1	LAS VEGAS, NEVADA, FRIDAY, APRIL 20, 2018	
2	[Proceedings commenced at 11:10 a.m.]	
3		
4	[Outside the presence of the jury.]	
5	THE COURT: Good morning, ladies and gentlemen. Please	
6	be seated.	
7	MS. SISOLAK: Morning, Your Honor.	
8	THE COURT: This is the continuation of the trial in Case No.	
9	C-15-309578-1 and -2, Plaintiff, State of Nevada vs. Defendants, Steven	
10	Turner and Clemon Hudson. The record will reflect the presence of	
11	counsel for the State, counsel for the defendants, and the presence of	
12	the defendants.	
13	Counsel, are you prepared to go forward?	
14	MR. GIORDANI: Yes.	
15	MS. MACHNICH: Yes, Your Honor.	
16	MR. PLUMMER: Yes, Your Honor.	
17	THE COURT: At this time I'm going to bring the jury in.	
18	[Jury reconvened at 11:11 a.m.]	
19	THE COURT: You may be seated. Will the parties stipulate	
20	to the presence of the jury?	
21	MR. GIORDANI: Yes, Your Honor.	
22	MS. MACHNICH: Yes, Your Honor.	
23	MR. PLUMMER: Yes, Your Honor.	
24	THE COURT: State, call your next witness.	
25	MR. GIORDANI: State would call Stephanie Fletcher.	
	4	

1		STEPHANIE FLETCHER,	
2	[having been called as a witness and first duly sworn, testified as		
3		follows:]	
4		THE CLERK: Please be seated. Would you please state and	
5	spell yo	ur name for the record?	
6		THE WITNESS: Stephanie Fletcher, S-T-E-P-H-A-N-I-E	
7	F-L-E-T	-C-H-E-R.	
8		MR. GIORDANI: May I?	
9		THE COURT: You may.	
10		MR. GIORDANI: Thank you.	
11		DIRECT EXAMINATION	
12	BY MR.	GIORDANI:	
13	Q	Good morning, ma'am.	
14	A	Good morning.	
15	Q	What do you do for a living?	
16	A	I am employed as a senior crime scene analyst with the Las	
17	Vegas N	Metropolitan Police Department.	
18	Q	How long have you been a crime scene analyst with Metro?	
19	A	Approximately 17 and a half years.	
20	Q	And as a senior crime scene analyst, is it your duty and	
21	responsibility to respond and process crime scenes?		
22	A	Yes.	
23	Q	During the course of your years on the Metro Police	
24	Departn	nent, can you estimate generally how many scenes that you've	
25	respond	led to and processed?	
		5	

1	A	At last count, approximately 4,500 crime scenes.
2	Q	Okay. Are you a statistical type of person?
3	A	I am.
4	Q	Okay. So you keep track of the scenes that you have
5	respond	ed to?
6	A	I do, yes.
7	Q	I want to talk to you about a specific scene, an officer-involved
8	shooting	that occurred on Oveja Circle back in September of 2015.
9	A	Okay.
10	Q	Do you know what I'm talking about?
11	A	l do.
12	Q	When was it that you responded to that scene, if you recall?
13	A	I responded that morning approximately 7:00 in the morning.
14	And I rea	sponded to the command post, which was set away from the
15	scene.	
16	Q	And the command post, was that on the cul-de-sac or
17	A	At the time of my response, it was located near the
18	intersec	tion of Rainbow and Westcliff.
19	Q	All right. When you respond to that command center center,
20	what go	es on?
21	A	At that point I meet with the supervisor that's handling the
22	scene fr	om my section, from the crime scene investigation section. And
23	then I ar	m told, assigned a specific duty as to what they need me to
24	complet	е.
25	Q	Okay. What was your specific duty on this particular scene?
		6

Α I had two duties. The first one was to respond to a scene a 1 2 little bit away from the command post where they had a subject in custody that needed to be photographed. And then I responded to the 3 main scene where the shooting had taken place and I was tasked with 4 5 doing the shooting trajectory documentation. MS. MACHNICH: Your Honor, at this point, can we please 6 7 approach? THE COURT: I'm sorry? 8 MS. MACHNICH: May we please approach? 9 THE COURT: Yes. 10 11 MS. MACHNICH: Thank you. 12 [Bench conference transcribed as follows.] 13 MS. MACHNICH: I'm sorry. Your Honor, we have no objection to the first area, the first photography of the subject. However, 14 15 with regard to the second area that she just mentioned that she'd be 16 testifying to with regard to trajectory, we would be objecting to her 17 testifying as to trajectory in this case, given the fact that she was disclosed as an expert witness, and trajectory is not within the area of 18 lay testimony pursuant to NRS 50.265. I can make a further record as 19 well. I have a case. 20 THE COURT: I'm sorry? 21 MS. MACHNICH: Also pursuant to Burnside v. State, I would 22 like to make a record both of what we would have done had she been 23 24 disclosed as an expert in this case, and also to clarify why we believe 25 that she would be testifying to an expert -- an area of expert testimony if

1	she testified to trajectory.
---	------------------------------

2	THE COURT: State?
3	MR. GIORDANI: She's not being presented as an expert
4	witness and will not be asked to render any expert testimony
5	whatsoever. She is going to render her testimony on her observations
6	on the day, measurements made on the scene. And any opinion, if an
7	opinion is asked, is going to be a lay opinion, simply rationally based on
8	the perception of the witness pursuant to 50.265. We're not going to ask
9	her
10	THE COURT: Counsel, also be has to be helpful to the trier
11	of fact.
12	MR. GIORDANI: Right.
13	THE COURT: How is it going to be helpful to the trier of fact if
14	all she's aren't the photographs going to depict what she's going to
15	testify to?
16	MR. GIORDANI: Right. But she's also going to add the
17	photographs don't say this bullet was 6 feet off the ground, or 1 foot off
18	the ground. She took a tape measure and measured it.
19	THE COURT: Okay. I'll let her I'll let her testify as to what
20	she did and the measurements and
21	MR. GIORDANI: That's all
22	THE COURT: things of that nature. If she can say, I
23	measured it and it was 6 feet from the ground, but I'm not convinced at
24	this point she needs to give an opinion
25	MR. GIORDANI: She's not going to.
	8

1	THE COURT: as to what you know, I'll let her I'll let her		
2	testify as to perception, her observations. Okay. But I'm not going to let		
3	her give an opinion		
4	MS. MACHNICH: Thank you.		
5	THE COURT: as to what the		
6	MR. GIORDANI: We're not going to ask her to give an		
7	opinion.		
8	THE COURT: Okay.		
9	MR. GIORDANI: I'm just going to ask her		
10	THE COURT: I think counsel, it's more in a in limines type of		
11	situation, where she wants to rather than wait to hear the objection,		
12	she wants to bring it in as		
13	MR. GIORDANI: Sure.		
14	THE COURT: an oral in limine type of motion, I assume.		
15	MS. MACHNICH: Yes, Your Honor. Only because at this		
16	point she had stated that she did work on the trajectory. And at that		
17	point, I believe that my objection would be ripe for consideration.		
18	THE COURT: Okay.		
19	MR. GIORDANI: Yeah. And anything with regard to		
20	trajectory, Your Honor, I'm not asking her any opinion whatsoever.		
21	THE COURT: Okay. She can she can give her		
22	measurements and testify as to the		
23	MR. GIORDANI: The things she did and		
24	THE COURT: photographs. Right.		
25	MS. MACHNICH: Yeah. No objection to that.		
	9		

1		THE COURT: Okay.		
2		MS. MACHNICH: Thank you.		
3		MR. PLUMMER: Thank you.		
4		THE COURT: Okay.		
5		[End of bench conference.]		
6		MR. GIORDANI: Thank you.		
7	BY MR.	GIORDANI:		
8	Q	All right, ma'am. So you were you indicated that you were		
9	assigne	d various limited responsibility, and that was for the firearms		
10	evidence	e that was located all over the scene, correct?		
11	А	Correct.		
12	Q	You also indicated that you responded to photograph a		
13	suspect	that was in custody?		
14	А	Correct.		
15	Q	And do you know that suspect's name?		
16	А	I believe his last name was Turner.		
17	Q	Okay. Where did you respond to do that?		
18	А	I responded to Westcliff Drive. I was just east of Antelope,		
19	right the	right there on the side of the street.		
20	Q	Okay. So actually on the side of the road?		
21	А	Yes.		
22	Q	And when you arrived, what did you observe?		
23	А	I made contact with the officers that were out there with the		
24	subject.	They had a black male in custody. He was in handcuffs at the		
25	time of r	ny arrival. And I was asked to document his overall appearance,		
		10		

1	as well a	as any injuries that were present.	
2	Q	Okay. Showing you now already admitted 28; is that the	
3	subject	subject that you photographed?	
4	А	It is, yes.	
5	Q	Did you before looking at any injury, did you do observations	
6	of his ex	sternal appearance and clothes?	
7	А	I did. I took note of the clothing that he was wearing, as well	
8	as the b	loodstains that were present, apparent bloodstains that were	
9	present	on the pant legs, and also the defects that were present on the	
10	pant leg	S.	
11	Q	You reference defects. I'm showing you 29; were there	
12	defects	on the left pant leg?	
13	А	Yes. I observed three small defects on the inner portion of the	
14	pant leg		
15	Q	Showing you State's 30; are those three defects you observed	
16	visible ir	n this photograph?	
17	A	They are.	
18	Q	Can you point those out to the jury?	
19	A	Sure. One here oops, here and here.	
20	Q	Thank you, ma'am. Did you observe any defects to the right	
21	pant leg	?	
22	A	l did.	
23	Q	Showing you now 32. Let me flip that upside down. Is that	
24	visible ir	n this photograph?	
25	A	Yes, it is.	
		11	

1	Q	Can you circle that
2	А	Sure.
3	Q	or point to it?
4	А	There's one.
5	Q	Thank you.
6		MR. GIORDANI: I forgot to ask, can the jury see this now?
7	There's	one saying no.
8		Can I move this, Your Honor?
9		THE COURT: You may.
10		MR. GIORDANI: Thanks. Everybody good? Okay.
11	BY MR.	GIORDANI:
12	Q	You indicated that you also photographed his injury?
13	А	Yes, I did.
14	Q	Showing you now State's 35; is that the injury you're
15	describir	ng?
16	А	Yes, it is.
17	Q	Zoom back out. Okay. Right or left leg?
18	А	That would be the inner left leg.
19	Q	What was the location of the injury?
20	А	It was right along where the calf muscle sits, right towards a
21	little bit f	orward of center a little bit, right whether the calf muscle is.
22	Q	What you say forward of center, do you mean the center line
23	running	down the inside of the leg?
24	А	Correct.
25	Q	It was just forward of that?
		12

1	А	Just forward of that, yes.
2	Q	Did you, if you recall, document anything that was taken from
3	this mar	n's pockets or anything like that?
4	A	l did not, no.
5	Q	Okay. So your secondary assignment was going to the home
6	on Oveja	a Circle?
7	A	Yes.
8	Q	When you arrived, what personnel was already there?
9	А	When I arrived there were several police officers and
10	detective	es, detectives from our Force Investigation Team, uniform police
11	officers	on scene. There were supervisors from my section, Kristen
12	Gramas [phonetic] was there. Jeff Smink was there. They're both	
13	supervisors, as well as Robbie Dahn, another senior crime scene	
14	analyst, and Jeff Smith, another crime scene analyst as well as. And	
15	Kristen I	Meckler was there as well.
16	Q	So several crime scene analyst personnel in addition to the
17	detectives and officers that are all on scene?	
18	А	Yes.
19	Q	With regard to the crime scene personnel, did each of you
20	have kind of individual assignments or responsibilities that you focused	
21	on?	
22	А	Yes, we did.
23	Q	Who did the general overall photographs of the scene?
24	А	That would be Robbie Dahn.
25	Q	Okay. And Ms. Dahn testified for what felt like 10 hours
		13

1	yesterda	ay, so I'm not going to go through all her photographs. I want to
2	go spec	ifically to what you observed
3	A	Okay.
4	Q	on the scene and what you documented, and how you
5	docume	nted. Okay?
6	A	Okay.
7	Q	I'm going to start with already admitted 7; it's a crime scene
8	diagram	, right?
9	A	Yes.
10	Q	And would you agree with me, this depicts the general area of
11	where it	was believed the shooting had occurred?
12	A	That is correct, yes.
13	Q	Okay. In the dining room area, do you know how many
14	casings	were found?
15	A	We recovered 12 cartridge cases.
16	Q	And what type of cases were those?
17	А	Those were Speer .9mm cartridge cases.
18	Q	Speer .9mm, is that the brand that's used across the board
19	with Met	tro?
20	A	It is.
21	Q	Okay. So when you see a Speer .9mm, you're you're
22	making	a presumption, you don't know for sure, but that's a Metro
23	round?	
24	A	Correct.
25	Q	Okay. So there's 12 cartridge cases from a Speer in the living
		14

room ar	ea?
A	In the dining room area, yes.
Q	I mean, dining room area.
A	Yes.
Q	Right?
A	That's correct.
Q	Any cartridge cases, Speer .9mm cartridge cases found
anywhe	re else, either outside or anywhere else, other than that kitcher
area?	
A	No.
Q	And I mean when I say kitchen, I I mean the dining room
So they	're all focused in one general area, correct?
A	They are, yes.
Q	With regard to this little covered patio area in the backyard,
were the	ere cartridge cases found out there?
A	Yes, there were.
Q	What types?
A	There were rifle cartridge cases that were consistent with rifle
rounds,	and there were three of those.
Q	Okay. Are those the 7.62 that we we've heard referred to
as 7.6-s	something?
A	Correct.
Q	Okay. And you said those appeared consistent with rifle
rounds;	and were those all located in one general area?
A	They were.
	15

Q	Where was that?
А	They were located at the south end of the covered patio area.
Q	Okay. So this is a compass at the bottom of this diagram.
North is	up, south is down. Do you, on this diagram, see those three
cartridge	e cases documented?
А	l do.
Q	And can you just tell us the numbers? I don't think you're
going to	be able to do it
A	Yeah. I won't be able it's the items numbers that were
designat	ted as the rounds on the patio, or the cartridge cases on the
patio, wo	ould be Items 25, 26, and 27.
Q	Okay. So three rifle cartridges cases on the patio. Are there
any I d	don't mean to be repetitive. Any .9mm's found anywhere on the
patio?	
A	There are not.
Q	Okay. Is there any 25 small-caliber cases cases found
anywhei	re?
A	No.
Q	Is there are there any shotgun expended shotgun shells
found ar	nywhere?
A	No.
Q	Okay. So we're dealing with a total of 12 cases in the dining
room, th	ree cases on the patio, and that's the extent of the cases on the
scene?	
A	Correct.

1	Q	And if the jury hasn't heard this already, cases are expended	
2	rounds, o	rounds, correct?	
3	А	That's correct.	
4	Q	Okay. I want to move out on to the patio. Did you document	
5	apparent	t defects in several different areas of the backyard?	
6	А	l did, yes.	
7	Q	I'm going to start with State's 294; is this your documentation	
8	of the cri	me scene?	
9	А	It is.	
10	Q	See if I can zoom in. How many defects did you find in this	
11	screen-ty	ype area?	
12	А	There were total of 12 defects through the metal sheeting, as	
13	well as th	ne screen.	
14	Q	Okay. So does this photograph encompass the 12 defects in	
15	that area	1?	
16	А	It does, yes.	
17	Q	Okay. And what are those marked as with your little evidence	
18	markers	there?	
19	А	A through, I believe, L.	
20	Q	Okay. So on the on the side of the screen closest to the	
21	house, th	nose would be A through L. Did you document on the other side	
22	of that screen?		
23	А	Yes, I did.	
24	Q	Showing you 267; does that appear to be the other side of the	
25	screen?		
		17	

1	A	It is, yes.
2	Q	And did you document 12 corresponding defects on the other
3	side of th	nat screen?
4	A	l did.
5	Q	What are those documented as?
6	A	Those are documented as A1 through L1.
7	Q	Did you go further oh, I'm sorry, and let me stop there with
8	that and	ask you: Did you measure the heights of those various 12
9	defects?	
10	A	I did. I measured the height of each individual defect as well
11	as its dis	tance away from the one of the poles that's holding up the
12	screen.	
13	Q	Okay. Would you have measured from this side or from the
14	other sid	e?
15	A	I believe I measured from the side facing the house.
16	Q	Facing the house?
17	A	Yes.
18	Q	We'll go back to 294. Can you tell us the range of heights off
19	of the gro	ound that these encompass?
20	A	For that I would be more comfortable referring to my report
21	Q	Would that
22	A	if I could.
23	Q	refresh your memory, ma'am?
24	A	It would, yes. Thank you.
25	Q	And let me lay a little foundation. Robbie Dahn, Crime Scene
		18

1	Analyst I	Dahn, created a a very lengthy crime scene report; is that
2	right?	
3	А	Correct.
4	Q	You've had an opportunity to review that before today?
5	А	I have, yes.
6	Q	Does part of that report encompass something you wrote
7	yourself	and then sent to her to add to her general report?
8	А	Yes, it does.
9	Q	Okay. And just to remind you, the question: I don't need the
10	heights o	of each one, I just need the range from the lowest one to the
11	highest o	one.
12	A	Sure.
13		MR. GIORDANI: And, counsel, I'm showing page 5 of
14	Ms. Dah	n's report.
15		MS. SISOLAK: Thank you.
16		THE WITNESS: So the shot that was lowest to the ground
17		THE COURT: Ma'am, I
18		THE WITNESS: I'm sorry, the the defect. I apologize. The
19	defect th	at was lowest from the ground
20		MR. GIORDANI: Hold hold on. Hold on a second.
21		THE COURT: Ma'am, I don't want you to read the report to
22	the jury.	What I'd like you to do is refresh your recollection
23		THE WITNESS: Okay.
24		THE COURT: by reviewing the report. And then with your
25	refreshe	d recollection, testify to the jury.
		19

