### **In Proper Person**

The issues in this case involve child custody and attorney fees and are submitted to on an emergency basis because it can have a huge impact in the appellants work.

Further, the current orders and judgements have a direct impact on ALI immediately, ordering ALI pay \$185,000 in Attorney's fees. The district court continues to issue error ridden orders that affect ALI immediately. Additionally, JUDGE HARTER has shown an impermissible bias toward ALI, which is seen in the district court's orders. This emergency stay is needed to protect ALI's constitutional rights; and to prevent the district court from enforcing and continuing to issue arbitrary and capricious orders.

Ali's Emergency Motion for Stay is essential to Ali's case, and the The importance of the Emergency Motion for Stay is the reason why ALI exceeds the 10-page limit, also the extensive occurrences of abused discretion and error in the underlying case are significant and many. The stay written by a seasoned attorney for the petition for writ in 79336-COA, was almost double the page allowance. Here ALI is pro se and the stay is so important to me I cannot risk leaving something out, as if this stay is not granted my constitutional rights continue to get violated. This stay is vital to my rights as I am entitled to as a citizen of the U.S.A and those rights belong to me.

ALI has striven to present the fullest picture in support of the request for stay, while still being

mindful of the NRAP limitation. Therefore, ALI requests that this Court permit the filing of the  
ALI requests that the stay be accepted because there is good cause in this particular  
case.

Entered in this action on the 11th day of February, 2021.
