RE Case 83342

SEP 02 2021

ELIZABETH A. BROWN
CLERK OF SUPREME COURT
BY  DEPUTY CLERK

Dear Clerk of The Nevada Supreme Court,

I am concerned the proceedings appear to be moving ahead in Eighth District Court with case P-20 103 540-E with Judge Sturman ordering Respondent be issued Letters of Testamentary just yesterday, August 27 despite my E- filing a Notification of Appeal August 04, 2021 and a Motion to Set Aside Order August 20, 2021 (enclosed). At least my Mother's name was corrected to Marilyn W Sweet, and please note my name is also Sweet, not Sweets.

Perhaps it is likely I am just ignorant of the procedures. There is a hearing set in Probate Court for October 22, 2021 under Commissioner Yamashita, and I am going to ask if I can participate via internet. I have tried to enroll in telephone "Ask a lawyer" sessions with LACSNV only to be told by phone "the estate is worth too much" and by email, I am "not a Nevada resident and so do not qualify."

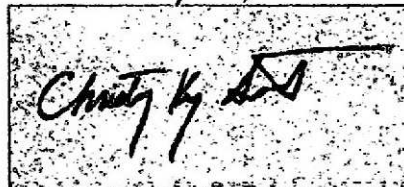

I will submit the paperwork needed by LACSNV to show I am of low enough income to qualify for Pro Bono as ordered by the Justices, whom I thank for their kind concerns.

I only wish a lawyer from the Carson City area could be used, it is my opinion from numerous Facebook groups complaints the family court system in Clark County is corrupted and/or lawyers are afraid to counter judges. I have no other explanations for why my attorney Ryan Johnson would not attend a hearing to get a highly pertinent medical record from November 2018 entered.

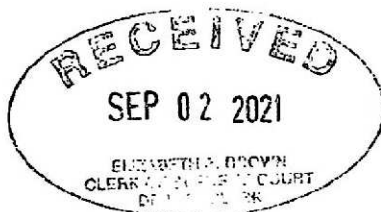

My Mother self harmed herself to death essentially, while Respondent watched and lied to me to hide it. LVMPD Police refuse to take my statements, the NV AG responded to my complaints about police with "Contact the police" The Clarke County CRB lied and said it was not their jurisdiction (R-20-047)

My Regards,

Christy Kay Sweet
