department?

19 A Yes.

20 Q All right. Good enough.

21 A There was a monopoly analysis performed.

22 Q All right. And then finally, sir --

23 MR. PARKER: I don't know if this had been admitted,
24 Your Honor. It's 446?? Has that been admitted?

25 THE CLERK: Is that ETW's 446?

1 MR. PARKER: Yes.

2 THE CLERK: That's proposed.

3 THE COURT: Any objection?

4 MR. BULT: We all stipulated to it, but we never got
5 it admitted.

6 THE COURT: So we're going to take a break now. So
7 we're going to take 20 minutes, because Mr. Graf has a whole
8 lot of things he wants me to know that I won't listen to. So
9 get up, walk around, and enjoy yourself. I wouldn't go all
10 the way to outside, though.

11 THE CLERK: Will 446 be admitted?

12 THE COURT: Yes. Well, no. I'm giving you guys
13 10 minutes to argue, 10 minutes for a break. So that means
14 the witness gets 20.

15 Mr. Graf, you wanted to say stuff.

16 MR. GRAF: Yes, Your Honor. I move to strike every
17 question where Mr. Parker referenced adequacy of size. That
18 is not how the statute reads. NAC -- or excuse me, the Code.
19 NAC 453D.268 provides that you just have to provide a
20 description of the facility, including the size -- or we can
21 read it in exactly, Your Honor. It's 453.268(6) it says,
22 "Documentation concerning the size of the proposed marijuana
23 establishment, including, without limitation, building and
24 general floor plans with supporting details." "Adequacy" is
25 nowhere there, Your Honor. He referenced that in numerous

1 sections. That was my objection as to form. It is -- and I
2 know you're the trier of fact, so I'll leave it up to you,
3 Your Honor to be able to read the statute and understand the
4 statute.

5 THE COURT: Thank you, Mr. Graf.

6 MR. GRAF: But I think that those --

7 MR. PARKER: [Inaudible].

8 MR. GRAF: And I'll put that out there. But, Your
9 Honor, I think everybody started this hearing, and I don't
10 know if it was Mr. Kemp or Mr. Gentile that said words mean
11 things. We're getting very loose with the words here, and I
12 think that these words, especially when you're starting to
13 create new standards, don't exist, need to be ferreted out,
14 and called to the carpet. And that's what I'm doing, Your
15 Honor.

16 THE COURT: All right.

17 MR. GRAF: Adequacy of size is not the standard.
18 And he asked that question numerous times. And now you, as
19 the trier of fact, have that in your head. So I just wanted
20 to make sure that was on the record.

21 THE COURT: No. Actually, Mr. Graf, I don't have
22 any of that stuff in me head, but thank you.

23 MR. GRAF: Okay.

24 THE COURT: So your objection's overruled. I
25 certainly understand your objection, and, luckily, I have the

1 Nevada Administrative Code and the Nevada Revised Statutes
2 Section 453D sitting on my computer. So I can read them
3 instead of relying upon what is stated by counsel and can
4 interpret them and give them the deference the agency is
5 entitled to. All right.

6 MR. GRAF: And then the other objection or
7 clarification I wanted to make was NAC 453D.268(4)(11) and
8 he's talking --

9 THE COURT: Hold on. Let me get there.

10 MR. GRAF: Yeah.

11 THE COURT: All right. I stopped reading at
12 "interest" when I was asking Mr. Parker if he was at the right
13 place. So okay.

14 MR. GRAF: Okay. So it says -- 450D(11) [sic]. And
15 I'm just going to go from 4, Your Honor. "A description of
16 the proposed organizational structure of the proposed
17 marijuana establishment, including, without limitation." Then
18 (b) it says, "A list of all owners, officers, and board
19 members of the proposed marijuana establishment that contains
20 the following information for each person." Then it lists a
21 bunch of stuff, and then Mr. Parker referenced subpart (11)
22 that says, "Whether the person has an ownership or financial
23 investment interest in any other medical marijuana
24 establishment or marijuana establishment." He was referencing
25 the 5 percent at that point in time, Your Honor, and he was

1 talking about --

2 THE COURT: I don't think he was referencing the
3 5 percent, Mr. Graf, because I don't know that the 5 percent
4 is compliant with the ballot question. I certainly --

5 MR. PARKER: Bingo.

6 THE COURT: Mr. Parker, can you stop helping me.

7 MR. PARKER: I'm sorry. But you were right.

8 THE COURT: So I'm listening to all the evidence
9 that you all present and hopefully sometime the other people
10 in the room are going to get to present evidence and I'm going
11 to listen to them, too.

12 MR. GRAF: Okay.

13 THE COURT: Anything else?

14 MR. GRAF: Yes, Your Honor.

15 THE COURT: Okay.

16 MR. GRAF: So then it's NAC 453D.272.

17 THE COURT: Okay. Hold on. Let me get there. All
18 right.

19 MR. GRAF: Which he was talking about the 10 percent
20 of ownership.

21 THE COURT: That's in section (5)(a) and (b). 5(a)
22 and (b).

23 MR. GRAF: I'll leave that to Her Honor.

24 [Inaudible] person...or entity. And then, Your Honor, that
25 statute is providing for what or who the applicant is and who

1 was actually issued the license.

2 Mr. Parker was trying to say that everybody that's
3 an owner of an applicant, they'd have to be listed. What I
4 think, and I object to, is the loose determination that an
5 entity cannot be the person to whom the license is issued.

6 THE COURT: Okay. I understand your position on
7 that, Mr. Graf.

8 MR. GRAF: Thank you.

9 THE COURT: Did anybody else want to say anything
10 for purposes of my record because you don't think you have
11 enough time to argue any objections and I wouldn't let you
12 make a speaking objection?

13 All right. So you can all have a break now.

14 MR. KOCH: Thank you, Your Honor.

15 (Court recessed at 2:32 p.m., until 2:41:49 p.m.)

16 MR. PARKER: All right. So it's Exhibit 46, I think
17 you said. Is that the number?

18 MR. KOCH: 446.

19 MR. PARKER: 446.

20 THE COURT: I admitted it already --

21 MR. PARKER: Thank you, Your Honor.

22 THE COURT: -- before the break pursuant to the
23 stipulation.

24 MR. PARKER: All right. So Shane --

25 We don't have Shane, Your Honor.

1 THE COURT: The A-V guys are allowed to have a
2 break. Here he comes.

3 (Pause in the proceedings)

4 THE COURT: Okay. Now we're ready.

5 MR. PARKER: Thank you, Your Honor.

6 THE COURT: Okay.

7 MR. PARKER: May I proceed?

8 THE COURT: You may.

9 MR. PARKER: So can we look at Exhibit 446, page 1,
10 please.

11 BY MR. PARKER:

12 Q It should be coming up, Mr. Pupo.

13 So this is the Marijuana Nevada email to Ramsey, is
14 it Davise? How do you pronounce that?

15 Oh. Is yours not on?

16 A It's not on the screen here.

17 MR. PARKER: May I approach?

18 THE COURT: You may. Are you going to use the turn
19 off and hopefully it comes back on method?

20 (Pause in the proceedings)

21 BY MR. PARKER:

22 Q All right. Do you recognize that email address in
23 terms of the sender? It says "From: Marijuana Nevada."

24 A Okay. Yes.

25 Q Is that from the Department of Taxation?

1 A That's one of our boxes, yes.

2 Q Okay. And it's dated September 9, 2018. So this is
3 during the application process, is that correct, after
4 applications are being -- the window in terms of submission of
5 applications? Wasn't it the 7th through the 20th?

6 A Yeah. Okay. I believe it was the 7th through the
7 20th.

8 Q All right. So it appears here that Mr. Ramsey was
9 being responded to by Mr. Plaskon; is that correct?

10 A Yes.

11 Q All right. And he indicates here that he cannot
12 answer the question being asked; is that correct?

13 MR. KOCH: Objection. Document speaks for itself.

14 THE COURT: Overruled.

15 THE WITNESS: It's that would not provide guidance
16 to individual applicants.

17 BY MR. PARKER:

18 Q Now, tell me. That seems at odds with what has been
19 said earlier in this trial -- or in this hearing. I was told
20 that, you know, you've had conversations and others have had
21 conversations with representatives of applicants, as well as
22 applicants. Why would Mr. Plaskon take this position on
23 September 9th, 2018?

24 MR. KOCH: Objection. Speculation.

25 THE COURT: Overruled.

1 THE WITNESS: He must have gotten instruction.

2 BY MR. PARKER:

3 Q Okay. Did you give any instruction to not provide
4 information to this person?

5 A No.

6 Q Are you familiar with Libra Wellness?

7 A Yes.

8 Q Do they have a medical marijuana license?

9 A I believe so, yes.

10 Q Did they apply for or receive a conditional
11 recreational license?

12 A I don't know.

13 Q All right. Was this the position taken by the
14 agency, your Department, on September 9th, that there would be
15 no more answers given?

16 MR. KOCH: Objection. Mischaracterizes the
17 document.

18 THE COURT: Overruled.

19 THE WITNESS: Yeah. I don't know that was
20 instructions.

21 BY MR. PARKER:

22 Q It says, "With that said, the Division cannot
23 provide guidance to individual applicants.

24 THE COURT: Hold on a second.

25 THE COURT RECORDER: I'm having a hard time hearing

1 the witness.

2 THE COURT: Mr. Pupo, I'm going to need you to speak
3 up again. I'm sorry.

4 THE WITNESS: Oh. I'm sorry. Let me move over
5 here. Sorry.

6 MR. PARKER: So want me to start from the beginning?

7 THE COURT RECORDER: Not from the beginning.

8 THE COURT: Please no. You can start over on this
9 sentence. That would be good.

10 BY MR. PARKER:

11 Q All right. "With that said, the Division cannot
12 provide guidance to individual applicants beyond what is
13 included in the instructions." Do you see that?

14 A Yes.

15 Q How, you would agree with me that's different than
16 what you've told -- how you responded to questions from Mr.
17 Miller. You said that questions came in all the time, people
18 needed clarification, you provided information; is that
19 correct?

20 A Yes.

21 Q All right. So tell me, when did the approach to
22 answering questions change, to your knowledge?

23 A Yeah. I don't know.

24 Q Okay. Would this be -- would you agree with me that
25 it would be unfair to allow certain applicants to get

1 information from your Department while others were denied
2 answers?

3 A Yes.

4 Q Okay. And would you agree with me that if certain
5 applicants are provided with information while others are not,
6 that potentially those who receive the information or answers
7 to their questions would have an advantage over those who were
8 not answered?

9 A Generally, yes, depending on the type of
10 information.

11 Q Okay. I want to go back to Exhibit 252, and I want
12 compare it to Exhibit 5.

13 THE COURT: Sir, can you touch the lower left-hand
14 corner of your monitor and see if you can clear those pink
15 marks for me.

16 THE WITNESS: Oh. You can see that? I wondering
17 what that was.

18 THE COURT: Lower left-hand corner. Thank you so
19 much.

20 BY MR. PARKER:

21 Q So back to the red language on both 272 [sic] and on
22 Exhibit 5. So on 272 this is what it says. Per Jorge you
23 can allow these monopolies to exist; is that correct? I'm
24 paraphrasing.

25 A No, I would not say that.

1 MR. PARKER: All right. Well, let's pan a little
2 bit -- to the left a little bit on Exhibit 252. 252. The one
3 on the bottom.

4 Your Honor, may I approach again?

5 THE COURT: You may.

6 BY MR. PARKER:

7 Q All right. It indicates there duplicate ownership
8 against [inaudible]. Is that correct?

9 A Yes.

10 Q All right. So there's a recognition of that point
11 by you that you had duplicate owners for certain locations;
12 correct?

13 A Yes.

14 Q And then you indicate in the red language there that
15 you're going to allow it; is that correct?

16 A Yes.

17 Q All right. Now, if you go to Exhibit 5, page 19, it
18 says here, "No applicant may be awarded more than one retail
19 store license in a jurisdiction locality unless there are less
20 applicants than licenses allowed in the jurisdiction."

21 A Yes.

22 Q You see that?

23 A Yes.

24 Q Now, when we talk about -- when we looked at the
25 Administrative Code I believe you agreed with me that an

1 applicant as reflected in the Administrative Code would
2 include a person or a group of persons; isn't that correct?
3 MR. KOCH: Objection. Legal conclusion.
4 Argumentative.
5 THE COURT: Overruled.
6 THE WITNESS: I don't think I agreed to that.
7 BY MR. PARKER:
8 Q Okay. That's what the Administrative Code says,
9 isn't that true, NAC 453D.272(5); right?
10 MR. KOCH: Objection. Legal conclusion.
11 THE COURT: Overruled.
12 BY MR. PARKER:
13 Q And if you want, I can bring it to you --
14 A Yes. Well, you took the binder.
15 Q That's why I said I'll have to bring it back.
16 MR. PARKER: May I approach, Your Honor?
17 THE COURT: You may.
18 THE WITNESS: Okay. I'm sorry. The question again?
19 BY MR. PARKER:
20 Q Yeah. Have you read that section again?
21 A Yes.
22 Q And that section deals with no monopolies; right?
23 A Yes.
24 Q Okay. And doesn't it describe persons and groups of
25 persons?

1 A Yes.

2 Q All right. And that's what I thought we said when
3 we left off. So if you had identified in your review of the
4 applications duplicative ownership and we have the portion of
5 the application, of Exhibit 5, that says, "No applicant may be
6 awarded more than one retail store," how do you reconcile a
7 single owner owning more than one location in the same
8 jurisdiction?

9 MR. KOCH: Objection. Calls for a legal conclusion,
10 Your Honor.

11 THE COURT: Overruled.

12 MR. KOCH: Also looks foundation.

13 THE COURT: Overruled.

14 THE WITNESS: Okay. So we if read on, it says, "or
15 more than 10 percent of the licenses for retail marijuana
16 stores allocable in the county. So in Clark County there are
17 80 licenses allocable in the county. Which means any group,
18 group of persons -- what else does it say -- person, group of
19 persons can have up to eight licenses.

20 BY MR. PARKER:

21 Q Okay. And so you're telling me your language in
22 Exhibit 5 that says "No applicant," you still meant that to
23 mean what?

24 A That --

25 Q Just the name of the company --

1 A The entity/individual.

2 Q -- couldn't be the same?

3 Okay. So could Essence have Essence LLC 1, 2, 3, 4,

4 5, 6, 7, 8, 9, 10, all the way up to 80, have 80 Essences,

5 just LLC 1 through 80 submit the same application and got them

6 all because it'd be a different LLC for each?

7 A They're separate and distinct entities --

8 Q Right.

9 A -- right, so they're -- each one would be considered

10 an applicant.

11 Q Which means they could have gotten all 80. There

12 could be 80 Essences, 1 through 80, LLC 1, 2, 3, all the way

13 through 80; is that correct? That would be your --

14 A Potentially. That's why we did the one retail

15 store. That's why we did this -- or that's why I did this, so

16 that wouldn't happen.

17 Q So --

18 A So that was my fear, that a license -- an entity --

19 I looked at it -- I did this in the interest of fairness, for

20 everyone to have an equal shot at getting a license in a --

21 basically two jurisdictions everyone wants, right, Clark

22 County and Washoe. Potentially if you look at it in a

23 scenario, if I allow an entity to -- let's say they maxed out

24 on points, right --

25 Q Right.

1 A -- and they could say, well, I want -- I have -- and
2 they say, I have one current retail store in Las Vegas and
3 there are 10 licenses in Las Vegas available. They say, all
4 right, well, I want 1 through 9, or, I want an additional --
5 I'm allowed 8,, so I want 7 licenses in Las Vegas. When you
6 play it out, instead of having 17 entities that won, we would
7 have been down to like 5; 5 entities would have gotten all the
8 licenses.

9 Q If you want to --

10 A Roughly.

11 Q I'm sorry, sir. Let me see if I can understand you.
12 If you wanted to provide the ability for more participants to
13 have conditional licenses, you simply could have enforced your
14 rule and said, one per owner, entity, regardless of ownership
15 interest; right? Just one. If you own more than one, I'm
16 sorry, you only get one; right? And then you --

17 A You mean total?

18 Q Right.

19 A Like if you're saying --

20 Q Just one per jurisdiction.

21 A And then they wouldn't be able to apply in that
22 jurisdiction; is that what you're saying?

23 Q That's right.

24 A Yeah. I guess potentially.

25 Q That would have been the easiest and the cleanest

1 way of ensuring that no more than one owner, regardless of the
2 number of companies he or she has an ownership in, would not
3 have more than one location in a jurisdiction; right?

4 MR. KOCH: Objection. Argumentative.

5 THE COURT: Overruled.

6 THE WITNESS: No. Potentially I think that would
7 have brought on a different set of problems.

8 BY MR. PARKER:

9 Q But that would prevent any monopolies or
10 duplications of ownership in any entity, right, in the same
11 jurisdiction?

12 A Well, monopolies going to be prevented anyway,
13 because you have to do the monopoly analysis.

14 Q Okay. And did you do the monopoly analysis here?

15 A Yes.

16 Q Right. But we still now have one owner that owns
17 more than one location in the same jurisdiction; right?

18 A Yes.

19 Q Right. But you could have prevented any of that by
20 simply saying, I don't care how many companies apply, if you
21 have an ownership in more than one you only get one location
22 for that owner per jurisdiction; right?

23 MR. KOCH: Objection. Argumentative. Lacks
24 foundation.

25 THE COURT: Overruled.

1 THE WITNESS: I could have. I think that would have
2 created more problems.

3 BY MR. PARKER:

4 Q Okay. Thank you.

5 MR. PARKER: Now, let's stay right here in terms of
6 Exhibit 252, Shane. I don't need the other email.

7 BY MR. PARKER:

8 Q You told Mr. Miller that you went to -- you were
9 offered ownership -- you were offered jobs by I believe one of
10 the owners that you allowed to have more than one location in
11 this jurisdiction; is that correct?

12 A Yeah. I don't characterize them as offers. They
13 were saying, hey, if you leave the State, make sure I'm the
14 first one to call, or, give me a call.

15 Q And who was that again? Was this the owner of
16 Essence?

17 A Yes.

18 Q Okay. And did anyone else or any of the other
19 owners from Essence -- did you meet with any of them?

20 A No.

21 Q Did you meet with any of the owners of Cheyenne or
22 Commerce Park?

23 A Regarding?

24 Q Any offers of employment.

25 A No.

1 Q Did you meet with any owners -- do you know the
2 owners of Commerce Park and Cheyenne?

3 A I know -- I know some.

4 Q Okay.

5 A Yeah. I don't know that I know all the owners.

6 Q What owners do you know?

7 A Mitch Britten and Phil Peckman.

8 Q Okay. And who are the owners that you're aware of
9 in terms of Essence Trop and Essence Henderson?

10 A Just Armen.

11 Q No one else have you met with or are familiar with
12 that own that company?

13 A Not that I'm familiar with.

14 Q Okay. And did the owners of both these companies
15 the ones that you know in common -- you've spoken to them,
16 you've gone to lunch with them and/or dinner with them; right?

17 A Yes.

18 Q All right. And you turned them both down on the
19 offers?

20 A I am not interested in staying in the marijuana
21 space here.

22 MR. PARKER: Thank you. I appreciate your time.

23 THE COURT: Sir, I'm going to switch gears, if it's
24 okay. Since the people on that side of the room have finished
25 asking questions, I'm going to ask some, because I need a

1 little bit better background and feel. So let's start at the
2 beginning.

3 When did you find out you were going to be involved
4 with the Marijuana Enforcement Division?

5 THE WITNESS: Well, initially there was no Marijuana
6 Enforcement Division. When the ballot passed, shortly after
7 the director at the time I believe went to IFC to ask for some
8 positions. I believe one of those positions was the deputy
9 director of -- to oversee the marijuana program. That person
10 was hired and was there for a while, she was struggling, and I
11 was a revenue tax manager at the time, and the director asked
12 me to assist. So it was, I don't know, shortly after -- I
13 believe it was shortly after the initiative passed.

14 THE COURT: After the initiative passed did you
15 reread it again when you learned you were going to have to be
16 involved with the Marijuana Enforcement Division?

17 THE WITNESS: Yes. I mean, along the way we tried
18 to read and interpret it several times.

19 THE COURT: You've mentioned Mr. Werbicky's name
20 again. Is he the assigned Deputy Attorney General for your
21 area in Department of Taxation?

22 THE WITNESS: You know, Your Honor, I don't know the
23 AG's Office has specifically assigned him, but he spends a lot
24 of time with us.

25 THE COURT: Okay. So when you read Ballot

1 Question 2 after you learned you were going to have to step in
2 and help out on Marijuana Enforcement Division did you do an
3 analysis over how that ballot question was going to impact
4 your ability to regulate the recreational marijuana space?

5 THE WITNESS: You know, Your Honor, in the beginning
6 -- again, I was the -- when I came in I was the revenue tax
7 manager. so I was brought in to -- the person that was the
8 deputy executive director at the time came from the outside,
9 wasn't an employee that was already with the Department. So I
10 came in to assist with let's say the infrastructure, IT work,
11 getting forms done, tried to set these things up for the
12 implementation of the program. And that's what I was kind of
13 guiding her through. Because she didn't even know who to
14 contact within the Department itself to get these things done.
15 So I was trying to say, well, we need to get the initial
16 applications done, we need to get the forms done, what about
17 the tax forms, you know, what's that going to look like. I
18 did a lot of that -- that type of work in the beginning.

19 THE COURT: Okay. So after she's not doing so well
20 and she leaves and you learn that you are stuck with it did
21 you do an analysis of Ballot Question 2 and what you were
22 going to have to do to administrator recreational marijuana?

23 THE WITNESS: Yeah. I don't know if we want to call
24 it an analysis. I read it and I tried rereading it and tried
25 rereading it again to try to interpret it the best I can with

1 the information. I looked at question, I said, okay, well,
2 you know, there's not a whole lot here, we're going to work
3 through it. And I tried working with my director at the time,
4 and she took -- she pretty much took the lead in getting the
5 -- a lot of things were happening at the time, the Governor's
6 Task Force kicked in, Governor Sandoval signed the executive
7 order. She took care of handling of bringing in the
8 contractor, the vendor, QuantumMark, and I kind of just
9 landed in that fold. As that developed with the vendor, then
10 I got introduced to that process.

11 THE COURT: So let me see if I can ask my question a
12 different way. At some point did you get involved in the
13 development of the regulations?

14 THE WITNESS: Yes, ma'am.

15 THE COURT: How did you get involved in that part?

16 THE WITNESS: So when that process I was just
17 explaining started to develop they were like, we're having a
18 meeting on these regulations and we've got the QuantumMark
19 vendor and I was also part of that Governor's Task Force. I
20 was on the Lab Subcommittee, and that's how I started getting
21 into the regulation process.

22 THE COURT: Okay. So you were told you had a
23 meeting about the regulations, and so you went. Was it just
24 your Department who was involved in proposing the regulations
25 and QuantumMark, or were there outside people there in the

1 regulation development process?

2 THE WITNESS: In those meetings it's just the
3 Department and QuantumMark.

4 THE COURT: Okay. So how did you ensure that the
5 regulations that were being developed were compliant with
6 Ballot Question 2?

7 THE WITNESS: Well, as a group we would bounce off
8 -- the initiative said, you will make regulations regarding
9 these items, right, and then QuantumMark assisted in that, as
10 well, right, and ensure that we were meeting the requirements.
11 And collectively, you know, we were bouncing off what we were
12 writing with the initiative.

13 THE COURT: So how many people were working on that
14 with QuantumMark besides you?

15 THE WITNESS: Besides -- you said besides
16 QuantumMark?

17 THE COURT: Besides you and QuantumMark.

18 THE WITNESS: I want to say about five.

19 THE COURT: So Mr. Gilbert --

20 THE WITNESS: So Mr. Gilbert, Kara Cronkhite, Shelly
21 Hughes, Deon Contine, and Deputy Director at the time Anna
22 Thornly.

23 THE COURT: Okay. So after you kick around how
24 you're going to comply with Ballot Question 2 and develop
25 these regulations to reasonably and conveniently regulate the

1 business of recreational marijuana where do your regulations
2 go next after you as a group have done your job?

3 THE WITNESS: So they go to the Nevada Task
4 Commission for adoption.

5 THE COURT: And so you have a public hearing?

6 THE WITNESS: We have public hearings. I think we
7 had more than one, because I believe that there were some
8 changes, some red lights --

9 THE COURT: So tell me about that.

10 THE WITNESS: I don't remember the specifics. There
11 were -- there were -- through the public comments and meetings
12 I believe there were some areas that were changed and redlined
13 to -- after the adoption to go to LCD, and then, you know, LCD
14 approved them. It took them a while to get the permanent regs
15 approved. And then once -- they went to Leg Commission for
16 final approval.

17 THE COURT: Okay. And then once that is then
18 completed the regulations were approved by the Tax Commission,
19 LCD signs off, you start implementation?

20 THE WITNESS: After, right, Leg Commission signs
21 off.

22 THE COURT: So let me go to my next --

23 THE WITNESS: After they're filed with the Secretary
24 of State, Your Honor.

25 THE COURT: They have to be official.

1 The application adaptation, when did you learn you
2 were going to be involved in the application adaptation for
3 recreational marijuana?

4 THE WITNESS: What do you mean by application
5 adaptation?

6 THE COURT: So you have an application from 2014
7 that you're going to modify, apparently.

8 THE WITNESS: Yes.

9 THE COURT: When did you first learn you were going
10 to be involved in that process?

11 THE WITNESS: For this -- for this application
12 period?

13 THE COURT: No. For the first one where we were one
14 for one --

15 THE WITNESS: From the very beginning? For the
16 initial one I don't even remember really being part of forming
17 that application.

18 THE COURT: Okay.

19 THE WITNESS: I was more coordinating. I had to
20 pull staff from Revenue, because there was no marijuana staff,
21 there was no marijuana budget.

22 THE COURT: Okay.

23 THE WITNESS: So I was coordinating the pulling
24 other Revenue officers to help review these applications and
25 things, so I kind of set up a war room with the computers and

1 -- that's the kind of stuff that I was doing. And then
2 they're like, okay, we're getting ready to accept
3 applications.

4 THE COURT: Why did you decide at that time to pull
5 Revenue officers to do the review?

6 THE WITNESS: We had no marijuana staff, no staff
7 dedicated to marijuana. There was no -- when we got the
8 charge of administering the program it didn't come with a
9 budget. So --

10 THE COURT: That happens a lot.

11 THE WITNESS: Yes, I know. Too often.

12 So at that time the -- if I remember correctly, the
13 director went to IFC, and we borrowed money to start getting
14 the things we needed, like IT. And I think that's where the
15 -- I think we got money for three positions.

16 THE COURT: Okay.

17 THE WITNESS: And I believe that was one the deputy
18 director -- don't hold me to that, but there were I believe
19 three positions that we got money for.

20 THE COURT: And you got Revenue officers who already
21 were experienced in the Department of Taxation and working
22 with other industries in collecting taxes, reviewing their tax
23 statements they were filing, and do enforcement if it was
24 necessary?

25 THE WITNESS: Yes, ma'am.

1 THE COURT: Okay.

2 THE WITNESS: I mean, the revenue officer position
3 embarks a lot of areas. It's a pretty complex job.

4 THE COURT: So those one-for-one licenses, revenue
5 officers were the reviewers?

6 THE WITNESS: So when it comes time to open it up
7 more to the second set of application processes when did you
8 learn you were going to become involved in the development and
9 modification of that application?

10 THE WITNESS: For the second --

11 THE COURT: The round that we just did. This round.

12 THE WITNESS: Oh. The round that we just did?

13 THE COURT: The one that's summer of 2018, September
14 2018 submissions.

15 THE WITNESS: I don't -- I don't remember a time
16 frame. I don't know -- when you say involvement --

17 THE COURT: I'm trying to be as broad as possible to
18 get every nugget of information out of you.

19 THE WITNESS: I'm just trying to explain -- I'll try
20 to explain it as best I can, Your Honor, to you. I wasn't
21 like on-the-ground involved with this is how the application
22 is going to be. You know, I went to my staff. They had
23 experience from 2014, they had done this, and, you know, we
24 had the information that said, hey, do it like 2014. They
25 took that application and adapted it to the recreational from

1 the medical.

2 THE COURT: And that's Mr. Gilbert and his group?

3 THE WITNESS: Yes, ma'am.

4 THE COURT: So explain to me as the person who got
5 stuck in charge even though you didn't ask for it how you made
6 sure that Mr. Gilbert and his group had the new application
7 they were developed in compliance with Ballot Question 2.

8 THE WITNESS: I tried to the best of my ability of
9 looking through -- you know, through the application and
10 bouncing it off the initiative as much as I could and the
11 regulations.

12 THE COURT: Okay. Prior to the discussion you had
13 with Mr. Werbicky about the questions and clarification issues
14 on the applications in the summer of 2018 had you ever had a
15 discussion with him about Ballot Question 2 and the
16 application? And that's a yes or a no. I don't want to know
17 any substance of the information.

18 THE WITNESS: No.

19 THE COURT: Okay. So how did you decide to use
20 temps to evaluate these applications in 2018?

21 THE WITNESS: Because that process was used by DPBH
22 in 2014.

23 THE COURT: But you'd use revenue officers for the
24 one-for-one.

25 THE WITNESS: Yes, ma'am, initially.

1 THE COURT: So why did you decide to use temps, as
2 opposed to people from inside the organization?

3 THE WITNESS: Honestly, Your Honor, I didn't even
4 know I could get temps at that time. I used the resources I
5 had. Everything was moving very fast. If you look at the
6 timeline, you know, we're in the middle of session, the
7 Governor's Task Force was going at the same time. Session at
8 the end was a mess. There were something like 20, 30
9 marijuana bills. Some were being held hostage. It was --
10 until the very last minute we didn't even know -- it was still
11 touch and go, yes, we're going to get time, no, we're going to
12 get it, we're not going to get it.

13 THE COURT: But that's how the legislature is every
14 session.

15 THE WITNESS: I've learned that along the way.

16 THE COURT: Okay. Once you have got the application
17 finalized -- and I'm going to use finalized in a generic term,
18 because I know there was this clarification in July, but I'm
19 talking about the July time frame when you have an application
20 that you think is good and there may be some clarifications
21 that go out in some format by your staff. That's the time
22 frame I'm talking about. Once you had that application done
23 what process did you establish for the receipt of
24 applications, and what procedures would be followed upon
25 receipt? Walk me through as many steps as you set up.

1 THE WITNESS: I didn't set that up, Your Honor. To
2 be honest with you, that was left up to Steve Gilbert and his
3 group. Again, they had done it before. I relied on them to
4 do it again.

5 THE COURT: So I'm going to ask you the elephant in
6 the room question. Do you understand that there are
7 significant differences legally in the difference between the
8 medical marijuana under 453A and the 453D which came from
9 Ballot Question 2?

10 THE WITNESS: Differences legally?

11 THE COURT: Yes.

12 THE WITNESS: I would assume so, yes.

13 THE COURT: So how did you account for those
14 differences? And since you're relying on Mr. Gilbert, who did
15 it one way for the 453A, and now we've got 453D, which is from
16 the ballot question which can't be amended or modified by
17 anybody for three years --

18 THE WITNESS: Right.

19 THE COURT: -- how are you going to make sure that
20 those two things -- that he doesn't do it just the way he did
21 it for 453A, but he complies with 453D and the ballot
22 question?

23 THE WITNESS: Right. So you refer back to the
24 initiative --

25 THE COURT: Right.

1 THE WITNESS: -- and see what's different --
2 THE COURT: Uh-huh.
3 THE WITNESS: -- and what we can do according to the
4 initiative, and then the rest basically came on those
5 regulations that came out of the initiative.
6 THE COURT: So you relied upon him to do it,
7 basically.
8 THE WITNESS: As far as the application you mean?
9 Yes.
10 THE COURT: No. And the procedure.
11 THE WITNESS: Yes.
12 THE COURT: Okay. All right. I'm done.
13 You're up, Mr. Shevorski.
14 MR. SHEVORSKI: Thank you, Your Honor.
15 THE COURT: Thank you, Mr. Pupo.
16 THE WITNESS: You're welcome, Your Honor.
17 THE COURT: I was just trying to get some more
18 broader understanding.
19 THE WITNESS: I understand.
20 CROSS-EXAMINATION
21 BY MR. SHEVORSKI:
22 Q 'Afternoon, Mr. Pupo. It's been a long day, I know.
23 I appreciate your time and your service to the State. I know
24 this can't be easy. Thank you for being here.
25 A You're welcome.

1 Q Let's start off where the Judge just finished, which
2 is the ballot question and was also something that my friend
3 Mr. Parker was interested in quite a bit. And he started off
4 with the ballot pamphlet, and that's Exhibit 2020. Do you
5 happen to have a paper copy of --

6 A No.

7 Q Might be able to pull it up for you. Let's go to
8 page 14 right where the question was asked of the voters. It
9 has the "yes" or "no" highlights. And please -- I know you've
10 probably reviewed this before. Just take a second to
11 familiarize yourself.

12 A Okay.

13 Q Okay. And my friend Mr. Parker asked you about why
14 you thought you could change what supposedly was the location
15 requirement, but not change age, the age of a person
16 authorized to use marijuana under the law. Let's read the
17 first part.

18 "Shall the Nevada Revised Statutes be amended to
19 allow a person 21 years or older to purchase, cultivate,
20 possess, or consume a certain amount of marijuana or
21 concentrated marijuana..." Let's stop there. You'd agree
22 with me, is it not, that in that question put to the voters
23 there is a specific policy choice that the voters are being
24 asked to review, and it's about who can use marijuana;
25 correct?

1 A Yes.

2 Q Now, with respect to the remainder of that question
3 do you see anything where the drafters of the initiative are
4 putting a choice about whether or not any kind of
5 qualification for licensure is being put to the voters there?

6 A No.

7 Q Do you see a policy choice in that question about
8 what kind of points should be awarded for certain categories
9 in the application process that's being put to the voters
10 there?

11 A No.

12 Q Do you see any commands to the Department of
13 Taxation in that question about how the Department of Taxation
14 should draft the application?

15 A No.

16 Q Do you see any command to the Department of Taxation
17 in that question about requirements for communicating for
18 prospective applicants?

19 A No.

20 Q Is it fair to say that in that ballot question, in
21 that question where they asked yes or no, it's the policy
22 choice as to whom can use marijuana in this state; correct?

23 A Yes.

24 Q And then people who wrote that question specifically
25 said all that's going to be -- is going to happen is that

1 there's going to be regulation, in the question itself put to
2 the voters?

3 A Wait. Say that again.

4 Q In the question put to the voters all it says is
5 there's going to be regulation. It doesn't say what the
6 details are; correct?

7 A Yes.

8 Q Now, my friend Mr. Parker talked about the
9 importance of location and the explanation and digest. If we
10 look at the bottom of page 14, and it's the paragraph that
11 starts "If the ballot is approved..." --

12 A Yes.

13 Q -- do you see any command to the Department of
14 Taxation there that location must be scored?

15 A No.

16 Q Do you see any command in that paragraph that Mr.
17 Parker asked you to look at that location has to be on the
18 application -- at conditional approval or any other kind of
19 approval from the Department of Taxation?

20 A No.

21 Q Let's go to the next paragraph. This is the
22 paragraph that starts on page 15. I'm sorry. Starts, "In
23 addition to licensing -- in addition to licensing the
24 Department of Taxation will be charged with adopting
25 regulations necessary to carry out the provisions of this

1 ballot measure. The regulations must address licensing
2 procedures, licensee qualifications." Do you see in that
3 paragraph any command to the Department of Taxation about the
4 specifics of the licensing procedures that must be applied?

5 A No.

6 Q Do you see any command about the specifics of the
7 licensing qualifications that must be applied?

8 A No.

9 Q Now let's talk about the backdrop that you would
10 assume the voters knew when this was happening. A lot of my
11 friends here are from the southern part of the state, but
12 there are other parts of the state, as well. And this is a
13 statewide ballot initiative. This is not a county ordinance
14 in Clark County; correct?

15 A Correct.

16 Q And each one of those counties, they have the power
17 themselves to pass ordinances throughout their existence;
18 correct?

19 A Yes.

20 Q And some of those counties, for example, let's talk
21 about them, Storey County. Are you familiar with Storey
22 County?

23 A Yes.

24 Q Pershing County?

25 A Yes.

1 Q Churchill County?

2 A Yes.

3 Q Douglas County?

4 A Yes.

5 Q Did they have ordinances at this time when the
6 ballot was being considered that made it unlawful to have
7 retail marijuana in that county?

8 A Yes. I believe so.

9 Q At the time the applications were being sent out,
10 let's say of July of 2018, in those rural counties do you know
11 whether or not it was still unlawful according to local
12 ordinances to have retail marijuana?

13 A Yes. I believe so.

14 Q Now I want you to assume a hypothetical. A person
15 wants to open a retail marijuana establishment in a rural
16 county where there is an existing ordinance that says no. And
17 that person goes about their business, petitions the county,
18 and demands, there's a statewide ballot initiative, I can't
19 enter into a lease to find a building, I can't buy a property
20 to open a retail marijuana establishment because you have this
21 ordinance that prohibits me from exercising my rights to open
22 a retail marijuana establishment in your county and the county
23 says no. Would you expect that applicant to put on their
24 application a physical address when the county has said, it's
25 illegal in my county to open that establishment?

1 A No.

2 Q That applicant may have to sue that county, correct,
3 and say -- and to get relief; correct?

4 A They may have to.

5 Q It may go up to our friends the Nevada Supreme
6 Court, who have no timeline to decide whether or not the
7 county is correct or the applicant is correct. Do you
8 understand that?

9 A Yes.

10 Q And you would presume that the voters knew all of
11 that, because those ordinances in the rural counties were in
12 existence at the time, were they not?

13 A Yes.

14 Q My friend Mr. Parker also talked about the
15 Governor's Task Force. And that is Exhibit 2009. And he
16 cited to you page 2500. And he looked at -- I'm not going to
17 call it a subpart, that's too lawyerly -- let's call it Number
18 (7) --

19 THE COURT: Of the Guiding Principles and Goals.
20 BY MR. SHEVORSKI:

21 Q -- of the Guiding Principles and Goals.

22 A Yes.

23 Q "Take action that is faithful to the text of
24 Question 2." Now, back in the mists of time, as I like to
25 say, there was a fellow called John Ritter who testified in

1 this action. He's associated with one of the plaintiffs, and
2 I don't point at people, but he's over on that side of the
3 table. And if you go to page 2515 -- and I'll represent to
4 you that he is on the Governor's Task Force. Are you familiar
5 with Mr. Ritter?

6 A Yes.

7 Q Okay. And the rating criteria on the applications
8 provision, the Task Force recommends that the impartially
9 numerically scored process used by the medical marijuana
10 program be revised for retail marijuana stores to remove
11 consideration of location and focus only on the applicant
12 qualifications for operation of a marijuana establishment.
13 There was no dissent on the recommendation. Do you believe
14 that the Governor's Task Force and the people who wrote that
15 sentence were being dishonest when they said they were being
16 faithful to the text of Question 2?

17 A No.

18 Q Let's go to our friend the statute which we've spent
19 too much time with. It's 453D. NRS. And let's go to NRS
20 453D.210(4). It says, "Upon receipt of a completed [sic]
21 marijuana license application the Department shall within
22 90 days issue the appropriate license if the license
23 application is approved."

24 If you didn't have the power to issue conditional
25 licenses, why would the voters have chosen the -- the drafters

1 of the initiative chosen the word "appropriate"? It would
2 just say "license," wouldn't it? That would be it.

3 A I would say so.

4 Q There wouldn't be anything appropriate about it.
5 You've got 90 days; right, sir?

6 A Yes, sir.

7 Q Let's go to 453D.200(1). It says, "Not later than
8 January 1st, 2018, the Department shall adopt all regulations
9 necessary or convenient to carry out the provisions of this
10 chapter."

11 What did you -- you've read that, have you not, sir?

12 A Yes.

13 Q Many times; correct?

14 A Yes.

15 Q What did you understand that to mean?

16 A That we would write regulations necessary to
17 administer the program.

18 Q Or convenient; correct?

19 A Right, convenient.

20 Q What does convenient mean to you?

21 A Not to be burdensome either to the State or the
22 industry.

23 Q And you would look at the conditions on the ground,
24 correct, to determine whether or not ambiguous phrase in the
25 initiative may take a regulation to fit the conditions on the

1 ground, correct, in the particular counties where licensees
2 wanted to do business?

3 A Yes, I would say so.

4 Q And you knew that because it was public knowledge
5 that in many of the communities there were ordinances on the
6 books that made it impossible to open up a retail marijuana
7 establishment; correct?

8 A Yes.

9 Q That subpart (a) of the same provision, "The
10 regulations shall include procedures for the issuance,
11 renewal, suspension, and revocation of a license to operate a
12 marijuana establishment."

13 (Pause in the proceedings)

14 BY MR. SHEVORSKI:

15 Q Because the Department of Taxation was given the
16 power to develop procedures for issuances -- issuance of
17 license, renewal, suspension, revocation, what did you
18 understand from your perspective that power to mean in terms
19 of whether or not you could draft conditional licenses or you
20 were required by the initiative to grant a final license
21 within 90 days?

22 A So the 90 days is we have to make a decision within
23 90 days the license could be granted or denied -- or, yeah,
24 not approved. You know, I believe -- you know, the Department
25 believes that they granted us the authority to issue, renew,

1 suspend, and revoke a license. We believe that that authority
2 allows for a license to be conditional.

3 Q Because that would be part of the procedures you
4 were empowered to create for issuance of licensure; correct?

5 A Yes.

6 Q Let's look at Exhibit 5A. And I'm on page 17 of 34.
7 I believe it was my friend Mr. Parker who talked about a
8 command from the regulations to tell the applicants about the
9 points. Is there anything in the initiative, a command from
10 the voters that says the Department of Taxation shall disclose
11 the point breakdown for scoring the competitive bidding
12 process?

13 A No.

14 Q Is there anything in the initiative, the command
15 from the voters that tells the Department of Taxation how it
16 ought to describe the categories that are going to be scored,
17 tells it what words to use?

18 A No, there's not.

19 Q My friend Mr. Parker appears to disagree with how
20 the Department of Taxation drafted that particular page on 5A.
21 Do you know of any provision in 453D that commands you do it a
22 different way?

23 A No.

24 Q The command from the voters was simply under
25 453D.210(6) to create a competitive scoring -- numeric and

1 competitive bidding process; correct? I'm paraphrasing.

2 A Yes.

3 Q There's nothing in that section, correct, that tells
4 you how many points you must or must not give for a particular
5 category; correct?

6 A Correct.

7 Q Now, I'm not sure if you're aware of this, but Judge
8 Gonzales has served as the Business Court judge in Clark
9 County in the Eighth Judicial District for quite a long time,
10 so I'm not going to test her patience by bringing out Chapter
11 78 of the Nevada Revised Statutes. Because I tried that once,
12 and I won't do it again.

13 THE COURT: Sorry.

14 MR. SHEVORSKI: Not at all, Your Honor.

15 BY MR. SHEVORSKI:

16 Q If I represented to you, and Judge Gonzales is
17 listening, that there is -- when the Nevada Legislature in
18 Chapter 78 wants to describe the board of a corporation and
19 the people who work on it it uses the phrase "board of
20 directors." Do you have any reason to disagree with that?

21 A No, I don't.

22 Q In the definition section of Chapter 78 it says that
23 a "director" or "trustee" are synonymous terms.

24 MR. SHEVORSKI: And I'm paraphrasing, Judge
25 Gonzales.

1 THE COURT: It's okay, Counsel.

2 BY MR. SHEVORSKI:

3 Q Do you have any reason to disagree with that?

4 A No.

5 Q And that was existing Nevada law. Now, you would

6 assume that the people who drafted the initiative knew that,

7 wouldn't you?

8 A I would.

9 Q So if we go to NRS 453D.200(6), it says, "The

10 Department shall conduct a background check of each

11 prospective owner, officer and board member of a marijuana

12 establishment license applicant." Do you see the word

13 "director" there?

14 A No.

15 Q So they could have chosen, the people who drafted

16 the initiative and the voters approved this, if you wanted --

17 if they wanted to limit the phrase board member to a director,

18 they would have used that term; correct?

19 A I would assume so.

20 Q Now, with respect to the training on organizational

21 structure that was done for the Manpower associates, you

22 didn't do that training, did you, sir?

23 A No.

24 Q That was somebody else?

25 A Yes.

1 Q So if it was the case that the Department of
2 Taxation did training on how to evaluate advisory board
3 members, you wouldn't know anything about that; correct?

4 A Correct.

5 Q Back when my friend, Mr. Miller, was starting off
6 his examination of you, he mentioned the sword of Damocles
7 that is essentially hanging over every state that has voted to
8 allow retail marijuana and indeed medical marijuana. Do you
9 recall that?

10 A Yes.

11 Q And he mentioned the now rescinded Cole memo?

12 A Yes.

13 Q Do you read the newspaper?

14 A When I can.

15 Q Fair to say that even this year and even the month
16 of May, there's been some development with the federal
17 government on whether or not to amend the Controlled
18 Substances Act. Are you familiar with that?

19 A Yes.

20 Q And that Senator Schumer has once again proposed a
21 bill in the United States Senate to legalize retail marijuana
22 and remove cannabis from Schedule I of the Controlled
23 Substances Act. Do you know that?

24 A Yes.

25 Q And it's now -- you may know this, you may not, it

1 is with the Senate Judiciary Committee at this moment.

2 A Yeah, I don't know where it's at.

3 Q So even though we've seen the Cole memo, we have
4 some guidance about SARs that we'll get to in a little bit,
5 you may have had some experience with those over the past
6 almost two decades, it's pure speculation, is it not, how the
7 federal government is going to respond to the regulations
8 proposed or adopted in any state, let alone Nevada?

9 A Yes.

10 Q It may be next week that Senator Warren, who knows
11 something about financial regulation, decides to propose a
12 bill regarding the restrictions that exist or may not exist
13 regarding financing for marijuana businesses; correct?

14 A Yes.

15 Q And it's pure speculation whether or not such a bill
16 will be passed or not. We don't know the position of the
17 federal government as we sit here today?

18 A That's correct.

19 Q Right now cannabis is a Schedule I -- on the
20 Controlled Substances Act is a Schedule I controlled
21 substance, but the position of the federal government may
22 change, will it not?

23 A It may.

24 Q My friend, Mr. Miller, talked about SARS. Now,
25 you're not a consumer finance attorney, are you?

1 A No.

2 Q You don't spend your late evenings reading the Bank
3 Secrecy Act of 1970?

4 A No, I try not to.

5 Q Some people do or have been forced to. Now, my
6 friend, Mr. Miller, said that the failure of Nevada to have
7 effective regulations may cause a SAR. Do you know if -- to
8 be issued. Do you know if that's true or not?

9 A I'm sorry, can you repeat that again?

10 Q Certainly. My friend, Mr. Miller, said that if
11 Nevada has inadequate regulations that may cause a financial
12 institution to issue a SAR. Do you know what a SAR is?

13 A Somewhat, yes.

14 Q What is your understanding of a SAR?

15 A It's where a bank reports suspicious activity on an
16 account. And there's I believe maybe three different types of
17 SARs, a limited SAR, I think there's a termination SAR. There
18 might be another one.

19 Q If that were to -- the different types of SARs
20 you're talking about don't come from the Bank Secrecy Act
21 itself, correct? They come based upon an interpretation of
22 the Bank Secrecy Act by the regulatory body that interprets
23 it; correct?

24 A I believe so.

25 Q Because there is an open issue about how the

1 financial industry is or should interact with this nascent
2 cannabis industry as states of their own accord, principally
3 through initiatives, have decided to legalize marijuana in one
4 form, whether medical or retail; correct?

5 A Yes.

6 MR. SHEVORSKI: Your Honor, may I please have the
7 ELMO?

8 THE COURT: You may.

9 (Pause in the proceedings)

10 BY MR. SHEVORSKI:

11 Q So for the record, this is part -- this is -- there
12 are many different regulations applicable to SARs, whether or
13 not they are a credit union that happens to participate in the
14 Federal Reserve. This is -- I'll represent to you that this
15 is the particular part of the Code of Federal Regulations that
16 deals with national banks.

17 A Okay.

18 Q Okay. It says SARs -- we're on subpart (c). "SARs
19 required. A national bank shall file a SAR with the
20 appropriate Federal law enforcement agencies and the
21 Department of the Treasury on the form prescribed by the OCC"
22 -- that's the Office of the Comptroller of the Currency.
23 You're familiar with that?

24 A Yes.

25 Q "In accordance with the form's instructions." So

1 when Mr. Miller was talking before to you about SARs, I want
2 to make sure you're clear that that's what he's talking about.
3 He's talking about a particular form required by the
4 Department of Treasury that a national bank or another bank
5 subject to the Bank Secrecy Act must send to the Department of
6 Treasury. Are we on the same page?

7 A Yes.

8 MR. SHEVORSKI: Let's go to -- the same regulation,
9 Your Honor, subpart (2).

10 BY MR. SHEVORSKI:

11 Q Now, my friend Mr. Miller's conversation with you
12 was against the backdrop of nefarious persons who may own an
13 interest in an applicant by purchasing shares. Do you know --
14 let's look at the first requirement of 12 CFR 21.11. It says,
15 "Violations aggregating \$5,000 or more where a suspect can be
16 identified. Whenever the national bank detects any known or
17 suspected federal criminal violation." Do you know whether or
18 not purchasing a share in a listed cannabis company is a
19 violation of federal law?

20 A I don't think so.

21 Q So the very first requirement is not met if someone
22 purchases -- in and of itself if someone purchases a share in
23 a cannabis company?

24 A No.

25 Q There would not be a SAR. There's no danger to

1 Nevada's nascent cannabis industry if a person purchases a
2 share in an applicant that happens to be a listed company;
3 correct?

4 A Correct.

5 Q Now, I'll represent to you for the purpose of this
6 question that the Bank Secrecy Act was passed for the purpose
7 -- one of the purposes was to counter money laundering. And
8 it may be that the cartel that Mr. Miller was talking about
9 purchased that share for a nefarious purpose. Now, look at
10 the monetary requirement. Is there a monetary requirement
11 there for a SAR to be triggered?

12 A Yes.

13 Q What is it?

14 A \$5,000 or more.

15 Q Or more. Also, does the bank have to know or
16 suspect that that purchase of a share through a national bank
17 constitutes criminal activity under federal law?

18 A Yes.

19 Q Earlier my friends were saying that the very fact
20 that you don't conduct a background check on every single
21 shareholder of a listed company could endanger Nevada's
22 nascent industry because a cartel member might purchase one
23 share of a listed company that owns part or all of the
24 applicant. After reading the Code of Federal Regulations, is
25 that true?

1 A No.

2 Q Do you know of a company that -- strike that. Have
3 you ever heard of Marlboro cigarettes?

4 A Yes.

5 Q Have you ever heard of the Standard and Poor's 500?

6 A Yes.

7 Q I'll represent to you that the Altria Group is the
8 owner of the brand Marlboro.

9 A Yes.

10 Q Do you know whether or not the Altria Group has made
11 an investment in a listed cannabis company in Canada to the
12 tune of 1.4 billion?

13 A No, I'm not sure.

14 Q Do you think they were -- let's assume that that
15 happened. Do you think they were violating federal law by
16 doing that?

17 A No.

18 Q Now, I'll also represent to you that the Altria
19 Group is a member of the S&P 500. Have you heard of a company
20 called Vanguard?

21 A Yes.

22 Q Do you know whether or not Vanguard allows you to
23 purchase an index fund that will give you -- that will track
24 the S&P 500?

25 A I believe so.

1 Q And just assume that it's true that Altria Group now
2 owns to the tune of 1.4 billion a cannabis company called
3 Cronos Group, which is listed -- is a publicly listed company
4 on the equivalent of the Canadian S&P. By purchasing the
5 Vanguard Group index fund and using a national bank to do it,
6 would you think that person believes that they're violating
7 federal law?

8 A I wouldn't think so.

9 Q If the Altria Group owned an interest in one of the
10 applicants, do you think the voters of our initiative intended
11 that every single shareholder of the Altria Group had to be
12 listed on the application for a retail marijuana
13 establishment?

14 A I don't think so.

15 Q In the ballot initiative itself, and you've read it
16 countless times, did the drafters of the initiative make any
17 attempt to define owner?

18 A No.

19 Q My friend, Mr. Miller, showed you snapshots of
20 gaming law and he talked about suitability, and my friend, Mr.
21 Parker, brought that up as well. Do you recall if he showed
22 you any provision where the Gaming Commission mandates that
23 every single shareholder of a listed company, regardless of
24 how much they own, is required to be subject to a suitability
25 determination?

1 A No.

2 Q My friend, Mr. Miller, first mentioned 463.170. Do
3 you recall that? And subpart 1, specifically. I'm going to
4 let you have a look at that and let me know when you're
5 through.

6 THE COURT: And I think you still have my book, sir,
7 if you need to use it.

8 MR. KOCH: Just zoom it in. It's kind of small on
9 there.

10 THE WITNESS: Is 463 included in here? Yes. Okay.
11 Can you move it over a little bit more?

12 MR. SHEVORSKI: Certainly.

13 THE WITNESS: There you go. Right there.

14 MR. SHEVORSKI: Is that better?

15 THE WITNESS: Yes.

16 BY MR. SHEVORSKI:

17 Q And so please review it and let me know. Just
18 subpart 1.

19 A Okay.

20 Q Just the last -- "The burden of proving an
21 applicant's qualification to receive any license, be found
22 suitable or receive any approval required by this chapter is
23 on the applicant." There's nothing in that provision, sir,
24 and correct me if I'm wrong, that states who is required --
25 required to be found suitable by the Gaming Commission;

1 correct?

2 A Correct.

3 Q Let's look at a section my friend, Mr. Miller,
4 didn't talk about, which is 463.530. And the title of this,
5 just read along with me, is "Individual licensing of officers
6 and directors of corporations other than publicly traded
7 corporations; other persons required to be licensed
8 individually." And please have a look at that and let me know
9 when you're through.

10 A Okay.

11 Q It says, "All officers and directors of a
12 corporation, other than a publicly traded corporation" --
13 we'll get to them in a moment -- "which holds or applies for a
14 state gaming license must be licensed individually according
15 to the provisions of this chapter, and if in the judgment of
16 the Commission the public interest will be served by requiring
17 any or all of the corporation's individual stockholders,
18 lenders, holders of evidence of indebtedness, underwriters,
19 key executives, agents or employees to be licensed, the
20 corporation shall require those persons to apply for a
21 license." Would you agree with me, sir, that the Commission
22 is leaving it up to their discretion whether to require
23 stockholders of a corporation, even one that isn't publicly
24 traded, to apply for a license and therefore be subject to
25 suitability requirements?

1 A Yes, it's up to their discretion.

2 Q Let's look at one my friend, Mr. Miller, did talk
3 about. It's 463.5735.

4 A Can you drop it a little bit? No, the other way.

5 Q Can you see the top?

6 A Now over a little bit. Okay.

7 Q Sorry. And my friend, Mr. Miller, asked you about
8 subpart 2, so let's start there.

9 A Okay.

10 Q Are you done?

11 A Yes.

12 Q Thank you, sir. Now, correct me if I'm wrong, but
13 it looks to me in subpart 2 that says nothing about who is
14 required to submit to a suitability determination, but rather
15 it says who must submit to the jurisdiction of the Commission;
16 correct?

17 A Yes.

18 Q Now let's go to part 4. Strike that. Let's stay on
19 2 for a second. It says, "All members seeking to hold a 5
20 percent or less ownership interest in a limited liability
21 company, other than a publicly traded limited liability
22 company," those are the persons who are required to submit to
23 the jurisdiction of the Commission. It says nothing about
24 people who might own a publicly traded limited liability
25 company; correct?

1 A Correct.

2 Q They're exempted from that. Maybe we'll find out
3 what happens to them in a second. Let's go look at subpart 4.
4 Can you see that okay, sir?

5 A Yes.

6 Q "A publicly traded corporation which is a member of
7 a limited liability company is not required to be licensed,
8 but shall comply with NRS 463.635 to 463.645." Is it fair to
9 say that the provision that my friend, Mr. Miller, was talking
10 about simply doesn't apply to publicly traded corporations?

11 A Correct.

12 Q Let's go to NRS 463.643 and we're going to stay on
13 subpart 1, (a) through (b). Let me know when you're through.

14 A Okay.

15 Q "Each person who acquires, directly or indirectly,
16 beneficial ownership of any voting security or beneficial or
17 record ownership of any non-voting security in a publicly
18 traded corporation which is registered with the Commission may
19 be required to be found suitable." Now, based upon your
20 reading of that section I just read to you, is it mandatory or
21 discretionary for that person to be required to be found
22 suitable?

23 A It's discretionary.

24 Q You can tell that by the use of the word "may;"
25 correct?

1 A Correct.

2 THE COURT: As opposed to the word "shall."

3 MR. SHEVORSKI: That's a good point.

4 BY MR. SHEVORSKI:

5 Q Let's look on to paragraph 3 to see about people who
6 may own even more than one share. And let me know when you're
7 through.

8 A Okay.

9 Q With respect to subpart 3, there's a notification
10 requirement; correct?

11 A Yes.

12 Q Now, and this deals with people who own more than 5
13 percent of the publicly traded corporation?

14 A Yes.

15 Q Does it look like the Gaming Commission is doing its
16 own investigation to determine whether or not that person owns
17 more than 5 percent?

18 A No.

19 Q They're requiring that person to be honest with them
20 and notify them; correct?

21 A Yes.

22 Q Let's go to subpart 4. No, strike that. Going back
23 to subpart 3, there's no requirement from the Commission that
24 the person owning 5 percent or more have to submit to a
25 suitability determination by the Commission; correct? There's

1 nothing in that section that requires that?

2 A Correct.

3 Q Let's go to subpart 4.

4 A Can you scoot it up a little --

5 Q Of course.

6 A Or is written notice the last -- okay. Okay.

7 Q Now, these are -- how much of a publicly traded

8 corporation do you have to have for the Commission to mandate

9 that you submit to a suitability determination?

10 A At least 10 percent.

11 Q Now, looking at that paragraph, is the Commission

12 out there investigating who has 10 percent or not?

13 A It doesn't look like it.

14 Q It's up to the applicant to report to the

15 Commission, correct, once they've obtained that 10 percent

16 threshold?

17 A Yes.

18 THE COURT: Well, and the regulated entity.

19 MR. SHEVORSKI: And the regulated entity. Fair

20 point, Your Honor. Our federal friends might have something

21 to say about that.

22 BY MR. SHEVORSKI:

23 Q Now, these statutes enacted for gaming, they were in

24 existence at the time of the ballot initiative; correct?

25 A Yes.

1 Q So presumably the voters knew that in a heavily
2 regulated industry such as gaming even the Commission does not
3 mandate suitability determinations unless the person acquires
4 10 percent or more. They left it up to the discretion of the
5 Gaming Commission; correct?

6 A Correct.

7 Q If our friends, the Altria Group, owned one of the
8 applicants that are part of this process, would it be possible
9 to do a background check on every single shareholder of the
10 Altria Group?

11 A No. I think that's a pretty impossible task.
12 Shares change by the second.

13 Q They may. Have you ever heard of high frequency
14 trading?

15 A Uh, no.

16 Q We'll leave it, then. Maybe the Judge has.

17 A There was a lot of talk and a lot of questions about
18 -- the premise was that applicants were confused about whether
19 or not to put a physical address in their application. Do you
20 recall those questions?

21 A Yes.

22 (Pause in the proceedings)

23 THE COURT: You've got a half hour more. Come on.

24 MR. SHEVORSKI: Very good, Your Honor. I apologize.

25 THE COURT: It's okay.

1 BY MR. SHEVORSKI:

2 Q Do you know if Serenity Wellness was confused?

3 A I don't know.

4 Q What about MM Development, were they confused?

5 A I don't know.

6 Q My friend, Mr. Miller, mentioned Mr. Viellion, and

7 I'll represent to you that he's associated with GBS.

8 MR. SHEVORSKI: Why don't we look at -- what exhibit

9 is that, Ms. Haar?

10 MS. HAAR: 2,019.

11 MR. SHEVORSKI: 2,019. May I approach, Your Honor?

12 THE COURT: You may.

13 BY MR. SHEVORSKI:

14 Q I'll represent to you this document is in evidence,

15 so feel free to look at it. Now, who is the applicant there?

16 A GBS Nevada Partners, LLC.

17 Q Now, throughout your questioning today we've heard a

18 lot of talk about exhibit -- about two different applications,

19 Exhibit 5 versus 5A. Do you recall that discussion?

20 A Yes.

21 Q I believe you testified that you weren't really

22 familiar with 5A; correct?

23 A Correct.

24 Q But you are familiar that there were going to be

25 clarifications coming out; correct?

1 A Correct.

2 Q Okay. And feel free to look at Exhibit 5A if you
3 need to. Can you tell from there which -- whether Mr.
4 Viellion -- excuse me, GBS Nevada Partners was using Exhibit 5
5 or Exhibit 5A? Does it look like they got the clarified
6 language?

7 A Yes.

8 Q Now, there was a lot of talk that Mr. Viellion was
9 quite upset that he spent a lot of money going out and getting
10 addresses. Does that appear to be an address in the quadrant
11 there or is that -- are those cross streets?

12 A Those are cross streets.

13 MR. SHEVORSKI: That's all I have, Your Honor.
14 Thank you.

15 THE COURT: Anyone else on the defendants in
16 intervention side of the tables?

17 Mr. Koch.

18 MR. KOCH: Yes. I will go as quickly as I can and
19 see if we can get done today, but we'll hope.

20 CROSS-EXAMINATION

21 BY MR. KOCH:

22 Q So, Mr. Pupo, my David Koch. I represent Nevada
23 Organic Remedies. You're familiar with that entity, you know
24 who they are?

25 A Yes.

1 Q We've talked about them some today; right?

2 A Yes.

3 Q And through the course of the questioning you've had
4 by Mr. Miller, who questioned you all day yesterday, did a
5 pretty good job of questioning and you answered a lot of those
6 questions, there were a couple of mistakes that he made;
7 right? He sometimes pointed to the wrong exhibits, sometimes
8 pointed to the wrong statute. Do you remember some of those
9 instances that occurred?

10 A Yes.

11 Q Sometimes his staff would help clarify and get him
12 on the right spot. Other times, though, he just kind of moved
13 on and said let's just not talk about that exhibit. Do you
14 remember any of those instances?

15 A Yes.

16 Q In spite of all that, do you think Mr. Miller did a
17 pretty good job of questioning you?

18 A Yes.

19 Q Mr. Parker today, the same thing. He did a great
20 job, asked lots of good questions, got lots of good answers.
21 Other times, though, he'd point to the wrong statute, wrong
22 subsection, wrong place as far as where he was looking. Do
23 you remember that?

24 A Yes.

25 Q And notwithstanding those mistakes, do you think he

1 did a decent job questioning you?

2 A Yes.

3 Q Some of those mistakes we talked about, you pointed
4 to what you called the human element. Those types of
5 mistakes, would you characterize those as the human element,
6 perhaps?

7 A Sure.

8 Q Now, let me show you something. We are not going to
9 admit this into evidence, but I will represent to you the
10 State produced back to us the handwritten score sheets for my
11 client, Nevada Organic Remedies. This is the stack of pages
12 that is allocated to Nevada Organic Remedies, about 1,500
13 pages. Have you ever looked at the handwritten sheets for
14 Nevada Organic Remedies?

15 A No.

16 Q You were shown some of those sheets. I think Mr.
17 Miller had you look at some of those and looked at the
18 building plans in particular. You saw where he wrote down 7
19 and 8 and then it was put over into the tally sheet
20 incorrectly. Do you remember that?

21 A Yes.

22 Q And actually it looked like some of those scores my
23 client got shortchanged at least a point, it looked like. Do
24 you remember looking at that?

25 A Yes.

1 Q Can I get that point back today if I come and ask
2 you?
3 A No.
4 Q That point total, it's set, it's not going to
5 change, is that right?
6 A That's right.
7 Q Even if I ask you really nicely?
8 A Even if you ask me really nicely.
9 Q Now, I bet we could go through this stack of
10 documents here for the next week or so. The judge wouldn't
11 let us. We'd probably have to do that in the hallway. But we
12 could go through this stack of documents and find all sorts of
13 little things in these handwritten notes and probably come up
14 with a bunch of mistakes that might be in there, based upon
15 that process. Do you think there might be more than that one
16 mistake that Mr. Miller showed you as far as some sort of
17 calculation or other error?
18 A Potentially, yes.
19 Q Okay. And do you think it would be appropriate if I
20 took you out in the hall and reviewed these handwritten sheets
21 and asked for changes to be made for Nevada Organic Remedies
22 based upon the mistakes that you and I found together?
23 A No.
24 Q Why not?
25 A It disrupts the process. It's not fair to the other

1 applicants.

2 Q Do you think the evaluators, based upon the
3 information you've been able to review and observe, did a
4 pretty good job of scoring these applications?

5 A I do.

6 Q And you were not there watching them, looking over
7 their shoulders. In spite of that fact, do you still believe
8 that that's true, that they did a decent job?

9 A Yes.

10 Q And what do you base that upon?

11 A Reports back from my staff. You know, I believe
12 that they were comfortable with the process. I believe they
13 were comfortable with the evaluators. They would read all the
14 documents. I believe that overall, yes, they did a fair job.

15 MR. KOCH: Okay. I'd like to pull up Exhibit --
16 well, Proposed Exhibit 5044. This is an appeal letter.

17 THE COURT: Any objection to 5044?

18 MR. KEMP: No, Your Honor.

19 THE COURT: It will be admitted.

20 (Defendants' Exhibit 5044 admitted)

21 BY MR. KOCH:

22 Q Exhibit 5044 is a letter from the Department of
23 Taxation to MM Development Company dated January 10th, 2019.
24 And it looks like you signed this letter.

25 A Yes.

1 Q Can you tell us what this letter is?

2 A It's a letter to -- replying to their request for
3 appeal to the Nevada Tax Commission.

4 Q Did MM Development send a request or a notice of
5 appeal to the Nevada Tax Commission?

6 A Yes.

7 Q And you were the one tasked to respond to that
8 notice?

9 A Yes.

10 Q And what was your response to that notice of appeal?

11 A That there's no allowance for an appeal.

12 Q And you cited NRS 233B.127, it looks like?

13 A Yes.

14 Q Regarding adjudication of contested cases, they do
15 not apply to the grant, denial or renewal of a license unless
16 notice and opportunity for hearing are required by law to be
17 provided to the applicant before the grant, denial or renewal
18 of the license. Are you quoting the statute there?

19 A Yes.

20 Q And you think that statute applied to the notice of
21 appeal that was sent to your office?

22 A Yes.

23 Q Do you think the determination that you made that
24 the notice -- there would be no appeal of that process was
25 proper?

1 A Yes.

2 Q And do you believe you followed the law in making
3 that determination?

4 A Yes.

5 Q You went on to say, "The Department scored timely
6 submitted applications using an impartial and numerically
7 scored competitive process in accordance with NRS 453D.210 6."
8 That's the part of the initiative that we looked at many times
9 here, is that right?

10 A Yes.

11 Q And do you believe that the Department indeed timely
12 -- or scored timely submitted applications as is stated there?

13 A Yes.

14 Q And did it impartially?

15 A I believe so.

16 Q Let me just ask you about that partiality. We
17 talked a lot about a lot of the contact or communications you
18 may have had with owners or representatives. You did not
19 participate personally at all in the scoring of the
20 applications, did you?

21 A Not at all.

22 Q Did you ever call any of the evaluators and say,
23 hey, why don't you add another 10 points on to such and such's
24 application?

25 A No.

1 Q You never did anything like that?

2 A Never.

3 Q So an appeal is not permitted, and for us to kind of

4 weed through all these applications looking at points, what

5 should have been done, it's kind of a useless exercise; right?

6 A I believe so.

7 Q I think the judge would probably agree with that.

8 So let's talk about what might matter here today and that's

9 the initiative and the language that is there. First of all,

10 let's turn to Proposed Exhibit 5042. It's just the initiative

11 that was submitted to the Secretary of State.

12 MR. KEMP: No objection.

13 MR. KOCH: I'd move to admit 5042.

14 THE COURT: It will be admitted.

15 (Defendants' Exhibit 5042 admitted)

16 BY MR. KOCH:

17 Q 5042 is the original initiative as submitted to the

18 Secretary of State. Do you know when the initiative was

19 drafted?

20 A I don't know.

21 Q At the top right there there's a file date. Can you

22 read that?

23 A Right. It's April 23rd, 2014.

24 Q All right. That's filed with the Secretary of State.

25 Are you aware of that?

1 A Yes.

2 Q At that time it was actually our good friend Ross
3 Miller was the Secretary of State, I believe. But I don't
4 think that has anything to do with this initiative. I don't
5 think he wrote it. But he received that statute and it was
6 put into place or recorded or filed at that time. Are you
7 aware of that?

8 A Yes.

9 Q All right. April 2014, what was the state of the
10 marijuana industry in the state of Nevada, to the best of your
11 knowledge, on that date?

12 A I have no clue. I really wasn't involved in
13 marijuana at all.

14 Q Do you know if recreational marijuana was permitted
15 in the state of Nevada in April of 2014?

16 A I'm sorry?

17 Q Do you know if recreational marijuana sales were
18 permitted under the law in April of 2014?

19 A Not recreational.

20 Q Do you know when the first medical marijuana
21 applications were submitted to have a medical marijuana
22 establishment?

23 A I don't. Sometime in 2014.

24 Q In 2014. August 2014, does that sound about right?

25 A It could be, yes. I don't --

1 Q Would it surprise you if this initiative that was
2 drafted, it was actually drafted prior to any applications for
3 medical marijuana establishments being submitted and approved
4 by the Department or the Division of Public and Behavioral
5 Health? Is that what it is?

6 A Right. Uh-huh.

7 Q Okay. That this was drafted prior to that time?

8 A No.

9 Q And do you have any opinion or idea of what the
10 drafters of this statute had in mind when it came to the
11 marijuana industry in 2018?

12 A No.

13 Q Do you think that they could see into the future
14 four years out and see what that marijuana industry might look
15 like four years from then?

16 A I doubt it.

17 Q In 2014, are you aware of any publicly traded
18 companies that operated marijuana establishments in the state
19 of Nevada?

20 A I don't believe there were any at the time.

21 Q Mr. John Ritter was here earlier and he testified
22 that even after medical was passed most of the companies
23 sitting here today, they weren't profitable really until the
24 Early Start Program rolled out in 2017 and then once that came
25 off some profits started being made. Would it surprise you if

1 any publicly traded companies were eager to buy in in 2014 to
2 the medical marijuana program?

3 A Yes.

4 Q And do you know when the first publicly traded
5 company became an owner or operator of a medical marijuana
6 company establishment in the state of Nevada?

7 A Of a medical marijuana?

8 Q Any, medical or recreational.

9 A No, I don't know when the first one was.

10 Q Was it before 2019, do you know?

11 A I'm sure it was.

12 Q Okay. 2014, 2015? You don't have any ideas of --

13 A I don't. I don't have any idea.

14 Q Would it surprise you if any publicly traded company
15 came into Nevada prior to recreational marijuana, the Early
16 Start Program being approved?

17 A Yes.

18 Q Especially when there was so little profit to be
19 made, is that right?

20 A That's right.

21 Q All right. So let's -- and I guess I asked that for
22 the context of it would be somewhat surprising in 2014 when
23 this initiative was filed with the Secretary of State if
24 anyone could have contemplated a publicly traded company being
25 addressed specifically in this initiative and the statute that

1 would come out of this initiative. Would that be surprising
2 to you if they contemplated that?

3 A Yes.

4 Q All right. So let's look at the statute and the
5 initiative that we have been talking about. We can stick with
6 this initiative here. Let's go down to Section 5. All right,
7 we're on Section 5 and subsection (6). This is the powers and
8 duties of the Department. This is one of the sections that we
9 have talked about ad nauseam.

10 MR. KOCH: Keep going down to (6), Brian. All
11 right. So here's 6. This is part of the initiative.
12 Actually, sorry, Section 5, subsection (6), which is two
13 paragraphs above what you've highlighted.

14 BY MR. KOCH:

15 Q This is, "The Department shall conduct a background
16 check of each prospective owner, officer and board marijuana
17 of a marijuana establishment license applicant." We've read
18 that many, many times. That's what became 453D.200,
19 subsection 6. Are you aware of that?

20 A Yes.

21 Q Okay. Is the term or phrase "background check"
22 defined anywhere in the initiative that you're aware of?

23 A No.

24 Q What was that?

25 A It's not defined.

1 Q No definition at all?

2 A No.

3 Q Would it surprise you if in fact this is the only

4 mention of background check in the entire initiative at all?

5 A Yeah.

6 Q When you read that, do you know what a background

7 check is?

8 A Yes.

9 Q What do you understand it to be?

10 A A check of a prospective owner, officer or board

11 member's background or history, criminal history.

12 Q All right. When it says background, could I get on

13 Facebook and check out their background, do something like

14 that?

15 A Yeah, I don't think that's what is intended, but.

16 Q It doesn't say that; right?

17 A It doesn't say that. Right.

18 Q You have a lot of backgrounds. We could look at the

19 background of a photograph. That would be pretty absurd,

20 checking the background of a photo. That's not what it means;

21 right?

22 A Right.

23 Q You understood it to mean checking for a criminal

24 history, is that right?

25 A That's right.

1 Q Even though it doesn't say that?

2 A Yes.

3 Q And you made that judgment, an exercise of your

4 judgment based upon the words that are there?

5 A Yes.

6 MR. KOCH: Let's keep that open and we're going to go

7 to 5040-- let's go to 5043.

8 THE CLERK: Proposed.

9 MR. KOCH: Proposed 5043.

10 THE COURT: Any objection to 5043?

11 MR. KOCH: This is about a pamphlet, I believe, that

12 we looked at several times, but this has the full thing.

13 THE COURT: It's already in on 2020, but okay.

14 MR. KOCH: 2020 doesn't have the full thing.

15 THE COURT: Any objection?

16 MR. KEMP: No, Your Honor.

17 THE COURT: It will be admitted.

18 (Defendants' Exhibit 5043 admitted)

19 MR. KOCH: Okay. 5043 --

20 THE COURT: Sixteen minutes.

21 MR. KOCH: Let's actually jump to page 14 first.

22 Can we go to 14? And we can take off the other -- Brian, take

23 off the other one.

24 BY MR. KOCH:

25 Q All right. So page 14 is where Question 2 starts

1 and Mr. Shevorski asked you quite a bit about that, what the
2 Question says there. And now I didn't find any reference to
3 background check until page 24. There's actually four
4 mentions of background check in this entire ballot pamphlet.
5 One of them is what we just looked at, Section 5, subsection
6 (6), and there's three more in one paragraph. If we can go to
7 page 24. And 24, this is under the fiscal analysis that this
8 initiative may have. You're aware there's a fiscal analysis
9 that's conducted when an initiative is proposed?

10 A Yes.

11 Q And so page 24, paragraph number 2 is the only other
12 reference to background check in this entire pamphlet. It
13 says, "Question 2 requires the Department of Taxation to
14 conduct a background check of each prospective owner, officer
15 and board member of a marijuana licensed establishment."
16 Question 2 also requires the operator of each marijuana
17 establishment "to determine the criminal history of each
18 worker or volunteer for suitability of employment." One more
19 reference there. I want to ask you, though, about the last
20 sentence there. It talks about the cost and the last sentence
21 starting with "However." "However, the Fiscal Analysis
22 Division cannot determine the process that the Department of
23 Taxation will choose to conduct these background checks."
24 Do you believe the Department of Taxation had the ability to
25 choose the process to conduct the background checks referenced

1 in the statute?

2 A Yes.

3 Q And what is stated here, you believe that there was
4 some discretion that would be involved that the Department
5 could have in determining how and when to conduct those
6 background checks?

7 A Yes.

8 Q Now, what's interesting, we kind of skipped over, we
9 said Question 1 in this packet that's all about guns and we
10 don't need to look at that, but let's actually -- it may be
11 interesting but it may be helpful, let's go back to Question
12 -- the very first numbered page 1 of this packet. Number
13 page 1 has a summary and what is Question 1 called?

14 A The Background Check Initiative.

15 Q A little bit ironic, perhaps, that the question that
16 we skipped over is actually called the Background Check
17 Initiative. Do you know what that was about?

18 A No, I don't.

19 Q Let's go to the next page.

20 THE COURT: I do. I do.

21 MR. KOCH: The judge knows. Maybe she can testify
22 next.

23 THE COURT: No, no.

24 MR. KOCH: All right, we won't call the judge.

25 THE COURT: And how the FBI does or does not want to

1 cooperate.

2 MR. KOCH: All right.

3 MR. SHEVORSKI: No comment, Your Honor.

4 MR. KOCH: Sounds like a lot in here have some bad
5 memories related to this Question.

6 BY MR. KOCH:

7 Q So, Question 1 talks about the requirement and the
8 ability to conduct a federal background check on the potential
9 buyer of a gun. Do you see that?

10 A Yes.

11 Q And I -- thankfully through the ability to search on
12 a computer, I saw 95 different references to background check
13 in this Question in the pamphlet that is described there,
14 including -- if we go to page 2, here if we look at the bottom
15 of this page there's definitions that are provided, I believe.
16 Oh, it's probably a little bit later. We're going to go to
17 the next page. Let me see the hard copy of the exhibit.

18 THE COURT: So it says, "The background check will
19 be conducted using the NIC Background Check System
20 administered by the FBI." Is that the part you want?

21 MR. KOCH: There we go. That's --

22 THE COURT: Look at Brian. He found it for you.

23 MR. KOCH: Well done, Brian. Thank you.

24 BY MR. KOCH:

25 Q So this -- you see that this initiative actually

1 defined the process that the background check would be
2 conducted by. The actual process is laid out there. Do you
3 see that?

4 A Yes.

5 Q Okay. And presumably the drafters of Question 2
6 could have done the same thing, determined how that background
7 check would be conducted; right?

8 A Sure.

9 Q Okay. They didn't do that?

10 A No.

11 Q All right. And so, did you have any guidance on how
12 to conduct the background check in the statute that you saw?

13 A No.

14 Q Now, here's where there's something that's
15 interesting. 453D, chapter -- NRS 453D, we've been looking at
16 this on and on and on and you've looked at the book. Let me
17 just hand you, I've got a printout of 453D. I promise you
18 it's the same as what's in the book.

19 MR. KOCH: If I can approach, Your Honor?

20 THE COURT: You may.

21 BY MR. KOCH:

22 Q Okay. 453D came about from the initiative and if we
23 look at the start of those, the first page, what does it say
24 next to NRS 453D.010, Short Title? What does that say in the
25 brackets?

1 A "This section was proposed by an initiative petition
2 and approved by the voters at the 2016 General Election and
3 therefore is not subject to legislative amendment or repeal
4 until after November 22, 2019."

5 Q All right. In fact, that same bracketed section is
6 listed next to the title of each of the code sections that are
7 referenced there. Do you see that?

8 A Yes.

9 Q Actually not all of them, because if we go to the
10 second page, all of them until we get to 453D.205. And this
11 is the first one I see in this chapter. In fact, this is the
12 only section of Chapter 453D that was not a part of the
13 initiative that was in effect at the time that the application
14 process took place. And we can look at it, but do you see any
15 reference there on 453D.205 to the initiative being applicable
16 to this?

17 A No.

18 Q Okay. And then the rest of them there, if you keep
19 looking down have the same initiative language except for .310
20 and .320 which talk about vending machines and sales and
21 advertising, which are not effective until 2020. Do you know
22 about those --

23 A Yes.

24 Q -- rules coming up?

25 A Yes.

1 Q Okay. Let's go into the body, then, of that statute
2 and see what it says. NRS 453D.205. And tell me when you're
3 there.

4 A Okay.

5 MR. KOCH: 205, Brian. 205.

6 BY MR. KOCH:

7 Q All right, 205. First of all, can you tell me,
8 underneath that statute there's a parenthetical that says
9 added. What does that say?

10 A "Added to the NRS by 2017."

11 Q Right. 3711.

12 A 3711.

13 Q Do you know what that means?

14 A I believe it's the 2017 legislative session --

15 Q Right.

16 A -- and I believe 3711 is the statutes of Nevada.

17 Q And so this statute was added to the NRS in 2017, is
18 that right?

19 A Yes.

20 Q Do you know why this statute -- well, let's read the
21 title here first. "Department or marijuana establishment
22 authorized to require a person to submit fingerprints when
23 conducting background check or determining criminal history."
24 Do you know why this statute was added to the NRS in 2017?
25 And if you need to take a look at what it says, go ahead and

1 take a look at it.

2 A I believe it was to -- and I may be wrong, but if I
3 remember correctly I believe it was to give the Department the
4 authority to use the FBI.

5 Q Okay.

6 A For criminal -- for the background checks.

7 Q And it specifically says, "When conducting a
8 background check," like you mentioned, "pursuant to subsection
9 6 of 453D.200, the Department may require each prospective
10 owner, officer and board member of a marijuana establishment
11 license applicant to submit a complete set of fingerprints and
12 permission." Do you know why the legislature -- do you have
13 any idea why they felt it necessary to add that to the
14 statute?

15 A I don't -- I don't remember what the reasoning was.

16 Q Did this statute assist the Department of Taxation
17 in conducting background checks for purposes of licensing and
18 regulation of marijuana establishments?

19 A Right. That's correct. The issue was, I think back
20 then, as the Department of Taxation we didn't have the
21 authority to conduct background checks. We needed to get the
22 authority because DPPH had the authority under 453A and there
23 was no authority to use FBI for the Department of Taxation.
24 We had to apply for our own account.

25 Q And this statute gave you that authorization?

1 A Yes.

2 Q It didn't exist in the as written 2015 initiative,
3 did it?

4 A No.

5 Q So something had to change in order for you to
6 complete the background checks that are called for in Section
7 6 of the initiative?

8 A Yes.

9 Q Do you think that was an appropriate addition to the
10 statute that was made by the legislature?

11 A Yes.

12 Q And did you ask each owner, officer and board member
13 to submit a complete set of fingerprints for the background
14 checks?

15 A Yes.

16 Q So that was necessary in order to complete those
17 background checks, is that right?

18 A Yes.

19 Q And these fingerprints, have you ever asked a
20 corporation to submit corporate fingerprints for a background
21 check?

22 A A corporation?

23 Q Right. Corporate -- you referenced, what was it,
24 Marlboro's owner, whatever it was.

25 MR. SHEVORSKI: Altria Group.

1 MR. KOCH: What is it?

2 MR. SHEVORSKI: Altria Group.

3 BY MR. KOCH:

4 Q Altria Group. Do you think the Altria Group could
5 submit Altria Group fingerprints to the Department?

6 A I suppose they can.

7 Q Whose fingerprints would those be?

8 A The owners, officers and board members.

9 Q Right. So you don't conduct a background check of
10 the corporation itself as a separate entity from the officers,
11 owners and board members, do you?

12 A No.

13 Q And are fingerprints referenced anywhere in the
14 initiative that you're aware of?

15 A No.

16 Q So this was an addition in order to allow the
17 Department to carry out the requirements of the initiative, is
18 that right?

19 A Yes.

20 Q Okay. I'm going to run out of time, but let me ask
21 you about the next section.

22 THE COURT: You've got four minutes.

23 MR. KOCH: Okay.

24 BY MR. KOCH:

25 Q We've talked a lot about this shall conduct a

1 background check. We've talked a lot about the words owner,
2 officer and board member. But in 453D.200, subsection 6,
3 there's a word that we haven't really talked much about at all
4 and that comes right before owner. Let's look at 6, if we can
5 get there.

6 THE COURT: That would be "prospective"?

7 MR. KOCH: That would be "prospective."

8 BY MR. KOCH:

9 Q We have not talked about the word prospective very
10 much in this -- I don't know how long we've been here, but
11 it's been a long time.

12 THE COURT: This is Day 10.

13 MR. KOCH: Day 10. Okay.

14 BY MR. KOCH:

15 Q Prospective. Is there any definition of prospective
16 -- prospective owner, officer and board member that's provided
17 in this statute or the initiative?

18 A No.

19 Q Do you think that word might be important?

20 A Sure.

21 Q Do you have an understanding of what the word
22 prospective means?

23 A Potential owner.

24 Q Potential owner? All right. I'm going to --

25 THE COURT: You brought a Black's Law Dictionary?

1 MR. KOCH: A Black's Law Dictionary. I don't
2 usually use this. I had it on my bookshelf and I thought I've
3 got to bring it today and I'm glad I can use it and take it
4 back and not bring it again.

5 BY MR. KOCH:

6 Q Let me read to you the definition of prospective
7 from Black's Law Dictionary. Black's Law says prospective
8 means "in the future, looking forward, contemplating the
9 future." Would you agree with that definition?

10 A Yes.

11 Q And so we could read that statute to say the
12 Department shall conduct a background check of each future
13 owner, officer and board member of a marijuana establishment
14 license applicant, couldn't we?

15 A Yes.

16 Q Do you think that the Department could conduct
17 background checks of future owners, officers and board members
18 of an applicant?

19 A No.

20 Q Let's say somebody goes out next year and purchases
21 -- an example, LivFree. We've heard some testimony about
22 LivFree, that there was an announcement perhaps made last fall
23 that they were in negotiations to purchase and Mr. Kemp, I
24 think, told us that within the last couple of weeks a deal was
25 formalized, closed, that something happened to complete the

1 sale of LivFree to a publicly traded company. Do you know if
2 that sale was listed in LivFree's application in September of
3 2018?

4 A I don't know.

5 Q If that sale did not take place until May of 2019,
6 did the Department check the backgrounds of each of those
7 owners, officers and board members that are now going to take
8 place in May of 2019 when it conducted its application review
9 in September of 2018?

10 A No.

11 Q Could it do that?

12 A Not if they weren't listed in the application.

13 Q Okay. Let's say -- we're talking about publicly
14 traded companies. Who can buy a share of publicly traded
15 stock?

16 A Anyone.

17 Q Anyone. Okay. So I go out today and I buy a share
18 of a Canadian company that owns one of the parties that's
19 listed here. I'm now an owner of that company; right? I
20 might sell it to someone tomorrow. Do you know who I'm going
21 to sell it to tomorrow?

22 A No.

23 Q Now, if I decide to buy another share in the future,
24 I'm a prospective owner, aren't I?

25 A Yes.

1 Q Anybody in this room may be a prospective owner
2 because maybe in the future at some time they might buy that
3 share of stock; right?

4 A Yes.

5 Q So did the Department conduct background checks of
6 everyone in the United States when it carried out its
7 obligation to conduct background checks here?

8 A Definitely not.

9 Q What about everyone in the country of Canada?

10 A Definitely not.

11 Q That would be absurd, wouldn't it?

12 A Yes.

13 Q It would be ridiculous to require the Department to
14 carry out that type and scope of background checks?

15 A I believe so.

16 Q And there would have to be something done to rein
17 that in to be able to control the scope of background checks
18 in order to make it reasonable for the Department to actually
19 carry out that requirement, is that right?

