These enhancements provide more detail about your transactions, and include new descriptions for purchases with cash back. For debit, ATM, or prepaid card merchant purchases with a request for cash back, the transaction description will include the words "cash" or "cash back," and may include the dollar amount of cash requested.

Important Account Information

Merchant-Issued Debit Cards

Are you using a merchant-issued debit card to make purchases (i.e., Target® REDcard)? These unique purchasing cards (which typically provide reward points or discounts) are issued by a retailer when you provide them your Wells Fargo checking account and routing numbers. There are some very important differences between the merchant-issued purchasing card (not issued by Wells Fargo) and your Wells Fargo-issued debit card. When you use a merchant-issued card to make a purchase, the transaction is not immediately sent to Wells Fargo to confirm if your account has available funds. These transactions do not immediately reflect as pending withdrawals nor do they reduce your available balance. Instead, the merchant sends the transaction to Wells Fargo as an automatic payment (ACH) transaction - and this is typically one to three days AFTER you made the purchase. When the purchase amount is sent to Wells Fargo for payment, the transaction will be paid with funds in your account, or if your account has insufficient funds to cover the transaction we may pay the transaction into overdraft (at the bank's discretion), or return it unpaid. If the transaction is paid into overdraft or returned unpaid, you may be assessed an overdraft or returned item fee. If the item is returned, the merchant may also charge a returned item fee and they will more than likely resubmit the transaction which could cause additional fees if there is not enough money in the account. As a result, it is very important for you to keep track of these purchases to avoid overspending.

Excess Activity in a Savings Account

Regulation D and the Bank limit certain types of withdrawals and transfers from each savings or money market account to a combined total of six (6) per monthly statement period (exceptions to the statement period may apply). The limited items include all transfers and payments through Online Banking (including Mobile and Text Banking) or the telephone (automated and banker-assisted); pre-authorized transfers and withdrawals (including recurring and one time); checks and debit or ATM card purchases; transfers for Overdraft Protection; transfers and payments to Wells Fargo credit cards, lines of credit, and loans; and all wires (whether in person, on the telephone or online).

Except for wire transfers, there are no limits on withdrawals or transfers made in person, at an ATM or Wells Fargo banking location or any types of deposits.

An excess activity fee of \$15 is assessed for transactions exceeding the limit and accounts that exceed the limit on more than an occasional basis will be converted to a checking account (or closed). If the withdrawal and transfer limit is reached, we may decline transfers and withdrawals for the remainder of the monthly statement period (exceptions to the statement period may apply) to help you avoid a fee and account conversion or closure.

For additional information, see your Account Agreement, talk with a local banker, or call the number on the top of your statement.

Important information on how we calculate monthly service fees

The fee period is the period we use to calculate monthly service fees. For the PMA[®] Package, the fee period ends on the last business day of each month. The monthly service fee calculation uses the statement-ending qualifying balance. The monthly service fee posts on about the third business day after month end. It appears on the next month's statement.

Monthly service fees are calculated using account balances and transactions occurring during the fee period. Included transactions must be received in our records during the fee period.

This illustrates when a transaction is included in the monthly service fee calculation:

- Transactions received before the applicable cutoff times are included in the monthly service fee calculation on the same business day.

- Transactions received after the applicable cutoff time or on a non-business day are included in the monthly service fee calculation on the next business day.

- Regularly scheduled automated banking transactions, such as an automatic transfer from your checking account to savings account, on a non-business day are included in the monthly service fee calculation on the next business day.

- Pending transactions shown in Online Banking are included in the monthly service fee calculation on the day the transactions post.

- Save As You Go[®] transfers to savings account triggered by a qualified debit card purchase, online bill pay transaction, or automatic payment are included in the monthly service fee calculation on the day the transfer posts, which is the next business day after the qualified transaction posts.

- Account changes, such as signing up for online statements, completed after the applicable cutoff time or on a non-business day are included in the monthly service fee calculation when our system is updated on the next business day.

Checking and savings accounts included in your statement that are not the Primary PMA Checking account

If an account is de-linked from the PMA Package, we will use the same transaction rules above, but we will calculate your fee as follows: On non-PMA statements we use the dates of your fee period located in the section called "Monthly service fee summary" for each account to calculate monthly service fees. Monthly service fees are calculated and posted to your account on the last business day of the fee period.

Accounts de-linked from the PMA Package that have the option to avoid the monthly service fee with a combined balance are an exception. We will use the same transaction rules above until the combined balance cutoff. The combined balance cutoff is one business day prior to the last business day of your fee period and is the day we determine your combined balance. We use the most current balances we have available on that date.

