DECLARATION OF EMERGENCY

FOR PENDING

13 Respondant.

'WRIT OF MANDAMUS'

15 I am approaching the Higher Court now in continued 'In
16 Proper Person' stance. I continue to ask forgiveness for my
17 shortcomings in this Courts' Rules of Filing' and lack of the
18 standard etiquette. Though I try to adhere to the 'norms' of
19 all courts - I am at an extreme disadvantage and brings
20 this 'Declaration of Emergency' to be attached to the 'Writ
21 Of Mandamus' (#84693) now in your Higher Court.

22 With the dismissal (filed June 9, 2022) of my appeal out
23 of your Court, #84783, with regards to The First Judicial
24 District Court, I have to inquire now as to the status of my
25 filed (5-10-2022) writ, and declare it an emergency. I am
26 blocked from actions within the court system to pursue any
27 meaningful remedy against the entities named in the 'Writ Of
28 Mandamus' who continue to facilitate my restrictions in

CLERK OF SUPREME COURT
DEPUTY CLERK

1 favor of each other as an overall operational procedure. I can
2 not secure evidence of wrong doing by Carson City Sheriff's
3 Office' jail due to denials of First Judicial District Court.

4 I am alone, without representation or access to adequate
5 legal materials, supplies, or research without the execution
6 of my prepared Writ of Mandamus'. I am currently expected
7 to respond to the United States District Court with an amended
8 complaint (#3:22-cv-00159-MMD-CSD, Mitchell v. Carson City
9 Sheriff's Office, et al.) and I have "no recognition" to be able
10 to have access to even a minimum of what is required to
11 facilitate that filing, because "C.C.S.O." and the "F.J.D.C."
12 won't recognize my proper/pro se status. I am being forced
13 to fail on deadlines (no secure legal mail, mail log, etc.), procedures (filings to
14 exceed available postage limits, no large "file" envelopes or postage for same, no
15 "confidential-legal mail", ability to redact exhibits of support ("attorney-client"
16 communications), and content and research expectations (incoming "legal-
17 mail" for 'proper/pro se' is considered fraudulently marked", but if
18 not marked as such will be "returned to sender" (per facility rules)
19 if NO RECOGNITION OF 'proper/prose') and I'm at risk of not
20 receiving needed research or even being "subjected to disciplinary
21 actions" for trying to submit an adequate document to the Court
22 for filing. A filing that is in defense of my personal civil rights
23 guaranteed by the United States Constitution.

24 Further, the "F.J.D.C." will not provide me copies (filed-stamped)
25 of any of my filings citing "In Forma Pauperis" does not apply to
26 "50¢ per page" - yet I am absolutely restricted from "paying any
27 fees for legal" by "C.C.S.O." which impacts my ability to
28 secure my own filed court documents to have the capacity

1 to prepare adequate documents to file (requiring exhibits of
2 support), in preparation of, and defense of, my 42 USC 1983
3 civil rights amended complaint.

4 The capacity I require to show "actual impact and injury"
5 is denied by "C.C.S.O." restrictions and my access to the "F.J.D.C."
6 for remedy and redress is denied because of the restrictions in
7 place by "C.C.S.O.". The obvious picture can not be denied
8 here; two 'arms' of the same entity of jurisdiction block my
9 access to asserting my rights in complaint against that
10 same and only jurisdiction. That jurisdiction is Carson City.

11 The violations have been continual, successive, and graduated.
12 Beginning with denial of postage (9/2/2021) citing pro per legal
13 actions (in Second Judicial District Court - criminal proceedings), then
14 denial of grievances (repeatedly) in retaliation because of, or at
15 least related to, my seeking needed "recognition" to conform to
16 posted rules as well as the denial of adequate resources (and the
17 capability) from the custody entity. Now a tandem effort
18 between "F.J.D.C." (5/13/22) and "C.C.S.O." (4/5/22) to keep me
19 from proving (and securing evidence of) illegal wrongdoing by various
20 individuals acting against me in the course of duties for
21 "C.C.S.O." has "F.J.D.C." appearing to be complicit or biased.

22 Multiple layers of actual "legal mail" (both confidential
23 and protected) manipulations and interference of court filings
24 have now become evident (3/16/22, 4/1/22, 5/20/22), and I
25 suffer the results because I cannot secure the evidence
26 independently or proceed with unrestricted actions without
27 the order sought in the 'Writ Of Mandamus' in front
28 of your Higher Court at this time. This is an emergency

1 situation. I plea the Supreme Court to act on my
2 behalf. There is no remedy without intervention.

3 I swear that all of this is true and all facts
4 are verifiable via Cobra Resident Kiosk data, and by
5 email to Chuck Odgers at Nevada State Public Defenders
6 Office (for copies and photos of "legal mail" manipulations
7 contained in my file there), under penalty of perjury
8 according to the laws of State Of Nevada.

9 I affirm that this document contains no persons
10 personal information as defined by NRS 603A.040.

COVER LETTER

To: Clerk of The Court,

June 20, 2022

- I have tried to adhere to the rules of the court by following lower courts rules - as I do not have access to yours.
- There is no 'proof of service' for this filing, it is intended to attach to my 'proper' Writ of Mandamus' (Supreme Court No. 84693)
- I am trying to secure 'filed-stamped' copies of my filings without funds to pay, or ability to, is there a waiver or debt applicable/payment allowance to apply for to get those from your office? I'm seeking to obtain them for support of additional filings in other courts. Any info or help would be appreciated.

Thankyou for your attention to this matter and any response to come at your convenience.

Respectfully Yours,
Phil W. [Signature]
