*ORDER DIRECTING ANSWER  
AND GRANTING TEMPORARY STAY*

This original petition for a writ of mandamus challenges a May 5, 2021, district court order directing petitioner to comply with the dissenter's notice requirements of NRS 92A.430 while also waiving any consent-letter and stockholder-certificate requirements under NRS 92A.400(2)(a) and NRS 92A.440 for the real parties in interest. Petitioner has also filed an emergency motion seeking to stay the district court's order pending our consideration of this writ petition.

Having reviewed the petition and supporting documents, we conclude that an answer may assist this court in resolving the petition.

Therefore, real parties in interest, on behalf of respondents, shall have 7 days from the date of this order within which to file and serve an answer, including authorities, against issuance of the requested writ. NRAP 21(b)(1). Further, we temporarily stay the subject district court order pending our receipt and consideration of any timely opposition to the stay motion and further order of this court.

It is so ORDERED.