1		THE WITNESS: Testify, okay. Sorry about that, Judge.
2		THE COURT: That's fine.
3	BY MR.	GIORDANI:
4	Q	Just with what you remember
5	A	So the range was between 3'3" inches, and 6' high. So the
6	lowest v	vas at 3' 3', and the highest measured at about 6' high.
7	Q	Okay. So 3'3" would be the lowest on the screen, and the
8	highest	would be up on the corrugated plastic or metal?
9	A	Correct.
10	Q	Did you then proceed further into the yard, past that screen?
11	A	l did, yes.
12	Q	Did you observe apparent defects in anything out further out
13	in the ya	ard?
14	A	Yes, I did.
15	Q	Showing you 271; what are we looking at here?
16	A	This is a wicker patio set that was positioned near the center
17	of the ya	ard west of that covered patio. So it was between the covered
18	patio an	nd the perimeter wall.
19	Q	Thank you. I'm going to briefly go back to 294; is that the
20	patio se	t we see here in the background?
21	A	It is, yes.
22	Q	How many apparent defects did you observe to the patio
23	furniture	??
24	A	To the patio furniture we observed four.
25	Q	Were those labeled with a particular letter or number?
		20

1	A	Yes, they were.	
2	Q	What were those?	
3	A	The letter N or M, I'm sorry. Correction, M.	
4	Q	Okay. M, as in Michael?	
5	A	M as in Michael. Yes.	
6	Q	Showing you State's 275; are those two of the four that you	
7	just refe	renced?	
8	A	They are, yes.	
9	Q	Can you kind of describe your your observation? Just what	
10	are we l	ooking at?	
11	A	This is just a little bit closer view of the cushions that are	
12	positioned on that love seat pad piece of furniture. The defect labeled		
13	M is the pillow that's set up in the loose pillow that's set up in front on		
14	the love	the love seat. And the defect labeled M2 would be the stationary	
15	cushion	that is along the back edge of the love seat.	
16	Q	Did you find what appeared to be a corresponding defect on	
17	the back side of the love seat?		
18	A	Yes.	
19	Q	What was that labeled?	
20	A	That would be labeled M1.	
21	Q	On the back side?	
22	A	On the back are you talking about on the back of the love	
23	seat?		
24	Q	Let me show you 277, and see if that's what we're we're	
25	talking a	bout the same thing.	
		21	

1	А	Oh, I'm sorry. M3 would be the backside of the stationary
2	cushion	
3	Q	Okay. And to be clear, is that the only defect that was found
4	on the b	ackside of the cushion?
5	А	Yes.
6	Q	Okay. You said there was an M4; where is that located?
7	А	M4 was located on the perimeter wall, along the backside of
8	the prop	perty.
9	Q	Okay. I want to move on to, were there any other items in the
10	central a	area of that backyard that were were had apparent defects to
11	them?	
12	А	Yes. We located a trash can, a plastic trash can that was
13	position	ed just behind with couch with two additional defects.
14	Q	Okay. Showing you State's 298; is that the trash can there
15	behind t	hat love seat?
16	А	Yes.
17	Q	And what were those did you label those defects?
18	А	Yes, we did.
19	Q	What did you label those with?
20	А	Those were labeled using the letter N.
21	Q	N, as in Nancy?
22	А	Yes.
23	Q	Okay. Showing you 272; is that the defect on the front side of
24	the close	est side of the trash can?
25	А	Yes.
		22

1	Q	That's the N. Was there an N1 and N2?
2	A	There would have been an N, an N1, and then an N2.
3	Q	Where was
4	A	But N and N1 were on the trash can.
5	Q	Okay. So N1 would be a corresponding defect on the other
6	side of th	ne trash can?
7	A	Correct.
8	Q	And then N2, where was that located?
9	A	That was located adjacent to the M defect on the wall along
10	the back	side of the property.
11	Q	Okay. Now, you referenced earlier trajectory. I don't want to
12	ask any	opinion whatsoever on trajectories. I want to ask you very
13	specifica	lly, what is a trajectory?
14	A	A trajectory, in simplest terms, is just the flight path of a bullet.
15	Q	Okay. And no disrespect meant by this, but when you use
16	trajectory	rods, do you just stick a stick through a hole, basically?
17	A	Basically, yes.
18	Q	Okay. I want to start with 284. What are we looking at here?
19		MS. MACHNICH: Your Honor, I'm going to renew my
20	objection	n. This is not an expert witness.
21		MR. GIORDANI: And again, I'm not asking for an expert
22	opinion i	n any way. It's just the observations that she made.
23		THE COURT: She can testify as to her observations.
24		MR. GIORDANI: Thank you, Your Honor.
25	BY MR.	GIORDANI:
		23

(What are we looking at here, ma'am?
	This was this is a photograph of a rod that was placed
throu	h the defects in the couch.
(Okay. And that that rod doesn't have a label to it. The M is
poin	ng to the defect, right?
	Correct.
(Okay. Showing you 287; what are we looking at here?
	This is a view of the rod in place from the backside of the
couc	
(Okay. Same rod we saw previously?
	It is, yes.
(All right. You mentioned several defects to the back wall of
the p	operty; is that right?
	Correct.
(How many defects did you observe and then label to the wall?
	Just counting, I want to give an accurate counting.
(Okay. Thank you.
	There were seven defects to the back wall.
(Okay. I'm showing you now 348; what are we looking at
here	
	This is a view of the marked defects along the back wall.
(Okay. Do you recall the letters that those would have been
mark	ed with?
	I do. We started with M, and I believe we ended with S.
(S, okay. So okay. Showing you 302; is that just a closer-up
	24

1	shot of a	couple of those defects in the wall?
2	А	It is, yes.
3	Q	Without opining in any way, can you describe the defect that
4	you obse	
5	A	There was a few that appeared to be holes.
6	Q	Okay. And I just, are you referring to P and O at least?
7	A	P and O appeared to be holes. And then they were a few that
3	appeare	d to not fully perforate the wall.
9	Q	Okay. At the very top of this photograph, what are we looking
0	at?	
1	A	That is a set of barbed wire.
2	Q	Okay. So there was barbed wire on the top of this back wall?
3	А	There was.
4	Q	Did that run the length of the back wall?
5	A	It did.
6	Q	Okay. Showing you 301; is that that same back wall?
7	A	It is.
8	Q	You can barely see that barbed wire running the length, right?
9	А	Yes.
0	Q	There's a lot of vegetation and stuff at the bottom of this wall,
1	correct?	
2	А	Correct.
3	Q	All right. Before I move on, real quickly, I want to go to
4	State's 6	, already admitted. This is a different diagram, correct?
5	A	Correct.
		25

1	Q	And that has some labels along the back wall, right?
2	A	Yes.
3	Q	Did those correspond with what you just testified to, M through
4	S, on th	e back wall?
5	A	It does, yes.
6	Q	Okay. And then up here, so I don't have to go back to it, there
7	are seve	eral letters where it appears that screen is on the patio?
8	A	Correct.
9	Q	Same thing, do those correspond with what you just testified
10	to, the d	lefects that you saw there?
11	A	They do, yes.
12	Q	Okay. And this is diagram six of seven, correct?
13	A	Correct.
14	Q	Okay. Did you then turn around, turn your attention back
15	towards	the home?
16	A	Yes.
17	Q	Okay. Want to start with 318; did you observe any defects in
18	any of th	he items on the patio?
19	A	Yes.
20	Q	What are we looking at in this exhibit?
21	A	This is a chair that is positioned just along the south end of the
22	patio in	front of the entry door into the dining room.
23	Q	And showing you now 317; is that just a different angle or
24	close-up	o of that same chair?
25	A	It is, yes.

1	Q	What's what are we looking at in this photograph?
2	A	It appears to be part of the metal construction of the chair, the
3	inner wo	orkings of the chair.
4	Q	Okay. So
5	A	Inside the cushion.
6	Q	Metal within the cushion?
7	A	Yes.
8	Q	Okay. And then real quickly, 323; is that T1, which was the
9	correspo	onding defect on the other side of the chair?
10	A	It is, yes.
11	Q	Did you take one of your yellow sticks and put it through that
12	chair?	
13	A	We did not.
14	Q	I want to show you now 188; what are we looking at here?
15	A	This is a metal fragment that was on top of the patio table that
16	appears	to have some sort of cotton material stuck to it.
17	Q	Okay. And 324, that's the T1 defect. Was that T1 portion or
18	side of t	he chair close to the table that we just saw?
19	A	It was nearby, yes.
20	Q	Okay. And then 187; what is that?
21	A	That's a view of that metal fragment on the on the table.
22	Q	Okay. Did you observe other defects to different furniture on
23	that pati	o?
24	A	Yes.
25	Q	Showing you now 357; what is this piece of furniture here?

1	А	That was a wooden entertainment unit that was along the								
2	south end of the patio just in front of the entry door into the dining room.									
3	It contained a television.									
4	Q	Okay. 165, were there any apparent defects to the television?								
5	А	They were, yes.								
6	Q	And were there any apparent defects to the entertainment								
7	center that housed the television?									
8	A	Yes, they were.								
9	Q	Have your indulgence for a moment. Do you recall labeling								
10	the vario	ous defects in that TV and entertainment center?								
11	A	Yes.								
12	Q	What were your labels for that?								
13	A	We utilized the letter U.								
14	Q	U. Showing you 337; what are we looking at here?								
15	A	Here you can see a defect to the front top edge of that								
16	televisio	n.								
17	Q	Okay.								
18	A	There is a second defect that is labeled U1 along the the								
19	top U	is on the front-facing side, and U1 is on the top edge. There's								
20	another									
21	Q	Okay. For the record I'm sorry to cut you off.								
22	Α	Yes.								
23	Q	The one that's just out of frame here, is that the U?								
24	A	That's U, yes. Correct.								
25	Q	Okay. And that would correspond with the hole?								
		29								

1	А	Yes.
2	Q	Then U1 would be is that more on the top of the television?
3	А	That is, yes.
4	Q	Okay. Then up underneath this shelf that abuts the television,
5	is there a	a label or tag there?
6	А	There is, yes.
7	Q	What would that be?
8	А	That would be U2.
9	Q	Do you like them?
10	А	U2.
11	Q	Up on top of that shelf
12	A	Uh-huh.
13	Q	is there then another label on top?
14	A	There is.
15	Q	What would that be?
16	A	That one was labeled U3.
17	Q	Okay. So showing you now oh, here we go. 338, let me
18	zoom in.	Describe what we're you observed here.
19	A	So this is the shelf that's positioned just along the topside of
20	the televi	sion, or above the television.
21	Q	Okay. And just real briefly, circle U2 and then U3.
22	A	Okay. U2 is right here. U3 is here.
23	Q	Okay. And then there's a U4 obviously up at the top there?
24	A	That's correct.
25	Q	There also is, like, a metal can there?
		30

1	A	Yes.
2	Q	Whatever that is, aerosol or something?
3	A	I believe it's a can of sunscreen.
4	Q	Did there appear to be any defects or issues with that?
5	A	There were. There was damage to that can, yes.
6	Q	Okay. When you did this documentation, was the can as is,
7	as it is in	this photo, standing right there?
8	A	I don't recall specifically where it was.
9	Q	Okay. Did you then take one of your sticks and put it through
10	the TV?	
11	A	I did, yes.
12	Q	Showing you now 307; is that the stick you placed through the
13	TV?	
14	A	It is, yes.
15	Q	Did it go up through the wood that shelf that's on top of that?
16	A	It did, yes.
17	Q	And then did it come to rest on this side wall of the wood?
18	A	It did, yes.
19	Q	Showing you State's 239, zoom back out. The left entry door
20	is in this	photo, correct?
21	A	Correct.
22	Q	That would go into the home?
23	A	Yes, it does.
24	Q	And then this is that same stick you placed through the TV,
25	correct?	
		31

1	А	Yes.
2	Q	All right. It looks like there's sunscreen, as well as a the
3	aerosol	can or a aerosol can. Does that appear to be consistent with
4	how it w	as originally?
5	А	It does appear that way, yes.
6	Q	Okay. And then showing you 310. In this one, you can see
7	those	those items had been moved where they were laying; is that
8	right?	
9	A	That's correct, yes.
10	Q	Okay. Does that make sense to you?
11	A	Yes.
12	Q	Is that something you would typically do?
13	A	Yes.
14	Q	Okay. I want to move back into the home briefly. Show you
15	State's a	already admitted 5. Okay. This is yet another diagram, correct?
16	A	Correct.
17	Q	And this one I've zoomed in enough that it's showing the
18	totality o	of the home, correct?
19	A	Correct.
20	Q	Did you make observations through this dining room and back
21	into the	living room?
22	A	l did, yes.
23	Q	And there's a big or a small number 20 in the center of the
24	living ro	om, correct?
25	A	Correct.

1	Q	What did that correspond with?
2	А	20 corresponded with shotgun pellets, or shot.
3	Q	Okay. Showing you now already admitted 83; what are all
4	these little	e specks all around this rug?
5	А	Those are the shotgun pellets, or the shotgun shot.
6	Q	Okay. I'm going to go to State's 84 just real quick to get
7	perspecti	ve. This is Evidence Marker 20, right?
8	А	Correct.
9	Q	Those those pellets are real tiny, correct?
10	А	They're they're very small. Yes.
11	Q	Okay. Did you count all the pellets, or no?
12	А	No.
13	Q	Okay. Can you estimate how many there were in that living
14	room are	a?
15	А	There were numerous.
16	Q	Okay.
17	А	Several dozen.
18	Q	Did you find some shotgun pellets in a different location?
19	А	Yes.
20	Q	Showing you now 263; what are we looking at here?
21	А	This is the living room window.
22	Q	Okay. What are we what are the yellow things across the
23	window?	
24	А	The yellow tape is just adhesive measuring tape that we utilize
25	to give a	photographic representation of the measurements.
	Sha	awna Ortega • CET-562 • Certified Electronic Transcriber • 602.412.7667 0981

1	Q	Okay. Within that let me go to 264. Within that square that
2	you've made with the tapes, are there several more what appear to be	
3	defects?	
4	A	Yes, they are.
5	Q	In the blinds?
6	A	Yes.
7	Q	Showing you now 344; what are we looking at here?
8	A	This is the window sill sill of the living room window after
9	we've pu	Illed the blinds up. And there are pieces of a shotgun round
10	located o	on top of the window sill.
11	Q	Okay. I'm showing you now 345; that's Evidence Marker 22,
12	right?	
13	A	Yes.
14	Q	What is that documenting?
15	A	That is a piece of wadding from inside the shotgun shell.
16	Q	Showing you State's 347. That's Evidence Marker 23; what is
17	that docu	umenting?
18	A	That is also a piece of the wadding from inside the shotgun
19	shell.	
20	Q	Okay. How high off the ground was that bulk of defects in the
21	drapes c	or the
22	A	I'd have to refer to my report to refresh my memory, if that's
23	okay.	
24	Q	Okay. If that would refresh your memory
25	А	Yes.
		34
	Sł	nawna Ortega • CET-562 • Certified Electronic Transcriber • 602.412.7667 0982

1	Q	go ahead and do so.
2	А	Yes, please.
3	Q	Oh, you don't have it.
4	А	l do you took it.
5	Q	Sorry.
6	А	Yeah.
7	Q	Page, I believe, 6.
8	А	Yes.
9	Q	There you go. Does that refresh your memory?
10	А	Yes, it did.
11	Q	Go ahead. How high?
12	А	It was approximately 3'10" up from the ground.
13	Q	Before I move on to my last little area of inquiry, I want to go
14	back to S	State's 7. Between that front area of the home, which is
15	actually -	I apologize. Let me give you a different diagram.
16		State's 3. All all the testimony you just gave about apparent
17	defects i	n the drapes and the broken window and the shotgun wadding,
18	those wo	ould be documented on this as well, correct?
19	A	Correct.
20	Q	And is that 21, 22, 23?
21	A	It is.
22	Q	And then 20 was all the pellets we saw earlier?
23	A	Yes.
24	Q	Okay. Now, from that patio area to that area where you find
25	the shote	gun wadding in the window, are there any holes in the wall
		35

1	between	the patio and the kitchen?
2	А	No.
3	Q	Are there any holes in the door that goes from the patio area?
4	Α	No.
5	Q	Okay. And there's obviously an open door when you're there,
6	correct?	
7	А	Correct.
8	Q	An open door leading from the patio to the dining room and
9	vice vers	sa?
10	A	That's correct, yes.
11	Q	Did you observe any apparent defects to the front door of the
12	home?	
13	A	Yes.
14	Q	Still have that Exhibit 3 up. The door to the front of the home,
15	did that I	nave a a security gate as well?
16	A	Yes, it did.
17	Q	Showing you State's 304; what are we looking at there?
18	A	This is a view of the security, the metal security door that's on
19	the exter	rior side of the front entrance to the house.
20	Q	Okay. And it appears that security door is closed, correct?
21	Α	Correct.
22	Q	Did you document any apparent defects in that?
23	A	l did, yes.
24	Q	Is that your little evidence tag at the very top there?
25	A	It is.
		36

