SETTLEMENT PROGRAM
EARLY CASE ASSESSMENT REPORT

After conducting a premediation conference with counsel pursuant to NRAP 16(b), I make the following recommendation to the court regarding this appeal:

☐ This case is appropriate for the program and a mediation session will be scheduled/has been scheduled for:

☒ This case is not appropriate for mediation and should be removed from the settlement program.

☒ The premediation conference has not been conducted or is continued because:
Respondent was willing to attend conference as required. However, as the Respondent's insurance contract provides that the insurance co cannot enter into negotiations on his behalf without his written consent, and as Respondent & his counsel stand by the jury verdict, Respondent will not give such consent make any resolution impossible. Appellant's counsel agrees this matter is not likely to resolve.
