RE: 82047

SUBJECT: An outline of a few proposals for the Order of Decision on the Direct Appeal in 82047 follows:

First, issuing of the Order should be held off until discussion concerning all cases involving Fletcher take place discreetly, the goal being to arrange for both the criminal and the subsequent Family matters to be dealt with simultaneously. Such discussion will aim to resolve harmful impacts inflicted by Nevada's Attorney General upon Mr. Fletcher & her Family. The we cannot fix what has happened, we can certainly make it stop.

- The Fletcher's Motion For Removal of Counsel went denied as this Court is in agreement with briefs prepared by her counsel, this Court additionally finds - upon motions and briefs submitted by both Fletcher and her counsel being strongly evinced through review of the record - that a wrongful conviction truly did take place.
- What this boils down to is Right vs. Wrong. And it is only right to issue the following Orders...
- THIS COURT HEREBY ORDERS that the judgement in District Court Case No. CR17-0690A be overturned, and an immediate release is Ordered - FREE FLETCHER.
- May her Freedom, Family, & Pursuit of Happiness be restored.