Important Account Information

Good News! Effective October 22, 2015, you will have quicker access to funds from your check deposits. All or a portion of your check deposits may be immediately available for your use on the day of deposit. You can use those funds to withdraw cash, complete transfers and make debit card transactions.

Amendment to our Funds Availability Policy

Our policy is to make the first \$400 of a business day's check deposits to your checking or savings account available to you on the day we receive the deposits. Check deposits not receiving such availability on the business day (typically Monday-Friday) we receive the deposits, will receive availability on the first business day after the day we receive your deposits.

In some cases, we will not make the first \$400 of a business day's check deposits available to you on the day we receive the deposits. Further, in some cases, we will not make all the funds that you deposit by check available to you on the first business day after the day of your deposit. If we are not going to make all funds from your deposit available on the business day of deposit or the first business day, we will notify you at the time you make your deposit. We will also tell you when the funds will be available.

Important Account Information

As a reminder, PMA Package monthly service fees are calculated using the combined month end balances of all qualifying accounts linked to your PMA Package relationship. If you do not meet the minimum balance requirements*, the standard monthly service fee of \$30 will be assessed to your primary checking account on the 3rd business day following month end. This fee will appear in the transaction history section for the primary checking account on your next month end statement.

*\$25,000 in any combination of qualifying linked bank deposit accounts (checking, savings, time accounts (CDs) FDIC-insured IRAs) or \$50,000 in any combination of qualifying linked bank, brokerage (available through our brokerage affiliate Wells Fargo Advisors, LLC) and credit balances (including 10% of mortgage balances, certain mortgages not eligible).

WELLS FARGO[®] PREFERRED RATE SAVINGS (CONTINUED)

Important Account Information

Important Information about your Preferred Rate Savings account

We want to tell you about upcoming changes to your Wells Fargo Preferred Rate Savings account that is linked to your PMA[®] Package.

Effective April 25, 2016:

- The name of your account will change from Preferred Rate Savings to Money Market Savings.

During April your account will have two interest payments, one when the product name changes and a second interest payment on your normal date for interest payments which may be before or after the product name change.
A new way to avoid the monthly service fee is being added: a recurring monthly automatic transfer of \$75 or more per transfer from a Wells Fargo checking account into this account. This begins with the fee period that starts on or after March 24, 2016.

The monthly service fee is currently waived as a benefit of your PMA Package. It will continue being waived unless you de-link your account or close your PMA Package.

What is not changing:

- Account's monthly service fee is \$10.
- Minimum daily balance to avoid the monthly service fee is \$2,500.
- Account number will remain the same.
- Direct deposits and automatic bill payments will not be interrupted.
- Interest will continue to be earned on the entire daily collected balance; compounded daily and paid monthly.
- The account will continue to earn a variable interest rate that the Bank can change at any time.

If you have questions about these changes, please contact your local banker or call the number listed on your statement. Please note that the Consumer Account Fee and Information Schedule and the Consumer Account Agreement, as amended, continue to apply.

The Overview shows activity and information from (1) deposit, credit, trust and foreign exchange accounts with Wells Fargo Bank, N.A., and (2) brokerage accounts with our brokerage affiliates, Wells Fargo Advisors, LLC, or Wells Fargo Advisors Financial Network, LLC (members SIPC); brokerage accounts are carried and cleared through First Clearing, LLC; (3) Wells Fargo Funds Management, LLC provides investment advisory and administrative services for Wells Fargo Funds; other affiliates provide subadvisory and other services for the Funds; and (4) insurance products offered through non-bank insurance agency affiliates of Wells Fargo & Company and underwritten by unaffiliated insurance companies.

Important Account Information

The section titled "Rights and Responsibilities" - "Are we allowed to close your account" and "When are you allowed to close your account" in your Account Agreement have been deleted and replaced by the following effective August 5, 2016.

When can your account be closed?

We can close your account at any time. If the account is closed, we may send the remaining balance on deposit in your account by traditional mail or credit it to another account you maintain with us.

We may, but are not required to allow you to leave on deposit sufficient funds to cover outstanding items to be paid from your account.

- If we do allow funds to remain on deposit, the terms and conditions of the Agreement will continue to apply until we make a final disbursement from your account.

- If we do not allow you to keep funds on deposit, we will not be liable for any loss or damage that may result from dishonoring any of your items that are presented or otherwise received after your account is closed.

