1	BY MR. JIMMERSON:					
2	Q. You can answer the question.					
3	A. There is a dash.					
4	Q. For purposes of the judge and jury, they					
5	won't see zero, they won't see 10, they won't see a					
6	numeral, they'll see a dash, correct?					
7	A. Yes.					
8	Q. Can I ask you one more question? How many					
9	residential units are developed in Tivoli, in the					
10	commercial area of Tivoli?					
11	A. In the commercial area of Tivoli?					
12	Q. How many residential units were entitled					
13	in the commercial area of Tivoli?					
14	A. In the commercial area? You mean as part					
15	of the entitlement?					
16	Q. That's right.					
17	A. It's 300.					
18	Q. So as it was developed, the dash for					
19	commercial use on Exhibit Number 8 turned out to be					
20	300 as history has shown; is that right?					
21	MR. BICE: Objection to the form.					
22	Misstates the documents and misstates the record.					
23	THE WITNESS: The site is currently					
24	entitled for 300 units.					
25	MR JIMMERSON: Thank you

1	EXAMINATION					
2	BY MR. BICE:					
3	Q. Were the zoning amended to allow					
4	residential where it was commercial?					
5	A. This is a commercial zoning district with					
6	a special use permit for mixed use which allowed the					
7	300 units.					
8	Q. And that was at the time of approval,					
9	correct?					
10	A. That's at the time the City Council					
11	approved the overall project known as Tivoli.					
12	MR. BICE: Thank you. Thank you so much.					
13	MR. JIMMERSON: And I do, for my end, I					
14	apologize for the imposition to Mr. Lowenstein and to					
15	Mr. Byrnes as well.					
16	MR. BYRNES: At least I got an hour break.					
17	THE VIDEOGRAPHER: This concludes the					
18	deposition. The time is 7:22 p.m. And we are off					
19	the video record.					
20	(Whereupon, the deposition was concluded at					
21	7:22 p.m.)

CHRISTOPHER MOLINA

Hearing Date: May 27 & 28, 2021 Hearing Time: 9:00 a.m.

1

Case Number: A-18-780184-C

I, Yohan Lowie, declare under penalty of perjury that the foregoing is true and correct: I make this Declaration in support of Plaintiff Landowners' REPLY IN SUPPORT OF: Plaintiff Landowners' Evidentiary Hearing Brief #1 Memorandum of Points and Authorities Regarding the Landowners' Property Interest and REPLY IN SUPPORT OF Plaintiff Landowners' Evidentiary Hearing Brief #2 Memorandum of Points and Authorities Regarding the City's Actions Which Have Resulted in a Taking of the Landowners' Property and in response to the Declaration of J. Christopher Molina (the "Molina Declaration").

- I have never met or spoken with J. Christopher Molina. No person named "J. Christopher Molina" was involved in any transactions with the Peccole family where I was a principal on any side of the transaction.
- I have been informed that J. Christopher Molina is an attorney at the law firm of McDonald Carano. The law firm of McDonald Carano was not involved in any transactions with the Peccole family where I was a principal on any side of the transaction.
- 3. I understand "personal knowledge" to mean knowledge gained through firsthand observation or experience. Based on my personal knowledge as stated in #2 and #3 above, the declaration by J. Christopher Molina that he has "personal knowledge" of any transactions with the Peccole family where I was a principal on any side of the transaction is untruthful.
- 4. In regard to the consideration for the acquisition of the membership interest of Fore Stars Ltd. the information attested to by J. Christopher Molina is replete with material inaccuracies, confusion, and untruthful statements. To name a few and generally:
  - a. The acquisition of the assets and liabilities, which included five parcels of land amounting to approximately 250 acres of residential zoned land, was significant and

 included: 1) approximately 15 years of work, resources, sacrifice, effort, and earned goodwill; 2) entering into an approximately \$100 million multi-transaction deal with the Peccole family (the original owner of Fore Stars Ltd.) and a third party that involved complex land transactions related to large tracts of land and developments, including Tivoli Village, the Queensridge Towers, Hualapai Commons (at Sahara and Hualapai Way), and Fore Stars Ltd, to obtain the right to acquire the former Badlands properties. The understanding among the parties was that \$45 million in consideration had been exchanged for the acquisition of the property that was owned by Fore Stars Ltd. comprising the "250 Acre Residential Zoned Land".

- b. The "Developer" is not Queensridge Towers LLC ("QT").
- c. Fore Stars Ltd. (then owned by the Peccole family) did not agree to transfer 5.13 acres to QT "at no cost". Extensive consideration was exchanged as stated in the Redemption Agreement.
- d. The "Developer" as incorrectly used by J. Christopher Molina in his Declaration, had no obligation to pay the Peccole family \$3 million.
- e. The \$3,150,000 Clubhouse Obligation was owed by Queensridge Towers LLC to Fore Stars Ltd (then owned by the Peccole family), not the other way around, and not owed by the "Developer" or the Landowners' principals, as falsely state by J. Christopher Molina.
- f. The "Developer" never had an obligation to construct a new clubhouse.
- g. In 2012, the Landowners' principals disassociated from QT and relinquished all ownership, management or control of QT. Therefore, any reference to the Developer as defined by the Molina declaration thereafter is false.

- h. The 2013 Settlement was between QT and Fore Stars Ltd. (then owned by the Peccoles), not the Landowners' principals.
- 5. Specifically, the following statements are inaccurate or blatantly false:
  - a. Paragraph 4 in the Molina declaration is false including the statement that the Peccole family is the developer of the 1,539-acre Peccole Ranch Master Plan.
  - b. Paragraph 5 of the Molina declaration is false.
  - c. Paragraph 6 of the Molina declaration is false in that the summary of transactions and obligations as portrayed is false.
  - d. Paragraph 7 of the Molina declaration is false.
  - e. Paragraph 9 of the Molina declaration is inaccurate as it falsely describes sales transactions as recapitalization.
  - f. Paragraph 11 of the Molina declaration references a settlement agreement to which I have no personal knowledge as neither I nor any entity I am affiliated with was a party to that transaction.
  - g. Paragraph 12 of the Molina declaration references a letter attached to the 2013 Settlement to which I have no personal knowledge as neither I nor any entity I am affiliated with was a party to that transaction. However, referencing the original agreement and that the obligation to spend 3,150,000 by "the Developer" somehow survived termination is false and defies the plain language of the transactional documents.
  - h. Paragraph 12, 13, and 14 of the Molina declaration is inaccurate and appears to be based upon documents and negotiations that were never executed.
  - i. Paragraph 16 of the Molina declaration is false.
  - j. Paragraph 17 of the Molina declaration is false in its assumed conclusion.

6.

k. Paragraph 23 of the Molina declaration is false in that the Developer as defined by
 Molina did not record said parcel map. QT is not and was not the Developer.

In regard to discovery requested relating to the amount paid for the acquisition of Fore Stars, the documents produced to the City support the testimony that "the aggregate of consideration given to the Peccole family for Fore Stars Ltd, the owner of the former Badlands golf course properties was approximately \$45 million". After reading the Molina Declaration it is clear that J. Christopher Molina does not comprehend those complex transactions and his testimony within his Declaration relating thereto makes false conclusions. Furthermore, J. Christopher Molina's continued reference to a "single transaction" for a complex deal that involved a series of transactions is merely deceptive semantics.

Upon information and belief: J. Christopher Molina did not attend the August 13, 2018 meeting between the City of Las Vegas ("CLV") and GC Wallace Engineers ("GCW"); The meeting minutes were prepared by GCW, a third party engineering firm; The City did not like that the minutes memorialized what the CLV attendees stated at the meeting, that the City's 'top down directive' to City staff was that they are "not authorized to provide conditional approval on this TDS", so after receipt of the GCW minutes CLV's Peter Jackson desperately sought to alter the minutes to remove the City's unfavorable admissions made during the meeting directing GCW to have them "replaced in its entirety", and in fact attempted to distance himself from the happenings at the meeting stating in his email "could you please let the minutes reflect that I had to leave the meeting in the first 5 minutes or so to attend another meeting?"; The Plaintiff's response to accurately reflect everyone's understandings was that "Seventy Acres LLC is OK with attaching both Peter's 8/21/18 email and Mark's 9/12/18 email to the August 13 dated

GCW meeting minutes as CLV's comments to the meeting."; It was the City of Las Vegas representatives that sought to falsify the minutes, not GCW, nor Plaintiff. J. Christopher Molina's statement that the "Developer's catch-22 argument relies on falsified evidence" and J. Christopher Molina's statements on what occurred are both false testimonies.

- The technical drainage study submitted on behalf of Plaintiff and discussed between GCW and the CLV engineers was for land (17 Acres) that was already entitled by the City, yet the City refused to allow the drainage work to proceed. J. Christopher Molina confuses the ordinance requirements with the Technical Drainage Study on the entitled 17 acres. The CLV put a hard stop on Plaintiff's necessary drainage work with orders coming "from the top". However, as it relates to other parcels not yet developed, the City made it clear through the ordinance that it would not accept an application for development without a drainage study and that no drainage study could be completed until all litigation was resolved in relation to the Landowners' properties.
- 9. Plaintiff's land is residentially zoned property R-PD7. It was hard zoned R-PD7 from U(M) by the City Council by Ordinance No. 5353 PASSED, ADOPTED AND APPROVED on August 15, 2001, signed by Mayor Oscar Goodman and attested by City Clerk Barbara Jo Ronemus. The ordinance did not change the then General Plan Land Use Designation of M-Medium Density residential. In addition to hard zoning the property for R-PD7 residential single and multi-family use, it provides that "All ordinances or part of ordinance or sections, subsections, phrases, sentences, clauses or paragraphs contained in the Municipal Code of the City of Las Vegas, Nevada, 1983 Edition, in conflict hereby repealed." The R-PD7 zoning on the property is "the law" of the land, not arguments by J. Christopher Molina declares.

10.	In 2015, City of Las Vegas Councilman Bob Beers, City Attorney Brad Jerbic, and
	Planning Director Tom Perrigo admitted to me, in front of my team, that they [Bob, Brad
	and Tom] have "no idea" how a PR-OS Land Use Designation was purportedly placed
	on the property, and that no formal City adoption has ever occurred. Additionally, I was
	told "But it doesn't matter because zoning supersedes the General Plan".

11. J. Christopher Molina's statements that Plaintiff's property is "open space and drainage" under the Peccole Ranch Master Plan is a blatant falsity in contradiction to and in complete disregard of the ruling of the Nevada Supreme Court in its Order of Reversal on filed on March 5, 2020. The Supreme Court of the State of Nevada in Case No. 75481 ruled that the Peccole Ranch Master Plan does not apply to Plaintiff's R-PD7 zoned land and that no application for modification of the Peccole Ranch Master Plan was required by Plaintiff to develop its property.

Case Number: A-18-780184-C

#### **DECLARATION OF STEPHANIE ALLEN, ESQ.**

STATE OF NEVADA )
)ss:
COUNTY OF CLARK )

- I, Stephanie Allen, am licensed to practice law in the State of Nevada since
- Since 2004, my principal area of my practice has been government affairs with an emphasis on land use and zoning.
- Over the past 17 years, I have presented thousands of applications to local government agencies for a wide variety of developments, including various hotel/casino, commercial, and single family and multi-family developments.
- 4. I have also worked on and/or completed approximately ten development agreements for large developments. A Development Agreement is an agreement between a government entity and a person who has a legal or equitable interest in land, and it sets forth the long-range plans for the development of property.
- I have presented these applications to various municipal agencies, including the
   City of Las Vegas, City of North Las Vegas, Clark County and Lincoln County.
- 6. I was retained by and assisted the owners of the 250 acre property located generally between Alta, Charleston, Hualapai, and Rampart in the jurisdiction of the City of Las Vegas formally known as the Badlands golf course to develop this property. In this capacity, I attended meetings with the landowners, the City of Las Vegas employees and representatives, including councilpersons, and the surrounding property owners. I estimate I attended more than 25 meetings in my efforts to assist with developing the 250 acre property.

///

///

7. There was when I was assisting with preparing and presenting separate applications, including but not limited to, an approximately 35 acre portion of the 250 acre property, an approximately 133 acre portion of the 250 acre property, and a separate Master Development Agreement ("MDA") that would govern the development of the entire 250 acre property.

- 8. Eventually, it was made clear by City of Las Vegas employees, councilpersons, and the Mayor that the City would accept only one type of application to develop the 250 acre property an MDA. The City was very clear that it would not approve any application that sought to develop the various parcels that made up the 250 acre property individually.
- 9. During the June 21, 2017, hearing before the City Council on the applications to develop the 35 Acre Property several councilpersons and the Mayor stated on the record that they did not want piecemeal development, meaning they did not want and would not approve individual application for the 35, 133 or 65 acre properties. This was consistent with what I was repeatedly told that the City would accept only one application to develop the 250 acre property an MDA.
- 10. On June 21, 2017, the applications to develop 61 residential units on the 35 Acre Property were presented to the City Council for approval. The City planning staff confirmed in a staff report that the applications and the proposed 61 lot residential use on the 35 Acre Property were in compliance with the R-PD7 zoning on the property, the City's development requirements, the City Municipal Code, and the Nevada Revised Statutes and, accordingly, recommended approval.
- 11. The City Council denied the 35 Acre Property development applications at the June 21, 2017, City Council meeting despite the fact that the proposal was allowed within the existing R-RD7 zoning on the property.

12.	I have presented thousands of applications to various local government agencies,
ncluding the	City of Las Vegas, in the past, and I cannot recall an application that I have
nandled being	denied when the development proposal was allowed as a matter of right under
he existing zo	ning.

- 13. On August 2, 2017, the MDA was presented to the City Council for approval. The City planning staff confirmed in a staff report that the MDA met all Nevada Revised Statute requirements and all City Municipal Code requirements and, accordingly, recommended approval.
- 14. The City Council denied the MDA at the August 2, 2017, City Council meeting despite the fact that the proposed written agreement had been negotiated and agreed upon in good faith between the parties.
- 15. I have presented approximately ten development agreements before various local government agencies, including the City of Las Vegas, in the past, and I cannot recall a development agreement application being denied when the proposed written agreement had been negotiated and agreed upon in good faith between the parties.

/// /// ///

27 //

 16. During my 17 years of work in the area of land use, it has always been the practice that zoning governs the determination of how land may be used. The master plan land use designation has always been considered a general planning document. I do not recall any government agency or employee ever making the argument that a master plan land use designation trumps zoning.

I declare under penalty of perjury under the law of the State of Nevada that the foregoing is true and correct.

Dated this 21st day of May, 2021.

#### PROJECT DESCRIPTION

On October 31, 2017, the Department of Planning accepted and agendaized applications related to three Planning Projects (PRJ-71990, PRJ-71991, and PRJ-71992) generally located on 282.08 acres at the southwest corner of Alta Drive and Rampart Boulevard without requiring a General Plan Amendment or a Major Modification. The appellant disagrees with the Director's interpretation of LVMC Title 19 that such applications were not required as a part of the project submittal and has appealed that decision not to require a General Plan Amendment or Major Modification to the City Council.

#### **ISSUES**

- For the three Planning Projects subject to this appeal three applications have been submitted for each as follows:
  - o PRJ-71990, includes a:
    - Waiver (WVR-72004) of Title 19.02 to allow various types of private streets or private access easements not to meet public street standards;
    - Site Development Plan Review (SDR-72005) for developerproposed standards for a single-family residential development as required for all planned developments zoned R-PD (Residential Planned Development); and
    - Tentative Map (TMP-72006) for a 75-lot single-family residential subdivision on a 22.19-acre parcel.
  - o PRJ-71991, includes a:
    - Waiver (WVR-72007) of Title 19.02 to allow various types of private streets or private access easements not to meet public street standards;
    - Site Development Plan Review (SDR-72008) for developerproposed standards for a single-family residential development as required for all planned developments zoned R-PD (Residential Planned Development); and
    - Tentative Map (TMP-72009) for a 106-lot single-family residential subdivision on a 76.93-acre parcel.
  - o PRJ-71992, includes a:
    - Waiver (WVR-72010) of Title 19.02 to allow various types of private streets or private access easements over the proposed lots not to meet public street standards;
    - Site Development Plan Review (SDR-72011) for developerproposed standards for a single-family residential development as required for all planned developments zoned R-PD (Residential Planned Development); and

RTS

- Tentative Map (TMP-72012) for a 53-lot single-family residential subdivision on a 33.80-acre parcel.
- While requested by staff, no General Plan Amendment was required at the time the Planning Project applications referenced above were accepted and agendaized by the Department. The developer, under protest, has since submitted a General Plan Amendment (GPA-72220), which is scheduled to be heard by the Planning Commission at its January 9, 2018 meeting. The appellant is appealing the Director's interpretation of LVMC Title 19 that a General Plan Amendment is not required.
- No Major Modification of the Peccole Ranch Master Development Plan was required at the time the Planning Project applications referenced above were accepted and agendaized by the Department. The appellant is appealing the Director's interpretation of LVMC Title 19 that a Major Modification is not required.

