Dear settlement Judge Israel Kunin,

ELIZABETH A. BROWN
CLERK OF SUPREME COURT
BY *J. H. Brown*
DEPUTY CLERK

The reason I don't have my attorney David L Mann because I have a job but it's on call and the second reason is because he didn't agree with me on what I was asking for is I have full custody of my four children Larry, Larriana, Isabella, Giovanni because he's not the father and share custody of the three other children we have together but I have them on school day's cause I always had them and registered them for school since they all started preschool till now I been registering them ever year like I been doing the past many years since they started school. And the house we sold on 932 Center Street Henderson, Nv 89015 that we both bought together I put money down for our house from my bank account from wells Fargo and then there was a new contract from the realtor that we both signed and agreed that we both have to fix the house he didn't put any part in fixing the house me and my fiancée paid people to come fix the house and to take all the trash out of the house for we can sale the house and on the contract its say we both get 50/50 on house after it sold I even got text messages from the realtor that we are getting 20,000 each for selling the house and he didn't give me my half of the money after the sale of the house and we both signed the contract. And on top the last Judge Mary Perry didn't give me a chance to turn paper work in from that I had them all this time I registered them and plus Jose Gamboa and his niece Yaricza Hernandez they both lied under oath during court that he had my kids and that she said that Giovanni went to High School in Henderson and he didn't even go to high school in Henderson where I'm living at right now 2236 Clinton Lane Las Vegas NV 89156, he has been in rolled at sunrise high school since he started high school. and when Jose Gamboa was in the hospital I stayed with him in the hospital and took care of Jose Gamboa my Husband at the time and Yaricza Hernandez said that she had my children while I was taking care of him and my fiancée Brian Skougard had them the whole time taking them to school and back and helping them with their school work made them dinner and breakfast and showered and ready for school. I still have them for the last 4 years we been separated he hasn't help me provided for any children that he claims he the father but hasn't help with them any financial with them that my fiancée Brian Skougard has provided for them I'm not asking for my fiancée Brian Skougard to take custody of the four children but to get their natural fathers DNA for to prove their the father of my four children. I never lied to Jose Gamboa he always knew that he wasn't the father. And for the house I did live in and pay the mortgage and the bill there is proof I had bills in my name and CPS came to my house on 932 Center Street Henderson, Nv 89015 in February or March 2020 that's when they closed my case that I lived in me and my seven children that's why I don't want to settle I want to show proof that I have my kids and for the house we sold and the brown suburban truck I bought the truck and still driving it. That's why I want to take it to the Supreme Court and thank you for taking your time reading this letter.

(I am not going to get new counsel I Jazleen Gamboa will be representing myself and kids so please any paper work or notices please send to 2236 Clinton Lane Las Vegas NV 89156 702-960-8528)

Sincerely,

Jazleen Gamboa