- You can close your account at any time if the account is in good standing (e.g., does not have a negative balance or any restrictions on the account).

- If your account is an interest-earning account, it will cease to earn interest from the date you request it be closed.

- If your account has Overdraft Protection and/or Debit Card Overdraft Service, these services will be removed when you request to close your account.

- If your account balance does not reach zero within 30 days from the date of your request to close your account, we will charge you the applicable monthly service fee if you do not meet the requirements to avoid the monthly service fee. If the monthly service fee is greater than your account balance, only the amount equal to your account balance will be charged and your account will be closed.

- After 30 days, if your account balance does not reach zero, your account will be returned to active status and subject to all applicable fees. If your account is a variable interest earning account, the interest rates disclosed in the rate sheet in effect on the date your account is returned to active status will apply. We may change the interest rate for variable rate accounts at any time. You will need to reestablish Overdraft Protection and/or Debit Card Overdraft Service if desired by contacting your banker or calling the number on your statement.

Important Account Information

Here's some clarifying information on when your account could become dormant and what could happen.

When does my account become dormant?

Checking accounts, savings accounts, and Time Accounts (CDs)

Generally, your account becomes dormant if you do not initiate an account-related activity for 12 months for a checking account, 34 months for a savings account, or 34 months after the first renewal for a Time Account. An account-related activity is determined by the laws governing your account. Examples of account-related activity are depositing or withdrawing funds at a banking location or ATM, or writing a check which is paid from the account. Automatic transactions (including recurring and one-time), such as pre-authorized transfers/payments and electronic deposits (including direct deposits of your paycheck), set up on the account may not qualify as account-related activity that you initiated.

Individual Retirement Accounts (IRAs) and Education Savings Accounts (ESAs)

Generally, your IRA and ESA (Savings or Time Account) will become dormant if you do not initiate an account-related activity as follows: Traditional IRA becomes dormant if you do not initiate an account-related activity for 34 months or more after you reach the age of 70 1/2; ROTH IRA will not become dormant unless we receive notification of your death; or ESA becomes dormant after you reach age 30. An account-related activity that you initiate is determined by the laws governing your account.

What happens to a dormant account?

We put safeguards in place to protect a dormant account which may include restricting the following (which may vary based on your account type): transfers between your Wells Fargo accounts using your ATM/debit card; transfers by phone using our automated banking service; transfers or payments through online, mobile, and text banking (including Bill Pay); wire transfers (incoming and outgoing); or contributions or transfers to IRA or ESA savings through online and mobile banking.

Normal monthly service and other fees continue to apply (except where prohibited by law). If the primary account on a Wells Fargo PMA[®] Package becomes dormant and the PMA Package is closed, any benefits, such as fee waivers and discounted services, tied to it will be discontinued. To reinstate your PMA-related benefits, the primary checking account must be in an active status and you must contact us to reestablish the PMA Package.

Your account funds may be transferred to the appropriate state if no activity occurs in the account within the time period as specified by state law. This transfer is known as "escheat." After transferring your account funds to the state, we will close your account and any interest will stop accruing. To recover your account funds, you must file a claim with the state.

For more information, please see your Consumer Account Agreement, speak with a local banker, or call the phone number on the top of your statement.

Important Account Information

As a reminder, PMA Package monthly service fees are calculated using the combined month end balances of all qualifying accounts linked to your PMA Package relationship. If you do not meet the minimum balance requirements*, the standard monthly service fee of \$30 will be assessed to your primary checking account on the 3rd business day following month end. This fee will appear in the transaction history section for the primary checking account on your next month end statement.

*\$25,000 in any combination of qualifying linked bank deposit accounts (checking, savings, time accounts (CDs) FDIC-insured IRAs) or \$50,000 in any combination of qualifying linked bank, brokerage (available through our brokerage affiliate Wells Fargo Advisors, LLC) and credit balances (including 10% of mortgage balances, certain mortgages not eligible).

OVERVIEW OF YOUR PMA ACCOUNT (CONTINUED)

Important Account Information

Here's some clarifying information on when your account could become dormant and what could happen.

When does my account become dormant?

Checking accounts, savings accounts, and Time Accounts (CDs)

Generally, your account becomes dormant if you do not initiate an account-related activity for 12 months for a checking account, 34 months for a savings account, or 34 months after the first renewal for a Time Account. An account-related activity is determined by the laws governing your account. Examples of account-related activity are depositing or withdrawing funds at a banking location or ATM, or writing a check which is paid from the account. Automatic transactions (including recurring and one-time), such as pre-authorized transfers/payments and electronic deposits (including direct deposits of your paycheck), set up on the account may not qualify as account-related activity that you initiated.