#### **ANALYSIS**

The applications subject to this appeal relate to parcels constituting a 282.08-acre portion of a developed, nonoperational golf course that is located within the Peccole Ranch Master Development Plan. The parcel is zoned R-PD7 (Residential Planned Development – 7 Units per Acre), which allows up to 7.49 dwelling units per acre spread out across the area covering the zoning district. This zoning district was approved April 4, 1990 (Z-0017-90) as part of the second phase of the Peccole Ranch Master Development Plan.

LVMC Title 19.16.010 (A) states that "except as otherwise authorized by this Title, approval of all Maps, Vacations, Rezonings, Site Development Plan Reviews, Special Use Permits, Variances, Waivers, Exceptions, Deviations and Development Agreements shall be consistent with the spirit and intent of the General Plan." However, only LVMC Title 19.16.090 (C) related to a Rezoning application provides specially addresses a General Plan Amendment as follows: "if a proposed rezoning will not conform as to use or density, the application may not be approved unless the General Plan is amended first to accommodate the proposed rezoning."

Within the area known as the Peccole Ranch Master Development Plan, the 1992 General Plan for the City of Las Vegas generally designated the then proposed golf course area P (Parks/Recreation/Open Space) and the proposed residential areas around the golf course as ML (Medium Low Density Residential). In 2005, these parcels were designated PR-OS (Parks/Recreation/Open Space) by the city's General Plan, a designation that does not address residential densities, as part of the adoption of a whole new Land Use Element. Unlike the 2005 General Plan, which used advances in Geographic Information Systems (GIS) to clearly designate the future land use at the parcel level, the 1992 General Plan used a "blob map" approach which depicted generalized areas under the various land use designations. As development activity other than those consistent with P (Parks/Recreation/Open Space), and later

RTS

# Staff Report Page Three January 3, 2018 – City Council Meeting

PR-OS (Parks/Recreation/Open Space), and ML (Medium Low Density Residential) designations within the conceptual Peccole Ranch Master Development Plan were proposed, General Plan Amendments and Rezonings were submitted as appropriate to ensure consistency between proposed development and the General Plan. While there have been multiple amendments to the General Plan and or Rezonings to parcels located within the Peccole Ranch Master Development Plan area, no Major Modifications of the Master Development Plan were required in conjunction with those requests. Consistent with prior actions of the Department in processing and agendazing development applications within the Master Development Plan area and approvals of the City Council on those application, no Major Modification of the Peccole Ranch Master Development Plan is needed or appropriate given the scope of the proposed development.

As noted above and consistent with LVMC Title 19.16.010 (A), staff strives for consistency between the General Plan and any development proposals to be considered for approval. Staff requested that the applicant for the proposed Planning Projects subject to this appeal submit a General Plan Amendment concurrent with the proposal for redevelopment of the site to be congruent with the existing zoning in terms of residential density and land use. As no Rezoning was proposed as a part of the development proposal, approval of a General Plan Amendment is not a mandatory requirement for such development. Specifically, the zoning has established density limits and predates the current designation. The applicant had therefore originally opted not to request such an amendment, but has now submitted an application for a General Plan Amendment.

#### FINDINGS (DIR-72290)

Staff finds that the appeal is specious and that no application for a General Plan Amendment or Major Modification are required to hear the applications as submitted. Therefore, staff is recommending denial of this appeal.

# **VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75**

37	MAYOR GOODMAN
38	Thank you for coming down, everyone. We'll move on to Agenda Item 74, Motion to Rescind
39	DIR-72290 for possible action on an Appeal of Director's decision to not require applications for
40	a general plan amendment and major modification in conjunction with applications related to
41	three Planning Projects (PRJ-71990, PRJ-71991, PRJ-71992) generally located on 282.08 acres
42	southwest corner of Alta and Rampart Boulevard, R-PD7 (Residential Planned Development - 7
43	Unit per Acre) acre and PD (Planned Development) Zones, Ward 2, Councilman Seroka. Staff
44	recommends denial. Mr. Jerbic?
45	
46	CITY ATTORNEY JERBIC
47	Right here, Your Honor.
48	
49	MAYOR GOODMAN
50	Yes, please.
51	
52	CITY ATTORNEY JERBIC
53	As you recall at the last meeting, there was an appeal heard by this Council from a decision by
54	the Director to not require a major mod nor a general plan amendment for these three pending
55	applications. At that meeting, there was a vote to originally overturn the Director. That was a 3-3
56	vote, with Councilwoman Tarkanian abstaining. And then there was a vote to deny the appeal,
57	which passed on a 4-2 vote.
58	The way the parliamentary rules work is anybody who votes in the majority can ask for a
59	reconsideration of an item, provided it hasn't been relied on yet. This hasn't been relied on yet.
60	Any member of the majority, in this case Councilman Coffin, who voted in the for majority,
61	asked for a Motion to Reconsider.
62	So it's a two-part process. The first part is to vote on a Motion to Rescind your first vote. That is
63	Item 74. If Item 74 passes, then you go back to Item 75 and begin your hearing process over
64	again and revote at the end of it. If Item 74 does not pass, it ends there, and the original decision
65	that was made at the last meeting stands.

# VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75

06	So, with that said, I invite you to engage in whatever dialogue you want to have regarding the
57	Motion to Rescind. Keep in mind that I have advised Councilwoman Tarkanian that she cannot
58	vote on Item 74 because she abstained the last time. However, the reason for abstention was not
59	conflict of interest. The reason for abstention was receiving information at the last minute
70	without time to process it and vote in an informed way. If Councilwoman has read the material
1	since the last meeting and does feel that she can now vote on it and feels informed, if you were to
72	rescind, she would be able to vote on Item 75, but not on 74.
13	
74	MAYOR GOODMAN
75	Okay. So, for clarification on the vote, there would be a motion by Councilman Coffin to rescind.
6	So if one agrees with that vote, you vote aye, and if you disagree, you vote nay. And if it passes,
77	then we move on to 75. If it does not pass, number 75 is moot, and what do we do with it?
78	
19	CITY ATTORNEY JERBIC
30	At that point in time, you just wouldn't be able to hear it. We'd ask that it just be stricken from
31	the Agenda as a matter of parliamentary rule.
32	
33	MAYOR GOODMAN
34	Okay.
35	
36	COUNCILMAN COFFIN
37	Your Honor?
88	
39	MAYOR GOODMAN
00	So I would assume you would do that or Staff would do that?
1	
92	CITY ATTORNEY JERBIC
93	We'll make a record depending on what you vote on right now.

Page 4 of 19

#### **JANUARY 17, 2018**

# **VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75**

94	MAYOR GOODMAN
95	Okay. So, Councilman, do you want to make your motion?
96	
97	COUNCILMAN COFFIN
98	Thank you. Your Honor, I will after I get some more clarifying information from the City
99	Attorney. And I'm glad both of you are there, Brad, because yeah, last Wednesday, the meeting,
100	the last Council meeting I was blind with pain like a dummy. I didn't take a painkiller in the
101	afternoon. So I was pretty sore and was standing around, and I frankly, I dropped the ball. I voted
102	exactly the opposite of what I intended to do, and I didn't even know it at the time, because I
103	think it was the last item on the Agenda and we adjourned. That was about after 9 or 10 hours of
104	meeting.
105	Also at that time, Councilwoman Tarkanian needed additional information. She asked if she
106	could abstain, and I think, I forget which motion, because it was confusing. But she asked if she
107	could abstain, and you said no, she cannot abstain. And then you qualified that by saying, well,
108	there's, State law says you have to vote, unless you have a direct conflict of interest. There being
109	none – Is that correct?
110	
111	CITY ATTORNEY JERBIC
112	Not exactly. My recollection is, and I think the Councilwoman may have the same recollection,
113	that normally, under normal abstentions, you do need a reason under State law and you need to
114	state it on the record. Whatever that reason is, you have to state it on the record. Nobody gets to
115	abstain by just saying I abstain. And normal abstentions are because of a conflict of interest. Her
116	abstention was a unique abstention, because it didn't have to do with a conflict. It had to do with
117	a lack of information.
118	But it's my recollection that the Councilwoman received information, but it was only the evening
119	before the vote and didn't have time to process it. And so what I advised is that she could abstain,
120	provided she put the reason on the record, and if she were in the future called upon to vote after
121	she had time to read it, she could jump back in.

# **VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75**

122	COUNCILMAN COFFIN
123	So I guess, Your Honor, we have a good colloquy going here. And if you don't mind, we could
124	continue through you Mayor, to Brad and I, if we can discuss this, because this is where the rub
125	comes in. So I requested that next day, that would be Thursday, whatever the day was, the 4th
126	maybe of January, and I said I want to reconsider my vote. Like a dummy, I voted wrong. And as
127	it turned out, it did exactly the opposite effect of what I wanted. So I'm admitting my human
128	failings, and I did the normal thing.
129	Also, Councilwoman Tarkanian had sufficient and has had sufficient time to learn what to do.
130	Even though you said she could abstain, you had advised her not to. You said State law prohibits
131	her from abstaining, yet she did abstain.
132	
133	CITY ATTORNEY JERBIC
134	Okay, Councilman. That was not the record I recall.
135	
136	COUNCILMAN COFFIN
137	I'm confused. You didn't object to that. That's very important, because it plays a role in today that
138	I just found out 90 minutes ago. Ninety minutes ago, I talked to Deputy Scott there, Bryan?
139	
140	ASSISTANT CITY ATTORNEY SCOTT
141	Yes.
142	
143	CITY ATTORNEY JERBIC
144	He just conveyed to me that, for the first time, I had never heard this in all the discussions we've
145	had over the last two weeks, that if 74 does not pass, 75 dies. But 74 cannot pass. You never told
146	me that this was futile, because you're saying, you're advising Councilwoman Tarkanian not to
147	vote. Well, if she follows your guidance, and understand it's just guidance, she can't vote. It dies
148	again on, well, it would be a 3-3, let's say, if I voted properly, the way I feel I should and the way
149	I read the Council if there are no changes of opinion. But you never said that and you never
150	counseled her. You never counseled her, because we've talked about this. She said Brad said, let
	Page 6 of 19

#### **VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75**

151	me make sure we're understanding it, Brad said: I can't vote on 74, but I can vote on 75. You
152	didn't tell her that if 74 dies, because she can't vote, then 75 never comes up. See? She was under
153	the impression she'll have to abstain once and vote once.
154	
155	CITY ATTORNEY JERBIC
156	You put me in an interesting position, because I brief people in an attorney/client context. I can
157	say that I have been consistent, in my opinion, from the beginning that, one, I'm not going to
158	make a comment on whether this is futile or not because I have said all —
159	
160	COUNCILMAN COFFIN
161	I can't hear you, Brad. I'm sorry.
162	
163	CITY ATTORNEY JERBIC
164	I've not said this is futile for you to pursue this. I have said you need four votes in order for the
165	Motion to Rescind to pass. And I have consistently said that unless the Motion to Rescind passes,
166	you don't get to number two, the reconsideration of the item as a whole. I don't believe I've ever
167	said anything inconsistent with that. So I have a different recollection, Councilman.
168	
169	COUNCILMAN COFFIN
170	Well, then I guess through you, Your Honor, to Brad, what would be the point of doing all this
171	and going through this exercise? I was never counseled. You may not remember, but I can
172	remember not hearing because it makes sense. If I had heard you can't get enough votes to pass
173	74 and the Councilwoman's got to abstain, well that kills 75. But we wouldn't have gone there. I
174	would have shot myself, probably.
175	But in the end, you know, it's like what point is this exercise? But all the counsel you've been
176	giving I'm going to say maybe I'm wrong, maybe I misunderstood the Councilwoman. Maybe I
177	should say that she either misheard you or that she relayed a different kind of information to me
178	than you had in private conversation.
179	But this is the sense of the Council right now. In the last recorded votes we had, the new Council
	Page 7 of 19

#### **JANUARY 17, 2018**

#### **VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75**

180	had taken the position 4-3, in all circumstances, that we not move any further. Five days ago, as
181	if this didn't count, five days ago then, the court, a competent judge —
182	
183	COUNCILWOMAN FIORE
184	Does this have anything to do with this motion, all this —
185	
186	COUNCILMAN COFFIN
187	You bet it does.
188	
189	COUNCILWOMAN FIORE
190	Brad, just wondering?
191	
192	COUNCILMAN COFFIN
193	And next time you interrupt, I'm going to have to harass you again.
194	
195	COUNCILWOMAN FIORE
196	That's okay, because harassment in my office gets graded.
197	
198	COUNCILMAN COFFIN
199	Well, I'm going to score high too. You have this situation. The new Council is in 4 to 3 position.
200	This upends it if we don't reverse it. So then, five days ago, a judge, a competent judge, who does
201	business cases and understands these issues, ruled against us. We lost the case on this exact
202	point. Why would we today thumb our nose at the judge and say: Well, sorry Judge Crockett, but
203	we don't care what you said in court. We haven't even filed an appeal. We haven't even seen your
204	language that you use, but you spoke pretty loud and clear, Your Honor. But we don't care what
205	you said. Our position is going to be against you and for whoever, the developer.
206	This is, I guess it's awkward, Brad. I mean, unless the Councilwoman feels free to vote on 74,
207	which I believe she has the right to do, there are all kinds of rules of order. I have lived under
208	Mason's and under Robert's and under, you know, the Rule of 11 in the Senate. So I know the
	Page 8 of 19

#### **JANUARY 17, 2018**

#### **VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75**

209	rules. And you can advise, but you can't dictate how the Councilwoman can vote.
210	Your Honor, you know, it certainly is up for discussion. I haven't made the motion yet, but I want
211	to make sure that you feel the item is ready for the motion, and then I will make the motion.
212	
213	MAYOR GOODMAN
214	Okay. Well, I think the clarity, and, of course, we all rely on Legal for everything. You have
215	every right, as far as I understand from Brad and Legal, to request, rescind your vote, and it has to
216	always go through someone who made the motion votes on it, and the fact that I thought Mr.
217	Jerbic, in clarification, when the vote was made, and I did ask him that I thought Councilwoman,
218	Mayor Pro Tem, had to vote. He said no because of the material and that will give her time. So
219	the vote was 3-3, and with a tie, a new motion, what this was, it dies. It has to have, and so on
220	this, you have every prerogative to ask to rescind the motion. The question is: Will the others that
221	voted one way or the other support that vote?
222	So the question is, Counsel, Mr. Counsel, does that mean only those who voted in the 4-3 vote,
223	or does the entire panel minus Councilwoman vote?
224	
225	CITY ATTORNEY JERBIC
226	It is minus the Councilwoman, and it wasn't a 4-3 vote. It was a 4-2 —
227	
228	MAYOR GOODMAN
229	Could you say it again into your mic? Sorry.
230	
231	CITY ATTORNEY JERBIC
232	I'm sorry. It was a 4-2 vote that denied the appeal with the Councilwoman abstaining. The advice
233	I've given, and my recollection is having this conversation with the Councilman as well last week
234	and repeating it again on Monday morning at a 9:30 briefing, but nevertheless, I can respect
235	differences of memory. The fact is I've said from the beginning that it takes two things. It takes a
236	majority vote, and in this case, it takes a two-thirds vote under Nevada law. It turns out it's the
237	same thing in this case, because a 4-2 vote is two-thirds vote. So it takes a two-thirds vote for this
	Page 9 of 19

# **VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75**

238	to pass.
239	
240	MAYOR GOODMAN
241	To rescind.
242	
243	CITY ATTORNEY JERBIC
244	And everybody can vote except the Councilwoman, who abstained on the original vote.
245	
246	MAYOR GOODMAN
247	Okay. That answers the question. So your motion, if you'll make it and we'll see.
248	
249	COUNCILMAN COFFIN
250	Now it needs two-thirds to pass?
251	
252	MAYOR GOODMAN
253	Correct. That's what he has said. It needs two-thirds.
254	
255	COUNCILMAN COFFIN
256	Now that's the first time I heard that, the first time. I still have a good memory despite my
257	advanced age.
258	
259	MAYOR GOODMAN
260	Okay. So you want to make your motion.
261	
262	COUNCILMAN COFFIN
263	I'm going to move to rescind. I'm going to move as a member of the prevailing side to call
264	for the rescission of 72290, which was passed at our last Council meeting.