20 A That's correct.

21 MR. KOCH: Okay. Why don't we break here and we'll
22 pick up from there.

23 THE COURT: All right. So we're going to break, so
24 that means you can get up.

25 Before counsel leaves the room, Dulce goes on

1 vacation and so she may not be here when we resume. What I am
2 going to encourage you to do is one person from each group,
3 and I don't care how you define group, come see Dulce, I would
4 prefer you to it together, to identify for all of your records
5 what exhibits are or are not admitted, because I am not
6 prepared to rely on whatever substitute clerk they send me
7 when Dulce is gone for accurate information. So I'd prefer
8 you guys take a minute to meet with Dulce and try and resolve
9 that.

10 Are we having a hearing Tuesday or Wednesday or
11 both?

12 MR. BULT: So, I talked to all counsel and here's
13 the report. So we're going to file our TRO tomorrow at noon.
14 The opposition will be filed by close of business. The
15 hearing will be 8:45 on Tuesday.

16 THE COURT: Close of business Monday?

17 MR. BULT: Yes, ma'am, Your Honor.

18 THE COURT: Okay.

19 MR. BULT: And then on the release of the bond
20 objection from Rusty, he's going to get his opposition --

21 MR. GRAF: Clear River.

22 MR. BULT: Clear River. I apologize. By close of
23 business on Monday, and then that hearing will also be on
24 Tuesday morning at 8:45.

25 THE COURT: So I will not see you all on Wednesday,

1 only on Tuesday at 8:45?

2 MR. BULT: Yes.

3 THE COURT: All right.

4 MR. CRISTALLI: Your Honor, with regard to the issue
5 of the bond, you did execute an order after Mr. Graf, I think,
6 raised his objection this morning, which I wasn't here for.
7 You have signed it and I have it, but I don't want to do
8 anything with it.

9 THE COURT: Well, but it's only setting the date,
10 isn't it?

11 MR. CRISTALLI: No. I think this was the release.

12 THE COURT: I think -- isn't it the one that had a
13 hearing date on it?

14 MR. CRISTALLI: No, this is the release, I think.

15 THE COURT: I thought you gave me one that had a
16 hearing date. Maybe I had too many pieces of paper.

17 MR. CRISTALLI: Okay. Maybe I'm wrong. I just want
18 to make sure.

19 THE COURT: Yeah. So this is what I signed.

20 MR. CRISTALLI: Okay. I'm sorry. Okay.

21 THE COURT: Okay. Got it?

22 MR. CRISTALLI: [Unintelligible].

23 THE COURT: There were two checked boxes and I
24 didn't check either, but I wrote in the answer on the second
25 one.

1 MR. GRAF: So nothing is getting released, right?
2 THE COURT: No, nothing was getting released.
3 MR. GRAF: Okay.
4 THE COURT: We're having a hearing Tuesday morning
5 at 8:45.
6 All right. Does anybody have a scheduling conflict
7 next month? July.
8 MR. GRAF: What do you mean by next month?
9 THE COURT: That's July.
10 MR. GRAF: Yes.
11 MS. SHELL: Yes.
12 MR. KOCH: Yes. [Inaudible].
13 THE COURT: Okay. I have calendar calls Tuesday
14 morning after you leave me at 8:45. I am trying -- at the
15 moment I'm shooting for the week of the 8th, but if somebody
16 is out the week of the 8th, that's not going to work.
17 MR. KOCH: I'll be back on the 10th, but.
18 THE COURT: How many more days do you need? Not
19 hours, days. How many more? Best guess. I know Mr. Gentile
20 still has an expert that he wants to call. We need to finish
21 Mr. Pupo and then I've got four other witnesses that you've
22 told me about.
23 MR. GENTILE: Two.
24 THE COURT: No.
25 MR. GENTILE: Three. Seriously. I mean --

1 THE COURT: Three?

2 MR. GENTILE: Yeah, I think so. I mean, the other
3 four witnesses are primarily Mr. Shevorski's, as I understand.

4 THE COURT: And he is always very efficient in his
5 use of time.

6 (Colloquy among counsel)

7 MR. SHEVORSKI: One thing I would say, Your Honor,
8 is I don't know what the intervenors -- if they have
9 witnesses. I haven't talked to them about that, so.

10 MR. KOCH: My witness has been called. I don't have
11 anybody else.

12 MR. SHEVORSKI: I don't know what anybody else plans
13 to do.

14 THE COURT: Okay. So I'm looking for three days.

15 MR. KEMP: Your Honor, I think the big issue is what
16 the State intends to do in terms of Hernandez and Cronkhite.

17 MR. SHEVORSKI: After Mr. Miller's examination,
18 we're for sure calling them.

19 THE COURT: Okay. So three to four days. Then
20 after we finish the evidence, how long will you need to argue?

21 MR. GENTILE: Oh, I'm going to make -- you know,
22 from our side I think we can cut it off. I think that we can
23 share --

24 THE COURT: Yes, you can share it, but the question
25 is how long? Do I need a whole day of argument? Do I need a

1 half day of argument? Can you do it in an hour for all of
2 you?

3 MR. KEMP: I think a half day would be wise, Your
4 Honor.

5 (Colloquy among counsel)

6 MR. GENTILE: I think a half day with the strict
7 enforcement of the Peek rule.

8 MR. GRAF: If you're going to do plaintiffs,
9 defendants, and intervenors, then, yeah, I think that's
10 appropriate.

11 THE COURT: Okay. So I'm looking for five days.
12 Okay, I will work on that and I will let you know what I find
13 out. If the jury trial I'm in starting on Monday resolves, I
14 will immediately notify you. I have a case that I guess Mr.
15 Kahn is no longer involved in. It's a non-jury trial
16 involving some balloons and a bicycle, but it will only take
17 three days. And then I have a bunch of HOA foreclosure cases.

19 a date and time to be determined)

9 Plaintiffs have not been damaged directly, indirectly, proximately, or in any manner

22 capricious, and the State of Nevada, Department of Taxation had a rational basis for all the
23 actions taken in the licensing process at issue.

24 **EIGHTH AFFIRMATIVE DEFENSE**

25 Plaintiffs have failed to join necessary and indispensable parties to this litigation
26 under Nev. R. Civ. P. 19, as the Court cannot grant any of Plaintiffs' claims without affecting
27 the rights and privileges of those parties who received the licenses at issue as well as other

6 imposed on them by law to recover attorney's fees incurred to bring this action.

12 **THIRTEENTH AFFIRMATIVE DEFENSE**

18 Declaratory relief will not give the Plaintiffs the relief they are seeking.

19 **SIXTEENTH AFFIRMATIVE DEFENSE**

22 reasonable inquiry upon the filing of this answer and, therefore, Defendant hereby reserves
23 the right to amend this answer to allege additional affirmative defenses if subsequent
24 investigation warrants.

25 **SEVENTEENTH AFFIRMATIVE DEFENSE**

*** * * * ***

THE COURT: -- get the motion for release of cash bond from Serenity? So it's your -- you care. Come read this.

MR. GRAF: I've got it, right.

THE COURT: Well, no, I want you to read it now. And while we're waiting for Dominic or Mr. Cristalli to get here, we'll look at it. And then give it back to me when you finish reading it. It says we overpaid. I just want to make sure everybody agrees we overpaid.

(Pause in the proceedings)

MR. GRAF: We're going to object, Your Honor.

THE COURT: Yeah. You are?

MR. GRAF: Yes.

THE COURT: Okay.

MR. GRAF: We were planning on filing a written motion to object to the release of the (indiscernible). So are you going to set that for hearing?

THE COURT: Once I have Mr. Cristalli and Mr. Gentile here, yes, because I'm not giving Mr. Miller -- I'm not going to do it today.

MR. GRAF: No. Okay. I would like to (indiscernible) put on when it's occurred, Your Honor, and the opportunity to file an opposition --

THE COURT: Will you come back after your hearing?

JD Reporting, Inc.

1 MR. GRAF: I am. It should only be real quick.

2 THE COURT: So maybe before lunch, we'll decide when
3 to set it.

4 MR. GRAF: Yes, ma'am. Thank you.

5 THE COURT: Is Mr. Pupo here? Come on up, Mr. Pupo.
6 It's a new day. It's a new day so we have to reswear you.

7 MR. PUPO: I'm sorry?

8 THE COURT: It's a new day, so we have to reswear
9 you. And, again, sir, if you need to stand up during the
10 testimony because you're uncomfortable or you need to take a
11 break, you let me know. Okay.

12 THE CLERK: Please raise your right hand.

13 **JORGE PUPO**

14 [having been called as a witness and being first duly sworn,
15 testified as follows:]

16 THE CLERK: Thank you. Please be seated. Please
17 state and spell your name for the record.

18 THE WITNESS: It's Jorge Pupo. And that's J-o-r-g-e.
19 Last name is P-u-p-o.

20 THE CLERK: Thank you.

21 THE COURT: Before Mr. Miller starts, Mr. Cristalli
22 and Mr. Gentile, before you got here, I asked if any of the
23 defendants had an objection to your motion for release of bond.
24 I was told they did. So before lunch, we will discuss when I
25 schedule that for hearing. So don't let me forget. I have it

1 sitting up here so we can put a date in there, and I can sign
2 it.

3 Mr. Miller, you're up.

4 CONTINUED DIRECT EXAMINATION

5 BY MR. MILLER:

6 Q Good morning.

7 A Good morning.

8 MR. MILLER: Pull up the same Exhibit 5 that we were
9 on.

10 BY MR. MILLER:

11 Q Do you recall that when we were going through a
12 hypothetical scenario as to how scoring may be applied based on
13 your understanding of the rules in the evaluation process --
14 and this particular slide deals with the scoring criteria for
15 building plan details. Do you recall that we had run previous
16 examples where we had two different sets of applicants, one
17 was -- which was a fine (phonetic) criteria. It was responsive
18 to the application that was under the -- would have been under
19 the understanding that a physical address would be required,
20 and another set of applicants that knew a physical may have
21 been required but it wouldn't be scored; is that correct? Do
22 you remember that?

23 A Yes.

24 Q All right. So the exhibit here I'm showing you --
25 the demonstrative exhibit I'm showing you, this individual has

JD Reporting, Inc.

1 responded in the application to the tab there where it was
2 requested. And in response to the request for adequacy of
3 size, they have gone through and done a market analysis of how
4 many people might be within a certain radius of that physical
5 location, who are over 21, and might be able to access that
6 facility. Do you see that?

7 A Yes.

8 Q And they also have several locations that they
9 proposed. Do you see that?

10 A Yes.

11 Q And they've provided different figures based on their
12 analysis for some of those locations; is that correct?

13 A Yes.

14 Q Next slide.

15 You can also see that you responded to them with a
16 demographic analysis for adequacy of size, including the makeup
17 of a community where this proposed location would be placed.
18 Do you see?

19 A Barely, but, yes.

20 Q Okay. Next slide.

21 Building plan details. They could have provided
22 specific floor plans that are designed for that location. So
23 in Location 1, we see that it's a completely different layout
24 than their Locations 2 and 3. And it explained on their
25 applications the limitations for doing that because they

1 selected a particular address. Do you see that?

2 A Yeah.

3 Q All right. Next slide.

4 And incorporated specific security plans that would
5 be different and would meet the needs of the community. And
6 you see how Location 1 reflects completely different camera
7 angles that they would be able to access and would be provided
8 on Locations 2 and 3?

9 A Yes.

10 Q And those camera angles and the security details were
11 required as part of the application; is that correct?

12 A Yes.

13 Q And that was part of the criteria that the evaluators
14 were expecting to score?

15 A Yes.

16 Q Next slide.

17 So here we have the applicant that was -- may have
18 been under the understanding that the physical location
19 wouldn't have been scored; correct?

20 A (No audible response.)

21 Q So as we discussed, this individual could have just
22 put any size facility that they deemed appropriate; correct?

23 A Yes.

24 Q All right. And when they include their operations
25 and resource plans, it could have been completely theoretical,

1 so they could have put anything they wanted; correct?

2 A Yes.

3 Q And in terms of security plans, they could have put
4 anything under the sun, including that they were going to have
5 SEAL Team 6 monitoring the location to make sure that it was
6 absolutely secured; correct?

7 A I suppose, yes.

8 Q And they weren't constrained in terms of budget or
9 construction timeline challenges that others may have faced;
10 correct?

11 A I don't know if I would say "constrained," but they
12 were to provide a budget.

13 Q Okay. But when they came up with a budget, they
14 could have put any proposed numbers that they wanted; correct?

15 A Yes.

16 Q Okay. Next slide.

17 If they had put that criteria, they wouldn't have
18 been scored any differently, according to your testimony, than
19 the applicant that was constrained to the physical address?

20 A Correct.

21 Q Next slide -- oh, that's it. Thank you. I thought
22 we had one more slide.

23 THE COURT: And you got Barbie into one of your
24 slides, so --

25 MR. MILLER: I did.

1 THE COURT: We got the princesses and now we've got
2 Barbie.

3 MR. SHEVORSKI: I'm not as good at those, Your Honor.

4 THE COURT: You're not as good at the Barbies?

5 MR. SHEVORSKI: No.

6 THE COURT: Give your daughters time.

7 MR. MILLER: All right. Please pull up Exhibit 262.

8 THE CLERK: Proposed.

9 THE COURT: Any objection?

10 MR. SHEVORSKI: I'm sorry, Your Honor. Are these
11 your Notices of Appeal?

12 MR. MILLER: Yeah.

13 MR. SHEVORSKI: I've only got up to 261, but if it's
14 a Notice of Appeal, that's fine.

15 THE COURT: They'll be admitted.

16 (Plaintiffs' Exhibit Number 262 admitted)

17 MR. MILLER: Can you see the letter (inaudible)
18 request dated February 26th?

19 MR. SHEVORSKI: Ross, I have no objections to your
20 Notice of Appeal.

21 MR. MILLER: Thank you.

22 THE COURT: And I already admitted it.

23 MR. SHEVORSKI: I guess it's already admitted.

24 THE COURT: I admitted it already. We're trying to
25 get ahead of the game so we can get finished with this witness

1 today.

2 MR. MILLER: Got it.

3 (Pause in the proceedings)

4 BY MR. MILLER:

5 Q Okay. Well, so you're aware that -- you may or may
6 not have been aware that I sent you a letter on behalf of my
7 clients requesting the records; right? We discussed that
8 previously --

9 A Yes.

10 Q -- or (indiscernible)? And you denied that request;
11 correct?

12 THE CLERK: Mr. Miller?

13 BY MR. MILLER:

14 Q Are you aware that your department denied that
15 request?

16 THE CLERK: I'm sorry. Is this Serenity -- is the
17 Bates number for 262.4953531, is that the one we -- right?

18 MR. MILLER: Good question.

19 THE COURT: I can't read the Bates number on the
20 bottom of that. Sorry.

21 THE CLERK: Is this the correspondence between
22 Gravitas and --

23 THE COURT: It is 495 on the bottom.

24 THE CLERK: Okay. Thank you.

25 MR. MILLER: Yes.

JD Reporting, Inc.

1 THE CLERK: Sorry.

2 THE COURT: Thank you for blowing that up, Shane.

3 EXHIBIT TECHNICIAN: You're welcome. And I don't
4 find a letter with that date on it.

5 MR. MILLER: Okay.

6 BY MR. MILLER:

7 Q So we requested e-mails to and from staff,
8 contractors, agents, regarding scoring. We requested e-mails,
9 text messages; reasons, analysis, or rationale for issuing or
10 denying licenses; e-mails showing or describing how or when the
11 assigned point values were provided; e-mails describing or
12 detailing how the regulations were implemented.

13 We were told by your department that we should wait
14 until the transparency bill was passed. We still haven't
15 received any of the communications. So are you aware that that
16 information still has not been provided to us?

17 A No.

18 Q But you intend to comply with the public records
19 request?

20 A Within the law, yes.

21 Q Okay. Can we show Exhibit 206.

22 Sir, you're familiar in this PowerPoint, where they
23 provided training, that the first several pages of each day,
24 they went through several slides where it would indicate and
25 stress the importance of confidentiality in the process. Are

1 you aware of that?

2 A No.

3 Q No. Well, you haven't reviewed any of these
4 materials?

5 A No, I've never reviewed this.

6 Q You understand that was an important area in your
7 department, was stressing the confidentiality of this process
8 to all the evaluators?

9 A Yes, I do -- I do know that was, you know, passed on
10 to the evaluators.

11 Q Okay. And what would the purpose of stressing
12 confidentiality have been to the evaluators?

13 A To the evaluators?

14 Q Uh-huh.

15 A I would assume it's to preserve the integrity of the
16 process.

17 Q And that would have also applied to the impartiality;
18 is that right?

19 A Yes.

20 Q And an impartial process means that everyone should
21 have access to the same rules; is that right?

22 A Yes.

23 Q And an impartial process would mean that everybody
24 has access to the same instructions; is that correct?

25 A Yes.

1 Q Well, you made changes on how information about rules
2 and instructions were communicated to applicants relative to
3 the process that was run in 2014 to evaluate applications; is
4 that correct?

5 A Wait. Say that again.

6 Q You made changes how you ran the process this time,
7 in 2018, relative to how you conducted it in 2014, as to how
8 you communicated the rules and regulations to applicants?

9 A Yes, I believe so.

10 Q Pull up Exhibit 5002. Can we go to Section 3. On
11 the application instructions -- a little bit lower, for the
12 application instructions -- okay. Here.

13 Deadline for submitting questions. Do you see that?

14 THE COURT: And this is the medical application?

15 BY MR. MILLER:

16 Q 6/20/2014, this is the medical application from 2014.

17 THE COURT: Thank you.

18 MR. MILLER: Thank you.

19 THE WITNESS: Yes, I see that.

20 BY MR. MILLER:

21 Q Okay. And the answers would be posted to the website
22 on July 7th?

23 A Yes.

24 Q So does this appear that they had a formal process
25 for submitting questions and a uniform process for posting

1 answers to those questions on their website -- on their
2 application, rather?

3 A Yes.

4 Q All right. And you did not incorporate that as part
5 of the process here; correct?

6 A Correct.

7 Q And, sir, are you aware that in helping to develop
8 the process by which to evaluate the applications, Quantummark
9 had a process in 2014 that they recommended be implemented in
10 order to deal with questions and answers from applicants? Are
11 you aware of that?

12 A No.

13 Q Pull up the -- is it 206, is that what it is, the
14 2014 PowerPoint. It's Bates Number 21424. That would be -- I
15 believe that's 250. It says 21424.

16 Do you see here this is taken from the -- it's 2014
17 PowerPoint materials that were provided to training
18 evaluators -- it was provided to evaluators at that time. Do
19 you see there's, like, a flowchart that's identified. Do you
20 see this?

21 A Yes.

22 Q All right. It says, Number 1, is request for
23 applications posted to the website. And then move to
24 questions --

25 THE COURT: Mr. Miller, you've got to be near a mic.

1 MR. MILLER: All right.

2 BY MR. MILLER:

3 Q Number 2 says questions submitted from applicants --

4 THE COURT: That's not near a mic. That's just
5 raising your voice.

6 BY MR. MILLER:

7 Q Sir, can you read the next step for me.

8 A Sure. Which one are we on? Number 2?

9 Q Number 3.

10 A Three. Division reviews list of questions.
11 Number 4, division removes duplicates, categorizes, and
12 develops list of questions for response. Number 5, division
13 develops answers to questions, 6/20 through 7/1/2014.
14 Number 6, division reviews responses with DPBH and AG for
15 approval on responses. Number 7, responses approved, and if
16 no, division reviews answers to the questions; if yes, the
17 answers are posted on division website on or before 7/7/2014.
18 And then it ends there.

19 Q And your department chose not to follow that process
20 at all; is that right?

21 A I wouldn't say we chose to. I wasn't aware of that
22 process.

23 Q You weren't aware of this process, but your
24 department didn't follow anything like that, did they?

25 A No.

1 Q All right. What process did you implement in order
2 to deal with questions and answers from applicants as part of
3 the application?

4 A I don't think we followed a process per se. We had
5 gone through, you know, almost 70 public meetings around there.
6 You know, we had the Governor's Task Force which had several
7 subcommittees and workshops and regulation workshops where they
8 all had, you know, opportunity to comment and ask questions.
9 And I believe we had an open public comment period for -- I
10 believe it was well over a month, maybe even two, to make
11 comments. But we didn't set forth a process, a Q and A process
12 as it's described here.

13 THE COURT: So, sir, to make comments to what?

14 THE WITNESS: Comments to the regulations. Basically
15 any comment. We're inviting comments regarding the regulations
16 as a whole.

17 THE COURT: I just wanted to make sure I understand
18 what you had a comment process for.

19 THE WITNESS: Yes, Your Honor.

20 THE COURT: Thank you. Sorry for the interruption,
21 Mr. Miller.

22 MR. MILLER: No, that --

23 BY MR. MILLER:

24 Q So as I understand it, you believe that --

25 THE WITNESS: Sorry.

1 THE COURT: It's okay. The marshal's phone went off
2 last week.

3 THE WITNESS: I keep telling it to turn off and it
4 won't.

5 MR. SHEVORSKI: Gavel?

6 THE COURT: If you use your gavel, you've lost
7 control.

8 THE WITNESS: Okay. I'm sorry.

9 BY MR. MILLER:

10 Q So I understand your response, you believe that
11 through the process of these public workshops and the task
12 force and the hearings that you conducted, that all the
13 applicants would have understood the rules that would have
14 applied to this application; is that correct?

15 A I don't know if they would have understood. They had
16 the opportunity to ask for clarifications on the regulations
17 and participate in the process.

18 Q Okay. So if they had questions during that process
19 that were unresolved, where they still had areas that needed
20 further clarification, what was the process in order to get
21 answers then?

22 A Well, they can submit -- you know, submit their
23 concerns and we would try to resolve them.

24 Q And how could they submit their concerns?

25 A They could have written to the Department. They

1 could have picked up the phone and called. We're very
2 accessible, you know, from the director on down, and voiced
3 their concerns.

4 Q Okay. Not looking at concerns. What if they just
5 had questions about how to interpret some provision of the
6 rules?

7 A Questions were being taken through our marijuana
8 inbox, and then I believe Ky was -- Ky or our PIO was
9 responding to questions.

10 Q Okay. So questions were taken under the marijuana
11 inbox -- was the process, is that correct, if you wanted to ask
12 a question?

13 A Yes.

14 Q All right. And could you ask questions through any
15 other way or just that marijuana inbox?

16 A I believe everyone is pretty much directed to the
17 marijuana inbox.

18 Q Okay. So there weren't any communications outside of
19 the marijuana inbox?

20 A Well, like I said earlier, I received some calls.

21 Q Okay. So there were communications outside the
22 marijuana inbox?

23 A Yes.

24 Q So it was allowed to have communications outside the
25 marijuana inbox that Ky would have responded to?

1 A Yes.

2 Q And --

3 A It's my understanding he received calls as well.

4 Q All right. And who else received calls asking for
5 clarification?

6 A I believe maybe Steve Gilbert.

7 Q And who else?

8 A I don't know.

9 Q You're not sure?

10 A Not sure.

11 Q Was there any directive within the Department as to
12 who had the authority to answer calls about the application?

13 A No, I don't think so.

14 Q So anybody in the Department could have fielded a
15 call with a question about the application and try to do the
16 best they could to provide that applicant information?

17 A I believe if someone received a call -- you know, if
18 an admin received a call, whatever, they would forward or
19 direct that call to either Steve Gilbert or Ky.

20 Q Okay. So the process was that if anyone receives a
21 call with a question about the application, they should direct
22 it to Steve Gilbert or Ky?

23 A Yes.

24 Q But not to you?

25 A No, they weren't directed to me. I normally received

1 direct calls.

2 Q And do you know how many calls Steve Gilbert or Ky
3 Plaskon would have received?

4 A I have no idea.

5 Q So that wasn't documented?

6 A Not to my knowledge.

7 Q And when they received those calls, what was the
8 process in order to respond to an applicant with a question
9 that they had?

10 A You know, I'm not sure. They -- we'd direct them to
11 submit their questions through the marijuana inbox. They may
12 have answered the question on the phone. I don't know what --
13 how they were directed.

14 Q So you don't know whether or not, you know, they
15 recorded the question that was asked and distributed it through
16 the Department to make sure that it was a uniform answer?

17 A I don't -- I don't think they would have -- they
18 would have recorded the question on a, you know, phone call or
19 whatever. They probably handled it on the spot. If it went to
20 the inbox, there would be a record of it.

21 Q Okay. What was the process to make sure that the
22 answers that Ky and Mr. Gilbert were providing were the same?

23 A It's my understanding that they were a very general
24 response. So they may have a certain set general response.

25 Q Okay. Is that general response documented somewhere?

1 A You know, I don't -- I don't know that, if Steve or
2 Ky have it recorded somewhere.

3 Q So it could have very well been different responses
4 that they provided to applicants, for all you know; correct?

5 A Potentially, yeah.

6 Q And what about the communications with you? Is there
7 any process to make sure that the information that you were
8 giving to applicants, if you were higher up in the Department
9 and had more authority, was the same information that Ky and
10 Mr. Gilbert provided?

11 A No. I mean, if -- I don't think there was a time
12 where I had to pass something on to them as -- you know,
13 regarding a question.

14 Q So you don't recall any instances where you fielded a
15 question and felt that it needed to be communicated to Ky or
16 Mr. Gilbert?

17 A I would -- I would -- there was the time when I was
18 getting these calls about the -- you know, what if I owned a
19 building, what if I lease, something like that. I would tell
20 them, "Hey, I'm getting these questions. We need to attempt to
21 clarify this."

22 Q Okay. So you had a discussion about the physical
23 location questions, that you remember?

24 A Yes.

25 Q What did you tell Mr. Plaskon and Mr. Gilbert about

1 the conversation that you had?

2 A That I was getting those type of questions and that
3 we needed to make an attempt to clarify it.

4 Q When did you have that conversation with Mr. Plaskon
5 and Mr. Gilbert?

6 A Well, I don't know.

7 Q Was it before the application was released?

8 A No. It was after.

9 Q So after the application was released. This was on
10 July 5th; correct?

11 A Right.

12 Q Okay. Are you aware of whether or not that
13 conversation occurred before July 30th, when the Department
14 issued a different version of the application?

15 A Well, it was around that time. We think that's
16 where -- where I was saying yesterday, I didn't know that they
17 didn't put out the -- like a second application. I thought
18 that that communication for clarification was going to be put
19 out, like, in a memo to -- or on Listserv or something like
20 that. But that -- apparently that change was put on the
21 application, and that second application came out with that
22 wording, if owned or leased property, put here.

23 Q Okay. So you became aware that there were some
24 questions about whether or not a physical location would be
25 scored by the application. And you directed Mr. Gilbert and

1 Mr. Plaskon to do what? What did you direct them to do in
2 response to that?

3 A That we were going to clarify or attempt to clarify
4 these items. There was another question regarding the word
5 "construction," I believe -- or, you know, versus "general
6 floor plans." So I think -- I don't remember how many
7 clarifying points we wanted to make. And then I asked them to
8 make those clarifications and communicate it.

9 Q So you provided them with criteria related to what a
10 physical location would require, and what was the other detail?

11 A Not whether it was required.

12 Q It was -- sorry?

13 A I'm sorry?

14 Q Physical location was scored; correct?

15 A No. There was a question -- we were getting calls
16 like, they say: Hey, I own this building or I lease this
17 building. You know, do I put this address here or where do I
18 put it.

19 Q All right.

20 A So then -- and then there was a -- I remember a
21 question regarding the word "construction" because I believe
22 that was changed to general floor plans in the regs. So I know
23 I -- those are two items I remember that we wanted clarified.
24 So my instruction to them was, you know -- and I don't know if
25 they had some items as well. I think they brought up some

1 items. Don't remember what they are. But a clarification was
2 -- were, like, three, four, five items, something like that.
3 My instruction to them was this gets us clarified and
4 communicated. That's why I thought they did it by Listserv.

5 Q And when that occurred, did you ever follow up to see
6 what kind of answer that they provided to the applicants?

7 A No. I trust them to do what they had to do.

8 Q So it wasn't important enough to you to say, look,
9 these questions came up, and I'd better review it to make sure
10 that they had accurately communicated that they were given the
11 response so they follow the applicants by way of this rule?

12 A It's not that it's not important to me. I have
13 people that work for me that are high grades in State service,
14 professional level, and I expect them to do what they need to
15 do and do it right.

16 Q And you delegate it, that task for them to do, to
17 communicate to the applicants --

18 A Yes.

19 Q -- is that correct?

20 When you got that -- any of these questions at all,
21 do you remember reviewing any of them with the attorney
22 general's office?

23 THE COURT: And don't tell us what they told you, if
24 you did.

25 MR. MILLER: Thank you, Your Honor.

1 THE WITNESS: Yes.

2 BY MR. MILLER:

3 Q Which ones? Which one or ones do you recall?

4 A I don't -- I believe all of them.

5 Q You reviewed all the responses with the attorney
6 general's office?

7 A All the points where we're going to make the
8 clarifications.

9 Q Okay, sir. Sorry. That's the wrong question, but
10 let's stick there.

11 So you provided guidance to Mr. Gilbert and
12 Mr. Plaskon that they should come up with a response; is that
13 right?

14 THE COURT: He called it a clarification.

15 BY MR. MILLER:

16 Q So the question is about getting clarifications, the
17 eight criteria that you described in your earlier testimony;
18 right?

19 A Right, clarifications to those inquiries were where
20 we were getting.

21 Q And you believe that that was vetted with the
22 attorney general's office?

23 A The clarifications, yes.

24 Q And how do you know that that was vetted?

25 A I went over them with the AG's office.

1 Q So you had one meeting with Mr. Plaskon and
2 Mr. Gilbert. Did you have a subsequent meeting with the
3 attorney general's office or were they present at that meeting?

4 A No, it was separate.

5 Q Okay. So you went over the responses with the
6 attorney general's office or the questions?

7 A I don't know what I could say.

8 THE COURT: So we don't want to know the substance of
9 your communications with the attorney general, but if you
10 sought legal advice related to the way to respond to a
11 question, you can say, yes, you did, but not tell us what you
12 did as a result or what the AG told you.

13 THE WITNESS: Okay.

14 THE COURT: Does that help?

15 THE WITNESS: That -- that helps some.

16 THE COURT: Okay.

17 THE WITNESS: Some.

18 THE COURT: And if you want a minute to consult with
19 your counsel about how to answer the question without waiving
20 the privilege, I would be happy to give you a short recess to
21 address that issue so you can navigate that difficult privilege
22 issue. And you just have to ask me for that, sir.

23 THE WITNESS: Yes, I'd like a few minutes.

24 THE COURT: Okay. So I'm going to have a requested
25 recess for you to address the privilege issue that is present

1 in the answer.

2 MR. SHEVORSKI: Thank you, Your Honor.

3 THE COURT: Five minutes, guys.

4 (Proceedings recessed at 9:48 a.m., until 9:54 a.m.)

5 THE COURT: Mr. Pupo, did you have an opportunity to
6 consult with your counsel?

7 THE WITNESS: Yes, Your Honor.

8 THE COURT: Do you feel like you understand the issue
9 related to privilege?

10 THE WITNESS: Yes.

11 THE COURT: Okay. Mr. Miller, we're going to try and
12 navigate the privilege issue since the witness has had an
13 opportunity to consult with his counsel.

14 MR. MILLER: So is that question before the witness,
15 Your Honor?

16 THE COURT: It is still before the witness.

17 MR. MILLER: Okay. All right.

18 THE WITNESS: Okay. Can you repeat the question?

19 THE COURT: No, you can't have a read back, because
20 we are on video.

21 MR. MILLER: Right. It's not -- I get it.

22 BY MR. MILLER:

23 Q You had a communication with the attorney general's
24 office, I believe, as you testified; is that right?

25 A Yes.

1 Q Okay. And did you consult with the attorney
2 general's office about the questions that had been asked or
3 about the response that your department ultimately issued?

4 MR. SHEVORSKI: Your Honor, I think that gets a
5 little too close about the substance of communications between
6 counsel and client.

7 THE COURT: So how about we ask it this way: Sir,
8 did you consult with the attorney general's office before you
9 gave direction to Ky and Mr. Gilbert on how to respond?

10 THE WITNESS: Yes, Your Honor.

11 THE COURT: Okay.

12 BY MR. MILLER:

13 Q And when did that meeting occur?

14 A I don't remember the date.

15 Q Okay. Were Mr. Gilbert or Mr. Plaskon also in
16 attendance at that meeting?

17 A No.

18 Q All right. And did it occur in person?

19 A Yes.

20 Q And who from the attorney general's office did you
21 meet with?

22 A What --

23 MR. SHEVORSKI: That's a fair question.

24 THE COURT: The identity of the deputy attorney
25 general that you talked to?

1 THE WITNESS: Yes. Robert Werbicky.

2 BY MR. MILLER:

3 Q So as I said, you reviewed the information with the
4 attorney general's office and then you relayed that information
5 to Mr. Gilbert and Mr. Plaskon?

6 MR. SHEVORSKI: Counsel, you --

7 BY MR. MILLER:

8 Q You related a direction --

9 THE COURT: So and then you told Mr. Plaskon and Mr.
10 Gilbert what you wanted them to do?

11 THE WITNESS: Yes, Your Honor.

12 THE COURT: Okay.

13 MR. SHEVORSKI: Thank you, Your Honor.

14 BY MR. MILLER:

15 Q And after that occurred, you had no more follow-up as
16 to what response was provided to the applicants, correct?

17 MR. SHEVORSKI: Objection. Vague, Your Honor.

18 THE COURT: Overruled.

19 THE WITNESS: Yeah, I don't recall or I don't
20 remember if I, you know, reviewed the document -- I don't
21 believe so.

22 BY MR. MILLER:

23 Q You don't believe you reviewed the response that was
24 ultimately provided --

25 A I don't remember reviewing what they put out.

1 Q And you testified that you weren't aware of how they
2 communicated that information to the applicants, correct?

3 A Yes, that's correct.

4 Q All right. So you're not aware of whether or not
5 that information was related to all applicants; is that also
6 true?

7 A I believed that they were going to put out a list to
8 all applicants.

9 Q So other than the areas that you just identified that
10 would have been clarified in that response, how many other
11 areas that pertain -- of questions that pertain to the
12 application did your office receive questions on and you
13 believed your office provided some type of response to?

14 A I don't remember the number. I'm guessing something
15 like five, maybe.

16 Q Maybe five other areas that your office provided
17 responses to?

18 A I believe we -- there were maybe, like, five areas
19 that we provided clarification on the application.

20 Q Okay. And which areas are those?

21 A I don't remember. Like I say, I remember there was a
22 construction one.

23 Q The construction one, what was the question?

24 A Regarding -- I believe there was -- I believe the
25 application said construction plans, maybe? And it was changed

1 to general floor plan. That's the main one I remember. I
2 don't remember what the other ones were.

3 Q There was a question from -- relating to there were
4 construction plans, and you believe that the application
5 required just floor plans; is that correct?

6 A General floor plans.

7 Q General floor plans. And do you know how that
8 question was presented? Who did it come from?

9 A I don't remember.

10 Q Okay. So is that a question you recall that you
11 received, or was it filtered by somebody else on your staff?

12 A I don't remember. It's -- could have a call I
13 received, it could have been something that was collected by Ky
14 and Steve Gilbert. And they told me this was a common question
15 or something to that effect.

16 Q Okay. And do you believe that it was a common
17 question? Did it seem like it was coming from -- do you recall
18 it sitting here today, do you recall that that's the question
19 that -- what was asked by multiple applicants?

20 A You know, I don't know. I know that it was something
21 that we felt we needed to clarify and we attempted to clarify.
22 So I, you know, I don't know if it was common -- uncommon or
23 just something that we felt needed to be clarified.

24 Q Okay. And how did you provide clarification in that
25 area?

1 A So same thing, the clarifications were provided to
2 Steve Gilbert and Ky, and I thought they were going to put them
3 out to applicants on all list -- on the listservs.

4 Q Okay. So in that instance, when you became aware of
5 questions that may have been posed by an applicant, did you
6 review that question with the attorney general's office?

7 A Okay. Say that again?

8 Q Did you that review that question that we were just
9 talking about here with the attorney general's office?

10 A Which question?

11 Q The one relating to the construction plan and how it
12 might relate to the general field plan -- game plan?

13 A So my recollection is we had -- it wasn't, like,
14 piecemeal. We had a set number of areas that we felt needed to
15 be clarified in the application, and then that was reviewed.

16 Q So you believe that --

17 A The clarification was put out at one time for, like,
18 the five or six areas, whatever it was.

19 Q Okay. So maybe I didn't ask that question. So other
20 than the criteria that we discussed, where you met with Mr.
21 Werbicky and then directed Mr. Plaskon and Mr. Gilbert to
22 provide a response, other than the criteria that was part of
23 that discussion, do you remember any other questions being
24 asked from applicants that may have resulted in a response
25 being provided from your department?

1 A No.

2 Q So everything that was asked up to that point when
3 you met with Mr. Werbicky would have been addressed, you
4 believe, through the notification that was ultimately sent out
5 at your direction?

6 A As far as I recall.

7 Q And you don't have any documentation, correct, as to
8 how many questions might have come in to the department asking
9 for clarification?

10 A No, not that I know of other than probably the email
11 record from the marijuana inbox.

12 Q Okay. And we asked for those emails, right, and
13 you're going to provide those?

14 A Yes, I guess. Uh-huh.

15 Q And since it was a common one, that when the
16 questions came into the inbox there, that you would distribute
17 those questions throughout the department?

18 A No, I believe Ky was responsible for responding to
19 the marijuana inbox.

20 Q Okay. So if the question came into the marijuana
21 inbox, then Ky was tasked with giving the response?

22 A Yes.

23 Q Okay. And do you recall Ky asking you the
24 clarification on any of the questions that came into the
25 marijuana inbox?

1 A It's possible. I don't remember any specific
2 instance.

3 Q Are you aware whether or not Ky would have discussed
4 it with Mr. Gilbert as to any questions that came in through
5 the marijuana inbox before providing a response?

6 A He may have. That would probably -- that would be
7 his go-to person.

8 Q Okay. And if a question came in through the
9 marijuana inbox, your understanding that Mr. Plaskon would have
10 answered that question directly to that applicant?

11 A I believe so.

12 Q And would he then make that information available to
13 all applicants?

14 A I don't know.

15 Q But that wasn't part of the process that you directed
16 him for, correct?

17 A No.

18 Q I want to show you Exhibit 251.

19 MR. MILLER: Was that admitted?

20 THE CLERK: It's admitted.

21 MR. MILLER: Okay.

22 BY MR. MILLER:

23 Q 401859. Page 2, it says, you know, I'll read it
24 here. All applicant questions were directed to the EIO to
25 receive a consistent message. See that part?

1 A Yes, Number 18?

2 Q Yes. Can you read that for us?

3 A All applicant questions were directed to the EIO to
4 receive a consistent message, a message from the EIO was that
5 applicants should include as much information as possible for
6 all sections.

7 Q So this is an email from Mr. Plaskon; is that
8 correct?

9 A From where? Okay. Yes.

10 Q Yes, is that true?

11 A Yes.

12 Q All right. And what's -- what was the date of that
13 email?

14 A January 15, 2019.

15 Q And who's it to?

16 A Stephanie Klapstein, Steve Gilbert, and myself.

17 Q Okay. What was the general purpose of this email?

18 MR. PARKER: Your Honor, may I approach? Just to
19 take a look.

20 THE COURT: To read it?

21 MR. PARKER: Yes, please.

22 THE COURT: You may.

23 THE WITNESS: Yeah, I don't remember what this is
24 for.

25 / / /

1 BY MR. MILLER:

2 Q Is this an email that was sent out after the
3 applications process had been completed, correct?

4 A Yes.

5 Q And this is, you know, it was sent out after you had
6 announced the winners?

7 A Yes, right.

8 Q And this is an email that's sent in January, so it
9 was before -- that was after this lawsuit had been filed,
10 correct?

11 A Yes.

12 Q All right. So is this email not provide a response
13 that could be distributed to any parties as to the process that
14 occurred?

15 A I'm sorry?

16 Q Review the email. I'm just looking for a
17 characterization of what you think this email is intended to
18 convey.

19 MR. SHEVORSKI: Your Honor, is there a paper copy of
20 that so you can see the whole thing without it being slow.

21 THE COURT: Yes. What's this number again?

22 MR. SHEVORSKI: 251. I think it's a little
23 challenging to read.

24 THE COURT: So my guess, sir, is it's going to be
25 near here.

1 THE CLERK: It's at the very bottom of the cart, Your
2 Honor.

3 THE COURT: I'm sorry, it's at the very bottom of the
4 cart, sir, because it's a multipage document. You may want to
5 look at the paper copy.

6 THE WITNESS: Okay.

7 THE COURT: That aren't right there? Ramsey, cart by
8 the witness. 251?

9 (Pause in proceedings.)

10 THE COURT: So, Mr. Shevorski, he has the binder. I
11 don't know if that will be helpful.

12 MR. SHEVORSKI: Thank you, Your Honor. We'll see.

13 THE WITNESS: Okay.

14 BY MR. MILLER:

15 Q So what's your understanding of the purpose of this
16 email?

17 A Looks like it's, basically, a timeline of some
18 actions that were taken by the department, except for the
19 application process and -- you got some sort of timeline or
20 step-by-step of what the process was?

21 Q Okay. And in the documentation of step-by-step of
22 what the process was, that would apply to an explanation of the
23 department's process for the evaluation of these applications;
24 is that correct?

25 A I don't think it's the full picture of the training

1 step by step that they took. So it's a step-by-step of the
2 training, it looks like.

3 Q It's a -- does it not provide information that would
4 have been respected that relate to interested parties as to
5 what process the Department (indiscernible) in evaluating these
6 applications?

7 A No, I don't believe so.

8 Q No? What does it do?

9 A I'm sorry?

10 Q What is it saying I'll do that?

11 A Yeah, it could have been a request from someone that
12 wanted this information. I don't know, I -- a lot of these
13 things I just get cc'd on. I don't remember a particular
14 request for this information.

15 Q Got it. But that section, all applicant questions
16 were directed to the EIO to receive a consistent message,
17 that's not true, is it? It's not accurate.

18 A I think generally it is. I mean, I did receive calls
19 that weren't directed to the EIO.

20 Q Is that all applicant questions are directed to the
21 EIO to receive a consistent message, that's not accurate,
22 right?

23 A Right.

24 Q You're aware of many instances where that procedure
25 wasn't followed, correct?

1 A Yes.

2 Q Are you familiar with the State's Division of
3 Purchasing -- Department of Purchasing?

4 A Somewhat.

5 Q Okay. You've interacted with them before, correct?

6 A Not directly.

7 Q None of the board examiners of the -- they administer
8 and gone through the process of getting state contracts
9 approved, correct?

10 A Do you know in 15 years, I've never on the board of
11 examiners.

12 Q You have not, huh?

13 A Right.

14 Q Amazing. You avoided that torture.

15 A Yeah.

16 Q But you were aware of the process that in order to
17 get contracts approved in the state, you'd have to bring it to
18 the board of examiners, correct?

19 A Generally, I think there's a threshold, a dollar
20 threshold that may not have to go through the board of
21 examiners.

22 Q Right. But if it's under \$10,000, you have -- you
23 may not have to go through the board of examiners. But we have
24 reviewed contracts that the department head approved
25 (indiscernible) testimony yesterday that were over \$10,000; you

1 recall that, correct?

2 A I don't recall reviewing a contract.

3 Q Okay. Well, you recall that we discussed the money
4 that was allocated to you from the interim finance committee
5 and in order to contract with the employees of Manpower,
6 correct?

7 A Yes.

8 Q All right. And you're aware that also required a
9 contract of employment for each of those individuals that would
10 have then been reviewed by the board of examiners?

11 A I'm not sure that process -- I don't get involved in
12 that, we have our fiscal department deals with that.

13 Q Got it. Got it. Have you had any involvement with
14 the State's Department of Purchasing, then? You aware of their
15 role?

16 A In -- yeah, I'm aware of their role.

17 Q What is their role?

18 A They manage state contracts.

19 Q And what's the purpose of having the State Department
20 of Purchasing manage those contracts; you aware of that?

21 A Generally, I guess.

22 Q Okay. And are you aware that those contracts that
23 govern by entire chapter of statutes?

24 A Yes.

25 Q Okay. And the driving purpose behind many of those

1 statutes is to provide -- make sure that when -- through the
2 contract process, there's impartiality and fairness; is that
3 correct?

4 A I believe so, yes.

5 Q Okay. The mission of the Purchasing Department, the
6 State of Nevada Purchasing Division is a public purchasing
7 entity securing goods and services to govern and is statewide.
8 The staff of the purchasing division maintains the highest
9 standard professional ethics and professional integrity
10 including, but not listening -- limited to the following:

11 No employee shall engage in any action,
12 communication, or relationship that compromises or gives the
13 appearance of compromising their ability to reach fair and
14 impartial decisions regarding any procurement or procurement
15 process.

16 The employees will refrain of soliciting or accepting
17 money, loans, credits, or prejudicial discounts in the
18 acceptance of gifts, entertainment, gratuities or services from
19 present or potential suppliers?

20 Gratuities, gifts, and other considerations as a
21 result of any past, current, or future business relationship to
22 any employee or a member of their family is prohibited. Each
23 employee will abide by the laws of the state of Nevada and the
24 United States of American, including, without limitation, NRS
25 Chapter 333, NRS Title 8, NRS 281.441.

JD Reporting, Inc.

1 Then it cites another statute. You're generally
2 familiar with the purchasing department's role in providing and
3 adhering to that mission, did you not?

4 A Generally.

5 Q Okay. Are you aware that the Department of
6 Purchasing maintains an RFP template? Are you familiar with
7 the term RFP?

8 A Yes.

9 Q Okay. And it's a Request for Proposal, right?

10 A Yes.

11 Q (Indiscernible) contract, it is a template that may
12 be used; is that correct?

13 A Yes.

14 Q All right. And you're familiar with the Department
15 of Purchasing maintains a template that could be used by
16 departments or divisions within the state of Nevada that those
17 departments could then modify before they quote out a bid?

18 A I recently learned that, yes.

19 Q Okay. I'm going to show you Exhibit 261.

20 THE COURT: What's 261?

21 MR. MILLER: It's the state's proposal.

22 THE COURT: Any objection?

23 THE CLERK: Proposed.

24 MR. SHEVORSKI: No, Your Honor.

25 THE COURT: Be admitted.

1 (Plaintiffs' Exhibit Number 261 admitted)

2 BY MR. MILLER:

3 Q Sir, you said you recently became familiar with this
4 document?

5 A Not the -- I -- yeah, basically. Yes.

6 Q Have you had an opportunity to review it?

7 A No.

8 Q Okay. Would you like to review it now?

9 A Sure.

10 Q Okay.

11 THE COURT: You want the hard copy, sir?

12 THE WITNESS: Yes, ma'am.

13 THE CLERK: It's in the same binder.

14 THE COURT: It's in the same binder you're already
15 in.

16 THE WITNESS: What's the number? I'm sorry, what's
17 the number?

18 MR. MILLER: 261.

19 BY MR. MILLER:

20 Q Sir, it's not necessary to read the entire contract.
21 (Indiscernible.) I'll help you. I'll just read specific parts
22 for -- if you could just -- generally flip through it.

23 A (Witness complies.) Okay.

24 Q When you flipped through it, does it appear as
25 thought it's generally similar to applications from both 2014

1 and 2018 in terms of layout?

2 A I don't believe so.

3 Q Where does it look like it's not similar?

4 A Form and content.

5 Q Okay. There are provisions that provide for
6 instructions and maybe the same headings as you see in 2014 and
7 2018?

8 A Not the headings. I guess generally the 6.2, 6.21,
9 6.2-something, you know, that -- that looks similar.

10 Q All right. And on page -- Bates stamp 938, 939, the
11 tasks and the date and time, that doesn't look generally
12 familiar to you relative to the medical marijuana application
13 or the recreational marijuana application?

14 A 939 looks familiar to what you showed me earlier from
15 the 2014 application.

16 Q I'm sorry?

17 A 939 looks familiar to what we saw earlier on the
18 application.

19 Q Okay. What about near the end, Bates stamp 964?

20 A Okay.

21 Q See that, sir?

22 A Yes.

23 Q It's identified here as Attachment I, Federal Laws
24 and Authorities.

25 A Yes.

1 Q Do you recognize that?

2 A Yes.

3 Q Okay. Do you recognize that as appearing in the 2018
4 application?

5 A Yes, I don't -- yeah. Without going through each
6 point, I would say generally, yeah, it looks like the document.
7 Similar.

8 Q Similar?

9 A Similar, if not the same.

10 Q Okay. Looks pretty close to the same --

11 A Yes.

12 Q -- is that fair?

13 A Yes.

14 Q All right. And read for me at the top there's a
15 highlighted section in blue; what does that say?

16 A You want me to read the highlighted section or below
17 it.

18 Q Yes.

19 A Both?

20 Q Just the highlighted section.

21 A Just the highlighted section?

22 Note to RFP preparer: This attachment is included
23 only if the project is fairly funded. Agency shall review to
24 delete those laws and authorities are not necessary to their
25 project contract.

JD Reporting, Inc.

1 Q Okay. So we discussed the fact that this -- it's
2 Attachment J in the 2018 application, was not included in the
3 2014 version, correct, of the application?

4 A Right.

5 Q But it was, obviously, included in the 2018; is that
6 right?

7 A Yes, it appears so.

8 Q And your knowledge, you testified that you weren't
9 sure where that came from, but does it look like --

10 A Right.

11 Q -- it's substantially similar, right? Might have
12 been pulled from the RFP?

13 A Looks like yes.

14 Q Okay. So it looks like at least somebody in the
15 department may have reviewed the state's RFP packet before your
16 application (indiscernible), right?

17 A It appears that way.

18 Q In reviewing that -- this template, there's some
19 other sections, obviously, they would have chose not to
20 include; is that a fair statement?

21 A I'm sorry, can you say that again?

22 Q We'll just skip to it. Let's -- to -- I'll strike
23 that.

24 Go to Bates stamp 938, 939.

25 A (Witness complies.)

1 Q 938, yeah. Start at the very top.

2 A (Witness complies.) Okay.

3 Q See here, sir, under Section 7.1, they have criteria
4 that an agency could follow for questions and answers. It
5 says -- there's a first set of questions and answers, in lieu
6 of a (indiscernible) conference, your agency (indiscernible)
7 jobs have questions and/or comments in writing received either
8 by email or facsimile, questions are referenced, they identify
9 an RFP number, they've addressed to the State of Nevada. And
10 there's provided a deadline for submitting questions. And then
11 all questions and comments should be addressed in writing and a
12 response emailed or faxed sent to vendors on or about the date
13 specified; see that? Under Section 7.1?

14 A 7.1. Yes.

15 Q And they identify a process where you could have a
16 second set of questions and answers, right? And they give you
17 instructions on how that would be conducted, right?

18 A Yes.

19 Q If you look at the bottom of it, they've got
20 deadlines that would be for submitting first set of questions.
21 Flip to the next page, (indiscernible) how you would post those
22 answers to a Web site, deadlines for submitting second set of
23 questions.

24 A Yes.

25 Q And you would post those answers to the website.

1 Turning your attention to 940, page 940, page 12, of that
2 document. Look under 9.1.13. Can you read that for us?

3 A Shows: For purposes of addressing questions
4 concerning this RFP, the sole point of contact shall be the
5 contact that's specified on page 1 of this RFP upon issuance of
6 this RFP, other employees and representatives of the agencies
7 identified in the RFP shall not answer questions or otherwise
8 discuss the contents of this RFP with any prospective vendor to
9 the representatives. Failure to observe this restriction may
10 result in disqualification of any subsequent proposal per NAC
11 333.155(3). This restriction does not preclude discussions
12 between affected parties for the purposes -- or for the purpose
13 of conducting business unrelated to this procurement.

14 Q And that regulation, 333.155(3), are you familiar
15 with that provision?

16 A No.

17 Q Okay. Can you -- NAC 333.155.

18 MR. MILLER: You have that, Shane?

19 UNIDENTIFIED SPEAKER: I do not.

20 MR. MILLER: Okay.

21 BY MR. MILLER:

22 Q It provides that -- before that, it says in here:
23 Request for proposal, the agency -- the administrator using
24 agency must designate the person to answer questions concerning
25 the contract that will be awarded by competitive selection

JD Reporting, Inc.

1 pursuant to the request for proposals. Except as otherwise
2 provided in NAC 333.165, the percent must be the only contact
3 person throughout the process of awarding the contract.

4 The person that wishes to submit a proposal or a
5 representative of such a person shall not ask questions of or
6 otherwise discuss the contents of a request for proposals with
7 an employee or representative of a using agency identified in
8 the request for proposals as the agency for list of purchases
9 to be made unless the employee or representative of the using
10 agency is the person designated by the using agency as the
11 contact person pursuant to Subsection 1.

12 And here's the provision that they cite that would be
13 a penalty for a violation of that: The administrator of the
14 division or the chief of the using agency may disqualify a
15 proposal submitted by a person who violates the provisions of
16 Subsection 2.

17 Your department didn't follow that at all, right?

18 A No. This application process is not through the
19 purchasing division.

20 Q Okay. But you acknowledge that there's a standard of
21 set of criteria that are used in the state of Nevada for
22 competitive contracts, correct?

23 A Yes, through the purchasing division.

24 Q And you didn't follow that?

25 A No.

JD Reporting, Inc.

1 Q You didn't designate a sole point of contact that
2 would have received all the questions and disseminated all that
3 information to all the applicants, correct?

4 A Correct.

5 Q And even though you didn't use the Department of
6 Purchasing, nothing would have prevented you from having that
7 department come in and help you administer this process, right?

8 A Right.

9 Q So you could have asked the division or person to
10 come in and help administer this so that I would have been a
11 fair process for everybody, correct?

12 A I believe so.

13 Q You indicated that you thought that your department
14 was accessible, right?

15 A Yes.

16 Q And able to answer questions, correct, from
17 applicants?

18 A Yes.

19 Q And does that include yourself, you're accessible to
20 all applicants?

21 A I try to be, yes.

22 Q At all times?

23 A At all times.

24 Q Okay. You think all applicants had equal means of
25 getting a hold of you?

1 A Yes, I believe so.

2 Q So the -- all applicants have access to a direct
3 phone line where you could be reached?

4 A I believe so.

5 Q All applicants have access to your email address?

6 A Yes, I believe so.

7 Q All applicants have access to your cell phone?

8 A I don't believe so.

9 Q How many cell phones do you have?

10 A Two.

11 Q Okay. And is there a personal cell phone that you
12 carry?

13 A Yes.

14 Q And is there a cell phone that the State pays for?

15 A Yes.

16 Q Okay. So you had one of each; you've got a personal
17 phone and a State cell phone?

18 A Yes.

19 Q And that's it, no other cell phones?

20 A No other cell phones.

21 Q Okay. And you believe that the applicants had
22 access -- some applicants had access to your State cell phone;
23 is that correct?

24 A Yes.

25 Q Okay. But not all?

1 A No, not all.

2 Q Okay. And did some applicant have access to your
3 private cell phone?

4 A Yes.

5 Q But not all applicants, obviously, didn't have access
6 to your private cell phone either, right?

7 A I don't believe so.

8 Q And did you use your State issued cell phone to
9 communicate with applicants about the application?

10 A I'm sorry?

11 Q Did you ever use your State issued cell phone to
12 communicate with applicants about the application?

13 A I don't believe so.

14 Q Okay. Did you ever use your State cell phone to
15 communicate with any applicant representatives about the
16 contents of the application?

17 A I don't believe so.

18 Q You ever use your personal cell phone to communicate
19 with applicants or applicants' representatives about the
20 contents of the application?

21 A I don't believe so.

22 Q Okay. Do you believe all communication happen on the
23 phone or through email?

24 A Yes.

25 Q Okay.

1 A Well, you said on the phone or through email? No.

2 Q No? How else did communications take place?

3 A In person.

4 Q Person? In person also. All right. Do you recall
5 calls on either your private or personal cell phone that's a
6 private or State issued cell phone from any applicants asking
7 questions for clarification on an application?

8 A Okay. Say it again?

9 Q Do you recall receiving any calls on either of your
10 cell phones from applicants or their representatives with
11 questions about the application?

12 A Generally, I think I did.

13 Q All right. And did you communicate with them on just
14 your State phone or did you also communicate with them on your
15 personal phone?

16 A I think it was my personal phone.

17 Q Okay. So primarily the questions that you received
18 on your personal phone were -- that's where they asked
19 questions; is that right? Want me to restart that question?

20 How many calls do you think you received on your
21 personal phone with questions about the application?

22 A I don't know. I have no idea.

23 Q A lot?

24 A I wouldn't say a lot.

25 Q It wasn't an irregular occurrence?

1 A Yeah, I think it was a rare occurrence.

2 Q Okay. If it was a rare occurrence, who do you
3 remember talking to on your personal cell phone with questions
4 about the application?

5 A Amanda Connor. She's really the only one I kind of
6 remember.

7 Q Did this conversation --

8 A On the phone.

9 Q I'm sorry?

10 A On the phone, that's the only one I can remember.

11 Q Okay. So Amanda Connor was able to call your
12 personal cell phone and ask questions about the application.
13 Did you give her responses to those questions?

14 A She really only kept bugging me and annoying me about
15 one question.

16 Q Okay. What question was that?

17 A Physical location. Physical address.

18 Q What was the question that Amanda Connor asked you
19 with respect to physical address?

20 A It was something to the effect of is physical address
21 required or do they need a physical address if it's not scored.

22 Q Okay. You said she kept bugging you. When did she
23 first call you and ask you a question about physical address?

24 A I believe it was a email, maybe.

25 THE COURT: Can I interrupt? How did you know -- how

1 did she know it wasn't going to be scored?

2 THE WITNESS: It's in the regs, Your Honor.

3 THE COURT: Where in the regs?

4 THE WITNESS: Doesn't exactly say you won't be
5 scored, says land -- I believe it says land use or zoning is
6 not part of the criteria.

7 THE COURT: Right.

8 THE WITNESS: Right. So physical location is not
9 part of the scoring criteria.

10 THE COURT: So you think the fact that land use and
11 zoning aren't going to be considered means physical location
12 under the regs is not going to be considered as part of the
13 application process for qualification?

14 THE WITNESS: The -- I don't remember the exact
15 wording, but --

16 THE COURT: So how did Ms. Connor know --

17 THE WITNESS: -- basically, yes.

18 THE COURT: -- physical location wasn't going to be
19 scored?

20 THE WITNESS: Well, because it was also part of
21 the -- all the conversations between -- in the governor's task
22 force and the workshops. And that's something that I believe
23 industry wanted, was that the physical location wasn't part of
24 the scoring criteria.

25 THE COURT: Sorry for the interruption, Mr. Miller.

1 MR. MILLER: No problem.

2 BY MR. MILLER:

3 Q Discussed this yesterday, you keep referencing that
4 it's part of the governor's task force that provided a
5 recommendation of that physical location, right?

6 A I believe so, yes.

7 Q All right. And you're aware that Amanda Connor was
8 one of the co-chairs of the subcommittee to evaluate the
9 regulations that would have been included in the criteria,
10 right?

11 A Yeah, that's what you told me yesterday. I didn't
12 recall she was a co-chair.

13 Q And are you also aware that Amanda Connor was one of
14 the three individuals that wrote the arguments in support of
15 the ballot question to ask recreational marijuana in the first
16 place?

17 A No.

18 Q Okay. She was certainly present at all the rest of
19 the hearings that your office would have conducted, right?

20 A Yes.

21 Q And you're telling her that --

22 A I believe so.

23 Q -- she nevertheless still had a question about how
24 physical -- post-physical location was going to be evaluated as
25 part of my scoring criteria, correct?

1 A Right. I mean, she -- she said she just want to
2 confirm, because her clients were asking.

3 Q Okay. And she sent you an email, I think you were
4 starting to --

5 A I believe I received an email.

6 Q Okay. When was that?

7 A Oh, I don't know.

8 Q Prior to the application being released is what you
9 told us yesterday, I believe; is that correct?

10 A Prior to the application? Yeah, I believe so.

11 Q First and you said she pestered you. What was the
12 next communication that you had with her?

13 A Oh, I don't know.

14 Q She asked that question via email and what did you
15 tell her?

16 A That location wasn't scored. That, you know, they've
17 basically -- they just put -- they need to put an address
18 because the application requires an address.

19 Q Okay. And you thought that answer was pretty clear?

20 A I thought so.

21 Q Okay. So then she contacted you again. How did that
22 communication -- did she call you, email you, do you recall?

23 A Probably another email.

24 Q Other email? What did she ask that time?

25 A Same thing.

1 Q She asked the same question again?

2 A Yes.

3 Q All right. And what did you say?

4 A I don't know the specifics. I don't remember
5 specific, but it was something like probably for the millionth
6 time that, you know, location's not scored.

7 Q So eventually were you able --

8 A Something to that effect.

9 Q If eventually we're able to obtain these emails, you
10 think that answer's going to be in there, right?

11 A Yes.

12 Q Okay. And you communicated with her over the phone
13 at some point, when did that occur?

14 A I don't know.

15 Q You don't know? Was it before the application was
16 released?

17 A Yes. I believe so.

18 Q Okay. What did you discuss on that conversation?

19 A I don't know. She calls me a lot. A lot of
20 different things, and not always -- I mean, regarding the
21 application itself, that's probably the only question I got
22 from her.

23 Q So the only questions you got from Amanda Connor were
24 the two emails that were -- that you received prior -- about
25 this -- (indiscernible) location were the two emails that you

1 received prior to the application being released?

2 A Yeah, I don't know if it was two, could have been
3 three, I don't know.

4 Q In either of those communications or -- did she ever
5 persuade you or try to persuade you change the location
6 requirement?

7 A No.

8 Q Did she at any subsequent point have any conversation
9 with you about issuing any guidance about changing the proposed
10 physical location requirements?

11 A No.

12 Q Let me show you Exhibit 238.

13 THE COURT: 238?

14 MR. MILLER: Yes.

15 BY MR. MILLER:

16 Q You're aware that -- turn to July 17th.

17 THE CLERK: I'm sorry, that's proposed.

18 MR. MILLER: Proposed, sorry.

19 THE COURT: Any objection?

20 MR. SHEVORSKI: No objection, Your Honor.

21 THE COURT: Be admitted.

22 (Plaintiffs' Exhibit Number 238 admitted)

23 THE CLERK: Thank you.

24 BY MR. MILLER:

25 Q July 17. Is this a copy of your calendar entries

1 that would have been provided to us as part of our request?

2 A Yes.

3 Q And who maintains these calendar entries?

4 A My assistant and sometimes other people send an
5 invite and just accept them.

6 Q And you accept them? Okay. All right. So we note
7 that the application that was released on July 5th and on July
8 30th, are you aware now that the department issued, according
9 to your directive, some clarification on a number of things.

10 On July 17th, looks like you had a calendar entry,
11 you went to dinner with Amanda Connor on the 6th at 7:00; is
12 that right?

13 A Yes.

14 Q All right. Who else, if anyone, was present at that
15 dinner?

16 A If I remember, her husband, Derek (phonetic).

17 Q Okay. It was just the three of you?

18 A Yes.

19 Q And you went to Hank's?

20 A I believe I went there, yes.

21 Q Okay. You believe you went there, or did you go
22 there?

23 A No, I went there.

24 Q Okay. And the three of you were at dinner, do you
25 recall discussing anything about the application?

1 A No.

2 Q The application didn't come up at all?

3 A Not at all.

4 Q All right. On July 19th, we have a calendar entry
5 there. You had another dinner with Amanda Connor at Bacho
6 Sushi?

7 A Yeah. I didn't go to that.

8 Q So you skipped that one?

9 A Right.

10 Q Do you recall where that invite came from?

11 A No.

12 Q Do you recall why you didn't go to that dinner?

13 A No.

14 Q Do you know what the purpose of that dinner would
15 have been?

16 A No.

17 Q Okay. On July 20th, 12:00 p.m., lunch meeting with
18 Amanda Connor at Claim Jumper. Did you have lunch with Amanda
19 Connor that day?

20 A Don't remember.

21 Q Can't recall if you went to the Claim Jumper with
22 Amanda Conner at noon that day?

23 A No, I don't remember.

24 Q So was it a pretty regular occurrence for you to --
25 well, Amanda Connor, you guys are friends, right?

1 A It's, you know, I meet with everyone. It's -- we
2 meet often. She has a lot of clients and we discuss a lot of
3 things.

4 Q So it's a pretty regular occurrence for you to have
5 either lunch or dinner with Amanda Connor?

6 A I don't know if you'd call it a regular occurrence.
7 I mean, not everything on my calendar I get to or I attend.

8 Q Okay. So sometimes do you attend things that aren't
9 on your calendar?

10 A Yes.

11 Q So sometimes you go to lunch or dinner with Amanda
12 Connor and wouldn't necessarily appear on a calendar, right?

13 A It's possible, yes.

14 Q And on July 27th, you've got another entry there for
15 lunch. Do you remember going to a lunch meeting with Amanda
16 Connor at the Barcelona at the Artisan?

17 A Yes.

18 Q All right. And was anyone else present at that
19 lunch?

20 A Yes.

21 Q Who else was there?

22 A It was Mitch Britton.

23 Q Who is Mitch Britton?

24 A Mitch Britton -- I think his last name's Britton.

25 Q Britton. Okay. Who is Mitch Britton?

1 A The owner of Thrive.

2 Q Owner of Thrive. Okay. And what was discussed at
3 that luncheon?

4 A I believe it was -- you know, I don't recall
5 entirely, but had to do, I believe, something with wrap on his
6 vehicle, some advertising issues.

7 Q Did you discuss the application at that luncheon?

8 A No.

9 Q Discuss the application or any of its requirements?

10 A No.

11 Q And Amanda Connor represents Thrive; is that correct?

12 A Yes.

13 Q Who else does she represent? Let me narrow it for
14 you. Among the winning applicants, who else does she
15 represent?

16 A TGIG wasn't a winning applicant, right? Essence.

17 Q Okay.

18 A Thrive.

19 Q She also represent Nevada Organic Remedies?

20 A Yes.

21 Q Okay. In fact, does she represent all of the
22 entities that we reviewed yesterday where they provided
23 identical physical address, right?

24 A I believe so, yes.

25 Q You want to re-review it?

1 A No, I think so. I think -- yeah, I think that's
2 accurate.

3 Q She does represent all those entities, doesn't she?

4 A As far as I know, yes.

5 Q Okay. And she represents both of the entities that
6 were given two licenses in Clark County, right?

7 A Yes.

8 Q Okay. Let me show you Exhibit 209. Let's turn your
9 attention to the scoring breakdown here on this exhibit. You
10 see on the left-hand side that is the criteria and the scores
11 as they were provided to the applicants; is that correct? Not
12 necessarily criteria; those are the general framework of the
13 criteria that was to be evaluated and the possible points that
14 would be allocated to each of those individual categories; is
15 that correct?

16 A Yeah, I believe so.

17 Q And on the right-hand side of that document, you have
18 the evaluation criteria points where they've got a sub
19 breakdown of how your department actually evaluated the
20 applications; is that correct?

21 A Yes.

22 Q Those have point values, right? So within the 60
23 possible points under organizational structure, there are five
24 subcategories for which all awarded smaller numerical point
25 totals, right?

1 A Yes.

2 Q And yesterday you told us that you made the
3 determination in consultation with your staff as to how you
4 awarded those separate point totals, right?

5 A Yes.

6 Q Okay. But the applicants on the application form
7 weren't aware of those point totals, right?

8 A Yes.

9 Q Okay. Because you told us that --

10 A They were not --

11 Q They were not awarded?

12 A They were not aware of the breakdown.

13 Q Okay. To your knowledge, they weren't aware of it;
14 that's your statement, right?

15 A Yes.

16 Q All right. But you're not aware of communications
17 that broadly took place with all the applicants, right? You
18 didn't have a single point of contact, we discussed that,
19 right?

20 A Right.

21 Q Can you sit here today and tell us that any of the
22 applicants didn't have access to that point breakdown?

23 MR. GRAF: Objection, Your Honor, as to form.

24 THE COURT: Overruled.

25 MR. GRAF: Thank you.

1 THE WITNESS: Yeah, to my knowledge, I believe they
2 didn't.

3 BY MR. MILLER:

4 Q Because if they had access to the point totals, that
5 would have given them an advantage, right?

6 A Yes.

7 Q You said that your reason for not releasing it to
8 everybody was that you're dealing with test answers, correct?

9 A You know, in a sense, the -- basically, the
10 instruction is to keep it as -- the same as in 2014. In 2014,
11 according to my staff, those weren't published. So they
12 weren't published in 2018.

13 Q Okay. But diversity was awarded 20 of the 60 points,
14 right?

15 A Yes.

16 Q That's twice as much as marijuana experience in
17 Nevada and what was supposed to be scored but was not, the
18 track record of regulatory compliance, right?

19 A Yes.

20 Q That's a relative heavy weighting for that criteria,
21 right?

22 A Yes.

23 Q Can you give me an explanation for it that it was
24 apparent through the legislative process in 2017 that you
25 believed it should be a priority, right?

1 A Yes.

2 Q And don't you think that by publishing these secret
3 point totals would have -- if you'd published them to all
4 applicants, the applicants might have been better prepared to
5 try to address the diversity criteria, correct?

6 MR. KOHN: Objection. Speculation.

7 THE COURT: Overruled.

8 THE WITNESS: You know, sure. I think there's room
9 for improvement and that's something I definitely would look at
10 in an application going forward.

11 BY MR. MILLER:

12 Q That's a true statement, right? I'm asking -- if you
13 were trying to drive more diversity in the industry, if you had
14 told the applicants in advance, look, this section's going to
15 be worth 20 points out of the 60, it's going to be worth more
16 than your marijuana experience, that might have caused
17 applicants to reconfigure their owners, officers, and board
18 members that will even listen so that they'd get high point
19 totals, right?

20 A Yes.

21 Q Okay. So, in fact, it's not let's give them the test
22 answers in advance; that's -- you should have done that with
23 all the applicants, put all those numbers out if you're trying
24 to achieve diversity, right?

25 MR. KOHN: Objection. Argumentative.

1 THE COURT: Overruled. You can answer.

2 THE WITNESS: I would say that that's something I
3 would look into going forward.

4 BY MR. MILLER:

5 Q So in reviewing the test answers, if some applicants
6 know that criteria and know how important diversity or any of
7 this other criteria are going to be, and some applicants do
8 not; is that a fair statement?

9 MR. GRAF: Objection, Your Honor. Misstates the
10 evidence.

11 THE COURT: Overruled.

12 THE WITNESS: Yeah, can you say that again?

13 BY MR. MILLER:

14 Q You'll only be giving out the test answers if some
15 applicants were given the secret scoring points while others
16 were only given the possible points that was provided on the
17 application, correct?

18 A Yeah, I don't understand what you're trying to say --
19 what you're trying to ask. It's --

20 Q Some applicants --

21 A If you were going to give out the test answers, you
22 know, it would be available to everyone.

23 Q Well, that's not what I'm asking you. If you -- sir,
24 if you gave out the secret points that were awarded for those
25 major categories to some applicants, and some applicants didn't

1 have access to that information, the people that had the secret
2 points criteria would be at a -- would have an advantage in the
3 applications; is that correct?

4 MR. GRAF: Object as to form. Argumentative, Your
5 Honor.

6 THE COURT: Overruled.

7 MR. GRAF: Thank you, Your Honor.

8 THE WITNESS: Yes, that would be true.

9 BY MR. MILLER:

10 Q Okay. Sir, are you familiar with the phrase stacking
11 the deck?

12 A I've heard it.

13 Q What do you understand that term to mean?

14 A I'm not sure. Will you explain it to me.

15 Q All right. If you're playing cards, right, and
16 you're engaged in a game and somebody wants the game favorite
17 in that contest, right, that game, they can arrange the cards
18 in a way that benefits them so that they're able to win?

19 A Okay.

20 Q So if there are certain cards that are going to hurt
21 them, they can take out those cards and if there's certain
22 cards that are going to help them, they can flip those cards
23 in.

24 A Okay.

25 Q Is that your understanding of stacking the deck?

1 A All right.

2 Q Okay. Well, if I gave you that definition of
3 stacking the deck and told you that we were going to apply that
4 concept, if we apply that term, stacking the deck, to
5 Attachment A, so it's such that somebody could stack the
6 individuals that they list on Attachment A in order to obtain a
7 higher percentage and score better on the application, will
8 that term make sense to you?

9 MR. GRAF: Object as to form. Incomplete
10 hypothetical.

11 THE COURT: Overruled.

12 MR. GRAF: Thank you, Your Honor.

13 THE WITNESS: Yeah, I think so. Yeah, I think I get
14 what you're saying.

15 BY MR. MILLER:

16 Q Okay. Let's make sure. So on Attachment A, right,
17 your --

18 A Attachment A is --

19 Q Attachment A?

20 A Yeah.

21 Q Sorry.

22 MR. MILLER: (Indiscernible) applications are on
23 attachment. It's the next section, isn't it. Officers and
24 directors?

25 Q This is where they're going to list any owner,

1 officer, or board member, right?

2 A Yes.

3 Q And they'll do so by providing the checkmark next to
4 that person's name, right?

5 A Yes.

6 Q So when I say stack Attachment A with individuals
7 that would meet the criteria, I mean, that you would list
8 individuals that would meet any specific criteria and maybe not
9 include people that wouldn't meet that criteria; you understand
10 what I'm saying?

11 A Yes.

12 Q Would you have any discussion, sir, with Amanda
13 Connor at any point about how you could stack Attachment A with
14 individuals who had any experience at all in marijuana?

15 A No.

16 Q Did you have any discussion with any other applicant
17 about how you could stack Attachment A with individuals who had
18 any experience at all in marijuana?

19 A No.

20 Q We heard testimony yesterday about the fact that you
21 came up with a definition of diversity that was distributed
22 to -- within the department, right?

23 A Yes.

24 Q All right. With that definition and the desktop
25 manuals not made available to all applicants, right?

1 A Right.

2 Q So that was a secret, right?

3 A Right.

4 Q Okay. You believe that everybody in the department
5 was aware of that criteria?

6 A I believe the people that needed to know knew of the
7 criteria.

8 Q Pull up Exhibit 108. Page 376.

9 A (Witness complies.)

10 MR. MILLER: Okay. Sorry. Maybe it's the next page?
11 Does it start at the next page? Okay.

12 Q We've reviewed this previously. It's a text message
13 from Mr. Plaskon to Mr. Gilbert. Okay. And can you read us
14 what that text message says?

15 A It says, Jeanine, Diane, and I didn't find race or
16 ethnicity in 453D. Should race have been removed as part of
17 retail applications? Should evaluators be even looking at
18 diversity? AB422 doesn't seem to apply because it's just
19 medical. Did we leave it in this app on accident? Just some
20 thoughts.

21 Q What's the date of that text?

22 A September 19th.

23 Q September 19th, was that after the date that the
24 applications would have been submitted?

25 A I believe the window for application to be submitted

1 went through September 20th.

2 Q Okay. So this is right (indiscernible) applications
3 are being submitted, correct?

4 A Yes.

5 Q Certainly past the point where the application has
6 been released and there's any opportunity for clarification
7 from applicants, correct?

8 A Yes.

9 Q And this text comes from Mr. Plaskon, who reviewed
10 the previous email, says that if he was the education
11 information officer, was the designated person that was going
12 to review all the questions that came in and provide responses
13 to people, right?

14 A Yes.

15 Q It appears he's asking a person that doesn't even
16 know if diversity should be included in their application at
17 all, right?

18 A Apparently, yes.

19 Q Yeah. So the testimony (indiscernible) believing
20 that everybody understood your secret definition of diversity
21 doesn't appear to be accurate, right?

22 A I wouldn't call it --

23 MR. SHEVORSKI: Objection. Argumentative.

24 THE WITNESS: -- secret.

25 THE COURT: Overruled.

1 THE WITNESS: There's nothing secret about it.

2 BY MR. MILLER:

3 Q Would you call it confidential?

4 A No, I mean, I think there's nothing confidential
5 about the definition of races or ethnicity.

6 Q No, you didn't make that information available to all
7 applicants, did you?

8 A I think it's public knowledge.

9 Q It's public knowledge how you're going to define
10 diversity?

11 A I think public knowledge as to what the breakdowns of
12 race and ethnicity are.

13 Q Okay. But you made some revisions as to how you
14 initially defined diversity, right? You recall that you
15 eventually define it as female and not Anglo/European?

16 A No, I don't recall that.

17 Q You don't recall that? And you don't recall issuing
18 a subsequent desktop memorandum that provided the 1964 of a
19 55-year-old definition of diversity?

20 A I remember providing a definition. I don't know when
21 it's from. I mean, I think that it's -- that definition is
22 representative of what the definition is today.

23 Q You've got to Google it, right? You testified
24 yesterday that --

25 A Yes.

1 Q -- if you have some questions about it and you Google
2 it?

3 A Yes.

4 Q And you came up with an answer?

5 A Yes.

6 Q All right. So when you say it's common knowledge,
7 does that mean that everybody should just use Google if you
8 have any questions about diversity, just put in, you know,
9 what's diversity? And pick the first, you know, entry on
10 Google; is that what we're going to go by here?

11 A Not necessarily, no.

12 Q Okay. Maybe it wasn't public knowledge as to how the
13 department would have defined it, right?

14 A No, not as to the department would have defined it.

15 Q Okay. All right. Did you have any discussion with
16 Amanda Connor about how you might stack the individuals listed
17 on Attachment A with people who met your definition of
18 diversity?

19 A No.

20 Q Did you have any discussions with any individual at
21 all about how you might stack Attachment A with people who met
22 that definition of diversity?

23 A No.

24 Q Do you have any conversations with Amanda Connor
25 about how you might stack Attachment A with people who met the

1 education requirements --

2 A No.

3 Q -- that were valued? Have any of that -- discussion
4 with any applicant about that?

5 A No.

6 Q Did you have any discussions with any applicants at
7 all about how you might stack Attachment A with individuals
8 that would meet the criteria previous business expense?

9 A No.

10 Q You have any discussion with any applicants at all
11 about whether -- how you might stack Attachment A with people
12 who might meet the definition under the financial section?

13 A No.

14 Q Sir, turn back to that dinner that you went to on the
15 17th with Amanda Connor and her husband. Who paid for that
16 dinner?

17 A I didn't eat. They paid whatever they ate, I guess.

18 Q Okay. So you went to dinner and they ate at Hank's,
19 you didn't eat anything?

20 A No, I was there briefly, there to meet her husband.

21 Q You just had water or something?

22 A Didn't even have that.

23 Q Okay. So you went to dinner -- it's on your
24 calendar, you went to dinner with Amanda and her husband; how
25 long were you there?

1 A 20 minutes maybe.

2 Q So you popped in for 20 minutes, had a light
3 discussion, didn't eat, didn't order any drinks, and left?

4 A Right. I just met her husband. I had not met her
5 husband before, as I recall.

6 Q What about the once that you said you attended with
7 the owner of Thrive and Amanda Connor on the 27th; did you eat
8 at that lunch?

9 A Yes.

10 Q And who paid for that lunch?

11 A I don't remember. Sometimes I pick it up, sometimes
12 I don't eat, sometimes they -- whoever I'm meeting with picks
13 it up, varies.

14 Q Okay. So you said you meet with a lot of applicants;
15 is that right?

16 A Yes.

17 Q When you meet with other applicants, sometimes you go
18 to lunch or dinner, right?

19 A Yes.

20 Q All right. And who pays for the meal when you meet
21 with those applicants?

22 A I guess that sometimes they, you know, it varies. I
23 don't. Sometimes I don't even eat, sometimes I pick up the
24 bill, sometimes they'll pick up the bill.

25 Q Okay. And have you gone to lunch or dinner with all

1 the applicants?

2 A I wouldn't say all of them, but a lot of them, yes.

3 Q Okay.

4 A Mainly lunch.

5 Q Okay. But so all the applicants have equal access to
6 invite you out to lunch or dinner?

7 A Sure.

8 Q And those applicants have equal opportunity to buy
9 you lunch or dinner?

10 A I guess.

11 Q Have you received anything of value other than the
12 lunch or dinners we're talking about from any applicant?

13 A No.

14 Q Have you accepted any service that might have a value
15 attributed --

16 A No.

17 Q -- from any applicant? Accepted any favor from any
18 applicant?

19 A No.

20 Q Have you ever accepted any offer of employment,
21 including any offer for future employment from any applicant?

22 A It pops up here and there. Something like, Hey, if
23 you're -- if you ever leave, you know, make sure I'm the first
24 one to call. Or, Hey, if you leave, call me.

25 Q Okay.

1 A Something to that effect.

2 Q When it pops up, which conversations do you remember
3 having about that? Who did you have a conversation about if
4 you ever leave the State, make sure I'm the first one to call?

5 A Remember what's his name, Ed Alexander.

6 Q And who is Ed Alexander?

7 A Licensee up north. I don't recall the name of his
8 business.

9 Q Okay. What did that conversation consist of? What
10 do you remember?

11 A He was, like, basically, if you leave the State, I'd
12 like to make you part of my team to -- he had some
13 opportunities in New Jersey or something.

14 Q And when did that conversation occur?

15 A That one was pretty recent.

16 Q Recent, we're talking when?

17 A A few weeks ago.

18 Q And was Ed Alexander one of the winning applicants in
19 this last round?

20 A No.

21 Q Okay. Other than Ed Alexander, you mentioned that
22 this happened a few times; well, who else did you have a
23 conversation with like that?

24 A I believe Al Fasano.

25 Q Who is Al Fasano?

1 A He's an owner for Relief.

2 Q Relief?

3 A Yes.

4 Q And is Relief one of the winning applicants?

5 A I don't believe so.

6 Q And what was the content of that conversation as far
7 as you remember?

8 A Same thing. You know, if you leave here, come see
9 me.

10 Q Okay. And when did that conversation occur?

11 A I don't know. Many months ago.

12 Q Many months ago? All right. And other than Ed
13 Alexander and Al Fasano, did you have any other conversations
14 where somebody offered you a job?

15 A I believe -- you know, Essence did the same thing,
16 Armen.

17 Q The conversation was with the representative from
18 Essence, Armen?

19 A Right.

20 Q What's his last name? Yemenidjian, is that right?

21 A Right.

22 Q And what's his role with Essence?

23 A He's an owner.

24 Q Okay. And what did that conversation consist of?

25 A Basically the same thing, that if I leave, to give

1 him a call.

2 Q Okay. And when did you have that conversation with
3 Mr. Yemenidjian?

4 A I don't recall, several months, a year ago, something
5 like that.

6 Q Several months ago or a year ago? So did -- you
7 remember it being prior to the application process?

8 A I don't remember.

9 Q You don't remember whether or not he offered you a
10 job prior to the evaluation of his applications?

11 A I don't remember. I -- to me they're not really
12 offers. They're just, like, Hey, if you leave, you know come
13 see me, we could use you, type thing.

14 Q Okay. You never had any follow-up questions --
15 conversations with Armen about an offer for a job?

16 A No. I'm not interested in staying in the marijuana
17 space.

18 Q Sir, when did you become aware of the court order
19 that you may need to preserve your phone, the records of your
20 phone?

21 A Basically, I want to say when -- a day or two before
22 it hit, I guess.

23 Q A day or two before it hit; what do you mean by that?

24 A Well, I think there was a -- the -- there was a
25 motion filed, so around that time that the motion was filed.

1 Q Okay. So you're talking about the December 8th order
2 from Judge Bailus; is that right?

3 A I don't think it was December 8th.

4 MR. MILLER: Is that right, Bailus's order?

5 UNIDENTIFIED SPEAKER: December 13.

6 BY MR. MILLER:

7 Q December 13, does that sound right?

8 A Around there, 13th, 14th.

9 Q And you became aware of it a day or two before the
10 judge ordered that?

11 A Yeah, I think so. Maybe a day or something, that a
12 motion had been filed.

13 Q Okay. And you're aware that there was a more
14 specific order relative to your cell phone that was
15 subsequently issued, correct?

16 A No, not to my cell phone.

17 Q Okay. You've become aware of the public records
18 request, or did you, that I requested of your cell phone on
19 March 16, 2019?

20 A Sometime after that, I don't know.

21 Q So you became aware that I had in a public records
22 request sometime in March for your cell phones?

23 A Yeah, I don't know if it was March or April.

24 Q All right.

25 MR. MILLER: Could you show Exhibit 239 and page 895.

1 BY MR. MILLER:

2 Q This appears to be a text thread to and from your
3 phone; is that correct? With an individual that's identified
4 as John Mueller; is that right?

5 A Yes.

6 Q And what's the date where this thread begins?

7 A Looks like December 14th, 2018.

8 Q All right. He sends a message at 1:01 p.m. it looks
9 like, right? Can you read the contents of that message?

10 A Will weed work if talking about illegal?

11 Q And the rest of it?

12 A I know regs say no weed language, but talking down to
13 illegal stuff might fly.

14 Q You know what he was talking about?

15 A Can you scroll up? He's talking about that picture
16 there, it's a proposed billboard or advertisement.

17 Q Okay. So is this a current licensee?

18 A Yes.

19 Q And who is John Mueller, which license did he have?

20 A Achers.

21 Q And is that the owner?

22 A Yes. Or one of the owners.

23 Q One of the owners? And can you read the next text
24 message?

25 A Hope you have a great birthday. Take the day off.

JD Reporting, Inc.

1 You deserve it.

2 Q And response on January 18?

3 A That's a auto response: Please contact me at my new
4 number.

5 Q What do you mean that's an auto response?

6 A It's a text message that auto responds.

7 Q Okay. So how does that work?

8 A You call me and if you're on a list, because I have a
9 list of, like, say business contacts, you'll get that number --
10 that message.

11 Q Okay. Is this your State issued cell phone?

12 A No, this is my personal line.

13 Q This is your personal line?

14 A Yes.

15 Q Okay. You have a -- what's your State issued cell
16 phone number?

17 A 775-430-1172, I think.

18 Q I see. So that's the number that's listed there,
19 right?

20 A It's just -- you asked. I'm sorry.

21 Q Okay. So your State issued cell phone, so you're
22 redirecting Mr. Mueller by, I don't know, auto program function
23 to your State issued cell phone?

24 A Yes.

25 Q All right. Finish scrolling (indiscernible). So he

1 posted another message showing a picture of something, right,
2 on January 18th, 2019, and then you reply with the auto reply,
3 right?

4 A Yes.

5 Q Directing the State cell phone. And then you
6 replied: Good deal. Right?

7 A Yes.

8 Q So that they could continue to communicate with you
9 on your personal cell phone; is that right?

10 A I'm sorry?

11 Q They could continue to communicate with you on your
12 personal cell phone?

13 A Right, it doesn't block.

14 Q Okay. And how often did you have discussions with
15 applicants on your personal cell phone?

16 A Pretty frequently. The ones that have my number.

17 Q Okay. Turn to page 908.

18 A (Witness complies.)

19 Q There's a series of messages from Amanda Connor,
20 right?

21 A Yes.

22 Q And if you scroll through them, you see quite a
23 number of instances where she continues to contact you on your
24 personal number.

