Alisha,

Hi Baby, today is Friday I just got done with my 1hr free-time, once in a blue moon, I will get 2 hrs one & Cube get are free-time together. I don't talk to him or anyone else about our business, he talks to me about his shit. A lot, Baby he was telling me yesterday that Sofia would tell her mom about you and some of the things that you would tell her. Baby watch what you say to her, she already turned against Cube. Alisha you do know what she was locked-up for don't you? Enough about that. In your letter you said that your lawyer told you that you would probably be back in 2 wks it has been 10 days today, I have wrote you 2 letters, I sent me out the day I got your first letter like you told me too, & I wrote another one the same day I got your second one. I miss you baby! Baby as long as I live, I will be right there for you, you will never be alone & when I say never that's what I mean NEVER.

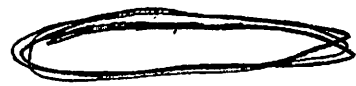

I Love you Alisha & always will. Baby dinner is coming I will write more just as soon as I'm done eating this great meal they're serving. I'm back, Baby you missed a great meal! Ha, Ha, Baby I was thinking about the last meal that we ate

write me back AS (2) ANSWER my
SOON AS YOU get this questions! PLEASE

together it was a Big-N-Tasty from Mr. Donak
remember those 2 kids from Kentucky they
said that we could sleep in their hotel room
for the night, they were on some straight bull-shit.
After we ate we went to the Stardust & stood
outside in the back by the doors and we
were hugging each other & you started playing
with Richard after about 10 min of that we
went for a walk by the Hilton remember
the van that was parked in the middle
of the parking lot were Brad parked his truck
and you walked over & it was security after we
walked around we went back to the
Stardust so you could call T - This was our
last night together for awhile. I love you Baby
Baby we will be back together again & all of
those things that you pitched when you were
little will all come true, we love for each-other
is just it, it's strong for each other it hurt &
give up on each-other, I want to hold you so bad
Baby! Thank you for not giving up on me &
loving & caring about me. I have finally found
someone that will love and care about me
just as much as I love and care about them
And that someone is (YOU) Alisha Nicole Burns.
Baby don't ever feel like your lonely or alone, because
I'm right here baby, don't ever forget that.  901

I will love you
until your hair turns

part of our song.

Here's A Kiss

Alisha you have asked me what love means
to me, it means to have love & respect for
each-other, it means to be open & honest &
tell your deepest darkest secrets to, it means
to be there thru the good & bad times, it
means trust, to be the shoulder for the person you
love to cry on, it means when all you do is
think about her, it means that when things do get
hard you can face them together, it means to
make sure their happy before yourself. Honest true
love is what I have for you. Love means when
when one of us is hurting & needs someone to talk
to the other person is there. Baby when you told
me not to tell you I love you it ripped my
heart out. Baby when I asked you to marry me
I wasn't asking you just to be asking, I asked
you because I love & care for you, you are what
matters to me, I want to be with you for
the rest of my life & when I asked you to
marry me I have never been more serious
about anything in my life, baby all those feelings
that I had for you then I still have now
but, they are just a lot, a lot stronger. Baby there is
not a day goes by were I don't think and
want to hold you in my arms. Baby every-
thing about you brings tears to my eyes I
love you, I love everything about you, you are

I miss you
I CAN'T wait to see you

(4) I Almost Forgot. Baby I have
not shaved since the last
time I saw you at court I do
have a beard. Do you want me to
shave it off.

what makes me happy. I want to spend
the rest of my life with you Alisha. Baby
you know what I think about alot that hurts
me because I knew it hurt you when I
would go into the Casinos & leave you waiting
outside, baby I'm so sorry, I'm sorry for disrespecting
you like that, Alisha please forgive me, I
never meant to hurt you. Will you forgive me?
Do you still want to marry me? I love &
miss you more than anything in
this world. (You are my heart) Me and
you forever baby. Baby all my life I've
been hurt, baby I've been in group
homes, I've been in Foster Homes I ran
away all the time. I would live with
my mom when DCFs thought I was a
good little boy & when I would be at
home my mom's boyfriend would get
drunk & come home real late I would
always hear him because he would wake
my mom up then they would start
arguing & he would hit my mom I would
always get my ass kicked because I
would get out of bed to protect my
mom long enough were she could call
the cops. I would always read about and
draw jets I wanted to be a pilot in the

(5)

air force that was my dream growing up, I would always tell my mom that I was going to fly jet airplanes, I still love jets. Baby I think about us alot 's' if we were really meant to be together 's' the answer is yes, we are, we both know how it really feels to have to put up a front, we both know how it feels to be alone, we both know how it feels to trust someone and always in up getting hurt, and I believe that both of us are looking for someone who we can trust, love, cherish and spend the rest of our lives with. Baby I want to spend the rest of my life with you, I trust you with my life 's' I love and cherish you more than anything in this world, I love you Baby (Baby, do you still think I don't love you)? Alisha and I have been pretty much been the same the only difference is I've been thru a little bit more shit than you have but, that is only because I'm a little bit older than you. Baby you keep saying that these people are going to give you 40 yrs, baby they are so full of shit if you go to prison they might give you 10 yrs all they are doing is trying to scare you so you will turn against me

I want
to eat you?

