Court advised it reviewed all the pleadings in this matter and there are two issues raised in Ms. Diefenbach's motion, the challenge of the photo I.D. line up and the in court I.D. at the Preliminary Hearing. Following arguments by counsel, COURT ORDERED, motion DENIED as it does not find the photo line up suggestive or prejudicial in any way and is not inclined to mandate new procedures for in court identifications. DEFT'S PETITION FOR WRIT OF HABEAS CORPUS - BROWN...TRIAL SETTING Court advised it sees two basic aspects - 1) asportation of the underlying offense and 2) question of increase danger to pursue alleged kidnapping to person or persons; it has doubts to this restraint not being incidental to robbery and asked Ms. DeLaGarza to work a hypothetical with the Court. Ms. DeLaGarza advised the depts bound the victims. Court asked where is the charge that the beating would justify. Ms. DeLaGarza advised kidnapping included bodily harm, and this binding was not just incidental to robbery. Mr. Fritz stated it deals with kidnapping and robbery, people were not kidnapped to be harmed but to be robbed. Court asked what is the separate offense. Ms. DeLaGarza advised the kidnapping is it's own offense charge and these victims sustained bodily harm. Mr. Fritz advised they say it's a robbery case and he thinks it's right on point with the Wright case. Court advised it should be left to the jury as to robbery. COURT ORDERED, Deft Brown's Petition for Writ is DENIED. Mr. Fritz advised we needed to set a trial date. Ms. DeLaGarza advised deft. Black invoked and deft. Brown waived. COURT ORDERED, matter set for trial in 60 days. Trial date given due to request of the State. Mr. Fritz inquired about standard bail. Opposition by Ms. DeLaGarza. Court directed counsel to put bail request in a written motion. CUSTODY (BOTH) 6/24/03 9:00 AM CALENDAR CALL (BROWN & BLACKWELL) 6/30/03 1:30 PM JURY TRIAL (BROWN & BLACKWELL) ;

Journal Entry Details:

Court noted this is Mr. Jorgenson's motion to reduce bail from \$1,180,000 to \$98,000 and inquired if Defendant could make \$98,000 bail to which Defendant replied yes. Statements by Ms. De La Garza regarding the instant case, noting Defendant is a flight risk and, therefore, she opposes the motion. Mr. Jorgenson advised the Intake Services Report does not recommend an O.R. release but he is requesting standard bail be set. Upon inquiry of the Court, Defendant stated he lives in California. Court noted trial is set for June 30 and doesn't like the ideal of having to find Defendant in California when this case carries a possible life sentence and, ORDERED, motion DENIED. CUSTODY ;

Journal Entry Details:

Court noted Defendant has no ties to this State. Mr. Fritz advised that was untrue as Defendant's aunt lives here and that he was arrested in California. Ms. De La Garza argued that the bail should not be lowered; that he and the co-defendant terrorized two elderly men. Mr. Fritz argued for reasonable bail. Court noted absent a persuasive reason, it would not reset the bail after another Judge heard the evidence. Arguments by Mr. Fritz and Ms. De La Garza. DEFT'S MOTION FOR DISCOVERY...EVIDENTIARY HEARING: DEFT'S PETITION FOR WRIT OF HABEAS CORPUS (POST-CONVICTION) Court advised due to time constraints, the Evidentiary Hearing will need to be continued but the discovery issue can be resolved and inquired about fingerprints. Mr. Fattig advised there were 9 prints that were all run through AFIS of which 2 did not come back to anyone. Arguments by Mr. Langford. Court stated absent a showing that prints put into the AFIS system was not a general search, it will not be done again. Arguments by Mr. Langford as to item #2 of his motion. Mr. Fattig advised these prints were entered into the Henderson Police Department's new computer system; that the date on the report was the date the information was entered into the system, not the date of the actual test. Mr. Fattig argued this was testified to during trial and the witness was cross examined by Mr. Cristalli. Mr. Langford argued that the transcript is not clear as to what was said at trial and it is his recollection there was nothing mentioned as to why the dates came out incorrectly. Mr. Fattig advised Mr. Cristalli and his Investigator were allowed to go to the Henderson Crime Lab to look at the original reports. Following additional arguments, Court advised it is not satisfied that further discovery is needed at this time. Mr. Langford advised he would like to do DNA testing on the ear ring. Arguments by Mr. Fattig. Following, COURT ORDERED, the ear ring to be sent over for DNA testing. Mr. Langford advised he believes there were several communications via e-mails between Las Angeles and Nevada indicating that Defendant was not originally a good suspect. Mr. Fattig stated Defendant's credibility is lacking, he is claiming that reports existed that Mr. Cristalli did not ask for previously and that he (Defendant) also gave an interview to an FBI Agent when in fact he did not. Mr. Langford argued that he has over 1,000 pages of Investigation that he needs to review and would request leave to file a reconsideration motion if need be. Court advised a Motion maybe submitted, however at this time, it feels nothing more is warranted. Further, copies of the fingerprint cards are to be released to show they were run in the AFIS system. Following colloquy, Mr. Langford advised he will prepare the Order as to DNA testing. Court so noted and ORDERED, matter set for status check. NDC 7/26/10 9:00 AM STATUS CHECK: DISCOVERY ;