25 A Yes.

1 Q And you're redirecting her to your State issued cell
2 phone?

3 A Yes. I've set it to auto reply.

4 Q Okay. And you're aware that your State issued cell
5 phone records have not been provided to us, right?

6 A No, I'm not aware.

7 Q Okay. I had asked you in March; did you review that
8 request in my public records request?

9 A I reviewed at some point, yes.

10 Q Okay. So you're aware that I asked in March for all
11 cell phone records, for any State issued cell phone or personal
12 cell phone used to conduct official business of Jorge Pupo for
13 the period beginning June 1st, 2018, to the present.

14 A Yes.

15 Q You're aware that you reviewed these text messages
16 that are attached to this exhibit?

17 A Yes.

18 Q All right. So you're aware that these don't go back
19 to June; is that right?

20 A Yes.

21 Q And you're aware that you've now only provided me
22 with excerpts of your personal cell phone?

23 A No. You have what I have for the business cell
24 phone, as well.

25 Q These are for the business cell phone communications?

1 A I provided them.

2 Q So the entirety of what's been provided to me include
3 any communications you would have had with any applicant on --
4 from -- with respect to the applications and official business?

5 A I have -- you have what I have. And I provided the
6 work cell phone as well as --

7 Q What I was provided, sir, was listed under the
8 individual names. I was provided file numbers. So what I have
9 would be any communications from Amanda Connor, this is the
10 entirety of what I received. It doesn't look like I'm getting
11 the entirety of the conversation, does it?

12 A I thought you asked me that -- if you didn't -- they
13 didn't have the work cell records.

14 Q Which records --

15 A Then I --

16 Q -- do I have? Which one is that?

17 A These are -- pertain to my personal cell phone.

18 Q Okay. Where are the work records?

19 A I provided them.

20 Q Well.

21 A No, I provided them to our PIO who handles the public
22 records request.

23 Q Okay. Well --

24 THE COURT: And is that Ky or someone else?

25 THE WITNESS: No. We had Stephanie Klapstein, but

1 she left. And then it was, to assist while she was gone, I
2 believe it was Kathleen Douglas in conjunction with Ky, maybe,
3 and our chief deputy, I believe, was dealing with public
4 records requests.

5 THE COURT: Okay.

6 BY MR. MILLER:

7 Q So you believe that you provided all the
8 communications on the 775 line?

9 A Yes.

10 Q I mean, if you hadn't, you'd be happy to provide
11 those records to us at this point?

12 A Yes.

13 Q All the records preserved on your cell phone?

14 A They're -- nothing's -- everything's preserved
15 from -- or nothing -- everything's preserved from the
16 preservation order.

17 Q Okay. Well, I made a records request in March of
18 2018. Did you preserve any of those records?

19 A March of 2018?

20 Q 2019, sorry.

21 A Okay. March of -- that's after the preservation
22 order, right? Where are we at?

23 Q I think you said the preservation order was December
24 13th. I sent you a letter March 16th --

25 A December 13th, so those --

1 Q -- asking for all cell phone records for any State
2 issued cell phone or personal cell phone used to conduct
3 official business or for the period beginning June 1st, 2018,
4 to the present.

5 A I have provided what I have.

6 Q Okay. Do you believe that you had preserved the
7 records that would have been on your cell phone?

8 A Right. Whatever -- since the preservation order.

9 Q I'm not talking about the preservation order, sir.
10 That happened in December.

11 A Right.

12 Q I sent you a records request in mid March asking for
13 all the cell phone communication of June 1st, 2018, to the
14 present.

15 A Right. And so I've provided what I have.

16 Q (Indiscernible) clue of the communications that I had
17 requested as of that date?

18 A I provided whatever I had for those dates.

19 Q Okay. All right. You understand that, you sit here
20 today, one individual makes a records request, that there are
21 consequences if you conceal or obliterate a public record,
22 right?

23 A Sure.

24 Q All right. And you understand that that's a
25 Category C felony, right?

1 A Didn't know that, but okay.

2 Q Okay. So you wouldn't do that. You're going to make
3 every effort you can in order to provide us those records?

4 A Yes.

5 Q Okay. Thank you.

6 MR. MILLER: Nothing further, thank you, Judge.

7 THE COURT: Thank you.

8 Mr. Kemp?

9 MR. KEMP: No questions, Your Honor.

10 THE COURT: Mr. Bult?

11 MR. BULT: No questions, Your Honor.

12 THE COURT: Mr. Parker, you told me about an hour.
13 It's 11:15. So let's get started.

14 MR. PARKER: Sounds good, Your Honor. Your Honor, we
15 going to go to a quarter till 12:00?

16 THE COURT: No, we can break about noon.

17 MR. PARKER: The reason I ask is I have a board
18 meeting at 12:00.

19 THE COURT: Then we will break at 11:45, in a half
20 hour.

21 MR. PARKER: Thank you, Your Honor.

22 THE COURT: All you had to do was ask, Mr. Parker.

23 MR. PARKER: I wanted -- I was trying to see if you'd
24 give it to me without asking first. I only have so many
25 requests I can make. I like to save them.

1 THE COURT: Okay.

2 DIRECT EXAMINATION

3 BY MR. PARKER:

4 Q Good morning, Mr. Pupo. How are you?

5 A Good morning, how are you.

6 Q I'm good.

7 A I'm good.

8 Q I'm going to start off kind of where Mr. Miller
9 finished up.

10 You understand the obligation of testifying
11 truthfully; is that correct?

12 A Yes.

13 Q And the importance of giving your best answers today?

14 A Yes.

15 Q All right. And you, I believe, testified earlier
16 that you expected the applicants to do the same in terms of
17 their obligation to give truthful and accurate information or
18 response to the application process; is that correct?

19 A Yes.

20 Q All right. You also indicated that, a few moments
21 ago, that there were things that you could have improved upon
22 in terms of this 2018 application process; do you recall saying
23 that a second ago?

24 A Yes.

25 Q All right. Can you tell me, looking back now,

JD Reporting, Inc.

1 considering some testimony you've given, what portions of this
2 process of the application could you improve upon?

3 A Generally, I mean, what I would do is I would go back
4 and look at this entire process and pinpoint specific areas. I
5 wouldn't pinpoint any specific area right now, but I would say
6 that there's room for improvement. Obviously, I think, you
7 know, better language, you know, clarifying, making sure
8 everyone understands what's being asked of them.

9 Q Well, let's start from the top. Would you agree with
10 me, and I'm going to go, again, in inverse order, you -- would
11 you agree with me that perhaps it's not wise to speak as much
12 to an attorney representing several applicants during the
13 application process?

14 MR. KOHN: Objection. Lacks foundation.

15 THE COURT: Overruled.

16 THE WITNESS: No, I mean, we conduct a business that
17 needs to be conducted for the State, and because there is an
18 application process, the rest of the business doesn't stop.

19 BY MR. PARKER:

20 Q Okay. How about -- well, you knew Ms. Connor was on
21 the governor's task force; is that correct?

22 A I didn't know she was co-chair. I knew she was
23 involved.

24 Q All right. And you knew that she represented several
25 of the applicants?

1 A Yes.

2 Q All right. Did you have an understanding of how much
3 she was being paid by the applicants?

4 A Not really.

5 Q What's that mean?

6 A I'd hear rumors.

7 Q What have you heard?

8 A Somewhere around \$150,000.

9 MR. GRAF: Objection, Your Honor. Calls for hearsay.

10 THE COURT: Overruled.

11 BY MR. PARKER:

12 Q You can testify, sir.

13 A Yes. I heard something like \$150,000.

14 Q All right. So you knew she had a financial interest
15 in this process when you were talking to her, when you were
16 meeting with her; is that correct?

17 A Sure.

18 Q All right. And knowing that she had a financial
19 interest in this, did you stop for a second to think that
20 perhaps having conversations with someone who had a financial
21 interest in representing applicants to this process may not be
22 the best thing to do?

23 A That's something I'm going to have to go back and
24 think about.

25 Q Understood. And that --

1 A Do some self-analysis here.

2 Q Right. And it's good that you're doing it in front
3 of the Court now, because it's something you can admit to and
4 perhaps not do in the future, right?

5 A Possibly, yes.

6 Q Right. And the same would be true in terms of having
7 conversations with applicants that you knew would take place --
8 take part in this 2018 process, right?

9 A Can't stop talking to everyone.

10 Q All right.

11 A They have a lot more business than an application.

12 Q Understood. But you would agree with me that if for
13 some reason during these conversations, certain information --
14 inadvertently, even -- creeps out about the process, that those
15 conversations could give someone a material advantage in the
16 process?

17 A It's possible.

18 Q That's right. And so for that reason, at least in a
19 2014 application process, there was a manner in which
20 information can be disseminated to all potential applicants to
21 the public, I would say, and through a question-and-answer
22 process, a written question-and-answer process; is that
23 correct?

24 A Yes.

25 Q That same question-and-answer process was not

1 utilized in the 2018 application process; is that correct?

2 A That's correct.

3 Q All right. And so when Mr. Miller was trying to
4 discuss with you the State's procurement regulations, he didn't
5 ask that question as definitively, but you understood generally
6 what he was trying to suggest to you, right?

7 A Yes.

8 Q All right. But definitively, asking -- answering the
9 precise question, you would agree with me that the way to
10 improve this process would be to have a single point of contact
11 for questions as well as responses; is that correct?

12 A I believe that's an area of -- that could be looked
13 at for improvement, yes.

14 Q All right. Because then the public has access to all
15 the same information, regardless of who the question was
16 presented by; is that correct?

17 A Yes.

18 Q And then that also prevents anyone from having a
19 material advantage for access to DOT employees not afforded to
20 others; is that correct?

21 A Yes.

22 Q All right. Now, do you understand that several of
23 the lawyers on this side of the room and now in that box
24 represent applicants that were awarded conditional licenses?

25 A Yes.

1 Q Do you know that most of them utilize Ms. Connor's
2 services?

3 A No.

4 MR. GRAF: Objection, Your Honor. Lacks foundation.
5 Misstates the facts.

6 THE COURT: Overruled.

7 BY MR. PARKER:

8 Q Did you have any --

9 MR. GRAF: We didn't represent -- or Ms. Connor
10 doesn't represent --

11 MR. PARKER: That's a speaking objection, Your Honor.

12 THE COURT: Mr. Graf.

13 MR. GRAF: I just want to (indiscernible) for the
14 record --

15 THE COURT: Please stop making -- Mr. Graf.

16 MR. GRAF: -- Your Honor.

17 THE COURT: Don't make a speaking objection in front
18 of the witness or we will have a problem.

19 MR. GRAF: Understood. Understood, Your Honor.
20 Thank you.

21 THE COURT: I'm familiar from the Motion for
22 Protective Order that was filed by Ms. Connor what the issues
23 are related to her representation.

24 MR. GRAF: Yes, Your Honor.

25 THE COURT: The objection is overruled.

1 MR. GRAF: Thank you, Your Honor.

2 THE COURT: Thank you.

3 MR. GRAF: Appreciate it.

4 BY MR. PARKER:

5 Q So, Mr. Pupo, do you have an understanding that
6 Ms. Connor has represented several of the applicants that were
7 awarded conditional licenses?

8 A Yes, some.

9 Q Now, as a -- as the head guy, and I said head guy,
10 you've taken responsibility for the overall effectiveness of
11 this application process over the last day and a half; is that
12 correct?

13 A Yes.

14 Q All right. Now, would you agree with me, based upon
15 the ballot question, the people of this state were concerned
16 about how this process would work and whether or not allowing
17 the sale of recreational marijuana would be a detriment to our
18 state?

19 A I believe there was some argument for that, yes.

20 MR. PARKER: Can we pull up Exhibit 2020, please. I
21 think that's the ballot question.

22 MR. SHEVORSKI: It's in twice.

23 MR. PARKER: It is in twice? 2021?

24 THE COURT: But it's easier to find in 2020.

25 MR. PARKER: Thank you, Your Honor.

1 THE COURT: Because it's just that part of the ballot
2 question.

3 MR. PARKER: Thank you, Your Honor.

4 UNIDENTIFIED SPEAKER: 2020?

5 MR. PARKER: 2-0-2-0. Brian, do you have it? I need
6 an assist.

7 THE COURT: Could you ask him nicely?

8 MR. PARKER: I did. Brian, can I have it, please?

9 THE COURT: Thank you.

10 MR. PARKER: We go way back.

11 BY MR. PARKER:

12 Q While he's pulling it up, Mr. Pupo, would you also
13 agree with me that an area of improvement would include having
14 one application that said the same thing throughout the
15 process? For example, not one that says either you can use a
16 P.O. box or you cannot use a P.O. box, but not having more than
17 one that has differing information in it? Or were you aware of
18 that?

19 A Okay.

20 Q Let me ask the last question first. Did you know
21 there was a difference between Exhibit 5 and Exhibit 5A?

22 A Yeah, not till recently.

23 Q Well, when did you first find out?

24 A Probably, I don't know, a month ago, maybe. Few
25 weeks ago.

1 Q About a month and a half ago?

2 A Something like that. Few weeks.

3 Q So do you have an understanding why you as the head
4 guy charged would not be aware of the fact that there were two
5 different applications available to the applicants?

6 A Like I said earlier, when I put out the
7 clarifications to my staff, to put out the clarifications --

8 THE COURT: Are you listening, Mr. Parker? The
9 witness is waiting for you to listen.

10 MR. PARKER: Oh, I'm sorry, Mr. Pupo.

11 THE COURT: So he's --

12 BY MR. PARKER:

13 Q Please go ahead.

14 A So when I asked my staff to put out the
15 clarifications, I believed that it was going to go out through,
16 like, a listserv or a memo type. I did not know that they had
17 made, you know, revamped or redid the application where a
18 second one came out.

19 Q Were you also aware of the fact that as late as
20 perhaps two weeks ago, while we were in court, we also
21 discovered that Exhibit 5 was still available on your website?

22 A No, I didn't know.

23 Q Okay. Now, just for purposes of the record, it's our
24 belief that approximately -- or over 20 of Ms. Connor's clients
25 were awarded conditional licenses; is that -- does that comport

1 with your understanding?

2 A I don't know.

3 Q Okay. At 150,000 per application, it's roughly \$3
4 million. Did you have any understanding of that?

5 A No.

6 Q So looking at Exhibit 2020, you're familiar with this
7 document, are you not?

8 A Yes.

9 Q All right. If we go to page 14 of this document,
10 it's State's Question Number 2 --

11 MR. PARKER: And if you could go to the bottom of
12 this, Brian, please? The last paragraph.

13 Q Have you read this paragraph before?

14 A If you give me a second, I can read it now.

15 Q Oh, take your time.

16 THE COURT: As it continues on the next page, if you
17 need Brian to go there, please let us know.

18 THE WITNESS: Yes, ma'am.

19 THE COURT: And thank you, Brian, for helping Mr.
20 Parker.

21 (Pause in proceedings as witness reads document.)

22 THE WITNESS: Can we go onto the next page? Thank
23 you.

24 (Pause in proceedings as witness continues to read document.)

25 THE WITNESS: Okay.

1 BY MR. PARKER:

2 Q Thank you. And would you agree with me, based upon
3 your reading of this paragraph, that location of marijuana
4 establishments was an important factor in State Question Number
5 2?

6 A Yes.

7 Q All right. Now, do you also have an understanding
8 that your role in the role of the Department of Taxation was to
9 follow the direction of the ballot question in terms of the
10 creation of regulations?

11 A Yes, follow the initiative.

12 Q And would you agree with me that the governor's task
13 force also requested in its documentation that the Department
14 of Taxation take action to faithfully follow Question Number 2?

15 A Yeah, I don't know if it says faithfully, but --

16 Q Let's take a look at --

17 A -- that's --

18 Q -- Exhibit 213. Let me see if I can help you.

19 A I'll take your word for it.

20 Q No, I appreciate that. But I like to have the
21 exhibit in the record.

22 A Yeah.

23 THE COURT: It's already in the record, Mr. Parker.

24 MR. PARKER: That's great. Can we put page 501 of
25 it?

1 THE COURT: It's okay, you could still look at it.

2 MR. PARKER: Just -- I'd appreciate it, Your Honor.

3 That means I don't have to ask anyone else's permission on that
4 side of the room.

5 BY MR. PARKER:

6 Q My concern, so I can make it quick, is paragraph
7 number 7. If you could blow that up for me.

8 A Okay.

9 Q So it says, Take action that is faithful to the text
10 of Question Number 2. Do you see that?

11 A Yes.

12 Q All right. Now, I would think, given what we just
13 read from Ballot Question Number 2, that location is something
14 that's very important, was very important to the people and
15 should have been very important to the Department if it was
16 going to actually be faithful to the ballot question; is that
17 correct?

18 A I'm sorry, can you state that again?

19 Q Certainly.

20 A I'm just trying to --

21 Q If your mandate from the governor's task force was to
22 be faithful to Question Number 2, which we have right there --

23 A Yes.

24 Q -- and we just read the importance of the location in
25 Question Number 2 into the record a few moments ago, wouldn't

1 the Department of Taxation have an obligation to ensure that
2 location was equally important in this application process?

3 MR. KOHN: Objection. Misstates this document.

4 THE COURT: Overruled.

5 THE WITNESS: Sure. Yes.

6 BY MR. PARKER:

7 Q That's right. And so why, if it's -- if the ballot
8 question says it, the governor's task force embraced and
9 mandated the faithful -- the action taken to be faithful to
10 Question Number 2, why would the DOT marginalize the location
11 by removing it from the application process?

12 A Well, I believe that the Department has been faithful
13 to the text of Question 2. I believe that the governor's task
14 force -- these are the guiding principles. I believe this is
15 where this language comes from, the guiding principles for the
16 governor's task force. And we followed the governor's task
17 force recommendations.

18 Q Okay. I asked a very focused question, sir, and you
19 gave me a general response. I'd like a focused response,
20 please, in terms of location.

21 A Okay.

22 Q So I started you by reading the portion of Question 2
23 that dealt with location.

24 A Yes.

25 Q I took you to that very paragraph. Then I took you

1 to this information from the governor's task force
2 recommendations, the final report. You understand that?

3 A Yes.

4 Q And then I asked you the follow-up: If location was
5 that important to the state of Nevada citizens and you were
6 mandated by the governor's task force to take action faithful
7 to Question Number 2, why did you remove location from the
8 scoring in the 2018 application process?

9 A Yeah, no, the only think I can think of, really, is
10 that was part of the request, you know, from the industry and
11 the governor's task force. I don't have any other explanation.

12 Q I understand. And the record can't necessarily
13 reflect how long it's taken you to, you know, respond. So I
14 can tell you were pondering it, everyone in the room can. And
15 I pondered it last night. So let me ask a couple of follow-up
16 questions to see if we can help get a more - more of a response
17 to the question. Okay?

18 A Sure.

19 Q Would you agree with me that that was a mistake that
20 the people of Nevada though that location was important, it
21 should have been reflected as scored in the 2018 application?

22 MR. KOHN: Objection. Speculation. Lacks
23 foundation.

24 THE COURT: Overruled.

25 THE WITNESS: You know, I don't think it was a

1 mistake. I think that Question 2 grants the Department the
2 authority to issue, suspend, and revoke licenses. Part of that
3 authority is to -- that it can -- a license can be conditional.
4 And the physical requirement is not -- how would I say, it's
5 not a -- it's not required until the end of that conditional
6 period, where we then have -- you know, we do our final
7 inspection of the location and issue the final license.

8 BY MR. PARKER:

9 Q Okay. So let's --

10 A So location is important.

11 Q Right. And if it's important, it should be a part of
12 the application, just like everything else that's important.
13 Like you said, safety. You said one of the most important
14 things to you was safety. Remember that?

15 A Yes, public safety and health. Yes.

16 Q That's right. Public safety. And that's important,
17 you include it, you include it in the application process
18 because it's important to be scored and evaluated; is that
19 correct?

20 A Say that again?

21 Q That it's important to you in terms of public safety,
22 then it should be considered and valued as a part of the
23 application process. When I say you, I'm using you generally
24 as the Department of Taxation at this point.

25 A Right. I don't necessarily think so. I think that

JD Reporting, Inc.

1 we take into consideration the location and, you know, this
2 ballot also says it's important enough to keep it 300 -- you
3 know, the distance requirements. And I think that's what was
4 important in this paragraph that you showed me earlier. Talked
5 about the distance requirement. And that is a requirement. We
6 feel it's a requirement at the end of the conditional period.

7 Q Did you -- let me ask it again. Did you see anywhere
8 in the ballot question that location was only important after
9 conditional licenses have been awarded? Do you see anything
10 like that, any caveat or disclaimer or condition like that?

11 A No.

12 Q All right. So let me stop you right there. Did you
13 see anything that said something like that in the statute?
14 Location is only important in the statute after the conditional
15 licenses are approved; did you see anything like that?

16 A No. The initiative has very little to go on.

17 Q Did you see it in the regulation?

18 A (No audible response.)

19 Q Did you add anything in the regulation saying
20 location is only important after conditional license are
21 approved?

22 A No.

23 Q So if the ballot question considered location
24 important and these conditions that you've mentioned a second
25 ago, after conditional licenses are approved, they're not

1 included in the ballot, the statute, or the regulation, what
2 made you believe that the Department had the authority to
3 marginalize location by taking it out of the application and
4 not scoring it?

5 A I think the initiative says that -- I'm sorry?

6 MR. KOHN: Objection. Argumentative.

7 THE COURT: Overruled. You think the initiative says
8 that, you were finishing.

9 THE WITNESS: Yes. I think the initiative says that
10 the Department will make regulations that are necessary and
11 convenient. And we would develop regulations. And I think
12 that's part of that. I think it gives us the authority to make
13 those regulations and make those rules.

14 BY MR. PARKER:

15 Q Okay. Let's say you're correct. It's not in the
16 regulation. The regulation does not say -- that's why I asked
17 the question the way I did --

18 A Right.

19 Q -- it does not say that location is only important
20 after conditional licenses are approved.

21 A No.

22 Q Isn't that true?

23 A That's true.

24 Q So if that's true, then you -- listen, Mr. Pupo, I
25 don't -- I'm not trying to trick you in anything. You already

1 understand that it's not -- that location's important in the
2 ballot question.

3 A Yes.

4 Q Right? Then we already understand that the
5 conditions that you've discussed aren't in the statutes or the
6 regulations, right?

7 A Right.

8 Q So --

9 A It's --

10 Q -- where do you get the authority to take it out of
11 the application?

12 MR. KOHN: Objection. Lacks foundation.

13 THE COURT: Overruled.

14 THE WITNESS: I -- you know, I think that, again, the
15 initiative gives us the authority to issue, suspend, revoke,
16 renew licenses, and to make -- the initiative is not specific
17 on to how to do this.

18 BY MR. PARKER:

19 Q Well, sir, let's just make it easy. You'd agree with
20 me that the ballot initiative does not give you authority to
21 remove location?

22 A Okay. I can agree to that.

23 Q Thank you. You'd agree with me that the statute does
24 not give you authority to remove location -- the importance of
25 location?

1 A Right, I agree. I --

2 Q That's right.

3 A Okay.

4 Q And we're just going to walk it down.

5 A Okay.

6 Q And you agree with me that the regulation does not
7 give you authority to remove location? In fact, the regulation
8 says location is important.

9 A Correct.

10 Q All right. So at the end of the day, and I know it
11 took us a little while, you would agree with me that you had no
12 statutory authority, no regulatory authority, and no ballot
13 authority to remove location from the application process;
14 isn't that true?

15 MR. GRAF: Objection as to form, Your Honor.

16 THE COURT: Overruled.

17 MR. GRAF: Thank you, Your Honor.

18 BY MR. PARKER:

19 Q Isn't that true, sir?

20 A From the application process.

21 Q None of those items, you just admitted, do not
22 provide you that authority?

23 A I don't think I agree with that statement. Location
24 is considered upon licensure. So it's not like we discount it.
25 And the initiative doesn't say whether or not it has to be

1 included in an application.

2 Q Sir, you testified yesterday that the physical
3 address was required, but not scored; do you remember that?

4 A Yes.

5 Q All right. So would you agree with me -- and I'm
6 going to go about it this way.

7 I believe Mr. Miller informed you that there's a
8 consequence for not telling the truth?

9 A Yes.

10 Q All right. And there's a consequence for not
11 providing a accurate or truthful application; is that correct?

12 A Yes.

13 Q Tell me, what is the remedy for that? Let's say that
14 a -- someone on this side of the floor submitted an application
15 with inflated numbers or manipulated the process
16 inappropriately. Is there a remedy for that conduct?

17 MR. GENTILE: Could the record reflect that this side
18 of the floor was a part of a gesture pointing to the table at
19 which the intervenors are, please.

20 UNIDENTIFIED SPEAKER: I'll go there.

21 MR. GRAF: That's a speaking objection, Your Honor.

22 THE COURT: Yeah, don't make speaking objections, Mr.
23 Gentile.

24 MR. GENTILE: That wasn't an objection. I'd ask for
25 the record --

1 THE COURT: Oh, Mr. Gentile, wait. Yes, the record
2 will reflect that he was pointing to the long table which has
3 the little label called Defendant.

4 MR. GENTILE: Thank you, Your Honor.

5 MR. GRAF: Objection, Your Honor. Calls for a legal
6 conclusion.

7 THE COURT: And he didn't point at you, Mr. Graf.

8 MR. GRAF: I know.

9 THE COURT: Okay. Overruled.

10 MR. PARKER: Thank you.

11 BY MR. PARKER:

12 Q So you can answer the question, Mr. Pupo. Would
13 you --

14 A Okay.

15 Q -- tell me --

16 THE COURT: Sir, he has asked you what the remedy is
17 if one of the applicants that was awarded a conditional license
18 lied on their application.

19 MR. PARKER: That's right.

20 THE COURT: That's all he's asking you.

21 THE WITNESS: Right. So the Department would
22 investigate any of those complaints, and if substantiated, the
23 Department can revoke that license.

24 BY MR. PARKER:

25 Q Okay. Are you familiar with advisory boards? Have

1 you ever heard the term used in the context of the marijuana
2 application processes '14 or '18?

3 A I've heard something about it.

4 Q You agree with me that the -- there is no advisory
5 board definition or identification in the 2018 process?

6 A Yes.

7 Q All right. Did you envision when Attachments A
8 through I think J were created, that applicants would create
9 advisory boards to perhaps garner more diversity points or
10 improve their position in terms of education or financial
11 strength?

12 A No.

13 Q Thank you. And so when -- have you found out through
14 these proceedings that, in fact, advisory boards were even
15 created by one or more applicants that gave them greater points
16 in terms of diversity?

17 A I've heard that, yes.

18 Q That was not what you, as the head guy, thought would
19 be done or envisioned as a part of this 2018 application
20 process, was it?

21 A Honestly, no.

22 Q Thank you. So to the extent that we have applicants
23 who may have manipulated the system in attempt to gain
24 diversity points through adding women, adding blacks,
25 Hispanics, Asians, any minorities, would you agree with me

1 that's not what this application process was intended to allow?

2 MR. KOHN: Objection. Speculation.

3 THE COURT: Overruled.

4 BY MR. PARKER:

5 Q Isn't that true, sir?

6 A I believe that -- yeah, that's not the intent.

7 Q Thank you. Now, the problem that I and I think
8 everyone in this courtroom will acknowledge, and hopefully you
9 will as well, is that the State was simply relying upon the
10 accuracy and the information in the applications provided by
11 the applicants without doing any additional offline searches to
12 determine whether or not the information was accurate; is that
13 a fair statement?

14 A Can -- I'm sorry, can you say that again?

15 Q Sure. Your department relied on the applicants being
16 honest?

17 A Yes.

18 Q And because we know not everyone is honest, perhaps
19 the system was not created to catch the dishonest people or
20 dishonest applicants; is that correct?

21 A Yes. I mean, it's impossible to do that type of
22 research under the statutory requirement of, you know, 90 days.

23 Q All right. Now, in terms of the 90-day period, was
24 that self-inflicted time period or was that created by the
25 ballot?

1 A That was created by the ballot.

2 Q All right. And the ballot came out in what year?

3 A 2016, I believe.

4 Q And so there was a lot of time provided to figure out
5 how you would approach doing everything that the ballot
6 required within that time period?

7 A No, not really.

8 Q Okay. Well, certainly, you could have hired more
9 than six evaluators, right?

10 A I don't know. If it was -- the -- you know, however
11 the budget and money fell.

12 Q Okay. Based upon 462 applications at \$5,000 apiece,
13 that's 2.4 million, somewhere in there?

14 A Something like that.

15 Q All right. Are you saying there was not enough in
16 the budget to perhaps cover the cost of more than six
17 evaluators?

18 A Yes, because we don't control that budget. Those
19 monies go into whatever state buckets they go into. It's not
20 like I have access to write a check or go into a bank account
21 and say, I need this amount for that. It's not how the State
22 works.

23 Q All right. With that, you've given me a tutorial on
24 how --

25 THE COURT: Oh, you want to know about interim

1 finance and how fun that is and go through a budget process?

2 MR. PARKER: No. No, I --

3 THE COURT: Come on, baby, ask it. Come on.

4 MR. PARKER: I looked in your eye, Judge, and I said,
5 This is not a line I'm going down.

6 MR. SHEVORSKI: You've got one minute. It's 11:44.

7 MR. PARKER: Good lord, he's giving out the time now?

8 MR. SHEVORSKI: You asked for the time.

9 MR. PARKER: All right. Good enough.

10 THE COURT: Are you ready for --

11 MR. PARKER: We can break right now.

12 THE COURT: All right. Mr. Parker has a -- he's on a
13 board of directors. He's on several board of directors. But
14 apparently he has a board meeting today. So we're going to
15 break until 1:15.

16 (Proceedings recessed at 11:46 a.m., until 1:12 p.m.)

2 (Court was called to order)

3 THE COURT: Counsel, the witness is still under
4 oath. Are you ready to continue?

5 Mr. Miller, thank you for your accommodation in
6 letting me ask my questions before lunch.

7 MR. MILLER: Yeah. No. Thank you.

8 (Pause in the proceedings)

9 DIRECT EXAMINATION (Continued)

10 BY MR. MILLER:

11 Q Redirect your attention to NAC 453.272(h) that we
12 were talking about.

13 THE COURT: We're still on .272?

14 MR. MILLER: Yes.

15 BY MR. MILLER:

16 Q [Unintelligible] to evaluate "The experience of key
17 personnel that the applicant intends to employ in operating
18 the type of marijuana establishment for which the applicant
19 seeks the license"; right? So the regulation essentially has
20 two key components, the experience of the key personnel and if
21 they have experience in the type of establishment that they're
22 seeking a license. So this criteria in the recreational
23 license context would have evaluated the experience of key
24 personnel in retail marijuana; is that fair?

25 A Yes.

1 Q Okay. And that would have been an important
2 consideration to the evaluator on the application; correct?

3 A Yes.

4 Q Okay. Because experience in other sectors of the
5 marijuana industry may or may not be as applicable; is that
6 correct?

7 A As equivocal you said?

8 Q Yeah.

9 A Yes.

10 Q All right. A team of key employees that had vast
11 experience in cultivation might not be able to make the
12 transition as well to retail as well as a team that had key
13 experience in retail moving to get more retail experience; is
14 that right?

15 A Yeah, I don't -- right. Okay.

16 Q And you wouldn't expect people that had vast
17 experience growing coffee beans to automatically be able to
18 make the leap in order to be able to sell coffee beans at
19 Starbucks; right? Is that a fair analogy?

20 A Sure.

21 Q Okay. And so there should be a distinction between
22 those who had experience perhaps in cultivation and were able
23 to apply and -- you know, those key members of their team, and
24 those who had experience in the retail sector; is that right?

25 A Right. Unless their key personnel had experience in

1 a dispensary, you know, running a dispensary.

2 Q Right. But this is the criteria that would evaluate
3 that; right?

4 A Yes.

5 Q All right. So if their key personnel did have
6 experience in a dispensary, that presumably would have been
7 reflected on the applications; right?

8 A Right.

9 Q But if their key personnel only had experience in
10 cultivation, then that should have been reflected and scored
11 appropriately on the application?

12 A I would think so, yeah.

13 Q And yet when you handed out the licenses -- actually
14 public release of many documents your information that you
15 released indicates that the awardees that didn't previously
16 have a dispensary license accounted for 53 percent of the new
17 conditional licenses?

18 A Right. Something like that, yeah, 53, 54 percent.

19 Q So over half of the individuals -- licensees that
20 were awarded additional licenses in this process didn't have
21 any experience at all among their key employees in terms of
22 dispensaries; is that right?

23 A I don't know that.

24 Q Okay. Well, but you just suggested it's on the
25 Website; right? Awardees that didn't previously have a

1 dispensary, 53 percent?

2 A Right. Can you repeat that question.

3 Q Awardees that previously didn't have a dispensary,
4 53 percent, what does that indicate?

5 A Well, exactly that, that they didn't have a
6 dispensary license.

7 Q Okay. But only licensees who previously had some
8 form of license could apply; right?

9 A Yes.

10 Q Okay. So does that mean that this indicates that
11 53 percent did not have a dispensary prior to applying?

12 A Of the total applicants?

13 Q Yeah.

14 A Could have been more that -- more applicants that
15 just had a cultivation license. Those -- 53 percent I believe
16 was the number of licenses that were issued to an applicant
17 that did not own a dispensary or retail store at the time.

18 Q Right. So it would have been licensees that were
19 awarded a license that wouldn't have met the criteria
20 identified here in this subsection, right, the experience of
21 key personnel in a type of marijuana facility we're evaluating
22 here, which is a retail marijuana store; right?

23 A Well, I don't know that. I don't know who they had
24 on staff that may have met that criteria.

25 Q What does it mean when it says, "Awardees that

1 didn't previously have a dispensary, 53 percent"?

2 A Right. So that the applicant did not -- the
3 applicant did not have a retail store license.

4 Q Okay. Have you reviewed the scoring methodology the
5 evaluators use with respect to experience with a marijuana
6 establishment in Nevada?

7 A The --

8 Q Scoring methodology, how the evaluators actually
9 conducted their scores. Have you reviewed that?

10 A I believe I have sometime, some point.

11 Q Okay. I'll show you NAC 345D.272(g). Review this
12 provision. So "Whether the owners, officers, or board members
13 of the proposed marijuana establishment have direct experience
14 in the operation of a medical marijuana establishment, a
15 marijuana establishment in this state."

16 Now, if they had read the application instructions,
17 the applicants might have understood that the 750-word essay
18 and resumes would determine how they'd be scored on that
19 criteria; correct?

20 A Yeah. I'm not sure if it was just based on the
21 narrative.

22 Q I'm sorry?

23 A I'm not sure if it was just based on the narrative.

24 Q Okay. Well, we can go back to the instructions.

25 MR. MILLER: Can you pull up the application.

1 That's the evaluation criteria. We need the other section,
2 which describes how they're going to evaluate, which is
3 Section 5.1.0. So the 5.1.10 -- little lower. You had it
4 before it crashed. There. It actually was unattached --
5 BY MR. MILLER:

6 Q 5.2, sorry, indicates they're supposed to show an
7 organizational chart, right, and then a narrative description
8 -- 5.2.10.5, "A narrative description not to exceed 750 words
9 demonstrating the following." And then the next page.
10 5.2.10.5.2, "Any previous experience operating other
11 businesses or nonprofit organizations, including marijuana
12 industry experience." Right?

13 A Right.

14 Q That appears to be the way -- the instructions where
15 you indicate to the applicants that that's how you're going to
16 evaluate their experience; correct?

17 A Yes.

18 MR. MILLER: Can we show Exhibit 256, which hasn't
19 been admitted, so it's our client's handwritten evaluation
20 score sheet.

21 THE CLERK: It's proposed.

22 THE COURT: 256.

23 MR. MILLER: Yes.

24 THE COURT: Any objection?

25 MR. SHEVORSKI: No objection.

1 THE COURT: Be admitted.

2 (Plaintiffs' Exhibit 256 admitted)

3 MR. MILLER: Okay. And go to 40219. Yeah. Start
4 there.

5 BY MR. MILLER:

6 Q Sir, have you reviewed the handwritten scoring
7 sheets that the evaluators used?

8 A No. Well, blank ones, yes.

9 Q Okay.

10 A Well, some of these. I had never seen this one
11 that's up on the board.

12 Q Okay. So you haven't reviewed these and seen that
13 this same format might have been used to evaluate all of the
14 applications?

15 A No, I didn't review those.

16 Q Okay. So let's take a closer look here. Can you
17 see this screen? Can you see that appear to be doing here is
18 listing out at the top there, they numbered them, officers,
19 owners, and board members that would have been identified on
20 the application?

21 A Okay.

22 Q If we go to the next page, you'll see that that
23 continues. So -- and this application, of the identified
24 criteria they've listed out 21 total individuals that are
25 associated with the same individuals that are listed on

1 Attachment A. And then on the left-hand side of this document
2 you see there where it says, "MJ --" I can't read it, "MJ
3 Experience," something to that effect? Isolate "No
4 experience, MJ experience -- MJ in Nevada?

5 A Okay. Uh-huh.

6 Q Yeah. Let's see what follows in each of those
7 individual categories. Once they listed out their owners,
8 officer, and board members the evaluator will simply put a
9 checkmark for that category. You see that?

10 A Yes.

11 Q All right. You see on the left-hand side right next
12 to it, see that they list that they had seven officers,
13 owners, or board members with marijuana experience in Nevada
14 and 14 without?

15 A Okay.

16 Q So this applicant, TGIG, receives a 3. We've heard
17 previous testimony about that.

18 A Received a what?

19 Q A 3, a score of 3 --

20 A Okay.

21 Q -- on this 10-point category for experience with
22 marijuana in Nevada. And you'll see one of the score sheets
23 here that we'll go through, this is the mathematical equation.
24 It's 21 divided by 7, which gives a .33, so they get 3. Do
25 you see that?

1 A I don't see where you worked that out.

2 Q Okay. Well, you see that on the left-hand side
3 where they list the 14 and 7; right?

4 A 14, uh-huh.

5 Q Yeah.

6 MR. MILLER: We'll pull up the individual weighting
7 that they were given on the evaluations criteria. But what I
8 want to show is the other evaluators also use this same
9 grading. Can you show 40230.

10 BY MR. MILLER:

11 Q So a different evaluator using the same grid, where
12 they simply reduced the entire section to a series of
13 checkmarks; right? And 40245. See that, sir?

14 A Right. I see where they checked off.

15 MR. MILLER: Yeah. It's 40218, please. Flip back
16 to the pages that actually have the evaluation where the
17 evaluators record their scores. This is a diversity factor.
18 But can you show the one that pertains to experience with
19 marijuana.

20 BY MR. MILLER:

21 Q All right. So here you can see them actually
22 calculating it; right?

23 A Right.

24 Q All right. So it looks like in this instance even
25 21 owners, officers, or board members -- this is a 5-point

1 factor, so it's a different category. But 14 is yes, 3 is
2 some, so they're going to get half the points for some, and 4
3 no. Right? And then they just perform the math.

4 MR. MILLER: Is this the experience with marijuana
5 section, or a different one? Scroll down a little bit. Okay.
6 Go to the next one. There should be more evaluator sheets at
7 the bottom. Okay. We can go to Exhibit 254.

8 THE CLERK: Proposed.

9 MR. MILLER: Proposed Exhibit 254.

10 THE COURT: Any objection to 254?

11 MR. KOCH: No objection.

12 THE COURT: Given the additional redactions made,
13 any objection?

14 MR. KOCH: We made redactions on the document that
15 you proposed. I think the only --

16 MR. MILLER: Yes. I think we need to actually
17 redact --

18 THE COURT: So have those redactions been placed
19 into the exhibit the clerk has?

20 MR. KOCH: From my understanding. I wrote on the
21 document that he was going to submit, that's the one that he
22 submitted, yes, it is.

23 MR. MILLER: We'll make sure that that happens, Your
24 Honor.

25 THE COURT: No. Could we check.

1 MR. MILLER: Okay.

2 THE COURT: Sorry, sir, while they do this little --

3 MR. KOCH: No, this is not --

4 THE COURT: Of course it isn't. So --

5 (Pause in the proceedings)

6 THE COURT: Okay. So let's not display it to me,

7 because it's not redacted. The witness can of course look at

8 it with you --

9 MR. MILLER: Sure.

10 THE COURT: -- as long as you don't admit it.

11 MR. MILLER: Yeah. Could you pull up that earlier

12 exhibit.

13 THE COURT: No. Don't show it to me.

14 MR. MILLER: Well, he's got it redacted, Your Honor.

15 THE COURT: Oh. He does?

16 MR. MILLER: Yes.

17 THE COURT: How are we going to get a redacted

18 version to admit.

19 IT TECHNICIAN: We can print it, Your Honor.

20 THE COURT: Okay. So they're going to print the

21 redacted version. The redacted version pursuant to

22 stipulation will be admitted. Since the --

23 MR. KOCH: Is the version that you have the one that

24 I did handwritten marker on, or did you redact it separately.

25 IT TECHNICIAN: I redacted it separately.

1 MR. KOCH: Okay. Can I look at it first.

2 THE COURT: Yes.

3 (Pause in the proceedings)

4 MR. KOCH: We've reviewed it and redacted the items
5 that needed to be redacted.

6 THE COURT: So the redactions on the version that's
7 going to be displayed seem to comport with your understanding?

8 MR. KOCH: Correct.

9 THE COURT: So the version that you're showing will
10 be printed and provided to Dulce for admission?

11 MR. KOCH: Correct.

12 THE COURT: Okay.

13 MR. MILLER: Thank you, Judge.

14 THE COURT: You may show it now.

15 (Plaintiffs' Exhibit 254 admitted)

16 MR. MILLER: All right.

17 BY MR. MILLER:

18 Q All right. Sir, if you can look at the handwritten
19 scoring sheet there. Do you see that for this applicant they
20 determined that 12 or 13 of them have marijuana experience in
21 Nevada, 5 have marijuana experience somewhere else, and that 4
22 have experience -- no experience at all, right, out of 22?

23 A Right.

24 Q So 10 divided by 22 in order to reduce that to a
25 10-point scale and multiplying .45, which is 10 divided by 22

1 times 13, using 5.8 getting half of a point, people with some
2 experience but not in Nevada, and that's in that
3 multiplication, correct, looks like?

4 A Okay.

5 Q That gives them a score of 7. Do you need more time
6 to review it, sir?

7 A Okay.

8 Q Does that appear to be an accurate assessment of how
9 these applications were evaluated for those criteria?

10 A Right. I suppose, yeah.

11 Q You suppose. Do you see any other indication on
12 that sheet as to how it might have been evaluated?

13 A No.

14 Q Okay. So we've heard previous testimony that Nevada
15 Organic Remedies scored a 7 in marijuana experience in Nevada,
16 whereas TGIG scored a 3. But if you had reduced all of those
17 -- you'd reduced that entire criteria that we read and the
18 expectation of the applicants that they were going to define
19 their total experience in an essay to a series of checkmarks,
20 sir, that wouldn't appropriately evaluate the experience that
21 an applicant had in that category; is that correct?

22 A I'm not sure what those checkmarks represented to
23 the evaluators. I mean --

24 MR. MILLER: All right. So can you pull back up the
25 checklist there that the evaluators created.

1 BY MR. MILLER:

2 Q So can you see that they're just counting them up?
3 Review those three sheets, if you need to. I think you'll
4 find that if you review those three sheets, individual that
5 has a checkmark gets added to the tally as to whether or not
6 they have experience in Nevada, and if they don't, it will
7 sometimes indicate a no.

8 A I see. Okay.

9 Q So they reduced it to a mathematical formula it
10 appears; right?

11 A Yes.

12 MR. MILLER: All right. And pull back up 256.
13 Yeah, 256, and go to 4230.

14 BY MR. MILLER:

15 Q You'll see on a section in diversity here is again
16 the mathematical formula. They've gone through and identified
17 all of the individuals that are owners, officers, or board
18 members, right, added up the checkmarks, and they provided a
19 numerator and a denominator, right, on the left-hand column,
20 8, yes, 13 no?

21 A Yes.

22 Q So we've gone through it for the owners, officers,
23 and board members and identified which of those meet the
24 criteria that you established on the diversity, added them up
25 and applied a mathematical formula to arrive at the score;

1 right? That's what it appears that they're doing?

2 A Yes. Yes.

3 Q All right. And we can go to 40218. So 8 out of 21

4 had some indication of diversity here. It's 38 percent. So

5 the circle, that puts me in the category I'm awarded 8 points?

6 A Yes.

7 Q Okay. 40229. Different evaluator conducting the

8 same analysis, reducing that to a mathematical formula. 8 out

9 of 21 gives me 38 percent, 80 points; right?

10 A Yes.

11 Q Okay. Educational experience. Another criteria

12 that they were tasked with evaluating.

13 MR. MILLER: Go to 40217. Well, first, let's go

14 back to that 40230.

15 BY MR. MILLER:

16 Q See in the left-hand column they've identified that

17 there are how many with -- 3 with some, 4 with no, 14 with

18 yes. Do you see that?

19 A Yes.

20 Q And then they've gone through again with the owners,

21 officer, and directors and provided checkmarks whether or not

22 they met that criteria; right?

23 A Yes.

24 MR. MILLER: Okay. Can we go to 40217.

25 //

1 BY MR. MILLER:

2 Q The same mathematical equation that we've seen in
3 the previous instances; right?

4 A Right.

5 Q So it looks like they reduced the educational
6 requirements to a mathematical formula, as well; right?

7 A Yes.

8 Q Okay. And previous business experience. 40230,
9 again. Again they're putting checkmarks on the left-hand
10 column there that give us, if we zoom in there, 7 no, 14 yes.

11 Other contributions and financial. Let's see.
12 They've got a mathematical calculation there, should be a
13 little bit lower down, I believe. There at the very bottom.
14 It's right below that, yeah, where it says "nonprofit," 13 out
15 of 21. Do you see that?

16 A Yes.

17 Q Okay. All right. So it appears that the evaluators
18 when scoring these applications applied a binary formula,
19 right, that either you have experience or you don't, and, if
20 so, you're given a checkmark, and that adds to your score. If
21 not, it doesn't add to your score. Is that a fair assessment?

22 A Yes.

23 Q All right. So if an officer who was involved in all
24 day-to-day operations and had extensive experience detailed in
25 a 750-word essay, the best they could do under this scoring

1 criteria is just get a checkmark; right?

2 A On this sheet I would say, you know, they'd get
3 their points.

4 Q So they get 1 point [inaudible] on a percentage
5 basis that everyone else that's listed is an owner, officer,
6 and director; right?

7 A I would believe so.

8 Q Okay. And anybody that doesn't have that experience
9 isn't going to get a point that's going get calculated towards
10 that percent; is that correct?

11 A Yeah, I would believe so.

12 Q All right. So if a small minority investor with no
13 involvement in the operation, really isn't expected to have
14 any value added to the licensee's overall operation of a
15 marijuana establishment in this state, had no prior experience
16 they wouldn't get a check; right?

17 A If they had no prior --

18 Q If they had no experience, they wouldn't get a
19 check; right? We went through this.

20 A Right. Right.

21 Q Let me explain it another way. But that would
22 effectively cancel out any owner, officer, or director that
23 had vast experience, right, because this is just a binary
24 calculation? You either have it or you don't; right?

25 A Yeah, it seems that way.

1 Q Yeah. So there's not more weight given to one
2 member that may have more experience and more involvement in
3 the operation relative to anyone else?

4 A Right. [Unintelligible]

5 Q And if you'd known that walking into this
6 application, obviously who you listed as owners, officers, and
7 board members would be pretty important. Is that a fair
8 assessment?

9 A Sure.

10 Q All right. Let's turn to training. How much
11 training are regulators in your Division who might evaluate
12 regulatory compliance of licensees given?

13 A Can you say it, again.

14 Q Yeah. How much training do regulators within your
15 Division receive?

16 A For the evaluation of applications?

17 Q No. For overall training when you hire somebody off
18 the street --

19 THE COURT: For actually regulating the industry?

20 THE WITNESS: Oh. For actually regulating the --

21 BY MR. MILLER:

22 Q Yeah.

23 A You know, I'm not sure. Several weeks or months.

24 Q There is a formal training process; right?

25 A Right.

1 Q And what does it consist of?

2 A For the marijuana inspectors they have -- Kara
3 Cronkhite does the training, does some I guess face-to-face,
4 one-on-one training. And then they go out in the field with
5 other inspectors. They go along with each inspector, and they
6 have their training experience from -- and some of them are
7 registered environmental health specialists or they have
8 previous experience in --

9 Q Okay. And of the six evaluators that you hired
10 under Manpower none of those had any experience -- prior
11 experience in marijuana regulation; correct?

12 A Not that I know of.

13 Q Okay. And you're aware that they were given just
14 two weeks of training; is that right?

15 A That's what I understand, yes.

16 Q Okay. And they were essentially given a crash
17 course; correct?

18 A Yes.

19 Q Showing Exhibit 206, page 172. This is taken from
20 the PowerPoint that was provided by the State. It was used
21 during the training course that was given to the evaluators.
22 See where it says, "Crash course covered two weeks of
23 instruction in one hour. This instruction was built, moved
24 through quickly, heavily geared toward application
25 familiarization. Important process beyond the application

1 evaluation." So within two weeks these -- it's fair to say
2 that these evaluators were expected to cover an awful lot of
3 material; is that right?

4 A Yes, I would assume so.

5 Q So you expected them to have enough of depth in the
6 marijuana industry to be able to properly evaluate these
7 applications; right?

8 A Yes.

9 Q And they would have also been expected to understand
10 a substantial body of law that would have applied to those
11 applications; correct?

12 A Yes.

13 Q Maybe not?

14 A Well, I would expect them to have some familiarity
15 regarding the criteria or experience of the criteria that
16 they're tasked to grade or to evaluate.

17 Q Okay. But the criteria was established by the
18 regulations and the law; correct?

19 A Yes.

20 Q So they were expected to have a familiarity and
21 understanding of that law; right?

22 A Yes.

23 Q And I understand you weren't there for this
24 training; is that correct?

25 A Correct.

1 Q And so you weren't there to make sure that the
2 evaluators understood how to properly apply that criteria;
3 correct?

4 A Correct.

5 Q And you weren't there to stress the importance of
6 the applications to Nevada's marijuana industry, either;
7 right?

8 A Correct.

9 Q Following that crash course to your knowledge did
10 any of the evaluators receive any additional instruction, or
11 was that it?

12 A I don't know.

13 Q Okay. But you are aware that the evaluators had
14 very limited interaction with Department staff following the
15 training period; correct?

16 A Yes.

17 Q Read the transcript of May 28th, 2019, page 11, line
18 18. "As I understood, you were the primary contact for these
19 Manpower people. Is that right?"

20 "I was one of four employees who were in direct
21 contact with the Manpower employees at any given time."

22 And that did not include yourself; correct?

23 A Correct.

24 Q But, nevertheless, there were only four individuals
25 within your agency that had direct contact with those Manpower

1 employees at any time; is that right?

2 A I'm not sure how many.

3 Q Okay. But you don't have any reason to dispute the
4 testimony if the testimony said that there were four?

5 A No.

6 MR. MILLER: All right. And Exhibit 251, page
7 number DOT41859.

8 THE COURT: Any objection?

9 MR. MILLER: Oh. Sorry.

10 MR. SHEVORSKI: Which one is it?

11 THE COURT: 251.

12 MR. MILLER: Yeah, it's 251.

13 MR. SHEVORSKI: No objection.

14 THE COURT: Be admitted.

15 (Plaintiffs' Exhibit 251 admitted)

16 BY MR. MILLER:

17 Q This is an email that was provided to us from the
18 State from Ky Plaskon to yourself, Stephanie Klapstein, and
19 Steve Gilbert. That's going to be I believe on the second
20 page. It says, during -- that's 41859. Yeah. "During the
21 application process evaluators acted completely independently.
22 They'd check in from the EIO on program officer twice a day."
23 See that?

24 A Yes, I see it.

25 Q To your understanding is that accurate?

1 A From what I understand from my staff, yeah.

2 Q Okay. To your knowledge after these evaluators had
3 scored the applications did your Division conduct any exit
4 interview with them?

5 A I don't know.

6 Q You're not aware of whether or not the Division made
7 any attempt at all in order to review how they scored these
8 applications?

9 A I don't know.

10 Q And we've heard previous testimony that Manpower
11 conducted their own quality control program in making sure
12 that these scores were accurate. Is that correct, to your
13 knowledge?

14 A That Manpower did their own quality control?

15 Q Uh-huh.

16 A The evaluators, or Manpower the company?

17 Q The evaluators.

18 A The evaluators? Yeah, I don't know if they did or
19 not.

20 Q You don't have any reason to dispute the prior
21 testimony that they did their own quality control; right?

22 A No.

23 Q And you indicated you didn't review the evaluation
24 sheets that the evaluators used to make notes on. But are you
25 aware of anyone else in your Department going through after

1 the evaluation process was complete and reviewing those
2 sheets?

3 A Whether my staff made notes on those sheets?

4 Q You indicated to us that you had not reviewed those
5 handwritten scoring sheets that included notes --

6 A Right.

7 Q -- that would give some indication as to how they
8 scored these applications; right?

9 A Right.

10 Q Are you aware of any efforts within your Department
11 to have reviewed those sheets after the scoring was completed?

12 A Yeah, I don't know.

13 Q Is that a no, you're not aware of any?

14 A No, I'm not aware of any.

15 Q Okay. So you're not aware of any efforts that your
16 Department might have taken after that scoring was complete to
17 make sure that the evaluators would have properly applied the
18 correct criteria; correct?

19 A What I know is that -- that process was basically
20 delegated to my staff, and what that entailed I'm not sure of
21 that. I -- you know, I was told that the process was being
22 audited, and what that audit entails I don't even know what
23 they looked at or whether they made notes or what they
24 reviewed.

25 Q Okay. So I think you're telling us that you were

1 tasked, right, as head of this Division with evaluating the
2 applications for licenses for selling marijuana in the state
3 of Nevada; correct?

4 A Right.

5 Q And then you then delegated that task to your staff;
6 is that right?

7 A Yes. I relied on their experience.

8 Q Okay. And you can't tell us today whether or not
9 there was any effort by your Division to review the
10 applications as to how they were scored following the scoring
11 process; correct?

12 A Right. I had no interaction with that process.

13 Q Okay. But you're not aware of any efforts within
14 your department to go back and check and make sure that these
15 temporary employees scored these applications correctly, are
16 you?

17 A I don't know that. Like I said, they -- my staff
18 indicated that they audited sheets in the process. But I
19 don't know what that entails.

20 Q So at least as you sit here today you can't tell us
21 whether or not these evaluators interpreted the criteria
22 appropriately; correct?

23 A No.

24 Q And you can't tell us whether or not those
25 evaluators properly applied the law in the applications,

1 either; correct?

2 A Correct.

3 Q Okay. So as part of what you asked these temporary
4 employees to review, they were responsible for the evaluation
5 of plans relating to the care, quality, and safekeeping of
6 marijuana; is that correct?

7 A Yes.

8 Q Show you Exhibit 8, the evaluation guideline that
9 was given to the evaluators. Page 6. See where it says, "An
10 excellent plan will show the following: the plan fully
11 demonstrates the building security features and procedures,
12 demonstrate the applicant's ability to prevent the theft or
13 diversion of marijuana, and how the [unintelligible] assist
14 law enforcement and the Department, should include a detailed
15 budget for the proposed establishment, and fully show
16 preconstruction -- pre-opening construction and the first year
17 operating experiences."

18 You previously testified that none of the evaluators
19 had any experience with the regulation of marijuana; correct?

20 A Yeah, I believe so.

21 Q And yet you expected them to accurately apply the
22 criteria and determine whether or not somebody would have
23 provided a model answer versus a poor answer; correct?

24 A Well, I believe in conjunction with their training
25 and experience of whatever field that they were evaluating and

1 their own field and the training provided by the staff should
2 give them enough knowledge to evaluate building security
3 features and these items, detailed budgets.

4 Q Tell me that temporary employees that had no
5 background in marijuana after two weeks of training would have
6 been able to properly assess whether or not an applicant's
7 plan demonstrates the building security features and
8 procedures that are necessary in order to prevent the theft or
9 diversion of marijuana and how the plan would assist allow
10 enforcement and the Department?

11 A Yes.

12 Q We went through this on the Cole memo, right? You
13 remember the priority that said that the federal government
14 will come busting down doors if there's evidence of lax
15 regulation; right?

16 A Yes.

17 Q And one of those criteria was if legalized marijuana
18 is being diverted to other areas that could include states
19 that did not legalize marijuana; right?

20 A Yes.

21 Q And this is the plan where applicants would list how
22 they're going to prevent that; right?

23 A Yes.

24 Q You're telling us that temporary employees, after
25 only two weeks of training, can appropriately apply the

1 criteria and evaluate whose plan may be better than another to
2 make sure that we don't divert marijuana into the state of
3 Utah?

4 A Well, I think that you don't necessarily have to
5 have the experience in marijuana. It could be any product,
6 for that matter, that you have experience in building security
7 and theft, preventing theft or those type items and final
8 budgets and things. It doesn't necessarily have to be
9 experience in marijuana, I guess. Very few people have
10 experience in marijuana anyway. I mean, if you look at it,
11 there's not a lot of experience in this industry.

12 Q Okay. Who would be better prepared to assess
13 whether their plans for marijuana safekeeping, including
14 inventory control, meet the Department's regulatory
15 requirements, Manpower employees with two weeks of training,
16 or your staff?

17 A My staff.

18 Q But you didn't use your staff; right?

19 A No.

20 Q Who would be better prepared to assess whether their
21 plans accurately address security issues within Nevada's
22 industry, Manpower employees with two weeks of training, or
23 your staff?

24 A My staff.

25 Q You also know that -- are you aware that the

1 evaluators appeared to have spent very little time relative to
2 what your Division had expected in reviewing these
3 applications?

4 A No.

5 Q No? Okay. Read -- this is the exhibit with time
6 calculation, 24648. Sorry. It's Exhibit --

7 MR. MILLER: Do have that exhibit number, Shane? If
8 not, I'll skip it.

9 BY MR. MILLER:

10 Q Sir, are you aware that in the PowerPoints, we've
11 heard previous testimony on this, that the Department
12 anticipated that these applications would take 33 hours to
13 review?

14 A No.

15 MR. MILLER: Sorry. It's Exhibit 207. And it's
16 going to be page 24648. We'll skip it.

17 All right. How about Exhibit 257.

18 THE CLERK: Proposed.

19 THE COURT: Any objection?

20 MR. MILLER: This is criteria for one of my clients.

21 MR. SHEVORSKI: No objections.

22 THE COURT: Be admitted.

23 (Plaintiffs' Exhibit 257 admitted)

24 BY MR. MILLER:

25 Q Let's get to the 24648. Are you familiar with this

1 sheet, sir?

2 A I'm sorry.

3 Q Are you familiar with this template --

4 A No.

5 Q -- or this document?

6 A No.

7 Q It's the evaluators' tally of their score sheets.

8 At the bottom there you'll see -- at the very bottom you'll

9 see where the evaluators listed the time that they spent on

10 that application. So it appears that one of the evaluators

11 spent an hour and 15 minutes reviewing the scoring plans;

12 right?

13 A Yes.

14 Q Okay. And two evaluators spent one hour; is that

15 correct?

16 A In care and quality, yes.

17 Q Yeah. Okay. And this applicant, if we go up to the

18 top, had five applications that were evaluated during that

19 time period. Do you see that?

20 A Yes.

21 Q So that's an average of 12 minutes to review and

22 evaluate and score that entire plan; correct?

23 A Well, I don't know, because I believe that from my

24 understanding many applicants submitted the same application,

25 just for different jurisdictions.

1 Q Okay.

2 A So they may have just reviewed one because the other
3 four were identical.

4 Q And may have. We'll get to that part of the
5 testimony, and I'll redirect you there. This particular
6 applicant testified that they had unique plans for every
7 jurisdiction and he was unaware of that rule. If that was the
8 case, you would agree that it appears that these evaluators
9 only spent 12 minutes per application; correct?

10 A Yes.

11 Q Okay. And you're aware that some applicants' care,
12 quality, and control or response sections were sometimes over
13 600 pages long for only one application?

14 A I understand they vary. I don't know be how much or
15 how long.

16 Q Okay. But hundreds of pages, could be?

17 A Could be, yes.

18 Q Over a thousand sometimes?

19 A I don't know.

20 Q There were requirements in NRS 453D that placed
21 limitations on where a proposed marijuana establishment can
22 operate; correct?

23 A Yes.

24 Q Read NRS 453D.230(b). Require an application fee,
25 and then we'll skip down to the physical address.

1 THE COURT: So do you want the Administrative Code,
2 or the statute?

3 MR. MILLER: I'm sorry. NAC. Thank you, Judge.

4 THE COURT: It's okay.

5 MR. MILLER: NAC 453D.230. Nope.

6 NRS 453D.210(5)(b). I think I've got a typo.

7 THE COURT: The physical address?

8 MR. MILLER: Yes.

9 THE COURT: Okay.

10 MR. MILLER: Thank you.

11 BY MR. MILLER:

12 Q (5)(b) physical address. So "The Department shall
13 approve a license if prospective marijuana establishment has
14 submitted an application in compliance with the regulations,
15 the physical address where the proposed marijuana
16 establishment will operate is owned by that applicant or the
17 applicant has written permission of the property to operate
18 the proposed marijuana establishment on that property."
19 Right? That was put in the initiative; correct?

20 A Yes.

21 Q All right. And then in the regulation you further
22 interpreted that under NAC 453D.268(2)(e).

23 If we could show that.

24 If you could go to subsection (2) at the top, it
25 says, "The application must include -- must, without

1 limitation," if we go to (e) "The physical address where the
2 proposed marijuana establishment will be located and the
3 physical address of any co-owner otherwise affiliated in the
4 marijuana establishment." Do you see that?

5 A Yes.

6 Q All right. So the law required applicants to
7 provide a proposed physical address to be listed on that
8 application; correct?

9 MR. GRAF: Objection, Your Honor. Misstates the
10 evidence.

11 THE COURT: Overruled.

12 MR. GRAF: I'm just saying this is the NAC, Your
13 Honor, not the NRS.

14 THE COURT: This is the NRS, isn't it?

15 MR. MILLER: This is the NAC.

16 THE COURT: NRS 453D.210? Oh. I'm sorry. You
17 switched.

18 MR. MILLER: It has [unintelligible]. Sorry.

19 MR. GRAF: I'm just trying to prove that I'm paying
20 attention, Your Honor.

21 THE COURT: I'm reading a case. So keep going.

22 BY MR. MILLER:

23 Q The regulation, which is the law in this state,
24 required that the applicants provide a physical address;
25 correct?

1 A Yes.

2 Q All right. And the plain language that was on the
3 application itself required it; correct?

4 A Yes.

5 MR. MILLER: If we pull up Exhibit 5. Ah, we've
6 reviewed it enough [unintelligible].

7 MR. GRAF: Objection, Your Honor. Vague as to which
8 application he's talking about.

9 THE COURT: You want 5 or 5A?

10 MR. MILLER: I called for Exhibit 5.

11 MR. GRAF: So is it sustained?

12 THE COURT: Yes, your objection was sustained.

13 MR. GRAF: Thank you, Your Honor.

14 BY MR. MILLER:

15 Q Up at the top, "Must provide a physical address."
16 "Marijuana establishment proposed physical address. Must be a
17 Nevada address and cannot be a P.O. box"; right?

18 A Right.

19 Q You understand that applicants required -- many
20 applicants understood that a physical address was required as
21 part of the application; correct?

22 MR. GRAF: Objection. Lacks foundation as to what
23 the applicants understood.

24 THE COURT: Overruled.

25 MR. GRAF: Thank you, Your Honor.

1 THE WITNESS: You ask the question, again.

2 BY MR. MILLER:

3 Q Sure. You're aware that many applicants believed
4 that having a proposed physical address was required as part
5 of the application; correct?

6 A Yes.

7 Q Because you believe it, too; right? You believe
8 that the law says that you've got to have a proposed physical
9 address in the application?

10 A The application requires a proposed physical
11 address, yes.

12 Q But some applicants didn't provide a proposed
13 physical address; is that correct?

14 A I don't know.

15 Q Not sure. All right. Are you aware that this
16 application was changed and modified at some point?

17 A Until recently.

18 Q Okay. The first time you were made aware that this
19 application was changed was when?

20 THE COURT: And we don't want to know when your
21 lawyers told you, just when you became aware. Date.

22 THE WITNESS: I don't know. Three weeks ago.

23 BY MR. MILLER:

24 Q So if an applicant had not provided a proposed
25 physical address and that was required by law, what should the

1 Department have done with that application?

2 A Process it. I mean, the initiative grants the
3 Department the authority to issue, suspend, revoke licenses.
4 And, you know, we looked at the Governor's Task Force. 453A
5 talks to licensees about the physical location. And we
6 believe that part of that authority is that a license can be
7 conditional and if -- that the physical location requirement
8 is not required until the end of that conditional period where
9 we go in for a final inspection and issue the final license at
10 that point. So I think we say industry understood. Industry
11 was the main component to not include location let's say in
12 the scoring criteria. And that was part of the Governor's
13 Task Force recommendation, as well.

14 Q So I understand your response, you're saying that
15 you understand that the proposed physical address is required
16 as part of the application, but that only applies to a
17 conditional license?

18 A No. I'm saying that the proposed physical location
19 is a requirement of the application. The regulations and the
20 statutes say you have to have a proposed location, right. But
21 what I'm saying is the physical requirement is not -- the
22 physical location requirement, it's not a requirement till the
23 end of the conditional period where we would issue a final
24 certificate and do our final inspection and then do the final
25 certificate. And they've passed all the local jurisdictional

1 requirements.

2 Q Let's go back to NRS 453D.210. That statute doesn't
3 provide a clause for the mandate that you provide a proposed
4 physical address on the application, does it?

5 A I think the statute doesn't give us a whole lot to
6 go on. It doesn't really tell you how to do it.

7 Q You define it in the reg as being required as part
8 of the application; correct?

9 A To list a physical location.

10 Q And what the statute talked about was that you
11 didn't need to have all your zoning entitlements and approvals
12 at the time that you applied; correct?

13 A What's that again?

14 Q The statute you mentioned the fact you don't need to
15 have your zoning approvals and entitlements done before you
16 applied; correct?

17 A You know, I don't recall the statute was specific on
18 that.

19 Q It's in the same statute. Can we scroll down.

20 THE COURT: Sir, if you want me to give you the
21 statute book so you can look at it, I'd be happy to. I
22 understand sometimes it's hard to look at it on the screen.

23 THE WITNESS: Right. That'd be easier.

24 THE COURT: All right. There's a pocket part in the
25 back. Most of what you're looking at is probably going to be

1 in that annual paper in the back.

2 THE WITNESS: All right. What are we looking at,
3 .210?

4 BY MR. MILLER:

5 Q NRS D.210(e).

6 A I'm sorry?

7 Q (e), subsection (e).

8 THE COURT: So you're in 453D.210(5)(e) I think is
9 where he's sending you.

10 BY MR. MILLER:

11 Q There's nothing in that provision, right, that if --
12 that makes any reference to a physical location not being
13 required; correct? The other provisions we talked about
14 mandated that a physical address is required; correct?

15 A Yeah. (5)(e) doesn't talk about the location.

16 Q Because the process is that you apply for a
17 conditional license. If you obtain that conditional license,
18 you then go and get your zoning and entitlements with the
19 local jurisdiction, and then you're given final approval;
20 correct?

21 A Basically, yes.

22 Q All right. And that's really what the industry was
23 concerned about, and the Task Force and everything else, was
24 that in 2014 there was a requirement that all that take place
25 and they wanted to ease that restriction; correct?

1 A Yes.

2 Q All right. There's nothing in there that suggests
3 that they weren't required to have a proposed physical
4 address; correct? You agree that the regulation says that,
5 that you're required to have a physical address.

6 A Right. On the application.

7 Q On the application. So if it wasn't listed, how
8 could these applicants have been compared against other
9 applicants who did provide a proposed physical address?

10 A Location wasn't scored. What's to compare?

11 Q But location can influence how the rest of the
12 criteria is evaluated; correct?

13 A I don't know.

14 Q Were you aware that some applicants had the
15 understanding that a proposed physical address was required
16 under the application and some were not?

17 A No.

18 Q You weren't aware at any point that your Department
19 attempted to issue clarification of the fact that a proposed
20 physical address may not be required?

21 A Yes, I was. Yes.

22 Q And how were you made aware of that?

23 A Got plenty of calls basically asking if -- you know,
24 what -- I got calls regarding what if I own the building, what
25 if I'm leasing the building, do we list that.

1 Q So maybe I misunderstood. I thought you told me
2 that you only learned of it recently that the Department had
3 attempted to clarify and that you didn't -- you didn't know
4 that some applicants were under the understanding that you
5 needed a proposed physical address and some were under a
6 completely different understanding. Now you're telling us
7 that you did know that there was confusion.

8 MS. SHELL: Objection. Misstates --

9 THE COURT: Overruled.

10 MS. SHELL: Your Honor, you didn't let me finish.

11 THE COURT: Misstates testimony. Overruled.

12 THE WITNESS: I thought the question was whether I
13 knew there were two versions of the application. And I --

14 BY MR. MILLER:

15 Q The Department attempted --

16 A And I did not know that.

17 Q Okay. I asked if the Department attempted to
18 clarify, was what I intended to ask. So all right. Let's go
19 forward with that, then.

20 So you did understand that some people understood
21 that a proposed physical address was not required?

22 A There were some calls, yes.

23 Q Okay. And some people obviously did not understand
24 that a proposed physical address was required; correct?

25 A Correct.

1 Q All right. At what point did you realize that that
2 confusion existed about the rules within the application?

3 A Like I said, I was receiving calls regarding, you
4 know, location, you know, I own my building, do I list that,
5 or we're entering a lease, do I list that. So -- and then I
6 believe we were getting emails. I think my staff told me we
7 were getting emails with some questions. So I asked them to
8 basically attempt to clarify, you know, that -- clarify that
9 situation. I believed -- you know, my belief was that like a
10 Listserv went out with the clarifications. That's why I'm
11 saying I didn't know there were two versions of the
12 application until recently.

13 Q Okay. But you were aware of confusion dating back
14 to when?

15 A I don't know. Sometime after -- you know, I think
16 it was shortly after that application came out.

17 Q Okay. Were you made aware of any requests to
18 clarify how the Department would issue the application prior
19 to the application being released?

20 A Say it again.

21 Q You're saying that you received calls questioning
22 whether or not a physical address was required, part of the
23 application, after it was released; right?

24 A Yes.

25 Q And that happened on July 5th; correct?

1 A Around there, yeah.

2 Q Okay. Prior to July 5th did you have communications
3 with potential applicants that wanted to know how those rules
4 are going to be interpreted?

5 A I believe so, yes.

6 Q And you had conversations with potential applicants
7 asking whether or not a proposed physical address would be
8 required?

9 A Yes. I believe so, yes.

10 Q How many of those conversations do you think you
11 had?

12 A I don't know. There were several.

13 Q Huh?

14 A There were several. Several.

15 Q You say several. How many?

16 A I don't know.

17 Q Who'd you have those conversations with?

18 A Different potential applicants.

19 Q Do you recall who?

20 A Amanda Connor was one, or attorneys for the
21 applicants. I think John Ritter. I don't know -- I don't
22 remember anyone else off the top of my head. I know there
23 were several.

24 Q Several. But those are the only two you remember
25 Amanda Connor and John Ritter that had asked whether or not a

1 proposed physical address would be required. And what'd you
2 tell them?

3 A That the application required that a physical
4 address be on the application, but it would not be scored.

5 Q Well, you say it wouldn't be scored. What more
6 information did you convey?

7 A That's it.

8 Q Did they have any followup questions about, when you
9 say that it won't be scored, if they're looking at my
10 application and I don't provide a physical address and you
11 don't require it to submit detailed plans about how this
12 marijuana establishment is going to impact the community, how
13 am I going to be scored? Did they have any followup
14 questions?

15 A Well, I think that requirement for, you know,
16 detailed plans was removed to general floor plans.

17 Q Okay.

18 A So, I mean, unlike 2014, they weren't required to
19 submit, you know, plumbing, HVAC, electrical, that type of
20 thing, just general floor plan.

21 Q What about impact on a community? Did they ask any
22 questions about how they might be evaluated with respect to
23 impact to the community if they didn't provide any address?

24 A No. Not that I remember.

25 Q So you don't remember any followup questions as to

1 how they believed the applications would be interpreted if
2 they did not provide a physical address on the application?

3 A Yeah. I don't -- I don't recall any.

4 Q Okay. But you gave at least Amanda Connor and John
5 Ritter guidance that physical address, although it was
6 required by law, wouldn't be scored and so they didn't need to
7 include it?

8 A No, I didn't say they didn't need to include it. I
9 said the application requires that they put a physical
10 address, but that it -- you know, that location was not
11 scored, it's not part of the scoring criteria.

12 Q Okay. And when you gave that guidance did you go
13 back to the Department and share that information with anybody
14 else that might have been receiving calls from applicants
15 about information in the application?

16 A Well, I'm sure we discussed it several times.

17 Q Okay. Who'd you discuss it with?

18 A Steve Gilbert, Kara, Damon.

19 Q And this was prior to the application being released
20 on July 5th?

21 A Yes. There was a lot of discussion around that --
22 during the Task Force and the public meetings or the
23 recommendations while we were doing the regulations.

24 Q But the two you just identified, Amanda Connor and
25 John Ritter, were the two co-chairs for the Task Force that

1 came up with the -- two co-chairs of the committee on the Task
2 Force that were designed to help implement the regulations
3 that are on the application; correct?

4 A Say it again.

5 Q The two individuals that you named, Amanda Connor
6 and John Ritter, are you aware that those are the two co-
7 chairs on the Task Force for the subcommittee that was
8 designed and intended to review the applications for the
9 recreational manager license applications?

10 A No, I didn't know Amanda was a co-chair. Well, I
11 don't remember.

12 Q But nevertheless, they're very involved in the
13 industry; correct?

14 A Yes.

15 Q You would have expected them to have attended those
16 Task Force meetings?

17 A Yes.

18 Q All right. And participated in any public hearings
19 where the rules might have been explained?

20 A Yes.

21 Q Okay. And yet they didn't understand whether or not
22 a proposed physical address would be required; correct?

23 MR. SHEVORSKI: Objection. Speculation.

24 THE COURT: Overruled.

25 THE WITNESS: They would tell me -- like Amanda

1 would say she's getting questions from her clients and she
2 just wants to confirm, right. And, you know, John also was
3 more like a confirmation.

4 BY MR. MILLER:

5 Q Yeah. But at least for individuals that were highly
6 involved in the process it's apparent to you that there was
7 some confusion in this area; is that fair?

8 A Yes.

9 Q And so it's a fair assessment that other people
10 might have also had the same confusion; correct?

11 A Yes.

12 Q Did you make any attempts to clarify it?

13 A I believe I did.

14 Q How'd you do that?

15 A Well, I don't -- maybe not necessarily that I think
16 the clarification I was sending out was more regarding whether
17 someone owned or leased a location. They were asking about
18 where to put it. I don't think I put out a clarification
19 regarding physical location must be on -- must be listed on
20 the application.

21 Q Okay. So you knew in advance of the application
22 being released on July 5th that there was confusion within the
23 industry as to whether or not a proposed physical address was
24 required and would be scored; correct?

25 A Yes.

1 Q And yet you took no corrective action that you can
2 identify for us in order to clarify that rule to the rest of
3 the industry; is that right?

4 A Right.

5 Q Okay. And you didn't review that with the Attorney
6 General's Office, either; correct?

7 A Review what?

8 Q The fact that you'd gotten a request for
9 clarification on whether or not this needed to be included --
10 that a proposed physical address needed to be included on the
11 application and whether or not that that may be also scored?

12 MR. SHEVORSKI: Objection to the extent it calls for
13 attorney-client privilege.

14 THE COURT: Sir, we don't want you to tell us
15 anything you talked about with your attorney, but if you spoke
16 to your attorney, that's a yes or no.

17 THE WITNESS: Would you repeat the question.

18 BY MR. MILLER:

19 Q You don't tell the Attorney General's Office, did
20 you, that there was confusion about this area of the law and
21 how it might be interpreted and ask them for any guidance, did
22 you?

23 MR. SHEVORSKI: Same objection, Your Honor.

24 THE COURT: Can you rephrase your question.

25 //

1 BY MR. MILLER:

2 Q Did you ask the Attorney General's office, yes or
3 no, for any guidance on whether or not the proposed physical
4 address needed to be included on the application?

5 MR. SHEVORSKI: I'm sorry, Your Honor. Same
6 objection.

7 THE COURT: Can you be a little less specific in
8 what he sought legal advice about.

9 BY MR. MILLER:

10 Q Did you consult with the Attorney General's Office
11 about the requirements as it pertained to proposed physical
12 location on the application?

13 MR. SHEVORSKI: Same objection, Your Honor.

14 THE COURT: Overruled. It's a yes or no, sir, on
15 whether you consulted with the AG's Office.

16 THE WITNESS: No.

17 BY MR. MILLER:

18 Q The exhibit itself -- sorry. The application
19 itself, turn to Exhibit 5, 5.3.3. This is a score criteria,
20 right, building establishment information, the adequacy of
21 size. Do you recall that was a scored part of the
22 application?

23 A Yes.

24 Q Okay. And in that area it says that you're supposed
25 to indicate the size or square footage of the proposed

1 establishment, which should include the maximum size of the
2 proposed operation; correct?

3 A Yeah.

4 Q And since that's a scored area of the application
5 that would relate to a physical address, that area would in
6 fact be scored; correct?

7 A Say it again.

8 Q Okay. So the size or square footage for the
9 proposed establishment should include the maximum size of the
10 proposed operation, doesn't that indicate that you needed to
11 have a proposed physical address?

12 A I don't think so. They could submit a plan with
13 what you're proposing to build or move into. It doesn't
14 necessarily have to be tied to a specific address.

15 Q Okay. The proposed physical address is required by
16 law, but it wouldn't be scored; is that correct?

17 A Right.

18 Q So are you telling us that with respect to this
19 provision, the proposed operation, you could just submit a
20 model plan and have that be evaluated on the same terms as
21 somebody who had an actual physical address?

22 A Yeah.

23 Q And that expectation was conveyed to the evaluators,
24 you believe?

25 A I don't know.

1 Q Okay. Because there could be big distinctions,
2 right, between somebody that had to provide a proposed
3 physical address versus somebody that was just able to operate
4 off of a model plan; correct?

5 A I think that the requirement as to the size -- I
6 believe what -- my staff would probably be better equipped to
7 answer this, I'll attempt -- that when they looked at adequacy
8 of size is that they have proper divisions, an area for
9 vaults, areas for consumer space, things like that. So -- so
10 I don't know.

11 Q But an applicant that's had to provide a proposed
12 physical address may have dealt with those real world
13 constraints; right? We've got this proposed physical address
14 but we're adapting a leased space and it doesn't have
15 sufficient back of the house space, but we're going to have to
16 list that and see where this is scored anyhow; right?

17 A I suppose they could have added a modification or --
18 to the building.

19 Q Well, if a proposed physical address is required,
20 we've got to deal with the real world, right, what we put on
21 our application if that was possible; correct?

22 A If it was possible, yes.

23 Q Right. They can't just invent and say, this doesn't
24 have enough space but let me just say that I think we're going
25 to expand into a neighborhood; correct?

1 A No. I was referring to more of, I have this current
2 space and we're going to, you know, add X amount of feet,
3 we're going to tear this wall down and so we going to add an
4 additional X square footage.

5 Q Nothing would have prevented the applicants that
6 actually had to secure a proposed physical address from
7 attempting to make whatever modifications would have been
8 necessary at that physical address in order to score at the
9 highest level; correct? In order to meet the criteria, in
10 order to best meet the criteria. Is that what you're telling
11 me?

12 A I don't understand the question.

13 Q If somebody has to provide a proposed physical
14 address, okay, they're faced with real world constraints,
15 nothing would have prevented them from trying to improve that
16 location so that it would be better scored when the evaluators
17 reviewed their criteria; correct?

18 A Correct.

19 Q All right. But somebody that's able to just propose
20 any physical location without any ties to the real world and
21 can just invent a model plan isn't faced with those same
22 restrictions; correct?

23 A Correct.

24 Q They can build -- they can put on paper they're
25 going to build the dream retail facility that isn't tied to

1 the real world and still have it be evaluated under your
2 analysis?

3 A Yes.

4 Q So these applications could have been entirely
5 fictional from your perspective, and they still would have
6 been evaluated against individuals who were faced with real
7 world constraints; right?

8 A I guess so. I mean, we hope that the applicants are
9 truthful in their representations to the Department, because,
10 you know, submitting false or misleading information can bring
11 consequences. Well, if you're not required to propose a
12 physical address, sir, it wouldn't be untruthful, correct, to
13 just list -- to just show a diagram that says, this is my --
14 this is a dream facility, not one that'll ever be possible of
15 being constructed in this jurisdiction to my knowledge, but
16 here it is? That's not untruthful, is it?

17 A No. But we don't know -- we don't know that it will
18 not come to fruition.

19 Q Okay. But if some applicants have been able to
20 submit a dream facility that hadn't been -- hadn't -- that
21 wasn't constrained by the real world and some applicants were
22 constrained by real issues in finding a proposed physical
23 location, that's not a fair process, is it?

24 MR. GRAF: Objection. Incomplete hypothetical, Your
25 Honor.

1 THE COURT: Overruled.

2 MR. GRAF: Thank you, Your Honor.

3 THE WITNESS: Repeat the question.

4 BY MR. MILLER:

5 Q Some applicants are allowed to submit an application
6 that doesn't provide a proposed address and they're able to
7 just list their dream facility, doesn't have any constraints
8 in the real world, other applicants submit an application with
9 a proposed physical address that is constrained by real world
10 issues in the location that they were able to find, how that
11 would be adapted to the criteria? Two different kinds of
12 applicants there. You understand that? You understand where
13 I'm going?

14 A Right. One has a building, let's say, right, and
15 one doesn't and is submitting proposed plans.

16 Q Yeah. And if one is allowed to submit completely
17 fictional plans and the other real world plans, that's not a
18 fair evaluation, is it?

19 A I don't know that I would call them fictional. I
20 mean, I don't know that that's not their plan.

21 Q Well, you're telling me that they weren't required
22 to provide a physical address that would indicate that that is
23 their plan; right?

24 A They're required to provide a physical address on
25 the application.

1 Q Well, if they provide a physical address does it
2 have to be the physical address of the proposed location? It
3 can be any address.

4 A You know, not -- even the application that -- the
5 location they put on the application doesn't necessarily mean
6 that's the location they're going to end up with, all right.
7 So even in 2014 it's my understanding you had applicants that
8 had a real location and then couldn't get zoning, couldn't get
9 their SUP. Hell, it's my understanding one burned down. So
10 it's not necessarily true that the location that you put in
11 your application is the location you're going to end up with.
12 I mean, a lot of things happen, right. People can't, you
13 know, come to terms on a lease or they can't get their SUP for
14 local reasons or, you know, something happens.

15 Q Sir, I'm talking --

16 THE COURT: And, sir, for those people who are
17 reading this in Carson City, SUP means a special use permit?

18 THE WITNESS: Yes, ma'am.

19 THE COURT: Thank you.

20 BY MR. MILLER:

21 Q Sir, I'm talking about fairness and impartiality in
22 this process. Can you run a fair process if some of the
23 applicants understand that they don't need a proposed physical
24 location while the other half are providing applications with
25 a proposed physical address?

1 MR. GRAF: Objection, Your Honor. Incomplete
2 hypothetical and misstates the law.

3 THE COURT: Overruled.

4 MR. GRAF: Your Honor, I'd ask for an offer of proof
5 as to where the word "fair" is anywhere in the statute.

6 THE COURT: Overruled.

7 MR. GRAF: Thank you, Your Honor.

8 THE WITNESS: Okay. Can you restate that.

9 BY MR. MILLER:

10 Q You were asked can you run a fair process where some
11 applicants know that a physical -- proposed physical address
12 is not required --

13 MR. GRAF: Same objection, Your Honor.

14 BY MR. MILLER:

15 Q -- and some applicants --

16 THE COURT: Overruled.

17 MR. GRAF: Oops. Sorry. Sorry, Your Honor.

18 BY MR. MILLER:

19 Q -- understand something completely different about
20 how the Department will evaluate it and provide a proposed
21 physical address?

22 A One more time, please.

23 Q You have some applicants who have a proposed a
24 physical address.

25 A Right.

1 Q They believe that is required, and they submit their
2 application that way. Other applicants understand that a
3 proposed physical address will not be scored, so they don't
4 provide a physical address. Is that a fair application
5 process, sir?

6 A Is it a fair application process? I think everyone
7 had the same opportunity to request clarification. I think
8 that everyone had access to the Department. I think everyone
9 had access to submit their questions. I think everyone had an
10 opportunity to attend 70-plus public meetings and workshops
11 regarding this issue. I think the application was a fair
12 process -- the application process was a fair process.

13 Q Moving to 5.3.4.3, "Procedures to ensure adequate
14 security measures for building security." Sir, wouldn't you
15 agree that the consideration of that plan would indicate that
16 there is some tie-in within the scoring criteria to an actual
17 proposed physical address versus a fictional one?

18 A No.

19 Q So if you develop a plan that is designed to ensure
20 adequate security measures of a proposed physical location
21 that is tied to an actual address, has a real neighborhood
22 around it, may have additional security concerns, that one is
23 the same as one that could be submitted that doesn't have any
24 physical address associated with it at all?

25 A Pretty much, yeah.

1 Q Okay. 5.3.6.1, "Operations and resource plan.
2 Detailed budget for the proposed establishment, including pre-
3 opening construction and first year operating expenses." Do
4 you understand that when you budget for an opening of a
5 facility that you get some indication of costs, right, and
6 sometimes that can fluctuate, depending upon where your
7 location is located; correct?

8 A Sure. I think there's a lot of factors that go into
9 that.

10 Q Okay. So, again, someone that submitted a proposed
11 physical location that was tied to real world requirements and
12 was required to develop a detailed budget wouldn't be on a
13 level playing field with someone who's just pulling numbers
14 out of thin air; correct?

15 A I don't think so. All these applicants are already
16 certificate holders. They've set up marijuana establishments,
17 they know what costs are involved. I think they're capable to
18 -- capable enough to submit a detail budget, an accurate one.

19 Q Well, how would you know whether or not that
20 reflected real world constraints if a physical address wasn't
21 required?

22 A Like I said, they already -- they're already
23 establishment owners. I think that they can accurately
24 reflect what it would cost to operate a business and the first
25 year operating expenses.

1 Q We heard testimony from one of the applicants, like
2 Viellion, who is a developer --

3 A I'm sorry. Like who?

4 Q Mike Viellion. [Unintelligible]. He indicated that
5 the building expenses are different [unintelligible] which
6 location you pick. That if you choose a location that's by
7 the Strip, you may have increased business costs, increased
8 construction costs, that there are certain fees associated
9 with it; choose one, you know, that's a more remote area of
10 Las Vegas, that that might carry less expense. Is that an
11 accurate assessment of your understanding, as well?

