5 I. Brief description of nature of the action and result in district court, including type of
6 judgment or order being appealed and relief granted by district court: Personal injury case
7 involving a motor vehicle crash; Settlement was reached between parties on Plaintiffs'
8 substantive claims on or about January 8, 2021. On January 19, 2021 Plaintiffs filed their
9 Notice of Dismissal of Claims with Preservation of Administrative Issues (sanctions) to be
10 determined by the Court. A hearing on the administrative issues-sanctions was set for March
11 17, 2021. That matter was taken off the court calendar by the District Court without issuing a
12 ruling. The sanction issues were not substantive issues but are administrative issues that
13 need not be resolved before the substantive issues are concluded. The District Court retained
14 jurisdiction to make a finding regarding the motions for sanctions. See, Emerson v. Eight
15 Judicial Dist. Court of State, ex rel. County of Clark, 127 Nev. 672, 263 P. 3d 224 (2011).
16 After the District Court failed to make findings regarding sanctions a writ was filed, see
17 below. After the matter was remanded to the District Court the trial court failed to impose
18 sanctions as required by NRS 7.085 and Nevada Law. The District Court failed to comply
19 with controlling law in failing to impose sanctions.

20 The matter on appeal is the District Court's failure to comply with the legislative mandate
21 and impose sanctions as required by Nevada law including NRS 7.085.

23 or Court of Appeals, and if so, caption and docket number of prior proceeding: Yes

CASE NO. CV18-00496 M. VASQUEZ-MONTANA V. CEMEX CONSTRUCTION ET AL

11/5/2018
DISCOVERY COMMISSIONER
WESLEY AYRES
L. Scurlock (Clerk)
RECORDED - JAVS

HEARING:

11/5/2018: STATUS HEARING RE: DISCOVERY DISPUTES

APPEARANCES:

Curtis Coulter, Esq. was present in Court on behalf of Plaintiffs Vasquez-Montano and Jimenez, who were not present.

Jason Peak, Esq. was present in Court on behalf of Plaintiffs Nichols and Sharman, who were not present.

Brandon Wright, Esq. was present in Court on behalf of Defendant Cemex Construction.

Chris Moore, Esq. was present in Court on half of Defendant Ransom, who was not present.

Court announced the matter and advised respective counsel that he had reviewed the case and had received correspondence from Counsel Moore dated 10/31/18.

Counsel Coulter addressed the Court and advised that the document had been prepared with input from respective counsel.

Counsel Moore addressed the Court and advised sees that he would like respective counsel to communicate more effectively; would like to see a protective order put in place due to the fact that Cemex has concerns regarding documents and would like Court to advise counsel regarding this request.

Counsel Coulter replied that he does not sign "blanket" protective orders; if there are documents that are trade secrets or confidential that satisfy requirements under case law for protection, then those documents should be identified in a privilege log. Counsel Coulter further advised Court that Cemex is not producing documents because they want a protective order put in place first.

Court questioned Counsel Wright on whether a proposed protective order had been provided to Counsel Coulter.

Counsel Wright responded yes, an order had been provided twice to Counsel Coulter and Counsel Peak for revision/approval; there were concerns with "blanket" language. Counsel Wright has very serious concerns that trade secrets may be made public if certain documents were to be disclosed.

Further discussion occurred between Court and respective counsel regarding the production and classification of documents and a protective order.

COURT advised that generally in cases where one side is concerned with confidentiality, there has to be a trade-off: each document can be litigated that may have a claim of confidentiality attached to it or a mechanism can be put in place where documents can be exchanged more readily, ideally without any party giving up their right to claim the document is protected or not. The confidentiality of documents can be maintained if the documents are designated confidential, but this status can be challenged and a motion would need to be filed.

Further discussion occurred between Court and respective counsel regarding the proposed confidentiality of documents.

Court advised of the "bad faith designation," where all documents are classified as confidential. Counsel Wright proposed a two-tier designation: attorneys' eyes only and confidential; he does not doubt that opposing counsel would respect that designation. Counsel Wright further advised that he would like to have a time table to produce documents.

Counsel Peak addressed the Court and advised that on 8/26/18 the exact issues of this discussion had previously been discussed and Counsel Wright was supposed to produce a list of documents that he (Counsel Wright) would be subject to a protective order; later in the day Counsel Wright advised by email that this was not possible. Two months later, the same issues are still being discussed. The trial date is upcoming and documents are needed to prepare for trial; a protective order needs to be put in place that all parties can agree to.

Court questioned whether versions of a protective order have gone back and forth.

Counsel Peak answered no, just one large, thick document that was just a starting point.