1	Q	Well, not at the very top, but three-quarters of the way up?
2	А	Yes.
3	Q	Showing you 303; what are we looking at there?
4	A	This is a closer-up view of that defect that was located into
5	the th	rough the door.
6	Q	Okay. That's a what size was that defect? It looks a little
7	larger th	nan the others.
8	A	Based on the scale that's in the photograph, I'd say it's a little
9	bit large	er than two centimeters.
10	Q	Okay. And that's on which side of the door? Would it be the
11	inside o	f the home or the outside of the home?
12	A	That was on the in interior side of the home.
13	Q	Okay.
14	A	So inside.
15	Q	And the interior defect is marked with a V?
16	A	Correct.
17	Q	Did you also mark and observe the other side of the door,
18	being th	ne outside?
19	A	I did, yes.
20	Q	State's 305; what are we looking at there?
21	A	That's the exterior side. And that was marked as V1.
22	Q	V1?
23	A	Yes.
24	Q	Okay. What is this here?
25	A	The that's a piece of metal at the bottom of the defect that's
		37
	1	

1	bent downward and out.	
2	Q	Okay. Downward and out, from the inside of the home?
3	А	Correct.
4	Q	Meaning if you're inside, that hanging piece of metal would be
5	outside?	
6	А	Correct.
7	Q	Okay. Did you do any forensic testing on 303 V1 or V?
8	А	Yes, we did.
9	Q	What type of testing was that?
10	А	We utilized a presumptive test for lead and for copper using
11	two diffe	rent chemicals for each, resulting in positive results on for
12	both lea	d and copper on that hole.
13	Q	What is the purpose of that test?
14	А	We utilize this test to try to determine if a defect is, in fact,
15	related t	o a bullet, since a bullet is primarily composed of lead and
16	sometim	es copper, depending on how it is made up. So if we are able
17	to test fo	or that and get a positive result, we can presume that it is
18	possibly	going to be related to a bullet. However, if we get a negative
19	result, de	oesn't preclude it from being involved with a bullet, but that will
20	that help	os us determine if something is possibly related to the shooting.
21	Q	Thank you, ma'am.
22		MR. GIORDANI: Can I have the Court's brief indulgence?
23	Q	Real briefly, ma'am, do you know the distance from the the
24	patio do	or to the front door?
25	A	I could only approximate it. I don't have that distance. I did
		38

1	not measure that or complete the diagram so I		
2	Q	Okay.	
3	А	don't know that for a fact.	
4	Q	Understood. Up at the top here along with the compass	
5	needle,	there's a little scale underneath and it says, Approximate scale?	
6	A	Correct.	
7	Q	So that's not to the inch, correct?	
8	A	Correct.	
9	Q	Okay. So that would apply though that scale would apply	
10	both acr	oss the doors and back through the backyard, correct?	
11	A	Correct.	
12	Q	Okay. All right. Thank you, ma'am.	
13		MR. GIORDANI: I'll pass the witness, Your Honor.	
14		THE WITNESS: Thank you.	
15		THE COURT: Defense?	
16		MS. MACHNICH: I do need to go through some of the	
17	exhibits	just quickly to prepare, so Court's brief indulgence.	
18		[Pause in proceedings.]	
19		MS. MACHNICH: Your Honor, may I proceed?	
20		THE COURT: You may.	
21		MS. MACHNICH: Thank you.	
22		CROSS-EXAMINATION	
23	BY MS.	MACHNICH:	
24	Q	All right. Ma'am, let's discuss just a few things. So you noted	
25	that at th	ne top of the rear wall and I'm referencing now State's 349	
		39	

1	there wa	as some barbed wire along the top?
2	А	Yes.
3	Q	And you also took some photographs of a subject in this
4	case?	
5	А	Yes, I did.
6	Q	Okay. And that was a subject wearing orange pants, correct?
7	А	Correct.
8	Q	Okay. And I am now referencing State's Exhibit 30; recall on
9	direct, y	ou noted that there were several defects to the material of the
10	pants?	
11	А	Correct.
12	Q	All right. And now referencing State's 29; the defects are also
13	depicted	I in this, just zoomed out further?
14	A	Yes.
15	Q	All right. And you do not know exactly what caused those
16	defects, correct?	
17	A	l do not.
18	Q	Okay. But there were several of them in the fabric?
19	A	Four total, yes.
20	Q	Now, with regard to the screen discussed, that's right-side up.
21	Referrin	g to State's 267, you testified on direct that there were 12
22	defects	in the screen or surrounding metal area?
23	A	Correct.
24	Q	You also testified and I'm now referencing State's 349 you
25	recogniz	te this as part of the rear wall, correct?
		40
	S	hawna Ortega • CET-562 • Certified Electronic Transcriber • 602.412.7667 0988

1	А	Correct.
2	Q	Okay. You noted that there were let me see, M, N, O, P, Q,
3	R, and S	S defects in the wall?
4	А	Yes.
5	Q	So that would be seven defects in the wall?
6	А	Correct.
7	Q	All right. Additionally, with regard to the defects in the rear
8	wall, so	me of the them you noticed were full holes into the wall, correct?
9	А	Yes.
10	Q	Okay. And several of them were more of more of, like, an
11	impact of	or different type of defect in the wall?
12	А	They they didn't fully perforate the wall, so they didn't go all
13	the way	through.
14	Q	Okay. And specifically, M4 was one of these perforated
15	impacts	?
16	A	I believe so, yes.
17	Q	Okay. M2 was one of these perforated impacts?
18	A	So perforating meaning going all the way through?
19	Q	Oh
20	A	Or are you in in referring to, like, a penetrating one where it
21	just goe	s in and bounces off? Or goes all the way through?
22	Q	So we have the type the two types of holes. We have the
23	hole and	d will we call the other one an impact?
24	А	Okay. That's fine.
25	Q	All right. So we're using the two different terminologies.
		41

1	А	Okay.
2	Q	So M4 was an impact?
3	А	Okay. Yes.
4	Q	And that's one that did not go through?
5	А	Correct.
6	Q	Okay. N2 was an impact?
7	А	Correct.
8	Q	O was a hole?
9	А	Hole, yes.
10	Q	All right. P was a hole?
11	А	Yes.
12	Q	And Q, R, and S were impacts?
13	А	Correct.
14	Q	Okay. Making sure I had that clear. Were you in charge of
15	impound	ling or retrieving any bullets from the backyard area?
16	А	No. I did not recover any evidence from the scene.
17	Q	Okay. Obviously I don't want to ask you about it if it wasn't
18	your job,	, so I appreciate that.
19		Okay. So now turning our attention inside to talk about the
20	house ju	st very briefly. You identified and I'm referring to State's 84
21	that you	found several of these metal pellets inside the interior living
22	room are	ea?
23	А	Yes.
24	Q	Okay. And again, State's Exhibit 82, you recognize this as
25	part of th	nat interior area, a zoom-out on the Evidence Marker 20?
		42

1	A	Yes.
2	Q	Are all of are some of these other specks on the floor, are
3	those al	so some of the pellets, or are they other things?
4	А	They could be other things. I don't know specifically, but I do
5	know the	ere were several dozen of the pellets in in the living room
6	through	out.
7	Q	Okay. And, ultimately, your testimony is the there were also
8	pellets u	up through the front window of the house?
9	А	We had some that were on the sill of the window. Yes.
10	Q	Okay. Was the window broken?
11	А	Yes.
12	Q	Okay. And were there any defects in the blinds prior to you
13	pulling t	he blinds up?
14	Α	Yes.
15	Q	Okay. Now, so we can use one of diagrams. Referring to
16	State's 3	3. Let me just zoom this in a little bit. See, if we can make sure
17	we ident	tify the okay. So and Mr. Giordani went through a few of these
18	areas w	ith you already, but I I just want to make sure we have a
19	complet	e record on it.
20		Referring to an apparent wall area between it looks like the
21	numbers	s that you'll see on here are 19 and 11. There were no impacts
22	of the	there there were no defects in located in that wall area,
23	correct?	
24	A	No. There were not.
25	Q	And there were no defects in this wall area between the edge
		43

1	of the m	naster bedroom wall and the door?
2	А	No, there were not.
3	Q	Fair to say there were no there were no defects in the door
4	itself?	
5	А	There were none.
6	Q	Now, specifically to the type of defect that you noted with
7	regard t	to the pellets that were located, there were none of those defects
8	in, say,	the table outside?
9	А	Outside or inside? You're pointing to the inside.
10	Q	Oh, out outside?
11	А	No.
12	Q	I'll get inside in a second as well.
13	А	Okay. There were none outside, no.
14	Q	Okay. And this would include anywhere in the patio area?
15	А	That you're asking specifically related to what's matches into
16	the livin	g room, those type of defects?
17	Q	Correct.
18	А	Correct.
19	Q	Okay. And also, moving well, also with the exterior area,
20	there we	ere no pellets located in that exterior area?
21	А	No, there were not.
22	Q	Now moving into the interior area, were there any defects
23	relating	to the pellets in the dining room area?
24	А	No.
25	Q	So that would include the dining room table?
		44

1	Α	Correct.
2	Q	Okay. And then moving further along, you started finding the
3	actual p	ellets themselves in the eastern half of the living room, would
4	you say'	?
5	Α	Yes.
6	Q	All right. So we see what is apparently a table in the middle of
7	the living	g room in the diagram. Would you say that the pellets were
8	located t	to the right or to the left of that table?
9	А	I'd say roughly most of them were located to the right. I don't
10	rememb	er, specifically, if we had any to the left or underneath, but the
11	majority	were to the right side.
12	Q	Okay. And then moving back, so we have a full record on it,
13	referring	to what is apparently a couch, were there any pellets located to
14	the left c	of the couch at all?
15	А	l don't believe so.
16	Q	Thank you.
17		MS. MACHNICH: Court's very brief indulgence.
18		Thank you, ma'am. I very much appreciate your time.
19		THE WITNESS: Thank you.
20		CROSS-EXAMINATION
21	BY MR.	PLUMMER:
22	Q	Good morning.
23	Α	Morning.
24	Q	So the pellets were, basically, everywhere?
25	Α	Spread throughout the living room, yes.
		45

1	Q	In the living room?
2	А	Yes.
3	Q	All over the floor?
4	A	Yes.
5	Q	In little markings in the wall at around the 3'10" mark?
6	А	Right. The 3'10" mark is measuring the hole in the window.
7	Q	Perfect. Thank you.
8	А	You're welcome.
9		THE COURT: State, any redirect?
10		MR. GIORDANI: No, Your Honor. Thank you.
11		THE COURT: Can this witness be excused?
12		MR. GIORDANI: Yes.
13		THE COURT: I'm sorry, there is a question.
14		Counsel approach.
15		[Bench conference transcribed as follows.]
16		THE COURT: The first question is from Juror No. 1 and the
17	question	is: Is there any blood evidence on back wall or barbed wire?
18		MS. BEVERLY: Okay.
19		THE COURT: Does anybody have any objection to me asking
20	that ques	stion?
21		MS. MACHNICH: No.
22		MR. GIORDANI: No.
23		THE COURT: Then the second question is from Juror No. 3,
24	and the o	question is: By using trajectory, are you able to identify what
25	kind of w	eapon was used?
		46

	MS. BEVERLY: She couldn't use trajectory regardless.
	MR. GIORDANI: She's going to I think the answer to that i
no. So	we don't have a I don't really have an objection to the
questior	n, but
	MS. MACHNICH: No.
	THE COURT: No? There's no there's no objection being
heard b	y either party. I'm going to ask those both questions.
	MS. MACHNICH: Okay.
	MS. SISOLAK: Thank you, Your Honor.
	THE COURT: Thank you.
	[End of bench conference.]
	THE COURT: Ma'am, I should say Officer, is there any bloo
evidenc	e on brick wall or barbed wire?
	THE WITNESS: No.
	THE COURT: By using trajectory, are you able to identify
what kir	nd of weapon was used?
	THE WITNESS: No.
	THE COURT: Any follow-up questions by either the State or
the defe	ense?
	MR. GIORDANI: Just briefly, Your Honor.
	FURTHER EXAMINATION
BY MR.	GIORDANI:
Q	Very briefly, you were asked by a juror whether there was an
blood fo	ound on the wall, right?
А	Yes.
	47

1	Q	Let me just grab my diagrams here. Showing you State's 3;
2	this is o	ne of the overall diagrams, right?
3	A	Yes.
4	Q	This one doesn't depict the bullet impacts that you were
5	primarily	/ or the defects that you were primarily responsible for, but it
6	does de	pict all the evidence that we went through earlier, correct?
7	A	Correct.
8	Q	You there's no blood on the back wall where the barbed
9	wire is c	or anything like that, correct?
10	A	That's correct.
11	Q	And then there was a couple of areas that were swabbed for
12	blood in	the home and on the patio, correct?
13	A	Correct.
14	Q	Those are represented by AB2 and AB3?
15	A	That's correct. Yes.
16	Q	And they say Swab next to them?
17	A	Yes.
18	Q	AB2 is on the patio?
19	A	Yes, it is.
20	Q	AB3 is on the other side of the screen in that little walkway?
21	A	Yes, it is.
22	Q	And then no other areas of blood that were depicted in any of
23	the crim	e scene analyst diagrams, correct?
24	A	Correct.
25	Q	Did you yourself observe any any other blood throughout
		48

1	this area	?
2	А	The only other area that I recall is where the officer was found
3	injured.	
4	Q	Okay. And that would have been within the dining room,
5	correct?	
6	А	Yes. That's correct.
7	Q	But any other area where you depict or observed blood in
8	any way'	?
9	А	No.
10	Q	And any other area in the backyard where you observed
11	blood?	
12	А	No.
13	Q	Okay. All right. Thank you, ma'am.
14	А	Thank you.
15		MR. GIORDANI: Pass the witness.
16		MS. MACHNICH: Yes. Just to follow up.
17		FURTHER EXAMINATION
18	BY MS. I	MACHNICH:
19	Q	Ma'am, was it your one of your jobs on this scene to swab
20	for blood	?
21	А	No.
22	Q	So that was somebody else who was tasked with locating and
23	swabbing	g apparent blood?
24	А	Correct.
25	Q	And when we talk about apparent blood, what are we talking
	Sh	nawna Ortega • CET-562 • Certified Electronic Transcriber • 602.412.7667 0997

4

1	abouts	
2	A	We're talking about a substance that has the appearance of
3	blood.	We are not saying that it is most definitely blood. That's up to the
4	scienti	sts in the forensic lab to determine that.
5	Q	And it would need to be enough to be visual to the eye?
6	A	Yes.
7	Q	Additionally, are you aware if the back wall was swabbed for
8	blood o	or tested for blood in any way?
9	A	It was examined, but it was not swabbed or tested in any way.
10	Q	Okay. And, additionally, the barbed wire?
11	A	We did look yeah, we looked at the the wall and the top of
12	the wa	Il as well, the barbed wire very carefully. Yes.
13	Q	Okay. Did you personally do that?
14	A	Yes, I did.
15	Q	Okay. Thank you.
16	A	Thank you.
17		THE COURT: Any questions? Mr. Plummer?
18		MR. PLUMMER: Yes, Your Honor.
19		FURTHER EXAMINATION
20	BY MF	R. PLUMMER:
21	Q	Officer, just so we're clear, when you call something an
22	appare	nt defect, you're not saying that that's a bullet hole, you're just
23	calling it a defect; you don't know what it is, correct?	
24		THE COURT: Any redirect?
25		MR. GIORDANI: Briefly.
		50

1	ADDITIONAL EXAMINATION	
2	BY MR. GIORDANI:	
3	Q When you're calling something a defect, you can't say what it	
4	is exactly because you weren't there when it happened, right?	
5	A Correct.	
6	Q Are there traits and characteristics that can be consistent with	
7	bullet holes?	
8	A Yes.	
9	MR. PLUMMER: Objection, Your Honor.	
10	MR. GIORDANI: I don't hear a basis for the objection.	
11	THE COURT: Well, that's a what's the basis of the	
12	objection?	
13	MR. PLUMMER: Basis is on what I believe the follow-up	
14	question will be, and this witness is not a qualified expert.	
15	MR. GIORDANI: You don't need to be an expert to testify to	
16	observations and characteristics consistent with 4000-some-odd scenes	
17	that you have.	
18	THE COURT: She can she can testify as based on her	
19	experience as to observations and characteristics.	
20	MR. GIORDANI: Thank you, Your Honor.	
21	BY MR. GIORDANI:	
22	Q Just based on your observations	
23	THE COURT: Your objection is overruled.	
24	MR. GIORDANI: Thank you, Your Honor.	
25	BY MR. GIORDANI:	
	51	

1	Q Based upon your observations, did several, if not all, of those
2	things I've been referring to as defects have characteristics similar to
3	bullet holes you've seen previously?
4	A Yes, they have.
5	Q Thanks.
6	MR. GIORDANI: Pass the witness.
7	MS. MACHNICH: Nothing further, Your Honor.
8	MR. PLUMMER: Nothing further, Your Honor.
9	THE COURT: Thank you. Can this witness be excused?
10	MR. GIORDANI: Yes, Your Honor.
11	THE COURT: Thank you
12	THE WITNESS: Thank you.
13	THE COURT: for coming here today. And you are
14	excused.
15	Ladies and gentlemen, I have a matter that I have another
16	matter I have to take care of at 12:30, so we're going to take our lunch
17	break a little earlier than I previously planned. And then we'll resume at
18	approximately 1:45. So initially, I was going to take our lunch break
19	at 12:30 and resume at 2:00, and we're going to take our lunch break
20	now and resume at 1:45.
21	Ladies and gentlemen, we're going to take a lunch recess.
22	During this recess, your duty not to converse among yourselves or with
23	anyone else on any subject connected with the trial, or to read, watch, or
24	listen to any report of or commentary on the trial by any person
25	connected with the trial or by any medium of information, including
	52