(6)

I LOVE YOU

they think that you will get scared & start
crying and tell them everything they want
to know but, baby just because these
people on the west coast tell on each
other doesn't mean the East coast does the
same. Baby together we stand divided we fall.
I love you baby, Me and you forever baby
So, how are they taking you back and
forth from Vegas to Ohio? Are they
making you walk? Ha.Ha. You never did tell
me how your feet are doing how are
they doing? mine are doing good. I miss
you baby. I'm not going to send this
letter off until I get a letter back
from the other ones, because you said
that you would probably be back in 2 wks
and it has already been 10 days I also
hope that you are back before my B-day
I hope your back before Valentines Day.
Well Baby I'm going to let you go for
now, I will write again very, very soon
write me back the same day you get
this. I love you baby.

me now and forever, Baby swear to me again that you won't leave me. you are all that I have and all that I will ever want and need in my life, you are the diamond in my life and never ever think differently. Baby you said any 32yr old man that would chase a 15yr old girl down the street just so she doesn't leave him must really, really love her, Baby I would chase you around the world to be with you. I love you never in your life forget that. Baby do you want to be with me and grow old together? I want to be with you for the rest of my life. Baby you are not stupid! Alisha I am going to tell you why I am branded as a sex offender, but first I want to know what people have told you. Baby you said that you already know the story, so you tell me the story that you have been told? then I will tell you the true reason why! I love you baby! Baby I can't wait for you to get here! We won't have to wait 4 or 5 days for a letter from each other 2 days, Baby I am going to write you every-day you will get 3 or 4 letters a week from me, baby please write me alot to when you get here your letters make me feel so good, no they make me feel great and put a great big smile on my face. I'm not saying that you don't write me alot now. I love you baby. Baby are kids are going to

Baby, thank you for being honest & telling me about your past, Baby I cried & was very, very pissed off, Baby I don't say this to be a ass-hole but, I could never meet your parents or that piece of shit for a man Jeff. Baby you all ready know I would never hurt you, Baby do you ever think that I would hit you? Baby all 3 of these promises you made to yourself will come true if I have anything to do with it. Baby I love, care, cherish and respect you and nothing will ever change that. Baby be stright up with me, when you tell me that's it's me & you & that your going to ride this shit out with me is that truly how you feel in your heart? Baby I will give my life to you if you don't think that you can make it then this let me know! Baby when you go to court pled "NOT GUILTY" Baby don't go to court & pled Guilty because if you do that, I will be very, very upset with you, make these people prove you guilty. I pled Not Guilty I go to court on March 4, and then again on March 10, to start my trail. Baby we need to let each-other know what are lawyers are saying, whats going on in court, if they are still trying to make a deal with you to get you to testify against me, the days we go to court. Baby damn this sucks, I want to hold you in my arms & kiss you & tell you how beautiful you are, you mean the fuck-in world to

would be for \$150,000 & I would not receive the other \$65,000 until April of 2006. My mom & sister bought the trailer and put money away for my niece's & nephew when I got home from prison on Dec 5, 2001, I bought my mom a brand-new car, I bought X-mas present, me some cloths and a car. Baby you can pretty much say I gave my mom and sister all of that money. The other \$65,000 will be sent to me at the address in Ohio, unless I tell my lawyer to send it somewhere else or to me were ever I am living. I'm not as stupid as I look, baby that's why I tell you don't worry. The reason that I have to wait for the other money is because they also have to pay the taxes on the \$215,000 & my lawyer fees. The only way that the money will go to my mom is I die, but that's hopefully not going to happen. I love you baby. Baby you should be back any day now I am going to wait until you get here before I send you this letter. Baby who else do you write? Any other guys? HA! HA! I don't write anyone but you. Baby write me the day you get here. when I get my money for my Birth day from my mom I am going to send you 1/2 of it, thier is no way I am going to sit here & have some money, knowing that you are up stairs with no money. By the way the only person that sends me money is my mom, "Not Kelly" Listen "I LOVE YOU 3 ONLY YOU."