Page 10 of 19

# VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75

265	MAYOR GOODMAN
266	Okay. There's a Motion to Rescind the prior vote on 74. Please vote and please post. And
267	Councilwoman, I think you, just for her record, a nay. Correct.
268	
269	COUNCILWOMAN TARKANIAN
270	Oh, a nay, or —
271	
272	MAYOR GOODMAN
273	No, you're right. You did the right thing.
274	
275	COUNCILMAN COFFIN
276	Vote yes.
277	
278	MAYOR GOODMAN
279	That's what I do. And please post. (Motion failed with Goodman, Barlow and Fiore voting No
280	and Tarkanian abstaining). Okay. So with that vote, then it is —
281	
282	COUNCILMAN COFFIN
283	So I guess 75 is out of order then, is that correct?
284	
285	CITY ATTORNEY JERBIC
286	We'd ask you to take another vote, because we always like to see if anything passes. So we have
287	a Motion to Rescind. Do we have a Motion to Deny the Rescission?
288	
289	COUNCILWOMAN FIORE
290	Yes, you have a Motion to Deny the Rescind.
291	
292	CITY ATTORNEY JERBIC
293	Okay.
	Page 11 of 19

#### **JANUARY 17, 2018**

#### **VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75**

294	COUNCILMAN COFFIN
295	Let me ask a question. What is the effect of that motion?
296	
297	MAYOR GOODMAN
298	It's the same thing.
299	
300	COUNCILMAN BARLOW
301	What is the effect of that motion?
302	
303	COUNCILMAN COFFIN
304	Yeah. More than one of us want to know.
305	
306	MAYOR GOODMAN
307	I don't know. It's Legal.
308	
309	COUNCILMAN BARLOW
310	- send us back in the other direction.
311	
312	CITY ATTORNEY JERBIC
313	We have, from the beginning of time, required that when a motion doesn't pass, that you take an
314	alternative motion to see if it does pass. That is exactly what happened two weeks ago when
315	there was a tie vote and we asked you to take a motion that was the opposite, and it turned out
316	that motion did pass. So even if this ends up 3-3 again, we have to go through the drill of trying
317	the alternative motion to see if it passes.
318	
319	MAYOR GOODMAN
320	Okay So, at which point Councilwoman Mayor Pro Tem —

323	
324	MAYOR GOODMAN
325	— because it's the same issue, has to continue abstaining.
326	
327	CITY ATTORNEY JERBIC
328	Yes.
329	
330	MAYOR GOODMAN
331	Correct. Okay. You're voting on a motion, please.
332	
333	COUNCILMAN COFFIN
334	I could not hear your colloquy, and I'm sure that Councilwoman wants to make a motion.
335	
336	MAYOR GOODMAN
337	Because it's the same issue, Councilwoman still has to abstain.
338	
339	COUNCILWOMAN FIORE
340	Right. I made a motion to deny.
341	
342	MAYOR GOODMAN
343	So now we're going to have a motion at the request, a motion to deny.
344	
345	COUNCILWOMAN FIORE
346	Right.
347	
348	MAYOR GOODMAN
349	So please vote on the Motion to Deny.

# **VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75**

350	COUNCILMAN COFFIN
351	And the consequence of that vote is?
352	
353	COUNCILMAN BARLOW
354	Still die.
355	
356	MAYOR GOODMAN
357	Now, Councilman Seroka and Councilman Coffin?
358	
359	COUNCILMAN COFFIN
360	What is the consequence? I want legal advice.
361	
362	COUNCILMAN BARLOW
363	It will die.
364	
365	MAYOR GOODMAN
366	It will die. If it's 3-3, it dies.
367	
368	COUNCILMAN COFFIN
369	What dies, the measure or the plan?
370	
371	MAYOR GOODMAN
372	The Motion to Rescind has already, well, we'll let it see where it comes up. Oh.
373	
374	COUNCILMAN COFFIN
375	How did you rule on that?
376	
377	COUNCILWOMAN FIORE
378	He hasn't ruled.
	Page 14 of 19

#### **JANUARY 17, 2018**

# **VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75**

379	MAYOR GOODMAN
380	The reason you have requested that we motion in the affirmative now is because legally —
381	
382	CITY ATTORNEY JERBIC
383	Let me say this. You've had a Motion to Rescind. It did not pass. It was a tie vote. Now we're
384	going to take a motion to not rescind, to deny the Motion to Rescind. If that ends up a tie vote,
385	it's over. There's not an affirmative number of votes to pass it.
386	
387	COUNCILMAN COFFIN
388	So this is a motion to not rescind that I just made?
389	
390	CITY ATTORNEY JERBIC
391	To not rescind. You made a Motion to Rescind. This is a Motion to Not Rescind.
392	
393	COUNCILMAN COFFIN
394	Well, I'm telling you I'm still about in a legal fog here, and I'm not alone on this end of the dais.
395	Why don't you tell us the practical consequences of a yes vote and that of a no vote?
396	
397	CITY ATTORNEY JERBIC
398	We ask always that you take a motion in the alternative to see if it's affirmative. If both votes are
399	tied, then this dies, and you don't get to Item 75. That's the consequence.
400	
401	COUNCILMAN COFFIN
402	So what does a yes vote mean?
403	
404	COUNCILMAN SEROKA
405	He's confused on what he's voting on.

Page 15 of 19

#### CITY COUNCIL MEETING OF

#### **JANUARY 17, 2018**

#### **VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75**

406	COUNCILWOMAN FIORE
407	You agree with me.
408	
409	CITY ATTORNEY JERBIC
410	A yes vote, the Councilwoman has moved to not rescind. A yes vote means you agree to not
411	rescind the vote.
412	
413	COUNCILMAN COFFIN
414	What does it mean though in terms of its effect? You keep repeating the parliamentary results.
415	
416	CITY ATTORNEY JERBIC
417	Right.
418	
419	COUNCILMAN COFFIN
420	But in essence, I know that my colleague on the left is getting impatient, but I'm asking legal
421	counsel for rulings here, and in plain language —
422	
423	CITY ATTORNEY JERBIC
424	If it's a tie vote or an affirmative vote, there is no major modification and no general plan
425	amendment required from the Planning Department.
426	
427	COUNCILMAN COFFIN
428	Thank you. I'm voting no then.
429	
430	MAYOR GOODMAN
431	Okay. If you would vote and then please post. (Motion failed with Coffin, Anthony and
432	Seroka voting No and Tarkanian abstaining.) And that ends in the same tie, so 74 has failed
433	and been in the affirmative. And so, at this point, could you make the proper statement about 75?
434	Who's to strike?
	Page 16 of 19

## **VERBATIM TRANSCRIPT – AGENDA ITEMS 74-75**

435	CITY ATTORNEY JERBIC
436	Having made the record I made before, we are at the point where the motion rescinded, not
437	passed, and, therefore, the Council is unable to hear number 75. I would like the Clerk to show
438	the record reflecting that and move on to the next business.
439	
440	MAYOR GOODMAN
441	Okay. Do we vote to strike number 75, Counsel?
442	
443	COUNCILMAN COFFIN
444	I move to strike 75.
445	
446	MAYOR GOODMAN
447	Okay. So now we need a Motion to Strike. Councilman Barlow? Oh, Councilman Coffin made
448	the motion.
449	
450	COUNCILWOMAN TARKANIAN
451	And now I vote.
452	
453	MAYOR GOODMAN
454	Yes.
455	
456	COUNCILMAN COFFIN
457	I mean, what good is it if — look, all right, I withdraw my motion. I withdraw my motion.
458	
459	COUNCILWOMAN FIORE
460	Can I motion to strike since he withdrew? I motion to strike.
461	
462	MAYOR GOODMAN
463	Okay.

464	COUNCILMAN COFFIN
465	Okay. She has a motion on the floor.
466	
467	MAYOR GOODMAN
468	There's a Motion to Strike made by Councilwoman Fiore on number 75. Please vote.
469	
470	COUNCILMAN COFFIN
471	Now on the motion, may I ask a question of legal counsel? What is the effect of a yes or no vote?
472	And now Councilwoman Tarkanian can vote.
473	
474	MAYOR GOODMAN
475	Okay. No, excuse me one second, because I have not read number 75. Let me read it, because I
476	want to make sure we're doing everything the right procedural way. Agenda Item 75, 74 we voted
477	on and failed, this is, and then a new motion, which was sustained in the positive.
478	This is reconsider DIR-72290, a public hearing, possible action on an Appeal of Director's
479	decision to not require applications for general plan amendment and major modification in
480	conjunction with applications related to three planning projects (PRJ-71990, PRJ-71991, PRJ-
481	71992) generally located on 282.08 acres, southwest corner of Alta and Rampart Boulevard, R-
482	PD7 (Residential Planned Development - 7 Units per Acre) and PD (Planned Development)
483	Zones, Ward 2, Councilman Seroka. Staff recommends denial.
484	And Mr. Jerbic, then we make a motion to strike?
485	
486	CITY ATTORNEY JERBIC
487	No, you do not. Let me repeat. As a matter of law, this is one of those rare issues that you don't
488	even get to consider it in any form unless the Motion to Rescind passes. The Motion to Rescind
180	did not pass. As a matter of law, you cannot take action on 75. No motion to strike is necessary

1	LAS VEGAS, NEVADA; THURSDAY, MAY 13, 2021
2	9:51 A.M.
3	PROCEEDINGS
4	* * * * *
5	
6	THE COURT: Okay. Next up, page 12 of the
7	calendar, contested calendar, is 180 Land Company LLC
8	versus the City of Las Vegas.
9	Let's go ahead and set forth our appearances
09:51:26 <b>10</b>	on the record.
11	I assume we want to have this matter reported;
12	is that correct?
13	MR. LEAVITT: Yes, your Honor.
14	MR. OGILVIE: Yes, your Honor.
09:51:34 <b>15</b>	THE COURT: And who said yes? I know
16	everybody probably does, but go ahead. We just want to
17	make sure
18	MR. SCHWARTZ: This is Andrew Schwartz
19	representing
09:51:42 <b>20</b>	THE COURT: Go ahead, sir.
21	MR. SCHWARTZ: Andrew Schwartz representing
22	the City. We would like the matter to be reported,
23	please, your Honor.
24	THE COURT: It shall be reported, sir.
09:51:52 <b>25</b>	Okay. Let's go ahead and set our appearances

09:51:52 <b>1</b>	on the record. We'll start first with the plaintiff.
2	MR. LEAVITT: Good morning, your Honor. James
3	J. Leavitt on behalf of the plaintiff landowner, 180
4	Land.
09:52:04 <b>5</b>	MS. HAM: Good morning, your Honor. Elizabeth
6	Ghanem Ham also on behalf of the plaintiffs.
7	MR. OGILVIE: Good morning, your Honor.
8	George Ogilvie on behalf of the City.
9	MR. SCHWARTZ: Andrew Schwartz, good morning,
09:52:20 <b>10</b>	your Honor, on behalf of the City.
11	MR. BYRNES: Good morning, your Honor. Phil
12	Byrnes on behalf of the City.
13	THE COURT: All right. Does that cover all
14	appearances? Okay.
09:52:37 <b>15</b>	MR. LEAVITT: Yes, your Honor, on behalf of
16	the plaintiff.
17	THE COURT: All right.
18	And it's my recollection we have the City's
19	motion for rehearing and reconsideration of the Court's
09:52:46 <b>20</b>	order granting plaintiff's motion to compel responses
21	to interrogatories.
22	We'll hear from the City.
23	MR. SCHWARTZ: Thank you, your Honor.
24	So the Court granted the motion to compel the
09:53:01 <b>25</b>	City to respond to three interrogatories that are

```
09:53:04
         1
           asking for the state of mind or the mental processes or
            the reasons that a legislator, an elected
         2
            representative of the -- to the city council made the
         3
            decision or the reasons for his opinions on certain
09:53:23
            matters.
         5
                     He's a form -- this is Council Member Seroka,
         6
         7
            former member of the city council.
                     So the motion -- the motion first is proper
         8
            because it's the -- the Court's decision must be based
         9
            on sufficient cause.
09:53:43 10
                     And if -- we contend that the decision was
        11
            clearly erroneous under the law, and we don't need new
        12
            facts or law to make that argument.
        13
        14
                     So the motion is procedurally proper, your
09:54:00 15
           Honor.
        16
                     The evidence that -- that the developer seeks
            here is a state -- the -- the basis for a statement
        17
        18
            that former Council Member Seroka made on June 21st,
            2018, at a neighborhood meeting. This was not during a
09:54:21 20
            city council hearing or in any official proceeding. It
            was a meeting with a group outside the City.
        21
        22
                     And the statement that Council Member Seroka
            purportedly makes, "So I went to school, and I studied
        23
        24
            and studied the rules, and I learned as much as I could
09:54:41 25
           from the experts, and I did study, and I learned a
```

```
09:54:45 1
            lot."
                     The interrogatory asks the City to state the
         2
            name, address, and phone number, and a summary of what
         3
            Council Member Seroka learned from these experts.
09:55:02
                     Second interrogatory, same meeting, Council
         5
            Member Seroka said, "At the time it was generally
         6
            accepted accounting principles and generally accepted
         7
            percentage of acreage that is open space/recreational.
         8
            It is 20 percent. What we have up here is the
         9
            agreed-upon roughly 20 percent. It's in the ballpark."
09:55:23 10
                     And the interrogatory says, "State what city
        11
            code, ordinance, or regulation, and/or Nevada statute
        12
            required a 20 percent open space dedication between
        13
            1985 and 2005 as referenced by Councilman Seroka.
09:55:48 15
                     The third interrogatory is to provide the
        16
            location of every development in the City of Las Vegas
            that had an approximately 20 percent open space
        17
        18
            dedication requirement imposed on it by the City of
            Las Vegas between 1985 and 2005 as referenced by
        19
09:56:05 20
            Councilman Seroka in this statement.
                     Now, let me make one thing clear, your Honor.
        21
        22
            The City is not concerned about this -- answers to
            these interrogatories. The substantive answers to the
        23
        2.4
            interrogatories make absolutely no difference in this
09:56:25 25
            case.
                   The evidence would be totally irrelevant.
```

```
09:56:31
         1
                     But there is a significant principle at stake
            here, and that's why we picked the extraordinary action
         2
            of bringing this motion for reconsideration.
         3
                     THE COURT: And for the record --
         4
09:56:45
                     MR. SCHWARTZ: Because --
         5
                     THE COURT: Wait. Wait. For the
         6
         7
            record, what are those principles?
                     MR. SCHWARTZ:
                                   I'm just --
         8
                     THE COURT: Because at the end of the day --
         9
                     MR. SCHWARTZ: I'm just about to tell you.
09:56:50 10
                     THE COURT: Wait. Wait. Because at the end
        11
            of the day, we talk about mental impressions.
            appears to me they're seeking to obtain facts. What
        13
            did he know; right? Who did he talk to?
09:57:01 15
                     MR. SCHWARTZ: That's my point, your Honor.
        16
                     THE COURT: Who did he talk to? What did he
            know?
        17
        18
                     MR. SCHWARTZ:
                                    This is --
                     THE COURT: And here's my point.
        19
            potentially, yes. And I'm not making that decision
09:57:08 20
            now. But, remember, for the purposes of discovery,
        21
        22
            it's broader than relevancy as it pertains to the
            admissibility at the time of trial; right?
        23
        24
                     And we can all agree.
09:57:22 25
                     MR. SCHWARTZ: Your Honor --
```