Individual Retirement Accounts (IRAs) and Education Savings Accounts (ESAs)

Generally, your IRA and ESA (Savings or Time Account) will become dormant if you do not initiate an account-related activity as follows:

- Traditional IRA becomes dormant if you do not initiate an account-related activity for 34 months or more after you reach the age of 70 1/2

- ROTH IRA will not become dormant unless we receive notification of your death

- ESA becomes dormant after you reach age 30

An account-related activity that you initiate is determined by the laws governing your account.

What happens to a dormant account?

We put safeguards in place to protect a dormant account which may include restricting the following (which may vary based on your account type):

- Transfers between your Wells Fargo accounts using your ATM/debit card
- Transfers by phone using our automated banking service
- Transfers or payments through online, mobile, and text banking (including Bill Pay)
- Wire transfers (incoming and outgoing)
- Contributions or transfers to IRA or ESA savings through online and mobile banking

Normal monthly service and other fees continue to apply (except where prohibited by law). Your account funds may be transferred to the appropriate state if no activity occurs in the account within the time period as specified by state law. This transfer is known as "escheat." After transferring your account funds to the state, we will close your account and any interest will stop accruing. To recover your account funds, you must file a claim with the state.

If the dormant account is a primary PMA checking account, about 2 months before the account escheats, we will close the Wells Fargo PMA[®] Package. When the PMA Package is closed, any benefits such as fee waivers and discounted services associated with it will be discontinued. Your primary PMA Checking account is the first account listed in your monthly PMA statement. To reinstate your PMA-related benefits, the primary checking account must be in an active status and you must contact us to reestablish the PMA Package.

Amendment to our Funds Availability Policy

Good news! Effective April 5, 2017, we've updated our funds availability policy to remove the delay of funds by one additional business day for certain checks deposited at a Wells Fargo location in Alaska. This applies only if the check was drawn on or payable at or through a paying bank not located in Alaska. Other funds availability policies are still in effect. Please see our Consumer Account Agreement for additional funds availability policies and details.

Important Account Information

Periodically, we may evaluate the timing of statements, monthly service fee assessment and interest payments to your accounts. We may adjust the timing in order to align your statement, monthly service fee assessment (if any) and interest payment dates with one another. You may receive a partial statement that reflects activity and interest payments from the last statement date to the date of the change. No monthly service fees will be assessed during a partial statement period and there will be no impact to your interest rate or compounding frequency.

Important Account Information

In the section of the Consumer Account Agreement titled "Rights and responsibilities" the subsection "When do we verify your transactions?" is deleted and replaced with the following:

Are transactions subject to verification by the Bank?

Yes. All transactions are subject to the Bank's verification. This includes cash, items, or other funds offered for deposit for which we have provided a receipt. We do not verify all transactions.

Who is responsible to make sure the declared amount of funds offered for deposit is accurate? It is your responsibility, and the Bank has no obligation, to make sure the declared amounts on your deposit receipt are correct. If we determine a discrepancy exists between the declared and the actual amount of the funds, we are permitted to adjust (debit or credit) your account, and we will notify you if any adjustments are made. We are also permitted to use the declared amount as the correct amount to be deposited and to not adjust a discrepancy if it is less than our standard adjustment amount. We are permitted to vary our standard adjustment amount from time to time without notice to you and to use different amounts depending on account type.

If you notify us of an error in the amount of a deposit shown on your account statement within one year of the date we mail or otherwise make the account statement available to you, we will review the deposit and make any adjustment we determine is appropriate.

If you fail to notify us during this time frame, the deposit amount on your statement will be considered correct. This means that if the actual amount is less than the amount on the statement, the difference will become your property. If the actual amount is more than the amount shown on the statement, the difference will become the Bank's property.

Important Account Information

As a reminder, PMA Package monthly service fees are calculated as of the last business day of each month, using the combined statement ending balances of all qualifying accounts linked to your PMA Package relationship. If you do not meet the minimum balance requirements*, the standard monthly service fee of \$30 will be assessed to your primary checking account on the 3rd business day of the following month. This fee will appear in the transaction history section for the primary checking account on your next statement.

*\$25,000 or more in qualifying linked FDIC-insured accounts OR

*\$50,000 or more in any combination of qualifying linked bank, brokerage (available through our brokerage affiliate Wells Fargo Advisors[®]) and credit balances (including 10% of mortgage balances, certain mortgages not eligible).