12 A Well, I would agree that property near the Strip is
13 going to be more expensive to acquire and build on.
14 Construction costs tend to vary. Raw materials costs tend to
15 vary. They make the best estimate.

16 Q But -- so if those costs vary, you've got one group
17 of applicants that's required to submit a proposed physical
18 address that is tied to that address and another group of
19 applicants that's just listing a theoretical exercise of what
20 a budget may look like, that's not an apples-to-apples
21 comparison, is it?

22 A The comparison being someone with a location in
23 hand, if you will, versus someone who doesn't? I think it'd
24 be fairly close.

25 Q Fairly close can make a difference; right? If

1 somebody's able to submit numbers and say, here's my
2 theoretical budget of what it might look like if I have to
3 actually find a proposed address, might be quite different and
4 that could result in a difference in scoring here; correct?

5 A Well, I don't -- I don't know if that -- even if
6 that applicant that has a location already, is it built out,
7 have they done the tenant improvements? Those costs tend to
8 vary, you know, the way whatever construction and raw material
9 varies. So, you know, I don't know to what extent are they
10 built out, are the tenant improvements done, are the security
11 features built in. I mean, those are all costs that everyone
12 bears in this industry whether they have a location in hand or
13 they're looking to build or lease and build out.

14 Q But my question was some applicants were limited by
15 real world constraints, some of the ones you just cited. They
16 don't know if that location already has tenant improvements,
17 you don't know about any number of things until you actually
18 have a proposed physical location and you say, here's what our
19 budget's going to look like, here's our expenses, here's our
20 pre-opening costs, here's our construction costs, we know this
21 because we have a proposed physical address. You have another
22 group of applicants that just say, theoretically this is kind
23 of what we think it's going to cost. Two different scenarios,
24 aren't they?

25 A Well, yes, like I said. But I think they can

1 accurately reflect what those costs would be.

2 MR. MILLER: Pull up the transcript of May 30th,
3 page 157.

4 THE COURT: Is this Mr. Gilbert?

5 MR. MILLER: Sorry. This is Mr. Viellion.

6 THE COURT: Okay.

7 BY MR. MILLER:

8 Q Line 6, "...spent a lot of time, effort, and money
9 taking the specific location that we had secured and adapting
10 them to the method in which we like to operate, and that
11 includes basically measurements, layouts, function, and flow
12 in terms of the Department's requirements with respect to
13 security that in this industry are more rigorous than they are
14 in just the regular retail industry for obvious reasons, you
15 know, cash and product."

16 See, sir, that's an applicant that had an
17 understanding that a physical location was required, and he's
18 detailing some of the constraints that he faced in dealing
19 with the real world constraints. He's not on a level playing
20 field with somebody that had an understanding that a physical
21 address wasn't going to be required and scored [inaudible];
22 correct?

23 A Those costs will be --

24 MR. GRAF: Your Honor, I object as to form.

25 THE COURT: Overruled.

1 MR. GRAF: Thank you, Your Honor.

2 THE COURT: And, Mr. Miller, when you get a breaking
3 place let us know, because it's almost 3:00 o'clock.

4 MR. MILLER: Okay. Soon as he answers I'll take a
5 break.

6 THE WITNESS: Can I answer?

7 THE COURT: Yes.

8 BY MR. MILLER:

9 Q Yes.

10 A Yeah. I think those costs would be borne
11 regardless, whether you have a proposed location or a location
12 in hand.

13 MR. MILLER: We can take a break.

14 THE COURT: Is it time for a break? This is not a
15 requested recess.

16 (Court recessed at 2:58 p.m., until 3:11 p.m.)

17 THE COURT: Mr. Miller, are you ready?

18 (Pause in the proceedings)

19 THE COURT: All right. Mr. Miller, you're up.

20 BY MR. MILLER:

21 Q Again, sir, showing you the application itself on
22 Attachment A. So you understood that there was some confusion
23 within the industry about whether or not a proposed physical
24 location was required or would be scored, and yet the
25 attachment itself requires that you list a proposed physical

1 address and has a box for it; right?

2 A Yes.

3 Q Now, if a proposed physical address wasn't going to
4 be scored at all, why do you even have that box?

5 A Because the regulation says that it needs to be on
6 the application.

7 Q Yes. And you left that provision in there because
8 it said proposed physical address must be submitted as part of
9 the application.

10 MR. GRAF: Your Honor, can we have clarification as
11 to whether it's 5A or --

12 THE COURT: Is this 5A, or 5?

13 MR. MILLER: This is 5A.

14 THE COURT: Shane?

15 IT TECHNICIAN: 5.

16 THE COURT: 5. We're not asking you. We're asking
17 Shane. He said it was 5.

18 MR. MILLER: You're right about that. All right.
19 Exhibit 5.

20 THE COURT: Attachment A to Exhibit 5.

21 MR. MILLER: Attachment A to Exhibit 5.

22 BY MR. MILLER:

23 Q So you left that in there because it was required in
24 the reg that a provide a proposed physical address as part of
25 the application?

1 A The regulation detailed all the items that must be
2 on the application itself. And that is one of them.

3 Q But you didn't provide any additional clarification
4 that what you really meant is this is just compliance with the
5 regulation that says you've got to have an address, but we're
6 in no way requiring that you actually have a physical address;
7 right?

8 A No. I mean, I think we -- we expect applicants to
9 fill out their application completely, you know, fill in what
10 we ask for. It asks for a proposed physical address, then
11 provide one.

12 Q I asked you didn't provide any additional
13 clarification to the applicants if a proposed physical address
14 was only listed in order to comply with that provision of the
15 regulation that the applicants wouldn't need to actually have
16 a proposed physical address that would be evaluated as part of
17 their application; is that correct?

18 A Yeah. I don't -- it's two separate things. One is
19 that the application requires a proposed physical address.
20 The other is that the location for scoring criteria purposes
21 is not scored.

22 Q So are you saying that proposed physical address
23 under your interpretation that would have been listed on the
24 application did not need to be tied to an address that would
25 have, for example, been accurate plans and the like; correct?

1 A Correct.

2 Q You didn't provide that clarification anywhere in
3 the application; correct?

4 A No.

5 Q Nowhere in here I'm going to find that once a
6 proposed physical address it doesn't mean that that physical
7 address has to be associated with any of the criteria that
8 we're evaluating here?

9 A Correct.

10 Q I want to bring your attention to diversity. You
11 previously heard testimony that the scores related to
12 diversity don't necessarily correspond to a diversity
13 ownership. I'm going to show you testimony on May 28th,
14 page 65, at line 9.

15 THE COURT: And is this Mr. Gilbert's testimony?

16 MR. MILLER: This is -- this is Mr. Plaskon's
17 testimony.

18 THE COURT: Okay. Thank you.

19 BY MR. MILLER:

20 Q The question was, "So even a corporation that's
21 solely owned by a white male, just as long as he puts 10
22 females on the board of directors he gets 20 points; is that
23 right?"

24 And he says, "I believe our procedures show that
25 owners, officers, and board members are all considered in the

1 diversity."

2 Is that your understanding of how the diversity
3 section would have been scored?

4 A I would believe so. Owners, officers, and board
5 members are considered.

6 Q So if you had a corporation that was solely owned by
7 a white male and you put 10 females on the board, you would
8 have gotten the full points; is that correct?

9 A I would think so, yeah.

10 Q We also heard a summary opinion of Dr. Christian
11 Wuthrich, who developed diversity training programs for
12 several higher-education programs and taught student
13 development theory. Let's show you his assessment on page --
14 on May 30th, page 26, line 1.

15 He was asked after a series of foundational
16 questions that he had reviewed the criteria along with the
17 desktop scoring criteria that was used in the evaluation
18 process and the definition of what constitutes diversity and
19 rendered his opinion about how effective that evaluation would
20 have been in trying to achieve diversity.

21 And he testified -- page 26, line 1, "I think as
22 this was administered it's horribly antiquated and
23 ineffective, and the results will not lead to this agency to
24 achieve diversity."

25 And he also testified that to his knowledge no

1 government used the 55-year-old definition of "diversity" that
2 was used in this application except for your Division. Who
3 came up with that criteria?

4 A The definitions?

5 Q Yes.

6 A I provided those.

7 Q Okay. So you provided the definitions of what would
8 constitute diversity?

9 A Yes.

10 Q By yourself? Did you consult with the Attorney
11 General's Office on that?

12 A No. I looked -- I tried looking at the Nevada EEOC
13 site. They referred to the federal guidelines. I looked at
14 the NRS, tried to find a definition. Didn't find anything.
15 So I made an attempt to find what the federal guideline
16 definitions.

17 Q Okay. So you just researched it by Google or
18 something?

19 A Right. I just went to the Internet.

20 Q And came up with a definition and then sent that out
21 and said, here's the criteria that we'll use?

22 A Yes.

23 Q And you determined that based on that definition and
24 how these applications would be evaluated according to that
25 definition that the diversity would be given 20 points; is

1 that correct?

2 A That diversity be awarded 20 points total, yes.

3 Q Yes. And when coming up with the methodology as to
4 how you would evaluate diversity you limited that to owners,
5 officers, and board members; is that correct?

6 A I'm sorry?

7 Q You limited the consideration of diversity, whether
8 or not a licensee is diverse, to whether or not the owners,
9 officers, or board members of that licensee met your
10 definition of diversity; is that correct?

11 A Yes.

12 Q All right. But nothing would have prevented you
13 from further defining those terms, "owner, officer, or board
14 member"; correct?

15 A Correct.

16 Q And nothing would have allowed you to define it
17 differently to consider the diversity of the organization as a
18 whole, also; is that correct?

19 A What do you mean the organization as a whole?

20 Q Well, the licensee as a whole, whether they're
21 employees or how strongly they value diversity, any of that
22 kind of criteria that also could be used. And we heard some
23 of the testimony from the professor as to how diversity is
24 ultimately [unintelligible] in other areas. You could have
25 defined it much differently; correct?

1 A I suppose, yes.

2 Q Do you believe that the conditional licenses that
3 were issued as the result of this application process, that
4 you achieved diversity?

5 A I believe they achieved some, yes.

6 Q Show you Exhibit 253, 42986.

7 THE CLERK: It's proposed.

8 THE COURT: Any objection?

9 MR. SHEVORSKI: No objection, Your Honor.

10 THE COURT: Be admitted.

11 (Plaintiffs' Exhibit 253 admitted)

12 MR. MILLER: I'm going to be looking for a grid up
13 on that document -- I can't see -- that would isolate among
14 owners showing diversity statistics. Exhibit 253, 42986.

15 BY MR. MILLER:

16 Q So without looking at this grid -- we may not need
17 it -- are you familiar that the Department of Taxation
18 prepared some statistics identifying the diversity of the
19 ownership interests among the licensees that were awarded
20 conditional licenses?

21 A I believe I remember seeing something. I don't
22 recall the details.

23 MR. MILLER: Okay. So try 42988. The top. Isolate
24 those up at the top.

25 //

1 BY MR. MILLER:

2 Q If you isolate among owners, only 20 percent of the
3 licenses were awarded to female owners. I don't think it's
4 going to show that there. It'd be way up at the top in one of
5 those boxes.

6 There it is. Diversity. Awarded Owner Pool. You
7 see that it's only 20 percent female and 16 percent minority.
8 One of the conditional licenses 64 percent awarded to non-
9 minority. You think those statistics achieve the diversity
10 that you wanted to have evaluated as part of this application?

11 MR. KOCH: Objection. Lacks foundation.
12 Speculation as to the law.

13 THE COURT: Overruled.

14 THE WITNESS: I believe it's a definite improvement.

15 BY MR. MILLER:

16 Q The law required you to conduct a numerically scored
17 application process; right? Familiar with that requirement?

18 A Yes.

19 Q If the DOT conducted a numerically scored bidding
20 process that the final scores to determine the winners weren't
21 accurate, that process wouldn't comply with the law obviously;
22 correct?

23 MR. GRAF: Objection, Your Honor. Calls for a legal
24 conclusion.

25 THE COURT: Overruled.

1 MR. GRAF: Thank you.

2 BY MR. MILLER:

3 Q Showing you Proposed Exhibit 220. It's Nevada
4 Organic Remedies' just the final score sheets that we were
5 using yesterday.

6 THE CLERK: 220 was admitted on May 31st.

7 MR. MILLER: I'm sorry?

8 THE CLERK: Exhibit 220 has been admitted.
9 [Inaudible].

10 THE COURT: So it's previously been admitted.

11 MR. KOCH: Okay. It's just the tally sheet, looks
12 like?

13 MR. MILLER: Yeah. It's the tally sheet. Yeah.
14 This should be the tally sheet on page 10.

15 BY MR. MILLER:

16 Q Okay. You see this is -- Nevada Organic Remedies
17 submitted a number of licenses. This is Application Number
18 215. You see there at the top under "Building Plan Details,"
19 can you read me those scores from each of the different
20 evaluators. Evaluator 1 scored it as a 7; correct?

21 A Yes.

22 Q Evaluator 2?

23 A 8.

24 Q Evaluator 3?

25 A 8.

1 Q And turning quickly to Number 216, Application 216,
2 the next page. Evaluator 1 is a 7, Evaluator 2 an 8, correct,
3 and Evaluator 3 an 8; is that correct?

4 A 7, 8, and 8.

5 Q Yep.

6 A Yes.

7 Q Is that right? All right. And then 217, just to go
8 through this exercise, the next one, is a 9, 8, 8; correct?

9 A 9, 8, 9, yes.

10 Q And that applies to the building plan details
11 section.

12 So we've got different scores, then they've got a
13 series of applications that follow that have that same score,
14 9, 8, 9. Accept my representation there on the final tally
15 sheet?

16 A Yes, 9, 8, 9.

17 Q They got a different scoring on applications 215 and
18 216 than the rest of the applications. In his testimony last
19 week Andrew Jolley testified that he submitted identical
20 applications and simply checked the boxes for different
21 jurisdictions. He was asked if it surprised him they received
22 identical scores, and he indicated it didn't because the
23 applications were identical, but also pointed out that scores
24 were slightly different.

25 MR. MILLER: Can we pull up the transcript where

1 he's describing this on June 10th, page 33, line 5.

2 (Pause in the proceedings)

3 BY MR. MILLER:

4 Q Well, without the benefit of the transcript, you
5 know, he indicated the scores were slightly different, and
6 then he goes on to describe that he theorized that the size of
7 the building might have been evaluated differently in
8 accordance with the building plan being in different
9 communities. He brought it back to [unintelligible] I don't
10 know understand how these scores could have been different if
11 we submitted identical plans in every jurisdiction. And they
12 theorized, well, maybe the evaluators looked at it differently
13 because maybe our building plan would have fit differently in
14 one community versus another. You understand my synopsis of
15 his testimony?

16 A Right.

17 Q Okay. But we know through the evaluation sheets
18 that that didn't occur; right? You know that they didn't
19 evaluate identical plans differently based on different
20 jurisdictions; correct?

21 MR. KOCH: Objection. Lacks foundation.

22 THE COURT: Overruled.

23 THE WITNESS: Yeah. No, I don't know what the
24 evaluators were looking at as far as --

25 //

1 BY MR. MILLER:

2 Q But if somebody had submitted -- if somebody had
3 submitted identical plans so they were in essence evaluating
4 identical criteria, you wouldn't have expected them to
5 evaluate differently in one jurisdiction versus another, would
6 we?

7 A You know, I don't know unless there's something
8 special with these jurisdictions that affect the adequacy of
9 size. You know, I don't know. I would -- on the face of it I
10 would agree, you know, if you have identical plans across
11 jurisdictions you -- you know, they'd be the same.

12 Q In fact, it should have been the same; right? You
13 would expect identical scores if they -- if it was permissible
14 to submit identical plans and identical information for
15 different jurisdictions, the scoring should have been the
16 same; correct?

17 A Well, on the face, on the surface, you know, I would
18 tend to agree, but I don't want to substitute -- I don't think
19 it's fair to any of the applicants that I try to substitute my
20 judgment for that of the evaluators. I don't know what they
21 were thinking, what they saw, you know, what their perspective
22 of what they were looking at was, you know.

23 Q They were expected after two weeks of training to
24 appropriately apply the law in respect to those applications;
25 correct?

1 A Right. We also expect them to use their training
2 and experience. I believe we had someone that had years of
3 experience in construction. So, you know, you have that human
4 element. They have their perspective in what they're looking
5 at. Like I said, I don't think it's fair to anyone here for
6 me to substitute my judgment for theirs of what they saw.

7 Q So you weren't going to go and question it at all,
8 if somebody submitted an identical application and it was
9 graded differently?

10 A I'm not going to question the evaluators, no.

11 Q And you wouldn't review and ask those evaluators how
12 did you come to a different conclusion even though somebody
13 submitted identical applications?

14 A No, I would not, sir.

15 Q So it wouldn't generate any red flags that identical
16 applications were reviewed by this evaluator and he came to
17 different results?

18 A That's their -- that's their prerogative, I guess,
19 how they evaluate those.

20 Q Because in the instance I just showed you, Evaluator
21 1 scored a 7 on that same criteria on an identical application
22 on 215 and 216, and on the remainder of the applications he
23 scored that same application, according to the final tally
24 sheet, a 9.

25 A Right.

1 Q You see those scores, you don't think the Department
2 had any obligation to go any further and say how did you score
3 identical applications differently?

4 A No. I think that hurts the process.

5 Q What hurts the process?

6 A To interject ourselves into the evaluators'
7 evaluation process. You know, I don't know -- I don't know
8 that -- they're independent, supposed to be independent. And
9 again, I don't know if there was something different, remotely
10 different. I don't know what that evaluator saw to cause them
11 to score it differently.

12 MR. MILLER: Pull up Exhibit 254; 28364. This is
13 the handwritten scoring criteria, the sheet. Is this 28364?

14 I.T. TECHNICIAN: No. One moment.

15 BY MR. MILLER:

16 Q I think the score is on the next page. We'll start
17 at the top just so you can verify that this applies to
18 Application 215. It says, Application 215 and it's the first
19 evaluator, Mr. Lemons. Look at the score that he writes down
20 on the sheet at the bottom there. Next page. The final score
21 sheet indicated that he scored this application a 7, but in
22 fact it looks like he scored it as a 9. Do you see that?

23 A Yes.

24 Q 28474. A different evaluator, same application.
25 This is Evaluator Number 3. Your final score sheet indicated

1 that this evaluator scored that as an 8.

2 A Is that an 8?

3 Q You can't really tell, can you?

4 A Uh-uh.

5 Q It looks like a 9. But fortunately you've got a

6 process for this, there's a master sheet. If you'll turn to

7 28220. Again, 9, 8, 9. Do you see that?

8 A Yes.

9 Q So your final tally sheet recorded those as 7, 8, 8;

10 correct?

11 MR. GRAF: Objection, Your Honor. Misstates the

12 evidence.

13 THE COURT: Overruled.

14 BY MR. MILLER:

15 Q Let's go to Application 216; 28239.

16 A 215?

17 Q I'm sorry?

18 A The score -- you're saying that this doesn't match

19 what's on 215 score sheet? This is for 215.

20 Q These are the master tally sheets, correct, that

21 they all signed off on. It includes all their signatures and

22 they hand wrote the final scores for this applicant --

23 A Right.

24 Q -- on 215?

25 A For RD215. Yes.

1 Q RD215. And you recall that on RD215 the final score
2 sheet and the ultimate tally for which you issued the licenses
3 said that the evaluators scored 215 in this same category as
4 7, 8, 8.

5 A Can I --

6 MR. GRAF: Your Honor, same objection.

7 THE COURT: Overruled.

8 MR. GRAF: Thank you, Your Honor.

9 THE WITNESS: Can we go back to do a side-by-side
10 comparison of that tally sheet?

11 MR. MILLER: Sure. Can you show them side-by-side,
12 Shane?

13 I.T. TECHNICIAN: What was that earlier exhibit?

14 MR. MILLER: That's exhibit --

15 MR. GRAF: 28634, 28774 and 28220.

16 MR. MILLER: That's going to be a lot.

17 MR. GRAF: Those are the pages that we need compared.

18 THE COURT: No, those were the individual score
19 sheets. I think --

20 MR. GRAF: But that's what I think he wants to see.

21 THE WITNESS: Right. If we can see the, whatever
22 it's called, tally sheet that we were talking --

23 THE COURT: The summary tally sheet?

24 THE WITNESS: That he showed me earlier to see --

25 MR. MILLER: Yeah.

1 THE COURT: The first one.
2 THE WITNESS: The first one, yes.
3 BY MR. MILLER:
4 Q The first one is I believe 28364. No. It's Exhibit
5 220.
6 THE COURT: Are we displaying 220 right now?
7 MR. MILLER: Yes.
8 THE COURT: Okay.
9 MR. MILLER: We're displaying Exhibit 220 with a
10 side-by-side comparison with the master tally sheet, which is
11 Bates stamped 28220.
12 THE COURT: Thank you.
13 BY MR. MILLER:
14 Q Do you see that, sir?
15 A Okay. 215, 215. Okay.
16 MR. MILLER: I think he wants to see the master
17 sheet.
18 THE WITNESS: He moved up. Yeah.
19 MR. MILLER: If you can leave the master sheet up,
20 which is 28220.
21 THE COURT: So, sir, is that what you asked to
22 compare the two?
23 THE WITNESS: Yes. Yes.
24 THE COURT: All right. Just a moment. You can look
25 at it and then tell us when you're done.

1 THE WITNESS: Can you move it over so I can see what
2 the criteria is there, make sure it's the same one.

3 MR. MILLER: Which side? I don't know what cuts
4 off.

5 THE WITNESS: We're looking at building construction,
6 is it?

7 MR. MILLER: Oh, he wants to see it and verify, I
8 believe, that that's the criteria sheet for building
9 construction.

10 THE WITNESS: On the master, on the master sheet,
11 what does that say there? Yeah, it's cut off on my screen.
12 Can I get up and look at this?

13 THE COURT: You can. Here, sir, if you want to use
14 my magnifying glass --

15 THE WITNESS: No, it's just cut off there.

16 THE COURT: Okay.

17 MR. GENTILE: This is unbelievable.

18 THE WITNESS: Thank you, Your Honor.

19 THE COURT: You okay?

20 THE WITNESS: Yes, ma'am.

21 THE COURT: All right.

22 THE WITNESS: Okay.

23 BY MR. MILLER:

24 Q Do you see that now, sir?

25 A Yes.

1 Q All right. So it appears as though the master sheet
2 that was provided to us that contains all the signatures of
3 the evaluators does not correspond to the final tally sheet
4 upon which you based your award of the licenses, is that
5 correct?

6 A It appears that the master does not match the tally
7 sheet for that criteria.

8 Q Okay. And same for 216; 28239?

9 I.T. TECHNICIAN: 2823 what?

10 MR. MILLER: I'm sorry? Application Number 216.
11 Yeah, okay.

12 BY MR. MILLER:

13 Q Do you see the master sheets, 9, 8, 9 and then the
14 next one that has the quote 216 as well?

15 A Okay. Thank you. Yeah, that doesn't appear to
16 match, either.

17 Q Okay. So [unintelligible] context, Mr. Jolley posed
18 a question as to if you submit identical applications, how
19 could they be different? He was awarded licenses. He
20 reviewed it with his own staff. And we see that the
21 difference here appears to indicate that your final records
22 didn't reflect the scores that were actually provided by the
23 evaluators; right?

24 A Right. It appears that way.

25 Q So if we look through all these applications, there

1 might be other instances of errors where an evaluator's score
2 wasn't accurately reflected on the final tally sheet; correct?

3 A Possibly. I mean, the human element, right?
4 Mistakes may happen. Licensees weren't promised perfection,
5 I'll tell you that.

6 Q Well, you could have imposed some quality controls,
7 though; correct?

8 A I'm sorry?

9 Q You could have imposed some quality controls;
10 correct?

11 (Cell phone rings)

12 THE COURT: Mr. Kemp.

13 MR. KEMP: Sorry, Your Honor.

14 (Pause in the proceedings)

15 THE COURT: Mr. Miller, if you and the witness are
16 ready, we'll start again.

17 MR. MILLER: Scratch that, Judge.

18 Move to the transcript on May 29th, page 85, line 4.

19 I.T. TECHNICIAN: 85, line 4?

20 MR. MILLER: Yes.

21 BY MR. MILLER:

22 Q This is testimony from Mr. Plaskon on May 29th, page
23 85, line 4.

24 A Which number?

25 Q I'm sorry. It should be up on the screen. Mr.

1 Gentile asked him about, "Which part did you miss?" And he
2 says, "It was where they started to walk through -- they had
3 already gone through, I believe, one application, possibly,
4 the mock application. But it was where they were going
5 through the mock application with Kara and Steve and Damon and
6 Dave." Read the rest if you can. I can't see it from here.

7 A Do you want me to keep reading?

8 Q Go ahead, read the rest.

9 A "So other Department personnel" -- "Yes." -- "were
10 participating in training the evaluators"-- "Correct." "--
11 when you were gone. Do you recall when you were talking to my
12 friend, Mr. Gentile, he was discussing that there was an
13 interview that took place a minute after I believe it was Pam
14 had decided to jettison her current position?"

15 I.T. TECHNICIAN: I'm sorry, Your Honor, but I think
16 you need the morning session.

17 THE COURT: Hold on a second. Let's switch.

18 MR. MILLER: The other transcript. It doesn't sound
19 right, Judge.

20 THE WITNESS: Yeah, it was a little confusing.

21 MR. MILLER: There we go. Now it looks like I can
22 see it upright.

23 BY MR. MILLER:

24 Q (Reading) "Okay, great. Once the evaluators have
25 done their scoring, then it's provided to the administrative

1 assistants and they enter it into the spreadsheet and that
2 application has some calculations that were associated with
3 it. So the calculations -- [inaudible] for 2014 and they are
4 wrong and she recognized that immediately and wanted to talk
5 to me about fixing the calculations before she did?" Do you
6 see that?

7 A Yes.

8 Q So we have some testimony there's some other errors
9 that the Department knew about it appears; correct?

10 A I'm sorry?

11 Q We have testimony here about other errors in the
12 application process that were identified by the Department;
13 correct? Do you understand the context here?

14 A Well, I'm trying to put in place where -- what
15 exactly they're talking about.

16 Q She's talking --

17 A (Witness reading to himself). You know, I don't
18 understand what they're talking about. It looks like -- and
19 so the calculations were from 2014.

20 Q Well, it appears to be a synopsis that there was a
21 mistake and Mr. Plaskon was trying to fix it, how the scores
22 were ultimately inputted into your system and report the final
23 scores. Do you accept that? Would you accept that that's
24 essentially what he testified to?

25 MR. KOCH: Objection. Mischaracterizes the

1 testimony.

2 THE WITNESS: No. I don't --

3 THE COURT: Overruled.

4 THE WITNESS: I don't know.

5 BY MR. MILLER:

6 Q Well, we can go through it and drag it out. You
7 won't accept that?

8 A It's not clear to me what he was talking about.

9 Q Okay. We'll let it stand for itself. But if the
10 Department had evidence that it was using an inaccurate
11 numerically scored scoring process, you wouldn't proceed
12 without correcting it; right?

13 A If --

14 Q You were using an inaccurately scored scoring
15 process, you would correct that, wouldn't you?

16 MR. GRAF: I'm going to object as to form, Your
17 Honor.

18 THE COURT: Overruled.

19 MR. GRAF: Thank you, Your Honor.

20 THE WITNESS: Yes.

21 BY MR. MILLER:

22 Q Because otherwise you would award licenses on
23 inaccurate results; right?

24 A Potentially.

25 Q We heard that Manpower's employees conducted their

1 own quality assurance; right?

2 A That's what you said, yes.

3 Q Are you aware that that wasn't the case in 2014?

4 A No, I do not.

5 Q -- when the applications were evaluated?

6 A I do not know.

7 Q In 2014, the application process was subject to an
8 extensive quality control process. Are you familiar with
9 that?

10 A No.

11 MR. MILLER: Can we bring up 250; 21451.

12 THE CLERK: I'm sorry, which exhibit number, Mr.
13 Miller?

14 MR. MILLER: Proposed Exhibit 250.

15 THE CLERK: Proposed.

16 MR. MILLER: It's 21451.

17 THE CLERK: Exhibit 250 is proposed.

18

19 THE COURT: Any objection?

20 MR. SHEVORSKI: No, Your Honor.

21 THE COURT: It will be admitted.

22 (Plaintiffs' Exhibit 250 admitted)

23 BY MR. MILLER:

24 Q I'm showing you part of a PowerPoint training where
25 it identifies a flow chart of a process that QuantumMark

1 recommended be implemented in the 2014 application process and
2 that deals with quality assurance. Do you see that?

3 A Yes.

4 Q It appears to be a rather extensive process, does it
5 not?

6 A It appears to be.

7 Q And if they find mistakes, there's areas in there
8 where they address them?

9 A Can you ask the question again? I don't --

10 Q It shows in there that if they identify mistakes
11 through this process with the quality assurance program that
12 they make efforts to fix those mistakes; correct?

13 A I see where it says corrective action, but it's
14 regarding a schedule for the week, attend and observe
15 meetings, answer questions as asked and provide verbal
16 feedback. I don't see where, you know, it says, hey, mistakes
17 identified, this is the corrective action you take.

18 Q Well, addressing mistakes through some process is
19 the appropriate course of action if you're going to run an
20 application process that is dependent on accurate numbers, is
21 that correct?

22 A The -- are we still talking about this process or in
23 general?

24 Q No, I'm just saying -- addressing it in general.
25 You've got to address it; right?

1 A Yes.

2 Q If you find a problem with it, you've got to address
3 it?

4 A Yes.

5 Q All right. And that's important here because some
6 scores were close; right?

7 MR. MILLER: Can we have Exhibit 15?

8 BY MR. MILLER:

9 Q We're going to look at the results in Henderson.
10 The difference between Clear River being awarded a license, it
11 was awarded 210.16 versus QualCan 209.66. This is a very
12 close distinction, sir, isn't it?

13 A Pretty close, yes.

14 Q So a point or two can really matter here; right?

15 A Yes.

16 Q And Las Vegas. Circle S Farms.

17 MR. GRAF: Your Honor, I'd object at this point.

18 Qualcan is not a party to any of the matters involved in this
19 case.

20 THE COURT: Overruled.

21 MR. GRAF: Thank you, Your Honor.

22 BY MR. MILLER:

23 Q Circle S Farms, 208. Qualcan again 207.33. Okay?

24 A Yes.

25 Q And the Department even anticipated that a one point

1 difference could matter in determining who got a license
2 because you define criteria for what happen if you had a tie;
3 right?

4 A Yes.

5 Q And even though you anticipated those close results
6 and you might have needed strong quality controls to make sure
7 that you reported accurate numbers, you didn't even utilize
8 the full resources the State provided you to administer the
9 program; correct?

10 MR. KOCH: Objection. Argumentative. Lacks
11 foundation.

12 THE COURT: Overruled.

13 THE WITNESS: Yeah, could you be more specific?

14 BY MR. MILLER:

15 Q Did you utilize the full resources that the State
16 provided to you in order to implement this program and make
17 sure that you were doing an effective job?

18 A I believe we did.

19 Q Didn't you appear before the Interim Finance
20 Committee and seek and obtain approval to hire fifteen
21 temporary employees to evaluate these applications?

22 A I don't believe it was fifteen. I don't recall the
23 exact number. It may have been --

24 Q But you only utilized eight, is that correct?

25 A You know, I'm not even sure of that. Six, eight.

1 MR. MILLER: Show Exhibit 259.
2 THE COURT: Any objection?
3 MR. SHEVORSKI: No objection, Your Honor.
4 THE COURT: It will be admitted.
5 (Plaintiffs' Exhibit 259 admitted)
6 MR. MILLER: Page 227. Is this is the Interim
7 Finance Committee documents, page 227?
8 I.T. TECHNICIAN: 927?
9 MR. MILLER: 227. Page 227. Maybe I mixed these
10 up. Is it 260?
11 I.T. TECHNICIAN: Yes.
12 MR. MILLER: There we go.
13 BY MR. MILLER:
14 Q So you recognize this generally as a work program --
15 A Yes.
16 Q -- document that would have been provided to the
17 Interim Finance Committee?
18 A Yes.
19 Q And do you recognize -- does this refresh your
20 recollection as to the work program that you would have
21 submitted to the Interim Finance Committee?
22 MR. SHEVORSKI: I'm sorry, I don't think that's 260.
23 THE COURT: Page 260?
24 MR. SHEVORSKI: Oh, page 260 or is it Exhibit 260?
25 I.T. TECHNICIAN: It's not admitted, Ross.

1 MR. MILLER: Huh?

2 THE COURT: Exhibit 260? Any objection to 260?

3 MR. SHEVORSKI: No, Your Honor. I was just trying
4 to figure out what was going on.

5 THE COURT: It will be admitted. It's part of the
6 Interim Finance Committee presentation and agenda.

7 MR. SHEVORSKI: Yeah. No, 260 is fine.

8 THE COURT: Okay. Let's go.

9 BY MR. MILLER:

10 Q This shows that you were authorized fifteen
11 employees by the Interim Finance Committee in order to be able
12 to administer this program; correct?

13 A Yes.

14 Q You don't recall specifically -- it looks like you
15 only utilized eight, is that correct?

16 A Yes. Something like that.

17 Q There were three evaluators on either side; correct?

18 A Right. Yeah, and I think a couple of support.

19 Q So the Department chose to not use seven positions
20 that were authorized that could have been used in this
21 evaluation process; correct?

22 A I believe there was an issue. I recall a
23 conversation or something that I believe that there were --
24 between our ASO, conversations between our ASO and Steve
25 Gilbert or whatever that they were having problems getting --

1 getting qualified people at whatever rate they were offering
2 at the time, so I think they used some of those funds to pay
3 the more qualified people a higher rate. I think that's what
4 happened there.

5 Q Okay. So maybe the qualifications would have
6 prevented you from being able to utilize your full resources;
7 right?

8 A I'm sorry?

9 Q As I understand it, you're saying that the inability
10 to hire the right people with the right qualifications for the
11 job that you needed prevented you from using the additional
12 resources that you were allocated; correct?

13 MS. SHELL: Objection. Misstates testimony.

14 THE COURT: Overruled.

15 Sir, can you explain what you meant, though?

16 THE WITNESS: Yes. So let me see if I could --
17 they had identified the qualified individuals that met the
18 requirements that they were looking for. I believe those
19 individuals were reluctant to do the job for the rate that was
20 being offered, so I believe that the contract funds -- some of
21 the contract funds were used to increase the rate that they
22 were being paid so they would do the job.

23 THE COURT: So is what you were saying, you paid
24 them a higher hourly rate as a temp employee than what is
25 listed on the chart that was presented at Interim Finance?

1 THE WITNESS: I believe so.

2 THE COURT: Okay.

3 BY MR. MILLER:

4 Q You were allocated a total budget funds of two
5 hundred and some thousand dollars. It's true that you didn't
6 utilize all those funds; correct?

7 A I don't know.

8 Q You don't have any reason to believe that you didn't
9 utilize all those funds; correct?

10 MR. GRAF: Objection, Your Honor. Asked and
11 answered.

12 THE COURT: Overruled. You can answer, sir.

13 THE WITNESS: Yeah, I don't know anything about
14 those funds or were they all used, not, and what's left over,
15 if anything.

16 BY MR. MILLER:

17 Q You're aware that in the course of this case some
18 details about text messages were provided to us that were sent
19 from your phone, is that correct?

20 A Yes.

21 Q Do you recall a series of messages sent that related
22 a Facebook post by Dr. Nick Spirtos?

23 A Yes.

24 Q And Dr. Spirtos is a current licensee who was
25 unsuccessful in this last round; correct?

1 A Yes.

2 Q And at some point did you become aware of a FaceBook

3 post by Dr. Spirtos?

4 A Yes.

5 Q What did that FaceBook post say?

6 A I don't remember.

7 MR. MILLER: Show Exhibit 239.

8 THE COURT: Any objection?

9 MR. SHEVORSKI: No, Your Honor.

10 THE COURT: Okay. It will be admitted.

11 (Plaintiffs' Exhibit 239 admitted)

12 MR. MILLER: Turn to page 2 of the exhibit, text

13 message from Kara Cronkhite. No, these are the iMessages.

14 Can you turn to page 2 or Kara Cronkhite? Are they

15 categorized for you?

16 I.T. TECHNICIAN: This is page 2 of the exhibit.

17 Do you know --

18 THE COURT: This is page 2 of 239?

19 I.T. TECHNICIAN: Correct.

20 THE COURT: Do you want a different exhibit, Mr.

21 Miller?

22 MR. SHEVORSKI: I thought you wanted the FaceBook

23 post.

24 MR. MILLER: It's a text exchange that would have

25 come from Kara Cronkhite. Are they categorized or are they

1 just lumped together?

2 I.T. TECHNICIAN: Do you have a Bates number?

3 (Pause in the proceedings)

4 THE COURT: Mr. Parker, when it's your turn, how

5 long are you going to have with this witness?

6 MR. PARKER: I think less than an hour.

7 THE COURT: That's what you told me with Mr. Gilbert.

8 MR. PARKER: Mr. Gilbert was interesting.

9 MR. GENTILE: And this guy's not?

10 THE COURT: Hmm. Okay.

11 THE WITNESS: I've always said I'm not that

12 interesting.

13 MR. PARKER: Well, I don't know yet. I'll have to

14 find out.

15 THE COURT: So, sir, we're not starting until 9:30

16 tomorrow because I have a nine o'clock calendar and an 8:30

17 calendar. Or maybe we could start at 9:15. Only two things

18 on the nine o'clock calendar.

19 MR. SHEVORSKI: Whatever your pleasure is, Your

20 Honor.

21 (Pause in the proceedings)

22 THE COURT: Mr. Miller, did you find it?

23 MR. MILLER: Yeah. I'm sorry, Your Honor.

24 BY MR. MILLER:

25 Q All right. (702) 306-3085, is that your phone?

1 A Yes.

2 Q Okay. So that's a FaceBook post that was posted by

3 Dr. Spirtos, apparently; correct?

4 A Yes.

5 THE CLERK: I'm sorry. Is this Exhibit 239 or 240?

6 THE COURT: Which exhibit is this?

7 I.T. TECHNICIAN: 239.

8 THE COURT: Which one?

9 I.T. TECHNICIAN: 239.

10 THE CLERK: Okay. Thank you.

11 THE COURT: 239. Thank you. Let's keep going.

12 MR. MILLER: Okay. Scroll down.

13 BY MR. MILLER:

14 Q You sent that out to Damon Hernandez and Kara

15 Cronkhite, is that right?

16 A Yes.

17 Q And what did you say?

18 A "You guys have joined me in the most hated."

19 Q All right. And then the next text message?

20 A It's from Damon to Kara and myself. It says, "Yep.

21 It's a sense of relief now that it's out in the open."

22 THE COURT: Sir, you've got to speak up, please.

23 THE WITNESS: Me?

24 THE COURT: Yep.

25 THE WITNESS: Yes, ma'am. So it says, "Yep."

1 That's from Damon to myself and Kara. It says, "Yep. It's a
2 sense of relief now that it's out in the open."

3 BY MR. MILLER:

4 Q And the next message. You can read it all the way
5 down to the middle part of the page there.

6 A From Kara to myself and Damon: "Haha. At least he
7 spelled my last name wrong. It's that attention to detail
8 that scored him so low." And then from myself to Damon and
9 Kara: "LOL." From myself to Damon and Kara: "Yeah, right.
10 Dumb ass."

11 Q That's good. So obviously that exchange was mocking
12 Dr. Spirtos' lack of attention to detail in his applications
13 and the fact that it may have contributed to his lack of
14 winning. But the same obviously could be true of your
15 Department scoring on these applications, is that correct?

16 A Everybody has an opinion.

17 Q You saw that at least the Interim Finance Committee
18 had authorized seven additional positions. Actually the
19 budgeting process, you could have utilized those same
20 resources to do simple things like insuring that there were no
21 clerical errors, is that right?

22 A Whatever the budget allowed. The ASO obviously had
23 to make some adjustments in order to get the evaluators.

24 Q Okay. In the course of those adjustments, if you
25 had seven additional positions authorized whose job duty was

1 to simply compare the scores on the evaluators' final sheet
2 and make sure that it matched and corresponded with the final
3 tally sheet, presumably that wouldn't require any high level
4 of qualifications; correct?

5 A Right. I don't think that requires a high level of
6 qualifications.

7 Q Probably wouldn't need a higher education medical
8 degree like Dr. Spirtos; right?

9 A No.

10 Q Maybe a fourth grade degree to compare those and
11 make sure --

12 A Maybe. Yeah.

13 Q Yeah. The truth is we can't rely on the final
14 scores that you posted; correct?

15 A No, I believe you can rely on them. Mistakes
16 happen. Like I said, they weren't guaranteed perfection. The
17 human element is there, whether we want to see it or not.

18 Q You're aware that my clients tried to appeal the
19 determination that you made with respect to the issuance of
20 the licenses; correct?

21 A Yes.

22 Q And we sought review by the Task Commission;
23 correct?

24 A Yes.

25 Q And you denied that request; right?

1 A Yes.

2 Q And we also issued a request for public records so
3 that we could verify it ourselves; correct?

4 A Verify what? Public records for what?

5 Q Yeah, we issued a public records request so that we
6 could try to get access to information and figure out if any
7 mistakes had happened.

8 A I believe so. I don't recall specific ones, but.

9 Q But you don't recall --

10 A I don't see all the public requests.

11 Q I'm sorry?

12 A I don't see all of the public requests.

13 Q Okay. But you're certainly aware that the
14 Department did not turn over any information related to this
15 licensing process; correct?

16 A Prior to SB32?

17 Q Prior to SB32.

18 A That's correct.

19 Q So the applicants themselves wouldn't have been able
20 to verify whether or not a mathematical error or a clerical
21 error resulted in them not winning a license; correct?

22 A That's correct.

23 Q So we just had to take your word for it and your
24 assurance that you were trying to do your best but that the
25 licenses could have been awarded on an imperfect process, is

1 that correct?

2 A Yes.

3 Q All right. The initiative itself didn't mention at
4 all ranking licensees by locality, is that correct?

5 A That's correct.

6 Q In fact, NRS 253D.200 says, "Upon receipt of a
7 complete marijuana establishment license application, the
8 Department shall within 90 days" -- it says "Issue the
9 appropriate license if the license application is approved."
10 And subsection 5 says, "The Department shall approve a license
11 application if the proposed marijuana establishment is a
12 proposed marijuana retail store and there are not more than 80
13 licenses issued in a county whose population is greater than
14 700,000." Do you need to read that, sir?

15 THE COURT: So you're in 453D.210?

16 MR. MILLER: Yes.

17 THE COURT: Okay. Thank you.

18 Subsection 5, sir, is where he is.

19 THE WITNESS: Okay.

20 THE COURT: Or subsection 4. I'm sorry.

21 THE WITNESS: I see the 90 days, yes.

22 BY MR. MILLER:

23 Q Yeah. And then go down to 5, "The Department shall
24 approve a license application if: -- and then I'm going to be
25 under subsection (d).

1 A "The proposed marijuana establishment is a proposed
2 retail marijuana store."

3 Q "And there are not more than 80 licenses already
4 issued in a county with a population greater than 700,000."
5 Okay?

6 A Yes.

7 Q "There's nothing in the initiative itself that places
8 any limitation at all on ranking licensees by locality;
9 correct?

10 A No, not in the statute.

11 Q "That was only a limitation that your Department
12 decided to impose through the regulatory process; correct?

13 A "That was a -- I believe that was a Governor's Task
14 Force recommendation and a request from the industry,
15 actually. I think it's consistent, I believe, with 453A.

16 Q "Well, it only came about as a result of the
17 regulatory process; correct?

18 A Yes.

19 Q "That limitation?

20 A Yes.

21 Q "And if you had instead ranked all of these licenses
22 just according to the criteria that was provided for on the
23 plain language of the initiative itself that was implemented
24 by the people, there is no such restriction; correct?

25 MR. KOCH: Objection. Legal conclusion.

1 THE COURT: Overruled.

2 MR. GRAF: And, Your Honor, I'm going to interpose
3 an objection that it misstates the law.

4 THE COURT: Overruled.

5 MR. GRAF: And what the referendum says.

6 THE COURT: Overruled.

7 MR. GRAF: Thank you, Your Honor.

8 THE WITNESS: Okay. I'm sorry, can you ask the
9 question again? I was reading the statute here.

10 BY MR. MILLER:

11 Q The plain language of the initiative petition says
12 that once you receive a complete marijuana establishment
13 license application, the Department is required within 90 days
14 -- the Department shall within 90 days issue the appropriate
15 license if the license application is approved. The
16 Department shall approve a license application if the proposed
17 marijuana establishment is a proposed marijuana retail store
18 and there are not more than 80 licenses already issued in a
19 county with a population greater than 700,000.

20 A Right. So if there's --

21 MR. GRAF: I didn't hear the end of that question,
22 Your Honor Could I have that restated? I'm sorry.

23 THE COURT: Are you saying Mr. Miller dropped off
24 his tone and you didn't hear it?

25 MR. GRAF: He did drop off that time. Yes, Your

1 Honor.

2 THE COURT: Mr. Miller, can you restate your
3 question --

4 MR. GRAF: Please.

5 THE COURT: -- for Mr. Graf?

6 MR. MILLER: Sure.

7 BY MR. MILLER:

8 Q The plain language of the statute does not place any
9 limitation that would restrict the awarding of licenses based
10 on locality; correct? It simply says that it shall issue
11 those licenses if it meets the criteria on an approved
12 application and there are less than -- there are not more than
13 80 licenses in Clark County. Is that correct?

14 MR. GRAF: And, Your Honor, again, objection. It
15 misstates the law.

16 THE COURT: Overruled. Thank you.

17 MR. GRAF: And what the referendum says.

18 THE WITNESS: I believe it says so long as there's
19 not more than 80 licenses already issued in the county with a
20 population greater than 700,000, which would be Clark County.

21 BY MR. MILLER:

22 Q Right. So according to the plain language of the
23 initiative itself, if we're just going to go by that, if you
24 had not issued already 80 licenses and you still had
25 applications that were approved, you would approve those

1 licenses irrespective of whether or not they designated a
2 locality, is that correct?

3 A Yes, up to 80.

4 Q Now, if we had administered the initiative petition
5 under that criteria, it would have produced presumably much
6 different results; right?

7 MR. KOCH: Objection. Legal conclusion.

8 THE COURT: Overruled.

9 MR. GRAF: Objection. Incomplete hypothetical, Your
10 Honor.

11 THE COURT: Overruled.

12 MR. GRAF: Thank you, Your Honor.

13 THE WITNESS: Yeah, I believe so.

14 BY MR. MILLER:

15 Q You issued 31 licenses in Clark County; correct?

16 A Yes, I believe that's the number.

17 Q And if 31 licenses was under the cap of 80 and you
18 just issued those to the county among applicants and ranked
19 the application accordingly, we might have had 31 different
20 licensees being awarded, 31 different licenses; correct?

21 A Yes, I would think so.

22 Q So it was the regulation that decided to change that
23 process so that individuals only had to choose and apply by
24 different jurisdiction or locality; right?

25 A Yes.

1 Q And when you issued the recreational licenses to
2 begin with, there were 48 existing dispensary retail stores,
3 is that right?

4 A I'm not sure of the number. I believe so.
5 Something near there, yeah.

6 Q Okay.

7 A In Clark County, you mean?

8 Q I'm sorry?

9 A In Clark County you're talking about or statewide?

10 Q In Clark County.

11 A Yeah, Clark County.

12 Q It might be on -- yeah, it's 48 or 47. Let's say
13 it's --

14 A Something like that sounds right. Yeah.

15 Q It sounds right? Okay. Some documentation saying
16 there was 47 and some 48, but it's one of the two, isn't it?

17 A Yes.

18 Q Okay. So if the statute says that if an application
19 meets that criteria and you're to issue 80 licenses as long as
20 that cap up to -- and you're to approve it if there are not
21 more than 80 licenses already issued, why didn't you issue the
22 other two licenses?

23 A I think we issued the 80.

24 Q Did you?

25 A Yes.

1 Q You told me that there were 47 or 48. There's 48
2 and you issued 31, is that correct?

3 A Right. Something like that. I don't know the exact
4 number. But there may have been a couple of conditional
5 license out there already. There is -- I know there is a
6 license that is a stand-alone prior to this application period
7 that was issued as well from -- as a result of a supreme court
8 decision.

9 MR. MILLER: All right. Can you show Exhibit 252.

10 THE CLERK: Proposed.

11 THE COURT: Any objection to 252?

12 MR. MILLER: It's going to be 42442.

13 MR. SHEVORSKI: No objection, Your Honor.

14 THE COURT: It will be admitted.

15 (Plaintiffs' Exhibit 252 admitted)

16 BY MR. MILLER:

17 Q This will show on there that according to the
18 records of your Department how many licenses were issued in
19 Clark County. Did you find that?

20 A I'm sorry? Say that again.

21 Q Did you find how many licenses that it indicates?
22 Current number of licenses issued. What does it say there?

23 A 61.

24 Q In --

25 A Oh, down at the subtotal, 49.

1 Q In Clark County?

2 A Oh, Clark County. It says 41. Unincorporated, 47
3 in Clark County.

4 Q Your records indicate that there were 47 licenses
5 already issued at the time that you opened up the application
6 process, and yet you only issued 31?

7 A Yeah. I don't know what this document -- when it
8 was made or who made it or whatever. It's my understanding
9 that 80 licenses were issued or have been issued, either
10 conditional or final in Clark County.

11 Q But there's no doubt about that requirement, so if
12 there weren't 80 licenses issued, then that would have been an
13 error; correct?

14 A Yes.

15 Q Okay.

16 MR. MILLER: All right. Turn to Exhibit Number 5
17 and let's go to page 8. Go to the red letter.

18 BY MR. MILLER:

19 Q Can you read that red letter to us?

20 A "No applicant may be awarded more than one retail
21 store license in a jurisdiction/locality unless there are less
22 applicants than licenses allowed in the jurisdiction."

23 Q And where is the Department's authority, either in
24 statute or regulation, that they gave you the authority to
25 impose that rule?

1 MR. KOCH: Objection. Legal conclusion.

2 THE COURT: Overruled.

3 THE WITNESS: There is no specific authority but
4 there's no prohibition, either, that I can find.

5 BY MR. MILLER:

6 Q So because you couldn't find a prohibition on it,
7 you thought you could just issue a rule on the application
8 that the applicants would have to abide by?

9 A I did consult with the AG's Office. I had several
10 discussions regarding this.

11 MR. SHEVORSKI: Sir, I want to caution you not to
12 reveal attorney-client privileged communications.

13 THE WITNESS: Yes, sir.

14 THE COURT: But you can say yes or no as to when you
15 consulted with them. So thank you for that.

16 BY MR. MILLER:

17 Q Following that consultation, you put on this
18 application in two places in red lettering this rule. Did you
19 expect the applicants to adhere to it?

20 A Yes.

21 Q You understood that they would read that rule and
22 understand that it should be given meaning and that they
23 shouldn't apply for more than one retail license in a
24 jurisdiction/locality in that jurisdiction because they
25 couldn't be awarded those licenses; correct?

1 A I mean, you can apply but you won't get more than
2 one.
3 Q And was that rule followed?
4 A I believe so.
5 MR. MILLER: Can you show me Exhibit 252.
6 THE CLERK: I'm sorry, Mr. Miller, 252 or --
7 MR. MILLER: Sure. Exhibit 252.
8 THE CLERK: 252 is admitted.
9 MR. MILLER: Go to -- sorry, I can't see. I'm going
10 to step up there.
11 MR. SHEVORSKI: She has a magnifying glass.
12 THE COURT: I do. It's right here, but it doesn't
13 work very good on the monitors.
14
15 MR. MILLER: It's going to have to be the next one,
16 42455.
17 I.T. TECHNICIAN: 455?
18 MR. MILLER: Yep. 42455.
19 BY MR. MILLER:
20 Q Do you see that, sir? Can you identify for me --
21 the licensee that ranked number one was Essence Tropicana;
22 correct?
23 A Yes.
24 Q And you really can't see this, what was the address
25 that was provided as the proposed physical address for Essence

1 Tropicana according to this record?

2 A It looks like 10624 South Eastern Avenue, Suite
3 A718.

4 Q Okay. And number two, Nevada Organic Remedies?

5 A Ranked number two, Nevada Organic Remedies, address
6 of 10624 South Eastern Avenue, Suite A719.

7 Q That's the same physical address, right, just a
8 different suite number?

9 A It appears to be, yes.

10 Q What about number four, Cheyenne Medical?

11 A Cheyenne Medical, 106424 (sic) South Eastern Avenue.

12 Q Oh, sorry, it cuts off there, doesn't it? That's the
13 same physical address as well, isn't it?

14 A Yes.

15 MR. MILLER: Over to -- if you could scroll over,
16 Duplicate Ownership Identified. You went too far.

17 BY MR. MILLER:

18 Q See this column here, Duplicate Ownership
19 Identified?

20 A Right.

21 Q See where it references that you've identified that
22 the ownership applications are the same as other applicants;
23 correct?

24 A Apparently, yes. I guess that's what that means.

25 Q And you awarded three conditional licenses to

1 Henderson that provided you with the exact same proposed
2 physical address, is that right?

3 A If that's what that address is.

4 Q Would that have been allowable?

5 A Yes.

6 Q Were applicants allowed to list P.O. boxes?

7 A No.

8 Q So if those --

9 A I believe not. I believe the application says it
10 can't be a P.O. box.

11 Q I believe when we read it it said must not be a P.O.
12 box; correct?

13 A Something like that, yes.

14 Q So if it had been a P.O. box, that wouldn't have
15 been allowable; right?

16 A Not -- no.

17 Q So if all of those applicants listed the same
18 address and it turns out to just be P.O. boxes, that would not
19 have been allowable; correct?

20 A Well, I don't know -- a P.O. box from Post Office
21 versus -- I know that there's mail boxes available that allow
22 you to use a physical address. Regardless, it's a box.

23 THE COURT: So you're saying a UPS Store is okay but
24 a P.O. box isn't at a USPS?

25 THE WITNESS: No. I'm just -- Your Honor, I was

1 just saying --

2 THE COURT: Just checking.

3 THE WITNESS: No. I'm just saying that some of
4 these locations will reference a physical address versus a
5 P.O. box, so I can't tell from this.

6 MR. MILLER: Sure. All right. Can we show 42448,
7 which is Clark County's. So if you could scroll up and just
8 show Essence Tropicana. Start here.

9 BY MR. MILLER:

10 Q Essence, if you look at that same address -- Essence
11 Tropicana ranked number one; right? Do you see the address
12 that they provided?

13 A I can't see it. It looks like it says Fort Apache.

14 Q Yeah. 8130 South Fort Apache, Suite 215147.

15 A Okay.

16 Q The next one, it's Nevada Organic Remedies with the
17 same address, is that correct?

18 A Yes.

19 Q Okay. And number six, Cheyenne Medical.

20 A Okay.

21 Q Commerce Park. The same, right? So in Clark County
22 they have five of the successful applicants all utilizing the
23 same proposed physical address, is that right?

24 A Yes.

25 Q Okay. Let's go over here to, again, the ownership,

1 whether or not they identified common ownership.

2 A Okay.

3 Q Do you see Duplicate Ownership Identified? For

4 Essence Tropicana and Henderson it says Yes; correct?

5 A Yes.

6 Q Do you recognize that they referenced the

7 application numbers that correspond?

8 A Yes.

9 Q So it's the same owners for Essence Tropicana and

10 Essence Henderson, is that right?

11 A Yes.

12 Q All right. And Cheyenne Medical and Commerce Park

13 Medical?

14 A Yes.

15 Q The same owners; right?

16 A Yes.

17 Q And yet the rule you just read me, you admitted that

18 there was nothing in the law authorizing, told applicants in

19 red letters twice that they couldn't obtain more than one

20 license in a locality, is that correct?

21 A Yes, and we didn't.

22 Q How are they not?

23 A Two different applicants.

24 Q "No applicant may be awarded more than one retail

25 store license in a jurisdiction/locality unless there are less

1 applicants than licenses allowed in the jurisdiction." Will
2 you tell me your interpretation of that is?

3 A So I think applicant is defined in the application
4 as an entity or individual because you can -- I don't know why
5 anyone would, but you can apply as a sole proprietor. So when
6 I look at this, I see Essence Tropicana versus Essence
7 Henderson is -- are two different entities, two different
8 applicants --

9 Q I see.

10 A -- with common ownership.

11 Q So you identified those having duplicate ownership;
12 correct? Is that what that criteria says?

13 A For common ownership, yeah, duplicate ownership.

14 Q It says duplicate ownership; right?

15 A Yes, that's what it says.

16 Q That what it says, duplicate ownership identified,
17 and it says yes, okay. And you're telling me that the
18 distinction that allows them to get around the rule is that
19 that same -- those same duplicate owners have created
20 different LLCs?

21 A Yeah, they're separate entities.

22 Q Oh. So in order to eat all the licenses up, up to
23 the 10 percent for a monopoly, all anybody had to know was
24 they had to just create different LLCs with the same
25 application, is that right?

1 MR. GRAF: Objection, Your Honor. Incomplete
2 hypothetical.

3 THE COURT: Overruled.

4 MR. GRAF: Thank you, Your Honor.

5 THE WITNESS: I don't know if they've gone and
6 created them. I know several -- I believe several applicants
7 applied under different entities with the same ownership. Not
8 all got awarded licenses.

9 BY MR. MILLER:

10 Q Okay. But other licensees, right, may have applied
11 more than once in a jurisdiction with different proposed
12 physical addresses; correct?

13 A Wait, say that again.

14 Q Other proposed licensees that applied multiple times
15 in the same jurisdiction may have provided different proposed
16 physical addresses; correct?

17 A May have, yes.

18 Q Okay. We heard testimony from Mr. Jolley that he
19 submitted identical applications in this regard. If any of
20 those -- if either Essence or Thrive submitted identical
21 applications that were then evaluated, do you think that rule
22 would have been violated? If the only thing that was creating
23 any distinction in the criteria here was the fact that it was
24 labeled under a separate LLC, do you think that they could
25 have still obtained more than once license in a jurisdiction

1 or locality?

2 A I'm not sure I'm getting your question. The
3 applicant is a separate entity. That's what the definition
4 says in the application. Entity slash individual, I believe
5 it says. So ownership interest or ownership is one thing and
6 the entity is another.

7 Q So an applicant with the same owners -- you have
8 identical applications and lists the same proposed physical
9 address but a different entity name was an LLC, they could get
10 more than one license in that jurisdiction?

11 THE COURT: You're asking if each of those separate
12 LLCs could receive a separate license?

13 MR. MILLER: Thank you, Judge. Yes.

14 THE COURT: All right.

15 THE WITNESS: Yes.

16 BY MR. MILLER:

17 Q Do you recall any questions about this rule and how
18 it would be applied?

19 A No.

20 Q You don't know how the industry may have been
21 interpreting that rule; right?

22 A No, I don't.

23 Q And unlike the regulations that were subject to
24 public workshops and arguably approved before the legislative
25 commission, there would have been no public testimony that we

1 can look to in order to figure out what his provision means;
2 right?

3 A No.

4 Q You didn't provide any additional guidance anywhere
5 in the application as to how that rule was going to be
6 interpreted or applied; correct?

7 A No. I think to me it was clear. It says no -- you
8 know, no one applicant. If you looked at -- if you reviewed
9 your application and looked at the definition of applicant, it
10 would be clear that an applicant is an entity or an
11 individual.

12 Q It's clear to you because you wrote it; right?

13 A It could be. I mean, you know, some people don't
14 read the entire application packet.

15 Q Okay. I'm going to ask you a series of hypotheticals
16 based off of some slides I've prepared. Some of these are
17 familiar. We've used at least one of these in your prior
18 testimony. All right. So if had, for the sake of argument,
19 Dr. Evil's Wellness Center application; right?

20 THE COURT: Where's Mr. Kemp? Okay, because he says
21 this is a classic, so we have to all give him credit.

22 MR. KEMP: I'm paying attention, Your Honor.

23 MR. MILLER: Did you lose it, Shane?

24 I.T. TECHNICIAN: Yeah, sorry. One moment.

25 THE COURT: Mr. Rulis, are you okay?

1 MR. RULIS: It wasn't me, Your Honor.
2 MR. CRISTALLI: Yes, it was.
3 THE COURT: Ms. Higgins, are you doing okay?
4 MS. HIGGINS: Yes -- [inaudible].
5 THE COURT: All right. Okay. Anybody else need to
6 stretch? This is like a seventh inning stretch thing.
7 THE WITNESS: Yes. I'll stand up for a second.
8 MS. HIGGINS: Can we sing?
9 THE COURT: You can if you'd like. I will not.
10 So this was earlier accompanied with a slide with
11 Dr. Evil and Disney princesses and Jessica Rabbit and a mouse.
12 We're going to see what we've got this time.
13 MR. MILLER: All right. So here we've got an
14 application, we've got some cartoon characters where they've
15 identified on Attachment A and designated themselves as
16 owners, officers and board members, okay. Turn to the next
17 slide.
18 BY MR. MILLER:
19 Q So, Dr. Evil's the largest -- Wellness Center. It's
20 a Nevada corporation. He's the largest shareholder and
21 managing member but he lists him on Attachment A as an owner,
22 officer or board members. So if we were going to apply that
23 criteria to the diversity section, we've done this before but
24 I just want to confirm it -- skip to the next slide -- with
25 20 points. If we do the math there, we would get the full

1 points, is that correct?

2 A Yes.

3 Q All right. Next slide. Now Dr. Evil has a
4 cultivator license but no retail experience. He has an
5 advisory board of ten board members who served previously
6 under the existing license but had no day-to-day experience.
7 We're going to try to evaluate the experience with marijuana
8 in Nevada.

9 A What did you say? No marijuana experience in
10 Nevada?

11 THE COURT: For the ladies.

12 MR. MILLER: [Unintelligible] -- experience with
13 marijuana in Nevada.

14 THE WITNESS: Okay.

15 BY MR. MILLER:

16 Q Remember that in the application?

17 A Right.

18 Q We'll turn to the next slide and maybe we'll see it.
19 Do you understand? Okay. So we agree in that scenario that
20 we had eleven members with some experience in Nevada; correct?

21 A Sure.

22 Q And even though it was in cultivation, which is not
23 what the statute required, instead of retail, they still would
24 meet the full criteria that's awarded under the mathematical
25 analysis that the scorers applied; correct?

1 A Again, I don't know that they did --

2 MR. GRAF: Objection, Your Honor. Misstates the
3 law.

4 THE COURT: Overruled. I don't think he's going on
5 the law, he's going on the score sheet.

6 MR. GRAF: I get that, Your Honor, but it says
7 marijuana establishment. It doesn't delineate between
8 cultivation --

9 THE COURT: We're not supposed to be arguing now,
10 Mr. Graf.

11 MR. GRAF: I know, I know, but I felt that that
12 point you were asking for an explanation.

13 THE COURT: Okay.

14 THE WITNESS: Again, I think, like I was saying
15 earlier, I don't know that they don't have that experience
16 just because they're a cultivator or their staff or whatnot.

17 BY MR. MILLER:

18 Q So long as they list it, you'd give them the full
19 points; right?

20 A Right.

21 Q Okay. Next. He's got the worst compliance record
22 in Nevada, including multiple serious violations and the
23 payment of substantial fines. The same criteria; right? The
24 next slide. Same score; right? We don't deduct anything
25 because we didn't even evaluate that?

1 A Sure.

2 Q Okay. Next slide. He's got advisory board members
3 that list resumes showing they've got degrees from an
4 identical on-line college, right, so he stacked his board
5 again. So the criteria there, simple mathematical analysis;
6 right? We're not giving more weight for the education that
7 they had. As long as they meet some minimum qualification,
8 we're giving them all of the points; right?

9 A If that's what the criteria calls out. I don't
10 remember exactly on the education.

11 Q You can read it right there on the scan next to it.
12 That's what the evaluators were provided with; correct?

13 A Right. Is this all of it?

14 MS. SHELL: Your Honor, I'm just going to object to
15 the math on this slide because 11 divided by 11 doesn't
16 actually equal 100 percent, if we're just going with straight
17 math.

18 THE COURT: Okay.

19 THE WITNESS: This is regarding the narrative, the
20 education achievements?

21 MR. MILLER: What's that?

22 THE WITNESS: The narrative. It's regarding the
23 narrative, not the education achievements? Or was the
24 education achievements part of the narrative? I don't
25 remember.

1 MR. MILLER: Say it again? What's your question?

2 THE WITNESS: Well, it says educational
3 achievements.

4 MR. MILLER: Yeah.

5 THE WITNESS: Right. I don't remember if that
6 criteria was under the narrative or was it graded separately?

7 BY MR. MILLER:

8 Q Well, the bottom line is you can't tell me if that's
9 -- if the evaluators wouldn't reduce these categories to a
10 numerical analysis based on a mathematical formula and it was
11 just based off checkmarks, and remember when we went through
12 the criteria --

13 A Right.

14 Q -- and did they have education or not; right?

15 A Right.

16 Q If they had college degrees, they'd get a checkmark.
17 If they didn't have college degrees, they wouldn't get a
18 checkmark; right?

19 A Yes.

20 Q All right. So if that's the only criteria that
21 we're using to evaluate they'd get 100 percent; right?

22 A Okay. Yes.

23 Q Next slide. Let's speed this up. Personal business
24 experience, the same result; right? You've got to concede
25 that so long as they have just met the requirements in order

1 to obtain a checkmark --

2 A Sure.

3 Q -- they're going to obtain 100 percent. Next slide.

4 Organizational structure. Now, he only got -- the role is

5 clearly defined, but key employees have zero experience in the

6 marijuana industry, they'd still get the full points under

7 that evaluation; correct?

8 A Right.

9 Q Next slide. Financial resources. We're just

10 looking -- the way they define the criteria is total assets;

11 right? It doesn't matter where those assets are coming from;

12 correct?

13 A No, I wouldn't agree with that.

14 Q Is there some criteria in there that you can show me

15 that says you're supposed to draw a distinction between what

16 the source of the assets are?

17 A Well, there's other parameters to have those

18 resources counted, like cash. You know, it has to be from a

19 U.S. financial institution.

20 Q What does the criteria there say? It says we're

21 going to include what?

22 A It says documentation to be considered, so state or

23 federal banks, savings banks. Yeah.

24 Q Jewelry?

25 A Right.

1 Q You can't tell me that the evaluators wouldn't reach
2 a conclusion because Minnie Mouse had a diamond ring that was
3 appraised at 2.5 million, in conjunction with the other
4 resources the other ones have, that that would have met the
5 full threshold and it should have gotten the full points;
6 right?

7 A Yeah, I mean, so long as it meets all the criteria.

8 Q But that's the criteria that your Department chose
9 to evaluate these applications; right?

10 A Yes.

11 Q Okay. Next. Adequate first year start-up expenses.
12 So the start-up budget is based entirely on theoretical
13 assumptions. They don't have any proposed address. You're
14 just going to rely entirely on what they've told you. They
15 still could get the full 20 points; right?

16 A Yes.

17 Q Okay. Next slide. Taxes paid. Now, here we've got
18 Princess Jasmine, who only represents a 1 percent ownership in
19 Dr. Evil's Wellness Center, but she owns a car dealership. So
20 she paid eight million in taxes the last five years. The rest
21 of them combined, including the head managing member and those
22 more intimately involved with this applicant paid very little.
23 They're still going to get the full 10 points; correct?

24 MR. SHEVORSKI: I'm going to object. That's
25 Princess Tiana, Your Honor.

1 THE COURT: Is it? Well, thank you, Mr. Shevorski.
2 I appreciate that. You have young daughters, so we understand
3 you're accurate, not Mr. Miller.

4 THE WITNESS: Yes.

5 BY MR. MILLER:

6 Q Other beneficial contributions. So long as they met
7 the criteria and they volunteered in some capacity under that
8 same checkmark that we showed on these other score sheets,
9 they're going to get the full points; right?

10 A I mean, yeah, if that's what the evaluator
11 determined, you know, to be awarded.

12 Q Okay. Next. These are building plan details. So
13 these would -- this is Exhibit 5 applicant. Exhibit 5, you
14 see up there, has a physical address, a proposed location;
15 right? So it lists an address there, that that is their
16 physical location that they selected, okay. Next slide.

17 MR. SHEVORSKI: Objection. It misstates the
18 exhibit. It would be 5A.

19 THE COURT: This one is 5A.

20 MR. KOCH: It should be 5, right?

21 MR. SHEVORSKI: Is that 5?

22 MR. KOCH: Or that's E.

23 MR. MILLER: Mr. Shevorski is wrong for once in his
24 life. That's the first time I heard it, including law school,
25 Judge -- [unintelligible].

1 THE COURT: He had you on the princesses.
2 MR. KOCH: That's 5A.
3 MR. SHEVORSKI: This one is 5A.
4 MR. KOCH: Yeah.
5 MR. SHEVORSKI: And this is 5A as well.
6 THE COURT: So are they reversed or are they both
7 5A?
8 MR. SHEVORSKI: They're both 5A.
9 MR. KOCH: Both 5A.
10 MR. SHEVORSKI: The top box -- [inaudible].
11 MR. MILLER: The distinction on what the form says,
12 that's not the point of that. The point is that this
13 applicant is --
14 THE COURT: Dr. Evil.
15 MR. MILLER: One applicant -- See, I can make up
16 rules, too, Judge.
17 BY MR. MILLER:
18 Q One applicant provides a real proposed physical
19 address and the other one is giving us something that is made
20 up. Do you understand that? So this is --
21 A I missed that. It was all garbled.
22 Q He's got -- he lists 5131 W. Sahara, P.O. Box 5341,
23 and he says the P.O. box directly adjacent the five owner P.O.
24 boxes that he registered with competing applicants is the same
25 address. That's fine; right?

1 A Yeah, I don't think that's the legal description of
2 the property.

3 Q Does that matter?

4 A Well, we asked for the legal description of the
5 property.

6 Q Okay. So if that legal description -- if that's
7 what he provides, are you going to reject the application?

8 A Probably not.

9 Q It provides up there in the box, it says you can't
10 list a P.O. box but he puts a P.O. box, are you going to
11 reject the application?

12 A No. I think the application would move forward.

13 Q Okay. So you'd give it to the evaluators in order
14 to evaluate it; right?

15 A Yes.

16 Q Okay. The next one. So now it's 550 South Main
17 Street and the legal description of the property is the
18 Federal Drug Enforcement Agency headquarters in Las Vegas.
19 That one is okay, too?

20 A I guess so.

21 Q Okay. The next one. This proposed location of 250
22 West Rome Boulevard is directly across the street from Ruby
23 Duncan Elementary. How about that one? Are you going to
24 process that application or weigh it according to the
25 evaluation criteria?

1 A Yes.

2 Q Okay. Next slide.

3 THE COURT: So is this a good place to break since
4 we're changing from buildings to marketing?

5 MR. MILLER: Same subject, Judge, but sure.

6 THE COURT: Yeah. Okay. So it's 4:45. I'm going
7 to let everybody go for the day. If you guys could be back at
8 9:15 that would be lovely. And tomorrow I will still not know
9 if my jury trial is settling because they're not coming in
10 until Friday morning at nine o'clock. But if they do resolve,
11 do you want me to try and reach out to you to let you know the
12 days that become available before the 4th of July? Or are
13 some of you going to family reunions for the 4th of July
14 holiday? (No response).

15 Okay. So I'll reach out to you after I know the
16 answer and you can tell me yes or no whether you're available.
17 But tomorrow is the last day I have available until somebody
18 blinks in some other case for awhile.

19 MR. CRISTALLI: Your Honor --

20 THE COURT: At which time I would typically in a
21 normal business court case offer you a settlement conference,
22 but given the fact this is an agency case, I don't know if
23 that's appropriate.

24 MR. CRISTALLI: Your Honor, before we recess --

25 THE COURT: For today?

1 MR. CRISTALLI: Yes. Just one quick matter. There
2 was a motion -- actually two motions for summary judgment and
3 I believe some joinders with regard to that. I think the
4 first hearing on the first motion for summary judgment is --

5 MR. GENTILE: Eighth.

6 MR. CRISTALLI: -- July 8th, which would mean that
7 our first -- our opposition to that would be due today. We'd
8 ask the Court if we can consolidate the two motions, since the
9 second one is I think scheduled for July 22nd, which would
10 then afford us some additional time to oppose the motions for
11 summary judgment.

12 THE COURT: Does anybody care? Who are the movants
13 on the summary judgment motions?

14 MR. KAHN: We are, Your Honor. We have the first
15 one and Rusty's got the second one.

16 THE COURT: So what is your position?

17 MR. KAHN: Your Honor, I discussed it with Rusty and
18 I talked about consolidating them together. We thought maybe
19 we should move them all up to July 8th, but that's probably
20 unreasonable. So moving it to Rusty's second scheduled one so
21 it's all complete before Your Honor is fine.

22 THE COURT: And what day would you like the
23 opposition to be due then?

24 MR. KAHN: We can have the opposition due on the
25 schedule with Rusty's motion.

1 MR. GRAF: That's the 22nd, right?
2 MR. KAHN: Yes.
3 MR. GRAF: Yeah, I filed on Monday.
4 THE COURT: All right. So, Dulce, if you would move
5 the July 8th motion for summary judgment in this case to July
6 22nd.
7 MR. CRISTALLI: Thank you, Your Honor.
8 THE COURT: No, thank them. I didn't do it, it was
9 them.
10 MR. GENTILE: So the oppositions would be due a week
11 from next Monday? Fourteen days, right?
12 (Colloquy among counsel)

3 THE COURT: While we're waiting for Mr. Kemp, since
4 Mr. Rulis is here, how are we doing on our schedule, guys? How
5 are we doing on a schedule? Somebody tell me, Judge, we're
6 going great. Judge, we got four more days. Judge, we're never
7 getting done. Any of those would be good.

8 MR. SHEVORSKI: I don't know what's going on. I'm at
9 a side table, Your Honor.

10 THE COURT: Mr. Rulis, how are we doing?
11 Mr. Cristalli, how are we doing? I'm grilling them on
12 schedules, the guys who are actually doing the legwork as
13 opposed to those of you doing the brainwork.

14 MR. KOCH: What's our next week that we still -- we
15 have a jury trial going.

16 THE COURT: Supposedly.

17 MR. KOCH: All right.

18 THE COURT: They have not told me that they've
19 resolved their matter yet. They are scheduled to go through
20 July 2nd or July 3rd.

21 MR. GENTILE: Your Honor, other than our expert,
22 which, as I said --

23 THE COURT: Right, I got it.

24 MR. GENTILE: -- can't bring him, I'm going to try to
25 get a proffer, in which case, if the Court would accept the

JD Reporting, Inc.

1 proffer. But I'm having logistic problems, because he's in
2 Australia.

3 THE COURT: Did you know it's a lot of time
4 difference there?

5 MR. GENTILE: I have no idea.

6 THE COURT: It's huge.

7 MR. GENTILE: Is it?

8 THE COURT: Like, 12 hours' difference.

9 MR. GENTILE: Wow, okay. Well -- but other than
10 that, with this, I don't think we're going to call any others.
11 That'll be it for my clients.

12 THE COURT: Okay. So let me go back to my question.
13 I show on our list we have Mr. Pupo who's here with us this
14 morning, Anderson, Groesbeck, Hawkins, your gaming person that
15 we've talked about, Hernandez, and Cronkhite. Anybody else
16 that I need to add to the list?

17 MR. SHEVORSKI: We have one more witness for the
18 State. It's an IT person.

19 THE COURT: IT person. Talk to me about listservs,
20 huh?

21 MR. SHEVORSKI: Correct.

22 THE COURT: How did I know?

23 MR. GENTILE: And Judge, on Mr. Groesbeck, I know
24 Mr. Koch wants to call him in his case in chief, which, you
25 know, he did me the courtesy of producing Mr. Java [phonetic],

1 so we would produce Mr. Groesbeck.

2 THE COURT: Sure.

3 MR. GENTILE: I'm not sure what points he wants to
4 make. Maybe there's another way to do it. But I want to talk
5 to him about that.

6 THE COURT: All right. So best guess on how long
7 Mr. Pupo's going to take, who's my lead on Mr. Pupo?

8 Mr. Miller, how long? Best guess. Put your DA
9 mindset on.

10 MR. MILLER: Most of the day.

11 THE COURT: Okay. We're not getting done this week.
12 Okay.

13 Anybody else got anything before I ask Mr. Pupo if
14 he'd like to join me up here?

15 Good morning, Mr. Pupo. Would you like to come up
16 and be sworn in?

17 Sir, I'll tell you as you walk up here that you're in
18 charge today. So if you need a break, you need more water, you
19 need coffee, you let me know. There's also M&Ms in those
20 dispensers behind you.

21 Raise your right hand, please. The little trucks and
22 things have M&Ms.

23 **JORGE PUPO**

24 [having been called as a witness and being first duly sworn,
25 testified as follows:]

JD Reporting, Inc.

1 THE CLERK: Thank you. Please be seated. Please
2 state and spell your name for the record.

3 THE WITNESS: My name is Jorge Pupo. That's
4 J-o-r-g-e, P-u-p-o.

5 THE CLERK: Thank you.

6 THE WITNESS: Good morning.

7 THE COURT: And, sir, there are lots of exhibit
8 binders. If you need help, let us know, because they are not
9 as well organized as I would like them to be.

10 You may proceed.

11 DIRECT EXAMINATION

12 BY MR. MILLER:

13 Q Sir, how are you presently employed?

14 A I'm the deputy executive director of the Marijuana
15 Enforcement Division for the Department of Taxation.

16 Q And how long have you been employed in that capacity?

17 A Since about summer of 2017.

18 Q And before that, what -- where were you employed?

19 A Department of Taxation as a revenue tax manager.

20 Q Okay. And before that, can you describe a little bit
21 about your prior employment, what other career opportunities
22 that you've been engaged in?

23 A I've been with the Department of Taxation since 2005,
24 started as a Revenue Officer II. Then I was a Revenue
25 Officer III, and I became a Tax Program Supervisor II, and I

JD Reporting, Inc.

1 became a Revenue Tax Manager over Enforcement and Compliance
2 statewide.

3 Q And what did you do prior to joining the Department
4 of Taxation?

5 A So I did some work in manufacturing. I was a -- for
6 a while there I was a medical equipment repair tech, and a few
7 other jobs in private industry in the '90s.

8 MR. GENTILE: Your Honor, it's really difficult to
9 hear Mr. Pupo.

10 THE COURT: Jill, should we just have him move up?
11 He just --

12 THE COURT RECORDER: I can hear him fine.

13 THE COURT: Okay. Mr. Gentile is sometimes hard of
14 hearing. He will tell you that himself. It's not me saying
15 something he doesn't know. So if you will keep your voice up,
16 it may help. Sometimes I have people who sit too far back;
17 that's not you. Sometimes I need to move the mic; that's not
18 you.

19 So we'll do our best, Mr. Gentile.

20 MR. GENTILE: Thank you. Too much -- too many
21 Rolling Stones concerts.

22 THE COURT: I wasn't explaining why you had hearing
23 issues.

24 MR. GENTILE: Okay.

25 THE WITNESS: I hear you.

1 BY MR. MILLER:

2 Q And can you describe your duties and responsibilities
3 as the Deputy Director of the Marijuana Division?

4 A So I have, basically, oversight of the program as a
5 whole, the medical and recreational side. I also have other
6 duties regarding other excise taxes, cigarettes, other tobacco
7 products, live entertainment tax, other excise taxes. But
8 generally, oversight of the Marijuana Enforcement Division is
9 my primary responsibility.

10 Q All right. And as the Deputy Director position, is
11 that classified employee?

12 A That's an unclassified position.

13 Q Okay. And so who do you currently report to?

14 A To Director of the Department of Taxation, Melanie
15 Young.

16 Q Okay. And during the period of this application, who
17 was the Director of the Department of Taxation?

18 A Of the application process? So it would be Deonne
19 Contine and I believe Bill Anderson was around for part of it.

20 Q And the Director of the Department of Taxation,
21 that's a busy job, right?

22 A Yes.

23 Q And the director has a broad range of
24 responsibilities as director; is that right?

25 A Yes.

1 Q And certainly the director had a busy job during the
2 time period of this application process also, right?

3 A Yes.

4 Q Is it the Department of Taxation is a very large
5 agency; is that correct?

6 A It's a good size.

7 Q Okay. All right. In 2018 it oversaw the collection
8 of over \$6.87 billion in tax revenue; is that right?

9 A Yes.

10 Q And that was collected from over 17 different tax
11 sources?

12 A Yes.

13 Q And they maintain over 381 employees in the overall
14 department; is that right?

15 A Approximately.

16 Q Okay. And approximately a budget of about
17 \$31 million, I have my numbers here right?

18 A Approximately.

19 Q Pulled this from the budget hearings I think you were
20 present at --

21 A Right.

22 Q -- correct?

23 A Yeah.

24 Q All right. And other than Department of Taxation,
25 how many employees are -- do you oversee in your division?

1 A In the Marijuana Enforcement Division, approximately
2 44, 45, and Excise Division, probably another 30.

3 Q How big is your annual budget?

4 A Not sure. I'm not even sure what that number is.

5 Q Yeah. So who does the Director of Taxation report
6 to? Directly to the governor; is that right?

7 A Yes.

8 Q Ah. And the elected governor oversees the director;
9 is that right?

10 A Yes.

11 Q And you report directly to the director; is that
12 right?

13 A Technically, I report directly to the chief deputy.

14 Q Okay. But the governor appoints the director; is
15 that right?

16 A Yes.

17 Q And the director serves at will to the governor?

18 A Yes.

19 Q And of those three positions, the governor, the
20 chief -- who is the chief executive officer of the state, is an
21 elected position; is that right?

22 A Yes.

23 Q All right. The only people that can hold the
24 governor accountable or remove him from office are the people;
25 is that right?

1 A Yes, I believe so.

2 Q And your position is an unclassified, so that means
3 that -- who appointed you?

4 A The director.

5 Q Ah. So you serve at will -- on an at-will employee
6 at the pleasure of the director; is that right?

7 A That's right.

8 Q And we've heard testimony from both Mr. Plaskon on
9 Mr. Gilbert, but those report to you also; is that right?

10 A Say that again?

11 Q Those individuals report to you, right?

12 A Yes.

13 Q Mr. Gilbert and Mr. Plaskon?

14 A Well, Steve Gilbert is direct report. Mr. Plaskon
15 reports to Steven Gilbert.

16 Q Okay. But they work under you?

17 A Yes.

18 Q Okay. And you're the person that's ultimately
19 responsible for the enforcement and the administration of the
20 Marijuana Enforcement Division; is that correct?

21 A Yes.

22 Q All right. We've heard a reference a couple of times
23 during this hearing about the buck stops here; are you familiar
24 with that phrase?

25 A Yes.

1 Q Is it fair to say when we look at the accountability
2 of the administration of Nevada's Marijuana Enforcement
3 Division, that the buck stops with you?

4 A To a certain extent. I mean, ultimately, the
5 director's responsible for all of -- all programs under their
6 umbrella.

7 Q Okay. But we talked about that, about how big that
8 department is, right? And that's a very busy job, correct?

9 A Still responsible for it.

10 Q Okay. But, you know, anyway, in terms of the
11 administration of this division and the application process
12 that your division oversaw, ultimately, who has accountability
13 for how that process was run?

14 A I would say I do.

15 Q Yep. So is it fair to say that the buck stops with
16 you?

17 A Sure.

18 Q During this last legislative session, your division
19 requested additional resources and positions to align with the
20 needs of this growing industry; is that right?

21 A Yes.

22 Q Okay. And there are changes to Nevada's regulatory
23 structure that were also imposed under AB533; is that right?

24 A Yes.

25 Q And that new regulatory structure is based on

1 Nevada's gaming regulatory structure; is that fair to say?

2 A Partly, yes.

3 Q And the governor's general counsel, Brent Gibson, who
4 came from -- who was a general counsel to the Nevada's gaming
5 regulatory structure, led that change as part of the Governor's
6 Advisory Commission; is that right?

7 A Yes.

8 Q And you were present at those hearings?

9 A Yes.

10 Q And the new structures holds the position for the
11 executive director who would be appointed by a board that will
12 oversee the industry; is that correct?

13 A I'm not sure if it's going to be appointed by the
14 board or by the governor.

15 Q Okay. Well, if told you that Section 61.2 of the
16 statute says that the director -- the executive director is
17 appointed by the board and may be removed by the board, you
18 don't have any reason to doubt that, do you?

19 A No.

20 Q Okay. And is that a position that you intend to seek
21 appointment for?

22 A No.

23 Q You're not interested in holding it -- this new
24 position as executive director?

25 A No.

1 Q Will you expect to hold some position with -- from
2 the regulatory oversight of marijuana moving forth?

3 A No.

4 Q Okay. Your division is the agency tasked with the
5 oversight of regulating marijuana, we've discussed; is that
6 right?

7 A I'm sorry, say that again?

8 Q Your division is the only division in the state
9 that's tasked with the regulation of marijuana; is that
10 correct?

11 A No.

12 Q What other agency is tasked with oversight of
13 marijuana in the state?

14 A Department of Public Behavioral Health.

15 Q And where does their rules and responsibilities in
16 terms of oversight come into play?

17 A Patient Registry Program.

18 Q Got it. But in terms of the oversight for the
19 purposes of this application on retail marijuana dispensaries,
20 is your division the only division in the state that has
21 oversight of the marijuanas program --

22 A Yes.

23 Q -- marijuana program? Okay. And it was the people
24 of the state of Nevada directly, not the legislature, that
25 entrusted your division with establishing a robust regulatory

1 oversight of Nevada's marijuana licensing system when they
2 passed question to the initiative to regular tax marijuana in
3 2016; is that right?

4 A No, they entrusted it to Department of Taxation.

5 Q Got it. But it was the people of the state of
6 Nevada --

7 A Yes.

8 Q -- that entrusted the Department of Taxation with
9 that responsibility; is that right?

10 A Yes.

11 Q Got it. And you're aware that in order to qualify
12 for the ballot, the group that circulated 2016's Question 2
13 needed to obtain signatures of registered voter that equaled at
14 least 10 percent of the voters from the 2014 general election;
15 you aware of that?

16 A No. I knew that -- I know that they had to collect
17 signatures aren't on me.

18 Q Okay. You don't have any reason to doubt that?

19 A No.

20 Q And eventually they obtained those signatures and
21 Question 2 passed. You've seen the abstract from the Nevada
22 Secretary of State of those election results with 1,106,107
23 votes were cast for Question 2, with 602,463 in favor and
24 503,644 opposed. Now, I'm not asking you how you voted, but
25 you did vote in the 2016 general election, did you not?

1 A Yes.

2 Q Okay. So you sought a ballot measure with the
3 explanation and the full text that appeared on that ballot; is
4 that right?