09:57:23	1	THE COURT: That's a legal maxim. I mean,
	2	discovery is broad. Just because you conduct discovery
	3	doesn't mean it's going to be admissible. But just
	4	because it's not admissible doesn't mean you can't
09:57:31	5	conduct discovery. They're different standards.
	6	MR. SCHWARTZ: I agree with that.
	7	THE COURT: Yeah.
	8	MR. SCHWARTZ: I agree with that, your Honor.
	9	What's at stake here is extremely important.
09:57:40	10	These are not facts. This is not percipient witness
	11	testimony. These are the mental impressions, the
	12	opinions of a legislator.
	13	And the whether the courts can make this
	14	inquiry at all goes right to the heart of our
09:57:57	15	democratic system of government. This is not
	16	hyperbole. This inquiry undermines the separation of
	17	powers between the courts on the one hand and the
	18	legislative and administrative executive branches of
	19	government on the other.
09:58:16	20	It's that important. And that's why we're
	21	bringing this motion, your Honor.
	22	THE COURT: Well, explain to me how it's that
	23	important. Because at the end of the day, if a public
	24	official makes makes potential public statements
09:58:28	25	that, ultimately, become potentially part of

```
09:58:32 1
           litigation, maybe the adverse party has a right to
            depose them if it's relevant for the purposes of
         2
            discovery, if it can lead to other admissible evidence.
         3
                     Maybe it doesn't get -- get admitted at trial.
09:58:47
           That's a totally different issue. But one, we're
        5
            not -- we're not -- this isn't a scenario where all of
         6
            a sudden 180 Land wants to go ahead and take the
         7
            depositions of the independent -- I'm sorry -- of each
         8
            individual member of the city council; right?
                     This is just focusing on public statements he
09:59:03 10
           made. And it seems to me if a city councilman is
        11
            making public statements like that, maybe he's opened
        12
            up the door to some sort of inquiry.
        13
        14
                     But go ahead. I just want -- the reason why
09:59:15 15
           I'm saying that is this: It's important for me, too,
        16
            as a trial judge, like in all the prior cases, to kind
            of give me an indication at least as to what I'm
        17
        18
            thinking about. And just as important too, if you
            disagree, that's okay. You can just tell me why, and I
09:59:29 20
            can consider that also. That's all part of, I guess,
            what we do.
        21
        22
                     MR. SCHWARTZ: Well, your Honor, the -- this
            type of discovery of the mental processes of a
        23
        24
            legislator is, number one, completely irrelevant to the
09:59:46 25
           issues in this case. And I will explain.
```

```
09:59:49
         1
                     THE COURT: Okay. I'm listening for that.
                                                                 Go
            ahead.
         2
                     MR. SCHWARTZ: But it is also -- it is also
         3
            absolutely privileged, absolutely privileged. There's
            an unqualified privilege that the Courts do not,
09:59:56
         5
            cannot -- they have no authority to probe the mental
         6
            processes of legislators.
         7
                     THE COURT: And remember this.
         8
                     MR. SCHWARTZ: That is an absolutely --
         9
                     THE COURT: Wait. Wait. I'm not probing
10:00:09 10
            anything. This is -- what's going on here is a party
        11
            to an inverse condemnation lawsuit is conducting the
        12
            probing. I'm not probing anything. They're trying to
        13
        14
            conduct discovery.
10:00:22 15
                     And so as a trial judge and a gatekeeper, all
        16
            I'm saying is whether it's appropriate or not for 180
            Land Company to conduct discovery. I'm not probing
        17
        18
            anybody because I'm not an advocate to this case.
                     MR. SCHWARTZ: Well, your Honor, when I say
        19
10:00:34 20
            the Court, I mean, in a judicial proceeding.
            the --
        21
        22
                     THE COURT: It's not the Court. It's the
            party to the litigation. If that's the case, in every
        23
        24
            lawsuit where a defendant conducts discovery or the
10:00:47 25
           plaintiff conducts discovery, the argument could be
```

```
10:00:50 1
           made that the Court is doing this. I'm not doing this.
            All I'm doing is ruling whether it's appropriate or
         2
            not.
                  That's all.
         3
                     MR. SCHWARTZ: The privilege extends to any
           kind of probe that is authorized by the Courts.
10:01:01
        5
            under the Rules of Civil Procedure, a party, yes, can
         6
            take depositions and ask interrogatories.
         7
                     The point is that the mental processes of a
         8
            legislator are absolutely privileged. That's the
         9
           point, that the party can't do it because it's
10:01:18 10
            privileged.
        11
                     And I will get to that, your Honor. But I
        12
            first think I need to explain why this testimony is not
        13
            relevant in this proceeding.
10:01:30 15
                     This is a takings case. The developer here
        16
           brings five takings claims. A categorical taking,
            which is --
        17
        18
                     THE COURT: No.
                                      I got -- I understand.
            understand the Penn Central. I get it. But go ahead.
        19
10:01:57 20
                     MR. SCHWARTZ: Categorical. Penn Central, a
            physical takings claim that they call a regulatory per
        21
            se takings claim and a nonregulatory takings claim and
        22
            a temporary takings claim.
        23
        24
                     This evidence is not permitted to be
10:02:16 25
           considered in any of these claims. And I need to
```

```
10:02:19 1
            explain why, your Honor.
                     THE COURT: I'm listening for the floor.
         2
                                                                Ι'm
         3
            listening.
                     MR. SCHWARTZ: The -- the takings clause, the
         4
10:02:29
            Fifth Amendment of the Constitution and the Nevada
         5
            constitution, was originally intended to apply only to
         6
            eminent domain.
         7
                     In 1922, in Pennsylvania Coal vs. Mahon, the
         8
            United States Supreme Court said: Where a regulation
         9
           prevents this coal company from using any of its coal,
10:02:46 10
            it could be the functional equivalent of a direct
        11
            condemnation, of an eminent domain. There it's
        12
            deprived of the property of any economic use.
        13
                     And the Court said, yes, we recognize the
        14
10:03:08 15
            authority of the state to regulate the use of that coal
        16
            so that if you mine the coal, it's not going to allow
            the surface of the property to cave in.
        17
        18
            police powers of the state.
                     And the Court said, We're mindful of that.
        19
10:03:23 20
            And we show great deference to the police power of the
            state to regulate the use of property for the community
        21
        22
            good.
                     But in a case where the regulation goes so far
        23
        24
            as to wipe out the value, the economic use of the
10:03:39 25
           property, it can be the same as an eminent domain
```

10:03:43 **1** taking, the functional equivalent. Now, that was 1922, first regulatory takings 2 3 case. In the meantime, between that -- that date and 4 1978 in Penn Central, the Court was preoccupied with 10:03:55 5 the New Deal legislation. And the Court -- and in the 6 7 end, the Court developed tests that were highly deferential to government regulation of land use and 8 other social and economic activity. 9 In fact, that's when the Court developed the 10:04:15 **10** rational basis test. Under the separation of powers, 11 the Courts don't make policy. They don't tell 12 legislatures what policies to make. They defer to 13 14 them. 10:04:28 15 In 1978, in the Penn Central case, Courts --16 the Court found that the historic preservation regulation that prevented the development of a 50-story 17 18 office building over Grand Central terminal was not a taking. It didn't wipe out the value of the property. 10:04:49 20 It wasn't equivalent to an eminent domain taking because the Penn Central still had the terminal, and 21 22 they could operate the terminal for its historic use. But there the Court adopted a three-factor 23 2.4 test. The economic impact of the regulation on the 10:05:08 **25** property, whether the regulation interfered with

```
10:05:13 1
           investment-backed expectations, and the character of
            the regulation.
         2
                     THE COURT: And, sir, I understand that.
         3
                                    Today the same --
         4
                     MR. SCHWARTZ:
10:05:18
                     THE COURT: Wait. Wait.
         5
                     I understand that. That's why I granted
         6
         7
            Mr. Ogilvie's motion as it related to the relief to
            conduct discovery. Right? I mean, I get that.
         8
                     MR. SCHWARTZ: Yes.
         9
10:05:29 10
                     THE COURT: So ...
                     MR. SCHWARTZ: Yes. Yes, your Honor.
        11
                                                             \mathtt{And}
            that -- the evidence that Mr. Ogilvie sought in that
        12
            motion is relevant to a taking, and I'm trying to
        13
            explain why, and why the evidence sought here is
10:05:39 15
            completely irrelevant.
        16
                     THE COURT: Okay. Well, you don't have to
            worry about the relevancy, because I wouldn't have
        17
        18
            granted his 56(d) relief unless I thought it was
            relevant; right? I did that.
        19
10:05:51 20
                     I got it.
                     MR. SCHWARTZ: Yes.
        21
        22
                     THE COURT: I understood that.
                     And I think it's just as important for
        23
        24
            everyone to understand, as a trial judge, I believe --
10:06:00 25
           I understand the limitations on discovery. I get it.
```

```
10:06:03 1
           But just as important too, I don't want to put
            impediments in any party's obligation to develop their
         2
            theories of liability and/or defenses in a case.
         3
                     And then I'll hear the dispositive motions.
10:06:18
           But I'm going to give everyone a chance to do what they
         5
           have to do, assuming they're diligent and not dilatory.
         6
            And I can't say anyone is dilatory in this case,
         7
            because everyone appears to be -- there appears to be a
         8
            heightened level of diligence for both parties.
10:06:32 10
                     So I get that. Just tell me why this isn't
            relevant. I understand that.
        11
                     MR. SCHWARTZ: Okay. I'm -- I'm --
        12
            unfortunately, the -- the journey that the US Supreme
        13
        14
            Court went through to get to where we are today and on
10:06:48 15
           which the Nevada Supreme Court has based its taking
        16
            jurisprudence requires just a little bit more history,
            if I could, your Honor.
        17
        18
                     THE COURT: And you have the floor, sir.
                                                                Ι'm
            listening.
        19
10:06:58 20
                     MR. SCHWARTZ: So Penn Central -- something --
            a taking could be something less than a total wipeout
        21
        22
            under the three factors.
                     Then in 1980 -- and this is significant.
        23
        2.4
            1980, the United States Supreme Court decided Agins vs.
10:07:14 25
           Tiburon. And in that case, the Court said that
```

```
10:07:20 1
           restriction on development of five acres in Tiburon was
           not a taking, and it adopted a two-factor test for a
         2
         3
            taking.
                     Didn't -- it didn't adopt the Penn Central
         4
10:07:32
            test. It said taking is something -- a regulation
         5
            that -- that is a wipeout that denies all economically
         6
            viable use or does not substantially advance a
         7
            legitimate government objective.
         8
                     And this is very important, your Honor,
         9
           because that test, the substantially advance test, goes
10:07:49 10
            directly to the issue in this motion.
        11
                     The substantially advance test, that's like a
        12
           means/ends test. That's a test, well, is the law a
        13
        14
            good law or a bad law? Did it have good reasons to
10:08:07 15
           support it or not?
        16
                     Then the Court decided -- in 1982, it decided
            Loretto where the New York -- City of New York required
        17
        18
            owners of apartment buildings to allow cable TV
            facilities on their property.
        19
10:08:22 20
                     The Court said that's a physical taking.
            Strict liability. If you allow -- if the regulation
        21
            allows the government or the public to physically
        22
            occupy property, it's -- it's a taking, automatic.
        23
                     Then in 1992 in the Lucas case, the Supreme
        24
10:08:45 25
           Court said, okay, we've got two basic types of takings:
```

```
10:08:56 1
            Categorical or per se takings, same thing.
            Categorical, per se, same thing.
         2
                     A categorical or per se taking is a wipeout,
         3
            like in Pennsylvania Coal, wipes out the value, or a
           physical taking. And in those cases, you don't need to
10:09:12
         5
            show anything else. If you've shown a wipeout or
         6
         7
            you've shown a physical invasion, then compensation is
         8
            due.
                     In the case of the regulatory wipeout where a
         9
           regulation of use of property prevents all economic use
10:09:28 10
        11
            of the property, that's a categorical taking.
                                                            The
            Court said if you don't have a wipeout, the regulation
        12
            severely restricts use, you might have something less;
        13
            you might have a Penn Central takings claim.
10:09:48 15
                     So we've got the categorical regulation of
        16
            use; wipeout is a taking.
                     Something less, Penn Central.
        17
        18
                     Then --
                     THE COURT: I think --
        19
10:10:05 20
                     MR. SCHWARTZ: I'm going to go all the way to
            2005, your Honor, to the Lingle case, Lingle vs.
        21
        22
            Chevron USA.
                     Now, in that case, the State of Hawaii adopted
        23
        2.4
            a law that restricted oil companies that owned the real
10:10:21 25
            estate for service stations in Hawaii, restricted their
```

10:10:25 **1** right to increase rents in order to protect consumers who the -- the object there was to prevent consumers 2 from paying inordinately high prices for retail 3 gasoline. So they restricted the rent that the -- that 10:10:44 the independent dealers could charge when they rent a 5 gas station from an oil company so that the independent 6 dealers could sell gas for less. That would benefit 7 consumers. 8 And the oil company claimed under the Agins 9 substantially advance test that that law didn't make 10:11:03 **10** any sense. It didn't have good reasons for it. 11 it wasn't going to work. That it was a bad law. 12 Ιt was a stupid law. It was an unwise law. 13 14 And the Court held a trial with dueling 10:11:19 **15** economists as to whether it was a good law or a bad 16 law, whether there were good reasons to support it or not so good reasons, and found that the law was not 17 18 going to work and wasn't going to control prices and, therefore, found it was a taking. 10:11:33 20 And there had been a lot of litigation up to Lingle where litigants argued that legislation or that 21 22 a decision of disapproving a permit to use land was a taking because it did not substantially advance 23 24 government interests, legitimate government interests; 10:11:54 **25** that it was a bad law, bad reasons. The reasons for it

```
10:11:57 1
            were either false or in bad faith or just not strong.
                     So this -- this case went up to the United
         2
            States Supreme Court. And the Court, in a unanimous
         3
            decision with no footnotes it read like a manifesto --
            said: Wait a minute. We made a big mistake in Agins
10:12:17
         5
            in saying that a taking could be a regulation that does
         6
            not substantially advance legitimate state interests.
         7
            That's a means/ends test. That has nothing to do with
         8
            takings.
         9
                     Now, your Honor, that's exactly what the --
10:12:34 10
            this -- these interrogatories are going to. This --
        11
            it's really a substantially advance test that the Court
        12
            said has no place in takings.
        13
        14
                     So here's what the Court said:
10:12:53 15
                     First, it said -- and -- and we're now in
        16
            2005.
                   The Court has come full circle from Pennsylvania
            Coal in 1922. So it was 83 years later after a lot of
        17
        18
            litigation in the Supreme Court and the lower courts,
            the Court came full circle and simplified and narrowed
10:13:19 20
            the test for a taking and clarified that it has only to
            do with economic impact and nothing to do with whether
        21
        22
            the decision is a good or a bad decision.
                     So the Court said in Lingle:
        23
        24
                     "Although our regulatory takings jurisprudence
10:13:37 25
           cannot be characterized as unified, these three
```

```
10:13:40 1
           inquiries (Loretto, Lucas, and Penn Central) -- so
            it's saying that Loretto, the physical taking; Lucas,
         2
            an excessive regulation of use that wipes out the
         3
            property, or Penn Central, the economic impact
            regulation of use doesn't have to be a wipeout.
10:13:57
         5
                     It says:
         6
         7
                     "These three inquiries share a common
            touchstone. Each claims to identify" -- "each aims to
         8
            identify regulatory actions that are functionally
         9
            equivalent to the classic taking in which government
10:14:11 10
            directly appropriates private property or ousts the
        11
            owner from his domain. Accordingly, each of these
        12
            tests focuses directly upon the severity of the burden
        13
            that government imposed upon private rights" -- "upon
10:14:27 15
           private property rights.
        16
                     So what it's saying is whether you've got a
            categorical claim, a wipeout, or a Penn Central which
        17
        18
            is something less, that it's got to be close to a
            wipeout; otherwise, it's not the equivalent of eminent
10:14:43 20
            domain.
                     And the Court is saying otherwise it loses
        21
        22
            contact with the Constitution, which, remember, the
            takings clause was supposed to be for direct
        23
        24
            condemnation, for eminent domain. Well, it can be due
10:14:56 25
            to regulation if it's the same function equivalent.
```

```
10:15:01 1
           It's the same. That means that the economic impact has
            to be so severe that it's the same as an eminent
         2
            domain.
         3
                     So that means under any formulation of the
10:15:10
            test, the economic burden of the regulation has to be
         5
            equivalent to eminent domain to wipe out or close to a
         6
         7
            wipeout.
                     So what's the Court doing here? It's
         8
           balancing the -- the right of property owners to be
         9
           free from excessive government regulation, but it also
10:15:25 10
            has to be highly deferential to the police power to
        11
            regulate land use of the public good.
        12
                     And so in Lingle, the Court came out on giving
        13
            great deference to the police power and narrowing
10:15:46 15
            takings to the extreme case where there is a wipeout or
        16
            a near wipeout of economic value.
        17
                     And then the Nevada Supreme Court follows
        18
            Lingle in the Kelly case. The Court said that
            regulation is a taking if it denies all economically
10:16:02 20
            beneficial or productive use of land.
                     In the Boulder case, a taking -- it's -- it
        21
        22
            was not a taking in that case because it -- the
            regulation did not destroy all viable economic value of
        23
        2.4
            the property.
10:16:18 25
                     And in State, in 2015, the Nevada Supreme
```