who know about this right now, & after I tell you, Me, You, my Lawyer (Law suit) and God himself. My law-suit lawyer is in Nashville, Tenn, Baby please don't ever tell anyone about this, I don't want my mom to ever find out. Baby remember me telling you about my law-suit I had? It was against a place called Transcore America based out of Nashville Tenn it is a transportation company that takes and drops off people who are wanted for crimes in other states, well when I stole all that money in Ohio and went to New York (me & Billy) when I got caught in New York I got extradited back to Ohio (Hillsboro), but when we were dropping another person off at Orient prison in Ohio the driver started talking crazy to me so I started talking crazy back I was in shackles & he pulled me out of the back of the van & pepper sprayed me then grabbed my head & slammed it against the ground, I had a seizure and he would not take me to the hospital, the prison nurses had to come out to help me. I sued the company in 1996 it took 4 yrs before we settled out of court for \$215,000 thousand dollars. I told my law-suit lawyer to only tell my mom that we settled for \$150,000 that was in April of 2000 I was in prison, the stipulations of the settlement was that my first check

you will except me for who I am. I will never lie to you again because I know in my heart that you won't hurt or leave me! Baby, I also want you to never lie to me about anything! We both need to keep everything real with each other! Baby we will be together again, we will have a future together I promise you that we will just be getting started a little late, you are not going to go to prison for 40 yrs or 30 yrs or 20 yrs 10 yrs maybe I am not yet sure about myself but, hopefully I don't get the Death Penalty. But this is only 1 way they can give me that, and you already know! Baby life is 25 yrs, if I don't get the Death Penalty my lawyer said if that way doesn't happen I will probably end up doing anywhere between 10-15 yrs, Baby when you tell me that you are not going to testify against me, I believe you. Baby that's why I tell you are lives together are not over!! Baby it is up to a jury how much time in prison a person gets they just tell people shit to scare them. Baby I love you! Baby, you say that you think a lot about when you get out of prison that you are not going to have anything (A place to live - money - food) Baby, what I'm about to tell you, I don't want anyone to know about my mom or anyone in my family knows, there are only 3 people

I Love you BABY #7 (page 1)

baby now 3' forever! Baby you are my beautiful,
sexy big butt girl! I love you sweet heart.
Baby please dont ever leave me! Baby what
does your real mom think about this. Is
she also telling you that Im a loser
and to testify againts me. Baby it hurts
the fuck out of me when people tell you
this and tell you that about me, tell you

that I don't love or care for you, that all I was doing was taken advantage of you. They don't know me, all they know about me is that I have been to prison before. Baby do you think that I don't love and care for you, do you think that I took advantage of you? I know that you don't baby, it hurts me when people tell you crazy shit like that. But, baby they are just doing their job and that is to turn you against me by telling you anything. I love you baby! I don't want to lose you baby I would go crazy! I got my hair - cut it looks pretty good, I look like a school-boy. By the way how I'm I doing on my spelling, Will you teach me and be my tutor, please be my tutor! :). Baby how do you like this long letter and I'm not even done writing you! I talked to my mom yesterday she is thinking about moving back to Chicago with her boyfriend Clem they have been together for about 10 yrs, I don't think that she is going to move back. I call my mom about once a week, baby for 10 min of me calling her it cost \$13.00 that's crazy, that's why she gets mad when I call her 3 or 4 times a week. Baby I hope that I get a letter from you tonight. Baby I go to court today next

week to get my statement suppressed, I don't
 know exactly what day though, as soon as I
 go I will let you know what happen. Baby I
 have 4 or 5 letters that I wrote to you when I
 first got here when I was going crazy because I
 could not find you for those 60 days that we
 were apart, do you want me to send them to you.
Baby I miss you so, so fuck-in much. Baby
 I miss that noise that you would make
 every time that we would lay in bed and I
 would not not hold you, even if I was trying
 to act like I was mad at you, that noise
 would always work, I miss holding you baby!
 Baby you don't know this but, that noise would
 turn me on. Baby remember when I would try to
 make that noise? Baby before I forget, I don't
 think that phone cards will work on
 these phones, I remember you telling me that
 your mom was going to send you one. Baby
 that trustee that gave you that radio was
 he trying to hit on you?? I wish that I could
 hit on you right now among other things. Baby
 I love you! Baby I was just thinking about
 something you said in one of your letters that put
 a big smile on my face all of your letters put
 a smile on my face, but Baby I miss my
 sponge Bob boxes to! I wish I had them
 now I'm getting tired of all this orange, do

they give you orange panties? Baby remember when you got that I.D. and that lady gave us that coconut that had hot sauce on it? That shit was good, wasn't it baby? Baby why did you fight extradition? Baby you didn't even want to come back to Vegas did you? Baby you would have been back along time ago if you & your lawyer would not have fought extradition you would have been back with-in 30 days.