1	without limitation, newspaper, television, and radio. And you are not to
2	form or express an opinion on any subject connected with this case until
3	it is finally submitted to you.
4	We'll be in our lunch recess.
5	[Jury recessed at 12:16 p.m.]
6	THE COURT: Counsel, I intend to go to 5:00 today and start
7	at 11:00 on Monday.
8	MS. MACHNICH: Okay.
9	THE COURT: I took a little bit earlier I do have to take care
10	of another matter at 12:30. I was going to go right until 12:30, but I
11	thought this would be a natural break, rather than have somebody on
12	for 5 or 10 minutes and then so
13	MR. GIORDANI: No problem.
14	THE COURT: so we'll resume go ahead.
15	MR. GIORDANI: So the Court is aware, we have the two
16	officers planned. We expect them to be very long, obviously. So those
17	are the only two we have scheduled for the afternoon and they'll be here
18	at 1:45 sharp.
19	THE COURT: Right. It it can be 1:45. I mean, we're not
20	getting done sharp.
21	MR. GIORDANI: Okay.
22	THE COURT: I mean, we're you know, because of
23	sometimes having to bring them in. So try to be back by 1:45. We'll
24	start as soon thereafter as we can. We'll go to 5:00. We'll take one
25	break, one afternoon break. And then it's my anticipating starting
	53

1	at 11:00 on Monday.
2	MR. GIORDANI: Thank you.
3	MS. SISOLAK: Your Honor, just to clarify, will we be in this
4	courtroom next week as well?
5	THE COURT: Probably not.
6	MS. SISOLAK: Okay.
7	THE COURT: I I if they have finished with the other
8	courtroom, I intend to move down to Judge Scotti's courtroom, unless
9	there's an objection. Unless you
10	MS. SISOLAK: No, no.
11	THE COURT: you know, have any problem. They are
12	doing something with JAVS and that's why his courtroom was
13	unavailable. It's my understanding they're going to be finished this
14	week, and it will be available next week.
15	MS. MACHNICH: Our only concern, Your Honor, would be
16	that there's a separate defense table for each codefendant as we can
17	THE COURT: And I'm discussing that. I believe that's not
18	going to be an issue.
19	MS. MACHNICH: Okay.
20	MS. SISOLAK: Wonderful. Thank you.
21	MS. MACHNICH: Thank you.
22	THE COURT: Thank you, counsel. We'll be in recess
23	until 1:45.
24	MR. GIORDANI: Thank you.
25	[Court recessed at 12:19 p.m., until 2:03 p.m.]
	54

1	[Outside the presence of the jury.]
2	MR. GIORDANI: This is the continuation of the trial in
3	Case No. C-15-309578-1 and -2, State of Nevada vs. Steven Turner and
4	Clemon Hudson. Let me the record reflect the presence of counsel for
5	the State, counsel for the defendants, and the presence of the
6	defendants. I with I am going to bring the jury in and let the jury all
7	right. I'll let's bring the jury in.
8	MS. MACHNICH: Thank you, Your Honor.
9	[Jury reconvened at 2:03 p.m.]
10	THE COURT: You may be seated. Will the parties stipulate
11	to the presence of the jury?
12	MS. MACHNICH: Yes, Your Honor.
13	MS. BEVERLY: Yes.
14	MR. PLUMMER: Yes, Your Honor.
15	THE COURT: State, call your next witness.
16	MS. BEVERLY: State calls Officer Grego-Smith.
17	MALIK GREGO-SMITH,
18	[having been called as a witness and first duly sworn, testified as
19	follows:]
20	THE CLERK: Please be seated. Please state and spell your
21	name for the record.
22	THE WITNESS: First name is Malik, M-A-L-I-K. Last name,
23	Grego-Smith, G-R-E-G-O, hyphen, S-M-I-T-H.
24	MS. BEVERLY: May I proceed, Your Honor?
25	THE COURT: You may.
	55

1		DIRECT EXAMINATION
2	BY MS.	BEVERLY:
3	Q	Sir, how are you currently employed?
4	А	Employed with the Las Vegas Metropolitan Police
5	Departn	nent.
6	Q	How long have you been with Metro?
7	А	Approximately 10 years.
8	Q	And what is your current assignment with Metro?
9	А	Patrol.
10	Q	Okay. Can you explain for the members of the jury what a
11	patrol of	fficer at Metro does?
12	А	Patrol officer responds to calls for service, as well as
13	investig	ative work.
14	Q	Do you drive a typical black-and-white vehicle?
15	А	Yes.
16	Q	And are you assigned a certain P number?
17	А	Yes.
18	Q	What's a P number?
19	А	P number is your identification number, basically, to let people
20	know th	at you're an officer.
21	Q	Do you currently work a particular shift?
22	А	Yes.
23	Q	What shift do you work?
24	А	Graveyard.
25	Q	What time is graveyard shift at Metro?
25	Q	56

1	А	Graveyard starts at 2200, which is 10:00 p.m.
2	Q	And goes to what time?
3	А	To 08, which is 8:00 in the morning.
4	Q	Now, is Metro broken up into area commands?
5	А	Yes.
6	Q	What, can you explain to the jury, is an area command?
7	А	Area command is certain area with that borders basically
8	just brea	aks the city into different areas.
9	Q	And do you are officers assigned to a particular area
10	commar	nd as they're employed with Metro?
11	А	Yes.
12	Q	Okay. What area command are you currently assigned to?
13	A	Northwest Area Command.
14	Q	What's kind of the border of the Northwest Area Command?
15	А	Northwest Area Command is everything north of Charleston,
16	and eve	rything west of Decatur.
17	Q	Okay. I want to direct your attention back to September
18	the 4th o	of 2015. Okay. Were you working on that day?
19	А	Yes.
20	Q	What shift were you working at that time?
21	А	Graveyard.
22	Q	Can you explain for the jury what a typical night is like for you
23	on grave	eyard?
24	А	Graveyard is long. It consists of certain numerous calls,
25	domesti	c violence calls, burglary calls, stolen vehicle.
		57

1	Q	So those are the types of calls that is frequent on a a
2	graveya	rd shift?
3	А	Yes.
4	Q	Is that fair to say?
5	А	Yes.
6	Q	Okay. What about prowler calls?
7	А	Those calls, every so often.
8	Q	What what is a prowler call, based on your experience on
9	graveya	rd?
10	А	Prowler call, when a homeowner calls and says there's
11	somebo	dy that they don't recognize on their property.
12	Q	Is there a certain number or numbers that are associated with
13	various	crimes when they come across dispatch?
14	А	Yes.
15	Q	Okay. What is the number for a prowler call?
16	А	403.
17	Q	Okay. And each crime has its own kind of numbering
18	А	Yes.
19	Q	correct? So tell us how it is that you get assigned calls as a
20	patrol of	fficer.
21	А	If you're clear, meaning you're not on any calls, not doing
22	anything	g, if a call pops up, then dispatch will assign you. Or you can
23	self-ass	ign, basically, just get on the radio and tell dispatch, Hey, assign
24	me to w	hatever call.
25	Q	Would it be fair to say as a patrol officer, you're kind of the first
		58

1	respons	e of Metro? And if something further needs to be done, then
2	maybe o	detectives show up?
3	А	Yes.
4	Q	Okay. So we were talking a little bit about prowler calls, and
5	you wer	e saying that's when someone calls and says there's someone
6	around t	hat they don't know; is that fair to say?
7	А	Yes.
8	Q	Okay. In your experience on graveyard, what's typically the
9	result of	a prowler call?
10	А	Normally it will be somebody that's drunk at the wrong house.
11	Q	Okay. So do you treat prowler calls different than, say, a
12	active b	urglary call?
13	А	Yes.
14	Q	Okay. What's your typical response when there's a prowler
15	call? W	hat do you typically do?
16	А	Usually park down the street, which is how we tactically
17	approac	h the house, try and find the address. And if anybody's outside,
18	then jus	t talk to them and figure out where they're trying to go, if they're
19	suppose	ed to be at that house.
20	Q	Okay. Why is it that you choose to park several houses down
21	from an	address where a prowler call is coming out?
22	А	It's a tactical advantage to us; don't want to give our position
23	away.	
24	Q	Okay. So typically you go up there, ends up really not being
25	anything	g; is that fair to say?
		59

1	A	Yes.
2	Q	Okay. If you go up to a prowler call and there's nobody out
3	front, do	you continue to look around the area or do you just leave?
4	A	No. We'll talk to the homeowner, get further information, the
5	last time	they saw the person. If they saw them leave, last direction of
6	travel. A	And if they want us to check the backyard, we'll check the
7	backyar	d, check surrounding areas, check the surrounding
8	neighbo	rhoods.
9	Q	Okay. Is a prowler call different than prowler with a gun call?
10	A	Yes.
11	Q	Okay. How are those going to be different?
12	A	The severity the severity of the call.
13	Q	Is it going to change how you approach a situation?
14	A	Yes.
15	Q	Okay. Tell us well, let's start with this: If you hear that that
16	is prowle	er with a possible weapon versus prowler with a definite weapon,
17	is there	a difference in that?
18	A	Yes.
19	Q	Tell us about what the difference is for in your approach.
20	A	Possible firearm, still approach it tactically. Try not to give our
21	position	away. If it's a hundred percent that they have a firearm, we'll
22	get more	e units, get the area get the air unit, and tactically approach
23	that way	·
24	Q	Okay. So definitely a difference between somebody might
25	possibly	have a gun, versus they have a gun; is that correct?
		60

1	A	Yes.
2	Q	Okay. Is it fair to say that sometimes a homeowner or
3	somebo	dy calling out a prowler call might say there's a gun, but really
4	it's, like,	a stick or something?
5	A	Yes.
6	Q	Okay. Does dispatch, Metro dispatch, if somebody says
7	there's a	a gun, try to get more information about the weapon?
8	А	Yes.
9	Q	Okay. Is that because dispatch needs to relay that to you or
10	fellow of	ficers so you can know how to approach a situation?
11	A	Yes.
12	Q	Okay. All right. So going back to September the 4th of 2015,
13	you indi	cated that you were on call that day or you were working that
14	day?	
15	A	Yes.
16	Q	And working a graveyard shift, right?
17	A	Yes.
18	Q	Okay. Were you still at that time, or were you then at that
19	time, wo	orking in the Northwest Area Command?
20	A	Yes.
21	Q	Okay. I am going to publish up here, grand jury I keep
22	saying g	rand jury, I'm sorry. State's Exhibit No. 117, can you see that on
23	your scr	een, Officer?
24	A	Yes.
25	Q	Does this look like the area of Rainbow, and on the top,
		61
	S	hawna Ortega • CET-562 • Certified Electronic Transcriber • 602.412.7667 1009

1	Westcliff?
---	------------

2 A Yes.

Q Okay. Back around three -- approximately 3:30 in the morning
on September the 4th, did you receive a dispatch call regarding a
prowler at 6729 Oveja Circle?

A Yes.

6

7

8

- Q Okay. Where were you when you received that dispatch?
- A I was at the Northwest Area Command.
- 9 Q Like, the -- the station or something?
- 10 A At the station, yes.
- 11 Q Okay. How far is the station from Oveja Circle approximately?
- 12 A Approximately six miles maybe.
- Q Okay. So you're at the station. And tell us what you hear over
 the radio.

A There was -- there was an alert call for a prowler and Officer Robertson was clear, so dispatch assigned him. And he was at the station. I was at the station doing a report. And everybody -- all the other officers were occupied doing other things. So I self-dispatched myself to back Officer Robertson.

20 Q When you do that, do you and Officer Robertson get in the 21 same car or you guys in different cars?

- 22 A Separate cars.
- 23 Q Okay. Both black-and-white vehicles --
- 24 A Yes.
- 25
- Q -- though; is that right? Okay. And then do you start heading

62

1 over to Oveja Circle	э?
------------------------	----

2	А	Yes.
3	Q	As you're heading over in your vehicle, are you getting
4	updates	about from dispatch from I guess from dispatch getting that
5	from the	homeowners?
6	A	Yes.
7	Q	Okay. So the homeowner is telling dispatch something, and
8	dispatch	n is relaying that you and Officer Robertson; is that correct?
9	A	Correct.
10	Q	Okay. Approximately how long does it take you to get over to
11	Oveja?	
12	A	Approximately eight, nine minutes.
13	Q	Okay. Do you recall what you were hearing over the radio
14	traffic or	the dispatcher was telling you as you're driving over to Oveja?
15	A	The subject's location at the house was changing from the
16	backyar	d to the front door to the backyard, and that the homeowner said
17	the subj	ect possibly had a gun.
18	Q	Okay. So when you hear that word or you hear from
19	dispatch	n I guess let me ask you this: You're not hearing directly from
20	the hom	eowner, are you, as you're driving over?
21	A	No.
22	Q	You're hearing from dispatch; is that correct?
23	A	Yes.
24	Q	So are you relying on what dispatch is telling you about the
25	call?	
		63

1	A	Yes.
2	Q	Okay. So over dispatch, you hear that there's possibly a gun;
3	is that co	prrect?
1	A	Yes.
5	Q	And we talked about possibly versus definitely there's a gun,
6	correct?	
7	A	Yes.
3	Q	You never heard that there was definitely a gun there, did
9	you?	
)	Α	No.
1	Q	If you had heard that, would there have been more officers
2	who wou	Id have actually responded to Oveja?
3	Α	Yes.
ł	Q	Do you and what time well, do you an Officer Robertson
5	get there	e approximately the same time?
5	Α	Yes. We left the station at the same time, arrived at the same
7	time.	
5	Q	I'm going to publish what's been admitted as State's
)	Exhibit N	lo. 247; can you see that on your screen?
)	Α	Yes.
	Q	Okay. Does this area look familiar to you as the area of Oveja
2	Circle?	
3	Α	Yes.
ŀ	Q	You can actually draw on that screen. Can you draw for us or
5	the scree	en where you parked your vehicle upon arriving at the area?

1	А	No. That's not it.
2	Q	Clear that.
3	A	There.
4	Q	Okay. Okay. So kind of farther back well, from the target
5	residence; is that correct?	
6	A	Yes.
7	Q	The target residence being the 6729 Oveja?
8	А	Yes.
9	Q	Why is it that you parked back towards the bottom of the
10	street?	
11	A	So we could have a tactical advantage, tactical approach.
12	Q	Fair to say you don't want to pull up right on the house; is that
13	correct?	
14	A	Correct.
15	Q	And is it pretty dark outside?
16	A	Yes.
17	Q	Now, do you know where Officer Robertson parked his
18	vehicle?	
19	A	Directly in front of me.
20	Q	Okay. Kind of see let me do you see where my pen is
21	pointed with these two vehicles?	
22	A	Yes.
23	Q	Would that be you and Officer Robertson's vehicles?
24	A	Yes.
25	Q	Okay. So tell us what happens after you arrive in your vehicle.
		65

1	A	We start walking on the sidewalk towards the end of the	
2	cul-de-sac. It's an older neighborhood, so the address isn't lit up on the		
3	house like normal. So we were trying to find the address.		
4	Q	Okay. And I forgot to ask you this, I'm sorry, but when you	
5	guys y	you and Officer Robertson were coming from the station house,	
6	did you put on lights and sirens to come to Oveja?		
7	A	No.	
8	Q	Okay. Why not?	
9	A	Because it the 403 call doesn't warrant Code 3 driving.	
10	Q	Okay. So it's not like every time Metro gets a call, they're	
11	putting on lights and sirens; is that correct?		
12	A	Correct.	
13	Q	Is it certain calls that require lights and sirens?	
14	A	Yes.	
15	Q	And there are other calls that don't require lights and sirens?	
16	A	Yes.	
17	Q	Okay. And a prowler call, a 403, doesn't necessarily require	
18	lights and sirens; is that correct?		
19	A	Correct.	
20	Q	Okay. So you start walking on the sidewalk. Can you actually	
21	maybe on the photo draw for the jury your path where you went after you		
22	exited your vehicle?		
23	A	It's not it's yeah, it's	
24	Q	It's not working? Okay. How about you	
25	A	It's a little off.	
		66	

Q -- actually step down for me for a second? On this larger
screen, can you kind of, just with your finger, it's not going to show up,
but show the jury.

A Other here, walked on the sidewalk, all the way down. So we
walked from the cars, south side on the sidewalk, follow the sidewalk all
the way down until we got to the driveway.

Q Okay. Thank you. As you are -- as you and Officer Robertson
are walking up that path, are you looking for anything, or are you just
straight walking to the house?

A I'm looking to see if there's anybody on foot anywhere in the
immediate area, looking for cars that might be running with lights off, as
well as looking for the address.

Q Okay. From dispatch, did you kind of have a generic
description of some suspects?

15 A Yes.

16

Q Nothing very specific; is that fair to say?

17 A Correct.

18 Q Now, what do you do when you actually get up to the target19 house?

A I get to the driveway. Jeremy walks up the driveway. I pretty
much stay on the sidewalk in front of the house. Jeremy walks up the
driveway to the left, I guess to see if there was a way into the backyard.
I noticed there was a gate in front of me to the right of the house. And I
heard something in the backyard and I tried to relay that to Officer
Robertson.