Court said that a regulation to be a taking must
10:16:21 1
            completely deprive an owner of all economically
         2
            beneficial use of the property, quoting Lingle.
         3
                     So what's the Court saying here? If you
10:16:35
            don't -- don't -- you can't allege a taking unless you
        5
            can show that the regulation has wiped out the economic
         6
            value of the property or very close to it, period.
         7
                     That's the test for a taking in the federal
         8
            courts, US Supreme Court, and in Nevada.
         9
                     And the reasons for the regulation don't make
10:16:55 10
            any difference.
        11
                     Now, here's -- here's what the Court did on
        12
            the substantially advance test. Justice Scalia in the
        13
            oral argument said, you know, we're going to have to
10:17:07 15
            eat humble pie on this one. The substantially advance
        16
            test was a big mistake.
                     The Court held that where the action was
        17
        18
            arbitrary, irrational, or made in good faith has no
            proper place in our takings jurisprudence. Why?
10:17:20 20
            Because it doesn't help identify those regulations
            whose effects are functionally comparable to government
        21
        22
            appropriation or invasion of private property.
                     Indeed, such an -- so they're saying that this
        23
            inquiry is tethered neither to the next -- to the text
        24
10:17:37 25
           in the takings clause nor to the basic justification
```

10:17:40 1 for allowing regulatory actions to be challenged under the clause. 2 The Court said that the notion that a 3 regulation nevertheless takes property for public use merely by virtue of its ineffectiveness or a 10:17:54 5 foolishness is untenable. Instead of addressing a 6 challenge regulation's effect on private property, the 7 substantially advances inquiry probes the regulation's 8 underlying validity. 9 Again, your Honor, this is directly relevant 10:18:10 10 to these interrogatories, because that's what they're 11 doing. Such inquiry is logically prior to and distinct 12 from the question whether a regulation effects a 13 taking, for the takings clause presupposes that the 10:18:25 **15** government has acted pursuant to a valid public 16 purpose. The clause expressly requires compensation 17 18 where government takes property for public use. does not bar government from interfering with property 10:18:38 20 rights but rather requires compensation in the event of otherwise proper interference amounting to a taking. 21 22 Conversely, if a government action is found to be impermissible, for instance, because it violates due 23 24 process, that's the end of the inquiry. No amount of 10:18:54 **25** compensation can authorize such an action.

10:18:58 <b>1</b>	Finally, the substantially advances formula is
2	not only doctrinally untenable as a takings test; its
3	application as such would also present serious
4	practical difficulties.
10:19:11 <b>5</b>	This is, again, directly relevant to these
6	interrogatories, your Honor.
7	The Court went on to say the Agins formula
8	that is the substantially advance test can be read
9	to demand heightened intense review of virtually any
10:19:23 <b>10</b>	regulation of private property. If so interpreted, it
11	would require courts to scrutinize the efficacy of a
12	vast array of state and federal regulations, a task for
13	which courts are not well-suited.
14	Moreover, it would empower and might often
10:19:39 <b>15</b>	require courts to substitute their predicted judgments
16	for those of elected legislators and expert agencies.
17	So, in sum, the reasons for the government
18	action have nothing to do with takings. Takings is
19	only concerned with the economic impact.
10:19:54 <b>20</b>	Whether a regulation is fair, whether it's
21	wise, completely irrelevant. If it's unfair or if the
22	claim is it's unfair or arbitrary and capricious or it
23	doesn't have good reasons, that's a due process claim,
24	not a takings claim.
10:20:14 25	So let's look at the the developer's claims

10:20:19 <b>1</b>	here. They have a categorical in Penn Central. They
2	
3	develop the 35-acre property, which was done by a
4	
10:20:31 <b>5</b>	
6	categorical taking, or a Penn Central claim, which has
7	got to be close to a wipeout.
8	So you look at the economic impact of that
9	decision. What bearing could former council members'
10:20:49 <b>10</b>	statements a year after that decision was made on the
11	35 acre applications, what power what opinions of
12	Council Member Seroka, what mental impressions, who he
13	relied on for an opinion and why, his reasons for an
14	opinion, what possible relevance would that have to the
10:21:11 <b>15</b>	inquiry before this Court, which is what is the
16	economic impact of a decision of the city council made
17	a year in June 2017 a year before Council Member
18	Seroka made those statements?
19	Not only that, Council Member Seroka was not
10:21:30 20	even on the city council when the city council
21	disapproved the 35-acre applications.
22	Again, what relevance could his state of mind
23	or his mental impressions or his reasons for holding an
24	opinion have what bearing could it have on that?
10:21:50 <b>25</b>	Now, yes, Council Member Seroka was on the

```
10:21:52 1
           council when the council voted to deny a master
            development agreement that the developer presented.
         2
         3
            But this Court has said itself statements of individual
            council members are not relevant, and this wasn't even
10:22:07
            a statement at the hearing on the master development
        5
            agreement.
         6
         7
                     Council Member Seroka's statements, his
            opinions are not the law. They -- his opinions alone
         8
           have no economic impact on this decision.
                     The decision is a matter of public record.
10:22:25 10
           The only thing the Court looks at in this case is that
        11
            decision of the city council on the 35 acre
        12
            applications and the master development agreement and
        13
           what the economic impact was on the property.
                                                            That's
10:22:43 15
            why the Court properly granted the City's motion to
        16
            compel information about the economic impact of that
            regulation on the property.
        17
        18
                     Council Member Seroka's opinions are
            completely irrelevant.
        19
10:22:57 20
                     In denying the potential for judicial review
            in this case, this Court said, and I'm starting in
        21
        22
            paragraph 33 of its --
        23
                     THE COURT: You understand that's a different
        24
            standard; right?
03:07:54 25
                          (Multiple speaker cross-talk)
```

10:23:08
         1
                     MR. SCHWARTZ: -- provisions of law --
                     THE COURT: That's a different standard.
         2
            mean, that's a --
         3
                     MR. SCHWARTZ: -- from November 26.
         4
10:23:13
                     THE COURT: I don't want to go down that. I
         5
            don't want to open that up.
         6
         7
                     But go ahead, sir.
                     MR. SCHWARTZ: Well, you said in that
         8
            decision, your Honor, that the action this Court's
         9
            tasked to review is the decision of the governing body,
10:23:22 10
           not statements made by individual city council members
        11
            leading up to that decision. The statements of
        12
            individual council members are not indicative of any
        13
            arbitrary or capricious decision making.
10:23:37 15
                     The action that the Court is tasked with
        16
            reviewing is the decision of the governing body, not
            statements made by individual council members leading
        17
        18
            up to the decision.
                     The council -- the council's action occurred
        19
10:23:49 20
            with a vote, not the prior statements made by
            individual city council members.
        21
        22
                     The Court finds -- the Court -- and I'm
            paraphrasing -- rejects the developer's contention that
        23
        24
            the statements of individual council members require
10:24:02 25
           the Court to overturn the council's decision.
```

10:24:04 <b>1</b>	And, yes, this was a petition for judicial
2	review. But the principle is the same. If if
3	the the only action of the City that's relevant here
4	is an action of the city council as a whole.
10:24:23 <b>5</b>	That principle applies whether it is the
6	challenge is to a petition for judicial review or in
7	takings, because what the Court focuses on is what is
8	the economic impact of a law, a regulation.
9	An individual council member's statements,
10:24:38 <b>10</b>	opinions, actions has nothing to do with the Court's
11	inquiry.
12	Now, the developer says, Well, we need to know
13	whether Council Member Seroka was telling the truth
14	when he made a statement at some meeting.
10:24:54 <b>15</b>	No, we don't.
16	What is what is what on earth does
17	whether his statement, well, I think this I think
18	that the law should be this or I think this happened,
19	what possible relevance could Judge Council Member
10:25:11 <b>20</b>	Seroka's, the truth or falsity of the reasons for his
21	opinion have to do with this case?
22	Now, nor are the statements that that
23	developer seeks to probe and the mental impressions
24	relevant at all to the physical takings claim. The
10:25:33 25	only thing relevant there is did the City pass a law

```
10:25:37 1
            that required the developer to submit to the occupation
            of the property by the public. Did it? Did the law
         2
            say that or not?
         3
                     The developer relies on this bill, 2018-24,
           passed in November of 2018. They claim that it -- that
10:25:51
        5
            the -- that the law required the developer to allow the
         6
         7
            public on its property.
                     Well, that's a decision for the Court as to
         8
            what that law means. And just -- and Council Member
         9
           Seroka's statements either in the city council
10:26:10 10
            proceeding on that law or outside have no bearing on
        11
            what that law means and what its application is.
        12
            That's a decision of the Court.
        13
        14
                     For the nonregulatory taking, same thing.
10:26:31 15
                     Justice -- Council Member Seroka's statements
        16
            about his opinions about things have nothing to do
            whether the City's actions -- actions of the City, the
        17
        18
            City, effected a nonregulatory taking.
                     The developer has never said what exactly the
        19
10:26:48 20
            City did to commit a nonregulatory taking.
                     But I can't see how it could possibly be
        21
        22
            relevant. A nonregulatory taking is either a physical
            taking. It's kind of duplicative of the Loretto
        23
        2.4
            physical taking claim. Or there has to be some
10:27:02 25
           precondemnation conduct that renders the property
```

10:27:07 <b>1</b>	useless or valueless.
2	Nothing that Council Member Seroka could say
3	or do as an individual could render the 35-acre
4	property useless or valueless. It's got to be a law,
10:27:22 <b>5</b>	something with the force of law. And that has to be
6	the city council voting as a group. And the Court
7	found that to be the case in denying the petition for
8	judicial review, and it applies here.
9	Now, here's what here's what the
10:27:34 <b>10</b>	developer's counsel stated at the hearing on the motion
11	to in opposition to the motion to compel.
12	I'm quoting here:
13	"If indeed there were no facts to support the
14	basis of Seroka's statement, then that would create a
10:27:51 <b>15</b>	problem for the City."
16	So counsel is saying if Seroka didn't have
17	good reasons for making that statement, that would be a
18	problem for the City, I guess, in its takings claims.
19	Another quote:
10:28:04 20	"So if there was no basis for Council
21	Member Seroka's statements, that causes a great
22	concern for the developer. If there was no
23	basis for Seroka's statements, it would be more
24	evidence to show that the City engaged in a
10:28:16 <b>25</b>	conduct to deny the developer all use of their

10:28:19 <b>1</b>	property."
2	So, your Honor, that's the basis of our
3	request for these interrogatories.
4	So according to the developer's theory here,
10:28:31 <b>5</b>	if Council Member Seroka's statements are without basis
6	and if he didn't have good reason for making a
7	statement at any then the city council's decision,
8	the decision of the entire city council itself was
9	irrational and arbitrary and invalid.
10:28:46 <b>10</b>	Now, the Court already found that that
11	decision was not arbitrary or irrational and invalid.
12	But that's exactly what the developer is
13	trying to do here, your Honor. It's trying to retry
14	the petition for judicial review.
10:29:03 <b>15</b>	This is the takings claim. It has nothing to
16	do with whether there is substantial evidence to
17	support the decision of the city council. I mean,
18	getting beyond the fact that one individual member's
19	statements have nothing to do with the action of the
10:29:17 <b>20</b>	city council, which is at issue here, but whether the
21	city council's decision was a good or bad decision has
22	already been decided in the petition for judicial
23	review in paragraphs 4 and 10, 11, 19, 22.
24	The Court went on at great length about why
10:29:39 <b>25</b>	the the Court doesn't step into the shoes of the

10:29:47 **1** decision-maker and dictate policy. But these questions go directly to whether a 2 policy was a good or a bad policy. And that's why this 3 is so -- such a big problem for the City and for a democratic system of government. 10:30:03 5 Because the reasons a legislature makes a 6 decision aren't relevant. They can't be relevant. 7 Otherwise, you could make policy through a lawsuit. 8 The Supreme Court in Lingle said the inquiry 9 about whether there's a legitimate basis for a decision 10:30:23 **10** is a due process inquiry. 11 And that's exactly what this inquiry is. 12 developer is trying to convert this case into a due 13 14 process case. But they haven't pled a due process 10:30:38 **15** claim, nor could they, because the Ninth Circuit has 16 already ruled in a case where the developer sued Council Member Seroka individually that the City and --17 18 did not violate the developer's due process rights in this case. 19 10:30:56 20 So that -- that's a -- decision is an issue preclusion bar to a due process claim and, therefore, 21 22 it also should rule out any inquiry into the state of mind or the mental impressions of a legislator to the 23 2.4 city. 10:31:14 25 Okay. So, that's -- that's why this is not

10:31:18 <b>1</b>	relevant, your Honor. And I think the Court I think
2	relevance is really crucial to understand the second
3	reason why this motion to compel be denied, because,
4	you know, recognizing that this kind of thing this
10:31:39 5	kind of inquiry into a legislator's state of mind could
6	completely undermine our system of government. We have
7	separation of powers between in all levels of
8	government, including the State of Nevada. That's a
9	very strong policy for the state is separation of
10:31:56 <b>10</b>	powers between the judicial branch and the legislative
11	branch and the administrative executive branches. The
12	executive administrative branches and legislative
13	branches make social policy. They decide what are the
14	laws going to be to regulate the use of land to protect
10:32:13 <b>15</b>	community interests.
16	Now, the Courts do have a role and that's
17	under the Constitution.
18	But the United States Supreme Court and the
19	Nevada Supreme Court has said the only role for the
10:32:23 20	Court in land use policy is to award just compensation
21	where there's been a wipeout or a near wipeout. That's
22	the only role of the Court.
23	So we have cited we have cited 15 cases as
24	to why it is improper to inquire in discovery it is
10:32:46 <b>25</b>	improper to inquire into the state of mind of a

```
10:32:52 1
           legislator or a decision-maker on a land use permit.
            Same thing.
         2
                     There's the mental process and deliberative
         3
            process privileges. Take, for example, the City of
            Las Vegas vs. Foley. It's a Ninth Circuit case. It
10:33:03
         5
            says that -- the Court said:
         6
         7
                     "The relevant governmental interest is
            determined by objective indicators as taken from the
         8
            face of the statute, the effect of the statute,
         9
           comparison to prior law, facts surrounding enactment of
10:33:17 10
            the statute, the stated purpose, and the record of
        11
            proceedings."
        12
                     That's the only way that a Court -- that's the
        13
            only evidence that a Court can look at in -- in
10:33:33 15
            determining the meaning of the statute, the application
        16
            of the statute, interpreting the statute.
                     Again, we've cited 15 cases in support of the
        17
        18
            absolute unqualified privilege of legislators against
            discovery. You can't sit -- I mean, you can't sit down
10:33:53 20
            a member of the Nevada legislature. You challenge a
            law passed by the legislature and sit a member of the
        21
        22
           Nevada legislature down for a deposition and ask them
            if they had good reasons to pass that law, what was
        23
            their state of mind, who did they rely on.
10:34:08 25
                     THE COURT: But that's not -- but you know
```

```
10:34:08 1
            what --
                     MR. SCHWARTZ: What experts did they rely on.
         2
                     THE COURT: Sir, that's not what they're
         3
            asking for. And it's my recollection based upon the
            history of this case, this councilman wasn't part of
10:34:13
         5
            the legislative process; right?
         6
         7
                     MR. SCHWARTZ: Well, he was not part of the
            legislative process to deny the 35 acre applications.
         8
                     THE COURT: Right.
         9
                     MR. SCHWARTZ: He was for the -- for the
10:34:29 10
        11
           master development agreement.
                     But if he wasn't -- if he wasn't part of
        12
            the -- I mean, so what possible relevance could his
        13
        14
            opinions have to the denial of the 35-acre
10:34:46 15
            applications? That's what's at issue here.
        16
                     THE COURT: Well, no, but, see --
        17
                     MR. SCHWARTZ:
                                    Again --
        18
                     THE COURT: What you're doing is you're
            framing the issue. What you need to tell me is this:
        19
10:34:53 20
            How is this relevant to the affirmative defenses
            alleged in this case? Because that's the position the
        21
        22
           plaintiff is taking.
                     The plaintiff is saying, Look, Judge -- and
        23
            this is on page 10 of their opposition at line 14.
10:35:08 25
           starts:
```