Baby, I'm a little upset with you, because you told me that you were trying to get back to Vegas as fast as you could, but then I found out that you were fighting extradition (that means not to come back). Baby why didn't you tell me that? The DA had to go and get a "Governor's" warrant just so you would have to come back, Alisha be honest with me, when you were in Juvie in Portsmouth why was it OK for you to get Sofie's letters but, not mine? we have to put our ID numbers on them or they won't go out, when you left Vegas did you think that you were coming back? Baby I'm not mad at you, I just want for us to let each-other know what is going on. Baby I love you and it worries and scares the hell out of me when I don't hear from you. I love you Alisha, you are my baby, my heart, my soul, you are my life. I love you baby.

Baby I'm am trying to talk my mom into sending me some pitchers were I am in the pitcher so I can send some to you, Baby I wish that I had a pitcher of you that was in color. I tried to buy some coloring pencils on the commissary but, they forgot to put them in the bag. Baby my right ear is hurting like hell if it keeps hurting I am going to get put on sick call. Baby do you still want to get my name tattooed on your neck? Baby when I get to prison I am getting your name put on the right side of my neck and 2 hearts with my name and your name put in the hearts, that is going on my left inner forearm! Baby you told me that your butt is getting bigger thats good, you know how I love you butt. Baby I am going to go for now I hope to get a letter back from you very, very soon. I can't wait to see your beautiful face Baby I miss you.

Alisha,

Feb 6, 2003

Hi! I just got your letter tonight, I read it.

I got your statement from my lawyer today. Tommy has not been arrested, if he has I don't know

anything about it, and I'm sure that my lawyer would have told me if he was. Alisha I don't talk to anyone except my lawyers & they might come once every (2) ~~two~~ weeks. Alisha you said alot of hurtful things to me, Alisha you tell me not to lie to you, but you have been lying to me, you told me that you read my statement, now in this letter you said that you haven't saw my state ment, Alisha you also tell me on how much you can't wait to get back to Vegas & that you are trying to get back as fast a possible, Is that why you fought not to come back? Alisha you would have been back along time ago if you would of sign the extradition papers.

Alisha when I say, I won't lie to you about anything ever that's what I ment, I won't lie to you 1. Because, I love you and you don't lie to the person you love. 2. I don't feel that I have to lie to you just so you won't leave me. 3. I won't lie to you because I don't want to lose you. Alisha I hope and pray that you are not playin me, and pull in a Sofia move on me. I don't think that you are, Baby the reason I say that is because I have read a few of Sofias

letters to CUBE she has told that you have told her, that I was in prison for rape and that how you wasn't going down for a rapist.

Alisha you think that I am writing KELLY well I'm here to tell you that you got me fucked up, I have 2 letters that are not from you 1 is from my sister telling me that my son was born, the 2nd one is from my mom, she sent me the 2 photos of my son, some money, \$ a X-mas card, I wish that I could come up stairs and get you \$ bring you down here to my cell so you can see for yourself! I pled "Not Guilty" because I am going to make these people prove me "guilty" Baby your lawyer is going to tell you to pled "Not Guilty" also. Alisha as far as my son is concerned I already told you that my mom and sister took him home from the hospital and Tanaya & Terry are going to adopt him they are waiting to see what happens here first. Alisha you want my life you can have it, I just want you to know that when I said that I love you and would give my life for you that's what I meant, Alisha do what ever you got to do. I knew that I would end up alone again anyway. Alisha you ask me what I say about you when I talk to CUBE, I tell him how much

Standing at my door watching a movie and start to think about you, & how much I love you. Baby you asked me if I thought you were a hoe because we had sex are 1st night together, "NO" I didn't think that you were a hoe, Baby if I thought that, I would not have come back the next day and the day after that & the day after that. Alisha I started loving you and knew that I was in love with you, & weeks after we kept seeing each other everyday, I knew that I loved and still do. because every night when I drove home you were & still are All I think about, I knew that I loved you because everytime that I put my arms around you I felt happiness I felt safe most of the time it was hard for me to let you go. I knew that I loved you when I would drive home at night hoping that the next day would hurry up and 3:45/pm would get there that's the time that you would get home. I know I would always try to be there when you got home, I wanted and still want to make you happy. Do I make you happy? I knew I loved you because everyday at work you are all I thought about & would always try to get off of work early so I could spend as much time as possible with you. Baby, you ask if I'm sorry that I met you, well baby here is your answer "FUCK NO". Baby you are the best thing that has ever happen to me & I loved you then, & I love you alot, alot more today! I love you baby. Baby you asked me