67

1	Q	Okay. So let's publish Exhibit No. 253. This is going to be the
2	target ho	puse, is that correct, where my pen is?
3	A	Yes.
4	Q	Okay. And so you're saying Officer Robertson walked up the
5	driveway	and to the left of the house; is that correct?
6	A	Correct.
7	Q	And then you stayed on the sidewalk by the driveway?
8	A	Correct.
9	Q	And then I believe you said that you went over to the right side
10	to see th	at there was a gate over there?
11	A	Yes.
12	Q	Okay. Showing you grand jury exhibit I keep saying grand
13	jury; l'm	sorry, Your Honor 367. Do you see this white vehicle in this
14	photo?	
15	A	Yes.
16	Q	Was that vehicle in the driveway when you walked up to
17	Oveja?	
18	A	Yes.
19	Q	State's Exhibit No. 59. You were indicating that there was
20	an a g	ate that you were possibly trying to get through; is that correct?
21	A	Yes.
22	Q	Okay. And this is the gate that we're talking about?
23	A	Yes.
24	Q	Could you get through this gate?
25	A	No.
		68

1	Q	All right. Did you try to enter and it was just locked or what?
2	А	The first thing I saw was the glass on the top. And when I
3	heard th	ne noise in the back, I didn't walk any further.
4	Q	Okay. Do you you indicated that you tried to communicate
5	with Off	icer Robertson that you heard someone in the back?
6	А	Yes.
7	Q	Okay. How did you try to communicate with him?
8	А	Nonverbally, with hand signals.
9	Q	Okay. What's the next thing after that that happened?
10	А	Jeremy got on the radio, asked dispatch to ask the
11	homeov	vner to open the front door so that we could enter the house to
12	get to th	ne backyard.
13	Q	We were talking well, let me ask you this: From what you
14	were he	aring over the radio prior to getting to the residence, did this
15	prowler	call sound like anything unusual or different than typical prowler
16	calls yo	u hear on the graveyard shift?
17	А	No.
18	Q	Okay. Was there any mention about maybe someone
19	knockin	g on the door or something?
20	А	Yes.
21	Q	Other than that, nothing else was unusual?
22	А	No.
23	Q	Okay. The fact that somebody was knocking on the door, did
24	that mal	ke you think that maybe somebody might still be out there?
25	А	Yes.
		69

1	Q	And then you indicated you heard noise in the backyard when
2	you actually got there?	
3	A	Yes.
4	Q	So Officer Robertson gets on the radio and says asks them
5	to tell th	e homeowner to open the door; is that right?
6	A	Yes.
7	Q	And showing you grand jury Exhibit No. 374; is this the front,
8	kind of,	patio area of that residence?
9	A	Yes.
10	Q	And then Exhibit No. 372; is this more towards the left of the
11	house, f	ront of the house?
12	A	Yes.
13	Q	Okay. And was there a gate or anything for you to try to get
14	through	on this side of the house?
15	A	No.
16	Q	All right. Do the homeowners come and open the door?
17	A	Yes.
18	Q	Okay. What do you do once they open the door?
19	A	Jeremy goes through the front door. The homeowner is still
20	standing	g at the front door. As I walk through, quickly ask the
21	homeow	vner where is the last place he saw the person. And he said in
22	the back	yard. And I told the homeowner to stay at the front door and I
23	continue	ed through the house.
24	Q	Were there any lights on in the house?
25	A	No.
		70

1	Q	So, I'm sorry, maybe I missed this: Do you go in first or does
2	Jeremy go in first?	
3	A	Jeremy goes in first.
4	Q	Okay. And then you follow behind him?
5	A	Yes.
6	Q	And where is it that you go once you get in the house?
7	A	Enter the house. There's a living room to the right. Continue
8	through	the house. There's a dining room area, and then the kitchen.
9	Q	I'm going to now put on the screen Exhibit No. 88; would this
10	be a vie	w from the front door of the house looking towards the back of
11	the hous	se?
12	A	Yes.
13	Q	Okay. And actually going to show you Exhibit No. 134; is this
14	a closer	-up view, now going through the living room, looking out the
15	back?	
16	A	Yes.
17	Q	So if you can, hopefully you can mark it on here, where do you
18	go wher	n you first get to the back portion of the home?
19	A	It's going to be I'm going to talk it through first. It's going to
20	be the c	orner of the table. It's going to be pretty much right here.
21	Q	And do you know where Officer Robertson went?
22	A	Officer Robertson continued through I can't see it here
23	really, b	ut he goes that way.
24	Q	Let me see if there's a better photo of that. Let's show
25	Exhibit I	No. 127. Can you see better in this photo where you were and
		71

1		Officer Robertson was?
2	A	Yes.
3	Q	Okay. How about you put up a mark for us there?
4	A	So I was standing here. Officer Robertson was in this area.
5	Q	So that would have been the original location of the TV I
6	mean of	the excuse me, of the table?
7	А	Yes.
8	Q	What happens next, once you get to those those locations?
9	А	Jeremy looks through the window to see if any if he can see
10	anybody	in the backyard. And I asked him if he could see anybody, and
11	he said	no.
12	Q	Okay. Any indication that there's somebody out there with a
13	gun?	
14	А	Absolutely not.
15	Q	If there was, would that have changed your approach or
16	anything	g like that?
17	А	Definitely.
18	Q	Okay. What do you and Officer Robertson decide to do?
19	А	Decided to clear the backyard.
20	Q	Can you explain for the jury what it means to clear a
21	backyar	d?
22	А	Basically, do a search, see if anybody is back there that's not
23	suppose	ed to be back there.
24	Q	Is it similar to you looking in the front yard to see if anybody's
25	there?	
		72

1	А	Yes.	
2	Q	As well as looking in the surrounding area as you're walking	
3	up to the	e house?	
4	А	Yes.	
5	Q	Did you turn on any lights when you went into the house	
6	originall	y?	
7	А	No.	
8	Q	And why not?	
9	А	Working graveyard, you learn about light discipline.	
10	Q	What's light discipline?	
11	А	If it's dark outside or dark inside of a room, you turn the light	
12	on, your pupils constrict and if you turn the lights off, it makes it harder to		
13	see in th	ne dark. Also light discipline, don't want to give away where you	
14	are.		
15	Q	Okay. So you and Officer Robertson decide that you're going	
16	to clear	the backyard; is that right?	
17	А	Yes.	
18	Q	What is the plan? Who is going to do what?	
19	А	Officer Robertson was going to open the door. As he opened	
20	the door	r, I was going to go through and he was going to follow me.	
21	Q	Now, do you carry a a duty weapon?	
22	A	Yes.	
23	Q	What kind of weapon is that?	
24	А	It's a Glock 17.	
25	Q	What kind of bullets does a Glock 17 have for those of us who	
		73	

1	don't	
2	А	I shoot a .9mm.
3	Q	.9mm. Okay. And do you carry any extra magazines on you
4	or anythi	ing?
5	А	Yes.
6	Q	How many bullets does a magazine in the Glock hold, yours
7	personal	lly?
8	А	My magazine holds 17.
9	Q	And is this one in the, I guess, the chamber?
10	A	Yes.
11	Q	Okay. So total of, like, 18?
12	A	18, yes.
13	Q	How many extra magazines do you typically carry on you?
14	A	Three.
15	Q	Okay. So one in the gun and then three extra ones on your
16	duty belt	?
17	A	Yes.
18	Q	All right. When the decision is made that you're going to go
19	through	first to start clearing the backyard, do you take your weapon
20	out?	
21	A	Yes.
22	Q	Why is that?
23	A	Because you don't want to be caught off guard. You want to
24	try and s	tay stay one step ahead.
25	Q	Let me ask you so I'm going to put up Exhibit No. 89. Is this
		74
	Sł	nawna Ortega • CET-562 • Certified Electronic Transcriber • 602.412.7667 1022

1	the door	to where my pen is, the back patio?
2	А	Yes.
3	Q	Okay. And when you were there though, was this door
4	closed?	
5	А	Yes.
6	Q	Could you see through either of the two, kind of, French-type
7	doors?	
8	А	No.
9	Q	All right. Do you know if any lights were on, on that back
10	portion c	outside of the house?
11	А	There was not.
12	Q	Okay. So why don't you let's do this. Can you point for us
13	on, let's	see, grand jury trial Exhibit No. 134 where you're standing and
14	where O	fficer Robertson is standing when the decision is made you're
15	going to	clear the backyard, or you're getting ready to clear the
16	backyard	?c
17	А	Door was closed. Robertson was standing here. It's it's not
18	going to	let me, because I was a little bit more to the left here.
19	Q	Okay. Let's see, let's try this with Exhibit No. 133. Does that
20	show	
21	А	Yeah.
22	Q	better where your position would be?
23	А	Yeah. So my position was pretty much right here.
24	Q	Okay. Prior to actually clearing the backyard, do you get on
25	the radio	and ask for a Code Red?
		75

1	А	Yes.
2	Q	What's a Code Red?
3	A	Code Red is for emergency radio traffic only.
4	Q	Okay. Why would you be asking for a Code Red when you're
5	about to	clear the backyard?
6	А	Because I knew there was still somebody in the backyard.
7	And if w	e came in contact with them, in case anything happened, we
8	needed	clear air.
9	Q	Just for just as a precaution; is that fair to say?
10	А	Yes.
11	Q	So why don't you walk us through what happens when well,
12	why dor	n't you walk us through from the time the decision is made to
13	clear the	e backyard to what ends up happening.
14	А	So Jeremy had to unlock the door. And as soon as he
15	unlocke	d it, he swung the door open. And I started taking one step to
16	walk out	tside the door and heard two shots.
17	Q	Okay. Where were those shots coming from?
18	A	From the outside.
19	Q	What are you what happens when you hear those shots?
20	А	I take one step back behind cover and drop to one knee and
21	return fi	re.
22	Q	Where is Officer Robertson when this happens?
23	А	He's behind me. And I heard him fall, so he's on the ground
24	behind r	me.
25	Q	Okay. The shots that came from the patio, did they come into
		76
	S	hawna Ortega • CET-562 • Certified Electronic Transcriber • 602.412.7667 1024

1	the hom	le?
2	A	Yes.
3	Q	Okay. Could you hear anything well, let me ask you this:
4	Are you	familiar with firearms?
5	А	Yes.
6	Q	Have you ever shot a rifle before?
7	А	Yes.
8	Q	Describe the sound for the jury of what you heard coming from
9	that pati	0.
10	А	Just a loud a loud boom. It's I mean, I could I knew it
11	was a h	igh-powered rifle.
12	Q	Okay. From the time you the door opens, to the shots
13	coming	in, to you taking a knee, to returning fire, how long are we talking
14	about?	
15	А	Seconds.
16	Q	When you heard the shots coming from the patio, you said
17	you hea	rd two shots; is that correct?
18	А	Yes.
19	Q	Do you hear any more shots coming from the patio?
20	А	I don't. All I hear is my firearm going off.
21	Q	Okay. So this is all happening, like, kind of back to back to
22	back; is	that fair to say?
23	А	Yes.
24	Q	Okay. When you heard the shots coming from the patio and
25	you retu	rned fire, are you shooting back towards the patio?

1	A	Yes.
2	Q	Okay. Through an open door; is that right?
3	A	Yes.
4	Q	Okay. Do you see when you're looking at the patio, do you
5	see any	one with a weapon?
6	A	No.
7	Q	Okay. Do you see anyone in front of you?
8	A	I saw a blurred vision of somebody in front of me, yes.
9	Q	Okay. Any description about the person that you saw?
10	A	What I recall is it looked like a light-skinned black male with no
11	shirt and	d purple basketball shorts.
12	Q	How long of a period of time did you observe this person in
13	front of y	you?
14	A	A half a second, if that.
15	Q	Okay. So no other facial descriptions, anything like that?
16	A	No.
17	Q	In fact, you couldn't even see a gun anywhere
18	A	No.
19	Q	is that correct? Okay. But you heard shots being fired; is
20	that righ	t?
21	A	Yes.
22	Q	Okay. What do you do well, how many shots do you believe
23	that you	were able to return?
24	A	I thought I only shot seven or eight.
25	Q	Did you learn later that that was different?
		78

1	А	Yes.
2	Q	Okay. Tell us what what's happening next.
3	A	Once I stopped shooting, I stood up in the doorway to assess
4	to see if	anybody was outside. I didn't see anybody outside and I wasn't
5	sure if a	nybody was out there, so I just started calling out. Hopefully
6	somebo	dy was out there, but I just started calling out to whoever was
7	out there	e to stay down, don't move.
8	Q	And when you're actually returning fire, are you returning fire
9	like boo	m, boom, boom, boom, boom or like is one shot, break, one
10	shot, bre	eak?
11	А	It's rapid.
12	Q	Okay. So all the shots you fired were in rapid succession; is
13	that fair to say?	
14	А	Yes.
15	Q	Okay. I mean, can you just kind of describe for us what is
16	going th	rough your mind? What are you feeling when you hear these
17	shots co	ome through this house?
18	А	One is the first one was actually anger. Angry that
19	somebo	dy was shooting at us, angry that my partner got hit, and pretty
20	much su	urvival mode after that.
21	Q	At the time, did you know, like, immediately know whether or
22	not Offic	cer Robertson had been hit or not?
23	А	I knew he was hit because I heard him fall. Shortly after I
24	stopped	shooting, Jeremy said out loud he was hit.
25	Q	So you indicated that you start calling out to the back patio,
		79

1	seeing i	seeing if anybody will respond?		
2	A	Yes.		
3	Q	Do you remember calling out anything specific or		
4	A	Yeah. I said, Don't move, keep your hands up, don't move or		
5	I'll fuckir	ng shoot you.		
6	Q	Okay. Is there a point in time when you get on the radio to		
7	dispatch	י?		
8	A	Yes.		
9	Q	Okay. What are you telling dispatch?		
10	A	Shots were fired, officer was down and we needed we		
11	needed	units there.		
12	Q	Approximately did other units begin to arrive?		
13	A	Yes.		
14	Q	How long did it take other units to arrive?		
15	A	Approximately four and a half minutes.		
16	Q	Okay. So for four and a half minutes, are you and Officer		
17	Robertson alone, excluding the homeowners, alone in the house or			
18	are you alone in the house?			
19	A	Yes.		
20	Q	The whole time that you're you and Officer Robertson are		
21	alone in	the house, are you still calling out to someone you think might		
22	be in the	e backyard?		
23	A	Yes.		
24	Q	Could you see anybody in the backyard?		
25	А	No.		
		80		

1	Q	What's the lighting conditions like in the backyard as you're
2	waiting?	
3	А	There's no light, except my flashlight.
4	Q	Had you turned when did you turn on your flashlight?
5	А	Right when I started shooting.
6	Q	Okay. So you can't see anyone? You're waiting for other
7	officers to	o arrive, correct?
8	А	Yes.
9	Q	What what's Officer Robertson doing, if you know?
10	А	He was giving some radio traffic. He was giving radio traffic
11	that he ad	ctually saw two suspects.
12	Q	So you learned from Officer Robertson that, in fact, he saw
13	two susp	ects; is that right?
14	А	Yeah. Yes.
15	Q	Okay. Is there a point in time where you call out to the
16	backyard	, Where's your boy at?
17	А	Yes.
18	Q	Okay. Is that after learning that there were potentially two
19	suspects	back there?
20	А	Yes.
21	Q	Okay. What happens when other officers start to arrive?
22	А	They do an officer down rescue. They take Jeremy out front
23	and units	start showing up inside the house.
24	Q	What do you do once they take start to take Officer
25	Robertso	n out?
		81

1	А	I still stay. Well, actually, after they took him out of the house,		
2	I moved	I moved a little bit behind cover.		
3	Q	Okay. At was it is there a point in time shortly after that		
4	that K-9	officers arrive?		
5	А	Yes.		
6	Q	And do K-9 officers kind of push you guys to the side to be		
7	able to g	et through?		
8	А	Yes.		
9	Q	Now, the whole time from the time of the shooting until the		
10	time K-9	gets there, at any point can you see anything in the backyard?		
11	A	No.		
12	Q	Okay. When K-9 arrived, do they end up going into the		
13	backyarc	and finding someone?		
14	A	Yes.		
15	Q	Okay. What do you do at that point?		
16	Α	I follow K-9 and the other officers outside. And as the other		
17	officers v	vere taking the suspect into custody, I was holding ground,		
18	keeping a	an eye out for anybody else outside.		
19	Q	I asked you earlier about the first two shots that came through,		
20	correct?			
21	А	Yes.		
22	Q	And I asked you if you heard any other shots that came		
23	through,	right?		
24	А	Yes.		
25	Q	Is the sound kind of muffled after these two shots?		
		82		

1	A	Yes.
2	Q	What do you mean by muffled?
3	A	Sounds like you have hearing protection on, just a muffled
4	sound.	
5	Q	So after the first two shots come through and you begin to
6	return fir	e, is everything kind of going on at the same time and sounding
7	the same	e?
8	A	Yes.
9	Q	Is after you finish going through the backyard after K-9 and
10	everythi	ng gets there, are you taken away from the scene?
11	А	Yes.
12	Q	All right. And do you go to what we've heard about is a
13	command post?	
14	А	Yes.
15	Q	Okay. And wait for other, like, FIT detectives to arrive?
16	А	Yes.
17	Q	Okay. After FIT detectives arrive, do you do what is known as
18	a walkth	rough of the scene?
19	А	Yes.
20	Q	Okay. And you're familiar that a walkthrough is done
21	wheneve	er there's an officer who discharges his weapon; is that fair to
22	say?	
23	A	Yes.
24	Q	All right. And what do we do in a walkthrough?
25	A	Basically, tell the detectives where you were standing, what
		83

1	you saw	v, what you did. That's pretty much it.
2	Q	As you're doing the walkthrough, do do you place, like,
3	paper b	ags or cones in locations where you're standing or where you
4	saw sor	nebody else standing?
5	A	Yes.
6	Q	So let's start with what's been admitted as Exhibit No. 90.
7	Can you	a see where my finger is? My pen is pointed right here.
8	A	Yes.
9	Q	Is this your location
10	A	Yes.
11	Q	from this incident?
12	A	Yes.
13	Q	Okay. And that would be something that you would have told
14	officers, right?	
15	А	Yes.
16	Q	The detective, I'm sorry.
17	А	Detectives, yes.
18	Q	Let's do Exhibit No. 91. Again, that's a closer-up of that, and
19	does that	at have, like, your name on it?
20	А	Yes.
21	Q	I don't know if you can see that. Okay. And then there's
22	another	paper bag on the outside of the patio; do you see that?
23	А	Yes.
24	Q	Okay. Is that did you tell officers that's where you saw this
25	flash of	a person?
		84

1	A	Yes.
2	Q	Okay. Exhibit No. 196, again, this is you; is that right?
3	А	Yes.
4	Q	And this is where you told detectives was the person you
5	saw?	
6	А	Yes.
7	Q	Okay. This other cone back here, you're not sure who put that
8	there; is	that right?
9	А	Correct.
10	Q	You just put these two?
11	А	Yes.
12	Q	All right. How far are we talking about from where you are to
13	the perso	on that you put down?
14	А	Approximately 3 to 4 feet.
15	Q	And even at that distance, you couldn't even see a gun?
16	А	No. It was all happening too fast.
17	Q	Couldn't see any descriptive facial features or anything like
18	that?	
19	А	No.
20	Q	Okay.
21		MS. BEVERLY: Court's indulgence.
22		I'll pass the witness, Your Honor.
23		THE COURT: Defense, cross-examination?
24		MS. SISOLAK: Briefly, Your Honor.