Mr. Fattig stated he does not have an objection and will stipulate that there is no DNA on the earring as it had been in the jewelry washing machine. As to the finger print cards, Mr. Fattig advised he needs to get them and have them copied for Mr. Langford. Witness testimony presented (See Worksheet). Following arguments by counsel, Court further advised, trial in this matter occurred almost 6 years ago and appears to have been examined very well. Regarding the rendition of what was heard the issue of not comparing the finger prints on the glass of the jewelry store would pretty much be a speculation. This Court can not fault Attorney Cristalli for not proceeding with that strategy as it does not appear to be negligent. Further, it is a slippery slope that is never ending regarding there being failure to try the police department. The issues raised regarding the police department appear to be fishing attempts by the Defendant to verify the specifics as to the communication conducted by the officers. Journal Entry Details:

Court noted the ask is that the Court grant or issue a Writ of Prohibition that would command the Nevada Department of Corrections (NDC) to seize and desist removing funds from the inmate account. Further, the Court is not taking any argument as the Court did not request Deft. to be transported and this matter is able to be reviewed and assessed by the Court on the

EIGHTH JUDICIAL DISTRICT COURT

CASE SUMMARY

CASE No. 03C189658-1

briefs alone to determine if there is any basis to set a future evidentiary hearing or otherwise possible entitlement to relief. The Court FINDS there is no entitlement to relief because the Writ of Prohibition is not the correct mechanism to be utilized in these circumstances. Further, the Court is not persuaded by the argument today and the more accurate information is what the State has provided in Opposition that there are in fact other mechanisms by which the Deft. would need to seek relief from the Nevada Department of Corrections. Either through administrative remedies that he may avail himself of or civil lawsuit that would allege some form of conversion or trespassed of property. Deft. also potentially could file a civil rights complaint under the 1983 action if he believes there is some action that is depriving him of a right or privilege that is protected by the Constitution or the law of the United States. The Court does not believe this Court has the authority and is too much of a stretch to say that this is a judicial function, now that Deft. is incarcerated in Nevada Department of Corrections, is engaging in their practices to take funds out to pay restitution that is somehow is something this Court would have jurisdiction to address on a Writ of Prohibition. The Court is declining for procedural reasons to treat this as a Writ of Prohibition properly filed and therefore, ORDERED, petition DENIED. State to prepare order. Court advised it sees two basic aspects - 1) asportation of the underlying offense and 2) question of increase danger to pursue alleged kidnapping to person or persons; it has doubts to this restraint not being incidental to robbery and asked Ms. DeLaGarza to work a hypothetical with the Court. Ms. DeLaGarza advised the depts bound the victims. Court asked where is the charge that the beating would justify. Ms. DeLaGarza advised kidnapping included bodily harm, and this binding was not just incidental to robbery. Mr. Fritz stated it deals with kidnapping and robbery, people were not kidnapped to be harmed but to be robbed. Court asked what is the separate offense. Ms. DeLaGarza advised the kidnapping is it's own offense charge and these victims sustained bodily harm. Mr. Fritz advised they say it's a robbery case and he thinks it's right on point with the Wright case. Court

