Appellant,

Respondent

Supreme Court No. 82859

District Court Case No. C336184

Dated 5-10-2021

MOTION TO STAY APPEAL

Appellant, Sammie Lee Nunn III, comes now to this honorable court to respectfully ask this court to stay the Appeal proceedings until all new claims are exhausted in the instant trial courts. It is now Appellants knowledge that unexhausted claims will not be heard on Appeal and also that the Notice of Appeal is the document which vests jurisdiction in the Supreme Court. Appellant wants to make sure the trial court has been fairly presented with all New Claims including good cause to bring them forward and different ways Appellant was prejudiced. Furthermore, Appellant would also want to make sure the Notice of Appeal is updated to include all claims exhausted throughout the entire record. Appellant would like to thank the Supreme Court for taking time to review this motion. Declarant subject to the penalty of perjury.
Respectfully Submitted.