Q	Good afternoon, Officer. I'll be brief, I promise. I I just war	
to clarify:	Two shots were fired, correct?	
A	Correct.	
Q	You returned fire?	
А	Yes.	
Q	At that time, did you turn the flashlight on on your handgun?	
А	Right when I started shooting, that's when I turned the	
flashlight	on.	
Q	Perfect. And at that point you saw what what's been	
referred to	o as a flash of a person, correct?	
А	Yes.	
Q	Black male?	
А	Yes.	
Q	No shirt?	
А	Correct.	
Q	Basketball shorts?	
А	Yes.	
Q	That was not the person who was later taken into custody,	
correct?		
А	Correct.	
	MS. SISOLAK: Okay. Nothing further. Thank you.	
	THE COURT: Counsel?	
	MR. PLUMMER: Yes, Your Honor.	
	86	

1		CROSS-EXAMINATION
2	BY MR.	PLUMMER:
3	Q	Officer, 413 is code for a weapon?
4	А	Yes.
5	Q	Specifically a gun?
6	A	Yes.
7	Q	And and you did receive radio traffic from the homeowner
8	that the	people there possibly had a gun?
9	A	From dispatch, yes.
0	Q	From dispatch. So you knew that was a possibility on the
1	drive ov	er?
2	A	Yes.
3	Q	Now, when you arrived, said you could hear somebody in the
4	backyar	d?
5	A	Yes.
6	Q	You didn't yell to the backyard, hey, the police are here, we're
7	out fron	t, you need to come out with your hands up?
8	A	No.
9	Q	When you were in the house, first walked in, you talked to one
20	of the h	omeowners?
21	A	Yes.
22	Q	And Officer Robertson talked to another homeowner?
23	A	I don't believe so.
24	Q	One of the homeowners you weren't there listening to one of
25	the hom	eowners tell him how to unlock the door?
		87

1	A	To one of the homeowners?
2	Q	Yes.
3	A	Correct. Yes.
4	Q	Officer Robertson
5	A	Yes. Yes.
6	Q	And so one of the homeowners tells Officer Robertson how to
7	unlock tl	he door to the backyard?
8	A	Yes.
9	Q	The other homeowner tells you where the light switch is to the
10	back pa	tio?
11	A	I don't recall.
12	Q	You don't recall the homeowner telling you where the light
13	switch w	/as?
14	A	No.
15	Q	When you get to the back of the house where the door
16	before C	Officer Robertson opens the door, you're standing to the left of
17	the door?	
18	A	Yes.
19	Q	He's standing at the door?
20	A	Just to the right of the door.
21	Q	Well, is he the door is here. Is he to the right of the door
22	trying to	open it? Or is he in front of the door trying to open it?
23	A	He's not standing in front of the door.
24	Q	All right.
25	А	He's standing to the right of the door.
		88

1	Q	And reaching over to unlock it?	
2	А	Yes.	
3	Q	The just so we're clear, he's stretching over, grabbing a key,	
4	unlocking	g the door?	
5	А	Yes.	
6	Q	And he opens the door?	
7	А	Correct.	
8	Q	Does he do this?	
9	А	He opens the doors and walks around as he's opening the	
10	door.		
11	Q	So as he opens the door, you see him walk around like this?	
12	А	Yes.	
13	Q	And as he's opening the door, you're behind the wall and you	
14	step forward?		
15	А	Yes.	
16	Q	And as you step forward, that's when you hear a shot?	
17	А	I hear two shots.	
18	Q	Two shots. And Officer Robertson, he's behind you when this	
19	happens	?	
20	А	Yes.	
21	Q	Now, at that point moment in time that you had stepped	
22	forward, did you see a person?		
23	А	No.	
24	Q	So then there's a shot, two shots, and you step back and take	
25	a knee?

	•	
	A	Yes.
	Q	Right? And the edge of the door, so you come out around the
	edge of tl	he door?
	A	Yes.
	Q	Do you actually look out?
	А	Yes.
	Q	And you start firing?
	А	Yes.
	Q	And it was at that moment in time that you saw a flash of a
	person w	hen you 3 to 4 feet away?
	А	Yes.
	Q	So this flash of a person 3 to 4 feet away, you unload 12 shot
	in succes	sion, correct?
	А	Yes.
	Q	But you're not seeing the person you're shooting at?
	А	No.
	Q	Now, this type of firing is you refer to it as suppressive fire?
	А	Yes.
	Q	And suppressive fire is, in essence, you're not really trying to
	shoot at a	a target, you're just trying to blanket an area to make sure they
can't shoot at you?		
	А	Correct.
	Q	And your firing is in the area where you thought you saw the
	person?	
	А	Yes.
		90

1	Q	Now, after you're done firing, you start communicating,		
2	throwing	throwing out verbal commands to the person in the backyard, or to		
3	anybody	anybody who might be in the backyard?		
4	А	Yes.		
5	Q	And you're getting responses to those verbal commands?		
6	A	Yes.		
7	Q	At that point in time, you're just in a holding position, right?		
8	А	Yes.		
9	Q	You're not going outside?		
10	A	No.		
11	Q	Radio traffic?		
12	A	Yes.		
13	Q	Waiting on additional officers to arrive?		
14	A	Yes.		
15	Q	At some point, additional officers do arrive?		
16	A	Yes.		
17	Q	And when they first arrive, you're still in communication with		
18	the person in the backyard?			
19	A	Yes.		
20	Q	You're throwing out commands. The person is responding to		
21	those co	ommands verbally?		
22	A	Yes.		
23	Q	And at some point, air arrives?		
24	A	I'm sorry?		
25	Q	Air unit arrives?		
		91		

1	A	Yes.
2	Q	And this air unit that arrives, you're in communication with
3	them?	
4	A	Yes.
5	Q	And the they're looking at the backyard?
6	A	Yes.
7	Q	There's no indication that there's a second subject in the
8	backyard	d?
9	A	Not from what they can see.
10	Q	They just see the one subject?
11	A	Yes. But there was a lot of stuff in the backyard, so I
12	remember him saying he couldn't tell.	
13	Q	Granted, but the information you're receiving from the air unit
14	is that there they see one subject	
15	А	Yes.
16	Q	in the backyard? And the information you have at that
17	moment is that subject is in the prone position with his hands above his	
18	head?	
19	A	Yes.
20	Q	And a weapon at his feet?
21	A	Yes.
22	Q	Now, at that moment in time right there and I'm just talking
23	about th	at moment in time where the air unit is on site, additional officers
24	have arr	ived, at that moment in time, you had no idea that a shotgun
25	was eve	n involved?
		92

-	No. In your mind, there had been two shots fired? Yes. You didn't have body cam that night, did you? BY MS.	BEVERLY:	
Q	You were asked some questions about the description of the	
person	that you saw for that brief moment in time	
A	Yeah.	
Q	do you recall those questions on cross-examination?	
A	Yes.	
Q	Okay. Is there anything specific that you remember about	
clothing or color or anything else that comes to mind?		
A	The flash of the person that I saw, light skin, no shirt, purple	
basketball shorts.		
Q	Okay. You were asked a question about you don't know if a	
shotgun was involved in this incident or not?		
А	Correct.	
Q	Okay. The two shots that came through the house, could you	
tell the caliber of those shots?		
A	It sounded like a high-powered rifle, 223 probably.	
Q	Okay. So you just, basically, heard weapons coming at you; i	
that fair to say?		
A	Yes.	
Q	At at I mean, how quick is this happening?	
A	It's very quick.	
Q	All right. And then you were asked a question about you	
weren't	wearing body cam?	
A	Correct.	
	97	

1	Q	Okay. This was this happened back in 2015?	
2	А	Yes.	
3	Q	At the time in 2015, were officers mandated to wear body	
4	cams?		
5	А	No.	
6	Q	At the time, was it still, like, a developing program?	
7	А	Correct.	
8	Q	Okay. You were asked some questions about whether the	
9	person i	person in the backyard was responding to commands or not. Is that	
10	do you r	emember those questions?	
11	А	Yes.	
12	Q	Okay. At any point during the whole time you're waiting for	
13	other officers, waiting for K-9, can you see any person back there?		
14	А	No.	
15	Q	Okay. So you've heard shots come towards you. And now	
16	you can't see a person back there; is that correct?		
17	А	Correct.	
18	Q	Okay. So whether someone's responding to commands or	
19	not, are you going to go back there and put yourself in further danger?		
20	А	No.

	DIRECT EXA	MINATION
BY	BY MS. BEVERLY:	
	Q Sir, how are you currently e	mployed?
	A I'm employed with the Las	/egas Metropolitan Police
De	partment.	
	Q How long have you been w	th Metro?
	A 16 years.	
	Q And what is your current as	signment today?
	A Right now, I work in the cor	nmunity oriented policing
de	artment.	
	Q What is what does that e	ntail?
	101	

1	A	Basically, I wear plain clothes most the time. I go out and do
2	commun	ity events, go to schools, do things for the community, work with
3	the chure	ches, faith-based programs, school programs. We do clean-ups
4	in the ne	ighborhood, some of our rough neighborhoods, and reach out.
5	We work	with problem houses, such as squatters. Basically, anything
6	that we g	get complaints from at our substation, we work on and try to
7	make it -	- make it the best we can.
8	Q	And when did you start working in that division?
9	A	I started working there, it was last May.
10	Q	And prior to that, were you on what is known as light duty?
11	A	Yes.
12	Q	What does light duty entail?
13	A	Anytime an officer is injured or hurt on duty or even off duty,
14	they can	be placed on light duty until their injury allows them to get back
15	to full du	ty.
16	Q	And prior to that, were you actually off from work for
17	approximately a year?	
18	A	Yes.
19	Q	Okay. I want to direct your attention to September the 4th
20	of 2015.	Okay. Were you working on that day?
21	A	Yes, I was.
22	Q	What shift were you working?
23	A	Graveyard.
24	Q	Okay. What time is graveyard?
25	A	10:00 p.m. to 8:00 a.m.
		102

1	Q	And were you working in a special unit, or were you on patrol?
2	A	Patrol.
3	Q	What area command were you a part of at that time?
4	А	Northwest Area Command.
5	Q	Do you know an Officer Grego-Smith?
6	А	Yes.
7	Q	Was he also working in the Northwest Area Command at the
8	time?	
9	А	Yes.
10	Q	So graveyard, what kind of calls do you get on graveyard in
11	your experience?	
12	А	It ranges from domestic violence, burglaries, robberies,
13	prowler calls, petty larceny calls from, like, gas stations. It entails a little	
14	bit of everything.	
15	Q	Kind of riffraff of the nighttime?
16	А	Yeah.
17	Q	Okay. You mentioned prowler call. What does a prowler call
18	mean to you?	
19	А	Well, prowler calls we get, you know, they range it a lot of
20	time on windy nights or just on other nights, someone suspects	
21	someone's in their yard, that would be a prowler call. So some nights, if	
22	someon	e's, like, jumping someone's wall, they hear them in the
23	backyar	d, that would be a prowler call.
24	Q	Is there a difference between a prowler call and a
25	prowler-	with-a-gun call?
		103

1	А	They they would it would be for us, I mean, that would
2	be a prowler. And then if they saw a weapon, then they would change	
3	the call	when you know, would no longer be just a prowler call.
4	Q	Prior to this incident that we're here to talk about today, how
5	long had	d you been on graveyard?
6	А	I worked graveyard for approximately 12 years.
7	Q	Okay. And we're talking about prowler calls, and you
8	respond	led to multiple prowler calls; is that correct?
9	А	Yes.
10	Q	Does it typically end up being not that big of a deal?
11	А	Majority of the time, it's usually wind, something getting
12	knocked over outside. People hear something, you know, so yeah.	
13	Most majority of the calls are end up being nothing.	
14	Q	What does it mean to you when you hear prowler with a
15	possible	e gun?
16	А	Most of our calls, especially on graveyard, come out with
17	possible	e weapon, because our dispatchers usually asks if the the
18	person s	saw a weapon. And usually it's so dark, people are usually like,
19	maybe.	And then it gets broadcast to us as possible. So we hear that a
20	lot, majo	prity of our calls.
21	Q	Okay. And when if dispatch hears from, say, someone
22	calling 9	11 about a gun, do they try to ask follow-up questions about,
23	like, des	cribe the gun or anything like that of the the homeowner or
24	anything	g like
25	А	Usually, yes.
		104

Q Okay. So information that you get on your radio is coming 1 2 from dispatch; is that correct? Α Correct. 3 Q You're not directly speaking with the person who is 4 calling 911 --5 Α No. 6 -- is that fair to say? Okay. All right. So September the 4th Q 7 8 of 2015, you're working and you're working graveyard. And approximately 3:30 in the morning, where are you? 9 Α I was up at the Northwest Area Command substation. I had 10 11 just downloaded camera photos. We called them DIMS photos. And, 12 you know, that was three years ago so we were a little behind, but we 13 used to have to take the computer -- or the -- the memory card from the computer, take it into the substation and plug it into another computer to 14 15 download photos of -- it was actually a domestic violence call that I was on prior, taking pictures for another unit. And it was a slow night so I 16 ended up going up to the station just to download them right away. And 17 so I just finished that up. I was in my patrol car, getting ready to leave 18 the station when I was dispatched to this call. 19 20 Q Okay. And did you see Officer Grego-Smith at the station that night too? 21 Α Yes. He had -- had a ride-along that night, and it was -- being 22 a slow night the ride-along didn't want to -- to spend the rest of the night 23 24 and so he asked to be dropped off. Okay. Had you worked with Officer Grego-Smith before? 25 Q 105

1	А	Yes.
2	Q	Okay. So you get do you get a call over the radio about an
3	incident	, or a prowler call, at 6729 Oveja?
4	А	Yes.
5	Q	And is that here in Clark County?
6	А	Yes.
7	Q	What are the initial details that you get on the call?
8	А	The initial details we get is the PR, which is a person
9	reporting	g, the person calling in, possibly hear or saw subjects in the
10	backyar	d or hears a subject in the backyard of their house.
11	Q	I'm going to put on the screen Exhibit No. 117. Can you see
12	that on your screen?	
13	А	Yes.
14	Q	Okay. Is this, where my pen is located, be Oveja Circle?
15	А	Yes.
16	Q	Okay. And does Oveja actually, the houses on Oveja in the
17	cul-de-s	ac back up to Rainbow?
18	А	Yes.
19	Q	Okay. Are you familiar with this area or were at the time,
20	were yo	u pretty familiar with this area?
21	A	Yeah. At that time, it was still part of Northwest Area
22	Comma	nd, which I've worked in for 12 years. And it's no longer part of
23	that area	a command anymore. But yes, at that time I was.
24	Q	So you hear this information over the dispatch; and what do
25	you dec	ide to do?
		106
	1	

1	А	So she the dispatcher dispatched me to the call. Officer
2		aid that he would back me and that he was at the station also.
3		e out of the station, and being that it was a low priority call, we
4	drove do	own Cheyenne. We drove there no lights and siren.
5	Q	Let me stop you right there.
6	A	Yeah.
7	Q	You said it was it was a low priority call. Why is a prowler
8	call a lov	w priority call?
9	A	It's it's low priority in one fact of that it's just a a possibility.
10	There's	no actual proof at the time when we got the dispatch that there
11	was any	thing else going on. So that's the reason why we wouldn't roll
12	with our	lights and sirens on.
13	Q	Okay. Are there certain restrictions or requirements at Metro
14	for you t	o ride with your lights and sirens on?
15	А	Yes.
16	Q	So you're not just going to, like, every single call with lights
17	and sire	ns on
18	А	No.
19	Q	is that fair to say?
20	А	No.
21	Q	Okay. Especially on graveyard shift; is that fair to say?
22	А	Right.
23	Q	Okay. So you start heading towards the address. As you're
24	heading	towards the address, are you getting any further information on
25	the fro	om the dispatcher?
		107