5 A Yes.

6 Q Okay.

7 MR. MILLER: Will you show Exhibit 226.

8 THE COURT: 226?

9 MR. MILLER: Yeah, 226.

10 THE COURT: Last book or --

11 MR. MILLER: Page 25.

12 THE COURT: So I thought we had the ballot question
13 in yesterday as 2020.

14 MR. SHEVORSKI: Yes.

15 THE COURT: Is everybody okay using 226, which
16 appears to be similar?

17 MR. SHEVORSKI: I haven't seen it, but if it's the
18 same thing, then I'm good.

19 THE COURT: It looked like it had the seal on it and
20 everything when I saw it flash up.

21 Okay, Shane?

22 MR. MILLER: Got it. That's -- that's what I'm
23 saying, Judge.

24 THE COURT: Can we use it?

25 MR. SHEVORSKI: It's fine.

1 THE COURT: Yes, no? Come on, Mr. Shevorski.

2 MR. MILLER: We can switch to the other exhibit, it's
3 got the full packet. Page numbers are the same.

4 MR. SHEVORSKI: Fine. It's fine. I don't want to
5 hold things up.

6 THE COURT: Okay. You can hold us up, they've been
7 holding us up a lot, you can hold us up a little. If you want
8 to open the book and look at it.

9 MR. SHEVORSKI: No. I try to follow the Golden Rule.

10 THE COURT: It'll be admitted. Okay.

11 (Plaintiffs' Exhibit Number 226 admitted)

12 BY MR. MILLER:

13 Q So I think it begins on page 25. And you're aware
14 that the full text of that measure appeared on the ballot,
15 right?

16 A I suppose. I don't remember. I don't -- I guess so.

17 Q All right. And you're aware that as part of that
18 ballot measure, there were also arguments presented by both
19 sides, both for and against, right?

20 A Yes.

21 Q Turn to page 17. So it was an argument for passes
22 and there's a rebuttal to that argument. And then the
23 opponents give an argument. And then the pro side gets a
24 rebuttal. Are you aware of that?

25 A Yes.

1 Q Okay. So once that measure passed and those -- and
2 the vote totals were ultimately canvassed by the Supreme Court,
3 you're aware that that measure immediately became law?

4 A Yes.

5 Q And you required -- you're aware that it required no
6 legislative action, once the people passed that measure, it
7 became the law of the state?

8 A Yes.

9 Q And you're aware that the Nevada Constitution of
10 mandates that if a statutory measure is enacted by the people,
11 that statutory measure can't be amended by the legislature for
12 a period of three years; is that right?

13 A Yes.

14 Q And you're aware that it can't be amended by anyone
15 else for a period of three years, correct?

16 A Yes.

17 Q Was that a yes?

18 A Yes.

19 Q Okay. As part of the regulatory oversight, your
20 division is tasked with evaluating whether an applicant meets
21 Nevada's requirements to obtain a license to sell marijuana in
22 Nevada; is that right?

23 A Yes.

24 Q And you reviewed those legal requirements as part of
25 the competitive process in the last round of applications?

1 A Yes.

2 Q The regulatory oversight of the competitive process
3 in evaluating whether an applicant meets the legal requirements
4 to obtain a license to sell marijuana in Nevada is an important
5 part of your duties, right?

6 A Yes.

7 Q In fact, among all your duties, the regulation of
8 whether an application meets those legal requirements to obtain
9 a license to sell marijuana in Nevada is the most important
10 duty; is that also true?

11 A Say that again?

12 Q Among all your duties, the regulation of whether an
13 applicant meets the legal requirements to obtain a license to
14 sell marijuana in Nevada is the most important duty that you
15 have?

16 A I don't think so.

17 Q Okay. What ones are more important?

18 A Public safety, health.

19 Q Public safety and health. All right. And where does
20 that rank?

21 A Where does what rank?

22 Q I'm asking -- regulation of whether an applicant
23 meets the legal requirements to obtain a license; is it -- is
24 overseeing public safety and health a duty of yours?

25 A Yes. Like, regarding marijuana.

1 Q All right. Regarding marijuana. So you're talking
2 about public safety and health with respect to marijuana. Now,
3 how would your duties with public safety and health be an
4 oversight of yours? Give me some examples.

5 A Testing of marijuana.

6 Q Okay. So testing of marijuana?

7 A Yes.

8 Q Is it -- is your oversight of testing of marijuana
9 more important than evaluating whether or not an applicant
10 meets the requirements in order to obtain a license?

11 A I don't think we -- I would rank what's more
12 important than the other. They're all parallel duties. I
13 mean, one's not necessarily more important than the other.

14 Q Well, if you're force to rank them, where would you
15 put them? You've got somebody testing, is it more important?

16 A I'd say they're tied for first.

17 Q Tied for first.

18 A How's that?

19 Q So say it again. The testing of marijuana is equally
20 important to your determination of the qualifications for
21 licensure?

22 A Sure. Public health and safety is important.

23 Q All right. Any other ones that are equally important
24 to evaluating somebody's qualifications to obtaining a license?

25 A No. Not that I can think of right now.

1 Q So the testing of marijuana in order to maintain
2 public safety and health; is that fair?

3 A Sure.

4 Q Is equally important as evaluating someone's
5 qualifications for licensure to sell marijuana in the state?

6 A Sure.

7 Q All right. Now, up until a few years ago, if you
8 wanted to buy marijuana, the only way you could do it was to
9 purchase from people that are considered illegal drug dealers;
10 is that right?

11 A Prior to --

12 Q Prior to the passage of Medical Marijuana Program in
13 2014?

14 A Yes.

15 Q Okay. And as part of your regulation of issuing a
16 Nevada license to sell marijuana, you're now tasked with the
17 responsibility of taking the cultivation and sale of marijuana
18 out of that domain of criminals and regulating it in a
19 controlled system; is that right?

20 A Will you say that again?

21 Q As part of your regulation of issuing a Nevada
22 license to sell marijuana, you're now tasked with the
23 responsibility of taking the cultivation and sale of marijuana
24 out of that domain of criminals and regulating it in a
25 controlled system; is that right?

1 A No.

2 Q No? You're not tasked with that?

3 A No.

4 MR. MILLER: Okay. Can we pull up NRS 453D.020.

5 THE COURT: So, sir, this is the statute. If you'd
6 like the actual book, you -- I have it here if that would be
7 helpful to you rather than looking at it on the screen.

8 THE WITNESS: Okay. Thank you.

9 BY MR. MILLER:

10 Q Can you read me subsection 2?

11 A The people of the state of Nevada find and declare
12 that the cultivation and sale of marijuana should be taken from
13 the domain of criminals and be regulated under controlled
14 system where businesses will be taxed and the revenue will be
15 dedicated to public education and enforcement of regulations of
16 this chapter.

17 Q So when you read subsection 2, it says,

18 The people of the State of Nevada
19 declare the cultivation and sale of marijuana
20 should be taken from the domain of criminals
21 and be regulated in a controlled system.

22 How is that not one of your duties?

23 A Well, we regulate licensees. And that's where our
24 part comes in. As far as if you're talking about criminals,
25 black market, stuff like that, that's left to local law

1 enforcement.

2 Q It says that it's -- they're declaring that the
3 cultivation and sale of marijuana should be taken from the
4 domain of criminals and be regulated under a controlled system.

5 A Sure. I guess it's taken from them once you have a
6 license -- someone that's licensed to sell marijuana.

7 Q But the point of the licensure and the entire purpose
8 of the passes of this was it not to try to take this out of the
9 hands of the black market --

10 A Sure.

11 Q -- and license and control this in a controlled
12 manner?

13 A Sure.

14 Q All right. And if that is the point, and if that's
15 what the legislature -- if that's what the people of state of
16 Nevada tasked you with, that is one of your duties then, isn't
17 it?

18 A Sure.

19 Q Okay. And that's your job, right?

20 A Sure.

21 Q All right. Because in that area, the buck stops with
22 you; is that right?

23 A Yes.

24 Q All right. And taking marijuana out of the hands of
25 criminals, is it also your job to ensure that Nevada only

1 grants licenses to business owners who are suitable to sell
2 marijuana?

3 A Yes.

4 Q You know, the questions of suitable, the buck stops
5 with you also, right?

6 A Yeah, I think we've already determined that.

7 Q Okay. Well, I'm not taking anything for granted
8 here, sir.

9 The suitability of a Nevada licensee to produce or
10 sell marijuana is particularly important because producing or
11 selling marijuana is a criminal offense and a federal law;
12 you'd agree with that wouldn't you?

13 A Yes.

14 Q In fact, marijuana's still categorized on the Federal
15 Controlled Substances Act as a Schedule 1 drug; are you aware
16 of that?

17 A Yes.

18 Q Got it. And if convicted of those -- some of those
19 offenses, there can be big penalties, up to life in prison; is
20 that right?

21 A Sure.

22 Q And I'm sure you're familiar with the Cole
23 memorandum, right?

24 A Yes.

25 Q All right. And what did that memo say?

1 A The Cole memorandum said priorities for, basically,
2 states that had legalized or decriminalized marijuana, federal
3 priorities for the states to follow, but it did not take away
4 the enforcement rights of the federal government.

5 Q Okay. It has since been rescinded; is that right?

6 A Yes.

7 Q Got it. But when the voters passed Question 2, the
8 Cole memorandum was in effect and could have served as guidance
9 for the voters; is that right?

10 A Yes.

11 Q Got it.

12 MR. MILLER: Can we show Exhibit 223.

13 MR. SHEVORSKI: Are you referring to the memorandum?

14 MR. MILLER: Yes.

15 THE COURT: Any objection --

16 MR. SHEVORSKI: It was changed to 263.

17 THE COURT: -- to showing the memorandum?

18 MR. GRAF: Yes, 263 now.

19 MR. MILLER: Now it's 263?

20 THE COURT: Which number, Mr. Miller?

21 MR. MILLER: 263.

22 THE CLERK: Proposed.

23 THE COURT: Any objection to 263?

24 MR. SHEVORSKI: And what is it?

25 MR. MILLER: It's the full memo.

1 MR. SHEVORSKI: No objection.

2 THE COURT: Be admitted.

3 (Plaintiffs' Exhibit Number 263 admitted)

4 BY MR. MILLER:

5 Q It says -- says,

6 Congress has determined that marijuana
7 is a dangerous drug and the illegal
8 distribution and sale of marijuana is a
9 serious crime and provides a significant
10 source of revenue to large-scale criminal
11 enterprises, gangs, and cartels.

12 Nothing's changed either before or after the Cole
13 memo was written with regard to that statement; is that right?

14 A No.

15 Q Okay. And you talked about a list of priorities that
16 the Cole memo established, right, in which federal authorities
17 identified harms that can be subject to federal enforcement
18 even in states that allow the sale and cultivation under -- as
19 admissible under state law; is that right?

20 A Yes.

21 Q All right. And you've heard that list identified as
22 the Cole memo priorities?

23 A Yes.

24 Q All right. And those Cole memo priorities are areas
25 where the federal government has never wavered on its

1 commitment to enforce federal criminal marijuana statutes; is
2 that right?

3 A No.

4 Q Okay. It says that,

5 The department's guiding in this
6 memorandum rests on its expectation that
7 states and local governments that have
8 enacted laws authorizing marijuana-related
9 conduct will implement strong and effective
10 regulatory and enforcement systems that will
11 address the threat that those state laws
12 could oppose the public safety, public
13 health, and other law enforcement interests.

14 You're aware of that statement?

15 A Yes.

16 Q Okay. And,

17 If state law enforcement efforts are not
18 sufficiently [indiscernible] protect against
19 the harm set forth above, the federal
20 government may seek to challenge the
21 regulatory structure itself in addition to
22 continuing to bring individual enforcement
23 actions, including criminal prosecutions
24 focused on those harms.

25 So the Cole memo meant absolutely clear that to the

1 extent that there was lax regulation in any state, they would
2 continue to enforce federal law; is that right?

3 A Yes.

4 Q Okay. So no one says that even though there is a
5 letter that may give comfort to the states as the federal
6 government wouldn't crack down, violations of the criteria
7 underlined under the Cole memo priorities would lead to a very
8 bad things; is that fair?

9 A It may, yes.

10 Q Okay. And you're also familiar with the concerns of
11 federal regulators with financial transactions as it intersects
12 with marijuana?

13 A I'm sorry. Say that again.

14 Q Are you broadly familiar with the concerns of federal
15 regulators with respect to financial transactions in
16 conjunction --

17 A Somewhat, yes.

18 Q -- with the legalized marijuana industry? And are
19 you familiar with the set of guidelines that was sent out by
20 FinCEN in 2014 in order to provide clarity to the financial
21 institutions under that Cole memo?

22 A Somewhat, yes.

23 Q Okay. I'll just show you Exhibit 225.

24 THE CLERK: Proposed.

25 MR. MILLER: 225?

1 THE COURT: No objection?

2 MR. SHEVORSKI: No objection.

3 THE COURT: 225 will be admitted.

4 (Plaintiffs' Exhibit Number 225 admitted)

5 BY MR. MILLER:

6 Q And can you read me the headers under page 2 and 3,
7 the one that's labeled Marijuana Priority SAR Filings.

8 Well, first off, SAR is a little bit of industry
9 lingo; are you aware that that stands for Suspicious Activity
10 Report?

11 A Yes.

12 Q And you're aware that that's a report that would be
13 generated by a financial institutions, other agencies in order
14 to alert the most suspicious activity?

15 A Yes.

16 Q All right. So would you read me that header:
17 Marijuana Priority SAR Filings.

18 UNIDENTIFIED SPEAKER: Which page are you referring
19 to?

20 MR. MILLER: It's going to be on page 2 to 3. Maybe
21 we'll see it up there.

22 UNIDENTIFIED SPEAKER: Okay.

23 BY MR. MILLER:

24 Q It goes,

25 Marijuana Priority SAR Filings. In

JD Reporting, Inc.

1 financial institutes in filing SAR in a
2 marijuana-related business that reasonably
3 believes, based on its custom of due
4 diligence implicates ones of the Cole memo
5 priorities or violates state law should file
6 a marijuana priority SAR.

7 See where that's in there, sir?

8 A They keep moving it.

9 THE COURT: And, sir, if you'd rather look in the
10 book, we do have all of these in paper filings behind you.

11 THE WITNESS: Okay. Thank you, Your Honor.

12 UNIDENTIFIED SPEAKER: I have it on page 4.

13 MR. MILLER: Okay. Sorry. Page number's screwed up.
14 All right.

15 THE WITNESS: Are we on it?

16 MR. MILLER: We're on page 5, let me find the section
17 I said is red flags to distinguish priority SARs.

18 BY MR. MILLER:

19 Q All right. Says,

20 The following red flags indicate that a
21 marijuana-related business may be engaged
22 activity that implicates one of the Cole memo
23 priorities or violates state law. These red
24 flags indicate only possible signs of such
25 activity and also did not constitute an

1 exhaustive list.

2 You're aware of that concern?

3 A Yes.

4 Q All right. So there are possible triggers for
5 additional federal oversight based on financial activity when
6 Nevada's industry doesn't regulate it appropriately; is that
7 right?

8 A No.

9 Q No?

10 A I mean, I don't know how that ties in with
11 financial -- the state regulating appropriately. I mean, can
12 you clarify that question?

13 Q Got it. Well, if you don't have strong regulatory
14 controls, right, and regulatory controls lead to a filing of an
15 SAR, that share with federal agencies that could trigger one of
16 the Cole memo priorities, it could lead to additional scrutiny
17 of Nevada's marijuana industry; is that right?

18 A No. We don't regulate their financial dealings.

19 Q You don't have any intersection at all with the
20 financial dealings --

21 A I'm sorry?

22 Q -- of the marijuana industry? You don't have any
23 intersection at all?

24 A There's some.

25 Q What are those?

JD Reporting, Inc.

1 A They're -- as their requirements for, like, in this
2 application process, to show that they're financially stable,
3 that type of thing. But not with banking or not when -- not in
4 direct relation to how they bank or not bank.

5 Q Okay. But could this also be triggered, for example,
6 if the Department failed to conduct appropriate background
7 checks and the individuals that were obtaining revenue went to
8 a financial institution and deposited that amount, and it
9 triggered a suspicious activity report to be generated?

10 A I would agree with that.

11 Q And so you do have some involvement and enforcement
12 of areas that would potentially trigger interaction with
13 financial institution, they could alert other federal agencies
14 that they should maybe take a stronger look at Nevada's
15 regulatory structure; is that right?

16 A Sure. Okay.

17 Q So in that context, you actually wouldn't disagree,
18 then, that your enforcement of Nevada's industry, carry
19 implications throughout our agencies that could draw additional
20 scrutiny and maybe bring Nevada harm; is that right?

21 A Sure.

22 Q When -- you're aware that Attorney General Sessions
23 rescinded the Cole memo, right? We talked about that?

24 A Yes.

25 Q And Attorney General Sessions indicated that he would

1 not -- he would continue to enforce federal law even in spite
2 of state regulations; is that right?

3 A Yes.

4 Q Got it. I'm going to show you Exhibit 224. This is
5 a letter from a --

6 THE CLERK: Proposed.

7 THE COURT: Any objection?

8 MR. SHEVORSKI: No objection.

9 THE COURT: Be admitted.

10 (Plaintiff's Exhibit Number 224 admitted)

11 BY MR. MILLER:

12 Q So this letter was dated July 24th, 2017. You were
13 involved in oversight of the marijuana during that time period;
14 were you not?

15 A Yes.

16 Q All right. And you generally stay aware of
17 regulatory developments at the federal level that influence or
18 impact the industry in Nevada?

19 A What period is this?

20 Q July 24th, 2017.

21 A Yeah. I may have been over at that time.

22 Q You may have been what?

23 A I may have been in charge as deputy at that time. I
24 took over some time I believe in the summer of 2017.

25 But what's your question regarding this?

1 Q So this might have been right when you
2 [indiscernible], but when you took over the program, did you
3 make any efforts to review the federal landscape and how
4 regulators --

5 A Yes. Uh-huh.

6 Q -- saw -- okay.

7 And so are you aware that Attorney General Sessions
8 sent a letter to the states of Washington and Oregon
9 essentially criticizing them for their regulatory efforts and
10 highlighting his belief that to legalize marijuana continued to
11 cause public safety concerns?

12 A Yes.

13 Q Now, showing you the excerpts of that letter, I want
14 to read. It says,

15 "The recreationally licensed marijuana
16 market is competitive -- is incompletely
17 regulated. The leading regulatory violation
18 in that market has been the failure to
19 utilize and/or maintain traceability of
20 marijuana products."

21 "Since legalization in 2012, Washington
22 State marijuana has been found to have been
23 destined for 43 different states."

24 So Attorney General Sessions is clearly identifying
25 serious concerns that he had with states that believed at the

1 time that they were appropriately regulating marijuana; is that
2 right? Is that a fair statement?

3 A Well, I believe he had his concerns with Washington,
4 State.

5 Q Okay. And Oregon; correct? You're aware he sent a
6 letter to Oregon; right?

7 A And Oregon.

8 Q Nothing would prevent the Attorney General today from
9 sending a similar letter to the State of Nevada if they
10 identified concerns that Nevada's regulatory structures were
11 lax; is that right?

12 A Right.

13 Q And you're aware only two weeks ago the U.S. attorney
14 for Nevada Nicholas Trutanich said in a interview with the Reno
15 Gazette Journal that, Marijuana remains illegal under federal
16 law, and my job is to enforce federal law. Are you aware that
17 he made that statement?

18 A Yes.

19 Q All right. Given the current state of federal
20 indicators, is it fair to say that the Cole memo priorities are
21 the minimum standard that the State should be expected to
22 uphold?

23 A Yes.

24 Q If the regulatory structure isn't sufficient to
25 protect against those harms identified in the Cole memo

1 priorities, Nevada's entire regulatory structure could be
2 challenged by federal courts; is that right?

3 A Will you say that again.

4 Q If our regulatory structure were insufficient to
5 protect against the harms identified in the Cole memo
6 priorities, Nevada's entire regulatory structure could be
7 challenged by the federal authorities; is that right?

8 A Sure. I believe so. They have the authority to do
9 so.

10 Q All right. And if federal authorities brought
11 enforcement actions, they could potentially issue cease and
12 desist actions on Nevada's industry; is that right?

13 A Yes.

14 Q They could conduct seizures on all properties under
15 the cease and desist?

16 A Yes.

17 Q And they could bring criminal investigations and
18 prosecutions; is that right?

19 A Yes.

20 Q When we sit here today, the only comfort we have in
21 protecting against a federal crackdown on the industry is
22 maintaining a regulatory structure that's robust and effective
23 enough to let the federal government focus resources elsewhere;
24 is that fair?

25 A Yes.

1 Q And if tomorrow U.S. Attorney Trutanich led on
2 enforcement action against Nevada's licensees, our entire
3 industry may collapse; is that a fair statement?

4 A Possibly.

5 Q Okay. Because without strong, effective and robust
6 regulation of those we choose to license in the State of Nevada
7 to sell marijuana, we might not even have an industry; is that
8 right?

9 A Will you say that again.

10 Q Without effective and robust regulation of those that
11 we choose to license to sell marijuana in this state, we might
12 not even have an industry; is that right?

13 A Sure.

14 Q Do you have some doubt about that?

15 A No, that's fine. I agree.

16 Q Okay. That's fairly serious; right?

17 A Right. Yeah.

18 Q If the federal government determines at any point
19 that Nevada's regulatory structure is too lax --

20 A Sure.

21 Q -- that they need to take enforcement action, they
22 could shut the entire industry down?

23 A Yes, they can.

24 Q Okay. And it's your job to prevent that; right?

25 A Yes.

1 Q Because the buck stops with you then in that regard;
2 is that right?

3 A Yeah. Again I think we determine that.

4 Q Yeah. Well, we've been here for a couple of weeks
5 when you've been on vacation [indiscernible] where the buck
6 didn't stop with people, and we're trying to get to the bottom
7 of this?

8 MS. SHELL: Objection. Argumentative.

9 THE COURT: Overruled.

10 MS. SHELL: Thank you.

11 BY MR. MILLER:

12 Q Earlier in your testimony you said that if you were
13 asked to rank your duties of enforcement, you told me that the
14 testing of marijuana as it impacted public safety and health
15 was equally as important as the process that we're talking
16 about now, your role in determining the qualifications of
17 suitability for the licensure to sell marijuana; is that right?

18 A Yes.

19 Q So if you licensed an operation that sold marijuana
20 to kids or to a cartel, any of those concerns that were
21 outlined in the Cole memo priority, you'd have a much bigger
22 regulatory problem, wouldn't you, than your day-to-day
23 responsibilities in ensuring that the testing of the marijuana
24 maintained public safety?

25 A I think they're equally huge.

1 Q Equally huge?

2 A Sure. I mean, look, if you put out -- if marijuana
3 is not properly tested, you have immunocompromised patients
4 smoking, inhaling, eating contaminated product that may or may
5 not cause death, that could be the collapse of the industry in
6 Nevada as well.

7 Q Okay. But if you have a whole bunch of dispensaries
8 doing the same activity, don't you, in fact, have a bigger
9 problem, sir?

10 A Yeah. Yeah. I mean, you deal with it as the problem
11 persists. If you have, you know, a large amount of
12 dispensaries that are selling to minors and selling, yeah,
13 that -- or diverting product, yeah, that's a huge problem. It
14 takes priority.

15 Q But if you fail to evaluate the criteria for whether
16 or not a operation had a track record of selling to minors and
17 then initially gave more licenses to that individual, that
18 could be a big problem; right?

19 A Right. Say that again.

20 Q If you failed to identify -- if you failed to
21 consider the fact that a licensee has sold marijuana -- sold
22 marijuana to minors or had been so lax in their regulatory --
23 in following regulations that they had had a track record of
24 continuing to violate your regulations, that could be a
25 significant issue; right?

1 A Unless corrective action has been taken by that
2 licensee and the department was okay with that corrective
3 action. I mean --

4 Q If you failed --

5 A -- compliance issues all around.

6 Q If you failed to consider that as part of a licensure
7 process, that could be a significant issue for the State of
8 Nevada; is that right?

9 A If it was part of the criteria and we failed to, I
10 would say that's a problem.

11 Q What do you mean by "part of the criteria"?

12 A Well, if it's one of the things that we're supposed
13 to consider in the application process.

14 Q Well, you determined what's supposed to be considered
15 in the application process; right? Didn't we talk about the
16 buck stops with you?

17 A Sure.

18 Q So you had the ability to determine what the
19 department was going to evaluate as part of this licensure
20 process; right?

21 A I think I had a say in it, yes.

22 Q Well, ultimately the buck doesn't stop with you? Who
23 else had a say? Who else are we going to share the blame with
24 here if something went wrong with the application?

25 A I'll take the blame. It's not a matter of sharing

1 the blame.

2 Q Okay.

3 A It's a process.

4 Q Okay.

5 A I participate in the making of the regulations along
6 with the director, and as you know, you know, it goes through
7 the adoption process with the Nevada Tax Commission and then
8 ledge (phonetic) commission reviews it.

9 Q Right. We'll get to that, but your division or your
10 department developed the criteria by which the application --
11 application process went forward; is that right?

12 A Yes.

13 Q All right. So you had the ability to decide which
14 areas you wanted to focus on; is that correct?

15 A Sure. I mean, we looked at the Governor's task force
16 recommendations. We looked at 453A, which is closely related,
17 and public input from the licensees. That all went in to
18 creating the criteria for the regulations.

19 Q Okay. Did you look at the Cole memo?

20 A I don't recall specifically looking at the Cole memo
21 when doing the regulations, but I believe that, you know, they
22 were considered, those priorities, diversion, selling to
23 minors --

24 Q You gave --

25 A -- keeping money out of criminal organizations.

1 Q Right. You gave appropriate consideration you
2 believe to the concerns that were identified in those Cole memo
3 priorities and whether or not these applications were properly
4 identity evaluated, the criteria; is that correct?

5 A I think so, yes.

6 Q All right. So when you developed all of that
7 criteria, right, part of that would've included whether or not
8 a marijuana licensee appropriately tested marijuana according
9 to the regulations in order to protect public safety; is that
10 right?

11 A Yes, we looked at that.

12 Q Okay. And so when you looked at that criteria as to
13 whether or not a licensee had a track record of compliance in
14 an area, if you handed out licenses to somebody who had a very
15 poor track record in that regard and hadn't appropriately
16 tested marijuana and was leading the public safety concerns all
17 across the State, wouldn't giving them additional licenses be a
18 bigger problem than the day-to-day regulation of them?

19 MR. SHEVORSKI: Objection. Compound.

20 THE COURT: Overruled.

21 You can answer.

22 THE WITNESS: All right. Restate that. Can you
23 state that again.

24 MR. MILLER: Sure.

25 / / /

1 BY MR. MILLER:

2 Q You looked at that criteria of whether or not
3 licensees, you're telling me, that application of that --
4 you're telling me that the application evaluated whether or not
5 licensees have a track record of compliance; is that right?

6 A Whether the licensee had a good track record of
7 compliance?

8 Q Right. Didn't we just go through this?

9 A Yeah. Yeah. Go ahead. Uh-huh.

10 Q Okay. So it's part of your responsibility to make
11 sure that you didn't give out licensees -- give out licenses to
12 licensees who had a poor track record of compliance; is that
13 right?

14 A Along with other criteria, yes.

15 Q Okay. But it was part of the criteria that you were
16 supposed to look at; right?

17 A Yes.

18 Q Because if you didn't give appropriate consideration
19 to that and you gave licensee -- licenses to individuals who
20 had a poor track record of compliance, that could bring
21 additional federal scrutiny; right?

22 A It may. Yes.

23 Q Okay. And if you gave licenses to licensees who
24 didn't properly test marijuana and it posed a real threat to
25 public safety, that would cause an even bigger problem;

JD Reporting, Inc.

1 correct?

2 A It can. Yes.

3 Q It can? Is this --

4 A I said it can.

5 Q -- something you take lightly?

6 A It can.

7 Q It would cause a very serious problem, wouldn't it?

8 A Yes.

9 Q And so isn't the licensing of those individuals and
10 taking into consideration their background the most important
11 responsibility you have, sir?

12 A Well, I think you look at an application as a whole,
13 but background is very important.

14 Q Okay. But if you fail to look at the background of
15 an individual and issued licenses to someone that was
16 associated with the cartel, for example, that could end
17 Nevada's entire industry; right?

18 A I think that's a -- I wouldn't say that it would
19 destroy Nevada's industry. It's possible, but, you know,
20 federal intervention probably just, you know -- I don't know
21 what they'll do. They could say get rid of this guy, you know,
22 or get rid of this entity, or if they choose they could try to
23 shut down the entire marijuana program in the state. I don't
24 know what they'd do.

25 Q So you told me you read that memo from Attorney

1 General Sessions; is that right?

2 A Yes.

3 Q Did you see anything as serious in that memo as the
4 State of Washington or Arizona or Oregon as the State of Nevada
5 issuing a license to a cartel?

6 A As far as I know the federal government hasn't shut
7 down their programs.

8 Q Well, Attorney General Sessions didn't allege that
9 they had issued a license to sell marijuana to cartels; is that
10 right?

11 A No.

12 Q But if you issued a license to the Sinaloa Cartel,
13 you're telling me that there's some question as to whether or
14 not the federal authorities would come in and shut down
15 Nevada's regulatory structure?

16 A Oh, no. I mean, there's -- that's a huge problem.

17 Q Okay. And you understand the seriousness of that;
18 correct?

19 A Sure.

20 Q So who you gave licenses to in the State and the
21 process by which you review those applications is the most
22 important job of yours; is that right?

23 A Is one of the important.

24 Q You're still not going to say it's the most important
25 job?

1 A Equally important.

2 Q Equally important as testing of marijuana in order to
3 maintain -- is that what you're saying, that the responsibility
4 of testing marijuana in order to maintain public safety?

5 A Public safety.

6 MS. SHELL: Objection. Asked and answered.

7 THE COURT: Overruled.

8 THE WITNESS: Public safety and health is equally
9 important. They both could bring down the industry. That's
10 what we're talking about. You're talking about bringing down
11 the industry. They could both bring down the industry.

12 Q So you're saying that your day-to-day enforcement as
13 a beat cop in looking at the testing and enforcement of --

14 THE COURT: You called him a beat cop?

15 MR. MILLER: Yeah.

16 THE COURT: I did tell you to be back in your DA
17 days, but he's a revenue officer and now the director of
18 Marijuana Enforcement Division.

19 Right?

20 So we're not a beat cop.

21 BY MR. MILLER:

22 Q If you find instances, sir --

23 A I'm sorry?

24 Q If you find instances of a licensee that's
25 inappropriately testing and that's causing a public safety

1 concern, you have the ability to shut them down; is that right?

2 A We take appropriate action.

3 Q Do you have the ability to shut them down if they are
4 cause a public safety concern?

5 A Sure.

6 Q And would that be appropriate action?

7 A There is a due process involved, but, yeah, I would
8 try to possibly shut them down.

9 Q Okay. When you say due process, what would happen?

10 A Well, we'd file a complaint. They have a right to a
11 hearing in front of an Administrative Law Judge.

12 Q And if you found that somebody was not testing
13 marijuana that was causing a public safety concern, what action
14 would you take?

15 A Well, I would do a -- I'd summarily shut them down
16 and then schedule them for a hearing.

17 Q Okay. And if you shut them down, it could
18 potentially be considered strong and effective enforcement of
19 Nevada's marijuana relations; right?

20 A Yes.

21 Q Okay. But if you allow that pattern to continue and
22 you gave licenses to people that engaged in that behavior
23 before, that's the issue that we're talking about here in
24 evaluating the licenses; is it not? That could be the bigger
25 problem. If you gave licenses to somebody that had been doing

1 it all along, and you hadn't shut them down before, that's a
2 much bigger problem; is it not? Is that a much bigger
3 priority -- shouldn't that be a much bigger priority for the
4 department? Evaluating to make sure that the qualifications
5 for licensure didn't give licenses to those kind of people?

6 A Sure. I mean, yeah, we don't want the cartel here.

7 Q We've heard testimony about the transition from
8 medical to recreational and the early start program, and we've
9 also heard testimony that the department determined that the
10 applications for recreational marijuana would be largely based
11 upon the 2014 application process; is that accurate?

12 A Yes.

13 Q Okay. In terms of the last competitive recreational
14 license application, Mr. Plaskon, Ms. Cronkhite and Mr. Gilbert
15 were largely responsible for developing that application; is
16 that right?

17 A Yes.

18 Q And then you reviewed and signed off on the
19 application; right?

20 A Yes.

21 Q And I understand you largely based the 2018
22 recreational application on the 2014 application. We heard
23 some testimony from Mr. Plaskon that I want you to confirm. If
24 we could pull up Day 5 of the transcript on page 92.

25 Can you read for me Mr. Plaskon's response when he

1 says, yeah, the question was --

2 A Just the response?

3 Q -- Was the person primarily responsible for the
4 application in other words, the form of words in that aspect?

5 Can you read me the answer.

6 A Sure. It says,

7 He was. Mr. Pupo would always give
8 final approval on stuff, but the application
9 was put together with or by Kara Cronkhite,
10 myself and Mr. Pupo, and again we took the
11 application from 2014, compared that to the
12 current NRS or NAC 453D, updated it as
13 needed, and then we actually threw it around
14 to our committee, through the office and the
15 program, and everybody fact checked --
16 checked it and ran it back and forth, did the
17 crosswalk to the regulations.

18 Q Is that a fair synopsis, do you think, of the process
19 that you undertook in order to convert the 2014 application to
20 what you used in 2018?

21 A No.

22 Q Okay. What happened?

23 A I think that looking at the 2014 application
24 [indiscernible], we looked at the governor's task force
25 recommendations, and looked at 453A and licensee's comments

1 from public workshops, and those were all taken into
2 consideration. But other than that, yeah, I gave final
3 approval. Once the application was formatted and formed, I
4 reviewed it and gave final approval.

5 Q Okay. But the application itself and what it was
6 largely based on on the 2014 application; is that correct?

7 A Along with the other things I mentioned, yes.

8 MR. MILLER: All right. So can we pull up
9 Exhibit 5002, which is a medical and Exhibit 5. This is the
10 recreational. Is it possible to do them side by side?

11 BY MR. MILLER:

12 Q Is it fair to say that the general structures are the
13 same in terms of the layout? There's a lot of similarities; is
14 that right?

15 A Yes.

16 Q Even the font?

17 A Yes.

18 Q Yeah. And the forms are largely similar. They're
19 just updated to conform with the new law and some of the new
20 criterias (sic) that you talked about; right?

21 A Yes.

22 Q And even the instructions, most of those are the
23 same; is that correct?

24 A Yes.

25 Q All right. There are some differences. Obviously

1 there are new dates; is that right?

2 A Right.

3 Q And the instructions were updated to provide
4 references to the new statutes that you talked about; right?

5 A Right. I believe to also take out any medical
6 references.

7 Q Okay. And the new grading criteria to conform with
8 some of the new laws; is that correct?

9 A Yes.

10 Q And you also updated old provisions that no longer
11 apply, and you deleted all the references to medical; is that
12 right?

13 A Yes.

14 Q Or you at least attempted to; is that right?

15 A Yes.

16 Q And then there was some effort to provide more detail
17 in the application from what was provided in 2014; right?

18 A Yes.

19 Q And as a result there were some additions to the 2018
20 application that were not present in 2014. Is that also true?

21 A I believe so, yes.

22 MR. MILLER: Okay. Can we pull up Attachment J,
23 which is page 34.

24 BY MR. MILLER:

25 Q Are you familiar with this attachment, sir?

1 A Yes.

2 Q Okay. A series of federal laws and authorities.
3 Read me section -- the one that begins Section 13 of PL92500.

4 A Section 13 of PL 92500, prohibition against sex
5 discrimination under Federal Water Pollution Control Act.

6 Q Do you know what that provision provides for?

7 A No, I don't.

8 Q Okay. It's a long statute, but I'll just read the
9 one part. It's Section 9.1.1:

10 No person in the United States shall on
11 the ground of sex be excluded for
12 participation in, be denied the benefits of
13 or be subjected to discrimination under any
14 program or activity receiving Federal
15 financial assistance under this act, the
16 Federal Water Control Pollution Act or the
17 Environmental Financing Act.

18 You're regulating an industry that's illegal under
19 federal law. Clearly none of your licensees are receiving
20 Federal financial assistance under the Federal Water Pollution
21 Control Act or the Environmental Financing Act; right?

22 A Right.

23 Q Can you read me Section 306 of the Clean Water -- Air
24 Act and Section 508 of the Clean Water Act, including executive
25 order 11738, the administration of the Clean Air Act and the

1 Federal Water Pollution Control Act with respect to federal
2 contracts or grants.

3 Do you see that provision?

4 A Where we at? Which one?

5 Q Section 306 -- these are federal statutes. So they
6 get a little wordy, sir. It took some attorneys some time to
7 review this on Attachment J I'm sure.

8 Section 306 of the Clean Air Act and Section 508 of
9 the Clean Water Act, do you see that provision?

10 A Yes.

11 Q And then there's a lot of other criteria. Do you
12 know what that one provides?

13 A No.

14 Q All right. If I represented to you that it provides
15 that if you're a party to a federal contract, grant or loan
16 with a federal agency, you'd have to comply with the Clean
17 Water Act and the Federal Water Pollution Act. Would you agree
18 that that probably also wouldn't apply to your licensees?

19 A Yes.

20 Q All right. Because none of your licensees are
21 getting grants or loans from the federal agencies; right?

22 A Not that I know of.

23 Q "Not that you know of." I mean, would it be possible
24 for licensees of marijuana establishments in this state to
25 receive federal grants?

JD Reporting, Inc.

1 A I would not think so.

2 Q I wouldn't think so either. That might have been a
3 mistake to include this attachment.

4 MR. GRAF: Objection, Your Honor. Calls for a legal
5 conclusion.

6 THE COURT: Overruled.

7 THE WITNESS: I'm sorry. What did you say, Your
8 Honor?

9 THE COURT: Overruled. You can answer.

10 THE WITNESS: Yeah, I would probably agree. It's
11 irrelevant.

12 BY MR. MILLER:

13 Q It's irrelevant?

14 A [Indiscernible.]

15 Q Well, where did it come from?

16 A I believe that came from the 2014 application.

17 Q Okay. We'll pull up the 2014 application. Why don't
18 you look through at the end. Do you want to look through and
19 confirm whether or not this attachment was on the 2014
20 application.

21 A I mean --

22 Q Take your time.

23 THE COURT: What's the exhibit number if he prefers
24 to look at the paper copy.

25 MR. MILLER: Sure. It is Exhibit Number 5002.

1 THE COURT: So, Ramsey, can you help him find 5002
2 just in case he wants to flip through the entire application,
3 as Mr. Miller offered.

4 THE CLERK: It's at that part at the very bottom and
5 then second to the last --

6 BY MR. MILLER:

7 Q Sir, will you accept my representation that it's not
8 in there?

9 A Sure.

10 THE COURT: You offered to let him flip through the
11 whole thing. You know, I wasn't going to sit here and watch
12 Shane go through every page.

13 BY MR. MILLER:

14 Q It's not in there. You have no idea where that
15 attachment came from?

16 A No. I mean, as far as I know, my understanding of
17 that was put together by, it was my understanding that the
18 DAG's office in 2014 assisted the DPBH to do these
19 applications, and I assumed that was part of that --

20 THE COURT: Okay. Wait. What's the DAG's office?

21 THE WITNESS: The Deputy Attorney General's office.

22 THE COURT: Okay. So the AG's office.

23 THE WITNESS: The AG's office.

24 THE COURT: Okay. Thank you.

25 / / /

1 BY MR. MILLER:

2 Q So I understand, you're saying that the Attorney
3 General's office was involved in the review of which
4 application that would have been --

5 A 2014.

6 Q Okay. But I just told you to accept my --

7 A Well, I don't know if it was reviewed. They
8 assisted.

9 Q I'm sorry?

10 A It's my understanding that they assisted DPBH.

11 Q Can you break down these government acronyms for me.
12 It's been a while since I've been in government too. So --

13 A That they assisted the Division of Public Behavioral
14 Health in creating the application in 2014.

15 Q Okay. Well, again, I can offer to have you look
16 through the 2014 application, but I'm making a --

17 A No, I'm just saying that's my understanding.

18 Q All right --

19 A That's --

20 Q -- but Attachment J is not in the 2014 application.

21 A Okay. I said I would take your word for that.

22 Q Okay. But somewhere between 2014 and 2018 -- now,
23 2018, Attachment J is in that application; is that right?

24 A Apparently, yes.

25 Q What do you mean "apparently"? We can pull it up if

1 you want.

2 A Yes, it's there.

3 Q Okay. You don't have any doubts that Attachment J
4 was provided to all the applicants, do you?

5 A No.

6 Q Okay. Attachment J was included?

7 A Sure.

8 Q All right. Do you know where Attachment J came from?

9 A I do not.

10 Q Did the Attorney General's office help you in
11 assembling this application?

12 A Not that I know of.

13 THE COURT: The 2017 application?

14 MR. MILLER: The 2018 application.

15 THE WITNESS: No.

16 MR. MILLER: I'm sorry. 2017 --

17 THE COURT: I'm sorry, 2018, yeah.

18 MR. MILLER: Yeah.

19 THE WITNESS: No.

20 BY MR. MILLER:

21 Q Okay. So at some point Attachment J was included,
22 but you can't tell us where it came from?

23 A That's correct.

24 Q All right. When we moved forward with this
25 application process, recreational marijuana law was an entirely

1 new legal framework. Would you agree with that?

2 A When? Say that again.

3 Q When we moved forward with the recreational marijuana
4 law, that was established on an entirely new legal framework;
5 is that correct?

6 A Can you -- well, what do you mean by "legal
7 framework"?

8 Q Well, when they imposed -- when the voters enacted
9 Nevada's recreational law, they established an entirely new
10 legal framework for that; right?

11 A Yes.

12 Q They didn't go and amend the old medical statutes --

13 A No.

14 Q -- is that correct?

15 A Correct.

16 Q So and that required you to adopt regulations. Is
17 that also true?

18 A Yes.

19 Q All right. And QuantumMark, as I understand through
20 the testimony here that we've heard was involved in the
21 drafting of the regulations that would apply in the 2018
22 recreational process. Is that also true?

23 A Yes.

24 Q And were you involved with that as well?

25 A Yes.

1 Q All right. What was your involvement?

2 A Just participated with a group of other people and
3 gave my input.

4 Q Okay. And what happened during that process?

5 A So QuantumMark was initially brought in to assist,
6 facilitate the governor's task force meetings, and then they
7 were contracted again to assist the department in creating
8 regulations. DPBH had used them in 2014 to create the
9 regulations for 453A. Then they basically put together some of
10 the regs and formatting. They did formatting work. They
11 brought in -- they had benchmarks from other states. And then
12 we sat together as a group and discussed what -- when they did
13 the BNR regulations.

14 Q Okay. And with respect to the development of the
15 regulations, what process did you use to determine and develop
16 the regulations that pertained to the suitability
17 determinations of the licensees?

18 A So generally, you know, we would look at the
19 governor's task force. We'd look at 453A. You know, what the
20 Division of Public and Behavioral Health had done the
21 previous -- you know, how they operated the previous three
22 years or so.

23 Q Okay. Do you remember anything specifically within
24 453A? When we're talking about 453A, we're talking about the
25 language that appeared on the ballot; right?

1 A No. 453A is the medical program.

2 Q All right. Are you aware that 453A is just the
3 codification of what appeared on the ballot? Is that right?
4 We went through this.

5 A 453A, no.

6 THE COURT: 453D.

7 MR. MILLER: 453D. Sorry.

8 THE COURT: I was wondering.

9 MR. MILLER: [Indiscernible.]

10 THE WITNESS: I'm talking about 453A.

11 BY MR. MILLER:

12 Q You looked at the suitability of applicants in 453A
13 and used that as a basis in order to create the regulations
14 for -- for NAC 453D?

15 A Well, the governor's task force recommended that 453A
16 be used as a foundation for regulations for recreational.

17 Q And that would include the determinations on
18 suitability?

19 A Right. What the legislature put forth in 453A.

20 Q Okay. And when you looked at suitability, who else
21 did you consult with as to whether or not you would be
22 evaluating the right criteria?

23 A No one outside the agency.

24 Q Okay. So you did that all internally?

25 A Yes.

1 Q All right. Now, the voters tasked your department
2 with confirming that business owners are suitable to sell
3 marijuana. We covered that; right? It's 453D.0203B:

4 People of the State of Nevada proclaim
5 that marijuana should be regulated in a
6 manner similar to alcohol so that business
7 owners are subject to a review by the State
8 of Nevada to confirm that the business owners
9 and the business location are suitable to
10 produce or sell marijuana.

11 You're aware of this requirement; correct?

12 A What are we looking at? 453D.020?

13 Q -0203B.

14 A D did you say?

15 Q 453D.0203B.

16 A Oh, B.

17 Yes.

18 Q All right. And up there at the top it says, That
19 marijuana should be regulated in a manner similar to alcohol.
20 You're aware that that was the framework that the Nevada voters
21 provided to you as to how they expected you to administer this
22 program; is that correct?

23 A Yes.

24 Q All right. And this competitive application process
25 was the evaluation of which business owners among the existing

1 marijuana license holder should be granted a license to sell
2 marijuana; right?

3 A Wait. I'm sorry. I didn't hear you.

4 Q This competitive application process, that is the
5 evaluation by which business owners are granted a license to
6 sell marijuana in the state; right?

7 A Yes.

8 Q There's no additional criteria or additional review
9 that happens after this application process; isn't that
10 correct?

11 A Correct.

12 Q In ensuring the individuals who are licensed to sell
13 marijuana in Nevada aren't criminals and are suitable to sell
14 marijuana, it is a necessary area of your focus to carry out
15 the strong and effective regulation that the feds expect. Is
16 that a fair statement?

17 A Yes.

18 Q Of all the areas of regulation, suitability
19 requirements couldn't be neglected simply because they might be
20 inconvenient to carry out; is that correct?

21 A Correct.

22 Q Because a suitability determination is a necessary
23 part of your regulatory oversight of Nevada's marijuana
24 program; is that correct?

25 A Correct.

1 Q And we discussed this, but that suitability
2 determination, the buck stops with you; is that right?

3 A Sure.

4 Q Yeah. And when questioned to pass, the people of the
5 State of Nevada entrusted you to conduct background checks on
6 each prospective owner of a marijuana establishment; correct?

7 A Yes.

8 Q Okay. NRS 453D.200, Subsection 6, says,
9 The department shall conduct a
10 background check of each prospective owner
11 and board member of a marijuana establishment
12 license application.

13 Correct?

14 A Yes.

15 Q You're aware of that requirement?

16 A Yes.

17 Q Okay. And you're aware that when the people passed
18 that language in Question 2 you couldn't amend that statute for
19 a period of three years; is that also correct?

20 A Yeah, I think we discussed that.

21 Q Okay. But your department did not conduct background
22 checks of each prospective owner of a business license by the
23 State of Nevada to sell marijuana; correct?

24 A Say that again.

25 Q Your department did not conduct background checks of

1 each prospective owner of a business -- of a business license
2 by the State of Nevada to sell marijuana; is that true?

3 A Prospective owners?

4 Q Yeah.

5 A I would agree.

6 I mean, we do background checks of licensed -- of
7 people who get licenses.

8 THE COURT: That's not what he asked you, sir.

9 Can you ask your question again, Mr. Miller.

10 MR. MILLER: Yeah.

11 BY MR. MILLER:

12 Q The department did not conduct background checks of
13 each prospective owner of a business licensed by the State of
14 Nevada to sell marijuana; is that true?

15 A Can you reframe that question. I mean, "prospective
16 owner," they're not owners.

17 Q Let's go back, and we'll talk about "prospective
18 owners."

19 All right. People that apply for licenses are
20 prospective business owners or licensees; is that correct?

21 A Yes.

22 Q Okay. And to the extent that you review this
23 information, they could be granted conditional licenses --

24 A Yes.

25 Q -- is that correct?

1 All right. But you didn't conduct background checks
2 of each prospective licensee before issuing conditional
3 licenses, did you?

4 A I believe we did.

5 Q You believe that you conducted background checks of
6 each prospective owner?

7 A I believe so. If, you know -- the applications
8 requires fingerprinting and background checking to be submitted
9 and go through the process, a background check process.

10 Q Would it surprise you to learn that through the
11 testimony over the last few days we've learned of plenty of
12 instances of the department not conducting background checks of
13 ownership interest?

14 MR. KOCH: Objection. Misstates testimony --

15 THE COURT: Overruled.

16 We are on Day 9.

17 MR. MILLER: Sure.

18 BY MR. MILLER:

19 Q You believe that your department had conducted
20 background checks on each potential owner that applied for a --

21 THE COURT: The wording is "prospective" out of the
22 statute, the ballot question.

23 MR. MILLER: All right.

24 THE COURT: Let's use the right words.

25 / / /

1 BY MR. MILLER:

2 Q You believe that you conducted a background check of
3 each prospective owner of a business license by the State of
4 Nevada to sell marijuana?

5 MR. GRAF: Objection. Vague as to time.

6 THE COURT: Overruled.

7 MR. GRAF: Thank you.

8 THE WITNESS: Yes, that was my belief.

9 BY MR. MILLER:

10 Q You changed the phrase of the voters on the ballot in
11 Question 2 which said, Each prospective owner, to instead read
12 only ownership interests of 5 percent or more; right?

13 A Regarding background checks?

14 Q You're aware that your department passed a regulation
15 that changed the definition of each prospective owner to
16 instead read that you would only be required to background
17 check individuals whose ownership interests were 5 percent or
18 more?

19 A Yes.

20 Q And a change from conducting background checks of
21 each owner to ownerships of 5 percent or more would be a
22 significant change; right?

23 A I believe that ownership interest, 5 percent or more,
24 is regarding agent cards.

25 Q Who has to obtain an agent card?

1 A I'm sorry?

2 Q Who is required to obtain --

3 A Anyone employed.

4 Q Anyone employed. Okay. So only those individuals --

5 A Well, you're talking -- but you're talking ownership
6 transfers is what you're talking about, ownership interest;
7 right? So 5 percent or more.

8 Q No. Let me stop you. Who does the department
9 conduct background checks on?

10 A On owners --

11 THE COURT: Mr. Miller, I don't care about agent
12 cards for purposes now. I care about the application process
13 because that's what this injunctive relief hearing is. If we
14 could focus then back on the ballot question which includes
15 NRS 453D.200, and I believe we're at Section B -- or Section 6:

16 The department shall conduct a
17 background check of each prospective owner,
18 officer and board member of a marijuana
19 establishment license applicant.

20 So if we could continue to focus on that language
21 rather than who needs an agent card, because I don't really
22 care today.

23 MR. MILLER: Okay. Well, I'm --

24 THE COURT: Because I know employees and volunteers
25 need agent cards, and they're not here --

JD Reporting, Inc.

1 MR. MILLER: I'm trying to figure out how he thinks
2 they intersect, Your Honor, but I'll try to focus in on the
3 statute up here.

4 THE COURT: This could be the highlighted part that I
5 think we need to talk about.

6 MR. MILLER: Yep.

7 BY MR. MILLER:

8 Q So reading that language again, sir, it says,

9 Shall conduct a background check on each
10 prospective owner, officer and board member
11 of a marijuana establishment license
12 applicant.

13 You believe that you did that in this case; is that
14 correct?

15 A Yes.

16 Q Okay. And you believe that you did it for each
17 prospective owner of a marijuana establishment and license?

18 A Yes.

19 Q Okay. And you're aware of the regulation that was
20 passed, NAC 453D.272 --

21 (Pause in the proceedings.)

22 BY MR. MILLER:

23 Q -- NAC 453D.255. Can you read that statute.

24 A Sure.

25 (Witness reads out loud to himself.)

1 Q But you believe that the department conducted
2 background checks of each prospective owner of a marijuana
3 establishment? Before issuing -- in the confines of this
4 application; correct?

5 A You have to have more than 5 percent interest.

6 Q Okay. And now you see that I showed it to you the
7 regulation appears to show that the department will check it
8 for individuals that own over 5 percent; is that correct?

9 A Yes.

10 Q Okay. And that would be a significant change in
11 ownership interest -- and who the department conducts
12 background checks on; correct?

13 A Sure. I would say so.

14 Q Okay. Because if you receive an application that
15 lists an ownership percentage of less than 5 percent that was
16 held by an LLC, there might be no requirement under that
17 regulation that we conduct any background check on that
18 ownership interest; is that also true?

19 A Wait. Say that again.

20 Q Under that regulation, did the department check
21 ownership interests that were less than 5 percent?

22 A Do we check? Was that your question? I'm --

23 Q During this application process --

24 A Right.

25 Q -- when individuals filled out the criteria that was

1 required by the application, did your division check the
2 backgrounds of individuals holding less than 5 percent
3 ownership interest?

4 A Yeah, I don't know for sure.

5 Q But if you hadn't complied with the law to check the
6 backgrounds of those individuals, that could be a significant
7 problem; correct?

8 A Sure.

9 Q All right. Because if you hadn't complied with the
10 requirement, an ownership interest of less than 5 percent
11 could, in fact, be 100 percent held by a member of a criminal
12 organization; right?

13 A I guess it's possible.

14 Q And the fact is it's possible, and you wouldn't know
15 it because you hadn't checked the backgrounds on any of that
16 ownership interest; is that right?

17 A It's possible.

18 Q Are you aware of what a background check includes?

19 A I know what we look for.

20 Q What do you look for?

21 A We look for excluded felonies, Category -- it would
22 be equivalent to a Category A in the state of Nevada.

23 Q Just in the state of Nevada? So if an individual had
24 a felony conviction elsewhere for significant crimes, that
25 wouldn't show up through your background checks?

1 A No, I said excluded felonies that would be equivalent
2 to a Category A in the state of Nevada.

3 Q Okay. And how are those background checks performed?
4 Who does it?

5 A DPS and FBI.

6 Q Okay. And then once that information is reviewed,
7 what does your department do with it?

8 A The section reviews -- reviews to see if there's any
9 excluded felony, and if there's no excluded felony, the
10 application proceeds.

11 Q Okay. And if there is an excluded felony, what
12 happens?

13 A Well, it depends on I guess the disposition. The
14 applicant is given an opportunity to explain.

15 Q Explain? They get an opportunity to explain?

16 A Well, there's -- if there's no disposition. So if
17 there's an excluded felony and it's been totally disposed of,
18 then that individual is denied. If there's no disposition,
19 sometimes the reports come back with no disposition, so we
20 don't know if they're on probation, parole or whatnot, or, you
21 know, it totally changed.

22 The applicant is given an opportunity to provide
23 documentation as to the status of that felony.

24 Q Okay. But for ownership interest less than
25 5 percent, if an individual had any of those excluded felonies

1 that would have otherwise prevented them from having a license
2 in the state, you wouldn't know; is that right?

3 A Right.

4 Q Because you didn't check?

5 A Right.

6 Q And that could be a very significant difference in
7 who you may want to issue a license to in the state; is that
8 correct?

9 A Sure.

10 Q And if you don't check ownership interests and you
11 don't ensure that they didn't have any of the, you know, red
12 flags that would suggest they'd be unsuitable to hold a
13 license, you could have an entire ownership interest that could
14 be held by criminal organizations in the state; is that right?

15 A It's possible.

16 Q Right. Because under the regulation that your
17 department proposed, we could have an application to sell
18 marijuana for up to 20 different holders -- 20 different owners
19 holding less than 5 percent who weren't background checked;
20 right?

21 A Say that again.

22 Q We talked about the fact that if there was an
23 ownership interest that held less than 5 percent, your
24 department doesn't background check them; right?

25 A Right.

1 Q Okay. So if 20 different people came in and said we
2 own, we're prospective owners of this marijuana license, we
3 want to apply, you wouldn't check any of those 20; is that
4 correct?

5 A I guess not.

6 Q All right. And if you didn't check any of those 20
7 different owners and confirm their background as required by
8 law, basically the entire organization could be held by a
9 criminal organization, and your department wouldn't know about
10 it; is that true?

11 A It's possible.

12 Q So you're telling me that the regulatory process that
13 you set up could have allowed for Nevada LLCs numbered
14 1 through 20 that applied for a marijuana license in this state
15 all indicating that they had ownership interests under
16 5 percent had been members of the Sinaloa Cartel, and yet the
17 Nevada Department of Taxation wouldn't have known about it?

18 A I guess under the circumstances, yeah.

19 Q Okay. So as you sit here today, you can't tell us
20 whether or not you've granted any conditional licenses to
21 members of the Sinaloa Cartel?

22 A I don't know.

23 Q You don't know whether or not you granted the
24 licenses?

25 A Well, I don't -- I'd have to go back and see if that

1 scenario exists. I mean, I don't -- I don't know that that
2 scenario exists.

3 Q As you sit here today, you can't tell us -- you've
4 told us that you didn't conduct background checks on each
5 individual; right?

6 A As I sit here today, I tell you that I don't know if
7 that scenario exists. I'd have to go back and look.

8 Q Okay. But that's not the question I asked.

9 THE COURT: So, Mr. Miller, can I interrupt you for a
10 second.

11 MR. MILLER: Yeah.

12 THE COURT: Because we're going to take a morning
13 break in about 10 minutes.

14 MR. MILLER: Yeah.

15 THE COURT: Sir, can you explain to me why the
16 department thought it was a good idea to change the language of
17 the ballot question which said that you had to check each
18 prospective owner's background and change it to anyone who held
19 a 5 percent interest or more?

20 THE WITNESS: I'm not sure, Your Honor. I mean, I
21 think there was some -- there may have been some concern of you
22 have companies that have hundreds and hundreds of shareholders
23 or owners that, you know, own .01 percent of a business, and
24 there's no real way to conduct background checks on hundreds,
25 maybe thousands of individuals, especially in a 90-day period.

1 THE COURT: So did you think the "shall" language in
2 the ballot question was not mandatory?

3 THE WITNESS: No, I didn't think that.

4 THE COURT: Okay. How did you define "owner" in
5 implementing the regulations and the duties you had under the
6 ballot question?

7 THE WITNESS: Well, I think that's where maybe the
8 5 percent came in. I don't -- I don't recall exactly how, you
9 know, if we made that determination on defining exactly what a
10 owner is.

11 THE COURT: How did you define "officer" for purpose
12 of the background check?

13 THE WITNESS: So officer, however they listed -- the
14 applicant listed the individual, whether it was an officer of
15 the corporation or not.

16 THE COURT: And how did you define "board member" in
17 order to implement the background check requirement of Ballot
18 Question 2?

19 THE WITNESS: Same thing, as however the applicant
20 listed in their application.

21 THE COURT: So you took the applicants at their word?

22 THE WITNESS: Yes, ma'am.

23 THE COURT: How did you undertake the obligation that
24 the department had to determine that the application was
25 complete prior to it being reviewed?

1 THE WITNESS: I'm sorry. Can you say that again,
2 Your Honor.

3 THE COURT: So you were required to determine the
4 application was complete before starting the review process.
5 How did you do that?

6 THE WITNESS: Yeah, I don't -- I don't know how my
7 staff would review. I would assume --

8 THE COURT: So we should defer to the people who've
9 come already?

10 THE WITNESS: Yes, ma'am. I mean --

11 THE COURT: Mr. Gilbert?

12 THE WITNESS: Yeah. I didn't have any -- any
13 involvement in that process.

14 THE COURT: That's fine. You can tell me that was
15 below your pay grade, and you delegated it to him to make sure
16 it happened, and that's okay. I'll take it.

17 THE WITNESS: That's basically what it is, Your
18 Honor.

19 THE COURT: All right, guys. We're going to take a
20 15-minute recess and resume. This is not a requested break.

21 Sorry for interrupting, Mr. Miller, but I was trying
22 to get on track for what I need to know.

23 THE WITNESS: I understand.

24 (Proceedings recessed at 10:23 a.m., until 10:35 a.m.)

25 THE COURT: Since Mr. Rulis is here, we're going to

1 start without Mr. Kemp.

2 Go. You're up.

3 BY MR. MILLER:

4 Q We've heard previous testimony on this, but if a
5 prospective licensee included an ownership interest and
6 included a publicly traded corporation, your department would
7 not have conducted a background check on the ownership interest
8 of that -- that entity; is that correct?

9 A That's correct for anyone under 5 percent. It's just
10 impossible to do.

11 Q So you're saying that you conduct background checks
12 on publicly traded companies for -- for publicly traded
13 companies with ownership over 5 percent?

14 A Yeah, I'm not sure it's 5 percent, 3 percent. I
15 think it's 5 percent owners, officers, and board members.

16 Q Is there a requirement in the Department to check the
17 backgrounds of ownership interests of publicly traded companies
18 that are -- that hold an ownership interest in a prospective
19 license?

20 A Publicly traded companies, unfortunately, weren't
21 addressed in the regulations or the law, for that matter.

22 Q And so you're essentially leaving it up to the
23 applicant's determination of who they want to include and who
24 they want to have background checked; is that right?

25 A Yes.

1 Q And if they don't list an ownership interest, you
2 wouldn't know?

3 A Would not know, yes.

4 Q And so if they were an ownership interest that --
5 within a publicly traded company, that held a significant
6 portion, at least 50 percent of a prospective licensee, you
7 wouldn't check their background?

8 A If someone held 50 percent?

9 Q Let's say an applicant comes in and they list that
10 this company, which is publicly traded, owns 50 percent of the
11 company that's applying for a license. If they don't list any
12 ownership interest of that publicly traded company, you
13 wouldn't check it; right?

14 A I believe we check the owners and officers and board
15 members of that company that owns 50 percent if they --
16 individuals own 5 percent or more.

17 Q And how would you know to check that if they don't
18 list it?

19 A I believe my staff asks. They say -- if there's a --
20 from what I understand, you're saying there's a company, and
21 then there's another company that owns 50 percent, but they
22 don't list the individual owners, officers, or board members.
23 Is that what you're saying?

24 Q Correct.

25 A Right. So at that point, I believe my staff then

1 asks who these owners, officers, or board members here that own
2 5 percent or more.

3 Q You believe that your staff would have, then,
4 rejected an application if it didn't appropriately list an
5 ownership interest of over 5 percent or more of a publicly
6 traded company?

7 A I don't know -- well, and when we do an ownership
8 transfer on the application, I don't think they would have
9 asked.

10 Q I'm not asking about an ownership transfer on an
11 application. I'm talking about the application itself.

12 A Okay. So, no. No.

13 Q It's a no?

14 A Yeah. No, I don't think they would have asked.

15 Q So it would have been left up to the individual
16 applicant. And if they didn't provide that information, then
17 that ownership interest wouldn't have been background checked;
18 is that right?

19 A Probably, yeah.

20 Q And with respect to those publicly traded companies,
21 there's no requirement that the licensed entity maintain a list
22 of shareholders for inspection by your department; right?

23 A No.

24 Q And we've heard testimony about out-of-state
25 ownership interest. There's no additional requirements that

1 apply to ownerships -- ownership interests that are
2 out-of-state compared to those that are in-state; correct?

3 A No.

4 Q And we've heard testimony about foreign-owned
5 ownership interests. There are no additional requirements
6 related to ownership interests that are in foreign countries
7 either; right?

8 A No.

9 Q So if an ownership interest were held by a publicly
10 traded company -- scratch that.

11 With respect to publicly traded corporations, if you
12 don't know who the shareholders are and it wasn't disclosed to
13 you, how can the Department be sure that the regulatory
14 provisions against monopolies aren't being violated?

15 A If we don't know who the shareholders are, you're --
16 see, publicly traded companies' shareholders, I guess, are
17 considered owners as well. A problem with publicly traded
18 companies, like I said, they're not addressed in statute.
19 They're not addressed in regulations. The problems -- the
20 problem we have is those shareholders change by the minute,
21 possibly -- they can, by the second, as shares are traded on
22 the market. It would be impossible for us to, you know, run
23 background checks and do all that on all those individuals that
24 own shares. So --

25 Q Well, you said it wasn't addressed in the statute.

1 The voters adhere to that statute; right?

2 A The initiative doesn't have a whole lot to go on.

3 Q Right. So it was left to the Department to enact
4 regulations; is that correct?

5 A Yes.

6 Q And you could have put in those regulations areas
7 that may have defined how you would deal with publicly traded
8 corporations; is that correct?

9 A Sure, we didn't -- we didn't anticipate this.

10 Q Okay. All right. And with respect to out-of-state
11 interests, you said that an ownership interest that may be held
12 by foreign -- by companies that are domiciled in other
13 countries, that was a concern that was identified by the ballot
14 question itself; is that correct? Are you familiar with that?

15 A No.

16 Q Okay. Can we pull up the ballot, page 20.

17 This is the wrong page, but let me -- well, clearly
18 the voters were concerned -- it was a concern of the language
19 on the ballot question on the arguments that they were
20 concerned with cartels being able to hide in plain sight;
21 correct? Do you read that from the ballot language, the
22 arguments for or against?

23 "Legalization has done nothing in the black market in
24 Colorado and it's even allowed Mexican cartels to hide in plain
25 sight."

1 A Okay.

2 Q Clearly, some of the (indiscernible) were concerned
3 with cartels being involved in their open industry; is that
4 right?

5 A Sure, there was some concern, I guess, for the people
6 arguing against.

7 Q Okay. Sir, could you have refused to take
8 applications from publicly traded corporations that didn't
9 properly identify their ownership interest?

10 A I don't believe so.

11 Q Why not?

12 A There's no prohibition in the statute or regulation
13 that says publicly traded companies can't apply.

14 Q And so if it was clear to the Department that an
15 applicant had submitted an application but had not
16 appropriately identified their ownership interest, you couldn't
17 have refused that application?

18 A No, I don't think -- I think with that, we have an
19 obligation to receive all applications.

20 Q Okay. So you would have just taken the application
21 that didn't identify the appropriate ownership interest and
22 pass it on to evaluators for the appropriate scoring?

23 A I would assume.

24 Q And if that applicant has scored the highest, you
25 would have issued them a conditional license?

1 A Yes.

2 Q And when you had the opportunity, you said that you
3 just didn't anticipate that this could have been an issue
4 regarding suitability. We discussed the fact earlier that the
5 language itself, the voters told you to regulate marijuana in a
6 manner similar to alcohol; is that right?

7 A Yes.

8 Q And when you were carrying out these regulations and
9 going through that process of developing them, did you ever
10 meet with anybody that regulated alcohol to determine how they
11 dealt with these issues?

12 A Not outside the Department. I mean, we regulate
13 alcohol to an extent.

14 Q Okay. Did you meet with people inside the Department
15 in order to determine how they review applications and how they
16 look at ownership interests?

17 A Well, we have the executive team which knows how
18 alcohol is regulated within the Department.

19 Q And so did they participate in the process of
20 drafting the regulations?

21 A Yes.

22 Q And so they could have included provisions that would
23 have applied to the regulation of alcohol and provided a little
24 further clarity; right?

25 A Well, it depends. You know, alcohol in this state is

1 on a three-tier system. I mean, to what extent do you -- are
2 you going to regulate marijuana like alcohol, similar to
3 alcohol but not like alcohol.

4 Q Right. All right. Well, can you show Exhibit 228.

5 THE COURT: Any objection?

6 MR. MILLER: It's Department of Tax's liquor license
7 application.

8 MR. SHEVORSKI: No objection.

9 THE COURT: Be admitted.

10 (Plaintiffs' Exhibit Number 228 admitted)

11 MR. MILLER: Pull up 14.

12 BY MR. MILLER:

13 Q See that discretion up at the top? "List all owners,
14 officers, members, partners. Attach additional sheets if
15 needed"?

16 A Yes.

17 Q The tax form within your department that regulates
18 alcohol requires that you list all owners; is that right?

19 A It requires what?

20 Q That you list all owners.

21 A Yes.

22 Q But you didn't follow that regulatory model; right?

23 A Well, we say list owners.

24 Q You say list all owners over 5 percent; is that
25 right?

1 A Yes.

2 Q The department that regulates alcohol says it lists
3 all owners; is that correct?

4 A Yes.

5 Q So you didn't follow that model?

6 A No.

7 Q And are you aware that the determination of
8 suitability in the confines of alcohol is also reviewed by
9 accountings but issued like a license is?

10 A Yes.

11 Q All right. Did your division meet with any of those
12 individuals, to your knowledge, or your department meet with
13 any individuals within that area, to your knowledge, in order
14 to determine how they regulate?

15 A Not to my knowledge.

16 Q Are you aware that Clark County requires disclosure
17 of all owners or members, including percentages of those
18 companies held and any investment amount?

19 A No.

20 Q And that if corporation (indiscernible) is a publicly
21 traded corporation, the applicant is required to provide a copy
22 of their last annual report. Are you aware of that?

23 A No.

24 Q And your division clearly didn't request that
25 information; right?

1 A Not to my knowledge.

2 Q But nothing would have prevented you from adopting a
3 regulation that would have required that information; correct?

4 A No.

5 Q All right. Pull up Exhibit 230.

6 THE CLERK: Proposed.

7 THE COURT: Any objection?

8 MR. SHEVORSKI: One second, Your Honor.

9 It's the Clark County Priviledged License
10 Application.

11 MR. SHEVORSKI: No objection.

12 THE COURT: Be admitted. A blank one?

13 MR. MILLER: Yes.

14 THE COURT: It can be rather long when completed.

15 MR. MILLER: Good point, Judge.

16 (Plaintiffs' Exhibit Number 230 admitted)

17 BY MR. MILLER:

18 Q Page 3. Exhibit 230, page 3. It says, "If the
19 operating entity is owned/managed by legal entities other than
20 individuals, provide documentation that evidence the ownership
21 and management of all holding/parent entities."

22 A I can't see where you're reading. I can't see it.

23 MR. MILLER: Shane, did you find that?

24 SHANE: Not for what part you're on here.

25 MR. MILLER: It's down here under additional

1 documents, second check box, third criteria down, I believe --
2 or fourth check box. There we go.

3 BY MR. MILLER:

4 Q Can you read that?

5 A Okay.

6 Q You didn't require that level of detail on your
7 applications either; correct?

8 A No.

9 Q If you can turn to page 12.

10 "Ownership: Provide information for all individuals
11 or entities that have an ownership share in this business. The
12 form must account for 100 percent of the capital invested in
13 this business. If additional space is required, please use
14 additional forms.

15 "For LLCs, limited partnerships, or publicly traded
16 corporations with numerous minor investors, individual
17 ownership interest of less than 1 percent may be grouped as one
18 item provided an explanation is provided below. Use additional
19 sheets as necessary. Provide stock certificates or other legal
20 proof of ownership for each entity or individual
21 (indiscernible)."

22 Now, nothing would have prevented you from reviewing
23 the application of a Clark County liquor license, right, and
24 incorporating those instructions and these requirements into
25 your application; correct?

JD Reporting, Inc.

1 A Correct.

2 Q Okay. Are you also aware that Clark County requires
3 that any privileged businesses that are owned by an entity
4 registered with the Secretary of State are required to complete
5 a corporate financial questionnaire, which is submitted to the
6 Las Vegas Metropolitan Police Department? No?

7 A No.

8 Q You're probably not familiar with the requirements of
9 the Montana liquor license?

10 A Right. Not familiar.

11 Q Okay. Metro's background check that would have been
12 conducted on -- as part of the corporate financial
13 questionnaire includes legal entities that may hold ownership
14 interests of the entity that's being licensed.

15 You could have asked the Metro whether or not you
16 could have participated in that program, but, to your
17 knowledge, the Department didn't do that; right?

18 A Right.

19 Q All right. I'm showing you Exhibit 229.

20 THE CLERK: Proposed.

21 THE COURT: Any objection to 229?

22 MR. MILLER: It's Metro's questionnaire for legal
23 entities.

24 MR. SHEVORSKI: No objection, Your Honor.

25 THE COURT: Be admitted.

1 (Plaintiffs' Exhibit Number 229 admitted)

2 BY MR. MILLER:

3 Q So when you're speaking about the difficulties of
4 obtaining information from publicly traded corporations or even
5 entities that (indiscernible) ownership interest, there clearly
6 appears to be a model for this in the state of Nevada; is that
7 correct?

8 A Sure.

9 Q Okay. And Metro requires substantial information as
10 part of the check they perform, including a copy of the
11 entity's past three years of federal income tax filings and the
12 last three months of bank statements.

13 Will you read page 1, Section 7.

14 It also requires a series of disclosures. "If you're
15 a publicly traded corporation, has the corporation ever been
16 investigated by the SEC? If yes, please list when, details,
17 and sanctions occurring."

18 You didn't require any of that information; right?

19 A Right.

20 Q All right. Page 1, Section 9: "Does the corporation
21 own or control any assets or liabilities located outside the
22 United States? Yes or no."

23 You didn't require disclosure of that information;
24 right?

25 A Right.

JD Reporting, Inc.

1 Q And then page 2, "Copy of the original Articles of
2 Incorporation or Articles of Organization, any applicable
3 amendments, operating agreements, list of current corporate
4 officers, members, managers, AS file with the Nevada Secretary
5 of State. List of all owners and members or manager, percent
6 the company held, the investment (indiscernible), most recent
7 financial statements, most recent minutes, income tax returns
8 for the past three years. If the corporation applied as a
9 publicly traded corporation, please provide a copy of the last
10 annual report."

11 That's a substantial amount of information and it's
12 fairly detailed; right?

13 A Right.

14 Q And that wouldn't have been difficult to obtain;
15 right? You could look on the website and obtain that?

16 A I wouldn't think so.

17 Q All right. Under the -- we talked about the fact the
18 new regulatory structure. Marijuana will be regulated in a
19 manner more similar to gaming; right?

20 A (No audible response.)

21 Q Are you aware that in Nevada, the gaming ownership
22 interests are subject to extensive review of suitability?

23 A Yes.

24 Q I'm going to read you NRS 463.170, qualifications for
25 license: Applicant, to receive a license -- move on here --

1 must be found suitable, must be a person of good character,
2 honesty, integrity, a person's whose prior activities, criminal
3 record, if any, meet the needs of the states, in all other
4 respects, qualified to be licensed or found suitable.

5 And then NRS 463.5735. This one provides individual
6 licensing and registration of members, directors, managers, and
7 other persons. And every member and transferee of a member's
8 interest with more than 5 percent ownership interest must be
9 licensed individually. All members seeking to hold a 5 percent
10 or less ownership interest -- skip down to the third line --
11 must register with the board, submit to the board's
12 jurisdiction.

13 Are you aware that per that provision, that the
14 gaming authorities in the state for ownership interest even
15 less than 5 percent conduct a fairly significant investigation?

16 A Yeah, I'm familiar that they do some in-depth
17 suitability.

18 Q Even for ownership interest of less than 5 percent;
19 is that right?

20 A Yes.

21 Q And this statute is how gaming is -- how gaming
22 regulates ownership interest of more than 5 percent appears --
23 appear there; is that correct?

24 A I'm sorry.

25 Q It appears to apply to everyone; is that correct?

JD Reporting, Inc.

1 Every member with more than a 5 percent ownership interest must
2 be licensed individually?

3 A Appears so, yeah.

4 MR. SHEVORSKI: Counsel, what exhibit is that?

5 MR. MILLER: It's not an exhibit.

6 THE COURT: It's a statute.

7 MR. SHEVORSKI: It's a statute. Fair enough, Your
8 Honor.

9 THE COURT: 463.5735.

10 BY MR. MILLER:

11 Q NRS 463.490. Now this one is the qualifications for
12 state gaming license for corporations other than publicly
13 traded corporations. Look at the requirements under
14 subsection 4: Ownership interest that are business entities
15 that aren't publicly traded corporations prior to maintain a
16 ledger in the principal office of the corporation which
17 reflects the ownership of every class, security, and be
18 available for inspection by the board, commission, and other
19 authorizations at all times without (indiscernible).

20 Now, you didn't adopt any provisions like that, did
21 you?

22 A No.

23 Q And if you had, maybe we would have access to
24 information as to who owns the marijuana licenses in this
25 state; is that correct?

1 A Right, we have licenses.

2 Q All right. NRS 463.635. Publicly traded corporation
3 owning or controlling the applicant or licensee: If a
4 corporation -- well, we'll skip down to the subsection A --
5 maintains a ledger in the principal office of its subsidiary,
6 which is licensed to conduct gaming in this state, must reflect
7 the ownership of record, ledger may individually consist of a
8 copy of its latest list of equity security holders and
9 thereafter be maintained by adding a copy. Any -- skip down
10 way at the bottom -- any owner of any interest, including
11 publicly traded stockholders, can be subject to suitability.

12 Clearly, you didn't impose any of those kind of
13 requirements either; right?

14 A Right.

15 Q All right. NRS 463.643: Suitability of persons
16 acquiring beneficial ownership of any voting security or
17 beneficial or record ownership of any nonvoting security or
18 debt security in publicly traded corporations.

19 Every person that acquires, directly or indirectly,
20 beneficial ownership of any voting security -- and then under
21 (b) you'll see that includes -- in a publicly traded
22 corporation, which it's required to be registered in the state,
23 holds more than 5 percent, must notify the Department within
24 ten days of acquiring that ownership interest and be subject to
25 the suitability determination.

1 So there appears to be a fairly substantial body of
2 statutes here that do, in fact, govern these ownership
3 interests; is that correct?

4 A Yes.

5 Q All right. And you didn't include any of those
6 models when you went through your regulatory process; is that
7 also true?

8 A That's true at that time, right.

9 Q Even though you were required to regulate marijuana
10 like alcohol?

11 A Similar to alcohol.

12 Q Similar to alcohol. You expect the foreign
13 companies, you said, that your office also didn't -- your
14 department also didn't impose any additional requirements.

15 NRS 463.627: Registration of corporation of another
16 country: A corporation or other legal entity which is
17 organized under the laws of the state of the country must
18 submit an application to the board. The application must
19 provide the board with information showing that the applicant's
20 business activities are regulated by a government authority of
21 the foreign country in a manner which will prevent those
22 activities from posing any threats that control the gaming of
23 this state.

24 Clearly, you didn't impose any of those kind of
25 requirements either; right?

1 A Right.

2 Q All right. And yet voters were concerned with
3 out-of-state owners. When we turn back to the ballot on
4 page 19 -- oh, sorry. Not that. The ballot, Plaintiff's
5 Exhibit 19, the ballot -- the State's got it in their exhibits
6 also.

7 THE COURT: 2020.

8 MR. MILLER: 2020.

9 BY MR. MILLER:

10 Q (Indiscernible) passes. Vote no on Question 2. It's
11 bad for Nevada children, bad for Nevada families, and bad for
12 Nevada taxpayers. Question 2 is about one thing: Making
13 out-of-state pot companies rich at your expense.

14 So we also previously discussed that the FinCEN
15 guidance given to the institutions on how to comply with the
16 Cole memo. I want to read to you page 6 of that exhibit, which
17 is -- have I got the wrong exhibit number?

18 THE COURT: 263.

19 BY MR. MILLER:

20 Q 263.

21 A It's the one with bumps; right?

22 Q Yeah. Page 6, it says, under these -- oh, no, no,
23 not the Cole memo. The FinCEN guidelines. 225, page 6. Here
24 are these red flags that we talked about earlier, where if any
25 of these areas are identified on financial transactions, the

1 financial institution should (indiscernible) suspicious
2 activities report to other agencies who then may be reviewed by
3 federal authorities. The owner or manager of marijuana related
4 business reside outside of the state in which the business is
5 located.

6 Clearly there is some regulatory models there, right,
7 with attached safeguards that could have protected Nevada
8 against potential violations that would have alerted the
9 federal authorities, but we don't appear to have any of those
10 in our framework; is that correct?

11 A Correct.

12 Q Even though those factors would draw additional
13 attention under Nevada's regulatory structure, your division
14 imposed no such safeguard; right?

15 A Right.

16 Q All right. Other than NRS 453D.255, which relaxed
17 the law on background checks, you imposed no additional
18 safeguards to protect suitability concerns; am I right about
19 that?

20 A Can you pull 255?

21 Q NRS -- sorry, NAC 453D.255, which is the statute we
22 referenced earlier that deals with ownership interest over
23 5 percent --

24 A Oh, okay.

25 Q -- which relaxed the ownership interest.

1 A Okay.

2 Q Other than that statute, other than that regulation,
3 you impose no additional safeguards to protect against
4 suitability concerns that the voters had; right?

5 A Right.

6 Q And compliance with regulations should also be an
7 important factor in evaluating the licenses once we get past
8 the background checks; right?

9 A Say that again.

10 Q Once we get past the background checks who those
11 apply to, then the applicants would have been thrown
12 (indiscernible) evaluated; is that correct?

13 A Right. They go to -- they move on to the evaluation.

14 Q To the evaluation. Compliance -- and a licensee's
15 compliance with regulations and their history of compliance
16 should be an important criteria in evaluating those licensees;
17 correct?

18 A Yes.

19 Q Yeah. And all of the applicants had experience in
20 Nevada; correct?

21 A Yes.

22 Q And, therefore, had experience in complying with your
23 regulations?

24 A Somewhat. I mean, we had just dropped
25 200-and-some-odd pages in February. Not all of the -- we also

1 gave them time to implement certain things in the regulations.

2 Q Did the applicants have experience in complying with
3 your department's regulations before they apply?

4 A Yeah -- yes.

5 Q And compliance with the regulations is an important
6 and necessary function of carrying out strong and effective
7 regulations such as those identified in the Cole memo; right?

8 A Yes.

9 Q And I think you indicated in a recent Marijuana
10 Advisory Commission Meeting that the State had assessed 603 --
11 \$603,250 in fines and collected \$181,500 of that, and that you
12 conducted 300 and -- 234 investigations in your first year of
13 legal recreational marijuana sales. Does that sound accurate?

14 A Yes.

15 Q And the division maintains records of those
16 violations; correct?

17 A Yes.

18 Q And as I understand it, you had four different
19 categories of violations, from category 1 being the most
20 serious, which can be --

21 A There's five.

22 Q Huh?

23 A I think there's five.

24 Q Five, okay. Five categories, category 1 being the
25 most serious and you can revoke a license for a violation of

1 that category; right?

2 A Yes.

3 Q The category 5, which are the grounds that are
4 inconsistent with the regulation of sale of marijuana; right?

5 A Category 5?

6 Q Yeah, category 5.

7 A Yeah, I'd have to look.

8 Q It's the lowest level; is that correct?

9 A Right.

10 Q And a licensee's history of compliance or
11 noncompliance would be a strong indicater of whether the
12 licensee might comply in the future; right?

13 A Yes.

14 Q So if a licensee had a horrible track record of
15 compliance, the regulatory problems could compound if that
16 licensee was granted more licenses; right?

17 A If they haven't corrected the problems, yes.

18 Q Well, if you've got -- if you gave a license to your
19 worst offender out there, those problems could just compound if
20 you gave them one or more licenses; right?

21 A I guess, I -- if they did the corrective action
22 approved by the Department and the issues resolved, then they
23 won't necessarily compound.

24 Q Are you telling me that we shouldn't look at that
25 criteria? I mean, that that shouldn't be a point of

1 evaluation? We shouldn't look at who the worst actors were
2 historically and who was the model citizen, that --

3 A No, I didn't say that.

4 Q Right.

5 A I said if they took the corrective action, then that
6 not necessarily will compound the problem if it's taken care
7 of.

8 Q In fact, the regulations you adopted did require you
9 to evaluate the applicant's compliance in operating marijuana
10 establishments; correct?

11 A Yes.

12 Q Pull up NAC 453D.272(g). Where the owners, officers,
13 or board members of the proposed marijuana establishment have
14 direct experience of the operation of a medical marijuana
15 establishment or marijuana establishment in this state and
16 they've demonstrated a record of operating such an
17 establishment in compliance with the laws and regulations of
18 the state for an adequate period of time to demonstrate
19 success.

20 And that section results from the directive given to
21 you by the voters in NRS 453D.200; right?

22 A Yes.

23 Q That the qualifications be directly and
24 demonstratively related to the operation of a marijuana
25 establishment; right?

1 A Yes.

2 Q And then also that all of the statutes that we read
3 previously about imposing appropriate regulatory controls for
4 marijuana; is that correct?

5 A Yes.

6 Q Read NAC 453D.272. We'll talk about compliance
7 again.

8 That the Department will rank the applications from
9 first to last in order from -- based on compliance with the
10 applicable provisions of this chapter and Chapter 453D of the
11 NRS.

12 So the regulations require the Department to rate the
13 applications based on compliance and provisions of the chapter
14 and then on the content of the criteria identified in the other
15 criteria, right, so it's just diversity, taxes, et cetera?

16 A So can you repeat the question?

17 Q Yeah. That provision that explains to you how you're
18 going to rank the applications. It says, You'll rank the
19 applications from first to last based on compliance with the
20 provisions of this chapter --

21 A Yes.

22 Q -- and on the content of the regulation and the
23 content of the application relating to it and then it goes on
24 to list that criteria; right?

25 A Yes.

1 Q Yet when you provided the criteria for ranking
2 applications with the application itself, you made no mention
3 of considering a record of compliance whatsoever, did you?

4 A Wait. What? Say that again.

5 Q When you provided the criteria for ranking
6 applications within the application itself, you made no mention
7 of considering a record of compliance whatsoever, did you?

8 A I don't know.

9 Q You don't know? Okay. Can we show Exhibit 5,
10 page 18. Section 6.2. This appears to, more or less, cut and
11 paste from the regulations; is that a fair assessment? It just
12 says how you're going to rank the applications?

13 A Yeah, but I don't know if it was cut and paste
14 because this references to the LCB file number, so I don't
15 know.

16 Q Can you find anywhere in there where it says that
17 you're going to review an entity's history of compliance?

18 A Yeah, I don't see it there.

19 Q It's not in there; right?

20 A No.

21 Q And when you provided instructions to the applicants,
22 you similarly made no mention of where they could even detail
23 their history of compliance with marijuana on the regulations;
24 right?

25 A Right.

1 Q So Exhibit 5, page 11 and 12. In the instructions
2 you provided the applicants, you indicated on the application
3 that they provide a 750-word narrative but then provided this
4 description.

5 Can we go to 5.2.10.5.2. Any previous experience at
6 operating other businesses or nonprofit organizations including
7 marijuana industry experience.

8 That doesn't include the entire second half of that
9 regulation about compliance, does it?

10 A I'm sorry. Doesn't include what?

11 Q The entire section that we referenced earlier, where
12 you're supposed to consider and provide information about
13 compliance. It's entirely left out of the instructions, isn't
14 it?

15 A Yeah, that doesn't include that.

16 Q Okay. And you couldn't find it anywhere else in the
17 instructions, could you?

18 A No.

19 Q All right. So if an applicant wanted to provide
20 information about their history of the compliance, they were
21 left to guess as to where to include that information?

22 A Probably, yeah.

23 Q If they were left to guess and wanted to include it
24 anyway, they'd have to do so even though the instructions,
25 though, indicate that you're going to consider that criteria at

1 all; right?

2 A Right.

3 Q And, in fact, an applicant's track record of
4 compliance with the laws and regulations in the state for an
5 adequate period of time to demonstrate such success, as was
6 required by the regulation, wasn't even evaluated as part of
7 the application scoring; right?

8 A Wait. Say that again.

9 Q An applicant's track record of compliance with the
10 laws and regulations in the state for an adequate period of
11 time to demonstrate success.