- DEFT'S MOTION FOR DISCOVERY...EVIDENTIARY HEARING: DEFT'S PETITION FOR WRIT OF HABEAS CORPUS (POST-CONVICTION)

Court advised due to time constraints, the Evidentiary Hearing will need to be continued but the discovery issue can be resolved and inquired about fingerprints. Mr. Fattig advised there were 9 prints that were all run through AFIS of which 2 did not come back to anyone. Arguments by Mr. Langford. Court stated absent a showing that prints put into the AFIS system was not a general search, it will not be done again. Arguments by Mr. Langford as to item #2 of his motion. Mr. Fattig advised these prints were entered into the Henderson Police Department's new computer system; that the date on the report was the date the information was entered into the system, not the date of the actual test. Mr. Fattig argued this was testified to during trial and the witness was cross

examined by Mr. Cristalli. Mr. Langford argued that the transcript is not clear as to what was said at trial and it is his recollection there was nothing mentioned as to why the dates came out incorrectly. Mr. Fattig advised Mr. Cristalli and his Investigator were allowed to go to the Henderson Crime Lab to look at the original reports. Following additional arguments, Court advised it is not satisfied that further discovery is needed at this time.

Mr. Langford advised he would like to do DNA testing on the ear ring. Arguments by Mr. Fattig. Following, COURT ORDERED, the ear ring to be sent over for DNA testing.

Mr. Langford advised he believes there were several communications via e-mails between Las Angeles and Nevada indicating that Defendant was not originally a good suspect. Mr. Fattig stated Defendant's credibility is lacking, he is claiming that reports existed that Mr. Cristalli did not ask for previously and that he (Defendant) also gave an interview to an FBI Agent when in fact he did not. Mr. Langford argued that he has over 1,000 pages of Investigation that he needs to review and would request leave to file a reconsideration motion if need be. Court advised a Motion maybe submitted, however at this time, it feels nothing more is warranted. Further, copies of the fingerprint cards are to be released to show they were run in the AFIS system.

Following colloquy, Mr. Langford advised he will prepare the Order as to DNA testing. Court so noted and ORDERED, matter set for status check.

- Court advised, this matter is on calendar today for there to be an evidentiary hearing conducted. Witness testimony presented (See Worksheet). Following arguments by counsel, Court further advised, trial in this matter occurred almost 6 years ago and appears to have been examined very well. Regarding the regarding the rendition of what was heard the issue of not comparing the finger prints on the glass of the jewelry store would pretty much be a speculation. This Court can not fault Attorney Cristalli for not proceeding with that strategy as it does not appear to be negligent. Further, it is a slippery slope that is never ending regarding there being failure to try the police department. The issues raised regarding the police department appear to be fishing attempts by the Defendant to verify the specifics as to the communication conducted by the officers. Upon review of the facts and testimony presented, COURT ORDERED, the petition is DENIED; Defendant's request for an expert is DENIED.

- Court noted the ask is that the Court grant or issue a Writ of Prohibition that would command the Nevada Department of Corrections (NDC) to seize and desist removing funds from the inmate account. Further, the Court is not taking any argument as the Court did not request Deft. to be transported and this matter is able to be reviewed and assessed by the Court on the briefs alone to determine if there is any basis to set a future evidentiary hearing or otherwise possible entitlement to relief. The Court FINDS there is no entitlement to relief because the Writ of Prohibition is not the correct mechanism to be utilized in these circumstances. Further, the Court is not persuaded by the argument today and the more accurate information is what the State has provided in Opposition that there are in fact other mechanisms by which the Deft. would need to seek relief from the Nevada Department of Corrections. Either through administrative remedies that he may avail himself of or civil lawsuit that would allege some form of conversion or trespassed of property. Deft. also potentially could file a civil rights complaint under the 1983 action if he believes there is some action that is depriving him of a right or privilege that is protected by the Constitution or the law of the United States. The Court does not believe this Court has the authority and is too much of a stretch to say that this is a judicial function, now that Deft. is incarcerated in Nevada Department of Corrections, is engaging in their practices to take funds out to pay restitution that is somehow is

something this Court would have jurisdiction to address on a Writ of Prohibition. The Court is declining for procedural reasons to treat this as a Writ of Prohibition properly filed and therefore, ORDERED, petition DENIED.

State to prepare order.