1	A	As we're driving down, we get the I believe the radio traffic	
2	said that	they you know, came out with a subject in the backyard,	
3	dark, una	ble to get a description, possibly there's a weapon involved, but	
4	we didn't	have anything further than that.	
5	Q	Okay. So you hear possibly had a gun?	
6	A	Right.	
7	Q	And that's different for you than hearing definitely has a gun,	
8	here's wh	here's what it looks like?	
9	A	Right.	
10	Q	Okay. If you would have heard definitely has a gun, here's a	
11	descriptio	on, would that have changed how many officers responded or	
12	anything	that you did?	
13	A	Yes.	
14	Q	Okay. And how so?	
15	A	First off, the there's a policy, it's called the S.T.A.R.	
16	Protocol.	Any time there's definite weapon involved, a sergeant, which	
17	is a supe	rvisor, has to be acknowledge it over the radio and then has to	
18	dispatch	himself to the himself or herself to the scene. And then you	
19	stage up	before approaching the house.	
20	Q	And is it fair to say in in this particular incident, you're not	
21	hearing d	lirectly from the homeowners who have called 911; is that	
22	correct?		
23	A	Correct. They call 911. 911 types information to our	
24	dispatche	er. Dispatcher types information into our CAD system,	
25	computer	r system, and talks to us on the radio.	
		108	

1	Q	So the information from the homeowner is kind of filtered
2	through the dispatcher prior to it getting to you; is that correct?	
3	A	Yes.
4	Q	And you have to rely on what you're hearing from dispatch,
5	correct?	
6	A	Right. Correct.
7	Q	Okay. So are you and Officer Smith in different vehicles?
8	A	Yes.
9	Q	All right. Approximately how long does it take you to end up
10	getting t	o the location of Oveja?
11	A	I'm not a hundred percent sure. About five minutes maybe.
12	Q	Okay. I'm going to show you Exhibit No. 247 on the screen.
13	You can	actually mark on the screen with your finger. Can you point to
14	us wher	e you parked your vehicle when you arrived?
15	A	I believe it was I'm sorry, down here where these two
16	vehicles	are at.
17	Q	Kind of where my oh, let me
18	A	I would be the first vehicle and Smith Officer Smith would be
19	the seco	and vehicle behind it.
20	Q	Okay. So right where my pen is? Let me let me actually
21	zoom in	a little bit so you can see this better. See where my pen is?
22	A	Yeah. Those two that are kind of offset off the curb.
23	Q	That's not where the house is though; is that right?
24	A	Correct.
25	Q	Okay. Why is it that you would park a little bit of a distance
		109

from the house?

1

14

A There's a couple reasons why we do that. First reason being it's our tactics not to park right in front of a house, so we can get out of a car without being right in front of somewhere where the threat or a threat might be at.

Another reason, dark on graveyard, this is an older
neighborhood, they don't have the lit-up addresses. So you can't really
see the addresses on these houses. So we decide -- I decided,
because Smith followed me, and we just parked down there and decided
to walk until we found the house, because we didn't know exactly where
it was at at the time when we pulled down the street.

Q Okay. So you're familiar with the area, but not with exact
 houses in the neighborhood?

A Correct.

Q Okay. When you get out of your vehicle, what do you do? 15 We get out of the vehicle. We start looking at the addresses 16 Α as we're moving westbound. I did -- we did notice the first address when 17 we pulled in was a lower number, and the addresses actually gain 18 numbers, bigger numbers, as they move west in that section. So we 19 20 started looking for the address. And as we approached, we realize it's the house straight ahead of us the whole time, the one at the end of the 21 cul-de-sac. 22

Q Okay. I'm going to show you Exhibit No. 253; do you
see 6729 Oveja in this photo?

A

25

Yes.

110

1	Q Can you put a little marking on that? Okay. As you're walking	
2	up and up the street to get to the target residence, are you kind of	
3	generally, for lack of a better term, scoping out the scene?	
4	A Yes.	
5	Q Okay. What does that kind of entail?	
6	A I mean, we're just looking around. As we're walking up, we're	
7	looking at the addresses. We're looking to make sure that there's no	
8	one running around or hiding as we're moving up towards the front or	
9	to the house that we're looking for.	
10	Q Okay. Had you received any information on the dispatch	
11	about maybe someone knocking at the door?	
12	A Yes. Prior to us arriving, the dispatcher had updated that	
13	there was a knock on their door. I can't remember if it was a just knock	
14	or doorbell. I don't remember.	
15	Q What did that what did that cause you to think, if anything?	
16	A You know, it's it's very uncommon for someone that's a	
17	burglar to to spend a lot of time, making a lot of noise, making people	
18	aware that they're at a house before they break in. So honestly, it it	
19	kind of sounded like maybe a friend was at the wrong house. Maybe	
20	someone said meet me at my house or something, and it sounded like	
21	maybe they were at the wrong house. Like, hey, let me in. Or we do get	
22	intoxicated people that walk home or sometimes drive home. And	
23	they're at the wrong house, even though it's their house or it's a friend's	
24	house, and they they're knocking on the door, like, why is no one	
25	letting me in. So kind of it it didn't ring a bell of anything crazy. It	
	111	

1	sounded more like someone was confused of where they're at or they	
2	were intoxicated.	
3	Q	So any prior to actually getting to the house and walking up
4	to the ho	ouse, anything unusual, out of the ordinary, suspicious about this
5	particula	r call?
6	A	No.
7	Q	All right. Showing you Exhibit No. 368. As you get to the
8	house, d	o you notice this vehicle parked kind of opposite of the house in
9	the cul-de-sac?	
10	А	I don't remember.
11	Q	Was didn't register anything to you or anything?
12	А	No.
13	Q	No movement or anything in the car?
14	А	No.
15	Q	Okay. So you get up to the home. And what, if anything, do
16	you do?	
17	А	So as we approached the house, the front of the house once
18	we realiz	e it's the house at the end of the cul-de-sac, things I remember,
19	I remember seeing the front of the house and seeing the to the right	
20	side of th	ne house there was a, like, a little cutout wash, or maybe used to
21	be a wal	kway that was fenced off. And then I remember seeing the
22	security	gate to the backyard, the side gate to the backyard was on the
23	right side	e of the house. And Officer Smith went to the right side of the
24	house to	take a look over there. I went to the left side of the house. I
25	rememb	er there being, from what I remember, a courtyard near the front
		112

1	of the house or heavy brush.
---	------------------------------

Q Okay. Let's actually look at Exhibit No. 374.

- A So, yeah, there is a courtyard there.
- Q Okay.

2

3

4

14

A So as Officer Smith went to the right side of the driveway, I
cleared the left side up by the front door where the -- the courtyard is,
just making sure there was no one up there. And then I remember
looking to the left side of the house to see if there was a gate or anything
to get over there. And I just remember -- from what I remember is, it -- it
seemed -- it was different than most walls. I -- I think it was tall or there
was an obstruction there.

Q Let's show Exhibit No. 372. Is this that wall on the left side
that you're talking about?

A Yes.

Q And you said something about you were clearing the front kind
 of area. What -- what does that mean?

Α So we're just making sure there's no one up there, because, 17 you know, the -- there's details originally that maybe someone was 18 knocking on the front door or ringing the doorbell. So we just wanted to 19 20 make sure someone's not just sitting up there by the front door or 21 anything. Even though it's still low priority or nothing's screaming crazy 22 in our minds, we still use tactics to make sure that someone's not going 23 to jump out at us or that we're not missing something. So we're looking all over the front yard before we move. 24

25

Q I'm going to show you grand -- Exhibit No. 367; do you recall

this vehicle being parked in front of the house as you went up thedriveway?

3

A I honestly can't remember it.

Q No problem. All right. So you end up clearing the front area
of the house, and what's the next thing that you do?

So looking at the picture now, I -- I realize that awning is kind 6 Α 7 of over on that wall, and that's why we didn't decide to try to jump the 8 wall. I remember going back towards the -- the driveway where Smith was, and he had said -- I think he had said that the gate was locked or it 9 was like a security screen, so you can't really see through it. And there 10 11 was an awning over the -- that gate. I remember seeing that myself, that there was an awning that goes over that security gate, so you can't jump 12 13 over that gate either.

Q Let's show Exhibit No. 59; is this that awning and security gate
that you're talking about?

16 A Yes.

17

Q Okay. Okay. Go ahead.

Α So after we checked the front of the house, I think Officer 18 Smith said he thought he heard something. I can't a hundred percent 19 20 remember that, but I -- I think he said that to me. But I don't know where 21 he thought he heard it from. And so I got on the radio and asked for -- if we were still on landline with the -- the homeowners. And it's -- the 22 dispatcher said -- you know, I said if we are, have them come to the front 23 24 door. And then they came to the front door and that's where we met 25 them at.

114

1	Q	Okay. Did the homeowners, in fact, let you into the home?
2	A	Yes.
3	Q	And what do you do when you get inside the home?
4	A	They said that I remember going through their their
5	passing	them at the front door. And they said the back door was
6	straight -	straight back, and they said you have to open the door. There
7	was a ke	ey in the lock. It was one of those they have the key side of
8	the the	e lock inside the house, so you had to open it wasn't a regular
9	dead bo	t. I remember them telling me that.
10		So we Officer Smith and I went in. I remember looking out
11	windows	. I was in the kitchen. I looked out a a small window in the
12	kitchen.	And I remember it being really dark. I also looked out another
13	window, I believe it was in the dining room, and we couldn't see	
14	anything	
15	Q	Okay. So in this dining room/living area, there's a couple of
16	windows	; is that right?
17	A	Yes.
18	Q	Okay. And I'm just going to show up here grand jury
19	Exhibit N	Io. 88. Would this be a view from the front door of the house
20	looking t	owards the back of the house?
21	A	Yes.
22	Q	Okay. And do you see where my pen is?
23	A	Yes.
24	Q	Is that one of the windows?
25	A	Yes.
		115

A Q A Q	Is there also a further another window further into the rea? Yes. I believe it was over the sink. Okay. So you look out those windows to see if you can see is that fair to say? Yes. Okay. And you indicate you can't see anything? Right. Had you been able to see anybody with a weapon or anything,
A Q nything A Q A Q	Yes. I believe it was over the sink. Okay. So you look out those windows to see if you can see ; is that fair to say? Yes. Okay. And you indicate you can't see anything? Right.
Q nything A Q A Q	Okay. So you look out those windows to see if you can see ; is that fair to say? Yes. Okay. And you indicate you can't see anything? Right.
nything A Q A Q	; is that fair to say? Yes. Okay. And you indicate you can't see anything? Right.
A Q A Q	Yes. Okay. And you indicate you can't see anything? Right.
Q A Q	Okay. And you indicate you can't see anything? Right.
A Q	Right.
Q	-
	Had you been able to see anybody with a weapon or anything,
ould the	
	at have changed what happened next?
А	Yes.
Q	Okay. What would you have done if you had seen somebody,
ke, on tl	ne backyard or on the patio with a weapon?
А	If they were in the backyard, we would have immediately
backed out to the front of the house. I would have got the homeowners	
nd we v	vould have gone down to the end of the street.
Q	Okay.
А	And I would have waited for more officers to arrive.
Q	And just so we're clear, Exhibit No. 127; here's the first
indow w	we were talking about, correct?
А	Yes.
Q	And then we can kind of see the second window by the
efrigerat	tor?
А	Yes.
Q	Do you have any kind of in-depth conversation with the
r	A acked o nd we v Q A Q ndow v A Q frigerat A

homeowners or anything? 1 Α No. 2 Q Okay. What happens when you go towards the back of the 3 home? 4 Α So after we looked through the windows, you know, we still 5 used tactics. Officer Smith and I decided that we would clear the 6 7 backyard of the house. 8 Q Okay. Similar to how you cleared the front yard? Yes. Kind of like -- even like how we clear a house even. Α 9 Q Yeah. What do you do when you clear a house? 10 11 Α So, usually, we -- if we're at, like, the front door of a house, we push the door open. We'll announce ourselves and then we make entry 12 to the house. And we -- we clear the house as -- either two-man, or if 13 we get more officers. Usually if it's something that doesn't scream like

we get more officers. Usually if it's something that doesn't scream like
it's a crazy call, it's usually two officers anyway on calls. You have to
have a minimum of two officers to clear, per our policies.

- Q So do you and Officer Smith develop a plan that you're going
 to go into the backyard and clear it?
 - A Right.

19

20

Q Okay. So what's the plan going to be?

A So the plan is I'll open the door and Smith stayed on handgun.
He was going to be the first one out the door actually. I was going fling
the door open. I had to holster my weapon in order to open the door.
Again, we want to use tactics. So our jobs -- we're -- we're not trying to
scare people away; as a police officer, we're trying to catch people.

117

1		So just like if I rolled with lights and sirens to a call, I'm not
2	rolling straight up in front of the house with my sirens blaring, like, I'm	
3	here. W	e'll shut them off, especially on graveyard, I don't need lights
4	and sirer	ns. Even walking up to a house, I use light discipline. I don't
5	want peo	ople knowing where I'm at. We're trying to catch people that are
6	up to no	good, or in this case, we thought maybe someone that was just
7	in the wr	ong place.
8	Q	Okay.
9	A	So we come up with the idea that we're just going to clear the
10	backyarc	d, but we're still taking this serious enough. He has his weapon
11	out.	
12	Q	Let me stop you right there.
13	A	Yep.
14	Q	When you go through the house initially, are there any lights
15	on in the	living room/dining room area of the house?
16	A	No.
17	Q	Okay. I'm going to show you Exhibit No. 206. This is the door
18	to the ba	ck patio; is that correct?
19	A	Yes.
20	Q	Obviously, when you got there, the door was closed; is that
21	correct?	
22	A	Correct.
23	Q	Could you see out either of those double, kind of, French
24	doors?	
25	A	I don't remember looking out those doors.
		118

1	Q	And again, we're talking around like 3:30, 3:45 in the morning;
2	is that ri	ght?
3	A	Yes.
4	Q	So the plan is Officer Smith is going to go through the door
5	first, you	u're going to follow him?
6	A	Correct. But I'm going to open the door.
7	Q	You're going to open the door. So you, if you can on this
8	let's see	e, on this exhibit, which is going to be 206, can you put a little dot
9	for the ju	ury where you were standing to open the door?
10	A	In in my mind, I think it was to the right of the door.
11	Q	Okay.
12	A	I'm not a hundred percent sure, but I believe I was standing
13	over he	re. In I would have had to be where the door handle was, so I
14	could ha	ave been to the left, but in my mind, I was to the right of it.
15	Q	And I believe you indicated you had to unlock the door from
16	the insid	de in order to
17	A	Uh-huh.
18	Q	turn the knob and open the door?
19	A	Right.
20	Q	And did the door swing in or did the door swang out?
21	A	It swang in.
22	Q	Okay. Tell us what happens.
23	А	So we come up with the plan. So again, I was Officer Smith
24	was goi	ng to be on on gun. I was going to open the door and then I
25	would p	ull my weapon out. But we were going to swing open the door
		119

and announce, Metro Police, sound off if you're in the backyard. You -that's typical of what we would say. So my goal was to swing the door
open, grab my weapon and then we announce, and then we'd go out in
the backyard and clear the backyard.

Q Okay. And you indicated that in order to open the door, you
actually had to holster your weapon?

A Yeah. Again, tactic wise, we don't want to give away our
positions. So if I'm making a lot of noise trying to open a door, it's
unsafe with a handgun in my hand trying to undo a dead bolt and open
the door at the same time. Again, we're trying to make the less noise as
possible. You know, that's -- that's what we're doing.

12

25

Q

But prior to you holstering it, did you have it out?

A I believe I had it out in the front of the yard while we were
clearing. That's typical. And then once we were inside, I holstered it to
open the back door.

All right. So tell us what happens as you go to open the door. 16 Q Α 17 So I remember turning the key and knob and swinging the door open. And I didn't have a -- any time, and I would -- I just 18 remember getting shot, or something happened. I didn't know what 19 20 happened at -- to me at first. It felt like someone hit me with a 21 sledgehammer in my upper thigh. And I just remember time slowed down for me. In my head, I -- I thought I was standing there for, like, 10 22 23 or 15 seconds and then fell to the ground and I didn't know why. I 24 couldn't hear anything. I had tunnel vision.