12 Let's go back just so you have it in front of you
13 because this is important. NAC 453.272(g). Not the
14 application. I want to pull up the regulation,
15 NAC 453D.272(g). So it says -- it's got the part about
16 experience. Then see where it says,

17 And have demonstrated a record of
18 operating such an establishment in compliance
19 with the laws and regulations of this state
20 for an adequate period of time to demonstrate
21 success.

22 Do you see that?

23 A Yes.

24 Q So that was required to be evaluated by your
25 department in ranking the applications for its (indiscernible);

1 correct?

2 A Yes.

3 Q But it wasn't evaluated at all; right?

4 A I don't believe it made it -- it was part of the
5 criteria.

6 Q The evaluators won't -- provided with evaluation
7 illness to consider as part of their scoring; right?

8 A Yes.

9 Q And so the evaluators would have only taken into
10 consideration the illness that you provided them; right?

11 A Yes.

12 Q So if it wasn't in there, the evaluators would not
13 have evaluated that; correct?

14 A Correct.

15 Q Let's read Exhibit 7. You see here that, under the
16 criteria itself, does talk about a narrative description not to
17 exceed 750 words and a résumé such as -- skip to the bottom --
18 any demonstrated knowledge, such as the experience part we're
19 talking about, and it demonstrated a record of operating such
20 an establishment in compliance with the laws and regulations of
21 the state for an adequate period of time to demonstrate success
22 in the compassionate use of marijuana to treat conditions.

23 That last section clearly shouldn't apply; right?

24 A Can you enlarge that a little bit?

25 Q I don't know. We're not looking at the compliance of

1 the laws and regulations of this state in the confines of a
2 recreational marijuana application for an adequate period of
3 time to demonstrate success in the compassionate use of
4 marijuana to treat conditions.

5 That's my question. You can't read this?

6 A No, I can't --

7 Q We can pull up the exhibit if we have to.

8 A Can you enlarge it?

9 Q It's -- let's see.

10 A I think it's that last part, but I can't -- okay. Is
11 there more to that on the next page?

12 Q That's it. Oh, yeah. No.

13 A No, just a couple -- okay. So what -- your question?

14 Q First off, that's the criteria within the statute;
15 right?

16 A Yes.

17 Q You're familiar with it generally -- you're familiar
18 with it generally --

19 A Yes.

20 Q -- to the criteria listed on the left? Just let me
21 finish.

22 A Right.

23 Q It's listed on the left-hand side. It recites the
24 regulation that's supposed to apply.

25 A Yes.

1 Q All right. The last provision: Compliance with the
2 laws and regulations of the state for an adequate period of
3 time to demonstrate success on the compassionate use of
4 marijuana to treat conditions.

5 That's not accurate?

6 A I don't see where it says that, compassionate use of
7 marijuana.

8 Q It's cut off. Are there different versions of the
9 evaluation criteria, sir?

10 A Not that I know of.

11 Q Okay.

12 A Other than the, you know, the evaluation --

13 Q Okay.

14 A -- criteria used on a medical application.

15 Q Wrong page. Can we get to the page number of the
16 criteria, No. 4. There it is.

17 Any demonstrated knowledge or expertise. So they do
18 recite the statute, is that right, but not accurately? Do you
19 agree that provision there isn't the same as the regulation we
20 just read?

21 A Right. It's not -- it's not entirely the same.

22 Q Demonstrating for an adequate period of time a
23 history of compliance demonstrated from success from the
24 compassionate use of marijuana to treat conditions.

25 A All right. It's not --

1 Q It shouldn't be applicable at all; right?

2 A No.

3 Q Because that was pulled from the medical --

4 A Yes.

5 Q Can we read the medical application, which is
6 Exhibit 2014, page 21 and 22. Sorry. 5002, Exhibit 5002, page
7 21 and 22. Find the instructions. Find the instructions which
8 is -- where it identifies 453A.3284. Do you see there? Any
9 demonstrated knowledge or expertise on the part of the persons
10 who are proposed to be owners, officers, or board members of
11 the proposed medical marijuana establishment with respect to
12 the compassionate use of marijuana to treat medical conditions.

13 A I'm sorry. I missed the question there.

14 Q You see that; right?

15 A Right, I see that.

16 Q Okay. It appears that you just pulled the provisions
17 from the 2014 application and pulled it into the 2018
18 application; is that correct?

19 A Appears that way.

20 Q Okay. And if you can jump back to Exhibit 7, page 4.
21 Now this is the section that would have essentially provided a
22 model answer to the evaluators under that 750-word essay;
23 correct?

24 A Yes.

25 Q Okay. It says, An excellent response would include

1 the following: Extensive knowledge of the marijuana industry,
2 as demonstrated, and prior experience running marijuana
3 establishments as indicated.

4 Sir, that excellent response, the model answer that
5 you provided the evaluators, doesn't reflect the criteria in
6 the regulation that we read at all, does it?

7 A In reference to the --

8 Q Yeah, can we pull up the side-by-side --

9 A Yeah.

10 Q -- just so you can look and see if he thinks that
11 these match up. NAC 453D.272(g). Is it cut off? We
12 can't show the full statute?

13 THE COURT: The reg is on two pages on yours. Mine,
14 not so much. Mine's continuous.

15 MR. MILLER: There we go. Technology. If I had
16 (indiscernible), it wouldn't have been a problem.

17 BY MR. MILLER:

18 Q Do you see this here, sir? So in the screen below is
19 the regulation of the criteria that the Department was supposed
20 to, by law, evaluate these applications. And above is the
21 model answer for that 750-word essay that was supposed to
22 evaluate that criteria. That model answer doesn't reflect the
23 criteria in NAC 453D.272(g) at all; right?

24 A I believe it does to some extent.

25 Q Well, to what extent do you think it reflects the

1 criteria that you're required to evaluate these applications?

2 A Well, you said extensive knowledge of the marijuana
3 industry, as demonstrated, and prior experience running
4 marijuana establishments (indiscernible) to direct experience
5 with the operation. You know, it depends what they put on the
6 narrative.

7 Q Well, I'm going to get to that one. We'll get to
8 that. But you're saying that it reflects -- it may reflect
9 with the reg some indication of what was required as it applies
10 to experience; right?

11 A Right.

12 Q But it does not reflect anywhere in there any
13 evaluation of whether or not an applicant has demonstrated a
14 record of operating an establishment in compliance with the
15 laws and regulations of the state for an adequate period of
16 time to demonstrate success; right?

17 A Right.

18 Q And we're going to talk -- it wasn't included in the
19 instructions; right?

20 A Right.

21 Q And it wasn't certainly included in the evaluation
22 that you told the applicants that you were going consider?

23 A Right.

24 Q Because, in fact, the evaluators didn't consider that
25 provision at all; right?

1 A I guess.

2 Q You agree, though, that that provision of operating
3 on a marijuana establishment and compliance with the laws and
4 the regulation -- the laws and regulations of the state for an
5 adequate period of time, I think most directly addresses the
6 strong regulatory considerations we've identified in the Cole
7 memo; would that be a correct statement?

8 A Say it again.

9 Q Of all the criteria that you were required to include
10 in the application and evaluate, right, of all that criteria,
11 that provision that we're talking about, of demonstrating a
12 record of -- a record of compliance, that provision most
13 directly addresses the concerns that were identified in the
14 Cole memo; is that correct?

15 A I would agree.

16 Q Because other than that provision, there's no other
17 areas of the evaluation criteria that would consider a record
18 of compliance at all; right?

19 A Wait. Say that again.

20 Q Other than that provision that was left off of the
21 evaluation criteria, there's no other provisions in the
22 application that would evaluate a record of compliance in the
23 application at all; right?

24 A I don't believe so. I don't -- I don't -- I don't
25 think there's anything else on the application.

1 Q Because this is the only provision that would have
2 tied the evaluation of the applications to a licensee's history
3 of compliance; right?

4 A Yeah, possibly. I've got to -- I'd have to rereview
5 the application as a whole, but --

6 Q Let's turn to a different subsection. It's going to
7 be subsection (h) of that same criteria. NAC 453.272.

8 Now, the experience of an applicant's key personnel
9 in operating a recreational marijuana establishment was also
10 not scored in this application; is that correct?

11 A Yeah, I don't know.

12 Q You're not sure? Okay.

13 A Not sure.

14 Q I think that's -- that section, section (h), is its
15 own criteria; right, within that statute? It's no different
16 than diversity; right, which is subsection (a)? You know, this
17 isn't a part of a provision that just could have been ignored;
18 right? This is an entire provision, subsection (h), which
19 (indiscernible) the whole statute --

20 A Section (h) what?

21 Q -- was given the --

22 THE COURT: It's 453D.272.1(h). It's in the little
23 box on the screen.

24 BY MR. MILLER:

25 Q Pull out and just show him the whole regulation with

1 all the criteria. Here's all the areas you were supposed to
2 consider; right?

3 A Right, okay.

4 Q And you have (a) through (i).

5 A Okay.

6 Q Diversity was its own category on the application;
7 correct?

8 A Right.

9 Q It's clear to the applicants that that was going to
10 be scored. Educational achievements was its own category. It
11 was clear that that was going to be scored; right?

12 A Right.

13 Q But subsection (h), the experience of key personel
14 that the applicant intends to employ in operating the type of
15 marijuana establishment for which the applicant seeks a license
16 wasn't scored at all; right?

17 A I don't remember.

18 Q Let's turn to the application itself, page 17.
19 Again, these are the instructions. Yet the description of the
20 proposed organizational structure of the proposed marijuana
21 establishment and information concerning each owner, officer,
22 and board member, including key personnel of the proposed
23 marijuana establishment, including information provided
24 pursuant to R09217 and page 18, 6.2.7, that whole section is
25 going to be worth 60 points; right?

1 A Where?

2 Q If you turn to Instruction 6.2.7. The experience of
3 key personnel that the applicant intends to employ.

4 A Okay.

5 Q All right. But the instructions don't provide any
6 guidance on where to include evidence of recreational marijuana
7 retail experience when a key employee is under that
8 application. Read page 11.5.2.1.0. Did you read that section
9 there?

10 A Yeah. Could you scroll up a little bit more? Is
11 there anything below it, after the narrative, a -- okay.

12 Q There's nothing in there that would give any
13 potential applicants any indication of where they were supposed
14 to list the experience of their key employees; is that correct?

15 A Correct.

16 Q And if it was to be included in an application,
17 despite the fact you didn't give them any indication as to
18 where to include it, would you agree that maybe the only area
19 that that might make sense is if the -- if it had been
20 evaluated in the experience section?

21 A In their experience or organizational structure,
22 maybe.

23 Q Okay. We've looked at the criteria and the
24 experience on that organizational structure. We can look back
25 at it, if you want. If you pull up Exhibit 7 again.

1 You have an excellent response, under the --
2 excellent response:

3 Extensive miles of the marijuana
4 industry is demonstrated in a prior
5 experience running marijuana establishments
6 as indicated.

7 There's nothing in there that deals with the
8 reviewing of the key -- of the experience of key employees, is
9 there?

10 A No.

11 Q And we looked already at the criteria that's above
12 that, of what they were supposed to be looking at, and that's
13 just a half resuscitation of subsection -- the other
14 subsection; right? It doesn't include anything about key
15 employees?

16 A No.

17 Q So you left out an entire subsection that you were
18 supposed to consider; is that correct?

19 A It appears.

20 Q Can we just show Exhibit 255. This is portions of
21 TGIG's compliance application. It's a proposed exhibit.

22 MR. SHEVORSKI: TGI0, fine. Who is TGI?

23 MR. MILLER: Yeah.

24 MR. SHEVORSKI: That's fine.

25 MR. MILLER: Admitted, Judge?

JD Reporting, Inc.

1 THE COURT: Yes. Sorry. I thought --

2 (Plaintiffs' Exhibit Number 255 admitted)

3 MR. MILLER: Losing your hearing.

4 THE COURT: Yeah.

5 MR. MILLER: All right. I'll speed up.

6 BY MR. MILLER:

7 Q This is the application of one of my clients, TGIG.
8 Now, that an entire 11 pages discussing their experience of
9 their key employees. (indiscernible) audience here, all of the
10 other employees that contributed to -- they determined to be
11 the success of their business that should have even been
12 considered as criteria and whether or not they should even
13 (indiscernible) license.

14 So even though they devoted substantial energy and
15 attention to try and address that session of the criteria that
16 was supposed to be evaluated, it wasn't taken into account at
17 all; right?

18 A You know, I -- I don't know because I don't know -- I
19 don't know if that was part of their training that they were
20 given to include that. I mean, I see that's not on the
21 evaluation sheet, but I don't know if it was part of their
22 training. If it wasn't, then --

23 Q You're looking at the evaluation sheet, so you've
24 already told me that if it wasn't in the instructions given to
25 the evaluators and it wasn't part of the criteria that they

1 were supposed to consider, they wouldn't have considered it;
2 right?

3 A Well, again, I don't know if it was part of their --
4 the additional training outside of the evaluation sheets.
5 Because they did receive training from staff for --

6 Q You just -- you're speculating that that might have
7 happened, even though the face of the application that we just
8 walked through -- we can walk through it again --

9 A I mean, we're speculating on a lot of things here.

10 THE COURT: Sir, I don't want you to speculate. I
11 want you to tell me why the Department did what it did and made
12 the decisions it made after Ballot Question 2 was passed and
13 your department was charged with implementing.

14 MR. MILLER: Well, let me say it this way.

15 THE WITNESS: Yes, Your Honor.

16 THE COURT: Wait. Thank you, sir. Now you may go,
17 Mr. Miller.

18 MR. MILLER: Were you asking a question, Judge. I
19 didn't catch it all.

20 THE COURT: I was making a statement. He said, "Yes,
21 Your Honor," and I just needed him to verify that while we were
22 here.

23 MR. MILLER: Got it.

24 BY MR. MILLER:

25 Q Let's pull up the application. And then we get to

1 the scoring criteria. You were involved in that; right? You
2 determined which points were going to be awarded?

3 A Yes.

4 Q And this is the --

5 MR. MILLER: We should pull up the -- I think it's
6 going to be page 18, 17. There we go, the page before.

7 BY MR. MILLER:

8 Q -- talking about an organizational structure; right?
9 You evaluate that criteria that was described there; right?

10 A I'm sorry?

11 Q You reviewed that criteria that was described there;
12 right?

13 A Under "organization"?

14 Q Yeah. Sixty points on the top, not up -- it's going
15 the wrong way. Yeah, organization.

16 A Right, uh-huh. Yes.

17 Q Description of the proposal -- and then you, in turn,
18 that's all (indiscernible). The description of the proposed
19 organizational structure of proposed marijuana establishment
20 and information concerning each owner, officer, and board
21 member of the proposed marijuana establishment, including the
22 information provided in response to the regulation. Right?

23 A Yeah.

24 Q And you determined that that criteria should be worth
25 60 points in total; right?

1 A Well, there are subcategories that make up that 60.

2 Q Right. You didn't disclose that to the applicants,
3 did you?

4 A No.

5 Q So it was secret to the applicants as though which
6 criteria are going to be included in that regulation and how
7 many points are going to be awarded; right?

8 A Yes.

9 Q Why did you keep that secret?

10 A Well, it's almost like -- my opinion, it's almost
11 like giving the answers to the test.

12 Q Is it?

13 A I mean --

14 Q How would it --

15 A Everyone's score -- sorry.

16 Q -- be like giving answers to the test, letting
17 everyone know that diversity, for example, was going to be
18 given 20 points, but the experience of key employees was going
19 to be worth zero because it wouldn't be considered. Is that
20 giving answers to the test?

21 A Wait. Say that again.

22 Q How would it be giving the answers to the test to
23 tell the applicants that diversity, within that 60 points, was
24 going to be awarded 20 points?

25 A The application can be tailored to, you know, those

1 specific areas, I guess.

2 Q Well, how did you come up with the weighting for it?

3 A A lot of it came from the 2014 application with some
4 adjustments.

5 Q Okay. So when you reviewed those adjustments, did
6 you look at it with an eye to what appropriate weight should be
7 given for a recreational license?

8 A Right, we -- it was discussed.

9 Q And when you discussed it, how did you come up with
10 the answers as to how many points should be awarded to each of
11 those criteria?

12 A Well, it was part of the discussion where we looked
13 at -- we had -- we added diversity so we had to pull -- we
14 wanted to keep the 250 points the same as it was in 2014. So
15 we pulled points from other areas to create the points for the
16 diversity and, you know, looked at state priorities, you know,
17 or what was different in 2014 versus 2018 and adjust the --
18 moved some points around.

19 Q Okay. So when you say "state priorities," what do
20 you mean? You looked at the state priorities in order to
21 determine the appropriate weight? What do you mean?

22 A Well, I say -- you know, I say what was important
23 maybe in 2014 was not necessarily so important in 2018.

24 Q Okay. So you made adjustments to the weighting of
25 the criteria based on your evaluation of what was more

1 important for a recreational license; is that fair?

2 A Yes.

3 Q Okay. When you made those adjustments, you gave some
4 criteria more consideration than others; right?

5 A Yes.

6 Q And when you made that determination, how did you
7 determine that diversity would be worth 20 of the 60 points?

8 A Well, looked at -- one consideration was the
9 legislature had amended 453A to include that criteria. So one
10 of the things we looked at was that the legislator felt that
11 diversity wasn't important enough to amend current law on the
12 medical study. And they couldn't amend 453D. We looked at --
13 you know, industry had -- one of the things over the period of
14 time was they wanted consistency between chapters and felt that
15 diversity isn't an important part of -- of running a business.

16 Q Okay. So you used that criteria, and you determined
17 that diversity would be worth a full third of that entire
18 section of the evaluation; correct?

19 A Yes.

20 Q Why would it have been giving the answers to the exam
21 to let the applicants know in advance that you were going to be
22 giving diversity 20 points?

23 A Well, I think, generally, overall, and not just on
24 that criteria, in all the other criteriums, I think what we
25 were trying to avoid was, you know, when I say give the answers

1 to the tests, that applications will be -- could be tailored,
2 and they all max out. And what do you do, you know, when they
3 all max out? It's just --

4 Q There's a lot going on there, so just let me back you
5 up. Applications could be tailored; right, to meet that
6 criteria? Is that what you said? That was a concern?

7 A Not just that criteria, but, you know, overall.

8 Q But isn't that the point of the application process
9 and the weight that you decided to associate with it? You want
10 applicants to focus attention on the areas that you determine
11 is the most important; right?

12 A I guess, yes.

13 THE COURT: This is a good time to break for lunch.
14 This is not a requested recess.

15 Sir, if we could be back at 1:15.

16 (Proceedings recessed at 11:43 a.m., until 1:19 p.m.)

18 ATTEST: I do hereby certify that I have truly and correctly
19 transcribed the audio/video proceedings in the above-entitled
20 case.

2 (Court was called to order)

3 THE COURT: Sir, I'd like to remind you you're still
4 under oath.

5 THE WITNESS: Okay.

6 THE COURT: And I think Dulce has added some more
7 documents to your pile over there. Let's see what happens.

8 THE WITNESS: Okay.

9 THE COURT: We're trying to be organized, but if you
10 can't find something that somebody's looking for you, please
11 ask for help and we will assist you, because this is a rather
12 complex group of documents.

13 THE WITNESS: I will, Your Honor. Thank you.

14 THE COURT: Mr. Shevorski, you're up.

15 MR. SHEVORSKI: Thank you, Your Honor.

16 CROSS-EXAMINATION (Continued)

17 BY MR. SHEVORSKI:

18 Q Mr. Gilbert, when we left off we were talking about
19 our good friends the Manpower people, and we had left off
20 where there were six people who were graders and two people
21 who were assisting them in administrative capacity. Does that
22 sound correct?

23 A Yes.

24 Q So let's pick up where we left off. So I understand
25 it, correct me if I'm wrong, there was a person who had

1 experience as a fire inspector?

2 A Yes, that's correct.

3 Q Okay. And what, if anything, do you know about that
4 person's experience?

5 A Well, based on, you know, the experience that we
6 were looking for in that position he had over 30 years of
7 being a fireman, fire inspector, building inspector, you know,
8 he had experience reviewing plans based on fire code, the
9 layout of floor plans and basically what the fire department
10 requires as far as approved plans.

11 Q And were you a part of the interview process for
12 that person?

13 A Yes, I was.

14 Q Okay. With respect to -- let's dive a little bit
15 into the experience. You said reviewing plans. What kind of
16 plans? Was it residential, commercial?

17 A I think Mr. Lemons says both. He's a building
18 inspector, he's got that experience along with, you know, fire
19 code inspection.

20 Q You say he's -- Mr. Lemons is the fire inspector?

21 A Yes, he is.

22 Q That's the fellow we just talked about with Exhibits
23 304 and 305?

24 A Yes, I believe so.

25 Q And do you recall how long Mr. Lemons was a building

1 inspector?

2 A I don't recall specifically how many years of
3 experience he had per se in that position, but I know he had a
4 pretty good chunk of time throughout his career where he was,
5 you know, involved in that type of duty.

6 Q And he also was a fire inspector. I assume that was
7 for longer than one day.

8 A Yes.

9 Q How -- about how long do you recall he was a fire
10 inspector?

11 A I don't recall the dates, but, you know, his whole
12 life was -- or his whole career was based around working for
13 the fire department, working as a building and construction
14 inspector, which spanned over 30 -- over 30 years.

15 Q So Mr. Lemons was not 18 years old?

16 A No, he was not.

17 Q I don't want to make him blush, even though he's not
18 here. Was he over 50?

19 A Yes.

20 Q With respect to the next person I believe they had
21 experience in real estate development and accounting. Do you
22 recall what experience, if any, that person had with respect
23 to those topics?

24 A Yes, I do. So that individual had years of
25 experience. I want to say it was maybe 15 years' experience,

1 I'd have to go back and look, but as an owner/operator of a
2 real estate development company. And then she managed all the
3 books, all of the bids, and the general, you know, day-to-day
4 duties that are for those.

5 Q And she owned her own company?

6 A Yes, she did.

7 Q Do you know about for how long she owned her own
8 company?

9 A I want to recall that it was about 15 years, but,
10 again, I'd have to go back and verify that.

11 Q What kind of properties, if any, did she develop
12 rather -- strike that. What properties were the subject --
13 what kinds of properties were the subject of her real estate
14 development business?

15 A That I'm not sure on.

16 Q And you mentioned accounting. What experience, if
17 any, did she have in accounting?

18 A The day-to-day experience with the books for the
19 overall business. And then after her time as being an
20 owner/operator she had various experience as an
21 accountant/bookkeeper with various other real estate
22 development companies.

23 Q So separate and apart from her own real estate
24 company she had experience in accounting with respect to other
25 development companies, real estate development companies?

1 A Yes.

2 Q Okay. And this person, was she 18 years old?

3 A She was not.

4 Q Was she over 50?

5 A I would say yes.

6 Q And there was also I believe, correct me if I'm
7 wrong, an environmental health specialist?

8 A Yes.

9 Q What experience, if any, did that person have in
10 environmental health?

11 A He was retired 20-something years with the State of
12 Nevada working for the Environmental Health Division, which
13 included, you know, health inspections, floor plan reviews,
14 plan reviews, kitchen inspections, laboratory inspections, all
15 the various duties of a environmental health specialist. He's
16 a registered environmental health specialist.

17 Q What is your understanding of what environmental
18 health means?

19 A It means the inspection and adherence to the
20 regulations for all the health and safety of commercial
21 businesses.

22 Q And this person had done that their entire career?

23 A Yes.

24 Q And was retired by the time that -- that they worked
25 for Manpower for the State of Nevada?

1 A Yes, he was retired.

2 Q Next person is described as an MBA project manager.
3 What does that mean?

4 A So she had -- she was on the identified side. She
5 had multiple years of experience working with large
6 corporations. One of them was Microsoft, as a senior manager
7 with Microsoft. She had, you know, other experience in some
8 aerospace companies working as a project manager, fiscal
9 manager -- I use the word fiscal, that's more of a state, but,
10 you know, a financial budget manager for senior levels.

11 Q And how long, as an estimate, did that person work
12 for Microsoft?

13 A I think it was 10 years maybe. I'd have to go back
14 and verify that.

15 Q How long, if you can recall, approximately did that
16 person work in the aerospace industry?

17 A I don't recall the number of years, but it was just
18 under 10, I think.

19 Q About 10, so --

20 A Under 10.

21 Q About 10 years with Microsoft in the senior
22 capacity, and about 10 years in the aerospace industry?

23 A Yeah, give or take, uh-huh.

24 Q What specific duties, if at all, did that person
25 have working in a senior capacity at Microsoft?

1 A Well, based on her resume, the discussions that we
2 had, she played a, you know, an integral role in managing a
3 small component within the corporation.

4 Q The next person is described as government
5 accounting and IT. Let's deal with the government accounting
6 first. What does that mean?

7 A So within governmental agencies they call the
8 positions fiscal related. And that could be, you know,
9 preparing budgets, annual -- biennial budgets. It could be,
10 you know, going to the Interim Finance Committee and
11 testifying on the needs for funds to be used to run the
12 agency. And then when you get to the administrative level
13 it's a lot of managing of the fiscal-related folks.

14 Q What experience, if any, did that person have in
15 government accounting?

16 A Quite a few years. The number of years I'm not
17 positive on, but I know she worked her way up through the
18 ranks up to deputy administrator.

19 Q And based on her resume and your discussions with
20 her, what kind of tasks did she perform on the government
21 accounting side?

22 A So the tasks -- a lot of the experience that we
23 looked for in those folks was their ability to interpret the
24 regulations and apply them to criteria. So with her, you
25 know, 30 years' or so experience reading and interpreting and

1 applying regulations to either a fiscal ledger-related aspect
2 of the agency or, you know, organizational structure. You
3 know, there's a lot of structure within the government that
4 needs to be organized, and that's part of the job when you get
5 to that level.

6 Q The second part of her qualifications says IT. What
7 does IT mean?

8 A IT is the computer segment of the technical side of
9 agencies.

10 Q What importance, if any, did you place on her IT
11 capabilities?

12 A Quite a bit. I mean, we were looking more for the
13 fiscal related and the organizational management, but what
14 that does show is she had the capabilities of managing the
15 project, managing time, managing folks, people, which was in
16 her role, you know, very important with, you know, the
17 managing of the 90-day process.

18 Q Next person, it looks like it's government
19 operations and fiscal manager. What does government
20 operations mean?

21 A So that's more at the administrative level where
22 this individual, she was, you know, at one of the top levels
23 within an agency as a deputy administrator. A lot of times
24 that's a level or two away from the governor, able to manage
25 the operation of a large agency.

1 Q And was this person a female?

2 A Yes.

3 Q And how many years', if you recall, experience as an

4 estimate did she have on the government operations side?

5 A Well, she was a retired 30-year state employee, at

6 the upper level I would -- about 15 years I would think would

7 be at the management level.

8 Q And she also had experience as a fiscal manager?

9 A Yes.

10 Q And what does a fiscal manager mean?

11 A Managing the biennial budgets, putting them

12 together, looking at costs, projections, working with, you

13 know, the Governor's Finance Office and the Legislative

14 Council Bureau Budget Office.

15 Q And how many years did that person have as a fiscal

16 manager?

17 A I think it was about 15. I'd have to go back and

18 verify all that, but --

19 Q The persons we just discussed which were on the --

20 strike that. The criteria for grading, there was an

21 identified side and a non-identified side; correct?

22 A Correct.

23 Q Okay. Which persons were on the identified side?

24 A The three last individuals that you described.

25 Q So government accounting, government operations, and

1 MBA project manager?

2 A Yes.

3 Q Okay. And so by process of elimination, fire
4 inspector, real estate development, environmental health
5 specialist were on the non-identified side?

6 A Yes.

7 Q Okay. With respect to those persons did anyone have
8 any college-level courses in the business of marijuana?

9 A No.

10 Q Okay. Back in the mists of time there was a fellow
11 who came to testify named Paul Seaborn, and he's from the
12 University of Denver. Have you ever heard of Mr. Seaborn?

13 A I have not.

14 Q I'll represent to you that the first class he has
15 offered in the business of marijuana was in the spring of
16 2017, and he represented to the Court that that was, if not
17 the first, one of the first business school courses ever in
18 the business of marijuana. Does it surprise you that the
19 applicant -- the persons you hired did not have any college-
20 level courses in the business of marijuana?

21 A No, it doesn't surprise me.

22 Q So in the states that have legalized retail
23 marijuana, California, Oregon, Washington, let's stick with
24 those three, did any persons from those states apply to work
25 this particular task for Manpower?

1 A No, they did not.

2 THE COURT: So while you're taking a breath let me
3 ask you a question. Sir, did you identify the individuals who
4 were going to work on identified, non-identified, and
5 administrative team before they went to Manpower to just be
6 serviced as temp employees, or did Manpower send you their
7 resumes?

8 THE WITNESS: We identified the six evaluator
9 graders. The administrative assistants were sent from
10 Manpower.

11 THE COURT: So you did a recruitment of some sort,
12 identified folks, and then sent them to Manpower to process
13 the temporary employee stuff that has to be done for the
14 State?

15 THE WITNESS: Yes.

16 THE COURT: Okay. Sorry.

17 MR. SHEVORSKI: Not at all, Your Honor.

18 BY MR. SHEVORSKI:

19 Q My friend Mr. Gentile discussed the differences
20 between --

21 That was for you, Your Honor --

22 -- the differences between 453A, which was passed by
23 the legislature on or in sometime in 2013, and 453D that was
24 created as the result of an initiative. Do you recall that?

25 A Yes.

1 MR. SHEVORSKI: Okay. Let's go to Exhibit 2020.
2 That was the exhibit from today, Your Honor. May I
3 approach, Your Honor?
4 THE COURT: You may.
5 MR. SHEVORSKI: I'll find it, Your Honor.
6 THE COURT: I know you will. I have confidence in
7 you.
8 MR. SHEVORSKI: Dulce, do you remember where you put
9 it?
10 THE CLERK: At the very bottom.
11 MR. SHEVORSKI: Okay.
12 THE CLERK: The second State's binder.
13 MR. SHEVORSKI: Perfect. Thank you. Good job.
14 BY MR. SHEVORSKI:
15 Q Mr. Gilbert, you've been handed what's been marked
16 as Exhibit 2020. Please take a moment to review it, and let
17 me know when you're done.
18 A Okay. Yes.
19 Q Okay. Thank you. So you've had a chance to review
20 Exhibit 2020?
21 A Yes.
22 Q What does that exhibit appear to be?
23 A It's the statewide ballot questions.
24 Q And just limited to Question 2 in 2016; correct?
25 A Yes.

1 Q Now, when my friend Mr. Gentile asked you questions
2 regarding the differences between initiatives and a law passed
3 by the legislature -- you're not a lawyer are you?

4 A I'm not.

5 Q Okay. And Judge said you weren't allowed to say --
6 he wasn't allowed to ask you how you voted, but I do believe
7 you said you had read the initiative before.

8 A Yes.

9 Q Okay. And had you read the material that's
10 identified as 2020 that is provided by the Secretary of State
11 -- the Nevada Secretary of State for voters?

12 A Yes, I did.

13 Q Okay. Please turn to what's marked at the bottom as
14 page 14, and look up at the paragraph that's just below "State
15 Question Number 2, an amendment to the Nevada Revised
16 Statutes." Will you please read that paragraph to yourself,
17 and let me know when you're through.

18 A On page 14?

19 Q Yes, sir. It's the first full paragraph.

20 A I'm sorry. Which paragraph?

21 Q The first full paragraph right below "amendment to
22 the Nevada Revised Statutes."

23 A Okay.

24 Q And below that paragraph there are two boxes. It
25 says "Yes" and the other one says "No." What is your

1 understanding of those boxes, if any, as someone who read
2 this?

3 A I would say yes, you agree -- yes or no to the
4 previous paragraph.

5 Q To the question presented to the voters?

6 A Yes.

7 Q If you look at the second-to-last sentence, it says,
8 "Require the regulation in licensing of marijuana cultivators,
9 testing facilities, distributors, suppliers and retailers and
10 provide for certain criminal penalties." Did I read that
11 correctly?

12 A Yes.

13 Q Do you see anywhere in that paragraph that the
14 question states the initiative is going to provide the details
15 of the regulation that the Department of Taxation must
16 provide?

17 A No, I don't.

18 Q Maybe we'll look a little further. Page 15. Look
19 at the first full paragraph, and let me know when you're
20 through. It's the one that starts, "In addition to
21 licensing."

22 A I've read it.

23 Q Okay. It says, "In addition to licensing, the
24 Department of Taxation --"

25 And that's who you work for; correct?

1 A Yes.

2 Q "-- would be charged with adopting regulations
3 necessary to carry out the provisions of this ballot measure."
4 Did I read that correctly?

5 A Yes.

6 Q It says, "regulations necessary." Now, you know
7 from several days that you've been testifying that's actually
8 different from what's in the initiative itself, is it not?

9 A Yes, it is.

10 Q "The regulations must address licensing procedures,
11 licensee qualification." Do you see anywhere that this
12 explanation is saying that the initiative is going to dictate
13 the details of marijuana licensing procedures to the
14 Department of Taxation?

15 A I don't.

16 Q What about licensee qualifications?

17 A Not in that paragraph, no.

18 Q Okay. Now, we discussed that that language,
19 "regulations necessary to carry out provisions," that's --
20 and you agree that that is different than what's actually in
21 the initiative itself; correct?

22 A Yes.

23 Q So let's look at the language -- you should have --
24 It should be in the back, Eric.
25 Nevada Revised Statute 453D, and it's 201(b).

1 A Is that page 25?

2 Q Yeah. Start at 1. Do you need help in getting
3 there?

4 A No. It's page 25?

5 Q I'm not sure if it's on page 25 or not. It's NRS
6 453D.200.

7 THE COURT: Does he have the ballot question or the
8 statute --

9 MR. SHEVORSKI: He does, yes.

10 THE COURT: -- because the statute is Section 5 --

11 MR. SHEVORSKI: In Section 5.

12 THE COURT: I mean, the ballot question is
13 Section 5.

14 MR. SHEVORSKI: May I approach, Your Honor?

15 THE COURT: You may.

16 MR. SHEVORSKI: Thank you.

17 THE COURT: I have the cross-reference on my notes.

18 MR. SHEVORSKI: Thank you, Your Honor.

19 THE COURT: Uh-huh.

20 BY MR. SHEVORSKI:

21 Q On Section 5 there, you know, you've seen this
22 language before, it says, "Not later than January 1st, 2018,
23 the Department shall adopt regulations necessary or convenient
24 to carry out the provisions of this chapter." Now, you would
25 agree with me that that language adds the word "convenient"

1 with regard to the regulations that the Department is charged
2 to adopt; correct?

3 A Yes. Uh-huh.

4 Q You would agree with me that actually the language
5 in the initiative gives the Department broader power to adopt
6 regulations than even is in the explanation of the initiative
7 to the voters?

8 A I would agree with that, yes.

9 Q We've talked a lot about background checks. We
10 haven't talked about how it's actually carried out. Now, in
11 NRS 453D and this 200(6) it says, "The Department shall
12 conduct a background check of each prospective owner, officer,
13 board member of a marijuana establishment license applicant."

14 MR. GENTILE: Can I ask the exhibit that is on the
15 screen, please?

16 MR. SHEVORSKI: That was the statute.

17 THE COURT: This is the statute.

18 MR. GENTILE: But is it marked as an exhibit?

19 THE COURT: The statutes?

20 MR. GENTILE: Yes.

21 THE COURT: The statutes are not marked as an
22 exhibit. That's law.

23 MR. GENTILE: No, I understand that. I just wanted
24 to know what he was referencing. We have a lot of material
25 here.

1 THE COURT: I know, which is why I had the question
2 about the ballot question in Section 5 pursuant to the statute
3 in Exhibit 2020.

4 BY MR. SHEVORSKI:

5 Q Okay. Now, prior to the adoption of that particular
6 provision -- rather the enactment of that provision was there
7 a background check process used by the Department of Public
8 Health -- Health and Public Behavioral Health with respect to
9 medical marijuana?

10 A Yes.

11 Q And what was that process?

12 A Similar to the process we do now, and it's just have
13 the applicant or the owners, officers, and board members,
14 employees, volunteers and contractors submit fingerprints to
15 the Department of Public Safety, and we've received their FBI
16 and State background check.

17 Q So the first thing that happens is there is a
18 fingerprint; correct?

19 A Yes.

20 Q And then that is sent to the Central Repository for
21 Nevada Records of Criminal History; correct?

22 A Yes.

23 Q That's the second part. The third part is it has to
24 go to our friends the FBI.

25 A Yes.

1 Q Now, is there any -- can the Department of Taxation,
2 for example, force the FBI to turn that around in a series of
3 days?

4 A No, we can't. We've actually experienced delays
5 with them in the past. It's their workload that probably
6 dictates our turnaround.

7 Q They can take as long as they want, can't they?

8 A I believe so.

9 Q So once the FBI is done with that part what happens
10 next?

11 A It goes back to the Department of Public Safety, the
12 report.

13 Q Okay. When that process was first adopted was it
14 2013?

15 A Yeah, right around probably '14

16 Q '14?

17 A Yeah, end of '13.

18 Q Do you recall how long that process was taking from
19 start to finish.

20 THE COURT: Just the fingerprints?

21 BY MR. SHEVORSKI:

22 Q The entire process.

23 A From my -- it's fluctuated throughout the years, but
24 there has been a time, and I think it was in 2014, where FBI
25 was taking an extended amount of time, a couple of months.

1 Q Couple months?

2 A Yes.

3 Q Because we already discussed the Department of
4 Taxation nor the Department of Public Health can force them to
5 go faster.

6 A No, we can't.

7 Q They can actually just say no, couldn't they?

8 A I would think so, yes, on the FBI side.

9 Q And going back to 453D.200(6), it says, "Prospective
10 owner, officer, and board member of the marijuana
11 establishment license applicant."

12 THE COURT: It's "a," not "the." "A marijuana
13 establishment."

14 BY MR. SHEVORSKI:

15 Q "...a marijuana establishment." And Mr. Gentile,
16 Mr. Parker both asked you at length about "owner," the phrase
17 "owner." And we've been over this before many times. "Owner"
18 is not defined in Chapter 453D; correct?

19 A Correct.

20 Q Is the word "prospective" defined in 453D?

21 A Not that I can recall.

22 Q Is the word "officer" defined in 453D?

23 A I don't think it is.

24 Q And certainly not "board member"; correct?

25 A Right. Correct.

1 Q Would you agree with me that a common description
2 possibly of the word "prospective" might be "in the future"?
3 Correct?

4 A I would agree with that, yes.

5 Q We don't know what the drafters of the initiative
6 meant by that word one way or the other, do we?

7 A I don't.

8 Q There's a lot of talk about -- many questions about
9 listed corporations occasionally on the Canadian Securities
10 Exchange, occasionally possibly on other listed Exchanges;
11 correct?

12 A Correct.

13 Q Do you know what daily volume means in the context
14 of a company listed on a Securities Exchange?

15 A I mean, I can -- it's kind of outside of my
16 specialty, but I would think that the amount of movement
17 throughout the day.

18 Q I'm going to proffer a definition. It's probably a
19 bad one, but let me know if you agree or disagree. Daily
20 volume means the amount of times that a share is bought and
21 sold for a particular stock on that day. Is that a fair
22 definition?

23 A Yes.

24 Q Okay. Now, let's assume that one of the companies
25 that's a party to this case is a listed company, let's just

1 make that wild assumption, might be more than one, and the
2 daily volume is 500,000 shares for a company that has let's
3 say 70 million common shares trading on that day. Now, you
4 wouldn't know one way or the other whether that's a high
5 volume -- high daily volume or a low daily volume, would you?

6 A I wouldn't.

7 Q Safe to assume that some listed companies might have
8 a higher volume, for example, if they have more outstanding
9 shares that could be traded or there was greater interest in
10 that stock; correct?

11 A Yes.

12 Q Now, earlier we discussed that the start of the
13 background checks where the State -- where the medical
14 marijuana sphere were taking at least several months. Is it
15 possible to do a background check on shareholders of a listed
16 company that exchanged hundreds of thousands of times per day?

17 A Not on the process, no, it wouldn't be.

18 Q Do you know what a court -- what a legal
19 interpretation -- what a court should do where a statute is
20 legally impossible to comply with?

21 A I do not.

22 THE COURT: No objections.

23 MR. KOCH: Just asked if he knows.

24 BY MR. SHEVORSKI:

25 Q And the same process that the Department of Taxation

1 uses for background checks -- used for background checks in
2 September 8, 2018, that was the same process that was used in
3 the medical marijuana sphere in 2014?

4 A Yeah. I mean, it evolved over time to where we
5 worked more closely with DPS, but, yes, it's the same process.

6 Q So presumably the drafters of the initiative knew
7 that was your process; correct?

8 A Yes.

9 Q My friend Mr. Gentile discussed diversity quite a
10 bit with you. And a lot of his questions dealt with how can
11 diversity be related to someone's ability to operate a
12 marijuana establishment. Do you recall those questions?

13 A Yes.

14 Q In NRS 453D.201(b) is the word "ability" mentioned?

15 A What was the number? It's not mentioned in (b).

16 Q And preceding that subpart (b), before we get to
17 subpart (a) it says, "The regulation shall include," whose
18 regulations are those?

19 A The Department of Taxation's.

20 Q So whose perspective -- from whose perspective are
21 the qualifications if the Department of Taxation is creating
22 the regulations?

23 A Department's.

24 Q We've talked a lot about directly and demonstrably.
25 Is the word "operation" defined anywhere in Chapter 453D to

1 your recollection?

2 A Not to my recollection.

3 Q Now, does Chapter 453D contain any possible elements
4 to what an operation of a marijuana establishment may be?

5 A Not that I can recall. Nothing specific.

6 Q I'm going to list a series of elements that may or
7 may not be pertinent to the operation of a marijuana
8 establishment, and let me know if you agree. Security, is
9 that possibly related to the operation of a marijuana
10 establishment?

11 A Yes, it is.

12 Q Economic security, is that possibly related to the
13 operation of a marijuana establishment?

14 A Yes.

15 Q Human resources, is that possibly related to the
16 operation of a marijuana establishment?

17 A Yes.

18 Q Finance, is that possibly related to the operation
19 of a marijuana establishment?

20 A Yes.

21 Q Marketing, is that possibly related to the operation
22 of a marijuana establishment?

23 A Yes.

24 Q Business strategy, is that related to the operation
25 of a marijuana establishment?

1 A Yes.

2 Q Physical operations, is that related to the
3 operation of a marijuana establishment?

4 A Yes, it is.

5 Q Inventory management --

6 A Yes.

7 Q -- is that related to the operation of a marijuana
8 establishment?

9 A Yes.

10 Q Management itself, the ability to manage people, is
11 that related to the operation of a marijuana establishment?

12 A I believe it is, yes.

13 Q Quite possibly many different elements that are
14 related to the operation of a marijuana establishment other
15 than aptitude; correct?

16 A Yes.

17 Q With respect to diversity in the category of --
18 element, rather, of human resources is it rational to believe
19 that diversity might be related to human resources creating a
20 inclusive environment within the operation?

21 A I'm sorry. Can you be more specific.

22 Q Certainly. If you had a characteristic that was
23 inherent to you, for example, if you -- your gender, do you
24 think it's rational to believe that if the operation had an
25 inclusive environment where there were other women who had

1 hired possibly on the management team, would that be related
2 to the human resources of that operation?

3 A I don't. It would be an aspect of it.

4 Q It would certainly be an aspect, wouldn't it?

5 A Right.

6 Q Respect to marketing and a particular member of a
7 team had an inherent diversity trait, such as race, and that
8 inherent diversity trait possibly was consistent with an
9 underrepresented community that the business wanted to serve,
10 do you think that person might have something important to
11 contribute about how to market to that underrepresented
12 community?

13 A Potentially, yes.

14 Q Who is the end user for a retail business?

15 A The consumer.

16 Q Consumer, the person buying the product; correct?

17 A Yes.

18 Q And the people buying the product may have inherent
19 diversity characteristics; correct?

20 A Yes.

21 Q Is it possible that an employee who shared those
22 characteristics might be useful to the operation in order to
23 market to that end user who shares those diversity
24 characteristics?

25 A Yes.

1 Q My friend Mr. Gentile mentioned taxes, and he asked
2 you how are taxes directly and demonstrably related to the
3 ability to operate a marijuana establishment. Do you remember
4 that?

5 A I do.

6 MR. GENTILE: Objection. It misstates the question
7 that was put to him.

8 THE COURT: Overruled.

9 BY MR. SHEVORSKI:

10 Q Now, we already discussed that the word "ability"
11 does not appear in 453D.2101(b); correct?

12 A Yes.

13 Q Payment of taxes in Nevada, one of those things
14 might be sales tax; correct?

15 A Correct.

16 Q And in this particular context we're looking back
17 five years; correct?

18 A Right.

19 Q And we already discussed that economic stability is
20 possibly related to the operation of a marijuana
21 establishment; correct?

22 A Yes.

23 Q Is it possible that taxes is related to the
24 characteristic of economic stability, the payment of taxes?

25 A Yes, it is. It could show a solid history or a

1 weak.

2 Q Economic stability might just be relevant to the
3 State of Nevada where an initiative has launched a nascent
4 industry; correct?

5 A Correct.

6 Q And what kind of product were they selling? Was it
7 candy bars, or was it something else?

8 A I'm sorry. Can you repeat that question.

9 Q What kind of product were they selling, this nascent
10 industry? It was marijuana; correct?

11 A Correct.

12 Q Are there special security concerns that the State
13 of Nevada might have with respect to that product?

14 A Yes, there are.

15 Q And are those security -- in order for those
16 security concerns to be met is it expensive to secure a
17 marijuana establishment?

18 A Yes, it is.

19 Q So it's rational, in your opinion, for the State of
20 Nevada to care about economic stability to ensure that those
21 security mechanisms can continue to be met for that product;
22 correct?

23 A Yes.

24 Q Friend Mr. Gentile also talked about charitable
25 contributions. And these are charitable contributions over

1 the last five years, prior to the application date?

2 A Yes.

3 Q Would you agree with me that the level of charitable
4 giving over the last five years with respect to -- in the
5 State of Nevada is relevant to that company's level of
6 commitment to the community it's operating in?

7 A I do, yes.

8 Q And that's related to the stability of that
9 particular operation?

10 A Sure. It's a good indicator.

11 Q Friend Mr. Gentile also talked about wealth, and he
12 wasn't talking about the day-to-day operations, but the wealth
13 in a global sense of the applicant, how much money do they
14 have, not to cover the day-to-day expenses, but how much money
15 in general do they have. Do you recall that?

16 A I recall.

17 Q He said, how could it be that being wealthy makes
18 someone more qualified to run a marijuana establishment, or
19 words to that effect. Do you recall that question to you?

20 A I do.

21 Q Did you live here in 2008?

22 THE COURT: Here or in --

23 MR. SHEVORSKI: In the State of Nevada.

24 THE COURT: -- Carson --

25 THE WITNESS: Myself?

1 BY MR. SHEVORSKI:
2 Q Yes.
3 A Yes, I did.
4 Q How did the -- in your experience how did the
5 economic crash, or however you want to phrase it, affect where
6 you lived?
7 A Tremendously to the negative.
8 Q Companies go out of business?
9 A Yes.
10 Q The ability to weather a macroeconomic storm like
11 that might be -- it might be that the person's wealth might be
12 relevant to that; correct?
13 A Sure, it could.
14 Q So with respect to being able to weather an economic
15 storm like the crisis that hit this State in 2008 it might be
16 that wealth is relevant to the operation of a marijuana
17 establishment; correct?
18 A Yes.
19 Q It's related to the stability of that business, is
20 it not?
21 A Yes, it is.
22 Q My friend Mr. Parker asked you quite a bit about
23 location and how could you judge the impact on the community
24 if you didn't know the location of the particular marijuana
25 establishment. Do you recall that?

1 A Yes, I do.

2 Q Was this application process just for Las Vegas, or
3 was it for -- was it statewide?

4 A It was statewide.

5 Q Let's talk about some of the communities that were
6 going to be served. White Pine County is one of them;
7 correct?

8 A Yes.

9 Q Storey County is one of them; correct?

10 A Yes.

11 Q Pershing County was another one?

12 A Yes.

13 Q Nye County was another one?

14 A Yes.

15 Q Mineral County was another one?

16 A Yes.

17 Q Lyon County was another one?

18 A Yes.

19 Q Humboldt County was another one?

20 A Yes.

21 Q Eureka County was another one?

22 A Yes.

23 Q Esmeralda County was another one?

24 A Yes.

25 Q Was there any requirement in the initiative, that

1 you recall, that the State of Nevada develop an application
2 specific to one county?

3 A Not that I can recall.

4 Q So the differences that my friend Mr. Parker was
5 mentioning, do you have any idea whether or not those are
6 relevant to Humboldt County?

7 A I don't.

8 Q It's a small county, is it not?

9 A Yes.

10 Q What about Mineral County?

11 A It's small, too.

12 Q Let's go to Exhibit 20, please. It should be right
13 behind you. It should be right behind you in those white
14 binders. And it should be in the one that starts DOTMM1
15 through 182.

16 A Where do I find that?

17 THE COURT: You may approach, Counsel.

18 MR. SHEVORSKI: Thank you, Your Honor.

19 BY MR. SHEVORSKI:

20 Q It's here in Volume 5. Starting at 00629A will be
21 the first page.

22 THE COURT: Do you need Dulce's help?

23 MR. SHEVORSKI: Probably.

24 THE COURT: Dulce, they're missing some exhibits.
25 They think they're missing some exhibits.

1 MR. SHEVORSKI: Exhibit 20, Volume 1?

2 THE COURT: She's coming.

3 (Pause in the proceedings)

4 BY MR. SHEVORSKI:

5 Q Let's turn to page, it's page labeled DOTMM6. Are
6 you there?

7 A Yes, I am.

8 Q Who is the applicant on that page?

9 A It's MM Development, Incorporated.

10 Q Okay. My friend Mr. Kemp mentioned before that half
11 the applicants got what's been marked as Exhibit 5 and half
12 the applicants got what's been marked as Exhibit 5A. Do you
13 recall -- do you recall that?

14 A I think so.

15 Q Okay. And then he later clarified maybe some of the
16 applicants got Exhibit 5 and some of the other applicants got
17 5A. Does that refresh your recollection?

18 A Yes, it does.

19 Q Now, with respect to MM we can see that they got
20 Exhibit 5A; correct?

21 A Yes.

22 Q If you'd turn to page DOTMM950. Can you let me know
23 when you're there.

24 A I'm there.

25 Q Okay. And my friend Mr. Parker mentioned whether or

1 not the clarification on Exhibit E actually made it into
2 Exhibit 5A. Do you recall that?

3 A I do.

4 Q So with respect to at least MM, MM got the
5 clarification; correct?

6 A It looks to be, yes. That's correct.

7 Q We're going to use that in a second. Why don't you
8 put that aside for right now.

9 There's been a lot of talk by my friend Mr. Kemp, my
10 friend Mr. Parker about this concept of real officers versus
11 what's called non-real officers. And I understand you're not
12 a lawyer. Do you know if that question, their question,
13 distinguished between real officers and someone else who is
14 called an officer? Does that have any basis in law?

15 A I don't know. I wouldn't know.

16 Q Let's look at Chapter 78.

17 THE COURT: Really? You're going to have him go to
18 Chapter 78?

19 MR. SHEVORSKI: Well, the concept came up, Your
20 Honor.

21 THE COURT: I'm just wondering, because we are in
22 Business Court. So --

23 MR. SHEVORSKI: I know, and I recall that Your Honor
24 was looking at Chapter 78 --

25 THE COURT: I was. I look at Chapter 78 a lot. Do

1 you want me to give it to the witness?

2 MR. SHEVORSKI: Yes, Your Honor.

3 THE COURT: Sir, it's in this book. I don't think
4 you have to go to the -- there's not a pocket book, still have
5 to order that.

6 BY MR. SHEVORSKI:

7 Q Now, it was last amended in 2011, so -- this
8 particular part. We should be good. Would you go to NRS
9 78.130, and we're going to be on Parts 1 and 2. Are you
10 there?

11 A Okay. I think I'm there.

12 Q It says, "Every corporation must have a president, a
13 secretary, and a treasurer or the equivalent thereof." Did I
14 read that correctly?

15 A Yes, you did.

16 Q Part 2, "Every corporation may also have such other
17 officers and agents as may be deemed necessary." Did I read
18 that correctly?

19 A Yes, you did.

20 Q It looks like below --

21 And I was wrong, Your Honor.

22 -- this particular version was "last amended in
23 2015." Did I read that correctly? If you look right below
24 the statute. It says, "2015 3220." I'll represent to you
25 that that's the statutes of Nevada, which shows the amendment.

1 A I see that.

2 Q Do you see where that's indicated?

3 A Yes.

4 Q Okay. And that's prior to the initiative; correct?

5 A Yes.

6 Q So presumably the persons who drafted the initiative
7 would know that, right, that an officer can be whomever the
8 corporation directs? That's a safe assumption; correct?

9 A I would think so, yes.

10 Q There's been a lot of talk about limited liability
11 companies and what kind of personnel they can have. There's
12 been a great deal of talk about advisory boards and whether or
13 not limited liability companies can even have officers. Do
14 you recall that?

15 A Yes.

16 Q And I know I'm on a short leash here. Let's look at
17 Chapter 86 real quick.

18 I should have a copy for him, Your Honor, so you
19 don't have to --

20 THE COURT: It's okay, I can share my book on LLCs.

21 MR. SHEVORSKI: Okay.

22 THE COURT: He's welcome to look at it.

23 MR. SHEVORSKI: May I have the book, Your Honor?

24 THE COURT: Can you have the book?

25 MR. SHEVORSKI: May I give it to the witness.

1 THE COURT: He has it.
2 MR. SHEVORSKI: Oh. He does?
3 THE COURT: It's in the same volume.
4 MR. SHEVORSKI: It's in the same volume.
5 THE COURT: Yeah. 78 and 86 are close to each
6 other.
7 MR. SHEVORSKI: Almost cousins, Your Honor.
8 BY MR. SHEVORSKI:
9 Q Okay. Why don't we go to 86.263. This is what
10 you're supposed to file as part of your annual list to the
11 Nevada Secretary of State.
12 A Okay. I'm there.
13 Q Okay. Now please look at 1(a) through (e).
14 A Okay. I went over it.
15 Q Do you see the word "officer" mentioned there?
16 A I don't.
17 Q Okay. Why don't you go to 86.311.
18 A Okay.
19 Q Are you on subpart (c)? And read that and let me
20 know when you're done.
21 A Of 1?
22 Q Yes, sir.
23 A Okay.
24 Q You can see from that paragraph that a limited
25 liability company can have officers; correct?

1 A Well, yeah, (c) says, "Any agent, officer."
2 Q "Any agent, officer, employee." So a limited
3 liability company is not limited to members and managers;
4 correct?
5 A Looks like based on this language, yes.
6 Q Let's go to 86.281.
7 A Okay.
8 Q And what is the title of that particular section?
9 A "General Powers."
10 Q I want you to read Part 9, and then read Part 11.
11 A Would you like me to read it out loud?
12 Q Just read to yourself.
13 A Okay.
14 Q Part 9 says, "Appoint managers and agents, define
15 their duties, and fix their compensation." Is it just
16 possible that an advisory board member is an agent of a
17 limited liability company?
18 MR. PARKER: Your Honor, I just can't help it. I've
19 got to object on that one.
20 THE COURT: Sustained.
21 MR. PARKER: Thank you. I was forced --
22 THE COURT: Sir, we're going to go to a new question
23 now.
24 THE WITNESS: Okay.
25 //

1 BY MR. SHEVORSKI:

2 Q Let's look at Chapter 86. Let's go back to Exhibit

3 20. And we're going to go to page DOTMM1112. And you recall

4 this exhibit pertains to MM Development; correct?

5 A Yes.

6 Q The paragraph that starts "The first budget," it

7 says, "The first budget is for Location 1 in the application,

8 which is an already built, inspected, and fully compliant to

9 Nevada dispensary previously operated and currently leased by

10 the company." Did I read that correctly?

11 A Yes, you did.

12 Q Now I want you -- "previously operated." What does

13 that mean to you?

14 A It was, you know, previously operational and open

15 for business.

16 Q And possibly closed, correct, by this time?

17 A Yes.

18 Q Previously means past tense, does it not?

19 A Yes, it does.

20 Q This would be in September of 2018?

21 A Yeah, it could have been around that time.

22 Q Let's go to DOTMM9. There's so many zeros there --

23 A Okay. I'm there.

24 Q Okay. It says, "License location preference is 1";

25 correct?

1 A Yes.

2 Q The top of the page.

3 A Uh-huh.

4 Q And this is in unincorporated Clark County; correct?

5 A Yes.

6 Q If you look at the second full paragraph, the

7 sentence that starts with "Thus," do you see where that's

8 indicated?

9 A Yes, I do.

10 Q Okay. "Thus, the approved license transfer will

11 result in closing 4850 West Sunset Road location prior to

12 November 1st, 2018." Now, previously when we looked at the

13 last page we were discussing didn't it say that it already

14 closed?

15 A I think it did. Yes, I recall.

16 Q Can you tell from this application whether that

17 location at this time was open or closed?

18 A Not from this application.

19 Q Can you tell from this application how long it had

20 been closed?

21 A Not here. No, I can't.

22 Q In the budget area it said it had been previously

23 operating; correct?

24 A Yes.

25 Q And with respect to -- now, you're -- you understood

1 -- or you understand that MM Development had a transfer of a
2 particular license, correct, from West Sunset Road to a space
3 on Desert Inn?

4 A Yes, I was aware of that.

5 Q And that was the transfer in both the retail and the
6 medical marijuana license?

7 A Yes.

8 Q And they were going -- they were attempting to gain
9 a new license and reopen West Sunset Road; correct?

10 A Yes, that's what it appears to be, yes.

11 Q What process, if any, would apply to someone seeking
12 a new license for that location?

13 A They would have the same requirements that any other
14 licensee would have. They have to fulfill the conditional
15 requirements, including initial inspection and approval,
16 before they become operational.

17 Q They'd have to have their signage re-approved?

18 A Yes.

19 Q They'd have to be inspected?

20 A Yes.

21 Q They'd have to have their floor plan approved?

22 A Yes.

23 Q They couldn't just rely on what they had done
24 before; correct?

25 A No, they wouldn't.

1 Q Let's go to DOTMM1031.

2 A Okay. I'm there.

3 Q Who would have done the training with respect to --

4 for Manpower personnel on the category described as Tab 3?

5 A That would have been Ms. Cronkhite.

6 Q Ms. Kara Cronkhite?

7 A Yes.

8 Q Okay. When Mr. Kemp was talking to you he mentioned

9 there was a floor plan and there were pictures of the facility

10 when it was in operation. Please look through Tab 3 and let

11 me know if you see any pictures of the facility in operation.

12 A I don't. I just see the floor plans and artist

13 renderings.

14 Q Let's go back to page DOTMM11. Are you there?

15 A All right. I'm there.

16 Q There are two pictures on that page; correct?

17 A Yes.

18 Q Two pictures on the next page?

19 A Yes.

20 Q And if you look at DOTMM9, it says, "pictures of

21 existing facility"; correct? At the bottom of the page on 9,

22 below location map.

23 A Yes, it does.

24 Q Okay. With respect to that page do you see a date

25 for when those pictures were taken?

1 A I don't. I don't see a date.

2 Q The medicine facility had been operational as a
3 medical marijuana facility; correct?

4 A Yes.

5 Q So it was in existence at that -- when it was
6 operating as a medical marijuana facility?

7 A Yes.

8 Q Now, on page 11 do you see any date with respect to
9 those pictures?

10 A I don't see any dates on 11.

11 Q How about 12? Do you see any dates there?

12 A No, I don't.

13 Q Is there any way from the document you've seen to
14 tell when those pictures were taken from the application?

15 A Not from the pictures.

16 Q And we've already seen persons reviewing these
17 applications, occasionally they say it was previously operated
18 and closed. And they also say it will be closed; correct?

19 A That's correct, yes.

20 Q Who was weighing that information in order to grade
21 MM Development on the building plan area?

22 A The evaluators.

23 Q And they would have to -- as part of their job they
24 would have to weigh that information, wouldn't they?

25 A They would, yes.

1 Q They don't know when this particular facility was
2 closed.

3 A No.

4 Q They don't know when these pictures were taken.

5 A That's correct.

6 Q My friend Mr. Kemp asked you quite a bit about hand
7 sinks. Do you recall that?

8 A I do, yes.

9 Q Who gave the training to the Manpower folks on hand
10 sinks? Would that be Ms. Cronkhite?

11 A Yes, it would.

12 Q Let's go to DOTMM001032.

13 A Okay. I'm there now.

14 Q On the preceding page it might be able to help you
15 there. It says, "The company --" if you would get there real
16 quick. "The company has included two sets of plans in this
17 non-identified section. The first set of plans is for a
18 leased 4600-square-foot facility already built as shown and
19 has been operated as a fully compliant Nevada licensed
20 marijuana dispensary and has previously passed Nevada
21 Department of Taxation inspection and approvals." Again, it
22 says, "has been operated." We can't tell from that sentence
23 when it was opened or closed; correct?

24 A Correct.

25 Q And turning over to the next page, looks like

1 there's a hand sink in the break room, and there are hand
2 sinks in the toilet areas. Do you see any hand sinks other
3 than the one in the break room and other than the ones in the
4 toilet facilities in the entire building?

5 A I don't. It looks like those are the three sinks.

6 Q Okay. Are you familiar with the regulations
7 pertaining to how many hand sinks other than hand sinks in the
8 bathroom areas are required for a marijuana establishment?

9 A Yes.

10 Q I'm at NAC 453D.446(b). "Except for a marijuana
11 distributor, at least one hand-washing sink not located in a
12 toilet facility and located away from any area in which edible
13 marijuana products are cooked or otherwise prepared to prevent
14 splash contamination." Is that consistent with your
15 understanding of regulations pertaining to hand sinks in
16 marijuana establishments?

17 A Yes.

18 Q Okay. And who would have given the training to the
19 Manpower associates with respect to that particular issue?

20 A Ms. Cronkhite.

21 Q Mr. Kemp asked you about advertising and signage.
22 Do you recall that?

23 A Yes, I think I recall.

24 Q And there was a note in a Manpower grader as no
25 advertising or signage; correct?

1 A Yes.

2 Q As a new licensee for that particular facility, if
3 it was going to reopen, they would have to get approval, would
4 they not, for their advertising and signage?

5 A Yes, they would.

6 Q It may be if their advertising and signage is
7 exactly the same, but it may not; correct?

8 A It could be, but it may not.

9 Q Let's go to Exhibit 21. It should be behind you.
10 We're going to be on -- starting on page 2.

11 MR. SHEVORSKI: May I approach, Your Honor?

12 THE COURT: You may.

13 BY MR. SHEVORSKI:

14 Q And who is the applicant here?

15 A It's LivFree Wellness LLC.

16 Q And forward -- Mr. Kemp was talking about some
17 people got Exhibit -- they got Exhibit 5, and some people got
18 Exhibit 5A. By looking at page 2, which one does it look like
19 LivFree got?

20 A Can you refresh my memory on A and B.

21 Q Sure. Attachment A, which you have in front of you,
22 LivFree Bates Number 2, it has in the second quadrant -- it
23 says, "Marijuana establishment's proposed physical address if
24 the applicant owns property or has secured a lease or other
25 property agreement (this must be a Nevada address and cannot

1 be a P.O. box)." Do you need to see Exhibit 5A, or does that
2 refresh your recollection as to --

3 A I wouldn't mind seeing 5A, if you can, please.

4 MR. SHEVORSKI: May I approach, Your Honor.

5 THE COURT: You may.

6 (Court recessed at 2:41 p.m., until 2:53 p.m.)

7 THE COURT: So, as I told Mr. Shevorski, I would
8 really like to get this witness done today.

9 Okay. Mr. Shevorski, you're back up.

10 MR. SHEVORSKI: I'll move it along, Your Honor.

11 THE COURT: I need the witness, though.

12 Okay. Go.

13 BY MR. SHEVORSKI:

14 Q Okay. Mr. Gilbert, please turn to Exhibit 21,
15 page 2, DOT-LivFree2. I believe you also have up there
16 Exhibit 5A.

17 A Yes.

18 Q Does that appear to be identical to Exhibit 5A with
19 respect to the second quadrant that starts "Marijuana
20 establishment's proposed physical address"?

21 A Yes, it does.

22 Q Okay. Now turn to DOT-LivFree5. That's in Exhibit
23 21.

24 A Right.

25 Q I apologize.

1 A Is it what's up here on the screen?

2 Q Yeah. It's just -- if you look down at the bottom

3 right it says, LivFree5. Are you there?

4 A I don't know.

5 Q Exhibit 21.

6 A Oh. 005?

7 Q Yes, sir.

8 A Got it.

9 Q Okay. Now, I want you to compare that to

10 Exhibit 5A, Attachment E to Exhibit 5A. And that's on

11 page 29, if that helps you, Exhibit 5A. Do they appear to be

12 the same, or different?

13 A To 005?

14 Q To Exhibit 5A, Attachment E to Exhibit 5A.

15 Now, I'm just interested in the language in the

16 first quadrant.

17 A They appear to be the same.

18 Q They appear to be the same?

19 A Yes.

20 Q Look again.

21 A No. They're not the same.

22 Q They're not the same.

23 A Sorry.

24 Q Now look at Attachment E in Exhibit 5. And I'm

25 interested in the first quadrant. Are you there?

1 A I am. I'm looking at it right now.

2 Q Okay. Does it appear that LivFree used Attachment A
3 from 5A and then used Attachment E from Exhibit 5 in their
4 application?

5 A Yeah. I mean, these are the same.

6 Q Excuse me?

7 A Can we repeat that question.

8 Q Does it appear from reviewing this application that
9 LivFree used Attachment A from Exhibit 5A and Attachment E
10 from Exhibit 5?

11 A Yes.

12 Q Let's go to page -- Exhibit 21, DOT-LivFree130. Are
13 you there?

14 A Yes, I am.

15 Q Okay. Now, this is Tab 8, Documentation of Liquid
16 Assets. Are you familiar with this tab as it relates to
17 what's called --

18 We know they got Exhibit 5A; correct?

19 A Yes.

20 Q And read along with me. "Documentation
21 demonstrating the liquid assets and the source of those liquid
22 assets from a financial institution in this state or in any
23 other state or the District of Columbia must be included in
24 this tab and demonstrate the following criteria: That the
25 applicant has at least 250,000 in liquid assets which are

1 unencumbered and can be converted within 30 days after request
2 to liquid such assets and the source of those liquid assets."
3 Did I read that correct?
4 A Yes.
5 Q Okay. Would you turn to DOT-LivFree132. Are you
6 there?
7 A Yes, I am.
8 Q Upper left-hand corner says it's a balance sheet;
9 correct?
10 A That's correct.
11 Q Do you see an indication that this was a document
12 from a financial institution?
13 A No, I don't.
14 Q Go to page 134. Are you there?
15 A Yes.
16 Q Who's the owner of that checking account?
17 A Bilco Holdings LLC.
18 Q Are they the applicant?
19 A No. It's LivFree Wellness.
20 Q Now let's go back to 130. At bottom paragraph it
21 says, "The following documents are attached following Tab
22 5.2.8.2." See where that's indicated?
23 A Yes.
24 Q Why don't you read that to yourself and let me know
25 when you're through.

1 A Okay.

2 Q It says, "This account is owned by LivFree Wellness
3 as majority owner."

4 Now, going back to page 134, do you see any
5 information on that checking account statement that shows that
6 LivFree has any right to access those funds?

7 A No, I don't.

8 Q Staying on 134, are you aware of the term "credit"
9 with relation to consumer banking?

10 A Yes.

11 Q Okay. And what's your understanding of the word
12 "credit"?

13 A Funds available for use.

14 Q It's also possible that a credit is when someone
15 deposits money into an account?

16 A Yes.

17 Q But look, there's a credit on 7/20. Do you see
18 that? Looks like a wire transfer.

19 A Yeah, I see that.

20 Q It looks like it's from BP Solutions LLC?

21 A Yes.

22 Q If that's what we can interpret?

23 A Yes.

24 Q Is BP Solutions LLC the applicant?

25 A No, they're not.

1 Q Let's look at debits. And what's your understanding
2 of "debit" in relation to consumer banking?

3 A Money going out.

4 Q Taking money out. It looks like there's a debit on
5 7/3?

6 A Yes.

7 Q Looks like Minu Holdings LLC, it's a wire transfer
8 to them?

9 A Yes.

10 Q Is Minu Holdings LLC the applicant?

11 A No, they're not.

12 Q So this account is owned by Bilco Holdings LLC, and
13 it looks like several different companies are accessing it;
14 correct?

15 A Yes.

16 Q And there's nothing on, for example, 5.2.82 at DOT-
17 LivFree133 from the financial institution showing that LivFree
18 has a legal right to access those funds?

19 A No, there's not.

20 Q Let's go back to the balance sheet, 132, and look at
21 assets. It says, "Cash in Bilco Holdings." We've already
22 been through that Bilco Holdings is not the applicant;
23 correct?

24 A That's correct.

25 Q And it says, "Cash in management company, overages."

1 We don't have any idea who the management company is, do we?

2 A No, we don't.

3 Q Now, going back to pages 133 through 136, is there

4 any information from a financial institution regarding that

5 cash in management account, which is \$678,687 on 7/31?

6 A I don't see anything.

7 Q Now, who would have given the training to the

8 Manpower associates to evaluate that balance sheet and that

9 checking account statement in relation to Tab 8?

10 A Damon Hernandez.

11 Q Let's go to LivFree page -- that same exhibit --

12 1555.

13 A Okay. I'm there.

14 Q Okay. Read that first paragraph, and let me know

15 when you're done.

16 A Okay. I'm done.

17 Q Okay. Reading that paragraph it's your

18 understanding that those are the owner's assets, right, that

19 are \$217,812,665?

20 A Yes.

21 Q Does it say anywhere in that paragraph that those

22 are the resources of the applicant, that the applicant has

23 217,812,665?

24 A No, it doesn't.

25 Q Let's go to the balance sheet, the next page. Are

1 you there?

2 A Yes.

3 Q It says, "LivFree Wellness LLC, owner, financial
4 summary; correct?

5 A Yes, it does.

6 Q You see under the left it says "Last name, first
7 name." Do you see LivFree listed there?

8 A No, I don't.

9 Q Let's go to DOT-LivFree1586. Let me know when
10 you're there?

11 A Okay. I'm there.

12 Q "If the applicant is relying on funds from an owner,
13 officer, or board member or any other source, evidence that
14 such person has unconditionally committed such funds to the
15 use of the applicant in the event the Department awards a
16 recreational marijuana establishment license to the
17 applicant." Did I read that correctly?

18 A Yes, you did.

19 Q What did LivFree write under 5.2.11.2? It says,
20 "LivFree is a thriving business that will not need to rely on
21 moneys from outside sources. The profits from the current
22 operations in the state will allow for future growth in the
23 industry." Did I read that correctly?

24 A Yes, you did.

25 Q So LivFree, based on the information here, is not

1 relying on the owner's balance sheet; correct?

2 A Correct.

3 Q There's no unconditional commitment of those funds

4 on the owner's balance sheet to LivFree; correct?

5 A Correct.

6 Q Let's go back to Exhibit 20 real quick. It'll be on

7 page 9 again.

8 A Okay. I'm there.

9 Q On page 9?

10 A Yes.

11 Q Middle of the second-to-last paragraph says, "If a

12 license is granted, the anticipated January 1st, 2019, or

13 earlier reopening of 4850 West Sunset Road is forecasted to

14 produce -- is forecast to produce forecasted 2019 revenue is

15 \$19,868,676 of total taxable sales." Did I read that

16 correctly?

17 A Yes, you did.

18 Q Okay. So the forecasted opening date for that

19 facility may be January 1st, 2019; correct?

20 A Yes.

21 Q Let's go back to the budget information on

22 DOTMM1112.

23 A Okay. I'm there.

24 Q Are you there? Now let's go to the next page. We

25 haven't looked at that. DOTMM1113. What year is that budget

1 forecast for?

2 A 2019.

3 Q Okay. And we've already seen from the previous page

4 -- we can't tell. It says, "previously operating," so it may

5 be closed. What money, if any, can we tell from this page

6 that MM is spending on rent, for example, for that facility

7 prior to 2019? Can we tell?

8 A No, we can't. It's not one of the line items.

9 Q Now, no line items for 2018; correct?

10 A Correct.

11 Q So we don't know if they're spending any money on

12 maintenance.

13 A Correct.

14 Q We don't know if they're spending any money on

15 restoring equipment, we don't know if they're spending any

16 money on furniture, for example.

17 A Correct.

18 Q Now, I'll tell you from looking at page 9 that MM

19 represents this facility's in turn-key condition; correct?

20 A Yes.

21 Q So I guess we just take their word for it?

22 A The evaluators weren't trained to do that.

23 Q They're weighing the evidence in front of them based

24 upon the application; correct?

25 A Correct.

1 Q This facility may or may not have been closed for at
2 least three months prior to the anticipated opening date of
3 2019?

4 A Correct.

5 Q And we're unsure about its physical condition,
6 because we don't know the date of the pictures that were
7 provided; correct?

8 A Correct.

9 Q My friend Mr. Parker asked you about how could
10 Manpower possibly grade operating expenses if they didn't have
11 a baseline for what it would cost to operate a marijuana
12 establishment. Do you remember that?

13 A Yes, I do.

14 Q And he said that a 5,000-square-foot building cost
15 \$3.5 million per year to operate. Do you remember that?

16 A I think I recall something similar to that, yes.

17 Q Okay. Was that in Humboldt County, or was that
18 somewhere else?

19 A I don't think he specified.

20 Q Mineral County? Lyon County? How about city of
21 Sparks?

22 A I don't think so.

23 Q That include fixed costs, or variable costs?

24 A I don't know.

25 Q Depreciation on equipment. Did Mr. Parker's

1 estimate include that?

2 A I don't know.

3 Q Did it include costs to pay off a line of credit?

4 A Again, I don't know.

5 Q How about interest payments on a construction loan?

6 A I don't know.

7 Q Was Mr. Parker's estimate based upon a rental, or

8 that they -- or that applicant owned the building?

9 A I don't know.

10 Q In order to have a baseline you'd have to know those

11 assumptions; right? You'd have to know it for every single

12 county in the state of Nevada; correct?

13 A Correct.

14 Q Not very realistic, is it?

15 A Not in this scenario, no, it was not.

16 Q Mr. Parker's estimate include funding for tenant

17 improvements that year he shows to \$3.5 million?

18 A I don't know.

19 MR. SHEVORSKI: No further questions, Your Honor.

20 THE COURT: Thank you.

21 Mr. Koch.

22 And that was two hours including our break. It goes

23 back to my doubling whatever lawyers told me rule of thumb.

24 MR. KOCH: Well, I already knew I wasn't getting

25 M&Ms, so -- he's been here so long the Judge has had a

1 haircut, Mr. Shevorski has, and maybe Mr. Parker. I don't
2 know if Mr. Parker has or not. It's been a while.

3 CROSS-EXAMINATION

4 BY MR. KOCH:

5 Q Mr. Gilbert, you've been here a while. You've had a
6 chance to reflect on the process, look at a lot of documents.
7 And looking back on everything, do you think the Department
8 did a good job in the licensing application process here?

9 A Yes, I do.

10 Q Did they do a perfect job?

11 A Close to it.

12 Q Were there some things that you would have changed
13 if you were doing it again starting today?

14 A There's always room for improvements. You learn
15 from processes.

16 Q In fact, you were part of the process in 2014 for
17 medical; right?

18 A Yes.

19 Q And in 2018 when the licensing application process
20 came up the Department did things a little differently than
21 the Department of Public Health -- Behavioral Health did; is
22 that right?

23 A Yes, we did.

24 Q Learned maybe a little bit from 2014?

25 A Yes, we did.

1 Q And some changes were made?

2 A Yes.

3 Q Do you think if different people were employed by
4 the Department of Taxation in 2018 there could have been
5 different decisions made, for example, with the number of
6 points that were allocated to each category?

7 A Can you be -- clarify a little bit for me.

8 Q I think you said that you, Jorge Pupo, and Kara
9 Cronkhite worked and decisions were made with respect to the
10 number of points that were allocated to let's say diversity.
11 Those decisions were made within the Department; is that
12 right?

13 A That's correct.

14 Q Let's say if 12 different individuals were there
15 making those decisions. Do you think there could have been
16 different decisions made with respect to the number of points
17 allocated to that?

18 A Potentially.

19 Q For example, you know, Mr. Parker spent a lot of
20 time talking about diversity, and his clients have something
21 that's important to them. If Mr. Parker were on the
22 Department, perhaps he would have allocated 40 or 50 points to
23 diversity. That have been a possibility?

24 A Could have been. It wasn't my decision ultimately,
25 but, yes, that could have been.

1 Q And Mr. Gentile I think has argued that diversity
2 [unintelligible] isn't even related at all to the operation.
3 Maybe he would have given 1 point. Could that have been a
4 possibility?

5 A It could have been a possibility.

6 Q There were no points stated in the initiative for
7 each category, were there?

8 A No, there were not.

9 Q So there may have been a difference of opinion,
10 depending upon who was working at the Department at the time?

11 A Yes.

12 Q Do you think the decisions that were made were
13 reasonable based on your review and observation?

14 A I do.

15 Q Let me ask you for a second about these Manpower --
16 we keep calling them Manpower employees. I think -- my
17 understanding is, and correct me if I'm wrong, the Department
18 went out and listed job openings and sought applicants for
19 those job openings; is that right?

20 A We didn't post job openings, but we did recruit
21 based on the skills and experience that we needed.

22 Q And those who the Department interviewed or
23 recruited, do you think that they had the qualifications the
24 Department was looking for?

25 A Absolutely, yes.

1 Q Registration with Manpower, that was just a
2 procedural process; is that right?

3 A Yeah, that's correct. So the State of Nevada has a
4 contract with Manpower, and that's a way for -- actually to
5 pay salaries and hourly wages.

6 Q Do you know if any of these evaluators went back to
7 work for Manpower after they got done evaluating?

8 A I don't know. We still do have -- yes, they did.
9 We have one working for us right now.

10 Q Working for the Department?

11 A Yes.

12 Q And being paid through Manpower?

13 A Yes.

14 Q Very good. Now, the qualifications that you looked
15 for in these evaluators, was preference in type of music one
16 of those qualifications?

17 A No, it wasn't.

18 Q And if an evaluator liked to play country music,
19 would that have disqualified him from being an evaluator?

20 A No.

21 Q Would classical music, any other types of music?

22 A No.

23 Q Irrelevant?

24 A That was irrelevant during the interview process.

25 Q Based on your observation of these employees that

1 were hired through Manpower did you believe them to be
2 competent?
3 A Yes.
4 Q Did you have the chance to interact with them?
5 A I did, yes.
6 Q You weren't observing their evaluation or scoring;
7 is that right?
8 A I did not do that, no.
9 Q But you were able to speak with them?
10 A Yes.
11 Q They seem intelligent to you?
12 A Very much so.
13 Q You had a chance to interact with them before the
14 scoring started?
15 A Yes.
16 Q And what about after the scoring was completed?
17 Also then?
18 A Yes.
19 Q And your observation of those employees both before
20 and after that they were competent to perform the functions
21 they were hired to do?
22 A Yes.
23 Q Has anything that you've seen in the documents, the
24 questions that you've been asked changed your opinion of the
25 competence of those employees?

1 A No.

2 Q Let's look at Exhibit 303. I'm not sure which
3 binder that's in.

4 (Pause in the proceedings)

5 BY MR. KOCH:

6 Q Let's just go off --

7 A I can go off the screen.

8 Q We'll go off the screen. Yeah. Why don't you -- if
9 you've got it you there it might be a little bit easier than
10 trying to zoom around.

11 Tell me when you're there. You got 303?

12 A Yeah, I am.

13 Q All right. So what is this sheet?

14 A It's a tracker that we had to track the progress.

15 Q And that was used by the Department for every
16 application that was received?

17 A Yes.

18 Q Okay. You talked I think a little bit about that.
19 I want to ask just a little bit more. Was there a process for
20 when the application was received -- the Judge has asked a few
21 questions about checking it for completeness. Was that a part
22 of this tracking sheet?

23 A The steps that you see -- well, each step would be a
24 step in the completion.

25 Q Okay. Let's just walk through a few of those. So,

1 for example, Blossom Group is the very top entity there. I
2 don't think Blossom Group is a part of this case. But the
3 first column there says, "Address." This says "TBD." Do you
4 see that?

5 A Yes.

6 Q So they didn't have an address listed; is that
7 right?

8 A That's correct.

9 Q It does have a county. It's in very small type, so
10 let me know if you have a hard time reading it. County and
11 location jurisdiction, those are both listed?

12 A Yes.

13 Q Those would be listed on the application when it's
14 received?

15 A Yes, they would have.

16 Q And it has the arrival date; is that right?

17 A Yes.

18 Q Then it says, "App fee confirmed." Do you see that?

19 A Yes.

20 Q There's four items there for Blossom. One is black,
21 and one is in red. Do you know why some are in red and some
22 are in black?

23 A I don't.

24 Q Okay. And then on the top of that section it says,
25 "Michelle or Marilyn complete yellow columns." Who is

1 Michelle, and who is Marilyn?

2 A Michelle is a Department of Taxation administrative
3 assistant in the Las Vegas office, and Marilyn is the same
4 position in Carson City.

5 Q Okay. And those individuals would complete those
6 columns that are listed below there?

7 A Yes.

8 Q The next section that's in purple says Diane
9 completes? Is that right?

10 A Yes, that's Diane.

11 Q Okay. What's Diane's last name?

12 A O'Connor.

13 Q Is she a Department employee?

14 A Yes, she is.

15 Q And Diane completes this fourth column. The first
16 one says "Ownership confirmed." Do you know what that means?

17 A Yes. So she was part of the process of confirming
18 the ownership in the application matched what the Department
19 had on record.

20 Q Okay. Let's look at a few examples there. Under
21 Blossom it says "Yes." So she would have confirmed that with
22 what the Department had?

23 A Yes.

24 Q Going below, Greenway is the next one. It says,
25 "Pending CHOW matches." Is that what it says?

1 A Yes. So that would have been, like I described
2 earlier, if we had a transfer of ownership or a CHOW in the
3 house, then we would compare that.

4 Q Okay. And then -- so there could have been a
5 complete match, there could have been something pending. That
6 would have been checked by Diane when received?

7 A Yes.

8 Q Then Nevada Organic Remedies, it says, "Yes per
9 Jeannine." Do you know what that means?

10 A So Jeannine is another Program Officer III who
11 manages the transfer of ownership process, so she was involved
12 in the record verifications.

13 Q All right. And the next one I want to ask you,
14 Green Leaf Farms Holdings. It says, "CHOW does not match
15 app." What does that mean?

16 A That would mean that we had to investigate a little
17 bit more to see why the transfer of ownership didn't match the
18 application.

19 Q Well, you said transfer of ownership. Was there a
20 transfer of -- is a CHOW a transfer, or is that the existing
21 list?

22 A Yeah. Sorry. So the CHOW -- a CHOW is a transfer
23 of ownership. Same thing.

24 Q Okay. So each -- for each of the items it says CHOW
25 there was something that was pending with the Department

1 perhaps at that time?

2 A Yes.

3 Q Then it says under "Diane completes," there's

4 initial, looks like she initialed several of those. Date

5 delivered to IDAA. Do you know what that means?

6 A Yes. That would be when the application was

7 confirmed and available to be given to the evaluators.

8 Q Do you know what AA stands for?

9 A Administrative assistants.

10 Q Okay. And the next column says, "Date delivered to

11 non-IDAA." That's I guess the administrative assistant for

12 non-ID?

13 A Yes.

14 Q Two different people?

15 A Yes.

16 Q All right. And then the last three columns that

17 appear to be filled out there, "Contract AAs complete." What

18 does that mean?

19 A That's the date that they -- you know, I'm -- that's

20 the date I'm assuming that would be that they were given to

21 the ID team or the non-ID team.

22 Q Okay. And the contract dates, were those the

23 administrative assistants hired through Manpower?

24 A Yes.

25 Q And that's the only part of this sheet, it looks

1 like, that the contract administrative assistants completed.

2 Is that right?

3 A Yes.

4 Q And they track the dates that those were -- date
5 given to evaluation teams, the date the ID completed its
6 scoring; is that right?

7 A Yeah, that's the scoring -- when the scoring was
8 complete, it looks like.

9 Q And then the date the non-ID team completed its
10 scoring?

11 A Yes.

12 Q So in the very first example there it was given to
13 the evaluation team on 9/14, the ID team completed on 9/18,
14 and then the completion date -- or non-ID team completion date
15 was 9/28; is that right?

16 A Yes.

17 Q Okay. And the rest, we go down here, there appear
18 to be different dates for the ID team completion and the non-
19 ID team completion. Does that surprise you that there's
20 different dates for those?

21 A No, it doesn't, because they were worked in --
22 separately, in separate groups, separate offices. And the ID
23 might have been slower than the non-ID, so they were never in
24 unison.

25 Q Okay. Why don't you turn to -- if you'd turn to the

1 third page of that document, please, DOT41837. And there's
2 several red items there under "Ownership confirmed." Top one
3 says, "Euphoria does not match pending CHOW." I think you've
4 explained that. There's a transfer and the applicant doesn't
5 match that; is that right?

6 A Yes.

7 Q In the middle of the page there's a few that says
8 "Okay per JW 10/9." Do you know what that means?

9 A That they confirmed the match.

10 Q What is JW?

11 A That must be Janine Warner.

12 Q Okay.

13 A She had a hyphenated last name, Sher-Warner.

14 Q So that was a Department of Taxation employee?

15 A Yes.

16 Q And you think that this sheet that was prepared and
17 completed by the Department was helpful in completing the
18 process of scoring the applications?

19 A Yeah, it was. It helped us -- helped them keep
20 track of everything that was being handed out and completed.

21 Q There's a lot of applications.

22 A There was; 462.

23 Q You talked a fair amount about this -- there was
24 questions about the tie breaker process, and if we can turn to
25 Exhibit 2003 --

1 MR. KOCH: And maybe just pull that out, Brian.

2 BY MR. KOCH:

3 Q -- page 2279. And Exhibit 2003 is part of the
4 training material. I just want to ask you about one page
5 here. All right. Was this page part of the training
6 materials, if you recall?

7 A Yes.

8 Q Okay. And it describes the tie breaker process
9 being initiated if the last spot available for a provisional
10 certificate has a tied score. Were there any last spots that
11 had a tie score that you're aware of?

12 A There wasn't.

13 Q So there's no tie breaker to even apply?

14 A No.

15 Q And so the next bullet point there, "The applicant
16 with the highest score for their proposed organizational
17 structure will be awarded a provisional certificate," that was
18 never even needed in this process; is that right?

19 A No, it wasn't.

20 Q The [unintelligible] that was part of the
21 organizational structure?

22 A Yes, part of that component.

23 Q Also on the materials -- and for the sake of time I
24 don't think I'll pull it up. But there were some questions
25 there about confidentiality or some instructions about

1 confidentiality, and those who were being trained were told
2 that if they're contacted by anyone in the industry during the
3 application process that they should come to you and let you
4 know about that. Do you remember that instruction?

5 A Yes, I do.

6 Q Did anyone, the evaluators or anyone else ever come
7 to you and say, hey, somebody's contacting me, I think it's
8 improper, and they let you know about that?

9 A No, they did not.

10 Q You were not aware of any contacts from anyone in
11 the industry directly to an evaluator; is that right?

12 A I'm not aware of any of that.

13 Q What about with anyone else that was part of the
14 process that you were notified might be improper?

15 A No.

16 Q All right. Secretary of State. We've had all sorts
17 of questions about the Secretary of State versus the
18 Department's ownership list. And you said that the Department
19 doesn't go look at the Secretary of State's officers,
20 directors, board members; is that right?

21 A That's right.

22 Q Do you know if the Secretary of State's list is any
23 more accurate or inaccurate than the Department's ownership
24 list or board, officers, owners list?

25 A I don't. I can't speak to Secretary of State's

1 accuracy.

2 Q Do you know how hard it is for an entity to change
3 the list of officers or board members that are listed with the
4 Secretary of State?

5 A I've never done it, but from what I've heard it's
6 fairly easy.

7 Q Would it surprise you if I could get on, for
8 example, my law firm, click on there, and add the Las Vegas
9 Aces? I could have the front line of the Las Vegas Aces are
10 officers of my company today. That surprise you?

11 A It wouldn't based on what I've heard.

12 Q The Aces are great. I could add Mr. Parker on, I
13 could add anybody I wanted to. I would be attesting under
14 penalty of perjury that's an accurate statement, but do you
15 know if the Secretary of State actually does a background
16 check or checks to make sure that those individuals are
17 actually officers of the company?

18 A I don't -- I don't know what they do.

19 Q Mr. Miller, I told him maybe we'll call him as an
20 expert witness. He knows about this process, but I don't
21 think the Secretary of State actually checks to see if those
22 officers are actually officers. Would that surprise you, that
23 they don't actually check that?

24 A It wouldn't surprise me based on what I've heard.

25 Q And let me -- let me show you one thing. I guess

1 let's go to Exhibit 5040. This is -- this is the Nevada
2 Wellness Secretary of State.

3 THE CLERK: Proposed.

4 MR. KOCH(Pa~~use~~ in the proposed exhibit 5040.

5 MR. PARKER: No objection, Your Honor.

6 THE COURT: Be admitted.

7 (Defendants' Exhibit 5040 admitted)

8 BY MR. KOCH:

9 Q All right. Do you have 5040 in front of you there?
10 All right. See that? That's the Secretary of State printout
11 for Nevada Wellness Center LLC. See that?

12 A Yes, I do.

13 Q And can you tell me who the officers who are listed
14 there bottom of that page.

15 A I see a Mr. Frank Hawkins and a Mr. Andre Rhodes.

16 Q Okay. So there's two officers listed there; is that
17 right?

18 A Yes.

19 Q Okay. Now, we can keep that open. Let's turn to
20 Exhibit 5023. And 5023 is the current ownership list that the
21 Department has. And --

22 THE CLERK: Proposed.

23 MR. KOCH: That was admitted.

24 THE CLERK: Oh. Sorry. It's admitted.

25 //

1 BY MR. KOCH:

2 Q Okay. So 5023 -- we don't have Bates numbers I
3 think on this page, but we're going to go alphabetically to
4 Nevada Wellness, which is directly after Nevada Organic
5 Remedies about halfway through this set of documents.

6 MR. KOCH: Can you find that, Brian?

7 BY MR. KOCH:

8 Q Okay. RD009 is Nevada Wellness Center. You see
9 that?

10 A Yes.

11 Q Okay. And this is the Department's list of current
12 owners and officers; is that right?

13 A Yes. It looks -- appears to be the one left side.

14 Q Okay. RD009 is for Nevada Wellness Center's retail
15 dispensary. You see that?

16 A Yes.

17 Q And if you look, there are three individuals listed
18 there. Can you tell me who those individuals are.

19 A Frank Hawkins, Luther Mack, and Andre Rhodes.

20 Q And what is the designation for each of those
21 individuals to the right of the names?

22 A They're owner-officers.

23 Q Okay. And we saw Mr. Hawkins and Mr. Rhodes listed
24 with the Secretary of State. Mr. Mack is not listed there.
25 Do you have a problem with that, that the Department has a

1 different list than the Secretary of State has?

2 A No, we wouldn't.

3 Q Do you know if Mr. Mack is in fact an officer of the

4 company?

5 A Personally I don't. I don't know.

6 Q Did the Department trust the representation that

7 Nevada Wellness Center that Mr. Mack was an officer of the

8 company?

9 A Yes. We would have compared it to what we have on

10 record.

11 Q And that Mr. Mack was an owner of the company, did

12 you trust that representation?

13 A Yes.

14 Q Did you ever go out and check and look for a

15 purchase and sale agreement from Mr. Mack buying part of the

16 company to make sure that he was an owner?

17 A No, we didn't, but --

18 Q Did you ask for proof in any way other than the

19 representation that Nevada Wellness Center made that Mr. Mack

20 was an owner and officer of the company?

21 A No.

22 Q So the Secretary of State listing was not something

23 that you checked and then called Nevada Wellness Center and

24 said, hey, what's this other guy doing on there?

25 A We did not do that.

1 Q And do you believe that Nevada Wellness Center did
2 anything improper by including those three individuals as
3 owners and officers?

4 A I don't think they did.

5 Q Look at one more. Let's go to Exhibit 20, and we're
6 going to look at pages 62 and 63, Bates Number 62, 63.

7 MR. KOCH: All right. Exhibit 20 has been admitted,
8 I believe. Is that right?

9 THE CLERK: It is.

10 BY MR. KOCH:

11 Q Okay. So Exhibit 20 is part of MM Development's
12 application. This appears to be a Secretary of State listing
13 from March 14th, 2018. Do you see that?

14 A Yes.

15 Q And it states it's for the period of March 2018
16 through March 2019; is that right?

17 A Yes.

18 Q If you look at the bottom of that page, who are the
19 individuals listed there as officers, directors of the
20 company?

21 A Robert Groesbeck.

22 Q Okay. Let's go to the next page. I think there's
23 one more individual listed. There's one more there; right?

24 A Yes.

25 Q All right. And it's Larry Scheffler?

1 A Yes.

2 Q Okay. So there's two individuals listed with the
3 Secretary of State in March 2018; is that right?

4 A Yes.

5 (Pause in the proceedings)

6 MR. KOCH: Move to admitted Exhibit 5039. I don't
7 think there's an objection.

8 MR. KEMP: No objection, Your Honor.

9 THE COURT: Any objection? Be admitted.

10 (Defendants' Exhibit 5039 admitted)

11 BY MR. KOCH:

12 Q All right. 5039, Mr. Gilbert, do you have that?

13 A I see it on the screen.

14 Q Okay. Exhibit 5039 is a Secretary of State listing
15 dated August 28th, 2018. Do you see that date on the top?

16 A Yes.

17 Q And this is for the same period, March 2018 through
18 March 2019. You see that?

19 A Yes, I do.

20 Q Okay. And on the bottom of that page are there
21 different individuals than you saw in the previous list?

22 A Yes, there is.

23 Q Who's different there that you haven't seen before?

24 MR. KOCH: Let's try on the bottom of page 1, Brian.

25 THE WITNESS: William Vargas, Layton Koeller.

1 BY MR. KOCH:

2 Q Okay. Go to page 2.

3 A Adrian O'Neal.

4 Q All right. I think those are the three that I saw
5 that were listed there. Now, this was -- this additional list
6 was filed about 10 days before the applications are due to the
7 Department of Taxation. Did the Department have any problem
8 with applicants changing their boards prior to the application
9 time period?

10 A No.

11 Q Did the Department have the requirement of tenure
12 that an individual had to be on the board prior to being
13 listed on the application?

14 A No, there was not.

15 Q And the fact that these individuals listed here, Mr.
16 Koeller, Mr. Vargas, and Ms. O'Neal had not been part of the
17 list before, the Department didn't have any issue with that,
18 did it?

19 A No.

20 Q Mr. Vargas is listed as Hispanic, I believe, and Ms.
21 O'Neal is listed as an African-American female. Did the
22 Department have any problem with a company adding individuals
23 like that whom they count for diversity to their board prior
24 to the application process?

25 A No.

1 Q If an applicant added individuals the day before
2 they submitted the application, would the Department have a
3 problem with that?

4 A No. As long as it's listed on Attachment C.

5 Q As long as that individual is listed. That's what
6 the Department is looking for.

7 A Right.

8 Q And would the Department perform a background check
9 on each individual that was provided to the Department as part
10 of the application?

11 A Yes.

12 Q In reality, if -- I think there's some testimony
13 about this. If the State or the Department or whoever is
14 trying to increase diversity and the world of applicants that
15 could file an application was defined as those who already had
16 a medical marijuana certificate, isn't it true that the only
17 way that diversity potentially could be increased would be by
18 adding board members, officers, directors, owners to the
19 existing entities that were applying?

20 A Yes.

21 Q So MM didn't do anything wrong by adding those
22 individuals, did it?

23 A They didn't.

24 Q And the fact that -- let's go to Exhibit 5022,
25 please. In fact, on MM's current Website it does not show Ms.

1 O'Neal as part of its team or its board. Does the Department
2 have any problem with that?

3 A No.

4 Q The Department didn't go out and start looking at
5 Websites and performing investigations into what was
6 represented other than completing a background check; is that
7 right?

8 A Right. And what was provided in the application.

9 Q Right. And so you trusted what the applicants
10 submitted; correct?

11 A Yes.

12 Q And trusted them to tell the truth; is that right?

13 A Yes.

14 Q And you relied upon them?

15 A Yes.

16 Q And did you think that was a reasonable thing to do
17 for the Department?

18 A I do.

19 Q Did you go out and conduct any interviews of these
20 individuals to see if they were qualified to be a board
21 member?

22 A No, we did not.

23 Q What if a company listed let's say 10 vice
24 presidents of operations as officers and described their
25 duties there? Would the Department go back and tell that

1 applicant that they could not list that person as an officer?

2 A No, we would not.

3 Q As long as they provide a description of that
4 officer's duties and explain what they would do, would the
5 Department trust that representation?

6 A Yes. It was the narrative that they provided.

7 Q And when it came to races and ethnicities if someone
8 wrote Caucasian as their race, did the Department go out and
9 try to verify that?

10 A No, we did not.

11 Q And did the Department perform any DNA tests?

12 A No.

13 Q Did the Department ask for any family trees or
14 genealogies?

15 A No.

16 Q What if someone wrote "African-American"? Would the
17 Department go out and test that?

18 A We would not.

19 Q Same thing, no further testing other than what the
20 applicant put on the application?

21 A That's correct.

22 Q What if someone were 50 percent Asian and 50 percent
23 Caucasian? Do you know if that would count for diversity?

24 A If they marked Asian on Attachment C, it would.

25 Q And if someone were let's say 25 percent Asian and

1 75 percent Caucasian and they wrote down Asian, would the
2 Department try to go in and evaluate those percentages?

3 A No, we would not.

4 Q Let's go to Exhibit 21, page 1466. Do you have
5 Exhibit 21 up there?

6 A There is nothing. I have it over here somewhere.

7 MR. KOCH: May I approach?

8 MR. SHEVORSKI: He should have 21 up there.

9 (Pause in the proceedings)

10 BY MR. KOCH:

11 Q All right. We can go to 1466 in this book. This is
12 LivFree's application that we looked at earlier. Okay. And
13 1466, we can go through the whole thing, but I just want to
14 look at this one as an example to ask what the Department's
15 interpretation was.

16 This is Tia Dietz or Dietz, I'm not sure how she
17 pronounces it, and she is listed as a board member for
18 LivFree; is that right?

19 A Yes.

20 Q Okay. She's female, so that automatically counted
21 for diversity; correct?

22 A Correct.

23 Q I guess you don't know whether she's female. She
24 says she's female, and we trust her on that; is that right?

25 A Yes.

1 Q The race says white, Asian, and ethnicity Caucasian,
2 Korean. Do you know what percentage, what balance there was
3 between those ethnicities or races?

4 A I don't. Not off of this.

5 Q If Ms. Dietz came in and she had blonde hair and
6 blue eyes, would the Department say, well, we're going to
7 follow up and make some further checks on this because we're
8 not quite sure whether this representation's correct?

9 A No, we wouldn't.

10 Q The Department ask for pictures?

11 A No.

12 Q So you completely trust what the applicants put on
13 there; is that right?

14 A Yes.

15 Q You thought that was reasonable?

16 A We did.

17 Q We looked earlier at I think Mr. Parker asked you
18 about an individual with the name Flintie. That was in
19 Exhibit 37A, page 1741. I don't want to take the time to turn
20 to it, but his first name was Flintie. Based on that first
21 name do you have any idea whether that person is male or
22 female?

23 A I didn't.

24 Q Yeah. And Mr. Parker asked you, look at the names,
25 some are obvious maybe, Barbara, Kathy, whatever there may be.

1 Some may not be so obvious; is that right?

2 A Correct.

3 Q Did the Department make any judgment calls based
4 upon a person's name whether they're actually male or female?

5 A No. We went off the information provided in
6 Attachment C.

7 Q If the Department wanted to go out and investigate
8 every applicant, every officer, every board member, did the
9 Department have the resources to do so?

10 A No.

11 Q How many employees did the Department have in the
12 marijuana division or group?

13 A It's 44.

14 Q And if you sent all those people out to score all
15 these applications, do you have any estimate how long that
16 would take?

17 A I don't.

18 Q Longer than 90 days?

19 A Oh, absolutely.

20 Q Fair to say that once there's a decision made to
21 score diversity there could be some gaming of the system, but
22 the Department has to just rely upon what's provided in order
23 to complete its process?

24 A Yes. And they attested to the information provided.

25 Q And did diversity change any other scores in the

1 application?

2 A I'm sorry. Can you --

3 Q So diversity got 20 points; is that right?

4 A That's right.

5 Q And let's say an applicant got 20 points because
6 they had hundred percent diversity, hundred percent owners
7 that we're female or minority in there listed applicants. Is
8 that -- that would give you 20 points; is that right?

9 A Yes.

10 Q Did that applicant after they got the 20 points for
11 diversity get any further consideration or benefit for the
12 application let's say on the financial side? Because they had
13 high diversity did they get any sort of preference based upon
14 financial?

15 A No. Not based on the diversity.

16 Q What about organizational structure?

17 A No.

18 Q Were there any other categories that were affected
19 because someone's diversity score was high or low?

20 A There wasn't.

21 Q So an applicant had to not only have enough
22 diversity points, but they had to have enough other points to
23 qualify to receive a license; is that right?

24 A That's correct.

25 Q And we could have, I suppose, given a thousand

1 points for diversity and made that the sole characteristic
2 with everything else counting as 10 points. But that's not
3 the decision that was made, was it?

4 A No, it was not.

5 Q And the Department didn't score one set of
6 applicants, put one pile for 20 points for diversity and one
7 pile for 4 points for diversity and score those separately,
8 did it?

9 A No.

10 Q It was just one of the factors that was considered.

11 A It was.

12 Q What would happen if an individual were listed as an
13 officer of the company, let's say an African-American male is
14 listed as an officer of the company, that applicant received a
15 conditional license on December 5th, 2018, and on January 5th,
16 2019, that individual quits their job. Does the Department go
17 back and re-score that application?

18 A No.

19 Q So is there any requirement of tenure after the fact
20 for an applicant to have a board member, owner, or officer to
21 be diverse?

22 A There's -- no, there isn't to my knowledge.
23 Nothing.

24 Q For every person that was listed as an owner,
25 officer, or board member did the Department in fact conduct a

1 background check or submit that person for a background check?

2 A They submitted their own fingerprints, and we
3 conducted the background check.

4 Q And tell me, if the background check revealed that
5 that individual say was a criminal, was a drug peddler or
6 something, what would happen if that came up in the background
7 check?

8 A We would have addressed it at that point. It didn't
9 come up, but it would have been elevated up for the proper,
10 you know, discussion and potential ramifications.

11 Q Would -- if there were one officer of the company
12 that had a felony conviction for something, would that
13 applicant be disqualified?

14 A Yes.

15 Q And if that background check turned up that
16 conviction, the applicant would have been notified?

17 A Yes.

18 Q Let's suppose that one of the owners -- there's talk
19 about, you know, some owner out there may not have been
20 disclosed. Let's suppose an owner that is disclosed is --
21 goes back to his house and there's this Canadian Mafia boss --
22 we talked about the Canadian Mafia. I don't know why. I
23 don't even know if the Mafia exists in Canada, but let's
24 suppose it does, and let's suppose there's a Canadian --

25 THE COURT: How about we call them Canadian

1 organized crime.

2 BY MR. KOCH:

3 Q -- Canadian organized crime boss who's back at that
4 owner's house and is extorting that owner, requiring that
5 owner to give him all the money he gets from the company, to
6 vote how that Canadian crime boss wants him to vote, and has
7 effective ownership of that company. Would the Department
8 know about that individual?

9 A No, we wouldn't.

10 Q And it's possible, but they're not listed on the
11 application.

12 A They're not, right.

13 Q And the Department doesn't go out to that person's
14 house to see if that Canadian Mafia boss is sitting there with
15 a gun to the owner's head to see if somebody's there, and so
16 it's possible that somebody could theoretically get around
17 this background check; is that right?

18 A Theoretically. We hope that they don't, but
19 theoretically, yes.

20 Q And you believe that the Department's process for
21 completing those background checks in light of the
22 circumstances and the information that's received was
23 reasonable even though somebody could theoretically get around
24 that criminal background history?

25 A Yes. We do the state background check and the FBI.

1 Q All right. There's some talk about the community,
2 the relevant community and whether the jurisdiction or the
3 community has an effect. Now, I've seen, for example, in
4 Planet 13 the company, they sell a lot of marijuana. I think
5 they said the highest [unintelligible] seen a lot of their
6 taxicabs around advertising to different parts of the city.
7 Is the community as defined limited to that block that the
8 marijuana dispensary is located?

9 A No, it's not.

10 Q I think Planet 13 is actually right next to I think
11 like the Erotic Heritage Museum or something like that. Did
12 you look at that museum next door to see if Planet 13
13 affecting that Heritage Museum that was there?

14 A No.

15 Q Okay. What about somebody who's on the other side?
16 Do you look at those immediate neighbors? Was that in your
17 consideration of these locations?

18 A It wasn't.

19 Q The community, would that be broadly defined?

20 A Yes. I think so.

21 Q So the community -- if Planet 13 has a dispensary
22 that's sitting there on Desert Inn, Industrial Road down there
23 and has a lot of other neighbors that might be different types
24 of neighbors than somebody else has down the road, that
25 wouldn't necessarily be a consideration that was scored in the

1 applications or submitted in this case, would it?

2 A No, it wasn't.

3 Q And the fact that Planet 13 advertises all around
4 the city, that's not something that the Department would take
5 into account in scoring its application, would it?

6 A No.

7 Q Exhibit 5007. Can you turn to that Exhibit 5007.
8 We looked at it before. It's some of the tally sheets -- or
9 all the tally sheets, I think, for all the applicants. We've
10 seen this before. The first one is RD210 through 213. You
11 see that?

12 A Yes.

13 Q Okay. And Mr. Parker showed you several tally
14 sheets that all had the same points and the same time given by
15 each of the scorers. Is every tally sheet that you've looked
16 at, do all of them have the same points for all three scorers
17 and all of them had the same time for all three scorers?

18 A No. There's some differences.

19 Q So on this one, for example, for the I think it was
20 Blossom Group, if we look on the total score, it did pretty
21 miserably, frankly, 36, 37, 35. You see that?

22 A Yes.

23 Q Okay. And the scorers' time, how much time did they
24 give below?

25 A Total time 3 hours, 2.75, and 6.25.

1 Q That's a pretty wide range there.

2 A Yeah.

3 Q And I don't know what one scorer was doing or the
4 other, but they had different times; is that right?

5 A Yes.

6 Q And then if we look at the next page, RD214, I think
7 this is GreenWay. RD214, if we look at the total scores,
8 they're close, 57, 58, 55; right?

9 A Yes.

10 Q Not the same?

11 A No.

12 Q And the times listed below, now, these times they're
13 pretty close, 3 hours on the organizational, little variation
14 on financial, and same for tax; is that right?

15 A Yes.

16 Q Does it surprise you that these scorers got similar
17 times on scoring these categories?

18 A No, it doesn't surprise me.

19 Q And over time do you have any understanding or
20 expectation about the evaluators and their ability to score
21 these as far as the time that it took to score each
22 application?

23 A No, I don't.

24 Q You didn't participate in the timing at all; is that
25 right?

1 A No.

2 Q All right. And does it surprise you that some
3 applicants had a high number of hours on the scoring, for
4 example -- well, I'll just say the three hours we just looked
5 at versus one and a half with somebody else, does it surprise
6 you there's variation there?

7 A No. It depends comprehensive their application was.

8 Q All right. Were some of the applications -- do you
9 know how long some of the applications were?

10 A I know thousands of pages.

11 Q And were some less than thousands of pages?

12 A Yes.

13 Q Were some hundreds of pages?

14 A Yes.

15 Q And so there's a wide variety in the length of the
16 applications; is that right?

17 A Yes, there is.

18 Q Do you believe that a longer application would take
19 longer to score?

20 A I do. Because they need to go through the entire
21 thing.

22 Q Okay. All right. Mr. Gilbert, were you pressured
23 by any applicant to change any scores?

24 A No, I was not.

25 Q Are you aware of any bribes or payments that were

1 made to you or anyone at the Department to obtain a license?

2 A No.

3 Q Do you believe that you fulfilled your

4 responsibilities properly?

5 A Yes, I do.

6 Q Do you believe that everybody at the Department that

7 you had a chance to observe did a reasonable job to fulfill

8 their responsibilities and duties properly?

9 A Yes.

10 Q Do you believe that the standards that were listed

11 and the categories, the points, the criteria were applied, to

12 the best of your knowledge, to the scoring properly?

13 A Yes.

14 Q Do you believe that it was done impartially?

15 A It was not.

16 Q It was not done impartially?

17 A I'm sorry. I misunderstood the -- yes.

18 Q All right. Let me ask it without a negative. Was

19 there any partiality that you observed in the scoring process?

20 A No.

21 Q Okay. And there was also a call for the numerically

22 based scoring system to be applied. Did you -- do you believe

23 that the Department used a numerically based scoring system in

24 grading these applications?

25 A Yes.

1 Q Was there any subjectivity that did not involve a
2 numerically based system that you observed?

3 A Can you repeat that one.

4 Q Was there any other sort of subjective
5 qualification, like I think this is a really nice company,
6 that somehow affected the outcome other than what was actually
7 applied in the numerically based system?

8 A No. They followed that criteria.

9 Q And to the best of your knowledge the Department
10 followed the regulations and statutes that govern the process
11 that we're talking about today?

12 A Yes.

13 MR. KOCH: Thank you. No further questions.

14 THE COURT: Mr. Kahn?

15 MR. KAHN: No questions.

16 THE COURT: Mr. Hone? Ms. Shell?

17 MS. SHELL: No, Your Honor.

18 THE COURT: Mr. Gutierrez?

19 MR. GUTIERREZ: No questions.

20 THE COURT: Mr. Graf?

21 MR. GRAF: Your Honor, I've only got like one
22 question, two questions.

23 THE COURT: Can you keep your voice up instead of
24 walking over Ms. Higgins.

25 MS. HIGGINS: No, he's okay.

1 THE COURT: Okay.

2 MS. HIGGINS: My foot is down right now, so he's
3 okay.

4 MR. GRAF: Exhibit 130, that's the exhibit, right?

5 THE CLERK: Yes.

6 CROSS-EXAMINATION

7 BY MR. GRAF:

8 Q Good afternoon, Mr. Gilbert. My name is Rusty Graf.
9 I represent Clear River in this action.

10 A Good afternoon.

11 Q Exhibit 130, do you recognize that document?

12 A Yes, I do.

13 Q What is it?

14 A That's the analysis that we did towards the end of
15 the evaluation process to look at owners, officers and board
16 members.

17 Q And who prepared this document?

18 A I don't recall.

19 Q Is it somebody at the Department of Taxation?

20 A It could have been one of the contractors.

21 Q This wasn't prepared by somebody at Clear River,
22 though, was it?

23 A No, it was not.

24 Q So the term prospective board member or prospective
25 officer, that was something that was filled in by somebody at

1 the Department of Taxation?

2 A Yes.

3 Q Okay. And then I forget if it was Mr. Shevorski or
4 Mr. Koch, but they went over NRS 453D.200, subpart 6, right?
5 NRS 453D.200, paragraph 6. It says there -- and what is this
6 section, Mr. Gilbert, as you understand it?

7 A The Department shall conduct a background check for
8 each prospective owner, officer and board member. So it would
9 be a State background check for criminal activity, as well as
10 an FBI.

11 Q So here the terms, owners, officers and board member
12 are used to describe individuals that are identified in the
13 application; correct?

14 A Yes.

15 Q And the term board of directors isn't utilized
16 within this statute anywhere, is it?

17 A Not that I can recall a board of directors, no.

18 Q The term directors isn't used anywhere, either, is
19 it?

20 A I don't think so.

21 Q Okay. Now, going back to our list, Exhibit 130, the
22 ones as to --

23 MR. GRAF: If you could blow up the Clear River
24 numbers. It just doesn't blow it up, does it? If I can
25 approach the screen, Your Honor?

1 THE COURT: You may.

2 BY MR. GRAF:

3 Q Mr. Gilbert, we also went over some exhibits that
4 showed that Mr. Black was identified as the owner -- only
5 owner and the applicant. Do you recall that?

6 A Yes.

7 Q Exhibit 37A.

8 A Yes.

9 Q And then there are several individuals that are
10 identified there as -- two as prospective board members,
11 Flintie Williams and Tisha Black. Do you have any reason as
12 you sit here today to believe that they don't sit as board
13 members on that company?

14 A No, I don't.

15 Q Have you been given any information by anybody, even
16 during the testimony of this entire proceeding, that that is
17 not accurate?

18 A No.

19 Q Then these other individuals, Mr. Twiddy, Mr.
20 Biorick (phonetic), Mr. -- excuse me, Ms. Hart, Ms. Biorick,
21 Hardin, DeGraff, Hyatt, Desharon (phonetic), Gentile -- I
22 don't think there's any relation -- and McBride, those
23 individuals, do you have any reason to believe that they're
24 not now and at the time of the application employees of Clear
25 River?

1 A No, I don't.

2 Q Okay. Various attorneys asked you some questions
3 about NRS 86. I'm just going to ask you one question. Did
4 anybody show you any statute that said an LLC cannot have a
5 board?

6 A No.

7 Q Did any of these individuals show you any statute
8 that said that you couldn't have an officer of an LLC as
9 opposed to a member or manager?

10 A Not that I can recall, no.

11 MR. GRAF: Okay. Nothing further.

12 THE COURT: Thank you.

13 Redirect.

14 REDIRECT EXAMINATION

15 BY MR. KEMP:

16 Q Good afternoon, Mr. Gilbert.

17 A Good afternoon.

18 Q You told me awhile back that LLCs don't have board
19 members or that's your understanding? Was that your testimony
20 before?

21 A I don't know.

22 Q Do you want me to read it to you?

23 A Please.

24 Q You're not intending to change that today, are you?

25 A No.

1 Q All right. Well, let's skip over that, then. With
2 regards to the questions that you were just asked about Clear
3 River, Clear River listed Flintie Ray Williams and Tisha Black
4 as advisory board members. Do you understand that?

5 A I'd have to look at the application.

6 Q Okay. Flintie Ray Williams is a former Rebel
7 basketball player. Are you aware of that?

8 A I'm not.

9 Q And Tisha Black is Mr. Black's daughter. Did you
10 know that?

11 A I didn't.

12 Q And by having Mr. Williams, an African-American, and
13 the daughter, they managed to raise their diversity points by
14 2 points, 2 full points?

15 MS. SHELL: Objection. Argumentative.

16 THE COURT: Overruled.

17 BY MR. KEMP:

18 Q Do you understand that? Mr. Parker went through
19 that witness.

20 A Yeah, I'd have to look at the listing.

21 Q Okay. And that made them winners instead of losers
22 in unincorporated Clark County?

23 A I don't know if that --

24 Q Would you agree with me --

25 MR. GRAF: Your Honor, incomplete hypothetical in

1 that the rest of the application was also evaluated.

2 MR. KEMP: Well, if we took away the --

3 THE COURT: Overruled, Mr. Graf.

4 MR. GRAF: I'll take -- [inaudible].

5 BY MR. KEMP:

6 Q If we take away the 2 points they got by listing
7 these two people as advisory board members, the 2 diversity
8 points, they would have come in 11th in Clark County as
9 opposed to 10th. Are you following me?

10 A Yeah. But that could have happened with other
11 segments.

12 Q And in your view that's not right for people to list
13 minorities or women as just advisory board members to get
14 diversity points, that's not what the Department expected;
15 right?

16 MR. GRAF: Object as to form. Argumentative as to
17 what's right and unright.

18 THE COURT: Overruled.

19 MR. GRAF: Thank you, Your Honor.

20 THE COURT: Overruled. It would be right and wrong,
21 not right and unright.

22 MR. GRAF: Right and unright.

23 BY MR. KEMP:

24 Q Okay. That's not what you expected, that people
25 would list advisory board members to get diversity points?

1 A We relied on the information that they supplied in
2 their application.

3 Q You relied upon, but you didn't expect people to be
4 listing people that really weren't officers or directors of
5 the companies in the legal sense, you didn't expect that to be
6 happening, did you?

7 MR. GRAF: Objection, Your Honor. Assumes facts not
8 in evidence and now he's trying to testify to this Court.

9 THE COURT: Overruled. I already asked the witness
10 if he knew what OOD meant.

11 MR. GRAF: Yeah. I agree.

12 THE COURT: Okay. I started that process.

13 MR. GRAF: Thank you.

14 THE WITNESS: Can you repeat the question, sir?

15 BY MR. KEMP:

16 Q Let's use Mr. Parker's example of the Las Vegas
17 Aces, okay. Fifteen women on the basketball team. All women.
18 You didn't expect people just to go out and find groups of
19 women or minorities and list them as advisory board members to
20 get diversity points?

21 MS. SHELL: I have to object again, Your Honor.
22 This is just -- this is very argumentative.

23 THE COURT: Overruled.

24 MS. SHELL: Thank you, Your Honor.

25 THE WITNESS: No. We expected their ownership to

1 match what we had on record or with transfer of ownership in
2 the house.

3 BY MR. KEMP:

4 Q You expected it to be officers, owners and employees
5 that were actually officers, owners and -- or excuse me, board
6 members; right?

7 A We relied on the information that they submitted and
8 we also had on record with the Department.

9 Q Okay. Mr. Koch discussed the Planet 13 location on
10 D.I. with regards to its community impact. Do you recall
11 those questions?

12 A Yes.

13 Q Would I be correct that community impact is not even
14 a factor for someone who's moving locations as opposed to a
15 new application process?

16 A Can you repeat that one?

17 Q That was a change of location from the Sunset
18 address to the D.I. address; correct?

19 A Right.

20 Q Community impact didn't have anything to do with
21 that, did it?

22 A That change of location --

23 Q Right.

24 A -- in 2018?

25 Q Right.

1 A No, that doesn't. Zoning is involved.

2 Q Community impact had absolutely nothing to do with
3 the D.I. location; right?

4 A It didn't have anything to do with our transfer of
5 location process.

6 Q Okay. Now, Mr. Koch suggested to you that Planet 13
7 somehow cheated on the diversity portion of their application
8 by adding a new set of persons as officers and directors in
9 the August of '18 Secretary of State filing. Do you recall
10 those questions?

11 A I recall the questions regarding Planet 13.

12 MR. KEMP: Okay. Let's pop up Exhibit 5039, please.

13 BY MR. KEMP:

14 Q Okay. Do you see those people that Mr. Koch went
15 through with you?

16 A Yes.

17 Q Okay. And how many people are listed there --
18 different people?

19 A Is it four? I didn't catch that last page.

20 Q Go to the last page.

21 A Is it five?

22 Q Altogether there's five? Five?

23 A I can't see that last page, the second page. Then
24 if you could go up. It appears to be five.

25 Q Okay. And of those, Mr. Koch suggested to you that

1 Mr. Vargas was Hispanic and Ms. O'Neill was an African-
2 American; correct?

3 A Yes.

4 Q So if you had done a diversity rating based on five
5 people and two of them were diverse, that would have been
6 what?

7 A 20 percent?

8 Q 40 percent?

9 A 40 percent.

10 Q That would have been how many out of 20? It would
11 have been 8?

12 A I'd have to look at that chart.

13 Q In fact, I think that would have been 12, actually.
14 Do you want to look at the actual --

15 A No, we don't have to.

16 Q Okay. But that's not what Planet 13 got, is it?
17 Planet 13 got a 4 on their diversity rating, didn't they?

18 A I don't know. I'd have to look at it.

19 Q Okay. Well, we've been through -- assume for me
20 that Planet 13 got a 4, not some kind of a higher figure based
21 on what Mr. Koch says they manipulated the system to get. Can
22 you explain to me why Planet 13 got a 4 instead of the higher
23 40 percent figure?

24 A I'd have to look at the application and actually
25 talk to the evaluators.

1 Q Well, the reason is because Planet 13, unlike Nevada
2 Organic Remedies, Planet 13 included all of their Canadian
3 officers and directors in their owners. Isn't that -- we went
4 through this before, do you recall?

5 A I'd have to go back through it.

6 Q Would you agree with me that we should have done it
7 the same way for everybody? In other words, if Planet 13
8 listed their officers and directors from their Canadian public
9 company and as a result got a relatively low diversity rating,
10 other applicants such as NOR that had publicly traded parent
11 companies should have also listed their officers and
12 directors. Would you agree with me on that?

13 A Again, I'd have to refer to the evaluators and see
14 what they evaluated and the criteria that they extracted out
15 of the application.

16 Q Well, isn't it true that the Department told Planet
17 13, gave them express direction that they should list the
18 officers and directors of their Canadian publicly owned
19 company?

20 A I'm not aware of that.

21 Q You're not aware of that?

22 A I don't recall, uh-uh.

23 Q And is there any reason that you can give me as to
24 why one Canadian public company should do it one way and
25 another should do it another way when we're trying to

1 determine diversity?

2 A No, I can't.

3 Q It should be the same; right?

4 A They should have supplied the information asked for
5 in the application.

6 Q Okay. Let's take a look at the questions Mr.
7 Shevorski asked you with regards to the MM building section,
8 okay. If you remember, the primary issue here was whether or
9 not Planet 13 should have -- and by that I mean MM Development
10 -- should have got a 20 because an existing building could
11 obviously be built in 12 months, or whether it was justifiable
12 that they got the 15.33 that they actually got. You remember
13 that being the primary issue; right? Right, when we discussed
14 this?

15 A When you and I did, yes.

16 Q Right. Now, Mr. Shevorski seems to be suggesting
17 that the graders gave a 15.33 because somehow they didn't
18 understand that that was a fully operational building at the
19 time they graded the application. First of all, was that your
20 understanding what he was trying to suggest to you?

21 A No.

22 Q Okay. Do you know why the graders gave Planet 13 a
23 15.33 instead of 20?

24 A I don't specifically. I don't know. I'd have to
25 refer to them and see what they pulled out of that floor plan.

1 Q So everything that you and Mr. Shevorski were
2 talking about was speculation on your part as to why they may
3 have graded it lower?

4 A I don't -- I don't agree with that.

5 MR. KEMP: Okay. Let's pop up Exhibit 20, page 9
6 again, please.

7 BY MR. KEMP:

8 Q Okay. In your review, Mr. Gilbert, does not this
9 description clearly state -- clearly state that the existing
10 building is going to be operational until November 1st?

11 A Can you repeat the question, sir?

12 Q It says specifically that the facility was fully
13 operational at the time the application was filed; correct?
14 Correct?

15 A It does say that.

16 Q Okay. And it says that they're going to continue in
17 operations until November 1st at that location; right? Is that
18 exactly what it says?

19 A It does say that in there.

20 Q And this application, the building section was
21 graded in October 2018, was it not?

22 A I'm not sure when -- what the date was.

23 MR. KEMP: Can you pop that up for him, please?

24 BY MR. KEMP:

25 Q What was the date it was graded, sir?

1 A Uh, can you scroll over? October.

2 Q So on the exact date that the building portion of
3 this application was graded, the applicant indicated and in
4 fact was operating a marijuana dispensary; correct?

5 A I don't know if they were open.

6 Q You don't know when your Department approved the
7 change of location from the Sunset to the D.I. location on
8 November 1st? You don't know --

9 A I don't know the date that they actually became
10 operational in their new facility.

11 Q Well, the date that it says on the application is
12 November 1st; correct?

13 A Okay.

14 Q You don't know one way or the other whether that's
15 the actual date?

16 A I don't.

17 Q Okay. So when you and Mr. Shevorski were speculating
18 that they got less than a 20 grade because the graders would
19 not have understood that the building was operational, that's
20 just what it was, it was speculation; right?

21 A No. I think they looked at the information that
22 was provided in the application, the floor plan and the
23 information provided.

24 Q They looked at the information provided that said
25 that there was an existing dispensary in operation on the date

1 that the application was graded and they determined the points
2 should be lower because it could not be built in 12 months.

3 Is that your testimony?

4 A No, it's not. And again, I'd have to refer to the
5 evaluators to get specific information on the scoring.

6 Q And you haven't done that?

7 A I haven't.

8 Q Okay. So this could have been a mistake. It
9 probably was a mistake, wasn't it?

10 A I don't think so. I mean, again, I didn't evaluate
11 it.

12 Q You think that it was a reasonable way for someone
13 to determine that an existing building that was in operation
14 on the date that the application was scored, you think there's
15 some way that someone could reasonably determine that that
16 operation couldn't be built in 12 months? You think so?

17 A Well, I'd have to look at the criteria that was
18 evaluated, speak to the evaluators and find out what
19 determination they made to give it 15.3 or whatever it was.

20 Q Okay. Let's talk about the factual representation
21 Mr. Shevorski made to the Court that the lease payments by
22 Planet 13 were not included in the application. Do you
23 remember that?

24 A Yes.

25 Q Okay. Do you know that to be true?

1 A I don't remember his question.

2 Q Did you go back to the application, the unredacted
3 portion, and look and see what was in it?

4 A No.

5 Q And so if I told you that Planet 13 had redacted the
6 actual lease payments in what was submitted to the Court
7 because that's proprietary information, but it had given you,
8 the Department, the actual lease payments for the grading, you
9 wouldn't dispute that, would you?

10 A I would have to go back and look and talk to the
11 evaluators.

12 Q You didn't do that, did you? You speculated with
13 Mr. Shevorski that those lease payments were not included.
14 That's what you did, didn't you?

15 MR. SHEVORSKI: Objection. Misstates testimony.

16 THE COURT: Overruled.

17 THE WITNESS: I mean, if they weren't in there they
18 wouldn't have been counted.

19 BY MR. KEMP:

20 Q If they were in there, the information was available
21 to the graders; right?

22 A Yes, it would have been.

23 Q Okay. And the reason you thought that was important
24 is you thought that somehow Planet 13 didn't provide a full
25 picture of their expenses? That was the suggestion that you

1 and Mr. Shevorski were attempting to make to the Court; right?

2 A Well, I would have to -- I'd have to talk to the
3 evaluators. I mean, because their score didn't reflect a full
4 point evaluation or criteria.

5 Q The 15.33 score didn't reflect the full 20 they
6 should have got; right?

7 A Well, and I can't speculate on the reason why.

8 Q Well, maybe the reason is what you and Mr. Shevorski
9 indicated, that these people just weren't smart enough to
10 determine that that building was in existence and operational
11 at the time the application was graded. That's the
12 explanation you and Mr. Shevorski have come up with. Can you
13 think of any other?

14 A I would have to look at the application. I don't --
15 I didn't evaluate the application.

16 Q We just looked at the application. You agreed with
17 me that it's clear that that building was in operation at the
18 time it was graded. We just looked at it.

19 MS. SHELL: Objection. Misstates testimony.

20 THE COURT: Overruled.

21 THE WITNESS: But all the other criteria, that was
22 evaluated along with that one little aspect of it.

23 BY MR. KEMP:

24 Q When the objective is to determine whether a
25 building can be built in 12 months, what more do you need than

1 that there's an existing building in operation at the time
2 that the application is graded? What other factor do you
3 need, sir?

4 A And again, I'd have to look at the application and
5 see what was put in it.

6 Q Here it is. Here it is.

7 THE COURT: And if you need him to move pages so you
8 can see more of the application, let us know.

9 THE WITNESS: Okay. Thank you, Your Honor.

10 THE COURT: Mr. Kemp, about how much longer do you
11 think you have?

12 MR. KEMP: I have one other area, Your Honor.

13 THE COURT: And when you say one other area, is it a
14 long area or --

15 MR. KEMP: It's a five minute area.

16 THE COURT: Okay. Do any of the other -- How long?

17 MR. GENTILE: It depends on the answers, but fifteen
18 minutes.

19 THE COURT: Okay.

20 THE WITNESS: Well, the information here indicates
21 that on or -- to be completed on or around November 1st.

22 BY MR. KEMP:

23 Q The information there says they're going to move to
24 the new location on or around November 1st?

25 A Correct.

1 Q If this was all you had, Mr. Gilbert, is there any
2 way you could determine that this building, this existing
3 building on Sunset Road would not be ready for a dispensary in
4 less than 12 months? Any way you could reasonably make that
5 conclusion?

6 A Not based on this information.

7 Q So they should have got the 20; right?

8 A Well, I can't say that. I'd have to look at -- I'd
9 have to look at the entire application.

10 Q We're looking at it. Okay, let me move to my next
11 area. You had some questions from counsel about the LivFree
12 financial situation?

13 A Yes.

14 Q And the fundamental problem here was LivFree got a
15 12.33 instead of a 40 on the financial section; right?

16 A Yes.

17 Q And if you recall, we went over it last time and
18 basically everybody got a 40, all the top -- the top ten in
19 Clark County got a 40, the top ten in Las Vegas. The top
20 twenty got a 40 in Clark County and Las Vegas. Do you
21 remember that?

22 A I don't recall specifically going over those.

23 Q Okay. Now, would I be correct that you do not know
24 why the graders didn't give the 40? You didn't ask them;
25 right?

1 A No, I didn't. I didn't challenge their scores.

2 Q So when you and Mr. Shevorski were nit-picking the

3 LivFree application, you were speculating, speculating as to

4 what may have been important and not important?

5 A I think what Mr. Shevorski presented was clear.

6 Q Okay. Well, the last time I was asking questions to

7 you, I asked you if cash was cash and you said yes. And I

8 asked you if there's anything more liquid than cash and you

9 said no. And I showed you the two million dollars in the

10 vault and you said that should have met the \$250,000

11 requirement. Do you remember that testimony?

12 A I think I do, yes.

13 Q Okay. You're not changing that, are you?

14 A No.

15 Q So if some grader didn't give LivFree full points

16 because of this \$250,000 liquid requirement, that's

17 inconsistent with what you would do; right?

18 A Well, again, you know, what they're looking for in

19 the application was proof that the money was there.

20 Q Okay. What did you want, pictures of the money in

21 the vault? What did you want?

22 A No.

23 MS. SHELL: Objection. Argumentative.

24 THE COURT: Overruled.

25 //

1 BY MR. KEMP:

2 Q Now, you and Mr. Shevorski talked a little bit about
3 a \$20,000 debit on LivFree. Remember that?

4 A Yes, I do.

5 Q And you do know that the owners of LivFree have --
6 MR. KEMP: Can I have the financial sheet, please?

7 BY MR. KEMP:

8 Q The financial net worth was well over 200 million;
9 right?

10 A I remember seeing that, yes.

11 Q Yeah. That was probably, I don't know, one of the
12 highest of all these applications; right?

13 A I don't know.

14 Q For someone who wasn't involved in a publicly traded
15 company, that was one of the highest, was it not?

16 A I wouldn't know. I didn't evaluate them.

17 Q Okay. Can you tell me specifically, do you have any
18 knowledge whatsoever as to why LivFree didn't get the 40
19 points? I'm not asking you to speculate. I'm asking if you
20 know why.

21 A I would have to look at the evaluation sheets and
22 talk to the evaluators.

23 Q Okay. Well, I've looked at the evaluation sheet and
24 I can't figure it out, but I haven't been able to talk to the
25 evaluators. Have you done that?

1 A I have not -- not specifically about certain scores.

2 Q And then, finally, there was some testimony that you
3 gave that the LivFree bank statement should have said LivFree
4 as opposed to --

5 THE COURT: Billco.

6 BY MR. KEMP:

7 Q Billco. Do you recall that testimony?

8 A Yes.

9 Q And I thought I went over this with you. Isn't it
10 true that a dispensary cannot open it's own financial account
11 in a bank? Isn't that true?

12 A I don't know if that's true or not, sir.

13 Q Have you heard that statement made?

14 A I have heard banking is very challenging.

15 Q Okay. Would I be correct that none of the 462
16 applicants filed bank statements in their own name showing
17 that they had liquid assets?

18 A I wouldn't know if that was the case or not.

19 Q But you think LivFree should be -- should lose
20 points because they used Billco instead of LivFree. That's
21 what you're saying?

22 A I think they were evaluated probably consistently
23 with everybody else that submitted the same type of
24 documentation.

25 Q So by that you mean they should have got 40 points?

1 A No. Or the other way around. It could have
2 happened the other way around for other applicants.

3 Q The other people should have got the 12.33; right?

4 A No.

5 Q Okay. Which way is it? LivFree gets more, others
6 get less?

7 A Can you repeat the question?

8 Q Okay. Assuming for the sake of argument that none
9 of the other 462 applications were able to produce bank
10 statements from federally-guaranteed banks showing that they
11 had two-fifty liquid, okay, assuming that to be the case and
12 that what they actually did was produce, just like LivFree
13 did, bank statements for other entities, they should have been
14 graded the same way; right?

15 A Yes.

16 Q So if they got 40 based on that presentation,
17 LivFree should have got the 40; right?

18 A It should have been done fair and consistently.

19 MR. KEMP: Thank you.

20 THE COURT: Thank you, sir.

21 Mr. Gentile, you have 16 minutes or less.

22 REDIRECT EXAMINATION

23 BY MR. GENTILE:

24 Q Mr. Gilbert, just to clarify something you said in
25 response, I think, to Mr. Shevorski or maybe Mr. Koch. Am I

1 to understand that the Department of Taxation, when burdened
2 with the duty and responsibility to create regulations did not
3 recruit people from Washington or Oregon or California or
4 Colorado that already had experience in doing so? Is that
5 what I'm to understand?

6 A Can you clarify that question?

7 Q Sure. Washington, that's a state, Oregon is right
8 below it, California is right below that. Colorado is a
9 little bit to our east, all right. They all had already in
10 place marijuana sales to the public, okay.

11 A Yes.

12 Q And they all had already developed those
13 regulations. Have you got that part so far?

14 A I do. Yes.

15 Q Okay. Am I to understand that the State of Nevada,
16 the Department of Taxation, the director, all of those people
17 up the chain down to you did not recruit experienced people
18 from those states to perform the function of the evaluators,
19 sir?

20 A We didn't recruit those states.

21 Q So the answer to my question is, yes, I'm right, you
22 didn't do it?

23 A We didn't recruit from those states you said.

24 Q All right. You went to Manpower?

25 A We recruited --

1 Q Sir, you went to Manpower; right?

2 A We processed the contractors through Manpower.

3 Q Because the State had a contract with Manpower?

4 A That's right.

5 Q Okay. All right, thank you. With regard to

6 charitable -- now, Mr. Shevorski, my pal, said that -- he

7 asked you a bunch of questions about whether security was

8 possibly something related to operations, whether economic

9 security was possibly something, human resources possibly

10 something. Now let's get down to these, finance possibly

11 something, marketing possibly something, business strategy

12 possibly something, physical operations possibly something,

13 inventory management possibly something or management of

14 people possibly something that might be related to the

15 operation of a marijuana facility. Remember those questions?

16 A Yes.

17 Q Okay. The Department of Taxation was not tasked

18 with giving business advice to the people that ultimately

19 would get licenses, am I right?

20 A You're right. Yes.

21 Q Okay. You were tasked with finding qualifications;

22 correct?

23 A Through the application process, yes.

24 Q And the qualifications had to be directly and

25 demonstrably related to the operation of a marijuana retail

1 establishment; right?

2 A Based on that citation of the statute.

3 Q Yeah, based on the law; right?

4 A Yeah.

5 Q Okay. Now, you would agree, sir, that the color of

6 a uniform that the people wear in a store might possibly be

7 related to the success of the operation, wouldn't you?

8 A I believe so.

9 Q And you would agree, sir, that if a frog had wings,

10 he might possibly not hit his butt on the ground; right?

11 MS. SHELL: I would object. I just don't know what

12 the objection is.

13 THE COURT: Sustained. Can we rephrase your

14 question? Because, remember, you've only got 12 minutes left.

15 BY MR. GENTILE:

16 Q Okay. Charitable contributions on these

17 applications -- you saw the applications, you helped design

18 the application; right?

19 A Yes.

20 Q It has a place to disclose charitable contributions?

21 A It had a category, yes.

22 Q Right. And the disclosure would indicate how much

23 was given and to whom; right?

24 A Yes.

25 Q Okay. Did you ever hear of the First Amendment?

1 A I've heard of it.

2 Q Okay. It has --

3 MS. SHELL: Objection as to relevance.

4 THE COURT: Overruled.

5 BY MR. GENTILE:

6 Q The Constitution of the United States is irrelevant,

7 according to one of the counsel in this case, but let's --

8 THE COURT: I know Ms. Shell thinks it's relevant.

9 MR. GENTILE: Okay.

10 THE COURT: Okay, keep going.

11 BY MR. GENTILE:

12 Q You've heard of separation of church and state?

13 A Yes.

14 Q Okay. Would you agree, sir, that if I would have

15 given 50,000 -- if I'm an applicant and I give \$50,000 or

16 \$100,000 to the Daughters of the Satanic Revolution, that that

17 might catch somebody's eye in terms of an evaluator?

18 A I think it would.

19 Q Yeah. And it might not catch it in a nice way; fair

20 to say?

21 A Possibly, yes.

22 Q I think you said that if a person that your

23 definition of diversity -- met that definition, which appeared

24 to me to be primarily gender or race, that if that person was

25 listed in the diversity section on the application and the

1 diversity section was scored based on that person, that it
2 didn't matter to the Department of Taxation if after the
3 license was issued that person was no longer a board member or
4 no longer an owner. Is that what you said?

5 A Well, there would be a transfer of interest or a
6 CHOW submitted.

7 Q Well, what if they weren't an owner? What if they
8 were just a board member? What if they were just an officer?
9 That's not a transfer of interest.

10 A Well, we would have seen that in the comparison of
11 what was in the application versus on their account.

12 Q Right. Yeah, but it was already granted. You
13 wouldn't have done anything about it, would you, because you
14 no longer had power to?

15 A I'm not sure I'm understanding your question.

16 Q In other words, sir, it speaks directly to why
17 diversity should not have been a category because it didn't
18 matter to you that they -- after the license was issued
19 whether those people were still there or not. Do you
20 understand that?

21 A Uh --

22 Q And that's been your testimony?

23 A I don't believe so.

24 Q Okay. The record will bear it out. Finally, I have
25 looked at the initiative, I've looked at the statute, and I

1 don't see anything in either one that says the deadline for
2 the Department of Taxation to issue the conditional licenses,
3 do you?

4 A There was -- if I understand your question
5 correctly, there was a section in the regulations --

6 Q You didn't understand my question because you just
7 said regulations and that word wasn't in my question, so
8 please listen to my question.

9 A All right.

10 Q I don't see anything in the statute or in the ballot
11 initiative that said that by December 5th of 2018 those
12 conditional licenses had to be issued. Would you agree that
13 the statute and the initiative didn't say that?

14 A I can't recall something in there specifically to
15 that.

16 Q The regulations said it?

17 A I believe so.

18 Q The regulations said it.

19 A Yes, I believe so.

20 Q And the regulations were made up by the Department
21 of Taxation; correct?

22 A Yes.

23 Q Okay. What was the hurry?

24 A What was the hurry to get --

25 Q Yeah.

1 A -- to get all the conditional licenses?

2 Q What was the hurry?

3 A Well, there was in the regulations --

4 Q In the regulations. What was the hurry to make that

5 the deadline?

6 A It's in the --

7 Q Let me ask it in a different way, sir. You said

8 that the FBI background checks back in 2014, some of them took

9 two months; right?

10 A Yeah, for a period of time.

11 Q All right. You would agree, would you not, that in

12 2014 there were no publicly traded companies operating medical

13 marijuana facilities in Nevada, would you not?

14 A I'd have to go back and look, but I'm pretty sure

15 there wasn't any publicly traded companies.

16 Q Okay, thank you. I'll take pretty sure for an

17 answer, okay. Now, based on pretty sure, based on -- back in

18 2014, what was the FBI asked to do in terms of background

19 checks?

20 A Just to run the FBI background check.

21 Q Just to run the -- But what did that entail? Do you

22 know what that entailed?

23 A I don't.

24 Q You don't. Okay.

25 A We received a report back from the FBI.

1 Q All right. Sir, you know what the FBI is, I'm sure,
2 and you've heard of the Drug Enforcement Administration;
3 right?

4 A Yes.

5 Q All right. The FBI has a file -- excuse me --
6 called the Counterdrug Information Indices System. Have you
7 ever heard of that?

8 A No, I have not.

9 Q Do you know what's in that?

10 A No.

11 Q It contains the names of individuals who relate in
12 any manner to official FBI drug law enforcement investigations
13 including but not limited to subjects of those investigations,
14 suspects, victims, witnesses and close relatives and
15 associates who are relevant to an investigation. Do you
16 understand that?

17 A I believe that's what it says.

18 Q All right. Now, you would agree, would you not,
19 back in 2014 and in 2018 the people who were being
20 backgrounded by the FBI were basically telling the FBI, look,
21 we're about to go out and commit a federal drug offense.
22 Would you agree with that?

23 A I don't know if I can answer to them.

24 Q Well, I think the judge could answer it and I think
25 anybody in this room can. It is a federal drug offense to

1 sell marijuana, isn't it?

2 A Yes, it is.

3 Q And you were asking the FBI that's in charge of
4 enforcing that law to background these people?

5 A That's what the -- we aren't asking them. That's
6 what the statute, I'm pretty sure --

7 Q The statute didn't say FBI. The statute said
8 background check. You asked them, sir, okay?

9 A Through the -- well, the regulations did.

10 Q Now -- Oh, the regulations.

11 THE COURT: You've got five minutes

12 MR. GENTILE: I've got five minutes.

13 THE COURT: And that's because Mr. Parker spent so
14 much time, I'm not giving him a chance again.

15 MR. PARKER: I don't need it. I'm good, Your Honor.

16 BY MR. GENTILE:

17 Q That system, sir, that system has automated indices
18 of information located in drug law enforcement case files of
19 the FBI, and examples in the case files include those
20 concerning distributing of controlled substances, continuing
21 criminal enterprises, racketeering enterprises, organized
22 crime drug enforcement task force cases and organized crime
23 drug intelligence cases. Do you understand that?

24 A I believe what you're reading is true.

25 Q All right. Do you think that it would behoove the

1 State of Nevada and therefore your Department that is charged
2 with finding qualified people to become involved in our now
3 federally illegal but state embraced business to learn if the
4 people that are applying as owners fit the description of any
5 of those things?

6 A I don't -- that's not my responsibility to make
7 those decisions.

8 Q No, I know. Somebody else. Do you understand that
9 both the FBI and DEA and other law enforcement agencies as may
10 participate in the counterdrug investigative information
11 sharing program can obtain that information?

12 A Can you repeat that?

13 Q But it might take two months.

14 A Can you repeat what you just said?

15 Q Sure. Do you understand that access to this system,
16 this intelligence database that involves people that were
17 selling drugs before it became legal in Nevada and other
18 people around them, they didn't have to be convicted of
19 anything, didn't have to be arrested for anything, that the
20 State of Nevada could get access to that data through the FBI?

21 A Yes.

22 Q But the State of Nevada didn't try it, did it?

23 A We did not access that database.

24 MR. GENTILE: Thank you.

25 THE COURT: Thank you. Does anyone else have any

1 questions within the next three minutes for this witness?

2 Thank you, sir. I would leave now. Go back to
3 Carson City before they change their mind.

4 THE WITNESS: Thank you, Your Honor.

5 THE COURT: And I again apologize to you for all the
6 inconvenience we put you through.

7 THE WITNESS: It's quite all right, Your Honor.
8 Thank you.

9 THE COURT: All right. Gentlemen, this half day
10 more witness took an entire day. My list shows that we're
11 seeing Pupo, Anderson, Groesbeck, Hawkins, a gaming
12 enforcement expert, Hernandez and Cronkhite. Who do we see
13 tomorrow morning at nine o'clock?

14 MR. GENTILE: Mr. Pupo, I guess, right?

15 THE COURT: Is that the answer to the question?

16 MR. SHEVORSKI: I don't know. It's still their
17 case.

18 THE COURT: Is Mr. Pupo coming tomorrow morning at
19 nine o'clock? Is he back from vacation?

20 MR. SHEVORSKI: He's here.

21 THE COURT: Great. It's so nice to meet you, sir.
22 I hope you had a good vacation.

23 MR. PUPO: It was all right.

24 THE COURT: All right. We'll see you at nine
25 o'clock in the morning.

1 MR. GENTILE: Your Honor, with regard to our gaming
2 expert, I may need to call him out of order.

3 THE COURT: Okay.

4 MR. GENTILE: He's in Melbourne, Australia right now
5 but he'll be back Friday and I'm anticipating we won't be done
6 Thursday.

7 THE COURT: Me, too.

8 MR. GENTILE: Okay, thank you.

9 MR. KOCH: Can we leave items in here, leave bins
10 here?

11 THE COURT: You can leave everything except your
12 electronic devices. As Mr. Bult found out, your electronic
13 devices may grow legs and walk off. You're welcome to leave
14 all of your boxes there. No one will be in court tomorrow at
15 all but you in the morning.

26 Nev. Rev. Stat. § 453D.200(1)(a)-(b).

27 23. On January 16, 2018, the Nevada Tax Commission unanimously approved permanent
28 regulations (“Approved Regulations”). LCB File No. R092-17.

1 24. The Approved Regulations went into effect on February 27, 2018.

2 25. Thereafter, on August 16, 2018, the Department issued a Notice of Intent to Accept
3 Applications (“Notice”) for sixty-four (64) recreational marijuana retail store licenses, which are to
4 be located throughout various jurisdictions in Nevada.

5 26. The Notice required that all applications be submitted between 8:00 a.m. on September
6 7, 2018 and 5:00 p.m. on September 20, 2018.

7 27. Counterclaimants timely submitted applications for multiple recreational marijuana
8 retail store licenses during the application period.

9 28. Pursuant to section 80 of the Approved Regulations, if the Department received more
10 than one complete and qualified application for a license the Department would rank all applications
11 within each jurisdiction from first to last based on compliance with NRS § 453D and the Approved
12 Regulations. R092-17, Sec. 80.

13 29. The Department thereafter was required to go down the list and issue the highest
14 scoring applicants the available licenses.

15 30. On December 5, 2018, the Department issued sixty-one (61) recreational marijuana
16 retail store conditional licenses, including ten (10) licenses for Unincorporated Clark County, Nevada;
17 ten (10) licenses for Las Vegas, Nevada; six (6) licenses for Henderson, Nevada; five (5) licenses for
18 North Las Vegas, Nevada; six (6) licenses for Reno, Nevada; one (1) license for Sparks, Nevada; and
19 one (1) license for Nye County, Nevada.

20 31. Counterclaimants collectively were granted fourteen (14) of the conditional licenses
21 recreational marijuana retail store conditional licenses.

22 32. Under the Approved Regulations, Counterclaimants have twelve (12) months to
23 receive a final inspection for a marijuana establishment. R092-17, Sec. 87.

24 33. If a marijuana establishment does not receive a final inspection within twelve (12)
25 months, the marijuana establishment must surrender the license to the Department. The Department,
26 however, may extend the period specified in this subsection if the Department, in its discretion,
27 determines that extenuating circumstances prevented the marijuana establishment from receiving a
28 final inspection within the period specified in this subsection.

1 34. Upon information and belief, Counterdefendants were not granted conditional licenses
2 by the Department.

3 35. Counterdefendants now bring this lawsuit in an attempt to manufacture a dispute in the
4 hopes of undermining the rights of Counterclaimants, and other successful applicants, under their
5 recreational marijuana retail store conditional licenses and to hinder or delay their ability from acting
6 on their rights.

7 36. Counterdefendants allegations are factually deficient and have no evidentiary support.

8 37. Counterdefendants have not asserted, nor can they assert, any facts to demonstrate that
9 Counterclaimants should not have received their conditional licenses.

10 38. Counterclaimants intend to proceed with obtaining a final inspection of a marijuana
11 establishment no later than December 4, 2019, in each jurisdiction in which they were awarded
12 licenses.

13 39. Counterdefendants are seeking relief that might limit and/or preclude
14 Counterclaimants from moving forward with final inspections of their marijuana establishments
15 pursuant to the Approved Regulations, which would gravely impact their rights granted to them under
16 their conditional licenses.

17 40. Counterdefendants' lawsuit has attempted to manufacture a dispute to undermine the
18 rights of Counterclaimants and other successful applications in order to prevent any final inspections
19 prior to the twelve (12) month period.

20 41. Therefore, a justiciable controversy exists sufficient to warrant a declaratory judgment
21 that Counterclaimants have valid conditional licenses under the applicable statutes and regulations
22 and may proceed with opening and obtaining a final inspection for a marijuana establishment.

23 **FIRST COUNTERCLAIM**

24 **(Declaratory Relief)**

25 42. Counterclaimants repeat, reallege, and incorporate by reference the foregoing
26 paragraphs as if fully set forth herein.

27 43. A justiciable controversy exists sufficient to warrant a declaratory judgment pursuant
28 to Nevada's Uniform Declaratory Judgments Act, NRS 30.010, et seq.

1 44. Collectively Claimants received fourteen (14) of the sixty-one (61) conditional licenses
2 from the Department to open marijuana establishments.

3 45. Counterdefendants contend that the Department “must” issue conditional licenses to
4 Counterdefendants, which would necessarily deprive Counterclaimants, or other successful
5 applicants, of their conditional licenses.

6 46. Counterdefendants have asserted no facts specific to Counterclaimants that would
7 provide any valid basis to receive the relief requested.

8 47. Counterclaimants request a declaratory judgment to determine their rights, status, or
9 other legal relations under the applicable statutes and regulations with respect to the unfounded dispute
10 brought by Counterdefendants. Such a declaratory judgment will eliminate any false and untenable
11 impediments that might otherwise potentially delay the opening of a marijuana establishments within
12 the specified regulatory time period.

13 48. Counterclaimants have been required to engage the services of an attorney, incurring
14 attorneys’ fees and costs to bring this action, and Counterclaimants are therefore entitled to reasonable
15 attorneys’ fees and costs incurred in this action.

3 THE COURT: -- the ballot initiative with the cover
4 letter from Barbara Cegavski. Is there a stipulation to 2020,
5 ballot initiative question with the cover letter from Barbara
6 Cegavski?

7 It appears there's a stipulation from the nods of the
8 head, but those don't do well on my video, so it will be
9 admitted.

10 Any more, Mr. Shevorski?

11 MR. SHEVORSKI: Thank you.

12 THE COURT: Mr. Cristalli, you're going to straighten
13 out this issue with the exhibit?

14 MR. CRISTALLI: I think we can figure it out, or
15 we're close to figuring it out. I just followed along.

16 THE COURT: All right. So do we need to follow up on
17 anything?

18 MR. CRISTALLI: No, Your Honor.

19 THE COURT: So is it okay if we start with
20 Mr. Gilbert since he flew in last night to be here to start at
21 9:30?

22 Thank you.

23 Mr. Gilbert, if you'd come forward, we're ready for
24 you.

MR. PARKER: Thank you, Your Honor. Good morning.

CONTINUED DIRECT EXAMINATION

BY MR. PARKER:

Q Good morning, Mr. Gilbert. How are you?

A Good morning. Thank you. Good.

Q Not good?

A I am good.

Q Okay. Good. I'd like to start off by just
confirming areas that you won't be giving testimony on. Okay?

A Yes.

Q And I'm doing that just to make sure that those are
questions I reserve for someone who can, presuming that it will
be Mr. Pupo.

Is it true that you do not have any information or
testimony you could give us related to the merit criteria for

1 certain items, like X categories, vocational categories, those
2 sorts of things?

3 A Well, as I mentioned, I think last week or the week
4 before, that the three of us, Kara Cronkhite, Cory Pupo, and
5 myself got together, and we went through the criteria and
6 matched them up to the regulations. And then Mr. Pupo, you
7 know, had the final input on a lot of the criteria.

8 Q All right. When we spoke last week, I asked you how
9 was it determined what the tax brackets would be for purposes
10 of this point. Do you recall that?

11 A I do.

12 Q And I believe you testified that Mr. Pupo made those
13 decisions; isn't that correct?

14 A That's correct.

15 Q And you would consider that a form of merit criteria;
16 isn't that -- isn't that true?

17 A Yes.

18 Q So in terms of taxes, Mr. Pupo made that decision;
19 right?

20 A Yes.

21 Q How about the same question in terms of educational
22 categories, points for a certain amount of college,
23 postgraduate degrees? Who made that decision for the purpose
24 of scoring?

25 A If I recall correctly, that criteria for the

1 education was in chancery in 2014.

2 Q Okay. Now, is it true that education was a concern
3 and utilized in 2014 because this was a medical marijuana
4 application process as opposed to recreation?

5 A I'm not aware of that. I know that the education
6 piece was in 2014, as well as in 2015.

7 Q Do you know who decided the merit criteria for the
8 education?

9 A Again, it was carried over from 2014 and used for
10 2018 based on the regulations.

11 Q Understood. But do you know who decided it from
12 2014?

13 A Well, it was the three of us putting the criteria
14 together as a group, but, you know, Mr. Pupo had the final say,
15 of course.

16 Q Good enough. Do you know if he -- if there was an
17 analysis performed for determination -- for the determination
18 of the scoring categories for the education?

19 A Can you repeat that question, sir.

20 Q Yes. Originally when I asked you the question with
21 regards to taxes, you said you were not involved in the
22 analysis. You believe Mr. Pupo did the analysis on the tax
23 categories. I'm asking the same questions in terms of
24 education. Who performed the analysis, if there was one
25 performed, to determine how the scoring would be done for the

1 education merit criteria?

2 A I don't -- there wasn't an analysis done besides what
3 was carried over from 2014.

4 Q Understood. But who did it originally in 2014 when
5 it was done?

6 A That would have been QuantumMark. QuantumMark and
7 the administration at commission of public (indiscernible).

8 Q Someone had to approve QuantumMark's recommendation.
9 Would that have been Mr. Pupo?

10 A In 2014?

11 Q Yes, sir.

12 A No, it wouldn't have been.

13 Q Who would it have been?

14 A It would have been the administration at DPBH at the
15 time.

16 Q Okay. Was Mr. Anderson involved?

17 A Excuse me. Who?

18 Q Mr. Anderson. Do you know who he is?

19 A Oh, Bill Anderson?

20 Q Yes.

21 A No. Those were all taxation folks.

22 Q Okay. So can you give me a name of someone who was
23 involved in determining the education and merit criteria
24 categories?

25 A Gosh. No, the -- I'm trying to remember who the

1 administrators were at the time. I think it might have been
2 Marla McVey Williams.

3 Q Who?

4 A Marla McVey Williams at the time might have been the
5 administrator -- the deputy administrator. I'm sorry.

6 Q Say that again.

7 A The deputy administrator.

8 Q You're not sure?

9 A I'm pretty sure it was Marla --

10 Q Marla?

11 A -- McVey Williams.

12 Q Marla. Okay. Last name Williams?

13 A Yes.

14 Q Same question in terms of the financial strain. Who
15 made the decision that more money is better and how those
16 categories would be determined?

17 A That would have been the same determination in 2014.

18 Q Was that QuantumMark who made that decision?

19 A I don't know ultimately if they, you know, made the
20 decision. They put the criteria together and presented it to
21 DPBH.

22 Q Did Mr. Pupo have anything to do with carrying it
23 over from '14 to '18?

24 A I'm sorry. I missed that question, sir.

25 Q No worries. Did Mr. Pupo have any part to play in

1 carrying over that category from '14 to '18?

2 A Yes. Well, we all got together and went through the
3 criteria that was used in 2014, each component, whether it was
4 financial, education, care quality and safekeeping. And we
5 compared the 2014 model to what the regulations set for 2015,
6 of the recreational.

7 THE COURT: And, sir, that was the regulation, not
8 the ballot question you compared it to?

9 THE WITNESS: That's correct.

10 THE COURT: All right.

11 BY MR. PARKER:

12 Q And so what other merit criteria was included in the
13 2018 process, other than taxes, education, and financial?

14 A Care quality and safekeeping.

15 Q Was that a carryover from '14?

16 A Yes, it was.

17 Q Anything else?

18 A So we have taxes, we have financials, care quality
19 and safekeeping, organizational chart.

20 Q Those are all carryovers?

21 A Yes.

22 Q And ultimately, was that decision to carry those over
23 made by Mr. Pupo?

24 A Yeah, and, well, you know, the Governor's Task Force
25 recommendation stated to use the same criteria from 2014 and

1 the medical certificate issuing. So, I mean, it was faxed to,
2 you know, the executive team of taxation.

3 Q Well, is the adequacy and the size of the buildings a
4 part of the 2014 application process?

5 A Yes, it was.

6 Q Was that also a carryover to the 2018?

7 A Yes.

8 Q So unlike the other carryovers -- and strike that.
9 Who made the decision to carry over that category
10 from '14 to '18?

11 A Again, it was -- you know, it came out of the
12 recommendation from the Governor's Task Force and, you know,
13 the executive team with the Department of Taxation.

14 Q So was the adequacy of the size of the building
15 carryover modified sometime after the applications were sent
16 out?

17 A Can you clarify that question?

18 Q Yes. The applications for the recreational marijuana
19 licenses, those were distributed when?

20 A July 6th.

21 Q Okay. So sometime after July 6 of 2018, was there a
22 change in the DOT's position with regards to the necessity of
23 having a P.O. box -- utilizing a P.O. box versus an actual
24 location?

25 A There was a clarification sent out via LISTSERV after

1 July 5th.

2 Q Okay. Do you remember when that decision was made or
3 that change was made?

4 A I don't recall the date, but working up to, you know,
5 that date that we sent out the LISTSERV.

6 Q Okay. So was that in July or was it when the
7 application process opens in September 7 -- on September 7th of
8 2018?

9 A Can you be more specific on the question?

10 Q Well, actually, I wish I could. I need some more
11 details from you. I need to figure out when did the DOT decide
12 to change the need for a location and, instead, allow for P.O.
13 boxes. When was that decision made?

14 A I don't -- it was never changed. The decision or the
15 direction or guidance that DOT gave us and staff was that
16 location wasn't required.

17 Q Okay. Now, we've gone through the applications with
18 yourself, as well, as Mr. Plaskon we noticed that on Exhibit 5,
19 which is the application, the first page says you cannot use a
20 P.O. box. This is -- I believe it's page 21 of the
21 application.

22 So when you say that there was never a change, well,
23 your position is not reflected in Exhibit 5, which is the
24 recreational marijuana application, Attachment A. So you would
25 agree with me that what's on the screen now, which is

1 Attachment A to Exhibit 5, does not reflect your testimony in
2 that there was no change?

3 A It changed to the requirement -- I'm sorry. For
4 location?

5 Q Yes.

6 A Well --

7 Q The application says you have to have a location; is
8 that correct? And you cannot use a P.O. box; is that correct?

9 A This -- this Attachment A does, yes.

10 Q Right. Now, this is a -- Attachment A was provided
11 by the DOT. But you're telling me sometime in July, sometime
12 near July 6, 2018, the DOT determined that a location was not
13 necessary; is that correct?

14 A Well, from my -- from my recollection, going up to --
15 so the 45-day period was a chance for all applicants to put
16 their application together, July 6 to -- yeah, July 6 to
17 September 7th. During that period, the guidance from the
18 Department of Taxation was that a location was not required.
19 There was --

20 Q Stop there for a second. Repeat what you just said
21 one more time.

22 A During the application period --

23 Q Yes.

24 A -- or the writing of the application, the 45-day
25 period, guidance from the Department of Taxation was that a

1 location was not required.

2 Q So if that guidance was provided sometime within this
3 45-day period, who made that decision?

4 A That would have been Mr. Pupo.

5 Q Okay. So that gets me back to the areas that I need
6 to question Mr. Pupo on.

7 So when that -- do you know what went into that
8 decision-making process?

9 A No, I do not.

10 Q All right. Do you know if there was any
11 consideration given to that decision versus the other merit
12 criteria; for example, impact on community?

13 A I'm sorry. Can you help me understand that question
14 a little bit, please, sir.

15 Q Certainly. So by now you're probably noticing that
16 I'm going down all of the merit criteria issues, and I'm trying
17 to figure out the ones that you can provide me testimony on
18 versus the ones that I will look to Mr. Pupo to provide
19 testimony on. Do you understand that?

20 A Uh-huh.

21 Q So we've gone through a few of those. Are you
22 familiar with the impact on community criteria?

23 A Yes, I am.

24 Q All right. That is a merit criteria category, is it
25 not?

1 A Yes.

2 Q All right. So that was my next category to discuss
3 with you. And I'm trying to figure out whether or not the
4 decision to not require location, was that decision -- did that
5 decision factor in the impact on community?

6 A To my understanding, it didn't come up in our
7 discussions when we were going through the criteria between
8 Mr. Pupo and Ms. Cronkhite and myself.

9 Q Okay.

10 A What happened -- you know, decisions weigh
11 (phonetic), I can't speak to.

12 Q Did Mr. Pupo decide the scoring for the impact on
13 community?

14 A He was part of it. That would be -- again, that
15 carried over from 2014. I can't recall if those point values
16 were changed or changed for 2018 from 2014.

17 Q And that was -- and I appreciate that response
18 because that was my next question.

19 In terms of the categories that we're going over, did
20 the scoring remain the same for each category from '14 to '18?

21 A No, it did not.

22 Q And do you know why they did not?

23 A Well, there's a few things from 2014 that no longer
24 had regulatory necessity in 2018 such as location in 2014 was
25 required, as well, as -- I forget what it was called -- the

1 ability to provide for the patients. And that was in location,
2 I think, if I recall correctly.

3 Q Well, let me ask you this: If the scoring -- you
4 said the scoring for some of these categories changed for
5 reasons like the removal of the location requirement.

6 Did the language for that category, Impact on
7 community, change in any way?

8 A I don't recall. I'd have to look at both of them and
9 see if the language -- I -- I can't recall.

10 Q Why would you even include impact on community if the
11 location is not necessary? How do you know what part of the
12 community you're servicing? So, for example, before you
13 respond, you would agree with me that the west part of
14 Las Vegas which includes Summerlin at one end, let's say
15 Centennial, Northwest, would be different communities all on
16 the west side of Las Vegas; would you agree?

17 A I'm not from Las Vegas, but what I know of Summerlin
18 and some of the areas, I would say there's differences between
19 the communities throughout Las Vegas.

20 Q Right. There's areas with bus routes and there's
21 areas without bus routes; would you agree?

22 A I would believe so, yes.

23 Q It's no different than -- you're from Reno; is that
24 correct?

25 A Carson City.

1 Q All right. I've only gone there for arguments, but I
2 would imagine --

3 THE COURT: You've never had to testify in front of
4 the legislature, Mr. Parker?

5 MR. PARKER: You know, that is true.

6 THE COURT: All right. Never mind. Keep going.
7 Sorry to interrupt.

8 MR. PARKER: Sorry about that. All right. Most
9 (indiscernible).

10 MR. SHEVORSKI: I think he was just impeached.

11 THE COURT: Yeah. Luckily, it has no relevance to
12 these proceedings.

13 MR. PARKER: That's right.

14 BY MR. PARKER:

15 Q And so, Mr. Gilbert, given that the location would
16 have a part to play on the impact in the community and you
17 removed location, why did you maintain within the application
18 process the impact on community?

19 A Well, I believe that the criteria for that, it
20 shows -- it shows them being an applicant reading the regs,
21 digesting the regs, understanding what's required, and then
22 putting together a comprehensive plan that can be scored and
23 valued.

24 Q Right. But you can do that simply based on a
25 jurisdiction you're applying for. Community actually is a

1 smaller subset of that jurisdiction, isn't it?

2 A Yes.

3 Q All right. So if you're going to remove location,
4 why include impact on community since the impact really is to
5 the jurisdiction? Isn't that true?

6 A It would be that their overall plan and how they
7 present it within their application of their plan to -- you
8 know, everything from what the plan is for the community.

9 Q Isn't it true, sir, that if you're applying for a
10 jurisdiction, then it would be the impact on a jurisdiction
11 because communities differ within a jurisdiction? Isn't that a
12 true statement?

13 A I believe, yeah, communities are different within a
14 jurisdiction.

15 Q Thank you. But in terms of who would be able to
16 answer these questions even more -- on a more detailed level --
17 or strike that.

18 The person who ultimately had the decision-making
19 authority for the inclusion of the impact on community, would
20 that be Mr. Pupo as well?

21 A Well, again, the impact on community was part of the
22 2014 criteria just brought over to 2018 recreational.

23 Q All right. So in terms of allowing for P.O. boxes,
24 you said that decision was made and some information was sent
25 on a LISTSERV; is that correct?

1 A A clarification was sent on a -- sent out on a
2 LISTSERV to clarify any confusion that the application might,
3 you know, provide.

4 Q All right. There are certain applicants who did not
5 get that clarification. Do you know why that clarification was
6 not sent out in the same manner as the applications, or was it?

7 A It was. It was -- well, the -- on June 5th --

8 Q Okay. June 5th?

9 A Yeah -- or, I'm sorry, July 5th.

10 Q Okay. Thank you.

11 A It might have been July 6th. I'd have to look at the
12 dates.

13 Q You said July 6th is when the application became
14 available.

15 A That's that -- yeah, the posting notice, July 6th.

16 Q Was that posted in the same ways of clarification
17 that you're speaking of was disseminated?

18 A It was sent out on the LISTSERV to all subscribers to
19 the LISTSERV.

20 Q Is that a yes or a no? Was it sent out, in terms of
21 the application availability, in the same way as the
22 clarification was sent out?

23 A It was to the LISTSERV. It wasn't posted at all
24 the --

25 Q Why wasn't the clarification posted so that those who

1 got the application would have the same information?

2 A Well, it's sent out through the LISTSERV. That's
3 our -- but it wasn't posted at --

4 Q Your website?

5 A No, it was at -- it was at the website.

6 Q So how was it posted?

7 A On the website and also there's a link, I think, on
8 the LISTSERV. I'd have to go back and look. But I think
9 there's a link and an attachment to the LISTSERV.

10 Q All right. Let me ask it one more time. The manner
11 in which you made the public aware of the availability of the
12 application, how is that done?

13 A On July 6th?

14 Q Yes. How was it done on July 6th?

15 A That was done through a LISTSERV, posting on the
16 website, and then also posted at six, I think, public places.

17 Q Okay. Was the clarification done in that exact same
18 way -- website, LISTSERV, posting in public places?

19 A It wasn't at the public places.

20 Q All right. Any other differences?

21 A I'd have to go back and check the -- I'm not at a
22 website.

23 Q Why wasn't it posted at public places?

24 A I don't -- I wouldn't -- I'm not the one to answer
25 that question. I'm not sure.

1 Q Are you at all familiar with the Nevada open meetings
2 law?

3 A I am.

4 Q Okay. Great. Are you also familiar with the fact
5 that public agencies of this state are required to post not
6 only on electronic formats, but also at locations, public
7 locations?

8 A Yes, for public meetings.

9 Q Would you agree with me that Nevada Department of
10 Taxation is a Nevada state political subdivision?

11 A Yes.

12 Q Do you believe that it also has the obligation to
13 comply with the Nevada open meetings law in terms of public
14 posting?

15 A Yes, I do.

16 Q All right. Would you agree with me now, based upon
17 what you just said, that the Department -- the Nevada
18 Department of Taxation failed to comply with the Nevada open
19 meetings law as it pertains to public posting of its
20 information?

21 MR. SHEVORSKI: Object to form.

22 THE COURT: Overruled.

23 THE WITNESS: I don't know if I'm the right person to
24 speak to the legality of the open meeting law. However, the
25 LISTSERV that we sent out was a clarification.

1 BY MR. PARKER:

2 Q Yes, sir. And it was not posted at any public
3 places; is that correct?

4 A Not that I'm aware of, no.

5 Q Thank you. Now, when you made this determination
6 that the P.O. box would be allowed, the locations were not
7 necessary, did you at that point send out a new application or
8 revise the application Attachment A to reflect that no longer
9 would locations be required?

10 A But the original application was revised, if I recall
11 correctly.

12 Q Was it sent out or made available in the same way
13 that the prior application was made available?

14 A I believe it was.

15 Q So, you believe that the application that we have
16 here in front of us, which was on a website during -- and
17 available on your website during these hearings, was changed at
18 sometime which said that P.O. boxes are now allowed and
19 locations are not necessary? You believe that actually
20 occurred?

21 A I was not aware of that.

22 Q All right. Is it fair to say, sir, that you're not
23 aware of the Attachment A of Exhibit 5 ever being modified,
24 provided to Department of Taxation, between July 6th and
25 September 7th, 2018?

1 A Can you -- I'm sorry. Can you repeat that question,
2 sir.

3 Q Yes, sir. Are you aware of Attachment A to Exhibit 5
4 being modified between July 6th and September 7th, 2018?

5 A I would have to look at the Attachment A. Again,
6 there's a --

7 MR. PARKER: Would you bring that up for me, Shane.
8 BY MR. PARKER:

9 Q Was this attachment changed between July 6th and
10 September 7th, 2018?

11 A I'd have to look at the Attachment A after the
12 clarification was sent out.

13 Q Did you change it?

14 A I did not.

15 Q All right. Do you know who would have changed it if
16 it was changed?

17 A Well, I know there -- well, that the clarification
18 that we sent out on the LISTSERV in July, later in July, was
19 based on the guidance from Mr. Pupo. As far as -- I don't
20 know -- I don't know who changed it. Clyde Plaskon does a lot
21 of the form -- forms management, but it was -- it was probably
22 discussed and then, you know, our original -- the application
23 was sent up to Mr. Pupo for final review.

24 Q But sitting here today, you didn't change it. And
25 did you ever see it in a revised format, something different

1 than what we have in front of you right now?

2 THE COURT: And by "what in front of you," you're
3 referring to Attachment A contained in Exhibit 5 to the
4 hearing?

5 MR. PARKER: Yes, Your Honor. Thank you so much.

6 THE WITNESS: I would have to look at the application
7 after the clarification.

8 BY MR. PARKER:

9 Q Okay. My question is: Did you ever -- do you ever
10 recall seeing a version of Attachment A different from the one
11 that's attached to Exhibit 5?

12 A I don't recall. I'd have to look.

13 Q All right. Now, if there were changes made to
14 Attachment A to Exhibit 5, should there have been other changes
15 made to Exhibit 5 which also touched upon the need or the
16 no-longer need to have a location?

17 A Can you repeat that question?

18 Q Certainly. Were there other portions of Exhibit 5
19 that also called for or required a location?

20 A Exhibit 5-A in the entire application?

21 Q The entire application, yes, sir.

22 A Yes, there was. There was a clarification. There
23 was a few bold points on the clarification e-mail LISTSERV.

24 Q Okay. And do you know if those were made? Were
25 actual changed made -- let me tell you why I'm asking it this

1 way. You spoke of clarifications that were sent out by way of
2 LISTSERV, but I'm wondering if those clarification actually
3 made their way into a changed application or application form.

4 A I believe they did, yes.

5 Q Did you ever see those differing or changed
6 application forms?

7 A Yes, I did.

8 Q Okay. You don't recall seeing Attachment A being
9 changed --

10 A I'd have to look at -- I don't recall A.

11 Q All right. Well, let's take a look at another thing.
12 Let's take a look at Exhibit 5, Attachment E, which I believe
13 to be --

14 MR. PARKER: Your Honor, page 40, which is MMLF40,
15 which is page 2,934.

16 And if you could highlight the top line for me,
17 Shane. Not the -- the top line in the box, first line in the
18 box. There we go.

19 BY MR. PARKER:

20 Q Do you see that, Mr. Gilbert?

21 A Yes, I do.

22 Q It says, "To be completed by the applicant for the
23 physical address of the proposed marijuana establishment." Do
24 you see that? Physical address?

25 A Yes.

1 Q That's not a P.O. box, is it?

2 A No, it's not.

3 Q So when you made the decision not to include
4 locations or require locations, would you agree with me that
5 Attachment E still requires a physical address?

6 A It reads -- it reads as if a physical address is --

7 Q All right. Do you recall Exhibit E to -- I'm sorry.
8 Attachment E to Exhibit 5 being changed?

9 A I think that was part of the clarification that was
10 made.

11 Q All right. Remember, I'm asking about the actual
12 attachment being changed. So that when someone came onto the
13 website and saw this application for the first time,
14 Attachment E says we don't need a physical address, we only
15 accept a P.O. box. Do you recall that change being made to the
16 actual attachment?

17 A I believe -- I believe it was changed on this
18 Attachment E.

19 Q Do you recall seeing it?

20 A Yes.

21 Q You saw a different Attachment E?

22 A Yes.

23 Q All right. Let's take a look at Attachment F.

24 MR. PARKER: And, Shane, if you could highlight the
25 third -- it's the second box, second line. Starts out with the

1 word "recreational."

2 BY MR. PARKER:

3 Q Do you see that, sir?

4 A Yes, I do.

5 Q It says, "Recreational marijuana establishments
6 proposed physical address must be a Nevada address, not a
7 P.O. box." Do you see that?

8 A Yes, I do.

9 Q So for the last several days, we've been talking
10 about Attachment A, but I wanted to see if you recall any
11 changes being made to Attachment F to Exhibit 5.

12 A I don't -- I don't specifically remember the changes
13 or the clarification that we made. I'd have to look and see if
14 that was part of the clarification that was sent out in July.

15 Q All right. And let's talk about Attachment F for a
16 second. Do you understand the reason why Attachment F was
17 required to be filled out?

18 A This form was for -- I believe for ranking of your
19 selections.

20 Q Well, read through it because I don't believe it's
21 so. I believe it's related to trying to prevent the novelties,
22 but read through it just to make sure.

23 It says, "Section 80, within parentheses, five,
24 places limitations on the number of recreational marijuana
25 retail stores located in one government jurisdiction and a

1 limitation on the number of licenses issued to any one person,
2 group, or entity." Do you that?

3 A I do.

4 Q All right. Now, while I wanted to -- I thought this
5 form was useful for two things. One, showing that your -- the
6 State's position with regards to the changes relative to
7 location was inconsistent with these attachments. I also
8 thought it was important for you to consider what the judge
9 questioned you about last week and what I questioned you about,
10 as well, regarding how do you determine that there's perhaps
11 more than one owner of more than one location in the same
12 jurisdiction if you don't know all the owners. Understood?

13 A Yes.

14 Q All right. And you agree with me that Attachment F
15 was meant to be use by the State to be able to identify all
16 owners so that they can then identify whether or not any owners
17 had an interest in more than one location in the same
18 jurisdiction. Is that a true statement, sir?

19 A I don't know if that asks for ownership.

20 Q All right. Now, let's take a look at Attachment I.
21 Are you familiar with this attachment?

22 A Yes, I am.

23 Q All right. What's the purpose of this attachment?

24 A The purpose of this attachment is for the applicants
25 to be able to submit just one application and then apply it to

1 the jurisdictions that they wish to apply for.

2 Q All right. And it says here -- towards kind of like
3 maybe the first paragraph portion, it says, "You must submit
4 Attachments A and E for each jurisdiction and location and the
5 appropriate application fee." Do you see that?

6 A Yes.

7 Q Again, do you recall there being a clarification with
8 regards to location in this attachment?

9 A I'd have to -- I'd have to look.

10 Q You'd agree with me that each of the attachments I've
11 shown you today, Attachments A, E, and F, all indicate that a
12 location, not a P.O. box, is required; is that correct?

13 A Do you mind repeating that, sir? I'm sorry.

14 Q Certainly. Wouldn't you agree with me that the
15 attachments that we've looked at, Attachments A, E, F, and I,
16 all require a location, not a P.O. box?

17 A I'd have to go back and look, but I believe so.

18 Q All right.

19 A The ones that we did look at.

20 Q Good enough. And would you also agree with me
21 that -- strike that.

22 Do you recall seeing exhibit -- or Attachment I, I'm
23 sorry, Attachment I to Exhibit 5 being modified to remove the
24 word "location" and allowing for P.O. boxes, or is that one
25 that slipped under the radar?

1 A I don't -- I don't know if it did or not. I'd have
2 to look.

3 Q Okay. You don't have a recollection of it being
4 changed or modified to remove the word "location," do you?

5 A On this particular one, I don't. I'd have to look at
6 the modifications or the clarifications that we sent out.

7 Q Good enough.

8 MR. PARKER: Can we go to Attachment B, Shane, B as
9 in bravo.

10 MR. SHEVORSKI: Which exhibit are you on?

11 MR. PARKER: Still Exhibit 5, Attachment B as in
12 bravo.

13 MR. SHEVORSKI: Thank you.

14 BY MR. PARKER:

15 Q Now, the Department of Taxation, does it have an
16 enforcement wing or an investigative wing?

17 A The Department of Taxation?

18 Q Yes.

19 A They have quite a few, I believe.

20 Q All right. So it has the ability, the Department of
21 Taxation has the ability to do a thorough background check or
22 an investigation on an owner; is that correct?

23 A I can't speak to the Department of Taxation. That
24 would be an executive-level question.

25 Q Would Mr. Pupo be able to answer that question?

1 A He may.

2 Q All right. Good enough. So if I were to change the
3 word from "enforcement" to "investigation," would you still not
4 be able to answer the question?

5 A I can speak to the Marijuana Enforcement Division,
6 not the Department of Taxation as a whole.

7 Q All right. Good enough. Let's go with that. Is
8 there an enforcement division or group that handles Department
9 of Taxation inquiries or enforcement obligations?

10 THE COURT: In Marijuana Enforcement Division?

11 MR. PARKER: Yes, Your Honor.

12 THE COURT: Okay.

13 THE WITNESS: Yes, we do have a compliance component.

14 BY MR. PARKER:

15 Q And is that group of State employees able to do a
16 thorough background check or to enforce the rules or the
17 statutes?

18 A I don't know if I can -- I don't know if I'm the one
19 to answer that question. That has a lot to do with, you know,
20 job specifications, something above myself.

21 Q So let's use an example that Mr. Jolley discussed
22 with us when he was on the stand. If a marijuana establishment
23 sold to an underaged person, how would the Department of
24 Taxation and marijuana group handle that?

25 A We would do an investigation if -- if necessary. You

1 know, we have a process in place to intake complaints,
2 investigations, and investigate them accordingly.

3 Q All right. And would you be able to determine if the
4 owner of that marijuana establishment owned any other marijuana
5 establishments that had similar infractions?

6 A Yeah, we do. I mean, we'd be able to -- we keep a
7 record of infractions.

8 Q How about if that owner owned a location in Colorado
9 or Canada and had numerous violations like that, could you do
10 that investigation?

11 A I don't believe we have the capabilities to reach out
12 that far.

13 Q Colorado? Is that too far?

14 A Well, we look at the licensees in the state.

15 Q Right. But if the licensee --

16 A That's our jurisdiction.

17 Q -- was the owner of a location in Colorado who had
18 similar infractions, numerous, wouldn't that play a part in how
19 you treated that licensee here in Nevada?

20 A I don't -- I don't -- well, we hold them accountable
21 to the regulations in Nevada, and that's what -- that's what
22 our enforcement parameters are.

23 Q All right. Attachment B says, "I have not been
24 convicted of an excluded felony offense as defined by
25 NRS 453D." Do you see that?

1 A Yes, I do.

2 Q Does that mean that the person hasn't convicted of a
3 felony in Nevada only or anywhere?

4 A So that's Nevada and FBI.

5 Q All right. So that would be in other states,
6 potentially?

7 A Yes.

8 Q All right. So if that could occur in other states,
9 wouldn't you have the obligation to check to see if that owner
10 has violated or committed a felony as described as 453D
11 elsewhere?

12 A Yeah, we do. Through the agent code process.

13 Q Good. But to do that, you'd actually have to know
14 all the owners so that that process was followed by all those
15 owners; isn't that correct?

16 A We -- we vet the owners that are provided to us in
17 the application.

18 Q Right. Which means you have to know all the owners
19 if you were going to actually perform what's -- and do the
20 analysis that's prescribed here in Attachment B; isn't that
21 correct? Not just some, but all?

22 A Well, yeah. Well, it goes back to the shareholders.
23 We don't require the shareholders to be provided to the
24 Department of Taxation, so --

25 Q Sir, I didn't mention the word shareholders. I just

1 said owners. You can say shareholders are owners. I would
2 agree with that, but in terms of my question, I'm just saying
3 owners right now. We can get the shareholders in a second.

4 Wouldn't you agree with me that all owners, be it a
5 shareholder or not, would have to be provided to you so that
6 you could perform this investigation?

7 A We -- all of -- well, based on this, on the NRS, the
8 owners, officers, and board members should be provided to us so
9 we can vet them with background FBI in the state.

10 Q Thank you. And the purpose of that, of course, is to
11 protect Nevada residents and -- when I say Nevada residents,
12 those who may actually purchase marijuana in the state of
13 Nevada; is that correct?

14 A Yeah, that would be one of the reasons, sure.

15 Q All right. But to do so, they have to let you know
16 all the owners; isn't that correct?

17 A Yes.

18 Q Thank you very much. Now, the next line says, "I
19 agree that the Department may investigate my background
20 information by any means feasible to the Department." Do you
21 see that?

22 A I do.

23 Q That doesn't mean simply checking your records for
24 the Secretary of State to see if they match up with the owners
25 identified; isn't that correct?

1 A Can you repeat that? I'm sorry.

2 Q Yeah. Do you remember your testimony last week when
3 you were telling us that the only background check that you did
4 for purposes of the application was making sure through your
5 own data files for 2014 or through the Secretary of State's
6 office that the officers or owners matched up. Do you remember
7 that?

8 A I don't know if that was my -- like, I might remember
9 that. I think we -- in the application, we look to see if
10 they're registered with the Secretary of State.

11 Q Okay. That's all you did; right?

12 A Yes.

13 Q Right.

14 A I believe so.

15 Q You didn't do what Attachment B says. You didn't go
16 and do a criminal background check on every owner identified,
17 did you?

18 A We did criminal background checks on the owners,
19 officers, and board members that were listed in the
20 application.

21 Q All right. And for those who did not list all their
22 owners, that would not have been done; is that correct?

23 A I wouldn't know if they listed all their owners or
24 not.

25 Q Right. But let's say that there are owners who were

1 not identified because I think we received testimony supporting
2 that -- this position, would you agree with me that no
3 background check would have been done on owners not identified
4 by the applicants?

5 A Yes --

6 Q All right.

7 A -- I would.

8 Q The Department of Taxation did not do its own
9 investigation to determine if there were other owners out there
10 of all the applicants; isn't that correct?

11 A Well, we do -- we do compare it to the list of owners
12 that we have on record, which would have been a history of any
13 transfers of ownership, any owners coming in or coming out, and
14 what they've reported to us as their ownership.

15 Q But that also means, sir, that you've totally relied
16 upon the applicant to list their owners, and then you would
17 check and verify if those were owners you had on record. But
18 for those not listed, you did not do a criminal background
19 check; is that a true statement, sir?

20 A Not for the ones that aren't listed.

21 Q Thank you. Which means there could be -- potentially
22 be applicants right now with owners that committed felonies
23 defined under NRS 453D; isn't that correct?

24 A I don't know if I can speculate on that.

25 Q You wouldn't know whether or not there are? Isn't

1 that another way of saying it?

2 A Not if we didn't run the background check.

3 Q That's good enough. Now, right below the -- right
4 above the box, it says "Signature of owner, officer, or board
5 member." Do you see that?

6 A Yes, I do.

7 Q All right. And you don't see any limitations there
8 in terms of percentage of ownership, do you?

9 A I don't -- can you scroll down just a bit. No, I
10 don't.

11 Q You don't see anything that says only
12 5-percent-and-above owners, do you?

13 A Not on this one, no.

14 Q You don't see anything that says only owners in
15 Nevada, do you?

16 A I don't; however, it might be -- I'm sorry.

17 Q You don't see anything that says only owners in
18 Nevada, do you?

19 A No, I don't.

20 Q Now, let me show you Attachment C.

21 THE COURT: And we're still on Exhibit 5?

22 MR. PARKER: Yes, Your Honor. Thank you.

23 BY MR. PARKER:

24 Q And Attachment C at the top says, "Owner, officer,
25 board member information form." Do you see that?

1 A Yes.

2 Q Again, it says, "Provide the following information
3 for each owner." Do you see that?

4 A Yes, I do.

5 Q Again, it does not have any limitation on what owners
6 should be listed; is that correct?

7 A Not on the form.

8 Q Right. Did you send out any clarification notices
9 that changed Exhibit C?

10 A Not that I can recall.

11 Q All right. Now, if you go to the next page of
12 Attachment C, which is, again, a part of Exhibit 5 -- and I'm
13 going to go from MMLF36 to 37. At the top it says, "Attachment
14 C continued." Do you see that?

15 A Yes.

16 Q All right. The first line in the box says, "has an
17 ownership or financial interest in any other MME or ME." Do
18 you see that?

19 A Yes.

20 Q Now, this -- when I read this, it seemed even more
21 expansive than any other category we've discussed previously.
22 It does not say owner. It does not say officer. It doesn't
23 say board member. It says has an interest -- ownership
24 interest or financial interest. Do you see that?

25 A Yes.

1 Q Do you have an understanding of what financial
2 investment interest would be?

3 A I mean, I can -- that would be have an investment in
4 an establishment?

5 Q Doesn't that sound and feel like shareholder to you?
6 Any --

7 A I don't --

8 Q -- financial investment interest, investment
9 interest. Doesn't that sound like it would be someone who has
10 perhaps a shareholder interest to you?

11 A I don't know. I mean, I'd -- it could be that and
12 something else.

13 Q Well, if you don't know -- and you had a part to play
14 in the preparation and creation of this application -- who
15 would know?

16 A It wouldn't -- I mean, I guess -- can you repeat the
17 question? Maybe I can answer it.

18 Q Yes. Do you know what "financial investment
19 interest" means?

20 A It could mean that --

21 Q -- for purposes of this application?

22 A It could mean a shareholder. It could mean --

23 Q That's what I thought too.

24 A It could mean a nonshareholder.

25 Q All right. But this attachment requires you to list

1 them all; isn't that correct?

2 A Yes.

3 Q Anyone.

4 A I think it says all.

5 Q So if it didn't -- if they for some reason were
6 confused or ignorant, as Mr. Jolley said, this should have
7 cleared it up. You list everybody; isn't that correct?

8 MR. SHEVORSKI: Objection. Misstates testimony.

9 THE COURT: Overruled.

10 BY MR. PARKER:

11 Q Isn't that correct, sir?

12 A What the Department is asking for, is everybody.

13 Q That's right. So one way or another, be it from
14 Attachment A to I, Attachment C continued, this document
15 catches everybody left, doesn't it? It says, "any ownership or
16 financial investment interest." That catches everyone, doesn't
17 it?

18 A Well, then again, what the Department is asking for
19 is -- I can't see that first word. All?

20 Q What are you looking for? What first word?

21 A Oh, "has." It was --

22 Q Yeah. "Has an ownership" --

23 A Has an ownership.

24 Q -- "or financial investment interest in." Do you see
25 that?

1 A Uh-huh.

2 Q Is that a yes? You said "uh-huh." Is that a yes?

3 THE COURT: "Uh-huh" doesn't come out very well on
4 our transcript. Was that yes or no?

5 THE WITNESS: I understand, Your Honor. Could you go
6 back to the previous attachment?

7 MR. PARKER: Could you go back for us, Shane.

8 THE WITNESS: Scroll down to the bottom, if you
9 could, please. I'd like to read the definition of
10 attachment -- or the instructions for Attachment C, if there is
11 any.

12 MR. PARKER: Can we go to the definitions?

13 BY MR. PARKER:

14 Q Let see. Do you know where the definitions are, sir?

15 A We gave the instructions a little lower.

16 Q Okay. So that would be page -- they start at page
17 4 of this exhibit, Exhibit 5, and go through page 7. So you --
18 do you want me to pull the volume out so you can just page
19 through it?

20 A Sure, that --

21 MR. PARKER: May I approach, Your Honor?

22 THE COURT: You may.

23 BY MR. PARKER:

24 Q Okay. Have you had a chance to look at the
25 definitions, Mr. Gilbert?

1 A Yes, so -- I did. So I was looking at page 11.

2 Q Yes, sir.

3 A Eleven. It would be 5.2.10.3 -- or, no, I'm sorry.

4 Yes, 5.2.10.3: "Supplemental owner, officer, and board member
5 information form should be completed for each individual named
6 in this application. This attachment must also include the
7 diversity information required by our (indiscernible) 092-17,
8 Section 80 in Attachment C."

9 So what the Department was asking for on that
10 attachment is everybody that was listed in the application.

11 Q Okay. My point -- the point being is Attachment C
12 includes a request or requirement, not a request, but a
13 requirement, that all -- or that anyone that has a financial
14 investment interest be identified; is that correct?

15 A That's what that -- the top of that form says.

16 Q Right. And you would also agree with me that there
17 is no definition that includes investment or financial
18 investment interest; is that correct?

19 A I believe that's correct.

20 Q Good. Now, looking at Exhibit 5, I went over -- or
21 we went over this attachment in terms of perhaps preventing
22 monopolies or having one company having more than one license
23 in any particular jurisdiction. Do you recall that?

24 A Yes.

25 Q All right. Did you review --

1 MR. PARKER: Is Exhibit 13 admitted, madam clerk?

2 THE CLERK: Yes, sir.

3 MR. PARKER: Can we put Exhibit 13 on?

4 BY MR. PARKER:

5 Q Are you familiar with Essence Tropicana and Essence
6 Henderson?

7 A I'm aware of the name, yes.

8 Q Are you aware that they have similar ownership?

9 A Yes.

10 Q And do you -- are you aware of the fact that they
11 both receive licenses in Clark County?

12 A Yes, I am.

13 Q All right. Do you believe that to be a violation of
14 attachment -- I'm sorry, violation of the statute owner
15 regulation?

16 A I do not, based on the guides that we were given,
17 based on, you know, the entity, issued to the entity.

18 Q So similar owners. You don't believe -- you believe
19 that similar owners can own or have more than one recreational
20 marijuana establishment in the same jurisdiction?

21 A It's to be issued to the entity. The license is
22 issued to the entity.

23 Q Let me ask the question one more time. Do you
24 believe that similar owners -- if I own a hundred percent of
25 Essence Tropicana and a hundred percent of Essence Henderson,

1 you believe I can own two recreational marijuana establishments
2 in Clark County?

3 A Yeah, based on the guidance that we got, yes.

4 Q And what guidance was this?

5 A It came from -- I can't speak to where it came from
6 because I don't know. But this was vetted. Actually, they're
7 scored and -- after they were scored and ranked, this was sent
8 up to the executive level for review, and it was approved.

9 Q So let me see if I can understand this more now. Who
10 said it was okay? Give me a name.

11 A It came from Mr. Pupo to me. I don't know who spoke
12 to Mr. Pupo.

13 Q All right. And was this guidance ever disseminated
14 to everyone else in the world of Nevada?

15 A I don't know. Not from me.

16 Q Did anyone ever say, listen, the statute may say this
17 or the regulation may say this, but as long as you've got two
18 different companies and you own a hundred percent of both, you
19 can have two locations in the same jurisdiction?

20 A I -- I never said that. I never communicated that.

21 Q And you don't recall the Department of Taxation ever
22 indicating that in a form of LISTSERV or a publication or a
23 posting or website information?

24 A Not -- not that I recall.

25 Q All right. When was this decision made by Mr. Pupo

1 to your knowledge?

2 MS. SHELL: Objection. That's not in evidence.

3 THE COURT: Overruled.

4 THE WITNESS: Can you repeat the question?

5 BY MR. PARKER:

6 Q Yes. When was that decision made, to your knowledge,
7 by Mr. Pupo?

8 A I -- I don't -- I don't know when that decision was
9 made by Mr. Pupo.

10 Q Is there anything in writing describing how that
11 decision was made?

12 A I don't recall. I don't know.

13 Q Do you know whether or not Mr. Pupo ran that by the
14 Attorney General's office?

15 A I do not.

16 Q Do you know if Mr. Pupo ran that question by the
17 Governor's Task Force?

18 A I do not.

19 Q Do you know if Mr. Pupo got any authority from any
20 other state of Nevada employee allowing for this --

21 THE COURT: Don't you think we should ask Mr. Pupo
22 that?

23 MR. PARKER: I'm just trying to make sure. Because
24 once I'm done with him, I can't ask him anymore.

25 THE COURT: All right.

1 BY MR. PARKER:

2 Q No one else you can think of?

3 A Yeah, I can't answer for Mr. Pupo.

4 Q All right. How about Cheyenne Medical and Commerce
5 Pack -- Park, I'm sorry, Commerce Park having two licenses in
6 Clark County? Were you aware of that?

7 A Yes.

8 Q And you're aware that they have similar owners?

9 A I do, yes.

10 Q Was that decision that was made by Mr. Pupo made with
11 regard to these two companies?

12 A I -- I believe so. I mean, I get guidance from
13 Mr. Pupo.

14 Q Do you know if anything was written regarding his
15 decision with regards to Cheyenne Medical and Commerce Park?

16 A I don't know.

17 Q You've not seen anything in written form regarding
18 any four of these entities having more than one location based
19 on similar ownership?

20 A Not that I can recall, no.

21 Q Okay. Good enough.

22 I'll try one more time.

23 You indicated that Mr. Pupo got guidance from
24 somewhere. Do you know where that guidance came from?

25 A I don't know specifically. He --

1 MR. PARKER: She was right.

2 THE WITNESS: You know --

3 THE COURT: Sorry. That was my exasperation thing,
4 that Mr. Kemp didn't have the confidence, and I knew the
5 witness didn't know the answer to the question after listening
6 to him for two days.

7 MR. KEMP: He said not specifically, Your Honor.

8 THE COURT: Yeah, okay.

9 MR. KEMP: He may know generally.

10 THE COURT: All right.

11 MR. PARKER: I was ready to stop.

12 BY MR. PARKER:

13 Q So do you recall when we left off on last week
14 Wednesday, I asked you some questions regarding the training?
15 Do you remember that?

16 A Yes.

17 Q All right. And when we left off, we were talking
18 about one of the training slides that said it would take two to
19 three days to review and score an application. Do you remember
20 that?

21 A I don't recall that.

22 Q I can show it to you again if that would help refresh
23 your recollection. If we could go to -- I believe it's DOT227
24 and, I think, Exhibit 206.

25 THE COURT: Is 206 admitted?

1 MR. PARKER: I think it's been admitted.

2 THE COURT: Thank you.

3 BY MR. PARKER:

4 Q Yeah, if we can go to DOT -- I think it's 227. Yes.
5 Do you see that?

6 A Yes.

7 Q It says -- this discusses the mock applications. It
8 says, "Goal: Try to get through two to three applications a
9 day;" is that correct?

10 A That's what the slide says, yes.

11 Q All right. Was that a true goal for the agency, to
12 have your scorers get through an application every two to three
13 days?

14 A No, not necessarily. I mean, this was training
15 before the applications came in, so we tried to set some sort
16 of a standard. Because we didn't know -- we only --
17 statutorily, we only had 90 days to review the applications.
18 And without knowing how many we're going to get, it's hard
19 to -- it's hard to manage, you know, being able to comply to
20 the 90 days.

21 Q Was that number ever refined?

22 A You know, I know that throughout the 90-day process,
23 we did have a good idea -- or after the -- after the 20th, we
24 knew how many applications we had to review. So we had a good
25 idea of how many had to be completed, you know, in a day's --

1 you know, in order to get done, but we didn't know the
2 complexity of them, the size of them.

3 Q And how did you refine the number? What was the --
4 ultimately, how many days or hours were allotted for these
5 evaluators to score the applications?

6 A We had 90 days.

7 Q I understand the 90-day window. What did that result
8 in in terms of per application? How much time was allotted to
9 each application?

10 A I don't know what -- I don't know. We didn't figure
11 that out. What we figured out was how many we were completing
12 on a daily basis, like Mr. Plaskon had a tracking process. So
13 he knew how many we had left, how many we completed, and how
14 many we had to get done.

15 Q And how many were you completing in a day?

16 A I -- I don't know that number.

17 Q Okay. You had 462 applications; right?

18 A Yes.

19 Q And you had 90 days. You were doing roughly 150 per
20 month; is that correct?

21 A I'd have to --

22 Q Give or take a few?

23 A -- do the math.

24 Q 150 per month is 450, so you'd have to do a little
25 bit more than that.

1 A Yeah, that makes -- logic.

2 Q If you're doing 150 in a month, that's five per day,
3 isn't it? And that's including weekends at that point; isn't
4 that correct?

5 A I'd have to --

6 Q Well, 150 divided by 30, wouldn't that be five?

7 A Yeah.

8 Q All right. So if you're doing five a day, that's
9 certainly a lot more than two -- one every two to three days,
10 isn't it?

11 A Yes, it is.

12 Q Right. Now, let's look at --

13 THE COURT: It says two to three applications a day,
14 not one every two to three days.

15 MR. PARKER: I'm sorry, Your Honor.

16 THE COURT: Which would be very different.

17 So can we take a break, because we've been going
18 here, my staff and I, since 9:00, so it's 10:30.

19 MR. PARKER: That sounds good, Your Honor.

20 THE COURT: So can we take a short break?

21 MR. PARKER: Go for it.

22 THE COURT: This is not a requested recess by you
23 guys.

24 (Proceedings recessed at 10:34 a.m., until 10:42 a.m.)

25 THE COURT: All right. I've got enough. I've got

1 enough lawyers.

2 So is the consensus you are all able to come at
3 9:00 o'clock tomorrow morning, or would you like me to start at
4 9:30?

5 ATTORNEY: 9:00 is great.

6 ATTORNEY: 9:00 is fine with me.

7 THE COURT: I'm trying to get as many hours in a day
8 as possible. 8:30 was rejected by my staff because we've got
9 to come in at 8:30 on Thursday.

10 So 9:00 o'clock tomorrow, guys?

11 ATTORNEYS: Yes, Your Honor.

12 THE COURT: I have to wait for Dulce before we're
13 official, and I'm waiting for Ms. Higgins.

14 Can someone make sure there's no block so she can
15 access the special chair we've set up for her -- that she set
16 up for herself.

17 Don't knock her down, Mr. Parker.

18 MR. PARKER: I will not.

19 MS. HIGGINS: I'm coming. I'm coming.

20 THE COURT: It's all right. We're not rushing you.

21 Sir, I'd like to remind you you are under oath.

22 Do you need anything else besides the cup I was able
23 to find?

24 THE WITNESS: No, I'm fine, Your Honor. Thank you.

25 THE COURT: All right. If you need a break, you let

1 us know. We're going to break around lunchtime.

2 THE WITNESS: Okay.

3 THE COURT: Around noon.

4 Mr. Parker, you're up. You're going to finish up
5 fairly quickly; right?

6 MR. PARKER: I am. I am. In Mr. Gilbert's
7 vernacular, quickly is, you know --

8 THE COURT: Relative.

9 MR. PARKER: -- all relative.

10 THE COURT: Relative. Yes.

11 MR. PARKER: All relative.

12 THE COURT: I've known that about you for years,
13 Mr. Parker.

14 MR. PARKER: That is true. That is true.

15 BY MR. PARKER:

16 Q Mr. Gilbert, I want you to take a look at the
17 definition of "applicant" because of something you said a
18 second ago. You said you were only concerned about the
19 organization, but the definition of "applicant" in your -- one
20 of the few definitions we actually can use in this exhibit
21 says, Organization, slash, individual. Do you see that?

22 A Yes.

23 Q So it's not just the organization that's at stake
24 here. It's also the individual. Isn't that true?

25 A Yeah. They list all their --

1 Q All right.

2 A -- owners, officers and board members.

3 Q Now, someone, one of my colleagues here, thought
4 about what you said during the break and wanted to pass this on
5 to me. So I'll ask the question: If we were to simply accept
6 what you said to the Court a little while ago regarding there
7 not being a conflict between similar owners with similar
8 companies having more than one license, would it be fair to say
9 that one owner with 61 different companies could own all of the
10 recreational marijuana locations in the state?

11 A Can you rephrase that or ask it again.

12 Q Yeah. You said that Mr. Pupo said to you that it was
13 okay for Essence Trop and Essence Henderson, despite the fact
14 that they have the same owners, to have more than one -- one
15 location in the same jurisdiction. Do you recall that?

16 A Yes, I do.

17 Q So if Teddy Parker had 61 companies all applying for
18 licenses in -- for all the jurisdictions, could I own them all?

19 A (No response.)

20 Q As long as I had 61 different companies, can I own
21 all of them, and that wouldn't violate the monopoly regulation
22 or statute?

23 A I don't know if I can answer that on the fly up here
24 on the stand.

25 Q Well, you said two was enough. Two was fine. How

1 about three?

2 A I think three would -- I mean, you'd have to look at
3 the ownership of the other -- the other licensees or the
4 licenses that the entities already hold.

5 Q Well, you said it was okay for Essence Trop and
6 Essence Henderson. They had similar owners. So if I was a
7 similar owner of three locations, could I have three in the
8 same jurisdiction?

9 A Again, I'd have to do the analysis. I don't know if
10 I could answer that question up here on the stand.

11 Q When we left off, you didn't say there was an
12 analysis. You said that Mr. Pupo told you that two is okay.

13 A Based on their ownership of their existing license
14 also.

15 Q All right. You're not foreclosing the idea of me or
16 someone having three locations in the same jurisdiction as long
17 as it was three different companies, even if they owned a
18 hundred percent of all three?

19 A And, again, I'd have to look at -- I'd have to look
20 at the whole picture.

21 Q Is there any regulation or statute that would guide
22 your determination?

23 A It's either 10 percent or the 1 like we put in the
24 red bold.

25 Q I'm sorry. Say that again.

1 A The 10 percent within a county.

2 Q Okay. So getting back to the timing, let me show you
3 another slide that deals with the timing related to --

4 THE COURT: Sir, can you push the bottom left-hand
5 corner of your monitor to see if we can get rid of those lines.

6 THE WITNESS: Uh-huh.

7 THE COURT: Thank you so much.

8 BY MR. PARKER:

9 Q If we could look at Exhibit, I think, 207. Yeah,
10 207.

11 MR. PARKER: And it's page DOT298, Shane.

12 I think this has been admitted, Your Honor.

13 THE CLERK: It is.

14 THE COURT: Okay.

15 BY MR. PARKER:

16 Q This says, Each application is estimated to take
17 33 hours to review. Is that a goal that was achieved during
18 the application-review process?

19 A I don't know. This was prior to any applications
20 being received.

21 Q Was that achieved during the process?

22 A Again, I didn't -- I haven't done an analysis on the
23 total time it took.

24 Q All right. Did you review the scoring sheets of the
25 evaluators?

1 A After they evaluated them?

2 Q Yes.

3 A No, I did not.

4 Q Did you review the tally sheets?

5 A No, I did not, not before -- not before the licenses
6 were awarded.

7 MR. PARKER: All right. Your Honor, I don't know if
8 Exhibit 44 has been admitted.

9 THE COURT: Dulce will know.

10 THE CLERK: It has been.

11 MR. PARKER: Great.

12 THE CLERK: 44.

13 MR. PARKER: 44?

14 THE CLERK: Uh-huh.

15 MR. PARKER: Could you put that on the screen for me,
16 Shane.

17 BY MR. PARKER:

18 Q So this is a tally sheet. Do you recognize this
19 tally sheet?

20 A Yes.

21 MR. PARKER: All right. If we go down to the bottom,
22 Shane -- yeah, a little further down. Right there.

23 BY MR. PARKER:

24 Q Do you see where it says total score?

25 A Yes.

1 Q Okay. So all three of these evaluators came up with
2 the same score; is that correct?

3 A That's correct.

4 Q Now, if you go under Organizational, it says here
5 1.50 hours; is that correct? Right there. Is that correct?

6 A Yes.

7 Q Does that mean that Evaluator 1 took 1.5 hours to
8 review the organizational portion of the identified part of the
9 application?

10 A Yes, it does.

11 Q Does it also mean that all three evaluators took the
12 exact same amount of time?

13 A That's what it indicates.

14 Q Does it also mean below that, in terms of the
15 financial portion of the identified area of the application,
16 that all three of the evaluators took the exact same time
17 looking at that portion?

18 A Yes.

19 Q And does it also mean that when it comes -- where it
20 discusses taxes that each one of the evaluators took the exact
21 length of time, .25 hours, to evaluate that section?

22 A Yes.

23 Q And, finally, a total time, is it true that each of
24 the evaluators, not only coming up with the exact same points,
25 spent the exact same amount of time for each category and then

1 totaling to the exact same time -- amount of time?

2 A That's what the tally sheet indicates, yes.

3 Q All right. Look at --

4 MR. PARKER: Has Exhibit 53 been admitted, Madame
5 Clerk?

6 THE CLERK: Yes.

7 BY MR. PARKER:

8 Q All right. Can we look at 53, please. And go to the
9 bottom as well.

10 Would your answers be the same if my questions were
11 the same in terms of this part of the application?

12 A It looks like the times are the same.

13 Q Points are the same? Times it would take, the same
14 for each of the categories?

15 A Yeah --

16 MR. GRAF: Well, objection, Your Honor. Misstates
17 the evidence.

18 THE COURT: Overruled.

19 MR. GRAF: The points aren't the same.

20 THE COURT: I said overruled.

21 MR. GRAF: Yes, Your Honor.

22 BY MR. PARKER:

23 Q All right. There is one variation in Evaluator 1 is
24 what Mr. Graf is pointing out. The time is the same, sir, for
25 each --

1 A Yes.

2 Q Okay.

3 A For each category, the time is the same.

4 Q Thank you.

5 MR. PARKER: And then if we could look at Exhibit 57
6 if that's been admitted.

7 THE CLERK: It has.

8 MR. PARKER: Thank you.

9 BY MR. PARKER:

10 Q Would you agree that the points are the same and the
11 time for each category is the same?

12 A The points up top, the one, zero (unintelligible)
13 one, twenty, one, zero, one?

14 Q Yes, sir.

15 A Yes, those are the same.

16 Q And then for each evaluation for the three categories
17 under the identified, the length of time taken by each
18 evaluator is the same for each category; is that correct?

19 A Yes.

20 Q Now, we discussed why it's your belief that location
21 was taken out of consideration; is that correct?

22 A Uh --

23 Q You said it was taken out of the application by
24 virtue of a clarification; is that correct?

25 A Well, there -- we sent out clarification to the

1 application.

2 Q Right. We've seen that the word "location" and the
3 prohibition against using PO boxes remained in the application.
4 That's Exhibit 5. We've seen that today. Is that correct?

5 A I saw it in Exhibit 5.

6 Q All right. Now, would you be surprised that the
7 evaluators looked at location in their evaluations, not on all
8 but on some?

9 A I would have to look and see what you're referring
10 to.

11 Q If the evaluators looked at location, that would be
12 against your instruction; is that correct?

13 A Well, if it was provided in the application, they may
14 have had to look at it, but it wasn't scored.

15 Q So if they scored location, then that would be
16 against your training?

17 A Well, location wasn't scored. It wasn't part of the
18 criteria.

19 Q One more time. If they scored location, that would
20 be against your training; is that correct?

21 A It would be against the training that they got based
22 on the criteria that was provided that they used to evaluate
23 the applications.

24 Q So it would be against the training and the criteria?

25 A It would be -- well, there's no points allowed in the

1 criteria for location.

2 Q If we see indications within the scoring that
3 location was taken into consideration, would that be against
4 your training? Yes or no?

5 A I would have to -- I don't know if I can answer -- I
6 can't answer that without, number one, seeing what I'm looking
7 at.

8 Q No, sir. Let me -- would it be against the criteria?

9 A Yeah, because there is no points for criteria for
10 location.

11 Q All right. And you said that you trained these
12 evaluators not to consider location; right?

13 A It was part of the training.

14 Q Thank you.

15 MR. PARKER: So let me see if I can get a stipulation
16 as to this document, Your Honor.

17 (Pause in the proceedings.)

18 THE COURT: Proposed exhibit number, Mr. Parker?

19 MR. PARKER: It would be the next in order. It's
20 produced by the --

21 MR. SHEVORSKI: The State produced this. We have no
22 objection to our own document.

23 THE COURT: So, Dulce.

24 THE CLERK: 304.

25 THE COURT: 304. Have you shown 304 to everybody it

1 impacts?

2 MR. PARKER: I'm going to show it to, I think,
3 Mr. Graf.

4 (Pause in the proceedings.)

5 MR. PARKER: Joe that is, Your Honor.

6 THE COURT: Any objection to 304?

7 MR. GUTIERREZ: No objection, Your Honor.

8 THE COURT: Be admitted.

9 (Plaintiffs' Exhibit Number 304 admitted.)

10 MR. PARKER: Your Honor, may I approach the witness?

11 THE COURT: You may. And you need to give one to the
12 clerk.

13 MR. PARKER: Of course. I brought one just for her.

14 Do you want me to show him the one you marked?

15 Let me take that back, Mr. Gilbert, please. I knew
16 better. I should have given it to her first.

17 THE COURT: When we give you the sticker one, make
18 sure we get the one with the sticker back.

19 THE WITNESS: Okay.

20 THE COURT: So don't take it when you leave.

21 THE WITNESS: I'll return it.

22 THE COURT: All right.

23 BY MR. PARKER:

24 Q So you've been handed Exhibit 304, and this was
25 produced by the Department of Taxation.

1 MR. PARKER: If we can put it on the screen. Do you
2 have it?

3 UNIDENTIFIED SPEAKER: I do not --

4 MR. PARKER: Could I use the Elmo, Your Honor?

5 THE COURT: You may. Ramsey is going to help you.

6 MR. PARKER: Thanks, Ramsey.

7 THE MARSHAL: You're welcome.

8 BY MR. PARKER:

9 Q So Exhibit 304 was produced by the Department of
10 Taxation, Mr. Gilbert. Do you see that? Do you see the
11 document?

12 A Yes.

13 Q It appears to be an evaluator --
14 Is it Lennon or Lemons?

15 A That's Lemons, Mr. Lemons.

16 Q Mr. Lemons. Was he an evaluator?

17 A Yes.

18 Q All right. And he was charged with doing an
19 evaluation of the nonidentified?

20 A Yes. That's correct.

21 Q And nonidentified would include adequacy of size,
22 building plans, which is stated at the top of this document?

23 A Yes.

24 Q Is that a yes? All right.

25 And do you see the comments here?

1 A I do.

2 Q It says, 2500 to 3200 square feet, I'm assuming; is
3 that correct?

4 A That's what it looks like to me.

5 Q And this says, Public -- I'm sorry, Public bus stop
6 nearby. How would you know if a public bus stop is nearby
7 without knowing the location?

8 A I don't know. That would be a question for the
9 evaluator. I don't -- I don't know where he got those.

10 Q You would agree with me that at the very least
11 someone considered the location for purposes of public
12 transportation?

13 A I don't know if the -- again, I can't answer to him,
14 why he put those notes there. It might have been included in
15 the application. It might have been something that the
16 applicant pointed out that he just put a note down.

17 Q All right.

18 A I don't know. That would be a question for the --
19 Mr. Lemons.

20 Q All right. When you saw this -- or did you ever see
21 this?

22 A First time I've seen it.

23 Q All right. So did anyone ever consider seeing this,
24 somebody from the State, and saying, hey, Evaluator, why would
25 you comment on a nearby bus stop if location is not a part of

1 the criteria?

2 A We wouldn't -- we didn't look at their notes. We
3 didn't look at what they wrote in the notes. (Indiscernible)
4 that's --

5 Q And that's because no one from the State actually did
6 any quality assurance; isn't that correct?

7 A We did quality assurance on the auditing of the
8 tallies of the scores.

9 Q Um-hmm. You didn't do any quality assurance or
10 quality control when it came to the evaluation of the
11 nonidentified portions of the applicant -- application? I'm
12 sorry.

13 A We relied on the evaluators and their experience and
14 skills to evaluate appropriately.

15 Q Sure. All right.

16 (Pause in the proceedings.)

17 THE COURT: Is this your next in order, Mr. Parker?

18 MR. PARKER: It will be, Your Honor.

19 THE COURT: So, Dulce, we'll be up to 305.

20 MR. PARKER: Your Honor, this is not a intervener
21 that's here --

22 THE COURT: So why don't we not?

23 MR. PARKER: -- but the State has no objection to it.

24 MR. SHEVORSKI: I mean, I don't have an objection
25 other than the confidentiality --

1 THE COURT: Is there any confidential information
2 that appears on the document?

3 MR. PARKER: No, I don't believe so, Your Honor.

4 THE COURT: Mr. Shevorski?

5 MR. SHEVORSKI: I don't believe it does, Your Honor.

6 THE COURT: Okay.

7 MR. SHEVORSKI: But I'm going to have Mr. Bhirud look
8 at it real quick. He's our guru --

9 THE COURT: He is. He's in charge.

10 UNIDENTIFIED SPEAKER: I don't believe so either.

11 MR. GRAF: Your Honor, Clear River would object to
12 any document being used as to any nonparty to this proceeding.

13 THE COURT: Overruled.

14 MR. GRAF: Thank you.

15 THE COURT: As long as there is no confidential
16 information, it'll be admitted.

17 (Plaintiffs' Exhibit Number 305 admitted)

18 UNIDENTIFIED SPEAKER: I don't see any, Your Honor.

19 THE COURT: And the State has confirmed it does not
20 appear to.

21 And, Mr. Parker, you've confirmed as well.

22 UNIDENTIFIED SPEAKER: Nothing readily --

23 MR. PARKER: May I approach, Your Honor?

24 THE COURT: You may.

25 MR. PARKER: This will be 305, Your Honor.

1 May I approach?

2 THE COURT: You may.

3 (Pause in the proceedings.)

4 BY MR. PARKER:

5 Q So I believe you have Exhibit 305 in front of you, do
6 you not?

7 A Yes, I do.

8 Q Now, this document appears to be another application
9 reviewed by Mr. Lemons related to a nonidentified portion of
10 the application, particularly the adequacy of size and building
11 plans. Adequacy of size and then building plans. Do you see
12 that?

13 A Yes.

14 Q This comment indicates that there is a receiving door
15 to the enclosed garage. Do you see that?

16 A Yes, I do.

17 Q Now, it's my belief that based upon this notation
18 that someone would have to know that there is a garage also
19 attached or available to those parking or intending to
20 patronize a medical -- the recreational medical
21 establishment -- recreational marijuana establishment. Would
22 that seem consistent with your review of this?

23 A I mean, it could mean a number of things. Can you
24 repeat your understanding.

25 Q Well, my point is typically you don't have on a floor

1 plan a garage. Would you agree with that?

2 A It could be a facility garage, a mantrap.

3 Q Well, the mantrap, which is also mentioned in the
4 other, in Exhibit 304, I thought about that as well, and I
5 believe that the -- a mantrap would be associated with an exit
6 so you can close the exit to prevent somebody from getting out
7 or getting in. Understood?

8 A Yes.

9 Q Is that your understanding as well?

10 A Yes.

11 Q All right. But when it comes to a garage, in all of
12 the documents I've reviewed, I have not seen a single floor
13 plan that has a garage as a part of the floor plan. Do you
14 recall seeing any?

15 A I didn't review any of them.

16 Q All right. Would you agree with me to know that
17 there is a garage you'd actually have to have at least some
18 information on the location?

19 MS. SHELL: Objection. Calls for speculation.

20 THE COURT: Overruled.

21 THE WITNESS: I mean, it's hard for me to speak to
22 what the evaluator saw in this floor plan as to why he -- he
23 would have wrote garage, and I can't speak to -- I can't speak
24 to what he evaluated.

25 MR. PARKER: Good enough.

1 THE COURT: And this is the same evaluator
2 Mr. Lemons?

3 MR. PARKER: It is, Your Honor. Thank you.

4 BY MR. PARKER:

5 Q All right. But the importance of a receiving door to
6 an enclosed garage, that was something that Mr. Lemons thought
7 was important enough to actually add as a part of his notes for
8 this applicant; is that correct?

9 MR. SHEVORSKI: Objection. Speculation.

10 UNIDENTIFIED SPEAKER: Objection.

11 THE COURT: Overruled.

12 UNIDENTIFIED SPEAKER: We thought it (indiscernible)
13 for a twofer, Your Honor.

14 UNIDENTIFIED SPEAKER: A synchronized objection.

15 THE WITNESS: Mr. Lemons wrote it down for a reason,
16 but as to the reason why, I don't -- don't think I can speak to
17 that.

18 MR. PARKER: Good enough.

19 BY MR. PARKER:

20 Q Now, I want to look at an extraction report reference
21 that we did not go over last week, and this is SG91.

22 MR. PARKER: So I believe the exhibit has already
23 been admitted, Your Honor, and I think it's one, oh --

24 THE COURT: One, oh, which?

25 THE CLERK: Nine.

JD Reporting, Inc.

1 THE COURT: Dulce thinks it's 109.

2 MR. PARKER: We have 109. It is 109.

3 THE COURT: Thank you, Dulce.

4 MR. PARKER: Thank you, Dulce.

5 And it's page 91. And it's the top --

6 (Pause in the proceedings.)

7 MR. PARKER: Can you pull that up for me, Shane.

8 Thanks.

9 BY MR. PARKER:

10 Q So, it says, The training was dumb. Do you see that?

11 A I do.

12 Q And it appears to have been sent by Karra; is that
13 correct?

14 A That's Kara --

15 Q Kara?

16 A -- Cronkhite.

17 Yes.

18 Q Ms. Cronkhite?

19 A Yes.

20 Q Or Cronhite. All right.

21 And then I believe you indicate, I know, not real
22 relevant. What training were you speaking of?

23 A I don't recall.

24 Q Would it have had anything to do with the 2018
25 application process?

1 A It looks like it was in January of 2019.

2 Q Okay.

3 A So, no.

4 Q You have no idea?

5 A I don't.

6 Q And I wanted to also ask you about this part of the
7 training. And it's page -- it's DOT20832, and I think that's
8 Exhibit --

9 MR. PARKER: I believe it's already been admitted,
10 Your Honor, as part of the training -- I think it's -- is it
11 305?

12 THE COURT: Probably not. 305 was the score sheet.

13 MR. PARKER: All right.

14 THE COURT: With Mr. Lemons's handwritten comments.

15 MR. PARKER: Okay. I think it's 111.

16 (Pause in the proceedings.)

17 THE COURT: What's the Bates number, Mr. Parker?

18 MR. PARKER: Two, zero --

19 THE COURT: What's the alpha?

20 MR. PARKER: DOT.

21 THE CLERK: DOT?

22 MR. PARKER: DOT20832.

23 THE CLERK: 111 starts at 20839. So 114, Mr. Parker.
24 DOT020832?

25 MR. PARKER: Yes.

1 THE CLERK: I think that's 114.

2 MR. PARKER: Has that been admitted?

3 THE CLERK: And it's been admitted.

4 MR. PARKER: That's what I thought. I thought it was
5 admitted.

6 THE COURT: Okay.

7 BY MR. PARKER:

8 Q All right. Can we go to the top question.
9 Mr. Gilbert, can you read that to yourself. Can you tell me
10 what you believe the answer to that question was.

11 A In the case of a tie in the scoring between
12 applicants for a license, the department will do what?

13 Q All right. Do you know what the answer is to this
14 question?

15 A The answer to a tie for these situations would be the
16 organizational chart.

17 Q Would be what?

18 A The review of the organizational chart.

19 Q And what about the organizational chart would you use
20 to break a tie?

21 A The score of the organizational chart.

22 Q That's it? So if the organizational chart was
23 identical, let's say the number was identical, then what would
24 you do?

25 A I'm sorry. Can you rephrase --

1 Q Yeah. Let's say you had a tie. The overall
2 applications were a tie in terms of numbers, and then you went
3 to the organizational chart, and those numbers were identical.
4 What do you do then?

5 A That I would have to reach out for guidance from a --

6 Q Okay. So Mr. Kemp asked you --

7 A -- the attorney general.

8 Q -- and I took a note on this, Mr. Kemp asked you
9 whether or not at one point diversity was a tiebreaker. Do you
10 remember that?

11 A Possibly.

12 Q Okay. Was diversity ever considered the tiebreaker
13 as a part of the organizational chart?

14 A (No response.)

15 Q Do you know?

16 A I'm sorry?

17 Q Yeah. Do you know whether or not diversity was ever
18 a part of the tie-breaking -- was ever considered the
19 tiebreaker under the identified portion of the application?

20 A Not in the criteria.

21 Q No?

22 A No, not in the criteria.

23 Q All right. Do you recall that the application
24 required not only officers, board members, but also employees
25 and volunteers have agent cards?

1 A Well, I don't -- as far -- can you repeat the
2 question.

3 Q Yeah. Did the application or does the process
4 require for employees of a recreational marijuana establishment
5 to have an agent card?

6 A Not the -- not the application itself if I understand
7 your question correctly because --

8 Q But eventually employees?

9 A Eventually employees, yes.

10 Q How about volunteers?

11 A Yes.

12 Q So if employees and volunteers would have to have
13 one, is there any reason why every owner, including, in your
14 words, a shareholder, would not have to have an agent card?

15 A That depends on their ownership percentage.

16 Q Okay. Now you're saying it's a percentage.

17 A No, that's what the statute and regulations read.

18 Q Okay. But that's --

19 A That's their own percent.

20 Q -- not what your application said; is that true?

21 A It says background -- well, that's for the
22 existing -- the ownership. So when the Department looked at
23 who was listed in the application and they compared it to the
24 ownership on record, and those requiring an agent card should,
25 you know, they need to be valid and up to date, which is part

1 of the background check.

2 Q So I'm trying to finish up with you, Mr. Gilbert. I
3 want to make sure this is the case. If I were to show you
4 Nevada Wellness Center application or scoring information,
5 would your answers be the same, I would have to ask the
6 evaluators why they may have put certain information in the
7 notes?

8 A Most likely yes. I mean I can't answer to why they
9 wrote some notes.

10 Q Okay. And let finish with this line of questioning,
11 since I was asking you. So are you familiar with Clear
12 River LLC?

13 A I'm aware of the licensee, yes.

14 Q Okay. Did Clear River ever receive a traditional
15 license in unincorporated Clark County, to your knowledge?

16 A I'd have to look at the listing.

17 MR. PARKER: Can we put up Exhibit 13, please.

18 BY MR. PARKER:

19 Q Do you see it there?

20 A Yes, I do. Number 10.

21 Q All right. And is it true that only 10 licenses were
22 handed out in unincorporated Clark County?

23 A Yes, that's correct.

24 Q Okay. Was Wellness Connection of Nevada the 11th --
25 in the 11th spot?

1 A Yes, they are.

2 Q And the differential between Wellness Center getting
3 in, that Clear River's about 1.66 points; is that correct?

4 A Yes, that's correct.

5 Q So if Clear River would have lost two more points,
6 then it would not have received a conditional license for
7 unincorporated Clark County; is that correct?

8 A Yeah, or -- yeah. Or the other one gained more.

9 Q Do you know how many points Clear River LLC got in
10 diversity scoring?

11 A I don't.

12 Q All right. Let me take a look at Exhibit 58. I
13 think that's been admitted, Your Honor.

14 THE COURT: Dulce says it has.

15 MR. PARKER: Perfect. Thank you.

16 BY MR. PARKER:

17 Q Would you agree with me that Clear River received 12
18 points to diversity?

19 A Yes.

20 Q All right. Clear River's an LLC. Do you know
21 whether or not it listed -- how it listed its owners or
22 managers or members or whomever, did you take a look at that?

23 A No, I did not.

24 Q Give me your understanding of what they -- whom they
25 should have listed based upon the application?

1 A They should have listed their owners, officers, and
2 board members.

3 Q All of them, right?

4 A Yeah.

5 Q All right. And in terms of diversity, they would be
6 entitled only for consideration of those people occupying those
7 positions, the owners, officers, or board members; is that
8 correct?

9 A Yes.

10 Q How many people did Clear River include as a part of
11 its diversities form; do you know?

12 A I do not know.

13 MR. PARKER: I don't know if Exhibit 132 has been
14 admitted, Your Honor.

15 THE COURT: Dulce says no.

16 MR. PARKER: Mr. Graf, do you have objection to 132?
17 I think it's the part of your application submitted to the DOT.

18 THE COURT: Which portion, Mr. Parker?

19 MR. PARKER: I believe it's the identifiers portion.
20 Is 30 -- (indiscernible).

21 THE COURT: Well, why don't you show Mr. Graf the --

22 MR. PARKER: Well, I was just going to use the -- use
23 that. I think he --

24 MR. GRAF: And, Your Honor, we -- if -- just if
25 Mr. Parker can confirm, this is what you're talking about?

1 MR. PARKER: That's 37.

2 MR. GRAF: So which part are you talking about?

3 MR. RULIS: Handwritten notes?

4 MR. PARKER: Yeah.

5 MR. GRAF: Oh, the handwritten notes?

6 MR. PARKER: Yeah.

7 MR. GRAF: Your Honor, our concern is, is that there
8 are -- yes, we object, Your Honor. There is personal and
9 proprietary information included in there, and this is also
10 subject to our previous Motion for a Protective Order. We're
11 just trying to be consistent, Your Honor.

12 THE COURT: Okay. So can I see a copy so I can look
13 at it to make a determination as to whether it appears to me to
14 be confidential? Does anybody know where it is?

15 MR. GRAF: Your Honor, Mr. Rulis was good enough to
16 give me a copy this morning. If you want to look at my copy --

17 THE COURT: Nobody gave me one.

18 MR. GRAF: If you want to look at my copy, Your
19 Honor, you should have a copy.

20 THE COURT: Giving Dulce a copy doesn't give me a
21 copy.

22 MR. PARKER: I gave Dulce two copies.

23 THE COURT: Oh. Well, she didn't -- Which one,
24 Mr. Parker? 130 or 130?

25 MR. PARKER: 132 and then we're going to go to 130

1 after that.

2 THE COURT: Page number?

3 MR. PARKER: Page number 30782, the Alpha Americas
4 DOT.

5 THE COURT: Hold on. Counsel, I am looking at this
6 solely for purposes of making an evaluation on the
7 confidentiality objection on this page.

8 MR. GRAF: Which page again? I'm sorry.

9 MR. PARKER: 30 --

10 THE COURT: I am on DOT030782. The information that
11 appears on DOT030782 does not appear confidential. If you are
12 only seeking to use that page, we will mark it as 132A. If
13 there's other information in here, I will address them on a
14 page-by-page basis according to Mr. Graf's objection.

15 MR. GRAF: Thank you, Your Honor.

16 THE COURT: So can we mark that one as A?

17 MR. PARKER: Yes, Your Honor.

18 THE COURT: All right.

19 THE CLERK: Can I have the Bates number again?

20 MR. PARKER: Yes. It's 307 -- it's DOT03 --

21 THE COURT: 30782.

22 MR. PARKER: May I approach, Your Honor?

23 THE COURT: I didn't take it out. Sir, do you have a
24 book that looks like this somewhere?

25 / / /

1 BY MR. PARKER:

2 Q Did you find the page, Mr. Gilbert?

3 A On the --

4 Q It should be on the screen, but --

5 A I got it on the screen.

6 Q Okay. Good enough. But you agree now that there are
7 12 people that were taken into consideration by the evaluator
8 for purposes of diversity?

9 A Yes, based on the notes.

10 Q And would you also agree that they were -- as a
11 result of their calculation on the evaluators' calculation,
12 they gave them 12 points?

13 A Yes.

14 Q And they identify six females, one black person; is
15 that correct?

16 A Yes.

17 Q Did -- do you know what positions the females held or
18 the black person?

19 A I do not.

20 Q Do you know who the owner of Clear River is?

21 A Not that I can recall.

22 Q Okay. Do you know whether or not an advisory board
23 was created by Clear River that added the black gentleman or
24 black female and the other six females?

25 A I'm not aware.

1 Q Do you know whether or not the evaluators determined
2 that there was an advisory board as opposed to a board member
3 that was being included in the diversity listing?

4 A I'm sorry, can you repeat that, sir?

5 Q Yes. Do you know whether or not the evaluators
6 determined whether or not this was an advisory board or a board
7 member that was being added to their diversity count?

8 A I do not know.

9 Q Were you aware that Clear -- do you know whether or
10 not the Department of Taxation informed the owner of Clear
11 River that the ownership listed did not have to match the
12 Department's records?

13 A I'm not aware.

14 Q Did you look at the Secretary of State's information
15 to determine whether or not Mr. Black -- Randy Black Sr. was
16 the only manager and member of Clear River LLC?

17 A I did not.

18 Q Do you know if the evaluators would have done that?

19 A They should have looked to see if they're registered
20 with the Secretary of State.

21 Q Should they have looked to determine whether or not
22 any of the 12 members or 12 individuals listed for the purposes
23 of diversity would have been consistent with your historical
24 information or the Secretary of State's information?

25 A It should have been looked at for historical

1 information. However, if they're -- I think I spoke to them
2 last week or the week before regarding the transfer of
3 ownerships, if they -- if an entity had a transfer of ownership
4 in the house, then we would look at that also.

5 Q Let's take a look at Exhibit 130. If we can, Your
6 Honor, let me first --

7 THE COURT: That's a proposed exhibit, Mr. Parker.

8 MR. PARKER: Oh. Okay. And that was dealing with
9 the monopoly analysis, Your Honor. I don't know if there's an
10 objection to that. I don't know if there was.

11 MR. SHEVORSKI: Well, Ted, I don't know what it is.

12 THE COURT: 130, and somebody coded it in the books,
13 looked at it.

14 MR. PARKER: It's DOT044450.

15 MR. SHEVORSKI: No objection from the State, Your
16 Honor.

17 THE COURT: And which dispensary does it relate to?

18 MR. PARKER: It's all of them, Your Honor.

19 MR. SHEVORSKI: It's all of them.

20 MR. PARKER: It's all of them.

21 THE COURT: Okay. Let's see if anybody objects.

22 MR. PARKER: And it's -- Your Honor, for the record,
23 it's DOT044450 through DOT044452.

24 MR. KOHN: No objection for Nevada Organic Remedies.

25 MR. HONE: No objection.

1 MS. SHELL: No objection, Your Honor.

2 MR. GRAF: Your Honor, no objection.

3 MR. GUTIERREZ: No objection, Your Honor.

4 THE COURT: Be admitted. Thank you for all looking
5 at it.

6 (Plaintiffs' Exhibit Number 130 admitted)

7 BY MR. PARKER:

8 Q So if you look on the first page, it lists
9 Clearwater -- Clear River, I'm sorry, LLC. And it lists the
10 names of those identified by Clear River for purposes of
11 diversity; do you see that?

12 A Yes.

13 Q All right. And looking at this document, it says
14 here, Current owners officers or board members for this entity.
15 Do you see that column which is eighth from the left?

16 Look at the top. Can you see that? I know the print
17 is small. This is a very tight --

18 A Yeah. I think I saw it when you enlarged it.

19 MR. PARKER: Your Honor, may I approach?

20 THE COURT: You may.

21 THE WITNESS: Yes. I knew it was somewhere.

22 BY MR. PARKER:

23 Q Okay. So the O, O, and B stands for Owners,
24 Officers, and Board Members, correct?

25 A Yes.

1 Q And so we go below that list, Clear River indicates
2 no in terms of these individuals listed; is that correct?

3 MR. GRAF: Objection, Your Honor, as to form, as to
4 what the document indicates.

5 THE COURT: Overruled.

6 MR. GRAF: Thank you.

7 BY MR. PARKER:

8 Q Do you notice that?

9 A Can you repeat it, please.

10 Q Yes. The word, No, is below -- is in that column and
11 has reference to Clear River LLC for all 12 of these
12 individuals; do you notice -- did you notice that?

13 MR. GRAF: Objection, Your Honor. Misstates the
14 evidence.

15 THE COURT: Overruled.

16 BY MR. PARKER:

17 Q Well, I'm sorry. It says yes as to one person, Mr.
18 Black Sr. Other than that, if you can believe that the other
19 11 people all has a -- or all have a No to the right of
20 their --

21 A Yes.

22 Q All right. And instead, they even listed it as
23 prospective officers in the notes; do you see that?

24 THE COURT: Or BM.

25 / / /

1 BY MR. PARKER:

2 Q Or Board Member; that's correct.

3 A Yes, that's correct.

4 Q So I want you to consider the dichotomy of what you
5 said earlier regarding listing all owners, shareholders; do you
6 remember that conversation?

7 A I believe so.

8 Q All right. And you've told me that you didn't
9 expect, perhaps, that all shareholders will be listed or all
10 owners will be listed unless they came up to 5 percent or
11 greater; do you remember that?

12 A I do. I don't know if that's necessarily my opinion
13 or guidance, but that's what the application required.

14 Q Right. But the application didn't say 5 percent or
15 greater; it just said owners, correct?

16 A Yes.

17 Q And it didn't -- would you agree with me that taking
18 into consideration prospective officers, not current, would be
19 a very liberal approach at getting diversity points when you're
20 not requiring to be, I think, very conservative and responsible
21 all owners to be identified for purposes of determining
22 ownership for monopoly; do you understand the two
23 consideration?

24 A Can you repeat that, please?

25 Q Sure. You're giving someone diversity points for

1 prospective potential officers on the one side; do you see
2 that?

3 A Well, I don't know if this is -- does this match what
4 they put in their application?

5 Q Well, this is --

6 A Because this isn't the diversity analysis.

7 Q There are 12 people here, and the scores indicated
8 that there were 12 people considered. I showed you that first
9 under Exhibit 132A. Remember that?

10 A I do. Yes.

11 Q All right. So that's what the scores decided. The
12 scores decided, using your training, to include these 12 people
13 in this diversity calculation; is that true?

14 A I'd have to look at the attachment.

15 MR. PARKER: Can we go back to 132A again, please?

16 THE COURT: You see it there, sir?

17 THE WITNESS: Yes. I do see that.

18 BY MR. PARKER:

19 Q All right. And I'm guessing that the one black
20 doesn't mean Mr. Black Sr. Would you agree with that?

21 A I read it. Hope so, yes.

22 Q All right. Good enough. So if we were to do a count
23 here of the Clear River individuals listed, do we come up with
24 12?

25 A Yes. There's 12.

1 Q All right. So that would match with the scores used
2 for their diversity and valuation; is that correct?

3 A Based on the number, yes. But I'd have to look at
4 Attachment C.

5 Q Okay. You can't accept the scores information here?
6 It says the numbers match in terms of the listing.

7 A It did -- they did take 12 individuals into account.

8 Q Well, why don't we do this to see if this helps. How
9 many of those listed would be female, just based on the name?
10 Do you see six females based on first names?

11 A It's hard for me to say on some of them.

12 Q There's some easy ones.

13 A Yeah.

14 Q Lorraine, Rita, Risha, Lisa, Jade, I don't know if
15 it's Sayde or not, S-A-Y-D-E.

16 A I would say they're --

17 Q All right.

18 MR. PARKER: Your Honor, Mr. Campbell is suggesting
19 that we take a look at Exhibit 37. I think it was proposed,
20 but it's not been admitted, which may be helpful to Mr.
21 Gilbert.

22 THE COURT: Sir, you can look at Exhibit 37 if you
23 want, even though it's not admitted. It's in the books.

24 MR. PARKER: Do you have an issue with 37, Mr. Graf?

25 MR. GRAF: Which one's 37?

1 MR. PARKER: I think that's your listing, the actual
2 Clear River listing. Let's see, I can tell you the DOT number.

3 THE COURT: Do you have an objection, Mr. Graf?

4 MR. GRAF: I do, Your Honor. This is the document
5 that's subject to our previous Motion for Protective Order, Her
6 Honor ordered that we produce certain information, and we did.
7 We marked it as highly confidential.

8 THE COURT: Hold on a second. Dulce is handing me a
9 copy. For purposes of this examination, Mr. Parker, what pages
10 do you intend to use?

11 MR. PARKER: I think it's just page 2.

12 THE COURT: Page 2 of what?

13 MR. PARKER: Of Exhibit 30 -- of Exhibit 30.

14 THE COURT: So the second page?

15 MR. PARKER: Yeah, I think it maybe Attachment C.

16 THE COURT: Which is a redacted Attachment C?

17 MR. PARKER: Yes, Your Honor.

18 THE COURT: For the purposes of this examination,
19 there does not appear to be any confidential information on
20 DOT-Clear River 001737.

21 MR. GRAF: And just before you admit it, Your Honor,
22 for purposes of this hearing, we want to reiterate our
23 objection based upon SB32 and it's inaction by the State.

24 THE COURT: Okay.

25 MR. PARKER: Your Honor, let me --

1 MR. GRAF: But the applications are confidential.

2 MR. PARKER: Excuse me. I'm sorry.

3 THE COURT: And this is Exhibit 37A, will be Bates
4 Number DOT, Dot, Clear --

5 MR. GRAF: It's (indiscernible) privilege, Your
6 Honor. Sorry, I apologize.

7 THE COURT: 001737. I understand your position,
8 Mr. Graf.

9 MR. PARKER: Your Honor, this -- it's still
10 Exhibit 37 we're concerned about. But Mr. --

11 THE COURT: That's 37A now. Of you have another page
12 you want me to look at to resolve the confidentiality objection
13 that's been raised?

14 MR. PARKER: Yes, Your Honor. The problem is, and
15 you probably understand this based upon the many days we've
16 been here, the explanation and the description of each of these
17 people would be in the following pages 2 through 37 under
18 Exhibit 37A.

19 THE COURT: Which are fully redacted? Yeah.

20 MR. PARKER: Yeah. So --

21 THE COURT: I got that part.

22 MR. PARKER: So the question is will your ruling be
23 the same if he's allowed to look at that information?

24 THE COURT: The unredacted information?

25 MR. PARKER: No, the redacted 2 through page 37 and

1 37A.

2 THE COURT: Bates numbers?

3 MR. GRAF: I'm not understanding what you're saying,
4 actually.

5 MR. PARKER: I believe there's -- from page 32 to
6 page 37 --

7 MR. GRAF: You'd want him to look at.

8 MR. PARKER: Yes.

9 MR. GRAF: Okay.

10 MR. RULIS: And we have the same objections, Your
11 Honor.

12 THE COURT: I need Bates numbers, Mr. Parker, to
13 review it for confidentiality.

14 MR. PARKER: Certainly, Your Honor.

15 MR. RULIS: Your Honor, can I give you Bates numbers?

16 THE COURT: You may.

17 MR. RULIS: It's DOT-Clear River 001736.

18 THE COURT: 17 --

19 MR. RULIS: Hang on, sorry.

20 THE COURT: -- 36 is not in this packet Dulce handed
21 me.

22 MR. RULIS: No, 37. I apologize.

23 THE COURT: That's the one I admitted as A.

24 MR. RULIS: Through --

25 MR. GRAF: Your Honor, while you're looking at that,

1 I just want, for purposes of the record --

2 THE COURT: I'm just trying to get numbers.

3 MR. GRAF: I know. I got it.

4 THE COURT: Let me get the numbers first, Mr. Graf.

5 MR. RULIS: Through 1772.

6 THE COURT: So 1738 through 1772, which appears to be
7 the entire document. So the objection is sustained, unless you
8 want to give me particular pages within there to look at.

9 MR. RULIS: That's the entire of Attachment C.

10 THE COURT: I understand. Which is why I'm asking,
11 are there particular pages with any exhibit you would like me
12 to look at --

13 MR. RULIS: Sure.

14 THE COURT: -- like I did with 1737, which I admitted
15 as Exhibit 37A? Not saying you can't use it with the witness.
16 It's just an admission for public purposes.

17 MR. RULIS: Understood.

18 THE COURT: You can, of course, ask the witness
19 questions about an unadmitted document all day long.

20 MR. GRAF: Let's not do it all day long.

21 THE COURT: Well, especially since I was told that
22 Mr. Gilbert was a half day more and I got 28 more minutes in my
23 half day.

24 MR. PARKER: I'm almost done.

25 THE COURT: Yeah.

JD Reporting, Inc.

1 MR. PARKER: This is my --

2 MR. GRAF: He said that an hour ago.

3 MR. PARKER: I did not say that an hour ago.

4 MR. SHEVORSKI: So is the first page here the
5 Secretary o State's, is that 37? And then the next page is
6 37A?

7 THE COURT: I have only admitted 37A, which is D-O-T,
8 DOT Clear River 001737, after doing an evaluation of the
9 confidentiality issue, when Mr. Rulis suggested that I admit
10 the entire document, Exhibit 37, I sustained Mr. Graf's
11 objection related to confidentiality as well as understanding
12 he's also making a number of other objections related to
13 privilege.

14 MR. GRAF: Thank you, Your Honor.

15 MR. RULIS: Thank you, Your Honor.

16 THE COURT: Which I didn't rule on.

17 MR. GRAF: Thank you for dodging that and putting
18 that.

19 THE COURT: Which I didn't rule on.

20 MR. PARKER: So, Your Honor -- right. So I think we
21 can limit it to the page you already approved, admitted, then
22 one page, 1741 and 1744.

23 THE COURT: So, anything else on 1741 and 1744, which
24 are heavily redacted pages?

25 MR. GRAF: Your Honor, just the same objection, but

1 want to reiterate the fact that we believe that it's also
2 privilege, and we'd ask that the Court rule on our objection
3 based on privilege, also.

4 THE COURT: I deny it on the privilege basis and --

5 MR. GRAF: Thank you, Your Honor.

6 THE COURT: -- with respect to 1741 and 1744, given
7 the redactions, there does not appear to be any confidential
8 information in those. So 41 and 44, I can either make them
9 part of 37A or make them a 37B and C.

10 MR. GRAF: That's up to Her Honor.

11 THE COURT: It's up to Dulce, actually.

12 MR. GRAF: All right.

13 THE CLERK: Let's just do A.

14 THE COURT: So she's going to put those three pages
15 in 37A.

16 MR. PARKER: Thank you, Your Honor.

17 MR. GRAF: And, Your Honor, we would ask that that --
18 those be sealed by the Court following this hearing.

19 THE COURT: No.

20 MR. GRAF: Okay.

21 THE COURT: Did that once, never doing it again.

22 MR. GRAF: All right.

23 MR. PARKER: State and the federal courts don't like
24 that anymore. I've had to deal with that.

25 MR. GRAF: I think that's what SB32 requires, though.

1 That's why I'm saying, not --

2 THE COURT: That's not what SB32 requires, Mr. Graf.
3 You want to point me to a particular section of SB32, I have it
4 right here. Be happy to look at it with you and have a
5 discussion.

6 MR. GRAF: Okay.

7 THE COURT: But that's not what it requires.

8 MR. PARKER: All right. So may I approach, Your
9 Honor?

10 THE COURT: You may.

11 BY MR. PARKER:

12 Q So can you look at -- Mr. Gilbert, can you look at
13 Exhibit 37 and look at just the pages, page 2, which has been
14 admitted, 1737 and 1741 and 1744. So this is Clearwater's
15 Attachment C.

16 A Is that in here?

17 Q Well, it's on the screen now.

18 A Okay.

19 Q Makes it easier.

20 MR. PARKER: Your Honor, may I approach?

21 THE COURT: You may.

22 BY MR. PARKER:

23 Q So you're familiar with Attachment C; is that
24 correct?

25 A Yes.

1 Q And so this is the attachment which is a part of the
2 application that each applicant must fill out; is that correct?

3 A That's correct.

4 Q All right. It appears here that Mr. Black Sr.,
5 Robert Black Sr. assigned this -- or appears -- is identified
6 in the document; is that correct?

7 A Yes, that's correct.

8 Q And he's identified as a Caucasian male; is that
9 correct?

10 A Yes.

11 Q And he's identified as an owner?

12 A Yes.

13 Q Can you tell from this document or from this page
14 alone whether or not there are any other owners identified for
15 Clear River?

16 A Not on this document.

17 Q All right. Is the rest of the document redacted --
18 changed, if you go all the way up to the bottom -- or go all
19 the way down to the bottom?

20 A (No audible response.)

21 Q All right. Let's go to page 1741.

22 A (Witness complies.)

23 Q So Mr. Flintie Williams; do you know him?

24 A I do not.

25 Q He's identified as an African-American non-Hispanic;

1 do you see that?

2 A Yes.

3 Q And he's identified as a male. And if you go up
4 above, he's identified as a board member; is that correct?

5 A Yes, that's correct.

6 Q Did the Manpower graders, I believe, identified Mr.
7 Williams as an advisory board member; did you know that?

8 A I do not know that.

9 Q Okay. So we were to look back at Exhibit 132 --
10 THE COURT: Proposed.

11 MR. PARKER: Proposed. I thought it was 132A now,
12 Your Honor.

13 THE COURT: Only one page.

14 MR. PARKER: Yeah, you're right. I'm going to need
15 130784.

16 THE COURT: So --

17 MR. PARKER: So let me ask if anyone has an objection
18 to that.

19 THE COURT: Or you can just ask the witness to look
20 at it in the book and not admit it and use it otherwise.

21 MR. PARKER: That's true, Your Honor.

22 BY MR. PARKER:

23 Q Mr. Gilbert, can you take a look at DOT03078 --

24 THE COURT: You're back in this book, sir.

25 / / /

1 BY MR. PARKER:

2 Q It's in the small book.

3 A Okay. Got it.

4 MR. SHEVORSKI: Which exhibit is that?

5 THE COURT: Proposed 132.

6 MR. PARKER: It's Proposed 132.

7 MR. SHEVORSKI: Thank you.

8 MR. PARKER: It's DOT030784.

9 THE CLERK: Mr. Parker, I believe it only goes up to
10 0830.

11 MR. PARKER: All right.

12 THE COURT: 132? Is it okay if I look at the last
13 page to see what the Bates number is? My last page says 30.

14 MR. SHEVORSKI: 784 there --

15 MR. PARKER: That's the one I want, 784.

16 THE COURT: 030830 is the last one in my book.

17 MR. SHEVORSKI: My only concern is that there is --
18 or it looks like there is confidential material that's on that
19 page.

20 THE COURT: I'm not -- he hasn't offered it. I'm not
21 dealing with it. He's showing it to the witness.

22 MR. SHEVORSKI: Very good, Your Honor.

23 MR. PARKER: And I'm only concerned with the top of
24 it, it has nothing to do with the financials, Your Honor.

25 THE COURT: Try to deal with the confidentiality and

1 sealing issues so Mr. Graf doesn't have to keep making that
2 objection.

3 BY MR. PARKER:

4 Q Do you see that, Mr. Gilbert? Are you looking at
5 that page?

6 A I think -- you want to confirm I'm looking at the
7 right one?

8 MR. PARKER: May I approach, Your Honor?

9 THE COURT: You may.

10 BY MR. PARKER:

11 Q Yep, that's it. It kind of mixed in with the --

12 A Got it.

13 MR. PARKER: And, Your Honor, the problem is that the
14 Bate number is kind of mixed in with the writing, so it's hard
15 to tell the number.

16 THE COURT: Okay.

17 MR. PARKER: So -- and we've confirmed that we have
18 the right page that he's looking at.

19 BY MR. PARKER:

20 Q Sir, do you see an indication there that the Manpower
21 grader or evaluator indicated Mr. Williams is an advisory board
22 member?

23 A I see that they wrote Advisory in that column or that
24 cell.

25 Q Would you agree with me, we've discussed this before,

1 there is no application information that allows for advisory
2 board members to be listed. In fact, advisory board is not
3 identified anywhere on the application; is that correct?

4 A To my knowledge it's not, no.

5 Q All right. And certainly this is even a further
6 stretch, because based upon Clear River's listing, they listed
7 Mr. Williams as a prospective as opposed to a current; is that
8 correct?

9 MR. GRAF: Well, objection, Your Honor. Misstates
10 the evidence.

11 THE COURT: Overruled.

12 BY MR. PARKER:

13 Q Do you see that? It says, Prospective BM, or Board
14 Member. Do you see that? That was Exhibit 37 that we looked
15 at, I believe.

16 THE COURT: 37A, Mr. Parker?

17 MR. PARKER: 130, I apologize. Yeah, it was 130,
18 Your Honor.

19 THE COURT: And this is the Department of Taxation
20 document --

21 MR. PARKER: It is.

22 THE COURT: -- not a Clear River document.

23 MR. PARKER: That's right.

24 THE COURT: All right. Thank you.

25 MR. PARKER: It's DOT44450.

1 THE WITNESS: Yeah, Mr. Williams is a prospective
2 board member --

3 BY MR. PARKER:

4 Q Yes.

5 A -- on this document.

6 Q Yes.

7 A Yes.

8 Q But -- and the listing evaluator indicated Mr.
9 Williams is a advisory board member; do you see that?

10 A All's I see is they wrote, Advisory, in the
11 Organizational column or row.

12 Q All right. So was there any training that allowed
13 for evaluators to consider non current board members in their
14 diversity evaluation or scoring?

15 A Well, like I said earlier, so if the ownership,
16 owners, officers, board members, that they submit in their
17 application didn't match what we currently had on record, we
18 looked for the transfer of ownership in the house.

19 Q Would there be a transfer of ownership necessary for
20 an advisory board member? Since an advisory board member may
21 not be an owner?

22 MR. GRAF: Object. Calls for a legal conclusion.

23 THE COURT: Overruled.

24 THE WITNESS: I'm sorry, can you repeat the question,
25 sir?

1 BY MR. PARKER:

2 Q Certainly. Is there a change of ownership document
3 necessary for a board member that's not an owner?

4 A No, there's not.

5 Q Oh. So was there any training on giving diversity
6 points to a noncurrent board member or noncurrent owner or
7 noncurrent officer?

8 A They went off the -- so if we compared the ownership
9 and the application, owners, officers, board members, to what
10 we currently had on record, and it didn't match the record,
11 then we would look to see if there was man owner or transfer of
12 ownership already submitted to the Department which matched the
13 application that was submitted. If that was the case, then if
14 it was cleared to go forward based on that information, then we
15 would use the diversity listing that was in Attachment C.

16 Q All right. But if you -- it's clear that if someone
17 identifies individuals as prospective, not current, that your
18 historical information wouldn't show those people; isn't that
19 true?

20 A The historical -- the records?

21 Q Right.

22 A No, they wouldn't.

23 Q Thank you.

24 A But the transfer of ownership should.

25 Q All right. But that's only if they're -- if they're

1 becoming an owner, not if they're simply a board member or an
2 officer with no ownership interest, right?

3 A They should be listed in -- we did --

4 (Pause in proceedings.)

5 THE WITNESS: I apologize. Can you repeat that?

6 MR. PARKER: No problem. It's not your fault.

7 We know Shelby?

8 THE COURT: Randy's going to go investigate.

9 BY MR. PARKER:

10 Q So if someone's not a current officer, current owner,
11 or current board member, you wouldn't have any historical
12 information to confirm one way or the other; is that true?

13 A Not on record.

14 Q Right.

15 A Right.

16 Q So if I said I'm going to open up ABC Recreational
17 Marijuana Establishment, and I'm going to hire as my -- or
18 bring on as my board the Aces front line -- do you know the
19 Aces are?

20 THE COURT: Do you know what the Aces are?

21 BY MR. PARKER:

22 Q The --

23 A Yes.

24 Q -- local professional women's basketball team.

25 A Okay.

1 Q Are you familiar with that?

2 A I --

3 Q I'm going to bring them on as my advisory board, I
4 just -- that's what I'm planning on doing if I get an
5 application.

6 Are your evaluators supposed to give me points for
7 those -- that potentiality?

8 A Only if you had submitted the transfer of ownership
9 prior to the application period.

10 Q Even if they didn't have an ownership change? Even
11 if they're not getting an ownership interest?

12 A We'd have to look at the -- we'd have to look at that
13 transfer. We'd have to verify that information.

14 THE COURT: So do you believe transfers in ownership
15 are submitted for board member positions?

16 THE WITNESS: Sometimes they are. Sometimes they
17 are, if there's a percentage of ownership.

18 THE COURT: No. Just board members. Are transfers
19 of ownership submitted when there's a change in board members
20 who are not equity owners?

21 THE WITNESS: Not always, no.

22 THE COURT: All right.

23 MR. GRAF: I doubt he heard that, Your Honor.

24 THE COURT: It doesn't matter. I'm not the important
25 one, Mr. Graf.

1 MR. GRAF: I agree. We'll keep that between us then.

2 BY MR. PARKER:

3 Q So, Mr. Gilbert, was there a transfer of ownership
4 document created or submitted by Clear River for these
5 prospective board members, officers, or owners?

6 A That I would have to go back and look at to answer
7 the question.

8 MR. PARKER: Your Honor, I believe we have, as
9 Exhibit 131, the DOT letter to Clear River regarding a change
10 of ownership. Has that been admitted?

11 THE COURT: It's a proposed exhibit, Mr. Parker.

12 MR. PARKER: Okay. Any objection?

13 THE COURT: Go to go see Mr. Graf with it.

14 MR. GRAF: I have it here, Your Honor.

15 THE COURT: Any objection?

16 MR. GRAF: No, Your Honor.

17 THE COURT: Be admitted.

18 (Plaintiffs' Exhibit Number 131 admitted)

19 MR. PARKER: May I approach, Your Honor?

20 THE COURT: You may.

21 MR. PARKER: Thank you.

22 MR. GRAF: What is this exhibit again?

23 MR. PARKER: 131.

24 MR. GRAF: 131?

25 MR. PARKER: Yes, sir.

1 MR. GRAF: Thank you.

2 MR. PARKER: All right. If you could go up a little
3 bit more, Shane.

4 BY MR. PARKER:

5 Q Now, can you tell me what change of ownership
6 happened and how could it match if you didn't have any
7 historical information related to these other 11 prospective
8 board members and officers?

9 MR. GRAF: Objection as to form, Your Honor. Assumes
10 facts not in evidence. Calls for speculation.

11 THE COURT: Overruled.

12 THE WITNESS: I apologize, can you --

13 BY MR. PARKER:

14 Q No worries.

15 MR. PARKER: Go all the way to the bottom, Shane.
16 All right.

17 Q So Mr. Pupo signed this letter. Were you involved in
18 any way of Clear River's request or furnishing of information
19 for the change of ownership?

20 A We have a program officer 3 who reports to me, who
21 processes the transfers.

22 Q Okay. Were you familiar with this document?

23 A Is that the -- that's the conditional licensee award
24 letter?

25 Q Yes.

1 A Yes.

2 Q All right. And tell me, how did -- did you perform
3 any exercise to determine whether or not there was actual
4 change in ownership by the listing of these 11 other
5 prospective officers and board members?

6 A I'm sorry, can you --

7 MR. GRAF: Object as to form, misstating the
8 evidence.

9 THE COURT: Overruled.

10 MR. GRAF: Thank you.

11 BY MR. PARKER:

12 Q Yes. The Department of Taxation under your charge do
13 any investigation to determine if there was a change of
14 ownership?

15 A Well, the Department of Taxation isn't under my
16 charge, but what we did was when the applications came in, if
17 the ownership listing on the application didn't match what we
18 had on record, then we would go to see if there was a transfer
19 of ownership already previously submitted to the Department.
20 We're slow getting -- slow process those, and it's not the
21 Department's, you know, intent to do them slow, but if it was
22 already submitted to the Department, then it was looked at.

23 Q Were any of these people given an ownership interest
24 in this LLC?

25 A I do not know.

1 Q When this letter was sent out, do you know if anyone
2 investigated whether or not any of the 11 other individuals
3 listed as prospective officers or board members were given an
4 ownership interest in Clear River?

5 A I wouldn't --

6 MR. GRAF: Objection. Vague as to time, Your Honor.

7 THE COURT: Overruled. He said when this photo was
8 sent out.

9 MR. GRAF: I'm just saying when that transfer --

10 THE COURT: Okay. Overruled.

11 MR. GRAF: Thank you, Your Honor.

12 THE WITNESS: Can you repeat, please?

13 BY MR. PARKER:

14 Q Certainly. Did your department do any investigation
15 when this change of ownership was submitted to determine
16 whether or not any of the 11 people listed were actually
17 getting an ownership interest in Clear River?

18 A Well, the transfer of ownership was processed like
19 any other. And then when we verified the owners, officers, and
20 board members in the application to the transfer of ownership
21 that was in house, that matched to proceed with the
22 recreational application.

23 Q It matched the listing of people. Did it -- was
24 there any investigation to determine if they had an ownership
25 interest?

1 A Not that I'm aware of. I did not do that.

2 Q Thank you. Are you aware that based upon the
3 Secretary of State's filing requirements, that LLCs are either
4 member managed or -- yeah, they're managed by members as
5 opposed to a board?

6 A I think I've seen that category down there as a
7 member.

8 Q All right. Did you see any of them listed as
9 prospective members or managers?

10 A I didn't look at it.

11 Q All right. To this date, you're not aware of any of
12 these 11 other people receiving an ownership interest in Clear
13 River, are you?

14 A I'm sorry, can you repeat that one?

15 Q Yes. To the -- until today, up to today, you're not
16 aware of any of these 11 other individuals being given or
17 buying an ownership interest in Clear River, are you?

18 A I wouldn't know. We'd have to -- I think -- if I
19 understand your question correctly, I'd have to look and see if
20 there's a transfer of ownership submitted. That would be our
21 only indication.

22 MR. PARKER: That's all I have, Your Honor.

23 THE COURT: Thank you, Mr. Parker.

24 MR. PARKER: Thank you.

25 THE COURT: Mr. Shevorski?

1 MR. SHEVORSKI: Mr. Bult had a few.

2 THE COURT: Mr. Bult, you said Teddy was going to
3 cover everything you could have possibly asked when I talked to
4 you last.

5 MR. BULT: He did. Thank you, Your Honor.

6 THE COURT: Yeah. Okay. Mr. Shevorski?

7 MR. SHEVORSKI: Okay. Sorry.

8 THE COURT: And if you don't want to start with the
9 eight minutes I have before lunch, all you have to do is tell
10 me.

11 MR. SHEVORSKI: No, I'll start. He's been here
12 for --

13 THE COURT: Days.

14 MR. SHEVORSKI: I was going to make a joke about four
15 score and several weeks ago. But --

16 CROSS-EXAMINATION

17 BY MR. SHEVORSKI:

18 Q Why don't we take a look at -- first of all, good
19 morning. And thank you very much on behalf of the State --

20 A Good morning.

21 Q -- for being so patient with us. Lawyers like to
22 talk and I'm no different. But I think this case is important,
23 so I appreciate your participation.

24 A You're welcome.

25 Q Please take a look at Exhibit 304 that Mr. Parker

1 handed you earlier.

2 A (Witness complies.)

3 Q Are you there?

4 A Yes, I am.

5 Q Okay. Now, Mr. Parker asked you about building
6 location, if I understood your testimony correctly, is that the
7 training for the Manpower personnel, and that would include Mr.
8 Lemons, would be not to score location; is that correct?

9 A Yes.

10 Q Do you see a score for location on that page?

11 A I do not.

12 Q So as far as we know -- we don't have Mr. Lemons
13 here -- Mr. Lemons did it right; correct?

14 A Yes. It appears yes, he did.

15 Q Let's look at page 305. Or, excuse me, Exhibit 305.
16 I'm out of practice. This should be a one-page document,
17 Mr. Gilbert.

18 A I've got it. I have it.

19 Q And this is also by the same fellow, Mr. Lemons?

20 A Yes, it is.

21 Q The Manpower associate?

22 A Yes.

23 Q And am I correct, Mr. Parker showed you this earlier?

24 A Yes.

25 Q Do you see a score for location there?

1 A No, I do not.

2 Q So again, Mr. Lemons did it right, didn't he?

3 A Yes.

4 Q So we talked about Mr. Lemons; are you familiar with
5 any of the other Manpower personnel?

6 A Yes, I am.

7 Q Now, as I understand it, there were six graders and
8 two administrative assistants; is that correct?

9 A Yes, it is.

10 Q Let's talk about -- let's talk about the graders.
11 Now, based on the information on the Nevada Department of
12 Taxation website, there was a fire inspector; is that correct?
13 Someone who had fire inspecting experience?

14 A Yes, that's correct.

15 Q There was a person who had real estate
16 development/accounting experience; is that correct?

17 A Yes.

18 Q There was a person who it's described as MBA project
19 manager; is that correct?

20 A Yes.

21 Q There was a person described as government accounting
22 and IT; is that correct?

23 A Yes.

24 Q There was a person described as government operations
25 and fiscal manager; is that correct?

1 || A Yes.

2 Q And they would be the actual graders, not the
3 administrative assistants, correct?

4 A That's correct.

5 Q And then we'd have -- this is precisely government
6 speak -- Administrative Assistant II, it's almost like it's in
7 the military, and those would be the people who were providing
8 support, procedural supports to the graders?

9 A Yeah, that's the two administrative assistants.

10 Q Before we get started on them, Your Honor, why don't
11 we take a break, if that's all right.

12 THE COURT: Okay. So, guys, this is our lunch break.
13 We'll be in recess until 1:15. Have a nice lunch.

14 (Proceedings recessed at 11:56 a.m., until 1:15 p.m.)

15 || -oOo-

16 ATTEST: I do hereby certify that I have truly and correctly
17 transcribed the audio/video proceedings in the above-entitled