10:35:09 <b>1</b>	"The landowner served Interrogatories 1, 2,
2	and 3 related to the City's defenses that there
3	was allegedly an open space dedication
4	requirement imposed on the 35-acre property
10:35:22 <b>5</b>	long ago and, as a result, the City's actions
6	cannot amount to a taking in this case."
7	MR. SCHWARTZ: Okay. The open space
8	dedication was a park and recreation open space
9	dedication in the general plan imposed by the city
10:35:41 <b>10</b>	council on the property in 1992.
11	And that that designation in the general
12	plan was readopted, affirmed multiple times both before
13	and after the developer acquired the property. And
14	that's our Exhibits I through Q.
10:36:06 <b>15</b>	Ordinances imposing a DROS general plan
16	designation on the property. That's legislation, your
17	Honor. Council Member Seroka had nothing to do with
18	that. And even if he did, his opinions are completely
19	irrelevant.
10:36:21 <b>20</b>	We've got an ordinance of the City that
21	imposes an open space, a PROS designation on the
22	property. And that these inquiries have absolutely
23	nothing to do with the validity or the application of
24	that ordinance. That's a job for the Courts. That's a
10:36:40 25	question of statutory interpretation, and these

```
10:36:43 1
            facts --
                          (Multiple speaker cross-talk)
         2
                     THE COURT: But I haven't -- I haven't been
         3
            asked to interpret any statutes yet. And my point is
           maybe you're right from a purpose of relevancy for the
10:36:50
         5
            purposes of trial in this case. But understand, this
         6
            is discovery. This is an inverse condemnation case.
         7
            It's not a petition for judicial review. There's
         8
            clearly a difference in distinction there.
         9
                     If the City is taking some defenses -- and you
10:37:09 10
            can tell me if they're taking that position or not.
        11
            But if they're taking a position as it relates to the
        12
            open spaces, and it appears to me that based upon
        13
           public statements maybe this council member has some
10:37:27 15
           information on that, it might be discoverable. Whether
        16
            it's admissible or not, that's another analysis I have
            to conduct.
        17
        18
                     But --
                     MR. SCHWARTZ: What possible --
        19
10:37:34 20
                     THE COURT: But is that part of the defense
            that the City's taking in this case?
        21
        22
                     MR. SCHWARTZ: Our defense is that there's a
            law on the books, and it's been on the books since
        23
            1992, that prevents residential use of the Badlands,
        24
10:37:51 25
           period. So that if the City decides it's not going to
```

```
10:37:57 1
           change the law, there's no taking. Yes, that's our
            position. Council Member Seroka's opinions about that
         2
            law in 2018 have absolutely nothing to do with whether
         3
            that defense is valid or not.
10:38:13
                     In the petition for judicial review this Court
        5
            said this:
         6
         7
                     "The developer" --
                     THE COURT: I'm not --
         8
                         (Multiple speaker cross-talk)
         9
                     MR. SCHWARTZ: "... its interest in the
10:38:19 10
            Badlands Golf Course" --
        11
                     THE COURT: Sir, I don't mind telling you
        12
            that --
        13
        14
                         (Multiple speaker cross-talk)
10:38:22 15
                     MR. SCHWARTZ: -- "noting that the City's
        16
            general plan" --
        17
                     THE COURT: Wait. Wait.
        18
                     For the purpose of the petition for judicial
            review, that's not of ultimate concern with me right
        19
10:38:30 20
            now in an inverse condemnation case. I know
            specifically why I ruled the way I ruled. You don't
        21
        22
            have to refresh my recollection on that. And I feel
            fairly confident in my decision made as it pertained to
        23
        24
            the petition for judicial review. I don't mind saying
10:38:46 25
            that.
```

```
10:38:46
         1
                     I'm just looking at it from this perspective.
           Because at the end of the day, I have to make a
         2
            determination as to whether or not this -- for the
         3
            purposes of discovery this inquiry is relevant.
10:39:00
            Nothing more, nothing less; right?
         5
                     And we've had a very rigorous discussion in
         6
            the past in this case, and I think we have a pretty
         7
            good record on how I viewed the petition for judicial
         8
            review and whether or not that rises to a level of
         9
            issue preclusion or claims preclusion vis-à-vis the
10:39:18 10
            inverse condemnation case. And I've ruled on that;
        11
            right?
        12
                     And so I'm trying to -- I want to understand
        13
           what your position is. I don't need the history.
10:39:28 15
           understand the economic impact. I had to because, I
        16
           mean, I don't mind saying this: The first time I've
            ever granted a request for Rule 56(d) relief ever in
        17
        18
            over 15 years in handling many, many, many, many
            complex litigation cases before the motion --
10:39:46 20
            opposition for the motion for summary judgment is filed
            is in this case.
        21
        22
                     Because I went back and I looked at it and I
            thought about it. And to me, it just kind of made
        23
        2.4
            sense; right? It just did.
10:39:58 25
                     And just as important too, I try to be
```

```
10:40:00 1
            efficient in my decision making.
                     Whether that bears fruit or not, I have no
         2
            clue.
         3
                     But I just felt the City had a right to
         4
            conduct an inquiry on this issue; right? Over vigorous
10:40:08
         5
            objection.
         6
         7
                     And so on the flip side, here's the question:
            Does -- the plaintiff in this case, the landowner, has
         8
            a right to conduct an inquiry on this issue if it's a
         9
           defense in this case as to not what the opinions are
10:40:25 10
           but what facts this councilman was relying upon to give
        11
            that opinion. Maybe he has no facts at all. Maybe
        12
            they didn't even come in; right? I'm not making that
        13
            decision as far as admissibility at this point. Maybe
10:40:46 15
            there will be a motion in limine on that issue.
        16
                     I mean, I don't know. But --
        17
                     MR. SCHWARTZ: But, your Honor --
        18
                     THE COURT: -- I'm going to give everyone an
            opportunity to develop their claims for relief and
        19
10:40:59 20
            their defenses.
                             I'm going to do that.
                     MR. SCHWARTZ: The opinion has no relevance to
        21
        22
            the case.
                     THE COURT: Okay.
                                        I understand.
        23
        24
                     MR. SCHWARTZ: So the reasons for the opinion
10:41:06 25
           can't have any relevance to the case.
```

```
10:41:08
         1
                     Your Honor, I do want to point out, in the
         2
            PJ -- in the decision denying the petition for judicial
            review, the Court found that the parks, recreation, and
         3
            open space designation of the Badlands, which is a law,
         4
            a law passed by the city council, the Court found that
10:41:25
         5
            that law was valid and applied.
         6
         7
                     There can't be a valid PROS designation in the
            law that -- that is valid and applicable for a PJR and
         8
            somehow that it's not a valid law or applicable for
         9
            purposes of taking it.
10:41:46 10
        11
                     Now, the remedies -- the -- what you
        12
            need to prove in a petition for judicial review is a --
        13
            you -- that there was substantial evidence -- or if
        14
            you're the petitioner, there's a lack of substantial
10:42:04 15
            evidence to support the decision. So not good reasons.
        16
                     In takings, you have to show a wipeout.
        17
                     The remedies are different.
        18
                     THE COURT: Well --
                          (Multiple speaker cross-talk)
        19
10:42:11 20
                     MR. SCHWARTZ: The form -- of the defect --
        21
                     THE COURT: I understand. But, sir, my point
        22
            is --
        23
                     MR. SCHWARTZ: But the law is the same.
        24
                     THE COURT: But you're not listening to me.
10:42:17 25
           understand all that. I don't see any need to replow
```

```
10:42:19 1
            this ground. I understand what substantial evidence
           means. I'll tell you what it means: More than a
         2
            scintilla of evidence, less than a preponderance of the
         3
                       That's what it means. That's the definition
10:42:30
            of "substantial evidence." I get it. I understand all
         5
            the burdens.
         6
         7
                     And so my point is this: I want to come back
            to -- and if you say, Judge, the -- whatever he had to
         8
            say is not relevant to this inquiry. Okay. I get it.
         9
10:42:49 10
                     MR. SCHWARTZ: Well, your Honor, just one
        11
           more --
        12
                     THE COURT: Okay.
                     MR. SCHWARTZ: -- comment on that.
        13
        14
                     The general plan designation of the property
10:42:59 15
            is a law.
        16
                     And while there may be differences --
            procedural differences between the PJR and a takings
        17
        18
            claim, that law is the same for both.
                     And in the takings context, our defense to the
        19
10:43:15 20
            takings is that property, when the developer bought the
           property -- I mean, if the judge -- you said this in
        21
        22
            the PJR. When the developer bought the property, the
            PR -- the PROS designation was the law. And it
        2.4
            applied. And you knew it. And that didn't allow
10:43:32 25 housing on the property.
```

10:43:34	1	So for the City to say, no, we're not going to
	2	change that and allow housing on the property,
	3	that's there was substantial evidence to support
	4	that decision.
10:43:44	5	For the same reasons, we're talking about the
	6	same law. And that law doesn't disappear just because
	7	it's a different claim. That law is the same.
	8	When the developer bought the property, the
	9	property was designated PROS, and the general plan
10:44:00	10	prohibits housing, so it can't be a taking.
:	11	If the government says, Oh, we're just going
:	12	to maintain the status quo, we're just going to leave
:	13	the property the way it was when you bought it, that
:	14	can't have any economic impact on the property. This
10:44:14	15	is the nub of the case. The same law.
:	16	And what Council Member Seroka has to say
:	17	about whether that PROS designation of law is a valid
:	18	law or applicable, his opinions, how could they
:	19	possibly be relevant to that? They can't.
10:44:37	2 0	We briefed this issue of privilege. The
:	21	privilege is unqualified and absolute. We cited 15
:	22	cases that you cannot you cannot take the deposition
2	23	of a legislator unless they have percipient facts that
2	24	are relevant. That's the only case.
10:44:54	25	THE COURT: But that's what they're trying to

```
10:44:55 1
            inquire, as to whether or not it's --
                     MR. SCHWARTZ:
         2
                                   No.
                     THE COURT: Well, we'll listen to them, but
         3
            that was my impression. They want to know what are the
           percipient facts that might be relevant to this case.
10:45:03
         5
            I get that.
         6
         7
                     MR. SCHWARTZ: Well, let me give you an
         8
            example, your Honor.
                     A legislator is walking down the street and
         9
           witnesses a car accident. The plaintiff or the parties
10:45:10 10
            to that car accident can ask the legislator about what
        11
            the legislator saw.
        12
                     But you -- there is an absolute, total
        13
           privilege against discovery from a legislator that goes
10:45:32 15
            to the reasons -- anything they did as a legislator
        16
            with regard to the challenged matter.
        17
                     THE COURT: Yeah.
        18
                     MR. SCHWARTZ: That's the question for the
            Courts, to interpret --
        19
10:45:43 20
                     THE COURT: I agree with that.
                     MR. SCHWARTZ: -- the law.
        21
        22
                     THE COURT: I don't know if that's the best
            example. But in a tort case, what he did the day
        23
            before, what bill he passed clearly is not germane to
10:45:52 25
           whether or not he was following the rules of the road.
```

```
10:45:54 1
           Here we have a slightly different scenario.
            claim for inverse condemnation.
         2
                     MR. SCHWARTZ: Well --
         3
                     THE COURT: Right?
         4
10:45:59
                     MR. SCHWARTZ: -- except there -- we've cited
         5
            15 cases that say that you cannot do that. And in
         6
            their opposition to the motion, the developer didn't
         7
            even address the argument, the privilege, your Honor.
            They cited no authority, no argument, nothing. They
           didn't even mention it because there is no -- there is
10:46:14 10
        11
           no basis to oppose that. The privilege is absolute.
            It's total.
        12
                     Why is this important? Because any time
        13
           someone wants to challenge the -- a law, this means
10:46:33 15
           they can -- they can sit down, the -- the elected
        16
            representatives of the people, and ask them: Why did
            you vote for that law? What were your reasons?
        17
        18
            then show, well, they didn't have a good reason to vote
            for it; therefore, the Court should strike down the
10:46:47 20
            law.
                     This -- this goes to the heart of the
        21
        22
           separation of powers. It's -- it's absolutely crucial
            to our form of government where we have a legislative
        23
        2.4
            branch of government, people elect -- it's a republican
10:47:03 25
           form of government. They elect people to a
```

```
10:47:06 1
           legislature.
                          They make laws. The Courts don't make
                       They don't make the policies.
         2
            the laws.
                     THE COURT: But, sir --
         3
                          (Multiple speaker cross-talk)
         4
10:47:11
                     MR. SCHWARTZ: -- they only interfere when it
         5
            implicates constitutional rights.
         6
         7
                     THE COURT: Here's my -- I mean, I'm looking
            here at the question -- I mean, the cases you cited.
         8
            For example, it's -- I mean, the inquiry as far as
           Mr. Seroka is concerned isn't going to go into as to
10:47:22 10
            why or was he involved in the adoption of a specific
        11
            ordinance and why he adopted or voted for the
        12
            ordinance. It's my understanding that is not what the
        13
            inquiry is going to be about.
10:47:40 15
                     MR. SCHWARTZ: Well, then that inquiry is
        16
            totally irrelevant. The only thing that's relevant
            here is what the city council did in passing a law.
        17
                                                                  So
        18
            it's even less relevant.
                     I mean, what -- what is his -- what -- what he
        19
10:47:55 20
            had for breakfast, what he thinks about this, what he
            thinks about that, it has nothing to do with this case,
        21
        22
            which is the city council took an action. The
            developer claims that it wiped out their value or near
        23
        2.4
            wiped out their value or economic use of the property.
10:48:14 25
                     Council Member Seroka's thoughts, opinions,
```

```
10:48:18 1
           reasons, who he talked to, nothing whatever to do with
            that.
         2
                     And if you let them take this deposition, then
         3
            what's to stop anybody from deposing a legislator?
            What's the -- (indiscernible) of the fact -- to stop
10:48:31
         5
            them from deposing a judge, challenging a decision?
         6
         7
                     You know, the developer in this case
            challenged -- they sued Judge Crockett. What's to stop
         8
            them from sitting Judge Crockett down and asking him,
         9
           What were the reasons for your decisions, to show that
10:48:48 10
           he had bad reasons. What's to stop someone from
        11
            sitting down a member of Congress or the president who
        12
           has to sign legislation and take their deposition and
        13
            probe the reasons for their mental processes or the
10:49:02 15
            deliberations they use or whom they relied on or what
        16
            they consulted.
        17
                     Again, this goes to the very core of our
        18
            system of government. And that's why this is so
            important, your Honor. This is -- this is absolutely
        19
10:49:15 20
            different --
                     THE COURT: But, I mean --
        21
        22
                     MR. SCHWARTZ: -- than the discovery the City
        23
            sought.
        24
                     THE COURT: But the inquiry doesn't ask what
10:49:21 25
           you're saying it asks for; right?
```