And then after I landed on the ground, I was on my stomach

120

1	on the g	round with my feet towards the door and my head was facing
2	the front	door. And I remember hearing things as soon as I I heard
3	Officer S	mith returning fire and I could see his shell casings flying over
4	me, but e	everything was slowed down. It looked like slow motion to me.
5	Q	Prior to this happening, had Officer Smith got on the radio and
6	asked fo	r a Code Red?
7	А	Yeah. I'm sorry, yes. Before we did that, he asked for Code
8	Red on t	he radio, which indicates that we're asking that we're going
9	to wha	t I think I believe he said, give us a Code Red. We're going
10	to clear t	he backyard. And that allows our dispatch there's a a
11	beep, be	eping sound that goes over the radio, meaning radio silence, for
12	us. So v	ve're the only ones supposed to talk on the radio at that time.
13	So he as	sked for that prior to me opening the door.
14	Q	And just to be clear, when you opened the door, you're still on
15	the insid	e of the residence; is that correct?
16	А	Yes.
17	Q	Do you hear anything coming from the outside to the inside
18	when yo	u open the door?
19	А	I don't remember hearing anything.
20	Q	Okay. You do you just feel yourself getting hit?
21	А	I'm sorry?
22	Q	Do you feel yourself getting hit?
23	А	Yes.
24	Q	Okay. What's what's the next thing that happens?
25	А	So I remember laying there, and I I realize once I started
		121

coming to, once the tunnel vision and everything passed, that -- that I
was shot. And I started self-evaluating myself. There was another
officer that I knew, he had been shot years prior to me and it had hit his
femoral artery. So my concern at that time, knowing I was hit in the
upper thigh area, was making my femoral artery wasn't hit.

So I started checking my -- myself. I was hit very high in the -the upper hip, one where you can't put a tourniquet on. I do carry a
tourniquet on my belt, but the -- the injury was so high, it exited -- the
actual bullet exited my -- my rear side. I just remember I -- I knew that
my femur had broken because the way I fell. And I looked back and my
leg was twisted around. I knew that my leg was -- was broken or
shattered.

So I'm self-evaluating, making sure I don't -- seeing how much 13 blood I can feel. As I'm doing that, I just remember that other officer that 14 15 I was telling you about. And I -- I wanted to slow down all my breathing and stuff, because I knew if I -- if it was worse, I don't my heart rate and 16 everything going up to where I would bleed out. So I was trying to calm 17 everything down. And I -- I started talking on the radio. That was one of 18 the things that helped keep me -- gave me something to do while we 19 20 were waiting for other officers.

21 Q Okay. Do you hear Officer Grego-Smith fire into the 22 backyard?

A

23

Yes.

Q Okay. At some point, do other officers -- do you need some
water?

122

1		MS. BEVERLY: It's okay. He has it up there.
2	Q	You let me know when you're ready. Okay?
3	А	I'm ready.
4	Q	Okay. At some point, do other officers start arriving?
5	А	So I remember looking back and Officer Smith had taken a
6	knee. S	Sorry.
7	Q	That's okay.
8	А	He had taken a knee in front of me to make sure that he was
9	protectir	ng me. And I remember him yelling on the radio our code for
10	officer n	eeds help, emergency, is 444. And I remember him screaming
11	that out,	and officer officer down. And I remember him being there,
12	taking a	knee in front of me. At that point, any time shots fired, anything
13	like that, everyone's coming.	
14		So I remember him screaming that out. And then I remember
15	him gett	ing on the radio and saying because dispatch is asking a lot of
16	questior	ns to him. I remember them ask I think they asked him, you
17	know, d	escription of the subjects suspects and stuff.
18	Q	Do you recall any description, number, anything about
19	anybody	/?
20	A	I'm sorry?
21	Q	Do you remember any description, any number?
22	A	From what I saw?
23	Q	Go ahead.
24	A	It that's all blocked out in my mind.
25	Q	You remember talking on the radio traffic?
		123

۸	I did talk on the radio. And Officer Smith had said that he
	I I did talk on the radio. And Officer Smith had said that he
saw one suspect, and I remember telling him no, there's two. And to this	
day, I ca	In't process it. From the point of me getting shot and falling on
the grou	nd, I don't remember what I saw at that door. All of that has
been i	s my mind blocked it out.
Q	Would the radio traffic that was taken at the time be accurate
as to wh	at you're relaying to the dispatch?
А	Yes.
Q	Okay.
	MS. BEVERLY: Your Honor, by stipulation, I'm going to of
the parti	es, move for the admission of 11B, which is on the CD.
	THE COURT: Defense, is that correct? It's stipulated to?
	MS. MACHNICH: Yes, Your Honor. No objection from
Mr. Turn	ier.
	MR. PLUMMER: Yes, Your Honor.
	THE COURT: Okay. It will be admitted.
	[State's Exhibit No. 11B admitted.]
	MS. BEVERLY: Permission to publish?
	THE COURT: You may publish.

5	Q	And Officer, on the radio traffic, there's, like, breaks in time, is
6	that righ	t, where there's no talking?
7	А	Right.
8	Q	Okay. So it's it's not like a there's updates, then a further
9	update,	but there's time period that's time that's going on?
10	А	Correct.
11		[Audio played.]
12	Q	Was that you was that you on there telling dispatch to let the
13	homeow	vners let me in?
14	А	Yeah. And I'm 1Victor22 that night.
15	Q	And what is 1Victor22? What does that mean?
16	А	That was my call sign. One means it's graveyard hours.
17	Victor is	the sector beats that the call is in, or I I covered Victor area,
18	which th	is call was in. And then 22 is just a number behind it.
19	Q	Okay. So that is how dispatch is assigning officers calls and
20	using th	ose call signs?
21	А	Correct.
22	Q	Okay.
23		[Audio played.]
24	Q	So is that Officer Grego-Smith yelling out shots fired?
25	А	Yes.
		125

1	Q	And then did you hear yourself on there?
2	А	Yes.
3		[Audio played.]
4	Q	Did you just hear yourself right there? Earlier, did you hear
5	А	Yes.
6	Q	Officer Grego-Smith say you told him there was two
7	suspects	s?
8	A	Yes.
9	Q	And then you just indicate on here, I was shot with a
10	high-pov	wered rifle?
11	Α	Yes.
12	Q	Okay. So that would have been your memory at the time?
13	A	Yes.
14		[Audio played.]
15	Q	Officer, did you hear that?
16	A	Yes.
17	Q	Okay. Fair to say the radio traffic continues on as this
18	incident	officers begin to arrive; is that correct?
19	Α	Yes.
20	Q	At some point other officers arrive, and do they take you out of
21	the hom	e?
22	Α	Yes.
23	Q	Okay. Now, what happens when you get taken out of the
24	house, it	f you remember?
25	Α	I was on my stomach, again, with my head facing the door, so
		126
	S	hawna Ortega • CET-562 • Certified Electronic Transcriber • 602.412.7667 1074

1	I saw them coming in. I believe I remember seeing a couple officers
2	step over me and go past me and help Smith cover the backyard. And
3	then I just remember Officer O'Neil coming in. I believe he
4	was 1Victor33 that night. And he he came in and he took my gun out
5	of my holster.
6	And the reason for that is if someone were to lose
7	consciousness and then they wake up, it's if I was in the fight mode
8	and then I lost consciousness and I woke up again, you're in the fight
9	mode still. And they didn't want me thinking someone, you know,
10	something was wrong and I pull my gun on one of the officers or
11	something. So he took my gun from me that night. And then they
12	Q Sorry, let me ask you this: Just to be clear, on the radio traffic,
13	there was a bunch of different people talking; is that right?
14	A Uh-huh. Yes.
15	Q There's the air unit. There's maybe some sergeants; is that
16	fair to say?
17	A Yes.
18	Q So everyone's kind of on the same channel talking different
19	people are talking though?
20	A Yes.
21	Q Okay. Sorry, I'm sorry. Go ahead. So you get taken out of
22	the house?
23	A Yeah. So Officer O'Neil and then two other officers came in.
24	They rolled me over onto my back and I was telling them that that I
25	my femur was broken and they did what we call a down officer rescue.
	127

1	Officer O'Neil went kind of sat me up and kind of bear-hugged me		
2	from the back, put his arms under my arms and wrapped them around		
3	me. The other officer supported my leg and they lift me up.		
4	And, I mean, during the radio traffic, you can hear me		
5	screaming in in pain when they did that. And then they carried me out		
6	of the the front door and I was taken to the driveway and where they		
7	sat me down and then AMR and FD came right up.		
8	Q You were taken to the hospital?		
9	A Correct.		
10	Q All right. How long were you in the hospital for?		
11	A 11 days.		
12	Q Tell us about your injuries.		
13	A So I my femur was fractured it was basically blown apart.		
14	I I'm missing the whole upper part of my femur. When I was taken,		
15	originally I was taken to trauma. They had to put my leg into traction		
16	after I did the MRIs and all that stuff. They stabilized me. They put my		
17	leg into traction and then I was taking into surgery shortly a short time		
18	later.		
19	During the surgery, the doctor, the surgeon installed a titanium		
20	rods into my leg. I had titanium rod from my ball joint of my femur that		
21	connects to the to the hip over to where the femur is and then a		
22	titanium rod all the way down to my knee.		
23	Due to the injury, the way bullets come in enter people and		
24	exit people, the the entrance wound of the the gunshot was very		
25	small. And it actually sealed itself when it went through, so they didn't		
	128		

1	even ha	ve to stitch that. But when it exited the back end of me, it it
2	blew out	t a lot of of flesh with it. So I had a huge hole in the back.
3		My gluteus minimus and medius muscles were detached. My
4	hip flexo	or muscle was detached. And they those all those things
5	had to b	e reattached. And I was told that I would probably have to have
6	surgery	again due to the hip flexor muscle, due to not having the top of
7	the the	e femur where it normally attaches.
8	Q	Let me ask you this: Do you know how close this shot came
9	to an art	ery?
10	А	Very close. I shouldn't even be here.
11	Q	So you were describing you were describing for us how the
12	muscles were basically taken apart in your leg?	
13	А	Yeah.
14	Q	You had to put titanium in your leg?
15	А	Correct.
16	Q	After that surgery, did you have to have ongoing care for
17	your y	our leg and your body as as a whole?
18	A	So with the wound, being that there's a big, gaping hole, I
19	was I	had a wound vac attached to me for several months. That's
20	where th	ney they pack the wound, they shove foam in there. And,
21	basically	, it's like a vacuum and it sucks any moisture out of there, trying
22	to keep	to infection away as the the wound heals from the inside out. I
23	had to have that changed every three days, which, you know, was the	
24	worst pa	art for me. That was painful.
25	Q	That affect anything about your personal life?
		129

1	Α	I had major anxiety from that. So whenever they changed my	
2	wound vac, I was thinking three days ahead already to that. It		
3	Q	What about your ability to help with your family or kids or	
4	anything	?	
5	А	So I wasn't allowed to to put any weight on my leg. I	
6	couldn't	walk for two months. So everything I had to do, I was in a	
7	wheelch	air, not that I did much. I I lived in a hospital bed. I had	
8	two-story	y house, lived downstairs, slept by myself in a hospital bed in the	
9	dining ro	dining room.	
10	Q	Could you lift anything heavy?	
11	A	No.	
12	Q	Did you did you have a child at the time?	
13	A	My son was 18 months old, and my wife was four months	
14	pregnant.		
15	Q	Could you even pick up your son?	
16	А	No.	
17	Q	Did you have to go through any rehab, even after this	
18	two-mon	th period where you couldn't walk?	
19	А	So for the the first two months, I I would the only times	
20	I'd really	go out was to go visit the surgeon for follow-up. They sent	
21	home P	Γ to me, but it was more just movement of the leg, just to to	
22	bend it a	and stuff. I couldn't do any strengthening or anything. It wasn't	
23	until end	of October that I was allowed to go I think my first day was	
24	October	31st on Halloween was my first day of actual going to physical	
25	therapy.	And going in there, I still had the wound vac attached to me.	
		130	

1	At that point, I was allowed to walk with a walker, no weight on
2	my leg. But I kind of had to hop with my left leg, move the walker up,
3	hop, and kind of move like that. And that's how I started going to PT.
4	Q How long were you in in rehab for?
5	A I did almost a full year, three days a week. And I was there for
6	at least two and a half to three, sometimes longer, hours every time I
7	went. I progressed from, obviously, the wheelchair to the walker, and
8	then walker to the crutches. And then I had to walk with a cane. And I
9	was told by my surgeon that to expect that I'd be walking with a cane
10	for the rest of my life.
11	And luckily, my physical therapist didn't want that to be part of
12	my life. And he and I worked together and worked hard to get back to
13	where I was. I still have issues with the rod that was placed in my leg, is
14	an inch short. So my leg is an inch shorter, so
15	Q Do you actually mind standing up for me and walking down
16	the stairs? On your right side it looks like your shoe is is a little bit
17	bigger than the other shoe?
18	A Yes.
19	Q What's what's that about?
20	A So
21	THE COURT: Hold on. Can you hear him?
22	MS. BEVERLY: Maybe if you I don't know if the jury can
23	see? Can can the jury see what we're talking about?
24	UNIDENTIFIED JUROR: Can we stand?
25	MS. BEVERLY: You can stand up.
	131

1	BY MS.	BEVERLY:
2	Q	We're talking about your right shoe. Is that
3	A	Right. Correct. Right.
4	Q	Why is your right shoe bigger than your left shoe?
5	A	Due to the metal rod that they placed in my leg, it's an inch
6	short. S	o now I have to compensate walking with having the the
7	soles	they add lengthening on the soles, so that that way it levels me
8	out.	
9	Q	Okay. Thank you. You can have a a seat.
10		How long were you off work for, sir?
11	A	This occurred on September 4th. I was out until June of 2016,
12	at which point where I was able to walk around, I was able to go back to	
13	work and	d work at work in a in plain clothes, working at, like, the front
14	desk of	our substation. And we call that light duty.
15		MS. BEVERLY: Your Honor, by stipulation, I move for the
16	admissio	on of State's Exhibit No. 398, which is Officer Robertson's
17	certified	medical records.
18		THE COURT: Defense, is that correct? This is by stipulation?
19	No obje	ction?
20		MS. SISOLAK: No objection on behalf of Mr. Turner.
21		MR. PLUMMER: No objection, Your Honor.
22		THE COURT: It will be admitted.
23		[State's Exhibit No. 398 admitted.]
24		MS. BEVERLY: Pass the witness.
25		THE COURT: Defense, any cross-examination?
		132
	1	

1		MS. SISOLAK: Officer Robertson, I'm sorry you had to go
2	through	this again today. Nothing further.
3		MR. PLUMMER: Yes, Your Honor.
4		CROSS-EXAMINATION
5	BY MR.	PLUMMER:
6	Q	Good afternoon, Officer Robertson.
7	A	Good afternoon.
8	Q	I just want to ask you a couple of questions about when you
9	opened	up the door. When you opened up the door, you saw two
10	people :	standing outside?
11	A	From what I said on the radio, I must have. But from the
12	trauma	of the incident, I I can't see it in my mind today.
13	Q	This happened on September 4th?
14	A	Yes.
15	Q	And on September 24th, you talked to a Detective Colon?
16	A	Yes.
17	Q	Told Detective Colon when you opened up the door you were
18	spooked	d?
19	A	I I didn't say I was spooked, I don't believe. I think I said
20	that I thi	ink we spooked them, being the suspects, as much as they might
21	have scared us.	
22	Q	Thank you.
23		MR. PLUMMER: No further questions, Your Honor.
24		THE COURT: Any redirect by the State?
25		MS. BEVERLY: No.

1	THE COURT: Can this witness be excused?	
2	MS. BEVERLY: If there's not any questions for the jury.	
3	THE COURT: Any questions? No? No questions. No hands.	
4	Can this witness be excused.	
5	MS. BEVERLY: Yes, Your Honor.	
6	THE COURT: Thank you. Sir, thank you. You may be	
7	excused.	
8	THE WITNESS: Thank you, sir.	
9	THE COURT: Counsel approach.	
10	[Bench conference transcribed as follows.]	
11	THE COURT: It's my understanding you don't have any	
12	additional witnesses for today?	
13	MS. BEVERLY: Correct. I mean, we're moving very much	
14	faster than I thought.	
15	THE COURT: Okay. Yeah.	
16	MS. BEVERLY: Yeah.	
17	THE COURT: That's fine. So I'm going to do our evening	
18	recess and we'll reconvene at 11:00.	
19	MS. BEVERLY: Okay.	
20	MS. SISOLAK: Thank you, Your Honor.	
21	MR. PLUMMER: Thank you, Your Honor.	
22	THE COURT: Thank you.	
23	[End of bench conference.]	
24	THE COURT: Ladies and gentlemen, at this time we're going	
25	to take our evening recess.	
	134	

1	During this recess, it is your duty not to converse among		
2	yourselves or with anyone else on any subject connected with the trial or		
3	to read, watch, or listen to any report of or commentary on the trial by		
4	any person connected with the trial or by any medium of information,		
5	including without limitation, newspaper, television, and radio. And you		
6	are not to form or express an opinion on any subject connected with this		
7	case until it's finally submitted to you.		
8	We're going to be in recess until Monday until 11:00.		
9	There's this is not normally my courtroom. The courtroom I usually		
10	use was being refitted with something. And and it's my understanding		
11	it's available on Monday. It's actually and you can ask my marshal,		
12	but it's actually on the same floor, but at the other end of the building.		
13	What department is that?		
14	THE MARSHAL: 11D.		
15	THE COURT: Department 17?		
16	THE MARSHAL: No. It's 11D.		
17	THE COURT: 11D.		
18	THE MARSHAL: Department 2.

1	THE COURT: So it's Courtroom 11D. So we're going to go				
2	reconvene in that courtroom. Don't be it's a little set up a little				
3	different than this courtroom. But that's where we're going to reconvene				
4	on Monday. So 11:00, Courtroom 11D. It's on the 11th floor. It's at the				
5	other end of the building. All right. I will see you then.				
6	[Jury recessed at 4:21 p.m.]				
7	THE COURT: We'll be in recess.				
8	[Court recessed at 4:22 p.m., until April 23, 2018, at 11:00 a.m.]