(3)

what you did to make me love you. Baby you would talk to me stright-up (except about your age) I could be myself around you, I could talk about serious things with you, we could talk about are feelings to each other. We could laugh with each other, we wouldn't fight or even argue with each other, Except 1 time about that rubber. Baby you gave me love that I have really never had. I Love you baby s' I will go to my grave loving and always wanting to be with you. Baby you are the only person in this world that can make me happy, because with-out you, I don't want to be happy. Baby remember when you got a phone call at the juvie detention Center in Portsmouth? They asked you if you knew this certain lawyer s' you said no, I heard you in the backround they told me that I would have to fax a piece of paper to them, do you remember that? What did you think when that happen? Baby it made me happy just to hear your sexy voice in the back round.

Baby your lawyer is going to even try to keep talking to you. By the way baby tell your lawyer that you want to talk to me with my lawyer s' yours present, don't forget tell him that! I already told my lawyer, your lawyer has to agree with it! If he does, we will all sit down and talk, s' we can also put everything out on the table. How does that sound to you baby. I want you to see for yourself everything that I have told you is the God's honest truth. My lawyer told me that your lawyer might not agree with it because, He is going to keep trying to get you to testify againsts me, or that you are all ready going to testify againsts me. I told my lawyer thats not going to happen. Baby my lawyer thinks that he is sneaky to he keeps asking me if you have wrote me any letters I keep telling him no, does your lawyer ask you if I have wrote you. Baby my lawyer has told me along time ago not to write you s' I know your lawyer has told you not to write me. Baby don't be jealous, we are going to have kids together the right way, you don't have to take my sperm to a sperm bank but, that is a good deal tho. Baby, you asked me why my mom doesn't like you well she told me the first time that you called my house that you got smart with her over the phone, 3' if it wasn't for you I would not be in this mess. I have argued with her over you 3'told her that she

(6)

has got to ~~accept~~ you. I've told her that she doesn't know so don't say anything bad about her. I told her I love you & that's just how it is, & if she doesn't like it oh, well. Baby I am not CUBE I've never hit you. you know how I feel about that shit. Baby do you think that I would do something like that to you? Baby I don't want you to get a job dancing, baby you won't have to take care of me, I want you to come visit me, Baby I already told you will have money so you don't have to do much worrying about that, Baby you can get yourself a job when you get out. Baby go to school while you are in. Baby it will always be Bonnie & Clyde, Baby I know 1 thing about BONNIE & Clyde they never turn on each other no matter how Fucked-up things got. Baby I already told you why I quit lying to you. Baby everything is going to be OK baby just stay strong & keep your head up & don't ever give up. Baby I'm here till the end also baby. I Love you Sweetheart. Alisha you asked me why I said that you got me whipped, well baby you do, I said that because it's true, I have never loved or have every felt the feelings I feel

(7)

I honestly truly to God love you baby. Baby, yes I remember our first night together! I had Tommy with me & we came over to your house for about a 1/2 I left dropped Tommy off came back to pick you up, you wanted me to get some Jim Beam after I picked you up you said that you were hungry so we went to Burger King after you ate we went to the beach where we first met we drank some of the Jim Beam, I asked you if I could smoke a joint you said no so I didn't, you couldn't smoke any because you had a drug test coming up, I asked you if I could kiss you & you told me no, but after we talked for a little while you let me kiss you, I asked you if you have ever been to the South beach you said no, so we drove to the south beach walked around and talked for a little while we started kissing we layed down on the grass we took our cloths off I ate you out for 20 min or longer and then we had sex for about 1hr after that we had to go you were already going to be late getting home you had to be home at 10:00/pm so I drove 100 miles a hour so you wouldn't be that late, but it did no good because when we turned onto Newman road I turned off the lights and we had sex for another 1hr, when I did finally get you home we kissed & you asked me if I was going to come and see you tomorrow I said