10:49:23 <b>1</b>	For example, I look at Interrogatory No. 1.
2	And I'm assuming that this is correct. But the inquiry
3	is the landowner have asked for names, addresses,
4	telephone numbers, and a summary of information that
10:49:36 5	was allegedly provided by experts to Mr. Seroka.
6	They're not asking him, Well, why did you vote
7	this way, or why did you do this, or why did you do
8	that? They're not asking him that question.
9	MR. SCHWARTZ: Oh, no. The next
10:49:49 <b>10</b>	interrogatories say say, you know, What's the basis
11	of your opinion that the City the City has a right
12	to require some developer to set aside 20 percent of
13	their property? That's what these questions ask for.
14	Look, counsel said at the hearing, at the last
10:50:08 <b>15</b>	hearing, if there's no basis for Council Member
16	Seroka's statements, it would be more evidence to show
17	that the City they've switched from Council Member
18	Seroka to the City engaged in a conduct to deny the
19	developer all use of the property.
10:50:28 <b>20</b>	First of all, what the City did, it passed a
21	law. It took it issued a decision on a development
22	application. It's in the public record. What the
23	City there's no dispute about what the City did.
24	Whether that conduct denied all use of the
10:50:43 <b>25</b>	property, you know, that that may be subject to

```
10:50:48 1
            evidence. But Council Member Seroka's opinions about
            some -- about some -- what he thinks the City did or
         2
            what the law is and who he relied on has absolutely
         3
            nothing to do with that.
10:51:03
                     You know, it said -- it -- Counsel said, if
         5
            indeed there were no facts to support the basis of
         6
            Council Member Seroka's statement, than that would
         7
            create a problem for the City.
         8
                     What problem for the City? The issue is city
         9
            council takes an action. What's the economic impact on
10:51:19 10
            the property?
        11
                     It has nothing to do with it, your Honor.
        12
           mean, the City's discovery -- if you compare the City's
        13
            discovery, we want to know how much the developer paid
10:51:38 15
            for the property because we want to show that the
        16
            developer, in obtaining the City's approval for the
            17-acre project for the 435 units has already
        17
        18
            multiplied its investment by six times.
                     So that goes to the economic impact of the
        19
10:51:53 20
            regulation on the property. That's what a takings
            inquiry is about.
        21
        22
                     We also wanted discovery on the physical
            taking claim. They -- the developer submitted a
        23
        2.4
            declaration, said the public's walking on my property,
10:52:05 25
           and it's the City -- it's the City's fault or the City
```

```
10:52:08 1
           told them they could do that. Well, that goes to the
            physical taking claim.
         2
         3
                     This evidence has absolutely nothing to do
            with anything, and it's very dangerous. Very
10:52:19
            dangerous. Thank you.
         5
                     THE COURT: All right. Thank you, sir.
         6
         7
                     THE MARSHAL: Your Honor, can we take a break?
                     THE COURT: Do you need a break, Peggy?
         8
                     THE COURT REPORTER: Yeah.
         9
                     THE COURT: Okay. What we're going to do,
10:52:29 10
            we're going to take -- we only have one matter after
        11
            this; correct?
        12
                     THE COURT CLERK: This is the final morning.
        13
        14
                     THE COURT: Oh, okay. We're going to take a
10:52:46 15
            quick 15. This is the last matter on calendar for
        16
            today, for this morning.
        17
                     THE COURT CLERK:
                                       This morning for sure.
                     THE COURT: Okay. We'll take 15. We'll give
        18
            our court reporter a break. And then we'll hear from
10:52:55 20
            the plaintiff, 180, 180 Land.
                                     -000-
        21
                                    (Recess)
        22
                                     -000-
                     THE COURT: Okay. We're going to go back live
        23
        24
            and continue on.
11:11:39 25
                     And just want to make sure everyone is
```

```
11:11:43 1
            connected.
                     Does it appear to be, CJ?
         2
                     THE COURT CLERK: Um-hum.
                                                Three have video,
         3
            and the other three are by phone.
11:11:57
                     THE COURT: I thought Mr. Leavitt was on, was
         5
            he?
         6
         7
                     THE COURT CLERK: He is. I see his video.
                     MR. LEAVITT: I'm here, your Honor.
         8
                     THE COURT: All right. I guess, sir, we're
         9
            going to pass the floor to you, sir.
11:12:03 10
                     MR. LEAVITT: I appreciate it, your Honor.
        11
                     Your Honor, I'll be pointed in my response as
        12
            this is a discovery issue. Just very quickly, as you
        13
            recall, your Honor, there is a history here where we've
11:12:16 15
            already heard this exact same issue and the exact same
        16
            argument that Mr. Schwartz just presented to you.
            There is no new facts. And there's no new law that
        17
        18
            Mr. Schwartz has brought to you to have you change your
            mind.
        19
11:12:26 20
                     And as you recall, approximately ten days ago
            we were before you on the City's 56(d) motion. And as
        21
        22
           you mentioned, that was an unusual request. It was a
            request to not even allow us to present our summary
        23
        2.4
            judgment so that the City could engage in discovery.
11:12:41 25
           Well, that goes both ways.
```

11:12:43 <b>1</b>	Now that the City has won that after the
2	City won that decision, now the City is saying it
3	doesn't want to engage in discovery, and it doesn't
4	want to respond to certain interrogatories.
11:12:52 <b>5</b>	Your Honor, this is a two-way street. And
6	when we lost that 56(d) motion, we lived with it.
7	Judge, we didn't bring a motion to reconsider. We're
8	going to go through discovery. We're going to comply
9	with the Court's order, and we'll refile that motion
11:13:04 <b>10</b>	for summary judgment at an appropriate time after
11	discovery is done.
12	But if the City is going to be able to engage
13	in discovery, so should the landowner. We should be
14	given that opportunity. And you heard what the City
11:13:15 <b>15</b>	said at the very beginning of their argument. I wrote
16	it down. They said the City is not concerned about
17	responding to the interrogatories.
18	The City didn't say it's overburdensome. The
19	City didn't say it would take too much time. The City
11:13:29 <b>20</b>	didn't say, Hey, this is going to be a big problem for
21	us, Judge.
22	The City said, We're not concerned about
23	responding to this interrogatory. And it won't.
24	It's very telling, your Honor, that the City
11:13:41 <b>25</b>	asked for the 56(d) motion. The City gets the time to

11:13:44 **1** do discovery. The City is not concerned about responding to this interrogatory, but the City simply 2 won't do it. 3 That tells us, your Honor, that there's something there that the City does not want to disclose 11:13:51 5 which is adverse to the City's case. 6 7 Now, moving to Councilman Seroka, your Honor, he stated -- it's in writing. We have the recording. 8 He stated that he has facts to show that there's an 9 open space or a PROS designation on the property. He 11:14:09 **10** then told the surrounding homeowners that he has these 11 facts. And he told the surrounding homeowners because 12 of the facts that he has, the surrounding homeowners 13 14 can go onto the landowner's property and use it for 11:14:24 **15** open space and recreation. 16 We are certainly entitled to those facts because that is -- that goes to the very core of two 17 18 things, which I'll address, your Honor. It not only goes to the core of the taking, but it also goes to the 11:14:37 20 core of the City's defense that there's this PROS. We're certainly entitled to get the facts that 21 22 Mr. Seroka said that he knew about. And Mr. Seroka said he received facts from an expert. We're entitled 23 2.4 to know the facts of who those experts are. 11:14:50 **25** entitled to know the facts of what those experts told

11:14:54 <b>1</b>	him. He said he has facts that there's a 20 percent
2	requirement on the property. We're entitled to know
3	what those facts are. We're entitled to know where
4	those facts come from.
11:15:03 <b>5</b>	Now, counsel said that he cited to 15 cases
6	where there's a privilege that we're not entitled to
7	know these facts.
8	Well, Judge, we don't need to cite to 15
9	cases. We only need to cite to one case. It's a
11:15:18 <b>10</b>	Nevada Supreme Court case, and we cite it in our brief.
11	It's the DR Partners vs. Board of County Commissioners
12	case, a 2000 case. This is what the Court held in
13	regards to Mr. Schwartz' argument.
14	He said:
11:15:30 <b>15</b>	"The privilege is not, at least in general,
16	designed to protect purely factual matters."
17	And that's what we're asking for here. We're
18	not asking to go into what Mr. Seroka knew or didn't
19	know or what he was what was in his mind at the time
11:15:46 <b>20</b>	he made these statements. We're asking to find out the
21	facts that he said that he had at that time. That's
22	all we're asking for at this time.
23	And counsel keeps saying that we're not
24	entitled to depose him. At this point in time, we're
11:15:59 <b>25</b>	not asking for a deposition. All we're asking for are

the facts that he said he has. 11:16:03 **1** We saw the words come out of his mouth --2 they're in a transcript -- that he has these facts. 3 Wе want to see those facts. 11:16:13 Judge, let me tell you how these facts are 5 They're relevant in two ways, despite what relevant. 6 7 counsel tells you. 8 We have asserted a per se regulatory taking claim. That per se regulatory taking claim clearly 9 states that if the government engages in an action that 11:16:27 **10** authorizes the public to use private property or 11 preserves private property for use by the public, then 12 that's a taking. 13 14 Mr. Seroka told the surrounding homeowners 11:16:41 **15** that the landowner's 250-acre property was their 16 recreation property. Mr. Seroka told the surrounding landowners that they could enter onto the landowner's 17 18 property and use it. And we have the affidavit of Don Richards where he has submitted hundreds of photos and 11:16:57 20 spoken to numerous of these individuals, showing numerous of these individuals entering onto the 21 22 property, that asked them, Why are you on this 23 property? And they said, Because the City authorized us 24 11:17:07 **25** to be on your property.

11:17:08 <b>1</b>	Your Honor, those are facts that go directly
2	to the taking claim that the landowners have made in
3	this case. They're facts that go directly to show that
4	the City authorized the public to enter onto the
11:17:23 <b>5</b>	landowner's property.
6	Now, I can see Mr. Schwartz's writing. I know
7	exactly what Mr. Schwartz is going to say here. He's
8	going to say, Judge, that's not that's not the
9	standard. Judge, you have to show a physical
11:17:35 <b>10</b>	appropriation or a total wipeout.
11	Okay. That's simply not true, and you've
12	already decided that issue.
13	And in your order, Judge, that was filed on
14	May 15th, 2019, you listed the landowner's taking
11:17:47 <b>15</b>	actions or taking causes of action. You listed all
16	five of them. And you listed the standard. And I'm
17	not going to rehash it here other than to read what one
18	of those standards is.
19	"To constitute a taking under the Fifth
11:17:59 <b>20</b>	Amendment, it's not necessary that the property
21	be absolutely taken in the narrow sense of that
22	word. It is sufficient if the action by the
23	government involves a direct interference with
24	or disturbance of property rights."
11:18:13 <b>25</b>	That's the law of this case.

11:18:14 <b>1</b>	And the law of this case is based upon the
2	State versus Eighth Judicial District Court case that
3	you cited in your order, and it's a correct statement
4	of the law, that the government engages in actions that
11:18:25 <b>5</b>	directly interfere with or disturb property rights,
6	that is a taking.
7	That's a direct quote from case law. That's a
8	direct quote from this order. And the Court does not
9	need to find the total wipeout or a physical
11:18:37 <b>10</b>	appropriation under Nevada law.
11	And these actions that Mr. Seroka engaged in
12	while he was a councilman telling the public that the
13	landowner's property is their property is one of the
14	aggregate of government actions that results in a
11:18:52 <b>15</b>	taking.
16	Now, what counsel is going to also say is
17	statements by councilpersons are irrelevant. I
18	probably heard that ten times during the argument.
19	That is patently untrue. In the Sisolak case,
11:19:06 <b>20</b>	your Honor, the Nevada Supreme Court has a long list of
21	the actions, and it goes through the facts and detail
22	in the Sisolak case.
23	Here's what the Court found was one of the
24	relevant facts to find a taking in the Sisolak case:
11:19:20 <b>25</b>	Sisolak spoke with Bill Keller, a principal

```
11:19:23 1
           planner with the Department of Aviation.
                     So, Judge, we have, in the Sisolak case, Bill
         2
            Keller, he's a principal planner. He's not the highest
         3
            level person. He's not on the Board of County
            Commissioners. He's not a councilperson. He's simply
11:19:35
         5
            a planner. I'm not degrading that. I'm just telling
         6
            you he's not one of the councilpersons.
         7
                     Keller told Mr. Sisolak not to bother asking
         8
            for a variance to build above more than 75 feet because
         9
            the county wouldn't approve it. Keller stated that
11:19:48 10
            height estimates would having -- would have -- given
        11
            Sisolak would have been in response to hypothetical
        12
            situations, not specific to Sisolak's property.
        13
        14
                     So the Court in the -- in the Sisolak case
11:20:01 15
           relied upon statements by Bill Keller, a principal
        16
            planner, to assist it to find a taking in that case.
        17
                     So for counsel to tell you that statements by
        18
            even higher level people at the City of Las Vegas,
            councilpersons, are entirely irrelevant is patently
        19
11:20:19 20
            contrary to Nevada law, because Nevada law -- we don't
            even have to say what Nevada law says. We see in the
        21
        22
            decision that the Nevada Supreme Court relied upon the
            statements by principal planner Mr. Keller.
        23
        24
                     Okay. So the first -- the first purpose for
11:20:36 25
           obtaining this information is to help establish the
```

11:20:39 **1** taking itself. These facts go to the very core of one of the 2 landowner's taking claims. And, Judge, you also hit it 3 right on the head. 11:20:48 You said, Well, wait a minute, Mr. Schwartz. 5 You're claiming as a defense this property has always 6 been an open space. You're claiming as a defense that 7 this property has always been PROS. These facts that 8 we want to discover, that we're asking for in these 9 interrogatories, go to those very issues. 11:21:02 **10** I cannot think of anything more relevant than 11 the fact of who the experts were that Mr. Seroka spoke 12 to that told him this PROS and open space around the 13 property, the fact that the experts -- who those 11:21:18 **15** experts are, their names, addresses, and telephone 16 numbers, the facts that Mr. Seroka said that 20 percent of the property must be reserved for open space, we're 17 18 entitled to know the factual basis for that. Was it -was it the Nevada Revised Statute? Was it City code? 11:21:32 20 Was it an ordinance? Was it a regulation? Who provided him that 20 percent requirement? And all of 21 22 the developments in the City of Las Vegas that have that 20 percent requirement. 23 24 Again, Mr. Schwartz said that the City has no 11:21:45 **25** problem responding to this. This is an easy thing to

11:21:48	1 respond to, that that the words that he used was
	2 that the City is not concerned about responding to the
	3 interrogatories. So there's no prejudice to the City.
	4 There's no overburdensome. The City can provide this
11:22:00	data, which is clearly clearly discoverable, your
	6 Honor, but clearly goes to these two incredibly
	7 important issues in this case.
	Now, one other issue that I want to address is
	9 that Mr. Schwartz repeatedly is citing to the petition
11:22:16 <b>1</b>	0 for judicial review order. And, Judge, I know you've
1	heard this. You have three orders, Judge. There's
1	2 three not one, not two, but three orders where you
1	3 lay out in detail why the petition for judicial review
1	4 orders are entirely irrelevant in this inverse
11:22:31 <b>1</b>	5 condemnation case.
1	6 You said it several times. We're going to ask
1	7 that it be put in this order also. Because this will
1	8 now be the fourth time that the City is trying to argue
1	the petition for judicial review order in this case.
11:22:43 <b>2</b>	O You said it's not relevant. You said it three times.
2	1 This will be the fourth time.
2	2 Let me let me let me explain a little
2	3 bit more just very quickly, again, why that petition
2	4 for judicial review order is specifically not relevant
11:22:57 <b>2</b>	5 to the PROS issue, which Mr. Schwartz either forgot

11:23:00 <b>1</b>	about or didn't mention, is we appeared before you at
2	the end of 2020. In November 2020, there's an order
3	that's been entered in this case. And that order is on
4	the property rights issue. You'll recall, your Honor,
11:23:12 <b>5</b>	we had an argument over what the property rights are
6	that the landowner had prior to the government
7	interference. And you entered an order, and you held
8	that the property rights are that the property that
9	zoning must govern the determination of the property
11:23:24 <b>10</b>	rights. The zoning is R-PD7. And under R-PD7, the
11	landowners have the legally permissible right to use
12	the property for residential purposes.
13	And, therefore, the 35-acre property has the
14	right or is permitted by right to be used for
11:23:41 <b>15</b>	residential purposes. That's the order you entered.
16	Why did the Court not hang its hat on the PROS
17	that Mr. Schwartz is saying you already decided?
18	Here's why, Judge. Is because subsequent to or as
19	part of your PJR order, you relied upon the Crockett
11:23:56 <b>20</b>	order. You remember the Crockett order has been
21	adopted, and the Crockett order adopted the PROS
22	argument. We then appealed the Crockett order to the
23	Nevada Supreme Court, and the Nevada Supreme Court
24	reversed the Crockett order. It reversed the PROS
11:24:12 <b>25</b>	issue in the Crockett order.