Counsel Wright responded that the protective order that was provided is one that he has used previously.

Counsel Coulter further advised that he wants a privilege log to be provided.

Court advised that there is often an assumption with these protective orders issues; and that is we may not need to make a finding of whether something is or is not confidential, trade-secret or protected in some situations; not every document needs to be litigated.

COUNSEL DIRECTED: Defendants are to mark documents as "confidential," and provide documents; if plaintiffs object, initiate motion practice; the burden is always on the party that is seeking the confidentiality.

Counsel Wright addressed the Court to advise that he will advise his client to mark the documents "confidential" and produce the documents.

Counsel Wright questioned the Court regarding how many days are reasonable to assert an objection.

Counsel Peak requested the deadline be the Discovery cut-off date.

COURT DIRECTED that the deadline will be the Discovery cut-off date.

Counsel Moore addressed the Court and respective counsel to advise that there is a hearing in front of Department Seven tomorrow (11/6/18) with a Court Reporter and this agreement should be placed on the record in that setting.

COURT confirmed that this hearing is being recorded on JAVS.

Further argument ensued between respective counsel regarding the narrowing the scope of Discovery.

Counsel Coulter questioned the Court whether a recommendation could be given in the case without motion practice.

Court responded that typically he does not give a written recommendation unless the issue has been referred to him by a Judge but he is happy to hear issues prior to motion practice to advise counsel.

Counsel Wright responded and addressed the issue of the protective order, the production of documents and IT issues.

Counsel Coulter addressed the Court to begin reviewing the list of discovery issues and requested a modification to the NRCP 7.1 disclosure.

Counsel Wright argued this is a moot issue.

Counsel Coulter addressed the issue of the accident statements.

Counsel Wright responded.

Court questioned Counsel Wright regarding the existence of other accident statements from Mr. Ransom other than the one that was produced; perhaps identified in a privilege log.

Counsel Wright responded and wants to research the issue; there may be attorney/client privilege.

COURT DIRECTED: Counsel Coulter is entitled to know if that statement exists or if that conversation occurred even though that information may be protected.

Counsel Coulter addressed the issue of the crash scene photographs of the truck.

Counsel Wright responded that this is an attorney/client issue.

Further discussion ensued between Court and counsel regarding traffic violations; request was narrowed to violations regarding unsafe operation of the vehicle; in Reno metro area.

Counsel Wright responded there was a printout produced of every repair to truck designated by a code; he will produce the legend that explains the code.

HEARING:

3/14/19: Discovery Dispute Regarding Independent Medical Evaluation (Rule 35 exam).

APPEARANCES:

Curtis Coulter, Esq. was present in Court on behalf of Plaintiffs Vasquez-Montano and Jimenez, who were not present.

Brandon Wright, Esq. was present telephonically and Jack Angaran, Esq. was present in Court on behalf of Defendant Cemex Construction.

Chris Moore, Esq. was present in Court on half of Defendant Ransom, who was not present.

Court announced the matter and advised that he is aware of the dispute regarding the IME's and has received the related emails from the parties.

Counsel Moore addressed the Court to advise that this is a time sensitive matter due to the fact that the initial witness expert disclosure is coming up in a matter of weeks; the defense is requesting multiple IME's due to the complex medical complaint and specialists are required. Counsel Moore further advised he is hoping for a compromise on the issue so that there is no delay in the process; he is hoping to schedule the psychiatric exam of Giovanni Jimenez which should only take an afternoon and the neuro-psychologist exam for Ms. Vasquez-Montano which should take approximately 2 days.

Counsel Coulter addressed the Court and advised that initial expert witness disclosure date of 4/8/19; he further discussed the delay in getting the IME's scheduled. Counsel further advised the Court of Giovanni Jimenez's physical, mental state and explained that because of all of the school time missed due to medical treatment, Giovanni has transferred from Reno High School to a charter school in Truckee. Counsel Coulter is reluctant to schedule the evaluation during a day when school is in session because he does not want Giovanni missing any more school.

Court questioned Counsel Coulter regarding scheduling the IME during Spring Break.

Counsel Moore concurred.

Counsel Wright provided a date for Truckee High School's Spring Break as beginning 4/8/19.

Counsel Coulter advised that Giovanni is attending a charter school and will have to confirm the dates; but will agree to have the IME during Spring Break.

Counsel Coulter provided a copy of the communication received this morning from the neuro-psychologist Dr. Leany, who has examined Ms. Vasquez, for the Court's review. Counsel further advised that he had received a call from Dr. Martinez, a physician treating Ms. Vasquez, who reported on her current mental health. Counsel Coulter further advised the Court of upcoming medical appointments that have already been scheduled for Ms. Vasquez and how these may conflict scheduled IME dates.

Counsel Wright addressed the Court to advise that the examination schedule has been updated.

Counsel Coulter further advised the Court of the extreme anxiety Ms. Vazquez has with driving or being in a vehicle, that she would prefer to walk to appointments and requests that all exams be in Reno with the time limited to 3 hours; he further advised the Court of the extent to Ms. Vazquez's pain and fatigue. Counsel further requested that an observer be present during the neuro-psychological exam to monitor Ms. Vazquez's condition.

Court clarified with Counsel Coulter that he has no objection to 4 IME's as long as they occur in Reno, last no longer than 3 hours and that an observer be present at all of the examinations.

Counsel Coulter concurred.

Counsel Wright addressed the Court and questioned Counsel Coulter regarding Dr. Leany; Counsel Wright further expressed his concerns over limiting the IME of the neuropsychologist to 3 hours especially combined with the use of an interpreter.

Counsel Moore addressed the Court to discuss the credentials of the neuropsychologist, Dr. Baumann, proposed going forward with the IME and suggested that Dr. Baumann can assess the performance of Ms. Vazquez and may terminate the exam early.

Counsel Moore further advised that an observer may also be present.

Counsel Coulter objected that this doctor has no duty to Ms. Vazquez; he requires that an observer be present for Ms. Vazquez's protection.

Court questioned Counsel Moore regarding the proposed limitations in relation to the other three scheduled exams.

Counsel Moore replied that there are concerns regarding the Voc/Rehab exam because that exam is longer than 3 hours.

Further discussion ensued between respective counsel regarding the length of the Voc/Rehab exam.

Counsel Moore suggested that the Voc/Rehab exam be limited to 3 hours.

Counsel Coulter concurred as long as the dates don't interfere with previously scheduled medical appointments.

Counsel Moore advised rescheduling the exams of Dr. Hune and Dr. Frye when they find out calendar availability.

Court suggested that Dr. Baumann and Dr. Leany speak prior to the exam to discuss the limitations of Ms. Vazquez.

Counsel Coulter objected.

Counsel Moore argued in support to having the doctors confer prior to the exam.

Court and respective counsel further discussed the possibility of the two doctors conferring.

Counsel Coulter agreed to speak to Dr. Leany regarding the possibility of conferring with Dr. Baumann.

Counsel Moore addressed the Court to speak to the issue of the delays in scheduling the IME's because there is an issue with diagnosing and issue with Ms. Vazquez's pituitary gland.

Counsel Coulter responded.

Counsel Wright provided a date of 4/26/19 at 10:00 a.m. for the voc/rehab exam and further addressed the issue of a wage lost claim and loss of wage capacity claim.

Counsel Coulter responded there will be no lost wages claim but Ms. Vasquez is still being evaluated regarding the loss of wage capacity claim.

Counsel Moore summarized a proposed schedule for the upcoming IME exams.

Counsel Coulter concurred, with the understanding that limitations be imposed.

COURT advised that he would like to hear the opinions of the two experts, Dr. Baumann and Dr. Leany; if a compromise is not reached the matter can be taken up by the Court.

COURT FURTHER ADVISED: No written recommendation will be issued at this time.

Counsel Smith, on behalf of the Plaintiffs, addressed and inquired of the Court if argument should be presented now as to Motion in Limine.

The Court confirmed a *Hallmark* hearing, to include testimony from expert Smith, would be needed before argument as to the Motion in Limine.

Counsel Smith provided the Court with a copy of case *Vernon Banks vs. The Eighth Judicial District Court* for review, and argued in support of hedonic damages, with the Court again confirming a *Hallmark* Hearing is needed prior to argument as to the Motion in Limine.

Counsel Angaran, on behalf of Defendant Cemex, addressed the Court and responded as to a *Hallmark* hearing.

Counsel Smith replied the expert's deposition hasn't been taken yet, and he suggested conducting the deposition, and then the Hallmark hearing. Further, counsel advised expert Smith resides in Chicago, and it would be more cost effective if he, the expert, testified by telephone.

Counsel Angaran responded while he won't be requesting to depose the expert, he would have no objection to a *Hallmark* hearing.

Counsel Moore, on behalf of Defendant Ransom, addressed the Court and replied he will cooperate with the *Hallmark* hearing, and has no objection to the expert testifying by telephone.

COURT ORDERED: The Court has no issue with expert Smith testifying remotely, and counsel are ordered to set a *Hallmark* hearing.