(8)

yes, I came back everyday after that not just to have sex, but because I wanted to get to know you better, and I ended up falling in love with you. I don't regret it one bit! Do you regret falling in love with me or meeting me? Baby you would tell me that I had the biggest dick that you ever had was that true? Baby how did you like having sex with me? Was the dick good? Baby you asked me if I ever let a guy suck my dick NO I haven't I jugged off in prison, Baby you said that you need some dick, my dick or anyone's dick? Baby would you ever cheat on me? Have you ever let another girl eat your pussy? When you finger yourself who do you think of? Now its your turn to answer all of my questions! Baby what are your charges? Baby do you still want to marry me I have kids from me? Baby I miss combing your hair I holding you in my arms baby I love you. Baby what kind of sex do you dream about? Baby I got put in A Foster home because my mom, Put me in the hospital she beat the shit out of me with a extention cord while I was in the bath tub because I didn't want to get out. Baby you said that you are confused, that's what these people want you to be so they can act like they are your best friend, these people are so full of shit. Hello Baby, Baby what's going on up there, they just called a code 99 over me in the room that means a fight today is Thursday, Feb 13, 03 it is 11:30pm. Baby I received your 2 letters today! Baby, I love you & Baby, I don't have any \$ right now I still haven't gotten my B-boy card from my mom yet, baby, as soon as I get my \$ you get 1/2 of it, Baby try to borrow envelopes don't keep getting those wet face packets, because baby, as soon as I do send you some \$ you are going to have to give it to these mother-fuckers, I wish that I could hurry up & get my \$ I only have 7 envelopes left, Baby, by the way don't tell me I can send you money if I want, baby to me it's mandatory that you get 1/2 of what I get everytime I get \$! Baby, I was asking the nurse when she came if Dilantin is stronger or weaker than suclor. she asked me why, I said because they changed my girlfriends medication (I didn't say your name) the nurse started to talk to me & said your name, she was starting to tell me why the doctor changed your meds, but she walked up, so she really couldn't go into it. Sweetie have you been having seizures? When was the last time that you had one? Baby my letters are starting to get along, I try to make you happy, I say 3 do things to make you happy but, I don't say things to you because I think that's what you want to hear, I say things to you because

Baby, I am still writing you but, I don't want to take a chance of this letter being too heavy, so I am going to answer the rest of your questions in the next letter. Don't forget to answer all of mine in both letters. Love you (2)

That's how I feel in my heart! I love you Baby! I don't know what it is sometimes I can write good & sometimes I write sloppy as fuck! Baby, thank you for telling me that my handwriting is getting better. Baby, remember when I wrote that note so you could get my pay-check from Wendy's remember what Damon asked you about the handwriting? Baby, I know you love me & won't turn against me. I'm like you I just be trippin too, I just don't ever want to lose you, you are the best thing that has ever happen to me, I just get scared sometimes. Baby, you know that you can go to school well not go but you can get your G.E.D. here just put a kite into the school? tell them that you want to study for your G.E.D. they teachers will bring you books & come to see you once or twice a week it will also give you something to do in the cell. Baby, please don't cry, Baby everything is going to be OK. Baby, you are totally right when you say that we got to quit questioning are close for each-other. I'm sorry it will never happen again! Baby, I saw my lawyer the day before you got back he told me that you were coming back but, he didn't know what day, you already wrote me & told me that you were coming back, anyway Friday, Feb 7, we had a cool 40 working, I asked him if I could come out & do a little cleaning he said after he

I LOVE  YOU

my Kiss to you (3)

got all of the guys this free-time, I came out cleaned up a little after I got threw cleaning up he let me watch TV I was sitting at the table thinking about you so, I asked him to see if you were here he checked on the computer & told me that you were here, I was so happy, when I did lock back up I cried for a good hour and kept looking up talking to you telling you how much I love & miss you, I kept looking up because you are 2 floors above me, I'm on 2 you on 4! Baby, I will never question you or your love either. Baby, you only want 2 kids? can we have 3? Baby you have the key to my heart! Baby, yes you have good pussy, I love it! You never did answer my question about if I had the biggest dick you ever had, and be honest! Baby, the reason that it hurts me when people try to tell you stupid shit about me is because they don't know the first thing about me, take your caseworker for example I don't know where the fuck she got her information from! Baby, I am going to tell you what I got locked up for the first time, I got locked up on Sept 16, '988, we were at one of my dudes house doing cocaine, we ran out of money & cocaine, we were in Cicero (Chicago) I lived with Jenny, her mom and sister Patty, I had a job for this guy who painted houses after every day we would put the paint and stuff in the basement of

this house that we were painting they were 3 of us painting this house the guy I worked for, me & another guy, I got cool with the dude that I worked with he told me that a lady lived in the house but, she was newer then when we were because she worked all of the time, when we would put are paint-N-shit in the basement I could see that she had alot of nice shit in the house. I ended up quitting the job, well like I said at the start we ran out of "money & cocaine" we were already high as hell so I came up with the idea to rob this lady's house, I told my dudes about it so we jumped on some 10 speed bikes & went to this lady's house me & only 1 of my dudes, I rang the door bell she answer the door, I told her that I was one of the guys painting her house & that I had left my sweater in the basement were the paint was my friend was standing on the side of the door with a knife in his hand, she told me that she was going to check on my sweater but, I had to wait outside when she turn to close the door my dude tried to grab her, but she got away and tried to run up stairs he got her, I told him to start grabbing shit that we can sell, I was down stairs looking for shit, I keep hearing this