11:24:13 <b>1</b>	Now, there's other bases that you have in your
2	PJR order to uphold it. For example, you said that
3	there were three bases to uphold your PJR order. One
4	of them was that the City relied upon the surrounding
11:24:27 <b>5</b>	landowners complaining that they they didn't want
6	this property developed. And you held that that was
7	substantial evidence for the City to deny the
8	application on the PJR side. Okay?
9	And you also said the PROS. But, again, that
11:24:40 <b>10</b>	PROS Crockett order has been reversed by the Nevada
11	Supreme Court. The Nevada Supreme Court reversed the
12	Crockett order in the 17-acre case.
13	And, your Honor, if I may say, that PJR
14	finding where you found that the City of Las Vegas
11:24:57 <b>15</b>	denied the applications based upon what the surrounding
16	property owners told them more fully supports the
17	taking action here because, again, one of the standards
18	to find a taking is if the government preserves
19	property for use by the surrounding property owners.
11:25:11 <b>20</b>	Your Honor, I could go on. I could go on and
21	I could respond to the the discussion that
22	Mr. Schwartz just presented to you about takings
23	jurisprudence. We don't need to do that right now,
24	Judge. All we need to know is that this these
11:25:29 <b>25</b>	facts, this evidence that we want to discover, is

11:25:32 <b>1</b>	relevant to help establish the per se regulatory taking
2	claim, and it's relevant to rebut the City's continual
3	representation that there's some open space or PROS on
4	this property.
11:25:43 <b>5</b>	Now, Mr. Schwartz said, Hey, Judge, we don't
6	need to know this because there is an ordinance that
7	found that there is a PROS. They made that argument to
8	you in the end of 2020 in the property interest motion,
9	and it was rejected. The reason that argument was
-	rejected is because there is no ordinance that adopts a
11:25:57 <b>10</b>	
11	PROS on the landowner's property.
12	Which brings into question: Why did
13	Mr. Seroka say this? Why did he say, Hey, I have all
14	these facts, I have all these experts, I have this
11:26:12 <b>15</b>	20 percent requirement. We should be able to obtain
16	those facts to help more fully rebut the City's
17	argument that there is this PROS and to more fully
18	establish the taking actions by the City of Las Vegas
19	in this matter.
11:26:25 <b>20</b>	Your Honor, if there's anything else you want
21	me to respond to, I can respond to it.
22	I will conclude by saying we've been down this
23	road. We've discussed it with the City. You entered
24	your order. The City didn't bring to you one fact or
11:26:41 <b>25</b>	one law different than it argued to you before. The

11:26:43 <b>1</b>	Courts have held that it's only under very rare
2	circumstances that a Court should reconsider its
3	holding, especially under this circumstance where the
4	City is asserting a continual defense and these facts
11:26:56 <b>5</b>	go directly to that defense.
6	And, your Honor, we're not talking here
7	about Mr. Schwartz has talked about how critically
8	important this is. Let's talk about how critically
9	important this is to the landowner. In the Knick
11:27:08 <b>10</b>	decision, a 2018 decision out of the United States
11	Supreme Court, the United States Supreme Court said
12	that these Fifth Amendment rights that these landowners
13	have in this case should be held in the highest regard
14	on the same level as other rights in the Bill of
11:27:23 <b>15</b>	Rights, the First Amendment, the Fourth Amendment, the
16	Sixth Amendment. Those are pretty important rights.
17	The Second Amendment. These are pretty important
18	rights that we have in our Bill of Rights. And the
19	Nevada United States Supreme Court said these Fifth
11:27:35 <b>20</b>	Amendment rights must be held at that same level.
21	And what we have here today is we have a
22	governmental entity wanting to make a defense to a
23	taking and not allow discovery on that defense in a
24	constitutional proceeding where constitutional rights
11:27:54 <b>25</b>	are at issue.

11:27:55 <b>1</b>	Your Honor, we have important rights here
2	also. We have rights here to the payment of just
3	compensation when our property is being taken by the
4	government that is held to the highest regard. The
11:28:06 <b>5</b>	government hasn't cited a a a policy which is
6	higher than what's found in the Bill of Rights.
7	So, your Honor, we think it's critical in
8	order to protect that right not I think. I know
9	it's critical in order to protect that right we be
11:28:21 <b>10</b>	given a full opportunity to engage in discovery the
11	same as the Court has given to the City by granting
12	that 56(d) motion.
13	And I can answer any questions, if you'd like,
14	your Honor.
11:28:32 <b>15</b>	THE COURT: None at this time, sir.
16	MR. LEAVITT: All right. Thank you.
17	THE COURT: We'll hear from the City in reply.
18	THE COURT CLERK: I can see Mr. Schwartz.
19	THE COURT: Mr. Schwartz, are you on, sir?
11:29:03 <b>20</b>	You might have to unmute.
21	MR. SCHWARTZ: I am, your Honor.
22	THE COURT: Okay.
23	MR. SCHWARTZ: Your Honor, counsel didn't cite
24	this DR Partners case in their opposition to the
11:29:16 <b>25</b>	motion. But I did look at the case while counsel was

11:29:21 **1** arguing, and it doesn't apply, your Honor. That was a case where litigants sought to show 2 3 that the government -- government employees were misusing cell phones, were misusing public funds on cell phone use. And they requested documents from the 11:29:37 5 city manager, not a legislator, but it's the city 6 7 manager. And the Court found that the city manager and 8 the staff's discussions and use of those cell phones 9 was relevant -- of course was relevant in that case. 11:29:55 **10** It has nothing to do with this case where 11 there is an absolute rule that a legislator cannot be 12 deposed or required to answer interrogatories or 13 produce documents. It's an unqualified, absolute rule. 11:30:16 15 We cited 15 cases for that rule. If the Court 16 were to allow these depositions or these interrogatories -- require that these interrogatories 17 18 be answered, it would be completely unprecedented and against the law. 11:30:31 20 Now, I think this issue of the PROS designation goes to the heart of this case. Counsel 21 22 said the PROS designation does not exist. He said that there is no such ordinance. 23 24 I refer the Court to the City's Exhibits I 11:30:53 **25** through Q which are ordinances imposing the PROS

```
11:31:00 1 designation. And that goes to the heart of this case,
           your Honor.
                    The -- whether the PROS designation applies to
         3
            the property, it clearly does. It's right there in the
         4
11:31:16 5
            ordinance. Nothing that Council Member Seroka or
            anyone -- anyone can effect whether that designation
         6
            exists, whether it applies to the property. Again,
         7
            this Court has already determined that that PROS
         8
            designation is valid, that the developer knew about it
11:31:38 10 at the time they bought the property, and that the City
        11
           had no obligation to lift that designation.
        12
                    That -- those facts, those issues are not only
        13
           irrelevant to the PJR claim, but they also go to the
            inverse claim. And I spent a large part of this
11:31:57 15 hearing explaining why, yeah, the law of inverse
        16
            condemnation is no different than the law of PJR.
        17
            There is no -- there is no case law that says the law
        18
            is different when they're both based on the same
        19
            ordinance.
11:32:14 20
                    THE COURT: Wait. Wait. Wait.
        21
                    MR. SCHWARTZ: The same law.
        22
                    THE COURT: The law as it relates to petitions
        23
            for judicial review are much different than a civil
            litigation seeking compensation for inverse
11:32:23 25 condemnation, sir.
```

```
11:32:26
         1
                     MR. SCHWARTZ: Well --
         2
                     THE COURT: The standards are different. I
            mean, for example, they got to meet their burden by a
         3
            preponderance of the evidence. It's substantial -- I
         4
11:32:33
            mean, it's a totally different -- it's an
         5
            administrative process versus a full-blown jury trial
         6
         7
            in this case. It's different completely.
                     MR. SCHWARTZ: But the underlying issue, your
         8
            Honor -- the underlying issue is, is there a PROS
         9
            designation?
11:32:45 10
                     THE COURT: Well, wait a second.
        11
                          (Multiple speaker cross-talk)
        12
                     MR. SCHWARTZ: Does it apply to the --
        13
        14
                     THE COURT: I'm going to tell you what the
11:32:49 15
            underlying issue was in the other matter whether or not
        16
            there was substantial evidence in the record to support
        17
            the actions of the board or the city council.
        18
                     MR. SCHWARTZ: That's correct.
                     THE COURT: And that's a much different
        19
11:32:58 20
            analysis than what's going on in this case.
        21
                     If that's the case then, if you lose on
        22
            petition for judicial review, then you have no right to
            a jury trial as a matter of law in an inverse
        23
            condemnation case.
        24
11:33:10 25
                     And I don't think there's any law that says
```

```
that.
11:33:12 1
                     MR. SCHWARTZ: You don't have a right to a
         2
            jury trial in -- for liability for an inverse
         3
            condemnation case, only on damages. But, your Honor --
11:33:20
                     THE COURT: That's what I'm talking about.
         5
                                                                  I
            understand what my role will be. I get it. I get
         6
         7
            that.
                     But at the end of the day, when it comes to
         8
            damages, I'm not going to decide that; right?
         9
11:33:28 10
                     MR. SCHWARTZ: No.
                                         The point is that the
           basis for the Court to find that there was substantial
        11
            evidence and no abuse of discretion by the city council
        12
            in denying the 35-acre applications was the PROS
        13
            designation which the Court expounded on in its order
11:33:49 15
           denying the petition for judicial review. The Court
        16
            said what that holds, that they had to apply for an
            amendment, that it was discretionary for the City to
        17
        18
            lift it.
                     The basis for their inverse claim is the same.
        19
11:34:03 20
            They've got to show that the City, in denying that
            application, wiped out the economic value.
        21
        22
                     The fact and the law --
                     THE COURT: But what about the per se
        23
        24
            regulatory taking?
03:07:54 25
                          (Multiple speaker cross-talk)
```

11:34:14 <b>1</b>	MR. SCHWARTZ: The law
2	THE COURT: What about but tell me, what
3	about the per se regulatory taking claim for relief in
4	this case?
11:34:21 <b>5</b>	MR. SCHWARTZ: That the PROS designation has
6	nothing to do with the physical takings claim.
7	The developers characterized their physical
8	takings claim as a per se regulatory taking.
9	The PROS designation has nothing to do with
11:34:40 <b>10</b>	that claim. That claim is whether the City passed a
11	law that required persons that required the
12	developer to allow the City or the public on their
13	property, physically on their property.
14	That is a question of interpretation for the
11:35:00 <b>15</b>	judge. Now, the developer relies on the Sisolak case,
16	which was a physical takings case. In that case, that
17	was a per se regulatory takings case where the
18	developer claimed that government regulation allowed
19	the public to use their air space.
11:35:21 <b>20</b>	Here's what the Court said in Sisolak:
21	"In determining whether a property owner
22	has suffered a per se taking by physical
23	invasion, a court must determine whether the
24	regulation has granted the government physical
11:35:34 <b>25</b>	possession of the property or whether it merely

11:35:36 <b>1</b>	forbids certain private uses of the space."
2	That could be the owner's use.
3	"If the regulation forces the property
4	owner to acquiesce to a permanent physical
11:35:48 <b>5</b>	occupation, compensation is automatically
6	warranted, since this constitutes a per se
7	taking. 'This element of required acquiescence
8	is at the heart of the concept of occupation.
9	The second type of per se taking, complete
11:36:05 <b>10</b>	deprivation of value, is not at issue in this
11	case because Sisolak never argued that the
12	Ordinances completely deprived him of all
13	beneficial use of his property."
14	So Sisolak is clearly a physical takings case.
11:36:21 <b>15</b>	In that case, the Court interpreted ordinances which on
16	their face on their face require the property
17	owner to allow airplanes to fly in their airspace, to
18	physically occupy their property.
19	In the background section of the opinion, the
11:36:38 <b>20</b>	Court noted this discussion between the planner of a
21	planner and someone representing the property owner.
22	But it was background. It had nothing to do with the
23	Court's decision, which was to interpret an ordinance
24	on its face.
11:36:54 <b>25</b>	We have the same situation here. What what

11:37:00 **1** Council Member Seroka told the public about who owned what property and what they could do has nothing to do 2 with whether the City adopted an ordinance that 3 required the property owner to allow the City or the 11:37:15 public on their property. 5 Now, that's what's alleged. And we're going 6 to prove that the ordinance in question did not require 7 the developer to allow the public on their property. 8 That's for our motion for summary judgment. But as far as what Seroka claims was the 11:37:28 **10** regulation that required some set-aside of property for 11 open space is not at all relevant to the physical 12 takings claim. It's only potentially relevant to the 13 regulatory claim, the categorical claim, or the Penn 11:37:50 **15** Central claim where the developer argues that 16 regulation prevented the developer's use of the 17 property. 18 However, the law is the law. You've looked at Exhibits I through Q. They're ordinances. 19 11:38:03 20 PROS designation of the Badlands. It defines what PROS means. It says you can open it and use it for these 21 22 uses, but you can't use it for housing. That's the law. And that applies to an inverse condemnation claim 23 2.4 or a PJR or any other claim for relief regardless of 11:38:21 **25** whether the claim -- the standard is substantial

11:38:24 **1** evidence or liability, that's the law. And the Court has already recognized that law. 2 And in his closing remark, counsel said 3 these -- these statements go directly to our defense, to the City's defense. He didn't say what that defense 11:38:36 5 was. 6 7 We -- we're not claiming that there was some 20 percent set-aside rule that Council Member Seroka 8 may have believed existed. We're showing the Court the 9 law, which is Exhibits I through Q, which are City 11:38:57 **10** ordinances passed by the city council as a whole. The 11 City can only act through the city council to affect 12 property. Can only make laws through the city council. 13 These are the laws that apply in this case. 11:39:12 15 And the Court has never found that the 16 property owner has a property right to build residential units in the subject property regardless of 17 18 the general plan. It's never found it has a property right under zoning to do anything. In fact, the Court 11:39:34 20 found the opposite in the PJR. So either the property owner has a property 21 22 right or not. And it doesn't matter whether it's a PJR or inverse condemnation. If both claims are based on 23 24 the claim that the property owner has a property right 11:39:51 **25** under zoning, which is an absurd proposition and

11:39:54 <b>1</b>	contradicted by all all authority, and, again, this
2	Court found that it does not, and the Ninth Circuit
3	found that it does not, which we contend is an issue
4	preclusion bar on that issue.
11:40:05 <b>5</b>	But these are all legal issues. They're for
6	the Court to decide based on ordinances and other
7	official City actions of the city council, which are
8	all in the public record. What Council Member Seroka
9	says about those actions or any other actions has
11:40:24 <b>10</b>	absolutely nothing to do with this case.
11	And, again, there is no precedent for allowing
12	a discovery from a legislator on a matter in
13	controversy, no precedent at all. All the cases are
14	the other way. And for very good reason, because to do
11:40:41 <b>15</b>	so would break down the separation of powers, and it
16	would have severe adverse effects on our republican
17	form of government.
18	Thank you.
19	THE COURT: All right. Okay. This is what
11:40:53 <b>20</b>	I'm going to do. And I want to make sure the record is
21	clear in this regard.
22	Number one, I see a distinct difference
23	between the mental processes of a member of the
24	legislature when it comes to enacting ordinances and/or
11:41:06 <b>25</b>	state statutes.

```
11:41:08
         1
                     And that's not really what we're talking about
            here, and that's not what the thrust of the
         2
            interrogatories really focus on.
         3
                     Just as important too, and I want to say this
            for the record: I don't believe in a "what's good for
11:41:18
         5
            the goose is good for the gander" argument when it
         6
         7
            comes to any issue.
                     For example, I remember in one of my earlier
         8
            jury trials a lawyer said, Look, Judge, you sustained
         9
            their objection eight times in a row. Well, that's not
11:41:36 10
            part of the analysis, because I've had cases where I've
        11
            had over a hundred pretrial motions. I don't sit there
        12
            and say, Well, I'm going to give some to one side and
        13
        14
           some to the other. You just -- you just look at it
11:41:50 15
           from an umpire's perspective, and you look at that one
        16
            pitch. And if that pitch is a strike, it's a strike.
            If it's a ball, it's a ball.
        17
        18
                     Just as important, maybe you have a talented
            pitcher on the mound like Sandy Koufax, who is known
        19
11:42:06 20
            for striking -- you know, striking -- throwing -- he
            was known for his efficiency as a pitcher as it
        21
        22
           pertains to strikeouts. And so that's my point.
                     Just as important too, this isn't a petition
        23
        24
            for judicial review. It's not a motion for summary
11:42:21 25
            judgment. All we're talking about here is a simple
```

11:42:24 <b>1</b>	discovery motion, more or less.
2	And the law is pretty clear as it relates to
3	discovery. And that's much broader than admissibility
4	at the time of trial.
11:42:36 <b>5</b>	Here, the plaintiff is alleging a per se
6	regulatory taking.
7	And I don't see any change in the law or facts
8	that would be the basis for me to grant a motion for
9	reconsideration under the facts of this case.
11:42:50 <b>10</b>	And so what I am going to do is this regarding
11	the City's motion for rehearing and also for
12	reconsideration, I'm going to grant the motion for
13	reconsideration and let the three interrogatories
14	stand.
11:43:03 <b>15</b>	That doesn't mean, Mr. Leavitt, that what you
16	find out will necessarily be admissible automatically
17	at the time of trial. I think you understand that.
18	But it's a simple discovery motion, nothing more,
19	nothing less.
11:43:17 <b>20</b>	And that's going to be the basis for my
21	decision today, gentlemen.
22	All right. And, Mr. Leavitt, can you prepare
23	the order, sir?
24	MR. LEAVITT: Yes, your Honor. I'll prepare
11:43:28 <b>25</b>	the order.

                      And thank you for your time.

                      THE COURT: All right. Everyone enjoy your
          3

                      MR. LEAVITT:
