- 1. You must be notified by (enter name of requesting agency) <u>State of Nevada Department of Taxation</u> that your fingerprints will be used to check the criminal history records of the FBI and State of Nevada.
- 2. If you have a criminal history record the officials making a determination of your suitability for the job, license or other benefit for which you are applying must provide you the opportunity to complete or challenge the accuracy of the information in the record. You may review and challenge the accuracy of any and all criminal history records which are returned to the submitting agency. The proper forms and procedures will be furnished to you by the Nevada Department of Public Safety, Records Bureau upon request. If you decide to challenge the accuracy or completeness of you FBI criminal history record, Title 28 of the Code of Federal Regulations Section 16.34 provides for the proper procedure to do so:

16.34 – Procedure to obtain change, correction or updating of identification records. If, after reviewing his/her identification record, the subject thereof believes that it is incorrect or incomplete in any respect and wishes changes, corrections or updating of the alleged deficiency, he/she should make application directly to the agency which contributed the questioned information. The subject of a record may also direct his/her challenge as to the accuracy or completeness of any entry on his/her record to the FBI, Criminal Justice Information Services (CJIS) Division ATTN: SCU, Mod. D-2, 1000 Custer Hollow Road, Clarksburg, WV 26306. The FBI will then forward the challenge to the agency which submitted the data requesting that agency to verify or correct the challenged entry. Upon the receipt of an official communication directly from the agency which contributed the original information, the FBI CJIS Division will make any changes necessary in accordance with the information supplied by that agency.

- 3. Based on 28 CFR § 50.12 (b), officials making such determinations should not deny the license or employment based on information in the record until the applicant has been afforded a reasonable time to correct or complete the record or has declined to do so.
- 4. You have the right to expect that officials receiving the results of the fingerprint-based criminal history record check will use it for only authorized purposes and will not retain or disseminate it in violation of statute, regulation or executive order, or rule, procedure or standard established by the reaction and Privacy Compact Council.
- 5. I hereby authorize (enter name of requesting agency) <u>State of Nevada Department of Taxation</u> to submit a set of fingerprints to the Nevada Department of Public Safety, Records Bureau for the purpose of accessing and reviewing State of Nevada and FBI criminal history records that may pertain to me.

In giving this authorization, I expressly understand that the records may include information pertaining to notations of arrest, detainments, indictments, information for other charges for which the final court disposition is pending or is unknown to the above referred agency. For records containing final court disposition information, I understand that the release may include information pertaining to dismissals, acquittals, convictions, sentences, correctional supervision information and information concerning the status of my parole or probation when applicable.

6. I hereby release from liability and promise to hold harmless under any and all causes of legal action, the State of Nevada, its officer(s), agent(s) and /or employee(s) who conducted my criminal history records search and provided information to the submitting agency for any statement(s), omission(s), or infringement(s) upon my current legal rights. I further release and promise to hold harmless and covenant not to sue any persons, firms, institutions or agencies providing such information to the State of Nevada on the basis of their disclosures. I have signed this release voluntarily and of my own free will.

A reproduction of this authorization for release of information by photocopy, facsimile or similar process, shall for all purposes be as valid as the original. In consideration for processing my application I, the undersigned, whose name and signature voluntarily appears below; do hereby and irrevocably agree to the above.

Independent Auditor's Report

To the Board of Directors and Management

We have audited the accompanying financial statements of Liability Company (the "Company"), which comprise the balance sheet as of December 31, 2017, and the related statements of operations, changes in members' deficit, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An es evaluating the appropriateness of accounting policies used and the reasonableness of significant statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

We did not observe the taking of the physical inventory as of December 31, 2016, since that date was prior to the time we were initially engaged as auditors for the Company. We were unable to obtain sufficient appropriate audit evidence about inventory quantities at December 31, 2016 by other auditing procedures. Inventories totaling \$4,427,870 at December 31, 2016 enter materially into the determination of net income and cash flows for the year ended December 31, 2017.

MINPORTANT ACCOUNT INFORMATION

In the "Available balance, posting order, and overdrafts" section of the Deposit Account Agreement under the question "How do we process (post) transactions to your account?", we are replacing the paragraph beginning with "Your available balance will be reduced by pending withdrawals" to include a new fee waiver, as follows:

Your available balance will be reduced by pending withdrawals, such as debit card transactions we have authorized and must pay when they are sent to us for payment. If your account has insufficient funds as reflected by your available balance, the bank may assess overdraft and/or non-sufficient funds (NSF) fees on transactions we pay or return during nightly processing. A pending transaction will typically remain pending until we receive it for payment from your account, but we must release the pending transaction hold after three business days for most transactions. These pending transactions may be sent to us for payment after they have dropped from your account, but we must pay them when we receive them for payment.

In some circumstances, previously-authorized transactions may be paid into overdraft if other transactions or fees have reduced your balance before the pending transactions are sent to us for payment. To minimize the number of overdraft fees in these circumstances, we track transactions that reduced your available balance while pending and caused overdraft fees on other transactions. If these transactions are presented for payment within 10 business days after they first appeared as pending, we will waive any overdraft fees on those transactions. In rare circumstances, the merchant presents transactions for payment with a different identification code than was used when the transaction was sent for authorization and we are unable to match them. In those cases, you may be charged an overdraft fee if the transaction is paid into overdraft.

In addition e, posting order, and overdrafts" section of the Deposit Account Agreement under the heading "IMPORTA UT FEES," we added the following:

We track transactions that reduced your available balance while pending and caused overdraft fees on other transactions. If these transactions are presented for payment within 10 business days after they first appeared as pending, we will waive any overdraft fees on those transactions. In rare circumstances, the merchant presents transactions for payment with a different identification code than was used when the transaction was sent for authorization and we are unable to match them.