I am going to try to write you a poem I ⑤
hope that you will like it. I am going to do my best
because you only deserve the best, because you are the best.

lady crying & saying stop I went up stairs
& he was crapping this lady, I got fucked
up in the head when I saw that, I grabbed
my dude & told him to leave her alone we
started arguing, we ended up tying her hands
together in the basement & left we took her
car too, we sold the shit to my cousin
who sold coke, I ended up getting caught not
my sole called dude they took tests on me
that came back negative, I wouldn't tell on my
dude, I ended up taking a deal for sexual assult,
home invasion I got 5 to 15 yrs I did 7 yrs 3 months
I got out Dec 12, 1995, went to Ohio started
fucking up again hangin out with Billy
my cousin I got locked back up in Ohio
June 1996 I got paroled from Ohio in 2000 August got
extradited back to Chicago because I had
to do a year for violation of parole I got

great beautiful girl fell in love and here I am.

Baby, thats why I was in prison the 1st time, the
2nd time and now. Baby, everything that I told about
the first time I went to prison is the GROSS
honest truth. I have never in my life hit a
female, I got my neck cut by a female I never
hit her. I don't believe in that shit, so if

Sweetheart!

Alisha,

Love YA!

Hello Sweetheart! I am just laying here in my ^{HA HA!} water bed thinking of all of the shit that we have been thru, baby, we have been thru a lot of shit together! Baby, I am not some nasty old guy! I don't care about what people say about me, they don't know me & have to live my life. Baby, I have fun & I talk to you at the beach, I was like (I am that girl from school) & got a us to! But, after we talked for a few minutes, I wanted to let you know you! I thought that you was me a bogus phone at first because, I tried to call you twice that night & got a answering machine. The man told me that some girl called 2 or 3 times looking for me & that you told her I met you by the beach, I knew who you were then, so, I called the number that was on the card ID that you said that you were on the couch sleeping, she ask me if I wanted her to wake you up, I said no! Many people like she knew who I was! I called back & ask Mary Jane to wake you up, she did & you thought that I was your boyfriend Steven. We talked for a little while on the phone, I came to see you the next days everyday after that. Alisha remember what you said to me when we were driving to the other beach the first

② (HEY
Now you're an All-star) Baby. Do you have good
dreams about me & you?
Tell me! Love you!

might that me & you went out? Baby, you told
me that the only reason I was being nice
to you is because I wanted some Booty!
remember what I told you? I said if that
was all that I wanted I didn't have to
drive all the way to New Market to get
some, & then I ask you if you wanted me to
take you home! Baby, I wasn't just trying to
get some pussy & take you home & not call or
come back, Baby, I wanted to get to know
you! Alisha, you told me that you were 18 years old
remember. Baby, remember what I would tell you
I would tell you don't have me fall in love with
you & then tell me that you were 14-15 years old, I
would always tell you to be honest with me
Well Baby, guess what? I not only fell in love
with you, I fell deeply in love with you!
Baby, I love everything about you. Baby, I felt
so comfortable around you, when it was time
for me to go home it was hard for me to
leave. All I wanted & still want is to be
with you! Baby, we would talk about every-
thing & anything, we would laugh together,
tell each other how we felt about each-
other. Baby, I feel as if I can tell you everything
about me, knowing that you won't leave or
laugh at me or go run & tell other people.
Baby, you make me truly happy! Very happy!

Stay Strong baby
Keep your head up.

I'm right here baby
you will never be
Alone!

Baby, we are not only lovers we are best friends, who we can tell anything too, be honest 3' faithful 3' go through the good times as well as all the hard 3' bad times together, never leaving! Baby, I love you with all of my heart. Baby, that's why I love 3' choose you! my sister is a straight up bitch, I'm sorry I just

ago I was watching T.V. from my cell door window
the show had some girls in swimsuits & the % said
that he was going to tell you that I was looking
at other girls, I said don't tell her no shit like
that, she will find away down here just to kick
my ass, I told him that I am a 1 women man,
Baby, you know what he said when I told him
that?, he said for some reason I believe that, because
all you do is talk about her & how much you
love her! Baby, the % was the one who use to be
upstairs when we went to court, he is the one who
put that paper over your door so you couldn't talk
to the guys that were across from you. Baby, he
didn't put paper on your door when I was up
there with you did he? That % works 6pm-6am
now, He's fair for a square! HA! HA! I love you baby!
Baby, you need to start eating, all that exercise
you are doing needs food to go with it. Baby,

Baby, I have the paper that they gave me in court, the paper like the one you sent me only has my fugitive charge on it, Oct 11, 02, I never got a paper like that for the charges that we have now. I will send them both to you! Baby, you ask me what I think about, well baby, I think a lot about us & if we will have a future together when we get out, I think about how I want to have children with & make you happy. Baby, I think that my love for you, is a love that I have never felt before. It is a true undying love, I know that you love me & it scares me sometimes because Alisha I have never had someone care & love me the way that you do. I think about me coming up knocking on your door & telling you how is here, & then when you get up to get your tray, I come out of where & smile at you! I think about things that I can do to make you happy. I think about how people are trying to make me look like I'm a piece of shit! I think about how you feel that we are not going to be together when we get out of prison, Baby, I am not going to die in prison because you won't let me, we will have each other & we won't be in prison forever! I love you baby.

Alisha,

Tues, Feb 18, 03

Hi, What's up? I went to court today to get my statement suppressed, I have to go back now Feb 24, 03. But, Guess what I heard a lot of shit straight from the horse's mouth today well she told my lawyer, but I over heard, plus I have the papers anyway, You are on the DA's witness list to testify against me I saw the paper with your name on it. I got your letter today, but they took the hair I hope that you can read this letter, because, I am very hurt & fucked up in the head. Alisha you have told me a lot of lies! Why? You told me that Frannie told you what I was looked-up for the first time, & then you tell me your stupid case-worker showed up some bull-shit paper, then you tell me your lawyer in Ohio is the one who fought the extradition he can't do that & you have to want to fight it. I think back till the first time we went to court down here together when that c/o separated us & I was sittin' in the corner when your lawyer & some lady that was with him ask you if I was thier you said ya, & pointed over to me & all 3 of you laughed. I have told you 4 or 5 times look Alisha when we go to court we need to tell each other what happen & what are lawyer is saying, you never tell me shit all you tell me is I went to court — I go back to court —

Baby, do you actually think I am stupid? I'm not saying you don't love me, but it's fucked up when you tell me to be straight up with you, but you won't be straight up with me, I've lied 1 time to you since all off this shit started s' that was about my statement what did your lawyer have to say about your statement. Your lawyer is a piece of shit. Sofia Killed her baby but, your lawyer helps her get out how by turning her against cube, now he's the lawyer for some girl up thier with you that had part in killing two fuckin kids her brother is upstairs in cell 27. Alisha you write me and tell me about all these fuckin dude's that say they can love you more than I can they can treat you better than me, how do those clude know me? I love you with all my fuckin heart! I tell all these mother fuckers to kiss my ASS when it comes to you s' If you don't believe me I will give you my lawyers phone number & call him ask him. Another thing you told me that you only called your caseworker the night we got picked-up, bull-shit do you remember that phone (cell) we gave T- well you tried to call her on that phone my lawyer has the phone records of that, I even know her phone number and extention (Shavie Gunter) 937-378-6104 Ext 143 I'm not going to let you s' your bitch as lawyer fuck me I will Kill myself before I go to court s' SEE you testify against me. I swear to that!

(3)

Why, Baby, why? Fuck it you don't have to explain shit to me. Baby you cry I have been sitting at this table for 4hr crying. I love you so fuckin much. I am hurting so fuckin bad, Alisha you are everything to me you would tell me to tell people about you s'brag about you, you didn't have to tell me to do that I was already doing. Baby, your lawyer said he doesn't have any reason to talk to me, but he sure does want to talk to Tobe. Baby I tried to call you when you were in Ohio at the Juvie Hall s'act like a lawyer just so I could hear your voice. I heard you in the back round tho, do you remember that? Baby, I ask you a lot of questions but it's like you only answer the one you want. All this shit might sound stupid coming from a 33yr old guy to a 15³/₄ yr old girl, but I can't help how I feel about you s' don't give a fuck who knows it you are my everything! Baby, just be honest with me about shit, just like you want me to be honest with you! I want you to answer this letter s'be stright up with me. I'm not going to write any more until I get a response from this on today well it's Wend's now, but this is going out today Wend's meaning you should get Thursday, Please let me know what's going on with you what did your lawyer say to you when you went to court. Please baby don't let these people turn you against me like this. I Love Alisha, please baby, can't you see that. Baby, I am not letting these people get to me either, They may have just put you on
